Chapter 3091: Bitter Fight!

In the blood cloud, Ye Yuan's figure suddenly paused, stopping.

Chi Shang three people stopped too, looking at Ye Yuan calmly, revealing smug smiles.

This boy was indeed as rumored!

"What? Going to risk your life?" Chi Shang said with a smile.

Ye Yuan's expression was grim, and he said, "If you all want to fight, let's fight then!"

Meng Jin laughed loudly and said, "An Emperor Sakra Heaven is going to put up a desperate fight with us. I'm so scared! *Hahaha ...*"

You Lei also smiled and said, "A puny little Emperor Sakra Heaven, do you really take yourself to be the savior? Just the Hegemon Realms outside are as many as several hundred people. What can you change if you go? Under our blood race's iron hooves, everything will be destroyed!"

The current Chi Shang was not in a hurry and said with a smile, "Lord Yi Xue really foretells things with divine accuracy! These words were taught to me by Lord Yi Xue. He said that after saying them, you'll definitely fight! It's indeed the case!"

Ye Yuan's brows furrowed, and he said, "What else did he say?"

Chi Shang said, "He even repeatedly urged us not to underestimate the enemy and to dispose of you straight away. But ... we still underestimated the enemy. It's just that looking at it now, this step was likely within Lord Yi Xue's expectations too!"

Talking up to here, he was a little embarrassed.

Reality proved that Lord Yi Xue's knowledge was far from what he could compare to!

But it also proved Lord Yi Xue's horror even more.

A Hegemon against an Emperor Sakra Heaven was like an immortal against a mortal. They could not muster up a trace of interest at all.

Killing them was just a matter of huffing a breath of air.

No matter how monstrous this person was in other people's words.

When Ye Yuan heard, he was shocked in his heart too.

This Yi Xue was extraordinary!

The strong were revered in this world. Martial strength could represent everything.

All schemes and intrigues were utterly not worth mentioning in front of powerful martial strength.

But this did not mean that intelligence was useless!

Those who work with their brains ruled, and those who work with their brawn were ruled.

Only by having powerful martial strength combined with a powerful mind could one truly become a powerhouse of a region, ruling an area.

With empty martial strength, one was just an ignorant person. Even if it was a Hegemon Realm, it was also not impossible to be toyed with by people.

Just like the Meng Jin earlier, he was toyed by Ye Yuan until he was confused and disoriented. He even thought that Ye Yuan was amazing.

This way, since this person attacked Grand Brightjade Complete Heaven, he was probably already fully prepared.

Him being trapped inside the Bloodcloud Grand Array was just a part of the plan!

This Yi Xue was not simple. What he was scheming was huge!

Thinking up to here, Ye Yuan could not hold back anymore. He was about to charge out of the Bloodcloud Grand Array.

After seven days, it would really have nothing to do with him anymore.

Even if he went out, it would be a road that led to death too!

Ye Yuan nodded and said, "Since that's the case, I'll decide again after killing you guys!"

Chi Shang could not help laughing and said, "Kid, you're merely a little fast. Do you really think that you can pick a fight with Hegemon Realms? Moreover, there are three of us!"

Ye Yuan was indifferent and said, "It's indeed a little troublesome to kill you guys now. So, I planned on becoming a little stronger before taking action. But now, I changed my mind."

Chi Shang shook his head and laughed in spite of himself. The origin in his body poured out, and he said coolly, "Is that so? Then try receiving a sword from me!"

There was an additional blood sword in Chi Shang's hand. It emitted incomparably thick blood and evil energy.

This sword had drunk God knew how many people's blood.

This was a grade five grandmist treasure. The moment it attacked, the power was formidable!

But Meng Jin and You Lei did not have the intention of taking action.

You lei smiled and said, "Chi Shang this guy got serious. This kid still doesn't know how strong Chi Shang is!"

Meng Jin nodded and said, "Chi Shang is the number one person under Peak Hegemon in the blood race! If he gets serious, the likes of us will have to turn tail and run too, let alone a mere Emperor Sakra Heaven."

You lei said, "Against Blood Drawing Sword Technique 18 moves, I wonder how many moves can this boy receive?"

“How many moves? *Hur hur*, are you insulting Chi Shang?” Meng Jin immediately disapproved of it.

Clearly, these three people were led by Chi Shang.

His strength was also the strongest among the three people.

Chi Shang pointed his long sword. Ye Yuan only felt a bloody scent hitting him head-on, virtually knocking him out.

“Ye Yuan, my Blood Drawing 10 moves, each move is stronger than the last! When 18 moves are executed, I dare to contend with Peak Hegemons! You see how many moves you can receive!” Chi Shang’s words carried thick mockery.

He could not stand Ye Yuan looking down on him.

“First move, Blood Soul Slash!”

Chi Shang slashed out with his sword. The blood cloud was actually directly split in half by him, like cleaving a wave.

You Lei two people had cold smiles hanging on their faces. It was as if already seeing the sight of Ye Yuan being split into two.

But at this time, four astonishing bloodline powers poured out of Ye Yuan’s body. Azure Dragon, White Tiger, Vermilion Bird, Black Tortoise, these four phantoms, appeared in east, west, south, and north directions.

At this time, the four great true spirit bloodlines in Ye Yuan’s body actually all reached peak heaven qian grade already!

The current power was no idea how much stronger than when he was at Heavenly Dragon Island!

The four symbols resonated!

Traces of saint force poured into the Myriad Realms Mountains!

The seven Myriad Realms Mountains merged into one!

Immediately, the seven Myriad Realms Mountains shone with boundless radiance and gave off an incomparable power!

The seven Myriad Realms Mountains were re-sanctified by Ye Yuan with nine array elements.

The power of this chaos heavenly treasure coupled with the world’s strongest nine element array formation, the increase in power was not a tiny bit!

“Saint force! This ... How is this possible?” You Lei cried out in surprise, shock all over his face.

An Emperor Sakra Heaven actually used saint force!

Under the augmentation of saint force, the power of the Myriad Realms Mountains obtained a huge amplification.

Chi Shang's pupils also constricted, but he already slashed his sword out. They naturally had to determine a victor.

In the time it took for sparks to fly off a piece of flint, an unparalleled bloody light and a pale light collided together.

Boom!

A loud rumble sounded out. Ye Yuan and Chi Shang shot backward.

Ye Yuan's entire body shook violently. A trace of fresh blood was already seeping out of the corners of his mouth. Clearly, he was quite injured.

This Chi Shang was too strong!

But Chi Shang three people were long already stupefied.

The opponent was just an Emperor Sakra Heaven!

He actually blocked the sword move of the blood race's number one ordinary Hegemon!

This sort of thing, no one would dare to believe it at all if it spread.

All beneath Hegemon were ants. This sentence was not just empty words.

What Hegemon Realm used was the Dao of Origin.

Emperor Sakra Heaven, even if it was origin powerhouses, they only slightly learned the rudiments too. There was no effusion of the Door of Eternal Life at all.

Without the increase of power through the Door of Eternal Life origin, it was simply impossible for Emperor Sakra Heavens to be a match for Hegemon Realms.

But now, Ye Yuan was defying the heavens!

This guy actually used the saint force that only Great Beyond powerhouses could use. Then he activated a chaos heavenly treasure and battled with a Hegemon Realm!

Ye Yuan wiped away the blood stain from the corners of his mouth and said with a cold smile, "Hegemon Realm is nothing more than this too! Come, fight again!"

Finished saying, Ye Yuan actually urged the Myriad Realms Mountain and took the initiative to launch an attack against Chi Shang!

Chi Shang's expression became very ugly. Raising his sword and advancing again, he cried out angrily, "Second move, Tide of Jade Blood! Die!"

This sword actually received the resonance of the Bloodcloud Grand Array.

Bloodcloud Grand Array's origin of blood actually had an enhancement effect on Chi Shang's sword move!

Boom!

The void trembled again. The two people separated upon contact.

Ye Yuan was sent flying again, but he still only sustained injuries.

Chi Shang's expression was ugly to the extreme.

He was already very certain. Ye Yuan indeed had the strength to fight with a Hegemon Realm!

Saint force was too scary!

Chapter 3092: Gaining Enlightenment on Dao With Battle!

"There are still 16 moves. Execute them, and I'll receive them all!" Ye Yuan looked at Chi Shang and said coolly.

Chi Shang's expression turned slightly dark. At this time, he could no longer care about face.

"Attack together! This boy is likely trying to gain enlightenment on Dao with battle, can't let him succeed! Kill him!" Chi Shang said in a solemn voice.

You Lei and Meng Jin's hearts turned cold. How could they still dare to be neglectful?

Ye Yuan's monstrosity far exceeded their expectations.

Everyone said that reputation was not as good as meeting in the flesh. At this time, they finally understood why Progenitor and Lord Yi Xue would regard an Emperor Sakra Heaven so highly.

In fact, in order to deal with him, they did not want to consume a Blood Ward Bead!

One had to know that the Blood Ward Bead was extremely valuable to Progenitor.

Cultivating the supreme Great Dao with the blood from all the heavens was the function of the Blood Ward Bead.

Each Blood Ward Bead could only be cultivated with the fresh blood of hundreds of millions of living things.

When they learned that they had to use the Bloodcloud Grand Array against Ye Yuan, they all felt that it was using a cannon to kill a mosquito; a waste of talent on trivial tasks.

But only now did they deeply realize that it was not overboard at all!

"No wonder Yi Xue would send you here. You're a clever man! That's right. I'm indeed thinking of gaining enlightenment on Dao with battle. It will have to depend on whether you kill me first or whether I gain enlightenment on Dao first!" Ye Yuan said with a smile.

Right now, it was a little too taxing for Ye Yuan to face off against Chi Shang, let alone to deal with three great Hegemons.

Therefore, this was a path of no return.

Either you die or I perish!

At this time, Chi Shang three people no longer held anything back.

The three people formed a triangle, surrounding Ye Yuan in the middle.

The moment they made their move, the commotion was shocking.

“Nine Consecutive Kills!”

“Heaven Splitting Axe!”

“Dark Night Blood Explosion!”

With Chi Shang three people joining forces, that power was shocking to the extreme.

Ye Yuan’s expression was solemn, urging saint force to the extreme, pouring it into the Myriad Realms Mountain.

“Array formation, Universe!”

The Myriad Realms Mountain turned into seven small mountains again, forming the Universe array formation, clashing together with the three.

With each blow, Ye Yuan had to suffer a tremendous impact, his entire person feeling like his frame was being knocked apart.

The Myriad Realms Mountain separating, it was naturally not as powerful as combining into one.

But, facing three great Hegemons, he could only do so too.

Not only were Chi Shang three people powerful, but their attacks were also even enhanced by the origin of blood in the Bloodcloud Grand Array!

The three people combining powers, the offensive power was too terrifying.

Ye Yuan was struggling bitterly under these three people’s bombardment.

Chi Shang was shocked in his heart. Ye Yuan was able to withstand it!

If it were him, he could not have withstood it long ago.

“This boy almost can’t make it anymore. Double up! 15th move, True Sun Blood!”

It was only to see Chi Shang unleashed a sword, the long sword turning into a blood-colored setting sun as if it was going to swallow everything up.

This move smashed onto the Universe Array formation brutally.

Boom!

Ye Yuan’s mind shook heavily, fresh blood vomiting wildly out of his mouth, his innards virtually shattered.

Chi Shang’s Blood Drawing Sword Technique had already been executed until the 15th move. The power was despairingly strong.

This sword technique indeed had great power, but the further in, the pressure on him was enormous too. It could be said to be harming people and himself.

Therefore, the 15th move was already his limit.

Continue executing it and he was going to hurt himself.

Chi Shang also did not expect that a puny little Emperor Sakra Heaven could actually force him to such an extent.

However, only when he saw that Ye Yuan's aura was getting weaker and weaker did he feel slightly more at ease.

Inside the Bloodcloud Grand Array, only a series of indiscriminate bombarding sounds could be heard.

Ye Yuan was seriously wounded. If it were someone else, they would have long already collapsed.

Gaining enlightenment at this kind of despairing moment, no one could do it at all.

But at this time, Ye Yuan was frighteningly calm.

Under the fierce fighting, he could feel the undulation of the Bloodcloud Grand Array even more distinctly!

This was the strongest origin of blood in this world!

Within Ye Yuan's body, four kinds of true spirit bloodlines were being controlled by his origin of blood and operating in a special way.

The four great true spirit bloodlines seemed to have a resonance.

Although Ye Yuan had intercepted the Chaos Bloodstone's origin of blood, his understanding of the origin of blood was already completely different.

The Chaos Bloodstone's origin of blood was very tyrannical and evil, and it pursued the limits of power.

But Ye Yuan had tread out his own Dao after assimilating the origin of blood.

And at this time, Ye Yuan corroborated his own Dao with the Bloodcloud Grand Array one by one, learned from others' strong points while overcoming the weak points, and gradually had a new comprehension.

"Blood, the feeling that it gives people is always ominous."

"Blood, it represents getting injured, represents death."

"But it represents flesh and blood living things! In this world, all living things with flesh would have blood! It is a part of life! Furthermore, it's a very important part!"

"The Chaos Bloodstone drew the purest power of flesh and blood living beings in all the heavens to strengthen himself, and let himself transcend the Great Beyond. But he can't represent the origin of blood!"

"Chaos, origin of blood, bloodline power! What lets bloodline return to the earliest phase is chaos!"

Ye Yuan's eyes grew brighter and brighter. The bloodline power in his body was already boiling over.

The four great true spirit bloodlines had always been operating within his body but had clear distinctions from each other.

Four kinds of bloodline power, they were equally powerful but incompatible like water and fire.

But at this time, they actually showed signs of fusion!

With this fusion, the strength within Ye Yuan's body seemed to have exploded!

Boom!

A terrifying power erupted from his bloodline.

"Roar! Roar! Roar! Roar!"

Behind Ye Yuan, the four symbols phantoms emitted shocking furious roars at the same time, and the overwhelming auras actually started to skyrocket!

And their bodies also became more solid.

At this time, Azure Dragon, White Tiger, Vermilion Bird, Black Tortoise, these four phantoms, seemingly became four genuine chaos true spirits!

Seeing this shocking transformation, Chi Shang's expression changed drastically, and he cried out in alarm, "This ... This is chaos grade true spirit bloodline! How is this possible? How can a mortal body possibly change qualitatively into an innate chaos true spirit bloodline?"

You lei was similarly incomparably shocked as he said, "Innate chaos true spirits, there were a total of five that were born in this world! Three of them died in Progenitor's hands! It's simply impossible for chaos grade bloodline to change qualitatively post-natal! How did he do it?"

After the shock, Chi Shang felt his scalp tingle, and he bellowed, "Quick! Use your trump cards! We can't let him succeed in transforming!"

Chi Shang did not dare to imagine how terrifying a power would be produced if four great chaos true spirit bloodlines gathered in one body at the same time.

Therefore, he did not dare to wait anymore!

Even if he injured himself and his strength declined greatly, he had to risk it all too!

Only to see bloody light on his body surging to the sky, the blood sword in his hand becoming incomparably scarlet, looking unbelievably sinister!

And Chi Shang's aura actually suddenly broke through the limits, becoming incomparably close to Peak Hegemon!

The current Chi Shang was akin to a fiendgod!

"18th move, Wrath of the Blood God!"

On the other side, You Lei and Meng Jin's expressions similarly changed wildly. At this moment, they no longer held anything back and used their strongest blow.

After executing this kind of trump card ultimate technique, it would either be a huge drain, leaving them powerless to fight anymore, or it would harm themselves, making it very difficult to recover.

Chi Shang's Wrath of the Blood God belonged to the latter, while You Lei and Meng Jin's moves belonged to the former.

But without a doubt, after they used it at this time, even heaven and earth trembled because of it!

Three terrifying to the extreme attacks arrived in an instant, converging at where Ye Yuan was standing.

Chapter 3093: Chaos Grade Bloodline's Power!

Boom!

An intense rumble reverberated throughout the entire blood cloud space.

The place that Ye Yuan was standing at was virtually engulfed in an instant, disappearing without a trace.

The terrifying pressure of the four symbols true spirits also completely vanished under this combined attack.

Chi Shang felt akin to being relieved of a heavy burden and said, "I really didn't expect that killing a measly little Emperor Sakra Heaven actually needed this seat to use Wrath of the Blood God! With this, without a thousand years of cultivation, I can forget about recovering to my peak state!"

Meanwhile, You Lei and Meng Jin, two people who had wilted auras, their conditions were far worse than before.

In this final strike, they exerted all of their strength too.

"Luckily, the mission is considered complete! Our blood race has eliminated a great calamity in our hearts!" Meng Jin said with some lingering fear.

Before this, he absolutely would not have admitted that a measly little Emperor Sakra Heaven would be the hidden danger in the blood race's heart, even if this person was so and so monstrous in the rumors.

But now, he was in great admiration with Progenitor and Lord Yi Xue's cautiousness.

While Chi Shang was very careful and said, "Meng Jin, go and confirm it!"

Meng Jin nodded his head and headed towards that cloud of mist.

Right at this time, an abnormality suddenly occurred.

That cloud of mist actually suddenly started to spin, forming an energy vortex.

The vortex grew larger and larger and increasingly stronger.

In a twinkling, the energy vortex started to devour the Bloodcloud Grand Array's power.

Countless red lights were sucked in by the energy vortex.

Chi Shang's pupils constricted, and he cried out in alarm, "This ... What's going on here?"

You Lei said in shock, "The Bloodcloud Grand Array's power is actually being drawn away! Could it be that that boy didn't die?"

Just as they were speaking, a figure gradually appeared in the energy vortex. Who could it be if not Ye Yuan?

Not only did Ye Yuan not die, furthermore his strength at this time was currently rising rapidly!

Chi Shang was dumbfounded and said, "Is ... Is he breaking through? He's absorbing the Bloodcloud Grand Array's power to break through? G-Got to be kidding?"

The energy of blood could only be absorbed by the blood race.

Once powerhouses of other races absorbed it, their own origins would also be corrupted. Not only would they be unable to break through, but it would also even sever their cultivation path.

But now, Ye Yuan was actually absorbing the energy of blood!

Inside the vortex, Ye Yuan smiled lightly and said, "The Dao of Blood is a Great Dao, it isn't exclusive to your blood race! My four great bloodlines have just stepped into chaos grade, and just happen to need the nourishment of these energies of blood. Thanks a lot! Yi Xue carefully planned this assassination. But he did not expect he actually gave me a big gift, right?"

The hearts of Chi Shang three people sank to rock-bottom.

This guy was actually using the energy of blood that they bitterly collected to strengthen himself!

Only to see that there were four small and exquisite four great true spirits in front of Ye Yuan's chest, currently slowly rotating.

Those energies of blood that were absorbed were currently pouring into their bodies!

And Ye Yuan's aura also rose immensely during this.

"We can't let him break through! Kill again!"

Chi Shang knew that things were amiss, and he used another Wrath of the Blood God without hesitation!

Although You Lei and Meng Jin were somewhat short on strength, they could not care that much at this time either, overdrawing on the power of origin and smashing toward Ye Yuan without heed for their lives.

Except, the power of their moves was much worse compared to earlier.

Ye Yuan just smiled faintly and said, "Even your strongest moves couldn't kill me. Isn't it too laughable to come and try to kill me again now? Just nice, I can use you all to measure the power of chaos grade bloodline!"

In the vortex, the pressure on Ye Yuan's burst forth once more!

This time, the pressure of the bloodlines made the entire space tremble!

Innate chaos grade bloodline, furthermore, it was four types of bloodlines combining, in terms of level, it was already completely not worse than Progenitor Bloodstone.

The only thing that Ye Yuan was lacking in was just level of attainment!

But, facing Chi Shang these three people, it was enough!

The bloodline power of the four symbols phantoms gathered on Ye Yuan's fist.

Ye Yuan threw a punch out. The terrifying saint force exploded like an erupting volcano!

Before even clashing, Chi Shang already felt the pressure that blotted out the skies and covered the earth.

"Four Symbols ... Heading for Sainthood!"

This punch of Ye Yuan's slammed right toward Meng Jin.

Meng Jin only felt like the sky was going to collapse!

The ultimate move that he overdrew on origin power to use was like paper paste in front of Ye Yuan's punch.

Boom!

A loud noise.

Meng Jin's body was directly turned into nothingness.

He was directly obliterated by that powerful saint force!

Meanwhile, Chi Shang and You Lei were directly sent flying away by this tremendous force.

Their ultimate moves were directly dispersed!

Chi Shang and You Lei looked at Ye Yuan at the same time, shock and horror on their faces.

The power of this punch was also too terrifying, right?

This kind of punch, if it was thrown out by a Hegemon Realm, they would not be surprised at all.

But Ye Yuan was just Emperor Sakra Heaven!

Chaos grade bloodline was actually utterly horrifying!

Killing a Hegemon Realm with one punch, this kind of strength, even if it was Hegemon Realms, it could not be done too!

Blood race Hegemons were notorious for being hard to kill.

Their recovery ability was more than ten thousand times of Emperor Sakra Heaven's!

Wanting to thoroughly kill blood race Hegemons was virtually something impossible.

But Ye Yuan did it!

For a moment, the two people actually did not dare to step forward anymore.

But, they could not get out of this Bloodcloud Grand Array too!

The current state was really awkward.

When Ye Yuan broke through his realm, he would definitely kill them without the slightest hesitation.

This was also to say that they were quietly awaiting death.

This kind of sensation really made people despair.

Ye Yuan withdrew his fist, very satisfied with the power of this punch.

The lethality of saint force was indeed not what ordinary origins could compare to.

This kind of power that originated from the Door of Eternal Life was extremely mysterious.

No one could say clearly what it was.

But it was just powerful.

Being able to jump realms and battle, what Ye Yuan relied on was naturally this.

After breaking through to chaos grade bloodline, Ye Yuan could clearly feel that the four great bloodlines underwent a transformation from quantitative to qualitative.

Even if it was an independent bloodline, the power could not even be mentioned in the same breath.

No wonder the four great true spirit clans had always been the 33 Heavens' top race.

If not for Heavenless, Samsara, and Progenitor Bloodstone, these freaks emerging, Mi Tian would be in that apex group in this world.

"After I broke through, I should have the strength to fight with Peak Hegemons, right?" Ye Yuan said a little excitedly.

The energy vortex grew larger and larger. The Bloodcloud Grand Array started trembling.

Chi Shang and You Lei looked at each other, the look in their eyes becoming more and more seemingly in despair.

A day later, the vortex dissipated. Ye Yuan walked out of it.

At this time, he already reached upper Emperor Sakra Heaven and was only a step away from grand completion Emperor Sakra Heaven!

When he reached grand completion Emperor Sakra Heaven, Ye Yuan would be able to bombard the Door of Eternal Life, and assault that fleeting and ephemeral realm of Hegemon!

Seeing Ye Yuan walk over, Chi Shang and You Lei completely broke down.

"Even ... Even if you kill us, you can't get out of the Bloodcloud Grand Array too! When you go out, Lord Yi Xue will already be waiting for you!" Chi Shang said, threatening in manner but inwardly shaky.

Ye Yuan smiled lightly and said, "Is that so? Then, I'll go out first before killing you guys, alright?"

Finished saying, Ye Yuan raised a fist, saint force encircling, and he struck at the horizon!

Boom!

A deafening rumble that shocked the ears could be heard. A huge hole was actually punched out by him!

Chi Shang's two eyes became wide saucers, and he said in disbelief, "This ... How is this possible?"

Chapter 3094: Sacrificing Lives for Justice!

The mountain pass gates shattered. Corpses were scattered everywhere.

Grand Brightjade Complete Heaven's powerhouses suffered countless casualties.

After three days of fighting, more than half of Grand Brightjade Complete Heaven's elites were dead or injured!

Even if it was Hegemon Realms, more than a hundred died too!

As for below Hegemon Realm, the casualties were even beyond counting.

This war was tragic to the extreme.

Of course, the blood race did not get off cheap either, similarly suffering heavy losses.

Grand Brightjade Complete Heaven's powerhouses were completely risking their lives, completely disregarding casualties.

Different from the other heavens, Grand Brightjade Complete Heaven's cohesiveness was hair-raisingly strong.

Even Yi Xue was visibly moved by it too.

He thought that an absolute advantage would destroy these people's will to fight very soon and make them fall apart and run away.

However, it did not!

In fact, those powerhouses that were brought back from all the heavens also fought until the last drop of blood one after another.

However, the blood race had a powerful recovery ability. In contrast, their losses were much smaller.

Around the vicinity of Extreme Medicine Sect's main hall, a large group of Hegemon Realm powerhouses gathered.

Feng Xiaotian led more than ten Hegemon Realms and was currently defending nearby the main hall to the death.

He was dyed in blood all over, his aura disorderly, but his fighting spirit rose to the sky!

"Haha, Feng Xiaotian, you all are risking your lives to defend this region of space. It looks like there's really good stuff here! If I didn't guess wrongly, the Heaven volume should be in here!" Bloodpromise looked at Feng Xiaotian and said with a loud laugh.

Feng Xiaotian said in a solemn voice, "So what if yes?"

Bloodpromise grinned and said, "Do you still want to have a cornered beast fight? In your current state, how long can you last?"

Feng Xiaotian wiped away the blood stains at the corners of his mouth and said proudly, "As long as I'm alive, you can forget about taking half a step into the Extreme Light Pavilion!"

In the midst of the fierce battle, an attack almost destroyed the Extreme Medicine Sect's main hall.

This was the entrance to the Extreme Light Pavilion. It was also the location of the Heaven volume. It was where the foundation of Grand Brightjade Complete Heaven lay.

It was naturally impossible for Feng Xiaotian to passively watch the Extreme Light Pavilion's space be destroyed, so he sacrificed himself to block this attack.

But, like this, it exposed the importance of this place too.

Regarding this kind of space, it was very easy to hide from those below Hegemon. But it naturally could not be concealed from a powerhouse like Bloodpromise.

Hence, Bloodpromise gathered a large number of Hegemon Realms and attacked this place fiercely.

Originally, Feng Xiaotian had dozens of Hegemon Realms around him. But, in order to protect this place, they had nowhere to retreat and were unable to bypass the battle. They could only resist head-on.

After three days, there were only over ten Hegemon Realms left around Feng Xiaotian. Furthermore, each and every one was severely wounded.

"Hahaha, like a mantis blocking a chariot! Feng Xiaotian, you and I have fought for so many years. Killing you today, it's really a little melancholic! Attack together! Destroy this region of space and snatch the Heaven volume!"

Under his word of command, dozens of Hegemon Realms rushed over like the wind.

Feng Xiaotian took the lead and went to meet the arriving enemies.

The fresh blood on his body added some desolate slaughter aura.

More than ten people versus dozens of people, this was a completely unfair battle.

But no one retreated!

"Zicang, Mingjiang, the two of you protect my flanks. After the others enter the hall, leave Bloodpromise they all to me!" Feng Xiaotian shouted fiercely.

There was no need for him to instruct. These two people were long already covering his flanks.

Zhou Zicang and Song Mingjiang, these two people were his comrades when he was at South Qi Giant City. Their cooperation had long already had a tacit agreement.

South Qi Giant City was a meat grinder, but it also gave birth to a large number of powerhouses.

Zhou Zicang and Song Mingjiang were outstanding talents among them.

Originally, it was very difficult for them to break through to Hegemon Realm.

But Ye Yuan made the Chaos Origin Formation. Zhou Zicang and Song Mingjiang, two people, broke through to Hegemon Realm in one stroke.

These two people had undergone trials in South Qi Giant City for many years. They were both people who were used to fighting, their combat power being extremely formidable. That was how they lived until now.

However, they were already arrows at the end of their flight too.

Fighting in close quarters, facing the powerful attacks of dozens of Hegemons, this group of people seemed to be struggling.

Of course, the most stressful one was naturally Feng Xiaotian.

He was currently still facing six great Peak Hegemons by himself!

And on Grand Brightjade Complete Heaven's side, there was only him alone left!

But, facing such great disparity in strength, no one retreated.

Facing this battle situation of ten over people, Bloodpromise actually still failed to take them down after a long battle!

This group of people was too tenacious!

"Jin Yu, you go and cut off the flank. We'll surround and besiege Feng Xiaotian again!" Bloodpromise suddenly said.

"Okay!"

Jin Yu was also one of the Peak Hegemons. After receiving the order, he turned around and headed for the flank.

Feng Xiaotian's heart sank, but he was already powerless to stop it.

He was currently holding on entirely based on one breath. Regardless of whether it was spirit or physical body, they had all already reached the limit.

Jin Yu's figure drew a blood-colored arc in the air, flying straight for Zhou Zicang!

"Be careful, Zicang!" Feng Xiaotian's both eyes turned blood-red, crying out fiercely.

But Zhou Zicang laughed loudly and said, "*Hahaha*, perfect! City Lord Feng, I, Old Zhou, will be making a move first!"

Finished saying that, he looked at Jin Yu and said with a loud laugh, "Damn bastard! Want to kill me, Zhou Zicang, it will break your teeth!"

Behind him, the Door of Eternal Life appeared.

Zhou Zicang's entire person seemed to incarnate into a blazing fire, the aura on his body suddenly rising to an extremely terrifying level.

He was only a hair's breadth away from Peak Hegemon!

Feng Xiaotian was facing five great Peak Hegemons and naturally could not get away. But how could he not feel Zhou Zicang's situation?

But at this moment, he felt relieved.

"*Hahaha*, take care, Old Zhou! This Feng will be following right away!" Feng Xiaotian suddenly laughed heroically and said.

Zhou Zicang had a calm look, holding a long saber in his hand, and swept across horizontally.

Puchi!

A Hegemon Realm head-on could not avoid it in time and was directly obliterated by this blade!

And this blade's momentum did not reduce. It was as if it was going to split apart this firmament, flying straight for Jin Yu.

Jin Yu's expression changed slightly. He felt the sharpness of this blade!

The power of this blade definitely already reached the level of a Peak Hegemon!

If he resisted it head-on, it would definitely be the outcome of mutual defeat!

It was only to see Jin Yu's expression flicker, his body flying out in the air, attempting to dodge this blade.

At this moment, he retreated!

Either way, this saber of Zhou Zicang's had already depleted his life force. He was deadlier than dead.

A frontal confrontation was not worth it!

"*Hahaha*, coward! You don't even dare to receive a blade from Your Father! Go to hell!"

Amidst the loud laugh, Zhou Zicang's saber momentum turned, chasing right after Jin Yu, forcing him to accept the challenge.

Jin Yu was greatly shocked, because this saber was too fast!

No time to think too much, he turned around and dealt a blow.

Boom!

In the void, two powerful attacks collided together fiercely.

“Pffft!”

Jin Yu spurted a mouthful of blood wildly, feeling like all the blood in his body was blowing apart.

This saber of Zhou Zicang’s still inflicted heavy wounds on him.

But at this time, Zhou Zicang’s body fell down softly, falling from the air. He had already stopped breathing.

“Mad man! Really a bunch of lunatics!” Jin Yu cursed angrily.

This group of people was simply a bunch of mad men.

Not a single person escaped. All of them fought to the last breath.

Zhou Zicang was merely an ordinary Hegemon, but he erupted with shocking combat power, inflicting heavy wounds on him, this Peak Hegemon.

This was something unimaginable in other places.

However, before he recovered from the shock, another shocking attack erupted above the void again, flying straight for him.

Jin Yu felt all the hair on his body stand on end, only feeling the scent of death coming head-on.

“City Lord Feng, Old Song will also be making a move first! *Hahaha*, dog thing, die!” Song Mingjiang’s voice reverberated throughout the heavens.

Chapter 3095: I Dye The Blue Sky With My Blood!

“Zicang, Mingjiang, you guys take care!”

The current Feng Xiaotian was unusually calm.

His whole life was a lifetime of fighting and conquering. He had seen too many partings of life and death.

Being entrenched in the besieged South Qi Giant City in the past, God knew how many fellow officers around him had left him. He had long already become indifferent to it.

However, this did not mean that he was not furious!

Zhou Zicang and Song Mingjiang were his left and right arms. They were extremely close to him.

These two people also made tremendous contributions in blocking the enemy outside South Qi Giant City.

Jin Yu was already seriously wounded by these two people’s desperate attacks and virtually did not have the strength to fight anymore.

This was exchanged by Zhou Zicang and Song Mingjiang with their lives!

They only did it for that steadfastness in their hearts.

Grand Brightjade Complete Heaven was their home. Even if they risked their lives, they had to protect this hot soil too.

Feng Xiaotian was the same!

“Feng Xiaotian, it looks like you already have some awareness!” Bloodpromise looked at Feng Xiaotian and was immensely pleased with himself.

The people around Feng Xiaotian got fewer and fewer.

Apart from Zhou Zicang and Song Mingjiang, the other people’s combat power was clearly much worse.

This bone that was difficult to bite down on was finally chomped down by him!

This group of powerhouses that Feng Xiaotian led was clearly Grand Brightjade Complete Heaven’s core force.

If they died, Grand Brightjade Complete Heaven would be tantamount to being finished!

Looking at this scene, a hint of decisiveness flitted across Feng Xiaotian’s face.

“*Humph!* I, Feng Xiaotian, have fought with the blood race for thousands of years. I’ve long already left life and death out of my consideration! Why should we rejoice over life, and why should we be bitter about death? However, if you want me to die, you all will have to pay a great price too!”

Boom!

It was only to see Feng Xiaotian snort coldly, the aura on his body suddenly erupting!

Behind him, the Door of Eternal Life appeared.

Feng Xiaotian’s life force started burning crazily!

“I dye the blue sky with my blood! Wind! Thunder! Transformation!”

All of a sudden, Feng Xiaotian’s body spurted wildly with fresh blood, wind and thunder, two great origins, were wandering around him frenziedly.

Fresh blood rippled in heaven and earth, and it actually gave birth to another Feng Xiaotian!

Swoosh!

Swoosh!

Swoosh!

... .

Suddenly, dozens of Feng Xiaotians appeared above the void!

These dozens of Feng Xiaotians, each one was a peak ordinary Hegemon!

Furthermore, the auras were exactly the same!

Bloodpromise’s pupils constricted, and he cried out in surprise, “E-Each one is real?”

The other blood race Hegemons also felt their scalps tingle one by one.

Reaching their level of realm, illusion attacks were simply useless skills.

Each person had a unique origin aura on their bodies. Hegemon Realms could easily differentiate which was the real self.

No matter how realistic the illusion was, it could not imitate the aura of the main body too.

But Feng Xiaotian's illusions were different!

These illusions were all condensed and formed by him cooperating with origin aura with blood essence. They were created by him at the expense of him burning his life as the price.

This move could only be used once in a lifetime.

This was the last time!

Bloodpromise knew Feng Xiaotian too well, and he knew all of his moves. But he had never seen before this move.

Too outrageous!

Above the void, dozens of Feng Xiaotians had cold eyes and stark murderous intent.

As if hundreds of wild beasts were staring at the blood race's powerhouses.

"Kill!"

Dozens of Feng Xiaotians shouted angrily in unison, their voices shaking the sky, charging towards the blood race's Hegemons!

Boom!

Boom!

Boom!

Above the sky of Extreme Medicine Sect's main peak, it suddenly exploded!

Feng Xiaotians had unstoppable momentum, akin to one proud sun after another, blowing through the sky!

Those blood race Hegemons originally held the absolute advantage.

But this advantage was reversed in an instant!

Three Feng Xiaotians charged straight for Jin Yu, fury surging to the sky!

The three people's fist winds fluttered, bombarding the severely injured Jin Yu without pulling his punches in the slightest.

He wanted to take revenge for his brothers!

Jin Yu was severely damaged by the two ordinary Hegemons. He had not caught his breath yet, and Feng Xiaotian had already come.

Seeing the situation, Jin Yu was in horror.

He was currently greatly weakened. How could he be the enraged Feng Xiaotian's match?

"Save ..."

Before yelling out 'save me' these two words, the three Feng Xiaotians had already arrived.

Fist images permeated, slamming down like a storm, directly engulfing Jin Yu.

At the same time, 20 Feng Xiaotian clones counter-checkmated Bloodpromise and five top Hegemons instead.

Feng Xiaotian corroborated his Dao with battle. Even if his clones only had the strength of ordinary Hegemons, his combat power was strong to the extreme too!

These 20 Feng Xiaotian clones directly suppressed the five great Peak Hegemons.

Woo, woo, woo ...

The sound of wind blew across the sky, emitting a series of whimpering sounds. It was as if lamenting the Hegemons who died.

In the encirclement of three great Supreme Hegemons, Zhuo Bufan's sword energy crisscrossed, standing rock-solid.

But at this time, he let out a sigh and said sorrowfully, "Have a safe trip, brother!"

Cloudmount was also in the heat of battle with two great Supreme Hegemons. Feeling Feng Xiaotian's aura, he had hot tears in his eyes as he said, "Fine lad, got guts! Rest assured, us old fellows will definitely kill off the blood dogs and avenge you!"

Mi Tian's gaze turned dark, feeling his heart aching, the strength in his hands growing a little heavier.

After coming to Grand Brightjade Complete Heaven, this place left an extremely deep impression on him.

Having fought against the blood race for thousands of years, the Heaven One Alliance's unyielding and hot-bloodedness was what he had never seen before despite wandering through all the heavens.

Unknowingly, he was infected too.

The geniuses here might not be that monstrous, but they all had a stubborn and tenacious spirit!

Feng Xiaotian was even above average among them.

Regarding Feng Xiaotian, Mi Tian thought very highly of him and personally gave him guidance many times too.

Today, Feng Xiaotian's blood spilled in the sky, using his hot blood to fight until the last moment!

Opposite Mi Tian, Yi Xue's face also revealed a hint of respect.

“Although we’re enemies, you all have earned our respect! Mi Tian, Grand Brightjade Complete Heaven is different from the others!” Yi Xue lamented.

That tone was as if chatting with an old friend.

Yi Xue dominated the blood race army and swept across all the heavens.

But not a single place was as tenacious as Grand Brightjade Complete Heaven.

Even in an absolute inferior position, no one stepped back too.

Every single one was willing to lay down their lives and spill their hot blood for this hot soil!

Even until now, Grand Brightjade Complete Heaven’s army was already more than half lost, their combat power greatly reduced. But they did not show the slightest signs of collapse too.

Feng Xiaotian even pushed this solemn and stirring fighting spirit to the pinnacle!

Those powerhouses who were still fighting dauntlessly in bloody battles, at this moment, it was as if their blood was immolated.

Many people’s eyes had hot tears but became even more valiant and vigorous.

The four great true spirit clans’ powerhouses had already completely integrated into this collective at this time too.

As if Grand Brightjade Complete Heaven had become their second home.

An astonishing imposing momentum condensed and formed!

Boom!

Boom!

Boom!

The rumbling sounds lingered incessantly, but the auras of the Feng Xiaotians became weaker and weaker.

Finally, the illusions dissipated one by one, and the fighting sound became weaker and weaker.

Above the sky of the main peak, it was in ruins.

The dozens of blood race Hegemons originally were actually more than half dead and injured at this time.

The remaining ones similarly had disorderly auras, their strength greatly diminished.

Above the void, a figure stood proudly!

Feng Xiaotian stood proudly in the air, glaring ahead, his entire body covered in blood!

That fighting spirit that billowed to the sky still had not dissipated!

But the current Feng Xiaotian no longer had any aura on his body.

His life force was already burned out.

An era's god of war had fallen!

Chapter 3096: God of War Never Dies!

Feng Xiaotian stood proudly in midair, his aura surging to the sky, not dissipating for a long time.

That shocking fighting spirit actually supported his physical body from falling down.

He just stood at the entrance of the Extreme Light Pavilion, glaring at all of the blood race's powerhouses.

He was akin to a furious vajra, guarding Grand Brightjade Complete Heaven's last foundation.

For a moment, there was actually no one who dared to step forward, including Bloodpromise.

The entire battlefield actually fell into a brief respite because of his demise.

Yi Xue had a somber expression, and he said solemnly, "Fighting spirit condensing without dissipating, causing Great Dao resonance. If he didn't die, he should have broken through to Supreme Hegemon in one stroke, right? This person is admirable!"

Such an opponent made a powerhouse like Yi Xue visibly moved too.

In reality, many blood race powerhouses revealed looks of respect on their faces too.

Although he was dead, his soul was still alive!

Mi Tian, Cloudmount, Zhuo Bufan, and the rest all closed their eyes in pain.

"City Lord Feng, goodbye! We won't disgrace you!"

"We'll definitely make the blood dogs pay a terrible price!"

"City Lord Feng, your unfinished business, we'll definitely help you finish it!"

... .

Many heroes quietly shed tears at this time.

They were sending Feng Xiaotian off with their eyes, sending away the hero in their hearts!

Yi Xue looked at Mi Tian and said, "Your Grand Brightjade Complete Heaven has too many fine lads! Now that the situation has played out like this, are you still insisting on sacrificing their lives? As long as you surrender, I can plead with Progenitor on your behalf to spare them from death!"

Mi Tian laughed loudly when he heard that and said, "Yi Xue, are you joking? Feng Xiaotian's corpse has yet to turn cold. He dyed the blue sky with his hot blood and is currently watching us in heaven! Which one of us do you think dares to take a step back?"

Actually, Yi Xue had long already anticipated the result, but he still said it.

Hearing what Mi Tian said, Yi Xue smiled lightly, then recovered to that unrivaled powerhouse again, and said coolly, "Since that's the case, then we'll ... be irreconcilable till death! Everyone, obey my order.

Slaughter Grand Brightjade Complete Heaven and spare not even fowls and dogs! Bloodpromise, break through the Extreme Light Pavilion's space, and snatch the Heaven volume!"

Whoosh!

Under his word of command, the brief respite was broken once again.

Battle cries that shook the heavens sounded out again.

Bloodpromise looked at Feng Xiaotian and actually wavered a little and did not advance!

The current Feng Xiaotian, regardless of whether it was fighting spirit or aura, it was all still at his peak state, without dissipating at all!

Especially that pair of furious eyes, it was currently staring right at him as if they were going to devour him.

In terms of momentum, he had already lost!

He swallowed his saliva, seemingly emboldening himself as he said, "Feng Xiaotian, do you think that you can still frighten this seat after you're dead?"

Finished saying, Bloodpromise raised a fist and smashed toward Feng Xiaotian viciously.

Right at this time, the origin power around Feng Xiaotian actually moved on its own under the situation where no one was controlling!

Boom!

A violent explosion sounded out. Bloodpromise's entire person was actually blasted flying out.

When everyone saw this scene, they were dumbfounded with shock.

"This ... What's going on?"

"Isn't Feng Xiaotian dead? How can he possibly launch an attack? Furthermore, it's even so strong?"

"G-Got to be kidding! Never seen before a dead man who can still launch attacks!"

... .

Everyone was shocked!

A dead person actually sent the Peak Hegemon Bloodpromise flying!

This sort of thing was simply unheard of.

Furthermore, they clearly detected that Feng Xiaotian really did not have any aura and also did not activate divine essence.

Everything was all heaven and earth spiritual energy moving on its own!

Bloodpromise shot to his feet and cried out angrily, "Feng Xiaotian, are you trying to tell me that even if you're dead, I'm not your match either? Can I, Bloodpromise, still lose to a dead person today? Attack together for me! I want to see how long this guy can last!"

Under Bloodpromise's word of command, those Hegemon Realm powerhouses stepped forward one after another, each displaying their divine abilities.

But a forcefield seemingly formed around Feng Xiaotian. All attacks that arrived in his surroundings, the power of origin would be automatically generated, and then it would counterattack.

Boom!

Boom!

Boom!

Those blood race Hegemon Realm powerhouses were all sent flying one after another.

A blood race Hegemon was not careful and was actually directly wiped out!

With this, everyone was even more shocked.

The dead Feng Xiaotian was actually even stronger than when he was alive!

The blood race army was actually unable to break through from in front of him.

Bloodpromise's face was ugly to the extreme.

He had already rushed over many times. But each time, he would be sent flying by a powerful attack.

"City Lord Feng died in battle and continues to protect Extreme Light Pavilion too! His life force has already faded away, but his will to fight is still condensed here, not letting anyone take a step in!"

"City Lord Feng is a god of war!"

"God of War, hurrah!"

... .

Many Grand Brightjade Complete Heaven powerhouses had their eyes brimmed over with hot tears. Their eyes when looking at Feng Xiaotian were full of admiration.

Although Feng Xiaotian was dead, he lived on forever in people's hearts.

Regardless of whether it was his comrades or his enemies!

Yi Xue said coolly, "A glorious death! Fighting spirit condensing without dissipating, drawing down heaven and earth Great Dao, forming a barrier of its own! If he didn't die, his future accomplishments might not have been lower than yours and mine! This battle is exciting! This battle is tragic! However, it's also precisely because of this that your blood is even more precious! I didn't expect that three Blood Ward Beads were filled up in just Grand Brightjade Complete Heaven!"

Three Blood Ward Beads were currently devouring blood energy crazily above everyone's heads.

Yi Xue also did not expect that in a low-level plane like Grand Brightjade Complete Heaven, it could actually fill up three Blood Ward Beads.

This way, the one Blood Ward Bead that was used up to kill Ye Yuan was no big deal anymore.

One had to know that the blood energy that the Blood Ward Bead collected was all extremely pure energy of blood.

One Hegemon Realm might not be able to raise one-thousandth of the amount too.

But in Grand Brightjade Complete Heaven, everyone's will to fight was extremely fierce. This made the energy contained in their blood essence become even stronger.

It was also precisely because of this that the collection of the Blood Ward Bead became particularly easy.

Mi Tian's expression was very ugly. No need to guess and he also knew that this great battle that swept across all the heavens, which was started by the blood race, it was precisely to collect the Blood Ward Beads.

This was not a good thing!

"Alright, Feng Xiaotian is already dead. Ye Yuan should also already be dead now. Mi Tian, no matter to what extent this battle is fought until, you are the loser! Let us end this battle!"

Yi Xue waved his hand. The blood race army mobilized again!

The great battle started again!

Bloodpromise and a group of Hegemons attacked Feng Xiaotian crazily.

No matter how strong the god of war's will, it was ultimately a masterless thing.

The origins around him got lesser and lesser.

The battle spirit was also about to shatter.

When Bloodpromise saw this scene, he could not help being wildly ecstatic and said, "*Hahaha*, Feng Xiaotian, even if they all revere you as a god of war, so what? You are ultimately a dead man!"

Under the frenzied attacks, Feng Xiaotian's physical body started swaying, looking like it was about to fall.

Bloodpromise and the others seemed to be injected with stimulants and were about to rush into the Extreme Light Pavilion's space.

And right at this time, there was suddenly a loud noise that could be distinctly heard across the entire battlefield.

That impregnable Bloodcloud Grand Array actually had an opening blasted open by someone from inside.

A figure flew out swiftly at that time.

Who was it if not Ye Yuan?

Virtually at the same time, Yi Xue, Bloodpromise, Mi Tian, Cloudmount, Zhuo Bufan, all of them were shocked!

Chapter 3097: The Last Time Fighting Side by Side!

“This is impossible! Three days aren’t up yet. Furthermore, how can he possibly break through the Bloodcloud Grand Array?”

Yi Xue looked at Ye Yuan who rose to the sky, staring dumbfoundedly.

No one was clearer than him how strong the Bloodcloud Grand Array was.

Even if a Supreme Hegemon was trapped, they absolutely could not come out in three days’ time too!

But now, Ye Yuan came out!

He prepared a certain-kill scenario. The most important thing was eliminating Ye Yuan, this future trouble.

In the end, it actually failed!

It was not just him. The blood race powerhouses were all dumbfounded with shock.

An Emperor Sakra Heaven actually broke through the Bloodcloud Grand Array!

Furthermore, he merely only used three days!

“Just what kind of freak is this guy? Even the Bloodcloud Grand Array actually can’t trap him too!”

“No, wait! Lord Yi Xue sent Chi Shang the three of them to go and kill Ye Yuan. Now that Ye Yuan came out, doesn’t that mean that ...”

“Emperor Sakra Heaven killing Hegemon? This ... This ...”

... .

Ye Yuan’s appearance immediately triggered a chain reaction.

Many people immediately realized that Chi Shang the three of them were probably fraught with grim possibilities.

But it was precisely this guess that made all the bloodkins extremely shocked.

An Emperor Sakra Heaven killing three great Hegemons?

What else was more ridiculous than this?

But Mi Tian’s face revealed an expression akin to being relieved of a heavy burden.

Three days had passed. The Bloodcloud Grand Array did not have any activities. Actually, he no longer harbored hope.

Facing three great Hegemons, Ye Yuan did not have the possibility of surviving at all.

But Ye Yuan gave him a pleasant surprise!

This guy really killed his way out!

"Heh, this boy made this old man worry in vain!" Cloudmount's face also revealed a hint of a smile.

With this battle being fought until now, everyone's mood was heavy.

Powerhouses fell one by one. Their strength was being devoured bit by bit.

Now, even Feng Xiaotian died in battle too!

What awaited them was only despair.

But Ye Yuan killing his way out of the Bloodcloud Grand Array gave them hope!

However, Ye Yuan had just flown out; his entire body trembled!

He saw Feng Xiaotian, who had fighting spirit billowing to the sky, was no longer breathing!

Ye Yuan's two eyes instantly turned blood-red!

The scenes from long ago replayed in his mind like a motion picture.

At South Qi Giant City, that big and tall figure blocked the blood race army's countless attacks.

He was South Qi Giant City's god!

God of war!

Back then, when Ye Yuan returned, he held off several of the blood race's Hegemons with his power alone.

That resoluteness, that willpower, it was admirable.

But now, he was not around anymore!

The time that Ye Yuan became friends with Feng Xiaotian was not considered long, but Feng Xiaotian was one of the few people that he held in great esteem!

Now, he was no longer around!

Seeing that fighting spirit that rose to the sky, and a body that was teetering on the verge of collapse, Ye Yuan instantly understood something.

Even death could not stop his will to protect Grand Brightjade Complete Heaven too!

He was not around, but his spirit was still here!

Ye Yuan's throat already choked up.

At this time, two figures scurried out of the Bloodcloud Grand Array. It was precisely Chi Shang and You Lei.

Chi Shang suffered a great loss of vitality. His foundation was clearly injured.

You Lei's aura was somewhat unstable. Clearly, he had expended a great deal of energy.

When Yi Xue saw their miserable state, his brows could not help furrowing.

Where was Meng Jin?

A bad feeling welled up in his heart.

When Chi Shang saw Yi Xue, it was like he saw his savior.

“Lord Yi Xue, Ye Yuan he gained enlightenment inside the Bloodcloud Grand Array and k-killed Meng Jin!” Chi Shang said.

“Idiot!” Yi Xue said with a livid expression.

No need to ask and he knew that these morons must have underestimated the enemy. That was how Ye Yuan turned the tables.

Although he knew that if it was him, it would probably be the same too.

Who could have thought that a mere Emperor Sakra Heaven could actually really kill a Hegemon Realm powerhouse?

The moment these words came out, everyone’s heart shook!

Guessing it was one thing, but it coming out of Chi Shang’s mouth was another thing altogether.

Ye Yuan really killed a Hegemon!

Furthermore, Chi Shang and You Lei were so miserable, but Ye Yuan was like the noonday sun. This made people very curious about just what happened inside the Bloodcloud Grand Array?

Why was it totally different from the situation they imagined?

However, right when everyone was shocked, Ye Yuan suddenly moved!

Everyone only felt a blur before their eyes. Chi Shang and You Lei’s necks were directly clutched by Ye Yuan, holding up in the air.

The powerful Chi Shang and You Lei were like little chicks in Ye Yuan’s hands at this time; without the slightest strength to resist.

Pffft!

Ye Yuan exerted force. Chi Shang and You Lei were directly wiped out!

Everyone was dumbfounded with shock!

“This ... This is also too strong, right? Is ... Is he really still Emperor Sakra Heaven?”

“Although Chi Shang they all are greatly weakened, they are still Hegemon Realm after all! In his hands, they actually couldn’t even resist?”

“If he were to break through to Hegemon Realm, what would he be able to do?”

... .

Each and every one of the blood race powerhouses felt a chill in their hearts.

Ye Yuan's monstrousness already exceeded their imagination.

Just at the Emperor Sakra Heaven Realm and he could kill Hegemon bare-handedly.

They were unable to imagine what kind of terrifying degree the Hegemon Realm Ye Yuan would reach.

Maybe he could confront Progenitor Bloodstone head-on?

Many people trembled all over, being frightened by this thought.

After killing two great Hegemons, Ye Yuan walked toward Feng Xiaotian slowly.

There were many blood race powerhouses around him, but they did not dare to step forward at all.

That display just now already intimidated everyone.

Ye Yuan was seemingly slow, but in reality, he was fast, walking right past Bloodpromise.

This place was the encirclement of the Hegemons!

There were still more than 50 blood race Hegemons surrounding here!

There were even five Peak Hegemons among them!

Bloodpromise did not stop him, but he let out a cold laugh.

This kid was courting death!

"*Heh*, are you going to learn from Feng Xiaotian? To accompany him on his way? Kid, this seat will grant your wish!" Bloodpromise said with a light smile.

Without Mi Tian's cooperation, Ye Yuan had no way of executing the Realm Crossing Greater Teleportation at all.

Even if his spatial rule was formidable, it was impossible to escape from under the eyelids of 50 Hegemon Realms too!

Ye Yuan was walking right into a trap!

"It looks like this kid has quite the relationship with Feng Xiaotian. Feng Xiaotian died. He's going to accompany him too."

"So what even if he killed his way out of the Bloodcloud Grand Array? Could it be that he can still deal with so many of us Hegemons by himself?"

"I think that he sees nothing much can be done about it now, and he's prepared to be like Feng Xiaotian; just a mantis blocking the chariot!"

... .

The blood race Hegemons surrounding Feng Xiaotian all let out gloating mockery.

They naturally knew that Ye Yuan was angry. However, if being angry had a use, then what was cultivation for?

In the end, strength still reigned supreme in this world!

Without strength, there was only being slaughtered!

Regarding their mocking, Ye Yuan turned a deaf ear to it, and he slowly arrived in front of Feng Xiaotian.

It was only to see Feng Xiaotian having a look of unswerving determination, glaring ahead.

If not for that there were no longer any signs of life in his body, Ye Yuan would even think that he was still fighting.

Ye Yuan's heart ached, and he opened his mouth and said, "Brother Feng, back then in South Qi Giant City, we joined hands and crushed the blood race! Today, us brothers will fight side by side one last time. We'll let these blood dogs know what's called pain together!"

Finished saying, Ye Yuan slowly turned around and carried Feng Xiaotian.

Fighting spirit rose to the sky!

Chapter 3098: Great Reversal!

"*Haha*, carrying a dead man, you want to fight side by side? Do you really take us, these Hegemons, to be decorations? Ye Yuan, you're joking around using your life!"

Seeing Ye Yuan carry Feng Xiaotian, Bloodpromise mocked.

Facing the encirclement of numerous Hegemon Realms, Ye Yuan was in a certain-death situation to begin with. Now, he actually even wanted to carry someone while fighting? Was he joking?

"Being able to kill a Hegemon is so impressive! He probably doesn't even know what's his surname anymore, right?"

"*Heh*, the outcome is a foregone conclusion now. Even if he got out of the Bloodcloud Grand Array, so what?"

"He just came out. He probably hasn't even figured out the situation yet, right?"

... .

All around, there was a series of ridicules.

Ye Yuan's appearance indeed made them feel extreme shock and confusion, but this did not hinder the overall situation.

In this kind of war that was unequaled by contemporaries, any individual's strength was insufficient to change the entire war situation.

Even Yi Xue and Mi Tian were unable to influence the war too.

A mere Ye Yuan, was there any use in being angry?"

Since it was useless, then Ye Yuan's way of doing things appeared extremely laughable.

Ye Yuan carried Feng Xiaotian, looked at Bloodpromise, and said, "Brother Feng, you said that this guy is simply a piece of trash, but Heaven One is weak and never had the chance to trample him underfoot all along. Yet, this guy still regards himself as infallible and likes to posture. You've always been nursing a grievance! Today, I'll trample him underfoot together with you, and let him know how trash he is!"

These words seem to be said to Feng Xiaotian, but Bloodpromise found it extremely grating on the ears.

Trash?

Liked to posture?

He was the blood race's genius!

Did he not have the capital to posture?

Who the hell was Feng Xiaotian?

Bloodpromise's expression turned dark, and he said in a cold voice, "Boy, do you think that by saying a few words, you can goad this seat? You're still too inexperienced! This great battle concerns the destiny of all the heavens. How can it be a dispute caused by personal feelings? Since you've walked right into a trap, then ... you can go and die."

In Bloodpromise's view, Ye Yuan was goading, triggering him to fight one-on-one. Only in this way would Ye Yuan have a chance to take revenge.

But he would not give Ye Yuan this opportunity.

Bloodpromise raised one hand up. All of the Hegemon Realm powerhouses accumulated power, awaiting release.

Just waiting for his word of command and it would be a shocking attack.

Even if Ye Yuan had three heads and six arms, there would only be a road that led to death too!

Facing the pressure of dozens of Hegemons, Ye Yuan appeared especially calm and opened his mouth and said nonchalantly, "You're right. I indeed want to fight with you! However, I don't need to goad you into action!"

It was only to see Ye Yuan formed seals with both hands. A storm of surging chaos divine essence emerged from his hands.

Swoosh!

The spell was fired into the Extreme Light Pavilion's space by Ye Yuan with a back-hand. Right on the heels of that, the space started trembling violently. An enormous light door appeared above the void.

As if it was some great primitive beast that was awakened by Ye Yuan.

Bloodpromise's expression changed slightly. He felt that something bad was about to happen.

Could it be that this kid still had some trump card?

But they already fought to this extent. What trump card could Ye Yuan still have?

He could not figure it out after racking his brain too.

Rumble ...

Swoosh!

A monster with a tiger head and human body dashed out of the Extreme Light Pavilion's space, pouncing straight for a blood race Hegemon.

Immediately after, more and more monsters appeared in everyone's line of sight.

Bloodpromise's pupils constricted, looking at these monsters with a look of horror.

Each of these monsters had the strength of Hegemon Realm!

Boom!

Boom!

Boom!

Above the void, a shocking great battle immediately broke out.

These monster Hegemons, each one of them was intrepid to the extreme, like they were bloodthirsty, pouncing towards the bloodthirsty Hegemons frenziedly.

There were actually more than 800 of these monster Hegemons!

Bloodpromise's complexion was deathly pale, and he said in a panic, "This ... How is this possible? More than 800 Hegemon Realm monsters, where did they come from?"

More than 800 Hegemon Realm level bloodthirsty gods of war; what kind of terrifying strength was that?

For a moment, countless powerful existences filled the sky, giving people an extremely shocking feeling.

Their appearance suddenly turned the entire battle situation around!

"Leave that person to me. Kill the rest!" Ye Yuan pointed at Bloodpromise and said.

The dozens of Hegemon Realms that Bloodpromise led were virtually crushed into scraps by these 800 Hegemon Realm monsters in an instant.

They revived non-stop and were continuously killed again.

All the way until the end, they were finally unable to revive.

Even if it was those Peak Hegemons, they could not escape this fate too.

Being pummeled frenziedly by hundreds of Hegemon Realms, no matter how strong they were, it was to no avail too.

Furthermore, these monsters all did not fear death and were dauntless to the extreme, their combat power going off the charts. None of them were easy to deal with.

However, those monsters did not attack Bloodpromise, directly emptying out this region of space where he was standing.

But they completely sealed off this large area of space. Bloodpromise did not even have the chance to run away.

Bloodpromise's complexion was deathly pale, a feeling of despair welling up in his heart.

Just now, he was still pleased with himself, thinking that he had cornered Ye Yuan.

But in a blink, it became his certain-death scenario!

This huge reversal was too crazy!

Over 800 Hegemon Realm level monsters instantly rushed out of the battlefield. This kind of impact was seriously too strong and too shocking.

In the midst of fierce fighting, Yi Xue's pupils constricted, and he said in astonishment, "These ... These are those monsters ... that had their bloodlines nurtured? How ... How could they possibly all become Hegemon Realm?"

It was not just Yi Xue; Grand Brightjade Complete Heaven's side was also in extreme shock, unable to extricate themselves for a long time.

The appearance of these 800 Hegemon Realms made the visual shock even stronger!

Clearly, they all did not know that their side actually still had such a horrifying trump card.

"It's those monsters! Many years ago, they already disappeared. I didn't expect that they were actually forged into a Hegemon Realm army by Heavenly Saint Ye!"

"Amazing! Over 800 Hegemon Realms, this strength is enough to sweep across all the heavens! With them, we can even fight with the blood race!"

"They were all persecuted by the blood race. That's how they became like this. The blood race also didn't expect that there would be today, right? This is called retribution is great!"

... .

Originally, these people were all harboring the resolve to make a last ditch desperate attempt.

But, who knew that the moment Ye Yuan appeared, it reversed the battle situation and became a one-sided slaughter!

Hence, each and every one of them was incomparably invigorated, going all out and launching a major counter-offensive against the blood race army!

"Roar!"

A shocking angry roar came over, and a monster with a huge body dashed out of the Extreme Light Pavilion's space.

This was the last one!

Zhao Yue!

The current Zhao Yue, his body was several times larger than before!

His entire person's aura became incomparably violent and unbelievably powerful!

His appearance made everyone fall into even greater shock.

It was because the current Zhao Yue had actually already reached Great Beyond Realm!

His appearance pushed the momentum of the entire battlefield to the pinnacle!

"You go and help Senior Mi Tian. Take Yi Xue down! I'm going to use his blood to hold a memorial ceremony for Brother Feng!" Ye Yuan said coldly.

"Roar!"

Zhao Yue lifted his head to the sky and roared angrily, rushing toward Yi Xue!

Chapter 3099: About on Par!

"Retreat!"

Without the slightest hesitation, Yi Xue directly announced the retreat.

Facing such a powerful Grand Brightjade Complete Heaven, it was simply impossible for them to attain victory.

It was only to see him attacked with a blood spear. Heaven and earth changed colors, attempting to force Mi Tian back.

Mi Tian just smiled coldly and said, "Wanting to leave isn't so easy! My title, Hegemon Space, isn't in name only!"

Spatial origin surged out. The surrounding space seemed to be frozen and was actually solid as a metal bucket.

This spear of Yi Xue's was devoured by endless space.

Meanwhile, the surrounding void was completely frozen!

Freezing space did not need the numerous Hegemons to take action. Mi Tian's power alone would suffice.

Furthermore, with this space freezing, the power was even stronger than the blood race's that time!

Yi Xue's expression changed wildly, and at this time, Zhao Yue arrived!

"Roar!"

Zhao Yue's enormous body and violent sharp claws appeared unbelievably brutal.

This claw seemed like it was going to tear Yi Xue to pieces.

Berserk saint force condensed on the tip of the claw. Places that it passed through, even the frozen space had fissures ripped apart.

Yi Xue's expression changed again, long spear swinging horizontally, facing off against Zhao Yue.

Boom!

Zhao Yue was directly sent flying out.

But Zhao Yue drew a lone arc in midair and actually flew back again.

At the same time, Mi Tian also found an opportunity to attack!

Boom!

The three people exchanged blows head-on. This time, it was Yi Xue's turn to be sent flying out.

Having fought this battle until now, it was his first time being in a disadvantageous position!

This also meant that the battle situation had completely turned around.

Above the void, three mighty Great Beyond powerhouses were fighting frenziedly. The energy undulations that exploded made everyone's faces change.

This life and death great battle entered the white-hot stage.

However, Zhao Yue's strength far exceeded everyone's expectations.

In terms of strength, he was still significantly worse than these two super powerhouses.

But he charged without fear of death, and his berserk combat power made up for this gap.

How rich was Mi Tian's combat experience? With him assisting by the side, Yi Xue could only take a beating.

In reality, Yi Xue already chose to retreat right away. He knew that nothing could be done anymore.

But it was difficult to want to escape from Mi Tian's hands!

The blood race powerhouses originally slaughtered everywhere, sweeping through everything.

But now, it was completely reversed.

Mi Tian's spatial freezing, the radius was huge, affecting them as well.

Even if these people wanted to run away, there was no chance either.

Hence, it actually became a one-sided massacre!

The blood race powerhouses were reducing at a speed visible to the naked eye.

... .

Ye Yuan carried Feng Xiaotian's corpse and walked step by step to Bloodpromise.

All around were battle cries that shook the heavens.

But the two of them seemed to be cut off from the world.

Everyone had overlooked them.

"I really didn't expect that you actually still had such a trump card! These monsters' talents are also just average. How can you possibly turn all of them into Hegemon Realms?" Bloodpromise said in confusion.

Ye Yuan said coolly, "What the Chaos Bloodstone can do, I can naturally do it too."

Bloodpromise sneered when he heard that and said, "Just the likes of you, you dared to be placed in the same category as Progenitor too? Who the hell do you think you are!"

Ye Yuan still said calmly, "If your Progenitor wasn't apprehensive of me, why would there be a need to put forth such a grand line-up?"

Bloodpromise's expression changed, and he gave a cold snort but did not speak.

Ye Yuan continued, "Their bloodlines had been reformed to begin with. These few years, I devoted myself to researching bloodlines and finally gained something. I completely stimulated their bloodline power. Their breaking through realms is also merely something that happened naturally without extra effort. Reaching the Hegemon Realm is nothing difficult."

Ye Yuan had always been researching how to restore Zhao Yue and the others' appearance and consciousness.

But it was very hard.

However, he found another path. It was finding a way to continue stimulating their bloodline.

Later, Ye Yuan even obtained the Heavenly Dao Paintings. He stimulated these people's bloodline power with the Heavenly Dao Paintings as a guide, letting them break through to Hegemon Realm in one stroke.

And Zhao Yue's evolution even exceeded Ye Yuan's expectations.

Zhao Yue's talent was too good. He who obtained the Heavenly Dao Painting could be said to be improving at a tremendous pace.

Later, he secretly sent these people into the Extreme Light Pavilion's space. He did not even tell Mi Tian they all.

Of course, it was also useless even if he told them.

It was only so he could release the seal and let these monsters out.

Otherwise, no one could control it.

"Hahaha ... Ye Yuan, do you know what's called overestimating your own ability? Hegemon Realm is nothing difficult? These words are just a little conceited when other people say it. But, when it comes out of your mouth, that's ignorant and laughable! You, a divergent cultivator, when you break through, that will be the day that you die! What are you talking about the Hegemon Realm for?" Bloodpromise said with a wild laugh.

Ye Yuan looked at him and said coolly, "Then you just watch how I talk about Hegemon Realm!"

Swoosh!

Four great bloodlines poured out of Ye Yuan's body wildly, saint force exploding.

Without the slightest flashiness, Ye Yuan smashed a punch right over!

In the next second, Bloodpromise still had a look of disdain on his face.

But in the next second, his pupils constricted, and he cried out in alarm, "Four great chaos true spirit bloodlines! How is this possible?!"

The moment Ye Yuan moved, there was shock all over the sky!

Even Mi Tian's movements were delayed by a fraction too.

"Chaos grade bloodline! He ... He actually promoted the four great true spirit bloodlines all to chaos grade?" Long Jian's expression changed wildly, and he cried out in shock.

"This is impossible! Chaos grade bloodline is absolutely impossible to reach post-natal! Quasi-chaos grade bloodline is already the limit! But ... But what on earth is going on?" The White Tiger Clan's Bai Zhi similarly had a look of shock.

"Doesn't this mean that we also have hope of advancing to chaos grade bloodline?" The moment Xuan Taiqing said these words, everyone trembled all over.

White Tiger, Vermilion Bird, Black Tortoise three clans, all had quasi-chaos grade bloodlines appear.

Feng Qingxuan they all already had high hopes pinned on them.

Quasi-chaos grade bloodline, although it was unable to reach the height of innate chaos grade bloodline, without a doubt, the potential was much greater than the others.

Even if similarly Great Beyond Realm, Feng Qingxuan they all, their strength would also be far stronger than Luan Qinghe they all.

But, if one could reach chaos grade bloodline post-natal, that significance was completely different!

Now, Ye Yuan's eruption had subverted everyone's understanding of bloodline!

The power of his punch was so strong!

Boom!

Facing the front, Ye Yuan carried Feng Xiaotian and smashed a fist fiercely onto Bloodpromise's blood-colored shield.

The blood-colored shield rippled. The terrifying power passed right through!

Bloodpromise's expression changed wildly. How could an ordinary Emperor Sakra Heaven break through the origin defenses of a Peak Hegemon?

Forget about breaking through; it could not even make them tremble a little!

The gap between Emperor Sakra Heaven and Peak Hegemon was really far too great, great until it was hard to make up for.

But Ye Yuan directly broke it!

The penetrative force of saint force was too fearsome!

There was no time to think too much. Bloodpromise's blood energy surged, and he similarly smashed a punch over.

In the time it took for sparks to fly off a piece of flint, the two people exchanged a blow.

Bang!

The void exploded. The two people flew out backward.

Ye Yuan retreated a thousand steps away before barely managing to stand firm.

And because Bloodpromise was too hasty, he was directly smashed flying by a punch from Ye Yuan.

Then he felt countless powerful auras lock onto him.

Bloodpromise shuddered and hurriedly stabilized his figure, avoiding those powerful auras.

However, his expression was ugly to the extreme.

This punch just now, he was about on par with Ye Yuan!

Chapter 3100: Illusionary Flowers Burying Gods!

"So strong! He ... He can actually stand up to a Peak Hegemon has an equal!"

"This is also too monstrous. Emperor Sakra Heaven versus Peak Hegemon, this is something unprecedented!"

"If he were to really break through to Hegemon Realm, how terrific would that be? Most likely, even Progenitor won't be able to restrain him too!"

... .

Practically all of the blood race powerhouses trembled!

What this punch broke was the rule since time immemorial, frightening them greatly!

The powerful talent and combat power that Ye Yuan exhibited were sufficient to make myriad worlds tremble.

He looked at Bloodpromise and said coldly, "Peak Hegemon is nothing more than this too! Now, I'm going to fight side by side with Brother Feng. Do you still have any objections?"

Bloodpromise's face had long already become black as the bottom of a pot.

When Ye Yuan piggybacked Feng Xiaotian, it seemed so laughable.

No one thought that Ye Yuan could really avenge Feng Xiaotian.

It was because the die was already cast.

But in a blink of an eye, Ye Yuan produced clouds with one turn of the hand and rain with another, directly reversing the battle situation, encircling Bloodpromise and turning Bloodpromise into a turtle in the jar.

Until now, people also did not think that he really had the strength to contend with Bloodpromise.

After all, Bloodpromise was not an ordinary person!

He was a blood race's genius, a powerful Peak Hegemon!

The group of Peak Hegemons was commanded by him. This was sufficient to see his status in his blood race.

But Ye Yuan told the world how strong he was with just one punch!

Battling Hegemons did not need one to be in the Hegemon Realm at all.

Suddenly, Bloodpromise's aura changed, and he said in a solemn voice, "Do you really think that this is my true strength? Even if you can jump realms and battle, so what? Want to beat me, be careful that it will cost your own life too!"

At this point, he no longer harbored any mentality of getting lucky.

He already had some realization that this was a certain-death situation. It was impossible to make Ye Yuan let him off.

A beast at bay would put up a desperate fight!

Since that was the case, he naturally had to put up a desperate fight!

As long as he killed Ye Yuan, he would have profited too!

The current Bloodpromise seemingly attained new life. Even his entire person's temperament changed.

He was far removed from the masses to begin with, his momentum shocking. It was just that two people appeared in his life, one Feng Xiaotian and one Ye Yuan.

This made him become somewhat irritated and somewhat lacking in confidence.

But, at the brink of desperation, the hot-bloodedness in his bones was already completely stimulated.

Seeing this scene, many people started to worry.

"This guy wouldn't be playing with fire and burn himself, right? Bloodpromise, this guy, isn't someone that's easy to deal with. His combat power that erupts, having all means of retreat be cut off, would definitely be very shocking!" When Yang Qing saw this scene, he said rather worriedly.

Feng Qingxuan bit her lips lightly and said, "This guy just likes to mess around! Victory is clearly within grasp, but he insists on showing off his ability!"

Yang Qing shook his head and said, "You don't understand. Some things have to be done! If it were me, I'd be the same too!"

Feng Qingxuan frowned, her eyes revealing a look of worry.

She indeed did not understand, but she was very worried about Ye Yuan.

At present, Yang Qing and Feng Qingxuan had already stepped into Hegemon Realm, their strength extremely formidable.

However, under this kind of great battle, their strength was still too weak.

At this time, they had all sustained heavy injuries, but they were still killing the enemy courageously.

Within a short time, Bloodpromise's imposing momentum directly rose to the apex of Peak Hegemon!

He was only half a step away from Supreme Hegemon too!

One blood-colored petal after another spilled over from Bloodpromise's body, scattering over heaven and earth.

Very soon, countless blood flowers teemed the sky.

Swoosh!

A blood flower floating straight toward Ye Yuan. Ye Yuan dodged slightly, avoiding the blood flower.

Puchi!

A gash was actually cut open on Ye Yuan's face!

Ye Yuan's brows furrowed slightly. He had clearly just avoided the blood flower but was cut!

Puchi!

A gash was also cut on Feng Xiaotian's shoulder, fresh blood flowing down.

Ye Yuan's heart turned slightly cold. These blood flowers were not simple!

He looked at Ye Yuan and said with a smile, "Are you thinking why would you get injured when you clearly avoided my God-Burying Flower?"

Ye Yuan did not answer. Bloodpromise seemed to not have the intention of letting him answer too, and continued, "This move is called Illusionary Flowers Burying Gods! It's a divine ability that I comprehended when I broke through to Peak Hegemon. Even Feng Xiaotian hasn't tried this move before too! This move is derived from my lifetime's comprehension. Experience it well!"

"Ye Yuan, you're going to pay the price for your conceit! If you ordered them to kill me, there wouldn't be the current consequence. Now, it's too late! If I'm dying, you'll have to be buried in death with me too!"

Suddenly, Bloodpromise became brutal, and everyone's expression changed.

Blood flowers that filled the sky swept over toward Ye Yuan frenziedly.

Bloodpromise said that it was too late. It was because the current Ye Yuan was already completely encircled by God-Burying Flowers and could not get out at all.

Ye Yuan's expression was unchanging, his figure directly turning into an afterimage, disappearing!

Pffft!

Pffft!

Pffft!

Above the void, the sound of sharp knives tearing flesh and blood would come over from time to time.

Yang Qing's expression changed drastically, and he said, "Not good, Ye Yuan is in danger! His spatial origin is actually being restrained!"

Blood flowers that filled the skies danced wildly, giving people a breathtaking feeling.

But amidst this stunning beauty, killing intent crisscrossed, making people feel a chill run down their spines.

Everyone felt the power of this move!

Everyone knew about Ye Yuan's spatial means.

But here, Ye Yuan actually did not have the leeway to unleash it!

Cloudmount's pupils constricted, and he roared wildly at those bloodline warriors, "What are you all still waiting for? Attack together and kill Bloodpromise!"

Among the bloodline warriors, there was already quite a number who had regained their intelligence.

It was only to hear a few wild roars. The bloodline warriors made up of Hegemons mobilized!

Bloodpromise's expression changed slightly, but the seals in his hand became even more phantasmagoric.

"No need!"

Amidst the blood flowers came Ye Yuan's cold yell.

A figure appeared. When everyone saw Ye Yuan, they could not help feeling a chill in their hearts.

The clothes on Ye Yuan's body were sliced into ribbons.

Some exposed skin was flayed open and the flesh torn. It was a ghastly sight.

Those with sharp eyes could even see that something seemed to be propagating in those flesh and blood, attempting to corrode them.

Compared to Ye Yuan, there were actually only a scanty few wounds on the body of Feng Xiaotian, who was behind him!

Very clearly, the vast majority of the attacks were blocked by Ye Yuan with his own body.

"*Hahaha* ... Really loyal to brothers! Feng Xiaotian is merely a dead man. But you'd rather receive the baptism of the God-Burying Flower yourself than be willing to let this dead person get injured? How

touching! How ... stupid to the extreme!" When Bloodpromise saw this scene, he could not help letting out a wild laugh.

Ye Yuan's actions were simply laughable to the extreme in his eyes.

Carrying a dead man and saying that he wanted to fight side by side.

Now, being in a disadvantageous position, he would rather suffer serious injuries than be willing to let a dead person suffer any bit of harm.

Was this called loyalty?

This was called stupidity!

Ye Yuan looked at him and still said calmly, "How can someone like you understand what genuine brotherhood love is?"

Bloodpromise laughed loudly and said, "I understand! Of course I understand! The so-called brotherhood love is to set off for the Yellow Springs together! Therefore, you can set off together with Feng Xiaotian! This seat will send you off!"

A surge of explosive origin suddenly poured out wildly from Bloodpromise's body.

He was burning his life force!

Above the void, the density of the God-Burying Flower became extremely terrifying, virtually covering the sky and blotting out the sun.

Ye Yuan's entire person was completely submerged!

When everyone saw this scene, their expressions changed wildly!
