

Medicine God 3101

Chapter 3101: Heaven Trampling Five Steps!

Countless God-Burying Flowers was like a rain of blades, dense until it was impermeable.

People could even see that inside that flower rain, space was being sliced into strips, being incomparably sharp.

Everyone could tell that Ye Yuan was likely fraught with grim possibilities!

“This ... What to do about this?”

“Heavenly Saint Ye he actually died just like this?”

“Damn it! Kill Bloodpromise and avenge Heavenly Saint Ye!”

... .

Grand Brightjade Complete Heaven’s powerhouses all went crazy.

First was Feng Xiaotian dying in battle, then it was Ye Yuan being killed. They were already beyond furious.

Countless powerhouses roared, charging over toward Bloodpromise.

Over elsewhere, Yi Xue also calculated everything and let out a loud laugh, “Mi Tian, you calculated everything and also didn’t calculate Bloodpromise’s strength, right? He repeatedly suffered defeat in Grand Brightjade Complete Heaven, but why was he still put in such an important position by us? However, this seat also didn’t expect that Ye Yuan actually took the road to ruin himself!”

Mi Tian’s face revealed a sorrowful expression.

He already completely could not feel Ye Yuan’s aura. Although he harbored a glimmer of hope in his heart, he knew that Ye Yuan was likely fraught with grim possibilities!

Indeed as Yi Xue said, he underestimated Bloodpromise too much!

“Zhao Yue, let us kill him!”

Mi Tian gave an angry roar, joining hands with Zhao Yue, rushing toward Yi Xue frenziedly.

“Hahaha ...”

Looking at the wildly surging God-Burying Flowers, Bloodpromise let out a delighted laugh.

“A fool who overestimates his own ability! So what if he broke through to chaos grade bloodline? So what if he has saint force? So what if he can jump realms and battle? In the end, didn’t he still die under this seat’s Illusionary Flowers Burying Gods? Ye Yuan, this seat admits that you’re very monstrous! But using this seat’s life to exchange for your life is worth it!”

He knew that it would be impossible for him to escape his doom. But at this point, using his life to exchange for Ye Yuan’s life, it was really too worth it!

Ye Yuan's monstrousness could no longer be described in words.

Once Ye Yuan died, all the heavens would no longer have an existence that could pose a threat to Progenitor anymore!

Hegemon Samsara and Progenitor Heavenless similarly could not!

As long as enough Blood Ward Beads were saved up, Progenitor would be able to come into being and break through the shackles that no one had ever broken through before, transcending the Great Beyond!

Therefore, he was overjoyed!

"Lord Bloodpromise is mighty!"

"Lord Bloodpromise is our blood race's number one meritorious official!"

... .

Far away, the blood race's powerhouses were unbelievably invigorated.

Killing Ye Yuan was even more important than winning this great battle.

Dong!

Just as they were happy, a loud noise came from above the void.

The dense God-Burying Flowers collapsed with a loud bang!

Originally, flying flowers drifted, natural and unrestrained.

Now, fallen flowers lay strewn all over the footpaths, the sun setting in the west mountain!

This sound came too suddenly, resulting in everyone not reacting in time.

But, directly scattering the flying flowers all over the sky, this visual effect was too strong.

However, this was just the prelude!

Fine cracks actually appeared in the surrounding space.

The entire void was like a broken mirror, cracks spreading out like cobwebs.

Following that, the void trembled. Many Hegemon Realm powerhouses actually could not stand firm and fell one after another!

Bloodpromise's expression changed drastically, his figure swaying with uncertainty.

Suddenly, a formidable force passed through space, directly transmitting onto his body.

"Pffft!"

Bloodpromise spurted a mouthful of blood wildly, directly being blasted flying out.

He was shocked to the extreme. Until now, he completely did not know where this attack came from!

But he knew that this was absolutely Ye Yuan's work!

That sound not only interrupted his casting, making the God-Burying Flowers all over the sky directly crumble, it even seriously injured him!

But what on earth did Ye Yuan do?

At this point, he actually still had a trump card?

The fragmented flowers dissipated; a figure emerged.

When everyone saw him, their pupils constricted!

Under Ye Yuan's feet, fine cracks spread out. It was actually the center of all the cracks.

His body was incomparably tragic, wounds and scars everywhere.

However, Ye Yuan's current imposing momentum was powerful to the extreme.

This was a kind of momentum, like saber momentum or spear momentum, but it was not on the same level at all.

Ye Yuan's momentum was seemingly going to trample this blue sky to pieces!

He was merely an Emperor Sakra Heaven.

But, the tyrannical aura that was spilling from his body currently, it actually suppressed Mi Tian, Yi Xue, and the rest of the Great Beyond powerhouses.

It was as if he was the only sovereign under this stretch of sky!

"What a strong momentum! I've never thought that momentum could actually be so strong! Could it be that this is his final trump card?" Yi Xue's pupils constricted as he said in shock.

This move of Ye Yuan's already exceeded his imagination.

This move was unparalleled among his contemporaries!

Although his cultivation realm was significantly higher than Ye Yuan, it was also impossible for him to unleash such a terrifying move even if he exerted all his strength!

Fresh blood spurted wildly from Bloodpromise's mouth, and he roared angrily, "W-What move is this!"

Ye Yuan looked at him and said coldly, "Ever since gaining enlightenment on the Heaven volume, I had a new breakthrough in my understanding of Heavenly Dao again! Finally, I achieved mastery through a comprehensive study of my lifetime's learning, and created this move: Heaven Trampling Five Steps! Just now, it was the first form: Trampling Mountains and Rivers with One Step, Quiet Extermination of All Things Like the Night! Now, I'll let you witness the second form: Trampling the Eight Desolates with Two Steps, Inverting the Universe Myriad Extinction!"

Ye Yuan did not talk nonsense, his foot slowly raising. His entire person's imposing momentum actually rose to another level on top of the original basis!

The firmament quivered!

Crack!

Crack!

Crack!

Terrifying tribulation clouds condensed and formed above the void.

Seemingly issuing a warning with regards to Ye Yuan's imposing momentum.

Bloodpromise's complexion was deathly pale. Under this imposing momentum, he could not give birth to any desire to resist at all.

If Ye Yuan just now was the monarch who overlooked the world proudly.

Then Ye Yuan now was the emperor who ruled all life!

Everything had to submit under his feet!

But, seeing the tribulation clouds, Bloodpromise seemed to have grasped the last life-saving straw!

"Hahahaha ... Heaven trampling! Heaven trampling! You're going against heaven and will not be tolerated by Heavenly Dao! No matter how strong this move of yours is, so what? Heavenly Dao ... won't tolerate you!" Bloodpromise pointed at Ye Yuan and said crazily.

Ye Yuan looked at him like looking at an idiot and said coolly, "I'm a divergent cultivator to begin with. What do I fear going against heaven! If Heavenly Dao doesn't tolerate me, I'll trample this Heavenly Dao underfoot!"

In the next instant, Ye Yuan seemed to have exhausted all the strength in his body, stepping down!

At this moment, that tiny body of Ye Yuan's seemed to be as high as heaven and earth, akin to a celestial deity!

Boom!

The void trembled heavily!

The surrounding space directly shattered!

The void turbulent currents flooded in crazily.

Extreme Medicine Sect's mountain pass gates fell apart to pieces under his stomp!

Extreme Medicine Sect's various mountain peaks and ranges were leveled to the ground at this instant!

The scariest thing was that the terrifying tribulation cloud was actually directly scattered under this stomp of Ye Yuan's!

Bloodpromise looked at this scene dumbfoundedly, already forgetting his shock.

What did he see?

That tribulation cloud could easily exterminate a Peak Hegemon!

But, under this stomp of Ye Yuan's, it actually did not even have strength left to retaliate.

Could it be that Ye Yuan had already reached a state above Heavenly Dao?

But very soon, he felt at ease.

A force that was even more terrifying than earlier, transmitted over from god knows where.

His body was directly reduced to nothingness under this force!

Ye Yuan put Feng Xiaotian down, his expression somber as he said, "Brother Feng, I've avenged your enmity toward Bloodpromise on your behalf!"

Chapter 3102: Pivotal Point of Life and Death!

Silence all around!

Everyone's faces revealed a look of extreme shock.

The powerful Hegemon Bloodpromise was actually directly annihilated under Ye Yuan's stomp!

Looking at the Ye Yuan standing in the sky, the blood race powerhouses all felt a shudder, including Yi Xue!

In that moment just now, the feeling that Ye Yuan gave people was invincibility, that he could not be defeated!

The powerful tribulation cloud actually took the initiative to retreat. It could be seen how terrifying he was!

"This ... What move is this? Why do I feel like Heavenly Dao had descended?"

"Lord Bloodpromise actually died. He didn't even have the chance to revive!"

"What a terrifying move! This move had already surpassed the domain of a divine ability! Most likely, it's simply impossible for Great Beyond Realm ancestors to create it too!"

... . .

Ye Yuan said that this was the strongest move that he created after he achieved mastery through a comprehensive study of what he learned.

But the power of this move already exceeded their understanding.

Therefore, they were alarmed and scared!

Heaven Trampling Five Steps, it was Ye Yuan's epitome work.

Visualizing the Heaven volume, other people's strengths could all advance by leaps and bounds. Hence, it was naturally impossible for Ye Yuan to march on the spot.

As the most important volume of the 12 Heavenly Dao Paintings, the Heaven volume was actually the general interpretation of Great Dao.

After Ye Yuan visualized it, he had a feeling of suddenly connecting things together.

Alchemy Dao, Formation Dao, Sword Dao, as well as his origin Great Daos, everything and everything, all merged together into an organic whole under the Heaven volume.

Heaven Trampling Five Steps, it was born in response!

Reaching Ye Yuan's current realm, he could already vaguely sense breaking through to Hegemon Realm, this pivotal point of life and death.

This battle was the battle that would determine his fate!

The battle with Heavenly Dao would be the most terrifying battle in his life.

In comparison, Progenitor Bloodstone, Ancestor Heavenless, so on and so forth, they were nothing.

And the Heaven Trampling Five Steps also represented his determination to trample Heavenly Dao!

This move was unleashed with momentum. It was different from all martial techniques.

But the power was incredible.

However, although the power was great, the sequela was similarly great!

After using this move, same as the ultimate moves of Chi Shang, Meng Jin, and the rest, his entire person would collapse.

Of course, this was not the most important thing.

The most important thing was that, after using this move, he could clearly feel the backlash of Heavenly Dao!

This move was a demonstration of power to Heavenly Dao. How could Heavenly Dao possibly be aloof and indifferent?

These were just the common tribulation clouds. It was very easy to resolve. But, in the final battle, it would be absolutely impossible to overcome it so easily.

Ye Yuan could even feel that the final Dao tribulation was currently brewing.

Such as now, Ye Yuan could distinctly feel that the Dao tribulation was getting closer and closer.

Utilizing this move was inducing the final Dao tribulation.

If the Dao tribulation descended in advance, with his current strength, he did not have the power to resist at all.

Therefore, this move could not be used easily.

Using it was tantamount to slow suicide!

But, for Feng Xiaotian's sake, Ye Yuan used it without the slightest hesitation!

Of course, with Ye Yuan's current strength, it was not enough to take the third step at all, let alone talk about the fifth step.

Forcibly taking the steps, without waiting for the Dao tribulation to descend, his own physical body would not be able to withstand it.

This move was too brutal!

“Kill! Leave none behind!”

Ye Yuan yelled angrily. All the general obeyed the order, charging towards the blood race’s remnants.

For some time, a whirlwind swept away the last clouds!

After repeated fierce battles, Yi Xue was already seriously injured.

He was burning with anxiety in his heart, wanting to get away. But Mi Tian and Zhao Yue tied him down fiercely. He could not escape at all.

Just a moment ago, he never thought that he would actually fall here!

But now, he was a little alarmed and frightened in his heart!

Ye Yuan’s appearance not only let Grand Brightjade Complete Heaven make a great comeback, it even had the intention of completely annihilating the enemies that came to invade.

Suddenly, Mi Tian gave a cold laugh and said, “You’re scared!”

During this great battle that lasted for three days and nights, Mi Tian was really aggrieved to the extreme.

With concern in his heart, he could not unleash his strongest combat power at all.

Clearly, Yi Xue had calculated all these.

But Ye Yuan’s appearance completely erupted the grievance that accumulated in his heart for three days.

Before this, how overweeningly arrogant was Yi Xue?

But now, he was like a dog that lost its home!

Yi Xue was being entangled by Mi Tian. Zhao Yue’s blow struck him hard in the chest.

Pffft!

Yi Xue’s chest was directly smashed through.

However, his wound was healing at a speed visible to the naked eye.

It was just that the speed was much slower than before.

Zhao Yue did not know fatigue at all. No matter how many times the opponent recovered, Zhao Yue would have the patience to continue destroying him.

“You think that you all have won?” Yi Xue smiled coldly as he returned fire.

“At least for this battle, we’ve won!” Mi Tian said.

“You can’t imagine Progenitor’s strength at all! He’s only one last step away from Great Beyond. Reaching our level of boundary, you should know what that means. Ye Yuan’s strength is decent, but just now, you should have sensed something too, right?” Yi Xue smiled coldly.

Ye Yuan’s Heaven Trampling Five Steps let him feel a kind of throbbing that came from the soul.

He had never felt this kind of throbbing before.

That was the fury of Heavenly Dao!

The fury of Heavenly Dao was hidden above the ninth heaven!

Reaching their level, their perception was naturally not what ordinary people could compare to.

The moment these words came out, Mi Tian’s expression turned cold.

Clearly, he felt it too.

“*Haha*, looks like you’ve felt it too! Tell me, can he really break through the shackles that no one since ancient antiquity has broken?” Yi Xue was covered all over in blood but said with a wild laugh.

“Under Heavenly Dao, all are ants! This ancestor also really wants to see just what kind of scale this unprecedented Dao Tribulation will be!”

“Heaven Trampling Five Steps, whether it will be you trampling on heaven or you being trampled underfoot by Heavenly Dao! This ancestor will really be waiting anxiously to see!”

“Mi Tian, even if you kill me, your Grand Brightjade Complete Heaven can’t escape the fate of being destroyed too! After Progenitor comes into being, your Grand Brightjade Complete Heaven won’t have a single fowl or dog remaining!”

The current Yi Xue was at the end of his rope, but his words were akin to a clap of thunder, exploding in everyone’s ears.

Grand Brightjade Complete Heaven’s powerhouses were shocked. They did not know what Mi Tian and Yi Xue felt.

But without a doubt, what Ye Yuan would be facing, was an unprecedented great calamity!

Mi Tian frowned hard and said in a solemn voice, “You talk too much! You can go and die already! Zhao Yue, do it!”

Finished saying, saint force surged on the two people’s bodies, already preparing to launch a shocking blow.

But Yi Xue was not afraid and said with a loud laugh, “Come on! Bring it on! My strength will eventually return to Progenitor’s body. He’ll bring me to watch your Grand Brightjade Complete Heaven be destroyed!”

Rumble!

Two formidable forces fell with a loud bang.

Yi Xue had already given up resisting. He knew that he could not escape anymore.

Right at this time, a blood-colored barrier suddenly appeared above the void, completely covering Yi Xue.

Boom!

The void trembled heavily; that blood-colored barrier was actually as stable as Mount Tai!

“Let’s go!”

A voice came from within the void.

Yi Xue was overjoyed when he heard and said, “Many thanks, Progenitor, for saving me! *Hahaha*, Mi Tian, I’ll watch you die without a burial ground with my own eyes!”

Finished saying, he tore apart space and directly escaped.

Chapter 3103: Chaos Heavenly Spirit List!

“Won! We ... We won!”

“Really didn’t expect that we could actually still survive! Sniff sniff ...”

“Heavenly Saint Ye will live for generations to come and be invincible under the heavens!”

... . .

After a brief silence, thunderous cheers erupted in front of the Extreme Medicine Sect’s mountain pass gates.

This victory that was not easy to come by made many people weep with great joy.

Some people fell into wild ecstasy.

Some cried, some laughed, some were inspired, and some were dispirited.

A myriad of emotions exploded completely under the joy of surviving a calamity.

Ye Yuan looked at them but could not be happy no matter what.

This battle was too tragic!

Many people that he knew had already perished, their Dao dissipating. He could no longer see their figures, especially Feng Xiaotian.

After the wild ecstasy, the people gradually calmed down.

Ye Yuan made a hand gesture. The whole place was silent.

The current Ye Yuan was already a god-like existence in everyone’s hearts.

Ye Yuan said loudly, “Brother Feng’s battles shattered the firmament throughout his life, only to protect the Dao in his heart! Although dead, it’s glorious! Today, he’ll be canonized as a god of war, and a statue will be established here to be admired by all generations! He is everlasting! Zhou Zicang and Song

Mingjiang followed the triumph. Their contributions are unparalleled. They will be conferred as the left and right protector celestial deities! Do you all have any objections?"

Everyone was respectful and said in unison, "We have no objections!"

If someone whose status was second only to Ye Yuan, that was bound to be Feng Xiaotian.

Although the god of war was dead, his power and influence did not drop!

Feng Xiaotian used his Dao to make everyone admire him endlessly.

Therefore, Ye Yuan conferred him as the god of war. The others did not have any refusal on this.

Swoosh!

Seven streams of flowing light flew out of Ye Yuan's body and landed on the ground with a bang, turning into seven giant mountains!

These seven enormous mountains were naturally the Myriad Realms Mountains.

Seven giant mountains, the heights were different.

Three of them had uneven heights, but the other four were the same height.

When everyone saw the situation, they were uncertain about this, but then they heard Ye Yuan speaking. He said, "From now on, the Myriad Realms Mountain will have the name changed to Chaos Heavenly Spirit List, divided into heaven, earth, mystic, and yellow, these four lists. They will be situated here forever! I'll engrave the fallen souls on it, recording their contributions for people to pay homage to them! From now on, those who rendered great contributions to Grand Brightjade Complete Heaven can all get on the list and be worshiped by everyone! Those who offend the Chaos Heavenly Spirit List will be exterminated!"

Finished saying, Ye Yuan took a drop of fresh blood from Feng Xiaotian's body and flew to the highest peak.

Swoosh!

Swoosh!

Swoosh!

Sword intent crisscrossed, Ye Yuan engraved Feng Xiaotian's name on the highest level of the heaven list.

'Feng Xiaotian,' these three large gilded characters, appeared in the most eye-catching position very soon.

These three words actually had a soul-stirring feeling.

It was as if Feng Xiaotian had revived on the Chaos Heavenly Spirit List!

Following that, Ye Yuan engraved Zhou Zicang and Song Mingjiang's names on the heaven list.

Ye Yuan was very patient, carving one name after another on the Chaos Heavenly Spirit List.

These people were all people that he had once known. But now, they were already separated by life and death.

The reason why Ye Yuan took this action was that he was inspired by the Extreme Light Pavilion.

Ye Yuan valued relationships. He did not hope for these heroic spirits, who shed their blood and laid down their lives, to be forgotten by people along with time.

Therefore, he would rather abandon the Myriad Realms Mountain, this chaos heavenly treasure that had just been successfully refined. He had to do something.

Ye Yuan's engraved very seriously. Each stroke and each line, they showed his seriousness.

Everyone looked at him with respectful faces.

Many people's faces had their eyes brimmed over with hot tears.

The names that Ye Yuan engraved, many of them were comrades who had once fought shoulder to shoulder with them.

When the names were engraved, it was as if they felt that that person had not gone far away yet.

But, what shocked them even more, was that Ye Yuan actually knew so many people!

Although Ye Yuan's cultivation realm was not high, he possessed a paramount position in Grand Brightjade Complete Heaven.

Even those whose strength reached Hegemon Realm might not be able to enter his eyes too.

They naturally would not extravagantly hope that Ye Yuan could remember their names.

But only at this time did they understand that Ye Yuan was actually very familiar with everyone. It was as if he was enumerating his family's valuables!

"I really didn't expect that Heavenly Saint Ye is actually so observant about the feelings of the masses!"

"Wang Dong and Li Xian and the few of us, we were just very unremarkable few people who followed Heavenly Saint Ye in the Labyrinth Divine Palace back then. Didn't expect that he actually remembered us all!"

"In terms of contributions, no one's contribution is greater than Heavenly Saint Ye's! But he abandoned a chaos heavenly treasure and actually gave all the credit to others! He really is ... a man of great talent and virtue!"

"Take care, brothers! You guys, rest assured. Your Father definitely won't taint everyone's awe-inspiring reputations! I only hope that one day, Your Father can enter the Chaos Heavenly Spirit List too!"

... . .

Seeing Ye Yuan like this, everyone felt inexplicably touched.

Nearly ten thousand people entered the Labyrinth Divine Palace together with Ye Yuan back then.

Those who stood out among the rest and stepped into Hegemon Realm were just the minority after all.

But they did not expect that Ye Yuan actually even remembered those unremarkable people clearly.

This sort of thing, they believed that no leader in the 33 Heavens could do this!

What did this show?

This showed that Ye Yuan would not look down on anyone!

The achievements of a general were built on the dead bodies of countless soldiers. To the leaders, those weaklings were only the stepping stones on their path to corroborate their Dao.

No leader would take them seriously.

This was unless you were outstanding enough.

But Ye Yuan was different. He treated everyone equally.

Whether or not you were outstanding or mediocre, he would not look down on you.

These names were clear proof!

Forget about others; just talking about Mi Tian, could he even name the Dragon Clan's Emperor Sakra Heaven powerhouses?

Impossible!

To Mi Tian, the level difference for Emperor Sakra Heaven was too great!

Mi Tian arrived next to Cloudmount and said with a sigh, "This boy, how does he not make people be ground to pieces for his sake? Following him, there will be no regrets in death too! I think that Feng Xiaotian thinks so too, right?"

Cloudmount nodded his head seriously and said, "What this old man is proudest of in this life is accepting this disciple! Lord Mi Tian, what on earth did you sense just now?"

Mi Tian's expression flickered and he said with a sigh, "Heavenly Dao's hidden anger. Ye Yuan's tribulation of Hegemon will likely surpass everyone's imaginations! Although he's monstrous, but ..."

But what Mi Tian did not say caused Cloudmount's expression to become very ugly.

Very clearly, Mi Tian was very pessimistic about Ye Yuan.

The present Ye Yuan was able to kill the Peak Hegemon Bloodpromise with the Heaven Trampling Five Steps. It could be seen how monstrous he was.

But, even such a person like Ye Yuan, Mi Tian did not find it optimistic. What did this mean?

Cloudmount said worriedly, "What in the world will happen?"

Mi Tian shook his head and said, "The more one reaches my level of realm, the more one feels that Heavenly Dao is fleeting and ephemeral. Yi Xue and I merely sensed something, that's all. Just how his tribulation of Hegemon will be like, nobody knows. This is because there has never been a divergent cultivator who has achieved Ye Yuan's strength! Even Heaven is envious of his strength! However, the hidden anger of Heavenly Dao struck deep terror into me. If Heavenly Dao punishes me, I'm afraid that

... I won't have the slightest strength to fight back! Ye Yuan's tribulation of Hegemon is likely fraught with grim possibilities!"

Cloudmount's heart sank to rock-bottom. This piece of news was really terrible!

Swoosh!

Swoosh!

Swoosh!

Ye Yuan was still carving names with each stroke and line.

But, from far away, Zhuo Bufan's pupils constricted. He felt that the aura on Ye Yuan's body changed!

Chapter 3104: Defying Heaven and Changing Fate!

Ye Yuan's pen expressed dragons and snakes, sword intent crisscrossing.

Each stroke and each line did not reveal a sharp edge but faintly contained an infinite amount of power.

He had never seen before this kind of sword intent.

Zhuo Bufan immersed himself in Sword Dao his entire life. What he pursued was the extremity of strength.

No matter how strong you were, I would break through with just one sword.

Therefore, he accumulated for many years in Emperor Sakra Heaven Realm, splitting apart the road of life and death with one sword, directly reaching Supreme Hegemon, stunning the entire 33 Heavens.

But Ye Yuan's sword intent currently was completely different from his understanding of the sword.

What Ye Yuan pursued did not seem to be the extremity of power but something else.

But this did not mean that Ye Yuan's Sword Dao was not strong.

On the contrary, Zhuo Bufan felt that Ye Yuan's Sword Dao was extremely powerful!

All of the power was hidden within his strokes.

"Bufan, have you understood Ye Yuan's sword?" Mi Tian asked.

Clearly, he discovered it too.

Zhuo Bufan shook his head and said, "I don't understand at all! This Zhuo has comprehended on the sword all my life. I only seek to be uninhibited! His sword intent is getting stronger and stronger, but it doesn't have killing intent. It's as if all of the concepts are sealed in the brush strokes. With his close friend's death, carving the Chaos Heavenly Spirit List, it's originally something of great sorrow. But there's no sadness in his sword intent. On the contrary, it has the feeling of solemnity instead! I don't quite understand. If he's sealing the sword intent, then what's the use of gaining enlightenment on the sword?"

Mi Tian frowned. Clearly, he did not understand it either.

His feeling was not as clear as Zhuo Bufan's. But, with his realm, he was naturally able to understand many things too.

It was just that. He also could not understand what on earth Ye Yuan comprehended.

However, Ye Yuan's sword intent grew stronger and stronger. A tremendous power seemed to be contained in the entire Chaos Heavenly Spirit List.

The current Chaos Heavenly Spirit List was like a bomb that was growing larger and larger in tonnage. The feeling that it gave people was extremely dangerous.

But somehow, under this power, everyone from Grand Brightjade Complete Heaven felt a sense of security.

This kind of feeling was very conflicting, and yet it was so real.

No idea how long had passed either, the Chaos Heavenly Spirit List's aura suddenly changed. It actually gave off rays of golden light halo.

This light halo spread out, submerging into the void.

"*Mn?* What is this?"

"The Chaos Heavenly Spirit List seems to be different!"

"You guys, quickly look! The broken space seems to be repairing! This light halo is restoring Grand Brightjade Complete Heaven!"

... .

This great battle involved a thousand hegemon realm powerhouses. It could be seen how shocking the destructive power was.

Back then, the Labyrinth Divine Palace's battle, fighting until a world fell apart to pieces was also normal.

The current Grand Brightjade Complete Heaven was virtually fought until it crumbled to pieces.

This kind of plane was no longer suitable for cultivation.

Of course, the Eternal River flowed, and Grand Brightjade Complete Heaven would slowly recover. But this time would be very long.

But currently, Grand Brightjade Complete Heaven's space was actually being repaired quickly.

Large amounts of Eternal River chaos poured into Grand Brightjade Complete Heaven. It was as if receiving some kind of guidance.

Zhuo Bufan looked at this scene wide-eyed and was tongue-tied. He then said in shock, "Just what did he comprehend to actually be able to have such a wonderful effect? Sword Dao cutting edge is mainly for killing! I've never thought that it would actually have this kind of restoration effect ... It's too inconceivable!"

Mi Tian was also greatly surprised and said, "This old man was born from heaven and earth. How many heroes and peerless heaven's chosen have I seen before? I've long already become used to it. Today, I really broadened my horizons! This boy actually remolded Grand Brightjade Complete Heaven with Sword Dao as a guide! However, this isn't his own power. Only now did this old man know that some people died, but they are still living in this world!"

Zhuo Bufan's eyes were full of respect and emotion. He said with a nod, "Everyone says that Hegemons live forever, but how many can really live forever? The fleshy body is easy to decay, but the spirit can live forever! Their cultivation realms might not be high, and their strength might not be great, but their spirit and willpower will endure forever with Grand Brightjade Complete Heaven!"

Mi Tian drew a deep breath and said, "I really don't know how this kid thinks to actually come up with this Chaos Heavenly Spirit List. Perhaps in the future, it will become an extremely terrifying treasure!"

Abandoning a chaos heavenly treasure, furthermore, it was the Myriad Realms Mountain, this kind of top-grade chaos heavenly treasure. Not everyone had this boldness.

With the Myriad Realms Mountain in hand, Ye Yuan's combat power would rise to a new high!

But he gave it up resolutely for the sake of Feng Xiaotian and the others, these heroic people who died in battle.

But looking at it now, Ye Yuan's abandonment was the right choice!

Zhuo Bufan nodded and said, "Willingness to part; only by giving up can one attain something! But, among humans, how many have such resolve to abandon the most important thing to them?"

"It's them! It's really them! They are not dead yet!"

"A-Ahh, I seem to have heard that they want to fight side by side with us!"

"Yeah, the danger of the blood race isn't eliminated yet. Why would these guys be willing to die just like this? Brothers, we'll continue fighting side by side!"

... .

The powerhouses present also felt a familiar aura.

The intent emitting from the Chaos Heavenly Spirit List was currently reverberating between this heaven and earth.

Many people even had their eyes brimmed over with hot tears.

Was death the end point?

No!

They would rather die to protect this hot soil!

This was their home. No one was allowed to encroach upon it!

One day, two days, a month!

Boom!

People seemed to have felt the entire Grand Brightjade Complete Heaven tremble a bit.

Space was completely consolidated!

But it was not over yet!

The light halos emitting from the Chaos Heavenly Spirit List got stronger and stronger. It was actually strengthening the space.

Mi Tian's pupils constricted slightly, and he said, "You guys noticed it?"

Cloudmount, Zhuo Bufan, and the rest nodded one by one.

Mi Tian said, "These golden light halos are actually reinforcing outside the boundary wall! Furthermore, it's not just one layer! At this rate, not only will Grand Brightjade Complete Heaven's space become incomparably stable, the heaven and earth spiritual energy retained will reach a terrifying level! Perhaps, Grand Brightjade Complete Heaven will become the highest level plane of the 33 Heavens!"

This one sentence from Mi Tian was earth-shattering!

The 33 Heavens, the heaven and earth spiritual energy in all the heavens would reach a delicate balance.

A low-level plane such as Grand Brightjade Complete Heaven could not retain more heaven and earth spiritual energy at all.

Therefore, it was a low-level plane.

And a high-level plane like Voidshrine Illuminating Heaven, the space was extremely stable. The heaven and earth spiritual energy retained was also abundant.

Only an abundance of heaven and earth spiritual energy would give birth to more Hegemon Realms, and only then would the strength of the plane get stronger!

Hence, that was why the four great true spirit clans would regard themselves as superior to others.

It was not without basis that they called themselves a high-level race.

It was just that the superiority of planes could not be transferred by outside force at all.

Even if your strength could access heaven and penetrate the earth, it could not change the attribute of the plane too.

But at this time, Grand Brightjade Complete Heaven's space grew more and more stable. Most likely, it would jump up and surpass Voidshrine Illuminating Heaven!

No one thought that Ye Yuan creating the Chaos Heavenly Spirit List would actually produce such a miraculous effect.

Defying heaven and changing fate was also nothing more than this!

Zhuo Bufan's pupils constricted, and he said, "I think I understand!"

Chapter 3105: Fated Battle!

Everyone's gazes looked toward Zhuo Bufan.

Clearly, they were all curious about how Ye Yuan did it.

Zhuo Bufan did not explain right away, but the sword intent in his body surged to the sky!

Mi Tian's gaze flickered, and he said, "This guy is finally going to have a battle with Ye Yuan! I didn't expect that this day would come so quickly!"

Everyone was in shock. Hegemon Bufan was actually going to have a battle with Heavenly Saint Ye?

Zhuo Bufan was a Supreme Hegemon!

"Got to be kidding! Although Heavenly Saint Ye is formidable, it's also impossible to be Hegemon Bufan's match, right?"

"What's Hegemon Bufan trying to do? Bully people?"

"They are clearly going to determine the victor with Sword Dao. But Hegemon Bufan's Sword Dao also belongs to an extremely strong existence among Supreme Hegemons! This is clearly bullying people!

... .

Many people revealed indignant looks. Clearly, they did not understand why Zhuo Bufan was challenging Ye Yuan at this time.

If Ye Yuan had used the Heaven Trampling Five Steps, he might not be unable to have a battle with Zhuo Bufan.

But clearly, Ye Yuan would not use it.

No matter how strong Ye Yuan's Sword Dao was, his cultivation realm was not there yet after all. It was simply impossible to be Zhuo Bufan's match.

Regarding everyone's questioning, Zhuo Bufan clearly ignored it.

But Mi Tian said, "You haven't said it. What did you understand?"

Zhuo Bufan's gaze was slightly intent as he said, "Ye Yuan's sword is the sword of guarding! I won't offend people unless I'm offended! If people offend me, I'll surely cut them down with the sword! His sword is only drawn to protect people; hence, that was why he sealed his sword intent! But, once enemies came to invade, his sword's sharp edge would definitely be unsheathed!"

Mi Tian said with a sudden realization, "So that's how it is! Therefore, his sword intent spurred the thoughts of the people who had died, sealing their wills in the Chaos Heavenly Spirit List! Countless people's will, setting Great Dao into motion too; that's why it caused such a huge commotion. It was letting Grand Brightjade Complete Heaven defy heaven and change its fate! Because this place here is precisely the soil that they used their lives to protect!"

Zhuo Bufan nodded slightly. Clearly, Mi Tian's words hit the mark!

Cultivators were powerful. The thoughts of people who had just died would not dissipate into heaven and earth.

Therefore, Ye Yuan spurred those thoughts with sword intent to protect Grand Brightjade Complete Heaven together!

Zhuo Bufan said, "He's going to break through! The battle between us is finally coming!" His gaze flickered.

Before his voice faded, Ye Yuan's brush stroke fell heavily, finishing the last name!

Following that, the aura on his body rose rapidly!

In remolding Grand Brightjade Complete Heaven, the Chaos Heavenly Spirit List pulled in large amounts of Eternal River chaos. It was perfect for Ye Yuan's breakthrough.

Boom!

Ye Yuan's cultivation realm directly reached grand completion Emperor Sakra Heaven!

Arriving here, it abruptly stopped!

His cultivation realm could no longer rise further.

The next step would be to confront that terrifying Dao tribulation!

Ye Yuan drew a deep breath and said, "Have I finally come this far?"

"Ye Yuan, come and fight!" Right then, a voice sounded out.

Ye Yuan looked over and said with a smile, "Brother Zhuo, our battle has finally come!"

Zhuo Bufan said, "This Zhuo cultivates the sword. It's only to seek to have a clear conscience! But Honorable Brother Ye cultivates the sword to protect all life under heaven! I'm inferior!"

Ye Yuan shook his head and said, "Dao is just the means. The key lies in the heart! Brother Zhuo overcame the raging tides with your power alone. It's similarly protecting all life under the heavens! It's just that the means are different, that's all! Brother Zhuo doesn't have to be modest!"

Zhuo Bufan's gaze flickered, seemingly somewhat comprehending.

Ye Yuan leaped up and faced Zhuo Bufan from afar and said smilingly, "Come on! I've looked forward to this battle for a long time already!"

Zhuo Bufan laughed loudly and said, "*Haha*, come and fight!"

After he was done talking, a sword emerged. Everyone was shocked!

Zhuo Bufan's sword pressed forward indomitably, the power formidable until it made people give birth to fear in their hearts.

This sword revealed its sharp edge. Coupled with his Supreme Hegemon strength, it made many people's expressions change.

They all looked at Ye Yuan worriedly, somewhat doubting whether or not he could block this sword.

After all, the gap between the two people's realms was seriously too great!

Bloodpromise was the blood race's genius, but Zhuo Bufan was an unrivaled human race genius!

One sword breaking through three realms, this was absolutely not what the average genius could achieve.

"Bring it on!"

Ye Yuan howled, sword intent similarly surging on his body.

It was only to see him tap the void, and saint force poured out crazily. It actually formed a round shield!

Zhuo Bufan's pupils constricted, and he cried out in shock, "The sword has no constant form! It looks like you've really had a grand awakening!"

This buckler looked like it was completely unrelated to the sword.

But Zhuo Bufan was immersed in Sword Dao all his life. So how could he not understand that this buckler was totally a sword!

No one stipulated that the sword must be a sword.

Water had a variety of forms; soldiers had no fixed formation!

Everything came from the heart!

What Zhuo Bufan's sword heart pursued was this Dao!

But he had not taken this step yet.

When he took this step, he would be able to break through to Great Beyond Realm.

This showed that Ye Yuan had actually already surpassed Zhuo Bufan in Sword Dao origin!

Boom!

The buckler collapsed with a loud bang. Ye Yuan was sent flying too, but he was fine.

"Sword, come!"

Ye Yuan's saint force spat wildly and actually directly condensed into a sword, counterattacking Zhuo Bufan.

Zhuo Bufan raised his sword to block and resolved it easily!

Above the void, two kinds of sword intents were crisscrossing, going back and forth.

Emperor Sakra Heaven and Supreme Hegemon were actually locked in a struggle!

From below came a series of exclamations.

"How formidable! A-Actually fought to a draw!"

“How is this possible? Heavenly Saint Ye just broke through a minor realm, and he’s actually able to stand up to a Supreme Hegemon as an equal already!”

“Hegemon Realm is really monstrous! If he breaks through to Hegemon Realm, he should be able to have the power to contend with the blood race’s Progenitor!”

... . .

Only then did they understand why Zhuo Bufan wanted to challenge Ye Yuan.

If he still did not challenge, Zhuo Bufan would never have the chance anymore!

The current Ye Yuan already had the capital to fight with Supreme Hegemons.

If Ye Yuan could break through to the realm of Hegemon, Zhuo Bufan would completely not be Ye Yuan’s match anymore.

At that time, what would be the point of fighting?

“Motherf*cker, the gap between I, Hegemon Auresky, and this guy is getting bigger and bigger! When can I challenge him again?” In the crowd, Yang Qing could not resist cursing.

Breaking through to Hegemon Realm, he originally thought that he could suppress Ye Yuan.

Who knew that Ye Yuan’s combat power could actually rival Peak Hegemons already!

Now, Ye Yuan could even have a fight with a Supreme Hegemon!

Furthermore, it was even a top powerhouse like Zhuo Bufan.

Although he was bold, he had a sense of powerlessness when facing Ye Yuan too.

Some people, no matter how hard you worked, you were unable to surpass them too!

Feng Qingxuan looked at him disdainfully and said, “It’s impossible for you to surpass Ye Yuan in this lifetime!”

Yang Qing said unhappily, “Don’t you forget. It’s a huge hurdle for this guy to break through to Hegemon Realm! He absolutely won’t dare to break through to Hegemon Realm within a short time! Therefore, this is my best time to surpass him!”

Feng Qingxuan’s beautiful eyes flickered, but she fell silent, her face revealing a look of worry.

What Mi Tian and Yi Xue felt previously made her somewhat worried.

Dong!

Dong!

Dong!

Everyone only saw two afterimages fighting soul-stirringly above the void.

Suddenly, the two people separated upon contact.

This great battle abruptly stopped!

It was only to see Zhuo Bufan's both eyes tightly shut, the sword intent on his body growing stronger and stronger, virtually going to shatter the firmament!

Behind him, the Door of Eternal Life appeared.

Mi Tian stroked his beard and said, "Not bad, not bad! Our Grand Brightjade Complete Heaven is going to have one more Great Beyond powerhouse!"

Chapter 3106: Young Master Is Remarkable!

Whoosh!

A sword lacerated the sky, only to hear a rumble.

A tiny gap slowly opened in the Door of Eternal Life, unbelievably powerful saint force poured into Zhuo Bufan's body.

Saint force flooding the body, Zhuo Bufan's aura became even more fleeting and ephemeral.

He stood there as if representing Heaven.

Every movement and action was Dao accumulation!

This was Great Beyond!

"Zhuo Bufan is really hair-raisingly strong! He knocked open the Door of Eternal Life with just a sword!"

"One sword breaking through three realms back then, now, one sword knocking open eternal life! Hegemon Bufan is really god-like!"

"If not for being born in wrong times, Hegemon Bufan would definitely be able to reach blood race Progenitor's realm. A pity, a pity!"

... .

Zhuo Bufan knocked open the Door of Eternal Life with just a sword, ascending to the realm of Great Beyond.

Grand Brightjade Complete Heaven burst into an uproar again.

Great Beyond Realm, it was hard for one to emerge in 100 thousand years too!

Although Supreme Hegemons broke through three seals, their strength formidable to the extreme, knocking open the Door of Eternal Life was even harder than breaking the three seals combined!

Great Beyond powerhouses were far too few.

The former Grand Brightjade Complete Heaven did not even have a single Supreme Hegemon. It could be seen how rare Great Beyond powerhouses were.

The present Grand Brightjade Complete Heaven had six mighty Great Beyond powerhouses, but these six people were all of the true spirit race.

With Zhuo Bufan breaking through, this was Grand Brightjade Complete Heaven's first Great Beyond powerhouse in the true sense, with an extraordinary significance.

Putting away the Door of Eternal Life, the disposition on Zhuo Bufan's body underwent a huge change.

The current him seemed like a sword standing proudly in heaven and earth, giving people an extremely powerful feeling.

It was only to see his figure drift, arriving in front of Ye Yuan.

"I lost!"

No one expected that the first sentence after Zhuo Bufan broke through to Great Beyond Realm was actually to concede defeat!

Everyone was extremely shocked, because in that battle just now, it was clearly Zhuo Bufan who won by half a move before having a grand awakening.

Now, how did it become him admitting defeat?

Ye Yuan smiled and said, "You and I both held a trick in reserve. Why talk about admitting defeat?"

Zhuo Bufan had a serious look and shook his head. He said, "A sword of protection won't be drawn toward your own people! But just now, you and I were both at the pinnacle; just half a step away from the final sword. I faintly felt the power of your sword of protection! This half a year of sword engraving, you're the one who had a grand awakening!"

Ye Yuan chuckled and said, "Since you know that my sword won't attack my own people, then what's the point of determining a victor? You are you; I am me. Our Dao is different!"

Zhuo Bufan was taken aback and said with a nod, "Indeed, it was me who valued victory too much! Ye Yuan, what should we do next?"

Ye Yuan sighed slightly, his gaze looking into the distance as he said, "Progenitor Bloodstone's recovery speed far exceeds my expectations! Now, not only is his strength fully recovered, his strength improved a step further. In less than three years, he'll definitely come into being! In the struggle of the three great progenitors, it will likely still be him who wins!"

When these words came out, the crowd burst into an uproar.

Three years were too short!

The current Grand Brightjade Complete Heaven was moving towards prosperity, but it had not completely grown up yet after all.

What they needed was time!

Mi Tian said, "I exchanged blows with him earlier and felt that he was unfathomable! Once Progenitor Bloodstone comes into being, I probably won't even have the strength to fight back!"

Everyone's heart shook again. Even Mi Tian acknowledged his superiority, which was equivalent to saying that they were already waiting for death!

No matter how many Great Beyond powerhouses, it was useless too!

In an instant, a haze enveloped everyone.

The joy of victory was also swept clean.

Ye Yuan said, "Senior Mi Tian, Brother Zhuo, you guys bring 800 bloodline warrior brothers to go and rush to the rescue of all the heavens, however many you can save counts. But remember, don't go too deep in. Although we're very strong, the blood race has more powerhouses! Once they group together somewhere, we won't be a match either!"

Mi Tian said, "But this old man can't command Zhao Yue them all!"

Ye Yuan smiled and said, "Relax, I had some comprehension in the Bloodcloud Grand Array and should be able to help them recover their original appearance."

Mi Tian raised his brows and said in pleasant surprise, "That's great!"

Zhuo Bufan said, "What about you?"

Ye Yuan said somberly, "After I treat them, I'll start my closed-seclusion and prepare to assault Hegemon Realm!"

Mi Tian's expression changed, and he said, "Do you ... have confidence?"

Ye Yuan shook his head.

Zhuo Bufan said, "You're our last hope! As long as you break through to Hegemon Realm, only then will there be hope of fighting with Progenitor Bloodstone! If you die, everything is over! You have to be careful in ... overcoming the tribulation!"

Ye Yuan said solemnly, "Time doesn't wait for me! I have a trace of Progenitor Bloodstone's origin and can barely manage to sense his power. He's currently much stronger compared to during the Labyrinth Divine Palace! Once he comes into being, it will likely be when he has completely transcended the Great Beyond! At that time, even if I break through to Hegemon Realm by a fluke, I also won't have full assurance of winning against him! Do what we can, and we leave it up to fate then!"

Everyone was tongue-tied, all looking at each other, revealing a look of dismal.

... . .

The war started again. Mi Tian led the army and moved out of Grand Brightjade Complete Heaven.

In front of the troops, eight mighty Great Beyond powerhouses were standing shoulder to shoulder. It was a shocking line-up!

Grand Brightjade Complete Heaven's powerhouses all felt like they were dreaming.

Eight mighty Great Beyond powerhouses, this was simply unimaginable in the past.

But Ye Yuan created this grand occasion with his own hands!

"What do you think, Zhao Yue?" Mi Tian asked Zhao Yue.

The current Zhao Yue, his body was big and tall, and his gaze was firm. He was no longer of that wild beast appearance.

There was nothing in this world that could not be refined!

Ye Yuan matched the blood race's blood essence with the chaos heavenly medicines that he acquired in the Labyrinth Divine Palace. He then refined a chaos heavenly pill, finally curing Zhao Yue.

At present, he had already recovered his intellect and became the commander-in-chief of the 800 bloodline Hegemons!

Furthermore, his strength was a notch above Long Jian and the rest.

With a huge army rallying, Mi Tian saw that Zhao Yue seemed to have all sorts of emotions welling up in his mind. That was why he asked this.

"Young Master is remarkable!" Zhao Yue said.

Mi Tian was taken aback, not expecting that he actually gave such an answer.

He knew that the Zhao Yue back then was merely a minor character. His strength was merely Emperor Sakra Heaven.

Now, he recovered his intellect, but he was already at the Great Beyond Realm. Furthermore, he led hundreds of Hegemons. Mi Tian even thought that it was caused by him being rather excited.

He did not expect that Zhao Yue was actually feeling emotional about Ye Yuan.

After spending several months' time treating Zhao Yue and the rest, Ye Yuan directly went into closed-seclusion.

Everyone knew that Ye Yuan was facing a life-and-death juncture!

On the day he left seclusion, it would be when he transcended his tribulation!

When the time came, heaven and earth would change colors!

"Oh, what do you mean?" Mi Tian said with a smile.

Zhao Yue said without hesitation, "This spectacular sight, Young Master can't imagine it at all previously! Back then, the Labyrinth Divine Palace swept across all the heavens. It was also merely thus! And the powerhouses in the Labyrinth Divine Palace were all unrivaled geniuses. But we all, these people, are all a bunch of trash! Young Master transformed the rotten into something magical, letting us become peerless powerhouses! Without Young Master, there wouldn't be us, these eight Great Beyond Realms, let alone them, these Hegemon Realms! Therefore, I'm filled with all sorts of emotions at Young Master's remarkableness!"

Mi Tian thought about it. It was true!

Although he was a natural Great Beyond powerhouse, without Ye Yuan, he could not have recovered his strength at all.

Without Ye Yuan, it would naturally have been impossible for Long Jian and the others to break through to Great Beyond.

Regarding Zhuo Bufan, Zhao Yue, Mi Zhen, and a few more, these eight mighty Great Beyond Realms, were actually single handedly created by Ye Yuan!

This was really scary!

One could say that this Hegemon army that made all the heavens tremble was all single handedly created by Ye Yuan!

Mi Tian drew a deep breath and said, "Yeah, this kid is remarkable!"

Chapter 3107: Ye Yuan's Doom!

Above the void, a long spear was akin to a dragon, blowing away the firmament.

Saint force surged on Yang Qing's body, fighting with a blood race Great Beyond powerhouse until they were locked in a struggle.

"Chi Hu, you're called the blood race's number one genius. You're even a level above Bloodpromise. Looking at it now, it's also nothing more than this! I only dare call myself the number two genius in the human race!" Yang Qing sent out a spear, directly sending Chi Hu flying as he said with a loud laugh.

At the opposite side, Chi Hu had a livid expression.

After three years of fierce battles, Yang Qing went from an unknown ordinary Hegemon to becoming a Great Beyond Realm mighty expert.

Yang Qing was forever that crazy. During these three years, he experienced countless narrow escapes from death, stimulating his potential to the extreme.

Coupled with Grand Brightjade Complete Heaven's heaven and earth spiritual energy growing richer with each passing day, his cultivation realm also rose rapidly, breaking through the fetters of Hegemon Realm, becoming the ninth Great Beyond!

At that time, Chi Hu could not even be bothered to glance at Yang Qing because he was the blood race's number one genius!

This number one genius was not Bloodpromise, that kind of person who had not grown up yet. He was a true genius!

Chi Hu was the blood race's youngest Great Beyond Realm powerhouse!

But in a short three years, this cocky to the extreme fellow in front of him actually slapped his face.

He exchanged blows with Yang Qing but was firmly suppressed by him, beaten until he was depressed.

He naturally knew who was humanity's number one genius that Yang Qing was talking about.

Ye Yuan!

Ever since going into closed-seclusion three years ago, there had been no news about that guy until now.

But the entire 33 Heavens had his legend!

It was him who overcame the raging tides with his power alone, completely reversing the 33 Heavens' war situation.

During these three years, Grand Brightjade Complete Heaven's army went on a punitive expedition, walking all over the 33 Heavens, rescuing countless living beings.

And Grand Brightjade Complete Heaven's army was also like a rolling snowball, growing larger as it rolled.

The blood race army had numerous powerhouses, far exceeding that of Grand Brightjade Complete Heaven. But Grand Brightjade Complete Heaven's army did not have the desire to linger in battle. Their objective was to save people.

And Grand Brightjade Complete Heaven also became the 33 Heavens' final barrier. When countless powerhouses received the news, they swarmed over here one after another.

After experiencing the initial-most chaos, the blood race army gave up on fighting with divided forces and concentrated all of their military power on attacking Grand Brightjade Complete Heaven.

But, outside of the blood race's expectations, Grand Brightjade Complete Heaven's boundary wall was sturdy to the extreme!

With Great Beyond powerhouses defending, they actually failed to invade. They suffered a huge loss instead.

As the commander-in-chief, Yi Xue was depressed to the extreme.

He could not figure it out, even after racking his brain. When did the lowest-level plane, Grand Brightjade Complete Heaven, become so sturdy?

After paying an extremely heavy price, the blood race finally opened up a hole in the boundary wall.

Hence, a drawn-out seesaw battle unfolded between both sides, all the way until now.

However, the terrifying thing was that Grand Brightjade Complete Heaven's boundary wall seemed to show signs of growing sturdier the more they fought!

The instigator of all these was naturally the Chaos Heavenly Spirit List!

After engaging in fierce battles for a long time, the power of wills gathered on the Chaos Heavenly Spirit List also grew stronger and stronger.

Grand Brightjade Complete Heaven's boundary wall had a special characteristic: it was extremely averse to the blood race!

In contrast, when other races entered it, there were not many restrictions.

Therefore, Grand Brightjade Complete Heaven also became the final fortress of all the heavens and myriad races.

Those remnant forces that survived entered Grand Brightjade Complete Heaven one after another.

Over three years, Grand Brightjade Complete Heaven's combat power grew stronger.

Facing the arrogant Yang Qing, Chi Hu burned with fury and said with a cold smile, "Number one genius? Someone that's abandoned by Hegemon is also worthy of being called a genius? *Heh heh*, talk again after he overcomes the tribulation of Hegemon!"

Yang Qing followed up with another spear and said, "A frog at the bottom of a well! The heaven can't stop Ye Yuan's path of breakthrough too!"

Chi Hu was indifferent and said, "Is that so? This seat will be watching right here, watching how he transcends the tribulation! *Hahaha!* Also, Progenitor might come into being at any time! When Progenitor comes into being, even if he got lucky and transcended the tribulation of Hegemon, it will be a road that led to death too!"

Before Yang Qing could speak, Yi Xue's loud laughter came over. "*Hahaha*, it looks like you all are still holding onto hope in your hearts! It's impossible for Ye Yuan to successfully overcome his tribulation! Don't you agree, Mi Tian?"

Mi Tian's face turned black, and he said in a solemn voice, "If it was someone else, there's definitely no hope! But he's Ye Yuan!"

Yi Xue laughed loudly again when he heard that and said, "You're deceiving yourself as well as others! Actually, even you yourself don't believe it either, right? If I didn't guess wrongly, you probably haven't told Ye Yuan what he'll be facing, right?"

Mi Tian's expression was very ugly. This time, he did not speak.

How clever were Yang Qing and the rest? They felt that something was wrong very quickly.

He could not help stopping. He stared at Yi Xue coldly.

"Yi Xue, what on earth are you talking about?"

Yi Xue looked at him and said with a smile, "The 33 Heavens have existed forever. No idea how many things that had already been buried in oblivion. Of course, no idea how many geniuses had once radiated with light! Since time immemorial, formidable divergent cultivators weren't just Ye Yuan alone!"

Mi Tian said in a cold voice, "Enough, Yi Xue!"

But Yi Xue was indifferent and continued, saying, "What? Are you not willing to tell them this bad news? But when the 33 Tribulations of Apocalypse is here, will they still not know? You are deceiving yourself as well as others!"

Yang Qing, Zhuo Bufan, and the rest, their pupils constricted, and they could not help looking at Yi Xue.

They had never heard of the 33 Tribulations of Apocalypse before!

Below Hegemon, some formidable individuals could call down the most terrifying Genesis Dao Tribulation!

Genesis Dao Tribulation was also called the Final Dao Tribulation.

Powerhouses that could call down Genesis Dao Tribulation, they were all peerless talents with extremely high hopes of stepping into Hegemon Realm. Their strength in the future would also grow stronger.

Yang Qing, Zhuo Bufan, and the others, they all had transcended the Genesis Dao Tribulation.

Genesis Dao Tribulation only had one wave, but it was extremely horrifying. Even if it was the likes of Yang Qing and Zhuo Bufan, it was not easy either.

But this 33 Tribulations of Apocalypse, they had never heard of it before this!

“33 Tribulations of Apocalypse! What ... the hell is this? Senior Mi Tian, what on earth is going on?” Yang Qing asked with a livid look.

Mi Tian was silent, still not willing to speak.

Yi Xue smiled when he saw the situation and said, “Everyone knows that divergent cultivators have formidable strength that far exceeds their peers. But do you all know why no divergent cultivators have ever stepped into the realm of Hegemon before?”

Yang Qing and the rest exchanged glances, all with blank faces.

Everyone knew about this, but why was it like that? There was really no one who knew.

Yi Xue smiled lightly and said, “33 Heavenly Planes, how many cultivators are there! Since time immemorial, it has naturally given birth to many people who go against the heaven too. And among divergent cultivators, there were naturally amazingly talented individuals too! No matter how strong Genesis Dao Tribulation is, it’s also impossible that no one could transcend it, right? Just take Ye Yuan for example. Even if his Genesis Dao Tribulation is ten times stronger than yours, it’s extremely easy for him to overcome the tribulation too! Could it be that there’s only one Ye Yuan in this world?”

The faces of Yang Qing and the others also became more and more ugly.

They realized that Yi Xue was disclosing a gory truth.

They were not willing to accept the truth!

Yeah, how many exceptional talents had there been since remote antiquity? How could there not have been a few who defied heaven?

There was naturally no shortage of divergent cultivators too.

“Above Genesis Dao Tribulation, there’s still an even more terrifying calamity, that’s the 33 Tribulations of Apocalypse! This tribulation, forget about Emperor Sakra Heaven; even if it’s a Great Beyond powerhouse, there’s no way of transcending it at all too! Once this tribulation appears, it will obliterate heaven and decimate the earth; not a blade of grass will survive! The power is simply unimaginable! In the legends, this tribulation has a total of 33 waves. Each wave corresponds to one heaven! Why is it a legend? That’s because no one has ever seen the final face of this tribulation before! Nobody can

transcend until the 33rd wave at all! The reason why it was given this name was also that when this tribulation descended, it would echo with all the heavens. Hence, people guess that this tribulation has a total of 33 waves!”

Chapter 3108: Heavenless Revives!

“Senior Mi Tian, you’ve lived for countless years. You’re the most knowledgeable. In your lifetime, of the 33 Tribulations of Apocalypses that you’ve seen, I wonder what’s the most that someone has transcended before?” Yi Xue looked at Mi Tian and said with a chuckle.

With this, everyone’s eyes turned toward Mi Tian.

Mi Tian was not the strongest, but he was born from chaos and had lived for countless years. He naturally had great knowledge and experience.

If talking about who was the greatest authority, it was none other than him.

Mi Tian had a dark look and was still silent.

But Yang Qing said anxiously, “Senior, say it, are you trying to worry us to death?”

At this point, they naturally understood that Yi Xue was absolutely not exaggerating things to raise the alarm.

The 33 Tribulations of Apocalypse really existed!

It was just that far too few were able to call down this kind of Dao tribulation. Over the course of time, it was overlooked by people.

Those old men should know it too.

During the last time Ye Yuan used the Heaven Trampling Five Steps, Yi Xue and Mi Tian two people both sensed that it should be the 33 Tribulations of Apocalypse.

Mi Tian also knew that it could not be hidden anymore and could only sigh. He then said, “Roughly 80 thousand years ago, there was a human divergent cultivator called Mo Fan who had once brought down this tribulation. At that time, he ... overcame the eighth tribulation. During the ninth tribulation, he was buried in oblivion! This is the most that I’ve seen!”

The moment these words came out, the expressions of Yang Qing and the rest changed wildly.

Mi Tian could be said to be the 33 Heavens’ living fossil.

In his memories, the strongest divergent cultivator only transcended eight tribulations!

One had to know that not all divergent cultivators could bring down this tribulation.

Those able to bring it down, they were heaven-defying powerhouses among divergent cultivators in the first place!

But the strongest one was only eight tribulations!

Yi Xue smiled and said, "Senior Mi Tian is likely scared to demoralize you guys, so he didn't say some things. I've heard of this Mo Fan before. His strength is extremely formidable. During the time he was at Emperor Sakra Heaven Realm, he had once killed a Peak Hegemon before too. Even if he's not as good as Ye Yuan, he's likely not far off either."

"But there aren't many geniuses like him! In reality, those able to transcend three tribulations are like the feather of a phoenix and horn of a Qilin. They were very rare! In this ancestor's impression, there were only a meager five people too! Besides Mo Fan, the one that cleared the most only transcended until the fifth tribulation! Now, do you all still think that Ye Yuan can breakthrough to Hegemon Realm?"

Talking until here, Yi Xue could not help letting out a loud laugh.

Grand Brightjade Complete Heaven's powerhouses were deathly silent.

Yi Xue's words were equivalent to sentencing Ye Yuan to death.

His words divulged some information, this 33 Tribulations of Apocalypse, each tribulation was stronger than the last.

This tribulation had no other effect than to throttle these people who went against heaven in their cradle.

Ye Yuan was definitely an amazingly talented person. Even when compared to Mo Fan, he was significantly stronger too.

But there were still more than 20 Dao tribulations at the back!

"This ... How can it be like this?"

"Could it be that Grand Brightjade Complete Heaven is really hopeless?"

"This is really a bolt out of the blue! How can there be such a horrifying Dao tribulation in this world?"

... . .

Grand Brightjade Complete Heaven's powerhouses fell into panic and fear at once.

Yi Xue's words shattered all of their hope to pieces.

Grand Brightjade Complete Heaven's final hope was that Ye Yuan could succeed in overcoming his tribulation.

Only then could they have the power to fight it out with the blood race.

But now, this hope was shattered!

Rumble ...

Suddenly, the void trembled. Powerhouses that were flying in the sky, their figures swayed. Some could not even stabilize their figures and fell down.

Yi Xue's expression changed, and he said, "This power is coming from the Eternal River's chaos! It's ... It's Ancestor Heavenless!"

Mi Tian's expression also turned slightly grim, and he said, "What a strong power of chaos! Could it be that ... he has already transcended the Great Beyond?"

This power swept across the entire void, spreading across the 33 Heavens.

At this time, this powerful force could be felt everywhere in the 33 Heavens.

They had never felt this kind of power before.

Even if it was the likes of Mi Tian and Yi Xue, they did not give them such a powerful sense of oppression too.

At this time, inside the Eternal River's chaos, a figure of a middle-aged man dressed in taoist robes was currently slowly condensing and forming.

Countless Eternal River chaos flooded over toward him, helping him to remold his physical body.

This kind of undulation spread across the entire 33 Heavens through the waters of the Eternal River.

"*Hahaha* ... My body of chaos has finally been sculpted successfully! These several hundred thousand years of waiting were ultimately not in vain! Old Dog Samsara, wait to suffer this progenitor's wrath! This time, we'll settle all of the scores together!"

Ancestor Heavenless let out a wild laughter, full of high spirits, his imposing momentum billowing to the sky.

He lured powerhouses from all heavens and refined a chaos heavenly pill. At this time, he actually succeeded!

Behind Ancestor Heavenless, the Door of Eternal Life opened.

The two doors of eternal life were practically already fully opened at this time.

That hollow depths seemed incomparably deep and mysterious.

Gradually, Ancestor Heavenless' figure completely condensed and formed, and the Door of Eternal Life also suddenly stopped.

There was just one last trace, and it would be fully opened!

"*ARGHHH!* Ye Yuan, it's all because of you, this punk! Otherwise, this seat will definitely be able to reach the true Great Beyond! Before killing Old Dog Samsara, this seat will slaughter you, this punk, first!"

Amidst the chaos came Ancestor Heavenless' angry roar.

Boom!

It was only to see his figure move, directly traversing through the Eternal River's chaos, sprinting wildly in the direction of Grand Brightjade Complete Heaven.

An astonishing huge wave engulfed everything and swept over here.

“He’s here!” Mi Tian’s expression changed, and he said in shock.

“W-What a powerful aura! Is this the true Great Beyond?” Zhuo Bufan’s gaze flickered as he said.

Yi Xue’s expression was very ugly too. He did not know what Ancestor Heavenless wanted to do.

Under this kind of strength, all resistance was superfluous!

Boom!

A large hole was directly blown open in the void. Ancestor Heavenless’ figure gradually stepped out.

The moment he took the stage, everyone’s aura was directly suppressed.

Including Mi Tian and Yi Xue!

It was only at this time did people truly realize what Great Beyond meant!

Ancestor Heavenless’ aura was too strong!

His gaze swept across everyone’s faces. Those who were swept by him seemed to be pinned down by Mount Tai, kneeling down involuntarily.

For a moment, the powerhouses that filled the sky actually all knelt down.

That was submission to Heavenly Dao. They could not control themselves!

Only powerhouses that were Hegemon Realm and above could barely manage to stand.

But everyone’s bodies descended one after another. No one dared to fly in the sky in front of Ancestor Heavenless.

Heavenless’ gaze landed on Yi Xue. Yi Xue’s entire body felt like he was being stared at by a wild beast, his hair standing on end.

“Blood race’s Yi Xue congratulates Ancestor Heavenless for attaining Great Dao!” Yi Xue directly knelt down without the slightest hesitation.

“Scram!”

Heavenless shouted angrily, flicking his sleeves. A terrifying force howled over.

Yi Xue’s expression changed wildly, saint force running rampant on his body, attempting to resist.

But, before he could display his strength, he was directly flattened by a giant wave.

Pffft!

Fresh blood spurted wildly from Yi Xue’s body, and finally, with a bang, he directly exploded.

But very soon, that cloud of remnant blood condensed again, letting him revive.

It was just that at this time, Yi Xue’s complexion was extremely pale. Clearly, he had already suffered extremely severe injuries.

When the powerhouses all over the sky saw this scene, each and every one of them was extremely shocked.

Who was Yi Xue?

Being able to contend with Mi Tian, he was a supreme powerhouse standing at the peak of the 33 Heavens.

But he actually could not stand up to a single blow in front of Ancestor Heavenless!

Clearly, Ancestor Heavenless was not serious at all!

Otherwise, with that blow just now, he could have directly taken Yi Xue's life!

"Humph! With this ancestor corroborating my Dao, is it your, a small fry's, turn, to come and congratulate me? I'll spare your life. Go back and tell that lousy stone. This ancestor will be coming to find him to settle the Labyrinth Divine Palace score very soon!"

Finished speaking, he stopped paying attention to Yi Xue and turned to Mi Tian and said, "Where's Ye Yuan punk? Have him come out and die!"

Chapter 3109: Wills Unite Like a Fortress!

When Mi Tian and the rest heard, their hearts went thump.

The first thing that Heavenless did after leaving seclusion was actually to find Ye Yuan to take revenge!

A hint of smugness flashed across the corners of Yi Xue's mouth.

With this, it did not need Progenitor to personally take action anymore!

"Old Man Mi Tian, this ancestor is talking to you. Didn't hear me?" Heavenless said coldly.

Speaking of which, Mi Tian was still his senior.

But his strength had long already surpassed Mi Tian. There was also not the slightest bit of respect in his words.

Mi Tian frowned and said, "Heavenless, Ye Yuan is currently in closed-seclusion, preparing to transcend the 33 Tribulations of Apocalypse! Looking at this old man's face, how about withdrawing for the time being?"

But when Heavenless heard, his brows went up. He closed his eyes, seemingly feeling something carefully.

Suddenly, his eyes snapped open, and he laughed loudly as he said, *"Haha, it's indeed the 33 Tribulations of Apocalypse! However, it's not strange either. If he doesn't call down this tribulation, that would be strange! However ... Mi Tian, your face isn't that big! Since this ancestor has corroborated my Dao and returned, I don't plan on letting him die under the apocalypse tribulations! After this ancestor kills him, it will also be considered carrying out justice on behalf of heaven!"*

When everyone from Grand Brightjade Complete Heaven heard that, their faces changed. If Heavenless forcibly broke in, they could not stop him at all!

The current Heavenless was seriously too strong!

Meanwhile, Yi Xue and the others had gloating faces. This kind of situation was precisely what they were pleased to see and hear.

However, they were also secretly shocked by Heavenless' power.

They only barely managed to perceive a trace when Ye Yuan was using the Heaven Trampling Five Steps, but Heavenless could feel it without basis.

Mi Tian drew a deep breath and slowly said, "Since that's the case, let's fight then! Want to see Ye Yuan? Sure! But you'll have to step over our dead bodies!"

Heavenless laughed loudly and said, "Just the likes of you all, these ants, you also want to stop this ancestor? It looks like you all still don't have a clear understanding of this ancestor's strength yet!"

Mi Tian said coolly, "So what? Our Grand Brightjade Complete Heaven only has heroic souls that die in battle; there are no cowards who fear death! You're very strong. This old man is far from being a match. But in this realm, no one fears you! If you don't believe, you can ask them behind me!"

"Fight to the death without retreating!"

"Fight to the death without retreating!"

"Fight to the death without retreating!"

... . .

Behind Mi Tian, the voices of those Grand Brightjade Complete Heaven powerhouses were orderly, shocking the sky.

Everyone had steadfast faces, without any looks of fear at all.

From top to bottom, even if their cultivation realms did not even reach Emperor Realm, they did not shrink back at all either.

Heavenless had a dark expression, feeling like his majesty had been seriously provoked.

He thought that having returned domineeringly, the myriad worlds should be submitting themselves to his rule.

But clearly, he found the wrong target!

"*Humph!* Old thing who refuses face when it's given! Since you wholeheartedly seek death, then this ancestor will grant your wish!"

Heavenless flipped his palm. A shocking aura rose up.

In heaven and earth, it was as if everything was within his control.

When everyone saw this scene, they were all incredibly shocked.

It was just like they saw the end of Great Dao.

Yi Xue's expression was apprehensive as he said, "What a terrifying power! I feel like there's nothing in this world that can surpass this power anymore! Grand Brightjade Complete Heaven is finished!"

Mi Tian had a somber expression. Under this power, he did not even have the strength left to resist.

It was only to see Heavenless press a palm down. Grand Brightjade Complete Heaven's boundary wall was crushed until it deformed!

One had to know that the blood race army bombarded indiscriminately and only barely managed to damage Grand Brightjade Complete Heaven's boundary wall too.

But at this time, Grand Brightjade Complete Heaven's boundary wall was seemingly about to collapse immediately.

Zhuo Bufan, Yang Qing, and the rest could not even move a muscle under this pressure!

At this moment, they finally understood how strong Heavenless was!

When this palm landed, what it killed would not only be Mi Tian. None of the people present could escape!

Meanwhile, Mi Tian himself directly gave up struggling, closing his eyes and waiting to die.

He knew that under this power, all efforts were futile.

Heavenless smiled coldly and said, "Look closely. This is the outcome of provoking this ancestor! Let all the living things in this world be buried in death for your ignorance!"

With this palm pressing down, it was actually going to slaughter a world!

But right then, inside the world, the Chaos Heavenly Spirit List seemed to have sensed something, suddenly releasing a dazzling light.

When Mi Tian and the others saw the situation, they trembled all over, their eyes revealing the light of hope.

"Is this ... a summoning? It's calling us to protect Grand Brightjade Complete Heaven together?"

Mi Tian sensed that the Chaos Heavenly Spirit List seemed to be beating to some kind of mysterious tempo.

And his heartbeat actually started beating along this rhythm.

He immediately realized that the Chaos Heavenly Spirit List seemed to be calling something.

Hence, his entire person began to enter a mysterious state.

Beat, beat!

Beat, beat!

Mi Tian felt that there were more and more heartbeats sounding out around him.

He and the others were actually connected together under the spurring of the Chaos Heavenly Spirit List.

At this time, everyone from Grand Brightjade Complete Heaven actually felt a kind of bloodline connection.

At this moment, regardless of race, regardless of cultivation, everyone seemed to be on the same frequency.

An invisible barrier rose up from the boundary wall, meeting Heavenless' shocking palm.

Heavenless gave a cold laugh and said, "A bunch of ants; mantis blocking a chariot! Exterminate for me!"

While talking, a palm pressed onto the barrier.

Boom!

The void trembled heavily. That invisible barrier was directly dispersed.

But Heavenless' figure was actually knocked flying out backward.

Although it was not far, he was indeed knocked back!

Everyone was dumbfounded with shock!

"A-Actually blocked it! This ... How is this possible?"

"That's a palm that controls heaven and earth! It ... It was actually blocked?"

"Just what did Grand Brightjade Complete Heaven that group of people do?"

... .

The blood race powerhouses looked at this scene with shocked faces, only feeling incredulity.

It was undeniable that the power that Heavenless displayed was extremely strong. Therefore, they completely never thought that Heavenless would fail.

Let alone would they think that this barrier that appeared from God knows where actually really blocked Ancestor Heavenless!

At this time, Mi Tian and the others had fresh blood hanging from the corners of their mouths. The power of this palm was too great!

Although the barrier blocked this blow, their minds were still traumatized.

However, they were incomparably excited.

The invincible Heavenless was actually blocked by them!

"*Hahaha*, Heavenly Saint Ye is really impressive! The Chaos Heavenly Spirit List has probably already surpassed the domain of chaos heavenly treasure!"

"That's a powerhouse that surpassed Great Beyond! We ... We actually blocked it!"

“Impressive! Really impressive! Our wills unite like a fortress; Grand Brightjade Complete Heaven won’t be finished!”

... . .

Ancestor Heavenless’ expression was as ugly as it could get.

He thought that after he attained Dao, he would be able to summon rain and wind, suppressing the myriad worlds!

Now, he actually could not even subdue a measly Grand Brightjade Complete Heaven!

The big talk that was boasted just now was simply face-slapping!

“What a terrific power of will! This treasure can actually condense the willpower of the people of a world and protect this world! Remarkable! Truly impressive! But it ends here too! Do you all really think that this lousy thing can block this ancestor?”

Suddenly, Ancestor Heavenless raised both palms up. A storm that was even more terrifying than just now directly howled!

Chapter 3110: Two Great Supremacies Joining Hands, Grand Brightjade in Danger!

Clearly, that palm previously was not Heavenless’ greatest strength.

But this palm after that was his greatest move!

The current Heavenless seemed like a monarch who was standing high above the masses, ruling over everything!

When a king was enraged, corpses would float for a thousand miles!

He glared and said in a solemn voice, “This damn thing was developed by Ye Yuan that punk, right? This boy is really a freak! However, it ends here too! This ancestor has comprehended Chaos Great Dao and will use this world to establish awe!”

Heavenless turned both palms toward each other, endless saint force poured out from his body.

Some inexplicable power was actually also included in it!

What this power was, nobody knew. But everyone could feel its power.

Clearly, this was something that could only be grasped after reaching Heavenless, this kind of level.

Yi Xue said in alarm and horror, “That seems to be the power of Great Dao! Could it be that Ancestor Heavenless actually grasped the Dao of Chaos? This ... What kind of realm is this!”

Chi Hu smiled coldly and said, “Since Ancestor Heavenless can control a Dao, our Progenitor can naturally control a Dao too! However, being able to kill Grand Brightjade Complete Heaven this bunch of bastards, that would be for the best!”

Yi Xue was taken aback and said with a smile, "You're right! Presumably, Progenitor's strength won't be worse than Heavenless'! This time, Grand Brightjade Complete Heaven definitely can't block it! Being able to watch this world be destroyed with my own eyes, it's also a beautiful thing!"

The blood race repeatedly suffered losses in Grand Brightjade Complete Heaven. Yi Xue even almost died here.

They were full of unhappiness with this world.

Now, being able to watch it get destroyed with their own eyes, the blood race powerhouses were naturally very satisfied.

"Heaven and Earth Infinity!"

The universe seemed to be flowing between Heavenless' palms!

Here was heaven and earth!

It was only to see him push both palms. A surge of force that was terrifying to the extreme gushed out.

That feeling was really like the sky had fallen down.

Even the entire Grand Brightjade Complete Heaven started trembling!

The complexions of Mi Tian and the others were deathly pale. The power of this move was much stronger than that palm previously!

Could they still block it?

Right when he was feeling flustered, the Chaos Heavenly Spirit List stirred again!

That feeling of bloodline connection appeared once more!

It was just that this time, the heartbeats that Mi Tian felt, the number far exceeded that one just now!

There seemed to be countless hearts beating in his consciousness.

A power of will that was unimaginably colossal poured toward the Chaos Heavenly Spirit List frenziedly.

"This ... This is the power of all beings!" Mi Tian was shocked in his heart as he said.

Different from the previous time, the Chaos Heavenly Spirit List's summoning this time, the target was all the living creatures of Grand Brightjade Complete Heaven!

Those that flew in the sky, those that swam in the sea, even if their strength was as meager as dust, they participated too.

This was the power of all beings!

At this moment, all living creatures in Grand Brightjade Complete Heaven, joined hands to resist the enemy!

Mi Tian was unable to describe the shock in his heart. The Chaos Heavenly Spirit List was seriously too amazing.

This item already surpassed his knowledge of any chaos heavenly treasure.

Clearly, the Chaos Heavenly Spirit List determined its attack according to the strength of the opponent.

Becoming stronger when encountering the strong!

An invisible barrier condensed and formed again, covering Grand Brightjade Complete Heaven like a giant umbrella.

Boom!

The barrier collapsed once again, and Heavenless' figure was actually knocked a hundred steps back!

His expression was ugly to the extreme.

Meanwhile, Yi Xue and the others reined in their smiles, not daring to move.

Even though they really wanted to laugh.

But, in front of Heavenless, they did not dare to do so.

If they laughed, they would die!

They could only pray in their hearts for Progenitor to hurry up and come into being, and help them escape suffering.

Right now, they wanted to leave but did not dare to leave; They wanted to laugh, but they did not dare to laugh.

How bitter!

Heavenless only felt his face burn fiery hot. The big talk that he bragged about was being proven to be bragging time and again!

Someone as powerful as him was actually unable to shake the measly Grand Brightjade Complete Heaven!

“Good! Very good! This ancestor wants to see how many times you all can block!” The overwhelming aura on Heavenless' body ran rampant once more. Clearly, he had turned somewhat angry from embarrassment.

Right at this time, a mocking voice sounded out. “Heavenless, you're only half a step away from transcending the Great Beyond, but you can't even take down a low-level plane, how disgraceful!”

While talking, an elderly figure stepped out of the chaos.

When Heavenless saw the arrival, his pupils could not help constricting.

“*Humph!* Old Dog Samsara, stop making wisecracks here! If you have the ability, destroy this world for this ancestor to see!” Heavenless said with a sneer.

The arrival was precisely Progenitor Samsara!

Different from Heavenless' overwhelming aura that billowed to the sky, Progenitor Samsara was not so high-profile, looking just like an ordinary old man.

Progenitor Samsara's disposition belonged to that kind of profoundness that washed away the guise of the secular, making people unable to grasp.

However, nobody dared to question his strength!

Mi Tian had a foreboding feeling!

Heavenless and Samsara had a life-and-death great enmity!

When Heavenless saw Samsara, he actually did not pounce on the spot. What did this show?

This showed that he was very apprehensive of Samsara!

Mi Tian could not see through Samsara, but from Heavenless' reaction, he guessed that Samsara's strength likely did not lose to Heavenless!

This was not good news to Grand Brightjade Complete Heaven.

He knew that Ye Yuan had offended three great supremacies badly in the Labyrinth Divine Palace.

If these two people joined hands, then Grand Brightjade Complete Heaven would really suffer a cataclysmic disaster!

At this time, their three-way relationship was very delicate.

The current Mi Tian could only pray that things did not develop in the worst direction.

"So, it's Brother Samsara. Long time no see!" Mi Tian clasped his hands towards Hegemon Samsara from far away.

Hegemon Samsara and him were virtually born at the same time. However, Hegemon Samsara's talent was clearly greater than his.

There was also considered some friendship between him and Progenitor Samsara.

Mi Tian's thoughts stirred, wanting to borrow Hegemon Samsara's strength.

Samsara gave him a glance and said with a light smile, "Mi Tian, put away your ulterior thoughts! It's useless to address me as brother here! If it wasn't Ye Yuan, it would not have been impossible for this progenitor to consider letting the person off! But I must kill Ye Yuan!"

Heavenless glanced at him and said with a loud laugh, "*Haha*, Old Dog Samsara, you and I have the same idea! It looks like you couldn't transcend the Great Beyond either, right? You and I are only half a step away from being able to truly transcend Great Beyond and completely control a Dao! If not for Ye Yuan, perhaps we'd have succeeded! This enmity must be avenged! We'll settle our scores later! Why don't you and I join hands and destroy this world first? How about it?"

The moment these words came out, the hearts of everyone in Grand Brightjade Complete Heaven thumped, yelling inwardly not good.

These two great supremacies joining hands, it was simply deadly!

In front of them, all ulterior thoughts became useless.

Strength was the only reliance.

Progenitor Samsara did not give Mi Tian a chance at all.

Samsara gave Heavenless a look and said meaningfully, "Heavenless, you're very confident! You're certain that Bloodstone that fellow can't transcend Great Beyond?"

Heavenless said indifferently, "You and I have reached this realm. You naturally know how difficult this half-step is! What right does Bloodstone that fellow have to be stronger than you and I? At the very most, it will also be a situation of tripartite confrontation in the future, no?"

Completely controlling a Dao, this meant that they could become the spokesman of Heavenly Dao!

Seemingly like it was half a step away, but it was absolutely worlds apart.

Heavenless and Samsara were both clear about this in their hearts.

This half a step was far too difficult!

They spent countless years and could not take this half-step too.

Samsara glanced at him and said with a smile, "Okay, I agree!"
