#### Chapter 2781: : Pointing at the Firmament With the Sword, Seeking Dao With the Sword!

“You guys, Ye Yuan has been very calm all along. Could he really have some backup plan?” After Ye Yuan’s party left, Saint Exalt Bull Demon could not resist asking.

It was truly that Ye Yuan behaved too calmly.

Anyone who suffered this kind of treatment would be indignant, but Ye Yuan was not.

From start to end, he was like an onlooker observing from the sidelines.

Many powerhouses present were extremely apprehensive of Ye Yuan.

Got to admit, Ye Yuan’s attitude made them somewhat nervous in their hearts.

Waycloud smiled coldly and said, “Don’t you forget, it’s Heavenly Dao that cut off his path forward, and not us! Someone abandoned by Heaven, do you all feel that he has a chance to turn things around?”

The moment everyone heard, they immediately calmed down a lot.

Yeah, Heaven wanted you dead. Could you still overturn the heavens?

“You’re right! No matter how breathtaking the genius, they aren’t greater than the heavens too! From now on, there’s only the Four Great Heavenly Regions!” Saint Exalt Skyfortune said.

... ..

It was silent all the way. After returning to the Martial Secure Heavenly Sect, Luo Yunqing finally could not hold back anymore.

“Ye Yuan, you can leave if you want to! I’m going to fight it out to the death with them here! Even if my bones are ground to dust, I won’t let them take a step into Martial Secure Heavenly Sect too!”

Ye Yuan smiled and said, “You, a newly ascended Saint Sovereign Heaven, even if your bones are ground to dust, can it stop them from stepping into the Martial Secure Heavenly Sect?? This place is merely a wasteland. So what if we give it to them?”

During the great battle, Martial Secure Heavenly Sect was the primary battlefield.

So many Saint Sovereign Heavens fighting, plus the Eight Legions War Generals’ self-detonation, the entire sect was long already a wasteland.

But Luo Yunqing had extremely deep feelings for the Martial Secure Heavenly Sect.

Now, having just destroyed the Pill Alliance and being able to rebuild the Martial Secure Heavenly Sect, but suddenly getting chased away to the Land of Heavenly South, he could not accept it.

The Land of Heavenly South was merely a tiny place, that was all.

In terms of area, it was only one-quarter of a heavenly region.

How could Luo Yunqing be willing?

“Ye Yuan, your Martial Dao is severed. Could it be that even your hotbloodedness was erased too? If we were to really join forces, we might not lose to them!”

Ye Yuan looked at Luo Yunqing deeply and said, “Brother Luo, so what if we revive the Martial Secure Heavenly Sect? Even if the Martial Secure Heavenly Sect rules Rainclear Continent like the Pill Alliance, so what? This place is merely a desolate land. That’s all! Could it be that your horizons are really only limited to these?”

“The five great heavenly sects’ people have always been curious. Why Zhuo Bufan that kind of heaven’s chosen would suddenly go missing. Today, let me tell you. He went to the other side of the sea! He knew that if he stayed in Rainclear Continent, he would only be sitting in the well and looking at the sky. That’s all! Don’t you want to take a look at the world outside?”

Luo Yunqing’s expression changed drastically, and he said in surprise, “How do you know ...”

Ye Yuan said coolly, “I saw the sword energy that he left behind in the sea!”

Luo Yunqing’s heart shook wildly. It turned out that Lord Zhuo really crossed the sea!

“But ... But the Martial Secure Heavenly Sect ...”

Ye Yuan cut him off and said coolly, “Martial Secure Heavenly Sect’s Dao teachings naturally have to be passed down! This is giving an account to Sect Master and also giving an account to Elder He! However, it isn’t now! There’s no meaning in showing off momentary bravery!”

Luo Yunqing looked at Ye Yuan in astonishment and said in surprise, “You ... This is impossible! Your road of martial arts has already been cut off by Heavenly Dao!”

Ye Yuan smiled and said, “My fate is up to me, not up to Heaven!”

... ..

On this day, Martial Secure Heavenly Sect’s entire sect moved south.

Saying that it was the entire sect, there were actually not many people.

However, in the wake of Ye Yuan killing Changsheng with one sword, many of Martial Secure’s old subordinates returned too.

Wu Chengchao, Lin Lan, Wen Jingxuan, these people, all escaped death by a fluke because of Ye Yuan’s Hundred Poison Formation back then.

Now, hearing that Ye Yuan returned, they naturally returned to the sect.

Apart from them, there were also over 300 people that returned to Martial Secure Heavenly Sect too.

As for the other four sects, they were not so lucky.

They had less than 200 people when added up.

These 500 over people were the last force of the former Five Light Heavenly Region.

However, because the other regions rejected ascenders, there were several thousand ascenders that followed the five great heavenly sects and migrated to the Land of Heavenly South.

After this, Big Yellow also completely broke away from the Myriad Demons Mountain and joined the faction of Heavenly South.

The present Land of Heavenly South had Luo Yunqing three people plus Heavenly South's four great Saint Exalts, plus two ascender Saint Exalts, as well as Ye Yuan and Big Yellow. There were 11 great Saint Exalt Heavens!

In terms of numbers, they were really not weak.

It was just that most of these people had just broken through. Their foundation was too weak.

There was actually only Big Yellow alone who deserved to be called a combat power.

In reality, what those Five Great Heavenly Regions powerhouses were truly afraid of was also just Big Yellow.

Otherwise, if the five great heavenly regions wanted to migrate, they probably really could not have done it.

However, everything was not important anymore.

Arriving at the Land of Heavenly South, Ye Yuan arrived above the sea and sat down suspended in the air.

An enormous Tai Chi diagram slowly unfurled above Ye Yuan's head.

That appearance seemed to be comprehending heaven and earth.

"Kid, have you really thought it through? Taking this step is certain death!" Mi Tian said.

Ye Yuan said coolly, "Road is forged by people, and it is not bestowed by the heaven! In this life, starting from the Immortal Grove World, I've been going against the heaven! Great Dao crumbling, I'll go contrary to Dao with alchemy, and reach Divine Dao! When the Heavenspan World was refined by someone with a great divine ability, I created my own cultivation method and transformed Dao to shatter the sky! In this 33 Heavens, since Heavenly Dao doesn't tolerate me, then I'll point at the firmament with my sword and seek Dao with the sword!"

*Boom!*

As he said, Ye Yuan's chaos world exploded with a loud bang!

A terrifying energy undulation set off a series of tsunamis.

At this moment, countless gazes looked towards the sea.

Luo Yunqing's expression changed wildly, and he cried out in surprise, "What a strong world power! Ye Yuan, he shattered his own small world. He ... What does he want to do?"

Small world! It was where the foundation of martial artists lay!

If the world collapsed, Martial Dao would be destroyed!

Ye Yuan actually shattered his own small world!

This action shocked everyone.

Big Yellow had an extremely deep comprehension in Great Dao, but he detected a trace of an unusual crisis.

“Master Ye ... wants to reestablish after destruction! But ... does Heavenly Dao allow it?” Big Yellow murmured.

Ye Yuan spent countless efforts to condense and form this chaos world.

To say that he was reluctant, he was naturally extremely reluctant!

But at this moment, he proceeded without hesitation!

There were geniuses in the world that were not tolerated by Heavenly Dao!

It was not just Ye Yuan alone who had their path of cultivation stripped away by Heavenly Dao.

The 33 Heavens were extremely vast. There were countless powerhouses and geniuses, being plentiful like clouds!

There were also peerless heaven’s chosens who were not tolerated by Heavenly Dao.

These heaven’s chosens were naturally unwilling to have their Martial Dao cut off henceforth.

Hence, they forged a path: a road that went against heaven!

Snatching fate from heaven, going against heaven!

Ye Yuan’s chaos world collapsed, but it was not obliterated. Instead, it gathered toward the Tai Chi diagram.

The Tai Chi slowly rotated. Countless energies were condensed in it.

An illusory sword gradually solidified, standing upside down in the center of the Tai Chi diagram, pointing at the firmament with the sword!

*Crack! Crack!*

Dark clouds gathered in the sky above the sea, lightning flashing.

It was as if the world was going to be destroyed in the next second!

#### **Chapter 2782: Getting Stronger the More He Fought!**

“Heavenly Dao ... is enraged!” Big Yellow looked toward the horizon and muttered.

But Luo Yunqing stomped his feet in anxiety and shouted angrily, “This boy is too reckless! Pointing at heaven with the sword, isn’t this seeking death?”

This sword was not an ordinary sword, but Ye Yuan's Dao sword!

This Dao sword was condensed and formed from Ye Yuan's lifetime cultivation!

This sword pointing at heaven was questioning the way of heaven!

It was provoking Heavenly Dao!

How could it be tolerated?

Myriad Demons Mountain, Saint Exalt Bull Demon, Saint Exalt Giant Ape, and the rest looked at the firmament from afar, incredibly shocked.

"Is this guy mad?"

"Pointing at the sky with the sword, the firmament is furious! It will probably bring down Dao tribulation again this time, right?"

"Most likely, he's going to immediately transcend a two-nine Dao tribulation! Tsk tsk, not resigning himself to circumstances and experiencing life and death! Ye Yuan is going to force himself into a desperate situation so that he can risk it all! However ... can he pull through?"

The three great Saint Exalts could not help snickering when they saw this scene from afar.

Confronting Heaven was clearly an act of courting death.

Originally, he could drag out an ignorable existence. However, he insisted on bringing about his own destruction.

Extremely far away, Saint Exalt Waycloud and the rest of the Saint Sovereign Heavens were startled one after another.

They moved out in succession and gathered in the sky above Myriad Demons Mountain.

"*Huhu*, this kid is indeed a restless one. His last resort should be this, right? That's good too. Since he's taking the road to ruin himself, it saves us the trouble of having to take action," Saint Exalt Waycloud could not help laughing as he said.

Saint Exalt Skyfortune laughed in spite of himself and said, "He really dares to point at heaven with his sword! Asking heaven if it's unfair? Does he have this qualification?"

Waycloud smiled and said, "Let's just watch a good show here."

... ..

Ye Yuan pointed his sword at the sky. Heavenly Dao was enraged and sent down Dao tribulation.

The sensation caused this time was even more terrifying than that time previously.

In less than a year, Ye Yuan triggered a Dao tribulation again. This sort of thing was simply unheard of since ancient times.

Two-nine Dao tribulation; it meant two nine laws Dao tribulations!

This was also to say that the Dao tribulation raining down this time was 18 power of rules!

Nine laws Dao tribulation was already terrifying to the extreme.

The power of a two-nine Dao tribulation was naturally even more terrifying.

But the Ye Yuan who was in the center of the storm seemed to be completely clueless.

He was condensing his own Dao!

The sword in the Tai Chi diagram became larger and larger and increasingly solid!

The aura also became more and more horrifying.

And following the solidification of this sword, the aura coming from above the void also became more and more terrifying.

“Kid, you can really stir trouble! A two-nine Dao tribulation is likely no match for this aura! I reckon that it might very likely be straight-up a three-nine Dao tribulation!” Mi Tian said.

Ye Yuan smiled and said, “Who cares how many nine laws Dao tribulation it is! Regardless of how many that will come, I’ll receive them! I’ll bet my Dao and defy this heaven!”

Mi Tian said with a cold snort, “Don’t blame me for not warning you. This sword is connected to your life now. If the Dao sword shatters, your life will be gone!”

Ye Yuan was not betting his Dao but betting his life!

Condensing Dao sword was giving up on following heaven. In the future, he could only go against heaven and change his fate!

Each step would be a hundred times harder than other martial artists!

But Ye Yuan was indifferent and said coolly, “Rather than willingly be ordinary, why not defy heaven and change fate!”

At this time, Ye Yuan slowly got up, looked at the sky from afar, and muttered, “It’s here!”

*Boom!*

His voice had yet to fade when a clap of thunder sounded in the sky.

The ocean was directly blown apart.

Ye Yuan only felt an overwhelming force, as if going to crush him.

“Three-nine Dao tribulation! This boy really provoked the wrath of heaven!” Saint Exalt Waycloud’s expression changed abruptly as he said.

Even when separated so far away, his heart also jumped fiercely at this sound of thunder clapping.

It could be imagined what kind of enormous pressure Ye Yuan who was located at the center of the storm would have to bear!

Saint Exalt Skyfortune smiled and said, "You all try to guess. How many bolts of Dao tribulation can he make it through?"

"Three!"

"Five!"

"Nine!" Saint Exalt Waycloud glanced at everyone and said smilingly, "Got to say, this boy is a peerless genius, overwhelming the present era! Even if it's three-nine Dao tribulation, it's impossible for him to survive nine too!"

"I ask heaven with my Dao! Go!"

Ye Yuan bellowed, his palm pushing toward the sky!

The giant sword pierced right through the sky and met with this clap of thunder!

This clap of thunder was invisible!

27 power of rules was all in this invisible clap of thunder.

*Boom!*

It was only to hear a loud noise. The ocean was directly divided into two halves, deep until the bottom could be seen!

Ye Yuan gave a muffled groan, fresh blood spurting wildly from his mouth.

Fine cracks actually appeared on his Dao sword!

"Damn it! Three-nine Dao tribulation is too strong. Master Ye can't hold on at all! At this rate, I'm afraid that when the third Dao tribulation falls, his Dao sword will shatter!" Big Yellow said anxiously when he saw the situation.

Each and every one of the Land of Heavenly South's powerhouses had solemn expressions.

Suddenly, Luo Yunqing's expression changed, and he said, "You guys, look! His Dao sword is repairing!"

Big Yellow took a closer look and said in surprise, "He ... He's using the power of rules in the Dao tribulation to repair the Dao sword and strengthen it!"

When the Dao tribulation landed, it naturally would not return to nothingness immediately.

The rule fragments would scatter around before becoming one with heaven and earth!

Ye Yuan's Dao sword was absorbing these rule fragments to strengthen itself!

Very soon, not only was Ye Yuan's Dao sword as good as new, it became even more solid instead!

Ye Yuan raised his head to the sky and howled loudly, "Again!"

As if sensing Ye Yuan's provocation, another series of Dao tribulation exploded with a loud bang.

Ye Yuan raised his sword and charged again!

*Boom!*

It exploded again!

Ye Yuan's entire body was dyed in blood, but he became more courageous the more he fought.

His Dao sword absorbed the rule fragments and solidified again!

*"Hahaha ... you want to sever my road of martial arts; I'll seize your Great Dao rules! So what if it's the road of defying heaven?"*

Ye Yuan stood proudly in the sky, akin to a fiend god, letting out a loud laugh.

*Bang, bang, bang ...*

Bolts of Dao tribulation lightning landed, the power becoming stronger each time.

But Ye Yuan grew stronger the more he fought!

His cultivation realm also advanced crazily in this Dao tribulation!

Not only did the Dao tribulation not beat him down, it made Ye Yuan achieve success instead.

In the sea of consciousness, Mi Tian was staring dumbfoundedly.

The road of defying heaven could still be walked like this?

Seizing the Dao of heaven and feeding it back to himself!

*"This boy ... is really a wonder! The Dao tribulation of divergent cultivators is a lot stronger than ordinary martial artists. Each time, it's walking on the edge of death. This boy is good, to actually use this kind of method to overcome the tribulation!"* Mi Tian was rendered speechless.

But he knew that even if it's a divergent cultivator, it was virtually impossible to want to achieve this too!

Plundering Dao tribulation fragments, this in itself required an extremely deep understanding of Great Dao.

These fragments could not be grabbed and used but needed to be rearranged.

Randomly absorbing them, not only would there be no benefits, it would cause great harm to oneself instead.

Forget that Ye Yuan was just a measly little Saint Sovereign Heaven. Even a Hegemon Realm powerhouse might not be able to accomplish it!

*Boom!*

*Boom!*

*Boom!*

Above the sky, claps of thunder fell, each fiercer than the last.

But Ye Yuan was akin to a stubborn rock, not budging an inch!

Although he was seriously injured, after the baptism of Dao tribulation, his cultivation realm obtained rapid growth.

Finally, the Dao tribulation seemed to be tired too, vanishing into thin air.

Everything returned to tranquility.

And Ye Yuan's sword was still pointing to the sky proudly!

But his realm improved further and reached middle-stage lower Saint Sovereign Heaven!

Everyone paying attention to Ye Yuan overcoming the tribulation was completely stunned.

### Unrivalled Medicine God

#### **Chapter 2783: Go In and Play!**

"Three-nine Dao tribulation ... He transcended it?" Waycloud muttered under his breath, clearly still not daring to believe it until now.

"S-Seems like it?" Saint Exalt Skyfortune murmured.

"He can't even transform Great Dao. How can he possibly transcend three-nine Dao tribulation? To transcend the three-nine Dao tribulation, one needs to at least be an upper Saint Sovereign Heaven. Furthermore, an extremely strong existence among upper Saint Sovereign Heavens! Doesn't that mean that he already has this strength?"

As Saint Exalt Waycloud said, he could not help shuddering.

If that was the case, that meant that not only did Ye Yuan's combat power not regress, but it was also even stronger than before!

If he fought with Li Changsheng again, Ye Yuan might even be able to confront him head-on!

This was scary!

Saint Exalt Skyfortune looked at Waycloud and said with a bitter smile, "Have we ... offended him badly?"

The moment these words came out, the Saint Sovereign Heavens present could not help but shudder.

Waycloud shook his head and said, "I don't believe that he can still cultivate!"

Saint Exalt Skyfortune smiled bitterly again and said, "Whether he can cultivate or not, his strength is placed there! There's probably no one stronger than him in our Rainclear Continent!"

Everyone exchanged glances, suddenly feeling at a loss on what to do.

On the other side, Saint Exalt Bull Demon and the rest of Myriad Demons Mountain's Saint Sovereign Heaven powerhouses were also dumbstruck with amazement.

Ye Yuan actually really gained a new lease on life!

One had to know, it was precisely them who threw a rock down the well at the crucial moment!

At this time, there was only bitterness left in the hearts of the Myriad Demons Mountain's Saint Sovereign Heavens.

... ..

Very soon, the Five Great Heavenly Regions and Myriad Demons Mountain's Saint Sovereign Heavens received an invitation.

This invitation was inviting them to head to the seven great sea regions to have a talk.

The Saint Sovereign Heavens who received the invitation were all rather baffled.

Go to the seven great sea regions to do what?

These Saint Sovereign Heavens were not fools. They knew that Ye Yuan definitely invited them over to demonstrate his martial prowess.

However, at this time, they also really wanted to see if Ye Yuan really rose again from the ashes, or he was simply making an empty show of strength.

In the sky above the nameless island, sword energy was awe-inspiring.

Luo Yunqing felt this sword intent in addition to being overjoyed. There was an additional hint of shock.

This sword intent was too pure, too powerful!

His strength advanced by leaps and bounds during these over 100 years.

But his Great Dao Transformation was still stagnant at the third form.

But the sword energy on the nameless island was left behind in the fifth form!

The disparity between the two could not be measured with distance!

"I've always been following Lord Zhuo's footsteps, but I didn't know that he was actually already formidable to such an extent when he left Rainclear Continent!" Luo Yunqing exclaimed.

Ye Yuan smiled and said, "Zhuo Bufan is indeed amazingly talented. Therefore, there's already nothing on this tiny little Rainclear Continent that can satisfy him. Without opponents, invincibility is the loneliest!"

Luo Yunqing nodded slightly, deeply in agreement too.

"Ye Yuan, just how strong is your current strength?" Luo Yunqing could not resist asking.

After overcoming the tribulation on that day, Ye Yuan did not expose his strength.

Luo Yunqing naturally knew what he invited those Saint Sovereign Heavens here for.

Therefore, he also really wanted to know how strong Ye Yuan was now.

Ye Yuan stood with his hands behind his back and said smilingly, “You’ll know very soon. *Oh* right, the Sword Dao that you walk is quite similar to Zhuo Bufan’s. The sword energy that he left behind is helpful to you. You go in and try comprehending on the sword.”

Luo Yunqing nodded slightly, wielding the sword and entering the island.

Luo Yunqing was very strong!

He charged right to the depths of the island with one sword by himself.

But in the end, he still withdrew in defeat.

However, he was not discouraged either, rushing into the depths of the island time and again.

Just like this, a month passed.

And at this time, Waycloud and the rest of the Saint Sovereign Heavens also arrived in succession.

There were dozens of Saint Sovereign Heaven powerhouses in the sky above the nameless island for a time!

Waycloud looked toward Saint Exalt Bull Demon, opened his mouth, and said, “Fellow Daoist Bull Demon, someone wants to take so many of us down a notch!”

Saint Exalt Bull Demon snorted coldly and said, “That will also have to depend on whether he has this ability or not!”

Waycloud smiled and said, “True. On our two sides, there are no less than 50 Saint Sovereign Heaven powerhouses! If he wants to take us down a notch and establish an advantageous position, he’ll also have to weigh it over!”

Previously, they were divided into two camps.

Saint Exalt Bull Demon originally looked down on Waycloud they all too.

It was not that Waycloud they all were weak, but it was that the territorial awareness of true spirit saint exalts was extremely strong. They were not willing to interfere in the matters outside of the Myriad Demons Mountain.

But now, Ye Yuan broke through, and his strength was unknown. They had no choice but to join hands.

Previously, they all targeted Ye Yuan.

If they still did not join hands now, then they could only be defeated individually.

With over 50 Saint Exalt powerhouses, it was virtually five times that of Ye Yuan’s side!

Furthermore, they even had a large group of middle Saint Sovereign Heavens. They naturally had the confidence.

These words were all said for Ye Yuan to hear.

Meanwhile, Ye Yuan was as calm as before, as if everything had nothing to do with him.

Ye Yuan's attitude made Waycloud somewhat irritated. He gave a cold snort and said, "Ye Yuan, what did you call us here for? Do you really think that we're scared of you?"

Suddenly, Ye Yuan's eyes lit up, and he said, "Brother Luo broke through!"

Sure enough, in the depths of the island, Luo Yunqing's sword intent surged to the sky, and he actually broke through to the fourth form!

One month of bitter cultivation was greatly beneficial to him!

The faces of Waycloud and the rest could not help changing.

Luo Yunqing's Great Dao Transformation breaking through to the fourth form meant that he had the strength to have a battle with them too!

The strength of Heavenly South's Saint Exalts rose a level again.

Waycloud sneered and said, "This is your bargaining chip? What a joke! You take a look first; how many Saint Sovereign Heavens our two sides have!"

Ye Yuan looked towards Saint Exalt Waycloud and said with a smile, "Brother Waycloud, are you interested in going in to play?"

Waycloud was taken aback and said with a cold smile, "So what if Zhuo Bufan? It's also not that he is here. Could it be that this exalt is really scared of a stream of sword energy?"

Very soon, Luo Yunqing came out, excitement on his face. Looking at Waycloud and the rest, he was full of fighting spirit.

Ye Yuan indicated for him to calm down. Waycloud gave a cold snort and leaped, entering the sword energy.

Waycloud had the intention of showing his strength. The moment he made his move, his momentum was unstoppable!

Coupled with the grandmist treasure in his hand, his combat power skyrocketed!

He entered the depths of the island in one go.

After breaking through to middle Saint Sovereign Heaven, Waycloud's strength increased greatly too.

His strength was even stronger than Luo Yunqing, and he rushed even deeper in.

Seeing Saint Exalt Waycloud's strength, their side also heaved a slight sigh in relief.

Their side, together with Saint Exalt Bull Demon and the rest, the middle Saint Sovereign Heavens were no less than ten!

This force was sufficient to rival Ye Yuan!

An hour later, Waycloud came out of the island somewhat out of breath.

However, he had a proud look!

The depth that he made it to was much deeper than Luo Yunqing.

And this also demonstrated that his strength was much stronger than Luo Yunqing.

Relying on one Luo Yunqing to suppress him?

Got to be kidding!

“How is it, Ye Yuan?” Waycloud looked toward Ye Yuan and said with a cold smile.

But Ye Yuan did not answer. He turned to Saint Exalt Bull Demon and said with a smile, “Brother Bull Demon, go in and play too?”

Saint Exalt Bull Demon gave a cold snort and flew in too!

### [Unrivalled Medicine God](#)

#### **Chapter 2784: A Game!**

Within the valley of the island, rumbling sounds lingered incessantly.

The expressions of the group of Saint Sovereign Heavens also changed slightly.

Saint Exalt Bull Demon was well-deserving of being a veteran Saint Sovereign Heaven. His strength was truly shocking and was actually even stronger than Waycloud!

After around two hours, Saint Exalt Bull Demon also came while panting.

“Ye Yuan, can this exalt’s strength still enter your sights?” Saint Exalt Bull Demon said in a solemn voice.

In order to show his strength, he risked his old life this time too.

The distance that he dashed forward was a great deal more than that of Saint Exalt Waycloud.

However, this stream of sword energy was really strong!

Rainclear Continent’s number one person back then, Zhuo Bufan, was really not for show!

Even if it was sword energy that had been left before for tens of thousands of years, he actually could not break through it!

Ye Yuan smiled and said, “Brother Bull Demon’s strength is indeed extraordinary! I’m afraid that among this Rainclear Continent’s true spirits, apart from Big Yellow, you’re the strongest!”

Saint Exalt Bull Demon gave a cold snort but did not justify anything.

Ever since Big Yellow followed Ye Yuan, his strength advanced at a tremendous pace.

Especially that Coquettish Profligate Hoof. Although the posture was very strange, the power was really strong.

If Saint Exalt Bull Demon faced off against Big Yellow, he would most likely lose.

“*Humph!*? Don’t just be all bark and no bite! Ye Yuan, we’ve already gone down to play. Since you want to take us down a notch, shouldn’t you go down and play yourself too?” Waycloud said with a cold snort.

Ye Yuan was not in a hurry either, saying with a smile, “Two fellow daoists, what do you think about this sword energy?”

Saint Exalt Bull Demon snorted coldly and said, “This sword energy is unparalleledly overbearing. The deeper you go, the stronger it becomes! Even if a grand completion Saint Sovereign Heaven comes, it’s impossible to make it through too!”

Waycloud smiled coldly and said, “Zhuo Bufan’s work is naturally extremely strong! Within Saint Sovereign Heaven Realm, no one can make it past this sword energy at all! However, what does that have to do with you? Don’t tell me that this sword energy was left behind by you!”

Ye Yuan nodded his head as he smiled and said to Luo Yunqing, “Brother Luo, let me borrow your sword!”

Luo Yunqing directly threw his sword to Ye Yuan without a word.

The Dragon Spring Sword had already been completely disintegrated when killing Li Changsheng.

Ye Yuan caught Luo Yunqing’s sword. No one saw him make any flashy moves either. It was just a light swing.

*Boom!*

The seawater directly had a large gulf being cleaved apart!

And this sword directly passed through the rift area of the island, joining together with Zhuo Bufan’s sword!

But very soon, the ocean healed, and everything returned to tranquility, as if nothing had happened.

The faces of everyone present changed abruptly.

The eyes of Luo Yunqing and Big Yellow and the others lit up.

“What a powerful sword! This sword of yours actually directly replaced the sword energy left behind by Lord Zhuo! This shows that your sword is stronger than Lord Zhuo’s sword!” Luo Yunqing praised heavily.

“*Huhu,* this sword has experienced several tens of thousands of years. It no longer has the sharpness of back then long ago! I’m afraid that seven parts out of ten parts of Zhuo Bufan’s sword is gone, with only 30% of its power left!” Ye Yuan said with a smile.

Ye Yuan was modest, but those present were all powerhouses. How could they not discern this sword’s fierceness?

Ye Yuan actually used his own sword energy and replaced Zhuo Bufan’s sword energy!

Yes, it was replaced!

This sword of Ye Yuan’s seemed casual. But actually, the angle of executing the move completely superimposed with Zhuo Bufan’s sword.

But the power was even stronger!

Not only did he erase Zhuo Bufan's sword energy, he even replaced Zhuo Bufan's sword energy with his own sword energy!

What was even scarier was that the two islands were not damaged in the slightest!

This sword move, the requirement toward the swordsman was hair-raisingly strict.

Even if one's power was sufficient, if there was the slightest mistake, it could only incur derision too.

But Ye Yuan did it perfectly!

This was an extremely terrifying sword move!

The expressions of the Saint Sovereign Heavens present changed one after another.

Logically speaking, this sword could only be achieved by Great Dao Transformation powerhouses.

But Ye Yuan clearly did not transform Great Dao just now. How could he unleash such a frightening sword?

What was even more damning was that Ye Yuan was too effortless just now!

Who knew whether he used his full strength or not?

If he did not, then just how strong was his current strength?

Waycloud and the rest no longer dared to continue imagining.

In front of absolute strength, numbers were merely clay chickens and pottery dogs!

Back then, if not for Ye Yuan severely wounding Li Changsheng with Dao tribulation, even 60 Saint Sovereign Heavens would not be enough. Even if 80 came, it was no use either!

Now, this sword of Ye Yuan's was enough to disregard numbers!

This opening gambit was really too big!

Ye Yuan threw the sword back to Luo Yunqing and said to Waycloud and the others smilingly, "Anyone else going down to play again? This Ye also doesn't know how big the gap is between the sword energy that I left behind compared to Zhuo Bufan's. I hope that someone can help me appraise it."

The moment these words came out, everyone's faces changed one after another.

What was this playing at?

Seeing that no one spoke, Ye Yuan smiled and said again, "Just playing a game! As long as you all make it into the rift, our grudges from before will be written off. How's that?"

Waycloud's expression turned dark, and he said, "Is this true?"

Ye Yuan smiled and said, "This Ye has always kept my word!"

Waycloud's gaze swept, looking at one of the Saint Sovereign Heaven, he said, "Ming Yi, you go!"

Ming Yi's expression changed wildly, and he said, "Based on what that it's me?"

Waycloud sneered and said, "Based on the fact that your strength is the weakest! Otherwise, you can try fighting us!"

Saint Exalt Ming Yi was the Saint Sovereign Heaven of a great heavenly sect too. However, he was just a lower Saint Sovereign Heaven. His strength was the weakest.

He looked towards the other Saint Sovereign Heavens and discovered that Skyfortune and the rest seemed to have this intention too.

With this, he had no choice!

Ming Yi gritted his teeth and said, "Alright!"

Finished saying, he leaped and charged over.

As soon as he entered the range of the sword energy, Ming Yi felt that something was not right.

This sword energy was too sharp!

The sword energy poured over from all directions, virtually leaving him unable to resist!

And this was still several tens of thousands of feet away from the rift area!

However, he was a Saint Sovereign Heaven powerhouse at any rate. Completely unleashing his strength, he forcefully shook the sword energy off.

Ming Yi went all out and charged toward the rift area crazily.

*Pffft!*

Very soon, Ming Yi was directly minced by the countless sword energy!

Waycloud and Bull Demon exchanged a glance, their complexions deathly pale.

This sword energy seemed to be unusual!

No matter how weak Ming Yi was, that was a Saint Sovereign Heaven too!

Even if he could not rush over, it was also not to the extent of being garroted at such a far distance, right?

Just now, Ming Yi only rushed to 20 thousand feet and was annihilated.

They could not feel the sharpness of the swift and fierce at all outside.

But they were not dumb. The power of Ye Yuan's sword energy was significantly stronger than Zhuo Bufan's sword energy!

How did this guy do it?

"*Huhu*,?it looks like Saint Exalt Ming Yi's strength is somewhat lacking! Brother Waycloud, are you interested in going down to play again? I think that with your strength, it's just about able to make it into the rift," Ye Yuan looked towards Saint Exalt Waycloud and said with a smile.

Waycloud's expression changed wildly!

A distance of 20 thousand feet, could he be this much stronger than Ming Yi?

He had no confidence!

After entering, it was likely difficult to want to come out again!

Suddenly, Waycloud directly knelt in front of Ye Yuan with a thud, and he cried tearfully, "Fellow Daoist Ye, I was wrong! Spare my measly life!"

### Unrivaled Medicine God

#### **Chapter 2785: If You Had Long Known What Would Happen Today, Why Behave Like That Back Then!**

No one felt that Waycloud was disgraceful. This was because each of them was very frightened.

The stream of sword energy that Ye Yuan left behind actually directly garroted a Saint Sovereign Heaven!

Then how strong was he now?

Inestimable!

One had to know, even the sword energy that Zhuo Bufan left behind could not kill them!

Previously, they all thought that Ye Yuan had his road of martial arts cut off, directly exiling him to the Land of Heavenly South.

But now, Ye Yuan experienced three-nine Dao tribulation and soared to the heavens in one move!

Although his cultivation realm did not increase much, his strength made tremendous improvements and already towered above everyone!

If he wanted to kill people, no one could escape!

"Ye Yuan, it was all this exalt's fault previously! This exalt was blinded by obsession too, please forgive me!" Saint Exalt Bull Demon also said fearfully.

Ye Yuan smiled and said, "Huhu, this Ye merely invited everyone here to exchange notes on Martial Dao. Is everyone thinking too much? Alright, the comparing of notes is already pretty much done. Let's go back to our own homes. Brother Luo, Big Yellow, let's go!"

Finished saying, Ye Yuan ignored the dumbfounded crowd and left straightaway.

Seeing Ye Yuan disappeared on the horizon, Saint Exalt Waycloud's entire body relaxed, his shirt already drenched.

Just now, the pressure that Ye Yuan gave to him was suffocating!

"W-What does he mean by this? Could it be that ... he's letting us off just like this?" One of the Saint Sovereign Heavens said with a dazed look.

"Let us off? Huhu, how is that possible? Have you forgotten what he said at the Pill Alliance's mountain pass gates?" Skyfortune said with a bitter smile.

That Saint Sovereign Heaven's expression changed, and he said, "He ... He wants us to hand over the Pill Alliance's fortune with both hands?"

Upon Skyfortune's reminder, he remembered too.

Ye Yuan once said that in the future, even if they all delivered it in front of him, he would still have to consider it!

At that time, everyone present thought that that was merely just desperately upholding face. That was all.

But who knew that in this short few months' time, Ye Yuan's words really came true!

"Deliver with both hands?? *Huhu*, if it was so simple, that would be good! Back then, we directly excluded Heavenly South because of momentary greed. Now, we'll probably have to repay it twofold! Waycloud, you've caused me much harm!" Saint Exalt Bull Demon said with a cold snort.

Waycloud snorted coldly and said, "Don't forget, your All-Saint Temple took 60%! Now, you're criticizing after it's already over?"

Saint Exalt Bull Demon said in a great rage, "If not for your beguiling, how could this exalt have done this sort of thing!"

"Rubbish! It was clearly you who coveted the wealth. Now you want to put the blame on me? Alright! If you throw to me, Ye Yuan got to accept it too for it to work!" Waycloud said without giving in at all.

"Enough!"

Saint Exalt Purplesun gave a cold yell, saying in a solemn voice, "You all should be content! If not bearing in mind that we took action against the Pill Alliance and didn't deal a killing blow to him afterward, we'd long be dead! Honestly speaking, Ye Yuan is an extremely rule-abiding person. If we didn't discriminate against him afterward and didn't chase the five great heavenly sects out of Five Great Heavenly Regions, he wouldn't do anything to us now! This matter is ultimately us who went overboard!"

"It's too late to say anything now! At this time, we can only each skin our own skunk and show our sincerity! If the sincerity isn't enough, Ye Yuan won't let us off!"

Finished saying, Saint Exalt Purplesun leaped and vanished into the horizon.

... ..

A month later, the remote Heavenly South City became lively.

One Saint Sovereign Heaven after another stepped into Heavenly South City in fear and trepidation.

No one dared to step in here via flight!

These Saint Sovereign Heavens all landed outside of the city, then walked into the city.

"Younger Brother Luo, here is all the wealth that our Seven-star Heavenly Sect acquired at the Pill Alliance. We offer them all up now! Apart from these, we even prepared some small gifts. Younger Brother Luo, please kindly accept them!"

At this time, Saint Exalt Waycloud's attitude was very humble.

For the sake of the apology this time, the Seven-star Heavenly Sect could be said to have become bankrupt this time!

Apart from the wealth obtained at the Pill Alliance, the Seven-star Heavenly Sect even took out more than 70% of their sect's wealth to apologize to Ye Yuan.

This could be said to be, tried to steal a chicken and ended up losing the rice!

Luo Yunqing sat on the seat of honor, his face expressionless, and he did not respond either.

Saint Exalt Waycloud was anxious until his forehead was covered in sweat. He knew that he was the most unwelcome one. Wanting to obtain Luo Yunqing's forgiveness was much harder than the rest!

But at this time, he had no choice.

Ye Yuan completely refused to meet him. He could only think of every way possible to satisfy Luo Yunqing!

Suddenly, he gritted his teeth. Taking out a sword, he offered it up with both hands and said, "This Cloudsky Sword was gifted by Younger Brother Ye! Younger Brother Luo is still using a heavenly spirit treasure now. Using this sword will be just right!"

Luo Yunqing did not refuse, playing with the Cloudsky Sword for a moment, then he put it away.

"The grandmist treasures in your hands were all gifted by Ye Yuan! Now, it's merely returning to the original owner. That's all. Look at how it's making your flesh hurt!" Luo Yunqing said with a cold smile.

Saint Exalt Waycloud smiled helplessly. He really could not bear to part with it!

With a grandmist treasure, his combat power would increase by at least 30%!

Now, he actually had to hand it back. He was naturally unwilling.

Luo Yunqing glanced at him indifferently and said, "Just these?"

Saint Exalt Waycloud hurriedly said, "Of course, there's more! With regards to Younger Brother Ye's suggestion, we feel that it's very right! Regardless of whether it is native powerhouses or ascenders, those are all Heavenly Stratum powerhouses and shouldn't make distinctions between each other! From now on, the Seven-star Heavenly Sect will no longer be hostile to ascenders and allow ascenders to enter the sect! In addition, Heavenly South is a tiny place after all. Our various sects have already pulled out of the Five Light Heavenly Region. We welcome the three great ascender heavenly sects to return."

The five great heavenly sects only had three sects that still had Saint Sovereign Heaven powerhouses presently.

Only the other two sects did not have Saint Sovereign Heavens. They also had merely a few disciples in the sect. They basically only existed in name.

The five great heavenly sects only had three great heavenly sects left now.

Luo Yunqing gave him a nonchalant glance and said, "At least you're sensible! Ye Yuan has instructed it; this is the last chance! In the future, if you all still cause problems, bear the consequences yourselves!"

"Dare not! We dare not!"

Saint Exalt Waycloud was overjoyed, repeatedly saying that he did not dare.

While on the other side, Saint Exalt Bull Demon looked toward Big Yellow and was silent for a long time.

"If you had long known what would happen today, why behave like that back then!" Big Yellow said with a cold snort.

"Sigh, this exalt knows that I was wrong! But now, it's too late for regrets! Big Yellow, looking on the account that you and I are brothers, help out our Myriad Demons Mountain!"

Big Yellow was someone who kept old friendships in mind, but he was very disappointed in Saint Exalt Bull Demon.

Burning the bridge after crossing it, dropping a rock down the well, this was the repayment that Saint Exalt Bull Demon gave Ye Yuan!

"Humph! If not for Master Ye, could you have overcome the third Saint Sovereign Dao Tribulation? The current you would probably have long turned into a pile of dirt! Brothers? That day, in the cave of the Pill Alliance, I begged you bitterly, but you? Did you think of brotherly feelings? Now, you know about brotherhood?" Big Yellow said with a cold smile.

Saint Exalt Bull Demon nodded and said, "Big Yellow, your choice is correct! However, Myriad Demons Mountain is your hometown. At any rate, you can't very well passively watch it be destroyed, right?"

Big Yellow said coolly, "Relax. On account of my face, Master Ye won't make things difficult for the Myriad Demons Mountain! However, you all have to conduct yourselves well because this is the last chance!"

#### **Chapter 2786: My Backer is Here!**

Above the sea, it was calm and tranquil.

One person and one bull were walking on the surface of the sea, strolling leisurely.

"Master Ye, is it alright for us to just leave like that?"

"Now that the Pill Pavilion is strong, Brother Luo's strength left people far behind in the dust and already towers above everyone. Before I left, I also gave Li-er they all three life-protecting sword energy each. It won't be a problem."

"True, the Pill Pavilion's status is aloof now. All sects require the Pill Pavilion's help. At least within several hundred years, there won't be any changes. However, since the Pill Pavilion rose up, Rainclear Continent's martial path has become more flourishing. Master Ye made tremendous contributions! Master Ye has put in a lot of hard work for the Pill Pavilion these few years!"

"This is what I promised everyone. I naturally have to do it."

“Unfortunately, that Pill Alliance’s ancient transmission array is actually a one-way teleportation. There are many dangers in the sea. We don’t know where we can go to either.”

“Huhu, that Zhuo Bufan can go; can’t I, Ye Yuan, go? I have a feeling that Zhuo Bufan must have reached the other side of the side!”

... ..

This one human and one bull were precisely Ye Yuan and Big Yellow.

Over 50 years had already passed since Ye Yuan compelled the Saint Sovereign Heavens to submission.

In the past 50 years, most of Ye Yuan’s energy had been placed on the Pill Pavilion.

Presently, the Pill Pavilion was already the Rainclear Continent’s transcendent existence, with countless powerhouses in it.

Having obtained the resources of the Pill Alliance as well as the various sects, Ye Yuan also forcefully increased the strength of Yue Mengli and the others to the realm of Jade Sovereign Heaven.

But when he left this time, Ye Yuan only brought Big Yellow with him.

The sea was full of dangers. There were probably even True Sovereign Heaven Realm seafolks that existed.

Although Ye Yuan’s strength was strong, if he ran into True Sovereign Heavens, it would really be inadequate.

“Big Yellow, we’ve already passed through the seven great sea regions. There are probably quite a few Saint Sovereign Heaven existences in the sea region ahead. Let’s restrain our auras and keep a low profile,” Ye Yuan said.

“Yes!”

The sea was vast. The two people traveled south all the way and did not even see the shadow of a ghost.

However, this place already left the range of the seven great sea regions and reached the depths of the sea.

The so-called seven great sea regions were merely the same as the Rainclear Continent, being a remote sea region; that was all.

This depth of sea was the real crisis lurking in four corners.

*Boom!*

*Boom!*

*Boom!*

Suddenly, there were indistinct figures ahead, spiritual energy surging. Clearly, there were powerhouses fighting.

Furthermore, they were extremely strong, and the number was a lot.

“Damn girl! This time, you can forget about escaping!”

“You big turtle, why do you keep chasing me? Isn’t it just a turtle egg? Is there a need?”

“You little wench! stole Your Mother’s turtle egg and put it in Tian Kui that old fogey’s nest. Now, Your Mother’s son is born and doesn’t acknowledge Your Mother anymore! If I don’t kill you, it will be hard to dispel the hatred in this exalt’s heart!”

“Vile spawn, you connected to the earth’s core fire and burned this exalt’s dragon palace completely! *ARGHH!* This exalt is definitely going to tear you to shreds today!”

“Hey, how would I know that that place links to the earth’s core?”

... ..

It was chaotic ahead.

There were probably 30 to 40 Saint Sovereign Heaven powerhouses hunting down one person.

Ye Yuan originally did not want to meddle in others’ business, but after taking a closer look, he frowned and said, “Mn? Why does the person that they are hunting down seem to be Jingfei that lass?”

Without waiting for him to wonder either, the person opposite who was being chased seemed to have seen Ye Yuan already and yelled, “Oh my, Big Brother Ye Yuan, you’re here! If you didn’t come, Jingfei would be killed by people! Quick! Hurry up and come save me!”

Who could the person being hunted down be if not Jingfei?

When Ye Yuan saw this line-up, he could not help being dumbstruck with amazement.

Just how many vile deeds did this lass commit, to actually attract the pursuit of dozens of Saint Sovereign Heaven powerhouses?

It was Saint Sovereign Heaven powerhouses front and back, the speed extremely fast.

In a blink, Jingfei arrived in front of Ye Yuan.

*Swoosh!*

Jingfei hid behind Ye Yuan with a flash and made a funny face at the bunch of Saint Sovereign Heaven powerhouses and said, “*Humph!* My backer is here. See if you all still dare to chase! Keep chasing me, and Big Brother Ye Yuan will beat all of you down!”

Then, she said to Ye Yuan pitifully, “Big Brother Ye Yuan, why did you only come now? *Sniff, sniff* ... I’ve been waiting for you for ten years! Did you look at how these people bullied me? I was almost killed!”

“Human boy, hand this lass over! Otherwise, we’ll kill you together!”

“Talk so much rubbish with him for what? Just a human bug, kill him together!”

“*Huhu*, this girlie said that this human is her backer! This girl is using a lower Saint Sovereign Heaven to scare us!”

“*Hahaha* ...”

... ..

When these Saint Sovereign Heaven powerhouses heard that, they all burst out laughing.

Ye Yuan looked at Jingfei and could not resist rolling his eyes as he said crossly, "You lass, how many things have you done that incurs both the wrath of heaven and men?"

The present Jingfei already broke through to Saint Sovereign Heaven Realm too.

However, after breaking through, her ability to cause trouble also increased greatly.

But Ye Yuan was very surprised. This lass actually waited for him for ten years!

Seriously?

Jingfei had an innocent look as she said, "I got bored of waiting for you. I had to find something to do."

Ye Yuan's face became black as the bottom of a pot.

This was not finding something to do. You're turning this sea region upside down!

Looking at these seafolks who were glaring like ravaging tigers, this hurdle today was probably not so easy to clear.

Ye Yuan said to the group of Saint Sovereign Heavens with clasped hands, "I'm really sorry about it. My sister is young and ignorant, and she offended everyone. This Ye apologizes to everyone on her behalf! Looking on account of this Ye's face, everyone, please lift your hand high up in mercy and let her off."

"A lower Saint Sovereign Heaven dares to sell face too? You really don't know how the word death is written!"

The large turtle in front said disdainfully, "Your face? How much is your face worth?"

Ye Yuan smiled and said, "This Ye's face should still be worth some money."

The large turtle gave a cold snort and said, "Reckless and blind thing. Since you're courting death, then this exalt will send you off!"

The large turtle roared and charged toward Ye Yuan while swaying its body.

Ye Yuan was indifferent and just pointed an ordinary finger out.

*Bang!*

The large turtle immediately flew out backward a thousand feet away!

Everyone's expression changed wildly!

They knew that this large turtle was Xuanming Divine Turtle. Her cultivation realm already reached upper Saint Sovereign Heaven.

This level of powerhouse was sent flying by Ye Yuan with one finger?

"Gah, pissing this exalt off! This boy is a little creepy. Everyone, attack together and finish this brat off. Then we kill that little wench!" The large turtle roared and charged over again.

Ye Yuan's figure swayed, and he disappeared from where he was.

*Bang, bang, bang ...*

In several breaths of time, Ye Yuan threw dozens of punches out.

*Swoosh! Swoosh! Swoosh!*

It was only to see one figure after another flying out like a fireworks display.

Each person was merely one punch!

Even Jingfei was dumbfounded from watching too.

"Big Brother Ye Yuan, how did you become so incredible? *Hehehe*, I can do whatever I want in the future! This young lady wants to see who dares to provoke me!" After the surprise, Jingfei clapped her hands in joy.

### [Unrivaled Medicine God](#)

#### **Chapter 2787: Nautical Chart**

Ye Yuan ignored Jingfei and said coolly, "I wonder if this Ye's face is still worth some money?"

He already showed leniency just now and only sent these people flying.

If not, these people would have been killed by him in one exchange.

Although he was only a peak lower Saint Sovereign Heaven powerhouse currently, ever since embarking on the path of a divergent cultivator, his understanding of Great Dao became even deeper instead.

Every movement and action showed its power even more!

Of course, Jingfei this lass seemed to be fooling around, but she was not really an idiot either.

These Saint Sovereign Heavens that she provoked were actually not considered too strong.

If they were too strong, it would also have been impossible for Jingfei to escape from so many people with her life.

A giant crab had a fearful look as he said to the large turtle, "Wu Tuan, this boy is so strong!"

Each and every one of the Saint Sovereign Heavens present was terrified too.

Ye Yuan's strength was too strong. Just now, if he dealt a killing blow, they would already be dead.

The large turtle snorted coldly and said, "Boy, do you really want to meddle in the affairs of Qian Kui Sea Region? You have to know, back then, there was a human punk who was pursued tens of millions of miles by our Qian Kui Sea Region and almost died!"

Ye Yuan's brows could not help raising when he heard it.

Could this person be Zhuo Bufan?

The Zhuo Bufan who swept across everything in Rainclear Continent had this experience too?

"*Huhu*,?almost died? Didn't he not die? Don't have any doubts. I'll be meddling in this girl's affairs. If you all have anything that you're unhappy about, feel free to come at me!" Ye Yuan said coolly.

He already showed the other party a lot of face. Since the other party really wanted to form a grudge, they could become enemies then.

He, Ye Yuan, was not even afraid of Heavenly Dao. Could he still be scared of these seafolk?

Moreover, Zhuo Bufan could kill his way out. Couldn't he, Ye Yuan, kill his way out?

Wu Tuan was furious when she heard that and said, "Very good! Boy, prepare to receive our wrath! Come on!"

The group of people left with a whiz.

While at this time, Ye Yuan reached his hand out and grabbed forward. A tremendous suction force transmitted out.

Jingfei, who was just thinking of running away, was directly captured back from the void by Ye Yuan.

"Why? You caused trouble, and you still want to slip away?" Ye Yuan said with an unfriendly look.

"W-When did I? I wanted to go ... to go scout out the path,*?hehe?...*" Jingfei thickened her skin and said with a smile.

"Big Yellow, smack the buttocks! Hit hard, don't show mercy! This girl's skin is thick." Ye Yuan instructed coolly.

"*Ahh*,?don't! Big Brother Ye Yuan, don't hit me! I ... I only got into big trouble for you! You look!"

As she said, Jingfei took a sheet of skin out.

Ye Yuan received it and took a look. It was a map.

"This is?"

"This is a nautical chart! Didn't you want to go to the other side of the sea? It's very easy for you to get into trouble by traveling heedlessly like this! You have to know, there isn't just True Sovereign Heavens in the sea. There are even Emperor level true spirits in some powerful sea regions! No matter how strong you are, it's also impossible to be their match, right? With this nautical chart, you'll be able to avoid those powerful sea regions and will naturally be much safer!"

Ye Yuan gave Jingfei a strange glance. He did not expect that she actually took this out!

Indeed, Ye Yuan was also most worried about precisely this when traveling via sea.

The sea was too big, boundless. One would not know where home was.

Once trespassed into some powerful sea regions, that would really be dying without knowing how he died.

There were many major and minor sea regions marked on this nautical chart.

Especially some Emperor level sea regions that were marked using red.

And this sea region that they were in right now was called Qian Kui Sea Region, a True Sovereign level sea region.

There were also more than ten major and minor True Sovereign sea regions around Qian Kui Sea Region.

This was also to say that the True Sovereign Heaven true spirit seafolk in these sea regions were more than ten!

Even True Sovereign Heavens were numerous. So it could be imagined how many Saint Sovereign Heavens there were in this ocean.

The sea was not like land.

This place was a vast expanse. When passing through, they would be under the surveillance of the sea race.

No matter how exceedingly formidable your means, it was also impossible to avoid the eyes and ears of the sea race.

In the sea, there were countless true spirits. Could it be that Ye Yuan could still kill off all the true spirits in the sea?

The danger of the sea lay in precisely this.

Once an ordinary Saint Sovereign Heaven was targeted by some seafolks, if they joined forces and invited several Saint Sovereign Heavens over, how could there be the logic of not dying?

“How is it? With a younger sister that cares for you, are you very moved?” Jingfei said smugly.

Ye Yuan put away the nautical chart and said with a cold snort, “Don’t give me that! How did you steal people’s turtle eggs in passing when stealing a nautical chart? Also, you pierced through the earth’s core and burned people’s nests. It’s also in order to find the nautical chart?”

Jingfei hurriedly stuck her tongue out and said, “You already know?”

“I’m not deaf. How could I not hear?”

Ye Yuan said crossly, “Forget it. Looking on account of the nautical chart, I’ll spare you this time!”

“Hehe,?Big Brother Ye Yuan is the best!”

“But why are you here?” Ye Yuan asked curiously.

“Back then, when you transcended the tribulation at sea, Jingfei already knew that you were about to leave. Later, you established the Pill Pavilion on the Rainclear Continent, the faction growing stronger and stronger. I knew that you were going to leave very soon. Hence, I came here to wait for you in advance. Heading south all the way after coming out of the seven great sea regions, one will enter the Qian Kui Sea Region. Who knew that I waited ten years! Ten years! I had to find something to do!”

Ye Yuan was rendered speechless.

This girl ... you were really asking for trouble!

But thinking about it, Ye Yuan was a little touched in his heart too.

While this girl was messing around, finding the nautical chart should be real.

“You want to leave together with me?”

Jingfei nodded and said, “I’ve already broken through to Saint Sovereign Heaven now. The seven great sea regions have no meaning anymore. The outside world is what’s fun!”

“You came out, then what about the Thistle South Sea Region?”

“When you left back then, didn’t you leave behind some heavenly pills? Uncle Black Shark already broke through to half-step Saint Sovereign Heaven too. My big brother also broke through to Jade Sovereign Heaven. With them around, it will be fine.”

Ye Yuan nodded and said, “Alright, come along with me then.”

Jingfei grabbed onto Ye Yuan’s arm and swung it hard as she said, “Hehe, it’s still Big Brother Ye Yuan who’s the best!”

Ye Yuan snorted coldly and said, “Don’t be happy too early! This Qian Ye Sea Region is probably not so easy to walk out of!”

... ..

As Ye Yuan expected, after Wu Tuan and the others returned, they immediately went to Qian Kui Hall.

Qian Kui Sea Region’s overlord was a Qian Kui fish that attained Dao.

“Lord Whalebillow, you have to uphold justice for us! That human punk is bullying people too far!” Wu Tian complained tearfully.

“Lord Whalebillow, my palace has already become ruins. I don’t even have a dwelling place anymore now. You have to stand up for this lowly one!”

... ..

A group of Saint Sovereign Heaven powerhouses was currently all extremely grief-stricken as if their parents had died.

The Lord Whalebillow that they spoke of was a great general under Qian Kui, a grand completion Saint Sovereign Heaven super powerhouse, his strength being extremely formidable.

Whalebillow was originally indifferent, but hearing about Ye Yuan’s strength, he nodded and said, “Sovereign Qian Ye is currently in closed-seclusion.. You all rest assured. Starshine and I won’t sit by idly and remain indifferent with regards to this matter!”

#### **Chapter 2788: Fierce Battle with the Qian Kui Sea Clan!**

Ye Yuan rode on Big Yellow and strolled leisurely on the sea.

The speed was not far and also not slow.

Little Dragon Girl Jingfei transformed into a flood dragon and circled around above the two people's heads, like a jubilant skylark.

Very clearly, they did not take those seafolks seriously.

"Master Ye, is it really fine for us to be so leisurely?" Big Yellow said rather flusteredly.

"My goodness, you big yellow bull, why are you so long-winded? My Big Brother Ye Yuan is unparalleled under the heavens. How can these stinky seafolks be his match?" Before Ye Yuan said anything, Jingfei interrupted.

Ye Yuan smiled and said, "Not that we're not running, but that we can't get away even if we run. Since it will be a fight sooner or later, we'll fight then."

"But if it startles a True Sovereign Heaven ..."

"How can True Sovereign Heavens be so bored? If they really wanted to take action, Zhuo Bufan would have long died. How could he have possibly been chased down for ten million miles?" Ye Yuan said with a smile.

Big Yellow thought about it and felt that it made sense.

In the eyes of True Sovereign Heavens, Saint Sovereign Heavens were merely ant-like existences.

Killing a measly little Saint Sovereign Heaven did not do much good. How could they really care about such a trivial matter?

According to the nautical chart, they only traveled less than half of the distance in the Qian Kui Sea Region.

True Sovereign level sea regions were too big. It was virtually ten thousand times as large!

Even if Ye Yuan pushed on with his journey with all his strength, it would take a year or two as well.

There was no way to run at all.

Suddenly, Ye Yuan's mind stirred, and he said, "They are here! Two grand completion Saint Sovereign Heavens!"

Big Yellow's body tensed up, preparing for a great battle.

After several breaths, the void trembled, and a large group of powerhouses appeared above the sea.

After counting carefully, there were roughly 60 over Saint Sovereign Heaven powerhouses, more than twice as many as before!

Whalebillow was in the forefront and looked at Ye Yuan and shouted coldly, "Boy, you dare to cause trouble in Qian Ye Sea Region. Are you tired of living?"

"This Ye didn't cause trouble. It was just that my younger sister was mischievous. The trouble that she caused, I'll shoulder it!"

Ye Yuan's words were very flat, but it was extremely domineering.

It was naturally impossible to hand Jingfei over.

Since that was the case, then he could only shoulder it!

Whalebellow sneered coldly when he heard that and said, "A mere lower Saint Sovereign Heaven, can you shoulder it?"

Ye Yuan said coolly, "Whether or not I can bear it, wouldn't you know after trying it out?"

"Alright, I'll give it a try then!"

Whalebellow shouted loudly and threw a punch out with a loud bang.

A transformed giant whale directly smashed towards Ye Yuan.

Ye Yuan raised his brows, did not expect that this guy was actually a transformation powerhouse.

However, he did not hesitate, similarly throwing a punch out.

*Boom!*

The surface of the sea shook; that transformed giant whale was actually dispersed by Ye Yuan with one punch!

The exchange of blows between the two actually directly blew those Saint Sovereign Heavens away.

It could be seen how strong this force was.

Whalebellow's pupils constricted, horrified by Ye Yuan's strength.

"It turns out to be a divergent cultivator! No wonder your strength is so powerful!" Whalebellow cried out in surprise.

Ye Yuan said in surprise, "You actually know about divergent cultivators."

Whalebellow had a disdainful look as he said, "What's strange about this? There are countless heaven's chosens in the sea. Over time, there will more or less be some people that heaven is jealous of that appear! However, since you've stepped onto this path, your days are numbered too! Hand over that lass. This exalt can let you spend your remaining days in peace."

Ye Yuan smiled and said, "My remaining years are very long. There's no need for you to worry about it."

Whalebellow laughed loudly and said, "Boy, stop self-hypnotizing! Even if the divergent cultivators in our sea cultivate to True Sovereign Heaven, they will die miserably under the Dao tribulation in the end, without exception! What right do you have to be an exception?"

Ye Yuan smiled and said, "My fate is up to me, not up to Heaven!"

Whalebellow sneered and said, "Looks like you won't shed tears without seeing the coffin! Starshine, attack together and kill this boy!"

By the side, Starshine nodded his head, his figure suddenly flashing and disappearing.

While the other Saint Sovereign Heaven quickly retreated.

In the next moment, countless star-like motes of light appeared around Ye Yuan.

Ye Yuan's expression changed, feeling a great danger.

His figure swayed, wanting to shake off these starlight dots.

But right at this time, Whalebillow's giant whale attacked again!

This time, Whalebillow did not dare to underestimate Ye Yuan too. He directly used 70% of his strength.

Five giant whales sealed off all of Ye Yuan's escape routes.

"Boy, even if it's a divergent cultivator, they won't dare to look down on our Qian Kui Sea Region's five great war generals too! Go and die!" Whalebillow gave a loud roar, his aura releasing fully.

Ye Yuan's gaze turned intent, a small sword faintly appearing between his eyebrows.

He bellowed and bombarded the surroundings frenziedly!

At the same time, those starlights suddenly burst apart.

Above the sea, it was as brilliant as fireworks.

*Bang, bang, bang?...*

The terrifying explosions completely drowned Ye Yuan.

When Big Yellow saw this scene, his pupils constricted too.

These two great grand completion Saint Sovereign Heavens were so strong!

Jingfei's complexion turned deathly pale, patting her chest and saying, "It's ok, it's ok. Big Brother Ye Yuan is the strongest. He'll definitely be fine!"

*"Humph!?"* Damn girl, you'd better worry about yourself! The five great war generals under Sovereign Qian Kui's command are all transformation powerhouses! This time, in order to deal with this punk, two were dispatched at once. This kid is dead for sure!"

The large turtle and the others were already too impatient to wait. They charged toward Jingfei.

While another group of people also besieged Big Yellow.

They were unable to take part in Ye Yuan's battle with the two great war generals at all.

Too strong.

If they entered, they would only be instantly killed!

*"Pffft!"*

*"Pffft!"*

Wu Tuan's voice had yet to fade when Starshine and Whalebillow two people spurted blood at the same time, their bodies flying out backward.

Meanwhile, the place of the original explosion formed a vacuum area with Ye Yuan as the center!

Ye Yuan was perfectly unscathed while Starshine and Whalebillow two people were injured by the backlash.

The expressions of the Qian Kui seafolks present changed one after another.

"This ... How is this possible? A divergent cultivator can't be so strong either, right? He's just lower Saint Sovereign Heaven!"

"Two great generals are actually not this boy's match!"

"I heard that a divergent cultivator appeared in Nine Lives Sea Region before. But when he was lower Saint Sovereign Heaven, he could at most rival a peak upper Saint Sovereign Heaven! Why is this kid so strong?"

... ..

It was not that there were no divergent cultivators, but they had not seen before such a freak!

For ordinary divergent cultivators, being able to jump two minor realms and face the enemy was already very impressive.

But Ye Yuan directly jumped three minor realms to confront the enemy!

Furthermore, it was one-on-two!

Furthermore, it was even two transformation powerhouses!

Those able to rank among the five great war generals were extremely powerful people.

Qian Kui Sea Region's grand completion Saint Sovereign Heavens were naturally not just the five of them.

But the five of them were the strongest.

But now, two people joined forces and actually could not beat Ye Yuan. This was a little scary.

"Damn it. This boy is a three-laws divergent cultivator. He's too strong! The two of us can't resist him! Wu Tuan, you quickly send a message and have Purplesandal and Soulcut come over too!" Whalebillow yelled out.

Hearing the yell, Wu Tuan was shocked.

This kid was actually already so strong to this extent?

It actually needed four great transformation experts to deal with him?

However, she did not hesitate, plunging into the sea fiercely.

A small sword loomed between Ye Yuan's eyebrows, three great power of rules operated without ceasing, the momentum seemingly unstoppable.. It caused Whalebillow and Starshine two people to steadily lose ground.

#### **Chapter 2789: A Big Deal!**

Above the sea, sword energy crisscrossed.

Starshine and Whalebillow two people were beaten to the point where they kept vomiting blood.

Although those Saint Sovereign Heavens who were chasing after Big Yellow and Jingfei avoided the core battlefield, each and every one of them was extremely alarmed.

The present Ye Yuan lost his All-Encompassing Sacred Tree. But he condensed and formed a Dao sword with his own Dao and gained enlightenment on heaven and earth with the Dao sword, perfecting himself.

One could say that the Dao sword was another All-Encompassing Sacred Tree, forcibly condensing the three great power of rules together.

This was Ye Yuan's own Dao!

Especially after the baptism and tempering of the three-nine Dao tribulation, Ye Yuan's Dao sword became extremely powerful.

Activating three power of rules with the power of the Dao sword, it was comparable to three laws transformation fifth form!

In fact, it was even stronger!

Therefore, although Saint Sovereign Heaven this realm span was huge, to Ye Yuan, there were basically no opponents already apart from grand completion Saint Sovereign Heavens.

However, Starshine and Whalebillow two people's strengths were indeed powerful too. They were actually able to last under now at Ye Yuan's hands.

"Damn it, how can this boy be so strong? Lord Starshine and Lord Whalebillow almost can't hold on anymore!"

"Why hasn't that Wu Tuan returned yet? If Lord Purplesandal and Lord Soulcut still don't come, the two lords are going to be killed!"

"Damn girl, don't run if you have the capabilities!"

... ..

Over on this side, Jingfei's speed was extremely fast, slipping away from a group of Saint Sovereign Heaven powerhouses.

While on the other side, Big Yellow alone restrained 20 to 30 powerhouses, and he also fought while running.

The present Big Yellow, his strength already reached upper Saint Sovereign Heaven, and his combat power was also extremely powerful.

If not for there being too many people, he would have long resolved the fight already.

“Hehe?... You big dumbasses, why would I fight you all head-on? After my Big Brother Ye Yuan defeats those two, he’ll naturally come and take care of you guys!” Jingfei laughed coyly.

The faces of each and every one of the Saint Sovereign Heavens chasing after her became black as the bottom of a pot.

What they were worried about was also precisely this.

Who would have thought that two great generals moved out and could not even take care of Ye Yuan?

However, right at this time, two powerful auras came from the sea and arrived with a howl!

All the Saint Sovereign Heavens were immediately overjoyed!

“They are here! Lord Purplesandal and Lord Soulcut are here! Four great war generals attacking at the same time, this kid is dead for sure!”

“Hahaha?... damn lass, see if you can still be arrogant!”

... ..

*Swoosh!*

*Swoosh!*

Two figures appeared instantly. Looking toward the scene of the battle in the distance, their pupils immediately constricted.

“Bold little thief, to dare show off your power in our Qian Kui Sea Region! Prepare to die!” General Purplesandal yelled angrily and brandished his blade, charging towards Ye Yuan.

General Soulcut also directly joined the battle without a word.

*Bang! Bang! Bang!*

The addition of Purplesandal two people instantly escalated the fight.

Above the sea, tumultuous waves were swept up. Many seafolks at the bottom of the sea could not avoid them in time and were directly blasted out.

Regarding four great transformation experts, that combat power was not an ordinary kind of terrifying.

The two who were originally being beaten until they vomited blood repeatedly were also roused at this time.

Four people completely unleashed their big moves, suppressing Ye Yuan frenziedly.

For some time, they actually suppressed Ye Yuan.

When Whalebillow saw Ye Yuan being suppressed, he immediately said with a loud laugh, "Four out of the five great war generals moved out, boy, you can be sufficiently proud!"

Ye Yuan formed a sword with his finger and fired out one terrifying three-laws sword energy after another, but his words were calm as he said, "This Ye is merely passing by and doesn't want to clash with everyone! Keep fighting like this, and I won't be holding back anymore! Do you all really want to force me?"

Purplesandal smiled coldly and said, "Boy, can't beat means you can't beat! Opening your mouth to beg for mercy now, it's too late!"

Whalebillow smiled and said, "Boy, I gave you a chance previously! It's too late to beg for mercy now!"

Ye Yuan's kindly persuasion turned into begging for mercy when the four great generals heard it.

Currently, in this sort of situation, Ye Yuan could still have reservations.

But, keep fighting like this, once his combat power was unleashed, he would not be able to hold back anymore.

But it looks like these seafolks did not intend to stop either.

Ye Yuan gave a cold snort and yelled coldly, "Universe sword formation, condense!"

The small sword at Ye Yuan's glabella suddenly emitted a powerful light.

Hundreds of small swords instantly condensed and formed in the air!

Ye Yuan condensed transformed swords with divine essence and formed the Universe Sword Formation!

The current Ye Yuan did not cultivate a world. He only cultivated the Dao sword!

His world collapsed. All of the divine essences were stored in the Dao sword.

The Dao sword was where Ye Yuan's foundation lay.

If the sword existed, the person lived. If the sword perished, the person would be dead!

Once the Universe Sword Formation was unleashed, it instantly enveloped the four great war generals.

The faces of the four great generals changed at the same time, each and every one of them feeling a great danger.

As soon as the sword formation rose, the four people were directly split apart, each fighting for themselves, and the pressure suddenly increased.

In merely a blink of an eye, the situation reversed again!

The other Saint Sovereign Heavens were immediately dumbfounded.

"This ... This ... He still has a trump card?"

"What a strong sword formation! The four lords utilized Great Dao Transformation and are actually unable to break out of the encirclement!"

“Even four great generals can’t do anything to this kid. What to do?”

... ..

Everyone also did not expect that Ye Yuan was actually powerful to such an extent.

Four out of five great generals moved out and were still suppressed by Ye Yuan.

Didn’t this mean that in the entire Qian Kui Sea Region, apart from Sovereign Qian Kui, Ye Yuan could sweep away all?

When Jingfei, who was currently running away, saw the sword formation rise, she immediately laughed loudly and said, “Big Brother Ye Yuan is too impressive! See if any of you still dare to bully me, I’ll make Big Brother Ye Yuan take care of you in a while!”

The seafolks were really going crazy.

This girl was really too arrogant!

Yet, they could not do anything to her!

“Damn lass, don’t get smug! After Sovereign Qian Kui makes a move, you all will die without a burial ground!” Wu Tuan said furiously when she saw the situation.

She had just invited two great generals over, thinking that the battle could be reversed instantly, completely quelling things.

Who knew that she had not caught her breath yet and Ye Yuan suppressed the four great generals again.

Yet, this girl was still pulling aggro. She wished to tear this girl to pieces alive.

Jingfei made a funny face at her and said smugly, “Rubbish! If Sovereign Qian Kui is really going to make a move, he would have long taken action! Would he still wait until now??*Hehe*, you big turtle, I’m going to ride you and look at the sea! If you dare to be disobedient, I’ll hit you until your head retracts! If you’re still disobedient, I’ll make Big Brother Ye Yuan beat your head out!”

Hearing Jingfei’s words, Wu Tuan almost went crazy.

If it were normal times, she would just treat it as a joke.

But now, there was really the possibility!

At the thought of being toyed around by this lass, she even had the heart to die.

“What are you all still in a daze for? The four of us aren’t his match. Go and call some people over for me! Quickly return to Qian Kui Hall! Raise the alert to the highest level in the entire Qian Kui Sea Region! Go tell Yun Yang! Have him go invite the war generals of the nearby three great sea regions over!”

On the battlefield, a loud yell suddenly came from Whalebillow.

Clearly, he was genuinely enraged.

It was not that he could not accept failure. It was just that with the entire Qian Kui Sea Region being challenged by a human punk, wouldn't it be treated as a joke in the various major sea regions in the future?

Therefore, Ye Yuan must die today!

The expressions of the Saint Sovereign Heavens present changed one after another.

With this, it became a big deal!

#### **Chapter 2790: Reaching the Limit of Patience, There's No Need to Tolerate Anymore!**

"What did you say? Whalebillion the four of them are not that human's match?"

When Yun Yang heard about this kid, he suddenly stood up, a look of disbelief in his eyes.

Wu Tuan's turtle face was almost squeezing into a ball as she said bitterly, "Yes, Lord Yun Yang! Lord Waycloud asked you to move faster. Any slower and they won't be able to withstand anymore!"

Yun Yang felt like he was listening to a book from heaven. With four great war generals going into battle together, unless it was a war between sea regions, it was completely impossible.

Five great war generals each ruled a region. They were all existences who had millions under them and only one person above them.

To be able to make them join forces, what kind of terrifying strength did that require?

A human lower Saint Sovereign Heaven actually forced the four people to do this!

"Damn it! Lord Sovereign is currently in closed-seclusion to deal with the True Sovereign Dao tribulation. He can't get away! Inviting the war generals of other sea regions to take action will definitely cause us to bleed!"

Yun Yang called three people over and instructed: "The three of you, go to Ding Xiang Sea Region and Pei Yun Sea Region right now. You must invite two general-level powerhouses to take action! As for the price, as long as they are willing to take action, each person will have three Sea Soul Pills!"

Everyone's expressions changed, and they cried out in surprise, "Sea Soul Pill! Your Excellency, Sea Soul Pills has to do with entering True Sovereign Heaven. Isn't this too costly?"

Yun Yang waved his hand and said, "How can True Sovereign Heaven be so easy to enter? Sea Soul Pills can strengthen the origin divinity and greatly increase the chances of breaking through to True Sovereign Heaven, but that's all. With these guys' shrewdness, would they be willing to make a move if we don't pay the price? Alright, you guys go, if Lord Qian Kui really blames, this exalt will shoulder it!"

Yun Yang already said so. They naturally did not dare to say anymore.

After the three people left, Yun Yang passed the order, commanding all of Qian Kui Sea Region's grand completion Saint Sovereign Heavens to all rush to the battlefield!

Anyone who defied the order would be executed without pardon!

After the order was passed, Yun Yang brought Wu Tuan as well as seven to eight grand completion Saint Sovereign Heavens. They whizzed away to the battlefield.

... ..

“Lord Yun Yang is here too!”

“This ... This is the entire Qian Kui Hall swarming out in full force!”

“Could it be that so many people can’t take this kid down too?”

... ..

Seeing the battlefield getting bigger and bigger, the expressions of the Saint Sovereign Heavens present changed one after another.

They originally thought that it was just a trivial matter.

Just killing a lower Saint Sovereign Heaven, how major could it be?

But now, it actually caused the Qian Kui Hall to emerge in full force!

Feeling more and more powerful auras, Ye Yuan felt a headache too.

He already showed mercy in his action, alright?

Could it be that these seafolks were all lunatics?

If he did not kill people, did they really take him to be a soft persimmon?

If not for being apprehensive of True Sovereign Heavens, he would not care about these seafolks’ life and death.

The reason why he showed mercy was merely because he did not want to offend True Sovereign Heavens terribly.

But now, they were bullying others too far!

Yun Yang brought seven to eight grand completion Saint Sovereign Heavens and joined the battlefield. Ye Yuan’s pressure suddenly increased!

He exclaimed, “Everyone, this Ye has already shown mercy. Can’t you really not tell? If you keep pushing me like this, don’t blame this Ye for not being courteous anymore!”

Eight grand completion Saint Sovereign Heavens, plus five grand completion transformation realms, this combat power could already be called terrifying.

Ye Yuan was strong, but it was also impossible to be so strong.

At this time, he already had his full strength being forced out too and was unable to hold back anymore.

What was left was a life and death battle!

Ye Yuan did not want to offend a sea region to the core, but these guys were bullying people too far.

The trouble that Jingfei caused was not small, but later on, he also asked about it. It was not really a serious matter. There was no need to be irreconcilable till death.

It was also precisely because of this that he had been pulling his punches all along.

Otherwise, at the beginning, Ye Yuan could have directly employed the Universe Sword Formation and annihilated Whalebillow and Starshine!

“Boy, it’s also not that we can’t stop. As long as you hand over that girl, everything can be discussed! Otherwise, my Qian Kui Sea Region’s face won’t tolerate a human like yourself to provoke like this!” Whalebillow also shouted.

In reality, they were scared too!

The participation of Yun Yang and eight great grand completion Saint Sovereign Heavens merely fought to a draw with Ye Yuan.

Ye Yuan’s sword formation was seriously unbelievably strong.

But now, the arrow was notched on the bow and had no choice but to release it!

If they could not keep Jingfei behind, they were seriously unable to give an explanation.

Both sides stuck to their guns just like that.

Over there, Jingfei, who had been rejoicing all along, also could not laugh anymore with this.

No matter how mischievous she was, she also knew that she caused big trouble this time.

How could she have thought that the momentary mischievousness previously would have caused the entire Qian Kui Sea Region to riot?

This joke blew up a little too big.

“Big Brother Ye Yuan, why don’t ... you hand Jingfei over?? *Sniff sniff?* ... I ... I was wrong!” Jingfei cried while running.

Ye Yuan snorted coldly and said, “What a joke! If the sky falls, I’ll shoulder it! Big Yellow, there are more and more of them. You quickly bring Jingfei south and break out of the encirclement. I’ll rush over very soon!”

“Yes, Master Ye!”

Big Yellow felt a headache too, wishing to smack Jingfei to death with one slap.

This lass was too capable of causing trouble!

However, Big Yellow had been together with Ye Yuan for a long time, and he already understood Ye Yuan’s temper very well.

At this time, he absolutely would not abandon his companion and leave.

When Ye Yuan was holding back previously, he was naturally holding back too. The Coquettish Profligate Hoof did not erupt with full power.

At this time, he no longer held anything back. With a roar, his body suddenly started twisting strangely.

*Boom!*

A kick thrust out, the three to four middle Saint Sovereign Heavens in front were directly burst apart by him!

Carving open a bloody path, Big Yellow headed straight for Jingfei.

With another hoof kick, it sent those Saint Sovereign Heavens chasing after him flying.

Then, he took Jingfei and sprinted south.

“Chase! You must keep that lass behind for this exalt! Yuan Chen, you go and help, kill that bull!”

Whalebillow bellowed, ordering one of the grand completion Saint Sovereign Heavens to get out of the battlefield and pursue.

When Ye Yuan heard that, a hint of cold light flashed across his eyes, and he yelled coldly, “This Ye wants to see who can leave! Kill!”

At this time, Ye Yuan was genuinely enraged too.

It was only to see him yell fiercely. The Universe Sword Formation suddenly became fierce.

Previously, he had always been focusing on defense; offense was secondary.

Now, he could not care less anymore, directly turning the Universe Sword Formation into a killing move!

For a time, cold light erupted brilliantly!

That Yuan Chen was just about to leave the battlefield when he was directly pierced by dozens of sword lights, falling into the sea.

This was Ye Yuan’s first time employing a killing move!

However, as soon as the killing move came out, Ye Yuan’s defense was greatly weakened too.

After all, they were five great transformation experts present. Under this blow, he suffered some injuries too.

Seeing Ye Yuan suddenly become fierce, Whalebillow and the rest were greatly shocked.

Only then did they know how terrifying the power of this sword formation was!

Before, Ye Yuan was really holding back too much.

Otherwise, if they came one by one, they would have died long ago!

But, once Ye Yuan’s killing move was unleashed, and once a grand completion Saint Sovereign Heaven fell, this matter really could not be resolved anymore.

Whalebillow shouted loudly, “Boy, you dare to kill people! Today, it’s irreconcilable till death!”

Ye Yuan's gaze turned fierce, and he said with a cold snort, "Do you all really think that I'm scared of you? This Ye gave in time and again, but you all keep pushing it! Reaching the limit of my patience, then there's no need to tolerate anymore!"
