#### Chapter 2951: I'm of the Real Enshrouding Mist Soul Physique!

*Loser?*

He simply did not dare to believe his own ears. A genius who could fuse with a Supreme Hegemon's origin was actually called a loser by someone.

Did the world already become so crazy?

"Hur,?brat who's surnamed Bai, don't think that with your family's ancestor protecting, you can engage in wild talk in front of this seat! Do you really think that origin is so easy to fuse? This seat thinks that it's clearly you guys who couldn't fuse the origin, calling the grapes sour because you can't eat them, right?" Mountain Goat looked at Bai Cuishan and said with a cold laugh.

*"Hahaha?..."*

Mountain Goat did not expect that the moment the words came out of his mouth, it immediately incurred hooting waves of laughter.

The Pseudo Imperishable Physiques that entered the Seven-Colored Pagoda all laughed!

Although Mountain Goat was a Great Emperor whose reputation shook the Imperishable Soul Domain, he felt somewhat ashamed and angry at this time too.

*I was actually being laughed at by a bunch of Pseudo Imperishable Physique trash?*

*You trash have been laughing all the way from just now.*

*Laugh my \*ss!*

"All shut up for this seat!" Mountain Goat said in fury.

The moment an origin powerhouse was enraged, everyone shut their mouths one after another and did not dare to laugh anymore.

However, Mountain Goat also finally realized that the matter seemed to be different from what he imagined!

"Wang Qian, you say, what on earth happened inside the Seven-Colored Pagoda!" Mountain Goat said in a solemn voice.

"Lord Shan Yang, I ..." Wang Qian stammered.

"Huhu,?Lord Shan Yang, although Wang Qian is already very shameless, he's probably still ashamed to talk about the events inside the Seven-Colored Pagoda! Why don't I tell you?" Bai Cuishan said with a laugh.

Seeing that Wang Qian still had a stammering appearance, Mountain Goat gave a cold snort, which was considered to have tacitly agreed to it.

The few Great Emperors were long already full of suspicion and could not help perking their ears up to listen attentively.

The more everyone listened, the more shocked they became.

Even if they had vast experience and knowledge, they also did not think that such terrifying things actually happened inside the Seven-Colored Pagoda.

And the initiator of evil for all these was Ye Yuan!

Including Cloudneon, their gazes when looking toward Ye Yuan were like looking at a monster.

They thought that the Seven-Colored Pagoda this time, the most optimistic estimation would only be one person who could come out.

But who would have expected that more than 100 people actually came out!

Furthermore, these over 100 people all made great progress in strength.

The likes of Bai Cuishan even thrashed the Wang Qian, who fused with the origin!

“Loser!” Mountain Goat was angered until he billowed smoke from all seven orifices.

Wang Qian was really an out-and-out loser!

Fused with origin and he was actually still being trampled by people.

His Central Soul Region’s face had been utterly lost!

“Senior Apprentice Sister Mu, you said that ... Ye Yuan is a joke?”

“Senior Apprentice Brother Ming Jian, you said that ... Ye Yuan was rotten mud that can’t even hold a wall up?”

“Brother Shan Yan, you were showing off in front of me about how impressive Wang Qian is?”

Suddenly, the Cloudneon, who had been icy-cold all along, opened her mouth.

The three people’s faces immediately felt a fiery heat.

This one month plus, they had scolded Ye Yuan plenty.

Cloudneon did not make a sound the entire time. Who knew that she endured for more than a month, but now, she finally launched an attack!

It was not that she did not care. It was just giving you a fatal blow at the critical moment!

What a resounding slap!

Ye Yuan was also dumbfounded from listening. Sure enough, women could not be provoked!

Furthermore, this woman was well-versed in the Dao of Posturing.

Let you guys jump around first!

After you guys finish posturing, I'll posture!

Furthermore, it was a one-hit-certain-kill!

Ye Yuan was currently marveling but saw Cloudneon's gaze look toward him as she said coolly, "Since Wang Qian has already fused with the origin, then you're useless! You can go and die already!"

Cloudneon's words were devoid of any emotion.

In an instant, Ye Yuan felt a piercing cold killing intent. He was virtually going to asphyxiate.

This woman was not kidding!

She had doubts about his motives and was really going to silence him to prevent divulgence of secrets!

That meaning was, that you had no more value to exploit; you can go and die already!

Even if Ye Yuan was currently extremely strong, he did not have the slightest strength to fight back in front of Cloudneon either.

This woman was too strong!

Ye Yuan's scalp tingled. This woman fell out at the drop of a hat. It really caught him off-guard!

Of course, Ye Yuan also knew that his actions had angered Cloudneon.

I asked you to go and integrate with the origin, but you're good, directly throwing the origin to someone else!

This Imperishable Origin held extraordinary significance to the five great regions.

Whoever fused with the origin was equivalent to being Progenitor Imperishable's direct lineage disciple.

After Hegemon Imperishable returned, that region's status would not be the same anymore.

Well done, I regarded you so highly. You sold me with a flip of your hand.

If I don't kill you, won't I let you down?

Ye Yuan's expression changed drastically, and he hurriedly said, "Hold on! Although Wang Qian fused with the origin, he might not be able to find Progenitor Imperishable! Maybe I can help you guys!"

The moment these words came out, the expressions of the five great origin powerhouses changed.

The Pseudo Imperishable Physiques present were in an uproar.

"Find Progenitor Imperishable? What's going on?"

"Did something happen to Progenitor Imperishable?"

"Ah!? No wonder they sealed the Seven-Colored Pagoda. It turns out that it's because of this!"

... ..

Ye Yuan and Wang Qian both had a tacit agreement to not say the truth.

At this time, Ye Yuan blurted it out under desperation; everyone exploded at once.

Something happened to Progenitor Imperishable!

This was an earth-shattering major thing!

When Progenitor Imperishable was around, the Imperishable Soul Domain was around!

If Progenitor Imperishable died, the Imperishable Soul Domain would perish!

This was what everyone knew.

Mountain Goat said angrily, "Ye Yuan, you're courting death! The origin has already been integrated by Wang Qian. It has nothing to do with you anymore! Since Junior Apprentice Sister Cloudneon wants to kill you, you go to hell then!"

The five great powerhouses were all in a thunderous rage at this time, wishing to kill Ye Yuan off for good.

Mountain Goat even directly cleaved a palm knife over without giving a chance to explain.

He had long found Ye Yuan displeasing to the eye. At this time, he naturally had to strike first to gain the advantage!

Although Mountain Goat casually struck, it was a cataclysmic crisis to Ye Yuan!

It was like he was hit by a paralyzing hex, unable to move at all.

An origin power was too strong!

*Boom!*

Mountain Goat's expression changed. His sneak attack was actually terminated by Cloudneon without extra trouble!

"Let him speak!" Cloudneon said lightly, not giving Mountain Goat face at all.

Although it was a soul body, Ye Yuan still felt cold sweat run down his back.

He drew a deep breath and said, "Finding Progenitor Imperishable through this trace of origin, that's just your speculation! You guys also can't guarantee that Wang Qian can find Progenitor Imperishable, right? But, I can!"

Mountain Goat was somewhat angry from embarrassment and said with a cold smile, "Even Progenitor's origin can't find him; what right do you have!"

Ye Yuan said coolly, "Based on that I'm of the real Imperishable Soul Physique!"

Mountain Goat laughed loudly and said, "What a joke! The 33 Heavens have already existed for god knows how many years. It has also only produced Progenitor Imperishable, one Enshrouding Mist Soul Physique! You dare to boast shamelessly. Do you really take us, these Great Emperors, to all be fools?"

The old woman also sneered and said, "In these countless years, no idea how many Pseudo Imperishable Soul Physiques have appeared before, all saying that they are of the Enshrouding Mist Soul Physique! But, they were all not! What right do you have to say that you are?"

Ye Yuan looked toward Mountain Goat, like he was saying: *Yes, you look just like a fool!*

Without waiting for Mountain Goat to fly off the handle, Ye Yuan said: "Before entering the Seven-Colored Pagoda, I didn't dare confirm that I'm of the Enshrouding Mist Soul Physique too! But now, I'm incomparably sure! I'm of the real Enshrouding Mist Soul Physique!"

### Unrivaled Medicine God

#### **Chapter 2952: Progenitor Imperishable's Legend!**

"Soul Physique! All talk but no promises. You're saying that you're the real Enshrouding Mist Soul Physique, don't you find it ridiculous?" Mountain Goat said with a cold smile.

"Ye Yuan, if you say that there's a real Enshrouding Mist Soul Physique, then it can only be me too! Because it's me who fused with Progenitor Imperishable's origin! You being able to pass the levels only means that your comprehension ability is high, that's all! How do you prove that you're of the Imperishable Soul Physique?" Wang Qian saw that his chance had come and could not resist coming forward to trample Ye Yuan again.

Imperishable Soul Physique this sort of thing, only Progenitor Imperishable could prove it.

The others, whoever said it, it did not count either, and it could not prove it too!

Therefore, now was the best time to kill Ye Yuan!

You were disdainful to fuse with the origin. Now, you're finally getting your just desserts, right?

Wang Qian felt incomparably delighted in his heart.

The old woman, Senior Apprentice Sister Mu, also said, "What Wang Qian said is right! How do you prove that you're of the Imperishable Soul Physique?"

Cloudneon did not speak. Her icy-cold expression was considered to have tacitly acknowledged these people's words.

Want to not die, prove yourself!

Ye Yuan knew that his most dangerous time had already passed.

Cloudneon, this woman, still valued him greatly.

"Ye Yuan cultivated each stage to the realm of grand completion inside the Seven-Colored Pagoda! Furthermore, only he could comprehend the inheritance that Progenitor Imperishable left behind! I feel that he is indeed very likely to be of the Imperishable Soul Physique!" At this time, Bai Cuishan suddenly stepped forward to speak.

These words came from the bottom of his heart.

"Not enough!" Cloudneon still said icily.

Hearing this, Wang Qian was wildly elated in his heart, although he did not know why Cloudneon suddenly changed her attitude.

But, as long as Ye Yuan died, it was enough!

As for proving whether Ye Yuan was of the Imperishable Soul Physique, this was simply impossible!

“Ye Yuan, unless you can find Progenitor Imperishable! Otherwise, you’ll die without a doubt today!” Wang Qian said with a smug look.

Ye Yuan just smiled. Suddenly, he released his aura.

A powerful to the extreme soul force billowed straight for the clouds!

Above the void, an enormous stone door appeared.

On the stone door, there were still seals with the word “myriad’ on them.

This action immediately attracted a wave of exclamations.

“This is the Door of Eternal Life! Master Ye is really incredible. He summoned it so easily?”

“Does Master Ye want to use Emperor Realm to prove himself?”

“I also feel that Master Ye is very likely to be the real Imperishable Soul Physique!”

... ..

The stone door that appeared above Ye Yuan’s head was called the Door of Eternal Life!

As long as one could summon the Door of Eternal Life, one would be considered to have stepped into the realm of Emperor Cloud Heaven.

The cultivation of half-step Emperor Realm was in order to summon this Door of Eternal Life.

To others, this step was as difficult as ascending to heaven.

But, the moment Ye Yuan’s soul force was lightly released, it was summoned!

The cultivation after Emperor Realm was closely related to the Door of Eternal Life.

Three ‘myriad’ word seals were Emperor Realm’s three firmaments!

Three seals, three shackles!

Wanting to step into the realm of Hegemon, one needed to use the power of origin to break the third seal, knock open the Door of Eternal Life, thus transcending samsara, and live forever!

Hegemon Realm powerhouses were not restricted by Hegemon Realm and would not experience Dao tribulation.

As long as they were not killed, they could live forever!

It was just that time flew past. Hegemon powerhouses had also experienced many blood transfusions.

People who could truly live forever did not exist.

Arriving at the soul race, Ye Yuan experienced the Nirvana Soul Hall's hall entrance test and also entered the Seven-Colored Pagoda to gain enlightenment on Dao. He finally comprehended the Divine Emergence's third level!

His thick accumulations erupted. Summoning the Door of Eternal Life was like taking something out of his bag.

"Door of Eternal Life! This guy is actually going to break through to Emperor Realm at this time? It's just that breaking through to Emperor Realm and he'll be able to prove that he's of the Imperishable Soul Physique? What a joke! Wang Qian could not help laughing as he said.

Mountain Goat similarly sneered and said, "Too naive! Does he think that by breaking through to Emperor Realm here, he won't need to die anymore? Junior Apprentice Sister Cloudneon, now that Progenitor Imperishable's origin has already been fused, our top priority is going to find Ancestor. It can't be delayed! Could it be that you plan on wasting time here and delay things?"

The old woman also nodded and said, "Finding Progenitor is the top priority! Cloudneon, if you have time, play with him here. We're leaving!"

Cloudneon's expression still remained unchanged, she just said coolly, "Have you all forgotten Progenitor Imperishable's legend?"

"Legend? What legend?" Wang Qian said with a baffled look.

However, the other four trembled all over!

They had really forgotten about it!

This legend was already too far back!

Mountain Goat narrowed his eyes and said, "You're saying that he can do it? This is impossible!"

The old woman also said, "What a joke! That's just a legend! Even Progenitor Imperishable has never personally admitted it before!"

Cloudneon gave her a glance and said coolly, "Who the hell do you think you are? Does Progenitor Imperishable need to explain anything to you?"

"You!" The old woman was angered by this sentence until she wanted to vomit blood.

Great Emperor Ming Jian said, "But this matter is a highly guarded secret. Even with our status, we've only heard of it too. How did this boy know about it?"

Cloudneon said, "It doesn't matter! What's important is, can he do it or not?!"

The four people's expressions turned somber, and they stopped talking.

Wang Qian had a look of confusion as he said, "Ancestors, what on earth are you all talking about? Could it be that breaking through to Emperor Realm can still set off any waves?"

Mountain Goat narrowed his eyes and said, "Legends has it that a long time ago, the Nirvanic Soul Clan had not given birth to a Supreme Hegemon yet! The Nirvanic Soul Clan at that time was completely enslaved by the Qi Soul Clan. It was just a branch of the Qi Soul Clan, that's all. All the way until the appearance of Progenitor Imperishable! When Progenitor Imperishable corroborated his Dao as Emperor Realm, he comprehended the enshrouding mist origin! And he is also the only existence who comprehended origin in Emperor Cloud Heaven Realm in our soul race over countless years! Hence, that's why he could lead our Nirvanic Soul Clan to rise and stand up to the Qi Soul Clan as equals!"

"If, I'm saying if, this kid can really comprehend enshrouding mist origin when breaking through to Enshrouding Mist Soul Physique! Then, he'll definitely be of the Imperishable Soul Physique without a doubt! Because in these countless years, only Progenitor Imperishable alone had done it!"

Mountain Goat's words made the Pseudo Imperishable Physiques completely explode!

Only then did they know it turns out that the Enshrouding Mist Soul Physique actually still had such a saying.

No wonder the Pseudo Imperishable Physique's status in the Nirvanic Soul Clan was extremely low. Turns out that they all, these Pseudo Imperishable Physiques, were really just Pseudo Imperishable Physiques, that was all.

But Ye Yuan?

"Tch!?" This is simply impossible!" When Wang Qian heard, he said with decisiveness that could chop iron.

Hegemon Imperishable was the one and only through the ages!

What capability did he, Ye Yuan, have? To follow in Progenitor Imperishable's footsteps?

Senior Apprentice Sister Mu laughed coldly and said, "Cloudneon, you're completely wasting time! Every minute that we're late, Progenitor Imperishable might be in greater danger! I'm very suspicious of your motives now! Shan Yang, this seat feels that you should immediately go and invite Lord Yu Tian now to clean up the household!"

Her words were already completely targeting Cloudneon.

Originally, the five great regions had continuous conflicts.

For the sake of saving Progenitor Imperishable, that was how they came together.

Shan Yang's brows furrowed, and he said with a nod, "Junior Apprentice Sister Cloudneon, the present situation indeed brooks no delay! If you insist on playing with this brat, then this seat can only offend you!"

When Cloudneon heard, she just said coolly, "As you wish!"

#### **Chapter 2953: Entering Emperor Realm, Comprehending Origin!**

Impervious to reason!

Cloudneon, this woman, clearly had a strong character. She would not care about other people's opinions at all.

Mountain Goat felt somewhat of a loss in face.

He snorted coldly, a burst of soul force tearing across the air.

Cloudmount's gaze remained on Ye Yuan's body from start to end, not caring about Mountain Goat's action at all.

A moment later, the void trembled, and a figure stepped out of the air.

This was the Central Soul Region's present leader, Hegemon Yu Tian!

"Paying respects to Lord Yu Tian!"

Mountain Goat and the rest gave a bow towards Hegemon Yu Tian, but Cloudneon was aloof and indifferent.

A hint of displeasure flashed across in Hegemon Yu Tian's heart, and he said in a solemn voice, "Since Wang Qian has already fused with Progenitor's origin, then what are you still waiting for? A child is messing around, and you guys are messing around with him too?"

He looked toward the Ye Yuan, who was currently breaking through, full of disdain.

Emperor Realm comprehending origin, he had attempted it before back then too. In the end, it ended in failure.

It was far too difficult!

Since time immemorial, there was only Imperishable alone.

What he comprehended was naturally not the enshrouding mist origin. The difficulty was far from as high as the enshrouding mist origin.

But he still felt that it was as hard as ascending to heaven.

In reality, it was far from just him alone who attempted to comprehend origin at Emperor Realm. But they all ended in failure.

*Now, you're telling me that you can comprehend origin?*

*What a joke!*

While talking, Hegemon Yu Tian already released his soul force domineeringly, intending to kill Ye Yuan.

"If you dare to make a move, I'll break through to Hegemon right now and fight it out to the death with you!"

Cloudneon said it very lightly, as if she was chatting.

But Hegemon Yu Tian's soul force could not help stagnating.

“If you guys want to leave, bring Wang Qian and hurry up and go. If Ye Yuan doesn’t comprehend origin, I’ll naturally kill him. There’s no need for others to do it on my behalf. Of course, if you all feel that there’s any issue, I’ll accompany you to the end too!”

Cloudneon said it in a soft voice, sounding very pleasant.

But the words revealed a majesty that brooked no questioning.

Hegemon Realm, to others, that was a peak that was far beyond reach in their lifetime.

But in Cloudneon’s eyes, it was like a hundred foot tall small earth mound.

If I wanted to climb it, then I’ll climb!

Hegemon Yu Tian was Central Soul Region’s peak Hegemon.

But at this time, he hesitated.

Otherwise, even if it was Mountain Goat, no one knew Cloudneon’s strength either.

But he knew!

Once Cloudneon really risked it all, a sanguinary slaughter would probably be set off in the Imperishable Soul Domain.

A threat!

A blatant threat!!

*Would I, an exalted Hegemon, be threatened by you, an Emperor Sakra Heaven?*

“Since Martial Niece Cloudneon is so confident, what’s the harm in watching?” Hegemon Yu Tian suddenly smiled and said.

Everyone was stunned!

*What is this?*

*Please, you’re a Hegemon. Do you still want face or not?*

*Boom!*

Just as everyone was shocked, the Door of Eternal Life suddenly emitted a profound and inscrutable power.

This power might not be too great, but it was sufficient to make the expressions of Hegemon Realm powerhouses change.

Ye Yuan, who was currently breaking through, suddenly opened both eyes.

That secret that came from inside the Door of Eternal Life, as if it could pry into the world, was currently being grasped by him.

“Is this the Door of Eternal Life? Seems like all of my secrets are so laughable in front of it! Just where does this door lead to?” Ye Yuan thought in his heart.

In reality, when he was in the Seven-Colored Pagoda, he already vaguely felt something.

Breaking through to Emperor Realm was just taking advantage of the opportunity to him.

Ye Yuan's accumulations in the second level of Deity Realm were sufficient to let him break through to Emperor Realm.

But the inheritance that Hegemon Imperishable left behind had indeed opened another window for him, letting him enjoy a new scenery.

At this time, that aura of origin completely wrapped Ye Yuan up.

Everyone happened naturally without extra effort.

But, in other people's view, it was an earth-shattering scene!

"Origin! That ... That's really origin! Emperor Realm comprehending origin! He's really of the Imperishable Soul Physique!"

"No wonder he's disdainful to fuse with Progenitor Imperishable's origin, turns out that he had a well-thought-out plan! With his own origin, why does he need to fuse with other people's origin?"

"True! Apart from the real Imperishable Seven-Colored Pagoda, who else can clear the stages so easily inside the Seven-Colored Pagoda?"

... ..

Following the descending of origin, the Pseudo Imperishable Physiques present stared dumbfoundedly.

Hegemon Yu Tian's eyes almost popped out!

"This ... How is this possible? He's actually of the true Imperishable Soul Physique!" Yu Tian sucked in a cold breath and said.

Wang Qian's face burned red hot. He was slapped again.

It was just that this time, it was more shocking than any other time before.

Even if Ye Yuan beat him black and blue, he also never thought that Ye Yuan was of the true Imperishable Soul Physique.

But now, it was not up to him to not believe anymore.

One and only through the ages!

In these countless years, only Hegemon Imperishable alone had once done it.

Now, it was accomplished by Ye Yuan!

The Senior Apprentice Sister Mu, Ming Jian, and Mountain Goat, who were jumping around endlessly just now, all stopped talking now.

Ye Yuan grasping origin, it was already conclusive beyond all doubt!

A hint of surprise flashed across in Cloudneon's beautiful eyes.

She was very optimistic about Ye Yuan. Therefore, even if she was not sure of Ye Yuan's objective, she let him enter the Seven-Colored Pagoda too.

Even if it was before, when Ye Yuan said that he could grasp origin, she only held one-ten-thousandth hope too.

Who knew that this one-ten-thousandth hope actually came true?!

The Door of Eternal Life gradually exited.

Ye Yuan's soul force skyrocketed and already reached the realm of Emperor Cloud Heaven!

He looked towards Cloudneon and said coolly, "Now, it can prove that I'm of the Imperishable Soul Physique, right?"

Cloudneon was silent.

Since ancient times, the soul race only had these two Imperishable Soul Physiques.

She believed that there should be some connection between these two great Imperishable Soul Physiques.

But she was somewhat afraid now.

She was afraid of Ye Yuan breaking away from her control.

This person was clearly very dangerous.

Was letting him go and find Progenitor really a wise choice?

What on earth was this boy's goal?

Everyone's gazes turned toward Cloudneon.

While Yu Tian, this Hegemon Realm powerhouse, was directly ignored.

Clearly, the one who decided Ye Yuan's life and death was not Hegemon Yu Tian, but it was Cloudneon!

"The matter brooks no delay. Come on!" After being silent for a long time, Cloudneon suddenly said.

Mountain Goat, the old woman, Ming Jian, these people all shut their mouths now.

They followed Cloudneon quietly, leaving the Central Soul Region.

Nothing left to say!

Previously, they could use not being able to fuse with the origin to shoot Ye Yuan down.

But now, what could they say?

This was the true Enshrouding Mist Soul Physique, an existence like Progenitor Imperishable!

The second one through the ages!

Ye Yuan clearly had a great say in this matter of finding Progenitor Imperishable.

Ye Yuan did not say much either, following the few powerhouses and leaving.

Along the way, one powerhouse after another gathered.

Each person that arrived, their gaze when looking at Ye Yuan carried incredulity.

The party went out of the Imperishable Soul Domain and arrived above the sea.

Above the sea, an enormous stone door appeared in front of everyone.

“This is the Abyss Gate! The last place that Progenitor Imperishable appeared was here! Previously, we’ve already sent many people into the Abyss Gate, but not a single one returned. The two of you try to feel it. See if you can feel Progenitor’s aura or not,” Cloudneon said.

### Unrivaled Medicine God

#### **Chapter 2954: Sea of Evil**

“Felt it! Progenitor Imperishable did indeed enter through the Abyss Gate!” Wang Qian’s mind stirred, and he said.

Hegemon Yu Tian said, “Then it’s correct! The two of you lead the way. We’ll enter the Abyss Gate together! There are many powerful existences in the Abyss Gate. Some of them, even Hegemon Realms are very fearful of them. Everyone be careful!”

At this time, a large group of Nirvanic Soul Clan powerhouses already gathered in front of the Abyss Gate.

Just the origin realms were as many as 30 to 40.

Hegemon Realms even already reached ten!

In order to save Hegemon Imperishable, the Nirvanic Soul Clan already transferred close to one-tenth of their strength.

Under the prerequisite that the soul race and blood race were at war, this was already the greatest transfer of forces.

Another Hegemon said, “This matter brooks no delay, let’s go in! With my estimations, Hegemon Imperishable should be in the abyss, being tied down by some powerful existence.”

Everyone nodded, expressing agreement.

Hegemon Yu Tian looked at Ye Yuan and said disdainfully, “After messing around for so long, your origin looks nice, but is useless, it’s not even as good as Wang Qian!”

Ye Yuan had a calm look and did not refute.

Abyss Gate, it was a spatial crack between Nihility Exceeding Balance Heaven and another heaven.

Inside, there were countless powerful evil things, some could even threaten Hegemons.

One could say that this was a death zone.

“Ye Yuan, what do you have to say?” Cloudneon suddenly opened her mouth and said.

Ye Yuan smiled and said, "Nothing to say."

Cloudneon frowned and said, "If you don't say, I'll kill you!"

Ye Yuan was helpless. This woman indeed would never talk sense with you.

"Alright, I can indeed feel that there's the aura of the Enshrouding Mist Soul Physique here. But I feel that this is a trap. Hegemon Imperishable isn't in the abyss rift at all. He headed in that direction."

Ye Yuan pointed in another direction and said.

Cloudneon frowned and said, "Why do you say that?"

Ye Yuan said, "There's some remnant enshrouding mist origin aura there, but it's extremely weak. Without carefully sensing it, it can't be discovered at all."

The moment he said it, Wang Qian immediately snickered and said, "Your meaning is that the origin that you comprehended is higher level than Progenitor Imperishable! I can't discover it. Only you can discover it. Is that it?"

Ye Yuan smiled and said, "Whether or not it's higher level than Progenitor Imperishable, I don't know, but it's definitely higher level than you."

Wang Qian's face turned black, instantly feeling like he got slapped.

He did not know whether or not it was high level, but having entered Emperor Realm and comprehended origin, Ye Yuan could kill him as easily as crushing an ant to death.

Yu Tian also said, "Your meaning is that someone deliberately covered up Progenitor's aura, then lured us into the Abyss Gate?"

Ye Yuan nodded and said, "That's right!"

Yu Tian snickered and said, "That's right my \*ss! What you're saying is simply pulling down your pants to fart; superfluous! The Enshrouding Mist Soul Physique is the only one in the world. Regarding this point, forget about Nihility Exceeding Balance Heaven; even the other heavens know it too. Before this, who could have thought that we could find this place? Could it be that that person can foretell the future?"

Another Hegemon nodded and said, "I also feel that Brother Yu Tian's words make sense. You say that there's the remnant aura of the enshrouding mist origin over there. Do you have a way to prove it?"

Ye Yuan ignored him and shrugged at Cloudneon as he said, "I already said that there's nothing to say, yet you insisted on making me say."

Cloudneon said, "You have no way of proving?"

Ye Yuan shook his head and said, "The aura is very weak. I almost overlooked it just now too. Even if we want to track, it's very difficult too. Very clearly, the other party is very careful."

Yu Tian's mouth curled, and he said disdainfully, "In my view, the one with ulterior motives should be you! You, this boy, have unknown origins. Who knows what the hell you're planning in your heart! You

want to make us fail to find Hegemon Imperishable, so as to let the blood race and Qi Soul Clan prevail, right?"

Ye Yuan was dumbfounded by listening. This old man had such rich imagination!

These Hegemons were not fools. In reality, they had long seen through some inklings from Cloudneon's attitude towards him.

It was merely because he comprehended origin that they did not kill him.

Wang Qian was indeed very unreliable when compared to Ye Yuan.

Of course, it was also due to Cloudneon protecting him.

Ye Yuan shrugged and said, "Alright, alright. Just take it as I didn't say anything. Everyone enters the Abyss Gate together! However, if we encounter any danger inside, don't blame me for not warning you guys!"

Yu Tian snorted coldly and said, "We'll be in danger if we trust you! Come on!"

The party entered the Abyss Gate.

Inside, it was pitch black darkness with countless evil things. Furthermore, their strength was extremely powerful.

However, with ten great Hegemons blazing the trail, there naturally would not be any problem.

Along the way, Wang Qian sensed Hegemon Imperishable's power of origin and led the way for everyone.

Half a month later, everyone arrived before a dark fog.

"Ahead lies the Sea of Evil! There are many Hegemon level evil things inside the Sea of Evil!" East Soul Region's leader, Hegemon Wang Ning said.

Yu Tian said, "Already at this step, we have no path of retreat either! Moreover, if it isn't an extremely dangerous place, Progenitor Imperishable wouldn't have been caught deep inside too. In the Sea of Evil, that evil dragon's strength doesn't lose to Progenitor Imperishable!"

Everyone nodded one after another. How could ordinary means trap Hegemon Imperishable, this level of existence?

However, Yu Tian was not a reckless person either. He naturally knew propriety.

He said to Wang Qian, "Wang Qian, sense carefully outside the Sea of Evil. There mustn't be any mistakes! This place isn't an ordinary place. A single misstep and even the likes of us will be trapped inside too!"

Wang Qian had a serious look too, feeling tremendous pressure.

He was a clever man and naturally knew the degree of seriousness.

Hence, he started to spread his senses carefully.

Cloudneon said, "Ye Yuan, you go too!"

Ye Yuan said, "There's no need. Progenitor Imperishable has indeed come here before. He entered the Sea of Evil from that place!"

Cloudneon frowned and said, "You're sure?"

Ye Yuan nodded and said, "I'm of the same root as Progenitor Imperishable. I can easily feel the enshrouding mist origin's aura. It's that place. There's no mistake."

But Yu Tian smiled coldly and said, "No matter if you are of the same root, it can't compare to the origin from Progenitor himself either, right? Kid, if you let this seat discover that you're spurring nonsense, this seat will kill you right now!"

Two hours later, Wang Qian came back.

"Ancestors, I carefully investigated the Sea of Evil's entrance three times and confirmed that Progenitor Imperishable entered from there!"

The direction that Wang Qian pointed in was exactly the same as Ye Yuan said.

With this, everyone was shocked.

Could it be that Ye Yuan's perception ability was so much stronger than Wang Qian?

This was also too sensitive!

Wang Qian expended a Herculean effort before finding the place; Ye Yuan discerned it with just a glance!

The group of Hegemons looked toward Ye Yuan one after another.

Wang Qian had a blank look. The entrance was investigated by me, what are you guys looking at Ye Yuan for?

However, many hegemons were already somewhat having their thoughts stirring.

Could it be that what Ye Yuan said outside the Abyss Gate was true?

If it was true, this would be a trap. Then they all, these people, would really somewhat be in danger!

"What do you think, Brother Yu Tian?" Wang Ning said.

Yu Tian was silent and shook his head and said, "No matter what, Progenitor has indeed entered the Sea of Evil, no?"

#### **Chapter 2955: Nirvanic Soul Clan's Great Crisis!**

"Ancestors, actually, this disciple even discovered this at the entrance area!"

Wang Qian took out a very, very small white crystal. When Yu Tian and the rest saw it, their pupils could not help constricting.

“Spatial origin crystal fragment!”

Yu Tian exclaimed: “Progenitor Imperishable must have entered the Sea of Evil. There’s no mistake!”

Wang Ning also nodded and said, “Progenitor has already searched for this thing for several tens of thousands of years! Didn’t expect that it would actually appear in the abyss rift! This also becomes understandable; Progenitor Imperishable won’t easily brave dangers. No need to hesitate anymore, enter!”

The others responded one after another, already very certain that Progenitor Imperishable entered the Sea of Evil.

Seeing this scene, Ye Yuan’s brows furrowed even harder.

The more this was the case, the more he smelled a hint of danger.

Cloudneon, who was by the side, also became aware of Ye Yuan’s expression, her expression stirring slightly.

However, she did not say anything in the end.

Now, all the evidence showed that Progenitor Imperishable was in the Sea of Evil!

Furthermore, with their strength, even if there was really an ambush, they could retreat unscathed too.

Regardless of whether it was Yu Tian or Wang Ning, they were all not ordinary Hegemon Realms.

Their strength was not at all inferior to Hegemon Cloudmount!

There was only Progenitor Imperishable, this level of powerhouse, who could threaten them.

The party stopped hesitating, entering the Sea of Evil!

Upon entering the Sea of Evil, Ye Yuan felt an extremely uncomfortable feeling.

In fact, even soul force was circulating somewhat sluggishly.

The turbid air here seemed to have a great suppressing effect on soul bodies.

Ye Yuan felt that in this place, the soul body could only unleash 70% to 80% of its strength.

Even those Hegemon Realms were no exception either.

But, unexpectedly, after entering the Sea of Evil, the surroundings seemed to have become quiet.

Along the way, they actually did not run into a single evil creature!

With this, even Yu Tian they all felt something amiss too.

“Something isn’t right! Wang Qian, are you sure that there’s still the aura that Progenitor Imperishable left behind here?” Yu Tian said with a frown.

Wang Qian nodded his head and said, “Yes! After entering the Sea of Evil, Progenitor’s aura became even thicker. I don’t even need to sense carefully anymore.”

Yu Tian looked toward Ye Yuan. Ye Yuan nodded slightly, expressing approval with Wang Qian.

Indeed, the enshrouding mist origin's aura here was already very thick.

It looked like this place seemed to have experienced a great battle. Otherwise, the origin aura would not be so thick.

"Brother Yu Tian, this place has already entered that pincer worm's sphere of influence. But I can't feel that pincer worm's aura at all! Something isn't right here!" Wang Ning said.

But Yu Tian's gaze looked toward Ye Yuan, his expression somewhat ugly.

Could it be that this guy really hit the mark?

Judging from this situation now, it was very likely!

"Brother Yu Tian, we wouldn't ... have really been schemed against, right?" North Soul Region's leader, Hegemon Wu Wen said.

Yu Tian's gaze turned intent, and he spat a word out of his mouth: "Retreat!"

But right at this time, there was a tremor in the void. One figure after another poured out from all directions. There were as many as a hundred people!

Each and every one of the Nirvanic Soul Clan's powerhouses' expressions changed drastically.

"Haha, Brother Yu Tian, you finally managed to make a trip to the Sea of Evil. You're going to leave without even drinking a cup of tea?"

The one speaking was an enormous pincer worm.

Naturally, it was this region's king.

"Brother Yu Tian, we haven't met for many years. Why? Not saying hello?"

Yu Tian's pupils constricted, and he said, "Bloodmourn! Your blood race actually colluded with the abyss rift!"

Bloodmourn, blood race Hegemon, Yu Tian's old rival.

His strength was not beneath Yu Tian!

Yu Tian never expected that the blood race and abyss rift colluded together.

This was undoubtedly massive bad news to the Nirvanic Soul Clan.

Bloodmourn smiled and said, "The enemy of an enemy is a friend! Yu Tian, such a simple logic, there's no need for me to tell you, right? However, your old friends aren't just us. Brother Jun Yi, not coming out to say hello?"

Hearing this name, Yu Tian and the group of Nirvanic Soul Clan Hegemons all trembled all over, their eyes revealing a look of astonishment.

Hegemon Jun Yi, who was wearing azure-colored long robes, slowly walked out. Yu Tian's eyes had an additional trace of despair.

"Jun Yi! The Qi Soul Clan and Nirvanic Soul Clan belong to the same ancestry no matter what! You guys actually allied with the blood race to deal with us?" Yu Tian gnashed his teeth in hatred and said.

With the blood race and abyss joining forces, although he was surprised, he was not angry.

But Jun Yi was the Qi Soul Clan's powerful hegemon. He actually colluded with the blood race too. This made him incredibly furious.

Jun Yi said coolly, "Same ancestry? Yu Tian, you're thinking too highly of yourself! Your Nirvanic Soul Clan is our Qi Soul Clan's dog to begin with! In all the heavens and myriad worlds, there's only one soul race, whatever Qi Soul Clan doesn't exist! Imperishable that old thing, he should have died long ago!"

Yu Tian's entire body trembled, and he said worriedly, "You all ... What the hell did you all do to Progenitor Imperishable?"

Jun Yi smiled and said, "Although Imperishable this old thing is known as imperishable, with three great Supreme Hegemons joining hands, even if he doesn't die, he'll lose a layer of skin too! Moreover, this time, it's scheming against the unguarded. He should be having a very bad time now. He might already be dead!"

The Nirvanic Soul Clan members present all sucked in a cold breath.

Three great Supreme Hegemons joined forces!

Without a doubt, these three great Supreme Hegemons were the abyss' Hegemon Evil Dragon, the blood race's Hegemon Bloodsong, as well as the Qi Soul Clan's Hegemon Heavenly Soul!

These three people actually joined forces!

These three great Hegemons joining forces, they could practically sweep across a world!

Although Hegemon Imperishable was strong, under the joint forces of these three people, his life or death was really hard to say!

An atmosphere of despair spread in the Nirvanic Soul Clan.

Even the Hegemons suffered a huge blow to morale at this time too.

Hegemon Imperishable was the Nirvanic Soul Clan's strongest person and also their totem, their spiritual leader.

Now, Hegemon Imperishable might be dying. Their blow could be imagined.

Bloodmourn smiled and said, "Brother Yu Tian had better worry about yourself. In order to lure you all out, we paid a considerable price! However, as long as you all, these five great regions' leaders are dead, the Nihilism Exceeding Balance Heaven will basically be finished. From now on, our blood race will share control of Nihilism Exceeding Balance Heaven with the soul race!"

Yu Tian glared at Jun Yi and said, "You all are asking a tiger for its skin! The blood race's ambitions, all the heavens know! You all are actually working with them!"

Jun Yi smiled and said, "The soul race and blood race are both chaos races, the top species in all the heavens! We are of the same kind!"

The Qi Soul Clan had always been high and mighty.

They looked down on the Nirvanic Soul Clan, but because of Hegemon Imperishable's existence, they could not do anything to the nirvanic soul clan.

All the way until the blood race found them, they discovered that the opportunity had arrived!

Of course, the blood race naturally paid a huge price in order to join forces with the Qi Soul Clan.

And the abyss rift were of one body and two faces with the soul race; natural enemies.

The matters of the world mutually promoted and restrained each other.

And the abyss species was the nemesis of the soul race.

In this situation, the Nirvanic Soul Clan had already reached the juncture of life and death survival!

### [Unrivaled Medicine God](#)

#### **Chapter 2956: Every Word Pricking the Heart!**

From the three great races, a hundred powerhouses were gathered all around.

Just the Hegemon Realm powerhouses were as many as 23 people!

The number was more than double that of the Nirvanic Soul Clan!

The rest were all origin powerhouses!

In order to completely wipe out the Nirvanic Soul Clan's core forces, the three great races really mobilized powerhouses this time.

"Sigh, I really regret not listening to Young Friend Ye's words! If I had listened to Young Friend Ye's words, the Nirvanic Soul Clan wouldn't be in this current danger! The death of the Nirvanic Soul Clan today is entirely due to this old man's muddleheadedness! Young Friend Ye, this old man apologizes to you for the disrespect along the way. Our Nirvanic Soul Clan shouldn't have dragged you into the water!"

Yu Tian suddenly looked at Ye Yuan, his face full of regret.

Only now did he know that him suspecting Ye Yuan was pushing the Nirvanic Soul Clan into the abyss with his own hands.

Thinking up to here, he felt incredibly guilty.

The other Hegemons also had remorseful looks.

Outside the abyss, Ye Yuan urged them time and again, but none of them believed him.

Now, they were getting their just desserts.

Ye Yuan did not have the intention of harming people at all. But, they projected their shortcomings onto him, harming themselves in the end.

Hearing this, Bloodmourn three people all looked towards Ye Yuan, somewhat visibly moved.

All of this had been arranged carefully to the extreme.

In fact, even Hegemon Imperishable had fallen into the pit too.

In the end, this important matter was actually almost ruined because of this inconspicuous Emperor Realm brat?

The flawless plan was actually seen through by this kid?

Bloodmourn's back was already drenched in cold sweat!

The blood race had schemed for far too long, for the sake of this plan.

If the entire plan fell through because of this kid, then the losses would really be too great!

Dealings between the three great races with complicated interests and alliances, and they even had to hide from the entire Nirvanic Soul Clan.

The manpower and resources expended for this were simply unimaginable!

This Nihility Exceeding Balance Heaven was different from Grand Brightjade Complete Heaven. This place was the soul race's world. The soul race had three great Supreme Hegemons who were extremely powerful.

This bone was not easy to chew.

Hence, they could only put up with the second best option. It was to think of a way to join forces with the other two major factions first and then eradicate the Nirvanic Soul Clan.

This god-like maneuver was actually completed by them!

Now, when the results bore fruit, it actually almost failed!

Luckily!

Luckily, Yu Tian these guys were too stupid. If they believed Ye Yuan, then he would probably be hammered to death by Lord Bloodson.

"Sorry." Cloudneon's voice entered Ye Yuan's ears.

Ye Yuan gave her a glance, somewhat surprised. This woman actually knew how to apologize!

"Actually, you all don't need to despair! Progenitor Imperishable won't die! After killing your way out, the Nirvanic Soul Clan is still the Nirvanic Soul Clan!" Ye Yuan said coolly.

Bloodmourn was shocked inwardly, but he laughed loudly on the surface and said, "Kid, you just entered Emperor Cloud Heaven, and you dare to surmise the victory or defeat of Supreme Hegemons? Hegemon

Imperishable is indeed known as imperishable and is difficult to kill! But, there's no unkillable person in this world at all! Regarding this point, Yu Tian they all definitely know better than you! Three great Supreme Hegemons joining forces, it's just a matter of time that Imperishable that old thing dies!"

The moment these words were said, the expressions of Yu Tian and the rest became even bleaker.

They knew that what Bloodmourn said was right.

Although Progenitor Imperishable was known as imperishable, he was not undying.

He could be killed!

A Supreme Hegemon naturally could not kill him.

But three Supreme Hegemons, that was completely different!

Evil Dragon, Bloodsong, Heavenly Soul, these three great Supreme Hegemons, represented the apex of three great chaos powerhouses!

With them joining forces, there was no one that could not be killed!

Ye Yuan gave Bloodmourn a look and said coolly, "Why are you in such a hurry to come out and defend yourself? Guilty conscience?"

Bloodmourn was shocked inwardly again. What a formidable brat. Every word pricked the heart!

When did such a monster appear in the Nirvanic Soul Clan?

"Although you all are Hegemon Realm powerhouses, nobody understands this Enshrouding Mist Soul Physique better than me! If it was before entering the Seven-Colored Pagoda, I'll definitely say that Progenitor Imperishable will die. But, after entering, I can tell you all that those three can't kill him! The blood race's true objective is you all! If you all, these people, die here, the Nirvanic Soul Clan will really be finished! Progenitor Imperishable alone can't set off any waves!"

Ye Yuan said it slowly, each word like a knife, making Bloodmourn's expression change greatly.

Because what Ye Yuan said was not the slightest bit off from the blood race's plan!

It was just like this plan was drawn up by him.

Before this, Bloodsong had personally admitted that even if the three of them joined forces, they could not kill Hegemon Imperishable too!

Hegemon Imperishable was an anomaly among Hegemons.

His soul physique had already been cultivated to an incomparably terrifying realm.

It could virtually be said to be undying and imperishable!

Therefore, the blood race's true objective was the five great soul regions' leaders!

The Nirvanic Soul Clan had already become extremely powerful after hundreds of millions of years of accumulation.

Compared to the Qi Soul Clan, it was much stronger.

Although Supreme Hegemons hard to come across, powerhouses below Supreme were similarly hard to come by.

Not every Hegemon could reach Hegemon Cloudmount's level.

But one Nirvanic Soul Clan produced five of such existences. It was a very difficult bone to bite on.

As long as they killed Yu Tian the five of them, the Nirvanic Soul Clan would completely fall!

Bloodmourn did not expect that such an elaborate plan would actually be laid bare with a single comment from an Emperor Cloud Heaven boy!

However, Ye Yuan did not finish speaking yet!

He continued, "From the moment they appeared, they have been using psychological attacks on you all, making you all think that Progenitor Imperishable will die! In addition, Sea of Evil this battlefield is too advantageous to them. This way, they will be able to kill you all at the smallest cost! If you all are dispirited, it will fall right into their wishes! Therefore, kill your way out! Even if a single Hegemon escapes, it will be a great loss to them too!"

*Boom!*

A streak of bloody light lit up, flying straight for Ye Yuan.

Yu Tian's pupils constricted, a streak of soul force flying straight for the firmament!

Two great hegemons exchanged blows in an instant.

But how terrifying was the attack of Hegemons?

That aftershock instantly vaporized Ye Yuan.

"Ye Yuan!" Yu Tian roared angrily, glaring at Bloodmourn.

He still failed to save Ye Yuan in the end!

Bloodmourn snorted coldly and said, "A reckless and blind ant actually dared to talk about hegemons presumptuously. His death isn't regrettable!"

The Nirvanic Soul Clan powerhouses were all glaring furiously.

An Emperor Cloud Heaven was seriously too weak in such a battle!

Even a tiny aftershock was sufficient to kill them several times over too.

But, Bloodmourn's sneak attack also indirectly proved that Ye Yuan's guesses were completely correct!

*Sigh, it was a shame that a peerless genius was gone!*

However, in the next second, misty air emerged from the ground.

Gradually, it condensed into Ye Yuan's appearance.

The eyeballs of everyone present were almost popping out!

“This ... How is this possible? Ye Yuan actually didn’t die?”

“That blow earlier, forget about Emperor Cloud Heaven; even if it was Emperor Vast Heaven, they would turn to ashes too!”

“His Enshrouding Mist Soul Physique was clearly completely erased under that blow. Why didn’t he die?”

... ..

The four great races looked at Ye Yuan with incredible shock, full of incredulity.

Suffered a Hegemon’s blow and actually did not die?

### Unrivaled Medicine God

#### **Chapter 2957: Great Battle Erupts, Cloudneon Displays Her Power!**

“Being in such a hurry to kill me, you became angry from embarrassment?” Ye Yuan looked at Bloodmourn and said with a light smile.

Bloodmourn’s expression changed, and he cried out in surprise, “You ... You’re of the Imperishable Soul Physique? There’s actually a second Imperishable Soul Physique in this world? This is impossible! Even if it’s the Imperishable Soul Physique, you received this seat’s blow. It’s impossible not to die either!”

Ye Yuan smiled and said, “That’s why I said that you all couldn’t kill Hegemon Imperishable! Even a Hegemon can’t kill me, an Emperor Cloud Heaven. Progenitor Imperishable’s soul body is on a completely different level from me! Even if three great Supreme Hegemons join forces, so what?”

Everyone was suddenly enlightened!

It turned out that this was the true Imperishable Soul Physique!

Even if died until not even residue remained, you could still revive!

This scene made the Nirvanic Soul Clan’s powerhouses become invigorated at once.

It was indeed as Ye Yuan said; the Enshrouding Mist Soul Physique could not be killed!

“*Humph!*? Your measly deceptive trick can deceive others, but do you think that you can hide from this seat? The Nirvanic Soul Clan’s methods simply have no way of hiding in front of my soul race!” Jun Yi said with a cold laugh.

Ye Yuan knew that he could not hide it. He did not plan to hide it either.

Even Cloudneon could see through it. How could the Hegemons from the soul race not see through it?

In reality, Yu Tian and the others had seen through it too.

Ye Yuan smiled and said, “I’m not planning on hiding from anyone! I just want everyone to know how hard it is to destroy the Enshrouding Mist Soul Physique! Even if many Emperor Sakra Heavens come, so what? With your strength, killing me many times, it will naturally be effortless, but so what? Can you truly kill me?”

Jun Yi gave a cold snort but did not speak.

Clearly, he could not kill!

Ye Yuan continued, "You can't kill me, this rookie who just entered Emperor Realm. Then how powerful is Hegemon Imperishable's Enshrouding Mist Soul Physique? If the three great Supreme Hegemons are several realms stronger than him, then there's naturally no problem killing him. It's just a pity that they are the same rank!"

The eyes of Yu Tian and the rest lit up. They were convinced!

Honestly speaking, it was also their first time witnessing what was the true Enshrouding Mist Soul Physique!

Enshrouding Mist Soul Physique could actually borrow the power of heaven and earth to instantly recover!

Such a soul physique, how terrifying was it?

No wonder Progenitor Imperishable had experienced countless battles but could never fall from beginning to end.

They knew that back then when Progenitor Imperishable led the Nirvanic Soul Clan to rise up, he had fought with the Qi Soul Clan countless times.

At that time, he was still not the invincible Hegemon Imperishable!

But, no matter what means the Qi Soul Clan used, they were unable to kill him.

That was how he had this name, Imperishable!"

Yu Tian drew a deep breath and said, "This seat understands! Everyone, listen up. No matter what grudges we had in the past, the biggest goal of all of us from the Nirvanic Soul Clan today is to live! We don't fear death, but we don't treat death lightly!"

Wang Ning nodded and said, "East Soul Region's people, heed my order. Every person that can escape counts as one! As long as we get out of the Sea of Evil, they won't be able to trap us anymore!"

"*Heh heh*,?Old Ghost Yu Tian, didn't expect that this old man, I, will actually have a day where I join forces with you!" North Soul Region's Hegemon Wu Wen said.

"*Hahaha*,?this old woman, I, have lived for hundreds of thousands of years, I've lived enough too! Today, I'll fight it out with this bunch of sons of bitches!" West Soul Region's leader said.

For a moment, everyone who had originally lost their wills actually soared with fighting spirit!

Ye Yuan's words had already completely activated them.

Bloodmourn was furious until he gnashed his teeth in hatred. The situation that they had meticulously created was actually messed up by an Emperor Cloud Heaven brat!

What shocked him even more was that the Nirvanic Soul Clan actually had another true Enshrouding Mist Soul Physique appear again after Hegemon Imperishable!

Given time, this boy would soar to the sky, and then the Nirvanic Soul Clan would be at the height of its power!

“Everyone, we can’t let a single person off today! Wu Jia, you don’t need to take part in the fight anymore. Kill that boy called Ye Yuan at all costs!” Bloodmourn said in a solemn voice.

“Lu, you go too! This boy can’t be kept alive!” Jun Yi said with a deep gaze.

The Qi Soul Clan was the one that was more apprehensive of Ye Yuan!

If the Nirvanic Soul Clan really tided over this calamity, then it would be a grave threat to the Qi Soul Clan in the future!

Therefore, Ye Yuan must die!

The Enshrouding Mist Soul Physique was too terrifying!

The three great races’ Hegemon Realms had a total of 23 people.

The numbers were quite a few, but wanting to completely kill ten great Hegemons, the difficulty was still quite high.

But even so, they still transferred two great Hegemons to specially deal with Ye Yuan.

It could be seen how much importance they attached to Ye Yuan.

Ye Yuan fell into a desperate situation at once.

He naturally knew the logic that the hunter would shoot the bird that sticks out. But this was an opportunity.

First of all, if the Nirvanic Soul Clan was really completely wiped out, he would have to die too!

Secondly, if he could really bring the Nirvanic Soul Clan out, then Progenitor Imperishable would owe him a huge favor.

This would be of great help to him lending the Purple Ripple Umbrella.

However, what he could do was also just these.

He could only hope that after pulling themselves together, Yu Tian these guys could have a few more of them survive.

“Cloudneon, regardless of Ye Yuan’s identity, he’s our Nirvanic Soul Clan’s benefactor! You escort him out!” Yu Tian looked towards Cloudneon and instructed.

Even when facing such a desperate situation, Cloudneon did not show the slightest expression either. She just nodded her head lightly.

But Ye Yuan was speechless for a while. People already sent two Hegemons to come kill me. You guys were just sending an Emperor Sakra Heaven?

Wasn’t this killing people?

“Ye Yuan, rest assured. Cloudneon’s strength is more powerful than you imagine! She’ll ensure your safety!” Yu Tian said.

Ye Yuan nodded his head and said solemnly, “Have a few more survive!”

Yu Tian laughed loudly and said, “Don’t you worry, the few of us old fellows aren’t so easily killed!”

“Let’s go!”

Cloudneon said coolly and Ye Yuan rushed out with Cloudneon in spite of himself.

The great battle instantly broke out!

Ye Yuan only heard heaven-shocking explosion sounds coming from behind.

It was as if the entire abyss was going to be blown apart!

The battle of Yu Tian, this level of powerhouses, was seriously too terrifying.

The aftershocks of the battle were naturally extremely terrifying.

With the likes of his strength, he could only become cannon fodder.

The pitiful Wang Qian turned to ashes in the instant the great battle erupted.

Even if he merged with the origin, it could not save him either.

Ye Yuan two people were not out of danger. Even if Cloudneon helped protect him from the vast majority of the force, he still felt like his soul body was going to be scattered.

In front of them, there were seven to eight origin powerhouses that directly blocked off the two people’s escape routes.

Although origin powerhouses were inferior to Hegemons, they could virtually be said to be the strongest under Hegemons already.

It was also that two great Hegemons issued a certain-kill order on Ye Yuan. Therefore, Cloudneon this side immediately attracted considerable firepower!

Dozens of firepower fired over in unison. Ye Yuan felt like the sky was going to collapse.

However, amidst the torrential storm, a white beautiful figure strolled over leisurely!

A surge of origin power spread out, and Ye Yuan’s eyes went wide.

Those dozens of unbelievably powerful attacks actually seemed to have grown eyes, brushing past the two of them.

Amidst the violent storm, it was only to see Cloudneon point a finger. Terrifying soul force directly stabbed toward the soul race origin powerhouse that was coming head-on like a sharp sword.

That origin powerhouse gave a miserable cry and directly turned to ashes!

Origin powerhouses were actually not opponents that could last one exchange with her!

## Unrivaled Medicine God

### Chapter 2958: Dream Recollection

“How formidable!”

Ye Yuan was stunned by Cloudneon’s casual strike.

Just earlier, he seemed to have been in a dream.

In the dream, dozens of origin attacks completely scattered and disappeared!

Those origin powerhouses all had confused looks too. Clearly, they did not know what had happened.

“It’s the Cloud Dream Soul Physique! Furthermore, she cultivated Dream Recollection! You all fell into her dream realm just now. It’s impossible to hit her! Everyone, leave! Leave this place to the two of us! You guys aren’t her match!”

A figure landed. It was precisely the Qi Soul Clan’s Hegemon Realm powerhouse, Lu!

When those origin powerhouses heart, they were all startled with fear.

“It’s actually the legendary grade Cloud Dream Soul Physique! It’s said that this soul physique isn’t beneath the Enshrouding Mist Soul Physique!”

“No wonder it’s so formidable! Furthermore, she even cultivated the supreme soul canon, Dream Recollection! She’s simply unmatched in the same rank!”

“The Nirvanic Soul Clan is really going to be amazing! An Imperishable Soul Physique and a Cloud Dream Soul Physique! Once these two steps into the realm of Hegemon, it will simply be our soul race’s nightmare!”

... ..

Ye Yuan did not know about the Cloud Dream Soul Physique, but he was very clear about Dream Recollection.

The soul race’s three great sacred canons — Divine Emergence, Dream Recollection, and Extinction — each of them was a powerful to the extreme soul race cultivation method.

For the same of these three great soul canons, Qi and Nirvanic, two races, even once had a shocking war erupt before.

In the end, the Nirvanic Soul Clan suffered countless casualties. Progenitor Imperishable was seriously wounded, before snatching away these three great sacred canons from the hands of the Qi Soul Clan.

Dream Recollection this sacred canon, what it recorded was the method to gain enlightenment on Dao with dreams.

Comprehending life in dreamland, comprehending Heavenly Dao, and finally comprehending origin.

Dreaming for 3000 years, corroborating one’s Dao, and gaining enlightenment on longevity!

These three great sacred canons could be cultivated regardless by the Nirvanic Soul Clan or the Qi Soul Clan.

But Dream Recollection, this cultivation method, was especially suited for the Cloud Dream Soul Physique!

The Nirvanic Soul Clan once had a peerless heaven's chosen appear before, who roamed the contemporary era unobstructed!

At that time, he was reputed as the most promising existence to become a Supreme Hegemon.

It was just that, sadly, he made an overly showy display of his ability, and he was plotted against by the Qi Soul Clan and ambushed.

In order to kill him, the Qi Soul Clan did not hesitate to mobilize three Hegemon Realm powerhouses.

They did not expect that many years later, the Nirvanic Soul Clan actually had another Cloud Dream Soul Physique appear again!

Lu looked at Cloudneon and said with a light smile, "I didn't expect that the siege this time actually still had an unexpected discovery! Imperishable that old thing, he really hid you too well!"

Cloudneon still had an icy-cold appearance, disliking to talk.

Ye Yuan only felt a blur before his eyes and he discovered that Cloudneon's soul body started dissipating, turning into nothingness in the end.

Cloudneon was gone!

Ye Yuan's pupils constricted, and he shouted, "Are you kidding me? Abandoning me just like that? Have you forgotten what you promised Hegemon Yu Tian?"

In just that instant, Ye Yuan could not perceive Cloudneon's existence anymore.

Hegemon Wu Jia was also stupefied, then immediately burst out laughing and said, "What bullshit Cloud Dream Soul Physique, more like it's called, Fleeing Soul Physique, right? Kid, since that girlie ran, you can go and die then!"

A streak of bloody light flashed past. Ye Yuan felt like he was going to die.

He was still too far away from Hegemon Realm!

Boom!

Ye Yuan's soul physique was immediately vaporized.

Killing Ye Yuan in one blow, Wu Jia said smugly, "Originally, I thought that it would be somewhat troublesome. I didn't expect that it's so simple. What Imperishable Soul Physique, Cloud Dream Soul Physique. All simply too weak to withstand a single blow!"

Lu smiled and said, "While these two great soul physiques are formidable, their strength is too weak. To the likes of us, they are merely ant-like existences. But if we allow them to grow unchecked, the

consequences would be too terrible to contemplate. Since this side has already been settled, let's hurry over and help Lord Bloodmourn they all then. That side is of the utmost priority!"

Wu Jia nodded, and the two people turned around and left.

Over at the other side, the battle of Hegemons had already entered a white-hot stage.

The likes of Yu Tian were all top powerhouses among Hegemon Realms. Their battle was virtually smashing the abyss apart.

However, the Nirvanic Soul Clan indeed had greatly diminished combat power in this Sea of Evil.

Plus, their numbers were not many, and signs of decline already appeared.

With three races joining forces, the combat power was extraordinary.

But right at this time, Lu's figure suddenly came to a stop, as if he was petrified.

Wu Jia's brows furrowed, and he said, "Brother Lu, what's wrong?"

Lu's expression changed, and he said, "Not good! We were duped! Brother Wu Jia, chase after them!"

Finished saying, he ignored Wu Jia, his figure turning around and immediately tearing across the air.

Wu Jia had a confused look, not knowing what this Lu was going crazy over. But, he still followed.

"Brother Lu, what on earth happened?" Wu Jia caught up to Lu and could not resist asking.

"We fell into that girl's dream realm just now!" Lu said.

"Dream realm??*Hur,* how is this possible? A mere Emperor Sakra Heaven can use dream realm to deceive the two of us at the same time? Let alone that there are so many Peak Hegemons fighting over there, how can it be what she, a measly little Emperor Sakra Heaven, can simulate?" Wu Jia said in disapproval.

Lu Daoyi had a solemn expression as he said, "Half awake and half dreaming; that is when it's the hardest to distinguish! Just now, she perfectly merged dreamland together with reality! Therefore, even if it's you and I, it's hard to detect too! If not for the dream realm dissipating just now, revealing a trace of extremely subtle undulation, even if it's this seat, it's hard to detect it too! This girl's Cloud Dream Soul Physique has probably already surpassed the Meng Lan of back then! Luckily, she's just Emperor Sakra Heaven. If she stepped into the realm of Hegemon, even if you and I died in the dreamland, it will be difficult to detect too!"

With this, Wu Jian was shocked.

If what Lu said was true, then it was really too terrifying!

The dream realm set up by an Emperor Sakra Heaven, he actually did not detect it in the slightest!

... ..

"I really didn't expect that you, this woman, are icy-cold, but you're actually so strong!" Ye Yuan marveled.

When he 'revived from the dead,' Ye Yuan felt that it was magical.

That kind of feeling was too real.

The dreamland that this woman set up actually made two great Hegemon Realms unable to detect it in the least bit.

Then, she brought him away from under the two of their hands unknown to gods or ghosts.

Ye Yuan examined his own conscience and felt that his willpower was extremely strong. Plus, he had cultivated the Divine Emergence. Nothing could bewitch his mind.

But this time, he succumbed.

"Dream is born from the heart. It's no idea how many levels higher than an illusory real! You're not facing my spell, but facing your own heart! Although you cultivate Divine Emergence, your strength is too low. Falling into the dreamland is also within reason. After you reach my realm, I naturally won't be able to waver your heart."

Ye Yuan was surprised. This woman was actually explaining things to him?

But, thinking about it, he felt at ease too.

His words saved the Nirvanic Soul Clan, reducing this woman's enmity toward him.

But this Cloud Dream Soul Physique was really strong!

Ye Yuan thought that Hegemon Yu Tian being apprehensive of Cloudneon previously was because her background was strong, and she even had some connections to Hegemon Imperishable.

But looking at it now, it was not necessarily so!

Once this woman broke through to Hegemon Realm, it was very likely that she could have Yu Tian's level of strength!

Coupled with her powerful soul physique as well as Dream Recollection, no matter how strong Yu Tian was, he probably could not do anything to Cloudneon too.

The two people were extremely fast, looking as if they were about to fly out of the Sea of Evil.

But right at this time, an azure and a red, two incredibly powerful attacks, suddenly tore across the air and arrived!

Cloudneon's ten-thousand-year unchanging face also changed drastically at this time.

Her palm thrust out, Ye Yuan's figure flew out of the Sea of Evil involuntarily.

While her aura skyrocketed, turning around to meet those two powerful attacks.

*Boom!*

Cloudneon's soul body smashed heavily onto the ground like a kite with a broken string.

Two figures appeared. Who could it be if not Wu Jia and Lu?

Wu Jia smiled lightly and said, "It's still Brother Lu who's formidable, seeing through this girl's dream realm. Otherwise, the two of them would really have escaped!"

#### **Chapter 2959: Mutual Destruction!**

Lu looked at the heavily injured Cloudneon and said with a smile, "You didn't expect that we saw through it so quickly, right? Lass, although you're extremely talented, you can never underestimate a Hegemon Realm powerhouse!"

Cloudneon had a frosty look as she said, "Your Qi Soul Clan is asking a tiger for its skin. You'll ultimately taste the disastrous consequences!"

Wu Jia smiled and said, "That's just your one-sided wish! Your Nirvanic Soul Clan claims to be of the same ancestry and root as the soul race. But actually, the ones with the same ancestry and root are us! We're both chaos races. We're paramount existences! Our chaos races should rule the heavens in the first place! You all, these Nirvanic Soul Clan members, are merely some ghosts of small importance. What right do you all have to sit on equal footing as us?"

Lu seemed to have seen through Cloudneon's intention and said coolly, "Don't think about buying time. You know that a mere Emperor Cloud Heaven, even if you let him escape for two hours, it will also be a matter of an instant for us to catch up to him."

Hegemon Realm powerhouses, shattering the barrier of heavens and crossing worlds were a walk in the park.

Catching up to a puny little Emperor Cloud Heaven was naturally effortless.

Their auras had already locked onto Ye Yuan. Ye Yuan could not escape at all!

Suddenly, Wu Jia's and Lu's expressions changed.

They actually lost the locking on Ye Yuan's aura!

A hint of astonishment was revealed in the two persons' eyes.

How could a mere Emperor Cloud Heaven possibly escape their aura locking?

"Brother Wu Jia, I'll have to trouble you to make a trip! Leave this girlie to me!" Lu said in a solemn voice.

Wu Jia nodded his head. His figure moved, chasing out of the Sea of Evil.

Lu's gaze turned cold, origin power blooming, charging over toward Cloudneon.

Facing Cloudneon, even if Lu was an Hegemon Realm powerhouse, he did not dare to slack off in the slightest too.

It was because he knew that the Cloud Dream Soul Physique back then killed a Hegemon under the besiegement of three great Hegemons!

Therefore, he chose to sneak attack when Cloudneon two people lowered their guard just now.

Otherwise, for a dignified Hegemon Realm powerhouse to actually sneak attacking an Emperor Sakra Heaven, he could not do it even if he was beaten to death.

Too humiliating!

But right now, Cloudneon's injuries were extremely severe. It was much easier for him to deal with her.

Cloudneon's expression turned cold, dozens of origin power emerging from her body at once!

Lu's pupils constricted, drawing a cold breath.

"3000 Great Daos, it's born in dreams! Indeed well-deserving of being the Cloud Dream Soul Physique! You lass actually already comprehended so many origins! Looks like you want to comprehend nine by nine, 81 origins, blasting open the Door of Eternal Life in one stroke, reaching the ranks of Peak Hegemon! Impressive! Truly impressive! But sadly, you don't have the chance!" Lu said with a loud laugh.

Door of Eternal Life was not just a shackle. It was similarly a massive lucky chance!

By opening the Door of Eternal Life, the origin comprehended in Emperor Sakra Heaven Realm would have a tremendous understanding, making one's strength have a qualitative leap.

Therefore, many geniuses were not in a hurry to knock open the Door of Eternal Life in Emperor Sakra Heaven Realm but comprehending origin as much as possible.

Because after entering Hegemon Realm, each origin comprehended would spend countless time.

The origin that Emperor Sakra Heavens comprehended was like the end of a thread. The power was not strong.

But the function of the Door of Eternal Life was to pull this loose thread out, becoming a long rope.

One could at most comprehend 81 origin powers in Emperor Sakra Heaven Realm!

However, achieving 81 origin powers, it was just a legend.

Those like Li Clearcloud, who could comprehend nine origins, were already extremely monstrous.

But now, Cloudneon poured out dozens of origins at once. It could be seen how strong she was!

However, Lu was merely just shocked. That was all. The Qi Soul Clan was born from chaos and had a natural understanding of origin.

He, this Hegemon Realm, had already comprehended ten origins.

Although in terms of quantity, he could not compare to Cloudneon this kind of genius. But in terms of quality, he had an overwhelming advantage!

*Boom!*

Cloudneon bore her heavy injuries and had a frontal confrontation with Lu.

The two people each flew out backward!

Lu was struck dumb with amazement, looking at Cloudneon with a look of shock, full of disbelief.

He, an Hegemon Realm, was actually evenly matched with Cloudneon!

“This is impossible! You ... How did you do it?” Lu said in shock.

Cloudneon said in a cold voice, “The strength of the Cloud Dream Soul Physique isn’t what you can imagine! The Qi Soul Clan boasts that you are a chaos race, then how much do you understand? The two of you great Hegemons, I’ll naturally have some fear. But, if it’s just you alone, I might not lose to you!”

Lu said in rage, “I don’t believe that I can’t take care of you, this little girl, today!”

Under his violent rage, an even stronger soul force released with a loud bang.

*Boom!*

*Boom!*

*Boom!*

The Hegemon level battle made even the void tremble.

Although the scale of their fight could not compare to Yu Tian and the rest, it was also extremely fearsome.

However, Lu discovered to his astonishment that Cloudneon’s strength was seriously too strong!

He unleashed all of his abilities and could not defeat his opponent too.

In a blink, he already sustained serious injuries.

Of course, Cloudneon was not much better than him.

At this time, the final outcome would be mutual destruction!

However, the more this was the case, the more Lu knew that he could not let Cloudneon off.

Otherwise, it would be a devastating blow to the Qi Soul Clan.

Hegemon Imperishable could not be killed. If Cloudneon became a Hegemon and appeared, then all of the Qi Soul Clan’s glory would be trampled underfoot.

Hence, he started risking his life.

Executing one move after another, he planned on draining Cloudneon to death at the risk of his soul body being seriously injured.

*Boom!*

With another heaven-shocking move, Lu fell to the ground with a loud bang.

His soul body was already extremely dim and not far from death anymore.

However, seeing that Cloudneon was similarly seriously injured and on the verge of death, the corners of his mouth revealed a hint of a smile.

“H-Hur hur, you’re finally still going to die!” Lu said with a smile.

Suddenly, his pupils constricted, his eyes full of astonishment.

Because his opponent, Cloudneon, actually changed!

He blinked his eyes hard, wanting to prove that he had seen wrongly.

But he discovered to his dismay that there was no mistake!

Right now, the one lying opposite was not Cloudneon but Wu Jia!

Lu shuddered. His feeble soul body actually started trembling.

G-Got tricked!

He actually fell into a dreamland again!

Furthermore, he and Wu Jia actually fought until they were mutually defeated in the dreamland?

N-No way, right?

When did he fall into a dream realm?

Furthermore, this time, he was already prepared. How could an exalted Hegemon Realm possibly fall so deep into a dream realm and not detect it in the slightest too?

Lu felt his entire body turned icy-cold!

This Cloud Dream Soul Physique coupled with the Dream Recollection were really too terrifying!

Two great Hegemons actually fought until they were seriously injured on the verge of death before suddenly waking up from the dream!

“Why is it you! How can it be you? This ... This is impossible! Who I was fighting against was clearly that boy!”

Not far away, Wu Jia’s unwilling angry roar also came over.

At this time, two figures appeared quietly. Lu’s pupils constricted.

These two people were precisely Ye Yuan and Cloudneon!

It was just that Cloudneon’s soul body was currently faint. Clearly, she had sustained heavy wounds too.

However, it was merely just being heavily wounded. She was not in danger of dying.

But he and Wu Jia were different. It was effortless for Cloudneon to kill the two of them now!

It was over!

Completely over!

How could this be?

## Unrivaled Medicine God

### **Chapter 2960: Failing on the Verge of Complete Success!**

“I didn’t expect that executing Divine Emergence and Dream Recollection at the same time would actually be so powerful!”

Ye Yuan looked at the two great hegemons, who were seriously injured on the verge of death, and had a rueful look too.

Just now, at the critical moment, the two people instinctively used Divine Emergence and Dream Recollection!

The two people’s soul forces integrated together and actually unleashed an effect that far surpassed the two people’s strength.

It was also that Cloudneon’s reaction was extremely fast. She made use of the favorable situation to push matters through with little effort, dragging the two of them into a dreamland along with the two great Hegemons’ attacks.

These two great Hegemons were actually completely unaware!

However, Cloudneon being seriously injured was real.

And this was also the lure that activated the dream realm.

In that moment, the dreamland completely erupted, and the two great Hegemons caught deeply in it.

The two great Hegemons fell into the dream realm and thought that their opponent was Cloudneon and Ye Yuan, but it was simply the other party.

All the way until the two people suffered mutual defeat!

It seemed simple, but to make two great Hegemon Realm powerhouses fight all the way until impending death before breaking away from the dream realm, that was virtually unimaginable. This was especially true, considering that it was also under the circumstances that Lu was on the alert.

Although Ye Yuan’s Divine Emergence was weak, his soul force was like a catalyst, strengthening the dreamland countless times when it encountered Cloudneon’s Dream Recollection.

Cloudneon’s dream realm was extremely powerful to begin with.

When there was this catalyzing effect, even two great Hegemons fell for the trick unknowingly.

“It’s not just due to these two great sacred canons! Just now, the two of our soul forces actually produced a resonance! This is the most important thing!” Cloudneon said.

Recalling that miraculous feeling just now, Ye Yuan could not help nodding.

At that moment earlier, his soul force and Cloudneon’s soul force actually produced a resonant effect.

It was not just Cloudneon; his soul force skyrocketed too.

This kind of thing was simply inconceivable!

Hearing these two people's words, the two great Hegemons only felt that they had died so unjustly!

Soul force resonance!

This sort of thing was simply unheard of.

Something that made no sense actually tricked two great Hegemons to death!

One had to know that even though the two of them were far from being strong, they were not weaklings among Hegemon Realms too.

Both Ye Yuan and Cloudneon did not expect that they would actually succumb just like that.

Cloudneon did not give these two people a chance, directly making a move, killing the two great Hegemons.

Two great Hegemon Realm powerhouses died at the hands of two juniors just like that.

"Alright, you can go!" Cloudneon said.

Ye Yuan was taken aback and said, "You want to go back?"

Cloudneon nodded and said, "Lord Wang Ning's kindness towards me is as weighty as a mountain. I can't watch him die."

Ye Yuan thought about it and said, "I'm going to save Progenitor Imperishable. Do you want to come along?"

Cloudneon gave him a glance, being rather surprised, and she said, "Progenitor Imperishable is being besieged by three great Supreme Hegemons. With your bit of strength, going will be courting death too!"

Ye Yuan smiled and said, "That might not be the case! If the three of them want to trap Progenitor Imperishable, they will definitely have to pay an immense price. After coming out of the Seven-Colored Pagoda, I can feel that Progenitor Imperishable is very strong! Extremely strong! Perhaps we have an opportunity to exploit!"

Cloudneon frowned and said, "This has nothing to do with you. Why do you want to go and save Progenitor Imperishable?"

Ye Yuan said, "Haven't you always been curious about what my objective is? Actually, my objective is Progenitor Imperishable! I need the Purple Ripple Umbrella!"

"Why?" Cloudneon was incomparably surprised in her heart.

This journey was too dangerous!

One had to know that the ones besieging Progenitor Imperishable were three of the 33 Heavens' top-most existences!

Even if there was really an opportunity to exploit, they could huff you to death with a puff of breath.

This fellow actually dared to go!

Ye Yuan said coolly, "Talk about it again on the way! If we still don't go, we won't be able to leave anymore! Now is the best time to go and save Progenitor Imperishable! If the three great forces discover that this can't be done, they might gather all of their forces to deal with Progenitor Imperishable! At that time, wanting to save him will be as hard as ascending to heaven!"

"Go!" Cloudneon made a prompt decision.

... ..

Four hours later, several figures tore across space and arrived.

The person in front was precisely Bloodmourn.

His expression was very ugly.

The plan completely failed!

Although the Nirvanic Soul Clan suffered heavy casualties in this battle, it did not hurt their foundation.

Of the five great regions' leaders, only North Soul Region's Hegemon died.

Although Yu Tian, Wang Ning, and the rest suffered serious injuries, they killed their way out of the encirclement in the end.

Of the ten great Hegemons, they only held three behind!

The other seven all escaped.

Bloodmourn was currently bringing people to hunt Yu Tian down.

On the one hand, it was because Ye Yuan's words gave them fighting spirit.

On the other hand, it was also Ye Yuan two people's appearance that scattered their fighting power.

What was even more damnable was that four hours had passed, and Wu Jia and Lu actually still had not returned!

Suddenly, Bloodmourn's figure stopped, and he said, "Stop!"

Beside him, another blood race Hegemon's expression changed, and he said, "Lord Bloodmourn, this ... this is Wu Jia's aura! T-There's also the Qi Soul Clan's Lu!"

Bloodmourn's expression was heavy, and he nodded his head.

As a Peak Hegemon, his perception was extremely acute.

Upon arriving here, he felt a wisp of aura, which was left behind by Wu Jia and Lu.

They had just died. The aura of origin had not dissipated yet.

Tumultuous waves were set off in Bloodmourn's heart.

Two great Hegemons chased after an origin Emperor Sakra Heaven, an Emperor Cloud Heaven, and they actually all died?

“How is this possible? They ... actually all died?” That Hegemon cried out in alarm.

Two Hegemons died at once. This was absolutely a major shocking thing!

Each Hegemon was extremely precious.

Counting the two Hegemons that died during the besiegement, they had four Hegemons die at once in this battle!

This mortality rate was actually even greater than that of the Nirvanic Soul Clan’s!

Wu Jia two people’s demise, also made this besiegement battle become a complete and utter joke.

Three factions mobilized 23 Hegemons. The casualty was actually even higher than the Nirvanic Soul Clan that was caught off-guard!

If the three great Supreme Hegemons knew about it, they would probably fly into a thunderous rage.

“What? Hegemon Wu Jia and Hegemon Lu actually both fell? How is this possible?”

“That Cloud Dream Soul Physique is actually so strong? She’s just origin Emperor Sakra Heaven, and she could actually kill two Hegemons already?”

“Really damn it! Our battle was a complete failure!”

... ..

When those origin powerhouses heard the exclamations of the Hegemons, each and every one of them was dumbfounded.

They never dreamed that the battle situation would actually turn out like this.

Bloodmourn shook his head and said, “Although that lass is formidable, it’s absolutely impossible to kill Wu Jia they all! Something that we don’t know must have happened during this! It’s just that no matter what, things are already very serious now! Putting aside Yu Tian they all, one Cloud Dream Soul Physique, one Imperishable Soul Physique, these two juniors are too dangerous!”

The others felt the same too.

No matter what had transpired, two great Hegemons had indeed died!

Even if the war had been fought until now, not many Hegemon Realms had died too.

But today, so many had actually fallen all at once.

What worried Bloodmourn the most was still Cloudneon and Ye Yuan.

No matter what, they already had the means to kill Hegemon Realms.

This was terrifying!
