Chapter 3031: Labyrinth Divine Palace Appears!

“Find him? Give up hope! This old thing is mysterious to the extreme. Unless he takes the initiative to show himself, otherwise, no one can think about finding him! However, this old thing is really strong. Back then, if the Labyrinth Divine Palace did not disturb his cultivation, they would have probably long succeeded in unifying all the heavens!” Long Jian knocked him down without the slightest mercy.

Hegemon Samsara was the most mysterious existence among the Hegemons in all the heavens!

Similarly, an existence that was the worst to provoke!

No one knew how strong he was. But, without a doubt, his strength was sufficient to make everyone hold him in awe and veneration.

If one could find someone that could confront the Chaos Bloodstone in all the heavens, then it was none other than him.

But unfortunately, if he did not take the initiative to show himself, no one could find him.

Ye Yuan’s gaze turned to Hegemon Soul Intent. The latter smiled bitterly and said, “Nobody can find Progenitor Samsara, including Lord Heavenly Soul!”

Ye Yuan also sighed when he heard that and said, “We inflicted heavy wounds on Blood Twenty Three. This is the best chance to utterly defeat him. He has already obtained four great chaos true spirit bloodlines. Once he studies it thoroughly, his strength will likely be unimaginable. After Blood Twenty Three’s strength completely recovers, he might really be able to transcend the Great Beyond! Sigh, what a pity!”

Ye Yuan learned from Long Jian and the rest that this Chaos Bloodstone was called Blood Twenty Three.

Everyone also guessed that the Chaos Bloodstone’s clones in all the heavens were actually numbered in numeral order.

For example, the Voidshrine Illuminating Heaven’s clone was called Blood Two.

With regards to this kind of situation, everyone also felt very regretful. But Hegemon Samsara, this kind of existence, was simply within sight but beyond reach.

Everything could only be left up to fate.

A discussion without a conclusion, in the end, they could only disperse on their own.

The great battle stabilizing, Long Jian and the others naturally did not have the need to stay behind either and returned on their own.

Grand Brightjade Complete Heaven had a Zhuo Bufan holding down the fort. It was sufficient to defend themselves for the time being.

Ye Yuan was also not someone who placed his hopes on others.

Therefore, he also was secretly determined to work harder at cultivation.

Having missed this opportunity, Ye Yuan felt that in the future, the Chaos Bloodstone would probably reach an extremely terrifying realm.

It might be possible that even Hegemon Samsara would not be a match too!

Of course, he was currently unable to understand that kind of realm, it was just a strong feeling.

Thus, for everything, he could only rely on himself.

Several thousand years later, Grand Brightjade Complete Heaven welcomed a period of rare tranquility.

There were a thousand things that needed to be done.

The Extreme Medicine Sect had already become Grand Brightjade Complete Heaven's supreme holy land, becoming the leader sect of all the major factions.

Very soon, Ye Yuan and Zhuo Bufan worked out plans and started to rest and recuperate.

The Extreme Medicine Sect, as well as the various major factions, opened up their resources to all martial artists.

Ten years later, Grand Brightjade Complete Heaven also gradually got on the right track.

And in these ten years, Ye Yuan inquired for intel from all worlds. The blood race seemed to have ceased all activities, suddenly disappearing without a trace.

This piece of news made Ye Yuan even more uneasy.

People with a discerning eye all knew that this was the quiet before the storm!

After the Chaos Bloodstone emerges, that would be a battle that swept across all the heavens!

Fortunately, Ye Yuan and the others inflicted heavy wounds on Blood Twenty Three. If the Chaos Bloodstone wanted to transcend the Great Beyond, it would not be that easy too.

For more than ten years, Ye Yuan did research on bloodlines while cultivating.

Jiang Zhennan still had some deformities but already mostly recovered, and he did not seem so frightening anymore.

For the sake of his brothers who suffered the same disaster as him, he was willing to be Ye Yuan's experiment.

However, the result of the experiments made him more and more ecstatic.

He really saw hope!

Of course, Zhao Yue's situation was more complicated than theirs. Ye Yuan was also at a loss on what to do for some time.

Thus, Jiang Zhennan became even more respectful and held even greater esteem for Ye Yuan.

This kind of peaceful situation lasted all the way until the 17th year after the war.

On that day, all the heavens shook!

Above the void, an enormous group of palaces emerged!

It looked like a mirage.

Those palaces were towering and grandiose, giving people a heavy feeling of majesty.

“What is this? Why do I feel like it’s the end of the world? Could it be that Grand Brightjade Complete Heaven is going to suffer a great calamity again?”

“What a mysterious palace! Why do I feel like I’m suffocating from so far away?”

“You guys, look! There’s a passageway there that seems to lead straight to the palaces!”

... ..

Above the palaces, a passageway extended out.

It was just that the people were wavering and not advancing, not daring to go to the passageway.

Suddenly, several powerful auras appeared above the void.

The moment people looked, their hearts immediately calmed down greatly.

The arrivals were precisely Zhuo Bufan and Ye Yuan and the others.

Ye Yuan looked at the palace phantoms in the distance. A familiar feeling arose spontaneously.

“Is that ... the Labyrinth Divine Palace?” Ye Yuan said.

“Labyrinth Divine Palace?” Zhuo Bufan was somewhat confused. Clearly, he did not know about the Labyrinth Divine Palace.

The Labyrinth Divine Palace swept across all the heavens back then, causing countless casualties. But it also formed a disjointed generation in that era.

Apart from some of the old fellows, there were not many people who knew about the Labyrinth Divine Palace.

Grand Brightjade Complete Heaven was already ruled by the Labyrinth Divine Palace back then.

Even Cloudmount, this kind of powerhouse, was also a Hegemon powerhouse who rose up after the Labyrinth Divine Palace fell.

Ye Yuan nodded and said, “It’s the Labyrinth Divine Palace. There’s no mistake! This is the real Labyrinth Divine Palace, where their holy land is!”

This palace’s style and aura were exactly the same as the small Labyrinth Divine Palace that Ye Yuan had once entered.

But that kind of abstruse aura was much stronger than the small Labyrinth Divine Palace.

Therefore, Ye Yuan determined that this must be the real Labyrinth Divine Palace!

It was just that why would this Labyrinth Divine Palace appear here?

He recounted the origins of the Labyrinth Divine Palace, making everyone dumbfounded from listening.

A Hegemon said with a solemn expression, "You're saying that after the Labyrinth Divine Palace's war, the entire holy land went missing. Why did it suddenly appear here now? Could it be that they are going to stage a comeback again?"

Ye Yuan shook his head and said, "This palace is very illusory. It's not where its main body is! Being able to create such an effect for a palace, this method is truly inconceivable! It's just that this palace has a lifeless atmosphere. It has probably long been desolate. It probably won't bounce back."

That Hegemon Realm expert then said somewhat fearfully, "But, even I, this Hegemon Realm, feel a huge crisis!"

This palace gave him a very dangerous feeling.

In this world, there were not many places that could make Hegemon Realms feel danger.

Zhuo Bufan suddenly said, "Why don't I go and probe it first?"

Ye Yuan shook his head and said, "I know that Brother Zhuo's Sword Dao is fearless, but the terror of the Labyrinth Divine Palace isn't what you can imagine! Although you're a Supreme Hegemon, if there's really a danger, you might not be able to escape too! We'd better not act rashly without careful consideration."

Suddenly, the void trembled, and a middle-aged man suddenly appeared before everyone.

The moment the middle-aged man appeared, he looked toward the palace in the air, his expression solemn.

Ye Yuan's eyes lit up, and he said with joy, "Senior Mi Tian, I was just about to go find you. I didn't expect that you would actually come!"

Mi Tian nodded his head and said, "Grand Brightjade Complete Heaven indeed has it too!"

Ye Yuan's expression changed, and he said, "Why? Could it be that the Labyrinth Divine Palace actually appeared in Voidshrine Illuminating Heaven too?"

Chapter 3032: Heavenless!

Mi Tian nodded his head and said, "That's right! If my guesses are correct, the Labyrinth Divine Palace should have appeared in the 33 Heavens!"

"Hiss ..."

Everyone present could not resist drawing a cold breath,

"This Labyrinth Divine Palace is also too powerful, right?"

"Establishing passageways in the 33 Heavens at the same time, this is truly incredible skill!"

"Hasn't the Labyrinth Divine Palace already fallen for hundreds of thousands of years? What is coming up with this for?"

... ..

Everyone was incomparably shocked. This display was seriously too grand.

Even Great Beyond Realm powerhouses could not do it to this extent too.

This Labyrinth Divine Palace's might had already exceeded everyone's imagination.

"How can this be? Could it be that the Labyrinth Divine Palace really rose again from the ashes?" Ye Yuan said with a frown.

A Chaos Bloodstone already sent the 33 Heavens into a precarious situation.

Adding in a Labyrinth Divine Palace, that would really be turning things completely upside down.

The blood race had just stopped for a few days, and the Labyrinth Divine Palace came out to cause trouble again.

"Heavenless, this fellow, is a genius and also a madman! Nobody knows what he wants to do! However, since he caused such a big *hoo-ha*, I reckon that ... he probably hasn't given up yet!" Mi Tian looked at the Labyrinth Divine Palace and said with a heart loaded with worries.

Heavenless was the Labyrinth Divine Palace's last palace master!

This person's strength was formidable until it reached the horizon.

Back then, many Great Beyond powerhouses joined forces and could not do anything to him either.

It was only when Hegemon Samsara made a move that they were able to suppress Heavenless.

However, that did not mean that his strength was weaker than Hegemon Samsara!

Because who he faced were the entire 33 Heavens' powerhouses!

It was just that the powerhouses present did not know how strong Heavenless was. But they felt that Mi Tian was very strong!

In fact, he was even stronger than those Supreme Hegemons who came back then.

Then his identity was obvious.

Great Beyond powerhouse!

Ye Yuan this fellow was actually talking in a jovial manner with such a powerhouse!

Indeed well-deserving of being Heavenly Saint Ye, impressive!

At this time, the wind and clouds surged above the void.

Finally, it turned into a figure.

That figure had an unmatched heroic spirit, looking down on the world as if everything in the world was not in his sights.

When Mi Tian saw that figure, his entire body could not help trembling.

“Heavenless!”

Right at this time, Heavenless opened his mouth.

“I am called Heavenless! Heavenless in defying human and heavenly laws¹! You all might not know who this seat is. It doesn’t matter. I’ll let you all witness this seat’s strength first!”

It was only to see Heavenless smack a palm down before his voice faded.

In an instant, everyone’s expression changed wildly.

In an instant, it was like the sky had fallen down.

Everyone present, no matter if they were strong or weak, all felt like they were going to die.

Boom!

With a single palm pressing down, the earth quaked, and rivers flowed in reverse!

Grand Brightjade Complete Heaven’s three continents trembled, with mountains swaying.

Even those Hegemons in the air also fell down one after another, unable to stand firm.

Only Mi Tian could stand firm under this palm.

Zhuo Bufan’s figure shook heavily, his body bursting forth with an unparalleled powerful sword intent. Only then did he stabilize his figure.

Meanwhile, Ye Yuan did not fall under Mi Tian’s care.

At this time, there were only the three of them still standing in the air!

“S-So strong! This kind of strength is simply unreasonable!”

“Why do I feel like he can demolish Grand Brightjade Complete Heaven with a palm!”

“Great Beyond powerhouses aren’t strong to this extent either, right?”

... ..

Ye Yuan drew a cold breath. This Heavenless was too strong!

He had always heard Mi Tian say that the Labyrinth Divine Palace swept across all the heavens back then and was just a tiny bit away from succeeding.

Actually, in his heart, he more or less still felt that it was somewhat exaggerated.

After all, there were still so many Great Beyond powerhouses across all the heavens.

But today, he believed it!

This Hegemon Heavenless was really unbelievably strong!

Furthermore, this was just a phantom!

If his original self was here, he could really level Grand Brightjade Complete Heaven to the ground!

But, even if it was a phantom, it was shocking enough already too!

No idea how long had passed either, everything returned to tranquility. Heavenless continued, "You all must be very curious why I'd suddenly appear, and why did I demonstrate my might to you all! Actually, it's very simple. This seat needs a successor! And you all, also need to become this seat's successor!"

"Back then, on the brink of this seat's demise, I predicted that several hundred thousand years later, the 33 Heavens will still have another calamity! This calamity will be even more terrifying than the Labyrinth Divine Palace! And you all need to accept this seat's legacy before you can make it through this calamity! This seat was unwilling, unwilling to disappear from this heaven and earth, so I hid the Labyrinth Divine Palace in the Eternal River with a great divine ability!"

"Now, this seat has returned. Your chance has also come! Passing through this passageway, you all will be able to reach the Labyrinth Divine Palace! Then you all will go through layers of selection, entering the real Labyrinth Divine Palace! This seat will wait for you all here!"

Finished saying, Heavenless disappeared.

These words sounded out in all planes of the 33 Heavens at the same time.

All the heavens were shocked!

Without a doubt, this was an extremely terrifying existence!

Becoming his successor, one would undoubtedly become a paramount existence of the 33 Heavens!

Even Great Beyond powerhouses would not be a match too!

This temptation was really great!

Furthermore, Heavenless even pointed out that he had long predicted the calamity of the blood race.

This method was for the sake of dealing with the blood race.

Pray tell, who would not be moved?

Grand Brightjade Complete Heaven, there were already many people who were raring for action, wanting to enter the passageway.

"What do you think, Senior?" Ye Yuan asked with a frown.

Mi Tian smiled bitterly and said, "Heavenless isn't someone loves who do philanthropic work! He must have other goals in doing so! However ... if one can really obtain his inheritance, they might really have hopes of resolving the peril of the blood race!"

Ye Yuan said in surprise, "He's so strong?"

Mi Tian nodded and said, "Stronger than you imagine! The second door is a realm with a huge disparity! Each step taken is incredibly difficult. His strength back then was not beneath Samsara's!"

Even Ye Yuan could not help drawing a breath of cold air too.

He did not expect that this Heavenless was actually strong until such an extent!

“Actually, you humans are the race with unlimited potential! You all don’t have powerful innate conditions but can be on equal footing with the various races from all heavens. This already illustrates the problem! Your comprehension ability and disposition are unmatched by the other races! And Heavenless is the strongest genius born in these countless tens of thousands of years! If not for him being too radical back then, he might have long already transcended the Great Beyond!” Mi Tian said.

Ye Yuan smiled bitterly and said, “In that case, this is an openly done scheme? Even if you all, these old seniors are still around and know what he did back then, you’re still going to enter it?”

Mi Tian nodded his head and did not deny it.

Ye Yuan frowned and said, “Then is he dead or not?”

Mi Tian thought about it and said, “Back then, Old Man Samsara led 17 Great Beyond powerhouses and inflicted serious injuries on him, and surrounded him at the shore of the Eternal River! He saw that the situation was beyond salvation, so he jumped into the Eternal River! No one can survive in the Eternal River!”

He did not answer Ye Yuan directly, but Ye Yuan discerned some uncertainty from his words.

No one could survive in the Eternal River, but it did not mean that Heavenless could not either!

Even so, this chance was very slim!

Chapter 3033: Vertical Heaven Stairs!

Abyss Pass Origin Grotto Heaven, one of humanity’s three great heavens.

This place was humanity’s world. It had the human race’s top major powers.

Of course, the geniuses here were also akin to schools of carps crossing the river, beyond counting.

Above the void, several figures looked down, their faces full of pride.

“Heh, a group of ant-like things. Do they really think that there’s something like a meat pie falling from the sky in this world? Even if they pass through this Vertical Heaven Stairs, would this inheritance really fall on their heads?”

The one who spoke was a young master. He was called Zuo Qingyang, the direct descendant of the Zuo Family that was the top noble family of Abyss Pass Origin Grotto Heaven.

He and these few people around him, were all the most talented juniors of Abyss Pass Origin Grotto Heaven.

Their strength was unfathomable.

These few people were, respectively, the Melody Nether Heavenly Sect’s Lu Haoran, the Purple Extreme Heaven Pavilion’s Wang Ningyan, and the Zhoutian Emperor Palace’s Zhou Xianchen.

These four great factions virtually represented the apex of the human race!

Back then, the Labyrinth Divine Palace fell, but it pushed the human race to the apex of all the heavens.

Abyss Pass Origin Grotto Heaven, Vast Court Firmament Limit Heaven, and Han Chong Miao Cheng Heaven rose domineeringly and were called humanity's three supreme heavens!

Humanity's three supreme heavens with 13 major factions and more than 10 Great Beyond Realm mighty experts could even suppress Voidshrine Illuminating Heaven by a notch.

Zuo Qingyang, Lu Haoran, Wang Ningyan, and Zhou Xianchen, this batch of people, virtually represented the strongest standards in all the heavens for humanity's young generation!

Each of these people had the strength to jump realms and fight. They were strong to the extreme!

Therefore, the numerous living beings below them naturally could not enter their sights.

Vertical Heaven Stairs was that passageway leading to the Labyrinth Divine Palace.

Only by passing through the passageway was it considered completing the first test.

In every heaven and myriad worlds, how many did the human race numbered? Naturally, not everyone had the qualifications to enter the Labyrinth Divine Palace.

"Tch, said it like this meat pie can smash on your head!" Zhou Xianchen said with a disdainful look.

Zuo Qingyang was not angry either, saying coolly, "Who doesn't know how to brag? Actions speak louder than words. It's time to see what someone is worth in a while."

Unparalleled beauty Wang Ningyan, she was like her name, as if she was otherworldly.

It seemed like glancing at her would blaspheme her sacred face.

Only to see her slowly open her mouth and speak as beautifully as heavenly melody, "Brother Zuo makes sense. Actually, there's no need for this kind of selection at all. Disregarding the other races, just talking about humanity, those who break out in the end won't exceed the scope of 13 major factions. There's no need for those low-level planes at all. That Heavenless is amazingly talented. He can even predict the future. But, in my view, it's also nothing more than this."

Zhou Xianchen and the rest nodded one after another.

Actually, they were very much in agreement with this kind of view.

It was just that these people were also secretly contending with each other and deliberately ridiculing the other party. That was all.

Zuo Qingyang said, "Can't be bothered to be long-winded with you guys here anymore. I'm going down first! It's time to let these ants feel ashamed of their unworthiness and beat a retreat in the face of difficulties."

Finished talking, Zuo Qingyang's figure moved and entered the Vertical Heaven Stairs.

Zhou Xianchen's mouth curled, and he said, "This guy is really someone who'll itch all over his body if he doesn't posture for one day!"

Sure enough, a series of exclamations came over from the Vertical Heaven Stairs very quickly.

“So fast! Who is that, to actually be able to ignore the Great Dao pressure!”

“That’s the Zuo Family’s Zuo Qingyang! Well-deserving to be called the number one young master across all the heavens, his strength is really too strong!”

“With him around, so what even if we climb up the Vertical Heaven Stairs?”

“*Sigh*, the gap is too big! I knew that I was hitting above my league! But, I’m really unwilling!”

“Everyone, don’t give up! Even if you can’t obtain the inheritance, as long as you can enter the Labyrinth Divine Palace, the harvest will be huge too!”

... ..

Within the Vertical Heaven Stairs, many people started to feel ashamed of their unworthiness.

But, some people were naturally stubborn and were not willing to give up easily.

It was just that at this time, it was long already a blurry mess of flesh and blood within the Vertical Heaven Stairs?

Vertical Heaven Stairs, 99,999 steps. The higher up, the greater the Great Dao pressure.

Some people could not withstand the Great Dao pressure and were directly crushed into minced meat.

Just this difficulty was hell-level.

Those who were not true geniuses could not climb these hundred-thousand-step stairs at all.

However, this Great Dao pressure was very fair.

It had no requirement on cultivation realm. What it tested was only understanding of Dao.

Even if you were only Lesser Sublime Heavenly Stratum, if your understanding of Dao was very deep, there was hope to pass the test too.

It was fine if cultivation realm was low; one could slowly comprehend.

Suddenly, several more figures in the crowd went up quickly. It was precisely Lu Haoran and the rest.

The three people turned into three afterimages, chasing right after Zuo Qingyang, the speed swift until the fleshy eye could not see clearly.

The three people’s appearance naturally set off another wave in the Vertical Heaven Stairs.

These four people’s strengths were seriously too strong.

Others had difficulty moving their feet on the Vertical Heaven Stairs, but they were akin to flat ground.

They even displayed movement techniques, not affected in the slightest.

This could not help making everyone sigh emotionally. The difference between people was really too great.

The four people's movement techniques were extremely fast. The first 50 thousand steps could not stop their footsteps at all.

After 50 thousand, their speed gradually slowed down. But, they were much stronger than the rest too.

Regarding the steps in front, the Great Dao pressure was negligible to them.

Therefore, these few people were virtually running neck to neck.

All the way until 70 thousand steps later, some disparity finally gradually showed.

"*Heh*, Zuo Qingyang, you're too slow! At this rate, you'll be caught up to by me!" Lu Haoran said.

Among the few people, he talked the least, but his strength was very strong.

Of course, the few of their strengths were all almost on par. Even if they were worse, they were also not much worse.

But, concerning this Vertical Heaven Stairs, 99,999 steps could divide the strength clearly.

Some things were obvious at a glance.

Sure enough, Zuo Qingyang had a black face and did not say a word.

However, Zuo Qingyang was not willing to easily admit defeat either and mustered up all of his strength.

Swoosh!

Zuo Qingyang's figure leaped, directly jumping onto the platform.

He looked at the Lu Haoran behind him and ridiculed, "Lu Haoran, Zhou Xianchen, you guys are merely thus! However, Fairy Ningyan being in the first place, this Zuo is convinced!"

What this Vertical Heaven Stairs competed in was time.

He was the first to enter the Vertical Heaven Stairs. That was why he was first to climb up to the platform.

But at this time, the time that Wang Ningyan used was the least.

Swoosh! Swoosh! Swoosh!

Three figures virtually got on the platform right after another.

And below them, people were still working hard to climb.

These four people actually caught up from behind. The first batch climbed onto the platform.

Lu Haoran said coolly, "What are you being smug for? I only used 80% of my strength. You've probably already used all of your strength, right?"

Zhou Xianchen also said disdainfully, "I only used 80% of my strength too. This position of first place naturally has to be given to Fairy Ningyan!"

Wang Ningyan's brows furrowed, and he said, "Why? Could it be that my first place still needs to be handed out as charity by you guys?"

Zhou Xianchen smiled and said, "Look at this mouth of mine. Fairy Ningyan is the number one fairy maiden across all the heavens. Why would she need others to give alms? I was only angering Zuo Qingyang earlier. Fairy Ningyan's first place is well-deserved!"

Wang Ningyang snorted coldly and said coolly, "Stop being talkative. Let's go take a look at the All-Heavens List, and see who's number one on this Vertical Heaven Stairs!"

Chapter 3034: Competition Between Myriad Races!

"What's there to look at? The All-Heavens List's number one is definitely Qin Baichuan, that dead-person face!" Zuo Qingyang said crossly.

Qin Baichuan, Vast Court Firmament Limit Heaven's Bright Yellow Heavenly Sect's number one person.

Of course, he was also the strongest genius of humanity's three supreme heavens!

Zuo Qingyang and the rest were peerlessly talented too, but compared to Qin Baichuan, they were still a notch worse.

"That might not be the case! Many years have already passed since the three heaven's competition! I, Wang Ningyang, don't feel like I'll lose to that dead-person face!" Wang Ningyan said unconvincedly.

Zhou Xianchen also said, "Right, I've always been unconvinced by that dead-person face! These few years, I've suffered a lot in order to defeat him! I don't believe that I, Zhou Xianchen, will be worse than others!"

These geniuses were all existences standing at the peak of all the heavens. They even had hope of stepping into the Great Beyond Realm in the future.

How could they submit to people easily?

In their eyes, their opponents were always just themselves.

A large rock was standing erect at a remote end of the platform.

On the large rock, many names were engraved densely.

This was the All-Heavens Stone that recorded the Vertical Heaven Stairs' results ranking.

The top ten names were especially eminent!

The aura of Great Dao emitted from the gilded large characters.

Everyone looked over. Wang Ningyan's name was shockingly ranked first!

"Haha, congratulations Fair Ningyan, for overpowering all the heavens!" Zuo Qingyang said with a loud laugh.

Wang Ningyan had a peerless aptitude. These few people naturally had the heart to court her.

Therefore, they were all showing it openly and covertly.

Zhou Xianchen also said, "Fairy Ningyan is impressive! Huang Zhen and Yang Daiyun have also lost to you this time! Fairy Maiden has gained face for our Abyss Pass Origin Grotto Heaven this time!"

Wang Ningyan did not get carried away and said lightly, "Qin Baichuan hasn't made a move. What's there to congratulate?"

Zuo Qingyang said, "Fairy's words are not right! Even if he makes his move, can he win Fairy with certainty? In my view, the odds of winning between you guys is merely 50-50!"

Zhou Xianchen nodded and said, "I agree with this! It's really not flattering Fairy. Just now, the strength that Fairy exhibited, it is much stronger than during the last three heavens' competition! It can be seen that Fairy buried yourself in cultivation these few years and also made tremendous improvements. This Zhou examines my own conscience; I'm most likely not Fairy's match anymore."

These words were half flattering, half sincere.

Many years had passed, and everyone's strength all made tremendous improvements.

If he really faced off against Wang Ningyan, Zhou Xianchen touched his own heart and felt that he would not lose.

But Wang Ningyan's improvement was indeed huge. He did not dare to underestimate it too.

This Vertical Heaven Stairs was merely the preliminary test to them. They naturally would not bring out their full strength.

No one would be silly enough to expose all of their trump cards here.

Of course, they were not willing to be outdone by others. So 80% strength still had to be brought out.

Indeed as expected, the top ten geniuses on the list, there now all the three heavens' geniuses!

This All-Heavens List only recorded 1000 names.

Although the number was not little, looking across the 33 Heavens, how many geniuses were there?

Those who could enter the top 1000 were all amazingly talented individuals. None of them were mediocre.

However, the further behind the rankings, the greater the changes to the names.

Many people had already been squeezed out of the top 1000.

Rather, it was the top 10 that stood firm.

Finally, the top 10 names moved!

Wang Ningyan's name actually dropped by a place!

The name that was ranked first, was shockingly Qin Baichuan!

"This guy is really unwilling to be outdone by others!" Wang Ningyan said with a sigh.

Everyone was not surprised by this scene.

If Qin Baichuan faded into the crowd, that would be something that surprised people.

Up to this point, the top geniuses of humanity's three supreme heavens, finally all go onto the All-Heavens List.

Everything was within expectations.

First place, Vast Court Firmament Limit Heaven, humanity's Qin Baichuan!

Second place, Abyss Pass Origin Grotto Heaven, humanity's Wang Ningyan!

Third place, Han Chong Miao Cheng Heaven, humanity's Lin Ruhe!

Humanity's three supreme heavens each occupied a place.

The others were also crisscrossed between the three heavens, pretty much the same.

"Alright, the die is cast. There's nothing to see anymore. What's left is just waiting for the Labyrinth Divine Palace to open," Wang Ningyan said coolly.

Before her voice faded, the All-Heavens List had a new change again.

Furthermore, this change was even the first place!

Qin Baichuan's name was shockingly squeezed down by someone!

"Voidshrine Illuminating Heaven, Feng Qingxuan? Why? The Vermilion Bird Clan joined in too?" Wang Ningyan said very unhappily.

Actually, the participation of the other races was also something within expectations.

After all, Heavenless' reputation was too resounding!

Those old undyings who had experienced the chaos caused by war would definitely make their descendants come and give it a try.

What Wang Ningyan was unhappy about was that Feng Qingxuan actually took the first place away!

"*Hur hur*, Fairy doesn't need to be like this. How can these true spirits have as great a potential as us humans? Moreover, Fairy had not used your full strength." Zhou Xianchen consoled her.

"Yeah, these guys deliberately used all of their strength in order to snatch first place. I reckon that Qin Baichuan didn't use his full strength too," Zuo Qingyang said.

Wang Ningyan just gave a cold snort and did not speak.

But her gaze never left the All-Heavens List.

The other few people also started paying attention to the All-Heavens List.

They all realized that the inheritance struggle this time would probably be unusually fierce.

Very soon, a change happened to the All-Heavens List again.

The second place Qin Baichuan was squeezed to third place!

The second name shockingly became Infinite Overcast Oath Heaven, fiend race's Kong Tan!

With this, everyone was no longer calm.

Before long, changes happened to the All-Heavens List again.

The third place Qin Baichuan was squeezed to fourth place!

The third place name became Thoughtless River Reason Heaven, feather race's Yu Ran!

Feather race!

The top three places were occupied by the Fire Phoenix Clan, fiend race, and feather race respectively.

Humanity's geniuses were actually all suppressed!

"Damn it! If I knew long ago, I should have gone all out! Now, it's really an utter loss of face!" Wang Ningyan's face revealed a hint of frostiness.

She was already squeezed to fifth place!

This ranking made her, a proud person, somewhat unable to accept it.

Even Zuo Qing and the rest had their intestines turn green with regret too.

They felt very depressed, having a feeling like they were schemed against by someone.

Heavenless' move was too ruthless. This was stewing the myriad races in all the heavens in one pot!

This kind of competition was too fierce!

It was really a single misstep that would bring everlasting regret!

"Sigh, we'd have exerted our full strength if we knew earlier! With Fairy Ningyan's strength, overpowering that Fire Phoenix Clan's little wench is absolutely a sure deal!" Zuo Qingyang said.

He was already squeezed to ninth place!

Right at this time, a change happened to the ranking list again!

This time, the change was the first place!

Feng Qingxuan was squeezed to second!

First place, Grand Brightjade Complete Heaven, human race's Yang Qing!

Wang Ningyan and the rest exchanged glances with shock on their faces.

"Grand Brightjade Complete Heaven, what the hell?"

"A human that came out of this kind of low-level plane actually overpowered the Vermilion Bird Clan, fiend race, and feather race?"

"Where did this guy pop out from?"

... ..

These few human heaven's chosen all had struck senseless faces. They were all regretting what happened but did not think that a nameless person who came out of a low-level plane actually suppressed the juniors of myriad races, becoming number one!

Chapter 3035: First Place, Lackluster!

"The first place is actually not Ye Yuan?" Feng Qingxuan stared at the All-Heavens List, her brows slightly furrowed.

In her view, Ye Yuan was the well-deserved number one.

What was with this Yang Qing?

"In my view, he shouldn't have climbed the Vertical Heaven Stairs yet, right? He comprehended chaos Great Dao and also fused with the four great true spirit bloodlines. It's impossible to be worse than us," Long He said.

His results were pretty good too, squeezing into the top five.

After losing to Ye Yuan, Long He also reflected on the bitter lesson, and he actually broke through to half chaos grade bloodline a few days ago!

"This time, the geniuses in all the heavens will definitely be making a move. The competition will be extremely fierce! But, up until now, the vast majority of the geniuses have already made a move. Is this guy deliberately going to amaze the world with a single brilliant feat at the end?" Feng Qingxuan said unhappily.

At this time, the competition of the All-Heavens List had already entered the white-hot stage.

The top ten names were constantly refreshing.

Wang Ningyan, Zuo Qingyang, and the others were already squeezed out of the top ten.

Even Feng Qingxuan was squeezed to third place too.

However, Yang Qing stood very firm and actually kept occupying the throne of first place!

Along with the passage of time, the geniuses from all the heavens became more and more shocked.

They were curious, just where on earth did this guy called Yang Qing pop out from?

Grand Brightjade Complete Heaven was a low-level plane in the eyes of all the heavens' powerhouses.

It should have been impossible for a true genius to appear here.

But it was in such a plane that actually suppressed the 33 Heavens' countless geniuses!

They ... were not convinced!

On the platform, Yang Qing looked at the All-Heavens List with somewhat waned interest.

His mouth curled and he said, "Ye Yuan this guy is really lame! Without him, so what even if I suppress the geniuses of myriad worlds? Sigh, boring! Really boring! Those guys haven't come up yet?"

At this time, human heads were moving on Grand Brightjade Complete Heaven's Vertical Heaven Stairs!

A large group of young powerhouses was following behind Ye Yuan with no end in sight!

What was different from other planes was that there were actually not many corpses on the Vertical Heaven Stairs here.

It was only to see Ye Yuan step on the highest step. He opened his mouth and said, "Everybody, watch closely!"

He held his palm out, a cluster of chaos divine essence condensed.

Then, chaos evolved, and myriad life was born. Ye Yuan seemed like a god who controlled the world.

A lingering charm of Dao arose spontaneously.

Ye Yuan put away the divine ability and said, "Understood?"

Some people's eyes were bright, clearly understanding fully.

Some people's eyes were somewhat confused.

Some people simply shook their heads.

Ye Yuan said, "I'll demonstrate again. Everyone watch closely! If you still don't understand, just back out!"

Hence, Ye Yuan demonstrated the Dao just now again.

Those hazy eyes previously also became bright at this time.

"I got it!"

"I got it too!"

"Heavenly Saint Ye's Dao elucidation really goes from the easy to the difficult and complicated! What I originally didn't understand suddenly dawned upon me! Even if I can't climb up the Vertical Heaven Stairs, this trip wasn't in vain too!"

"Many thanks, Heavenly Saint Ye! We'll be leaving!"

... ..

In the back row, some people gave Ye Yuan a bow and withdrew from the Vertical Heaven Stairs.

In the Vertical Heaven Stairs, one could choose to withdraw within a certain range.

But, once you rushed onto the steps blindly and entered the scope of Great Dao where you were muddleheaded, it would be dangerous.

Those people who were crushed to death by Great Dao were all like this.

If there were geniuses from all the heavens here, they would definitely be shocked to the extreme.

Ye Yuan actually controlled Great Dao in front of everyone!

He was actually going to bring these people behind him and climb the Vertical Heaven Stairs together!

This was simply amazing!

Originally, Yang Qing had also mustered all his strength, preparing to compete with Ye Yuan.

Who knew that Ye Yuan did not have the intention of competing at all.

Therefore, his first place was obtained boringly.

The Great Dao pressure on the Vertical Heaven Stairs was very strong and also very abstruse.

But, to the Ye Yuan who had already comprehended Chaos Great Dao, it was very easy to understand.

This was Heavenless' Dao and not the true Heavenly Dao.

Furthermore, the Great Dao pressure in the Vertical Heaven Stairs was only targeted at those under Hegemon Realm.

Hegemon Realms entering the Vertical Heaven Stairs would make the Vertical Heaven Stairs directly crumble.

Therefore, in the inheritance battle this time, Hegemon Realms were unable to enter.

Ye Yuan evolved the Great Dao in the Vertical Heaven Stairs with the method of the chaos divine essence. It was very intuitive and very easy to understand.

To many people who had decent talent, they understood in a snap.

And those people who could not understand, even if they climbed the Vertical Heaven Stairs, it was useless too.

Time slowly passed, and the people behind Ye Yuan got fewer and fewer, but their strength got stronger and stronger.

Going up the stairs, they had walked for half a year long!

Swoosh!

Ye Yuan leaped and climbed onto the platform.

Yang Qing had a look of excitement and could not resist posturing as he said, "Hahaha, you finally came up! Quickly come to the All-Heavens List and take a look, I, Emperor Azuresky, suppress myriad worlds, valiantly taking the All-Heavens List's first place! Originally, if you competed with this emperor, you might have been able to scrape through with a second place, but a pity, a pity!"

Before his voice faded, one figure after another flew out of the passageway and landed on the platform.

At this time, the crowd was like a group of fish in the ocean currents; densely packed, making Yang Qing see things in a blur.

Ye Yuan was somewhat surprised as he said, "33 Heavens, the geniuses are as plentiful as oxen fur. You actually suppressed the geniuses of myriad races?"

He knew that Yang Qing was formidable but did not expect that Yang Qing was actually so impressive.

Disregarding other things, he knew that Feng Qingxuan's and Long He's talents, both belonged to extremely strong existences!

He did not expect that they were suppressed by Yang Qing too.

"Hahaha, that's of course! What kind of genius is this emperor? What do the geniuses of all the heavens and myriad races count for?" Yang Qing showed off.

Ye Yuan arrived at the All-Heavens List and shockingly saw that Yang Qing's name was ranked first, and he could not help clicking his tongues in wonder.

But very soon, Yang Qing could not laugh anymore.

This was because he discovered that the people coming out of the passageway were seriously too many!

Very soon, the platform became a little crowded.

"How many people ... did you freaking bring up?" Yang Qing was speechless.

Ye Yuan smiled and said, *"Roughly a million people."*

Yang Qing drew a cold breath and said, *"A-A million?"*

Yang Qing was clear in his heart about Grand Brightjade Complete Heaven's strength.

This Vertical Heaven Stairs was absolutely not that easy to climb too.

Otherwise, this would not be a selection of geniuses. It would be a sect assessment.

According to Yang Qing's estimation, it would already be very impressive if Grand Brightjade Complete Heaven could have 3000 people climb to the summit.

After all, the quality of Grand Brightjade Complete Heaven's martial artists was placed there.

Coupled with consecutive years of war and countless geniuses dying, 3000 people were already the limit.

But Ye Yuan actually brought a million people up.

What kind of concept was this?

He forcibly expanded this limit by more than 300 times!

Was this fellow still human?

Dao could be understood but not expressed with words!

Unable to explain clearly with words!

Those able to explain Dao were all immensely formidable individuals!

But Ye Yuan was just Emperor Vast Heaven!

Those who came up together with him, there were even quite a few who were Emperor Sakra Heaven, and even origin realm powerhouses.

Did ... this still make any sense?

Originally, he was still patting himself on the back for getting first place.

But now, he felt that it was lackluster.

Chapter 3036: Thousand Souls Hall!

Rumble ...

In all the heavens, the Vertical Heaven Stairs passageways were closed!

After a year, the Vertical Heaven Stairs round was finally completely cleared.

A distinction was also finally made among the geniuses from all heavens.

The first place was shockingly Yang Qing.

It was just that the current Yang Qing did not have any joyousness at all, looking at Ye Yuan somewhat resentfully.

He had a feeling that if Ye Yuan cleared the stage properly, this first place would have nothing to do with him at all.

In reality, Yang Qing understood that although he was in the first place, compared to the geniuses of other heavens, they were not much worse.

The gaps between the top 30 could virtually be ignored!

But once Ye Yuan challenged the round, he would have definitely shaken everyone off by a large margin.

In Voidshrine Illuminating Heaven, Feng Qingxuan's brows furrowed slightly, and she said, "Ye Yuan this guy actually didn't even get on the list? This is impossible, right?"

Long He said, "This is illogical! No matter how weak he is, he wouldn't fail to even get into the top 1000, right?"

Feng Qingxuan said angrily, "This boy really makes people worry!"

Right then, Heavenless' figure condensed and formed on the platform.

"The Vertical Heaven Stairs round has already ended! It's just that the final result makes this ancestor a little disappointed! The number that passed this round is much fewer than this ancestor imagined! The results of you all passing the Vertical Heaven Stairs is also much worse compared to the Labyrinth Divine Palace back then! Looks like each generation is really worse than the previous one!" Heavenless said with vicissitudes of emotion.

The moment these words came out, the geniuses from all heavens were immediately unwilling to concede.

Being looked down upon!

“Hur hur, how strong are your Labyrinth Divine Palace’s geniuses? Isn’t that based on your own words?”

“Ancestor Heavenless, we admit that you’re a peerless genius. But I, Kong Tan, absolutely won’t be worse than your Labyrinth Divine Palace’s geniuses!”

“If your Labyrinth Divine Palace’s geniuses were so strong, why did they get exterminated too? You’ve said it all!”

... ..

How proud were the geniuses of the heavens?

Even if they were being despised by the number one genius since time immemorial, that would not do either!

How do you know that I can’t reach your height in the future?

Before reaching the last step, these geniuses absolutely would not admit being worse than others.

Heavenless was not angry either and said with a faint smile, “Back then, when my Labyrinth Divine Palace opened up the Vertical Heaven Stairs, I only took in humans. In one world, there were 200 thousand people that could pass through. But now, there’s only at most 100 thousand people from a single world! Doesn’t this illustrate the problem? But, among you all, there are those who surprised this ancestor too. Grand Brightjade Complete Heaven actually had 1.2 million people pass through the Vertical Heaven Stairs! This ancestor is somewhat looking forward to it!”

The moment these words came out, the geniuses of all heavens exploded!

Grand Brightjade Complete Heaven!

Grand Brightjade Complete Heaven again!

“What?! Grand Brightjade Complete Heaven actually had 1.2 million people pass through the Vertical Heaven Stairs?”

“How is this possible? Our Abyss Pass Origin Grotto Heaven only had 90 thousand people pass!” Wang Ningyang said in disbelief.

“Could it be that Grand Brightjade Complete Heaven actually rose up in these few years? Not only that Yang Qing appear, but the number of their geniuses is also actually more than ten times than ours!”

... ..

All the heavens were shocked!

This number was seriously too frightening!

A low-level plane, the number that passed the Vertical Heaven Stairs was actually more than ten times than theirs!

If it were just numbers, they would not be so shocked either.

After all, no matter how many they were, it did not mean anything either.

Quality was the king's way!

Yet, a Yang Qing appeared!

Now, regardless of whether in terms of quantity or quality, the geniuses of all heavens were being suppressed mercilessly.

This was a little demoralizing.

"You all don't need to be anxious. You guys will be able to witness my Labyrinth Divine Palace's strength right away! The next round, Thousand Souls Hall! Inside it is the strongest 1000 people in my Labyrinth Divine Palace's history! As long as you defeat ten of them, you'll have the qualifications to enter the true Labyrinth Divine Palace!"

Finished saying, Heavenless waved his sleeves. A stone bridge appeared on the platform.

The stone bridge led to that illusory palace.

But when Ye Yuan listened up to here, his heart stirred.

This Thousand Souls Hall seemed to be somewhat similar to the training ground in the small Labyrinth Divine Palace that he experienced in the past.

Except, he did not know if the powerhouses in this Thousand Souls Hall were the same as back then.

Rather, when many people heard that they only needed to win ten people to enter the Labyrinth Divine Palace, they all revealed disdainful expressions.

"*Hur hur*, strongest thousand people in history? Really scares people to death!"

"Just ten people; if I can't even defeat them, what the hell am I going to the Labyrinth Divine Palace for?"

"This Ancestor Heavenless is also looking down on us too much!"

... ..

Many people who were confident in their strength had already stepped onto the stone bridge and entered the Thousand Souls Hall.

Heavenless smiled and did not speak, his figure swaying, disappearing.

When everyone arrived in the Thousand Souls Hall, there was a stone monument displayed in the great hall too.

A thousand names were engraved on the stone monument.

Ye Yuan swept a glance over and discovered that the names on this stone monument were already very different from what he saw in the small Labyrinth Divine Palace!

There were still some familiar names on it, but the majority were already unfamiliar names.

"Looks like the competition in the Labyrinth Divine Palace is really fierce! It's just that I don't know how strong these people are!" Ye Yuan became curious.

He knew that after reaching Emperor Realm, it was totally different from Jade Sovereign Heaven.

These Emperor Realm powerhouses were all Hegemon Realm reserves!

Furthermore, those 1000 people in this Thousand Souls Hall were powerhouses that the Labyrinth Divine Palace had accumulated over many years.

It was very likely that these thousand people were all Hegemon Realm powerhouses!

Many people looked down on this round greatly.

But he knew that this round was absolutely hell difficulty!

“Tch, Thousand Souls Hall, really scaring people to death! This emperor wants to see how strong these people are!” Yang Qing had a disdainful look, directly picking the last name, and jumped into the battle formation.

This battle formation clearly used a spatial divine ability.

Yang Qing could have the movements of his hands and feet unfettered inside the battle formation, but he only occupied a small corner in the entire Thousand Souls Hall.

Everyone could see the situation in the battle formation clearly.

Many people were waiting to see it.

1000th place, Ouyang Fangde!

When Ouyang Fangde saw Yang Qing, his eyes could not help shrinking as he said, “You’re very strong!”

Yang Qing grinned and said, “Doesn’t that go without saying? This emperor is the number one genius in the 33 Heavens! Even Ye Yuan that grandson is my vanquished foe!”

Ouyang Fangde was taken aback. *Who was Ye Yuan?*

However, he could feel Yang Qing’s strength and was waiting in full battle array too.

The great battle was at an explosive point.

The moment they exchanged blows, Yang Qing’s expression changed.

He thought that dealing with the 1000th place, he could absolutely instantly kill his opponent with one move!

But he clearly thought wrongly!

The two people fell into a fierce battle very quickly!

“So strong! This guy is just 1000th place. He actually has such formidable strength? Furthermore, his cultivation realm is suppressed to the same as mine! This emperor has always jumped realms to battle!”

Yang Qing was going crazy!

Even the 1000th place was so strong, then what kind of terrifying existence was the first place?

Inside the Thousand Souls Hall, Ye Yuan was shocked too!

The strength of the 1000th place had greatly exceeded his imagination!

Compared to this Thousand Souls Hall, that training ground was simply like child's play!

Boom!

A hundred moves later, Yang Qing's spear shot out and pierced through Ouyang Fangde's chest.

Yang Qing was victorious!

Chapter 3037: A Dead Person Swears at People Too!

"Ye Yuan, this guy is so strong! He's just ranked 1000th. If so, then how strong is the first place?" Yang Qing said with a solemn expression.

Yang Qing was proud. Especially these few years, he practically soared to the skies.

But today, he really met his match.

The powerhouses in this Thousand Souls Hall were really the utmost strongest thousand people in the long river of time!

"Is he strong? I don't think so," Ye Yuan smiled and said.

Yang Qing rolled his eyes and said in depression, "You tortoise grandson, I shouldn't have talked to you!"

Ye Yuan smiled and said, "You, this person, you need to grow while being knocked down! Comprehend it. You should have reaped a lot in the fight just now."

Yang Qing nodded and went to one side to comprehend.

The Thousand Souls Hall's opponents absolutely only occurred once in a lifetime to geniuses.

Fighting with such opponents could improve oneself to the greatest extent.

However, this did not hold much significance to Ye Yuan.

He was indeed shocked by the strength of the powerhouses in the Thousand Souls Hall, but that was also just limited to shock.

These people's strengths were indeed not on the same level at all when compared to the small Labyrinth Divine Palace back then.

But Ye Yuan's improvement was greater!

The most important thing was that Ye Yuan could utilize saint force!

Forget about being the same rank as him; even if it was one or two minor realms higher than him, it was enough for Ye Yuan to sweep across too.

Hence, that was why Yang Qing was depressed.

Behind Ye Yuan, many people were itching to have a go.

A handsome youth arrived in front of Ye Yuan, coming forward on his own accord as he said, “Heavenly Saint Ye, I want to try!”

Ye Yuan recognized him. He was called Hu Gaoshan.

On the Vertical Heaven Stairs, Ye Yuan discovered some fine saplings. This Hu Gaoshan was one of them.

Actually, in the sea of faces, there would also be some people who had overlooked talents because of various reasons.

This kind of person, as long as you gave them a chance, they would turn into dragons the moment they encountered the winds of change!

Before entering the Vertical Heaven Stairs, Hu Gaoshan was very ordinary.

In fact, Ye Yuan did not see him at all in that initial group of people.

But after going through the Vertical Heaven Stairs, he was already ranked at the forefront of this one million people.

Understanding in Dao determined the height of the ceiling.

Ye Yuan explaining Dao on the Vertical Heaven Stairs was equivalent to forcefully raising these people’s ceiling.

However, Ye Yuan did not agree with Hu Gaoshan. He smiled and said, “I’ll go first. You guys watch closely! However much you can comprehend will depend on yourselves! This round will probably eliminate more than half the people!”

Everyone’s eyes lit up, was Heavenly Saint Ye going to demonstrate for everyone again?

“Many thanks, Heavenly Saint Ye!”

“Heavenly Saint Ye gives assistance to all life. We’re grateful to the point of shedding tears!”

“Heavenly Saint Ye is really a sage of ancient times!”

... ..

A dense crowd of people were extremely grateful to Ye Yuan.

They all expressed that if it were not for Ye Yuan, they would not have made it through the Vertical Heaven Stairs at all.

Ye Yuan reached the status of heavenly saint. However, he did not forget to benefit the world.

This kind of person was truly rare in the 33 Heavens.

They did not need to think and also knew how proud the geniuses of other planes were. Why would they be associated with ants like them?

But Heavenly Saint Ye did not give them the cold shoulder. He helped them to improve instead.

In fact, he gave up on the title of All-Heavens List’s first place for this!

How could they not be moved?

Everyone knew that if Ye Yuan really meant business, it would have nothing to do with Yang Qing anymore.

Ye Yuan smiled and said, "You all don't have to be like this. These don't have much meaning to me. Rather than competing for these pointless things, it's better to let everyone's strength become a little stronger. After all, this kind of opportunity doesn't come by often. Alright, I'm going. All of you watch closely!"

Finished saying, Ye Yuan leaped and entered the battle formation.

When Ouyang Fangde saw Ye Yuan, his pupils could not help constricting.

The pressure that Ye Yuan gave him was practically suffocating him!

Compared to Ye Yuan, Yang Qing was nothing at all.

Were the youngsters now all so impressive?

Randomly encountering one and he was formidable until like this?

Against Yang Qing, he felt that he still had the strength to fight.

But, facing Ye Yuan, he actually felt powerless to resist.

This kind of feeling was ... too exaggerated!

I, Ouyang Fangde, am a top disciple of the 33 Heavens' number one sect, the Labyrinth Divine Palace!

"Make your move," Ye Yuan said coolly.

Ouyang Fangde's face fell. This guy was so arrogant!

Only to see that there was suddenly an additional judge pen in his hand, directly pointing toward Ye Yuan, the speed inconceivably fast.

Pointing All Life!

Pen Expressing Dragons and Snakes!

Ten Thousand Miles of Rivers and Mountains!

... ..

Ouyang Fangde executed move after move, instantly clashing together with Ye Yuan.

The two people were locked in a struggle.

During the battle, Ouyang Fangde was somewhat dazed.

Could it be that the feeling just now was wrong?

This guy was actually not as strong as imagined at all?

Exchanging more than a hundred moves in a blink of an eye, Ouyang Fangde discovered that although Ye Yuan's strength was very strong, he was still much worse than Yang Qing.

He could not help perspiring from embarrassment, wondering if he was overly sensitive?

But he did not know that those Grand Brightjade Complete Heaven's powerhouses outside were already completely boiling over with excitement.

"Ahh! Turns out that this move can be broken like this!"

"Heavenly Saint Ye's Sword Dao is so profound! However, I seem to have understood a little!"

"Ouyang Fangde's Pointing All Life has already been used many times. I think that I've already found the way to resolve it."

... ..

After a thousand moves, Ouyang Fangde's moves were basically squeezed dry by Ye Yuan.

When a move became outdated, it naturally did not pose much threat anymore.

Only then did Ouyang Fangde gradually discover that it did not seem to be the case at all.

This guy was dismantling his moves?

*I ... F*ck me!*

"A scholar prefers death to humiliation! How can you do this?" Ouyang Fangde seemingly woke up from a dream and berated Ye Yuan angrily.

Ye Yuan smiled and said, "You're merely a dead man condensed out of origin power. What individuality do you have? Using you to improve everyone's strength a little is also considered a great service to mankind."

Ouyang Fangde said gloomily, "Bullshit! This seat is the Labyrinth Divine Palace's Hegemon Realm powerhouse, a paramount existence! You punk, you're courting death here!"

Ye Yuan was indifferent and said coolly, "Hegemon Realm expert can still be a dead person too. Could it be that you can still jump out of the grave to beat me?"

Ouyang Fangde was speechless.

Very sadly, he was just a tool.

If Ye Yuan did not stop, he could only passively go along with Ye Yuan forever.

All the way until Ye Yuan got bored of playing, and then he could kill him.

By now, he already completely understood that the sensation earlier was completely right!

This guy's strength was too terrifying!

It was him who was too weak. That was why he did not feel Ye Yuan's power.

Ye Yuan possessed the chaos divine essence. The power of every move and even his style were hair-raisingly strong.

It was just that Ye Yuan suppressed his strength as much as possible in order to dismantle the moves and completely expose all of Ouyang Fangde's flaws.

The same rank Ouyang Fangde was far too behind Ye Yuan.

Resulting in him not understanding Ye Yuan's intention at all in the beginning.

By the time he understood, his weaknesses were already completely exposed.

"Alright, it should be about enough," Ye Yuan said coolly, a streak of sword light flashing past.

Ouyang Fangde was dead!

Very soon, Ouyang Fangde's body condensed once more, looking at Ye Yuan as he shouted angrily, "I ... F*ck you!"

This guy was bullying people too far!

Ouyang Fangde seriously could not hold back and swore profanities.

Chapter 3038: You're Cheating!

"All understood?" Ye Yuan asked.

The group of people in a file all nodded their heads like chicks pecking for rice.

Clearly, there were quite a few people who really understood.

Ye Yuan and Ouyang Fangde fought for a day and a night with no less than 3000 moves.

Ouyang Fangde's moves were virtually crushed by Ye Yuan.

If they still did not understand, then Ye Yuan was really going to beat people up.

Of course, it was not all of them either.

Ouyang Fangde was not really some rookie.

Among these over one million people, it was already very impressive that some of them could understand it.

There was still a large portion who could not crack it even if they were taught.

"Understood!"

"Many thanks, Heavenly Saint Ye! Watch me pummel him!"

"I understand too! What strongest thousand people in history? It's nothing more than this! *Hahaha ...*"

"You didn't see that Ouyang Fangde's expression. It's really hilarious!"

"No rush. I feel that his expression will be even more depressed after a period of time!"

... ..

Very soon, Hu Gaoshan came forward on his own accord and was the first to enter the battle formation.

Ouyang Fangde's expression was very unfriendly.

He already understood that he was played like a monkey for a day by Ye Yuan!

Yet, he could not do anything about it.

"That scoundrelly punk was dismantling moves for you all, right? Very good, you can suffer my wrath then!" Ouyang Fangde said in a cold voice.

Hu Gaoshan laughed and said, "Ouyang Fangde, you're thinking too much! Next up, what you can do is to be trampled by us over and over again! *Hahaha ...*"

Ouyang Fangde sneered and said, "Do you think that by dismantling the moves, you can resolve it? You're too naive!"

Hu Gaoshan did not back down in the least bit and said, "Whether or not I'm being naive, you'll know in a while!"

"Then let me see it! Pen Expressing Dragons and Snakes!"

The judge pen danced like dragons and phoenixes, swift and fierce to the extreme.

In a same rank battle, this move practically had no solutions!

But Hu Gaoshan's comprehension ability was high. He had long already seen through Ouyang Fangde's weakness.

Compared to when he just entered the Vertical Heaven Stairs, Hu Gaoshan could be considered to have been reborn anew.

Although somewhat strained, he still barely managed to avoid Ouyang Fangde's Pen Expressing Dragons and Snakes.

Ouyang Fangde's face became black as the bottom of a pot.

Nearly succeeded!

The strength of this guy opposite of him was really very weak!

This kind of weakling was absolutely a target for being one-shotted!

Top 1000 in history, this was really not randomly proclaimed.

Yet, he could not do anything to Hu Gaoshan.

His moves no longer had any secrets in front of Hu Gaoshan.

Too much was exposed!

In the beginning, Hu Gaoshan was still somewhat reserved.

He knew that Ouyang Fangde was very strong. Ouyang Fangde and him were not on the same level at all.

Fortunately, he knew his opponent's weaknesses very clearly.

Hence, he narrowly avoided his opponent's attacks time and again.

Until the back, Hu Gaosha gradually got used to his opponent's tempo.

Furthermore, he gradually improved in the midst of battle!

Ye Yuan's explanation on Dao previously, coupled with the dismantling of moves in this round, made him achieve mastery through a comprehensive study of the subject.

Hence, Ouyang Fangde was in tragedy.

Every move, every style, he fought until he was extremely aggrieved.

He felt boundless strength from head to toe but could not unleash it at all.

Boom!

Finally, after several hundred moves, Hu Gaoshan saw an opening and took his life in one move!

Hu Gaoshan was victorious!

"I ... I actually won! *Hahaha* ... I won!"

In an instant, Hu Gaoshan fell into wild ecstasy.

Although he knew that he could definitely win, but when it really arrived at this moment, he still had a feeling like he was dreaming.

Not long ago, he was still an ant-like existence.

But now, he clearly felt his power!

Everything was bestowed by Heavenly Saint Ye!

He only came to the Labyrinth Divine Palace to give it a try. He knew that he definitely could not even clear the Vertical Heaven Stairs.

But now, he beat the powerful Ouyang Fangde!

He came before Ye Yuan and bowed respectfully as he said, "Many thanks for Heavenly Saint Ye's grace of guidance. Hu Gaoshan will engrave it in my heart!"

Ye Yuan smiled and said, "Go to the side to comprehend. You should have reaped considerable harvests in this battle!"

Hu Gaoshan said respectfully, "Yes!"

Following that, Ouyang Fangde broke down.

One after another entered the battle formation. Then, he was brutalized over and over again.

He hated, hated why Ancestor had to replicate even his emotions so perfectly.

Wasn't I just a tool?

Shouldn't I not have feelings?

Who am I?

Where am I?

What am I doing?

Ouyang Fangde started to doubt life; even though his life had already ended long ago.

“Ye Yuan, you’re cheating! This is cheating! *Ahh, ahhh, ahhh!* Ancestor, take me in!” In the battle formation, Ouyang Fangde completely broke down.

But he was still a tool. He still needed to repeat the battles.

Then he was wrecked over and over again.

Half a month later, the battle ended. There were a total of more than 300 thousand people who passed the first round assessment.

This was also to say that Ouyang Fangde was abused more than 300 thousand times!

Those that remained were all those who could not understand. Ye Yuan did not let them participate.

Of course, there were also those who were not afraid of death and insisted on taking part, then were immediately one-shotted by Ouyang Fangde.

Later on, no one dared to do it anymore.

Only then did they know that Ouyang Fangde was really very strong.

If you did not understand the other party’s moves, then you should not join in the fun. You would die.

Yang Qing looked at Ye Yuan and rolled his eyes, and he said, “You’re really a demon! You look at how you’ve tormented him and turned him into that state!”

Ye Yuan smiled and said, “You’re actually showing sympathy for a tool? Him alone going through hardships to let everyone become strong, what’s bad about this?”

Yang Qing’s mouth curled, and he said, “I’m going!”

Ye Yuan nodded and said, “Be careful!”

Yang Qing nodded slightly, directly entering the battle formation.

In this half a month, he had already cleared seven rounds. Now, he was going to challenge the eighth round.

These seven rounds similarly had considerable harvests to Yang Qing.

His strength improved significantly!

However, Yang Qing's path forward also became more and more difficult.

After just five rounds, he discovered that his opponents got stronger and stronger!

Originally, when he arrived at this round, he wanted to challenge these 1000 people with a spear.

In the end, he discovered that this was virtually something impossible.

Ye Yuan did not stay idle either. He started challenging the second round.

Those 300 thousand people did not move their gazes, staring at Ye Yuan's battle formation.

A ravaging for several hundred thousand was about to start again very soon.

Abyss Pass Origin Grotto Heaven, Wang Ningyang cleared five rounds. Her expression was very ugly.

A series of wails came from inside the battle formations.

"Why is this damn Ouyang Fangde so strong?"

"Making it through ten people, this is simply something impossible!"

"Freak! This Thousand Souls Hall is really too freakish! No wonder the Labyrinth Divine Palace virtually annihilated the 33 Heavens. The strengths of their disciples were really too strong!"

... ..

Different from Grand Brightjade Complete Heaven, this place had long already become a scene of wails.

Many people were directly finished off by Ouyang Fangde in the first round and did not even have time to escape.

Wang Ningyan looked at the Thousand Souls List in the great hall, her expression solemn as she said, "Damn it, these guys are too strong! At this rate, we can't catch up to Yang Qing at all! Just what kind of monster did Grand Brightjade Complete Heaven produce?"

Chapter 3039: Pursue!

"How many people from your Zuo Family made it through?" Wang Ningyan asked.

"459 people!" Smugness was written all over Zuo Qingyang's face.

"Tch, showing off for? A total of 512 people from our Zhoutian Emperor Palace made it!" Zhou Xianchen said disdainfully.

"Our Melody Nether Heavenly Sect also had 491 people that passed!" Lu Haoran said.

Wang Ningyan said, "For our Abyss Pass Origin Grotto Heaven, there are at least 3000 people who passed ten rounds! I don't believe it. Those over one million people from Grand Brightjade Complete Heaven will probably all be eliminated in this round! It's impossible for that kind of plane to pass these ten rounds!"

Zhou Xianchen also said, "They definitely gained an advantage by trickery in the Vertical Heaven Stairs! If those million over people all climbed the Vertical Heaven Stairs by relying on their strength, then

Grand Brightjade Complete Heaven would have long surmounted above all the heavens. What does it still have to do with us?"

Zuo Qingyang nodded and said, "The few of us definitely can't lose to Yang Qing this time!"

The few people all had solemn expressions, soaring with fighting intent.

At present, on the Thousand Souls List, Yang Qing had made it through 38 rounds, leaving people far behind in the dust.

Furthermore, his speed got faster and faster.

Of course, the geniuses in all heavens did not relax their vigilance either, all following closely behind.

But Yang Qing's power was already exuded through the Thousand Souls List.

The geniuses from all heavens felt tremendous pressure one after another.

Voidshrine Illuminating Heaven, Feng Qingxuan's brows were tightly furrowed.

She looked through the Thousand Souls List over and over again and still did not see Ye Yuan's name.

"Could it be that this guy really didn't come? Such an opportunity that only comes once in a lifetime, it's impossible, right? Rather, how can this Yang Qing be so strong?" Feng Qingxuan said with a frown.

She was currently ranked third, being suppressed firmly by Kong Tan.

But what she hoped to see even more was Ye Yuan appearing on the Thousand Souls List.

In the end, he still did not.

Grand Brightjade Complete Heaven, Yang Qing became more excited the more he fought.

This Thousand Souls Hall was simply a treasure vault to him.

After crossing 38 rounds, his improvement became faster and faster.

One had to know that these 1000 people represented the pinnacle during that era.

Fighting with such powerhouses really benefited a lot.

Finally, Yang Qing, who was currently in meditation, suddenly opened his eyes one day, the aura on his body directly rising to the peak.

At this moment, he appeared incredibly powerful.

Yang Qing's domineeringness immediately attracted a series of exclamations.

"Emperor Azuresky got stronger again!"

"This place is an insurmountable high wall to us, but to Emperor Azuresky, it's simply like a fantasy paradise!"

"He has already cleared a hundred rounds and occupies the first place on the Thousand Souls List firmly, it really gains face for our Grand Brightjade Complete Heaven!"

“Eh, he seems to be provoking Heavenly Saint Ye! Could it be ...”

... ..

Before his voice faded, Yang Qing pointed at Ye Yuan with his long spear and shouted, “Ye Yuan, come and battle!”

Ye Yuan was not surprised. Yang Qing’s strength had improved greatly. It would be weird if he did not find Ye Yuan.

These few days, he watched Yang Qing grow stronger with his own eyes.

The Thousand Souls Hall was the best piece of sharpening stone.

Those geniuses could really be described with the following statement: improving at a tremendous pace here.

Ye Yuan smiled and said, “You’re confident!”

Yang Qing grinned and said, “That’s right, I’m confident! I feel that I can break that punch of yours!”

Ye Yuan nodded his head and said, “Okay, bring it on!”

Yang Qing put away the long spear, a destructive intent that dominated the world spread out immediately.

Those who were weak in strength actually could not stand firm under Yang Qing’s imposing momentum.

It was still the Myriad Dao Annihilation Spear!

But the power of the current Myriad Dao Annihilation Spear was on a completely different level than when competing with Ye Yuan back then.

Yang Qing had already tread out his own Dao!

The so-called Myriad Dao Annihilation was shattering myriad Dao with Spear Dao!

Compared to Ye Yuan’s divine sense turning into myriad and Hegemon Samsara’s experience of reincarnation, it all arrived at the same destination via different means!

Clearing a hundred rounds consecutively, Yang Qing’s move became even more perfect and even stronger.

Strong until it made people despair!

Feeling this terrifying power, everyone’s faces changed one after another.

“So strong ... can Heavenly Saint Ye block this spear?”

“This isn’t fair! Yang Qing is only half a step away from grand completion Emperor Vast Heaven!”

“Yang Qing can probably contend with Emperor Sakra Heavens by relying on this move, right?”

... ..

They could not help birthing a trace of doubt as to whether or not Ye Yuan could block this spear.

Bang!

Before his voice faded, Yang Qing flew out.

His imposing momentum was broken by Ye Yuan with a punch.

Everyone was dumbfounded with shock.

How could this be?

Such a formidable spear actually could not even block a punch from Ye Yuan?

“Bah! You freak!” Yang Qing gritted his teeth, picked up his spear, and directly entered the battle formation.

Ye Yuan just smiled and did not say anything.

Yang Qing was different from the others. He was very clear about what he was doing.

If it were others, they would definitely yell at Ye Yuan, saying that he was not allowed to use saint force, and that it's winning unscrupulously.

But Yang Qing would not!

He knew that to defeat Ye Yuan, he would have to defeat his saint force.

A loss was a loss; he would never make excuses.

To Yang Qing, defeating these people was not the goal.

His final goal was to defeat Ye Yuan!

If he could not win Ye Yuan, then even if he cleared a thousand rounds, it made no difference too.

Time flew by rapidly. The geniuses from all heavens were still continuing to challenge the rounds.

Of course, those who could continue to challenge them were all the top geniuses from all heavens.

Yang Qing had already become everyone's benchmark.

The various races in all heavens, all of the geniuses were chasing after Yang Qing frenziedly.

But the gap between them grew bigger and bigger.

Yang Qing's might virtually seeped out of the Thousand Souls List.

Thousand Souls List, the higher up, the more powerful the opponent!

Even Kong Tan, this kind of peerless genius, also gradually felt that his ability was somewhat falling short of his wishes.

From the relentlessness at the beginning, to gradually falling behind by three rounds later on, then five rounds, then ten rounds.

The gap between the first place and the second place grew bigger and bigger.

Yang Qing was like a lone wolf that never knew fatigue, fighting frenziedly and advancing crazily.

The scariest thing was that he could always defeat his opponent every time.

“Just what kind of medicine did Yang Qing this fellow eat? Could it be that this guy never gets tired?” Kong Tan looked at the Thousand Souls List and could not resist cursing.

“Damn it! The gap is widening! Could it be that this Yang Qing is more powerful than Ye Yuan?” Feng Qingxuan also said.

Wang Ningyan had already given up on chasing. She was currently in tenth place and seriously could not move up anymore.

The nine people in front were all like madmen.

Originally, she felt that she was peerlessly elegant and talented, enough to suppress all geniuses.

Even if she could not suppress them, she could also advance at an equal pace.

But now, she knew that she was wrong!

She was somewhat doubting her life.

Except, these geniuses who were chasing after Yang Qing did not know that Yang Qing was being trampled by another person all along.

Every hundred rounds that he cleared, Yang Qing would take the initiative to challenge Ye Yuan.

But unfortunately, Ye Yuan only had one move!

No matter how strong he was, he was unable to surpass Ye Yuan’s punch!

With Ye Yuan, this insurmountable high wall around, Yang Qing was full of vigor.

Hence, he became even crazier.

He placed all of his combat strength on the Labyrinth Divine Palace’s 1000 geniuses.

Chapter 3040: True Labyrinth Divine Palace!

“C-Cleared the stage?” Wang Ningyan looked at the Thousand Souls List and felt blown away.

Yang Qing defeated the Thousand Souls Hall’s 1000 people and cleared the stage!

This battle result seriously made people too proud.

The second place Kong Tan fell in the 934th round.

The third place Feng Qingxuan fell in the 933rd round.

The fourth place Qin Baichuan fell in the 930th round.

The battle results at the back were all very close.

Only Yang Qing's battle results swept everyone away.

If one still could not tell the difference at the Vertical Heaven Stairs, then in this stage, the gap had already been widened!

"After 900 rounds, those people were all powerful to the extreme. Each round was deadly! How can this guy possibly make it through a thousand rounds?" Zuo Qingyang's face was full of disbelief.

He also made it to the 913th round, ranking at the 12th place.

But he felt that clearing the stage was an impossible mission.

However, Yang Qing completed it.

Only at this point did these geniuses experience the might of the Labyrinth Divine Palace.

Those who entered the Thousand Souls Hall were all the top geniuses of all the heavens. Each one was an exceptional powerhouse.

But none of them could make it to the top 60 of the Thousand Souls Hall!

This was also to say that even if they were in the Labyrinth Divine Palace, they did not count as top-notch too!

The combat power list accumulated over the years was indeed not for show.

But there was one exception.

Yang Qing!

This guy actually defeated everyone and left people far behind in the dust!

This result made everyone feel awful to the extreme.

"On what basis? Based on what that Grand Brightjade Complete Heaven, this kind of trashy plane, can clear the stage?" Even if it was Qin Baichuan, he was also full of unwillingness to submit at this time.

At this time, Grand Brightjade Complete Heaven's Thousand Souls Hall.

Yang Qing, who had already been viewed as the chosen rival of the geniuses in all heavens, was currently fired up with boundless enthusiasm.

He used his spear to point at Ye Yuan from afar and said with a loud laugh, "*Hahaha*, Ye Yuan, Emperor Azuresky, I, have finally cleared the stage! Come, fight with me!"

Bang!

Ye Yuan's pupils constricted, taking several steps back in the row.

Yang Qing's spear light was directly shattered, being sent flying out,

Yang Qing was defeated!

Ye Yuan said with a sigh of admiration, "You're really amazing! Right now, if the geniuses of all the heavens meet you in the same rank, they will probably be directly one-shotted by you."

Yang Qing jumped up and said with a black face, "You're really despicable! You want to say that you're more formidable than the other geniuses, is that it?"

Ye Yuan nodded and said, "Yeah! Who asked me to grasp saint force in Emperor Vast Heaven? *Uh*, this thing is really useful."

Yang Qing was speechless.

At this time, Yang Qing's Myriad Dao Annihilation Spear was more than ten times stronger than before! Even if Ye Yuan used saint force, it was not as effortless as before anymore too.

But Yang Qing was still not a match.

The methods of Great Beyond powerhouses were really too strong.

If the geniuses from all the heavens were here, their jaws would definitely hit the ground from shock.

This Yang Qing who swept them away was actually being crushed underfoot by another guy!

A figure condensed in the Thousand Souls Hall.

Heavenless appeared again!

He looked at everyone and said with a smile, "Looks like you guys have a clear understanding of my Labyrinth Divine Palace's might! Of course, you all don't need to belittle your own capabilities either. Your talents are indeed pretty good. It's just a shame that you weren't born in my Labyrinth Divine Palace! The Thousand Souls Hall stage. It's still Grand Brightjade Complete Heaven that won the top spot! They have a total of 55,621 people that passed the Thousand Souls Hall's assessment!"

"What?! T-This is impossible!" Wang Ningyan cried out in surprise.

"This is impossible! How can Grand Brightjade Complete Heaven possibly be more than ten times of us!" Kong Tan did not believe it either.

Someone said, "Ancestor Heavenless, did you make a mistake? Or maybe Grand Brightjade Complete Heaven cheated!"

Thousand Souls Hall this stage was much harder than the Vertical Heaven Stairs.

Even if it was just defeating ten people, it was also not what the average genius could accomplish.

Each round guardian of the Thousand Souls Hall, even if it was Ouyang Fangde, their strength was powerful to the extreme too.

Wanting to win them was easier said than done.

But, a puny little Grand Brightjade Complete Heaven, the number that passed was actually more than ten times than theirs!

This number was too scary!

Heavenless said coolly, "This ancestor doesn't look at the process. I only look at the results! If you guys aren't convinced, you'll naturally have a chance to meet them after entering the true Labyrinth Divine Palace! At that time, you all can even have a showdown!"

But Feng Qingxuan's gaze gradually became bright.

"It must be that guy! Apart from Ye Yuan, nobody can accomplish this! This guy is always able to create miracles."

By the side, Long He deeply felt that way too and said with a nod, "Apart from him, there should be no one else. He's probably unranked on the lists in order to bring these people into the Labyrinth Divine Palace."

"All right. You all don't need to guess. You'll be able to meet after entering the passageway at the end of the Thousand Souls Hall!" Heavenless said coolly.

At this time, there was already an additional transmission door since god knows when in the corner of the Thousand Souls Hall.

This transmission door was naturally the passageway to enter the true Labyrinth Divine Palace.

Everyone's breathing became ragged.

The true treasure was still in the Labyrinth Divine Palace!

So what if they fell behind a little in the Thousand Souls Hall?

Swoosh! Swoosh! Swoosh!

One figure after another moved. They were too impatient to wait, entering the passageway.

... ..

"That's ... Divine Citron Fruit! Swallowing one is equal to 3000 years of bitter cultivation!"

"That's Mystic Sand Nine Sun Weed, the core ingredient for the Great Trichiliocosm Heavenly Fate Pill! It already can't be found at all in the outside world!"

"That is ..."

A series of exclamations came from the crowd.

It was simply a land of treasures under this sky.

Many heavenly medicines and precious treasures that could not be seen in the outside world could be seen everywhere here!

When the geniuses from all the heavens saw these, each and every one of their eyes turned red.

"*Hahaha* ... The Labyrinth Divine Palace is indeed well-deserving of being the number one sect! This place is simply paradise!"

"Cultivating here, why worry about not being able to reach Hegemon Realm?"

“This trip indeed wasn’t in vain! Rich! Rich!”

... ..

Everyone seemed to have gone crazy. Many people directly rushed towards those treasures.

Boom!

Those who charged right at the front were directly killed.

Kong Tan’s gaze swept across everyone’s faces, and he said coldly, “This fiend hasn’t even opened my mouth. When is it your turn?”

Kong Tan naturally did not come alone. The fiend race powerhouses behind him reached as many as a thousand people.

When the others saw the situation, they immediately withered up.

Kong Tan laughed coldly and said, “Go. Collect all the heavenly medicines in this area!”

“*Hur hur*, with so many heavenly medicines, it’s enough to even cultivate to Supreme Hegemon! Kong Tan, aren’t you too greedy?”

A peerlessly beautiful figure appeared. Who could it be if not Feng Qingxuan?

There were similarly one to two thousand true spirits following behind her.

Long He and the rest were shockingly in the ranks.

Kong Tan said coolly, “Feng Qingxuan, my fiend race has always been overbearing! We’ll be taking these heavenly medicines! If you’re not convinced, talk again after fighting.”

Feng Qingxuan sneered and said, “Kong Tan, do you think that you’re invincible because you’re second on the Thousand Souls List?”

Kong Tan smiled and said, “At least I’m a little stronger than you, this number three!”

Feng Qingxuan smiled and said, “We’re about on par. But you probably don’t know that my relationship with Yang Qing isn’t ordinary!”

Kong Tan’s pupils constricted, revealing a look of vigilance.
