Chapter 501: Ren Xingchun

Everyone was stupefied by this question from Wu Xuan. What was going on?

Wu Xuan was not talking about the medicinal pill's quality, but he asked about Ye Yuan's master first?

But everyone understood it very quickly. Wu Xuan was trying to take Ye Yuan in as a disciple here!

Understanding this subtle question, Ren Dong's face was already black like a pot's bottom.

He still clearly remembered that he just happened to bump into the sight of Ye Yuan saying that Alchemy Kings and Alchemy Sovereigns would be fighting to take him in as a disciple.

Wasn't this scene right now exactly verifying Ye Yuan's words back then?

But the problem was that Ye Yuan did not even expend much essence energy and soul force. How could he possibly refine out a high quality Dragon Buddha Jade Void Pill?

"Master Wu Xuan, the medicinal pill that he refined?" Ren Dong clenched his teeth and asked.

Only when Wu Xuan looked at Ren Dong did he realize his loss of composure. But very soon, he took pity on Ren Dong.

Ren Dong's talent absolutely bore no complaints. But compared to this Ye Yuan, it was simply a world of difference!

He passed the medicinal pill to Ren Dong and said with a sigh, "You take a look yourself."

Ren Dong received the medicinal pill in puzzlement and swept over the medicinal pill with soul force. His expression became even uglier.

Transcendent-grade!

It was absolutely transcendent-grade!

A transcendent-grade Dragon Buddha Jade Void Pill. This . . . How was this possible?"

Yet, the reality was right before his eyes and not up to Ren Dong to believe or not.

Everything in the pill refining room could be projected on the light screen and be recorded down. Ye Yuan's refinement completely could not be faked.

Could it be that this boy's alchemy standards actually already reached such a monstrous degree?

As an alchemist, Ren Dong was all too clear about the disparity between middle-grade and transcendent-grade!

Comparing using a firefly and the bright moon was not overboard at all!

"Hehe, Master is Master! Indeed amazing! How is it, great Young Master Ren? Convinced now?"

Xiao Ruyan clearly identified the transcendent-grade medicinal pill too, and she could not help striking down Ren Dong with a proud look.

Yet, Ren Dong completely did not hear Xiao Ruyan's words. He was currently still battered out of his senses at present.

The eyes of Yue Mengli behind Ye Yuan glimmered at this time, staring hard at Ye Yuan's back view. It was also uncertain what she was thinking about.

"You're called Ye Yuan, right? I wonder if you're willing to enter this old man's tutelage? This old man will exhaust everything I have to aid you to reach the Divine Realm!" Wu Xuan also said somewhat agitatedly.

Ye Yuan sighed slightly. As expected, it still went back to this topic.

"Is the test considered passed now?" Ye Yuan's reply avoided the question.

"Uh, of course! Of course, it's passed!" Wu Xuan was dazed for a bit and replied.

"Then . . . give it!"

"Give it? Give what it?" Wu Xuan discovered that he completely could not follow Ye Yuan's thoughts.

"The badge! I came to take the test for high-rank Quasi-Alchemy King. Now that I've passed the test, shouldn't you give me the badge? Oh, those two storage rings as well!" Ye Yuan said crossly.

In Ye Yuan's eyes, he totally did not have any awe towards an Alchemy Sovereign.

Only then, did Wu Xuan come to a realization. He hurriedly instructed, "Come, men! Make haste to produce Ye Yuan's badge! Uh, these two storage rings are yours. Ye Yuan, I wonder if . . ."

"Master Wu Xuan, actually, I have a master. If it's acknowledging a master, I think forget about it." Ye Yuan received the storage rings and interrupted Wu Xuan's words rudely.

"This . . . Having a master doesn't matter as well! Wu Fang City is the alchemy holy land! And Lord Chairman is even a Peak Alchemy Sovereign powerhouse! If this old man isn't qualified enough, I believe he has the qualifications. With Lord Chairman coming forward, I believe that your master won't say much either! With your talent, with the Alchemist Association's fostering, ascending to the Divine Realm in the future is practically a shoo-in!"

Wu Xuan was clearly unwilling to give up and still wanted to convince Ye Yuan.

Ye Yuan felt his head swell up and he waved his hands and said, "Master his elder self treats me very well. I don't have plans to change factions. Lord Wu Xuan, I still have important matters on hand so I won't stay any longer. Brother Zihui, after the badge finishes manufacturing, I'll have to trouble you to send somebody to collect it and send it to my residence."

Finished talking, Ye Yuan left without even turning his head back.

.....

In a tranquil courtyard inside City Lord Manor, an old man with a fierce glare was currently drinking tea in the pavilion.

This old man was precisely the person with the highest authority in Wu Fang City. City Lord Ren Xingchun!

Opposite Ren Xingchun said a middle-aged man. Between the latter's forehead had some likeness with Ren Xingchun.

"Yujie, these few days, Wu Fang City will have a meeting of wind and clouds. You have to be more wary. Especially those few old fellows from the three sects, they have to be entertained upon carefully. Best to not have any trouble occur," Ren Xingchun said.

"Father, rest assured. I've already prepared everything. This time, the state of affairs is extraordinary. Those few most likely won't intentionally stir up trouble too," Ren Yujie said.

Ren Xingchun nodded and said, "I really didn't expect that my Endless World would actually suffer such an undeserved calamity! If those few old fellows still don't cease at this time, they will be the Endless World's sinners! Other than their three schools, have the others all arrived?"

"There are still several people not yet here. But we've already received the news that they are already on the way. It's also a matter of these two days," Ren Yujie said.

"En. Then that's good. Oh right, that boy called Ye Yuan will be of vital importance to this meeting. What kind of strategy we take against the Fierce Gale World will all fall onto his brain. I made Xu Zihui go and invite him. I wonder if he's here yet or not?"

"Already here. I've already arranged for him to be at Fengya Pavilion. Speaking of this boy, he's really impressive too!" Ren Yujie said with glistening eyes.

"Oh? Impressive in what way?"

"Yesterday, Ye Yuan just entered the city. No idea how, he bumped onto Dong-er. The two of them actually carried out a pill fighting match!"

With this, Ren Xingchun's interest was aroused as he asked curiously, "Oh? There is still this incident? I heard that this boy's Martial Path is exceedingly formidable, even detaining Qin Hongtao's grandson. Could it be that he also has exceptionally high attainments in the Alchemy Path? What's the result of the two of their face-off?"

Ren Yujie snickered and said, "Why don't Father make a guess?"

"Hiss . . . Hearing your tone, could it be that Dong-er lost? Dong-er's talent is not at all inferior to Hongling's. It can't be to the extent where he lost to a boy from the countryside, right?"

Ren Yujie nodded his head; his eyes were clearly still carrying disbelief. "En. How is it just lost? It was simply an utter defeat! When I heard this news, I suspected that I heard wrongly myself too. For this, I even specially sent people to the Alchemist Association to inquire about it from Lord Wu Xuan, only to hear that this is true!"

Ren Xingchun briefly recounted the matter of Ye Yuan and Ren Dong battling on refining pills. Ren Xingchun drew a cold breath when he heard the story.

"Transcendent-grade medicinal pill? Even if this boy started cultivating in his mother's womb, it's also not possible to be monstrous to such a degree, right?" Ren Xingchun said in disbelief.

"That I don't know. But this youngster called Ye Yuan, his background is indeed filled with mysteries," Ren Yujie said.

Ren Xingchun nodded and said, "This matter, I got it. You go and console Dong-er properly. He has been arrogant at heart and haughty in manner since young. He has never suffered such a setback before. If he make use of this setback properly, it will be a facilitation for him instead. Hongling is already thoroughly crippled. Our Ren Family's future hope is all on Dong-er. We must make sure that nothing goes wrong."

Hearing that, Ren Yujie's expression dimmed, wanting to speak. But he said nothing.

Chapter 502: Finding People

"Whatever you want to say, just say it. Don't act like I'm a target for venting!" Ren Xingchun said unhappily.

Ren Yujie heaved a sigh and said, "So many years have passed already. The wood has become a boat. Father, you still can't let it go of it in your heart? You doing this, Younger Sister will hate you for the rest of your life!"

Boom!

Ren Xingchun slapped a palm down. The stone table in the pavilion immediately turned into a pile of powder.

"Hongling was originally the successor of my mantle with outstanding talent, but she was abducted by that stinking brat! Now, Hongling became a cripple because of that stinking brat. How do you want me to not be angry?"

Ren Xingchun suddenly seemed to have become another person, stern in voice and countenance.

"Father, it has already been so many years since the incident. Our Ren Family has Dong-er too. Brother-in-law brought Younger Sister back to apologize for their mistake. Isn't it good enough for our family to reunite together? Why must it be a life-and-death struggle?" Ren Yujie said carefully.

Although Ren Yujie already reached middle-age, he still did not dare to talk loudly in front of Ren Xingchun.

Ren Xingchun flicked his sleeves and said with a cold grunt, "It will be hard to vent the hatred in my heart for so many years without killing that stinking brat! Don't mention this matter again! After the meet this time passes, immediately carry out the death sentence on that punk!"

Ren Yujie shook his head and sighed again. Then turned around and left the courtyard.

.....

Ye Yuan the four of them stayed at Feng Ya Pavilion. The next day, Skymaple was too impatient to wait and left the house on his own to look around Wu Fang City.

Of course, a part of the reason for him doing so was because he did not wish to hinder Ye Yuan and the two beauties' privacy.

Him, an old man, always hanging around young people, it seriously could not quite be justified.

"Master, let's go out to take a look too! Although this Wu Fang City isn't as big as our Central Capital, in terms of bustling degree, it's only greater and not lesser! Furthermore, I heard that just the Alchemy Sovereign experts here are close to as many as ten. This level of strength truly makes our Fierce Gale World look up to it!"

Ever since Xiao Ruyan broke away from her family's fetters, her entire person became much more cheerful. This happy look suited her age more.

But Ye Yuan did not have any interest in Wu Fang City. However, Xiao Ruyan, his eldest disciple, was in such a mood to enjoy things. It was not nice of him to brush off Xiao Ruyan's intention either.

As for Yue Mengli, she had an indifferent look. As long as it was accompanying by Ye Yuan's side, it would do.

The trio were just about to leave when Xu Zihui just happened to stop them.

"Young Master Ye, this is your high-rank Quasi-Alchemy King badge. I sent people early in the morning to help you retrieve it."

Xu Zihui already used honorifics when speaking. This trip here, he was already prostrating on all fours in admiration before Ye Yuan.

At a young age, not only could he cross a major realm to battle in terms of the Martial Path, he could even refine a high-level transcendent-grade Quasi-Tier 4 medicinal pill.

Such monstrous talent, just thinking about it made people despair!

Ye Yuan nodded slightly and received the badge. The three and a half stars on it twinkled.

Because Quasi-Alchemy King was similarly a special realm, being in-between Alchemy King and Alchemy Grandmaster, the Alchemist Association's badge had three and a half stars on it.

Ye Yuan casually threw the badge into the storage ring and did not have the intention of adorning it.

When Xu Zihui saw this scene, the corners of his mouth twitched involuntarily.

Alchemists being so casual with their badges . . . It was most likely just this guy, right?

In other people's view, after getting this badge, they would absolutely be like obtaining a supreme treasure, carefully pinning it on their chest and finding it hard to take it down again.

But this Lord actually spurned it!

Ye Yuan kept the badge, but then he fished out a medicinal pill and threw it to Xu Zihui. He said to him, "These few days, I've troubled Brother Zihui. Younger Brother isn't able to refine Tier 4 medicinal pills

right now, so I can only use this medicinal pill to express my thanks. If Brother Zihui has any son or nephew descendant, it can come in handy."

These few days, Xu Zihui fussed around as if Ye Yuan was his master, serving him very meticulously.

Although he came here because he received Wu Fang City Lord's orders, Ye Yuan appreciated it too. Moreover, Ye Yuan gifting the pill was naturally because he still had a request.

Xu Zihui received the pill and took a look, and he could not help drawing a cold breath!

Transcendent-grade medicinal pill again!

"Young Master Ye, this medicinal pill . . ." Xu Zihui completely did not recognize this medicinal pill at all.

Ye Yuan smiled and explained, "This is a Sea Gathering Pill. It can allow someone to advance one minor realm in the Sea Transformation Realm unconditionally. If Brother Zihui has any Sea Transformation Realm son or nephew, why not let him give it a try."

"This . . . This medicinal pill is too valuable! I can't take it!" Hearing Ye Yuan's explanation, Xu Zihui immediately realized just how precious this medicinal pill was and hurriedly passed the medicinal pill back.

But Ye Yuan did not take it and said with a smile, "Brother Zihui, keep it. I still have a matter to request Brother Zihui."

Xu Zihui struggled briefly but still could not resist keeping the medicinal pill.

His son just broke through to the Sea Transformation Realm. This medicinal pill came perfectly in time for him to use. Xu Zihui naturally could not bear to part with it and return it to Ye Yuan.

Ye Yuan's medicinal pill was given with perfect timing.

"Then Zihui thanks Young Master Ye very much! My son just broke through to the Sea Transformation Realm and could just happen to use this Sea Gathering Pill. If Young Master Ye has any request, just say it. Zihui is incapable, but I can still say a few words in this Wu Fang City." Xu Zihui was already shedding tears of gratitude right now towards Ye Yuan.

Ye Yuan said smilingly, "Haha, then I'll thank Brother Zihui first. Actually, I wish to ask Brother Zihui to help me find two people."

"Who?"

"These two people are a husband and wife pair. One is called Ye Hang. The other is called Ren Hongling."

Ever since Ye Hang and Ren Hongling left after leaving behind the letter, although Ye Yuan did not show it, he kept it in his heart all along.

Now that the Tranquil Cloud Sect moved north, Ye Yuan naturally had to inquire about his parents' news.

Wu Fang City's sphere of influence in the Northern Domain was massive. Requesting Xu Zihui to inquire about his parents' news was perfect.

When Xu Zihui heard 'Ren Hongling' these three words, his expression could not help changing.

But Ye Yuan took in Xu Zihui's expression into his sight and could not help but be surprised. He asked, "Is it possible that Brother Zihui knows these two?"

Xu Zihui lowered his voice and said, "It's really a coincidence. City Lord, His Excellency, has a daughter. Her name is called Ren Hongling too!"

Ye Yuan's mind flashed like lightning when he heard that. His parents had never talked about their backgrounds. Was it possible that Mother actually still had such a startling background?

Thinking of this, Ye Yuan was even more overjoyed and hurriedly asked, "Then where is that City Lord's daughter now?"

Xu Zihui sighed and said, "City Lord's daughter came to a premature end long ago already. It's too bad for an alchemy genius!"

"Oh? Why is this so?" Ye Yuan could not help becoming curious.

"Back that, City Lord's daughter had peerless talent. At the age of 18, she was already a high-rank Alchemy Grandmaster, greatly surpassing those of the same age! But sadly, the heaven is envious of the gifted. That Ren Hongling actually got inflicted with a terminal disease and left this world. City Lord, His Excellency, was even heartbroken over this for a long time."

Listening up to here, Ye Yuan already basically confirmed that this Ren Hongling was not the other Ren Hongling.

Because his mother did not have any trace of essence energy undulation in her body and was only a normal person. She naturally could not possibly be the City Lord's daughter in Xu Zihui's story.

Chapter 503: Teach Me Alchemy

"Then it's really quite a pity," Ye Yuan said with an emotional sigh.

Xiao Ruyan was a high-rank Alchemy Grandmaster at 20 years old and was already a peak existence in the Fierce Gale World.

An 18 years old high-rank Alchemy Grandmaster was absolutely a peak existence in the Endless World.

Such monstrous talent but passed away young, it was indeed quite pitiful.

"Yeah. But the heaven does not cut off all paths. City Lord, His Excellency, later got another grandson that is Ren Dong. His talent is similarly a top existence when looking at the junior generation," Xu Zihui said.

Ye Yuan nodded his head. Regarding Ren Dong's talent, Ye Yuan did not have any disagreement.

To the Lower Realms, Ren Dong's talent was already rather decent.

Ye Yuan described Ye Hang's and Ren Hongling's looks and characteristics to Xu Zihui in detail, and he instructed, "These two people's news will be entrusted to Brother Zihui. If your son needs any medicinal pills, Brother Zihui doesn't need to be courteous. Just come and find me will do."

Xu Zihui was overjoyed when he heard it and hurriedly said, "I'll thank Young Master Ye on behalf of my son first."

Martial artists' cultivation could not do without medicinal pills. With Xu Zihui's strength and status, he naturally did not lack medicinal pills. But just looking from Ye Yuan casually taking out the Sea Gathering Pill, his Alchemy Path strength absolutely could not be compared to ordinary high-rank Quasi-Alchemy Kings.

Xu Zihui was Ninth-Level Soul Sea Realm strength and had mingled in Wu Fang City for so many years. His horizons were absolutely exceedingly high.

But he had never heard before a kind of medicinal pill which could unconditionally raise the level of Sea Transformation Realm by a minor realm.

This Ye Yuan's background was absolutely not ordinary!

Building up a good relationship with a future peerless powerhouse like this was absolutely worth it.

Seeing off Xu Zihui, Ye Yuan was just about to bring Yue Mengli and Xiao Ruyan out, but then he saw somebody was pacing around outside Feng Ya Pavilion's gates with a conflicted look.

Looking closely, who could it be but Ren Dong?

"Great Young Master Ren, it's not that you can't take a loss and want to take back the essence crystals, right?" Xiao Ruyan said derisively.

It was uncertain what Ren Dong was thinking about earlier and completely did not see Ye Yuan trio come out. Hearing Xiao Ruyan's words at this time, he involuntarily lifted his head and looked over.

With this look, Ren Dong could not help drawing in a deep breath.

This woman before his eyes was seriously absurdly beautiful. That exquisite face took Ren Dong's breath away.

Taking a look at Ye Yuan's side again, Yue Mengli's beauty was actually a level above Xiao Ruyan's!

Ren Dong's mind could not help short-circuiting. "This Miss, you are? Ah! You're not . . . not . . . that ugly girl yesterday, right?"

"Hey! You try saying that one more time!" Xiao Ruyan's expression instantly became cold.

Only then did Ren Dong come around to his senses and hurriedly waved his hands, saying, "Ah, no, Miss, I don't mean that. I was saying . . . was saying . . ."

Ren Dong thought for a long time and could not figure out how he should organize his words.

Those two ugly girls yesterday actually became celestial deity-like girls today with a sway of their bodies!

These two beauties before his eyes were simply even more gorgeous than all the women he had seen before added up!

He was still criticizing Ye Yuan's taste yesterday. He only discovered now that he was the real blind man!

Such remarkable beauties, being able to get one was already incredible fortune. Ye Yuan actually embraced one left and one right, enjoying the bliss of dual company to the max. Was this wanting to make every man in the world feel ashamed of their unworthiness?

No wonder these two beauties changed their looks to that appearance yesterday. Turns out that they were afraid of trouble.

Ren Dong did not know that his words yesterday thoroughly stimulated Yue Mengli and Xiao Ruyan.

Going out today, the two of them refused to disguise themselves no matter what. Xiao Ruyan even took care of her looks today meticulously, appearing ephemerally beautiful; such beauty was not what the mortal realm should possess.

The other girl, Yue Mengli, was a born beauty. She just recovered to her original appearance, and that already made the entire city's women fade in color.

Ye Yuan felt an endless headache too. Ignoring Xiao Ruyan, Yue Mengli's original disposition was very quiet and elegant and never cared about other people's view.

No idea what wrong medicine she took today to actually mess around together with Xiao Ruyan.

Actually, even Yue Mengli herself probably did not understand either why she would care about her image so much.

"Say what? You dare to say that you didn't say it just now?" Xiao Ruyan pressed on the point to death.

Ren Dong forehead was covered in sweat. In front of Xiao Ruyan, he actually did not have that imposing manner yesterday.

"Sorry, sorry. It was me who have eyes but failed to see. To actually treat a mortal realm's absolute beauty like Miss as a commonplace girl. Truly a sin! Such a sin!"

"Enough! Look at how your eyes are glued! Knew that you aren't anything good! Must be an exceptionally lecherous person!"

"."

Ye Yuan really could not carry on watching by the side, and he could only speak up, "Alright, Ruyan. Yesterday, you guys altered your looks to that extend; Young Master Ren's misunderstanding is normal too. You don't keep harping on the matter."

Xiao Ruyan pursed her mouth and actually did not dispute, retreating behind Ye Yuan unwillingly.

Ren Dong was even more stupefied when he saw the situation. This woman looked to be so fierce and unreasonable, but she actually did not dare to say a word back to Ye Yuan!

This Ye Yuan's methods to control women was truly remarkable!

"Young Master Ren, you aren't really finding me to ask for essence crystals, right?" Ye Yuan looked at Ren Dong and said with a smile that wasn't a smile.

Ren Dong hastily shook his hands and said, "No, no, the essence crystals is just a small matter. That . . . Can we go in for a talk?"

Ren Dong looked around for a bit, his expression somewhat embarrassed.

Ye Yuan smiled faintly and knew that he was afraid of him losing face being seen by people, and he nodded his head.

Coming to the inner hall and sitting down, Ye Yuan could not help being very helpless too. Looks like wanting to go out to take a stroll around wasn't very likely.

"What you have to say, you can say it now, right?" Ye Yuan said.

"That . . . is it possible to . . . teach me how to refine transcendent-grade medicinal pills?" Ren Dong rubbed his hands, appearing very embarrassed.

Evidently, these words took immense courage to come out of his mouth.

But Ye Yuan was stunned when he heard these words. He could tell that Ren Dong was the kind of person who viewed himself very highly and was extremely haughty. To think that he would actually say something like that.

"Young Master Ren, according to what I know, your grandfather is a Peak Alchemy Sovereign powerhouse. Alchemy this sort of thing, seems like you shouldn't be coming over to ask me, right?" Ye Yuan said curiously.

But Rendong shook his head when he heard that and said, "Even though my grandfather is a Peak Alchemy Sovereign, he has no way of refining transcendent-grade medicinal pills when he was at your level. The way I see it, you should have some special skill that can refine transcendent-grade medicinal pills, right?"

Hearing that, Ye Yuan's expression could not help becoming strange, and he said with a cold smile, "Even if I have ways to refine transcendent-grade medicinal pills, why should I teach you? The process of us becoming acquainted didn't seem to be very merry, right?"

Ren Dong's expression was rather ugly. Him suddenly dropping in to find Ye Yuan to teach him alchemy was indeed very brusque.

But he thought about it for an entire day after he went back yesterday and did not sleep the entire night. He was extremely curious about Ye Yuan's pill refining techniques.

Today, not knowing why, he actually came to Feng Ya Pavilion at the behest of supernatural powers.

Ren Dong looked at Ye Yuan and stood up abruptly.

But this action gave Xiao Ruyan a fright. She hastily blocked in front of Ye Yuan, like a tigress protecting its cubs, and she said fiercely, "What do you want to do to Master?"

Ren Dong did not bother with Xiao Ruyan, and suddenly he kneeled down with a thud!

Chapter 504: Refining Pills Bare-handedly

This action of Ren Dong threw Ye Yuan trio into a confusion.

"What are you doing?" Ye Yuan asked in surprise.

"I'm willing to acknowledge you as Master. Please teach me how to refine transcendent-grade medicinal pills!" Ren Dong said with a stubborn look.

This action from Ren Dong made Ye Yuan view him in a different light.

He did not look down on Ren Dong because of this. Rather, he felt that only such a person was worthy of bearing the word 'alchemist.'

Ye Yuan could feel Ren Dong's intense thirst for knowledge. That sort of extreme desire, Ye Yuan himself had it before too.

Alchemist was an occupation held in great esteem. Many people lost their original goals during the process of growing stronger, indulging in the opulence of the secular world and being unable to extricate themselves.

Those kinds of people, even if overflowing with talent, their accomplishments would be extremely limited too.

"What if yesterday, I happened to refine a transcendent-grade medicinal pill by chance?" Ye Yuan said.

Of course, Ye Yuan would not take him in as a disciple so easily.

Ye Yuan had always prioritized quality over quantity when taking in disciples. Even if he did not take any disciples in his previous life, his followers were all carefully selected through a strict process.

Regardless whether it was talent or conduct, Xiao Ruyan was a top choice. That was why Ye Yuan agreed.

The first impression that this Ren Dong gave Ye Yuan was not good. Ye Yuan obviously would not relent so easy.

"Early this morning, I went to the Alchemist Association and examined your refining process yesterday. It's simply a magnificent work of art! Although we're both Quasi-Alchemy Kings, your alchemy skills flung me more than several streets behind!" Ren Dong said.

The refining process that the Alchemist Association recorded, normal people naturally could not view it. But Ren Dong's identity was extraordinary. Wanting to check it was not hard.

"Master, who knows what intentions this fellow has. You mustn't fall for his trick!" Xiao Ruyan slandered him by the side.

"You're really his disciple?" Ren Dong suddenly asked.

"Otherwise, what do you think?! I'm Master's eldest disciple!" Xiao Ruyan said with a proud look.

Xiao Ruyan was increasingly convinced by Ye Yuan when following him to refine pills now.

This period of time, although Xiao Ruyan did not break through realms, her alchemy skills level had a qualitative leap, and her foundation was much sturdier compared to before.

Hence, she admitted to being Ye Yuan's disciple now was without any pressure at all. In fact, she felt very proud.

This master, she acknowledged correctly!

Ren Dong mused for a moment and suddenly did a loud kowtow towards Ye Yuan and said, "Master Ye Yuan, please take me in as a disciple no matter what!"

Ren Dong perceived some things from Xiao Ruyan's expression and strengthened his resolve to acknowledge Ye Yuan as his master even more.

Ye Yuan smiled faintly and said, "I don't have any method that can refine transcendent-grade medicinal pills. So . . . you don't need to acknowledge me as master."

Ren Dong became anxious when he heard that and hurriedly said, "Is Master still blaming me for yesterday's incident? Me apologizing to you for my offense still won't do?"

Ye Yuan waved his hand and said, "You're thinking too much. I really don't have any technique to refine transcendent-grade medicinal pills. No alchemist has such a technique!"

"But, I saw Master's alchemy skills! Too amazing! There were many areas where I couldn't understand at all!" Ren Dong said.

Ye Yuan looked at Ren Dong and suddenly asked, "There's already a peak Alchemy Sovereign powerhouse at your home. Why do you go so far as to barter the trunk for the branches, and you come to acknowledge me as your master?"

Ren Dong suddenly heaved a sigh and said, "Although I haven't learned Grandfather's alchemy skills fully, I've already gotten 50% - 60% of the essence. What's left is just the polishing of time, as well as the accumulation of experience. Following the prescribed order like this, I believe that I can also cultivate to peak Alchemy Sovereign one day."

Ren Dong paused a bit, and he suddenly became somewhat agitated, "But I know that Grandfather's alchemy skills are already at his limits and is incapable of ascending to the Divine Realm! If I walk along his old path, it's simply impossible to surpass him. All the way until I saw the image of you refining pills, then only did I know how great the gap between us was!"

Ye Yuan nodded slightly. This boy's ambition wasn't small!

But if one could not even achieve ascending to the Divine Realm, where lies the talk of walking to the extremes of the Alchemy Path?

Ye Yuan took a look at the Ren Dong with a face full of anticipation and suddenly said with a smile, "Do you really want to acknowledge me as master?"

Ren Dong was overjoyed when he heard this. "Master is willing to take me in?"

"Huhu, you want to enter my tutelage, it's not prohibited too. However . . . you have to pass my test."

"No matter what kind of test it is, Ren Dong will definitely accomplish it!" Ren Dong was still fully confident in himself.

Ye Yuan smiled and said, "Didn't you want to know why I can refine transcendent-grade medicinal pills?"

Ren Dong nodded his head fiercely but showed a difficult expression.

If Ye Yuan's test was to refine a transcendent-grade medicinal pill, he could not accomplish that.

"Haha. Don't need to worry. I'm not making you refine a Quasi-Tier 4 transcendent-grade medicinal pill. Lesser Phaseless Art, you should know, right?" Ye Yuan asked.

Ren Dong was dazed. Lesser Phaseless Art was the most basic refining technique. Even for a puny little Alchemy Apprentice, it was impossible to not know either.

Ren Dong was a high-rank Quasi-Alchemy King. How could he possibly not know the Lesser Phaseless Art?

Ye Yuan smiled, and suddenly took out a stalk of Tier 1 herbal grass, his fingers moving like phantoms!

At this movement, Ren Dong's expression could not help changing dramatically!

"Refining pills bare-handedly! This . . . This is Lesser Phaseless Art? No, wait! His fingers technique and seals are indeed the Lesser Phaseless Art without mistake, but . . . why can it be performed to such a level?" Ren Dong muttered under his breath.

It was only to see that the medicinal herb bounced up and down non-stop in Ye Yuan's hand as if it was alive.

And the one who gave it life was precisely Ye Yuan!

After twenty breaths, a tiny medicinal pellet appeared in Ye Yuan's hand.

"T-Transcendent-grade! Using the Lesser Phaseless Art to refine a transcendent-grade medicinal pill bare-handedly! Even though it's only a Tier 1 medicinal pill, but . . . how is this possible?"

Ren Dong was in a complete mess, speaking incoherently. But the astoundment in his heart was written on his face currently.

As everyone knew, alchemists all needed to borrow medicinal cauldrons and flames to refine pills.

Refining pills bare-handedly were completely forsaking these two, directing with essence energy and bare-handedly refining finished product medicinal pill.

The degree of difficulty of doing this was hard to imagine for ordinary people!

Don't simply look at how Ren Dong was a Quasi-Alchemy King. To make him refine a Tier 1 medicinal pill bare-handedly, he simply could not do it!

"I don't need you to refine pills bare-handedly. You just have to use the Lesser Phaseless Art to refine out a Tier 1 transcendent-grade medicinal pill, and I'll take you in as a disciple."

Ye Yuan's voice shocked Ren Dong awake abruptly. Only now did he recover to his sense. Surprised, he said, "Using the Lesser Phaseless Art to refine a Tier 1 transcendent-grade medicinal pill? How is that possible?"

The moment he said that, Ren Dong wanted to smack his own mouth.

Didn't Ye Yuan just refine out a transcendent-grade medicinal pill just now? How was it impossible?

Furthermore, Ye Yuan even use bare-handed alchemy technique to refine it.

Although it was a Tier 1 medicinal pill, the degree of difficulty in it, Ren Dong felt despair just thinking about it.

"Whether it's possible or not, that's your business. This is my initiation test. If you can't do it, don't mention this matter again," Ye Yuan said coolly.

With Ren Dong's standards, going to refine a Tier 1 medicinal pill, he naturally could refine out a transcendent-grade medicinal pill.

But to let him use the Lesser Phaseless Art to refine a Tier 1 medicinal pill, it was impossible to refine no matter what.

The Lesser Phaseless Art was the most basic refining technique, being extremely simple. There had never been anybody who could use such a simple technique to refine transcendent-grade medicinal pills!

This test was too hard!

Ren Dong's expression flickered, and he finally gritted his teeth and said, "Okay! I'll definitely do it!"

Chapter 505: Thousand Query Wall

Ren Dong immediately went back to practice the Lesser Phaseless Art after leaving Feng Ya Pavilion.

Only after witnessing Ye Yuan's methods did Ren Dong suddenly become aware that he seemed to have found a different sky.

He, a high-rank Quasi-Alchemy King, was too undeserving.

This strengthened his resolve to acknowledge Ye Yuan as his master even more!

But with this disturbance, the mood of Ye Yuan and the two girls going out to sight-see dulled as well.

Yet, right at this time, Xu Zihui came back after leaving not long ago. His expression was very ugly.

"Young Master Ye, not good! Elder Skymaple he . . . he got detained by Exquisite Jade Pavilion!" Xu Zihui said somewhat anxiously.

Ye Yuan knitted his brows when he heard that and asked, "What happened?"

Xu Zihui hurriedly explained, "Elder Skymaple challenged the Exquisite Jade Pavilion's Thousand Query Wall. The result was that he failed. Elder Skymaple was unresigned and disputed a couple of words with

them, and he got detained by Exquisite Jade Pavilion. I went to Exquisite Jade Pavilion after being informed of the news to ask for him. Also don't know what wrong medicine they ate, to actually not give me face and held Elder Skymaple in custody, refusing to release him no matter what."

"In this Wu Fang City, there are actually still things that your City Lord Manor can't settle?" Ye Yuan said curiously

This was Ye Yuan's first time here. His head was covered in a fog about Wu Fang City's forces distribution.

In his view, although Xu Zihui was not a Divine Traversing Realm powerhouse, a Ninth-Level Soul Sea Realm expert absolutely could be considered a famed and prestigious character in Wu Fang City.

Furthermore, Xu Zihui was even the City Lord Manor's first-class patrolling inspector. There were actually people who dared to not give him face!

Xu Zihui forced a smile and said, "Young Master Ye is unaware. Although City Lord, His Excellency, is one of Wu Fang City's strongest alchemists, Wu Fang City's forces are intricate and complex. Some families, their forces are only slightly inferior compared to City Lord Manor, and can fully not give me any face."

Xu Zihui briefly introduced the Exquisite Jade Pavilion's situation. Ye Yuan became absorbed in his thoughts.

This Exquisite Jade Pavilion was a force belonging to Wu Fang City's Cao Family. This Cao Family's strength was exceedingly powerful too. The old patriarch in their family was middle-rank Alchemy Sovereign strength.

While it was not as strong as City Lord Manor, it was also an extremely powerful faction in this Wu Fang City.

If the City Lord or other Divine Traversing Realm experts in the City Lord Manor came forward, Exquisite Jade Pavilion would of course sell them the face.

But Xu Zihui's identity was a little inferior.

Except that it was kind of weird thinking about it. Even though Xu Zihui was not considered the City Lord Manor's upper echelon, if it were just causing some small dispute, the Exquisite Jade Pavilion would not go so far as to be so domineering.

In between this, there should have some other reason.

"How about . . . I go to City Lord, His Excellency, to report it and request his elderly self to come forward?" Xu Zihui asked probingly.

But Ye Yuan did not speak and was pondering about something.

Only after some time, did Ye Yuan look at Xu Zihui and ask, "What relationship does the Heavenly Evil Sect and Cao Family have?"

With Ye Yuan saying this, Xu Zihui was dazed, and then immediately revealed a look of sudden realization.

"Sigh! Look at this pig brain of mine! The Heavenly Evil Sect precisely belongs to the Cao Family's sphere of influence. The Cao Family's Third Young Master, Cao Fang, has close ties with the Heavenly Evil Sect's Mao Yuanji! Oh, Cao Fang is the person with the greatest alchemy strength in the Cao Family's junior generation; he is just slightly inferior compared to Young Master Ren Dong. He is also already middle-rank Quasi-Alchemy King right now," Xu Zihui said.

Xu Zihui's gaze when looking at Ye Yuan was filled with admiration. He himself had yet to even think of this aspect, and Ye Yuan an outsider actually guessed to such an extent already.

Ye Yuan nodded after listening and said, "What is this Thousand Query Wall?"

"This Thousand Query Wall is one of the Cao Family's main attraction. Countless alchemists come to Wu Fang City, and many of them come for this Thousand Query Wall . . ." Xu Zihui explained.

Turns out that in the history of Wu Fang City, the Cao Family had been glorious before too, even producing many generations of city lords. Among them, one of the city lords set up a Thousand Query Wall right in this Wu Fang City. The specific era was already unverifiable.

The so-called Thousand Query Wall was where alchemists placed their own queries on this wall, offering a reward for other alchemists to come and answer.

Through so many years' accumulation, the questions on the Thousand Query Wall were already more than a thousand long ago.

The questions on the Thousand Query Wall, as long as it was answered, it would be removed from the wall.

But the queries raised by alchemists were far more than the queries resolved. With the accumulation of months and days, the questions on this Thousand Query Wall was already rather sizable.

Furthermore, through the countless years of filtering, the difficulty of the questions on the Thousand Query Wall also became increasingly greater. Many of the problems, even peak Alchemy Sovereign powerhouses could not answer them either.

Challenging the Thousand Query Wall, one first had to pay a certain amount of essence crystals. These essence crystals would belong to the Exquisite Jade Pavilion, which was owned by the Cao Family.

If answered correctly, the alchemist would be able to take away the reward. If unable to answer, they could naturally only return empty-handed. Even the essence crystals from before were gone too.

With so many years, the Cao Family relied on this Thousand Query Wall to earn countless riches.

But even so, there were still countless alchemists advancing wave after wave to come to the Exquisite Jade Pavilion to challenge the Thousand Query Wall.

One could say that the reason why this Wu Fang City could become the Endless World's alchemy holy land, this Thousand Query Wall's contributions could not be forgone!

Hearing Xu Zihui's explanation, even Ye Yuan had no choice but to gasp in admiration at that generation's city lord's outstanding wisdom and resourcefulness as well.

Such exchanges absolutely had tremendous advantages towards the heightening of alchemy skills.

This Thousand Query Wall could be said to be an immensely valuable asset left behind by that generation's city lord.

Through so many years, many people who raised the query were no longer around anymore. Those questions naturally become ownerless objects.

And these questions, each one of it being answered had tremendously important meaning in promoting the development of alchemy skills.

And the Cao Family guarding such a treasure mountain could actually decline! It could be seen that this Cao Family was really rotten mud that could not even stick to a wall!

"Want to challenge Thousand Query Wall, one must leave their background on the contract. The contract won't be publicized. But the Cao Family's people most likely have ways to see it. If this matter is really Cao Fang playing tricks behind, it's rather troublesome," Xu Zihui said worriedly.

"Looks like that Cao Third Young Master dug a pit for Grand Elder to jump into! Hehe, really thinking my Tranquil Cloud Sect is easy to bully?" Ye Yuan said with a cold smile.

When Xu Zihui heard Ye Yuan's tone, he knew that things were not good.

The upper echelon meeting had yet to begin. Once Ye Yuan had a conflict with the Cao Family, it would probably incur many unnecessary problems.

"Young Master Ye, how about . . . I still report this matter to City Lord, His Excellency? I think that in consideration of City Lord, His Excellency's prestige, Cao Fang wouldn't dare to not give you any face," Xu Zihui urged.

Ye Yuan waved his hand and said, "City Lord, His Excellency, has to attend to a myriad of state affairs every day. This kind of minor thing, there's no need to trouble his elderly self. This matter, I'll settle it myself! Brother Zihui, bring me to Exquisite Jade Pavilion right now. I want to experience just how incredible this Thousand Query Wall is!"

As he said, Ye Yuan's figure moved, directly leaving Feng Ya Pavilion!

Xu Zihui could not stop in time and could only bemoan and follow after Ye Yuan.

[Unrivaled Medicine God](#)

Chapter 506: Afraid That You All Won't Have Enough to Pay

"I wonder what does this Sir needs? Medicinal pills, weaponry, martial techniques, cultivation methods, our Exquisite Jade Pavilion has everything that one desires."

Ye Yuan walked into Exquisite Jade Pavilion slowly. It was really befitting of its name. There was a dazzling array of beautiful exhibits here. It could really be said to have everything that one desires.

Many things that could not be seen in the outside world, this place basically had it all. It was just that their prices were too outrageous.

Ye Yuan toured for a bit after entering the door, and a very beautiful female came up to greet him.

Within the words actually carried a slight bewitching ring.

Ye Yuan virtually confirmed right away that this woman definitely cultivated bewitching arts before. Furthermore, her attainments were not low.

Ordinary people who enter would probably succumb to it unknowingly and willingly buy some things to go.

Ye Yuan's divine soul was incomparably tempered. How could ordinary bewitching skills enter his all-discerning eyes?

"I heard that inside this Exquisite Jade Pavilion, the most incredible thing is the Thousand Query Wall. It's my first visit to Wu Fang City, but I came because of its fame too," Ye Yuan said with a faint smile.

When the girl saw that Ye Yuan's eyes did not have any turbidness at all, she could not help being very surprised.

Such a young age and actually had such powers of concentration. Presumably, he was not simple!

This woman had read countless people and virtually saw through Ye Yuan's uncommonness at first glance.

"So, Sir wants to challenge the Thousand Query Wall. Ling-er could not tell. This way please, Sir."

Ling-er brought Ye Yuan straight to the rear hall. After a few turns, it actually became bright and open.

An enormous temple was in front of Ye Yuan. And in this huge temple, the most eye-catching were several hundred feet tall racks.

The shelves had a total of seven levels. On each level, there were many tags sorted into categories.

However, the further up it went, the lesser the tags on the shelves.

Very clearly, the further up, the harder the problems that those tags represented.

Ye Yuan swept simply. On the highest level shelf, there were only a hundred over tags.

"Miss Ling-er, I wish to challenge this Thousand Query Wall. I wonder if there are any restrictive conditions?" Ye Yuan enquired.

Ling-er smiled sweetly and said with a thousand charms, "Challenging the Thousand Query Wall doesn't have restrictions. As long as you have sufficient essence crystals, you can even challenge all of the problems."

Ye Yuan nodded slightly and said smilingly, "Then that's good. I wonder how much essence crystals are required to challenge once?"

Ling-er said with a smile, "According to the different levels challenged, the fees are not the same as well."

"Oh? I wonder how many essence crystals does challenging the seventh level require?" Ye Yuan asked with a smile.

Ling-er smile could not help freezing. This boy had such a big tone! Opening his mouth and it was the seventh level right away!

One had to know that those problems on the seventh level were all getting dusty, year in year out. Some problems were even placed there for several thousand years already.

During these several thousand years' time, how many Alchemy Sovereign powerhouses had Wu Fang City given birth to?

But not a single one of these Alchemy Sovereign experts could answer those questions. It could be seen just how perverse this seventh level was.

Although Ye Yuan's strength was not bad, his age was too young after all. Ling-er did not feel that Ye Yuan could answer the seventh level's questions.

"Hehe. It's not that Ling-er is belittling Sir, but it's just that the problems on the seventh level are a little too difficult. Sir is at the Sea Transformation Realm. The corresponding ones are the fourth level's tags. If Sir wishes to challenge the fourth level, it's 500 middle-grade essence crystals," Ling-er said with a smile.

Ye Yuan beamed and said, "I have essence crystals. Miss Ling-er doesn't have to be courteous with me. I came today just to witness the Thousand Query Wall of the legends. Spending a few essence crystals to experience the most difficult problems, I'm willing to."

Ling-er criticized him in her heart. This boy really has too much money with nowhere to spend, in a flurry to burn!

But on the surface, Ling-er would not say it out. Deceiving a person on account of his generosity to spend unnecessary money, she would be more than willing to take them.

Furthermore, Ling-er knew that while such extravagant wealthy people were rare, there were still that one or two who appear every period of time.

"The further up, it naturally becomes more expensive. But the rewards are even more plentiful as well. If it's the seventh level, 100 high-grade essence crystals per tag!" Ling-er said.

Even for Ye Yuan, his face changed when he heard it too.

The fourth level was 500 middle-grade essence crystals, which was also five pieces of high-grade essence crystals. But, at the seventh level, the prices actually flipped twenty times over!

This was simply robbing essence crystals!

No wonder Xu Zihui said that the Cao Family was wealthy until they flowed like water. Such fees, it was hard to not be wealthy!

He just won 100 thousand middle-grade essence crystals from Ren Dong there. Adding it up, it was also just enough to exchange for ten tags. It was really such a scam.

Seeing Ye Yuan's expression, Ling-er was contemptuous in her heart.

A bumpkin from the countryside. Scared silly by the price already, right?

100 high-grade essence crystals was not a small sum. Using it to take a look at the seventh level's problems was truly a bit too wasteful.

But Ling-er had really seen before people throwing out money just for the sake of taking a look at the seventh level's problems.

But very clearly, this boy before her eyes did not have that level of strength.

"Hehe. I see that Sir is a man of striking appearance. Maybe you can really resolve the seventh level's problems? How about you exchange for two to give it a shot?"

Ling-er's words sounded like flattery. Actually, it was a mockery.

Although Ling-er felt that Ye Yuan was not ordinary, conversing to this extent, she already placed Ye Yuan in the ranks of morons.

Maybe only morons would have no reaction to her bewitching arts, right?

How could Ye Yuan not perceive the meaning in Ling-er's words? But he really did not care.

"If I answer the question, can I exchange for the reward on the spot?" Ye Yuan asked again.

Hehe, this boy is an idiot, right? Really think that you could answer the seventh level's questions?

But a wealthy fool, not earning from you would be a waste!

Straight away, Ling-er smiled sweetly and said, "That is of course. The owners of the questions deposited the rewards with our Exquisite Jade Pavilion. As long as people can answer the question, the rewards will be theirs."

Ye Yuan nodded slightly and said, "Then that's good. Give me ten tags first then."

As he said, Ye Yuan casually threw out the storage ring he won from Ren Dong.

"T-Ten? That's a thousand high-grade essence crystals!"

Ling-er's brain was a little short-circuited. She had seen before alchemists who spent money just for the sake of taking a look at the seventh level's problems. But she had never encountered a customer who opened their mouths to ask for ten tags right away.

Wasn't such a way of burning money too profligate?

Ye Yuan nodded and said, "The essence crystals in this storage ring when added up should be around one thousand high-grade essence crystals. You can do an inventory check."

Ling-er inserted her divine sense into it and briefly did a count. Indeed, it was a thousand high-grade essence crystals.

Ling-er could not help drawing a cold breath and thought to herself: Extravagant. This was really extravagant.

Earning a thousand high-grade essence crystals in one go, the commission today was not small. Ling-er gloated to herself endlessly in her heart too.

Ling-er beamed widely and said, "Sir indeed carries yourself in an imposing manner. Come over here first to register your alchemist badge, then you can choose the tags."

Ye Yuan nodded and followed Ling-er to one side to register.

When she saw Ye Yuan take out the high-rank Quasi-Alchemy King badge, Ling-er expression could not help becoming stiff once more.

Such a young high-rank Quasi-Alchemy King?

Ye Yuan finished registering, and he seemed to have thought of something. He said to Ling-er with a smile, "Oh, right, forgot to tell you. Hurry up and notify the Exquisite Jade Pavilion's manager to let him prepare a bit more essence crystals. Otherwise, I'm afraid that you all won't have enough to pay in a while."

[Unrivaled Medicine God](#)

Chapter 507: Does This Old Man Have the Qualifications?

Ling-er gave Ye Yuan a strange look with her eyes. Now, she finally confirmed that this person was a moron.

Or perhaps, this Ye Yuan was an impetuous person who did not understand the other person's meaning!

On the seventh level, over half were questions left behind for a thousand years.

The other half questions were also left by some top alchemy path powerhouses within a thousand years.

Without having peak Alchemy Sovereign strength and realm, it was simply impossible to resolve!

This boy in front was merely 16 or 17 years of age. Putting aside resolving it, whether he could understand them or not was also an issue.

Prepare essence crystals?

You have got to be kidding!

These one thousand high-grade essence crystals, Big Sister will accept it in your place!

All of a sudden, the expression of the staff responsible for registration changed and gave Ling-er a look.

Ling-er understood and moved closer.

"You look, this boy and that old fellow are from the same sect!"

Skymaple's matters had just died down. The Exquisite Jade Pavilion was very sensitive to the Tranquil Cloud Sect, these three words. Hence, that staff noticed something wrong right away.

When Ling-er checked, Ye Yuan's background was indeed the Tranquil Cloud Sect.

With this, Ling-er was even more filled with disdain in her heart. Even the Alchemy King was taken care of, what could a Sea Transformation Realm brat do?

Ling-er shot that staff a look. The staff understood and left. But Ling-er herself came in front of Ye Yuan in all smiles.

"I wonder which tags sir is going to choose? There are a total of 136 tags on the seventh level, from No.1 to No.136. No.1 is the question left on the Thousand Query Wall for the longest time, and also the question universally acknowledged to have the greatest difficulty. The most recent one is No.136. It's already five years since then and was issued by the Alchemist Association's Chairman, Lord Dan Chenzi. The reward is 1500 high-grade essence crystals!" Ling-er explained to Ye Yuan with a smile.

Ling-er's and that staff's behaviors, Ye Yuan noticed it all. But Ye Yuan pretended to not know.

"Like that huh? Doesn't that mean that the tags closer to the front, the greater the reward money?" Ye Yuan asked curiously.

"That's how it is! The reward for the No.1 tag has already reached a sum of 5 million high-grade essence crystals to this date! This is an astronomical figure to martial artists! It's just . . . the No.1 tag has already been there for several thousand years, but nobody could crack it all these while," Ling-er said smilingly.

Ling-er was incredibly disdainful in her heart. It was really a toad lusting after a swan's meat!

Since ancient times, how many major powers wished to crack the problem in the No.1 tag. Among them, there was no shortage of some major powers who ascended to the Divine Realm.

But up until today, the No.1 tag still was on the rack quietly.

How could wanting to crack the No.1 tag be that easy?

Ye Yuan nodded slightly when he heard and said, "Then give me tags No.126 to No.136 first. I'll solve them for fun first."

For fun?

Hehe, don't snivel in a while!

Brat still wet behind your years, to actually dare run to the Exquisite Jade Pavilion to act wildly!

These one thousand high-grade essence crystals are probably not a small sum to your sect as well, right?

Ling-er started gloating at others' misfortune inwardly.

Ever since she knew Ye Yuan's identity, Ling-er was unwilling to give even the tiniest bit of favorable impression towards Ye Yuan.

Before long, there was a staff who took down the last ten tags from the seventh rack and presented it before Ye Yuan.

And this action caused a considerable stir as well.

This main hall was very large and could accommodate up to ten thousand people. And the alchemists present at the scene was probably in the thousands as well.

Furthermore, those who dare to come to the Thousand Query Wall for a challenge were mostly arrogant at heart and haughty in manner too; they were people with some strength to begin with.

Of course, these people would pick the tags corresponding to their own strength.

On the tags would have a summary of the corresponding problem. These alchemists would all select problems according to these summaries.

Nobody dared to be like Ye Yuan, crossing levels to challenge problems. After all, anyone's essence crystals were not cabbages too, to simply use to throw at the Exquisite Jade Pavilion.

Among the alchemists present, the highest was also just a peak Alchemy King. If Alchemy Sovereigns did not have the need to, they would not come here.

Hence, to these people, the seventh level was virtually a forbidden area-like existence.

Apart from wanting to experience it a little, there was simply no one who dared to challenge the seventh level.

And Ye Yuan drawing ten tags in one go immediately caused a sensation among the crowd.

"Ten seventh level tags, is he crazy? Even Dan Chenzi and City Lord wouldn't dare to challenge ten seventh level tags in one go too, right?"

"Hehe, also don't know which wealthy and influential family's young master is this? This is gambling at high stakes! Ten tags, can he understand?"

"Sigh. This boy is so young. Maybe he doesn't even know what alchemy skills are at all. Such a pity. How great would it be to let me enrich my knowledge with these ten tags!"

"So what if let you experience it a little? Isn't it still pointless?"

.....

For a moment, many people's gazes all looked towards Ye Yuan. But majority of the people all had disdainful looks.

After all, a wealthy person spending large sums of money lavishly like this was the target for other people's envy everywhere.

Actually, Ye Yuan was really not a magnate. But since the Cao Family dared to dig the ground on top of his head, he would make the Cao Family pay a corresponding price!

As an overlord of Wu Fang City, Ye Yuan did not believe that the Cao Family did not know that he received the City Lord's invitation.

Even so, the Cao Family still dared to provoke him. Then he did not have the need to give face to the other party anymore!

"Sir, these are the ten tags that you chose. There is a jade slip in the box stuck to the tag, and the question that the employer raised is inside the jade slip. You just have to inscribe the answer in the blank jade slip inside. Our Exquisite Jade Pavilion has a consultant team made up of three Alchemy Sovereign powerhouses, specialized in being responsible for evaluating the answers. As long as your answer gets a pass from the consultant team, you'll obtain the reward of essence crystals! We've prepared a quiet guest room for you. Sir can go to the guest room to slowly answer the questions," Linger explained with a smile.

Although in Ling-er viewpoint, this sort of explanation wasn't necessary at all, running into such a sucker, it was still better to provide a corresponding service.

Ye Yuan looked at Ling-er and said with a smile that wasn't a smile, "That's to say that even if I answer correctly, this consultation team can say that I'm wrong?"

Ling-er facial expression changed, the smile on her face becoming rather stiff.

Ye Yuan's words were clearly directed at Skymaple.

In reality, Skymaple had indeed answered the question. But the consultation team still denied his answer. That was why Skymaple would have a dispute with the Exquisite Jade Pavilion in a moment of anger.

"What is Sir saying here? The reputation of our Exquisite Jade Pavilion is well-known in the entire Endless World. Or else, how can there be so many experts who issue rewards at our place? There has never been anybody who dared to question our Exquisite Jade Pavilion's reputation!" Ling-er's words already carried some threat.

But Ye Yuan did not care a whit and said with a smile, "Hehe, this is my first time here. I really don't dare to believe your Exquisite Jade Pavilion's reputation that much. So, I wish to add one more person to your consultation group."

When Ling-er heard that, her face could not help darkening, "This Sir, is it possible that you're here to cause trouble? Our consultation team has three Alchemy Sovereign experts. Who has the qualifications to join them?"

Ling-er voice had yet to fade when an aged voice sounded out, "I wonder if this old man has this qualification?"

[0] As some of you who are more astute, no.126 to no.136 is a total of 11 tags, not 10. Author fail math. I'll leave it as it is because it affects the other chapters when they go through.

Chapter 508: Cao Fang's Grievance

"It's Master Wu Xuan. Why is he here?"

"Master Wu Xuan is an Alchemist Association's elder. Other than being on duty in the association, he rarely makes an appearance. Why did he show up here?"

"Could it be that he's here for this youth? Who on earth is this youth?"

The arrival was precisely Wu Xuan!

Ye Yuan obviously could not run to the Exquisite Jade Pavilion alone foolish. This was other people's territory after all. Other people had the final say no matter what.

The Alchemist Association was above worldly considerations. Coming here was all too perfect.

Before coming, Ye Yuan told Xu Zihui to invite Wu Xuan here to back him up.

Even though Ye Yuan's attitude that day was not very good, looking at Wu Xuan's thirsting after talent appearance, most likely, he was willing to provide this help.

As expected, Wu Xuan really came.

But this favor, Ye Yuan would remember it. In the future, there would naturally be reciprocation.

"M-Master Wu Xuan, why are you here?" When Ling-er saw Wu Xuan, her expression became somewhat unnatural.

The Alchemist Association meddling in the Exquisite Jade Pavilion's matters, this was not some good omen.

Furthermore, Wu Xuan's status was extremely high; he was not what a little lass like her could cope with.

"This old man heard that there was somebody challenging the Thousand Query Wall's seventh level. Such a grand event naturally cannot be missed," Wu Xuan said coolly.

"But . . . But . . ." Ling-er did not know what to say.

Right at this moment, a voice sounded out, "Master Wu Xuan gracing us with your grand presence, it really honors the Exquisite Jade Pavilion tremendously! However . . . Master said that you wanted to join the consultation team earlier, isn't that rather inappropriate?"

The arrival was dressed in black robes, his appearance looking rather young. A badge was pinned on his chest. He was shockingly a middle-rank Quasi-Alchemy King!

Ye Yuan's eyes narrowed. Barring no accidents, this person was most probably that whatever Third Young Master Cao.

Wu Xuan stroked his beard and said smilingly, "I'm only here to be a witness. Nobody has challenged the seventh level's questions for very long. This old man is only here to join in the fun today."

Cao Fang's face fell slightly. With Wu Xuan holding down the fort here, some things were not nice to be done in a flagrant manner.

He shot Ye Yuan a vicious glare, but then he said to Wu Xuan with a pleasant countenance, "Isn't Master Wu Xuan stirring too much of a commotion? The seventh level already had no activity for five years. How old is this youth only? Merely here to take a stroll. Could he really stir up anything?"

Wu Xuan gave Ye Yuan a look with a deep meaning and said with a smile, "Although this old man isn't harboring any hopes either, I'm also looking forward to some pleasant surprise. I'm just here to be a spectator. I believe that the Cao Family won't forbid it, right?"

Cao Fang hurriedly said, "Dare not, dare not. Master Wu Xuan normally can't even be invited. How will our Cao Family dare to shut the door in your face? Welcome, welcome to the utmost degree!"

Cao Fang was very depressed. Every Alchemy Sovereign's status was incredibly extraordinary, even if Wu Xuan was only a low-rank Alchemy Sovereign.

An Alchemy Sovereign expert coming over to be a spectator, Cao Fang seriously could not find any reason to refuse.

Furthermore, he was just Cao Family's junior and completely did not have the qualifications to refuse either.

But with Wu Xuan here, it was not very good to play tricks.

It was true that the Cao Family's consultation realm was famed for being impartial. But on this earth, what place were there that could really achieve true fairness?

Within a very small boundary, Cao Fang could still make use of the Cao Family's prestige to do some things.

But if Wu Xuan was here, Cao Fang would be unable to do that anymore. That would ruin the Cao Family's reputation.

With reputation, the Cao Family's Thousand Query Wall would not be able to carry on running too.

This would be a catastrophic blow to the Cao Family.

Of course, Cao Fang did not believe that a puny little Sea Transformation Realm like Ye Yuan could really answer the seventh level's questions too.

Cao Fang looked at Ye Yuan and said with a playful smile, "This distinguished one is really so courageous, taking on ten tags in one go. Even City Lord and Lord Chairman don't have such breadth of spirit either!"

Ye Yuan chuckled and said, "Merely just one thousand high-grade essence crystals. Just playing around. Maybe among these ten questions, I'll happen to know that one or two maybe by chance?"

"You really dare to say that?! The questions on the seventh level, even the one published by Lord Chairman five years ago, nobody has answered them successfully to this date. You, a little Sea Transformation Realm, actually dare to engage in such wild talk!" Cao Fang was very displeased by Ye Yuan's disparaging attitude.

Hearing these words, Wu Xuan smiled faintly and said, "Honorable Nephew Cao is looking down on Ye Yuan here. He already passed the high-rank Quasi-Alchemy King test at the Alchemist Association yesterday. Now, he's already officially a high-rank Quasi-Alchemy King! Moreover . . . he defeated Ren Dong yesterday!"

When Wu Xuan's words came out, everyone was amazed.

A 16 years old high-rank Alchemy King? What kind of concept was this?

Even Cao Fang was stunned too. He only heard his subordinate say that a Tranquil Cloud Sect disciple came, but he was unaware that Ye Yuan actually had such strength in alchemy.

Ren Dong was the rival of his lifetime; he was an opponent that Cao Fang was unable to defeat even when he used all of his might too.

But the target that he had no way of surpassing was actually defeated by this 16 years old youth before his eyes!

This . . . was a little too jarring.

But it was precisely so that he knew why Wu Xuan would make an appearance here today.

"This youth is actually a high-rank Quasi-Alchemy King! My God! How does he train alchemy? Isn't this too monstrous as well? Furthermore, he even defeated the City Lord Manor's Ren Dong. This . . . doesn't this mean that he's already the current junior generation's number one person?"

"Indeed, heroes come from youngsters! Looking at these young people, I instantly feel that I'm old!"

"16 years old high-rank Quasi-Alchemy King. In the future, he's bound to be a peak Alchemy Sovereign existence! Perhaps, he even has the possibility of shattering the void and assaulting the Divine Realm!"

Wu Xuan's words caused a huge stir among the crowd.

Wu Xuan looked at Ye Yuan with a smile and said, "Ye Yuan, since you've already obtained the badge, why aren't you wearing it?"

After Ye Yuan just registered his badge for a bit, he kept it again.

Hearing Wu Xuan say so now, it was not good to conceal it anymore. He could only take the badge out and wear it.

"Hehe, this kid really doesn't have the habit of wearing badges. Master Wu Xuan, please don't take offense," Ye Yuan said with a flattering smile.

"You this punk! Really left me speechless at what to say! Other people treat it like a treasure when getting the badge, but only you cast it away like a pair of worn out shoes! Sigh . . ." Wu Xuan scolded while smiling.

Ye Yuan slightly lightly and did not explain either, and he said, "Better not waste anymore time. Let me take a look at what kind of questions are inside these ten jade slips."

As he said, Ye Yuan came right in front of box No.136 and swept over that jade slip with divine sense.

Seeing Ye Yuan's actions, even Wu Xuan held his breath too.

Tag No.136. It was the contents that Lord Chairman published. As the Alchemist Association's chairman, Wu Xuan was all too clear about the contents inside the jade slip.

Ye Yuan's speed of checking the jade slip was very quick. He only used several breaths of time and then placed it back.

"How is it? Any confidence?" Wu Xuan could not resist asking.

Ye Yuan smiled mysteriously and said, "Let me take a look at the others first."

Chapter 509: Ye Yuan's Sick Plan!

When Wu Xuan saw the situation, he could not help laughing in spite of himself and said, "You this punk are even keeping people in suspense. I'm really helpless against you! Forget it, forget it! You take a look first."

"Tch, don't know means don't know; pretending rather well! Even if you're a high-rank Quasi-Alchemy King, so what? These five years, a total of dozen over Alchemy Sovereign experts had challenged the No.136 question. Among them even included Lord Chairman. But not a single one succeeded. With the likes of you, can you even answer it?" Cao Fang laughed mockingly.

Although Cao Fang's words were not pleasant to the ears, the alchemists present all secretly approved of it.

Ren Xingchun and Dan Chenzi, the two of them practically represented the Endless World's Alchemy Path's highest standards.

Questions that even they could not answer basically meant that it was unsolvable and could belong to the conjecture category.

This kind of conjectures, with the Endless World's standard, there was simply no way of answering.

Except, they were unaware that Ye Yuan's alchemy standards surpassed the Endless World's standards in the first place.

Ye Yuan gave Cao Fang a look, but then he said with a faint smile, "Third Young Master Cao, if I can answer this question No.136, I won't take a single penny of Lord Chairman's essence crystal reward. All for your Cao Family, how about that?"

Cao Fang's eyes narrowed slightly when he heard that and asked, "What terms do you have?"

"Release Elder Skymaple, and you offer an apology to him. How about that?" Ye Yuan said coolly.

Cao Fang had long foreseen that Ye Yuan would say this, and said with a cold smile, "Heh, that old fellow failed the challenge and even slandered my Exquisite Jade Pavilion's reputation. He naturally can't be forgiven easily. My Cao Family has stood in Wu Fang City for several thousand years. What we rely on is reputation this word. How can wanting to let him go be so easy? Unless that old fellow is willing to come forward himself and admit that he slandered the Cao Family."

Cao Fang saw that Ye Yuan looked like he had a well-thought-out plan, but Cao Fang was reluctant to give in, shoving reputation this word over.

He initially thought that Ye Yuan would fly into a great rage. But Ye Yuan just nodded his head lightly and said, "Then that can't be helped. Third Young Master better hurry and go raise the essence crystals now. I'm afraid that your Cao Family can't bring out so many essence crystals in a while."

Ye Yuan's calm and collected manner was as if everything was under control.

Looking at his manner, this seventh level's question No.136 was like a pile of crap in his eyes.

Of course, this was not how others saw it.

In reality, these questions were indeed a pile of crap in Ye Yuan's eyes.

Ye Yuan's objective was very simple, which was to challenge the Thousand Query Wall; he wanted to challenge them all the way until the Cao Family went bankrupt!

These essence crystal rewards were under the Cao Family's charge, but they would not lie there untouched. The Cao Family naturally wasn't willing to do something so silly. Those essence crystals, they would definitely use to do other things.

But these several thousand years, all of the alchemists who answered the questions, the Cao Family would pay out the full sum according to the reward amount. There had never been a missing sum.

Even if the person who raised the question was already a dead person.

It was also precisely because of this that the Cao Family could ensure its powerful reputation.

Ye Yuan had long known that the Cao Family's reputation was already deeply engraved in people's hearts along the way. So he did not clash head-on, coming out to question Cao Family's prestige issue.

That way, other people simply would not believe. He would instead become a vile character who defamed the Cao Family.

Even someone as powerful as Wu Xuan would not come out to question the Cao Family's prestige either, let alone Ye Yuan whose words carried little weight.

Hence, Ye Yuan found another path. He was going to keep challenging question after question. He was going to make the Cao Family be unable to take out so many available essence crystals!

Ye Yuan did not believe that at the end, the Cao Family still dared to not release people!

Ye Yuan dared to do this entirely because of his incomparably formidable strength in alchemy!

If it were another person, how would they dare to use this kind of extreme method?

When Cao Fang heard Ye Yuan's words, he just took it for a joke and said indifferently, "If you have the capabilities, then make my Cao Family be unable to take out so many essence crystals! So many alchemists are watching here. Don't be all talk and no action. Who doesn't know how to talk big?"

Many people saw Ye Yuan say such arrogant words, and all could not stifle their laughter.

"Haha! Still young and impetuous! Even if he can really answer Lord Dan Chenzi's question, how can the problems in front be that easy to resolve?"

"That's right! Being arrogant has to have a limit too, no? These several thousand years, the Thousand Query Wall only accumulated this hundred over questions. If he answered all of them, wouldn't the alchemy powerhouses in these thousands of year all be unfit to carry shoes for him?"

"Haha! Young people don't know the immensity of heaven and earth. His attitude can still be understood!"

Ye Yuan did not refute. He just nodded his head slightly and started examining the No.135 jade slip.

Ye Yuan's examining speed was very fast. He practically just gave a brief scan and placed it down.

Seeing Ye Yuan's actions, the others felt even more that Ye Yuan was out to posture.

The Thousand Query Wall's seventh level's questions were all incomparable profound. Even understanding it needed to expend a very long time.

Ye Yuan just used several breaths of time before putting the jade slip down. He did not even think about it at all. How could he answer them?

Even Wu Xuan was also rather disappointed seeing Ye Yuan's actions.

In his heart, he naturally did not believe that Ye Yuan could answer these questions. But at the thought of Ye Yuan's performance yesterday, he somehow had some more anticipation in his heart.

This was the fundamental reason why he was willing to come!

Same as Ren Dong, Wu Xuan also viewed the video which recorded Ye Yuan refining pills anew. Using marvelous work of art was insufficient to describe it!

Refining standards such as this, even he, an Alchemy Sovereign, was unable to achieve them at all.

Wu Xuan was very curious; what kind of person could nurture such a heaven-defying junior?

Very soon, Ye Yuan put down the No.126 jade slip. This was considered him reading finish all the questions.

"Boy, these ten questions are all unbelievably difficult. You probably can't even study in detail within a short period of time. The Exquisite Jade Pavilion has individual rooms and pill refining rooms. You can experiment while you answer," Wu Xuan reminded.

He did not believe that Ye Yuan could answer these questions in such a short time.

Him asking Ye Yuan before was just wanting to ask if Ye Yuan had any hopes of answering, and not to answer right away.

The Chairman's question, he himself studied it for a very long time too. He would even take it out to study for a bit occasionally, but he still was unable to find the correct approach.

Even if Ye Yuan was any more monstrous, it was not possible to answer so quickly either.

But Ye Yuan said with a smile, "No need. Third Young Master Cao, invite the consultation team here. I'll answer finish in one shot. Saves the trouble too. As it happens, Master Wu Xuan is here too. Be a witness for me then."

"What? You want to answer right now? There are over a thousand alchemists watching here. Don't make a fool out of so many people!" Cao Fang was taken aback with shock by Ye Yuan's actions.

Ye Yuan said with a smile, "I just want to answer in front of so many people's faces. Otherwise, wouldn't everybody miss out on a great show? Enough nonsense, I'm going to inscribe the jade slips right now. They still need a very long time to evaluate it. Don't drag the time."

Chapter 510: So That's How It Is!

The jade slips were prepared ready. Ye Yuan casually picked up a jade slip and started inscribing the solution to No.136.

This kind of inscribing did not need to use up too much time. Ye Yuan finished inscribing the jade slip soon enough.

Ye Yuan did not delay either, directly picking up the second jade slip to inscribe.

When Cao Fang saw this scene, he sneered coldly inwardly.

Even if you are heaven-defying, could you really answer all ten of these questions?

If this was really the case, wouldn't my Cao Family putting up this Thousand Query Wall become a joke?

"Come, men. Invite the consultation team's three elders here!" Cao Fang instructed.

Since Ye Yuan wished to be embarrassed, then just let him be disgraced!

When the three elders directly rejected his answer, see what else he has to say.

Very soon, three Alchemy Sovereign experts were invited into the main hall.

Like this, there were four Alchemy Sovereign experts in the main hall. Furthermore, in the consultation team, there was even a middle-rank Alchemy Sovereign. Such a line-up could be rated as extravagant.

"Yii? Wu Xuan, why are you here as well?" asked one of the Alchemy Sovereign experts in surprise.

"Hehe, Liu Yun, I'm here today for this boy." Wu Xuan pointed at the Ye Yuan who was currently inscribing jade slips.

Liu Yan trio took a look at Ye Yuan, and their gaze involuntarily turned intense. "Who is this young man? To actually challenge ten seventh level problems in one go?"

What they were surprised by was Ye Yuan's lavishness and not Ye Yuan's courage.

In these three people's perspective, Ye Yuan was simply being comical. Except, they could not figure out why Wu Xuan who was an Alchemy Sovereign expert would accompany a child to mess around here.

"Three elders, he's called Ye Yuan. Merely someone talking big to impress people. It was only on account of Elder Wu Xuan's face that I invited three elders to move your grand presence to the main hall."

"Uh, that's fine. We received Cao Family's appointment, so we naturally have to put in some effort. Old Brother Wu Xuan is worthy of us moving here. It's just that which family's child is this young man? Playing around too much. Old Brother Wu Xuan, why are you accompanying him to kick up a row too?" said the middle-rank Alchemy Sovereign.

"Hehe, Old Brother Zhu Jiang don't make an error of judgment. This youth has some capabilities. Answering ten in one go might be messing around a little, but if one of them, I feel that there is a possibility!" Wu Xuan said.

When Zhu Jiang heard Wu Xuan's words, he could not help being slightly stunned.

What kind of person Wu Xuan was, he was very clear.

Wu Xuan's conduct was prudent and was also very experienced and vigorous when refining pills. He never did frivolous things.

Today, he actually praised a youngster in front of everyone like so. Could it be that this youngster was really out of the ordinary?

The other two could not help sizing up Ye Yuan too, but they could not perceive the slightest extraordinary aspect.

Moreover, Ye Yuan's speed of inscribing the jade slips was too fast. No matter how one looked, it was also like being mischievous.

To answer the seventh level's questions, any one of them would need a person to expend massive amount of time and energy. Who would answer the way he did?

If Ye Yuan challenged one before and went back to do enormous amounts of research, then came back to challenge again now, that would give no cause for criticism.

But answering ten in one go, was there any other explanation other than messing around?

"Old Brother Wu Xuan, this joke cannot be made! What kind of degree the seventh level's questions reached, you're aware. He, a youth still wet behind his ears, can answer them?" Zhu Jiang said in disbelief.

Wu Xuan smiled faintly and said, "Whether he can answer or not, I'm not certain either. But I have a feeling that maybe he can really answer?"

"Done!"

Zhu Jiang had yet to ask again, and Ye Yuan's voice came over.

"Hiss . . ."

The alchemists present all drew a cold breath. Wasn't this answering speed a little too quick?

"Heh, this boy is really gutsy enough, to make four Alchemy Sovereign experts mess around with him! Wonder what kind of expression Master Zhu Jiang, the three of them, will have in a moment."

"Such a fast speed is completely fooling people! How can the seventh level's questions be answered so quickly?"

"Although this youngster's strength isn't bad, his temperament still needs tempering! Such a way of trying to impress people by sensationalizing things is really too disgracing."

Seeing Ye Yuan finish inscribing the jade slip so quickly, those alchemists basically already lost interest in continuing to watch.

If not for several Alchemy Sovereign experts being here, they probably wouldn't even be bothered to look.

"Young man, are you sure that you're not making a fool out of us few old fellows? Although Old Brother Wu Xuan regards you very highly, you yourself need to have a sense of propriety as well!" Zhu Jiang said with a deep meaning.

"Huhu, how can Ye Yuan dare to beguile Seniors? Whether I answered correctly or not, Seniors will know after evaluating it for a bit. It's just . . . Seniors don't go against your conscience to judge them, and that will do," Ye Yuan said with a smile.

When Ye Yuan's words came out, Zhu Jiang trio were startled in their hearts.

The three of them actually were not subordinate to the Cao Family. They were only holding down the fort at this Thousand Query Wall on behalf of the Cao Family.

This was already the Cao Family's custom. The consultation team would change once every five years. The Alchemy Sovereign experts invited over had no relations whatsoever with the Cao Family.

This way, it would ensure the fairness to the greatest limit.

It was also precisely because of this relationship that although the Cao Family had declined now, it was an immensely powerful faction in this Wu Fang City and even in the entire Endless World.

This kind of approach was not wrong. It was just that Zhu Jiang trio received the Cao Family's appointment all year round, they would naturally have to take away quite a bit of benefits from the Cao Family.

Cao Fang troubling them for a bit because of some minor thing, they naturally found it hard to decline.

Ye Yuan's words earlier were lightly pointing it out to them.

But these few people were all experienced and shrewd with age. They naturally would not show it on their faces.

"Haha, good. Indeed, heroes come from youngsters. This old man will take a look first to see if your answer makes sense or not.

As he said, Zhu Jiang was about to go take the No.136 answer.

"Old Brother Zhu Jiang, this question No.136 was issued by Lord Chairman. Wu Xuan is incapable, but I wonder if I can cut in front to examine it first?" Wu Xuan suddenly called out.

Zhu Jiang was stunned, but he nodded and said, "Since Old Brother Wu Xuan is in such a mood, what's the harm in letting you look first?"

Zhu Jiang did not care at all. Because he totally did not believe that Ye Yuan could answer it.

"Haha, then I thank Old Brother Zhu Jiang!"

As he said, Wu Xuan gave Ye Yuan a long meaningful look and took up the No.136 answer that Ye Yuan inscribed.

Wu Xuan's divine sense sunk into the jade slip. In the beginning, he still looked calm and composed.

But with the passing of time, Wu Xuan's brows gradually knitted tightly together!

When everyone saw this scene, they could not help becoming curious. Could it be that this boy's answers really still had some knack to it?

But Cao Fang sneered coldly inside. These two people's two-man act was really realistic. Even he was fooled too.

It was just that, one still needed to speak with the truth in the end!

"What? Old Brother Wu Xuan, is it possible that this answer really still has some knack to it?" Although Zhu Jiang was asking Wu Xuan, he clearly still did not believe.

Actually, his thoughts were roughly the same as Cao Fang's. It was that Wu Xuan and Ye Yuan were acting out a two-man show.

"Hahaha! So that's how it is! So that's how it is!" All of a sudden, Wu Xuan started laughing maniacally, his entire person appearing extremely excited.
