Unrivalled Medicine God

Chapter 2641: Senior!

“A few brats who are still wet behind their ears actually dares to steal our merfolk tribe’s treasure? Simply tired of living! Do you all think that you can leave after stealing the treasure? In this ocean, our true spirit sea race is the true king!”

An enormous merfolk was galloping on the surface of the sea, riding the wind and waves, akin to flat land.

Their speed was actually several times faster than this large ship!

They were unbelievably stinky. But the fury on their faces currently was evident to all.

These few fellows actually robbed their Treasure Depository Pavilion!

What was even more aggravating was that there was actually also the merfolk clan’s sacred item in it!

Under their fury, the merfolk tribe dispatched large numbers of troops and chased after.

As far as the eyes could see, it was full of fish heads into the distance.

There was a dense and black mass, unable to see any end in sight.

Roughly counting, there were likely no fewer than several thousand!

These thousands of merfolk, the vast majority were Lesser Sublime Heavenly Stratum, but there were also quite a few hundred that were Greater Sublime Heavenly Stratum!

And these few people on the boat, only Su Peiyun and Huang Haoyan were upper Greater Sublime Heaven.

The others were all middle Greater Sublime Heaven.

Once caught up, they would be dead for sure/

“This ... What to do here? We ... We’re dead for sure!”

“Damn it, how did they find out so quickly? With the few of our strength, we’d definitely be dead beyond a doubt if caught up!” Huang Haoyan swept a glance over everyone and said in a solemn voice.

As for the man in white clothing, he was directly overlooked by him.

A middle Greater Sublime Heaven, what use could he be of?

“Big Brother Yan, didn’t you lure away 3000 seafolk previously? Why don’t you try luring away again?” Su Peiyun suddenly looked at Huang Haoyan, her eyes full of hope.

Huang Haoyan’s face turned black, and he nearly cursed out.

He merely made use of some methods before to gain an advantage by trickery.

Actually, he did not dare to show his face at all.

Got to be joking!

One person luring a few thousand people, even if he grew ten heads, it would not be enough to chop either.

“Peiyun, you aren’t aware. After I use that method, I need half a month before I can use it again! Right now ... sigh!” Huang Haoyan told a fib.

Su Peiyun did not suspect anything either, but the sense of loss in her eyes could not be concealed no matter what.

The man in white said, “That ... I have a way. But I don’t know if it will work or not.”

Su Peiyun smiled coldly when she heard that and said, “Even Big Brother Yan has no way, then what method can you, a measly little middle Greater Sublime Heaven have? Don’t annoy me!”

Toward this brainless fellow, Su Peiyun found him displeasing to the eye no matter how she looked at him.

Running to the Thistle South Sea Region all by himself. In the end, he could not even find where north was.

What method could this kind of moron possibly have?

As for taking out these incredible heavenly pills, the few people guessed that this fellow was probably some alchemy great family’s descendant.

It was just that he did not bring his brain out of the house.

Rather, it was Huang Haoyan who suddenly spoke up, “Treat a dead horse tentatively as if it was still alive! Peiyun, let’s hear it?”

Su Peiyun was anxious in her heart, but also had no plans and could only nod her head.

Huang Haoyan said in a solemn voice, “What idea you have, quickly say it!”

The man in white said, “Uh?... run!”

Everyone fell down!

Freaking hell ... what kind of crap idea was this?

Still need you to say run?

Huang Haoyan felt a wave of anger from being played and said in a great rage, “Punk, you’re messing with me?”

The man in white smiled and said, “What I mean is, let’s run first. After I recover strength, I’ll have a way.”

As he said, the man in white ignored everyone’s strange gazes and went to meditate in a corner of the deck by himself.

Huang Haoyan was angered until he ground his teeth, but now was not the time to blow his top.

Running was number one!

He gritted his teeth and said, "Peiyun, throw all of the sea spirit pearls obtained this time into the array formation! Activate the array formation to the highest setting! There's only this method now!"

Su Peiyun bit her lips lightly. Finally, she still nodded her head.

The sea spirit pearl was a specialty of the true spirit sea race. Consuming one was equivalent to ten years of bitter cultivation!

They plundered the merfolk clan's lair this time and obtained a large quantity of sea spirit pearls. Originally, they planned on using it to break through.

In the end, they had no choice but to use them to flee now.

Sure enough, the moment the sea spirit pearls were thrown into the array formation, the speed of the ship soared at once.

Although it still did not compare to those merfolk, they could not catch up in a short time.

Only then did Huang Haoyan and the rest heave a sigh in relief.

Su Peiyun looked at Ye Yuan and said in a great rage, "You this fellow, getting on the boat without our permission. Now, you're still acting completely fine here! How can you be so shameless?"

This man in white was precisely Ye Yuan.

That strike from the Pill Alliance's Alliance Chief made him almost die.

The shattered void practically tore him apart.

Fortunately, at the critical moment, Ye Yuan comprehended the second level of spatial rule, that was how he escaped by a fluke.

Even so, he drifted in the void for two months too, before he finally got out.

However, he arrived in a foreign place, all around him being the ocean!

Suddenly descending upon Thistle South Sea Region, Ye Yuan had a stunned face.

It was all the same all around!

Helpless, Ye Yuan could only randomly find a direction and proceed all the way.

But, he ran into heaps and heaps of sea monsters along the way.

The moment these sea monsters saw him, they pounced over to kill him without heed for their lives.

Furthermore, these sea monsters were extremely strong.

This sea was their natural battlefield.

In this place, they far surpassed same rank humans. Their strength could not be underestimated.

But unfortunately, they ran into Ye Yuan.

Ye Yuan killed all the way over, killing for a month's time before finally seeing Huang Haoyan and the rest.

In the end, he did not expect that this bunch of guys were even more of a troublemaker, provoking a clan of sea monsters!

Seeing Su Peiyun fly off the handle, Huang Haoyan frowned and said, "Peiyun, now isn't the time to haggle over this! If we can get out by chance, it won't be too late to denounce him publicly then!"

When Su Peiyun saw Huang Haoyan speak, she was very obedient.

But she was full of unhappiness when she looked at Ye Yuan.

"You ... You guys, quickly look ahead!" At this time, a companion suddenly cried out in surprise.

When Huang Haoyan heard that, he was greatly surprised. Could it be that there was true spirit sea race obstructing in front too?

If that was the case, they would really be dead for sure.

However, he looked in the direction pointed by his companion and immediately had a stupefied look.

There were corpses of the seafolk everywhere on the surface of the sea!

The undulations coming off of some corpses were very powerful, enough to be grand completion Greater Sublime Heaven!

Suddenly, Huang Haoyan's eyes lit up and he said, "Could it be that there was a Limitless Sublime Heavenly Stratum senior who passed by here? If we can find him, there will be hope of surviving!"

Su Peiyun's eyes also lit up, and she came in front of Ye Yuan and questioned, "Hey! You came from this direction earlier, right? Did you encounter any senior?"

Ye Yuan was still regulating his breathing and ignored her.

When Su Peiyun saw that Ye Yuan did not even pay attention to her, she immediately flew into a great rage!

"Punk, we kindly took you in, but in the end, you actually put on airs on the boat! Do you really think that this young lady doesn't dare to kill you?"

Under her fury, Su Peiyun suddenly smacked a palm over.

But it hit nothing.

Ye Yuan's body was already standing on the side of the ship.

He already finished recuperating!

His strength recovered to its peak again!

Ye Yuan turned to Su Peiyun and smiled as he said, "I didn't encounter any senior. But I have a way now!"

Unrivaled Medicine God

Chapter 2642: Driving Back the Enemy

"A way? What method can you have?" Su Peiyun said disdainfully.

But, just as she was talking, Ye Yuan already leaped and jumped into the sea.

At this time, those merfolk were merely a dozen over miles away from the boat.

With Ye Yuan jumping, he faced off against the merfolk army in virtually an instant.

This scene stupefied Huang Haoyan, Su Peiyun, and the rest.

"W-What does this guy want to do?" Su Peiyun said in surprise.

"Who cares about him! If he wants to seek death, it can't be blamed on us! Let's quickly go!" Huang Haoyan said.

The stupefied ones were not just them. There was also the merfolk army.

They never thought that there was actually someone who dared to jump down from the boat at this time!

Wasn't this courting death?

Could it be that this boy was tired of living?

Ye Yuan looked at the merfolk leader and said coolly, "Give me face and give them a way out. How about it?"

The merfolk leader was enraged and said, "Where did this punk come from, to dare spout nonsense in front of this general! Smash over for me; tear him to shreds!"

Having received the order, each and every one of them in the army flashed their harpoons and spears, and they charged over toward Ye Yuan.

Several thousand people in a mighty contingent, this kind of power made the expressions of the few people on the ship change.

They knew that in this ocean, there would often be conflicts between races, the fighting was even more terrible than on the mainland.

But the interior of these races was incomparably united.

An army of 3000 humans was absolutely not the match for 3000 merfolk.

Let alone that there was only Ye Yuan alone facing them.

On the ship, a companion suddenly cried out in surprise, "I understand now! The method that he spoke of was to challenge the entire merfolk army by himself! Is this guy a moron?"

Su Peiyun two people were taken aback and also came back to their senses.

It was just that in their view, this was no different from courting death.

Su Peiyun rolled her eyes and said, "A fool who overestimates his own ability! Him coming to Thistle South Sea Region alone to roam is a very foolish behavior to begin with!"

The army got closer and closer to Ye Yuan. Finally, they clashed!

Boom!

Waves splashed!

Ye Yuan's skinny figure was instantly engulfed by the army and seawater.

Huang Haoyan shook his head and said, "The ignorant is fearless! A shame, this guy didn't even block for a second!"

With regards to Ye Yuan's behavior of seeking death, Huang Haoyan and the rest did not have much pity.

What he found regrettable was that Ye Yuan could not tie down the merfolk army in the slightest.

The merfolk army was still rushing towards them.

But very soon, they discovered that something was not right.

The huge wave had been churning endlessly. Furthermore, it was extremely irregular; completely different from before.

And the speed of the army's advance also gradually slowed down.

Suddenly, a figure rose into the sky, bringing along a pile of minced meat which exploded.

The eyes of the few people on the boat became wide-saucers!

However, this figure disappeared in a flash and landed in the merfolk army once more.

"I-Is my eyesight failing? Just now ... was it that boy?" Huang Haoyan was shocked until he was even stammering when speaking.

Su Peiyun also had a look of shock as she said, "He ... He actually didn't die? That's the merfolk army!"

Under the assault of an army of several thousand merfolk, not only did Ye Yuan not die, he actually still had the leeway to retaliate!

How could they not be shocked?

What was more, this guy was just a mere middle Greater Sublime Heaven!

Before long, the changes in the merfolk army became more and more apparent.

The army was already in utter disarray.

Huang Haoyan saw it clearly, the merfolk leader also had no choice but to lead his men to rush back to the central army.

Amidst the army and waves, a blood-stained white figure appeared and disappeared, appearing bizarre and mysterious.

The more Huang Haoyan and the rest watched, the more shocked they got. The more they looked, the more jittery they became.

This guy actually killed the entire merfolk army until they were in a sorry state with his power alone?

They naturally did not know that along with Ye Yuan comprehending spatial rule, coupled with this month of frenzied killing, he already comprehended the second form of Great Dao Transformation!

The form of the All-Encompassing Sacred Tree already grew into a seedling from a sprout!

The transformed swords already evolved from two to eight!

Furthermore, the power increased greatly!

Unless he similarly encountered second form powerhouses, otherwise, Ye Yuan was virtually invincible in Greater Sublime Heavenly Stratum!

Coupled with that Ye Yuan's power was profound and his breath was drawn-out, as well as that he was highly proficient in Formation Dao.

It was also akin to flat ground in the army.

Unless a Limitless Sublime Heavenly Stratum powerhouse appeared, otherwise, to Ye Yuan, there was not much difference between killing one and killing a thousand.

However, in the eyes of Huang Haoyan and co who did not know the inside story, it was totally different.

At this time, his companion suddenly said, "Brother Haoyan, when that boy got on the ship before, his aura was very chaotic! Furthermore, he came over from this sea region. You look, so many true spirit seafolk died in this sea region, they wouldn't have ... all been killed by him, right?"

"Impossible!" Huang Haoyan seemed to have had his tail stepped on, nearly jumping up. Shaking his head repeatedly, he said, "So many seafolk, unless it's a Limitless Sublime Heavenly Stratum senior, otherwise, how can it be possible ..."

Talking until here, he could not carry on speaking.

Because he knew that it was extremely likely!

At least, there was more than 90% probability!

If it was not Ye Yuan, that would also be too coincidental!

Turning back to look at those countless corpses, Huang Haoyan felt rather parched.

"He wouldn't have killed all the way over, right?" Huang Haoyan looked at Su Peiyun and revealed a smile that was even uglier than crying.

When ordinary humans entered the sea, they would have many methods to evade these seafolk.

Unless one's strength reached Limitless Sublime Heavenly Stratum, otherwise, who dared to kill all the way over?

In the ocean, the numbers of the true spirit sea race simply could not be tallied.

Their numbers were hundreds, even thousands of times of the human race!

Furthermore, in the ocean, the strength of these seafolk increased greatly, far surpassing same rank humans.

Under this kind of circumstances, he killed his way over.

Even thinking about it felt scary!

The smile on Su Peiyun's face did not look any better than Huang Haoyan's.

In her heart, Huang Haoyan was the chosen one.

When Ye Yuan just appeared, she looked down on him from the bottom of her heart and her words were very unpleasant too.

In the end, he was unbelievably impressive.

Luckily, Ye Yuan did not have malicious intent. Otherwise, when she made a move to deal with Ye Yuan earlier, he would have directly killed her.

Just her bit of strength, it was really not enough to look at in front of Ye Yuan.

The merfolk leader cried out strangely repeatedly and disregarded his subordinates too, turning tail and running. He shouted, "*Wawawa!* This boy is too strong, we're not a match! Quickly retreat! Quickly retreat!"

Ye Yuan seemed to be in his own backyard amidst the army of thousands.

Killing here and there, nobody could stop him at all!

The merfolk leader was extremely strong and barely managed to escape death. But one arm was severed by Ye Yuan too.

How could this merfolk leader still dare to continue fighting?

Came quickly, left quickly too.

With a howl, the merfolk army disappeared without a trace, only leaving behind a pile of corpses floating on the surface of the sea.

Ye Yuan's movement technique was extremely fast. With a few ups and downs, he already caught up to the large ship.

When his figure landed on the deck again, the few people on the boat immediately tensed up fully.

This guy was simply a ruthless murderer!

[Unrivaled Medicine God](#)

Chapter 2643: Land of Heavenly South

"S-Senior, just now ... I've offended you just now," Huang Haoyan said with a deathly pale complexion.

The combat power that Ye Yuan displayed struck deep terror into him.

Thinking of how his group of people was even posturing in front of him, there was a feeling of courting death.

Ye Yuan naturally could not be bothered to stoop to his level and said indifferently, "Where is this place?"

Huang Haoyan hurriedly said, "This place is the Thistle South Sea Region."

Ye Yuan's brows furrowed and he said, "Thistle South Sea Region? How far is it from the Five Light Heavenly Region?"

It was his first time hearing this name. Ye Yuan only knew that the Rainclear Continent's domain was massive, the Five Great Heavenly Regions could not completely cover it.

The borders of the Rainclear Continent were the endless sea region.

These sea regions were the forbidden areas for the powerhouses on the continent.

Because there were countless powerful life forms in the ocean!

Even a Saint Sovereign Heaven could not rely on their individual power to cross the sea region too.

Because there were some existences rivaling Saint Sovereign Heaven in the ocean, and even more terrifying existences.

He did not expect that he actually came to the sea in an accident arising from many causes!

It was just that, did not know what coordinates this sea region was in the Five Light Heavenly Region, and how far away it was.

Ye Yuan was very concerned about the Five Light Heavenly Region's situation. Although he knew that the Five Light Heavenly Region and the black-robed old man likely had a bleak chance of survival, but not getting the news, he still could not give up.

It was just that on the vast ocean, where would he go to inquire about the news?

"Five Light Heavenly Region? That's the Central Plains, it's at least several decades of journey away from here! Furthermore, there's even a Myriad Demons Mountain separating in the middle! Senior actually came from the Five Light Heavenly Region?" Huang Haoyan said in surprise.

There were countless great demons in the Myriad Demons Mountain!

There were even a whole bunch of Jade Sovereign Heaven level true spirits.

It was very hard for Huang Haoyan to imagine how Ye Yuan came here from the Five Light Heavenly Region.

Although he repelled the merfolk army alone, it was also impossible to be a Limitless Sublime Heavenly Stratum's match, let alone talk about Jade Sovereign Heavenly Stratum true spirits.

Ye Yuan became even more mysterious in the eyes of the few people there.

The moment Ye Yuan heard this, he could not help feeling his head swell.

Several decades of journey, that was really too far!

With his current speed on foot, traveling 100 thousand over miles a day was par for the course.

Several decades of journey, that would have to be calculated in hundreds of millions!

Ye Yuan did not reply Huang Haoyan's questioning and continued asking, "Looking at your attire, you don't look like a fisherman on the sea. Could it be that the land that you guys are living on, actually doesn't belong to the Five Great Heavenly Regions?"

Huang Haoyan nodded and said, "The Five Great Heavenly Regions occupy 80% of Rainclear Continent's domain. But our Land of Heavenly South just happens to be part of that 20%. Oh, I heard my father say that our Land of Heavenly South is called the Land of Barbaric South out of your mouths. The few of us are all the Land of Heavenly South's southernmost tip's Calm South City's people."

Speaking of the Land of Barbaric South, Ye Yuan had some impression of it.

When he was in the Martial Secure Heavenly Sect, he had naturally read many records before. Among them were records of the Land of Barbaric South.

There were even legends that Zhuo Bufan's disappearance was actually going out to sea from the Land of Barbaric South and he had not returned to this day!

It was just that, this version was untenable in the eyes of many people.

After all, there were far too many powerhouses in the sea.

However, the Five Great Heavenly Regions were separated by a Myriad Demons Mountain from this place, so there were very few records.

Ye Yuan knew about the Myriad Demons Mountain.

In this mountain, there were countless true spirits. There were probably even more Jade Sovereign Heaven level true spirits than humans.

He heard that there were even Saint Sovereign Heaven level true spirits in it.

Therefore, no matter which faction, they all did not dare to make a move against the Myriad Demons Mountain.

Even Jade Sovereign Heaven powerhouses did not dare to easily climb over the Myriad Demons Mountain too.

Unless one's strength reached Saint Sovereign Heaven level, only then could they suppress the great demons there.

He did not expect that he drifted in the void and actually ran so far all at once, directly being thrown into the sea.

Arriving here was not all bad either.

At least, he would not be pursued by the Pill Alliance.

But the problem was, he wanted to take revenge and could not go back for the time being as well.

With his current strength, there was simply no way to cross the Myriad Demons Mountain.

Could it be that he really had to cultivate to Saint Sovereign Heavenly Stratum before he could return?

At that time, he would not be afraid of the Pill Alliance anymore. Except, how long would it take?

When Ye Yuan was drifting in the void, he had once thought of many ways to seek revenge.

He firmly believed that as long as he hid in the dark, he could cause heavy losses to the Pill Alliance!

But now, all of it could not be used anymore.

Seeing Ye Yuan's expression flickered incessantly, anger looming in his eyes, Huang Haoyan did not even dare to breathe loudly.

Finally, Ye Yuan let out a long sigh and said, "Since I came, I might as well stay and make the best of it! Bring me to Calm South City then!"

Huang Haoyan was taken aback when he heard that and said, "Senior wants to go to Calm South City?"

"Why? Can't I?" Ye Yuan retorted with a question.

Huang Haoyan shook his head repeatedly and said, "No, no, no! Of course, you can! If Senior wants to go, we naturally welcome you."

How could he afford to provoke Ye Yuan? He hurriedly agreed.

Along the way, Ye Yuan asked a lot about the situation in the Land of Heavenly South.

Calm South City was a major city in the south and was quite strong.

Because the Heavenly Stratum powerhouses here would suffer the attack of the true spirit sea race from time to time.

Here, there was no difference between ascenders and native forces.

As long as one was strong enough, they could survive. No one would discriminate against an individual for being an ascender.

Ye Yuan understood this point too.

This was because the seafolk were too powerful!

The number of true spirit seafolk was simply an astronomical figure.

Even if one stacked with human heads, the pressure on the various races on land was tremendous too.

Regardless of whether it was a native faction or ascenders, they all had to face the threat of the sea race. They had no choice but to stick together and unite against the foreign forces.

Although the sea was rich in produces, the living conditions were not as good as on land.

Therefore, the true spirit sea race would follow the current during the morning and evening tides and attack the city.

Their goal was nothing more than to plunder the materials and treasures of humans.

Furthermore, the true spirit sea race was bloodthirsty. Every time they reached a place, there would be a bloodbath.

Therefore, the various races' Heavenly Stratum powerhouses on land were irreconcilably hostile with the sea race.

But the sea was vast and also an excellent place to train.

Therefore, the various races' powerhouses would often head to the sea in groups, firstly to hunt for treasures. Secondly, it was to train.

Huang Haoyan this group of people's trip was precisely to go and train.

It was just that they did not expect to cause such a big commotion.

"Logically speaking, you guys only stole some treasures. The merfolk tribe shouldn't have gone so far as to be so irreconcilable till death, insisting on hunting you all down. Did you guys steal something incredible?" Ye Yuan asked with a frown.

Huang Haoyan shook his head and said, "There are quite a few good stuff, but there's also no amazing treasure!"

Ye Yuan said, "Let me see!"

Huang Haoyan did not dare to disobey. The few people took out all of the treasures obtained, virtually covering half of the deck.

When Ye Yuan saw, he could not help rolling his eyes too.

This bunch of guys could really cause trouble!

After stealing so many treasures, it would have been strange if the merfolk tribe did not go crazy!

Fortunately, the merfolk tribe was not considered strong. He could barely manage to handle it.

If a Limitless Sublime Heavenly Stratum powerhouse came, Ye Yuan would have long run by himself.

After checking it, Ye Yuan did not discover anything peculiar either.

But there were a few items that Ye Yuan felt were rather good.

Among them was a conch-like item that caught Ye Yuan's attention.

[Unrivaled Medicine God](#)

Chapter 2644: Nine Cities Heavenly Pill Summit

"What is this?" Ye Yuan asked.

The few people shook their heads one after another. Clearly, they did not know what that was.

Ye Yuan looked at it carefully for a moment but did not have a clue either.

This conch gave him a mysterious aura. But, as for what the mystery was, he could not say for sure either.

In the end, he could only give up.

Ye Yuan threw the conch back and said coolly, "Alright, I can't see through it either. Aren't your families all pretty impressive? Go back and let your elders take a look. Maybe they can discern something."

Huang Haoyan looked at Ye Yuan with some surprise. He even thought that Ye Yuan wanted to look at the treasures because he planned to rip them off.

In the end, Ye Yuan did not even look at them.

How could he know that as the Martial Secure Heavenly Sect's elder, Ye Yuan had seen before god knows how many good items. How could he eye these little things?

This merfolk tribe was merely a small tribe. It was far too lacking compared to the Martial Secure Heavenly Sect.

Of course, even if there was good stuff, Ye Yuan was disdainful to rob them using this sort of method too.

The party sailed for close to a month and finally returned to the shore.

Only after traveling for more than ten days did they reach Calm South City.

Calm South City was very grand. An extremely powerful array formation was even reinforced on the city walls.

Ye Yuan measured it with his eyes. It had probably already reached the level of rank three heavenly formation.

This array formation was a defensive grand array. Most likely, even if dozens of Limitless Sublime Heavenly Stratum powerhouses besieged it, they would not be able to breach it too.

Entering the city, Ye Yuan said to the few people, "You all return to your respective homes and find your families. I'll walk around on my own."

The moment Huang Haoyan heard, he felt like he was granted amnesty and was just about to open his mouth, but he heard Su Peiyun say, "Senior Ye, you've just arrived here and are a stranger in a strange place. Why don't I be your guide?"

Seeing that Ye Yuan had the intention of rejecting, she hurriedly said again, "Senior, calculating the time, our Calm South City is currently organizing the Nine Cities Heavenly Pill Summit right now. The Thistle South Nine Cities' well-known alchemy masters are all gathered here."

When Huang Haoyan by the side saw that Su Peiyun was so warm toward Ye Yuan, it felt like he was chewing wax.

But he had to admit, this really moved him.

Having just arrived, understanding the alchemy path strength of the Land of Heavenly South was also within reason.

As for Su Peiyun's thoughts, Ye Yuan knew a little too.

This lass probably wanted to rope him in.

He was not narcissistic to the point where he thought that he was everyone's darling.

This girl's fear toward him was probably a little greater.

After all, slaughtering all directions in the army of several thousand merfolk, the impression that this scene left in the hearts of the few people was too shocking.

Huang Haoyan was probably thinking too much.

However, Ye Yuan did not care about Huang Haoyan's thoughts. As long as he did not provoke him, everything could be discussed.

If he provoked him, Ye Yuan did not mind sending him off.

He rode their boat, gifted them heavenly pills, and repelled the merfolk army. It was already sufficient as repayment.

In fact, the value was far more than that!

They owed nothing to each other anymore.

"Nine Cities Heavenly Pill Summit? A little interesting! Come on!" Ye Yuan said.

He knew that there were nine large cities on the shore of the Thistle South Sea Region. The purpose was to resist the invasion of the true spirit sea race.

This Calm South City's array formation was probably not what an ordinary person could set up too.

There was clearly an even greater backer behind the nine cities.

"That ... our Huang Family is also taking part in the Nine Cities Heavenly Pill Summit and I'm just about to go over to take a look. Why don't we go together?" Huang Haoyan thickened his skin and asked.

Ye Yuan nodded slightly, indifferent to it.

When Su Peiyun saw Ye Yuan agree, she was naturally overjoyed.

Such a terrifying existence, once he broke through to Limitless Sublime Heavenly Stratum, he would surely be a powerhouse of a region!

Even her father might not be able to do anything to him too.

As for the Nine Cities Heavenly Pill Summit, she was really not counting on Ye Yuan for anything.

She knew that Ye Yuan must have come from an alchemy faction. But Ye Yuan himself was an ascender. Furthermore, his cultivation realm was not high. No matter how strong he was, he could not be very strong.

The more likely situation was that Ye Yuan was a top disciple that some powerful faction was taking great pains to groom, and he came out for a trial this time.

Therefore, bringing so many powerful heavenly pills on him was also not at all surprising.

... ..

“300 thousand heavenly crystals, going once!”

“300 thousand heavenly crystals, going twice!”

“300 thousand heavenly crystals, going thrice, deal! Congratulations to Skybless City’s Family Head Qin, for obtaining the sixth grade One Heart Life Crossing Pill! Also, congratulations to Water Billow City’s Master Zuo Fang for winning the laurel again!”

“Water Billow City again! Water Billow City has already taken down three cities and is seated firmly in the top spot!”

“Master Zuo Fang is incredible! This One Heart Life Crossing Pill, he can actually refine the realm of sixth grade, truly remarkable!”

“The poor host, Calm South City, they are still empty until now! The Nine Cities Heavenly Pill Summit this time, they will probably be at the bottom again!”

... ..

Ye Yuan few people had just entered the venue when they felt that the atmosphere here had already reached a climax.

The Nine Cities Heavenly Pill Summit had already been held for five days. Right now, the competitions between all parties had already reached a white-hot stage.

The nine cities’ heavenly alchemists had undergone a total of 15 rounds of competition. Currently, Water Billow City took first place five times and firmly occupied the throne of first place.

While the host, Calm South City, was already shaved bald, which was very embarrassing.

On the way here, Su Peiyun already introduced the rules of the Nine Cities Heavenly Pill Summit, Ye Yuan was already perfectly clear about it.

Each round, the nine cities would each send out a heavenly alchemist to refine a kind of heavenly pill.

The type of heavenly pills could be different. But, after the refining was completed, the summit’s judge would carry out a comprehensive evaluation according to the heavenly pill’s refining difficulty, quality, as well as practicality and other areas, to determine which city won.

After judging, the heavenly pill that won would be auctioned on the spot.

While the other heavenly pills were destroyed on the spot.

When Ye Yuan saw the situation at the auction, he was slightly surprised too.

He originally thought that this Land of Barbaric South was very remote. The heavenly medicine techniques were bound to be very backward.

But who knew that the strength of these heavenly alchemists was quite good?

The One Heart Life Crossing Pill was a very high difficulty kind among grade three heavenly pills. It was not far from heavenly imperial pill!

That Zuo Fang could actually refine sixth grade. This showed that his strength was extraordinary.

At least, this Zuo Fang's strength was not the slightest bit weaker when compared to those Pill Alliance establishment lords that Ye Yuan had challenged before.

"*Hahaha*,?Su Yi, your Calm South City's heavenly alchemists really didn't improve at all! In the last Nine Cities Heavenly Pill Summit, you all took first place once at any rate. This time, it looks like you're going to be shaved bald!"

In the VIP area, Water Billow City's city lord was currently mocking Calm South City's city lord, Su Yi, who was also Su Peiyun's father.

Su Yi's expression was grim until it was almost dripping water.

Behind Su Yi, several heavenly alchemists were all blushing with embarrassment, but they could not find the words to retort.

The Nine Cities Heavenly Pill Summit this time, they really had a complete loss of face.

"Sun Yunjing, don't you be arrogant! This Nine Cities Heavenly Pill Summit is only halfway through!" Su Yi said with a cold snort.

Water Billow City's city lord, Sun Yunjing was indifferent and said with a loud laugh,?"*Huhu*,?yes, it's only halfway through. But as far as I know, Ge Ling is already your Calm South City's strongest grade three heavenly alchemist, right? Who else are you planning to send onto the stage later?"

Su Yi could not help choking when he heard that, he discovered that Calm South City actually had no one that they could use anymore!

Even the strongest was defeated. How could they even fight?

The host was shaved bald. It was really utterly humiliating!

[Unrivaled Medicine God](#)

Chapter 2645: Tell You!

"Uncle Sun, what you said is wrong! Your Water Billow City is close to Heavenly South City. Being in a favorable position. You had the advantage in timing, geographical, and human conditions, and have always been number one, that's why you became stronger and stronger. What's the use of bullying our Calm South City? If you have the ability, beat Heavenly South City!"

At this time, Su Peiyun's words interrupted Sun Yunjing's reproving.

When Su Yi saw Su Peiyun, he had a look of pleasant surprise as he said, "Little Su, you're finally back!"

Su Peiyun smiled and said, "Father, Yun-er just went to train. Do you have to be like this?"

The father and daughter two people clearly had a very good relationship. Su Yi's eyes when looking at Su Peiyun were full of doting.

It could be seen that Su Peiyun was Su Yi's beloved daughter.

"*Huhu*, Little Girl Su is still so razor-tongued! Heavenly South City is the capital city of the Land of Heavenly South, how can we compare? Want to compare, it's also comparing between the Thistle South Nine Cities. Otherwise, what's the point of this Nine Cities Heavenly Pill Summit?" Sun Yunjing said with a laugh.

"*Humph!* In the end, it's still our lack of resources that led to the decline in Alchemy Dao! You guys won unscrupulously!" Su Peiyun argued strongly.

Sun Yunjing laughed and said, "You lass, alright. This city lord won't stoop to the level of a junior like you. However, Su Yi, the next round is about to begin right away. Who are you all planning to send up to the stage?"

This Nine Cities Heavenly Pill Summit was not just a dispute caused by personal feelings. It was also a fight for resources.

Each city would obtain the resource bias of Heavenly South City based on their rankings!

One had to know, the judge of this Nine Cities Heavenly Pill Summit was a grade four heavenly alchemist sent by Heavenly South City!

It was evident that Heavenly South City attached great importance to these nine cities.

It was just that Calm South City suffered repeated defeats with each battle, forming a vicious cycle.

Coupled with that they were lacking talents, that was why they got bogged down deeper and deeper.

Su Yi had a black face and said to an old man beside him, "Elder Ge, I can only trouble you again!"

Ge Ling sighed slightly and walked over towards the pill refining area.

Su Yi could only hope for Ge Ling to outdo himself now and win the round.

It was just that this hope was very bleak.

"Dad, let me introduce someone to you. This is a friend that Yun-er got to know outside called Ye Yuan! It's all thanks to him that your daughter could return safe and sound!" Su Peiyun introduced Ye Yuan with an excited look.

Su Yi gave Ye Yuan a glance, lacking in interest.

Ye Yuan was merely middle Greater Sublime Heaven. Su Yi reckoned that he just warded off some danger for his daughter. That was all.

Later, he would give Ye Yuan some benefits and compensate a little, and it would be considered settled.

Maybe this boy even had the intention of currying favor with those in power and deliberately did so.

"Mn, thank you very much, Little Brother!" Su Yi said coolly.

How could Ye Yuan not perceive Su Yi's vigilance? However, he did not care either and just said indifferently, "Don't mention it."

Ye Yuan's attitude made Su Yi a little unhappy.

Furthermore, his current thoughts were more on Ge Ling. Hence, he could not be bothered to pay attention either.

Su Peiyun saw that the atmosphere was a little stiff and could not help secretly panicking.

It was just that the occasion did not allow it, it was inappropriate for her to explain too much as well, she could only divert the topic and talk about the Nine Cities Heavenly Pill Summit.

But, she saw that Ye Yuan was absorbed in it and felt slightly relieved in her heart too.

"Senior Ye, I've incurred your ridicule. Our Calm South City's alchemy path strength is bottom-tier among the nine cities. Although Master Ge is impressive, he's powerless to turn the tables too!" Su Peiyun said with a bitter smile.

Ye Yuan shook his head and said, "Ge Ling's strength isn't weak. It's just that he has some minor defects when refining pills, which results in his quality being worse than others. If he fixes these minor problems, he won't be weaker than the others!"

At this time, this round of alchemy competition already started too.

What kind of visual prowess did Ye Yuan have?

When he was at the Pill Pavilion, he was an existence who guided grade four heavenly alchemists!

Ge Ling's pros and cons, he understood them at a glance.

If one really wanted to talk about which of these nine cities' heavenly alchemists was weaker or stronger, it was not definite too.

After all, the nine cities were existences on the same level. Although there were differences in resources, it was not to the extent of being too different.

However, pill refining was like this.

The details determined success or failure!

Some minor problems would cause the final difference in quality.

Su Peiyun thought that Ye Yuan was consoling her and said with a bitter smile, "When Master Ge is in his best condition, the One Heart Life Crossing Pill can only reach lower fifth grade, sixth grade is absolutely impossible! He's far worse compared to Master Zuo Fang!"

Ye Yuan said coolly, "Zuo Fang's strength is also just like that. If Ge Ling gets rid of those minor problems, he'd probably be even stronger than him."

Talking about pill refinement, Ye Yuan was also overcritical and very serious.

His current strength was god knows how many times stronger compared to when he was battling in alchemy with Cang Yongning!

The likes of Zuo Fang were really very ordinary in his eyes.

"*Huhu*, what high-sounding sentiments! A measly little Greater Sublime Heavenly Stratum actually looks down on grade three heavenly alchemists. Where did your courage come from?"

Sun Yunjing was not far away from them, these words naturally landed in his ears and he immediately felt very displeased.

If you were a grade three heavenly alchemist and postured a bit, forget it then.

A bullshit Greater Sublime Heavenly Stratum was also posturing?

Su Yi frowned slightly too, his impression of Ye Yuan worsening.

In his view, Ye Yuan saying this was intentionally for him to hear. The purpose was naturally in order to ingratiate to him.

It was just that, you, a Greater Sublime Heavenly Stratum, spouted a stream of empty rhetoric in front of a group of city lords, who gave you the courage?

These words were not kissing ass, but getting kicked by an ass!

But beside Su Peiyun, Huang Haoyan was secretly delighted.

Ye Yuan provoked a group of city lords, he probably would not gain anything good out of it.

At that time, City Lord Su Yi naturally would not like him.

"Yun-er, bring this friend of yours for a stroll in the city." Su Yi gave face to his daughter and was already very tolerant of it.

But Sun Yunjing was unrelenting and stopped him and said, "Don't! This little brother looks down on even grade three heavenly alchemists. He probably has some real skills! This city lord really wants to hear what brilliant opinions do you have?"

Su Yi's face turned black, immediately feeling upset.

This Sun Yunjing was intentionally putting him on the spot!

Su Peiyun saw that the atmosphere was a little awkward and hurriedly said, "Uncle Sun, sorry! This friend of mine only said this to comfort me. I'll bring him away at once!"

Finished saying, she hurriedly pulled the corners of Ye Yuan's sleeves, hinting for Ye Yuan to leave.

Who knew that Ye Yuan said coolly, "If you want to hear, I'll tell you about it then. Zuo Fang's approach is very orthodox. It should have been taught by an expert! If my conjecture is right, he should be from Heavenly South City, right? In contrast, Ge Ling's approach is much wilder. When refining, he doesn't have a proper method system. Most likely, he fumbled his way into becoming a grade three heavenly alchemist. However, Ge Ling is pretty good. His foundation is very solid and his talent is decent too. If he

cultivates the proper way, it's also not impossible to step into grade four heavenly alchemist in the future."

The review dumbfounded the group of city lords.

With regards to these two people's background, although it was not some big secret, it was absolutely not what a Greater Sublime Heavenly Stratum could inquire about.

But Ye Yuan said it without the slightest error!

But Su Peiyun was shocked and said, "Senior Ye, you're really too incredible! Master Zuo Fang has once studied under Heavenly South City's Master Wu Deng's tutelage, it's just that very few people know about it! As for Master Ge Ling, he had once obtained some lucky chances before, and fumbled his way into becoming a heavenly alchemist!"

[Unrivaled Medicine God](#)

Chapter 2646: On-site Guidance

A city lord spoke up, "Zuo Fang and Ge Ling are both top-tier grade three heavenly alchemists of the nine cities. This information can be inquired as long as one has the intention of doing so."

The moment everyone heard this, they came back to their senses, and their gazes when looking at Ye Yuan were even more contemptuous.

It was just that Su Peiyun and Huang Haoyan both knew that Ye Yuan was not someone from Heavenly South at all. How could he possibly inquire about the information deliberately?

Hence, there was only one possibility. It was that he perceived it himself.

Disregarding other things, just this visual prowess alone was scary enough.

"Su Yi, you got to watch over this beloved daughter of yours carefully!" Sun Yunjing looked at Ye Yuan and said meaningfully.

The subtext was that this boy was very scheming and expended considerable effort in order to fish your daughter.

How could Su Yi not discern it? His face immediately became black as the bottom of a pot.

His impression of Ye Yuan was not very good to begin with. Now, he was even more displeased.

If not looking on the account of his daughter's face, he would have long had people break his legs and tossed him out.

A Greater Sublime Heavenly Stratum posturing in front of a bunch of city lords, were you aware of the occasion or not?

Su Peiyun's pretty face turned red, immediately blushing heavily.

But the Huang Haoyan by the side was furious.

He gritted his teeth and said in a solemn voice, "City Lord Sun, food can be eaten indiscriminately, but words can't be said indiscriminately! Peiyun is my, Huang Haoyan's woman! I'm afraid that it's inappropriate for you to carelessly matchmake people like this, right?"

With that said, Su Peiyun's pretty face turned even redder, almost stuffing her head into her neckline.

Ye Yuan was rather surprised by Huang Haoyan's bluntness. This boy had always been obsequious in front of him but did not expect that he was actually so staunch at this time.

It could be seen that he really liked Su Peiyun.

Sun Yunjing was taken aback and suddenly laughed loudly and said, "Interesting, interesting! You're Huang Nanshan's son, right??*Huhu*,?this city lord apologizes to you! You young people's matters, I'm really not too clear about it."

His laughter was unbridled and had an even deeper meaning.

The other city lords also started laughing out loud one after another. Su Yi almost wanted to find a hole in the ground to burrow into.

How could he not understand what these guys were laughing about?

They were laughing with him: your daughter was really promiscuous!

"Girl, what on earth is going on here?" Su Yi said with a black face.

He rarely lost his temper at his daughter. But this time, he reached the limit of his patience.

"Dad, I ... I ..." Su Peiyun also panicked for a moment, at a loss on what to do.

"Nothing's going on. It's just that your daughter is very filial and wanted to win me over for you, that's why she brought me here. But it seems like you don't really welcome it," Ye Yuan said coolly.

"Win you over??*Huhu*,?you, a Greater Sublime Heavenly Stratum, what's worth winning over? You boy, really know how to gild gold onto your own face! Think that having done a bit of homework, you really feel that you're amazing?" Sun Yunjing said with a snicker.

Ye Yuan gave Sun Yunjing a glance and said profoundly, "You're very cocky!"

Sun Yunjing's face turned black and he said in a solemn voice, "Brat, do you know who you're talking to or not?"

Ye Yuan ignored him, but looked at Su Peiyun and said, "Originally, I wasn't interested in joining Calm South City. But now, I've changed my mind."

Su Peiyun was overjoyed when she heard that and said, "Senior Ye, is what you said true?"

Right now, Su Peiyun suddenly felt a little grateful toward Sun Yunjing.

If not for him provoking Ye Yuan repeatedly, Ye Yuan probably would not join Calm South City.

At least, she could be sure that the faction behind Ye Yuan was definitely much stronger than Calm South City!

In fact, it was not inferior to Heavenly South City!

The moment Sun Yunjing heard, he only felt amused and said, "Boy, you can really pretend! You mean that when you join Calm South City, we'll all have to be more careful?"

When the group of city lords heard that, they all laughed loudly without ceasing.

In their view, Ye Yuan was simply a moron, how could he be worth winning over?

They really did not know what kind of bewitching soup Su Peiyun was forced to drink, to actually acknowledge him!

Ye Yuan gave Sun Yunjing a glance rather surprisedly and said, "Looks like you're not too stupid either!"

Finished saying, Ye Yuan flicked his finger.

Only to see a ray of sword light fly straight for Ge Ling.

Bang!

Ge Ling's pill refinement was directly interrupted crudely.

He was currently fully concentrated on refining the pill. Suddenly being interrupted, he also went into a rampage.

"Brat, are you courting death?" Ge Ling arrived in front of Ye Yuan like the wind and roared.

Ye Yuan's sudden move directly stunned everyone.

Did he join Calm South City to deal damage?

Hahahaha, really a pig teammate!

Thought that he would say some harsh words, in the end, he directly made a move to interrupt his own people's pill refinement.

Facing Ge Ling's wrath, Ye Yuan appeared calm and collected. Waving his hand, he said, "You don't need to refine anymore. According to your refining method, it's impossible to win Zuo Fang all your life! Remember I'm about to say next carefully. Just nice, make use of this auction time to repeat it in your head! Finish him off in the next round!"

Ye Yuan ignored Ge Ling's wrath as well and started talking on and on in a flow of eloquence.

He had observed for a long time and was fully aware of some of the minor problems in Ge Ling's pill refinement.

Giving guidance at this time, it struck the vitals directly!

In the beginning, Ge Ling was almost rampaging under his rage. Luckily, Su Peiyun kept holding him back, that was why he did not blow up.

But very soon, the expression on Ge Ling's face changed.

But Sun Yunjing said disdainfully, “A Greater Sublime Heavenly Stratum teaching a grade three heavenly alchemist alchemy, this is simply a joke! If randomly saying a few words can make people become stronger, then anyone can become a heavenly alchemist!”

However, the expression on Ge Ling’s face became more and more serious.

There were also many grade three heavenly alchemists present. Their faces actually revealed thoughtful looks too.

At this time, even Sun Yunjing discovered that something was wrong too.

He did not know alchemy, but it did not mean that he was a fool.

Ge Ling’s current expression was just like a student, just short of kneeling down to Ye Yuan.

Sun Yunjing’s brows furrowed slightly and he asked someone next to him, “Master Jiang Li, could it be that what this brat says is really something?”

Jiang Li’s strength was even a bit stronger than Zuo Fang.

It was just that currently, no one could force him out yet.

But at this time, the expression on Jiang Li’s face was noticeably showing he was surprised.

Seeing Sun Yunjing asking, he nodded and said, “The few points that he talked about are all Ge Ling’s shortcomings! Actually, I’ve long discovered it too. Ge Ling’s strength isn’t weak. It’s just because of his uncultivated origins, many details couldn’t be controlled, resulting in the poor quality. I didn’t expect that this boy just take a few glances and perceive it! This boy isn’t simple!”

Sun Yunjing felt his scalp tingle when he heard and said with a frown, “But, can just saying these few sentences make Ge Ling become strong?”

Jiang Li shook his head and said with a smile, “How is it possible? Knowing is one thing, doing it is another matter altogether! Moreover, Ge Ling’s pill refinement has long already formed a fixed style. It’s writing, habits are very hard to change. Even if he knows, it’s also impossible to have any improvements within a short time.”

The moment Sun Yunjing heard, he immediately felt relieved and said with a cold smile, “I want to see how this brat cleans up the mess!”

At this time, Ye Yuan suddenly said to Su Yi, “Arrange for a secret room. I want to give him a small sermon.”

Su Yi was taken aback. Then, he immediately came back to his senses and hurriedly made people go arrange it.

[Unrivaled Medicine God](#)

Chapter 2647: Turning Stone into Gold!

When he walked out of the secret room, there was an additional glimmer of brilliance in Ge Ling's eyes.

He did not expect that pills could still be refined this way!

To him who had an uncultivated background, Ye Yuan's casual guidance made him feel like he suddenly saw the light.

At this very moment, he was full of awe for Ye Yuan.

"Old Ge, still going up? I want to say that your strength is pretty good too. But, continue losing like this, this old face of yours will be completely lost!" When Zuo Fang saw Ge Ling get on the stage again, he could not refrain from mocking.

Ge Ling's face turned black and he said in a solemn voice, "Who wins and who loses is still unknown!"

Zuo Fang did not care and said with a smile, "*Huhu*, being guided by a junior, you're really able to give up on this old face! You wouldn't really think that in less than an hour, you'll be able to surpass me, right?"

Ge Ling snorted coldly and said, "That will only be known after competing!"

Zuo Fang laughed loudly and said, "Looks like you really take it seriously! Being taught by a junior, if you were to still lose, you probably won't be able to go out in Calm South City in the future anymore, right?"

Ge Ling knew that he could not win him with words, so he could only give a cold snort and stop talking.

This round of alchemy competition was starting again very quickly.

The nine cities' heavenly alchemists made a move once again!

Everyone's eyes were naturally focused on Ge Ling.

The heavenly alchemists present were all not weaklings.

It was just that, they also could not see that there were overly obvious changes to Ge Ling.

Everything seemed to be the same as before.

Continuing to refine step by step, it was simply impossible to win.

"*Huhu*, this is a big joke! A grade three heavenly alchemist was actually guided by a junior. The key is that there aren't any changes still!"

"Looks like this time, Calm South City is really going to become the laughingstock of the nine cities. After everyone goes back, today's matter can probably serve as a joke for a year."

"What's going on with City Lord Su Yi, to actually accompany a junior to mess around!"

... ..

Many people were all discussing animatedly.

Clearly, they were not optimistic about Ge Ling.

When these words landed in Su Yi's ears, it made him even more upset.

Earlier, he was quelled by Ye Yuan in a few words, thinking that Ye Yuan was really formidable.

Looking at it now, he was simply fooling people!

Yet, this guy was still sitting by the side like nobody's business.

"Master Jiang Li, is there anything different?" Compared to others, Sun Yunjing still believed in Jiang Li more.

It was also Jiang Li's assessment that cowed Sun Yunjing.

Jiang Li stared at Ge Ling for a long time before shaking his head and saying, "There's not much difference. I said it earlier, habits are the scariest. How can it be changed so easily? This battle, Ge Ling will still lose for sure!"

The moment Sun Yunjing heard, he immediately settled his heart back in place.

Jiang Li was his trump card, Sun Yunjing trusted his vision very much.

Even he said that it would not work, then it definitely would not work.

"Su Yi, looks like this little brother can really transform the rotten into something magical! Ge Ling changed until I almost couldn't recognize him anymore! *Hahaha* ..." Sun Yunjing started his great mockery act again.

Actually, the nine cities were of the same breath and branch. They resisted the true spirit sea race jointly and at the same time were also in a competitive relationship.

The nine great city lords also secretly competed with each other.

This was also the situation that Heavenly South City was willing to see.

The Nine Cities Heavenly Pill Summit was the best opportunity to show off to begin with. It was naturally impossible for Sun Yunjing to let it slip by.

Su Yi had a dark look and did not play along, but gave a cold snort and said to Ye Yuan, "Brat, do you want to explain it? Because of you, Calm South City and this old man have already incurred the ridicule of experts today!"

Ye Yuan's gaze was on Ge Ling the entire time. Without even looking at him, he just said coolly, "You just watch, isn't the result not out yet?"

Su Yi was taken back, immediately gnashing his teeth in hatred.

This boy was really cocky to the extreme!

By the side, Su Peiyun was extremely awkward.

She discovered that bringing Ye Yuan was simply a mistake.

Now, she had already ridden the tiger and found it hard to dismount.

But the combat power that Ye Yuan displayed in the sea still made her unwilling to give up.

Huang Haoyan sensed Su Peiyun's awkwardness. Gritting his teeth, he said to Ye Yuan, "Senior Ye, Peiyun and I both respect you very much! I'm afraid that it's not appropriate for you to do so, right?"

Ye Yuan found it funny in his heart, but he just said indifferently, "What's not appropriate about it?"

Huang Haoyan said, "Peiyun only had the intention of getting on friendly terms with Senior. But you made the entire Calm South City become a laughingstock for your own face! This isn't appropriate!"

Clearly, Huang Haoyan and Su Peiyun had already talked about it. The two people's relationship was re-established.

But, with Ye Yuan doing so, it made them still unable to accept it.

Ye Yuan still said coolly, "Whether it's a laughingstock or laughing proudly, you just watch!"

Amidst the mocking voices, the pill refinement of the nine great grade three heavenly alchemists gradually reached an end.

The nine heavenly pills were presented to the judge's bench.

Three grade four heavenly alchemists started undergoing a comprehensive judgment of the nine heavenly pills.

"Skybless City's Yuan Yi, Thunderfire Heavenly Dipper Pill, middle fifth grade!"

"Yong He City's Zhao Lei, Sulfur Flame Kun Earth Pill, upper fifth grade!"

... ..

Cui Tong reported the results one by one, without much surprise.

He was a grade four heavenly alchemist from Heavenly South City, his status extremely revered.

The strength of these grade three heavenly alchemists was actually very close.

This round, whoever performed a little better, might clinch victory.

As for the commotion on Sun Yunjing and Ye Yuan this side, he naturally noticed it too. But he did not pay too much attention.

In his view, Ye Yuan was merely talking big to impress people.

A Greater Sublime Heavenly Stratum, he would be a grade two heavenly alchemist at the very most. How could he possibly guide a grade three heavenly alchemist?

But, with this farce, he still harbored some curiosity about Ge Ling's heavenly pill.

This time, Ge Ling was the last to complete the refinement, so he was queued last.

"Water Billow City's Zuo Fang, Emerald Dawn Meteorite Pill, lower sixth grade!" Cui Tong said coolly.

Finished speaking, he picked up Ge Ling's heavenly pill and placed it onto the Cloud Mount Mother Stone.

Suddenly, his gaze turned intent, looking at the scale in amazement.

Middle sixth grade!

"It ... It actually reached middle sixth grade! This ... how is this possible?" Cui Tong sucked in a cold breath.

Before this, Ge Ling had never reached sixth grade before!

The best was also merely upper fifth grade!

This time, he actually directly broke through a grade and reached middle sixth grade!

The two people beside him were also surprised!

"This ... should be a coincidence, right?" Another grade four heavenly alchemist said.

Cui Tong sucked in a deep breath and said with a nod, "It should be a coincidence! If casually giving some pointers can attain this kind of effect, that's would also be too monstrous! Even the likes of us can't achieve it. So how can a grade two heavenly alchemist possibly do it?"

Following that, he said loudly, "Calm South City's Ge Ling, Six Ren Carefree Pill, middle sixth grade!"

The moment these words came out of his mouth, the entire audience exploded!

"What? Really won?"

"How is this possible? Gave pointers on the spot and it promoted a grade? This is freaking cheating, right?"

"Just what kind of person is that boy, to actually have the ability to turn stone into gold?"

... ..

The despots from all around felt that this was simply like talking about a book from heaven; too ridiculous!

A grade two heavenly alchemist spent less than an hour's time and gave pointers to a grade three heavenly alchemist.

In the end, he won!

You are freaking joking, right?

[Unrivaled Medicine God](#)

Chapter 2648: Acting Like a Snob

"Six Ren Carefree Pill, regardless in terms of quality, refinement difficulty, or practicality, it wins against the Emerald Dawn Meteorite Pill! The three of us unanimously rule that in this round, Ge Ling wins!"

Cui Tong's voice had neither joy nor sorrow, but it struck everyone's hearts.

No matter whether it was Sun Yunjing, Jiang Li, or Su Yi father and daughter, they were all stupefied at this time.

He actually really won!

"This is impossible!" Jiang Li's first reaction was that it was impossible.

Su Yi also came back to his senses at this time and immediately burst out laughing and said, “*Hahaha?*... just now, who said to shave our Calm South City bald? Do your faces hurt? Sun Yunjing, didn’t you say that my Calm South City doesn’t have anyone? Now, do you still dare to say it?”

Actually, Su Yi was really prepared to be shaved bald already.

But, who would have expected that there would actually be a turnaround.

Ge Ling won!

These few days, he was mocked by Sun Yunjing and the few great city lords immensely.

Venting this frustration now, it really felt invigorating to the max.

His gaze involuntarily looked towards Ye Yuan and discovered that Ye Yuan had his head lowered, looking straight down. It was as if this had nothing to do with him at all.

If it was earlier, he would definitely feel that this guy was pretending to be mysterious.

But now, it was completely not the case at all.

This guy that his daughter brought back, really had the skills.

Sun Yunjing’s expression was very ugly. He was still mocking Su Yi and Ye Yuan just now. Who would have thought that in a blink of an eye, he had his face slapped?

“Su Yi, what are you being smug for? Your Calm South City only won one match!” Sun Yunjing said with a cold snort.

But Su Yi did not care at all and laughed loudly as he said, “So what if one match? One match and you can’t shave bald anymore! At least, you can’t make it zero anymore!”

Sun Yunjing’s face turned black and he said in a solemn voice, “You’re really shameless! One match got you smug until like this!”

Su Yi did not show weakness in the slightest and snorted coldly as he said, “I’m proud of it! I feel great slapping your face!”

Sun Yunjing lost his temper. Su Yi winning under this kind of circumstances was indeed worthy of being proud of.

He was different from him. He did not have hope for Heavenly South City’s resources to begin with.

Now, at least he got lucky!

“That ... Young Friend Ye, just now, it was this Su who had eyes but couldn’t see! Now, this Su officially apologizes to you. I hope that Young Friend Ye doesn’t take offense!” Su Yi bowed towards Ye Yuan as he said slightly embarrassedly.

He kept calling brat earlier, not taking Ye Yuan seriously at all.

Now, he was embarrassed.

Logically speaking, he was revered as a city lord, a grand completion Limitless Sublime Heavenly Stratum powerhouse, he should not apologize to a junior.

But Su Yi did not feel that there was anything wrong.

He was not stupid, a grade two heavenly alchemist casually giving pointers could make a grade three heavenly alchemist's heavenly pill directly advance a grade. This was not what anyone could do.

At least, those three grade four heavenly alchemists above could not do it!

Even Heavenly South City's titans could not do it, then how strong was the faction behind this young man?

Ye Yuan said coolly, "I'll accept the apology, but this Ye gives City Lord Su a word of advice. It's best if you don't act like a snob in the future!"

Since he entered, Su Yi had been looking at him through colored glasses. How could he not feel it?

If not looking on the account of Su Peiyun's face, Ye Yuan would have long fallen out.

A Limitless Sublime Heavenly Stratum city lord, Ye Yuan did not take him seriously yet.

He had even killed a Jade Sovereign Heaven before. So why would he pay attention to a Limitless Sublime Heaven?

"Insolence!"

"Impudent!"

"To actually dare speak to City Lord His Excellency like this!"

... ..

When Su Yi's guards heard this, they immediately exploded but were stopped by Su Yi.

He believed his daughter's words now, she really wanted to rope an impressive character in for him, but he kept pushing him out continuously.

It was just as Ye Yuan said. He had acted like a snob!

"All withdraw for me! What Young Friend Ye said is right. This Su did indeed act like a snob before!"

Su Yi's attitude surprised Ye Yuan a little.

A dignified city lord could actually stomach this grievance.

At this time, Ge Ling came down too.

He directly came before Ye Yuan, gave a deep bow, and said, "This Ge thanks Master Ye for your guidance!"

Ye Yuan accepted it calmly and said coolly, "Do you have any gains?"

The moment Ge Ling heard, he said excitedly, "Plenty of gains!"

By the side, Zuo Fang said with a cold snort, “*Humph!* Pretending to be mysterious! Just now, it was merely getting lucky. Getting cocky for what? The next round, I’ll definitely teach you a lesson!”

Ye Yuan gave Zuo Fang a glance and said coolly, “Refining pills never has any luck. There’s only the inevitability of endless training! Placing your hopes on luck, your accomplishments are bound to be limited.”

Zuo Fang’s brows furrowed, and he said with a cold snort, “Brat who’s still wet behind your ears, this old man isn’t Ge Ling that sort of trash. It’s not your turn to come and teach yet! Whether or not it’s luck, you’ll know in the next round!”

He completely did not believe that a few words of guidance could make Ge Ling undergo such an upheaval change.

Being able to refine middle sixth grade could only be attributed to luck!

Very soon, Ge Ling’s Six Ren Carefree Pill was auctioned for a sky-high price of 400 thousand heavenly crystals!

It was directly 100 thousand heavenly crystals higher compared to Zuo Fang’s One Heart Life Crossing Pill previously. It could be seen how high the value of the Six Ren Carefree Pill was.

After resting, the nine cities’ heavenly alchemists went onto the stage again.

Each city had more than one heavenly alchemist.

Hence, there was also a particular method to marshal soldiers for battle.

The strengths of these heavenly alchemists were mostly very close. It depended on how their condition was.

However, to Calm South City, the other heavenly alchemists were seriously somewhat lacking in skill.

So this round, it was still Ge Ling.

“Jiang Li, why don’t you take this round?” Sun Yunjing looked toward Jiang Li and asked.

Zuo Fang’s face turned black, feeling immensely being insulted.

“City Lord, this round, I absolutely won’t lose to him! Earlier, Ge Ling just got lucky; that’s all!” Zuo Fang said in a solemn voice.

Jiang Li fell silent for a moment and said, “Whether or not it’s luck is still hard to say! City Lord, I want to observe again!”

Sun Yunjing nodded and said, “Fine. Master Zuo Fang, you must take him down this time!”

Zuo Fang snorted coldly and said, “Rest assured, he won’t have the chance!”

Carrying a strong desire for revenge, Zuo Fang took the stage again.

This time, he brought out his trump card, the Nine Cauldron Grand Void Pill!

“It’s the Nine Cauldron Grand Void Pill! Master Zuo Fang is releasing a big move!”

“The Nine Cauldron Grand Void Pill is Master Zuo Fang’s signboard! This heavenly pill already infinitely approaches the level of heavenly imperial pill. Furthermore, Master Zuo Fang’s highest record is upper sixth grade!”

“Master Ge Ling unleashed his ultimate move too! What he’s refining this time is the Fuxi Pure Yang Pill! The difficulties of the two heavenly pills are evenly-matched in strength. However, he’s still a little worse compared to Master Zuo Fang. It’s said that Master Ge Ling’s best record is merely middle fifth grade!”

... ..

The moment the refinement started, the crowd became excited.

This match could be said to be a pinnacle showdown already.

In the alchemy competition previously, everyone was holding back.

Firstly, when refining highly complex heavenly pills, stability was insufficient. Any carelessness and the quality would drop.

Secondly, trump cards had to be saved until the end.

Zuo Fang was forced into a corner. That was why he would bring out the Nine Cauldron Grand Void Pill.

Chapter 2649: Heavenly South's Number One Genius!

“Ge Ling, Fuxi Pure Yang Pill, peak sixth grade! Calm South City wins!”

When Cui Tong said this, his expression distinctly became somewhat unnatural.

Clearly, even he himself felt that it was inconceivable.

If one time, it could be said to be coincidental.

But the second time, Ge Ling overpowered Zuo Fang with his overwhelming talent, taking the top spot! It was not a coincidence anymore!

Just now, Cui Tong personally announced that Zuo Fang’s Nine Cauldron Grand Void Pill reached the level of upper sixth grade.

This was also to say that Zuo Fang performed to his highest standard this time!

But he still lost!

Peak sixth grade already reached the boundary of seventh grade, which was even higher than Zuo Fang’s result.

When Ge Ling himself heard this result, he felt rather incredulous too.

After the first match, he became a little more familiar with Ye Yuan’s guidance.

So the pill refinement this time, he became even more accomplished with high proficiency.

The result did not disappoint him.

“Won again! Really not a coincidence!”

“My God, this is also too miraculous! A grade two heavenly alchemist actually has the ability to turn stone into gold, making Master Ge have such a huge leap within such a short time.”

“Just what kind of person is that young man? Why have I never heard of him before?”

... ..

Suddenly, Ye Yuan who was condescending and behaved like an idiot in their eyes became mysterious.

No one treated him as an ordinary Greater Sublime Heavenly Stratum anymore.

Cui Tong three people’s gazes also looked over one after another.

Su Yi laughed loudly and said, “Sun Yunjing, you said that it was luck earlier? Ge Ling’s luck is really good!?Hahaha?...”

He was extremely proud of himself right now.

Each Nine Cities Heavenly Pill Summit, he would be the target of ridicule for the many city lords. Among them, Sun Yunjing was the worst.

Now, slapping faces over and over again made him feel like a freed slave singing songs.

That feeling of liberation really could not be described using words.

Seeing Su Yi’s smugful face, Sun Yunjing had an impulse to hit him.

But he was aggrieved currently!

How did Ge Ling become so formidable all of a sudden?

He could not figure it out after racking his brains!

“City Lord, please give me another chance! This time, I’ll definitely make Ge Ling that fellow knows my prowess!” Zuo Fang came before Sun Yunjing as he gnashed his teeth and said.

Clearly, he still did not give up.

He came from Heavenly South City and normally looked down on Ge Ling, this kind of barbarian most of all.

Now, he was actually surpassed by someone that he looked down upon. How could he stomach this frustration?

But Sun Yunjing was clearly not prepared to give him a chance anymore.

“Zuo Fang, you’ve worked hard too, rest for a bit. Leave the rest to Jiang Li,” Sun Yunjin said lightly.

“City Lord!” Zuo Fang said with unwillingness.

At this time, Jiang Li opened his mouth and said, “Zuo Fang, haven’t you discovered it yet? Ge Ling’s improvement this time is even greater than before! Although I don’t know how that boy did it, he indeed has the ability to transform the rotten into something magical! If my conjecture is right, Ge Ling’s

pill refinement is very likely to break through to seventh grade the next time! At that time, you'll lose even more miserably!"

Zuo Fang's entire body trembled, and he fell silent.

Jiang Li patted his shoulder and said coolly, "Go rest. Leave the rest to me."

Zuo Fang carried strong unwillingness and went to rest.

In the auction, Ge Ling's Fuxi Pure Yang Pill was sold for a sky-high price of 600 thousand heavenly crystals, the highest of all present.

At this time, Jiang Li who was beside Sun Yunjing slowly stood up.

The moment he moved, it immediately caused a commotion.

"It's Master Jiang Li! He's finally taking the stage!"

"Master Jiang Li is known as Heavenly South City's number one alchemy genius! Heard that even many grade four heavenly alchemists are not as impressive as him!"

"I didn't expect that he was actually invited by Water Billow City. City Lord Sun definitely paid a huge price."

... ..

Seeing Jiang Li get up, Su Yi's expression became ugly too.

Even Ge Ling also became fidgety.

Ye Yuan everyone's nervousness and could not help being a little surprised.

"He's very strong?" Ye Yuan asked curiously.

Ge Ling nodded his head heavily and said, "Very strong! I stand no chance in front of him at all! Jiang Li is known as the Heavenly South's number one genius. Although he's still only a grade three heavenly alchemist now, in terms of strength, he's already stronger than many grade four heavenly alchemists! I thought that he was just invited by City Lord Sun to hold the line. I didn't expect that he actually personally took the stage! To put it bluntly, even if he sits on the judge bench, there also won't be anyone complaining!"

Jiang Li's fame was extremely high. When he joined Water Billow City, it had once caused a great sensation.

No one would have thought that Heavenly South City's number one genius actually joined the border Water Billow City.

Although each and every one of the grade three heavenly alchemists present all had high regards for themselves, they did not dare to be presumptuous in front of Jiang Li.

Ye Yuan just nodded slightly, thinking to himself that no wonder even Zuo Fang, this kind of arrogant person, went to rest obediently.

However, he did not really take it to heart either. No matter how strong Jiang Li, this number one genius, was, it was also impossible to be stronger than Cang Yongning.

Furthermore, even if he was really stronger than Cang Yongning, Ye Yuan did not mind either.

Calm South City's win or loss had nothing to do with him.

Just now was just Sun Yunjing continuously squeezing him, that was why he took action.

Now that the other party had shut up, Ye Yuan was naturally not interested in taking action anymore too.

Who would have expected that Jiang Li turned around and actually came in front of Ye Yuan and said with a smile, "Little Brother, are you interested in taking the stage to play?"

Buzz!

The whole audience was in a stir!

"Master Jiang Li actually challenged a grade two heavenly alchemist!"

"Isn't this bullying people?"

"When Master Jiang Li refines grade two heavenly pills, it's definitely all upper ninth grade. How to compete?"

... ..

Although Ye Yuan was very mysterious, he was still utterly not worth mentioning in the face of Jiang Li's prestige.

Jiang Li's might was deeply entrenched in the hearts of people.

Ye Yuan could casually give pointers, but Jiang Li was an existence who could win grade four heavenly alchemists!

"Not interested!" Ye Yuan directly refused.

"*Huhu*,?looks like Little Brother only knows how to engage in empty talk. It was this Jiang who thought too highly of you," Jiang Li was indifferent and said with a faint smile.

Ye Yuan glanced at him and said coolly, "You don't need to goad me, I'm not accepting the challenge because you're not worthy of making me take action."

Murmur!

The whole audience was in an uproar!

This guy was simply too arrogant!

He probably did not know who Jiang Li was, right?

Jiang Li was considered level-headed too. But, hearing these words, his expression turned dark.

"*Huhu*, brat, you're also regarding yourself too highly, right? Even if a grade four heavenly alchemist is in front of me, they also wouldn't dare say so!" Jiang Li said in a solemn voice.

"Grade four heavenly alchemist? *Huhu*, if you want me to take action, can as well. But you have to be mentally prepared. If I make a move, your Water Billow City won't have a chance anymore," Ye Yuan said with a meaningful smile.

The words were full of disdain.

In Ye Yuan's view, grade four heavenly alchemists were indeed nothing.

In the Pill Pavilion, when grade four heavenly alchemists saw him, they had to respectfully call him as Master Ye.

Jiang Li's eyes turned cold and he said, "Is that so? I'm already mentally prepared. This Jiang wants to see how Water Billow City won't have a chance!"

Ye Yuan could not help laughing as he shook his head. Slowly standing up, he said coolly, "If you want to see, I'll let you take a look then."

[Unrivaled Medicine God](#)

Chapter 2650: Exploded!

Ye Yuan taking the field immediately aroused great expectations.

Casually giving a few words of guidance and it greatly improved a grade three heavenly alchemist's strength.

This kind of means was simply inconceivable.

Then how was his own strength?

"Three elders, for fairness sake, I suggest this round to collectively refine grade two heavenly pills," Jiang Li gave a bow to Cui Tong three people as he said.

Cui Tong three people exchanged a glance and said with a nod, "As it ought to be."

Right at this time, Ye Yuan spoke up, saying, "No need!"

Cui Tong's brows furrowed and he said, "Grade two heavenly pill and grade three heavenly pill can't be mentioned in the same breath at all. Even if you can refine a heavenly imperial pill, it's also much inferior compared to the medicinal pills that they refine. How will you compete with them like this?"

Although the medicinal effects of grade two heavenly imperial pills rivaled grade three heavenly pills, it was not comparable to all grade three heavenly pills.

If not, grade three heavenly pills also would not be called grade three heavenly pills.

Ye Yuan said coolly, "I'll refine my grade two heavenly pill; they'll refine their grade three heavenly pill. If you all feel that my heavenly pill isn't as good as theirs, just judge it as a loss."

"*Huhu*, what an arrogant kid!"

"What do you think you're refining? To actually dare look down on us so much!"

"A mere grade two heavenly alchemist is unbelievably arrogant! I want to see how much capability you have!"

... ..

The moment the other few cities' heavenly alchemists heard, they immediately exploded.

Ye Yuan was clearly not taking them seriously!

Cui Tong's brows furrowed even tighter. He was seriously unable to imagine what basis Ye Yuan had to be so conceited.

Could it be that the grade two heavenly pills he would refine are different from the rest?

"Forget it. Since you insist, do as you say then! I wonder, what kind of grade two heavenly pill do you want to refine?" Cui Tong said.

"Grade two Foundation Establishment Heavenly Pill!" Ye Yuan still had a calm and collected appearance as he said.

Once again, everyone exploded.

"What the hell? Grade two Foundation Establishment Heavenly Pill competing with grade three heavenly pills whose difficulty approaching heavenly imperial pill? Is this kid's head spoiled?"

"*Ha! Haha!* One really can see anything after living a long time! It's still Your Father's first time seeing such a mind-boggling grade two heavenly alchemist!"

"Not just that, right? If my guess is correct, Master Jiang Li is probably going to refine a grade three heavenly imperial pill! Even if Master Jiang Li only refines third or fourth grade, it's also not what the Foundation Establishment Heavenly Pill can compare to, right?"

... ..

The faces of the other eight people, including Jiang Li, all became black as the bottom of a pot.

Did this boy come to mess with them?

Even Cui Tong had a stunned look too.

"Grade two Foundation Establishment Heavenly Pill, what kind of joke are you making, Young Friend Ye? Could it be that you're making fun of the few of us?" Cui Tong said with slight anger.

"Whether or not it's making fun of the few of you, it will naturally be clear to you after the refinement is completed. Isn't it jumping too fast to a conclusion by talking about these now?" Ye Yuan said with a smile.

Cui Tong's brows furrowed tightly, and he said in a solemn voice, "Okay, then this old man will wait and see! But I'll say the unpleasant things first. If you're really making fun of the few of us old fellows, we won't let you off when the time comes!"

"Up to you!" Ye Yuan said coolly.

Amidst the questioning voices, this round of alchemy competition began.

Su Yi, Ge Ling, and the rest were long already thunderstruck until they were tender on the inside and crispy on the outside.

They even thought that Ye Yuan had some trump card.

Who would have expected that he actually brought out a grade two Foundation Establishment Heavenly Pill?

Could this thing win?

They racked their brains and could not figure it out either.

But, once the alchemy competition started, everyone's gazes were drawn over by Ye Yuan.

Cui Tong three people's gazes even turned intent, revealing solemn expressions.

"What impressive techniques, this old man actually can't see through it!" Cui Tong said in surprise.

Another judge said with surprise, "It turns out that grade two Foundation Establishment Heavenly Pill can still be refined like this? This old man really broadened my horizons!"

Ye Yuan's refining technique was extremely complicated and elaborate.

But every move and action carried the lingering charm of 'Dao', making people recollect the aftertaste endlessly.

Even if the heavenly alchemists present were fools, they would know that Ye Yuan's strength was extraordinary too.

But very soon, something that surprised them even more happened.

A surge of Great Dao accumulation descended from the sky!

Boom!

The powerful pressure made everyone's faces change.

The refinements of Jiang Li and the rest immediately suffered disruption.

Under this surge of Great Dao accumulation, bystanders were not able to contend with it at all.

Boom!

A burnt smell spread out, a heavenly alchemist's heavenly pill was ruined.

Boom!

Without holding out for long, another person's pill was ruined too.

For safety's sake, Jiang Li did not refine a heavenly imperial pill.

Against a grade two Foundation Establishment Heavenly Pill, just using an ordinary heavenly pill would suffice.

He had the intention of showing off his strength too, to let Ye Yuan take a good look at what was called an alchemy path genius.

But now, under the Great Dao accumulation, even his soul force was somewhat flickering, he could not concentrate at all.

In a short while, he already made several mistakes, severely affecting the quality of the heavenly pill.

The pressure of the Great Dao accumulation became stronger and stronger.

Boom!

Finally, it landed in Ye Yuan's medicinal cauldron.

Pill formed!

Very soon, Jiang Li finished refining too.

His mood was irritated to the extreme.

He knew that the quality of the heavenly pill was definitely bad.

"Brat, you cheated!" Jiang Li pointed at Ye Yuan and said angrily.

Ye Yuan gave him a glance and said with a smile, "The judge hasn't even said anything. Is it up to you to tell them what to do? If this is considered cheating, then you cheat for me to take a look."

"Alright, Jiang Li. Ye Yuan didn't cheat! However, this old man is very curious now, is what you refined really the grade two Foundation Establishment Heavenly Pill?" Cui Tong said.

Jiang Li gnashed his teeth in hatred, his face full of indignation.

Ye Yuan said coolly, "Whether it is or not, wouldn't you all know if you take a look."

As he said, Ye Yuan urged with his palm, a crystal clear heavenly pill flew in front of Cui Tong.

An aura of Great Dao instantly spread out.

"Is ... Is this really a grade two Foundation Establishment Heavenly Pill?"

"I've never heard before that a grade two Foundation Establishment Heavenly Pill can be transparent!"

"What a magical refining technique! It's unheard of!"

... ..

Everyone looked at that heavenly pill, all with looks of wonder on their faces.

Cui Tong studied it in detail for a long time, his two eyes almost burrowing into the heavenly pill.

"Have you seen enough, let me look!" Another judge could not resist urging.

With their eyesight, they could naturally perceive this pill's extraordinary nature and naturally wanted to study it.

True grade had never appeared before in the Land of Heavenly South!

Now that it emerged, it would surely shock the world!

The three people looked it over and over, all not understanding.

Finally, Cui Tong could not resist and placed it on the Cloud Mount Mother Stone.

Ye Yuan just smiled slightly and did not stop it.

Only to see the scale on the Cloud Mount Mother Stone soar to full scale almost instantly.

Then it exploded with a loud bang.

Everyone present turned pale with shock!

The Cloud Mount Mother Stone actually exploded!

Cui Tong stood up suddenly. Looking at Ye Yuan with an astonished expression, he asked, "Young Friend Ye, just what grade is this pill? This old man has never seen before a heavenly pill that could blow up the Cloud Mount Mother Stone!"

Ye Yuan smiled slightly and said, "This pill is a true grade heavenly pill! Above ninth grade is true grade! I wonder if this true grade heavenly pill can match their grade three heavenly pills or not?"
