Chapter 2601: Changsun Xingyu

"I, Resplendent Sun's number two, He Yunxiang, am willing to submit to Your Excellency!"

He Yunxiang arrived in front of Ye Yuan and gave a deep bow, uttering words that shocked everyone.

Di Xing was immediately stupefied on the spot!

He thought that He Yunxiang went to find Ye Yuan to fight it out. But who knew that he actually yielded right away!

Big Brother, have some backbone, alright?

You're number two at any rate!

Sure enough, with his sentence, the entire city exploded.

"Is there a mistake? He Yunxiang actually ... directly submitted?"

"Shouldn't need to go so far, right? Although that boy won, he won with great difficulty! It's impossible for He Yunxiang to not even be able to beat the few of them."

"He Yunxiang admitted defeat. Doesn't that mean that that boy is going to directly face off against Changsun Xingyu?"

... ..

They did not dare to believe it. He Yunxiang actually did not have any backbone at all, directly conceding defeat before even fighting.

In their view, Ye Yuan was so arrogant, Di Xing and He Yunxiang should not have let him go.

In fact, the two people joining hands was also not impossible.

Expectedly, he actually yielded.

Ye Yuan looked at He Yunxiang and said coolly, "Your strength isn't weak. Don't you want to have a match?"

He Yunxiang said, "This He's strength isn't weak, but I know that Your Excellency didn't use your full strength!"

Ye Yuan smiled and said, "Who's number one?"

He Yunxiang was taken aback and said, "Changsun Xingyu!"

Ye Yuan nodded his head and said, "Three days later, if Changsun Xingyu doesn't show up, you go and tear down the City Lord Manor!"

He Yunxiang's expression changed, a hint of surprise flashing across in his heart.

He did not expect that Ye Yuan saw through his plan with one glance!

Indeed, he dreaded Ye Yuan a lot.

But he directly submitted because he still had other plans.

He planned on making use of Ye Yuan to go and deal with Changsun Xingyu.

If Ye Yuan won, there would naturally be nothing wrong with his surrender.

If he lost, it would not have been much of a loss to him.

But Ye Yuan had clearly seen through his thoughts.

Ye Yuan made him go and tear down the City Lord Manor. It was to make him go and be the vanguard.

Once he really made a move, that would be tantamount to losing all decorum.

He Yunxiang completely did not expect that this sect disciple who looked very inexperienced would actually be so experienced and cunning.

“This ... I obey your order!” He Yunxiang hesitated for a bit but still agreed.

He kept having a feeling, when he faced Ye Yuan, it was like facing Changsun Xingyu back then.

In fact, it was even more terrifying than Changsun Xingyu!

This was the instinct of an expert.

It did not make sense, but it was very accurate!

Just like how Ye Yuan knew that his strength was uncommon without exchanging blows with him, it was the same logic.

Therefore, after hesitating for a moment, He Yunxiang still chose to submit to Ye Yuan.

But when his actions and conduct landed in Di Xing’s eyes, it shook his heart greatly.

He was just surprised for a moment just now, and then he understood He Yunxiang’s goal.

But who knew that after Ye Yuan compelled, He Yunxiang still chose to submit!

This was too surprising!

Could it be that this guy was really so formidable?

After repeated hesitation, Di Xing also came before Ye Yuan and said with clasped hands, “Resplendent Sun City’s number three, Di Xing, is willing to submit to Your Excellency!”

Ye Yuan gave him a glance and said coolly, “*Mn,* since you chose to submit too, you should go together with He Yunxiang then.”

The corners of Di Xing’s mouth twitched slightly, but he still answered, “Yes!”

With these three people taking the lead, how could the others in the top 100 dare to not submit?

Those people came out one after another, expressing their surrender to Ye Yuan.

Everyone fell into shock.

This sect disciple came to Resplendent Sun City for less than half a day and completely brought 99 out of the top 100 people into submission.

This kind of strength truly took people's breath away in astonishment!

One had to know, the powerhouses of the Land of Exile were not born so powerful.

They only gradually became stronger in the midst of countless life and death battles.

But the moment Ye Yuan entered, he was already strong to such an extent?

Then how great was his potential?

Three days passed in a flash.

Ye Yuan waited for three days, but Changsun Xingyu did not arrive.

Then, he could only go and find himself.

Words that were said and water that was spilled naturally could not be taken back.

"Changsun Xingyu has already not made a move for ten years! Ten years ago, ten of me added together wouldn't even be his match! As for how strong he is now, nobody knows! Your Excellency, do you really want to challenge him?" He Yunxiang said with a solemn expression.

Ye Yuan said coolly, "It's not to challenge him. It's that those who don't submit, kill!"

He came to conquer the first level of the Land of Exile!

The people who were exiled here all had ways of seeking death.

Ye Yuan already gave the chance. Since Changsun Xingyu did not know how to cherish, then he would not be courteous.

While the expressions of He Yunxiang and the rest turned somber and did not dare to say anything.

City Lord Manor was not luxurious. In reality, in this space where the weak were prey to the strong, people would not pursue luxury.

What they pursued was ultimate power.

Because these people all understood that luxury would only make them go downhill.

Even this Resplendent Sun City's number one person could not slack off in the slightest too.

Otherwise, they would be replaced by others very soon.

"He Yunxiang, Di Xing!" Ye Yuan said coolly.

These two people were full of unwillingness. But at this time, it was already not up to them anymore.

If they did not make a move, it would be fighting.

But the consequences of battle would have to be borne by themselves.

The two exchanged a glance and made a move at the same time!

The two people each unleashed a palm, the commotion was extremely shocking.

Even a hint of appreciation flashed across in Ye Yuan's eyes too.

But right at this time, a palm wind fluttered out of the City Lord Manor, directly clashing with He Yunxiang two people.

Boom!

The two people spurted a mouthful of fresh blood wildly, figures flying out backward.

A young man in a blue shirt stood with his hands behind his back and walked out of the City Lord Manor.

A hint of astonishment was revealed in He Yunxiang two people's eyes.

"Changsun Xingyu! This guy became significantly stronger again than ten years ago!" Di Xing said.

He Yunxiang clutched his chest and said in a solemn voice, "The ten great city lords will have a Dao debate every year! Only they themselves know who won and who lost! Looks like Changsun Xingyu improved significantly in these ten years!"

The ten great city lords were this Land of Exile's first level's overlords.

They already had no opponents.

Sparring with the people below was just a waste of time.

Hence, among these ten great city lords, they would host a Dao debate every year.

But this Dao debate would never be made public.

How terrifying these ten people's strength was, only they themselves knew.

Looking at it now, this Changsun Xingyu's strength was more than a magnitude stronger again than ten years ago.

Repelling two powerhouses with a palm!

This strength, probably even 30 He Yunxiangs would not be a match anymore as well.

Changsun Xingyu strolled out and said coolly, "Boy, your talent is pretty good! I gave you the chance. Heaven has a path, but you refuse to walk; hell has no gate, yet you want to barge inside! Since you're courting death, then I can't be blamed."

There was a confidence that considered everything and everyone beneath his notice on Changsun Xingyu's face.

As the city lord, with such a major thing happening in the city, it was naturally impossible for him to not know.

But him not coming already showed an attitude.

He was disdainful to take action against Ye Yuan.

Or should he say, Ye Yuan was not worthy of making him take action!

But Ye Yuan launching an attack on the City Lord Manor was another matter altogether.

Ye Yuan looked at Changsun Xingyu and said coolly, "Is that so? These words were precisely what I was going to say to you."

Unrivaled Medicine God

Chapter 2602: Can't Continue Posturing Anymore!

With two great supreme powerhouses confronting each other, it made everyone's breathing become ragged.

One was a veteran overlord, a saber god of his generation who had once dragged He Yunxiang down the horse.

The other was a new king who challenged the entire Resplendent Sun City with one sword!

To which direction these two people's fight would develop, it stirred up everyone's nerves.

"Back then, He Yunxiang and Changsun Xingyu fought fiercely for 300 rounds before they barely managed to determine the victor! Now, Changsun Xingyu defeated him with a light palm, the two are already not on the same level anymore!"

"Ten years of Dao debate, Changsun Xingyu has already been reborn anew!"

"No matter how formidable this boy is, it's also impossible to be Changsun Xingyu's match anymore!"

... ..

The striking impressiveness of this palm immediately let everyone realize Changsun Xingyu's terror.

Although Ye Yuan was powerful, it was impossible to reach Changsun Xingyu's height.

After all, that battle previously where Ye Yuan fought one-versus-six, he barely managed to win too.

Changsun Xingyu looked at Ye Yuan and said with a faint smile, "Brat, don't blame me for not giving you a chance. I'll only unleash one saber cut. If you can block it and not die, I, Changsun Xingyu, will leave you with an intact corpse!"

The words were full of contempt.

In his view, it was impossible for Ye Yuan to block his saber cut.

Even if he blocked it, he would be seriously injured on the verge of death too.

Then he would grant him death!

Everyone's expressions turned fearful, feeling Changsun Xingyu's killing intent.

Ye Yuan smiled slightly and said indifferently, "This saber cut of yours, I'll receive it! If it can harm me, I'll leave you with an intact corpse!"

“Hiss ...”

Domineering!

There were already glints and flashes of cold steel in these two people’s speeches.

Changsun Xingyu gave a cold laugh and said, “Sect disciples like you really don’t know the immensity of heaven and earth! Forget it. Since you’re wholeheartedly seeking death, I’ll send you off then!”

His voice had yet to fade and Changsun Xingyu moved!

Only to see him take a step out, the saber intent on his body billowed straight to the sky!

Amidst this sharp and fierce saber intent actually even had other power of rules mixed inside.

The rule of life!

The rule of death!

These two great rules fused perfectly together with Changsun Xingyu’s saber intent, forming into one entity!

Everyone’s countenance changed visibly.

Under the coercion of this saber intent, they actually fell back without prior agreement.

They could not withstand this saber intent!

Even He Yunxiang and Di Xing could not withstand it either!

He Yunxiang’s face was first shocked, following that was a bitter smile.

“I didn’t expect that in ten years, his life and death saber intent has actually already been perfected to this point! It’s already akin to heaven and earth between me and him! Looks like I gambled wrongly this time!” He Yunxiang said with a bitter smile.

Di Xing said in shock, “Didn’t expect that Changsun Xingyu’s talent was so strong! Looks like even if that boy has hidden means, it’s also impossible to be his match anymore. Let alone that Changsun Xingyu is a minor realm higher than him!”

He Yunxiang had a firm look as he said, “If he doesn’t make a move within three steps, he won’t have the chance to make a move any longer! With this saber cut, he’ll definitely die!”

Di Xing nodded slightly, expressing his approval.

Because Changsun Xingyu was accumulating momentum!

Once the saber momentum was formed, it would be a heaven exterminating power!

Ye Yuan absolutely could not stop it!

While talking, Changsun Xingyu took another step. The saber intent rose again!

This rise directly doubled!

Under this saber intent's oppression, everyone retreated again and again!

Everyone's faces became incomparably solemn.

Only Ye Yuan remained unmoving!

He did not seem to feel this saber intent and did not have the intention of using his sword. He just looked at Changsun Xingyu quietly like this.

He Yunxiang shook his head and said, "This boy is still lacking in knowledge and experience in the end! Not making a move at this time, he won't have the chance to make a move any longer!"

Di Xing said, "Fool, what is this guy thinking in his head? Not making a move at this time, is he going to wait until his saber momentum is achieved, then take action?"

Changsun Xingyu looked at Ye Yuan and said with a faint smile, "Boy, your composure is pretty good! But if I take this final step, you won't have the chance to live anymore! Are you sure that you want to wait?"

He was extremely confident in his saber momentum. Although he did not plan on using his full strength, the saber momentum of three steps was sufficient to kill Ye Yuan!

When Ye Yuan heard that, he just smiled faintly and said, "If I don't let you posture to your heart's content, you won't feel satisfied too! Bring it on!"

Changsun Xingyu's face turned black and killing intent immediately arose!

This boy was not looking for abuse in an ordinary way!

Even He Yunxiang they all were also stunned.

Witnessing Changsun Xingyu's heaven-defying combat power, this guy could still be so cheeky?

Could it be that he really had some reliance?

But, thinking about it, He Yunxiang still denied this notion.

Changsun Xingyu's success was not just the countless times of life and death fights, his talent itself was also extremely monstrous, that was how he had today's achievements.

And Ye Yuan should be the talented type of powerhouse.

Compared to fighting, Changsun Xingyu shook him off by more than ten streets!

Therefore, even if the two were similarly talented, it was absolutely impossible for Ye Yuan to be Changsun Xingyu's match too!

Just as everyone was shocked at Ye Yuan's ignorance, Changsun Xingyu took the third step!

This third step, it doubled the momentum again on the foundation of the second step!

The saber intent at this time had already condensed until it was corporeal, fearsome until it made people's heads tingle.

Changsun Xingyu gave a cold snort and said, "Brat, today, I'll use my saber to tell you that the price of wild arrogance is death!"

Finished saying, Changsun Xingyu took out a saber from god knows where, and a saber cut left!

This saber cut was silent!

Everything seemed to be at a standstill!

Everyone only felt a life and death samsara intent, lingering in their hearts.

Although this saber intent was not directed at him, they were all greatly affected.

As if they had died and lived again, lived and died again.

That horror of pacing back and forth between life and death almost made them asphyxiate.

And the Ye Yuan who was in the center of the storm, the pressure that he was enduring could be imagined.

However, in the instant that Changsun Xingyu unleashed his saber, there was finally a change on Ye Yuan's body.

"Universe ... Sword Formation!"

Three power of rules instantly hovered beside Ye Yuan.

Rays of sword light became illusory.

It turned into a domain around Ye Yuan!

Not sword intent, but a sword formation that condensed and formed after three kinds of power of rules fused.

Changsun Xingyu was currently being pleased with himself. When he saw this change, his expression could not help changing wildly.

But at this time, it was already too late to pull back the saber momentum.

He was not prepared to pull back the saber too!

Boom!

The life and death saber intent erupted with tremendous energy when it faced off against the Universe Sword Formation, directly sending everyone flying out.

Many people were even crushed into meat paste by the sword intent and saber intent that scattered flying everywhere.

This strike was utterly fearsome!

Ye Yuan and Changsun Xingyu each fell back several dozen steps before barely managing to stabilize their figures.

The two people were evenly-matched!

Changsun Xingyu looked at Ye Yuan with a shocked face as he exclaimed in surprise, “Sword Dao rule! Spatial rule! Formation Dao rule! Boy, you concealed so deeply!”

Ye Yuan just smiled and said, “It’s not that I concealed deeply, but that no one could force my full strength out. You’re not bad. You did it. But you can’t continue posturing anymore. What a shame. You failed to harm me. Therefore, I don’t plan on leaving you with an intact corpse anymore either!”

Changsun Xingyu’s expression turned dark, his eyes full of coldness.

Shock was written all over the faces of He Yunxiang and the others!

No one expected that the strength that Ye Yuan concealed was actually this strong!

[Unrivaled Medicine God](#)

Chapter 2603: Limit State!

“How is this possible? He ... He comprehended three rules too!”

“Three kinds of rules! Among them even included spatial rule, this kind of heaven-defying rule!”

“Sword, space, formation, three great rules fusing into one; it’s only stronger and not weaker when compared to Changsun Xingyu’s three rules!”

... ..

Resplendent Sun City’s powerhouses fell into deep shock at this time.

Ye Yuan’s trump card was really formidable until it gave people chills.

Changsun Xingyu fusing life and death rules into his saber intent was already one-in-a-million.

Who would have expected that Ye Yuan was even more freakish, to actually fuse spatial rule and Formation Dao rule into Sword Dao!

This kind of talent was simply defying the heavens!

They finally understood why Ye Yuan was so calm. He really had the capital to be composed.

“This ... How is this possible? Spatial rule, just comprehending it is already extremely difficult, he can actually ... fuse it into Sword Dao?”

He Yunxiang’s face was full of shock, almost not daring to believe everything that he saw in front of him.

He expected that Ye Yuan had hidden strength. But, in his view, even if he hid his strength, it was impossible to be Changsun Xingyu’s match too.

After all, being able to cultivate life and death rules to Changsun Xingyu’s level of boundary was too rare.

But who knew that Ye Yuan was even more heaven-defying than Changsun Xingyu!

Only at this time did he know that he already overestimated Ye Yuan as much as possible before, but it was still not enough!

He Yunxiang could not help secretly somewhat rejoicing in his heart.

If he really provoked Ye Yuan back then, then the one who was dead would be him.

Beside him, Di Xing had a blank look too as he murmured, "Old He, I owe you a big favor this time! Otherwise, I fear that I'd already become a corpse!"

Changsun Xingyu could not help feeling a fiery burn on his face.

He boasted too much earlier. Now, he really could not quite get off the stage.

What I'll only unleash one saber cut!

What I'll leave you with an intact corpse!

Looking at it now, it was really a joke!

Changsun Xingyu was not a fool, he guessed that Ye Yuan had some reliance too.

But he completely did not think that Ye Yuan's trump card was actually so heaven-defying!

Turning angry from embarrassment, his fury already billowed straight to the sky.

"Heh, very good! I didn't expect that there's actually still someone who dares to make fun of me, Changsun Xingyu! Do you think that by fusing three kinds of power of rules, you can be invincible under the heavens? Then I'll tell you today, where the might of the Land of Exile lies!"

Boom!

Under his fury, Changsun Xingyu's saber intent climbed to a new level!

Previously, he had the intention of humiliating Ye Yuan. So it looked scary, but actually, he did not use his full strength.

Now, he exerted at least 80% of his strength in one go!

This saber slashing over, it was domineering!

Ye Yuan's gaze turned intent, the Universe Sword Formation directly greeted it!

Looking down on the opponent tactically, showing regard to your opponent strategically.

Ye Yuan was still very cautious about Changsun Xingyu.

This guy was one of the few guys who could arouse his fighting intent.

In the same realm, there were not many people who could fuse three great power of rules the same as him!

Furthermore, in the outside world, even if the opponent fused three kinds of power of rules, they were most likely not his match too.

But this place was the Land of Exile!

Each of the powerhouses here was veterans of a hundred battles!

Their fighting instinct was powerful to the extreme!

Let alone that Changsun Xingyu's cultivation realm was even higher than his.

Such an opponent was precisely what Ye Yuan longed for!

Boom!

Boom!

Boom!

The two people came and went, each blow was astonishing.

With lessons learned from the past, the powerhouses of Resplendent Sun City long already avoided far away, fearful of being affected.

Changsun Xingyu was indeed worthy of being Resplendent Sun City's number one person, each of his moves was stronger than the last!

Life and death saber intent, life with one thought, death with one thought!

Life and death were governed by him.

Furthermore, his saber technique was not like those greenhouse flower saber techniques, it could be said that each saber cut was deadly!

Changsun Xingyu's saber technique was not the slightest bit sloppy, each saber cut was brilliant to the max!

His saber only had one objective, which was to kill!

The first few saber cuts, Ye Yuan could still barely manage to hold out.

But the more towards the back, the pressure that Ye Yuan withstood grew greater and greater. The entire sword formation even showed signs of being hacked apart.

After ten saber cuts, Ye Yuan already sustained considerable injuries!

His Universe Sword Formation was challenged by a powerhouse of the same rank for the first time!

"Brat, why did you become a mute? Weren't you very arrogant just now? Not leaving me an intact corpse, with just the likes of you?" Changsun Xingyu laughed wildly as he said.

He was genuinely enraged by Ye Yuan's words.

At this time, he only wanted to doom Ye Yuan to death.

Although Ye Yuan's Universe Sword Formation had no weakness to exploit, under this kind of powerful attack, Ye Yuan's innards were injured!

He had a stifled breath blocked at his throat area and was naturally unable to talk.

Actually, when Ye Yuan fused fast and slow Sword Dao, the Universe Sword Formation's power already increased greatly.

As far as power of rule was concerned, he was only stronger and not weaker than Changsun Xingyu.

But this kind of might was still inadequate to make up for the gap in cultivation realm!

Under this kind of limit state, even a tiny difference in cultivation realm was fatal.

Seeing this scene, He Yunxiang could not help shaking his head and sighing as he said, "What a shame! If Ye Yuan could reach grand completion Lesser Sublime Heavenly Stratum, Changsun Xingyu would definitely be defeated! This gap of a minor cultivation realm is fatal!"

Di Xing said, "This boy was too hasty! Who among the Land of Exile's top powerhouses aren't grand completion Lesser Sublime Heavenly Stratum? This guy came to challenge with the gap of a minor cultivation realm; it's really courting death!"

He Yunxiang smiled bitterly and said, "This boy's talent is really strong! It's just a pity that he's too young and aggressive! He still understands too little about the Land of Exile's cruelty!"

The other people's thoughts were pretty much the same as He Yunxiang's.

They were all lamenting that Ye Yuan should not have been so cocky to show off.

The talent made them jump in fright.

But the final outcome could not be changed.

In this place, defeat was death!

Ye Yuan did not care about other people's views, this was precisely the state that he wanted!

At this time, he was already not holding back at all!

All of his strength had already been brought out, without any trump cards left.

He was already backed into a corner.

Of course, he had poison in his hands and could easily kill Changsun Xingyu.

But Changsun Xingyu's attacks grew greater than the previous wave. Ye Yuan did not have the chance to use poison at all.

This kind of battle with extremely close strength, even if there was the slightest diverting of attention, it would be fatal.

Therefore, he could only break through!

Under this kind of limit state, not breaking through would be death!

The current Changsun Xingyu was just like the Ye Yuan inside the Death Cultivation Space back then.

It was just that that mirror image was dead.

But Changsun Xingyu was alive!

No matter how transcendent the mirror image mimicked, it was also impossible to fully replicate a person's consciousness.

In terms of changes, he was not as good as Ye Yuan in the end.

Therefore, Ye Yuan won every time.

However, Changsun Xingyu would not give Ye Yuan any chance.

The situation at present was even more perilous than at that time!

But Ye Yuan gladly endured the hardship!

He had always been a mad man. Refining pills was like so, cultivating the martial path was the same.

Under Changsun Xingyu's frenzied suppression, every cell in Ye Yuan's body was activated.

His entire being entered a mysterious realm!

Unrivaled Medicine God

Chapter 2604: Great Dao Transformation!

"Between Life and Death!"

Boom!

A domineering saber fell down, Ye Yuan was slammed heavily onto the ground.

Although his saber could not breach Ye Yuan's defense, it already shocked Ye Yuan until he was seriously injured.

At this rate, Ye Yuan's defeat was only a matter of time.

Changsun Xingyu's aura was somewhat chaotic. Wanting to break Ye Yuan's tortoiseshell, he had to go all out too.

But, seeing Ye Yuan getting abused, his dignity was finally recovered.

Felt awesome!

"Brat, weren't you very arrogant? Didn't you want to leave me with an intact corpse? Just based on your wretched appearance currently, you want to defeat me?" Changsun Xingyu looked at Ye Yuan and said full of delight.

He raised his saber again, killing intent piercing cold as he said, "This saber cut is my strongest saber cut! It's called Illusory Clutch, and I'll use it to send you on your way!"

Carrying the pinnacle saber intent, Changsun Xingyu rushed over again.

When this saber attacked, everyone's countenance changed.

This was not an ordinary saber cut, this was a saber cut when Changsun Xingyu's saber momentum had accumulated to the peak.

This saber cut was the great achievement of his rule comprehension!

The several dozen cuts previously were all just accumulations.

This saber cut was the fatal blow!

Everyone realized that Ye Yuan's 'tortoise shell' was about to be broken!

He Yunxiang shook his head slightly and said, "The difference of a margin, separated by life and death! This saber cut, it should end the battle!"

Everyone nodded one after another, expressing approval.

No one thought that Ye Yuan could still survive under this saber cut.

This one saber cut, it would definitely split a person into two!

A hint of cruelty hung at the corner of Changsun Xingyu's mouth, arriving in front of Ye Yuan in an instant.

But right at this time, Ye Yuan's Universe Sword Formation suddenly withdrew, disappearing.

Changsun Xingyu was stunned. *?This guy gave up?*

However, he did not hesitate!

When he unleashed his saber, he would not hesitate!

No one realized that a young sprout was currently breaking out of the soil in front of Ye Yuan.

The bud grew very quickly, growing two tender green tree leaves that were very lifelike.

Seemingly sensing Changsun Xingyu's piercing cold saber intent, one of the green leaves on the sapling actually turned into a sharp sword and stabbed toward Changsun Xingyu!

Boom!

Changsun Xingyu was caught off-guard, only to feel a sword intent that could pierce through the firmament shattered his saber intent and penetrate his body!

"Pffft!"

Changsun Xingyu spurted a mouthful of fresh blood wildly, his figure shooting out backward.

This sudden turn of events left everyone stunned.

Changsun Xingyu's certain-kill saber cut was actually broken just like that?

"This ... What's going on here? That tiny sprout actually defeated Changsun Xingyu's strongest attack?"

"This guy is too monstrous! At this point, he actually still has a hidden trump card?"

"Are you freaking dumb? That boy clearly comprehended it in the middle of the fight! Really monstrous!"

... ..

Just a second ago, no one felt that Ye Yuan could survive under Changsun Xingyu's saber.

But in a blink, Changsun Xingyu was actually defeated!

They could tell that just based on the power of that strike, Changsun Xingyu already no longer had the power to fight!

The few dozen saber cuts that he hacked Ye Yuan with before were not as strong when compared to this sword of Ye Yuan's.

It was just that they were very surprised. This sword intent transformed into a tiny sprout. So why would it have such formidable power?

Changsun Xingyu landed on the ground with a loud bang, the frenzied sword intent wreaked havoc within his body.

It was just that he could not care about the injuries on his body. Seeing that young sprout in front of Ye Yuan, he was inexplicably shocked!

"Great Dao Transformation! You ... You actually comprehended Great Dao Transformation!" Changsun Xingyu roared wildly[1].

"Yeah. If not for your pressure, my rule fusion would not have been able to achieve the realm of grand completion yet; naturally let alone talk about breaking the cocoon to become a butterfly, Great Dao taking form!" Ye Yuan wiped the bloodstains at the corners of his mouth and said with a faint smile.

Sure enough, under the heavy pressure, he finally still broke through.

Being in the state of life and death, it was easier for people to comprehend certain Great Dao maxims.

Ye Yuan was like that, the powerhouses of this Land of Exile were similarly like so.

It was just that each person's talent was different; their speed of comprehension and limit were naturally different too.

Changsun Xingyu's talent was strong. He could perfectly fuse Life and Death Great Dao into his saber intent.

But Ye Yuan's talent was even stronger than Changsun Xingyu's!

After his three power of rules was perfected, reaching the realm of harmony and resonance, it broke the cocoon and became a butterfly in the end, comprehending Great Dao Transformation!

"What the hell is Great Dao Transformation?" Everyone was puzzled.

He Yunxiang also had an extremely shocked expression on his face as he said, "Great Dao Transformation is the high-level form of the power of rules! Perfectly fusing the Heavenly Dao that you comprehended into the power of rules, exhibiting Great Dao in some form. This is Great Dao Transformation! You can understand it as the power of rules borrowing the power of Heavenly Dao to release! The power is boundless!"

When everyone heard that, they were incredibly shocked.

The high-level form of the power of rules!

Hearing these few words, they gave a sophisticated and top-grade impression when one heard them!

And they saw the power too.

A young sprout that was seemingly too weak to stand up to a breeze defeated Changsun Xingyu, this supreme powerhouse!

He Yunxiang sucked in a deep breath and said, "Great Dao Transformation, the form varies! Some transform into true spirits, some transform into plants, some transform into celestial phenomena, so on and so forth! Their power is also different! But, even the lousiest Great Dao Transformation, would crush same rank powerhouses too! If not for Changsun Xingyu being too strong and also a minor realm higher than Ye Yuan, he would likely have already been torn limb from limb with that attack just now!"

Everyone sucked in a cold breath when they heard it.

No one could have thought that this tiny little sprout was actually so terrifying!

Finally, He Yunxiang's eyes shot out rays of brilliance as he said, "However, I feel that Ye Yuan's Great Dao Transformation is very strong!"

Even Great Dao Transformation had distinctions of superiority and inferiority too.

Some people transformed into a fierce tiger, seemingly fierce. But their growth ability was actually limited.

While some people transformed into a true dragon, their growth potential was naturally more than a level stronger.

But Ye Yuan only transformed a tiny stalk of a young sapling, looking too weak to stand up to a breeze, but it was unbelievably strong.

One had to know, Changsun Xingyu was not an ordinary opponent!

His comprehension of the power of rules was only a step away from Great Dao Transformation too!

Cultivation realm plus the power of rule, Changsun Xingyu had practically already reached the limit of Lesser Sublime Heavenly Stratum.

But Ye Yuan was a minor realm lower than him.

Even if he comprehended Great Dao Transformation, it would be easy to defeat him.

But killing him would not be easy.

However, He Yunxiang saw it clearly.

This blow of Ye Yuan just now did not use his full strength at all!

He only utilized one green leaf and completely defeated Changsun Xingyu!

Then, if he unleashed two green leaves?

Right at this time, Ye Yuan opened his mouth and said, "In order to thank you for helping me to comprehend Great Dao Transformation, as well as to fulfill my promise previously, I'll let you experience

the strongest strike of the first form of the All-Encompassing Sacred Tree of the Universe's first form before you die!"

The moment these words came out, everyone's expressions turned somber.

Changsun Xingyu's eyes revealed an even more desperate expression. He urged his movement technique, turning into an arrow that left the bowstring, attempting to escape.

And right at this time, Ye Yuan urged the young sprout. Two green leaves shot out in unison!

Puchi!

Changsun Xingyu was directly cut into three pieces!

[1] Strictly speaking, a more literal translation will be Great Dao Taking Form. But it doesn't flow as smoothly as Great Dao Transformation.

Unrivaled Medicine God

Chapter 2605: Three Years

The invincible Changsun Xingyu was killed just like this.

It was unexpected but also reasonable.

When Ye Yuan comprehended Great Dao Transformation, Changsun Xingyu's demise had already become inevitable.

In the Land of Exile, a king being replaced by another king, this was the norm.

It was just that Changsun Xingyu's talent was outstanding. That was how he suppressed the others for many years.

Originally, with Changsun Xingyu's talent and strength, there should have been no one who could replace him unless he ascended to the next level.

But Ye Yuan this freak appeared.

Gaining enlightenment on Dao at the last moment, he slayed Xingyu with his sword!

He Yunxiang and Di Xing led everyone and said respectfully, "He Yunxiang leads everyone to pay respect to City Lord, Your Excellency!"

Ye Yuan's aura was very chaotic, but his imposing aura rose to the peak at this time.

Even if he was in poor condition, no one dared to make a move against him too.

One battle, stabilizing heaven and earth!

Ye Yuan nodded slightly and said coolly, "From today onward, I'll go into closed-seclusion. All of Resplendent Sun City's affairs will be managed by you. Everything else, maintain the status quo!"

He Yunxiang was not surprised at all, hurriedly bowing to say yes.

These three days of battle definitely benefited Ye Yuan immensely.

At this time, he naturally had to enter closed-seclusion to consolidate.

Ye Yuan threw He Yunxiang a jade slip and said, "Help me collect the heavenly medicines according to the list inside. One year later, there will naturally be your benefits."

He Yunxiang received the jade slip to take a look and could not help drawing a cold breath as he said in shock, "Hiss ... imperial grade heavenly pills! Your Excellency can actually refine heavenly imperial pills?"

Ye Yuan was also rather surprised as he said, "You actually know about heavenly imperial pills?"

He Yunxiang smiled bitterly and said, "Before this lowly one ascended, I was an alchemist too! After ascending to the 33 Heavens, I'd once tried to become a heavenly alchemist too! It's just a pity that this lowly one's affinity is too poor and couldn't become a heavenly alchemist. However, this lowly one more or less studied heavenly pills a little too, these heavenly medicines that Your Excellency is looking for are very precious, only heavenly imperial pills will use them! No wonder Your Excellency is so heaven-defying, I presume that Your Excellency must be of an extremely high grade pre-natal Dao physique!"

In his view, for Ye Yuan to be able to refine heavenly imperial pills, his affinity should at least be 70 and above!

Among ascenders, this was absolutely heaven-defying among heaven-defying.

This kind of monstrousness, it was not strange that he had such comprehension ability.

Martial Secure Heavenly Sect really picked up a treasure!

But when Ye Yuan heard that, he smiled meaningfully and said, "Pre-natal Dao physique?? *Huhu*?... I'm merely of a mortal physique. That's all."

Finished saying, Ye Yuan turned around and left, leaving behind the He Yunxiang with a stupefied face.

"Mortal physique! A mortal physique can refine heavenly imperial pills? A mortal physique can comprehend Great Dao Transformation? He ... He's joking, right?" He Yunxiang said with a look of shock.

... ..

These few days of continuous tough battles, Ye Yuan had indeed benefited a great deal and needed time to digest.

Even this All-Encompassing Sacred Tree of the Universe, Ye Yuan needed to perfect it carefully.

This transformation was obtained by chance under Ye Yuan's sudden enlightenment.

When he killed Changsun Xingyu, it was not perfected.

After perfecting it, killing Changsun Xingyu would merely be a matter of snapping his fingers.

In addition, the heavenly medicines that he made He Yunxiang collect, were medicinal materials to refine the Yu Qi Dust Cleansing Heavenly Imperial Pill.

He planned to use this heavenly imperial pill to assault grand completion Lesser Sublime Heavenly Stratum.

One year later, Ye Yuan thoroughly perfected the All-Encompassing Sacred Tree of the Universe's first form. Its power was much stronger compared to before!

If he ran into Changsun Xingyu again now, Ye Yuan would be able to kill him with a wave of his hand.

However, the complexity of this Great Dao Transformation also far exceeded Ye Yuan's imagination.

Although the first form was just a young sprout, the complexity of this move was far from comparable to that of a Universe Sword Formation.

Integrating the power of Great Dao, this was the power of heaven!

The high-level form of the power of rules was not a boast!

Fortunately, Ye Yuan's comprehension ability was exceedingly high. He polished it carefully for a year before completely perfecting this move.

With regards to this speed, Ye Yuan found it a bit slow.

But if he let the people who had similarly comprehended Great Dao Transformation know, they would definitely drown him in spit.

To comprehend Great Dao Transformation, ordinary martial artists needed to spend several decades, even hundreds of years before they could completely perfect it.

Ye Yuan only used one year and actually still found it too slow.

One year later, Ye Yuan spent another two years, focusing on assaulting grand completion Lesser Sublime Heavenly Stratum.

He refined all of these White Pine Melody into Yu Qi Dust Cleansing Heavenly Imperial Pills.

Under the revolution of the Wordless Heavenly Skill, he was finally still successful in assaulting.

Using so many grand completion ninth grade heavenly imperial pills to assault cultivation realm, probably only Ye Yuan could do it.

If this matter were to spread, it naturally could not avoid drawing hatred.

The medicinal effects of heavenly imperial pills were not worse than grade two heavenly pills!

This Wordless Heavenly Skill was well-deserving of being a cultivation method that could let Jadetrue Heavenly Sect overlook Rainclear Continent proudly, it was indeed very strong.

Heavenly imperial pills coupled with the Wordless Heavenly Skill were truly a perfect match!

Ye Yuan only used two years and succeeded in assaulting.

Furthermore, his foundation was incomparably solid and could assault Greater Sublime Heavenly Stratum at any time!

Ye Yuan's chaos world also shone with a flourishing vitality.

Exiting seclusion in three years gave He Yunxiang and the others a huge fright.

They thought that Ye Yuan needed to go into a retreat for at least a decade or two. Did not expect that he exited seclusion so quickly.

“Congratulations to Your Excellency for breaking through to grand completion Lesser Sublime Heavenly Stratum! It’s just ... doesn’t Your Excellency plan on perfecting Great Dao Transformation?” He Yunxiang asked doubtfully.

Ye Yuan glanced at him and said coolly, “It was already perfected two years ago. Since it’s already comprehended, how can perfecting it be so troublesome?”

He Yunxiang, Di Xing, and the rest opened their mouths wide, their faces being pale.

This lord was truly a god!

Ye Yuan casually threw to He Yunxiang few people each a Yu Qi Dust Cleansing Heavenly Imperial Pill and said indifferently, “These few heavenly imperial pills will be bestowed to you guys. Eat it and break through to Greater Sublime Heavenly Stratum! In a place like the Land of Exile, one will either advance or regress. Staying here, you guys will be dead sooner or later!”

He Yunxiang took a look after he got it and almost threw the medicinal pill onto the ground.

“G-Grand completion ninth grade! Your Excellency, you ... you aren’t joking, right?” He Yunxiang stammered.

Ye Yuan frowned and said, “Do you think that I’m joking with you?”

He Yunxiang hurriedly waved his hand and said, “No, no, no! Your Excellency is mistaken! This lowly one is just surprised that Your Excellency can actually refine grand completion ninth grade heavenly imperial pills with your mortal physique! It’s simply too amazing! This medicinal pill, probably even grade four heavenly alchemists might not be able to refine it!”

He Yunxiang discovered that this City Lord’s alchemy path talent was actually even more terrifying than his martial path talent!

Martial path, with Ye Yuan’s current strength, he could at most kill a lower Greater Sublime Heaven, that was all.

But in alchemy, he could cross three major realms and instantly kill grade four heavenly alchemists!

This level of strength already could not be described using the word monstrous!

What was even more terrifying was that His Excellency said that he was only of a mortal physique!

Mortal physique!

Ye Yuan said coolly, “Who said that mortal physiques can’t refine pills? Some things, it’s just that your skill level is lacking; that’s all!? Oh, right, help me issue challenge letters to the other nine cities’ city lords. From tomorrow onward, I’m going to challenge the nine cities’ city lords!”

The moment He Yunxiang heard, he smiled bitterly and said, “Your Excellency, I’m afraid that ... this can’t go according to your wishes!”

Unrivaled Medicine God

Chapter 2606: Holy Mountain

"Mn??Why is that?" Ye Yuan asked curiously.

Just issuing a letter of challenge, why could it not go as he wished?

He Yunxiang smiled bitterly and said, "Your Excellency, during these three years that you were in closed-seclusion, the other nine cities already had six city lords who ascended to the second level. Right now, in this first level, there are only three of the original ten great city lords left."

When Ye Yuan heard, he could not help being stunned and said, "They didn't ascend for so many years. Then why did they ...?Eh??It wouldn't be because of me, right?"

He Yunxiang nodded and said, "Who else can it be if not you? Your battle with Changsun Xingyu was too shocking. It spread throughout the ten cities very quickly. The city lords of Qing Liang and Bi Xia, these two cities, chose to ascend within three months. The other six city lords also ascended one after another within two years."

Nobody was a fool; let alone these supreme powerhouses who were standing at the summit of the first level.

Ye Yuan made Changsun Xingyu the first target of attack. He was bound to challenge them later.

This battle was too shocking. They did not wish to become Ye Yuan's whetting stone.

This kind of pinnacle battle, a moment of carelessness and it was the outcome of perishing and Dao dissipating.

Although these city lords were exceptionally talented individuals and did not fear fighting to the death either, they also know how to pursue good fortune and avoid disasters.

No one would go and choose to fight to the death under the circumstances that they knew they would definitely die.

That was an old person eating arsenic; courting death!

Therefore, they chose to ascend.

Can't provoke, I can hide!

Of course, you could ascend too.

But reaching the second level, the opponents you would be facing would plenty. You naturally would not come and pester the few of us.

Actually, these overlords not ascending was also not completely because they wanted to live the life of being a local despot.

They were accumulating strength. Only by ascending with sufficient strength could they live better after reaching the next level and also walk even further.

The corners of Ye Yuan's mouth twitched and he said, "Aren't there still three city lords? Since they haven't ascended yet, then they can't be wasted too. Go and issue the challenge letters."

He Yunxiang smiled bitterly again and said, "That won't work either! Fu Guang, An Yun, and Lan Ling, three cities' city lords have already arrived at Resplendent Sun City half a year ago, to express surrender to Your Excellency! Apart from this, the other six cities' new city lords are also all in the city."

Ye Yuan could not resist rolling his eyes, this bunch of grandsons really did not give any chance at all!

One would not hit a smiling face!

With Ye Yuan's personality, since the other party took the initiative to submit, he really could not find it in him to take action anymore.

However, Ye Yuan also understood that the Land of Exile was such a realistic place.

If you were strong, you could bring everything to its knees!

Helpless, he waved his hand and said, "Since that's the case, bring them over then."

... ..

"Fu Guang's lord, Lin Tong, pays respects to Lord Ye Yuan!"

"An Yun's lord, Wei Xiang, pays respects to Lord Ye Yuan!"

"Lan Ling's lord, Xu Weiqing, pays respects to Lord Ye Yuan!"

... ..

With Fu Guang three cities' city lords leading, the other city lords stepped forward in unison to pay respects.

This also symbolized that Ye Yuan had completely compelled the Land of Exile's first level into submission!

Ye Yuan's gaze swept across everyone and discovered that Lin Tong three people faintly exuded an extremely strong aura. It was even a notch above Changsun Xingyu.

He could not help being a little surprised and said, "I originally thought that the three of you should be the weakest among the nine great city lords. Looking at it now ... it doesn't seem to be the case!"

Lin Tong stepped out of the ranks and said with a bow, "What Your Excellency said is true! The three of us were ranked top three among the original ten great city lords! And Changsun Xingyu was ranked fourth!"

This ranking, only the ten great city lords themselves knew.

Now, Lin Tong saying it in public still surprised everyone greatly.

The moment Ye Yuan heard, he became curious and asked, "Since that's the case, then why didn't you guys ascend but come to submit to me?"

Lin Tong said respectfully, "Your Excellency gained enlightenment on Greater Sublime Transformation. Now, you also broke through to grand completion Lesser Sublime Heavenly Stratum, we're naturally not a match. But ascending just like this, we have unwillingness in our hearts too."

Ye Yuan said, "You guys also want to comprehend Great Dao Transformation?"

Lin Tong did not shy away and said with a nod, "That's right! The reason we, the original ten great city lords, had a Dao debate every year, was in order to break through the shackles and comprehend Great Dao Transformation! With Your Excellency's talent, you should know the logic of the stronger the foundation, the greater the potential. Therefore, unless there were no alternatives, we didn't want to ascend. Unless, we're already sure that our talents have already been exhausted!"

With regards to this statement, Ye Yuan naturally approved of it.

Lin Tong three people came to submit while bearing humiliation and were also not willing to ascend. This proved precisely that the three of their martial path hearts were very firm.

However, Lin Tong's words let Ye Yuan thought of another possibility.

This Land of Exile's city lords changed very fast.

There would always be people like Lin Tong three people who also wanted to consolidate their realms in Lesser Sublime Heavenly Stratum as much as possible and feel Great Dao rules.

Could it be there was actually not a single one who comprehended Great Dao Transformation after so many years?

This was unlikely!

Ye Yuan did not doubt that his talent was high, but he similarly did not think that others were losers.

Especially in the Land of Exile this sort of place, some people had it forced out by force.

Thinking up to here, Ye Yuan asked hopefully, "Then in this first level, are there still powerhouses who comprehended Great Dao Transformation?"

Lin Tong said, "Of course there are! In fact, there are quite a few!"

When Ye Yuan heard that, he could not help being overjoyed, thinking to himself that it was indeed the case!

"Oh??Where? Tell me!" Ye Yuan said.

Lin Tong said, "There's a snow-capped mountain in the land of extreme north called Xianyun Mountain. It's the Land of Exile's first level's holy land! Only powerhouses who gained enlightenment on Great Dao Transformation are allowed to step into this mountain!"

Ye Yuan's gaze flickered slightly and he said, "So, you guys stayed, in order to enter the Xianyun Mountain?"

Lin Tong nodded slightly and answered, "Your Excellency is wise. It's precisely so!"

The other six city lords were all rendered speechless. Only now they learned that the first level actually still had such a place!

And what the city lords assiduously seek, was this kind of supreme realm!

What was laughable was that they were all a bunch of frogs at the bottom of a well; that was all!

But when Ye Yuan heard, he was overjoyed and said, "Then what are we still waiting for! Lead the way!"

Lin Tong three people were taken aback and said, "Your Excellency, we've never comprehended Great Dao Transformation and can't enter the Holy Mountain. Violators will be killed without mercy!"

Ye Yuan's mouth curled and he said, "If I said that you can go, you can go! Whatever bullshit Holy Mountain, it's merely a bunch of Lesser Sublime Heavenly Stratums; that's all! If they know what's good for them, fine. If they don't know how to appreciate favors, I'll exterminate their whole mountain! See if that lousy mountain still dares to call itself Holy Mountain or not!"

Ye Yuan could not bear the sight of this kind of trickery the most. It was clearly just a bunch of Lesser Sublime Heavenly Stratums, yet they wanted to feign an appearance of standing high above the masses.

Who were they scaring!

He, Ye Yuan, had virtually paralyzed the entire Martial Secure Heavenly Sect. Wouldn't dealing with a bunch of Lesser Sublime Heavenly Stratums be easily accomplished?

Posturing in front of him, at least in this first level, there was definitely no one who could do it!

When Lin Tong three people heard that, they were immediately rendered dumbfounded.

This guy was so wildly arrogant!

How did such a person survive until now?

One had to know, some of those Great Dao Transformation individuals on Xianyun Mountain had already stayed for as long as several thousand years, with their strength being unfathomable.

This guy actually completely did not place the Xianyun Mountain in his eyes!

[Unrivaled Medicine God](#)

Chapter 2607: Yes, I'm Very Powerful!

On top of the mountain, snow gleamed white, with floating clouds coiling, akin to a wonderland.

The party arrived at Xianyun Mountain, which was also at the foot of the Holy Mountain.

"The Land of Exile indeed has talented people remaining in concealment. I didn't expect that there's still such a formation path expert!" Ye Yuan suddenly stopped and said with a faint smile.

In front of him was a huge array formation, interlinked and connected.

Not only was Ye Yuan's Formation Dao already perfected, it even transformed into the All-Encompassing Sacred Tree now. Just slightly trying to feel it and he already detected it.

His All-Encompassing Sacred Tree was not transformed from the path of Sword Dao, but the Universe Sword Formation!

Inside the Universe Sword Formation, it contained sword, space, formation, these three Daos!

The strength was more discernible for this kind of transformation.

As for time rule, after Ye Yuan ascended, he had been unable to open up a new prospect all along.

Not because his comprehension ability was lacking, but that the time rule he comprehended in the Heavenspan World was simply in disorder!

The Heavenspan World's flow rate of time was completely different from the 33 Heavens.

Ye Yuan reckoned that there might be Yan Jadetrue's work involved.

"Those who trespass the Holy Mountain will be killed without mercy! Get lost!"

Right at this time, a melodious voice reverberated throughout heaven and earth, akin to heavenly thunder rolling, stirring people's souls.

These words seemed to be said by Heaven!

Behind Ye Yuan, the countenances of Lin Tong and the rest changed visibly.

"Your Excellency, you've already arrived at the Holy Mountain. How about you go in alone, and those of us who haven't achieved Great Dao Transformation withdraw for the time being?" Lin Tong said with a slightly pale face.

This voice seemed to be a celestial deity descending, giving him enormous pressure.

The other few people were also the same.

But Ye Yuan smiled faintly and said, "Already here; don't you want to go up the mountain to take a look?"

Lin Tong smiled bitterly and said, "Of course I want to, but this lowly one wants to live even more."

"Limit you all to quickly leave within three breaths! Otherwise, bear the consequences yourself! Three!" While talking, that voice came over again.

The expressions of Lin Tong and the rest turned deathly pale, turning around, wanting to escape.

"Playing tricks! Go!"

Ye Yuan gave a cold snort. Holding his palm out, a tiny sprout already emerged from his palm.

A piece of tender leaf flew out, directly striking somewhere in the void.

"Courting death!" A startled and furious voice came from the void.

But with a loud bang, a middle-aged man dressed in white robes was actually directly being shocked out, his appearance looking rather ragged.

His gaze was fixed on Ye Yuan, with a hint of dread in the shock.

This brat actually saw through the weak area of the array formation with one glance and shocked him out with a sword.

Terrifying!

While Lin Tong and the rest who were behind Ye Yuan had dumbstruck faces.

It turned out that this guy was not empty talk!

He was really a lunatic!

Who would enter the Holy Mountain like this?

However, the combat power that Ye Yuan displayed still made them incredibly shocked.

The saints who guarded the mountain were all transformation powerhouses. Furthermore, they were even hiding in the grand array.

Ye Yuan found him with one glance and even shocked him out with a sword.

If it were any other transformation powerhouse, they probably would not be able to do it!

The middle-aged man in a white robe stared at Ye Yuan as he said with an unkind expression, "Brat, do you think that by comprehending Great Dao Transformation, you're invincible under the heavens?"

Ye Yuan pursed his mouth and said with a smile, "Yeah."

The middle-aged man's face turned black, almost tumbling to the ground.

This brat really knew how to climb up the rope hand over hand!

The middle-aged man sneered and said in a solemn voice, "Someone who doesn't know the immensity of heaven and earth! Do you know that there are several hundred transformation powerhouses on this Holy Mountain!"

Even if Lin Tong and the rest were very knowledgeable and experienced, they were also frightened by this number.

They thought that there were at most several dozen people on this Holy Mountain.

They did not expect that there were actually hundreds of transformation powerhouses!

They could not help worrying whether Ye Yuan's action of barging into the mountain would arouse the public outrage of the transformation powerhouses.

Unexpectedly, Ye Yuan just said coolly, "So what if several hundred? What bullshit transformation powerhouse, aren't you also just a Lesser Sublime Heavenly Stratum? Do you really think that you're some whatever bullshit saint? Where did this sense of superiority come from?"

The middle-aged man saw that Ye Yuan was impervious to reason and could not help saying in a great rage, "Punk, you're courting death!"

Ye Yuan smiled coldly and said, "Is that so? Then I want to see how you make me die!"

He had not even spoken yet and this person was playing tricks here, telling people to scam.

With an appearance like he was number one in the world, it would be weird if Ye Yuan's attitude could be good.

The middle-aged man narrowed his eyes and said in a solemn voice, "Brat, I was just sneak attacked by you earlier. Do you really think that you're very formidable?"

Ye Yuan nodded his head and said nonchalantly, "Yes, I'm very powerful!"

The middle-aged man gave a cold snort. Holding his palm out, a halberd condensed and formed!

His Great Dao Transformation form was a weapon. This was also one of the most commonly seen transformation methods.

It was only to see him smile coldly. He said, "Boy, I've already reached Great Dao Transformation 50 years ago. With just the likes of you, this sort of fellow who just comprehended it, you also dare to contend for glory with the bright moon?"

Ye Yuan just smiled faintly and said, "Is that so? Then try receiving a sword cut of mine! Go!"

The tender leaf turned into a light sword once more, chopping towards the middle-aged man.

The middle-aged man was furious, brandishing the painted Chinese halberd in his hand, directly chopping towards the green leaf.

Boom!

In an instant, the two transformation weapons clashed!

The middle-aged man spurted a mouthful of fresh blood wildly, his figure flying out backward.

While Ye Yuan did not budge an inch.

"I-It broke!" Lin Tong's eyes were full of amazement.

The halberd in the middle-aged man's hands actually broke under this strike!

With Great Dao Transformation, the object transformed was even tougher than material objects!

But now, it actually broke under Ye Yuan's one strike!

Furthermore, the transformed object was connected to the mind of the martial artist.

Now that it broke, the middle-aged man already suffered a great loss in vitality, suffering serious injuries.

Most likely, without eight to ten years, he could forget about recovering his vitality!

They had long known that Ye Yuan's strength was extremely formidable, but this ... was also too outrageous, right?

He had already comprehended Great Dao Transformation for 50 years, while Ye Yuan only had three years at the very most!

Now, he actually defeated the enemy with one move!

This was also too strong!

Ye Yuan looked at the middle-aged man and said disdainfully, “Just the likes of you are also called the bright moon? Over 50 years and you only cultivated this bit of strength? Go find a piece of tofu to commit suicide with. I can’t even be bothered to kill you!”

This middle-aged man’s Great Dao Transformation was not perfect at all.

He could not even achieve perfection in 50 years; he was really incredibly stupid!

Ye Yuan only used one year and perfected it.

Furthermore, what this middle-aged man comprehended was a single rule. But what he comprehended was three great fused rules. The difficulty was not on the same level at all.

He could not even perfect it in 50 years. He should really go find a piece of tofu to commit suicide with.

“Puhwark!”

The middle-aged man was choked badly by Ye Yuan’s words and spewed out another mouthful of old blood.

“The few of you, come with me!”

Ye Yuan could not be bothered to pay attention to the middle-aged man and left leisurely, directly passing through the grand array.

This array formation was not too complicated to him. It could be easily broken.

However, this scene was even more shocking and inexplicable when it landed in the middle-aged man’s eyes.

Which crevice in a rock did this boy pop out from?

Coming to the Holy Mountain, what on earth did he want to do?

Lin Tong and the rest had upset expressions on their faces and could only pluck up their courage and follow after.

[Unrivaled Medicine God](#)

Chapter 2608: Stop Making a Spectacle of Yourselves!

Whoosh!

A bright light rose into the sky.

The expressions of Lin Tong and the rest changed greatly, and they cried out in surprise, “Your Excellency, that person went to report just now. Now, the entire Holy Mountain’s transformation powerhouses probably all know that we’re here!”

Ye Yuan said indifferently, “If they know, then they know; no harm!”

The faces of Lin Tong and the rest turned black, criticizing endlessly in their hearts.

This guy was also too bold, right?

Even several hundred transformation powerhouses could not scare him?

After traveling several more miles, Ye Yuan suddenly stopped.

Lin Tong and the rest were overjoyed, thinking inwardly that this guy finally had a change of mind and was going to run.

However, Ye Yuan circled one round around the few of them and said coolly, "The few of you, don't leave the circle that I've just walked. Otherwise, don't blame me if you die."

Lin Tong and the rest had baffled faces. Right at this time, six to seven figures suddenly came from all directions, surrounding Ye Yuan.

The middle-aged man with a scar on his face who was leading, said in a solemn voice, "Punk, to actually dare trespass the Holy Mountain, are you courting death?"

Ye Yuan said coolly, "I heard that there are transformation powerhouses on Xianyun Mountain. So I wanted to come and have an exchange. I didn't expect that the person guarding the gates doesn't know how to speak human language. So I taught him a lesson. How did it become trespassing?"

The man's expression changed when he heard that and exclaimed in surprise, "What? You defeated Jiang Zhenyu?"

Ye Yuan's mouth curled and he said, "Is it very strange to beat him? Or is it that it's all the likes of him on this so-called Holy Mountain?"

The muscles on the few people's faces were all twitching when they heard that!

The likes of him?

When did transformation powerhouses become like that?

"Brat, don't be arrogant! You, a sect disciple, can you really overturn the heaven on the Holy Mountain? Attack together, kill this boy!" The man with the scar gave a cold yell and rushed up along with the people around him.

Ye Yuan broke the grand array and defeated Jiang Zhenyu forcefully and then trespassed the mountain. The man did not dare to underestimate him.

Hence, he directly called his companions to attack together.

Seven to eight transformation powerhouses rushed forward together, the commotion was quite shocking.

Some took the form of weapons, some took the form of predatory birds, and some took the form of celestial phenomena to attack!

The terrifying power made the faces of Lin Tong and the rest who were not far away to change drastically.

Seven to eight transformation powerhouses, they had never seen it before!

It was just that these people's transformations were mostly just the Great Dao Transformation of a single rule. It was too weak to stand up to a single blow in Ye Yuan's eyes and even worse than Jiang Zhenyu.

It was also no wonder that they would be so surprised at him defeating Jiang Zhenyu.

Ye Yuan was rather perplexed. Since these people comprehended Great Dao Transformation, why did the perfection process be so slow?

After he ascended, he had been studying Alchemy Dao most of his time and did not come into contact with Great Dao Transformation people.

No need to talk about Eastward Country, there definitely was not.

Martial Secure Heavenly Sect definitely had, but at least even Lu Zhanyuan that level of powerhouse did not comprehend it.

Luo Yunqing might have comprehended it. It was just that he had never displayed it before.

Hence, Ye Yuan did not have a clear contrast.

He thought that since they could comprehend Great Dao Transformation, their comprehension ability naturally would not be poor.

Even if it was not as good as his, it should also have been perfected in eight to ten years.

In the end, Jiang Zhenyu comprehended for 50 years and did not even fully perfect it.

Therefore, in his eyes, this bunch of people was really unbelievably trash.

He reckoned that they hit the jackpot, that was how they comprehended Great Dao Transformation.

Under the environment of the Land of Exile, it was not necessary to be extremely talented to break through.

Wandering on the edge of life and death countless times, as long as one could kill their way over, even if their talent was slightly poor, they could comprehend it too.

These people might belong to that type.

All in all, Ye Yuan did not face much pressure dealing with the scar-man these few people.

In fact, he did not even need to use two swords at once.

One sword, swimming between the seven to eight people, there was plenty of room for playing the butcher's knife.

By the side, Lin Tong and the rest were long already dumbstruck with amazement.

They knew that Ye Yuan was strong, but they did not expect that he was so strong!

Fighting one-versus-eight, he was actually still overpowering the other side!

One had to know, Ye Yuan only comprehended Great Dao Transformation for a short three years!

Suddenly, Lin Tong's expression changed, discovering that there were another over a dozen people flying over here swiftly.

Those people right now were all attracted by Ye Yuan.

Then this batch of powerhouses that came over this time would definitely make them the first target of assault!

"Freaking hell, fight it out!" Xu Weiqing drew his saber and was about to fight it out to the death with this group of people.

Lin Tong suddenly remembered Ye Yuan's instructions and said, "Old Xu, don't be impulsive! His Excellency made us stay where we are. He must have some means!!"

Xu Weiqing's expression turned heavy and he immediately became quiet.

They knew that Ye Yuan had a lot of methods. It was just that they could not understand just what method Ye Yuan had deployed.

"*Humph!*? A bunch of outside world ants also dare to trespass the Holy Mountain? You're really tired of living! The few of you, go and die first then!"

An old man in a blue shirt had an extremely vigorous aura, pouncing over towards Lin Tong and the rest.

The three people's expressions changed greatly, immediately feeling the threat of death.

The moment transformation was released, the imposing aura became completely different.

Even if their cultivation realm was the same, their combat power was vastly different.

But right at this time, the old man in blue shirt suddenly vomited blood, his body falling from midair.

When he fell to the ground, he had actually already breathed his last!

Lin Tong and the rest exchanged glances, all extremely shocked.

"He was poisoned! When did His Excellency ... use the poison?" Xu Weiqing said with a look of shock.

Lin Tong pondered for a moment and said, "It should be when he walked a circle around us! What a brilliant method of poisoning, we actually didn't detect it at all!"

Wei Xiang smiled bitterly and said, "Not just us! These transformation powerhouses, their sensitivity to poison is many times stronger than us! Even they are completely unaware!"

The three people were deeply shocked inwardly.

Only then did they understand why Ye Yuan dared to be so arrogant?

With such means, it was simply overwhelming in this first level!

So what if a transformation-level powerhouse?

Killing you was as easy as blowing off the dust!

It was just that Ye Yuan came here to temper himself, so he was disdainful to use it.

Looking at it this way, Ye Yuan saying to slaughter all the transformation powerhouses on the mountain previously was not empty talk!

Only with confidence did he dare to look down on them.

Sure enough, when the others saw the blue-shirt old man's bizarre death, each and every one of them did not dare to get close to Lin Tong and the others. They simply rushed toward Ye Yuan together.

More than ten transformation powerhouses surrounded Ye Yuan all at once.

Some of them, their strengths were not weak.

Ye Yuan killed his way in and out of the crowd with one person and one sword and already severely wounded three to four people as if it was a no man's land!

The so-called Holy Mountain's powerhouses were akin to toddlers learning how to walk in front of Ye Yuan; very comical.

Without the threat of transformation powerhouses, the minds of Lin Tong and the rest also relaxed, observing the battle carefully.

The more they watched, the more alarmed they got.

"His Excellency is too strong! His opponents are too trashy. They are completely not on the same level at all! Furthermore, His Excellency's sapling has two leaves, but he only utilized one leaf. So he clearly isn't using his full strength! Just what kind of a monster did Martial Secure Heavenly Sect produce?" Lin Tong said in horror.

The other two people nodded one after another in deep agreement.

"All withdraw, stop making a spectacle of yourselves!" Right at this time, a voice sounded out.

A handsome youth walked down the mountain.

The group of transformation powerhouses stepped back one after another, their faces full of shame.

[Unrivaled Medicine God](#)

Chapter 2609: Three Laws Versus Five Laws!

The youth had red lips and white teeth and was extraordinarily handsome, like the boy-next-door.

But when Ye Yuan saw him, he felt pressured.

This kind of pressure was like facing Changsun Xingyu back then.

This person was very strong!

"Three laws transforming, indeed formidable! You all didn't lose in vain! I didn't expect that a genius such as yourself actually appeared in the outside world!" The youth looked at Ye Yuan, his eyes revealing a look of appreciation.

Ye Yuan said indifferently, "You're not bad either."

Beside the youth, a burly man immediately scolded, "Insolence! How are you speaking to Holy Lord, His Excellency?"

The youth waved his hand slightly, motioning for the burly man to back down, and said coolly, "His strength isn't beneath Li Cheng's! From today onwards, he's the Holy Mountain's Fourth Holy Lord! You all are not to be impolite!"

The burly man was greatly alarmed and repeatedly said yes. Bowing toward Ye Yuan, he said, "I pay respects to Holy Lord!"

The others also had shocked expressions on their faces. No one expected that this newcomer actually became a holy lord!

But an unwillingness to submit was clearly written on their faces. It was just that they did not dare to say anymore.

Ye Yuan could not be bothered to pay attention to the burly man and said to the youth, "Oh?? There are actually two powerhouses such as yourself on this mountain?"

The youth nodded and said, "I'm called Han Yi, the Chief Holy Lord. The Second Holy Lord is called Ji Zhe, Third Holy Lord is called Li Cheng. From now on, you'll be the Holy Mountain's Fourth Holy Lord!"

Ye Yuan waved his hand and said, "What bullshit holy lord, not interested! I came here to find people to spar with. Your strength is not bad. So why don't we have a fight?"

He had no interest in living a life of being a local despot.

What Ye Yuan wanted was to consolidate his foundation, then break through to Greater Sublime Heavenly Stratum.

He did not have time to keep wasting in the Land of Exile.

However, all the powerhouses in the mountain looked at Ye Yuan with surprise.

This guy actually refused to be a holy lord!

Furthermore, he even dared to be so unbridled in front of Chief Holy Lord, really courting death.

The youth took it in stride and said smilingly, "You're not my match!"

Ye Yuan said coolly, "Haven't fought before, how would you know?"

The youth shook his head and said with a smile, "You're an extremely rare three rules transformation. But I am five laws transformation! Do you feel that you have a chance of winning?"

Although Ye Yuan had never heard of three laws transformation, it was very easy to guess that the meaning of three laws meant three kinds of power of rules.

He was a little surprised. This youth actually comprehended five kinds of rules at the same time?

No wonder he could live a life of being a local despot and proclaim himself as holy lord, he indeed had some capability.

However, Ye Yuan did not think that his own three laws were lousier than the other party!

Sword, space, formation, three paths, they seemed as different night and day, to be as different as chalk and cheese, but Ye Yuan forcibly combined them together and it transformed and took shape.

When these three paths reached the extreme, they could all form their own universes.

They were absolutely top Great Daos!

If you understood more rules, it would definitely be stronger?

Ye Yuan never thought this way!

Ye Yuan just smiled faintly and said, "If I was sure of success, I would have killed you with one sword and be done with it. Why would I go so far as to talk nonsense with you here? It's because there's no certainty of winning that we have to fight! Otherwise, what's even the point of me coming to the Land of Exile?"

The youth looked at Ye Yuan rather surprisedly and said with a nod, "You seem to be different from the rest! Forget it. I'll have a battle with you today and let you know the disparity between three laws and five laws!"

Finished saying, a lotus platform already appeared in the youth's palm.

There were five lotus seeds on the lotus platform!

Clearly, each lotus seed represented a kind of power of rule!

The moment this five-star lotus appeared, Ye Yuan felt unprecedented pressure.

But his All-Encompassing Sacred Tree was already raring to go.

Fear did not exist!

This word was not in his, Ye Yuan's, dictionary.

The youth smiled and said, "My transformation form is called Five-star Lotus. If you can last 30 moves under the Five-star Lotus, you'll be Second Holy Lord from now on! Ji Zhe can only last 28 moves under my Five-star Lotus! He's the same as you, also three laws transformation!"

When everyone heard it, each and everyone was extremely shocked.

Even this mountain full of transformation powerhouses was also like that.

They only knew that the three great holy lords were not what they could compare to. But they never knew that the gap between Chief Holy Lord and Second Holy Lord was actually so great!

Hearing these, their gazes when looking towards Ye Yuan became sympathetic.

This boy was so arrogant, he finally ran into his match now, right?

But Ye Yuan was disdainful and said coolly, "Bring it on, so much nonsense! All-Encompassing Sacred Tree, go!"

Ye Yuan was not long-winded either, his entire person turning into a sharp sword, flying straight for Han Yi!

Two rays of sword light surrounded Ye Yuan's body, overflowing with a murderous aura!

After leaving seclusion, it was Ye Yuan's first time unleashing both swords together!

That power was more than a level stronger than when fighting with everyone previously.

Everyone's countenances changed one after another!

Only now did the transformation powerhouses who besieged Ye Yuan previously know that they had already made a trip to gates of hell and back.

Ye Yuan's movement technique was extremely fast, arriving in front of Han Yi in virtually a blink of an eye.

Han Yi's pupils constricted too, being startled by Ye Yuan's strength!

However, what kind of figure was Han Yi? Although he was startled, he did not panic.

Only to see him urge his spell, the five lotus seeds flew out instantly, splitting into five directions, completely enveloping him.

And at this time, Ye Yuan arrived!

Boom!

A loud noise, the two people each took several steps back!

Everyone was dumbfounded with shock!

"My eyesight isn't failing, right? That boy actually fought to a draw with Chief Holy Lord?"

"This is impossible! How can three laws versus five laws possibly fight to a draw?"

"Just what the hell did this boy comprehend?"

... ..

Five laws transformation, this was virtually the ultimate form of transformation.

It could be said to be invincible!

However, Ye Yuan actually fought to a draw against Chief Holy Lord, Han Yi's five laws, with three laws!

Although they only exchanged one move, Ye Yuan's skill level was evident at a glance.

It was not up to them to not be surprised!

Ye Yuan beamed and said, "Bragged too hard; I was wondering how formidable you were! Five laws are also nothing more than this!"

The expression on Han Yi's face finally changed!

“Sword, space, formation! Heh, terrific lad, I underestimated you! These three kinds of ultimate rules, you actually fused them into one, and even succeeded in transformation! Two swords, one Yin and one Yang, perfect without any flaws, how formidable! You have the qualifications to have a battle with me!”

Although surprised, Han Yi did not turn angry from embarrassment but was faintly very excited instead.

It was as if feeling happy to find an opponent.

He saw through that Ye Yuan was three laws transformation with one glance. But as for the specifics, he could not tell without fighting.

In the collision just now, he clearly felt sword, space, and formation, these three great rules. He could not help being greatly surprised.

He naturally knew how formidable these three rules were.

What was even scarier was that the Great Dao Transformation that this boy comprehended was the perfect form!

Perfect form was a form with no weakness to exploit.

Just like a world, like nature itself, without defects!

The budding two green leaves seemed normal, but in fact, they represented the two polarities of the universe.

The power that these two extreme forces burst forth with was unimaginable!

Although he comprehended the five elements rule, he did not reach this realm.

Hence, even though he comprehended five laws, his power was greatly discounted.

Feeling the other party’s fighting intent, Ye Yuan laughed loudly and said, “Hahaha?... That’s more like it! Fight again!”

[Unrivaled Medicine God](#)

Chapter 2610: A Rare Opponent to Encounter in One's Lifetime!

Boom!

Boom!

Boom!

Two streaks of sword light and five lotus seeds, they erupted with extremely violent rumbling sounds from time to time.

Sword light intersected; the five elements rotated. Ye Yuan was locked in a struggle with Han Yi.

By the side, everyone was dumbfounded with amazement.

A transformation powerhouse said in surprise, "F*cking hell, this boy's Great Dao Transformation has already reached the acme of perfection, still entering the Land of Exile to train my ass! This guy came in purely to abuse people, right?"

No one thought that Ye Yuan's combat power would actually be so fearsome!

Chief Holy Lord Han Yi rarely took action, but they knew about Second Holy Lord and Third Holy Lord.

The power of three laws when compared to Ye Yuan was simply heaven and earth.

Whatever 30 moves, it seemed to be a complete joke now!

Ye Yuan did not fall into a disadvantageous position in the slightest facing five laws with three laws!

Of course, Han Yi was not someone who was easy to deal with either.

The five elements rule started running, akin to a painting scroll of heaven and earth, with a majestic and grand atmosphere, with no weakness to exploit.

Even Ye Yuan could not find the method to crack it for some time too.

When Lin Tong heard this, he immediately retorted, "His Excellency didn't comprehend Great Dao Transformation in the outside world. He just comprehended Great Dao Transformation three years ago in Resplendent Sun City."

When the group of transformation powerhouses heard, their eyes immediately became wide-saucers.

"What?! T-Three years ago? You punk, you aren't bragging, right? Just three years and he completely perfected his Great Dao Transformation?" That transformation powerhouse almost jumped up.

Something that people did in three years, they could not do it even in 30 years!

Furthermore, the completion of three laws transformation was not as easy as theirs!

Easily several hundred years was normal too.

But Ye Yuan only used three years?

Freaking hell, who to reason this out with?!

By the side, He Yunxiang's mouth curled and he said, "Bragging? *Huhu*, you probably don't know that three years ago, His Excellency was still just an upper Lesser Sublime Heavenly Stratum! In these three years' time, he probably still used a lot of time to increase his cultivation realm!"

"What? Upper Lesser Sublime Heaven?"

That transformation powerhouse's voice got louder and louder, almost overshadowing Ye Yuan two people's fighting sounds.

It could be seen how strong his shock currently was.

When He Yunxiang, he was actually also in mayhem in his heart.

Prior to this, he did not understand the world of transformation powerhouses.

He thought that upon entering transformation, one would be a top powerhouse.

Only all the way until Ye Yuan rampaged in all directions did he know that transformation was merely just learning the rudiments.

One law and three laws, the difference was too great.

Of course, three laws and five laws, the difference was likewise immense.

Furthermore, comprehending was one thing, perfecting was another thing altogether.

This process was extremely long, but Ye Yuan only used two years, maybe even less than two years' time, and completed it!

Amidst the shock of the numerous transformation powerhouses, Ye Yuan two people's battle also entered a white-hot stage.

The two people fought until they were locked in a struggle, truly evenly matched.

Ye Yuan's Great Dao was perfected and had no weakness to exploit. But it was weak in that the time spent was short; hence, it was not as strong as Han Yi.

While Han Yi was strong, the five elements had not reached the realm of perfection.

He was still a hair's breadth away from five elements consummation.

Most likely, it was also precisely because of this hair's breadth distance, that he had been reluctant to ascend all along.

If the foundation was not solid, when he ascended to Greater Sublime Heavenly Stratum, this shortcoming of imperfection would become more and more of a hindrance.

This was what he was not willing to see.

But at this time, he was forced to the limit by Ye Yuan!

Facing Ye Yuan's formidable Dao of Universe, Han Yi unleashed all of his abilities.

He could not slack off in the slightest!

A moment of carelessness and he would be defeated!

He had become the chief holy lord for so many years, and yet it was still his first time encountering such a formidable opponent.

Invincible was always the loneliest.

These few years, he yearned for an opponent too.

But sadly, there was none!

The realm that he had reached was too high.

In reality, the second holy lord and third holy lord below him had already changed one batch after another.

But he stood steadfast.

Because those people's potential had already been exhausted. There was already no need to cultivate anymore.

But he was not!

He knew that he could perfect his five elements transformation even further and greatly improve his strength.

But sadly, he was lacking an opportunity!

All the way until today, he discovered that this opportunity finally came!

Ye Yuan was simply the gift that Heaven gave him!

Under Ye Yuan's frenzied battle, his five elements rule that had already not moved for hundreds of years finally showed signs of loosening!

This discovery made him wildly ecstatic.

Did he not want to ascend?

Of course, he wanted to!

Who would willingly be just a Lesser Sublime Heavenly Stratum all their lives?

But he was reluctant to submit!

Not perfecting the five elements, he would leave behind regrets in the Lesser Sublime Heavenly Stratum realm.

This regret would be magnified more and more along with the increase in cultivation realm.

Bang, bang, bang ...

In a flash, the two people had exchanged blows no idea how many times.

That ever-changing application of rule, the bedazzling fighting techniques, all these made the onlookers see things in a blur.

Boom!

No idea how long had passed either, after the two people had a violent clash, they each stopped.

Ye Yuan and Han Yi were both panting heavily at this time, their auras chaotic, almost collapsing.

Clearly, the two of them had unleashed their abilities to the limit.

Then, it fell into a death-like silence on the Holy Mountain. Only the two people's panting sounds were reverberating.

These two people looked at each other just like that.

"Hahaha ..."

Suddenly, the two people started laughing loudly at the same time.

Ye Yuan said, "Didn't you say 30 moves? Now, it's been more than 3000 moves, right?"

Han Yi laughed loudly and said, "Alright, I admit that I postured too much! You are an opponent bestowed upon me by Heaven!"

Ye Yuan also smiled and said, "Likewise! Your five elements aren't at the level of perfection and are precisely in need of tempering. No wonder you refused to ascend! If it were me, I wouldn't be willing either!"

Han Yi disregarded his image and plopped his bottom onto the ground and said, "No choice. My power of rules reached a bottleneck, and I haven't been able to break through all along. I can only live a life of being a local despot here."

Ye Yuan also sat down on the ground and said smilingly, "So, you made a Holy Mountain to posture; so it's in order to wait for an opponent?"

Han Yi nodded and said, "That's right. But there are far too few people capable of five laws transformation, I've never been able to wait for an opponent that I want! Seeing that you were three laws transformation, I was disappointed in my heart."

Ye Yuan smiled and said, "In the end, I didn't disappoint you, right?"

Han Yi laughed and said, "Disappoint? *Haha*, every pore on my body is being ignited right now! *Oh*, right, still don't know your name, Brother!"

"Ye Yuan!"

"Okay, Ye Yuan, ten days later, fight again here!"

Ye Yuan nodded his head and said, "Just so!"

Finished saying, Han Yi got to his feet and went straight up the mountain.

After Ye Yuan got up, he removed the poison formation, and walked down the mountain.

Everyone had baffled looks, these two people fought and became friends?

"Could this be the legendary, friends are made after a fight?"

"No, wait! It should be a hero valuing another hero! They really met their match!"

"These two people are both of peerless aptitudes; their strength is evenly-matched. Such an opponent is hard to come across in ten thousand years!"

... ..

Many people gave birth to vicissitudes of emotion in their hearts.

It was hard to meet a confidant in life, but it was even harder to meet an opponent in life!

The logic of an expert being lonely, this was not what most people had the qualifications to experience.

These two people finally found their match!
