

Medicine God 3041

Chapter 3041: Yang Qing's Highlight Moment!

Kong Tan's gaze turned cold. He said, "Do you think that this fiend would be scared of a human?"

It was only to see fiendish qi surging on his body, already assuming a posture like he was going to start a killing spree.

Feng Qingxuan's expression turned dark, and she said, "Kong Tan, don't you be arrogant! When my man arrives, you'll suffer!"

Kong Tan's eyes shrunk once again, and he said, "You're saying that Yang Qing is your man? *Hur hur*, Feng Qingxuan, do you take this fiend to be a fool?"

Feng Qingxuan smiled and said, "You can try starting a fight!"

Kong Tan said disdainfully, "No matter how formidable Yang Qing is, he's also just one person! Feng Qingxuan, it looks like you're refusing face when it's given! Kill for me!"

In the end, Feng Qingxuan still failed to intimidate Kong Tan.

The fiend race was bloodthirsty by nature and would not reason things out at all.

If you were stronger than them, only then could you intimidate them.

Boom!

In a blink, the two races clashed.

Kong Tan's true fiend dharma body was impervious to swords and spears, and invulnerable to water and fire.

Feng Qingxuan's strength was not weak either, but it was still not enough to suppress Kong Tan.

Moreover, the fiend race had many experts. Kong Tan brought quite a few powerhouses this time.

The true spirit race fell into a disadvantageous situation very soon.

"Yo, how lively! So many natural treasures, why isn't there a share for my human race?" Zuo Qingyang said with a light laugh.

"Brother Kong Tan, we'll lend you guys a helping hand. Give us a share of these natural treasures, alright?" Wang Ningyan said.

Kong Tan laughed loudly and said, "That's good! I'll have to trouble Fairy Ningyan!"

Feng Qingxuan's face turned black, and she gritted her teeth and said, "Wang Ningyan, you dare!"

Wang Ningyan smiled and said, "Why wouldn't I not dare? Haven't your true spirit clan always looked down on the human race? We have no need to help you all deal with Brother Kong Tan, right?"

Actually, in the 33 Heavens, all the races had enmity toward the true spirit race.

No reason other than they were too strong!

Back then, the true spirit race was like the noonday sun. One Voidshrine Illuminating Heaven had five mighty Great Beyond powerhouses!

If all the races did not join hands, they would not be the true spirit race's match at all.

Meanwhile, the human race sought survival between the crevices.

Later, the Labyrinth Divine Palace rose up. Humanity attained unprecedented glory. Only then were they on par with all the races.

How clever was Wang Ningyan? She determined the situation on the field in an instant and decided to join Kong Tan's side.

The moment Wang Ningyan and the rest made a move, it instantly formed a crushing advantage.

Feng Qingxuan was teetering on her feet under the pincer attacks of several great experts. Very soon, she could not quite hold out anymore.

Right then, another group of people came over. But it was the feather race that arrived.

Yu Ran smiled and said, "Big Brother Kong Tan, do you need Yu Ran's assistance?"

Kong Tan smiled and said, "It's naturally for the best if Younger Sister Yu Ran takes action!"

Yu Ran nodded and said, "Alright, the dragon race this bunch of people, leave them to me!"

Finished saying, Yu Ran brought the feather race and joined the battle too.

All at once, the true spirit race was attacked in front and from the rear, suffering a heavy blow.

Many true spirits died under the powerful attacks of the few races.

Feng Qingxuan was going crazy. She did not expect that such a situation would actually occur.

"Why isn't that damn fellow here yet?" Feng Qingxuan gnashed her teeth in hatred as she said.

She knew that the only one who could save her now was only Ye Yuan.

Otherwise, these elites from the true spirit race would all have to die here.

As if hearing her summoning, a large group of people came from the distance in a dense crowd, immediately applying tremendous pressure on all the races.

At times, numbers could crush everything.

"Finally see people! *Heh heh*, these people will all have to submit under the foot of me, Emperor Azuresky!" Yang Qing immediately became excited.

The destination that this group of people was transported to was a little off. Hence, they came late.

Yang Qing took first place. With his temperament, he naturally could not refrain from posturing.

Ye Yuan had sharp eyes. He saw several races besieging the true spirit race with one glance, and his brows could not help furrowing slightly.

However, Yang Qing already rushed out without waiting for him to speak.

“Hoy! All-Heavens List, Thousand Souls List, dual lists’ number one, Exalt Azuresky is here! You trash actually dare to bully my, Yang Qing’s, friends! Why haven’t you quickly stopped?!” Yang Qing pointed with his long spear and shouted angrily.

Ye Yuan covered his face with his hand and seriously could not quite continue watching anymore.

This guy liked to show off too much!

Of course, although flamboyant, Yang Qing could still gauge things clearly.

Back then, the true spirit race was the main force that saved the Grand Brightjade Complete Heaven.

Feng Qingxuan was also present back then.

Yang Qing recognized Feng Qingxuan at a glance and naturally knew who he should help.

Moreover, he also knew that Ye Yuan belonged to half a true spirit.

This sentence from him immediately attracted everyone’s attention.

In reality, all of the geniuses right now were full of curiosity toward Yang Qing.

Everyone wanted to know just what this genius who suppressed all the heavens looked like.

But, with one look, they were quite disappointed.

This guy really did not have the air of an expert at all!

Shouldn’t the genius who swept across all the heavens be low-profile and humble and unparalleledly domineering?

This fellow looked like a living treasure no matter how one looked at him!

However, Yang Qing was the peerless genius who cleared the Thousand Souls Hall stage in the end. His face still had to be given.

Wang Ningyan was the first to stop, shouting, “Okay, I’ll give Brother Yang face! Our Purple Extreme Heaven Pavilion will stop!”

Finished saying, the people that she brought all stopped.

Yu Ran also smiled, jumping out of the battlefield as she said, “Brother Yang’s face has to be given. My feather race withdraws!”

The feather race powerhouses stopped respectively too.

When Kong Tan saw the situation, he knew that this fight could not carry on. Snorting coldly, he ceased fighting too.

Only then did the true spirit race powerhouses feel akin to being relieved of a heavy burden.

However, each of them currently had wounds on their bodies. They also lost quite a number of elites that they brought.

Wang Ningyan arrived in front of Yang Qing and greeted with folded hands on the lower right side of her body as she said smilingly, "With the Labyrinth Divine Palace opening this time, Brother Yang's prestige has awed all the heavens! Since Brother Yang is a human, why not join my Purple Extreme Heaven Pavilion? Our Purple Extreme Heaven Pavilion will definitely do our utmost to help Brother Yang step into the Great Beyond Realm!"

Wang Ningyan had always been proud and cold. Even when facing Zuo Qingyang the few of them, she spoke bluntly too.

But today, she smiled at Yang Qing!

This smile was akin to spring wind blowing for ten miles, intoxicating people.

Even a boor like Kong Tan was also besotted from looking.

In an instant, the air teemed with a strong smell of vinegar.

But, right at this time, Yu Ran smiled sweetly and directly grabbed Yang Qing's hand, saying coquettishly, "Big Brother Yang Qing, Yu Ran idolizes geniuses the most! Why not Yu Ran become your Dao companions? Yu Ran is the holy daughter of the feather race. As long as Big Brother Yang Qing becomes my Dao companion, there will be countless resources! Also, my ancestor is a Great Beyond powerhouse. If you become my Dao companion, Ancestor will definitely give you guidance!"

Yang Qing instantly became full of himself.

The jealousy grew stronger!

At this time, there were three peerless beauties on the open field.

Wang Ningyan, Yu Ran, and Feng Qingxuan!

These three people had unparalleled beauty and aptitude!

Right now, two out of the three were actually casting an olive branch to Yang Qing.

Also, Feng Qingxuan, Yang Qing personally admitted that he was friends with her!

This kind of treatment really envied bystanders to the max!

Kong Tan looked toward Feng Qingxuan and ridiculed her. He said, "Feng Qingxuan, your man came. Why don't you have him take revenge for you?"

He had long seen through. Yang Qing did not have that kind of feelings for Feng Qingxuan at all.

Chapter 3042: The Blind Ones Are You All!

"Goodness me! Two great beauties inviting, it really puts this Yang in a dilemma!" Yang Qing said with a smug look.

Yu Ran directly cuddled against his body and said with a smile, "What dilemma is there? It's merely one sect behind this woman. But, behind Yu Ran, it's the power of a race! One will also know who to choose without needing to think, right?"

Wang Ningyan said coldly, "Shameless!"

Yu Ran smiled and said, "Younger Sister Ningyan, you want to rope Big Brother Yang Qing in, and you still want to put on airs? What kind of heaven's chosen is Big Brother Yang Qing? Could it be that he can't match up to you?"

Wang Ningyan's brows furrowed slightly, but she felt that Yu Ran's words made sense.

Across the heavens and myriad worlds, it could be said that there was no man that could enter her eyes!

Even Kong Tan was not enough to make her view him in a different light too.

But Yang Qing was an exception!

After experiencing the Thousand Souls Hall, they were all too clear how strong those thousand people were!

Especially the top 100, they were really strong to the extreme.

To be able to clear the Thousand Souls Hall stage, these geniuses all knew what that meant.

Yang Qing's potential was immeasurable!

Otherwise, why would someone as cold and proud as Wang Ningyan welcome warmly with a smiling face?

However, compared to Yu Ran, Wang Ningyan had indeed fallen to a disadvantage again.

If one were to consider who in this world could match up to her, Wang Ningyan, it was only Yang Qing!

Seeing how Yang Qing looked, Kong Tan was even more certain that he and Feng Qingxuan were just ordinary friends.

"*Hur hur*, your man seems to have already forgotten your existence! Feng Qingxuan, you have peerless looks too. Why are you so shameless? Randomly grabbing a guy and saying that he's your man?" Kong Tan snickered.

Feng Qingxuan looked at him and said with a cold smile, "Who told you that my man is Yang Qing?"

Kong Tan could not help laughing and said, "Isn't that what you said?"

Feng Qingxuan's figure moved, arriving next to Ye Yuan. Grabbing Ye Yuan's arm, she said, "Look closely, this is my man!"

Ye Yuan was stupefied.

When did I ... freaking become your man?

Feng Qingxuan's action made everyone's jaws hit the ground in shock.

"This ... is Fairy Feng abandoning herself to despair?"

"Who is this kid? He didn't even get on the All-Heavens List and Thousand Souls List, right? Fairy Feng is actually throwing herself at him?"

“Fairy Feng must be blind! Yang Qing is a peerless heaven’s chosen. She didn’t take a fancy on him and actually took a fancy on an unknown trash?”

... ..

Compared to the current Yang Qing, Ye Yuan was indeed trash.

Yang Qing was too dazzling!

In the 33 Heavens, the heavens’ chosen were plentiful like oxen fur.

But he suppressed everybody!

It was impossible to not be dazzling even if he did not want to.

Being grabbed by Feng Qingxuan, Ye Yuan was a little embarrassed.

But, in front of the geniuses from all the heavens, he really could not brush her face aside.

Upon denying it, Feng Qingxuan probably could not even lift her head in the future.

After all, he owed Feng Qingxuan a debt of gratitude.

Ye Yuan heard Long Jian say before that when he went to the Vermilion Bird Clan back then, Luan Qinghe actually had some qualms against him.

It was Feng Qingxuan who advocated strongly until Luan Qinghe agreed to take action.

Seeing that Ye Yuan did not deny it, Feng Qingxuan also let out a long sigh of relief.

She naturally knew that Ye Yuan was not interested in her.

But, no idea since when, she was already unable to extricate herself.

“Ye Yuan, help me take revenge!” Feng Qingxuan said.

Ye Yuan did not hesitate and nodded his head and said, “Okay!”

“Hehehe ... Feng Qingxuan, are you blind? You’re not chasing the All-Heavens List and Thousand Souls List, dual lists’ number one genius, and actually went to pursue a good-for-nothing?” Yu Yan said with a charming laugh.

Not far away, Wang Ningyan also had a mocking look.

Clearly, she was very disdainful with Feng Qingxuan’s way of doing things.

The moment Kong Tan heard, he laughed loudly and said, “*Hahaha* ... boy, have you gotten bewitched by Feng Qingxuan and don’t know who you are anymore? You said that you’re going to take revenge for her?”

A hint of coldness flashed across Ye Yuan’s eyes, and he said, “That’s right! You killed many true spirits. You have to pay the price!”

Kong Tan laughed loudly and said, “Then, this fiend wants to see how you, a puny little lower Emperor Vast Heaven, take revenge! This fiend is waiting for you right here!”

Ye Yuan said coolly, "You, kowtow to the true spirit race and apologize! Otherwise, these fiends that you brought, none of them will be spared!"

Kong Tan laughed.

Yu Ran also laughed.

A brat actually boasted so shamelessly.

Yu Ran laughed herself into fits and said, "Feng Qingxuan, what kind of hothead did you find? He really dares to say anything! *Hehehe ...*"

Kong Tan laughed and said, "There's no word called 'sorry' in this fiend's dictionary! Come, let me take a look at how you'll spare none of us!"

Bang!

Right at this time, Yang Qing pushed Yu Ran away.

The latter had a blank look, not knowing what had happened.

Grand Brightjade Complete Heaven had many people. They all knew about this.

But regardless of whether it was Kong Tan, Yu Ran, or Wang Ningyan, or the rest, they all did not think that these people would listen to a lower Emperor Vast Heaven's orders.

Ye Yuan's strength was at the bottom of the barrel among this group of people.

How could they, these people, be convinced by Ye Yuan?

"Big Brother Yang Qing, you've hurt me! How can you do this to a girl?" Yu Ran said in a spoiled manner.

At this time, Yang Qing already put away his flippant expression and said with a cold smile, "Scram to one side! How can I, Emperor Azuresky, be someone that you can match up to? Also, the blind ones are you guys! Fairy Feng is the only one who can see what others cannot! *Tsk tsk*, Fairy Feng, you really have foresight! Ye Yuan this punk is just a little bit worse than me, Emperor Azuresky!"

As he said, Yang Qing gave Feng Qingxuan a thumbs up.

The latter also had a proud look.

Meanwhile, Ye Yuan felt a headache come on.

Yang Qing's words made everyone dumbfounded.

What was this guy talking about?

"Yang Qing said that Wang Ningyan and Yu Ran are blind. Isn't that scolding himself? Uh, this guy is really a living treasure!"

"However, what background does that boy have? To actually only be a little bit worse than Yang Qing?"

"Got to be kidding! All-Heavens List and Thousand Souls List, Grand Brightjade Complete Heaven only has Yang Qing alone. This boy is simply a nobody!"

"Ah! I understand. This boy is definitely some human major power's descendant!"

"Mn, you make a lot of sense!"

... ..

Everyone was at a loss. Yang Qing actually even scolded himself in order to prop Ye Yuan up.

Just what was this Ye Yuan's identity?

Hence, people started speculating about Ye Yuan's identity.

Yang Qing scolded himself but was completely oblivious to it. Looking at Kong Tan, he sneered and said, "You're the second place, Kong Tan, right? I advise that you'd better kneel down and apologize. Otherwise, you all will really be wiped out! Ye Yuan never bluffs people when talking! You'll really die!"

Yang Qing said it solemnly. Kong Tan's heart became somewhat uncertain.

But he could not discern, no matter what, what Ye Yuan had to back him up!

"Yang Qing, who the hell do you think you are, to also dare talk nonsense to this fiend? This fiend is genuinely enraged this time! Don't need you all to make a move. This fiend will kill you all first! Everyone, kill for me!" Kong Tan shouted angrily.

"Moron!" Yang Qing's mouth curled as he scolded.

Ye Yuan said coolly, "The fiend race members, leave none behind!"

Chapter 3043: It's a Waste Even if It's Placed With You

"Hur hur, who does he think he is? These 50 thousand over people will all listen to him?"

"This boy is clearly a fool! I know about Grand Brightjade Complete Heaven. That place is simply a masterless land, with sects standing in great numbers, neither convinced by the others!"

"With a beauty accompanying, he probably doesn't know his surname anymore, right?"

... ..

The moment Ye Yuan opened his mouth, mocking voices immediately came from all around.

Forget about Ye Yuan; even Kong Tan, Yu Ran, these people, it was impossible to make 50 thousand geniuses of a race listen to one person too.

However, before his voice faded, the 50 thousand people behind Ye Yuan attacked simultaneously.

Kong Tan's eyeballs popped out!

In terms of strength, the fiend race was definitely stronger than Grand Brightjade Complete Heaven.

But with more than 50 thousand people versus 2000 people, this was complete devastation!

No matter how strong you were, it was useless too!

Let alone that ever since entering the Labyrinth Divine Palace, these people's strength had already made great progress.

Kong Tan finally understood what Yang Qing's words meant.

These 2000 fiends were instantly drowned by the sea of people!

In an instant, a large group of fiends died.

"Enough! I apologize! I apologize!" Kong Tan shouted.

The corners of Ye Yuan's mouth curled slightly and he said, "Stop!"

The 50 thousand people executed the order without fail; they immediately stopped and returned.

This scene made everyone draw a breath of cold air.

They could not help becoming curious about Ye Yuan's identity. Who could make 50 thousand people be so obedient?

In one exchange, the fiend race had several hundred people dead.

Kong Tan had a black face as he came before Ye Yuan and said, "I can apologize, but kneeling is absolutely impossible!"

Ye Yuan smiled and said, "Sure!"

Kong Tan gave a bow to Feng Qingxuan and said, "Fairy Feng, Kong Tan was wrong. I apologize to you!"

Feng Qingxuan gave a cold snort and said, "I warned you before! My man isn't to be trifled with!"

Ye Yuan had black lines on his head.

Kong Tan had black lines on his head too.

But at this time, everyone's focus shifted to Ye Yuan all at once.

Just where did this enigmatic young man pop out from?

All of them thought that Grand Brightjade Complete Heaven's leader was Yang Qing.

But looking at it now, it was not!

Yang Qing said unhappily, "Why didn't you wipe them you? This isn't your style!"

He knew that Ye Yuan was decisive in going for the kill.

With Kong Tan's words and actions earlier, exterminating the fiend race was also not impossible.

Ye Yuan said meaningfully, "A rabbit will bite if cornered. Now isn't the time to show your cards. This place has the rules here. Once we cross it, the consequences will be very severe."

Yang Qing felt at a loss, uncertain what it meant.

Although he did not kill Kong Tan, suppressing the fiend race's young patriarch to lower his head to admit his fault, this was already shocking enough.

One had to know that Kong Tan was not only the fiend race's young patriarch. He was even number two in the ranking here after Yang Qing!

If not for Yang Qing this freak, he would have been number one.

How proud was such a genius?

Ye Yuan looked toward Yu Ran, Wang Ningyan, and the rest. He then said coolly, "Also, you all!"

Yu Ran's expression changed, and she said, "Goodness, this big brother is so fierce! I'm a weak girl. How can you be like this?"

Wang Ningyan's pupils constricted, and she said coldly, "You're a human. You should know humanity's three supreme heavens! My Purple Extreme Heaven Pavilion isn't what you can afford to provoke!"

Ye Yuan looked at him and said coolly, "In that case, you want me to make a move?"

Wang Ningyan's expression turned dark. This guy really did not know how to cherish beauties!

She gritted her teeth and also apologized to Feng Qingxuan.

Although Yu Ran was reluctant, she also knew that circumstances were stronger than people.

They all, these people added up, were not a match for Ye Yuan's army too.

Yang Qing's mouth curled, and he said unhappily, "This tortoise grandson stole this emperor's limelight again!"

Ye Yuan glanced at him and said, "Do you still want to break through to Emperor Sakra Heaven or not?"

Yang Qing immediately switched expressions and said fawningly, "I want, I want! *Hur hur*, Heavenly Saint Ye is the best!"

When everyone saw this scene, they were even more shocked.

Even Yang Qing was actually so obsequious in front of Ye Yuan?

Ye Yuan ignored everyone's shock and said coolly, "These natural treasures, I'm taking half. You all don't have objections, right?"

We do!

But was there a use?

Clearly, Ye Yuan did not have the intention of letting them answer either, rushing straight into this large-scale medicine garden.

Actually, reaching Emperor Vast Heaven, Emperor Sakra Heaven Realm, it was already very difficult to find some heavenly medicines.

Sometimes, one could run across more than half of the 33 Heavens in order to refine a grade eight heavenly pill or a grade nine heavenly pill.

But there was everything here!

Some of the precious heavenly medicines in the Hundred Herbs Illustrated Handbook could all be found here!

To heavenly alchemists, this place was simply paradise.

The Labyrinth Divine Palace was well-deserving of being the number one great sect of all the heavens. They had practically collected the most precious heavenly medicines in all heavens.

And these heavenly medicines were seemingly free, scattered in the Labyrinth Divine Palace's outer-periphery medicine garden.

Ye Yuan naturally would not be courteous. He took all of the heavenly medicines that he needed away.

When the others saw this scene, their hearts dripped blood!

At this time, the people around the medicine garden became more and more.

The geniuses from all heavens had all gathered here.

The medicine garden's heavenly medicines got lesser and lesser. Very soon, Ye Yuan had collected half.

When Ye Yuan went out of the medicine garden, he immediately had his path blocked by several figures.

He raised his brows and said, "Why? Does everyone want to rob me?"

Zhou Xianchen had a haughty look as he said with a cold smile, "Kid, you seized so many heavenly medicines, but you can't refine high quality heavenly pills. Isn't it a wanton waste of God's good gifts?"

Ye Yuan was greatly interested and said with a smile, "Oh? You mean that you can refine it?"

Zhou Xianchen said proudly, "Of course! 33 Heavens, the peak of Alchemy Dao is in humanity's three supreme heavens! And Abyss Pass Origin Grotto Heaven's strongest is our Zhoutian Emperor Palace's Progenitor Endless!"

Another person said, "Vast Court Firmament Limit Heaven, our Lin Yuan Pavilion is the outstanding one!"

The third person said, "Han Chong Miao Cheng Heaven, our Emperor One Sect is the well-deserved number one!"

These two people, one was the Lin Yuan Pavilion's number one genius, Chu Fang, and the other was the Emperor One Sect's Dizi Jinnan.

Seeing Ye Yuan hoard so many heavenly medicines, the three of them naturally had ideas.

Zhou Xianchen said, "If I didn't remember wrongly, in your Grand Brightjade Complete Heaven, the strongest in Alchemy Dao is Cloudmount, right? Back then, he even came to my Zhoutian Emperor

Palace to ask Ancestor Endless for guidance! When he sees Ancestor Endless again, he'll have to carry out the etiquette of a disciple too!"

Ye Yuan smiled and said, "So, what's the meaning of you guys stopping me?"

Zhou Xianchen said, "Very simple. These precious heavenly medicines are a waste to be placed with you too. Whatever heavenly pills you need, we can help you refine! But, as compensation, you need to share some heavenly medicines with us!"

The moment Ye Yuan heard, he laughed.

It had really been very long since anyone dared to posture in front of him with Alchemy Dao.

Even if it was Cloudmount, he did not dare to casually posture in front of him too.

One had to know, when Ye Yuan had not entered profound grade back then, Cloudmount was already beyond shocked.

In terms of strength, he was inferior to Cloudmount. But, in terms of talent, he shook Cloudmount off by too much.

"*Hur hur*, I appreciate your good intentions. But ... even if I waste these heavenly medicines, I won't do it through others too," Ye Yuan said with a chuckle.

Chapter 3044: Grand Display of Skill!

How aggravating!

This was like, I have good stuff to eat, but if I can't finish eating, I rather throw it away than let you eat.

The three geniuses were furious.

Zhou Xianchen's face fell, but he turned to Yang Qing and said, "Yang Qing, you have to know, if the quality of the heavenly pill is a fraction better, your hope of breaking through to Emperor Sakra Heaven will be a fraction higher! Are you sure that you want this guy to refine pills for you?"

Right now, they had basically already confirmed that Ye Yuan's identity was a heavenly alchemist!

Only like this could he have such great rallying power.

Except, what did heavenly alchemists count for in front of them?

Zhou Xianchen thought that Yang Qing knew how serious this was.

Their three great factions represented the pinnacle of the 33 Heavens' Alchemy Dao!

Who would have thought that Yang Qing said without even thinking, "Yeah, of course I want Ye Yuan to help me refine pills. What kind of good heavenly pills can trash like you guys refine?"

"*Puchi!*"

The moment these words came out, it immediately caused loud laughter.

“Zhoutian Emperor Palace, Emperor One Sect, Lin Yuan Pavilion, these three great forces are called trash! This really broadened my knowledge.”

“This Yang Qing is probably out of his mind too, right? Refining pills, who can compare to them?”

“I know Hegemon Cloudmount. Even if he comes, he also won’t dare to posture in front of these three major forces, right?”

... ..

With regards to Yang Qing’s choice, everyone turned their noses up in disdain.

Especially the human race, these three great forces were paramount existences in their hearts.

Many forces, including factions like the Purple Extreme Heaven Pavilion and Zuo Family, all did not dare to offend them too much.

Yet, Yang Qing did not take them seriously and would rather believe in an Emperor Vast Heaven than trust Zhou Xianchen they all.

Zhou Xianchen was angered until his face turned green. He originally wanted to use heavenly pills to sow discord between the two. He did not expect that he would get slapped in the face in a blink of an eye.

“Hur hur, very good! In the 33 Heavens, no one has dared to speak to my Zhoutian Emperor Palace like this yet! Yang Qing, you chose the path yourself. When the time comes, don’t regret it!” Zhou Xianchen said with a sneer.

Yang Qing snickered and said, “Regret? You conceited morons better don’t regret it when the time comes!”

Finished speaking, he thickened his skin and said to Ye Yuan, “How is it? Start refining pills now? I already can’t wait and want to see the expressions of these idiots eating shit!”

But Ye Yuan shook his head and said, “No rush, let me think about it again.”

Ye Yuan had refined grade eight heavenly pills before, but it was very few.

Grade eight heavenly pills, each kind was incomparably precious.

Even if it was the dragon race, they did not have such a well-stocked reserve of heavenly medicines too.

Furthermore, ever since Ye Yuan comprehended chaos divine essence, he had a new understanding of Alchemy Dao again.

He still needed to work out how to piece these things perfectly together.

Yang Qing said excitedly, “Okay!”

He knew that since Ye Yuan was so solemn, then it must be something extraordinary.

If it could be casually refined, he would not behave like this.

But this scene was different when it landed in the eyes of Zhou Xianchen and the others.

“Tch, putting on an appearance, pretending to be profound! Just watch, you guys will regret it!” Zhou Xianchen said with a cold smile.

After a bout of fierce dispute, each side divided up the remaining half of the natural treasures.

The human forces had the most numbers. When they joined hands, they obtained the largest share.

Apart from this, the fiend race, the feather race, as well as the true spirit race, these powerful races also obtained a considerable share.

Those that remained could only drink soup.

After dividing the loot, what remained was naturally pill refinement.

Swallowing natural treasures whole could naturally increase one’s strength too. But the effect of heavenly pills could undoubtedly maximize the medicinal effect.

Therefore, Zhoutian Emperor Palace, Emperor One Sect, and Lin Yuan Pavilion, three great forces, immediately became hot pastries.

The various factions went to find them one after another.

One had to know that those who came this time were all the elite disciples of these three great forces.

There were even origin realm powerhouses among them.

Some had even already reached the origin grade realm!

Above profound grade was origin grade!

Origin grade was a vague realm.

Stepping into origin grade was equivalent to comprehending the source of Alchemy Dao!

Apart from chaos heavenly pills, there was nothing that they could not refine.

This way, they naturally became hot commodities.

Such an opportunity was truly hard to come across.

It would not be easy to run into so many heavenly medicines again after going out of the Labyrinth Divine Palace.

“Young Master Zhou, I’m willing to offer three grade nine heavenly medicines to request your Zhoutian Emperor Palace to take action and help me refine a Heaven Illustrious Pill!”

“Emperor Jinnan, I’m willing to give you guys all of the other heavenly medicines. I only seek a grade eight heavenly pill, Chaos Heaven Edict True Pill!”

“Young Master Chu ...”

... ..

Zhou Xianchen and the rest were immediately surrounded until not even water could seep through.

Everyone was fighting for them to refine heavenly pills.

Even the likes of Wang Ningyan and Qin Baichuan were no exception too.

In the Thousand Souls Hall, their comprehensions were tremendous. Now, they just so happened to need some heavenly pills to unleash the comprehensions.

At this time, the three great factions naturally became hot commodities.

Yang Qing's posturing would not change other people's inherent ideas.

These three great forces represented the pinnacle of Alchemy Dao!

Not looking for them, but looking for an unknown brat?

You have got be kidding!

Only two sides were unmoving like a mountain.

Grand Brightjade Complete Heaven and the true spirit race!

Ye Yuan found a secluded place and closed his eyes to contemplate, carefully understanding the medicinal properties of these heavenly pills.

And he deduced how to refine these heavenly pills using chaos divine essence.

While on the other side, the pill refinement had already begun.

Cries of wonder rose and ebbed!

As the current era's number one person, Zhou Xianchen's alchemy path strength was unfathomable.

He, this grade nine heavenly alchemist, was extremely popular.

"Impressive! Truly impressive! Although Young Master Zhou's martial strength isn't the strongest, his alchemy technique really leaves everyone behind until they can only see the dust ahead!"

"That's right! Ancestor Endless is called Alchemy Dao's number one person! He's the only person who entered Great Beyond with Alchemy Dao. The successor that he groomed is indeed extraordinary!"

"Emperor Jinnan and Young Master Chu can't be underestimated either! Their strength is also not at all inferior to Young Master Zhou!"

"*Heh heh*, we're blessed this time! As long as we get the heavenly pill, our strength will surely improve further!"

... ..

Ancestor Endless was the one and only powerhouse in the 33 Heavens who stepped into Great Beyond Realm with Alchemy Dao.

His existence represented the apex of Alchemy Dao.

Zhou Xianchen was clearly a distinguished talent in Zhoutian Emperor Palace too.

Although he had not reached origin realm yet, his alchemy path strength had already stepped into origin grade.

Comprehending origin was also just within reach.

When had the various forces seen before such breathtaking pill refinement?

Each and every one of them felt like their horizons were broadened. The heavenly medicines taken out were also flowing continuously.

As for Ye Yuan, he had long already been forgotten by them.

Over here, the pill refinement was being carried out like a raging fire. But over at Ye Yuan's side, there was not the slightest activity.

In a blink of an eye, three months passed.

The efficiencies of Zhou Xianchen and the others were still extremely high. All of the heavenly pills had already been finished refining.

Their three forces also reaped huge harvests because of the pill refinement this time.

Although it could not compare to Ye Yuan, it was also considered a huge profit.

And over at Ye Yuan there, there was nothing happening.

Ye Yuan was still in a closed-seclusion.

Zhou Xianchen said mockingly, "Master Ye, why haven't you refined pills? Could it be that you want to pocket all those heavenly medicines?"

Chapter 3045: Pig Teammate

Grand Brightjade Complete Heaven's over 50 thousand people were expressionless.

Zhou Xianchen originally had the intention of sowing discord. He believed that no one would not be tempted in front of benefits.

Even if it was their Zhoutian Emperor Palace, these heavenly medicines were not his alone too.

Benefits had to be balanced out.

But very sadly, these 50 thousand people seemed to be indifferent. Not one person expressed doubt with regards to Ye Yuan's action.

So awkward!

The stomach full of words that Zhou Xianchen prepared could not be used anymore.

"If Heavenly Saint Ye needs it, so what even if he takes these heavenly medicines? Don't you all agree?" Gao Hushan suddenly said.

"Yes!"

"We have no objections!"

“Our lives are all Heavenly Saint Ye’s. Some heavenly medicines are not worth mentioning!”

... ..

Everyone immediately answered without hesitation.

It was not just Zhou Xianchen, Kong Tan, and Wang Ningyan who were shocked; they were all shocked.

Were these people idiots?

Or was it that these over 50 thousand people were all controlled by Ye Yuan?

But was this possible?

They were naturally unable to understand how great Ye Yuan’s prestige in Grand Brightjade Complete Heaven was.

These people’s lives were all saved by Ye Yuan.

It was also all Ye Yuan’s credit that they could stand here.

Could these not be more valuable than a few heavenly medicines?

Moreover, Ye Yuan was famous for being selfless. Back then, when he entered the Extreme Medicine Sect, he presented all of his precious alchemy path records to the sect.

Later, he also advocated for releasing resources and benefiting everyone.

Would such a person covet some heavenly medicines?

Even if he did, that had a reason too!

At this time, Ye Yuan slowly got up and said loudly, “Everyone, I’ll pick 2000 Emperor Vast Heavens out of you all and refine the Eight Universe Seal Breaking Pill for you all, and help you all break through to Emperor Sakra Heaven! Also, I’ll refine Hundred Fate Heavenly Aperture Pill for 300 Emperor Sakra Heavens and help you all comprehend origin! Apart from this, another portion of heavenly medicines is prepared for those mutated bloodline warriors that follow me.”

Although the heavenly pills here were abundant, being able to support two to three hundred people was already the limit.

After all, no matter how many the grade eight heavenly medicines, they were not cabbages too.

An Eight Universe Seal Breaking Pill was the best heavenly pill to assault Emperor Sakra Heaven.

It was just that the heavenly medicines that this pill required were extremely seldom-seen in the outside world. Hence, it was very precious too.

Previously, those Emperor Vast Heaven powerhouses were also mostly requesting Zhou Xianchen they all to refine this pill.

But the Hundred Fate Heavenly Aperture Pill was a grade eight imperial pill. It could help martial artists attain clarity of mind and increase the chances of comprehending origin.

To an Emperor Sakra Heaven powerhouse, it was an extremely precious grade eight heavenly imperial pill.

Of course, the difficulty was also hell level.

“Hundred Fate Heavenly Aperture Pill? *Hur hur*, Grand Brightjade Complete Heaven this sort of place, there’s someone who can refine the Hundred Fate Heavenly Aperture Pill too? Kid, bragging isn’t done like this!” Chu Fang said with a disdainful look.

“Even if he refines it, it will most likely be a useless pill too! Ye Yuan, I’ll give you one last chance; 2000 stalks of heavenly medicines! This Hundred Fate Heavenly Aperture Pill, I’ll refine to origin grade for you!” Zhou Xianchen also said.

The refining difficulty of the Hundred Fate Heavenly Aperture Pill was extremely high. Even origin grade powerhouses would find it very hard to refine into origin grade too.

In Grand Brightjade Complete Heaven, only Cloudmount master and disciples, three people, were able to refine this pill.

The others, even if they were origin realm grade nine heavenly alchemists, they could not refine it at all either.

Because this heavenly pill already touched upon the secrets of Hegemon!

Without reaching Hegemon Realm, how could one pry into Hegemon Realm and attain clarity of mind?

Among Zhou Xianchen, Chu Fan, and Jinnan, three people, only Zhou Xianchen had the confidence to refine it to origin grade smoothly.

This was because there was a Great Beyond powerhouse standing behind Zhou Xianchen!

In terms of foundation, his was even deeper than the other two.

“Young Master Zhou can actually refine the Hundred Fate Heavenly Aperture Pill! If I had long known this, I’d have spent a huge price just now to find him to refine!”

“A miscalculation! Origin grade Hundred Fate Heavenly Aperture Pill is even a hundred times better than my Zhoutian Brightheart Pill!”

“That boy didn’t even dare to take action for three months. He clearly doesn’t have the confidence. With just his bit of strength, he also dares to pick a fight with Young Master Zhou?”

... ..

The moment Zhou Xianchen opened his mouth, everyone yelled out their regrets.

Those Emperor Sakra Heaven powerhouses also did not expect that Zhou Xianchen could actually refine such a heaven-defying grade eight heavenly imperial pill.

Zhou Xianchen was very pleased with himself. The Hundred Fate Heavenly Aperture Pill should be the peak of Alchemy Dao below Hundred Fate Heavenly Aperture Pill.

In Martial Dao, he was worse than Yang Qing, Kong Tan, and the rest.

But regarding Alchemy Dao, he was absolutely the most high-profile focal point.

“Moron!” What answered him was Yang Qing’s nonchalant words.

Zhou Xianchen’s gaze turned cold, and he said, “What did you say?”

Yang Qing smiled and said, “I said, you’re a moron! What does Ye Yuan refining pills have to do with you? Don’t you find it funny that you’re jumping up and down here?”

Zhou Xianchen smiled coldly and said, “Yang Qing, do you really think that you’re impressive? You have to know, the consequences of offending a Great Beyond powerhouse are very serious!”

Yang Qing said disdainfully, “Screw off! You can’t do it. So you’ll be bringing out your ancestor? How old are you? Aren’t you ashamed?”

In terms of rebutting, Yang Qing did not lose to anyone.

Zhou Xianchen was angered until his face flushed red, and he shouted angrily, “I can’t do it? *Hur hur*, in terms of martial arts, maybe I’m inferior to you. But in Alchemy Dao, who dares to fight with me?”

Yang Qing said coolly, “Stop bragging. Let’s make a bet. If Ye Yuan loses to you, our heavenly medicines will all be yours. However, if Ye Yuan wins against you, your Zhoutian Emperor Palace’s heavenly medicines will all be ours! Calculating it, it’s definitely you who’s in an advantageous position. Do you dare to bet or not?”

Finished speaking, Yang Qing even winked at Ye Yuan.

Ye Yuan smiled. He naturally welcomed free heavenly medicines.

The reason why he shared the heavenly medicines with the other forces was also due to circumstances.

Otherwise, Ye Yuan would not be so generous either.

It was not that Zhou Xianchen could not stand being provoked. It was that he was too confident in himself.

There was a saying that was circulated in the 33 Heavens: Alchemy Dao in the world originated from the Emperor Palace!

It could be seen how strong Zhoutian Emperor Palace’s alchemy path strength was.

As the new generation’s outstanding talent, how could Zhou Xianchen possibly lose to others?

After Yang Qing said this, Zhou Xianchen calmed down instead and said with a sneer, “In Alchemy Dao, there hasn’t been an opponent that I, Zhou Xianchen, don’t dare to compete against! However, since you want to compete, then we naturally have to compete in medicinal effects! How about this? We’ll send out 2300 people too and compare the effects of the medicinal pills that we each refined. We’ll see which of us has more breakthroughs in the end! Speaking of which, this is still you all getting off cheap. The medicinal effects of the heavenly pills that I refine aren’t as good as the Hundred Fate Heavenly Aperture Pill. Do you all dare?”

Although he said so, actually, the aptitudes of Grand Brightjade Complete Heaven's martial artists were far worse than the other few factions.

Humanity's three supreme heavens, this was not said for fun.

Even if it was the other races, those who came were top geniuses too.

In contrast, Grand Brightjade Complete Heaven's so-called geniuses were simply not enough to look at.

With Zhou Xianchen saying so, Yang Qing hesitated instead.

He naturally knew the quality of those who came from Grand Brightjade Complete Heaven.

Seeing Yang Qing's expression, Zhou Xianchen smiled coldly and said, "Why? Don't dare?"

"Not at all. I agree," Ye Yuan said coolly.

A hint of cunningness flashed across Zhou Xianchen's face, and he said with a smile, "Good, gutsy enough! This Zhou will kindly accept your heavenly medicines!"

He felt that Yang Qing was really a pig teammate, putting Ye Yuan on the fire to roast.

Now, in Zhou Xianchen's mind, Ye Yuan had lost for sure!

Chapter 3046: Grade Eight Comprehending Origin!

"Master Ye, what are you still dawdling for? Hurry up and show your skills. Let rookies like us broaden our knowledge!" Zhou Xianchen said with a cold smile.

"Master Ye can even refine the Hundred Fate Heavenly Aperture Pill with ease. We really feel ashamed of our unworthiness! Hurry up and show your abilities. Let us take a look!"

"We really didn't expect that Grand Brightjade Complete Heaven actually produced a genius such as yourself!"

Those watching the show did not mind if matters blew up. Chu Fang and Jinnan also kicked up a fuss.

Either way, the one betting with Ye Yuan was Zhou Xianchen. Even if Ye Yuan really won, they would not suffer any losses either.

Of course, they did not think that Ye Yuan could beat Zhou Xianchen.

In alchemy, they were not convinced by anyone but Zhou Xianchen.

The various forces were all waiting to see the joke.

Ye Yuan's palm moved, nirvanic rebirth fire leaping up, directly enveloping the Eight Universe Seal Breaking Pill's heavenly medicines.

Ever since Ye Yuan fused the four great true spirit bloodlines, the power of this nirvanic rebirth fire also rose several levels.

Refining heavenly pills became even more accomplished with high proficiency.

However, this move garnered waves of ridicule in the eyes of Zhou Xianchen and the others.

“I was wondering how impressive Master Ye was. After messing around for half a day, you’re only refining an Eight Universe Seal Breaking Pill. This kind of heavenly pill, I could refine 30 at the same time when I was Emperor Vast Heaven! If it’s now, refining 300 at the same time is a cinch to me!” Zhou Xianchen could not help laughing as he said.

Chu Fang laughed and said, “Brother Zhou is skilled! This Chu can only refine around 230 pills currently.”

Jinnan nodded and said, “Being able to refine 300, Brother Zhou’s strength is indeed formidable!”

The more heavenly pills that you refined at the same time, naturally the higher the requirements on the heavenly alchemist.

Regarding the control of fire and the amalgamation of heavenly medicines, all required a huge expenditure of energy.

To some extent, the greater the number when refining at the same time, naturally, the stronger the heavenly alchemist’s strength.

The refining difficulty of the Eight Universe Seal Breaking Pill naturally could not compare to the Hundred Fate Heavenly Aperture Pill.

Like when Zhou Xianchen, this kind of expert, was refining, it was normally refining many at the same time.

Who knew that Ye Yuan was just refining one at a time. Hence, it ended up as a laughingstock.

But very soon, they could not laugh anymore.

This was because Ye Yuan was really very strong!

When experts made their move, the genuine and the fake would become clear at a glance.

Zhou Xianchen and a few others could be said to be grandmasters in alchemy. They could naturally tell with one glance whether or not Ye Yuan had skills.

“Origin grade realm! This boy actually entered origin grade realm too!” Jinnan cried out in surprise.

In their view, if someone that came out of Grand Brightjade Complete Heaven could enter profound grade at this cultivation realm, it was already very good.

They did not expect that Ye Yuan actually entered origin grade!

The talents of Zhou Xianchen and the rest were even stronger than Ye Yuan’s senior apprentice brother, Zhou Pinespring.

Zhou Pinespring only stepped into origin grade after Emperor Sakra Heaven too.

But Zhou Xianchen entered origin grade when he was upper Emperor Vast Heaven.

Meanwhile, Jinnan two people were a level worse, only entering origin grade at grand completion Emperor Vast Heaven.

However, this was already very strong.

The vast majority of heavenly alchemists were stuck in profound grade and were unable to break through.

But who could that thought that Ye Yuan, this rookie who came from Grand Brightjade Complete Heaven, actually entered origin grade at lower Emperor Vast Heaven Realm?

Didn't this mean that Ye Yuan's talent was even greater than theirs?

Zhou Xianchen smiled coldly and said, "I was wondering why this punk was so cocky. It turns out that he entered origin grade! But so what if he entered origin grade? This young master has already pried into the origin of Alchemy Dao!"

He could overpower Chu Fang and Jinnan because he comprehended origin!

This was also what he was proudest of.

He was just lower Emperor Sakra Heaven but already comprehended origin.

In the future, when he reached grand completion Emperor Sakra Heaven, it would be much easier to step into the realm of Hegemon.

The path of cultivation, ahead by a step, it meant being ahead at every step. This was not said for fun.

But, as if getting slapped, a surge of origin power was released from Ye Yuan's body, integrating into the nirvanic rebirth fire.

Alchemy Dao origin!

Actually, Ye Yuan had already understood Alchemy Dao origin when searching for the way out for those bloodline warriors in the Dragon Clan.

There were a million origin seeds in Ye Yuan's body; cultivating yielded twice the results with half the effort.

No matter how he cultivated, Ye Yuan's Alchemy Dao was always at the forefront.

Ye Yuan relied on his powerful alchemy path talent and forcibly broke through the limitations of cultivation realm, comprehending Alchemy Dao origin.

But, when this scene appeared before everyone's eyes, it was seriously too shocking.

Zhou Xianchen's face burned fiery hot, wishing to swallow the words earlier back into his stomach.

But the bystanders did not care about his regret anymore.

"Grade eight comprehending origin? This ... This is also too fake, right?" Jinnan said with a look of disbelief.

"Alchemy Dao origin, the difficulty of comprehending is no less than spatial origin, these top origins. How can he possibly comprehend Alchemy Dao origin in Emperor Vast Heaven?" Chu Fang said in horror.

The path of alchemy was far too difficult.

Putting aside that the path of alchemy was complicated to the extreme, even during the cultivation journey, the countless resources that one needed were also not what the average person could afford to consume.

The few of them were able to have a strength that far exceeded their peers at this realm because they had powerful backing.

But even so, they were flung far behind by Ye Yuan too.

Zhou Xianchen was still fine, but Jinnan and Chu Fang were far too lacking.

Even Kong Tan also had a look of shock and said, "Where did this boy pop out from? When did the puny little Grand Brightjade Complete Heaven produce such a monster? Disregarding Yang Qing, a monster that suppressed all the heavens in Alchemy Dao actually appeared too!"

Yu Ran said, "No wonder this kid behaved so arrogantly. It turns out that he really has some ability. But, even if he comprehended origin, it's very hard to beat Zhou Xianchen too, right?"

Kong Tan nodded and said, "That's of course! Similarly having comprehended origin, Zhou Xianchen is a grade nine heavenly alchemist after all! Furthermore, there's even a Great Beyond Realm alchemy path overlord standing behind him. It's impossible to lose to that kid no matter what."

Yu Ran said, "Then I'm relieved! If this kid wins, I'll be angered to death."

While Yang Qing laughed loudly and said, "This guy is always so trustworthy! Even I also didn't think that he comprehended origin in Emperor Vast Heaven!"

Time trickled by. Three days passed in a blink of an eye.

Only to hear Ye Yuan yell: "Go!"

A scarlet red heavenly pill flew straight for Yang Qing.

"This is yours!" Ye Yuan said.

"Alright!" Yang Qing caught the heavenly pill and directly swallowed it without another word.

Then he felt a vast power opening up his four limbs and bones.

Behind Yang Qing, the Door of Eternal Life appeared on its own accord!

The power of this medicinal pill directly called forth the Door of Eternal Life!

Yang Qing was shocked!

"My God, the power of this heavenly pill is also a little too terrifying, right?" Yang Qing could not resist complaining.

He felt that this heavenly pill seemed to be very different from the heavenly pills that Ye Yuan refined in the past.

But, in what way was it different, he could not pinpoint it too.

All in all, it was ridiculously strong!

Only to see Yang Qing brandish his long spear, his figure fusing into one with the spear body, turning into a rainbow as he rushed toward the second seal.

In fact, he did not even make preparations.

Boom!

The second seal opened in response!

Chapter 3047: Thread Control Pill Refinement!

“So strong!”

“Accomplished in one stroke! Is Emperor Sakra Heaven so easy?”

“This is the power of the Eight Universe Seal Breaking Pill!”

“Eight Universe Seal Breaking Pill can increase 30% strength in an instant, helping to break through the seal. But, looking at this power ... it’s probably far more than 30%!”

... ..

From swallowing the heavenly pill to breaking the seal with one spear, it was merely a short ten breaths of time.

This process was too short!

For ordinary martial artists, even if it was a same rank powerhouse like Kong Tan, breaking open the second seal would need several hours to accumulate power too.

But Yang Qing did it too effortlessly.

Such a great bottleneck was completely no bottleneck to him at all.

“*Hahaha*, satisfying! What’s this heavenly pill of yours called?” Yang Qing said with a loud laugh.

Ye Yuan said, “Let’s call it Chaos Element Heavenly Pill then!”

Yang Qing contemplated and said with a nod, “Fitting! Chaos Element Heavenly Pill! Very good! Zhou Xianchen, are you convinced?”

Zhou Xianchen was somewhat jealous. He knew that Ye Yuan’s heavenly pill was not simple.

This was because Yang Qing had not reached the peak of Emperor Vast Heaven at all. It was not time to break through his realm yet.

But his breakthrough had an unstoppable momentum.

This heavenly pill was naturally incredible.

At least, it was not worse than the quality he refined.

“*Tch*, you, Yang Qing, are number one on the All-Heavens List and Thousand Souls List, dual lists! If you can’t even break through to Emperor Sakra Heaven, you can go and kill yourself! This heavenly pill is

merely adding flowers to embroidery! Just this and you even specially gave a name, how shameless!” Zhou Xianchen said with a sneer.

In reality, this was also what most people thought.

Yang Qing’s strength was formidable, overwhelming all heroes.

It was not as hard as imagined for him to break through to Emperor Vast Heaven.

The Eight Universe Seal Breaking Pill was merely superfluous.

Such a shocking breakthrough, it was still mainly because of Yang Qing himself.

“That’s right! What you guys are competing in is the result based on 2300 people, and not one person! Among the 2000 Emperor Vast Heavens that Brother Zhou picked, there are already 80% who succeeded in breaking through! Can you do it, Ye Yuan?” Jinnan said.

Before Ye Yuan spoke, Zhou Xianchen satirized him to his face again, saying, “Master Ye, you wouldn’t be refining one by one like this, right? By the time you finish refining, wouldn’t we have to wait until god knows when? How do we still explore the Labyrinth Divine Palace?”

Ye Yuan glanced at him and said with a smile, “Not to that extent! That one earlier was just a warm-up. Now, it officially begins!”

Boom!

Before his voice faded, a cluster of nirvanic rebirth fire instantly burst out.

This cluster of nirvanic rebirth fire was hundreds of feet in diameter!

Then a large pile of heavenly medicines was directly thrown into the nirvanic rebirth fire by Ye Yuan.

Zhou Xianchen saw it easily. That large pile of heavenly medicines had sufficient quantities for 2000 people!

This guy was actually going to refine 2000 Eight Universe Seal Breaking Pills at once?

“Is there a mistake? Young Master Zhou can only refine 300 at a time, but Ye Yuan is going to refine 2000 in one go?”

“This guy is too capable at posturing, right?”

“Who does he think he is? A chaos heavenly master?”

... ..

When everyone saw this scene, they instantly blew up, mocking Ye Yuan for overestimating his own ability one after another.

Refining 2000 grade eight heavenly pills at the same time, furthermore, Ye Yuan was still just Emperor Vast Heaven Realm; could he hold out?

If his divine essence got exhausted halfway through the refinement, that would be fun.

Furthermore, refining 2000 grade eight heavenly pills at the same time, this requirement of the origin divinity was simply hair-raisingly harsh.

What rights did a mere grade eight heavenly alchemist have?

Even some laymen were also mocking Ye Yuan's ignorance.

The refinement previously had indeed stunned everyone.

But, refining 2000 in one go, everyone had to admit that posturing too hard would sprain your waist!

"*Hur hur*, although the Eight Universe Seal Breaking Pill isn't a very difficult grade eight heavenly pill to us, it can't be randomly refined too. Refining 2000 of this kind of heavenly pill at the same time, it's absolutely impossible under chaos heavenly master! This boy is probably being funny, right?" Chu Fang could not help laughing when he saw the situation.

Jinnan clasped his hands to Zhou Xianchen and said with a smile, "Looks like we have to congratulate Brother Zhou in advance for returning fully loaded!"

Zhou Xianchen also felt that his victory was certain and said smilingly, "This boy has talent. It's just a pity that he postures too much. Otherwise, even if he isn't my match, he wouldn't lose too terribly either. But now, *hur hur*."

Yu Ran also smiled and said, "I don't know pill refinement, but refining 2000 Eight Universe Seal Breaking Pills, this divine essence consumption is far from what Emperor Vast Heavens can bear, right?"

Zhou Xianchen nodded and said, "For 2000 Eight Universe Seal Breaking Pills, it needs at least the divine essence reserve of grand completion Emperor Sakra Heaven Realm before one can barely manage to refine it. But this isn't the most important thing. The most important thing is that this is a huge burden on the origin divinity! Even if he has this strength, his origin divinity will be overwhelmed too! A single misstep, and he'll even hurt himself. Let's just wait and see the show!"

Zhou Xianchen's analysis was already quite on point. Everyone understood it.

Ye Yuan was very amazing.

In the end, he could only amaze himself to death.

Disregarding other things, just the grand completion Emperor Sakra Heaven divine essence reserve would be too much for Ye Yuan to bear.

Hence, everyone settled down and waited to watch the show.

Even when Yang Qing heard it, he also wondered if Ye Yuan went overboard?

He was originally brimming with confidence in Ye Yuan, but now, he had some doubts.

Otherwise, refining 500 at a time should not be that much of a burden, right?

Just 500 was enough to suppress Zhou Xianchen!

This guy was really keen to steal the limelight!

Yang Qing hoped that he wouldn't mess it up.

Except, everyone could not detect that Heavenless was currently spying on every movement and action here.

Seeing Ye Yuan refine pills, Heavenless chuckled and said to himself, "This boy, what astonishing control! Condensing essence as threads, controlling 2000 heavenly pills at the same time, not a single bit of divine essence is wasted! This skill, even this ancestor's breath is taken away in astonishment too!"

He had long been paying close attention to Ye Yuan!

The others, even if it was Yang Qing, in Heavenless' eyes, it was nothing more than this.

One had to know, the Labyrinth Divine Palace's most stunning genius was not those in the Thousand Souls Hall, but he, Heavenless, himself!

He was the number one rare talent since time immemorial!

But Ye Yuan's appearance made his eyes light up.

This guy actually brought a million people and cleared the Vertical Heaven Stairs!

Being able to deduce his Dao so thoroughly was not what the average Emperor Vast Heaven could accomplish.

Later, Ye Yuan even ravaged the Thousand Souls Hall, bringing more than 50 thousand people into the Labyrinth Divine Palace.

Each step was stunning to the extreme.

He examined his own conscience and felt that even if it was him, he could not do better than Ye Yuan too.

What he did not expect even more was that Ye Yuan was actually also a very powerful heavenly alchemist!"

This divine essence control made him click his tongue in wonder.

Outsiders could not see it, but inside the nirvanic rebirth fire, two fine threads spread out, linking up 2000 medicinal embryos.

Two fine threads, one was chaos divine essence, the second was origin divinity.

Ye Yuan relied on these two fine threads to control the refinement of 2000 heavenly pills.

This kind of refinement, the utilization of divine essence and origin divinity was delicate to a hair-raising extent.

Regardless of whether it was divine essence or origin divinity, it was all employed where they were needed the most without any wastage.

Heavenless discerned that compared to Ye Yuan, Zhou Xianchen was nothing at all!

Chapter 3048: Perfect!

“This ... It has already been three days. His divine essence doesn’t have the slightest sign of dying up!”

“Not only is his divine essence fine, but it also seems like there are no signs of too much mental malaise. Is this guy really Emperor Vast Heaven?”

“Could it be that he can really successfully refine these 2000 heavenly pills? If that’s really the case, then it will really be incredible!”

... ..

Three days passed in a blink of an eye. Things did not go as Zhou Xianchen and the rest expected.

Fatigue was a certainty, but Ye Yuan did not show overly obvious symptoms.

Zhou Xianchen’s expression became uglier and uglier.

But there was more uncertainty.

“Could it be that this guy is forcibly holding out? Actually, he has long already ruined the Eight Universe Seal Breaking Pills? Right, it must be like this!” Zhou Xianchen said with certainty.

Because apart from this possibility, he could not think of other possibilities.

“That’s right. In my view, the Eight Universe Seal Breaking Pills have long been ruined already! This boy is merely holding out for face; that’s all. Otherwise, with his realm, how can he possibly sustain for such a long time?” Jinnan said.

Hence, everyone regained confidence, waiting to see Ye Yuan become a joke.

On the fifth day, some people became impatient.

“Boy, are you going to refine until heaven and earth get old?”

“If you can’t, admit defeat earlier! It will only be more embarrassing like this!”

“To refine 2000 Eight Universe Seal Breaking Pills, you’re still calm and relaxed until now. Do you take all of us to be fools?”

... ..

At this time, practically everyone felt that Ye Yuan was just performing.

They believed those heavenly medicines had long already been ruined.

Because up till now, Ye Yuan was still rather relaxed.

This kind of performance was seriously too clumsy in their view.

Yang Qing smiled coldly and said, “Zhou Xianchen, I remember when you refined 300 Eight Universe Seal Breaking Pills, you spent five days too, right? Ye Yuan is refining 2000, he’ll naturally take longer than you! Keep yelling, and Your Father will stab you with a spear!”

Zhou Xianchen's face turned black, and he said in a solemn voice, "With my strength, refining 300 Eight Universe Seal Breaking Pills is rather taxing too. This punk is refining 2000 pills and still so calm and relaxed. Isn't he fooling everyone?"

Yang Qing said disdainfully, "How can a foolish person like you understand the methods of a genius?"

Zhou Xianchen was furious!

His Alchemy Dao talent reigned supreme across the 33 Heavens. He was a distinguished talent among the junior generation.

When had he been called a nincompoop by someone before?

Yang Qing this guy really deserved death!

But sadly, Yang Qing had already broken through to Emperor Sakra Heaven. He was not Yang Qing's match at all.

On the seventh day, everyone already lost patience.

"Liar, when are you guys going to drag it out until?"

"Can't take it anymore. We request to forcefully interrupt!"

"Kid, without genuine ability, don't go and do what you can't accomplish! Is it very interesting to puff yourself up at your own cost?"

... ..

Many people were cursing away. Some people even tried to interrupt Ye Yuan's refinement.

Yang Qing snorted coldly and put his spear horizontally as he said, "Try moving! Ask the spear in your Grandpa Yang's hands whether it agrees or not first!"

Then these people shut up.

One Yang Qing was not scary.

But 50 thousand people were standing behind Yang Qing!

Right at this time, Ye Yuan's aura suddenly swept, and he gave a cold cry "Go"!

The nirvanic rebirth fire instantly dissipated. One heavenly pill after another tore through the air, flying straight into the hands of those Emperor Vast Heavens.

Before this, he had already selected 2000 people.

Vertical Heaven Stairs and Thousand Souls Hall, Ye Yuan had actually been observing a group of people besides explaining Dao too.

These 2000 people were all very promising.

Hu Gaoshan was one of them.

He had already reached grand completion Emperor Vast Heaven too, but he did not reach the peak and was still short of a final push.

Logically speaking, he was the same as Yang Qing, not suited to assault Emperor Sakra Heaven.

Without full preparations, assaulting Emperor Sakra Heaven rashly would have very severe consequences.

The Eight Universe Seal Breaking Pill in his hand was naturally origin grade without a doubt.

But, even if it was origin grade, there was also no guarantee that he could succeed.

After all, not everyone was a freak like Yang Qing.

But at this time, the entire audience was already in an uproar.

Because these 2000 Eight Universe Seal Breaking Pills were all origin grade!

The quality of each one was not inferior to what Zhou Xianchen refined.

However, even Zhou Xianchen's 300 Eight Universe Seal Breaking Pills, there were occasionally some defective products too.

Although the quality of these defective products did not drop out of origin grade, it was still quite poor compared to the others.

There were differences in origin grade too.

But the Eight Universe Seal Breaking Pills in these 2000 people's hands seemingly came out of the pipeline. The quality of each one was perfect and flawless!

Those present were all experts. The quality of the heavenly pills was clear at a glance.

Hence, everyone was shocked.

"He ... He actually really did it! How is this possible?"

"It's hard to imagine! Those 2000 heavenly pills, the quality actually doesn't err by a hair's breadth! How perfect a refinement is needed to achieve this!"

"What's even more damnable is that he actually refined 2000 heavenly pills with plenty of room to maneuver! Didn't Young Master Zhou say that only grand completion Emperor Sakra Heaven can have such strong divine essence?"

"His effortlessness before was actually not feigned! This is also too freaking impossible, right?"

... ..

Those people who were originally mocking all fell into an incredulous shock at this time.

They racked their brains and also could not figure out how Ye Yuan completed an impossible matter!

Right under their eyelids!

Zhou Xianchen was already dumbfounded. He was stunned by this spectacular scene.

Each Eight Universe Seal Breaking Pill in those 2000 people's hands were seemingly perfect replicas.

Reaching his realm, he was even more able to understand what astonishing control power this required!

With regards to divine essence, refinement technique, origin divinity, all of it could not make the slightest oversight and mistake.

This sort of thing, forget about Emperor Vast Heaven; even if it was a Hegemon Realm expert, they might not be able to do it too.

But Ye Yuan did it!

How could there be such a monstrous person in this world?

He could discern at a glance that the Eight Universe Seal Breaking Pills Ye Yuan refined, the quality did not lose to his in the slightest.

In fact, it was a fraction stronger.

But Ye Yuan refined 2000 at the same time!

This disparity, as long as one was not blind, they could be able to tell!

"I, Zhou Xianchen, was actually crushed by an unknown kid?" Zhou Xianchen said somewhat blankly.

Jinnan and Chu Fang were stunned too!

They had long already been confident that Ye Yuan was definitely putting on a show.

But at this time, Ye Yuan used powerful strength to slap their faces hard!

Made them understand that there was always someone better, heaven beyond heaven!

"Hahaha ... Dumbfounded, right? I told you long ago that you morons can't understand the methods of a genius! Ye Yuan, this guy, is just that tiny bit worse than this emperor. Wouldn't suppressing you fooling guys be an effortless thing?" Yang Qing said with a loud laugh.

Everyone exchanged glances and actually had nothing to say in response.

Yeah, those who came here were all geniuses among geniuses.

But they were nothing in front of Ye Yuan and Yang Qing!

Yang Qing swept away the geniuses from all heavens, dominating the All-Heavens List and Thousand Souls List by himself, shocking the 33 Heavens.

Ye Yuan refined 2000 Eight Universe Seal Breaking Pills simultaneously, crushing the alchemy path geniuses from all heavens!

Even Zhou Xianchen, this alchemy path's number one genius, was completely crushed too!

Chapter 3049: Keep It Up!

Before today, people's understanding of geniuses was generally regarding the likes of Zhou Xianchen and Kong Tan.

Even if some geniuses came roaring into existence, they would not surpass this scope by too much as well.

But today, this upper limit was clearly being refreshed by a lot.

It was like breaking a record.

If refining 300 heavenly pills simultaneously was a record, Ye Yuan forcibly raised this record by close to seven times!

This concept was an absolutely terrifying record in this circle of geniuses.

Reaching this level, even increasing the record by 5% was incredibly difficult.

Let alone to increase it by as much as seven times!

It could be imagined how shocked everybody currently was.

But Zhou Xianchen clearly would not admit defeat so easily.

After the shock, he smiled coldly and said, "What are you being smug for? The medicinal effect of the heavenly pill is the most important! The heavenly pills that I refined, 80% have already broken through to Emperor Sakra Heaven! I really want to see how many people you can let break through!"

Yang Qing laughed loudly and said, "You won't shed tears without seeing the coffin! Brothers, let this moron see how strong the medicinal effect is!"

Without the slightest hesitation, Hu Gaoshan swallowed the Eight Universe Seal Breaking Pill in one gulp.

All of a sudden, he felt all the divine essence in his body start seething.

The Door of Eternal Life immediately appeared.

Hu Gaoshan felt that he had never been so powerful before!

Only to see him raise a fist and suddenly smash towards the second seal.

Boom!

The second seal trembled, then it started cracking.

The cracks grew bigger and bigger. Finally, it collapsed with a loud bang!

Hu Gaoshan, who had yet to reach grand completion, directly broke through to Emperor Sakra Heaven!

Although it was not done in one breath like Yang Qing, it was already shocking enough.

Hu Gaoshan's aptitude was merely so-so in the eyes of normal people.

Bang! Bang! Bang!

One Door of Eternal Life after another was smashed open without the slightest obstacle.

In fact, there were even some who had barely reached grand completion Emperor Vast Heaven that also directly broke through to Emperor Sakra Heaven!

The 2000 people that Ye Yuan picked, regardless of which aspects you looked, they were all inferior to Zhou Xianchen's 2000 people.

But the breakthrough numbers completely crushed Zhou Xianchen's!

These 2000 people all broke through to Emperor Sakra Heaven without exception!

100%

The whole audience was in a stir!

"How is this possible? Some of these people were not suited to break through to Emperor Sakra Heaven at all, and they actually broke through too!"

"When did breaking through to Emperor Sakra Heaven become so easy?"

"The quality of Ye Yuan's Eight Universe Seal Breaking Pill seems to be roughly the same as Zhou Xianchen's. Why is the medicinal effect so different? This is impossible!"

... ..

Attentive people had already realized the difference.

On the surface, the quality of Ye Yuan's heavenly pills was not higher than Zhou Xianchen's.

But the medicine effect spoke for itself!

Those people who consumed Zhou Xianchen's heavenly pills were basically all peak Emperor Vast Heaven, unable to rise anymore.

But the 2000 people that Ye Yuan picked, there were roughly half who did not meet the conditions to break through.

However, everyone broke through to Emperor Sakra Heaven without any exceptions!

This was terrifying!

One had to know that medicinal effects of heavenly pills were not the same for each person.

Same quality heavenly pill, when consumed by martial artists of the same cultivation realm, the difference was huge!

Some people would directly break through their realm.

But some would have a very small growth or even nothing.

This was determined by the individual's aptitude.

Of course, origin grade heavenly pill, no matter how lousy, it would not be zero growth too.

In terms of aptitude, the 2000 people that Ye Yuan picked, people with discerning eyes knew that they were far worse than Zhou Xianchen's 2000 people with one glance.

But the breakthrough rate was 100%!

What kind of concept was this?

This showed that the Eight Universe Seal Breaking Pills that Ye Yuan refined, the medicinal effect was significantly stronger than Zhou Xianchen's!

A total of 2000 Emperor Sakra Heaven powerhouses instantly appeared among the 50 thousand people!

Zhou Xianchen could not bear it anymore. All of his glory was shattered to pieces at this moment.

Ye Yuan's Eight Universe Seal Breaking Pill completely crushed him!

"H-How can this be? This is impossible! Even if Father was here, it's impossible to do it so flawlessly too! How can there possibly be someone who doesn't make any mistakes?" Zhou Xianchen was somewhat falling apart.

His father was Zhoutian Emperor Palace's Supreme Hegemon, and he was also a chaos heavenly master.

But, even if it was his father, he could not do it so perfectly like Ye Yuan too.

An Emperor Vast Heaven did something that even a Supreme Hegemon could not accomplish!

Boom!

Just as everyone was shocked, the nirvanic rebirth fire started again!

Ye Yuan did not have the intention of ridiculing Zhou Xianchen at all. After resting briefly, he directly started refining the Hundred Fate Heavenly Aperture Pill.

Furthermore, it was refining 300 together!

Everyone who had not woken up from the shock yet, fell into a frenzy once more.

"Got to be kidding! He's going to refine the Hundred Fate Heavenly Aperture Pill?!"

"Refining 300 together, is he mad? The refining difficulty of the Hundred Fate Heavenly Aperture Pill is at least 100 times that of the Eight Universe Seal Breaking Pill"

"Furthermore, he has just refined 2000 Eight Universe Seal Breaking Pills. His condition shouldn't have recovered to the peak yet, right? Can he stand this kind of refinement?"

"Hundred Fate Heavenly Aperture Pill, the divine essence and soul force consumed is absolutely more than a hundred times that of the Eight Universe Seal Breaking Pill! How can this possibly be completed?"

"If he can even succeed in refining this, Your Father will pluck my head off to feed dogs!"

... ..

Those who knew the profession all knew that 300 Hundred Fate Heavenly Aperture Pills and 2000 Eight Universe Seal Breaking Pills, the difficulty was not on the same level at all.

Regarding the Hundred Fate Heavenly Aperture Pill, even refining one would take a tremendous effort.

This level of heavenly imperial pill, it was an issue of whether or not it could be refined, and not an issue of quality.

In the end, Ye Yuan was going to refine at the same time!

Just this action, it represented boundless scorn for Zhou Xianchen.

But, even if Ye Yuan successfully refined 2000 Eight Universe Seal Breaking Pills, they also did not believe that Ye Yuan could successfully refine these Hundred Fate Heavenly Aperture Pills.

This sort of thing was a little too bizarre.

While they did not believe it, this time, people were not so impulsive anymore.

Ye Yuan had already exhibited unparalleled strength. No matter what the result was, him crushing the juniors of the three great alchemy path factions was already an undeniable fact.

Nobody could deny this.

But, if Ye Yuan really succeeded, that would be climbing up to another summit!

Currently, Zhou Xianchen still had the qualification to compete with him.

But, if Ye Yuan succeeded, Zhou Xianchen would not even have the qualification to compete with him anymore.

The two people would already be on completely different levels.

This was also where the significance of the refinement this time lay.

Hence, everyone put away the shock in their hearts and paid close attention to Ye Yuan's refinement.

Compared to the Eight Universe Seal Breaking Pill, Ye Yuan's refinement this time did not have such a great commotion.

That cluster of nirvanic rebirth fire was much smaller.

But people with discerning eyes would know at a glance that the power of the flames was several times stronger than before!

This time, a tense expression finally appeared on Ye Yuan's face.

Fine beads of sweat also started seeping out on his forehead. But very soon, it was evaporated by the nirvanic rebirth fire.

In the void, Heavenless' pupils constricted, and he cried out in surprise, "Terrific lad, to actually still be hiding a card up his sleeves! Impressive! Impressive! Such a refinement, it's not overboard to describe using reaching the acme of perfection! Even if it was this ancestor back then, I was far worse than him too! I didn't expect that after many years, such a monster would appear in the world again!"

Chapter 3050: Opening the Door to a New World!

Everyone clearly felt the difference in the refinement this time.

Although they could not see all the different changes in the nirvanic rebirth fire, the origin aura emanating from Ye Yuan's body was still Great Dao pressure. They could all feel it distinctly.

Most importantly, Ye Yuan really felt strained this time!

This was Ye Yuan's pinnacle refinement!

Regarding the Hundred Fate Heavenly Aperture Pill, it was pretty much the ceiling of grade eight heavenly pills already.

Wanting to refine it was not that easy.

Refining 300 Hundred Fate Heavenly Aperture Pills at the same time, it was basically Ye Yuan's limit too.

This difficulty was unimaginably great!

Especially Zhou Xianchen, Jinnan, Chu Fang, and the rest, they knew even better how horrifying the refinement this time was.

"If he really succeeds, it will probably be an insurmountable peak in the history of Alchemy Dao!" Chu Fang said with vicissitudes of emotion.

"This kind of refinement can only be described with reaching the acme of perfection! Once refined, that will really be an accomplishment that surpasses ancient and modern times!" Jinnan similarly said with vicissitudes of emotion.

Ye Yuan's strength was already beyond question.

Logically speaking, they should be mocking Ye Yuan at this time.

But, for some reason, they actually faintly started looking forward to it.

Zhou Xianchen was not their goal.

Or one could say, although Zhou Xianchen was strong, he was not insurmountable.

But Ye Yuan was creating a peak!

Once completed, that would be their lifelong goal!

Zhou Xianchen sneered and said, "Are the two of you crazy? What kind of heavenly pill the Hundred Fate Heavenly Aperture Pill is, don't you guys have a clue in your hearts? 300 Hundred Fate Heavenly Aperture Pills, there's absolutely no one in this world who can refine it!"

Jinnan nodded and said, "Of course I know how hard it is! But it's precisely because of this that it's worthy of anticipation! As the alchemy path's number one person, don't you look forward to this kind of peak? Or is it that with your current height, you can really catch up to Ancestor Endless and achieve Great Beyond?"

Chu Fang followed up, saying, "Your father, Hegemon Sunshock, wasn't inferior to you at all when he was young. But to this day, he's unable to push open the Door of Eternal Life! Then, do you feel that you're stronger than your father? Heavenly alchemists of our generation, isn't reaching Great Beyond what we pursue? If Ye Yuan succeeds, it will similarly hold extraordinary significance to us!"

Zhou Xianchen's entire body trembled fiercely!

He suddenly discovered that he had already fallen into some kind of confusion.

Yes, he became confused about his Dao!

Just as Chu Fang said, his own father, the disciple that Ancestor Endless was most proud of, was unable to push open the Door of Eternal Life by relying on Alchemy Dao and step into Great Beyond to this day.

Then he naturally could not as well!

This was because he was unable to surpass his father.

Since this path was unable to reach the Great Beyond, then what meaning was there?

Hence, he was actually confused for so many years.

But these were all bewitched by the countless worshiping voices.

And Ye Yuan's appearance was seemingly like a clap of thunder that shocked the world; enlightening the benighted!

Jinnan and Chu Fang had woken up, but he was still lost in his achievements.

He was unable to accept the reality of Ye Yuan surpassing him and still looked forward to Ye Yuan losing.

He never thought before that once Ye Yuan succeeded in refining, how great a significance that would be!

Hence, Zhou Xianchen woke up.

He stepped forward and walked toward the nirvanic rebirth fire.

There was also Jinnan and Chu Fang who stepped forward together.

Yang Qing's pupils constricted, and he stopped the three people, saying in a cold voice, "Stop! What do you all want to do?"

Zhou Xianchen gave a bow respectfully and said, "Brother Yang, I hope that you can be magnanimous enough to forgive my previous offense!"

Yang Qing was taken aback. *Why did this guy change his character? There must be a conspiracy!*

"If you're apologizing, just apologize. What are you rushing over for? Keep moving forward and this emperor will take care of you guys!" Yang Qing said with heightened vigilance.

Zhou Xianchen had a look of sincerity and said, "Brother Yang is mistaken. This Zhou has already completely lost this wager, and I no longer have thoughts of trying to win! Master Ye's refinement is the unreachable summit of Alchemy Dao. It's too important to the three of us! We want to view it! Rest assured, the three of us will only probe into the nirvanic rebirth fire with divine sense and absolutely won't disturb Master Ye's pill refinement!"

Yang Qing's face revealed a strange look. He was already prepared to posture. In the end, these three people were subjugated by Ye Yuan?

Wrong, there was still a conspiracy!

This kind of top sects' successors, they were all second and third generation, being insufferably arrogant. They were often the best targets for face-slapping. How could they possibly be subjugated?

These three guys were definitely thinking of ruining Ye Yuan's pill refinement.

"No way, you all can't go over!" Yang Qing was unrelenting.

"Let them come over." Ye Yuan's voice came over.

The three people exchanged a glance, full of shock.

They thought that Ye Yuan was already tensed to the extreme.

They did not expect that he actually still had the strength to spare!

If he was really tensed to the extreme, it would be impossible to have the energy to pay attention to other matters.

Being able to open his mouth showed that he still had leftover strength!

What a terrifying guy!

Yang Qing also knew that Ye Yuan could not get too distracted.

Although he felt that it was not appropriate, he still let them through.

The three people arrived not far from the nirvanic rebirth fire. Giving a bow toward Ye Yuan, they said, "Many thanks, Master Ye!"

When calling 'Master Ye' previously, the three of them were full of mockery.

But now, it was wholeheartedly convinced.

Ye Yuan did not reply. The three people each sent out a wisp of divine sense and carefully entered the nirvanic rebirth fire.

Then, the situation inside the nirvanic rebirth fire instantly leaped into their eyes.

Virtually at the same time, the three people shuddered all over.

They saw a scene that they would never forget for life.

Ye Yuan opened the door to a new world for them!

In the nirvanic rebirth fire, 300 illusory nebulae were arranged organically.

One fine thread after another connected these 300 nebulae together.

The end of the threads was in Ye Yuan's hand.

These 300 nebulae were magnificently beautiful, akin to the starry sea.

Ye Yuan seemed to be creating 300 worlds.

Reaching their realm, they naturally understood the logic of one pill, one world.

But the world that Ye Yuan created was too perfect!

They even felt that these heavenly pills achieved the same wondrous effect as the Eternal River through different means!

What did this show?

It showed that Ye Yuan's comprehension of Dao had already reached an extremely high realm.

At this moment, they finally understood why Ye Yuan could refine 2000 identical Eight Universe Seal Breaking Pills.

Marvelous work of art!

Taking breaths away in astonishment!

Prostrating on all fours!

But they did not dare to make the slightest irregular movement.

At this very moment, they could not bear to break such a wonderful realm too.

To a heavenly alchemist, such a scene was their lifelong pursuit.

While in the outside world, it had long already burst into an uproar.

"Too impressive! Master Ye actually subdued Zhou Xianchen three people!"

"You look at their expressions. They clearly saw something inconceivable! There are profound secrets inside the nirvanic rebirth fire!"

"Is Master Ye really formidable to such a degree? Doesn't that mean that he's very likely to become another Great Beyond powerhouse after Ancestor Endless?"

... ..

How proud were Zhou Xianchen three people?

At this time, they were actually so humble in front of Ye Yuan.

Furthermore, a scene that could make them so shocked must be impressive to the extreme.

With this, it garnered everyone's curiosity.

Time slowly trickled by. The expressions on Zhou Xianchen three people's faces became more and more fascinating.
