Chapter 521: Old Hai

Hearing Ning Yixian's emotional sigh, everyone's mind quivered.

The Old Hai and Old Man Duan from his words were peak Divine Traversing Realm experts.

With them around, the Endless World's confidence would be much greater.

Although bottom-level martial artists could unleash tremendous effects in a great war between two worlds, the high-level combat strength was the deciding factor which determined the direction of the war.

If the Fierce Gale World did not have Zhao Tianyin, the Endless World would not be so fearful of the Fierce Gale World either.

Zhao Tianyin alone could sweep across the entire Endless World.

Such combat power simply made people despair.

This was Ye Yuan's first time hearing that the Endless World still had two of such experts who existed. He could not help becoming very curious.

If the Endless World really had five peak Divine Traversing Realm experts, it more or less could be considered to have some self-preserving strength.

Talking about this, Ye Yuan suddenly recalled a matter.

In a small world, every world had a Realmlord who existed. Zhao Tianyin was naturally the Fierce Gale World's Realmlord.

Ye Yuan had stayed in the Endless World for such a long time but did not know who this Endless World's Realmlord was.

Was it possible that he was one of these two?

"These years, most of Old Hai's time was spent in the Endless Forest. Also, I don't know what he is busy with. Now that such a major incident happened, he can't possibly watch indifferently without lending a hand, right?" Jing Xuan said.

"Yeah, Old Hai has always stayed away from scenes of contention. But the incident this time concerns the entire Endless World's safety. If he deserts us on the eve of battle, that will chill the heart too bitterly," Ning Yixian said.

Right at this time, an aged voice sounded out faintly, reverberating throughout the main hall.

"You punks. Talking behind people's backs all day long! No wonder this old man, I, am always sneezing! Achoo!" As he said this, that old man really gave a sneeze.

Upon hearing this voice, everyone guessed who came.

Who could it be but this Old Hai?

It was truly speaking of the devil!

An old man wearing tattered hemp clothing walked into the main hall like this slowly, looking very much like an ordinary old man.

When the four people on the seats of honor saw this old man, they exchanged glances, and all became extremely excited.

This old man's appearance gave everybody's mind a shock.

"Haha! Old Hai, it's really you!" said Qin Hongtao once he saw Old Hai. He laughed loudly.

"Old Hai, you finally came back in the nick of time. Otherwise, the few of us really can't quite support the situation!" Ning Yixian said.

Jing Xuan and Ren Xingchun did not speak. But these four people's behavior actually faintly treated Old Hai as superior!

And these people did not notice that at this moment, Ye Yuan was still in a state of immense shock and did not recover for a very long time.

When Old Hai entered, his gaze darted at Ye Yuan imperceptibly and even gave him a faint smile.

At that time, Ye Yuan was dumbfounded. Because he had seen this old man before!

This old man was none other than precisely the stall vendor old man, Qi Hai, that Ye Yuan encountered in Breaking Dawn City!

At this point, Ye Yuan could virtually confirm that Qi Hai was definitely the Endless World's Realm Lord!

Ye Yuan's sense was very sharp. He could faintly sense that the power emitting from this Qi Hai's body was even stronger than the power from Ning Yixian trio.

Only the ruler of a world could reach such an extent by gathering the destiny of a world.

Very likely, this old man Qi Hai already had half a foot into the Boundless Realm and was only a final goal shot away.

Ning Yixian trio actually faintly regarded themselves as juniors.

Looks like this Qi Hai's seniority wasn't an ordinary kind of big!

"Come, men! Add a seat for Old Hai in the center of the left-hand side!" Ren Xingchun instructed.

Qi Hai waved his hand and said, "No need to be so troublesome. I, this old man, am not that particular after many things. That . . . I'll just seat here. Young chap, we meet again. You're fine if we squeeze a little, right?"

When these words came out, everyone's faces changed.

Old Hai actually knew Ye Yuan!

These Divine Traversing Realm experts present, each one of them wanted to cozy up to Old Hai. But his elderly self's whereabouts were elusive. So they completely could not cozy up to him!

Just how many days had Ye Yuan been in the Northern Domain? He actually knew Old Hai!

Furthermore, Old Hai actually lowered himself to squeeze together with Ye Yuan. It could be seen that his impression of Ye Yuan was pretty decent.

Just what was going on here?

Ye Yuan forced a smile and said, "Old Hai's instructions, how can Ye Yuan dare to refuse? It's just that Old Hai really concealed too deeply! Back then, when Old Hai saw us in peril, you actually did not even extend a hand to rescue!"

Qi Hai sat down beside Ye Yuan carelessly and said smilingly, "Back then, when I sold the Dodder Green Grass to you, I already saw your extraordinariness. In this Endless World, I've yet to encounter anybody who recognized the Dodder Green Grass. Later, when I saw you exterminate the Jin Family father and son ruthlessly, I regarded you even more highly. That Soul Sea Realm, I was originally planning on finishing him off conveniently when leaving. But I didn't expect that you actually forced him out. I was watching the fight all along back then. If any accidents were to really happen, I'd naturally lend a help. Except, I never expected you could actually already execute condensing gathered essence into form at such a young age. It was truly an eye-opener for me!"

When Ye Yuan heard these words, he exclaimed in surprise instead, "So you knew that that was Dodder Green Grass long ago?"

Qi Hai burst into laughter and said, "Haha! Of course I knew! Otherwise, do you really take me for a black-hearted merchant? One stalk of Quasi-Tier 4 medicinal herb selling for one hundred middle-grade essence crystals?"

"The Dodder Green Grass is extremely rare. You could actually bear to sell it to me?" Ye Yuan asked doubtfully.

"Huhu, quasi-tier 4 medicinal herbs, no matter how rare, doesn't have much use to me either. Rather, you clearly needed it more. I'm very curious though, what were you planning on using the Dodder Green Grass for?" Qi Hai asked with a smile.

Ye Yuan smiled too and replied, "Buying medicinal herb is naturally in order to refine pills. Can't be like that Jin Peng, swallowing it down, right?"

Finished talking, the two people exchanged a look, and both chortled with laughter.

On the left-hand side, Ning Yixian cursed inwardly, "These two people, one old fox, one young fox. Both people who are not to be trifled with! Old Hai wanted to feel Ye Yuan out, but Ye Yuan lightly skated over it. This boy is really astute!"

However, these two people revealed a great amount of information!

Turns out that when the Tranquil Cloud Sect was moving north, such a major thing actually happened before.

And Old Hai personally witnessed Ye Yuan battling a Soul Sea Realm. Towards such a monstrous youth, he naturally kept him in mind.

"Didn't think that Old Hai had long taken action already, touring one round to the Southern Domain and back!" Ning Yixian said with an emotional sigh.

Qi Hai scolded with a smile, "You little punks, wagging your tongues all day behind people's backs! Such a major thing happened to the Endless World, how can I, this old man, only care about myself without care for others? This trip to the Southern Domain, not only did I inquire some information, I even dragged Old Man Duan here as well. That old punk, at first, he was still unwilling to leave retirement. After being pummeled by me, he finally yielded."

Qi Hai said it carelessly, but everyone was secretly alarmed when they heard it.

Old Man Duan was a peak Divine Traversing Realm experts. Old Hai actually beat him up as he liked to.

Chapter 522: Seeking Counsel

"Old Man Duan, you're not coming out yet? Could it be that you still want me to invite you out?" Qi Hai called out in a clear voice.

A very lean old man appeared before everyone. He was naturally the Old Man Duan that everyone was talking about.

Qi Hai smiled and said to Ye Yuan, "Don't look at how Old Man Duan is very unassuming. His strength is pretty decent and should be even above the three of them. It's just that his natural disposition is lazy and was unwilling to stick a hand in secular affairs. Hence, he found a secluded place in the Southern Domain and lived there quietly."

Ye Yuan nodded slightly. For an itinerant cultivator to cultivate to such a realm, it was truly not easy.

This Old Man Duan seemed to be not too willing either. He just sat down beside Qi Hai and did not speak from start to end.

Qi Hai did not seem to mind and said to everyone, "Alright. Everybody continue to discuss as you all should. Don't bother about us old people."

With him saying this, everyone did not know how to discuss though.

But Wu Rong was unresigned and asked Qi Hai, "Old Hai, you made a trip to the Southern Domain. Did they really send out five peak Divine Traversing Realm experts?"

Qi Hai nodded and said, "That's right. Before returning this time, I took a tour around the Heavenly Sky Sect before and almost came to blows with one of the five."

"Then . . . And then what?"

With this, nobody suspected the authenticity of this information anymore.

"Hehe, later on, each of us was wary of the other, so this fight did not take place."

Qi Hai said it very apathetically, but the others had a different feeling when they heard it.

Hearing Qi Hai said so, Ning Yixian could not sit still either and asked, "The other side's peak Divine Traversing Realms actually had somebody who could threaten Old Hai?"

Qi Hai's strength, everyone present was very clear. Hence, the way these people saw it, Qi Hai was their greatest reliance.

But now, a random peak Divine Traversing Realm that the other side sent out was actually on par with Old Hai. Could it be that the Fierce Gale World's martial artists were really all formidable to such an extent?

"Not so far as threatening me. But that person's strength shouldn't be much weaker than mine. Once the fight began, if we alarmed the others, it would probably not be that easy for me to want to get away," Qi Hai said.

The sect leaders present all exchanged glances. Immediately, they felt like the pressure was akin to Mt. Tai crushing down.

Looks like the Fierce Gale World's might greatly exceeded everyone's imaginations!

Qi Hai looked at everyone and said coolly, "You bunch of brats aren't still holding onto thoughts of leaving it to chance right now, are you? If the Fierce Gale World wasn't powerful to such an extent, how could such a powerful sect like the Grand Yan True Sect back then pay such a terrible price to seal the realm passageway? Just that battle, how were the sacrifices just the Grand Yan True Sect alone? After that battle, our Endless World's vitality was greatly sapped, resulting in this current declining trend situation."

Hearing Qi Hai's words, everyone's gaze involuntarily turned towards Ye Yuan.

Looks like what this youth said previously was not the slightest bit false!

Ning Yixian trio did not think that the situation was already severe to such an extent already either and said, "Old Hai, you enjoy high prestige and command universal respect. This situation still needs you to manage!"

Very clearly, there was nobody more suitable than Qi Hai to lead the group of heroes among the people present.

Who knew that Qi Hai smiled and shook his head as he said, "I, this old man, am used to being lazy. How can I be the leader? Ning Yixian, you're experienced and prudent and can take on this responsibility. However, this old man, I, will say the nasty things first. I normally don't bother too much, but if anyone dares to trip people up at this sort of time, this old man, I, will be the first to exterminate him!"

Qi Hai's words did not seethe with killing intent, looking like having a heart-to-heart talk. But everyone felt a chill arise when they heard it.

Then Ning Yixian said with difficulty, "Old Hai, I . . ."

Qin Hongtao interrupted him and said, "Don't decline at this sort of time. This burden, you have to shoulder it. Nobody is more suited than you. This old man, I, still have other things to do. Qin Hongtao

and Jing Xuan, the both of you have to support Ning Yixian with all your strength. At this time, don't have any ideas about sects. If the Endless World is gone, your Dao teachings will naturally be gone too."

The three people's faces turned intent and acknowledged it in a solemn voice.

Qi Hai nodded, but then he looked towards Ye Yuan and said, "Little Brother Ye, I wonder what thoughts you have regarding the present situation?"

Hearing these words, everyone looked at Ye Yuan in surprise.

Ning Yixian was the person that Qi Hai personally recommended to take charge of the overall situation. He did not ask Ning Yixian's opinion, but he actually sought a junior's opinion!

Furthermore, those who were attentive noticed that Qi Hai actually addressed Ye Yuan as 'Little Brother Ye.' About this, there had to be some stories that they did not know.

Could it be that Qi Hai already treated Ye Yuan as an equal to interact with?

Ye Yuan was stunned too and said, "Old Hai, this . . . isn't appropriate, right?"

Ye Yuan actually came today just to plan on letting these people know the Fierce Gale World's might and not to underestimate the enemy.

As for how to come up with stratagems and give advice, he did not plan on talking out of place.

So many Divine Traversing Realm experts present, how could it be his turn to interject?

It was just that he did not expect Qi Hai would actually be the first to ask for his opinion.

"Nothing inappropriate! They are completely clueless about the Fierce Gale World. Letting them talk is shooting blindly too. You go ahead and talk. I'll see who dares to say a word!" Qi Hai said coolly.

In truth, there really were quite a number of people who were rather displeased secretly and planned on finding fault when Ye Yuan was speaking in a while. Now that Qi Hai said that, these people immediately swallowed those words back into their stomach.

Ye Yuan nodded his head. He was not a coy and shy person either. Since Qi Hai thought highly of him, he would not decline either.

"Alright then. Since Old Hai thinks highly of Ye Yuan, then I'll say a few more words. Whether you listen or not is all up to everybody," Ye Yuan said.

Ye Yuan stood up and said without caring about others, "In my opinion, the Fierce Gale World has several advantages which we have no way of competing with. Firstly, they all have a common faith, and that is the Wind Emperor. The Purple Mansion Sect is still loyal and devoted to the Wind Emperor after many generations. A lot can be deduced from this. Because of this point, they can achieve a unified rule. In comparison, we're a pile of loose sand. Secondly, the Fierce Gale World martial artists' collective combat strength is greater than ours. If engaging in close-quarters, we'll surely suffer a huge deal. Thirdly, although the Southern Domain's resources can't compare to the Northern Domain, it's much better than the Fierce Gale World's. With these resources, the Fierce Gale World martial artists' strength as a whole might even advance a level. Fourthly, the Fierce Gale World's high tier combat strength is

way stronger than ours. As far as I know, the Fierce Gale World's peak Divine Traversing Realm experts are not just five people!"

"What?! You mean that these five are just the vanguard?" Ning Yixian exclaimed in shock.

Ye Yuan nodded and said, "The Fierce Gale World's peak Divine Traversing Realm martial artists, according to what I know, have as many as seven people! Counting in some itinerant and some secluded old monsters, I reckon that it might not be below ten people! As for how many among these ten has Old Hai's level of strength, I can't confirm."

Following these people's understanding of the Fierce Gale World becoming increasingly deeper, they noticed more and more that for the Endless World to want to defeat the Fierce Gale World, the hope was simply too bleak.

Chapter 523: Severe Punishments Should Be Dealt in Troubled Times!

Ye Yuan was not simply shooting his words out. If Lan Feng was not very clear about the Fierce Gale World's upper echelons, Xiao Ruyan was a true-blue capital nobility.

The three commanders under Zhao Tianyin's command were peak Divine Traversing Realm experts.

Apart from this, a super faction like the Shangguan Family, their leader was peak Divine Traversing Realm too.

Just within the Central Capital, there were as many as seven peak Divine Traversing Realms.

To say that these five people were the vanguard was not over the top at all.

"Heh, aren't such words a bit much? How can so many experts be born in a place lacking in resources like the Fierce Gale World?" Wu Rong said disdainfully.

Ye Yuan shot him an indifferent look and said, "The Fierce Gale World is indeed poor in resources, but it doesn't mean that there aren't resources. Comparatively speaking, to the Endless World's resources decentralization, the Fierce Gale World's resources are basically all gathered in the Central Capital. Plus, the Fierce Gale World resides in gale winds constantly. The martial artists can be said to be cultivating at all times. Their cultivation speed is naturally faster than our Endless World's martial artists. What's strange about giving birth to so many experts? Also, whether I say it or not is up to me. Whether to listen or not is up to you. If you don't want to listen, you can close off your ears! The truth and false of what I said, Old Hai and Senior Ning they all will naturally screen through. When is it your turn to cut in?"

This Wu Rong repeatedly caused trouble. Ye Yuan was disinclined to haggle over it with him. This fellow even went from bad to worse.

These words were said without any consideration for face, directly turning Wu Rong's face red.

Ning Yixian frowned as well and said, "Old Man Wu, you're an overlord of a region too. Why are you always making things difficult for Ye Yuan? Ignoring that Ye Yuan is the only one among us who understands the Fierce Gale World's situation, just based on the contributions that he made for the Endless World, what's the harm in us listening to his opinion?"

Ning Yixian's words were not severe. But talking this way to Wu Rong in front of so many big shots, it was actually already considered giving him a slap.

Wu Rong was crimson red with rage. But due to Qi Hai being present, he could not blow up and just snorted coldly and said, "Heh, can't even give opinions? Fine, fine, fine! I'll just shut my mouth!"

Qi Hai had his head lowered, looking straight down the entire time as if he paid no heed to both party's dispute.

At this time, seeing that Wu Rong finished speaking, Qi Hai asked again, "Ye Yuan, you carry on speaking."

A simple six words already completely stood on Ye Yuan's side.

The other sects' big shots all kept their mouths shut sensibly. At this sort of time, regardless of what was to be said, it was clearly all not a wise move.

Ye Yuan nodded and said, "Just as I said earlier, the things that we can bring out are seriously too little. Hence, if we want to turn the situation around, we must make drastic reforms! Otherwise, the Endless World being swallowed is just a matter of time."

"What kind of reforms?" Ning Yixian asked.

Ye Yuan spoke confidently and with composure, "Actually, the things that we can do now are not much. But there are three things that we can still make it in time!"

Ning Yixian's eyes lit up, and she asked rather interestedly, "Oh? Quickly say, what three things?"

Ye Yuan extended a finger and said, "The first thing is that the concept of being a sect must be stop, unifying all under one management, and concentrating all of the elite forces! Each fighting their own battles will only be broken easily! One must know that the Fierce Gale World martial artists are akin to the mortal world's army with extremely daunting combat strength."

Ye Yuan extended a second finger and said, "The second thing is to raise our martial artists' strength. Our Endless World's greatest advantage is abundant resources. Furthermore, the standards of alchemy skills are more than a level higher than the Fierce Gale World's. And these resources are grasped in the hands of the various great sects. Now, these resources have reached the time where it needs to be put to good use. Using them to raise the martial artists' strength is a pressing issue! In addition, the various great sects still have to select elite disciples to gather together and develop them heavily. These people clearly have greater room for improvement. All in all, this point is to make use of all the resources that can be utilized rationally, to make our Endless World martial artists' strength improve to the greatest extent."

Ye Yuan reached out a third finger and continued, "Thirdly, to concentrate all of the Northern Domain's array masters. Although the present Endless World's formations path standards are inferior to back at the Grand Yan True Sect's time, our formations path standards are still much higher compared to the Fierce Gale World. In the war, with the support of array formations, it can unleash the martial artists' strength to the greatest limit. This point, we have to utilize well!"

Ye Yuan's words poured out with ease and fluency. Qi Hai nodded slightly by the side. Clearly, he was very pleased with Ye Yuan's three views.

When Ning Yixian listened, his face also revealed an expression of suddenly seeing the light.

However, the faces of these sects' big shots were not that nice.

Ye Yuan's way of doing things was the same as they all forsaking all of their sect's Dao teachings. This Northern Domain would only have one colossal sect in the future.

These guys were all people who act in an arbitrary manner in their own sects. But in the future, they had to become other people's subsidiaries.

Such a change was unacceptable to them.

"Old Hai, we absolutely cannot agree to this way of doing things! Our Sky Illumination Sect's legacy already has several thousand years of history. Is it going to be wiped out like this?" shouted the Sky Illumination Sect's old ancestor, immediately jumping out to object.

"Yeah! Although our sect isn't big, our legacy to this date is already close to ten thousand years of history. Surely it can't be gone like this?"

"Disagree!"

"I disagree too!"

For a moment, the objecting voices rose one after another.

Wu Rong did not speak this time but kept on smiling coldly by the side.

As the saying went: it was hard for the law to punish the collective. No matter how formidable Old Hai was, it was not possible to kill all of these Divine Traversing Realm experts, right?

If they were really killed, who would deal with those experts from the Fierce Gale World?

Among these Divine Traversing Realm experts present, the vast majority were major sects that had several thousand years of legacy, and also a number of new sects which rose up in recent years.

Regardless of what kind of sect, they all did not hope for their Dao teachings to be lost in oblivion.

Wu Rong was very delighted in his heart. He gave a few meaningful looks to several people just now. Those few immediately understood and came forward to object to Ye Yuan's plans.

Moreover, this kind of approach had indeed touched these people's baseline. As long as there was somebody coming forward, it would immediately spread like a plague.

Everybody stepped forward to object. Heh heh, I want to see how this plan of yours will be implemented! Wu Rong thought in his heart delightedly.

Old Hai who had both eyes slightly closed the entire time suddenly spoke. He said it to Ye Yuan.

"Little Brother Ye, looks like everybody objects to your plan. What do you think should be done?" Qi Hai asked nonchalantly.

These words in Wu Rong's perspective was Qi Hai choosing to compromise, hoping that Ye Yuan could take back the words said earlier.

Wu Rong was very pleased with himself inwardly. Look at you, this boy, being unbridled! Fighting with this old man, you're still a little too inexperienced!

Except that these words had another layer of meaning the way Ye Yuan heard it.

Only to see Ye Yuan grin widely and said, "Severe punishments should be dealt in troubled times! Since there are people not willing to submit, just kill and be done with it!"

"Hahaha!" Qi Hai suddenly guffawed with laughter and said, "What a fine 'severe punishments should be dealt in troubled times!'"

Chapter 524: Endless Alliance

A moment ago, it was still cloudless for thousands of miles. The next instant, it was a torrential squall.

After Qi Hai laughed loudly, the situation suddenly changed inside the main hall.

A horrifying pressure enveloped everybody, and the center of this pressure was precisely Wu Rong!

When Ye Yuan sensed this pressure, he unwittingly nodded his head secretly. Qi Hai was indeed well-deserving of being the Endless World's Realmlord. This strength most likely already had half a foot into the threshold of Boundless Realm.

He just had to wait for heavenly tribulation to arrive and then Qi Hai would be able to shatter the void and ascend to the Divine Realm.

Except, this ascension heavenly tribulation was not so easy to cross. A moment of carelessness would be perishing, and one's Dao dissipating.

When Wu Rong felt this pressure, his expression could not help changing drastically.

"Old Hai, what are you trying to do here!"

Qi Hai did not explain a thing, gently lifting a hand and smacking it towards Wu Rong directly!

Wu Rong gritted his teeth and said with a savage look, "Old Man Qi Hai, I'll fight it out with you!"

As he said this, Wu Rong attempted to retaliate too.

Yet, it was all futile. In front of a Half-Step Boundless Realm expert, the Ninth Level Divine Traversing Wu Rong could not take a single hit as well.

Bang!

Wu Rong's body collided heavily onto the wall and dropped down feebly. He was already dead.

Everyone's expressions became fearful, looking at Qi Hai in disbelief.

They all knew that Qi Hai was very strong, but never knew that he was actually indomitable to such an extent!

Qi Hai had not exhibited his strength in front of everyone for many years already. Regarding conjectures about his strength, it was also just hearsay.

Today, only after seeing Qi Hai striking Wu Rong dead in one palm did they know just how terrifying Qi Hai's strength was.

A Ninth Level Divine Traversing Realm was already an extremely formidable existence in the Endless World. But he was actually unable to survive a single move from Qi Hai!

"At this point, you all are actually still harboring hopes of getting lucky, each with your own ulterior motives. Truly don't know life from death! Little Brother Ye illuminated a path for you guys, but you all insist on disregarding the consequences and persist in carrying on. At this point, Wu Rong still wants to mislead the masses for his personal gains. Deserves to die!"

The main hall was dead silent. Nobody dared to come out to refute Qi Hai.

Qi Hai continued, "We'll establish the Endless Alliance here today. Ning Yixian will assume the post of Alliance Head. Qin Hongtao and Jing Xuan will hold the posts of Vice-Alliance Heads. Me killing Wu Rong doesn't mean to force you all to join the alliance. If you feel that you can only care about yourselves and disregard other people, feel free to not join. But your sect must withdraw to the extreme northern lands!"

Qi Hai's tone suddenly eased up, and he said, "Establishing the Endless Alliance doesn't mean that you all have to forsake your sects' legacies. If the Endless World can tide over this calamity, you can still establish your own factions later on to inherit your Dao teachings. If the Endless World is annexed, everything is naturally for naught. But I'll say the nasty things first; if anyone dares to be half-hearted, Wu Rong is the best example! Alright, this old man will talk only until here. Good luck to everybody."

Hearing Qi Hai's words, everyone finally set their minds at ease.

As long as they could preserve their sect's legacies, everything could naturally be discussed.

But these people also knew that after the war, how many sects among them that could still preserve their legacies was something up in the air.

However, just as Qi Hai said, the Fierce Gale World bore down menacingly. If the Endless World completely fell into the enemy's hands, their sects would no longer exist as well.

Furthermore, if they were to shrink back at this time, they would become the common target for scorn. Even if their sect was not destroyed, migrating to the extreme northern lands was a tremendous blow to the sect as well.

The essence energy in the extreme northern lands was sparse and completely could not support martial artists' cultivation.

Going there, what kind of future would the sect still have?

"Old Hai, my Sacred Fire Sect is willing to join the alliance." At this time, a Ninth Level Divine Traversing Realm was the first to come forward to express his stance.

With someone taking the lead, the others all acceded to it one after another. This matter of establishing the alliance was finally settled.

"The specific arrangements, Ning Yixian, the three of you are in charge of handling. Set the condition: those who made contributions will be rewarded, and those at fault will be punished. Every order must be executed without fail!" Qi Hai instructed.

Ning Yixian trio clasped their hands and answered, "Yes!"

These three people had also not seen Qi Hai take action for a long time. They were shocked to the core seeing it today too.

Before the three of them became renowned, Qi Hai was already at the peak Divine Traversing Realm. His strength at present had indeed already reached an unfathomable degree.

Qi Hai nodded his head and carried on, "In addition, it's considered a coincidence too. The Vast Heaven Pagoda is going to open very soon. This time, your three sects shouldn't treasure your own belongings too highly. As long as they are martial artists under the skeletal age of 60, including those itinerant cultivators, they can all enter it. Maybe seizing this opportunity, we can unearth some promising talents."

Ning Yixian trio exchanged glances. Although they were somewhat hesitant, they also knew that now was not the time to be miserly, and they could only nod and agree.

Seeing Ning Yixian trio nod their heads, those sect leaders were all extremely excited, putting Ye Yuan at a loss.

Looks like this Vast Heaven Pagoda was some remarkable place that was monopolized by the Three Sects all along.

Opening to the public this time, the other sects should be able to obtain considerable benefits.

Ye Yuan could not help admiring Qi Hai inwardly in his heart too. Although this old man was rather unruly, he was experienced and shrewd with age after all. This tactic of a large stick in one hand and a carrot in the other was executed rather magnificently.

These sect leaders obtaining sufficient benefits would naturally put aside some prejudices and risk their lives to fight the enemy.

Except, after such a sharing of resources, if the Endless World could tide over this catastrophe, the Northern Domain's setup would probably undergo a titanic change.

.....

In a side hall, Qi Hai and Ye Yuan sat facing each other.

"Little Brother Ye, your talent surpasses the Endless World too much. Your background . . . probably isn't simple, right?" Qi Hai looked at Ye Yuan with scorching eyes and asked.

The specific matters, Qi Hai handed them to Ning Yixian they all to do. But he pulled Ye Yuan inside a side hall and asked about Ye Yuan's origins right away.

Ye Yuan knew that the things a Realmlord of a world understood was far from comparable to others.

Many things in front of other people would be over just by fooling them a little. But in front of Qi Hai, wanting to casually brush him off probably would not work.

"Senior Qi Hai . . ."

"If Little Brother Ye doesn't mind, just call me elder brother will do. If the Endless World can make it through this disaster, maybe Elder Brother, I, still have areas where I still need to rely on Little Brother Ye for!" Qi Hai cut off Ye Yuan's words and said with a smile.

Ye Yuan smiled and said, "I accept deferentially than to stand on ceremony! Elder Brother Qi Hai should be the Endless World's Realmlord, right?"

Qi Hai was not surprised. Instead, he chortled and said, "Haha! Little Brother Ye's horizons are really high! To actually even know about Realmlords! That's right. This old man is indeed this Endless World's Realmlord!"

Ye Yuan nodded and said smilingly, "Younger Brother's Master is indeed not somebody from the Endless World. It's just that due to master's orders, it's not convenient for Younger Brother to express some things. Elder Brother, please forgive me."

Qi Hai did not reveal a surprised look. Ye Yuan's such heaven-defying talent, it was absolutely impossible for the Endless World to give birth to.

Ye Yuan naturally would not tell him that he possessed a body that had gone a rebirth either. Although people of the Divine Realm rarely descended to the Lower Realms, it was not unheard either.

Taking in a disciple in the Lower Realms was actually not something of a big deal.

[Unrivaled Medicine God](#)

Chapter 525: Vast Heaven Pagoda Inheritance

"Heh heh, looks like Little Brother's fortunes run deep, to actually obtain a Divine Realm major power's good graces. Truly the envy of Elder Brother, me!"

Even though Qi Hai was the Endless World's Realmlord, in the eyes of the Divine Realm's major powers, he was still just an impoverished person.

Ye Yuan's talent was so monstrous. In Qi Hai's view, his master was bound to be a character in the Divine Realm too.

Of course, as for how powerful, Qi Hai did not have a clue either.

Although he knew some matters related to the Divine Realm, his knowledge was very limited.

"Elder Brother already has half a foot stepped into the Boundless Realm. The day of ascending to the Divine Realm is not far off too. Why is there a need to be envious of me?" Ye Yuan said with a smile.

"This distance of half a step is as hard as ascending to the heaven! If I had the confidence, I'd have long gone to cross the heavenly tribulation. Why would I remain in the Endless World, idling my time away

bitterly? I lingered in the Endless Forest these few years just for the sake of finding that feeble thread of hope too!" Qi Hai sighed emotionally.

To the Lower Realms' martial artists, the ascension through heavenly tribulation was a life and death juncture.

What Qi Hai had to face was not just the heavenly tribulation of Boundless Realm, there was also the boundary pressure when shattering the void of the small world.

Superimposing the two, ordinary martial artists simply could not survive it.

Unless it was people who were heaven-defyingly talented or those who had immense good luck, the success rate was truly very low.

Hence, breaking through to the Boundless Realm in a small world like this Endless World was actually even harder than the Divine Realm!

And a small world's essence energy and resources were simply a heavenly chasm-like difference compared to the Divine Realm. This increased the difficulty of martial artists ascending even more.

"Elder Brother doesn't need to lose heart. Heavenly Dao will always leave a ray of hope. As long as Senior doesn't give up, you'll eventually be able to find this ray of hope someday," Ye Yuan consoled him.

Actually, with Ye Yuan's capabilities, wanting to aid Qi Hai to pull through the heavenly tribulation was not something hard.

It was just that the days he spent with Qi Hai was few, and he did not have much understanding of this person at all. He naturally would not say such sincere words to a mere acquaintance.

Furthermore, if he helped Qi Hai ascend now, the Endless World would basically not have hope anymore.

Without the need for Zhao Tianyin to come, just the Shangguan Family and those few first-rate families could destroy the Endless World.

In the future, if he confirmed that Qi Hai was worth trusting, giving him a hand then was not late either.

"Heh, then I'll thank Little Brother for your blessings! If Elder Brother, I, can ascend to the Divine Realm by chance in the future, I hope that Little Brother can look after me well!" Qi Hai said with a smile.

The reason why he was so courteous to Ye Yuan was actually because of this.

Qi Hai had drifted with the tides in the Endless World for so many years. Although he did not have great confidence regarding crossing the heavenly tribulation, he more or less had some too.

If he passed the heavenly tribulation by chance in the future, without anyone looking after him when he reached the Divine Realm, it was very hard to keep going.

This point, Zhao Tianyin knew, Qi Hai naturally knew as well.

Ye Yuan was curious and asked, "Why does Elder Brother Qi Hai say that? Our Endless World should belong to a certain faction too, right? When Elder Brother, you, ascend to the Divine Realm in the future, there will naturally be that faction coming to receive you, no?"

There were countless Lower Realms' small worlds, but they were not ownerless objects.

These small worlds more or less had countless intricate ties with the Divine Realm.

For Qi Hai to be able to become the Reamlord, it was not because he was the Endless World's strongest person, but he was a person designated by some faction in the Divine Realm.

In his previous life, the Medicine King Hall, this super major faction that Ji Qingyun was at, had jurisdiction over countless planes in the lower realms too.

It was just that these affairs, Ye Yuan never concerned himself with. It was all Ji Canglan's responsibility.

However, even though Ye Yuan had come to the Endless World for some time, he did not know which Divine Realm faction this Endless World belonged to.

But the Divine Realm's various major factions all would not bother about the Lower Realms' affairs. Because descending from the Divine Realm was exceedingly difficult. Even in the Divine Realm, there were very few who could accomplish this as well. Yue Mengli being able to come down was definitely by using Bright Moon City's strength.

It was also precisely because of this reason that Qi Hai ascertained that the person behind Ye Yuan was definitely very powerful.

These factions would mostly have special channels of communication with the lower planes. This point was much easier.

And the inheritance of a Reamlord was also the small world's internal affairs under most circumstances. As long as the previous Reamlord chose a successor and report it to the Divine Realm to be approved, it would do.

But Qi Hai said with a bitter smile, "Actually . . . I don't know which faction in the Divine Realm the Endless World belongs to either. In reality, since the start from the previous Reamlord, we lost contact with the Divine Realm completely. Roughly around . . . a thousand years already?"

Ye Yuan was stupefied. He did not think that there was actually such a thing.

Seems like the Divine Realm faction which the Endless World belonged to might have suffered some major unforeseen event.

"Alright then. Elder Brother's matters, I've noted it down. It's just that I don't dare to promise you at this time. After all, after that master of mine imparted to me knowledge, he brushed his hands off and no longer bothered about me again."

But Ye Yuan's promise that was not a promise sounded like a heavenly melody to Qi Hai. He said elatedly, "That's of course, that's of course! Oh, right, within half a month, the Vast Heaven Pagoda will be opened. At that time, you must go and take part. Perhaps you might have some unexpected gains too?"

"Oh? The Vast Heaven Pagoda? What's that?"

Ye Yuan was still really curious about this Vast Heaven Pagoda. Something that could visibly move so many Divine Traversing Realm experts was bound to not be an ordinary thing.

"The Vast Heaven Pagoda is an inheritance mystic realm; It is communally owned by the Three Sects and Wu Fang City. This Vast Heaven Pagoda has a total of nine levels. Every level passed, one would obtain unimaginable benefits. It's a superb place that the Three Sects and Wu Fang City foster their young disciples at. Ever since discovering the Vast Heaven Pagoda, countless powerhouses walked out from there in the Endless World! Back then, the Grand Yan True Sect's Forefather, Grand Yan True Lord, walked out from there too. You don't know how terrifying Grand Yan True Lord's strength was back then. Even though he wasn't the Realm Lord, in front of him, the Realm Lord at that time wasn't even fit to carry his shoes! Hence, these four major factions have been monopolizing the Vast Heaven Pagoda all along, not allowing the other factions to dip their fingers in. The Vast Heaven Pagoda opens up once every ten years. Half a month later just happens to be the ten year date, which so happened as well." Qi Hai's words poured out smoothly.

Qi Hai did not know that not only did Ye Yuan know the Grand Yan True Lord, Lu Linfeng, he even had close ties with him.

But with Qi Hai saying this, Ye Yuan became even more interested in this Vast Heaven Pagoda.

To be able to give birth to such a supremely powerful character, this Vast Heaven Pagoda's prowess was clear at a glance.

"Oh? There's still such a thing? I wonder how many levels did that Grand Yan True Lord pass through back then?" Ye Yuan asked curiously.

In Ye Yuan's view, a heaven-defying character like the Grand Yan Divine King should have made it to the ninth level back then.

Except, Qi Hai's answer was very far from Ye Yuan's view. Only to hear Qi Hai say, "The seventh level! Since remote antiquity, there were only a mere three individuals who made it to the seventh level! And the Grand Yan True Lord was one of them!"

This time, Ye Yuan was truly taken aback from shock.

How heaven-defying Lu Linfeng this fellow was, Ye Yuan was well aware.

With his strength, he actually just made it to the seventh level too? Then how perverse did the eighth level and ninth level had to be?

"Doesn't that mean that this eighth level and ninth level, there was nobody who made it there at all?" Ye Yuan said in astonishment.

[Unrivaled Medicine God](#)

Chapter 526: Ye Hang's Crisis

In Ye Yuan's understanding, Lu Linfeng was already among the Divine Realm's apex level of a powerhouse.

If even he merely reached the seventh level too, then the two levels at the back, were there still anyone who could make it through?

Ye Yuan was not being unduly humble. He knew that his comprehension abilities were actually very high. But as for how high, he did not have a definite answer either. Because he did not walk to the pinnacle of the Martial Path.

But Ye Yuan himself felt that even if he was stronger than Lu Linfeng, he was probably not much stronger than the latter as well.

After all, the comprehension abilities of characters who could stand at the peak of the Divine Realm would not be too poor no matter how bad it was.

Of course, reaching Lu Linfeng's level of realm, comprehension ability was not absolute. Destiny, comprehension ability, natural endowments, hard-work, not one of them could be lacking!

But Qi Hai's answer somewhat exceeded Ye Yuan's expectations.

Only to see Qi Hai shake his head and said, "That's not it. This eighth level, there was somebody who made it there before."

Ye Yuan was greatly shocked when he heard that and asked, "Who?"

"He's called Li Fantian. As for who he was, I don't know," Qi Hai said.

"Oh? Even you don't know too? Then how did you know that he made it to the eighth level?" Ye Yuan inquired curiously.

"The Vast Heaven Pagoda area has a wall. Anyone who makes it to the fifth level will be recorded up there. But during this recent hundred years, no one could make it to the fifth level," Qi Hai said rather regretfully.

Ye Yuan nodded his head. He more or less had some understanding of the Vast Heaven Pagoda already.

Looks like wanting to clear this Vast Heaven Pagoda was not an easy matter.

Guo Taoqun, Yin Yanhua, and Qin Yan, Ye Yuan was still aware of their talent. Even they could not make it into the fifth level. Looks like this Vast Heaven Pagoda's difficulty level was indeed rather high.

Only a heaven-defying genius like Lu Linfeng could make it to the seventh level.

"Alright. Half a month later, I'll head to the Vast Heaven Pagoda," Ye Yuan nodded slightly and said.

Since there was such a mystical place, Ye Yuan obviously could not miss it.

.....

At the City Lord Manor's backyard.

Ren Honglin was currently by the window with her head on her hands, unsure what she was thinking about either.

"Hongling, are you thinking of your son again?" A voice suddenly sounded out at the entrance.

Ren Hongling did not turn around. She knew that it was her older brother, Ren Yujie.

"So what if yes? Are you going to release me to go find him?" Ren Hongling said rather resentfully.

Ren Yujie heaved a sigh and said, "Sister, you lost all of your abilities now. Even if I let you out, where can you go? Furthermore, if you leave, what about Brother-in-Law? You're aware of Father's temper."

Ren Hongling turned around slightly, her gaze looking at Ren Yujie rather vacantly; she said coldly, "Father? He's not worthy of being my father at all! And you are not fit to be my brother either! If not for my husband stubbornly insisting on returning, wanting to seek for his forgiveness, it's impossible for me to return to this place which makes me feel disgusted for the rest of my life! In all of your hearts, there is no kinship, only benefits!"

Ren Hongling's eyes gradually welled up. She did not think that so many years had already passed, her father was actually still so unreasonable!

When the two of them appeared in front of Ren Xingchun, Ren Xingchun detained Ye Hang without a word and grounded her.

And he, this big brother, was very timid and incapable. He completely did not dare to say anything in front of Ren Xingchun.

Ren Hongling begged Ren Yujie multiple times to let him release her to go see Ye Hang. But Ren Yujie refused to no matter what.

Gradually, Ren Hongling perished the thought too.

In this backyard, only Ren Dong this junior could stir up a hint of ripple in Ren Hongling's heart.

Ren Yujie heaved a sigh again and said, "Hongling, not that Big Brother isn't willing to help you, but I seriously can't help you! You're aware of Father's temper. If he knew that you met Brother-in-Law, Brother-in-Law's life would probably be long gone! I'm doing this for your own good too!"

But Ren Hongling did not appreciate the kindness and said with a cold smile, "I just want to see my husband once and not bringing him away either. If you don't tell him, how would he know?"

Ren Yujie shook his head and said, "You're belittling Father too much. He could reach today's position, so how could it be that simple? Forget about this City Lord Manor, even a hint of the rustling of leaves in the wind in the entire Wu Fang City can't possibly escape his eyes either."

Hearing these words, Ren Hongling's face calmed down slightly.

She also knew that her big brother's personality was weak and hard to take on great responsibility. Counting on him was hopeless.

If he could have a little backbone back then, she would not have gone so far as to slip away to distant lands with Ye Hang either. She would not have lost her essence energy and be unable to refine pills anymore.

Of course, Ren Yujie's personality could not be separated from Ren Xingchun's dominance.

"Then you coming to find me today is for my own good too?" Ren Hongling said sarcastically.

But Ren Yujie's expression dimmed as he heaved a sigh again and said, "Sister, actually, I came today wanting to tell you that, Father is going to take action against Brother-in-Law already! You . . . Sigh . . ."

Ren Hongling's entire person was like struck by lightning, immediately freezing there. This news was truly a bolt out of the blue to her!

Originally, she and Ye Hang returning was to acknowledge their roots and ancestors. Who would have thought that it would actually end up in such a plight!

"You . . . What did you say?" Ren Hongling's entire person felt worn out.

"These few days, you had been grounded at home all along. There are many things in the outside world that you don't know. An earth-shaking major incident happened to the Endless World recently. These two days, many Divine Traversing Realm experts assembled in Wu Fang City to discuss on dealing with the great matter of another world invading us. And Father already gave the instructions two days ago that after the meeting this time passes, Brother-in-Law will be put to death."

Hearing this news, Ren Hongling could not withstand the blow anymore. Her two eyes went dark, and she fainted away.

Ren Yujie hurriedly supported her and inserted a trace of essence energy into Ren Hongling's body.

Ren Hongling slowly regained consciousness. Grabbing hold of Ren Yujie's arm, she said tearfully, "Big Brother, I'm begging you, save him! Now, the only one who can save Ye Hang is you!"

Ren Yujie had a conflicted face, "I . . ."

"Big Brother, back then, I made you plead with Father. You didn't dare to say a word! Now that over a decade has passed, Ye Hang and my feelings are all the more deeper. Could it be that you're still going to treat us the same as back then? If my husband dies, I absolutely won't live alone! If Yuan-er comes to know of this matter, he definitely comes to find Father to seek revenge. Do you want this kind of human relations tragedy to happen in the Ren Family?" Ren Hongling already became tear-stricken with tears.

Ye Hang and Ren Hongling watched Ye Yuan's growth and were very clear about his temperament.

Once Ye Yuan found out about the news of Ye Hang and her perishing, he would definitely come to find Ren Xingchun to take revenge at all costs.

At that time, grandson versus grandfather, regardless of what the result was, it would be a human world's tragedy.

"Yuan-er? That's your and Brother-in-Law's child? You guys refused to say any news about that child. Turns out that he's actually called Ye Yuan? Ye Yuan . . . Why is this name so familiar?" Ren Xingchun suddenly felt like he seemed to have heard this name before somewhere.

Except that how could Ren Hongling still be in the mood to listen to this right now. She implored, "Big Brother, you make Ren Hongling go and beg Father! He'll definitely agree! I beg you!"

Ren Yujie said with difficulty, "But . . . Father already made people bring Brother-in-Law out of the city to execute him in secret!"

Chapter 527: Execution

This time, Ren Hongling forcefully resisted and did not faint.

Because she knew that Ye Hang's life was suspended on a thread right now. She must go and save Ye Hang.

No idea where her strength came from, Ren Hongling pushed aside Ren Yujie and forced her way out of the door.

"Ah! Isn't Ye Yuan that Tranquil Cloud Sect youth who took part in the Endless Meet? Could it be that . . . Sister's son is really him? But . . . how is that possible?"

Ren Yujie suddenly had a flash of inspiration and finally recalled who Ye Yuan was.

After yesterday's meet, the Endless Alliance was established, and Ye Yuan was a very popular figure among the Northern Domain's upper echelons.

Could such a monstrous prodigy actually be his own nephew?

His figure moved and caught up to Ren Hongling very quickly, grabbing hold of her.

"You let go of me! I'm going to save my husband!" Ren Hongling struggled desperately.

"Hang on! You said that your son is called Ye Yuan. Is he from a small sect called Tranquil Cloud Sect?" Ren Yujie asked.

"How did you know?" Ren Hongling froze and stopped struggling too. Her heart started pounding even faster. How did Ren Yujie know?

Could they have . . .

Seeing Ren Hongling's expression, Ren Yujie knew that she misunderstood and hurriedly said, "Set your mind at ease. Not only is Nephew fine, but his reputation is also awe-inspiring now. Even the Three Sects have areas they rely on him for right now. If Nephew is really that youth called Ye Yuan from the Tranquil Cloud Sect, Brother-in-Law might still be saved! It's just . . . I wonder if we can still make it!"

Ren Yujie knew that time was of the essence and could only cut his words short.

Ren Hongling was startled and hurriedly said, "Then what are you waiting for? Quickly bring me to go find Yuan-er!"

Ren Yujie had a look of dilemma again. Ren Xingchun's accumulated pressure in his heart was too overpowering. He completely did not dare to have any disobedience.

Coming to inform Ren Hongling today was already a tremendous breakthrough.

"If you're not going, I'll die right now for you to see!"

Ren Hongling fished out a small dagger from God knows where and was about to stab it toward her heart.

Except, how could she possibly have the chance to commit suicide in front of a Soul Sea Realm martial artist such as Ren Yujie?

Ren Yujie snatched away the dagger in Ren Hongling's hands. His expression flickered, and he said, "Fine! I'll bring you!"

Ren Hongling stared at Ren Yujie somewhat disbelievingly as her face revealed wild elation.

Actually, what moved Ren Yujie ultimately was still that human relations tragedy which Ren Hongling said before.

Previously Ren Yujie did not pay attention. But after knowing that Ye Yuan was his own nephew, he knew that this was not some laughable joke.

That Tranquil Cloud Sect's Ye Yuan absolutely had the strength to overturn Wu Fang City in the future and even butcher his own maternal grandfather!

And did Ren Xingchun have the capabilities to kill Ye Yuan?

The answer was uncertain!

Behind Ye Yuan stood Qi Hai now. Even if Ren Xingchun were any more rampant, he would not dare to behave atrociously in front of Qi Hai either!

Which was also to say that in the future, after Ye Yuan matures, Wu Fang City would truly suffer the human relations tragedy which Ren Hongling predicted.

.....

"Master, Master Wu Xuan, you two have some tea. This is a top-grade spirit tea that I brought from the City Lord Manor. Not only is it sweet and mellow, but it also has the effect of increasing essence energy," Ren Dong explained to Ye Yuan with a respectful look.

Wu Xuan was Feng Ya Pavilion's frequent guest now. He would run here when he had nothing to do.

These few days, he had been having a nice heart to heart talk with Ye Yuan, rambling away, but receiving substantial benefits.

They hardly said three sentences without talking about their line of work. What Wu Xuan and Ye Yuan chattered about the most was naturally still alchemy. In fact, some of Ye Yuan's views and experiences had tremendous inspiration to Wu Xuan.

Like this, Wu Xuan liked to immerse himself at Feng Ya Pavilion every day even more.

Wu Xuan said with a smile, "You, this boy, always had your eyes on top of your head. To think that you'd actually submit fully to others one day. City Lord with his temper, if he knew that you stole his spirit tea, I reckon that he'd fly into a thunderous rage."

Ye Yuan drank a mouth of the spirit tea and said smilingly, "Heh heh, City Lord's temperament is really arrogant and explosive!"

When he recalled the conflict with Ren Xingchun in Exquisite Jade Pavilion, he was speechless too.

Ren Xingchun clearly came to be a mediator. In the end, he quarreled with him. This temper was also unparalleled.

"Huhu, if City Lord didn't have such breadth of spirit, how could he overpower the Cao Family and manage this Wu Fang City like an iron bucket?" Wu Xuan said with a smile.

The three people were just conversing when a servant came in to inform, "Young Master Ye, City Lord Manor's Lord Ren Yujie brought a woman to request an audience."

Ren Dong was stunned when he heard that, "En? What did Father come here for? Could it be to find me for something?"

Ye Yuan came to a realization and nodded his head and said, "Invite them in then!"

Before long, Ren Yujie led Ren Hongling in. Ye Yuan and Wu Xuan were currently engrossed in conversation and did not seem to have noticed the two people.

Ye Yuan also thought that Ren Yujie came to find his son and had nothing to do with him. He naturally would not pay attention too.

And when Ren Hongling saw that familiar face, her entire body trembled agitated and her tears gushed out from her eyes uncontrollably.

Ren Yuejie was stunned when he saw Ren Dong as well, "Dong-er, why are you here too?"

Ren Dong was likewise stupefied. "Eh? Father, Aunt, didn't you guys come to find me?"

Ren Yujie shook his head and pointed at Ye Yuan and said, "We came to find him."

"Ah? What are you all finding Master for?" Ren Dong asked in bewilderment.

"Master?" Ren Yujie was likewise confused.

When Ye Yuan heard the conversation over here, his head involuntarily turned over.

With this turn, his entire person was immediately frozen in place, and he revealed a look of wild elation soon after.

"Mother! Why are you here?! Haha! Truly wearing out iron shoes in a fruitless search and finding it by chance without even looking for it! I even made Brother Zihui go and find you and Father. To think that you actually came here yourself!" Ye Yuan came in front of Ren Hongling with a flash and held her hand as he said warmly.

But Ren Hongling's expression changed drastically as she grabbed hold of Ye Yuan's hand and said, "Quick! Quickly go and save your father! Any later and it'll be too late!"

.....

In a forest outside the city, Ye Hang was escorted by several martial artists to an open space.

The martial artist leading was shockingly a Ninth Level Soul Sea Realm expert!

If Ye Yuan were here, he would immediately recognize that the person presiding over Ye Hang's execution was actually Xu Zihui.

Xu Zihui received Ren Xingchun's orders this morning to make him bring several people and escort a criminal outside the city to carry out the death penalty.

Xu Zihui paid little attention to it too and brought several people over.

As for what kind of offense this criminal committed, Xu Zihui did not know at all.

Of course, he was not interested to find out either.

Just a late-stage Crystal Formation martial artist; this person completely could not enter Xu Zihui's eyes.

He was even rather resentful in his heart that City Lord was really using a butcher's knife to kill a chicken. Carrying out an execution against a late-stage Crystal Formation Realm, he actually even made him, this Ninth Level Soul Sea, to come and hold the line.

Really took him to have nothing to do after eating his fill?

How could he have known that this was Ren Xingchun not wishing for a family scandal to get out? That was why Ren Xingchun did not even bring up charges against this person.

Even Ren Hongling and Ye Hang eloping back then, Ren Xingchun blockaded all of the news too. Xu Zihui only knew that Ren Hongling fell ill and died.

"Alright, just do it here. Be a bit neater," Xu Zihui said rather annoyedly.

[Unrivaled Medicine God](#)

Chapter 528: Release

Ye Hang revealed despair. He did not think that Ren Xingchun was actually impervious to reason to such an extent and actually really hardened his heart to want to kill his own son-in-law.

The incident back then, he was forced by circumstances too. He and Ren Hongling loved each other, but Ren Xingchun refused to consent no matter what. The reason was just that his background was too lowly.

Ye Hang's talent was not poor. It was just that he did not have sufficient resources and powerful cultivation methods.

Hence, compared to Ren Hongling, Ye Hang was completely not worth mentioning.

But Ye Hang's tenacity and sincerity moved Ren Hongling's maiden heart. From there, she fell hopelessly in love with this penniless little alchemist.

Ye Hang lifted his head and gave a long sigh as he said, "I, Ye Hang, did things all my life with a clear conscience. To think that I still ended up like this! Forget it, forget it. This life, give it back to that unreasonable Ren Xingchun. Also, count it as settling a grudge."

As he said, Ye Hang shut his eyes and said, "Do it!"

Xu Zihui was originally still quite impatient, feeling that this punk was still babbling on and on before dying.

Suddenly, he felt that Ye Hang this name was rather familiar to the ear. When he thought again, he was suddenly shocked awake.

Wasn't Ye Hang the person that Young Master Ye entrusted him to find?

Wouldn't be so coincidental, right?

"Halt!"

Xu Zihui roared. A finger's essence energy flicked out, sending that long sword in that executioner martial artist's hands flying.

And at this time, that long sword was already less than half a centimeter away from Ye Hang's chest.

Ye Hang looked at Xu Zihui rather uncertainly and did not know what this person was trying to do.

Xu Zihui stared at Ye Hang and asked solemnly, "You're called Ye Hang?"

"You don't know who I am?" Ye Hang was stupefied. Then he immediately understood and said with a self-ridiculing laugh, "That's true. My existence is a disgrace to the Ren Family. How could he let servants know of my existence? That's right, I'm called Ye Hang."

Getting an affirmative answer, Xu Zihui's heart pounded. He stared fixedly at Ye Hang and asked, "Then . . . who's Ye Yuan to you?"

Although Ye Yuan did not say who Ye Hang and Ren Hongling was to him, as long as one had some brain cells, they could guess their relationship.

When Ye Hang heard Ye Yuan's name, his entire body involuntarily quivered, "You know Yuan-er?"

Xu Zihui thought to himself, damn! There is really no story without coincidences!

He actually nearly killed Ye Yuan's father!

Earlier, if that sword were to really go down, he would not have the face to see Ye Yuan again thereafter.

Xu Zihui's son already successfully broke through realms after consuming the medicinal pill that Ye Yuan conferred.

To a martial artist, one minor realm was a small matter. But the time saved from this was hard to be exchanged using money.

He received Ye Yuan's grace but killed Ye Yuan's father. That would truly be a classical reciprocating kindness with ingratitude.

But . . . Ye Hang was a person that City Lord mentioned by name to kill. How . . . How should this be done?

Xu Zihui had a conflicted look and fell into a dilemma for a moment.

Kill? Or not to kill?

Ye Hang looked at Xu Zihui full of doubts and suspicions.

The strength of this person before his eyes was too formidable. He did not have the leeway to resist at all. But, hearing his tone, he actually knew Ye Yuan.

Could it be that Ye Yuan was also in Wu Fang City right now?

Thinking up till here, Ye Hang could not help being agitated.

But he became downcast again very soon. He was almost dead. Even if Ye Yuan were really in Wu Fang City, how could he go and meet him?

Ye Hang was all too familiar with Ren Xingchun this person. It was impossible for this expert before his eyes to defy his wishes.

"You, leave!" Ye Hang was just letting his imagination run wild when Xu Zihui suddenly spoke.

"Ah?" Ye Hang was dazed and could not quite react.

"I said, leave!" Xu Zihui said in a solemn voice.

With him saying this, the few subordinates immediately became anxious.

"My lord, he's a person that City Lord named to kill! If you release him, City Lord won't let you off!"

"Yeah. City Lord's temper, are you still unaware?"

"You mustn't let him go!"

Xu Zihui felt irritated and roared, "I said let him go! Are you all deaf? This matter, if City Lord lays down the blame, I'll bear it alone!"

Those few subordinates still wanted to urge again. Xu Zihui glared fiercely and said in anger, "Say any more, and I'll exterminate the few of you!"

Seeing that Xu Zihui's expression did not seem to be joking, these few subordinates finally did not speak again.

But Ye Hang had a blank look as he said, "Senior, you took on such a heavy responsibility in order to let me go. May I ask why?"

Xu Zihui waved his hand and said, "I received kindness from Young Master Ye and seriously can't bring myself to take action. You should go!"

Ye Hang roused himself and said in great joy, "Yuan-er is really in Wu Fang City?"

Xu Zihui nodded his head and said, "Young Master Ye is indeed in the city! He previously entrusted me to find a husband and wife pair, but I didn't have any leads all along. To think that you were actually imprisoned in City Lord Manor by City Lord."

"Yuan-er, is he . . . well?" Ye Hang was somewhat anxious, yet fearful that he would lose it for a time.

"Huhu, Young Master Ye is a great character at the peak of his height right now in the entire Wu Fang City! Of course he's well." Xu Zihui briefly recounted the matter of him inviting Ye Yuan to Wu Fang City.

These two days, the Endless World's upper echelons were all discussing the matter of establishing the Endless Alliance. Many news had not spread out yet. With Xu Zihui's status, he still did not know what happened during the meet.

If he knew that Ye Yuan's current status could be comparable to those sect leaders, he would probably not be so worried either.

Ye Hang also felt rather unreal when he heard it. He had already not had Ye Yuan's news for over a year.

This one year plus, Ye Yuan actually grew to such an extent?

But thinking about Ye Yuan's heaven-defying performance in the State of Qin, perhaps he could really achieve it?

Musing for a moment, Ye Hang clasped his hands and said to Xu Zihui, "Junior has a presumptuous request. Can Senior please bring me to meet Yuan-er?"

Xu Zihui looked at Ye Hang and asked, "City Lord's control over Wu Fang City is extremely tight. You'll probably fall into his sights once you go there. Do you really want to go back?"

Ye Hang nodded and said, "My wife and son are both in the city. How can I leave alone?"

.....

Outside Wu Fang City, Ye Yuan pushed his movement technique to the limits. Behind him, Ren Yujie was secretly alarmed. He actually felt rather taxing following Ye Yuan!

Ren Yujie's talent was inadequate. Up till now, he was just early-rank Alchemy King strength too. But even so, he was also a true-blue Second Level Soul Sea.

With his realm, he actually could not keep up with a Second Level Sea Transformation?

No wonder this nephew of his could stir up the wind and rain in the Endless World's upper echelons meeting. His strength was actually so formidable!

Younger sister Ren Hongling lost the ability to become an alchemist. To think that she actually gave birth to such a heaven-defying son.

Truly, misfortune might be a blessing in disguise!

All of a sudden, Ye Yuan stopped.

"What is it?" Ren Yujie halted his footsteps too and asked curiously.

Ye Yuan heaved a long sigh and said, "Heaven has eyes. It was actually Xu Zihui in charge of carrying out the sentence. Looks like I'm going to owe Brother Zihui a massive favor."

As he was talking, a group of people walked out from the jungle . . .

Unrivaled Medicine God

Chapter 529: Forsaken by Loved Ones and Followers

At Feng Ya Pavilion.

Ye Hang and Ren Hongling hugged tearfully.

Ye Yuan watched this scene, feeling his heart ache very much too.

Along the way, Ye Hang already told everything to Ye Yuan, infuriating Ye Yuan greatly.

He never would have thought that Ren Xingchun was actually his blood-related maternal grandfather!

Furthermore, this old man was actually so unreasonable and impervious to reason!

Making a connection to Ren Xingchun's conduct in the Exquisite Jade Pavilion back then, Ye Yuan felt that this old man was simply incapable of being reasoned with!

Ye Yuan had occupied this body for a long time and had long taken Ye Hang and Ren Hongling to be his closest loved ones.

Ren Xingchun that old stick in the mud actually sentenced his own son-in-law to death because of this kind of laughable reason. It was simply preposterous to the max!

If Ye Yuan did not request Xu Zihui previously, if the one carrying out the sentence this time was not Xu Zihui, Ye Yuan would really have to part forever with his father.

With Ren Hongling and Ye Hang's love, she absolutely would not live on alone.

He already lost an Alchemy Emperor father. He did not wish to lose a lower realms father again!

With the scare after the incident, Ye Yuan's hatred of Ren Xingchun already reached the verge of erupting.

"Father, Mother, Yuan-er is incapable and made you two suffer!" Ye Yuan reproached himself.

Ye Yuan also sighed deeply in his heart. His current strength was still too weak!

If he had sufficient strength, Ye Hang and Ren Xingchun absolutely wouldn't have left by themselves, and also would not have feared that Ren Xingchun would harm him and not dare to even reveal his name.

Ren Hongling already recollected her emotions at this time and said to Ye Yuan with a smile, "Silly child. We can have today, your father and I are already with joy. Returning to Wu Fang City is your father and my decision. How can it be blamed on you?"

Ye Hang pulled a long face and said, "You rascally boy, don't take everything upon yourself!"

As he said, Ye Hang gave a sigh and said, "To really talk about incapable, Father is the most useless! Back then, I couldn't protect your mother and you well, and almost caused you mother and son pair to lose your lives. Father-in-law he couldn't accept his daughter becoming a cripple. I can understand that too."

These years, Ye Hang blamed himself very much secretly too.

Although he and Ren Hongling loved each other very much, he had indeed eloped with Ren Xingchun's daughter. And Ren Hongling back then was even Wu Fang City's future and hope.

When they escaped to the Southern Domain back then, they did not expect to run into a group of martial artists with malicious intentions.

Ren Hongling was pregnant at the time and accidentally affected the fetal circulation flow. At that time, Ye Yuan who was still in her womb was already in danger of dying.

In order to preserve Ye Yuan at that time, she poured all of her essence energy into her womb. But because her dantian was damaged, she herself became incapable of amassing essence energy again.

This increased the guilt in Ye Hang's heart even more.

It was precisely because so that he would think of returning to the Northern Domain and get Ren Xingchun's forgiveness.

But they never expected that Ren Xingchun was actually extreme to such a degree.

Seeing Ye Hang's expression, Ye Yuan's heart winced in pain, and he said solemnly, "Who said that Father is useless? Isn't it just a Peak Alchemy Sovereign? Father, your future accomplishments will surely be above his!"

Ye Hang laughed in spite of himself and said, "Silly boy, your grandfather is already standing at the pinnacle of the Endless World. Surpassing him, wouldn't I ascend to the Divine Realm?"

Ye Yuan laughed too and said, "What does ascending to the Divine Realm even count as? I've already realized now that the legacy I obtained absolutely far exceeds the Endless World's standards. Ascending to the Divine Realm is but a matter of time too."

Right at this time, an immensely powerful pressure enveloped the entire Feng Ya Pavilion. Everyone's faces changed.

Ye Yuan's expression darkened, and he said to Ye Hang and Ren Hongling, "Father, Mother, just stay here. I'll face-off with this old fellow!"

To be able to release such a powerful pressure, who else could it be but Ren Xingchun?

Towards Ren Xingchun, Ye Yuan did not have the least bit of a favorable impression.

Ye Yuan casually laid down a set of restrictions to stop the two of them from coming out, but he himself then turned around and went out. He wanted to have a look at just how much of a scoundrel this old fellow was!

Ye Yuan came out from inside the house. A slightly aged looking silhouette appeared in the courtyard. Who could it be but Ren Xingchun?

Bang!

At first sight, Ren Xingchun directly slapped a palm at Xu Zihui.

Xu Zihui, Ren Yujie, and Ren Dong were all in the courtyard waiting for Ye Yuan. Ren Xingchun actually did not say a word and directly made a move!

Disregarding that Xu Zihui did not dare to resist, even if he really resisted, it was impossible to be Ren Xingchun's match too.

This palm directly beat Xu Zihui to heavy injuries.

Seeing this scene, Ye Yuan was already enraged to the extreme and reproached indignantly, "Old fogey, you dare to make a move and hurt people!"

Ren Xingchun's temper was clearly not good either, and he likewise rebuked furiously, "Humph! Living off me but secretly helping others! Leaving him his wretched life is already showing mercy! Boy, isn't your hand extending a bit too long? Don't think that with Old Hai backing you up, I won't dare to do anything to you! You actually dared to interfere with my family affairs, even if I killed you, I believe that Old Hai would have nothing to say either!"

"Father, he is . . ." Ren Yujie anxiously tried to explain.

"You shut your mouth for this old man! Your gall is getting bigger and bigger now, to actually dare defy my orders! After I take care of this brat, I'll deal with you after!"

"Old fogey, if you have the capabilities, kill me together with them today too!" Ye Yuan said with a cold smile.

"Humph! Do you really take this old man to be made out of clay? Since you want to die, this old man will fulfill your wish!"

As he said, Ren Xingchun actually really lifted his palm and struck towards Ye Yuan.

Right at this time, Ren Dong stepped forward bravely and blocked in front of Ye Yuan.

"Grandfather, if you want to kill Master, then kill me off too!" Ren Dong said with cold eyes.

Ren Xingchun's expression choked up, and he said furiously, "You! Each and every one of you is rebelling! You move to one side for me!"

At this time, a beautiful profile slowly appeared in front of Ye Yuan and said coolly, "Apologies, Mister Ye. Originally, I didn't want to disturb you. But this place is too noisy."

Once Yue Mengli appeared, the power emitting faintly from her body immediately scattered Ren Xingchun's pressure in all directions.

Ren Xingchun's expression became apprehensive. Everything in this courtyard was under his control. But he actually did not discover just how this woman showed up!

Furthermore, the aura emanating off from this woman's body unexpectedly made him feel daunted!

There was actually such a powerful martial artist around Ye Yuan still?

What background did this boy have? He was seriously too mysterious!

Ye Yuan said with a laugh, "This old man only knows how to be fierce all day long. I want to see if his bones are really that tough! Li-er, help me take good care of this old fogey!"

Yue Mengli said apathetically, "Alright."

As she said, Yue Mengli gently lifted her finger. The situation in the entire courtyard changed drastically!

Ren Xingchun's expression changed dramatically when he saw the situation; his mouth was unable to close no matter what.

"Boundless Realm! This . . . This is absolutely the power belonging to Boundless Realm! This . . . How is this possible?"

Chapter 530: You're Regretting!

With Ren Xingchun's shout, everyone was taken aback from shock.

What kind of boundary Boundless Realm was, everyone present was all too clear.

This was power not belonging to the Endless World. How could it possibly appear on such a young girl?

But with Ren Xingchun's realm, how could he possibly identify wrongly?

With this, the gazes that everyone looked at Ye Yuan with underwent a change again.

A Boundless Realm expert actually willingly followed by Ye Yuan's side. What kind of concept was this?

Ren Dong was the first to react and begged Ye Yuan, "Master, although Grandfather he's rather overbearing, his offense doesn't deserve death! You . . . You let him go, alright?"

Ren Xingchun's mouth moved, wanting to say something, but he ultimately did not speak.

Facing a Boundless Realm experts, he seriously did not have any confidence to continue being arrogant.

Seeing Ren Xingchun's deflated look, Ye Yuan could not help feeling secretly pleased inwardly.

Yue Mengli could not really make a move. But using her move to deter a little was still very effective.

This kind of stirring up heaven and earth essence energy was just the effort of lifting a finger to Yue Mengli. But in the eyes of Divine Traversing Realms, it was a god-like realm.

A Boundless Realm in the Lower Realms represented invincibility!

Even with Ren Xingchun's domineering character, he did not dare to act rashly in front of Yue Mengli either.

"Forget it, forget it. Li-er, put it away. Who asked me to take in such an obedient disciple. If I killed his blood-related grandfather, this master and disciple relation wouldn't carry on well in the future," Ye Yuan deliberately said with an emotional sigh.

Yue Mengli nodded and kept her aura, becoming a harmless little girl again. She then stood behind Ye Yuan.

Ren Dong was 'sold' by Ye Yuan without even him knowing it. Seeing Yue Mengli cease, he could not help being overjoyed and said, "Thank you, Master! Thank you, Master!"

Ren Xingchun also recovered at this point. Hearing Ren Dong calling master over and over again, he could not refrain from saying angrily, "Dong-er, what are you calling him? What right does he, a Sea Transformation Realm brat, have to be your master?"

Ren Dong shook his head and said, "He's not my Martial Path master but my Alchemy Path master!"

Ren Xingchun was stunned. The flames which were just suppressed shot up all at once with a roar again.

"With Grandpa teaching you alchemy skills, you actually still acknowledged others as your master? Ignoring that you acknowledged a master, Ye Yuan is at the very most just a Quasi-Alchemy King too. What right does he have to be your master? Have you lost your mind?"

"Grandfather, I'm very clear about what I'm doing! Although Master he can only refine Quasi-Tier 4 medicinal pills, the profoundness of his Alchemy Path knowledge far exceeds yours! As the saying goes, those who reached first can teach! He can naturally be my master!" Ren Dong said.

Only now did Ren Xingchun recall Ye Yuan's performance at the Thousand Query Wall. Back then, he stopped Ye Yuan from continuing to challenge. If he really carried on, how many questions Ye Yuan could answer was really hard to say.

Looking from this, Ye Yuan's Alchemy Path standards actually far surpassed his present realm.

As long as his boundary reached, the standards of the medicinal pills refined would greatly surpass those of the same rank.

Like this, Ye Yuan being Ren Dong's master did not seem to be unjustifiable.

Ren Xingchun discovered that he could not do anything to this youth before his eyes at all.

He had a Boundless Realm fighter, and his own alchemy knowledge was also very heaven-defying.

Martial Path and Alchemy Path, he actually could not match up to a brat who was still wet behind the ears. This made the arrogance in heart and haughty in manner Ren Xingchun feel very aggrieved.

"Stinking brat! Quickly hand over Ye Hang and my daughter! This is my family matter! It isn't your turn to interfere!"

Ren Xingchun talking right now was not as confident as earlier. He did not even dare to say threatening words.

But Ye Yuan said coolly, "They are right inside this house behind me. If you have the capabilities, you go and bring them out yourself."

"You!"

Ren Xingchun took a look at the Yue Mengli behind Yue Mengli and nearly spewed out a mouthful of old blood.

If I could beat her, I would have long brought them out! Why would I waste my breath with you?

Ren Xingchun sucked in a deep breath and reined in his impatience as he asked Ye Yuan, "Fine. Then I ask you, what is your relationship with them? Why do you want to save them?!"

But Ye Yuan did not answer. He just looked at him with a smile that wasn't a smile.

When these words came out, Ren Xingchun himself was stunned for a bit too.

He was originally in the midst of anger and did not think deeply about this matter.

Now that he asked, he thought of a possibility.

Ye Yuan was surnamed Ye. Ye Hang was surnamed Ye too. Moreover, calculating according to the time, Ye Hang and Ren Hongling had also left the Northern Domain for 18 to 19 years already; just nice coinciding with Ye Yuan's age.

Shouldn't be . . .

Ren Xingchun seemed to have thought of something and abruptly turned his head to asked Ren Yujie, "You all knew long ago?"

Ren Yujie forced a smile and said, "I only knew today as well! It was Sister's one sentence which shocked me awake thoroughly. That's why I took the risk of Father laying down punishment to bring her to find Ye Yuan."

Ren Xingchun was stupefied and asked, "What did Hongling she say?"

"She said, if Brother-in-Law died, she absolutely wouldn't live on alone! And if Ye Yuan knew that they died in your hands, he'll surely come to find you to take revenge in the future! She didn't hope to see this kind of human relations tragedy to happen to our Ren Family! When I knew that Sister's son was Ye Yuan, I knew that he completely had this capability to come and find you to take revenge in the future!"

Hearing these words, Ren Xingchun was secretly alarmed.

Was there a need to wait for the future?

Ye Yuan had a seemingly Boundless Realm expert beside him right now. He wanting to kill him was simply something effortless!

Even if he did not rely on this Boundless Realm, with Ye Yuan's degree of monstrosity, maybe in less than five years, he would not be his match anymore!

He had such a heaven-defying maternal grandson, but he also almost killed his son-in-law. Why did this sort of thing seem so absurd?

Except that Ren Xingchun never would have dreamed that Ye Yuan this gradually rising genius martial artist was actually his own maternal grandson!

This grandson should originally have been the entire Wu Fang City's pride. But now . . .

This was the first time in his life that Ren Xingchun felt somewhat regretful.

For so many years, he stood by his words. He wanted the entire Wu Fang City to all listen to him.

His daughter fell for a bottom-level alchemist; he wanted to use forceful means to separate them.

Now, that alchemist brought sincerity and brought his wife to come and apologize to him; instead, he wanted to kill that alchemist.

"You're regretting!" Ye Yuan's voice suddenly rang out.

Ren Xingchun was startled. This boy actually saw through his thoughts?

"You're regretting that a junior which even Old Hai regards highly was actually your own grandson, but you didn't know!"

"You're regretting that this grandson can give your Wu Fang City, can give your Ren Family limitless reverence and benefits, but you wanted to kill his father!"

"You're regretting that such an outstanding grandson, but you offended him thoroughly!"

"But have you thought about that if I was just an ordinary person, would you still regret the things that you did last time?"

"If I were just an ordinary person, my corpse would probably be lying in this courtyard right now already, right?"

"Therefore . . . you're just an utter and complete self-centered person! In your eyes, only your paramount status is the most important!"
