

## Medicine God 2981

Chapter 2981: Unconcealable Sharp Edge!

“Kid, I lost to you not because my skills are inferior. It’s just that I somewhat underestimated the enemy!” Da Yi said unwillingly.

Regarding this, Ye Yuan just smiled and did not defend himself.

This kind of justification was too powerless and too feeble.

Losing was losing; winning was winning.

Finding a reason for yourself after failure was not what the strong would do.

Seeing Ye Yuan smile and not speak, Da Yi was even more ashamed and resentful.

In the crowd, an old man opened his mouth and said, “Da Yi! A loss is a loss. Displaying shameful courage here will only incur jesting. Do you find it not shameful enough yet?”

Da Yi’s expression changed, and he bowed to the old man in shame as he said, “Yes, Patriarch!”

Ye Yuan was inwardly shocked. He did not expect that this unassuming old man was actually the Heaven Swallowing Python Clan’s patriarch!

The old man said lightly, “Scarletplume, you take the stage and play with him! This boy isn’t ordinary. Be careful.”

Behind the old man, another Heaven Swallowing Python swam out and said calmly, “Yes, Patriarch.”

With this, the crowd exploded.

“Scarletplume is finally going to take action!”

“Mountain Challenger List’s 21st place; if this punk can win again, Your Father will swallow that mountain!”

“Lord Scarletplume devotes himself to spatial divine abilities. Now, he has already reached the acme of perfection! Patriarch said before that he might very likely step into the realm of Hegemon in the future by relying on this Dao!”

“The reason why Lord Scarletplume can rank 21st is that it’s just because his bloodline is a little lousy. It’s only initial-stage earth kun grade. Otherwise, there would be no problem in him getting into the top three!”

... ..

Scarletplume arrived opposite of Ye Yuan, his entire person seeming very calm.

It was as if nothing happened just now.

This Scarletplume was different from Da Yi, giving people the appearance of being unmoved even if Mount Tai was crumbling before him.

This was rather similar to Ye Yuan.

“This is a troublesome opponent, be more careful!” Feng Qingxuan said once more, her face slightly red.

She said that Ye Yuan was not Da Yi’s match earlier. In the end, she got face-slapped.

The moment Ye Yuan made his move, Da Yi did not even have the chance to make a move. How embarrassing!

But this time, she was warning out of good intentions.

Actually, there was no need for her to warn him. Ye Yuan naturally saw through it long ago.

A proud opponent, no matter how powerful the strength, it was actually not scary.

What was truly scary was that kind of opponent who was calm to the extreme.

Ye Yuan was sizing Scarletplume up. Scarletplume’s gaze was also wandering around on Ye Yuan’s body. Suddenly, he said, “You’re very strong! I can feel the undulation of spatial rule on your body! Looks like what you’re truly powerful in is actually spatial divine abilities! However, your cultivation realm is a little low. It’s very disadvantageous.”

With this, Ye Yuan was really shocked.

This Scarletplume’s perception was also too sharp, right?

He was currently completely restraining his aura and did not display spatial martial techniques.

This guy could actually feel it!

It could be seen how strong he was in spatial rule!

The Heaven Swallowing Python Clan could be said to have perfectly inherited the spatial talent of the dragon race.

But, regarding the application of spatial talent, some relied on instinct, while others could control it independently.

The gap between them was not a tiny bit.

Ye Yuan had many means, but for mountain challenging, he could only use the dragon race’s talent to go and fight.

Otherwise, disregarding that he would win unscrupulously, Heavenly Dragon Island would not acknowledge him as well.

What they wanted were dragon race geniuses, not human geniuses.

Ye Yuan smiled and said, “Your bloodline is a little low. We’re considered even.”

Scarletplume smiled and said with a nod, “Alright, then ... Let’s begin.”

Ye Yuan nodded slightly. The two people exchanged marks.

Bloodline was indeed extremely important to the true spirit race.

Bloodline being a fraction stronger, the power of the martial techniques executed would be a fraction stronger.

*Swoosh!*

In the instant that the two people finished exchanging marks, Scarletplume disappeared.

“Spirit Spatial Blade! The moment Lord Scarletplume came up, it’s overkill!”

“Lord Scarletplume had once used this move to defeat the rank 29th Meng Zhao!”

“So strong! Can’t find his traces at all! This punk is dead for sure!”

“This punk chose the wrong opponent! Provoking Lord Scarletplume is his biggest mistake!”

... ..

Dragon City Tribe’s powerhouses instantly exploded.

Compared to Da Yi, Scarletplume’s status in the clan was higher, and he had more worshipers.

The moment he made his move, the whole place started cheering.

Furthermore, everyone was clearly very familiar with this move. It was one of Scarletplume’s killing moves.

In an instant, Ye Yuan felt as if the surrounding space had turned into a sharp blade, chopping toward him.

The speed was swift until it made people unable to think.

Ye Yuan did not have time to think too much, bloodline power flooding out crazily, throwing a punch out on the spot.

Shattering Space!

*Boom!*

The place where Ye Yuan was standing at, space shattered!

At once, Spirit Spatial Blade seemingly had nowhere to exert strength, directly turning into nothingness.

However, Shattering Space this move bombarded the opponent. But Ye Yuan slammed it where he was standing.

The shattering of space already injured him.

*Boom!*

*Boom!*

*Boom!*

The two people were fighting in the void, and a series of bursting sounds transmitted out.

The weak ones could not grasp their traces at all.

These two people were dueling with spatial rule. Their strengths were both hair-raisingly strong.

It was just that the Dragon City Tribe's people were still very surprised by Ye Yuan's strength.

Originally, when fighting with Da Yi, Ye Yuan did not use his full strength at all.

Feng Qingxuan's beautiful eyes flickered, incomparably shocked in her heart.

She did not expect that Ye Yuan was actually so strong!

She thought that the reason why Ye Yuan was strong was just because he fused with bloodline.

With a single bloodline, Ye Yuan's strength was not very strong.

But she discovered that she was wrong!

This battle really exposed Ye Yuan's powerful strength.

This was because his opponent was too strong!

Ye Yuan's application of bloodline had virtually reached perfection.

She pondered about it. She was of the heaven qian grade bloodline, but she was unable to do better than Ye Yuan too.

"Lass, you shouldn't show up here!"

Feng Qingxuan was startled and discovered that the Dragon City Tribe's patriarch had arrived next to her at no idea when.

But very soon, she calmed down and said calmly, "This man makes me very curious!"

The patriarch smiled and said, "He's very strong. He shouldn't be a bloodline warrior! But he isn't Scarletplume's match!"

Feng Qingxuan snorted coldly and said, "His cultivation realm is just lower."

Clearly, she did not feel optimistic about Ye Yuan either.

People with outstanding visual prowess all saw through that Ye Yuan did not stand a chance at all.

The patriarch smiled and said, "That's because you don't know Scarletplume! In our Dragon City Tribe, the number one genius was originally Da Yi. Scarletplume was just an unassuming minor character. He was completely living under Da Yi's light. But ever since he stepped on the road of mountain challenging, his sharp edge couldn't be concealed anymore! Can you imagine, 200 years ago, he was just battle spirit grade bloodline?"

Feng Qingxuan's pupils constricted. This time, she was really shocked!

Roughly 200 years ago, just battle spirit grade bloodline!

And then 200 years later, earth kun grade bloodline?

How ... monstrous was this?

In the true spirit race, talent was innate.

Breaking the shackle of bloodline was harder than ascending to heaven.

She, Feng Qingxuan, was naturally heaven qian grade bloodline!

It was impossible for those battle spirit grade bloodline true spirits to reach earth kun grade for all their lives, let alone talk about heaven qian grade.

But this Scarletplume could actually reach this step in 200 years. It was truly inconceivable!

Chapter 2982: Scarletplume's Terrifying Ability!

"In over 200 years, several thousand major and minor battles, not a single defeat! He grew from a little fellow who was unknown to the public into a powerhouse that daunts people! Of course, the scariest thing about this kid isn't his battle result of flawless victories, but his terrifying learning ability! After each battle, his improvement would be very shocking."

"Don't look at how he's only 21st place. What his opponents ranked in front of him are most afraid of is his challenge! This kid is destined to stand at the summit! In the future, regardless of whether or not he can enter Heavenly Dragon Island, he's definitely able to step into the realm of Hegemon! Therefore, this man that you're interested in doesn't have any chance of winning!"

The patriarch had indescribable pride when talking about Scarletplume.

However, what he said was really very frightening.

Scarletplume's road to maturity was simply too dazzling.

He was not a genius in the traditional sense, but he was absolutely a terrifying existence.

Going against the wind all the way, achieving his present accomplishments, Scarletplume was simply a miracle.

Feng Qingxuan also had a look of shock on her face. She did not expect that who Ye Yuan challenged was actually such an opponent.

This ... was completely looking for abuse!

*Boom!*

As if affirming what Feng Qingxuan was thinking, Ye Yuan was slammed down by a punch from Scarletplume.

This scene was similar to the one just now.

Previously, Ye Yuan beat Da Yi until he did not have the slightest strength to fight back.

But now, Scarletplume was beating Ye Yuan until he did not have the strength to fight back.

From the beginning until now, Ye Yuan was basically in a situation of being passively beaten.

Scarletplume's devastation was all-around.

Dragon City Tribe completely boiled over with excitement!

"Lord Scarletplume is really cool to the max!"

"Impressive! Impressive! Impressive! Lord Scarletplume is really an invincible existence!"

"I admit that that punk is very formidable. But it also serves as a foil that Lord Scarletplume is even more formidable like this!"

"Several thousand matches and yet to taste defeat! Who does this punk think he is, to actually dare challenge Lord Scarletplume?"

... ..

Being swept away by Ye Yuan for two matches in a row, Dragon City Tribe's powerhouses felt a loss of face.

But, luckily, they had Lord Scarletplume!

With him around, victory was guaranteed!

"Ground Thorn!"

The mountain full of hubbub could not affect Scarletplume at all.

Only to see him point his fingertips, undulations appeared in space again.

Countless earth spikes suddenly grew out of the earth.

Ye Yuan's figure was currently falling. Once pierced, he would become a hedgehog.

"Shattering Space!"

Once again, Ye Yuan used this move.

He forcefully used the backlash force and forcibly made his body change directions in the air, avoiding the Ground Thorn.

However, in the next second, Scarletplume was already waiting for him!

"Shattering Space!"

It was only to hear Scarletplume yell out. He actually launched the exact same move as Ye Yuan!

The void shattered!

Tidal water-like energy undulations completely submerged Ye Yuan.

Ye Yuan was greatly astonished in his heart. Having no time to think too much, a Shattering Space rumbled out again.

*Boom!*

The void trembled, and Ye Yuan's figure flew out backward, but Scarletplume did not budge an inch.

Scarletplume looked at Ye Yuan and said calmly, "It turns out that spatial rule can still be applied like this. You really broadened my horizons! Thank you for letting me comprehend a deeper level spatial rule!"

Ye Yuan's body was covered with scars everywhere.

He did not gain the slightest advantage in this exchange of blows.

Or should one say he was completely being passively beaten?

He did not think that Scarletplume was actually so strong!

What was even more frightening was that the other party's learning ability was extremely strong.

In the midst of battle, he actually comprehended his Shattering Space move!

Shattering Space this move naturally originated from Mi Tian.

With regards to the understanding of spatial origin, he had no equal in every heaven and myriad worlds.

Mi Tian was just his original name.

His Hegemon title was actually Hegemon Space!

Across the heavens and myriad words, there were numerous powerhouses. It was also not that there were no Hegemons who comprehended spatial origin.

But only Mi Tian was crowned the title of Hegemon Space!

It could be seen how far he walked on this path.

Shattering Space this move was one of Ye Yuan's trump cards. It had immense power.

But he never expected that Scarletplume actually completely stole it in the midst of battle.

This kind of opponent, it was really his first time encountering in his life.

Ye Yuan had absolute confidence in himself.

He was not proud, but he had never underestimated his own abilities.

Ye Yuan knew that his talent and strength were absolutely not inferior to anyone else.

It was just that he did not expect to actually encounter such a powerhouse in the Dragon City Tribe.

Sure, he could find many excuses, such as his cultivation realm being inferior to his opponent, such as he had engaged in battle consecutively.

But Ye Yuan was not Da Yi. He would not make excuses for himself.

He admitted that in terms of absolute strength, he was inferior to Scarletplume!

Furthermore, Ye Yuan clearly felt that Scarletplume became stronger than at the start, in the midst of battle!

This guy was simply born to fight.

Especially when encountering an opponent like Ye Yuan, it unleashed his potential even more.

Scarletplume's battle was like playing chess.

You thought of three steps; he already thought of beyond ten steps.

Prediction, application of moves, it was all precise to the extreme.

It was Ye Yuan's first time feeling helpless!

"No need to thank me! I still have many moves; you can comprehend even more!" Ye Yuan said.

"Then I'll really have to witness it! I also didn't expect that you're really a superb opponent!" Scarletplume said.

Up until now, Scarletplume showed neither joy nor sorrow all along.

He did not pat himself on the back because he had the advantage and was also not overjoyed because he learned the method of utilizing space.

Everything was like it was someone else's business.

Got to admit, such an opponent was too troublesome.

"World Suppression!"

Ye Yuan threw a punch out. Space fluctuated.

Terrifying force grew stronger and stronger with each layer of space that arose.

A hint of surprise flashed across in Scarletplume's eyes.

It was as if a shark smelled the scent of blood.

Ye Yuan's moves had greatly broadened his horizons.

*"Oh!"*

From below came a series of exclamations.

Clearly, they also felt the terror of this move.

"Shattering Space!"

Scarletplume unleashed this move again.

*Boom!*

The terrifying energy undulation sent each of them flying.

But the look in Scarletplume's eyes became incomparably bright.

It was like Ye Yuan opened a new door for him.

“Impressive! Really too impressive! You really make my hot blood boil!” Scarletplume said excitedly.

“*Huhu*, saw it? This is Scarletplume! No matter how strong you are, unless you instantly kill him in one move, he’ll always grow stronger in the midst of battle! His opponents were usually much stronger than him. But nobody could beat him! He is naturally born to fight!”

“This kid called Ye Yuan, his comprehension in spatial rule is extremely deep. Shattering Space and World Suppression, the power of these two moves are also ridiculously strong. But Scarletplume will become stronger in this kind of fights! His opponents will always despair because of this!” The patriarch said with a smile.

Feng Qingxuan was silent.

Ye Yuan’s combat power was really strong until it made her extremely surprised.

No matter whether it was Shattering Space or World Suppression, they were both moves that were strong until they made people despair.

But to Scarletplume, they were moves that made his opponents despair!

Chapter 2983: First Form of Space, Wave Washing Sand!

“World Suppression!”

Scarletplume opened his gaping maws and actually unleashed Ye Yuan’s move.

Terrifying energy undulations came from the void.

Boom!

Ye Yuan spurted a mouthful of blood with a cough, his figure shooting out backward.

“Ye Yuan, you’re really a treasure vault! I didn’t expect that spatial rule could actually be applied like this! You are really too amazing!” Scarletplume said excitedly.

The comprehension of spatial rule and its application were seriously too difficult.

His harvest today was even more than what he reaped in his previous thousands of fights.

In his eyes, Ye Yuan was completely a treasure boy that could let him continuously excavate and continuously improve.

Ye Yuan wiped the fresh blood from the corners of his mouth, and he said with a grin, “It’s fine. There’s still a lot more. Slowly learn!”

“Successive Magnificence!”

“Illuminating Day!”

“Unparalleled!”

“Tian Dun!”

“Echo!”

“Jade Cicada!”

Ye Yuan shouted one after another loudly, and a series of terrifying undulations came from the void.

Each move was stronger than the last!

The Scarletplume who originally held the absolute advantage was actually suppressed by Ye Yuan.

These eight moves were all imparted by Mi Tian.

Being grouped together, it was named Spatial Eight Styles!

Of course, with Ye Yuan’s bit of cultivation realm, he could not unleash the full potential power of Spatial Eight Styles at all.

But one-shotting those in the same rank was a definite thing.

Spatial Eight Styles was painstakingly created by Mi Tian. It was where his lifelong insights into spatial origin lay.

These eight styles that Ye Yuan used were, at the very best, simplified versions.

But the power was already sufficiently strong.

The moment Ye Yuan erupted, the Dragon City Tribe was shocked.

They all thought that Ye Yuan was already an arrow at the end of its flight. Who could have thought that he actually still had so many contingency moves?

“This kid is also too strong!”

“Just based on these eight moves, his comprehension in spatial rule is more than a level stronger than Lord Scarletplume!”

“To be able to suppress Lord Scarletplume with middle Emperor Cloud Heaven cultivation, this kid is remarkable enough too. It’s just a shame that ... *heh heh.*”

“It’s just a pity that his moves will become Lord Scarletplume’s moves very soon!”

... ..

Although they were surprised by Ye Yuan’s suppression, they were not worried.

They were perfectly clear about Scarletplume’s might.

Improving in the midst of battle, learning in fights, without end!

The stronger the opponent, the more miserably they would often lose!

No matter how strong Ye Yuan was, his cultivation realm was too low after all.

When Scarletplume became even more powerful, he would naturally reverse-suppress Ye Yuan.

Scarletplume, who had always been calm to the extreme, actually became agitated too.

In the battle, he laughed loudly and said, "Impressive! Truly impressive! My comprehension of spatial rule is seriously too shallow! Thank you, Ye Yuan, for opening up a whole world for me!"

Scarletplume, who was being suppressed, did not feel any frustration at all. He became more and more excited instead.

Ye Yuan was unmoved and did not fear the other party secretly learning either. One move after another, they fought until the sky was rent asunder and the earth split open.

Below, the patriarch was also rather excited as he said, "This youngster really exceeded this old man's expectations. His comprehension of spatial rule is extremely deep. He can definitely pry into origin realm in the future! What a fortune, to have him come to our Dragon City Tribe, and let Scarletplume have such a fine opponent!"

While Feng Qingxuan was secretly anxious as she cursed, "This boy is really dumb! Doesn't he know that this will make his opponent get stronger and stronger? Exposing all of his trump cards, but can't defeat his opponent, really stupid to the max!"

At this point, Feng Qingxuan did not think that Ye Yuan would win at all.

The opponent was too terrifying!

And the patriarch's excitement was also that Ye Yuan, this opponent, could let Scarletplume grow greatly, being not surprised at how formidable he was.

No matter how formidable, he was also just a stepping stone of Scarletplume.

The stronger the opponent, the more limitless Scarletplume's future accomplishments.

Regarding this point, the old patriarch was all too clear.

*Boom!*

*Boom!*

*Boom!*

The fight became more and more intense, but Scarletplume's growth was visible to the naked eye.

Everyone saw that he was currently digesting Ye Yuan's spatial rule rapidly.

However, this process was much slower than they imagined.

Spatial Eight Styles was too difficult and complicated!

"Successive Magnificence!"

"Illuminating Day!"

"Unparalleled!"

"Tian Dun!"

... ..

“Ye Yuan, you’re no longer my match anymore! After I completely digest these eight styles, it will be enough to rank in the top five of the Mountain Challenger List’s rankings!” Scarletplume said excitedly.

His understanding of Spatial Eight Styles was still only on the surface.

The reason why it was powerful was because of the support of his cultivation realm and spatial rule.

With his horizons, no matter what moves he executed, the power would not be weak.

If all the techniques of the Spatial Eight Styles were so easy to learn, it would have been impossible to become Mi Tian’s trump card too.

But he could slowly digest these spatial rule comprehensions, turning it into his own eventually.

This was also the reason why his improvement was so great.

Ye Yuan still ignored Scarletplume and just made one move after another.

“Jade Cicada!”

*Boom!*

Ye Yuan was directly slammed flying out, getting injured again!

Scarletplume looked at Ye Yuan and said with a loud laugh, “Alright. All your spatial rule comprehensions, I’ve already learned them! This battle ends here! You didn’t kill An Shan and didn’t kill Da Yi. I’ll spare your life too. Concede defeat!”

Ye Yuan stood up with some difficulty. Looking at Scarletplume, he suddenly smiled.

That smile made Scarletplume feel somewhat uncomfortable.

Ye Yuan’s face did not have any depression from failure.

“Scarletplume, you really surprised me a lot! You are a very powerful opponent! But you’re not the only one who improves in battle! HAH!”

Ye Yuan roared, and the dragon race pressure on his body suddenly erupted.

Earth kun grade bloodline crushed many people until they could not breathe.

But his aura did not stop here.

**Boom!**

The bloodline pressure did not stagnate in the least bit, directly breaking through earth kun grade, reaching heaven qian grade!

Heaven qian grade bloodline!

At this moment, everyone was shocked.

“This guy actually broke through to heaven qian grade bloodline in the middle of a fight?”

“It’s too fake, right? When did bloodline become so easy to upgrade?”

“Earth kun grade to heaven qian grade, this is hell-difficulty, how did he do it?”

... ..

To the true spirit race, the hardest to advance was not cultivation realm, but it was bloodline!

The higher up, the more difficult!

Especially reaching earth kun grade, even a tiny improvement was as hard as ascending to heaven.

As for earth kun grade to heaven qian grade this threshold, virtually no one could cross it.

The dragon race’s heaven qian grade bloodlines were mostly innate.

Those who promoted post-natal were extremely, extremely few.

But now, Ye Yuan broke through in front of everyone!

As dragon race descendants, how could they not be shocked?

Scarletplume had a look of surprise too. However, he still shook his head and said, “Heaven qian grade bloodline? I admit it. You are indeed very strong! But, thanks to you, my current strength has already improved significantly. Heaven qian grade bloodline isn’t enough yet!”

Ye Yuan grinned and said, “Is that so? Then, you try receiving a move from me!”

Scarletplume could not help laughing and said, “You should be clear that these eight moves are no longer useful against me! Even if you broke through to heaven qian grade bloodline, it’s the same too.”

Ye Yuan did not speak, a hint of a dangerous smile flashing across the corners of his mouth.

In a blink of an eye, the overwhelming aura on his body suddenly changed.

“I just created this move! Try receiving it! The first form of space, Wave Washing Sand!”

Chapter 2984: His Growth Was Greater!

Scarletplume’s pupils constricted, immediately feeling the change in Ye Yuan’s body.

But he did not care.

Because from the beginning until now, he had never used his own trump card ultimate move!

“*Hur hur*, since that’s the case, then I’ll let you witness my trump card too! Watch closely, Dragon God Bow!”

Behind Scarletplume, a pair of red wings was actually born, his bloodline power instantly rising to the extreme!

This move was his ultimate trump card.

Fighting with Ye Yuan until now, he never used it either.

The moment this move came out, it caused an uproar again.

“It’s Dragon God Bow! Lord Scarletplume is finally using this move!”

“No, wait, this isn’t Dragon God Bow! The power of this move is much stronger than Dragon God Bow!”

“What the hell do you know! Lord Scarletplume comprehended a lot of that boy. He fused his comprehension into Dragon God Bow!”

“So that’s how it is! Lord Scarletplume is really too awesome!”

... ..

This move was clearly extremely popular in the Dragon City Tribe.

As soon as Scarletplume used it, the whole place seethed with excitement.

As if Ye Yuan’s defeat was already a foregone conclusion.

It was only to see Scarletplume bend his body and bow in Ye Yuan’s direction.

*Boom!*

The sky exploded!

A raging to the extreme, but immaterial energy, collapsed toward Ye Yuan through space.

A perfect combination of bloodline and space!

Furthermore, Scarletplume was really a genius. He directly integrated the spatial rule utilization that he learned from Ye Yuan, turning it into his strongest ultimate technique!

The power of this move was explosive!

At the same time, Ye Yuan moved too!

However, compared to Scarletplume’s huge commotion, it seemed a little quiet on his side.

There was naturally a series of contemptuous voices in the Dragon City Tribe.

This was your so-called ultimate move?

It was also too weak, right!

*Boom!*

Space shattered, and energy exploded!

The shattered space seemingly turned into a giant rolling wave, rushing toward Scarletplume, just like the name Wave Washing Sand!

Space was shattered into grains, drawing a wave above the void. It was too beautiful.

The two ultimate techniques that two great geniuses created themselves collided together without the slightest flashiness.

*Boom!*

The earth trembled heavily, and mountains swayed.

Those who were slightly weaker could not stand firm at all.

In the next second, everyone was greatly shocked!

It was only to see that above the void, Scarletplume suddenly spurted a mouthful of blood from his mouth wildly, his enormous body unable to stand anymore, falling from the void.

*Boom!*

The ground directly had a large hole smashed out.

“D-Defeated?”

“This is impossible! How can Lord Scarletplume be defeated?”

“Lord Scarletplume, hurry up, quickly fight back!”

“It’s merely losing one move. It’s no big deal!”

“Lord Scarletplume, hurry up and come out to take care of this punk!”

... ..

Dragon City Tribe, everyone was cheering Scarletplume on.

But, inside the large hole, Scarletplume did not respond for a long time.

Everyone’s hearts thumped, having a bad feeling.

Ye Yuan slowly landed and also took a long time before catching his breath.

This fight was really difficult.

However, thanks to Scarletplume, he unleashed all of his potential. Not only broke through his bloodline bottleneck, but he also even created an ultimate spatial technique that belonged to him.

Concerning Mi Tian’s Spatial Eight Styles, all the moves were extremely powerful. But those were part of Mi Tian’s inheritance after all.

What belonged to oneself was the strongest.

Under Scarletplume’s pressure, Ye Yuan finally achieved mastery of the eight styles through a comprehensive study of the subject, comprehending the strongest move, Wave Washing Sand!

It was just that when Ye Yuan made his move, he condensed his strength without dissipating. That was why it seemed weak.

But what Scarletplume, who had a showdown with him, received was a heaven-shocking blow!

Under this blow, he absolutely did not have the strength to fight back anymore.

Scarletplume was extremely talented. His comprehension ability was extremely strong.

But, comparing comprehension ability, he, Ye Yuan, examined his own conscience and felt that he did not lose to anyone!

Walking all the way until today, what he relied on was not a powerful bloodline, heaven-defying inheritance, but his comprehension ability that was powerful until it made people despair!

Alchemy Dao, Formation Dao, spatial rule, the power of origin, without heaven-defying comprehension ability, how could Ye Yuan possibly go step by step from the mortal world to the peak of myriad worlds, even talking with Hegemons?

Scarletplume grew in battles. How was he, Ye Yuan, not the same?

"I ... I lost!" From the large pit came Scarletplume's feeble and reluctant voice.

Since his mountain challenging started, he had yet to taste defeat!

Scarletplume's character was extremely strong, but such a failure still made him reluctant.

Dragon City Tribe instantly exploded!

The old patriarch's face had a disbelieving look of shock.

Feng Qingxuan also had a look of shock on her face. Clearly, she did not quite dare to believe this conclusion.

But Scarletplume already lost. Could it still be fake?

Feng Qingxuan came back to her senses and said with a light smile, "The genius that you all take pride in seems to have lost? Old patriarch, in comparison, it seems like the man that I'm curious about is even more extraordinary."

The old patriarch looked at her and muttered, "But how is this possible? Scarletplume has clearly already grown tremendously during the fight!"

Feng Qingxuan smiled and said, "That's because Ye Yuan grew more during the fight! Scarletplume is very strong. He's even stronger than some heaven qian grade bloodline. But it's also precisely because of this that it thoroughly stimulated Ye Yuan's potential!"

"This ... This ..."

The old patriarch still did not dare to believe it, but at his age, he knew that what Feng Qingxuan said was right.

Breaking through bloodline in the midst of battle, comprehending an incredibly powerful move.

What was more monstrous than this?

He originally thought that Ye Yuan was Scarletplume's stepping stone.

But only now did he know that Scarletplume's existence was only to serve as a foil to Ye Yuan's monstrosity!

More growth meant that his talent was greater!

“This ... How is this possible? Lord Scarletplume actually admitted defeat?”

“Lord Scarletplume has fought thousands of battles without a single defeat! Today, it’s actually ended?”

“I don’t believe it! I don’t believe it! Lord Scarletplume won’t lose!”

... ..

Clearly, Scarletplume had an extremely strong fan base in the Dragon City Tribe.

Even if Scarletplume admitted it himself, they were also not willing to believe that the god of war that they worshipped had actually been defeated.

In their hearts, Scarletplume was invincible!

Invincible, how could he be defeated?

In the large pit, Scarletplume could no longer move.

Ye Yuan appeared next to the pit and looked down at him from a height.

“T-Thank you for sparing my life!” Scarletplume said.

Ye Yuan looked at Scarletplume and said calmly, “You’re very strong. It’s a shame if you die. Keeping you around is useful; you still have important things to do. The Spatial Eight Styles, just take it as a present for you.”

The Chaos Bloodstone was about to come into being. All the heavens would fall into chaos.

With a genius like Scarletplume, it was naturally the more the merrier.

This Scarletplume was a battle fanatic. He did not harbor evil intentions. Therefore, Ye Yuan pulled his punches at the final juncture. That was how Scarletplume was spared.

Otherwise, under Wave Washing Sand, Scarletplume would already be a dead man.

As for Spatial Eight Styles, Ye Yuan did not mind it being learned by Scarletplume.

This set of styles, even if it was given to some people to learn, they would not be able to learn it too.

There were too few who could comprehend spatial rule.

“T-Thank you!” Scarletplume said.

Being defeated by Ye Yuan, he felt very frustrated, but he would not resign himself to his fate.

He was a powerful expert and not some silkpants. Otherwise, he could not have walked until this step today as well.

This kind of defeat would only make him become stronger.

But at this time, he felt a feeling of appreciation toward Ye Yuan.

## Chapter 2985: Divine Dragon Envoy's Invitation!

"Have you heard? There's a new guy that appeared recently who's mountain challenging everywhere. He has already taken on the top 100 powerhouses on the Mountain Challenger List!"

"I heard it too. This guy is fierce! Dragon City Tribe's Scarletplume made his world debut over 200 years and never had a single defeat. In the end, he was taken down by him. Too freaking impressive!"

"His first stop was the Dragon City Tribe, taking on three cities in a row! After defeating Scarletplume, he went to challenge quite a few in the top ten, and he won all of them in the end! Where did this guy pop out from?"

"This guy is a freak. He's clearly a human, but his bloodline already reached heaven qian grade, too terrifying!"

"I heard that his next target is our Dragon Abyss Tribe!"

"*Heh*, no matter how formidable he is, he's not Long Yi's match too! For so many years, how many people wanted to challenge his position? They all ended up losing! Lord Long Yi's strength is simply unbeatable in Emperor Cloud Heaven!"

"That's for sure! Just based on this punk, he dares to challenge Lord Long Yi's position too, simply a fool's talk!"

... ..

Two years had already passed since challenging Scarletplume.

In these two years, Ye Yuan mountain challenged everywhere, virtually picking on East Billow Region's powerful tribes without tasting a single defeat!

Ye Yuan's reputation had already spread throughout the East Billow Region.

He was different from others, so it caused a great sensation.

When others made a challenge, the majority started challenging the weak ones, slowly going toward stronger opponents.

But Ye Yuan challenged Dragon City Tribe the moment he came up.

Following that, he consecutively challenged another ten powerful tribes.

Of the powerful ones, there were even the top five on the Mountain Challenger List!

This kind of battle achievement, it would not do even if you did not want it to cause a stir.

Of course, this was also the effect that Ye Yuan wanted to achieve.

Ranking at the top of the Mountain Challenger List within the shortest time!

The surrounding people's conversation landed in the ears of a male and female, two youngsters.

"Right now, people in the entire East Billow Region are all singing praises of your deeds. Shouldn't you be a little proud? You're really hypocritical," Feng Qingxuan said.

Ye Yuan was very annoyed, ignoring her.

This woman followed him for two years just like that. He could not even shake her off.

His movements were too big. He had no way of shaking her off at all.

Later on, this woman even broke through to Emperor Vast Heaven. Ye Yuan was even more unable to shake her off.

“I heard that this Long Yi is heaven qian grade bloodline, his combat strength closing in on Emperor Vast Heaven! Do you think that you’re his match?”

“This season’s Mountain Challenger List is going to be out in these two days, right? With your battle achievements, it’s enough to rank in the top five!”

... ..

From start to end, it was all Feng Qingxuan alone talking.

Dragon Abyss Tribe was very large. The members were also very strong. The two of them had already arrived at the outer periphery of the tribe.

Recently, the Dragon Abyss Tribe gathered a large batch of powerhouses. These people all wanted to watch Ye Yuan and Long Yi’s fight.

Therefore, dragons and snakes were mingling together in the outer periphery of the Dragon Abyss Tribe.

Ye Yuan’s appearance naturally did not get too many people’s attention.

The objective of coming here was naturally to challenge the Dragon Abyss Tribe’s powerhouses.

Mountain Challenger List’s first place Long Yi and second place Wu Fa were both in the Dragon Abyss Tribe!

As for the third place, he had already been beaten down by Ye Yuan!

Actually, this was not anything surprising.

Two years ago, Scarletplume comprehended the Spatial Eight Styles. His strength was already sufficient to enter the top three.

Ye Yuan directly defeated him. Ye Yuan naturally had the strength to enter the top three.

Suddenly, there was a commotion in the crowd. Someone shouted at the top of his voice, “The new season’s Mountain Challenger List is out! The new season’s Mountain Challenger List is out!”

With this, everyone was boiling over with excitement.

Even Ye Yuan was also greatly stirred. He did not expect that the Mountain Challenger List actually came out at this critical juncture.

The publication of the Mountain Challenger List did not have too many rules.

As for who published it, nobody knew either.

But the majority speculated that the Mountain Challenger List was published by the Divine Dragon Envoy.

It was just that this version remained to be confirmed.

The Divine Dragon Envoy was very mysterious. There were not many who had seen his true face before.

*Whoosh!*

Suddenly, a series of exclamations erupted in the crowd.

“How is this possible? Did the Mountain Challenger List make a mistake?”

“Ye Yuan and Long Yi hadn’t even fought before. What right does he have to rank first place?”

“Unfair! This isn’t fair! We strongly request Ye Yuan and Long Yi to fight!”

... ..

The crowd instantly exploded.

This was the Dragon Abyss Tribe’s territory. The vast majority of the people were all Long Yi’s worshipers.

Currently, the person that they worshiped was actually judged to have lost before even fighting. It made them extremely displeased.

Some people were already questioning the authority of the Mountain Challenger List.

Ye Yuan and Feng Qingxuan exchanged glances, both seeing the shock in the other party’s eyes.

He became first on the Mountain Challenger List?

Ye Yuan spent some heavenly crystals and got a copy of the Mountain Challenger List too.

The moment he looked, sure enough, his own name was ranked in the first place!

Meanwhile, Long Yi’s name was ranked second place.

Of course, this was just the position of the name being listed out. There was not even a sequence number in front of their names.

Only all the way until the 11th name was there a sequence number.

First place, Dragon Abyss Tribe, Long Lei!

Ye Yuan knew this person. He was originally number nine on the Mountain Challenger List.

Now, he was actually squeezed to the 11th position!

Ye Yuan knew that the people without a ranking on the Mountain Challenger List were people who were taken fancy upon by the Divine Dragon Envoy and preparing to be brought into the Heavenly Dragon Island!

This was also to say that his hard work of more than two years finally brought him the result that he desired.

"I didn't expect that the Mountain Challenger List actually directly ranked me as first place," Ye Yuan also said in surprise.

"It's not surprising. The Mountain Challenger List is a comprehensive ranking. It doesn't completely look at battle results. You're ranked first. It naturally shows that your strength and potential are stronger than everyone," Feng Qingxuan said.

"So that's how it is!"

Ye Yuan thought about it and felt that it made sense too. On this Mountain Challenger List, among the top 30, only he was middle Emperor Cloud Heaven.

Furthermore, he had already broken through to heaven qian grade bloodline. Coupled with spatial rule, his strength was formidable.

Ranking in the first place was also not incomprehensible.

He was very confident that as long as he broke through another minor realm and reached upper Emperor Cloud Heaven, sweeping through this list would not be anything strange too.

All around were indignant people. Ye Yuan could not be bothered to care about them and quietly left.

Suddenly, an old man blocked his path.

Ye Yuan's expression turned somber. This was a bloodline warrior, but his strength was extremely strong!

"You're Ye Yuan?" The old man asked, looking like he was talking down.

Ye Yuan nodded his head and said, "It's precisely me. May I ask who Senior is?"

The old man said lightly, "I'm Lord Divine Dragon Envoy's servant. I'm here to give you the Divine Dragon Token!"

As he said, the old man threw Ye Yuan a token and said, "Half a month later, take the Divine Dragon Token and go to the East Sea's shore! There will be a flying boat there. The few of you will board the boat by relying on the Divine Dragon Token. At that time, there will naturally be someone to guide you all to enter Heavenly Dragon Island."

Ye Yuan received the token and said with a bow, "Many thanks, Senior!"

The old man nodded slightly, seemingly still considered satisfied with Ye Yuan's attitude.

However, he said to Feng Qingxuan, "If Miss Qingxuan is interested, you can come along with him. Heavenly Dragon Island welcomes the young patriarch of the Fire Phoenix Clan."

Feng Qingxuan was overjoyed when she heard that and said, "Thank you very much, Senior! Feng Qingxuan will definitely go."

The old man nodded his head and turned around. He then left.

Once the old man left, Feng Qingxuan said excitedly, "Brat, even the Heavenly Dragon Island welcomes me. You can't shake me off! *Hehe!*"

However, Ye Yuan's brows furrowed together, and he said in a solemn voice, "Don't you feel that something is not quite right?"

Chapter 2986: Rectification of Name!

Half a month later, at the East Sea's shore.

When Ye Yuan hurried over, the others had already arrived.

When Scarletplume saw Ye Yuan, he said rather warmly, "Brother Ye, you're finally here!"

Ye Yuan smiled and said, "Congratulations, Brother Scarletplume. You are ranked third on the Mountain Challenger List."

Scarletplume smiled and said, "That's all in the past! Once we enter Heavenly Dragon Island, everything will have to start over from the top."

Clearly, Scarletplume had a great mentality.

It was also precisely this kind of powerful mentality that let him rise rapidly.

Ye Yuan swept with his peripherals and discovered that the surrounding environment was somewhat disorderly.

Furthermore, Scarletplume's aura was somewhat chaotic. His body had some injuries too. He immediately understood something.

Scarletplume noticed Ye Yuan's gaze and said with a smile, "Wu Fa refused to accept that I'm ranked third, so he challenged me."

Not far away, a young man's face had a somewhat awkward expression.

No need to say anything; Scarletplume won.

Ye Yuan smiled and said, "Impressive, Brother Scarletplume!"

Scarletplume smiled bitterly and said, "But I challenged Long Yi and lost! This guy is too strong, be careful."

Ye Yuan was taken aback, immediately understanding something.

At this time, Long Yi was currently looking at him with a provoking gaze. His goal was self-explanatory.

"Ye Yuan! If you're a man, accept my challenge! You got conferred without fighting. I, Long Yi, refuse to accept it as final!" Long Yi said in a solemn voice.

Ye Yuan could not help laughing and said, "Is this number one that important?"

Long Yi said, "Of course, it's important! No matter where I, Long Yi, am, I'll only be number one!"

Ye Yuan shrugged and said coolly, "Sorry, I'm not interested."

These guys, each and every one still did not know what was going to happen. They were actually still in the mood to seek to prevail over others here.

So what if you got first place?

Did you really think that you all could enter Heavenly Dragon Island?

It was just that Ye Yuan did not say these words out.

However, apart from Scarletplume, the others clearly did not have the intention of letting him go.

“Ye Yuan, it turns out that you’re merely someone who bullies the weak and fears the strong! Coward!”

“You challenged us, but now that you ran into the strongest Long Yi, you’re scared? If I were you, I wouldn’t have the face to enter Heavenly Dragon Island at all!”

“Don’t even have the courage to rectify your name. What qualifications do you have to enter Heavenly Dragon Island?”

“Heavenly Dragon Island only accepts the strong. A good-for-nothing like you isn’t fit to enter at all!”

... ..

These people were all Ye Yuan’s defeated foes.

They were brimming with vigor and vitality and did not have Scarletplume’s mentality.

Seeing that Ye Yuan did not answer the challenge, they instinctively thought that Ye Yuan was scared.

Furthermore, Long Yi’s might was indeed entrenched in people’s hearts.

Being able to defeat the current Scarletplume, there was already no need for explanations.

The current Scarletplume, his strength was significantly greater than when he fought with Ye Yuan back then!

“*Humph!* Whether to compete or not isn’t up to you!” Long Yi snorted coldly, and the aura of his body suddenly erupted, pouncing over toward Ye Yuan.

This place was no longer whatever mountain challenging.

A word of disagreement and weapons were drawn.

*Boom!*

*Boom!*

*Boom!*

In an instant, the two people clashed together, being locked in a struggle.

On the surface of the sea, huge waves were set off from the fighting, space shattering.

These two people’s strengths were both formidable to the extreme.

Among Emperor Cloud Heavens, no one was stronger than the two of them.

“So strong! It turns out that this guy is so strong!”

“How is that possible? He actually fought to a draw with Long Yi!”

“Turns out that when he was fighting with us, he didn’t use his full strength at all!”

... ..

Seeing this scene, everyone was extremely shocked.

Ye Yuan’s strength greatly exceeded their imagination.

In reality, in the mountain challenging battles, Ye Yuan only fought very arduously when fighting with Scarletplume.

In that battle, he himself also benefited a great deal.

The opponents ever since then, could not make him muster up interest at all.

It resulted in these people having a misconception that Ye Yuan was not very strong and was not worthy of being number one at all.

But now, the strength that Ye Yuan displayed made them feel ashamed of their unworthiness.

It was completely not on the same level.

In the crowd, Scarletplume was also very shocked and muttered, “Not seeing for two years, Ye Yuan is already powerful to this extent? I thought that my improvement was fast enough. I didn’t expect that he actually already shook me off far behind!”

Without comparison, there would not be any harm.

What Scarletplume took pride in was his comprehension ability.

Comprehending in battles, becoming stronger in fights!

His fight with Ye Yuan might have been by chance.

But, two years later, Ye Yuan’s improvement far exceeded his imagination.

He finally understood that there was not the slightest fluke in Ye Yuan’s winning him!

“Ye Yuan has already comprehended the second form of his ultimate spatial technique! It just depends on whether or not Long Yi can force him to this step. But, looking at it now, it seems like he can’t!” By the side, Feng Qingxuan said faintly.

Scarletplume’s entire body trembled, full of disbelief.

Back then, he lost to the first form, Wave Washing Sand.

It had just been two years, and Ye Yuan had already comprehended the second form?

Ye Yuan displaying Spatial Eight Styles opened another door for Scarletplume.

Two years had passed, and he was still digesting the application of Spatial Eight Styles.

Spatial Eight Styles was too vast and complicated.

But, Ye Yuan actually already walked even further on his own path?

This ... was really a merciless crushing!

“Spatial first form, Wave Washing Sand!” Above the void, Ye Yuan bellowed.

Long Yi was slammed into the sea like a cannonball.

This battle ended!

The remaining eight people were all rendered speechless.

At this point, Ye Yuan, this number one, could be considered to be duly deserved.

“Coward? Good-for-nothing? No qualification to enter Heavenly Dragon Island? *Huhu*, if even Ye Yuan doesn’t have the qualifications, then what do you all count as? A bunch of trash, you’re not Ye Yuan’s match, and you still hope for others to defeat him? Is this the dragon race’s geniuses? What a joke!” Feng Qingxuan ridiculed without holding back in the slightest.

The group of geniuses wished to find a hole in the ground to burrow into.

Being looked down upon by people was not scary, but being despised by a woman was frightening.

Of course, being despised by a beautiful woman was even scarier.

At this time, a streak of light approached from afar, resolving everyone’s awkwardness.

The flying boat came.

Someone came down from the flying boat. It was precisely the old man who gave the token.

“All come on up. Remember to show your token; otherwise, you’ll be obliterated!” The old man said lightly.

The party boarded the flying boat, seemingly already forgotten about the conflict previously, appearing somewhat excited.

Heavenly Dragon Island was the place that all of East Billow Region’s dragon race descendants yearned for.

They challenged mountains everywhere in order to enter Heavenly Dragon Island.

How many lifeforms did the East Billow Region have? But there were only merely ten of them who were able to enter Heavenly Dragon Island!

This was glory!

“Senior, after entering Heavenly Dragon Island, do we need to take note of anything?” Someone asked flusteredly.

The old man said coolly, "After getting on the island, there will naturally be someone who'll inform you guys!"

"Senior ..."

Everyone was trying to get a word in, attempting to inquire about the situation on the island.

After all, it was a new place. They knew absolutely nothing.

However, the old man had a nonchalant appearance, answering very perfunctorily.

Ye Yuan was very calm. It was as if he was an outsider and had nothing to do with this.

Several days later, a large island appeared before everyone's eyes.

"Senior, I heard that Heavenly Dragon Island has chaos heavenly dragons taking in and spitting out heaven and earth spiritual energy. There's immortal mist lingering on the island all year round. Is this place Heavenly Dragon Island?" Ye Yuan suddenly asked.

Chapter 2987: Prisoners!

The moment everyone heard, they thought the same too.

This place was too different from the place that they yearned for.

The old man gave Ye Yuan a glance, standing with his hands behind his back as he said indifferently, "What the world knows has mostly been rumors snowballing. You believe it too!"

Ye Yuan continued, "I heard that Heavenly Dragon Island formed its independent space. This place doesn't seem to be so."

The old man frowned and said unhappily, "Kid, do you think that by getting on the Mountain Challenger List, you're very impressive? After getting to Heavenly Dragon Island, all be more obedient!"

Ye Yuan smiled and said, "I even heard that Heavenly Dragon Island has a lot of true dragons. True dragons can be seen swimming everywhere in the sky. But, there's nothing to see here."

The old man was shocked in his heart. Could it be that this kid had been to the Heavenly Dragon Island before?

What Ye Yuan described was exactly the same as Heavenly Dragon Island.

However, he would not show it on his face and said in a solemn voice, "Boy, are you questioning the Divine Dragon Envoy's servant? The Divine Dragon Token that was given to you all wouldn't be fake, right?"

Originally, hearing Ye Yuan's words, everyone's hearts were somewhat nervous.

But this sentence calmed them down.

Ye Yuan smiled and stopped talking.

The old man let out a slight sigh of relief, thinking to himself that this kid was really too astute. He almost spilled the beans.

He was only Emperor Vast Heaven Realm. If these few little fellows revolted, the matter that Master entrusted would probably be screwed up.

When the flying boat landed on the island, the old man's heart finally settled down.

More than ten people came over to welcome them. They were all Emperor Vast Heaven Realm mighty experts.

The person at the front was even a Great Emperor at Emperor Sakra Heaven Realm!

"These are all this batch's Mountain Challenger List's geniuses?" The Great Emperor's eyes swept across everyone's faces.

The old man gave a bow and said, "Yes, Master! The top ten on the Mountain Challenger List are all here."

Ye Yuan was startled in his heart. This Great Emperor was the Divine Dragon Envoy!

What Ye Yuan was surprised by was that this Divine Dragon Envoy actually did not have the aura of the blood race on his body!

Why did he see through that old man at a glance? It was because he had the blood race's aura on his body!

Ye Yuan's origin of chaos blood was very sensitive to the aura of the blood race.

This old man was not a blood slave, but the blood in his body had been remoulded before.

At that time, Ye Yuan had already detected that something was wrong.

Actually, after arriving at Voidshrine Illuminating Heaven, Ye Yuan had always been very curious.

The 33 Heavens' other planes were all suffering the torment of the blood race. But, this place seemed to be calm and tranquil.

All the way until Ye Yuan encountered the Divine Dragon Envoy's servant.

He finally confirmed that the blood race still extended their fiendish claws toward Voidshrine Illuminating Heaven.

It was just that they did not invade with great fanfare. Instead, they made arrangements in secret.

"Who's Ye Yuan?" Divine Dragon Envoy suddenly asked.

The old servant pointed at Ye Yuan and said, "It's him!"

The Divine Dragon Envoy sized Ye Yuan up and down. Suddenly, he flicked his sleeves grandly. It was only to see a gust of hurricane howl past, closing in on Ye Yuan.

Ye Yuan's 'face turned pale with fright,' his bloodline pressure erupting wildly, directly bringing forth his strongest attack.

Second form of space, Dragon's Roar!

However, this hurricane was like a metal plate. It was as if he collided right onto the metal plate.

*Bang!*

Ye Yuan was directly bounced flying.

Ye Yuan was greatly enraged and rushed in front of the Divine Dragon Envoy, roaring angrily, "Lord Divine Dragon Envoy, what's the meaning of this?"

The Divine Dragon Envoy laughed loudly and said, "*Hahaha*, what pure bloodline! I really didn't expect that your human race's fleshly body actually has such a pure dragon race bloodline. Indeed well-deserving of being number one on the Mountain Challenger List! Yang Yi, the quality of this batch of kids is pretty good. There will be rewards!"

The old man smiled broadly and said, "It's all Master who was skillful in guidance. Yang Yi doesn't dare to claim credit."

The Divine Dragon Envoy's gaze looked toward Feng Qingxuan and said with a smile, "Didn't expect that this time, even the Fire Phoenix Clan's dethroned young patriarch is brought here too. Not bad! Really not bad!"

With this, everyone's expressions changed.

They suddenly realized that the situation was not quite right.

The eyes that this Divine Dragon Envoy looked at him with did not seem to be appreciating whatever young geniuses. It looked like he was looking at a prey instead.

Previously, when Ye Yuan questioned the old servant, they still did not take it seriously. Now, they discovered that this 'Heavenly Dragon Island' really had something very wrong with it!

"Lord Divine Dragon Envoy, what's the meaning of this?" Long Yi questioned.

Divine Dragon Envoy smiled and said, "There's no meaning. It's just that seeing each and every one of you have powerful bloodlines, this seat is very gratified!"

Long Yi's expression changed, and he said in a solemn voice, "You're not the Divine Dragon Envoy! What objective did you hoodwink us here for?"

Divine Dragon Envoy smiled lightly and said, "This seat being the Divine Dragon Envoy is without a doubt! Otherwise, do you think that the Divine Dragon Tokens fell down from the sky? Only the Heavenly Dragon Island can make this thing. It's not what anyone can imitate! Alright, don't think too much. Because very soon, you all won't need to think anymore. After getting on the island, you all will understand."

Long Yi's expression changed drastically, his figure immediately flashing, about to escape.

Divine Dragon Envoy seemed to have long gotten used to this scene, lightly smacking a palm out.

*Bang!*

Long Yi's back was hit by the palm, vomiting out blood with a cough, and he no longer had the strength to run away.

Everyone who was originally still thinking of escaping immediately ceased all actions.

This Divine Dragon Envoy was an origin realm mighty expert. They could not escape at all.

*"Huhu, be more obedient. Arriving here, you can forget about leaving. Remember, you all are making a contribution to the dragon race. You should feel honored!"* Divine Dragon Envoy said with a faint smile.

At the same time, he gave a look to the people around him. There was immediately someone who stepped out of the ranks, chaining Long Yi up.

While the others swarmed out, chaining handcuffs and shackles on the rest.

These handcuffs and leg shackles were specially made. After they wore them, they only felt that their bloodline power was completely locked, unable to unleash at all.

Hence, the 11 geniuses became prisoners.

Feng Qingxuan was shocked in her heart. Everything was as Ye Yuan expected!

Previously, she did not believe it at all, thinking that Ye Yuan was kicking up a big fuss over nothing.

It was because the Divine Dragon Token was not fake.

But now, everything was practically the same as Ye Yuan said.

Feng Qingxuan had a hundred thousand whys in her heart!

The Divine Dragon Envoy was clearly real. But why would he lay his hands on his clansmen?

This fake Heavenly Dragon Island was right under the eyelids of the Heavenly Dragon Island. There was actually nobody who cared?

What were they capturing a few geniuses for?

So on and so forth!

Feng Qingxuan could not figure it out. Everything could not be explained.

But very clearly, everything was as Ye Yuan predicted.

The Divine Dragon Envoy detained the group of geniuses and entered a water dungeon.

In the water dungeon, Long Yi and the rest were shocked to the extreme.

It was because they saw many familiar faces!

*"Isn't that Lord Long Qingyi? He was the number one on the last season's Mountain Challenger List. Why would he be here?"*

*"Also him! East Billow Region's legend, Lord Tie Qin! He swept across East Billow Region back then and was the idol of all the mountain challengers! He's actually being trapped here too!"*

“That’s Lord Dong Yu. He was our Dragon Soar Tribe’s number one genius! I didn’t expect that he actually landed here too! J-Just what on earth is this place?”

... ..

Seeing one familiar figure after another destroyed their willpower.

Some geniuses, a thousand years had already passed from now!

They were still being trapped here!

What did this indicate?

It showed that they would also be spending the remainder of their lives in this place!

Chapter 2988: Tragic Beyond Compare!

The water dungeon was huge with countless prisons. It was sufficient to accommodate tens of thousands of people. It was like an underground city.

No sun could be seen all year round in this place. It was as if it was hell on earth.

Ye Yuan saw that there were some who were already tormented until they did not look human anymore.

There were not only true spirits here. There were many humans too.

It was just that those humans were all in great agony, struggling and rolling around in the water dungeon.

“*Argh!* I beg you all, kill me!”

“You bunch of brutes, even if I become a ghost, I won’t let you all off too!”

“It hurts! It’s hurting me to death! I ... I’m going to explode!”

Everyone looked over, only to see a human powerhouse swell up into a ball.

Then, with a bang, he exploded into a cloud of minced meat, very bloody.

The few people’s complexions were deathly pale. Although they had fought countless battles, they had never seen this kind of extremely tragic scene before.

People were less than animals in this place!

“Where ... Where on earth is this place? Why does the Divine Dragon Envoy do this kind of cruel thing?” Long Yi could not resist asking.

“*Huhu*, this is for our dragon race’s future! If we can grasp the secret of bloodline evolution, then everyone will be able to become Hegemons! Our dragon race will be able to become the overlord of myriad worlds! Even thinking about it makes people excited! This Blood Dragon Island was constructed for this. Your bloodlines shall also contribute a portion of strength for the dragon race’s future!” The Divine Dragon Envoy’s eyes were full of fanaticism.

“E-Everyone becoming Hegemon?” Long Yi’s entire body trembled as he said.

The Divine Dragon Envoy smiled and said, “That’s right! This Blood Dragon Island has already been built for more than 100 thousand years! In the past 100 thousand years, we’ve made tremendous progress! The day where everyone can become Hegemon isn’t far off!”

Suddenly, Ye Yuan pointed at a metal jail and said, “Are you talking about him?”

Inside the metal jail, a half-human half-beast fellow was currently staring fixedly at the few people who came in with scarlet-red eyes, giving people an extremely dangerous feeling.

One could tell from his appearance that this should have originally been a human. But, he grew a pair of weird wings on his body, his ears were also sharpened to a point, his mouth growing out savage tusks, his entire person looking incomparably strange and ugly.

His four limbs were on the ground. Actually, it could not be counted as four limbs anymore because his four limbs were all animal legs.

However, the first feeling that he gave Ye Yuan was not ferociousness but wretchedness!

He had the origin of blood and could feel that this person had mixed at least more than ten types of bloodline power in his body.

And these dozen over kinds of bloodline powers could not be superimposed perfectly. They would even have conflicts with each other.

He could feel how much pain this person had to endure.

Of course, this person already completely did not have his own consciousness. He was filled with killing intent throughout his body.

This half-human half-beast fellow actually already reached the Hegemon Realm!

Around him, those ferocious ‘beasts’ did not even dare to breathe loudly, instinctively fearing him.

Clearly, this guy was very dangerous.

But the killing intent in Ye Yuan’s heart started surging uncontrollably.

This bunch of guys simply had no bottom line when doing things!

The Divine Dragon Envoy seemed to be very proud of himself as he said, “That’s right! This guy is called Zhao Yue. He was originally just a good-for-nothing. After he cultivated to Emperor Vast Heaven, he was unable to make any more advancements! It was us who bestowed upon him eternal life, possessing sublime strength!”

*“Roar!”*

A terrifying to the extreme aura came over. Everyone saw Zhao Yue pouncing over here.

Even if these were all geniuses, even if they clearly knew that the likelihood of Zhao Yue breaking out of the locked cage was not high, they were still frightened until they took several steps back.

“Awoo!”

The water prison surged with electricity. Zhao Yue screamed miserably and was directly electrocuted back.

This water prison was clearly specially constructed. It could even withstand the Hegemon Realm Zhao Yue.

Ye Yuan was shocked in his heart. Then how strong was the person who fixed up the cage?

Could it be that the Heavenly Dragon Island’s upper echelons had something to do with this too?

Highly probable!

The reason why he went deep into the tiger’s den was to investigate this matter.

“Senior, I guess that the matter here likely has something to do with how you almost died back then, right?” Ye Yuan said to Mi Tian.

Mi Tian was silent for a long time and said with a sigh, “I don’t know either, but ... it’s probably related! It looks like the blood race had already started making plans at that time!”

Ye Yuan sneered and said, “To the blood race, you all, these chaos true spirits, are the real treasures! Whether or not the Chaos Bloodstone can open the Door of Eternal Life and reach the Great Beyond, perhaps the key lies with you all! However, you all are too strong. He can only do it in secret! This scheme has lasted for several hundred thousand years. What extravagant preparations!”

Chaos true spirits could be said to be the peak of bloodlines!

Their bloodline was bestowed by Heavenly Dao.

Therefore, if the Chaos Bloodstone wanted to reach the Great Beyond, it would naturally be of great reference value to him.

If he was the Chaos Bloodstone, he would not let them off too.

But chaos true spirits were too powerful!

Innate chaos true spirits were existences on the same level as the Chaos Bloodstone!

Regarding these powerhouses that were born from heaven and earth, each of them was powerful to the extreme.

Just like Mi Tian, back then, he was already a top Hegemon that roamed the heavens unobstructed, sweeping across the soul clan with his strength alone!

This kind of existence, even if it was the Chaos Bloodstone, the Chaos Bloodstone would be very wary too.

Let alone that Voidshrine Illuminating Heaven’s powerhouses were not just Mi Tian alone.

Mi Tian fell silent again. Ye Yuan could feel the struggle in his heart currently and stopped speaking.

Actually, Ye Yuan already faintly had some guesses. It was just that Mi Tian did not say anything. So he could not ask too much as well.

*"Huhu, he's currently like a wild beast without his own will at all. Most likely, you all can't control him at all. That's why you'd lock him in the cage, right? If you let him out, the first one that he'll kill will probably be you!"* Ye Yuan looked at the Divine Dragon Envoy and said with a cold smile.

The Divine Dragon Envoy was indifferent and said with a smile, "So what? We've already found a way to control him. He'll be very obedient! The few of you are all very talented. Perhaps in the future, you all will be able to step into the legendary chaos grade bloodline!"

The eyes that the Divine Dragon Envoy looked at the few people with made everyone shudder without feeling cold.

Nobody wanted to become like Zhao Yue!

Possessing the strength of Hegemon Realm but becoming a wild beast that was at other people's beck and call, what was the point?

Ye Yuan looked at the Divine Dragon Envoy, not concealing his killing intent in the least bit.

Divine Dragon Envoy smiled and said, "Ye Yuan, I feel very optimistic about you! Judging from our past experiments, the human race's physical body has the highest compatibility! Very soon, you won't be using this sort of eyes to look at me. You'll be thanking this seat!"

Ye Yuan smiled coldly and said, "Soon, you'll be thanking me too!"

Divine Dragon Envoy laughed loudly and said, "Kid, you've got personality. I like it! I hope that in the future, you'll become stronger than him! Take them away!"

The group was taken away again.

When Ye Yuan walked past Zhao Yue's water prison and saw that miserable appearance, the killing intent in his chest sprang up again.

Suddenly, his gaze and Zhao Yue's gaze met, and he could not help trembling all over.

He saw a trace of anguish from that ferocious to the extreme gaze.

A trace of seeking deliverance from the pain.

This Zhao Yue actually still had a last strand of self-consciousness remaining?

Chapter 2989: Contingency Plan!

"Senior Long Ran, there's no need for me to say anything more, right?"

In a secret cave of the Dragon Abyss Tribe, Ye Yuan put away the light screen in front of him and said calmly.

This Ye Yuan was his human soul clone, the Enshrouding Mist Soul Physique.

He naturally would not venture into this fake Heavenly Dragon Island without due consideration. Otherwise, it would be sending himself to death.

Hence, he found this hidden cave under Mi Tian's guidance. It was Dragon Abyss Tribe's progenitor Long Ran's cave abode. He was a Hegemon Realm powerhouse.

In order to convince Long Ran, Mi Tian directly revealed his identity.

But if Ye Yuan said that the Heavenly Dragon Island was actually laying their hands on their own people, Long Ran would not believe it even if he was beaten to death.

After all, the Heavenly Dragon Island was the dragon race's holy land.

Therefore, Ye Yuan split his origin divinity into two, leaving his human soul clone here.

Then he used a soul race secret technique to share what the dragon race soul clone saw and heard, displaying his experience on the light screen.

Shock was written all over Long Ran's face, his heart in wrenching pain and bitter hatred.

Long Yi did not recognize the people there, but Long Ran knew many of them in the water prison!

During these 100 thousand years, those geniuses who entered Heavenly Dragon Island actually all entered the Blood Dragon island!

Some were no longer around.

Some became like disembodied ghosts.

"Why? Why! WHY! Why would Heavenly Dragon Island lay their hands on their own clansmen?" Long Ran practically roared out.

He was too disappointed!

Too shocked!

Heavenly Dragon Island had deceived them for 100 thousand years!

These 100 thousand years, how many geniuses had the East Billow Region produced?

These geniuses actually all died at the hands of their own people!

Seeing the miserable appearances of those younger generation disciples, Long Ran felt heartache to the extreme.

Ye Yuan clearly saw tears at the corners of his eyes.

In reality, the killing intent in Ye Yuan's chest could no longer be contained too.

To be able to make a Hegemon Realm who had lived for several hundred thousand years shed tears, it could be seen how tragic Blood Dragon Island's situation was!

War and death were very tragic.

But, using some fresh lives to do human experimentation, this kind of cruelty simply could not be described.

Animals were better!

“Because of the blood race! They exploited Heavenly Dragon Island’s ambition!” Ye Yuan said.

Long Ran’s pupils constricted, his gaze gradually turning cold as he said, “Come!”

Three days later, several hundred powerhouses from more than ten major tribes set off for Blood Dragon Island!

... ..

“Lord Bloodless!” The Divine Dragon Envoy said respectfully to the blood race powerhouse in front of him.

When Ye Yuan saw this blood race powerhouse, his pupils could not help constricting.

Hegemon Realm!

There was actually a Hegemon Realm on this Blood Dragon Island!

Furthermore, Ye Yuan could feel that this Hegemon Realm was very strong.

He originally thought that the Divine Dragon Envoy was responsible for Blood Dragon Island.

Did not expect that there was actually such a powerhouse.

Could Long Ran be his match?

Furthermore, Ye Yuan was not sure whether or not there would be other Hegemon Realms on this island.

This was somewhat troublesome!

But at this time, the arrow was already notched on the bow and had no choice but to release.

Bloodless swept a glance over everyone, his gaze finally stopping on Ye Yuan, and he said in pleasant surprise, “This batch is pretty good! Especially this kid; having a human physical body but his bloodline power is extremely strong! A fine sapling! Perhaps, our blood bestowal can obtain great success this time!”

Divine Dragon Envoy said in pleasant surprise, “Your Excellency, could it be ...”

Bloodless nodded with a smile and said, “Heaven rewards the faithful. The new Conversion Blood Crystals are finally out. With these, we’ll be able to control those berserk guys.”

Divine Dragon Envoy was agitated until he was almost weeping and said, “Lord Bloodless has toiled hard and rendered great merits. The dragon race is endlessly grateful!”

Bloodless smiled and said, “We’re an organic whole, bound together for good or ill. What’s the talk about toiling hard and rendering great merits? We need to wait for another two days, and the Conversion Blood Crystals will be able to come out. Lock them up first and fuse two days later!”

The Divine Dragon Envoy waved his hand, commanding people to take Ye Yuan and the others away, and to lock them in the water prison.

There were handcuffs on their hands, shackles on their legs, and the water prison even had powerful restrictions.

This bunch of people was practically waiting for death.

Feng Qingxuan said in despair, "Ye Yuan, you've doomed me this time! If this young lady dies here, I won't let you off even if I become a ghost!"

*Crack!*

Her voice had yet to fade when Ye Yuan's handcuffs fell right off.

Everyone stared wide-eyed and tongue-tied.

"This ... isn't your bloodline sealed ..." Long Yi looked at Ye Yuan and said with a look of shock.

Ye Yuan's mouth curled, and he said, "My bloodline can't be sealed."

Got to be kidding. He had the origin of blood. It was the source of all bloodlines.

Seal his bloodline?

It did not exist!

Feng Qingxuan said excitedly, "Hurry! Quickly untie me!"

Ye Yuan shook his head and said, "Not yet!"

Feng Qingxuan's face turned black, and she said in a solemn voice, "Why?"

Ye Yuan said, "I'm going to scout out this underground city. Bringing you all along is too cumbersome."

Feng Qingxuan and Long Yi were speechless.

Ye Yuan said, "All of you hold your horses. In less than three days, someone will come and save us."

Long Yi said, "But powerhouses are plentiful like clouds here. There are even Hegemon Realm powerhouses! Even if people come, they can't save us too!"

Ye Yuan smiled and said, "Then if your ancestor comes out of retirement?"

Long Yi's entire body trembled, and he said, "You're saying ... Ancestor Long Ran? This ... How is this possible?"

Ye Yuan smiled and said, "His elderly self has already moved out and is currently calling the various major tribes to set off for Blood Dragon Island! At that time, blood will flow into rivers!"

Feng Qingxuan said in shock, "It turns out that those few days, you went to meet the Dragon Abyss Tribe's progenitor? You, this fellow, you hid from me so bitterly!"

Ye Yuan said coolly, "This kind of thing, the less you know, the better. If you reveal any flaws, not only will it waste all the previous efforts, you'll even doom all of us!"

Feng Qingxuan's face turned black. This guy really did not show mercy when knocking someone down a notch!

However, she also knew that what Ye Yuan said was right.

But what Feng Qingxuan was surprised by was that Ye Yuan acted too well along the way!

All of his expressions were just right.

He got angry when he should get angry, panicked when he should panic, and even when he should posture, he postured very adequately.

Feng Qingxuan did not expect that this guy still had this side!

Meanwhile, Long Yi and the others were shocked to the extreme.

Ye Yuan's meaning was that he had long anticipated everything, and he made complete arrangements!

How did he discover it?

The entire East Bellow Region was kept in the dark!

How could a measly little Ye Yuan actually detect it?

"Brother Ye, since you've already seen through everything, why do you still let yourself get caught in danger?" Scarletplume said in confusion.

Ye Yuan's eyes turned cold, and he said, "Originally, I thought that the Divine Dragon Envoy was being controlled by the blood race. So I wanted to come and probe. But then I didn't expect that the truth is actually like this! The blood race and Heavenly Dragon Island joined hands to inflict great suffering on the living! If I didn't sneak in, I also wouldn't have seen such a ghastly sight!"

The moment these words came out, the few geniuses revealed indignant expressions.

Indeed, when they saw each and every one of those seniors being turned into things that were less than animals, the killing intent in their hearts could not be contained too.

"But, even if these can't seal your bloodline, this water prison is being sealed by powerful restrictions. How will you get out?" Feng Qingxuan asked.

Ye Yuan got up and said coolly, "You all stay here first. Make sure not to reveal anything. I'll be right back!"

Finished saying, his figure moved, passing right through the door!

Chapter 2990: Water Prison Riot!

Going out of the water prison and fading into the void, Ye Yuan avoided some restriction array formations carefully, heading towards the depths of the water prison.

In less than half a day, Ye Yuan had gotten a rough idea of the water prison.

However, Ye Yuan did not dare to go where it was too deep.

There were a large group of powerful martial artists there and also many blood race auras.

Clearly, this Blood Dragon Island had experts plentiful like clouds.

At the end of the water prison, there was one secret room after another, with constant streams of people.

Many people were brought into the secret room, and then they emitted extremely miserable sounds.

Clearly, they were experimenting on those people.

Killing intent surged in Ye Yuan's heart once more.

However, he still forcefully pushed it down.

A little impatience would spoil great plans.

Ye Yuan wanted to know about the intel from the depths of the water prison, so he controlled his temper and secretly listened to the intel.

After half a day passed, Ye Yuan discovered that they had started to get busy.

"I didn't expect that the first batch of Conversion Blood Crystals actually went unexpectedly smoothly. With this, there will be work to be done."

"I heard that this batch of mountain challengers are all pretty good. There are a human heaven qian grade bloodline and a Fire Phoenix Clan's heaven qian grade bloodline!"

"People upstairs said that the Conversion Blood Crystals this time will be fused with them. The few of you go to the secret room and prepare. Bring them over half a day later."

"Yes!"

... ..

In the dark, Ye Yuan's heart was shocked from listening.

They were going to make a move so quickly?

Wouldn't that mean that they could not wait for Senior Long Ran they all to arrive?

This became troublesome!

"Damn it! Only half a day's time. This is a big problem!"

Ye Yuan's heart burned with anxiety, rushing back without stopping.

When he passed through the water prison, his figure stopped. Suddenly, his eyes turned intent, and he said, "Since we can't wait, then we'll have to do it ourselves!"

With a strategy in his heart, Ye Yuan returned to his cell like lightning.

When everyone saw Ye Yuan return, they could not help perking up.

"All shut up! Listen to me!" Ye Yuan said coldly.

Everyone was shocked in their hearts and immediately shut up.

Ye Yuan said, "That whatever damn Conversion Blood Crystal has already succeeded. They will be laying their hands on us very soon. We can't wait for Senior Long Ran to come anymore! Therefore, we can only do it ourselves!"

The moment these words came out, everyone immediately fell into despair.

Long Yi smiled bitterly and said, "Do it ourselves? Just based on the few of us?"

Ye Yuan shook his head and said, "Of course it's not the few of us! There are tens of thousands of powerhouses in this water prison! The weakest one is also True Sovereign Heaven Realm! If we let them all out, we might not be unable to fight!"

Scarletplume said, "But, what about Hegemon Realms? Furthermore, it seems like the majority of those detained in this water prison isn't even Emperor Sakra Heaven Realm, right? This bit of strength, it isn't enough to fill the crevices between their teeth at all!"

Ye Yuan's gaze looked towards that solo cage in the distance.

Everyone followed his eyes and could not help shuddering.

Zhao Yue!

Long Yi opened his eyes wide and said in disbelief, "A-Are you crazy? If we let him out, he'll be the first to tear us all apart!"

"No way! Absolutely not! He's a monster. He doesn't have intelligence at all. He only knows to kill!"

"Ye Yuan, stop joking! That monster has Hegemon Realm strength. Once he comes out, the entire water prison will be slaughtered by him!"

... ..

These people had an instinctive fear of Zhao Yue.

This kind of fear was like a human encountering a wild beast.

It would not reason with you and also would not listen to you. The only emotion that it had was killing.

Letting such a monster out, wasn't that seeking death?

Ye Yuan said coolly, "Then, do you all have a better solution? Saying it like if you don't let him out, you all won't die."

Everyone could not help choking.

"Alright, I'll release the seal on you all first, then go and save the others together. With the water dungeon's captives all rioting, they will turn this damn place upside down! Even if we die under Zhao Yue's hands, with his destructive power, this Blood Dragon Island can forget about having anything left behind too!" Ye Yuan said coolly.

Ye Yuan did not talk nonsense either, releasing everyone's handcuffs and shackles very quickly.

... ..

In an underground palace in the depths of the water prison.

The Divine Dragon Envoy weighed the crystals in his hand, extremely delighted.

*"Haha, with this, the time for our dragon race to unify the heavens has arrived! Lord Bloodless, for so many years, thank you for your hard work!"*

Bloodless smiled and said, "You're doing it again, no? These are all this seat's duties. I only hope that when the dragon race unifies the heavens in the future, Lord Mi Zhen doesn't forget our blood race."

Divine Dragon Envoy smiled and said, "Lord Bloodless is joking. Unifying the heavens, that's also our two races joining hands!"

The two people exchanged a glance and burst out laughing.

Bloodless sneered in his heart.

A bunch of fools!

In the past 100 thousand years, he had already pretty much figured out the dragon race's bloodline.

The mother stone progressed very quickly these few years and was almost about to be born!

Chaos bloodline was indeed powerful!

It was just a shame that he could not acquire genuine chaos grade bloodline. Otherwise, the mother stone would have long come into being already.

However, it did not matter. After the mother stone came into being, he would personally come to take the chaos grade bloodline.

Unify the heavens?

What a joke!

The one to unify the heavens is our blood race!

Right at this time, a group of people ran into the great hall in a panic.

A subordinate said, "Lord Divine Dragon Envoy, things are bad! Things are bad! The water prison, the prisoners ... are rioting!"

The Divine Dragon Envoy's expression changed, and he said in a solemn voice, "What's going on? Tell me in detail!"

That subordinate said, "That punk called Ye Yuan, the sealing handcuffs actually can't lock him up. He has already opened up all of the water jails, the bloodline warriors in the water prisons and true spirit clan members are all rioting!"

Bloodless said in surprise, "Impossible! The sealing handcuffs were specially made by this seat. Unless their strength reached Hegemon Realm, it's absolutely impossible to open it themselves!"

That subordinate almost wanted to cry.

Could he still lie about this sort of thing?

Wanting to talk about this sealing handcuff, it was indeed formidable.

In these 100 thousand years, not the slightest mistake had occurred before at all.

But this time, a problem occurred!

The Divine Dragon Envoy recovered his composure very quickly and said coolly, "It's merely a bunch of trash who had their blood essence drained. There's no need to kick up a huge fuss! Lord Bloodless, rest for a while. I'll be right back."

Bloodless nodded his head and did not say anything.

Those imprisoned in the water prison were mostly younger generation geniuses. Most were Emperor Cloud Heaven experts, and a minority were Emperor Vast Heaven experts.

There was also an extremely small group of bloodline warriors that were Emperor Sakra Heaven powerhouses.

However, that was merely it.

To an origin realm powerhouse like this, it was not worth mentioning at all.

Moreover, Blood Dragon Island was heavily guarded. How could he possibly be the only expert?

Bloodless, this Hegemon Realm, did not need to take action at all.

Under the Divine Dragon Envoy's word of command, Blood Dragon Island's powerhouses charged over towards the water prison.

Just as he said, they were merely a bunch of clay chickens and pottery dogs.

With the Divine Dragon Envoy taking the lead, more than ten Emperor Sakra Heaven Realm bloodline warriors were not even his match.

These bloodline warriors were all captured to fuse with Conversion Blood Crystals.

Many people died. There was only one person that survived. It was Zhao Yue.

When the Divine Dragon Envoy joined the battle, the rioting side started to lose ground very quickly.

And at this time, Ye Yuan was currently standing in front of Zhao Yue's cage, his expression flickering indeterminately.
