Chapter 471: Arrogant Messengers

This time, it was Ye Yuan's turn to be stunned.

"Grand Elder, this Myriad Sword Sect . . ."

Skymaple's expression was very ugly. But he still replied, "Back then, the ones who forced our Tranquil Cloud Sect out of the Northern Domain was precisely the Myriad Sword Sect!"

Ye Yuan frowned when he heard that and said, "If the messengers are from the Myriad Sword Sect, Elder Mei he . . . It's all my fault, only thinking to notify the Northern Domain and didn't think that such a thing would happen."

Mei Zhen and Ye Yuan went through thick and thin together along the way. If something really happened to Mei Zhen, Ye Yuan definitely would not let this Myriad Sword Sect off.

"How can this be blamed on you? This matter, only I, Qingfeng, and the five of them know. Mei Zhen himself didn't know either. Sigh. Hopefully, it's just a coincidence. So many years have passed since the incident. Maybe this matter has already faded from the Myriad Sword Sect's memories. After all, we don't pose any threat to them at all right now," Skymaple said with a sigh.

"Go. Let's meet with these people," Ye Yuan said.

.

The group came to the main hall. But the moment they entered, their expressions changed abruptly.

Several Tranquil Cloud Sect disciples were lying on the ground groaning endlessly. Three youngsters sat on the highest three positions in the center of the main hall.

"The three of you. Insolence!"

Xiao Jian was a forthright person. How could he tolerate it when he saw this sort of situation? He directly wielded his sword and stabbed towards that youth in the center.

But the youth on the right seat curled his mouth and said with a sneer, "Violet Rain Cool Breeze is it? I know it too!"

As he said, he leaped up and actually executed the exact same move as Xiao Jian!

"Careful, Xiao Jian!" Luo Qingfeng was greatly alarmed and hurriedly yelled out. But it was already late. The two person's attacks clashed together swiftly.

That youth was a Seventh Level Sea Transformation Realm. Xiao Jian was already half-step Soul Sea Realm at present. Yet, that youth's attack actually arrived first despite being executed later. The speed was even a little faster than Xiao Jian's!

Clank!

The sound of metal colliding echoed. Xiao Jian actually gave a muffled groan and was sent flying out.

Skymaple and the rest were greatly startled seeing the situation. Luo Qingfeng went up to catch Xiao Jian.

Executed by Xiao Jian, a half-step Soul Sea Realm, he actually sustained injuries in one move!

Entirely not on the same level! This young man was too strong!

"You! How do you know the Violet Rain Cool Breeze?!" Luo Qingfeng asked gravely.

Violet Rain Cool Breeze was an extremely powerful move in the Azure Dipper Purple Yang Sword Art's Sea Transformation Realm. This young man before him was actually even more skilled in it compared to Xiao Jian. This had to be said to be a kind of immense irony!

The young man said with a faint smile when he heard that, "You're the Tranquil Cloud Sect's Sect Master, right? Introducing myself, I'm Myriad Sword Sect disciple, Li Junjie. These two are my seniors. The one sitting on the left is Gu Tianyou. The one in the seat of honor is our eldest senior brother, Qin Yan. As for why I know Violet Rain Cool Breeze, very simple, because what I cultivate in is also the Azure Dipper Purple Yang Sword Art."

A faint smile hung on the corner of Li Junjie's mouth from start to end. Except, that smile had a somewhat mocking undertone no matter how one looked at it.

The Tranquil Cloud Sect's foundation was the Azure Dipper Purple Yang Sword Art. But Li Junjie defeated Xiao Jian with the Tranquil Cloud Sect's cultivation martial technique. This was seriously a tremendous blow to the Tranquil Cloud Sect members.

Indeed, hearing Li Junjie's words, Skymaple and the rest's faces revealed sorrow.

How did Li Junjie know the Azure Dipper Purple Yang Sword Art, this was not hard to guess.

When the Tranquil Cloud Sect moved south in a haste back then, many cultivation methods and martial technique were all lost.

Very clearly, the Azure Dipper Purple Yang Sword Art was obtained by the Myriad Sword Sect.

The Myriad Sword Sect's core cultivation method was not the Azure Dipper Purple Yang Sword Art. But this did not impede their disciples from cultivating this cultivation method.

One had to know that the Azure Dipper Purple Yang Sword Art was a true blue Tier 5 cultivation method. It could let martial artists train to Peak Divine Traversing Realm.

The Myriad Sword Sect's own core cultivation method was merely like so as well.

"Tsk tsk. Back then, my Myriad Sword Sect did not exterminate your Tranquil Cloud Sect to the last person because of a variety of reasons. Originally, we thought that you all could progress a little coming to the Southern Domain. Who knew that you would deteriorate with each passing day!" Gu Tianyou said with a pitying look.

"Yeah. Your own sect's cultivation method actually can't even beat me. That person just now seems to be your Tranquil Cloud Sect's upper echelon, right? To actually not even be my, this Disciple's, match. Sigh . . ." Li Junjie said.

"Recalling back then, the Tranquil Cloud Sect commanded the wind and clouds in the Northern Domain. Who dared to provoke the sect? Now, it actually declined to such a degree. Truly makes people feel regrettable," Gu Tianyou said.

The two people chimed in one after the other. Hearing it sounded like pitying the Tranquil Cloud Sect, but actually it was simply picking a quarrel and completely thought nothing of the Tranquil Cloud Sect people.

The Tranquil Cloud Sect's face was already thrown on the ground by these two, trampled again and again.

While Luo Qingfeng was composed, how could he still endure at this time?

Luo Qingfeng took a step forward and said with an ill-intent look, "You three are so unbridled in my Tranquil Cloud Sect. Do you really take my Tranquil Cloud Sect to have nobody?"

Li Junjie seemed to have been frightened. He said in shock, "Senior Apprentice Brother Gu, turns out that the Tranquil Cloud Sect actually still has a Soul Sea Realm expert. How incredible!"

Gu Tianyou said indifferently, "What do Soul Sea Realm experts count as? Just a First Level Soul Sea Realm. Our Myriad Sword Sect has a large bunch with one grab. If he dares to make a move against us, the Myriad Sword Sect will come to the Southern Domain to exterminate them right away! Furthermore . . . whether he is Eldest Senior Brother's match or not, it's really hard to say!" exclaimed Gu Tianyou.

As Gu Tianyou said those words, his eyes looked over towards Eldest Senior Brother, Qin Yan.

Qin Yan did not say a word from beginning to end. But since this Li Junjie was already so strong, their eldest senior brother naturally would not be too weak.

Qin Yan was only at the Ninth Level Sea Transformation Realm. Such strength was simply clay chickens and pottery dogs in front of a Soul Sea Realm expert.

Stepping into the Soul Sea Realm was truly stepping into the rankings of the middle three Realms. It was completely not what Sea Transformation Realm martial artists could compare to.

Any random Soul Sea Realm expert that came could freely crush Ninth Level Sea Transformation Realm martial artists. Let alone that Luo Qingfeng's strength was even considerably stronger compared to ordinary Soul Sea Realms.

But Gu Tianyou said that Luo Qingfeng was not Qin Yan's match. These words were truly a little too presumptuous.

Luo Qingfeng's expression changed, and he said with a cold smile, "Fine. Then today, I'll have a direct confrontation with this Eldest Senior Brother of yours and take a look at how a Sea Transformation Realm surpasses a Soul Sea Realm!"

At this time, a figure flashed, blocking in front of Luo Qingfeng.

Luo Qingfeng was stunned, but saw Ye Yuan turn around. Ye Yuan said to him with a smile, "Is there a need to use a butcher's knife to kill chickens? We, these disciples, haven't gone up yet. How can we let Lord Sect Master take the stage personally? Our Tranquil Cloud Sect is also a former Northern Domain's

great sect no matter what. Where is the logic of bullying the weak with the strong? Better for me to square up against the Myriad Sword Sect's three senior brothers then. It also counts as interacting a little with the present Northern Domain's great sects."

"Don't horse around, Ye Yuan! Quickly come back for me!" Luo Qingfeng actually had a seldom seen reproach of Ye Yuan.

Ye Yuan smiled but did not have the intention of moving aside.

He knew that Luo Qingfeng was worried about his safety. But how could he pay attention to three Sea Transformation Realms?

After Luo Qingfeng returned to the sect, he had not witnessed Ye Yuan's combat strength yet and simply could not imagine just what kind of realm Ye Yuan already reached right now.

"Huhu, interesting, really interesting! To think that there's still such a character in the Tranquil Cloud Sect currently. A First Level Sea Transformation Realm also dares to come out and provoke our eldest senior brother. Really too fascinating! Lord Sect Master, what this Junior Brother here said was, only a disciple versus another disciple can measure a sect's strength," Li Junjie said with an amused look.

[Unrivaled Medicine God](#)

Chapter 472: You're Not His Match

At this time, Luo Qingfeng no longer held any hopes of fluke in his heart.

Not only did the Myriad Sword Sect not forget the Tranquil Cloud Sect, it even wanted to find fault through the incident this time.

Of course, the present Tranquil Cloud Sect was completely not in the Myriad Sword Sect's sights. Otherwise, they would not just send a couple of disciples over.

But the might of these three people before their eyes exceeded everyone's expectations.

That Li Junjie clearly had the weakest strength among the three people and actually wounded Xiao Jian with one sword. Qin Yan's strength was really not easy to estimate.

Ye Yuan clasped his hands and said with smilingly, "Senior Apprentice Brother Li is powerful. Younger brother admires it. In a while, you have to pull your punches!"

"Haha. Rest your heart. I'll definitely go easy!" Li Junjie said with a big laugh.

Li Junjie placed all of his attention on Luo Qingfeng earlier and really did not notice Ye Yuan.

Now, such a young Sea Transformation Realm jumped out abruptly. It really gave him a small shock.

Such a young Sea Transformation Realm like Ye Yuan, when placed in the Myriad Sword Sect, was an existence like the feather of a phoenix and the horns of a Qilin too. To think that the Tranquil Cloud Sect actually groomed such a prodigious character.

However . . . this sort of thing like crushing geniuses was too satisfying, feeling as if it was an accomplishment!

Li Junjie thought about this in his heart sinisterly.

Hearing the ill-intent in Li Junjie's words, Luo Qingfeng hurried went forward and grabbed hold of Ye Yuan, saying in a low voice, "Ye Yuan, their strength is not a trivial matter. Most likely, among the Northern Domain's junior generation, they are considered extremely formidable existences. You'd better not flaunt your superiority. If there's a mishap . . ."

But Ye Yuan interrupted Luo Qingfeng's words with a smile and said, "How can that be? Senior Apprentice Brother Li even said that he will definitely pull his punches just now. Isn't that so, Senior Apprentice Brother Li?"

The latter half of the sentence was said to Li Junjie. Li Junjie said with a wide grin, "Of course, of course. Lord Sect Master, please rest assured."

Luo Qingfeng shot a fierce glare at Li Junjie and said to Ye Yuan in a low voice, "Ye Yuan, you must act within the limits of your ability!"

Ye Yuan gave a noncommittal smile. He then turned around and said to Li Junjie, "Earlier, I saw that Senior Apprentice Brother Li's Violet Rain Cool Breeze seems to be very formidable. I learned that move too. I wonder if Senior Apprentice Brother Li can give a pointer or two?"

In Li Junjie's eyes, Ye Yuan was like a very silly, very naïve dumbass.

Could it be that this boy really thought that he would show mercy and found him to spar moves with?

But this was also very easy to explain. How could geniuses that has broken through to the Sea Transformation Realm in their teenage years had any experiences? Merely flowers that grew up in a greenhouse.

Seeing that Ye Yuan wanted to experience the Violet Rain Cool Breeze, Li Junjie was even more delighted in his heart.

Li Junjie had outstanding talent in the cultivation method of Azure Dipper Purple Yang Sword Art. Although he had not fully comprehended any true intent at present, he was already not far from this step. That was why he could defeat Xiao Jian with one sword.

Ye Yuan actually wanted to compete in the Azure Dipper Purple Yang Sword Art with him. Ye Yuan was truly overestimating his own strength.

"Haha! I'll guide you well!" Li Junjie said with a big laugh.

Ye Yuan cracked a smile, and Canghua Sword was displayed!

At virtually the same instant, Ye Yuan and Li Junjie made a move.

The same move, the same action; it was identical with the scene earlier.

With this move, Li Junjie did not hold back. The Violet Rain Cool Breeze was even more powerful compared to the last time.

His objective was to cripple Ye Yuan!

Seeing this scene, Luo Qingfeng's expression changed drastically, "Not good! This Li Junjie was actually still conserving strength!"

Luo Qingfeng wanted to make a move to stop this fight. However, an exceedingly terrifying aura locked onto him!

Luo Qingfeng was secretly alarmed. He discovered that Qin Yan had already arrived in front of him since who knew when!

This young man actually gave him an exceedingly terrifying feeling. He . . . Was he really Ninth Level Sea Transformation Realm?

Compared to Li Junjie's move, Ye Yuan's Violet Rain Cool Breeze was freaking weak. It was like a little kid showing some gaudy display.

"Ye Yuan, be careful!" Luo Qingfeng yelled out.

Yet, Ye Yuan did not seem to hear it at all. He still displayed this Violet Rain Cool Breeze.

Gu Tianyou watched this scene calm and composedly as if he already saw the result of Ye Yuan this genius being ruined.

They all knew that Ye Yuan was surely a genius that the Tranquil Cloud Sect expended immeasurable energy to groom.

Destroying Ye Yuan, it was equivalent to ruining the Tranquil Cloud Sect's future.

"Hehe, my guidance is here! You have to receive it well!" Li Junjie said with a delighted smile, stabbing towards Ye Yuan.

But, at this time, Ye Yuan's Violet Rain Cool Breeze was already executed completely too, charging towards Li Junjie as well.

The two moves intersected. Ye Yuan's move was weak like a tiny tree in a fierce gale, a small boat in the boundless seas.

Bang!

The two people's attacks finally collided together. Yet, Ye Yuan did not perish in one blow as everyone imagined.

On the contrary, that very instant he collided with Ye Yuan's attack, Li Junjie seemed to be hit by somebody with a huge hammer, flying out directly.

Smash!

Li Junjie just happened to be sent flying to where he sat originally, smashing the chair into smithereens.

Gu Tianyou and Qin Yan both did not react to it and was actually dazed for some time.

Of course, the stupefied ones were not just them. There were also Skymaple, Luo Qingfeng and the rest.

"How is that possible? Junior Apprentice Brother Li's Azure Dipper Purple Yang Sword Art is already close to the degree of major accomplishment. How could he possibly lost to this brat?" Gu Tianyou said disbelievingly.

Qin Yan did not speak. But his eyes when looking at Ye Yuan became immensely grave.

"Senior Apprentice Brother Li's Violet Rain Cool Breeze is indeed formidable. Even flying out is actually so cool, letting Ye Yuan benefit a great deal!" Ye Yuan exclaimed in admiration.

Bang!

At this time, Li Junjie crawled up swiftly, sending wood chips in front of him flying with a kick. He roared, "Stinking brat! I'll kill you!"

Li Junjie already went completely berserk, wanting to kill Ye Yuan at all costs.

Even in the Myriad Sword Sect, there were also not many who could make Li Junjie so wretched looking. Now, he was actually beaten to this state by a Tranquil Cloud Sect brat who was still wet behind his ears. This was something that he could not accept.

The Myriad Sword Sect had acquired the full set of Azure Dipper Purple Yang Sword Art. Li Junjie had immersed in this path for over twenty years and was also just a step away from comprehending sword intent. How could he possibly lose to the Tranquil Cloud Sect's people?

If he lost to the Tranquil Cloud Sect's upper echelons, it was still alright. But Ye Yuan was just a Tranquil Cloud Sect's junior disciple. How could he possibly lose to somebody like this?

The Myriad Sword Sect was one of the three strongest sects in the Northern Domain. Li Junjie's strength could also be ranked among the entire Endless World's junior generation.

Now, he actually lost to a small sect's disciple?

Li Junjie's figure moved, but there was a blur before his eyes. Qin Yan blocked in front of him.

"Senior Brother, you move aside! I'm going to kill this punk!" Li Junjie howled.

But Qin Yan said coolly, "Forget it. You . . . are not his match!"

When Qin Yan's words came out, Li Junjie and Gu Tianyou were both dazed.

Especially Li Junjie. He wondered if he heard wrongly and asked in incredulity, "S-Senior Apprentice Brother, what did you say?"

Qin Yan turned around and said with a solemn expression, "This boy has already fully comprehended the Azure Dipper Purple Yang Sword Art. You . . . are not his match!"

[**Unrivaled Medicine God**](#)

Chapter 473: Truth Coming to Light

"C-Comprehended fully?"

Li Junjie seemed to have a tub of cold water splash down; sobering up instantaneously.

He looked at Qin Yan. The latter was nodding his head and said, "His Azure Dipper Purple Yang Sword Intent has already reached the state of returning to the origin. You can't possibly beat him. I really didn't think that after so many years passed, the Tranquil Cloud Sect actually produced such a character!"

Finished talking, Qin Yan looked at Ye Yuan with an unkind expression and said, "Punk, ability to disguise as a pig to eat a tiger is pretty good!"

"Disguising as a pig to eat a tiger? Huhu, is there a need to disguise as a pig to eat the tiger when dealing with you people?" Ye Yuan said with a faint smile

Qin Yan's face fell slightly. Towards Ye Yuan's attitude, he was very displeased.

As the Myriad Sword Sect's junior generation's number one person, wherever Qin Yan walked, admiration and flattering voices would resound. Today, he was actually looked down upon by a kid.

Qin Yan narrowed his eyes and said, "Boy, don't think that you can be cocky by comprehending true intent! You need to know that there is always somebody stronger!"

"The three of you ran to the Tranquil Cloud Sect to make a big show of your prowess, and then injured my fellow sect members. Now you're saying that I'm cocky? Your logic simply differs from ordinary people!" Ye Yuan said with a cold smile.

"Humph! What a sharp tongue! We are here on the sect's orders to investigate the Southern Domain's change. Your Tranquil Cloud Sect is already a lone island. We came here to rescue you all," Qin Yan said nonchalantly.

Hearing Qin Yan's words, the corner of Ye Yuan's mouth revealed a ridiculing smile. "Rescue? I think that your Myriad Sword Sect wants to swallow the Tranquil Cloud Sect, or are thinking of making us wag our tails to beg like a dog in front of you people to satisfy your ego a little?"

Qin Yan was stunned when he heard it. He suddenly grinned and said, "Then so what? Could it be that you all still have other choices?"

This time, the expression on the faces of Skymaple, Luo Qingfeng, and the rest became odd.

"You all most likely don't know it yet, right? The Purple Mansion Sect was already sent packing with a face full of dust previously at our sect, losing three Soul Sea Realm experts in succession. Right now, I reckon that He Mingde is probably still weeping at home, right?" Luo Qingfeng said with a cold smile.

Luo Qingfeng's words stunned the trio.

They had just arrived in the Southern Domain too. The information grasped was still when they had just left the sect. They totally did not know what happened recently in the Southern Domain.

Now, once they heard the news, it indeed made them feel very surprised.

But it was merely just surprised. Qin Yan did not feel that Luo Qingfeng could kill martial artists with high cultivation realms.

"Haha. Killing a couple of First Level Soul Sea Realms made all of you so happy? That Purple Mansion Sect probably saw that your strength was too weak, so they totally didn't send experts over, right?" Gu Tianyou said with a chortle.

Luo Qingfeng said with a disdainful look, "First Level Soul Sea Realm? Haha. The Purple Mansion Sect has already attacked the Tranquil Cloud Sect three times. The first time, a First Level Soul Sea Realm died. The second time, two Fourth Level Soul Sea Realms died. The third time, He Mingde came personally, and also returned in failure! Do you all think that we should be happy or not?"

"Fourth Level Soul Sea Realm? Even two? Do you take us for rookies who don't know anything? Just the likes of you people can kill two Fourth Level Soul Sea Realms?" Li Junjie said with a ridiculing smile.

"Ignorant! The Purple Mansion Sect dispatched thousands of martial artists to come and attack the Tranquil Cloud Sect. Is there a need for me to deceive you on this matter? If you don't believe it, you can try out the Tranquil Cloud Sect's sect protecting grand array in person," Luo Qingfeng said with a cold smile.

Luo Qingfeng was very proud of the sect protecting grand array right now. This kind of grand array that could instantly kill Soul Sea Realm experts was seriously satisfying.

Beneath the Divine Traversing Realm, it was virtually invincible!

"Sect protecting grand array? You're talking about . . . the Yin-Yang Turbid Heaven Grand Array? Didn't you all lose this set of array formation back then?" Qin Yan said with a frown.

"No comments about that! Humph! If not for the sake of the entire Endless World's safety, would we send people to the Northern Domain? So long as we defend the Tranquil Cloud Sect to the death, the Purple Mansion Sect can't breach inside all their lives!" Luo Qingfeng said.

"You're saying that there is really another world trying to invade our Endless World?" Qin Yan said.

"The Purple Mansion Sect is a chess piece left in the Endless World by the Fierce Gale World. Now that the realm passageway has already opened up, Fierce Gale World martial artists will attack over here very soon! This matter concerns the grand matter of the entire Endless World's life and death! You people actually still have thoughts of internal conflicts here. Truly don't know life from death!" Ye Yuan said with a sneer.

Based on the attitudes of Qin Yan and the others, they completely did not believe that there was this matter of another world invading.

After all, several thousand years had already passed since the previous great war. Even a sect like the Grand Yan True Sect was already buried in the annals of history.

The Grand Yan True Sect was also to blame for being overly domineering back then; directly sealing the realm passageway, resulting in the great war between two worlds not clashing on a massive scale.

The Endless World martial artists did not suffer a pain which cut deep. Their impression of the other world was not so deep as well.

But Ye Yuan believed that those major powers in the Northern Domain should have heard of this segment of history.

Except, Mei Zhen most likely did not meet those people when he went over this time.

A Sea Transformation Realm martial artist might be powerful enough in the Southern Domain. But placed in the Northern Domain, it was nothing.

"What a pack of nonsense! Why would there be another world invading for no reason? You said that the Purple Mansion Sect were the other world's survivors. What proof is there?" Qin Yan said.

Ye Yuan had long known that Qin Yan would have such an inquiry. His hands briefly kneaded a seal. A silhouette suddenly appeared before everyone.

"Spatial spirit artifact!" Seeing this scene, Qin Yan trio were all startled.

Spatial spirit artifacts were beloved treasures that everyone would want to get their hands on. Even them, the Northern Domain's top disciples, did not have in their possessions.

Seeing that Ye Yuan actually had a spatial spirit artifact, their gaze involuntarily became scorching.

Ye Yuan shot a glance and said, "Put away your ideas. Or else, you might not be able to walk out of the Tranquil Cloud Sect! This is the slave that I captured in the Fierce Gale World. His name is Lan Feng. Let him talk to you about the Fierce Gale World's matters."

Ye Yuan already had Sea Transformation Realm strength at present. Even when facing Early-Stage Soul Sea Realm martial artists, he had sufficient self-preserving strength too. Hence, he did not mind exhibiting the spatial spirit artifact in front of these people.

But Ye Yuan's words astonished the trio tremendously. Qin Yan exclaimed in shock, "You . . . You've been to the other world?"

Ye Yuan said nonchalantly, "Naturally I've been there before. Lan Feng's divine soul is slightly different from the Endless World martial artists. You guys investigate it slightly and should be able to discover some inklings."

Qin Yan probed and discovered that Lan Feng's divine soul was indeed slightly different from the Endless World martial artists!

This shock was tremendous. In his heart, he already believed Ye Yuan's words to a certain extent!

"Lan Feng, you pick out a few important things about the Purple Mansion Sect and the Fierce Gale World's past for them to hear," Ye Yuan instructed.

"Yes, Master!" Lan Feng cupped his hands slightly and started talking.

As time passed, the expressions on Qin Yan and the rest became increasingly grim.

Turned out that things had already reached such a critical state. They were actually still harboring the mentality of watching the show coming over to the Tranquil Cloud Sect this time.

After Lan Feng finished talking, Qin Yan trio exchanged glances, their eyes revealing a never-before astonishment.

"Oh, right, Lan Feng did not say it just now. The Fierce Gale World is a middle-order small world. The wind emperor's strength is . . . Boundless Realm!" Ye Yuan said indifferently.

Unrivaled Medicine God

Chapter 474: Staying Behind to Be a Hostage

The Qin Yan trio seemed to have something stuck in their throats and were not able to speak for a while.

"B-Boundless Realm? You're not joking, right?"

After a long time, Li Junjie finally recovered but was still filled with incredulity.

"Joking? Back then, the Grand Yan True Sect was ten times stronger than your Myriad Sword Sect. However, the Grand Yan True Sect hesitated at nothing to sacrifice the lives of six sovereign level array masters to deploy the Six Extreme Seals Grand Array! Do you think that they had the need to treat their lives jokingly?" Ye Yuan said with a cold smile.

The present Endless World's situation was different. Back then, the Grand Yan True Sect reigned supreme, overshadowing all of the sects.

Although the Grand Yan True Sect's Sect Master's status was not on par with Zhao Tianyin's, it was not far from the latter either.

Even such strength could not resist the previous generation Wind Emperor. What did the Myriad Sword Sect even count as?

"Hiss . . ."

The information that Ye Yuan uttered today, the shock it brought them was too intense.

Mei Zhen had not spoken more than a few words at the Myriad Sword Sect and was detained. Those people did not take it seriously at all.

Now, Ye Yuan spoke with definite evidence and even let Lan Feng out. It was not up to them to not believe.

"Like this, isn't our Endless World facing imminent danger?" Gu Tianyou muttered.

"Hur hur, good that you know! But I still have something that I want to ask the three of you. Is my Tranquil Cloud Sect's Elder Mei Zhen detained by your Myriad Sword Sect?" Ye Yuan asked with gleaming eyes.

One sentence and it dragged the three people back to reality.

Qin Yan said with a sneer, "So what if yes?"

Ye Yuan nodded slightly and said to Gu Tianyou and Li Junjie, "Good that it's yes. The two of you can head back already. This whatever Eldest Senior Brother Qin Yan will stay in our Tranquil Cloud Sect to be a hostage then. Whenever you people release Elder Mei back, he can return to the sect."

The three people were stunned when they heard these words. Wasn't this punk overestimating his own strength too much?

"Detaining Eldest Senior Brother? Haha! Really unafraid of the wind spraining your tongue if it blows hard! Do you think that you can keep Eldest Senior Brother with the likes of that First Level Soul Sea Realm Sect Master?" Li Junjie said with a cold laugh.

"Haha! You all have stayed too long in the Southern Domain and already became frogs in a well, right? Do you know how formidable Eldest Senior Brother's strength is?" Gu Tianyou seemed to have heard some hilarious joke and grinned from ear to ear.

Even Qin Yan himself shook his head too and said with a smile, "Overconfident fool!"

But Ye Yuan said nonchalantly, "I already said, disciple versus disciple. How could the likes of you all have the qualifications to let Sect Master take action personally?"

"You? You aren't really thinking that by comprehending the Azure Dipper Purple Yang Sword Art, you would be my match, right?" Qin Yan stood with his hands behind his back, with a face full of contempt.

So what if Ye Yuan comprehended true intent?

He likewise comprehended true intent. Furthermore, he was even almost a full major realm higher than Ye Yuan!

Such a great disparity in strength and this brat was actually thinking of defeating him?

Ye Yuan flashed a smile and said, "Give it a try then!"

"Such a wildly arrogant boy! Don't lose your life by trying!" Gu Tianyou said with a cold snort.

But Qin Yan said with a smile, "Interesting. I'll give you this opportunity!"

"Haha. It's still Eldest Senior Brother magnanimity that is big. I'm going to make a move! You receive it well! Nine Swords Return to One, Half-Moon Slash!"

Ye Yuan did not talk rubbish either, executing the Nine Swords Stance's Half-Moon Slash instantaneously!

Following Ye Yuan's breakthrough to the Sea Transformation Realm, his Azure Dipper Floating Zero Sword became even stronger!

Regardless whether was it the Nine Swords Stance or the Thousand Flowing Petals, they all expended countless amounts of Ye Yuan's energy. The greater one's strength, the greater the might.

Back then, Ye Yuan used this one move to place the powerful Zhao Chenggan in a wretched plight. No matter how powerful this Qin Yan's strength was, it could not be stronger than Zhao Chenggan's either.

Once Ye Yuan's move was unleashed, the smile on Qin Yan's face was instantly replaced with solemnness!

Not the Azure Dipper Purple Yang Sword Art!

When this brat was dealing with Li Junjie earlier, he was actually still holding back!

"Thousand Sword Nebulous!"

Qin Yan immediately put away his belittling heart, using an incomparably swift and fierce martial technique right away.

This Thousand Sword Nebulous move was an extremely powerful martial technique in the Myriad Sword Sect. Coupled with the Myriad Sword Sect's cultivation method, it was a top-notch sword move when placed in the Endless World too.

The Sea Transformation Realm Ye Yuan displaying the Half-Moon Slash was much stronger than it was in the Fierce Gale World previously!

The two attacks collided together instantly. Yet, the Half-Moon Slash breached Qin Yan's Thousand Sword Nebulous like crushing dried twigs!

Qin Yan's face changed, and he immediately unleashed his movement technique and dodged this attack.

"What?! Elder Senior Brother's Thousand Sword Nebulous actually lost when dueling swords!" Li Junjie nearly jumped up when he saw this scene.

"Eldest Senior Brother's Thousand Sword Nebulous, even the Heavenly Martial Sect's Guo Taoqun and the Profound Ice Sect's Yin Yanhua can't possibly resolve it so effortlessly, right?" An immense shock was seen in Gu Tianyou's eyes.

Qin Yan's expression at present was very nasty. He never could have imagined that Ye Yuan was actually formidable to this sort of degree!

Just now, if not for the Thousand Sword Nebulous offsetting a portion of the Half-Moon Slash's power, whether or not he could evade was another matter altogether!

"Ye Yuan! It's you who forced me! I still can't completely control this move with my present realm. Once this move is unleashed, be responsible for your own life and death!" Qin Yan's voice divulged an ice-cold intent.

Qin Yan pointed his sword at Ye Yuan. The single sword actually miraculously transformed into countless ones!

"Myriad Swords Return to Origin! Go to hell!"

Qin Yan did not have the composure from before anymore. His face even carried some ferociousness at this moment.

But at this time, Ye Yuan's Wind-Fire Violent Blaze Transforming Dragon similarly finished casting too. The colossal dragon roared as it swept over towards Qin Yan!

This massive dragon was incomparably powerful, instantly engulfing those sword figures clean!

But it was not over yet. The massive dragon hastened over towards Qin Yan.

With a rumble, Qin Yan's entire person was blasted flying out, collapsing weakly onto the ground.

"Eldest Senior Brother!" Gu Tianyou and Li Junjie shouted.

When they saw this scene, they were both greatly taken aback from shock and hurriedly went up to support Qin Yan.

The pair exchanged a glance, both feeling that it was beyond comprehension.

The undefeated Eldest Senior Brother in their eyes was actually defeated in the hands of an unknown brat!

"Relax. He won't die. I still need him to be a hostage!" Ye Yuan's indifferent voice came over.

Gu Tianyou and Li Junjie were both startled in their hearts. Their gaze when looking at Ye Yuan again was like they had seen a ghost.

This youth was seriously too scary!

"Y-Ye Yuan's strength is actually formidable to this extent already! Even I'm . . . probably not his match for certain either!" Luo Qingfeng and Skymaple exchanged glances at this time as well. The astonishment in their gazes was not the slightest bit less than the Myriad Sword Sect disciples.

Skymaple was very relieved. Stroking his beard, he said with a smile, "I'd long foreseen that there would be this day. But I never could have imagined that this day would arrive so quickly! For my Tranquil Cloud Sect to be able to obtain Ye Yuan, it's truly the heaven showing sympathy!"

"You all . . . Do you all really want to set yourselves against my Myriad Sword Sect?" Gu Tianyou's voice carried some quivering.

The reason why they dared to come was that they felt that they had the strength to preserve themselves.

But looking at it now, this sort of self-confidence was really a joke!

But Ye Yuan shook his head and said, "You all don't be mistaken. Elder Mei went to the Northern Domain to deliver news with good intentions but was detained by you people. This is you people forcing me. I don't wish to cross anybody for no reason."

[Unrivaled Medicine God](#)

Chapter 475: That Young Man, Isn't Simple!

"You! Do you really dare to imprison Eldest Senior Brother for a puny little Sea Transformation Realm martial artist!"

Li Junjie felt rather incredulous. This Ye Yuan seemed hell-bent on opposing the Myriad Sword Sect.

This was simply something that could not be explained by reason!

There was actually somebody who dared to fall out with the Myriad Sword Sect!

Qin Yan's significance to the Myriad Sword Sect went without saying. If the Tranquil Cloud Sect dared to touch a hair of Qin Yan's, an apocalyptic calamity was definitely unavoidable.

Did this boy eat the wrong medicine?

Uhh . . . Seemed like he already harmed quite a few hairs.

Ye Yuan said coldly, "Puny little Sea Transformation Realm? Aren't you just a Sea Transformation Realm too? Moreover . . . your eldest senior brother might be very important in your eyes, but in my eyes, he isn't worth a fart! Elder Mei's life is way more important than his!"

As he said, Ye Yuan's aura pressed on and actually made Li Junjie and Gu Tianyou feel chilly.

In Ye Yuan's view, these few fellows clearly looked down on everybody snobbishly.

Mei Zhen might not be considered much in front of them. But to Ye Yuan, he was a very important senior.

Ye Yuan experienced hardships before rescuing Mei Zhen from the Fierce Gale World. He could not very well fall in the Myriad Sword Sect.

"Madman! You're a madman!" Li Junjie turned to Skymaple and Luo Qingfeng and said, "Could it be that you all want to go crazy together with this boy? If you all dare to detain Eldest Senior Brother today, you have to make the preparations of receiving the wrath of my Myriad Sword Sect! At that time, your Tranquil Cloud Sect will really not have fowls or dogs spared!"

Skymaple and Luo Qingfeng's expression both changed. This consequence, they really could not quite bear it!

Although Mei Zhen was important but compared to the entire sect . . .

However, Ye Yuan did not give them the opportunity to hesitate. He took a step forward and said with narrowed eyes, "Are you threatening me here?"

Li Junjie was taken aback by Ye Yuan's aura and actually took a step back instinctively.

But he reacted very quickly, and his face involuntarily reddened slightly.

I . . . What's with me? I'm actually frightened? I, a dignified Myriad Sword Sect's disciple, would actually fear this punk? A wave of shame hit in Li Junjie's heart.

However, he really had no confidence against Ye Yuan.

Ye Yuan could even defeat Qin Yan. Defeating him was simply like lifting a finger.

"N-No, I . . . didn't . . . mean that." Li Junjie was even somewhat stammering when talking.

But Ye Yuan did not care. He took another step forward and said coldly, "Then what did you mean? En?"

"I was . . ." Li Junjie moved back again but just happened to trip over something, planting his bottom onto the ground.

"Humph! My Tranquil Cloud Sect sent people to the Northern Domain to notify your three great sects with public interests in mind, to warn you all to guard against the invasion of another world! Yet, you held a grudge and detained Elder Mai! If I don't keep a hostage today, Elder Mei would surely find it hard to die with peace of mind. The two of you head back today. If Elder Mei receives a trace of injury, I'll definitely make Qin Yan's life worse than death!" Ye Yuan said with a cold grunt.

Gu Tianyou and Li Junjie were forced by Ye Yuan's aura and actually mumbled and did not dare to rebuke.

The main hall fell into a dead silence. Nobody dared to make a sound.

The Gu Tianyou pair stood there, unable to leave nor stay; it was very awkward.

Meanwhile, Skymaple and Luo Qingfeng and the rest actually felt very liberating in their hearts. During these more than thousand years, they withdrew and stood in the Southern Domain's land, living very aggrievedly.

Especially just now, Li Junjie actually used the Azure Dipper Purple Yang Sword Art to deal with Xiao Jian, making their dignity suffer tremendous devastation even more so.

Back then, the Myriad Sword Sect virtually annihilated the Tranquil Cloud Sect. The Tranquil Cloud Sect also greatly damaged their vitality in that battle. That was why they were unable to recover from the setback ever since.

Truthfully talking about it, the two sect's enmity could be said to be irreconcilable under the same sky!

But the problem was that the Myriad Sword Sect was one of the strongest three sects in the entire Endless World. The strength was too great!

A tiny sect like the Tranquil Cloud Sect simply could not afford to provoke!

They did not know how Ye Yuan had such tremendous gall to actually dare yank on the Myriad Sword Sect's whiskers.

However, through that fight earlier, Luo Qingfeng already had a clear realization that Ye Yuan's true combat strength was most likely no longer beneath his.

Furthermore, the entire Tranquil Cloud Sect was saved by Ye Yuan. Whatever Ye Yuan wanted to do now, they were willing to be the backup for Ye Yuan!

Right then, Ye Yuan's eyes suddenly narrowed, and he said icily, "Since some friends have arrived, why not show yourselves? If it spreads out, others might think that my Tranquil Cloud Sect doesn't know how to receive guests."

The expressions of Luo Qingfeng and the rest changed. Somebody snuck into the main hall, and they were actually completely oblivious!

A girl dressed in light-blue gauze floated down from the roof, making people feel like the temperature in the entire great hall suddenly fell by a few degrees.

The girl as cold as frost, but had a beauty that could topple down a nation, and with heavenly fragrance too. Standing there, she gave people a cold and detachment vibe which kept people a thousand miles away. This was an ice mountain beauty in its true sense!

Seeing this woman, Qin Yan trio's faces changed!

"Yin Yanhua!"

When Ye Yuan saw this girl, he could not help being rather surprised. The Tranquil Cloud Sect had the sect protecting grand array defending. This woman could actually silently sneak into the main hall.

Yin Yanhua gave Ye Yuan a graceful bow but did not open her mouth to speak.

Ye Yuan smiled faintly and said in a clear voice, "Is your distinguished self still hoping for a fluke in your heart? Since you came, might as well get together. Wouldn't it be lively?"

Luo Qingfeng could not help being secretly alarmed. There was actually still somebody!

Indeed, when Ye Yuan's voice faded, a young man dressed in long black robes flashed out from the corner.

"Guo Taoqun! You all!" When Qin Yan saw these two people, he wished that he could find a hole to crawl into.

Guo Taoqun took a few more glances at Ye Yuan, but his gaze finally fell on Qin Yan, and said smilingly, "Huhu, the Myriad Sword Sect's number one disciple actually suffered a crushing defeat in the desolate land of the Southern Domain. I think sending this news back to the Northern Domain will create a considerable stir!"

But Qin Yan said with a cold smile, 'Guo Taoqun, stop delighting in my misfortune here! If you have the capabilities, you go and size yourself up with that punk!"

Guo Taoqun froze, his gaze involuntarily turning towards Ye Yuan. He chuckled and said, "Messing around for so long, you were actually defeated in the hands of this boy?"

Yin Yanhua and Guo Taoqun had just reached the main hall not long and did not see Ye Yuan and Qin Yan's confrontation at all.

Guo Taoqun even thought that it was Luo Qingfeng who beat Qin Yan to heavy injuries and came out just in time to ridicule.

Right then, the Yin Yanhua who did not talk the entire time had a seldom-seen dialogue, "That young man isn't simple!"

Guo Taoqun was stunned once again and finally sized up Ye Yuan properly.

He originally thought that Ye Yuan could call out Yin Yanhua and himself because there was some array formation inside this main hall.

Looking at it now, it did not seem to be that simple.

This youth whose age was not past 16 seemed to be rather extraordinary.

Qin Yan's strength, Guo Taoqun was all too familiar. Even when encountering ordinary First Level Soul Sea Realms, he might not be at a disadvantage.

Guo Taoqun previously even thought that this Tranquil Cloud Sect's sect master was very strong, that was why Qin Yan was defeated. He did not think that it was actually because of this young man in front of him.

This young man was only at the First Level Sea Transformation realm. Didn't this mean that . . . he could cross a major realm to defeat his opponent?

This shock was no trivial matter!

Unrivaled Medicine God

Chapter 476: Unexpected Invitation

"Qin Yan was really injured by you?" Guo Taoqun asked with a blank look.

Ye Yuan's brows furrowed slightly, and he said, "So what if yes? So what if not?"

"Cough, cough. This . . . If yes, I want to say . . . nicely done!" Guo Taoqun suddenly changed his tone.

Even Ye Yuan did not quite come around hearing his words.

When Qin Yan heard these words, he was so furious that he felt a sweetness in his throat. His injuries actually flared up again.

He looked at Guo Taoqun, wishing that he could eat him alive.

"This Qin Yan, I've long been displeased by him. It's just that sadly, I couldn't find the chance all along. Now, Little Brother actually accomplished this wish of mine. It really makes me feel even more cordial!" Guo Taoqun said with a broad grin. Everybody was stunned.

As he spoke, Guo Taoqun actually put his arm around Ye Yuan's shoulder. That appearance looked like brothers who had been acquainted for many years.

Ye Yuan was still very vigilant at the start. Later, he discovered that this Guo Taoqun did not have any ill-intent towards him, and so he let him be.

Guo Taoqun pulled Ye Yuan along and talked a whole bunch. On the whole, they were more or less words which besmirched Qin Yan. Ye Yuan could not tell the truth from false either.

Qin Yan listened by the side, his entire face was black like the bottom of a wok.

But he was already fish on the chopping block right now, and simply dare not make any movements.

This Ye Yuan was a nutcase. He actually dared to provoke the Myriad Sword Sect. If he really offended him hard, there was no guarantee that he would not do anything.

"Oh, right, I seemed to have heard that you guys want to keep Qin Yan behind to be a hostage?"

Ye Yuan gave Guo Taoqun a glance and nodded.

"Haha! Brother, you really have guts! The people that I, Guo Taoqun, admire in this lifetime aren't many. You're one of them!"

Looking at Guo Taoqun's manner, it rather looked like being admired by him was so laudable.

Ye Yuan was disinclined to bother with him and retorted with a question, "Who the hell are you? Barging into my Tranquil Cloud Sect's main hall without authorization, I'm afraid that it's a little inappropriate, right?"

Guo Taoqun was not embarrassed either. He said proudly, "I'm the Heavenly Martial Sect's Eldest Disciple, Guo Taoqun. This great beauty is the Profound Ice Sect's well-renown Ice Cloud Fairy, Yin Yanhua!"

When Guo Taoqun introduced Yin Yanhua, his eyes were filled with an ingratiating manner. That appearance was even somewhat fawning.

But Yin Yanhua did not buy it at all. She still had an icy appearance, like she totally did not hear Guo Taoqun's words at all.

But hearing Guo Taoqun's introduction, Ye Yuan came to a realization. As it turned out, the Northern Domain's three great sect's head disciples actually all converged in the Tranquil Cloud Sect!

Seemed like Mei Zhen's trip wasn't entirely without gains. At least, it made the three great sects send people over to investigate it.

Ye Yuan took a look at the three people and said with a sigh, "You great sect disciples are really leisurely and carefree. Death is already knocking on the door, and you're still playing infighting! Looks like the Endless World has been peaceful for too long. Everyone no longer has any gallantness anymore!"

These words made Guo Taoqun stupefied. He asked curiously, "Little Brother, what's the meaning of your words? Isn't it somewhat exaggerating just to raise the alarm?"

Hearing Ye Yuan's words, the ice-cold Yin Yanhua also revealed a curious look, uncertain of the meaning in Ye Yuan's words.

When Ye Yuan saw the duo's expressions, he knew that Mei Zhen's first stop was at the Myriad Sword Sect. Moreover, he was even detained, and simply did not have the time to notify the other two sects.

He shot a fierce glare at Qin Yan and co. and said in a cold voice, "Humph! The Myriad Sword Sect is really a bunch of fellows who are unable to accomplish anything but adept at ruining things!"

Ever since becoming aware that the Fierce Gale World had a Boundless Realm powerhouse, Qin Yan trio knew just how critical the Endless World's situation was.

Being glared at by Ye Yuan at this time, they simply did not dare to retort.

If because of detaining Mei Zhen resulted in the Endless World's overall defeat, the Myriad Sword Sect would be the entire Endless World's sinners.

Seeing the expression of Qin Yan and the others, Guo Taoqun and Yin Yanhua became even more suspicious.

Was it possible that something big really happened in the Southern Domain?

The Purple Mansion Sect unifying the Southern Domain did not seem to be something serious either, right?

Right away, Ye Yuan recounted the matter of the Fierce Gale World invading briefly to the two. The two people's expression both became unbelievably solemn.

They never would have thought that such a thing would actually happen to the Endless World!

But in front of the steel-like evidence, it was not up to them to not believe.

They finally knew now why Ye Yuan scolded the Myriad Sword Sect for being unable to accomplish anything, but good at spoiling things.

"Little Brother, if the matter is really as you say, then isn't the Endless World in imminent danger?" At this time, Guo Taoqun's face no longer had any debauch look. What replaced it was indescribable graveness.

"It's not to the extent of on the verge of destruction. Because even if the realm passageway is linked together, it can't withstand Boundless Realm experts passing through either. If the Wind Emperor wishes to cross the realm passageway, he must have sovereign level array masters reinforcing the realm passageway's barrier continuously, all the way until it stabilizes fully. At least, in the short run, the Fierce Gale World and the Endless World are still in the situation of being evenly-matched in strength. But if the Endless World is still a pile of loose sand, then this world's destruction is just a matter of time," Ye Yuan said coolly.

Guo Taoqun revealed a look of realization. The logic that Ye Yuan said was very simple, which was for the Endless World to resist the foreign enemy with a united spirit.

But Guo Taoqun who resided in the Northern Domain was deeply aware that this was simply something impossible!

The Northern Domain's sects stood in great numbers. Apart from the three great sects, there were still many large and small sects of varying sizes.

These sects' thoughts were all different. Without a person who could rally hundreds with a single call, there was simply no way of making them put their strength together.

If each fought their own battles when the time came, the Endless World would really not be far from complete destruction.

"Hiss . . . Fortunately, our Heavenly Martial Sect and the Profound Ice Sect obtained some information, sending the two of us to follow Qin Yan all the way here. Or else, we would really not know that such an earth-shaking major event actually happened to the Endless World! No can do. This matter is much too important. I have to return to inform Lord Sect Master straight away to make plans early!"

As he said, Guo Taoqun turned around and wanted to leave. When he passed by Yin Yanhua, Guo Taoqun suddenly switched to a smiling face and asked, "Ice Cloud Fairy, why not . . . we head back together?"

Yin Yanhua did not even spare him a glance, but took light steps and walked towards Ye Yuan.

"I wonder what junior brother's name is?" Yin Yanhua asked.

"Ye Yuan."

"So, it's Junior Apprentice Brother Ye. If it's in accordance with what Junior Apprentice Brother Ye said, the Northern Domain has no tenable defensive position anymore. The Tranquil Cloud Sect is already a lone island. Doesn't your Tranquil Cloud Sect have plans to move north?"

Ye Yuan was rather surprised. This Ice Cloud Fairy was evidently someone with a nimble mind. He did not have the need to hide either, and said with a nod, "That's right. We're currently planning to move north!"

Yin Yanhua nodded her head slightly when she heard this. She said, "Junior Apprentice Brother Ye detained Qin Yan to be a hostage. The Myriad Sword Sect definitely won't let things go. How about my Profound Ice Sect provide for shelter for you guys. I wonder what Junior Apprentice Brother Ye's thoughts are?"

When Yin Yanhua said this, Qin Yan's expression became even uglier.

"Fairy Maiden, my Myriad Sword Sect has good relations with the Profound Ice Sect all along. How can you take such an action arbitrarily?!" Qin Yan nearly spewed out another mouthful of old blood.

At this time, Guo Taoqun smacked his head and interjected too. He slung his arm around Ye Yuan again and said, "Haha! I hit it off with Junior Apprentice Brother Ye on first sight! How about . . . you come to our Heavenly Martial Sect!"

Hearing these words, Qin Yan's two eyes finally rolled back, and he fainted.

[Unrivaled Medicine God](#)

Chapter 477: He's Called Ye Yuan!

Yin Yanhua and Guo Taoqun invited Ye Yuan naturally because they took a fancy on his potential.

Ye Yuan could defeat Qin Yan, sufficiently showing how great his strength was.

With Ye Yuan's age, his accomplishments would surely be boundless in the future. Such a figure naturally had to be roped in early.

Seeing Guo Taoqun cutting in, Yin Yanhua's surrounding temperature fell several degrees once more.

Guo Taoqun's face changed, and he said obsequiously, "Haha, kidding, just kidding. How can our Heavenly Martial Sect have a place to house such a large sect?"

Yin Yanhua could not be bothered with Guo Taoqun. She said to Ye Yuan, "I wonder what Junior Apprentice Brother Ye's opinion is like?"

The few people present were all the distinguished leaders of the Endless World's junior generation. They were all sharp-minded people.

Although those few standing by the sides were the Tranquil Cloud Sect's upper echelons, the one truly making the decisions was this young man before their eyes.

Ye Yuan mused for a moment and said with Yin Yanhua with a faint smile, "Thank you very much for Ice Cloud Fairy's good intentions. But about the place to settle down, my Tranquil Cloud Sect already has arrangements."

A tinge of disappointment flickered across Yin Yanhua's eyes as she said with a sigh, "Alright then. Since that's the case, Yanhua will take her leave."

Finished talking, Yin Yanhua's figure moved, vanishing before everyone.

Guo Taoqun yelled out, "Ice Cloud Fairy, wait for me! Junior Apprentice Brother Ye, when you go to the Northern Domain, you have to come to my Heavenly Martial Sect to take a look! I'm leaving too!"

Ye Yuan gave a faint smile. This Guo Taoqun was really a funny fellow.

At this time, there were only the Myriad Sword Sect's three people left in the main hall. Ye Yuan said coolly, "What? Could it be that you all are still planning on staying behind to have a meal?"

Gu Tianyou looked at Ye Yuan and looked at the unconscious Qin Yan again. For a moment, he was actually at a loss on what to do.

"Eldest Senior Brother he . . ." Gu Tianyou gave a smile that was even uglier than crying.

"Do you feel like I'm joking with you all?" Ye Yuan's tone became cold.

"N-No."

"Then not scrambling yet?"

Seeing that Ye Yuan inclining to fly off the handle, Gu Tianyou and Li Junjie went out of the main hall step by step.

At this time, Luo Qingfeng came in front of Ye Yuan and asked worriedly, "The Myriad Sword Sect is one of the three strongest great sects in the Northern Domain. Just the Divine Traversing Realm experts in their sect numbers quite a few. We captured their eldest disciple. They probably won't take things lying down, right?"

Ye Yuan said with a frown, "I'm the one who sent Elder Mei over. I have to rescue him back! Sect Master rest assured; the matter of the realm passageway linking together is also just in these few days. At that time, the Myriad Sword Sect most likely won't have the energy to come and bother with us, a tiny little Tranquil Cloud Sect."

Luo Qingfeng had no alternatives. He could only say, "Fine then. It's up to you to do whatever you want. Grand Elder and I will always be standing behind you to support you!"

Ye Yuan said smilingly, "Many thanks for Grand Elder's and Sect Master's understanding. Sect Master, the time left to us isn't much already. We have to make the best use of our time to move north."

.....

Several days later, beneath the unknown mystic realm's Eternal Splendor Palace.

Rumble!

With an enormous rumble, the Six Extreme Seals Grand Array fragmented inch by inch.

The grand array that guarded the Endless World for several thousand years finally collapsed with a loud bang.

At the same time, the entire Endless World felt an intense tremor. Everyone all felt like something major was about to happen!

He Mingde stood respectfully at one side. Five figures took the lead to enter, crossing the realm passageway.

Seeing these five people, He Mingde bowed all the way down, "Fierce Gale World's survivor, He Mingde, pay respects to five sovereigns!"

These five people were shocking all Peak Divine Traversing Realm existences!

The one at the helm nodded slightly and said, "Arise! You did very well. His Majesty, the Wind Emperor, is very pleased with you. This is the reward that His Majesty, the Wind Emperor, entrusted me to give you before setting off."

This elderly person was actually the Shangguan Family Head who observed Ye Yuan and Zhao Chenggan's battle from a corner of the plaza back then, Shangguan Wenrui!

He Mingde was overjoyed seeing the situation and said, "Many thanks for His Majesty, the Wind Emperor's, bestowal. Although we have lied low in the Endless World for thousands of years, we dare not forget the great duty that His Majesty, the Wind Emperor, tasked us to do even for a moment! Having gone through thousands of years, it finally let us find a way to crack the Six Extreme Seals Grand Array!"

Shangguan Wenrui nodded and suddenly asked, "The Endless World's Southern Domain is very important to us. It should have culminated under your Purple Mansion Sect, right?"

But He Mingde's expression changed as he said, "Sovereign Shangguan, forgive my mistake. Originally, the Southern Domain was already in the bag. But a remarkably monstrous youth came from the Tranquil Cloud Sect. He actually raised the Tranquil Cloud Sect's sect protecting grand array to Quasi-Tier 5 level. We . . ."

The air instantly chilled. Shangguan Wenrui was clearly very displeased by this news.

He Mingde stood by the side and did not dare to even exhale loudly.

This one before his eyes was a Peak Divine Traversing Realm powerhouse. Huffing a breath could doom him eternally.

That boy called Ye Yuan really screwed him over badly!

"You, an exalted Seventh Level Soul Sea Realm martial artist, is actually powerless against a youngster? His Majesty, the Wind Emperor, placed such high hopes on you; is this how you repay him?" Shangguan Wenrui said coldly.

He Mingde sweat profusely and hurriedly explain, "Sovereign Shangguan, calm your anger. That . . . That young man is indeed too monstrous. Furthermore . . . Furthermore, I heard that he escaped back to the Endless World from the Fierce Gale World!"

Shangguan Wenrui's expression changed, and he immediately thought of Ye Yuan.

This Endless World youth entered deep into the Fierce Gale World by himself, throwing the Fierce Gale World into an upheaval, and even retreated in one piece!

Speaking of which, it was really inconceivable.

After Zhao Tianyun appeared in the plaza on that day, in order to avoid arousing suspicions, Shangguan Wenrui and Xue Hongfei left directly and did not see what happened later.

Shangguan Wenrui looked into it afterward as well. But those who stayed at the plaza afterward were practically all dead.

Only Ding Liang and Star Abyss's group of people were alive. But all of them did not dare to breathe a word to another soul about what happened on that day.

But Shangguan Wenrui speculated that some earth-shaking major thing must have happened for Ye Yuan to be able to escape from Zhao Tianyin's hands.

Otherwise, how could a Crystal Formation Realm brat possibly escape from the hands of the Boundless Realm Wind Emperor?

Shangguan Wenrui's complexion was slightly better, and he opened his mouth to ask, "Oh? There's still such a monstrous youth? What's his name called?"

He Mingde said quaking in fear, "He . . . He's called Ye Yuan!"

Indeed!

Even though he guessed it long ago, Shangguan Wenrui still felt unbelievably shocked.

This boy called Ye Yuan was covered in secrets all over.

Looks like not just his personal strength was incomparably formidable, he had startling talent in the path of formations too!

He Mingde sneaked a glance at Shangguan Wenrui's face. After seeing that he did not show an enraged expression, He Mingde gathered his courage and said, "On that day, I personally escorted the Tranquil Cloud Sect's hostages, wanting to force this punk out of the grand array. Who knew that he actually set up an extremely powerful illusionary array outside the gates, and he rescued the people away instead! Furthermore, I heard him saying that his array formation . . . actually came from the Grand Yan True Sect's inheritance! He even said . . . even said . . ."

Shangguan Wenrui narrowed his eyes and said, "Speak!"

"He even said . . . If the Grand Yan True Sect's Sect Master had grasped that set of illusionary formation back then, even if His Majesty, the Wind Emperor, came personally, he would return with failure too!" He Mingde mopped the cold sweat on his forehead.

[Unrivaled Medicine God](#)

Chapter 478: Cicada Casting off Its Shell

How could He Mingde know how great a wave Ye Yuan stirred up in the Fierce Gale World?

He was still desperately absolving his charges, hoping to gain Shangguan Wenrui's understanding.

In truth, Shangguan Wenrui did not blame him long ago.

But Shangguan Wenrui did not tell He Mingde either. The matter of Ye Yuan causing mayhem in the Central Capital was not very glorious after all.

Shangguan Wenrui did not speak, seemingly contemplating something.

After a long time, he finally said slowly, "You said that . . . that Tranquil Cloud Sect's sect protecting grand array is a Quasi-Tier 5 grand array?"

He Mingde hurriedly said "Yes! Subordinate also doesn't know how he, a Sea Transformation Realm brat, can deploy a Quasi-Tier 5 grand array. But we really suffered considerably on this grand array."

Shangguan Wenrui nodded slightly and was not very surprised by Ye Yuan's monstrousness.

"This period of time, have you been sending people to watch the Tranquil Cloud Sect all along? Don't let them escape!" Shangguan Wenrui said.

"Sovereign Shangguan, rest assured. Subordinate arranged countless informants around the vicinity of the Tranquil Cloud Sect. If there's any bit of rustle of leaves in the wind, they will report promptly!" He Mingde hurriedly said.

Shangguan Wenrui said, "Since that's the case, send a Divine Traversing Realm expert over, and you can crack this grand array."

As he said, Shangguan Wenrui turned around and said to a First Level Divine Traversing martial artist, "Yunrong, you make a trip with Sect Master He! If there's a possibility, bring that boy back for me to see if he really has three heads and six arms!"

That Yunrong bowed and said, "Yes, Family Head."

He Mingde was overjoyed when he saw the situation. He had suffered a huge loss in Ye Yuan's hands. Now that there was a Divine Traversing Realm expert backing him up, what was he still afraid of?

.

Several days later, in front of the Tranquil Cloud Sect's gates, Shangguan Yunrong stood in the air.

Behind him stood He Mingde.

"It's this grand array that you all couldn't crack even by mustering up the entire sect's strength?" Shangguan Yunrong said coolly.

He Mingde sweated heavily and said, "Yes. Subordinate is incompetent! Ye Yuan that boy is incredibly sinister. He really isn't easy to deal with!"

Shangguan Yunrong nodded slightly but did not say anything.

Ye Yuan's great name, he had naturally heard of it before as well. Ever since the great battle between Ye Yuan and Zhao Chenggan, Shangguan Lingyun seemed to have suffered a tremendous shock, cultivating day and night continuously.

As Shangguan Lingyun's senior, Shangguan Yunrong naturally took it all into his eyes.

This battle, Shangguan Lingyun took the initiative to request for it and was already on the way here.

Presumably, hearing Ye Yuan this name once more, Shangguan Lingyun would be very excited.

But he heard that Ye Yuan already broke through to the Sea Transformation Realm. This made Shangguan Yunrong rather surprised.

Ye Yuan had immensely powerful combat strength at the Crystal Formation Realm. Now that he broke through to the Sea Transformation Realm, even if Shangguan Lingyun bumped into Ye Yuan, he was most likely not his match either!

With such an unsurpassable opponent, it was truly terrifying!

Hence, the best method was to . . . destroy this opponent!

Shangguan Yunrong extended his hand and gestured. Horrifying essence energy instantly concentrated on his palm.

When He Mingde behind him saw this scene, his pupils could not help constricting.

This was the power of a Divine Traversing Realm expert. Clearly it was not targeting him, yet it made his heart palpitate.

"Go!"

Shangguan Yunrong lightly spat out a word from his mouth. His attack instantly landed on the Yin-Yang Turbid Heaven Grand Array.

It was only to hear a loud bang. The grand array actually gave off a series of cracking sounds.

Shangguan Yunrong had a calm and collected look the entire time. However, at this time, his face slightly revealed astonishment.

"Quasi-Tier 5 grand array is it . . . Indeed! Quite capable!"

This attack of his looked played down, but how could a Divine Traversing Realm expert's attack be simple?

This attack virtually employed 70% of Shangguan Yunrong's powers and it actually did not breach the grand array in one blow. It could be seen how great this grand array's power was!

Rumble!

Shangguan Yunrong attacked again. This time, the grand array collapsed with a loud bang!

When those Purple Mansion Sect disciples saw this scene, each and every one of them was flushed red with excitement.

They had already waited far too long for this day!

When the grand array broke, those Purple Mansion Sect disciples were like pumped with blood, rushing over towards Spirit Blessing Mountain.

He Mingde who was standing behind Shangguan Yunrong was similarly very eager. This time, he would definitely flay the skin and tear out the tendons of Ye Yuan that punk, could he dispel the hatred in his heart!

Shangguan Yunrong did not move. He was only responsible for breaking the formation. He naturally would not lower his dignity and charge ahead.

Roughly an hour later, a Soul Sea Realm powerhouse flew before the two people; his expression was very ugly.

When He Mingde saw this scene, his heart involuntarily thumped. Could it be that something unforeseen happened again?

"Lord Yunrong, Sect Master, inside the Tranquil Cloud Sect is void of people. All of the records and medicinal pills are all gone! We already turned the Spirit Blessing Mountain inside out and didn't even see a ghost!"

"What?! How is that possible?" He Mingde became agitated and nearly fell down.

That Soul Sea Realm's expression was ugly as he said, "We already sent people to search all of the mountain peaks over. There are indeed not a soul inside!"

"This . . . This . . . Lord Yunrong . . . I clearly arranged countless informants. Why didn't a single one of them see people leaving the Tranquil Cloud Sect?" He Mingde was shocked beyond words.

Could this group of people fly to the skies and tunnel underground?

Shangguan Yunrong did not look too surprised. When he heard this, he gave a chuckle instead and said, "Sect Master He asked me, but who do I ask? Alright, since this Tranquil Cloud Sect is already uninhabited, then let's head back home."

As he said, Shangguan Yunrong directly turned around and flew away, leaving behind the He Mingde who had yet to recover.

Regarding this result, although Shangguan Yunrong was surprised, he felt that it was within reason too.

To be able to throw the Central Capital into upheaval and even startle the Wind Emperor, and he could even swagger back to the Endless World.

How could such a character be captured so easily?

.....

At this time, in Breaking Dawn City tens of thousands of miles away from the Tranquil Cloud Sect, several young martial artists dressed in plain clothing slowly entered the city.

Breaking Dawn City was a frontier town in the Tranquil Cloud Ten Nations' State of Yan, contiguous to the Endless Forest. Since ancient times, it was the gathering place for countless martial artists.

"Heh heh, once I think about those Purple Mansion Sect fellows' faces, I get incredibly excited!" said a young martial artist excitedly.

"Haha! This cicada casting off its shell of Junior Apprentice Brother Ye was indeed executed beautifully! Those Fierce Gale World fellows expended such a great price to charge into the Tranquil Cloud Sect. In the end, they didn't even get to gain a single hair. There's probably no need to mention how gloomy they are," said another young martial artist.

"Those Fierce Gale World trash probably never even dreamed that Junior Apprentice Brother Ye could actually construct a miniature transmission array! Although it's only a short hundred-mile distance, but to dodge those informers, it's more than sufficient! Those whistle-blowers' eyes were polished until they shone, but they didn't know that we left the Tranquil Cloud Sect long ago!

These few people were shockingly Ye Yuan and company who escaped from the Tranquil Cloud Sect.

This group of people included Tian Yu, Mo Yuntian, Ti Wujiu, and the rest. Except, the outfits on them were very plain. People would mistaken them to be ordinary demonic beast hunters.

Chapter 479: A Hundred Pieces Means A Hundred!

Although the realm passageway did not link up, large numbers of low-level martial artists had already flooded in from the Fierce Gale World.

The Purple Mansion Sect already controlled virtually all of the secular world nations in the Southern Domain through these low-level martial artists.

After the Tranquil Cloud Sect disciples escaped out of the Tranquil Cloud Sect through the miniature transmission array, under Ye Yuan's arrangements, they organized themselves into multiple groups. They disguised themselves as the bottommost level ordinary martial artists and scattered around, rushing to some frontier cities.

And Ye Yuan's batch of people was the final batch.

The transmission arrays connecting to and fro the Southern Domain and the Northern Domain were mostly built in these border cities.

Of course, these transmission arrays were already controlled by the Purple Mansion Sect now without exception.

What the Tranquil Cloud Sect could defend was just the sect gates. The mortal world kingdoms, they already had no strength to attend to.

After the realm passageway linked up, large numbers of low-level martial artists flooded in. This kind of a strategic point, it was naturally impossible for the Purple Mansion Sect to let it go. Even the out-of-the-way Breaking Dawn City was no exception.

Basically, these cities all had Sea Transformation Realm experts holding the fort now, controlling the transmission arrays tightly.

Right now, these frontier cities' characteristics were all the same: easy to enter, hard to leave. Those who came in from the Northern Domain through the transmission array were totally ignored. But them wanting to return was extremely difficult.

Every frontier town had high-level Sea Transformation Realms holding the fort. Ordinary people simply could not cross!

If not because Soul Sea Realm martial artists were too rare, the Purple Mansion Sect would even send Soul Sea Realm martial artists to hold down the fort in these frontier towns.

However, high-level Sea Transformation Realms were already immensely powerful existences in the Southern Domain. Apart from those big sects' upper echelons, ordinary martial artists that could beat them were in the minority.

Even one of the Eight Great Sects like the Tranquil Cloud Sect only had extremely few people who could forcefully carve out a path too. Moreover, they could not guarantee that the high-level Sea Transformation Realms would not destroy the transmission arrays.

It was also this cicada shedding its shell move by Ye Yuan which surprised the Purple Mansion Sect greatly. These border towns' garrison had yet to come around to it. Or else, them wanting to break through these obstacles would be extremely arduous.

During these few days' time, the Tranquil Cloud Sect had already split into a number of batches and sneaked into these border towns, as well as scheduling to take action today together to forcefully break through!

Skymaple and Luo Qingfeng, these two people, were Soul Sea Realm martial artists. Dealing with Sea Transformation Realms was naturally a cinch.

Breaking Dawn City had Ye Yuan holding the fort here. Dealing with a late-stage Sea Transformation Realm was naturally not a big issue as well.

"Many people think that setting up transmission arrays is a colossal project. Actually, setting up a miniature transmission array that can only accommodate three to five people passing through, furthermore, just transmitting a hundred miles away, isn't something difficult. But the usage of this sort of transmission arrays is very limited. Martial artists who move fast can reach before two hours. Hence, the uses of this kind of transmission array are exceptionally few and remarkably easy to overlook. This is also considered a shadow under the light, I guess," Ye Yuan said smilingly.

"Hehe, what a fine shadow under the light! Junior Apprentice Brother Ye, not only is your strength outstanding, this boldness and breadth of spirit are even a cut above others! If there weren't you around, even if we had guarded the Tranquil Cloud Sect, it would still be hard to escape death in the end!" Tian Yu said.

"Yeah! If not for this strategy of a cicada shedding its shell, the Purple Mansion Sect would definitely react right away, informing the frontier towns to intercept us. Once they wreck the transmission array, it will also be hard to fly even with wings!" Mo Yuntian said.

Ye Yuan just smiled and changed the topic. He said, "We'd best go to the transmission array area to take a look first. We arranged to make a move tonight with sect master they all. Figuring out the transmission array's surrounding situation first is better."

Everyone nodded in agreement and headed in the direction of the transmission array together.

Although Breaking Dawn City was remote, heaven was high in this place, and the emperor far away. The State of Yan's control over here was very weak instead.

Due to there being many demonic beast hunters going in and out of the Endless Forest here, the Breaking Dawn City was very prosperous.

It was precisely under such a situation that the Breaking Dawn City's martial artists' strength was quite formidable. Everywhere on the streets, Crystal Formation Realm martial artists could be seen. There were even a small number of early-stage Sea Transformation Realm martial artists.

Hence, Ye Yuan and these people wandering around in the city would not draw many people's eyes.

There were marketplaces everywhere here. Martial artists set up stalls spontaneously on the streets.

Ye Yuan and the others passed through two streets. Ye Yuan suddenly stopped his footsteps in front of a stall.

The stall owner was a Crystal Formation Realm old man, looking rather plain with nothing attractive.

"Old man, how is this herbal grass of yours sold?" Ye Yuan pointed to a stalk of grass on the stall and enquired.

That old man was currently bored to death. Seeing that somebody came over to buy stuff, he shot a glance at Ye Yuan faintly and said, "50 pieces of middle-grade essence crystals. I don't take low-grade essence crystals!"

"What? A stalk of Quasi-Tier 4 herb, you're selling for 50 middle-grade essence crystals? Why don't you go and rob people?" Tian Yu nearly jumped up hearing that.

That old man was disinclined to even spare Tian Yu a glance as he said indifferently, "Up to you to buy or not! Get lost if you're not buying! Don't interfere with this old man's sleep!"

But Ye Yuan casually retrieved 50 middle-grade essence crystals and said, "This is 50 middle-grade essence crystals. Your elderly self can do the counting."

When that old man saw Ye Yuan fish out fifty middle-grade essence crystals without even blinking, his eyes involuntarily glinted, and he immediately perked up.

There were quite a few stall owners who saw this scene and could not help commenting respectively.

"Truly, fools are wealthy. This herb's origins are unknown, and nobody can name it at all; let alone anybody who knows its usage. This boy isn't buying it back to feed pigs, right?"

"Hehe, Qi Hai this old fellow already asked all the high-rank alchemists in the city. Nobody can recognize this herb at all. This boy is still so young. Don't tell me that he recognizes this herb's use!"

"Might be some wealthy family's disciple from somewhere with too much money to burn! This kind of dummies, I've seen plenty!"

"You looked at the badge on his chest. Still just an Alchemy Master. Wonder what is he buying this Quasi-Tier 4 herbal grass back for. These days, there are really all kinds of idiots!"

The name of the herb couldn't even be called out. Naturally, there was no one who knew what kind of medicinal pill it could be used to refine.

Furthermore, this herb only had one stalk. Even if somebody wanted to use to experiment, it was not possible to experiment out anything either.

This old fellow called Qi Hai already put up a stall here for a month. But this herb could not sell at all.

A stalk of herbal grass that simply had no usage, no matter how cheaply he sold it, it was not possible to spend this wrongful money too.

Earlier, seeing Ye Yuan enquire about this stalk of herbal grass, Qi Hai anyhow gave a price; 50 middle-grade essence crystals. It could already almost purchase a stalk of Tier 4 medicinal herb!

He totally did not think that Ye Yuan would buy. Who knew that Ye Yuan did not even furrow his brows, pulling out 50 middle-grade essence crystals instead!

Qi Hai sat up and could not help sizing up Ye Yuan. A while later, this old man suddenly gave a smile and said, "I was muddled with sleep just now. This stalk of herbal grass should be 100 middle-grade essence crystals!"

When these words came out, those fellow apprentices around Ye Yuan were immediately filled with killing intent.

This old man was completely setting price on the spot. How was this doing business?

This was simply robbing money!

In just a short while, the price doubled!

Ye Yuan burst into laughter and said, "Done! A hundred pieces mean a hundred!"

[Unrivaled Medicine God](#)

Chapter 480: 250

This unknown Tier 4 herbal grass was called Dodder Green Grass.

This kind of Quasi-Tier 4 medicinal herb was naturally not some rare object. But it was a rare thing in the Endless World.

In some medicinal theory records including the Herbal Compendium, there were simply no records regarding the Dodder Green Grass. Those so-called high-rank alchemists not recognizing it was also normal.

The reason why Ye Yuan took a fancy on this Dodder Green Grass was that this was one of the core ingredients for a Quasi-Tier 4 medicinal pill, the Purple Heart Soul Luring Pill.

This Purple Heart Soul Luring Pill was precisely the upgraded version of the Soul Luring Pill. It was used to break through to the Soul Sea Realm.

Except, this Purple Heart Soul Luring Pill's medicinal effects was on an entirely different level from the Soul Luring Pill.

Ye Yuan naturally would not just use the garbage Soul Luring Pill for his own breakthrough. Encountering the Dodder Green Grass was just perfect at this time; he obviously had to put it in his bag.

Furthermore, Ye Yuan more or less knew some things about the Endless World's alchemy world. The value of this Dodder Green Grass was absolutely worth a hundred middle-grade essence crystals.

This thing was not the slightest bit inferior when compared to ordinary Tier 4 medicinal herbs.

Furthermore, due to this Dodder Green Grass being exceptionally scarce in the Endless World, an object was valued in proportion to its rarity. Ye Yuan did not feel that this price was too ridiculous.

It was just that the way others saw it, Ye Yuan naturally became a sucker who was foolish but wealthy.

When Qi Hai saw the hundred middle-grade essence crystals, his eyes immediately lit up, and his entire person became alert, becoming like a different person from that previously lethargic appearance.

One had to know that 100 middle-grade essence crystals was roughly equivalent to the price of a Tier 4 medicinal herb already.

Yet, how could Tier 4 medicinal herbs be so easy to acquire?

A Quasi-Tier 4 medicinal herb selling at the price of a Tier 4 medicinal herb. Where should one go to find this kind of bargain?

"Heh heh. Young man, I see that you have such cultivation at a young age. Definitely a prodigious talent with discerning eyes like burning torches! This herbal grass of mine was snatched from the mouth of a Tier 4 demonic beast. I nearly died in its belly. Fortunately, this old man, I, ran fast. So 100 middle-grade essence crystals really isn't considered expensive!" Qi Hai said in all smiles.

But when everyone saw Qi Hai's manner, they had a contemptuous look.

This fellow was only Crystal Formation Realm cultivation. How could he possibly snatch such a herbal grass from the hands of a Tier 4 demonic beast?

Even a fool also knew that this was bluffing that youngster!

However . . . Wasn't that young man a fool?

Indeed, Ye Yuan actually nodded his head and said, "Huhu, elderly person, I believe you."

A series of snickers sounded all around. But Ye Yuan thought otherwise in his heart.

But towards these ignorant people, he obviously would not go and explain anything either.

Ye Yuan knew that the Dodder Green Grass indeed had a kind of companion beast whose strength was comparable to middle-stage Sea Transformation human martial artists.

This old man Qi Hai being able to return alive was already very fortunate.

People become shrewd as they get older. Even though this old man only had Crystal Formation Realm strength, he might have some special life-preserving means.

Therefore, 100 middle-grade essence crystals was indeed not considered expensive!

"Since that's the case, then let's close the deal?" Qi Hai was afraid that Ye Yuan would renege and hastily said.

"Haha. Done!"

The two people concluded it. Ye Yuan was just about to collect that Dodder Green Grass when all of a sudden, a discordant voice sound out.

"This medicinal herb, I want it! 150 middle-grade essence crystals!"

A young man suddenly cut in rudely and directly raised fifty middle-grade essence crystals.

Seeing this young man, the other stall owners all sensibly shut their mouths, feeling like he was like a plague.

But Ye Yuan's brows furrowed when he saw the situation. This punk was clearly making things difficult for him.

"Elderly person, I offer 200!" Ye Yuan said coolly.

Competing in essence crystals, Ye Yuan really did not fear anyone.

Previously in the unknown mystic realm, Ye Yuan extorted a large sum of essence crystals from the Heavenly Sky Sect.

Later on in the Fierce Gale World, the Xiao Family also gifted a large sum of essence crystals in order to thank Ye Yuan. Ye Yuan basically did not touch them.

This punk was competing in wealth with him?

He was going to freaking regret it!

"250!" the youth spoke again.

At this, the people watching the show by the side could not hold back and unwittingly burst into laughter abruptly.

Ye Yuan was thrilled when he heard that. Was this punk a joker here to amuse everyone?

Seeing everyone snickering, the youth failed to react to it for some time. A Fourth Level Sea Transformation guard behind him hurriedly moved closer and whispered a few words beside his ear.

The youth came to realize the truth abruptly, and he could not help flushing with shame.

He shot a vicious glare at the surroundings and said angrily, "Laughing at what? Do you believe I'll smash all of your stalls if you keep laughing? Make my father take in your stalls and make you all unable to have a foothold in Breaking Dawn City?"

Those stall owners seemed to really submit to this and immediately put away their smiles.

That youth smiled proudly seeing the situation and shot Ye Yuan a glance like he was demonstrating his power.

Ye Yuan guessed that this young man's identity was special too. But he himself was born a silkpants. Could it be that he was still afraid of a silkpants loafing around?

Ye Yuan chuckled and said, "Elderly person, we can't afford to offer 250. We'll offer 300. Haha."

"I offer 500! This medicinal herb is rich in essence energy. I think it's pretty good. Going back and eating it should increase a fair amount of essence energy!" said the young man said haughtily.

Ye Yuan was speechless. This punk actually wanted to eat the Dodder Green Grass raw! Truly a wanton waste of God's good gifts!

The majority of medicinal herb could actually be eaten raw. But extremely few people would do that. Because it was just too wasteful!

Furthermore, according to the attribute differences in essence energy that martial artists cultivate, some medicinal herbs could even clash with the cultivation method trained in, getting half the results with twice the effort, and even affecting cultivation.

This punk was full of shit. He was purely finding trouble!

Ye Yuan obviously did not know that this youth just liked to find things to do when he was idle.

Speaking of which, it was slightly similar to Ye Yuan's predecessor.

This young man was called Jin Peng, and he was the Breaking Dawn City's City Lord's , Jin Feng's, son.

This Breaking Dawn City's City Lord was at the Seventh Level Sea Transformation cultivation. This was already rather impressive in a mortal world's country. It was even more powerful than some great sects' elders.

In truth, although this Breaking Dawn City belong to the State of Yan in name, actually, it was simply a country within a country. Jin Feng always listened to orders but did not serve.

If there wasn't the Tranquil Cloud Sect this leviathan pressuring here, this Jin Feng even had the possibility of crowning himself as king.

This Jin Peng relied on his old man's power and frequently engaged in lawlessness, harming martial artists.

In the course of time, he became notorious.

And his old man, Jin Feng, also indeed had a card to play, These martial artists who set up stalls had to go through the City Lord Manor's consent and get a piece of plaque before they were permitted to operate.

This plaque was very low quality. Moreover, the effective period was only a month. But it needed to collect fees of 50 low-grade essence crystals to 50 middle-grade essence crystals according to the differences in the stall owner's realm.

How could the martial artists that come here to set up stalls number less than 100 thousand?

Just the costs of purchasing the plaque was a rather terrifying figure!

But Jin Feng's strength was extremely formidable. These stall owners could only endure the fate of being exploited.

Hearing this Jin Peng's offer, Ye Yuan's brows unwittingly furrowed.

This punk increased the price without even thinking about it. He was intentionally causing trouble.

Doing it this way, regardless of how much he called out, he would probably keep on increasing too.

Could it be that . . . he had to resort to force?

"Young Master Jin, this medicinal herb, I've already sold it to him. No matter how high the price you offer, I won't sell it either!"

What everyone did not expect was that Qi Hai this old fellow actually opened his mouth to speak at this time.
