Unrivaled Medicine God

Chapter 431: Terrifying Battle!

"There's nothing that is impossible! The offensive power of a spear is extremely strong in the first place. Zhao Chenggan comprehended true intent too. If my conjectures are right, this move should have encompassed all of his comprehension towards attack and is no trifling matter. Of course, if I were his opponent, I obviously wouldn't wait foolishly for him to come and stab me. When it comes down to it, Ji Qing is still too disadvantageous in terms of realm," Shangguan Lingyun said confidently.

"Then, do you think that Ji Qing can ward off this blow?" Shangguan Lingxue asked curiously.

"I don't know! I completely can't figure out Ji Qing's ins and outs. In comparison to Zhao Chenggan, this is a more terrifying adversary. Because you'll never know what kind of surprise he's going to bring you next!" Shangguan Lingyun said with a grave face.

Although Shangguan Lingyun and Zhao Chenggan had already not had a frontal battle for a long time, everyone grew up together and could more or less estimate each other's strength.

But Ji Qing was different. Since standing on the stage, Ye Yuan's means had been emerging in an endless stream!

Divine soul attack, absolute defense, Thousand Flowing Petals, and Half-Moon Slash. Even the Xue Family's ultimate technique, Origin Spirit Nine Transformations, Ye Yuan used it even better than the Xue Family's Family Head.

No one knew what kind of perverse move Ye Yuan would use next.

.....

All of a sudden, Ye Yuan sucked in a deep breath and actually closed his eyes!

This scene gave everyone a huge shock.

"What is Ji Qing doing here? Gave up on resisting?"

"Maybe . . . he's preparing some move?"

"Prepare what ass move?! Don't you see that he didn't maneuver any essence energy at all? Seventh Prince's next move is bound to be an extremely deadly attack. He's still not launching any martial technique now. Isn't this waiting for death?"

Zhao Chenggan was also slightly stunned when he saw this scene. But this did not hamper him from continuing to strengthen his momentum!

The essence of this move from Zhao Chenggan was momentum!

He could not release Spear Shadow Carnage's accumulated momentum, but it did not mean that his comprehension on momentum was a total mess.

On the contrary, in comprehension on momentum, Zhao Chenggan was extremely formidable!

It also because of this that he created this current move!

The momentum of Spear Shadow Carnage was too hard to amass.

"Heh heh, you know that you can't avoid this hit so you gave up on resisting? But I won't show mercy!" Zhao Chenggan said with a cold laugh in his heart.

Right at this time, Ye Yuan suddenly opened his eyes. A majestic aura undulated out with him as the center!

"Are you trying to force me to have a head-on confrontation with you here? Fine, as you wish!" Ye Yuan's calm voice entered the ears of everyone present here.

This voice was so composed that it made people feel hard to get close to as if Ye Yuan was a person from another world!

"This . . . This is Heart Like Still Water! That's right! This is absolutely Heart Like Still Water! The heart realm that even Zhao Chenggan is unable to comprehend, this boy actually comprehended it at the Crystal Formation Realm!" Shangguan Wenrui who had been calm the entire time finally showed an astonished look.

"Truly unbelievable! He's only sixteen. Heart Like Still Water, there might not even be one in a hundred million martial artists that can comprehend it! How on earth did he do it?" Xue Hongfei said with a vicissitude of emotion.

Under anticipating eyes, Ye Yuan's two palms was gradually brought up from the sides. Two distinctly different essence energy attributes extended out from his two palms!

A miniature whirlwind was held in the palm of his left hand. The whirlwind was currently expanding rapidly, gradually taking on the features of a wind dragon!

A small cluster of pale yellow flames was held in the center of his right hand. The flame grew increasingly vigorous as it blazed, gradually forming a fire dragon!

Ye Yuan was currently mobilizing heaven and earth essence energy frenziedly right now!

Half-step Sea Transformation could only mobilize heaven and earth essence energy in an extremely small radius area. But to Ye Yuan, Half-Step Sea Transformation was already enough to let his affinity towards heaven and earth essence energy reach an exceptionally terrifying extent.

Ye Yuan entered Heart Like Still Water State in order to maximize this affinity to muster even more essence energy!

At this instant, Ye Yuan was also already staking it all on one last throw!

Zhao Chenggan's momentum was still in the midst of rising rapidly!

Right then, Zhao Chenggan's aura finally rose to its peak!

"Tyrant Martial Howling Cloud Spear, Glimpse . . . of . . . Heaven!" Zhao Chenggan gave a low cry.

A spear pierced out, sweeping along with boundless heaven & earth essence energy; violent to the extreme!

Where it passed by, sand and stone were flung all around! The entire stage was already pulverized to dust by his one spear!

At the same time, Ye Yuan's palms pushed. Two small dragons gushed forth, instantaneously tangling together!

"Wind-Fire Violent Blaze Transforming Dragon!" Ye Yuan roared.

In the process of the intertwining, the two small dragons actually gradually merged into one, becoming a colossal dragon of wind and fire!

The gigantic dragon roared as it swept over towards Zhao Chenggan. It actually gave off a series of dragon roars!

Xiao Changfeng's expression changed abruptly, and he yelled out, "Quick! Quickly dodge!"

Actually, no need for him to shout. Everyone below the stage already noticed something off.

These two people's moves were overly terrifying. Once they clashed together, they completely dare not imagine what would happen!

Current, the entire platform had already turned into fine powder. Blast waves rolled out in all directions wave after wave!

Looking at the distinguished guests on the stand, they had long left their seats.

While the audiences were thrown into confusion, the two people's attacks collided together!

Rumble!

An explosion sound which reverberated through the skies sounded out, shocking until everyone's eardrums hurt.

A dazzling light spread out like the sun, blinding the people until they could not open their eyes at all!

"Quickly run! Ahh!" A martial artist thought that he had retreated to a safe distance. But he quickly discovered something wrong and was sent flying by the enormous air blast.

"Arggh!"

"Arrhhh!"

.....

Miserable cries rose after one another. Only to see martial artists being sent flying by the enormous air blast one by one.

The power of a single attack was utterly appalling!

"What . . . What on earth happened? What the hell did those two people do?! Ouch! So painful!"

"Is this freaking hell the battle of Sea Transformation Realm martial artists? When were Sea Transformation Realm martial artists powerful to this extent?"

"What happened to those two people? Who in the world won?"

"Don't know. I completely can't see at all! That blinding light has already persisted for over a dozen breaths and actually hasn't dissipated yet!"

Many people squinted, wanting to see what happened inside that bundle of light. But they only saw a vast expanse of white light and could not see anything at all.

Several more breaths passed. The white light finally dissipated slowly. The first thing that reflected in the eyes of the audience was a stretch of ruins.

The platform had already disappeared entirely, and what replaced it was a huge pit!

In the huge pit, Zhao Chenggan stood with his spear. That appearance was very intimidating.

And opposite him, Ye Yuan was struck out over a hundred feet away, his clothing tattered, and injuries all over his body, looking very alarming.

Once Xiao Ruyan saw, her eyes immediately turned red!

She pulled down the head veil with a grab and rushed in front of Ye Yuan like flying. Propping Ye Yuan up, tears flowed down with a pitter-patter.

Ye Yuan's eyes were tightly shut, his complexion pale white, looking feeble to the extreme.

"Young Master Ji, a-are you alright?"

[Unrivaled Medicine God](#)

Chapter 432: Recruiting Disciple!

Ye Yuan had an anguished look and did not react in the slightest to Xiao Ruyan's words.

Xiao Ruyan was very anxious and was at a loss on what to do for a moment. Hugging Ye Yuan, she cried extremely heart-brokenly.

"Little Junior Brother!" Shi Haoran also panicked when he saw the situation and hurriedly ran in front of Ye Yuan.

Shi Haoran hastily searched for Ye Yuan's pulse. Only seeing that Ye Yuan just fainted for the time being did he feel relieved and heaved a long breath.

"Rest assured. Little Junior Brother just received a huge impact and fainted unconscious," Shi Haoran said with Xiao Ruyan.

Concern led to panic. Xiao Ruyan herself was also an alchemist. Earlier, she actually forgot to read Ye Yuan's pulse.

"Al-Alright? That's really great!" Xiao Ruyan cried from joy.

But Shi Haoran frowned and said, "Alright? Does he look alright to you? This injury of his, he probably has to lie in bed for a period of time!"

At present, Ye Yuan looked very miserable. Ignoring external wounds, his internal organs suffered a tremendous impact too.

If there were no medicinal pills to assist in healing, a single mishap and he would die. How could he possibly be fine?

Shi Haoran's gaze involuntarily looked towards Zhao Chenggan hatefully. It was only to see that Zhao Chenggan was staring dead straight at Ye Yuan currently; his expression was without a modicum of joy.

"Sigh . . . Ji Qing lost in the end! I even thought that the number one throne of the capital would be displaced today. Who knew that His Highness, the Seventh Prince, is actually powerful to such an extent already."

"Ji Qing is still unable to create a miracle in the end! But for him to be able to perform to this step, it's already very heaven-defying! Give him another one or two years, and he'll surpass His Highness, the Seventh Prince, in all aspects!"

"This battle, Ji Qing had a moral victory! That final blow from Seventh Prince, even Soul Sea Realm martial artists might not be able to receive it! Ji Qing is just a Seventh Level Crystal Formation Realm martial artist, but he fought to such an extent with Seventh Prince! In my heart, he's the victor!"

Strong people always garnered people's respect. Ye Yuan's performance had already obtained the recognition of the vast majority of the people present.

In their hearts, for Ye Yuan to lose out slightly to the Seventh Level Sea Transformation Zhao Chenggan with strength a major realm lower, he did not count as a failure no matter what.

Xiao Changfeng came close and took a look at the heavily wounded Ye Yuan, and looked at Zhao Chenggan again. For a time, he did not know how he should announce the results.

"This match, Seventh Prince . . ."

"Cough, cough, cough . . ."

Xiao Changfeng said halfway but was interrupted by Ye Yuan's violent coughing sounds.

Xiao Ruyan was overjoyed seeing the situation and said, "Ji Qing! You finally woke up! Y-You scared me to death!"

As she said, Xiao Ruyan cried again.

Ye Yuan smiled dryly and said, "G-Good disciple, d-don't cry anymore. Bawl your eyes out, and you won't look pretty anymore! W-What Master promised you . . . is all accomplished!"

Xiao Ruyan had a doubtful face as she said, "J-Ji Qing, you clearly already lost!"

"H-Haha, I said that I was going to pummel him. H-How can I lose to him?" Ye Yuan's laughing affected his wounds, hurting him until he contorted his face in agony.

Ye Yuan's voice had yet to fade when the expression of Zhao Chenggan opposite changed. With a puff, a large mouthful of blood spewed out, and he fell down backward!

This scene was too sudden. Everyone was caught unprepared!

"This . . . What's going on here?"

"Didn't His Highness, the Seventh Prince won? Isn't this plot reversing too quickly?"

"Can it be . . . Ji Qing really created a miracle and became the number one person among the capital's junior generation from here on forth?"

"My God! With his present realm, who can surpass him in the future?"

All at once, the entire plaza exploded. Sounds of exclamations rose and fell.

This scene was too inconceivable!

Ji Qing was clearly already beaten until heavily injured and dying. In a twinkle, the Seventh Prince could not make it anymore. Instead, Ye Yuan laughed happily. Although he looked very tragic, he was not fearful for his life.

And this match, as long as Ye Yuan won, he would be the right and proper capital's number one person!

The future position of wind emperor was without a doubt his!

Such glory was not even worth mentioning to Ye Yuan. But to the Fierce Gale World martial artists, it was paramount!

In everyone's understanding, the Wind Emperor would surely be born between Shangguan Lingyun and Zhao Chenggan, the two of them.

But now, Ye Yuan appeared and utterly upset the entire arrangement!

Under Xiao Ruyan's aid, Ye Yuan consumed a medicinal pill that he refined himself. His injuries took a turn for the better very swiftly.

While he was still unable to stand up, his complexion already became rosy, and his essence energy was also in the midst of gradual recovery.

Such recovery speed made everyone exclaim in shock again.

"Family Head Xiao, announce the results!" Ye Yuan urged.

"This . . ." Xiao Changfeng looked at the Zhao Chenggan lying on the ground and did not know what to do for a moment.

Ye Yuan said with a slight pant, "His dantian is already damaged by me. It will be hard to have any advancement in this lifetime. So . . . you can announce the results now!"

"What?! Dantian damaged?!" Xiao Changfeng nearly jumped up.

Another thunderbolt out of the blue!

The insufferably arrogant Seventh Prince actually became a cripple?

This . . . Once His Majesty, the Wind Emperor knows of this matter, how enraged would he be?

"Ji . . . Ji Qing! Y-You're framing me up, digging a pit for the Xiao Family!" Xiao Changfeng stomped in a rage.

But Ye Yuan did not care a hoot as he said, "With my Qixia Mountain backing you up, what are you scared of? Oh right, there's still something I forgot to tell you."

As he said, Ye Yuan looked at Xiao Ruyan and said with a faint smile, "Good disciple, come . . . I, Ji Qing, in front of the many heroes in the capital today, take you in as a disciple! Acknowledge Master now!"

"What? A-Acknowledge you as her master?!" Xiao Changfeng felt like his brain was a little lacking.

When did the agreed upon spouse finding martial competition suddenly become acknowledging master?

Xiao Changfeng stared fixedly at Ye Yuan and was so furious that his entire body was trembling.

This move from Ye Yuan was thoroughly cutting the Xiao Family away from the royal family!

Henceforth, the Xiao Family would have to depend on the Qixia Mountain lineage. Or else, they would die without a burial ground!

"What? Does Family Head Xiao think that I, Ji Qing, can't teach your daughter?" Ye Yuan said coolly.

Xiao Changfeng looked at Ye Yuan and was speechless for a long time. Only after a long while did he wave his hand and said, "Forget it, forget it! My Xiao Family swore fealty to His Majesty, the Wind Emperor, for generation after generation. Who knew that when it reached my, Xiao Changfeng's, hands, it actually fell to such a plight! The story is played out, and the wood has become a boat. What else do I have to say? Ruyan . . . acknowledge . . . acknowledge him as your master then!"

Xiao Changfeng took a deep look at his daughter and was filled with a vicissitude of emotions.

He never would have thought that today's spouse finding martial competition would actually develop into such a conclusion.

Obtaining her father's permission, the final trace of kink in Xiao Ruyan's heart also vanished like mist and smoke. At once, she bowed solemnly towards Ye Yuan.

"Master is high above. Receive disciple Xiao Ruyan's bow!"

Ye Yuan laughed and said, "Haha! Good disciple! To think that my, Ji Qing's, first disciple, is actually a girl as exquisite as a flower! Master's present strength is meager and doesn't have anything good to give to you either. This jade slip is used as your master acknowledgment gift. Take it!"

As he said, Ye Yuan passed Xiao Ruyan a jade slip.

[Unrivaled Medicine God](#)

Chapter 433: Identity Exposed!

Xiao Ruyan received the jade slip hesitantly; her expression was rather vacant.

She agreed to acknowledge Ye Yuan as her master with ulterior motives, and it was not to really learn something.

She did not think that Ye Yuan really prepared a master acknowledgment gift for her.

"Take a look. Master prepared a set of soul cultivation incantation and two sets of refining arts for you. You have to study them well in the future," Ye Yuan said with a faint smile.

Xiao Ruyan sunk her divine sense into the jade slip as told and started to browse.

This scene looked extremely comical in everyone's eyes.

Ye Yuan's divine soul realm was more or less the same as Xiao Ruyan's; both High-Rank Alchemy Grandmasters. Now, Ye Yuan wanted to take a girl whose strength was relative to his as his disciple. No matter how one looked at it, it was somewhat odd.

"What do you guys Ye Yuan is playing at here? Xiao Ruyan is one of the capital's dual absolutes. Furthermore, you all look at that concerned look of Xiao Ruyan's when Ji Qing was injured just now. Clearly in love with him. He actually . . . only took her in to be a disciple?"

"Aggravating me to death! Xiao Ruyan is my goddess! Ji Qing is already the capital's number one now, and he actually dares to trample on my goddess's dignity! I . . . I want to duel him!"

"Screw off you! With that strength of yours, it isn't even enough to fill the gaps between his teeth! Still want to duel! However . . . Ji Qing's action is really unimaginably weird. He himself is just a high-rank Alchemy Grandmaster. How is he going to teach disciples?"

"In my opinion, this Ji Qing thinks too highly of himself! Even though he's Sovereign Star Abyss's disciple, to talk about giving pointers in alchemy to the Alchemy Grandmaster Xiao Ruyan who is his peer, he probably isn't qualified enough yet, right? I'm very curious though, about what are the things inside his jade slip."

"Heh heh, what can there be? Simply his own cultivation methods and refining methods. Just that these things, his comprehension is already slightly stronger than Xiao Ruyan, right?"

Master teaching disciples was not a simple imparting of cultivation methods. It was more so to clarify doubts for disciples and give pointers to various problems encountered during the process of cultivation.

Especially alchemy skills. It was deep and profound; hard to learn and hard to be proficient.

Everybody knew that Ye Yuan's was amazing at alchemy. But regardless of how incredible he was, he was only an Alchemy Grandmaster. Regarding higher realm things, how much could he comprehend?

Imparting soul cultivation methods and refining methods a little and being someone's master was truly a bit too child's play.

And currently, Xiao Ruyan's brows were slightly furrowed, and her expression gradually becoming solemn.

"Ji . . . Ji . . ." Xiao Ruyan was clearly not yet used to called Ye Yuan master.

"Call Master!" Ye Yuan said coolly.

Xiao Ruyan sucked in a deep breath and called out, "Master, this . . . Master's acknowledgment gift is too precious! I . . ."

"Haha. You're my disciple. Giving pointers in your cultivation is within Master's duty, what precious? From today onwards, you'll cultivate the soul cultivation method on the jade slip. But you must promise master that this method absolutely mustn't be divulged! Only you alone can cultivate it! Otherwise . . . even its flouting teachings, Master . . . will clean the household!" Talking until the back, Ye Yuan's voice became extremely stern.

Actually, what Ye Yuan gave Xiao Ruyan was the Thousand Augmenting Soul Incantation as well as the Yin-Yang Separation Flow Technique and the Tri-Origins Samsara Art cultivation skills.

But what he gave Xiao Ruyan was only the first five levels of the Thousand Augmenting Soul Incantation; enough for her to cultivate to Peak Alchemy Sovereign!

Moreover, in the jade slip were extremely detailed annotations about the Thousand Augmenting Soul Incantations and the two types of skills. They were all Ye Yuan's notes of his understanding.

With these things, no matter how poor one's talent was, cultivating to Alchemy King Realm was not an issue at all.

With Xiao Ruyan's talent, cultivating to Peak Alchemy Sovereign was only a matter of time.

In truth, this introduction gift, Ye Yuan considered it carefully too.

Just talking about talent, while Xiao Ruyan was not considered at the zenith, she was already pretty decent.

Xiao Ruyan's intentions, Ye Yuan was naturally very clear. Furthermore, through this period of living together, Ye Yuan could also trust Xiao Ruyan's character.

Since that was the case, why not he be a bit more generous and pass down his mantle?

Killing Ji Canglan was a near certain death mission. Even Ye Yuan did not dare guarantee that he could succeed for sure either.

Furthermore, Ye Yuan was about to leave the Fierce Gale World right away. Towards this eldest disciple of his, he could not be shabby no matter what.

Hence, he passed these three things to Xiao Ruyan.

Presumably, with these things, Xiao Ruyan ascending to the Divine Realm in the future would not pose a problem.

Hearing Ye Yuan's warning, Xiao Ruyan's expression changed too and knew how great the weight of this jade slip in her hand was.

Xiao Ruyan was an expert too. Sweeping the contents of the jade slip over, she knew the value of this jade slip.

She acknowledged him as her master was to get close to Ye Yuan, but Ye Yuan really took her to be his legacy successor.

After musing, Xiao Ruyan nodded solemnly and said, "Rest assured, Master. Disciple will engrave the contents inside the jade slip into my divine soul to slowly understand and absolutely won't reveal it to a third person to know!"

Ye Yuan nodded and said, "Okay, this matter is done. Master's injuries aren't light and still need to head back and recuperate a bit. You follow me back to Qixia Mountain then."

Xiao Ruyan nodded slightly and actually really supported Ye Yuan like a disciple and left.

Ye Yuan nodded slightly at Shi Haoran. The party was just about to leave when all of a sudden, a dozen over figures descended from the skies and blocked their path.

The one in front was an old man with age much alike Star Abyss's.

And looking from the aura coming off of this person's body, he was actually a Divine Traversing Realm martial artist!

"Ding Liang! What are you here for?" When Shi Haoran saw the arrival, his brows involuntarily knitted.

The old man called Ding Liang did not pay attention to Shi Haoran and said indifferently, "The Dark Shadow Guards are handling affairs. Unrelated personnel quickly leave! Otherwise, kill without amnesty!"

Ding Liang's voice was not loud, but it spread out like a large bell. Every single person in the plaza heard it loud and clear!

"Dark Shadow Guards! It's actually the most mysterious Dark Shadow Guards under the Wind Emperor's command!"

"Is this the power of a sovereign level powerhouse? So powerful!"

"What are you still standing there for? If you don't want to die, quickly go! I heard that the Dark Shadow Guards have extremely high autonomy when handling matters and can execute on the spot before reporting! If we don't leave, we'll die a pointless death!"

There were tens of thousands of people in the plaza. But currently, they retreated like tidewater.

Very soon, in the vast plaza, only Ye Yuan's group and Ding Liang's group were left!

"Ding Liang, what the hell are you doing?" Shi Haoran asked again unhappily.

Although he was a full major realm lower than Ding Liang, in terms of status, he was not inferior to Ding Liang. Hence, he dared to directly call his name.

Shi Haoran was the number one person under Star Abyss. Other than needing to give a disciple's bow when facing the Wind Emperor, he could directly disregard other people.

Ding Liang still did not answer. He took a look at the unconscious Zhao Chenggan not far away and his brows involuntarily furrowed. He asked Ye Yuan, "His Highness, the Seventh Prince, was defeated by you?"

Not knowing why, since the beginning earlier, Ye Yuan's eyelids kept twitching constantly and had an uneasy feeling.

He had a feeling that this Ding Liang did not come with good intentions.

Seeing Ding Liang pose a question, Ye Yuan said, "So what if yes? Can it be that you want to take revenge for him?"

"Haha, taking revenge naturally won't reach this old man's turn! Ye Yuan, take a trip with me!" Ding Liang said with a light laugh.

Unrivaled Medicine God

Chapter 434: He's My Little Junior Brother!

Ye Yuan was secretly alarmed. But he had an indifferent look on his face as he said, "Are you talking to me? However, did you call the wrong name?"

Ding Liang said expressionlessly, "I didn't call the wrong name. You're well aware in your heart. However . . . you actually defeated His Highness, the Seventh Prince, to this extent. His Majesty, the Wind Emperor, most likely won't let you return."

Shi Haoran's face fell as he said, "Ding Liang! You don't say some things here that make neither head nor tails to confuse the public! Just spit out what you have to say! But if you want to touch Little Junior Brother, go past me first!"

Ding Liang looked at Shi Haoran and said with a smile, "You call him as your little junior brother repeatedly. Do you know his true identity?"

Shi Haoran said with a cold smile, "Your meaning is that Master Star Abyss is blind to take Little Junior Brother in as a disciple?"

Ding Liang's expression faltered slightly. Shi Haoran bringing out Star Abyss this great Buddha involuntarily made him have to reply carefully.

Although Star Abyss's realm was similar to his, he was a character that even the Wind Emperor dreaded!

Moreover, Star Abyss being protective of his people was known to all. If one really infuriated him, he would do anything.

"Of course I don't have this meaning. But . . . maybe Lord Star Abyss is also kept in the dark?" Ding Liang obviously would not fall for it.

"Humph! If Little Junior Brother really deceived Master Star Abyss, there will naturally be his elderly self to punish. When did it come to your Dark Shadow Guards to carry out a superfluous action? Little Junior Brother, let's go!" Shi Haoran said with a cold snort.

As he said, Shi Haoran brought his fellow apprentices and prepared to circle around Ding Liang to leave.

How could Ding Ling let them go? With a slight shift in footsteps, he blocked in front of them again.

Shi Haoran's brows furrowed and his tone gradually chilled. "Ding Liang, are you bent on instigating antagonism between the Royal Family and the Alchemist Association?"

Ding Liang shook his head and said, "Alchemy King Shi doesn't need to be like this. Ding Liang is also here on orders. Your little junior brother is a spy who had infiltrated from the Endless World. This point is already conclusive beyond all doubt! If Alchemy King Shi doesn't believe, you can ask him yourself!"

Shi Haoran's heart plummeted and was invariably caught in a dilemma.

In truth, through Ding Liang's words earlier, Shi Haoran already had some suspicions. But he was still not willing to believe that this was true from the bottom of his heart.

After musing for a moment, Shi Haoran forcefully pressed down the doubts in his heart and said to Ding Liang, "This matter is much too important. Want to ask, it's also not my turn to ask! I'll bring Little Junior Brother back right now. Master Star Abyss he will handle it impartially!"

Ding Liang's face fell and wished that he could kill Shi Haoran with one palm!

Handle my *ss impartially!

If you bring this boy back, you all will close your doors to 'handle impartially.' At that time, do I have to go before Star Abyss to ask for him?

"No way! This matter is already investigated clearly! Alchemy King Shi has no need to go back and ask Lord Star Abyss! I'm bringing away Ye Yuan right now. When the time comes, His Majesty, the Wind Emperor, will explain to Lord Star Abyss personally!" Ding Liang said immediately.

"I said earlier, want to touch Little Junior Brother, pass me first! Ding Liang, if you have the capabilities, then kill me!" Shi Haoran said angrily.

"You!" Ding Liang was so angered that he was spouting smoke from seven orifices.

As they spoke, both party's gunpowder smell gradually thickened, with the manner of a single word of disagreement and they would fight.

But, if they really fought, Ye Yuan's side would definitely be at a huge disadvantage!

The other party not only had Ding Liang this Divine Traversing Realm powerhouse, but the others were also mostly Soul Sea Realm experts too.

Ye Yuan's side were all a bunch of alchemists. How could they be the Dark Shadow Guard's match?

"Fine! I'll expose his identity in front of everybody! See how you still defend him! Lan Hu, come out for me!" Ding Liang howled.

A figure appeared in front of everyone. When Ye Yuan saw the arrival, his face could not help changing too. That last trace of a fluke was also all gone.

"Long time no see, Ye Yuan! In order to find you, I've flipped the entire capital over these past few months! I didn't think that you'd actually be right under my eyelids, and even became Sovereign Star Abyss's disciple! If not for today I was seized with a sudden impulse to come here and take a look at the spouse finding martial competition, I'm afraid that I wouldn't even know when you escape back to the Endless World!"

Although Lan Hu said it smilingly, anyone could tell the fury in his words.

These words said by Lan Hu was not in any way exaggerated. These few months, he would go to the city gates and keep watch there, hoping to discover Ye Yuan.

Yet, several months went by, and he did not even have any hint of information!

He never would have thought that Ye Yuan not only entered the capital long ago, but Ye Yuan also even became Sovereign Star Abyss's eighth disciple.

This discovery made him depressed until he was about to vomit blood!

Seeing Lan Hu, Ye Yuan knew that his tracks were ultimately still exposed.

Knowing that he could not conceal it, Ye Yuan gave a faint sigh and said, "So, it's Lan Hu huh. It's really been a long time since we've met. I didn't think that you'd actually pay such close attention to my affairs!"

When Ye Yuan's words came out, the facial expressions of Shi Haoran and the others changed drastically!

This was equivalent to him acknowledging the matter of being a spy.

"This . . . How is this possible? I clearly investigated your divine soul before. All of the characteristics were exactly identical with us Fierce Gale World martial artists!"

By the side, Xiao Changfeng's face already turned deathly pale and still did not dare to quite believe it until now.

Hearing these words, Ding Liang had a doubtful look too. His realm was much higher than Xiao Changfeng's and could sense that Ye Yuan's divine soul was no different from Fierce Gale World martial artists.

If not for Lan Hu seeing Ye Yuan before with his own eyes, it was utterly impossible for him to suspect Ye Yuan.

In truth, if not for this point, perhaps Ye Yuan would have been exposed long ago. It was impossible to be arrogant under their eyelids until now!

Among the people that Ye Yuan came into contact with, many were high tier martial artists and could very easily detect the abnormality of his divine soul.

Ye Yuan said with a smile, "Haha. That's very simple!"

As he said, Ye Yuan's divine soul underwent a minute transformation. But everyone's faces changed!

"This . . . How is this possible?"

Everybody's eyes went wide and stared at Ye Yuan in disbelief. Even the sovereign level powerhouse, Ding Liang's pupils constricted. He was evidently abnormally shocked.

"Haha. Nothing is impossible. It's just slightly altering the characteristics of the divine soul," Ye Yuan said with a faint smile.

Only after a long while did everyone recover from the shock. Ding Liang said with a solemn voice, "Shi Haoran, you saw it too. What else is there to say? This child's talent is even more monstrous than Shangguan Lingyun and His Highness, the Seventh Prince! He absolutely mustn't be allowed to leave! Or else, he's bound to be my Fierce Gale World's mortal malady in the future!"

Shi Haoran's expression flickered ceaselessly. Clearly, his heart was endlessly conflicted.

Ye Yuan suddenly said, "Many thanks for Eldest Senior Brother's and Seniors' care these few days. Little brother is also helpless. That's why I hid my identity. Today's matter will be shouldered by Little Brother alone! Eldest Senior Brother, please return!"

At this juncture, Shi Haoran falling out and becoming enemies with him was an extremely normal thing. Ye Yuan obviously would not bear enmity against him.

On the contrary, he was very grateful for Shi Haoran's care this period of time. Shi Haoran's this sort of shielding one's shortcomings very much matched Ye Yuan's appetite.

However, what made Ye Yuan surprised was that Shi Haoran suddenly blocked in front of him and said to Ding Liang, "No matter who he is, he's my little junior brother! You want to bring him away, sure. But I have to bring him back to Qixia Mountain first and let Master Star Abyss deal with him first! Before anything else, he's my little junior brother. Nobody can think about touching a hair of his!"

[Unrivaled Medicine God](#)

Chapter 435: Ye Yuan's Charm

"You! You're really impervious to reason! Do you know what the consequences of protecting this boy are?" The words from Shi Haoran angered Ding Liang until he stomped his foot.

Shi Haoran already thought it through currently and was no longer conflicted. He immediately said coolly, "I'm only saying to wait until he returns to Qixia Mountain. I didn't say to let him back to the Fierce Gale World either. What are you kicking up a fuss for? You're aware of Master Star Abyss's character. If I hand Ye Yuan to you today, I'll die very horribly when I return! While you . . . likewise won't feel nice!"

Ding Liang could not help choking up. Star Abyss's sanctions were still fresh in everyone's minds.

"Humph! Let's go!"

Seeing Ding Liang waver, Shi Haoran gave a cold snort and was about to bring them away.

"Wait a minute!" Ding Liang suddenly woke up and gave a loud cry, "Shi Haoran! Don't you compel me to use force!"

As he said, the aura of Divine Traversing Realm released. Everyone's faces changed!

The oppression of a Divine Traversing Realm was not a joke!

Ding Liang did not even make a move yet, and everyone already had a feeling like the heaven was rent asunder and the earth cracked. Even breathing was very laborious as if somebody was clutching their throats.

What was the notion of Divine Traversing Realm?

This was basically the pinnacle existence for Lower Realm martial artists! A character that stood at the very peak of the food chain! An existence like the spire of a pyramid!

Once such a character made a move, ordinary people utterly did not have the chance to resist.

Even Soul Sea Realm martial artists were also ant-like existences in front of Divine Traversing Realms!

When Ding Liang demonstrated his power, Shi Haoran's face changed too.

He was not an arrogant and conceited person. In front of Ding Liang, he did not have the leeway to retaliate at all. But in order to bring Little Junior Brother back to Qixia Mountain today, he was ready to risk it all!

This was something that must be done by someone of the Star Abyss tutelage. Want to punish, it was also punishment by their own people. When was it other people's turn to punish?

Everyone had their own insistence, and Shi Haoran's insistence was the pride of Star Abyss's line as well as protection towards their own people!

"Ding Liang! If you have the capabilities, then kill me!" Shi Haoran's words revealed an icy-cold intent.

Ding Liang suddenly let out a sigh and said, "Shi Haoran, His Majesty, the Wind Emperor, has already issued the order to be sure to bring Ye Yuan away! Apologies, I can only offend!"

Only to see him wave his sleeves grandly. An enormous force sent Shi Haoran flying out.

"Puhwark!"

Shi Haoran crashed heavily onto the ground and vomited a mouthful of fresh blood.

"Eldest Senior Brother!" Seeing Shi Haoran sustain injuries, Ye Yuan's expression changed.

Ding Liang did not hesitate in the slightest and took this chance to directly reach his hand out and grab at Ye Yuan!

A horrifying oppressive power directly shackled Ye Yuan. Ye Yuan actually could not move at all and could only let Ding Liang capture at his discretion.

But at this time, a beautiful shadow suddenly blocked in front of Ye Yuan!

Ye Yuan was taken aback from shock and yelled out, "Ruyan! Get away from me!"

Xiao Ruyan's hands stretched out and turned a deaf ear to Ye Yuan's words. But she shut her eyes, a manner of waiting for death.

"Regardless of who you are, you're my, Xiao Ruyan's, master! I can't watch you die! Ding Liang! Want to kill, you kill me together too!" Xiao Ruyan reproached daintily.

"Humph! Ignorant child! To actually help an enemy from another world! I still have some trepidation towards Shi Haoran, but just with a little baby girl who's still wet behind her ears like yourself, do you

really take me to not dare to kill you? Since you wish to die, I'll help you achieve your aim!" Ding Liang said with a cold snort.

Ye Yuan was so anxious that he broke into a cold sweat. He cursed, "You dumb*ss! Quickly get lost for me! Do you hear?"

Ye Yuan was suppressed dead by Ding Liang's aura and completely could not move at all. And that battle with Zhao Chenggan prior to this, his wounds were extremely severe. Now, he completely did not have the slightest bit of strength to retaliate.

Ding Liang wanting to kill Xiao Ruyan was simply as easy as blowing away dust!

Could it be that . . . he had to watch Xiao Ruyan die before him helplessly?

Right then, Ye Yuan's eyes blurred. Ding Liang's figure was suddenly totally blocked.

A large fatty suddenly appeared and blocked in front of Xiao Ruyan. It was precisely Second Senior Brother, Tang Zhi!

Tang Zhi looked at Ding Liang calmly as he said coolly, "Ding Liang, kill me together too! I want to see how many people can you kill today!"

As he said, the other five seniors blocked in front of Ye Yuan too, covering him solidly.

At this instant, Ye Yuan's eyes unwittingly became somewhat wet.

These seniors clearly knew that he was someone from another world, yet they actually barricaded in front of him without any hesitation.

This gratitude, Ye Yuan probably could not cut it off in this lifetime no matter what!

"Humph! Who says that I must kill you guys? Just the likes of the few of you also wish to get in the way of me capturing this boy?"

Ding Liang gave a cold snort and lightly slapped out a palm. Immediately, violent winds howled, sending everyone flying.

The strength of a Divine Traversing Realm martial artist was simply inexorable!

"Puhwark!"

Ye Yuan was originally already heavily injured. At this time, injuries piled on top of injuries, and he could not hold back the sweetness in his throat, and a mouthful of blood spewed out.

A blur before his eyes. A silhouette appeared before him.

"Really can't tell that you, boy, actually have such charm to make so many people willingly die for you! However . . . I want to see who else can stop me from capturing you now!" Ding Liang said lightly with his hands behind his back.

Ye Yuan's complexion was as pale as paper and was already very frail. He looked at Ding Liang cold and detachedly and said coolly, "Ding Liang, right? If I don't die today, there will definitely come the day where you'll regret it!"

Ding Liang's actions already touched Ye Yuan's reverse scale.

Ye Yuan spoke very calmly. But the calmer he was, the more enraged it meant he currently was!

If not for Tang Zhi earlier, Xiao Ruyan would already be a dead person.

Ding Liang was wary of the identities of Shi Haoran and the others, but he completely thought nothing of Xiao Ruyan.

What capital's dual absolutes. In the eyes of a character like Ding Liang, it was a joke.

When needed, he did not mind ruthlessly destroying a flower at all!

Hearing Ye Yuan's words, Ding Liang's brows involuntarily knitted. He said with a cold smile, "Young man, you're thinking too much! Don't forget where you are right now! This place is the Fierce Gale World, not the Endless World! Even if I let you leave today, do you think that you can escape from the capital? In here, everyone is your enemy! You alone, are facing an entire small world! Hence, don't hold any chances in your heart. You won't have the opportunity to take revenge!"

Ding Liang did not suspect Ye Yuan's words and also did not feel that Ye Yuan's words had any laughable areas.

Ye Yuan defeated Zhao Chenggan who was a full major realm higher than him with Seventh Level Crystal Formation Realm cultivation. Such monstrous talent, surpassing him in the future was practically set in stone.

Yet, the Wind Emperor would not give him the opportunity!

Ye Yuan was dead for sure!

Ye Yuan was extremely feeble right now and already could not be bothered to carry out meaningless arguments with Ding Liang.

He shut his eyes and slowly revolved his skill to refine the medicinal strength.

"Alright, it's late. His Majesty, the Wind Emperor, is most likely already anxious from waiting. Take a trip with me!" Ding Lian said. His hand reached towards Ye Yuan once more.

"Ding Lian, you treated my disciples in such a manner; have you made the preparations to receive my wrath?"

Right then, a cold voice suddenly sounded out and transmitted into everyone's ears.

When Shi Haoran and the others heard this voice, they could not help becoming overjoyed!

[Unrivaled Medicine God](#)

Chapter 436: Wind Emperor Appears!

A faint divine soul aura rippled out. Everyone only felt the pressure on their bodies ease up. That sort of stifling feeling previously instantly vanished with a trace.

"Master!" Shi Haoran and the others called out in one voice.

A figure stood in the air, facing Ding Liang across a distance. Who could it be but Star Abyss?

"L-Lord Star Abyss!"

Seeing Star Abyss, Ding Liang also involuntarily lowered his proud head.

Regardless where, the status of alchemists was exceptionally venerated. Even in the Fierce Gale World where alchemy skills had declined, an Alchemy Sovereign powerhouse like Star Abyss still had a lofty status.

The reason was none other than because the medicinal pills required by Divine Traversing Realm experts, only Star Abyss could refine them!

This was the reason behind the pride of Shi Haoran and the others!

What kind of existence Alchemy Sovereign powerhouses were, one just had to look at the medicinal theory class Ye Yuan studied back then at the Dan Wu Academy to understand this point.

A theory foundation left behind by an Alchemy Sovereign became the holy scripture that the entire continent pursued.

This was a character that could leave behind a legend on a plane!

An era might have many, many Divine Traversing Realm powerhouses. But the number of Alchemy Sovereign powerhouses were scanty few!

Star Abyss's status in the entire Fierce Gale World could be seen at a glance.

"Ding Liang, you beat up all of my eight disciples until heavy injuries today. This account, do I find you to settle it, or should I go and claim from Zhao Tianyin?" Star Abyss said coolly.

Ding Liang sweated heavily. He did not think that Star Abyss would actually arrive so quickly. This time, it was not easy to wind this matter up.

"This . . . Ding Liang was a little too rash. But Lord Star Abyss, this new disciple of yours is the Endless World's spy! Lord Wind Emperor gave a death order to definitely bring him back to interrogate!" Ding Liang was helpless and could only bring out Wind Emperor.

Star Abyss waved his hand and said, "Ye Yuan's matter, I'll go explain to Zhao Tianyin myself. Now, you can leave."

"This . . . I'm afraid that this is . . . inappropriate, right?" Ding Liang did not think that Star Abyss was actually so unyielding. For a spy from another world, he actually did not even give face to the Wind Emperor.

Star Abyss shot him an indifferent glance and said, "Then, are you prepared to take care of me together too?"

Ding Liang was shocked and hurriedly said, "Dare not, dare not. Even if Ding Liang's guts were any greater, I wouldn't dare to make a move against Lord Star Abyss either!"

But Star Abyss no longer bothered with him and said to his disciples directly, "Support your little junior brother and follow me."

Ding Liang's heart was gloomy!

Indeed, like master, like disciple! This master and disciples' way of handling things was simply carved from the same mold; they were directly treating him like air!

But Ding Liang daring to make a move against Shi Haoran and the rest did not mean that he dared to attack Star Abyss.

Making a move against Shi Haoran and the rest still had room for maneuver. But making a move against Star Abyss's actual person was equivalent to the Royal Family and the Alchemist Association breaking away completely!

With the Alchemist Association's rallying power, forget about them, these Divine Traversing Realm experts, having to chance to have any medicinal pill to use in the future. Most likely, in the entire Fierce Gale World, no martial artists could get medicinal pills.

Even the Xiao Family and Tong Family, these alchemy families who depended on the royal family, they would probably close down their stores very soon as well.

Ye Yuan did not think that Star Abyss would actually shield him so domineeringly, making him feel a warmth in his heart.

Although the current Ye Yuan was just a small character in the war between two worlds, his monstrous talent had already been revealed. The Wind Emperor would not let him leave easily.

Star Abyss saying this was tantamount to falling out with the Wind Emperor.

Such resolve, how could Ye Yuan not appreciate the kindness?

"You caused an uproar in the capital actually just to take in a disciple?" Star Abyss transmitted his voice.

Thick displeasure was revealed in his words. Very clearly, stirring up this situation was not what he wished to see.

To be able to send Ye Yuan away noiselessly, that was the best outcome. Yet, Ye Yuan was simply not a law-abiding person and actually caused storms to rage throughout the entire capital for a girl.

Even more damnable was that Ye Yuan defeated everyone, but the final outcome was not to hug a beauty back but just to accept a disciple.

This sort of powerful and unconstrained style of doing things also made Star Abyss this titan thunderstruck until he was tender on the inside and crispy on the outside.

Ye Yuan said nonchalantly, "For real men, some things are necessary, while other things absolutely mustn't be done. Since we're friends, how can I watch her jump into a fire pit helplessly? It's just that I never thought that thorough considerations would have an oversight. There was actually still somebody who recognizes me in the capital . . ."

"Forget it, forget it! Don't know what kind of fortune this little girl garnered in her previous life, to actually be able to encounter a person like you! Follow me back first. This matter still needs to be discussed at length. You actually wasted Zhao Chenggan. The Wind Emperor most likely won't leave the matter at that!" Star Abyss heaved a sigh.

"Great grace can't be thanked with words. Today's matter, I, Ye Yuan, remembered it." Ye Yuan said coolly.

"What's there to thank? If you were really a spy, I wouldn't care less about you! It's just . . . who asked you to be somebody that Master, his elderly self, holds in high esteem?" Star Abyss said with a sigh.

"Haha. Didn't think that one day, I, Ye Yuan, would actually receive Li Daohang's grace," Ye Yuan said with a self-ridiculing laugh.

Star Abyss had just brought everyone and walked not far out when he discovered a silhouette blocking their path!

This scene happened too unreal, making everyone unwittingly feel their eyes blurring.

Because just earlier, there was clearly nobody there. But the next instant, a person suddenly popped up there, as if he appeared out of thin air.

Such a bizarre thing involuntarily made people feel a chill down their spine.

Looking at the arrival, Star Abyss's expression had an indescribable graveness.

Ye Yuan's eyes narrowed slightly and already had some guesses about this person's identity.

"Star Abyss, although your Alchemist Association isn't under my rule, harboring people from another world like this truly make Us bitterly disappointed," the person opened his mouth and said apathetically.

This person that showed up bizarrely was actually the absolute sovereign of the Fierce Gale World: the Wind Emperor Zhao Tianyin!

And he was also the Fierce Gale World's one and only Boundless Realm martial artist! An existence that looked down upon myriad worlds!

Zhao Tianyin's age did not look old, still maintaining the appearance of a middle-age person. Seemed like in his younger days, he was already an extremely powerful existence.

Of course, if he was not a peerlessly talented person, how could he possibly break through to the Boundless Realm in the Lower Realms and attain the position of the Wind Emperor?

Zhao Tianyin wore a casual dragon robe. Apart from this, there were not too many ornaments, seemingly no different from an ordinary person. It actually gave people a feeling of returning to one's original simplicity!

Star Abyss sucked in a deep breath and said in a slightly low voice, "Since you know that the Alchemist Association isn't under your jurisdiction, why did you dare to touch my disciples?"

Even an existence like Star Abyss, when facing a Boundless Realm powerhouse, felt immense pressure too.

One had to know that under such an environment like the Lower Realms, Boundless Realm represented invincibility!

Even Peak Divine Traversing Realm martial artists were only just slightly stronger ants in front of the Boundless Realm Wind Emperor.

If not for this, why would the Grand Yan True Sect need to sacrifice countless Divine Traversing Realm martial artists to cast the Six Extreme Seals Grand Array back then?

Zhao Tianyin ruminated for a moment and said coolly, "Looks like . . . you knew his identity long ago!"

Unrivaled Medicine God

Chapter 437: Unprecedented Humiliation!

"My own disciple, of course I know. If I didn't know beforehand, why would I appear here now?" Star Abyss said.

"Although you're the Alchemist Association's Chairman, you're also born and bred in the Fierce Gale World. Is what you're doing here treating this land that raised you fairly?"

"One, I didn't do anything that let down the Fierce Gale World. Second, my disciple also didn't do anything to let down the Fierce Gale World. The so-called conspiracy theories are completely conceived out of your own imagination. My disciple only came to save his seniors. Being serious, my disciple came to the Fierce Gale World still because the Swift Wind Guards captured his seniors, isn't it so?"

"But you also saw this child's strength. If We let him leave unchecked, he'll be my Fierce Gale World's mortal malady. Once he leaves, there will be many, many Fierce Gale World brave warriors that will die in his hands next time. You're also a titan of a world. Don't you consider for your people?"

The two people had a lively conversation and were actually like old friends of many years chatting.

These two people did not belong to the same group. Although they knew each other for many years, they were not some old friends. Star Abyss even once caused mayhem in the capital for his disciple's matter and forced the third prince to death.

But at their realm and status, every action had the demeanor of an expert and would naturally not look like lower level martial artists squabbling.

Yet, from the contents of their conversation, their opinions clearly could not reach a consensus. The smell of gunpowder gradually thickened as well.

This was absolutely not some good news to Ye Yuan's side.

And the Wind Emperor's words clearly struck Star Abyss's Achilles heel. If Ye Yuan returned to the Endless World, there would bound to be many Fierce Gale World martial artists who would die in his hands in the future.

In such a war between two worlds, nobody could detach themselves from it.

Ye Yuan could enter deep into the Fierce Gale World today for his seniors. He would surely have to kill people for his close ones in the future!

And Ye Yuan's potential was seriously too scary. This point, no one could refute.

These words that the Wind Emperor said was actually equivalent to admitting that he dreaded Ye Yuan very much.

"Humph! Posing as someone with high morals!" Ye Yuan suddenly said with a cold snort.

Once these words came out, everyone's countenance changed visibly.

In this world, there was actually somebody who dared to provoke the Wind Emperor!

Even if Ye Yuan's talent was heaven-defying, this gall was also too fat!

Even if Ye Yuan defeated Zhao Chenggan, before the Wind Emperor, he was still nothing at all. As long as the Wind Emperor was willing, he could kill Ye Yuan without even needing a finger!

Soul Sea Realm. The divine soul communicating with one's essence energy sea, one could manipulate heaven and earth essence energy.

Divine Traversing Realm. The divine soul and essence energy sea merge into one, roaming the world freely. One could manipulate heaven and earth essence energy in a large scope.

Boundless Realm. The divine soul gains a preliminary glimpse into the profound mysteries of heaven and earth. One could take control of heaven and earth essence energy within a fixed boundary. Saying that they were controllers was not over the top!

Hence, the Wind Emperor wanting to kill Ye Yuan now was practically just a matter of a thought.

Hearing Ye Yuan's words, Zhao Tianyin glanced sideways slightly and looked at Ye Yuan.

Everyone's hearts were thumping and had no clue how the Wind Emperor would punish Ye Yuan.

"Is there weight for you to speak here? Puny little Crystal Formation martial artist, saw Us and actually dare to not kneel!" Zhao Tianyin's dignified voice sounded.

Zhao Tianyin was not seen taking any action either. All of a sudden, the surrounding heaven and earth essence energy became berserk and actually squeezed towards Ye Yuan like a cage!

This was too sudden. Everyone did not react in time.

Immediately, Ye Yuan felt a weight of 30 thousand catties on his shoulders as if a pair of large hands was forcefully pressing him down to make him kneel!

Ye Yuan clenched his fists tightly, and his knees gradually bending. All the bones in his body gave off creaking sounds as he used all the strength in his body to resist.

"Who . . . the hell . . . are you, to also . . . also fit to make me . . . kneel down?"

Ye Yuan's face turned red, and he said this sentence word by word.

Zhao Tianyin said emotionlessly, "We are the ruler of a world. Could it be that We cannot bear a kneel of yours?"

"I, Ye Yuan . . . only kneel to parents and don't kneel to . . . the heaven! Compared to the heaven . . . what do you even count as?"

As he said, Ye Yuan's jaws were chattering. Each word needed to use his entire body's strength.

Ye Yuan's back was already bent, both legs slightly curved, but he stubbornly refused to kneel down.

Hearing Ye Yuan's words, everyone's faces including Zhao Tianyin's all changed.

What martial artists practiced was Heavenly Dao. What they feared most and held in reverence most was also Heavenly Dao!

The might of Heavenly Dao was what humans simply could not surmise.

Ye Yuan actually uttered words like this. Simply too unbridled!

"Speaking recklessly of heaven! Truly don't know life from death! With your strength, how do you know the terror of heaven?" Zhao Tianyin said.

"Zhao Tianyin! You're still not staying your hand yet?! Humiliating my disciple like today, you have to make preparations to receive my wrath!" Star Abyss saw Ye Yuan's agonizing state, and his heart pounded.

Speaking recklessly about heaven?

Among the people present here, there was probably nobody who understood heaven better than Ye Yuan!

Ye Yuan was burdened with a deeply-seated blood feud and had already long lost awe and veneration towards heaven.

Alive again, he was going against heaven!

The heaven wanted to exterminate him, Ye Yuan. Then he, Ye Yuan, was going to ask the heaven why it was so unjust!

Although it was uncertain who Ye Yuan's enemy was, a person that could kill a peak Alchemy Emperor was definitely among the peak existences in the Divine Realm.

Compared to them, Zhao Tianyin truly did not count as anything.

Moreover, with Ye Yuan former identity, how could he willingly kneel down towards a puny little Boundless Realm?

If it were before, Boundless Realm was not even fit to lick Ye Yuan's shoes!

Star Abyss could understand Ye Yuan's words. He did not feel surprised. But Zhao Tianyin humiliating Ye Yuan like this was what he could not accept.

Who knew that this time, Zhao Tianyin was a never before unyielding. "Star Abyss, although I dread your identity, it's not without a bottom line. Furthermore, not everyone by your side can scorn Our prestige! Even if he's your disciple, making him kneel down to greet Us the first time meeting Us is not considered overboard, right? Moreover, he crippled Gan-er. This kneel serves as making an apology."

With Zhao Tianyin saying it like this, Star Abyss really had nothing to say.

If Ye Yuan was his eighth disciple, even if Ye Yuan was somebody from the Endless World, kneeling down to greet the Wind Emperor was nothing inappropriate.

But the problem was that making an Alchemy Emperor kneel to the Wind Emperor was an unprecedented humiliation!

Although Star Abyss did not interact much with Ye Yuan, regarding his temperament, he still had some understanding.

Even if Ye Yuan were to die, it was also not possible to kneel towards the Wind Emperor!

For a moment, Star Abyss fell into a dilemma and did not know what words he should use to rebut Zhao Tianyun.

Right then, Xiao Ruyan suddenly scurried out from the crowd and kneeled to the Wind Emperor with a slam.

"Your Majesty, the Wind Emperor, I beg you, let Master go! He . . . He only did it for the sake of saving his seniors and is really not a spy! If Your Majesty wishes to punish, Ruyan is willing to die in his place!" Xiao Ruyan's face was smeared in tears, but her face had indescribable stubbornness.

"Ruyan! You mustn't be rude! Get back for me!" Xiao Changfeng hastily reproached in alarm when he saw the situation.

Offending the Wind Emperor was not a burden that his Xiao Family could bear!

[Unrivaled Medicine God](#)

Chapter 438: Made You Suffer

The Wind Emperor turned his head slightly to look at Xiao Ruyan. Ye Yuan could not help freaking out in his heart.

He had long seen through that this Wind Emperor was not some good-natured person.

To be able to kick off a war between two worlds for his own personal interests, such a person was a fierce and ambitious person no matter how one looked at him.

How could such a character take pity on a frail little girl?

"You, this baby girl, don't know what's good for you either! To actually help an aberrant person from another world plead for leniency! The Xiao Family received Our grace for generations, and this is how you repay Us? Alright then, since you want to die, then We will send you off!"

The Wind Emperor's words did not carry the slightest hint of emotion, making people feel a chill in their hearts when they heard them.

"Don't . . . !" Ye Yuan shouted.

But it was as if Zhao Tianyin did not hear it at all. Only to see him raise his hand slightly, his index finger lightly flicked. A starlight flew towards Xiao Ruyan's heart like a comet!

Nobody had any suspicion that as long as this bit of starlight touched Xiao Ruyan, she would be dead for sure!

But at this time, who could save her?

The starlight arrived in front of Xiao Ruyan in the blink of an eye. But it was like Xiao Ruyan did not see it at all. She currently had her back turned to look at Ye Yuan, giving him a gentle smile!

Swoosh! Bang!

The starlight did not strike Xiao Ruyan, but flew towards the far-end, smashing onto the ground.

An enormous rumble sounded. Rock fragments were smashed flying all around.

Xiao Ruyan . . . disappeared!

Regarding this surprise, the Wind Emperor was calm like before. He then turned to Ye Yuan. "Spatial spirit artifact? Looks like I still underestimated you."

Turned out that in that critical juncture just now, Ye Yuan unleashed the spatial spirit artifact and transported Xiao Ruyan inside!

This scene naturally could not escape the Wind Emperor's eyes.

"However . . . you can't even protect yourself right now; you actually still have the thought to bother with others. I want to see to what extent you can hold out!"

Zhao Tianyin's voice had just faded when Ye Yuan suddenly felt the pressure around him immediately increased multiple folds!

That horrifying pressure even squeezed the space until it morphed, giving people a very unreal feeling when looked at.

And Ye Yuan's body sunk down more than half under this kind of pressure. One knee was practically on the verge of touching the ground!

"Puhwark!"

Ye Yuan spurred the essence energy in his body frenziedly, trying to straighten up his back desperately. Under the enormous pressure, Ye Yuan finally could not resist vomiting out a mouthful of fresh blood.

Not only so, under the compression of space, the skin on Ye Yuan's entire body also cracked, oozing out blood, looking very wretched.

"Zhao Tianyin! If you have the capabilities . . . kill me! Even if I'm . . . beaten until my bones are ground to dust, I also . . . won't kneel down!" Ye Yuan practically snarled it out.

"Kill you? Killing you is too easy! As long as I'm willing, what's hard about grinding your bones to dust? But . . . I only want your kneel," Zhao Tianyin said coolly.

Zhao Tianyin waved his hand once more. The pressure around Ye Yuan skyrocketed once more!

Very clearly, as long as he was willing, he could crush Ye Yuan's body into pieces with just this move. And the pressure that he was applying right now was just a drop in the bucket of his strength. The goal was to make Ye Yuan kneel down.

Under the tremendous pressure, Ye Yuan's consciousness gradually blurred, his body dropped bit by bit too.

Seeing Ye Yuan's wretched appearance, Star Abyss's fury finally ignited too!

However, he had yet to take action when he heard Zhao Tianyin say indifferently, "Star Abyss, I advise that you better not make a move. You're aware, on the Martial Path, you're too weak!"

As he said, Zhao Tianyin casually pointed with a finger again. Heaven and earth essence energy immediately formed a thin membrane, wrapping Star Abyss inside.

Star Abyss's face changed and smacked out a palm at the thin membrane.

Bang!

The thin membrane did not move a hint, and Star Abyss was actually bounced back!

This was the strength of a Boundless Realm martial artist!

Even the sovereign level Star Abyss was so incapable of withstanding a single blow in front of Zhao Tianyin!

"Alright, wait there obediently. After I take care of this brat, we'll slowly chat," Zhao Tianyin said faintly.

Star Abyss gritted his teeth and said, "Zhao Tianyin, you . . . deserve death!"

But Zhao Tianyin did not pay attention to Star Abyss anymore. He increased essence energy for Ye Yuan once more!

"Argh!"

Suddenly, Ye Yuan's aura rose frenziedly. His eyes were blood-red as he stared at Zhao Tianyin icily.

Zhao Tianyin said lightly, "Burning blood essence huh . . . Burning 50% of blood essence in one go, you've virtually already ruined your own foundation. Doing this . . . just in order to not kneel down before me? Truly an obstinate youth. But . . . the more this is the case, the more I want to make you kneel. Haha."

Ye Yuan was heavily injured originally. Under Zhao Tianyin's pressure, he had reached his limits long ago already.

He could persist until now by relying entirely on a single conviction to hang in there.

Ye Yuan was self-aware that he was certain to be killed and simply burnt 50% blood essence in one shot, instantly filling the essence energy in his body to the brim!

Under such a condition, he actually slowly stood up a little!

However . . . all of this was futile. Ye Yuan compared to Boundless Realm martial artists, the gap was too great!

Just pushed back some and Zhao Tianyin slightly exerted pressure again, immediately pushing Ye Yuan down.

Boom!

Ye Yuan's feet actually trod the ground until it caved in!

And at this time, Ye Yuan's knee was only a mere couple of inches distance away from the ground!

Burning 50% blood essence was also unable to resist even a tiny bit of time.

Ye Yuan's consciousness became increasingly blurry. Yet, there was a voice in his heart telling him non-stop: Don't kneel! Don't kneel!

The current Ye Yuan was already dyed by his blood until he became a blood person, looking terrifyingly ghastly.

When everyone saw this scene, their faces could not help showing a visible change in countenance.

A Crystal Formation Realm youth actually displayed such a stubborn side in front of a Boundless Realm martial artist!

Although these people were all Zhao Tianyin's subjects, at this very instant, they unwittingly felt pity for Ye Yuan in his hearts.

Why geniuses were called geniuses was not only because they needed to have outstanding talent, but they also needed unyielding belief and a tenacious personality even more.

Ye Yuan possessed all the qualities that a genius should have and originally should soar to the skies in one move. But today, he was cruelly humiliated by Zhao Tianyin and ultimately could not escape death.

Such a violent method rather made people hold in contempt.

Killing people was merely the head hitting the ground. But, shaming like this hurt morals and conscious.

Ye Yuan felt the strength in his body waning bit by bit. Resisting the spatial compression was progressively more abilities falling short of one's will.

"Up to here huh . . ."

This was Ye Yuan's final thought. Finally, he could not endure anymore, and he fainted.

Seeing this scene, the corner of Wind Emperor Zhao Tianyin's mouth revealed a trace of a victor's smile.

Yet . . . Ye Yuan's body did not collapse. A beautiful figure walked out of the void and caught the Ye Yuan who was about to kneel down.

The woman gave a melancholic sigh and said, "Apologies, Mister Ye. Li-er came a step late and made you suffer."

This woman was precisely Li-er!

Her appearance was as if a celestial fairy descending to the mortal world. There weren't any signs in advance at all!

Seeing Li-er, Zhao Tianyin's expression underwent a change for the first time. A solemn expression actually appeared. With his strength, he actually did not discover that a person was hidden in the void!

"Who are you?! To actually dare barge into the capital!" Zhao Tianyin said grimly.

Unrivaled Medicine God

Chapter 439: Instant Karma!

Li-er completely did not bother with Zhao Tianyin at all.

Only to see her slowly extend an exquisite arm, gently pressing her palm on Ye Yuan's chest.

A light halo spread out on Ye Yuan's chest, and it actually gave people a peaceful feeling.

Seeing that Li-er did not pay attention to him at all, the Wind Emperor's face fell slightly, "Humph! Ignorant of what you're saying! To actually dare offend Us. Deserve to die!"

Zhao Tianyin flicked a finger with one hand. A stream of light instantly arrived before Li-er.

Yet, right at that moment, a bizarre scene appeared!

That stream of light actually vanished from sight inexplicably before Li-er. But no one saw Li-er make a move.

Her hand was still pressing on Ye Yuan's chest as if she was utterly oblivious to the matter of Zhao Tianyin attacking her.

Zhao Tianyin's expression had yet to change in time when all of a sudden, he felt all the hair on his body stand on its ends. An intense feeling of danger assaulted from behind.

He turned around swiftly. A stream of light transported out from the void. In haste, Zhao Tianyin quickly unleashed another finger.

Bang!

Two streams of light collided together, giving off a violent explosion.

Zhao Tianyin actually fell back several steps in a row. Everyone watched this scene in disbelief.

The Wind Emperor was a Boundless Realm powerhouse. He actually could not deal with a girl?

Zhao Tianyin sucked in a cold breath instead, "Concept of Space! You . . . Who on earth are you?"

The Concept of Space was an exceedingly profound concept; extremely difficult to comprehend.

The Wind Emperor was also considered someone with many experiences. But he had never heard of anybody who had comprehended the Concept of Space in the Lower Realms.

Furthermore, looking at this girl's move earlier, it was clearly comprehended to an extremely profound realm already.

The Wind Emperor's face was very ugly. After becoming the Wind Emperor, this was the first time he felt an immense threat.

Right then, Ye Yuan suddenly gave a muffled groan. He was clearly in great anguish.

But when Li-er saw this scene, the expression on her face eased up considerably.

Only at this time, did she slowly raise her head. Looking at Zhao Tianyin indifferently, she said, "Your dog head will be left on your neck for the time being! Before long, Mister Ye will personally come to retrieve it. As for who I am, you don't have the qualifications to know yet."

Zhao Tianyin's face fell, and he said with a frown, "Humph! Just know some Concept of Space, that's all. You don't really think that you've subdued Us, right?"

But Li-er no longer bothered with him. Gently carrying Ye Yuan up, she said, "Mister Ye, I'll bring you home right away."

Seeing Li-er completely disregard him, Zhao Tianyu flew into a great rage. With a flash, he blocked in front of Li-er and said, "Pretending to be mysterious! You can leave, but this boy must stay!"

Li-er's eyelid raised slightly, and she said coolly, "With just you?"

Zhao Tianyin said with a cold snort, "So what if just Us? If We let you bring him and swagger your way out of here, then how will We rule the Fierce Gale World's citizens in the future?"

"This is you inviting humiliation upon yourself. Can't blame me."

As she said, Li-er's eyes suddenly released two beams of light. The light flashed and passed right away.

Zhao Tianyin was just brewing up a big move when all of a sudden, he shuddered. His pair of eyes actually gradually became vacant!

Li-er's brows furrowed, but her divine soul was in pain. That sort of ripping pain transmitted over.

"Your Majesty, the Wind Emperor!" Ding Liang instinctively felt something off and could not help yelling out.

Yet, Zhao Tianyin seemed to not have heard it. He still stood there without moving a muscle, as if he was a wooden puppet.

"Your Majesty, what's wrong?"

Ding Liang hurriedly came to Zhao Tianyin's side and shook his body. But Zhao Tianyin did not have any reaction.

"Demoness! What did you do to His Majesty, the Wind Emperor! Do you know what you're doing? You're making an enemy out of the entire Fierce Gale World!" Ding Liang admonished furiously.

Although Ding Liang's words were fierce, he did not dare to make a move against Li-er.

This demoness actually cast a spell and froze the Wind Emperor in place. How could he possibly be her match?

"Is that so? So what if I'm making an enemy out of the entire Fierce Gale World?" Li-er said indifferently.

Having Zhao Tianyin kicking up a ruckus like this, Li-er was not in a hurry to leave. She slowly put Ye Yuan down and leaned him against her shoulder.

Seeing this action of Li-er, not knowing why, Ding Liang's heart pounded, and he had a foreboding feeling.

Only to hear Li-er chide lightly, "Come over and kneel down for Mister Ye!"

Everyone's faces changed.

Was this woman crazy? To actually make His Majesty, the Wind Emperor, kneel down to Ye Yuan?!

But at this time right now, there was no longer anybody who took Li-er to be an ordinary person.

This woman was too bizarre. She actually just gave Wind Emperor a look and inundated him completely.

Boundless Realm was the strongest existence in the Lower Realms. He actually did not even have the chance to attack?

Also, the Wind Emperor he . . . wouldn't really kneel to Ye Yuan, right?

Under everyone's stares, the Wind Emperor actually really moved two steps in front and walked over towards Ye Yuan.

Ding Liang was taken aback from fright. He hastily grabbed Zhao Tianyin's arm and yelled, "Your Majesty, don't!"

But the Wind Emperor paid no heed at all. Instead, he waved a hand and sent Ding Liang flying out far away.

Zhao Tianyin moved several more steps over and actually really kneeled down with a slam!

This time, it really made the atmosphere blow up.

Everyone watched this scene blankly, with a look of incredulity.

What kind of magic did this woman cast on His Majesty, the Wind Emperor? To actually be able to make His Majesty, the Wind Emperor, so obedient!

"Heh heh, this also counts as instant karma. Just earlier, Zhao Tianyin wanted to make Ye Yuan kneel down. In the end, Ye Yuan did not kneel, but he himself kneeled to Ye Yuan instead! This is the situation where those who like to disgrace others will frequently be humiliated by others!" Star Abyss said with a cold smile.

Through today's events, he had already completely fallen out with Zhao Tianyin. Now, seeing Zhao Tianyin actually kneel to Ye Yuan, he felt incomparably free from inhibitions in his heart.

The only pitiable thing was that Ye Yuan was currently still in an unconscious state and was unable to feel the delight of revenge.

"Today's matter, it is you inviting humiliation upon yourself! I'll claim a bit of interest on Mister Ye's behalf first! Now, kowtow to him! I don't say stop, you're not allowed to get up!" Li-er admonished.

Just like that, Zhao Tianyin really kowtowed to Ye Yuan non-stop and was incomparably obedient.

Li-er's finger moved slightly. Xiao Ruyan was actually released from the spatial spirit artifact.

Seeing that the Wind Emperor was actually prostrating to Ye Yuan, Xiao Ruyan could not help jumping in fright. "This . . . What is going on here? H-His Majesty, the Wind Emperor, he . . ."

"No need to make such a big fuss. It's just carrying a slight punishment out on him. Just based on his actions today, it's enough to kill him. But for the sake of Mister Ye to be able to personally take revenge in the future, temporarily let him off today," Li-er said coolly.

Only then was Xiao Ruyan awakened abruptly. There was still a peerless beauty standing before her!

Xiao Ruyan emboldened her courage to look Li-er up and down a couple of times. There was actually a feeling of being ashamed of one's unseemliness!

"This . . . Could it be that this woman is Ye Yuan's beloved? No wonder . . . he turns his nose up at me. Turns out that the difficulty he talked about was this . . ." Xiao Ruyan could not help bemoaning her fate inwardly.

"Alright. I'm about to bring Ye Yuan back to the Endless World at once. Everything that he did today was for you, so I let you out to ask you something. Are you staying here, or are you following Ye Yuan back?" Li-er asked emotionlessly.

Unrivaled Medicine God

Chapter 440: Return to the Endless World!

Xiao Ruyan also did not think that she would actually have to face such a decision.

Two small worlds. This was a distance the same as the two end points of the earth. Going to the Endless World, she might never be able to return here again in this lifetime.

And at this place was her elder brother, her parents.

The Wind Emperor was still groveling there non-stop, while Ding Liang was desperately trying to pull him up. But he refused to get up no matter what.

Over on this side, Xiao Ruyan fell into a dilemma and had a conflicted face.

"Ruyan, you mustn't go with him! Or else, I, Xiao Changfeng, will break off all ties with you!" Xiao Changfeng said coldly.

Xiao Ruyan's entire body shuddered, and her gaze involuntarily turning to Xiao Changfeng.

It was only to see Xiao Changfeng staring with furious eyes; he had a look of firm resolution. For a moment, countless memories welled up from the bottom of her heart.

These years of diligent studies and bitter training, not daring to slack off the slightest bit.

When the elders unanimously said to push her out as a bargaining chip, Xiao Changfeng kept silent and said nothing by the side.

She was heartbroken and swallowed the Nine Nether Soul Shattering Powder; her consciousness dissipating bit by bit.

Xiao Ruyan's eyes gradually became resolute!

"Father, these past twenty years, Daughter has been living for the Xiao Family! And today, Daughter is already somebody who has died once. Daughter wishes to live for herself for once! Therefore . . . I want to follow Master!"

Finished saying this sentence, Xiao Ruyan felt like all the strength in her body was drained.

This was absolutely an earthshaking move for her.

Xiao Ruyan had been instilled with the idea of existing for her family clan since young, and she herself was also a very filial girl. But today, she cut off everything from her past. This demanded immense courage.

For a person to sever off all fetters and integrate into a new world anew, how powerful a conviction was needed to support this?!

"You! Good, good, good!" Xiao Changfeng was so enraged that he was shaking.

He did not think that his all along obedient daughter would actually do something so decisive.

"From today onwards, I, Xiao Changfeng, will take it as if I never had you, this daughter! We break . . . off . . . all . . . ties!" Xiao Changfeng said while trembling.

Xiao Ruyan's whole body quivered, and she nearly fell to the ground.

A strand of gentle essence energy instantly enveloped her; it was only then did she stabilize.

Li-er said coolly, "I more or less understand your affairs and also understand you very much. Actually, in all honesty, I even envy you very much. You can dump everything to pursue your happiness. This is sufficient. Mister Ye is kind and just, daring and resolute; he's absolutely worth it for you doing all these!"

Li-er's words were akin to injecting Xiao Ruyan with a cardiac tonic.

Xiao Ruyan nodded and said, "Many thanks to Senior for advising!"

Li-er nodded slightly and said to Star Abyss, "Your kindness, Mister Ye will surely repay it personally in the future. He's currently heavily injured so he won't bid farewell to you all."

Star Abyss said, "Star Abyss's strength is meager, that's why Ye Yuan received such severe wounds. I am seriously ashamed. Senior, please take good care of Ye Yuan. Star Abyss is endlessly grateful."

"That's of course."

Finished talking, Li-er swirled her long sleeves, bringing Ye Yuan and Xiao Ruyan and vanishing from sight. It was as if they had never appeared.

The plaza was dead silent. Only Zhao Tianyin's thumping kowtowing sounds echoed.

.....

It was also uncertain how long had passed. Zhao Tianyin suddenly trembled and some light finally returned to his eyes.

Zhao Tianyin's heart plunged, and his brows could not help furrowing.

At this instant, the entire plaza seemed to have fallen in temperature drastically, unwittingly making people shudder.

He was still maintaining a kneeling posture right now. Very clearly, something very nasty happened earlier.

"Just now . . . what happened?" Zhao Tianyin asked Ding Liang.

Even though Ding Liang was a Divine Traversing Realm powerhouse, hearing this sentence, he also felt a chill come on.

"This . . ." Ding Liang revealed a difficult look.

"Speak!" Zhao Tianyin said somberly.

Ding Liang was powerless, and could only recount the events earlier.

Each word that he said, Zhao Tianyin's face would darken a degree. By the time he finished talking, Zhao Tianyin's face was not much different from black charcoal.

"Apart from the Qixia Mountain lineage and the Xiao Family's Xiao Changfeng, the people who are aware of this incident are already all dead. Before leaving, Lord Star Abyss said to me that he'll keep his group of disciples and Xiao Changfeng in check, and they will absolutely not speak of today's incident. Furthermore, he even said that the Alchemist Association will collaborate wholeheartedly with the royal family and provide all assistance with regard to medicinal pills!" Ding Liang added.

Not far in the distance lied corpses all over the place. Among them was even two Soul Sea Realm martial artists.

Zhao Tianyin's complexion eased up a little. But he still said with a solemn face, "This matter, you did very well! Looks like Xiao Changfeng has already thrown himself under Star Abyss's sect. This is a troublesome matter."

To Zhao Tianyin, Star Abyss was indeed a porcupine that was not easy to touch.

As the ruler of a world, Zhao Tianyin was deeply aware of the Alchemist Association's formidability.

Regardless of which plane, the Alchemist Association's Chairman would always be an existence that was exceptionally revered.

Although the Fierce Gale World was a place where even birds would not shit, if he really killed Star Abyss, the Divine Realm would surely pursue it.

Boundless Realm martial artists were indeed pretty good in the Fierce Gale World. But placed in the Divine Realm, it was too ordinary.

The Divine Realm's Alchemist Association's punishment was not what he, a puny little Boundless Realm martial artist, could withstand.

Ding Liang said, "Since Star Abyss wants to cooperate sincerely with us, it shows that he doesn't wish to cause the relationship to be too stiff. Furthermore, making today's matter known to everyone has no benefits to him either. So . . ."

The words behind, Ding Liang did not say. Deciding this sort of thing naturally had to be left to Wind Emperor himself.

Zhao Tianyin nodded his head and said, "Today's matter will end at this. If there are any rumors at all, kill regardless of who it is!"

"Yes!"

.

Fierce Gale World, Cloud Dream Mountain Range. Several figures quietly walked out of the void.

"Senior, we are . . ."

Towards this place that was covered in a dense fog, Ruyan was very perplexed.

Li-er nodded and said, "This place is already the Endless World."

"This place is the Endless World? Looks like it's indeed much richer in resources than the Fierce Gale World" Xiao Ruyan sensed the thick spirit qi and said comfortably.

But Li-er shook her head and said, "Although the Fierce Gale World is scarce in resources, the gale winds' tempering to martial artists is what the Endless World martial artists can't enjoy. From the start of birth, Fierce Gale World martial artists would train in an arduous environment at all times, and their accomplishments would also be much greater compared to the Endless World martial artists. To really talk about who's better and who's worse off, it's really hard to evaluate."

Xiao Ruyan said in surprise, "Then His Majesty, the Wind Emperor, he . . ."

Li-er said coolly, "Just foolish concerns! The things that the Wind Emperor knows are much more than you people! The Divine Realm isn't some nice place. He can call wind and summon rain in the Fierce Gale World. Arriving at the Divine Realm, he'll truly be a bottom-tier martial artist. Invading the Endless World, giving it a nice-sounding name of thinking for the Fierce Gale World martial artists, actually, isn't it for his own personal gains?"

Xiao Ruyan widened her mouth and said, "I-It's actually like this!"

"Of course . . . ugh . . ."

Just as Li-er was talking, her brows suddenly knitted together, showing a very anguished look.

Xiao Ruyan asked in alarm, "Senior, a-are you alright?"
