Chapter 441: Touched!

Li-er's head felt as if it was splitting. She grabbed her head and forcefully withstood the pain, but her attractive body was quivering endlessly.

This scene made Xiao Ruyan turn pale with fright.

In her eyes, Li-er was practically an invincible existence. Even the Wind Emperor was played around in the palm of her hands. How could she have a headache?

"Ugh . . ."

Right then, Ye Yuan at the side muttered in his sleep and similarly had his brows tightly locked, appearing very anguished.

"Ye . . . Master, a-are you alright?"

These two individuals were like this at the same time. Xiao Ruyan was at a complete loss and did not know what she should do.

Ye Yuan opened both eyes with some difficulty and noticed that the surrounding environment was somewhat strange and familiar.

"I . . . I'm not dead yet?" Ye Yuan said feebly.

This time should be the time where he was the most severely injured since rebirth so far.

In the past, no matter how severely he was wounded, as long as he consumed medicinal pills, he would recover back to usual in less than two days.

But this time, if not for Li-er helping him to protect his heart pulse, Ye Yuan would probably have croaked already.

"D-didn't die! Master, you're so amazing, why would you die?" Xiao Ruyan sobbed softly.

"I-It's Ruyan huh. En? W-Who is she?" Ye Yuan suddenly discovered a pained look Li-er and asked weakly.

"Ah? Master, you actually don't recognize this senior?"

Xiao Ruyan even thought that these two people were surely on intimate terms. Who knew that Ye Yuan did not know her at all. This threw her into utter confusion.

"Ugh . . ." At this time, Li-er suddenly gave off an agonized groan and actually collapsed.

"Ah! Senior!"

Xiao Ruyan jumped in fright and hurriedly support Li-er, lying her flat on the ground.

"M-Master, what should I do now?" Xiao Ruyan was in a state of utter confusion and asked Ye Yuan.

Ye Yuan said feebly, "N-No choice. All the essence energy in my body had fully dissipated. I completely . . . can't muster any strength at all. Why . . . Why does this girl's silhouette look . . . look somewhat familiar?"

"Master, you really don't recognize Senior?" Hearing Ye Yuan's words, Xiao Ruyan asked doubtfully.

"Don't . . . Don't recognize means . . . don't recognize. Why would I lie to you?" Ye Yuan was speechless.

From Ye Yuan's angle, he could just nice see Li-er's appearance.

This flawless face would absolutely make every male have a feeling of not bearing to defile. Even if Ye Yuan was currently severely wounded, he also had a feeling of palpitating with excitement. But Ye Yuan dared to confirm that this was absolutely his first time seeing this face.

"But . . . But Senior she rescued you from the Wind Emperor's hands. How is it possible that you don't know her?" Xiao Ruyan said in puzzlement.

This time, it was Ye Yuan's turn to be surprised. "So . . . it was her who saved me . . ."

"Yeah! Senior is incredible! Even the Wind Emperor isn't her match!"

Xiao Ruyan recounted the events after Ye Yuan fainted for Ye Yuan to listen, making Ye Yuan extremely surprised after hearing too.

"Ocular art? Could it be . . ." Ye Yuan said with a frown.

"What ocular art?" Xiao Ruyan said blankly.

"Nothing. I just thought of somebody. But . . ."

Ye Yuan precisely thought of Li-er. But the difference between the two person's looks was also too great.

Ye Yuan did not have any trace of essence energy in his body right now at all and was utterly unable to perceive Li-er's condition. So he dare not confirm either.

But looking from Xiao Ruyan's description, this was absolutely ocular arts without any doubt.

And among the people that Ye Yuan knew, only this Li-er possessed the Moonlight Heavenly Eye Physique.

But the problem was that Li-er only had Crystal Formation Realm strength. Could it be that Li-er deliberately hid her strength?

If Li-er could really play around with even Zhao Tianyi, then concealing her strength in front of him was not anything impressive as well.

Furthermore, the profile of this girl before his eyes was very similar to Li-er's. Was it possible . . . for the two of them to be the same person?

"Master, what should I do now?" Xiao Ruyan felt that she should do something.

"There are recovery medicinal pills in my storage ring. But I can't use any essence energy at all right now. You help me take out!" Ye Yuan said.

"Okay!" Xiao Ruyan agreed.

Every martial artist had their own unique way of opening their storage rings. As long as Ye Yuan told Xiao Ruyan the way to open, she could open it very quickly.

Xiao Ruyan followed Ye Yuan's instructions and finally found the Azure Profound Heart Nourishing Pill and let Ye Yuan swallow one.

This time, Ye Yuan's injuries were seriously too severe. Even after he consumed the Azure Profound Heart Nourishing Pill, Ye Yuan's recovery speed was still very slow.

After half a day, Ye Yuan finally recovered some strength and could barely manage to stand up.

He struggled to come before Li-er and reached for her pulse.

Towards his savior, Ye Yuan naturally could not let her be in a coma unchecked.

But with this reading of the pulse, Ye Yuan could not help being greatly alarmed. This gorgeous to the extreme girl was actually really that ugly girl, Li-er, whom he saved previously!

With this, Ye Yuan could not help being somewhat baffled.

Looking at this, him saving her back then was purely a superfluous action.

With the strength that Li-er showed, annihilating that group of people was truly too easy.

Ye Yuan suddenly recalled the instances in the Eternal Splendour Palace. Thinking about it now, it was actually Li-er protecting him in the dark!

Ye Yuan suddenly felt that he was so silly. Wasn't diverting attacks, this sort of Concept of Space, precisely one of the abilities of the Moonlight Heavenly Eye?

It was just that the situation back then was too complicated and Ye Yuan did not think too deeply as well.

Recalling it now, Ye Yuan's gratitude towards Li-er truly could not be any greater.

These many months, Li-er was actually lurking by his side the entire time and moved to assist when he was in peril.

And this time, Li-er used the Moonlight Heavenly Eye once more, causing the two kinds of spirit physiques tearing at her divine soul to be even greater, resulting to her ailment to finally erupt.

Ye Yuan knew that this was definitely the most painful time for Li-er's divine soul!

Zhao Tianyin was not some garbage opponent. Li-er inevitably exhausted considerable soul force to use the Moonlight Heavenly Eye to cast it on Zhao Tianyin. This was undoubtedly heaping one disaster on top of another to Li-er's present medical condition!

Thinking up to here, Ye Yuan involuntarily blamed himself immensely and was touched.

Looking at it now, Li-er most likely followed him and protected him because he saved her and help her diagnose her medical condition.

How could this not move Ye Yuan?

"Master, Senior . . . is she alright?" Xiao Ruyan asked worriedly.

Ye Yuan shook his head and said, "Won't have any major issues for the time being. But . . ."

"But what?" Xiao Ruyan asked puzzledly.

"Nothing. I indeed know her. But, her current appearance is radically different from the first time I met her. So I didn't recognize." Ye Yuan said."

"Like I said, how can Master possibly not know Senior!"

"Haha. She won't have any major problem for the time being, but I still have to recover my strength as soon as possible to help her refine some things. Ruyan, I burned 50% blood essence at one go. My body is too weak right now and simply can't refine medicinal pills. These two days, I'll guide you by the side; you'll be helping Master in recovering strength as soon as possible!" Ye Yuan said.

Chapter 442: Li-er's Background

After half a day, Xiao Ruyan was drenched in sweat, panting daintily by the Square Cauldron's side.

"M-Master, Disciple was fortunate to not have failed the assignment and finally refined the Essence Vigor Pill!"

Although dead tired, Xiao Ruyan appeared rather excited.

The use of the Essence Vigor Pill was to help martial artists recover blood essence. It was very hard to refine High-Level Tier 3 medicinal pill.

To Xiao Ruyan, the Essence Vigor Pill was exceptionally difficult to refine. With her past standards, it was simply impossible to refine.

Yet, during this half a day period, under Ye Yuan's guidance, she actually refined successfully like water flowing when a channel was formed.

Ye Yuan had quite a number of medicinal herbs left on hand. Scraping it all together, he pooled two portions of medicinal herbs to refine the Essence Vigor Pill.

In order not to waste the medicinal herbs, Ye Yuan made Xiao Ruyan simulate many times before agreeing to her getting to work on refining.

Not surprising, the first portion was refined into a wasted dreg by her.

Later on, she simulated many more times. On the second refinement, Xiao Ruyan actually directly refined a Middle-Grade Essence Vigor Pill!

Xiao Ruyan was still drenched in sweat and actually had an aberrant style charm, making Ye Yuan's head swim.

"Cough, cough. You've worked hard," Ye Yuan said rather embarrassedly.

But Xiao Ruyan was in a state of exhilaration right now and did not notice Ye Yuan's embarrassment. Wiping the sweat on her forehead, she said, "Not hard, not hard! Through this half a day of refining, Disciple completely has a feeling of being suddenly enlightened all at once! The things that Disciple learned in this half a day is simply even more than the things I've learned in the past few years!"

Xiao Ruyan was not praising Ye Yuan because she had affections for him, but because she really had this sort of feeling.

With Ye Yuan's horizons, he had long had a well thought out plan on Xiao Ruyan's merits and shortcomings. Guiding Xiao Ruyan was naturally highly tailored to her needs.

Quietly, Xiao Ruyan unconsciously took the place of the disciple character and really learned alchemy skills from Ye Yuan.

Alchemists all had this neurotic trait. Once they immerse into alchemy skills, they would completely be unable to extricate themselves.

Moreover, what Ye Yuan brought to Xiao Ruyan was a brand new world; it was a world that she had never imagined before in the past.

"Haha. This isn't considered much. You have to study the jade slip I gave you well. It will be of great assistance to you. But presently, we don't have the time. After I alleviate Miss Li-er's symptoms in a little while, we'll immediately head back to the Tranquil Cloud Sect," Ye Yuan said.

"Ugh . . ." Muttering and muffled groans sounded. Li-er finally slowly woke up.

"Senior!" When Xiao Ruyan saw the situation, she immediately went to support her.

Although she woke up, Li-er was still feeling groggy. A piercing pain would occasionally transmit from her brain.

"I . . . How long was I unconscious?" Li-er supported her forehead with her hand and asked rather painfully.

"Senior, you've already fainted for the greater part of a day already. Master and I were very worried about your safety. Are you better now?" Xiao Ruyan said.

"Master?" Li-er did not quite react yet. Involuntarily lifting her head, she just happened to meet with Ye Yuan's gaze.

"So, you're already awake . . ." Li-er suddenly did not quite know how to face Ye Yuan. After all, her appearance was rather unexpected.

Ye Yuan nodded and said, "En. Fortunately, there was Miss Li-er helping to guard my heart meridian. Otherwise, I would probably have croaked long ago already. Great kindness can't be thanked with words. Miss Li-er's sickness, leave it to Ye Yuan."

Li-er's eyelids drooped slightly as she said, "So, you already know it's me . . . But Li-er didn't help Mister Ye for the sake of carrying out this transaction with you."

Although Li-er's words were quite calm, Ye Yuan still detected a hint of her sullen anger.

"This Ye isn't making a deal with Miss Li-er either. This is a promise. I'm true to my words. No matter how arduous this promise is, this Ye will definitely accomplish it!" Ye Yuan said composedly.

Li-er trembled slightly. She could feel Ye Yuan's sincerity and resolution.

Accompanying along the way, she had a great understanding of what kind of person Ye Yuan was as well. Ye Yuan saying such words, even if he were to die, he would also fulfill his promise!

This man was absolutely true to his words!

"Thank you . . ." Li-er did not decline and just lightly said these two words.

"Miss Yue accompanied all the way and moved to help out many times. This grace, Ye Yuan engraved it in my heart. Furthermore, if not for Miss Yue making a move this time, this Ye would surely be disgraced to death. Want to thank, it's also me thanking Miss. Moreover . . . in order to save me, Miss did not stint on drawing on the power of the Moonlight Heavenly Eye, resulting in your health condition deteriorating. If this Ye doesn't cure Miss, even I myself won't forgive myself!" Ye Yuan said.

This shock that Li-er received was not small. She said in astonishment, "You . . . You actually know my surname?"

Ye Yuan smiled wryly and said, "I should have guessed it long ago! The last time I met Miss Yue, you were just a Crystal Formation Realm martial artist. This Ye even thought that the Lower Realms gave birth to such a monstrous spirit physique again. Thinking about it now, a natural-born Moonlight Heavenly Eye physique, apart from the Bright Moon City's Yue Family, who else could have such an innate spirit physique?"

With Ye Yuan said this, Li-er was even more shocked beyond belief. "You actually even know about Bright Moon City! You . . . Just who are you?"

Ye Yuan said helplessly, "This Ye has my own difficulties. This point isn't convenient to disclose."

Li-er was unbelievably amazed and actually forgot about her headache for a moment. How did a Lower Realms' puny little martial artist know about the Divine Realm's Bright Moon City?

The Bright Moon City's Yue Family was renowned throughout the Divine Realm for their ocular arts. And the person who possesses the Moonlight Heavenly Eye Physique, casting ocular arts would even be several times more powerful than ordinary people!

And even for the Yue Family, those who possessed the Moonlight Heavenly Eye was extremely, extremely few too.

These were all not secrets in the Divine Realm. But Ye Yuan was just a lower realm martial artist with an ordinary background. Just how in the world did he know this information?

Li-er had a belly full of doubts and suspicions, but she also knew Ye Yuan's character. Since he said that it was inconvenient to disclose, he clearly had things that he found hard to say. She naturally would not press on either.

"Alright then . . . Since Mister Ye even knows about Bright Moon City, then I'll re-introduce myself. I'm called Yue Mengli. I'm precisely a member of the Bright Moon City's Yue Family," Yue Mengli sucked in a deep breath and said.

"Yue Mengli . . . It is as the name suggests. It's a fine name!" Ye Yuan reminisced this name.

At this instant, Ye Yuan's thoughts drifted back to the one and only time he went to Bright Moon City in his previous life.

At that time, he answered Bright Moon City's invitation and went to refine a Tier 9 medicinal pill for the Bright Moon City Lord.

During this trip, he happened to see a girl akin to rouge and jade once in Bright Moon City. And that girl's name seemed to be called . . . Yue Mengli!

Recalling it now, Ye Yuan finally superimposed that girl's looks and the Yue Mengli before his eyes together.

Were the transitions in life actually so coincidental . . .

"Sigh . . . What's the point of a good name either? Everyone says that beautiful girls often have tragic lives. To think that I can't escape being strung along by fate either," Yue Mengli said with a dimmed expression.

Ye Yuan recollected his thoughts and said, "Miss Yue doesn't need to be like this. The word crisis conceals profound secrets. As long as you can resolve the conflict between these two kinds of spirit physiques, not only will Miss Yue be no different from ordinary people, you'll even break out from the cocoon to become a butterfly, and become a peerlessly powerful existence!"

Chapter 443: Reuniting

Ye Yuan's words did not improve Yue Mengli's mood much, looking as if she did not have much interest in becoming a peerless powerhouse.

"Sigh. So what if invincible under the heaven? Forget it, forget it; don't talk about this anymore. Didn't you say that only by refining a Tier 8 Medicinal pill can you let my divine soul divide? But you . . ." Yue Mengli said.

Ye Yuan nodded and said, "Indeed so. Furthermore, you using the power of the Moonlight Heavenly Eye this time already hurt the divine soul further. This caused your condition's flare-up to move forward some time. Right now, you . . . most likely only have two years left."

Yue Mengli muttered under her breath, "Only two years huh . . ."

Ye Yuan said, "Miss Yue don't need to be disheartened. Although I'm unable to refine Tier 8 medicinal pills within two years, I have ways to delay the flare-up of the condition."

"Oh? What ways?"

"I wonder if Miss Yue has heard of the Azure Spirit Tree before?"

Yue Mengli nodded and said, "It's said that there's a type of tree with a soul that can absorb the quintessence of heaven and earth. It can even give produce intelligence and cultivate like humans!"

"That's right! The Azure Spirit Tree's tree trunk can secrete a kind of liquid named Azure Spirit Heart Fusing Fluid. This kind of fluid can nourish and repair the divine soul. Although it can't eradicate your illness thoroughly, it can delay the time of flare up for your divine soul being torn apart, and lessen your pain. These two years' time, I'll think of ways to find the Azure Spirit Tree. If Miss Yue can mobilize the Yue Family's forces to search for this tree, that would be for the best," Ye Yuan said.

"Mobilize the Yue Family's strength is it . . ." Yue Mengli seemed to be rather unwilling.

Ye Yuan did not know what happened with Yue Mengli and the Yue Family. Presumably, there was some problems going around, so he advised, "Doesn't matter. There are still two years. I'll definitely find the Azure Spirit Tree for you!"

Yue Mengli nodded and said, "Then, thank you very much, Mister Ye."

Ye Yuan said, "Miss Yue wait for me for half a day first. I just happen to still have some medicinal herbs on hand that can help you make some medicinal soup. Although it's not very effective against your condition, it can alleviate the agony of your divine soul ripping."

.....

Ye Yuan swallowed the Essence Vigor Pill that Xiao Ruyan refined and spent several hours on refining the medicinal strength. His injuries finally improved a little, and he could use some essence energy too.

Ye Yuan came in front of the Square Cauldron and injected some essence energy inside. The Square Cauldron's radiance showed slightly.

Next, Ye Yuan retrieved several medicinal herbs from his storage ring and threw them into the Square Cauldron according to a fixed ratio.

Very soon, those medicinal herbs turned into a pool of juice water.

Ye Yuan used utensils to ladle the juice water and passed it to Yue Mengli.

"This . . ." Yue Mengli said hesitantly.

Martial artists were not foreign to alchemy. But this sort of mixed medicinal soup was not often seen.

Ye Yuan said with a smile, "This is Five Flower Heart Calming Soup. It's refined using five types of Tier 4 medicinal herb flower petals. It has the effects of calming one's nerves. While it's not some miracle panacea, it can alleviate your headache symptom. You try it."

Yue Mengli did not doubt Ye Yuan's words and directly tilted her head back and drank it.

Very soon, Yue Mengli felt like a gust of cool breeze blew past her divine soul; comfortable to the max. Her initially somewhat agitated emotions calmed down too at this time.

Yue Mengli looked at Ye Yuan and exclaimed in shock, "A few stalks of Tier 4 medicinal herbs can actually formulate out such a miraculous medicinal soup! To think that Tier 4 medicinal herbs could actually have an effect on me! Truly inconceivable!"

With Yue Mengli's realm, Tier 4 medicinal pills were simply of not much effect at all.

But Ye Yuan used five types of Tier 4 medicinal herb flower petals and could actually formulate out a medicinal soup that was effective on her. How could she not be astounded?

"It just has the effect of calming one's mind. It has no effect on your ailment at all," Ye Yuan said helplessly.

His present realm was too low. At the very best, he could only refine Quasi-Tier 4 medicinal pills. It did not have any effect on Yue Mengli at all.

"This is already very impressive!" Yue Mengli sighed in admiration.

"Yeah, Master! This is simply too miraculous! How did you do it? You must teach me later!" Xiao Ruyan also gasped with admiration.

She was long stupefied from watching by the side!

In this short while, Yue Mengli's complexion was already much better compared to before.

One had to know that Yue Mengli was a character who was even more powerful than the wind emperor. A couple of Tier 4 medicinal herb mixed together actually had an effect on her!

"You want to learn, so I'll just teach you later on. But you'd best not reach for what's beyond your grasp. One step at a time. In here requires the use of the formations path. With your present standards, you're unable to concoct it," Ye Yuan said.

"Fine. I'll just slowly learn! Stingy!" Xiao Ruyan pursed her lips and actually acted like a spoiled little girl.

Facing two beauties, Ye Yuan also involuntarily had a feeling of being very fortunate in love affairs.

But Ye Yuan did not have the energy to be immersed in love right now. He was rather worried about the Tranquil Cloud Sect.

Ye Yuan released Mo Yuntian and the rest from the spatial spirit artifact. They still had vacant looks.

During this period of time, Ye Yuan did not undo their divine soul inhibitions all along.

This sort of divine soul inhibitions was different from slave seals. It could be broken to restore one's freedom.

After planting a slave seal, the slave would not recognize other people as their master. Furthermore, there would also frequently be transactions and transfers between slaves. Placing slave seals clearly would not do.

Hence, when selling slaves, most would set inhibitions on their divine souls to make it convenient for the owners to control.

Ye Yuan reached his divine soul into Mo Yuntian's sea of consciousness.

Xiao Ruyan was taken aback from fright. She hurriedly said, "What are you doing, Master? Their divine souls had inhibitions placed by an extremely powerful figure. A moment of carelessness will damage their divine souls!"

Ye Yuan cautiously helped Mo Yuntian remove the inhibitions while having enough strength to spare to say to Xiao Ruyan, "Just some trifling tricks."

Indeed, in an instant, Mo Yuntian's gaze gradually recovered its clarity.

When he saw Ye Yuan in front of him, hot tears immediately flowed as he said, "Ju-Junior Brother! I didn't think that I could still see you one day!"

Seeing Mo Yuntian like this, Ye Yuan did not feel good in his heart either. This trip deep into the Fierce Gale World, Ye Yuan could be said to have nine chances to die and one chance to live, and nearly lost his life several times.

In the end, if not for Yue Mengli making a move, he would even be humiliated by Zhao Tianyin to death!

Thinking now, it was still riddled with tribulations.

"Everything is over, all over . . ." Ye Yuan comforted.

The two people made some small talk, and Ye Yuan started to remove the divine soul restrictions for the others.

When the group of seniors saw Ye Yuan once again, they were all filled with a multitude of feelings, and immediately gave rise to the feeling of life after surviving a disaster.

The few people made some small talk for a while when Ye Yuan suddenly said with a sigh, "Sadly, Elder Mei was imprisoned in the depths of the royal palace back then. I didn't save him in time before my identity was discovered. Sigh . . ."

Yue Mengli who had been silently watching these seniors thank Ye Yuan for the entire time by the side opened her mouth when she heard Ye Yuan mentioned Mei Zhen at this time, "I forgot to tell you. Elder Mei has already been rescued."

As she said, Yue Mengli's finger twitched. Two figures appeared in front of everyone.

Very clearly, Yue Mengli also had an item similar to a spatial spirit artifact.

One of them was precisely Mei Zhen who had not been seen for a long time!

While the other person was naturally Yue Mengli's maid, Yan-er.

"Miss, why did you only let me out now! I was almost stifled to death!" Yan-er said unhappily.

[Unrivaled Medicine God](#)

Chapter 444: Sect Upheaval!

"Elder Mei!"

When everyone saw Mei Zhen, they were all overjoyed!

Even Ye Yuan also looked at Yue Mengli with an astounded look, wanting to know what was going here.

But he jumped in fright with this look. Yue Mengli changed into that sallow-faced ugly girl again. Furthermore, her realm became Crystal Formation Realm too.

Ye Yuan had just reunited with his seniors and actually did not when Yue Mengli became like this.

But Ye Yuan was well aware in his heart that Yue Mengli did not wish to expose her identity.

And these seniors of Ye Yuan been through life and death several times and even had divine soul inhibitions placed by others. How would they still remember this ugly girl whom they had a chance encounter before?

Yue Mengli said, "When Mister Ye was facing off with the Wind Emperor, that mysterious expert sneaked into the royal palace and rescued Elder Mei, and handed him to me."

Yue Mengli turned herself into a mysterious expert, while she was just an ordinary martial artist. Furthermore, Ye Yuan even perceived the meaning behind these words. The reason why Yue Mengli arrived late was precisely in order to save Mei Zhen!

It was just that she misgauged the situation and thought that Star Abyss could help Ye Yuan withstand for a while.

Who knew that the Wind Emperor completely did not care about Star Abyss's face and directly laid vicious hands on Ye Yuan. Ye Yuan immediately understood, and he followed up and said, "So that's how it is! Really too grateful to that mysterious expert! Or else, none of us would be able to return this time!"

Towards this woman whose looks were not in any way attractive, the group of seniors all did not pay much attention. Rather, it was Xiao Ruyan that made several people involuntarily look a couple more times. But their focus right now was still on Mei Zhen.

Ye Yuan did not dawdle and very quickly helped Mei Zhen remove the divine soul inhibitions too.

"I . . . I actually still have a day where I can see the light of day once more!" When Mei Zhen saw everyone, he was also overcome with emotions, and his entire being seemingly aged considerably. After a round of small talk, Mei Zhen suddenly said to Mo Yuntian and the rest, "Ye Yuan sneaked into the Fierce Gale World all alone. It was definitely near certain death! The ordeals experienced in-between this isn't what we can imagine! And today, he actually rescued all of us. Within favor and reason, we should thank him!"

As he said, Mei Zhen took the lead and gave a solemn bow to Ye Yuan.

Ye Yuan had yet to support Mei Zhen up in time when the others followed with a solemn bow as well.

"Elder Mei, Senior Brothers, rescuing you guys is something within my duty. We have to hurry back to Tranquil Cloud Sect and inform the matter of the Fierce Gale World invading to Lord Sect Master!" Ye Yuan said.

Everyone naturally did not have reason to disagree. They packed up and headed towards Cloud Dream Mountain Range.

.....

A full day later, Ye Yuan's group finally appeared outside the Cloud Dream Mountain Range.

Looking at the blazing sun in the sky, everyone gave rise to a sigh in their hearts.

"This entire way, we've already encountered quite a few waves of Fierce Gale World martial artists. Looks like the Cloud Dream Mountain Range has already become their base camp!" Mei Zhen said with a frown.

"There has already been several months' time since the passageway was linked. Fierce Gale World martial artists turning this place into the headquarters isn't something strange."

"Also don't know what Tranquil Cloud Sect is like now. I'm very worried about Lord Sect Master and Master." Mo Yuntian said.

"There is still several months' time on foot needed from here to the Tranquil Cloud Sect. Such a long time, I don't know why kind of unforeseen event will happen either!" Mei Zhen said worriedly.

The spirit boats on their bodies were long swiped clean by people. Now, they were virtually all on their own.

Forget about spirit boats, even a single piece of essence crystal was a no.

At this time, Xiao Ruyan who did not speak the entire time suddenly opened her mouth to say, "If it's spirit boat, I still have one here. But, it's just a low-grade spirit boat."

Everybody was overjoyed hearing this.

"That's really great! Wonder if Miss Xiao's spirit boat can be lent to us for use? Rest assured Miss Xiao, as long as we return to the sect, we'll definitely give you sufficient recompense," Mei Zhen said.

Along the way, everyone also came to know Xiao Ruyan's origins and identity. As Ye Yuan's presiding chief disciple, everyone would naturally give her sufficient respect.

Furthermore, on the way, the blabbermouth Yan-er already uttered out the various kinds of things Ye Yuan did in the Fierce Gale World. It naturally shocked everyone until they were speechless for a long time.

Ye Yuan was already at the Seventh Level Crystal Formation Realm now. Just in terms of realm, he already caught up to Mo Yuntian, while his combat power even ditched everyone several streets behind.

Even Mei Zhen this sect elder was far from being Ye Yuan's match anymore.

Just based on the match between Ye Yuan and Zhao Chenggan, apart from the sect master Luo Qingfeng, most likely, nobody in the entire Tranquil Cloud Sect would dare to say that they could definitely win him.

If they returned to the Tranquil Cloud Sect, Ye Yuan's position would naturally rise like how the boat rises when the water rise, and become the sect's upper echelon.

Everyone also knew that this meant that the day Ye Yuan left the Tranquil Cloud Sect was ever closer.

Mei Zhen opened his mouth. It was naturally not nice for Xiao Ruyan to reject. The group rode the flying spirit boat and flew in the direction of the Tranquil Cloud Sect.

Xiao Ruyan's flying spirit boat's quality was very high. The party only used seven to eight days' time to arrive beyond Spirit Blessing Mountain.

Through these few days of recuperation and assistance from medicinal pills, Ye Yuan's injuries were already healed 70% - 80%.

This remaining 20% - 30% was primarily making up for the deficit blood essence.

This was awful for other martial artists. But Ye Yuan had his means to make up for these blood essence.

It was just that he did not have the necessary medicinal herbs anymore, so he temporarily did not move to refine medicinal pills.

Disembarking the spirit boat, everyone arrived outside the sect gates but discovered that there was nobody guarding outside the gates.

Ye Yuan's brows furrowed and he immediately had a bad premonition.

"Doesn't seem right. Why would there be no disciples guarding the sect gates? Can't . . . Can't be that something happened, right?" Mei Zhen's heart fluttered.

"The sect protecting grand array is already broken. Looks like . . . an accident really happened to the sect. Go, let's hurry over to take a look," Ye Yuan said sombrely.

Seeing this sort of situation, everyone's joy from surviving the disaster immediately evaporated into nothing.

The group rushed over to the top of the mountain.

Traveling to halfway up the mountain, everyone's footsteps suddenly came to a halt and were stunned by the scene before their eyes.

Within sight, were corpses wearing Tranquil Cloud Sect disciple outfits all around.

The fresh blood already pooled to form small rivers, flowing quietly down the mountain, looking utterly ghastly.

These disciples were all the sect's outer-sect disciples. Their strength was not great, but massacring on a large-scale like this made Ye Yuan and co.'s fury ignite all at once!

"Who . . . Who did this! Is this wanting to exterminate my Tranquil Cloud Sect to the last one?"

Mo Yuntian's entire body was trembling. This scene made his fury peak.

"Blood debts to be paid in blood! If I find out who did this, I'll definitely hack him into pieces!" Tian Yu gnashed his teeth in hatred and said.

The most composed Ti Wujia was also livid at this time, tightly clenching both fists. Clearly, he was trying his best to curb his rage.

"There seem to be essence energy undulations coming from the top of the mountain. There might be a fierce battle happening! Let's hurry over!" Ye Yuan suddenly said.

[Unrivaled Medicine God](#)

Chapter 445: Allow Me!

When Ye Yuan's words came out, everyone was filled with shock!

Ye Yuan's perception towards heaven and earth essence energy already reached such a level?

Even Mei Zhen could not sense essence energy undulations coming from the top of the mountain too!

But they did not have time to be astonished anymore. Since they returned at such an opportune moment, they naturally had to join the battle and protect the sect!

"Go! Kill this pack of bastards and avenge these dead disciples!" Mei Zhen flashed his longsword and roared.

"How can my Tranquil Cloud Sect's thousands of years of inheritance be eradicated willy-nilly! Those who violate my sect, kill without pardon!" Tian Yu yelled.

Ye Yuan did not speak and just quietly followed the group of seniors up the mountain.

"Miss Yue, this matter, leave it to this Ye and my seniors to resolve ourselves. In the future, unless there are no other alternatives, Miss must not draw on soul force! If this continues, even immortals will find it hard to save as well," Ye Yuan transmitted his words.

"Li-er knows. Many thanks for Mister Ye's concern," Yue Mengli replied.

Further up the mountain, there were increasingly more corpses. But among them also had enemy forces' dead bodies mixed inside.

Looking closely, everyone was even more taken aback with shock. On the bodies of these enemy forces' disciples were actually wearing the Purple Mansion Sect's attire!

"This . . . What's going on here? Could it be that the ones who invaded our Tranquil Cloud Sect are actually the Purple Mansion Sect?" Mei Zhen said in surprise.

"If one were to say who has the greatest likelihood of invading our Tranquil Cloud Sect, it's none other than the Heavenly Sky Sect! While the Purple Mansion Sect is strong, they actually dare to invade other sects under the Heavenly Sky Sect's eyelids?" Mo Yuntian was also unbelievably shocked.

The Heavenly Sky Sect's might was indisputable. Only by combining the other seven sect's strength could they maintain a delicate balance with the Heavenly Sky Sect.

If the other seven sects had infighting, how could the Heavenly Sky Sect let go of such a good opportunity?

Could the brains of the Purple Mansion Sect's upper echelons all be damaged?

"Did you all forget about Lin Feng?" Ye Yuan suddenly said.

Everyone was abruptly startled. How could they possibly forget Lin Feng?

It was precisely Lin Feng's masterpiece that threw them behind bars and even becoming slaves.

"The Purple Mansion Sect endured patiently for many years. Their strength is most likely far from as simple as the surface! That Lin Feng's age isn't considered old and he actually has Fourth Level Sea Transformation Realm cultivation. Not saying that they have large numbers of experts, but concealing a

couple of Soul Sea Realm martial artists, it probably isn't that easy for the Heavenly Sky Sect to want to discover," Ye Yuan said.

With Ye Yuan saying this, everyone's heart plummeted to rock bottom.

The Purple Mansion Sect was a chess piece buried in the Endless World by the wind emperor. After so many years of secret development, their strength was most likely already unfathomable.

Everyone had a feeling in their hearts that the Southern Domain's situation right now most likely already underwent an earth-shaking change!

But these were all for later. Mei Zhen and the others did not dare to dawdle and sped along the way and arrived at the mountain peak very soon.

Within sight, the entire Tranquil Cloud Sect was already in an upheaval!

There were fighting, and battle cries all around. Everywhere were dead bodies!

The originally quiet and serene Spirit Blessing Mountain was already in an abyss of suffering right now.

"Purple Mansion Sect bastards! You will all die a horrible death! Argh!" cried a Crystal Formation Realm disciple, giving a miserable cry and perished together with a Purple Mansion Sect disciple.

Yet, this was just a minority situation. Regardless whether it was in numbers or strength, the Purple Mansion Sect disciples far surpassed the Tranquil Cloud Sect.

Just the Purple Mansion Sect's Sea Transformation Realm martial artists were as many as over a dozen. Although they were only low-stage Sea Transformation Realm, to deal with some Crystal Formation Realm disciples, it was ample.

While on the Tranquil Cloud Sect's side, they actually did not see a single Sea Transformation Realm elder!

The battle was simply a one-sided situation!

Many Tranquil Cloud Sect disciples were facing many people from the other side alone. How could they be these Tranquil Cloud Sect disciples' match?

When Mei Zhen and the others saw such a tragic state, how could they hold back? They wielded their swords and were about to charge forward.

But before his figure had yet to move, he was held back by someone from behind.

Turning around to take a look, it was actually Ye Yuan.

Only to hear Ye Yuan lightly leave behind two words as he walked past Mei Zhen, "Allow me."

Ye Yuan's figure drifted and arrived at the center of the battlefield.

Immediately, there was a Purple Mansion Sect disciple who charged up without fear of death!

An azure sword light instantly appeared. That Purple Mansion Sect disciple had yet to even react, and his head and body were separated.

"Looks like this Purple Mansion Sect's attack has already thoroughly infuriated Mister Ye!" Yue Mengli said calmly.

"Truly a bunch of fellows who don't know life from death! They probably don't even know how terrifying Mister Ye will be once he becomes enraged!" Yan-er also had a cold smile at the corners of her mouth.

Towards the Purple Mansion Sect's sect annihilating conduct, Yan-er was very disdainful in her heart.

"This . . . What's Junior Apprentice Brother Ye going to do?" Tian Yu asked puzzledly.

Mo Yuntian seemed to have guessed a little and said in shock, "He didn't let us attack; could it be that he wants to deal with all of the Purple Mansion Sect disciples alone?"

"W-What kind of joke is this?! There are several hundred Purple Mansion Sect disciples here. Furthermore, the vast majority of them are Crystal Formation Realm martial artists. Among them, there are even over a dozen Sea Transformation Realm martial artists. Junior Apprentice Brother Ye he . . . wants to deal with it alone?" Tian Yu almost jumped up.

But Xiao Ruyan's curled her mouth and said with a proud look, "You guys watch well. Master alone is enough!"

The group of seniors all exchanged glances and looked at Ye Yuan with disbelief.

And at this time, Ye Yuan pointed Canghua Sword at the sky. Countless flower petals started condensing in the air!

"This . . . is this Junior Apprentice Brother Ye's Thousand Flowing Petals? Is there a mistake? How could he condense so much flower petals?"

Tian Yu had seen Ye Yuan's Thousand Flowing Petals once. But back then, Ye Yuan was still just a Spirit Condensation Realm martial artist. At that time, although the power of this move was great, it was not formidable to this sort of extent!

There were increasingly more and more flower petals condensing in the air. It finally alarmed all of the martial artists present!

"What's going on here? Why would it rain flower petals from the sky?"

"You dumb*ss. This is formed from heaven and earth essence energy. Somebody is casting a skill!"

"W-Who actually has such formidable strength? Even First Elder probably can't mobilize such horrifying heaven and earth essence energy either, right?"

"Quick, look! It's that boy casting it!"

At this time, there were finally several Sea Transformation Realm martial artists who felt that something was wrong. Somebody shouted out, "Quickly! The few of you go together and finish off that punk! This move of that punk is somewhat sinister!"

When these words were finished saying, over a dozen late-stage Crystal Formation Realm martial artists and several Sea Transformation Realm martial artists abandoned their original opponents and all converged towards Ye Yuan.

Ye Yuan looked at this scene coldly, and from his mouth, he said coolly, "All of you dregs can go and die already."

The flower petals which covered the entire sky seemed to have spirituality at this moment, churning towards the Purple Mansion Sect martial artists in clusters!

The hundreds of Purple Mansion Sect experts present all suffered the assault of the flower petals. And those Sea Transformation Realm martial artists were heavily focused targets.

The flower petals gathered on their side were multiple times of Crystal Formation Realm martial artists!

After two breaths, there were Purple Mansion Sect disciples starting to give off miserable cries.

After five breaths, more and more Purple Mansion Sect disciple were giving off miserable cries.

For a moment, innumerable tragic cries linked up, reverberating through the skies.

Those Tranquil Cloud Sect disciples who stopped could not resist shuddering when they heard their opponents' wretched screams.

Chapter 446: Southern Domain's Change

Under the soaring flowers, it was akin to a meat grinder, wantonly reaping the lives of these Purple Mansion Sect disciples.

After a hundred breaths, the entire mountain peak was already deathly silent.

Apart from Yue Mengli and a small minority, everyone was struck dumb with amazement by this scene.

All the Tranquil Cloud Sect disciples were staring fixedly at that young man's figure in the center of the battlefield, speechless from shock.

At this very moment, Ye Yuan was akin to a fiend god. Even the Tranquil Cloud Sect disciples were not able to easily recognize him.

"Is it Ye Yuan?"

After a long time, someone suddenly asked weakly, finally breaking the battlefield's serenity.

Ye Yuan turned around to look. It was actually someone familiar!

"Senior Apprentice Brother Zhang Jing!" Ye Yuan also said with a faint smile.

Hearing Ye Yuan's words, Zhang Jing's entire body trembled. "Y-ye Yuan! It's really you! So you're alright! That's really great!"

As he was talking, Zhang Jing's eyes actually welled up a little with hot tears.

Zhang Jing was the person who led Ye Yuan in the sect. Although the two people did not have any deep friendship afterward, time passed and circumstances have changed. Everyone's feelings were seemingly sublimated.

Moreover, Zhang Jing had considerable comprehensions after the fight with Ye Yuan. At this time, he had long become a Crystal Formation Realm martial artist!

Hence, in his heart, Zhang Jing was still fairly grateful towards Ye Yuan.

This time, Ye Yuan and the others entered deep into the mystic realm, and not a single one actually returned. Everybody no longer held hopes towards their survival.

Now, when they met, the agitation in Zhang Jing's heart could be imagined.

Ye Yuan said with a smile, "Not just me alone. You look!"

As he said, Ye Yuan pointed to Mo Yuntian and the rest. Mo Yuntian and the rest also moved closer at this time and gathered together with everyone.

When Zhang Jing saw Mei Zhen, Mo Yuntian, and the rest, tears could not resist flowing again.

"Elder Mei, Senior Apprentice Brother Mo . . . Everybody. . . Everybody came back! T-Truly excellent! We even thought . . . even thought . . ." Zhang Jing choked and did not even finish saying his words.

Seeing Zhang Jing so agitated, Mo Yuntian and the rest had a multitude of feelings surge up too. They choked and said, "The mystic realm trip this time was indeed near-certain death. It was all thanks to Junior Apprentice Brother Ye that we could return safely."

Zhang Jing was surprised, and his gaze involuntarily looked towards Ye Yuan again, his face showing disbelief.

"Junior Apprentice Brother Ye, you . . . you're actually already at the Seventh Level Crystal Formation Realm!"

Ye Yuan's extreme massacring move previously made everyone's mind sustain a tremendous impact, and they forgot about his realm for a moment.

Only at this time, did Zhang Jing suddenly notice that several months of not meeting, and Ye Yuan was actually at the Seventh Level Crystal Formation Realm already; increased a full major realm higher than before he left.

Such an improvement speed was seriously too outrageous.

Furthermore, that move earlier . . .

Was that really released by a Seventh Level Crystal Formation Realm martial artist?

Zhang Jing's eye was filled with doubt and felt tremendous curiosity towards Mo Yuntian and the others' trip to the mystic realm.

Ye Yuan saw through Zhang Jing's uncertainty and said smilingly, "This matter is hard to say in a single sentence. I'll tell in detail again later on with seniors. Senior Apprentice Brother Zhang's improvement these few months isn't small either!"

Zhang Jing gave an odd expression and said could not help laughing, "Don't ridicule me, Junior Apprentice Brother Ye. Compared to you, what does mine even count as?"

Ye Yuan chuckled, but then he enquired, "Senior Apprentice Brother Zhang, what in the world happened to the Tranquil Cloud Sect? Where are Sect Master, Hall Head Xiao, and the rest? Also, why is there not even a single Sea Transformation Realm elder in the sect?"

Zhang Jing's expression changed, and he said hatefully, "The Southern Domain's skies have completely changed! This Purple Mansion Sect concealed too deeply!"

Zhang Jing recounted the events that happened to the Southern Domain these few months briefly to everyone.

Turned out that after Ye Yuan and the others left, Luo Qingfeng, Xiao Jian, and Ling Potian immediately entered closed-seclusion to cultivate, and planned on breaking through to the Soul Sea Realm in one go!

Luo Qingfeng did not disappoint. A month later, under Skymaple's assistance, he finally broke through to the Soul Sea Realm, becoming the Tranquil Cloud Sect's second Soul Sea Realm martial artist!

Furthermore, Luo Qingfeng was a martial artist. His combat power was much stronger compared to Skymaple's!

With Luo Qingfeng this Soul Sea Realm powerhouse, the Tranquil Cloud Sect could be said to stand firmly on this title of Eight Great Sects.

Xiao Jian and Ling Potian also both broke through and left seclusion not long after. The two of them broke through to half-step Soul Sea Realm at the same time!

Regarding this news, Ye Yuan was not surprised.

Before he left, he knew that Skymaple was refining Soul Luring Pills and medicinal pills that could aid Sea Transformation Realm martial artists to break through. The few of them breaking through was naturally something within reason.

Under such circumstances, the Tranquil Cloud Sect could be said to be prospering with each passing day.

Yet, over a month ago, all of this underwent a change!

The Heavenly Sky Sect suddenly took the road to ruin by sending out hero invitations to the seven great sects, inviting the sect masters of the various great sects to carry out a Southern Domain Sect Great Meet.

Even though Luo Qingfeng broke through to the Soul Sea Realm, the Heavenly Sky Sect was powerful after all. The sect masters of the seven great sects still kept the appointment and went to the Heavenly Sky Sect.

Yet, after half a month, news suddenly came from the seven great sects, saying that the Heavenly Sky Sect forced the seven great sect masters, requesting the seven great sects to be merged into the Heavenly Sky Sect. The seven great sect masters refused to obey even in death and were detained by the Heavenly Sky Sect!

With this, the Southern Domain's seven great sects completely exploded, all asking to send forces to suppress the Heavenly Sky Sect!

Right at this time, the Purple Mansion Sect came out to raise their fist and shout, asking for the seven great sects to gather together to launch a crusade against the Heavenly Sky Sect.

The Tranquil Cloud Sect naturally had no reason to reject this. Grand Elder Skymaple and Xiao Jian brought a group of elders and elite disciples, and they joined the expedition's great army.

But Skymaple was wary before he departed, gathering twenty of the sect's genius disciples with good prospects together, and letting a Sea Transformation Realm elder lead the team to quietly head for the Northern Domain.

Yet, with this departure, they did not return anymore!

A few days ago, only when an elder escaped back to the sect with heavy injuries, did the disciples know that turned out the entire Southern Domain was hoodwinked by the Purple Mansion Sect!

The Heavenly Sky Sect convening this Southern Domain Sect Great Meet was truly an action seeking their own doom.

The Heavenly Sky Sect's Sect Master was very arrogant during the great meet and wanted to forcefully integrate the seven great sects into the Heavenly Sky Sect. These were all the truth.

But the final result was that the Purple Mansion Sect's Sect Master, He Mingde, suddenly rose in revolt and took control of the other seven sect's sect masters!

Only then did the seven great sect masters know that this normally very low-profile He Mingde was actually a late-stage Soul Sea Realm powerhouse!

In the Southern Domain, late-stage Soul Sea Realm was basically an invincible existence.

Before the Southern Domain's Sect Great Meet, He Mingde had long set up a backup plan and took control of the Heavenly Sky Sect very quickly, sealing off the news.

The Purple Mansion Sect at this time, as the second strongest sect, lured out all of the six great sect's elite forces under summons.

In the end, when they were launching a collective attack, the Purple Mansion Sect suddenly launch an attack, catching the six sects completely unprepared!

Only at this time did the six sects know of the Purple Mansion Sect's terrifying strength!

In this battle, over a dozen Soul Sea Realm powerhouses appeared all at once in the Purple Mansion Sect. Even if the six great sects joined hands, how could they possibly be the Purple Mansion Sect's match?

Let alone that the Purple Mansion Sect concealed so deeply, catching everybody completely off guard!

With Sea Transformation Realm experts managing the array formation, the Tranquil Cloud Sect's sect protecting great formation was already practically existing in name only. Under the teaming up of over a dozen Sea Transformation Realm experts, they attacked inside very quickly.

Right at this moment, Ye Yuan and the others reached, saving a group of fellow apprentices.

Unrivaled Medicine God

Chapter 447: Venting Anger

Mei Zhen and the rest sucked in a cold breath when they heard it. Over a dozen Soul Sea Realm powerhouses could virtually sweep across the Southern Domain!

Even the so-called number one great sect, the Heavenly Sky Sect, did not have so many Soul Sea Realm powerhouses either!

Let alone that the Purple Mansion Sect's Sect Master was even a late-stage Soul Sea Realm powerhouse.

The Southern Domain at this time was already the Purple Mansion Sect's world!

Ye Yuan also furrowed his brows when he heard and asked, "Sect Master they all . . ."

Zhang Jing said, "The Purple Mansion Sect imprisoned all of the seven sect's upper echelons in the Heavenly Sky Sect's Towering Peak, and they have three Soul Sea Realm powerhouse standing guard!"

When everyone heard that, they all heaved a long sigh in relief.

As long as they were alive, there was hope.

But Zhang Jing's follow up words plunged their hearts to rock-bottom again. Zhang Jing said, "The Purple Mansion Sect seized a large batch of prisoners this time. I heard that they would kill a batch every day in front of the sect master and the various sect's grand elders. The goal is in order to make them surrender. I heard that there were already quite a number of the six sect's upper echelons that have surrendered. I don't know . . . how long Grand Elder and Sect Master they all can endure."

"Purple Mansion Sect this bunch of people is really too despicable! To actually be able to do this sort of inhuman thing! They will suffer the wrath of heaven!"

When Mei Zhen and the rest heard these words, they all gnashed their teeth in hatred.

Ye Yuan suddenly let out a sigh and said, "Looks like the Purple Mansion Sect has already been engineering this scheme for a very long time! Up until now, the Southern Domain's people are still unaware of what happened!"

Everyone's faces changed. Only now did they became aware of the severity of the problem!

Mei Zhen and the rest who went deep into the Fierce Gale World all knew that this was the Purple Mansion Sect being the vanguard!

The Purple Mansion Sect was still using the identity as one of the Eight Great Sects right now to unite the Southern Domain. The opposition received would be much lower.

But by the time the Fierce Gale World invaded and the upper echelons of the Eight Great Sects all surrendered, the Southern Domain could no longer muster up an effective resistance.

At that time, the Southern Domain's eight great sect's land would instantly become the Fierce Gale World's base area!

They could easily gain a foothold in the Southern Domain and launch an attack on the Northern Domain!

With the Fierce Gale World's martial strength, attacking the Northern Domain was most likely something inevitable.

Ye Yuan did not think that just three to four months' time passed and the matter was already severe to this sort of extent.

Zhang Jing perceived Ye Yuan's overtones and noticed that there seemed to be some things that he did not know. He could not resist asking, "Junior Apprentice Brother Ye, I wonder . . . what happened?"

Ye Yuan sighed lightly and recounted the matter of the Fierce Gale World invading to Zhang Jing. After Zhang Jing heard the details, his complexion was deathly pale.

Even if he racked his brains, he never would have thought that the Purple Mansion Sect was actually a chess piece left in the Endless World by the Fierce Gale World!

This way, the Southern Domain might become the Fierce Gale World's territory at any moment!

Could it be that they were all going to become another world's martial artists' slaves?

Zhang Jing could not help shuddering.

Right then, a large group of people suddenly rushed up from below the mountain. The one in the lead was actually a Seventh Level Sea Transformation Realm expert!

What these people were wearing were shockingly Purple Mansion Sect outfits!

"En? What a bunch of dunces. Sent them to come to take care of the wrap-up and they were actually killed off by a bunch of trash!" said the person with a frown.

When Zhang Jing saw the arrival, his expression immediately changed drastically. The strongest here was Mei Zhen. But he was only Third Level Sea Transformation Realm strength as well.

Facing a Seventh Level Crystal Formation Realm martial artist, no matter how they looked at these people, there was no possibility of survival either!

Zhang Jing wielded his sword and blocked in front of Ye Yuan, saying with a grave face, "Junior Apprentice Brother Ye, when the fighting starts in a while, I'll cover for you. You take advantage of the chaos to kill your way outside! With your strength, as long as you don't face up against that Seventh Level Sea Transformation Realm, you should be able to escape."

Zhang Jing saw Ye Yuan's combat strength earlier. It was overwhelmingly shocking for a moment.

But he did not think that Ye Yuan could win a Seventh Level Sea Transformation Realm. Between the two of them was an entire major realm difference.

Who knew that Ye Yuan said lightly, "Relax. This kind of trash, I haven't taken them seriously. Elder Mei, Senior Apprentice Brother Mo, you bring the fellow apprentices to fall back. I'll go and have a direct exchange with this bunch of dregs!"

Mo Yuntian knew that he could not help and said with a nod, "Alright. Junior Apprentice Brother Zhang, let's fall back. Don't hinder Junior Apprentice Brother Ye venting his anger."

Zhang Jing was stunned, and his mind was somewhat in a blur.

Vent anger?

Venting anger on a Seventh Level Sea Transformation Realm?

A Seventh Level Crystal Formation Realm venting anger on a Seventh Level Sea Transformation Realm?

Wasn't this joke a little big?

But did Senior Apprentice Brother Mo look like somebody who made jokes? Could it be that Ye Yuan really had this strength?

Zhang Jing's mind would not quite wrap itself around it for a moment.

He knew that Ye Yuan was very strong. He also knew that Ye Yuan could cross realms to battle. But leaping an entire major realm to face the enemy was rather exaggerated, right?

That move earlier was certainly very strong. But that was a large area slaughtering martial technique. Was it useful against a Seventh Level Sea Transformation Realm?

Mei Zhen and Mo Yuntian brought everyone to move back, instantly highlighting Ye Yuan out.

When that Seventh Level Sea Transformation Realm saw this scene, he could not help bursting into laughter, saying, "Haha! Your Tranquil Cloud Sect is really pathetic! To actually let a Seventh Level Crystal Formation Realm boy come send himself to death? Hey, that Sea Transformation Realm, were you born in the Year of the Tortoise? To actually send such a boy to come and die?"

Ye Yuan curled his mouth and said with a cold smile, "Dealing with you, I alone am sufficient. If you can touch me even a little, consider it my loss. Want me killed or dismembered, up to you."

That Seventh Level Sea Transformation Realm expert was stunned, and then laughed even more exaggeratedly, while the Purple Mansion Sect disciples behind him also laughed loudly without stopping.

The Seventh Level Sea Transformation Realm turned around and said to the people behind him with a laugh, "Did you all hear that? He said that if I touched him even a little, it counts as his loss."

"Hahaha! Of course I heard that! I even thought that I heard it wrong! Turns out that Elder Du heard the same thing as I did. Is this boy . . . an idiot?"

"I'm dying of laughter! A Seventh Level Crystal Formation Realm said to a Seventh Level Sea Transformation Realm: If you touch me, consider it my loss . . . Hahaha! I can't control myself anymore!"

"The Tranquil Cloud Sect is too amazing. To actually send out such a joker. Is this to make us all die of laughter? Haha! I'm dying!"

There were quite a few Sea Transformation Realm experts in this group of people. Their strength was uncommon. It was more than enough to deal with these Tranquil Cloud Sect's stragglers and disbanded soldiers.

And Ye Yuan's words completely jabbed their funny bone.

Towards these peoples mockery, Ye Yuan was expressionless. He said lightly, "I'll give you a chance for ten moves. After ten moves, you won't have any more chances . . ."

"Haha! I, Du Yushan, roamed the Southern Domain freely for so many years. This is the first time I've met such a funny teenager like you! Killing you is somewhat pitiful. Leaving you behind to be a slave to entertain us brothers is something pretty good. However . . . you all killed so many people from the Purple Mansion Sect. I can only . . . send you to go meet King Yama!"

Finished talking, Du Yushan raised a hand with a smile, striking out a palm towards Ye Yuan through the air.

This palm seemed slow, but was in reality, fast; instantly mustering horrifying heaven & earth essence energy. Killing a Seventh Level Crystal Formation Realm martial artist was very much as he pleased.

Yet . . . this blast of palm wind passed through Ye Yuan's body just like this.

Du Yucheng's smile was frozen on his face, while the laughter of those behind him ceased abruptly.

Unrivaled Medicine God

Chapter 448: Despair!

"Elder Du, you aren't deliberately losing on purpose, right? A Seventh Level Crystal Formation Realm boy, and you actually can't even take care of him in one move?"

"Yeah. Did you hear him talk about ten moves, so you want to play with him? That move earlier completely did not hurt nor itch!"

Everyone behind clearly did not believe that Du Yushan could not handle a Seventh Level Crystal Formation Realm.

Yet, Du Yushan knew that he did not hold back in this attack. He used a full 30% strength!

30% strength was not considered much. But it was plenty to kill a Seventh Level Crystal Formation Realm.

However, this boy before his eyes actually evaded easily. It was seriously rather abnormal.

"Ha-Haha! This boy said ten moves earlier, so this elder thought about playing with him. I want to see how many times he can dodge my attacks," Du Yucheng said with a look of embarrassment.

"Haha! Play then, play then. Just a bunch of dregs. Let them feel what is called despair!" Someone concurred.

"Hehe. Again! I'm going to play around well with this little trash!" Du Yucheng said with a laugh.

The corner of Ye Yuan's mouth curled slightly with his face showing contempt. He extended his hand and beckoned with his finger. The intent of scorn was completely unmasked.

Du Yucheng's expression changed, and he gritted his teeth and said, "Boy, you're looking for death!"

As he said, Du Yucheng's palm assaulted once again. This time, he used 70% strength. The power could not be mentioned in the same breath.

One palm passed. Ye Yuan still stood with his hands behind his back, like that palm earlier completely did not happen.

Ye Yuan was still beckoning his index finger with a disdainful look.

This time, Du Yushan felt that his face could not hang in there. Gritting his teeth, his entire person vanished from where he stood.

Bang!

A huge hole was blasted out on the ground behind Ye Yuan. Du Yushan's figure appeared.

Only to see Ye Yuan slowly turn around and say coolly, "Seventh Level Sea Transformation Realm only has this bit of capabilities? Double up!"

"Stinking brat! It's you yourself seeking death. You only have yourself to blame for this!" Du Yushan gnashed his teeth hatefully and said.

Du Yushan erupted completely, staring at Ye Yuan and bombarding indiscriminately. Horrifying heaven and earth essence energy was mobilized, blasting towards Ye Yuan one move after another!

Bang! Bang! Bang!

Dirt flew around the place Ye Yuan was standing at, kicking up clouds of dust, and blocking people's sight.

In a twinkling, ten moves passed. Du Yushan actually felt like collapsing. These ten moves earlier, he already used all of his strength. Under such an attack, Ye Yuan could not possibly survive!

"Hahaha! Still be unbridled with me! This stinking brat really doesn't know how the word 'death' is written!" Du Yushan said with a loud laugh.

"Heh heh, to actually dare infuriate Elder Du. This boy is really soft in the head! I reckon that he's already blasted into meat paste now, right?"

"However, this boy has some capabilities. To actually be able to evade Elder Du's first three rounds of attacks. He can also be considered as quite capable!"

"Just a self-conceited fool who was insolent because of his ability. Such a person is destined to not live long."

The Purple Mansion Sect's people were perfectly aware of Du Yucheng's attacks. Those few moves earlier were his trump cards. How could Ye Yuan possibly survive under such horrifying attacks?

Zhang Jing's expression changed. Du Yushan's attacks earlier were too terrifying. Separated so far away made him feel asphyxiated too.

How could a Crystal Formation Realm martial artist possibly survive under such an attack?

Zhang Jing was just about to take some action when he was halted by Mo Yuntian. "Relax. Junior Apprentice Brother Ye isn't that kind of wildly arrogant person. Since he dared to receive his ten moves, he must have a grasp of the situation in his mind."

Mo Yuntian's voice had yet to fade when an ice-cold voice came from that disorderly patch of dust as if it came from the underworld!

"Seriously weak! You dregs from the Fierce Gale World only have this bit of ability? Since that's the case, then go and die!"

Hearing this voice, Du Yucheng's expression changed drastically. His scalp tingled and a feeling of terror welled up from the bottom of his heart.

He instinctively felt that things were not good and turned around to flee!

The sound of a dragon roar came from within the dust. The wind and fire colossal dragon carried a voice which made peoples' heart palpitate charged over towards Du Yushan with extreme speed!

"Ahh! Help!"

Du Yushan had yet to run far when he was completely swallowed up by the colossal dragon!

The wretched screams entered everyone's ears. Regardless whether it was the Tranquil Cloud Sect disciples or the people from the Purple Mansion Sect, they were all quaking in their boots with fear.

Especially the Purple Mansion Sect. Each and every one of their faces showed immense shock.

A kind of feeling called fear rose up from the bottom of everyone's heart. Including those Sea Transformation Realm elders!

Even the Seventh Level Sea Transformation Realm Du Yushan crumbled in one blow like so, what did they . . . even count as?

Only persisted for a few breaths of time, and then Du Yushan fell completely silent.

The wind and fire colossal dragon dissipated. Only a mass of black smoke rose up. Du Yushan actually did not even leave behind a corpse!

And right then, the dust that was stirred up by Du Yushan's attacks gradually dispersed, revealing that slightly skinny looking profile of Ye Yuan's.

The eyes the Purple Mansion Sect disciples looked at Ye Yuan with was like looking at a primordial behemoth.

"H-Half-step Sea Transformation! This . . . how is this possible?" A Purple Mansion Sect's Sea Transformation Realm elder's old eyes nearly dropped to the ground.

A moment ago, he was still Seventh Level Crystal Formation Realm. In the blink of an eye, Ye Yuan actually became a Half-Step Sea Transformation existence.

Right at this moment, Ye Yuan's gaze also just happened to turn towards him, and actually flashed him a smile, saying, "Is it very despondent? Now . . . can you all understand the feelings of the Tranquil Cloud Sect disciples?"

Ye Yuan's smile looked like a completely harmless neighbor's big boy. But who would really take him to be a big boy from next door?

This young man was simply the God of Death descending upon the world!

"R-R-Run! Quickly run!" That Sea Transformation Realm elder turned around and fled.

Only then, did the group of Purple Mansion Sect disciple startle awake abruptly, scattering apart like birds and beasts.

"Ah! Help!"

"That's a demon! Quickly flee!"

The Purple Mansion Sect disciples instantly fell into a chaotic mess.

They wished that their parents had given them a couple more legs to let them run a little faster.

Very soon, all of their figures stopped abruptly, as if they were fixed in place!

Because in front of them, countless flower petals condensed and formed, sealing off all of their escape routes!

That Sea Transformation Realm elder who was the first to run clenched his teeth and released his aura fully, wanting to charge past.

Only to hear slashing sounds echo out. A badly mutilated corpse fell down from the air.

This time, everyone despaired.

Slam!

A Purple Mansion Sect disciple kneeled down towards Ye Yuan and actually cried, "M-Mercy! I know my error! Spare my dog life! Sniff . . . Sniff . . ."

This kneel of his was akin to a plague, instantly infecting all of the Purple Mansion Sect disciples.

The Purple Mansion Sect disciple all kneel down towards Ye Yuan, repenting and begging for mercy.

Ye Yuan said with a cold smile, "When you all were killing those fellow sect members of mine below the mountain, did you ever thought about showing mercy? If I didn't make it over here in time today, most likely, the Tranquil Cloud Sect would not have even fowls or dogs spared anymore, right? Therefore . . . all of you go and die!"

Chapter 449: Defending Tranquil Cloud Sect to the Death!

Looking at the corpses scattered everywhere, Zhang Jing was dumbfounded for a long time.

Only a short three months or so had passed, and Ye Yuan was already an existence on a completely different level from them these fellow apprentices.

Not only did he rise a full major realm, he even had the strength to instantly kill a Seventh Level Sea Transformation Realm in terms of combat strength already!

Crossing a major realm to battle. This was something that Zhang Jing did not even dare to imagine. But Ye Yuan accomplished it effortlessly.

Recalling back when he left Ye Yuan into the sect, Zhang Jing had a feeling like it was a whole other life.

That young man not far away was destined to be someone from a different world from them mere mortals!

"A few months of not seeing him, Junior Apprentice Brother Ye actually already matured to such a level!" Zhang Jing muttered under his breath.

In truth, the astonishment in Mo Yuntian's heart was not much lesser than Zhang Jing's. Although he knew that Ye Yuan's present combat power was stunning, this was his first time truly seeing it!

Killing a Seventh Level Sea Transformation Realm in one move, the shock from such an impact was too great.

Hearing Zhang Jing's emotional sigh, Mo Yuntian said in relief, "It was also thanks to Ye Yuan. Otherwise, the few of us would have long died in a foreign land. These fellow sect apprentices would probably also die without a burial ground!"

Mei Zhen and the rest crowded in front of Ye Yuan and asked concernedly, "Ye Yuan, your body still isn't fully recovered. Are you alright?"

Ye Yuan shook his head and said, "Not a big issue."

Compared to the fight with Zhao Chenggan, this earlier could only be said to be a warm-up.

Likewise, Seventh Level Sea Transformation Realm, the disparity between the two was too great!

Mei Zhen nodded and said, "Good that you're fine! Ye Yuan, you're the Tranquil Cloud Sect's final hope now. You must take care not to force things."

"Thank you for Elder Mei's concern. I'll take notice."

"En. Now that the sect is already broken up, where . . . should we go?"

When Mei Zhen said these words, everyone perked their ears up, wanting to hear what Ye Yuan would say.

At this time now, Ye Yuan was already where all of Tranquil Cloud Sect's hopes lay.

Even Mei Zhen this Sea Transformation Realm elder also quietly took Ye Yuan as the person in charge of things.

Ye Yuan ruminated for a moment and said, "Since Grand Elder, Sect Master Luo, and the rest are not dead, we obviously have to think of ways to rescue them out! But we aren't the Purple Mansion Sect's match right now. Therefore . . . we can only wait!"

"Wait? Wait for what?" Mei Zhen did not quite understand Ye Yuan's intentions and asked in puzzlement.

"Wait for an opportunity! I believe that the Purple Mansion Sect will discover that something unforeseen happened on here on the Tranquil Cloud Sect's side very soon. They are bound to send even

stronger martial artists over here! And what we need to do is to stand fast at this final piece of locus of the Southern Domain and wait for the Northern Domain's response!" Ye Yuan said.

When these words of Ye Yuan came out, everyone's faces changed.

"You're saying, we are to defend the Tranquil Cloud Sect to the death?" Mei Zhen asked in surprise.

"That's right!"

"But . . . Ye Yuan, I know that you're very strong and that there are already very few Sea Transformation Realm martial artists that can threaten your existence. But you have to know that the Purple Mansion Sect has over a dozen Soul Sea Realm powerhouses!" Mei Zhen reminded.

He did not know where Ye Yuan's confidence came from.

Although it was hard to comprehend that Ye Yuan could deal with Sea Transformation Realm martial artists, the reality happened right before his eyes. He had no choice but to accept it.

Yet to say that Ye Yuan could deal with Soul Sea Realm powerhouses, he would not believe it even if he was pummeled to death either!

Take ten thousand steps back to say, even if Ye Yuan could really deal with Soul Sea Realm martial artists, the Purple Mansion Sect had over a dozen Soul Sea Realms!

Could it be that Ye Yuan could sweep them clean all at once?

Ye Yuan said with a smile, "Of course I won't be foolish enough to clash head-on with Soul Sea Realm powerhouses. However . . . we still have the sect protecting grand array, don't we?"

"Sect protecting grand array?" Mei Zhen was stunned, and then he said in bewilderment, "Without Soul Sea Realm martial artists or a powerhouse with Sect Master's level of strength, the sect protecting grand array simply can't unleash power at all! Furthermore, even if they are here presiding over the array formation, they can at most withstand early-stage Soul Sea Realm martial artists. But the Purple Mansion Sect's Sect Master is a late-stage Soul Sea Realm powerhouse!"

Ye Yuan did not reply Mei Zhen's words, but he swept a glance over the Tranquil Cloud Sect's remaining disciples, saying coolly, "I wonder if my fellow seniors and juniors . . . can trust me, Ye Yuan?"

These few hundred Tranquil Cloud Sect disciples remaining could be said to all be the Tranquil Cloud Sect's elite disciples. The majority of them were Crystal Formation Realm martial artists.

These people all willingly stayed behind to share life and death together with the sect, for the sake of striving for time for that batch of elite disciples to escape.

In truth, before this, they had the chance to flee helter-skelter. But they chose to stay behind to die without prior consultation!

From this, it could be seen how great the Tranquil Cloud Sect's cohesive strength was!

It was precisely because so that Ye Yuan was unbelievably furious at those Purple Mansion Sect disciples who invaded and exterminated every last one of them.

Seeing Ye Yuan raising a question, these disciples could not help exchanging glances.

Actually, using one's brain to think about it, standing fast and on defensive in the Tranquil Cloud Sect was a terrible plan. The Purple Mansion Sect practically already unified the Endless World's Southern Domain. The Tranquil Cloud Sect was already a lone island.

As long as the Purple Mansion Sect wanted, they could focus all of their firepowers to attack the Tranquil Cloud Sect!

Relying on a sect protecting grand array at this time to withstand a bunch of Soul Sea Realm powerhouses, this was something that only a moron would do!

Yet, the problem was that was Ye Yuan a moron? Or perhaps, Ye Yuan was deliberately making them jump into a fire pit?

If Ye Yuan did it in order to send them to their deaths, why would he take such a superfluous action earlier and save them?

"Junior Apprentice Brother Ye, I believe you!"

"Junior Apprentice Brother Ye, our lives were saved by you! You ask us to die, we absolutely won't furrow our brows!"

"Junior Apprentice Brother Ye, we'll fight with you!"

.....

After a moment of silence, those Tranquil Cloud Sect disciples' supporting voices surged over like floodwaters!

Ye Yuan already used strength and used action to thoroughly subjugate them!

On the juncture that the Tranquil Cloud Sect was already to be annihilated, it was Ye Yuan who came forward and tried and turn back the tides. What right did they have to not trust Ye Yuan?

Seeing this scene, everyone had a feeling of their hot blood boiling!

In this instant, the Purple Mansion Sect which was powerful until it made people feel suffocated did not seem so scary anymore either!

"Good! Since my fellow seniors and juniors all trust me, Ye Yuan, we'll all fight a good one with the Purple Mansion Sect together! Let them see that our Tranquil Cloud Sect is not to be trifled with!" Ye Yuan yelled out loud and clear.

"F*ck the Purple Mansion Sect! We want to make them pay blood for blood!"

"Blood for blood!"

"Blood for blood!"

.....

These people were not foreign to Ye Yuan. Ever since he entered the Tranquil Cloud Sect, he created once miracle after another.

And today, who knew if he could create another miracle?

Ye Yuan's might already completely stirred up these peoples' hot blood!

These fellow apprentices did not lack the spirit of looking death calmly in the face. What they lacked was powerful confidence!

And today, Ye Yuan gave them confidence!

Ye Yuan extended his hand and pressed down, gesturing for everyone to quiet down.

He called out in a clear voice, "From today onwards, our Tranquil Cloud Sect will activate the Yin-Yang Turbid Heaven Grand Array, and we'll completely seal the mountain! I'll refine medicinal pills for everybody to raise everyone's strength as quickly as possible! At that time, I'll need to borrow every senior's and junior's strength. We'll defend together the Southern Domain's final lone island!"

Chapter 450: Restoring the Grand Array!

The following few days, Ye Yuan sank into an extremely busy schedule.

He first refined several transcendent-grade Essence Vigor Pills, and he finally replenished the lost blood essence fully.

As one of the Eight Great Sects, although the Tranquil Cloud Sect had declined awfully, they still had a considerable reserve of Tier 3 spirit medicines. There were enough for Ye Yuan to refine.

When Ye Yuan was refining pills, Xiao Ruyan acted as an assistant by the side. She took Ye Yuan's entire pill refinement process fully into her eyes.

Coming out from the pill refinement room, Xiao Ruyan's entire person was in a state of stupor.

Only when she observed Ye Yuan's pill refinement in close distance did she finally know how formidable this Master she acknowledged.

Ye Yuan was clearly refining Tier 3 medicinal pill, but Xiao Ruyan actually could not understand Ye Yuan's refinement technique.

Xiao Ruyan's standards were not low. But it was precisely so that she had an even deeper understanding of how high Ye Yuan's standards were.

This could be said as unintentionally planting a willow tree, and the willow tree would become a shade. Xiao Ruyan suddenly felt that she was too fortunate. Not only could she be together with Ye Yuan, but she could also even raise her alchemy skills.

Next, Ye Yuan made use of the Square Cauldron to refine a large batch of Tier 2 and Tier 3 medicinal pills and distributed them to the sect's disciples.

The result was that a few days later, columns of essence energy storms formed in the Tranquil Cloud Sect. There were disciples successfully breaking through everywhere.

Many disciples were stuck in the state of Peak Spirit Condensation Realm. This batch of medicinal pills created a large batch of Crystal Formation Realm disciples.

There were even a minority of Peak Ninth Level Crystal Formation Realm disciples who broke through to the Sea Transformation Realm without a hitch after consuming the medicinal pills that Ye Yuan refined!

The strength of the Tranquil Cloud Sect disciples rose a level collectively!

After the disciples noticed such a transformation, their admiration for Ye Yuan all reached a degree that could not be surpassed.

For a moment, Ye Yuan's prestige reached the pinnacle. His prestige among the disciples right now was most likely no longer inferior to Sect Master Luo Qingfeng.

When the disciples there were all breaking through, Ye Yuan brought Mei Zhen to the center of the Tranquil Cloud Sect's array formation.

"Ye Yuan, you say that you want to restart the Yin-Yang Turbid Heaven Grand Array. Could it be that us, these remnant troops and defeated soldiers, can really rely on this grand array to resist those Soul Sea Realm powerhouses?" Mei Zhen still asked half believing, half doubtfully.

The power of the array formation not only hinged on the rank of the array formation, it even relied on the level of the person controlling the array formation.

Right now, the strongest among them was also Mei Zhen, this Sea Transformation Realm. Moreover, he was utterly ignorant about array formations and completely could not unleash the power of the grand array,

Mei Zhen knew that Ye Yuan's formation path attainments were exceedingly high. However, he was only Crystal Formation Realm, Even if he managed the array formation, could he withstand the wanton bombardment of Soul Sea Realms?

This was not inside the mystic realm where Ye Yuan could play his opponent to death inside the array formation. Soul Sea Realm martial artists would definitely break the formation with force. When the time came, how should they withstand?

Ye Yuan said with a smile, "Of course I can't sustain by myself. But don't we still have so many seniors and juniors?"

Mei Zhen said in surprise, "But these sect disciples all don't know array formations!"

Ye Yuan said, "Doesn't matter if they don't know. I just need to know."

Mei Zhen was speechless. "."

Up until now, Mei Zhen did not know what Ye Yuan wanted to do either.

Although he had doubts in his heart, he knew that Ye Yuan would not do reckless things and would not treat the lives of the Tranquil Cloud Sect disciples as a joke.

"Fine then. Even if you have a way, the Yin-Yang Turbid Heaven Grand Array . . . seem to only be able to deal with Early-Stage Soul Sea Realm martial artists, right?" Mei Zhen said.

"Haha. When I just entered the sect, I discovered that this array formation has many flaws, resulting in the power of the array formation to be greatly discounted. Fortunately, the Southern Domain still didn't have any formidable adversaries at that time so the sect could protect itself," Ye Yuan said with a light laugh.

Mei Zhen said with a frown, "You mean to say that . . . the power of this array formation far exceeds this?"

Ye Yuan nodded and said, "That's right. The Yin-Yang Turbid Heaven Grand Array is a Quasi-Tier 5 array formation; It is ample to withstand a Peak Soul Sea Realm's full powered attack! What does a mere Seventh Level Soul Sea Realm even count as?"

Mei Zhen exclaimed in surprise, "T-There's actually such a thing? But the people in the sect thought that this is a Low-Rank Tier 4 array formation all along!"

"If my conjectures are right, this array formation should have had some losses when the Tranquil Cloud Sect was forced to move southwards. Maybe the array formation was missing some necessary parts. Maybe even the array formation itself was lost, and the array master relied on his own comprehension to restore the array formation, but there were deficiencies within!" Ye Yuan said.

In fact, Ye Yuan's conjectures were already very close to the truth. Back then, when the Tranquil Cloud Sect moved southwards, large quantities of records all went missing to some extent.

Even the two most important articles of the sect's cultivation methods were lost, let alone an array formation.

Back then, a Soul Sea Realm array master only comprehended this set of array formation to an 80% standard. He could only restore this set of array formation to this degree.

The array master later attempted to complete the Yin-Yang Turbid Heaven Grand Array. But this set of array formation was rather profound. He did not restore it even till his own death.

In a blink, a thousand years passed. The Tranquil Cloud Sect's people had long forgotten this segment of history and even thought that this set of array formation was a Low-Rank Tier 4 array formation.

But the Southern Domain martial artists' strength was not strong. This set of half-baked sect protecting grand array was also barely sufficient to use.

However, a Late-Stage Soul Sea Realm martial artist appeared in the Southern Domain now. This set of array formation was clearly inadequate already.

"T-There was actually such a thing. I'm an elder and actually don't know a whit as well," Mei Zhen said powerlessly.

Ye Yuan said with a smile, "With my present realm, I naturally can't set up the Yin-yang Turbid Heaven Grand Array. But the sect protecting grand array is a complete grand array. If it's just modifying a little and completing the array formation, I can still manage it. Unless the Fierce Gale World 's Divine Traversing Realm powerhouses can cross the passageway, nobody can break in!"

Hearing Ye Yuan's explanation, Mei Zhen was also brimming with confidence at this moment. But, he heaved a sigh and said, "For our Tranquil Cloud Sect to be able to take in a disciple like you, it's seriously the sect's lucky stars!"

Ye Yuan said smilingly, "Why does Elder Mei say that? Since I joined the sect, I'm naturally a part of the Tranquil Cloud Sect. When the sect is in trouble, I should offer a portion of strength. We just have to hold on to the Tranquil Cloud Sect, and the Purple Mansion Sect will be unable to set up the situation in the Southern Domain leisurely. As long as the Northern Domain reacts, the Purple Mansion Sect being destroyed is something inevitable! It's just that we must hurry before the realm passageway completely links up and let the Northern Domain's various sects know about the events that happened in the Southern Domain."

Mei Zhen perceived the meaning in Ye Yuan's word and said somberly, "Ye Yuan, don't need to be so courteous with me. Whatever instructions you have, just say it."

Ye Yuan nodded and said, "Elder Mei knows the whole story about the matter. I'm thinking of letting you go to the Northern Domain to notify the Myriad Sword Sect, Heavenly Martial Sect, and the Profound Ice Sect, these three sects, and make them send people to aid the Southern Domain and eradicate the Purple Mansion Sect! This situation at present, only Elder Mei alone has the capabilities to take on this mission."

Although he long had expectations, Mei Zhen's expression still changed and he said, "Can't another person be swapped to do this thing? I-I at least have some strength. Staying behind to offer up a portion of strength is good as well!"

Ye Yuan shook his head and said, "The onerousness of your mission is still above defending the sect! The Tranquil Cloud Sect is just a small plot of land, while what the Fierce Gale World wants to invade is the entire Endless World. If the Northern Domain is ill-informed about the news and doesn't know the Fierce Gale World's ambition, the outcome will be too dreadful to contemplate. Hence . . . you have to make this trip no matter what!"

Mei Zhen's expression flickered for a moment and said with Ye Yuan with clasped hands, "Mei Zhen definitely won't fail the mission!"
