Chapter 2661: Persuasion

"Since you don't want anymore, leave then!"

Ye Yuan brought Little Dragon Girl along and left proudly.

Everyone looked at these two people's back view, their faces dumbfounded.

On the ground, Ironcore was thrashed until he was wailing endlessly.

Although the water dragons failed to kill him, it still made him suffer immensely.

"These two added together, they are simply the devil's incarnate!" Cui Tong exclaimed.

Su Yi had a bitter smile on his face as he said, "Isn't that so? That power just now, probably only if City Lord His Excellency comes, can he suppress it, right? The others will only get pummeled."

"That's Deputy City Lord, Ironcore, a grand completion Jade Sovereign Heaven overlord. He was actually pummeled at will. Seriously ..." Sun Yunjing shook his head and said with a bitter smile.

... ..

"Big Brother, you're really amazing! Aren't you a human? Why is your bloodline power so pure?"

"I have half dragon race bloodline."

"Big Brother, you look, we're also considered comrade-in-arms who have fought side by side already. I beg you, don't send me back, alright?"

"You heard it too. If you don't go back, I'll have to die."

"But is there no other way? I finally managed to come out. So I really don't want to go back!"

"Very sorry. There isn't any way at all."

"Didn't you sign an origin divinity contract with my brother? Later, you return the Emerald Sea Divine Conch to him, then you help me snatch it back, alright?"

... ..

Along the way, Little Dragon Girl turned into a chatterbox, blabbering away non-stop in Ye Yuan's ear.

It was just that at this time there was no longer the previous detest. She was looking at Ye Yuan with a worshiping face instead.

In her eyes, she seemed to really treat Ye Yuan as her elder brother.

Seeing Little Dragon Girl's transformation, Ye Yuan sighed for a while too.

This girl was simply a child who had not grown up and did not have any thoughts of good or evil. She only did things based on temporary likes and dislikes.

Furthermore, Little Dragon Girl's bloodline was pure and her strength was powerful. She had never met someone more powerful than her.

Therefore, this little girl was incredibly haughty.

But everything had its vanquisher. She was subdued by Ye Yuan.

First was teaching a lesson, then it was revealing his pure bloodline.

Hence, this little girl was thoroughly convinced.

Seashore, the sea race army gathered.

Ye Yuan left the huffy Little Dragon Girl and arrived.

When he saw Little Dragon Girl, Dragon Son Huining was greatly surprised too.

But very soon, his fury surged.

"Jingfei! You actually dared to run onto land! Do you know how worried Royal Father is about you?" Huining said in a solemn voice.

But Little Dragon Girl did not yield and made a funny face at him and said, "It's boring to death in the Dragon Palace! It's boring to death in the ocean! I just want to come on land! What can you do to me?"

"You!" Huining was furious.

Ye Yuan watched at one side, but he was amused.

Most likely, no one in the Thistle South Sea Region could subdue her.

"Alright, go back and settle the business between you brother and sister! This is the Emerald Sea Divine Conch, it's returned to the original owner now! You take this stinking lass away too. The two of us are square."

Ye Yuan took the Emerald Sea Divine Conch out and directly threw it to Huining.

Huining looked at Ye Yuan and even felt surprised in his heart.

He knew how wild this younger sister of his was.

Furthermore, with the Emerald Sea Divine Conch in possession, ordinary Jade Sovereign Heaven powerhouses were not her match either.

This guy could actually subdue his younger sister and bring her over.

Looking at her appearance, his younger sister did not seem to be very resistant as well.

"Insolence! You dare to address the princess as stinking lass! Boy, do you really not know how the character death is written?" When the black shark general heard Ye Yuan's term of address, he was immediately furious.

Ye Yuan could not be bothered with him, turning right around and leaving.

Behind Ye Yuan was the human army.

Huining's brows furrowed, and he flicked his sleeves grandly and said indifferently, "Alright, withdraw the troops back to the capital!"

But right then, an abnormality suddenly occurred.

Little Dragon Girl suddenly formed a spell and gave a light cry, "Come!"

The Emerald Sea Divine Conch was summoned and directly broke free from Huining's hands and flew toward Little Dragon Girl.

At the same time, her body was like an arrow that left the bow, fleeing like flying.

"Hehe,?Big Brother, the origin divinity contract has already been completed, no need to die anymore! Now, I escaped by myself again. Bring me to play on land, alright?"

In a blink, Little Dragon Girl already arrived beside Ye Yuan.

Ye Yuan was not very surprised. If she did not run over, that would be surprising instead.

However, Ye Yuan shook his head and said, "You play by yourself. I don't have time to play with you."

Little Dragon Girl said huffily,?"*Humph!*?Stinking big brother!"

"Jingfei! Come back for me! If you still don't return, Royal Father will definitely kill his way to Heavenly South City!" Huining's furious voice came from behind.

Little Dragon Girl made a funny face at him and said, "That's his business. What does it have to do with me?"

Huining was angry, and then he turned toward Ye Yuan and said in a cold voice, "Boy, you cheated! You and Jingfei this lass ganged up!"

Ye Yuan looked at him like looking at a fool and could not help laughing as he said, "Are you stupid? If I colluded with her, could I clear the origin divinity contract, this obstacle? You can't control your own sister, but you come to find trouble with me. Where's the logic here?"

Huining's old face turned red, knowing that what Ye Yuan said was the truth.

Origin divinity contract was witnessed by Heavenly Dao.

If Ye Yuan and Jingfei colluded, it could not hide from Heavenly Dao. The origin divinity contract would likewise be activated.

Furthermore, with Jingfei this girl's mischievousness, it was not surprising to do such a thing.

"This ... Little Brother, how about you and I work together to capture this girl?"

After coming to his senses, Huining's tone softened and he said, "My Royal Father dotes on this girl immensely. Furthermore, you've seen this girl's temperament too. If she goes onto land, God knows how much trouble she'll cause!"

The moment Little Dragon Girl heard, she secretly thought to herself that it was not good and instantly wanted to slip away.

Except, it was already too late, Ye Yuan grabbed hold of her calf.

“Good big brother, I beg you, don’t let me go back, alright?” Little Dragon Girl begged.

Ye Yuan had an indifferent look and said coolly, “I feel that what Dragon Son said makes sense. *Uh?*... if you don’t go back, there will probably be no peace on land for even a second. Moreover, your Royal Father will probably still launch a sea war for your sake. Therefore, you’d better go back obediently.”

“I don’t want to?”

“*Mn?*”?Ye Yuan shot a glare and Little Dragon Girl immediately withered up.

“Alright, alright, I’ll go back, okay? Stinking big brother, bad big brother!” Little Dragon Girl lost her temper.

She held Ye Yuan in great awe and veneration.

Furthermore, that look just now was so fierce, just like when he spanked her buttocks before.

Ye Yuan snorted coldly and said, “You’d best go back obediently for me. If you dare to sneak back and get caught by me again, you know the outcome!”

Ye Yuan glared, she subconsciously touched her buttocks and said, “Alright, I got it!”

Over on the seafolk’s side, there were stunned people all around, including Huining.

This lawless and unbridled little girl actually feared Ye Yuan like a tiger!

In the 100 years that this lass was born, the entire Thistle South Sea Region was turned upside down by her.

Even Black Flood Dragon King could not do anything to her.

Now, she was actually obeying a human youth’s words!

“However, you have to promise me something! Otherwise, I’ll still sneak out!” As if afraid that Ye Yuan would refuse, Little Dragon Girl specifically emphasized it.

Ye Yuan felt a headache too and said with a nod, “Say it!”

Little Dragon Girl’s initial ill-humor turned into joy and she said, “I want you to come to Thistle South Dragon Palace to see me within a year! Otherwise, *humph humph!*?My Royal Father will kill his way to Heavenly South City!”

Chapter 2662: How Awe

Little Dragon Girl left.

But from Calm South City came Ironcore’s roar.

“Where’s that punk?! This city lord will definitely tear him to shreds! Tear him to shreds!”

The dignified Heavenly South City’s deputy city lord was beaten to his knees and begged for mercy.

Furthermore, it was even in front of everybody. His face could be said to be utterly lost.

His hatred toward Ye Yuan already broke through the firmament.

“Is the army back?” Ironcore asked his subordinate angrily.

The subordinate hurriedly said, “Replying City Lord, the army is still a hundred miles away from Calm South City. They will be back shortly.”

Ironcore sneered and said, “Very good! Go with me to receive the army! I want to see how that punk will still be rampant without the Emerald Sea Divine Conch! If I don’t smack him into meat paste today, it will be hard to dispel the hatred in my heart!”

The subordinate had a bitter face as he said, “City Lord, Your Excellency, just earlier, Head Hall Master and Second Hall Master have already arrived in Calm South City. Currently, they have already gone out of the city to welcome the army!”

Ironcore was taken aback for a moment and asked, “Which Head Hall Master and Second Hall Master?”

The subordinate said, “It’s naturally Heavenly South Pill Hall’s Head Hall Master, Master Zhao Xun, and Second Hall Master, Master Wu Jian!”

Ironcore had a bad feeling in his heart and said with a frown, “Why are they here?”

These two were Heavenly South’s alchemy path’s two titans, the strongest two people.

In terms of status, they were not even beneath City Lord His Excellency!

Now that the seafolk had already retreated, why would these two suddenly come?

Sure enough, the subordinate also shook his head and said, “This subordinate doesn’t know!”

Ironcore snorted coldly and said, “Who cares why they came! Could it be that they will still stop this city lord from killing a Greater Sublime Heavenly Stratum? Come!”

... ..

“Heavenly South Pill Hall’s Head Hall Master, Zhao Xun, offers greetings to Fellow Daoist Ye!”

Heavenly South Pill Hall’s Second Hall Master, Wu Jian, offers greetings to Fellow Daoist Ye!”

In front of the army formation, Heavenly South Pill Hall’s two big shots paid respects to Ye Yuan.

This scene shocked everyone.

Many of the warriors in the army had just arrived in Calm South City and did not know how big of a stir Ye Yuan caused.

Of course, many people witnessed it with their own eyes, the scene of Ye Yuan and Little Dragon Girl two people thrashing Ironcore was still being dwelt upon with great relish until now.

However, these two people’s identities were not what Ironcore could compare to.

Although Ironcore was the deputy city lord, the city lord was an existence who was a tight fist in Heavenly South City.

Ironcore was at most just a subordinate.

Furthermore, the deputy city lords were not just Ironcore alone.

But Zhao Xun's status was virtually on par with the city lord's status.

Although Wu Jian's status was slightly inferior, it was also about the same.

One could say that the Jade Sovereign Heaven powerhouses of the Land of Heavenly South had practically all received these two people's favors before.

But now, they actually bowed to Ye Yuan. It was equivalent to talking to Ye Yuan as a peer.

How could they not be surprised at such a scene?

"I, Ye Yuan, pay respect to fellow daoists." Ye Yuan returned a bow neither obsequiously nor haughtily.

Ye Yuan was not surprised by these two people's arrival.

Jiang Li was Wu Jian's disciple. He informed the Heavenly South Pill Hall about Ye Yuan's matter before this.

With a true grade heavenly stratum pill coming into being, how could these two dare to brush it off lightly?

Hence, they hurried to Calm South City personally and went out of the city to greet.

Zhao Xun smiled and said, "This Zhao heard that the sea race launching a sea war this time, and it was all thanks to Fellow Daoist Ye who awed the Thistle South Royal Clan and saved Heavenly South's countless living creatures! City Lord His Excellency specially instructed this Zhao to express thanks to Fellow Daoist Ye."

Ye Yuan also smiled and said, "Head Hall Master and City Lord are too courteous! It was merely a matter of lifting a hand, don't mention it."

Zhao Xun said, "Fellow Daoist Ye made great contributions and isn't haughty. You indeed have the demeanor of a grandmaster! City Lord His Excellency originally wanted to come in person, but he has distinguished guests visiting over at his place and can't spare time from his main duties to attend to this. He could only order us to do it on his behalf."

Wu Jian also smiled and said, "My disciple Jiang Li has cultivated bitterly for many years and has never been able to break through. It's all thanks to Fellow Daoist Ye's true grade heavenly pill that he finally took this step! As his master, I must say a thank you on his behalf."

Ye Yuan smiled and said, "Two hall masters are too courteous! This place isn't a place to talk, let's go back to the city first?"

Zhao Xun nodded and said with a smile, "As it ought to be!"

The army set off, everyone was extremely shocked.

These two great hall masters were actually so courteous to a Greater Sublime Heavenly Stratum, this was something that had never happened before.

“Just what background does this young man have? How could he cause such a grand line-up?”

“Two hall masters, even if facing peak Jade Sovereign Heaven powerhouses, they will speak bluntly too. Yet, now they are actually so polite to a junior!”

“The two hall masters said that Master Jiang Li only broke through his cultivation realm after eating his heavenly pill. Being a Greater Sublime Heavenly Stratum powerhouse, what kind of heavenly pill did he refine to make a Limitless Sublime Heavenly Stratum break through to Jade Sovereign Heaven? Simply inconceivable!”

... ..

For a moment, Ye Yuan became incomparably mysterious in everyone’s eyes.

“Ye Yuan, come out for this city lord! Without the Emerald Sea Divine Conch, this city lord wants to see what you’ll use to be arrogant!”

The person had yet to arrive, but the voice arrived first.

Several figures came menacingly carrying a powerful pressure, arriving in no time flat.

Ironcore saw Ye Yuan right away in the army.

Because Ye Yuan was in the most conspicuous position.

Beside Ye Yuan, there were Zhao Xun and Wu Jian.

Seeing Ye Yuan, Ironcore was extremely furious.

Ignoring the two big shots, he directly slammed a palm over and was going to kill Ye Yuan.

“Punk, prepare to die!” Ironcore bellowed angrily.

Zhao Xun and Wu Jian frowned at the same time and made a move at virtually the same time.

Boom!

In the time it took for sparks to fly off a piece of flint, three grand completion Jade Sovereign Heaven mighty experts exchanged a blow.

Ironcore was strong, but Zhao Xun and Wu Jian were peak Jade Sovereign Heaven powerhouses in the first place. Their strengths were not the slightest bit inferior to him.

Two people attacking at the same time, how earth-shattering was it?

Under the one move, Ironcore was directly blown away.

“Ironcore, you’re being insolent!” Zhao Xun said angrily.

Ironcore was also stunned by this unexpected scene.

He was merely killing a Greater Sublime Heavenly Stratum; that was all. How did he provoke the two great hall masters to take action at the same time?

In the army, many people used pitiable gazes to look at Ironcore.

This deputy city lord was probably going to be embarrassed again today.

“This city lord has a big feud with that boy, so why did two hall masters stop me?” Ironcore endured the churning of his divine sea as he said with displeasure.

Zhao Xun sneered and said, “*Huhu*, Ironcore, you really are showing your fangs! Attacking to kill someone in front of this hall master, looks like my Heavenly South Pill Hall is merely so-so in your eyes!”

Ironcore’s pupils constricted, and he hurriedly said, “Why does Head Hall Master say this? This boy is merely a Greater Sublime Heavenly Stratum, but he dared to humiliate me in public! If this city lord doesn’t kill him, it’s hard to dispel the hatred in my heart! If I offended two hall masters, please be magnanimous! But I must kill this boy today!”

Wu Jian said in a solemn voice, “City Lord Ironcore is really awe-inspiring! Fellow Daoist Ye is my Heavenly South’s distinguished guest. The two of us were just about to invite him to Heavenly South Pill Hall to be a guest, but you want to kill our guest! *Huhu*, after going back, I want to ask Meng Frostwind; is this how he disciplines his subordinates?”

Ironcore’s expression changed wildly, only to feel a chill run down his spine.

Heavenly South’s distinguished guest!

When did this boy become Heavenly South’s distinguished guest?

Furthermore, the two great hall masters actually called Ye Yuan ... as fellow daoist!

[Unrivaled Medicine God](#)

Chapter 2663: Yes, Take A Look At This!

“*Huhu*, are two hall masters making a joke? How can he, a Greater Sublime Heavenly Stratum, possibly become your distinguished guest?”

A smile that was even uglier than crying was squeezed out on Ironcore’s face.

He was somewhat struck senseless.

Everything was going well. So how did Ye Yuan become a distinguished guest with a sway of his body?

“Making a joke? Does this hall master look like I’m joking with you? Fellow Daoist Ye’s alchemy strength is exceedingly formidable. If not for my cultivation realm being much higher than him, this hall master wouldn’t have dared to call out ‘Fellow Daoist’ either!” Zhao Xun said in a solemn voice.

He was furious right now.

He did not know what enmity there was between Ironcore and Ye Yuan, but this guy was really rotten mud that could not support a wall.

He was just thinking of ways to fawn on Ye Yuan and make Ye Yuan leave behind the refining method of true grade heavenly pills.

In the end, this fool was good, shouting and wrangling about wanting to kill him the moment he saw him without saying anything.

"Humph!?" Unable to accomplish anything, but good at ruining things! Go back and find Meng Frostwind to receive punishment!" Wu Jian shouted coldly.

Ironcore's expression was somewhat ugly.

He was, at any rate, a deputy city lord too, a top figure of the Land of Heavenly South.

Today, he was actually lectured in front of the army until he could not even lift his head.

Unable to accomplish anything but good at ruining things? Was this used to lecture the deputy city lord?

Yet, he was unable to flare up!

These two in front of him, even City Lord Meng Frostwind dreaded them a little. They were not who he could afford to provoke.

His expression flickered incessantly and he finally gritted his teeth and clasped his hands and said, "Two hall masters, goodbye!"

When he left, he even shot Ye Yuan a fierce glare, his eyes full of killing intent.

Only after Ironcore left, was Zhao Xun akin to being relieved of a heavy burden as he said to Ye Yuan, "Fellow Daoist Ye, I've incurred your ridicule."

Ye Yuan chuckled and said, "Looks like this City Lord Ironcore still wants to put me to death!"

Zhao Xun hurriedly said, "Fellow Daoist Ye, rest assured. After this Zhao returns, I'll definitely inform Meng Frostwind about this matter and have him discipline Ironcore severely."

Ye Yuan's mouth curled, and he did not say anything.

In reality, he was also planning how to take care of Ironcore.

This guy was simply unreasonable.

Now, he suffered such a big loss. With his character, how could it possibly be resolved here?

On the way, Zhao Xun winked at Wu Jian.

Wu Jian got the meaning and found an excuse to step aside and inquired from Cui Tong about the enmity between Ye Yuan and Ironcore.

After inquiring clearly, Wu Jian was even angrier.

"Humph!?" Ironcore this fool almost ruined Heavenly South City's important matter! This matter, we can't spare him!" Wu Jian said angrily.

... ..

The party entered Calm South City and directly invited Ye Yuan to City Lord Manor.

All the upper echelons were present.

“Fellow Daoist Ye, you and I are both people of the alchemy path. We’ll naturally make friends with alchemy. After this hall master heard the name of true grade, I truly found it difficult to eat and sleep. I wonder if Fellow Daoist Ye can enlighten me on it?” Zhao Xun said with a smile.

For people of the alchemy path, anyone that heard above ninth grade would probably lose composure.

It was also precisely because their hearts itched unbearable that the two of them rushed to Calm South City in haste.

It was for the sake of seeing the elegant demeanor of true grade.

But Ye Yuan smiled slightly and said, “Head Hall Master, it is not that this Ye is cherishing my own belonging that’s of little value, but can you let this Ye take a look at Head Hall Master and Second Hall Master’s strength?”

When everyone heard that, they were all stunned.

Everyone was watching you perform, but you appointed the two hall masters first?

Zhao Xun’s brows furrowed, and he said, “Fellow Daoist Ye, what does this mean?”

Ye Yuan smiled and said, “If Head Hall Master’s strength is sufficient, this Ye will naturally demonstrate to you what true grade is. But if Head Hall Master’s strength is lacking, even if I demonstrate it a thousand times, it will be to no avail too.”

The words were polite, but the expressions of everyone present changed.

Ye Yuan’s implicit meaning was that you, Head Hall Master, might not be qualified to witness my true grade!

These words were arrogant enough!

In the Land of Heavenly South, probably even City Lord Meng Frostwind would not dare to speak to Zhao Xun this way too!

It was not that Ye Yuan was posturing, but since he wanted to develop his faction in the Land of Heavenly South, then he must be the master in the Heavenly South Pill Hall.

He, Ye Yuan, did not need to be beneath others!

On what basis?

True grade!

True grade heavenly pill was Ye Yuan’s trump card. How could it be easily revealed?

Previously, he overwhelmed Jiang Li like a thunderbolt. It was for the sake of getting immediate results.

However, it was enough for everyone to know about it!

True grade absolutely could not be easily shown to others!

That was a posturing act. If it was demonstrated too much, it would become worthless.

Ye Yuan knew that Zhao Xun was not an ordinary person. But, he reckoned that regardless of whether it was Zhao Xun or Wu Jian, there was probably still a very large gap away from true grade.

Even if they refined grade four heavenly pills to the realm of ninth grade, it was impossible to refine true grade too.

If true grade was that easy to refine, it would not be true grade anymore.

"Huhu, Jian, since Fellow Daoist Ye wants to gauge our strength, then let's present our incompetence?" Zhao Xun was already holding some anger in these words.

He could be courteous to Ye Yuan, but it did not mean that he did not have pride.

Moreover, he was Heavenly South alchemy path's number one person!

It was number one person, but not number one genius!

"Mn, as it should be!" Wu Jian also said in an unfriendly tone.

They endured it for that legendary true grade!

They planned to show off their strength to shut Ye Yuan up!

Heavenly South's number one person and Heavenly South's number two person, these titles were not casually called in vain!

"Since Fellow Daoist Ye wants to see, then we'll showcase our specialties!" Zhao Xun said.

"No need. Two hall masters can each refine a grade two heavenly pill, and it's enough." Ye Yuan said coolly.

When Zhao Xun two people heard that, they got even angrier.

Grade two heavenly pill!

Wasn't this being a joke?

Making a grade four heavenly alchemist refine a grade two heavenly pill, could it measure the level of strength?

This refinement would be upper ninth grade, what was there to look at?

"Huhu, then I wonder what kind of grade two heavenly pill Fellow Daoist Ye wants to see?" Zhao Xun said with a cold smile.

In the main hall, the temperature seemed to have dropped more than ten degrees out of the blue, making people shudder involuntarily.

"Anything. The Foundation Establishment Heavenly Pill works too. As long as you have the confidence, it will do," Ye Yuan seemingly could not feel the change in the atmosphere and still said indifferently.

“Come, men! Prepare the pill refinement!” Zhao Xun said in a cold voice.

Soon, the servants prepared all the things needed to refine the pills.

Zhao Xun and Wu Jian were each refining a kind of basic heavenly pill.

With a resentment that billowed to the sky, the two started refining the pill.

Peak grade four super heavenly alchemists refining grade two basic heavenly pills, it was naturally a cinch.

The entire refinement process naturally attracted a series of amazed acclaims.

With the two of them taking action, this was completely not what those people during the Nine Cities Heavenly Pill Summit could compare to.

Even the strongest Jiang Li was like a child in front of the two.

When the heavenly pills came out of the furnace, without the least bit of surprise, the two people’s heavenly pills were both above ninth grade.

Zhao Xun looked at Ye Yuan and said with a cold smile, “I wonder if what the two of us refined can still enter Fellow Daoist Ye’s arcane sights?”

Ye Yuan did not answer. He just smiled slightly, stood up, and walked toward the medicine cauldron.

Under everyone’s blank gazes, Ye Yuan started refining.

It was still a grade two Foundation Establishment Heavenly Pill, same as Zhao Xun.

In less than an hour, the refinement was completed.

Without the slightest suspense, upper ninth grade!

“*Huhu*, after messing around for the greater part of the day, Fellow Daoist Ye is letting us look at this?” Zhao Xun said with a sneer.

“Yes, take a look at this!”

Ye Yuan put his Foundation Establishment Heavenly Pill and Zhao Xun’s Foundation Establishment Heavenly Pill onto two Cloud Mount Mother Stones respectively.

Ye Yuan’s scale soared all the way to ninth grade perfection!

[Unrivaled Medicine God](#)

Chapter 2664: Harder Than Ascending To Heaven!

“It’s full! It actually ... maxed out!”

“How is this possible? There’s actually someone who can achieve Cloud Mount Mother Stone max score!”

“What kind of realm can achieve this level!”

... ..

Including Zhao Xun and Wu Jian, everyone in the main hall was inexplicably shocked.

Compared to Ye Yuan's ninth grade perfection, although Zhao Xun and Wu Jian were upper ninth grade two, they were still lacking that bit of level of skill.

"Two hall masters, if you feel that you can achieve ninth grade perfection, how about trying again? Forget about grade two heavenly pills; if you seriously can't, the two of you can refine grade one heavenly pills too! As long as you can reach ninth grade perfection, I'll demonstrate true grade for everyone to see," Ye Yuan just said with a light smile.

Zhao Xun's brows furrowed slightly and he said with a cold snort, "This hall master has refined countless pills. I really don't believe that I can't cross this distance of half a step!"

Wu Jian also said, "Ninth grade perfection is it? Huhu, what can it show? We can't refine true grade. Could it be that we can't even refine ninth grade perfection too?"

To alchemy path powerhouses like Zhao Xun, refining upper ninth grade was nothing.

It was just that, they had never seriously researched how to reach ninth grade perfection before.

Reaching upper ninth grade, there was actually little significance for heavenly pills to improve a step further.

In terms of medicinal efficacy alone, ninth grade perfection was better than upper ninth grade, but the benefits were limited.

And reaching ninth grade perfection required expending far too much effort. It was naturally somewhat not worth the gain.

However, Zhao Xun two people were already peak grade four mighty experts.

In their view, ninth grade perfection was nothing.

Perhaps there was some difficulty in refining grade four heavenly pills, but for grade two heavenly pills, as long as they were serious, they could always achieve it.

The two who were unconvinced made a move again.

An hour later, Zhao Xun two people stared at the Cloud Mount Mother Stone, their expressions being very ugly.

This time, they were still a tiny bit short of ninth grade perfection!

"Again!"

How arrogant at heart and haughty in manner were these two? How could they succumb at ninth grade this level?

It was just that, they made a move three times in a row, but each time, it always fell short by a tiny bit!

Although their scales were upper ninth grade each time, they would fluctuate up and down.

There was always that bit of level of attainment that was lacking from ninth grade perfection.

The big shots in the main hall were all stunned.

They also thought that with the two great hall masters' peak grade four heavenly alchemist strength, wouldn't refining ninth grade perfection be easily accomplished?

Yet, they just could not cross this distance of half a step!

"Could it be that this ninth grade perfection is just so hard?" Sun Yunjing said with a frown.

By the side, Jiang Li nodded and said, "More than just hard! It's simply harder than ascending to heaven! I asked Master Ye for advice before. He made me refine ninth grade perfection before. I attempted grade one heavenly pills no less than several hundred times and didn't succeed once!"

Sun Yunjing almost jumped up and said in surprise, "What?! This ... How is this possible?"

Jiang Li smiled bitterly and said, "There's nothing impossible. However, the upper ninth grade that I refined is still significantly worse compared to Head Hall Master and Master! However, even if they are very formidable, I reckon that even if they change to grade one heavenly pills, they still can't reach ninth grade perfection!"

The big shots present were all shocked speechless.

"Change to grade one heavenly pills!" Sure enough, at this time, Zhao Xun suddenly spoke up.

Everyone was shocked in their hearts, Head Hall Master gave up!

Clearly, he felt that grade two heavenly pills were hopeless!

But was it really as Jiang Li said? Even grade one heavenly pills could not reach ninth grade perfection either?

Might as well, Zhao Xun directly chose the simplest grade one Foundation Establishment Heavenly Pill!

Grade one Foundation Establishment Heavenly Pill could be said to be the basic of the basics, being the most simple heavenly pill already.

"If even this can't reach ninth grade perfection, this hall master won't mention about true grade again!" Zhao Xun said with a cold snort.

Everyone exchanged glances. Ye Yuan just brushed it off with a smile.

Ninth grade extreme could not be achieved with just a high cultivation realm.

Even if you could refine grade five heavenly pills, grade six heavenly pills, you might not be able to reach ninth grade perfection when refining grade one heavenly pills too.

To achieve ninth grade perfection, only one word was needed; that was 'perfection'!

During the refinement process, there could not be the slightest flaws.

Even if there was the slightest flaw, it would result in the refinement to fail.

But it was easy to talk about it; doing it was as hard as ascending to heaven!

This was like drawing a circle, no matter how round you drew it, looking completely flawless, it was also impossible to draw a 100% circle.

It could be said that a true circle only existed in theory.

And to reach ninth grade perfection was to turn this theory into reality!

How great the difficulty involved could be imagined.

One should not look at how the quality of Zhao Xun's heavenly pills were all extremely high. There was still quite a distance away from perfection this step.

It was also precisely because of this gap that prevented him from reaching perfection.

Zhao Xun and Wu Jian's refinement looked flawless and should have reached ninth grade perfection in theory.

But actually, they were like drawing circles.

It seemed to be round and full, a perfect circle.

However, there were still flaws!

This step was separated by a hair's breadth but was immensely difficult.

Changing to grade one Foundation Establishment Heavenly Pill, the two people's refinement went even smoother.

In almost less than a quarter of an hour, a heavenly pill emerged for the furnace.

The two people put it on the Cloud Mount Mother Stone in haste, while the others had nervous looks on their faces, anticipating the final result.

The scale rose rapidly and reached upper ninth grade very quickly, rushing towards ninth grade perfection.

"Charge! Charge! Charge! Charge for me!"

Even if Zhao Xun's status was venerated and he was a leviathan of a region, his face was also reddened to the ears currently; his jaws clenched tightly.

Sure enough, with the grade one Foundation Establishment Heavenly Pill, the two people's strength was even fiercer!

The scale had clearly surpassed the grade two Foundation Establishment Heavenly Pill.

Zhao Xun and Wu Jian both had excited expressions. They saw hope.

There was only a tiny gap from maxing out the scale!

"Rush up! Charge up for me!" Zhao Xun gritted his teeth and said.

The other powerhouses in the main hall were also secretly cheering them on.

But the results turned out contrary to their expectations.

The scale stopped at the last trace.

Not perfect!

Zhao Xun looked at the Cloud Mount Mother Stone with a look of abject as he said, “How ... How could this be?”

Ye Yuan smiled and said, “Head Hall Master, I know that you have unwillingness in your heart. You can continue.”

Zhao Xun suddenly turned his head, staring right at Ye Yuan, his two eyes blood-red.

Finally, he gritted his teeth and said, “Okay, again!”

However, no matter how hard he worked, the grade one Foundation Establishment Heavenly Pill was always missing that tiny bit away from the true ninth grade perfection from start to end.

This tiny gap was as far as an ant looking at Heavenly Dao.

No matter how you jumped, you could not touch the sky too!

Finally, Zhao Xun plopped down onto the ground, his face full of puzzlement as he murmured, “Why? Why is it always missing by a tiny bit? Just what’s lacking?”

He gave up!

He examined his own conscience, he had grasped every detail of the pill refinement.

However, the final result was always unsatisfactory.

He seriously could not figure out where the problem lied.

When Jiang Li saw this scene, he could not help shaking his head as he sighed and said, “I didn’t expect that Head Hall Master’s reaction would be exactly the same as mine! This feeling of setback is really indescribable!”

Chapter 2665: Subduing Big Shots!

“Isn’t that so! The exalted Head Hall Master, being a peak grade four heavenly alchemist, actually can’t even perfect a grade one heavenly pill! If it were before, no one would question anything. After all, nobody could do it as well. But now, Ye Yuan has truly achieved it. This is simply a huge irony to the two hall masters!” Cui Tong similarly shook his head and said with a sigh.

Without comparison, there would be no harm

Zhao Xun and Wu Jian came for the true grade. In the end, they did not get to see the true grade and were unable to even perfect grade one heavenly pills.

This was too ironic.

“I wonder what the two hall masters think?” Ye Yuan said with a faint smile.

Zhao Xun looked at Ye Yuan with some disappointment and said with a bitter smile, "Looks like Fellow Daoist Ye isn't planning on letting us see true grade!"

Ye Yuan shook his head and said, "Nay! Two hall masters misunderstood! It's not that this Ye is intentionally making things difficult, but that to reach the realm of true grade, one must first reach ninth grade perfection. If one can't even accomplish this step, even if I demonstrate it to you a hundred times, a thousand times, you can't possibly comprehend it too!"

The words made everyone's hearts turn cold.

It turned out that if you wanted to reach the realm of true grade, ninth grade perfection was the threshold!

Zhao Xun had a look of surprise on his face and said with a bitter smile, "If it were before, this hall master would definitely think that Fellow Daoist Ye is joking. But, only after putting it into practice myself, does this hall master know that wanting to reach ninth grade perfection is truly not easy!"

Ye Yuan smiled and said, "If true grade was so easy to achieve, it also wouldn't have gone extinct in the Land of Heavenly South. In reality, even if you reach ninth grade perfection, there's still 108,000 miles away from the realm of true grade! This step is probably not much easier than breaking through to Saint Sovereign Heaven."

The expressions of Zhao Xun and the rest changed, all revealing a look of astonishment.

Ye Yuan was talking about Saint Sovereign Heaven and not Jade Sovereign Heaven!

In reality, entering Sovereign Realm from Sublime Realm was as difficult as ascending to heaven in the first place.

Otherwise, how could a genius like Jiang Li be pacing back and forth in front of the threshold for a long time?

As for Saint Sovereign Heaven, it was even hair-raisingly difficult!

Disregarding the Land of Heavenly South, even on the entire Rainclear Continent, how many Saint Sovereign Heavens were there?

This kind of difficulty simply made people despair!

However, everyone's faces revealed disbelieving looks.

If it was so difficult, how did you break through?

Ye Yuan naturally saw through their skepticism. It was just that he was indifferent.

After they broke through to ninth grade perfection, they would naturally know how terrifying true grade was.

If Ye Yuan did not encounter an opponent like Cang Yongning, he would really need god knows how many years to take this step.

Even so, Ye Yuan only finally reached true grade after fighting fiercely for several months.

With Ye Yuan's talent, this was simply unimaginable.

"Fellow Daoist Ye, this hall master wants to invite you to assume the post of Heavenly South Pill Hall's Third Hall Master! In Heavenly South Pill Hall, your status will be the same as this hall master and Jian's, wonder how you feel about it?" Zhao Xun suddenly said.

The moment these words came out, everyone was shocked.

This was a great courtesy to Ye Yuan.

Although they all knew that Ye Yuan was an extremely monstrous person, he was just a Greater Sublime Heavenly Stratum after all.

Assuming the post of third hall master all of a sudden, it could be said to be suddenly becoming an existence that was not inferior to Heavenly South City Lord!"

Ye Yuan smiled and said, "Since Head Hall Master has such sincerity, this Ye will naturally comply with your wishes."

The moment Zhao Xun heard, he could not help being overjoyed!

... ..

The news of Heavenly South Pill Hall welcoming a new hall master spread in Heavenly South City very quickly.

And in order to welcome Ye Yuan, Zhao Zhao planned to hold a grand welcoming ceremony for him and announce it to the entire Heavenly South.

Similar treatment was only given last time when Wu Jian ascended to peak grade four heavenly alchemist back then.

For some time, Heavenly South City was in a stir.

However, after Ye Yuan arrived in Heavenly South City, he was very low-key.

It was not that he was intentionally keeping a low profile, but that Zhao Xun and Wu Jian two people came to him every day to seek advice.

Although Ye Yuan's cultivation realm was low, his horizons were much further than the two.

Coupled with the contrast when he was battling in alchemy with Cang Yongning, the pros of cons during the process of a heavenly alchemist's pill refinement could be seen even more clearly.

In reality, when testing the two in Calm South City back then, Ye Yuan had long already taken it into his eyes.

Ye Yuan did not hoard anything and imparted the basic cultivation method to the two people, and dissected their questions about the process of pill refinement little by little.

In merely half a month's time, these two people became enlightened at once.

It was also even more because of so, that they finally understood that wanting to reach ninth grade perfection was a colossal project and could not be achieved in a short time.

Firstly, they had to rebuild their foundations.

Secondly, they had to make good omissions and deficiencies.

Only then were they capable of reaching ninth grade perfection!

Zhao Xun and Wu Jian's alchemy path foundation could be rated as solid.

It was absolutely no coincidence to be able to reach this step.

But, compared to the likes of Ye Yuan and Cang Yongning, the disparity was too great.

Under Ye Yuan's guidance, these two people could practically perceive their improvement every day.

"I didn't expect that the millimeter of difference between upper ninth grade and ninth grade perfection is akin to heaven and earth! This hall master's ripe old age has really been an utter waste of living!" Zhao Xun suddenly said to Ye Yuan with vicissitudes of emotion.

Ye Yuan smiled and said, "The path of alchemy is heterogeneous and vast, like a skyscraper. If the foundation isn't solid, it will be akin to an ivory tower. The taller the tower, the more dangerous it is!"

Zhao Xun nodded and said, "What Fellow Daoist Ye said is extremely right! These few days, although this hall master has been studying grade one and two basic heavenly pills, I feel that the strength of grade four heavenly pills has been improving too. Only then did I understand that it turns out when I was cultivating back then, there were still so many areas that I missed out! Fellow Daoist Ye, if not for your cultivation realm being too low, this hall master will probably cause a shock in Heavenly South. This Heavenly South Pill Hall's Head Hall Master should be assumed by you!"

Actually, Zhao Xun had long already treated Ye Yuan as half a teacher in his heart.

It was just that due to cultivation realm and status, he could not say it explicitly.

But he was very humble in front of Ye Yuan.

Heavenly alchemists were a bunch of fanatics who were the most convinced by the strong who were capable.

Ye Yuan had long already used his strength to conquer these two great hall masters.

But currently, there were indeed undercurrents surging in Heavenly South City.

Heavenly South City was the capital city of the Land of Heavenly South. It occupied a vast area and there were many experts in the city. The factions were also complicated and confusing.

Currently, inside a secret residence somewhere in Heavenly South, a group of heavyweights was currently gathering.

"Family Head Min, this position of third hall master should have originally been yours. In the end, now, a puny little grade two heavenly alchemist climbed on top of your Min Family's head," Deputy City Lord Ironcore said.

Min Nanshan, from one of Heavenly South City's three great alchemy families, was the Min Family's family head.

Heavenly South City had three great alchemy families whose strength was incomparably powerful.

The appearance of Heavenly South Pill Hall's third hall master meant that Heavenly South City's situation henceforth would change. It was not up to these family heads to not pay attention to it.

Min Nanshan looked at Ironcore and said with a cold smile, "Deputy City Lord Ironcore, you gathering the few of us families here is no more than to make use of us to avenge your enmity! Could it be that the few of us are decrepit and muddle-headed until we can't even see this?"

But Ironcore did not care and said with a smile, "But didn't you guys come too? Now, our interests are the same; that is that we can't let this boy become the third hall master!"

[Unrivaled Medicine God](#)

Chapter 2666: Joining Forces to Boycott

"Huhu, Deputy City Lord Ironcore must be joking! That's true grade heavenly pill. I heard that Jiang Li only consumed a grade two true grade heavenly pill, and as a result, he stepped into the realm of Jade Sovereign Heaven in one stroke! This news shouldn't be fake, right?" Min Nanshan said with a deep meaning.

Ironcore nodded and said, "It's true! It's just that do you guys get a share of the true grade heavenly pill?"

The moment these words came out, the expressions of the three great family heads changed.

These three families possessed a pivotal position in Heavenly South City at present.

The three great family heads were all grade four heavenly alchemists too. They were just slightly inferior compared to the two great hall masters.

Even Zhao Xun relied greatly on the three great families too.

And what Ironcore said was also precisely what they were most worried about.

"After Head Hall Master and Second Hall Master came back, you guys have seen it too, they have remained in closed-seclusion all along. With their strength, breaking through to the realm of true grade isn't hard. When the time comes, by relying on true grade, the two hall masters' statuses will be transcendent. At that time, what will it still have to do with your three great families?" Ironcore said with a sneer.

True grade, it was absolutely a major killing tool!

Jiang Li's breakthrough shocked everyone.

The crux was that what let him break through was a grade two heavenly pill.

This was impressive!

Ironcore's words made the faces of the three great family heads change abruptly.

Not that they could not figure out this layer, it was just that they were not quite willing to believe.

After all, in Heavenly South Pill Hall, the status of the three great families' was very important.

But just as Ironcore said, if the two hall masters grasped the true grade secret art and used it to command Heavenly South henceforth, who could dare to not follow?

Min Nanshan drew a deep breath and said in a solemn voice, "Deputy City Lord Ironcore, what should we do?"

Ironcore's face revealed a knowing smile.

... ..

On this day, Heavenly South Pill Hall was unprecedentedly grand.

The various major cities under the jurisdiction of Heavenly South City all sent prominent powerhouses over.

In the Land of Heavenly South, the status of Heavenly South Pill Hall had always been transcendent.

The deterrent power of heavenly alchemists was this strong.

Of course, there were many people who came for this mystical true grade.

"Haha, congratulations to Master Ye for becoming Heavenly South Pill Hall's Third Hall Master! My Water Billow City feels honored!" When Sun Yunjing saw Ye Yuan, he immediately cupped his fists and said.

By the side, Su Yi's expression was very ugly as he said in a solemn voice, "What does Master Ye being promoted to Third Hall Master have to do with your Water Billow City? He came from our Calm South City. Even if it's feeling honored, it's our Calm South City too!"

Sun Yunjing did not care either and laughed loudly as he said, "Heh heh, this city lord and Master Ye, that's making friends after a fight!"

Su Yi's face turned black and he was just about to refute, but Ye Yuan smiled and said, "Alright, two city lords, this Ye has received your kind intentions."

Ye Yuan already spoke up. It was naturally not convenient for Su Yi to flare up.

By the side, Huang Haoyan and Su Peiyun also came up to offer greetings.

There were too many people at this time. Ye Yuan did not have time to talk more and just had them go in and sit down.

"Min Family's Family Head, Min Nanshan has arrived!"

"Song Family's Family Head, Song Tianyang has arrived!"

"Yun Family's Family Head, Yun Baiyu has arrived!"

After these few shouts, everyone's faces changed.

Even Zhao Xun and Wu Jian frowned too.

Very clearly, they smelled a different smell.

“Normally, these three great families don’t care about each other. Why did they suddenly come together today?”

“Min Family Head has worked hard for many years in order to fight for this title of Third Hall master. But now, there’s completely no hope anymore!”

“The arrivals are not friendly! There’s probably a show to watch!”

... ..

All those present were Heavenly South’s heavyweight class figures.

Just the Jade Sovereign Heaven powerhouses were a whole bunch.

Each and every one of these people was crafty and shrewd. How could they not know Heavenly South Pill Hall’s underhanded activities?

With Ye Yuan dropping out of thin air, the biggest impact was the three major families.

If they did not take some measures, that would be weird!

“Min Nanshan offers greetings to Head Hall Master, Second Hall Master!”

“Song Tianyang offers greetings to the two hall masters!”

“Yun Baiyu offers greetings to the two hall masters!”

The three people came to the front, cupped their fists, and bowed to the two hall masters, directly regarding Ye Yuan who was by the side as air.

Zhao Xun’s brows furrowed slightly, but he could not blow his top.

He was just about to introduce Ye Yuan but saw the three people walk straight into the venue.

Everyone exchanged glances; what an opening gambit!

This grand gathering today was hosted for Third Hall Master, Ye Yuan. In the end, they did not even pay attention to Third Hall Master.

Zhao Xun was a little awkward and said to Ye Yuan, “Ye Yuan, I’ll definitely teach these three fellows a lesson later!”

Ye Yuan smiled and said, “Just a small matter. Head Hall Master doesn’t need to take it to heart.”

Zhao Xun was a little surprised in his heart. He discovered that Ye Yuan was actually placid without any waves.

This atmosphere was absolutely not feigned.

Ye Yuan had such terrifying talent at a young age. To actually be able to have this temperament, it was truly terrifying!

For any genius, which one was not arrogant at heart and haughty in manner, unable to stomach anything that was offensive to the eye?

Yet, Ye Yuan was not!

After some small talk, the banquet officially began.

Zhao Xun raised his wine cup and said loudly, "Today, this Zhao introduces to everyone a young genius! Although he has just arrived, he has already made monumental contributions to Heavenly South! Only after seeing him does this Zhao know that I'm a frog at the bottom of a well! You all don't need to suspect anything. It isn't this Zhao self-effacing either, if he's a grade four heavenly alchemist right now, this hall master's position of head hall master will immediately be given up with both hands!"

"It was gracious of Fellow Daoist Ye to not reject and willingly join my Heavenly South Pill Hall! From today onwards, he's my Heavenly South Pill Hall's ..."

"Head Hall Master!"

Right at this time, Min Nanshan suddenly stood up, interrupting Zhao Xun's words.

Immediately, everyone's gaze was attracted by him.

Zhao Xun's brows furrowed slightly and he said in a solemn voice, "Min Nanshan, what are you trying to do?"

Min Nanshan said coolly, "This Min feels that the two hall masters' decision is too hasty!"

"Impudent! When is it your turn to come and butt into what this hall master does?" Zhao Xun shouted coldly.

But Min Nanshan was not afraid in the slightest and said coolly, "This boy is just a grade two heavenly alchemist, what right does he have to sit on the throne of Third Hall Master? If he becomes Third Hall Master, then where will we, these grade four heavenly alchemists, go?"

Zhao Xun smiled coldly and said, "Based on that he can refine true grade heavenly pills!"

Min Nanshan smiled and said, "Head Hall Master, none of us has seen before the true grade heavenly pill! You said that he made monumental contributions to the Land of Heavenly South, I have no objections. But Heavenly South is Heavenly South. Heavenly South Pill Hall is Heavenly South Pill Hall. He has yet to make the smallest contribution but became Third Hall Master, on what basis?"

"That's right! Head Hall Master, our Song Family feels that it's not appropriate as well!" At this time, Song Tianyang also came forward and supported Min Nanshan ardently.

Yun Baiyu also said, "Head Hall Master, how much contribution has the three of us major families made for the Heavenly South Pill Hall? Now, a measly little grade two heavenly alchemist wants to ride on top of our heads?"

Zhao Xun's expression was ugly to the extreme.

He completely did not expect that the three great families' reaction was actually so fierce.

Furthermore, with the three great families taking the lead, many families also expressed objection. This somewhat made it even harder for them to dismount the tiger's back after getting on it.

In the crowd, Ironcore looked at Ye Yuan with a broad smile, full of mockery.

"Heh heh, brat, you're still a little inexperienced to fight with this city lord! This is just the beginning. After chasing you out of Heavenly South City, this city lord will send you on your way!" Ironcore sneered coldly in his heart.

Unrivaled Medicine God

Chapter 2667: Cutting the Ground on Which One Stood on!

"A grade two heavenly alchemist becoming Third Hall Master, our Zhao Family won't accept it!"

"Yeah, what right does a junior have to ride on top of our heads?"

"So what if true grade heavenly pill? Something that we can't see or touch, who are you bluffing!"

... ..

Families that depended on the three great families also expressed objections one after another. The scene appeared very chaotic.

Heavenly South Pill Hall's situation was somewhat different from City Lord Manor there.

City Lord Meng Frostwind's strength already reached half-step Saint Sovereign Heaven, overpowering all heroes. No one dared to resist.

Although Meng Frostwind relied rather heavily on Zhao Xun and Wu Jian, the experts within Heavenly South Pill Hall were plentiful as clouds.

Alchemy was not like martial arts; either you die or I perish.

The two hall masters' strength was indeed stronger than everyone. But the three great family heads' strengths were similarly extremely strong.

Hence, they held quite heavy authority.

The three great families practically possessed 40% of Heavenly South Pill Hall's strength.

Although this ratio was not high, it was sufficient to show one's attitude.

Zhao Xun and Wu Jian really had a feeling like they had incredibly bad luck.

They did not expect that they were actually forced to abdicate!

"Min Nanshan, are you rebelling?" Zhao Xun said furiously.

Min Nanshan still said coolly, "Head Hall Master, our three great families are subordinates of Heavenly South Pill Hall. Examining our consciousness, we respect the two hall masters very much as well. Our action is just for the sake of maintaining Heavenly South's stability! No matter from which area you look at, this boy doesn't have the qualifications to be Third Hall Master either!"

Song Tianyang also said, "This boy has unknown origins. Who knows whether or not he's harboring ill intent or not?"

Zhao Xun's face fell, and he said in a cold voice, "If this hall master insists that he must be Third Hall Master?"

Min Nanshan's expression did not change, and he said coolly, "Then our three great families will withdraw from Heavenly South Pill Hall and make a fresh start elsewhere! I reckon that with our three families' strength, City Lord His Excellency won't say anything either!"

Murmur!

The audience was in an uproar!

This move was really cutting the ground on which one stood on!

The moment the three great families withdrew, it would be tantamount to bringing away half of Heavenly South Pill Hall's power.

This power was sufficient to stand up to Heavenly South Pill Hall as an equal already.

This move was a major killing tool!

Zhao Xun also did not expect that Min Nanshan would be so decisive.

Normally, these three great families schemed against each other. He, this Head Hall Master, was seated firmly on the fishing platform, intervening in the situation. There were not too many disagreements.

But now, Ye Yuan's appearance made these three families fasten up together all at once.

This was rather difficult to deal with.

Zhao Xun could not help looking toward Ye Yuan, his expression seemingly full of apologies.

He also did not expect that things would play out like this.

Rather, it was the latter who had a calm look, as if all these had nothing to do with him.

Suddenly, Ironcore opened his mouth and said, "Two hall masters and family heads, everyone is a part of Heavenly South Pill Hall. Why is there a need to fall out so badly? This Ironcore is incapable, but I have a solution. Wonder if everyone is interested in hearing it?"

Seeing Ironcore open his mouth, Zhao Xun felt abhorred without rhyme or reason.

He originally did not have any conflicts with Ironcore. But the thing that Ironcore had done in Calm South City had indeed disgusted him.

It was just that at this time, he was currently in a difficult position. When Ironcore suddenly said this, he still wanted to hear it.

"Say it!" Zhao Xun said in a solemn voice.

Ironcore smiled and said, "Actually, the three great families have indeed made great contributions to Heavenly South these few years. Especially Family Head Min, he has tremendous strength and is steady

and composed. If let him be this Third Hall Master, I believe that none of the people present will say anything. As for this boy, he's not a part of Heavenly South to begin with. It's best to have him get lost."

Zhao Xun's gaze turned dark, thinking to himself that he must have been blinded by obsession.

How could an ivory tusk come out of a dog's mouth?

Making Min Nanshan be Third Hall Master and chasing Ye Yuan away, to think that this guy could say that!

Zhao Xun sneered and said, "This is the method that you're talking about??*Huhu*,?what qualifications does Min Nanshan have to assume the position of Third Hall Master? After his strength reaches peak grade four heavenly alchemist, we can come and talk again!"

A faint smile still hung on Ironcore's face.

When Zhao Xun saw this scene, he could not help feeling alarmed.

"Head Hall Master, this Min is untalented, but I gained some enlightenment a while back and already broke through to peak grade four heavenly alchemist not long ago! This Mystic Moon Iceheart Pill was just refined before this Min came."

As he said, Min Nanshan took a heavenly pill out.

When Zhao Xun saw this heavenly pill, his expression could not help changing wildly.

This heavenly pill's residual heat had yet to dissipate. Clearly, it was just refined successfully not long ago!

The heavyweights present were all incredibly shocked.

"Mystic Moon Iceheart Pill, that's a grade four heavenly imperial pill! Family Head Min really broke through!"

"Impressive! Didn't expect that Family Head Min actually broke through the bottleneck without a sound!"

"With this, probably even Head Hall Master is powerless to turn the tables already! Once the three great families break away, they will likely be able to immediately stand up to Heavenly South Pill Hall as an equal!"

... ..

Min Nanshan showing this hand was truly a major killing tool, stunning everyone.

The hallmark of a peak grade four heavenly alchemist was being able to refine heavenly imperial pills!

In this Land of Heavenly South, apart from Zhao Xun and Wu Jian, no one could do it.

Hence, that was how they could become hall masters!

But now, Min Nanshan had likewise done it!

With this, it really became difficult to deal with!

Zhao Xun understood now that these guys were simply long prepared to launch an attack during this banquet.

He also did not expect that making Ye Yuan be Third Hall Master would actually cause such a mighty uproar.

Min Nanshan said coolly, "Two hall masters, this Min wonders if I have the qualifications to be Third Hall Master or not?"

The three great families' affiliated families, especially the Min Family's subsidiaries, were all extremely excited.

Family Head Min breaking through was really a piece of massive good news to him!

"Supporting Family Head Min to assume the position of Third Hall Master!"

"Two hall masters, you mustn't make everyone's heart turn cold!"

"What capability does this boy have, to dare serve as Third Hall Master?"

... ..

To the vast majority of the people, a true grade heavenly pill was too far beyond reach.

They knew that although true grade heavenly pills were good, these pills had nothing to do with them.

Firstly, true grade heavenly pills would definitely be strictly controlled by the two hall masters.

Secondly, even if true grade heavenly pills could be released, the price would also not be what they could bear.

They all heard that Jiang Li spent 68 million heavenly crystals in order to obtain that true grade heavenly pill!

To ordinary martial artists, this was simply not what they could afford to spend.

Ironcore had a pleased look and looked toward Ye Yuan as he said, "Boy, you still have the cheek to stand there? This place is Heavenly South people's Heavenly South. Scram back to wherever you came from!"

The general trend had already formed, even the two hall masters were powerless to turn the tables too.

In his view, Ye Yuan getting kicked out was already a certainty!

Ye Yuan looked at Ironcore and said with a smile, "After a long time, you finally jumped out!? *Uh*, ?this move of yours is indeed played beautifully. It's just that it's too dumb!"

Ironcore smiled coldly and said, "Brat, you're still boasting shamelessly at this point? You harbor ill intent and sowed discord in Heavenly South Pill Hall! Come, men! Take this boy down!"

"Who dares!" Zhao Xun shouted coldly. The expressions of those guards changed and sure enough. They did not dare to move anymore.

After all, it was Head Hall Master!

But Ye Yuan was indifferent and walked down the platform with a smile.

Unrivaled Medicine God

Chapter 2668: No Amount of Money Can Buy My Joy!

“M-Master Ye?”

Huang Haoyan and Su Peiyun were somewhat stupefied, not knowing why Ye Yuan was walking toward them at this time.

In this place, they were just a pair of unbelievably insignificant minor characters.

But Ye Yuan had indeed walked in front of them.

“I heard that the two of you got engaged. This ... is a gift that I prepared for the two of you. Peiyun this girl is pretty good. You mustn’t let her down in the future!” Ye Yuan handed over two wooden boxes with a smile.

“Ah??T-Thank you, Master Ye!” Huang Haoyan received the wooden box with a blank face, uncertain what it meant.

Ye Yuan smiled. Pointing at the wooden box, he said smilingly, “The two of you, use this gift right now. After leaving this place, you guys probably won’t have a chance to use it anymore!”

Huang Haoyan still had a blank look, but Su Peiyun was already trembling from excitement!

Clearly, she already guessed what was in this wooden box.

She smacked the back of Huang Haoyan’s head and had a look of anger from his failure to live up to expectations, and said, “You’re stupid as hell! This is a massive lucky chance! Hurry up and open it! It’s a true grade heavenly pill stored inside here!”

Huang Haoyan’s entire body trembled, his eyes revealing a look of astonishment.

A true grade heavenly pill was something that he did not even dare to think about.

Now, Ye Yuan actually gave it to him for free?

Opening the wooden box to take a look, it was indeed two crystal clear heavenly pills.

Regardless of whether it was Zhao Xun or Min Nanshan, the pupils of the alchemy powerhouses currently present constricted.

“This ... This is the Greater Sublime Creation Pill! True grade ... heavenly imperial pill!” Min Nanshan’s words were full of astonishment.

Although he had not seen a true grade heavenly pill before, the Great Dao accumulations seeping out of it was clear at a glance to him.

What was even scarier was that this was actually a heavenly imperial pill!

Jiang Li relied on a true grade Foundation Establishment Heavenly Pill and broke through to Jade Sovereign Heaven.

Then, how strong was the medicinal effect of a true grade heavenly imperial pill?

In virtually an instant, many people in the banquet had both eyes turn blood-red.

Their eyes were full of greed.

Swoosh!

Swoosh!

Finally, someone could not resist making a move!

However, a streak of white light flashed past. The few people who made a move were directly blasted into residue!

Zhao Xun arrived in front of Huang Haoyan two people with a leap and said in a solemn voice, “This hall master wants to see who dares to act rashly! The two of you refine the heavenly pills. This hall master will stand guard over you guys!”

At this time, Head Hall Master Zhao Xun’s deterrent power was finally exhibited!

Min Nanshan and the rest of the Jade Sovereign Heaven powerhouses were itching for a try at this time too.

But, seeing Zhao Xun demonstrate his power, they still did not take action sensibly.

Zhao Xun’s prestige in Heavenly South Pill Hall was not for show.

Which of the Jade Sovereign Heaven powerhouses present did not receive his favor before?

If the three great families wanted to withdraw from Heavenly South Pill Hall, it was naturally inconvenient for the others to make a move.

But, if it really came down to open hostilities, the three great families did not have confidence in winning at all.

Actually, Zhao Xun’s heart was currently surging with choppy waves too.

Ye Yuan actually brought out true grade heavenly imperial pills the moment he made his move!

He thought that if Ye Yuan could refine an ordinary grade two heavenly pill, it would already be very impressive.

Wanting to refine heavenly imperial pills to true grade, what kind of concept was that?

This was also to say that Ye Yuan had walked much further than they imagined along the path of true grade!

Of course, Zhao Xu was also clear that Ye Yuan had prepared for a long time and was finally making a big move.

At this time, it concerned the future of Heavenly South Pill Hall. He had to anchor the scene!

Didn’t you say that you had never seen before true grade heavenly pills?

Fine, today, I'll let all of you witness what's called a true grade heavenly pill!

How could Huang Haoyan two people have experienced such a spectacle before? They were already frightened silly.

In this banquet, the two of them were just small fries, the weakest kind.

If not because their relationship with Ye Yuan was pretty good, they would not even have the qualifications to enter this place.

But now, they were refining heavenly pills under the eyelids of a bunch of Jade Sovereign Heaven and Limitless Sublime Heaven powerhouses!

The pressure was tremendous!

"M-Master Ye, this gift is too precious! It ... It's too much for us! Why don't you take it back?" Huang Haoyan said with a bitter smile.

Ye Yuan smiled and said, "No amount of money can buy my joy! I, Ye Yuan, am never stingy to friends. If I say that you're worthy of it, you're worthy of it!"

Su Yi let loose a torrent of abuse by the side, saying "You stupid pig, this is a massive lucky chance! You're actually pushing it away! Your Father doesn't have a son-in-law like you! Unworthy thing, angering Your Father to death!"

Huang Haoyan turned to look at Su Peiyun and discovered that his fiancée had a look of anticipation too.

This was really a massive lucky chance. After passing by this village, there would not be this shop anymore!

"O-Okay? Then we'll ... refine it!"

Huang Haoyan gritted his teeth and directly swallowed the Greater Sublime Creation Pill.

When the heavenly pill entered his abdomen, an overwhelming force surged crazily towards his small world.

His inner world seemed to have been filled to the brim all at once, the frenzied divine essence flooding in.

The medicinal effects of grade two heavenly imperial pills did not lose to grade three heavenly pills in the first place!

And how many times stronger was the power of true grade heavenly imperial pills compared to ordinary heavenly imperial pills?

What was even more terrifying was that even with such crazed divine essence was pouring in, his entire being actually did not face the slightest rejection!

Huang Haoyan was peak upper Greater Sublime Heavenly Stratum in the first place. In virtually an instant, he crossed this threshold and successfully broke through the realm!

Grand completion Greater Sublime Heaven!

Seeing such a terrifying medicinal effect, the expressions of the heavyweights present all changed wildly.

“This ... This is also too fast, right? Breaking through the realm was done in a flash!”

“Is this true grade? Utterly terrifying!”

“Even if it’s an upper ninth grade heavenly imperial pill, it’s not worth mentioning at all in front of this medicinal effect too!”

... ..

Amidst the shocked voices, Huang Haoyan’s cultivation realm was still increasing rapidly.

The Great Dao accumulations contained in the Greater Sublime Creation Pill let Huang Haoyan give rise to a trace of comprehension.

Limitless Sublime Heavenly Stratum was right before his eyes!

The scariest thing about true grade heavenly pills was not that terrifying medicinal effect, but that trace of Great Dao accumulation that was integrated inside!

This trace of Great Dao accumulation could inspire the martial artist’s comprehension of heaven and earth.

Jiang Li broke through to Jade Sovereign Heavenly Stratum precisely because of this trace of enlightenment!

Huang Haoyan’s understanding of Limitless Sublime Heavenly Stratum became clearer and clearer.

That barrier confining him became more and more fragile.

Finally, with a bang, it broke!

The current Huang Haoyan felt as if he was soaring above the ninth heaven, overlooking the world.

That sort of feeling was wonderful to the extreme!

“Is this Limitless Sublime Heavenly Stratum?” Huang Haoyan slowly opened both eyes, recollecting the aftertaste endlessly.

His gaze swept over everyone’s faces and discovered that everyone in the main hall was looking at him with blank faces. It was as if they had seen something beyond comprehension.

But by his side, Su Peiyun broke through one step earlier than him!

Two true grade heavenly imperial pills, two Limitless Sublime Heavenly Stratums!

Gulp!

Many people involuntarily swallowed a mouthful of saliva, showing their shock currently.

True grade heavenly pill, it truly shocked them!

Zhao Xun looked at the two with a look of surprise and said, “Is ... Is this the power of a true grade heavenly imperial pill? From upper Greater Sublime Heaven to lower Limitless Sublime Heaven, it’s merely a snap of a finger! True grade heavenly imperial pill, it’s indeed utterly terrifying!”

Chapter 2669: Executing Things in a Sweeping Manner!

“Many thanks, Master Ye!”

Huang Haoyan two people gave a deep bow to Ye Yuan respectfully.

Ye Yuan had indeed given them a huge lucky chance, making them benefit endlessly.

They both could feel that the effects of this Greater Sublime Creation Pill still had some remnants in their bodies.

In the future, it will be excavated little by little.

The two could not help somewhat feeling vicissitudes of emotion. Becoming acquainted with Ye Yuan was a massive good fortune in itself.

Otherwise, they would probably already be dead currently, let alone talk about breaking through to Limitless Sublime Heavenly Stratum.

Ye Yuan smiled and said, “I, Ye Yuan, am never stingy to my own people. But this Ye will also never show leniency to enemies.”

The words made everyone’s expression change.

This was clearly not only said for the two of them but said for everyone present to hear!

As long as you followed me, Ye Yuan, there would be plenty of benefits in the future.

But if you wanted to oppose me.

Sorry, your outcome might be very miserable.

“Brat, do you want to use true grade heavenly pills to beguile people’s hearts? What a joke! To others, this true grade heavenly pill is merely a castle in the sky, that’s all! You want to use this to whet everyone’s appetites and support you to become Third Hall Master with this??*Huhu*,?may I ask you what benefits we can get after you become Third Hall Master?” Ironcore said with a cold smile.

Witnessing the power of a true grade heavenly pill, Ironcore was extremely shocked too.

But the more it was so, the more it could prove the expression of his views.

Ye Yuan did not pay attention to him, but swept his gaze over everyone’s faces and said coolly, “Don’t say that this Ye doesn’t give you the chance! Right now, who else wants to withdraw from Heavenly South Pill Hall, step forward!”

“This ... This is making people pick sides!”

"If one withdrew from Heavenly South Pill Hall, they will definitely be unfated with true grade heavenly pills in the future!"

"Huhu,?are you thinking too much? You think that by not withdrawing, you'll be fated with true grade heavenly pills?"

... ..

Many people's faces revealed a look of hesitation.

Even the three great families' subordinate factions were also hesitating at this time.

After all, true grade heavenly pill was too effective!

"Huhu,?looks like two hall masters are hellbent on breaking away from our three great families! Fine, my Min Family will be the first to withdraw from Heavenly South Pill Hall!" Min Nanshan said with a cold smile.

"I'll withdraw!"

"I'm withdrawing too!"

... ..

The moment Min Nanshan came forward, immediately there were families who were subordinate to the Min Family that stepped forward.

However, the numbers suddenly dropped by more than half compared to before!

Clearly, some families were still hesitating!

Min Nanshan's heart thumped and he could not help palpitating with anxiety and fear.

The impact of this big move that Ye Yuan just released was seriously too strong.

Some families' willpower was already disintegrating.

"Humph!?Do you guys think that by staying in Heavenly South Pill Hall, you can obtain true grade heavenly pills? Too naive!" Min Nanshan said with a cold snort.

He wanted to spur these people on!

But the effect was negligible!

Those hesitating clearly already had an idea in mind, how could it be changed easily?

However, what made Min Nanshan feel uneasy was Song Tianyang and Yun Baiyu!

He had already expressed his attitude clearly. Yet, these two people actually did not concur immediately!

Min Nanshan's eyes looked over and discovered that these two people were clearly both hesitating!

Seeing that the family heads did not move, these two families' vassal families naturally did not dare to easily express their stand too.

“Song Tianyan, Yun Baiyu, what are you guys still waiting for?” Min Nanshan said in a solemn voice.

Right at this time, Yun Baiyu let out a deep sigh, like he had made up his mind about something.

The moment Min Nanshan saw this, he could not help being overjoyed.

Yun Baiyu suddenly gave a bow towards Ye Yuan and said, “This Yun was blinded by greed previously, resulting in affronting Third Hall Master! My Yun Family is willing to receive punishment!”

“Yun Baiyu, you!” Min Nanshan’s expression changed wildly, that look wished to swallow Yun Baiyu whole.

But Zhao Xun and Wu Jian exchanged a glance, a hint of pleasant surprise flashing across in their eyes.

Ye Yuan’s big move had indeed proved effective!

The moment Ye Yuan made his move, it was a true grade heavenly imperial pill. The impact on the two great family heads was too strong.

As long as the three great families fell apart, even if the Min Family really became independent, it would be nothing too.

Excellent play!

These two people’s eyes when looking at Ye Yuan became different.

Suddenly, Song Tianyang bowed to Ye Yuan too as he said, “Song Tianyang pays respect to Third Hall Master! My Song Family is also willing to receive punishment!”

All the heavyweights present were incredibly shocked.

Originally, the two great hall masters were already pressed into a corner.

Who would have thought that the moment Ye Yuan made his move, the situation would undergo an astonishing reversal, two great family heads turned traitor at the same time!

While Min Nanshan and Ironcore two people stared wide-eyed and tongue-tied.

The three families had talked it over, to advance and withdraw together. Who knew that at this juncture, the Song and Yun two families actually turned traitors at the same time!

Now, the one who found it difficult to back down became Min Nanshan instead!

Ironcore was just an outsider. Heavenly South Pill Hall’s change did not have much bearing on him.

But the Min Family was different!

If only his family withdrew, that would make it difficult to do much single-handedly!

Without the support of the other two great families, even if he reached peak grade four heavenly alchemist, how could he be Heavenly South Pill Hall’s match?

A hint of an imperceptible sneer flashed across the corners of Ye Yuan’s mouth.

Actually, it was not that Ironcore's trick was not perfect. It was just that he severely underestimated his strength.

True grade heavenly imperial pill, how many people could resist this kind of temptation?

Moreover, he still had an ace-in-the-hole!

"Song and Yun two families provoked Heavenly South Pill Hall's authority, conspiring to rebel! Now, this hall master will strip away the two of your elder positions. Are you guys ... convinced?" Ye Yuan said in a solemn voice.

Once these words came out, everyone's countenance changed visibly.

These two families had just pledged allegiance, directly stripping the family heads of their elder position, wasn't this pushing them out?

An elder position represented too many things.

This punishment could be rated as heavy!

The moment Min Nanshan heard, he could not help laughing loudly as he said, "Hahaha, Song Tianyang, Yun Baiyu, you guys are really laughable! He doesn't buy it at all!"

Song and Yun two people's expressions also changed abruptly. However, they gritted their teeth and said, "Song Tianyang (Yun Baiyu), is wholeheartedly convinced!"

Everyone was shocked again. No one expected that they admitted defeat so obediently!

Ye Yuan's gaze swept over everyone, and he said in a solemn voice, "For the Land of Heavenly South, there's the Myriad Demons Mountain to the north, and Thistle South sea race to the south. It can be said that the people are surviving between the crevices! Therefore, everyone uniting as one is the most important thing! Harming Heavenly South's interests for one's own personal gain, they should be kicked out! Today, this hall master will announce that the Min Family will be expelled forever under the authority of Third Hall Master!"

Everyone's heart could not help sinking. This measure was truly swift and fierce!

Except, it was not over yet.

Ye Yuan continued: "But then again, since it's uniting as one, this hall master naturally won't hoard either! In half a month, the alchemy path families present each pick out five elite disciples and send them to Heavenly South Pill Hall! This hall master will teach them personally! In addition, this hall master will also discuss with Head Hall Master and Second Hall Master to set a rule! Those who can meet this standard, will all have a chance to obtain a true grade heavenly pill! Of course, this hall master also hopes that in the future, there will be someone among you all who can refine true grade heavenly pills too!"

Chapter 2670: Heavenly Souths Number Two Genius!

A small family's patriarch said with a face full of excitement, "Third Hall Master, you mean ... all the families present?"

Ye Yuan nodded slightly and said, "That's right. It's all of the families! If the various major cities have suitable candidates, they can send them over too! But I'll say the unpleasant things first, this hall master has my own standards in selecting people. If they can't meet the standards, they will be sent back without exception! But, as long as I take them in, presumably it won't be a problem for them to step into grade four heavenly alchemist in the future."

The whole audience was in an uproar!

These words were really too domineering.

It was just that, many people expressed skepticism about this.

"*Huhu*, ignorant fools. Do you think that grade four heavenly alchemists are all cabbages? A puny little grade two heavenly alchemist is spouting a stream of empty rhetoric here; what a joke!" Min Nanshan said with a cold laugh.

Although these words were somewhat unpleasant when coming out of his mouth, they represented what everyone was thinking in their hearts.

Those able to reach grade four heavenly alchemists were already feudal kings of a region in this Heavenly South City!

Not anybody could reach grade four heavenly alchemist.

Ye Yuan looked at him and said with a smile that was not a smile, "Whether or not it's cabbages, has nothing to do with you anymore! Family Head Min, you've already withdrawn from Heavenly South Pill Hall. Isn't it somewhat inappropriate for you to be telling people what to do here?"

Min Nanshan's face flushed red, immediately feeling somewhat ashamed to show his face.

He was actually being isolated now!

Zhao Xun also spoke up at this time, saying, "Min Nanshan, the real idiot is you! Even this hall master also needs to ask for advice with an open mind in front of Ye Yuan! Whoever can obtain his guidance, becoming a grade four heavenly alchemist in the future is probably the most basic threshold!"

"What? How is this possible?"

"Head Hall Master means that Third Hall Master is giving pointers to him?"

"Could it be that in the future, grade four heavenly alchemists will really become cabbages?"

... ..

Zhao Xun personally admitted that he was inferior to Ye Yuan. This made the big shots from everywhere incredibly shocked.

It was true that Ye Yuan could refine true grade heavenly pills. But that was just grade two heavenly pills.

A grade two heavenly alchemist giving pointers to a grade four heavenly alchemist, it sounded somewhat fantastical no matter.

Even Min Nanshan's expression changed abruptly too.

"Humph!?" Then, let's wait and see!" Min Nanshan's face fell, and he flicked his sleeves and left.

Zhao Xun's gaze looked toward Ironcore, and he said in a cold voice, "Ironcore, from today onwards, my Heavenly South Pill Hall absolutely won't refine a single heavenly pill for your lineage! Take your leave!"

Ironcore's expression changed wildly, feeling like he shot himself in the foot.

Why was Heavenly South Pill Hall so impressive?

It was because they monopolized all the supply of Heavenly South's heavenly pills!

However, before this, factions stood in great numbers in Heavenly South Pill Hall, each with their own interests.

Even Zhao Xun two people were no exception either.

Therefore, wanting to boycott a certain faction was actually very difficult.

But now, Ye Yuan shocked all of the alchemy path families with lightning means.

Then, who still dared to show face to him, Ironcore?

Ironcore gritted his teeth and also left in resentment.

Zhao Xun said in a solemn voice, "From tomorrow on, this hall master and second hall master will go into closed-seclusion! All of Heavenly South Pill Hall's matters will be taken charge of by Third Hall Master! In addition, if anyone dares to sell Ironcore's lineage heavenly pills, they will be immediately expelled from Heavenly South Pill Hall!"

Everyone was inexplicably shocked!

No one thought that the two hall masters were actually going into closed-seclusion!

Then in the closed-seclusion period, the real hall master would actually become Ye Yuan!

They naturally did not know that Ye Yuan's pointers in the past few days gave these two people a feeling of grand awakening.

It even overthrew their inherent understanding of Alchemy Dao over the years.

Therefore, they needed to go into closed-seclusion to reorganize the accumulation of so many years.

If not for this feast today, they would have long gone into closed-seclusion.

... ..

In less than three days, the disciples carefully selected by the various major families, have already been sent to Heavenly South Pill Hall!

Obtaining the legacy of true grade, how could they let such an opportunity slip by?

Carrot and stick, this was a management method that proved effective every time!

Wanting to make these families submit wholeheartedly, deterrence was a must. There naturally could not dispense with benefits too.

Ye Yuan's personal guidance was the greatest benefit!

Especially that even Zhao Xun personally admitted that he was inferior to Ye Yuan. This made Ye Yuan become even more mysterious in front of the factions from all over.

This estranged feeling would make people give rise to a sense of awe.

Over 200 disciples were brought into a very big pill refining room.

After entering, the guards went out.

There were only these disciples left in the pill refining room.

In Heavenly South City, these major families' disciples mostly knew each other and naturally started to engage in small talk.

One of them was immediately being lauded like a myriad of stars surrounding the moon.

"Congratulations, Brother Wenhao! You're Heavenly South's number two genius to begin with. This time, being personally guided by Master Ye, you'll definitely be able to achieve true grade heavenly pill! When the time comes, the Song Family will be Heavenly South's number one family clan!"

"Still Heavenly South's number two genius? Master Jiang Li has already advanced to grade four heavenly alchemist. He's already considered a senior. How can he be called a genius? Brother Wenhao is the well-deserving Heavenly South's number one genius now!"

"Right, right, right, number one genius! Number one genius!"

... ..

Song Wenhao was the Song Family's number one genius. At the same time, he was also reputed as Heavenly South's number two genius after Jiang Li!

But he had made quite a bit of accomplishment in alchemy at a young age.

His strength overpowered those in the same rank in Heavenly South!

This time, the Song Family reined in at the brink of the precipice and similarly obtained the right to roll in elite disciples. Song Wenhao naturally occupied a foremost position.

Although Song Tianyang's strength was not as good as Min Nanshan's, the Song Family saw hope in Song Wenhao, and they naturally focused on grooming him.

Being praised by everyone, Song Wenhao smiled calmly and said, "True grade heavenly pills have been spread until they seem miraculous. In my view, it's merely nothing more than this! The Land of Heavenly South just doesn't know the right method. That's why true grade will seem precious! As long as this young master learns the method of refinement, wouldn't true grade heavenly pills still be easily accomplished?"

He never felt that he was worse than Jiang Li in any way.

He had actually always been unconvinced by the title of number two genius.

As for true grade, although he knew that it was impressive, he did not care.

It was nothing more than the method of inheritance!

He, Song Wenhao, had always been incredibly fast in cultivating heavenly medicine refining arts.

As long as he grasped the method of inheritance, he felt that he would definitely be able to refine true grade heavenly pills.

Time slowly trickled by. Nobody came to this pill refining room.

They were forgotten for the greater part of the day.

Many people started to get irritated.

Some paced back and forth, some were restless, and others were full of complaints.

"Humph!?" What's the deal with hanging us out to dry here? These three hall masters are also taking Heavenly South's noble families too lightly!" Song Wenhao was the most impatient and could not refrain from grumbling.

"Isn't that so! Looks like he didn't call us over to teach us at all. It's purely to give a blow to Heavenly South's noble families!" Someone immediately echoed.

"Third Hall Master is dissatisfied with our families' previous actions. This is deliberately giving us a blow to take revenge!"

... ..

Along with the passage of time, similar complaints grew more and more.

These genius disciples also became even more impatient and restless.

However, there were exceptions too.

One of the young men came before the furnace fire and practiced fire controlling techniques.

"Huhu," Song Minzhe, with your paltry skills, don't make a spectacle of yourself! Making a frantic last-minute effort, do you think that Third Hall Master will pick you?" Song Wenhao looked at him and said with a sneer.
