

## Medicine God 2631

### Unrivaled Medicine God

#### Chapter 2631: Proof!

Duan Yongchun's gaze turned dark, and he looked toward Feng Xuanyi and said, "Sect Master Feng, don't blame me for not giving you face! If your Martial Secure Heavenly Sect doesn't give this elder an explanation today, don't blame this Duan for not being courteous!"

While talking, Duan Yongchun's aura suddenly erupted, looking toward Ye Yuan with an unfriendly expression.

Feng Xuanyi's expression changed, he knew that Duan Yongchun really got angry.

But Ye Yuan was indifferent and said coolly, "An idiot like you, don't know how you became an elder! You want an explanation? Fine, I'll explain it to you! Wu Chengchao, come in!"

Ye Yuan's voice passed right through the great hall.

Very soon, Wu Chengchao came in.

Wu Chengchao was just a sect protector. He did not have the qualifications to take part in this level of alliance meeting.

However, Ye Yuan specially summoned him over.

Seeing Wu Chengchao, everyone was very puzzled.

"Wu Chengchao pays respect to the sect masters and elders!" Facing so many Jade Sovereign Heaven powerhouses, Wu Chengchao's expression was somewhat pale.

"Ye Yuan, what's the meaning of you calling a sect protector here?" Duan Yongchun said in a solemn voice.

Ye Yuan ignored him, turned to Qu Yan, and said, "Elder Qu, are you interested in fighting a match with our Martial Secure Heavenly Sect's grade three heavenly alchemist?"

Qu Yan raised his eyebrows, obviously a little surprised.

He was Myriad Manifestation Heavenly Sect's elder and also Myriad Manifestation Heavenly Sect's one and only grade four heavenly alchemist, he naturally had the qualifications to be here.

But he did not expect that Ye Yuan actually had him compete in alchemy with a Martial Secure Heavenly Sect protector.

If it was Ye Yuan taking action, he would naturally directly surrender.

But, against a puny little grade three heavenly alchemist, he did not take him seriously.

Qu Yan smiled and said, "Looks like Elder Ye feels that this old man isn't his match?"

Ye Yuan was not reserved either, nodding as he said coolly, "That's right! Wu Chengchao was single-handedly trained by me. You're not his match!"

Murmur!

There was an uproar in the great hall.

This boy was also too not low-profile!

Did you think that everyone was a genius like you?

Ye Yuan had not entered the sect for a long time either. It was merely a short ten years.

Considering this period, he was not in the sect for a very long time.

Ye Yuan casually taught Wu Chengchao, and then he could deal with Elder Qu Yan?

Highly boastful!

*"Hahaha?...* It's hilarious! Ye Yuan, is it possible that you saw that the current atmosphere was very depressing and are deliberately trying to diffuse the tense?" When Duan Yongchun heard that, he could not help laughing loudly.

Ye Yuan looked at him with a smile that was not a smile and said coolly, "Elder Duan, when I competed in alchemy with the Pill Alliance's Holy Son, I signed an origin divinity curse. Why don't you try it too?"

Duan Yongchun's expression changed, and he immediately shut up.

Although he did not feel that Wu Chengchao could win in his heart, but agreeing to an origin divinity curse because of this sort of thing, he would be pretty much insane.

Seeing Duan Yongchun's expression, Ye Yuan said with a cold smile, "If you don't dare, shut up! Elder Duan, no one will treat you as a mute!"

"You!" Duan Yongchun choked up until he could not speak.

Qu Yan looked at Ye Yuan rather surprisedly, not understanding where Ye Yuan's confidence came from.

He naturally knew about Wu Chengchao. The five great heavenly sects only had few famous heavenly alchemists. Even so, who did not know the others?

No matter how terrible Wu Chengchao was, he was, at any rate, a grade three heavenly alchemist too. He could barely manage to enter Qu Yan's sights.

It was just that in his view, Wu Chengchao's strength was very average.

In fact, he belonged to the low-end among the five great heavenly sects' grade three heavenly alchemists.

Such a guy was casually trained by Ye Yuan for a few dozen years and he could defeat him?

He did not believe it!

"Since Elder Ye has this intention, fine then. What's the harm in this old man taking action once?" Qu Yan said.

Actually, Qu Yan admired Ye Yuan very much.

An ascender whose affinity was only one point being able to reach this point, it was simply outrageous to hear.

Qu Yan's affinity was very high. That was how he could reach the realm of grade four heavenly alchemist.

Ye Yuan's appearance could be said to be a milestone figure to ascender heavenly alchemists.

If there was an opportunity, he would naturally be willing to ask Ye Yuan for advice or two.

As for why Ye Yuan was so strong, as a grade four heavenly alchemist, Qu Yan naturally wanted to know very much.

Therefore, he gave Ye Yuan some face!

"This ... Ye Yuan, can Wu Chengchao do it?" Feng Xuanyi pulled Ye Yuan to one side and could not resist asking.

He also did not expect Ye Yuan to suddenly pull an unusual move, to actually make Wu Chengchao go against Qu Yan!

He had confidence in Ye Yuan, but Wu Chengchao ... he really did not have much confidence.

One had to know, these few years, Martial Secure Heavenly Sect's heavenly medicines were scarce. Wu Chengchao did not have that many heavenly medicines to practice as well.

Ye Yuan smiled and said, "Sect Master rest assured, Ye Yuan won't mess around. Wu Chengchao's current strength is definitely above Qu Yan's!"

Although Ye Yuan said it with certainty, Feng Xuanyi was still not confident.

When this scene landed in Duan Yongchun's eyes, there naturally could not dispense with a bout of cold sneers.

If Wu Chengchao won, then things could naturally be discussed.

But if Wu Chengchao lost, this matter could be seized on to make an issue out of it!

In his view, the Pill Alliance was not very aggressive and would not take part in the Five Great Heavenly Regions' struggles.

How could an alchemy faction have such great ambitions?

The main hall was very large, the alchemy battle venue was in the center of the main hall.

All of the elders could see the two people compete in alchemy clearly.

Qu Yan's strength naturally went without saying.

When grade four heavenly alchemist was put out there, no matter how weak he was, he could not be that weak.

Rather, it was Wu Chengchao, no one was optimistic about him at all.

These two people's alchemy battle was not as earthshaking as Ye Yuan and Holy Son.

It could be said that it was all within the scope of mortals.

Therefore, until that moment when the medicinal pill's quality came out, there was no way to tell who was stronger.

After several hours, the two people's grade three heavenly pills came out of the furnace respectively.

The heavenly pill was chosen by Ye Yuan, grade three Foundation Establishment Heavenly Pill!

When Qu Yan's heavenly pill was put on the Cloud Mount Mother Stone, the scale reached upper seventh grade very quickly!

This result naturally attracted a series of exclamations.

"Haha, good, indeed well-deserving of being Master Qu Yan, his skills are extraordinary!"

"A grade three Foundation Establishment Heavenly Pill being able to reach upper seventh grade, it already exceeded the limits of a grade three heavenly alchemist!"

"*Heh heh*,?I don't believe that he, Wu Chengchao, can reach eighth grade!"

... ..

When many elders saw this result, they all had gloating faces.

Clearly, Wu Chengchao's Foundation Establishment Heavenly Pill did not reach ninth grade. Then, only by reaching eighth grade, could he suppress Qu Yan.

This was virtually impossible to a grade three heavenly alchemist.

Actually, Wu Chengchao himself was also not confident.

In the past 20 years, Martial Secure Heavenly Sect did not have sufficient grade three heavenly medicines for him to practice at all.

But, he did not spend his days in a muddle-headed manner.

These 20 years, he used even more time to study grade two heavenly pills and grade one heavenly pills.

These methods were all taught to him by Ye Yuan.

Wu Chengchao did not feel resentment because Ye Yuan made use of him.

On the contrary, he was very grateful to Ye Yuan.

Because he could see his own improvement in alchemy path strength!

With a flustered feeling, Wu Chengchao moved his own grade three Foundation Establishment Heavenly Pill onto the Cloud Mount Mother Stone.

The scale skyrocketed!

The moment when the scale stopped, the entire hall cried out in exclamation!

“Middle eighth grade! This ... How is this possible? Based on Wu Chengchao’s strength, he can actually cultivate the grade three Foundation Establishment Heavenly Pill to middle eighth grade!” Duan Yongchung cried out strangely with a look of disbelief.

### Unrivalled Medicine God

#### **Chapter 2632: Convincing!**

A salted fish had a day where it gained a new lease on life too!

Even Wu Chengchao himself also did not dare to believe this result in front of him.

Look at the surprised expression on his face and one would understand.

"W-When did I become so strong?" Wu Chengchao looked at his own two hands as he said with a look of disbelief.

Ye Yuan smiled and said, "It's not that you're strong, but that they are too weak! Your current strength is not even as good as those establishment lords that I challenged!"

Hearing this, Qu Yan's old face could not help turning red, immediately feeling a little angry from embarrassment.

But, on second thought, what Ye Yuan said was the truth too.

Compared to the likes of Ye Yuan and Cang Yongning, he was really far too lacking.

One had to know, he was already a grade four heavenly alchemist, but he was not as good as a grade two heavenly alchemist in refining grade two heavenly pills.

The difference in between was not just an iota.

Ye Yuan looked at Duan Yongchun and said with a cold smile, "Elder Duan, don't know if you're satisfied with this explanation or not?"

Duan Yongchun's face turned black and he said with a cold snort, "What can this explain?"

Ye Yuan smiled and said, "Can't even tell from this, that's why I called you stupid!"

"You!" Duan Yongchun nearly lost it.

Ye Yuan ignored him, but had a serious expression as he said in a solemn voice, "Calling everyone stupid might sound a little nasty, but this is how things stand!"

One sentence made the expressions of these elders become even uglier.

However, Ye Yuan did not care at all and continued, "Why does the Pill Alliance sell medicinal pills to you all, but also cherish their heavenly medicine techniques? If not for the holy son making a move, you all, these Jade Sovereign Heaven powerhouses, probably won't even know that there's true grade, right? Use your brain slightly to think and you'll also know that there are malicious motives being covered up here!"

"The hostility between native powerhouses and ascenders has been long-standing. If Zhuo Bufan had the same thought as you guys back then, pinning hopes on that native powerhouses will coexist in peace

with you all, then there also wouldn't be today's Five Light Heavenly Region anymore! Or is it that you all have ascended for too long and already take yourselves to be a native faction? It's just that, you take yourselves to be a native faction, but do others treat you as their own people?"

Ye Yuan's words were naturally filled with ridicule.

The words were harsh, but the logic was not wrong.

Got to admit, these people indeed had this kind of mentality that was making mischief.

They naturally would not think that they were native powerhouses. But the long period of peace had ground away their spirit.

They were already not those ascenders back then long ago!

There were reasons why ascenders were powerful. Firstly, it was because their road toward their present status was filled with trials and tribulations. Secondly, it was because of the Rainclear Continent's environment.

The Five Great Heavenly Regions were extremely hostile towards ascenders, this also left ascenders no choice but to rise up in resistance.

But Zhuo Bufan won over a great heavenly region and let ascenders have a place to rest.

Hence, people started living a peaceful life after achieving some small accomplishments, feeling satisfied and content.

It was also precisely because of this mentality that propagated the attitudes of the likes of Duan Yongchun.

*"Huhu, what's most laughable is that the five great heavenly sects are of the same breath and branch. In the end, the Martial Secure Heavenly Sect was boycotted by the Pill Alliance, there was actually not one sect that lent a helping hand! It seemed like the Martial Secure Heavenly Sect getting destroyed will give you all a great deal of benefits! Have you guys thought before, that the Pill Alliance wants to crumble the five great heavenly sects through precisely this kind of means? Today, it's the Martial Secure Heavenly Sect. Tomorrow ... will it be your Myriad Manifestation Heavenly Sect?"*

These words made the faces of the four sects' sect masters become unnatural.

They only made up their minds to fall out with the Pill Alliance because of Ye Yuan's rise too.

If not for this, they really would not have been able to make up their minds.

Prior to this, they indeed had the thought of protecting personal interest and staying out of trouble.

But Ye Yuan and Cang Yongning's alchemy battle directly swept them in and forced them to break away from the Pill Alliance.

Ye Yuan's gaze was scorching as he continued: "That's right! Breaking away from the Pill Alliance now will indeed have a pain period for a while! But if we don't experience this period of pain, ascenders will never be able to lift our heads up! Yes, my current strength is indeed inferior to the chief of the Pill

Alliance! But how can you dare say with certainty that I'll be inferior to him in the future? If the Holy Son came into being, can you imagine that there would be an ascender heavenly alchemist to defeat him?"

"As for grade four heavenly alchemists, this isn't a problem at all! You guys have seen Wu Chengchao's strength too! I have the confidence to let him reach the realm of grade four within ten years! Moreover, we still have Qu Yan and Dong Rui, the two elders. Their realm is already there. It's just that their foundation isn't stable. As long as they join the Pill Pavilion, this Ye dares to guarantee to let them take out heavenly pills that won't lose to the Pill Alliance within 30 years!"

These words made the five great sect masters shudder all over!

What they wanted was this!

It was just that in their view, while Ye Yuan was formidable, it was far too difficult to make others reach Ye Yuan's realm. This was why they were somewhat lacking in confidence.

"Elder Ye, is this true?" Yang Jie could not resist asking.

"Yeah, Elder Ye, you can't make this joke in front of all of the elders!" Feng Xuanyi also said rather worriedly.

Even Qu Yan was also somewhat nervous as he said, "Elder Ye, can this Qu really do it?"

Ye Yuan just smiled and said, "Elder Qu, you don't need to belittle your own capability! Actually, you guys merely had both eyes hoodwinked by the Pill Alliance! Under such shallow and ignorant circumstances, you guys could still reach the realm of grade four heavenly alchemist. Your alchemy path talent is likely even stronger than the Pill Alliance's elders! It's just that you guys didn't know the right way to cultivate. That's all! As long as you guys join the Pill Pavilion, this Ye dares to guarantee to let your strength be reborn anew within 30 years!"

Ye Yuan was naturally not saying these with all talk but no promises. In reality, he already had a score in his heart when he observed Qu Yan refining the pill just now.

Wu Chengchao's talent was pretty good too.

But Qu Yan's talent was significantly stronger than Wu Chengchao.

The things that Wu Chengchao could do, if Qu Yan wanted to do them, it would not take much time at all.

Just as grade one Foundation Establishment Heavenly Pill, for example, Ye Yuan spent nearly 20 years' time in order to cultivate it to the extreme back then.

But to Qu Yan, probably spending a few months' time would be enough.

It was just that they did not know the right method.

The words made Qu Yan feel like a maiden with love in the air, his heart going pit-a-pat.

Virtually without thinking, Qu Yan said, "Okay, I'll join the Pill Pavilion!"

At this time, Dong Rui also stood up and said, "This old man joins the Pill Pavilion too!"

With four grade four heavenly alchemists joining the Pill Pavilion at the same time, this weight became heavy!

To ascenders, these two were solitary seedlings. Their statuses were evident at a glance.

In the sect, the two of their statuses even did not lose to the sect master.

Yang Jie's gaze swept across everyone's faces and he said coolly, "Who else has objections?"

Duan Yongchun opened his mouth, still wanting to say something. But in the end, he did not speak.

"Alright! Then this matter is settled like this! From today onwards, the five great heavenly sects will join forces and completely purge the Pill Alliance's forces out of Five Light Heavenly Region! In addition, we'll also exhaust the power of the five sects to help strengthen the Pill Pavilion! Ye Yuan, whatever your Pill Pavilion needs, feel free to open your mouth! But, all jokes aside, if the big talk that you boasted today isn't realized in the future, don't blame this sect master for not being courteous!" Yang Jie said in a loud voice.

### [Unrivaled Medicine God](#)

#### **Chapter 2633: Can You Reserve Three for Me?**

After the Shangyu alliance meeting, the five great heavenly sects started mopping up.

However, the Pill Alliance's withdrawal was also within expectations.

As if overnight, all of the Pill Alliance's forces became devoid of people.

Having orders executed without fail like this, it also made the five great sect masters secretly heighten their vigilance.

This Pill Alliance was not simple!

The Pill Pavilion officially went into operations and recruited disciples with the name of the five great heavenly sects.

Ye Yuan was the first Pill Pavilion's pavilion lord, his status equivalent to the five great heavenly sects' sect masters!

For some time, the Pill Pavilion's limelight had no equal.

Very soon, Ye Yuan published a series of measures and established a complete set of measures within the boundary of the Five Light Heavenly Region, replacing the gap left behind by the Pill Alliance's withdrawal.

With regards to this set of measures, Ye Yuan was long already very accustomed to this due to his past experiences when in the Lower Realms.

So when he executed it, it went very smoothly.

And these measures also gained instant results, letting the Pill Pavilion gain a firm foothold very quickly.

The status of the Pill Pavilion was established swiftly and it also made the five great sect masters and each sect's elders secretly speechless, marveling at Ye Yuan's ability to be in control.

Different from the Pill Alliance's cherishing of their own belongings, the Pill Pavilion was completely open-style.

Firstly, the five great heavenly sects' heavenly alchemists could browse the Pill Pavilion's pill formulas and heavenly medicine techniques unconditionally.

As for some of the other factions' heavenly alchemists, after confirming their loyalty, it would also be released to varying degrees.

In fact, Ye Yuan even invited the Myriad Manifestation Heavenly Sect's formation master, cracking the few pieces of jade slips that Zhong Jianchou left behind, sharing it to the Pill Pavilion.

With regards to the five great heavenly sects' valuable pill formulas, heavenly medicine techniques, and such, Ye Yuan carried out a tidying-up effort and consolidating them, and categorizing them into different classes.

It was equivalent to establishing the cultivation system of ascender heavenly alchemists anew.

His series of moves made the heavenly alchemists prostrate on all fours in admiration.

Very soon, Ye Yuan gained extremely high prestige among these heavenly alchemists.

In addition, the appearance of the Pill Pavilion also made the five great heavenly sects band up together tightly.

All of these changes made the five great heavenly sects take on a completely new outlook.

In the ninth year, Wu Chengchao broke through to Jade Sovereign Heavenly Stratum, becoming the third grade four heavenly alchemist of the five great heavenly sects!

And at this time, there was still over one year left from the 20-year deadline that Ye Yuan had once said.

No one in the Martial Secure Heavenly Sect from top to bottom dared to criticize or comment anymore.

Even Shi Feiyu and Head Elder also shut their mouths sensibly.

As for Han Qianyun, he even had his position of protector taken away by the sect, his cultivation sealed. He was detained at the Remorse Cliff, disciplining him as a warning!

By the 20th year, three more people broke through to grade four heavenly alchemist consecutively!

The Pill Pavilion's grade four heavenly alchemist grew to as many as six people all at once.

As for grade three and grade two heavenly alchemists, a blowout-style eruption also emerged.

Clearly, Ye Yuan's influence on the Pill Pavilion already gradually formed an effect.

It seemed as if the Five Light Heavenly Region had entered a period of revitalization, everything was moving towards prosperity.

But, it was also right at this time, that there was a sudden turn of events!

Apart from the Myriad Manifestation Heavenly Sect, the other four major sects were being continuously harassed by the four great heavenly regions.

The frontier area was in constant chaos.

Very clearly, the four great heavenly regions could not hold back anymore.

"Sect Master, I said it long ago, can't do things like this! At least, can't shed all pretenses of cordiality with the Pill Alliance for the time being! Now, I hit the mark, right? That bullshit Pill Pavilion seems to be doing really well, but until now, they can't bring out a decent heavenly pill! The heavenly pills that Qu Yan refined are still significantly worse when compared to the Pill Alliance's heavenly pills! *Heh*, I want to see how that boy gets through it when the time comes!" In Myriad Manifestation Heavenly Sect's main hall, Duan Yongchun said with a sneer on his face.

With the four great heavenly regions launching an attack at the same time, the border hostilities were intensified.

As the central sect Myriad Manifestation Heavenly Sect, it was naturally impossible to look on with folded arms.

At this time, the various great elders were gathered here to discuss this matter.

But since the beginning, Duan Yongchun already pointed the spearhead at Ye Yuan, feeling that this matter was entirely caused by him.

Even after 20 years had passed, he was still an advocate of peace.

Of course, this was also because the quality of the grade four heavenly pills that Qu Yan they all refined kept failing to improve.

When it reached grade four heavenly pill this level, how could wanting to improve by a little be that easy?

And this also gave Duan Yongchun a handle for gossip.

With Duan Yongchun jumping like this, Yang Jie was very irritated too.

The results that the Pill Pavilion had obtained, that was obvious to all.

As long as the Pill Pavilion was given enough time, the Pill Pavilion would definitely be able to reach the point where they could contend with the Pill Alliance.

Yet, Duan Yongchun this fellow was indifferent to it!

Yang Jie said impatiently, "Elder Duan, it's only been 20 years! Do you think that grooming heavenly alchemists is like kids playing house? Let alone, it's grade four heavenly alchemist!"

Duan Yongchun smiled coldly and said, "It's indeed not playing house, but now, the Pill Alliance won't give us time! I want to ask Sect Master; once a full-scale war is launched, with our five great heavenly sects' current strength, can we be the four great heavenly region's match? Let alone that there's even a Pill Alliance casting covetous eyes at the back!"

The matter this time, no need to guess and one would also know that it was the Pill Alliance manipulating at the back.

In reality, the five great sect masters were all secretly shocked.

They did not expect that the Pill Alliance's power and influence actually already had such a deep influence!

At present, the four great heavenly regions' various major sects were in an even greater state of disunity.

For the Pill Alliance to be able to consolidate the four great heavenly regions together, it served to show the terror of its strength.

The five great sect masters were also greatly troubled because of this.

Got to admit, Duan Yongchun's words struck Yang Jie's sore spot.

Seeing Yang Jie keep quiet, Duan Yongchun sneered even harder and said, "If we did it according to what I originally had in mind, the five sects pretending to be polite and compliant with the Pill Alliance first, after an even more talented powerhouse rises, he'll be able to replicate Lord Zhuo's miracle back then! But now, the Pill Alliance won't give us the chance anymore!"

"Enough! Elder Duan, since you look down on the Pill Pavilion so much, then if you have the capabilities, don't take a single one of the Pill Pavilion's heavenly pills in the future!" Yang Jie said angrily.

Duan Yongchun laughed loudly when he heard that and said, "Sect Master, don't you worry! I've never taken a single one of the Pill Pavilion's heavenly pills before in the past! In the future, I definitely won't take a single one as well! My meaning is still this; Hand Ye Yuan over, and exchange for temporary peace!"

Yang Jie was just about to fly off the handle, but a subordinate came to report.

The Pill Pavilion sent people to deliver a large batch of heavenly pills over!

The person escorting the heavenly pills was precisely Myriad Manifestation Heavenly Sect's grade four heavenly alchemist, Qu Yan!

"Elder Qu, have you been well?" Seeing Qu Yan, Yang Jie had an excited look too.

After Qu Yan bowed, he smiled and said, "Many thanks for Sect Master's concern. This old man is very well! This time, I was entrusted by Pavilion Lord to escort a batch of heavenly pills over, and I want the sect to send troops to support the four sects!"

Hearing this, Duan Yongchun laughed coldly.

But Yang Jie's eyes flashed, and he asked, "*Oh?* I wonder what Pavilion Lord Ye has done this time?"

Qu Yan smiled and said, "Pavilion Lord Ye personally took action this time! Even this old man hasn't seen him take action for more than ten years too! The moment he made a move, it's earth-shattering!"

Qu Yan's words made Yang Jie's mind quiver.

Yang Jie received the list and took a look and could not help drawing a cold breath.

"True grade Fire Unicorn Heavenly Pill, 50 of them! True grade True Marrow Heavenly Pill, 50! True grade Primordial Star Astral Pill, 30 ..." Yang Jie recited the names from the list. The expressions of the elders present changed one after another.

All true grade pills!

Duan Yongchun's face alternated between red and green, appearing extremely conflicted.

Suddenly, he seemed to have made up his mind. Opening his mouth, he said, "Sect Master, that ... the Primordial Star Astral Pills, can you reserve three for me?"

### Unrivaled Medicine God

#### **Chapter 2634: Eruption! Hidden Worries!**

Concerning the Primordial Star Astral Pill, being a grade two heavenly imperial pill, the medicinal effect was comparable to grade three heavenly pills!

A powerful heavenly pill that consolidated the small world and consolidated one's cultivation realm.

Duan Yongchun was extremely talented, but his three grandsons had average aptitudes.

At present, these three people were all stuck at peak Greater Sublime Heavenly Stratum, and have been unable to break through.

True grade Primordial Star Astral Pill was simply a panacea to the three of them.

Duan Yongchun did not know how strong the medicinal effect of true grade was, but without a doubt, it would be unbelievably strong!

Therefore, when he heard that true grade Primordial Star Astral Pill, the self-slapping law activated.

He knew that when he said it at this time, it slapped his own face very hard.

But for the sake of his three grandsons, he was risking it all.

Sure enough, Yang Jie looked at Duan Yongchun with a smile that was not a smile and said smugly, "Elder Duan, didn't you say earlier that you won't take a single one no matter what?"

Duan Yongchun's old face turned red, and he said, "Ye Yuan this boy really mustered up a big move! I also didn't expect that he actually took out so many true grade heavenly pills all at once!"

Yang Jie nodded slightly, expressing agreement.

In reality, he was shocked by this list too.

Taking out several hundred true grade heavenly pills in one go, this was absolutely a big move.

Although these heavenly pills had little effect on Jade Sovereign Heaven powerhouses, to Lesser Sublime Heavenly Stratum, even Limitless Sublime Heavenly Stratum, they held extraordinary significance.

This batch of heavenly pills could definitely create a large batch of powerhouses.

The world knew that Ye Yuan could refine true grade heavenly pills.

It was just that, the true grade that Ye Yuan refined back then was also just the Foundation Establishment Heavenly Pill, this sort of basic heavenly pill.

There was still a huge gap from wanting to refine heavenly imperial pills to true grade.

However, they all did not expect that in a short 20 years, Ye Yuan's improvement would actually be so big!

"In that case, you don't have objections about the Pill Pavilion anymore?" Yang Jie said with a serious face.

Duan Yongchun chuckled and said, "No objections! Of course, no objections! That, Elder Qu, you have to buck up too!"

Qu Yan smiled and said, "Elder Duan, don't panic. This old man also has some gifts here!"

The moment these words came out, Duan Yongchun and Yang Jie were both surprised.

As he said, Qu Yan also took out a list and passed it to Yang Jie.

After Yang Jie looked, he could not help turning pale from shock and said, "Elder Qu, these ... these heavenly pills are all refined by you?"

Qu Yan nodded and said, "These few years, under Master Ye's guidance, this old man's strength had great advancements! Especially these two years, it even reached an eruption period!"

The heavenly pills on the list were all grade four heavenly pills. Furthermore, the quality was very high.

Although there was still a gap compared to the Pill Alliance's grade four heavenly pills, the difference was already not big anymore.

After all, it was also impossible for the grade four heavenly pills that the Pill Alliance took out to sell to be the best.

At the rate of this progress, Qu Yan surpassing the Pill Alliance's grade four heavenly pills within ten years could be easily accomplished!

Duan Yongchun opened his mouth wide, having a look of shock on his face.

Honestly speaking, he completely did not believe that Ye Yuan made Qu Yan's strength reach this level within 30 years.

Grade four heavenly alchemists were not grade one heavenly alchemists, the latter having very obvious improvements if any.

Without the accumulation of time, how could wanting to improve be so easy?

It was just that he never thought that he was still questioning just now and Qu Yan already returned to slap his face.

Yang Jie even noticed that Qu Yan's term of address for Ye Yuan already underwent a change.

A grade four heavenly alchemist actually called Ye Yuan as Master Ye, it could be seen that Qu Yan was really prostrating on all fours in admiration towards Ye Yuan!

Terrifying!

Seemingly seeing through the two people's surprise, Qu Yan smiled and said, "Sect Master, Elder Duan, you guys rest assured. With the Pill Pavilion's current strength, we'll be able to stand up to the Pill Alliance as an equal before long! And currently, we completely don't need to rely on the Pill Alliance anymore. In the future, when Master Ye breaks through to grade three heavenly alchemist, even grade four heavenly alchemist, a mere Pill Alliance will probably be merely thus too!"

These 20 years, Qu Yang had long already been brought into submission by Ye Yuan's monstrousness.

In reality, after learning about Ye Yuan's cultivation method, Qu Yan's sense of mysteriousness toward Ye Yuan immediately reduced a lot.

After all, hard work this sort of thing was what anyone could do.

Even Wu Chengchao could reach that step. So it was naturally not a problem for him, Qu Yan.

But along with the passage of time, he discovered that it was not the case at all.

This cultivation path was easy to learn but hard to master!

Just like when he refined grade one Foundation Establishment Heavenly Pill, he could reach grand completion ninth grade very quickly.

But, ninth grade perfection, he spent a tremendous amount of effort and had never been able to reach it.

Only at that time did Qu Yan know what kind of gap was there.

He could not even reach ninth grade perfection, let alone talk about true grade.

All the way until Ye Yuan came out of seclusion this time and took out a bunch of true grade heavenly pills, the Pill Pavilion was thoroughly stirred.

True grade was already not something that was far beyond reach to Ye Yuan.

Qu Yan thought that he could catch up to, even surpass Ye Yuan very quickly.

But 20 years had passed. Qu Yan understood that not only did he not surpass Ye Yuan, but he also opened up an even greater distance instead.

"Good! Good! Good!"

Yang Jie said three 'good's in a row and exclaimed, "Looks like us five sect masters didn't misjudge him! The pleasant surprise that this kid gave to us is even bigger than imagined! Since even Elder Duan isn't objecting, our Myriad Manifestation Heavenly Sect's disciples will support the four sects from now on!"

... ..

The heavenly pills outputted by the Pill Pavilion completely exploded!

For some of the five great heavenly sects' core forces, their strength and combat power soared after taking the true grade heavenly pills.

Without any surprises, their combat power on the battlefield also increased crazily.

The strength of ascenders stood head and shoulders above all others to begin with. Now, with the help of true grade heavenly pills, they overwhelmed native powerhouses even more.

On the frontline battlefield, the four great heavenly regions steadily lost ground.

The morale of the Five Light Heavenly Region's five great heavenly sects was unprecedentedly high.

Only at this time did people realize what a wise thing it was to decide to set up the Pill Pavilion back then.

But in the Pill Pavilion Ye Yuan's brows were knitted tightly together.

When Feng Xuanyi saw his expression, he could not help being very puzzled and asked, "Ye Yuan, we've won a complete victory presently and killed the five great heavenly regions until they are filled with trepidation. The name of Pill Pavilion has also shocked the Five Great Heavenly Regions. Why are you still frowning like this?"

Ye Yuan let out a sigh and said, "Sect Master, you've witnessed the power of true grade too, right?"

Upon mentioning this, Feng Xuanyi immediately perked up and said with a smile, "Of course! True grade heavenly pills are truly remarkable! The strength of many of the five great heavenly sects' Limitless Sublime Heavenly Stratums soared after consuming your heavenly imperial pills! And they were also the main force of the great battle this time!"

True grade heavenly pill was not just increasing strength, being that simple.

Its improvement of ascenders was all-around!

That was equivalent to integrating Dao rule into the martial artist's body.

This kind of power was unimaginable.

When Feng Xuanyi saw the power of true grade, he was incredibly moved too.

After Ye Yuan broke through in the future, he also had to sample the taste of this true grade heavenly pill!

But Ye Yuan was not as optimistic as Feng Xuanyi and said in a solemn voice, "Our five great heavenly sects' disciples have soared in strength within a few short months! But, the Pill Alliance has possessed true grade heavenly pills for a long time! Then how strong is the strength of the Pill Alliance's powerhouses? And how strong is the strength of the Pill Alliance's leader?"

One sentence made Feng Xuanyi's expression change suddenly!

[Unrivaled Medicine God](#)

**Chapter 2635: Hopeless Situation!**

“On the surface, our Five Light Heavenly Region has the upper hand. But you have got to know that up until now, the Pill Alliance hasn’t made a move!”

Ye Yuan’s words made Feng Xuanyi’s heart sink to the bottom.

The Pill Alliance, this faction, was seriously too mysterious.

But, without a doubt, it was very powerful!

It was just that currently, no one knew what on earth the Pill Alliance was trying to do.

This was what made Ye Yuan most uneasy.

But Ye Yuan had a feeling that the Pill Alliance probably came with unkind intentions!

“How strong do you think the Pill Alliance is?” Feng Xuanyi said in a solemn voice.

Ye Yuan’s expression was solemn as he said, “I originally thought that the appearance of this batch of true grade heavenly pills can force the Pill Alliance onto the stage! But I miscalculated! Therefore, the moment they make a move, it will probably shake the entire Rainclear Continent!”

Feng Xuanyi’s brows furrowed a little tighter.

Only until now did he know Ye Yuan’s thoughts.

It turned out that taking out this batch of true grade heavenly pills was in order to force the Pill Alliance out.

But until now, the Pill Alliance did not appear, which meant that they did not care at all!

Boom!

All of a sudden, the earth quaked and mountains shook. The entire Martial Secure Heavenly Sect started swaying.

Feng Xuanyi and Ye Yuan’s expressions changed greatly.

The two exchanged a glance and two words popped out of their mouths at virtually the same time, “The Pill Alliance!”

When the two arrived before the mountain, they were immediately stunned by the scene before their eyes!

In front of the sect protecting grand array, more than 100 Jade Sovereign Heaven powerhouses were currently accumulating their strength and preparing for the next attack.

And the sect protecting grand array in front of them was already teetering on its last legs!

Clearly, the power of the attack previously already brought the sect protecting grand array to the brink of collapse.

The entire Martial Secure Heavenly Sect was full of alarmed and panicky voices.

There was a large group of powerhouses in front of the mountain pass gates, surrounding the Martial Secure Heavenly Sect until not even water could seep through.

“Is this the power of the Pill Alliance? More than 180 Jade Sovereign Heaven powerhouses, what a big move!” Feng Xuanyi’s gaze was solemn to the extreme.

Sweeping a glance over, there were more than 180 Jade Sovereign Heaven powerhouses in an array.

For a Jade Sovereign Heaven powerhouse, each one was extremely hard to come across.

In the entire Martial Secure Heavenly Sect, there were also merely 40 over of them!

The vast majority of them were even just lower and middle Jade Sovereign heaven.

But the moment the Pill Alliance made a move, it was 180 people. The number was more than four times compared to the powerhouses from the entire Martial Secure Heavenly Sect!

Which was also to say that one Pill Alliance’s Jade Sovereign Heaven powerhouses, was virtually equivalent to the sum of the five great heavenly sects!

This contrast of power was simply too terrifying!

The Martial Secure Heavenly Sect’s powerhouses all sucked in a breath of cold air.

This mysterious to the extreme faction, finally revealed its fangs to the world today!

“Yunqing, immediately ask the four sects for help! Activate the reverse-transmission array and have them hurry over as soon as possible!” Feng Xuanyi said to the Luo Yunqing who rushed over.

But Luo Yunqing did not move. His expression being solemn as he said, “Sect Master, it’s useless! The transmission array between us and the four sects has already been destroyed! Right now, we’re fighting alone!”

Feng Xuanyi turned pale with fright and said, “What?! The nodal points of the transmission array are extremely secretive. Only our five great heavenly sects’ upper echelons know about it. How did they destroy it?”

The five great heavenly sects were very far apart and needed to pass through many spatial nodes to transit.

These spatial nodes were very hidden and belonged to the sect’s secrets.

Such a secretive thing was actually discovered by the Pill Alliance!

Ye Yuan frowned and said, “Looks like the Pill Alliance has been planning for a long time!”

Feng Xuanyi said furiously, “Damn it! They manipulated the four great heavenly regions to provoke us. It turns out that it’s in order to lure the tiger away from the mountain!”

These few years, the Martial Secure Heavenly Sect pretty much had close to half of its powerhouses on the frontier battlefield.

Right now, the powerhouses that were still in the sect were only half of their full strength.

The Martial Secure Heavenly Sect was in imminent crisis!

*Boom!*

Right at this time, brilliant divine essence fluctuations lit up in the sky.

Over 140 Jade Sovereign Heaven powerhouses attacked together. It was only to hear a loud noise. The sect protecting grand array directly fell apart.

Another earthquake!

The Martial Secure Heavenly Sect's disciples were in a constant state of anxiety.

Once the grand array was broken, more than 140 Jade Sovereign Heaven powerhouses slowly flew towards the top of the mountain.

That intense sense of oppression made people virtually unable to breathe.

A white-robed middle-aged man walked out slowly. A middle-aged man with a frosty expression even followed beside him.

Feng Xuanyi recognized the middle-aged man with a cold expression with a glance. The person was precisely Xiao Feibai who battled with the five great sect masters back then in Cloudarch Great Nation!

The white-robed middle-aged man was naturally Huangfu Cloudthink.

Huangfu Cloudthink looked toward Feng Xuanyi and said with a slight smile, "Sect Master Feng, let me introduce myself. This humble self is the Pill Alliance's deputy alliance chief, Huangfu Cloudthink! This one beside me, you should have fought with him before. He's my Pill Alliance's Heavenly Martial Hall's hall master, Xiao Feibai!"

Feng Xuanyi's expression was very ugly and he said in a solemn voice, "What's with all the crap! If you want to fight, then fight! Our Martial Secure Heavenly Sect inherited Lord Zhuo's ambitions and absolutely won't take a step back!"

Seeing this scene, Feng Xuanyi naturally would not be stupid enough to think that Huangfu Cloudthink came to chat with him.

This battle was already unavoidable.

Furthermore, Feng Xuanyi had an idea in his heart, it was likely impossible for the Martial Secure Heavenly Sect to escape its doom today!

The Pill Alliance schemed for a long time, causing such a big commotion.

Yet, the Martial Secure Heavenly Sect still did not have the slightest inkling!

This battle was not lost in vain!

But Huangfu Cloudthink smiled and said, "Sect Master Feng's personality is very strong! However, this alliance chief isn't very interested in Sect Master Feng. I wonder if Sect Master Feng can hand Ye Yuan over to me?"

The moment these words came out, everyone's gazes looked toward Ye Yuan.

The Pill Alliance came up with such a grand line-up, it was actually for Ye Yuan?

Many people let out a sigh of relief when they heard this.

If it was just for Ye Yuan, then there was still room to salvage the situation.

Feeling everyone's gazes, Ye Yuan's expression was calm.

Feng Xuanyi looked toward Ye Yuan rather surprisedly. But very soon, he gave a cold snort and said, "Don't play this with this sect master! Do you take this sect master to be a three-year-old kid? You Pill Alliance brought out such a grand line-up, I don't believe that it's just for a Ye Yuan!"

Huangfu Cloudthink still had not spoken and Shi Feiyu could not hold back first.

"Sect Master! The Martial Secure Heavenly Sect ended up at this point today, it's all the trouble caused by Ye Yuan! Already reaching this point, you're still protecting him?" Shi Feiyu rebuked angrily.

The head elder also said, "That's right! If not for Ye Yuan provoking the Pill Alliance time and again, the Martial Secure Heavenly Sect also wouldn't have today! Ye Yuan should take responsibility for today's matter!"

With these two people taking the lead, many of Martial Secure Heavenly Sect's elders all spoke up to reproach, expressing dissatisfaction towards Ye Yuan.

Seeing Martial Secure Heavenly Sect's internal strife, Huangfu Cloudthink just smiled slightly and did not speak, and also did not interject.

"All shut up for me!"

Suddenly, Feng Xuanyi roared angrily and interrupted everyone's words. He said in a solemn voice, "You fools, such an obvious plan to sow discord and you can't even discern it? That's right. They indeed came here for Ye Yuan, but it definitely won't be just for Ye Yuan! Already at this point, are you all still naive enough to think that by handing Ye Yuan over, the Pill Alliance will let our Martial Secure Heavenly Sect off?"

Feng Xuanyi was extremely disappointed in Shi Feiyu and Head Elder.

Very clearly, the Pill Alliance had planned for a long time with regards to the Five Light Heavenly Region!

Ye Yuan merely just happened to be there at the right time!

### [Unrivaled Medicine God](#)

#### **Chapter 2636: Great Battle Begin!**

"Sect Master Feng, you can't say that! As long as you all take the initiative to hand Ye Yuan over, and take the initiative to plant an origin divinity will, your Martial Secure Heavenly Sect will still be your Martial Secure Heavenly Sect! From now on, you'll be responsible for managing ascenders."

Huangfu Cloudthink still had a faint smile, but the words said made the Martial Secure Heavenly Sect from top to bottom feel a bone-penetrating chill.

Planting an origin divinity will, it was becoming the Pill Alliance's minion servant!

To proud ascenders, it was even more unacceptable than killing them!

Only then did people come to realize the truth. What Feng Xuanyi said was right. The Pill Alliance's goal was not just Ye Yuan.

Feng Xuanyi suddenly gave a cold laugh and said, "Your esteemed self wouldn't really think that my Martial Secure Heavenly Sect is easy to bully, right? Today, even if we fight until the last man, you all can forget about getting any bargain!"

As he said, a completely black long spear with electricity dancing around it appeared in Feng Xuanyi's hands.

The moment the long spear appeared, the expressions of everyone present changed.

Huangfu Cloudthink was not surprised and said with a smile, "Heavenly spirit treasure, Heaven Killing Battlespear, the lifeblood treasure of Martial Secure Heavenly Sect's founding ancestor, Chu Tiange! Back then, Chu Tiange followed Zhuo Bufan and relied on this Heaven Killing Battlespear to kill until the four great heavenly regions were terrified! Today, it finally sees the light of day once more?"

On the Rainclear Continent, treasures were divided into three levels, mortal spirit, earthly spirit, and heavenly spirit!

Heavenly spirit treasures were extremely seldom-seen existences on the entire Rainclear Continent.

When Ye Yuan saw the Heaven Killing Battlespear, he was stunned.

The undulations coming off from this battle spear were actually identical with his Heavenspan Mountain.

Ye Yuan could jump realms to kill an enemy by wielding the Heavenspan Mountain. It could be seen that this treasure was not at all inferior to it as well.

Feng Xuanyi snorted coldly and said, "You really know quite a bit!"

Huangfu Cloudthink smiled and said, "It's just a shame. Chu Tiange was a Saint Sovereign Heaven powerhouse of his generation. This battle spear can unleash 120% power in his hands. But you probably can't even unleash 70% of it!"

Above Jade Sovereign Heaven was Saint Sovereign Heaven!

It was just that at present, Saint Sovereign Heavens were already extinct on Rainclear Continent.

This step was far too difficult!

"It's enough to deal with you!"

Feng Xuanyi gave a cold cry, his body turning into a streak of electricity, shooting straight for Huangfu Cloudthink.

In order to catch bandits, round up the ringleader first!

This was the only lease of life that Feng Xuanyi saw!

However, right at the moment that Feng Xuanyi moved, Xiao Feibai moved too.

It was only to see his entire person transform into a sharp sword, clashing with Feng Xuanyi instantaneously.

*Bang! Bang! Bang!*

The two people instantly exchanged more than ten moves above the void.

Evenly-matched!

What made people despair even more was that the undulations of the sword in Xiao Feibai's hand were actually not the slightest bit inferior to the Heaven Killing Battlespear!

An elder cried out in despair, "Heavenly spirit treasure! The sword in that Pill Alliance powerhouse's hand is a heavenly spirit treasure as well!"

This Pill Alliance's strength was powerful until it made people lose all hope.

They even had heavenly spirit treasures.

"Your opponent isn't me!"

Huangfu Cloudthink had an indifferent look as he turned to Ye Yuan and said, "Ye Yuan, you killed the holy son. Are you willing to join my Pill Alliance and become the new holy son?"

"What?! The Pill Alliance actually wants Ye Yuan to directly become the holy son!"

"It turns out that they are not taking revenge for the holy son, but took a fancy on Ye Yuan's strength!"

"To be able to have the Pill Alliance take such great pains, Ye Yuan's alchemy path strength is likely not the slightest bit worse when compared to the Pill Alliance's powerhouses!"

... ..

Huangfu Cloudthink's words immediately caused an uproar in the Martial Secure Heavenly Sect.

They all thought that the Pill Alliance came to denounce publicly for crimes.

Who knew that the moment Huangfu Cloudthink opened his mouth, he actually wanted to solicit Ye Yuan.

For a moment, everyone looked over toward Ye Yuan.

Ye Yuan had no joy nor sorrow on his face, no inclinations could be seen.

After being silent for a moment, he suddenly opened his mouth and said, "If I agree, can the Pill Alliance let the Martial Secure Heavenly Sect off or not?"

Everyone trembled all over, after which, their eyes revealed hopeful looks.

But Huangfu Cloudthink shook his head and said coolly, "The Pill Alliance has the intention to unify the Five Great Heavenly Regions. However, the five great heavenly sects are stubborn and unruly. They are

the Pill Alliance's greatest stumbling blocks! Actually, the Pill Alliance's plan to devour the five great heavenly sects was currently being carried out systematically. But, your appearance completely disrupted our plans! If not for so, we also wouldn't resort to this plan, to forcefully attack the Martial Secure Heavenly Sect! What follows can't dispense with a bout of bloody battle!"

Huangfu Cloudthink's words made everyone stare wide-eyed and tongue-tied.

It turned out that the Pill Alliance's ambition was actually so great, to actually want to swallow the entire Five Great Heavenly Regions!

Compared to native factions, the five great heavenly sects' ascenders not only had formidable strength, but their personality was also arrogant and unyielding.

Wanting to make them submit was even harder than ascending to the heavens.

Therefore, the Pill Alliance had long been planning it out, to slowly gobble up the Five Great Heavenly Regions.

But who would have expected that someone threw a wrench in the works? Ye Yuan's domineering rise completely disrupted the Pill Alliance's plan.

And Ye Yuan even made Holy Son Cang Yongning perish in the alchemy battle.

Hence, that was why the Pill Alliance was forced to dispatch troops to attack the Martial Secure Heavenly Sect.

But, after destroying the Martial Secure Heavenly Sect and destroying the Pill Pavilion, when facing the other four great heavenly sects, the Pill Alliance would have already walked to the front of the stage from behind the scenes. They would surely have to face a bloody battle.

And this sort of situation was not what the Pill Alliance wanted.

In a way, Ye Yuan's domineering rise brought tremendous losses to the Pill Alliance.

Ye Yuan looked at Huangfu Cloudthink and said coolly, "Since that's the case, then there's nothing to discuss. Fight then!"

Huangfu Cloudthink's eyes turned sharp and he said, "Ye Yuan, your talent is above Holy Son's, it's too much of a pity to die like this! Do you really want to fight?"

Ye Yuan said coolly, "For a man, death is but dying. Why would I fear a fight?"

His words made the countenances of the Martial Secure Heavenly Sect's disciples change.

This was his only lease of life, Ye Yuan actually gave it up just like that!

Previously, Ye Yuan was still being universally condemned.

One could say that ever since he entered the sect, he had been enduring criticism every minute and second.

But he did not grumble in the least bit!

In this moment of life and death, he chose to live and die together with the Martial Secure Heavenly Sect!

"Hahaha ... Well said! My good brother, I didn't misjudge you! Sect Master, I'll come and help you!" Luo Yunqing laughed wildly, drawing his sword and looking around.

The moment he moved, the Pill Alliance's side also moved!

More than 100 Jade Sovereign Heaven powerhouses rushed over in succession.

The great battle shocked the heavens!

It was just a pity that on the Martial Secure Heavenly Sect's side, there were only a scanty 20 over Jade Sovereign Heavens, virtually one person had to face seven to eight people by themselves!

Although ascenders had unparalleled combat power, they also could not fend off such a huge difference in numbers.

Huangfu Cloudthink smiled slightly and said, "Martial Secure Heavenly Sect's people, whoever takes Ye Yuan down can not only not die, you can even have a place in the Pill Alliance!"

At this time, the Martial Secure Heavenly Sect still had a small portion of people who were hesitating.

Among them, included Shi Feiyu!

Huangfu Cloudthink's words made his two eyes lit up.

Almost without hesitation, he rushed toward Ye Yuan!

"Brat, he who understands the times is a wise man! Alliance Chief Huangfu already made you the holy son, what are you still discontented with?" Shi Feiyu said with a cold smile.

Seeing this scene, everyone's expressions changed.

No one expected that Shi Feiyu could actually do such a shameless thing!

But his strength was too strong!

### [Unrivaled Medicine God](#)

#### **Chapter 2637: Matching Powers!**

"Shi Feiyu! You old fogey, how can you be so shameless!"

In the midst of fierce fighting, when Feng Xuanyi saw this scene, he immediately burned with fury.

Normally, when Shi Feiyu targeted Ye Yuan, although it was inappropriate in his eyes, it was also just a dispute caused by personal feelings.

But now, during the sect's time of crisis, he actually did this kind of despicable thing. It was truly shameless to the extreme.

"Shi Feiyu, if you want to seek death, I won't stop you, but I, Shi Feiyu, don't want to die!"

Shi Feiyu laughed coldly and smacked a palm toward Ye Yuan.

But right at this time, his expression changed, his entire body going numb and divine essence immediately became sluggish.

Hundred Poison Formation!

More than 20 years had passed. Ye Yuan's Hundred Poison Formation became several times stronger than back then!

Ye Yuan had unlocked Zhong Jianchou's jade slips. There was a dazzling array of methods of using poison inside, greatly broadening Ye Yuan's horizon.

These poisons were added into the poison formation by Ye Yuan, its power multiplying!

Even Jade Sovereign Heaven powerhouses would succumb too!

When Huangfu Cloudthink saw this scene, he did not reveal a look of surprise. He had long known that Ye Yuan had this move.

This guy was not easy to capture at all.

"The power of this Hundred Poison Formation increased significantly again! Although it isn't lethal to Jade Sovereign Heavens, they will probably have to stagnate for three to five breaths of time!" Hundred Poison Formation exclaimed in admiration.

Back then when Ye Yuan was at Cloudarch Great Nation, the Hundred Poison Formation could only stop Jade Sovereign Heaven powerhouses for half a breath of time.

Now, the power grew by at least three to five times!

Just as Huangfu Cloudthink was gasping in admiration, the aura on Ye Yuan's body suddenly skyrocketed.

A grayish-black small mountain suspended in his palm.

Huangfu Cloudthink's gaze turned intent and he cried out in surprise, "Heavenly spirit treasure!"

This small mountain was naturally the Heavenspan Mountain.

At this point, Ye Yuan also did not have anything to hide anymore.

Shi Feiyu wanted to kill him time and again. Now, he was even shameless to the extreme, Ye Yuan naturally would not hold back.

The Hundred Poison Formation could only stop Shi Feiyu for three to five breaths of time, but to Ye Yuan, it was sufficient!

Feeling the Heavenspan Mountain's powerful undulations, Shi Feiyu's expression changed abruptly.

How could he expect that Ye Yuan actually still had this level of weapon on him!

Ye Yuan did not even give him time to be surprised, the spell in his hand trembled and the Heavenspan Mountain turned into a streak of flowing light, smashing right towards Shi Feiyu!

The power of the Heavenspan Mountain was even a notch above the Heaven Killing Battlespear.

Although Ye Yuan could not unleash all of its power, it was enough to inflict severe injuries on the Shi Feiyu who was completely unguarded!

*Boom!*

Shi Feiyu's chest took a solid hit, his entire being flying out backward, fresh blood spurting wildly.

His cultivation realm was high and his powers were profound. Otherwise, this blow could have taken his old life.

But even so, he suffered heavy wounds too, as if his internal organs had been displaced.

But Ye Yuan was clearly not prepared to let him off. The remaining time was still enough for Ye Yuan to launch another attack!

"D-Don't! Elder Ye, I was wrong! I was really wrong!"

Shi Feiyu was utterly terrified, feeling the threat of death.

But Ye Yuan ignored him and just silently made his move.

*Boom!*

Another blow!

Shi Feiyu's chest directly caved in.

When everyone saw this scene, each of them was dumbfounded.

A Greater Sublime Heavenly Stratum bashed a Jade Sovereign Heavenly Stratum to heavy injuries!

This scene was too shocking!

Forget about a Greater Sublime Heavenly Stratum, even if it was a thousand Greater Sublime Heavenly Stratums, it was also impossible to be a Jade Sovereign Heavenly Stratum's match!

The gap between Sublime Stratum and Sovereign Stratum was not small.

But Ye Yuan inflicted heavy wounds on Shi Feiyu to this extent!

Shi Feiyu begged for mercy pitifully, but there was no compassion on Ye Yuan's face at all.

Due to being seriously injured, Shi Feiyu's speed of detoxifying the poison also became much slower.

And Ye Yuan was currently launching the third attack!

"Know how to beg for mercy now? Don't you normally jump around very merrily? No need to look at him. Do you really think that the Pill Alliance will come to save you at this time? Elder Shi, are you thinking too much?" Ye Yuan said calmly.

Shi Feiyu looked with pleading eyes at Huangfu Cloudthink, but the latter did not have the intention of rescuing at all.

Clearly, Ye Yuan grasped Huangfu Cloudthink's mentality very well.

To Huangfu Cloudthink, Shi Feiyu was merely a tool to probe Ye Yuan.

Now, Ye Yuan showed his trump card. Huangfu Cloudthink's goal was also achieved.

Shi Feiyu became useless too.

If he died, then he died!

Huangfu Cloudthink's attitude made Shi Feiyu despair.

If he had long known it would be like this, might as well have risked his life!

"Elder Ye, I was wrong! It was all my fault in my past! Let me off! I'll go and fight it out to the death with the Pill Alliance's people!" Shi Feiyu said with an indignant look.

But Ye Yuan said coolly, "No need. Currently in this situation, having you or missing you is inconsequential. You set out on your journey first. Remember to run faster. Otherwise, if the sect's people come, you'll probably have to die again!"

*Boom!*

As he said, Ye Yuan urged the Heavenspan Mountain again and smashed toward Shi Feiyu.

Attacking for more than ten times in a row, Shi Feiyu finally died completely.

Seeing this scene, everyone's faces could not help changing.

A Jade Sovereign Heavenly Stratum was smashed to death just like that!

This Greater Sublime Heavenly Stratum was really scary!

But right at this time, Huangfu Cloudthink's expression changed and his figure suddenly moved!

It was only to see him tap the void in the direction of his own people, the void trembled violently!

However, it was already too late!

A large swathe of the Pill Alliance's Limitless Sublime Heavenly Stratum and Greater Sublime Heavenly Stratum powerhouses died all at once.

Huangfu Cloudthink's gaze turned dark, and he said in a cold voice, "You boy, are really a genius! This Hundred Poison Formation utilizes spatial rule to be as elusive as a ghost. Even this alliance chief still fell for your trick in the end! However, you don't have a chance anymore!"

Turns out that when Ye Yuan was bashing Shi Feiyu to death, he already quietly revolved the Hundred Poison Formation and quietly moved it to this side through spatial rule.

This Hundred Poison Formation was colorless and odorless. It was extremely difficult to distinguish.

But it clearly could not escape Huangfu Cloudthink's eyes.

It was just that, he was also stunned by Ye Yuan killing Shi Feiyu just now, that was why he overlooked it.

Even if he had been keeping an eye out for Ye Yuan's Hundred Poison Formation all along, Ye Yuan still succeeded.

Ye Yuan just said indifferently, "Oh, is that so? Hundred Poison Formation, spread!"

It was only to see him pointing in the void. Everyone was uncertain what it meant.

Because at the place where Ye Yuan pointed was completely void of anything.

As if nothing happened at all.

But Huangfu Cloudthink's expression changed greatly!

Because he felt this Hundred Poison Formation scatter all at once, becoming one miniature poison formation after another, dispersing in all directions.

Furthermore, each miniature poison formation had spatial rule concealing its figure.

The power of these miniature poison formations naturally could not compare to the large-scale poison formation, the damage it dealt toward Jade Sovereign Heaven powerhouses was negligible.

But, it was tremendously harmful to Limitless Sublime Heavenly Stratum and Greater Sublime Heavenly Stratum powerhouses!

Suddenly, a large swathe of the powerhouses on the Pill Alliance's side collapsed loosely!

"What are you all still in a daze for? Everyone, listen up! Break out of the encirclement! After getting out of the mountain, escape in all directions! Remember not to stop! As long as the green hills remain, there'll always be wood to burn!" Ye Yuan shouted coldly, reverberating throughout the entire Martial Secure Heavenly Sect.

### [Unrivaled Medicine God](#)

#### **Chapter 2638: No Escape from Fate!**

This cold cry finally made the Martial Secure Heavenly Sect's disciples wake up.

They flung caution to the wind and started breaking out of the encirclement.

Under the protection of Ye Yuan's Hundred Poison Formation, the Martial Secure Heavenly Sect's disciples mowed down all resistance.

Seeing this scene, Huangfu Cloudthink's gaze revealed a chill.

"*Humph!* This alliance chief felt that you're a talent. That's why I kept showing mercy. Since that's the case, then this alliance chief can only resort to force!"

A powerful to the extreme aura instantly locked onto Ye Yuan.

Ye Yuan felt as uncomfortable as if his throat was being clutched.

Huangfu Cloudthink was actually a grand completion Jade Sovereign Heaven powerhouse!

Feeling Huangfu Cloudthink's strength, Ye Yuan was shocked in his heart too.

A deputy alliance chief actually had grand completion Jade Sovereign Heaven strength, then what about the Alliance Chief?

Could it be that fleeting and ephemeral Saint Sovereign Heaven?

If that was the case, then the Martial Secure Heavenly Sect would really be finished!

Huangfu Cloudthink did not look very awe-inspiring either. He just struck a palm over so lightly.

Ye Yuan felt a lofty mountain-like force come at him head-on!

Ye Yuan's mind shook heavily. This palm seemed unremarkable, but actually, its utilization of rule was brilliant to the max!

Virtually without hesitation, Ye Yuan executed spatial rule to try and avoid this blow.

Ye Yuan's speed was quick to the extreme!

But Huangfu Cloudthink sneered and said, "It's useless! If I can't even take care of you, a Greater Sublime Heavenly Stratum, I can forget about being the deputy alliance chief!"

Ye Yuan was greatly shocked!

That invisible force seemed to be like a bone-infesting maggot, chasing after.

Furthermore, the speed was even several times faster than him!

In a blink of an eye, it caught up to Ye Yuan.

He could not escape!

Ye Yuan gritted his teeth and silently recited a spell.

Suddenly, a giant mountain suddenly rose sharply in front of him!

The small and exquisite Heavenspan Mountain grew into a giant mountain as high as the sky all of a sudden.

*Boom!*

That force just happened to arrive, directly landing on the giant mountain.

The force penetrated the huge mountain!

Ye Yuan felt a surge of huge force transmit right into his four limbs and bones.

His body flew out backward involuntarily, fresh blood spurting wildly!

This Huangfu Cloudthink was too strong!

Ye Yuan had some guesses in his heart; Shi Feiyu was utterly not worth mentioning in front of Huangfu Cloudthink!

In fact, probably even Sect Master Feng Xuanyi was not his match.

This person's combat power was not the least bit inferior to Xiao Feibai!

Another sect master level powerhouse!

This Pill Alliance actually possessed two sect master level powerhouses all at once. This was simply terrifyingly powerful.

More importantly, that mysterious alliance chief never showed his face from start to finish.

"A puny little Greater Sublime Heavenly Stratum could actually block my Windrise Ethereal Palm, truly incredible! Not only is your alchemy path talent extremely high, but your martial path talent is also frighteningly strong! Are you really not considering joining the Pill Alliance?" Huangfu Cloudthink looked at Ye Yuan and said coolly.

In reality, Huangfu Cloudthink had long seen through. It was impossible for Ye Yuan to join the Pill Alliance.

If he did not even have this bit of ability to discern people, he, this deputy alliance chief, would also have an undeserved reputation.

But he still did not give up.

A talent like Ye Yuan was absolutely hard to come across in a million years.

Even he felt ashamed of his inferiority in front of Ye Yuan too.

He relied on the Pill Alliance's profound foundation to have today's achievements.

But what did Ye Yuan have?

Nothing!

Ye Yuan forcefully reached the realm of true grade with his strength alone and started a Pill Pavilion, even causing a huge impact to the Pill Alliance.

This was a grandmaster level figure!

In time, Ye Yuan would absolutely be a Zhuo Bufan level existence!

There was no doubt about this.

Ye Yuan was heavily injured, but his face was very resolute as he said coolly, "You know the answer. Why bother to waste your breath?"

Huangfu Cloudthink sighed slightly and said, "I know the answer, but I'm also earnest in my love for talents! In my eyes, a Martial Secure Heavenly Sect is less important than you!"

These words made the faces of many Pill Alliance powerhouses change.

Even when Holy Son came into being back then, Alliance Chief Huangfu did not give such a high evaluation either!

Ye Yuan smiled brilliantly and said, "But in my eyes, a hundred Pill Alliances isn't as good as a fraction of Martial Secure Heavenly Sect!"

It was hard to come across a bosom friend in life!

Luo Yunqing laid low for ten years just in order to move Ye Yuan.

After entering the sect, Feng Xuanyi overrode all objections. This trust deserved Ye Yuan's repayment!

It was undeniable that there was a scum like Shi Feiyu in the sect.

But there was more warmth.

"*Humph!* Don't know how to appreciate favors! Since that's the case, then this alliance chief will send you off!"

Huangfu Cloudthink's expression was frosty, a palm wind arising again!

This palm was even fiercer than before.

Ye Yuan's divine essence was lacking. He was already unable to urge the Heavenspan Mountain anymore.

Being a sect master class powerhouse, his strength was not what the current Ye Yuan could resist at all.

Even if he had a heavenly spirit treasure like the Heavenspan Mountain in his hand, it would not work either!

If the disparity in cultivation realm could be made up for by just using a treasure, then wouldn't cultivation be a joke?

The force carried the sound of the wind, making Ye Yuan's clothes flutter wildly.

But, facing this outrageous palm, Ye Yuan had a calm and collected look.

Far away, Martial Secure Heavenly Sect's disciples already broke out of the encirclement, fleeing in all directions.

On top of the mountain, Feng Xuanyi and Luo Yunqing were soaked in blood, killing their way in and out, practically already exhausted.

Facing more than 180 Jade Sovereign Heavenly Stratum, and also Xiao Feibai, this kind of sect master class powerhouse, it was useless no matter how strong he was.

For the first time, facing death, Ye Yuan felt that he was very powerless.

He could not even struggle!

The Pill Alliance was too strong!

No, it was him who was too weak!

Even if he had Limitless Sublime Heavenly Stratum strength, he would not be so powerless too!

*Boom!*

There was a loud noise.

Ye Yuan only felt a blur before his eyes, that fearsome palm actually disappeared into thin air.

A black-robed old man appeared out of thin air in front of Ye Yuan, leaving him in a trance.

This black-robed old man gave him an indescribable feeling.

A kind of fleeting and ephemeral feeling!

Arriving at Grand Brightjade Complete Heaven, Ye Yuan felt like he had returned to the feeling when he had just been reborn again.

Everything was without bluster and ostentation.

All powers were operating under the shackles of this Heavenly Dao.

But, this old man in front of Ye Yuan shattered his understanding.

This old man seemed to have broken away from the shackles of Heavenly Dao, becoming a god who could fly up to heaven and tunnel into the earth.

"Boy, take it!"

The black-robed old man did not even turn his head back, a streak of white light arrived with a howl.

Ye Yuan reached his hand out to grab it and discovered that it was a fragmented piece of jade.

"Senior, this is ..." Ye Yuan said uncertainly.

The black-robed old man said coolly, his tone being very calm, "This is the Heavenly Phoenix Jade Penannular Pendant that Lord Zhuo passed down, each of the five great heavenly sects holds one of them! Lord Zhuo said that when the five great heavenly sects reach the brink of life and death, we can combine these five incomplete jade pendants together and tide over the hurdle. But sadly, it seems like it can't be used anymore. Take this piece of jade pendant and go!"

Ye Yuan frowned and said, "Senior is Saint Sovereign Heavenly Stratum, right? With you around, could it be that you can't stop the Pill Alliance too?"

The black-robed old man laughed loudly and said, "Boy, you're a clever guy. Can't you see through it? It's impossible for the Martial Secure Heavenly Sect to escape its doom!"

Ye Yuan's gaze turned intent!

The black-robed old man's meaning was very clear. There was indeed a Saint Sovereign Heavenly Stratum powerhouse in this Pill Alliance too!

Furthermore, the black-robed old man seemed to lack the confidence to win!

#### **Chapter 2639: Sect Destroyed!**

"No need to struggle anymore. You have no hope! Surrender!" Xiao Feibai looked at Feng Xuanyi who was covered in blood and said calmly.

Xiao Feibai's opponent was Feng Xuanyi.

But Feng Xuanyi's opponent was not just Xiao Feibai!

This was a sect destroying battle, not an individual challenge.

Xiao Feibai was strong, but among these hundred over Jade Sovereign Heaven powerhouses, many of them were quasi-sect master level!

They were also grand completion Jade Sovereign Heaven powerhouses. Although they were not as strong, they were absolutely not what ordinary elders could compare to.

The Pill Alliance's strength was definitely more than just Xiao Feibai and Huangfu Cloudthink!

Feng Xuanyi's clothes were tattered, his hair disheveled. How did he have the appearance of a sect master of his generation?

It was just that the firmness in his eyes made him not have the slightest dejection in terms of aura.

A sect master of his generation was a sect master of his generation!

Even if a hero reached a dead end, he would still shine with boundless radiance!

Beside him, those from there Martial Secure Heavenly Sect who were still fighting became fewer and fewer.

Under the Pill Alliance's might, the Martial Secure Heavenly Sect did not stand a chance at all.

But during the battle, he glimpsed the sect's disciples rushing out of the heavy encirclement through the corners of his eyes, and a hint of relief flashed across his eyes.

He was grateful to Ye Yuan in his heart. He knew that only Ye Yuan could do this!

*"Hahaha?... my Martial Secure Heavenly Sect has heaven surmounting pride! There's only a sect master that dies after defeat; no lackey that drags out an ignoble existence! Yunqing, Ye Yuan, you must live on! With you guys around, my Martial Secure Heavenly Sect will illuminate the world again one day! Martial Uncle Yan, Feng Xuanyi will go first!"*

Feng Xuanyi held the Heaven Killing Battlespear in his hand. All of a sudden, his aura surged to the sky.

A vague and insubstantial fluctuation instantly rendered the entire world with color.

At this moment, Martial Secure Sect Master was akin to a fiendgod on earth.

When Xiao Feibai saw this scene, his expression could not help changing slightly, a hint of respect showing in his eyes.

He knew that Feng Xuanyi was burning his own world power here, to assault that fleeting and ephemeral Saint Sovereign Heavenly Stratum at the final moment!

It was not for others, just for the last wisp of brilliance in life.

It was impossible to reach Saint Sovereign Heavenly Stratum.

But Feng Xuanyi's strength would rise dramatically in an extremely short time.

This was his final glory!

After burning, he would be ashes.

“Sect Master, I’ll accompany you!” Seeing Feng Xuanyi like this, Luo Yunqing yelled angrily.

In this Martial Secure Heavenly Sect, the one that Luo Yunqing respected the most was Feng Xuanyi.

Back then, he had faded into the crowd. It was Feng Xuanyi who had discerning eyes, noticing him in the crowd, encouraging him, walking all the way until today.

A gentleman would die for his bosom friend!

For the Martial Secure Heavenly Sect’s sake, Luo Yunqing could likewise sacrifice himself.

But, right at the moment he immolated his world power, a powerful force suppressed over, scattering his immolation.

“Yunqing, you can’t die! Remember, from now on, Ye Yuan is the new Martial Secure Heavenly Sect’s Sect Master! You have to assist him and revitalize the Martial Secure Heavenly Sect!” Feng Xuanyi said in a cold voice.

Luo Yunqing’s whole body trembled, but his gaze landed on Ye Yuan who was behind the black-robed old man.

Ye Yuan himself also trembled all over.

Feng Xuanyi did not choose Luo Yunqing, but chose him!

This was a heavy entrustment!

Feng Xuanyi’s gaze similarly landed on Ye Yuan.

He was clear that Luo Yunqing’s sword intent surmounted the heavens, and was arrogant and unyielding; just like a sharp sword.

But he was not the best candidate to revitalize the sect.

In contrast, Ye Yuan had more leadership qualities and was more suited to leading the sect to rise again.

Luo Yunqing clenched his jaws tightly and said with tears in his eyes, “Sect Master, Yunqing got it!”

Feng Xuanyi held the long spear out and said in a solemn voice, “I’ll open up the path! You go out!”

Swoosh!

Feng Xuanyi stabbed with the long spear in his hands, his entire person turning into a streak of electricity, tearing across the sky!

His speed and strength soared significantly in an instant.

Clearly, it already exceeded the domain of Jade Sovereign Heavenly Stratum!

“All move away!” Xiao Feibai yelled coldly, immediately moving aside.

He knew that the Feng Xuanyi at this time was like a firework shooting into the sky; shining with boundless radiance.

Nobody could stop him at this moment!

Xiao Feibai retreated quickly, but some Jade Sovereign Heavens did not have time to retreat, and was directly pierced through by Feng Xuanyi!

Luo Yunqing did not dare to be neglectful, enduring the tremendous pain and following after.

Ye Yuan had a calm look, but his heart hurt like it was pricked by a needle.

“Everyone listen up! I, Feng Xuanyi, immediately issue a sect master order, and appoint Luo Yunqing and Ye Yuan two people, as Martial Secure Heavenly Sect’s elders!”

“I, Feng Xuanyi, am willing to give up the position of Sect Master! But, Luo Yunqing and Ye Yuan, I’m protecting them for sure!”

... ..

Scenes of past events flowed in Ye Yuan’s heart.

The braver the current Feng Xuanyi was, the more painful it was for him.

This sect master with great courage and great bearing would soon disappear like the wind.

Feng Xuanyi’s life was flowing away rapidly.

When Huangfu Cloudthink saw the situation, he could not help frowning slightly.

He gave the black-robed old man a glance, then turned around and flew straight for Feng Xuanyi!

*Boom!*

Huangfu Cloudthink actually confronted Feng Xuanyi head-on!

With one blow, Huangfu Cloudthink was directly blown away.

But he did not suffer much damage.

Ye Yuan’s pupils constricted. It turned out that earlier, Huangfu Cloudthink actually did not use his full strength yet!

At present, Feng Xuanyi was a terrifying half-step Saint Sovereign Heaven existence.

Huangfu Cloudthink could actually clash with Feng Xuanyi!

This Huangfu Cloudthink’s strength was likely not far from Saint Sovereign Heavenly Stratum too.

Feng Xuanyi was greatly surprised too, but he did not care about it, brandishing his spear and rushing forward again.

The two people unfolded a terrifying to the extreme great battle in the air.

Luckily, under Feng Xuanyi’s lead, the two already charged out of the encirclement.

Luo Yunqing turned into a wisp of green smoke and disappeared into the horizon.

However, another streak of light followed closely behind, chasing after.

Who could it be if not Xiao Feibai?

Clearly, the Pill Alliance was going to tear the weed out by the roots!

But Feng Xuanyi was already powerless to stop him.

The black-robed old man did not say anything all along. At this time, he suddenly spoke up, "Boy, you should go now! Did you hear Xuanyi boy's words just now?"

*Crack, crack, crack?...*

Ye Yuan's finger joints were clenched by him until it made cracking sounds.

The things that he had experienced were far too many.

But such a terrible battle today still touched his nerves.

The Martial Secure Heavenly Sect that was once powerful and prosperous was destroyed just like that!

Yes, from today onwards, the Martial Secure Heavenly Sect would have its name removed from the Rainclear Continent!

Ye Yuan was not a saint. Even if he had experienced too much, the hatred in his heart currently still filled his chest.

He nodded his head fiercely and said, "Senior, rest assured. I'll avenge this hatred!"

The black-robed old man turned his head, Ye Yuan could see the wrinkles on his face clearly.

But there was a faint smile on the other party's face and he said, "There's no need to take revenge! But you must pass down the Martial Secure Heavenly Sect's inheritance! The Pill Alliance's foundation surpasses your imagination, they are not what you can afford to provoke! Remember, before accumulating enough strength, you mustn't take revenge!"

Finished saying, the black-robed old man flicked his sleeves grandly.

Ye Yuan only felt his two eyes go dark, directly being pushed into the space.

He was greatly shocked in his heart! He did not expect that this old man's understanding of spatial rule was actually so strong!

But right at this time, an abnormality suddenly occurred!

### [Unrivaled Medicine God](#)

#### **Chapter 2640: Thistle South Sea Region**

*Boom!*

An invisible fist force punched into the void at this moment.

When the black-robed old man saw this scene, his expression could not help changing wildly.

He had the mind to drag Ye Yuan back but already could not do it.

He knew that the void seemed calm, but this punch rendered the void completely chaotic.

The shattered space would tear Ye Yuan to shreds!

When the black-robed old man saw the handsome youth who stepped out of the void, he had a solemn expression on his face.

The youth looked at the black-robed old man and said smilingly, "The new sect master is already dead. You guys ... can go with peace of mind. Don't you say so, He Xuyan?"

The black-robed old man's pupils constricted and he said coldly, "Your Pill Alliance really knows quite a lot! It's just, I wonder if you guys really came from the south or not?"

The youth smiled slightly and said, "Guess."

"Ye Yuan!" Feng Xuanyi's eyes turned bloodshot from anger, his gaze full of unwillingness.

The undulation just now, he felt it clearly.

Under this power, it was absolutely impossible for Ye Yuan to survive!

Feng Xuanyi thought that by relying on He Xuyan's strength, he could at least send Ye Yuan out.

Who would have thought that this Pill Alliance's Saint Sovereign Heaven was actually so powerful!

This was getting rid of the weeds by uprooting them!

Xiao Feibai went to chase after Luo Yunqing too. Could he escape with his life?

Feng Xuanyi felt that the world suddenly became incomparably dark.

The Martial Secure Heavenly Sect did not even have a final trace of life anymore!

*Boom!*

Under Huangfu Cloudthink's palm, Feng Xuanyi spurted a mouthful of fresh blood wildly.

His time was up. His life was fading rapidly and his strength was also falling rapidly.

The current Feng Xuanyi was no longer Huangfu Cloudthink's match anymore.

Huangfu Cloudthink laughed loudly and said, "You all are too naive! How can Lord Alliance Chief possibly let Ye Yuan leave? Since he wasn't willing to surrender, then he's the Pill Alliance's mortal enemy! Letting such an opponent live, we'll find it hard to eat and sleep!"

Each of Huangfu Cloudthink's palm moves was stronger than the last, Feng Xuanyi was already powerless to parry.

His pupils gradually dilated, carrying a strong unwillingness.

All the way until the moment he died, he did not close his eyes too!

The youth looked at He Xuyan, still smiling brightly as he said, "Alright. Now, the new and old sect master are both dead. Your Martial Secure Heavenly Sect can officially withdraw from the stage of history."

The aura on He Xuyan's body gradually rose.

He was different from Jade Sovereign Heaven powerhouses. His aura was illusory, giving people a sacred feeling.

This was the unique charm of Saint Sovereign Heaven powerhouses!

"I know that you're very strong, but if you want to chomp down on me, this old bone, it will probably injure you badly too!" He Xuyan seemed to have seen through everything, planning on fighting to the death.

The youth was still very calm and said with a smile, "Is that so? I'm afraid that this is just your wishful thinking."

As he said, there was an additional piece of jade ornament in the youth's hand.

When this jade ornament appeared, He Xuyan's pupils constricted.

He cried out in surprise, "This ... Could this be the legendary grandmist treasure?"

The youth smiled and said, "That's right, at least you have some knowledge!"

He Xuyan said in surprise, "Looks like you guys indeed came from the south!"

The youth said coolly, "Whether or not we came from the south isn't important anymore. From now on, your five great heavenly sects will become the past. My Pill Alliance will unify the Rainclear Continent!"

Waves of gentle light halo emitted from the jade ornament.

Although the light halo was gentle, He Xuyan's expression was unprecedentedly solemn.

... ..

Three months later, in the extreme south of the Martial Secure Heavenly Sect, above the vast expanse of ocean, a ship made out of fine steel was currently approaching the shore.

On the ship, four to five young men and women were rather excited.

"*Heh*, it's the offshore water region not far ahead! After reaching the offshore water region, we'll be completely safe!"

"The harvest this time is so big. It's all thanks to Brother Haoyan! Not only did Brother Haoyan obtain the Water Concealment Pearl, this kind of treasure, but he also even attracted more than half of the true spirit sea race troops with his power alone."

"*Huhu*, to talk about credit, it's of course still Peiyun who contributed the most! She is of the grade five pre-natal water spirit physique. She's most suitable for the Water Concealment Pearl. If not for her, we also wouldn't have accomplished this feat."

Huang Haoyan looked towards Su Peiyun with a look of adoration.

Su Peiyun was Calm South City's city lord's daughter, Huang Haoyan had courted her for a long time already.

This time, he finally succeeded with the Water Concealment Pearl.

Su Peiyun looked at Huang Haoyan and found him pleasing to the eye no matter how she looked at him and said smilingly, "Big Brother Yan is too modest! Peiyun only went in to take some things. What credit is there? Rather, it's Big Brother Yan, your strength stands head and shoulders above all others. Facing 3000 true spirit sea race members, you didn't show the least bit of fear too, a real man!"

When Huang Haoyan heard that, his heart burst with joy and he repeatedly said dare not.

"Eh, you guys, look! There's someone in the sea!" Suddenly a companion shouted.

That person in the sea clearly saw this large ship too and had a look of joy on his face as he shouted loudly, "Friends on the ship, can you give me a ride, I'll be extremely grateful!"

As he said, he did not wait for everyone to agree either and actually leaped straight onto the large ship.

When Huang Haoyan saw the arrival, his brows furrowed hard.

This person was dressed in white clothing, full of bloodstains on it. His aura was also very disorderly. Clearly, he had sustained considerable injuries.

With regards to such a guy with unknown origins, Huang Haoyan was naturally unwilling to bring alone.

"Who are you?! How rude! Did this young lady let you onto the boat?" Su Peiyun flew off the handle first.

The youth in white clothing smiled bitterly and said, "Really sorry about it! I got lost in the sea and have already drifted for more than a month. I finally managed to run into you all. Can you let me hitch a ride? Otherwise, I wouldn't even be able to find the way back!"

Su Peiyun rolled her eyes and said, "Your direction was completely wrong. Of course, you couldn't find your way back! This guy is so reckless, to actually dare rush the Thistle South Sea Region all alone by himself, courting death? To be able to reach here alive, really don't know how lucky you got! Brainless fellow!"

The youth in white clothes smiled bitterly and said, "What Miss said is true! I don't have any malicious intent. These few heavenly pills, just take it as recompense to thank the few of you, how's that?"

As he said, the youth in white clothes took out five heavenly pills.

The moment Su Peiyun and the rest saw, they could not help crying out in surprise, "Grand completion ninth grade! Grade two Heavenly Pith Pill!"

The few people exchanged glances, clearly moved by it.

The Heavenly Pith Pill was a superb heavenly pill for cultivation. Furthermore, it was even grand completion ninth grade, it was not up to them to not be moved.

The youth in white clothes gave Su Peiyun and glance and said with a smile, "Miss seems to cultivate a water-attribute cultivation method, I just happen to have a Water Intent Condensed Fragrance Pill on me. I believe that Miss has use for it!"

Su Peiyun opened her mouth wide and was rendered speechless and lifeless.

A grand completion ninth grade level Water Intent Condensed Fragrance Pill was simply a priceless treasure to her!

The things that they obtained in the true spirit sea clan might not compare to this when added up too!

One had to know, the Water Intent Condensed Fragrance Pill could help her increase her rule realm.

A grand completion ninth grade Water Intent Condensed Fragrance Pill was sufficient to improve her power of rule further.

The gazes that the few people looked towards the man in white with, immediately became different.

Just as everyone was surprised, a huge wave suddenly stirred up behind the large ship.

Huang Haoyan's expression changed wildly and he said, "Not good, those guys must have discovered that the Treasure Depository Pavilion in the tribe was robbed! They are catching up!"
