

Medicine God 2841

[Unrivaed Medicine God](#)

Chapter 2841: Too Incredible!

After finishing these, Ye Yuan took out a heavenly pill and directly melted it in water, took out a small cup, and let the youth's younger brother drink it.

The complexion of the youth's younger brother, who was originally on his dying breath, became rosy very quickly.

Everyone stared at Ye Yuan without moving their gaze, their eyes going from doubt to surprise.

That Extreme Medicine Sect's disciple's reaction was the fastest. He naturally knew what Ye Yuan was going to do.

Originally, he had a disdainful look. But very soon, his expression became solemn.

An expert!

This acupuncture technique was much stronger than even many of the top disciples in the sect!

Also, that heavenly pill, it was definitely peak true grade!

'Was this here to challenge the dojo?

"Divine doctor! That kid was practically about to meet King Yama just now. Now, he actually lived!"

"What formidable medical skills, truly the means to revive the dead!"

"This master is a virtuous doctor, saving the wounded, not like the Extreme Medicine Sect, standing by and watching people die, humph!"

Seeing Ye Yuan having such miraculous methods, waves of exclamations immediately came from all around.

Of course, they also showed contempt for the Extreme Medicine Sect while they were at it.

One refused to help people in mortal danger. The other had a doctor's benevolence, the level was immediately established!

"Alright. Bring your younger brother to go and rest for a while, and he'll be fine," Ye Yuan said to the youth.

'When the youth saw that his younger brother had come back to life, his two eyes went red with agitation. Kneeling down in front of Ye Yuan with a thud, he said, "Many thanks, Master, for your life-saving grace! Zhang Song's life will be sold to Master!"

Ye Yuan waved his hand and said, "Alright, go on. There are still many people who need treatment here, don't delay."

Finished saying, he said loudly, "People who are on the verge of dying, come in front of me to queue up in haste. You're not allowed to hold a position without being qualified. Otherwise ... kill without mercy!"

This yell immediately attracted an uproar.

Those Saint Sovereign Heavens who were seriously injured on the verge of death, immediately rushed forward together.

'The wounded present were not less than ten thousand people. But those who were truly about to die were naturally in the minority.

Very soon, those people came in front of Ye Yuan and lined up in a snaking queue.

Ye Yuan's acupuncture technique, coupled with true grade heavenly pills melted in water, virtually worked like a charm.

The surrounded cries of exclamations were continuous!

'The Extreme Medicine Sect disciple who was in front was called Qian Nan, a half-step True Sovereign Heaven powerhouse.

At this time, Qian Nan's expression became increasingly uglier.

This punk clearly came to the Extreme Medicine Sect to slap faces!

The people that we did not take in, you treated them to earn fame?

Furthermore, it was even in front of the mountain pass gates of a behemoth like the Extreme Medicine Sect. Were you freaking nuts?

He came in front of Ye Yuan, using his blade to point at Ye Yuan, he said in a cold voice, "Brat, here isn't the place for you to show off. Hurry up and get lost; otherwise, you'll get it!"

Ye Yuan ignored him and said coolly, "Big Yellow, dole out a small punishment, break his legs!"

Qian Nan was just about to sneer and mock Ye Yuan: did you ate a bear's heart or leopard's gall? To dare beat the Extreme Medicine Sect's disciple in front of the Extreme Medicine Sect's mountain pass gates?

However, his eyes blurred. Big Yellow's hoof already arrived.

The Extreme Medicine Sect's half-step True Sovereign Heaven was naturally very strong.

But who was Big Yellow?

He already killed his way into history's top 1000 in the Labyrinth Divine Palace. It was already rare for him to have a match in the same rank!

This hoof directly kicked Qian Nan's entire person flying.

Then Big Yellow followed after swiftly.

Crack! Crack!

Qian Nan's two legs snapped in response!

“ARGH!”

Qian Nan screamed miserably. Everyone was stunned, including those people who came to seek medical treatment.

Beating the Extreme Medicine Sect’s disciple in front of the Extreme Medicine Sect’s gates, was this person a fool?

‘The Extreme Medicine Sect was a Hegemon level powerful sect!

Even in the era of the seven great Hegemon level sects, the Extreme Medicine Sect was a top major sect too.

‘The Extreme Medicine Sect’s Hegemon Realm powerhouses reached as many as four people!

Apart from Hegemon Cloudmount and Hegemon Pinespring, there were also two martial path powerhouses.

This kind of behemoth, even Hegemon Realms did not dare to easily provoke it.

Now, it actually had its front door blocked by a measly little Saint Sovereign Heaven and got slapped in the face?

“You ... You really dare to break my legs! Everyone attack together for me! Dice this punk into pieces!”
Qian Nan roared angrily.

As an Extreme Medicine Sect’s disciple, how revered was his status?

Some fellow who popped out from god knows where actually broke his legs!

There were hundreds of Saint Sovereign Heavens maintaining order in front of the mountain pass gates.

Hearing the order at this time, they immediately swarmed forward.

“Sovereign Azuresky is here! Who dares to act wildly?!”

Yang Qing’s long spear swung horizontally, the power of a True Sovereign Heaven suddenly bloomed. The footsteps of those Saint Sovereign Heaven disciples abruptly stopped.

Everyone present was inexplicably shocked again.

It was not because Yang Qing was powerful, but they were shocked by his boldness!

You were also too freaking domineering, right?

A mere True Sovereign Heaven dared to posture at the Extreme Medicine Sect’s door?

The Extreme Medicine Sect’s True Sovereign Heavens numbered at least 8000; even if not, there should be over 5000!

Maintaining order, the Extreme Medicine Sect did not send powerhouses over. Because in their view, no one dared to make a move in front of the Extreme Medicine Sect’s gates at all.

Who knew that someone made a move!

Qian Nan endured the intense pain and said with a cold smile, "Huhu, Sovereign Azure, how awe-inspiring! Are the few of you really bullying my Extreme Medicine Sect for not having anybody?"

"It was not that the Extreme Medicine Sect doesn't have anyone. It's that you stood by and watched people die, ruining the Extreme Medicine Sect's reputation. Breaking your legs is teaching you a lesson on your teacher's behalf!" Ye Yuan treated a person and opened his mouth to say lightly.

Qian Nan said furiously, "Who the hell do you think you dare? To also be fit to lecture me? Go and invite Martial Uncle Wu Jiang they all over. I want to see what right a measly little middle Saint Sovereign Heaven has to be so impressive!"

Under Qian Nan's word of command, there was immediately someone who returned to the mountain pass gates.

Ye Yuan and the rest did not stop him either.

With this, those wounded were not calm anymore.

While this master was impressive, he was a little too impressive.

You also didn't take a look. Where was this place? To still want to teach people's disciple a lesson.

Wasn't this courting death?

"Master, you'd better leave quickly! Your great kindness, we're endlessly grateful! But the Extreme Medicine Sect can't be provoked!"

"Yeah, Master! You're a virtuous doctor, we all remember firmly in our hearts. Hurry up and go, or it will be too late!"

"The Extreme Medicine Sect is a Hegemon level sect. There are countless True Sovereign Heavens in the sect! The few of you can't gain any advantages!"

The surrounding wounded urged one after another, asking Ye Yuan and his companions to leave.

But Ye Yuan smiled and said, "No worries. Even if their teachers came, I'm scared that the people they call over don't have enough weight."

Everyone toppled!

You were posturing too much!

If their sect randomly sent a few True Sovereign Heavens over, they would crush you guys to death.

There was naturally no one who would think that this measly little Saint Sovereign Heaven before their eyes was the Extreme Medicine Sect's ancestor's disciple.

Even if this identity could not be known to the outside world, the seniority of Zuo Chen's disciple was also extremely high.

When Qian Nan heard it, he snickered and said, "Huhu, I really broadened my horizons today! In that case, I'll see if you can still be so impressive after our teacher arrives!"

Very soon, more than ten True Sovereign Heavens flew over in a threatening manner.

A youth in blue long robes shouted coldly, “Who is it to dare act wildly before our Extreme Medicine Sect’s mountain pass gates?”

Blue robes were the attire of True Sovereign Heaven disciples.

The arrival was precisely Wu Jiang, middle True Sovereign Heaven powerhouse.

‘When Qian Nan saw that Wu Jiang came, he immediately became emboldened and said to Ye Yuan with a cold smile, “This master, my teacher is here. I want to see how you teach me a lesson! Martial Uncle Wu Jiang, it’s this punk who damaged our Extreme Medicine Sect’s reputation in front of the mountain pass gates, and he even broke my legs, saying that it’s teaching me a lesson on my teacher’s behalf!”

‘Wu Jiang’s expression turned cold, the pressure of a True Sovereign Heaven directly pressed down on Ye Yuan’s body as he said in a solemn voice, “Where did this impudent thing come from? Are you courting death?”

Ye Yuan ignored him and still administered the needles as he said with his back facing him, “Is the management of the mountain pass gates your responsibility?”

Unrivaled Medicine God

Chapter 2842: Kneel!

“Listening to you, do you also want to denounce me publicly for crimes?” Wu Jiang looked at Ye Yuan and said with a cold smile.

“Why? Can’t I?” Ye Yuan still said coolly.

Wu Jiang’s expression turned cold, and he said, “Showing you a bit of color and you really opened a dye shop! A mere Saint Sovereign Heaven boasting shamelessly in front of our Extreme Medicine Sect, who gave you

the courage?”

Ye Yuan still did not turn his head back and said coolly, “The Extreme Medicine Sect is one of Heaven One’s only remaining fruits, and it is also the number one alchemy path sect. In the war with the blood race, the

Extreme Medicine Sect’s disciples gained great prestige because they fought bloody battles on the battlefield and treated countless wounded. But you all ignored tens of thousands of wounded and stood by as you

watched people die; hearts like stone. The Extreme Medicine Sect’s face has been utterly lost by you all!”

Everyone could not help nodding one after another when they heard it.

The Extreme Medicine Sect’s reputation had indeed reached its peak after the war.

ot only the Extreme Medicine Sect's disciples fought at the front lines and had countless casualties, they even healed countless wounded.

n terms of prestige, the Extreme Medicine Sect was currently the well-deserved number one major sect!

But it was also precisely because of this that the Extreme Medicine Sect had many disciples who became conceited and condescending.

Dao Chen and the others from before, and the Wu Jiang and the others too, they were all like this.

To really discuss merits, Wu Jiang these people had meager cultivation realms. How much merit could they have?

But they relied on the Extreme Medicine Sect's record of merits and damaged the Extreme Medicine Sect's reputation.

ow that Ye Yuan entered the Extreme Medicine Sect, he could naturally interfere.

Moreover, the likes of Wu Jiang and Qian Nan were incomparably cold-blooded, passively watching these people die without caring about them. This was diametrically opposed to the Medicine Dao that Ye Yuan

upheld. It was not something that he could tolerate.

When Wu Jiang heard, he did not get angry but smiled instead and said, "Oh wow, you, a mere Saint Sovereign Heaven, is bemoaning the state of the universe and pitying the fate of mankind! It's just that if you want to

posture, did you pick the wrong place to do it? Who the hell do you think you are? To dare lecture this sovereign?"

Everyone felt that Ye Yuan was crazy.

If you lectured the Saint Sovereign Heaven Qian Nan, forget it.

Now, his martial uncle came, and you still lectured him?

These ten over people were all True Sovereign Heaven powerhouses!

You only had one True Sovereign Heaven here!

Wu Jiang could not be bothered to talk nonsense either, directly making a hand gesture. More than ten True Sovereign Heavens rushed forward.

That commotion was very shocking.

The surrounding people lamented. Asked you to run away long ago, you didn't run. Now, you can't escape even if you want to run away!

But right at this time, a figure suddenly blocked the paths of Wu Jiang and the rest.

When Wu Jiang saw the arrival, he could not help being overjoyed and said, "Wu Jiang, pays respect to Martial Uncle Hua Zong!"

“Paying respect to Martial Uncle Hua Zong!”

“Paying respect to Grandmaster Hua Zong!”

Those True Sovereign Heaven and Saint Sovereign Heavens bowed one after another.

Hua Zong was Zuo Chen’s personal disciple.

Although he was only grand completion True Sovereign Heaven Realm, he was the personal disciple of Zuo Chen this big shot. So he was one generation higher than Wu Jiang in terms of seniority.

Of course, Wu Jiang had nothing to complain about either.

Hua Zong would step into Emperor Realm before long!

Emperor Cloud Heaven, even if it was the weakest Emperor Cloud Heaven Realm, it was also not an unimportant character in the sect anymore.

Therefore, Hua Zong’s status in the Extreme Medicine Sect was not low!

Hua Zong nodded slightly, considered to have responded.

But Wu Jiang said in great joy, “Martial Uncle Hua Zong came just in time. This boy is trying to win popular support in front of our Extreme Medicine Sect’s gates, slandering the Extreme Medicine Sect and even

breaking our Extreme Medicine Sect’s disciple’s legs. Martial Uncle, please uphold justice and take this boy down!”

Wu Jiang was a wily old fox too. Since Hua Zong came, this matter would naturally have Hua Zong take charge.

Want to beat or kill, it was all up to him.

Hua Zong did not react. He just said lightly, “Kneel down.”

Wu Jiang and his fellow disciples were taken aback and said, “Martial Uncle Hua Zong ...”

Hua Zong’s brows furrowed slightly, and he said in a solemn voice, “Kneel down!”

Wu Jiang naturally did not dare to contradict Hua Zong. He could only kneel down unwillingly and said, “I wonder how this disciple has offended Martial Uncle Hua Zong? Martial Uncle, please make things clear!”

Hua Zong ignored him but turned to Ye Yuan and said, “Junior Apprentice Brother Ye, do you want my help?”

One sentence, and everyone was extremely shocked.

“W-What did he call? He actually called this master ... as his junior apprentice brother?”

“No way, right? Although this lord is True Sovereign Heaven, that Sovereign Wu Jiang calls his martial uncle, it can be seen that his status in the Extreme Medicine Sect is extremely high! He’s actually calling a Saint

Sovereign Heaven junior apprentice brother?”

“Like this, wouldn’t that Wu Jiang have to call Master Ye martial uncle too? Amazing! No wonder Master Ye had a lecturing tone all along. It turned out that his identity is actually so frightening!”

“The Extreme Medicine Sect is well-deserving as the present Heaven One’s number one major sect. It’s indeed still of high moral standing and commands universal respect! It’s just that some monks recited the

scriptures wrongly. We’ve blamed the Extreme Medicine Sect unjustly!”

One ‘junior apprentice brother’ immediately caused the entire place to burst into an uproar.

Before this, there was seriously no one who dared to think so.

A mere Saint Sovereign Heaven, what the hell did he count for in the Extreme Medicine Sect?

Although the Extreme Medicine Sect was not a super major sect like the Labyrinth Divine Palace, they still had tens of thousands of Saint Sovereign Heaven disciples.

It could be said that Saint Sovereign Heavens were as plentiful as dogs in Hegemon level sects!

To those upper echelons, they would not go and care about the life and death of Saint Sovereign Heavens at all.

Wanting to stand out from among Saint Sovereign Heaven, there was only defying the heavens all the way, and reaching the Emperor Realm!

If not, one at least had to kill their way to the forefront among True Sovereign Heavens too.

Therefore, no one ever thought that Ye Yuan was the Extreme Medicine Sect’s upper echelon.

Yet, he was!

The moment his identity became clear, the surrounding people also finally understood why Ye Yuan kept on lecturing Wu Jiang and Qian Nan.

These guys brought shame upon the Extreme Medicine Sect’s name!

Ye Yuan could not stand it and was slapping their faces.

One sentence immediately shifted these people’s negative emotions towards the Extreme Medicine Sect completely away.

As for Wu Jiang and the rest, they were completely dumbfounded.

“J-Junior Apprentice Brother? Isn’t Martial Uncle Hua Zong Grandmaster Zuo Chen’s youngest disciple? When did another junior apprentice brother pop out?” Wu Jiang was stunned.

In other words, we were all posturing to our martial uncle earlier?

Just now, I was still scolding, who the hell do you think you are?

Wu Jiang only felt bitterness in his mouth.

In the Extreme Medicine Sect, heavenly alchemists were revered as supreme. Martial artists took second place.

And Zuo Chen was also an extremely strong existence among grade eight heavenly alchemists, his status being extremely high.

Otherwise, even if Hua Zong was a personal disciple, Wu Jiang would not be so respectful either.

After all, he had a master too.

But now, he actually offended Grandmaster Zuo Chen's disciple!

This was a disaster!

When Hua Zong greeted, Ye Yuan still did not turn back and just said coolly, "Then I'll have to trouble Senior Apprentice Brother Hua! This junior apprentice brother is currently administering needles and can't get up

to pay respects to Senior Apprentice Brother. I hope that Senior Apprentice Brother is magnanimous. After healing these wounded, we'll talk again."

Hua Zong nodded slightly and said, "As it ought to be! Wounded people, come over to my side!"

Hence, these two people started treating those wounded.

Hua Zong was a peak grade six heavenly alchemist, his strength being extremely formidable. Otherwise, he would not have been taken in by Zuo Chen as a personal disciple too.

He had also just arrived and did not see Ye Yuan treating the rest before.

However, when Zuo Chen summoned him, he told him about some of Ye Yuan's characteristics. This Xuanji Nine Leaves was one of them.

Therefore, the moment he saw stars revolving around, he knew that Ye Yuan was here.

But, at this time, he divided a portion of his energy to focus on Ye Yuan there and was incredibly shocked in his heart.

What swift and fierce technique!.

[Unrivaled Medicine God](#)

Chapter 2843: Help Him Brag!

"Junior Apprentice Brother's Alchemy Dao realm is likely quite a bit stronger than me! No wonder Master repeatedly exhorted me to definitely take good care of Junior Apprentice Brother! He's just a grade five

heavenly alchemist. When he reaches my realm, he might even have a chance to compete with Hegemon Pinespring back then!"

Seeing Ye Yuan's acupuncture technique, titanic waves set off in Hua Zong's heart.

It was just that he did not know that in Ancestor Cloudmount's heart, the current Ye Yuan already surpassed Zhou Pinespring back then!

With regards to his master's orders, Hua Zong was very perplexed in his heart.

That tone was actually like ... somewhat ingratiating himself with Junior Apprentice Brother!

Previously, he had some indignation and disdain in his heart.

But now, it completely dissipated!

The two people were both exceedingly formidable people. When they took action, it was naturally extraordinary.

However, the numbers were too many. The two of them also used a full day before completely healing those severely wounded people.

Meanwhile, Wu Jiang and the rest knelt there just like that, being at a loss on what to do.

After treating the last person, Ye Yuan got up and said loudly, "Everyone, the Extreme Medicine Sect won't stand by and watch people die! You all came over from the southern front too. You know how fierce the war is

over there. There are too many wounded being sent back, resulting in the present situation. However, everyone rest assured. You all wait here first. This Ye will arrange for manpower to come over and carry out

treatment on everyone according to your injuries. Everyone, please observe order. That way, more people can receive medical treatment."

"Okay! Many thanks for your help, Master Ye!"

"Master Ye, rest assured. We just came to seek medical treatment. We won't make trouble!"

"We trust the Extreme Medicine Sect's credibility. We'll wait right here!"

When he was done speaking, those wounded people immediately made their attitudes known.

These people were all moved by Ye Yuan.

Originally, with Ye Yuan's identity, he did not need to care about them at all.

But Ye Yuan did not shirk from hardship and treated hundreds of people.

These people naturally trusted what he said.

However, Hua Zong, who was by the side, frowned slightly. However, he covered it up very quickly.

Some things were not appropriate to say in front of so many people.

Ye Yuan had not entered the sect yet. He probably did not know how complicated things were inside this kind of Hegemon level sect!

Finished saying, Ye Yuan came before the kneeling Wu Jiang.

Wu Jiang's expression was extremely ugly, but he could only call out, "D-Disciple pays respect to Martial Uncle!"

Ye Yuan said coolly, "I wonder if I'm qualified to teach you a lesson now?"

Although Wu Jiang was unhappy in his heart, he still nodded and said, "Martial Uncle is naturally qualified to teach this disciple a lesson!"

His strength was not strong in the sect, and his status was not high. Otherwise, he also would not have been sent to guard the mountain pass gates.

Therefore, he could not afford to provoke someone with Ye Yuan's identity.

"Good that I'm qualified! You listen up! The Heaven One Continent is presently united against outsiders, making no distinctions between each other! These people, they are all our comrades in arms! As the number one

major sect in the world, our Extreme Medicine Sect should naturally also shoulder the responsibility of being the number one great sect! The Extreme Medicine Sect's prestige, that's all forged bit by bit, by Hegemon

ancestors and Emperor Realm powerhouses! You guys are just sitting idly and reaping the fruits of others' labor!"

"You, these people are staying in the rear, you don't know the cruelty of the front lines at all! If you all have also experienced the death of your loved ones and witnessed the power of the blood race, you guys wouldn't

be so cold anymore! Today, in front of all the Extreme Medicine Sect disciples present, I'll report this to the Extreme Light Pavilion and let you all go to the Absolute Heaven Barrier to experience what's called cruelty

and what's called comrade-in-arms!"

Hua Zong, who was by the side, was dumbfounded with shock from listening.

Was this junior apprentice brother too naive or too arrogant?

A few hundred Saint Sovereign Heavens present, more than ten True Sovereign Heavens, you said dispatch and they would be dispatched?

na massive sect, the relationships were complicated and confusing!

Saint Sovereign Heaven was still alright, but behind True Sovereign Heavens, there were more or less the shadows of Emperor Realm powerhouses.

ff he touched one or two people, with Zuo Chen's face, there was naturally no one who dared to talk behind his back.

But, touching several hundred people at once, even Zuo Chen could not suppress it too!

eorting to Extreme Light Pavilion ... you really dared to say something like that!

Did you really think that this Extreme Medicine Sect was run by your family?

Hua Zong felt a headache coming. This junior apprentice brother had not even entered the sect and already caused considerable trouble.

Of course, he did not feel that Ye Yuan had the ability to do this.

But the talk was already released. At that time, if it could not be completed, then where would Master Zuo Chen's face go?

However, these words received the unanimous cheering of those seeking medical treatment when it was uttered.

"Master Ye is mighty!"

"Well done, Master Ye!"

The faces of Qian Nan and the rest punctured these people's hearts deeply.

Therefore, when Ye Yuan said it, they naturally clapped their hands in joy.

Wu Jiang and the rest had respectful faces, but they were sneering endlessly in their hearts.

No idea where this country bumpkin came from either. Did he really think that he could do whatever he wanted in the Extreme Medicine Sect after acknowledging Emperor Zuo Chen as his master?

There were no less than 100 thousand Extreme Medicine Sect disciples.

So many disciples, the factions in it went without saying.

The larger the sect, the more complicated and confusing the relationships.

If you were Emperor Realm, there might really be some deterrent force when you said this.

But you were just merely a puny little grade five heavenly alchemist; that was all!

No matter how high your talent was, could it still affect the decision of the upper echelons?

Reckless and blind!

Young people indeed hungered for fame and reputation and liked posturing!

It was just that, have you considered your master's feelings when you postured like this?

Wu Jiang knelt, the corners of his mouth sneering as he said, "I leave it up to Martial Uncle to deal with!"

Hua Zong frowned slightly and said with a wave of his hand, "All of you withdraw. Switch to another batch of people to come and maintain order!"

Wu Jiang kowtowed to Hua Zong and brought people and withdrew.

Along the way, Wu Jiang had a disdainful look as he said, "Huhu, really a very stupid and naive boy! Does he think that by acknowledging Grandmaster Zuo Chen as his master, he transformed from a swallow into a

phoenix? Doesn't he know that in the Emperor Sakra Heaven, there's still Emperor Sakra Heaven and also Hegemon Realm?"

Qian Nan also smiled coldly and said, "This boast was over the top. We got to help him brag about it after going back! Otherwise, it can't show the prowess of this grandmaster!"

The moment Wu Jiang heard, a hint of a smile could not help surfacing on his face.

Yeah, this boy embarrassed him so hard today. If he did not repay it, it would really let him down too much!

Although on the surface he could not afford to provoke Ye Yuan, he could still play some cheap tricks in the dark.

Such as letting everyone know about the brag that Ye Yuan made!

At that time, see how this guy cleans up the mess!

Furthermore, after Zuo Chen knew about this, he would definitely view Ye Yuan 'in a different light.'

As for Zuo Chen's face, sorry about it, that wasn't our business anymore.

He, Wu Jiang, had no relations with Zuo Chen whatsoever!

After Wu Jiang and the others left, Hua Zong also led Ye Yuan away from the mountain pass gates.

He noticed that although there was already no one maintaining order, these ten thousand people were still orderly.

Furthermore, there were still many wounded people rushing over from all directions.

Among them, some powerhouses even took the initiative to appear and help maintain order, classifying these wounded into categories.

Seeing this scene, Hua Zong also sighed emotionally.

He knew that Ye Yuan's way of doing things was correct, but for some things, his strength fell short of his wishes too!.

[Unrivaled Medicine God](#)

Chapter 2844: Song Qingyang!

"Junior Apprentice Brother, you just entered the sect. Some things should originally not be said to you. But ... you caused a lot of trouble for Master!" Hua Zong said with a solemn expression.

"Oh? Why do you say that?" Ye Yuan said indifferently.

Seeing Ye Yuan's appearance, Hua Zong was even angrier at his failure to live up to expectations.

But Master repeatedly exhorted to definitely take good care of Junior Apprentice Brother. Clearly, he valued him greatly. So he could not flare up too.

“Junior Apprentice Brother just came to the sect. You’re probably not clear about many things yet. The Extreme Medicine Sect has many people, the factions standing in great numbers. Although these people’s

cultivation realms aren’t high, they more or less have some forces behind them. You want to dispatch them to the front-lines. It’s probably not realistic! But, you already put the word out just now. Wu Jiang they all will

definitely blow the matter up. At that time, we won’t be able to clean up the mess, and Master’s face will be utterly lost!” Hua Zong said in a solemn voice.

Hua Zong killed his way out from Saint Sovereign Heaven one step at a time too. That was how he was taken in as a disciple by Zuo Chen.

With regards to the petty tricks of Wu Jiang these people, his heart was clear as a bright mirror.

This kind of method to deal with Emperor Realm powerhouses, that was equivalent to seeking death.

But, to a newbie who just entered the sect, it proved effective every time.

Ye Yuan smiled and said, “Senior Apprentice Brother, I feel that the Extreme Medicine Sect is still too easy and comfortable! At present, we’re being confronted by a formidable enemy, but the Extreme Medicine Sect

hasn’t even gone to the front-lines. This isn’t appropriate! Wu Jiang they all are just the first batch. I feel that later, our Extreme Medicine Sect’s disciples can be sent to the front-lines in batches. You got to know, that

place is where you can increase strength the fastest!”

Hua Zong opened his mouth wide, having a dumbfounded look on his face.

Not answering the question!

Forget about that; this kid actually still wanted to make everyone take a tour to the Absolute Heaven Barrier!

Was he crazy?

With just the likes of you, a measly little Saint Sovereign Heaven?

Or did you think that you are the Extreme Medicine Sect’s sect master, and you are giving directions to the nation here?

Hua Zong smiled bitterly and said, “Junior Apprentice Brother, if this matter isn’t resolved, Master will be furious when the time comes. It isn’t a good thing to you either!”

Ye Yuan smiled and said, “Senior Apprentice Brother, rest assured. I have a score in my heart!”

You have a score my *ss!

Hua Zong secretly cursed in his heart. This brat was really hopeless!

What kind of eyes did his master have to actually take fancy on this kind of fool?

“Brother will say up to here. Junior Apprentice Brother, take care of yourself!” Hua Zong’s tone also became unfriendly.

This kind of person who was rash and indiscreet, furthermore, closed his ears off to other people’s words, he really did not know what he should do.

Hua Zong settled Ye Yuan down and immediately left.

East Victory Mountain Range occupied a vast area with countless spiritual veins. Zuo Chen’s lineage also had their own dojo, Xuan Yang Peak.

The residences of Ye Yuan and Yang Qing few people were on Xuan Yang Peak.

After Ye Yuan returned to his own residence, a middle-aged man dressed in green Dao robes appeared out of thin air in the house just like that.

“Current sect master, Song Qingyang, pays respect to Martial Uncle!” This middle-aged man actually directly clasped his hands and said to Ye Yuan.

If someone was here, they would definitely be frightened until their jaws dropped.

This middle-aged man in green shirt was an Emperor Sakra Heaven overlord, a grand completion Emperor Sakra Heaven mighty expert, as well as the current sect master, Song Qingyang!

He actually bowed to a measly little Saint Sovereign Heaven!

Of course, Song Qingyang’s face had some unnaturalness.

Asupreme powerhouse like him carried out the etiquette of a disciple to a measly little Saint Sovereign Heaven. He also had bitterness that he could not say out!

Ancestor Cloudmount, his elderly self, really knew how to look for trouble, to actually take a measly little Saint Sovereign Heaven in as a disciple!

Wasn’t this killing people?

Ye Yuan was currently in closed-seclusion and thinking. Hearing Song Qingyang’s voice, he slowly opened his eyes and said, “I’ve troubled Lord Sect Master!”

Song Qingyang hurriedly said, “Martial Uncle is killing Qingyang. You’re Ancestor Cloudmount’s personal disciple, so you’re naturally Qingyang’s senior too. Some trivial matters are what Qingyang should do.”

Song Qingyang coming over was naturally arranged by Zhou Pinespring.

Zhou Pinespring reminded him repeatedly that this junior apprentice brother was remarkable and highly favored by Ancestor Cloudmount.

Even if he was the sect master, he did not dare to be careless in front of Ye Yuan too.

Even if he knew that Ye Yuan was a divergent cultivator.

really talking about it, Song Qingyang was Hegemon Cloudmount's god knew how many generations of disciples already.

But he already cultivated to grand completion Emperor Sakra Heaven and could barely manage to call Cloudmount grandmaster.

Therefore, when he saw Ye Yuan, he could only call martial uncle too.

In the Extreme Medicine Sect, the sect master was not the real person in charge.

Above the sect master, there were actually still two great powers.

The first was naturally Hegemon Realms!

And the second was the Extreme Light Pavilion.

Only after that did it reach sect master.

Inside the Extreme Light Pavilion were all some old monsters

Some were former sect masters, and some were the sect's elders, etc.

However, those able to enter Emperor Sakra Heaven, the majority of their strength was grand completion Emperor Sakra Heaven!

These people were in closed-seclusion all year round or wandering outside, assaulting that fleeting and ephemeral Hegemon Realm.

The Extreme Light Pavilion's other two Hegemon Realms originated from the Extreme Light Pavilion.

And Zhou Pinespring was also a member of the Extreme Light Pavilion before promoting to Hegemon Realm.

Ye Yuan was the person that Cloudmount appointed to enter the Extreme Light Pavilion. Regardless of seniority or authority, he was above Song Qingyang.

Hence, he could only be careful.

It was just that, being like this to a measly little Saint Sovereign Heaven, Song Qingyang felt very uncomfortable in his heart.

"Lord Sect Master doesn't have to be like this. Although Ye Yuan's realm is low, I'm not an insensible person. Normally, you can just treat me as an ordinary disciple. I'll also be respectful to Lord Sect Master. I entered

the Extreme Medicine Sect primarily to enter the Scripture Library. Hence, I'll be entering closed-seclusion soon," Ye Yuan said with a smile.

After hearing this, Song Qingyang's heart eased up slightly.

He was afraid that this youth's status was high and would carelessly interfere in the sect's affairs.

Then he, this sect master, would really be awkward.

However, Ye Yuan entered the sect just to enter the Scripture Library?

What was this playing at?

Song Qingyang hurriedly said, "Then I'll have to make Martial Uncle feel wronged! The matter that happened outside the sect, Qingyang already knows. After arranging for Martial Uncle to enter the Extreme Light

Pavilion, I'll make the arrangements."

Ye Yuan smiled and said, "Many thanks, Lord Sect Master!"

Song Qingyang nodded slightly and said, "Then ... shall we enter the Extreme Light Pavilion right now?"

Ye Yuan nodded slightly. Song Qingyang flicked his sleeves and disappeared with Ye Yuan.

A figure took large strides into Wu Jiang's residence and said with a loud laugh, "Wu Jiang, I heard that you got taken care of by a Saint Sovereign Heaven? Hahaha, nice one!"

This person was Wu Jiang's diehard follower, Zhou Qun.

Zhou Qun's strength was not that strong, being comparable to Wu Jiang. But he was a capable person.

In the Extreme Medicine Sect, some people were very well-informed. Zhou Qun was one of them.

Hence, when Wu Jiang suffered a loss, he was the first to know.

When Wu Jiang saw Zhou Qun, he snorted coldly and said, "I was just about to go find you. You came just in time!"

Zhou Qun smiled and said, "Are you going to take this martial uncle of ours down a notch?"

Wu Jiang smiled and said, "It's still you who understands me!"

Zhou Qun chuckled and said, "You rest assured. This is my specialty! In less than a day, this matter will definitely rage all over the city. Even those Emperor Realm powerhouses will know! At that time, I want to see how

this martial uncle of ours gets down from the stage!"

[Unrivaled Medicine God](#)

Chapter 2845: Exiled to Absolute Heaven Barrier!

Very soon, a piece of news spread like wildfire.

Master Zuo Chen's new disciple, grade five heavenly alchemist Ye Yuan, instructed to exile several hundred of the sect's disciples to the Absolute Heaven Barrier.

The moment the news came out, it immediately incurred a wave of ridicule and mockery.

"Who does he think he is? He can utter something that sounds so overconfident?"

"Huhu, he acknowledged an amazing teacher. It's understandable."

“Goodness gracious, if they got sent out, what to do about it in the future? Should we go to XuanYang Peak to grovel to this grandmaster?”

“How wise is Ancestor Zuo Chen? How did he accept a hothead as a disciple?”

In less than half a day, this wind had already swept through the Extreme Medicine Sect.

One should not look at how the Extreme Medicine Sect was huge. The speed of news spreading was not slow at all.

In the Extreme Medicine Sect, going to the Absolute Heaven Barrier was a very taboo thing.

After all, nobody wanted their own sect’s disciples to go to the front lines and court death.

Of course, Extreme Medicine Sect had nearly half of its disciples that were resisting the blood race at the Absolute Heaven Barrier.

It was just that the disciples that went to the Absolute Heaven Barrier were mostly the warring faction, while most who stayed behind to defend the sect were from the conservative faction.

Like Zuo Chen, he was a typical example of the warring faction.

Over 70% of the disciples under him were at the Absolute Heaven Barrier.

Therefore, although Xuan Yang Peak was big, there were actually not many people.

The conservative faction’s opinion was not to fight but to groom a large number of powerhouses in the sect and accumulate strength.

Over these years, the Extreme Medicine Sect strengthened the nurturing of martial arts and had indeed also groomed a large group of Emperor Realm powerhouses.

This way, the conservative faction’s status became even more stable.

Hence, Ye Yuan wanting to exile these people actually touched the interests of the conservative faction. They naturally would not let Ye Yuan get his way.

Many Emperor Realm powerhouses also scoffed in derision when they received this news.

A brat who was still wet behind his ears thought that he could cover the sky with one hand after entering the sect?

Laughable!

Why did Zuo Chen take in this kind of moron as a disciple?

The news spread fervently, while Wu Jiang and Zhou Qun had smug faces.

“Martial Uncle Zhou’s ability is truly remarkable! It’s just been half a day, and that grandmaster of ours has already become the laughingstock of the entire sect!” Qian Nan said ingratiatingly.

Zhou Qun had a proud look as he said, “A trivial matter! But this piece of news spreading so quickly wasn’t just my credit alone! Someone is adding fuel to the fire!”

Wu Jiang nodded his head and said, "Zuo Chen that old thing raises a hue and cry every day about making the sect's disciples go to the front lines and deliver themselves to death. He's very stubborn! It looks like this

brat obtained his true legacy! But we have got to thank this brat too. Zuo Chen that old fellow is going to lose his face this time!"

Speaking of this, Wu Jiang was very pleased with himself.

When talking, he did not have the slightest respect for Zuo Chen this grandmaster either.

In reality, they were very disgusted with Zuo Chen and could even be said to abhor him.

Behind the scenes, they were not stingy with talking about these warring factions.

Furthermore, news spread so quickly. Zhou Qun clearly did not have this much ability.

There were Emperor Realm powerhouses adding fuel to the fire.

Clearly, there were also people happy to see Zuo Chen get deflated.

"Serves him right! Zuo Chen that old thing keeps calling for us to go to the Absolute Heaven Barrier everyday. God knows how many people in the sect hate him to death and wish for him to die at the Absolute Heaven

Barrier! This time, we can just nice watch a show!" Zhou Qun also said with a look of contempt.

Wu Jiang smiled and said, "What's laughable is that kid. Does he really think that just by having high seniority, he can cover the sky with one hand? Those more formidable than Zuo Chen in this Extreme Medicine Sect

are not just one or two people! Oh right, Zhou Qun, who do you think gave us a push from behind this time?"

Zhou Qun smiled and said, "Asking me, don't you know it? Apart from that one, who else could it be?"

Wu Jiang laughed and said, "Zuo Chen that old fogey repeatedly tried to drag Emperor Qin Shan into the water. Emperor Qin Shan has hated him to the core a long time ago! Apart from him, there's really nobody else!

After this time, that Ye Yuan will have a hard time in the sect. Maybe Emperor Qin Shan will find a reason and directly send that punk off to the Absolute Heaven Barrier."

Gong!

The few people were currently laughing away when the door was directly kicked open by someone. A youth with a shoulder strap walked right in.

Wu Jiang was just about to lose his temper, but when he saw the arrival, he could not help drawing a cold breath.

A foreboding premonition welled up in his heart.

“S-Senior Apprentice Brother Ling gracing us with your presence, I wonder what instructions you have?” Wu Jiang said with an ugly expression.

The arrival was called Ling Jiang, a Law Enforcement Hall disciple.

Law Enforcement Hall disciples had great authority. This Ling Jiang was in charge of the True Sovereign Heaven and below disciples of the few dojos nearby.

Ling Jiang coming at this time, he probably came looking for trouble!

Could it be that Ye Yuan that punk knew that he boasted too much, so he mobilized the Law Enforcement Hall to come deal with him?

Until now, he also did not believe that Ye Yuan could exile all of them to the Absolute Heaven Barrier.

Such a large movement, it was bound to be unanimously opposed by the conservative faction.

Previously, the warring faction had already done so. In the end, they naturally ran into a wall.

Ling Jiang’s expression was frosty as he said, “Wu Jiang, bring your men and assemble at Heart Serenity Peak, and immediately set off for the Absolute Heaven Barrier!”

The expressions of the three people present changed wildly at the same time, their eyes full of shock.

How was this possible?

That brat really did it?

Could it be that those Emperor Realm powerhouses all did not care?

Could it be that the conservative faction was just passively watching the warring faction be pleased about it?

“I... [want to meet Martial Uncle Yunhai!” Wu Jiang gritted his teeth and said.

Emperor Cloud Heaven powerhouse, Zheng Yunhai, was Wu Jiang’s backer.

At this time, it was impossible that he did not protect him!

However, Ling Jiang still said coldly, “Don’t bother. You don’t have to hold onto hope either. This order was personally passed down by Sect Master. No one can protect you!”

“What?! S-Sect Master?” Wu Jiang somewhat doubted his own ears, his eyes full of shock.

Why would Sect Master that kind of paramount existence care about this kind of trivial matter?

This was impossible!

But Wu Jiang knew that Ling Jiang absolutely would not joke about this.

Nobody could afford to make this kind of joke!

Although the sect master was not the supreme authority, Hegemon Realms and the Extreme Light Pavilion basically would not care about things.

Under normal circumstances, Sect Master was the highest adjudicator in the Extreme Medicine Sect!

No one dared to provoke his majesty!

Ling Jiang said coldly, “Wu Jiang, move faster. You only have an hour! If it’s delayed, you don’t have to go anymore either!”

Finished saying, Ling Jiang turned around and left.

He did not need to look at Wu Jiang either. No one dared to defy the Law Enforcement Hall’s orders.

Otherwise, the consequences would be much more serious than going to the Absolute Heaven Barrier.

Wu Jiang’s heart turned ashen. This was not giving him any chance at all!

But why was this happening?

“He ... He really did it? But why would it be Sect Master?” Wu Jiang said with a look of despair.

He made this matter known to everyone. Originally, he wanted to give Ye Yuan and Zuo Chen a slap.

Slapping the face of an Emperor Vast Heaven powerhouse, thinking about it made people a little excited.

But now, the matter blew up so big. The one who got slapped was him instead?

By the side, Zhou Qun’s expression was similarly very ugly.

Achill ran down his spine. He seemed to have provoked a remarkable person.

Him not getting named showed that he had escaped a calamity.

But the matter of him spreading the news could be investigated as long as one had the intention of looking into it.

Right now, he only wanted to become transparent!.

[Unrivaled Medicine God](#)

Chapter 2846: Little Martial Uncle!

Ye Yuan’s joke of wanting to exile Wu Jiang was currently being mocked by the entire sect.

Very soon, another explosive news came.

Wu Jiang those few hundred people were really exiled!

That group of people who offended Ye Yuan in front of the mountain pass gates, none of them managed to escape!

The Extreme Medicine Sect burst into an uproar from top to bottom!

“How did that boy do it? This time, it’s actually Saint Sovereign personally giving the order to punish a group of True Sovereign Heavens and Saint Sovereign Heavens?”

“The boast that he made is really accomplished! This matter blew up so big. In the end, Wu Jiang himself became the biggest joke, how laughable!”

“No way, right? It’s a few hundred people. They got exiled just like that. Could it be that the Extreme Medicine Sect’s wind direction is starting to change?”

“In my view, this matter was likely Zuo Chen personally speaking up! He has extremely high hopes of advancing to grade nine heavenly alchemist. If he were to really fly off the handle, Sect Master has to give him some

face too! It’s just that Zuo Chen pampers this little disciple a little too much, right?”

With Sect Master personally giving the order, this caused a mighty uproar in the sect from top to bottom.

Wu Jiang and the rest were merely a group of small fries. Nobody cared.

Presently, at this critical juncture, such an order seriously made people’s minds fall into a reverie.

All along, the conservative faction and warring faction could be said to act independently and defiantly.

Sect Master’s attitude had always been impartial too.

But this time, directly exiling a few hundred people, it was still the first time after the war!

Although the Extreme Medicine Sect had close to half of its disciples at the Absolute Heaven Barrier, the vast majority voluntarily took part in the war.

Those who were not willing to participate in the fight were usually not forced to, under normal circumstances.

But this time, it changed!

Did the wind change, or was it really just for a measly little Saint Sovereign Heaven?

But no matter what, the boast that Ye Yuan put out was truly realized!

The situation that Wu Jiang and Zhou Qun painstakingly created not only did not let Zuo Chen’s lineage become a joke, but it also fulfilled their wishes instead!

Now, the entire sect knew that Zuo Chen won!

Then would the warring faction have the upper hand?

When Hua Zong heard this news, he was stunned.

He wondered whether he heard wrongly or not.

Saint Sovereign actually personally gave the order to exile Wu Jiang and the others for a measly little Saint Sovereign Heaven?

He thought of Zuo Chen right away.

Other than Zuo Chen, who else could have such power?

But this also deeply reflected how much his master valued Ye Yuan!

Third Senior Apprentice Brother, Zhu Yan, patted Hua Zong's shoulder and said with a bitter smile, "The few of us should go and meet this little junior brother together! Master has always taught us that apprentice

brothers should help each other and be close as a family. But now, Little Junior Brother just entered the sect, and he got left out to dry by us. Most likely, his elderly self is very enraged, right?"

There were five senior apprentice brothers present.

Just earlier, they were still discussing how to deal with this matter.

They did not expect that it had been resolved!

Furthermore, it was even with such a fierce method!

Zuo Chen took in a total of 16 disciples, but five had already died in battle.

At present, there were five that remained in the sect, with Third Senior Apprentice Brother Zhu Yan as the eldest.

The remaining were all following Zuo Chen to fight at Absolute Heaven Barrier.

These 11 people, only Hua Zong alone was True Sovereign Heaven. The rest were all Emperor Realm powerhouses.

When Zhu Yan and the rest heard about this, they were very angry too and did not have the intention of going to meet Ye Yuan at all.

But now, reality slapped them in the face.

Reality proved that Master's concern toward Ye Yuan was even stronger than they imagined!

Hua Zong smiled bitterly and said, "We can only do this! It looks like this little junior brother of ours is really beloved by Master!"

These words were a little sour.

Zuo Chen's requirements of them senior apprentice brothers were very stringent.

He had never done this kind of pampering thing before.

Zhu Yan and the others very naturally pinned this on Zuo Chen.

Although they were also somewhat doubtful whether Zuo Chen had so much weight to make Sect Master personally give the order, this was the most logical explanation.

Zhu Yan said coolly, "Being able to be valued so much by Master, Little Junior Brother must have aspects that surpass others! Rather than being sour about it here, it's better to work hard and increase our strength and

strive to make Master view you in a different light! This time, Sect Master personally taking action might also be that the wind direction changed. Absolute Heaven Barrier's war situation might not be optimistic!"

Hua Zong was startled and hurriedly said, "Senior Apprentice Brother lectured well. It was Junior Apprentice Brother who was rash!"

The senior apprentice brothers five people came to find Ye Yuan, but Ye Yuan was not around.

Zhu Yan and the rest were afraid of new formed cracks forming between them and Ye Yuan and could not leave immediately either. They could only wait in Ye Yuan's residence.

At this time, Ye Yuan already entered the Extreme Light Pavilion.

The Extreme Light Pavilion was formed in an independent space.

When Ye Yuan entered inside, he only felt spiritual energy fill his body.

The heaven and earth spiritual energies here were several dozen times that of the outside world!

One had to know, the East Victory Mountain Range was one of Heaven One Continent's limited major spiritual veins, its spiritual energy being extremely abundant.

And the spiritual energy here was even more terrifying!

The sun and moon circled this place, forming its own world. It was clearly an amazing work.

Ye Yuan had a feeling that this place was where the Extreme Medicine Sect's true foundation lay.

Song Qingyang brought Ye Yuan and went straight into a great hall.

Countless memorial tablets were enshrined in the great hall.

Ye Yuan could not feel death qi from these memorial tablets. Instead, there was an incomparably sacred feeling!

"The Extreme Light Pavilion is where the foundation of the Extreme Medicine Sect lies. Only pavilion elders and the sect master have the qualification to enter this place! The memorial tablets enshrined here are all our

Extreme Medicine Sect's predecessors. Those whose cultivation reached grand completion Emperor Sakra Heaven will leave behind a wisp of source aura on their deathbed. In the course of time, this place became

the Extreme Medicine Sect's land of destiny. Our Extreme Medicine Sect also prospered with each passing day! Although Ancestor Cloudmount said to let you enter the Extreme Light Pavilion, you must pay respects to

the predecessors and obtain their recognition before you're considered the Extreme Light Pavilion's pavilion elder!" Song Qingyang said.

Ye Yuan's heart also turned somber as he listened.

There were no less than 3000 memorial tablets before this eyes!

So many grand completion Emperor Sakra Heavens had actually appeared in the Extreme Medicine Sect!

Ye Yuan heard Mi Tian said before that source aura was the crux to step into Hegemon Realm.

Only by reaching grand completion Emperor Sakra Heaven could one have the possibility of comprehending source aura.

Such a precious thing, these predecessors could actually bear to leave them in their own memorial tablets.

It was also no wonder that the present Extreme Medicine Sect was like the noonday sun!

“Yoo, this is the new disciple that Master newly accepted? Just Saint Sovereign Heaven, Master his elderly self is really impressive, to actually find such a brat for me to be a junior apprentice brother!”

Suddenly, Ye Yuan’s eyes blurred, an old man who was emaciated like a stick appeared in front of him, sizing him up and down with a hint of amusement in his eyes.

This old man gave Ye Yuan an unfathomable feeling.

Although he was the same as Song Qingyang, both grand completion Emperor Sakra Heaven, Ye Yuan had a feeling that he was much more powerful than Song Qingyang!

Ye Yuan felt that this person might be able to break through to Hegemon Realm at any time!

When Song Qingyang saw the old man, he immediately bowed and said, “Disciple Song Qingyang pays respect to Pavilion Elder Clearcloud! Martial Uncle Ye, this is Ancestor Cloudmount’s eldest disciple, your eldest

senior brother, Li Clearcloud!”

Ye Yuan’s heart turned somber, and he said with a bow, “ Ye Yuan offered greetings to Eldest Senior Brother!”

Li Clearcloud’s mouth curled, and he suddenly yelled loudly, “Little bastards, all come out for me and pay respect to your little martial uncle! Do you all think that you can get through this hurdle? Humph humph, if that

old fellow finds out, you guys will get it!”

With his roar, one figure after another suddenly appeared in the great hall, their expressions very awkward.

Each and every one of those who came out had extremely powerful auras. But compared to Li Clearcloud, they were still a notch inferior.

But, compared to Song Qingyang, they were significantly stronger.

One look and you could tell that these people were very old, it was just that their expressions were a little ugly.

“P-Paying respects to Little Martial Uncle!” An old man with age spots all over his face bowed toward Ye Yuan with an embarrassed look..

Unrivaled Medicine God

Chapter 2847: Power of Blessing!

“Paying respect to Little Martial Uncle!”

“Paying respect to Little Martial Uncle!”

These extremely old Extreme Light Pavilion pavilion elders all bowed towards Ye Yuan with unwilling expressions.

But in their hearts, they had cursed Hegemon Cloudmount several times over.

This old man actually took a Saint Sovereign Heaven in as a disciple. Where would their old faces go?

A bunch of old men with half a foot into Hegemon Realm actually called a Saint Sovereign Heaven as their martial uncle.

The scene was too beautiful until you did not dare to look.

Seeing these people’s behavior, Song Qingyang immediately felt much more comfortable in his heart.

Meanwhile, Li Clearcloud secretly sighed in relief.

Luckily Your Father joined early. Otherwise, I would also have to call this little fellow martial uncle like this bunch of little bastards.

“These guys’ seniority, they are all very low. It’s just because they cultivated to grand completion Emperor Sakra Heaven and also entered the Emperor Sakra Heaven that they can call you as their martial uncle.

Otherwise, they won’t even be able to call you that,” Li Clearcloud said casually.

By the side, the old faces of the group of pavilion elders turned bright red.

In front of Li Clearcloud, they really did not have the capital to be proud.

“Your matters, Zhou Pinespring that little imp has already told me. You’re very good! This time, you’ve rendered great contributions for the alliance! Them calling you their martial uncle is also worthwhile. In our

lineage, there are only me and Zhou Pinespring two people left. The rest are all dead. So right now, in the Extreme Medicine Sect, apart from that old man, me, and that little rascal, your seniority is the highest,

understand?” Li Clearcloud continued explaining.

“Many thanks for explaining, Eldest Apprentice Brother.”

Ye Yuan nodded slightly, but he was very shocked in his heart.

He naturally understood what the phrase all dead that Li Clearcloud talked about meant.

As long as one did not reach the Hegemon Realm, there would always be Dao tribulation falling!

Furthermore, it would get stronger and stronger!

Eaching grand completion Emperor Sakra Heaven, cultivation realm could not rise anymore. There was only overcoming tribulation continuously.

Therefore, those disciples of Hegemon Cloudmount all died under the Dao tribulations!

But Li Clearcloud entered his tutelage the earliest, and yet, he was still alive all the way until now.

It could be seen how terrifying his strength was!

It was just that Ye Yuan was very puzzled. Li Clearcloud was so heaven-defying. Why could he not break through to the Hegemon Realm.

Li Clearcloud seemed to have seen through Ye Yuan's puzzlement and said with a disdainful look, "Zhou Pinespring that rascal thinks that his talent is outstanding. Actually, it's also just like that. Talent this kind of thing

can't be eaten as food! Immense accumulations erupting, understand? Your Eldest Senior Brother, me, my talent isn't great, but I win in that I advanced gradually and entrenched myself at every step, walking step by

step until today. I've outlasted all the people in the same generation till they died. I've also weathered out those younger than me! Furthermore, barring no accident, I'll outlast you too! Hahaha..."

"Don't look at how your Eldest Senior Brother, I, am inferior to Zhou Pinespring that rascal currently. Once I break through to the Hegemon Realm, I can beat him until he has to look all over the ground for his teeth!

Furthermore, don't look at how I haven't reached the Hegemon Realm. If I really fight, I'm not weaker than some of the weaker Hegemon Realms! I can barely be considered a Hegemon Realm too!"

The moment Ye Yuan heard, he grinned and said, "Eldest Senior Brother, you might not be able to outlast me!"

Li Clearcloud smiled and said, "Divergent cultivators all say that, but in the end, they all died! Since time immemorial, grand completion Emperor Sakra Heaven divergent cultivators have appeared before. But Hegemon

Realm divergent cultivators had never appeared before! Therefore, I can definitely outlast you!"

Ye Yuan was still unmoved and said with a light smile, "Then let's wait and see."

Li Clearcloud smiled and said, "You brat, you're indeed a little interesting. No wonder that old man took fancy on you. Uh, enough nonsense. Step forward and pay respects to the forefathers! Be careful. This hurdle

isn't easy to get through!"

Ye Yuan nodded slightly and walked over toward the memorial tablets.

There was a futon placed before the memorial tablets.

Ye Yuan arrived before the futon and knelt straight down.

Dong!

Dong!

Dong!

Ye Yuan gave three kowtows toward the memorial tablets and could not help feeling somewhat perplexed in his heart.

Wasn't it said that it was difficult to pass?

It seemed like ... there were no surprises. Could it be that it had not arrived yet?

"Eldest Senior Brother, did I do anything wrong? Mn? Eldest Senior Brother?" Ye Yuan got up, turned to look at Li Clearcloud, and suddenly discovered that Li Clearcloud was staring at him dumbfoundedly.

Not just him, all of the pavilion elders present as well as Song Qingyang, all had an expression like they had seen a ghost.

Ye Yuan was currently feeling uncertain in his heart when the entire great hall suddenly lit up.

He could not help turning around to look and discovered that those several thousand memorial tablets all gave off a dazzling light.

Ye Yuan felt as if a profound and inscrutable thing had descended on his body.

As for what this was, Ye Yuan could not put his finger to it either.

But Ye Yuan felt that there was an additional trace of vague connection between him and these memorial tablets.

His brows furrowed slightly, could it be that this was the test?

"Eldest Senior Brother ..."

When he turned to look at Li Clearcloud again, Ye Yuan discovered that the expressions on his face became even more exaggerated.

That kind of shock already could not use words to describe.

Ye Yuan had a blank look, not knowing what was going on.

Very soon, those lights dimmed down. But that trace of vague connection was still there.

Ye Yuan looked toward Li Clearcloud, quietly waiting for his explanation.

Li Clearcloud swallowed his saliva hard and revolved around Ye Yuan a few times, as if wanting to see through Ye Yuan.

"It shouldn't be!"

“How is this possible?”

“No matter how I look, there’s also nothing out of the ordinary!”

“What right does this kid have to surpass me?”

As he looked, Li Clearcloud shook his head, his mouth muttering non-stop.

How could Ye Yuan still not understand? He seemed to have done something incredible.

However, he really did not know what had happened.

Suddenly, Li Clearcloud moved closer to Ye Yuan and asked, “You punk, are you a freak? No matter how I look, you’re also not that kind of world-shocking genius! Why can you get all the predecessors’ recognition?”

Ye Yuan frowned and said, “Is all the predecessors’ recognition very hard?”

Li Clearcloud jumped right up and scolded, “Brat, stop posturing! The recognition of all the predecessors isn’t hard. It’s simply impossible! There are a total of 3892 memorial tablets here. As long as you obtain the

recognition of one-fifth, it’s considered passing the test. But nobody has ever obtained all the recognition! Do you know who obtained the most recognition before you?”

Ye Yuan’s mouth curled and he said, “That must be you, Eldest Senior Brother!”

Li Clearcloud smacked his thigh and said, “Hah! Boy, you’re really clever! Senior Brother, I, obtained a total of 3023 predecessors’ recognition. It’s even more than our master! Zhou Pinespring that rascal, there’s even

less need to talk about him. There were only 2631! What capability do you, boy, have? To actually pass with all the votes?”

Ye Yuan had a blank look and asked, “What does this recognition represent? Just what kind of test is this?”

He still could not make neither head nor tail until now and completely did not know what it was testing.

“Little Martial Uncle, the Extreme Light Pavilion’s test actually places the most weight on character and disposition! Of course, talent, potential, and other aspects all have a comprehensive consideration. This is a

feeling from the unseen world. It can’t be described with words. If one has to say it in words, it’s making more predecessors like you and bestow upon you the power of blessing!”

“Of course, making everyone like you is something impossible! Therefore, the predecessors who don’t like you will stand in the way of you paying homage. If the predecessors that like you are a lot, it will naturally press

down this obstruction. But the strange thing is that when you were paying homage earlier, there was actually no obstruction at all! Furthermore, you obtained the blessing power of all the predecessors! This ... is too

inconceivable!”

Song Qingyang explained, his words carrying immense shock.

Truly, they had never heard before of anyone who could accomplish this.

What was the most difficult thing in the world?

That was naturally to make everyone like you!

Although the predecessors could not represent everyone, but making over 3800 predecessors like you at the same time, this was absolutely something extremely difficult.

But Ye Yuan did it!.

Unrivaled Medicine God

Chapter 2848: Coincidental and Inevitable!

Hearing Song Qingyang’s explanation, Ye Yuan seemed to have understood something.

The reason why he obtained the unanimous recognition of these predecessors, it was probably still because of the striking righteous air that existed in his body!

Walking all the way here, Ye Yuan had saved the common people from misery and suffering time and again, developing an impressive righteous air.

Not just that, in these two lifetimes, the people that Ye Yuan saved with Alchemy Dao could not be counted at all.

There were likely not many cultivators that could match up to his merit.

Cultivators were mostly selfish.

The stronger one was, the more they tended to consider their own interests.

But Ye Yuan sought a clear conscience when doing things.

Just like outside the mountain pass gates, it originally did not concern Ye Yuan, but he meddled in other people’s business.

The power of origin stowed in these memorial tablets were originally masterless objects. But they had already formed a unified whole. It could form some kind of resonance with this striking righteous air that Ye Yuan

developed unknowingly.

Thus, that was how Ye Yuan obtained all of the predecessors’ recognition.

“What’s blessing power?” Ye Yuan asked curiously.

“Do you feel that you’ve established a trace of connection with these memorial tablets?”

Ye Yuan nodded his head, Li Clearcloud continued, “These predecessors’ memorial tablets carry the destiny of the sect. Therefore, your destiny will also be bound together in a common cause with the sect. The

stronger the sect is, the stronger your destiny too. Similarly, your destiny will also nourish the sect!”

“In addition, when you encounter a desperate situation, it will automatically trigger this mysterious power, and the predecessors will block the fatal blow for you! Although the strength of the predecessors who left

behind the origin power didn’t reach Hegemon Realm, after so many years of accumulation, the power formed by these memorial tablets already reached a very terrifying level. It absolutely won’t lose to top Hegemon

Realm powerhouses!”

“Of course, the power of blessing still has the most important function, which is helping you comprehend the power of origin! Over 3000 Great Daos; over 3000 origin power! That’s an endless fortune.”

Ye Yuan was also incredibly shocked when he heard.

He did not expect that this power of blessing was actually so monstrous.

He also finally understood why the Extreme Medicine Sect was so powerful.

Wanting to step into the Hegemon Realm, the power of origin was a hurdle that could not be avoided.

But the power of blessing could actually help comprehend the power of origin!

Actually, before the war with the blood race, the Extreme Medicine Sect already faintly showed signs of being Grand Brightjade Complete Heaven’s number one great sect.

Four great Hegemons, this was something that no Hegemon level sect had!

If time was given, it might not be impossible for the Extreme Medicine Sect to grow into a super sect like the Labyrinth Divine Palace!

“In that case, Eldest Senior Brother being able to transcend the Dao tribulation many times is also because of the power of blessing?” Ye Yuan looked toward Li Clearcloud and said with a smile.

Li Clearcloud nodded and said, “That’s right!”

Ye Yuan smiled and said, “Then I wonder how my power of blessing compares to Eldest Senior Brother?”

Li Clearcloud’s face turned black, and he said in a solemn voice, “There’s no comparison! Because nobody has ever received the blessing of all the predecessors!”

Ye Yuan beamed and said, “In that case, I’ll be much more confident when facing the heavenly punishment in the future? It looks like it won’t be easy for Eldest Senior Brother to want to outlast me!”

Li Clearcloud's expression turned blacker.

He got slapped in the face!

But, Li Clearcloud knew that what Ye Yuan said was right!

His power of blessing was far worse than Ye Yuan's.

But even so, he still relied on the power of blessing and lived until now.

Then what about Ye Yuan?

Thinking about it, he shook his head again and said, "It's no use! Although the power of blessing is strong, no matter how strong it is, it's also not stronger than Heavenly Dao! If Heaven wants to eliminate you, it's

useless no matter how strong the power of blessing is!"

Ye Yuan grinned and said, "There's no point in arguing. Wouldn't we know if we test it out?"

Finished saying, Ye Yuan's figure flashed, and he went out of the great hall.

Suddenly, Ye Yuan's aura rose crazily. He was actually going to break through to upper Saint Sovereign Heaven!

In reality, Ye Yuan could have broken through long ago.

It was just that taking the initiative to call down heavenly punishment the last time made Ye Yuan almost lose his life.

The Dao tribulation this time was even stronger than before. It was at least eight-nine Dao tribulation. Hence, Ye Yuan needed to store up and accumulate strength.

At present, with the power of blessing, Ye Yuan naturally did not have so many misgivings anymore.

Rumble!

Dao tribulation arrived as expected.

The terrifying pressure made even Li Clearcloud give a sidelong glance.

"How did this boy provoke Heavenly Dao? A mere middle Saint Sovereign Heaven is actually going to transcend eight-nine Dao tribulation!" Li Clearcloud also said in surprise.

It was not that he had not seen before divergent cultivators. But, such a freakish divergent cultivator, it was really still his first time seeing.

Eight-nine Dao tribulation, normally, only True Sovereign Heaven powerhouses had the qualifications to transcend it.

Furthermore, it was even slightly stronger lower True Sovereign Heavens.

Boom!

Very soon, Dao tribulation fell, the power was even greater than before.

All of a sudden, Ye Yuan brought out the Dao sword and slashed a sword on the Dao tribulation.

The Dao tribulation collapsed with a loud bang.

Ye Yuan had a stunned look. When did his Dao sword become so strong?

Following that, one Dao tribulation after another fell down.

Ye Yuan chopped out with a sword again. The Dao tribulation collapsed once more.

Ye Yuan was utterly dumbfounded. Was this the mysterious power of the blessing power?

But he clearly did not feel that he was more powerful.

The power of his Dao sword was still the same as before, but why could he shatter the Dao tribulation so easily?

By the side, Li Clearcloud's eyes went wide.

"What kind of bullshit sword technique is this boy using? Each sword slashed onto the weak spot of the Dao tribulation! This boy clearly doesn't have such sharp eyesight, but he could accomplish this. Even if it's the

power of blessing, this is also too monstrous, right?" Li Clearcloud said indignantly.

Eight-nine Dao tribulation, it was just some rule power descending. It was not invulnerable.

These Dao tribulations were masterless things without consciousness. It was naturally impossible for there to be no flaws in the utilization of rules.

Therefore, Dao tribulation had weak points too!

It was just that to Ye Yuan, it was simply impossible to discover these weak points.

Unless one reached an extremely high realm and had an extremely deep comprehension of rule power, only then could one detect it.

Only then could one resolve a major problem with little effort, easily shattering the Dao tribulation.

But each of Ye Yuan's sword moves chopped on the weak point of the Dao tribulations randomly.

If this kind of strange thing happened once in a while, forget it. But, it actually happened to Ye Yuan for every sword.

A coincidental thing became an inevitable thing. This was terrifying!

How sharp were Li Clearcloud's eyes? He saw through the root of Ye Yuan being able to easily shatter the Dao tribulations with a glance.

It was just that he was incomparably shocked in his heart.

The enhancement of this power of blessing was also too scary, right?

Song Qingyang was stunned too. Ye Yuan's strength was clear to him at a glance as well.

This eight-nine Dao tribulation was absolutely not easy for him.

But now, it was like a piece of cake.

When could Dao tribulations be overcome like this too?

“This luck is too heaven-defying! Even if there’s the enhancement of the power of blessing, it shouldn’t be like this too! Most likely, this boy’s own destiny is extremely strong to begin with. Now, with the blessing power

of all the predecessors enhancing, that’s why it’s terrifying to such an extent!”

The corners of Song Qingyang’s mouth twitched a few times, his expression seemingly strange as he said, “Right now, if lower True Sovereign Heavens were to fight with Ye Yuan, they would probably vomit blood,

right?”.

Unrivaled Medicine God

Chapter 2849: Bullying to the Doorstep!

“A great destiny wielder plus the power of blessing, this ... simply has no solution!”

“Not just lower True Sovereign Heaven, I’m afraid that if middle True Sovereign Heaven encounters this boy, they will vomit blood too!” “Yeah! Although Ye Yuan can’t do anything to a middle True Sovereign Heaven, if the middle True Sovereign Heaven wants to kill him, it’s simply dreaming!”

“I suspect that if this boy goes to a mystic realm right now, will he be able to find treasures if he went to relieve himself?”

Those martial nephews of Ye Yuan were rambling away, finding it hard to hide the shock in their hearts.

This luck was really going to defy the heavens.

One could say that the entire Extreme Medicine Sect was standing behind Ye Yuan now! Wanting to kill him, you would have to ask the Extreme Medicine Sect’s predecessors!

With the augmentation of the sect’s destiny, it would be hard even if Ye Yuan wanted to die!

These grand completion Emperor Sakra Heaven powerhouses were all envious until they wanted to smack Ye Yuan to death.

Very soon, the tribulation clouds scattered in disgrace, as if feeling some kind of deep helplessness too.

Ye Yuan’s realm also broke through smoothly, reaching upper Saint Sovereign Heaven.

He came before Li Clearcloud rather excitedly and said with a smile, “Eldest Senior Brother, this power of blessing is really very useful! When you transcend tribulation, is it like this too?”

Li Clearcloud’s face turned black, immediately wanting to ignore Ye Yuan.

Was it like this?

Yes!

But it was already very impressive to have one time under ten rounds of Dao tribulation.

He was simply cheating!

If he transcended tribulations like this for all future realms, then would the first divergent cultivator Hegemon in history be born?

It was not impossible!

He thought that the bet that Ye Yuan made with him would only be realized after a very long time.

He did not expect that the face-slapping came so quickly!

It was likely not easy to outlast Ye Yuan!

He was a wielder of great destiny to begin with. Now, having obtained the power of blessing too, it would really be hard to die even if he wanted to.

Swoosh!

Li Clearcloud threw a small and exquisite jade sword over, saying in a muffled voice, "I don't want to talk to you. Take this jade sword and hurry up and go! Also, don't come to the Extreme Light Pavilion if you have nothing to do. Either way, your realm is still lacking. It's no use to come here too!" The others nodded one after another, deeply feeling that way too.

This guy seemed to purely be here to bully people!

Finished saying, Li Clearcloud did not give Ye Yuan the chance to talk at all, flicking his sleeves. Ye Yuan was sent out of the Extreme Light Pavilion's space.

.....

"Ouch!"

Ye Yuan plopped his buttocks onto the ground and grimaced in pain.

This Li Clearcloud was really merciless!

Ye Yuan felt that he was very innocent. Wasn't it just transcending a tribulation? Was there a need for each and every one of you to look like you're bound by a common hatred for an enemy?

Ye Yuan surveyed the surroundings. He returned to his residence.

The means of an Emperor Sakra Heaven powerhouse was really fantastical.

Even with his spatial rule attainments, he did not figure out how he returned.

He was holding the Extreme Light Jade Sword in his hand. This was the token of an Extreme Light Pavilion's pavilion elder's identity and also the key to enter the Extreme Light Pavilion.

The location of the Extreme Light Pavilion was very secret. Ordinary people did not know at all.

However, Ye Yuan had the Extreme Light Jade Sword in his hands. As long as it was within the boundary of the Extreme Medicine Sect, he could enter the Extreme Light Pavilion at any time.

With the Extreme Light Jade Sword, Ye Yuan was one of the most powerful people in the Extreme Medicine Sect.

Suddenly, Ye Yuan heard a din outside.

“Zhu Yan, after messing around for a long time, this little junior brother of yours is a coward!” “It’s also just bullying some juniors. When it really comes down to exchanging blows with his peers, he doesn’t even dare to let out a fart!”

“Martial Uncle Zuo Chen is so protective of him like a hen protecting her chicks. I was wondering what kind of alchemy genius he was. After messing around for a long time, he doesn’t even dare to show his face.”

At this time, Xuan Yang Peak was surrounded by many people. Most were Emperor Realm powerhouses. There was also a minority who were True Sovereign Heavens.

But the words were rather impolite.

Zhu Yan’s brows were tightly furrowed, and he said, “Wang Lin, stop showing off here! If you have the ability, let’s have a contest! Little Junior Brother just entered the sect, and you all are bullying to the doorstep like this. Do you really treat our lineage like we have nobody?”

But Wang Lin was not angry and said with a smile, “My Junior Apprentice Brother Lu is grade five realm too. How can fighting with a peer be bullying to the doorstep? You all don’t even dare to have this kind of competition. Are you not cowardly turtles? Zhu Yan, if you were to admit that your lineage’s people are all cowards in front of all the senior and junior apprentice brothers, we can turn around and leave!”

The expressions of Zhu Yan and the few senior apprentice brothers were ugly to the extreme. While by the side, Hua Zong’s face was flushed red, wishing to find a hole in the ground to burrow into.

This Wang Lin was Emperor Qin Shan’s eldest disciple.

Emperor Qin Shan was Emperor Zuo Chen’s sworn enemy.

The two people’s strengths were comparable, and their status in the sect was similar too. They were also backbone figures of the conservative and warring factions. They could be said to be incompatible like water and fire.

Previously, Emperor Qin Shan added fuel to the fire with regards to Ye Yuan’s matter, planning on making Zuo Chen lose a great deal of face. In the end, he himself ended up dusty and dirty in appearance. Everyone was perfectly clear about those affairs in the sect.

Having lost so much face, Qin Shan was naturally not willing to let the matter go.

Just nice, his youngest disciple exited seclusion and his alchemy path strength improved greatly, so he came to bully to the doorstep.

Who was his youngest disciple?

Lu Daoyi, Extreme Medicine Sect's grade five heavenly alchemists' number one person!

Before Ye Yuan entered the sect, Lu Daoyi was the Extreme Medicine Sect's man of the hour.

He challenged the entire Extreme Medicine Sect's grade five heavenly alchemists by himself!

In alchemy, he could be said to have fought all over the Extreme Medicine Sect and was unrivaled!

Even many grade six heavenly alchemists were not his match either.

Back then, Zuo Chen and Qin Shan were both very optimistic about Lu Daoyi and wanted to take him in as a disciple.

As a result, Lu Daoyi still chose Qin Shan in the end.

After he got the title of number one grade five, he immediately went into closed-seclusion.

This closed-seclusion was ten years long!

Just a few days ago, Lu Daoyi just exited seclusion. Before he could display his ability, Ye Yuan just happened to have arrived.

Under Qin Shan's hastening of influence, Ye Yuan merely entered the sect for less than half a day and was already the man of the hour in the entire Extreme Medicine Sect.

Qin Shan naturally could not swallow this insult. Didn't he send Lu Daoyi to come and challenge him?

It was just nice. It also let Lu Daoyi display his strength after leaving seclusion!

On the one hand, it showed that he, Qin Shan, could teach disciples. On the other hand, it was also to let the conservation faction obtain more say.

You look, only by secretly developing in the rear, could one produce experts!

Of course, Lu Daoyi did not let Qin Shan down either.

He came to Xuan Yang Peak to challenge Ye Yuan. In the end, Ye Yuan just happened to have gone to the Extreme Light Pavilion.

Zhu Yan and the rest just happened to be here. It was naturally impossible to let Ye Yuan, this newcomer disciple, step forward.

Lu Daoyi did not talk rubbish either, directly issuing Hua Zong a challenge letter to compete in alchemy with him.

In the end, Lu Daoyi won!

His alchemy strength already surpassed Hua Zong all-round!

A grade five heavenly alchemist actually defeated a grade six heavenly alchemist. How could this not make people sigh with admiration?

One had to know that Hua Zong was not an ordinary grade six heavenly alchemist. He could be ranked within the entire sect.

Otherwise, why would he have been accepted by Zuo Chen as a cross-generation disciple?

In order to slap the face of Zuo Chen's lineage, Wang Lin deliberately spread the news and attracted many sect powerhouses.

In the end, Lu Daoyi shocked the world in one battle, crushing Hua Zong!

Hence, that was why Hua Zong was so ashamed.

Hua Zong's fists were clenched tightly as he said, "Third Senior Brother, it's all my fault! If my strength wasn't lacking, we also wouldn't be humiliated by people like this!"

Zhu Yan gave him a glance and said coolly, "Striving harder after knowing humiliation is what a real man does!"

Hua Zong clenched his jaws tightly and nodded his head. But Zhu Yan felt a headache too. This situation currently was not easy to resolve! At this time, a voice broke the silence, "Hey, each and every one of you, what are you quarreling about at my residence? You guys, do you still want people to cultivate or not? Do you have any civic-mindedness or not?"

The moment Hua Zong looked, he could not help staying dumbfoundedly, "Little Junior Brother? W-When did you come back?"

With this, everyone's gazes all looked toward Ye Yuan simultaneously with a whoosh.

Chapter 2850: Didn't Think That You're This Kind of Person!

Translator :Atlas Studios **Editor**: Atlas Studios

Previously, Ye Yuan was clearly not at his residence.

With so many people surrounding here, where did Ye Yuan pop out from?

Even Zhu Yan, this Emperor Realm powerhouse, was very surprised too. He did not detect Ye Yuan's return in the slightest.

But Wang Lin and the rest seemed to be greatly invigorated.

The perpetrator came out!

Aren't you, Zuo Chen, amazing? Don't you dote on this disciple?

Today, I'm going to slap your face ruthlessly in front of the entire sect!

Wang Lin looked toward Zhu Yan with a look of amusement and said, "Didn't you say that he wasn't around? Now, what do you still have to say?"

Zhu Yan had an awkward look. Looking toward Ye Yuan, he had a look of anger from his failure to live up to expectations.

Didn't you know how to hide for a bit?

Running out at this time, wouldn't it confirm 'cowardly turtle' this term?

Lu Daoyi looked at Ye Yuan and said with a snicker, "You're Ye Yuan? I even thought about what kind of incredible genius you were. After messing around for a long time, it's just a cowardly turtle!"

Ye Yuan looked at Lu Daoyi and said coolly, "Who are you?"

Lu Daoyi smiled smugly and said, "Don't know who I am? Listen up. I'm Lu Daoyi, Extreme Medicine Sect's grade five heavenly alchemist's number one person! Very soon, I'll become the number one person among grade six heavenly alchemists! I only have one goal, and that's

Ancestor Pinespring! I'll step into profound grade before stepping into Emperor Realm!"

Got to say, this self-introduction was very impressive.

It was because daring to put Zhou Pinespring as a goal was a very courageous thing in the first place.

Furthermore, Lu Daoyi had this capital.

He was just grand completion Saint Sovereign Heaven and already defeated a powerhouse like Hua Zong.

When he reached grand completion True Sovereign Heaven, he might not be unable to step into profound grade.

Logically speaking, Lu Daoyi should be hated by many for being so arrogant.

But there was none at all!

"Lu Daoyi really underwent a complete change after the closed-seclusion this time! I didn't expect that he set Ancestor Pinespring as his goal!"

"It sounds very arrogant, but it's really very promising! I heard that Ancestor Pinespring could already defeat the top grade six heavenly alchemists in the sect when he was at grade five realm!"

"Martial Uncle Qin Shan took in a good disciple! Although we're grade seven realm, we might get caught up to by him if we're careless!"

In the battle previously, Lu Daoyi exhibited a formidable alchemy path strength.

After ten years of closed-seclusion, he really underwent a complete transformation, shocking the world with one battle!

Even the Zhou Pinespring back then was likely not much stronger than Lu Daoyi.

Maybe when Lu Daoyi reached grand completion True Sovereign Heaven, he would really step into profound grade.

When Ye Yuan heard, he chuckled inwardly.

Was profound grade very hard?

He said coolly, "So incredible? Since you're already number one, what did you come to find me for?"

Lu Daoyi said coolly, "I just exited seclusion a few days ago and heard that a peerless genius at the same rank joined the sect. I naturally have to come and defeat him! Otherwise, how can my title of number one be confirmed? But, seeing you, I'm very disappointed! You're not worthy to be my opponent at all!"

These words were partly true and partly false.

He indeed looked down on Ye Yuan, feeling that Ye Yuan was not worthy of being his opponent.

But the other half was in order to infuriate Ye Yuan and then to slap his face mercilessly in front of everyone.

This way, it would feel amazing!

Who would have expected that Ye Yuan did not continue at all and said coolly, "Oh, since that's the case, then what are you still waiting here for? You can go."

The moment these words came out, everyone could not help being stupefied.

So cowardly?

Even Zhu Yan and the rest were also stunned.

Following, they felt so ashamed.

Why did their master take in such a disciple? He was too lacking in gutskō

If Lu Daoyi was True Sovereign Heaven, then forget it. But Lu Daoyi was just Saint Sovereign Heaven!

Even if he clearly knew that he was not a match, he also could not concede defeat under this kind of circumstances!

Otherwise, how would others view their master? How would people view you?

Furthermore, Ye Yuan had just entered the sect for a day. Even if he lost, it was not considered disgraceful either.

But Ye Yuan did not follow up at all!

They were disappointed, unbelievably disappointed!

Lu Daoyi looked at Ye Yuan and said with a big laugh, "In that case, you admit defeat?"

Ye Yuan shook his head and said, "I never said this."

Lu Daoyi was stupefied again and said, "Since you're not admitting defeat, then compete in a match!"

Ye Yuan continued to shake his head and said, "Leave. I won't compete with you. Because there's no meaning at all."

Lu Daoyi could not help laughing as he said, "In that case, you're being completely shameless?"

"Whatever you think." Ye Yuan had waned interest and turned around and left, leaving behind the dumbfounded-looking crowd.

This Lu Daoyi could not muster up his interest at all. Ye Yuan did not even have the desire to slap Lu Daoyi's face. Was winning Hua Zong very impressive?

Was sating Zhou Pinespring as a goal very impressive?

It was just that Ye Yuan's behavior was simply stubbornly hanging on in the view of the others!

Clearly not a match and did not even dare to compete, but was not willing to admit defeat.

It was difficult for this kind of person to have great accomplishments!

"I even thought what kind of remarkable disciple Martial Uncle Zuo Chen took in! Looking at it now, it's simply disgraceful!"

"Even if he loses after competing in a match, we won't look down on him either. At least, he had the courage! But now, he's clearly not a match and even refused to admit defeat, huhu!"

"Will it be hell! Martial Uncle Zuo is really blind, bringing a coward back and even protecting him like a treasure!"

Ye Yuan's departure set up a mighty storm.

Zhu Yan and the rest wished to find a hole in the ground to burrow into.

This was a complete and utter humiliation!

After Wu Jiang and the others were exiled, their perception of Ye Yuan immediately improved significantly. But now, it immediately returned to before emancipation.

No, it was even worse than before emancipation!

This was not losing your own face; this was losing their master's face!

Lu Daoyi laughed loudly and said, "Senior Apprentice Brother Zhu Yan, Uncle Zuo Chen was wise all his life, but I didn't expect that he would have times where he's blind too! This kind of trash, I, Lu Daoyi, don't even have the desire to smack his face! Senior Apprentice Brother Wang, let's go!"

Wang Lin smiled and said, "Indeed, this kind of person, Junior Apprentice Brother will be bringing disgrace upon yourself by taking action. Let's go!"

As he said, Qin Shan's lineage left straightaway.

There was already no need to compete in this match.

The effect was far better than beating Ye Yuan.

Zuo Chen's lineage probably would not be able to lift their heads for a very long time.

Furthermore, Lu Daoyi defeating Hua Zong in this battle would surely shock the entire sect!

Their goal had already been achieved.

At Ye Yuan's residence, Zhu Yan was very unhappy and said in a solemn voice, "Junior Apprentice Brother Ye, how can you be like this?"

You got to know that who you're representing isn't just yourself. There's also Master! If you admit defeat, fine then. But you didn't concede and also did not accept the challenge. Master's face has been utterly lost by you!"

Ye Yuan was indifferent and said smilingly, "Third Senior Brother, I really can't muster interest in that Lu Daoyi. Competing with him is a complete waste of time!"

Zhu Yan was stunned and could not help laughing as he said, "In that case, you feel that you're better than him?"

Ye Yuan nodded his head naturally and said, "That's of course."

Zhu Yan's smile became a sneer and said, "Since you're stronger than him, why didn't you compete then?"

Ye Yuan said coolly, "Because he's too weak!"

Zhu Yan could not resist laughing loudly and said, "Hahaha, even your Senior Apprentice Brother, I, don't dare to say that Lu Daoyi is weak. You're actually saying that he's weak? Junior Apprentice Brother, you disappoint me too much! I really didn't expect that you're such a person!"

Finished saying, Zhu Yan flicked his sleeves and left!.
