Unrivaled Medicine God

Chapter 2881: The Blood Race is Full of Treasures!

Ye Yuan slowly walked into the center of the group, not taking those so-called powerhouses seriously at all.

That slap earlier had cowed everyone.

Very strong!

Although Min Wen's strength was not top-notch, they absolutely could not smack him to death so casually!

"Nobody's coming? Then I'm coming!"

Ye Yuan did not talk rubbish, rushing right into the group. When he went, he was still like a tiger entering a flock of sheep!

Although their strength was more than a level stronger than Giant Net City's geniuses, at the very most, they could only withstand three to five moves from Ye Yuan.

Then they would kick the bucket!

These geniuses were all the strongest people in the same rank in the blood race. They all had their own pride and were disdainful to join hands with the others.

Especially Bloodrain and the rest, they kept observing from the sidelines with cool detachment.

However, their eyes held a thick look of fear.

In a few breaths, Ye Yuan killed several geniuses in a row, his power invincible!

The expressions of Bloodrain and the rest became increasingly uglier. It was because, among the people who were killed just now, there were a few people's strengths that already approached that of a seeded candidate.

But they actually could not last more than ten moves under Ye Yuan's hands!

Ye Yuan did not have any fancy moves either. He was just unrestrained like that, dealing punch after punch. One punch, beat you until you vomited blood.

Two punches, beat you until your bones cracked!

Three punches, take your puny life! This fist technique looked simple, but the bloodline power contained in it was extremely strong!

"What are you all still waiting for? Attack together and kill him! At this rate, we'll all die!" Blueblood said in a solemn voice.

Everyone looked toward Blueblood with strange expressions. Wasn't he the one who postured the hardest?

Now, got slapped, right?

Before this, Blueblood was afraid that Ye Yuan would forget him and even specifically emphasized that he was at the number seven blood pool.

But now, he was wishing that Ye Yuan had forgotten about him, right?

However, they also knew that this could not be blamed on Blueblood.

It was seriously that this Bloodazure was too monstrous!

Who could have thought that an upper Saint Sovereign Heaven was actually powerful to such an extent?

At this time, the most shocked one was none other than Blueblood.

Ye Yuan's super strong combat power made him feel despair!

F*ck, what did Your Father do previously?

Posturing in front of him?

Mocked him for overestimating his own ability?

It turned out that he was the most laughable one!

This guy's strength was strong until it made people despair! No way! I have to kill him!

At this time, Bloodrain, who had been silent all along, also said in a solemn voice, "Kill!"

These words were tantamount to tacitly agreeing to Blueblood's proposal.

These geniuses were going to join forces! Dozens of geniuses pounced toward Ye Yuan crazily.

"Haha, bring it on!" Ye Yuan laughed loudly, his aura rising to a new level.

Those geniuses practically all wanted to vomit blood.

You were actually still freaking hiding your strength!

However, the strength of Bloodrain and the others were really strong too.

With the group of geniuses joining forces, they actually suppressed Ye Yuan.

It was just that they discovered that Ye Yuan's luck was really too good!

Sometimes, an inadvertent turn of his body could easily evade their certain-kill blow!

If they wanted to hurt Ye Yuan, it was simply dreaming!

"Bloodazure, don't you want to kill us all? Now, try killing and see! Hahaha ..." Blueblood said with a loud laugh.

He was not in a hurry. At this time, Ye Yuan would die sooner or later!

It was just that these words were somewhat shameless. Even the other geniuses could not quite look on anymore as well.

Do you want face or not?

Previously, he said that the opponent was too weak to stand up to competition and would be seeking death if he came. Now, so many people were surrounding and attacking him alone; look how proud you became.

However, many of them seemed to have mocked Ye Yuan before too.

“Huhu, is this the strength of the so-called Saint Sovereign Hundred Sons? I still thought that I could run into some decent opponents when I came to Heaven Absolute Blood Emperor City. But you all disappoint me very much! There’s no use to our blood race at all for you all, these ants, to be living. So ... you all can go and die already!”

Boom!

Ye Yuan slammed a punch out. A massive force exploded on the spot.

More than ten blood race geniuses were directly blown into clouds of blood mist, unable to recover anymore.

Everyone’s expression changed wildly.

Ye Yuan actually still concealed his strength!

This punch earlier was more than ten times stronger than before!

Even if they pulled out all the stops, they completely could not resist it too.

The blood race’s bloodline power actually had similar aspects to the true spirit clan’s bloodline power.

It was just that the blood race’s blood essence had many magical aspects that the true spirit race was not equipped with, such as revival from a drop of blood.

But the true spirit race was born from chaos, especially the dragon race! Their bloodline power was even more powerful until it was incapable of further increase!

Through his research on the blood race’s blood essence, Ye Yuan discovered that refining the blood race’s blood essence into heavenly pills could actually improve bloodline power!

Ye Yuan named this heavenly pill Bloodline Heavenly Spirit Pill!

After Ye Yuan consumed the profound grade Bloodline Heavenly Spirit Pill, his bloodline power already rose to the middle-stage of battle soul level true spirit bloodline.

His combat power was long already significantly stronger compared to before. Previously in Giant Net City, Ye Yuan slaughtered countless geniuses. But the strength that he displayed was merely just around 50%!

At this time, he exerted 80% of his strength. Blowing up these so-called geniuses did not take any effort at all.

It was also because of this that Ye Yuan was very much looking forward to the blood race’s blood pools.

He really wanted to see whether this blood pool had any improvement effect on his bloodline.

Of course, before this, he saw no reason not to kill some blood race geniuses.

While talking, Ye Yuan smashed a punch towards Bloodrain.

Bloodrain's strength was indeed formidable too. His bloodline power already barely reached battle soul level bloodline according to the division of the true spirit lineage.

It was just that this level was utterly not worth mentioning in Ye Yuan's view.

Let alone that he even had the improved Nine Heavens Dragon Transformation Fist that Mi Tian imparted.

The dragon race's martial techniques were unparalleled under the heavens!

Each of Ye Yuan's punches was heavier than the last. Bloodrain vomited fresh blood wildly.

On the third punch, he could not bear it anymore and was blown up by Ye Yuan with one punch!

The current Ye Yuan was akin to a killing god, striking fear into those who saw him!

Outside the martial arena, everyone was stunned.

Bloodrain's strength was publicly recognized as an existence capable of entering the top ten. But he was actually directly killed by Ye Yuan! This guy's strength was actually strong until this kind of extent.

"Killing Bloodrain with three punches! Just how strong is this guy's strength?" "Too strong! This Bloodazure definitely has the strength to contend for first place!"

"He really wasn't joking about killing off these 99 people! There are only a few people left now!"

"Eh, the powerhouses around Blueblood have all been killed off one by one, only he isn't dead yet! Blueblood this fellow wouldn't be doing it on purpose, right?"

.....

People discovered to their surprise that the powerhouses around Blueblood were currently falling one by one.

But he was safe and sound.

Blueblood unleashed all of his abilities, but he was weak like a chicken in front of Ye Yuan.

Boom!

Ye Yuan directly blew a genius up. There was only Blueblood alone left in the entire martial arena.

Ye Yuan stopped.

"Number seven blood pool's genius, I'm challenging you now. Do you dare to accept the challenge or not?" Ye Yuan looked at Blueblood and said with a smile that was not a smile.

Thud!

Blueblood knelt right down, his entire body trembling endlessly.

He had already completely lost the courage to continue fighting in front of Ye Yuan.

Unrivaled Medicine God

Chapter 2882: Frenzied Absorption!

“Hahaha, the fool that you all talked about killed off the so-called geniuses that you all brought!”

Owlfly laughed very happily, very delighted!

Looking at the six great blood envoys’ constipated expressions, he felt satisfied to the extreme!

This time, he really felt exaltation upon fulfillment!

Actually, when he let Ye Yuan enter the blood pool to make a scene, it was just letting him go and challenge those powerhouses.

He believed that with Ye Yuan’s strength, there was no problem challenging the top ten at all.

Who knew that Ye Yuan this guy played so freaking big to actually say that he was going to kill everyone the moment he came.

At that time, he even secretly scolded Ye Yuan for being a fool.

Do you think that this place is Giant Net City? Who could have expected that this fellow actually even concealed his strength and really killed off all those geniuses in the blood pool!

Incredible!

Awesome!

With this, I could finally straighten my back, right?

But the other six great blood envoys became unhappy.

A true genius actually came out from the cannon fodder?

Seeing Owlfly’s smug appearance, they wished to tear him to shreds!

Unlucky!

What was even more aggravating was that Ye Yuan killed off all the elites that they brought!

Then the hundred sons battle this time, what did they still have to take part in?!

Blueblood was pissing his pants in fear!

He was really frightened into pissing his pants! A foul smell emitted from his body, making Ye Yuan frown.

This guy was crippled.

This kind of trash wished for the entire world to know when he was posturing.

When he got slapped, he did not even have the courage to face it.

Ye Yuan could not be bothered to kill him anymore too, walking straight out of the martial arena and heading towards the blood pool.

Approaching the blood pool, a bloody smell that made people feel like vomiting hit their nostrils.

This was a large pool of ten thousand feet in circumference, a dreadful sight to behold.

But a monstrous fury burned in Ye Yuan's heart.

Such a blood pool, how many people needed to be killed?!

Arriving at the blood race, Ye Yuan saw a lot of things, and he also heard many things.

After the various races were enslaved, how they lived was really worse than animals.

The blood race did not kill everyone either. They reared the various races' powerhouses in pens. When they needed blood, they would draw some from their bodies.

These powerhouses were like livestock reared at home.

There were not too many powerhouses worthy of being reared in pens.

More were directly killed.

The blood race's thirst for blood simply could not be described with words.

They were a bunch of vampires!

The blood pool was a whole entity, but it was artificially divided into 99 parts by some array formations.

The center-most blood pool had the thickest bloody aura. The effect was naturally the best too.

Ye Yuan leaped straight into the center-most blood pool.

When the people outside saw this scene, each and every one of them was incredibly envious.

One person dominating the blood pool, this sort of thing had never happened before in Heaven Absolute Blood Emperor City.

Too satisfying! Ye Yuan's body soaked in the blood pool, he immediately felt a bone-corroding pain coming from within his body.

The blood seemed to be melting his entire body.

Very soon, Ye Yuan discovered that every cell in his body seemed to be becoming active.

His blood seemed to have obtained new life.

That feeling was hard to describe in words.

However, he could clearly feel that his bloodline power was advancing!

“What miraculous means! The blood in this blood pool isn’t only useful to the blood race. It’s greatly useful to humans and true spirits too! Especially true spirit bloodline, after soaking in this blood, it’s absolutely able to evolve!”

After experiencing the initial-most pain, Ye Yuan felt as if he was going to ascend to immortality.

The blood in his body was ignited very quickly. His blood underwent nirvanic rebirth over and over again under the scouring of the blood!

With each rebirth, there would be a tiny trace of evolution.

His bloodline power was currently evolving towards late-stage battle soul level!

Not only that, Ye Yuan discovered that the blood water was actually able to nurture the Dao sword! One had to know that the Dao sword could only slowly become stronger after experiencing the baptism of Dao tribulation.

Other than this, Ye Yuan did not have very good methods to nurture the Dao sword.

But this blood race’s blood pool actually had such a miraculous effect!

Although the efficiency of this conversion was very low, it could indeed strengthen the Dao sword!

After the Dao sword became stronger, did he not even need to transcend tribulations anymore?

Why not give it a try!

“Too miraculous! I didn’t expect that there’s actually still such a formidable bloodline evolution method in this world! If the dragon race has this kind of method, we can absolutely give birth to a large batch of Hegemon Realm powerhouses!”

Even Mi Tian could not resist exclaiming with a sigh too.

But Ye Yuan shook his head and said, “Such a blood pool, no idea how many living things were massacred! Using this kind of method to evolve the bloodline isn’t advisable!”

Mi Tian said awkwardly, “This old man is just saying it. Of course, I won’t really go and do it! However, punk, you’re coming off cheap!” Ye Yuan’s eyes lit up, and he said with a smile, “Senior, pull a big play! Wonder if the blood race will feel heartache if I drain the blood in the blood pool. Also don’t know whether this blood pool is enough for me to absorb or not!”

As he said, Ye Yuan’s aura suddenly skyrocketed!

His speed of absorbing the blood water suddenly became extremely fast.

The blood in the blood pool was actually receding at a speed visible to the naked eye!

The blood race geniuses, each and every one of their eyes went wide!

“Are my eyes going blurry? Why do I feel like the blood essence source in the blood pool is receding?”

“Your eyesight isn’t failing. It’s really receding! What on earth did that punk do?”

“This ... This is also too fake, right? Could it be that he wants to absorb all of the blood essence source in this pool? Isn't he afraid of stuffing himself until he dies?”

... ..

Blood essence source was the blood race's term of address for these blood water pools

Creating a blood essence source was not just drawing blood so simple.

There needed to be a series of extremely complicated crafts involved.

Therefore, the preciousness of this pool's blood essence source was simply unable to be measured using heavenly crystals.

Why were 100 people permitted to cultivate in the blood pool each day?

It was because the expenditure of 100 people could be made up for in time.

But now, the blood essence source in this blood pool was actually receding at a speed visible to the naked eye!

This showed that the speed of Ye Yuan's consumption alone was even faster than the consumption speed of 99 geniuses added up!

Was this guy human?

Furthermore, the energy contained in the blood essence source was already very powerful to a Saint Sovereign Heaven.

Absorbing for ten days, no matter how genius you were, you would already be satiated too.

But Ye Yuan ... aren't you afraid of stuffing yourself until you explode?

Of course not!

Ye Yuan was like a bottomless hole, devouring the blood essence source continuously!

This several hundred feet deep blood pool had already receded by more than ten feet in less than half a day!

With this, the entire Heaven Absolute Blood Emperor City's upper echelons were all shocked!

The blood pool was a strategic resource to the blood race. It could nurture countless powerhouses.

Expending so much at once, how could the blood race not be shocked?

Very soon, one blood race top powerhouse after another, swarming toward this side in succession.

They had to make a decision; was it to continue to let Ye Yuan absorb or immediately interrupt Ye Yuan's absorption?

And right at this time, Ye Yuan's cultivation realm broke through to grand completion Saint Sovereign Heaven unknowingly!

Unrivaled Medicine God

Chapter 2883: Not Even Letting You Guys Drink Soup!

A blood envoy howled, "Stop! We must stop it! The blood essence source in this blood pool is our accumulations of nearly a thousand years! Can't let this brat alone deplete it!"

The consumption rate of the blood essence source made his flesh hurt.

Even this City Lord in front of them, the muscles on his face were twitching non-stop too.

Although Saint Sovereign level blood essence source was relatively easy to obtain, this kind of consumption, he could not quite support it too.

If this was finished absorbing, Heaven Absolute Blood Emperor City would probably enter a hundred years of vacuum period.

"Stop my *ss! City Lord Your Excellency, Bloodazure is a bloodline genius that's hard to come across in a million years! His bloodline power far surpasses those in the same rank. He can definitely step into Hegemon Realm in the future! Compared to a Hegemon Realm, what does a mere blood pool count for?" Owlfly naturally supported Ye Yuan fervently.

"Huhu, is Hegemon Realm so easy to break through? Even at our realms, it's far away and not in the foreseeable future, let alone talk about a Saint Sovereign Heaven!"

"Bloodazure can kill 100 hundred sons candidates by himself at upper Saint Sovereign Heaven! His talent is absolutely one-of-a-kind in our blood race! Bloodcurse, are you jealous of the talented?" Owlfly questioned.

.....

At this time, a group of Emperor Sakra Heaven powerhouses was arguing non-stop over a Ye Yuan.

One side felt that Ye Yuan was extremely talented and that they should support him in absorbing the blood essence source.

But the other side felt that investing the accumulations of a thousand years on a Saint Sovereign Heaven with a vague and uncertain future was not worth it.

City Lord Ye Wugui was a genuine Hegemon Realm!

Even he was also hesitant at this time.

As a Hegemon Realm, no one was clearer than him about the difficulty of reaching the Hegemon Realm.

But it was also precisely because of this that if they could groom a Hegemon Realm, no matter how much resources were thrown in, it was not overboard!

Compared to a Hegemon Realm, what did a mere blood pool count as? One had to know, for these few thousand years, even with the resources of two great continents, the blood race only gave birth to a single digit number of Hegemon Realms too!

The talent that Ye Yuan exhibited had indeed moved him greatly.

A blood envoy said anxiously, "City Lord Your Excellency, if we still don't make a decision, that brat will be draining the blood pool dry!"

A hint of decisiveness flashed across in Ye Wugui's eyes, and he said in a solemn voice, "Let him absorb! This city lord wants to see how much he can absorb! If he can really drain the blood pool, then so what if let him drain it dry?"

Owlfly's gaze flashed, his face revealing a look of wild ecstasy.

This time, wouldn't Your Father completely take advantage of you idiots? Bloodazure, you have to win credit for this seat!

Ye Yuan naturally lived up to expectations. He was currently feeling refreshed to the extreme.

Under the Dao tribulation, the growth of the Dao sword was too explosive. That was a pain like being lacerated.

But the nurturing of this blood essence source was very gentle. The Dao sword grew bit by bit, becoming more powerful.

His cultivation realm broke through to upper Saint Sovereign Heaven smoothly and actually did not trigger a Dao tribulation!

And his bloodline power similarly made rather big improvements too. It was just a shame that after his bloodline power evolved to a certain extent, it basically did not grow anymore.

"This blood pool is half-absorbed, and the upper echelons in the city haven't reacted yet. It looks like they have acknowledged me, this 'genius.' However, this blood pool already doesn't have much effect on me. I heard that there's an even better Saint Sovereign level blood pool in the Blood God Temple. Uh ... Should I also suck that blood pool dry?" Ye Yuan could not refrain from thinking.

Blood God Temple was the same as the Extreme Medicine Sect's Extreme Light Pavilion. It was where the legacy of the blood race lay.

The blood pool there was definitely a grade stronger than this one!

Such a good thing, Ye Yuan was naturally moved by it.

Although the effect was already not great, Ye Yuan was still absorbing the blood essence source crazily.

He did not have to leave behind such a good thing for the blood race.

Even if some was wasted on me, it's better than you guys using it.

On the tenth day, this blood pool no longer had a drop of blood essence source anymore.

What made everyone vomit blood was that the traces of blood essence source stained on the pool wall, Ye Yuan even sucked it clean like a licking dog! Freaking hell, did you want face or not?

You ate the meat and did not even let us drink soup?

"F-F*ck me! Does this guy still want people to live or not?"

“A few thousand years of accumulation was sucked up by him in a few days! Yet, this guy still has an insatiable look! Your Father really wants to tear him to shreds alive!”

“The most aggravating thing is that we can’t beat him! This guy is an out-and-out god of killing!”

.....

The geniuses outside had completely broken down.

Blood pool this sort of good thing, who did not hanker after it!

Ye Yuan was good, not even giving them a drop!

Coming out of the blood pool and looking at the surrounding expressions like their mothers had died, Ye Yuan felt refreshed in his heart.

Want to increase strength?

Sure, go and cultivate bitterly!

This kind of good stuff that saves effort, I’ll kindly accept it!

“All surrounding here for what? If you’re unhappy about anything, you’re welcome to find me to take revenge in the hundred sons battle. I won’t refuse any arrivals!” Ye Yuan said with a radiant smile.

I take revenge your *ss!

You killed people without batting any eyelid!

If my head freaking missing screws? To find you to take revenge?

But not being able to take revenge was really very unpleasant!

Fury rose straight to the clouds all around him.

Everyone dared to get angry but did not dare to speak.

This guy could beat 99 by himself when he was at upper Saint Sovereign Heaven!

Now, who else was his mate in Saint Sovereign Heaven?

Even those few who did not make a move probably did not dare to make a move against him anymore as well, right?

“Hahaha ... Little Bloodazure, I, Big Bloodazure, have broken through to half-step Emperor Realm! How is it? Impressive, right? The True Sovereign Hundred Sons battle this time, I’ll definitely take first place!”

Ye Yuan heard Yang Qing’s voice before he went out.

Clearly, he had also reaped considerable benefits in these ten days.

During the past ten days, he challenged ten blood race powerhouses in a row. He firmly occupied the number one blood pool.

In this blood pool, he gained a sudden epiphany too, and he actually reached half-step Emperor Realm!

This step was not easy to take.

However, this blood pool was indeed formidable!

But, as soon as he came in, Yang Qing saw the empty blood pool. His entire person could not help being stupefied, and he said, "Eh? Is there no blood pool at your Saint Sovereign Heaven side?"

Ye Yuan said with an innocent face, "There was. It got sucked dry by me." "S-Sucked dry?" Yang Qing's eyeballs almost popped out.

Was this fellow still human?

Ye Yuan nodded and said, "The quality of this blood pool is a little poor, I think ... the Blood God Temple's blood pool should be better."

Bang!

A series of tumbling sounds was heard from all around.

Freaking hell, did you still want people to live or not?

Yang Qing gave Ye Yuan a big thumbs up again and sighed with admiration as he said, "You ... You're amazing!" "Hahaha, the two of you, really nice! Very nice!" Right at this time, a loud laughter sounded out.

Owfly's figure directly landed.

The current Owfly was in high and vigorous spirits, feeling indescribably satisfied.

With the big and little Bloodazures that he brought, he really regained all the face that he lost in these thousand years!

Delightful!

Delightful!

Ye Yuan gave him a glance lightly and said with a smile, "Lead the way then!" Owfly was taken aback and immediately said with a big laugh, "Okay, follow me!"

[Unrivaled Medicine God](#)

Chapter 2884: Chaos Bloodstone!

It was still Yang Qing's first time facing a Hegemon Realm powerhouse. He was somewhat lacking in confidence.

Although Ye Yuan said that the Blood Imitation Pill could hide from anyone's eyes and ears, he was still uncertain in his heart.

After all, Hegemon Realms were virtually invincible existences. They had unimaginably queer divine abilities.

But very soon, Yang Qing felt relieved.

This Hegemon Realm powerhouse in front of them indeed could not tell as well.

In reality, if a Hegemon Realm was really hell-bent on examining them, he could still identify them.

But who could have thought that two measly humans could actually impersonate the blood race and even run to the blood race's capital, becoming apex geniuses!

This was a blind spot thinking. Hegemon Realms were no exception either.

With such a genius appearing, Ye Wugui was very happy.

He already knew about Ye Yuan's heaven-defying performance.

One blood pool exchanging for a genius with potential for Hegemon Realm was well worth it!

"Seeing this seat, you don't seem to be afraid at all?" Ye Wugui sized Ye Yuan up rather interestedly.

"What's there to be afraid of? Sooner or later, I'll become one of you!" Ye Yuan said coolly.

A blood envoy of Lastingwind Continent immediately berated, "Insolent! Ignorant fool, do you think that Hegemon Realm is so

easy?"

Ye Yuan swept a glance at him and said coolly, "If you can say something like this, it proves that you're getting further and further away from Hegemon Realm!"

"You! Impudent!" The blood envoy said furiously.

Ye Yuan's words struck his sore spot.

Grand completion Emperor Sakra Heaven and even origin powerhouses not being able to break through to Hegemon Realm, it was actually their confidence being worn down after failing to break through time after time.

This hurdle was far too difficult!

However, once confidence was shaken, one would really get further and further away from Hegemon Realm.

Ye Wugui gave Ye Yuan a deep and meaningful glance, not expecting that he could actually say something like this.

Producing emotions of fear towards Hegemon Realm, one could basically say goodbye to Hegemon Realm in this lifetime.

Ye Wugui had long seen through. This blood envoy's realm had basically reached an end already.

"Ta Hai, enough! A dignified blood envoy, where's the sense of propriety in arguing with a junior?" Ye Wugui said in a solemn voice.

The blood envoy's face immediately had nowhere to put.

He, an exalted blood envoy, was actually reprimanded!

Ta Hai was on the worst terms with Owlfly, so Ye Yuan's rise made him very displeased. Hence, he also targeted Owlfly time and again.

It was just that he never expected that Ye Wugui actually reprimanded him because of a junior.

It seemed like Hegemon Wugui thought very highly of this boy!

Owlfly was delighted to the extreme in his heart.

I did not expect that Your Father would have a day where I could turn things around too!

Ye Wugui could not be bothered to pay attention and said to Ye Yuan, "Bloodazure, your talent shows disdain upon your peers. You're indeed a genius of my blood race that's hard to come across! However, you already have no opponents among your peers. The hundred sons selection this time already doesn't have much significance to you. In addition, your bloodline power has already reached the limit of Saint Sovereign Heaven. It's very hard to improve it any further. Therefore, in the hundred sons selection this time, you don't need to take part anymore. You also don't need to go to the Blood God Temple's blood pool anymore." Ye Yuan's brows furrowed, and he said, "How can that be? Not taking part, it's insufficient to convince the masses! Others will even think that I, this Saint Sovereign Heaven's number one, is self-proclaimed! City Lord Your Excellency rest assured, my bloodline power still has room for improvement. So I have to go to this blood pool! This is the Blood God Temple's reward, City Lord Your Excellency wouldn't strip me away of this bit of authority, right?"

What do you mean?

Not letting me kill anymore?

How can that be!

There are still so many geniuses that haven't been killed!

My goal is to kill off all of the blood race's Saint Sovereign Heaven geniuses!

Also, how can I not go to the blood pool?

If I don't drain the blood pool, how many powerhouses are you all going to groom again?

These things are all mine!

Ye Wugui similarly frowned and said, "There's already not much meaning for you to take part in these!"

Ye Yuan said unyieldingly, "I feel that I still have a lot of room for improvement! If City Lord Your Excellency wants to deprive me, Ye Yuan wants to request the Blood God Temple to return Bloodazure justice!"

Ye Wugui felt a headache!

Was this guy really not willing to let go of any benefits?

He was a little afraid that this guy would also drain the blood pool there after going to the Blood God Temple!

In the end, Ye Wugui said helplessly, "Alright. If you want to participate, that's up to you too! However, participating in these indeed doesn't have much significance to you anymore. Finding you is just to tell you that the clan has already agreed to give you a month's time to comprehend the Chaos Bloodstone! In addition, the clan will devote resources to help you to break through to Hegemon Realm!"

The moment these words came out, apart from Ye Yuan, the other blood race upper echelons all trembled all over.

This treatment was also too good!

Ye Yuan's pupils constricted, and he said with palpitating excitement, "Chaos Bloodstone?"

Ye Wugui said with a nod, "Chaos Bloodstone, born from chaos, it's the source power of our blood race! Our blood race was born from the Chaos Bloodstone! As long as you comprehend a trace, it will be sufficient for you to benefit for life!"

Ye Yuan's breathing also became ragged.

If I were to destroy this Chaos Bloodstone, would the blood race collapse on its own without being attacked?

He knew that this monstrous performance had already attracted great attention from the blood race.

The blood race had started to spare no effort to groom him!

Looking at the expressions of the other blood envoys, he knew just how hard this opportunity to comprehend was to come by.

This trip was indeed not in vain!

He had already come into contact with some of the blood race's major secrets!

Ye Yuan said excitedly, "Many thanks, City Lord Your Excellency, for the great favor! After Bloodazure's cultivation has achieved success, I'll go to the front-lines and kill off the human race and drink their blood!"

Ye Wugui said with a smile, "Very good! This is what men of my blood race should be like!"

.....

The news of Ye Yuan's 'ascension' spread like wildfire.

There were cheers in Heaven Absolute Blood Emperor City.

This god of killing was finally not taking part in the hundred sons selection anymore!

Even those top geniuses also let out a long sigh in relief.

These geniuses were all extremely proud and extremely confident.

But, facing a freak who could suck the blood pool dry, they could only let out a long sigh.

Bloodazure was destined to be the name that suppressed an era!

“Excellent! That fiend finally doesn’t need to participate anymore!”

“Thank God. If I were to run into him, I reckon that I won’t even have the chance to concede defeat!”

“Thank God! Thank you, Lord Wang Zuo! You really did a great thing!”

.....

Many people wept agitatedly. Half a month later, the hundred sons battle was held as scheduled.

When Ye Yuan walked into the contestant area, everyone burst into an uproar!

“Didn’t they say that this god of killing went to the Blood God Temple? Why is he still taking part in the hundred sons selection?”

“I ... @\$)*1%! Motherf*cker, isn’t this bullying people? You’re already not on the same plane as us!”

“I forfeit! Your Father won’t take part anymore, alright?!”

Ye Yuan’s appearance cast a shadow over the entire hundred sons selection.

Those geniuses felt that the sky had turned dark.

“Hello, everyone. We meet again!” Ye Yuan greeted everyone with a smile. Everyone wished to go up and tear him to shreds.

But nobody dared to do anything!

Unrivaled Medicine God

Chapter 2885: The Peerless Genius That Slowly Rose!

“I ...”

Bang!

The complexions of the contestants turned deathly pale. Their gazes, when looking at Ye Yuan, were filled with fear and indignation.

On the stage, the opponent was gone before he had time to admit defeat.

Ye Yuan already became the nightmare of all the Saint Sovereign Hundred Sons.

Whoever encountered him had simply encountered eight lifetimes of bad luck.

At another arena match, two hundred sons contestants fought until they already had completely no strength in the end, fighting like mortals.

“I beg you, concede defeat!”

“I ... I won’t concede even if I lose, I give up on this! I’ll be able to avoid that demon if I beat you!”

“Since that’s the case, irreconcilable till death then!”

“Irreconcilable till death!”

.....

At another arena match, two hundred sons contestants spoke in unison.

“I concede!”

“Judge, I admitted defeat first!”

“Uttering nonsense! I was clearly the first to concede defeat!”

.....

In the end, the two started fighting.

Between these two, whoever won had to encounter Ye Yuan.

The entire hundred sons selection, all the fights related to Ye Yuan had already become a hot mess.

The judges wished to tear Ye Yuan to shreds alive.

This guy was purely here to cause trouble!

In this match, Ye Yuan’s opponent was Bloodage, who was once called the number one person.

These two strongest men finally matched up.

This battle also attracted the attention of countless people, including Ye Wugui.

Bloodage’s strength was extremely strong. He could be said to be the well-deserved number one.

But now, Ye Yuan was already the uncrowned king. Whoever encountered him would be frightened.

It was not because he was strong, but it was because he killed people on sight.

Ye Yuan looked at Bloodage opposite and said with a smile, “Everyone says that you’re this period’s hundred sons number one. You wouldn’t be the same as them, admitting defeat when you see me, right?”

Bloodage looked at Ye Yuan and did not speak.

Ye Yuan heaved a sigh and said, “If even you admit defeat too, that’s also too boring!”

Swoosh!

All of a sudden, Ye Yuan actually arrived right in front of Bloodage with an instantaneous movement.

The speed was inconceivably swift!

Ye Yuan knew that this Bloodage was very strong. He could not give him time to react.

“I concede!”

However, Ye Yuan’s figure had just moved, and Bloodage blurted it out without the slightest hesitation.

He directly admitted defeat very straightforwardly!

This punch of Ye Yuan's could not be sent out anymore.

After admitting defeat, killing was not allowed.

Whoosh!

A series of exclamations came from all around!

"Bloodage actually admitted defeat!" "Too amazing! He's the first to concede defeat under Bloodazure's hands!"

"Yeah, well-deserving of being the former number one! His strength is simply too strong to actually have time to admit defeat!"

What they were amazed by was not that Bloodage actually admitted defeat, but it was that Bloodage actually succeeded in admitting defeat!

Ye Wugui was dumbfounded!

What the freaking hell is this?

My blood race had unparalleled combat power and never feared death!

Today, honor was actually felt for being able to admit defeat?

Did you people still have any backbone or not?

Also, this Bloodage, can't you freaking concede after exchanging two moves?

Was there a need to be so straightforward?

Although Ye Yuan was strong, you are not weak either!

Don't even dare to attempt it?

Got to say, Bloodage's fighting power was absolutely formidable.

Before Ye Yuan's sudden emergence, his first place was practically locked in already.

If they were to really fight, he might not be Ye Yuan's match, but it was also not to the extent of being the same as the others, being blown up at once.

However, it was such a genius who did not even have the courage to make a move against Ye Yuan!

"Enough, Bloodazure! You've already defeated Bloodage and proved your strength. This seat orders you to immediately withdraw from the hundred sons selection!" Ye Wugui's furious voice came from above the sky.

At this rate, the entire hundred sons selection would become a farce.

Ye Wugui's angry yell also shocked everyone immensely.

Even a Hegemon Realm powerhouse was enraged. Did you not have any freaking clue in your heart?

Ye Yuan looked above the sky and said with a helpless look, "Then, can I still enter the blood pool if I withdraw now?"

"Pfft!"

Everyone seemed to have heard the sound of Ye Wugui's vomiting blood.

"Yes!" Ye Wugui's voice was filled with anger.

Ye Yuan's mouth curled and he said, "Fine, then I'll withdraw. Sigh, not a single one who can fight. How boring."

"Puu, puu, puu!"

A series of blood-puking sounds came from all around.

Not that no one could fight, it was that you were too vicious!

You freaking took people's lives the moment you came up. Who dared to fight with you?

Ye Yuan also felt quite helpless about this result.

He originally wanted to kill some more, but in this kind of tournament, the opponents that could be killed were truly limited.

Killing match by match was too troublesome. He also just took it as passing the time.

However, Ye Yuan was still rather regretful for not being able to kill Bloodage.

He knew that this Bloodage was very strong!

Before him, he was reputed to be a genius with extremely high hopes of stepping into the Hegemon Realm.

This kind of praise was not many, even in the blood race with powerhouses plentiful as clouds.

Finally, Ye Yuan still withdrew from this boring fight.

Then the Heaven Absolute Blood Emperor City decided that the Battle of Saint Sovereign Hundred Sons would be redone!

Being bored out of his mind, Ye Yuan went to watch the True Sovereign Hundred Sons' final battle.

Yang Qing was still as coquettish as ever. He was powerful and still liked to act coquettish, the aggro points maxing out.

He broke through to half-step Emperor Realm too. His current strength was really like the noontime sun.

His opponents' death rate was also extremely high.

However, Yang Qing was ultimately not Ye Yuan. It was impossible to kill among his peers until they felt terrified.

After the selection reached the final stage, Yang Qing also encountered his match.

Reaching this level, even Ye Yuan also had no choice but to admit that the blood race's hundred sons battle was really strong!

Especially the top ten hundred sons, their strength was simply strong until it made people's hair stand on end.

The blood race was indeed able to give birth to a large batch of powerhouses using this kind of cruel selection method.

Furthermore, the hundred sons battle took place every ten years. The speed of giving birth to powerhouses was also very fast.

Ten years were merely a snap of a finger to these Heavenly Stratum powerhouses.

In the end, Yang Qing also suffered a crushing defeat, only attaining ninth place!

There were actually still eight people whose strength was higher than Yang Qing's in True Sovereign Heaven Realm.

Actually, with the battle achievement of ninth place, Yang Qing could already be sufficiently proud.

After all, the blood race's True Sovereign Heavens could be calculated in the hundreds of millions!

It was just that when he knew about the battle situation on the Saint Sovereign Heavens' side, he really could not show off.

F*ck, this is too demoralizing!

Ye Yuan this fellow is always feeding me sh*t!

He exerted all of his strength and only took ninth place. This guy was good, directly killing until others were fighting to concede.

Even the first place Bloodage did not dare to confront Ye Yuan head-on.

Humph humph!

One day, this genius is going to surpass you in posturing!

... ..

The curtains fell on the hundred sons battle. The new Saint Sovereign Hundred Sons were also screened through.

However, Ye Yuan did not enter the ranks of the hundred sons.

This guy, whatever Saint Sovereign Hundred Sons could no longer highlight his status anymore.

A dazzling genius slowly rose in the blood

race.

Ye Yuan's appearance caused a huge reverberation in the blood race.

His performance was too monstrous!

It was really unassuming when not making a sound but making one's mark at the first shot!

The powerhouses who advanced to Hegemon Realm in the recent few thousand years, even the performance of the strongest one back then, could not match up to one-ten-thousandth of Ye Yuan's too.

Therefore, the blood race powerhouses were all extremely excited.

They could already feel that before long, a new Hegemon Realm powerhouse would be born!

[Unrivaled Medicine God](#)

Chapter 2886: Heavy Grooming!

"This little Bloodazure absolutely has the look of a Hegemon! Big Bloodazure also has very high hopes of reaching Hegemon Realm!" "I heard that the clan has already let Little Bloodazure go and comprehend the Chaos Bloodstone! It means that the Blood God Temple is also very optimistic about him!"

"Indeed, that boy is too monstrous! After he breaks through to Hegemon Realm, the Absolute Heaven Barrier will surely be breached!"

... ..

Two people having the same name Bloodazure amazed the world with their brilliant feats, shocking the blood race.

This matter became a legend.

Hence, everyone called the higher cultivation realm Yang Qing as Big Bloodazure and the lower cultivation realm Ye Yuan as Little Bloodazure.

The appearance of two great Hegemon candidates made the blood race boil over with excitement.

Yang Qing was good. The blood race's powerhouses had already boasted Ye Yuan to the heavens.

Actually, the Heaven One Alliance was grooming Hegemon Realm powerhouses. How was the blood race not nurturing Hegemon Realm powerhouses too?

As long as there were sufficient Hegemon Realms, the Absolute Heaven Barrier would no longer be a problem.

This was the fundamental way.

As for South Qi Giant City, that level of battle, it was actually merely a petty brawl.

The blood race would not care about a few people dying.

But they cared a lot about geniuses with the potential to step into Hegemon Realm.

Selecting the hundred sons, forming a powerful competitive mechanism in the clan, all these were in order to give birth to even more Hegemon Realms.

At this time, within the Blood God Temple, it was a flourishing scene too.

"Congratulations, Wang Zuo! Congratulations, Wang Zuo! Our blood race has gained another genius!"

“This Little Bloodazure’s light simply can’t be concealed at all! With his bloodline strength, stepping into Hegemon Realm is virtually a sure bet!”

“This guy is absolutely a character who’ll suppress an era! Our blood race is mighty!”

“Such a genius roaring into existence, our blood race isn’t far from unifying all the heavens!”

In the Blood God Temple, many Emperor Realm powerhouses were extremely excited.

Ye Yuan’s appearance was absolutely a figure who would suppress an era.

This kind of character was not frequently seen.

Even Lord Wang Zuo did not count as suppressing an era too!

Before Lord Wang Zuo grew up, he still had many competitors.

Although those competitors were surpassed by him in the end, to say that he was invincible in the world, it was not counted.

If one had to say, the Labyrinth Divine Palace’s final palace master was more apt!

Ye Yuan was such a genius!

This kind of figure appearing, it was naturally a sign of victory for the blood race.

Everyone was naturally happy too.

“Huhu, Owlfly, you’ve done pretty well this time! Later, you can go and comprehend the Chaos Bloodstone for ten days too!” Lord Wang Zuo said with a laugh.

Owlfly could not help being wildly elated when he heard it!

Chaos Bloodstone, that was his long cherished

goal!

Today, he was finally getting his wish!

Hopefully, after comprehending the Chaos Bloodstone, he would be able to find the opportunity to break through the Hegemon Realm and soar to the heavens with one bound!

At that time, wouldn’t the few of you trash still have to grovel at this seat’s feet?

“Many thanks, Lord Wang Zuo!” Owlfly said with wild ecstasy.

Wang Zuo nodded his head and to Ye Wugui, “Wugui, Bloodazure’s matter will be left to you! You have to ensure his safety, but don’t let him become a flower in a greenhouse, understood?”

Ye Wugui nodded his head and said, “Lord Wang Zuo, rest assured; Wugui understood what should be done!”

With regards to Ye Yuan’s grooming, the Blood God Temple had already made arrangements.

Allowing him to be and at the same time give him adequate resource guarantee!

What could be given to him, Lord Wang Zuo absolutely would not be stingy!

Hence, that was how Ye Yuan obtained the opportunity to comprehend the Chaos Bloodstone.

One had to know, Owlfly this grand completion Emperor Sakra Heaven powerhouse was only given ten days. It could be seen how valuable the chance to comprehend the Chaos Bloodstone was.

But Ye Yuan, a measly little Saint Sovereign Heaven, Wang Zuo gave him a month!

It was just that Wang Zuo never dreamed that the genius he was exerting all his effort to nurture was precisely the Ye Yuan that he hated to the core!

The current Ye Yuan was extremely delighted!

The blood race's hidden stash really broadened people's horizons!

All kinds of natural treasures appeared in a dazzling array in the Blood God Temple's warehouse, making Ye Yuan's eyes blur.

Among them, there were many items that were the specialty products of the other two continents. They could not be found on Heaven One Continent at all.

Ye Yuan had only seen these things in the Hundred Herbs Illustrated Handbook before.

But there were many here!

Ye Yuan was not courteous either, directly keeping these precious heavenly medicines.

By the side, the guard's face was twitching.

This guy was really not courteous, specifically picking the good stuff to take!

But, thinking about it, he felt at ease too.

If they could give birth to a Hegemon Realm that suppressed the contemporary era, what did these natural treasures count for?

"Relax. After I break through to Hegemon Realm, I'll lead the blood race to roam the myriad worlds unobstructed! At that time, you'll turn your nose up at these lousy things!" Ye Yuan said to the guard.

The guard smiled and said, "Huhu, then this seat is really looking forward to the arrival of that day!"

The strength of the Treasure Depository Pavilion's guard was naturally not ordinary.

This one in front of him was an Emperor Sakra Heaven powerhouse!

After collecting a whole bunch of heavenly medicines, Ye Yuan took an astronomical figure of heavenly crystals. Then he went to the blood pool.

The Blood God Temple's blood pool was much smaller.

But Ye Yuan could feel that its effect was more than ten times stronger than Heaven Absolute Blood Emperor City's!

How blessed!

The moment Ye Yuan entered the blood pool, the hundred sons went completely crazy.

The energy in their blood pool was currently being plundered by Ye Yuan crazily.

Their eyes turned green.

“F*cking hell, do you still want people to live or not?”

“F*ck, the benefits all got seized by you! Are you finished yet?” “Your Father narrowly escaped death before obtaining the hundred sons spot, and only obtained the chance to enter the blood pool after going through all kinds of hardships and difficulties! I beg you, save some of us!”

.....

Sound of cursing words echoed in the blood pool.

But Ye Yuan did not care that much at all. He just plundered crazily.

Nurturing the Dao sword required massive amounts of blood essence source.

And the Blood God Temple’s blood pool was purer and more refined.

Ye Yuan’s Dao sword was currently rapidly growing toward peak Saint Sovereign Heaven.

Finally, Ye Yuan’s Dao sword was saturated and seriously could not absorb any more.

The next time, Ye Yuan was going to make preparations to break through to True Sovereign Heaven.

And the Blood God Temple’s blood pool was already drained by Ye Yuan.

Everyone’s gaze when looking at Ye Yuan was filled with hatred.

This guy was simply walking other people’s path, leaving others with nowhere to walk!

Breaking through to True Sovereign Heaven, this was a huge hurdle, Ye Yuan needed to be prudent too.

Although he currently had the power of blessing augmenting himself, it did not mean that he could ignore the Dao tribulation.

Currently, he was using the Blood Imitation Pill to conceal his body’s aura, hiding from the probing of Heavenly Dao.

But, once he recovered his human identity, it would immediately call down Dao tribulation.

Furthermore, this time, it would definitely come together with the upper Saint Sovereign Heaven one.

That power would be no trifling matter!

Hence, Ye Yuan was currently suppressing his realm and not planning to break through.

At present, Ye Yuan still had an even more important thing to do, that was to go and experience this Chaos Bloodstone!

This thing was the blood race’s mother stone, its power was naturally extraordinary.

Perhaps he could find the secrets of the blood race from it.

Under Ye Wugui's lead, Ye Yuan entered a void space.

Upon entering the space, Ye Yuan seemed to have had his acupoints hit by someone, freezing in stupefaction!

Unrivaled Medicine God

Chapter 2887: Taking a Risk!

Dong!

Dong!

Dong!

A series of rhythmic heartbeats came from the depths of the void.

Ye Yuan's heart seemed to be seized by something, making his entire person want to explode.

"Puhwark!"

Finally, Ye Yuan could not hold back, and a mouthful of blood sprayed out.

This power was too terrifying!

It was even more terrifying than Hegemon Cloudmount's aura!

Was this the power of the Chaos Bloodstone?

Ye Wugui gave Ye Yuan a glance and said, "Not bad. The power of the Chaos Bloodstone is virtually irresistible below Emperor Realm. Even if you entered this stretch of nothingness, you'd directly exploded too! Your bloodline power is really very strong!"

Finished saying, he directly brought Ye Yuan and headed for the depths of the void.

That heartbeat sound became stronger and stronger. Ye Yuan's heartbeat also became increasingly fiercer, as if it was being controlled.

Suddenly, amidst the nothingness, a blood-red giant heart entered Ye Yuan's eyes.

Ye Yuan's pupils constricted as if somebody had given him a blow.

This scene was too shocking.

That blood-red heart was red until it was seemingly going to drip blood, giving people an awe-inspiring feeling.

The first feeling Ye Yuan got when he saw it was that it was evil!

There seemed to be something extremely terrifying inoculating in this heart.

Ye Yuan did not expect that the Chaos Bloodstone was actually a heart!

Furthermore, some kind of terrifying existence seemed to be currently inoculating in this heart!

Ye Yuan had a strong sense of unease in his heart.

“Endless blood origin is contained in the Chaos Bloodstone! As long as one can obtain the recognition of the Chaos Bloodstone, advancing to Hegemon Realm will just be a matter of time,” Ye Wugui said with a smile.

Ye Yuan gave a look of ‘anticipation’ very appropriately but became alert in his heart.

This blood race was likely holding in store an enormous secret!

“Senior, have you heard of this thing before?” Ye Yuan asked Mi Tian.

Mi Tian also had a solemn look as he shook his head and said, “Unheard of! This thing is very dangerous!”

“Mn, I have this feeling too! Senior, can we ... destroy it?” Ye Yuan suddenly proposed a bold idea.

Mi Tian jumped in fright and hurriedly said, “Don’t mess around! The thing inside here has already reached high attainment. It’s absolutely not what the current you can destroy! Don’t even think about it. This thing is very sensitive. You’ll die!”

Ye Yuan was startled too. His level was much worse than Mi Tian. His perception was naturally not as profound as Mi Tian’s.

Even Mi Tian was so fearful; this thing must be extraordinary.

He did not expect that coming here this time, he actually discovered the massive secret of the blood race.

The existence of the Chaos Bloodstone was absolutely top secret among the blood race’s top secrets. Only the blood race’s upper echelons had the qualifications to know.

Ye Yuan could be let in. That was because his talent was seriously too strong, sufficient to suppress an era!

“But do we wait for him to be born just like this?” Ye Yuan said.

Mi Tian said, “This isn’t where his main body lies! The Chaos Bloodstone that you see is merely a clone of his! The blood race spans the 33 Heavens. Most likely, his clones are also numerous! Want to destroy him, one must find his main body!”

Ye Yuan’s pupils constricted, this thing was so formidable, and it was actually not even his main body?

Then how powerful was his main body?

This ... was too terrifying!

Mi Tian also stared at the Chaos Bloodstone in the distance and said with a sigh, “No wonder the blood race couldn’t be eradicated from start to end. With this thing around, the blood race can’t be exterminated! And the blood race is merely his tool, that’s all! The blood race being addicted to blood, continuously sucking the blood of myriad races and strengthening their population, it’s actually

strengthening the Chaos Bloodstone! One day in the future, when he breaks out of the Chaos Bloodstone, it will probably be the catastrophe of the 33 Heavens!”

Mi Tian had participated in the battle to exterminate the blood race too. At that time, he thought that the blood race was wiped out.

But who knew that several hundred thousand years later, the blood race bounced back.

In these several hundred years, the blood race had already strengthened up anew.

In just a mere Grand Brightjade Complete Heaven, there were already dozens of Hegemon Realm powerhouses.

“All right. You use your blood essence and offer up as a sacrifice to the Chaos Bloodstone first. Then you’ll be able to establish a trace of connection with it and comprehend the origin of blood! Of course, how much you can comprehend, that will depend on your good fortune,” Ye Wugui said.

Ye Yuan’s gaze turned intent, a crazy idea suddenly arising in his heart.

Mi Tian sensed his idea right away!

“Boy, you’re crazy! You’re courting death!” Mi Tian said.

Ye Yuan was indifferent and said coolly, “Then if he is born, do you think that the Hegemon Realms across the heavens are his match?”

W

Mi Tian was taken aback, immediately falling silent.

This was just a measly little clone, and Mi Tian already felt a great terror.

Then just how strong was his main body?

Hegemon Realms had strong and weak ones.

Powerful Hegemon Realms, their strength was unimaginable.

But, to match up against this Chaos Bloodstone, it was likely not sufficient too.

“Hence, once he is born, I’m afraid that even the thing that the Labyrinth Divine Palace couldn’t accomplish would be achieved by the blood race! Rather than that, it’s better to take a risk once! Such an opportunity probably won’t come a second time! After the blood race comes to realize the truth that I’m a fake, it will be even harder than ascending to heaven to want to sneak in here again!” Ye Yuan said.

Mi Tian said in a solemn voice, “But, once discovered by him, you’ll be dead for sure!”

Ye Yuan said, “He didn’t discover that I’m a human, so he’s not omnipotent! I have faith in my Dao!”

Ye Yuan’s Dao was his Dao sword.

The method that he spoke of was to split off a wisp of Dao sword and hide it in the blood essence, letting the Chaos Bloodstone absorb it.

This was equivalent to planting a seed in the Chaos Bloodstone.

It was naturally impossible for the current Dao sword to destroy the Chaos Bloodstone.

But Ye Yuan was confident that there would be a chance in the future!

After his strength grew, his Dao sword would become stronger too.

At the critical moment, if Ye Yuan detonated the Dao sword and destroyed this clone in one stroke, even the main body would suffer serious damage too!

But once this Dao sword could not hide from the Chaos Bloodstone's eyes and ears, Ye Yuan would die right away!

Ye Yuan was indeed a prodigy, but he was after all only Saint Sovereign Heaven.

It was indeed too risky to do so.

"Mn? What are you hesitating for?" Ye Wugui's brows could not help furrowing when he saw that Ye Yuan did not move for a long time.

Ye Yuan drew a deep breath and said, "I'm not hesitating. It's just that seeing the mother stone for the first time, my heart couldn't calm down for a long time."

Ye Wugui came to understand and said with a smile, "That's of course! Our blood race is in perfect harmony with the mother stone. The first time you see it, it's like returning to your mother's womb. Having this shock is also ought to be."

Finished saying, Ye Yuan did not hesitate either, directly 'forcing out' a drop of blood essence, flying towards the Chaos Bloodstone.

This blood essence was naturally not Ye Yuan's.

He only refined the Blood Imitation Pill. He still had a human's blood in essence.

If he sent it over, he would definitely be exposed.

However, Ye Yuan's Dao sword suppressed many bloodkins' blood essence.

Many of their blood essences were extremely powerful.

Ye Yuan could naturally hide from Ye Wugui by splitting off a drop.

The blood essence got closer and closer to the Chaos Bloodstone, Ye Yuan's heart rate was also accelerating.

[Unrivaled Medicine God](#)

Chapter 2888: Swindling!

Swoosh!

The blood essence flashed and disappeared, and Ye Yuan's heart also tensed up along with it.

However, on the surface, Ye Yuan did not have any fluctuations.

There was still a Hegemon Realm beside him!

A wisp of his Dao sword was stored in the blood essence.

Once the blood essence entered the Chaos Bloodstone, Ye Yuan felt as if his Dao sword had entered a terrifying forcefield.

From all directions, a monstrously terrifying pressure crushed toward him.

The Chaos Bloodstone was too terrifying!

Ye Yuan's entire body trembled, his entire being seemingly being stared at by some kind of great terror.

An inexplicable power swept through his body without restraint.

Ye Yuan felt as if every hair on his body was standing on end.

This kind of feeling virtually suffocated him.

He knew that this was the Chaos Bloodstone observing him!

He did not dare to make the slightest movement. His entire person seemingly turned to stone.

In front of the Chaos Bloodstone, Ye Yuan was just like an invisible man, without the slightest secrets to speak of.

One breath!

Two breaths!

Three breaths!

That inexplicable power finally receded like tidewater.

Three short breaths of time, but Ye Yuan felt like as long as a century had passed.

In front of this level of power, all struggle was futile.

"Pfft!"

Ye Yuan tasted sweetness in his throat, and he could not bear this enormous pressure, directly spewing out a mouthful of blood.

The current Ye Yuan, his entire body seemed to have been hauled out of the water, feeling a transcendence of having died once.

He knew that he had finally cleared this hurdle!

He had deceived the Chaos Bloodstone!

"You actually really deceived it!" There was also intense shock in Mi Tian's eyes.

In front of absolute strength, all schemes and intrigues were pointless.

But Ye Yuan's scheme succeeded!

Too inconceivable!

Ye Yuan chuckled and said, "Although this damn thing is formidable, it's still sleeping! Many things, he's judging by relying on instinct! If he really wakes up, it will really be impossible to deceive him!"

Mi Tian had a speechless look as he said in shock, "How did you do it?"

Ye Yuan knew what he was asking.

That drop of blood essence was not Ye Yuan's!

Since it was not Ye Yuan's, then the aura would naturally be different.

The Chaos Bloodstone was the blood race's mother stone. How could it possibly deceive his probing? But Ye Yuan did it!

Ye Yuan smiled and said, "Very simple. That drop of blood essence has already been altered by me! The aura on it is completely my Dao sword's aura! And every drop of blood in my body contains the aura of the Dao sword! That damn thing judges based on aura. He's naturally unable to differentiate." Mi Tian had a dumbfounded look. The blood race's blood essence was actually altered?

However, to Ye Yuan, simulating all the blood essence in his body into the aura of that drop of blood essence, this was something as hard as ascending to heaven.

But, if it was just altering that drop of blood essence, it was not impossible.

In reality, this was just one of Ye Yuan's research into the blood race's blood essence.

Ye Yuan was very proficient in refined operations.

Therefore, his control over Dao had long already become subtle and exquisite. He used the power of the Dao sword and completely wiped away the aura of the blood essence's master and imprinted the aura of the Dao sword on it.

This way, the blood essence still maintained the characteristics of the blood race, but judging from the aura, it was already exactly the same as Ye Yuan.

The reason why he did such an experiment was naturally in order to deal with an unexpected probing too.

Entering the blood race's territory, he might not be able to avoid running into all kinds of inspections.

This kind of means would be able to smoke his way through.

Either way, he had a lot of blood essence on hand and could convert them casually.

The blood race naturally did not expect that there was actually someone who could preserve the blood race's blood essence and carry out research.

The Chaos Bloodstone could intuitively sense that drop of blood essence that fused into the Chaos Bloodstone.

But, to Ye Yuan's main body, he could only feel it through aura.

The aura was the same, so it naturally passed!

Mi Tian was dumbfounded when he heard it. There was still such an approach?

The heavenly alchemists were really amazing!

He could even think of this kind of experiment?

This was really a terrifying profession!

“C-Consider yourself ruthless! But, kid, you really did something remarkable! Come one day, when your strength becomes powerful and detonates the Chaos Bloodstone’s Dao sword, that damn thing will probably cry!” Mi Tian said with enthusiasm.

This wisp of Dao sword clone would lie dormant in the Chaos Bloodstone.

One day, when the power of the Dao sword reached a certain level, it would give this Chaos Bloodstone a deadly blow!

Thump!

Suddenly, the Chaos Bloodstone’s beating became hastened.

A blood-colored streak flew straight for Ye Yuan.

Ye Wugui’s gaze turned intent, his gaze having indescribable shock!

“This ... This ...”

Ye Yuan also jumped in fright. What was this damn thing trying to do?

“Kid, this is blood origin. This is good stuff, hurry up and accept it! That damn thing has acknowledged you!” Mi Tian urged.

Ye Yuan was shocked inwardly, allowing that wisp of blood light to smash into his body without avoiding it.

But, the moment this trace of origin entered his body, Ye Yuan’s Dao sword immediately operated, completely suppressing it.

This was the Chaos Bloodstone’s reward. It was naturally impossible to be too powerful. It was just for the sake of helping Ye Yuan comprehend origin. That was all.

Otherwise, Ye Yuan would be directly blown up by the origin power.

Therefore, Ye Yuan’s Dao sword suppressed it easily.

By the side, Ye Wugui was already completely stunned.

The Chaos Bloodstone actually rewarded Ye Yuan with blood origin?

This ... This was too much!

Even he, this Hegemon Realm, never got rewarded with blood origin!

This stretch of nothingness was teeming with the power of origin.

The beating of the Chaos Bloodstone was a manifestation of origin power in the first place.

Comprehending origin here would yield twice the results with half the effort.

But, no matter how one comprehended origin, it was also not as good as being rewarded blood origin!

This blood origin was the foundation of the Chaos Bloodstone!

Unless it was unavoidable, even if it was Lord Wang Zuo, it would be impossible to get any too.

Now, it was actually rewarded to a measly little Saint Sovereign Heaven!

Genius!

A peerless genius!

A genius who shocked the world!

My blood race would surely rise up across the heavens!

33 Heavens, every heaven and myriad worlds, tremble!

This boy will let you all understand what is called despair!

Ye Wugui shouted in his heart.

This was the voice currently in his heart. Being bestowed the origin of blood at Saint Sovereign Heaven Realm, this sort of thing was simply unheard of!

“Bloodazure, this is the mother stone’s reward to you! It looks like he approves greatly of your bloodline too! With this trace of blood origin, it’s enough for you to be invincible among your peers! In the future, stepping into Hegemon Realm is virtually a certainty! In fact, you might be the myriad worlds’ number one Hegemon in the future! You have to cherish it well!” Ye Wugui said excitedly.

“The myriad worlds’ number one Hegemon!”

Ye Yuan had a ‘look of intoxication’ too and said with lofty sentiments, “City Lord, rest assured. Bloodazure definitely won’t let down the clan’s and Mother Stone’s trust! I’ll lead the blood race and trample Heaven One Continent flat, sweeping across the heavens and myriad worlds!”

[Unrivaled Medicine God](#)

Chapter 2889: Hegemon Falls!

Obtaining the origin of blood, Ye Yuan started his ‘closed-seclusion’ life.

But at this time, Absolute Heaven Barrier had plunged into a life-and-death great battle again.

In order to avenge the enmity, the blood race deployed 300 thousand troops on South Qi Giant City, launching a fierce bombardment on South Qi Giant City.

This time, it was Lord Wang Zuo who personally ordered it!

These 300 thousand bloodkins were all elite troops transferred over from the rear. Their combat power was extremely intrepid.

Bloodpromise returned anew, being in control of this 300 thousand strong army!

Both sides unleashed an unprecedented life-and-death great battle at South Qi Giant City.

South Qi Giant City transformed into a brutal battlefield once again.

Fortunately, there was the Lesser Origin Restoration Art. By relying on the power of the grand array, South Qi Giant City still barely managed to resist the frenzied assault of the blood race under the huge disadvantage in military strength.

And right at this time, a drastic change plunged the Heaven One Alliance into an extremely dangerous situation!

On this day, South Qi Giant City and the blood race army were currently fighting fiercely.

Feng Xiaotian and Bloodpromise fought until heaven and earth dimmed, the void trembling

“Feng Xiaotian, in today’s battle, either you die or I perish.” Bloodpromise was really risking his life this time.

Not only him, but all of the blood race powerhouses were also attacking the city at the risk of their lives this time, completely disregarding casualties.

In the past battles, after the bloodkins were seriously injured, they would retreat at once. Therefore, their casualty rate was actually not high.

But this time, each one of them was only willing to stop after fighting all the way until they were obliterated.

Under this kind of circumstance, South Qi Giant City was under enormous pressure.

Furthermore, the blood race had an army of 300 thousand. Although only 100 thousand people could enter the passageway, they could replenish troops continuously without ceasing

But on Heaven One’s side, the speed of replenishing troops was much slower.

After the last battle, Heaven One Alliance transferred another several tens of thousands of people over to South Qi Giant City.

At this time, their military strength also reached as high as 80 thousand.

But, under the blood race’s frenzied onslaught, the casualties on South Qi Giant City’s side were enormous.

After half a month of sustained frenziedly fighting, South Qi Giant City was only left with 30 thousand troops!

For this, the blood race’s 100 thousand strong army was completely obliterated!

This casualty had never appeared in the blood race before!

Feng Xiaotian's gaze was cold as he said in a solemn voice, "Even if we fight down to the very last man, you all can forget about taking half a step into South Qi Giant City too!"

Boom!

Right at this time, a huge noise came from above the Absolute Heaven Barrier.

A mighty aura was currently dying swiftly!

Feng Xiaotian's expression changed wildly, his eyes full of shock.

Above the Absolute Heaven Barrier, someone ... died!

That was the aura of Hegemon Edgeless!

Hegemon Edgeless ... fell?

For these few thousand years, Heaven One Alliance's Hegemon Realms had never died before.

But this time, somebody finally fell!

This death would trigger a series of chain reactions.

The consequence was too terrifying!

"Hahaha ... Hegemon Bloodsky succeeded! Once Edgeless that damn thing dies, the Absolute Heaven Barrier will become weak, and South Qi's passageway will open up! Feng Xiaotian, today will be your hour of doom!"

Bloodpromise had clearly felt it too. He let out a wild laugh, being pleased to the extreme.

The Absolute Heaven Barrier was jointly set up by the Hegemons. Once one person died, the effects would be diminished.

South Qi Giant City was the weakest place, so the passageway here would surely have a large opening be opened up!

More bloodkins would enter the passageway!

Conspiracy!

A huge conspiracy!

The blood race's target this time was not South Qi Giant City at all, they were aiming for Hegemon Edgeless!

But, once Hegemon Edgeless died, South Qi Giant City would be in danger too!

"Children, all enter the passageway and kill for me!"

Bloodpromise's voice shook the sky. The remaining 200 thousand bloodkin army rushed into the passageway frenziedly!

Feng Xiaotian's mind shook wildly!

An army of 200 thousand, this force was too terrifying!

South Qi Giant City only had 30 thousand people remaining now. It was simply impossible to block these 200 thousand troops!

What on earth happened over at the Absolute Heaven Barrier?

But at this time, he could not help but be shocked too.

His gaze turned intent, and he said loudly, "Brothers, Hegemon Edgeless has fallen. We already have no path of retreat! Once South Qi Giant City is breached, the hundreds of millions of living things behind us will become meals in the bellies of the blood race! We cannot fall!"

"I believe that the Hegemons already know about the unexpected turn of events here! This battle will be the turning point of Heaven One's war with the blood race! Starting from today, Heaven One will surely swarm out in full force and engage in the final decisive battle with the blood race! But, if South Qi Giant City is lost, we won't even have the chance for a final battle anymore! Brothers, this city lord knows that you all aren't afraid of death! But we can't die! Brothers, please join me and defend South Qi to the death!"

"One month! Just one month's time! Our hope will be rekindled!"

Each and every one of the powerhouses left in the city had incomparably solemn gazes.

They knew that the true moment of life and death had arrived!

This battle was even more perilous and even fiercer than the previous one!

They all practically had little hope of survival anymore, including Feng Xiaotian!

But they proceeded without hesitation!

Nobody answered Feng Xiaotian. At this moment, the 30 thousand strong army was silent.

There were no grandiose words or valiantness, but they had incomparably firm eyes.

Seeing their looks, Feng Xiaotian was very gratified.

"Kill!"

Under Feng Xiaotian's word of command, the army of 30 thousand charged out crazily!

... ..

20 days later!

Below the city, corpses scattered everywhere!

South Qi Giant City's 30 thousand troops actually miraculously blocked the blood race's army of 200 thousand for as long as 20 days!

Under desperate circumstances, the Heaven One army exhibited an astonishing will. They did not seek death!

They were holding on firmly for one last month!

Under this kind of steel will, they defeated the blood race army's onslaught time and again.

However, the battle was extremely tragic too.

At this time, the army of 30 thousand was only left with half. Furthermore, everyone was injured.

The city protecting grand array was already severely damaged too!

The heavenly formation masters guarding the array formation were practically wiped out!

Even City Lord Feng Xiaotian was seriously injured too.

The powerhouses around him got fewer and fewer. In each battle, he would have to face more than five origin powerhouses!

However, although they had created a miracle, South Qi Giant City was only left with one last breath before completely falling into the enemy's hands.

They did not know how many more assaults from the blood race they could still hold back.

But, thinking about it, they probably could not hold out for a month!

ce

At Bloodpromise camp, Bloodpromise was scolded with a torrent of abuse. "Are you a pig? With 200 thousand blood race elites, countless powerhouses, you actually couldn't take down the South Qi Giant City that's guarded by 30 thousand people! This seat and Hegemon Bloodsky have virtually fallen before exchanging for such a battle opportunity! If any more mishaps happen again, carry your head to see me!"

Hegemon You Jin was bellowing madly at Bloodpromise.

The current Hegemon You Jin had a very weak aura. Clearly, he had suffered serious wounds.

Killing a Hegemon in the Absolute Heaven Barrier, it would not be without paying a price.

Except, he did not think that the battle opportunity that he had won by paying the price of risking death, Bloodpromise actually could not take it down!

This drove people too freaking crazy!

Bloodpromise's face already turned into the color of pig liver.

He also did not expect that 200 thousand troops actually could not even take down South Qi Giant City.

One had to know, 100 thousand people in the past would have already killed until South Qi Giant City would be close to crumbling!

Of course, the city protecting grand array was a very important aspect.

But Bloodpromise never expected that the Heaven One army, which Feng Xiaotian led, actually erupted with such a terrifying will at the moment of desperation!

Each time, they looked like they were about to succeed.

But in the end, it was still one step short of success!

Recently, he had really been down on his luck, suffering crushing defeats at South Qi Giant City repeatedly.

“Lord You Jin, rest assured. Give me another five days! Within five days, I’ll definitely take down South Qi Giant City!” Bloodpromise said.

You Jin’s expression was cold as he said, “This is what you said!”

Unrivaled Medicine God

Chapter 2890: Blood Divine Son!

These few days, Ye Yuan had been in the void all this time, comprehending the origin of blood.

Bloodline was a very miraculous thing. It was born from Heavenly Dao and possessed great fortune, and could create everything in heaven and earth.

This origin of blood was profound and complicated to the extreme.

Ye Yuan’s present realm was too low and was unable to pry into the essence at all.

However, Ye Yuan’s bloodline talent was extremely strong too. But this blood origin made him understand a little.

Currently, Ye Yuan’s realm had long already reached the limit of Saint Sovereign Heaven, and he could break through to True Sovereign Heaven at any time.

Actually, after accepting the origin of blood, Ye Yuan’s realm had already reached the brink of shattering. However, it was suppressed by him.

But True Sovereign Heaven was different from upper Saint Sovereign Heaven. As long as he broke through, the aura of the Dao sword would no longer be able to be concealed, and the Dao tribulation would descend immediately.

Therefore, Ye Yuan was currently suppressing his realm desperately.

His strength had long already suppressed lower True Sovereign Heaven. Breaking through was effortless to him.

Ye Yuan did not know how terrifying this Dao tribulation would be once he broke through.

All in all, it would be very terrifying!

As soon as he exited seclusion, Ye Yuan discovered that something was wrong.

The great victory that came from the front-lines spread in the entire Blood God Temple with fervor. Even if he did not want to know, he could not do it either.

“It’s really an unprecedented great victory this time! Killing a Hegemon Realm, the Absolute Heaven Barrier is already in a precarious situation!”

“Our blood race’s Hegemon Realms are getting more and more, but Heaven One’s Hegemon Realms are getting fewer and fewer. When one aspect was weaker, the others would be stronger. The day when we unify Grand Brightjade Complete Heaven isn’t far anymore!”

“Hegemon Bloodsky is amazing too! The last time, when he received a backlash due to the spatial passageway, after he consumed Hegemon blood and went into closed-seclusion, his strength grew significantly instead! This time, he used the spatial confinement technique and ambushed Hegemon Edgeless, completely sealing him off! He really rendered a great contribution!”

“However, South Qi Giant City’s battle doesn’t seem to be going too smooth! Lord Bloodpromise has already attacked wildly for close to 20 days and actually still couldn’t take it down!”

Hearing these discussions, Ye Yuan’s heart sunk to the bottom of the valley.

Absolute Heaven Barrier actually lost a Hegemon!

This was simply a bolt out of the blue to Heaven One.

Furthermore, South Qi Giant City was actually currently suffering a frenzied assault now.

An army of 300 thousand besieging South Qi Giant City actually still had not conquered it after attacking for 20 days!

Feng Xiaotian was amazing! Hearing the news, Ye Yuan no longer had the mind to continue staying in the blood race anymore too.

He was just about to go find Yang Qing, but Yang Qing was already one step ahead of him.

These few days, his heart was burning with anxiety, waiting for Ye Yuan to leave seclusion all this while.

“No need to say anymore. We’ll go back immediately!” Ye Yuan said.

“This ... How do we go back?” Yang Qing asked with uncertainty.

“Of course, it’s swaggering back!” Finished saying that, Ye Yuan immediately left.

Ye Yuan went to find Ye Wugui right away. The other party’s mood currently was clearly pretty good too.

A monster like Ye Yuan appearing in the clan, the front-lines also achieved a great victory.

The present blood race was really like the noonday sun.

“Bloodazure, you came just in time. This seat is looking for you for something!” Ye Wugui said very warmly.

Although he was a Hegemon, he also did not dare to treat Ye Yuan with too much impropriety now.

An existence that the mother stone split off a trace of origin for, what kind of level he could reach in the future was really hard to say. “Mn? City Lord Your Excellency is finding me for something?” Ye Yuan asked uncertainly.

Ye Wugui said with a smile, “It’s naturally a wonderfully joyous thing! Lord Wang Zuo has already decided to confer you as ‘Blood Divine Son.’ Within the next few days, he’ll announce to the entire

blood race and conduct the conferment grand ceremony! Today, Absolute Heaven Barrier's battle has already made a major breakthrough! My blood race is really blessed with two joyous events at the same time!"

'Blood Divine Son'; this identity was extraordinary.

The blood race had Saint Sovereign Hundred Sons, True Sovereign Hundred Sons, and also the Emperor Sakra Ten Heavens!

But there was not a Blood Divine Son yet!

Who was the Blood Divine Son?

That was the entire blood race's future!

Only a powerful existence who was acknowledged by the entire clan had the qualifications to be conferred as Blood Divine Son!

These few thousand years, the blood race had given birth to countless geniuses.

But, no one had been conferred as Blood Divine Son!

At present, Ye Yuan, a human, actually did it!

Becoming the Blood Divine Son, Ye Yuan's status in the blood race shall become extremely transcendent!

He would be the successor of Wang Zuo!

Ye Yuan could not help being taken back when he heard that. But, thinking about it, he felt at ease too.

He obtained the mother stone's reward. This held great significance.

His Dao sword was a heaven-defying object.

When the mother stone felt the aura of the Dao sword, it showed a seldom-seen acknowledgment of him.

This time, he really earned big!

But, Ye Yuan did not show the expected joy, shaking his head and saying, "Bloodazure has yet to make the smallest contribution. I can't take on the title of 'Blood Divine Son' yet for the time being!"

Ye Wugui said in surprise, "Oh? What ... do you mean by this?"

Ye Yuan said solemnly, "South Qi Giant City has been fighting fiercely without rest. It's precisely the time to build my career! Since Bloodazure wants to become Blood Divine Son, then how can breaking the Absolute Heaven Barrier, this kind of astonishing exploit, do without me?"

Ye Wugui frowned and said, "But ... South Qi Giant City is very dangerous! It's probably not appropriate for you to go!"

Ye Yuan chuckled and said, "City Lord Your Excellency, if I died at South Qi Giant City, then am I still fit to become the Blood Divine Son? Furthermore, does my blood race have anyone who fears battle?"

Ye Wugui's pupils constricted, and he said with a nod, "Okay, what you said is right! I'll go and report to Lord Wang Zuo immediately and request him to make a final decision!"

Ye Yuan said, "Since I'm going, then it naturally can't be me going alone! Presently, the True Sovereign Hundred Sons and Saint Sovereign Hundred Sons have just been chosen. They enjoy numerous privileges from the clan and should naturally serve the blood race too! City Lord Your Excellency, please let Ye Yuan lead them and render a contribution without equal!"

.....

The next day, Ye Yuan brought the True Sovereign Hundred Sons and Saint Sovereign Hundred Sons and left Blood God Temple, returning to Heaven One Continent.

At the same time, the Blood God Temple announced to the world, conferring Bloodazure as the Blood Divine Son!

After Bloodazure broke through the Absolute Heaven Barrier and achieved a contribution without equal, he would undergo the conferment grand ceremony!

The moment this matter emerged, the entire blood race boiled over with excitement!

The impact of this matter was too great!

Who was the previous Blood Divine Son?

It was none other than precisely Lord Wang Zuo!

Furthermore, since Lord Wang Zuo ascended to the throne, there had been no more Blood Divine Son.

Today, another Blood Divine Son actually appeared!

However, no one questioned it! The might that Ye Yuan displayed during the hundred sons battle was suffocating.

If even this kind of monster could not be conferred as the Blood Divine Son, who else was worthy?

"Well-deserving of being Lord Blood Divine Son! Before carrying out the conferment grand ceremony, he rushed to the most dangerous South Qi Giant City!"

"The blood race is mighty! Lord Blood Divine Son coming into being, our blood race shall unify all the heavens!"

"Lord Blood Divine Son shall return triumphantly and unify Grand Brightjade Complete Heaven!"

... ..

When they set off, all eyes were gathered.

The True Sovereign Hundred Sons and Saint Sovereign Hundred Sons all felt an upsurge of emotion!

Although they were just a mere 201 people, each of them was worth a hundred!

These 200 people were sufficient to match up to an army of tens of thousands!

Moreover, there was still Ye Yuan this freak!

He had once slaughtered tens of thousands of those in the same rank with his power alone!

At this time, everyone of the blood race believed that this team shall be the final straw to overwhelm South Qi Giant City!
