Chapter 2861: Who Asked You to Posture!

Yang Qing was really bloated! He felt like he was a balloon, being inflated with air at a very rapid rate!

Ta

This heavenly pill was too amazing!

Boom!

At the place where Yang Qing was standing, space exploded. Stones flew everywhere.

Under Luo Hao's saber, there was no chance to get lucky at all.

"Dead?"

"Definitely dead! No matter how amazing the heavenly pill is, it's also impossible to skyrocket instantly! There has to be a process to digest the medicinal strength!"

cess

"True! Ye Yuan must have come at this time deliberately. Either way, Yang Qing will be dead too. We also can't investigate what kind of heavenly pill he consumed. Indeed a divine scam, to be able to scam his teammate like this!"

How swift and fierce was Luo Hao's saber?

This saber of his was simply a miracle in the eyes of others!

Hence, Yang Qing had to die!

But there were still many Emperor Realm powerhouses present. However, their expressions were unprecedentedly solemn. "Break, break, break!"

On the life-and-death stage, an angry roar suddenly came over. Yang Qing's figure appeared again, his entire body dyed in blood!

Clearly, Luo Hao's move earlier had already inflicted heavy wounds on him.

However, he ultimately still relied on the Infinite Comprehensive Pill and evaded it!

Although seriously wounded, his aura was rising crazily, and his realm actually directly broke through to upper True Sovereign Heaven.

Furthermore, this realm was still increasing rapidly!

His strength was skyrocketing, rising sharply in all aspects!

Physical body, divine essence, power of rules, so on and so forth.

Everyone was stunned!

Yang Qing actually evaded it?

He was clearly not an opponent who could last one exchange with Luo Hao. How could he avoid this blade?

The Infinite Comprehensive Pill was so amazing?

Yes, it was even more incredible than they imagined!

Because when Ye Yuan was refining the pill, some mutation even happened.

His power of blessing activated!

The medicinal effect of this Infinite Comprehensive Pill was ten times that of ordinary profound grade heavenly pills! The powerful medicinal strength directly poured into Yang Qing's body, seemingly opening up the water gates of his realm, rising crazily!

Furthermore, Yang Qing was in a very mysterious state currently.

Originally, he could not keep up with Luo Hao.

But now, Luo Hao's every movement and action was within his grasp.

The reason why he was seriously wounded was that his bodily functions could not keep up with Luo Hao.

But he still barely managed to avoid it.

"Humph! So what if you took the Infinite Comprehensive Pill? I won't give you the chance to refine the medicinal effect!"

Luo Hao gave a cold snort, the saber momentum rising again!

Hence, he unleashed his blade frenziedly!

Each saber slash was stronger than the last! On the life-and-death stage, it was saber images everywhere, bedazzling people's eyes. But Luo Hao was panicking! Saber had saber momentum. A powerhouse like Luo Hao naturally knew how to utilize saber momentum even more.

With each saber slash after another, his imposing momentum would rise to a very terrifying realm.

Even the ranked one Cao Dian would not dare to let him accumulate saber momentum at his discretion too! But his saber actually got further and further away from Yang Qing! "Luo Hao is impressive! This grandson is definitely going to die without a burial ground!"

"Well-deserving of being the number one saber in True Sovereign! Luo Hao, finish him off!"

"Hahaha ... What rubbish Infinite Comprehensive Pill, too weak! Too weak!"

.....

Those True Sovereign Heavens and Saint Sovereign Heavens did not know the inner reason. Seeing Luo Hao's saber momentum get stronger and stronger, they cheered him on frenziedly. However, the face-slapping came so quickly!

Boom! Amidst the saber images, a streak of black light suddenly appeared! The saber images that filled the sky dissipated with a loud bang.

Luo Hao's body directly collided with the protection screen like a kite with a broken string.

Yang Qing stood holding his spear, his imposing momentum surging to the sky, being incredibly domineering!

Although he sustained rather severe injuries, it was like he had been reborn anew at this time.

That Sovereign Azuresky, who considered himself without equal in the world, had returned again!

Yang Qing pointed at Luo Hao with his long spear and said indifferently, "What rubbish number one saber in True Sovereign, weak to the max! From today onwards, Your Father is the number one spear in True Sovereign! No, wait, it's number one in True Sovereign! If you're not convinced, feel free to come and challenge, Your Father will receive it all! Just the likes of you trash also dare to posture in front of this sovereign, it serves you right to get slapped! Hahaha, Cao Dian, after I kill Luo Hao, do you dare to fight or not?" The current Yang Qing was inflated to the extreme.

He felt that he was already invincible under the heavens!

This Infinite Comprehensive Pill was too amazing!

Too amazing!

Ever since stepping onto Heaven One Continent, he no longer had that feeling of looking down upon the world in the past.

But now, he finally regained this feeling.

The king was undefeated!

His strength had soared several hundred times over!

Furthermore, it was an all-around improvement!

His cultivation realm, he already reached grand completion True Sovereign Heaven!

His physical body, it similarly reached grand completion True Sovereign Heaven!

His origin divinity, it was also grand completion True Sovereign Heaven!

Even in terms of power of rules, he achieved mastery, with Spear Dao and power of rules reaching peak rank six at the same time!

The crux was that the soaring in strength did not let him feel fleeting and ephemeral, but it was incomparably solid instead!

He had never seen before such an amazing heavenly pill!

Yang Qing knew that the heavenly pill that Ye Yuan refined might be very impressive.

But he did not think that the heavenly pill that Ye Yuan refined would actually be so awesome!

Below the life-and-death stage, Cao Dian's face became black as the bottom of a pot.

Got to admit, Yang Qing was seriously too capable of drawing aggro! This guy was currently boundlessly inflated!

The most important thing was that his strength was sufficient to support his inflation!

That spear just now, Cao Dian saw it clearly.

He could not receive it!

What shitty luck!

"Okay, I'll have a battle with you!" Cao Dian was an extremely proud person too. How could he accepted to be provoked like this?

Even if he clearly knew that he was not a match, he had to fight too!

The strong would never fear challenges!

"Hahaha, Cao Dian, you have guts! But, from this day forth, you'll have to live under the shadow of this sovereign!"

Amidst the loud laughter, Yang Qing sent out his long spear. Boom!

Luo Hao, dead!

The whole place was dead silent. There was only Yang Qing's arrogant laughter. Did it end just like that? This ... This was also too fake, right?

Luo Hao was True Sovereign Heaven rank fourth!

He actually did not even have the strength to fight back under Yang Qing's hands?

Previously, they were all mocking Ye Yuan for overestimating his own ability to actually attempt to refine the most difficult pill in history, the Infinite Comprehensive Pill.

Now, not only did Ye Yuan refine it, but he also used an extremely terrifying way to let Yang Qing rise up crazily!

This face was really slapped resoundingly!

was n

Yang Qing himself also admitted that he could not last a single exchange with Luo Hao.

But, after consuming Ye Yuan's heavenly pill, he directly one-shotted Luo Hao!

This kind of contrast really drove people nuts!

How could you be so amazing?

o an

Wang Lin, Zheng Qian, Guo Fang, Qin Shan, and the rest had all turned their noses up at Ye Yuan previously, mocking him to the best of their ability.

But now, those words seemed to have turned into slaps, slapping onto their faces crazily. “Cao Dian, come up! Watch your Grandpa Qing wreck you!” Yang Qing said complacently.

He was already inflated to the extreme!

The former king was already being completely taken lightly by him. Hearing this, everyone really wanted to go up and slap his face!

But they could not do it!

Cao Dian, you definitely can't lose!

Cao Dian went up the life-and-death stage with a black face.

Yang Qing said to the judge, “Old man, borrow the life-and-death stage to use! Today, I'm going to reign over True Sovereign Heaven!”

Bang! The judge directly smacked Yang Qing into the dirt with a slap!

Everyone felt incredibly satisfied! Who asked you to posture!

[Unrivaled Medicine God](#)

Chapter 2862: Expounding the Pros and Cons!

“You're full of yourself.”

The judge looked at the Yang Qing in the dust and said nonchalantly.

It served him right!

This was what everyone present was thinking.

Yang Qing got to his feet, looking at the judge with an unfriendly expression as he said, “Humph humph! Old man, change is the only constant thing; the wheel of fortune turns! After my cultivation realm catches up to you, I'll definitely smack you into the ground!”

Smack him!

Smack him to death!

Everyone was shouting in their hearts.

However, the judge actually gave him a profound glance and said with a nod, “Boy, you're pretty good! I'll lend you this field!”

Yang Qing snorted again and said, “Don't think that lending the field can resolve the grudge; I'm very vengeful!”

The judge laughed loudly and said, “Alright. Then I'll wait for you!”

Yang Qing was not long-winded either, leaping onto the stage. Cao Dian also followed closely behind.

The moment the two people made their moves, they were their strongest attacks!

But this time, they saw Yang Qing's spear clearly.

A domineering spear!

Boom!

It was only to hear a loud noise. Cao Dian shot out backward, but Yang Qing did not budge an inch.

With one strike, the level was immediately established!

Everyone was incredibly shocked.

This was also too bloody freakish, right?

"I ... lost!" Cao Dian threw down a sentence, turned around and left.

The entire audience was in shock!

With one heavenly pill, Yang Qing soared to the sky with one bound and became number one in True Sovereign Heaven?

Unbelievable!

What the hell kind of heavenly pill was this? Could you give me one?

"You trash, you mocked your Grandpa Qing daily for the past few days. Now, does this slap feel good? Hahaha ..." Yang Qing put away his long spear and laughed rampantly.

Those people who had mocked him before wished to find a hole in the ground to burrow into.

How could they have expected this kind of heaven-defying rise! "Yang Qing, what are you being cocky for! If not for Ye Yuan, what the hell are you?" Zheng Qian said with refusal to accept it as final.

"Yeah! The impressive one is Ye Yuan. What does it have to do with you?"

"You've performed all of his posturings, do you really think that you're very impressive?"

Everyone seemed to have found a relief outlet, rebutting Yang Qing frenziedly.

Yang Qing did not care in the slightest and showed off. He said, "Your Father can beat you all down by having such an awesome brother! If you're not convinced, bring it on!"

Everyone was speechless.

You make a lot of sense. I actually have nothing to say in reply!

Why did we not have a brother like Ye Yuan?

Hence, the news of Ye Yuan defying the heavens with one pill swept throughout the entire Extreme Medicine Sect once more.

The entire sect was incredibly shocked.

Although the one who swept across True Sovereign Heaven was Yang Qing, everyone's discussion was more focused on Ye Yuan. It was because the one who created this miracle was Ye Yuan!

Even those Emperor Realm powerhouses and high level heavenly alchemists, were all shocked too.

Such a heaven-defying heavenly pill, how did Ye Yuan refine it?

Even if it was an all-attributes heavenly pill, it would not be to an extent of being so heaven-defying too, right?"

Just what kind of additional material did Ye Yuan add?

These people suddenly discovered that after Ye Yuan entered the sect, it seemed like all of the limelight had been snatched away by him alone!

The Infinite Comprehensive Pill was hailed as the hardest in history!

Ye Yuan was just grade five realm, and he actually refined it.

Not only did he refine it, but the medicinal effect was also mind bogglingly amazing!

Didn't this mean that Ye Yuan's alchemy strength already surpassed many grade eight heavenly alchemists?

This was a ... freaking joke, right?

Didn't you just enter profound grade for ten years?

What right do you have to be so impressive?

Of course, this kind of small scene had nothing to do with Ye Yuan. He had already entered the Extreme Light Pavilion.

As Hegemon Cloudmount's little disciple, the sect had no choice but to take his words seriously.

Moreover, he just gave the sect such great kindness!

"Little Junior Brother, this matter affects the situation as a whole. The implications are too big!" Li Clearcloud said with a solemn expression.

A pavilion elder said, "I disagree as well! If people learn our things and run out to establish a sect, then our Extreme Medicine Sect will have many opponents out of the blue!"

"Little Martial Uncle, your seniority is high, but some ideas are still too naive!"

.....

In the Extreme Light Pavilion, virtually all the pavilion elders were opposed to Ye Yuan's proposition.

This kind of idea was too fanciful and fallacious!

Creating many opponents out of the blue for themselves, this was a way of digging their own grave!

This notion was already deeply entrenched in the hearts of people.

Ye Yuan was indifferent and said with a smile, "Pray tell, everyone. Since the Heaven One Alliance was established, how many powerhouses has our Heaven One Continent given birth to? Which powerhouses did our Extreme Medicine Sect give birth to?"

Li Clearcloud's brows furrowed, and he shook his head and said, "Our Extreme Medicine Sect didn't give birth to any true powerhouses. There have even been hundreds of Emperor Realm powerhouses who have already fallen because of the war! As for the other sects, there are mostly the same! In fact, they are even worse off than us!"

"That's it!" Ye Yuan said calmly, "After the Heaven One Alliance was established, it seemed like everyone was united. But until now, you're still only clearing away the snow in front of your own doors! Not only did our strength not get stronger, but we're also being weakened by the blood race non-stop instead! In contrast, the blood race grew stronger the more they fought, and their powerhouses got more and more! I don't know how long more the Absolute Heaven Barrier can still resist, but if things continue like this, we probably won't be able to resist any more!" The Extreme Light Pavilion's pavilion elders had all gone to the front-lines before and fought with the blood race!

Over these few thousand years, quite a number of the Extreme Light Pavilion's pavilion elders had actually fallen too!

These were all origin powerhouses, with hopes of stepping into Hegemon Realm in the future!

As for the other sects, that went even more without saying.

"Many people in the sect have never been to the front-lines before. They probably don't know the cruelty and dangers there at all, and they also don't have much sense of danger. In fact, they even think that our Hegemon Realms are very strong, and they can keep the blood race's powerhouses outside of the Absolute Heaven Barrier! But in reality? I saw strong worry on Master Cloudmount and Senior Apprentice Brother Pinespring's faces! Even existences of their level completely don't have the confidence too, right?"

"At this current situation, the various major sects are still thinking of preserving strength, pending to stage a comeback. It's just that do they have this chance? I don't believe that those Hegemon Realms can't see this! But I feel that Divine Lord is probably lacking an opportunity! Since nobody is willing to take the lead, then why don't ... our Extreme Medicine Sect break this stalemate!"

"Furthermore, I don't feel that opening up resources will cause huge losses to the sect. On the contrary, I feel that it can make us become stronger instead! The Extreme Medicine Sect is an alchemy path leviathan, but the other sects similarly have their own foundations! If we open up resources, it can let those small sects undergo a mutual exchange of resources! Our disciples are elites among elites. Could it be that they would lose to them?"

III

Ye Yuan said a whole bunch at great length, expounding on the pros and cons.

Ye Yuan had already prepared these words for a long time, making those pavilion lords dazed from listening

Should these things be what you, a puny little Saint Sovereign Heaven, consider?

Hearing you speak, you directly substituted yourself as Divine Lord, His Excellency!

However, each and every one of these pavilion elders was incredibly shocked in their hearts.

Ye Yuan's development was too big!

When they were still conflicted about the sect's interests, Ye Yuan had long already jumped out of the sect and placed his horizons across the entire Heaven One Continent, even the entire Grand Brightjade Complete Heaven!

In reality, when Ye Yuan was at Northern View City, he had already understood from Zuo Chen in-depth about the present situation. These plans, he had long already worked them out.

Talking about it at this time, it was enlightening the benighted. Proposing something like this from the perspective of Divine Lord, that was incredibly difficult

It was because he had to balance the various great Hegemons and could not let anyone suffer a loss in benefits.

Otherwise, this alliance would be done for.

But breaking this bottleneck from the Extreme Medicine Sect could not be better. Once the Extreme Medicine Sect did it, the situation would be broken.

Divine Lord would be able to push the boat along the current and carry out a transformation on the entire Heaven One Alliance, achieving a fusion!

Only this kind of fusion could let Heaven One become stronger!

Otherwise, they could only be encroached upon by the blood race step by step, and then all of them would fall into the enemy's hands in the end.

[Unrivaled Medicine God](#)

Chapter 2863: Breaking the Stalemate!

With Ye Yuan defying the heavens with one pill, Yang Qing swept across True Sovereign!

This matter set off huge waves in the Extreme Medicine Sect from top to bottom.

But, before the aftermath of this matter had passed, a piece of news that was even more of a bolt out of the blue descended!

This time, the ones who were shocked was not just the Extreme Medicine Sect, but it was the entire Heaven One Alliance!

The Extreme Medicine Sect had opened up cultivation resources to the entire Heaven One Alliance.

This news was too explosive!

Of course, the one who got slapped the hardest were still the Extreme Medicine Sect's disciples.

Previously, they were all mocking Ye Yuan, thinking that it was impossible for this matter to be realized.

Forget about the Extreme Light Pavilion agreeing to it, Sect Master was just brushing him off and would not bring this matter up to the Extreme Light Pavilion at all.

Who knew that it was really brought up! However, they did not know that if Ye Yuan wanted to report it to the Extreme Light Pavilion, he did not need Song Qingyang at all.

Bringing it up was not strange. What was scary was that the Extreme Light Pavilion actually really agreed!

“It’s crazy, right? This is something that shakes the sect’s foundation. The pavilion elders actually agreed?” “Where are the Hegemon ancestors? Ye Yuan messing around like this, they’re not going to control him too?”

“Motherf*cker, got slapped in the face again!”

With regards to the Extreme Medicine Sect’s decision, everyone could not figure it out after racking their brains. What right did a measly little Saint Sovereign Heaven have to have his suggestion be adopted after bringing it up?

Furthermore, it was even such a major thing!

The moment the news came out, the world was shocked!

To itinerant cultivators and those small sects, this was absolutely a piece of huge good news!

However, it was naturally impossible for this kind of release to be without additional conditions.

For itinerant cultivators, those who used the Extreme Medicine Sect’s resources would be viewed as automatically joining the Heaven One Alliance and be subjected to the Heaven One Alliance’s unified allocation of resources!

Small sects must open their resources to the Extreme Medicine Sect too.

Furthermore, as long as they utilized the Extreme Medicine Sect’s resources, they would have to go and serve at the Absolute Heaven Barrier for three years!

All sects were members of the Heaven One Alliance.

But Heaven One Continent still had countless itinerant cultivators. These itinerant cultivators were a force that could not be overlooked.

Among these people, there were brave ones who were killed at the Absolute Heaven Barrier all year round.

But there was still a very large part that was huddling up in the rear.

This decision of the Extreme Medicine Sect would immediately summon a large portion of itinerant cultivators.

It would not do if they did not come!

What did itinerant cultivators lack?

Resources!

Among itinerant cultivators, there were actually many geniuses. They suffered from a lack of cultivation resources, their cultivation realms having difficulty breaking through all along. If their cultivation realm did not break through, they would have to face endless Dao tribulations!

Come one day, they would die!

With the Extreme Medicine Sect opening up resources, they would have hopes of breaking through their realms. In terms of cultivation resources, the Extreme Medicine Sect was absolutely positioned right at the top!

They were virtually number one across the entire Heaven One Continent.

Even the other two great Hegemon level sects could not compare to the Extreme Medicine Sect too.

Therefore, the Extreme Medicine Sect's cultivation resources had a fatal allure!

This kind of good thing, no one would refuse it.

Hence, countless powerhouses were gathering over at the Extreme Medicine Sect.

Furthermore, this way of doing things brought huge prestige to the Extreme Medicine Sect!

"The Extreme Medicine Sect is well-deserving of being an alchemy overlord. This great courage makes people admire them!" "The Extreme Medicine Sect is too responsible! After my strength breaks through, I must go to Absolute Heaven Barrier and showcase my abilities!"

"Putting aside sectarian views and breaking hundreds of millions of years old established practices, the Extreme Medicine Sect really has great breadth of spirit!"

Among these people, they were naturally people who had great experience and knowledge too.

The Extreme Medicine Sect having such an open attitude made them feel ashamed of their unworthiness. They secretly swore to definitely head to the Absolute Heaven Barrier. Every day, there were countless powerhouses gathering in front of the mountain pass gates.

ses

There was one more thing that made the entire Extreme Medicine Sect hate Ye Yuan to the core.

From now on, all of the Extreme Medicine Sect's disciples would take turns going to the Absolute Heaven Barrier!

No matter whether you were of the conservative faction or not, you would have to be forced to the front-lines in the future.

Hua Zong was stunned when he got this news.

He discovered that the boasts that Ye Yuan made were really realized one by one!

This little junior brother was truly remarkable!

Why was he, a measly little Saint Sovereign Heaven, impressive to this extent?

Did the conservative faction remain silent about this?

No!

The moment the news came out, the conservative faction immediately carried out a large-scale reverse play.

They practically swarmed out in full force, joining forces to exert pressure on the sect!

The conservative faction's forces practically occupied more than half of the Extreme Medicine Sect.

Once they joined hands, the power could be imagined.

However, right at this time, a dharmic decree descended from the sky, shocking the entire Extreme Medicine Sect!

At this moment, that dharmic decree could be seen by the whole sect.

The Extreme Medicine Sect's four great Hegemon Realms joined hands to send down the dharmic decree, stating that the Extreme Light Pavilion's decision was the will of the Hegemon Realms!

With this, the Extreme Medicine Sect boiled over!

The four great Hegemons were aloof from worldly affairs and had never expressed their attitudes with regard to this matter before.

This time, they actually joined hands to send down the dharmic decree!

No one could resist the will of the Hegemon Realms.

Hence, they determined the world with one move, and the conservative faction's voice was directly suppressed by this dharmic decree.

"Hahaha ... That boy indeed suits Your Father's appetite the best! This move of his is really played beautifully! The thing that even this seat can't do, he actually did it!"

In the Absolute Heaven Barrier, Hegemon Cloudmount's hearty laughter could be heard.

However, not all the Hegemons could hear this laughter.

It was because his voice was actively being isolated.

But Divine Lord His Excellency could hear him.

"I really didn't expect that this boy is actually so stunning, breaking the stalemate of several thousand years in one stroke! With this, those few stubborn old things will probably fly into a thunderous rage! Speaking of which, I really need to thank Ye Yuan properly this time," Divine Lord His Excellency said with a smile.

"Heh heh, Divine Lord Your Excellency, you mustn't just be all talk and no action! This Seat has remembered these words!" Hegemon Cloudmount said with a shady smile.

The moment Divine Lord heard this, he could not help laughing as he said, "You old fellow, could it be that this lord will still owe a Saint Sovereign Heaven junior? This time, Ye Yuan really helped out greatly! However, those few old fellows will probably be finding you to settle scores!"

Cloudmount smiled coldly and said, "Would Your Father be scared of them? If not for the few of them obstructing in every possible way, our new policy would have long been pushed forward. Why would we end up being so passive now? Humph! Already at the juncture of life and death survival, those few old fellows are still so fettered by old convention! It serves them right to have their sects be wiped out!"

The Absolute Heaven Barrier's Hegemon Realms were naturally not of one heart and mind too.

The reason why it developed until the present situation where all Hegemon Realms joined hands, it was forced by circumstances.

Why did the conservative faction have a market?

Without Hegemons supporting them, how could they be tough?

Among these Hegemon Realms, Hegemon Cloudmount and the rest of this group were all of the warring faction.

They hoped to break down the barriers between sects. The Heaven One Alliance was one family!

But the vast majority of Hegemon Realms turned their noses up in disdain at this!

These Hegemon Realms hoped that there must be autonomy between sects.

Otherwise, their legacies would be buried in oblivion in the dust of history. Among them, the other two continents' Hegemon Realms especially dominated!

Their sects had practically been annihilated already.

Therefore, they had a very averse attitude towards this kind of merger.

Divine Lord also advocated for breaking down the barriers, but he needed to borrow the strength of these Hegemon Realms to deal with the blood race, so it could only keep dragging on until now.

But Ye Yuan's action completely broke this deadlock.

Once the situation was broken, Divine Lord took the initiative!

Then what right did Ye Yuan, a measly little Saint Sovereign Heaven, have to be able to do something that even Hegemon Realms could not accomplish?

The problem still lay with those treasures of the Labyrinth Divine Palace.

Ever since entering the sect, Ye Yuan pushed his momentum to the peak step by step.

At the crucial moment, he threw out these Labyrinth Divine Palace treasures. Under this kind of situation, the Extreme Medicine Sect's conservative faction already could not make much noise anymore.

It was because they needed those treasures too! They also needed to become strong!

At this time, the moment the dharmic decree of Hegemon Cloudmount and the rest descended, it immediately suppressed all the voices in the sect.

Unrivaled Medicine God

Chapter 2864: South Qi Giant City!

“We’re not convinced! On what basis should we be the first batch to go to the Absolute Heaven Barrier?”

“Yeah, this matter was caused by Ye Yuan. If wanting to choose someone to go, it should also be him who goes first!”

“Just because Ye Yuan donated a bunch of jade slips, he can get special treatment?”

... ..

In the Law Enforcement Hall, a group of people was rioting non-stop. Zheng Qian, Wang Lin, and the rest were shockingly in ranks.

The first batch of names headed to the Absolute Heaven Barrier had already been issued. None of those who opposed Ye Yuan could escape.

Even Qin Shan, this grade eight heavenly alchemist, was also sent to the front-lines.

Of course, it was not a coincidence. Ye Yuan did it on purpose.

These people jumped around the most. Of course he could not let them continue acting like tyrants.

However, Ye Yuan’s goal was naturally not to send them to death.

These people were all geniuses. Ye Yuan did not deny it.

Perhaps going to the front-lines could make them improve at a great pace.

It was just that the mortality rate at the front-lines was also extremely high. Qin Shan had a black face as he said in a solemn voice, “Martial Uncle Ming Tang, if you don’t give an explanation today, even if it’s defying the sect’s orders, we won’t hesitate

too!”

Ming Tang was a Law Enforcement Hall elder, an Emperor Sakra Heaven Realm mighty expert, his status being extremely high.

Ye Yuan’s name did not appear in the name list of the first batch, so these people immediately blew up!

On what basis?

Hence, they ran to the Law Enforcement Hall collectively to make a scene.

As the saying went: it was hard for the law to punish the collective. They all had this mentality. The overwhelming momentum was unstoppable, but making Ye Yuan go was a must!

Otherwise, they could not swallow this insult.

Ming Tang glanced at Qin Shan and said coolly, "Have you all made enough noise? Ye Yuan their party of five already left the sect a month ago and set off for South Qi Giant City!"

Everyone was dumbfounded!

What kind of place was South Qi Giant City?

The number one dangerous city below Absolute Heaven Barrier!

It was not that this city was very dangerous, but that this city's casualty rate was too high!

Frighteningly high!

Why?

The Absolute Heaven Barrier blocked the blood race army. But when dividing Grand Brightjade Complete Heaven into two, how big was the Absolute Heaven Barrier?

Unimaginable!

This Absolute Heaven Barrier was like a ten thousand mile great wall. It stretched even longer and more unbroken than a ten thousand mile great wall.

However, to maintain the Absolute Heaven Barrier, Hegemon Realm powerhouses needed to expend a considerable effort too.

Simply put, the Absolute Heaven Barrier was like a large net.

The place where the Hegemon Realms were garrisoning, that was the nodal point of the large net.

The node was naturally as strong as iron.

But since it was a web, then there had to be gaps.

The war between the blood race and Heaven One unfolded in these gaps.

Incomparably cruel!

Heaven One Alliance built one giant city after another in these defensively weak places, planting a large army of countless powerhouses.

South Qi Giant City was the place with the largest loophole!

Of course, it was also the most dangerous place.

One could say that the army stationed there practically had no overlap with anyone from the first batch of army stationed there! The first generation army, from the high and mighty Emperor Realm powerhouses to Saint Sovereign Heaven army, had all died out!

One could imagine how dangerous South Qi Giant City was!

In the rear, no matter which sect it was, their complexions would change colors at the mention of South Qi Giant City.

No one was willing to go!

It was because South Qi Giant City was equivalent to death!

Not roughly equivalent!

That place was absolutely an incomparably cruel and savage battlefield.

That place was hell!

Ye Yuan actually went to South Qi Giant City?

A Saint Sovereign Heaven, no matter how amazingly talented you were, you would also be an ant in South Qi Giant City!

Lowly like an ant!

There were no geniuses there, only dead people!

Too cruel!

Was this guy mad?

Ming Tang's gaze swept over everyone's faces, and he said with a cold smile, "When you guys were afraid, others were already at the front-lines! This elder feels that Ye Yuan's opinion is correct! You these people crack yourselves up to be geniuses, enjoying countless glory, but you all don't know how cruel the front-lines are! You all won't be able to grow up without experiencing the baptism of blood! Go on!"

With this, nobody spoke anymore!

Ye Yuan already went to South Qi Giant City What else could they say?

Where they were going to this time was Floating Light City.

Although that place was the front-lines too, it was not an absolutely dangerous place.

There were 108 cities below the Absolute Heaven Barrier.

Among them, there were nine giant cities!

Cities that had the word 'giant,' were all brutal battlefields.

And among them, South Qi Giant City was the most dangerous!

.....

"This is South Qi Giant City? Sure enough ... it's very cruel!"

Seeing the scene before his eyes, Ye Yuan could not help sighing lightly.

Clearly, this place had just experienced a great battle.

10.

The city walls that towered into the clouds, half of them were already demolished. Many high level Formation Dao masters were currently repairing the city walls.

Outside the city, several thousand dead bodies were casually thrown around, looking ghastly.

There weren't bloodkins because they would not leave behind dead bodies.

Either die or revive.

Many Saint Sovereign Heaven soldiers were currently collecting the corpses, their eyes faintly holding tears. But their gazes were full of resoluteness.

The land outside the city took on a dark-red hue as if it had already been dyed thoroughly with blood,

This was not an adjective but a fact!

Ye Yuan already heard about it before coming that red-color dirt was the hallmark of South Qi Giant City!

This place was dyed red by fresh blood!

Ye Yuan few people did not see this great battle, but the degree of danger was clear just by thinking about it a little.

This battle must have been extremely fierce.

Ye Yuan had experienced the northern front battle, but that level of battle completely could not be mentioned in the same breath as this place. "Big Brother Ye Yuan, the blood race is so abominable! Jingfei wants to kill the enemy too, kill them all! Sniff, sniff ..." Jingfei immediately burst into tears when she saw the scene before her eyes.

Too tragic!

Even the Yang Qing, who went about happy-go-lucky every day, also had a solemn and respectful face at this time.

"Ye Yuan, my blood is already burning!" Yang Qing said.

"Yeah, me too."

As he was talking, Ye Yuan gave a deep bow to this stretch of land.

On top of the city walls, a gray-robed middle-aged man looked at the city wall that was currently being repaired, his expression being incredibly grim.

Ye Yuan noticed him very quickly because his aura was extremely strong. He was definitely an Emperor Sakra Heaven Realm mighty expert!

"Heh, kid, you're new here, right? To dare come to South Qi Giant City, pretty gutsy!" An easy-going Saint Sovereign Heaven soldier came up to greet warmly. Ye Yuan smiled and said, "Some things ultimately need people to do. This brother, didn't you come too?"

The moment the other party heard, he laughed loudly and said, "I like to hear this! Little Brother, you came to the right place! Our South Qi Giant City is the most soulful place! Fighting here, there are no regrets in death! I'm called Wang Yan. What are you called, Little Brother?"

Ye Yuan cupped his fists and said, "This little brother, Ye Yuan, is from the Extreme Medicine Sect."

Wang Yan waved his hand and said, "South Qi Giant City has no sects, only brothers! Even if you were a flower in the Extreme Medicine Sect, it's completely meaningless in this place too."

Ye Yuan was taken aback and said with a smile, "What Brother Wang says is right. This little brother has received the teachings!"

In a few sentences, Ye Yuan already felt the difference.

Originally, Ye Yuan thought that in such a savage battlefield, humanity was gray and without luster, especially having just experienced a great battle.

But Wang Yan seemed very relaxed, without the slightest psychological burden, talking in a jovial manner.

Ye Yuan could feel that it was not that Wang Yan was heartless, but that he had qi in his heart.

This qi was the soul of South Qi Giant City!

When people come here, they would be infected by this place very quickly and be assimilated!

"Brother Wang, who is that? His bearing is extraordinary."

Ye Yuan pointed at the middle-aged man on top of the city walls and asked.

Wang Yan chuckled and said, "You don't even recognize City Lord Feng Xiaotian. How do you live? That is our South Qi Giant City's spiritual leader!"

Wang Yan's words were filled with admiration.

Ye Yuan had some guesses long ago in his heart. It was indeed Feng Xiaotian!

This was South Qi Giant City's tenth city lord.

The previous nine were all dead. They died in battle!

South Qi Giant City's danger was not said for fun!

Even an Emperor Sakra Heaven expert like the city lord died over and over again!

However, Feng Xiaotian was different!

This person completely grew up in South Qi Giant City.

This was a god of war!

When he entered South Qi Giant City, he was only True Sovereign Heaven Realm.

Before this, he was unknown too.

But he grew up step by step during the battles with the blood race. His cultivation realm also advanced steadily, from True Sovereign Heaven to Emperor Cloud Heaven, then to Emperor Vast Heaven, and Emperor Sakra Heaven!

All the way until presently, he became South Qi Giant City's city lord!

This was a true-blue god of war!

In each battle, he would lead his men in a charge, killing until the bloodkins were trembling with fear.

Under this kind of battle intensity, for him to be able to live until now and even reach the peak realm of Emperor Sakra Heaven, it was simply unimaginable. Of course, it was also precisely because of this that he already became a god of South Qi Giant City, the idol in everyone's hearts!

Ye Yuan suddenly said, "It turns out that he's City Lord Feng! But, looking at his appearance, he seems to be frowning heavily. Did he encounter some problem?"

Wang Yan heaved a slight sigh and said, "The blood race is getting crazier and crazier, and also increasingly stronger! This time, they even collapsed half of the city walls. The city protecting grand array is badly damaged and difficult to repair! Without the city protecting grand array, we might not be able to stop the blood race army! The few big shots are currently having a headache!"

Unrivaled Medicine God

Chapter 2865: Too Inefficient!

Ye Yuan and Wang Yan were currently chatting when Feng Xiaotian suddenly shouted, "Brothers in the city, those who know Formation Dao, please gather below the southern city wall!"

"I know!"

"I know too!"

"City Lord Feng needs us. Let's hurry up!"

.....

Virtually instantaneously, those powerhouses who knew Formation Dao flooded towards the city walls one after another.

Ye Yuan witnessed what was called a hundred responses to one call.

Being able to serve Feng Xiaotian seemed to have become a kind of glory.

"I'm not going to continue talking to you any longer. I'm a grade five heavenly formation master. City Lord Feng is summoning people. I need to go!" Finished saying, Wang Yan ignored Ye Yuan and ran in haste.

This level of grand array naturally did not need grade five heavenly formation masters originally.

But now, Feng Xiaotian was clearly making a Hail Mary effort too. Ye Yuan did not hesitate and joined those heavenly formation masters too.

“Eh, Brother Ye is actually a heavenly formation master too?” When Wang Yan saw that Ye Yuan came over, he could not help being very surprised.

Ye Yuan smiled and said, “I know a little bit.”

Wang Yan nodded and said, “Mn, it’s a crucial moment now. Those who have money offer money, those with strength exert strength. Later, you follow me. You can ask me anything that you don’t understand.”

Ye Yuan nodded and said, “Then I’ll have to thank Brother Wang very much.” Very soon, a thousand heavenly formation masters gathered below the southern city walls. There were grade five and grade six experts.

As for grade seven and grade eight heavenly formation masters, those already belonged to the top powerhouses. They were all repairing the grand array on the city walls.

Feng Xiaotian cupped his fists to everyone and said, “Brothers, everyone saw it too. The city wall’s city protecting grand array is badly damaged at present, almost paralyzed. The blood race is attacking us more and more frequently. In at most five days, they will make a renewed effort after failure. Without the city protecting grand array, it will be very hard for us to guard South Qi Giant City. Therefore, this Feng needs everyone’s help!” Those heavenly formation masters immediately replied, “Serving City Lord Feng is our honor!”

A hint of reluctance flashed across in Feng Xiaotian’s eyes, and he gave a deep bow to the thousand heavenly formation masters.

The cultivation realms of grade five and six heavenly formation masters were too low. There was a tremendous risk when repairing this kind of grand array that approached origin level.

A single misstep and they would be drained dry by the origin power contained in the grand array.

But at this time, Feng Xiaotian had no other choice either.

Ye Yuan could not help feeling vicissitudes of emotion. This place was really different!

Feng Xiaotian merely gave a yell, and a thousand heavenly formation masters stepped forward resolutely, without even a trace of hesitation.

This was simply unimaginable in the Extreme Medicine Sect.

This was life-threatening!

“This Feng ... will be counting on everyone!” Feng Xiaotian said with a choke.

“City Lord Feng doesn’t need to be courteous. This is our responsibility!” Everyone said in unison.

Got to admit, Feng Xiaotian was very charismatic.

His every movement and action gave people an amiable and approachable feeling.

Furthermore, Ye Yuan could tell that Feng Xiaotian attached great importance to his men, and it did not seem to be hypocritical.

Very soon, there were many grade seven heavenly formation masters that came over and brought these thousand over people away.

The parts that grade five and six heavenly formation masters could repair were not many. But there was strength in numbers. Their participation would speed up the restoration of the grand array. "One grade six heavenly formation master, bring along ten grade five heavenly formation masters. The ten of you grade six heavenly formation masters follow me to assist me in repairing the grand array. Whatever I make you all do, just follow, make sure not to act on your own, understood?" A grade seven heavenly formation master arrived in front of Ye Yuan and the rest, and he directly picked out 110 people and left.

The others were the same too.

This way of division could reduce the casualties to a minimum.

"This seat has already divided this piece of grade seven heavenly formation's formation base. The 11 of you will be in charge of this area! Remember, you have to be super careful, make sure not to make any mistakes!"

The grade six heavenly formation expert who brought Ye Yuan said respectfully, "Yes, Lord Qi Li!"

This person was called Liu Yi. He was quite successful in the aspect of formations.

With regards to Qi Li's order, Ye Yuan did not pay attention to it. He had already started to size this majestic heaven-shocking grand array up and down!

Ye Yuan had similarly seen before many array formations with tremendous power in the Labyrinth Divine Palace's records. His knowledge and experience could not be mentioned in the same breath as these people.

This city protecting grand array was an extremely complicated interlinked grand array. Furthermore, it touched origin realm and was only a step away from a true origin grand array.

An interlinked grand array was not what a grade nine heavenly formation master could set up. It must have been jointly produced through numerous heavenly formation masters.

This grand array was linked to the Absolute Heaven Barrier, sealing off all paths of retreat.

If the blood race wanted to breach the Absolute Heaven Barrier, there was only breaking through South Qi Giant City.

It was just that South Qi Giant City had experienced a series of fierce battles, the power of this grand array was long already less than a tenth.

After experiencing the previous battle, it was even more ruined now.

It could be seen from this how terrifying the battle before they came was. "ARGH!!"

Suddenly, a miserable cry came over, startling Ye Yuan awake.

A grade five heavenly formation master was already devoured by the grand array.

However, the others did not even turn their heads around.

It was not that they were numb, but that they had to race against time!

In South Qi Giant City, dead people were really something that was all too normal.

Sorrow this kind of emotion was the most useless.

If people died, then the debt had to be repaid in blood!

Repairing the grand array meant that they could kill more bloodkins, and they would be able to avenge everyone!

“Kid, what are you still in a daze for? In South Qi Giant City, there’s no time for you to grieve over losses! Hurry up and get to work!” Liu Yi shouted coldly at Ye Yuan.

Ye Yuan glanced at him and said, “Repairing like this, forget about five days. Even if it’s 50 days, it can’t be repaired entirely at all.”

Liu Yi’s brows furrowed slightly, thinking to himself that this new kid really had a lot of crap!

The adults still did not know whether or not it could be repaired entirely. Was it your turn, a measly little Saint Sovereign Heaven, to speak? “That’s not something that you should worry about! You just care about repairing. There’s no need for you to worry about anything else!”

Ye Yuan still did not have the intention of taking action. He just said lightly, “These over 1000 people aren’t even enough to fill the crevices between the teeth. After the people die out, it’s impossible to finish repairing too. And the repaired grand array will still be too weak to stand up to a single hit. This way, we’re purely wasting time.”

Liu Yi exploded the moment he heard it and said with a cold smile, “Huhu, then you mean that we’re resigning ourselves to doom here? New kid, I don’t care where you’re some bullshit genius from. In South Qi Giant City, just obey orders! Are you doing it or not? If you’re not doing it, hurry up and get lost for Your Father!”

Ye Yuan did not get angry and just said coolly, “Give me an hour. I think I can repair the formation base here by myself.” What Ye Yuan was referring to was the range of these 110 people, and not their ten people range.

The array formation that these 110 heavenly formation masters were working on reached several tens of thousands.

Even if they did not sleep or rest, it simply could not be repaired without a day’s time.

Now, Ye Yuan actually shamelessly boasted that he could finish repairing in an hour by himself. Was this not a joke?

Liu Yi laughed from extreme fury and said, “Kid, I think that you’re not here to repair the grand array but here to cause trouble, right? Get lost! I don’t have the time to listen to you boast here!”

Wang Yan also did not think that Ye Yuan could boast so much. Did you freaking specifically come to South Qi Giant City to posture?

But you did not know that this place was not a place to posture at all, right?

There was only killing and obedience here!

“Ye Yuan, here isn’t the Extreme Medicine Sect! You got to judge the situation when you’re boasting, alright?” Wang Yan urged.

Ye Yuan said helplessly, “I’m not boasting. Whether or not it can be done, the outcome will be seen in an hour! Also, I hope that everyone can stop. Repairing like this will only cost lives in vain. It’s too inefficient!”

“Hah, boy, what high-sounding sentiments! These 1000 people stopping for an hour, do you know how much work is going to be delayed? Can you afford to bear this loss?”

“Yeah, even the grade nine heavenly formation master over there, Master Zi Yang, can’t help it. Are you, a measly little Saint Sovereign Heaven, more impressive than him?”

“Hurry up and get lost. If you keep messing around and delaying everyone’s time, we’ll directly send you on your way!”

For a moment, everyone’s spearheads pointed at Ye Yuan.

[Unrivaled Medicine God](#)

Chapter 2866: Breathtaking Repair!

“You mean that over 1000 of us heavenly formation masters here, including a bunch of grade eight and grade nine heavenly formation masters, are not even as good as you, a puny little Saint Sovereign Heaven?” Liu Yi looked at Ye Yuan and sneered coldly.

If you did not brag, then it was me who was boasting?

A punk who had just arrived was uttering wild ravings, truly ignorant!

Liu Yi was already prepared to make a move and send Ye Yuan off.

Ye Yuan’s brows furrowed slightly, instinctively wanting to reveal his identity as Hegemon Cloudmount’s disciple.

But that way, everything would become meaningless.

He would not be able to continue staying in this South Qi Giant City too.

Suddenly, his gaze glimpsed the Feng Xiaotian in the distance. Suddenly, he had a flash of inspiration, and he shouted, “You’re right! I’m not targeting anyone. The heavenly formation masters here are all trash! Clearly don’t need people to die, yet you insist on using human lives to stack it up. What are you all if not trash?”

One speech shocked the entire city!

Everyone put down the work in their hands and looked over here.

Among them naturally included Feng Xiaotian too.

Hearing this, his brows could not help furrowing slightly.

Where did this boy come from, being so arrogant?

Liu Yi was stunned. This kid really dared to continue!

“Hahaha, ignorant thing, I think that you’re simply here to cause trouble! The restoration of the entire grand array has been delayed by you alone! You deserve death!”

Liu Yi laughed with extreme fury, and his aura exploded and was about to exterminate Ye Yuan.

“STOP!”

Right at this time, he was stopped.

The one who shouted at him to stop was precisely Feng Xiaotian. Liu Yi hurriedly bowed and said, “City Lord Feng, this boy is deliberately disrupting the restoration of the grand array. This lowly one was just about to kill him, carry out capital punishment!”

Feng Xiaotian waved his hand and looked at Ye Yuan and said, “Little Brother, this place is the battlefield. You mustn’t shoot your mouth off! If you can’t do it, not just you, the sect behind you shall also suffer a great wrath!”

When Ye Yuan saw Feng Xiaotian come over, he could not help letting out a sigh of relief.

His judgment was indeed not wrong!

The former posturing sentence was in order to attract everyone’s attention.

And the latter sentence was the crux to move Feng Xiaotian.

He cherished his men very much. Actually, he was not willing to send these people to death! If there was a way that did not let these people die and could also repair the grand array, he would naturally be willing to use it.

Although he also knew that this possibility was very low.

In reality, Feng Xiaotian knew better than anyone that five days was not enough at all.

If these over 1000 people died, they would have died in vain too.

But even if the grand array was a fraction stronger, they would be able to kill a few more bloodkins too. Was using 1000 people to exchange for 2000 bloodkins worth it or not? Of course it was worth it!

This was a last resort that could not be helped!

Ye Yuan nodded his head and said, “I’m willing to write up a military writ! Give me an hour, I’ll restore this whole stretch! If I can’t do it, I’ll atone for my crime with my death!”

“City Lord Your Excellency, this boy is completely causing confusion in the morale of the troops! How can he, a measly little Saint Sovereign Heaven, possibly do it?”

“Yeah, City Lord Your Excellency, stop talking nonsense with him. Time is being delayed by him!”

“This boy might be the blood race’s spy!”

Nobody believed Ye Yuan’s words at all.

Too nonsensical!

One person doing the work of a hundred people, furthermore, it only needed an hour?

Boasting was not done like this!

However, Feng Xiaotian waved his hand and said, “For the sake of everyone’s safety, this city lord is willing to gamble once! Even if I’m tricked, I won’t hesitate either!”

Yes, he was completely gambling!

Because even he himself also did not believe that Ye Yuan could do it.

But he was willing to gamble! There were far too many people who died.

A single less death, that was good too!

It was also precisely this compassion for ordinary soldiers than made his prestige in South Qi Giant City extremely high.

South Qi Giant City’s cohesiveness and combat power were also extremely shocking. Feng Xiaotian looked at Ye Yuan and said coolly, “There’s no need to write up a military writ. If you trick us, this city lord will personally send you on your way!”

Ye Yuan nodded slightly and came right in front of a damaged stretch of grand array.

Interlinked grand arrays were exceedingly complicated!

Forget about a measly little grade five heavenly formation master; even if it was a grade eight heavenly formation master, it was hard to see through it too.

These restoration works all had grade nine heavenly formation masters designate an area first with a few small-scale array formation demarcated before they could complete it.

No matter how complicated the array formation, it was also composed of one small array element after another.

Those low level heavenly formation masters could not see through it, but it did not hinder them from repairing the grand array. It was because these large formations were being analyzed little by little, until in the end, demarcated into some grade five and grade six small array formations.

This was like an assembly shop. Each person was in charge of their own production processes.

When all the pipelines were finished, the grand array would naturally be completed.

These low grade heavenly formation masters did not need to understand how these parts were produced. They just needed to install them.

The ones who truly understood all these were the grade nine heavenly formation masters!

This region's restoration that Ye Yuan was going to complete, the difficulty was not just the workload of a hundred people. He even had to understand the principles of this entire area!

And he was only grade five!

These heavenly formation masters were insiders. They naturally did not believe that Ye Yuan could complete the restoration.

Ye Yuan did not make a move to repair but started observing the formation bases in this region, looking like a professional who knew what he was doing.

This scene naturally incurred a series of ridicules.

Liu Yi smiled coldly and said, "Putting on an appearance! Forget about this load of 100 people; if he can complete one person's load, Your Father will go straight to the blood race's camp to kill the enemy!"

Qi Li also said disdainfully, "City Lord Feng has compassion for his subordinates, how benevolent! It's just that this kid is completely wasting everybody's time!"

"Huhu, he already looked for 15 minutes and only looked at such a tiny bit! I want to see how he completes the repair within an hour!"

Ye Yuan just continued looking like this. After looking for very long, he did not have the intention of making a move either.

Logically speaking, this kind of restoration did not need to comprehend array formation at all.

Ye Yuan's way of doing things was completely unnecessary in the eyes of the others.

Furthermore, didn't repairing need time?

Such a complicated array formation, even if it was parsed until it was just grade five heavenly formations, that also required a huge amount of time to repair!

Along with the passage of time, everyone believed more and more that Ye Yuan was purely talking nonsense!

Feng Xiaotian also shook his head unwittingly. Sure enough, was it still a failed bet?

This kid was just a little talented. Then he had grandiose ambitions without real ability and engaged in empty talk?

It seemed like it was really the case!

However, he himself also did not harbor any hope, no?

.....

Outside of the Absolute Heaven Barrier, the blood race army was currently gathering!

This time, the blood race was prepared to take down South Qi Giant City in one stroke!

Bloodpromise, this blood race army's commander-in-chief, was an origin Emperor Sakra Heaven powerhouse.

He had already fought with Feng Xiaotian for several hundred years.

In the battle that had just ended, they paid the price of 13 Emperor Sakra Heaven deaths and forcefully riddled the city protecting grand array full of holes.

Hence, the blood race army gathered once more. They planned on bringing work to completion in one stroke!

Absolute Heaven Barrier's passageway only had a very small gap. They were unable to send too many powerhouses in.

a

But, time after time of wearing away, South Qi Giant City was finally tottering on its feet too. "This time, this seat is going to perform a remarkable feat without equal! As long as we connect South Qi Giant City's passageway, our blood race will be able to reinforce troops to the Absolute Heaven Barrier without ceasing! Absolute Heaven Barrier won't be far from collapse too!" Bloodpromise was somewhat boiling over with excitement at this time.

Having fought fiercely with Heaven One Continent for several thousand years, they finally saw the dawn of hope.

And the crucial battle was being realized by him. How could he not be excited?

"Congratulations, Great Emperor Your Excellency! Felicitations, Great Emperor Your Excellency!" The subordinates gave their congratulations one after another.

At this time, a figure returned.

Bloodpromise was filled with lofty sentiments as he said with a smile, "Is there any activities at South Qi Giant City?"

That subordinate said, "Lord Bloodpromise, South Qi Giant City has stopped repairing the city protecting grand array!" Bloodpromise said in surprise, "The city protecting grand array is their lifeblood. How can they possibly give up?" The subordinate said, "It's absolutely true! If Your Excellency doesn't believe it, you can go over and take a look! It has already stopped for an hour!"

Bloodpromise laughed loudly when he heard that and said, "Is this Feng Xiaotian indeed giving up? It looks like he has already come to his senses! The city protecting grand array no longer has the possibility of restoration! This seat won't give him the chat! Five days! This seat only needs five days and I'll be able to recover to my peak state! In order to breach the city, this seat is going to expend one Heavenly Blood Bead!"

An hour passed in a twinkle.

At this time, Ye Yuan was only left with the last 15 minutes.

The surrounding jeering already became enraged, cursing him. One hour had been forcibly delayed by this fool!

Why don't you go and die?

Amidst countless cursing voices, Ye Yuan suddenly made a move!

One stream of divine essence after another was injected into that damaged grand array, without the slightest trace of stopping.

Those who were weaker could not even see Ye Yuan's movements clearly.

Too fast!

Everyone was completely dumbfounded.

Were you here to be a freaking joke?

Who repaired grand arrays like how you're repairing? Repairing the formation base required deducing the surrounding array elements bit by bit, and repairing it little by little.

This was a colossal project that took a lot of time.

But you're not even looking?

In less than a hundred breaths of time, Ye Yuan already fired out God knows how many streams of divine essence. Then, he pointed at the void, that stretch of grand array was instantly lit up!

Motes of array elements emerged again.

This finger was like the Midas' touch!

Those heavenly formation masters discovered to their astonishment that the array elements had actually already linked up together at goodness knows when!

The array elements were activated all at once, and then the formation base was consolidated, finally letting this large stretch of array formation be completely repaired!

Too stunning!

This move was like playing a game of go.

It was as if Ye Yuan's moves previously were all planting foreshadowing.

Then the final move completely linked up his large dragon into one, instantly activating the whole thing!

This kind of means was simply fantastic!

If it was a grade nine heavenly formation master, accomplishing this was not hard.

But, Ye Yuan was merely just a grade five heavenly formation master!

He did not even understand the grand array. How did he do it?

At this moment, the over 1000 heavenly formation masters present were dead silent.

They even discovered that the region that Ye Yuan repaired was far greater than the area that he promised before!

This was also to say that he alone, used an hour's time, to complete the load of 100 over people!

This efficiency was simply divine!

Could it be that this guy was a grade nine heavenly formation master to begin with, and that he just concealed his strength?

Impossible!

This move, even a grade nine heavenly formation master could not do it too!

Even if it was a grade nine heavenly formation master, they would need to deduce it little by little too.

Of course, their speed was on a completely different level than low levels.

Yang Qing's mouth curled, and he said, "This guy snatched all the limelight again! AHHHHH! When can it my, Lord Qing's, turn to steal the limelight!"

Unrivaled Medicine God

Chapter 2867: 100,000 Strong Army!

"Little ... M-Master, how did you do it? This kind of restoration means is unheard of!" Shock was written all over Feng Xiaotian's face. Even his term of address changed.

He had already been at South Qi Giant City for 3000 years.

This city protecting grand array had been damaged and repaired, repaired and damaged, god knows how many times already.

The grade nine heavenly formation masters that came to maintain the grand array died and were replaced, and then replaced and died again.

But Feng Xiaotian had never seen before such a breathtaking restoration method.

Liu Yi and the rest had already completely shut up.

He only felt a chill run down his spine: F*ck me, what have I done?

I nearly throttled a major savior!

Ye Yuan smiled and said, "City Lord Your Excellency doesn't have to be like this. This is just a small trick. Putting it bluntly, it's actually nothing." Everyone wished to smack Ye Yuan to death with one slap. You even freaking scared grade nine heavenly formation masters until they pissed their pants. Could you not posture? What kind of existence was Feng Xiaotian? He immediately discerned Ye Yuan's underlying meaning, his entire body trembling as he said, "You mean that this sort of heaven-defying means can be disseminated?"

Ye Yuan nodded and said, "Of course. Otherwise, why did I make them all stop?"

Feng Xiaotian sucked in a breath of cold air, immediately feeling wild elation! Over 1000 people using this kind of means to restore the grand array at the same time, what kind of terrifying efficiency was that? Even thinking about it felt a little exciting! Feng Xiaotian gave Ye Yuan a deep bow and said, "Master, please impart this technique! If we stop the blood race, you'll be South Qi Giant City's number one meritorious official!"

Ye Yuan hurriedly helped Feng Xiaotian up and said, "City Lord Your Excellency mustn't be like this. The brothers are resisting the blood race here with almost certainty of death. Why would this Ye cherish my own belonging that's of little value? This technique is called Lesser Origin Restoration Art. It's specifically used for repairing large-scale array formations!"

"Hang on! You're saying this is the Lesser Origin Restoration Art?" Beside Feng Xiaotian, grade nine heavenly formation master, Weng Fan, had shock written all over his face.

Ye Yuan nodded and said, "Precisely so!"

Weng Fan similarly drew a breath of cold air and said, "Legends have it that the Greater and Lesser Origin Restoration Arts were created by the number one Formation Dao Hegemon back then, Hegemon Luo Tian! It's ever-successful in repairing array formations! But this technique has long already been lost for many years. Little brother, you actually let it see the light of day again?"

Actually, the Labyrinth Divine Palace's demise back then was a tremendous loss to the entire 33 Heavens.

The Labyrinth Divine Palace's road to rise accompanied slaughter and accompanied plundering

Back then, countless precious books, treasures, all had been collected by the Labyrinth Divine Palace.

But, in the wake of the Labyrinth Divine Palace's demise, many precious treasures were all buried in the dust of history.

This Lesser Origin Restoration Art was one of them.

Mi Tian said that the truly formidable one was the Greater Origin Restoration Art.

However, the Greater Origin Restoration Art should be hidden in the real Labyrinth Divine Palace. Ye Yuan only obtained the Lesser Origin Restoration Art.

But the Lesser Origin Restoration Art was also a great tool to repair large-scale array formations!

This secret art normally did not have much use, but it was definitely incomparably sharp.

The so-called Lesser Origin Restoration Art was actually a kind of algorithm.

No matter how complicated the array formation was, there would always be rules to laying down formations. And the Lesser Origin Restoration Art was the technique that made use of damaged array formations to calculate the rule of laying down the formation.

As long as one found the rule to set up the formation, and then proceeded to repair the array element nodes inside, the array formation would be restored naturally.

Of course, talking about it was simple, but without exceedingly formidable means in Formation Dao, one absolutely could not find the rules involved.

Only by comprehending the source and standing at an extremely high level to analyze countless array formations could one find a suitable restoration art that could be used universally! Therefore, while it was simple, to really do it was as difficult as ascending to heaven! Just like one plus one equals two, this was the mathematical problem that everyone knew.

But to understand why one plus one equals two would be an extremely terrifying idea.

Even if it was a top mathematician, it was hard to solve it through immeasurable effort too.

Since time immemorial, there was only Hegemon Luo Tian alone who reached this level of attainment!

Therefore, after the Labyrinth Divine Palace fell, this set of techniques had also been lost.

Presently, this set of lost techniques saw the light of day anew, stunning all the formation path masters. That was also something within reason.

Hence, Ye Yuan began imparting the Lesser Origin Restoration Art.

This thing was like a formula. As long as you learned it, you could just nest it in.

Of course, there were difficult areas too.

Just as how to apply the formula nimbly was also a knowledge.

One had to know, heavenly formations were not mathematically formulas, its complexity even surpassed the level of astronomy.

Even if Heavenly Stratum powerhouses were all immensely formidable, it also could not be learned in a short while.

This process roughly needed three days.

However, a beard lathered was half shaved. These three days' time would naturally be worth it.

At this time, there was already no one who felt that Ye Yuan was talking big to impress people anymore.

Those who cursed Ye Yuan before were all extremely embarrassed.

Especially Liu Yi, he was immensely regretful in his heart. Coming before Ye Yuan, he slapped his own mouth ruthlessly.

He nearly caused a great disaster!

If not for City Lord Feng having a sharp eye for discovering able people, then he would really have handed the chance of victory this time over to the blood race with both hands.

Then he would really be the sinner of the entire Heaven One Continent!

The news of the restoration of the grand array being at a standstill was sent back to the blood race like the wind.

Great Emperor Bloodpromise even personally went to the Absolute Heaven Barrier and looked at South Qi Giant City from afar.

Sure enough, everything stopped.

One day, two days, three days!

The entire South Qi Giant City did not have any activities.

However, he also saw that countless powerhouses flooded into South Qi Giant City. Clearly, the rear had reinforced a lot of forces.

South Qi Giant City was already prepared to put up a desperate fight!

But, without the city protecting grand array's protection, when had their blood race been afraid of anyone before?

But when it reached the fourth day, the restoration of the grand array started again!

Hearing this news, Bloodpromise burst out laughing

"Could it be that this Feng Xiaotian went mad? Five days' time, used up three days for no reason, now, there are only two days left, and he ran back to repair the grand array? What can two days be enough to do?"

Bloodpromise naturally knew this city protecting grand array like the back of his hand too.

Forget about two days. Even if it was 20 days, it was insufficient to repair it too!

Therefore, he was ridiculing Feng Xiaotian madly.

This troublesome opponent finally panicked!

As for the progress of the restoration, they were unable to judge it.

On the one hand, they could only observe from a distance.

On the other hand, if the grand array did not erupt with power, they could not feel it too. This was unless they came near the city. Only then could they feel the grand array distinctly.

Five days later, the blood race army was finished gathering! This time, they gathered a 100 thousand strong army!

This number was already the limit that the Absolute Heaven Barrier could withstand.

Any more and the Absolute Heaven Barrier would rebound, crushing all of these ants!

Of course, outside of the Absolute Heaven Barrier, those Hegemon Realms were all being tied down.

Otherwise, if they took the initiative to attack, a 100 thousand strong army was not even enough to look at.

Bloodpromise stood in front of the army with an imposing appearance!

"Children! Today, it's finally the day where we'll breach the Absolute Heaven Barrier! As long as we take down South Qi Giant City, we'll be the blood race's heroes! At that time, all the glory will fall on us! This seat will break through to Hegemon Realm, and you all will also soar to the heavens in one bound! Success or failure hinges on this one action!" Bloodpromise was filled with lofty sentiments as he said.

"Great Emperor is mighty!"

"The blood race will definitely win!"

... ..

The tsunami-like voices echoed around the periphery of the Absolute Heaven Barrier.

“Now, you all follow this seat and trample South Qi Giant City flat!”

“Trample South Qi flat!” “Trample South Qi flat!” “Trample South Qi flat!”

The blood race’s momentum rose to the pinnacle.

They all already knew that Feng Xiaotian had already given up on the city protecting grand array!

The Heaven One Alliance without the city protecting grand array was too weak! The 100 thousand strong army charged into the Absolute Heaven Barrier in mighty contingents!

Unrivaled Medicine God

Chapter 2868: Divine Battle! Great Victory Without Equal!

In the sky above South Qi Giant City, it was densely filled with figures.

Feng Xiaotian took the lead, his face full of solemnness.

There was only an army of 60 thousand behind him!

These few years, the blood race’s powerhouses grew more and more, and South Qi Giant City’s expenditure increased more and more.

The troop replenishment also gradually slowed down.

The blood race’s battle tactic was very simple: use numbers to swarm you to death!

This time, there were only five short days, South Qi Giant City seriously had no time to replenish the troops.

With 60 thousand versus 100 thousand, this was a very awkward comparison!

The blood race was strong to begin with. Even fighting one-on-three was normal.

But now, they used 60 thousand troops to face the blood race’s 100 thousand!

Without the enhancement of the grand array, it was really hopeless this time!

In the army of 60 thousand, the people’s faces all carried a solemn and tragic expression, as if brave warriors who would never return.

They did not know that the grand array was already almost finished repairing.

Feng Xiaotian told them that the grand array was already completely crippled.

It was useless!

The 60 thousand strong army could only forcefully resist the blood race’s 100 thousand elite soldiers!

Therefore, these people were all already harboring the determination of certain death to fight to the death with the blood race.

But actually, the grand array was only a step away from restoration! As long as these thousands of people unleashed the Lesser Origin Restoration Art simultaneously, the city protecting grand array would be finished repairing instantly.

Not repairing it was suggested by Ye Yuan.

Seeing as how the grand array was about to be finished repairing, everyone including Feng Xiaotian were beside themselves with joy.

But Ye Yuan suddenly suggested to stop repairing the grand array.

Because once the grand array was repaired, that tremendous undulation could not be concealed.

At that time, the blood race would be on guard.

With the Lesser Origin Restoration Art, letting the grand array be completely repaired was merely a blink of an eye.

So at this time, making them suffer from their own scheme was the best strategy

I

Want to win, win a big one!

Listening to Ye Yuan's words, Feng Xiaotian instantly calmed down. His gaze when looking at Ye Yuan was full of shock.

What a formidable boy!

When everyone fell into a frenzy, he could maintain his cool and plot to maximize the fruits of the battle.

Furthermore, this kind of operation was without the slightest flaws!

Even if the blood race racked their brains, they absolutely could not think that they could completely repair this near-collapsed city protecting grand array within a short two days!

"Hahaha ... Feng Xiaotian, looks like you already have some awareness! This seat has coveted your blood for a long time already!"

Two armies standing facing each other, Bloodpromise's heroic spirit surged to the sky!

Around him, just the Emperor Sakra Heaven experts were more than 30 people!

And on Feng Xiaotian's side, there were only eight people! For the sake of this great battle, the blood race could be said to have brought out all their elites.

Different from the Heaven One Alliance, the blood race had as many powerhouses as clouds!

They were blocked by the Absolute Heaven Barrier and unable to devote their full combat force at all.

In the great battle five days ago, the blood race lost more than 10 Emperor Sakra Heaven powerhouses, finally destroying the city protecting grand array. And this time, Bloodpromise transferred over all of the elites that could be mobilized!

In this battle, he was determined to succeed!

Feng Xiaotian said disdainfully, "Vanquished foe, how dare you speak bravely!"

The two people had fought no idea how many times. Feng Xiaotian firmly suppressed Bloodpromise. It was just that because of the blood race's special characteristics, Feng Xiaotian could not kill his opponent at all.

Bloodpromise did not get angry either and said with a snicker, "Feng Xiaotian, you're also just relying on the city protecting grand array to indulge in a contention of mouth and tongue! Now, the city protecting grand array has already been destroyed. This seat wants to see what you still have to be arrogant!"

Feng Xiaotian stood proudly in the air and shouted, "Even if we fight until the last soldier, we absolutely won't let you all take half a step into the Absolute Heaven Barrier too! Brothers, what should we do?"

"The city exists if the people exist! The city dies if the people die!"

"The city exists if the people exist! The city dies if the people die!"

"The city exists if the people exist! The city dies if the people die!"

... ..

The air teemed with the aura of slaughter.

They no longer had any paths of retreat. There were only risking their lives to kill a path out! This murderous aura that surged to the sky. Even Bloodpromise was visibly moved by it too.

He suddenly realized that this would likely be an unprecedentedly tough battle today! In the past, the South Qi army had the city protecting grand array and would not be hopeless like today.

But today, they only had the path of cutting all means of retreat to take!

Feng Xiaotian looked at Bloodpromise and said with a cold smile, "You saw that, Bloodpromise? Wanting to open up the Absolute Heaven Barrier, step over our dead bodies!"

Bloodpromise's gaze turned dark, and he flicked his sleeves grandly and said, "Then we'll step over your corpses! Children, follow this seat and trample South Qi!"

Under his word of command, the 100 thousand strong army had blood energy surging to the sky, dying the sky red!

In this 100 thousand strong army, they were all elites among elites. How shocking was that commotion?

Feng Xiaotian did not move!

This was because the blood race army had not entered the range of the grand array yet!

Heavenly Stratum powerhouses moved extremely fast.

Even if it was an army of 100 thousand people, rushing to the city was merely an instant too!

In a blink, both sides clashed together in close quarters!

And in the next second, Ye Yuan lightly made a hand gesture. Over 1000 heavenly formation masters started using the Lesser Origin Restoration Art at virtually the same time.

Rumble!

The city protecting grand array was finished repairing!

The time was grasped perfectly!

The city protecting grand array instantly gave off a dazzling light, enveloping the 100 thousand strong army fully. Feng Xiaotian's pupils constricted!

The power of the city protecting grand array had increased!

As South Qi Giant City's city lord, Feng Xiaotian was all too familiar with the city protecting grand array!

After years on end of warfare and the grand array being constantly repaired, the power was actually already less than one-tenth of its heyday! But now, the grand array had recovered at least 70% of its power! This was too terrifying! The Lesser Origin Restoration Art was too impressive!

Ye Yuan was too awesome!

Because Feng Xiaotian knew that even if Ye Yuan imparted the Lesser Origin Restoration Art to everyone, his efficiency was still dozens of times higher than the others!

The load of Ye Yuan's sole restoration could match 100 people's amount!

He alone practically did nearly 20% of the workload!

Without Ye Yuan, even if there was the Lesser Origin Restoration Art, it was also impossible to completely repair it, and it was even less likely to let the grand array recover 70% of its power!

Bloodpromise's face turned green!

He lifted his head to look at the sky in disbelief, his eyes full of shock.

The city protecting grand array was fully repaired within two days?

Furthermore, the power of the grand array increased by a great deal!

Was this a miracle?

How did Feng Xiaotian do it?

How many blood race powerhouses had fallen in order to wear down the power of the grand array? Just the origin realm powerhouses had no less than 100 people who died!

Now, you're telling me that the grand array was completely restored?

Didn't that mean that all of our people who died for so many years had all been in vain?

I'll fuck you!

Countless painstaking effort, countless battles, countless deaths!

In the end, it was actually all for naught?

Bloodpromise was going crazy!

However, he no longer had time to be shocked!

No one was more clear than him about the power of this interlinked grand array!

He felt that all the blood in his body was about to explode!

It was over!

In the next second, countless flames, lightning, ice, falling rocks ... fell from the sky!

Bang! Bang! Bang! In the grand array, these terrifying attacks seemed to have eyes, all landing on the bloodkins.

Suddenly, miserable cries were continuous!

No matter how strong these low-level bloodkins were, they died upon contact!

Under such power, they did not have time to revive at all and were directly obliterated!

South Qi Giant City became a purgatory once more!

The 60 thousand strong Heaven One army looked at this scene before their eyes muddle-headedly, completely stunned.

Wasn't it agreed upon to fight to the death?

Wasn't it agreed upon that the grand array was crippled? Wasn't it agreed upon to drain the last drop of blood?

We had not even freaking made a move yet, and the blood race already had more than half dead or injured!

But in the next instant, everyone went crazy!

They looked at Feng Xiaotian, their gazes full of fanatical worship!

Indeed, this is our omnipotent god of war!

Two days!

We only used two days and completely restored the city protecting grand array?

This is simply a miracle!

"City Lord is mighty! Heaven One Alliance is mighty!"

"City Lord His Excellency is omnipotent! Mowing down all resistance!"

"Miracle! Divine battle! This is Heaven One's most brilliant victory ever!"

.....

Heaven One army had already gone completely crazy!

It was just that the hero in their eyes, their gazes landed on another person at this time, their gazes full of fanaticism!

Ye Yuan created an unprecedented miracle!

This time was different!

Outside the grand array, the blood race could continuously deplete the grand array and wear down the army.

But, once they fell into the grand array, what awaited them would be a massacre!

Heaven gave the blood race a powerful bloodline power. Then it would also strip them of other abilities.

The blood race was extremely weak in Formation Dao and Alchemy Dao, these Great Daos!

Otherwise, they also would not have spent several thousand years in front of the Absolute Heaven Barrier.

Boom!

A terrifying bolt of lightning fell, directly bombarding on Bloodpromise's body.

His aura instantly withered significantly.

At this time, he was breaking out of the encirclement frenziedly, wanting to charge out of the grand array crazily.

His strength was too strong! Origin powerhouses, even if it was the city protecting grand array, it was hard to obliterate him too.

Feng Xiaotian's gaze turned intent. Flicking his sleeves grandly, he shouted, "Brothers, let's create an unprecedented divine battle together! Follow me and kill together!"

"Kill!"

The battle cry of the 60 thousand strong Heaven One army shook the heavens!

Grade nine heavenly formation master, Weng Fan, brought a group of grade eight heavenly formation masters and were currently controlling the grand array vigorously.

The Heaven One army was like fish in water inside the grand array!

They did not show the slightest leniency, killing the blood race powerhouses wantonly.

"Motherf*cker! Your Father has never killed so satisfyingly before! Hahaha ..."

"Awesome! Awesome! How is this killing people? This is simply killing pigs!" "Blood race bastards, you guys have today too! Hahaha ... Your Father is going to kill all of

you!"

... ..

Heaven One army's powerhouses were all satisfied to the extreme.

Under the cooperation of the grand array, the blood race powerhouses could not stand up to a single blow at all!

They had never killed the blood race so satisfyingly before!

This was a massacre to their heart's content!

In the past, even if there was the help of the city protecting grand array, they were unable to obliterate the blood race thoroughly too.

So each great battle, the blood race would have many wounded but few deaths.

Could not beat, just directly retreat. They could not do anything at all. While on Heaven One's side, if they died, they would really be dead!

But today was completely different!

This was a one-sided slaughter!

Feng Xiaotian slammed a punch out, directly killing an Emperor Sakra Heaven powerhouse!

Awesome!

Too satisfying! Killing Emperor Sakra Heavens like killing dogs! Ye Yuan, you're really too remarkable!

"Bloodpromise, didn't you want to drink my blood? Don't run!"

Amidst the loud laughter, Feng Xiaotian chased after him!

[Unrivaled Medicine God](#)

Chapter 2869: Victory Report! Blood Race Trembles! Hegemons Raising Eyebrows!

The current Bloodpromise lost his soul and was quaking in his boots!

"Quick! Quickly stop Feng Xiaotian!" Bloodpromise shouted at the top of his voice.

Hence, another three Emperor Sakra Heaven powerhouses immediately came up to surround and block Feng Xiaotian.

But, in the grand array, how could they be Feng Xiaotian's match?

After a few rounds, three people were killed by Feng Xiaotian!

Bloodpromise took this chance and pushed through the city protecting grand array and fled for his life crazily. "Blood race bastards, watch your Grandpa Qing's spear! Come on! Bring it! Aren't you all very impressive?"

In the army, Yang Qing's long spear killed until the blood race did not have the slightest strength to fight back.

Under Emperor Realm, they were not opponents that could last one exchange with him!

Big Yellow, Xiao Qing, and Jingfei were also killing the enemy frenziedly.

Ye Yuan joined the battle too, collecting the blood essence of the blood race.

Such a fine opportunity, Ye Yuan naturally would not let it go.

This battle fought until heaven and earth dimmed, blood flowing like rivers!

Bloodpromise was killed several times, but he revived each time.

But even so, he suffered huge losses this time too, and it would be difficult to recover again within a short time.

The 100 thousand strong blood race army had less than 1000 people who escaped!

“Heaven One is mighty!”

“City Lord is mighty!”

... ..

The shouting was akin to a huge wave, shocking heaven and earth.

This was an unprecedented great victory, a great victory that was to one’s heart’s content! However, not long ago, they were still in despair!

This great reversal was really satisfying until their souls left their bodies!

“100 thousand troops completely annihilated! That’s an army of 100 thousand! I feel like I’m dreaming until now! Ouch, what did you hit me for?”

“Too satisfying! Really too awesome! City Lord Feng is truly a celestial deity that descended to the mortal world!”

“It’s been a few thousand years, right? In 108 cities, Heaven One Alliance had countless casualties! But we have never experienced before such a great victory with accomplishments that surpasses ancient and modern times! We ... We won!”

Talking until the back, many people burst out crying

Heavenly Stratum powerhouses all had strong state of minds.

The scene of tens of thousands of people weeping was simply unimaginable.

Everyone cast fervent gazes toward Feng Xiaotian.

Feng Xiaotian stood proudly in the firmament, overlooking all life as he raised his fist, his voice trembling slightly as he said, “W-We won!”

“Won!”

“Won!”

“Won!”

Everyone raised their hands and shouted!

Feng Xiaotian made a hand gesture as he said agitatedly, "Brothers, you all are mistaken! The one who created this miracle isn't me, Feng Xiaotian, but him!"

His hand pointed at Ye Yuan in the crowd.

All of a sudden, tens of thousands of gazes focused on Ye Yuan simultaneously with a whoosh.

Everyone was shocked!

A ... Saint Sovereign Heaven?

G-Got to be joking!

"I know that various brothers have doubts in your heart, but in this battle, Ye Yuan contributed the most!"

"The city protecting grand array really couldn't be restored anymore! It was Ye Yuan who brought the long-lost Lesser Origin Restoration Art that let the grand array be completely restored!"

"Ye Yuan's formation path attainments is transcendent! He alone completed 20% of the workload!"

"When the grand array was about to be repaired, it was also him who reminded this city lord to let this city lord draw the bow but not discharge the arrow, luring the enemy deep in!"

"Actually, Ye Yuan told me before that he doesn't want this credit! But, I, Feng Xiaotian, can't take his credit!"

"Without lying to everyone, even if I knew that the grand array could be repaired, I also never thought that there could be such an astonishing great victory!" "But, that moment when the grand array was repaired, I was stunned! The city protecting grand array actually directly recovered to 70% of its peak power!" "Therefore, this unprecedented great victory was all thanks to Ye Yuan!"

Feng Xiaotian voice echoed, his voice spreading throughout the entire South Qi Giant City.

Whoosh!

In an instant, countless voices erupted.

Heaven One army's powerhouses were all shocked to the extreme.

A Saint Sovereign Heaven dictated the entire war situation?

Too crazy!

Too inconceivable!

But they knew that Feng Xiaotian would not lie!

His matter was absolutely true!

Where did this guy pop out from?

In their impression, only Hegemon Realms, only origin Emperor Sakra Heavens, only such existences could dictate the war.

But who could have thought that an ant-like Saint Sovereign Heaven actually made 100 thousand bloodkins lose their lives at South Qi Giant City?

A total of 100 thousand bloodkins!

In the past, it was not that South Qi Giant City had not fought with an army of 100 thousand bloodkins before.

But South Qi Giant City paid the price of more than 100 thousand powerhouses' lives in order to repel the blood race!

This was even under the circumstances of having the city protecting grand array.

However, today, they annihilated the blood race's 100 thousand strong army with virtually zero casualties!

"Master Ye is awesome!"

"Master Ye is mighty!"

.....

The 60 thousand strong Heaven One army raised their hands and cheered again.

Their gazes when looking at Ye Yuan were full of gratitude, full of shock, and full of pride!

In his panic, Bloodpromise heard South Qi Giant City's yells.

He could not help being taken aback. Who was Master Ye?

Facing this scene, Ye Yuan was quite helpless.

He really did not want to steal this limelight. Who knew that Feng Xiaotian this fellow was actually so forthright.

By the side, Yang Qing looked at Ye Yuan with envy. The limelight was snatched up by you alone again!

Are you all blind? Didn't you see Sovereign Azuresky rampage in all directions?

Above the void, one black and one white figure stood proudly in the sky.

"Edgeless, you're too weak! If not for me, we really might not have been able to breach South Qi Giant City! Hahaha ..." The black-robed man looked in the direction of the Absolute Heaven Barrier and laughed loudly without ceasing.

Edgeless was the Hegemon Realm who was closest to South Qi Giant City!

The reason why South Qi Giant City became a human world purgatory was that his strength was too weak. He was weak. The Absolute Heaven Barrier around him was not strong enough.

The gap was naturally the largest too.

The nine great giant cities were actually guarded by the nine weakest Hegemon Realms.

And Edgeless was the weakest among the nine people.

Like the Absolute Heaven Barrier that was guarded by Hegemon Cloudmount, the passageway that was left behind could at most only let ten thousand people pass through at the very most!

Even if the blood race had exceedingly formidable abilities, it would be difficult to open up a gap from his place too.

Therefore, the blood race virtually placed all of their energy on the nine great giant cities.

Among them, South Qi Giant City was the most important!

South Qi Giant City's capture was near at hand. You Jin was naturally in a great mood and made digs at Edgeless. When the blood race sieged a city, there must be a Hegemon Realm to restrain.

Otherwise, if Edgeless made a move, no matter how many people it was, it could only be death too.

However, they already formed a tacit agreement between themselves long ago that they would not take the initiative to attack.

This was because the blood race could not gain any advantages in front of the Absolute Heaven Barrier.

Edgeless's expression was very ugly. He was burning with anxiety in his heart too.

He was naturally clear about South Qi Giant City's situation.

He blamed himself!

If not for him, South Qi Giant City would not have fallen into enemy hands.

But he really did his best already. "Once South Qi Giant City opens, our blood race army will be able to enter the Absolute Heaven Barrier continuously in endless streams! At that time, the Absolute Heaven Barrier will exist only in name! The blood of all you Hegemon Realms will be ours sooner or later!"

"Edgeless, are you very anxious right now? Do you feel very desperate? Right, it's this expression! Hahaha ..."

"Reproach yourself for your incompetence! The Absolute Heaven Barrier is merely a mantis trying to stop a cart!"

Hegemon You Jin mocked without restraint. He was full of joy in his heart.

Their blood race's Hegemons held deep-seated hatred towards the Absolute Heaven Barrier.

Now, seeing this situation, he was naturally happy.

Suddenly, a blood light flashed in front of him, a phantom appeared.

This person was precisely Bloodpromise who escaped with his life!

This was Bloodpromise's message!

Hegemon You Jin smiled lightly and said, "Bloodpromise, you did well! This seat only asks you this. Has South Qi Giant City been slaughtered clean?"

Bloodpromise's expression was like his mother had died. Kneeling down with a thud, he said with a quiver, "Lord You Jin, we ... we failed!"

"What! W-What did you say? Impossible! The city protecting grand array has already been destroyed. Even if 100 thousand pigs were sent in, it's also impossible to fail, right? Bloodpromise, you're courting death!"

Bloodpromise's words were seemingly like a loud slap, slapping until Hegemon You Jin felt his head spin, his eyesight blurring.

Hence, he became incredibly furious.

When a Hegemon was enraged, heaven and earth would change colors!

On the other side, Hegemon Edgeless was similarly stupefied, his gaze full of astonishment.

This ... How was this possible?

Feng Xiaotian actually blocked it? But the army did not seem to have entered the Absolute Heaven Barrier for very long!

Bloodpromise quivered even harder, and he said, "I-It's the city protecting grand array that had a problem! The city protecting grand array wasn't damaged at all. Feng Xiaotian lured us into the grand array and instantly activated the grand array! South Qi's city protecting grand array recovered to its peak power all at once! O-Our army of 100 thousand ... has been virtually wiped out!" Talking until the end, Bloodpromise's voice was already akin to an ant's.

But Hegemon You Jin heard it all!

An army of 100 thousand bloodkins was completely annihilated!

Bang! The phantom in front of him directly exploded and dissipated without a trace.

You Jin's fury could already immolate heaven and earth!

"Hahaha ... You Jin! I'm very weak. But our Heaven One is akin to having providential help! Army of 100 thousand completely annihilated! This time, you probably also can't give an explanation after you return to the clan, right? Sorry about this. You most likely won't be able to drink this seat's blood!"

Edgeless's laughter reverberated throughout the heavens.

Really satisfying! An army of 100 thousand bloodkins was completely annihilated!

When did our Heaven One achieve such a terrifying great victory before?

That was right. It was terrifying!

This victory sounded like it was simply a fantasy tale!

Too horrifying!

Killing 100 thousand bloodkins, what kind of concept was that?

The more furious You Jin was, the better he, Edgeless, felt.

These days, he had really been oppressed badly.

Thank you, South Qi Giant City! Thank you, Feng Xiaotian!

was

It was just that beyond the ridiculing, he was also very confused in his heart.

He was still aware of how much ability Feng Xiaotian had.

This punk had the chance to advance to Hegemon, but to talk about Formation Dao, he really did not have this ability.

Just who on earth was it? To actually do such a major thing that had the ability to rule the world?

.....

“Hahaha ... What a stinking brat! The big gift that you gave Master is really too surprising! Really too satisfying!” Seeing the battle report that was sent over, Hegemon Cloudmount was extremely delighted

Below True Sovereign Heaven, all annihilated!

Emperor Cloud Heaven bloodkins, more than 2000 killed!

Emperor Vast Heaven bloodkins, more than 400 killed! Emperor Sakra Heaven bloodkins, 28 killed!

The battle report that came from South Qi Giant City simply set the world on fire.

Although he did not know what happened in South Qi Giant City, he knew that Ye Yuan must have done it!

Apart from him, there was no one else!

He knew that Ye Yuan went to South Qi Giant City. When he got the Extreme Medicine Sect’s message, he was still worried about Ye Yuan’s safety.

South Qi Giant City’s situation was very bad. He was very worried too.

Who knew that such a piece of astonishing good news was actually transmitted over!

[Unrivaled Medicine God](#)

Chapter 2870: Blood Imitation Pill!

“Old Fogey Cloudmount, you really accepted a fine disciple!”

“Old Thing, this time, Your Father really has to hand it to you! This battle is satisfying!”

“Old Fogey Cloudmount, this time, you can show off however you like!”

In the Absolute Heaven Barrier, the Hegemons felt an upsurge of emotion too. This kind of unprecedented great victory had never been experienced since the rise of the blood race.

Too satisfying!

These 100 thousand blood race elite soldiers were absolutely not expendable to the blood race too.

After this battle, the blood race had to dial it back too.

“Who said that Your Father is going to show off? Humph! This punk just came to Heaven One Continent for a few years. The contributions that he rendered are even greater than Your Father, this Hegemon Realm! No can do. Your Father has to go beat him, in case he becomes cockier than ever!”

Swoosh!

A stream of flowing light flew out, Hegemon Cloudmount’s clone flew straight for South Qi Giant City.

The faces of the group of Hegemon Realms immediately turned black. This was called not showing off?

If I couldn’t beat you, I’d definitely press you, this old thing, on the ground and rub up and down!

“Ye Yuan? You’re saying that we lost at the hands of a measly little Saint Sovereign Heaven? Hang on! Why is this name ... a little familiar?”

In the Blood God Temple, Lord Wang Zuo’s face was somewhat stunned.

Clearly, he did not expect that the truth would actually be so surprising.

Originally, South Qi Giant City finally opened up a passageway, and Lord Wang Zuo was very happy.

Who could have thought that 100 thousand elites actually went and never returned!

He was somewhat unable to accept this result.

A battle that was a certain win actually ended being defeated so thoroughly in the end.

The important thing was that the blood race completely did not know whose hands they were defeated at.

Feng Xiaotian?

Absolutely not!

The blood race was too clear about how much capability Feng Xiaotian had.

Hence, the Blood God Temple activated Heaven One Continent’s intelligence system and finally knew everything.

Ye Yuan!

This name appeared in front of Lord Wang Zuo.

The blood race’s intelligence chief said, “Lord Wang Zuo remembered correctly. The defeat in the battle of Northern View City was precisely because this Ye Yuan came in between. That’s why we fell short of success at the last step! Lord Bloodsky is also seriously wounded and haven’t recovered because of him.”

Lord Wang Zuo’s gaze turned cold, revealing some killing intent!

These two times were both the blood race's strategic victory. It was actually ruined in the hands of a Saint Sovereign Heaven.

Unprecedented humiliation!

The chief knew that Lord Wang Zuo had killing intent aroused!

"Have you figured out why South Qi's city protecting grand array would suddenly recover?" Lord Wang Zuo said in a solemn voice.

The chief said, "We figured it out. It was Hegemon Luo Tian's Lesser Origin Restoration Art! It's said that this Lesser Origin Restoration Art landed in the Labyrinth Divine Palace's hands in the end. So this subordinate guessed that this boy might have very likely obtained the Labyrinth Divine Palace's inheritance!"

Lord Wang Zuo's pupils constricted, his gaze full of shock.

Labyrinth Divine Palace's inheritance, these few words seemed to have magical power!

The super great sect that swept across the heavens back then!

Even he, this royal bloodkin, was extremely moved by the Labyrinth Divine Palace's inheritance too!

"In addition, Heaven One Alliance has already imparted the Lesser Origin Restoration Art all-round to the 108 cities! In the future, if we want to open up a passageway, it will likely ... be even harder!" The chief could not help feeling a headache.

Originally, the blood race had already seen the dawn of the Absolute Heaven Barrier being breached.

Who knew that they would actually return to before liberation overnight because of Ye Yuan's sudden emergence!

Freaking hell ... Who to reason this out with?!

Lord Wang Zuo mused for a moment and said in a solemn voice, "Inform the Dark Night to kill Ye Yuan at any cost!"

The chief's gaze turned intent, being extremely shocked.

Dark Night consisted of bloodkins lying low in Heaven One Continent. It was also him who was responsible for liaison with Dark Night

His information also came from Dark Night.

It was too difficult for the blood race to want to slip into Heaven One Continent through the Absolute Heaven Barrier!

Hence, each one in Dark Night was very precious.

Lord Wang Zuo was actually disregarding all costs for the sake of a measly little Saint Sovereign Heaven?] If Ye Yuan strayed outside, that would still be fine. But, if he kept hiding in South Qi Giant City, the price of wanting to kill him would be too great!

Feng Xiaotian was not to be messed with!

.....

“What? You ... You want to go out of the Absolute Heaven Barrier?”

Hearing Ye Yuan’s words, Hegemon Cloudmount nearly bit his tongue off.

Are you freaking kidding? Your Father doesn’t even dare to go out, and you want to go out?

Ye Yuan nodded his head and said, “It’s been a few thousand years. The blood race is getting stronger and stronger! But we know nothing about them. At this rate, it’s very bad for us! If my guesses are right, you all are already under tremendous pressure now, right?”

More than tremendous!

It was simply Mount Tai crushing down from above!

Having obtained two continents, the blood race acquired countless blood. This was their capital to become strong!

In these few thousand years, the blood race gave birth to five Hegemon Realms!

Heaven One Alliance did not have a single one!

Not only did they not have any, three Hegemon Realms even fell in these few thousand years!

With one declining and the other rising, the Absolute Heaven Barrier was actually in a precarious situation already.

At this rate, the blood race’s Hegemon Realms would get more and more. Even if Heaven One’s Hegemons joined hands, they would not be the blood race’s match anymore as well. At that time, it would be true despair!

Hegemon Cloudmount had a black face as he said, “This has nothing to do with you! What you have to do now is to devote yourself to cultivation and grow your strength! Even if you break through to Emperor Sakra Heaven, it will be of tremendous help to the alliance too!”

This boy was already unbelievably impressive at just Saint Sovereign Heaven.

When he reached Emperor Sakra Heaven, Cloudmount simply did not dare to imagine it.

Perhaps he would be the blood race’s nightmare!

Ye Yuan shook his head and said, “Know yourself and the enemy, and you can fight a hundred battles without danger of defeat. We know absolutely nothing. It’s very dangerous! Only I’m the most suitable to infiltrate the blood race!”

Hegemon Cloudmount’s mouth curled, and he said, “The blood race’s aura is very unique. After you go out of the Absolute Heaven Barrier, you’ll immediately get recognized. The blood race must have already learned about South Qi Giant City’s matter. I think that they would love to have you walk right into a trap at this time.”

Ye Yuan smiled, and suddenly, the aura on his body changed.

A bloody and evil aura emerged from his body.

This aura was actually identical with the blood race!

Seeing ghost!

If not for that Ye Yuan was still chatting with him earlier, he would definitely have smacked Ye Yuan to death with one slap right now!

Hegemon Cloudmount's eyes became wide saucers and he said in disbelief, "You ... How did you do it?"

The blood race's aura could not be imitated at all.

That kind of aura was derived from bloodline, derived from each cell.

Even if it was a Hegemon Realm, they would not be able to sneak into the blood race too.

Otherwise, the alliance would have long sent people to infiltrate the blood race.

But Ye Yuan actually did it!

A heavenly pill appeared in Ye Yuan's hand, and he said with a smile, "This is called Blood Imitation Pill. After taking it, one will be able to change their aura from the inside out. Even the blood race will find it hard to discern too. Tsk tsk, the blood race's blood essence is indeed good stuff!"

During these few years, Ye Yuan collected some blood race blood essence. He naturally would not give up on the research. The Blood Imitation Pill was one of the results!

Hegemon Cloudmount stared at the pill dumbfoundedly. There was indeed only Ye Yuan who could do this!

But sadly, this thing was useless to him.

His cultivation realm was too high! "Alright. Since you've already decided, I won't stop you. However, the blood race is different from Heaven One. You have to be careful!" Hegemon Cloudmount said in a solemn voice.
