Chapter 2971: Secret of Samsara, Fulfilling His Promise!

“Senior, what do I have to do to find Lingxue?” Ye Yuan said with unwillingness.

Finding Mu Lingxue, Ye Yuan finally put down a heavy burden.

However, not finding the complete Mu Lingxue, he was still reluctant and kept feeling that something was missing.

Mi Tian looked at Ye Yuan and said, “Across the heavens and myriad worlds, there’s only one person who can bring her back!”

Ye Yuan’s pupils constricted, and he said, “Hegemon Samsara?”

Mi Tian nodded and said, “That’s right! This old thing is different from the others. He only gained enlightenment on the Dao of Samsara. But, his strength is virtually the top existence among the entire Hegemon Realms! It can be described using the word unfathomable! His comprehension in the Dao of Samsara is unmatched by anyone. Although he can’t control Samsara, he’s walking on this path! As for how far he’s walked, I don’t know either! If anyone in this world can find that lass, then it can only be him.”

In this world, no one dared to say that they had completely grasped a Dao!

With 3000 Great Daos, even if it was just grasping one Dao, one could virtually connect to the heavens!

A legend circulated in the 33 Heavens. Those who could completely grasp an origin could break the Door of Eternal Life and step into the Great Beyond!

But since time immemorial, no one had ever done it.

It was because only Heavenly Dao could completely grasp a Dao.

Therefore, that was why people would attempt to comprehend as many origin Great Daos as possible, attempting to break the Door of Eternal Life.

Between these two paths, it was hard to say who was stronger or weaker.

But without a doubt, Hegemon Samsara was very strong, strong until he was not far from completely grasping a Dao!

When Ye Yuan heard, he said somewhat excitedly, “Where is he?”

Mi Tian shook his head and said with a bitter smile, “Nobody knows where he is! This old thing travels the heavens and myriad worlds, comprehending life, understanding Samsara! Perhaps, he’s currently just a mortal. Maybe, he’s currently a Supreme Hegemon. He might be beside you and me. But no one knows where he is! If he could be found, I wouldn’t have asked you to go and borrow the Purple Ripple Umbrella either. If that old thing takes action, wanting to revive this lass would merely be a matter of lifting a hand.”

Ye Yuan drew a deep breath and suddenly felt akin to being relieved of a heavy burden and said with a smile, "Doesn't that mean that as long as I can find Hegemon Samsara, I can revive many people?"

Mi Tian nodded and said, "Yes! As long as the soul origin is still around, as long as the strength didn't reach Hegemon Realm, he can revive them all! In the Dao of Samsara, his accomplishments are unmatched by anyone!"

Hegemon Realm blasted open three seals. They already transcended Samsara and were not in the Five Elements.

Therefore, if a Hegemon died, they would really be dead.

But, as long as one did not reach Hegemon Realm, they would have to follow the arrangements of Hegemon Realm in Samsara.

Although Hegemon Samsara did not grasp Samsara, to revive a few people, it was easily accomplished.

Back then, Ye Yuan distinctly sensed Ji Zhengyang's soul origin before. This also ignited Ye Yuan's hope.

Cloudneon said coolly, "Give up on this! In these countless years, the number of times Hegemon Heavenly Soul has met Hegemon Samsara can be counted on one hand! Unless he takes the initiative to show himself, nobody can find him!"

Ye Yuan smiled and said, "He'll show up! Once the Chaos Bloodstone comes into being, that's the calamity of all the heavens and myriad worlds! I believe that Hegemon Samsara will definitely show himself. From a certain perspective, the two of them belong to the same class; both existences who have virtually reached superlative in one Dao! At that time, when the blood race plagues every heaven and myriad worlds, Hegemon Samsara probably won't be able to stay aloof from worldly affairs and comprehend Samsara."

One origin of blood, one samsara origin, they were both extremely strong Great Daos!

The Chaos Bloodstone needed the power of blood and needed the fresh blood of countless lives to corroborate his Dao.

In contrast, Hegemon Samsara needed to comprehend the Dao of Samsara amidst the ordinary!

These two people could be said to be absolute opposites.

Therefore, Ye Yuan judged that at that time, Hegemon Samsara would definitely appear.

As for whether or not Hegemon Samsara would take action, Ye Yuan did not care.

At least, there was hope, right?

Cloudneon actually had nothing to say in reply and said with a snicker, "Who do you think you are? If you ask Hegemon Samsara to revive, he'll help you revive?"

Ye Yuan just smiled and did not retort.

Whether Hegemon Samsara would agree or not, he did not know. But he would do his best!

He would work hard to become strong and qualified to speak with Hegemon Samsara!

The goals that he set for himself back then have all been achieved, no?

Just borrowing the Purple Ripple Umbrella, this was originally an impossible task, but he still did it.

Although there was Cloudneon's help involved, when it came down to it, it was still Ye Yuan's own efforts.

... ..

Mu Lingxue had already revived, and Ye Yuan naturally did not need the Purple Ripple Umbrella anymore as well.

He was not someone who was greedy for treasures. He returned the Purple Ripple Umbrella very readily and came to the Imperishable Soul Domain together with Cloudneon to thank Hegemon Imperishable.

Hegemon Imperishable was seriously injured and had not fully recovered yet.

Seeing Ye Yuan, he naturally would not have a good attitude either.

"Many thanks, Senior Imperishable, for your kindness of lending the umbrella. This Ye will bear it in mind! This Ye owes Senior Imperishable a favor. If you need anything in the future, this Ye absolutely won't refuse!" Ye Yuan cupped his fists and said.

Imperishable took back the Purple Ripple Umbrella and said with a cold snort, "Do you think that this seat needs your favor?"

Ye Yuan smiled and said, "You don't need it now, but not necessarily in the future! This Ye examines my own conscience and feels that once I step into the realm of Hegemon in the future, my strength won't be beneath Senior's! Perhaps, Senior might really turn to me for help."

Hegemon Imperishable had a black face and said in a solemn voice, "Boy, you're really arrogant! Aren't you scared that this seat will smack you to death right now?"

Ye Yuan still smiled as he said, "Didn't Senior set up the Seven-Colored Pagoda in order to look for the true Enshrouding Mist Soul Physique? Now, the true Enshrouding Mist Soul Physique has appeared. I'm considered half a successor of yours too. Senior probably can't bear to do it, right?"

In the God Bewildering Battlefield, Hegemon Imperishable was worried that Ye Yuan was hatching a sinister plot, so he was not willing to lend the umbrella.

Now, he knew that Ye Yuan was only trying to save someone, and he understood that everyone had the blood race, this common enemy. So he naturally would not have killing intent anymore.

Furthermore, what Ye Yuan said was right. He did indeed want to find a successor. It was just that he did not expect that his successor was actually a human!

In addition, after Hegemon Imperishable returned, he also learned that Ye Yuan had indeed saved the Nirvanic Soul Clan!

Although Hegemon Wu Wen died, the three races' allied forces had even greater losses than them!

He, Hegemon Imperishable, had no choice but to receive this favor too!

Everyone was smart. There was naturally no need to beat around the bush when talking too.

Hegemon Imperishable snorted coldly and said, “Your origin divinity returning to the physical body is a waste! You should enter my Nirvanic Soul Clan. Your future accomplishments definitely won’t be beneath this seat’s in the future!”

Ye Yuan shook his head and said, “My body is given by my parents. Ye Yuan doesn’t dare to give it up easily. Moreover, what this Ye pursues isn’t just Soul Dao! My ambition is even greater than what Senior can imagine!”

When Hegemon Imperishable heard, he flew into an even greater rage and said in a solemn voice, “Brat who doesn’t know the immensity of heaven and earth! My Nirvanic Soul Clan doesn’t welcome you. Get lost!”

Ye Yuan smiled and bade farewell to Hegemon Imperishable.

After coming out, Cloudneon’s gaze flickered, and she asked, “You’re really not staying?”

Ye Yuan shook his head and said, “I have something more important to do!”

Cloudneon frowned and said, “That girl has already been saved. What more important stuff do you still have?”

Ye Yuan smiled and said, “I promised Senior Mi Tian that I’d send him home. Now, it’s time to fulfill the promise!”

Chapter 2972: Heaven Qian Grade Bloodline!

Voidshrine Illuminating Heaven, this place was the paradise of true spirits.

This place was ruled by the Azure Dragon, White Tiger, Vermilion Bird, and Black Tortoise, four chaos true spirits, whose strengths were even a level greater than the soul race!

They were the earliest ancestors of the myriad worlds’ demon race!

Although the 33 Heavens were planes of the same level, there were actually differences too.

Such as Grand Brightjade Complete Heaven, it was quite a bit worse compared to Nihilility Exceeding Balance Heaven and Voidshrine Illuminating Heaven.

This could clearly be seen from the number of Hegemons, as well as the quality of Hegemons.

Like Mi Tian, a powerhouse born from chaos and whose race talent was extremely powerful, he could be said to roam the heavens without adversary!

And existences such as Hegemon Cloudmount, although he was a top existence in Grand Brightjade Complete Heaven, he was considerably worse when looking across all the heavens.

Following his horizons continuously rising, Ye Yuan also gradually understood how strong the Mi Tian at his prime was!

“The feeling of returning home is really good! Thank you, Ye Yuan!”

Coming out of the barrier of heavens, Mi Tian could not refrain from feeling vicissitudes of emotion.

He had been away from home for too long!

“Senior is treating me too much as a stranger by saying this. All these years, you’ve taught me so much. Without you, there also wouldn’t be the person I am today!” Ye Yuan said sincerely.

Mi Tian smiled and said, “Without me, you can reach the peak all the same! You have Dao in your heart and are outstandingly talented. Maybe you can really become the first divergent cultivator to break Heavenly Dao fetters and ascend to Hegemon across all heavens and myriad worlds!”

Ye Yuan smiled and said, “Senior is too kind. It’s just that, although we’ve arrived at Voidshrine Illuminating Heaven, it’s not considered returning home either. Most likely, the way back home is still rather difficult, right?”

Mi Tian was silent. He knew that he could not hide it from Ye Yuan.

An exalted Supreme Hegemon, a formidable existence who swept across the soul race but died in a strange land and was almost completely annihilated.

Such a thing, it was unusual no matter how one looked at it.

For so many years, Mi Tian did not speak. Ye Yuan did not speak either.

But Ye Yuan guessed that this matter was probably not so simple.

“Some things, I’m actually just guessing too. Everything, we’ll act according to circumstances when we return to the clan,” Mi Tian said.

Seeing that Mi Tian was not willing to say, Ye Yuan did not ask as well. He said with a nod, “Then, what should I do now?”

Mi Tian said, “Go to East Billow Region! Heavenly Dragon Island will send the Divine Dragon Envoy to patrol East Billow Region. What you need to do is to attract the Divine Dragon Envoy’s attention, and have him bring you to Heavenly Dragon Island.”

The four divine beasts ruled a region each. The chaos dragon race was the ruler of this East Billow Region.

Major races like the dragon race and soul race, all had their own holy land.

Heavenly Dragon Island was the holy land of the chaos dragon race.

Legends had it that the place was the closest place to chaos, and it was also the birthplace of the dragon race.

Heavenly Dragon Island was in the land of extreme east in Voidshrine Illuminating Heaven, above the vast sea.

Nobody knew just where it was.

Only by obtaining the recognition of the Divine Dragon Envoy could one be brought to Heavenly Dragon Island and become a true dragonkin.

Originally, with Mi Tian's status, returning to the island was naturally effortless. But that way, many things would not be easy to do.

Therefore, Ye Yuan wanted to enter Heavenly Dragon Island but needed the Divine Dragon Envoy's guidance.

"Where are we now?" Ye Yuan asked.

"This place should be the border between the Northern Phoenix Region and East Billow Region. Not far ahead is the East Billow Region," Mi Tian said.

Ye Yuan was not long-winded either and was about to set off for East Billow Region.

Coincidentally, right at this moment, a ray of red light fell from the horizon.

Boom!

A large hole was directly smashed out in the dense forest not far away.

Ye Yuan's brows furrowed slightly. Thinking about it, he still went over to investigate.

Upon going over to look, there was actually a fire-red phoenix lying in the large pit.

This phoenix was the size of two humans. There were bloodstains on the body. There were no signs of life anymore.

Ye Yuan shook his head slightly and said, "There's no hope."

Mi Tian said, "No, she entered the state of annihilation and will have a nirvanic rebirth very soon. This fire phoenix's bloodline is extremely pure. She's probably a core character of the Vermilion Bird Clan."

Ye Yuan said in surprise, "Like this, and she's still not dead?"

Mi Tian said, "Phoenix Nirvanic Rebirth, this is the innate divine ability of the Vermilion Bird Clan. Each nirvanic rebirth will have tremendous benefits for them. But, it's also the most dangerous time. This fire phoenix is seriously injured and forcibly entered a nirvanic state. Once she rises from the ashes, not only will her wounds recover fully, but her strength will also improve further!"

Sure enough, before his voice faded, the fire phoenix started burning on her own with a bang.

The blazing fire turned the surroundings into ruins

Ye Yuan's expression changed greatly, and he hurriedly retreated.

This flame was too terrifying!

"Since she won't die, let's go then." As he said those words, Ye Yuan wanted to turn around and leave.

"Sir, please wait!" Ye Yuan was just about to leave when a sweet female voice suddenly transmitted over.

Except, this voice seemed extremely feeble. It was as if it was about to die out at any moment.

Ye Yuan was taken aback and confirmed that this voice came out of the large fire.

It was the voice of the fire phoenix.

That voice said, "Qingxuan is being pursued by villains. I definitely can't escape the calamity when undergoing my nirvanic rebirth. I beseech Sir to lend a helping hand and save Qingxuan's life! After Qingxuan succeeds in my nirvanic rebirth, there will definitely be generous rewards!"

Ye Yuan frowned and said, "Do you feel that this Ye is young and ignorant about worldly affairs? You're a middle Emperor Cloud Heaven yourself. With your bloodline, at least there has to be an Emperor Vast Heaven Realm powerhouse to want to kill you too! What motives do you have to have me intercept here?"

Ye Yuan himself was of the dragon race bloodline. He was very clear how strong the dragon clan's core disciples were!

One could say that they were virtually invincible in the same rank!

This fire phoenix's identity was clearly not simple. Such an important person, the strength of the people pursuing was definitely not ordinary.

This woman wanting to make him save her, she was most likely treating him as cannon fodder.

Although Ye Yuan was public-spirited and kindhearted, he was also not a dummy who would be bored enough to seek death.

This kind of murky water, he was naturally not willing to step into it.

Seeing that Ye Yuan was about to leave, that voice became anxious. "Sir has misunderstood! There's indeed powerhouses at Emperor Vast Heaven hunting me down, but they have been lured away by me using schemes previously. The ones pursuing now are just five Emperor Cloud Heavens! As long as Sir helps me delay them for a moment, I'll be able to rise from the ashes! This drop of blood essence is tentatively a deposit. There will still be generous thanks afterward!"

While talking, a drop of blood essence drifted out of the flames and arrived before Ye Yuan.

A boundless aura hit him in the face!

Ye Yuan's pupils constricted. It was heaven qian grade blood essence!

This fire phoenix's bloodline was actually so powerful!

Using this drop of blood essence as the reward could be said to be generous.

Postnatal bloodline, heaven qian grade was the pinnacle!

To the true spirit clan, the breakthrough of bloodline was even harder than the breakthrough of cultivation realm.

Many true spirit clan Hegemon powerhouses were merely earth kun grade bloodline too.

Heaven qian grade bloodline was extremely rare!

Of course, above heaven qian grade, there was an even more powerful chaos grade bloodline.

But chaos grade bloodline could not be reached postnatal at all. Only prenatal chaos true spirits such as Mi Tian could possess it!

Some special innate divine abilities could only be executed by chaos grade bloodline.

This was the reason why Mi Tian was so powerful!

Ye Yuan breaking through to Emperor Cloud Heaven, coupled with his comprehension in the origin of chaos blood, he only barely broke through battle god grade and reached earth kun grade.

But this fire phoenix was just Emperor Cloud Heaven, and her bloodline actually reached heaven qian grade already. It could be seen how strong her bloodline was!

[Unrivaled Medicine God](#)

Chapter 2973: You Just Care About Nirvanic Rebirth!

On the horizon, several figures were currently closing in at extreme speed.

The blazing fire was too eye-catching. It could not be hidden at all.

“Ye Yuan, accept it! You’re of the human race’s fleshy body and can fuse with phoenix divine blood. This is greatly beneficial to you! Phoenix divine blood can help you comprehend the origin of fire, letting you have the technique to rise from the ashes. The benefits are too many to enumerate. Furthermore, you have the origin of chaos blood. Comprehending bloodline power yields twice the result with half the effort. The more bloodlines, the stronger your strength will be!” Mi Tian said.

When Ye Yuan heard, he was rather moved too, reaching his hand out to grab, collecting this drop of blood essence.

The human race’s bloodline power was extremely weak, but their compatibility was extremely high.

Many human cultivators would think of ways to collect powerful true spirit bloodlines and fuse it into their own bloodline, thus transforming into a powerhouse, which was also the bloodline martial artists that everyone was talking about.

Bloodline martial artists were often not regarded highly by people. The majority of them were not strong either.

But that was because high ranking true spirit bloodline was too difficult to come across!

Those who possessed high ranking true spirit bloodline were all true spirit clan’s powerful existences or descendants. How could it be so easy to obtain?

Heaven qian grade true spirit bloodline was even what human powerhouses tried their utmost to obtain even in their sleep.

Seeing Ye Yuan accept the blood essence, Feng Qingxuan finally let out a sigh of relief.

Ye Yuan was the last strand of straw to clutch at. She had no choice now but to place her hopes on Ye Yuan, letting him persevere for a while longer.

“Deal. I’ll help protect you! But if Emperor Vast Heaven powerhouses appear, I’ll leave!” Ye Yuan said straightforwardly.

“Many thanks, Sir!” Feng Qingxuan said feebly.

At the same time, she sneered coldly in her heart.

If a Vermilion Bird Clan’s Emperor Vast Heaven powerhouse came, did you think that you could leave?

If not because she was at the end of her rope, why would this young lady waste a drop of blood essence to beg a piece of trash such as yourself to help?

She only hoped that this boy would not be too useless and could last a little longer!

As long as the nirvanic rebirth this time succeeded, my strength would directly reach grand completion Emperor Cloud Heaven. Even if Feng Caihua that old spinster came, I won’t be scared too!

She did not care about Ye Yuan’s life and death at all.

In Feng Qingxuan’s view, Ye Yuan would definitely die without a doubt.

There were not just these five Emperor Cloud Heavens hunting her down.

Once she entered the nirvanic rebirth state, those pursuers would swarm over.

At that time, there would even more many upper Emperor Cloud Heaven, even grand completion Emperor Cloud Heaven existences that would appear.

How could this human boy possibly survive?

Ye Yuan naturally did not know what Feng Qingxuan had in mind and already met with those five Emperor Cloud Heavens.

“The Fire Phoenix Clan is conducting business. Get lost if you don’t want to die, boy!” From afar, the handsome youth in front roared.

These five Emperor Realm powerhouses all looked human. But the phoenix clan bloodline in their body was very powerful.

Of course, it was much worse compared to Feng Qingxuan.

“Apologies, this Ye has to try my best to do what was entrusted to me. The few of you had better not go over,” Ye Yuan blocked the way and said.

Among these five people, four were lower Emperor Cloud Heaven, and one was middle Emperor Cloud Heaven. It was seriously not enough for Ye Yuan to look at.

His goal was the fire phoenix blood essence. He did not want to kill people.

Except, he did not want to kill people, but these few people clearly did not plan on letting him off.

The handsome youth smiled coldly and said, “Looks like this boy is bewitched by that little slut! To actually stand up for her recklessly and blindly!”

"Hahaha ... this boy just came out to the real world, right? He probably doesn't know what kind of existence my Fire Phoenix Clan is!"

"Kid, that little slut is undergoing nirvanic rebirth and deliberately made you come over to court death. If you're sensible, hurry up and get out of here!"

The five people did not place Ye Yuan in their sights at all. A mere human ant, they could kill him with a wave of their hands.

In the same cultivation realm, the Fire Phoenix Clan's bloodline advantage was too great!

Ye Yuan could feel that these few had already reached battle spirit rank chaos bloodline.

Placed in the Fire Phoenix Clan, they were considered youth talents too.

It was just that, to Ye Yuan, it was completely inadequate.

Seeing that Ye Yuan was unmoved, the handsome youth snorted coldly and said, "Kid, you're courting death yourself, then I'll send you off! Feng Ying, go and kill him!"

Next to him, the youth called Feng Ying had a disdainful look, and his hand started to form seals.

"Fire Luo Sacred Seal!"

The surging flare directly enveloped Ye Yuan inside.

Ye Yuan did not even dodge and was swallowed up by the large fire.

Feng Ying smiled coldly and said, "Mantis trying to stop a cart!"

The handsome youth could not even be bothered to look at Ye Yuan and said coolly, "Come on, that little wench is undergoing nirvanic rebirth. It's precisely a good chance to kill her. Killing her, we'll have made great contributions!"

The five people were just about to move when the flare dissipated.

Ye Yuan was standing there without moving like he was completely fine.

The handsome youth jumped in fright, his eyes full of incredulity.

"A-A-Are you a human or ghost?" The handsome youth cried out in alarm.

Ye Yuan said coolly, "The few of you are too weak. This Ye can't be bothered to make a move. It's better to leave."

When the handsome youth heard that, he felt great humiliation.

In this Voidshrine Illuminating Heaven, apart from the four symbols family clans, who dared to speak to them like this?

A human actually said that they were too weak!

This was the greatest humiliation!

The handsome youth's expression turned cold, and he said in a solemn voice, "Attack together! Kill this punk!"

In an instant, five fire phoenixes suddenly appeared, carrying a terrifying bloodline aura.

The five people cut across the sky, charging over towards Ye Yuan.

Ye Yuan shook his head slightly and said, "People should have self-awareness. You all are so weak, don't you know it?"

Done talking, Ye Yuan threw a punch out lightly.

Boom!

The void trembled, the five fire phoenixes were directly blasted flying.

The handsome youth somersaulted dozens of times in the air before barely managing to stabilize his figure.

The five people looked at Ye Yuan, their eyes full of astonishment.

"Leave!" The handsome youth fled at a splitting pace without even turning his head back.

Feng Qingxuan's consciousness had not completely entered the state of annihilation yet. Seeing this scene, she could not help saying anxiously, "Sir, why didn't you kill them?"

Ye Yuan said coolly, "I have no grudges nor enmity with them. Why should I kill them?"

Feng Qingxuan felt like she was going crazy and said anxiously, "Sir, there are still Fire Phoenix Clan members in the vicinity. You let them leave; they will definitely get reinforcements!"

Ye Yuan still said calmly, "It doesn't matter."

"You!"

Feng Qingxuan's heart was burning with anxiety. She actually found an idiot!

She was also very surprised that Ye Yuan was so strong.

But she did not think that this kid was simply a complete and utter fool!

This boy clearly did not have any real world experience, to actually be so benevolent to the enemy.

Ye Yuan looked at the burning Feng Qingxuan and said coolly, "You just care about your nirvanic rebirth. As long as an Emperor Vast Heaven doesn't come, I won't leave."

Feng Qingxuan could not hold back and wanted to let loose a torrent of abuse, but she did not dare.

If Ye Yuan left, she would really have no hope.

But how could she let this moron understand that he did something that was foolish to the extreme?

Was this a problem of you leaving or not?

Originally, those people could not immediately find her position by sensing.

But now, with those few fellows leading the way, they could find her in no time.

Following that, you would be facing dozens of Emperor Realm pursuers!

Do you know that you're courting death or not?"

Feng Qingxuan was burning with anxiety, but she also did not know how to persuade this overweeningly arrogant idiot. She was going crazy!

Unrivaled Medicine God

Chapter 2974: Fusing Bloodlines!

"Sir, this isn't a problem of leaving or not! In order to hunt me down, the Fire Phoenix Clan sent out more than ten Emperor Cloud Heaven powerhouses this time. Among them, there are even three grand completion Emperor Cloud Heavens! You'll lure them all over like this! Sir, you can still make it in time if you chase after to kill them now!"

Feng Qingxuan forcefully endured the fury in her heart and urged with earnest words and the best intentions.

"Oh."

Ye Yuan just responded lightly and started to sit cross-legged. The phoenix blood essence appeared in front of him.

When Feng Qingxuan saw this scene, she nearly went crazy.

"Sir, refining phoenix blood essence isn't the work of a single day. Furthermore, it's very dangerous. You should find a quiet place and enter closed-seclusion to refine it." Feng Qingxuan urged once again.

"Oh," Ye Yuan responded indifferently again and still did whatever he wanted to.

Feng Qingxuan felt that she was about to collapse. Just what kind of moron did she bump into!

Can't he understand human speech?

Refining like this, you'll die!

If you die, who'll protect me?

I ... XXXX!

Feng Qingxuan's heart was raging with profanities!

With this young lady's gentle personality, I'm almost angered until insanity by your idiocy!

Chi! Chi! Chi!

The nirvanic rebirth fire suddenly started to tremble violently and actually showed signs of exploding.

Ye Yuan gave a glance and said coolly, "You'd better focus on your nirvanic rebirth. You'll die like this!"

Feng Qingxuan was speechless.

Nirvanic rebirth would not necessarily succeed. In reality, this process was very dangerous.

One might directly die in the process of nirvanic rebirth.

Feng Qingxuan's emotions were extremely volatile right now. It was very easy to fail the nirvanic rebirth.

Feng Qingxuan virtually wanted to rampage. *Wasn't this caused by you!?*

Seeing before courting death, but never seen before someone who courted death so limitlessly like you!

Were you sent by heaven to save me or sent to screw me over?

Feng Qingxuan wanted to cry.

However, she also understood that at this rate, the nirvanic rebirth would definitely fail. She could only forcefully converge her mind and focus on the nirvanic rebirth.

Meanwhile, at this time, Ye Yuan had already started fusing the phoenix blood essence.

When Feng Qingxuan saw this scene, she nearly lost control of her mind again.

But in the next moment, she was shocked.

Fusing blood essence was equivalent to letting all the blood in the body be reborn anew. It was a very dangerous and also very painful thing.

Especially phoenix blood essence, it contained the meaning of narrowly escaped death. The process of the fusion was practically a narrow shave from death, overwhelming to the extent where one wished that they were dead!

However, Ye Yuan was completely fine.

It was as if ... he was still somewhat recollecting the aftertaste endlessly.

Roughly 15 minutes later, Ye Yuan slowly got up, the phoenix bloodline power in his body gushing out.

Feng Qingxuan was akin to being struck by lightning and said in great shock, "This ... He succeeded in fusing? My blood essence is heaven qian grade blood essence!"

An incomprehensible feeling of setback arose spontaneously.

She suddenly had some doubts, was her own bloodline very trashy or not?

Why did Ye Yuan fuse with it so easily?

How could she know that Ye Yuan had obtained the origin of chaos blood? Fusing bloodlines was as easy as turning his hand over to him.

If it were not for the origin of blood, Ye Yuan naturally would not have been so relaxed.

But the origin of chaos blood was the source of bloodline in the world.

No matter what bloodline you were, it could not escape this domain.

Myriad blood under the heavens, all returned to the origin!

Under the control of the origin of blood, Ye Yuan did not face too many difficulties in fusing the phoenix bloodline and would not have much risk too.

“Roar!”

Another dragon roar transmitted out, and azure dragon bloodline power emerged from Ye Yuan’s body!

Ye Yuan’s overwhelming aura rose to the peak in an instant!

A dragon and a phoenix, two phantoms, appeared behind Ye Yuan.

A dragon and a phoenix were contending; it was a wonderful and mighty panorama!

At this moment, Ye Yuan directly broke the fetters of cultivation realm and broke through to middle Emperor Cloud Heaven!

Dao tribulation arrived in response!

But the current Ye Yuan, his aura was powerful to the extreme, and his strength was also fearsome to the extreme.

Although Dao tribulation was strong, it could no longer do anything to him.

Presently, Ye Yuan’s strength grew stronger and stronger, and he already far surpassed the power of heavenly punishment Dao tribulation.

So the current heavenly punishment Dao tribulation virtually had no more threat to him anymore.

Feng Qingxuan currently had an impulse to jump out of the nirvanic rebirth.

Where did this punk appear from?

He was a divergent cultivator!

This guy’s strength actually completely outmatched Dao tribulation!

Was this still called divergent cultivator?

Divergent cultivators were strong to begin with, but this boy was even stronger than divergent cultivators!

Perhaps ... this kid can really do it, right?

With the final strand of consciousness, Feng Qingxuan completely returned to annihilation.

... ..

More than ten figures approached from afar, arriving in an instant.

The one in the lead had unparalleled beauty. It was just that there was an additional trace of brutal aura between her brows, ruining her peerlessly beautiful looks.

This woman’s imposing momentum surged to the sky. She had shockingly already reached the grand completion realm of Emperor Cloud Heaven!

Furthermore, in terms of bloodline power, she had reached earth kun grade too!

Clearly, she was a core disciple of the Fire Phoenix Clan too.

Bloodline power reaching earth grade rank, they were not some random Tom, Dick, Harry, anymore.

In the future, there was a possibility of stepping into the Hegemon Realm!

Of course, it was just a possibility.

Feng Ninesong had a cold appearance. Looking at the Ye Yuan who was barring the way in front, she said coldly, "Punk, I'll give you a chance. Get in front of this young lady and kneel down. I'll spare your life!"

Feng Ninesong had a high and mighty appearance. It was as if Ye Yuan was a speck of dust.

Ye Yuan ignored her but looked towards the handsome youth and said, "Just now, I spared your life, but you don't know how to cherish it. Must you come and die?"

The handsome youth smiled coldly and said, "Come and die? *Hur hur*, you probably don't know who Lord Ninesong is, right? Among the fire phoenix junior generation, Lord Ninesong's strength is sufficient to rank in the top five! Boy, you dare to offend our Fire Phoenix Clan. You're dead for sure!"

Honestly speaking, he was very surprised that Ye Yuan broke through to middle Emperor Cloud Heaven in the blink of an eye.

But, at the thought that there was Lord Ninesong around, his heart calmed down.

Could a mere middle Emperor Cloud Heaven overturn the heavens?

Beside Feng Ninesong, an upper Emperor Cloud Heaven said, "Kid, Lord Ninesong is ordering you to come over and kneel down. Didn't you hear it?"

Ye Yuan let out a sigh and said, "This Ye is just trying my best to do what was entrusted by others. You guys ... don't force me!"

Feng Ninesong's expression was cold, and she said, "Looks like you're treating this young lady's words as water rolling off a duck's back! Feng Ning, break his four limbs and carry me in front of me to kneel down! To dare stand up for that little wench, it won't be so easy even if he wants to die!"

Feng Ning was that upper Emperor Cloud Heaven who spoke just now.

This was her guard. Her strength could not be underestimated. She was more than a level stronger than the handsome youth.

"I obey!"

Feng Ning laughed coldly and attacked fiercely.

"Heavenly Phoenix God Exterminating Fist!"

A punch struck, carrying the divine might of the phoenix, covering the sky and blotting out the sun.

Ye Yuan appeared extremely insignificant under this punch.

Ye Yuan did not move. Instead, he sized this punch up with interest. The bloodline power in his body started to seethe.

When Feng Ninesong saw this scene, her pupils constricted, and she said in a cold voice, "Human ant, to actually dare secretly fuse with my Vermilion Bird bloodline! Death sentence! Also, that little wench actually dared to give blood essence to a human without permission! She can't clear her name this time!"

Boom!

A punch landed, and Ye Yuan waved his hand lightly.

The phoenix phantom immediately collapsed.

This horrifying punch was casually resolved by Ye Yuan.

Unrivaled Medicine God

Chapter 2975: Phoenix Nine Ensembles!

"H-How can this be? The Heavenly Phoenix God Exterminating Fist was actually blocked so easily?"

"Feng Ning's strength is extremely strong among her peers. He actually doesn't even need to make a move?"

"Even if he absorbed that little wench's blood essence, he shouldn't be so strong either, right?"

... ..

The phoenix race's Emperor Realm powerhouses were all shocked by Ye Yuan's effortless force.

They naturally knew about bloodline martial artists, but no matter how strong bloodline martial artists were, it was also impossible to unleash the power of bloodline fully.

Otherwise, what was the true spirit race for?

Although Feng Qingxuan's bloodline was heaven qian rank, after Ye Yuan fused with it, he could at the very most, unleash the power of battle god grade.

But Feng Ning's bloodline was proper peak battle god grade. It was even a minor realm higher than Ye Yuan.

No matter what, Ye Yuan should not be so relaxed too.

But, the moment Ye Yuan made his move, it was too appalling!

Currently, Ye Yuan was just involuntarily emitting the aura of the phoenix race. His bloodline power was not displayed.

Ye Yuan smiled lightly and said, "It's impolite not to reciprocate. You should have a taste of my Heavenly Phoenix God Exterminating Fist too."

Finished saying, the phoenix bloodline in his body erupted.

"Earth kun grade! A human actually reached earth kun grade! How is this possible?"

"I ... I can just find a piece of tofu to commit suicide with!"

"What a strong bloodline aura, I ... I'm so envious!"

... ..

When the phoenix clan powerhouses saw this scene, they virtually wanted to cry.

A human's phoenix bloodline was actually same level with Feng Ninesong!

This was too depressing!

The improvement of bloodline power was too difficult. They all, these people, were only left with envy and jealousy.

It was not that Ye Yuan intentionally held back. But, if he erupted with heaven qian grade bloodline, Feng Ning probably could not have even withstood a single move and would definitely have died on the spot.

Ye Yuan naturally did not mind killing people.

But, regarding this situation today, he was an outsider to begin with. As for who was right between Feng Qingxuan and Feng Ninesong, he did not know.

This kind of internal clan power struggle, it was hard to say who was right or wrong.

The reason why he was guarding here was merely because it was a transaction.

Ye Yuan had his own principles when doing things, so he did not want to kill people.

Otherwise, these people in front of him would have long died.

It was impossible for Feng Ninesong to be his match too.

In the next moment, Ye Yuan threw a punch out. It was amazingly indeed the Heavenly Phoenix God Exterminating Fist that Feng Ning executed just now!

Feng Ning's pupils constricted, her mind in great shock!

Heavenly Phoenix God Exterminating Fist was the Fire Phoenix Clan's secret technique. How did this guy know?

Furthermore, the power was even so strong!

Boom!

Feng Ning vomited fresh blood wildly, her figure flying several tens of thousands of feet out, all the bones in her body broken, looking extremely miserable.

However, her little life was spared.

All those present were dead silent.

The scene was somewhat wrong!

Originally thought that exterminating this human was just a matter of lifting a hand. Who knew that this kid did monstrous things time and again and was actually so troublesome.

Feng Ninesong's expression was already frosty to the extreme as she said in a solemn voice, "Not only did you dare to secretly fuse with phoenix blood essence, you even dare to secretly learn my Fire Phoenix Clan's secret technique. Today, this young lady will sentence you to death in the name of the Fire Phoenix Clan!"

Ye Yuan smiled and said, "Miss, withdraw. I really don't want to kill people. After that miss succeeds in her nirvanic rebirth, I'll leave. At that time, I won't mind if you all pursue her again."

Feng Ninesong smiled coldly and said, "It's too late to only beg for your life now!"

Ye Yuan was stupefied. Was this young lady misunderstanding something?

I was clearly warning, how did it become begging for my life when it reached you?

However, Feng Ninesong was no longer listening to his explanations. The peak earth kun grade bloodline in her body erupted, directly displaying her fire phoenix original form.

Got to admit, Feng Ninesong was very strong!

Compared to Feng Ning, she was quite a lot stronger.

Her strength was not in cultivation realm but an all-round powerful!

This was the strength bestowed by bloodline!

It was not without reason that the chaos true spirit lineage could stand at the apex of all the heavens.

"It's the Phoenix Nine Ensembles! Looks like Lord Ninesong is genuinely enraged! That boy is dead for sure!"

"*Heh*, my Fire Phoenix Clan's Phoenix Nine Ensembles, only earth kun grade bloodline can barely manage to execute the powerful secret techniques! I want to see how this boy blocks!" Feng Ning said in anger.

"Phoenix Nine Ensembles, each ensemble is life and death! Nobody can rival this move!"

... ..

A strange phoenix cry sounded out. Feng Ninesong soared in the sky, circling around indeterminately.

Ye Yuan looked at this scene without moving his gaze. The origin of blood in his body worked in concert with the phoenix bloodline, continuously analyzing this move.

He also felt the power of this move!

This move was even stronger than the dragon race's Nine Heavens Dragon Transformation Fist. It was the true core secret technique of the Vermilion Bird Clan.

Coupled with the origin of blood, Ye Yuan could distinctly feel that bloodline fluctuations of Feng Ninesong.

Observing the actions, understanding the meaning.

Feng Ninesong's move did not have too many secrets in front of Ye Yuan.

"Boy, prepare to die!"

Feng Ninesong cried out, swooping down.

At this moment, the earth seemed to be burning.

The air became very red under the influence of the Phoenix Nine Ensembles.

And right at this moment, a phoenix phantom condensed and formed behind Ye Yuan, akin to the original body descending!

However, it was a Heavenly Phoenix God Exterminating Fist again.

"Heaven qian grade! My God, how is this possible?"

"It turns out that he even concealed his bloodline power. He actually reached heaven qian grade bloodline already!"

"I ... F*ck me! Even a human can reach heaven qian grade bloodline, then what is our Fire Phoenix Clan for?"

... ..

Feeling the bloodline power that erupted on Ye Yuan's body, these Fire Phoenix Clan powerhouses actually felt ashamed of their unworthiness.

This human's bloodline power flung them ten streets behind!

Without a doubt, what Ye Yuan fused with was Feng Qingxuan's blood essence. But even so, how could a human possibly fuse with it 100%?

Boom!

Just as everyone was in shock, two phoenix phantoms collided together.

Feng Ninesong was shaken off, but Ye Yuan was directly blasted several thousand feet flying.

When he stabilized his figure, a trace of fresh blood flowed down the corners of his mouth.

Clearly, he was already injured.

Feng Ninesong's heart shook wildly. This boy actually perfectly fused with the phoenix blood essence!

And he relied on the might of the bloodline power to forcibly withstand the Phoenix Nine Ensembles.

The pride in Feng Ninesong's was being ravaged mercilessly.

"Lord Ninesong is mighty!"

"This boy dared to fuse with phoenix blood essence. Exterminate him!"

“This kid has exhausted all his tricks. Let him feel the wrath of our Fire Phoenix Clan!”

... ..

Feng Ninesong winning, the envious and jealous Fire Phoenix powerhouses danced with joy.

So what if bloodline was strong? Your cultivation realm was low!

“Boy, do you know that you’ve committed my Fire Phoenix Clan’s taboo? Today, you’ll definitely die!”
Feng Ninesong said coldly.

She was jealous too!

Her bloodline power had already reached the limit and could not be improved anymore.

But this human punk actually perfectly fused with heaven qian grade bloodline!

Where would she, this Fire Phoenix Clan’s proud heaven’s chosen, put her face?

In the next second, the Phoenix Nine Ensembles started again!

Boom!

Ye Yuan was injured again!

Three attacks in a row, each stronger than the last, Ye Yuan responded to them with the Heavenly Phoenix God Exterminating Fist.

But, after the third time, Feng Ninesong’s moves underwent samsara, executing the first ensemble.

Ye Yuan knew that this Feng Ninesong only knew or could only display three ensembles!

Unrivaled Medicine God

Chapter 2976: Persuade to Surrender

With Ye Yuan getting injured repeatedly, Feng Ninesong held great advantage. She laughed shrilly and said, “Kid, do you think that by fusing bloodline, you can be arrogant in front of my Fire Phoenix Clan? You’re still lacking!”

Ye Yuan was somewhat speechless. This woman looked very proud of herself.

It was just that, did she not realize that he only used one move from the start till the end?

Furthermore, it was even the Fire Phoenix Clan’s move.

He shook his head slightly and said with a sigh, “It’s just these three moves back and forth. It looks like you only know these three moves in this Phoenix Nine Ensembles.”

Feng Ninesong’s expression changed, and she said with a cold smile, “Three moves is enough to kill you!”

Ye Yuan could not help laughing and said, “Killing people at the drop of the hat, do you really take this Ye to be easy to bully? Although I don’t want to kill people today, I’ll have to leave you with a bit of a lesson too!”

While talking, the heaven qian grade bloodline in Ye Yuan's body surged.

Behind him, the phoenix phantom turned corporeal, flying towards the void and circling indeterminately.

This scene was shockingly the first ensemble of the Phoenix Nine Ensembles!

The expressions of all the Fire Phoenix Clan powerhouses changed.

"Phoenix Nine Ensembles? This ... how is this possible?"

"This is my Fire Phoenix Clan's undisclosed secret. Only core members can learn it! Where did this boy learn it from?"

"Previously, he had been using the Heavenly Phoenix God Exterminating Fist all along. Now, he learned the Phoenix Nine Ensembles too. Could it be that ... he learned it on the spot?"

"How is this possible! The Phoenix Nine Ensembles has a certain bloodline fluctuation. Without the secret technique imparting, it's simply impossible to learn it! Even if it's heaven qian grade bloodline, it's impossible too!"

... ..

Feng Ninesong was extremely shocked in her heart. It was because she felt that Ye Yuan might have very likely secretly learned her Phoenix Nine Ensembles.

Judging from the time, this boy had only come into contact with Feng Qingxuan, that wench, for a short time.

That wench did not have the time to impart Ye Yuan such a consummate skill!

Then, it could only have been that he secretly learned it!

Learning her secret technique now, this ... was also too heaven-defying, right?

Furthermore, the moment Ye Yuan made his move, under the augmentation of the heaven qian grade bloodline, the power was even more frightening than her Phoenix Nine Ensembles!

A light cry!

The phoenix phantom directly fell, colliding together with Feng Ninesong's third ensemble.

Boom!

Feng Ninesong's body was like a kite with a broken string, directly being thrown tens of thousands of feet away!

The expressions of the Fire Phoenix Clan powerhouses changed greatly, and they hurried over and discovered that Feng Ninesong's wings were currently flapping, but she could no longer move.

Everyone drew a breath of cold air!

First ensemble versus the third ensemble, he actually beat Feng Ninesong until like this?

Just how strong was this guy?

“Q-Quickly run! This guy is too strong!”

The group of Fire Phoenix Clan powerhouses displayed their movement techniques and were about to flee.

But right at this time, Ye Yuan said coolly, “Did I let you guys leave?”

Everyone who was currently scattering in all directions seemed to have been hit by a paralyzing hex, instantly turning stiff where they stood.

Even Feng Ninesong was defeated. How could they be Ye Yuan’s match?

Running away at this time was equivalent to seeking death!

Previously, Ye Yuan said that he did not want to kill people. They just treated it as a joke.

But now, they did not think so anymore.

Ye Yuan looked at everyone and said coolly, “I know that you guys still have Emperor Vast Heaven powerhouses pursuing her. Therefore, for safety’s sake, you all had better stay behind for the time being. After her nirvanic rebirth succeeds, I’ll naturally let you all leave.”

Feng Ninesong recovered to her human body, her complexion deathly pale as she said, “I-Is this true?”

Ye Yuan said coolly, “Would I need to be so long-winded if I wanted to kill you all? However, if I discover that you guys secretly tipped them off, don’t blame me for not being courteous.”

These true spirit powerhouses naturally had their own unique means of communication.

However, Ye Yuan did not care. With Mi Tian this major power around, these people’s paltry tricks could not be concealed.

He had already given them a chance. Whether or not they knew how to cherish it would depend on them.

Everyone thought about it and felt that it was true. If Ye Yuan wanted to kill people, none of them could escape.

Hence, the Fire Phoenix Clan pursuers became Ye Yuan’s captives.

“He ... He’s actually not killing us. Looks like he’s really not in a clique with that wench!” Feng Ning said.

Feng Ninesong shot her a glare. The latter’s neck shrunk, and she immediately shut up.

However, Feng Ninesong suddenly said, “What you said is right. He kept saying that he was trying his best to do what was entrusted by others! Most likely, that wench used phoenix blood essence to bribe him!”

Feng Ning’s eyeballs moved and said, “Then are we ...”

Feng Ninesong immediately understood and said with a nod, “Help me over!”

Ye Yuan took them in as captives. Then he continued studying the phoenix bloodline not far from the nirvanic rebirth area.

The more he studied, the more Ye Yuan felt the power of the phoenix bloodline.

Feng Ning helped Feng Ninesong over. Feng Ninesong looked at Ye Yuan, her expression complicated.

Today, her Fire Phoenix lineage's pride was completely trampled underfoot by this young man.

She could feel that there were many secrets on this young man.

Becoming a captive made Feng Ninesong calm down instead.

Feng Ninesong was not a fool. Just by relying on a heaven qian grade bloodline, one absolutely could not reach Ye Yuan's level!

In the Fire Phoenix Clan, the heaven qian grade bloodline was not Feng Qingxuan alone.

But, nobody had Ye Yuan's ability to perfectly replicate the other party's moves just by relying on the opponent's bloodline undulation!

If this kid could deal a counterblow, Feng Qingxuan, that wench would definitely die!

"Sir, previously, it was all Ninesong who was too rash. This younger sister apologizes to you here." Feng Ninesong bowed slightly, her words full of respect.

Feng Ning was somewhat surprised. The proud Feng Ninesong would actually lower her head!

Ye Yuan said coolly, "If you want to persuade me to deal a counterblow, sorry then. Stop making futile efforts."

Feng Ninesong was taken aback, thinking to herself, *what a clever kid!*

The moment she opened her mouth, he guessed her intentions.

However, she still did not give up and said, "Sir, Feng Qingxuan is my Fire Phoenix Clan's wanted criminal. We came to capture her in the name of the clan! As long as Sir can take action, my Fire Phoenix Clan will definitely remember Sir's kindness of lending your assistance!"

Since Ye Yuan was so smart, he would definitely know how great the Fire Phoenix Clan's favor was!

In this Voidshrine Illuminating Heaven, one really could not find more than a few that are greater than the Fire Phoenix Clan's favor.

Of course, this was also talking nonsense. She could not represent the Fire Phoenix Clan.

Ye Yuan opened his eyes and looked at her, looking until the latter felt goosebumps.

Feng Ninesong secretly sighed in her heart. This kid was too smart!

"Sir should be very interested in the Phoenix Nine Ensembles, right? As long as Sir is willing to take action, I'm willing to offer the Phoenix Nine Ensembles up with both hands! Apart from the Phoenix Nine Ensembles, Ninesong still has two secret techniques with power that are not at all inferior to the

Phoenix Nine Ensembles. They can all be given! Either way, Sir has already fused with heaven qian grade bloodline. Feng Qingxuan is already of little use to you!” Feng Ninesong guided skillfully and patiently.

Ye Yuan still looked at Feng Ninesong and said with a smile, “I said that I’m trying to do my best what was entrusted by others! If it was just for the sake of phoenix blood essence, why would I need to sit in boredom here? Stop making futile efforts. This Ye has my own principles when doing things. Please go back!”

Feng Ninesong felt angry. This punk was simply impervious to reason!

But right at this time, a fire phoenix shot to the sky, soaring above the nine heavens.

That kind of power was as if a sovereign descending upon the world, being incomparably majestic!

Feng Qingxuan succeeded in the nirvanic rebirth!

“Hahaha ... Feng Ninesong, didn’t expect that I’d succeed in my nirvanic rebirth, right? Prepare to die!” Above the void, Feng Ninesong laughed charmingly.

Unrivaled Medicine God

Chapter 2977: Dragon and Phoenix Prosperity!

The current Feng Qingxuan was like the noonday sun and actually reached half-step Emperor Vast Heaven in one stroke!

The success of the nirvanic rebirth this time had far exceeded imagination!

It was just that the people present were all struck senseless.

This woman clearly had not figured the situation out yet.

Sure enough, she discovered that something was wrong very quickly and said, “Mn? Why are you injured?”

Following that, she noticed Ye Yuan too and said in surprise, “You ... are actually not dead yet!”

In her view, with Ye Yuan facing off against these Fire Phoenix Clan powerhouses, he would definitely die beyond a doubt.

Even if he refined phoenix blood essence, it could not change this result too.

She understood Feng Ninesong’s strength too well!

But now, Ye Yuan actually did not die. This made her extremely surprised.

Feng Ninesong rolled her eyes and said crossly, “Stop showing off. I know that you’re impressive! We’re currently all Ye Yuan’s captives. You can come down!”

C-Captives?

Feng Qingxuan nearly fell down from the sky. Ye Yuan alone captured more than ten Fire Phoenix Clan powerhouses?

She focused her eyes to look and discovered that the others indeed all looked scared of Ye Yuan.

It was actually true!

Otherwise, it would have been impossible for these people to live together in harmony.

Feng Qingxuan landed and transformed into an unparalleled beauty appearance.

In terms of looks, she was a notch above Feng Ninesong.

Feng Qingxuan sized Ye Yuan up and down, seemingly wanting to see through him.

This conclusion was seriously too unexpected.

So many people came to search for her. If it were not for Ye Yuan, it would have been impossible for her to succeed in the nirvanic rebirth.

However, these could be discussed in the future.

She looked toward Feng Ninesong and said smugly, "Feng Ninesong, you all framed me in order to help Feng Qingyu ascend to the throne! But you didn't expect that you'd have today too, right? You all deceived your superiors and deluded your subordinates, framing me as disloyal. Today, I'll sentence you to death on the spot!"

After she was done talking, Feng Ninesong's aura surged, and she was about to make a move.

However, Ye Yuan stopped her and said coolly, "Apologies. I promised to let them go. You guys can go now."

Feng Ninesong felt akin to being relieved of a heavy burden and the rest were overjoyed and were about to leave one after another.

Feng Qingxuan's expression turned dark, and she said in a cold voice, "What a joke! When is it your turn to speak here? You all stop for me. Not a single one of you can leave!"

Even if Ye Yuan made Feng Ninesong and the rest captives, in Feng Qingxuan's eyes, he was also merely an ant-like existence.

She was of the high and mighty heavenly qian level bloodline and could look down proudly on the world!

It was only to see her throw a palm over, wanting to force Ye Yuan to dodge.

However, Ye Yuan did not dodge or evade at all. Lifting his hand, it was a Phoenix Nine Ensembles.

Boom!

The two people each fell back several thousand feet before barely managing to stabilize their figures.

Ye Yuan said coolly, "Apologies. The deal between you and me is over. I've also done what I promised you. As for them, I promised to let them leave. If you're still overbearing, don't blame this Ye for not being courteous anymore."

Feng Qingxuan was shocked to the extreme in her heart. When he made his move just now, Ye Yuan was clearly heaven qian grade bloodline!

Furthermore, he even learned the Phoenix Nine Ensembles!

How did this guy do it?

Feng Ninesong also finally understood how Ye Yuan made Feng Ninesong become a prisoner.

When Feng Ninesong saw this scene, she felt delighted too.

This monstrous kid that you found, you bear it yourself!

But Feng Qingxuan had her own pride. How could she possibly shrink back because of a sentence from Ye Yuan?

Moreover, her cultivation realm was significantly higher than Ye Yuan!

"Humph! Heaven qian grade bloodline, is this your pride? Do you think that I, Feng Ninesong, have this sort of trash? Kid, I urge you to move aside. Otherwise, don't blame me for not being courteous!" Feng Qingxuan said in a cold voice.

"Feng Qingxuan, Sir is at any rate your savior! You're completely kicking him to the curb after he has outlived his usefulness by doing so! Sir Ye is someone whose words carry the weight of nine tripods. The promise that he made, he'll definitely do it! Previously, he protected you like this. Now, it's naturally impossible to let you touch us too!" Feng Ninesong said in a loud voice.

Although she was seriously wounded by Ye Yuan, the current Feng Ninesong really admired Ye Yuan.

This man stood firmly to his word!

Such a man was not often seen in the heavens and myriad worlds.

Feng Ninesong snorted coldly. She knew that what Feng Ninesong said was right.

Her blood essence had already been given. If it was someone else, they would probably have long made their get-away.

This was clearly a messy situation, but Ye Yuan still persisted in protecting her.

Although the blood essence was a reward, Ye Yuan having life-saving grace toward her was an undeniable fact.

Compared to her life, what did blood essence count for?

It was just that letting Feng Ninesong leave now, she was unwilling.

Feng Ninesong pursued her all the way. She narrowly escaped death several times.

Having such a fine opportunity today, if she did not take revenge, there probably would not be a chance anymore in the future.

Hence, Feng Qingxuan steeled her heart and said in a cold voice, "Fine, since his words carry the weight of nine tripods, let him be buried in death together with you guys then!"

A light cry!

Feng Qingxuan transformed into an incomparably beautiful phoenix, soaring above the sky.

Phoenix Nine Ensembles, fifth ensemble!

Nine ensembles, the power of each was stronger than the last.

And Feng Qingxuan's heaven qian grade bloodline could completely support her to execute the fifth ensemble.

Furthermore, the fifth ensemble that Feng Qingxuan executed was much stronger than Feng Ninesong!

Indeed, her strength was far stronger than Feng Ninesong.

The moment this move came out, even Feng Ninesong's expression changed drastically too.

"Her fifth ensemble is already mastered to perfection, reaching the realm of grand completion! This power, probably even Sir Ye can't block it too! Feng Ning, you bring them away first! It will be too late if you still don't leave!" Feng Ninesong said anxiously.

She was currently heavily injured. If Ye Yuan could not block it, she would definitely die beyond a doubt.

It was just that Feng Qingxuan's strength and status in the clan were not what she could compare to.

Feng Qingxuan was a true heaven's chosen!

But Feng Ning refused to leave. "Where Lord Ninesong dies, this lowly one will die there!"

Ye Yuan was also somewhat surprised. None of these Fire Phoenix Clan powerhouses actually left.

This made him feel great admiration.

Just based on this, Ye Yuan would not let anything happen to them too.

Boom!

Boom!

Two shocking auras rose to the sky from Ye Yuan's body.

A dragon and a phoenix, two phantoms, danced behind him!

These two very different auras actually appeared very harmonious on Ye Yuan's body, letting his bloodline pressure climb significantly again!

When everyone saw this scene, they were completely stunned.

"Sir Ye's body actually still has true dragon bloodline! Furthermore, it's even earth kun grade!"

"No, dragon and phoenix, two great bloodlines, are actually in marital harmony, being magnified infinitely on him! His current dragon race bloodline power already reached heaven qian grade too!"

"Dragon and phoenix two races are born from chaos, incompatible like water and fire! How can these two great bloodline powers possibly appear on one person at the same time? This ... is too inconceivable!"

... ..

The more powerful the bloodline, the nobler it was.

True dragon bloodline and phoenix bloodline were both the most noble bloodlines in the world.

It was impossible for them to blend together!

But now, these two supreme powers actually formed a perfect unity in Ye Yuan's body.

The Fire Phoenix Clan powerhouses present were incomparably shocked.

Ye Yuan looked at Feng Qingxuan and said coolly, "This is the move that I've just comprehended. Since you're so stubborn, then I'll give it to you! Dragon and Phoenix Prosperity!"

Unrivaled Medicine God

Chapter 2978: Mountain Challenging!

Above the void, dragon and phoenix contended in cries!

Two absolutely different bloodlines superimposed together actually produced an effect of one plus one equals greater than two.

This was what everyone did not expect.

The two great bloodlines were completely sublimated under Ye Yuan's Dragon and Phoenix Prosperity move!

In an instant, Phoenix Nine Ensembles and Dragon and Phoenix Prosperity collided together, causing a violent shock.

Even for an expert such as Feng Ninesong, her expression changed drastically when she saw this kind of terrifying power too.

These two people's strengths had already far exceeded the scope of ordinary Emperor Cloud Heavens!

This was a true battle of geniuses!

Boom!

Feng Qingxuan's phoenix phantom directly shattered under the suppression of the dragon and phoenix, two great bloodlines.

A force that could topple mountains and overturn the seas slammed into her body.

Feng Qingxuan spurted out a mouthful of blood with a cough, her figure drawing a parabolic curve, falling to the ground.

Meanwhile, Ye Yuan was completely unharmed.

He stood proudly in the air, still recollecting the aftertaste of the feeling just now.

The power of Dragon and Phoenix Prosperity somewhat exceeded his expectations.

This move was naturally researched by him based on the origin of chaos blood.

He did not expect that the power would actually be so great when fusing two supreme bloodlines together!

“Senior ...”

“*Mn*, I really didn’t expect it turns out that after the bloodlines of dragon and phoenix two races fuse together, it actually has such power! Then if the four great chaos true spirits’ bloodlines can all be fused, then the power ...”

Mi Tian’s voice was also somewhat trembling, clearly quite excited.

Concerning the fusion of supreme bloodlines, this was simply something impossible.

Four great chaos true spirit bloodlines, their physical bodies were born for their bloodlines. It was simply impossible to fuse another kind of bloodline.

The compatibility of human cultivators was extremely high. But, when bloodlines entered their bodies, it would become extremely faint.

Furthermore, bloodlines were inherently averse to each other. It was impossible to fuse at all.

If ordinary human cultivators wanted to fuse bloodlines, the only outcome would be being blown up by the confrontation of two great bloodlines.

But Ye Yuan had the origin of blood. He had dragon blood in his body but the physical body of a human. The convenience of all these created conditions for the fusion of bloodlines.

If one could really fuse the four great bloodlines, that power would simply be unimaginable.

“If it’s possible, I can really try to do it,” Ye Yuan said.

However, he also knew that this difficulty was considerable.

This time, it was luck, for him to encounter someone like Feng Qingxuan who was being pursued.

Otherwise, heaven qian grade bloodlines were all the precious treasures of the various races. Wanting to obtain it was not so easy.

As for Feng Qingxuan and the rest, they were long already too shocked to speak.

When everything dissipated with the wind, only then did they wake up from the dream.

“The bloodlines of the dragon race and phoenix race can actually fuse!”

“The power after fusion is also a little too strong, right?”

“Sir Ye completely defeated Feng Qingxuan at middle Emperor Cloud Heaven! This ... This is simply unimaginable!”

... ..

They were all too clear about Feng Qingxuan’s strength.

Even under the pursuit of Emperor Vast Heaven powerhouses, she still escaped.

Feng Ninesong examined her own conscience and felt that, compared to Feng Ninesong, she was a complete rookie.

But this kind of proud daughter of heaven was completely defeated like this.

“You guys can leave!” Ye Yuan said coolly.

Feng Ninesong’s expression changed, and she said, “You ... You’re really letting us go?”

Ye Yuan said, “This Ye has always kept my word. Since I’ve promised you guys, I’ll naturally let you all go. If you draw the Fire Phoenix Clan to come and kill me, just bring it on.”

Feng Ninesong smiled bitterly. It turned out that Sir Ye’s heart is like a clear mirror. He knew everything.

Sure enough, he was a man of his word!

Feng Ninesong gave Ye Yuan a deep bow and said, “This matter, Ninesong will definitely keep a tight lid on my mouth. Sir, please rest assured!”

Ye Yuan waved his hands and said indifferently, “Suit yourself.”

Feng Ninesong smiled bitterly again and brought everyone away.

Fusing bloodlines this sort of thing was a major thing to the various major true spirit bloodlines.

Furthermore, Ye Yuan fused with heaven qian grade bloodline. This was also something that could not be tolerated to the Fire Phoenix Clan.

Once the Fire Phoenix Clan knew, they would definitely send people to come and kill Ye Yuan.

However, Ye Yuan did not care at all.

After Feng Ninesong and the rest left, Ye Yuan’s figure moved, heading in the direction of East Billow Region.

Before traveling for long, he stopped.

Feng Qingxuan actually kept following him.

“Following me for?” Ye Yuan said.

“I have nowhere to go.”

“Our deal has already ended!”

“I feel that you’re still a pretty good person.”

Ye Yuan was speechless.

... ..

In the Voidshrine Illuminating Heaven, the various races’ true spirits mostly lived in tribes.

The dragon race had many offspring bloodlines that each formed a tribe.

The powerful ones even had Hegemon Realm powerhouses.

The weak ones did not even reach battle spirit grade bloodline.

The Divine Dragon Envoy surveyed the world. Wanting to catch the attention of the Divine Dragon Envoy, there was a method called Mountain Challenging!

Mountain challenging meant that for a person to go to the various major true spirit tribes, challenging the bloodline powerhouses in the clan.

This was the fastest way to enter Heavenly Dragon Island!

Dragon City Tribe was a powerful dragon race tribe of East Bellow Region.

Although they considered themselves to be a dragon race tribe, this was actually a tribe based on the Heaven Swallowing Python.

However, the Heaven Swallowing Python's dragon race bloodline was very strong too. According to Mi Tian, this tribe had even given birth to heaven qian grade bloodline before.

Therefore, Dragon City Tribe was a powerful tribe too.

To do mountain challenging, one could not avoid Dragon City Tribe.

Ye Yuan and Feng Qingxuan, one in front and one behind, arrived in front of Dragon City Tribe.

"Stop! Foolish human, to dare approach the noble Dragon race! Hurry up and get lost!" In front of the tribe, Ye Yuan was reprimanded by a human male.

Ye Yuan was shocked. *Aren't you a human too?*

He asked to clear his doubts. The human male sneered and said, "What the hell do you know? I'm a dragonblood warrior who's currently evolving towards a noble true spirit!"

Ye Yuan let out a slight sigh. Perhaps, this was the inferiority complex of humans.

He knew that Voidshrine Illuminating Heaven's humans were very difficult, most of them born by depending on tribes.

But he did not expect that they were lowly until this extent.

This dragonblood warrior's cultivation realm was not low. It had already reached Emperor Realm.

It was just that his bloodline was a little terrible. It did not even reach battle spirit grade bloodline.

Emperor Cloud Heavens could be considered a powerhouse of a region too. But, they could only guard the door for the Dragon City Tribe.

"I'm here to challenge the mountain," Ye Yuan said.

The human male was taken aback and immediately burst out laughing and said, "You, a human, coming to the Dragon City Tribe to challenge the mountain? Are you kidding me?"

However, in the next second, the human male's expression changed greatly.

From Ye Yuan's body, an incomparably pure dragon pressure suppressed him until he could not breathe!

The human male had a look of horror on his face and said in shock, "Earth kun grade bloodline! You ... You ... How is this possible?"

He was seriously unable to imagine that a human's dragon race bloodline could reach earth kun grade!

There were far too many dragonblood warriors in Voidshrine Illuminating Heaven.

But, for the vast majority among them, it was impossible to surpass battle soul grade.

As for battle god grade, those were all existences like the feather of a phoenix and horn of a qilin, being very rare.

Each one was a supreme powerhouse among bloodline warriors.

But this young man in front of him actually had earth kun grade bloodline. It shocked him until he could not close his mouth.

"Now, can I?" Ye Yuan looked at the human male and said lightly.

Chapter 2979: Displaying Prowess!

"What! Someone came to mountain challenge our Dragon City Tribe?"

"How long has it been since anyone has dared to mountain challenge our Dragon City Tribe?"

"*Heh*, Scarletplume and Da Yi, two fellows, are both existences at the top of the Mountain Challenger List. Who dares to come?"

"Go! Go take a look! I'm curious who's so impressive!"

... ..

With someone coming to challenge the mountain, it immediately caused a great sensation in the Dragon City Tribe.

Mountain challenging was a tradition in the entire Voidshrine Illuminating Heaven.

Wanting to enter the holy land, this was the shortcut.

Hence, between the various major tribes, they would frequently send youngsters out everywhere to go on expeditions.

The competition of this younger generation naturally had to determine who was superior, and the Mountain Challenger List was born.

The East Billow Region was extremely vast. The experts were naturally plentiful as clouds too.

Mountain challengers who could enter the top 500 were all very strong.

Dragon City Tribe's Scarletplume and Da Yi, two people, were both top 100 powerhouses, their strengths being very strong.

However, a measly little Ye Yuan, Scarletplume and Da Yi would not take the field at all.

Dragon City Tribe was a large tribe. There were not just two mountain challengers.

“It’s actually a bloodline warrior! Kid, I urge you to go back where you came from. Don’t make a spectacle of yourself here!”

“*Hahaha*, a bloodline warrior wants to enter Heavenly Dragon Island too! Kid, you’re thinking too much!”

“A middle Emperor Cloud Heaven also dares to come to our Dragon City Tribe to challenge. This kid is crazy, right?”

... ..

A series of mocking voices came from all around.

Bloodline warriors had always been looked down upon by the true spirit race.

However, they would also frequently hand out some low quality bloodline to humans, creating bloodline warriors, exchanging for their loyalty with this.

That guard from before was like this.

In the course of time, the status of bloodline warriors became lower.

“*Heh*, human brat, to dare come to Dragon City Tribe to challenge the mountain, your courage is commendable!” The one talking was called An Shan. He was also an expert on the Mountain Challenger List, ranked 400 plus, a grand completion Emperor Cloud Heaven powerhouse.

Ranked 400 plus was not weak anymore.

One could say that among the top 500 powerhouses, the gap was all very small.

Their bloodline, cultivation realms, strength, they were all very close.

And Ye Yuan was simply a rookie who had just made his world debut. He was not even on the Mountain Challenger List.

Just having bloodline power was not enough.

Ye Yuan glanced at the large snake in front of him and shook his head, and then he said, “You won’t do, too weak! Doesn’t Dragon City Tribe have any stronger ones?”

The moment An Shan heard, he was immediately greatly enraged and said, “Kid, you’ll be beaten to death the way that you’re mountain challenging, got it?”

Ye Yuan was still indifferent and said coolly, “You’re so weak. You’ll be beaten to death too!”

Everyone was shocked. Where did this guy pop out from, to be so arrogant?

When other people challenging mountains, they all started challenging the weak tribes first, then slowly looked for powerful tribes.

This hothead was good. The moment he came, he picked the powerful Dragon City Tribe to get started with.

One had to know that Dragon City Tribe's top 500 Mountain Challenger List experts reached as many as seven people!

An Shan's expression turned cold, and he said in a solemn voice, "Start! I already can't wait to blow you up!"

Ye Yuan was not long-winded either, dragon race bloodline vibrating, firing out a dragon-shaped mark.

An Shan also fired out a mark like what he did.

The two people each accepted the other party's mark, and the ritual was considered completed.

Mountain challenging was not allowed to be rejected.

If a tribe stabbed the mountain challenger in the back, they would suffer the boycotting of all tribes.

And this ritual represented the battle outcome.

The victor accepted the other party's mark, and their own mark would dissipate.

Once the ritual was completed, An Shan roared and swam over to Ye Yuan.

"Heaven Swallowing!"

An Shan's large snake body suddenly grew rapidly, opening his gaping maws suddenly.

A powerful suction force directly swallowed Ye Yuan.

Ye Yuan did not even have time to react.

Inside the body of a Heaven Swallowing Python formed its own independent space. It could devour myriad lives. This was their innate divine ability.

Within this space, even the air was something corrosive.

Before long, the prey would turn into nothingness, virtually without the possibility of escaping.

"Hahaha, I was even wondering how capable this kid was. Didn't expect that he couldn't even block one move!"

"Really too weak! I thought that he could at least struggle a little."

"Made such a big disturbance, it ended like this? How boring!"

"There was nothing to look forward to in the first place. How strong can a bloodline warrior be? Scatter, all scatter!"

... ..

This kind of battle appeared too boring.

Being swallowed by the Heaven Swallowing Python, this was something that everyone was fearful of.

But Ye Yuan did not even have the strength to fight back and actually dared to come and challenge the mountain. This was a joke to begin with.

An Shan had a disdainful look and said, “Just this bit of strength, and you also want to beat me to death? What’s this punk’s brain made ... *hurk ... hurk ...*”

An Shan was currently posturing when he suddenly started to retch violently as if experiencing extreme discomfort caused by indigestion.

With this, everyone was shocked.

Heaven Swallowing Python, known as being able to even swallow heaven, would have indigestion?

You got to be kidding!

What was going on with Lord An Shan?

Could it be ... that punk?

How was this possible!

The Heaven Swallowing Python’s talent was extremely strong. Among the entire dragon race progenies’ bloodlines, it belonged to the top existence level too.

Otherwise, it would be impossible for them to give birth to heaven qian grade bloodline powerhouses too.

Because of their devouring divine ability, once swallowed, the opponent was basically declared dead.

This talent could even let them jump realms to challenge.

But now, what was going on here?

“Urgh ... Hurrk ...”

An Shan retch wildly without ceasing. His enormous body fell to the ground with a loud bang, rolling around on the ground.

“Come out! Kid, freaking come out! I was wrong! I was wrong! Hurk ... hurk ...”

Everyone was stared wide-eyed and tongue-tied. Even a moron could also tell that An Shan’s internal space was already in mayhem.

And the culprit was precise Ye Yuan.

Now, it was not a problem with whether or not to swallow. However, that An Shan desperately wanted to vomit Ye Yuan out, but Ye Yuan was not coming out!

This ... was awkward!

But, after entering the space within the body, could one still be so impressive?

An Shan rolled around on the ground. People clearly saw tears flowing heavily from his eyes. How did he look like an expert?

He wailed desperately, asking Ye Yuan to come out, but Ye Yuan refused to come out.

No idea how long he was in agony for. Then a boom was heard. An Shan's back directly had a large hole that was blasted open.

A figure jumped out. Who could it be if not Ye Yuan?

An Shan stopped shouting, the colossal body falling to the ground with a loud bang, his life and death being unknown.

The whole place was dead silent. Everyone used eyes like looking at a monster to look at Ye Yuan.

"This ... This guy punched through Lord An Shan's internal space? Is ... Is he still human?"

"He stayed in the internal space for so long, and he's actually completely fine?"

"If everyone is like him, wouldn't our innate divine ability become a joke?"

... ..

The Heaven Swallowing Python Clan's powerhouses only felt a chill.

Seeing the large hole on An Shan's back, they were somewhat psychologically traumatized by devouring.

If the opponent that they swallowed was like Ye Yuan, what to do?

"I already said he's too weak. Is there anyone that's stronger?" Ye Yuan said lightly.

Chapter 2980: If He Wants to Posture, What Has It Got to Do With Me?

"What vicious means! You punched through An Shan's internal space. It's equivalent to crippling half his life! Dealing such a vicious blow in my Dragon City Tribe, have you thought of the consequences?"

In a crowd, a Heaven Swallowing Python slowly swam out, immediately causing a commotion.

"It's Lord Da Yi! He's going to personally take action!"

"Lord Da Yi is ranked 75th on the Mountain Challenger List, his strength being very formidable. This kid is dead for sure!"

"He actually dared to cripple Lord An Shan, really courting death!"

... ..

Da Yi's status in the Dragon City Tribe was extremely high. The moment he took the stage, everyone clearly had worshipping looks.

That made sense, Da Yi's ranking was gained from fighting match after match.

The moment Da Yi appeared, it gave people a feeling of being shaken to the core.

As if they were being stared at by someone from the netherworld; very uncomfortable.

"He's very strong. You're not his match! Mountain challenging isn't done like how you're doing it now!" Not far behind Ye Yuan, Feng Qingxuan warned.

What she was talking about was under the circumstances that Ye Yuan did not utilize dragon phoenix bloodline.

This was Ye Yuan's trump card move. It was not good to expose it in front of outsiders.

Feng Qingxuan not being Ye Yuan's match, that was just under the circumstance that he used Dragon and Phoenix Prosperity.

Just based on any single bloodline, Feng Qingxuan examined her own conscience and felt that she could absolutely crush Ye Yuan.

Ye Yuan's dragon race bloodline was only earth kun grade. Wanting to surpass the same level Da Yi was incredibly difficult!

Bloodline was not the only thing. Between same ranking bloodlines, the strength might have a huge difference. This had a lot to do with the individual's talent and lucky chances.

Clearly, this Da Yi was very strong. Feng Qingxuan felt it!

Ye Yuan ignored her. This woman was so annoying!

"What a joke! He swallowed me the moment he opened his mouth. It was clearly to send me to my doom! Why? Only your Dragon City Tribe is allowed to kill people? I'm not allowed to retaliate?" Ye Yuan looked at Da Yi and said disdainfully.

These powerful tribes all had this kind of mentality.

I could kill you, but if you touched my people, death couldn't expiate your sins

An Shan swallowed Ye Yuan in one gulp. He did not hold back in the slightest at all.

If not for that Ye Yuan's strength was powerful, he would have already turned into nothingness now.

Now, Da Yi was actually blaming him for being vicious.

Da Yi's expression turned cold, and he said, "Razor-tongued brat, do you dare to have a fight with me?"

Ye Yuan smiled and said, "Do you think that I only came to bully that sort of weakling?"

Da Yi snorted coldly and said, "I hope that you don't disappoint me too much!"

The two people mutually gifted a dragon-shaped mark, and the second mountain challenging battle officially began.

With regards to Ye Yuan challenging Da Yi, the Dragon City Tribe powerhouses were very disdainful.

Even if Ye Yuan won An Shan effortlessly, it was the same too.

After all, An Shan was already close to 500th place.

500th and 75th, there was an insurmountable gulf in the middle.

"This kid is really overestimating his own ability! He probably doesn't even know what the Mountain Challenger List means, right?"

“Lord Da Yi challenged the Dragon Abyss Tribe’s Yun Kui the last time. After coming back, he has already been in closed-seclusion for three years! These three years, his strength must have advanced by leaps and bounds again!”

“This is good too! He dared to cripple Lord An Shan. Lord Da Yi will definitely make him regret it!”

“It’s just that I don’t know how many moves this kid can last under Lord Da Yi’s hands.”

... ..

Da Yi stood in the air and said coolly, “Kid, make your move! Otherwise, you won’t have the chance.”

Ye Yuan could not help snickering when he heard it. Some people always liked to posture.

It was like if they did not posture, they would not be an expert.

When Da Yi saw Ye Yuan’s snickering, he practically wanted to explode.

This was merciless mocking!

However, his words were already thrown out. He still had to maintain the demeanor of an expert.

Either way, this kid was going to die very soon.

Ye Yuan was not courteous either. The bloodline power on the body surged. A shocking dragon pressure was released.

Nine Heavens Dragon Transformation Fist!

The stronger his strength was, the more his bloodline improved, the more Ye Yuan felt the power of this move.

This move that Mi Tian imparted had deeply gained the quintessence of dragon race bloodline.

Ye Yuan knew now that this move was created by Mi Tian himself. When cultivated to the extreme, one could blow a Hegemon Realm powerhouse up with one punch!

Furthermore, the stronger the bloodline, the greater the power!

If one executed it with chaos level bloodline, killing ordinary Hegemon Realms would be like playing.

The moment Ye Yuan made his move, Da Yi’s expression changed.

This punch was too strong!

Ye Yuan was two minor realms lower than him. He did not place him in his sights at all.

He was confident that no matter what moves Ye Yuan used, he could block it with ease.

But, if this punch landed, wouldn’t he be the same as An Shan, having a hole punched through?

In a hurry, Da Yi opened his gaping maws. A shocking energy ball was released from his mouth.

However, it was already too late!

He already lost the initiative in order to posture.

Ye Yuan had already accumulated his strength to the maximum. How terrifying was the power?

Boom!

The void shook violently, and Da Yi's colossal body was smashed down like a cannon ball.

With Ye Yuan gaining the initiative, how could he be willing to let it go? Chasing after, it was another Nine Heavens Dragon Transformation Fist.

Boom!

The earth fissured!

When experts exchanged moves, sometimes, it was a matter of an instant.

Ye Yuan gained the initiative and pummeled him in hot pursuit.

The Dragon City Tribe's powerhouses were immediately dumbfounded.

They never dreamed that this battle would actually turn out like this.

The God of War Da Yi in their eyes was being brutalized by a human punk!

The two people fought from the sky into the earth and fought from underground, up to the sky again.

But Ye Yuan held the initiative from start to end.

It was completely a one-sided suppression.

The Heaven Swallowing Python's physical body was extremely formidable. But at this time, Da Yi's body had flesh and blood scattering, virtually battered down by Ye Yuan.

However, Ye Yuan was extremely surprised too.

Da Yi was really strong. If it were any other grand completion Emperor Cloud Heaven, they would have long been turned to residue by him. But Da Yi was still holding on until now.

Although each move was a hasty response, it could always resolve the majority of Ye Yuan's attack power.

In fact, he would even occasionally launch a counteroffensive.

Those lacking in strength would really let Da Yi make a comeback.

This kind of powerhouse was completely forged in battle. His strength was extraordinary.

It was just a shame. Who he ran into was Ye Yuan.

A fight was a fight; how was there time for you to posture?

Losing one move, you would lose every move!

Unsurprisingly, Da Yi did not have the chance to make a comeback either. Ye Yuan would not give him this chance.

Sometimes, fighting was this simple.

“I admit defeat!” Da Yi’s reluctant angry roar came from above the void.

Ye Yuan stopped. The Da Yi, who was opposite him, panted heavily. His body no longer had an unscathed spot.

Dragon City Tribe’s powerhouses opened their mouths wide with looks of disbelief.

“A-Admitted defeat just like that?”

“Lord Da Yi still has many trump cards that haven’t been used. Why... why did he admit defeat?”

“Despicable! Shameless! This punk won unscrupulously!”

... ..

In an instant, Dragon City Tribe exploded.

Everyone was cursing Ye Yuan was being shameless. It sounded very nasty.

They were too clear about Da Yi’s strength.

But from start to finish, Da Yi did not have the chance to fight back.

Whatever big move, whatever trump card, he did not use them all.

This kind of battle was too aggrieved.

Da Yi himself virtually wanted to explode.

He lost this fight too aggrievedly!

Ye Yuan rolled his eyes. Was this group of people all morons?

If he wanted to posture, what had it got to do with him?
