Chapter 3061: Comprehending Origin Again!

“Succeeded! Indeed succeeded again!”

“Hegemon Yun Xiang is completely defeated this time!”

“I really didn’t expect that Ye Yuan, a puny little Emperor Vast Heaven, really defeated a Hegemon Realm!”

“How is this possible? The two of their realms are not on the same level at all. So why can Ye Yuan win? Can’t figure it out!”

... ..

Ye Yuan walked out of the sub-formation carrying treasures. The whole crowd burst into an uproar.

This announced that Ye Yuan had completely defeated Hegemon Yun Xiang.

At this time, Hegemon Yun Xiang was looking at Ye Yuan in a daze, indescribably uncomfortable.

In a fair battle, she was defeated by an Emperor Vast Heaven!

She was somewhat unable to accept this sort of thing.

It was as if her many years of comprehension in Formation Dao had all become a joke!

How many years had she comprehended Formation Dao?

How old was Ye Yuan?

Comparing people, was the disparity really so great?

“Why? Why is it like this?” Yun Xiang said absentmindedly.

“Heaven formation isn’t as simple as you imagine! Nine array elements, developing myriad Dao and the universe, the knowledge here accesses heaven and penetrates the earth! These nine array elements are the foundation of all array elements! Hegemon Sevenway simplified things, comprehending Great Dao. But it’s also precisely because of this that it’s easier to make mistakes in many areas, and it even makes it hard to comprehend. The quintessence of Heaven formation isn’t in the grand array but in these nine array elements!” Ye Yuan said.

Yun Xiang’s entire body trembled, her eyes revealing a look of astonishment.

Clearly, the things that Ye Yuan said opened her mind to new ideas.

But knowing was one thing; comprehending was another.

Yun Xiang’s Formation Dao cultivation was very strong, but Heaven formation was not what she could comprehend in a short time.

This was the disparity between her and Ye Yuan.

This Heaven formation was enough for her to use a lifetime to comprehend!

"I ... I lost!" Yun Xiang said with a bitter smile.

Ye Yuan patted her shoulder and said, "You're very strong. Heaven formation is your chance to break through the shackles. Comprehend it well. Maybe in the future, you can corroborate your Dao as a Supreme Hegemon."

This action looked very strange in everyone's eyes.

Under normal circumstances, this was an elder inculcating a junior.

But a measly little Emperor Vast Heaven actually acted in such a manner to a Hegemon Realm. It looked really strange no matter how one looked at it.

But people also had nothing to say!

This was because this Emperor Vast Heaven had indeed completely defeated a Hegemon Realm!

An inconceivable victory!

In the following journey, it became Ye Yuan's solo performance.

Hegemon Yun Xiang ignored her injuries and followed behind Ye Yuan like a little follower.

Just as Ye Yuan said, this Heaven formation was her greatest lucky chance!

Even if she could comprehend one-ten-thousandth, it would also benefit her for life.

The number one killing formation in all heavens and myriad words, this name was not called in vain.

Ye Yuan did not have the thought of being selfish either. Although he was not on good terms with these Hegemons, the crisis of the blood race was near at hand. If their strength could improve further, it would naturally be a good thing too.

Hence, a scene that amazed everyone appeared.

Yun Xiang, this Hegemon level heavenly formation master, was actually like a disciple, frequently receiving Ye Yuan's teachings, making everyone click their tongues in wonder.

Yun Xiang's improvement was obvious.

Three years later, Yun Xiang's strength advanced by leaps and bounds, and she actually broke through to Peak Hegemon in one stroke!

All the Hegemon Realms were really envious to the extreme.

"Really amazing! I didn't expect that Hegemon Yun Xiang actually had a blessing come to her in the disguise of misfortune, breaking through the shackles in one stroke!"

"I heard that Hegemon Yun Xiang has already been stuck in this realm for 100 thousand years!"

"Ye Yuan is really too impressive! He actually forcibly nurtured an ordinary Hegemon into a Peak Hegemon!"

“But speaking of which, Hegemon Yun Xiang’s improvement is great, but it’s still far from Ye Yuan’s! Since half a year ago, she already couldn’t keep up with Ye Yuan in Formation Dao!”

... ..

After she broke through, everyone exclaimed with admiration one after another.

No one thought that in the end, it was actually Hegemon Yun Xiang who obtained a great benefit.

But, starting half a year ago, the confusion on Hegemon Yun Xiang’s face grew increasingly stronger.

She was no longer able to comprehend the things that Ye Yuan said.

This grand array became more difficult and obscure the further back.

It was clearly only constituted of nine array elements, but the things derived were incomparably complicated.

On this day, Ye Yuan walked out of a sub-formation, his eyes becoming incomparably bright.

His whole body teemed with the power of origin.

Hegemon Yun Shang’s eyes lit up, and he cried out in surprise, “This boy comprehended Formation Dao origin! Emperor Vast Heaven Realm, comprehending two great origins, this is simply too monstrous!”

When geniuses from all heavens looked at this scene, they only felt ashamed to the extreme.

Comprehending origin to them was not considered something very hard.

But these people had basically all already broken through to Emperor Sakra Heaven.

No one could comprehend origin in Emperor Vast Heaven Realm at all.

Let alone comprehend two origins.

“Sigh, I really have been sitting in the well and looking at the sky! I’ve always thought that I’m a genius who doesn’t lose to anyone! But today, I’m thoroughly convinced!”

“How did this guy’s brain grow? Why is his comprehension ability so strong?”

“There’s always someone better, and heaven beyond heaven!”

... ..

Geniuses were all condescending.

Even if it was Yang Qing, they remained unconvinced too.

But they were really convinced by Ye Yuan.

This guy was simply a monster!

Forget crushing his peers; he even taught a Peak Hegemon!

Ye Yuan meditated on the spot, digesting the fruits of Formation Dao origin.

Several days later, he slowly opened both eyes, the look in his eyes becoming incomparably bright.

“Young Friend Ye, how is it? Do you have confidence in walking out now?” Hegemon Yun Shang said rather agitatedly.

Ye Yuan shook his head and said, “Can’t walk out! The entire Labyrinth Divine Palace is enveloped inside the Heaven formation! However, with my current Formation Dao strength, we shouldn’t encounter any dangers when walking around inside the grand array.”

Hegemon Yun Shang’s expression changed. He did not expect that this grand array’s area coverage was actually so vast!

Didn’t this mean that all of their lives were grasped in Ye Yuan’s hands?

“Ye Yuan, are you doing it on purpose?” Zhang Hexin said in a solemn voice.

Ye Yuan smiled and said, “If you keep talking crap, do you believe that I’ll directly bring you into a death door? Killing you is as easy as killing an ant now!”

Zhang Hexin’s expression changed wildly. He did not believe it, but he did not dare to gamble.

Yun Xiang said in a solemn voice, “Zhang Hexin, if you dare to be disrespectful to Young Friend Ye, this seat will find trouble with you!”

Zhang Hexin exploded, yelling angrily, “Damn woman, you’re going too far! Do you think that by breaking through to Peak Hegemon, you have the qualifications to challenge this seat?”

Zhang Hexin was a Peak Hegemon to begin with. This was also why he could become the leader of the seven great Hegemons.

But now, Yun Xiang’s cultivation realm had already caught up to him.

Yun Xiang smiled coldly and said, “Zhang Hexin, this seat advice that you’d better stay more low-key! Otherwise, if Young Friend Ye takes action, you won’t even know how you died! Do you really think that you, this Hegemon, are very powerful?”

Hegemon Yun Shang was rather annoyed and said in a solemn voice, “Enough! Stop talking nonsense. Continue forward!”

Under Ye Yuan’s lead, everyone finally crossed that enormous imperial garden and entered the Labyrinth Divine Palace’s group of palaces!

Chapter 3062: 12 Heavenly Dao Paintings!

“The Labyrinth Divine Palace is really extravagant! These palaces are completely made from galaxy profound gold. This wealth can probably directly purchase a plane!”

“You look at this lamp, it’s actually a grade one grandmist treasure! My God! This is also too freaking luxurious!”

“These stone slates, it all paved with Power Way Spirit Stones! Cultivating here is simply paradise!”

“Prodigal! Really prodigal!”

... ..

Even if it was the group of Hegemon Realms, seeing the extravagance of the Labyrinth Divine Palace, they could not refrain from being jealous too.

These palaces could only be described by one word: luxurious!

Everyone wished to directly poach these palaces away.

Of course, they did so too.

Any good stuff that they saw, they directly poached them away.

The Labyrinth Divine Palace's palaces gradually got taller in sequence.

That large palace at the back rose straight into the clouds, seemingly like a giant beast that could swallow everything.

Even when standing in front of it, one had an impulse to prostrate in submission too.

Among the surrounding main palaces, there were a total of 12 main palaces suspended around it, displaying an arrangement where stars surrounded the moon.

Ye Yuan heard that in its prime, the Labyrinth Divine Palace had 12 Great Beyond Realm powerhouses who were known as the 12 Heavenly Kings.

Regarding these 12 Heavenly Kings, each one was an important figure who shocked heaven and earth.

Hegemon Sevenway was one of them.

These 12 Heavenly King Palaces were the residences of the 12 Great Beyond powerhouses.

"These 12 Heavenly King Palaces, you all don't enter it. Those Hegemon Realms are all aiming for the Heavenly King Palaces and the Labyrinth Divine Hall. Once there are any clashes, we aren't Hegemon Realm, the consequences will be too dreadful to contemplate. Everyone all look for lucky chances in the palace groups below. With the Labyrinth Divine Palace's foundation, if you all are lucky, there might be a few who can step into Hegemon Realm," Ye Yuan instructed Grand Brightjade Complete Heaven's people.

"Heavenly Saint Ye, you understand Heaven formation now. We aren't scared of them!" Hu Gaoshan said.

Clearly, he still did not give up.

The biggest lucky chances were clearly inside the 12 Heavenly King Palaces and the Labyrinth Divine Hall.

Ye Yuan smiled and said, "The range that Heaven formation covers is only up to here too. Regarding the 12 Heavenly King Palaces and the Labyrinth Divine Hall, with Hegemon Sevenway's strength, they can't be covered at all. If we go over there, life and death won't be up to us anymore."

Only then did everyone come to a realization.

The 12 Heavenly King Palaces and the Labyrinth Divine Hall were the nucleus of the Labyrinth Divine Palace. Each of their owner's strengths was not weaker than Hegemon Sevenway.

Although the Heaven formation was strong, it was not invincible either.

"Doesn't that mean that we have to helplessly watch the good stuff be taken away by that bunch of fellows?" Yang Qing said unwillingly.

Ye Yuan said, "That might not be the case. Everything is up to fate. Sometimes, destiny is more important than strength."

Boom!

Before his voice faded, a loud noise came from above the void.

It turned out that they had already exchanged blows.

This was two great Supreme Hegemons, one of them was Hegemon Yun Shang, while the other was a fiend race Supreme Hegemon.

"Old Dog Zhen Yi, this seat is here for the Immortal Cloud Cone! If you dare snatch it, we'll be irreconcilable till death today!"

Hegemon Yun Shang's angry roar came from above the void.

At this time, Hegemon Yun Shang was already beyond furious. When fighting, he fought until the void fractured.

However, the Heavenly King Palaces were extremely sturdy and actually did not budge an inch.

On the other side, the strength of the fiend race Supreme Hegemon was also not the slightest bit weaker.

The two people's battle was fought extremely trepidatiously.

Before long, a great battle also erupted in the Burning Sky Heavenly King Palace too.

Those participating in the battle this time were similarly Supreme Hegemons!

Very soon, terrifying battles erupted in the 12 Heavenly King Palaces virtually at the same time.

Around the Heavenly King Palaces, the sky was already rent asunder, and the earth split open by the berserk power of origins.

Those that were strong, their strength was already close to Great Beyond powerhouses¹!

When those geniuses who did not enter the Heavenly King Palaces looked at the terrifying battles above the void, each and every one of them was extremely shocked.

"My God, there are actually so many hidden Supreme Hegemons!"

"Luckily I didn't go up; otherwise, I'd have already been reduced to dust now, right?"

"18 Supreme Hegemons! How many big shots came?!"

... ..

Very soon, even more Supreme Hegemons debuted, shocking everyone until their jaws hit the ground.

As for some ordinary Hegemons and Peak Hegemons, they joined the battles one after another too.

The various major camps fell into frenzied great battles, vying for the treasures.

Some origin powerhouses and Emperor Sakra Heavens who overestimated their own ability were directly reduced to dregs by this power.

Boom!

Hegemon Yun Shang's palm went past. Hegemon Kong Hai took the palm solidly.

Only to see his body fall down, already ceased breathing.

A Hegemon fell!

Everyone's complexions were deathly pale, and only then they realized the horror of the battle.

Shortly after, more and more Hegemons fell.

In a blink of an eye, seven to eight ordinary Hegemons fell, and more than 20 Hegemons severely wounded!

Only then did everyone know it turned out that in the eyes of top powerhouses, ordinary Hegemon Realms were nothing more than this too.

... ..

But at this time, in the Heavenly King Palaces, there were still some people who were aloof and indifferent to the battles outside.

A middle-aged man in a black robe was currently sizing up everywhere.

Suddenly, his gaze landed on a table.

There was a pen rack on the table. He extended his hand to move the pen rank and discovered that it could not be moved.

His hand brushed over several pens and suddenly stopped on one of the pens.

Then he turned it.

Swoosh!

Behind the table, a spatial door actually appeared!

An extremely thick Heavenly Dao aura faintly transmitted out of the spatial door.

The corners of the black-robed middle-aged man's mouth curled slightly, and he said with a faint smile, "Old Man Heavenless, do you think that by hiding it covertly, this seat won't be able to find it? This seat will be accepting one of the 12 Heavenly Dao Paintings!"

When the black-robed middle-aged man came out of the spatial door, there was an additional red-green jade scroll in his hand.

This red-green jade scroll was crystal clear, a majestic Great Dao aura appearing on it. One look and it was clear that it was not ordinary!

The black-robed man was overjoyed, an extremely smug expression appearing on his face as he laughed loudly and said, "Old Man Heavenless, you were called the number one genius since ancient times. Actually, it was merely by relying on the 12 Heavenly Dao Paintings! Having acquired one, it will be effortless for this seat to surpass you! Watch closely!"

"Brother Ming Hui, aren't you being pleased with yourself a little too early?" In the great hall, another figure appeared at god knows when. It was a 20 years old looking youth in an azure shirt.

When the black-robed man saw him, his pupils constricted!

But very soon, he smiled coldly and said, "Ming Hui? How long has it been since I've heard this name! Old Man Endless, the 12 Heavenly Dao Paintings have 12 scrolls, and yet you want to fight with me for one?"

The 20 years old youth in the azure shirt smiled and said, "The one in your hand is the most precious Heaven scroll. Do you think that this seat will let it go? Hand it over so as to avoid the harmonious relations between us brothers being harmed."

The black-robed man's eyes turned cold, and he said with a cold smile, "Old Man Endless, do you think that you've cornered this seat?"

The 20 years old youth in the azure shirt just smiled lightly and did not speak.

But the black-robed person's pressure suddenly increased.

Nobody knew that Abyss Pass Origin Grotto Heaven's overlord level powerhouse, the 33 Heavens' number one Alchemy Dao person, Ancestor Endless, actually appeared here too!

At the same time, in a palace below, Ye Yuan took a tattered goat-skin scroll from an old bookshelf.

This goat-skin scroll was full of dust, looking extremely ordinary.

Ye Yuan lightly wiped off the dust on it, only to see an extremely ancient word written on it.

But Ye Yuan recognized this word at first glance: Heaven!

Chapter 3063: I Am "Heaven"!

"You're interested in this kind of junk? Stop wasting time, hurry up and find something good!" When Yang Qing saw Ye Yuan dig out such an unremarkable thing, he could not resist urging.

The moment Ye Yuan saw the Heaven word, a hint of surprise flashed across in his eyes.

Although he had never been to the Labyrinth Divine Palace before, he was not unfamiliar with the Labyrinth Divine Palace at all.

Ye Yuan understood that those truly top powerhouses were all aiming for the 12 Heavenly Dao Paintings.

What were the 12 Heavenly Dao Paintings?

No one knew!

But Mi Tian knew that the Labyrinth Divine Palace's rise was precisely because of the 12 Heavenly Dao Paintings!

And the last generation Labyrinth Divine Palace's palace master, Hegemon Heavenless, relied on the 12 Heavenly Dao Paintings and reached an inconceivable realm.

The 12 Heavenly Dao Paintings had a total of 12 scrolls.

The most important volume among them was the Heaven scroll.

A character for heaven was written on this goat-skin scroll. *Could this be the Heaven scroll?*

Ye Yuan also did not expect that he actually found such a precious treasure in an unassuming side hall.

If it were others, when they saw this junk covered in dust, they would definitely turn their noses up at it.

But Ye Yuan cultivated the Eternal River's chaos and had a sensitivity different from ordinary people toward some things.

The moment he laid eyes on the goat-skin scroll, he felt its extraordinariness.

Furthermore, Ye Yuan was someone with a great destiny in the first place. Coupled with the Extreme Medicine Sect's blessing power, being luckier than others was very normal too.

"*Heh*, this isn't some junk. We might have picked up a treasure!" Ye Yuan smiled and said.

When Yang Qing heard that, he sized it up carefully again and said disdainfully, "Screw off! Just this junk, I reckon that it's just some lousy cultivation method recorded in it. You're treating it as a treasure too?"

Ye Yuan said, "Do you know about the 12 Heavenly Dao Paintings?"

Yang Qing was stupefied and said, "You wouldn't tell me that this junk is the 12 Heavenly Dao Paintings, right? Got to be kidding! Who do you think you are? You can randomly pick up a treasure?"

Ye Yuan did not expect that Yang Qing really knew about it. Hence, he nodded his head and said, "If I didn't guess wrongly, this is the Heaven scroll in the 12 Heavenly Dao Paintings!"

Yang Qing looked at Ye Yuan like looking at a fool and said with a loud laugh, "The Heaven scroll is the most important volume in the 12 Heavenly Dao Paintings. Even Great Beyond powerhouses will be moved! You're telling me now that this junk is the Heaven scroll? Stop fooling with me. Do you take me to be a three-year-old child?"

Boom!

Right at this time, a loud noise came over.

The entire Labyrinth Divine Palace seemed to have started swaying.

Yang Qing's expression changed, and he cried out in surprise, "Goodness me, there are really Great Beyond powerhouses! Could it be that they are all aiming for the 12 Heavenly Dao Paintings?"

Ye Yuan nodded and said, "Apart from the 12 Heavenly Dao Paintings, what else can move them?"

Yang Qing looked at Ye Yuan with a look of contempt and said, "Then, you're telling me that you picked up the 12 Heavenly Dao Paintings? *H-Hur hur ... hur hur hur ...*"

The two people went out of the great hall only to see three figures standing in a triangle formation above the void. They were currently fighting until the sky was rent asunder and the earth split open.

The three people carried the might of heaven and earth with every move and stance. Even the Supreme Hegemons who were fighting fiercely previously had already kept a good distance away too.

They could not afford to provoke!

Great Beyond powerhouses were too strong!

The black-robed middle-aged man said in a cold voice, "Old Man Endless! If you still don't give up, you'll definitely die here today!"

On the other side, a woman in a whiterobe similarly said fiercely, "Old Man Endless, hand over the Heaven scroll and I can spare you from death!"

Ancestor Endless was holding the Heaven scroll, his momentum unstoppable!

Fighting two-on-one, he actually did not show the slightest hint of getting defeated.

He actually snatched the Heaven scroll from Hegemon Ming Hui's hands!

The Heaven scroll in his hand had an archaic Heavenly Dao aura that had experienced the many vicissitudes of life, giving people a soul-stirring feeling.

One look and it was clear that it was not ordinary!

"*Haha*, Younger Sister Profound Ice, don't say this kind of spiteful words! If I hand over the Heaven scroll, do you think that you can walk out of here today?" Ancestor Endless said with a loud laugh.

Hegemon Profound Ice snorted coldly and said, "Then don't blame this younger sister for being merciless!"

Finished saying, the three people's auras were released, and they actually clashed together again.

Below, Zhou Xianchen looked toward Ancestor Endless with a look of shock and muttered, "I didn't expect that Ancestor actually personally took action! Just what is the Heaven scroll in his hand?"

Not far away from him, Zhang Hexin said with a cold laugh, "*Heh*, haven't you heard before? The Labyrinth Divine Palace's ultimate treasure, the first volume of the 12 Heavenly Dao Paintings, it's the Heaven scroll! It's said that back then, Old Man Heavenless could only reach an inconceivable realm because he comprehended the 12 Heavenly Dao Paintings fully! Do you think your ancestor will be moved by it?"

Zhou Xianchen's entire body trembled, only then knowing what the thing that his ancestor was fighting over was.

Ancestor's strength was unfathomable. But it was far too difficult to want to improve further.

This Heaven scroll was clearly his hope of advancement!

Hence, he secretly cheered Ancestor on, hoping that Ancestor would win.

And those Supreme Hegemons were long already extremely shocked!

This was because these three mighty Great Beyond powerhouses were actually humanity's three supreme heavens' three mighty Great Beyond Hegemons, Xiu Ming, Ling Hua, and Endless!

It was just that, the names that came out of their mouths were actually wrong!

"Why is Ancestor Endless calling Hegemon Ling Hua Hegemon Profound Ice?"

"*Mn?* Isn't one of the palaces among the 12 Heavenly King Palaces the Profound Ice Heavenly King Palace? Could it be ..."

"Also, they are calling Xiu Ming as Burning Sky. There's a palace called Burning Sky Heavenly King Palace among the 12 Heavenly King Palaces too! This ... This ..."

"Could it be that the three of them are actually from the Labyrinth Divine Palace?"

"This is impossible! Back then, Hegemon Samsara led all the heavens and was said to have slaughtered the Labyrinth Divine Palace completely. How can there possibly still be remnant spawns?"

"Ancestor Endless is the Alchemy Dao's number one person! Among the 12 Heavenly King Palaces, there's one called True Pill Heavenly King Palace too! These three people's identities are almost certain!"

... ..

This deduction made everyone dumbfounded from shock.

No one could have expected that humanity's three supreme heavens' strongest people were actually from the Labyrinth Divine Palace!"

Today, the truth was finally revealed.

The truth of history was always complicated and confusing!

While at the other side, Yang Qing looked at Ye Yuan and laughed loudly as he said, "Ye Yuan, you say that it's the Heaven scroll in your hand, right? *Hahaha*, really too hilarious! If what's in your hand is the Heaven scroll, then what's that in Ancestor Endless' hand? The items in the two of your hands completely can't be mentioned in the same breath! *Hahaha* ..."

Swoosh!

All of a sudden, Yang Qing felt like he had disappeared.

More accurately speaking, he was currently standing above the sky, overlooking everything!

Below, three Great Beyond powerhouses were currently in the heat of fierce fighting. Numerous powerhouses kept a good distance away. There was even a group of geniuses currently searching for treasures.

Every movement and action in this world fell into his eyes.

Of course, he even felt that another person existed beside him.

That person was Ye Yuan.

But he could only feel him and not see him.

This ... What was going on?

"Ye Yuan, where are you?" Yang Qing's heart shook wildly, and he could not resist asking.

"I'm right beside you! How do you feel now?" Ye Yuan's voice came over.

Yang Qing drew a deep breath and said, "I feel like I'm the heaven right now! Everything in the world seems to be in my grasp! This ... Could it be ..."

"Yes, it's the goat-skin scroll in my hand!" Ye Yuan's voice came over again.

Chapter 3064: Major Move!

Perspective of God!

Even Ye Yuan was also amazed by the Heaven scroll's miraculousness.

He seemed to be standing above Heavenly Dao, overlooking all life.

Everything and everything was in his eyes.

At this time, every flower and blade of grass, every leaf and tree, even the slight movements of the wind, they were all in his sight.

"Transforming into heaven and feeling the changes of all life? No, not just all life in the world; even if it's an object without life, one can feel it too! All things have their own spirit. So that's how it is!" Ye Yuan said in shock.

"How is this possible! If that's the Heaven scroll in your hands, then what's that in Ancestor Endless' hand?" Yang Qing still could not restrain the shock in his heart.

Ye Yuan thought about it and said, "That might be the Heaven scroll that Ancestor Heavenless copied! Although the aura of Dao is very rich, compared to this, it seems to still be lacking something."

Yang Qing felt it carefully and said in surprise, "It's true! But why would this thing be casually placed in a side hall? Doesn't Ancestor Heavenless want it anymore?"

Ye Yuan said, "Ancestor Heavenless didn't need this item since a long time ago, right? If this thing is useful to him, he would have long broken through the shackles and transcended the Great Beyond. How could he have been defeated by Hegemon Samsara? Even if it's a Heavenly Dao treasure, each person has a limit to comprehend it too. It's far too difficult to be equal with Heavenly Dao!"

Yang Qing thought about it and felt the same.

No matter how powerful the treasure, that would also have to depend on who obtained it.

When some people obtained it, they would directly soar to the heavens in one bound.

But some would have limited accomplishments.

It might even call down a disaster.

Treasures were not necessarily good things.

Ancestor Heavenless' talent was the strongest among past generation palace masters. But he had his limits too.

Yang Qing said speechlessly, "Your luck is also too good, right? A group of Great Beyond powerhouses is fighting to the death below, but in the end, it's a fake. You casually picked something up, and it's actually the Heaven scroll that they yearn for even in their sleep? Do you still want people to live?"

Ye Yuan smiled and said, "Hence, I'm someone with a great destiny! This is called when one man attains Dao, his fowls and dogs ascend to heaven too. You benefit immensely from following me by the side too!"

"*Pooh!* You're the chicken or dog!" Yang Qing said angrily.

"Is that so? Then I'll kick you out?"

"Don't, don't, don't! This feeling is too magical; let me feel it more! I'm a chicken and dog! I'm a chicken and dog!"

... ..

When Ye Yuan and Yang Qing were currently overlooking everything from the perspective of God, the situation below suddenly changed!

Boom!

Another surge of Great Dao aura rose to the sky.

A red-green jade scroll actually flew out from a Heavenly King Palace.

Ancestor Endless three people who were currently in the midst of fierce fighting, their expressions changed wildly!

"This is ... Earth volume!" Ancestor Endless cried out in surprise.

Swoosh!

Hegemon Profound Ice grabbed toward the Earth scroll right away!

However, right at this time, the third Heavenly Dao painting flew out!

"The Universe volume! What medicine is Old Man Heavenless selling in his gourd?" Ancestor Endless' expression became more and more ugly.

He instinctively felt that it was not right, but he also could not pinpoint what was not right.

The 12 Heavenly Dao Paintings appeared one after another. Faced with such a huge temptation, nobody could resist!

Following that, one Heavenly Dao Painting after another appeared!

Boom!

A massive energy directly sent Hegemon Profound Ice flying.

She failed to get the Earth scroll!

Boom!

The Heaven scroll in Ancestor Endless' hand directly exploded, flying towards the sky!

Ancestor Endless' expression was livid. After expending such a great effort, the Heaven scroll actually flew away!

Very soon, 12 Heavenly Dao Paintings were arranged in a sequence above the void.

Everyone looked at the sky in great shock.

Ancestor Heavenless really played a major hand!!

Without the slightest surprise, Ancestor Heavenless' figure appeared above the void.

He looked at the Hegemons that filled the sky, his eyes revealing ruefulness.

Only to see him stand with his hands behind his back, his gaze landed on Ancestor Endless three people as he said coolly, "Endless, Ming Hui, Profound Ice, how have you been?"

Endless three people snorted coldly, but did not speak.

Ancestor Heavenless did not think anything of it too as he continued, saying, "This ancestor is just a dead man. No matter how many grudges in the past, it's also transient as a floating cloud! The three of you betrayed me. This ancestor doesn't blame you! Back then, it was this ancestor who was too anxious! However, the 33 Heavens are currently at a time of great crisis now. Once that blood race progenitor comes into being, his strength will probably be above this ancestor!"

The moment these words came out, everyone's expressions changed.

The crisis of the blood race was no longer some secret.

In fact, the blood race's general direction was already formed; they are gaining momentum. These powerhouses could not help it either.

As long as they could protect themselves in this overall situation, that would suffice.

Ancestor Endless and the others naturally knew the danger of this trip, but they still came.

Most likely, they felt the pressure too.

“This ancestor was once the overlord of all the heavens. Today, the 33 Heavens are confronted with danger. This ancestor naturally has to do my part! Today, this ancestor will open up the Labyrinth Divine Palace and share the 12 Heavenly Dao Paintings! Whichever among you can obtain the recognition of the 12 Heavenly Dao Paintings and become the strongest, you’ll be able to receive this ancestor’s origins enlightening you, inheriting all of this ancestor’s strength! Now, start comprehending Dao!”

Ancestor Heavenless said it neither too fast nor too slow, but each word stirred people’s hearts.

Inherit all of Ancestor Heavenless’ strength; this allure was seriously too great!

“Inherit all of Ancestor Heavenless’ strength! My God, doesn’t that mean that a second Ancestor Heavenless will appear?”

“I heard that Ancestor Heavenless’ strength is not the slightest bit worse than Hegemon Samsara! If I can become the second Heavenless, then who in all the heavens and myriad worlds can still post a threat to me?”

“Too crazy! This trip really wasn’t in vain! This time, I definitely won’t lose to Ye Yuan!”

... ..

The group of geniuses went completely crazy.

Ancestor Heavenless was synonymous with supremacy.

Although he had long fallen, he was absolutely a legend.

His awe-inspiring reputation was not the least bit weaker than Hegemon Samsara’s.

His mantle drove people too crazy!

Hence, how could the group of geniuses still care about searching for treasures? Each and every one of them wished to burrow into the 12 Heavenly Dao Paintings.

Above the void, the 12 Heavenly Dao Paintings each emitted a different aura.

As if a complete Heavenly Dao was displayed in front of everyone.

Heaven scroll; clouds rolled and smoothened out, the sun, moon, and stars changing unpredictably!

Earth scroll; the atmosphere was deep, mountains and rivers could carry everything!

Universe scroll; space flowed, all the heaven and earth were inside it!

Aeon scroll, with a distant source and a long stream, however much time elapsed with the wind!

... ..

12 Heavenly Dao Paintings, what it brought to everyone was endless shock!

As if all the truths in heaven and earth were all within these 12 painting scrolls.

“So that’s how it is! So that’s how it is! *Hahaha* ... 12 Heavenly Dao Paintings, it indeed lives up to its reputation! I’ve comprehended!”

Kong Tan suddenly let out a loud laugh, the Door of Eternal Life appearing behind him.

He, a middle Emperor Sakra Heaven, actually skyrocketed in aura, heading straight for grand completion Emperor Sakra Heaven.

Everyone was in great shock.

“He ... Is he going to directly assault Hegemon Realm? Well-deserving of being the fiend race’s number one genius, this comprehension ability really surpasses ancient and modern times!”

“This time, Ye Yuan is finally beaten!”

“That Yang Qing too. He can’t be unconvinced this time even if he wants to! Once Kong Tan enters Hegemon, he won’t let him off!”

... ..

Chapter 3065: All the People Advances!

“Open for me!”

Kong Tan turned into a true fiend, his imposing momentum already rising to peak Emperor Sakra Heaven!

It was only to see him throw a punch out. The third seal trembled, but it did not immediately break.

Without the slightest hesitation, Kong Tan threw out his second punch!

Third punch, fourth punch ...

Kong Tan’s true fiend body was formidable to the extreme.

The third seal became increasingly looser under his punches.

Boom!

When Kong Tan threw the 19th punch, the third seal broke at the sound of it!

Whoosh!

The thick origin power seemed like floodwaters that broke the dam, pouring down and filling Kong Tan’s true fiend body!

Kong Tan felt invigorated to the extreme at this time.

He let out a loud laugh and said, “*Hahaha* ... Yang Qing, Ye Yuan, it’s ultimately me who took this step first! This seat is the number one genius in all the heavens!”

His voice reverberated throughout the heavens. It was clearly audible in the entire Labyrinth Divine Palace.

Everyone was searching for Ye Yuan and Yang Qing’s figures in the crowd but could not find them.

“*Heh*, it looks like the two of them don’t dare to show themselves anymore!”

“Truly, change is the only constant. The wheel of fortune turns! Nobody could have expected that Kong Tan actually made a comeback at the final moment! It looks like he’s the true son of destiny!”

“The winner is decided! It looks like Kong Tan will be the next Hegemon Heavenless!”

... ..

Visualizing the 12 Heavenly Dao Paintings, someone breaking through to Hegemon Realm was within reason.

But no one expected that Kong Tan’s breakthrough was so fast!

In the trials previously, Kong Tan, this son of the fiend race, was suppressed firmly by Ye Yuan and Yang Qing.

But now, he finally turned things around!

With regards to this sudden turn of events, Hegemon Endless and the rest did not show any visible changes in emotions.

They were currently visualizing the 12 Heavenly Dao Paintings with all their hearts!

They had all visualized the 12 Heavenly Dao Paintings before.

But at that time, Heavenless treasured his own belongings and did not let them visualize all of them.

Especially the Heaven scroll, Heavenless never took it out before.

But this time, the 12 Heavenly Dao Paintings were gathered. The power was unimaginable!

Having just visualized for half a day, they all, these Hegemon Realms, had already faintly understood some of it.

One had to know that their cultivation realms had long already reached the limit. They might not be able to make progress for hundreds of thousands of years.

The 12 Heavenly Dao Paintings were the only channel for them to become stronger!

At this time, the entire Labyrinth Divine Palace was a harmonious sight. Everyone was visualizing the 12 Heavenly Dao Paintings.

Whatever treasures, whatever scheming against each other, nobody paid attention to all that.

However, it was not just Kong Tan alone who was impressive.

Three days later, Feng Qingxuan started undergoing nirvanic rebirth!

Yes, under the circumstances where she did not get injured, she directly started to undergo nirvanic rebirth.

However, her nirvanic rebirth time was very long, many people had already broken through their cultivation realms, but she did not budge an inch.

Under Kong Tan and Feng Qingxuan, the various races' geniuses also broke through the fetters one after another.

Those top geniuses broke through to Hegemon Realm in succession!

In front of the 12 Heavenly Dao Paintings, it was a banquet of Hegemon breakthroughs!

Qin Baichuan, Wang Ningyan, and Zhou Xianchen, these people also all broke through to Hegemon Realm one after another.

Even people who were lacking in talent, after visualizing the 12 Heavenly Dao Paintings, their strength also advanced by leaps and bounds.

Only Ye Yuan and Yang Qing two people were still observing everything from the perspective of God.

"Eh, she came too!"

Ye Yuan discovered a familiar figure in the crowd. It was the Nirvanic Soul Clan's Cloudneon.

The soul race was very low-profile this time. Ye Yuan was also not familiar with the people who came, so he did not say hello to them.

He did not expect that Cloudneon was actually hiding among them.

Cloudneon's talent was only stronger and not weaker when compared to Feng Qingxuan.

Facing the 12 Heavenly Dao Paintings, she naturally gained quite the knowledge.

Ye Yuan could perceive that her soul force was currently strengthening. She was already not far away from Supreme Hegemon!

This woman was really formidable!

Just how long had it been since she broke through to Hegemon Realm? She was going to break through to Supreme Hegemon already?

"Ye Yuan, could it be that we were both wrong? That Ancestor Heavenless is really doing it for the sake of all the heavens and myriad races?" Yang Qing could not resist asking.

Although the Labyrinth Divine Palace trip this time had many geniuses who fell, the progress made was even more!

Especially the appearance of the 12 Heavenly Dao Paintings, it made many geniuses transform, becoming leviathans of a region.

This made Yang Qing unable to refrain from somewhat doubting Heavenless' goal.

Ye Yuan shook his head and said, "I don't know, but I feel that it's not that simple! Furthermore, I feel like the Labyrinth Divine Palace's matter isn't over yet!"

Yang Qing said with confusion, "Even Great Beyond powerhouses have come out. How is it not over yet? Could it be that there are even stronger existences? That's impossible! Although the 12 Heavenly Dao Paintings are imitations, the power is really strong! No one will be able to resist being moved!"

Ye Yuan said, "With the Labyrinth Divine Palace reappearing, all the heavens are astir! Such a major matter, it's impossible for the blood race and Hegemon Samsara to not know at all, right? 12 Hegemon Paintings, aren't they moved by it?"

Yang Qing said indifferently, "This place is Ancestor Heavenless' lair. Do they dare to come? You, this fellow, you're oversuspicious! Speaking of which, you've visualized for so long. Do you have any breakthroughs? Heh heh, I've already comprehended Spear Dao origin and destruction origin!"

Two years had already passed. With Yang Qing's talent, he naturally benefited greatly under the Heaven scroll.

Even Kong Tan could break through to Hegemon. So how could he, Yang Qing, be weak?

Of course, Yang Qing did not have Kong Tan in his eyes at all. There was only Ye Yuan!

Comprehending two powers of origin at the same time, Yang Qing could be rated as a prodigy. So he could not resist showing off to Ye Yuan.

"Is that so? Congratulations to you!" Ye Yuan said nonchalantly.

"This fellow, is it that you didn't comprehend anything? *Heh heh*, this emperor knew that you're still that tiny bit lousier than me!" Yang Qing said smugly.

Ye Yuan glanced at him and said, "My Dao sword should be able to kill origin powerhouses now. *Uh* ... not the kind like you."

Yang Qing's expression turned stiff. *Uh*, of course, his expression could not be seen right now.

Origin powerhouse, under normal circumstances, it referred to above grand completion Emperor Sakra Heaven!

Those such as Yang Qing who comprehended origin at lower Emperor Sakra Heaven were in the minority after all.

With the Labyrinth Divine Palace opening up this time, geniuses from all heavens gathered. That was why it seemed like there were a lot.

But actually, top geniuses like this would not exceed five fingers in one plane!

With you as the exception, it was naturally referring to grand completion Emperor Sakra Heaven origin powerhouses.

Yang Qing stopped talking.

He did not know what he should say.

Posturing, he got slapped in the face again!

Yang Qing was very strong. He could be said to be the number one genius in all the heavens!

But, although he comprehended origin now, when facing off against origin powerhouses, he would still fall far short.

After all, his cultivation realm was placed there.

But Ye Yuan was just middle Emperor Vast Heaven. This guy's Dao sword was already powerful to such an extent?

Didn't that mean that as long as Ye Yuan was willing, he could cross a major cultivation realm and kill an origin powerhouse at the expense of being seriously injured?

This ... was too terrifying!

Of course, Ye Yuan's Dao sword only had the power of one strike.

But even so, it was much stronger than him comprehending two origins at the same time!

"Do you still want people to live or not?" Yang Qing was like a deflated leather ball and had no more temper.

"I don't want to posture. So why do you have to force me every time?" Ye Yuan said helplessly.

Chapter 3066: The Dust Settles!

Ancestor Endless slowly opened his eyes, revealing a pondering look.

With 18 years of comprehension, he reaped great benefits!

Compared to when he came, his strength grew significantly!

"The 12 Heavenly Dao Paintings are indeed unfathomable! But sadly, I'm not Old Man Heavenless' match. Otherwise, I'd definitely snatch the 12 Heavenly Dao Paintings away!" Ancestor Endless said with vicissitudes of emotion.

Ancestor Profound Ice said with a cold snort, "Do you really think that Old Man Heavenless is so kind? His thoughts are hard to guess in the first place. You don't know what he wants to do at all!"

Ancestor Endless sighed and said, "Yes, but what choice do we have? It's just that I don't know who can have such a good life, to obtain the recognition of the 12 Heavenly Dao Paintings."

Ancestor Burning Sky looked in Kong Tan's direction and said with a smile, "This kid originally thought that he'd definitely win. But he didn't expect the soul race lass to interject halfway, right? It seems like his Dao heart is currently a little unstable!"

Kong Tan reached the heaven in one step and was the first to break through the shackles of Hegemon Realm.

He originally thought that he had secured the first place.

But he did not expect that Cloudneon was even more monstrous than him!

In a short 18 years, Cloudneon actually directly broke through from Peak Hegemon to Supreme Hegemon!

The Kong Tan instantly felt tremendous pressure.

In these 18 years, he did not dare to slack off in the slightest, desperately comprehending the 12 Heavenly Dao Paintings.

However, Cloudneon visualized the 12 Heavenly Dao Paintings step-by-step, developing the origin of dream to the extreme.

The 12 Heavenly Dao Paintings were all-encompassing, deriving Heavenly Dao. To the Cloud Dream Soul Physique, it was absolutely a priceless treasure.

Ancestor Endless said, "The young are to be feared! Kong Tan and the soul race lass, their comprehension ability is truly terrifying! However, with Yang Qing and Ye Yuan two people's comprehension ability, they shouldn't have faded into the crowd? Could it be that they were held back by some other matters? No, wait, what could be more important than visualizing the 12 Heavenly Dao Paintings?"

Ancestor Profound Ice said coolly, "Fading into the crowd is also not impossible! Back then, the few of us weren't top folks in the Labyrinth Divine Palace too. But in the end, it was us who became the 12 Heavenly Kings! Kong Tan, Yu Ran, and Qin Baichuan, these juniors are descendants of pedigree ancestry. There's nothing strange about thick accumulations erupting. Being in the lead for a short while doesn't mean forever taking the lead."

When the other two heard that, they felt that it made sense too.

The most important thing in the Labyrinth Divine Palace was naturally the 12 Heavenly Dao Paintings.

Heavenless' inheritance, this kind of temptation was not what the average person could resist.

How could Grand Brightjade Complete Heaven, that sort of lousy place, possibly produce any world-shocking genius?

Above the void, the 12 Heavenly Dao Paintings suddenly extinguished, becoming one red-green jade scroll after another.

Everyone stopped breathing. They knew that the most crucial moment had arrived!

The 12 Heavenly Dao Paintings had clearly already found the person that they acknowledged!

The greatest reward for this trip to the Labyrinth Divine Palace was here!

Who would obtain all of Ancestor Heavenless' legacy?

This reward was much better than obtaining whatever chaos heavenly treasure.

"You guys, who do you think will obtain the recognition of the 12 Heavenly Dao Paintings?"

"It's definitely Kong Tan, right? Among so many geniuses, his improvement is clearly the biggest!"

"That soul race Hegemon Realm is also monstrous to the extreme! Peak Hegemon to Supreme Hegemon, this step is as difficult as ascending to heaven. She actually crossed it so easily."

"There are also Feng Qingxuan and Yu Ran. They are not bad at all either! No one knows what the 12 Heavenly Dao Paintings' benchmark is, no?"

“Indeed, there’s really this possibility! Don’t know who can become this trip’s child of destiny!”

... ..

Kong Tan clenched both hands tightly, his breathing somewhat ragged. Clearly, he was rather nervous.

The other young geniuses were pretty much the same as him.

Although their hope was not as high as Kong Tan’s, they did not know what the 12 Heavenly Dao Paintings’ criterion was either.

Who knew whether or not they would be hit by the meat pie that fell from the sky?

Compared to them, Cloudneon seemed much more composed.

Breaking through to Supreme Hegemon, she was already very satisfied.

Suddenly, a streak of green light flew out of the 12 pieces of red-green jade scrolls respectively.

After the green light appeared, it converged in the air.

Everyone’s heart was nervous to the extreme.

In the crowd, there were two people who stood aloof from things of no personal interest.

These two people were naturally Ye Yuan and Yang Qing.

Two years ago, they broke out of the ‘Heaven’ scroll.

In these two years, they turned these side-halls inside out, and sure enough, they found another three lambskin scrolls!

Counting the ‘Heaven’ scroll, Ye Yuan had obtained four Heavenly Dao Paintings.

12 Heavenly Dao Paintings in their order were: Heaven, Earth, Universe, Aeon, Sun, Moon, Star, Man, Spring, Summer, Autumn, and Winter.

The changes of all things in heaven and earth were generally speaking within these 12 Heavenly Daos!

And these three Heavenly Dao paintings that Ye Yuan obtained, they were respectively the Sun scroll, Universe scroll, and Winter scroll!

“Ye Yuan, who do you think will obtain the 12 Heavenly Dao Paintings’ recognition?” Yang Qing asked.

Ye Yuan thought about it and said, “It should be Kong Tan.”

Yang Qing said in surprise, “I even thought that you’d definitely say Cloudneon!”

Ye Yuan said, “I’m just guessing. Talking about comprehension ability, Cloudneon is only stronger than Kong Tan and not weaker. But her cultivation realm is too high. Her improvement is limited. Meanwhile Kong Tan ascended to heaven, stepping into Hegemon Realm from middle Emperor Sakra Heaven in one step! His current strength can probably already rival Peak Hegemons! In comparison, his potential is clearly a little higher.”

Yang Qing nodded and said, “Now that you said it, it’s indeed the case.”

Ye Yuan smiled and said, "But I feel that no matter who the 12 Heavenly Dao Paintings acknowledge, it will all be in vain in the end. Cloudneon is still alright. Her temperament is cold. She'll remain indifferent when granted favors or being subjected to humiliation. But if it's Kong Tan, his heart will probably shatter all over the floor."

When Yang Qing heard that, a hint of a smile could not help appearing in the corners of his mouth.

Looking at this guy feeling deflated seemed to be pretty good too.

At this time, the green light descended!

It fell from the sky like a comet.

Boom!

That green light directly smashed onto Kong Tan's body.

The dust was settled!

Kong Tan only felt that there was an additional trace of inexplicable connection between him and those 12 red-green scrolls.

He was immediately wildly ecstatic in his heart!

"*Hahaha ...* It's indeed me! Indeed me! This time, it's finally me who had the last laugh! Ye Yuan, Yang Qing, Hegemon Cloudneon, do you guys see it? The one who has the last laugh is the real winner! You all are my, Kong Tan's, stepping stone!" Kong Tan let out a wild laugh as he said.

Defeating Cloudneon, he had indescribable joy in his heart!

The nervousness of more than a decade was all dispersed at this moment.

He felt that he was going to step at the peak of all the heavens and look down on all life!

Feng Qingxuan, Yu Ran, and the rest all revealed looks of disappointment.

A miracle indeed did not happen!

"*Sigh*, I didn't expect that Hegemon Cloudneon actually lost to Kong Tan! I feel that her talent is only stronger and not weaker than Kong Tan!"

"Isn't that so! With this, the fiend race is really going to rise up!"

"Kong Tan obtained the 12 Heavenly Dao Paintings and Ancestor Heavenless' inheritance. His future accomplishments will probably be above Progenitor Kong Nie's!"

... ..

The dust settling, everyone could only use envious gazes to size Kong Tan up.

Chapter 3067: The Show is Just Starting!

"Congratulations! Congratulations! Fellow Daoist Kong Tan attained Dao overnight! In the future, we can only look up to you!"

Hegemon Yun Shang came forward and clasped his hands at Kong Tan.

There was an uproar!

Hegemon Yun Shang this kind of Supreme Hegemon, actually took the initiative to build friendly relations with Kong Tan!

Not just him, many Peak Hegemons and Supreme Hegemons all went up and congratulated Kong Tan.

Meanwhile Kong Tan replied to them one by one.

All the glory gathering onto one entity; this was how it was!

He obtained the recognition of the 12 Heavenly Dao Paintings and became the son of destiny.

Very soon, he shall even obtain all of Hegemon Heavenless' inheritance. His future accomplishments would be immeasurable.

In fact, he might even become the second Hegemon Heavenless!

With this kind of future, no one dared to ignore him.

Building a relationship at this time was naturally no big deal.

At this very moment, there was already nobody who had doubts about Heavenless' motives.

Even the 12 Heavenly Dao Paintings were released. The powerhouses from all heavens made tremendous progress in these 18 years.

Everyone could not think why someone who had ulterior motives would go through so much effort to improve everyone's strength.

Therefore, everyone thought that Heavenless had long already fallen.

Opening the Labyrinth Divine Palace was just to look for a successor.

"Humph! These 12 Heavenly Dao Paintings are really blind, to actually choose that kid! In terms of talent, you're much stronger than him!" A Nirvanic Soul Clan Hegemon said unhappily.

He felt unjust for Cloudneon!

Cloudneon's talent was clearly stronger than Kong Tan's. In the end, the 12 Heavenly Dao Paintings actually picked Kong Tan!

Was this comparing advancing realms?

Cloudneon was indifferent and said coolly, "Lucky chances, it's naturally obtained by those who are fated. These 12 Hegemon Paintings naturally have their own rules. It can't be forced. Moreover, it's already very remarkable that I could break through to Supreme Hegemon. This kind of lucky chance isn't what anyone can have."

The Nirvanic Soul Clan Hegemon nodded and said, "Yeah, this way, our Nirvanic Soul Clan will have two great Supreme Hegemons! If Hegemon Samsara doesn't come out, we can sufficiently crush the Qi Soul Clan!"

Kong Tan's gaze also glanced towards this time, very unhappy.

This soul race actually dared to not come and congratulate!

The winner becomes king and the loser an outlaw!

Since the soul race lost, then they had to bow their heads in submission.

This bunch of guys was actually so haughty!

After this seat achieves Great Beyond, I'll definitely teach you all a lesson!

Also, Ye Yuan and Yang Qing, heh heh, weren't you guys showing off earlier?

Very soon, this seat will bring the fiend race army and trample Grand Brightjade Complete Heaven!

Presently, he was really looking forward to Ancestor Heavenless' inheritance.

This kind of heaven-shocking major figure, if one could inherit all of his mantle, what a wonderful thing that would be!

Suddenly, he glimpsed the Ye Yuan and Yang Qing in the crowd, and he immediately grinned.

"The two of you, come over!" Kong Tan pointed at Ye Yuan and said with a tone that allowed no questioning.

Ye Yuan smiled and said, "Want to posture? Come yourself!"

Kong Tan's face turned black, and he said in a solemn voice, "Ye Yuan, the winner becomes king. No matter how breathtaking your and Yang Qing's performances were previously, it can't change the reality of being losers too! You dare to be disrespectful to this seat. This... is courting death!"

Ye Yuan smiled and said, "Is that so? Congratulations to you then."

Very insincere!

It looked more like sarcasm!

The powerhouses present all shook their heads, secretly sighing at Ye Yuan's unwise move.

Regarding Kong Tan finding Ye Yuan, everyone knew that he was posturing, to regain face from before.

Although Kong Tan's performance had always been stunning, how could such a genius be willing to submit to others?

Forget about Kong Tan. If it were Yu Ran, Qin Baichuan, and the rest, if they attained Dao overnight, they would definitely regain face too.

Ye Yuan was not even willing to lower his head at this time.

Got to admit, he was courting death!

Kong Tan had already obtained the recognition of the 12 Heavenly Dao Paintings. He would obtain Ancestor Heavenless' inheritance very soon.

Even if Ye Yuan was hiding inside the 'Heaven' formation, it was useless too!

"I thought that two dark horses were going to emerge this time. Didn't expect that they were so useless!"

"Yeah, other people's strength all advanced by leaps and bounds. They practically did not improve much."

"Forget about dropping the ball at the critical moment; but to actually not even recognize how capable they are, this is courting death!"

... ..

Visualizing the 12 Heavenly Dao Paintings this time, virtually everyone's strength soared.

Ye Yuan and Yang Qing two people appeared somewhat glaring to the eyes.

Therefore, they naturally became idiots in other people's eyes.

However, the two of them clearly did not have this self-awareness.

Kong Tan's face became black as the bottom of a pot. Only to see him snort coldly and casually thrust a palm out.

The strength of a Hegemon Realm erupted fully!

During these 18 years, Kong Tan's strength improved greatly.

The power of this palm was absolutely not beneath Peak Hegemons!

He had the intention of using Ye Yuan and Yang Qing to establish awe.

Some people shook their heads. Some were disdainful. Some gloated over others' misfortune.

All in all, they all thought that Ye Yuan was dead for sure.

However, a beautiful figure suddenly appeared in front of Ye Yuan. Only to wave her hand casually, that powerful palm of Kong Tan's directly dissipated with the wind.

It was Cloudneon!

But on the other side, Feng Qingxuan secretly stomped her feet.

"Damn it. This woman beat me to it!"

When in Grand Brightjade Complete Heaven, Feng Qingxuan already knew about Cloudneon. Furthermore, Ye Yuan was very close to her.

Therefore, she naturally felt a sense of urgency.

Furthermore, Cloudneon's talent was even greater than hers. This time, she actually broke through to Supreme Hegemon!

Kong Tan's expression turned cold, and he said in a solemn voice, "Why? Does your soul race want to become enemies with this seat? You should understand what kind of existence you're facing!"

Cloudneon said coolly, "You can think whatever you want. But you can't kill him!"

Kong Tan's face turned black. How embarrassing!

This woman was courting death!

He snorted coldly and said, "Very good, this seat has remembered it! On the day this seat breaks through to Great Beyond, it will be when your Nirvanic Soul Clan bears this seat's wrath! All the best to you!"

He could not bear the sight of Cloudneon and Ye Yuan.

Since he could not bear looking at them, they could die!

Suddenly, a figure condensed and formed above the void. It was precisely Heavenless!

"Ancestor Heavenless has appeared!"

"He's going to impart his skill! Sigh, really envy Kong Tan!"

"I wonder what Ancestor Heavenless' inheritance is like!"

... ..

When Ancestor Heavenless showed himself, everyone was very excited.

This was the moment that everyone looked forward to, although it had nothing to do with them.

But witnessing this moment was also pretty good!

Kong Tan's face went from being overcast to bright, changing to a smiling face as he went to greet.

Cloudneon arrived next to Ye Yuan and said coolly, "You don't seem worried at all?"

Ye Yuan smiled and said, "Didn't you take action? What am I worried about?"

Cloudneon said, "You know that I'm not referring to this."

Ye Yuan smiled and said, "The show is just starting!"

Cloudneon's brows furrowed, clearly not understanding what Ye Yuan was referring to.

In her view, the overall situation had already been decided.

As for Kong Tan's revenge, she did not care.

The Dao enlightenment this time, she had benefited greatly from it.

Maybe when Kong Tan became a Great Beyond powerhouse, she would be able to step into Great Beyond too.

The Cloud Dream Soul Physique was no joke!

Except, why did Ye Yuan say that the show was just starting?

"Oh, right, haven't congratulated you for becoming Supreme Hegemon!" Ye Yuan said with a smile.

Cloudneon still remained indifferent whether granted favors or was subjected to humiliation. She said nonchalantly, "There's nothing to congratulate. When conditions are ripe, success will follow."

Chapter 3068: Repeated Unforeseen Events!

"Paying respect to Master! Many thanks for Master's grace of inheritance. Kong Tan will definitely inherit your great cause!"

Kong Tan greeted Ancestor Heavenless and knelt down respectfully.

Everyone looked at him, incomparably envious.

Ancestor Heavenless stood with his hands behind his back. Even if it was just a phantom, he also made everyone look up to him.

His gaze did not fall on Kong Tan but passed through the crowd and looked over towards Ye Yuan.

"Ye Yuan, are you willing to become this ancestor's successor?" Heavenless looked at Ye Yuan and said calmly.

Mn?

What was Ancestor Heavenless talking about?

Everyone was absentminded and did not react to it for some time.

The person the 12 Heavenly Dao Paintings acknowledged, was it not Kong Tan?

Why did Ancestor Heavenless ask Ye Yuan?

Was there something that was mistaken?

Kong Tan's entire person was petrified on the spot, being stunned by this sudden turn of events.

"What the hell? Why did Ancestor Heavenless ask Ye Yuan?"

"Isn't he a good-for-nothing? Even if it's really a mistake, there are still many people to choose from. Why did he pick Ye Yuan?"

"Could it be that Ancestor Heavenless has died for too long and became muddleheaded with age?"

... .

After a brief silence, there was an uproar.

Everyone's gazes looked toward Ye Yuan, full of incomprehensibility.

They did not understand why Ye Yuan, who already faded into the crowd, suddenly became the center of everyone again.

Even Ancestor Endless and the rest also had dumbfounded faces.

"This old man is muddleheaded, right? Putting so many geniuses aside, he wants to pick a good-for-nothing to be his successor?" Endless said in confusion.

"If he picks Ye Yuan, then wouldn't what he said before become bullshit?" Hegemon Burning Sky also said in puzzlement.

Cloudneon looked at Ye Yuan with a strange look but discovered that the latter similarly had a struck senseless look. She immediately felt relieved.

It turned out that this guy also had something that he could not predict!

Ever since knowing Ye Yuan, she discovered that he had always acted after planning things out. It seemed like nothing could escape his control.

He was clearly very weak but could always play a role to the fullest.

With regards to this friend, she viewed him in a different light.

Even if it was a moment ago, Ye Yuan looked like he had ready plans to meet any situation too.

But now, he was stunned!

Mn, seemed pretty good too.

Ye Yuan really did not expect that Ancestor Endless would suddenly ask this.

But very soon, his brows knitted together.

This was a very bad omen!

"Are you going to take action?" Ye Yuan replied with a question.

Heavenless smiled and said with a nod, "You're very clever!"

"Then are you dead now or still alive?" Ye Yuan asked again.

"You can say dead; you can also say alive," Heavenless answered again.

Ye Yuan frowned and asked again, "I'm very curious. How did you place the Labyrinth Divine Palace into the Eternal River!"

"You actually detected it!" This time, Heavenless' face also revealed a look of surprise.

Ye Yuan nodded and said, "I detected it from the moment I entered."

Heavenless smiled and said, "This ancestor indeed didn't judge wrongly! You might very likely reach this ancestor's height in the future!"

Ye Yuan shook his head and said, "I'm a divergent cultivator."

Heavenless said, "So what if you're a divergent cultivator? My generation's cultivators, which one doesn't go against cultivation? Nobody has ever survived in the Eternal River. Didn't this ancestor survive too? Becoming my successor, there can only be one in the world! How can you sweep across the world by learning from other people's footsteps?"

A hint of surprise flashed across in Ye Yuan's eyes.

It was still his first time hearing that someone did not care about his identity as a divergent cultivator.

This Ancestor Heavenless was really different from the rest.

Ye Yuan could feel his heroic spirit.

That kind of looking down at the world, not even putting Heaven in his sights.

It was also precisely because of this that he dared to resist all the heavens with the power of one sect, right?

Although defeated, it was a glorious death!

Ye Yuan and Heavenless' conversation did not make any sense. People did not understand what was going on.

The powerhouses of all heavens were like a bunch of fools.

As if the only clear-headed people present were Ye Yuan and Ancestor Heavenless.

Ancestor Heavenless was a clear-headed person, but what right did Ye Yuan have?

However, they also discerned it. It seemed like the place that they were in was actually the Eternal River?

This realm was actually located in the Eternal River?

The whole audience was in an uproar!

"This place is actually in the Eternal River?"

"This is impossible! How can a world possibly be hidden in the Eternal River?"

"Ancestor Heavenless' strength is exceedingly formidable. If he survived in the Eternal River, forget it. But how can he possibly hide the entire Labyrinth Divine Palace inside the Eternal River?"

"What on earth does this guy want to do?"

... .

The crowd suddenly burst into an uproar.

Ancestor Heavenless' eyes revealed a hint of disdain. *What a bunch of idiots!*

How unparalleledly talented was this ancestor?

Even if he died, he would also have to die in a blaze of glory. How could he possibly impart his skill to others?

Everything in this world, he knew it like the palm of his hand.

The world was drunk. Only Ye Yuan alone was awake!

This boy never believed in whatever inheritance from start to end.

He came here simply to fish for benefits.

When those Supreme Hegemons, Great Beyond powerhouses, were fighting for the 12 Hegemon Paintings, only Ye Yuan was unmoved.

Furthermore, this boy's luck was unbelievably good. He could actually find four Heavenly Dao paintings!

In the end, he was the biggest winner!

"M-Master, didn't you say that as long as I obtain the recognition of the 12 Heavenly Dao Paintings, I'll be able to inherit everything of yours?" Kong Tan panicked.

Heavenless looked at Kong Tan like looking at a fool and said, "What kind of character is this ancestor? Why would I need some disciples? Inherit this ancestor's mantle? *Hur hur*, you're really a toad lusting after swan meat!"

"But ... But what about Ye Yuan?" Kong Tan felt like his brain was eaten by a dog.

Drawing water with a sieve; it was all for naught!

In the end, he was actually toyed in circles by people!

Heavenless said coolly, "He's different from you!"

In the crowd, Hu Gaoshan suddenly stood up and walked toward Ye Yuan.

It was just that at this time, Hu Gaoshan's disposition became like a different person from before!

Ye Yuan looked at Hu Gaoshan, who was walking over head-on, and could not help palpitating with anxiety and fear.

Cloudneon, who was next to him, her eyes also turned intent, her entire body going on full alert, akin to facing a great enemy!

Hu Gaoshan arrived before Ye Yuan and said with a smile, "Heavenly Saint Ye, can you hand over the 12 Heavenly Dao Paintings in your hands to me for safeguarding?"

He looked at Ye Yuan quietly just like that, not caring about the Cloudneon who was beside him as well, as if doing something very ordinary.

Ye Yuan's pupils constricted. Only he and Yang Qing, two people, knew about the 12 Heavenly Dao Paintings.

If there was another, it would be Heavenless!

But Hu Gaoshan actually knew too!

Ye Yuan drew a deep breath and had his eyes glued on Hu Gaoshan. He already knew his identity.

"I really didn't expect that the exalted Hegemon Samsara was actually hiding right next to me!" Ye Yuan said with a cold smile.

"What? H-Hegemon Samsara?"

"Ye Yuan has lost his mind, right? Hegemon Samsara is mysterious and hard to fathom. How can he possibly appear here?"

“This guy is merely Emperor Vast Heaven. How can he possibly be Hegemon Samsara?”

“No, wait, aren’t the 12 Heavenly Dao Paintings in the sky? Why would it be at Ye Yuan there?”

... .

One stone stirred up a thousand ripples!

In this short 15 minutes time, there were really repeated unforeseen events, making everyone unable to take it all in.

Hu Gaoshan looked at Ye Yuan and said with a smile, “Old Man Heavenless is right. You’re really very smart!”

Chapter 3069: Each Harboring Ulterior Motives, An Explosive Situation!

“Hand the Heavenly Dao Paintings to me. This ancestor can take you in as a disciple! Old Man Heavenless is half-dead. He can’t prevail! You have the Enshrouding Mist Soul Physique. This ancestor can let you be reborn anew and reach the Great Beyond!”

Hu Gaoshan did not deny his identity but also wanted to take Ye Yuan in as a disciple instead.

For a moment, everyone was stunned.

Two great overlords, the strongest two great Hegemons of eternity, actually wanted to take Ye Yuan in as a disciple at the same time!

No matter what they were after, with just these words being uttered, it was sufficient to prove Ye Yuan’s monstrousness.

Meanwhile, Kong Tan had already completely become air.

The glory previously had long already been shattered all over the ground.

There was only him and Heavenless above the sky.

He was kneeling on the ground, not knowing what to do.

Unable to leave nor stay, so awkward.

Luckily, there was already no one paying attention to him now. Everyone was dumbstruck with amazement by the sudden turn of events that came back-to-back.

Everyone’s attention was focused on Ye Yuan.

They were all waiting for Ye Yuan’s choice.

“*Hur hur*, there’s no problem handing it over to you. It’s just that ... someone else probably won’t agree to it!” Ye Yuan said with a light smile.

Take him in as a disciple?

Huhu!

He, Ye Yuan, was not a fool!

Hegemon Samsara turned into Hu Gaoshan and schemed for a long time by his side. This kind of person, how could Ye Yuan possibly hand the Heavenly Dao Paintings over to him?

Ye Yuan was originally banking on the fact that Hegemon Samsara could come forward now that the 33 Heavens were met with a calamity.

But now, through Hegemon Samsara's various actions and conduct, he made a judgment on his character.

During the havoc of the Labyrinth Divine Palace back then, Hegemon Samsara only came forward at the last moment too.

With his strength, why did he not come forward earlier?

Now, being met with the disaster of the blood race, Hegemon Samsara was similarly quiet and motionless.

Hegemon Samsara reincarnated into hundreds of millions and comprehended on the Dao of Samsara.

Ye Yuan did not believe that this level of existence would not detect the blood race's unusual movement.

But he did not take any action!

What did this show?

This showed that Hegemon Samsara was a selfish person!

This time, he was clearly aiming for the 12 Heavenly Dao Paintings.

Then what about the havoc of the Labyrinth Divine Palace the previous time?

Was his goal the 12 Heavenly Dao Paintings to begin with?

Highly probable!

This kind of person, you were hoping that he could fight to the death with the Chaos Bloodstone for the 33 Heavens?

Impossible!

Giving the Heavenly Dao Paintings to him might not be a good thing!

"Haha, you're talking about Heavenless that old ghost? This ancestor doesn't take him seriously yet!" Hegemon Samsara said coolly.

"I'm not talking about him."

Ye Yuan's gaze swept across the crowd and he said coolly, "Still not coming out? If the Heavenly Dao Paintings get snatched away by this guy, you'll gain nothing good out of it!"

Everyone had blank looks, uncertain what it meant.

But right at this time, a figure appeared like a ghost. It was a blue-robed youth.

Ye Yuan had an impression of this person. He was a member of the Grand Brightjade Complete Heaven army too.

He did not expect that these two guys were actually both hiding in his squad!

However, when he saw the blue-robed youth, Ye Yuan's pupils could not help constricting.

The blue-robed youth smiled strangely, and he said, "Looks like you've already discovered it! Got to admit, among these guys, the one that this progenitor thinks the most highly of is you!"

Ye Yuan's heart sank.

This blue-robed youth was naturally the Chaos Bloodstone.

However, at this time, the blue-robed youth did not deliberately suppress his origin of blood. Ye Yuan had detected it.

This blue-robed youth was not Blood One, Blood Two they all.

This guy was a fused body!

This was also to say that the blue-robed youth was the combined body of several bloodstone clones!

This guy's strength was unfathomable!

Samsara's pupils constricted, and he said, "Didn't expect that you came too! Looks like you're aiming for the 12 Heavenly Dao Paintings too!"

The blue-robed youth smiled sinisterly and charmingly as he said, "This kind of precious treasure that was born in the Eternal River, who won't be moved? Ye Yuan, you have a trace of this progenitor's origin of blood. As long as you hand the Heavenly Dao Paintings over to this progenitor, this progenitor can guarantee that you'll only have one person above you and everyone else under you! In these 33 Heavens, nobody will be able to shake your status!"

"It's the blood race's progenitor! This blue-robed youth is actually the blood race's progenitor!"

"What capability does Ye Yuan have to actually make these three great overlords show favor to him at the same time?"

"Also, what are the Heavenly Dao Paintings that they are talking about? Could it be that those red-green jade scrolls are actually the Heavenly Dao Paintings? Then what did we comprehend?"

... .

The crowd instantly burst into an uproar.

Many people did not know about the existence of the Chaos Bloodstone, and so they addressed him as the blood race's progenitor.

Of course, there was no reason to know.

It was just that, Heavenless, Samsara, Blood Progenitor, these three great overlords, could be said to be the apex of the 33 Heavens already.

These three great overlords actually tossed out an olive branch to Ye Yuan at the same time!

Ye Yuan's weight in these three people's hearts could be seen.

In comparison, Kong Tan was simply weak to the max!

What was laughable was that he previously actually still thought that he had already obtained it and wanted to harm Ye Yuan.

Thinking about it now, it was really laughable to the extreme!

At this time, Samsara said coolly, "Ye Yuan, that lover of yours seems to already have a part of her divine soul enter samsara, right? In the heavens above and below the ground, only this ancestor can find her! Do you want to consider it?"

Ye Yuan's pupils constricted, looking at Hegemon Samsara with a look of shock.

He actually even knew about this!

Hegemon Samsara was really too scary!

This guy had god knows how many clones!

Furthermore, there were not many who knew that Mu Lingxue existed. It looked like this clone even had a considerable connection to him!

Seeing Ye Yuan's agitated expression, the blue-robed youth knew in his mind that things were not good.

He snorted coldly and directly grabbed at Ye Yuan.

A formidable to the extreme power of origin completely locked onto Ye Yuan.

He could not even move a muscle.

Ye Yuan was horrified in his heart. Was this the superlative of power?

Too strong!

When Hegemon Samsara saw the situation, how could he be willing to yield?

Similarly, he also grabbed toward Ye Yuan.

Samsara origin erupting, it was actually not the least bit weaker than the blue-robed youth!

No one could have expected that a puny little Hu Gaoshan actually erupted with such terrifying strength!

Ye Yuan shouted madly in his heart: damn it, Old Man Heavenless, why haven't you made a move?

Sure enough, right at the same time when the two people erupted, Heavenless also erupted!

It was only to see him reach his hand out and beckon. Ye Yuan's figure instantly disappeared from where he originally was.

Boom!

A large hole was directly blasted out at the place where Ye Yuan was standing.

Hitting thin air, the two people's expressions were very ugly.

Ancestor Heavenless snorted coldly and said, "These 12 Heavenly Dao Paintings, it can land in whoever's hands, but it can't land in your hands! Moreover, you guys are very arrogant! Have you forgotten whose territory this place belongs to?"

Samsara snorted coldly and said, "Old Man Heavenless, in your half-dead state, what can you do to me?"

The blue-robed youth also smiled and said, "Heavenless, now isn't your era anymore! Go in peace, leave the 33 Heavens to this progenitor!"

When Heavenless heard that, he let out a wild laugh and said, "*Hahaha* ... You guys are also too naive! The two of you are merely clones; that's all! To also dare act wildly in front of this ancestor! Haven't you guys always been guessing what this ancestor's goal of opening up the Labyrinth Divine Palace is for? Now, I'll let you all witness the plan that this ancestor has been preparing for several hundred thousand years!"

Chapter 3070: Transforming into Chaos!

"Extreme Dao True Fire, arise!"

Boom!

Heavenless spread out both arms. Flames that covered the sky filled the entire Labyrinth Divine Palace!

Terrifying fire tongues danced wildly in the space.

"Ahh, ahhh!"

A group of people who were slightly weaker was directly swallowed up by the fire tongues, emitting shrill screams.

They did not die immediately but were burned by the true fire!

Meanwhile the people who were not engulfed, they avoided those flame tongues crazily.

Hegemon Samsara and the blue-robed youth were originally somewhat apprehensive. But, seeing these flames, they immediately revealed a hint of disdainful expression.

"Hur hur, I was wondering what trump card. It turned out that it's this? This fire is too weak!" Hegemon Samsara casually pushed a cluster of flames aside and said coolly.

The blue-robed youth smiled and said, "Ancestor Heavenless, you're old! Go in peace. This bit of cultivation base can't trap us!"

Not just them, Ancestor Endless and the rest, even those Supreme Hegemons, turned their noses up at this.

The power of this flame was too weak!

But Ye Yuan's expression changed drastically. He detected a trace of a different aura.

"What? This flame isn't powerful, right?" Cloudneon asked.

Ye Yuan said with a solemn expression, "This scene ... looks somewhat like refining pills!"

Cloudneon's brows shot up, and she said in surprise, "Refining pills? Using so many living people to refine pills?"

Ye Yuan said with a look of shock, "That's right! I think I understand what he's trying to do! This guy is really too crazy!"

"Hahaha ... You brat, you can really be described using wise and farsighted! I really can't hide anything from you! That's right, this seat opened up the Labyrinth Divine Palace and let the geniuses from all heavens come in, and even brought out the fake 12 Heavenly Dao Paintings of my lifetime comprehension to let all of you visualize and gain enlightenment, improving your strength, it's for the sake of refining a Chaos Heavenly Pill that no one has never refined! The stronger you all are, the greater the medicinal effect of this Chaos Heavenly Pill! This seat wants to corroborate my Dao with this pill and transcend the Great Beyond!" Ancestor Heavenless let out a loud laugh and said.

"What? He ... He wants to use us to refine pills? This ... This ..."

Kong Tan was not far away from Ancestor Heavenless. He could hear these words clearly.

It was seriously too shocking!

There was actually someone who would do something so crazy!

He thought that he had swept across his peers and obtained Ancestor Heavenless' recognition; he could look forward to the future.

But only until now did he know that he was a complete and utter idiot!

Ancestor Heavenless never looked him in the eye before!

In comparison, Ancestor Heavenless said that he wanted to take Ye Yuan in as a disciple previously. That was to give him a chance to survive!

The disparity between the two people was really like heaven and earth!

"Argh! I don't want to be refined in a heavenly pill! I want to charge out!"

"No way! I can't die here! I'm going to break this world and leave the Labyrinth Divine Palace!"

"Hurry up and go! Can't sit here and resign ourselves to our doom!"

... .

The powerhouses of all heavens fell into madness.

They desperately wanted to charge out.

Except, how could they charge out?

"Hahaha ... Escape? Where can you all escape? This seat turned into chaos and refined the Labyrinth Divine World into a huge pill refining furnace! All of you are merely inside the pill refining furnace! Or should I say, you all are inside this ancestor's body! Without this ancestor's agreement, which of you can go out?" Heavenless said with a loud laugh.

Ye Yuan also had a look of shock as he listened.

This Ancestor Heavenless was really a complete and utter madman!

He actually completely turned himself and this world into a part of chaos.

No wonder he could survive in the Eternal River!

Ye Yuan also understood why he said that he was alive and also dead.

Ancestor Heavenless could not leave the Eternal River at all.

But he made use of the Eternal River to open a passageway to all the heavens, and he then attracted countless geniuses and major powerhouses into the Labyrinth Divine Palace!

Disregarding other things, no one could stop the temptation of the 12 Heavenly Dao Paintings!

It looked like Ancestor Heavenless was really forced into a desperate situation back then. Otherwise, he would not have resorted to this plan too.

Corroborating his Dao with alchemy, how similar was this to him refining the Dao Defying Pill back then?

Turning the tables in a desperate situation!

Facing the sun and being born in adversity!

It was just that his method was seriously too cruel!

Of course, Ye Yuan also did not expect that Ancestor Heavenless was actually also such a terrifying chaos heavenly master.

"Extreme Dao True Fire, start again! Refine for me!"

Heavenless roared loudly. The power of the Extreme Dao True Fire directly rose significantly.

With this, those Hegemons could not hold out anymore too.

There were a few Hegemons who were slightly inattentive and were directly wrapped up by the true fire. They could not even escape.

Miserable cries lingered on incessantly.

The aura of despair was spreading!

"Kid, this ancestor will give you another chance. Do you want to become this ancestor's disciple? After this ancestor unifies the 33 Heavens and kills Samsara that old dog, you'll be the number one person under this ancestor! This kind of glory isn't what anyone has the chance to enjoy!" Heavenless said.

Clearly, he was moved by his love for geniuses.

However, Ye Yuan was unmoved and shook his head and said, "I'm sorry. I already have a teacher. I won't change lineages in this lifetime!"

Ancestor Heavenless said with a cold snort, "In these 33 Heavens, who is more qualified than this ancestor to be your master? With your cultivation base, even if it's ordinary Hegemon Realms, they can't teach you anything anymore, right?"

Ye Yuan said coolly, "My master is just a Peak Hegemon, but he's more qualified to be my master than you! You all, these supreme powerhouses, are all self-centered people. Why would you really have the intention to accept a disciple? If I didn't guess wrongly, you're probably very apprehensive of me, right? Taking me in as a disciple is merely to lock me by your side and to not give me a chance to surpass you! I wonder if I'm right?"

By the side, Cloudneon, Feng Qingxuan, and the rest all revealed looks of surprise.

This answer was really surprising to them.

Ancestor Heavenless laughed loudly and said, "Kid, you're also thinking too highly of yourself! Why would this ancestor fear you, a measly little Emperor Vast Heaven?"

Ye Yuan looked at him and said with a smile, "You transformed into chaos and refined the Labyrinth Divine World into a huge pill furnace! You're strong, very strong. You can even trap Hegemon Samsara and the Chaos Bloodstone's clones. But unfortunately, you know that you can't trap me! Because what I cultivate is also the Eternal River's chaos! If I didn't guess wrongly, my appearance should be something that you didn't expect. You also didn't expect that after several hundred thousand years, there's actually a brat who similarly cultivated the Eternal River's chaos!"

Ancestor Heavenless' complexion gradually turned dark.

This boy's intellect was close to monstrous!

Really, nothing could be hidden from him!

His thoughts were actually guessed not far off the mark by him!

Starting from when Ye Yuan appeared in the Labyrinth Divine Palace, he was shocked.

In this world, other than him, how could there be someone who cultivated the Eternal River's chaos as well?

Although the two of their Daos were very different, without a doubt, Ye Yuan's chaos divine essence was pure to the extreme!

He transformed into chaos. Actually, it was blazing another trail to integrate as one with the Eternal River.

Then he was using the Eternal River's power to go and kill someone who cultivated the Eternal River's chaos?

This was impossible!
