Chapter 2831: Buried Alive!

"The situation at Emperor Dan Fei there doesn't seem too good," Ye Yuan was not in a hurry to damage the passageway, his gaze looking toward Dan Fei there instead.

The battle over there was too fierce. He could feel it clearly here too.

Not just Dan Fei alone, the other people's situation was not very good too.

Ye Yuan even sensed that Heaven One's side already had an Emperor Realm that died!

"Even if he damages the passageway, the Heaven One's Emperor Realms are still not the blood race's match! Under this kind of circumstances currently, the southern front can't dispatch powerhouses over at all. The destructive power of these blood race Emperor Realms is too strong. If they slaughtered willfully at the northern front, the consequences would be too ghastly to imagine," Ye Yuan said with a frown.

"You brat, what do you want to do?" Mi Tian said with a headache.

"I say, Senior, once space collapses, can it bury these blood race Emperor Realms alive?" Ye Yuan suddenly said.

Mi Tian covered his face with his hand, feeling his head swell bigger.

However, he still said, "The blood race has powerful life force. They might not die. But to be seriously injured is a certainty."

After a moment of silence, Ye Yuan nodded and said, "Alright, let's do it!"

Mi Tian said, "They might not die, but your hope of survival isn't high."

Ye Yuan grinned and said, "Don't kid me! With your elderly self around, how could I die?"

Finished saying, Ye Yuan immediately turned into a stream of flowing light and tunneled into the spatial passageway.

A moment later!

Rumble

The spatial passageway emitted waves of intense tremors.

Over at the blood race side, the expressions of Lotuswear and the rest changed drastically!

"Not good! That Saint Sovereign Heaven brat actually really damaged the spatial passageway! Li He, end the fight swiftly, don't drag on anymore!" Lotuswear said in a cold voice.

Li He there was fighting one-on-two, but he firmly took the upper hand too.

Originally, he was not in a hurry to defeat Zuo Chen two people because that would cost a considerable price.

But at this time, he could not care much anymore.

“Got it!”

It was only to see blood light shine brilliantly on his body, directly giving up defending and unfolding a frenzied killing.

Zuo Chen two people were forced back by Li He until they steadily lost ground, vomiting fresh blood wildly.

While on Dan Fei’s side, Lotuswear suffered several heavy blows too, and directly crippled him.

Then, she flew towards the spatial passageway.

Dan Fei felt helpless in his heart. He was only left with half a life at this time and could not even move a muscle. He was unable to go save Ye Yuan at all.

On the other side, explosion sounds rumbled without ceasing.

Li He was blown up by Zuo Chen with one punch, but he also gave Lu Feng a fatal blow!

Lu Feng died right away without even screaming out.

Zuo Chen also suffered heavy injuries, and he lost the power to fight again.

Li He recondensed his physical body. Ignoring the injured Zuo Chen, he pounced over towards the spatial passageway too.

The rumbling noises from the spatial passageway became more and more intense and already faintly showed signs of instability.

Fortunately, the spatial passageway itself was already close to being stable. Ye Yuan’s destruction seemed to find it difficult to succeed for a while.

Lotuswear two people’s figures were like lightning, tunneling into the spatial passageway at once.

Dan Fei smiled bitterly and said, “We’re too useless! At this time, it’s when Ye Yuan needs help the help, but we ... can’t help him at all!”

Zuo Chen also sighed and said, “Could it be that it’s going to fall short of success at the last stage just like this?”

“Stop talking nonsense! Hurry up and recover your injuries! Even if we wage our lives, we have to complete the mission too!” Dan Fei said in a solemn voice.

The two people each swallowed a grade eight heavenly pill and recovered their wounds.

It was just that they were injured too badly. It was hard to recover for some time.

Damn it! How can a mere Saint Sovereign Heaven destroy a Hegemon Realm’s spatial passageway?” Looking at the spatial passageway that was riddled full of holes, Lotuswear was incredibly furious.

Li He also had a solemn expression as he said, "Even if he's proficient in spatial rule, it's impossible to do this too! There's something strange about this kid!"

Lotuswear said in sullen anger, "Enough crap, hurry up and find this boy and kill him! Otherwise, the consequences of letting him continue destroying like this would be too ghastly to imagine! Mn? There!"

In the passageway ahead, a figure was faintly discernible. Who could it be if not Ye Yuan?

'When Lotuswear saw Ye Yuan, she was overjoyed.

'As long as she saw him, wouldn't her killing a Saint Sovereign Heaven be easily accomplished?

"Punk, where are you running!"

Lotuswear's clothes fluttered, pursuing Ye Yuan like lightning.

"Old hag, with just the likes of your middling ability, you also want to kill your Grandpa Ye?" From ahead came Ye Yuan's cold laughter.

Mn?

'Why was it Grandpa Ye?

Got led astray by Yang Qing that fellow!

However, in this spatial passageway, it was really not easy for Lotuswear to want to catch up to Ye Yuan.

Lotuswear gave a cold snort and suddenly pointed a finger out.

A terrifying power instantly exploded around Ye Yuan.

Boom!

The spatial passageway shook and actually became even more unstable.

Li He shouted fiercely, "Lotuswear, are you mad? This guy failed to destroy the spatial passageway. Could it be that you want to destroy it?"

Lotuswear's expression was very ugly too.

She did not expect that Ye Yuan was actually so slippery. That attack just now, even if it was a peak True Sovereign Heaven, they would be directly erased too, but it failed to kill Ye Yuan.

Ye Yuan was like a fish in water in this spatial passageway, killing him really took a lot of effort.

"Old hag, you just have this bit of ability? What bullshit Emperor Vast Heaven! It's nothing more than this!" Ye Yuan still laughed coldly as he said.

Lotuswear's expression turned cold, and she said in a solemn voice, "Punk, don't you get cocky! There's Lord May currently hurrying over ahead, this seat wants to see when you can escape until!"

Ye Yuan said disdainfully, "What rubbish Lord May! If he comes, Grandpa Ye will round you all up in one fell swoop! You bloodkins, each and every one of you, you are outwardly strong and inwardly weak, being simply a bunch of weaklings. I also don't know what you're showing off about!"

Lotuswear said with a cold smile, "Boy, you can only indulge in a contention of mouth and tongue!"

But Li He's expression was ugly as he said in a solemn voice, "He's really not indulging in a contention of mouth and tongue! Yuan Zheng the three of them couldn't even receive a move from him!"

'When Lotuswear heard that, her expression could not help changing, immediately being choked badly.

This kid was actually so strong?

Suddenly, Lotuswear sensed a powerful aura ahead that was currently speeding over swiftly.

Lotuswear was overjoyed and said loudly, "Lord May, this boy is currently damaging the spatial passageway, please take action and stop this boy!"

"Rest assured, leave it to this seat!" A coarse voice came from the gloomy depths of the passageway.

'There was a wolf ahead and tigers behind, Ye Yuan seemed to have no way out anymore!

Very soon, a blood energy that made people suffocate hit the nose from in front.

Ye Yuan virtually could not stand firm when he was hit by this blood energy.

Too strong!

Suddenly, his figure stopped, and he simply stopped running.

Lotuswear two people stopped ten thousand feet away from Ye Yuan and said smugly, "Boy, continue running! See if this seat doesn't tear your mouth!"

'That powerful aura in the depths of the passageway arrived with a howl.

Ye Yuan looked at Lotuswear and suddenly smiled.

This smile made Lotuswear's heart go 'thump.'

"Old hag, you're thinking too much! I can easily destroy this spatial passageway! But do you know why I'm not destroying it? Did you think that I was joking with you earlier? Actually, I want to round you all up in one fell swoop!"

Ye Yuan gave a light laugh and suddenly threw a punch somewhere in space.

Rumble!

The entire spatial passageway started shaking violently.

The entire space started collapsing!

[**Unrivaled Medicine God**](#)

Chapter 2832: Great Victory!

"ARGH!"

Asharp and miserable scream echoed through the spatial passageway.

Within the spatial passageway, it was like dominoes. A chain reaction happened, and it collapsed with a loud bang!

And the energy of the space collapse went from the 'one' in the beginning, to the level of atomic fission later on.

This level of collapse, the energy undulation was already comparable to the all-out attack of a peak Emperor Sakra Heaven powerhouse!

Such strength, even May, this Emperor Sakra Ten Heavens powerhouse, did not dare to brush it off lightly too.

Boom!

Due to the intense explosion, half of Lotuswear's body was directly blown away.

Li He's entire person was blasted into a cloud of blood mist.

However, their fearsome regeneration ability restored them to health again.

Except, it was still futile.

That horrifying to the extreme explosion was omnipresent!

Revive once, explode once!

Revive once, explode once!

Until the back, Li He was already unable to revive and completely obliterated by the energy of the spatial collapse.

This blood race northern front army's highest commander was buried alive by Ye Yuan just like that.

"Little Bastard, Your Mother will definitely kill you!" Lotuswear screamed sharply.

Her current situation was also unbelievably tragic.

The violent spatial collapse bombarded her until she was powerless to fight back.

'As for the May who was opposite, he had a struck senseless look.

Who am I?

Where am I?

What did I come for?

He came in a threatening manner and only saw a Saint Sovereign Heaven, then he was blown up.

He had monstrous strength. He could still resist the initial collapse.

But toward the back, the energy undulations of the collapse became stronger and stronger, and even he was blown up too.

"Shit, who can tell me what happened? AHH!"

Before May finished speaking, his head was blown apart.

But very soon, he grew another head.

However, it was similarly futile.

Emperor Sakra Heaven and Hegemon Realm seemed to only have the difference of one realm, but the gap in-between was like heaven and earth.

Amidst this vast energy undulations, peak Emperor Sakra Heavens were just small rowboats too.

'Time and again, May finally could not revive his body anymore and was completely wiped out!

One of the Emperor Sakra Ten Heavens, May, lost his life at Ye Yuan's hands!

A little earlier, Dan Fei and Zuo Chen two people consumed heavenly pills, and their injuries took a turn for the better very quickly.

The two people did not care much and were going to enter the passageway.

However, just as they arrived at the spatial passageway, horrifying explosion sounds suddenly came from inside the passageway.

Dan Fei two people's expressions changed. Before they had time to react, they were immediately sent flying by an air billow.

Furthermore, the explosion noises in the passageway grew stronger and stronger!

The two people exchanged a glance, their eyes full of shock.

"This ... Was this Ye Yuan's doing?" Zuo Chen swallowed his saliva and asked.

"\$-Should be, right?" Dan Fei said uncertainly.

"Then how did he do it?"

"N-No idea!"

"This energy undulation that spread out can even blast us flying. Then the energy level in the passageway has probably already reached Emperor Sakra Heaven, right?"

"Most likely ... more than that! This spatial passageway collapsed from the inside! The energy level in the depths of the spatial passageway can probably kill Emperor Sakra Heavens easily! Even if the person who came is May, it's likely certain death too!"

As Dan Fei said, he himself also felt that it was incredulous.

According to this level of energy undulation, the people who entered ... should have already all died out!

Was this ... really done by a measly little Saint Sovereign Heaven?

Dan Fei two people felt like they had experienced a dream.

They had not woken up from this dream until now.

It was because everything that happened before their eyes was seriously too fantastical.

Zuo Chen swallowed his saliva again and asked, "Does that mean that ... our mission is completed?"

"Completed? Huhu, more than completed! It's perfect! Li He is dead! Lotuswear is dead! May ... is dead too! Our mission was impeccable and flawless!"

Talking until the back, Dan Fei started trembling agitatedly.

It was originally impossible for this sort of thing to happen to a Emperor Vast Heaven powerhouse.

Each Emperor Realm powerhouse was very important.

Even in the blood race, Emperor Realm powerhouses could not just die like that too.

The deaths of May three people did not just concern this battle presently. It would also produce a subtle impact on the battle situation on the southern front too!

This was an impeccable victory!

Zuo Chen also understood, but he was still unable to fully believe it.

'That moment when Lotuswear appeared, he already despaired!

Lotuswear's strength was too strong. Her appearance completely squelched the hopes of the Emperor Realm powerhouses.

As for the Saint Sovereign Heaven army there, they actually did not harbor much hope.

'With 50 thousand troops versus 30 thousand troops, wanting ten thousand people to rush over, this was virtually something impossible.

However, in this kind of desperate situation, an insignificant Saint Sovereign Heaven completed the final hit!

Perhaps Ye Yuan was not an ordinary Saint Sovereign Heaven, but in front of this kind of great battle, he was still insignificant.

However, this insignificant Saint Sovereign Heaven completed an act that shocked the world!

This kind of conclusion, it was not over the top to call it a miracle!

"Then ... Ye Yuan he ..." Zuo Chen muttered.

Dan Fei's expression changed, the wild elation from before instantly vanishing.

Right!

Even May died inside, could Ye Yuan still survive?

'The energy undulations inside could kill Emperor Realm powerhouses. Furthermore, it was continuous without ceasing.

It was impossible for Ye Yuan, a measly little Saint Sovereign Heaven, to survive.

Logically speaking, a puny little Saint Sovereign Heaven exchanging for such a glorious victory was an amazing bargain.

But, no idea why, Dan Fei could not get happy.

He even felt that with Ye Yuan dying inside, this battle was no different from a defeat.

Perhaps ... it was because he created too many miracles!

“Cough ... cough, cough ...”

Right at this time, a series of intense coughing sounded out behind them.

The two people suddenly turned around, only to see someone who was riddled full of holes standing there.

“Ye Yuan! You didn’t die!”

The two people exchanged a glance, their eyes full of unrelenting shock.

This guy actually came out alive!

Holy shit, energy undulations that could even blow an Emperor Sakra Heaven powerhouse to death, he actually came out alive?

“You guys ... wanted me dead so much? Cough, cough, cough ...” Ye Yuan said huffily.

“Hahaha ... No! Nope! My good disciple! My good disciple!”

Zuo Chen was agitated until he was rambling, rushing up to hug Ye Yuan and planting a kiss on his face that was covered in blood.

Sadly, Ye Yuan did not have the strength to fight back at all, being badly disgusted by him.

“Hey, do you have some weird fetish or something? S-Stay further away from me!” Ye Yuan pushed Zuo Chen away and said in disgust.

This scene looked comical, but it was very warm.

Dan Fei, who was by the side, also had an agitated look as he said, “Terrific lad! You’re amazing! The boast that you made is actually really realized! In this battle, our Heaven One gained a complete victory! There are probably quite a lot of people on the blood race side who are going to puke blood! Hahaha

Talking until the back, Dan Fei could not resist letting out a loud laugh.

This satisfactory victory really gave people great satisfaction!

[Unrivaled Medicine God](#)

Chapter 2833: Shocking Absolute Heaven!

Outside of the Absolute Heaven Barrier, on the distant Thundercry Continent, an army of several hundred thousand blood race members was awaiting eagerly for battle already, blood energy surging to the sky!

'The Emperor Realm powerhouses present reached as many as several hundred!

A figure stood proudly in the void, covering the sky with only one hand!

The spatial passageway was slowly taking shape in precisely his hand.

This person was the blood race's Hegemon Realm powerhouse, Bloodsky!

Beside Bloodsky, a youth in a blue shirt said with a smile, "Brother Bloodsky really has excellent means! The stabilizing of this spatial passageway is brought forward half a month earlier than expected!"

Bloodsky said proudly, "That's of course! This seat's spatial divine abilities can traverse the void like walking on flat ground! If not for that Heaven One Continent has dozens of Hegemon Realms joining forces, this seat only needs half a day to open up this spatial channel!"

Opening such a spatial passageway was really not easy.

Not only did one have to avoid the Absolute Heaven Barrier, it even had to be able to accommodate Hegemon Realms and countless blood race troops.

Without corresponding attainments in spatial rule, it was absolutely impossible to succeed.

Bloodsky, this blood race hegemon, had always been wandering the heavens and only came to Grand Brightjade Complete Heaven recently.

Failing to conquer Heaven One for a long time, a restless mood also spread in the blood race.

Therefore, Bloodsky's arrival immediately made him sought after like a myriad of stars surrounding the moon!

Of course, Hegemon Realm powerhouses proficient in spatial divine abilities were worthy of it!

There were many hegemonies across the heavens, but those who were experts in spatial rule were scanty few.

Bloodsky was definitely worthy of being a major power!

The youth in the blue shirt gave a thumbs up and said, "Amazing, Brother Bloodsky!"

Bloodsky's mouth curled, and he said, "A trivial matter! There are at most still three days, and then the passageway will be able to completely stabilize. The army will be able to march right in without resistance! Qing Yao, the hegemon blood that the clan promised this seat, you mustn't go back on your words!"

Qing Yao hurriedly said, "Brother Bloodsky is worrying too much! You're our blood race's spatial major power right now. How could the clan possibly go back on our word?"

Bloodsky snorted coldly and said, "I reckon that you all won't dare either!"

But right at this moment, Bloodsky's expression suddenly changed.

"petite!"

Bloodsky seemed to have suffered a heavy blow, his entire person shooting backward, fresh blood spurting wildly from his mouth.

Rumble!

Before Qing Yao had time to think too much, he heard intense explosion sounds coming from the spatial passageway.

His expression changed wildly, and he roared loudly, "Retreat!"

It was only to see him flick his sleeves grandly. A gust of strong wind blew past. Tens of thousands of troops were directly sent flying out.

Bang! Bang! Bang!

The spatial passageway directly exploded above the void, sweeping up terrifying air billows.

Of course, this air billow could not harm him. But his expression was incomparably ugly.

It was because the spatial passageway had completely collapsed!

In order to open up the spatial passageway, the blood race expended a huge amount of resources!

Now, it was actually all for naught?

"Brother Bloodsky, what's going on?" Qing Yao said in a solemn voice.

Bloodsky suffered a backlash, sustaining considerable injuries too. He said in a solemn voice, "The spatial passageway was damaged by someone from inside! The other party is at least Hegemon Realm! This spatial passageway is completely ruined!"

Qing Yao's expression changed, and he said, "How is that possible? Heaven One's Hegemon Realms are currently all at the Absolute Heaven Barrier!"

Bloodsky shook his head and said, "It's definitely a Hegemon Realm! Furthermore, the other party has extremely profound attainments in spatial rule! Otherwise, it's impossible for the spatial rule that I constructed to completely collapse!"

The collapse of the spatial passageway and the spatial passageway being damaged, they were two completely different things!

This kind of caving style collapse could only be accomplished if one's comprehension in spatial rule reached an extremely terrifying level!

If it was not a Hegemon Realm, Bloodsky would not believe it even if he was beaten to death too!

With regards to Bloodsky's words, Qing Yao naturally would not doubt it.

He was proud, but it was impossible to lie about this kind of thing too.

"Could it be that Heaven One Continent has a new Hegemon Realm that appeared? No can do! This matter is extraordinary, I'll go report to Lord Wang Zuo!" Qing Yao had a solemn look as he turned around and left.

Absolute Heaven Barrier, it extended for no idea how many tens of thousands of miles.

This place was Heaven One Continent's final barrier and also Heaven One Continent's last hope.

At this time, it appeared somewhat quiet in the Absolute Heaven Barrier.

"Divine Lord is heavyhearted today. Could it be that you're worried about the war on the northern front?" In the Absolute Heaven Barrier, a voice suddenly came over.

Heaven One Alliance, the highest commander was revered as the common lord and addressed respectfully as Divine Lord.

Heaven One's Divine Lord was Grand Brightjade Complete Heaven's number one Hegemon Realm, Xue Ziming.

After a long time, a male voice that was full of energy said, "This seat has heard of Bloodsky's name before. His spatial divine abilities are transcendent, catching up to Hegemon Mi Tian of back then. This time, if not for a little fellow taking the risk of death to deliver the message, our Grand Brightjade

Complete Heaven would be finished! But even so, this seat doesn't harbor any hope for this last battle too. Everyone, be mentally prepared! Sigh, this seat has let the northern front's warriors down!"

Inside the Absolute Heaven Barrier, it fell into silence for a moment.

These Hegemon Realms were all clear about the northern front's war situation.

But they were unable to change anything.

'These few days, the southern front experienced several great battles. Hegemon Realm powerhouses fought many times, and both sides had losses.

As for ordinary soldiers, the casualties were beyond count.

They could not leave!

Ahegemon powerhouse spoke up, "Divine Lord doesn't need to blame yourself. Dan Fei they all have a fair idea about this in their hearts. Our Heaven One's men don't have any who clings to life and fears death!"

Divine Lord let out a sigh and said, "This seat can sense that the northern front's war has already died down. Most likely ... it has already ended!"

He did not continue saying the words at the back, but the others all understood that the northern front had most likely fallen completely already!

The Absolute Heaven Barrier's Hegemon Realms fell silent again.

A Hegemon Realm suddenly sighed and said, "Sigh, the northern front being captured, Grand Brightjade Complete Heaven is in imminent danger! In the future, we can only take it one step at a time!"

"Reporting!"

Suddenly, a voice sounded out, reverberating throughout the entire Absolute Heaven Barrier.

Divine Lord's heart went thump. He knew that the northern front's outcome came!

Even if he was Hegemon Realm, Grand Brightjade Complete Heaven's number one person, he was also flustered at this time.

After all, the outcome of the northern front was too important!

Although he knew that there was not any hope, he still hoped that he could hear a not-so-bad news.

"Feihong, what's the situation ... over at Dan Fei there?" Divine Lord said in a solemn voice.

Zang Feihong, the number one person beneath Hegemon!

Heaven One Alliance, Hegemon Realms held down the fort at the Absolute Heaven Barrier!

And below the highest commander was Zang Feihong!

'When Zang Feihong heard the northern front's war report, he came to the Absolute Heaven Barrier straight away and informed the various great Hegemons through the Absolute Heaven Barrier.

Hearing Divine Lord ask, Zhang Feihong forcefully suppressed the surging in his heart, and said loudly, "Replying Divine Lord, Your Excellency, the northern front's Dan Fei won a great victory. The spatial passageway completely collapsed. The northern front no longer has any more worries! Killed May,

one of the Emperor Sakra Ten Heavens. Killed an Emperor Vast Heaven powerhouse, Lotuswearl. We completely wiped out the blood race's northern front army! The dozen over Emperor Realm powerhouses that entered Heaven One through the spatial passageway and 30 thousand troops are completely

annihilated! Our Heaven One Alliance is mighty!"

Zang Feihong, this Emperor Sakra Heaven's number one person, was currently excited until his arms and legs were waving around. It was as if a child who got praised by an adult.

But the Absolute Heaven Barrier fell into a death-like silence.

Without a doubt, the Hegemons were all shocked by this news!

This news was too shocking, shocking until it could not be surpassed!

"Feihong, this kind of thing can't be joked around!" Divine Lord's voice was practically trembling...

[Unrivaled Medicine God](#)

Chapter 2834: Terrifyingly High Seniority!

This sort of thing naturally could not be joked about.

'Therefore, when Zang Feihong finished giving the detailed war report, these Hegemon Realms felt that happiness came so suddenly.

Indeed, the northern front's battle was too low-level.

But, in terms of importance, it was not at all inferior to the southern front!

Furthermore, the northern front's battle was extremely dangerous. Even if they could win, that would be a pyrrhic victory too.

However, he did not expect that the northern front actually obtained a great victory that was utterly satisfying!

An elegant voice said agitatedly, "This lad is stellar!"

A female Hegemon said boorishly, "You stinking scholar, what are you being refined for? Ye Yuan is amazing! Too amazing'!"

"A remarkable feat without rival! A big reward! There must be a big reward! Send this seat's hegemon order. Ye Yuan's contributions are unparalleled, saving Heaven One from extreme misery, overcoming the raging tides! He'll be placed under Extreme Light Pavilion and become this seat's personal disciple!" An aged and hoary voice came over.

The woman before said in a cold voice, "Humph! Old Fogey Cloudmount, you really calculated well! The matter previously, we haven't settled scores with you yet!"

In Absolute Heaven Barrier, a series of dry coughing came over. That old voice appeared slightly embarrassed as he said, "Cough, cough, men all make mistakes; horses all stumble! Although this seat's Alchemy Dao is unparalleled, a clever wife can't cook a meal without any rice! Ye Yuan is originally my

Extreme Medicine Sect's disciple. Now, he became this seat's disciple. It's also considered making amendments, right?"

"Bullsh*t! Don't think that Your Mother doesn't know. Your Extreme Medicine Sect has all become unbelievably cocky because you all came up with this suppression method. Ye Yuan urged you all, and you all didn't listen either, resulting in the great defeat! Now, what's the use of belated action?" But the female Hegemon was unrelenting after gaining the momentum.

'What they were talking about was naturally the matter of using true spirit blood to suppress the blood corruption poison previously.

That matter caused an extremely adverse impact.

Not just the northern front, the southern front similarly suffered heavy losses.

Fortunately, the news from the northern front there was sent over in time, avoiding a macroscopic loss.

This matter, Ye Yuan also performed deeds of valor.

Therefore, Old Fogey Cloudmount's move was actually exactly the same as Zuo Chen's method.

Boosting Ye Yuan's status was for the sake of making the Extreme Medicine Sect's face look a little better.

However, Ye Yuan became a Hegemon Realm' disciple all of a sudden, that seniority was a little frighteningly high.

At this time, Divine Lord spoke up. He said, "Alright, stop arguing, This matter, Senior Cloudmount was indeed in the wrong, but he also wholeheartedly had the alliance in mind. Sister Zhi Yun, don't keep clinging onto it."

"Humph!"

Divine Lord speaking up, that female Hegemon could only stop talking.

"Senior Cloudmount, this seat isn't opposed to you wanting to take Ye Yuan in as a disciple. But this matter had best be dealt with in a low-profile manner. Otherwise, you'll be harming a meritorious subject and chill everyone's hearts! Furthermore, this boy's talent is astonishing. Once he steps into

Emperor Realm, he'll be a major combat force too! Therefore, even if he's a divergent cultivator, don't need to treat him as a sacrificial piece too!" Divine Lord continued saying to Cloudmount.

Although the Absolute Heaven Barrier stopped the blood race army.

But both sides had fought fiercely for several thousand years. There had also been quite a few blood race powerhouses who infiltrated the Heaven One Continent.

There was no lack of powerhouses among them.

Once they excessively assisted Ye Yuan to grow, these bloodkins would probably assassinate Ye Yuan at any cost!

"This ... It's still Divine Lord who has ample considerations. I'll do as Divine Lord says! Pinespring, I'll leave this matter to you." Cloudmount hesitated for a bit and said.

"Yes, Master!" In the Absolute Heaven Barrier, a voice answered.

Since it was inside the Absolute Heaven Barrier, then it was a Hegemon Realm powerhouse!

This person actually addressed Cloudmount as his master, his seniority could be seen!

Even Divine Lord had to address him respectfully as his senior when he saw him too!

This kind of old monster actually took Ye Yuan in as a personal disciple. That meant that Ye Yuan and those at the Hegemon Realm were peers already!

This seniority was really frighteningly high!

In reality, the Extreme Medicine Sect had two great Hegemon Realm powerhouses.

One was Cloudmount, the other was his disciple, Zhou Pinespring.

These two people were aloof from worldly affairs and shut themselves away from the world.

Ye Yuan became Cloudmount's disciple. In the Extreme Medicine Sect, even if the sect master saw him, he would have to call Ye Yuan as "Martial Uncle" respectfully too!

The current Northern View City had long already become a sea of joy!

Once Lotuswear and Li He died, the remaining blood race Emperor Realms did not pose any threat at all.

After Dan Fei and Zuo Chen slightly recovered their injuries, it would not be difficult to kill them.

The Emperor Realm experts were victorious. The remaining Saint Sovereign Heaven army went even without saying.

No matter how high the numbers, it was futile too!

Therefore, an unprecedented great victory was achieved at the northern front.

And all these were thanks to Ye Yuan!

At present, Ye Yuan's prestige in the northern front army was like the noonday sun, even surpassing the highest commander, Dan Fei!

It was because they all knew that even Dan Fei, this Emperor Vast Heaven powerhouse, could not accomplished such an astonishing great reversal either!

However, Ye Yuan could not cheer up.

Although this battle was a great victory, the Heaven One army also suffered heavy casualties.

Many people that Ye Yuan was familiar with, like Qiao Yiping, all fell.

Northern View City Lord, Song Miao, also died in battle in the end because of holding back a blood race True Sovereign Heaven.

Especially Song Miao, he was Ye Yuan's savior.

His death made Ye Yuan very upset.

When in the Lower Realms, Ye Yuan had also once resisted foreign enemies several times.

But at that time, while his strength could not dominate the war, it could at least influence the course of the war?

But now, he was as insignificant as an ant.

He could not influence the course of the war in any way.

As for this time, it was actually just being lucky enough to be there at the time.

He knew that war was cruel, but it was still his first time experiencing it so intimately.

In order to protect him while he killed his way out of the heavy encirclement, one comrade after another fell down around him.

Those scenes were still vivid in his mind until now.

People all said that it was him who overcame the raging tides, dominating this unprecedented great victory.

But Ye Yuan understood that it was not him alone fighting!

Without those heroes who died, could he have killed his way out of the heavy encirclement?

Impossible!

Therefore, after the great battle ended, Ye Yuan was very low-profile.

He used the blood race blood essence collected in the great battle and refined a batch of Blood of Flame Crystals again, treating those poisoned soldiers.

There was also a large batch that he had Dan Fei send to the southern front to treat the soldiers over there.

The soldiers over there were the ones who needed this thing the most!

'The remaining time, Ye Yuan imparted the complete Xuanji Nine Leaves to Xiao Shan and the rest.

He planned to leave for the Extreme Medicine Sect after imparting it.

Ye Yuan desperately wanted to increase his strength. In this kind of great battle, only powerful strength could affect the war situation!

He understood that this time, there was suspicion of gaining advantage by trickery.

Only when one truly became powerful could they reduce the number of deaths around them.

And right at this time, Zhou Pinespring descended!

Of course, it was not his main body. It was just a wisp of his clone.

However, even if it was a wisp of his clone, it was also terrifyingly strong!

He did not alarm too many people. He just convened the Emperor Realm powerhouses as well as the army's few great commanders.

'With regards to Zhou Pinespring's arrival, Dan Fei and the rest were incredibly shocked too.

With the northern front suffering a setback, the blood race carried out a frenzied counteroffensive. The southern front's war was very tense.

At this time, Zhou Pinespring actually split off a wisp of clone and came to the northern front to praise the army. It could be seen how important the various Hegemons regarded this great victory!

[Unrivaled Medicine God](#)

Chapter 2835: Words Shocking the Listeners!

"This seat came here today to accept a disciple on Master's behalf!"

The first sentence that Zhou Pinespring said when he opened his mouth stunned everyone present.

It was because his gaze looked towards Ye Yuan!

That meaning was self-explanatory!

It was not Zhou Pinespring taking in a disciple. It was Zhou Pinespring's master taking in a disciple!

This ... was too shocking!

Those present were all Heaven One's upper echelons. They naturally knew who Zhou Pinespring's master was.

A Hegemon Realm was actually accepting a disciple on his master's behalf!

This was also to say that he had to address Ye Yuan as his apprentice brother?

'The Emperor Realm powerhouses present virtually had an urge to vomit blood.

This was also going too over the top, right?

Especially Zuo Chen, he simply wanted to cry but had no tears.

This is my disciple, alright? Have you guys considered my feelings when accepting disciples?

He was still my disciple just now. In a blink of an eye, he became my ancestor!

The war report wrote very clearly that I've already taken him in as a disciple, alright?

Is this really okay?

If he still did not have the mind to teach Ye Yuan before this battle, but after this, he was really moved by the idea of accepting Ye Yuan as his disciple.

However, now that he did, there was no more chance.

To Hegemon Realms, all were ants.

Not entering Hegemon, one would never have the qualifications to be mentioned in the same breath with them.

Moreover, Zuo Chen was just a mere Emperor Vast Heaven powerhouse.

Zhou Pinespring looked toward Ye Yuan and said coolly, "Ye Yuan, my master is Grand Brightjade Complete Heaven's alchemy path's number one person, Hegemon Cloudmount! He knows that your alchemy path talent is astonishing and wants to take you in as a disciple. Are you willing?"

Ye Yuan was also very surprised by this.

This bunch of Hegemon Realms were also too good at playing, right?

However, he immediately shook his head and said, "Not willing!"

"Gah"

This sudden great reversal made everyone unable to react.

It resulted in everyone making all kinds of strange noises.

Even Zhou Pinespring also looked at Ye Yuan extremely surprisedly.

This boy seemed to really be somewhat extraordinary!

Acknowledging Hegemon Cloudmount as his master, that was how many heavenly alchemists' dream? Even Zuo Chen, who was present, did not dare to have such an extravagant hope too.

It was because Hegemon Cloudmount had stopped accepting disciples a long time ago!

Unless some heaven-defying to the extreme prodigy really appeared in this Heaven One Continent, otherwise, he would not make an exception.

But, this kind of opportunity, Ye Yuan rejected it without even thinking.

This was indeed too surprising!

He said with a serious face, "Ye Yuan, do you know what kind of existence Master Cloudmount is? If you miss this opportunity, you might regret it for life!"

Ye Yuan also had a serious face as he nodded and said, "I know! However, I refuse!"

He was not a fool. Could the master of a Hegemon be an ordinary person?

Grand Brightjade Complete Heaven's number one person, even placed across all the heavens, that was also absolutely a titan-level existence!

However, Ye Yuan had his own principles.

Dan Fei shouted coldly, "Ye Yuan, are you crazy? Do you know what you rejected?"

Even Zuo Chen also said in a solemn voice, "Ye Yuan, don't fool around! This is an opportunity to ascend to heaven in one step. You're a divergent cultivator, with Ancestor's ability, there's absolutely no problem in guaranteeing that you enter Emperor Sakra Heaven Realm!"

As he said, he bowed to Zhou Pinespring and said, "Master Pinespring, taking into account that this boy is young, don't stoop to his level!"

The other Emperor Realm powerhouses also urged Ye Yuan one after another, asking him not to be headstrong.

This kind of opportunity, which of them were not envious?

But Ye Yuan rejected it flatly. It was putting on too much air!

Zhou Pinespring looked at Ye Yuan and suddenly smiled.

"Interesting! Very interesting! Can you tell me why you refused?"

Ye Yuan said calmly, "Firstly, I've already acknowledged Master Zuo Chen as master. My words are my bond! If I change masters at this time, it's undoubtedly betraying my master!"

Hearing this, Zuo Chen was incomparably moved in his heart too.

It was true that he was an Emperor Realm powerhouse. But, in front of a Hegemon Realm, he was nothing.

Hegemons would not care about what he thought.

But Ye Yuan could be considerate of him, even rejecting such a huge temptation for this. How could he not be moved?

At that time, he only took Ye Yuan in for the sake of the Extreme Medicine Sect's reputation. He believed that Ye Yuan also knew.

But now, Ye Yuan could do this. This made people have no choice but to admire him.

Zuo Chen could not help feeling vicissitudes of emotion. This disciple was the right call!

But, the more it was so, the more he could not hold Ye Yuan back!

"Master ..."

Zuo Chen was just thinking of opening his mouth to speak but was stopped by Zhou Pinespring with a hand gesture. He said to Ye Yuan, "Continue."

Ye Yuan said, "Secondly, I know that the Hegemons want to reward me with this, but the contributions this time wasn't made by me alone! Without the brothers fighting with their lives, I simply could not have killed my way out of the heavy encirclement with my power alone! I understand that in the eyes of you Hegemons, whatever True Sovereign Heaven, Saint Sovereign Heaven, we are all ants. Even Emperor Realm powerhouses are similarly ants too! But, without them, Heaven One would have long been finished! Just based on you all, these Hegemons, you can't stop the blood race army!

Therefore, Ye Yuan isn't worthy of taking credit for this!"

These words made everyone present visibly moved.

Especially Ming Yi and the few other great commanders, they immediately gave rise to a feeling of how a gentleman would die for his bosom friend.

These words reached the depths of their hearts!

Allalong, they had been cannon fodders.

But cannon fodders had the use of cannon fodders too!

Regardless of whether it was Hegemon Realm or Saint Sovereign Heaven, they were all protecting Heaven One!

After this battle, everyone was celebrating the victory.

But apart from those Saint Sovereign Heaven, who would still remember the valiant souls who died on the battlefield?

But Ye Yuan engraved it in his heart!

This boy was worth entrusting!

This was the voice in everyone's hearts!

Ye Yuan did not stop. He continued, "Thirdly, I entered the Extreme Medicine Sect for the sake of the Extreme Medicine Sect's alchemy classics. I have my own Dao in the path of alchemy! Therefore, there's no difference to me whoever I acknowledge as master."

"Hiss..."

Within the great hall, the sounds of cold air being sucked in and breathed out.

This third point was too arrogant!

Incredibly arrogant!

The first two points touched people and visibly moved people.

But the third point was really too monkeying around!

Especially Zuo Chen, he was almost crying.

I was just feeling touched, you slapped my face sonorously in a blink of an eye?

It turned out that you didn't plan on treating me as a master at all!

But, thinking about it, they were all smart people. Ye Yuan probably never counted on him, this bargain teacher, at all from start to end.

"Ye Yuan, what nonsense are you saying? Get the hell out!" Zuo Chen shouted coldly.

It was clearly berating, but actually, it was protecting Ye Yuan.

These words were too treasonous and heretical!

This one in front of them was a Hegemon!

Did he freaking not want his life anymore?

Ye Yuan gave Zuo Chen a glance, slightly touched in his heart.

"Hahaha ..."

Zhou Pinespring suddenly laughed loudly. Zhou Pinespring's heart thumped, secretly thinking: not good!

Now, a Hegemon was really going to get angry.

If you refuse, then just refuse. Why did you have to give such a bloody reason!

"Well said!"

Zhou Pinespring laughed loudly and said, "Ye Yuan, this seat really likes you more and more! The journey of Dao is extremely profound. But only by treading out one's own Dao can one reach the apex! Although your realm is low, your heart is clear as a mirror! A shame, a shame. If you weren't a divergent cultivator, how great would that be!"

But Ye Yuan said, "So what if I am a divergent cultivator? The path that others couldn't get through, I, Ye Yuan, might not be unable to clear it!"

[Unrivaled Medicine God](#)

Chapter 2836: Your Father Will Beat You to Death!

"What did you say? You impudent brat, you actually refused to be this seat's disciple? He's rebelling!"

“AHHH, it’s infuriating this seat to death! Across the heavens and myriad worlds, how many geniuses want to acknowledge this seat as master, this seat didn’t even care about them. Today, I was actually rejected by a Saint Sovereign Heaven?”

“This seat is definitely going to beat him to death! Definitely going to beat him to death!”

Hearing Hegemon Pinespring’s reply, Hegemon Cloudmount was angered until he stomped with rage.

Of course, this scene was actually within Zhou Pinespring’s expectations too.

This master of his valued face the most. When accepting disciples, they absolutely had to be geniuses among geniuses. Ordinary people could not enter his sights at all.

Each of the disciples that Hegemon Cloudmount took in, they were powerhouses whose reputation shook a region.

It had always been his pride and also his capital for showing off.

Honestly speaking, the Hegemon Realm really could not be taught.

Therefore, Zhou Pinespring agreed with Ye Yuan’s words very much.

Of course, he was able to step into the Hegemon Realm. On the one hand, it was because he was amazingly talented. On the other hand, there was indeed an inseparable relationship with Hegemon Cloudmount.

Therefore, even if he had stepped into Hegemon Realm, Zhou Pinespring was still very respectful toward Hegemon Cloudmount.

Hegemon Cloudmount’s conditions for accepting disciples were extremely harsh.

Especially after him, his conditions became even more hair-raisingly harsh.

It was not unexpected. With a precious gem in front of him, Hegemon Cloudmount’s horizons became even higher.

Therefore, Hegemon Cloudmount had already not accepted disciples for more than 100 thousand years.

This time, he took Ye Yuan in as a disciple groundbreakingly, and Ye Yuan actually refused. How could his face remain intact?

“Hahaha, Old Fogey Cloudmount, I didn’t expect that you’ll have this day too. Retribution is really great!” An old voice came from inside the Absolute Heaven Barrier.

Hegemon Cloudmount’s face turned black, and he said with a sneer, “Old Fogey Blacksun, stop making wisecracks here! Zhao He that dumbass can’t do it. Even if you mock me for ten thousand years, he can’t make it too! Humph!”

The moment Hegemon Blacksun heard this, he burst into fury and said, “You blind old thing, Zhao He is extremely talented. Even if you don’t take him in, he’s already a grade nine heavenly alchemist currently as well! Don’t think that this seat doesn’t know what you’re cooking. No matter how poor Zhao

He’s talent is, could it be that it can’t compare to a measly grade five heavenly alchemist?”

Hegemon Cloudmount chuckled and said, "Honestly, he really can't compare at all! I've looked at the formula for the Blood of Flame Crystal. It's absolutely a stroke of wonder! Disregarding other things, even if it's the current Zhao He, under the circumstances that he has blood race blood essence, he might not be able to develop it too! This boy has brilliant perception. Otherwise, do you think that this seat will really take anyone in as my disciple?"

"You! Bullsh*t!" Hegemon Blacksun was choked until he could not speak.

Hegemon Blacksun was Thundercry Continent's hegemon, revered due to his Martial Dao.

Zhao He was Hegemon Blacksun's descendant. He was not interested in Martial Dao, but he was very interested in Alchemy Dao.

Back then, Zhao He knelt for a month in front of Hegemon Cloudmount's door, wanting to acknowledge Hegemon Cloudmount as his master, but Hegemon Cloudmount did not take him in too.

Later, Hegemon Blacksun moved out in person, and Hegemon Cloudmount still did not agree.

Hegemon Blacksun had always been brooding over this matter.

However, Zhao He also lived up to expectations later and cultivated to Emperor Sakra Heaven Realm, becoming a grade nine heavenly alchemist!

Hegemon Blacksun felt very relieved and even came to find Hegemon Cloudmount to show off.

But Hegemon Cloudmount turned his nose up at it and straightforwardly said that grade nine was already the limit for Zhao He. It was absolutely impossible to improve any further.

He really wanted to show off. After Zhao He stepped into Hegemon Realm, he would come and show off again!

Hegemon Blacksun got a rebuff and a stomach full of anger. After going back, he spent a great deal of effort to groom Zhao He.

But Hegemon Cloudmount seemed to have foresight. After Zhao He entered grade nine, his improvement became extremely, extremely slow.

Hegemon Blacksun spent a huge price, but the results were very weak.

This face was slapped resoundingly.

This time, seeing Hegemon Cloudmount treated this way, he naturally could not resist coming out to slap his face.

In the end, he got slapped again!

In reality, Hegemon Cloudmount stood at the apex of Alchemy Dao. His horizon was naturally not what the average person could compare to.

Zhao He was also not really a worthless thing. Otherwise, it would also have been impossible for him to step into the realm of grade nine heavenly alchemist. But that was it.

But Hegemon Cloudmount ignored the furious Hegemon Blacksun and calmed down. he asked Zhou Pinespring, "Pinespring, how do you feel after seeing this boy?"

Zhou Pinespring was silent for a moment, and he assessed, "Extraordinary!"

Hegemon Cloudmount said in surprise, "Oh? You're actually so optimistic about him?"

He knew that this disciple of his also had extremely high horizons. He did not care about ordinary geniuses at all.

It was because he himself was a prodigy that shocked the world!

Being able to be evaluated like this by him, it could be seen that Ye Yuan's talent was really amazing.

Zhou Pinespring nodded and said, "If not for that he's a divergent, this disciple feels that he should be able to step into the realm of Hegemon!"

Not just Hegemon Cloudmount, the other Hegemons were shocked too.

Hegemon could not be said casually.

Often, not one Hegemon could be born in several hundreds of thousands of years too!

Across the heavens and myriad worlds, there were many Emperor Sakra Heavens. But the Hegemons were scanty few.

This step was way too difficult!

Being able to be evaluated by Zhou Pinespring like this, Ye Yuan was absolutely up to par.

But, the only thing that was a pity was that ... divergent cultivator!

"Then did he reject this seat from the heart or was it intentional?" Hegemon Cloudmount suddenly asked.

This question was somewhat subjective, but Hegemon Cloudmount did not care.

In front of Zhou Pinespring this Hegemon Realm, it was impossible for the slightest fluctuation of Ye Yuan's emotions to deceive him.

The reason that Ye Yuan gave was very ample, but actually, it was all not counted as reasons.

Hegemon Cloudmount was not an ordinary Hegemon Realm powerhouse.

In alchemy, he was the absolute authority!

Hegemon Blacksun was a super powerhouse on the same level as him, but he also acknowledged Hegemon Cloudmount's Alchemy Dao. Otherwise, he also would not have made Zhao He enter his tutelage.

Being accepted as a disciple by this kind of overlord, that was countless people's long cherished goal!

One had to know, even the Extreme Medicine Sect's sect master did not have the qualifications to enter his tutelage too.

Some people liked to play petty tricks, thinking that this would make them be regarded higher.

Of course, this kind of action was just bumptious. How could they possibly deceive the visual prowess of Hegemon Realms?

Zhou Pinespring said, "This boy's heart is loftier than the sky. Most likely ... he really turns his nose up at Master! He also said that walking all the way until today, it was virtually all him comprehending Dao himself. There's no difference ... who becomes his master."

Bang!

Absolute Heaven Barrier trembled.

Hegemon Cloudmount was enraged!

"Motherfucker! Your Father has lived to this ripe old age and haven't met such an arrogant punk before! Your Father is already arrogant enough. This brat is even more arrogant than Your Father! Not agreeing, Your Father will go find him personally! If he still doesn't agree, Your Father will beat him to death!"

Whoosh!

A streak of flowing light flew out of the Absolute Heaven Barrier, heading all the way north!

Bang!

Zuo Chen smacked Ye Yuan into the ground with a slap and scolded him angrily, "Are you a pig? Such a fine opportunity, you actually don't want it? Do you know who Hegemon Cloudmount is? Do you know how many people across the heavens and myriad worlds cry and yell about wanting to

acknowledge him as their master? Angering Your Father to death! Angering Your Father to death! Your Father will definitely beat you, this disappointing thing, to death today!"

[Unrivaled Medicine God](#)

Chapter 2837: Your Arrogant Appearance Looks a Lot Like This Seat's Style Back Then!

Facing Zuo Chen's anger, Ye Yuan did not blame him, but he felt warmth in his heart instead.

After the last battle, Zuo Chen had already sincerely regarded him as his personal disciple. Hence, that was why he would be so angry.

On the path of cultivation, changing masters was extremely common. It was not a big deal.

As long as it was not betraying one's master and sect, they would not be criticized by people.

It was in man's nature to strive for better. This was natural law!

Zuo Chen examined his own conscience. If it was him, he would have agreed without the slightest hesitation.

But Ye Yuan this fellow actually rejected him!

“Master Zuo, he really doesn’t have anything that he can teach me! Or should I say, do you have anything that you can teach me?” Ye Yuan asked with a smile.

Zuo Chen was just venting his anger. He naturally would not really hurt Ye Yuan.

Ye Yuan looked miserable right now, but actually, it was all external wounds.

The moment Zuo Chen heard, he immediately exploded and said with a cold smile, “H-Huhu, what a cocky brat! You think that by developing a Blood of Flame Crystal, you’re invincible under the heavens? Don’t talk about Ancestor. As a grade eight heavenly alchemist, am I, your master, not enough to teach you yet?”

Ye Yuan looked at Zuo Chen and said coolly, “I’ve already touched the threshold of profound grade!”

Zuo Chen was currently blowing his top. When he heard this, he could not help being stunned, immediately looking at Ye Yuan with a look like looking at a monster.

‘True grade was not the end of Alchemy Dao.

Above true grade was profound grade!

Reaching Emperor Realm, the medicinal effects of ordinary heavenly pills was negligible.

Even if it was true grade heavenly pills, the effects were greatly discounted on Emperor Realms too.

Profound grade was the exclusive heavenly pill for Emperor Realm powerhouses!

True grade heavenly pills fused the power of Great Dao in it and possessed unimaginable medicinal effects.

However, this was just a preliminary use of Heavenly Dao power.

‘Wanting to really attain a higher level, one must reach profound grade!

Profound grade could excavate even greater possibilities on the foundation of heavenly medicines’ medicinal effect.

If true grade could unleash 120% of heavenly medicines’ effect, then profound grade could unleash twice or even triple the medicinal effect!

The difference in between was not just an iota.

It was just that from true grade to profound grade, the span was huge!

Ye Yuan naturally did not understand these things before. But, after encountering Mi Tian, he naturally learned about it.

Below Emperor Realm, it was simply impossible to reach profound grade!

Because if one wanted to refine profound grade, they needed to have an extremely deep understanding of Alchemy Dao.

Not reaching grade seven heavenly alchemist realm, wanting to refine profound grade heavenly pills was simply a fool's talk.

Of course, there were also extremely few heaven-defying geniuses who were able to refine profound ground before Emperor Realm, such as Zhou Pinespring.

This matter had once caused a great sensation!

But, even if it was Zhou Pinespring, he also reached this step when he was at peak True Sovereign Heaven.

At that time, he was already not far from Emperor Realm.

But what realm was Ye Yuan at now?

Middle Saint Sovereign!

This brat had not even broken through to upper Saint Sovereign Heaven!

Grade five heavenly alchemist refining profound grade heavenly pill?

It sounded like a fantasy tale no matter how one listened!

Seeing Zuo Chen's dumbfounded appearance, Ye Yuan said coolly, "Going to the Extreme Medicine Sect is also for the sake of breaking through to profound grade. Otherwise, when you took me in as a disciple previously, I might really not have agreed to it."

Face-slapping sounds could be heard in the air.

'The two of them becoming master and disciple just happened to be due to the situation.

Although now, the two people's friendship had grown, it could not change their original intentions.

Regarding Ye Yuan agreeing with Zuo Chen, it was indeed just for the sake of entering the Extreme Medicine Sect to enrich himself and break through the shackles.

'True grade was hard; profound grade was naturally even harder.

Even if it was Ye Yuan, wanting to break through to this step was not easy either.

Bang!

Ye Yuan was smacked away by another slap. Zuo Chen said angrily, "Will you die if you don't tell the truth? You treacherous disciple, angering Your Father to death! Your Father will beat you to death!"

Bang!

Zuo Chen was smacked flying with one slap. A figure suddenly appeared.

He shot Zuo Chen a glance and said coolly, "Impudent brat, to actually dare hit your grandmaster, you're the treacherous disciple! You deserve to be hit! Your Father's disciple can only be beaten by Your Father!"

The arrival was a sagely-looking old man, who could it be if not Hegemon Cloudmount?

Of course, this was a clone too.

Zuo Chen's entire body trembled and he said in shock, "A-Are you Ancestor Cloudmount?"

Hegemon Cloudmount said coolly, "It's naturally this seat. You're Zuo Chen?"

Zuo Chen knelt down with a thud and said tremblingly, "D-Disciple pays respect to Ancestor Cloudmount!"

Hegemon Cloudmount was totally different from Zhou Pinespring.

He was the Extreme Medicine Sect's legend, an undefeated myth!

Even if Zhou Pinespring advanced to Hegemon Realm, he was unable to be mentioned in the same breath with Hegemon Cloudmount too.

Hegemon Realm, their movements and traces had always been elusive and secretive. But Zhou Pinespring was the sect's disciple in the first place, a rising star from the younger generation. Everyone was not unfamiliar with him. There was naturally lesser awe and fear.

But, with regards to Hegemon Cloudmount, that was different.

He was an old monster level powerhouse. One should not look at how Zuo Chen was an Emperor Vast Heaven Realm powerhouse. If he wanted to meet Cloudmount, that was impossible.

But today, Hegemon Cloudmount actually came in person for Ye Yuan!

Hegemon Cloudmount ignored him but looked at Ye Yuan and said in a solemn voice, "Impudent brat, why haven't you knelt when you see your master?"

The corners of Ye Yuan's mouth twitched slightly. This old fellow was so shameless!

He had clearly rejected the offer already. This guy was still harping on and on about being his master!

Ye Yuan said coolly, "I've already made it very clear to Hegemon Pinespring, I won't acknowledge you as master."

"Heh, what high-sounding sentiments! You said you're not acknowledging and you're done? Do you know how many people cry and wail, requesting for me to take them in as a disciple?"

Ye Yuan had a helpless look as he said, "These two days, I've already heard until my ears grew calluses! But what does that have to do with me? I admit that you're very formidable, but in the future, I might not be unable to catch up to you. I might even surpass you!"

Hearing this, Zuo Chen's hair stood on end.

I don't know him!

I don't know him!

He was whispering vigorously in his heart.

"Hahaha ..."

But, the moment Cloudmount heard, he let out a loud laughter and said, "Indeed arrogant enough! Looking across the heavens and myriad realms, there really aren't many who dare to speak to this seat like this! Kid, you're different from Pinespring that reticent thing! You suit this seat's taste very much!

Your arrogant appearance looks a lot like this seat's style back then! Hahaha ... I'll definitely be taking you in as a disciple!"

Ye Yuan was rendered speechless. He was really not interested in acknowledging a master.

Even back then in the Heavenspan World, Sacred Ancestor High Priest that kind of apex existence also addressed him as his brother.

And he also forged a path that connected to the heavens without any surprise.

Now, in the 33 Heavens, Ye Yuan was confident that he could also do this.

Especially after obtaining those records in the Labyrinth Divine Palace, Ye Yuan's horizons were broadened, and he already had a hazy direction about his path of alchemy

Those few decades before leaving Rainclear Continent, Ye Yuan had accumulated for a long time and also obtained tremendous improvement in Alchemy Dao.

"Apologies. I really don't have plans to change masters," Ye Yuan still shook his head and said.

Cloudmount pointed at Zuo Chen and said coolly, "If you don't agree, this seat will send him to the front-lines right away! You should know, fighting with the blood race is nine chances to die and one chance to live! Oh right, also, those friends around you! The front-lines are severely lacking people. Since

they are a part of Heaven One, they should serve the alliance, wouldn't you agree?"

Hegemon Cloudmount revealed a cunning fox-like smile.

Ye Yuan's face turned black. This old man was so shameless to actually use this kind of method to force him to concede..

[Unrivaled Medicine God](#)

Chapter 2838: Getting Slapped!

Ye Yuan looked at Hegemon Cloudmount and sighed as he said, "Senior Cloudmount, just what do you want before you're willing to give up?"

Cloudmount grinned and said, "Very simple, a competition! If you win, this seat will leave right away! If I win, you'll be this seat's disciple obediently! Otherwise, heh heh ..."

Cloudmount looked toward Zuo Chen with an unfriendly expression, while the latter's back shrank back.

Why am I always the one getting hurt?

"A-Ancestor, making Ye Yuan compete with you, this is too bullying!" Zuo Chen could not resist saying.

Cloudmount snorted coldly and said, "Would this seat bully a measly little Saint Sovereign Heaven? Kid, this seat will compete in Dao elucidation with you, the Dao elucidation of grade five heavenly medicines! As for what kind of heavenly medicines, feel free to choose!"

Cloudmount's domineering appearance really resembled Ye Yuan a little.

Ye Yuan thought about it and said, "Okay, I agree to it! However, acknowledging you as my master or not can't be determined by winning or losing!"

Cloudmount's face turned black, and he said in a solemn voice, "Then how do we decide?"

Ye Yuan said, "As long as you can convince me, I'll naturally acknowledge you as my master. Otherwise, there's no talk!"

Cloudmount smiled coldly and said, "Bullsh*t! You're all talk but no promises. Even if this seat beats you, if you refuse to admit it, what can this seat do to you?"

But Ye Yuan was indifferent and said, "This Ye still has this bit of integrity! You're an alchemy overlord to begin with. Winning against me is within reason. But if you don't win me by much, why should I acknowledge you as my master?"

Cloudmount thought about it and nodded as he said, "You make some sense! Alright, do as you say! I reckon that you can't play any tricks in front of this seat either!"

Ye Yuan naturally did not have the intention to play tricks. Hegemon Cloudmount had already come in person. Ye Yuan was still slightly touched in his heart.

At present, he was already clear about how great the disparity was between Hegemon and Saint Sovereign Heaven.

In the eyes of Hegemon Realms, Emperor Sakra Heaven were just ants, let alone Saint Sovereign Heavens?

Furthermore, Ye Yuan also understood that at this point, it was likely impossible for Ye Yuan to want to refuse it anymore.

Ye Yuan had pride, but it did not mean that he was stupid.

Under the circumstances where there was no great life-and-death enmity, why was there a need to offend a Hegemon Realm powerhouse?

Ye Yuan also felt it. Cloudmount attached quite a lot of importance to him. It was completely different from Zuo Chen's attitude before.

He felt that the problem was with the Blood of Flame Crystal.

Ye Yuan spent quite a lot of time and effort on this formula before developing it.

Even if it was Zuo Chen, he only felt that the reason why Ye Yuan could come up with the Blood of Flame Crystal was that he could get the blood race's blood essence.

It showed that his horizons were insufficient, and his cultivation base was still not enough!

But Cloudmount was different. As a Hegemon Realm, Grand Brightjade Complete Heaven's alchemy overlord, how could he not even have this bit of visual prowess?

Hence, Ye Yuan also wanted to see how big the gap between him and an overlord was!

Ye Yuan did not talk rubbish either, directly pulling out an Unadorned Golden Lotus.

Unadorned Golden Lotus was a very precious grade five heavenly medicine. It contained extremely complicated rule fragments.

The so-called Dao elucidation was drawing out the rule fragments in heavenly medicines and displaying it in front of people.

The more that was shown, it naturally meant the stronger the heavenly alchemist's strength.

You could only draw it out if you grasped this portion of rule fragment.

Ye Yuan's technique naturally went without saying.

The Unadorned Golden Lotus in his hand was like a flower, slowly blooming.

The multi-colored rule fragments presented themselves in an orderly manner before Zuo Chen and Cloudmount's eyes.

Zuo Chen's pupils constricted. Only then did he understand what Ye Yuan meant by saying that he had touched the threshold of profound grade!

This kid already had half a foot into profound grade. He was only a foot away from entering the door!

Of course, it was also this step to enter the door that became Ye Yuan's current bottleneck.

He wanted to enter the Extreme Medicine Sect and read extensively, precisely for the sake of breaking this shallow layer of a bottleneck.

Ye Yuan breaking through to profound grade was only a matter of time.

Even if he did not enter the Extreme Medicine Sect, he believed that before long, he could puncture this layer of window pane paper too!

This kid was too heaven-defying!

He was just middle Saint Sovereign Heaven!

'What Cloudmount saw was naturally even more different.

His face was very calm, even carrying thick mockery and a look of disdain. But the twinkle in his eyes could not be concealed no matter what.

Hegemon Cloudmount was shouting crazily in his heart: Genius! Peerless genius! A genius even more monstrous than Zhou Pinespring!

This kid's affinity was only 67!

This rascal was elucidating Dao almost completely based on instinct!

Furthermore, it was so perfect and impeccable!

'When Zhou Pinespring was at grade five heavenly alchemist, he absolutely could not achieve this level!

One had to know, Zhou Pinespring's affinity had reached grand completion holy realm long ago!

Was affinity reaching 100 the limit?

No!

Above 100, there were still three realms!

Spirit realm, profound realm, and holy realm!

Zhou Pinespring's affinity was a freak among freaks and had long already reached the peak of holy realm, unable to rise any longer!

But even so, when Zhou Pinespring was at grade five heavenly alchemist, he could not compare to Ye Yuan too!

Dao elucidation was just one aspect of refining pills.

But Dao elucidation could tell how far a heavenly alchemist walked on the path of alchemy.

Very clearly, Ye Yuan had already walked very, very far!

No wonder this boy was so wild and arrogant. He indeed had the capital to be insolent!

Such a genius was simply unreasonably monstrous!

His affinity was clearly not up to scratch, but he was more impressive than others!

Tell me, was it not aggravating?

The geniuses that Cloudmount had seen before were as many as schools of carps crossing the river. But he had never seen before such a prodigy who took his breath away!

This trip was the right call!

Of course, he would not say these.

Hegemon Realm had to have the reserved manner of a Hegemon Realm.

No matter how genius you were, you were still an ant in front of this seat!

No idea how long had passed either, Ye Yuan's Dao elucidation finally ended.

The Unadorned Golden Lotus seemed to be peeled open, forming an enormous flower; magnificently beautiful!

Ye Yuan reeled off the cocoon, guiding the rule fragments in the Unadorned Golden Lotus out, presenting it in a flower shape.

This kind of means was simply inconceivable.

Zuo Chen sucked in a cold breath. Even if it was him, he also could not do better than Ye Yuan.

“Impressive! Truly incredible! Brat, I really have nothing that I can teach you!” Zuo Chen said somewhat dejectedly.

He was indeed more powerful than Ye Yuan in alchemy. Furthermore, he could even refine profound grade heavenly pills.

But Ye Yuan would not take much time to reach his level.

With or without him, this master, it was actually all the same.

Ye Yuan fished out another Unadorned Golden Lotus, threw it to Cloudmount, and said, “Your turn!”

Cloudmount did not catch it. Only to see a streak of light flash past, the Unadorned Golden Lotus returned to Ye Yuan’s hand again.

“No need,” Cloudmount said coolly.

Ye Yuan smiled and said, “Senior Cloudmount, are you conceding defeat?”

A hint of disdain flashed across the corners of Cloudmount’s mouth and he said, “Conceding defeat? Hahaha ... You brat, you really don’t know the immensity of heaven and earth! Forget about this Grand Brightjade Complete Heaven, even across all the heavens and myriad worlds, how many dare to make this seat admit defeat? Today, I’ll let you witness what’s true Alchemy Dao!”

Finished saying, Cloudmount’s palm raised up. A flame landed on the Unadorned Golden Lotus that Ye Yuan refined.

Whoosh!

It was as if the Unadorned Golden Lotus was watered with a catalyst, starting to grow crazily.

One flower became two.

Two flowers became four.

Four flowers became eight!

The rule flowers in the house became more and more, and increasingly gorgeous as if walking into a garden.

This spectacular scenery made people feel an upsurge of emotion, refreshing and gladdening the heart!

This technique was tyrannical to the extreme!

Ye Yuan’s expression finally changed!

His pupils constricted, his heart virtually about to stop beating.

Too strong!

‘Was ... this the realm of a chaos heavenly master?’

Unrivaled Medicine God

Chapter 2839: A Formidable Master had no Incompetent Disciple!

Done posturing, Cloudmount looked at the Ye Yuan with a shocked expression, secretly taking delight in it.

Who asked you to scare Your Father just now? Now, Your Father will intimidate you too!

Having a bit of ability, do you really think nothing of others?

Really think that chaos heavenly masters were to be trifled with?

Above grade nine heavenly alchemist was chaos heavenly master!

Missing the word 'alchemist,' the terror of Hegemon Realm heavenly alchemists could be seen.

Reaching Hegemon Realm, developing Great Dao was at their fingertips, already breaking away from the domain of medicine.

Up in the heavens and down below the earth, nothing could not be refined!

To chaos heavenly masters, they could even forcefully refine their opponents, their strength terrifying to the extreme.

However, Hegemon Cloudmount felt incredibly guilty.

This move looked incredible, but it was somewhat taxing to this clone.

In order to suppress Ye Yuan, he really exerted all of his strength.

"Brat, are you convinced?" Cloudmount said coolly.

Only then did Ye Yuan come back to his senses and look toward Cloudmount with a look of shock.

It turned out that heavenly alchemists could reach such a transcendent realm!

Hegemon Cloudmount's Dao elucidation was already on a totally different level from Ye Yuan.

This was like answering a question. Ye Yuan just answered it in a routine manner, but not only did Cloudmount answer it, but he also expanded on it and eventually turned it into an extremely perfect and complete major topic!

It was worlds apart!

In Alchemy Dao, Ye Yuan had always thought that he did not lose to anyone. But this time, he was really convinced.

The disparity was too great!

"Kid, your talent is pretty good. Maybe one day, you'll really be able to reach this seat's realm! But Alchemy Dao is infinite. With someone giving you guidance on the path ahead, you can take many less detours; isn't that so?" Hegemon Cloudmount said coolly.

Ye Yuan drew a deep breath but arrived before Zuo Chen and kowtowed three times respectfully, saying sincerely, "One day as master, a master for life! From now on, you're still my, Ye Yuan's, master!"

Ye Yuan had never acknowledged a master in alchemy before.

Once acknowledged, Ye Yuan naturally would not kick him to the curb after he outlived his usefulness too.

There was no real master-disciple relation between him and Zuo Chen, but there was the name of master and disciple.

Now, he was going to acknowledge Cloudmount as his master, but he had to make Zuo Chen call him grandmaster. That was not what a man would do.

Zuo Chen's face was full of emotion, and he said with a nod, "Boy, with this sentence from you, it's enough!"

Witnessing Ye Yuan's talent and strength, Zuo Chen naturally would not be haughty anymore.

Accepting Ye Yuan as a disciple was not Ye Yuan making a profit, but him profiting!

Seeing this scene, Hegemon Cloudmount did not stop it but was slightly moved in his heart.

Looking at it now, the reason why Ye Yuan kept rejecting it before, it was not brushing him off.

His misgivings toward Zuo Chen probably accounted for a large part of it.

This boy's character and disposition was all the best choice!

Hegemon Cloudmount's appraisal of Ye Yuan went up a few more points.

Only after finishing kowtowing to Zuo Chen did Ye Yuan arrive in front of Hegemon Cloudmount and kowtowed three times again, saying, "Disciple Ye Yuan pays respect to master!"

"Haha, good! Good disciple! With this seat accepting a disciple, I normally would inform the world and all the heavens to come and congratulate! However, present circumstances differ from before. For the sake of your safety, we need to keep a low profile! The blood race has many powerhouses lurking within the Absolute Heaven Barrier. If they find out about your identity, they will definitely come and kill you at any cost! Therefore, you also have to be careful yourself. Understand?" Hegemon Cloudmount said.

Ye Yuan nodded, indicating that he understood.

Hegemon Cloudmount continued, "Since Master accepted you as a disciple, I naturally have to gift you a greeting gift. You're about to enter profound grade soon. This seat will demonstrate to you what's profound grade. This way, it will be much easier for you to break through!"

Finished saying, Hegemon Cloudmount flicked his sleeves grandly and started refining the Unadorned Golden Lotus.

Ye Yuan's pupils constricted. Did chaos heavenly masters all refine heavenly medicines like this?

But very soon, he converged his mind and placed his mind and body on the Unadorned Golden Lotus.

Only to see the Unadorned Golden Lotus gradually transform, turning into a heavenly pill!

An incredibly profound aura flowed around the heavenly pill.

Ye Yuan's eyes became brighter and brighter.

He seemed to have grasped something but failed to grasp it at the same time.

It was seemingly like a castle in the sky.

He felt that this layer of windowpane paper had already been poked through!

Of course, he had not broken through yet.

However, he could already see what was profound grade through that tiny gap.

His refinement was not carried out randomly but with a definite target in mind.

He went in the direction of Ye Yuan's Dao elucidation, slowly guiding, letting Ye Yuan cross this river himself.

He did not impose anything on Ye Yuan. He just acted in accordance with the flow.

What Ye Yuan was walking was his own Dao. It had nothing to do with him.

Very soon, an ordinary, but also not-ordinary heavenly pill appeared before Ye Yuan.

"Understood?" Cloudmount said.

"Understood!" Ye Yuan drew a deep breath and said.

"Understood what?"

"Profound grade is also Dao! However, it's just an extension of Dao! The water will flow naturally when the channel forms!"

Ahint of a proud smile flashed across Cloudmount's face.

This boy was too monstrous!

To ordinary heavenly alchemists, the divine ability that he displayed where there was nothing in the world that could not be refined, it was absolutely shocking!

This kind of divine skill was exclusive to chaos heavenly masters!

Ordinary people would definitely be immersed in it.

Didn't you see that at the side, Zuo Chen was still immersed in it, unable to extricate himself?

But Ye Yuan did not!

This boy's heart was like a clear mirror. He was too clear about what he wanted!

Although Ye Yuan was also shocked at his means, he placed all of his focus on profound grade.

‘Therefore, Ye Yuan really understood!

He understood what profound grade was.

As for breaking through, that was merely something that would happen naturally without extra effort.

After Ye Yuan went to the Extreme Medicine Sect and entered the Scripture Library, he would probably be able to break through before long.

If not for his guidance, Ye Yuan would probably have to study for more than ten years in the Scripture Library before he could puncture this layer of windowpane paper!

Perhaps even longer!

‘True grade to profound grade was far too difficult!

Many Emperor Realm heavenly alchemists could not attain it yet, let alone Ye Yuan this Saint Sovereign Heaven.

It was not that if you reached the bottleneck, you would be able to break through very soon.

Breaking through in ten years, Ye Yuan was already a monster among monsters.

Many Emperor Realms were stuck at this hurdle for thousands of years!

Of course, Ye Yuan was also extremely shocked in his heart.

Acknowledging this master was the right call!

This Hegemon Cloudmount was absolutely an expert in teaching disciples!

That guidance just now could not be done just because one’s realm was high.

A high realm and teaching disciples were two completely different things.

Some people’s realms were extremely high. But the disciples under them were each lousier than the last.

Some people’s realms were not high. But they could have disciples spread all over the world.

Knowing how to teach and not knowing how to teach, the difference was too great.

Hegemon Cloudmount’s cultivation realm was not only incredibly high, but he also had the knack for teaching disciples too.

No wonder he could bring up Zhou Pinespring, this chaos heavenly master!

A bout of casual giving pointers saved him decades of hard work. This was not what the average person could do.

“Alright, this is settled. This seat will be heading back too. The southern front’s war is too tense. Master’s clone can’t leave for too long. You go to the Extreme Medicine Sect First and enter the Extreme Light Pavilion. Over there, Pinespring has already arranged things for you. The remaining road, you can

just walk on your own! After you come to the Absolute Heaven Barrier, this seat will give you more pointers.”

Ye Yuan was touched in his heart. Hegemon Cloudmount could be said to have taken an extraordinary risk for him.

With his clone leaving during the war, it was equivalent to diminishing one’s own strength.

Once he really encountered a formidable enemy, it would be very easy to get injured.

“Many thanks, Master Cloudmount!” Ye Yuan said sincerely.

Hegemon Cloudmount smiled and said, “You, boy, didn’t let Master down! This trip wasn’t in vain!

After he was done talking, Hegemon Cloudmount’s figure swayed, and he disappeared.

Ye Yuan pushed Zuo Chen, Zuo Chen abruptly startled awake and said blankly, “Ancestor Cloudmount he ... left?”

Ye Yuan gave him a look and said crossly, “Stop thinking! Immersing in it will damage your Dao heart!”

Zuo Chen was suddenly shocked!

[Unrivaled Medicine God](#)

Chapter 2840: Standing By and Watching People Die!

“Master Zuo, take care!”

“You brat, this seat is at any rate Emperor Realm too. Don’t make that face as if it’s a parting of life and death, alright?”

“Huhu, Old Man Zuo, you accepted a good disciple!”

“Humph! Don’t talk rubbish. Ye Yuan’s current identity isn’t the same anymore!”

Emperor Dan Fei became embarrassed and immediately shut up.

The matter of Ye Yuan becoming Hegemon Cloudmount’s disciple, they knew about it too.

‘When they learned about this news from Zuo Chen, they were naturally shocked to the extreme.

Hegemon Cloudmount had not taken disciples for more than 100 thousand years already. This time, he actually came over personally for the sake of a measly little Saint Sovereign Heaven!

It could be seen how highly he valued Ye Yuan.

Just as Emperor Dan Fei said, Ye Yuan’s current identity was different!

In terms of seniority, they had to call Ye Yuan grandmaster!

On the contrary, it was Zuo Chen who did not need to call him like this.

At this time, it was already time to leave.

The southern front was strained. Dan Fei and the other Emperor Realm powerhouses had to head to the southern front immediately to fight.

Meanwhile, Ye Yuan and a few others were going to the Extreme Medicine Sect.

After this parting, he also did not know whether they would meet again. Ye Yuan was naturally sentimental.

Zuo Chen played it down, but he knew that the southern front was very dangerous. Forget about Emperor Realm; even Hegemon Realms might fall too.

“Kid, over at the sect’s side, this seat has already made arrangements for you. After arriving at the sect, your Senior Apprentice Brother Hua Zong will arrange everything. This matter of Ancestor Cloudmount accepting you as a disciple, you shouldn’t publicize this matter either. His identity is too exalted.

He’s the thorn in the blood race’s side. Once exposed, the blood race will definitely kill you at any cost. Therefore, you’re still this seat’s disciple on the surface. Understand?” Zuo Chen exhorted.

Ye Yuan nodded and said, “This disciple understands!”

The two groups of people split up. Ye Yuan brought Yang Qing and the others, and they headed straight to the Extreme Medicine Sect.

The Extreme Medicine Sect was located at East Victory Mountain Range, east of the Heaven One Continent.

The landscape was endowed with natural spirits, gathering heaven and earth spiritual energy, being a holy land for cultivation.

The Heaven One Continent was extremely vast. Something as large as the Rainclear Continent was only one-ten thousandth as the Heaven One Continent.

The Grand Brightjade Complete Heaven’s three vast continents, plus the area of the ocean, was simply immeasurable.

On the three continents, there were originally seven great Hegemon level sects.

The Heaven One Continent had the most. It had three, and the Extreme Medicine Sect was one of them.

However, four out of the seven great sects had been destroyed. Now, there was only the Heaven Seeking Sect, Extreme Medicine Sect, and Nine Suns Sect left.

And the blood race marched north. Nine Suns Sect was the first to bear the brunt. Most of its territory was occupied by the blood race.

In the past, the seven great sects were divided. When it came down to race extermination, they had no choice but to join forces too.

It was also under this kind of circumstances that Hegemon Realm powerhouses joined forces to build the Absolute Heaven Barrier and resist the enemy.

In contrast, the blow that the Extreme Medicine Sect suffered was actually not considered great.

Therefore, the current Extreme Medicine Sect was still a prosperous scene.

‘When Ye Yuan and the rest passed through the transmission array and reached East Victory Mountain Range, it was already half a month later.

“Tsk tsk, truly well-deserving of being a Hegemon level sect! This magnificence, this aura, in the future, I, Hegemon Azuresky, will definitely dominate here!” Yang Qing looked at that magnificent hall that towered into the clouds and said passionately.

“Pfft!” Big Yellow and Jingfei two people both laughed at the same time.

Yang Qing’s face turned black, and he said in a solemn voice, “What are you guys laughing about? This sovereign has already stepped into True Sovereign Heaven. Within ten thousand years, this sovereign will definitely step into Hegemon Realm!”

Jingfei said gleefully, “Bullshit! If you want to say Big Brother Ye Yuan cultivating to Hegemon Realm, I’ll believe it. But you ... No chance!”

Yang Qing was furious and said to Ye Yuan, “Punk, come, come, come! Let’s fight one-on-one! If I don’t beat you until you kneel on the ground and beg for mercy, then I’m not called Sovereign Azuresky!”

Ye Yuan did not speak. Dao sword appeared indistinctly between his brows.

Yang Qing’s expression changed, and he hurriedly took a few steps back and said with a cautious look, “You’re acting shamelessly! What kind of hero are you considered by using the Dao sword?”

In a frontal confrontation, after he stepped in True Sovereign Heaven, Ye Yuan was definitely not his match.

He was not an ordinary True Sovereign Heaven. In the previous great battle, he had once battled three people alone and even overpowered his opponents.

Although Ye Yuan was able to jump realms and battle, that also depended on who the target was.

True Sovereign Heavens were not to be trifled with.

But, if he used the Dao sword, that was completely different.

One had to know, back then, one sword from Ye Yuan cut down the middle True Sovereign Heaven Han Guang!

Therefore, when Ye Yuan utilized the Dao sword, Yang Qing immediately yielded.

When Jingfei saw the situation, she laughed herself even harder into fits and said, “What rubbish Sovereign Azuresky! You’re just relying on that your realm is a little higher. If you have the ability, fight with Big Brother Ye Yuan at the same realm! Big Brother Ye Yuan will give you a handicap of one hand.

Oh, no, give you a handicap of both hands and both legs and you’re not a match for him too!”

Yang Qing’s mouth curled, and he said disdainfully, “Humph! He’s just relying on that he’s a divergent cultivator. You rest assured. This sovereign absolutely won’t let him catch up! When he reaches Emperor Sakra Heaven, this sovereign would have already reached the Hegemon Realm! At that time, I’ll

ravage him then!”

Ye Yuan ignored Yang Qing and already drifted down, frowning slightly.

In front of the Extreme Medicine Sect’s gates, large batches of wounded people were gathering over from all directions, wails filling the land.

A youth who was injured all over carried another youth as he pleaded bitterly to an Extreme Medicine Sect disciple, “Extreme Medicine Sect’s living bodhisattvas, I beg you, let us enter! If my younger brother is still not saved, he’ll be dead for sure!”

The youth on his back was already on his dying breath, looking like he was about to kick the bucket.

But at this time, the Extreme Medicine Sect sent people to block his path and did not let these people go up the mountain at all.

‘The Extreme Medicine Sect disciple whom he was pleading with had an impatient look. Pushing him away, he said in a cold voice, “What’s the hurry? What’s the hurry? He’s merely a lower Saint Sovereign Heaven. Do you know how many people are waiting for treatment on the mountain now? Wait here.

If you dare to cause any more trouble, don’t blame us for not being courteous!”

‘When the youth who got pushed saw his younger brother’s appearance, his heart burned with anxiety, and he directly knelt down to that Extreme Medicine Sect disciple and said, “Your Excellency, I beg you, save my younger brother! He only became like this because of fighting with the blood race at

Absolute Heaven Barrier! You ... You can’t stand by and watch people die!”

‘The Extreme Medicine Sect disciple smiled coldly and said, “In that case, you’re all heroes? Open your damn eyes and take a look. Of those that the Extreme Medicine Sect is treating now, who isn’t a hero resisting the blood race? Go away! Keep causing trouble and you’ll be killed without amnesty!”

Clank!

That Extreme Medicine Sect disciple drew his blade, a cold aura swept out and made everyone’s expressions change.

“Puhwark!”

“Puhwark!”

Right at this time, the youth’s younger brother suddenly vomited large mouthfuls of blood, his eyes rolling up, looking as if it was hopeless for him.

The youth’s expression changed greatly and he said in a panic, “Zhang Yi, you ... you have to hold on! We ... We’re already reached the Extreme Medicine Sect. They will definitely save you!”

That Extreme Medicine Sect disciple’s expression was indifferent. Clearly, he did not have the intention of stepping forward to heal him.

All around, many people had looks of lament and resentment, all glaring at the Extreme Medicine Sect disciple angrily.

But they clearly did not care.

Just some ants, what could they do to them?

These days, the southern front had fallen into a frenzied great battle. The blood race launched wave and wave of assault, Heaven One's side suffered heavy casualties.

As the number one alchemy sect, the people coming to the Extreme Medicine Sect to seek medicinal treatment naturally came and went in endless streams.

The entire Extreme Medicine Sect had already reached a state of full load operations. They seriously could not accommodate so many people anymore.

Hence, they naturally had to choose who to treat.

The army that the southern front formed, those were all the various major sects' disciples, their strength far surpassing these itinerant cultivators.

But the real numbers were still these nameless itinerant cultivators.

They might not be strong, but they also formed all kinds of organizations and were killing the enemy on the front line.

These people in front of them were firstly without background, and secondly, they were without strength. They would naturally be stopped outside the mountain pass gates.

Right at this time, Ye Yuan arrived next to the youth's younger brother with a flash.

It was only to see stars lit up. The Xuanji Nine Leaves suddenly activated.

One divine essence needle after another entered Zhang Yi's body. Very soon, Zhang Yi stopped puking blood, and his aura also became much more uniform..
