

Medicine God 3001

Chapter 3001: Eternal River!

Before he had time to cry out in surprise, Long Jian's face immediately pulled as long as a horse's face.

He, an exalted Supreme Hegemon, needed to call Ye Yuan as his grandpa?

You're freaking courting death!

*Dragonsand, I *&(%^)(*\$!*

Although Dragonsand was already completely dead, Long Jian still cussed out his entire family cordially.

"Hahaha ... Senior Long Jian, just kidding with it. You don't have this expression!" Ye Yuan said with a loud laugh.

I @#&^%\$*, couldn't you say earlier?*

However, Long Jian let out a sigh of relief.

This kid was considered sensible!

"Humph! Boy, consider it that you've rendered a contribution!" Long Jian said in a solemn voice.

The others were long already stunned!

Based on the fact that even Progenitor Mi Zhen could not see through, Ye Yuan could see through it.

This kid was also too monstrous, right?

In contrast, Ye Yuan immediately seemed to become big and tall.

One had to know, Progenitor Mi Zhen was one of the top Hegemon powerhouses in the 33 Heavens!

Even he could not tell how shocking Ye Yuan's actions were?

Ye Yuan killing Dragonsand also refreshed the three outlooks on life that East Bellow Region's geniuses had of Ye Yuan.

This guy really had endless trump cards!

However, they also secretly let out a sigh of relief.

If Dragonsand escaped, the consequences would really be too dreadful to contemplate.

Ye Yuan looked at Mi Zhen and said sarcastically, "Progenitor, I didn't expect that you'd have times where you make an error of judgment too."

How majestic was the enormous dragon soaring in the air?

But at this time, the scene appeared to be a little awkward.

"Hur hur, well done! Kid, I didn't expect that you still have quite the means." Mi Zhen had no choice but to force a laugh and even praised Ye Yuan.

Ye Yuan smiled modestly and said, "Not at all. Progenitor is too kind. Ridding the dragon race of evil is what every clansman should do!"

Mi Zhen had a myriad of profanities galloping across in his heart.

His heart ached to the extreme. Dragonsand was a powerhouse who had a foot stepped into the Great Beyond Realm!

He was gone with just a 'pa'!

"You've made a considerable contribution this time. What reward do you want?" Mi Zhen grumbled.

"I want to enter the Eternal River!" Ye Yuan said without the slightest hesitation.

"Eternal River? With your meager strength, entering the Eternal River is useless," Mi Zhen said somewhat surprisedly.

"Kid, you'd best be more well-behaved and to cultivate by following the standard routine. Don't reach beyond your grasp!" Long Jian also said in a solemn voice.

Long Jian's personality was level-headed. He always felt that Ye Yuan was too full of himself.

This kind of personality was not conducive to cultivation.

However, after experiencing Dragonsand's matter, he also viewed Ye Yuan in a different light and felt very optimistic about him.

Ye Yuan smiled and said, "I just heard that the Eternal River is the source of the dragon race. I want to enter to see it. Perhaps, there might be unexpected gains?"

All the Hegemon Realms had black lines on their heads. This guy really made people speechless!

Eternal River meant the eternally flowing river.

It was said that this river ran throughout all the heavens and worlds. It was the mother river of all worlds.

Every heaven and myriad worlds all originated from the Eternal River.

No one knew where the source of the river was.

However, the 33 Heavens were all on the branches of the Eternal River.

It was a river and also not a river.

Like Mi Tian, Mi Zhen, Hegemon Samsara, and the rest of the chaos bodies, they were all born here.

Somebody said that the source of the Eternal River was the Door of Eternal Life.

The river water flowed out of the Door of Eternal Life, evolving into the heavens and myriad worlds.

This version was very popular.

However, no one knew what the truth was.

This was because even those as strong as Mi Tian and Mi Zhen were unable to explore the source of the Eternal River too.

The vast majority of Hegemon Realms would gain enlightenment in the Eternal River, seeking the Great Beyond.

Why was Voidshrine Illuminating Heaven powerful?

It was because it was at the uppermost location at the Eternal River. The aura of chaos was the richest.

The first time one entered the Eternal River, the chaos aura in the Eternal River would give the cultivator endless benefits.

Therefore, to origin realm powerhouses, this place was the best place to break through.

Mi Zhen's meaning was also this.

Ye Yuan was just Emperor Cloud Heaven now. Entering the Emperor Cloud Heaven was too wasteful of the opportunity.

But Ye Yuan said that he wanted to enter to see it. This way of doing things that was a wanton waste of God's good gifts made people feel indignant.

Ye Yuan was naturally not doing it to take a look. He was doing it for Mi Tian.

If Mi Tian wanted to recover, he had to enter the Eternal River.

However, to Ye Yuan, there was indeed not much meaning about whether or not to enter the Eternal River.

He was a divergent cultivator. His Hegemon tribulation would definitely be terrifying to the extreme.

It actually did not matter where he broke through.

"Alright, that's up to you too. Long Jian, you make the arrangements. In addition, investigate Dragonsand's matter to the bottom of it. Those who are involved with the blood race, punish them all with due severity!"

"Yes!" Long Jian answered.

Mi Zhen gave Ye Yuan a meaningful glance and disappeared into the void.

Everything returned to tranquility.

But Ye Yuan sneered in his heart. His arrangements before he left seemed to be very harsh, but actually, it was equivalent to farting.

Dragonsand did things so cautiously. How could it be found so easily?

Otherwise, it would have been impossible for him to have controlled Blood Dragon Island for as long as 100 thousand years under their eyelids.

But the dragon race was completely clueless.

Of course, this clearly had a lot to do with Mi Zhen.

As for Dragonsand's remnant gang, how they investigated, who they investigated, this was all hard to say.

Could it be that they would make these Hegemon Realms go through an investigation?

Only Mi Zhen, this progenitor, had this authority.

Although Long Jian was a Supreme Hegemon, he could not hold down the fort yet.

But Mi Zhen himself directly ran. It was equivalent to saying that this matter had ended here.

After this sudden turn of events, under Long Jian's arrangements, East Bellow Region's geniuses settled down on Heavenly Dragon Island.

Except, these geniuses had too much blood essence being extracted and long already had their martial path cut off.

In order to appease these people, Long Jian arranged for them to enter the Eternal River together with Ye Yuan.

As for whether or not they could break through their own shackles, that would depend on their own fortunes.

In the dead of night, Ye Yuan finally sensed Mi Tian again.

"Senior, nice skill!" Ye Yuan exclaimed.

Several hundred thousand years had passed, and Mi Zhen's current strength was long already unfathomable.

But he actually did not see through Mi Tian. It could be seen that Mi Tian was also not a simple person.

"*Heh*, after so many years, this old man wasn't eking out a miserable existence either," Mi Tian said with a cold laugh.

Ye Yuan smiled and said, "What does Senior think?"

Mi Tian said, "You brat, do you still need to ask me? Hasn't everything in the dragon race been seen through by you already?"

Ye Yuan said with vicissitudes of emotion, "*Heh heh*, so what if I've seen through it? I'm just an Emperor Cloud Heaven after all. Great Beyond Realm is ... too strong!"

Today, having witnessed Mi Zhen's strength, Ye Yuan felt it deeply.

Great Beyond Realm was Hegemon Realm too, but their strength was too strong!

In front of Great Beyond Realm, Ye Yuan felt a deep sense of powerlessness.

Mi Tian smiled and said, "Kid, it's been hard on you on this journey. Leave the rest to this old man! We're already here. If I still have to rely on you, then I, this Great Beyond powerhouse, would also be too incompetent!"

Ye Yuan smiled and said, "In Voidshrine Illuminating Heaven, the blood race hid very deeply! This matter is probably not that simple. The Chaos Bloodstone has a clone in every world. This world's clone has been scheming for hundreds of thousands of years. Its strength is probably unfathomable!"

Mi Tian shook his head and said, "It's not so easy! Unless he can get chaos grade bloodline, it's just a small-scale squabble. Let's talk about everything again after entering the Eternal River!"

Chapter 3002: What He Comprehended, Isn't Right!

"What a boundless aura! This is the Eternal River. How beautiful."

"It feels like if I jump into the river, I'll be able to reach the Great Beyond!"

"Maybe my Martial Dao can recover in the Eternal River!"

... ..

Amidst the endless void, a large river cascaded down, magnificent and grandiose.

The river water ran a long course from a remote source as if it was endless.

It was like a fountain, nourishing every heaven and myriad worlds.

The strongest feeling that the Eternal River gave to people was unfathomable!

Ye Yuan could even feel the Eternal River branches flowing into Voidshrine Illuminating Heaven, supporting this world forever without extinguishing.

However, this boundless aura was different from anywhere in the 33 Heavens.

It had no attributes!

No origins, no rules, no wind, rain, thunder, lightning, and also no light nor darkness.

But it was extremely powerful!

It was even more powerful than Great Beyond Realm.

This kind of feeling was not something that one could explain clearly and make people understand.

"Kid, there's only one chance. You're sure that you want to enter the Eternal River?" Long Jian confirmed again.

Ye Yuan grinned and leaped, jumping into the Eternal River.

Long Jian nearly fainted in anger.

This boy was hopeless!

"*Humph!* Not listening to the advice of the elderly, suffering is right ahead! This fool, let him go and regret it!" Long Jian said crossly.

"*Haha*, this brat is young and aggressive, don't know the immensity of heaven and earth! Many geniuses are like him, being too impatient to wait to enter the Eternal River, thinking that they can be remolded anew. But in the end, each and every one regretted it very much!"

“The path of cultivation still needs to be advancing gradually and entrenching yourself at every step. This kid will regret it!”

“As an Emperor Cloud Heaven, he hasn’t even broken one seal on the Door of Eternal Life. He can’t feel the vastness of the Emperor Cloud Heaven at all! I reckon that he probably can’t even break through a minor realm.”

... ..

Regarding Ye Yuan’s action, many Hegemons were waiting to watch the joke.

The vastness of the Eternal River was not what everyone could feel.

Only by opening the Door of Eternal Life’s seal could one experience it more clearly.

But Ye Yuan had not even opened one seal, and he already had delusions of grandeur about having some amazing performance. Was it possible?

“Alright, you all enter the Eternal River too! Remember, no matter how much you can comprehend, you all can’t enter the main stream! Otherwise, nobody can save you! Furthermore, even in the branch stream, the area that you all can move around in is limited too. If there’s no effect, come onto land in time,” Long Jian warned.

Everyone’s expressions were slightly somber, saying one after another yes.

Several thousand people all jumped into the Eternal River’s branch stream.

“Long Ran, don’t harbor too much hope. Of these several thousand, if there can be 200 people who can get back their path of martial arts, we have to express thanks to heaven and earth already. For the others, the outcome is already fated to be,” Long Jian said.

Long Ran nodded and said, “I know! But this is the only hope for them!”

Long Jian said, “Ye Yuan this boy has quite the means, but his ambition is too great. Too tough, and it’s easily broken. In my view, his future path of Martial Dao might not be very high.”

Long Ran smiled and said, “Is that so? But I feel that this boy has a bright future!”

Long Ran could not help laughing as he said, “Long Ran, how many geniuses have you and I seen before? Some people are even more breathtaking than Ye Yuan! But, in the entire dragon race, there are merely a scanty few dozen people who reached Hegemon Realm in the end!”

Long Ran smiled and did not speak. He naturally had his view.

How could someone that Progenitor Mi Tian thinks highly of possibly fade into the crowd?

... ..

“Ye Yuan, wasting the golden opportunity for you to enter the Eternal River for my sake, I’m really sorry,” Mi Tian said with a sigh.

As a Great Beyond Realm powerhouse, Mi Tian naturally knew how important the chance to enter the Eternal River was.

But Ye Yuan wasted it without the slightest hesitation for him. He was moved in his heart but very ashamed and guilty.

In the Eternal River branch stream, Ye Yuan felt that every pore on his body had opened up.

“Senior, did Hegemon Chaos comprehend the Wordless Heavenly Skill in the Eternal River?” Ye Yuan did not answer Mi Tian but asked a question instead.

Mi Tian was taken aback and said with a nod, “That’s right! This old man wasn’t an amazingly talented person before, but when he broke through to Hegemon Realm, he entered the Eternal River and had a grand awakening, comprehending the Wordless Heavenly Skill. That was how he corroborated his Dao to become a Supreme Hegemon. Why did you suddenly ask about this?”

Ye Yuan looked at this endless Eternal River and was somewhat spellbound as he said, “I think I comprehended.”

Mi Tian was taken aback and said, “Comprehended? Haven’t you long comprehended the Wordless Heavenly Skill?”

Ye Yuan shook his head and said, “What he comprehended wasn’t correct!”

Mi Tian was speechless.

Ye Yuan said, “Chaos flows out of the Eternal River, developing myriad Dao. Hegemon Chaos is tracing the origin, imitating Chaos Heavenly Dao with his own cultivation, deriving all life. Little did he imagine that if he’s unable to reach the Great Beyond, he wouldn’t be able to truly trace it to the source. Without the source, where lies chaos? His path doesn’t work!”

What kind of realm was Mi Tian at? With this bit from Ye Yuan, he understood.

Hegemon Chaos’ strength was exceedingly formidable. He was only half a step away from Great Beyond too.

But this half a step was as difficult as ascending to heaven.

Only now did Mi Tian know that it was not that Hegemon Chaos was lacking in talent. But it was that his path was wrong to begin with!

His cultivation method could only sustain him to cultivate until below Great Beyond but was unable to let him ascend to the summit.

“Then isn’t your cultivation path all wrong?” Mi Tian said in surprise.

Ye Yuan said, “It’s wrong, but also not wrong!”

Mi Tian frowned and said, “How do you mean?”

Ye Yuan said, “His path is the opposite! Under Heavenly Dao, all lives are akin to ants! Since you’re an ant, how do you transform Dao into one, and give birth to all life? You think that you’re standing sufficiently high, but actually, you’re merely a frog at the bottom of a well! Just what lies at the Door of Eternal Life’s end, nobody knows as well. You all, these existences born from chaos, might have a glimmer of hope. But it’s definitely impossible for him. Chaos is too high. It’s not what he can connect

to! But, by acting in a diametrically opposite way, gaining enlightenment on myriad Great Dao, comprehending the numerous ways of life, combining Dao into one, one might be able to corroborate Great Dao!”

Mi Tian’s pupils constricted, and he said, “Doesn’t that mean that Samsara, that old thing’s path, is correct?”

Ye Yuan shook his head and said, “The path of samsara, comprehending the numerous ways of life, feeling the samsara of the world. Enshrouding Mist Soul Physique, deriving myriad Dao, tracing back to the source. Cloud Dream Soul Physique, dreaming for 3000 years, gaining enlightenment on longevity in one day. These paths might all be correct, or ... they are all wrong. But all roads lead to Rome; the direction is correct!”

Mi Tian understood.

No matter what method you used to break open the Door of Eternal Life, the final result was all the same.

Only by comprehending all life and myriad Dao, combining the two into one, could one corroborate their Dao!

Hegemon Samsara, walking a path all the way without turning back.

But he trod out his own Dao and comprehended all life and myriad Dao with the Dao of Samsara!

With Myriad Dao combining into one, his strength was strong to the extreme!

Very clearly, Hegemon Samsara had long comprehended, so his strength was unfathomable.

Hearing Ye Yuan’s words, Mi Tian felt like he was suddenly enlightened.

“Then what are you planning to do?” Mi Tian said.

Ye Yuan did not answer. It was only to see countless light dots emitting from his body, like the stars in the night sky, following the Eternal River’s water as it rushed down in a torrent!

Mi Tian’s pupils constricted, and he cried out in surprise, “Divine sense transforming into myriad!”

Chapter 3003: Reversing Cultivation method!

“What is this kid doing? He ... He broke down his Enshrouding Mist Soul Physique and divine sense transformed into myriad? Is he crazy?” Long Jian exclaimed.

But by the side, Long Ran smiled and said, “You’re the crazy one! This kid had a grand awakening the moment he saw chaos! There are millions of origin seeds in his Enshrouding Mist Soul Physique. He’s going to have his divine sense transformed into myriad, each portion comprehending origin! When he reaches grand completion Emperor Sakra Heaven, myriad origins returning to one, he might be able to break through the law of countless tens of thousands of years, becoming the first divergent cultivator Hegemon!”

When Long Jian heard, he could not help being dumbfounded.

Only then did he remember that Ye Yuan was a divergent cultivator!

Since time immemorial, nobody had ever stepped into the realm of Hegemon as a divergent cultivator.

Without carrying out an extraordinary method, how could one do something extraordinary?

Long Jian was unconvinced and said, "Doing so, he'll definitely suffer a great loss in strength! Forget about Hegemon Realm. Even if it's Emperor Vast Heaven, he probably can't reach it too!"

But Long Ran was indifferent and said, "Since this boy dares to do so, he must be prepared. You just watch."

This divine sense transformed into myriad was different from Ye Yuan cutting his soul into two back then.

Divine sense transforming into myriad, this was thoroughly stripping away his human soul clone, forming myriad of clones.

The loss to the origin divinity was irreversible.

Sure enough, after Ye Yuan's divine sense transformed into myriad, his entire person seemed to be drained, directly dropping two major realms, and was only Saint Sovereign Heaven.

But, in the next second, something even more shocking happened.

Ye Yuan's cultivation realm was dropping at a speed visible to the naked eye!

Long Jian's eyeballs almost popped out, and he exclaimed, "What the hell is this kid doing? He ... He's actually going to disperse his cultivation?"

With this, Long Ran was shocked too, was this abandoning himself to despair?

Putting aside crippling his human soul clone, he even took the initiative to disperse his cultivation?

Carry on dispersing like this, wouldn't he directly drop to Lesser Sublime Heavenly Stratum?

"This kid can really make a mess! Putting aside that he turned Blood Dragon Island upside down, he even dared to rebut Progenitor Mi Tian. Now, this guy just entered the Eternal River, and he turned the atmosphere foul everywhere! You look at the others. They don't have the mood to gain enlightenment on Dao anymore. They are all looking at him," Long Jian said speechlessly.

With Ye Yuan causing such a big commotion, how could those geniuses who jumped into the Eternal River still be in the mood to cultivate?

Even those Hegemon Realm powerhouses who were prepared to gain enlightenment on Dao were all not in a hurry to go down anymore as well.

No matter who came to the Eternal River, the first thing was definitely to borrow the Eternal River's power of chaos, to break through their own shackles.

But Ye Yuan was good, directly severing his own origin divinity in half, and immediately dispersed his cultivation afterward.

Freaking hell, how impressive!

“What is this kid doing? His divine sense transforming into myriad, I can still understand that. But what’s the meaning of dispersing his cultivation?”

“Carry on dispersing like this, he’ll become a good-for-nothing!”

“Cultivation realm retrograding in the Eternal River, Ye Yuan is probably the first person through the ages!”

“*Heh*, this kid is completely courting death! Origin divinity is greatly damaged, and he’s still dispersing his cultivation. He wouldn’t think that he can still cultivate it back, right?”

“Trying to impress people by doing something sensational? Does he think that it’s very awesome like this?”

... ..

Many Hegemon Realms turned their noses up at Ye Yuan’s way of doing things.

How high were their horizons?

Ye Yuan was equivalent to piling injuries on top of injuries like this. It would cause irreversible damage to his cultivation realm.

He had basically cut off his own path of martial arts.

But Ye Yuan could not hear the outside world’s discussions a long time ago.

He had already entered a realm of forgetting everything and himself. His thoughts were running at an extreme speed.

A brand new cultivation method was constructed in his mind.

Scattering cultivation was in order to cultivate anew and also in order to create a cultivation method!

The Wordless Heavenly Skill was indeed a powerful to the extreme cultivation method in the 33 Heavens.

But, after Ye Yuan’s grand awakening, it was clearly not suitable anymore.

This path was clearly a dead end. If he still continued walking, that would be moronic.

When he just entered Heavenly Stratum, Ye Yuan’s horizons were too shallow. The Wordless Heavenly Skill was no different from a heavenly book to him.

But now, he had seen before God knows how many Hegemon Realms, and he had almost lost himself once in the origin sea too.

His current horizons were naturally different.

Entering the Eternal River and feeling the authenticity of chaos, Ye Yuan instantly understood it.

The Wordless Heavenly Skill was very powerful. Ye Yuan could not deny this.

It was also precisely because the Wordless Heavenly Skill was powerful that Ye Yuan could take many less detours.

Such as now, taking the initiative to scatter his cultivation, he was actually reversing his cultivation method.

Since Hegemon Chaos' path was going the reverse way, then he would just inverse it!

But Ye Yuan also added his own comprehension in the middle of this, perfecting this new cultivation method and making his future path go further.

In merely one month plus, Ye Yuan fell to Jade Sovereign Heaven Realm.

The greater part of a month passed again. Ye Yuan directly fell to Sovereign Realm.

Half a year later, Ye Yuan no longer had a trace of divine essence undulation on his body, his cultivation realm directly returning to when he just entered Heavenly Stratum.

Three years later, people had already given up on Ye Yuan.

He was already destined to become trash.

"Hahaha ... I regained my martial arts path! I ... I'm finally not a good-for-nothing anymore! Sniff sniff ..."
An East Billow Region genius was crying with joy.

"I found it too! I found it too! Ten thousand years! I didn't expect that I could cultivate again!"

"I broke through! Your Father had a nirvanic rebirth. This time, nobody can stop my Hegemonic path!"

... ..

In the East Billow, one East Billow Region genius after another were inexplicably excited.

Nothing was more stirring than finding your path of Martial Dao again.

"We can regain a new lease of life all because of Brother Ye! How is he now? This ..."

People remembered Ye Yuan and could not resist searching for Ye Yuan's figure in the Eternal River.

The moment they saw him, they stopped talking.

Ye Yuan was currently exactly like an ordinary person.

"How can this be? Brother Ye he ... is completely crippled?"

"It doesn't make sense. Why did he cripple his own cultivation?"

"Could it be that Brother Ye has some plan?"

"To cultivate from the beginning, who has such great willpower? Furthermore, dispersing cultivation causes tremendous deterioration to one's Dao foundation. It's virtually severing his road ahead. What plans can he have?"

... ..

Seeing Ye Yuan's 'miserable' appearance, their hearts ached to the extreme, all lamenting for Ye Yuan. They radiated with vitality anew, but Ye Yuan had thoroughly become a cripple.

This situation was not what they were willing to see.

Long Jian nodded his head in approval and said, "The effect is better than I imagined. There are actually over 500 people who found their path of Martial Dao again! Looks like there are really quite a few fine saplings in this batch! After grooming, there might really be those who can achieve Hegemon Realm."

Originally, Long Jian they all estimated that it would be pretty good if there could be 200 people who regained their path of martial arts.

Now, there were actually more than 500 of them, being more than double of what he estimated. Furthermore, the numbers were still growing continuously. This made Long Jian overjoyed.

Long Ran snorted coldly and said, "These remaining ones are all geniuses from recent years. In 100 thousand years, how many amazingly talented individuals? Dragonsand and Dragonwild, they all were forfeiting our dragon race's foundation!"

Long Jian nodded and said, "You're right! However, it's somewhat regrettable about Ye Yuan this kid, *sigh* ..."

Chapter 3004: Chaos Heaven Trampling Skill!

Although Ye Yuan had once made a fool out of him, Ye Yuan's talent and conduct still brought Long Jian into submission.

Therefore, he still felt very optimistic about Ye Yuan.

But he did not expect that Ye Yuan actually ruined his own future in the Eternal River. This made him sigh endlessly.

"*Sigh*, already completely crippled! I really don't know how he was triggered to do this, to actually scatter his cultivation!" Long Ran also had a look of anger from his failure to live up to expectations.

"Origin divinity greatly damaged; Dao foundation crumbled. This boy is already hopeless! Even if he can recultivate anew, he should already thank his lucky stars to be able to cultivate to Sovereign Realm."

Long Jian shook his head and directly gave Ye Yuan the death penalty.

Origin divinity greatly damaged was not a big deal to them.

But Dao foundation collapsing was something that nobody could save.

And right at this time, Ye Yuan, who was in the Eternal River, slowly opened his eyes.

Boom!

Suddenly, an astonishing aura erupted in the Eternal River.

A vortex actually appeared in the Eternal River.

This whirlpool grew bigger and bigger, and increasingly stronger.

“Mn? What happened? Why would the Eternal River’s branch stream become so berserk? This is something that has never happened before!” Long Jian said in shock.

The greatest characteristic of the river of chaos was that it was quiet.

This was a river flow that never rested and also an incomparably quiet river flow.

But at this time, the silent chaos actually became extremely berserk.

“My goodness, I can’t comprehend anymore!”

“What happened? Isn’t this wanting people’s lives?”

“The power of chaos is already completely in havoc. How will people still cultivate?”

“Which bastard is it? Come out! Your Father won’t hack you to death!”

... ..

Those geniuses were all enraged to the extreme.

Three years of comprehension, the vast majority of the people present had actually already reached the bottleneck.

But the chance to enter the Eternal River for the first time was something that only happened once in a lifetime.

Even if it was a minute, a second, it was very precious to them.

Therefore, many people could not resist letting loose a torrent of abuse.

And at this time, the vortex became bigger and bigger.

Long Jian’s pupils constricted, and he cried out in shock, “It’s Ye Yuan! What is this boy ... going to do again? I-Is he absorbing the Eternal River’s water? Is he crazy?”

Everyone entering the Eternal River was to feel that boundless and everlasting aura of the Eternal River in order to gain insights.

The power of chaos in the Eternal River was the most fundamental power in the world; of course it could be absorbed.

But it could not be refined at all!

It was a form of energy too, but it was a kind of very ‘blunt’ energy. It could not be converted to divine essence at all.

Someone tried it before. He was even a Hegemon Realm powerhouse.

In the end, he died.

Stuffed to death!

The power of chaos entering the body completely blocked up the meridians within the body, and he died with divine essence completely exploding within the body.

Putting it bluntly, this thing could not be utilized by people.

Only when the power of chaos flowed into the heavens and myriad worlds, and a portion of the power of chaos converted into heaven and earth spiritual energy could it then be absorbed.

Now, Ye Yuan actually wanted to absorb this thing!

“This boy ... really courts death limitlessly! It’s not enough that he played until he crippled himself. Is he going to thoroughly play himself until he dies?” Long Ran was already speechless.

As a Hegemon, having lived for several hundred thousand years, he felt that he had already seen and experienced a lot.

He had seen before too many geniuses.

But he had really never seen before a guy who sought death like this!

Long Jian was suddenly enlightened and said, “I understand! Is it possible that this kid saw the boundless power of chaos in the Eternal River, so he was suddenly hit with inspiration and started scattering his cultivation to absorb this thing? Does he think that by absorbing this power of chaos, he’s still able to cultivate back? How foolish is this boy?”

In the Eternal River, Ye Yuan started absorbing the power of chaos.

He had long detected that this power of chaos was higher level than heaven and earth spiritual energy!

However, this power of chaos was very dull and could not be absorbed at all.

And in these three years, he had been using the Wordless Heavenly Skill to mutually corroborate with the power of chaos all this while. He already created a cultivation method that belonged to him!

What the Wordless Heavenly Skill cultivated was the power of chaos. What was cultivated was also chaos divine essence.

Except, the power of chaos that it cultivated did not jump out of the scope of heaven and earth essence energy.

All the way until Ye Yuan saw the Eternal River did he truly understand what was called chaos!

Cultivation method operating, the power of chaos entered his meridians.

That turbid power appeared incomparably sluggish, unable to revolve at all.

But Ye Yuan had the Dao sword!

The quintessence of Ye Yuan’s new cultivation method was his Dao sword!

The Dao sword was Ye Yuan’s sword to defy the heavens. In a certain sense, he had transcended the scope of Heavenly Dao and was not tolerated by Heavenly Dao.

Therefore, using it to harness the power of chaos was the most appropriate.

When the power of chaos entered the Dao sword, Ye Yuan revolved his cultivation method.

Not long after, an archaic and thick divine essence flowed out of the Dao sword and entered Ye Yuan's four limbs and bones.

Ye Yuan could feel that this chaos divine essence was several times stronger than his previous chaos divine essence!

However, this power of chaos was indeed too strong. Ye Yuan's Dao sword realm was not high. The conversion rate was very limited.

Large quantities of chaos power entered the meridians, but what was converted into chaos divine essence in the end was very little.

Therefore, Ye Yuan needed large amounts of chaos power!

This was also why the Eternal River suddenly became violent.

However, Ye Yuan had the foundation of Emperor Cloud Heaven after all. Coupled with his powerful new cultivation method, recultivating to Lesser Sublime Heavenly Stratum was not a big deal.

Two hours later, Ye Yuan broke through to Lesser Sublime Heavenly Stratum anew!

Long Jian was shocked!

"This ... How is this possible? He can actually absorb the power of chaos in the Eternal River? Furthermore, he broke through? Hasn't his Dao foundation collapsed already? Why is it so easy to cultivate?"

Long Jian felt like his worldview was being subverted.

He felt that as a Supreme Hegemon, there were really not many things that he did not understand in this world anymore.

But now, he discovered that Ye Yuan this fellow was really an enigmatic existence.

His every action and movement, he could not even see through it.

From start to end, he had been mocking Ye Yuan for being naive and ignorant.

But now, Ye Yuan actually really started absorbing the power of chaos, and he even started cultivating.

Reality was blatantly face-slapping!

All these had transcended the scope of his understanding.

Long Ran was also surprised and said, "Hang on! His cultivation method is different from before! It seems ... diametrically opposite! Could it be that he created a new cultivation method? Furthermore, this cultivation method can absorb the power of chaos in the Eternal River?"

Thinking up to here, Long Ran could not help drawing a cold breath.

This kind of thing, forget about them; even if it was Great Beyond Realm powerhouses, it was simply impossible to accomplish too.

If they could absorb the power of chaos here, they would have long absorbed it. Could they still have waited until now?

But, Ye Yuan, this 'good-for-nothing,' did it!

"Kid, you're really remarkable! This cultivation method sets the world on fire! I'm somewhat looking forward to your future now! Kid, have you thought of how to name this cultivation method?" Mi Tian said excitedly.

He witnessed the birth of this cultivation method with his own eyes. When Ye Yuan absorbed the first wisp of chaos divine essence, he was dumbstruck with amazement.

Only then did he learn that it turns out that the power of chaos could be absorbed and refined!

Ye Yuan thought about it and said, "I'm a divergent cultivator, destined to fight with heaven in the future! Since that's the case, I'll call it Chaos Heaven Trampling Skill!"

Chapter 3005: Such a Big Disturbance?

"Fine lad, you're really gutsy! You're going to trample heaven underfoot!" When Mi Tian heard those words, he could not help drawing a cold breath.

Heavenly Dao was boundless. The more he reached such a realm, the more he could feel the fathomlessness of Heavenly Dao.

Putting aside other things, just this Eternal River was an existence that they could not cross.

What they pursued was merely just passing through the Door of Eternal Life and transcending to the Great Beyond. That was all.

But even if they really transcended, they also did not dare say to trample Heavenly Dao underfoot!

But Ye Yuan dared!

"Heaven wants to eradicate me. So why can't I trample the heaven? Being alive in this world, it's to ask to be quick to settle grudges and favor. Heavenly Dao has a spirit, and I'll trample him underfoot. Heavenly Dao is boundless; then I'll control him in my hands!" Ye Yuan was filled with lofty sentiments as he said.

Mi Tian could not help smiling bitterly as he said, "I hope that when you reach my realm, you still dare to say such things."

Ye Yuan smiled and said, "Senior doesn't know my road to rise. So you don't know what I think in my heart. No matter what kind of realm I reach, this is the Dao in my heart, and it won't change!"

The people discussed the cultivation method, but a great storm had already arisen in the outside world.

The Eternal River whirlpool grew bigger and bigger and already affected Hegemon Realms.

The cultivations of many Hegemon Realms were interrupted by these tumultuous Eternal River waters.

A dragon race Hegemon flew into a thunderous rage as he said, "Motherf*cker! Which tortoise's grandson actually dares to cause trouble in the Eternal River? This seat will exterminate you!"

Another Hegemon cried out in surprise, “*Mn?* It’s that boy Ye Yuan! Hasn’t he become a cripple? How did such a big disturbance come about? *Eh*, he ... he’s absorbing the power of chaos to cultivate!”

“He scattered his cultivation in order to absorb the power of chaos here? Freaking hell, is this boy crazy?”

“The power of chaos here can’t be absorbed at all. He’s courting death!”

“Your Father just had a bit of comprehension, and it was all ruined by this punk! Your Father is telling you, if not for that this kid rendered a great contribution, Your Father would directly pinch him to death!”

... ..

Beyond the shock, the Hegemon powerhouses were extremely furious.

You messed around yourself and even did not let Your Father cultivate. This was called occupying the latrine and not taking a dump!

However, Ye Yuan was not stuffed until he exploded. His realm was still getting higher and higher.

Lower Lesser Sublime Heaven to middle Lesser Sublime Heaven, then to upper Lesser Sublime Heaven, Ye Yuan’s aura grew stronger and stronger!

Along with it, the chaos vortex grew larger and larger.

Looking from the sky, it was like a nebula, being extremely beautiful.

Of course, the turmoil of the Eternal River branch stream also grew increasingly fiercer.

The dragon race Hegemons were no longer able to cultivate.

On the other hand, along with the passage of time, the power of chaos also gradually flowed into Mi Tian’s dragon heart.

This chaos true dragon started resurrecting!

He was born in the Eternal River. This place was like his mother river.

Everything seemed to like returning to his mother’s womb.

The dragon heart started to draw nutrients.

Half a year later, Ye Yuan reached grand completion Lesser Sublime Heavenly Stratum and broke through to Greater Sublime Heavenly Stratum in one stroke.

Boom!

The water of the Eternal River became even more violent and already affected the other few branch streams of Voidshrine Illuminating Heaven.

At the White Tiger Clan, more than ten Hegemon Realm powerhouses were currently comprehending Dao in their Eternal River branch stream.

Suddenly, a roar rose to the sky.

"I #^%^#! Just a bit more and Your Father is about to gain enlightenment on Dao. How is this person so fucking wicked? It's the dragon race! Long Jian, the few of you tortoise grandsons, do you really think that your Grandpa Tiger is scared of you guys?"

Swoosh!

This Supreme Hegemon headed toward the dragon race with a cry.

Vermilion Bird Clan, Fire Phoenix, Yuan Chu, Qing Luan, and the rest of the branch clan Hegemons were all furious.

"*Humph!* What's the dragon race doing? The entire Eternal River is turned completely upside down! Sisters, let's go together and get an explanation!"

Under the suggestion of the Qing Luan Clan's Supreme Hegemon, more than ten Hegemon Realm powerhouses headed toward the dragon race.

The Black Tortoise Clan's old tortoises were a little simple-minded, but at this time, they flew into a thunderous rage too. Many Hegemons headed for the dragon race.

Apart from them, some of the other true spirit Hegemons also came to the dragon race one after another.

The entire Voidshrine Illuminating Heaven was completely in chaos.

"Lord Long Jian, things are bad! The White Tiger Clan's Hegemon Bai Zhi has brought more than ten tiger race Hegemons to come and denounce publicly for crimes!" Long Min entered the Eternal River's void in a panic and reported.

Long Jian said coolly, "Panicking for what? Let them wait. A mere White Tiger Clan, can they still overturn the heavens?"

The dragon race's might was not said for fun!

They had the most Hegemons and were the strongest!

More than ten Hegemons denouncing publicly for crimes, if it were anywhere else, it would absolutely be a heaven-shocking major event.

But in the dragon race, it was no big deal.

Long Jian was most interested in Ye Yuan now. He really wanted to see just how far Ye Yuan could go.

This guy would not really cultivate his cultivation realm back, right?

If he could really do it, that would be really incredible!

Everyone knew that the Eternal River's power of chaos was good stuff, but they were unable to make use of it!

Long Jian also really wanted to know how strong Ye Yuan was.

Hence, the dragon race really left the White Tiger Clan there to be ignored.

A few more days passed. Long Min ran in panic again, and he said while sweating profusely, "Lord Long Jian, things are really bad this time! The White Tiger Clan hasn't left yet; the Vermilion Bird Clan's Luan Qinghe and the Black Tortoise Clan's Xuan Taiqing have led more than 20 Hegemon Realms, and they all came!"

Long Jian gave Long Min a glance in surprise and said, "Such a big disturbance?"

Long Min smiled bitterly and said, "Too big! This boy cultivating in the Eternal River branch stream has already swept throughout the entire Voidshrine Illuminating Heaven! Currently, the entire Voidshrine Illuminating Heaven is in havoc, not just the Hegemon Realms. With Voidshrine Illuminating Heaven falling into disarray, it's virtually going to be utter havoc!"

Long Jian swallowed his saliva and could not resist glancing at Ye Yuan, and said crossly, "This brat can really cause trouble! He just broke through to Greater Sublime Heavenly Stratum. If he were to cultivate to Emperor Cloud Heaven, wouldn't all the heavens and myriad worlds be in complete havoc?"

The Eternal River was the source of all worlds. When the Eternal River was in upheaval, all the worlds would naturally have all kinds of phenomena happen.

Yet, Voidshrine Illuminating Heaven had a lot of Hegemon Realms. Three great clans were joining hands and coming forth. Long Jian felt tremendous pressure too!

"Go, this seat will go out and take a look! With Progenitor Mi Zhen holding down the fort, I reckon that they wouldn't dare be unbridled too! *Humph!*" Long Jian was still proud.

The dragon race's greatest reliance was that they were a Great Beyond Realm powerhouse.

With Progenitor around, what was there to be scared of?

As soon as Long Jian showed himself, Hegemon Bai Zhi blew his top.

He had waited here for seven to eight days already and did not even see Long Jian's face. How could he not be furious?

But the dragon race had great power and influence. He really could not do anything about it.

However, Luan Qinghe and Xuan Taiqing were here too. He became filled with confidence at once.

"Long Jian, what's the meaning of this! What the hell is your dragon race doing? It's throwing the entire Voidshrine Illuminating Heaven into a tizzy! If you don't give an explanation today, this seat will demolish your dragon clan!" Bai Zhi said.

Long Jian said coolly, "Bai Zhi, don't talk rubbish with this seat! If you have the ability, try to do it for me to see!"

"You!" Bai Zhi could not help choking.

Let him demolish; he really did not dare.

“Brother Long Jian, you’re in the wrong here! Although your dragon clan is the leader of Voidshrine Illuminating Heaven, now, it’s making people be in chaos. Our Vermilion Bird Clan won’t sit by idly and remain indifferent too!” Luan Qinghe said coolly.

“Our Xuanwu Clan wants an explanation too!” Xuan Taiqing said coolly.

Chapter 3006: Lord Long Jian, They Are Here!

“No explanation. A brat is breaking through in the Eternal River. It’s that simple,” Long Jian said coolly.

“Breaking through? Long Jian, are you taking all of us to be fools? In these countless years, those who broke through in the Eternal River were numerous, but it’s unheard of that anyone could cause the entire Voidshrine Illuminating Heaven to be in an upheaval!” Bai Zhi clearly did not believe it.

Long Jian shrugged and said with a smile, “You don’t believe me? If you all don’t believe me, follow me to the Eternal River, and you’ll understand.”

Carrying doubtful feelings, Bai Zhi and the rest entered the Eternal River’s void.

Immediately, the expressions on all the Hegemons’ faces became blank.

Really breaking through!

Bai Zhi’s pupils constricted and he drew a breath of cold air as he exclaimed, “Is ... Is he absorbing the power of chaos? How is this possible?”

Long Jian said helplessly, “When this boy entered the Eternal River, he suddenly gained enlightenment. Then, it became like this. This seat is very helpless too!”

Luan Qinghe said in surprise, “Just Greater Sublime Heavenly Stratum? It looks like ... he seems to have scattered his cultivation. Is he re-cultivating anew?”

“In this case, the person who turned the entire Voidshrine Illuminating Heaven upside down is actually someone at the Greater Sublime Heavenly Stratum?” Xuan Taiqing said speechlessly.

Long Jian nodded his head.

Those who saw Ye Yuan were all extremely shocked.

Because everything before their eyes had already subverted everyone’s understanding.

But, after being shocked, Bai Zhi’s brows furrowed, and he said in a solemn voice, “Long Jian, isn’t he being too tyrannical by cultivating like this? If he cultivates for ten thousand years here, wouldn’t we be unable to cultivate for ten thousand years?”

“This ... It shouldn’t be, right?” Long Jian said awkwardly.

“What do you mean by that! Do you mean that the few dozen of us Hegemon Realms have to cultivate based on this boy’s mood?” Bai Zhi said unhappily.

Long Jian naturally knew that this was inappropriate, but Ye Yuan was currently mustering up a vigorous effort to do it in one go and could not be interrupted.

He spread his two hands out and said, "Then, what do you think should be done?"

Bai Zhi said in a cold voice, "Make this kid stop!"

"That's impossible!" Long Jian directly rejected it.

Bai Zhi frowned and said, "Long Jian, I know that your dragon race is very strong, but could it be that our three clans' Hegemons added up can't compare to a Greater Sublime Heavenly Stratum brat? If we really fall out, could it be that your dragon clan can still be our three clans' match? Furthermore, there aren't just our four symbols family clans in Voidshrine Illuminating Heaven!"

Long Jian's two eyes turned cold, and he said in a solemn voice, "Are you threatening this seat?"

The atmosphere immediately became somewhat dangerously explosive.

Long Jian had long realized that Ye Yuan might have comprehended something incredible.

To the Dragon Clan, Ye Yuan's importance was self-evident.

If Ye Yuan could really break the shackles of a divergent cultivator and become a divergent cultivator Hegemon, the dragon race would surely add another great general to their ranks.

Actually, ever since Mi Tian's demise, the dragon race's status was currently being weakened.

Therefore, it was naturally impossible for him to let Ye Yuan's cultivation be interrupted without interfering.

While on the other side, the Supreme Hegemons of the three clans had clearly realized this problem too.

The rise of the dragon race anew was not what they were willing to see.

"Brother Long Jian, how about we each take a step back?" Luan Qinghe suddenly said.

"Say it!" Long Jian said in a solemn voice.

"Why don't we set one year as the date? If this boy is still cultivating after a year, I hope that the Dragon Clan will take the initiative to wake him up!" Luan Qinghe said.

"No way! If you have to have a deadline, three years!" Long Jian directly interrupted.

Luan Qinghe nodded and said, "Okay, three years it is! What do the two of you think?"

Bai Zhi said with a cold snort, "Okay!"

Xuan Taiqing also said, "I don't have objections either!"

Luan Qinghe said, "Alright. Brother Long Jian, three years later, if this boy still insists on cultivating like this, don't blame our three clans for turning our blades toward the Dragon Clan!"

The three clans left, but Long Jian felt tremendous pressure too.

The strength of these three races added together was no joke.

Long Jian could not help feeling a headache and said with a sigh, "This boy can really cause trouble! Voidshrine Illuminating Heaven's Hegemon Realm powerhouses have probably all moved because of him!"

Long Ran smiled bitterly and said, "However, this boy's potential is really very terrifying! His cultivation this time is because he scattered his cultivation. The divine essence within his body is empty. That's how he could accomplish it in one go. But if he wants to cultivate like this next time, he won't be able to do it!"

Cultivation was a slow simmering process to begin with. It could not be rushed.

Long Ran saw through it. If Ye Yuan could recover his strength in one stroke this time, that would naturally be good.

But, if he was interrupted, his cultivation in the future would yield half the results with twice the effort.

Long Jian also smiled bitterly and said, "Three years is the limit that this seat can fight for. Against dozens of Hegemon Realm powerhouses, this seat is under a lot of pressure too! If I can't bear it, then I can only request Progenitor to come forward."

... ..

Infinite Overcast Oath Heaven, it was the Hegemon land of the heavenly fiend race.

Eternal River branch stream, the place closest to the main stream, the heavenly fiend race's progenitor, Great Beyond Realm Hegemon Kong Nie, was currently gaining enlightenment on the Great Beyond.

Suddenly, the Eternal River became violent.

"Mn? The Eternal River is like an ancient well without ripples, it has always been very calm. What's going on here?" Progenitor Kong Nie said with a frown.

However, he did not take it seriously either.

With his strength, he could respond to any changes with ease.

Only to see his Great Beyond Realm aura releasing, directly isolating the raging Eternal River, and continued to comprehend.

Several days later, his cultivation was interrupted again.

The surrounding Eternal River became even more violent. It had already completely consumed his territory.

Progenitor Kong Nie gave a cold snort and said, "This is the undulation coming from the Dragon Clan branch stream. Does Mi Zhen that old thing want to have a battle of magicks with this seat? Can this seat still lose to you?"

Boom!

Progenitor Kong Nie released his overwhelming aura and started fighting with the raging Eternal River water.

He attempted to suppress the violent Eternal River.

But very soon, his expression changed.

He discovered that he was completely not this power's match.

The water of the Eternal River became more and more violent.

No way to cultivate anymore!

“Old Man Mi Zhen! This ancestor @\$#& your uncle! Your Father will be coming to Voidshrine Illuminating Heaven. I want to see what the hell you, this old thing, is doing!”

Swoosh!

In an instant, Progenitor Kong Nie's figure disappeared from the Eternal River.

The entire 33 Heavens had no idea how many Hegemon Realm powerhouses were letting loose a torrent of abuse.

Then they came to Voidshrine Illuminating Heaven one after another.

For some time, the Hegemons from all the heavens came in throngs!

On the shore, Long Jian broke out into cold sweat. He wished to drag Ye Yuan up to beat him to death.

Couldn't this boy make less of a disturbance?

The three-year deadline was about to be up in a twinkle. Not only did Ye Yuan not show the slightest signs of restraint, but he also caused an even greater commotion instead.

The Eternal River's main stream, the power of chaos had become incomparably berserk now. Enormous waves as high as heaven would be set off at the drop of a hat.

Even if he closed his eyes, he also knew that the other planes were already affected.

Which of those cultivating in the Eternal River was not a big shot whose reputation shook the heavens?

At this rate, it was very dangerous!

Long Jian felt that he almost could not withstand it anymore.

“Boy, hurry up and wake up! At this rate, Voidshrine Illuminating Heaven is almost becoming the battlefield of all the heavens!” Long Jian smiled bitterly and said.

“Lord Long Jian, Hegemon Zhi Fan is here!”

“Lord Long Jian, Hegemon Tang Xi is here!”

... ..

“Lord Long Jian, Progenitor Kong Nie ... is here!”

Long Jian became speechless.

Chapter 3007: Hegemons From Every Heaven Arriving Simultaneously!

“Old Man Mi Zhen, if you still don’t come out, this progenitor will turn your old nest upside down and kill off your dragon descendants!”

Progenitor Kong Nie’s voice blasted until the entire Heavenly Dragon Island was wobbly.

Each and every one of the Peak Hegemons and Supreme Hegemons that originally arrived in a threatening manner lowered their banners and silenced the drums.

This ancestor was a great malefic star!

All the heavens and myriad worlds, there were none who did not fear him when they saw him.

Even some Supreme Hegemons also ran far away when they saw him.

If not for the Dragon Clan having a Great Beyond Realm ancestor holding down the fort, this old fellow would not be shouting here. He would directly exterminate Heavenly Dragon Island!

At this time, the Hegemon powerhouses gathered on Heavenly Dragon Island reached as many as a hundred!

Voidshrine Illuminating Heaven’s three clans were also all present.

Heavenly Dragon Island’s powerhouses all felt their scalps tingle.

Heavenly Dragon Island had never seen before such a grand line-up.

“Progenitor Kong Nie, please calm your anger. We can work things out.” Facing an existence like Kong Nie, Long Jian had no choice but to lower his head too and could only smile fawningly.

But Progenitor Kong Nie did not buy it and said with a cold snort, “Long Jian brat, don’t give this progenitor that! So many people are here. You should know why this progenitor came! Where’s Old Man Mi Zhen? Make him get out! Otherwise, Your Father will really go on a killing spree! This progenitor’s notoriety isn’t a false reputation!”

Long Jian felt his scalp tingle and said with a bitter smile, “My progenitor is currently in closed-seclusion. Progenitor Kong Nie, please enter the clan to have a chat.”

Boom!

Progenitor Kong Nie threw a punch out. A mountain range on Heavenly Dragon Island was directly leveled to the ground by him.

The expressions of the dragon race powerhouses changed one after another. Progenitor Kong Nie was too strong!

Meanwhile, the other Hegemons had gloating looks.

“Keep talking crap, and it will be your clan the next time! This ancestor is saying it for the last time. Get Old Man Mi Zhen to come out!” Progenitor Kong Nie said in a solemn voice.

Actually, he somewhat turned angry from embarrassment.

Previously, in the Eternal River, it was considered that he had a showdown with Ye Yuan, but he was completely defeated in the end.

Kong Nie thought that he had lost to Mi Zhen. So he was very unhappy.

Long Jian felt that he was collapsing. Kong Nie this old fellow was not easy to serve!

Rumble!

The void trembled slightly. An enormous true dragon appeared from the void. It was Mi Zhen who arrived.

“Old Man Kong Nie, you came to my Dragon Clan to act wildly. Do you really take it that this progenitor is kneaded out of mud?” Mi Zhen said angrily.

“Humph! You take a look at how many people are on Heavenly Dragon Island to settle scores with you! You turned the Eternal River upside down. Everyone can’t cultivate anymore. You’re still blaming this progenitor for coming to act wildly? Do you believe that this progenitor will fight with you right now?” Kong Nie did not give in at all.

Mi Zhen fell silent. He had not been cultivating in the Eternal River these few years and really did not know what happened.

He could not help looking at Long Jian and discovered that the latter was currently smiling bitterly.

Long Jian did not hide it either, recounting the matter of Ye Yuan’s cultivation.

When the Hegemons from all the heavens heard, each and every one were inexplicably shocked.

“What? It’s actually not Progenitor Mi Zhen?”

“A dragon race junior stirred up all the heavens?”

“We all, these Hegemon Realms, are actually not a brat’s match?”

... ..

Kong Nie wanted face a lot. Right now, his face was somewhat lost.

He thought that he lost to Mi Zhen, but who knew that he actually lost to a brat!

Where would he, this fiend race ancestor’s face, be put?

“Mi Zhen, make that brat get out! Otherwise, don’t blame this seat for killing my way into the Dragon Clan’s Eternal River!” Kong Nie said in a solemn voice.

Bai Zhi also spoke up in a timely manner, “Long Jian, the three years deadline is up. You aren’t going to go back on your words, right? Today, there are more than a hundred Hegemon Realms here. Are you going to give everyone an explanation?”

“A brat turned the Eternal River upside down. How preposterous!”

... ..

Each and every one of all the heaven's Hegemons lashed out in denouncement.

Those who crossed worlds to come were all not easy to deal with.

There were many of them who were interrupted at the critical juncture of cultivation, and each and every one of them was angry.

Mi Zhen was also extremely shocked in his heart. He thought that letting Ye Yuan enter the Eternal River was just a small matter.

Who knew that he actually got into such big trouble.

Disturbing the cultivation of more than a hundred Hegemon Realm powerhouses, this was no joking matter.

Even if he was a Great Beyond powerhouse, he could not quite withstand it too!

Of course, he did not want to withstand it too.

Long Jian felt that Ye Yuan was promising, but he had a stomach full of complaints with regard to Ye Yuan.

Dragonsand was his right-hand man, but he was entrapped to death by Ye Yuan.

If not for fear of being exposed, he would have long smacked Ye Yuan to death with a slap.

Right at this time, there was a tremor in the void. Another figure descended.

When Long Jian saw the arrival, his scalp could not help tingling.

Another Great Beyond powerhouse!

When Kong Nie saw the arrival, he could not help laughing loudly and said, "Younger Sister Qian Yu, I didn't expect that you're here too! With this, this progenitor wants to see whether Mi Zhen this old thing still dares to be protective of his own or not!"

Hegemon Qian Yu, the feather race's ancestor, Great Beyond Realm overlord!

Currently, two mighty Great Beyond Realm powerhouses were here to denounce publicly for crimes. It suddenly put the Dragon Clan on the fire to roast.

The feather race were all beauties. This Hegemon Qian Yu was a peerless great beauty. Her face was exquisite to the extreme, beautiful until it made people asphyxiate.

Even when Kong Nie saw her, his attitude relaxed significantly too.

But currently, her face was cold as frost, looking at Mi Zhen as she said in a solemn voice, "Mi Zhen, is your Dragon Clan going to offend the myriad races from all the heavens?"

Mi Zhen's expression was somewhat ugly, cursing Ye Yuan 18 times in his heart.

This punk was really capable of causing trouble!

"Go, call Ye Yuan over to apologize to the seniors!" Mi Zhen said in a solemn voice.

“Progenitor!” Long Jian said unwillingly.

During the past years, Ye Yuan already broke through to Limitless Sublime Heavenly Stratum!

Right now, he was currently at the critical moment of assaulting Sovereign Heavenly Stratum.

Calling him out at this time would be wasting all his previous efforts!

He was currently already very certain that the cultivation method that Ye Yuan created was very remarkable.

If Ye Yuan could rise, it would definitely be very beneficial to the Dragon Clan.

Interrupting Ye Yuan now was tantamount to ruining the Great Wall themselves!

“Didn’t you hear what this progenitor said?” Mi Zhen’s tone became cold.

Long Jian stood where he was but did not move.

After a moment of silence, he raised his head boldly and said, “Progenitor, Ye Yuan has tremendous potential! Our Dragon Clan should shoulder this matter!”

Mi Zhen knew that Long Jian was a straightforward man, so he did not like him, and also knew that he was unable to completely obey his orders.

Hence, that was why he chose Dragonsand.

It was just that he did not expect that Long Jian actually contradicted him to his face.

“*Hahaha* ... Mi Zhen, you’re really declining with age! You, the exalted progenitor, actually can’t command your subordinates! I think that your Dragon Clan’s situation has really gone from bad to worse ever since Mi Tian!” Kong Nie could not help laughing loudly when he saw this.

Mi Zhen’s face was gloomy to the extreme.

He stared fixed at Long Jian, killing intent ice-cold.

Long Jian did not speak, but the look in his eyes was extremely stubborn!

Mi Zhen snorted coldly and said, “Since that’s the case, everyone enters the Dragon Clan’s Eternal River together with this progenitor then to invite this ‘lord’ out!”

Kong Nie laughed loudly and said, “Alright! This ancestor also really wants to see what this brat who turned the Eternal River into this situation looks like!”

Hence, Mi Zhen brought the group of Hegemons and headed to the Eternal River.

Looking at everyone’s departing back view, Long Jian could not help sighing heavily.

Just as everyone was about to enter the passageway, the passageway flashed with light, and a figure slowly walked out.

Chapter 3008: No Matter What, the Boss Is Still Stronger!

“No need to go anymore! Whoever dares disturb Ye Yuan’s cultivation, this progenitor will definitely execute them!”

An indifferent to the extreme sentence announced the return of a supreme overlord!

Mi Tian transformed into a middle-aged human, fluttering with immortal qi, and had an imposing appearance.

He just stood there and did not release any pressure. But everyone’s imposing auras were all suppressed by him!

This was the former Dragon Clan overlord!

This was the powerhouse who once made the Dragon Clan incomparably glorious!

His gaze was not focused on any particular person, but everyone seemed to be stared down by him.

Kong Nie, Qian Yu, Long Jian, Bai Zhi, Luan Qinghe, Xuan Taiqing, so on and so forth; everyone’s eyes had immense shock.

Of course, Mi Zhen was the most shocked.

His eyeballs were almost popping out.

This guy, who should originally have died, actually returned alive and well!

This ... How was this possible?

Why was he here?

Why did he come out of the Eternal River?

Countless questions appeared in Mi Zhen’s mind.

“You ... You actually didn’t die?” Kong Nie stammered, asking everyone’s doubts.

Mi Tian smiled faintly and said, “You seem very surprised?”

An Hegemon Realm, if he died, he died. If he lived, he lived. It was not a big problem.

But a Great Beyond Realm powerhouse resurrecting from the dead, that was absolutely a major event that affected all the heavens!

Back then, when the news of Mi Tian’s demise spread, it shocked the heavens.

Especially Voidshrine Illuminating Heaven, huge waves were set off!

The Dragon Clan also started to decline since then.

But today, Mi Tian returned domineeringly. A storm would surely be set off in the 33 Heavens again!

Kong Nie snorted coldly and said, “Old fellow, stop playing tricks here. You think this ancestor is scared of you?”

Mi Tian was indifferent and said coolly, “You can come and try.”

Kong Nie felt contempt!

“Humph! An old thing that disappeared for god knows how many years, do you really think that this ancestor is scared of you? Today, this ancestor will let you know that presently, it’s no longer your era anymore!”

Boom!

The moment Progenitor Kong Nie’s aura was released, a fiendish energy billowed to the sky, instantly sweeping across the entire Heavenly Dragon Island.

Each and every one of the Hegemon Realm powerhouses avoided like the plague.

This level of powerhouse engaging in a fight was seriously too frightening!

If it was really a life-and-death great battle, demolishing a world was not impossible too.

On Heavenly Dragon Island, fiendish energy rolled.

Kong Nie’s body directly grew until it reached the horizon!

Everyone drew a breath of cold air, being dumbfounded by this shocking change.

This was the earliest ancestor of all True Fiend Dharma Idols!

“True Fiend’s Rage!”

With a huge roar, Progenitor Kong Nie smashed a fist over. The void trembled violently.

Progenitor Mi Tian did not dodge, throwing a punch out leisurely.

If Ye Yuan were here, he would definitely be incredibly shocked.

It was because he was too familiar with this move!

Nine Heavens Dragon Transformation Fist!

But, when this punch was executed at Mi Tian’s hands, it was totally different from Ye Yuan!

A formidable aura of eternal life emanated from Mi Tian’s body.

In an instant, the two titans exchanged a blow in the void.

Boom!

Everyone felt the entire Heavenly Dragon Island shaking.

Then they were dumbstruck with shock.

Progenitor Kong Nie’s body was directly beaten back to its original form!

The true fiend body was actually blown apart by Ancestor Mi Tian with one punch!

Mi Zhen’s pupils constricted. The awe-inspiring power of this punch was no less than back then!

“S-So strong! Is this the ancestor of the Dragon Clan who once suppressed the myriad realms? He hasn’t even unleashed his true body!”

“Could it be that the news of his demise back then was fake, and he was actually hiding himself to cultivate?”

“This punch is also too strong, right? Progenitor Kong Nie actually can’t last one exchange with him! He’s ultimately stronger!”

... ..

Everyone nodded their heads one after another, feeling that these words were extremely right.

The battle of Great Beyonds, it was most soul-stirring, easily fighting until the sky was rent asunder and the earth split open.

But, although this battle was impressive, it was not as cruel as everyone imagined.

Mi Tian’s punch defeated the enemy domineeringly!

Progenitor Kong Nie’s expression was ugly to the extreme.

His eyes when looking at Mi Tian carried some fear amidst the shock.

Progenitor Kong Nie and Progenitor Mi Zhen, both were old monster-level existences.

But Mi Tian’s birth was far earlier than theirs.

Before they became famous, Mi Zhen’s reputation already shook the heavens.

The soul race had Hegemon Samsara. Nobody dared to go and provoke at all.

But Mi Tian went!

He beat Hegemon Heavenly Soul until he could not do anything about it and even borrowed the soul race’s soul canon from Hegemon Samsara’s hands to read.

This matter, even ordinary Great Beyond powerhouses did not dare to do it too.

Now, he returned domineeringly, suppressing myriad realms with one punch!

“Still not convinced? If you’re not convinced, the two of you can come together! Today, you can demolish Heavenly Dragon Island. But tomorrow, you can forget about keeping your old lairs; best to move houses early,” Mi Tian looked at the two mighty Great Beyond powerhouses as he said coolly.

Great Beyond Realm powerhouses were naturally not so easy to kill.

But Mi Tian alone could demolish their old nests!

You could not even defend against it!

Therefore, in wars between heavens, and battles of Great Beyond Realms, it rarely affected the family.

Kong Nie and Qian Yu, two mighty Great Beyond powerhouses, were suppressed until they had no temper.

Qian Yu said in a solemn voice, "Old Man Mi Tian, you're a little too overbearing, right? A brat from your family is cultivating, and you're going to make a hundred Hegemons from all the heavens wait?"

Mi Tian said nonchalantly, "This progenitor has always been overbearing. Is this your first time hearing about it? If you have the ability, you guys can come out with a brat to turn the Eternal River upside down too! This old man is very fair. When the time comes, I absolutely won't even let out a fart!"

All the Hegemons' faces turned black.

Are you freaking kidding me?

Where would I go to find a brat?

"Moreover, can you all only cultivate in the Eternal River? All the heavens and myriad worlds, they were formed by the Eternal River. Each blade of grass and each tree contains Great Dao! You all are holed up in the Eternal River everyday. When can you catch up to this old man?" Mi Tian continued to deliver deadly blows.

Actually, Mi Tian also holed up in the Eternal River all day in the past.

But Ye Yuan's words made him suddenly see the light.

Only then did he realize. He was too narrow-minded in the past!

Each person's Dao was different.

The existence of all the heavens and myriad worlds was an extremely philosophical thing in itself.

Perhaps a very minor thing could open a new world!

Everyone pursued the Door of Eternal Life, the water of the Eternal River, but abandoned the great forest. It was attending to the superfluities and neglecting the fundamentals sometimes.

It was just that when these words were said, the group of Hegemons found it extremely grating on the ears.

Freaking hell, talk is cheap!

"Old Thing, consider yourself ruthless! This time, Your Father admits my bad luck!" Kong Nie gnashed his teeth in hatred and directly tore through the void and left.

This face could not be regained anymore!

Ever since, the Dragon Clan resumed to having two mighty Great Beyond powerhouses holding down the fort once more, sitting firmly on the number one seat of all the heavens.

This era was ultimately the era of the old men!

The Kong Nie who tore through the void was somewhat sour.

"Farewell!" Qian Yu had a cold face and directly dissipated into nothing.

The other Hegemons exchanged glances, dispersing one after another.

The Great Beyond Realm old monsters all ran away. What were they staying behind for?

Looking for abuse?

While at this time, all of the members of the dragon race were excited until they were almost jumping up and down.

Except for Mi Zhen ...

Chapter 3009: Unexpected Conclusion!

“Bai Zhi, Xuan Taiqing, the two of you stay for a while.”

The Vermilion Bird, White Tiger, and Black Tortoise, the three clans were just about to leave, but Mi Tian suddenly said.

Bai Zhi and Xuan Taiqing’s hearts tightened, immediately having a foreboding premonition.

Luan Qinghe let out a sigh of relief and did not care to look at the other two, directly slipping away.

“P-Progenitor Mi Tian, I wonder what you’re keeping the two of us behind for?” Bai Zhi clenched his teeth and asked.

“Oh, it’s nothing, just asking a drop of blood essence from each of you.” Mi Tian said nonchalantly.

Bai Zhi was stupefied and said, “Progenitor, that’s overboard!”

A drop of blood essence was naturally nothing to a Hegemon Realm powerhouse.

But, to the true spirit race, this was a true spirit.

Each true spirit race had very strict control over blood essence, especially heaven qian grade bloodline.

Mi Tian directly asking for blood essence was actually violating a taboo of the true spirit race.

Mi Tian naturally was not asking for blood essence for himself. The true spirit race was unable to refine and fuse bloodlines with each other at all.

But, for Ye Yuan’s sake, Mi Tian did not care at all.

Mi Tian said coolly, “If there’s any problem, have Bai Ling and Xuan Qing come and find this progenitor. Or, do you guys want to make this progenitor do it myself?”

Bai Zhi’s expression was very ugly. He knew that he could not get through this today.

A drop of blood essence floated towards Mi Tian. Bai Zhi said in a cold voice, “Progenitor, you’ve just returned. It’s better to keep a low-profile in doing things! Hundreds of thousands of years have passed. The present situation is very different now!”

Mi Tian smiled and said, “Nothing is different. Whoever finds this progenitor displeasing to the eye, just bring it on. This progenitor will receive it all!”

Bai Zhi snorted coldly and immediately left.

After Xuan Taiqing handed over the blood essence, he left the Dragon Clan too.

“Progenitor, you ... you’re actually still alive! That’s great! It’s really too great!” Long Jian was agitated until hot tears ran down his face, wishing to run up and hug Mi Tian.

The person that he idolized the most was not Mi Zhen, but this handsome middle-aged man in front of him.

In reality, the vast majority of the Dragon Clan was the same as him.

The Dragon Clan’s spiritual leader had never been Mi Zhen, but it was Mi Tian!

These people were all agitated until their faces turned red, virtually unable to speak.

Mi Tian smiled and said, “*Mn*, I’m considered to have died once. Being able to come back, this progenitor feels pretty good too. Mi Zhen, it’s been hard on you for so many years.”

Mi Zhen’s gaze turned cold, and he said, “It’s Ye Yuan who brought you back?”

The expressions of all the Hegemons turned somber, immediately feeling that the atmosphere was not quite right.

Originally a moment where everyone was happy, why did Progenitor Mi Zhen have this attitude?

Mi Tian still had a light smile as he said, “You’re still so clever. But sadly, you’re a victim of your own cleverness!”

Mi Zhen snorted coldly and said, “I didn’t expect that even the ambush of three mighty Great Beyond Realms failed to kill you. Heaven really has no eyes!”

Mi Tian smiled and said, “If I didn’t run into Ye Yuan, I’d pretty much be a dead man now too. Or should I say, this is called Heaven took pity, letting me see your hypocritical face.”

The group of dragon clan members was confused from listening. Why were they ready to jump at each other’s throats all of a sudden?

The two great chaos true dragons had always been affectionate brothers. Why did it become like this after not seeing each other for several hundred thousand years?

Mi Zhen was too astute. The moment he laid eyes on Mi Tian, he knew that he had been exposed.

It was because Mi Tian came out of the Eternal River’s space!

And the moment he came out, he offended many powerhouses across the heavens for Ye Yuan’s sake.

Why would a Great Beyond Realm super overlord protect a junior like this?

Coupled with Blood Dragon Island’s matter, the truth was basically out already.

Mi Tian returned but used this kind of veiled method to get on the island. What did this indicate?

Who was he guarding against?

Of course it was him, Mi Zhen!

Hence, there was no need to continue pretending anymore.

This battle could not be avoided.

“Everyone back away,” Mi Tian said coolly.

Two astonishing auras rose up from Heavenly Dragon Island.

The expressions of the dragon race Hegemons changed greatly, knowing that this battle could not be avoided anymore, withdrawing one after another.

Mi Tian and Mi Zhen did not need to explain anything, nor did they put forward any proof.

As long as they understood in their heart, it would do.

“Your life is really tenacious! The blood race’s three mighty Great Beyond Realms joined hands and actually failed to kill you!” Mi Zhen said in a cold voice.

“It’s not that my life is tenacious, but that I’m strong enough! In this world, you know me the best. So you know my weakness. But you still underestimated me” Mi Tian said lightly.

“So what? Do you think that I’m still the old me?”

“*Hur hur*, even Dragonsand had a foot stepped into Great Beyond. Of course you obtained more benefits than him. However, you used countless clansmen to become stronger. Will your heart really not ache?”

“*Humph!* You suppressed me for countless tens of thousands of years. I’ve long grown impatient! You were merely born a million years earlier than me, that means that you can keep on pressing down on top of my head? I’m not willing!”

“So, you colluded with the blood race and lured a wolf into the house?”

“So what if it’s the blood race? We were merely making use of each other, that’s all!”

Mi Tian shook his head and said with a sigh, “You know too little about the blood race! The blood race is even more terrifying than you imagine!”

Mi Zhen laughed loudly and said, “Mi Tian, are you scaring me? Do you really think that by rebirthing in the Eternal River, you’ve cornered me?”

While talking, someone walked out of the island.

Every movement and action of this person transcended into sainthood and was vague and ephemeral.

When Mi Tian saw the arrival, his pupils could not help constricting: “It really is you!”

The arrival nodded and said with a smile, “Looks like you already know who I am.”

Mi Tian drew a deep breath and said, “You concealed so deeply!”

The arrival smiled and said, “That kid is very formidable! Even I am even somewhat apprehensive of him too.”

Mi Tian’s gaze turned cold, and he said, “You won’t have the chance!”

The arrival smiled. He did not speak.

Mi Zhen could not understand what they were talking about. But it did not matter anymore.

“Blood Two, join hands with me and kill him!” Mi Zhen said with a cold smile.

The arrival nodded his head and said, “Attack together!”

Mi Zhen laughed loudly and said, “Mi Tian, you shouldn’t have come back! The present me is no longer who I used to be a long time ago! Moreover, if I join hands with Blood Two, you won’t have a chance!”

Mi Tian did not express anything and was silent.

Crack, crack, crack ...

In the sky above Heavenly Dragon Island, lightning rampaged!

Two great chaos true dragons; what Mi Tian walked on was the path of space.

And what Mi Zhen walked on was the path of lightning.

His current overwhelming aura was not the slightest bit weaker than Mi Tian.

For so many years, he received the help of the blood race. His strength had long already advanced by leaps and bounds.

At the same time, Blood Two suddenly erupted.

Two mighty Great Beyond Realm powerhouses charged toward Mi Tian with astonishing momentum.

Mi Zhen laughed loudly and said, “*Hahaha*, today, I’ll let you die again! The Dragon Clan’s only ruler is me, Mi Zhen!”

However, right at this time, Blood Two suddenly turned in the air. A terrifying to the extreme aura of eternal life smashed toward Mi Zhen.

Mi Zhen’s entire mind was placed on Mi Tian. How could he have expected such a sudden turn of events?

Boom!

The void shattered, and Mi Zhen’s colossal body directly smashed onto the ground, fresh blood spurting wildly.

Regarding this strike, Blood Two practically used his full strength. In addition, Mi Zhen was not guarding against him at all. The damage was too great.

Mi Zhen collapsed in the pool of blood, looking at Blood Two full of resentment.

Chapter 3010: The Blood Race’s Scheme!

“W-Why?” Mi Zhen’s eyes were full of unwillingness.

Blood Two said coolly, “It’s very simple. It’s because you’re useless now. Compared to taking blood essence from his body, it’s much easier to get it from you.”

At this time, clusters of fresh blood condensed in Blood Two’s hand, emitting a powerful undulation.

That was Mi Zhen's blood essence!

In that instant just now, Blood Two severely wounded Mi Zhen, and extracted 50% of his blood essence all at once.

"I ... I won't let you off!" The fury in Mi Zhen's chest rose straight to the firmament.

But he was already dying.

Blood Two could not be bothered to care about Mi Zhen's fury and said to Mi Tian with a smile, "I really didn't expect that you've actually been with that kid the entire time! This boy is really my jinx. He has already ruined my affairs several times. This time, it fell through at his hands again!"

Mi Tian frowned and said, "If not for that you made a move against him in Grand Brightjade Complete Heaven, I'd still be kept in the dark. I also didn't expect that your clone in Voidshrine Illuminating Heaven has actually come into being a long time ago! It looks like your scheme started since long ago!"

Blood Two smiled and said, "Voidshrine Illuminating Heaven's strongest four clans, I've already obtained three. Originally, there was just one last step for your Dragon Clan. But I didn't expect that that brat actually brought you back. This time, that brat ruined my affairs again. I really want to kill him!"

Mi Tian's pupils constricted, obtained three out of the four clans!

This meant that the four symbols family clans had already almost fallen completely into enemy hands!

That was right. This Blood Two was none other than precisely one of the Chaos Bloodstone's clones!

Of course, he was also one of the people who schemed against Mi Tian back then.

This was also to say that this Blood Two had long already been born several hundred thousand years ago.

He plotted in secret, toying with the entire Voidshrine Illuminating Heaven in the palm of his hands.

Originally, Mi Tian did not know Blood Two's identity. But, in Grand Brightjade Complete Heaven, the Chaos Bloodstone made a move against Ye Yuan. That was how he finally realized it.

The aura of that guy who plotted against him back then was exactly the same as the Chaos Bloodstone!

This way, everything made sense.

Mi Zhen colluded with Blood Two and sold him out.

It was just that Mi Zhen did not know what kind of dangerous existence he was together with!

Blood Two was just a clone of the Chaos Bloodstone!

Nobody knew how strong his original body was.

Perhaps, he was only half a step away from completely opening the Door of Eternal Life!

"You can forget about him! Even if this seat dies, I won't let you prevail too!" Mi Tian said in a cold voice.

Blood Two waved his hand and said with a smile, "You don't have to be so nervous. Honestly speaking, I really want to kill that boy. But now is not the time. You should know, that day won't be too long. Furthermore, I've already acquired your four clans' blood essence. The most important thing at present is cracking the key and letting my original body's origin reach grand completion!"

Mi Tian's body immediately filled with a murderous aura.

Blood Two smiled and said, "Why? Do you really want to fight with me? To quote something from Mi Zhen, I'm no longer who I used to be back then! I know that you're very strong now, but we're at most evenly-matched too. You can't make me stay. Alright, it was a pleasant chat today. I won't disturb you two brothers' reunion anymore, goodbye."

Finished saying, Blood Two directly disappeared from where he was.

Mi Tian did not move because he did not have confidence in making the other party stay.

A clone was already so powerful. Mi Tian did not dare to imagine how strong the Chaos Bloodstone's original body was!

"What on earth are you guys talking about?" Mi Zhen asked weakly.

Mi Tian gave him a glance and could not help but sigh.

This guy was a complete and utter fool!

He recounted the existence of the Chaos Bloodstone. Mi Zhen's entire body trembled heavily after he heard.

Endless remorse and humiliation welled up from the bottom of his heart.

Mi Zhen's personality was unyielding and arrogant. When he discovered that he was completely played like a monkey by someone for hundreds of thousands of years, that sense of shame made him virtually want to commit suicide.

"Big Brother, I ... I was wrong!"

This overlord of the heavens, a Great Beyond Realm mighty expert, wept like a child.

... ..

Very soon, Voidshrine Illuminating Heaven fell into great chaos, the fires of war burning everywhere.

The four symbols family clans had fallen completely into civil wars.

Every once in a while, there would be news of Hegemons dying that was transmitted over.

From start to end, the three families' Great Beyond progenitors did not appear.

Only then did people discover that the situation was not quite right.

Mi Tian also expended a great effort to completely eradicate the Dragon Clan's tumors.

These people had long been marked by Ye Yuan.

He had the origin of blood and was very sensitive to these people.

The Dragon Clan actually had one-third of its Hegemon Realm powerhouses that were controlled by the blood race!

In this battle, the Dragon Clan suffered a great loss in vitality.

After resolving the Dragon Clan's havoc, Mi Tian led the Dragon Clan and pacified the chaos of the other three clans.

Only then did Voidshrine Illuminating Heaven slowly stabilize.

But the Hegemons of the four symbols family clans who died reached as many as a hundred people!

The whereabouts of the three clans' ancestors were unknown!

Voidshrine Illuminating Heaven suffered a great loss in vitality!

This disaster lasted for more than ten years before it gradually subsided.

In the Eternal River, waves rolled.

Ye Yuan's aura soared to the sky, breaking through to upper Emperor Cloud Heaven in one stroke!

"Huff ... Finally cultivated it back! My dragon race origin divinity is already completely restored too. It's even a level stronger than before! Being able to make use of the power of chaos in the Eternal River to cultivate, my path should be correct! It's just I don't know until which step I can reach in the future! Mn? Why am I the only one here?"

Ye Yuan leaped, leaving the Eternal River, his face somewhat blank.

The originally bustling Eternal River was now empty. He was the only one left.

But very soon, he could not help laughing as he said, "Right, I stirred up the chaos. They couldn't cultivate at all. Senior Mi Tian should have already recovered, right? Also don't know how things are outside."

Seeing Ye Yuan come out, Long Min's pupils constricted, and he cried out in surprise, "You ... Your cultivation actually improved further!"

He was specially arranged by Mi Tian to stay behind and await Ye Yuan to exit seclusion.

It was just that Long Min never expected that not only did Ye Yuan recover his strength fully, but he also even took it one step further!

At this time, Ye Yuan actually gave him a fleeting and ephemeral, and unfathomable feeling.

Could this be due to the Eternal River chaos?

Suddenly, Long Min was somewhat envious of Ye Yuan.

This guy was really remarkable!

Ye Yuan smiled and said, "Actually, most of the new cultivation methods that I comprehended are just the opposite of my original cultivation methods. Cultivating back my original realm isn't something difficult."

Long Min said in shock, "J-Just inverting the cultivation method and it will have such a magical effect?"

Ye Yuan nodded his head and asked, "Senior, how's the situation outside now?"

The moment this was asked, Long Min's brows furrowed together.

He recounted Voidshrine Illuminating Heaven's situation. Ye Yuan's heart also sank.

More than 100 Hegemon Realms fell. This had not happened in all the heavens and myriad worlds for many years already.

Voidshrine Illuminating Heaven's strength was diminished by almost half at once!

Furthermore, the three great progenitors were actually all missing. It was likely fraught with grim possibilities.

With this, the blood race's scheme in Voidshrine Illuminating Heaven was considered to be completely carried out!

Most likely, Mi Tian was also utterly exhausted from overwork now, right?

"Oh, right, Progenitor instructed to hand this to you after you exit seclusion!" As he said those words, Long Min handed Ye Yuan two small bottles.

The things contained inside were shockingly White Tiger blood essence and Black Tortoise blood essence!
