

Medicine God 3071

Chapter 3071: Checks and Balance!

Cloudneon, Feng Qingxuan, and the others who were by the side were all stunned!

The exalted Ancestor Heavenly Emperor, one of the strongest major powers in the 33 Heavens since ancient times, was actually fearful of a measly little Emperor Vast Heaven!

Such a thing was seriously too fantastical.

The development of things was really full of twists and turns.

It was just that no matter how it twisted, they also did not expect that Ye Yuan actually played such an important role in it.

“In that case, you’re going to be enemies with me?” Heavenless’ expression gradually turned cold.

No matter how monstrous Ye Yuan was, he was also merely an Emperor Vast Heaven.

He was apprehensive of Ye Yuan but did not really take Ye Yuan seriously.

Ye Yuan shook his head and said, “You want to see the light of day again. It has nothing to do with me. You want to transcend the Great Beyond, and it has nothing to do with me as well. However, these people that I brought, I’ll naturally be bringing them away too. In addition, my friends will be brought away too. Apart from these, do as you please.”

Ye Yuan was just doing what ought to be done, he bemoaned the state of the universe and pitied the fate of mankind, but he was not a goody-two-shoes.

He knew that bringing everyone away was not too realistic.

After all, his strength was limited.

But, to let him watch Yang Qing, Feng Qingxuan, Cloudneon, these close friends court their death with his own eyes, he could not do it.

This was true even if he was facing the three great overlords!

Heavenless sneered and said, “Ye Yuan, this ancestor is a little apprehensive of you, but aren’t you thinking too highly of yourself? It’s as easy as turning over my hand for this ancestor to kill you!”

Ye Yuan shook his head and said, “Don’t try that stuff with me, alright? If Hegemon Samsara and the Chaos Bloodstone didn’t come, it’s naturally easy for you to kill me. But now, the majority of your energy will have to be placed on them, right? Making a move against me will be equivalent to giving them an opportunity to exploit. Are you sure that ... you want to make a move against me?”

Heavenless was virtually about to collapse!

This brat was really hard to deal with!

Heavenless thought that he had schemed against all the heavens, but he did not expect to be cornered by a little bastard!

Boom!

A loud noise!

Suddenly, the void trembled.

Heavenless' expression changed, immediately disappearing.

The swaying Labyrinth Divine Palace stabilized very quickly.

Hegemon Samsara and the Chaos Bloodstone had joined forces!

They were bombarding the space, trying to breach this world!

Ordinary power was naturally unable to do it, but they could.

These two people both grasped people at the end of the world and were terrifyingly strong!

Although their true body did not come here, their strength similarly could not be underestimated.

The two people joining hands, their strength could be seen at a glance!

However, Heavenless was stronger!

In the Eternal River, the power of chaos flowed in an endless stream. Heavenless could draw out the power of the chaos endlessly to repair the Labyrinth Divine World!

It just depended on whether his speed of repair could match up to the speed of destruction!

"A bunch of fools, what are you still in a daze for? Everyone, attack one point with us! As long as we breach this world, everyone will have hope of escaping! Otherwise, you all can wait to die!" the Chaos Bloodstone said with exasperation.

Only then did everyone wake up from the dream.

These Hegemon Realms and even Great Beyond Reams naturally could not be refined as and when you liked. This required a drawn-out process.

Refining the Chaos Heavenly Pill was similarly a long process.

Clearly, they still had the strength left to destroy the Labyrinth Divine World!

"Quickly! Attack!"

"Fight it out! Old Man Heavenless, this seat will find trouble with you!"

"Blood Progenitor, we'll listen to you!"

... .

Powerhouses from all heavens gathered around the two overlords, preparing to attack the Labyrinth Divine World.

Ancestor Endless, Ancestor Burning Sky, Ancestor Profound Ice, as well as Hegemon Yun Shang, these Supreme Hegemons, all came over.

In order to survive, they put aside their animosity for the time being and joined hands to face the enemy.

To such powerhouses, breaking through a world was a common thing.

Except, this world was different. It was Ancestor Heavenless' incarnation!

The Chaos Bloodstone said in a solemn voice, "Okay, I'll count to three. Everyone will join forces to attack that point! This ancestor wants to see how strong this world is!"

"One!"

"Two!"

All the Hegemon Realms, as well as the numerous origin realms, Emperor Sakra Heaven powerhouses, brought out their killing moves one after another.

For a moment, the power of origin was torrential and grandiose above the void.

"Three!"

Counting to three, a myriad of arrows was released simultaneously!

A series of powers that was terrifying, until it made people feel suffocated, bombarded right onto a spatial node.

Boom!

The earth quaked and mountains swayed!

That spatial node was directly caved in. The deformation was visible to the naked eye!

Two great supremacies, three mighty Great Beyonds, as well as numerous Supreme Hegemons. This force was seriously too terrifying.

No matter how strong Ancestor Heavenless was, it was impossible to be completely unscathed too.

When everyone saw this scene, they were wildly ecstatic.

They saw hope!

But in the next second, everyone was petrified.

This was because that space that dented in was recovering again at a speed visible to the naked eye!

In merely a few breaths of time, everything returned to normal!

"H-How can this be? This recovery speed is also too fast!"

"The recovery ability is so strong. How can we possibly break through?"

"Ancestor Heavenless' strength is also too strong, right?"

"Ahhh! Ahhh!"

... .

Some people finally could not endure it and were swallowed by the fire tongues!

Everyone's faces revealed a look of despair.

The Chaos Bloodstone said in a solemn voice, "All pulling a long face for? Continue attacking! Old Man Heavenless can quickly repair space by relying on the Eternal River's chaos. But it's not unlimited either! His repair speed will get slower and slower. It will depend on who can't hold out first! Everyone, follow my orders and attack that nodal point just now again!"

Far away, Ye Yuan, Yang Qing, including Cloudneon's soul race and Feng Qingxuan's true spirit race, they all did not take part.

Compared to the Chaos Bloodstone, they trusted Ye Yuan more.

Grand Brightjade Complete Heaven's powerhouses also had quite a number of people that died.

There were only over 30 thousand people who were still following Ye Yuan now. The numbers were still dwindling continuously.

Seeing that the development of things was exactly the same as what Ye Yuan predicted. Their confidence in Ye Yuan was boosted!

As long as there was Heavenly Saint Ye around, there was nothing that could not be resolved.

Right now, the situation was already very clear.

Ancestor Heavenless already had no time to spare for other things in order to maintain the stability of the Labyrinth Divine World.

And Hegemon Samsara and the Chaos Bloodstone similarly would spare no efforts to attack in order to escape this world.

At this time, many Hegemon Realms were tainted by many flame tongues on their bodies.

This Extreme Dao True Fire did not look strong, but it was like bone-infesting maggots, corroding everyone.

And the power of flames that the two great supremacies were enduring was clearly the strongest!

The others were merely small fries.

"Ye Yuan, what should we do? Do we lend them a helping hand? Or operate on our own?" Feng Qingxuan asked.

Ye Yuan shook his head and said, "Those people are being made use of. Attacking the Labyrinth Divine World will consume power rapidly. The two supremacies' attacks look fierce, but I feel that it shouldn't be their true strength! They are accumulating power, preparing for the final blow! Furthermore, even if these people break through the Labyrinth Divine World, with their consumption, it's impossible to escape the Eternal River too! I estimate that the two great supremacies should have the strength to

escape. In fact, maybe their true bodies are already waiting to receive them outside of the Eternal River!”

Everyone was filled with fear!

These two great supremacies really had wicked thoughts!

“Then what should we do?” Feng Qingxuan said anxiously.

“Find the Universe scroll! As long as I comprehend spatial origin, I’ll be able to bring all of you out!” Ye Yuan said with a firm gaze.

Chapter 3072: It’s Also Too Supernatural!

Ye Yuan took out the lambskin skin scroll and let everyone look it over.

Everyone exchanged glances, disbelieving expressions on their faces.

“This is the real 12 Heavenly Dao Painting? It doesn’t look like it at all!”

“This thing is also too ordinary, right? If it was given to me, I might directly throw it away.”

“What’s laughable is that Kong Tan thought he obtained the 12 Heavenly Dao Paintings. But it turns out that they were actually counterfeits!”

... .

This lambskin scroll was seriously too ordinary.

Even if he saw it with his own eyes, they were also not very convinced that this was the legendary 12 Heavenly Dao Paintings.

The appearance was really not nice.

If Ancestor Heavenless had not personally admitted it, they would definitely think that Ye Yuan was joking.

Hence, everyone started searching for the Universe scroll.

Ye Yuan’s spatial rule was already not far from origin realm.

Actually, with his current strength, leaving on his own was not difficult.

Ancestor Heavenless transformed into chaos, which was also to say that the Labyrinth Divine World was one with the Eternal River’s chaos.

Ye Yuan only needed to activate chaos divine essence to simulate the state of incarnating into chaos and execute spatial divine ability, and he would be able to fuse into one with the Labyrinth Divine World.

Then, break free from the Labyrinth Divine World.

But, with his current spatial divine ability, he could not bring everyone away.

Ye Yuan also did not dare to slack off in searching for the Universe scroll.

Along with the passing of time, the power of the Extreme Dao True Fire grew stronger and stronger.

Even if it was boiling frogs on low heat, it was also not what the average person could withstand.

More and more people were being refined.

Above the void, rumbling sounds lingered on incessantly.

The fierce battles between Ancestor Heavenless and the powerhouses from all heavens were still at a stalemate.

A portion of the Hegemon Realms was getting weaker and weaker.

Under the Extreme Dao True Fire's refinement, their strength was already somewhat falling short of their wishes.

Hegemon Samsara and the Chaos Bloodstone had also sustained considerable injuries at this time.

In this world, the vast majority of the Extreme Dao True Fire was released at them.

The two people already had multiple areas on their body that were burned.

But the attacks were still continuing!

Although that spatial node was still being repaired, it was no longer as fast as before.

This also gave everyone hope!

Originally, it would be able to recover in a few breaths.

But now, it already needed a hundred breaths of time.

Furthermore, it was still continuing to weaken.

For the sake of this glimmer of hope, those Hegemon Realms also spared no effort.

After all, everyone was doing it in order to live and not be refined into a heavenly pill!

Such a conclusion was a little too tragic.

In a side hall, Ye Yuan was sizing up and down, currently looking for the Heavenly Dao Painting.

Suddenly, a figure appeared.

It was precisely Ancestor Heavenless!

"Ye Yuan, give up! You can't find the Universe scroll! Although you've obtained four out of the 12 Heavenly Dao Paintings, even if you can find one more, how would you know that it will be the Universe scroll?" Ancestor Heavenless stood with his hands behind his back as he said calmly.

This phantom of his was very illusory. Clearly, it was not powerful.

It could be seen that he also did not have much energy to deal with Ye Yuan currently.

Ye Yuan did not look at him and said coolly, "You came to find me. Does it mean that I'm very close to the Universe scroll?"

Ancestor Heavenless was shocked in his heart, but there were no ripples on his face.

This sly old fox naturally would not reveal any flaws.

However, it did not matter to Ye Yuan anymore.

He believed in his own destiny!

"*Hur hur*, whatever you think! This ancestor just came here to tell you that those guys are not far from being refined anymore! Once they are refined, it will be time for you to die! You still have time to leave now by yourself!" Heavenless said with a faint smile.

"You can see through my cultivation. You can see through my chaos divine essence. But regarding some things, you won't be able to see through. Such as my destiny!" Ye Yuan said with a smile.

He did not shun away from anything.

Destiny was vague and insubstantial.

If it was a Dao, no one had ever corroborated their Dao with this before!

Other Great Daos had their cultivation methods.

Only destiny, this path, was elusive.

And the Extreme Medicine Sect's blessing power was willingly formed by countless predecessors. That was how it formed such magical power.

The Extreme Medicine Sect once had someone who studied this thing before but was similarly gainless.

But Ye Yuan was an anomaly.

All the predecessors acknowledged Ye Yuan!

Heavenless naturally did not believe it. He laughed loudly and said, "Kid, you wouldn't be telling this ancestor that the Heavenly Dao Paintings previously were all found due to good luck, right? This ancestor is similarly someone who holds a great destiny. But, to talk about being able to find a Heavenly Dao Painting by randomly trying your luck, that's also too nonsensical!"

Ye Yuan smiled and said, "I know that you don't believe it, but actually, when I came here, I already gave up on looking for any treasure. I was just strolling around idly. Then I found the Heaven scroll."

Heavenless was shocked in his heart again!

A level of existence like him, how could he be easy to hoodwink?

Heavenless felt that Ye Yuan was not lying.

While talking, Ye Yuan already left this great hall.

Heavenless did not give up. He continued to follow Ye Yuan.

Ye Yuan guessed correctly. This place was already very close to the Universe scroll.

After the great hall, there were rows of houses. Those were the residences of some low-level disciples.

Ye Yuan came to this area and walked leisurely. It was as if he was sightseeing.

Heavenless' heart also tensed up.

Could it be that this guy was really so supernatural?

Somebody's destiny was actually even stronger than Your Father's?

This ancestor doesn't believe it!

Don't go to C3! Don't go to C3! Don't go to C3! Heavenless shouted in his heart.

He naturally knew where the Universe scroll was placed.

He also did not deliberately hide it. He just casually threw it to some inconspicuous place.

The Universe scroll was in this house's room C3.

But freaking hell, the direction that Ye Yuan was walking was getting closer and closer to room C3!

Ancestor Heavenly Dao already did not have the energy to transfer these Heavenly Dao Paintings now.

Refining so many powerhouses, even with his ability, it was absolutely not a walk in the park too.

Suddenly, Ye Yuan's mind became more agile as luck hit, turning into room C3.

Ancestor Heavenless felt that his heart was about to explode!

There were at least several hundred houses here. Why did this guy pick this one?

I ... I'm depressed!

This boy was simply supernatural!

"Speaking of which, it's a coincidence too. This Universe scroll is placed extremely secretly. This ancestor doesn't believe that he can find that secret compartment!"

Even if his heart was already surging like a torrential tide, he did not express it in the slightest.

He just pretended to be nonchalant and followed behind Ye Yuan and entered room C3 too.

Everything was so natural.

Did Ye Yuan know that the Universe scroll was here?

Of course he did not know!

He was really walking randomly, and then he suddenly turned in here.

Sometimes, luck was this magical.

You sought desperately but could not obtain it.

But joy would fall from the sky unwittingly.

Ye Yuan walked two rounds in room C3 and discovered a study room. He then walked in.

“Ancestor, do you think the Universe scroll will be here?” Ye Yuan said with a smile.

Ancestor Heavenless was shocked in his heart, but his face was very calm as he said, “The Labyrinth Divine Palace’s low-level disciples, their houses number in the tens of thousands, yet you picked this one. If you can really find it, wouldn’t this ancestor become a joke? Or are you trying to bait it out of this ancestor?”

Ye Yuan shook his head and said, “You’re overthinking it. I was just bored and wanted to chat with you. I know that an old monster like you, even if I really find it, you all won’t show anything too.”

While talking, Ye Yuan arrived next to the bookshelf and casually picked up a book and started flipping it.

Ancestor Heavenless’ heart thumped again!

This was also too freaking supernatural!

Chapter 3073: Unparalleled Under the Heavens!!

This was naturally not the Universe scroll, but it was too close to the secret compartment’s mechanism!

Ye Yuan took a few looks. These were some essays and poems.

Feeling bored, he put it back where it was.

A large rock landed on the ground in Heavenless’ heart! What a close shave!

Immediately, he sneered incessantly. “*Heh*, what wielder of great destiny, you even bluffed this ancestor! In the end, didn’t you still brush past it? This boy, when he’s on his deathbed and this ancestor tells him that here is where the Universe scroll was placed, would the expression on his face be very fascinating?”

Heavenless could not help somewhat looking forward to him. In fact, he was really scared half to death just now.

However, he also knew that at this time, he absolutely could not give anything away.

This boy was too sharp. Once he revealed any hints, he would definitely see through something.

From start to end, his face was placid without any ripples.

Right at this time, a cluster of Extreme Dao True Fire rose up, pouncing straight for Ye Yuan.

Ye Yuan casually waved his hand. A burst of chaos divine essence was fired out, directly dispersing it.

Coincidentally, this attack’s aftershock was not exhausted, and it actually directly slammed onto the mechanism.

Click!

The secret compartment opened, revealing the lambskin scroll inside.

Ancestor Heavenless who was still gloating just now was staring dumbfoundedly.

S-So coincidental?

This cluster of Extreme Dao True Fire was really divine!

The position, the angle, they were just right.

As if it was opening the mechanism for Ye Yuan!

His Extreme Dao True Fire followed like a shadow, but Ye Yuan was too powerful.

With the power of the Extreme Dao True Fire presently, it was unable to harm him at all.

The Extreme Dao True Fire previously, Heavenless saw it too, Ye Yuan could crush it with a wave of his hand.

Chaos divine essence was no joke, unless he could divert his energy to specifically target Ye Yuan.

Otherwise, he completely could not do anything to him at the moment.

But coincidentally, this cluster of Extreme Dao True Fire was really too timely!

A myriad of profanities galloped across in Ancestor Heavenless' heart.

Ye Yuan also looked at the secret compartment rather surprisedly and suddenly smiled. "Senior Heavenless, I didn't expect that it's really so coincidental. This lambskin scroll wouldn't be the Universe volume, right?"

Actually, he already knew the answer. Ancestor Heavenless' expression already landed in his eyes.

His dumbfoundedness clearly showed that this was the Universe volume!

Uh ... the Extreme Medicine Sect's ancestors, you all are really too awesome!

Destiny was indeed foreordained by the unseen!

Ye Yuan casually picked up the lambskin scroll. Upon looking, what could it be if not the Universe scroll?

"Hur hur, I said it before; my luck has always been pretty good. However, without Senior Heavenless' Extreme Dao True Fire, I'd really have walked past the Universe scroll! Many thanks!" Ye Yuan said with a smile.

Ancestor Heavenless' heart was already filled with shock and depression.

He did not expect that it was actually this damn Extreme Dao True Fire that helped Ye Yuan find the Universe scroll!

A holder of great destiny!

Was this the holder of great destiny?

This brat's luck was a little too good, right?

It was not that he did not believe in destiny. It was just that he never thought that someone could use this kind of unusual method to find the Heavenly Dao Painting!

“Kid, consider yourself ruthless! Hope that you can comprehend spatial origin before this ancestor exterminates them!”

Ancestor Heavenless’ figure directly dissipated without leaving even a word behind.

No more face!

In addition, he also had to speed up refining those powerhouses!

At this time, his apprehension towards Ye Yuan was no less than that of Hegemon Samsara and Chaos Bloodstone.

Obtaining the Universe scroll, Ye Yuan did not get too entangled either, injecting chaos divine essence and directly started gaining enlightenment on Dao!

He also knew that it was not the time to be pleased with himself at present.

How this farce would end, no one knew either.

But Ye Yuan did not want to see Ancestor Heavenless return to the 33 Heavens.

This might not be a good thing for the 33 Heavens.

However, making use of Ancestor Hegemon to inflict heavy wounds on Hegemon Samsara and Chaos Bloodstone was a pretty good choice.

It seemed like he could set the snipe and clam at each other and take advantage of them both.

The present situation was rather delicate.

If Hegemon Samsara and the Chaos Samsara Pill were refined, and Ancestor Hegemon really refined them into the strongest Chaos Heavenly Pill in history, he might really be able to transcend the Great Beyond!

With Ancestor Heavenless’ temperament, the consequences were seriously hard to predict!

But, if Hegemon Samsara and the Chaos Bloodstone’s clones were seriously wounded and Ancestor Hegemon was not able to refine them.

This way, the three great supremacies would all be hurt!

These two great clones were very important existences to Hegemon Samsara and the Chaos Bloodstone.

Once heavily injured, the main body would definitely be greatly implicated.

However, this angle had to be grasped well!

Thinking up to here, Ye Yuan already had a plan in his heart!

Of course, the prerequisite for all these was comprehending spatial origin first!

Hegemon Samsara and the Chaos Bloodstone’s clones were almost despairing.

At this time, including them, they no longer had the strength left to attack the Labyrinth Divine World anymore.

They were very strong, but they were just clones in the end.

The entire Labyrinth Divine World was Ancestor Heavenless' main body!

This was no joke.

"Damn it! I didn't expect that I was actually schemed against by this sly old fox! Losing this clone, this progenitor's strength will reduce by at least 30%! Once Old Man Heavenless really succeeds in refining the pill and re-condenses a physical body, transcending the Great Beyond, then the consequences will be too severe!"

Hegemon Samsara was bitterly remorseful in his heart. The temptation of the 12 Heavenly Dao Paintings was too strong!

It was just that he did not expect that not only did Ancestor Heavenless not die, but furthermore, he transformed into chaos and refined himself together with the Labyrinth Divine World.

Such means were too fantastical.

He was originally very confident. With this clone's strength, obtaining the 12 Heavenly Dao paintings would be effortless.

Who knew that he still walked into a trap!

Everyone knew that Old Man Heavenless did not have good intentions.

But no one expected that Old Man Heavenless' boldness was actually so great.

He schemed against all the 33 Heavens' top powerhouses!

There was also the Chaos Bloodstone who had the same idea as him.

The blue-robed youth said with regret, "*Heh*, this progenitor thought that I schemed against all the heavens. Didn't expect that in the end, I'm still less skilled than Old Man Heavenless! Old Man Samsara, I didn't expect that this progenitor would fail to exchange blows with you. I was actually defeated under Old Man Heavenless' hands in the end!"

Hegemon Samsara sighed and said, "In the end, this progenitor still underestimated him! Looks like of the three of us, it's still him who won in the end! Yours and my clone being refined into a heavenly pill, it will be equivalent to losing 30%-40% of our strength. It will simply be impossible to be his match anymore!"

The blue-robed youth suddenly remembered someone and said, "Where's Ye Yuan that boy? Is he dead?"

Samsara smiled lightly and said, "You seem to have quite a deep resentment toward that boy!"

The blue-robed youth snorted coldly and said, "That's because you didn't become his opponent. Otherwise, your resentment will be very deep too! Back then, he made this progenitor suffer a huge loss

at True Sovereign Heaven Realm! This isn't what the average person can accomplish! If he didn't die yet, maybe ... this situation can still have a sudden turn of events!"

Samsara shook his head and said with a bitter smile, "You're thinking too much! This progenitor admits that that boy is very impressive! But Old Man Heavenless isn't a worthless wretch like you! Being able to scheme against the two of us at the same time, his intelligence is truly unparalleled under the heavens! Resign yourself to fate!"

Chapter 3074: Ruined My Great Plan!

"I ... I almost can't hold on anymore. Cloudneon, do you think Ye Yuan ... can find the Universe volume?" Feng Qingxuan's breathing was barely perceptible as she said to the Cloudneon next to her.

Cloudneon's situation was not much better than hers too.

Her soul body was faint. Even if she had myriad origins, she could not withstand being refined by the blazing fire too.

There were several Supreme Hegemons who were already refined.

Cloudneon had formidable strength by relying on the Cloud Dream Soul Physique and forcefully held on until now.

Among the over 50 thousand people that Ye Yuan brought, there was only one-third left now.

Yang Qing's strength far surpassed his peers. But at this time, he already could not hold out as well.

"It's too hard! Putting aside that there are tens of thousands of residences here, even if he can really find a Heavenly Dao Painting, it might not be the Universe volume too! This possibility is negligible!" Cloudneon said weakly.

"Ye Yuan will definitely find it!" Although Yang Qing was weak, these words had a decisiveness that could chop iron.

Cloudneon shook her head and did not argue.

Her personality was cold, and she did not like to argue with people.

If there were really any altercations, she would just kill them.

Yang Qing saw that she did not believe him. He said, "You all don't know this but Ye Yuan has the Extreme Medicine Sect's power of blessing on him, his luck is heaven-defyingly good! Otherwise, how do you all think he found so many Heavenly Dao Paintings?"

The look in Cloudneon's eyes gradually became somewhat lax.

The Extreme Dao True Fire on her body also gradually grew more vigorous.

She could not hold on much longer!

Hegemon Realm powerhouses were the targets that were prioritized.

Instead, it was those under Hegemon Realm that had higher hopes of survival.

With Cloudneon being a Supreme Hegemon, Ancestor Heavenless naturally would not let her off too.

"I ... I can't anymore! Ye Yuan, where are you? I ... I really want to see you one last time!" Feng Qingxuan's consciousness became a little blurry.

The current Ancestor Heavenless was very pleased with himself!

The several hundreds of thousands of years' worth of plan, it was finally going to be realized!

"*Hahaha* ... Samsara, Blood Progenitor, you guys never dreamed that it's this ancestor who had the last laugh, right? This heavenly pill, this ancestor will name it Great Beyond Flower Blooming! From now on, above in the heavens and beneath the earth, I alone reign supreme! I'm called Heavenless. I am heaven!" Ancestor Heavenless said excitedly.

How aggrieving was the defeat back then?

Now, he staged a comeback and finally had the last laugh.

Trampling all the heavens and myriad worlds under his foot, how glorious was this.

"Also, Ye Yuan punk won't be able to make it in time anymore! In another two hours, this ancestor will be able to refine everyone! So what if he's lucky? You ultimately can't escape death!" Ancestor Heavenless' voice spread throughout the entire Labyrinth Divine World.

Right at this time, a surge of origin power suddenly descended!

Spatial origin!

Ancestor Heavenless' smugness abruptly stopped!

"This ... How is this possible? It had just been three months, and he actually comprehended spatial origin?" Ancestor Heavenless was shocked.

Spatial origin was one of few great origins that was the hardest to comprehend out of the myriad origins and rules.

In terms of difficulty, it was no less difficult than samsara origin and the origin of blood.

How could this kind of heaven-defyingly complex origin power be easy to comprehend?

The Dao of space, very few people dared to dabble in it.

Because origin, this hurdle, one might get stuck for tens of thousands of years!

Once you were unable to break through to Hegemon Realm, then you would be forcibly ground to death by Dao tribulation.

Only Progenitor Mi Tian, this kind of natural-born Hegemon, dared to spend countless years to go and gain enlightenment on spatial origin and attain Great Dao.

Ancestor Heavenless touched his own heart and felt that he was amazingly talented, but he also did not dare say that he could comprehend spatial origin within three months!

Even if there was the Universe volume, it would be impossible too!

Yet, Ye Yuan accomplished it!

How could this kid be so monstrous?

At the same time, Ye Yuan's imposing aura was currently rising crazily.

Ancestor Heavenless' expression changed drastically because he discovered that Ye Yuan was currently absorbing the Labyrinth Divine World's power to increase his cultivation realm!

Was this boy crazy?

He incarnated into chaos. The Labyrinth Divine World was his physical body.

Now, with Ye Yuan absorbing the Labyrinth Divine World's power, it was equivalent to drawing out his power!

"Damn it! Boy, you're courting death! Hurry up and stop! Otherwise, this ancestor will exterminate you first!" Ancestor Heavenless' furious voice reverberated throughout the entire Labyrinth Divine World.

Ye Yuan naturally would not stop. Ever since he entered the Labyrinth Divine Palace, he comprehended two great origins consecutively, and he also comprehended the Universe scroll.

Actually, he could have broken through long ago.

But before this, he chose not to break through in order to not alarm the enemy.

At this time, when he comprehended spatial origin, his cultivation realm seemed like the floodgates opening, rising in a surging tide.

Ancestor Heavenless was utterly horrified because Ye Yuan's speed of extracting the power of chaos was seriously too fast and too much!

His power was being diminished rapidly.

He actually discovered that him absorbing the Eternal River's power was not as fast as Ye Yuan absorbing it!

Originally, Hegemon Samsara and the Chaos Bloodstone, who were already on death's door, were startled awake again by this sudden turn of events.

Their eyes became brighter and brighter.

An unforeseen accident really occurred!

It was Ye Yuan!

In an instant, they even felt that the power of the Extreme Dao True Fire had also weakened by a lot.

"Damn punk, you ruined my great plan! This ancestor will kill you! Die for this ancestor!"

Heavenless was furious. The Extreme Dao True Fire around Ye Yuan instantly engulfed him.

"Ye Yuan!" Cloudneon and the rest were originally pleasantly surprised. But at this time, they turned pale with fright.

They knew how great the power of this Extreme Dao True Fire was.

Once Ancestor Heavenless deliberately targeted Ye Yuan, then Ye Yuan would die beyond a doubt.

Hegemon Samsara and Chaos Bloodstone exchanged a glance. The other party instantly understood tacitly!

At this time, they felt that the Extreme Dao True Fire that suppressed them was clearly weakened by a great deal.

Heavenless' power had quite a bit that was drawn out to begin with. Now, he was also deliberately targeting Ye Yuan. He naturally did not have that much energy to place on Samsara two people.

An opportunity like this, how could sly foxes like them possibly let it go?

At virtually the same time, the two people erupted again!

"Old Man Heavenless, watch this!"

A shocking power suddenly erupted.

Although they were being refined to the point of death, they had always retained the power of a single blow.

Being able to be named three great supremacies with Ancestor Heavenless, the two of their strength could be imagined.

Boom!

The Labyrinth Divine Palace shook violently!

The spatial node that they bombarded actually had a large hole that was blasted out.

The Eternal River's power of chaos flooded in crazily.

"Hahaha ... Old Man Heavenless, you were pleased with yourself too early! You never dreamed that you'd fall at the hands of a measly little Emperor Vast Heaven, right? Old thing, this progenitor is leaving!" The Chaos Bloodstone gave a loud laugh, turned into a streak of bloody light, and tunneled right into the chaos.

Hegemon Samsara smiled and said, "Old Man Heavenless, although this progenitor is seriously injured, who will emerge victorious is not yet known! Ye Yuan, this boy, he really gives people a pleasant surprise!"

Finished saying, he also turned into a wisp of green smoke and tunneled out.

Ancestor Endless three people, as well as many Supreme Hegemons, were all not refined yet.

Seeing a large hole being blown out in the Labyrinth Divine World, Ancestor Endless three people's eyes flickered, directly tearing across the air.

However, those Supreme Hegemons were not so lucky.

Although the vast majority of the people among them had not been refined yet, they no longer had the strength left to escape anymore.

Only several powerful individuals followed Ancestor Endless three people and escaped.

Chapter 3075: Eternal River Breakthrough!

“Y-Ye Yuan he ...”

Feng Qingxuan choked and could not continue.

The place that Ye Yuan was standing at had already turned into an endless sea of fire.

Further, under Ancestor Heavenless’ violent rage, Ye Yuan had no possibility of surviving at all.

Cloudneon sighed slightly and said, “If he went, then he went. Before long, we’ll be following him too.”

Hegemon Samsara they all ran, but these Supreme Hegemons had not run away yet.

It was naturally impossible for Ancestor Heavenless to let them off.

Feng Qingxuan’s expression turned dim. Her eyes actually had an additional hint of liberation.

“Ye Yuan punk, you ruined my great plan. This ancestor wants you to die without a burial ground! Damn it! Damn it! Damn it!” Above the void came Ancestor Heavenless’ furious voice.

He had plotted for several hundred thousand years and threw out the Labyrinth Divine Palace, this enormous bait. It was for the sake of luring Progenitor Samsara over.

In fact, the Chaos Bloodstone was in his scheme too.

This time, if he rounded up all the heavens’ powerhouses in one fell swoop, he would recover his peak strength. Even improving a step further was possible.

However, such a perfect plan was ruined at Ye Yuan’s hands.

How could he not be furious?

Without Samsara and Chaos Bloodstone, these two great supremacies, his Great Beyond Flower Blooming pill could only be considered a defective product.

No matter how many Supreme Hegemons there were, it could not make up for the loss of Great Beyond powerhouses too!

But very soon, Ancestor Heavenless realized that something was wrong.

“This is impossible! That kid is already dead. But why is my power still flowing away?” Ancestor Heavenless became alarmed and furious.

Under this kind of blazing fire, Ye Yuan had long already died thoroughly.

But his power of chaos was still fading away rapidly.

Suddenly, he thought of a possibility, and he was struck dumb with amazement!

“This ... This is impossible! Could it be that that punk already tore through the boundary? He’s absorbing my power in the Eternal River?”

... .

On the Eternal River’s shore, in a different place, a figure was standing with his hands behind his back.

This person was wearing a silk headdress on his head and had a handsome face like carved jade, looking suave and free, like a very ordinary scholar.

It was only to see him open both arms up. One invisible force after another gathered in one place from all directions.

His power could also be seen rising at a speed visible to the naked eye.

No idea how long had passed either. His power could not rise anymore.

This was the Eternal River’s main stream. The surging power of chaos virtually crushed people until they exploded!

Only by reaching his level of boundary, with strength infinitely close to transcending the Great Beyond, could one stay in the Eternal River for a short duration.

He looked at the boundless Eternal River and said under his breath, “I didn’t expect that Old Man Heavenless actually concealed such a plan! This time, I really suffered a double loss! Fortunately, the Chaos Bloodstone also suffered serious injuries this time! From today onwards, the 33 Heavens will likely be reshuffling!”

This handsome scholar was the incomparably mysterious Hegemon Samsara!

In order to save this Great Beyond clone, he summoned his clones from all heavens and reunited the soul bodies.

It was only the current him. Was that Hegemon Samsara who made people tremble with fear!

Except, his expression was very ugly.

He already knew about the events that happened in the Labyrinth Divine World.

His moment of greed actually made him fall for the trick.

However, he never dreamed that Ancestor Heavenless could actually survive for hundreds of thousands of years in the Eternal River!

If not for this, how could he easily risk his life?

Suddenly, Samsara’s mind stirred, his figure entering the Eternal River.

Around him, the power of chaos surged frenziedly. He actually forcibly split apart the incomparably powerful Eternal River’s water!

The might of Hegemon Samsara was unbelievably formidable!

His speed was extremely fast, like a great whale cleaving the waves and advancing, without equal!

In a blink of an eye, he arrived at a place.

It was precisely where the Labyrinth Divine World was at!

Right at this time, a streak of bloody light cut through the waves and came from another direction. Who could it be if not the Chaos Bloodstone?

But, what came over was actually a blood-red colored stone!

This stone gave people an extremely evil feeling. It was as if it could corrode the myriad worlds.

This was the Chaos Bloodstone's main body!

No one knew where it was. But at this time, he came for this clone!

Hegemon Samsara looked at the Chaos Bloodstone and said, "I didn't expect that the first time we would meet would actually be here!"

The Chaos Bloodstone said, "This progenitor also didn't expect it! Having obtained this chance, Ancestor Heavenless is probably going to stage a comeback, right?"

Samsara stood with his hands behind his back and said with a slight nod, "His ambitions are huge. He definitely won't let this opportunity go! It's just that he never would have dreamed that Ye Yuan, this monster, actually appeared and ruined his grand plan! You and I broke out. His wishful thinking is considered to have fallen flat!"

The Chaos Bloodstone laughed loudly and said, "*Hahaha* ... This time, you all know this progenitor's gloom, right? This boy has ruined my plans time and again starting from True Sovereign Heaven! it's just that I never expected that he actually saved this progenitor this time!"

Samsara snorted coldly and said, "Do you think that he'll be so kindhearted? This boy is shrewd as hell! I suspect that he deliberately dragged it out until the last second before choosing to break through! This time, the three of us are all weakened and defeated. We probably won't have the strength to take action within a short time! This boy is so cunning!"

Hegemon Samsara cultivated his heart across myriad worlds. How astute was he?

With Ye Yuan creating an opportunity, letting them break free, he saw through what Ye Yuan was thinking with one glance.

It was just that this was an open scheme. Even if he knew about it, he was helpless too.

Great Beyond clone being seriously wounded, he needed to go into closed-seclusion for a period of time.

The Chaos Bloodstone smiled and said, "But this time, he's dead for sure too! Old Man Heavenless will definitely vent all of his anger on him! There's no hope for him!"

Hegemon Samsara nodded slightly, clearly quite in agreement too.

Suddenly, his mind stirred. A figure cut through the air. It was precisely his Great Beyond clone!

The power of Samsara surged, directly splitting apart the Eternal River's massive waves, welcoming back his clone and integrating it into his body.

On the other side, the Chaos Bloodstone did the same.

Done with these, he turned around and left.

But right at this time, his entire body trembled.

In the Eternal River, an astonishing aura surged to the sky.

The Door of Eternal Life stood proudly in the void!

Only to see a figure rush up to the sky and smash toward the Door of Eternal Life with a punch.

Hegemon Samsara and Chaos Bloodstone's pupils constricted, looks of astonishment on their faces.

"That's ... Ye Yuan?" Hegemon Samsara said in shock.

"Not only did he not die, but he also even ... even pry open the second seal?" Chaos Bloodstone seemed to be trembling.

"This boy can actually be like fish in water inside the Eternal River!" Hegemon Samsara sighed again.

"I even thought that Ancestor Heavenless burned him to death! I didn't expect that he had actually already escaped into the Eternal River! Old Man Heavenless can only show off his power in the Labyrinth Divine World now. How can he do anything to him?" The Chaos Bloodstone said in shock again.

Boom!

With a loud bang, the second seal opened in response to the noise!

The astonishment on Hegemon Samsara's face turned into a bitter smile, and he said, "I didn't expect that in this drama that schemed against all the heavens, the one who had the last laugh is actually this boy! Looks like we got to think of a way to eliminate this boy!"

Hegemon Samsara felt a grave threat!

This kind of threat was even stronger than Chaos Bloodstone and Heavenless!

With his cultivation, he would not be so at ease in the Eternal River too!

Chapter 3076: Tearing Through the Boundary!

"Refine for me!"

Heavenless roared angrily. The Extreme Dao True Fire on Cloudneon and the others suddenly became stronger.

Everyone let out a muffled groan without prior agreement, their auras dropping considerably all at once.

It looked like they were not going to make it.

Yang Qing could not stand it a long time ago. If not for Cloudneon splitting off a portion of soul force to help him resist the Extreme Dao True Fire, he would have long died.

Seeing everyone falter, Heavenless laughed loudly. “Hahaha! Ye Yuan brat, this ancestor can’t do anything to you. But did you think I am helpless against your friends? This ancestor wants you to regret what you’ve done!”

Incarnating into chaos, Ancestor Heavenless had given up too much.

Outside of this world, he lost the ability to take the initiative to launch attacks.

Hence, he could not do anything to Ye Yuan at all. He could only vent his fury on Ye Yuan and the rest.

Yang Qing’s entire body was being burned by the blazing fire, and no longer looked human.

His entire body was chapped. It was as if a layer of skin was going to shed.

He gritted his teeth and said with a cold smile, “*Heh*, this old man is really a coward. Just you wait. After this seat achieves Great Beyond Realm, I’ll definitely thrash you until not even your mother can recognize you!”

Feng Qingxuan was at her last breath as she said, “Already someone who’s about to die. What are you still posturing for? But, knowing that Ye Yuan didn’t die, I can also close my eyes in death.”

Her eyes carried endless reluctance to part.

But the vitality of life on her body gradually started dissipating.

Right at this time, a thick divine essence wrapped her entire body up.

A surge of spatial power separated the Extreme Dao True Fire and forcibly pulled Feng Qingxuan out.

A chill struck. Feng Qingxuan’s entire person immediately felt much more awake.

It was a sea of chaos before her eyes.

A figure was standing not far away. With chaos divine essence flooding out of his body, who could it be if not Ye Yuan?

There was also Cloudneon, Yang Qing, and the rest who were rescued along with her.

Grand Brightjade Complete Heaven’s several thousand powerhouses were also brought out by Ye Yuan.

These several thousand people actually withstood the test of the blazing fire and survived.

In fact, Ye Yuan even brought Kong Tan, Yu Ran, and the rest of the younger generation Hegemon Realm powerhouses out.

Feng Qingxuan was wildly ecstatic!

“I ... I actually didn’t die?”

Ye Yuan smiled and said, “I promised you all to save everyone. I naturally won’t go back on my words.”

Yang Qing looked at Ye Yuan and said with a dazed look, “You ... are already Emperor Sakra Heaven?”

Clearly, the key point that he was focusing on was different.

Ye Yuan breaking through to Emperor Sakra Heaven meant that he could wreck Yang Qing without employing the Dao sword.

Unbearable!

Why was it that in a blink of an eye, this guy was going to catch up to him again?"

Ye Yuan smiled and said, "Even Kong Tan could cross a major realm. I wouldn't be worse than him, right?"

"Pffft!"

Kong Tan spewed out a mouthful of old blood and nearly fainted in anger.

He really almost fainted.

Each and every one of them was incomparably weak right now. They were just hanging on with one final breath.

"Yeah! Big Brother Ye Yuan is really a peerless talent. He's very different from us mortals. Previously, I had some misunderstanding with Big Brother Ye Yuan. It was all this younger sister's fault. The life-saving grace this time, Yu Ran will bear it in mind."

Yu Ran also turned pale at this time, but her attitude was already very different.

She did not expect that Ye Yuan would actually save her.

After all, it was not pleasant previously.

No matter what objective Ye Yuan had, he saved her life after all.

When Ye Yuan heard that, he just nodded his head slightly and did not express much.

He naturally saved Kong Tan and the rest for a purpose.

After going out this time, Grand Brightjade Complete Heaven would definitely come under attack on all sides.

The blood race, soul race, and also the various races in all the heavens, they would not be friendly to Grand Brightjade Complete Heaven, especially since his own existence was a huge latent danger.

The Chaos Bloodstone, Hegemon Samsara, Ancestor Heavenless, these three supremacies all viewed him as a thorn in the side.

Therefore, allies were very important.

In the Labyrinth Divine Palace, it was mostly geniuses having disputes caused by personal feelings and not irreconcilable enmity.

Saving these people, even if they did not bear the kindness in mind, they would at least be embarrassed to kick them while they were down.

Only Kong Tan's face turned bright red.

During the Labyrinth Divine Palace trip this time, although he broke through the fetters in one stroke and broke through to Hegemon Realm, his face was utterly lost.

Originally thought that he was the child of destiny, the ruler of all the heavens in the future.

Who knew that he actually became a jumping clown in the end!

Being poked fun at by Ye Yuan, he did not even dare to let out a fart.

If it were before, he would definitely rebut Ye Yuan.

But, feeling that incomparably thick chaos divine essence around, he kept his mouth shut sensibly.

This chaos divine essence was too strong!

A genius like him, the fiendish skill that he cultivated was incomparably pure. His fiend essence was also incomparably thick.

But compared to Ye Yuan's chaos divine essence, it was like glass meeting diamond.

Too fragile!

This chaos divine essence did not have the slightest discordance when it met with the Eternal River's chaos.

It was also precisely because of this chaos divine essence that they could survive in the Eternal River.

As long as Ye Yuan rescinded the chaos divine essence, they would immediately be crushed into dregs by the Eternal River's chaos!

Only at this moment did he deeply experience why the dignified Ancestor Heavenless would be so fearful of Ye Yuan.

"Many thanks for Brother Ye's life-saving grace. My World's End Pavilion owes you a favor!"

"Many thanks to Brother Ye for helping out. Our firespirit clan won't forget your kindness!"

"Brother Ye, if you're free in the future, come to our Flying Cloud Clan to be a guest. I'll definitely satisfy Brother Ye!"

... .

The geniuses who were rescued cupped their fists and saluted Ye Yuan one after another.

This kindness was not small!

However, those that Ye Yuan rescued were all juniors. Ye Yuan did not save a single one of those Peak Hegemons and Supreme Hegemons.

The divine essence consumed to save a Supreme Hegemon was too much.

No matter how strong Ye Yuan was, he was also merely an Emperor Sakra Heaven.

Now, one Cloudneon already consumed half of his energy.

Bringing another one would take his life.

Ye Yuan waved his hand and said, "Just a matter of lifting a hand. It's not worth mentioning. But everyone shouldn't be happy too early. With three great overlords coming into being, a sanguinary slaughter will surely be set off in the 33 Heavens. Nobody can stay detached from the matter. Therefore, from now on, everyone will be on the same boat. Everyone, take care of yourselves."

Finished saying, Ye Yuan brought everyone and headed to the nearest Eternal River branch stream.

Rumble ...

Behind, the Labyrinth Divine World gave off intense tremors.

It turned into a huge fireball in an instant!

When everyone saw it, their expressions could not help but change.

If they did not come out, they would probably all be refined now, right?

Thinking of how those Supreme Hegemons all fell in the Labyrinth Divine World, they rejoiced jubilantly.

"Ye Yuan brat, you ruined my grand plan! When this ancestor recovers my physical body, I'll cross worlds and come! I'll definitely exterminate your Grand Brightjade Complete Heaven until not even chickens and dogs are spared! Not even chickens or dogs will be spared!"

From behind came Ancestor Heavenless' bellow.

This furious roar made even the Eternal River tremble.

Everyone's faces turned pale, afraid that Ancestor Heavenless would chase after.

Ye Yuan said coolly, "No need to worry. He's badly wounded now and needs to focus fully on refining the pill. He can't chase after us at all."

Suddenly, everyone saw that there were two more powerful auras not far away.

Only to see that Hegemon Samsara and Chaos Bloodstone were both cleaving through the waves and advancing, their imposing momentum shocking the heavens.

These two great supremacies' main bodies arrived in person, but at this time, they were gasping heavily for air, seemingly very wretched.

But Ye Yuan's chaos divine essence was like a large ship, carrying everyone forward along with the waves very comfortably.

Everyone exchanged glances, incredibly shocked in their hearts.

Chapter 3077: Returning to the Sect!

"Are the two of you hurrying on your way? Do you want a ride?" Ye Yuan looked at the two great supremacies and said with a relaxed expression.

Hegemon Samsara's face turned black, and he said in a solemn voice, "Boy, forming an irreconcilable enmity with this progenitor isn't some wise move! Every day that you don't step into Great Beyond Realm, it will be one day that you don't have the qualifications to challenge this ancestor!"

But, the current Hegemon Samsara was an old man who had experienced many vicissitudes of life.

That pair of bright eyes seemed to be able to see through everything in the world.

It was just that powerhouses from all heavens were watching, and Ye Yuan kicked him in the face. It was very ugly.

The Bloodstone also spoke up, saying angrily, "Ye Yuan brat, after returning this time, this progenitor will do my best to destroy Grand Brightjade Complete Heaven! You have to be prepared!"

Ye Yuan was indifferent and said with a smile, "Is this how you talk to your savior? With your tolerance, how will you guys rule the heavens?"

Next to Ye Yuan, many people were all desperately holding in their laughter.

Although Ye Yuan had suspicions of playing with fire and burning himself, looking at the two great supremacies getting deflated was still a very pleasant thing, especially that these two great supremacies were not on friendly terms.

Hegemon Samsara stared at Ye Yuan and said with a cold smile, "Ye Yuan, you think that you can hide from this progenitor's arcane eyes with your bit of cunning? You're still a bit too inexperienced to fight with this progenitor! You want to make the three of us tie each other down, so as to buy time to grow up. You counted your chickens before they hatched! Now, you're the common enemy of the three of us! After this ancestor returns to my position, the first thing that I'm going to do is to kill you!"

Chaos Bloodstone also said, "Kid, you're already Emperor Sakra Heaven! Do you think that this progenitor will still give you time to grow up? You're probably thinking too much!"

With two great overlords being unanimous and actually wanting to join hands to deal with Ye Yuan, this made everyone quake in their boots.

This was no joke!

Although these two great supremacies struggled immensely in the Eternal River, it was precisely because of this that made their strength even more evident.

At this time, the strength that these two great supremacies exhibited made them feel suffocated!

This was true strength that was about to transcend the Great Beyond Realm!

Who knew that Ye Yuan did not care at all, saying with a light smile, "You guys had better consider how to recover your strength first! If my guesses are right, the two of you are seriously injured this time, and your main bodies also have to enter the Eternal River. You'll definitely suffer great damage. Even at this time, when your Dao foundations will be damaged or not is hard to say, you actually still have spare time to come and threaten me. Once your Dao foundations suffer damage, no matter how exceedingly formidable your means, it will be impossible to transcend the Great Beyond too!"

Being exposed by Ye Yuan, the two great supremacies turned somewhat angry from embarrassment.

Just as Ye Yuan said, the two of them were already struggling to save their own skin. How could they have the energy to come and deal with Ye Yuan?

Ye Yuan scheming against the three great supremacies this time could be said to be extremely successful.

“Alright, since the two of you have unmatched powers, you don’t need this Ye. Then I’ll be making a move first.” Finished saying, Ye Yuan brought everyone and actually overtook the two great supremacies.

In the Eternal River, Ye Yuan’s speed of advancement was extremely fast, even faster than the two great supremacies.

Everyone exchanged glances, feeling great admiration in their hearts.

Posturing without leaving a trace, flicking his sleeves, and leaving afterward!

Ye Yuan was really too impressive!

Watching Ye Yuan’s departing back view, Hegemon Samsara’s expression was very grim.

“Can’t let this boy continue to grow up unchecked! This boy cultivates chaos. His destiny is heaven-defying. Once he breaks through to Hegemon Realm, it will be difficult for you and me to deal with him as well!” Samsara said in a solemn voice.

“After going back this time, this ancestor will gather the blood race members across the heavens, and besiege Grand Brightjade Complete Heaven! I won’t rest until I kill Ye Yuan! Really didn’t expect that this boy would actually grow to such a level. If I had known it would come to this, this progenitor should have killed him back then at all costs!”

The Chaos Bloodstone’s intestines were green with regret.

Back then, if he did his utmost, killing a puny little Ye Yuan would naturally be like taking something out of his own pocket.

But at that time, he had many misgivings, resulting in missing the opportunity.

Who knew that in a blink of an eye, Ye Yuan was already Emperor Sakra Heaven!

At present, although Ye Yuan had not fully grown up yet, he could already sufficiently stand alone.

After they recovered from their injuries and exited seclusion, no idea to what extent Ye Yuan would grow.

Hegemon Samsara’s gaze flickered, and he said, “You don’t have to regret it either. Whether or not he can grow up is still unknown! Don’t you forget, before Hegemon Realm, he still has a shocking great tribulation!”

The Chaos Bloodstone shuddered, and he said, “You mean ... the Hegemon Dao Tribulation?”

Hegemon Samsara nodded and said, "That's right! This boy is going against heaven. His strength can be rated as monstrous! His Hegemon Dao Tribulation is bound to shock heaven and earth! If he makes it through this hurdle, you and I might not be able to do anything to him. But wanting to make it through this hurdle is easier said than done!"

The Chaos Bloodstone seemed a little excited as he said, "You're right! Since ancient times, how many geniuses have there been? But there has never been a divergent cultivator who could overcome the Hegemon Dao Tribulation! *Hahaha* ... brat, just you be smug! The faster you cultivate, the quicker you'll die too! However, this progenitor is still not giving him the chance to assault Hegemon Realm! This progenitor will definitely be destroying Grand Brightjade Complete Heaven!"

... .

At Extreme Medicine Sect, Grand Brightjade Complete Heaven.

Mi Tian and Cloudmount, two people, stood on top of the mountain, straining their eyes and looking into the distance. Their hearts weighed down with worry.

Over 20 years ago, Mi Tian already arrived in Grand Brightjade Complete Heaven. It was for the sake of learning about Ye Yuan's news at the first moment.

Ye Yuan's departure was several decades long. To this day, there was no news. Mi Tian was very worried.

"There's no news after so long. Could Ye Yuan ..." Cloudmount's eyes revealed sorrow.

There was no news from the geniuses from all heavens.

This was the worst news!

This indicated that the Labyrinth Divine Palace was indeed fishy!

Old Man Heavenless was not easy to get along with!

Mi Tian was also laden with anxieties as he said, "Alas, I was too greedy! I knew long ago that this trip was incredibly dangerous, I should have stopped him back then!"

Cloudmount said, "Senior, you don't need to blame yourself. Don't you know what that boy is like? The things that he decided, even if the sky falls down, nobody can stop him too! Although this boy didn't say it, I know that him going to the Labyrinth Divine Palace, half of it is to search for chaos heavenly medicines for me."

Mi Tian sighed and said, "This progenitor watched Heavenless that brat grow up! He's amazingly gifted! If we were to find another genius that can rival Ye Yuan in this world, then there's only Heavenless! Now, there's no news for several decades, Ye Yuan is probably ... fraught with grim possibilities!"

Although Mi Tian's strength could not compare to Heavenless, his seniority was even older than Heavenless.

He and the Labyrinth Divine Palace's old palace master, there was a friendship with complete mutual understanding.

It was also precisely because of this that he knew about Heavenless' talent and scheming mind even more.

Originally, he was the same as the powerhouses of all heavens, harboring a fluke mentality, thinking that Heavenless had already died in the Eternal River.

But looking at it now, they were too naive!

Cloudmount choked as he said, "I, this bunch of old bones, am really good-for-nothing! If my strength is still there, I'll definitely personally go to the Labyrinth Divine Palace to ensure his safety! But ..."

The two old men's tears shed in the Extreme Medicine Sect.

And right at this time, a group of small black dots appeared on the horizon.

Mi Tian's entire body trembled, seeing Ye Yuan, who was right at the front at one glance.

"Senior Mi Tian, Master, Ye Yuan is back!"

The Extreme Medicine Sect seethed with excitement!

Chapter 3078: All Heavens Shocked!

In the Extreme Medicine Sect's great hall, it was silent.

Mi Tian, Cloudmount, Zhuo Bufan, and the rest all had their eyes glued on Ye Yuan. It was as if they wanted to see through him.

Hearing everything that happened in the Labyrinth Divine Palace, it was like they were listening to a book from heaven.

This Labyrinth Divine Palace trip actually concealed such a huge conspiracy.

But in the end, the three great supremacies were scammed by Ye Yuan until they could not do anything about it.

This scheme that swept up the entire 33 Heavens, the biggest winner was actually Ye Yuan, this puny little Emperor Vast Heaven¹!

If they did not know Ye Yuan's character, they would definitely let loose a torrent of abuse, saying that Ye Yuan was making up stories.

What made people even more overjoyed was that among the Grand Brightjade Complete Heaven powerhouses that Ye Yuan brought, more than 40 Hegemon Realms were actually born!

These people all broke through their realms when visualizing the 12 Heavenly Dao Paintings.

Although a large batch was refined and died, there were also more than 20 thousand people who came back with Ye Yuan.

Grand Brightjade Complete Heaven's Hegemon Realm powerhouses was suddenly replenished again.

Ye Yuan brought them back safely. There was no greater merit!

“Kid, I really don’t know what to say about you ...” After a long time, Mi Tian squeezed this sentence out.

Having learned about the events that happened in the Labyrinth Divine Palace, Mi Tian’s frame of mind was like it went on a roller-coaster.

Regarding Heavenless, not many people understood him better than him.

Not only was this guy extremely powerful, but he was also even adept at scheming. He was an extremely troublesome character.

Learning that he did not know, Mi Tian’s heart could not help pounding.

But who knew that he was actually completely eaten up by Ye Yuan.

But Cloudmount said worriedly, “Ye Yuan, this time, you’ve offended the three great supremacies at once. They will definitely view you as a thorn in the side. With our Grand Brightjade Complete Heaven’s accumulations, we probably can’t hold them off!”

Mi Tian frowned and said, “This matter is indeed troublesome. But in the present situation, Ye Yuan is an arrow notched on the bow; no choice but to release it! Otherwise, if Heavenless that brat really refines the chaos heavenly pill, the consequences will be too dreadful to contemplate. How about this? This progenitor will migrate all of the four symbols true spirit clans to Grand Brightjade Complete Heaven! Whatever they are going to do, this progenitor will receive it all!”

The moment these words came out, Cloudmount, Zhuo Bufan, and the rest were all visibly moved.

They did not expect that Mi Tian could actually go so far for Ye Yuan’s sake!

One had to know that the four symbols true spirit clans had already been in Voidshrine Illuminating Heaven for god knows how many years already.

That place was their root. It was their home that was passed down from generation to generation!

Furthermore, Voidshrine Illuminating Heaven belonged to a higher level plane. The heaven and earth spiritual energy, origin comprehensions, all were much stronger than Grand Brightjade Complete Heaven.

But Mi Tian was actually going to migrate the four symbols true spirit clans over for Ye Yuan’s sake!

Cloudmount frowned and said, “Senior Mi Tian, this is no joke! I know that you’re powerful and your prestige in the Azure Dragon Clan is extremely high. But, migration this sort of thing, the implications are too deep. You still have to think thrice!”

Mi Tian waved his hand and said, “Those three great supremacies are each harboring their own ulterior motives. No matter which one of the three of them transcends the Great Beyond in the end, it will be a cataclysmic disaster for us. Therefore, what does it matter where we are? Alright, my mind is made up. No need to urge anymore.”

... .

Very soon, the Labyrinth Divine Palace’s news spread out, and all the heavens were shocked!

Except, the protagonist of everyone's discussion was Ye Yuan, this unknown Emperor Vast Heaven powerhouse.

"Ancestor Heavenless actually didn't die! Luckily, I withstood the temptation and didn't go to the Labyrinth Divine Palace. Otherwise, it would probably have been impossible to escape my doom this time."

"Who's Ye Yuan? This guy actually made the three great overlord Hegemons suffer a loss? Why have I never heard of this name before?"

"This boy actually just came out of Grand Brightjade Complete Heaven! According to what I know, in Grand Brightjade Complete Heaven, Supreme Hegemons can already claim hegemony!"

"There's also news that just came over. Grand Brightjade Complete Heaven also produced a genius called Yang Qing this time, suppressing all the geniuses from all heavens! And Ye Yuan is even more monstrous than this genius. He couldn't even be bothered to compete with his peers!"

... .

When the geniuses from all heavens returned to their own factions, they naturally had to report to the top.

And these news spread far and wide, sweeping across the entire 33 Heavens very quickly.

Ye Yuan's great reputation suddenly became known by all!

Fiend race, Ancestor Kong Nie was currently pacing back and forth, clearly angered badly.

He pointed at Kong Tan's nose and cried out angrily, "You're great! Really excellent! *Hur hur*, you fool, you've lost Your Father's face across the entire 33 Heavens this time! Are you satisfied? *Mn?*"

Ye Yuan became famous across the 33 Heavens. Kong Tan also became famous across the 33 Heavens.

It was just that it was about his notoriety .

During the Labyrinth Divine Palace trip, the one who was the worst off was Kong Tan.

Not only was he toyed like a monkey by Ye Yuan, but he was also even utterly played by Ancestor Heavenless and almost did not make it back.

The fiend race Hegemons that he brought over had also all died out, the losses very severe.

When these news spread out, the fiend race had already become the laughingstock of all the heavens. Kong Tan's days were naturally difficult.

Not just Kong Tan, even Kong Nie's old face had nowhere to put.

In just these few days of work, there were already several 'old friends' who ran over to congratulate him.

Kong Tan knelt down with a thud and said in tears, "Progenitor, it ... it's all because of that Ye Yuan! This child swears to definitely tear that punk's corpse to pieces, and restore the dignity of my fiend race!"

Kong Nie sneered and said, “*Hur hur*, with just the likes of you? That Ye Yuan can refine the Eternal River’s chaos. His talent shakes you off by more than ten streets! He doesn’t even need to break through to Hegemon Realm and can already abuse you to tears! How can a genius that can make even the three great overlord Hegemons apprehensive be a mediocre person? Forget about Ye Yuan; even compared to that Yang Qing, you’re far worse too!”

Kong Tan was scolded by Progenitor Kong Nie until he wished to find a hole in the ground to burrow into.

Too little regard for his face!

Kong Nie saw that he was unconvinced and said with a cold smile, “Put away that pitiful pride of yours! From now on, don’t think about becoming enemies with Ye Yuan. You are not his match! Also, scam back to the clan and enter closed-seclusion for this progenitor! The 33 Heavens are going to fall into turmoil right away. If this progenitor doesn’t let you exit seclusion, you’re not allowed to take half a step out of the clan ground!”

... .

At Zhoutian Emperor Palace, inside a region of space, Ancestor Endless’ aura was feeble. Clearly, he was badly injured.

By relying on his incredible cultivation, he rushed out of the Eternal River.

However, he was refined into serious injuries by Heavenless to begin with. Being severely wounded by the Eternal River as well, he was currently almost dead.

Next to him, Zhou Xianchen revealed a look of worry.

“Ancestor, are ... are you okay?”

Ancestor Endless shook his head slightly and said, “Won’t die, but not far from death either!”

Zhou Xianchen said, “Ancestor, rest assured. This child will definitely refine a chaos heavenly pill and help you recover your strength!”

Ancestor Endless smiled bitterly and said, “You are still a bit lacking! Even if there’s chaos heavenly medicines for you, you’ll be squandering good stuff too!”

Zhou Xianchen did not argue anything. He knew that Ancestor was telling the truth.

Ancestor Endless sighed and said, “Old Man Heavenless is indeed still Old Man Heavenless! This time, it’s really a double loss! But fortunately, you broke through to Hegemon Realm too, and you became a chaos heavenly master! Your potential is greater than your father’s. You have hope of succeeding this ancestor’s mantle in the future! Remember, have more dealings with Ye Yuan in the future, this boy’s future accomplishments are limitless!”

Chapter 3079: Laying Out the Future!

Birds cry plaintively before they die; men speak kindly in the presence of death.

Ancestor Endless was not a kind person. Otherwise, he would not have defended the Zhou Family's supreme position for hundreds of thousands of years.

But this time, he was really injured.

In the Labyrinth Divine Palace battle, he hurt his Dao foundation. There was no more hope of transcending the Great Beyond in this lifetime.

Therefore, he needed to arrange for the Zhou Family's future.

In the Zhou Family, only Zhou Xianchen's talent was the most significant. He was naturally the focus of heavy grooming.

"Ancestor, you can definitely recover your strength! Our Zhou Family won't fall!" Zhou Xianchen said in tears.

Ancestor Endless smiled and said, "I'm clear about my situation. This time, after almost being refined by Old Man Heavenless and also sustaining heavy wounds in the Eternal River's chaos, my Dao foundation is already ruined. Even if I recover, my strength can't recover to the peak anymore either. In fact, I can't even maintain Great Beyond Realm anymore too! *Hur hur*, it's all the influence of greed! Xianchen, in the future, you have to remember this ancestor's lesson!"

Zhou Xianchen knelt down and said, "This child will bear it in mind!"

Ancestor Endless nodded his head and continued, "Xianchen, you've already entered Hegemon Realm. This ancestor no longer has anything to teach you. Your cultivation realm in the future will depend on your fortunes. Now, this ancestor will give you a mission. You must complete it!"

Seeing Ancestor Endless say it solemnly, Zhou Xianchen's expression turned somber, and he said solemnly, "Ancestor, please instruct. Even if I lay down my life, Xianchen will complete it too!"

Ancestor Endless said, "Tomorrow, you lead half of Zhoutian Emperor Palace's forces, and go to Grand Brightjade Complete Heaven to cast your lot with Ye Yuan!"

Zhou Xianchen's entire body trembled, and he cried out in shock, "What?! This ... How can we do this?"

This order surprised Zhou Xianchen too much.

He did not expect his ancestor to actually make such a shocking move.

Half of the Zhou Family's forces, that was absolutely terrifying to the extreme.

This strength was sufficient to sweep across Grand Brightjade Complete Heaven!

One had to know that Zhoutian Emperor Palace had three Supreme Hegemons, seven to eight Peak Hegemons, and even more ordinary Hegemons.

And this was also where the Zhou Family's foundation lay.

Now, he was actually going to make half of the forces go to Grand Brightjade Complete Heaven.

This was a huge gamble!

Ancestor Endless smiled and said, "This ancestor knows what you want to say, but right now, the 33 Heavens' situation is already very clear. It's time to pick a side. Indeed, under those three old monsters' powerful strength, the current Ye Yuan is still not considered much. But, once he can break the shackles and break through to Hegemon Realm, even if it's those three old monsters, they will tremble too!"

Zhou Xianchen said in confusion, "I know that Ye Yuan's talent is unprecedented throughout the ages, but he's a divergent cultivator after all! Although he has already broken through to Emperor Sakra Heaven, he's still far away from the three great ancestors' realm, no?"

The look in Ancestor Endless' eyes revealed a wise light, and he said with a nod, "I don't understand this Ye Yuan, but I understand Old Man Heavenless! Someone that can make him afraid is absolutely worth us casting our lots! Doesn't Old Man Heavenless know that he's a divergent cultivator? But why is he still afraid of Ye Yuan? There weren't divergent cultivators who broke through to Hegemon Realm in the past, but it doesn't mean that there won't be in the future, understand?"

Zhou Xianchen was shocked in his heart and nodded solemnly.

He did not expect Ancestor to actually evaluate Ye Yuan from this angle.

Who was Ancestor Heavenless?

That was humanity's number one major power, the strongest genius since ancient times!

He was afraid, which meant that Ye Yuan had hope of breaking through to Hegemon Realm!

The next day, Zhoutian Emperor Palace brought half of Zhoutian Emperor Palace's forces, shattering the void and leaving!

Half of this force was not just Hegemon Realm. There were also the powerhouses under Hegemon Realm, and the number reached tens of thousands of people!

These were all the Zhoutian Emperor Palace's elite forces.

This matter caused a great sensation in Abyss Pass Origin Grotto Heaven.

Regarding Ancestor Endless' decision, the other three great factions all turned their noses up in disdain.

In the Eternal River's branch stream, the Zuo Family's ancestor said with a snicker, "*Hur hur*, Ancestor Eternal River suffered too great a stimulus this time. He actually made such a stupid move! He actually bet all of the Zhoutian Emperor Palace's treasures on a divergent cultivator."

"It's also an action that can't be helped. Old Man Heavenless is about to see the light of day again. He has already offended Old Man Heavenless badly. It's naturally impossible to seek refuge with him anymore," Melody Nether Heavenly Sect's ancestor said coolly.

"Zhoutian Emperor Palace is considered finished. However, we've also reached the point of taking sides! When Ancestor Heavenless returns, he probably won't allow us to refuse!" Purple Extreme Heaven Pavilion's ancestor let out a sigh and said.

The moment he said so, the other two people both fell silent.

... .

On Heavenly Dragon Island, Voidshrine Illuminating Heaven, the people in charge of the four symbols family clans were all present!

"I object! Progenitor, I know that Ye Yuan saved your life, but you can't use our entire clan's lives to joke about too! Voidshrine Illuminating Heaven is where our foundation lies. But now, you want to go to a low-level plane. How will the entire clan view you?"

When Mi Tian explained his intentions, his own supporter, Long Jian, was actually the first to jump out and oppose it.

The other three clans' leaders also all had tightly furrowed brows, rather unhappy.

The Dragon Clan was the Dragon Clan. In terms of bloodline nobility, their three clans were not the slightest bit worse than the Dragon Clan.

Now, Progenitor Mi Tian actually made the decision for them.

"Progenitor Mi Tian, this is also too ridiculous, right? This time, although you saved our three clans, you also can't make our three clans bet all of our lives because of this, right?" Luan Qinghe said unhappily.

"Want to go, your Dragon Clan can go yourself! Our White Tiger Clan absolutely won't leave Voidshrine Illuminating Heaven! Unless Progenitor Mi Tian, you, annihilate our clan!" Bai Zhi did not give the slightest bit of face and outrightly refused.

Xuan Taiqing said coolly, "Progenitor, wanting to make us migrate, shouldn't you convince Long Jian they all first? You all can't even get your people on-board. What right do you have to make us migrate?"

Progenitor Mi Tian smiled and said, "I presume you all have also heard about the Labyrinth Divine Palace's matter. Now, the scheme has already gradually become clear. That's right. Voidshrine Illuminating Heaven is indeed where our foundation lies. But can there be unbroken eggs when the nest is totally wrecked? Once the blood race army arrives, do you all really think that just based on us four clans, we'll be able to defend Voidshrine Illuminating Heaven? Back then, during the Labyrinth Divine Palace upheaval, Heavenless that brat only temporarily didn't storm Voidshrine Illuminating Heaven on account of this progenitor's face. If the Labyrinth Divine Palace's army really comes, can you all stop them?"

Everyone's expressions changed.

These words were not false!

Progenitor Mi Tian and Ancestor Heavenless' master were on very close terms. Ancestor Heavenless only did not make a move against Voidshrine Illuminating Heaven on account of his face.

But later, Hegemon Samsara took action. Apart from the dragon race, the other three races joined the battle too.

It was impossible for Ancestor Heavenless not to remember the enmity!

"*Humph!* No matter what, making our four clans migrate for a divergent cultivator who's destined to never break through to Hegemon, this is also too preposterous! Progenitor, pardon us for not complying with the order!" Bai Zhi said in a solemn voice.

But at this time, a figure suddenly appeared.

He looked at Mi Tian and said coldly, "Mi Tian, are you crazy? For Ye Yuan that boy, you actually want to make the entire Dragon Clan be buried in death? If you want to migrate, sure. You and I have a fight! You can talk again after killing me!"

Chapter 3080: A Hundred Claws Scratching the Heart!

Mi Tian looked at the arrival and just smiled.

He was not surprised about Mi Zhen's appearance.

Mi Zhen was extremely cold-blooded and also extremely conceited. But, his feelings toward the Dragon Clan were not falsified.

Although his methods previously made people despise him, his goal was indeed to make the dragon race stronger.

He had his blood essence extracted by Blood Two, his Dao foundation ruined. He would not be able to advance any longer in this lifetime.

But, hearing that Mi Tian was going to migrate the Dragon Clan, he still appeared.

"Progenitor, although I hate Mi Zhen very much, this time, I agree with him! Our Dragon Clan can't migrate!" Long Jian said straightforwardly.

The conversation seemed to be over already.

However, not only was Mi Tian not worried, he smiled even happier instead.

"Hur hur, got to admit, Ye Yuan this boy foresees with divine accuracy. So before coming here, he made me bring this!"

Finished saying, everyone just felt a blur before their eyes, and they instantly disappeared.

They were standing from God's point of view, looking down on all life!

Heaven volume!

This feeling was magical to the extreme.

"Where is this? This feeling makes every pore of mine open up!"

"My God, I became Heavenly Dao? I feel like I'm controlling everything now!"

"What a magical feeling! What a wonderful experience! Progenitor Mi Tian, what ... what did you do to us?"

"Big Brother, I feel that I have hope of recovering my strength! Could ... Could this be the legendary Heaven volume of the 12 Heavenly Dao Paintings?"

Mi Zhen's experience and knowledge were naturally not what others could compare to.

This incomparably wonderful feeling, he thought of the Heaven volume right away!

But, the moment he said it, the others were even more shocked!

“This is actually the Heaven volume! No wonder Ancestor Heavenless could reach that kind of terrifying realm. With this thing, I won’t be worse than him either!”

“12 Heavenly Dao Paintings! Progenitor Mi Tian, why would you have such a thing? Can you keep on letting me comprehend like this? I’m willing to pay any price!”

“I’m willing too!”

“Big Brother, have you had a change of heart and specifically let me gain enlightenment on the Heaven volume? I ... I’ll definitely repent in earnest and reform my former faults!” Mi Zhen cried bitterly and said.

Whoosh!

In a twinkling, everyone returned from heaven to the mortal world.

The few people exchanged glances, an immense sense of loss on their faces.

That sort of experience just now was really too amazing.

Reaching their level of boundary, even the slightest improvement in cultivation, was harder than ascending to heaven.

But, with the Heaven volume, they were confident that they could break through to Great Beyond Realm!

Mi Tian looked at everyone rather interestedly. Seeing the reaction on their faces, he knew that it was done!

These people could not resist the temptation of the Heaven volume at all!

“Progenitor Mi Tian, why are we back? This ... This bit of time is too short!” Bai Zhe was the first to speak up.

Clearly, he was already deeply drawn by that miraculous feeling.

“Yeah, Progenitor, you’re deliberately whetting our appetites! Give us some more time and I feel that I can break through to Great Beyond Realm already!” Xuan Taiqing said impatiently.

“Big Brother, I was wrong! I was really wrong! I beg you, let me comprehend a while more! Although I’m unable to make any more breakthroughs, this Heaven volume can restore my cultivation realm!”

Among these people, the most anxious was Mi Zhen.

His Dao foundation was ruined. Currently, his strength was merely equivalent to the weakest Hegemon Realm.

Putting it bluntly, he was a piece of trash.

To the current him who was in a prominent position in the past, this kind of temptation was too great!

However, Mi Tian just shrugged and said with a smile, "Sorry, Ye Yuan only injected this much chaos divine essence into the Heaven volume. The effects of the Heaven volume can only be maintained for so long too."

The few people's faces turned black, instantly understanding what Progenitor Mi Tian wanted to do.

Terrific lad, he was preparing for this!

This old thing was really cunning, throwing out such a huge bait at them. Turns out that it was to make them agree to the migration.

Dream on!

But that kind of feeling just now was really very marvelous!

Great Beyond Realm had already blocked them for countless years.

This step was as difficult as ascending to heaven!

But, with the Heaven volume, it was completely different!

The few of them were all top geniuses of all races.

As long as they immersed in that feeling just now for a while more, they believed that they would definitely be able to break through!

"Progenitor Mi Tian, other things can be discussed, but this great migration is absolutely impossible! Other than this, I'm willing to pay any price, as long as you can lend me the Heaven volume! I guarantee that as long as I break through to Great Beyond Realm, I'll immediately return it!" Bai Zhe said.

Mi Tian's face still had a faint smile hanging as he shook his head and said, "Even if I lend you the Heaven volume, it will likely be very hard for you to break through to Great Beyond Realm too! The 12 Heavenly Dao Paintings are activated using chaos divine essence. Only then can it unleash the greatest effect! Otherwise, with the Labyrinth Divine Palace having so many geniuses, why did it only give birth to 12 Great Beyond Realms?"

The moment this was said, everyone became indignant.

Bai Zhi snorted coldly and said, "Progenitor Mi Tian, if you're not lending, so be it. Is it interesting to deceive us with these words?"

Mi Tian smiled and directly threw the Heaven volume over.

Bai Zhi's face was stunned for a moment, and he subconsciously injected his divine essence into it.

Whoosh!

Sure enough, his perspective underwent a change again.

But, compared to that marvelous feeling just now, the feeling this time was too vague.

Just like, the feeling earlier was clear glass.

But the feeling now was frosted glass.

With that experience previously, the experience now became extremely trash.

He was not some rookie and immediately determined that Mi Tian was not exaggerating things to raise the alarm.

If his cultivation realm was very low, this Heaven volume would be a priceless treasure to him.

But, reaching his cultivation realm, this kind of vague experience was unable to rapidly improve his strength and help him reach Great Beyond Realm.

Otherwise, everyone would have been able to break through to Great Beyond Realm.

Returning to reality, Bai Zhi's face was stunned for a while, and he muttered, "This ... How can this be?"

When the others saw Bai Zhi's expression, they immediately understood it.

How vicious!

Mi Tian and Ye Yuan, this one old and one young, two foxes, really schemed against them badly!

If it was just throwing out the Heaven volume, they would not have been moved either.

But, with that experience earlier, it was like getting addicted to drugs, unable to stop even if they wanted to!

The temptation of Great Beyond Realm was really too great!

Supreme Hegemon and Great Beyond Realm, although they were the same cultivation realm, it was worlds apart.

Mi Tian saw the few people feeling like a hundred claws were scratching their hearts, and he said with a smile, "Ye Yuan said that in Grand Brightjade Complete Heaven, the Heaven volume can be used without limit! He'll provide sufficient chaos divine essence to help everyone increase their strength. The Heaven volume is the general outline of the 12 Heavenly Dao Paintings. It's the most important volume. With it, with your talents, reaching Great Beyond Realm is indeed not hard. But, without chaos divine essence, it's similarly immensely difficult for you all to want to break through to Great Beyond Realm. You guys also know that Grand Brightjade Complete Heaven is going to face enemies very soon. It's impossible for Ye Yuan to take the time to come to Voidshrine Illuminating Heaven and help you all gain enlightenment!"

Finished saying, Mi Tian stood with his hands behind his back, a smile like he had swayed everyone on his face, awaiting everyone's decision.
