

Medicine God 2991

Chapter 2991: You're Not a Monster!

This was a huge challenge to Ye Yuan too.

He did not have the confidence to escape with his life from under Zhao Yue's hands.

Even so, he saw the tiniest hint of remnant struggle in Zhao Yue's eyes.

But he was a Hegemon Realm powerhouse after all!

Not far away, Long Yi and the others were frightened until their legs were trembling, swallowing saliva non-stop.

"After I go in, you all immediately shut off the restrictions. If I die, you guys immediately run away. However far you can run, do so," Ye Yuan said in a solemn voice.

Although he knew that the likelihood of escaping was very low, it was better than sitting passively and awaiting destruction.

Outside the water prison, there was a switch to control the restrictions. One could control it from the outside.

This cage's restrictions were too powerful. Ye Yuan was unable to pass through it too. It could only be controlled by Scarletplume.

"Ye Yuan, no way! Let's just charge out! This is too dangerous!" Scarletplume said.

Although the few of them were scared, they still felt incomparably moved in their hearts.

Ye Yuan was using his own life to fight for their slim chance of survival!

They could all feel that this Zhao Yue was very strong.

After going in, once he was let out, his destructive power would definitely be very strong.

But, with Ye Yuan going in alone, it was virtually certain death!

It was not that Ye Yuan was being a hero who liked this sort of solemn melancholy of a brave warrior who would not be returning. But that this matter had to be done by him.

Only he had a glimmer of hope.

If the others went in, that was truly certain death with no hope of survival.

Of course, he was also unreconciled to it in his heart!

He was unwilling to die just like this.

The Divine Dragon Envoy and Bloodless were here, committing crimes that were too numerous to be recorded.

He was long already filled with killing intent in his heart.

Ye Yuan shook his head and said, "We can't charge out. Open it!"

Feng Qingxuan did not speak, looking at Ye Yuan from the back, her eyes somewhat misty.

What kind of a man was this!

Others did not know, but Feng Qingxuan had a feeling that as long as he charged out of the water prison, Ye Yuan had a high probability of escaping with his life.

This guy's methods were too many!

But he did not escape!

Instead, he chose the most dangerous way.

In the next second, the restrictions opened, and Ye Yuan entered the cage like lightning.

Scarletplume instinctively wanted to shut off the restrictions and flew out.

Feng Qingxuan smacked him flying with a slap.

"Feng Qingxuan, what are you doing!" Long Yi roared angrily.

"Either way, we can't go out either, just die together! Ye Yuan dares to gamble with his life. You all are men too. Are you so cowardly?" Feng Qingxuan said coolly.

The few people all lowered their heads in shame.

"Roar!"

The moment the restrictions opened, Zhao Yue's roar made everyone start to tremble.

Ye Yuan only felt a pressure that blotted out the skies and covered the earth, pressing over toward him.

Every pore on Ye Yuan's body was exploding, virtually going to die.

The feeling of facing a Hegemon Realm head-on, it virtually made people crumble.

This was also Ye Yuan's first time facing such a terrifying existence head-on.

He had seen before many Hegemon Realms, but someone like this, it was really his first time.

At this moment, all actions were futile!

Zhao Yue was too strong!

This kind of might was that kind of primitive barbarity. It was as if he walked over from great antiquity.

Swoosh!

In virtually an instant, Zhao Yue pounced over toward Ye Yuan.

Before even getting close, Ye Yuan was already shocked by Zhao Yue's powerful aura until he received internal injuries.

Zhao Yue raised his sharp claws. As long as this claw landed lightly, even if Ye Yuan had ten lives, they would also be lost here.

Life was hanging by a thread!

“You are not a monster!” Ye Yuan practically used all the strength in his body to roar these five words out.

Bang!

Ye Yuan’s body flew out like a cannonball, smashing heavily onto the jail door opposite.

“Pffft!”

Ye Yuan’s innards were directly ruptured, spitting out a mouthful of bloody froth.

But fortunately, he was still alive.

Feng Qingxuan and the rest were frightened until their faces turned white.

“Ye Yuan, are you alright?” Feng Qingxuan was about to run over.

“Don’t come over! I ... I won’t die!” Ye Yuan struggled to his feet by himself.

“Roar!”

Another roar, Zhao Yue already stepped out of the cage.

The ferocious tiger had been unleashed!

Zhao Yue’s gaze was locked firmly onto Ye Yuan.

“W-Was that the power of origin just now?” Long Yi said in shock.

Scarletplume nodded and said, “There’s no mistake. That’s the origin of blood! Furthermore, it seems to be different from that origin in Hegemon Bloodless’s body! The origin of blood in Ye Yuan’s body seems to be purer and ... higher level!”

Long Yi said in surprise, “Emperor Cloud Heaven comprehended the power of origin ... T-This guy’s trump cards really emerge in endless streams!”

Scarletplume also said in astonishment, “Looking at him challenging mountains back then, he didn’t use his full strength at all! What he used, were all dragon race means! Brother Ye is really an unmatched monster!”

The tiger’s body trembling, making a Hegemon Realm submit?

It did not exist!

Zhao Yue’s hesitation at the last moment was because of the origin of blood in Ye Yuan’s body!

Of course, ‘you are not a monster,’ these five words, had indeed struck the softest spot in the depths of Zhao Yue’s heart.

His sanity was virtually non-existent, but he ultimately still retained the tiniest trace of humanity.

What was the struggle, the anguish, in the depths of his heart for?

It was because everyone viewed him as a monster!

If he had already completely had his consciousness die out, Ye Yuan's words naturally would not have an effect.

But, as long as he still had a tiny, tiny trace, then these five words would be very crucial!

And the release of blood origin made Zhao Yue's body instinctively understand.

In his body, those disorderly bloodlines that were mingling and clashing together were being controlled!

Ye Yuan wanted to tell him: *I can let you not suffer the pain of bloodline havoc anymore.*

This was giving him hope!

Under the combination of the two factors, Zhao Yue stopped at the final juncture.

However, he was ultimately just a 'wild animal'!

Hence, Ye Yuan still nearly died.

"Roar!"

"Roar!"

"Roar!"

The underground water prison was shaking until it was almost crumbling.

Zhao Yue was in great pain currently!

Ye Yuan dragged his heavily injured body and walked toward Zhao Yue.

"You are not a monster! You're the same as me, a human!"

"Roar!"

Zhao Yue roared again. A tremendous force transmitted over, Ye Yuan was sent flying once more.

The current Ye Yuan was incomparably miserable. However, he still insisted on getting to his feet and continued walking toward Zhao Yue.

By the side, the hearts of Feng Qingxuan and the rest were practically leaping out of their throats.

This was truly dancing on the edge of death!

If Zhao Yue wanted to kill Ye Yuan, it would really just be a matter of batting an eyelid.

"You are not a monster! If even you yourself gave up, then you'll really be hopeless!"

"Are you reconciled to it? Are you willing to let those people who turned you into this have their way?"

"Roar!"

A typhoon swept over. Ye Yuan was directly swept up into the sky, smashing heavily onto the ceiling and falling onto the ground again.

If it were anyone else, they would not even have the strength to get to their feet currently.

But Ye Yuan did not give up.

He got to his feet and walked toward Zhao Yue again.

Each sentence from him came from the bottom of his heart.

He saw Zhao Yue's agony. He also saw the pain of countless people like Zhao Yue.

Compared to those people, perhaps Zhao Yue was fortunate instead.

At least he survived.

"You've already suffered pain that others can't endure and survived. Could it be that you want to give up on yourself?"

"No matter what you become, as long as your heart doesn't change, you're a human!" Ye Yuan looked at Zhao Yue, his eyes incomparably sincere.

Feng Qingxuan, Long Yi, and the rest were extremely moved too.

It was because they all felt Ye Yuan's sincerity!

He was not making use of Zhao Yue. He genuinely wanted to save this monster!

They felt incredulous. If it were them, they absolutely could not do it.

This kind of monster, they felt disgusted just by taking a look.

As if moved by Ye Yuan's sincerity, Zhao Yue did not attack Ye Yuan this time.

"Believe me. I can turn you back into your original appearance!"

Ye Yuan walked in front of Zhao Yue, placed his hand on top of his head, and gently stroked him.

Feng Qingxuan and the rest opened their eyes wide. Zhao Yue actually became quiet!

Chapter 2992: This Seat Will Let You Know!

"Pffft!"

The Divine Dragon Envoy directly crushed an Emperor Sakra Heavenly Emperor's head and threw the dead body to one side.

This move intimidated everyone.

The Divine Dragon Envoy was not some flower vase. He was a mighty origin realm expert.

Moreover, he even had many Emperor Sakra Heaven Realm powerhouses by his side!

The rioting army's powerhouses started to despair.

The opponent was too strong. He did not give them a chance at all!

The Divine Dragon Envoy's gaze swept over everyone's faces and said coolly, "A bunch of ant-like fellows! Just based on you people, you also want to escape Blood Dragon Island? Forget about you all. Even Hegemon Realms can forget about leaving too!"

Everyone had fearful looks on their faces, all remaining silent and not speaking.

They gave up. There was no hope of escaping at all!

The dragon envoy said, "Go and put them back in handcuffs and escort them back! Whoever dares to resist, kill without amnesty!"

Hence, his subordinates carried one sealing handcuff after another and came over.

Even so, there were still hot-blooded people.

"Either way, it's also dying. I'll fight it out with you all!"

"I don't want to go back and live a life worse than pigs and dogs again!"

"Killing one breaks even. Killing two is making a profit! Go to hell!"

... ..

Several hundred people directly rushed out, attacking the Blood Dragon Island's powerhouses.

The Divine Dragon Envoy had a disdainful look, directly throwing a palm out. Several hundred bursts of force tore through the air.

Bang! Bang! Bang!

Before those people had time to attack, they were directly blasted into dregs.

This disparity in power levels could not be compensated for at all.

Furthermore, these people were detained for a long time. Either the blood essence in their body was drained, or they were test subjects, their combat strength not very strong.

Those who truly had combat strength were all still being locked in cages.

The Divine Dragon Envoy swept another glance and said coolly, "Who else wants to jump out?"

Everyone was silent like cicadas in winter. No one dared to speak anymore.

Those who dared to jump were already all dead.

The Divine Dragon Envoy waved his hands grandly, and his subordinates took action opening move, re-cuffing these people with sealing handcuffs again.

The Divine Dragon Envoy ordered, "Where's Ye Yuan? Bring him over!"

The subordinate said, "Replying to Your Excellency, Ye Yuan isn't among these people!"

When the Divine Dragon Envoy heard, he smiled coldly and said, "You bunch of fools, you were made use of by people and didn't even know it yourselves! But it doesn't matter. There are still many people outside. They can't escape! *Hur hur*, this seat regards this boy very highly. He indeed didn't let this seat down as well! But this time, this seat is very angry! After capturing him back, this seat will make him become obedient!"

He had methods to deal with this kind of disobedient people.

The geniuses that came here, which one was not proud to the extreme?

In the end, they all became obedient babies.

Rioting?

Truly a bunch of ignorant and laughable fellows!

Blood Dragon Island had been built for so many years. How could they have not considered this point?

In this water prison, putting aside the layers of restrictions, there was an all-encompassing net laid down outside too.

Forget about a measly little Emperor Cloud Heaven; even an Emperor Sakra Heaven could forget about escaping too!

A prisoner said weakly, "Y-Your Excellency, Ye Yuan he didn't run away."

"*Mn?* Didn't run away? That's even better. Take me to him. This seat wants to see whether or not he has three heads and six arms!" The Divine Dragon Envoy said disdainfully.

Although he was disdainful, having such a big disturbance take place this time, he was still very enraged.

It had been so many years. He never made any mistakes.

Today, it actually played out like this because of a little fellow. The Divine Dragon Envoy could not help feeling very angry.

"H-He's releasing Zhao Yue," that person said again weakly.

"What's the use of releasing Zhao Yue ... what did you say? He ... He wants to release Zhao Yue?"

In the beginning, the Divine Dragon Envoy did not react to who Zhao Yue was.

When he wrapped his mind around it, that sentence was virtually distorting his mind.

At the thought of Zhao Yue breaking free, he was frightened until his soul left his body.

Zhao Yue was too dangerous!

This guy was only suppressed by requesting Lord Dragonsand to personally take action the last time!

Lord Dragonsand was a Supreme Hegemon!

If this guy got out, the entire Blood Dragon Island would be torn up by him!

However, at the thought of how there weren't any happenings yet, his heart calmed down again.

If Zhao Yue really broke free, he would have long charged over.

“Hurry, go and inform Lord Bloodless and Lord Dragonwild! You go in front to take a look at the situation. If you discover Ye Yuan, immediately capture him and bring him over for me!” The Divine Dragon Envoy’s reaction was extremely fast too, immediately giving the order.

The Emperor Sakra Heaven, who was called, had a myriad of profanities galloping across in his heart.

Why don’t you freaking go?

If that monster really ran out, Your Father would be directly torn to shreds by him!

But, toward the Divine Dragon Envoy’s order, he had no choice but to obey.

Otherwise, he would have to die right now.

There was no way to go around it. He could only toughen his scalp and go.

“No need. I’m already here.” Right at this time, a voice sounded out at the back of the rioting army.

It was Ye Yuan!

However, his figure was blocked by the army and could not be seen.

But the Divine Dragon Envoy’s heart settled down.

If that monster was released, it would be impossible to be so quiet.

That monster did not recognize its closest relatives at all.

In one exchange, more than half of the people here would probably die.

Hence, he laughed coldly and said, “*Huhu*, you, brat, know that you’re at the end of your rope. Now, you’re here to admit your mistake? Too late! This seat will let you know that there’s a price to pay for doing some things! Come, men! Detain him!”

“No need. I’ll come over myself!” Ye Yuan said coolly.

There was suddenly a commotion at the back.

The crowd automatically opened up a path.

Everyone’s faces revealed looks of fear.

The place that Ye Yuan passed through, everyone would immediately hide far away.

The Divine Dragon Envoy was somewhat curious. What was wrong with these guys? Each and every one of them seemed like they had seen a ghost.

Is this Ye Yuan so scary?

I’ve seen him before, a pretty good-looking young man.

Very soon, the crowd completely parted, and the Divine Dragon Envoy saw Ye Yuan.

Just one look, and he was frightened until his legs turned soft, and he almost knelt on the ground.

Only to see a monster that resembled neither human nor ghost behind Ye Yuan. Who could it be if not Zhao Yue?

A large group of monsters was even following behind Zhao Yue!

These monsters were all failed defects!

But now, they were all following behind Ye Yuan, incomparably docile and obedient!

He rubbed his eyes hard, suspecting whether or not he saw wrongly.

The unbelievably irascible Zhao Yue was actually so obedient?

“Roar!”

Seeing the Divine Dragon Envoy, Zhao Yue suddenly became feverish, roaring angrily.

It was only to see his two eyes turned blood-red. It was as if he might pounce at any time.

Even if his sanity was almost extinguished, he instinctively hated this guy who turned him into a monster.

The Divine Dragon Envoy was pissing his pants in fear!

He was really pissing in his pants!

He had seen before this monster going crazy. It was too terrifying!

Ye Yuan stroked Zhao Yue’s head, and Zhao Yue quietened down again.

The Divine Dragon Envoy quivered, astonished to the extreme in his heart.

This ... How was this possible?

This guy was actually so docile in front of Ye Yuan!

One had to know, even Hegemon Dragonsand could not make this guy behave back then either!

Just what kind of magic did this boy cast?

This monster did not have intelligence at all. He could actually subdue it?

Ye Yuan looked at the Divine Dragon Envoy and said with a sneer, “Just now, you said that some things when done, there will be a price to be paid?”

Chapter 2993: The Samsara of Cause and Effect!

“I-I said this before? W-Why don’t I remember it? You must have heard wrongly!”

The Divine Dragon Envoy was extremely terrified. Zhao Yue was staring fixedly at him. That ferocious gaze never left him up till now.

A powerhouse at his level of cultivation realm originally should not be like this.

But Zhao Yue's appearance and primitive, brutal aura indeed made people daunted at the sight of him.

The Divine Dragon Envoy was an origin powerhouse, but in front of Zhao Yue, it was a joke!

Ye Yuan smiled and said, "I feel that what you said is very right! As the Divine Dragon Envoy, your hands are stained full of your own people's blood! You're not ashamed in the slightest, but take pride in it instead! You indeed have to pay the price for what you've done!"

The Divine Dragon Envoy felt Ye Yuan's killing intent. His expression changed drastically as he said, "Ye Yuan, you understand. I ... I was just obeying orders! The real executioner is someone else!"

Ye Yuan smiled coldly and said, "Do you really take me to be a kid who's still wet behind my ears? For over 100 thousand years, the crimes that you've committed are too numerous to be recorded! Today, pay the price for the things that you've done!"

The Divine Dragon Envoy's expression changed wildly, both legs trembling non-stop.

Under Zhao Yue's tremendous pressure, he did not even have the courage to resist.

But right at this time, a trace of ripple appeared in the air. Hegemon Bloodless and Hegemon Dragonwild emerged.

Two great Hegemons descended at the same time!

Ye Yuan's expression changed. He did not expect that there was actually still more Hegemon Realm on this Blood Dragon Island!

It looked like the dragon race had some people who attached a lot of importance to this place!

"Alright, the farce ends here!" Bloodless said coolly.

The Divine Dragon Envoy drew a deep breath, feeling akin to being relieved of a heavy burden.

The two great Hegemon Realm powerhouses were here. He finally had the confidence!

His gaze turned cold, and he said with a sneer, "Ye Yuan, are you very surprised? Didn't expect that there are actually two Hegemon Realms on Blood Dragon Island, right? Do you think that by controlling this monster, everything will go off without a hitch? *Hur hur*, now, I want to see who's paying the price!"

"Roar!"

Zhao Yue opened his gaping maws and became more and more berserk.

Bloodless was a target that he must kill too!

Ye Yuan looked at Zhao Yue and said, "Let's avoid them first?"

"Roar!"

"Roar!"

Zhao Yue's angry roar became increasingly maniacal.

Ye Yuan nodded his head and said, "Alright, I understand! Since that's the case, you do as you wish then!"

"Roar!"

The Divine Dragon Envoy smiled coldly and said, "Beast-like thing, merely a defective product, that's all. To also dare call out in front of two great Hegemon Realms!"

With two great Hegemons here, Divine Dragon Envoy's courage also grew considerably.

Regarding Zhao Yue this kind of monster, he held him in contempt.

Swoosh!

Zhao Yue's figure instantly became blurry. A horrifying to the extreme aura swept over toward the Divine Dragon Envoy.

At the same time, Ye Yuan's figure also became blurry, fleeing the battlefield.

He sustained serious injuries and had not fully recovered yet.

Bloodless snorted coldly and said, "Ignorant brute, courting death!"

Virtually at the same time, two great Hegemons made a move at the same time, dealing with Zhao Yue.

But the moment they made a move, the two people's expressions changed!

Zhao Yue's sharp claws seemed to be able to tear this sky.

A scent of incredible danger hit them head-on.

Bang!

Bang!

Bloodless and Dragonwild's figures left faster than when they arrived!

Zhao Yue repelled two great Hegemons with one move!

His figure continued pouncing over toward the Divine Dragon Envoy, grabbing him in his hand and started tearing.

At the same time, Ye Yuan displayed a spatial secret technique, bringing the majority of the people out of the battlefield.

Those who failed to avoid it in time were directly shocked into meat paste by the aura of the three great Hegemons.

Also, those defective specimens that Zhao Yue brought, their two eyes turned bloodshot too, pouncing over toward the other Emperor Sakra Heaven experts.

At once, the entire dungeon became a hot mess.

There were powerful restrictions inside the dungeon.

Everyone only saw the raging energy flying everywhere like stray bullets; instant death upon contact!

Puu, puu, puu, puu!

Zhao Yue tore the Divine Dragon Envoy to shreds very violently.

However, he did not tear apart his origin divinity. He swallowed it in one mouthful.

He had an instinctive hatred toward the Divine Dragon Envoy and would not let him die so easily.

From start to end, the Divine Dragon Envoy did not have any strength to fight back at all.

The Divine Dragon Envoy probably never even dreamed that he would die at the hands of the 'monster' that he created.

Perhaps, this was the samsara of cause and effect!

"Roar!"

"Roar!"

"Roar!"

Zhao Yue roared, seemingly feeling the delight of having taken revenge.

Dragonwild and Bloodless seeing this scene, the two great Hegemons' expressions were very ugly.

This guy was very troublesome!

Zhao Yue's strength had somewhat exceeded their expectations.

In reality, it also greatly exceeded Ye Yuan's expectations.

Zhao Yue's strength probably did not lose to Peak Hegemons already.

Plus that brutal savage strength and imposing momentum that did not fear death, his combat power probably approached Supreme Hegemon!

Bloodless and Dragonwild were both not weaklings, but they were still repelled by him with one move!

"Roar!"

Zhao Yue suddenly turned his head, staring fixedly at Bloodless.

This was the second person that he was going to kill!

After Bloodless became Hegemon Realm, he virtually did not know what fear was.

But now, he felt his hair stand on end!

Zhao Yue was very dangerous!

Swoosh!

Zhao Yue turned into an afterimage, pouncing toward Bloodless.

Bang! Bang! Bang!

Zhao Yue's attacks were incomparably fierce, without easing up at all.

Bloodless did not even have the chance to use his ultimate move.

Very primitive, very violent, but very strong!

Dragonwild actually did not dare to join the battle for some time.

This Zhao Yue was too ferocious and brutal!

"Dragonwild, if you still don't take action, the two of us will have to die here today! His strength is already infinitely close to Supreme Hegemon!" Bloodless roared angrily.

When Dragonwild heard that, he could only clench his teeth and join the fight.

But it was useless!

Zhao Yue fighting one against two completely suppressed them.

The entire dungeon was reduced to fragments by the three people's battle.

Even the restrictions started shattering!

Finally, with a bang, the top of the dungeon had a large hole being punched out. The stars outside could be seen.

The three people directly fought their way out from underground.

When those prisoners saw this scene, each and every one of their faces turned white.

This kind of battle was too savage and brutal!

They were unable to imagine, if it was not for Ye Yuan subduing Zhao Yue, would they have been torn to pieces or not?

Such an existence made them feel fear from the bottom of their souls.

Many people's eyes looked toward Ye Yuan.

How did this guy do it?

Such a ferocious existence, they felt their souls quiver just with one glance.

Ye Yuan could actually subdue him.

Furthermore, they could tell that Ye Yuan did not have any contractual relationship with Zhao Yue.

But Zhao Yue, without any intelligence, was actually willing to listen to Ye Yuan's orders.

This was simply too miraculous!

But no matter what, they were saved!

The feeling of seeing the light of day again was really too wonderful!

The ferocious beasts that Zhao Yue brought out, their strength were all extremely powerful.

Before long, Blood Dragon Island's elite powerhouses were all brutally killed.

Those prisoners were all extremely thrilled.

Today, this damn place that trapped them for several thousand years was finally going to be torn apart!

Chapter 2994: It Has Nothing to Do With Me Anymore?

Above the void, the battle was furious to the extreme.

The three great Hegemons' battle was completely not like the battle of Hegemon Realms.

Primitive and fierce!

Zhao Yue disregarded getting injured, attacking Bloodless frenziedly.

Bloodless' physical body had already been smashed many times.

He only survived by relying on powerful revival from a drop of blood.

But, the more Bloodless fought, the more terrified he became.

Was this guy really the monster that he created?

Why was he so strong?

When Hegemon Dragonsand suppressed Zhao Yue in the past, he was clearly not so strong yet!

This was of course Ye Yuan's work.

Ye Yuan helped Zhao Yue to examine his bloodlines and discovered that the bloodline powers within his body were incomparably complicated.

The Conversion Blood Crystal that Bloodless spent 100 thousand years to come up with was naturally not an ordinary object.

With Ye Yuan's current ability, he could not resolve it at all.

After all, this was a Hegemon level thing.

Ye Yuan discovered that those complicated to the extreme bloodlines had already completely fused into one entity with Zhao Yue and could not be separated at all.

At least, with his current strength, he could not do it at all.

But Ye Yuan thought of a way. It was to inject a drop of his blood essence into Zhao Yue's body!

Of course, his fused bloodline was actually nothing to Zhao Yue.

Zhao Yue's bloodlines were far stronger than Ye Yuan's fused bloodline.

It was just that the bloodline conflict left him in the abyss of suffering at all times.

It was also precisely because of this that Zhao Yue became extremely irascible.

However, a trace of blood origin was contained in Ye Yuan's blood essence!

The origin of chaos blood was the source of all blood. There was no need to say more about its power.

Under Ye Yuan's guidance, this trace of origin power had the effect of a lubricant.

It was just like Zhao Yue's bloodline powers. They were originally stacked together like miscellaneous things. But now, they were arranged neatly.

Therefore, Zhao Yue's control over his bloodlines became even more accomplished with high proficiency.

He did not need to waste energy to go and maintain that complicated bloodline conflict.

Hence, his combat strength went off the charts!

"Argh! Argh! Argh! Why is it like this? How can it be like this?"

Bloodless also did not expect that this creature that he created was actually so powerful.

Bang! Bang! Bang!

Bloodless's physical body was blown apart over and over again.

Zhao Yue did not know fatigue at all. You revive ten times, I'll blow you apart ten times!

You revive a hundred times, I'll blow you apart a hundred times!

Finally, after being blasted apart once more, he could no longer recover.

The powerful Hegemon Bloodless was completely killed by the 'monster' that he created!

Once Bloodless died, Dragonwild was unable to salvage the situation alone and fell very quickly.

Two great hegemonies died at the hands of Zhao Yue this 'monster'!

"Roar!"

"Roar!"

"Roar!"

Zhao Yue lifted his head to the sky and roared angrily, seemingly giving vent to the resentment in his heart.

His intelligence was almost wiped out, but the instinct to take revenge was still there.

Now that the great enmity had been avenged, his angry roar carried an inexplicable grief, moving people.

Below, thousands of people felt deeply affected, as if they had experienced it too. Many people actually shed tears.

In fact, what happened to Zhao Yue actually happened to them too.

Finished venting, Zhao Yue leaped down and came before Ye Yuan, lying prostrating.

Clearly, he was thanking Ye Yuan.

The current Zhao Yue was extremely respectful and submissive. How did he still have the demeanor of the king of all beasts?

All around, thousands of people directly knelt down toward Ye Yuan.

This person was sent by heaven to save them!

“Many thanks, Sir Ye, for your life-saving grace!” Everyone spoke in unison.

Ye Yuan let out a sigh and said, “If you all want to thank, thank Zhao Yue and his companions! I know that you all view him as a monster, but they are not monsters! They relied on powerful will to survive. Their humanity had not been extinguished! If that were not the case, even if I had exceedingly formidable abilities, I can’t save all of you either!”

When everyone heard that, each and every one of them was extremely ashamed.

Transplanting Conversion Blood Crystal had extremely high mortality.

Those able to survive were anomalies.

However, nobody saw them as humans, even if Zhao Yue and the others were once one of them.

This kind of incomparably ugly monster, even they themselves felt disgusted too.

And also ... fear!

But it was these monsters that they looked down on in their hearts that rescued them today and avenged them!

“M-many thanks for Brother Zhao’s life-saving grace!”

“Thank you, Brother Zhao, for taking action!”

... ..

Gradually, more and more people bowed toward Zhao Yue.

Ye Yuan looked at Zhao Yue and said with a smile, “You look, they are all thanking you!”

“Roar!”

Zhao Yue roared fiercely as though he was angry. Everyone was alarmed when they saw it.

Ye Yuan smiled and said, “He’s happy!”

Only then did everyone feel relieved.

The current Zhao Yue was no different from a wild beast. Everything was based on instinct.

The only one that he trusted was Ye Yuan!

This was because the sincerity of Ye Yuan was something that no one else had.

In the horizon, more than a hundred people in mighty contingents were flying over toward this side.

These hundreds of people had an imposing momentum, seething with killing intent.

Especially the old man in the front, he had an unstoppable momentum.

These people were precisely the various tribe powerhouses that came from afar.

“Long Qianxiang, come out for this seat and die!”

His voice reached first before his person reached. Hegemon Long Ran’s fury at this time could be seen.

But, when his figure appeared in the sky above Blood Dragon Island, his entire person was stunned.

“This ... Where are the people?” Long Ran said with a dumbfounded look.

The auras of Hegemons were very strong. Let alone that Zhao Yue had fought fiercely with the two great Hegemons for the greater part of a day.

Dragonwild’s and Bloodless’s auras had not dissipated yet until now.

Long Ran was very certain that there were two great Hegemons who died!

The entire Blood Dragon Island was a scene of desolation, being fought until it fragmented into pieces, becoming a wasteland.

Even Long Ran, this Hegemon Realm, was stunned by the scene before his eyes too.

Two great Hegemons falling, this was a huge matter!

This ... What was going on?

Ye Yuan rose up into the air and said to Long Ran with cupped fists: “Senior Long Ran, Blood Dragon Island’s matter has already been resolved. The two great Hegemons on the island, Dragonwild and Bloodless, had been executed! Everyone who was involved in murdering their own people, they had all been beheaded!”

Long Ran had a stunned look again and said, “R-Resolved? So it has nothing to do with me anymore?”

“Roar!”

Behind Ye Yuan, Zhao Yue rose up into the air and bared his teeth at Long Ran, brimming with killing intent.

When Long Ran saw Zhao Yue’s ferocious appearance, he could not help jumping in fright and was almost about to attack.

Ye Yuan hurriedly said, “Senior, please stay your hand. The one who killed Dragonwild and Bloodless was precisely Zhao Yue! Zhao Yue, this is Senior Long Ran. Don’t be rude!”

The moment Zhao Yue heard, he immediately stopped behind Ye Yuan and stopped flying off the handle.

When Long Ran saw this scene, his eyeballs were almost popping out.

Zhao Yue gave him an extremely dangerous aura. He had a feeling that if they really came to blows, he was most likely not this guy's match.

Furthermore, this guy was incomparably savage. He was completely a wild beast.

But he was actually so obedient in front of Ye Yuan.

How did ... this boy do it?

During this period of time, Ye Yuan had always been devoted to Blood Dragon Island's matter, and he cut off the connection with his human soul clone.

Therefore, Long Ran did not know what happened here.

It was also precisely because of this that when the human soul clone knew that things were bad, he urged Long Ran to hurry over.

Long Ran did not expect that it actually had nothing to do with him anymore.

Chapter 2995: He'll Definitely Pay the Price!

After dispelling the heavy fog, everyone seemed to have stepped into paradise!

Many true dragons were soaring in the sky.

This place was the world of dragons!

"Stop! Trespassing Heavenly Dragon Island is a capital offense!" Suddenly, a voice came out of the large fog.

Two Emperor Sakra Heaven Realm true dragons dashed out, blocking everyone's path.

But very soon, their expressions changed.

Because they saw thousands of people moving like a great flood, barging into Heavenly Dragon Island.

Each one was very powerful!

The old man in front was even an existence that made them tremble.

"Long Min, you're really awe-inspiring, to dare block this seat's path!" Long Ran said with a cold snort.

This group of people was precisely Long Ran and party who came from Blood Dragon Island to denounce publicly for crimes.

Originally, Long Ran planned on coming alone. But, he listened to Ye Yuan's advice and brought these thousands of people all onto Heavenly Dragon Island.

Apart from this, the leaders of East Bellow Region's various major tribes, as well as four other Hegemon Realm powerhouses, were all gathered here.

In order to put pressure on Heavenly Dragon Island!

These people represented the entire East Billow Region!

“This ... Elder Long Ran has returned. Long Min naturally doesn’t dare to stop. But these people ... each and every one of them, they are strange beings. How can they enter Heavenly Dragon Island? Whatever business Elder Long Ran has, you can enter the island with all the elders. As for the others, they had better remain outside!” Long Min said neither obsequiously nor haughtily.

But the meaning in his words was filled with disdain.

The ‘strange beings’ that he talked about, it was naturally referring to Zhao Yue and the rest.

These people were filled with a savage aura on their bodies.

In Long Min’s view, they were not worthy to enter the island at all.

Heavenly Dragon Island was the holy land of the 33 Heavens’ dragon race, being a paramount place.

These monsters getting on the island were desecrating the holy land!

Long Ran and the rest of the Hegemon Realm powerhouses naturally had extremely high statuses in the dragon race.

It was just that they were advanced in age and could not bear to part with their tribes. That was why they did not stay on Heavenly Dragon Island.

But they were all Heavenly Dragon Island’s Hegemon Realm elders. They naturally had the qualifications to enter the island.

“Roar!”

Behind Ye Yuan, Zhao Yue roared furiously. His fiendish aura instantly spread throughout the entire island.

Long Min’s expression changed greatly. He felt the scent of death.

It was not just Zhao Yue. Long Min’s words made everyone who were already sensitive to begin with, completely explode.

“This guy must be in cahoots with Long Qianxiang!”

“Kill him, take revenge for our dead brothers!”

“Your Father is risking it all today and fighting it out with Heavenly Dragon Island!”

... ..

Facing Long Min’s discrimination, each and every one of them was extremely indignant and virtually wanted to rampage.

Long Min could not quite hold them back anymore. Although he was aware that he was aloof from the masses, one look and it was clear that these people were not to be trifled with.

Disregarding Zhao Yue, none of those monsters behind him was to be trifled with.

Any random one that came out could tear him to shreds!

“Get lost! Otherwise, this seat will kill you now as a sacrificial offering!” Long Ran said with seething killing intent.

Long Min’s expression changed repeatedly, and he said, “Elder Long Ran, here is Heavenly Dragon Island! If you do this, you have to consider the consequences!”

Long Ran sneered and said, “If this place isn’t Heavenly Dragon Island, this seat wouldn’t come! Today, this seat came to ask Mi Zhen, whether or not he still takes this seat to be a clansman!”

Finished saying, he directly smacked Long Min flying with a slap and could not be bothered to talk rubbish with him at all.

Several thousand people marched for the sky above Heavenly Dragon Island in a mighty contingent.

The entire Heavenly Dragon Island seethed with excitement at once!

Many people were uncertain what it meant and even thought that there were enemies attacking.

Swoosh!

Swoosh!

Swoosh!

... ..

One powerful aura after another stepped out of the void.

One!

Two!

Three!

37 Hegemon Realms!

Ye Yuan could not help drawing a cold breath. This... was also too strong!

The entire Grand Brightjade Complete Heaven only had 60 over Hegemon Realm powerhouses.

While a single Heavenly Dragon Island actually had 37 Hegemon Realms already!

Plus Long Ran the five of them, there were 42!

Ye Yuan knew that there were definitely still many Hegemon Realms that had gone into hiding. Just one dragon clan, the number of Hegemon Realms was no less than 60!

This power was too terrifying!

How many Hegemon Realms did the entire Voidshrine Illuminating Heaven have?

No wonder the blood race did not dare to invade this place in a flagrant manner. Once they angered the four symbols family clans, several hundred Hegemon Realms joining forces could directly level them!

With 37 Hegemon Realms stood proudly in the air, it completely suppressed the imposing momentum on Ye Yuan's side at once.

A Hegemon Realm whose aura was powerful to the extreme questioned Long Ran, "Long Ran, do you want to rebel? Bringing a bunch of monsters and forcibly getting on Heavenly Dragon Island, what do you want?"

Ye Yuan felt that this person's strength was at least Supreme Hegemon level too!

"Rebel? *Hur hur*, Long Jian, this old man's head isn't rotten. Can I rebel just by bringing these people? This old man came here today with no other intention than to seek justice for East Bellow Region's children and grandchildren! If Heavenly Dragon Island feels that our East Bellow Region is expendable, then you can very well annihilate all of us today! From now on, Heavenly Dragon Island is Heavenly Dragon Island, and East Bellow Region is East Bellow Region. We'll have no dealings with each other! Either way, in the eyes of you all, these Hegemons who are far removed from the masses and reality, we're just a bunch of ants!" Long Ran's words carried endless lament and resentment.

On Blood Dragon Island, he understood everything.

Looking at these monster-like children, his heart ached to the extreme.

Over 100 thousand years, how many geniuses died?

Among these people, perhaps there would be Hegemon Realms appearing. No matter how lacking, there would also be a large batch of origin powerhouses.

But they all died in their own people's hands!

Long Jian's brows furrowed slightly, and he said in a solemn voice, "Long Ran, have you gone muddleheaded with age? East Bellow Region and Heavenly Dragon Island are of the same breath and branch! We are both of the dragon race! Where are your words coming from?"

"Of the same breath and branch! *Hahaha*, what a fine of the same breath and branch! Long Jian, you open your eyes wide and take a good look at them! Dragonwild and Long Qianxiang turned them into resembling neither human nor ghost! You're telling me now, of the same breath and branch? Don't tell me that Dragonwild and Long Qianxiang has nothing to do with Heavenly Dragon Island, right?" Long Ran laughed until tears ran down his old face.

Long Jian's expression changed, and he said in a solemn voice, "Long Ran, you have to take responsibility for saying this kind of words!"

"Long Ran! This seat knows that you harbor discontentment, but making slanderous charges like this, do you really think that this seat doesn't dare to kill you?" At this time, another Supreme Hegemon came forward and criticized Long Ran.

"*Roar!*"

It was only to hear an astonishing angry roar. Zhao Yue directly turned into an afterimage without waiting for Ye Yuan's orders, pouncing toward this person.

Everyone felt Zhao Yue's heinous wrath!

“Bang!”

Enormous fluctuations rippled in the void, and Zhao Yue was directly sent flying out.

And that Supreme Hegemon was actually also knocked back several thousand feet by Zhao Yue!

“Vile beast! This seat will slaughter you!” That Supreme Hegemon was greatly enraged and was about to kill.

“Roar!”

Zhao Yue roared angrily too and pounced once more.

“Zhao Yue, stop!” Ye Yuan hurriedly yelled.

“Roar!”

Zhao Yue roared angrily with unwillingness.

Ye Yuan leaped up and arrived in front of Zhao Yue and said firmly, “I know that your fury is hard to appease, but I guarantee you, he’ll definitely pay the price!”

“Roar!”

Zhao Yue seemed to understand Ye Yuan’s words, roaring angrily again, but restrained his sharp edge.

Above the sky, the group of Hegemon Realm powerhouses was incredibly amazed.

They could tell that this wild beast-like monster did not have intelligence.

But he was actually so submissive and obedient to a measly little Emperor Cloud Heaven!

Chapter 2996: Chaos True Dragon!

Ye Yuan did not recognize this Supreme Hegemon, but he already knew who he was.

Hegemon Dragonsand!

Back then, when Zhao Yue was completely beastified, he was suppressed by him.

Clearly, the experience back then was very unpleasant.

Zhao Yue only relied on instinct when doing things. Apart from Hegemon Dragonsand, nobody made him have such great fury.

“Hur hur, little fellow, your tone is very big! You think that because this ugly monster listens to you, you can be unbridled in front of this seat?” Dragonsand said with a light laugh.

Clearly, he did not place Ye Yuan, this little bug, in his sights at all.

That made sense. Why would an exalted Supreme Hegemon place an Emperor Cloud Heaven in his eyes?

However, he was calm and collected on the surface. In reality, he was extremely shocked in his heart.

He naturally knew who Zhao Yue was because it was he who took action to suppress Zhao Yue when he was forced to fuse with the Conversion Blood Crystal.

Back then, the berserk Zhao Yue did not have the strength to resist at all under his hands.

But, that blow earlier, although Zhao Yue was somewhat at a disadvantage, he already had the qualification to fight with him!

Furthermore, this monster did not recognize its closest relatives and was violent to the extreme. It could actually heed Ye Yuan's words.

This boy was not simple!

Ye Yuan looked at Dragonsand and said coolly, "Dragonsand, we haven't come after you yet, but you jumped out yourself. When we all, these people, came to Heavenly Dragon Island, we didn't think of going back alive at all! If Blood Dragon Island's matter is the entire Heavenly Dragon Island's intention, then I have nothing to say. Today, just count it as the few thousand of us are walking right into a trap. But if it isn't, *hur hur*, you probably can't shirk responsibility!"

Dragonsand's gaze turned cold, and he said in a cold voice, "What Blood Dragon Island? Brat, you dare to slander this seat. This seat will kill you right now! Could it be that anyone else dare to say a word of refusal?"

Terrifying power of origin directly pressed over toward Ye Yuan.

Ye Yuan seemed to be hit by a paralyzing hex, unable to move at all.

This was the strength of a Supreme Hegemon!

"Roar!"

Zhao Yue roared angrily once more, preparing to pounce towards Dragonsand.

"Enough! Dragonsand, stop! The matter hasn't been figured out yet. What are you haggling over with a junior for?" Long Jian stopped.

Dragonsand was clearly a little apprehensive of Long Jian. That was why he restrained his aura and said with a cold snort, "This junior has a human physical body, but he possesses heaven qian grade bloodline. It's peculiar! No matter how things are, we have to figure it out!"

Long Jian nodded his head, expressing agreement.

Indeed, he found it very strange too.

Ye Yuan's bloodline power clearly could not hide from these major powers.

"Long Ran, whatever there is, say it clearly in front of all the clansmen!" Long Jian said.

Long Ran said with a cold smile, "*Heh heh*, luckily, this old man listened to Ye Yuan and came with such a grand line-up. Otherwise, I really couldn't have explained things with one mouth! This matter can't be reasoned with you. I want to see Progenitor Mi Zhen!"

Long Jian frowned and said, "Long Ran, you're going overboard!"

Long Ran did not care in the slightest and said with a cold snort, “Long Jian, this matter, don’t need me to say, you’ve also guessed some things, right? I came today to personally ask Progenitor Mi Zhen, whether or not he has given up on the East Bellow Region? If so, don’t need everyone to take action. This old man will kill them with my own hands, then pass away in seclusion here!”

His gaze swept over the faces of all the Hegemons, and he asked in a solemn voice, “There are many among you all who came from the East Bellow Region too! Now, somebody is treating your children and descendants as pigs and sheep. Both hands stained full of their own people’s fresh blood! Do you all have an easy conscience like this?”

Those present were all not fools.

Long Ran coming with such a grand line-up, bringing along a bunch of ugly creatures and forcibly entering Heavenly Dragon Island, how could they not see through some clues?

They were also extremely shocked in their hearts.

There was actually someone who had such gall!

Long Jian let out a sigh and said, “Alright, this seat understands!”

Rumble ...

An enormous round hole suddenly appeared in the sky.

A massive dragon head emerged from the round hole.

A boundless chaos aura instantly enveloped the entire Heavenly Dragon Island.

Seeing this enormous dragon, Ye Yuan actually gave rise to the impulse to prostrate in worship.

He was incredibly shocked in his heart!

Was this the aura of a powerhouse who was about to reach the Great Beyond in the legends?

Strong!

Really strong to the extreme!

Originally, Ye Yuan thought that Supreme Hegemon was already the limit of Hegemon Realm.

Such as Hegemon Imperishable that level of existence, he was seriously far too strong.

Even if Hegemon Samsara was stronger than him, how strong could he be?

But now, having witnessed this enormous dragon, he completely understood.

Under the firmament, Ye Yuan felt that he was as insignificant as an ant.

They were heaven!

The enormous dragon swam out of the sky. That massive body could not be contained even by the entire vast expanse of heaven.

Ye Yuan estimated with his eyes that this enormous dragon's body was probably reached 100 thousand feet long!

Chaos true dragon!

This was an existence that was born from heaven and earth!

"Paying respects to Progenitor Mi Zhen!" Everyone knelt down toward this giant dragon.

In fact, even the incomparably berserk Zhao Yue lied prostrate.

There was a voice in Ye Yuan's heart that was calling non-stop, asking him to kneel.

But he did not!

Instead, Ye Yuan stuck his chest up and stood even straighter.

The giant dragon's gaze looked over, the dragon head sticking straight down, virtually touching Ye Yuan's face.

"Young man, why do you not kneel?"

"I'm a divergent cultivator. I don't even kneel to heaven and earth. Why would I kneel to you?"

"You have a dragon soul; you're of the dragon race. So you have to kneel to this ancestor!"

"You're born from heaven and earth, then, do you kneel to heaven and earth?"

Mi Zhen stared at Ye Yuan and was silent for a long time.

Ye Yuan also met Mi Zhen's two eyes and did not shrink back in the slightest.

Long Ran and the rest felt like they were almost fainting in anger.

This punk's gall was also too fat!

This was the progenitor. You actually dared to speak like that?

"Hahaha ..."

Suddenly, Mi Zhen burst into laughter.

The laughter shook until heaven and earth changed colors.

Ye Yuan felt that his bones were almost being shattered.

"Interesting! An interesting little fellow! Looks like you understand heaven very well! Across the heavens and myriad worlds, there has never been a divergent cultivator who could transcend samsara! This progenitor really wants to see how you fight with heaven!"

Amidst the loud laughter, Mi Zhen pulled back and circled around above the void again.

Ye Yuan finally let out a sigh of relief in secret.

This scene earlier merely lasted for a dozen over breaths.

But Ye Yuan felt as if ten thousand years had passed.

His heartbeat was almost stopping!

Facing such an existence, to say that his heart was still like water, that would be a lie.

But Ye Yuan's willpower was long already incomparably powerful. He overcame it!

Of course, what was more important was that Mi Zhen was really too terrifying!

He did not have any secrets to speak of in front of him.

Being so near, Ye Yuan did not know whether or not Mi Tian would be exposed.

But, just now, Mi Tian seemingly disappeared from his body.

Even Ye Yuan himself could not feel his existence anymore.

Very clearly, Mi Zhen could not feel it too.

At this point, how could Ye Yuan still not guess it?

To be able to make Mi Tian fall, apart from an existence like Mi Zhen, who else could there be?

Mi Tian being reluctant to make it clear all along, on the one hand, it was that he himself was not sure too. On the other hand, he was worried that he would harm him.

Mi Zhen was too strong!

"Long Ran, whatever you have, say it!" Mi Zhen looked at Long Ran and said gravely.

Chapter 2997: Overbearing Dragonsand!

"What! Dragonwild and Long Qianxiang actually did such things that go against heaven and reason!"

"No wonder the younger generation disciples who entered Heavenly Dragon Island these few years have been getting worse with each generation. Turns out that they were sent to Blood Dragon Island!"

"The two of them have really lost all balance of judgment! To actually lay such vicious hands on their own people!

... ..

Long Ran revealed everything about Blood Dragon Island's incident. The entire Heavenly Dragon Island fell into shock.

And these monsters in front of them were Blood Dragon Island's 'masterpieces'!

Although Heavenly Dragon Island's powerhouses were sitting up high in a prominent position and turned their noses up at East Bellow Region, this did not mean that they could butcher their clansmen!

Heavenly Dragon Island had many Hegemon Realms that came out of the East Bellow Region.

Blood Dragon Island's matter aroused everyone's fury.

“Presumably, I brought everyone here today to ask one thing. Are the East Bellow Region’s tribes still part of the dragon race?” Long Ran choked with sobs as he said.

Mi Zhen was silent.

After a long time, he heaved a sigh and said, “This progenitor wholeheartedly pursued Great Dao these few years, resulting in neglecting Heavenly Dragon Island’s affairs. I didn’t expect that it actually caused such a tragedy. Long Ran, don’t mention such a thing again. This progenitor apologizes to you and to everyone on behalf of Heavenly Dragon Island.”

These words were sincere and moving.

Many East Bellow Region geniuses felt inexplicably touched.

Progenitor Mi Zhen was a god-like figure to them.

But Progenitor Mi Zhen did not put on any airs and actually apologized to them.

In reality, nobody blamed Mi Zhen at all either. Their resentment and hatred were all focused on Dragonwild and Long Qianxiang.

“Progenitor Mi Zhen, you aren’t to be blamed for this. It’s all Dragonwild and Long Qianxiang’s fault!”

“Yeah, you don’t need to apologize!”

“Progenitor’s apology is too much for us to bear!”

... ..

Everyone was in fear and trepidation. All the people that originally came in a threatening manner became scared all at once.

Only Ye Yuan and Long Ran were sneering in their hearts.

Although Mi Tian did not mention this to him, how shrewd was an old monster like Long Ran?

Mi Tian did not reveal his identity but let Ye Yuan enter Heavenly Dragon Island through mountain challenging, which in itself already indicated many problems.

Coupled with Mi Tian’s demise, Ye Yuan could roughly guess some things.

The more Mi Zhen was like this, the more vigilant he was in his heart.

However, he naturally would not be dumb enough to expose it.

Long Ran said with righteous indignation, “Progenitor, we don’t blame you for this! But I want to ask Progenitor one thing. Are the East Bellow Region’s various tribes still considered a part of the dragon race?”

Mi Zhen said in sullen anger, “Long Ran, these words are overboard! You all are Big Brother and my descendants. You’re naturally all part of the dragon race!”

Long Ran said, "Since that's the case, Progenitor please uphold justice for us! This sort of thing is absolutely not done by Dragonwild and Long Qianxiang only! There must be someone involved from Heavenly Dragon Island. Progenitor, please take charge and get to the bottom of things!"

Everyone prostrated again and said in unison, "Progenitor, please get to the bottom of it!"

Mi Zhen nodded his head and said, "Dragonsand, what do you have to say?"

"Progenitor, there's nothing to say. As long as they can produce evidence, proving that Blood Dragon Island's matter was instigated by me behind the scenes, I'll waste my own cultivation to atone for my crime to Progenitor!"

Dragonsand had a calm look and was not the least bit worried at all.

He controlled Blood Dragon Island's matter remotely and did not leave behind any evidence.

Now, Dragonwild and Long Qianxiang were both dead. With no witnesses to testify, he was not scared at all.

"Roar!"

Zhao Yue roared angrily again.

The moment Dragonsand opened his mouth, Zhao Yue always could not control himself.

Dragonsand looked at Ye Yuan with a frown and said with a cold snort, "Kid, control this animal well! Otherwise, once this seat is enraged, I'm afraid that I can't resist slaughtering him! This animal is just a bloodline warrior. He's not a member of my dragon race! If this seat wants to kill him, nobody will stop me!"

Ye Yuan was not angry either and said with a light smile, "Hegemon Dragonsand, do you have what's called a guilty conscience?"

Dragonsand could not help laughing and said, "Is an animal without intelligence roaring a few times at this seat considered proof? I think that the people that this brute is roaring at aren't just this seat alone, right?"

"Roar! Roar!"

Zhao Yue reached the brink of rampaging once more.

Dragonsand's two eyes turned cold, and he said coolly, "Kid, this seat's dignity isn't to be provoked by an animal! Give you three breaths of time, if you can't take out evidence, this seat will slaughter this beast first!"

Hegemon Dragonsand was overbearing to the extreme.

However, the Hegemons did not express any dissatisfaction with his words.

Zhao Yue did not have intelligence at all. Him roaring a few times naturally could not be taken as evidence.

But Hegemon Dragonsand's prestige was not to be provoked.

One should not look at how Hegemon Dragonsand was very respectful in front of Progenitor Mi Zhen. He was a true-blue supreme powerhouse!

His strength was not at all inferior to the soul race's Hegemon Imperishable.

How could this kind of powerhouse let an animal provoke in front of him time and again?

Therefore, him wanting to kill Zhao Yue was within reason. Nobody could find any problems!

Hegemon Dragonsand stood with his hands behind his back, looking down from a height.

In his eyes, no matter whether it was Ye Yuan or Zhao Yue, they were both just ants.

But Long Ran's expression was very ugly. The development of things had somewhat escaped his control.

Proof!

He really did not have this thing!

Blood Dragon Island's matter was done very cleanly.

He had already searched Blood Dragon Island and did not find any evidence that could directly take Dragonsand down.

Forcibly entering Heavenly Dragon Island, he wanted to let these several thousand people all tell the same story and cast stones at Dragonsand.

But he did not expect that Dragonsand was actually so overbearing, directly wanting to kill Zhao Yue.

Yet, he had no way to reason things out!

"Three!"

"Two!"

Dragonsand's imposing momentum grew stronger and stronger. The pressure of a Supreme Hegemon crushed East Bellow Region's geniuses until each and every one were about to kneel down.

Clearly, he wanted to take Long Ran down a notch!

As for the rest, he did not place them in his sights at all.

Two breaths, his imposing momentum already rose to the peak.

In the next instant, it was an earth-shattering blow!

Right at this time, Ye Yuan opened his mouth and said coolly, "You want proof, then I'll let you see it!"

"Humph!"

Dragonsand snorted coldly. Ye Yuan was akin to having suffered a brutal blow, the two eyes going dark, almost fainting, directly spurting out a large mouthful of blood.

His entire person was directly being pressed on the ground with an incredible pressure.

All the bones in his body were directly crushed!

This guy was too strong. Even if it was just a warning, it was also not what Ye Yuan could withstand.

He would not kill Ye Yuan because Ye Yuan was of the dragon race.

But he would not give Ye Yuan the chance to open his mouth!

“Brat, the conversation between Hegemon Realms, it isn’t your turn to come and interject! Whatever you have, let Long Ran say it! You aren’t qualified enough!”

“Roar!”

Seeing Ye Yuan get injured, Zhao Yue completely rampaged!

Dragonsand was overjoyed in his heart. What he wanted was this result!

Zhao Yue was very troublesome!

His enmity toward him was a hidden danger from start to end.

Therefore, resolving it now was the best!

“Zhao Yue! Stop!” At this time, Ye Yuan bellowed.

Zhao Yue shuddered. He felt Ye Yuan’s fury and actually held back the wildness.

Only to see Ye Yuan slowly get up from the blood pool, pointing at Dragonsand as he said coldly, “What are you scared of? Today, unless you kill me in front of Progenitor, I’ll definitely make you pay the price!”

Chapter 2998: Enshrouding Mist Soul Reading Art!

Dragonsand was shocked in his heart. He was very sure that the blow earlier was enough to turn Ye Yuan into a mass of slush, unable to get up anymore.

But Ye Yuan stood up.

Then he pointed at his nose and scolded him!

Which was also to say that this guy was talking to him while withstanding a pile of broken bones and enduring a pain that normal people found it hard to imagine?

Was this kid a mad man?

Dragonsand did not expect that this puny little Emperor Cloud Heaven was actually so ruthless to himself!

“Scared? *Hur hur*, apart from Progenitor, there isn’t an existence that makes this seat scared in this world! Just based on you, a measly little Emperor Cloud Heaven? That blow just now was just teaching you a lesson, to let you know how insignificant you are! The world of Hegemon Realms isn’t what you can get involved in! Also, do you really think that this seat doesn’t dare to kill you?” Hegemon Dragonsand said with a calm look.

Long Ran also did not expect that Dragonsand actually disregarded his status and made a move against the Emperor Cloud Heaven Ye Yuan.

At this time, he flew into a great rage and said, "Dragonsand, do you still want face or not? Bring it on! If you have the ability, kill the few thousand of us! Come on!"

"Shameless thing! If you have the ability, kill us!"

"An exalted Supreme Hegemon actually made a move against an Emperor Cloud Heaven. Do you still want face or not?"

"Come on! Kill us!"

"Kill us!"

... ..

The East Billow Region's several thousand people all exploded!

No matter who Dragonsand messed with, they would not have been so agitated.

Yet, he touched Ye Yuan!

Ye Yuan was their savior. Without Ye Yuan, they would still be at that damn place, living a life like hell.

The Hegemons were all extremely surprised. Clearly, they all did not expect that Dragonsand's blow actually seemed to have poked the hornet's nest.

In their view, although Dragonsand had the suspicion of bullying the weak, he was not wrong!

A puny little Emperor Cloud Heaven indeed did not have the qualifications to take part in the conversation between Hegemons.

They had always thought that the leader of this group of people was Long Ran.

But now, they discovered that it was clearly not!

Each time that Ye Yuan opened his mouth to speak, their expressions were very different.

"*Humph!* This seat wants to see what proof you can take out! I'll say it first. If you can't take out proof, or it's simply empty rhetoric, then ... this seat will kill people all the same!" Dragonsand said with a cold snort.

He gave in.

Angering the entire East Billow Region, this price was not what he could bear.

The domineeringness from before was a fair use of his status.

Hegemons could not be insulted. This idea was seared in everyone's hearts.

But now, Ye Yuan had the entire East Billow Region behind him as his backer. It was clearly different.

"Zhao Yue!"

Ye Yuan's gaze was icy-cold to the extreme.

Zhao Yue became aware of Ye Yuan's goal and opened his mouth to spit. A remnant soul was spat out.

This remnant soul was riddled full of holes, looking very miserable. However, his appearance could still be discerned.

Long Qianxiang!

"Long Qianxiang! He's actually not dead yet!"

"He's pretty much dead like this, right?"

"Consciousness is already blurry. There's no difference from a fool anymore. Can his words serve as evidence?"

... ..

Many Hegemons all secretly shook their heads, feeling that Ye Yuan was extremely unwise.

It was not that he could not have Long Qianxiang incriminate Dragonsand, but he at least had to have a complete origin divinity too, right?

What the hell was this?

When Dragonsand saw this, he could not help laughing and said, "This is the proof that you're talking about? Do you think that we all, these Hegemon Realms, are very easy to hoodwink?"

From start to end, Mi Zhen did not express anything.

He was aloof from worldly affairs. It was as if everything was under his control.

Ye Yuan did not talk rubbish, his origin divinity directly leaving his body, transforming into a thick mist.

Dragonsand's pupils constricted, and he cried out in surprise, "Enshrouding Mist Soul Physique! This kid is actually so heaven-defying in the soul path?"

Even Mi Zhen let out a light cry of surprise too.

Enshrouding Mist Soul Physique, known as the strongest soul physique in the soul race!

Even Hegemon Heavenly Soul was marginally weaker in comparison too.

In this place, they actually saw an Enshrouding Mist Soul Physique. How could they not be surprised?

A Hegemon said, "I heard that the Nirvanic Soul Clan has many Pseudo Imperishable Soul Physiques. This kid is probably the same too, right? No need to make a big fuss!"

"No. Ye Yuan has the true Enshrouding Mist Soul Physique. There's the aura of chaos in his soul body. It's exactly the same as Imperishable that old ghost! No, wait! This boy's Enshrouding Mist Soul Physique is very strange. It's actually even engraved with many origin seeds!" Long Jian said with a serious face.

He and Dragonsand were both the dragon race's Supreme Hegemons. They were not at all inferior to Hegemon Imperishable. Their experiences and knowledge were naturally extraordinary.

His words shocked everyone.

Didn't that mean that Ye Yuan's soul physique had even greater potential than Hegemon Imperishable?

"However, what is he ... trying to do?" Many people were wondering with uncertainty.

Amidst doubtful voices, the Enshrouding Mist Soul Physique directly burrowed into Long Qianxiang's dilapidated origin divinity.

"Ugh ... ARGHHH!" Strange cries emitted from Long Qianxiang's mouth.

But very soon, the Enshrouding Mist Soul Physique spread out. One lifelike image after another appeared in front of everyone.

"Are these all Long Qianxiang's memory fragments?"

"That's Windward Tribe! This accursed brute actually exterminated the entire Windward Tribe?"

"Also, isn't that Hegemon Dragonriver's grandson? He ... He was captured to Blood Dragon Island too?"

"My God, just how many extremely brutal things has this scum done?"

... ..

One scene after another appeared, and the entire Heavenly Dragon Island was shocked.

These scenes were just Long Qianxiang's memory fragments and not complete memories.

But even so, it was sufficient to set the world on fire too.

Long Qianxiang and Dragonwild, two people, over the years had simply reached a point where all rationality and morality were lost.

It even involved the descendants of several Hegemons!

The expressions of those Hegemon Realm powerhouses gradually turned dark.

Let things drift if they did not affect one personally.

But now, Long Qianxiang had already touched their reverse scales!

Suddenly, someone exclaimed, "Quickly look! That's Hegemon Dragonsand's voice. He's currently giving Long Qianxiang orders!"

Everyone was startled and hurriedly looked toward that scene.

It was only to see Long Qianxiang kneeling on the ground, listening attentively to someone's instructions.

This person was none other than precisely Dragonsand!

"The development is too slow. I need more powerful bloodlines!" Dragonsand said.

Long Qianxiang trembled and said, "Lord Dragonsand, please forgive our offense. We're already doing our very best, but ... the bloodlines are still insufficient!"

“Then go and kill! East Bellow Region has so many tribes. There are always some rare bloodlines! If you kill more people, there will naturally be bloodlines!” Dragonsand said coolly.

“Yes! Subordinate understands!” Long Qianxiang said.

The conversation was not long, but each word cut deep. That indifference toward his own clansmen made people’s hair stand on end.

There were not many scenes with him. It could be seen that Dragonsand was extremely careful.

But he still left behind clues in the end!

Whoosh!

All of a sudden, all the scenes disappeared without a trace.

The Enshrouding Mist Soul Physique turned into a wisp of green smoke and returned to Ye Yuan’s physical body.

“Progenitor Mi Zhen, I wonder if this can be taken as proof?” Ye Yuan stared at the true dragon above the void and said coldly.

Mi Zhen nodded his head and said, “The Enshrouding Mist Soul Reading Art has a great reputation. It can naturally serve as proof!”

Chapter 2999: Are You Very Surprised?

Enshrouding Mist Soul Reading Art was Hegemon Imperishable’s unique secret technique.

Utilizing the Enshrouding Mist Soul Physique to perfectly replicate the information in the soul body.

This move was even more useful than soul search.

Soul search was too violent, it was very easy to lose some important information, but the Enshrouding Mist Soul Physique would not.

Over 100 thousand years, how many memories was that?

But, during these 100 thousand years, Dragonsand rarely appeared in Long Qianxiang’s life.

With soul searching, it basically could not be found.

But the Enshrouding Mist Soul Reading Art could!

Dragonsand was shocked. He completely did not expect that Ye Yuan actually still had this move.

With this, the evidence was really ironclad.

“Dragonsand, what do you still have to say now!” Long Ran berated angrily.

“You butcher, you’ve simply lost all balance of judgment!”

“Dragonsand, you brute! This seat will fight it out to the bitter end with you today!”

“Progenitor, please seek justice for the wronged souls of those clansmen who died!”

... ..

With this, Dragonsand had incurred public wrath.

What he had done could not see the light at all. If it saw the light, he would die.

What he offended was the entire dragon race.

Heavenly Dragon Island's Hegemon Realm powerhouses more or less had some connections with the East Bellow Region.

The holy land did not exist independently.

Heavenly Dragon Island's existence was supported by the entire East Bellow Region.

Dragonsand's actions had angered everyone!

Above the void, Mi Zhen looked at Dragonsand and slowly opened his mouth and said, "Dragonsand, what do you still have to say?"

Dragonsand's expression was grim to the extreme. His gaze when looking toward Ye Yuan seethed with killing intent.

He did not place this ant-like little fellow in his eyes at all.

Whether or not you were angry or hateful, what did it have to do with me?

But it was this bug-like existence that exposed all of his unsavory past.

With this, he really could not clear his name even by jumping into the Yellow River.

"Hahaha ..."

Suddenly, Dragonsand let out a wild laugh and pointed at Mi Zhen as he denounced indignantly, "Mi Zhen, you've disappointed me too much!"

All the Hegemons shut up. Dragonsand went crazy, to actually even dare to scold Progenitor Mi Zhen.

"Our dragon race is born from chaos and is the strongest in all the worlds. Why do we have to be content to exercise sovereignty over a part of the region? We stand proudly at the summit of all the heavens and should unify the 33 Heavens to begin with, becoming the overlord of all races! But you only know to eke out a miserable existence on this Heavenly Dragon Island!"

"If you're not doing it, then I'll do it! What's wrong with cooperating with the blood race and studying bloodlines? Those who accomplish great things don't pay attention to trifles! What do a few clansmen dying count for? If it can let everyone become Hegemons, our dragon race will be able to dominate the heavens immediately! At that time, you all will have to thank me, Dragonsand! What wrong have I committed?!"

The current Dragonsand was unrestrained to the extreme and did not even place Mi Zhen in his sights.

In fact, some dragon clans' warring factions were stirred up by him until they were itching for action.

Unifying the heavens, becoming the overlord of all worlds, this was really a huge temptation.

“Dragonsand! You’re really crazy! Have you forgotten about the Labyrinth Divine Palace back then? Unifying the 33 Heavens? You’re pushing the entire divine race towards the abyss!” Long Jian rebuked angrily.

Dragonsand smiled coldly and said, “What the hell does the Labyrinth Divine Palace count as? As long as our bloodline can break through the shackles and have a few more Great Beyond Realm powerhouses appear, why worry that it can’t succeed? Long Jian, you’re a coward!”

“Enough!”

Suddenly, Mi Zhen shouted coldly and said, “Dragonsand, you disappoint this progenitor too much! This progenitor is born from chaos and has experienced countless years. I haven’t met anyone who could unify the 33 Heavens yet! Furthermore, aren’t you clear what the blood race is like? Asking a tiger for its skin, who gave you the courage?”

Dragonsand had long already fallen completely into madness and said with a wild laugh, “Mi Zhen, you’re the same as Mi Tian that old fellow, both gutless fellows! I think that you guys must have reincarnated wrongly. You should have gone to the south to be brothers with that old tortoise to begin with!”

Mi Zhen’s eyes turned cold, and the aura of Great Dao instantly covered the entire Heavenly Dragon Island.

It was only to see him raise his dragon claw and directly press down.

Dragonsand was not willing to show weakness, his aura suddenly skyrocketing.

Everyone’s expression changed wildly. It was because his aura actually approached that of Mi Zhen’s!

“This guy is ... actually powerful to such an extent already!” Long Jian said in shock.

Boom!

With one exchange, the entire Heavenly Dragon Island started to shake.

Dragonsand was directly smacked flying out.

It was not that Dragonsand was weak, but that Mi Zhen was really too strong.

Ye Yuan’s heart stirred slightly. It was his first time witnessing the might of a Great Beyond Realm!

This kind of power really made people despair!

Supreme Hegemons completely could not withstand a single blow in front of a Great Beyond powerhouse.

Dragonsand was very strong, virtually reaching the Great Beyond Realm.

But it was that tiny bit off in the end.

Dragonsand was bloodied all over, but he still let out a loud laughter and said, “Saw that, Mi Zhen? Great Beyond Realm isn’t lofty and out of reach too! I can do it as well!”

Mi Zhen snorted coldly and said, "You're still lacking some level of attainment in the end!"

Finished saying, Mi Zhen smacked another dragon claw down.

One claw, heaven and earth changed colors, and the winds and clouds surged!

Ye Yuan felt the aura of the Door of Eternal Life from this claw!

So strong!

This level of existence, every action and movement secretly contained Heavenly Dao, as if Heavenly Dao itself had descended!

Especially that they could actually muster the power of the Door of Eternal Life!

Bang!

Dragonsand was virtually scattered until this claw.

Seeing this scene, Long Ran could not help doubting too.

Could it be that he guessed wrongly?

There was no problem with Progenitor Mi Zhen at all?

Otherwise, how could he use such drastic measures, directly killing a great general under his command?

Bang!

It was another claw. Dragonsand's physical body was virtually smacked into a pile of slush.

Mi Zhen said coolly, "Dragonsand, it ends here!"

Dragonsand did not care about Mi Zhen, but he looked toward Ye Yuan instead and said fiercely, "Brat, it's all you! If not for you, this seat's grand plan would definitely have been able to succeed! Even if I die today, this seat will make you accompany me in death too!"

Swoosh!

A terrifying aura instantly engulfed everything and swept over.

Zhao Yue protected Ye Yuan, a hint of solemnness showing on his savage face.

He felt Dragonsand's might!

Ye Yuan said coolly, "It's fine. With Progenitor around, he can't jump around."

Mi Zhen gave Ye Yuan a glance and smacked a claw down once more.

Boom!

Dragonsand's physical body immediately exploded to shreds.

His dragon soul was also directly scattered.

Everyone let out a long sigh in relief.

"I didn't expect it. Such a terrifying guy was actually hiding among us!"

"Fortunately, he was discovered early. Otherwise, given time, Progenitor Mi Zhen probably couldn't have done anything to him either."

"It's all thanks to Ye Yuan this kid. Otherwise, the consequences would have been too ghastly to contemplate."

... ..

At this time, some people could not help thanking Ye Yuan.

With an ambitious schemer like Dragonsand around them, it was really too scary.

Long Ran let out a long sigh in relief and was extremely remorseful in his heart.

He felt that he should not have doubted Progenitor Mi Zhen.

"Ye Yuan, it's all thanks to you this time! *Mn?* Where is he?"

Long Ran was just about to thank Ye Yuan, but then he discovered that Ye Yuan was long gone already.

Ten miles away, a figure flashed, imprisoning a drop of fresh blood in his hand.

Above the void, Mi Zhen's pupils constricted, looking at Ye Yuan in astonishment.

While Ye Yuan grinned and looked at that drop of fresh blood in his hand as he said, "How is it? Are you very surprised? I said that I'd make you pay the price. I wasn't joking with you."

Chapter 3000: Call 'Grandpa' Three Times!

"*Mn?* What's Ye Yuan doing?"

"What he's holding in his hand seems to be Dragonsand's blood, right?"

"Dragonsand is already completely dead. What is he holding his blood for? It can't be that he can still revive, right?"

... ..

With regards to Ye Yuan's actions, everyone felt very perplexed.

With Dragonsand dead, there was no idea how much blood in his body that was scattered all over the place.

Yet, Ye Yuan ran so far away to get a drop of blood and even placed a restriction.

How baffling!

But Mi Zhen was extremely enraged in his heart.

Just now, he put on a look of heartache and headache. It was merely just putting on a show, that was all.

Dragonsand was not dead at all!

Of course, it was true that he killed Dragonsand.

In front of so many Hegemons, it could not be faked as well.

But in reality, Dragonsand was just seriously injured and did not completely die.

His essence, energy, and spirit were all merged into a drop of fresh blood.

He killed Dragonsand by blowing him up. There was blood everywhere. Nobody would pay attention to the direction that a single drop of blood essence had gone to.

Dragonsand was a Supreme Hegemon. Furthermore, he was just a tiny bit away from Great Beyond Realm.

This kind of subordinate, how could Mi Zhen possibly give him up so easily?

Therefore, the two of them joined hands, carrying out this scheme that deceived everybody.

Who knew that this blood essence was just about to escape when it was seized by Ye Yuan.

The Hegemon Realms all over the sky did not even detect it. So how could he tell?

Mi Zhen was going crazy!

He had killing intent aroused and wanted to kill Ye Yuan very much.

With his strength, killing Ye Yuan was merely a matter of a thought.

Yet, he could not!

Killing Ye Yuan at this time now was tantamount to telling everyone that he was the main culprit behind the scenes!

Doing so would be equivalent to alienating himself from the dragon race.

It was true that he was the dragon race's progenitor. But wanting to actualize his ambitions, he needed the entire dragon race as the backing.

He could not do it alone!

Otherwise, with how the Chaos Bloodstone was extremely strong, there was completely no need to create a blood race to help him attack cities and seize fortresses.

Ye Yuan had calculated this as well. That was why he would take action.

Otherwise, he would rather let Dragonsand go.

Ye Yuan was different from Long Ran. He never believed Mi Zhen from start to end.

Therefore, he had always remained vigilant, especially after Mi Zhen 'killed' Dragonsand.

Then, Ye Yuan detected a trace of undulation.

The undulation of blood origin!

Dragonsand becoming strong naturally could not do without the blood race's support.

He remoulded his bloodline. It would definitely leave behind the aura of blood origin.

Very unfortunately, Ye Yuan had a trace of the origin of chaos blood!

And this trace of origin was even stronger than Mi Zhen!

He grabbed Dragonsand like he was pinching onto Mi Zhen's vital point.

Swoosh!

Ye Yuan returned in an instant. After consuming a grade seven heavenly pill, his injuries were already more than half-healed.

"Ye Yuan, what are you doing?" Long Ran said with a frown.

Ye Yuan played with that drop of blood essence in his hand and said with a smile, "If I say that he's Dragonsand, you all definitely won't believe it."

Long Ran could not help laughing and said, "Ye Yuan, you're oversensitive! Progenitor's arcane eyes are exceedingly formidable. How can Dragonsand possibly hide from him? This drop of blood is merely a drop of ordinary dragon blood. That's all."

Yes, this drop of blood essence looked exactly identical to ordinary dragon blood.

Ye Yuan looked at Mi Zhen with a smile, looking like he was taking credit for someone else's achievements.

Mi Zhen found it really unpleasant to the eye.

However, got to admit, Dragonsand's mental strength was very strong.

Even until now, he was not willing to reveal a hint of flaw too!

This drop of blood was calm like water.

"Ye Yuan, this progenitor is Great Beyond Realm. With Dragonsand's bit of strength, he can't hide from this progenitor! Just a drop of ordinary dragon blood. You're thinking too much, Ye Yuan!" Mi Zhen said reluctantly.

He never suspected Ye Yuan because Ye Yuan's level was too far from him.

Of course, he admitted, Ye Yuan was very impressive.

"Kid, this seat knows that you like to be in the limelight. However, you've already shown off a lot too. This kind of method to talk big to impress people, don't take it out. You are questioning my dragon race's progenitor!" Long Jian said in a solemn voice.

"Goodness gracious, what a severe crime! But I said before too. I'm a divergent cultivator! I even dare to question heaven, so let alone Progenitor? In this world, I only believe in myself!" Ye Yuan said coolly.

"Impudent! A measly little Emperor Cloud Heaven actually dares to be so condescending!" Long Jian said angrily.

Ye Yuan waved his hand and said with a smile, "It's not that I'm condescending, but that you're very silly and very naive. Don't you forget how Dragonsand schemed against you all! A cunning rabbit has three nests. Do you think that he'll really die so easily?"

Long Jian smiled coldly and said, "Just a drop of ordinary dragon blood, that's all. You say that it's Dragonsand and it's Dragonsand?"

Ye Yuan smiled and said, "Then why don't we play a game? If I prove that it's Dragonsand, you call 'grandpa' three times, alright? If I lose, I'll kneel down to Progenitor and apologize, and I'll destroy my Dao heart!"

Long Jian's expression turned somber, very surprised in his heart.

This boy was actually betting his Dao heart. Could it be that there was really a problem?

But even Progenitor clearly could not see through this thing!

"Why not!" In the end, Long Jian still chose to trust Progenitor.

He did not believe that Dragonsand could hide from Progenitor!

It was just that he did not know that Dragonsand and Progenitor were in cahoots to begin with!

He was destined to lose this bet.

Ye Yuan smiled lightly and said to Feng Qingxuan, "Hey, lend your nirvanic rebirth fire! After roasting, we'll know the truth."

Mi Zhen's heart thumped. This brat had such vicious means!

Nirvanic rebirth fire could burn all things in the world. It was one of the most powerful means of the phoenix race.

Under the grilling of such blazing fire, Dragonsand would definitely reveal his true colors!

Normally, Feng Qingxuan's meager strength naturally could not do anything to him.

But he was only left with a drop of blood essence now and was weak to the extreme.

Otherwise, he would not have been directly grabbed by Ye Yuan too.

Mn, this was all thanks to Mi Zhen.

Mi Zhen regretted it to the extreme now. If he knew long ago, he would have gone easy just now.

Leave Dragonsand with some vitality, and he could have escaped from Ye Yuan's hands too.

But, in order to make things authentic, he directly struck ruthlessly.

Feng Qingxuan's beautiful eyes stared, and she said with a cold snort, "I'm not called 'hey'! Also, is this your attitude of asking people for help?"

Seeing that Ye Yuan was about to turn around and directly ignore her, she hurriedly said, "Hand it over! You're really petty!"

Boom!

The terrifying nirvanic rebirth fire instantly ignited.

Dragonsand's endurance was indeed incomparably strong.

Over 15 minutes passed, Dragonsand's blood essence did not stir at all.

Long Jian smiled coldly and said, "Is that the Dragonsand that you're talking about? Kid, one must be willing to lose if they bet. Kowtow to Progenitor and atone for your crime!"

"Enough, boy! It ends here! In this world, there's nothing that can escape this progenitor's arcane eyes!" Mi Zhen finally could not hold back and spoke up.

Right at this time, an abnormality suddenly occurred!

Pah, pah, pah ...

Crackling sounds emitted from the nirvanic rebirth fire.

Amidst the flames, a hoarse yell came over, "ARGHHHH! Little brat! Ye Yuan, this seat can't coexist with you under the same sky! Proge ..."

Pah!

A force fired out. The blood essence was directly blown up.

Dragonsand's remnant soul was directly obliterated by Ye Yuan!

At the final juncture, he wanted to ask Mi Zhen for help, but Ye Yuan could not let him call out.

Once Mi Zhen was exposed, the consequences would be too terrifying.

Therefore, he killed Dragonsand right away!

Then he looked at Long Jian and said with a smile, "How about that? Want to concede defeat and call 'grandpa' three times for me to hear?"
