Chapter 2921: Youve Already Worked Very Hard!

The assessment was still ongoing. Qin Shitian three people were still advancing at high speed.

Of course, this 'high-speed' was in the past.

Everyone looked at the moving light dots on the light screen as if seeing their hard work in the Lucid Forest.

Looking at Ye Yuan again, their hard work seemed so laughable.

Everyone was imagining Qin Shitian three people's expressions after coming out.

Finally, six hours' time was up, Qin Shitian's light dot vanished!

"Hahaha?... Six hours! I broke the Lucid Forest's record! I, Qin Shitian, am Ning Lan Nirvana Soul Hall's number one!"

The moment his figure appeared, he let out a burst of loud laughter.

He felt invigorated to the extreme in his heart!

Overpowering Zhou Yu and He Chen, he even broke the Lucid Forest's strongest record!

He was already fantasizing how his master would praise him.

Strongest in history!

How glorious was this!

Before this, the Lucid Forest's strongest record was six hours and 15 minutes.

He, Qin Shitian, forcibly moved this record up by 15 minutes!

This was already a huge improvement.

This achievement was absolutely enough to ignite the entire Nirvana Soul Hall if there wasn't Ye Yuan's existence.

Very soon, Zhou Yu and He Chen came out of the forest successively, the expressions on their faces rather complicated.

The two of them similarly broke the record.

It was just that they lost to Qin Shitian.

Qin Shitian laughed loudly and said, "The two of you, don't make this kind of expression. Losing to me isn't some disgraceful thing! After all, you guys broke Senior Apprentice Brother Jiu Yuan's record too!"

Zhou Yu had an unkind expression as he said, "What are you being smug for? You were merely lucky! If not for encountering several troublesome Daos on the way, I might not have lost to you!"

Qin Shitian said smugly, "Losing is losing; why are you finding excuses? The Lucid Forest is fair to everybody; otherwise, it wouldn't have been used as a test too. Why? Can't afford to bear a loss?"

Zhou Yu snorted coldly and said, "What can't afford to bear a loss? Sooner or later, you'll be my defeated foe!"

"Oh, right, where's that arrogant kid?" He Chen, who had not said a word, suddenly said.

Qin Shitian was taken aback and immediately laughed loudly and said, "That kid is probably eating dust behind us, right?? *Hahaha?*... But that punk has some capability. It shouldn't be hard to pass the test."

The three people chattered like nobody was around, walking in front of the forest guardian.

The three of them were immersed in the joy of breaking the record and did not feel the strange atmosphere at all.

Of course, they also did not see the Ye Yuan in the crowd.

Qin Shitian gave Great Emperor Eastsun a bow from afar and said excitedly, "Master, this disciple thankfully didn't fail the mission, winning the top spot and breaking Senior Apprentice Brother Jiu Yuan's record! At long last, I didn't let down Master's expectations!"

Great Emperor Eastsun's expression was strange, and he said with a nod, "*Mn,* you ... you've already worked very hard."

Qin Shitian was stupefied.

W-Worked very hard?

What was the meaning of this?

At this time, shouldn't Master be lauding him with praises?

Why did it seem like he was consoling him?

This script was not right!

"Master ..."

Qin Shitian suddenly lifted his head, and at this time, he finally noticed the Ye Yuan who was beside Yan Jadetrue, and his entire person was immediately petrified.

When did this guy come out?

Clearly, no one came out from just now until now!

Qin Shitian's head was somewhat disoriented, unable to wrap itself around things for some time.

Great Emperor Eastsun heaved a slight sigh and said, "Shitian, your performance is already very good. It's just that sadly ... you didn't break the record! Because before you, Ye Yuan has already broken the record!"

Qin Shitian three people were akin to being struck by lightning at the same time, looking at Ye Yuan in astonishment.

This guy was actually faster than the three of them?

This ... How was this possible?

He forcibly increased Senior Apprentice Brother Jiu Yuan's record by 15 minutes!

Could it be that this guy actually cleared within six hours?

"This is impossible! How can this punk possibly surpass six hours?" Qin Shitian blurted out.

Great Emperor Eastsun seriously could not bear to demoralize this honorary disciple, but the reality was this cruel!

"Six hours?? *Huhu*, six hours is enough for Ye Yuan to go back and forth several thousand times in the Lucid Forest!" The one who spoke was Sevenfeather.

Just now, Ye Yuan already rejected Great Emperor Eastsun's invitation.

Very clearly, Ye Yuan already had the intention of entering his tutelage.

After all, he was brought by Yan Jadetrue!

Previously, he was still blaming Yan Jadetrue for being a busybody and embarrassing him.

But now, no matter how he looked at Yan Jadetrue, he found him pleasing to the eye.

Having accepted such a heaven-defying disciple, even the master felt honored too!

"Several thousand times! You're bull ... this is absolutely impossible!"

When the word 'bullsh*t' reached the tip of his tongue, Qin Shitian forcibly swallowed it back.

Soul Emperor Sevenfeather was not someone that he could offend.

Sure enough, Sevenfeather's expression turned cold, and he said in a solemn voice, "With Hall Master here, could it be that this seat will still crack jokes with you, a junior? After Ye Yuan entered the Lucid Forest, he only used five breaths of time before clearing it!"

"F-Five breaths?" Qin Shitian three people spoke in one voice, almost biting their tongues off.

Qin Shitian used a probing gaze to look at Great Emperor Eastsun. The latter nodded his head helplessly and said, "That's right; it's five breaths! This seat already examined it. It's not fake."

Boom!

Qin Shitian felt like his soul body was about to explode!

This was too demoralizing.

The three of them killed countless enemies on the Scarlet Drill Battlefield and had long already cultivated their Dao hearts like it was vajra.

Six hours was absolutely a result that was worthy of being proud of.

But someone actually only used five breaths?

Qin Shitian felt that everyone was cracking a joke with him.

There were naturally not just Qin Shitian three geniuses participating in the assessment.

In reality, this batch of soul race geniuses were really quite a few.

Very soon, someone came out in succession.

It was just that after they came out, without exception, they were all deeply shocked by the result of five breaths.

Originally, they were somewhat patting themselves on their backs for having obtained a decent result.

But at this time, they had already begun to doubt life.

Three days later, the Lucid Forest assessment ended.

In the end, there were 372 people who passed the Lucid Forest.

And there were more than 200 people who died in the Lucid Forest.

The people who passed the test arrived at the second stage, Soul Controlling Avenue.

Originally, Great Emperor Eastsun and the rest of the powerhouses came over just to conveniently take a casual look.

After all, this level of test was not really considered a big deal to them.

But now, because of Ye Yuan's sudden emergence, all of the Emperor Realm powerhouses arrived at the Soul Controlling Avenue.

Soul Controlling Avenue, it was established between two mountain peaks and was a transparent passageway.

The so-called Soul Controlling Avenue was actually a test of the examinee's defensive ability.

To the soul race, defensive strength was an extremely important ability.

After the physical bodies of other races were destroyed, their soul bodies could exist independently.

But the soul race, once they were exterminated, that was a true death.

Therefore, to enter the Nirvana Soul Hall, one's defensive strength must pass.

And this was precisely the forte of Qin Shitian and the others!

They slaughtered wildly in the Scarlet Drill Battlefield and had long already tempered their soul bodies like steel.

After these few days of digestion, the three people had already come around to it.

After all, they were powerhouses who had experienced countless life and deaths!

Qin Shitian looked at Ye Yuan and said with a cold snort, "Punk, passing the Lucid Forest is no big deal! The Soul Controlling Avenue is the true test of strength! This time, I'm going to let you know what's called a true powerhouse!"

Chapter 2922: Tempering Soul Body!

"It's still that sentence; want to posture, do it after passing. Talking until flowers cascaded from the skies here, wouldn't it be very embarrassing if you get face-slapped in a while?" Ye Yuan was indifferent and said nonchalantly.

Qin Shitian's face turned black, and he said in a solemn voice, "Then we'll see who gets face-slapped after getting out of the Soul Controlling Avenue!"

An Emperor Realm powerhouse appeared in front of everyone and said loudly, "Soul Controlling Avenue has a total of ten segments. Passing two segments will be considered passing the test. This Soul Controlling Avenue has the effect of tempering the soul body. It's greatly beneficial to you guys. But this seat urges you all to act within your capability, or else you'll die! At present, the best result of the temper entrance assessment is peak fifth segment!"

Qin Shitian trio secretly resolved themselves. This time, they were definitely going to sweep Ye Yuan's face away!

Since the Scarlet Drill Battlefield, the three people's present accomplishments were not accomplished overnight.

Their soul bodies were extremely solid.

Great Emperor Eastsun had once said before, with the sturdiness of Qin Shitian's soul body, he could at least reach the sixth segment too!

This was also to say that there was virtually no suspense in him breaking the shackle of the fifth segment.

He did not believe that Ye Yuan could still contend with him in this round!

Under his word of command, over 300 people entered with a whoosh.

Upon entering the Soul Controlling Avenue, the divine soul attacks that blotted out the skies and covered the earth came over to greet them.

Many soul race powerhouses unleashed various methods to resist these divine soul attacks.

However, many soul race powerhouses started crying bitterness without ceasing.

"The first segment is already so freakish. This is killing people!"

"Just what kind of freaks entered the Nirvana Soul Hall!"

"Ouch, I can't! I can't anymore! I'm going to withdraw!"

... ..

Coming out from the first round, these 300 over people were naturally all elites.

But very soon, someone could not hold on anymore.

The endless divine soul attacks were like a violent storm, raiding these soul race powerhouses.

Each second, they practically had to answer more than ten divine soul attacks.

It was simply seamless until not even wind could penetrate!

The Soul Controlling Avenue was similarly ten miles long.

Each mile was a segment.

But now, before talking 1000 feet out, someone had already collapsed.

Of course, if there were weaklings, there were powerhouses too.

Qin Shitian three people did not have any reaction to this violent storm-like attack at all.

In fact, they did not even use defensive mystic arts.

The first segment was too effortless for them.

The three people virtually rushed to the second segment's checkpoint while keeping abreast of one another at the fastest speed.

The checkpoint in front of them was not difficult. They had to conserve soul strength to resist the checkpoints at the back.

At this time, the three people turned around to look without prior agreement and discovered that many people had already caught up.

But they did not see Ye Yuan's figure and could not help letting out a sigh of relief.

This fellow indeed could not make it anymore!

During this round, it is our turn to perform!

"Heh, that punk seemed impressive, but it's also nothing more than this! In this round, what it relies on is the soul body! The three of us definitely won't lose to anyone!" Qin Shitian said with a cold smile.

"After getting out, we have to teach that punk a lesson!" Zhou Yu's expression also became dark.

"That's of course! Your Father roamed the battlefield unobstructed and haven't lost so much face before! This time, I'll see how that punk can be arrogant!" Qin Shitian said with a cold snort.

Remembering the first round, it was really an utter loss of face.

Not only did he lose face, he even implicated Great Emperor Eastsun in losing face too!

Finished saying, the three people entered the second segment without even turning their heads back.

In the second segment, not only did the number of divine soul attacks increase manifold, the power also multiplied.

To everyone, it was an enormous test.

Qin Shitian three people did not dare to be careless either, displaying defensive mystic arts one after another and continued advancing.

Outside of the Soul Controlling Avenue, Great Emperor Eastsun and the rest nodded with slight smiles, clearly quite pleased with the performance of Qin Shitian three people.

“Huhu, arriving at the Soul Controlling Avenue, Ye Yuan has indeed revealed his true colors! This seat sees that each step he takes is very taxing!” Great Emperor Westdawn said with a laugh.

Great Emperor Eastsun also smiled and said, “In terms of soul body, most likely among True Sovereign Heavens, someone stronger than the three of them really can’t be found. The Scarlet Drill Battlefield is akin to a meat grinder. The three of them fought with real swords and spears, killing their way out a mountain of corpses and a sea of blood! Their soul bodies have already reached the limit of True Sovereign Heaven.”

Great Emperor Woodrelease said, “Dao heart is heaven-defying, but it has to be matched with corresponding strength too! Otherwise, it will be akin to a rootless weed, too weak to stand up to anything. If let Ye Yuan fights with the three of them, he’ll probably not be able to last one exchange with them!”

All the powerhouses nodded one after another, clearly quite agreeing with it.

Sevenfeather’s face was a little ugly.

He also did not expect that Ye Yuan was actually so useless.

In the second round, he actually ended up last!

Most likely, he would not even be able to pull through the first segment.

This time, even Yan Jadetrue was puzzled too.

He knew that in terms of soul body, Ye Yuan was indeed not considered strong.

Ye Yuan’s powerful aspect was his miraculous soul path mystic arts.

Could it be that he was really going to be disappointed this time?

Very soon, many powerhouses passed through the first segment one after another. The people left behind in the first segment became fewer and fewer.

Some were seriously injured by soul path attacks and were already unable to continue the assessment and could only withdraw.

But Ye Yuan was still several thousand feet away from the checkpoint of the first segment.

And at this time, Qin Shitian three people had already passed through the second segment and entered the third segment!

The speed made people tongue-tied.

Great Emperor Eastsun smiled and said, “This Ye Yuan’s Dao heart is powerful, making him rather stubborn. He could actually hold out until now.”

Great Emperor Westdawn chuckled and said, “No matter how stubborn he is, it’s no use too. Even if he can pass the first segment, the second segment’s number and power are all multiplied. It’s simply impossible for him to pass through. In fact, he might directly turn to ashes after entering the second segment! In my view, he’s courting death here!”

Great Emperor Eastsun did not care about Ye Yuan any longer but looked toward Qin Shitian and said with a smile, “Shitian this child still has quite the potential. He has already gradually shaken off the two of them. This seat reckons that there shouldn’t be a problem in him entering the sixth segment. It’s just I don’t know how far he can walk in the sixth segment.”

The moment these words came out, everyone’s expressions changed one after another.

They did not think that Great Emperor Eastsun actually regarded Qin Shitian so highly.

Forget about the sixth segment; the difficulty of the fifth segment was already hell level.

When these big shots in front of them were at True Sovereign Heaven Realm, it was impossible to make it to the sixth segment too!

Qin Shitian was really monstrous!

In the Soul Controlling Avenue, Ye Yuan paused with each step, enduring the divine soul attacks from all directions.

With the Divine Emergence’s methods, it was too easy to want to block these divine soul attacks.

But he did not.

These divine soul attacks actually had the effect of tempering the soul body!

Hence, he did not want to waste this opportunity.

The first stage was useless to him, so he cleared it very fast.

But this stage was different.

These divine soul attacks hammered his soul body continuously, making his soul body become powerful.

Just as Yan Jadetrue conjectured, his soul body was very ordinary.

A human’s origin divinity was not of soul race’s after all.

Ye Yuan’s origin divinity resided in his sea of consciousness the vast majority of the time.

He really wanted to try what kind of level his soul body could attain!

Chapter 2923: Creating a Miracle!

“Haha, the two of you can’t do it! My soul body is about to break through right away and reach six wrougths!”

Qin Shitian’s unbridled laughter came from in front.

At this time, the three of them had already made it to the fourth segment, the disparity also gradually manifested.

Qin Shitian already shook the other two people more than a hundred feet behind.

Furthermore, it showed signs of being shaken off further and further!

Apart from this, Qin Shitian's soul body became increasingly erratic, an appearance of going to advance ranks.

Soul body was a kind of unique existence. In each realm, the strength of the soul body was divided into ten wroughts.

This magnitude was different from the human race and true spirit clan's fleshy bodies.

If what humans and the true spirit clan pursued were hardness, then what the soul body pursued was tenacity.

The greater the tenacity, the harder it was to kill!

If a True Sovereign Heaven soul denizen's soul body could reach ten wroughts, even if an Emperor Cloud Heaven came, it would be difficult to kill them too!

Of course, to the Nirvana Soul Hall, ten wroughts belonged to an existence in legends.

Nobody could reach the realm of ten wroughts at all.

At this time, Qin Shitian's soul body was about to reach six wroughts. This was already extremely shocking.

Finally, Qin Shitian took the lead and charged into the Soul Controlling Avenue's fifth segment!

Then, his soul body became even clearer, as if a crystalline sculpture.

Great Emperor Eastsun's pupils constricted, and he said, "Broke through! Six wroughts! Even if it's this seat, I didn't reach this step back then too!"

"Hiss?..."

From the powerhouses there came a series of cold air being sucked in.

Six wroughts, that was already the soul body strength in the legends!

"This guy is too strong! Six wroughts, even if he stands there to try to kill him, I can't kill him either!"

"Although there was an upset in the Lucid Forest, in this round, Qin Shitian finally regained face!"

"Ye Yuan was ultimately just taking advantage by trickery in the Lucid Forest! In terms of strength, he's far worse than Qin Shitian!"

... ..

Under the Soul Controlling Avenue, many people were discussing animatedly.

At this time, there were already many people who came out. Some had passed two segments, succeeding in the test, but some had already been eliminated.

But the strength that Qin Shitian revealed suppressed all of the questioning voices.

Qin Shitian after six wrougths had the air of a king who returned.

Many people looked toward Ye Yuan again. They could not help revealing sympathetic gazes.

This guy was still milling around in the first segment until now.

“Mn? Seems like there’s already no way of upgrading. I’ll enter the second segment then.” Right at this time, Ye Yuan discovered that the first segment’s tempering already had no effect on him.

And his soul body already reached peak two wrougths as well!

Ye Yuan discovered that the divine soul attacks in the Soul Controlling Avenue were very special.

Rather than say that it was a test, it was better to say that it was a kind of tempering!

Entering the second segment, the number and power of the divine soul attacks immediately doubled!

Ye Yuan revolved the Divine Emergence and started guiding these divine soul attacks, tempering his soul body.

Hence, he entered the realm of three wrougths smoothly.

It was just that at this time, there was already no one who paid attention to him.

Qin Shitian already caused a great sensation.

The people all wanted to see just which step Qin Shitian could walk until.

After entering the fifth segment, Qin Shitian’s pressure suddenly increased.

They clearly felt that Qin Shitian was straining much more than before.

Even if he entered the realm of six wrougths.

However, he was still advancing with strong determination!

He got nearer and nearer to the sixth segment, the people were already holding their breaths.

“Broke through!”

Right when Qin Shitian stepped into the sixth segment, someone shouted at the top of their voice.

This moment was seriously too exciting.

“Qin Shitian broke through two records in a row! This guy is really monstrous!”

“The accumulations of the Scarlet Drill Battlefield finally erupted at this moment! This guy’s future accomplishments are immeasurable!”

“You guys, look! That Ye Yuan is still persevering! Compared to Qin Shitian, he’s just like a clown now!”

... ..

The crowd was boiling over with excitement!

At this time, the inconceivable record that Ye Yuan made in the Lucid Forest, everyone selectively had forgotten about it.

After all, having Dao heart in vain without strength, everything was futile.

And Qin Shitian broke the records of the two stages in a row. This absolutely set the world on fire!

It was because the records of these two rounds were not maintained by the same person!

Even Great Emperor Eastsun's breathing became irregular too.

He had long predicted that Qin Shitian could step into the sixth segment.

But all the way until this moment arrived, he was still somewhat uncontrollably agitated.

After all, it was too hard to come by.

Someone noticed Ye Yuan. He finally made it to the second segment.

Furthermore, he did not die yet!

His perseverance seemed to have been rewarded.

But, under Qin Shitian's light, Ye Yuan's perseverance appeared so laughable.

Right at this time, Zhou Yu and He Chen two people finally could not endure and withdrew.

They only reached the peak fifth segment in the end. They were naturally not satisfied with this result.

In the assessment this time, Qin Shitian completely shook the two of them off!

However, being able to reach the peak fifth segment, it was also sufficient to show their strength.

And Qin Shitian was still continuing to advance forward!

At this time, the entire Soul Controlling Avenue only had Ye Yuan and Qin Shitian two people remaining.

At the back, Ye Yuan, who was slowly crawling like a tortoise, appeared especially glaring to the eye.

When Zhou Yu saw this scene, he smiled coldly and said, "This punk is really impressive. I even thought that he could make it to the tenth segment this time! After half a day, he's just at the second segment. What a joke!"

The fury of failure ultimately needed a channel to vent.

Clearly, Ye Yuan was very suitable.

He Chen also said disdainfully, "Ignorant thing! This bit of skill and he also dares to swagger in front of us! Really almost got intimidated by him!"

However, everyone's attention was still on Qin Shitian.

Entering the sixth segment, Qin Shitian's speed clearly slowed down significantly.

Each step that he took seemed to require all the strength in his body.

But he did not give up.

Just like that, he headed towards the seventh segment step by step.

Following his footsteps, he got nearer and nearer to the seventh segment. Everyone's hearts were virtually leaping out of their throats.

Too exciting!

Could it be that Qin Shitian could still create an even greater miracle and reach the seventh segment?

1000 feet!

700 feet!

300 feet!

He got closer and closer to the seventh segment.

The expression on Qin Shitian's face was hideous until it was virtually contorted.

His soul body also suffered immense damage.

The sixth segment's divine soul attacks were too terrifying!

Hundreds of divine soul attacks assaulted at the same time. It was simply like a bombardment.

Qin Shitian's soul body was attacked until it virtually distorted.

Finally, he gave up when he was still around 200 feet away from the seventh segment.

The whole place boiled over with excitement!

"What a shame, just 200 feet!"

"Almost created history!"

"But reaching the peak sixth segment is already unbelievably impressive! Most likely, nobody can break this record within a few thousand years!"

"Scarlet Drill Three Sons, with this, Qin Shitian really left them far behind in the dust!"

... ..

Everyone was marveling in admiration. This result was seriously too monstrous.

Different from the Lucid Forest, what the Soul Controlling Avenue competed in was bona fide strength.

Qin Shitian challenging this assessment this time shocked the entire Nirvana Soul Hall!

[Unrivaled Medicine God](#)

Chapter 2924: I Understand!

“Good! Good! Good! This seat indeed didn’t make an error of judgment! Are the two of you convinced this time?”

Great Emperor Eastsun said good three times in a row. His satisfaction with Qin Shitian could be seen.

In the Scarlet Drill Battlefield, Great Emperor Eastsun took fancy on Qin Shitian at a glance and felt very optimistic about him.

Otherwise, he also would not have specially come to watch the temper entrance assessment.

A mere True Sovereign Heaven was not yet worthy of the master of a hall to raise a big rumpus and specially come to watch.

Great Emperor Westdawn and Great Emperor Woodrelease’s faces did not look good.

These three great hall masters were secretly competing when choosing disciples too.

Actually, in the Scarlet Drill Battlefield, Qin Shitian three people’s performances were virtually on par.

But now, the gap was pulled apart all of a sudden.

Zhou Yu and He Chen two people, their performance was actually already very good.

But, compared to Qin Shitian, the difference was too big.

“Congratulations, Hall Master, for finding a fine disciple!” Great Emperor Sevenfeather came forward to congratulate.

“Congratulations, Hall Master! Felicitations, Hall Master!”

“Our Ning Lan Nirvana Soul Hall finally has a six wroughts powerhouse too! Qin Shitian this boy’s future is limitless!”

... ..

The other Emperor Realms also came forward to give their felicitations one after another.

When Great Emperor Eastsun heard, he was naturally very happy.

Between the soul race’s various major Nirvana Soul Halls, there was naturally competitions with each other too.

The Nirvana Soul Hall needed to send geniuses to the clan. This way, what the geniuses obtain in the future would also be enjoyed by the Nirvana Soul Hall.

It was just that Ning Lan Nirvana Soul Hall rarely had heaven-defying geniuses appear.

Now that they had, Great Emperor Eastsun was naturally very happy.

At this time, Qin Shitian already exited the Soul Controlling Avenue too. Arriving before Great Emperor Eastsun, he knelt and said, “This disciple admits my mistake and asks for punishment from Master. I was just one step away, or else I’d have been able to step into the seventh segment. But unfortunately, it failed just a step short of success!”

He was naturally not here to apologize and ask for punishment. He was posturing and telling everyone that he was just a step away from reaching the seventh segment!

He, Qin Shitian, did not know what was called modesty.

Sure enough, the moment quite a number of people heard it, they wished to find a hole in the ground to burrow into, especially Zhou Yu two people.

You're peak sixth segment, and you're even apologizing and asking for punishment. Wouldn't we have to end ourselves?

Great Emperor Eastsun smiled and said, "Get up. You're already very good! Making it to this step, your six wroughts soul body has already reached grand completion. After tempering in the Soul Refining Furnace, you'll be able to step into the realm of seven wroughts! In the future, when you enter the clan, it will be when you soar to the heaven in one bound!"

As he said, Great Emperor Eastsun casually waved his hand. A powerful soul force directly fired into Qin Shitian's soul body.

Qin Shitian's soul body immediately recovered to its peak state.

Qin Shitian felt an upsurge of emotion from what Great Emperor Eastsun said just now.

Soul clan, that was the holy land in his heart!

"Eh? That Ye Yuan actually entered the third segment!" Right at this time, no idea who said that, shattering this happy atmosphere.

Everyone was stupefied and could not help turning their heads to look. Sure enough, they discovered that Ye Yuan already entered the third segment.

This guy actually passed the test unknowingly?

The moment Qin Shitian saw, he was amused.

"This guy said whatever talk again after passing. In the end, after messing around for half a day, he only barely managed to pass the stage! I really want to see how this punk postures after coming out," Qin Shitian said smugly.

His result could already press Ye Yuan onto the ground and beat him.

Looking at how each of Ye Yuan's steps was very difficult, the third segment was already the limit.

The humiliation that you gave to Your Father, Your Father will definitely make you repay it twofold!

At this time, he was already planning how to humiliate Ye Yuan.

"Huhu, why does Brother Qin need to stoop to the level of a piece of trash? You're the proud son of heaven!"

"Just a clown jumping around, that's all. He's not even fit to carry shoes for Brother Qin!"

“Sure enough, he’s a useless trash, struggling so hard to even enter the third segment! Just this bit of ability and he also dares to be arrogant and overestimating himself!”

... ..

With Qin Shitian soaring to the sky in one bound, there were naturally many people who came over to lick his boots.

In the future, everyone would still be a member of the Nirvana Soul Hall. Getting into good terms with this big shot would have many benefits.

Jiang Hao also could not help laughing as he said, “This is the so-called eyesight that you talked about? Good! Indeed good! This kid doesn’t have much strength, but his ability to posture is monstrous! Most likely, even Qin Shitian is greatly inferior when compared to him!”

Yan Jadetrue had a black face and did not know what he should say.

He felt that Ye Yuan should be more than this, but Ye Yuan’s performance was clearly so. He had no way of refuting.

Ye Yuan did not have much self-awareness, he was currently like a fish in the water.

Either way, the Soul Controlling Avenue had no time limit either, he could make use of these divine soul attacks fully to temper his soul body.

Making it through the second stage, Ye Yuan’s soul body already reached middle three wrougths.

Presently in the third segment, the difficulty soared to another level.

The effect of the tempering got even better!

Time slowly trickled by, Ye Yuan seemed to be struggling with every step, but he just did not withdraw.

Qin Shitian was very anxious from waiting. He already mustered up a big retort, just waiting for Ye Yuan to come out.

But Ye Yuan just did not come out.

Ye Yuan’s soul body seemed to be in a precarious situation under the divine soul attacks.

But he just did not dissipate.

Just like that, Ye Yuan approached the fourth segment step by step.

When he stepped into the fourth segment, everyone seemed to swallow a gulp.

How did this kind of weakling enter the fourth segment?

If perseverance had a use, then wouldn’t we have long been tenth segment?

Really seeing ghosts, this guy entered the fourth segment already.

The fourth segment was already a very decent result.

Looking across those who entered Nirvana Soul Hall, powerhouses, who managed to enter the fourth segment, belonged among those with superior aptitude too.

No one expected that Ye Yuan could actually walk until this step too.

“This punk can really hold out! Sure enough, the function of Dao heart is still great! However, it ends here too! The fourth segment’s number and power are double that of the third segment’s. The power is already extremely terrifying! He’ll surely withdraw within ten thousand feet!” Qin Shitian said with certainty.

Many people who made it to the fourth segment nodded their heads one after another.

Many top geniuses all suffered a crushing defeat at the fourth segment.

This round was indeed a watershed.

Wanting to clear it was incredibly difficult.

Apart from Qin Shitian three people, the best result was also merely peak fourth segment.

Very soon, ten thousand feet was reached.

Amidst the swaying in the midst of a raging storm. Ye Yuan crossed ten thousand feet.

Qin Shitian’s expression was very ugly.

Slapped again!

However, he was currently lording it over others. Although everyone found it funny, they did not dare to show it.

He was the disciple that Hall Master regarded extremely highly!

This time, Qin Shitian became wiser. He stopped talking.

But in his heart, he was still sneering endlessly.

This way of perseverance, having his divine soul be destroyed by the divine soul attacks in the end, was the only outcome!

No idea how long had passed either, Ye Yuan arrived at the threshold of the fifth segment.

No idea why, everyone’s hearts leaped to their throats again.

This guy teetered, teetered, and actually surpassed everyone apart from the Scarlet Drill Three Sons in the end!

Inconceivable!

Suddenly, Great Emperor Eastsun’s pupils constricted, and he exclaimed, “Four wroughts! I understand. This boy is using the divine soul attacks to temper his soul body!”

Chapter 2925: Accidentally Cleared the Stage!

“Tempering the soul body!”

Many people could not help crying out in surprise.

Tempering the soul body in the Soul Controlling Avenue, this act was also too crazy!

Although the Soul Controlling Avenue had the effect of tempering the soul body in itself, everyone did not dare to stay for a time.

The fighting spirit aroused by the first roll of drums was depleted by the second and exhausted by the third.

Once it stopped, the violent storm-like divine soul attacks would completely knock you unconscious.

Even a powerhouse like Qin Shitian only dared to stop briefly at the first two segments too.

After entering the third segment, it was impossible to stay for a time anymore.

But Ye Yuan had been tempering his soul body all the way from the first segment. This was simply too crazy.

“This ... He wouldn’t keep on tempering, right? Then wouldn’t he be able to break through all the way to the tenth segment?” An examiner could not resist asking.

“Before entering the Soul Controlling Avenue, he should only be two wrougths!! Now, he actually broke through two wrougths consecutively! This boy’s Dao heart is firm. He indeed has incredible willpower! However ... it just about ends here too! Such tempering is very harmful to the soul body. If he doesn’t withdraw in the fifth segment, he’ll turn to ashes!” Great Emperor Eastsun shook his head and said.

Only after hearing this did Qin Shitian involuntarily let out a sigh of relief.

Just now, hearing that Ye Yuan was actually tempering the soul body, he broke out in cold sweat too.

In that case, could Ye Yuan keep on breaking through and upgrading continuously?

It turned out that it was a false alarm.

“Humph! A guy who curries favor by claptrap, don’t withdraw if you have the capability!” Qin Shitian said disdainfully.

In his heart, he naturally hoped that Ye Yuan would turn to ashes.

Right at this time, Ye Yuan stepped into the fifth segment.

The pressure increased again!

If it was a normal soul race cultivation method, he would naturally be unable to withstand this kind of damage.

But the Divine Emergence was the soul race’s supreme soul canon with endless wonders.

Ye Yuan’s soul body looked very contorted, but actually, the damage was not that great because his recovery ability was extremely shocking.

Of course, this process was extremely painful.

But pain was really nothing to Ye Yuan.

Clearly, after entering the fifth segment, the soul body was in even greater agony. Ye Yuan's soul body became even more contorted too.

However, Ye Yuan was still persisting in moving forward.

Qin Shitian's gaze flickered, secretly encouraging in his heart: That's right! Just like this! Don't pull out! Come on! Come on!

Just as he wished, Ye Yuan did not pull out. He kept persevering.

Then he reached the sixth segment's checkpoint too.

Everyone held their breathing again!

Could it be that Ye Yuan was going to break the record too, becoming the second examinee to break through to the sixth segment today?

Ye Yuan did not hesitate, taking a stride over.

The pressure increased again!

Then ... Ye Yuan broke through!

Five wrougths!

Great Emperor Eastsun's expression somewhat could not be maintained anymore.

He predicted just now that if Ye Yuan still did not withdraw, he would turn to ashes.

Now, Ye Yuan broke through to the sixth segment. His soul body broke through to five wrougths too!

As if he was slapping his face!

Many people cast strange gazes over.

Just now, wasn't it you who said that if Ye Yuan still did not withdraw, he would die?

"This kid must have some mystic art that can rapidly recover the soul body! However, no matter how strong the mystic art is, it's impossible for him to tide over the sixth segment too!" Great Emperor Eastsun said with certainty.

As if he was regaining some face for himself.

Everyone came to a sudden realization. Ye Yuan naturally had some reliance to dare to temper his soul like this.

Hall Master was a great emperor. His words could still be trusted.

In reality, that was indeed the case too.

It was just that he did not know that Ye Yuan's mystic art was the supreme sacred canon of the soul race!

Then Ye Yuan got closer to Qin Shitian's record bit by bit.

Qin Shitian's expression also started to become ugly little by little.

This was like the tortoise and hare. That tortoise at the back got closer to him little by little!

This kind of feeling was like being roasted on a fire.

Arduous!

"Die! Why haven't you died yet! The sixth segment's divine soul attacks are so terrifying. Why hasn't he died yet?"

Qin Shitian shouted crazily in his heart, cursing Ye Yuan to turn to ashes.

But very sadly, he did not!

Ye Yuan's footsteps were difficult but sturdy.

"200 feet! Tied!"

When Ye Yuan took a stride, someone suddenly cried out in alarm.

The people came to a sudden realization. It turned out that Ye Yuan already tied with Qin Shitian's record!

The powerhouses present seethed with excitement again!

No one expected that a brand new record that virtually no one could surpass was broken on the same day!

Many people's faces felt fiery hot. Earlier, they lavished Qin Shitian with praises crazily, trampling Ye Yuan until he was utterly worthless.

But now, Ye Yuan was on the verge of breaking Qin Shitian's record!

Qin Shitian's expression was almost contorted.

Trampled again!

At the Lucid Forest, it was instant kill!

At the Soul Controlling Avenue, it was boiling the frog slowly in warm water!

From the fifth segment until now, he was like a frog that was slowly being boiled.

Then ... he was cooked!

He wished to find a hole in the ground to burrow into now.

The posturing earlier seemed extremely laughable now.

Zhou Yu and He Chen stopped talking too. They used Ye Yuan to give vent earlier. Now, Ye Yuan was feeding them shit.

This slap was extremely resounding.

But the surprise that Ye Yuan created was clearly not enough yet!

Then, he stepped into the seventh segment!

“Hiss ...”

Everyone drew a breath of cold air!

Seventh segment!

To everyone present, including those Emperor Realms, this was something that was unimaginable.

Nobody could do it!

Great Emperor Eastsun’s expression became even uglier.

He tried to regain some face, but he discovered that his face was beaten more and more swollen!

Below the Soul Controlling Avenue, it was deathly silent.

Everyone just looked at Ye Yuan like that, looking at his solo performance.

They already did not know what they should say.

This test already became Ye Yuan’s solo show!

Amidst the deathly silence, Ye Yuan was still advancing!

Seventh segment!

Eighth segment!

Ninth segment!

With each segment that he passed, everyone’s hearts seemed to thud heavily.

When Ye Yuan crossed the ninth segment and entered the tenth segment, the air seemed to have solidified.

“I-It’s the tenth segment already?”

“If say that the first segment is a light drizzle, then the tenth segment is the sky being rent asunder and the earth split open! How can this guy endure it?”

“This guy is simply a freak! At this Soul Controlling Avenue, he forcibly broke through from two wrougths to peak eight wrougths!”

... ..

They already did not know what to use to describe their current mood.

Before this, they did their best to lavish praise, lauding Qin Shitian's achievement until it was number one under the heavens!

But now, compared to Ye Yuan, he was nothing!

Tenth segment was too crazy!

This legendary checkpoint was indeed formidable!

Even if Ye Yuan cultivated the Divine Emergence, this round was quite strenuous too.

But, along with his soul body getting stronger and stronger, his comprehensions in the Divine Emergence's second level also became deeper and deeper.

His Divine Emergence already gradually showed signs of grand completion.

He needed an opportunity to break through to the third level!

One step, another step!

Ye Yuan got nearer and nearer to the peak tenth segment.

Everyone's hearts failed to live up to expectations and beat faster and faster.

They felt as if their chest were about to explode.

Suddenly, a terrifying thought emerged in their minds.

Clearing the stage?

There was actually someone who could clear the stage in the Soul Controlling Avenue?

How long had this not happened when looking across the entire Nihility Exceeding Balance Heaven?

Finally, Ye Yuan took a step out, blue skies that spanned for ten thousand miles!

"Uh ... I accidentally cleared the stage," Ye Yuan looked back at the Soul Controlling Avenue and said somewhat absent-mindedly.

[Unrivaled Medicine God](#)

Chapter 2926: Slight Imperfection in an Otherwise Flawless Thing

"C-Cleared the stage."

There were no heaven-shocking exclamations; there was only blankness.

Until now, they still did not dare to believe it.

Ning Lan Nirvana Soul Hall never had anyone who cleared the stage before.

Today, it was broken!

No one thought that the tortoise-like Ye Yuan actually created a myth in the end!

Cleared the stage!

“This is clearing the stage! He ... How did he do it?”

“Still said that it was accidental ... can this guy not be so demoralizing!”

“Just now, I still felt that Qin Shitian was unbelievably impressive. But, compared to Ye Yuan, he’s not even dregs!”

“Being able to witness a stage clear with my own eyes, I haven’t lived my life in vain!”

... ..

All of a sudden, the crowd exploded!

Soul Controlling Avenue’s stage clear was a legendary grand occasion!

Some people were even agitated until they shed tears.

Witnessing the birth of a miracle was indeed a kind of honor too.

This matter could be boasted for life.

The embarrassment from before no longer existed a long time ago.

What was there to be embarrassed about?

Many examinees already treated Ye Yuan as an idol, prostrating on all fours in idolization.

People were like this. When your strength was more or less the same as him, they would be envious and would be jealous.

But, when you reached a height that was lofty and out of reach, there was no longer such a thing.

There was only admiration remaining!

Great Emperor Eastsun took a look at Ye Yuan, then looked at Qin Shitian, and let out a long sigh.

When the latter felt this gaze, he was ashamed and resentful until he wanted to die.

However glorious he was a moment ago, it was how embarrassing it was now.

All of his glory served as a foil to Ye Yuan’s glory.

To a genius, nothing was more demoralizing than this.

“Westdawn, if I didn’t remember wrongly, in the last 30 thousand years, there was only Hegemon Heaven Subduer one person who cleared the stage, right?” Great Emperor Eastsun suddenly said.

/

Great Emperor Westdawn said rather excitedly, “That’s right! Wu Yu Nirvana Soul Hall also became one of the ten great Nirvana Soul Halls based on this! I didn’t expect that we produced one too!”

But Great Emperor Eastsun let out a sigh and said, “How unfortunate. He’s merely nine wrougths when he made it through the tenth segment. Compared to Hegemon Heaven Subduer, he’s still much worse!”

Westdawn said, "Yeah, when Hegemon Heaven Subduer cleared the Soul Controlling Avenue back then, he achieved the Heaven Tyrant Soul Physique with ten wroughts! Later, he relied on the Heaven Tyrant Soul Physique and roamed the world unhindered, becoming a Hegemon! Ye Yuan's ultimately a level worse than him!"

"A discrepancy of a hair's breadth could lead to an error of a thousand miles! Even if it's nine wroughts, wanting to step into the Hegemon Realm is incredibly difficult too!" Eastsun said rather disappointedly.

Not entering Hegemon, they would at most be about the same as him.

Even if they were more formidable than him, they would just be an Emperor Sakra Heaven in the end. That was not a big deal.

Only by stepping into the Hegemon Realm would it be considered to have really leaped over the dragon gate, soaring to the heaven in one leap!

Therefore, even if Ye Yuan's performance was extremely breathtaking, Great Emperor Eastsun was somewhat waning in interest too.

When everyone heard, they could not help being enlightened.

It turned out that there was still such a thing!

Qin Shitian finally regained a trace of confidence.

Isn't there still the third stage?

Ye Yuan could do it, so he could also do the same!

Who said that I, Qin Shitian, could not go against the wind and perform a reversal?

On the Scarlet Drill Battlefield, he was originally very inconspicuous.

How many times he was snatched from the jaws of death, how many times was he in adverse circumstances, he did not shrink back.

This time, he absolutely would not too!

He, Qin Shitian, used his life to fight for today!

Thinking up to here, Qin Shitian suddenly knelt down to Eastsun and said, "Master, this third round, this disciple will definitely go against the wind and reverse the situation, regaining all that I've lost!"

Great Emperor Eastsun saw an incomparably strong determination in Qin Shitian's eyes.

This kind of resolve was tempered in the Scarlet Drill Battlefield.

Qin Shitian was not beaten down by Ye Yuan!

On the contrary, Ye Yuan's heaven-defying rise ignited his fighting spirit even more!

The corners of Great Emperor Eastsun's mouth curled slightly, and he said with a faint smile, "Good, Master thinks very highly of you! Perhaps Ye Yuan's appearance is a good thing to you!"

Qin Shitian's entire body trembled, immediately understanding Great Emperor Eastsun's meaning.

These few years, he had become somewhat egotistical!

Especially just now, he virtually had one leg into the seventh segment. His life seemed to have reached its peak.

But Ye Yuan's appearance gave him a direct blow, knocking him awake!

The so-called being toughened and hardened into steel, Great Emperor Eastsun knew that someone like Qin Shitian might have even greater potential than Ye Yuan!

After all, they were just True Sovereign Heaven. Everything was possible!

At this time, Ye Yuan floated down. Many people cast worshiping gazes over.

However, they also knew that there was likely still a battle between Ye Yuan and Qin Shitian.

This fight would very likely determine the two people's future!

Seeing Great Emperor Eastsun's gratified gaze, everyone naturally would not think that he was shooting at random.

Hall Master's gaze had always been very sharp.

It was naturally not without reason that he picked Qin Shitian at one glance among the Scarlet Drill Three Sons.

Ye Yuan did not have the intention of deliberately showing off. He cultivated the Divine Emergence. If he could not even clear the stage, he could find a piece of tofu to commit suicide with.

There was no comparison between him and Qin Shitian at all, and he had never treated him as an opponent before either.

However, Qin Shitian clearly did not feel that way.

He already viewed Ye Yuan as his lifelong enemy.

Seeing Ye Yuan come over, Qin Shitian snorted coldly and said, "Ye Yuan, don't you be smug! The victor hasn't been decided between us yet! The third stage, Soul Refining Furnace, is where we'll have our final showdown! This time, I'll completely defeat you! And you'll become the stepping stone on my path to Hegemon!"

Ye Yuan had a baffled look. *?I did not even posture when I cleared the stage. What did you run here to posture for?*

Who was going to determine the victor with you?

From start to you, it had always been you performing by yourself, alright?

"Oh, Hegemon? Then very impressive! Buck up!" Ye Yuan said coolly.

Qin Shitian could not help choking as if his punch had landed on cotton.

If Ye Yuan went tit for tat with him, he would have even greater fighting spirit.

But what the hell was this?

... ..

Soul Refining Furnace was a chaos heavenly treasure with boundless power!

Of course, the Soul Refining Furnace in the Nirvana Soul Hall was just a projection of it.

This third stage, Soul Refining Furnace, was for the soul denizen to enter it and receive the tempering of 7 by 7,49 kinds of Dao fires!

These 49 kinds of Dao fire, each one was stronger than the last!

Only by being able to make it through the test of seven Dao fires was it considered to have passed the round.

Same as before, this round was a test and also a lucky chance.

The tempering of Dao fire was extremely harmful to the soul body.

But true gold was not afraid of being refined by fire. Tempering revival amidst Dao fire was the greatest significance of this round.

Someone transformed into a butterfly in the soul refining furnace, rising from the ashes, reaching the peak.

After two rounds of assessment, there were only 97 people remaining in this third round!

After passing the third round, one would be considered a true Nirvana Soul Hall's disciple.

But this third round was also the most dangerous.

This was because this round could not be backed out of!

One must experience seven Dao fires before the Soul Refining Furnace would open again, and the examinee could then only come out.

Either succeed or die trying!

"This seat reminds you all. The Dao fires in the Soul Refining Furnace aren't average Dao fires! These seven by seven, 49 kinds of Dao fires, are all chaos fires! Our soul race expended a huge price before collecting them! Of course, the main bodies of these Dao fires are all in the real Soul Refining Furnace. But even so, you all can't underestimate it either. Now, if you want to withdraw, you can still pull out! Otherwise, once you enter the Soul Refining Furnace, there's only passing the test before you can come out!" Great Emperor Eastsun said coolly.

[Unrivaled Medicine God](#)

Chapter 2927: Bigger Bet!

The audience was in an uproar!

Many people actually already wanted to back out.

"I-It's actually chaos Dao fires! Furthermore, it's even 49 kinds, my god!"

"Chaos Dao fires burn myriad life. I heard that it can even burn Hegemon Realms to death! Wouldn't we be courting death by entering it?"

"This round, there's probably only Ye Yuan and Qin Shitian they all, these freaks, that have hope of passing, right? It's too difficult to enter the Nirvana Soul Hall!"

... ..

The examinees' wails echoed, clearly being intimidated by 'chaos Dao fire' three words.

In reality, this round was indeed the most difficult of the three stages!

Of the three rounds, the Lucid Forest was the easiest instead.

Although the Soul Controlling Avenue was difficult, there would always be someone who could clear the stage every several tens of thousands of years.

But, in the third round, Soul Refining Furnace, up to this date there were only a scanty few people who could clear the stage!

These handful of people were all presently the soul race's titan-class existences now!

Even if compared to Hegemon Cloudmount, they were not at all inferior to him in the least bit.

When Westdawn saw that many people could not make up their minds, he smiled slightly and said, "There is no harm telling you all. Each time the test starts, this round's death rate is the highest, with close to 70%! This is also to say that, at most, only 30 people out of you guys can survive!"

Updates by

With this, many people shrink back.

A death rate of 70% was indeed too horrifying.

One had to know that those able to make it to the third round were all soul path geniuses.

There was actually such a terrifying death rate.

"I ... I'll withdraw!"

"I'm withdrawing too!"

"Forget it, I give up!"

... ..

Westdawn's words made some of those who were ranked at the back make up their minds in the end.

To these people, them entering the Soul Refining Furnace were equivalent to being cannon fodders, being virtually unable to set off any waves.

Very soon, more than ten people backed out.

Right at this time, Qin Shitian suddenly looked at Ye Yuan and said with a cold smile, "Ye Yuan, why don't we bet bigger? Let's compete in this Soul Refining Furnace. How about it?"

Ye Yuan was not surprised, he smiled and said, "Oh? I wonder how you want to compete?"

Qin Shitian said, "In the Ning Lan Nirvana Soul Hall, the Soul Refining Furnace's highest record is four by seven, 28 kinds of Dao fires! Let's simply bet a little higher and request for Master to take action, sealing the two of our Soul Refining Furnaces shut! Without reaching five by seven, 35 kinds of Dao fires, we're not allowed to come out!"

The moment these words came out, everyone's faces suddenly changed.

This was betting too big!

Putting aside that it was five by seven, 35 kinds of Dao fires, just two by seven, 28 kinds of Dao fires was already extremely terrifying too!

One had to know that the Dao fires in the Soul Refining Furnace were added one by one.

With 28 kinds of chaos Dao fires, what kind of horrifying refinement ability was that!

But to consider 35 kinds of Dao fires, this was simply an impossible task.

Even Great Emperor Eastsun's pupils constricted slightly too.

But very soon, the corners of his mouth revealed a hint of a smile.

This was Qin Shitian!

Forcing himself into a desperate situation so that he could risk it all!

This boy had resolve, had willpower, and had strength. He was an exceptionally talented person from beginning to end.

Furthermore, this was psychological warfare too.

Once Ye Yuan cowered, it would be hard to win Qin Shitian in this round.

But, if he accepted it, it would virtually be a certain death scenario.

In this round, there was indeed an advantage for strong soul bodies.

But, once it reached the late stages, dozens of Dao fires superimposed, whatever soul body would be useless too.

Even if it was ten wroughts, it was also merely True Sovereign Heaven's ten wroughts. That was all.

In contrast, this round's test was more comprehensive.

Strength, talent, perseverance, courage; all these various aspects were all in this round.

Many people looked at Ye Yuan sympathetically. Right now, he was being caught in the horns of a dilemma!

Ye Yuan fell silent.

Qin Shitian looked at Ye Yuan and said smugly, "What? Don't dare anymore? Does the powerhouse in the Soul Controlling Avenue juncture not even have this bit of courage? ""How disappointing!"

Ye Yuan shook his head and said, "I was thinking that 35 kinds are too few. How about this? I actually don't have much confidence in 49 kinds of chaos Dao fires too. Let's just set it on six by seven, 42 kinds. I feel that this number is just right. There's some challenge and it also won't be too easy."

"Hiss ..."

The sound of cold air being sucked in came from all around.

Impressive!

Well-deserving of being the Soul Controlling Avenue stage clearing big shot, he was brimming with confidence!

With this, Ye Yuan directly counter-checkmated and performed a posture while he was at it.

These 42 kinds, just whether you dare or not!

If you don't dare, don't compete!

Qin Shitian's face was almost becoming as long as a horse's face.

Brat, you're ruthless enough!

Everyone gazes turned toward Qin Shitian simultaneously with a *whoosh*.

The latter was hesitating!

Ye Yuan smiled and said, "What, don't dare anymore? The genius who created a miracle in the Soul Controlling Avenue, just a step away from the seventh segment, doesn't even have this bit of courage? How disappointing!"

"Pffft!"

When many people heard this, they immediately spurted out.

Sarcastic!

Blatant sarcasm!

A stage clearing powerhouse who created a myth deriding a rookie who was only seventh segment.

Nothing was more ironic than this.

Furthermore, Ye Yuan even retorted Qin Shitian with his original words.

The power was more than ten times that of the original words!

Qin Shitian's face could not be preserved anymore. He was not a fool and knew that Ye Yuan was goading him.

But, at this time, could he shrink back?

Qin Shitian naturally did not know which step he could walk until.

But he wanted to challenge himself.

And put Ye Yuan down while he was at it.

But who knew that Ye Yuan was even more ruthless than him, directly mentioning 42 kinds of Dao fires!

One had to know, reaching that kind of degree, each additional Dao fire was like having a mountain pressing on the body.

The level of danger rose exponentially.

Could he withstand it?

“Okay, I accept!” Qin Shitian was silent for a long time, using a low voice to roar these words out.

Great Emperor Eastsun’s brows furrowed slightly, and he said in a solemn voice, “Shitian!”

Qin Shitian raised his head to look at Great Emperor Eastsun and said solemnly, “Master, I’ve experienced too many life and death in the Scarlet Drill Battlefield. How can I not see through that he’s goading me? However, so what? Which powerhouse didn’t wander out of the brink of death? How can the likes of them become Hegemons?”

As he spoke, he pointed at the examinees who backed out.

Those people were incomparably ashamed and angry, wishing to find a hole in the ground to burrow into.

When Great Emperor Eastsun heard, he was very moved too and said with a nod, “This seat understands. Go on! This seat will take action to lock in six by seven, 42 kinds of chaos Dao fires!”

Qin Shitian cupped his fists and said, “Many thanks, Master, for granting my wish!”

He looked toward Ye Yuan again and said with a cold smile, “How is it? You didn’t expect that I’d agree, right? Do you feel like you lifted a rock to smash your own feet?”

Ye Yuan smiled and said, “It doesn’t matter; as long as you’re happy.”

Qin Shitian nearly spewed out a mouthful of old blood. This guy was too hateful!

He smiled coldly and said, “I heard Master say before, each of the chaos Dao fires in the Soul Refining Furnace has power at the limit of True Sovereign Heaven. After 21 chaos Dao fires are superimposed, even if it’s a ten wroughts powerhouse, a moment of carelessness and they will fall too! Don’t think that you can sleep in peace with nine wroughts!”

Ye Yuan still had a calm appearance as he said with a smile, “Is that so? You’re just six wroughts. You have to be careful.”

[Unrivaled Medicine God](#)

Chapter 2928: Grand Awakening Qin Shitian!

Out of 97 people, there were only 79 people who entered the Soul Refining Furnace in the end.

The Nirvana Soul Hall could freely control the number of Soul Refining Furnace's projections.

Qin Shitian arrived before the Soul Refining Furnace that belonged to him and involuntarily took a deep breath.

Against 42 kinds of chaos Dao fires, this was really tremendous pressure!

Even if he had experienced life and death countless times, facing such enormous pressure, he could not be composed and collected too.

He could not resist glancing in Ye Yuan's direction and discovered that Ye Yuan was currently sizing the Soul Refining Furnace up with interest. Not the slightest pressure could be seen.

Qin Shitian's heart could not help turning cold!

Why is this guy so relaxed?

Hang on!

It was him who was too nervous!

Facing 42 kinds of Dao fires, he was unprecedentedly nervous!

This was a desperate situation, with virtually no possibility of returning alive.

Hence, he was somewhat at a loss on what to do.

In the past, whenever he was faced with a desperate situation, he could cope with it calmly.

What was going on this time?

Qin Shitian spat out a mouthful of turbid breath heavily, his entire person suddenly being unprecedentedly relaxed.

Wanting to look down on the enemy strategically, one must attach importance to the enemy in terms of tactics!

Qin Shitian did not expect that he actually found himself again in Ye Yuan!

Got beaten again!

Qin Shitian was proud and also monstrous.

It was just that he did not expect that after entering the hall entrance assessment this time, he would be pressed to the ground by Ye Yuan and dragged across it time and again.

Panicked!

"Thank you, Ye Yuan!" Qin Shitian suddenly said.

Ye Yuan was stunned and could not help looking toward Qin Shitian, suddenly discovering that the other party had become somewhat different.

Yes, this guy found his original heart again himself.

Hence, he smiled slightly and said, "Don't mention it."

But Qin Shitian's expression turned intent, and he said, "However, I won't lose to you in this round!"

Ye Yuan just smiled slightly, rising into the air and landing inside the Soul Refining Furnace.

A burning sensation hit him head-on.

"*Huhu*,?Shitian found his original heart again and had a grand awakening! In this battle, he absolutely won't lose to Ye Yuan! Perhaps, my estimation of him is still far, far lower! This seat feels that he might really create a miracle, walking out safely from under the soul refinement of 42 kinds of chaos Dao fires! Perhaps ... he's the next Hegemon Heaven Subduer!"

Great Emperor Eastsun clearly felt Qin Shitian's change too.

Earlier, he was still worried. But now, he was not worried at all anymore.

At this time, he was incomparably certain that Ye Yuan was just Qin Shitian's whetting stone!

Because at this time, Qin Shitian was already equipped with all the qualities that a powerhouse needed to have.

He had no reason not to rise up!

Great Emperor Westdawn also nodded and said, "Originally, I also felt that it was messing around a little. But now, I'm very optimistic about Qin Shitian too."

Even the Great Emperor Woodrelease, who had been silent all along, also said, "That's right, Qin Shitian is very likely to soar to the heavens in one bound!"

Three great emperors putting the word out at the same time. This was virtually a final verdict already!

Many people started to get excited again.

Could it be that they were still going to witness a miracle again today?

Ye Yuan won two matches in a row. In the end, was he still going to be trampled by Qin Shitian?

That would really be a great reversal!

No matter what, just wait and see!

Great Emperor Eastsun fired out one soul seal after another. Ye Yuan and Qin Shitian's Soul Refining Furnaces seemed to have one shackle after another added on.

Each time one was fired out, everyone's heart tensed up a bit!

Finally, he fired out 35 shackles, coupled with the originally locked in seven kinds of Dao fires, it was 42 kinds!

With this, everyone knew that these two people could not get out anymore!

Against 42 kinds of chaos Dao fires, even thinking about it made people's hair stand on end.

Boom!

A purple flame lit up at the same time in the 79 Soul Refining Furnaces!

The Soul Refining Furnaces were completely filled with purple flames.

That berserk fire tongue devoured everyone's bodies at once.

"Ahh!!"

"Ahh!!"

"Ahh!!"

Several miserable cries transmitted over, the examinees in several Soul Refining Furnaces directly turned to ashes!

Everyone's expression could not help changing.

They knew that chaos Dao fire was strong but did not expect that it was so strong.

Those few people simply disappeared virtually without the strength to resist.

Those examinees who withdrew could not help wiping away cold sweat.

"Luckily, I pulled out. Otherwise, with my strength, I'll definitely be the same as them."

"This is the legendary Purplesun True Fire. The power is indeed terrifying!"

"I heard that this Purplesun True Fire is an extreme yang and indomitable fire. It can burn all life in heaven and earth! Back then, my soul race's Hegemon Purplesun completely burned a human Hegemon to nothingness with this fire!"

... ..

The moment the Dao fire emerged, it caused an uproar.

This Purplesun True Fire had a great reputation. It was the lifeblood Dao fire of the soul race's Hegemon Purplesun. It had boundless power.

Those who withdrew from the test all secretly heaved sighs of relief one after another.

So what if they lost some face? It was better than losing their lives!

"*Argh!*?Delightful! Come on! Again!" Inside the Soul Refining Furnace, Qin Shitian cried out in pain as he shouted arrogantly. It was as if he was crazy.

Clearly, he was not having a good time in this Soul Refining Furnace.

But his performance made everyone extremely surprised.

Because the others were already exhausting all of their strength just to resist the tempering of the Dao fire, how could they still have the time to shout?

Qin Shitian being like this, it showed that he still had strength leftover.

On the contrary, there was not much activity over at Ye Yuan there.

However, this was just the first Dao fire. There was clearly nothing that could be seen.

With Ye Yuan's nine wroughts soul body, it was clearly not difficult to resist seven kinds of Dao fire.

Every four hours, a Dao fire would descend!

Four hours later, the second Dao fire descended!

Hence, several other examinees died inside the Soul Refining Furnace.

Time slowly trickled by, the third, the fourth, all the way until the sixth. With each Dao fire that descended, there were many examinees who died.

When it reached the sixth, there were already more than 40 people who had died.

The death rate was not an ordinary kind of high!

But right at this time, an accident happened!

"Hahaha, finally broke through!" Qin Shitian's loud laughter came out.

Seven wroughts!

Experiencing the baptism of six kinds of Dao fires, Qin Shitian finally broke through to seven wroughts!

"Sure enough, it came!"

"Against six kinds of Dao fire, the others were all exhausted from dealing with them. But Qin Shitian could break through his own shackles. Remarkable!"

"Now, Ye Yuan became the one being challenged! He's nine wroughts. It's probably not easy for him to want to reach the legendary ten wroughts!"

"Next, it will depend on how far Qin Shitian could go! If he can reach nine wroughts too, then he'll really soar to the heavens in one bound!"

... ..

Qin Shitian's breakthrough made everyone faintly look forward to it.

Very soon, the seventh kind of Dao fire descended!

A large group died at once!

Every seventh kind was a major hurdle!

The power of the chaos Dao fire would suddenly soar significantly.

The initial 79 people were actually only left with a little over 20 people now!

The death rate was even higher than imagined!

"Hahaha?... I finally passed the round! I passed! God knows how Your Father pulled through!" Suddenly, someone shouted loudly and actually had already passed the round.

“Your Father passed the round too! F*cking hell, Your Father isn’t entering the Soul Refining Furnace ever again!? *Sniff sniff?*...” This person actually cried.

These few people were all challengers with very eye-catching performances in the first two rounds.

It could be seen how terrifying this round was!

Unrivaled Medicine God

Chapter 2929: Catching up From Behind!

“It’s eight wrougths already!”

“Impressive! Impressive! Qin Shitian is really showing signs of catching up!”

“Great Emperor Eastsun indeed has eyes like torches! Qin Shitian really erupted this time!”

... ..

After the 14th kind of Dao fire descended, Qin Shitian finally broke through to the realm of eight wrougths!

Hence, the people were ignited once more.

Up until now, there was already nothing else to pay attention to in this round.

Although Zhou Yu and He Chen were still struggling bitterly, there was already no one paying attention to them.

These two people would quit sooner or later.

The only thing worth paying attention to was the competition between Ye Yuan and Qin Shitian!

The competition of six by seven, 27 kinds of Dao fires, had already passed now!

Qin Shitian showed signs of catching up rapidly from behind!

Meanwhile, Ye Yuan still had no activities until now.

The current Qin Shitian seemed to be accumulating momentum, waiting to soar to the sky in one bound!

After his grand awakening, he indeed did not let Great Emperor Eastsun down, exhibiting amazing perseverance and potential!

One had to know, after 14 kinds of Dao fires, it was like the Soul Controlling Avenue’s segments, the difficulty coefficient soaring.

The Soul Refining Furnace was a glaze color. It was transparent.

Everyone could see that inside was already filled with multi-colored chaos Dao fires.

Under 14 kinds of Dao fires, it was not as simple as one plus one equals two.

In the Soul Refining Furnace, the soul body was constantly enduring endless agony. Even the slightest carelessness and one would turn to ashes!

Even if it was Qin Shitian and Ye Yuan, they were no exceptions either.

That kind of pain, look at Zhou Yu and He Chen two people, and one would know.

But Qin Shitian broke through time and again. Everyone's enthusiasm was ignited by him!

However, everyone understood that following that would be the toughest test!

Qin Shitian said before, after 21 kinds of Dao fires, a powerhouse with ten wrougths was unable to persist too.

This was also to say that 14 kinds to 21 kinds were the two people's limit already.

Whoever won or lost, it might be time to showcase their true abilities!

When the 16th Dao fire descended, He Chen could not hold on and had to withdraw.

When it was the 17th, Zhou Yu could not hold on anymore as well.

At this time, there was no one left in the Soul Refining Furnace anymore, except for two people. There were only Ye Yuan and Qin Shitian left.

Over at Ye Yuan there, it had been very quiet all along, without any activities at all. It looked just like he was eking out a miserable existence.

While Qin Shitian this side was everyone's focal point.

Inside the Soul Refining Furnace, Qin Shitian was screaming miserably.

But his aura was getting stronger and stronger!

Finally, after the 20th Dao fire descended, he broke through again!

Nine wrougths!

With this, even Great Emperor Eastsun was not calm anymore too.

He was very optimistic about Qin Shitian, but he did not expect that Qin Shitian would give him one pleasant surprise after another.

Nine wrougths!

Before entering the hall entrance assessment, Great Emperor Eastsun had never even thought about it before.

He had long expected that after experiencing three rounds of assessment, there was no problem in Qin Shitian breaking through to seven wrougths.

But now, he already entered nine wrougths!

"Tied! With this, they are back to the same starting line again!"

"With this, he really caught up from behind!"

"Ten wrougths! Will the legendary ten wrougths appear?"

“There’s still half of the Dao fires left at the back! If they can really hold on, ten wrougths will definitely appear!”

... ..

After the second round, everyone thought that the third round would become boring.

Who knew that Qin Shitian strove harder after knowing humiliation and actually caught up miraculously!

Reaching nine wrougths, Qin Shitian was tied with Ye Yuan!

“Haha, this seat indeed didn’t misjudge this boy! Already nine wrougths! In this seat’s view, he will definitely be able to steep into ten wrougths!” Great Emperor Eastsun already gave up on the reservedness of a great emperor, being pleased with himself as he said with a loud laugh.

Westdawn and Woodrelease, two great emperors, took a look at Zhou Yu and He Chen, and they could not help sighing slightly.

In this competition, they had lost until they were badly mauled all over!

Who could have thought that Qin Shitian could actually be so heaven-defying, suddenly awakening amidst adversity, soaring to the sky in one bound?

The legendary ten wrougths!

Nine wrougths to ten wrougths was a huge threshold!

It was a hundred times harder than stepping into the Emperor Realm!

To someone who was ten wrougths, stepping into the Emperor Realm was just ordinary.

As long as they did not fall, their lowest future achievement would also be an origin level great emperor!

If they really stepped into ten wrougths, that would really be leaping over the dragon gate, soaring to the heaven in one leap!

Compared to the Qin Shitian, who was like the noonday sun at this time, the current Ye Yuan seemed much dimmer.

Actually, Ye Yuan had long already reached peak nine wrougths. He was only a step away from ten wrougths.

But he encountered a bottleneck.

Actually, this was also within reason.

What Ye Yuan cultivated was the powerful soul race’s sacred canon, the Divine Emergence.

Furthermore, he broke through too smoothly and too quickly from second wrougths to nine wrougths.

Therefore, the difficulty of stepping into ten wrougths was naturally a hundred times, even a thousand times compared to the others!

One chaos Dao fire after another descended, and the pain and pressure that Ye Yuan endured were also increasing several times over.

The pain of Dao fire refining the soul overwhelmed him to the extent where he wished that he was dead.

When the 21st kind of Dao fire descended, he could not resist giving a muffled groan.

Reached his limit!

Just as Great Emperor Eastsun said, the advantage that he had previously already completely did not exist!

Following that, it was the match between perseverance and potential!

Of course, the pain that Qin Shitian endured was not the slightest bit worse than Ye Yuan.

Although he broke through to nine wroughts, under the superimposition of 21 kinds of chaos Dao fires, nine wroughts did not hold too much advantage.

Hence, the two people fell into a state of extreme danger.

“ARGHH!!”

Inside the Soul Refining Furnace, Qin Shitian was still howling in pain, appearing extremely imposing.

“Why do I feel that Qin Shitian will definitely win this time?”

“I feel so too! Ye Yuan has clearly already exhausted his potential and isn’t able to step into the realm of ten wroughts anymore!”

“Although Qin Shitian is miserable, he’s full of energy! Furthermore, mustering such vigorous perseverance now, he might very likely break through this shackle!”

... ..

At this time, Ye Yuan and Qin Shitian two people’s situation had already completely changed.

Qin Shitian’s great reversal already completely suppressed Ye Yuan.

Four by seven fire, activate!

One Dao fire after another descended one after another.

Inside the Soul Refining Furnace, it became even more brightly colored.

These colors looked great but were extremely dangerous.

Qin Shitian was originally still howling miserably without ceasing. But very soon, he could not howl anymore.

His howls also gradually weakened.

This also showed that the power of the Dao fires inside the Soul Refining Furnace already reached an extremely terrifying level!

However, Qin Shitian still relied on shocking perseverance and pulled through four by seven fires!

This already broke Ning Lan Nirvana Soul Hall's record!

Following that, it was five by seven fires!

Once five by seven fires started, Qin Shitian and Ye Yuan let out muffled groans at the same time.

The two people's soul bodies actually started dissipating!

Their nine wroughts soul bodies actually started to be refined!

Everyone held their breaths, watching these two people's soul bodies become weak little by little.

"Nihility Dao Fire! Nihility Dao Fire came! Can the two of them pull through?" Suddenly, someone cried out in alarm.

This Nihility Dao Fire was the last Dao fire of the five by seven Dao fires, the 35th kind of Dao fire!

"*Arghhh!*? Break for me! Break for me! I, Qin Shitian, absolutely won't die here!"

The originally feeble to the extreme Qin Shitian suddenly started to roar crazily.

Following that, a powerful to the extreme undulation came out of the Soul Refining Furnace!

"Ten wroughts! Qin Shitian broke through to ten wroughts! Defying the heavens! Defying the heavens!"

This time, the one who cried out in surprise was Great Emperor Eastsun.

Unrivaled Medicine God

Chapter 2930: Breaking Through the Shackles, Unprecedented and

Qin Shitian breaking through to ten wroughts made the entire Nirvana Soul Hall boil over with excitement.

This was a glorious moment!

Nine wroughts to ten wroughts, just one wrought, but the difference was like the difference between heaven and earth.

Ten wroughts virtually represented immortality!

In the same rank, no matter how exceedingly formidable your methods, you could not kill a ten wroughts soul denizen too!

Even when facing an Emperor Realm, ten wroughts had the power to protect themselves too!

Furthermore, once the bottleneck of ten wroughts was opened, there would be no bottlenecks from now on.

This was also to say that after breaking through to Emperor Realm, although the soul body was unable to reach ten wroughts, one could cultivate all the way to ten wroughts!

Apart from this, when ten wroughts advanced, the soul body would have a huge improvement. The lousiest would also start with six wroughts.

This way, it saved countless cultivation time.

All in all, the benefits were too numerous to enumerate!

“Ten wroughts! It’s really ten wroughts! I didn’t expect that I actually witnessed the birth of ten wroughts with my own eyes!”

“Sure enough, Ye Yuan’s sharp edge previously, it was all serving as a foil to a new genius. He’s ultimately just a stepping stone!”

“After today, Qin Shitian, this name, will shake the entire soul race!”

... ..

Ye Yuan and Qin Shitian’s competition already spread from mouth to mouth.

Those who were idle in the Nirvana Soul Hall practically all came to watch the battle.

Ten wroughts, this was something that had never happened before in the Ning Lan Nirvana Soul Hall.

Now, ten wroughts powerhouse was really born. Ning Lan Nirvana Soul Hall was completely ignited from top to bottom.

Qin Shitian, this name, reverberated throughout Ning Lan Nirvana Soul Hall.

The several Great Emperors were extremely agitated too.

Nine wroughts, they could still maintain composure.

But ten wroughts, the significance was completely different.

Ten wroughts, if he did not fall, he had very high hopes of stepping into Hegemon Realm in the future!

Once Qin Shitian became a Hegemon, then Ning Lan Nirvana Soul Hall would also attain Dao and ascend to heaven!

Meanwhile, Zhou Yu and He Chen, two people, felt unbelievably ashamed of their unworthiness.

Before this, they were called the Scarlet Drill Three Sons together with Qin Shitian.

But now, Qin Shitian soared to the heavens in one bound. They could only fade into the crowd.

Although their performance was pretty good too, in front of Qin Shitian, they were bleak and dim.

Suddenly, someone cried out in alarm, “You guys, look! Ye Yuan can’t make it anymore!”

Everyone got a shock, looking toward Ye Yuan’s Soul Refining Furnace. They discovered that Ye Yuan’s soul body actually started to dissipate little by little!

Soul body collapsing and dissipating, these were the precursors to disintegrating!

However, there was already no one who cared too much.

No one would care about losers. The winner was that person who wrote history.

“Ye Yuan’s ultimately just a stepping stone. He’s currently already useless!”

“Yeah, if not for him, it would have been impossible for Qin Shitian to soar to the heavens in one bound too. It’s him who let Qin Shitian have a grand awakening at the final moment.”

“Heh, his arrogance was too high. That’s why he would bet with Qin Shitian on these 42 kinds of Dao fires. In the end, he played himself to death.”

“If they just bet 35 kinds, he still had hope of surviving. Now, everything has evaporated!”

“What a shame, such a heaven-defying genius.”

... ..

Seeing this scene, many mocking voices came from the crowd, feeling that Ye Yuan courted death himself.

Of course, there were people who lamented over Ye Yuan too.

But there were more that were just ridiculing him.

No one would sympathize with losers.

“*Hahaha*,?Ye Yuan, thank you! Without you, it would have been impossible for me to break through to the realm of ten wroughts! It’s you who made me Qin Shitian!”

In the Soul Refining Furnace, Qin Shitian already thoroughly completed the transformation.

The originally weak him became incomparably powerful again.

In the Soul Refining Furnace, his soul body seemed especially clear.

Even if there were 35 kinds of Dao fires covering, it could not hide his light too.

Ten wroughts soul body was sufficient to forcefully have a frontal confrontation with the human race and true spirit clan’s fleshy body major powers!

But very soon, Qin Shitian could not laugh anymore.

Ten wroughts soul body was very strong, almost undying and imperishable!

But, in the end, it was just almost.

Hegemons would die, let alone mere True Sovereign Heavens.

Each chaos Dao fire in the Soul Refining Furnace had exceedingly formidable power. Furthermore, the attributes were different.

Now, 35 kinds of Dao fires had already built up inside. The power could be imagined.

When the 36th Dao fire descended, Qin Shitian screamed miserably, his soul body immediately suffering heavy injuries.

At first, he still had strength to yell.

But, as the number of Dao fires increased again, he lost his breath very quickly.

Furthermore, very soon, Qin Shitian's soul body also started to collapse and dissipate..

Everyone were virtually suffocating!

Could it be that the Qin Shitian, who created a heaven-defying legend, was actually going to die here?

Looking over at Ye Yuan there, the dissipation of the soul body became more and more serious.

His soul body had already become blurry, being completely surrounded by dozens of Dao fires, virtually unable to see clearly anymore.

"It's all this damn Ye Yuan. He's useless himself and actually still had to drag Qin Shitian into the water!"

"Could it be that the Qin Shitian, who just created a miracle, was going to die here?"

"You guys, look, Great Emperor Eastsun's expression is already ugly to the extreme. Most likely, he wishes to pull Ye Yuan out now and kill him again, right?"

... ..

Indeed, Great Emperor Eastsun's expression was very ugly.

He knew that Qin Shitian had already reached the brink of life and death survival.

There were still two Dao fires remaining, but when the 42nd Dao fire descended, it would be a devastating blow.

Could the Qin Shitian under the current state pull through?

Great Emperor Eastsun hated Ye Yuan to the extreme. If it was just agreed on 35 kinds, Qin Shitian would be like the noonday sun now, without the slightest danger.

But 42 was too many!

Boom!

When the 42nd Dao fire descended, Qin Shitian gave a muffled groan, his soul body almost completely collapsing.

But he still held on with tremendous willpower!

Everyone held their breaths again, staring at him without turning their eyes.

"Hang in there! Hold on!" Great Emperor Eastsun gritted his teeth as he said.

In the Soul Refining Furnace, Qin Shitian's soul body was gruesomely contorted, both eyes blood-red.

At this time, he was already struggling to the extreme.

Life and death, it was hanging by a thread!

“Ye Yuan, I won’t perish together with you! I, Qin Shitian, am destined to step into Hegemon Realm!?ARGGHHHHH!”

Qin Shitian seemed to be crazy, frenziedly squeezing out all of the potentials in his body.

Time slowly trickled by, 15 minutes, two hours, three hours.

Four hours!

Swoosh!

A streak of azure light suddenly flew out. Qin Shitian’s nearly collapsed soul body actually flew out of the Soul Refining Furnace at this moment!

The lock was removed!

Qin Shitian made it through 42 kinds of chaos Dao fires!

Two brilliant rays of light shot out of Great Emperor Eastsun’s two eyes. A powerful soul force instantly wrapped Qin Shitian up!

Qin Shitian’s soul body could be seen recovering at a speed visible to the naked eye!

“Hahaha?... I, Qin Shitian, made it through 42 kinds of Dao fires! 42! Not saying that it’s unrepeatable, but it should be unprecedented, right? Ye Yuan, you didn’t expect it, right? This battle, it’s ultimately me, Qin Shitian, who won! Henceforth, I, Qin Shitian, soared to the sky in one bound, soaring in the heavens! And you, are just my, Qin Shitian’s, stepping stone!”

Feeling joy after surviving a calamity, Qin Shitian let out a long laugh.

Everything was settled!

“Huhu,?not bad! Really good! Shitian, Master is proud of you! From now on, nobody can stop your marching footsteps anymore!” Great Emperor Eastsun looked at Qin Shitian and said with relief.
