Chapter 2941: Twilight Drum Daybreak Bell!

"I didn't expect that this time, it's actually Junior Apprentice Sister Cloudneon personally leading the team!"

Before everyone landed, a young man who was far from being handsome came forward to greet, doing his utmost to please and woo.

Ye Yuan could not resist rolling his eyes. *Did you not have any idea what you look like?*

Sure enough, Cloudmount's expression seemed to turn a few degrees colder as she said coldly, "Brother Shan Yang, time is tight. Since everyone is here, let's start right away!"

Mountain?goat¹?

Uh, this name is pretty good, matching the person.

Didn't this person look just like a mountain goat?

When Mountain Goat saw that Cloudneon had an attitude of keeping people a thousand miles away, he could not help saying rather awkwardly, *"Haha, what Junior Apprentice Sister Cloudneon says is right. Then ... let's begin?"*

The others also laughed secretly in their hearts. It was just that this Mountain Goat was an origin major power of the Central Soul Region. His strength was almost on par with Cloudneon. There was naturally no one who dared to laugh.

The people leading the teams from the other three regions were all origin major powers too, coming forward to greet one after another.

One could also tell from their attitudes that Cloudneon's status in the Imperishable Soul Domain was extremely high!

Ye Yuan swept a glance and discovered that the five great regions added up, the Pseudo Imperishable Soul Physiques actually had close to 200 people.

With this, everything was clear.

It was completely worthless!

Mountain Goat led everyone and arrived under a glazed pagoda.

This glazed pagoda had a total of seven floors, each level with a different color.

"This Seven-Colored Pagoda is a chaos heavenly treasure! Back then, Progenitor Imperishable created it in order to search for a second Imperishable Physique. It's just a pity that nobody could become the second Hegemon Imperishable! The Seven-Colored Pagoda has not been opened up for 100 thousand years already. This time, Hegemon Imperishable had a sudden impulse to accept a disciple. You all are also considered blessed people!" Mountain Goat said.

Hearing this, many people were extremely excited.

It was as if Progenitor Imperishable's disciple had already been decided to be them.

However, Ye Yuan also saw a purple-robed young man in the Central Soul Region's team whose expression was very calm.

Ye Yuan understood in his heart that this person had probably already known about Progenitor Imperishable.

"Progenitor Imperishable left a trace of Soul Dao origin inside! What you all have to do is to find it and fuse with this trace of origin! As long as someone fuses with the origin, they will be able to become Progenitor Imperishable's disciple! Understood?" Mountain Goat continued.

"Fusing origin! Doesn't that mean that I'll be an origin powerhouse in Emperor Cloud Heaven?"

"Progenitor Imperishable's origin! This is a massive opportunity!"

"This Soul Dao origin is mine. Nobody is allowed to snatch from me!"

... ..

As soon as they heard this, all the Pseudo Imperishable Physiques went crazy.

This kind of massive opportunity was far too tempting for them.

Ye Yuan could not resist rolling his eyes. *?These guys are also too naive, right?*

If this power of origin was so easy to fuse, would the Seven-Colored Pagoda still be here perfectly fine?

Finished saying, Mountain Goat looked towards the purple-robed young man and said meaningfully, "Wang Qian, Progenitor Imperishable has pinned high hopes on you! Entering the Seven-Colored Pagoda this time, you have to perform well!"

The purple-robed young man bowed and said, "Martial Uncle, rest assured. Wang Qian definitely won't fail the mission?"

Mountain Goat nodded with a slight smile, his goat face growing longer.

When the Seven-Colored Pagoda opened up, Ye Yuan felt that his mist body seemed to have been ignited!

Those Pseudo Imperishable Physiques rushed inside impatiently.

Especially Bai Cuishan, he practically rushed inside with howls.

Wang Qian gave Ye Yuan a glance and also walked in.

Ye Yuan was just about to go, but then Cloudneon shouted, "Ye Yuan!"

Ye Yuan did not turn back and waved his hand and said, "Alright, alright, so much crap! Relax, I want to find Progenitor Imperishable more than you!"

Finished saying, he went straight into the Seven-Colored Pagoda.

The moment these words came out, the expressions of the few big shots all changed drastically.

This brat actually knew?

“Younger Sister Cloudneon! How can you leak the matter in advance?” “”West Soul Region’s team, an old woman questioned.

Cloudneon just said coolly, “Doesn’t Wang Qian know too?”

The old man said in a solemn voice, “How is that the same? Wang Qian he’s Progenitor Imperishable’s lineage heir in the first place!”

Cloudneon gave her a glance and said, “If I said it, I said it, so what about it?”

“You!” The old woman was angered until she billowed smoke from all seven orifices but was helpless to do anything.

At this time, Mountain Goat came over to smooth things over, saying with a smile, “Huhu, if it’s said, it’s said, there’s no big deal. Young Sister Cloudneon naturally won’t betray the ancestor. It’s just that ... Young Sister Cloudneon seems to be very optimistic about this kid!”

Cloudneon nodded her head and said, “If someone can really fuse with the origin, it can only be him!”

But Mountain Goat smiled and said, “Doesn’t Younger Sister Cloudneon know that before the progenitor went missing, he already had the intention of letting Wang Qian enter the Seven-Colored Pagoda? Where did this kid pop out from?”

Cloudneon said coolly, “If you don’t believe me, just wait and see!”

But the old woman sneered and said, “Do you think that only your East Soul Region can find geniuses? Our West Soul Region’s Zhou Yan similarly has the strength to fuse with the origin!”

The other two chuckled, clearly quite confident in the people that they brought.

... ..

Dong!

In the first level space, a drumming sound suddenly came over.

Ye Yuan only felt that his soul physique was shocked by this noise until it was about to collapse and dissipate.

Far away, a miserable cry came over. Clearly, the soul body had already been scattered.

“Can’t even withstand the Twilight Drum Daybreak Bell! Just based on your paltry skills and you also want to obtain the origin?” A mocking voice came from behind Ye Yuan.

Turning around to look, who could it be if not Wang Qian?

Clearly, Wang Qian had also discovered him in the crowd.

Ye Yuan looked at him and said with a smile, “Since the Central Soul Region called everyone over, it shows that their confidence in you is still lacking, isn’t that so?”

Wang Qian's pupils constricted, and he said in a cold voice, "You're courting death!"

Ye Yuan smiled and said, "If you feel that you can kill me, you can come and try."

This Wang Qian was merely a lower Emperor Cloud Heaven too.

It was simply impossible to kill him.

Therefore, Ye Yuan did not take him seriously either.

Wang Qian's gaze turned cold, and he said with a cold smile, "Don't need me to take action. You can't even withstand the Twilight Drum Daybreak Bell. You'll be wiped out by the Seven-Colored Pagoda very soon!"

Dong!

Right at this time, another drumming sound occurred.

This sound seemingly wanted to enter people's bone marrows.

Ye Yuan's soul body actually started to show signs of dissipation under this drumming.

Wang Qian's soul body was clearly much stronger. He was not affected at all.

He looked at Ye Yuan, snickering to no end.

"*Huhu*, a toad wanting to eat swan meat; it's talking about you, right? Savor the taste of the Twilight Drum Daybreak Bell well!" As he said these words, Wang Qian leaped and disappeared.

Ye Yuan's brows furrowed slightly, seemingly pondering about something.

Not far away, many people were directly scattered under this Twilight Drum Daybreak Bell.

However, the Pseudo Imperishable Physique was an Imperishable Physique too. They recovered back to new very quickly.

It was just that their soul bodies did not seem to be as condensed as before anymore.

This made Ye Yuan certain that the Twilight Drum Daybreak Bell could kill people!

But this was clearly a land of inheritance. Why did it want to kill people?

Chapter 2942: Cutting of All Means of Retreat!

Dong!

Ahead, a Pseudo Imperishable Physique directly exploded.

Then he stopped reviving as well.

He turned to ashes!

Many people started panicking.

Wang Qian looked at the panic on people's faces, his face full of a ridiculing expression.

A bunch of ant-like things also had wishful thinking about finding the origin!

Even if it was given to you, can you fuse with it?

Suddenly, his gaze turned intent, discovering that several people were still searching around.

"Mn?? If I didn't remember wrongly, that's Great Emperor Whiteshadow's grandson, Bai Cuishan, right? This kid had a great lucky chance too to obtain Progenitor Imperishable's guidance. Furthermore, his strength isn't weak!" Wang Qian muttered to himself.

Dong!

Another drumbeat!

This time, many Pseudo Imperishable Physiques directly turned to ashes!

Wang Qian felt that his soul body also became a bit uncomfortable.

He knew that the effect of this drumming sound was each blow being stronger than the last.

If he stayed for a long time, it would cause tremendous damage to his soul body!

They all, these Imperishable Soul Physiques, were not truly imperishable.

"Mn?"

At this time, he saw someone from the peripherals of his eyes.

Ye Yuan!

Following this drumbeat, Ye Yuan's soul body directly collapsed!

But very soon, Ye Yuan recovered his soul body again.

It was just that this time, it was clearly much dimmer than the last time!

A hint of a smile showed at the corners of Wang Qian's mouth. His figure moved, arriving before Ye Yuan, and he said with a look of amusement, "It's just the seventh drumbeat, and you already can't hold on? Nine drums, seven bells, each claiming lives! Kid, you have to take care!"

Ye Yuan's two eyes narrowed, and he said coolly, "Relax, even if you die, I won't die too!"

Wang Qian snickered and said, "Still being stubborn on your deathbed! Relax, I'll keep on paying attention to you!"

Finished saying, Wang Qian laughed loudly and left.

Bai Cuishan also discovered that Ye Yuan was scattering even more. He came over to urge, saying, "Ye Yuan, stop forcing it. You'll die! Give up!"

"I give up!"

"I give up!"

“I can’t take it anymore! I give up!”

... ..

Right at this time, many people around started to howl loudly.

Before entering, the team leaders told them and as long as they shouted “I give up,” these three words, to the sky, they would be automatically transported out.

However, they did not!

For a time, alarm and fear spread!

“Why! Why am I still here! I gave up already!”

“Hurry up and transport me out! I ... I’m going to die!”

“I don’t want to die! I give up! I give up! I give up!”

... ..

Many people’s yells carried sobs.

But they discovered to their dismay that no matter how they yelled, there were no movements.

Dong!

With another drumbeat, many Pseudo Imperishable Physiques directly died.

This time, they finally discovered that they could not go out anymore!

“Liars! You bunch of liars! I won’t let you all off even if I become a ghost!?! *Sniff, sniff?...*” Many people started cursing.

Even Wang Qian’s expression changed drastically too.

What ruthless means!

This was forcing them all, these people, toward death!

Very clearly, those people outside had long already made a decision.

If they were unable to fuse with the origin, then there was no need to go out anymore!

This was not some inheritance. This was a salvation that had to succeed!

If they were unable to fuse with the origin, they would not be able to find Hegemon Imperishable. Then what was the use of them, these Pseudo Imperishable Physique powerhouses?

Of course, this also meant cutting off all means of retreat.

Cutting off their paths of survival, squeezing out all of their potential to search for the origin and fusing with the origin!

Wang Qian’s gaze turned intent, and he roared angrily, “All shut up for me!”

He was extremely strong. With this roar, it made everyone quieten down at once.

Everyone carried extremely terrified expressions, looking toward Wang Qian.

Wang Qian's gaze swept over everyone, and he said in a cold voice, "You all don't need to harbor fantasies anymore! Only one person among us can go out! Only by finding the origin and fusing with it can one walk out of here! Crying and yelling here is useless! Go and find the origin! Only by finding the origin can you survive!"

A word woke up the dreamer!

Everyone suddenly came to a realization!

Yeah, as long as they found the origin, they would be able to live!

Hence, everyone became incomparably frenzied.

Bai Cuishan also came to a realization and hurriedly said to Ye Yuan, "Go! Hurry up and find the origin; otherwise, we'll all have to die!"

"This place is the land of inheritance. Why is there such a Twilight Drum Daybreak Bell?" Ye Yuan did not leave. He muttered under his breath.

Bai Cuishan got anxious and said, "My God, you're still in the mood to say this? A breath late and you'll be dead!"

But Ye Yuan ignored him and murmured to himself, "What's the benefit in killing people? This first level is stark empty. There's nothing at all. Is it just for the sake of killing people? That's not right! This Twilight Drum Daybreak Bell is fishy!"

"Goodness, what can be fishy?! Hurry up and go find the origin!" Bai Cuishan really panicked.

However, this guy was loyal to his friends. Seeing that Ye Yuan was in a daze, he did not leave.

At this time, a hint of a smile flashed across the corners of Ye Yuan's mouth, and he actually sat down on the spot.

Bai Cuishan was stupefied and said anxiously, "Goodness me, what are you doing here! If we can't find the origin, we'll all have to die!"

But Ye Yuan shook his head and said with a smile, "Brother Bai, you go and search for it. I'm not searching anymore!"

Bai Cuishan could not do anything about it and stomped his feet hard as he said, "My word! You weirdo! I'm going!"

Dong!

The ninth drumbeat sounded out, and Ye Yuan's soul body directly collapsed!

When he recovered again, his soul body became even dimmer.

Wang Qian saw Ye Yuan because he was too eye-catching.

Hence, he came over and said in a cold voice, "Other people are all searching for the origin. What are you doing?"

Ye Yuan ignored him but savored the drumbeat earlier in detail, as well as the feeling of the soul body collapsing.

Wang Qian's gaze turned cold, and he said in a cold voice, "Go and search for the origin for me now! Otherwise, I'll kill you now!"

Ye Yuan still ignored him!

Boom!

Wang Qian did not hesitate in the slightest, directly striking with a terrifying palm.

His strength was significantly stronger than Feng Rui.

Ye Yuan's soul body was directly disintegrated by him.

But very soon, Ye Yuan recovered again.

Imperishable Soul Physique, even if it was a Pseudo Imperishable Soul Physique, it was not that easy to be killed either.

Furthermore, being killed by him did not pose the slightest threat to Ye Yuan.

What was truly threatening was the Twilight Drum Daybreak Bell!

Ye Yuan felt it. What this Twilight Drum Daybreak Bell destroyed was not just his soul body; it was even his consciousness!

This was also to say that, in the end, even he would not be able to revive anymore!

Wang Qian's gaze turned intent, and he said in a chilly voice, "Damn thing, really think that I can't kill you?"

Hence, he released his aura fully. A terrifying soul force crept out in the air.

Dong!

Right at this time, the first bell ring sounded.

Wang Qian gave a muffled groan. That horrifying soul force directly crumbled under this bell ring!

Of course, Ye Yuan's soul body also collapsed again.

The power of this bell ring was several times that of the drumbeat!

This many, even more people died!

"Rather than wasting time with me here, it is better to hurry up and find the origin. Otherwise, you'll die too," Ye Yuan said coolly.

Wang Qian's expression was ugly to the extreme.

However, he knew that what Ye Yuan said was right.

If they can't find the origin, he would have to die too!

Wang Qian gritted his teeth and flew away!

Chapter 2943: Just Lower Your Head and Admit Your Mistake!

"Are we being too vicious by doing so?" said a white-haired old man. He was North Soul Region's Great Emperor Ming Jian.

The old woman snorted coldly and said, "What's wrong? Just a bunch of Pseudo Imperishable Soul Physiques, being able to die for Progenitor, that's their honor! Moreover, whoever obtains the Soul Dao origin, that will be their massive lucky chance! They can't even wait to thank us!"

Mountain Goat also laughed and said, "If people don't force themselves, they really won't know how great their potential is at times. Under a hopeless situation, they will be able to make a difference! They definitely won't be able to resolve their minds, so we can only help them. Junior Apprentice Sister Cloudneon, don't you think so?"

Cloudmount was silent. Mountain Goat's laughter seemed slightly awkward, and he was also quite angry in his heart.

Sealing the Seven-Colored Pagoda was agreed upon by the five great regions a long time ago.

In order to find Hegemon Imperishable, what did a few mere Pseudo Imperishable Physiques count for?

Suddenly, a hint of a sneer flashed across the old lady's face as she said, "Junior Apprentice Sister Cloudneon, this is the boy that you spoke of? It's just the seventh drumbeat, and his soul body already can't hold up anymore!"

Cloudneon still did not speak, as if she had heard nothing.

The old woman felt like her punch landed on cotton; very depressing.

The old woman did not care whether or not Cloudneon responded and still said sarcastically, "Nine drum beats, seven bell rings, this kid probably can't even make it through the first round! Just this and he still wants to fuse with the origin? What a joke!"

Great Emperor Ming Jian also smiled and said, "This time, Junior Apprentice Sister Cloudneon has probably made an error of judgment! This kid is indeed rotten mud that can't hold up a wall!"

Being so highly regarded by Cloudneon, the others were also full of expectations for him.

But who would have expected that Ye Yuan was a pewter spearhead that shone silver, impressive looking but useless.

Forget about Wang Qian; even compared to Bai Cuishan, who was similarly from the East Soul Region, he was far too lacking as well.

Mountain Goat smiled and said, "Although it was being forced to, finding the five great regions' Pseudo Imperishable Physiques was just to make provisions for contingencies. But actually, the one who's most suitable to fuse with the origin is none other than Wang Qian."

The old lady smiled coldly and said, "Shan Yang, I, this old lady, don't like to hear these words! Our West Soul Region's Zuo Leng isn't inferior to Wang Qian!"

... ..

Dong!

The third round; the third bell ring sounded!

Wang Qian's soul body immediately scattered at the sound of it!

They all, these top powerhouses, already could not bear it anymore.

Some of these Pseudo Imperishable Physiques were powerful and had even reached Emperor Vast Heaven already.

However, the Twilight Drum Daybreak Bell's effect on each person was different.

If you were Emperor Vast Heaven, it would give you the power of Emperor Vast Heaven.

If you were True Sovereign Heaven, it would give you the power of True Sovereign Heaven.

Therefore, the longer you last, it showed that the Pseudo Imperishable Physique was stronger.

For Wang Qian to be able to last until now, it was already very difficult.

There were fewer and fewer figures around him.

They should have long died out.

"Damn it! Where on earth is the origin! If the origin can't be found, this Twilight Drum Daybreak Bell will get stronger and stronger, all the way until it kills us all!" Wang Qian became somewhat anxious.

The Seven-Colored Pagoda was divided into a total of seven levels. Each level would have an origin fragment.

Only by finding seven origin fragments could one attempt to fuse with the origin.

But this first level was already so difficult.

His expression was ugly to the extreme.

The first level space was not considered big. With over a hundred of them, they already dug three feet into the ground of the first level.

However, they did not discover traces of the origin fragment.

This drove everyone virtually crazy.

"My soul body has already collapsed. That punk called Ye Yuan has already had his soul disintegrated now, right?"

Wang Qian remembered Ye Yuan at the behest of supernatural powers and could not resist returning to find Ye Yuan.

He discovered that Ye Yuan was indeed no longer in the same place.

Sure enough, he was already dead!

Inexplicably, a hint of delight flashed across in Wang Qian's heart.

But very soon, he started smiling bitterly.

What am I competing with a dead man who? Soon, I'll become a dead man too!

Sure enough, the origin that Progenitor Imperishable left behind was not so easy to find!

Sorry, Progenitor Imperishable. Wang Qian is incompetent and can't find you!

"Eh,?Brother Wang, why are you still hanging around here? I see that your soul body is about to collapse. If you still don't go and find Master Ye, you probably can't last much longer!" At this time, a voice sounded out behind Wang Qian.

Wang Qian turned around. He knew this person. He was also of the Central Soul Region called Ceng Yu. His strength was very average.

Seeing Ceng Yu, he could not help being taken aback and said, "Ceng Yu? You ... You're actually not dead yet?"

In his view, Ceng Yu should have died long ago.

Ceng Yu chuckled and said, "I also thought that I was going to die. It is thanks to Master Ye; otherwise, with my bit of strength, I would really have long died."

Wang Qian was taken aback and said, "M-Master Ye? Who's Master Ye??Eh,?your soul body ..."

He discovered to his surprise that Ceng Yu's soul body became extremely solid!

It was even more solid than when he just entered.

Logically speaking, the Twilight Drum Daybreak Bell had already sounded for three rounds. Even if he was not dead yet, his soul body should also have been overwhelmed a long time ago!

"This ... What's going on here?"

Ceng Yu smiled radiantly and said,?"Oh, Master Ye is East Soul Region's Ye Yuan! It's he who comprehended the profound meaning of the Twilight Drum Daybreak Bell and imparted the method to train the Imperishable Soul Physique to us. That's how we escaped the calamity! Otherwise, we, all these people, would be dead for sure in the first level!"

Wang Qian's eyes became wide saucers, and he looked at Ceng Yu in disbelief as he said in shock, "You're saying, using the Twilight Drum Daybreak Bell ... to train the Imperishable Soul Physique? This ... How is this possible?"

Ceng Yu smiled and said, "Yeah. Originally, I also felt that it was impossible. But Master Ye said that since Progenitor Imperishable left behind the inheritance, it's definitely not to kill people but to let the Imperishable Soul Physique become stronger! The Twilight Drum Daybreak Bell sounds formidable, but it actually secretly contains an extremely profound technique. As long as you find the method, you'll be able to make the Imperishable Soul Physique become even stronger! You look at me now. Is my soul body much more solid than before?"

Tumultuous waves had long already set off in Wang Qian's heart.

It was still his first time hearing that the Twilight Drum Daybreak Bell still had such a version.

His first reaction was that he felt that it was ridiculous.

But Ceng Yu's soul body was indeed more solid than before.

Dong!

Right at this time, another bell rang!

Wang Qian only felt that his soul body was about to be shocked into a pile of loose sand!

After expending a Herculean effort, Wang Qian finally re-condensed his soul body.

But, the moment he looked at Ceng Yu, he became completely dumbfounded.

Ceng Yu's soul body was scattered too.

In fact, it was scattered even more thoroughly than him!

That mass of misty air was already so thin and one virtually could not see it anymore.

But very soon, Ceng Yu's soul body condensed again.

Furthermore, it became even more solid than just now!

Ceng Yu looked at Wang Qian with a sympathetic look and said, "Brother Wang, Master Ye is currently in the northwest direction, preaching Dao to everyone. You hurry over! I know that you have some conflict with Master Ye. Just lower your head and admit your mistake. Master Ye is magnanimous and won't haggle over it with you! With how your soul body is, at most two or three bell rings, you'll probably disintegrate! My skills are poor, and I don't dare to casually impart it. You'd better listen to Master Ye personally expound on Dao. Alright, not talking anymore. I still have to go and search for the origin fragment. I'll be leaving first."

Finished speaking, he left behind the panic looking Wang Qian and turned around and left.

Wang Qian's heart was in turmoil!

To go was not a solution.

To not go was also not a solution.

He thought that there were fewer and fewer people, and they all died.

Who knew that they all went to listen to Ye Yuan preach on Dao!

This Ceng Yu was originally just an ant-like existence in his eyes.

But now, looking at the appearance of his soul body, it was actually even more solid than his!

This was too demoralizing.

But his pride did not allow him to bow his head to Ye Yuan.

Suddenly, his gaze turned intent, and he said with a cold smile, "Even a group of ants can comprehend the Twilight Drum Daybreak Bell. I'm from the Central Soul Region. As someone who's regarded highly by Progenitor Imperishable, can't I comprehend it? Without a butcher, there isn't pork or meat anymore?"

Getting to work at once, Wang Qian sat down, diligently feeling each time his soul body collapsed previously.

Dong!

The Daybreak Bell sounded again, Wang Qian's soul body was disintegrated again.

This time, it became a little harder for him to condense his soul body.

But he did not believe in heresy!

Time slowly trickled by, and Wang Qian finally tided over another round of Twilight Drum Daybreak Bell.

His soul body was already dim to the extreme.

However, he did not have any comprehension.

The Twilight Drum Daybreak Bell was still the Twilight Drum Daybreak Bell!

Each drumbeat was killing him!

Wang Qian despaired!

It seemed like he really could not eat pork.

"Why? Why can Ye Yuan do it, but I can't?" Wang Qian cried out in despair.

No way!

I can't die here!

He used all the strength in his body and sped toward the northwest direction desperately.

... ..

When the dead dog-like Wang Qian appeared in front of Ye Yuan, he was still quite surprised.

He still thought that Wang Qian would rather break than bend and not come and look for him even if he died under the Twilight Drum Daybreak Bell.

"S-Save me!"

When he yelled this sentence out, Wang Qian felt so ashamed!

Feeling the strange gazes around him, he only felt his face burn fiery hot.

He wished to find a hole in the ground to burrow into.

Someone as proud as him, how did he become like a dog, wagging his tail in front of the enemy and begging for mercy.

This kind of scene should have been reversed in his understanding.

But now, it was him who was begging in front of Ye Yuan for his charity!

However, he was really going to die!

On the way over, he suffered another two drumbeats.

His life was already really tough to actually forcefully pull through.

“Ye Yuan, s-save me!” Wang Qian cried out in shame.

Ye Yuan smiled and slowly opened his mouth, with words droning out of his mouth.

Dozens of people had already gathered around Ye Yuan. They were all listening to Ye Yuan preach on Dao.

There was also another group of people who already stopped comprehending and went to search for the origin on their own.

The others could not care about Wang Qian’s embarrassment, listening attentively one after another.

Wang Qian perked his spirit up fully, listening attentively to each word that Ye Yuan said.

All of a sudden, his entire body trembled!

It turned out that the Imperishable Soul Physique could still be understood like this?

The Imperishable Soul Physique was not immortal and imperishable.

This Imperishable Soul Physique needed to be tempered too!

The Twilight Drum Daybreak Bell was used to temper the misty air, making it become even more unassailable!

And this method of tempering also broadened Wang Qian’s horizons.

So that’s how it was!

So that’s how it was!

Why did I not think of that?

This ... This was not difficult!

This guy must have accidentally stumbled across it!

1

The matters in the world were actually often not profound.

Just a little bit and it would be clear.

However, it was often this little bit that was the hardest.

Wang Qian was very clear about it; his comprehension ability was very high. But he did not have the ability to see through this point.

However, when others pointed it out, he did not feel that others were very impressive. He just felt that others were lucky. That was all.

He had never thought about it before this. It was not the first time that someone had entered this Seven-Colored Pagoda.

During these countless years, countless people had entered before, but no one could see through this.

Just this and Ye Yuan was stronger than countless people!

He, Wang Qian, was also merely one of these countless people.

Hence, his soul body strengthened once more.

At this time, Ye Yuan's soul body had already become extremely solid.

When the Daybreak Bell sounded again, Ye Yuan's soul body stood firm like a mountain, without the slightest sign of collapse.

In fact, not even a trace of misty air formed.

Suddenly, the space shook.

A spatial door appeared in front of everyone!

"It's the door leading to the second floor!"

"Mn? That's ..."

"Origin fragment! Turns out that as long as one reaches grand completion Enshrouding Mist Soul Physique under the Twilight Drum Daybreak Bell, the origin fragment will appear!"

... ..

At this time, a glass fragment shaped object appeared in front of Ye Yuan. It was brightly colored.

This piece of glass fragment belonged to him!

Many people's eyes turned red.

Ye Yuan was not courteous either, putting away the origin fragment with a smile.

"Alright, the Twilight Drum Daybreak Bell has passed. We can enter the second level! Of course, those who want to continue cultivating can still continue to stay in the first level."

Finished saying, Ye Yuan stepped right into the door of the second floor.

Everyone exchanged glances.

However, very soon, someone rushed into the second level after him.

At this time, Wang Qian's soul body had already pretty much been restored.

In fact, it was even stronger than before!

He immediately rushed into the second level without the slightest hesitation.

"Humph! The Twilight Drum Daybreak Bell is merely thus. In the second round, I absolutely won't lose to Ye Yuan!" Wang Qian said with disdain in his heart.

Bai Cuishan's soul body had not reached the realm of grand completion yet.

He thought about it and still stayed behind.

There were also a few who similarly stayed behind, but there were not many.

... ..

"Ah! What a terrifying sea of fire! Is this round the legendary Rebirth in Fire?"

"The first round was the inheritance that tempers the soul body. Then, what is this round's inheritance?"

"Not good! My soul body is clearly already much stronger, but it still can't withstand the power of this fire sea!"

... ..

As soon as they entered the second round, many people felt that their soul body was about to collapse.

Their soul body had already been greatly strengthened in the first level, but it still could not resist the power of this flame.

Ye Yuan's soul body was much stronger than theirs. He did not feel anything.

However, he fell into contemplation again very quickly.

What was this second round's inheritance?

When he was in the Nirvana Soul Hall, he had once entered the Soul Refining Furnace and felt the tempering of Dao fire before.

Could it be that this round was to continue tempering in this flame?

It was just that when Ye Yuan thought of this, the others clearly thought of the same thing too.

"Heh, I understand! Even if it's the Imperishable, it also needs to experience continuous tempering! Only when myriad Great Dao can't even refine your soul body can that be called Imperishable Soul Physique! Progenitor Imperishable must have already reached that realm! Since that's the case, let's do it!"

Wang Qian swept away the decadence of the first round and smiled confidently, his body turning into mist, soaking in the flames.

Immediately, he felt endless scorching.

A muffled ground came out of the misty air.

Clearly, the current Wang Qian was in great agony.

However, he did not care. He carefully felt this scorching, wanting to make use of this grilling to let the soul body become stronger.

Ye Yuan's face revealed a pondering look.

Is it really like this?

Chapter 2945: Hallucination?

“N-Not good, my soul body ... my soul body can't hold on anymore! Argh ...”

“S-So hot! I ... I can't do it anymore as well!”

“My soul body is clearly already very strong, but why can't I hold on?”

... ..

With the passage of time, many people started to crumble.

The temperature of the fire sea seemed to be getting higher and higher.

Their misty air was evaporating bit by bit, becoming faded.

Finally, it turned into nothingness.

Originally, they thought that by relying on Ye Yuan's teachings in the first round, a powerful soul body was sufficient to survive.

But they had clearly miscalculated.

Wang Qian was no exception either.

Feeling the burning sensation coming from his Enshrouding Mist Soul Physique, Wang Qian had a feeling of getting slapped in the face.

He attempted to use this powerful fire sea to temper the soul body.

But it was useless!

His soul body was still being weakened little by little.

Ye Yuan was not far away from him. Within his sight, he could see that Ye Yuan was still frowning and contemplating, and he did not turn into mist form either.

But all of a sudden, Ye Yuan's figure moved, turning into a cloud of misty air.

When Wang Qian saw, he could not help scoffing as he said, “Huhu, pretending to be profound! Do you really think that you’re so lucky every time? In the first round, you were merely lucky, that’s all! In this second round, you’ve pondered for half a day. Isn’t it still this move? What’s the difference compared to us?”

Wang Qian already understood that regarding this Seven-Colored Pagoda, the thing inherited was different in each round.

But, as for the specifics of the inheritance, it required one to fumble themselves.

He knew that he had not found the way yet.

And Ye Yuan likewise had not found the way.

The first round, it was merely accidentally stumbled upon by him, that was all.

“Yeowch, so hot! I feel that my soul body is almost vaporizing! Ye Yuan, have you found the method to crack this round? I, Old Bai, will learn from you!” Bai Cuishan’s strange cry transmitted over.

Wang Qian’s face turned black. Did this fellow want face or not?

“Bai Cuishan! You’re also a genius who had been guided by Progenitor before. You’ll follow behind others to hitch a ride?” Wang Qian said in a cold voice.

Bai Cuishan gave Wang Qian a glance and suddenly put on a weak state as he said, “S-Save me! Ye Yuan, s-save me!”

The moment Wang Qian saw, his face instantly turned black as the bottom of a pot.

Wasn’t this appearance precisely his tail-wagging appearance when he was begging in the first round?

This was his lifetime humiliation!

Bai Cuishan, this guy, actually rubbed salt on his wound!

“Tch, who was it that pestered Ye Yuan incessantly in the first round? Why? Forgot everything in a blink of an eye?” Bai Cuishan said with a disdainful look.

Wang Qian’s eyes spewed fire as he roared angrily, “Bai Cuishan! Today, if I, Wang Qian, don’t kill you, I swear that I’m lesser than human!”

Wang Qian had completely exploded!

He ignored his rapidly depleting soul force currently, pouncing over toward Bai Cuishan frenziedly.

Bai Cuishan jumped in fright too.

His strength was naturally far below that of Wang Qian.

For Wang Qian to be able to be thought highly of by the Central Soul Region, he was naturally not an ordinary genius.

The moment he went crazy, Bai Cuishan felt the pressure coming like it could topple mountains and overturn the seas.

Boom!

In an instant, the two people exchanged blows.

Wang Qian gave a muffled groan, flying out backward.

Bai Cuishan looked at his own palm somewhat disbelievingly, his face looking confused.

“Eh, why did I become so powerful?” Bai Cuishan said with an innocent look.

“Heh, does Brother Bai really not know? Or are you feigning ignorance? Although your soul body isn’t as perfect as Master Ye, you stand out among us too! While Wang Qian’s soul body has been roasting in this round for a long time, he’s long already an arrow at the end of its flight. At this time, how could he be your match?” Beside him, someone who entered together with Bai Cuishan explained.

The moment Bai Cuishan heard, he came to a sudden realization and said, “So that’s how it is! Tsk tsk, along the way here, I was still saying that I’ll protect Ye Yuan. In the end, when we entered here, it’s all Ye Yuan who’s covering me. Hahahaha! Ye Yuan, have you cracked this round or not? I, Old Bai, am already too hungry to wait!”

Over at the other side, Wang Qian almost wanted to vomit blood.

When did Bai Cuishan become so strong?

He naturally knew that his condition was not good.

But he touched his own heart and felt that there was still no problem in dealing with Bai Cuishan.

Who knew that he could not even block a move from him!

This showed that Bai Cuishan already made great progress by tempering his body with the Twilight Drum Daybreak Bell in the first round.

Was the gap actually so big?

He entered the second level in order to snatch the origin fragment.

Who knew that Bai Cuishan actually already grew to this point in the first level!

He suddenly discovered that he seemed to have missed something.

Boom!

Suddenly, Ye Yuan caught on fire!

His misty air actually combusted in the fire sea.

When Wang Qian saw this scene, he was overjoyed!

“Hahaha, what did I say? He was simply a blind cat bumping into a dead rat in the first round. It was completely luck! In this round, he revealed his true colors, right? Burn! Burn away! Best that he burns to ashes!”

At this time, Wang Qian had indescribable delight in his heart.

He would rather die here than be willing to see Ye Yuan continue to be impressive.

In front of Ye Yuan, his humiliation could no longer be cleansed.

The expressions of Bai Cuishan and the rest also instantly became solemn.

“This ... What’s going on here? Ye Yuan, are ... are you alright?” Bai Cuishan said worriedly.

“Master Ye! Don’t scare us!”

“It’s over. It’s over! In this round, even Master Ye has succumbed! Looks like we’re all dead for sure this time!”

... ..

Many people already saw Ye Yuan burn up.

Holding on in the fire sea until now, their soul bodies already almost could not bear it anymore.

The only hope was Ye Yuan.

But who knew that Ye Yuan himself also could not make it anymore.

With this, it was over!

“Heh, reckless and blind thing! This Seven-Colored Pagoda has been placed here for how many years? Nobody can make it through the seven levels at all to collect all of the origin fragments! Just the likes of you also want to flip the heavens?” Wang Qian said with a loud laugh.

Many people shot angry gazes at him.

But anger was useless too.

Ye Yuan looked like he was about to die.

Ye Yuan’s misty air was currently burning, already almost merging into one with the surrounding flames.

When the misty air completely disappeared, Ye Yuan would also be equivalent to being gone.

Sure enough, Ye Yuan’s misty air was currently becoming the fire sea bit by bit.

The people started to despair.

In fact, Ye Yuan did not even resist at all inside.

Wang Qian felt very delighted and even had the satisfaction of having taken revenge.

Watching Ye Yuan die in front of him was also a kind of enjoyment, was it not?

Finally, Ye Yuan’s misty gas completely disappeared.

The place where he originally was already completely turned into a stretch of fire sea, completely fusing into one with the fire sea in this second level space.

“Heh, dead! Finally dead! So what if he solved the Twilight Drum Daybreak Bell and acquired the origin fragment? Aren’t you still going to die here all the same? Hahaha ...” Wang Qian said with a loud laugh.

Everyone’s expressions became gloomy. Their last trace of hope was also dashed.

But right at this time, a figure suddenly condensed and formed, appearing in the fire sea.

Wang Qian was taken aback, rubbing his eyes hard.

Was his eyesight failing?

Did his hatred already make him hallucinate?

Was not that ... Ye Yuan?

Unrivalled Medicine God

Chapter 2946: Have No Sense of Shame in Order to Live!

“Is ... Is it Ye Yuan? He actually didn’t die?”

“Could it be that my eyesight is failing? He had clearly already been burned completely just now!”

“Hang on. He really didn’t die! He might have ... comprehended!”

... ..

The last sentence was said by Bai Cuishan.

With the experience of the first level, Bai Cuishan felt that it was very likely that Ye Yuan had comprehended it again!

Ye Yuan’s resurrection from the dead might have a lot to do with this level’s inheritance!

In the fire sea, Ye Yuan’s gaze looked over leisurely. Wang Qian could not help shuddering.

Just now, his voice was the loudest!

It was like if Ye Yuan died, he could directly enter Hegemon.

But now, he could not laugh anymore.

“You hope for me to die so much, then if I can solve the stage now, do you want to listen to my preaching on Dao?” Ye Yuan looked toward Wang Qian and said with a smile that was not a smile.

Wang Qian seemed like a duck who had its neck being pinched. He opened his mouth but could not say anything.

Yeah, do I listen or not?

To listen or not?

Listen, he could live, but his face would be gone.

Not listening, he would be dead for sure, and his face ... looked like it would be gone too.

How shameful!

Why would such emotions appear time and again?

“How impressive is Wang Qian! He can comprehend Dao on his own. Why would he need to listen to Master Ye preach on Dao?”

“Right, right! Master Ye comprehending Dao, that’s a blind cat bumping into a dead rat too. It’s not a big deal. Great Master Wang doesn’t need it at all.”

“What did he say? Master Ye just got lucky and isn’t fit to be mentioned in the same breath with him, Wang Qian. How can this little thing that Master Ye comprehended enter his, Wang Qian’s sights?”

... ..

Wang Qian was ashamed and resentful until he wanted to die.

He discovered that he seemed to have already become the common target for scorn.

Earlier, he seemed to have been too carried away, resulting in offending everyone.

Now, the outside world had sealed off the Seven-Colored Pagoda.

Everyone’s biggest wish was actually just to survive.

As for the origin fragment, it became secondary.

But he was burning with jealousy earlier and completely did not think things through before saying it. With this, it really incurred public wrath.

What these people were saying, they directly blocked off all of his paths of retreat!

So awkward!

But over here, Bai Cuishan could not wait any longer, running next to Ye Yuan. Urging Ye Yuan, he said, “Ye Yuan, quickly say, quickly say! What the hell is with this damn place? I feel like I’m about to be roasted!”

Ye Yuan smiled and said, “I think I already understand the meaning of the Imperishable Soul Physique!”

Bai Cuishan was taken aback and said in a daze, “What meaning can the Imperishable Soul Physique have? Of course, it means being unable to be killed!”

Ye Yuan shook his head and said with a smile, “How can there be an unkillable person in this world? Although Hegemon Realm powerhouses have transcended Heavenly Stratum, they will die too! The Imperishable Soul Physique isn’t unkillable! We all have been misled by this name!”

Everyone listened attentively, feeling an upsurge of emotion.

They felt that they seemed to be about to hear a massive secret.

Even Wang Qian also could not resist perking his ears up.

Meanwhile, many people cast disdainful gazes towards him.

Wang Qian discovered that Ye Yuan did not have the intention of chasing him away.

Hence, he was not going anywhere.

In order to live, throw away his face!

Either way, his face had been utterly lost too!

Wang Qian suddenly felt the delight of liberation in his heart.

Sure enough, as that saying went: a shameless person was invincible!

Mn, the feeling of shamelessness is really great!

It is as if the air here is teeming with freshness.

“The misty gas is born from chaos, so the soul physique that we awakened is actually a physique of chaos too! It’s the same logic as those super powerhouses born in chaos and being extremely powerful! But we’re different from them.”

“Doesn’t that mean that we also have the potential to become Hegemons?” Someone could not resist asking.

Ye Yuan smiled and said, “Of course! Furthermore, we have a greater advantage than them!”

After pausing for a bit, Ye Yuan continued, “Those powerhouses were molded by chaos and only inherited a certain aspect of chaos. But the misty gas is shapeless and immaterial. It can develop all life in the world! You can be a powerful thunderbolt! You can be the vast earth! You can also be an apocalyptic fire!”

“Just like this level, Progenitor Imperishable actually wants to tell us how to turn into heaven and earth fire with the misty gas and burn all things! I think that if this move is cultivated to the extreme, it should be able to pry into origin and be like Hegemon Flamegod, turning all to ashes with a wave of his hand!”

Hegemon Flamegod was a powerful Hegemon whose reputation shook the heavens.

He controlled the fire of all words. His attack techniques were unparalleled under the heavens. Even if ordinary Hegemons encountered him, they would be filled with deep terror too!

When many people heard it, they could not resist feeling an upsurge of emotion.

Even thinking about it, they felt impressive too!

But Wang Qian laughed coldly and said, “According to what you say, if we all, these Pseudo Imperishable Physiques, were to cultivate to the extreme, wouldn’t all the Hegemons be unable to beat us when added up too?”

The moment he spoke, there were immediately dozens of gazes that swept over.

“Wang Qian, if you don’t talk, nobody will think that you’re mute!”

“Huhu, if you’re impressive, why can’t you gain enlightenment on Dao?”

“Keep talking and I’ll beat you to death!”

... ..

The last sentence was said by Bai Cuishan.

He was currently overflowing with confidence.

However, Wang Qian did not pay the slightest attention to it.

Once a person made up their mind to be shameless, that was true invincibility.

I'll just thicken my face and stay right here. What can you do to me?

But Ye Yuan smiled slightly and said, "According to my explanation, it's theoretically like this! It's just that even if it's Hegemon Realm powerhouses, there isn't enough time and energy to specialize in one or several Daos. Wanting to comprehend myriad Great Dao and reach Hegemon Realm at the same time is clearly not too realistic."

The moment Wang Qian heard, he said disdainfully, "Tch, you've said it all! Either way, there's no way of verifying this either!"

Despicable!

Too despicable!

Many people glared and really wanted to beat him up.

Ye Yuan smiled and said, "If my conjecture is right, the few levels at the back should also be like this second floor. All of which is to derive all kinds of forms with the mist body!"

The moment Wang Qian heard, he laughed coldly again and said, "Do you think that you're a roundworm in Progenitor Imperishable's stomach? Whatever you say will be what it is? If it isn't like that at the back, then what?"

Ye Yuan still said with a smile, "Then ... beat you to death!"

Wang Qian choked and lost his temper.

Now, a word from Ye Yuan and he would have to suffer the siege of a hundred people.

He was impressive, but he could not fend them off!

Ye Yuan letting him listen to the sermon here was already a massive favor.

Hence, Ye Yuan started preaching on Dao.

He was preaching to everyone how to derive the power of flames with the mist body.

It looked simple, but actually, this was more than a level harder than the first level's Twilight Drum Daybreak Bell.

Some people were extremely talented and had gained better comprehension very quickly.

But some were unable to find the correct approach.

Some people were slow to learn and completely burned to death by this blazing fire.

Bai Cuishan's talent was indeed extremely high. He learned very quickly.

Wang Qian's talent was significantly greater than Bai Cuishan. He learned faster.

He desperately developed the power of flames, trying to surpass Ye Yuan.

However, before long, another spatial door appeared in front of everyone.

And another piece of origin fragment appeared next to Ye Yuan.

He reached grand completion once again.

Unrivaled Medicine God

Chapter 2947: Ownership of the Origin!

Wang Qian discovered to his dismay that he could forever only eat dust behind Ye Yuan.

This guy's comprehension ability was seriously too monstrous!

Seeing Ye Yuan enter the spatial door, Wang Qian gritted his teeth and followed after.

He did not believe that Ye Yuan could really foretell things accurately.

Bai Cuishan and the rest of this batch of people were in no rush.

They had already tasted the benefits in the first level. They were naturally unwilling to give up halfway.

Upon entering the third level, Wang Qian's expression changed.

Wind!

This place was endless wind!

Wild gale like blades, blowing until his soul body was close to collapsing!

"Heh, looks like you won't be beaten to death! Sure enough, the inheritances in these later few levels are exactly the same as Master Ye expected!" By the side, Ceng Yu mocked him.

The current Ceng Yu had already become Ye Yuan's hardcore follower.

His strength was weak to begin with. His comprehension ability was also not high among this group of people.

If not for Ye Yuan, he would have definitely been in the first batch that died.

But now, not only did he survive, his soul body became much more powerful than before.

Therefore, he found Wang Qian displeasing to the eye.

There was wind everywhere here. Even a moron could guess that what needed to be comprehended this round was the misty air turning into wind!

Those few rounds at the back naturally also had an extremely high probability of being what Ye Yuan expected, turning into other attributes with the misty air.

“Talk again after clearing the round! It’s still hard to say what it will be like now!” Wang Qian was still stubborn as he said those words.

Ye Yuan ignored him and started preaching on Dao.

Wang Qian also mustered up his strength and raced with Ye Yuan.

However, it was still a crushing defeat!

Even if he knew that Ye Yuan was a genius, he was also being flung more than ten streets behind by Ye Yuan in comprehending mist turning into wind!

In the end, it was still Ye Yuan preaching Dao that he gained sudden enlightenment.

However, Wang Qian no longer cared.

Either way, he was already being shameless. If he lost, he lost. What was the big deal?

But in his heart, he was shocked.

He naturally knew how difficult this kind of comprehension was.

However, it was not a problem at all with Ye Yuan!

Regardless of whether it was mist turning into wind, mist turning into fire, or mist turning into lightning, Ye Yuan could comprehend it swiftly and reached the realm of grand completion.

Wang Qian could not imagine at all. Everyone was of the Pseudo Imperishable Physique. What right did Ye Yuan have to be able to accomplish this?!

Of course, Ye Yuan already gradually understood some things.

Him being able to comprehend quickly, comprehension ability was naturally one aspect.

But a big part of the reason was that his soul physique could integrate into heaven and earth!

And it could borrow the power of heaven and earth to restore the Enshrouding Mist Soul Physique!

Although Ye Yuan had not met Hegemon Imperishable before, he felt that Hegemon Imperishable was likely the same as him.

He was of the true Enshrouding Mist Soul Physique!

The others did not have this ability.

If the misty air was completely wiped out, they would really be dead.

This Seven-Colored Pagoda was actually the legacy that Hegemon Imperishable customized for the true Imperishable Soul Physique.

Only the true Imperishable Soul Physique could pass through these seven levels!

The first level was to lay down the foundation for the Enshrouding Mist Soul Physique, strengthening oneself.

While at the back, it was mist transforming into myriad Dao!

Of course, these six levels were just the beginning.

But with this foundation, the road in the future would become much easier.

Time flew by quickly. In a blink of an eye, a month passed.

Everyone outside the pagoda had long already fallen into shock.

Because they had already completely lost control of the Seven-Colored Pagoda's situation.

"This ... How is this possible? Over 100 people stepped into the seventh level at the same time? What on earth happened in the Seven-Colored Pagoda?" The old woman had a look of confusion.

Just earlier, there were still over 100 people who were still alive that stepped into the last level one after another.

Then the few major powers present completely lost it.

In this one month, the shock in their hearts grew greater and greater.

It seemed like apart from the casualty rate being a little high in the first floor, the levels at the back became incomparably smooth.

The cannon fodders that they led here actually cleared one level after another.

This kind of situation simply made all the jaws hit the ground!

North Soul Region's old man frowned and said, "This Seven-Colored Pagoda wouldn't have a problem, right? This kind of thing has never happened before!"

Mountain Goat immediately said, "Are you kidding me? What can go wrong with the chaos heavenly treasure that Progenitor Imperishable left behind?"

The old man smiled bitterly and said, "Then how do you explain everything that happened in the pagoda?"

Mountain Goat opened his mouth and actually had nothing to say in reply.

Yeah, what on earth happened?

He really wanted to know as well!

Cloudneon, who had been silent all along, suddenly opened her mouth and said, "I think it should be related to Ye Yuan!"

The moment the old woman heard, she snickered and said, "Huhu, Junior Apprentice Sister Cloudneon really knows how to joke around! No matter whose turn it is, it won't be his turn too!"

Cloudneon said coolly, "In each round, Ye Yuan was the first to clear! Clearly, it has a lot to do with him!"

The old woman could not help laughing as she said, "The first to enter the next floor, and it has something to do with him? Then, if I'm the first to enter East Soul Region, will the entire East Soul Region be mine?"

Cloudneon was expressionless and shut her mouth.

She felt that she had no way of communicating with this idiot.

Mountain Goat smiled and said, "Huhu, they have already entered the seventh level and will be able to come out very soon. At that time, everything will naturally come to light!"

... ..

Rumble!

The space inside the Seven-Colored Pagoda underwent enormous changes.

The seven spaces completely melted into one space.

In the center of the space, there was a seven-hole crystal.

Ye Yuan walked toward the seven-hole crystal and placed the obtained seven pieces of origin fragments inside.

All of a sudden, light shone in all directions!

Several breaths later, a prismatic seven-colored crystal appeared in front of everyone.

This was the wisp of origin that Progenitor Imperishable left behind.

Everyone's breathing became heavy.

This tiny crystal was where the entire Seven-Colored Pagoda's essence lay!

What was the use no matter how much you comprehended?

But, once you fuse with the origin, that was really soaring to the heavens in one bound, nobody could stop you anymore!

Everyone cast envious gazes toward Ye Yuan.

This piece of origin belonged to him!

They palpitated with excitement, but no one came up to snatch.

Nobody was a fool. This object was left behind by Progenitor Imperishable for his successor.

At present, this space already belonged to Ye Yuan.

If they took action, that was courting death!

However, in the next second, something that made everyone stare dumbfoundedly happened.

Ye Yuan casually threw the origin crystal to Ceng Yu, who was not far away, and said, "You come. Try to fuse with it!"

Ceng Yu was taken aback, wondering if he heard wrongly or not. “Master Ye, s-stop joking around. I, Ceng Yu, still have self-awareness!”

Ye Yuan said, “I asked you to fuse, just fuse with it. What’s with all the crap? I reckon that you probably can’t fuse with it. Uh, everyone come and try, see if anyone can succeed.”

Bai Cuishan said, “Ye Yuan, you aren’t kidding, right? This is Progenitor Imperishable’s origin! A massive lucky chance, you don’t want it?”

Ye Yuan said lightly, “I have my own Dao. I don’t want this origin! I, Ye Yuan, won’t walk other people’s path!”

Everyone felt that Ye Yuan was crazy!

If it was an ordinary Hegemon’s origin, then forget it.

But this was Hegemon Imperishable’s origin!

However, before long, another spatial door appeared in front of everyone.

And another piece of origin fragment appeared next to Ye Yuan.

He reached grand completion once again.

Chapter 2948: Inflated!

"I ... I can't!" Ceng Yu looked at Ye Yuan and laughed bitterly.

He tried for half a day and ultimately still failed to fuse with it.

Following that, a few more people tried it, but it still did not work.

Clearly, fusing with origin this sort of thing was not easy.

"I'll try it!" Bai Cuishan came forward on his own accord.

Nobody could resist the allure of origin. Bai Cuishan could not resist as well.

Seeing that so many people failed, he was somewhat eager for action.

Who knew that Ye Yuan shook his head and said, "Brother Bai, do you trust me or not?"

Bai Cuishan grinned and said, "Without you, Ye Yuan, there wouldn't be me, Bai Cuishan, today! If I don't trust you, who else can I trust?"

Ye Yuan smiled and said, "If you trust me, don't fuse with the origin."

Bai Cuishan was taken aback and said, "Why?"

Ye Yuan said, "Origin is a sharp weapon and also a shackle! You've already obtained Progenitor Imperishable's inheritance. There's no need to fuse with his origin anymore. As long as you follow this path, your future accomplishments will definitely be above the person who fuses with the origin! In fact, even right now, he might not be your match too!"

Ye Yuan had fused with an origin too, but Hegemon Imperishable's origin was different from the Chaos Bloodstone's origin.

That wisp of blood origin was not tainted with the slightest secular aura. It was completely born from chaos!

Extremely pure!

Ye Yuan did not have any side effects when fusing with the Dao sword.

But Hegemon Imperishable's origin carried a thick personal brand.

That was the Dao of Hegemon Imperishable.

Fusing with this trace of origin, one's strength might soar rapidly in the beginning.

But when time passed, it would be very hard to carve out your own path.

When one reached origin realm and wanted to step into the realm of Hegemon, it would be even more difficult!

Ye Yuan's impression of Bai Cuishan was pretty good. Although this person liked to posture, his thoughts were simple without distracting thoughts.

During the first round previously, he even came to remind him to leave.

Then later on, Bai Cuishan was also the person who comprehended the seven Daos the deepest among these people!

His current strength already far surpassed Wang Qian!

Therefore, Ye Yuan decided not to give the origin to him.

Bai Cuishan thought about it and said, "Alright, I won't fuse with it! If any of you want to fuse, take it!"

Everyone looked at Bai Cuishan with disbelieving faces.

This guy was insane, right?

One sentence from Ye Yuan and he gave the origin that was about to come to his hands to others?

Even if it was very difficult to step into Hegemon Realm in the future, even if one reached Emperor Sakra Heaven, just this step of stepping into origin from Emperor Sakra Heaven already stumped countless geniuses!

Most people were still just Emperor Cloud Heaven.

God knows how long Emperor Sakra Heaven would take!

He did not want this massive lucky chance?

Although Ye Yuan had received Ye Yuan's favor, they still felt that Bai Cuishan was a dumb person flushed with money and was hoodwinked by Ye Yuan.

Many people started whispering to each other.

When Wang Qian saw this scene, he sneered coldly.

Hegemon Imperishable and everyone all descended from the same lineage!

They were Pseudo Imperishable Physiques. Why would Hegemon Imperishable's origin cause a hindrance when stepping into Hegemon Realm?

Moreover, there was only Hegemon Imperishable alone who stepped into Hegemon Realm with the Pseudo Imperishable Physique!

No matter how strong the others were, they were unable to break through the shackle of Hegemon Realm too!

This origin could be said to be the only hope of stepping into Hegemon Realm.

Obstruction?

Idiot!

Very soon, many more people tried to integrate it, but all of them failed without exception!

Fusing with origin had an extremely high requirement on talent.

It was not that you could fuse with it when the origin was placed in front of you.

“Shall I try it?” Wang Qian finally could not resist stepping forward.

The moment he stepped forward, a wave of ridicules immediately came over.

“Wang Qian, do you still want face or not?”

“Others all have the qualifications to try, but what qualifications do you have?”

“Give up. It’s impossible for Master Ye to let you try!”

... ..

Wang Qian was already invincible. He directly ignored these words and looked toward Ye Yuan.

Ye Yuan smiled slightly and said, “Give it a shot then. Either way, it’s also a waste for this origin to be placed here.”

Wang Qian wished to smack Ye Yuan to death with a slap! You’re too freaking good at posturing!

It turned out that Your Father was a rag-and-bone man?

The others also looked toward Ye Yuan in shock, wondering whether or not Ye Yuan became stupid from cultivation?

Actually, Ye Yuan had his own considerations too.

If no one here could fuse with it, then he could only fuse with it himself.

With his mist physique, there was naturally no difficulty with fusing with it.

But he was not willing!

If he went out, Cloudneon that woman would definitely force him to fuse with it.

Therefore, it was best if he could find someone to fuse with it among these people.

Wang Qian received the crystal, his mood extremely agitated.

He was someone that Progenitor found promising. He had confidence in fusing with the origin!

As long as he fused the origin, he would regain all the face that he had lost!

Taking a deep breath, Wang Qian started fusing with the origin.

His soul body gradually transformed into a mass of misty air, attempting to penetrate into the origin.

Concerning his fusion, everything seemed to be going well.

The origin crystal actually started to melt!

Wang Qian was wildly elated in his heart, forcefully suppressing the agitated in his heart and continuing to integrate it.

Little by little, bit by bit.

Finally, he felt an additional powerful to the extreme power in his soul body.

Originally, the areas that he was confused about on the journey of Dao, suddenly became enlightened at this time!

Boom!

Wang Qian's soul force rose rapidly and actually directly entered middle Emperor Cloud Heaven!

Everyone was dumbfounded!

"A-Actually really fused with it!"

"No wonder Great Emperor Shan Yang was so optimistic about him. It turns out that his soul physique is really the closest to Progenitor Imperishable!"

"Sigh, what's Master Ye thinking? Such a large piece, he gave it away with both hands!"

... ..

Everyone around him either exclaimed, felt regretful, or was angry from his failure to live up to expectations.

But they were unable to change the fact that Wang Qian fused with the origin.

"Hahaha?... You didn't expect it right, Ye Yuan? I, Wang Qian, fused with Progenitor Imperishable's origin! From now on, we're no longer of the same world!"

Wang Qian felt that he was currently powerful to the extreme.

In fact, after possessing the origin, he felt that Hegemon Realm was within reach too!

The things that were originally vague and insubstantial, he currently felt that it was very solid!

Hegemon Imperishable's origin was not the average origin.

This was the soul race's Supreme Hegemon whose strength roamed the heavens unobstructed!

That kind of feeling could not be described with words at all.

Ye Yuan was indeed a little surprised. He did not expect that Wang Qian really fused with it.

It seemed like Wang Qian's Pseudo Imperishable Soul Physique was indeed very strong and already somewhat approached the real Imperishable Soul Physique.

However, no matter how close, it was also just Pseudo Imperishable Physique.

Everyone's expressions were ugly. They did not have any good impression of Wang Qian.

But now, circumstances were stronger than people!

Many people started grumbling about Ye Yuan in their hearts.

Wang Qian felt that he was very inflated. He arrived before Ye Yuan and said with a disdainful look, "Ye Yuan, didn't you say that he's stronger than me after fusing with the origin? I'll have a battle with him now. You don't have objections, right?"

While talking, he pointed at Bai Cuishan.

The latter's expression changed, becoming somewhat fearful.

He was originally not Wang Qian's match. Now, the other party fused with the origin. How could he possibly be his match?

Ye Yuan's boast was a little too overboard!

Chapter 2949: Imperishable Inheritance's Terror!

"Wang Qian, you're showing off your cleverness after coming off cheap! Even if you fused with the origin, do you really think that so many of us are scared of you?" Bai Cuishan was somewhat threatening in manner but inwardly shaky as he said.

This guy was like a dog previously.

Now, he actually jumped up again!

He was somewhat unable to understand why Ye Yuan wanted to let him fuse the origin.

Now, it was really somewhat difficult to dismount the tiger after climbing on it.

Wang Qian had long forgotten what face was and said with a smile, "So what if I'm showing off my cleverness after coming off cheap? I didn't beg him to fuse with it either! This guy didn't have any good intentions either. Letting me fuse with it was just in order to humiliate me! It's just that he probably didn't expect that I, Wang Qian, am amazingly talented and actually really fused with it! *Hahaha*,?Ye Yuan, the face that I lost, I'm going to claim it back now!"

Everyone cursed Wang Qian for being shameless but could not do anything to him.

This guy had the appearance of a villain intoxicated by success, just looking at him made you want to punch him.

But Ye Yuan smiled and said, "Brother Bai, play with him."

Bai Cuishan's face turned black, and he said, "I'm not his match!"

Ye Yuan said, "Relax, I can still control this space! If he dares to harm you, I'll beat him to death!"

Wang Qian was speechless.

Bai Cuishan's eyes lit up, and he said, "For real?"

Ye Yuan nodded his head and suddenly flipped his palm over.

Boom!

An enormous palm fell from the sky, directly pressing Wang Qian down to rub against the ground.

Wang Qian was furious and let loose a torrent of abuse, "Ye Yuan, f*ck your grandma!? *Argh*,? I won't let you off!"

Bai Cuishan was overjoyed when he saw the situation; how satisfying!

They thought that after Wang Qian fused with the origin, he should be able to dominate this space.

Who knew that Ye Yuan was still the master!

"Okay! I'll compete with him!" Bai Cuishan said very readily.

The giant palm vanished. Wang Qian was in a thunderous rage, both eyes blood-red as he said, "Ye Yuan, I'm going to kill you!"

Bang!

He was pressed and drubbed again.

"I urge you to calm down. In this place, I can trample you at will!" Ye Yuan said coolly.

Wang Qian became quiet.

Facing Bai Cuishan, Wang Qian's fury was already surging to the sky.

He and Bai Cuishan had enmity too. Previously, in the fire sea, Bai Cuishan suddenly smacked him flying.

It even almost killed him.

Being helpless against Ye Yuan, he was going to vent all of his anger on Bai Cuishan.

Even if he could not kill him, he would also make him regret being born in this world!

Feeling Wang Qian's surging fury, Bai Cuishan was rather scared.

Wang Qian's awe-inspiring reputation was very strong. In their circle of Pseudo Imperishable Physiques, he was absolutely a big brother-level figure.

His talent had once obtained Progenitor Imperishable's praise before.

Bai Cuishan was really scared of Wang Qian.

Although he had seriously comprehended all the things in the seven floors of the Seven-Colored Pagoda, there was no benchmark as to how much help these things had on his strength.

He knew that he had become stronger, but he felt that he was still too unskilled to face off against the Wang Qian, who fused with the origin.

Moreover, Wang Qian was currently even a cultivation realm higher than him.

"Huhu, Bai Cuishan, prepare to bear my wrath!"

Wang Qian gave a cold laugh, and a fierce wind immediately surged!

Sinister wind howled, blowing until people's soul bodies hurt!

When everyone saw this move, they could not help sighing slightly.

Divine Wind Nether Kill!

This move was the soul path mystic art that Progenitor Imperishable specially passed down for the Pseudo Imperishable Soul Physique to cultivate.

Furthermore, Wang Qian also cultivated mist transforming into wind here!

The power of this move became even more terrifying.

"Sigh, just this move is much more brilliant than us!"

"The Central Soul Region has always been transcendent, with Progenitor Imperishable personally imparting mystic arts. What can we do?"

"Under this blow, Bai Cuishan would be seriously injured even if he did not die! What's even more deadly is that Wang Qian hasn't even employed the power of origin!"

... ..

All around came a series of sighs.

The moment this move came out, they had already predicted the outcome.

Central Soul Region might not be very powerful in other aspects, but in Pseudo Imperishable Soul Physique this area, they were truly invincible!

Wang Qian smiled coldly and said, "Ye Yuan, open your dog eyes and watch closely! Even if Your Father doesn't use the power of origin, killing this fool is also like taking something out of my bag!"

Ye Yuan smiled and did not speak, as if he was not worried at all.

Bai Cuishan was not an ordinary person either, but under this swift and fierce move, he could only defend!

In the fifth level, the inheritance was mist transforming into earth.

Under the current desperation, Bai Cuishan unconsciously converted the misty gas into an earth-yellow color.

Boom!

A showdown that could topple mountains and overturn the seas.

The result made everyone's jaws drop!

Bai Cuishan was unmoving like a mountain!

Wang Qian gave a muffled groan and fell to the ground!

Everyone's eyes went wide.

This ... What happened?

Mist transforming into earth actually had such tremendous power?

Bai Cuishan himself also had a dumbfounded look. He had already been prepared to be seriously injured.

Who knew that he did not feel anything; it was Wang Qian himself fell down.

This guy had injured himself!

Bai Cuishan recovered his soul body and muttered, "Wang Qian, why are you so weak?"

Wang Qian nearly spewed out a mouthful of old blood!

Weak?

Apart from not using origin, Your Father already used all of my strength!

This attack of his earlier was extremely fierce, but who knew that it was like it had crashed into a steel plate.

The opponent was fine, but his soul body suffered a tremendous backlash force. As a result, he injured his soul body!

"It's not that he's weak, but that you became strong!" Ye Yuan said with a smile.

Bai Cuishan seemingly woke up from a dream and was rather excited as he said, "You're right. It's me who became strong! I ... How did I become so strong?? *Heh heh*, ?Wang Qian, eat my move!"

Buzz, buzz!

Without waiting for Wang Qian to respond, there was suddenly an additional bolt of lightning in Bai Cuishan's hand, smashing over towards his opponent.

Wang Qian's expression changed drastically. He felt a great threat!

The power of this lightning was even stronger than Feng Rui's Five Lightning Execution!

The power of origin suddenly blossomed!

At the same time, wild wind howled!

Under the augmentation of the power of origin, this storm was more than dozens of times stronger than before!

Hegemon Imperishable's power of origin was no joke.

“Whirlwind Scattering the Clouds! Bai Cuishan, you forced me!” Wang Qian bellowed, pouncing toward Bai Cuishan.

Everyone’s expressions changed again!

The two people’s battle immediately rose several levels.

It was just that Wang Qian was too terrifying this time!

However, in the next second, everyone was stunned.

“Ahh!!”

Wang Qian screamed miserably. His soul body started quivering like it got electrocuted, flying out backward.

Bai Cuishan was unbelievably excited, his soul force instantly transforming into countless fire balls, smashing toward Wang Qian.

Six forms, each form was strong to the extreme!

Furthermore, Bai Cuishan’s attacks did not have any profound technique. It was all just a superficial application of the mist form.

But Wang Qian was pursued by Bai Cuishan and brutally beaten.

Without the slightest strength to fight back!

Miserable screams echoed!

“I’ll also perform a Whirlwind Scattering the Clouds!”

“Uh, have another Sword of Lightning!”

“Watch my move! Fire Dragon Technique!”

... ..

Bai Cuishan became more and more excited as he fought and could not stop at all.

Too strong!

Too satisfying!

My opponent has the power of origin!

But, in front of Your Father, he could not even let out a fart!

Hahaha, satisfying!

Chapter 2950: Well Done, Wang Qian!

“Wang Qian, you’re too weak!”

“Fight back! Don’t you even have any strength leftover to retaliate?”

“To think that you looked like a villain intoxicated by success just now, your strength doesn’t match your boasting!”

... ..

Amidst the loud laughter, Bai Cuishan was devastating Wang Qian brutally.

Everyone present was stunned from watching.

Everything before their eyes was seriously too subverting!

Wang Qian already brought out the power of origin. In the end, he was still being thrashed.

Although Bai Cuishan displayed powerful strength earlier, they thought that after Wang Qian used the power of origin, there should have at least been a bloody battle between both parties.

Who knew that it was completely a one-sided devastation!

If not for the power of origin, Wang Qian would have already died God knows how many times now.

It was not that Hegemon Imperishable’s origin was not powerful. It was just that the time Wang Qian’s fused was too short, and his comprehension of origin was too little.

And Bai Cuishan had long already cultivated his soul body until it was incomparably solid in this Seven-Colored Pagoda.

In the later six levels, although he was cultivating mist transforming into myriad Dao, Bai Cuishan’s soul body still obtained tremendous tempering.

That was right. The mist body could be cultivated too!

The stronger the misty air, the harder it was to be killed!

Even if they were all Pseudo Imperishable Physiques, it was the same too.

Bang!

An earth attribute mystic art was executed, and Wang Qian was pressed to the ground and drubbed once again.

Now, he was already powerless to talk anymore.

Bai Cuishan stopped and came to Ye Yuan’s side as he said excitedly, “Turns out that the Enshrouding Mist Soul Physique can be cultivated to such a point! I finally understand why Progenitor Imperishable is called Hegemon Imperishable!”

Ye Yuan smiled and said, “Progenitor Imperishable isn’t truly imperishable, but it’s that he has trained his Enshrouding Mist Soul Physique to the point where it’s difficult to kill! In the future, even if you can’t reach his height, you can also one-shot most Hegemons!”

Hearing this, Bai Cuishan was excited to the extreme.

At the same time, he looked at Ye Yuan with gratitude.

The reason why he had today was entirely because of Ye Yuan!

Now, his path of enshrouding mist had already been opened. He already had a clear direction for his cultivation direction from now on.

This way, his future was truly limitless.

The others looked at Bai Cuishan, already envious until they went crazy!

Only all the way until Bai Cuishan displayed his strength did they understand where the significance of this Seven-Colored Pagoda lay.

This was the cultivation method that Progenitor Imperishable customized for the Enshrouding Mist Soul Physique!

Furthermore, it was only under these kinds of specific conditions that one could forge a cultivation path that belonged to themselves.

One could imagine, back then, Progenitor Imperishable definitely spent considerable effort for the sake of this cultivation method and even specifically refined a chaos heavenly treasure!

Now, the seven layers of space had already disappeared, and it was impossible for them to continue cultivating anymore.

Therefore, the more seriously you cultivated here previously, the greater the benefits obtained.

Without a doubt, Ye Yuan and Bai Cuishan were the greatest beneficiaries of the Seven-Colored Pagoda!

Bai Cuishan was already so formidable, then how terrifying was the Ye Yuan who reached grand completion in all seven layers of space?

They were already unable to imagine.

At this time, everyone regretted it to the extreme, wishing to go back again and cultivate with Bai Cuishan.

Except, there was no medicine for regret in this world!

On the ground, the dead dog-like Wang Qian felt like all hope was dashed to pieces.

This was really too demoralizing!

... ..

“The seven layered space vanished! Our plan actually really succeeded!” Excitement was written all over Mountain Goat’s face.

With the seven layered space disappearing, it meant that they had already obtained the power of origin!

This was also to say that the hope of finding Hegemon Imperishable had greatly increased.

The old woman also had an excited look as she said, "It's just that I don't know if any of them has integrated the power of origin. Or who fused with the power of origin!"

Mountain Goat narrowed his goat eyes and said with a smile, "Actually, Progenitor Imperishable said before, Wang Qian's Enshrouding Mist Soul Physique can be called half an Enshrouding Mist Soul Physique already! If there's a chance, he might be able to become the second Hegemon Enshrouding Mist! If talking about who has the highest hope of fusing with the origin, it's none other than him!"

The moment these words came out, everyone's faces changed.

They really did not know that Progenitor Imperishable actually regarded Wang Qian so highly.

Then wouldn't the rest have become accessories?

Mountain Goat smiled and said, "Therefore, no matter what happened inside, even if others obtained the power of origin, it's useless too! Because they have no way of fusing with the origin! Junior Apprentice Sister Cloudneon, this time, you've probably miscalculated!"

Cloudneon's eternally unchanging face was still like an ancient well without ripples.

However, she was also very surprised by Progenitor Imperishable's evaluation.

She believed in her eyesight. But, no matter how sharp her vision, it could not compare to Progenitor Imperishable too!

Could it be that this time, she really made an error of judgment?

Suddenly, the old woman shouted, "They came out!"

A group of figures flew out of the Seven-Colored Pagoda.

Wang Qian, who fused with the origin, was still unable to control it freely. He appeared extremely conspicuous in this dense crowd of over 100 people.

The few Great Emperors saw him at a glance.

Mountain Goat's face revealed wild elations!

Progenitor Imperishable's origin was indeed still obtained by his own people!

"Hahaha?... Well done, Wang Zuo! This seat knew that you wouldn't let me down!"

Mountain Goat went up to welcome with a loud laugh.

While talking, he even looked toward the other few Great Emperors with a smug look.

That meaning was very clear; thanks for giving way!

Cloudneon's brows furrowed slightly, and she could not help sighing slightly in her heart.

Sure enough, did she still make an error of judgment?

Alright, this human was harboring evil intentions. Better kill him!

It was just that upon going closer to take a look, everyone's condition was very different.

The Wang Qian who obtained the origin was slouching his head, looking listless and lethargic.

While on the other side, Bai Cuishan was valiant and spirited, like a proud rooster.

Seeing this scene, Mountain Goat was slightly stunned.

What was going on?

Wang Qian arrived in front of Mountain Goat and said listlessly, "Lord Shan Yang."

Shan Yang's brows furrowed, and he said, "You obtained the origin, what's with the long face?"

The moment Wang Qian heard, he felt even more bitter.

Can't get happy!

You treated the origin like a treasure, but people cast it aside like a pair of worn out shoes.

I only picked it up because people did not want it!

Even if it was picked up, it was originally a happy thing too.

But the events that happened after that seriously made him unable to cheer up.

Too demoralizing!

Wang Qian smiled bitterly and said, "Lord Shan Yang, this origin wasn't obtained by me."

The moment Shan Yang heard, he immediately understood and said smugly, "It turns out that it's because of this!? *Huhu*, so what even if it wasn't obtained by you? This origin is fused with you. That's your ability! No matter how formidable the rest are, they couldn't fuse with the origin. That's also rotten mud that can't hold up a wall; too weak to stand up to competition!"

The more Shan Yang talked, the more Wang Qian wanted to find a hole in the ground to burrow into.

Next to them, there were already quite a few Pseudo Imperishable Physiques who laughed out loud.

Shan Yang's brows furrowed even harder, and he said in a solemn voice, "What's so funny? Could it be that this seat is wrong?"

The others did not dare to speak, but Bai Cuishan laughed and said, "Lord Shan Yang, what you said is really not correct! This origin was obtained by Ye Yuan! It's not that he couldn't fuse with the origin, but that he didn't care at all! Not only does he not care, he even made me disregard it too! Otherwise, no matter whose turn it is, it also won't be Wang Qian, this loser's turn to fuse with it!? *Hahaha*?..."
