Chapter 2871: Delivering Heads!

The South Qi Giant City after the battle entered a rare period of peace.

On a dark night with strong wind, several figures floated into the city lord manor.

The black-clothed person asked in a solemn voice, "You are sure that Ye Yuan is in the courtyard?"

A human knelt as he said, "Yes, Master! Ye Yuan has frequently been coming in and out of Feng Xiaotian's manor these few days. Just in the evening, this slave saw with my own eyes that Ye Yuan entered the courtyard and never came out! That large yellow bull would never leave his side. Today's no exception either!"

The black-clothed person said with a strange laugh, "Jeje, after this boy dies, he can be sufficiently proud! In order to kill him, a measly little Saint Sovereign Heaven, our Dark Night mobilized four Emperor Vast Heavens and seven Emperor Cloud Heavens this time!"

"Master is wise! Feng Xiaotian seemed to have calculated that we're going to ambush Ye Yuan. So he sent a Emperor Vast Heaven powerhouse to protect Ye Yuan closely," the human said.

The man in black said with a laugh, "Heh, Feng Xiaotian calculated everything and also can't calculate that we actually planted so many blood slaves in South Qi Giant City!"

The black-clothed person, Blueash, was an Emperor Sakra Heaven upper echelon of Dark Night!

In Dark Night, every powerhouse was extremely precious!

Each time they sent these Dark Night members into Heaven One Continent, they would have to pay a terrible price.

This was because the grand array in the cities was connected to the Absolute Heaven Barrier.

If they wanted to enter, they had to go through the cities.

Therefore, wanting to supply Dark Night, they must launch a large-scale war. Imagine how great the difficulty it was for Dark Night to break through the city protecting grand array and Heaven One army!

The blood race had clear distinctions from other races.

Although the human race was unable to imitate the blood race's aura, it was similarly difficult for the blood race to imitate the aura of humans too.

But the blood race could plant blood marks in humans, turning them into blood slaves.

These Dark Nights gathered intelligence through one blood slave after another.

However, South Qi Giant City's screening was extremely strict. It was very hard for blood slaves to get in.

South Qi Giant City did not have many blood slaves. In order to let these blood slaves into the city, Dark Night spent a huge amount of effort.

However, these blood slaves' strengths were not strong, and their status was not high. They were unable to gather some core secrets.

But this time, they were finally put to use!

Blood slaves could directly summon bloodkins into the city through a special array formation, avoiding the inspection of the city protecting grand array.

Of course, they would not use this kind of method unless it was a last resort.

Once exposed, they would die without burial grounds!

Therefore, in order to kill Ye Yuan, Dark Night really put forth blood capital this time.

One Emperor Sakra Heaven, four Emperor Vast Heavens, and seven Emperor Cloud Heavens, they were just for the sake of ensuring a certain kill in one strike!

This was the full power of a hidden branch!

Blueash made a hand gesture; 11 Emperor Realm powerhouses quietly headed for the courtyard that Ye Yuan was staying at. Ye Yuan's courtyard was quiet.

In a side room, a powerful aura covered the entire courtyard.

Blueash gave one of the Emperor Vast Heavens a wink, making them go to the side-room to tie down that Emperor Vast Heaven.

Meanwhile, the other three people would launch a certain-kill strike against Ye Yuan.

As for Blueash, he was here to let these people make a full retreat!

Although his strength was not as good as Feng Xiaotian, bringing these people and escaping after killing Ye Yuan was an easy job.

Three!

Two!

One!

"Do it!"

Blueash shouted coldly. Three great Emperor Vast Heavens immediately erupted with all their strength.

With Emperor Vast Heaven powerhouses taking action, how shocking was the commotion?

Before the strike landed, the entire courtyard already turned into a pile of dust.

The Emperor Vast Heaven protecting Ye Yuan was directly bogged down.

Boom!

Blueash's strike directly leveled the courtyard to the ground!

But in the next moment, his eyes went wide.

This was because Ye Yuan was actually standing there perfectly safe and sound!

His full-power blow actually did not even harm a hair of his!

“This ... How is this possible!” Blueash said in disbelief.

Ye Yuan stood with his hands behind his back, looking at Blueash with a smile that was not a smile as he slowly opened his mouth and said, “Dark Night really made an extravagant display! One Emperor Sakra Heaven, four Emperor Vast Heavens, seven Emperor Cloud Heavens, if you all die here, Dark Night will feel great pain too, right? Wonder whether Lord Wang Zuo will stomp his feet in anger or not?”

As he talked, Ye Yuan’s appearance and aura underwent an upheaval change.

That aura even rose rapidly and actually directly reached Emperor Sakra Heaven! Blueash’s pupils constricted, and he cried out in surprise, “F-Feng Xiaotian! This is impossible! What I felt earlier was clearly ... was clearly ...”

“Clearly Ye Yuan’s, right?” Feng Xiaotian smiled and his fingertips bent lightly. A little void sword suspended in his palm.

The aura of that little sword was exactly the same as Ye Yuan’s!

Reaching Blueash’s realm, it was naturally impossible to identify the other party by their appearance, but it was possible through the unique aura of each person.

Each person’s Dao was different. So the aura on everyone’s body was also completely different.

Completely simulating another person’s aura, this was impossible.

But Ye Yuan could!

Before leaving, Ye Yuan forced out a wisp of Dao sword and handed it to Feng Xiaotian. This Dao sword could perfectly conceal Feng Xiaotian’s own aura and let him turn into Ye Yuan!

It was for the sake of paying them back in their own coin!

Sure enough, Blueash fell for it.

Blueash’s entire body trembled as he said in disbelief, “How ... Can this be?”

For the sake of the assassination this time, he had already been doubly cautious.

He did not expect that it still fail!

He never dreamed that Ye Yuan could actually let others perfectly disguise as himself!

Just how many tricks and trump cards did this guy have?

Feng Xiaotian smiled and said, “Your current expression is exactly the same as mine back then! Huhu, since you came, stay behind!”

... ..

“What in the world is going on? Who can tell me what the hell is this!”

In the Blood God Temple, came Lord Wang Zuo's bellow.

Yes, he was furious!

The entire hidden branch was completely annihilated!

One Emperor Sakra Heaven, four Emperor Vast Heavens, seven Emperor Cloud Heavens!

In order to let these people enter Heaven One, how much price did he pay?

But now, it was directly gone!

The key thing was that Ye Yuan was not dead!

The next day, Ye Yuan swaggered around in South Qi Giant City again.

That appearance was clearly telling the blood race, I'm not dead!

Even being hundreds of millions of miles away, Wang Zuo had a feeling like he had been slapped too.

This was because the order to kill Ye Yuan was given by him!

If not for his order, it was impossible for Blueash to have moved out in full force.

But in the end, all were completely wiped out!

What was even more aggravating was that after the second day, Ye Yuan was even more arrogant until he directly went out of the city!

Furthermore, he only brought one Emperor Vast Heaven guard.

He seemed to be saying: come on, kill me!

Wang Zuo's order had not been rescinded yet. Of course he had to be killed!

Hence, several more waves of Dark Night members came to raid Ye Yuan.

In the end, still completely annihilated!

However many came, however many died!

In a short half a month, Dark Night lost two Emperor Sakra Heavens, 20 Emperor Vast Heavens, and more than 70 Emperor Cloud Heavens!

Lord Wang Zuo was completely mad!

He had no choice but to have the chief send the order to stop the raid on Ye Yuan. This was freaking simply delivering heads!

Chapter 2872: Registration

"Heh heh, Ye Yuan, your alchemy skills are really divine! We're walking openly in the city like this, and nobody recognizes us!" Ye Yuan rolled his eyes at Yang Qing and he said crossly, "I say, can you be low-profile or not? Do you know that there are Emperor Realm powerhouses nearby eavesdropping?"

Yang Qing said without a care, "What the hell do Emperor Realm powerhouses count for! I'll be able to sweep away them before long!"

Ye Yuan gave him a glance, his mouth curling as he said, "Is that so? If you're so impressive, you must not need me to help you refine the Emperor Fate Pill."

The moment Yang Qing heard, he immediately switched to a fawning expression as he said, "I'm saying, I'm so impressive, but isn't it still all thanks to Master Ye? In the future, when I, Hegemon Azuresky, sweep across the world and reign supreme, you'll be the father of the emperor!"

"Shut up!"

"Oh!"

Humph!

Just you be smug!

After Lord Qing, I, reach Hegemon Realm, I'll definitely give you a good one!

At this time, Ye Yuan and Yang Qing two people had long already passed through the Absolute Heaven Barrier and arrived in a blood race city. The Blood Imitation Pill was a heavenly sovereign level pill. Yang Qing could naturally consume it too.

The two people swaggered through the streets but did not reveal the slightest flaw.

Of course, there also would not be bloodkins who would think that there were actually people who could completely imitate their aura.

This city was called Giant Net City, one of the blood race's largest cities on Heaven One Continent.

Ye Yuan they all even obtained a piece of news. A new battle of sons selection would be carried out here.

The blood race would select new Saint Sovereign Hundred Sons and True Sovereign Hundred Sons every decade.

The most outstanding 200 bloodkins would be sent to the Blood God Temple and be heavily groomed. Wanting to investigate the blood race's secret, entering the Blood God Temple was naturally the best choice.

However, the blood race's present territory already occupied more than two-thirds of Grand Brightjade Complete Heaven.

Their clansmen were naturally a lot.

When Ye Yuan two people arrived outside the Absolute Heaven Barrier, they were completely stunned too.

The number of the blood race was seriously too many!

The scale of their one city was often three to five times that of a Heaven One city! It was not that the blood race was extravagant, but that without this scale, they could not accommodate so many clansmen at all.

The blood race propagated by splitting, the propagation speed extremely fast.

Ye Yuan two people estimated that the numbers of Heaven One's races added up, probably could not even match up to a tenth of the blood race's!

So many clansmen, no matter how low the chances of giving birth to powerhouses, the number could not be very low either.

The blood race had two Blood Emperor level cities in Heaven One Continent, Giant Net City was one of them.

Giant Net City would select 20 of the strongest people and send them to Thundercry Continent and Heaven Absolute Blood Emperor City, to undergo the final hundred sons selection.

Ye Yuan two people were aiming for this.

The place to report was the battle hunting ground in the city.

This place had a large-scale grandstand and could accommodate hundreds of thousands of people!

At this time, all seats were occupied in the battle hunting ground.

Each period's hundred sons battle was the gluttonous feast of the entire blood race. It could be said to be followed closely by all the people.

Therefore, the battle hunting ground's tickets would be hiked to a sky-high price every time.

How many powerhouses were participating in Giant Net City's selection?

Eight million Saint Sovereign Heavens!

One million True Sovereign Heavens! This number looked scary, but actually, it was nothing.

This selection had no threshold. Anyone could take part.

And the population that a Blood Emperor level city had jurisdiction over reached as high as several tens of billion!

Then why would the Saint Sovereign Heavens number just eight million?

Therefore, the majority of those who came to take part in the selection were very confident in themselves.

Actually, this kind of selection was a cruel trial in the first place.

Many Saint Sovereign Hundred Sons were originally unknown, but in this kind of cruel selection, they grew stronger the more they fought, ranking in the hundred sons in the end!

This kind of example was not in the minority.

Of course, this number was really frightening when placed in the Heaven One Alliance!

Over eight million Saint Sovereign Heavens, this was merely just the number in one Blood Emperor level city.

There were ten Blood Emperor level cities on Heaven One Continent. Then the other two continents?

Those two continents were two complete continents!

"Enter your name!"

"Name."

"Bloodazure."

The Saint Sovereign Heaven in charge of registration issued a wooden card to Yang Qing, engraving his name on it." "Enter your name!"

"Name."

"Bloodazure," Ye Yuan said.

The registration person was taken aback and said, "You're called Bloodazure too?"

Ye Yuan said coolly, "What's the problem?"

The registration person shook his head and said, "No problem."

Finished saying, he issued Ye Yuan a token too.

The blood race had a lot of people with the surname blood. There were naturally a lot of Bloodazure names too.

It was just that these two people were called Bloodazure at the same time. It made him very surprised.

One Saint Sovereign Heaven, one True Sovereign Heaven. Furthermore, it looked like they were on very good terms.

Yang Qing looked at Ye Yuan hatefully, wishing to tear him to shreds.

This guy actually took on the same name as him!

For this, he even flew into a thunderous rage with Ye Yuan. But of course, he was still suppressed by Ye Yuan in the end.

Ye Yuan was Saint Azure back then. Now, when choosing a name, he naturally had to pick Bloodazure too.

As for Yang Qing, he had azure as his name to begin with. He naturally had to pick Bloodazure too.

Hence, two Bloodazures appeared.

Yang Qing shot Ye Yuan a hateful glare and said, "Punk, don't fail to enter the top ten. You'll disgrace Bloodazure this name!" Ye Yuan said coolly, "The one who should be worried should be you, right? If you can't get a spot, scram back to your hometown for me!"

Yang Qing said with a cold smile, "What a joke! If this sovereign gets second place, I'll immediately commit suicide!"

Ye Yuan said coolly, "Unfortunately, there are ten passageways. Otherwise, these ten spots, I'll bag them myself."

Failing to posture, Yang Qing was not willing to show weakness. He said, "Me too!"

These two people looked down on each other like nobody else was around, immediately drawing angry glares from a group of people.

These two ... are too freaking arrogant!

Are you treating us as air?

"Huhu, what high-sounding sentiments! A grand completion True Sovereign Heaven, the other is even just upper Saint Sovereign Heaven, aren't the two of you scared to sprain your tongue when talking big?" Behind the two, one person said with a cold laugh.

Ye Yuan turned his head to look at him and said coolly, "Talking big? Is a trash like you worthy of me talking big? Too narcissistic!"

Just who was the freaking narcissist?

That person smiled coldly and said, "Trash? Huhu, there has really never been anyone who dared to say that about me! You probably don't know who I am, right?"

Ye Yuan shrugged and said coolly, "Not interested to know because that's meaningless to me."

"Huhu, reckless and blind thing, to not even know Brother Chou Yang! He has the strength to attempt for the hundred sons this time!"

"I wonder which countryside this fool is from, thinking that he can still be number one after arriving at Giant Net City!"

u

OT

"Hahaha, what a joke! The things that he said, Brother Chou Yang probably doesn't even dare to say them. Stupidity is really the original sin!"

"It's fine, it's fine. After entering the passageway, he'll be taught how to behave!"

.....

Waves of mocking voices came from all around.

Although there were eight million Saint Sovereign Heaven powerhouses, there were naturally quite a few who already had great fame too.

Chou Yang was one of them.

In Giant Net City, his strength was sufficient to rank in the top three. He was a strong contender for the slots this time. In reality, these ten spots were also probably being produced among those 20 to 30 people. Everyone had a score in their hearts. Even if there was a dark horse, it would also not be a measly little upper Saint Sovereign Heaven's turn.

[Unrivaled Medicine God](#)

Chapter 2873: Number One Passageway!

Among eight million Saint Sovereign Heavens, which realm had the most numbers?

Upper Saint Sovereign Heaven!

This realm occupied the vast majority.

And this realm was actually basically all cannon fodder too.

Occasionally amazing the world with a single brilliant feat and being able to kill their way into the top 100 was already considered pretty good.

There was no chance for the top ten at all.

This was because the powerhouses at the top of the pyramid were all grand completion Saint Sovereign Heavens and half-step True Sovereign Heavens!

Therefore, Ye Yuan's words were really very laughable.

"Huhu, kid, I remembered you. I'll choose the same passageway as you!" Chou Yang looked at Ye Yuan and said with a cold laugh.

Yang Qing swept a glance at Chou Yang like looking at a fool and said to Ye Yuan, "This guy wouldn't be a moron, right?"

Ye Yuan said coolly, "He's clearly an idiot. Talking with idiots will make you dumb. Let's 80."

Yang Qing deeply felt that way too. "Right, right, hurry up!" After done talking, the two people left straight away and completely did not have the intention of paying any attention to Chou Yang. Chou Yang's face turned into the color of pig liver.

F*cking hell, too arrogant!

Facing this scene, many people held the attitude of gloating over others' misfortune.

"Chou Yang followed! Heh, there's a good show to watch now. Chou Yang won't let him off!" "It turns out that seeking death is done this way!"

"I'll follow that kid too. This good show can't be missed!"

.....

Many people also followed Ye Yuan two people, seeing which passageway he was entering.

Eight million people, a moment of carelessness and you would lose them.

The entrances of True Sovereign Heavens and Saint Sovereign Heavens were not in the same place. So very soon, Ye Yuan and Yang Qing were splitting up.

Ye Yuan arrived at the passageway entrance, and the guard said, "Entering from which passageway?"

Ye Yuan asked, "Which passageway is the strongest currently?"

The guard gave Ye Yuan a glance and said, "The strongest at present should be the number one passageway."

Ye Yuan said, "Number one then."

The guard was not long-winded either, directly sending Ye Yuan into the number one passageway.

Giant Net City's powerhouses opened up two enormous spaces in the battle hunting ground to carry out the hundred sons selection.

The fights in the spaces would be presented in the battle hunting ground, hundreds of thousands of people would be able to see them clearly.

There were a total of 100 Saint Sovereign Heaven passageways, ten as one group.

In each passageway, only 100 people could enter the next level.

In the end, the 1000 powerhouses in a group would fight for one spot!

This way of fighting was extremely cruel.

Each hundred sons selection, the casualties were virtually more than half in order to fight for these ten spots!

One had to know, even if the blood race was brutal, wanting to kill the opponent was very difficult too.

But, out of eight million Saint Sovereign Heavens, it actually needed nearly four million people to die. It could be seen how cruel such a selection was. However, the blood race did not care!

Their propagation ability was extremely strong and could nurture a large batch of powerhouses again very soon.

But this kind of method that was the survival of the fittest could create a large batch of powerhouses!

Therefore, the powerhouses that displayed their abilities and advanced to the Saint Sovereign Hundred Sons, those were all true powerhouses, their strength extremely terrifying!

Many of these people even had the strength to kill True Sovereign Heavens!

When Ye Yuan killed three Saint Sovereign Hundred Sons back then, it could be seen to what kind of extent his strength was formidable.

Presently, Ye Yuan broke through to upper Saint Sovereign Heaven. His strength grew significantly again.

With regards to this level of selection, he naturally did not take it to heart.

And this kind of selection, the strong who truly had faith in themselves would all choose the number one passageway. That represented confidence and glory!

Then why did Ye Yuan choose the number one passageway? He wanted to kill!

These people were all the blood race's seeded candidates, all future Emperor Realm powerhouses.

Each one killed, Heaven One would have one more iota of hope.

Seeing Ye Yuan enter the number one passageway, Chou Yang's brows furrowed slightly.

His strength was very strong, but if he entered group one, then he would have to fight to the bitter end with those few people.

At that time, he really might not be able to get a spot.

He naturally did not feel that Ye Yuan entered the number one passageway in order to get a spot. He was clearly playing tricks to make him not dare to enter.

As for Ye Yuan, as long as he did not fight to the bitter end after entering, there would not be a problem surviving.

In the passageway, if those who were scared to die hid at one side, no one would find trouble with you.

But, if you wanted to snatch the passageway opening, then there would be countless people fighting it out to the bitter end with you!

Clearly, Ye Yuan did not have that strength.

"Impressive! That kid actually went into the number one passageway!"

"Number one passageway, that's where immortals fight! I heard that Bloodtrue, Xue Hao, He Ming ... these big shots all entered the number one passageway!"

"If Chou Yang were to enter the number one passageway, there's definitely no problem entering the next level. But, it would be difficult to want to get a spot!"

"He got slapped badly by that kid just now. If he doesn't go in, his face will be lost!"

... ..

Seeing Ye Yuan enter the number one passageway, many who followed all started whispering to each other.

Chou Yang's face turned into the color of pig liver again.

"Damn it! This punk definitely did it on purpose!" Chou Yang said hatefully.

However, there were already quite a few people who followed after behind him.

He already sent out the big talk just now. If he were to shrink back at this time, then he would really become a laughing stock.

Hesitating for a moment, he gritted his teeth and said in a solemn voice, "So what if Bloodtrue? Could it be that I, Chou Yang, am scared of you?"

Finished saying, he immediately went into the number one passageway.

The grandstand immediately boiled over with excitement!

"Chou Yang entered the number one passageway too!"

"Terrific fellow, the number one passageway is really where immortals fight!" "Counting in Chou Yang, there are probably half of Giant Net City's top experts who already entered the number one passageway!"

"It's really a death group! I heard that Bloodtrue's strength has likely already reached the top 50 strength of the hundred sons!"

"The others aren't bad either! Although there are only a hundred sons each time, those who get eliminated with the strength of the hundred sons aren't in the minority."

"Yeah, at least Bloodtrue, Xue Hao, Chou Yang, He Ming, the few of them should all have hopes of winning this spot!"

Chou Yang few people were all seeded candidates.

Their every movement and action attracted a lot of attention.

At this time, great gods gathered in the number one passageway. It completely ignored everyone's enthusiasm for watching the battle.

Only this kind of battle was nice to watch!

Only this was exciting!

This money was not spent in vain!

As for Ye Yuan, nobody paid attention to him at all.

An upper Saint Sovereign Heaven, who would pay attention to him?

Time slowly trickled by. Eight million people chose their passageway one after another.

The 100 passageways were evenly distributed.

If a passageway was full, it would not be allowed to be chosen anymore.

And in reality, the people who chose the first group's ten passageways were very few instead.

This was because this was absolutely a death group! Even if you entered the top 1000, it was very hard to fight for that sole spot too.

There were too many powerhouses!

Of course, there were also quite a few true powerhouses who opted for a tactical concession.

After all, obtaining the slot to enter the Saint Sovereign Hundred Sons was the king's way.

Showing off momentary bravery here did not have any meaning.

Just as those people said, many who had the strength of the hundred sons were all eliminated in the end and even died.

But the reality was so cruel!

Obtain the hundred sons spot, soar to the heavens in one bound!

Failing to obtain it, fade into the crowd!

"It's over. It's over! I entered the first group!"

"F*ck, just a bit slow!"

"It's hopeless now!"

.....

Very soon, the selection of the passageways was completed. Many people were all lamenting the cause was lost.

Entering the death group, they became hopeless.

[Unrivaled Medicine God](#)

Chapter 2874: Waited So Long for You Guys!

After Chou Yang entered the number one passageway, the pupils of Bloodtrue and the rest all constricted.

Another formidable opponent came!

"Chou Yang, you actually came in too!" He Ming came up and said with a smile that was not a smile.

"Why? You're allowed to come in, and I'm not allowed to enter?" Chou Yang said with a cold smile.

"Haha, of course you're allowed, but with your cautious personality, we all thought that you wouldn't come in." He Ming said with a laugh.

"Humph! I'm definitely taking this spot!" Chou Yang said proudly.

He had the confidence of a powerhouse

However, his gaze landed on Ye Yuan, brimming with killing intent.

The passageway had not opened yet. They were not allowed to make a move now. Otherwise, he would have immediately killed Ye Yuan.

Seeing Chou Yang's gaze, it immediately drew the attention of those powerhouses who could not help looking toward Ye Yuan in surprise. Could it be that Chou Yang came in because of this upper Saint Sovereign Heaven?

Not to such an extent, right?

With regard to these gazes, Ye Yuan was completely oblivious and closed his eyes to rest.

“He has enmity with you?” He Ming asked in confusion.

Chou Yang said, “If you heard what he said, you guys would also have enmity with him!”

This sentence successfully attracted the attention of the group of powerhouses.

He Ming said in surprise, “Oh? What did he say?”

Chou Yang recounted the matter at the registration area in detail from the very beginning, successfully increasing Ye Yuan’s aggro value to 300%.

Which of these people were not proud sons of heaven?

Which of them was not incomparably proud? They would say that this slot belonged to me!

But there was absolutely no one who would say these words: I alone will bag ten spots!

These words were too arrogant and would incur public outrage!

These heaven’s chosen were strong, but they would not be strong until the extent of incurring public outrage too. Forget about a Saint Sovereign Heaven; even if a True Sovereign Heaven was here, he would not dare to say so too!

Especially the number one passageway, the strength of these proud sons of heaven did not pale to True Sovereign Heavens!

So many people attacking together, who could fend them off?

“What high-sounding sentiments! Heh heh, the passageway is about to open right away. I really want to see just how impressive this little brother is! Oh, right! Bloodtrue, you likely can’t get this spot!” He Ming said with a smile.

Bloodtrue’s strength was indeed slightly stronger than the others.

Therefore, the likelihood of him getting the spot was the highest.

Of course, it was also just a possibility.

So many experts, there were too many variables. No one dared to say that they would definitely win.

If it was one-on-one, that would be easy to say.

Bloodtrue did not even look at Ye Yuan and said coolly, “Just a moron. You guys are stooping to his level too.”

“Hahaha, that makes sense! Idiot, aren’t you going to provoke us?” He Ming said to Ye Yuan with a loud laugh.

Ye Yuan ignored him and closed his eyes to rest.

He was not so free. With this bit of time, using it to cultivate, using it to gain enlightenment on Alchemy Dao, Formation Dao, what was not good about it?

However, him ignoring these people was immediately thought of as being cowardly by everyone.

“Huhu, that kid is probably frightened silly, right? Doesn’t even dare to talk anymore!”

“Please! With close to 20 big shots, if it were you, would you dare to speak? If it was posturing outside, forget it. Entering the number one passageway, he can only submit!” “Makes sense. Being remembered by so many big shots, he’ll really die! In a while, reckon that he’ll be going crazy, hahaha!”

..

...

This was a very large space. Over 80 thousand people were being shut in a cramped radius, being shrouded by a light screen. Before the passageway opened, they could not make a move. Otherwise, they would be directly killed. At this time, the two Emperor Sakra Heaven big shots of Giant Net City, Su Mu and Bloodsword, were also both paying attention to the number one passageway.

This place was often where the strongest one was born.

“Bloodtrue’s first place is most likely in the bag. This kid is quite similar to you!” Su Mi said with a smile.

Bloodtrue was Bloodsword’s descendant. He firmly suppressed the others in Saint Sovereign Heaven.

He was also Bloodsword’s pride.

Regarding this descendant, he also nurtured him with all his heart.

Hearing that, Bloodsword said smugly, “I estimate that Bloodtrue’s strength can pretty much enter the Saint Sovereign Hundred Sons’ top 20! This battle is merely child’s play.”

Su Mu’s pupils constricted, and he said, “That boy hid his strength? You, this fellow, really hid so deeply!”

Bloodsword smiled and said, “If he doesn’t hide a bit of strength, how will he win when he reaches the Battle of Hundred Sons? Heh, those capable of going to Heaven Absolute Blood Emperor City are all true heaven’s chosen!”

Su Mu nodded and said, “If he’s really able to enter the top 20, then this seat’s face will naturally feel a glow too!”

Bloodsword smiled and said, “Stop pretending in front of me! Su Yun’s strength can also take first place firmly among True Sovereign Heavens! The value of the Saint Sovereign Hundred Sons is still not as good as a True Sovereign Heaven in the end!”

This Su Yun was naturally Su Mu’s descendant.

They had the backgrounds of Emperor Sakra Heaven powerhouses. Their strength was naturally extraordinary.

Su Mu smiled and said, “The competition between True Sovereign Heavens is even fiercer. Whether or not Su Yun can take first place is really hard to say. Alright, it’s about time to open up the passageways!”

.....

Boom!

The light screen above everyone's heads dissipated with a loud bang.

At the same time, the passageways also directly opened.

Everyone was very far away from the passageway.

This distance was used to kill.

However, even if one reached the passageway entrance, it could not be directly entered too.

The passageway entrance was sealed. There was a mechanism on it. One should activate the mechanism three times in a row before the passageway could open.

After someone entered the passageway, the passageway would shut again, and it would need to be opened once more.

And this increased the intensity of the killing.

Virtually right away, Chou Yang rushed toward Ye Yuan.

He wanted to kill him at the first moment!

Not just Chou Yang, quite a few Saint Sovereign Heaven powerhouses rushed over to this side.

However, Ye Yuan already disappeared since God knows when.

"Where is he? He was clearly still here just now!"

"F*ck, at least you ran fast! Don't let Your Father run into you. Otherwise, I'll make you die horribly!"

"Little bastard ran pretty fast!" Chou Yang gnashed his teeth in hatred and said.

With over 80 thousand people, if one hid in the crowd, it was really not so easy to find.

At this time, over 80 thousand people had already collided together, flesh and blood scattering, being incomparably tragic. These top powerhouses formed their own circle. More than 20 powerhouses were frenziedly fighting a melee together.

However, they did not use their full strength. It was just fighting who would be the first to enter the passageway.

There was no need to go all out in this first round.

The real killing was in the next level!

At that time, that would be the real irreconcilable till death.

After the first level was done fighting, it would give people an opportunity to exploit instead.

Bloodtrue's skill was a level higher in the end. He still rushed out of the encirclement of several formidable foes to be the first.

However, he could not shake everyone off.

After all, there were no easy people here.

“First place is Your Father’s! Bloodtrue, you’re not allowed to snatch it!” Chou Yang drew his blade and hacked at Bloodtrue frenziedly.

His strength was really very strong. Even Bloodtrue did not dare to underestimate too.

However, before entering the passageway, the killing had not reached the peak yet.

The passageway entrance was the meat grinding field!

Very soon, those over top 20 powerhouses rushed to the passageway entrance. Following that, they were stunned!

A figure was unexpectedly at the passageway entrance. He did not enter the passageway either and just stood there like that.

Who could this person be if not Ye Yuan?

It turned out that he had long already reached the passageway entrance!

Seeing everyone come up, Ye Yuan said with a grin, “Just came huh? I waited so long for you guys!”

[Unrivalled Medicine God](#)

Chapter 2875: Ants Have No Right to Give Up!

Everyone’s hearts trembled!

This guy had such speed, no wonder he was gone in a blink of an eye!

It seemed like this punk’s wild arrogance was not without logic.

It was just that they did not understand; he was already the first to reach, so why was he still staying here.

The first to open the passageway, this was an incredible glory!

However, Bloodtrue also secretly let out a sigh of relief.

Nearly failed miserably at a simple task!

“Waited so long for us? Huhu, boy, what are you trying to do?” Chou Yang said with a cold laugh. Ye Yuan smiled with ill-intent and said, “Nothing, I just want to tell you guys that other than me, nobody can take a step into the passageway.”

The moment these words came out, over 80 thousand people burst into thunderous laughter.

Were you freaking joking?

Chou Yang laughed loudly and said, “Bloodazure, is your brain spoiled? In the hundred sons battle, there has never been only one person who makes it out of the passageway entrance! You mean that you want to stop over 80 thousand of us by yourself?”

Ye Yuan shook his head and said, “I never said that!”

Everyone sneered coldly and were just about to retort but heard him say, "I'm saying ... to kill until no one dares to go in!"

Stop?

It did not exist!

I'm going to kill all of you, bro!

Everyone was shocked again.

This guy was absolutely a mad man! You freaking bragged until even you believed it yourself, right?

"Hahaha ... I'm so scared! Punk, come kill me then!"

"Yeah, yeah, we all, these half-step True Sovereign Heavens, are too weak. I beg you, kill me."

"Bring it on. I really want to see how you kill until no one dares to go in."

Ye Yuan had completely become a clown!

These words really sounded hilarious to the extreme.

Somewhere in space, Su Mu two people also exchanged glances, staring wide-eyed and tongue-tied.

They had really never seen before such an arrogant young man.

Although Ye Yuan's spatial rule also surprised them just now, just based on this and he wanted to deal with over 80 thousand people?

Let alone that speed was not everything; strength was the king's way!

No matter what, everyone's final goal was to pass through the passageway. Even if your speed was fast, it could not be brought into play under this kind of circumstances.

If everyone rushed forward, you could only forcibly resist.

Otherwise, the boasting that you made would become a joke.

Boom!

Amidst the loud laughter, Ye Yuan suddenly attacked. That 'I beg you, kill me' statement was directly blown apart, completely erased!

Ye Yuan said coolly, "Since you're begging me, then I'll satisfy you!"

The expressions of Bloodtrue and the rest changed drastically.

This punch was so strong!

"I beg you, kill me", was a top powerhouse too, half-step True Sovereign Heaven. He actually died without even having the time to react.

Although it was a surprise attack, this also showed that Ye Yuan was very strong!

Bloodtrue's brows furrowed slightly, and he said, "Alright, you've already proved your strength! You have the qualifications to enter the passageway! Go in. We won't stop you!"

He felt that Ye Yuan's strength was probably not weaker than his own.

If they really fought, then he would probably have to use all of his strength.

Right now, he did not want to expose his strength too early. He naturally also did not want to fight with Ye Yuan until they were both wounded.

But Chou Yang's brows furrowed slightly, and he said in a solemn voice, "Bloodtrue, what do you mean?"

Bloodtrue said coolly, "There is no meaning at all. There's no need to waste time in this level! Want to fight, do it after entering the next level!"

Chou Yang was a little indignant, but he also felt that Ye Yuan's strength was likely not weaker than his.

That blow earlier, he examined his own conscience and felt that he could not do better than Ye Yuan.

Although this punk talked big, he still had some strength.

The others stopped talking, clearly tacitly consenting to Bloodtrue's recommendation.

But Ye Yuan smiled and said, "Are you all misunderstanding something? I'm not flaunting martial prowess to you all. I only want to kill people! None of you guys are allowed to enter the next level!"

Bloodtrue's pupils constricted, and he said in a solemn voice, "Bloodazure, don't refuse face when it's given!"

He was truly infuriated! This punk was posturing a little too much!

But, just as he was enraged, Ye Yuan moved!

It was only to see Ye Yuan throw a punch out, aiming straight for one of the top half-step True Sovereign Heavens.

Boom!

That person was directly killed without the slightest strength to fight back!

Everyone's hearts trembled wildly. If the first

genuine strength! It was because everyone was already on guard. But the result was still an instant kill!

This time, Ye Yuan did not have the intention of stopping, one punch following another.

The places that he passed through were all him instantly killing the others!

No matter how strong you were, you were all unable to take one punch from me! This fist technique was the dragon race martial technique that Mi Tian improved on with the Nine Heavens Dragon Transformation Fist as the foundation.

Mi Tian was once a Hegemon Realm powerhouse, his horizons extremely far. Altering a fist technique was naturally easily accomplished.

After improving it and matching it with the Blood Imitation Pill, the power that Ye Yuan released carried a thick bloody and evil aura, being exactly alike blood race martial techniques.

Back then, when Ye Yuan's bloodline had just evolved, his combat power could already one-shot the Saint Sovereign Hundred Sons.

Now that his strength had improved greatly, killing these so-called powerhouses was not worth mentioning at all.

Seeing Ye Yuan rampage in all directions, Bloodtrue's heart shook wildly.

This strength was too terrifying!

"Everyone join hands and kill this punk first!" Bloodtrue roared angrily.

Everyone's heart turned cold, immediately joining forces.

zens

More than a hundred half-step True Sovereign Heavens with apex strength directly surrounded Ye Yuan until not even water could seep through. Among them, there were even some of those top powerhouses. However, it was still useless!

The more Chou Yang watched, the more alarmed he became. The powerhouses that he viewed as his opponents could not last one punch under Ye Yuan's hands!

The current Chou Yang was terrified until his courage and spirit were crumbling. He desperately retreated backward, hoping that Ye Yuan had forgotten about him.

Who could have thought that this guy was so strong?

Blunder!

A miscalculation!

He finally understood that Ye Yuan ignored him back then not due to haughtiness, but it was because he really did not have him in his eyes!

Finally, he quietly withdrew from the battlefield and could not help heaving a sigh of relief in his heart.

Luckily, the others held Ye Yuan back!

He did not expect that Bloodtrue actually hid his strength.

Among so many people, only he could barely manage to exchange a blow or two with Ye Yuan.

It was also fortunate that this guy hid his strength. Otherwise, this time, he would really have to die.

"Eh, didn't you say that you're not trash and even wanted to prove it to me? Why? Giving you the opportunity now, but you want to leave?" Suddenly, a deadly voice sounded in his ears.

Chou Yang was frightened until he blew smoke from all seven orifices, his entire person almost blowing up.

But he could not find Ye Yuan.

It was as if the surrounding was all Ye Yuan!

“W-Where are you?” Chou Yang was fully on guard, all the hair on his body standing on end.

“I’m right in front of you. You can’t even see?”

Chou Yang’s pupils constricted, only to hear a long sigh transmit over, “I gave you a chance. But it looks like ... you’re indeed still just a piece of trash!”

Boom!

A punch slammed out. Chou Yang was dead!

It was naturally very easy for Ye Yuan to kill Chou Yang.

But he deliberately did not kill in order to let him feel fear.

Among the thousands of experts, in a blink of an eye, there were only three or four left.

There was even a large swathe of the others who died.

But Chou Yang’s death triggered everyone’s nerves.

Chou Yang’s strength was absolutely the most pinnacle existence in this group of people.

But, even he was dead, without the slightest strength to fight back.

“We’re not entering! All of us are not going in!! Don’t kill me!” He Ming’s courage and spirit had crumbled as he said.

Bloodtrue also had a solemn expression as he said, “Bloodazure, you win! I give up!”

He did not feel that Ye Yuan dared to kill him because he was Deputy City Lord Bloodsword’s descendant!

The consequences of offending an Emperor Sakra Heaven were unimaginable!

Boom! A punch was sent out. He Ming was directly blown apart.

Bloodtrue’s pupils constricted, only to see Ye Yuan’s devilish voice transmit over, “Sorry, I never said that I wouldn’t kill you all if you beg for mercy! Ants have no right to give up!”

[Unrivaled Medicine God](#)

Chapter 2876: Executioner, Ye Yuan!

Ye Yuan threw a punch over, Bloodtrue’s pupils constricted.

He could not block this punch!

“Ancestor!” Bloodtrue’s eyes turned bloodshot as he roared.

Right at this time, a voice came down from above the void, "Bloodazure, let Bloodtrue off. This seat will owe you a favor." Boom!

Ye Yuan's fist directly tore Bloodtrue apart without any sluggishness.

Sorry, who are you?

Is your favor very valuable?

Killing the strongest, Bloodtrue, the remaining ones were even too weak to withstand a single blow.

His strength was long already invincible in the same rank.

One should not look at how this passageway had a lot of numbers. To Ye Yuan, numbers could not change anymore.

He was like a tiger entering a flock of sheep; places that he passed through, corpses scattered everywhere.

Apologies, no corpses. It was directly obliterated!

The blood race did not have corpses! "Good! Good! Good! Very good! Huhu, a mere Saint Sovereign Heaven actually directly treated this seat as air!" Above the void, Bloodsword stomped his feet in anger.

An exalted Emperor Sakra Heaven was actually being disregarded!

That brat called Bloodazure did not even pay attention to him!

By the side, Su Mu also looked at him with a sympathetic look as he said, "Calm down. He's just a junior. If he's dead, then he's dead."

Bloodtrue's talent was indeed high. But, no matter how high, he was also just Saint Sovereign Heaven. It was not worth flying into a rage.

Bloodsword's descendants were in great numbers. There would always be a few outstanding ones.

As for finding trouble?

Don't even think about it!

The overseers in the clan were still watching!

Regarding the hundred sons selection, the Blood God Temple attached a lot of importance to it. They would send overseers to each city.

It was for the sake of ensuring impartiality of the selection.

Although he was angry, Bloodsword really did not dare to do anything to Ye Yuan! If Ye Yuan faded into mediocrity, then forget it. Yet, his strength was formidable. There was absolutely no problem entering the Saint Sovereign Hundred Sons!

Such a genius, how could the clan possibly allow Bloodsword to deal with him?

Ye Yuan also knew this. That was why he would go on a killing spree.

The current Ye Yuan had already gone mad from killing!

we

was

Over 80 thousand Saint Sovereign Heavens were fleeing crazily inside the space. There was already no one who dared to contend with Ye Yuan head-on.

They already understood that Ye Yuan's strength was on a completely different level than them.

Head-on fighting was no different from seeking death.

But Ye Yuan did not have the intention of letting them off. His movement technique was extremely fast, places that he passed through, a bunch of bloodkins would directly disappear.

The numbers in number one passageway were diminishing at a speed visible to the naked eye. There was no retreat route in the passageway. The only way out was the passageway. When Ye Yuan was chasing, some people also wanted to take the chance to escape from the passageway entrance. But what welcomed them was a punch from beyond the heavens, directly quelling them.

Hence, a strange scene appeared in the number one passageway.

Ye Yuan alone was chasing 80 thousand Saint Sovereign Heavens and killing them. On the battle hunting ground's grandstands, it had already completely boiled over with excitement.

"Where did this guy pop out from? This ... This is also too strong, right?"

"My eyesight must be freaking failing! Number one passageway, which time didn't kill until heaven and earth dimmed? This time, it's actually one person hunting down 80 thousand people?"

"Dark horse! An absolute dark horse! This guy's strength can probably already enter the hundred sons top five!"

"Too monstrous! Too monstrous! Our Giant Net City is going to shock the Blood God Temple with this!"

... ..

The scene that appeared before their eyes was seriously too surprising.

They originally planned to watch a miserable fight. But in the end, what they saw was one person hunting down several tens of thousands of people!

Time slowly trickled by. Ye Yuan already turned into a super demon king, making the people in number one passageway tremble with fear when they heard him.

.....

At the second floor space, there were already many people who were successful.

Along with the passage of time, the numbers became more and more.

But what they found strange was that the number one passageway did not have people come out of it from start to end! "Eh, it's really strange. Is the fighting in the number one passageway this time so

tragic? More than 90 people in our number three passageway have already come out. Yet, they actually didn't have a single person coming out!"

"The first level is merely playing. Those guys wouldn't have pulled out the big guns, right? But even so, it also wouldn't be completely zero, right?"

"Now this is interesting. Three days will be up very soon. Are they planning on rushing out together?"

The first group's 1000 people already reached over 800 people at this time.

The first level's contention was only three days' time.

Presently, the time limit was going to be up very soon. But, not a single person came out of the number one passageway. This made everyone incomparably surprised.

These bloodkinds all gathered together, speculating on all sorts of possibilities.

Just like that, the 900 people from number two passageway to number ten passageway were gathered very soon.

But number one passageway still had no activities.

Time slowly trickled by. It looked like the three days time limit was going to be up right away. The questions in everyone's hearts grew more and more.

Swoosh!

Suddenly, the passageway opened, a figure flew straight out.

Seeing this person, the 900 people present could not help being stupefied.

Who was this person? Where's Bloodtrue?

Where's Chou Yang?

Where's He Ming?

Why was it an upper Saint Sovereign Heaven who came up?

Were those guys all defeated by Ye Yuan?

"Hey, kid, where are the others? Why is it just you alone who came up?" The number two passageway's first place could not hold back his doubts and asked Ye Yuan.

Although Ye Yuan was the only one who came up, he naturally would not be scared of Ye Yuan.

It was because his strength was not the slightest bit weaker than Bloodtrue they all.

It was just that he did not know, when those bloodkins in the first level saw Ye Yuan now, they practically wanted to piss their pants.

This guy was too horrifying!

The people were naturally not killed entirely.

Over 80 thousand people, there were too many of them.

Even if it was standing there to let Ye Yuan kill, Ye Yuan would have to kill for a long time too; let alone that those people fled desperately. In three days, Ye Yuan killed nearly 40 thousand people, killing until even his hands felt weak!

In the end, he actually could not quite kill anymore.

Ye Yuan was strong, but he was not strong until he could be like back then, slaughtering hundreds of millions of lifeforms with one finger. They were the same rank after all. He still had to kill one by one.

After adjusting his breathing for some time, Ye Yuan immediately came up.

As for the rest, they naturally did not dare to come up anymore.

Courting death?

Ye Yuan did not answer the 'first place.' He swept a glance over everyone's faces and said with a smile, "Mn, this time, there's no need to kill until my hands turn into jelly anymore. Just a few hundred people, killing all of you won't take too much effort."

.....

Half a day later, the first group was completely wiped out!

Ye Yuan stepped into the passageway with a back view that appeared slightly lonely.

He bagged this spot.

This time, he was the first to come out.

The battle situations of the other nine groups were much fiercer than group one.

When Ye Yuan returned to the battle hunting ground, the hundreds of thousands of spectators on the grandstands fell into a death-like silence.

Their gazes when looking at Ye Yuan were filled with fear.

This guy was an out-and-out executioner!

All 900 proud sons of heaven, he killed them all by himself!

These few thousand years, the hundred sons battle had already been hosted god knows how many times. Such a thing had never appeared before.

Even if the blood race was extremely warlike, they were intimidated by Ye Yuan too! "Hahaha ... Too weak! A bunch of trash! You can't even block one of your Grandpa Qing's spear! Sure enough, Grandpa Qing is the first to come out! Humph humph, Your Father said to take first place; it means I'm taking first place! Eh, you punk, you actually came out earlier than me? But it's no use. Your Grandpa Qing challenged ten half-step Emperor Realms with one spear, fighting until none of them dared to make a move! How is it? Impressive or not?"

Suddenly, Yang Qing's figure appeared above the grandstands. The moment he came out, he made an unnecessary fuss and was incomparably arrogant.

Unrivaled Medicine God

Chapter 2877: How Could There Be Such an Impressive Person in the World!

Yang Qing made an unnecessary fuss, but very soon, he discovered that something was not right.

Too quiet!

The battle hunting ground had several hundred thousand watching the fights. Why was it so quiet?

Seeing Ye Yuan looking at him with a smile that was not a smile, Yang Qing only felt somewhat jittery and said, "W-What did you

do?"

Yang Qing already understood Ye Yuan long ago. One should not look at how this guy normally kept quiet, appearing too profound to understand.

But, when he caused trouble, ten Yang Qings could not catch up either!

Ever since this guy landed on Heaven One Continent, how many earth-shaking major events had he done already?

Motherf*cker, looking at his appearance, it looks like today's trouble was not small again!

"Nothing, it's just that ... I killed all the geniuses in my passageway. Uh, these guys were too weak. There's no kick in killing at all," Ye Yuan said with some dissatisfaction.

Everyone was speechless.

No kick and you still killed so many!

You're simply the devil!

My blood race is bloodthirsty, but it simply does not hold a candle compared to you at all!

It was also just that there was three days' time. If Ye Yuan was given a few more days, everyone would not doubt in the slightest that this guy could kill off all the people in the number one passageway! "W-What did you say? K-Killed all? What kind of joke is this!" Yang Qing's eyes became wide-saucers, a look of disbelief on his face.

He knew that Ye Yuan was very strong but did not know how strong the current Ye Yuan was. This result was really too surprising!

Killing everyone in a passageway, what did this mean?

This signified genuine invincibility in the same rank!

Saint Sovereign Heaven, no matter how impressive you were, you could not post any threat to Ye Yuan anymore!

Thinking about his own battle achievement, he actually showed off in front of him.

Uh ... was this not him slapping his own face?

But very soon, he understood why Ye Yuan did so.

Really satisfying!

If this news reached back to South Qi Giant City, the Heaven One that had just calmed down would explode again, right?

Yang Qing gave Ye Yuan a big thumbs up and said with a strange expression, "You're amazing!"

"Hahaha, I finally got a spot! The few of you fools aren't my match in the end!"

Suddenly, a figure landed in the plaza and let out a burst of loud laughter.

Zhuo Er defeated many formidable foes, obtaining the Saint Sovereign Heaven spot. He was very excited.

But very soon, he also discovered something amiss.

Where were the cheers? The voices of exclamations?

Why was it so quiet?

Suddenly, he looked in the direction of the number one passageway and could not help being startled in his heart.

It was not Bloodtrue!

Not He Ming!

Not Chou Yang either!

It was just ... an upper Saint Sovereign Heaven! What the hell?

The number one passageway where powerhouses gathered, why would it be an upper Saint Sovereign Heaven who obtained the spot? "That kid, why is it you who came out of number one passageway? Did they kill one another and let you come off cheap?" Zhuo Er looked at Ye Yuan and said with a disdainful look.

The several hundred thousand people present had expressions that were strange to the extreme.

Come off cheap?

Kill one another? Huhu, did they have this chance?

Ye Yuan completely ignored him and said to Yang Qing, "Why are there so many idiots this

2 SO I

year?"

Yang Qing smiled and said, "There are idiots every year. This year is especially a lot!"

Ye Yuan nodded and said, "Makes sense, makes sense!"

Zhuo Er's expression turned cold, and he said, "Boy, I've remembered you, refusing face when it's given!"

Everyone on the grandstand only felt a chill run down their backs.

This was a great killing god! Not being remembered by him was already giving thanks to everyone. You actually still wanted to remember him?

Very soon, all the passageways had people come out of it.

The 20 spots were occupied very quickly.

Su Mu and Bloodsword descended from the sky, landed in the plaza.

It was just that their expressions were both very ugly.

Su Mu's descendant was also beaten down by Yang Qing.

However, he was a little better than Bloodsword. Yang Qing did not have that ability to kill everyone.

Encountering this kind of homicidal maniac, anyone would be depressed until they vomited blood.

Bloodsword looked toward Ye Yuan with an unfriendly expression and said with a cold smile, "Boy, you're very good. This seat has remembered you!"

The moment these words came out, the 18 victors present all had baffled faces.

How did this boy offend Great Emperor Bloodsword?

However, Zhuo Er gave a cold laugh, thinking to himself that this punk was dead for sure, to have actually offended Great Emperor Bloodsword!

Unless you really became Saint Sovereign Hundred Sons, you would be dead for sure.

Ye Yuan looked at him and said coolly, "Are you stupid? Do I, Bloodazure, still need your approval when killing people? Is your face very valuable?" Bloodsword's pupils constricted, a pair of eyes staring at Ye Yuan, already almost unable to suppress his impulse to kill people.

The hundreds of thousands of people present, as well as the hundred sons candidates, were stunned!

You are also too freaking arrogant, right?

That ... That is a Great Emperor!

You rebutted him so readily! Isn't this sowing irreconcilable enmity?

Ye Yuan naturally did not care. This guy did not dare to do anything to him at all.

As for the future, he also would not really keep staying on in the blood race.

After I left, who cares about floodwaters surging!

Being so arrogant, Ye Yuan naturally did it on purpose.

The persona of a homicidal maniac naturally needed unparalleled overbearingness to serve as a foil.

“Don’t look at me with this sort of eyes. Otherwise, I’ll kill you in the future! Maybe you feel that it’s a little funny, but breaking through to Emperor Sakra Heaven is nothing difficult for me. In fact, maybe I don’t need to step into Emperor Sakra Heaven, and I’ll be able to kill you at Emperor Vast Heaven Realm! You might feel that this day is very far away and that you have adequate time to kill me. But you’ll never get the chance! With my strength, getting Saint Sovereign Hundred Sons first place is as easy as turning over my hand! In the future, I’ll be True Sovereign Hundred Sons number one too. Emperor Realm will be the same! You’ll never have the chance to kill me!”

Ye Yuan looked at Bloodsword and said it casually.

But the looming threat that exuded was too obvious!

F*ck me!

Too awesome!

A Saint Sovereign Heaven actually threatened an Emperor Sakra Heaven!

Those 18 hundred sons candidates all opened their mouths wide.

Where did this guy pop out from?

Each one of them was a candidate. Why were you so outstanding?

Why were you so impressive? “Hahaha, who do you think you are? Hundred sons number one? Why don’t you ascend to heaven?” Zhuo Er looked at Ye Yuan and mocked with a loud laugh.

Boom!

Ye Yuan threw a punch over, Zhuo Er directly disappeared without even reacting to it.

The remaining hundred sons candidates had dumbfounded faces!

Freaking hell, you were also too arrogant, right? We all killed our way out from a horde, and you killed on a whim?

However, this guy was really so strong! How could an upper Saint Sovereign Heaven be so strong?

Looking at Bloodsword again, he actually did not even dare to let out a word!

What did this show?

This showed that Great Emperor Bloodsword already acknowledged Ye Yuan’s words in his heart!

He really did not have the opportunity to kill Ye Yuan!

IS e

But Ye Yuan could kill him as easily as turning over his hand in the future!

Too awesome!

There was actually such an impressive person in the world!

Bang! Bang! Bang! When everyone was still in shock, Ye Yuan moved again!

“Bastard, we’re hundred sons candidates, you dare to kill us?”

“Motherfucker, everyone attack! Fight it out with him!”

.....

Very soon, these people were annihilated!

The original ten candidates were already just left with Ye Yuan one person currently!

Everyone was dumbfounded with shock!

Unrivaled Medicine God

Chapter 2878: Blood Pool!

Nine hundred sons candidates had just killed their way out of heavy encirclement and were currently fired up with boundless enthusiasm.

In the blink, they were gone!

“Impressive! Really impressive! Is this guy insane?”

“Doesn’t he know that once these hundred sons candidates get a spot, it’s equivalent to being protected by the Blood God Temple and having a death-exemption gold token?”

“It’s going to blow up big this time! The Blood God Temple probably won’t be willing to drop the matter!”

“Tsk tsk, this kind of thing is really the first time in the history of the hundred sons selection!”

.....

Everyone was stunned by Ye Yuan’s shocking action.

These candidates had already gotten a spot. It was equivalent to being the Blood God Temple’s disciples.

But Ye Yuan actually killed all of them!

Then, could Bloodsword not stop Ye Yuan?

Of course he could!

But he did not.

Bloodsword smiled coldly and said, “Boy, you’re really arrogant until the horizon! But this time, this seat wants to see who can save

you!”

Ye Yuan rolled his eyes at Bloodsword and said disdainfully, “Put away your little petty tricks! You’re unable to understand the world of the strong! If these trash go to the Blood God Temple, they will merely make a fool of themselves. It’s enough for Giant Net City to have me alone!”

“Well said!”

A figure stepped out into the air. His aura was actually a little more powerful than Bloodsword two people.

But Bloodsword's expressions changed drastically.

He thought that Lord Blood Envoy would punish Ye Yuan severely.

Who knew that he actually said "well said"! Blood Envoy looked at Ye Yuan, his eyes making no effort to hide the admiration in the slightest as he said, "Boy, this seat likes you very much!"

With one sentence, it shocked everyone again!

Blood Envoy looked at Bloodsword and said coolly, "Bloodsword, you disappoint this envoy greatly! The improvement in cultivation realm has already made you lose your original heart! Back then, you came from the hundred sons too. At that time, you were decisive in going for the kill and was also extremely stunning! But the sharp edge on you has been ground flat. Have you forgotten our blood race's original intention of choosing the hundred sons?"

His gaze swept over the faces of Yang Qing and the others, and he said in a solemn voice, "My blood race isn't afraid of death. What we're afraid of is that you're not strong enough! Only the strong have the right to survive! Weaklings can only be eliminated! Bloodazure's talent is the strongest that this seat has seen! Do you think that this seat will punish Bloodazure for a group of useless trash? Ridiculous! What he said was right. It's sufficient for Giant Net City to have him alone!"

The whole place was silent. Many people lowered their heads in shame.

Bloodsword's old face felt even more ashamed.

Where was the agreed upon face-slapping?

Why did he get slapped?

But Yang Qing laughed wildly in his heart when he heard it. Where did this moron come from?

Was it really alright for you to support that guy like that?

When you all discover that the one that you all were supporting was actually a human, would you go berserk at that time or not?

Even thinking about it felt a little exciting!

Yang Qing was currently very much looking forward to the arrival of that day.

Ye Yuan this fellow was too capable at causing trouble!

"Alright. Since the selection is already done, the 11 of you head to Heaven Absolute Blood Emperor City with this seat then!"

Arriving at Heaven Absolute Blood Emperor City, even if it was Ye Yuan, he was also amazed by it. This city was really too big and too grand! He could feel that the city walls were made of extremely high quality treasures, giving off waves of extremely terrifying auras. Although Ye Yuan could not feel the

array formation in the city, he felt that this city absolutely had an extremely terrifying destructive power!

South Qi Giant City was utterly not worth mentioning in front of Heaven Absolute Blood Emperor City.

This Heaven Absolute Blood Emperor City was probably built by the blood race pouring their power in!

Even if a Hegemon Realm came, it was likely very hard to conquer this city too!

“Lord Owlfly, Heaven Absolute Blood Emperor City’s city seems to be a little different!” Ye Yuan pretended to be curious.

These hundred sons candidates were all like country bumpkins entering a city for the first time too. They were naturally deeply shocked by the grandeur of Heaven Absolute Blood Emperor City too.

ver

Therefore, upon Ye Yuan asking, they all immediately perked their ears to listen.

Owlfly said coolly, “You just know that even if a Hegemon Realm came to this city, they will have to die with regrets too! No need to ask about the rest! This is our blood race’s secret. When your cultivation realm is up to par, you’ll naturally know!” When Ye Yuan heard, his heart turned slightly cold!

Indeed as expected!

However, this was pretty good news too.

If one day, some Hegemon Realm went crazy and ran over to attack Heaven Absolute Blood Emperor City, then they would really suffer a cataclysmic disaster.

Although the blood race did not understand Formation Dao, there must be some hidden means too.

It was just that the blood race was too mysterious. Many things were not known by outsiders.

“Alright. After entering the city, don’t run around. Some places are not where you guys can go! I’ll order someone to explain this to you. You all are powerhouses who killed your way out of tens of thousands of people and are all seeded candidates for the Saint Sovereign Hundred Sons too. As a reward, you all can enter the Heaven Absolute Blood Pool and cultivate for ten days! As for how much improvement you can make, that will depend on your potential!” Blood Envoy Owlfly said.

The blood race had a very superficial understanding of Alchemy Dao.

But they similarly had their own cultivation methods.

Blood pools were one of them!

The blood race studied blood extremely deeply.

Devouring blood was just the most primitive method!

The blood race had a profession called blood medicine master.

Like heavenly alchemists, they would use some secret techniques to mix with blood, letting the blood unleash very miraculous power for the clansmen to absorb.

The blood race would create blood pools and pour these formulated blood in, which would be the blood pools.

However, this kind of method was extremely bloody.

The construction of blood pools required extremely terrifying amounts of blood.

They occupied two continents. All races were enslaved by them.

Hence, the blood race slaughtered construct powerhouses to build one blood pool after another.

The sins that they had committed were too numerous to be recorded! There was a blood pool in Giant Net City too. But, compared to Heaven Absolute Blood Emperor City, it naturally could not be mentioned in the same breath.

Furthermore, Ye Yuan knew that the blood race's best blood pool was in the Blood God Temple!

The final reward of the Saint Sovereign Hundred Sons was to enter the Blood God Temple's blood pool!

This was absolutely a huge reward to the bloodkins!

When these Saint Sovereign Hundred Sons entered, it would even let them undergo a transformation to remold themselves thoroughly!

Watching Ye Yuan and the others enter the blood pool, the corners of Owlfly's mouth curled slightly.

With this boy's character, he would probably cause a huge wave again after entering the blood pool, right?

However, the more trouble he caused, the better!

Otherwise, how would it show this seat's prowess?

Blood envoys monitored the world!

But he, this blood envoy, was just monitoring a measly little Heaven One Continent.

Thundercry Continent and Lastingwind Continent's blood envoys were the real people in power!

Saint Sovereign Hundred Sons actually had little to do with Heaven One Continent.

It was because the people that Owlfly brought over every time were basically all cannon fodder characters.

Lastingwind Continent and Thundercry Continent had 99 Blood Emperor level cities respectively. There were three great blood envoys.

Of the seven great envoys, he was getting along the most poorly!

But this time, Ye Yuan made his eyes lit up!

This boy was not a well-known figure, but he amazed the world with a single brilliant feat!

Furthermore, he was very optimistic about Yang Qing's strength too!

Two Bloodazures, this was his capital to win back face!

This time, it was finally Your Father's turn to turn things around, right?

Unrivaled Medicine God

Chapter 2879: Kill Them All!

Lastingwind and Thundercry two continents both had 99 Blood Emperor level cities.

Ten people each city, there would be 2000 hundred sons candidates.

But there were only 99 positions in the blood

pool!

These 2000 people sharing 99 positions were naturally not enough. Therefore, they could only snatch!

These 99 positions naturally all had people occupying them.

The lower the number, the higher the concentration of the blood medicine.

Hundred sons candidates, each person had ten days of cultivation opportunity.

But actually, the vast majority could not get ten days!

Wanting to cultivate in the blood pool, they would have to challenge one of them.

The victor only had one day of cultivation time.

The loser, bye bye!

Losers were not allowed to challenge a second

time.

One day later, that number would accept other people's challenges again.

Ye Yuan handed his wooden card to the manager, and it just happened to be seen by a hundred sons candidate beside him, immediately attracting a series of ridicules.

"Tch, Giant Net City, a bunch of cannon fodders also dare to come to the blood pool to cultivate! Hey, kid, don't you know that a trash from Heaven One Continent isn't allowed to enter the blood pool?"

The one who spoke was a youth whose mouth stuck out and had a chin like an ape's. The moment these words came out, a group of amused looks immediately cast over from all around.

Ye Yuan was taken aback when he heard that. It seemed like there was really only him entering the blood pool!

What is going on?

Is Heaven One Continent such a failure?

This matter was Ye Yuan who was ignorant and ill-informed.

The other cities' people all knew about this.

But Ye Yuan had zero communication with those people on the whole journey. There was naturally no one who told him about this. It was not that Ye Yuan pretended to be proud and cold but that the matter of him slaughtering off a passageway had already spread out. Those people all feared him like a tiger.

In reality, the hundred sons candidates from Heaven One Continent would never step into the blood pool.

This was because that was only asking for trouble.

In the course of time, no one went anymore.

Heaven One Continent rarely had someone who could enter the ranks of the hundred sons!

Even if one occasionally entered, they would also be ranked at the bottom.

At first, they naturally wanted to enter the blood pool to cultivate too.

However, they were beaten each time until they had to search the ground for their teeth or even straight up ended up dead. There was naturally no one who dared to come anymore.

Therefore, the blood pool had an unwritten rule, those from Heaven One Continent were not allowed to enter!

Of course, this was the agreement among the hundred sons.

The officials naturally still acknowledged their identities. It was just that they looked down on Heaven One Continent.

Why was there such a situation? Actually, Heaven One Continent's bloodkins were basically all immigrants. The earliest immigrants were all the weakest batch in the blood race.

These people were merely cannon fodders, specifically used to deliver to death.

The blood race used these people to whittle away the cities under the Absolute Heaven Barrier.

Either way, if these people died, there would be no heartache either.

But without a doubt, Heaven One Continent's bloodkins were the weakest in the blood race!

Of course, Heaven One Continent had true elites too.

The 100 thousand strong army that was destroyed by South Qi Giant City as well as that army that sneak attacked Northern View City back then were elites!

However, these two armies had completely succumbed at Ye Yuan's hands

SUC

It was also precisely because of this that the blood race's Wang Zuo would be so furious, insisting on killing Ye Yuan.

Although Ye Yuan did not know what was going on, he understood very quickly.

Owfly deliberately did not say anything. It was in order to let him come and make trouble!

That guy knew that he was strong, so Owfly specifically let him come and slap faces!

Heh, this guy is really wicked. Isn't he afraid of him succumbing here?

However, slap faces it is then. After I push you up to the sky and then tell you that I'm a human, would you vomit blood on the spot or not?

"I really didn't know this. Brother, can you teach me or not?" Ye Yuan said with a smile.

The youth whose mouth stuck out and had a chin like an ape's said with a sneer, "Brother? Are you worthy too? Hurry up and get out! Otherwise, you're going to get it!"

Ye Yuan was indifferent and said with a smile, "I'm a hundred sons candidate. With an identity token, I naturally have the right to challenge the people in the blood pool. You don't have the right to make me go out." The youth whose mouth stuck out and had a chin like an ape's said with a snicker, "Whoa! Hundred Sons candidate, what a scary title! Hahaha! He said that he's a candidate for the hundred sons. Are you all afraid or not?"

There were immediately people who started kicking up a row all around.

"Scared! Scared to death! We, these people, are all not hundred sons candidates!"

"Is Heaven One Continent that place full of powerhouses? Are they all very formidable?"

"I wonder if those powerhouses in the blood pool are a match for the Heaven One Continent expert or not!"

.....

These people completely looked down on Heaven One Continent, their words being very nasty.

The youth whose mouth stuck out and had a chin like an ape's said disdainfully, "Boy, you might not know, those able to enter the blood pool to cultivate, all have hope of becoming Saint Sovereign Hundred Sons in the end! And you all who came from Heaven One Continent are all cannon fodders! Do you understand what's called cannon fodder? Kid, don't blame me for not warning you. Hurry up and get lost. Once you choose to challenge the powerhouses in the blood pool, you'll die very horribly!"

Ye Yuan said coolly, "Is that so? I'm so scared! This lord, I wonder if when it's my turn to challenge, can I make everyone in the blood pool get lost?"

By the side, that half-step Emperor Realm manager could not help being stupefied.

All get lost?

What was the meaning of this?

"Uh, I mean, challenging all of them! If I kill them all, I should be able to enjoy the blood pool all by myself, right?" Ye Yuan saw that the manager was confused and asked. The manager was stupefied again, his mind somewhat unable to wrap itself around that.

Kill them all?

This fool, where did this guy appear from?

“H-Huhu, little fellow, do you know who are cultivating in the blood pool?” The manager could not help laughing as he said.

Ye Yuan shook his head and said coolly, “Who they are have nothing to do with me. Because they will become dead people very soon.” When the youth whose mouth stuck out and had a chin like an ape’s heard that, he laughed loudly and said, “Hahaha ... Awesome! Heaven One Continent really produced a formidable character! Then you remember well. I’m called Blueblood! When you challenge, remember to call me along!”

Ye Yuan nodded and said, “If you want to court death, I naturally won’t stop you.”

The slot for challenging only had 99 people every day.

Ye Yuan just handed his identity token over. He naturally had to wait in line.

His time to challenge was two days later. Ye Yuan’s words instantly caused an uproar in the entire blood pool.

They had seen before morons, but they had never met anyone so moronic!

What is this place?

Heaven Absolute Blood Emperor City!

Even if you are a dragon, you have to coil up too!

Do you know how many powerhouses were here?

You boasted so shamelessly and actually wanted to kill everyone in the blood pool!

Are you crazy? “Why did an idiot come from Heaven One Continent?”

“Apart from producing fools, what else can that godforsaken place produce?”

“Huhu, the ten seeds this year, there are seven who are cultivating in the blood pool! This kid has gone nuts to actually want to kill them all! Tsk tsk, really looking forward to it!” “Two days! Two days later, we’ll naturally know!”

.....

Everyone used sympathetic gazes to look at Ye Yuan.

They already determined that Ye Yuan was a fool.

If he was not a fool, how could he say such stupid words?

The manager looked at Ye Yuan and said with a smile, “No need to kill everyone. You just have to defeat everyone, and this blood pool will naturally be yours alone!”

But Ye Yuan shook his head and said, “What’s the point in defeating? It’s naturally directly killing!”

Unrivaled Medicine God

Chapter 2880: Aren't You All Attacking Together?

The next day, it was Blueblood's turn to challenge. He directly challenged the number seven blood pool's powerhouse.

This action also caused a stir in the blood pool.

Before this, Blueblood was invincible. No one expected that he would be so strong.

The number one blood pool was one of the ten great seeded candidates!

To dare challenge this position, Blueblood's strength naturally went without saying.

However, no one expected that Blueblood actually won!

Won beautifully!

Everyone could also see that this Blueblood was actually still holding strength in reserve!

This guy was absolutely a major dark horse.

In the hundred sons battle this time, Blueblood was very likely to make it into the top ten.

All of a sudden, Blueblood became Heaven Absolute Blood Emperor City's man of the hour!

Before entering the blood pool, Blueblood specially came before Ye Yuan and said smugly "Powerhouse from Heaven One Continent, I welcome you to challenge me tomorrow! Remember, I'm at the number seven blood pool!"

Ye Yuan had always been at the martial arena. He had also seen this battle.

Blueblood's strength was indeed very strong.

Reaching Heaven Absolute Blood Emperor City, the strengths of these contestants were more than a level stronger than those in Giant Net City!

Ye Yuan could also tell that these hundred sons candidates hanging around in the blood pool, their strength was actually about the same level.

They had virtually already reached the limits that Saint Sovereign Heaven could reach! Compared to those in the Extreme Medicine Sect in the same rank, the blood race was significantly stronger!

However, Ye Yuan was far from concerned.

With his bloodline breaking through, his strength had long already broken through the limits of Saint Sovereign Heaven. Coupled with the effect of the power of blessing, he was virtually invincible in battle!

Even if the current Ye Yuan faced off against a middle True Sovereign Heaven, he could also cut him down!

These blood race Saint Sovereign Heavens all had the strength to jump a major realm and fight. But, if they faced off against a middle True Sovereign Heaven, it would be certain death.

Not everyone was as monstrous as Ye Yuan.

“You are not worthy yet!” Facing Blueblood’s provocation, Ye Yuan turned his nose up at him.

“Huhu, you can go ahead and posture now. I hope that you won’t be scared when it’s time to challenge tomorrow!” Blueblood said with a sneer.

The current Ye Yuan had long already become a laughingstock of the blood pool.

He wanted to challenge everyone in the blood pool. This sort of thing had never happened before in the history of the blood race.

Nobody possessed the strength to defeat a hundred same rank geniuses in Saint Sovereign Heaven!

Furthermore, these hundred geniuses were all the strongest in the blood race’s Saint Sovereign Heaven!

On the following day, the challenges in the blood pool continued without any breaks. Many dark horses rose to prominence one after another.

But no one was as stunning as Blueblood.

Finally, it was the third day. It was Ye Yuan’s turn to challenge! Many people gathered around, pouring ridicule on him again. “Hey, Heaven One Continent’s expert, it’s your turn to challenge! You said before that you wanted to challenge all the geniuses in the blood pool! You mustn’t be scared at this time!”

“Your luck is pretty good. Bloodage already maxed out the ten days and already came out of the blood pool. Otherwise, you can still challenge him.”

“Go up there and do it, don’t be scared!”

“Big shot, hurry up and knock them all down. I want to carry your shoes for you!”

.....

Ye Yuan had not taken the stage yet, and a series of guffaws already came from all around.

The geniuses present were all very proud, so they never disdained to take somebody to the task.

They had always had the heart that yearned for number one but would never say that I was going to sweep all of you away.

No one dared to say so!

Bloodage was the publicly recognized strongest person in this period. If Ye Yuan just challenged him, it would not be to such an extent of making people ridicule him like so.

But, to challenge everyone, that was too stupid!

Therefore, Ye Yuan became an out-and-out clown in their eyes.

The manager looked at Ye Yuan and said with a smile, “Expert from the Heaven One Continent, are you still insisting on challenging everyone?”

Ye Yuan nodded and said, “That’s right. Call them over and end the fight swiftly. I still have to cultivate.”

The manager was stupefied. Clearly, he did not think that Ye Yuan really dared to accept it.

He was just throwing in a word or two of derision earlier.

Could it be that this guy was really tired of living?

In a certain hidden space, several big shots were currently paying attention to the situation in the blood pool.

“Owlfly, he’s your trump card this time? No matter how I look, he seems like a fool too!”

“Huhu, could it be that this kid thinks that this place is Heaven One Continent? He just killed a few fools. Does he really think that he’s invincible in the same rank? Even if he’s really invincible in the same rank, nobody dares to be so arrogant either, right?”

..

.

.

.

The seven great blood envoys were shockingly present.

The other six people mocked Owlfly.

They had already heard about Ye Yuan’s performance on Heaven One Continent.

It was just that in their view, what was killing a bunch of trash worth being smug about?

They were all too clear about the strength of the Saint Sovereign Hundred Sons. Because each period’s Saint Sovereign Hundred Sons were led by them.

And among them, there were quite a few people who were former Saint Sovereign Hundred Sons too!

Why did the blood race attach so much importance to the battle of hundred sons?

It was because the chances of powerhouses being born among the hundred sons were very high!

The Saint Sovereign Hundred Sons from several thousand years ago were presently long already big shot characters who could take charge as chief at a front.

There were even some who already broke through to Hegemon Realm! Each period’s battle of hundred sons was conducted every ten years. It could be said to be the cradle of the blood race’s reserve powerhouses!

And they all, these blood envoys, the Blood God Temple would also give a certain reward to the powerhouses that they brought out.

It was just that Owlfly had never gotten these rewards before.

Facing the other six blood envoys’ mockery, Owlfly did not care and just said with a smile, “Young people can’t be taken seriously when showing off momentary bravery. We all just have to watch the

show properly.” A blood envoy said with a cold smile, “Tch! Owlfly, don’t think that we don’t know what you have in mind! Finally managed to get a card and you want to sweep away our faces, right? It’s just that if we extend our faces over, do you dare to hit?”.

Who to send into the blood pool, how much strength to exert, they all had a score in their hearts.

The battle of the blood pool was actually the preview of the battle of the hundred sons.

And Owlfly had never won before!

So his goal was not hard to guess.

... ..

In the martial arena, 99 genius martial artists were staring at Ye Yuan. It was as if they were looking at a dead man.

This guy was absolutely a mad man! “Min Wen, go and take care of him. He’s purely wasting our time!” The one who spoke was precisely the number one blood pool’s genius, Bloodrain.

After Bloodage left, he moved from position two to position one.

Now, he was the strongest one among these 99 people!

As for Min Wen, he was merely Bloodrain’s lackey.

Bloodrain completely looked down on Ye Yuan and could not be bothered to take action to deal with him. It was a waste of time.

When Min Wen heard the command, he rushed straight for Ye Yuan.

“Hang on!” Ye Yuan said in a cold voice.

Bloodrain smiled coldly and said, “Scared? Sorry, it’s too late!”

Ye Yuan shook his head and said, “You guys sure that you’re not attacking together? I gave you all the chance. In a while, you guys won’t even have time to regret it!” Everyone exchanged glances first. Following that, it was hooting peals of laughter!

Attack together?

Just to deal with an upper Saint Sovereign Heaven?

Huhu, you have to know, our opponents were basically all True Sovereign Heavens!

“Huhu, punk, get through me first before posturing!” Min Wen rushed toward Ye Yuan with a big laugh.

Bang!

A large blood-colored hand suddenly appeared from the void!

A palm smacked down, and Min Wen directly turned to ashes!

“Mn, I’m considered to have gotten through, right? Are you all sure that you want to come one by one?” Ye Yuan’s eyes swept over everyone’s faces, his gaze full of ridicule.
