Chapter 531: Hitting the Nail on the Head

Each sentence that Ye Yuan had uttered struck Ren Xingchun's heart like a heavy punch.

Such an outstanding junior was absolutely what every family clan were extremely eager for.

Even using one's heel to think about it, one would also know that Ye Yuan's future accomplishments would surely be extraordinary.

But now, Ren Xingchun had offended this descendant thoroughly.

Of course, offended means offended. If it were an ordinary person, Ren Xingchun could capture him back to discipline him strictly.

But the problem was that he could not do anything to Ye Yuan at all!

"Humph! What do you know at your young age? Everything that I do is for the sake of the Ren Family! If there wasn't me, how could the Ren Family quash the Cao Family and firmly occupy this Wu Fang City's highest position?"

Ren Xingchun was very conceited. Even if he felt regret over Ye Yuan in his heart, it was also not possible to lower his head to Ye Yuan this junior.

Furthermore, he did not feel that what he did was in any way wrong.

This was the most crucial!

"Hahaha! You, this old man, are really amusing! Is this game of deceiving yourself and others very fun?" Hearing Ren Xingchun's words, Ye Yuan burst into laughter.

The mockery in the laugh was revealed completely.

Ren Xingchun said with a black face, "Deceiving myself and others? Wu Fang City is already managed by me tight like an iron bucket. Who dares to say a word of no to my orders?"

"Like an iron bucket is it? Maybe! It's just that, this is only temporary! If your words are really the law in this Wu Fang City, on that day when I challenged the Thousand Query Wall, you shouldn't have been standing on the Cao Family's side. You should have been kicking them while they are down to pull the Cao Family up by the roots! You didn't dare to do this because the Cao Family's bedrock is too deep. And this Wu Fang City's prestige still needs the Cao Family to maintain it, and not you, this City Lord!"

Ye Yuan continued with a cold smile and said, "The Cao Family is just on the decline temporarily. Their foundation is right there. Sooner or later, there will come a day when they will rise up once more. And you . . . are just an upstart. Without a bedrock, without any future! After you pass your peak period, Wu Fang City will change hands once more! Actually, you yourself realized this point too, right?"

"Humph! Dong-er talent greatly surpasses that Cao Fang. You saw it yourself too. As long as Dong-er matures, the Cao Family still will be trampled underfoot by our Ren Family!" Ren Xingchun continued to be stubborn.

Ye Yuan said with a smile, "I don't deny this point. But do you really feel that Ren Dong can take on the heavy responsibility all by himself? What can you leave for him? A powerful family? Cao Family is indeed inferior to Ren Dong, but they are just Quasi-Alchemy Kings after all. At Alchemy King this level? Alchemy Sovereign this level? The Cao Family can invite so many Alchemy Sovereign experts every five years. Those people didn't come on account of your face. They came for the Cao Family! In terms of foundation, in terms of connections, in terms of talents, the Ren Family doesn't have a single one that can beat the Cao Family!"

Ye Yuan's words shattered Ren Xingchun's sense of superiority to dust.

Ren Xingchun opened his mouth but did not know how to refute.

His entire person seemed to have been sapped dry. It was as if his whole person aged greatly instantaneously.

Ye Yuan's words hit the nail on the head. He had no way of refuting at all.

The Ren Family's few years of flashiness were just on the exterior. Ren Xingchun had long realized the Ren Family's crisis. Hence, he groomed Ren Hongling and the Ren Dong later on without sparing any effort.

But just as Ye Yuan said, the Ren Family's foundation was too shallow and simply could not be compared with the Cao Family.

Within the Cao Family's third generation, indeed, there was nobody who could surpass Ren Dong. But the Cao Family's second generation was much stronger than the Ren Family's!

In the Cao Family's second generation, just the Alchemy Sovereign experts numbered quite a few. Who dared to guarantee that among these people, there wouldn't be a peak Alchemy Sovereign being born in the future?

As long as a peak Alchemy Sovereign appears in the Cao Family, his position as the City Lord would be in imminent danger!

And the Ren Family only had Ren Yujie this early-rank Alchemy King.

Ren Yujie was quite talented in the area of managing the city. But, on the alchemy path, it was rather forceful for him.

Ren Xingchun spared no effort to quash the Cao Family on the one hand. On the other hand, he had no choice but to borrow the Cao Family's prestige to strengthen Wu Fang City's rule.

The hardships in between this, only he himself knew.

Who could have thought that such a young youth actually saw through the Ren Family's peril at one glance?

It was precisely because of so that after Ren Xingchun knew Ye Yuan's identity, he became even more dejected.

Ren Xingchun very much wished that Ye Yuan could become a member of the Ren Family. But his personality was like this. He would not lower his pride to say some submissive words. His attitude was still very unyielding.

Ye Yuan ignored Ren Xingchun's awkwardness. He went to Xu Zihui's side and poured essence energy from his palm into Xu Zihui's body.

Ye Yuan could only refine Tier 4 medicinal pills right now. It could not have much of an effect on Xu Zihui at all.

But Ye Yuan had many ways of treating people. Although his realm was not high, using essence energy to help Xu Zihui ease his wounds was still doable.

Before long, Xu Zihui's complexion became a little rosier. Although his wounds were not healed yet, he could still labor to say some words.

The conversation between this grandfather and grandson, although Xu Zihui was unable to stick a word in, he still took it all in.

Honestly speaking, he felt that City Lord was very impressive all along. But he did not think that the City Lord Manor's crisis actually already reached such a state.

It was precisely because of so that he admired Ye Yuan even more.

This boy was so young. Not only was his strength and means extremely formidable, but his visual prowess also greatly surpassed ordinary people. His future accomplishments were boundless!

"Thank . . . Thank you very much, Young Master Ye!"

Xu Zihui forcefully propped himself to stand up and wanted to give a bow to Ye Yuan. But Ye Yuan stopped him and said unhappily, "Disregarding that you got injured because of me, just based on our friendship, is there a need to say a word of thanks?"

Xu Zihui went blank and could not help being overjoyed in his heart.

Hearing Ye Yuan's tone, he took him as a sworn friend for life or death!

Although his realm was much higher than Ye Yuan's, to be able to be recognized by Ye Yuan at this time, he could not contain the joy in his heart.

To be able to become friends with a peerless prodigy like Ye Yuan, others could not accomplish this even if they were envious!

Xu Zihui nodded hard at Ye Yuan to express that he understood.

Seeing this scene, Ren Xingchun's face became even blacker.

This brat was so polite to his own subordinate. But to himself, Ye Yuan had the manner of keeping him a thousand miles away.

Definitely did it intentionally for him to see!

Xu Zihui saw Ren Xingchun's face too and could not help smiling bitterly as he said, "Young Master Ye . . ."

"Brother Zihui don't need to be courteous with me. Directly call my name, or call me younger brother." Ye Yuan interrupted him

Xu Zihui was blank. He nodded and said, "Then I won't be melodramatic. Ye Yuan, I know that I'm an outsider, but can you allow me to say a few words?"

Ye Yuan nodded slowly. The meaning was clearly permitting it.

Xu Zihui was secretly relieved, and he opened his mouth to say, "I never would have dreamed that you're actually City Lord's grandson! I've followed City Lord for many years. His grace to me is as heavy as a mountain! Even if he really killed me, I wouldn't have any complaints either. But seeing you grandfather and grandson wrangling until like this, I really feel very upset!"

Chapter 532: Lowering One's Head

Talking up to here, Xu Zihui sneaked a glance at Ye Yuan, only seeing that he did not have a displeased look.

Xu Zihui pluck his courage and said, "You are blood-related kin in the end. Even if City Lord has all kinds of faults, the fact that he's your grandfather can't be changed. Since you're all one family, why is there a need to cause a scene to such an extent? Regardless of what he has done, his original intention was for the Ren Family, no?"

But Ren Xingchun was enraged when he heard that, "Xu Zihui, do I need you to poke your nose into other people's business? How can this City Lord's merits and faults be appraised by you?!"

Ren Xingchun thought very highly of Xu Zihui all along. Otherwise, that blow just now, Xu Zihui would have already gone to the western paradise.

But no matter how highly he regarded him, Xu Zihui was also just a subordinate of his.

A subordinate saying his master had 'all kinds of faults' in front of his face, with Ren Xingchun's temperament, how could he preserve face?

Ye Yuan said with Xu Zihui with a smile, "You see, he doesn't care about your kindness!"

But Xu Zihui did not have any embarrassed look and shook his head as he said, "City Lord's temper, I'm aware. This life of mine was given by City Lord. Whether he accepts my grace or not is his problem. But whether I do it or not is mine! Since Ye Yuan you have a good opinion of me and call my Brother Zihui, then even if I die, I'm also not willing to see you grandfather and grandson fall out and become enemies."

Ye Yuan glanced at Xu Zihui and shook his head as he said with a sigh, "Brother Zihui is very loyal. To be able to make friends with Brother Zihui is truly Ye Yuan's fortune!"

Ye Yuan's words were naturally not said for fun. If there weren't Xu Zihui, Ye Hang would probably be long dead at this time already. And the current situation would also definitely not be how it was right now.

If Ye Hang really died, Ye Yuan would surely go into a frenzied state. Even if Ren Xingchun were Ye Yuan's grandfather, he would definitely kill him personally too.

Ye Yuan recognized Ye Hang this father, but it did not mean that he recognized Ren Xingchun this 'grandfather'!

If he really killed Ren Xingchun, Ye Yuan would not have any psychological burden at all.

If not for Xu Zihui this person being so upright, even if he knew Ye Yuan and Ye Hang's relationship, he might not be able to withstand Ren Xingchun's pressure and take a principled action.

Ren Xingchun's prestige all these years in Wu Fang City was still exceedingly terrifying.

This situation currently, although Ye Yuan was extremely displeased, it was still not at the extent of falling out entirely. Especially under the circumstances where he held the initiative.

Ye Yuan slowly came in front of Ren Xingchun and extended his hand to say, "Give it!"

Ren Xingchun was stunned. "Give what?"

"Healing medicinal pills!" Ye Yuan said coolly.

Ren Xingchun looked at Ye Yuan and glanced at Xu Zihui again, his expression flickering continuously.

He knew that this was the last chance Ye Yuan was giving him. If he refused to give the medicinal pills, his relationship with Ye Yuan would most likely be unable to be mitigated forever.

Ren Xingchun could sense that Ye Yuan's stubbornness was absolutely not beneath his.

But handing over the medicinal pills was equivalent to him lowering his head to Ye Yuan.

He injured his subordinate but used his own medicinal pills to heal. This by itself was a form of submission. Yet, Ren Xingchun was an extremely tyrannical person. There had only ever been others lowering their heads to him. Where was there the part of him submitting to others?

Everyone held their breaths, awaiting Ren Xingchun's choice.

With this falling out, Ye Yuan and the Ren Family would probably have no way of getting together again.

Xu Zihui did not say anything by the side. He had interacted with Ye Yuan for a period of time too and more or less understood a bit of Ye Yuan's personality.

He was extremely domineering facing a leviathan like the Myriad Sword Sect and directly detained Qin Hongtao's grandson.

Now, facing a Ren Xingchun, Ye Yuan being able to do it to such a step was already giving him tremendous face.

As for how he chose, it would be up to Ren Xingchun himself.

Ren Xingchun felt his heart beat very fiercely. He froze there without moving for a long time.

He never thought that he would actually be checkmated by his own grandson.

Facing Ye Yuan's overbearingness, Ren Xingchun actually had dread in his heart!

Ren Xingchun was perfectly clear about Ye Yuan's ability. Once the Ren Family had Ye Yuan, it was far from as simple as having a descendant with an exceptionally promising future.

Ye Yuan's prowess by itself was already ample to astonish everyone!

The Cao Family's dread towards Ye Yuan right now simply could not be described using words.

Originally, Ren Xingchun was also extremely wary of Ye Yuan. But if Ye Yuan joined the Ren Family, the Cao Family was completely nothing to be scared of!

With Ye Yuan, the Ren Family would have an additional living Thousand Query Wall!

"Faster! My patience has a limit!" Ye Yuan said with a frown.

Ren Xingchun drew a deep breath and took out a Tier 4 healing medicinal pill from his storage ring. He slammed it sullenly on Ye Yuan's palm.

Seeing this scene, everyone heaved a long sigh in relief.

Ye Yuan lightly swept a glance over the medicinal pill in his palm and said disdainfully, "A dignified peak Alchemy Sovereign can only refine this sort of rubbish medicinal pill? Forget it, who ask me to be unable to refine Tier 4 medicinal pills. Brother Zihui, you make do with these and take them."

As he said this, Ye Yuan casually threw the medicinal pill to Xu Zihui.

Ren Xingchun's face went black, and he said furiously, "Stinking brat, this Azure Flower Jade Dew Pill is the highest grade healing medicinal pill in Wu Fang City! You actually say that it's rubbish?"

Ye Yuan said crossly, "An exalted peak Alchemy Sovereign refining a Tier 4 medicinal pill can only come out with just high-grade. You have the face to take them out?!"

Ren Xingchun said with a cold smile, "Who doesn't know how to brag?! If you have the capabilities, refine one yourself for me to see!"

Ye Yuan chuckled but did not speak. But the contempt in his expression stimulated Ren Xingchun greatly.

He had yet to flare up when Ren Dong interjected, "Grandfather, if Master he broke through to the Alchemy King Realm, refining transcendent-grade Azure Flower Jade Dew Pills should be not an issue!"

"You rascal! Why are you helping outsiders? Also, he's your cousin! What are you calling him master for?!"

Hearing Ren Dong cut in, Ren Xingchun immediately blew up and directly shouted.

But Ren Dong grinned cheekily and said, "You already said that he's my cousin. How is it helping outsiders? Furthermore . . . we're each involved differently. It doesn't affect anything! Since I acknowledged Cousin as my master, he'll be my master in this lifetime!"

Ren Xingchun's face went black, and his figure moved, carrying Ren Dong in his arm.

"Stinking brat! Still being stubborn! Watch if I don't take care of you properly when we return! Also, you, Yujie! Go back and face the wall to reflect!"

As he said, Ren Xingchun's figure moved, vanishing from inside Feng Ya Pavilion.

Seeing Ren Xingchun's distant back view, Xu Zihui said gratefully, "Young Master saved face for City Lord. Zihui is endlessly grateful!"

Xu Zihui perceived that after Ye Yuan took the medicinal pill earlier, he deliberately displayed a disdainful look as an impromptu jest. This way, everyone would not appear to be overly awkward.

Although Ye Yuan forced Ren Xingchun to lower his head, he was after all one of the top alchemists in this small world.

This face still had to be given.

Ye Yuan had a black face as he said unhappily, "What young master? Why are you at it again? Just call me Ye Yuan in future! Over here at my place, you're not a subordinate but a friend!"

Chapter 533: The Cao Family's Distress

"What did you say? Ye Yuan is Ren Xingchun's grandson?"

These two days, the news that Ye Yuan was Ren Xingchun's grandson slowly spread out within Wu Fang City. The Cao Family was naturally among the first batch of family clans who were informed of this news.

When Cao Zheng heard this news, alarm and panic were all over his face.

This news was undoubtedly a bolt out of the blue to him.

How monstrous Ye Yuan was, Cao Zheng already had a taste of it.

His performance at the Thousand Query Wall made Cao Zheng unbelievably panic-stricken.

Originally, Ren Xingchun falling out with Ye Yuan at Exquisite Jade Pavilion even delighted Cao Zheng endlessly. Who knew that the situation would change drastically. News suddenly came from the Ren Family that Ye Yuan actually was Ren Xingchun's grandson!

Ye Yuan's realm was not high but was an exceptionally troublesome character. Not only was his alchemy knowledge extremely terrifying, he even had the support of the Three Sects and Qi Hai behind him. He was simply unshakable by anyone.

Such an existence became a member of the Ren Family. This simply could be said to be a catastrophic disaster for the Cao Family!

The Cao Family's greatest confidence and reliance right now were the Thousand Query Wall. Yet, this confidence in front of Ye Yuan could not withstand a single blow.

If Ye Yuan was not a Ren Family member, for the sake of Wu Fang City's collective interest, Ren Xingchun had no choice but to stand on the Cao Family's side.

But, if Ye Yuan became a Ren Family member, the situation would be entirely different.

With Ye Yuan's alchemy knowledge, he could completely come and challenge the Thousand Query Wall's seventh level directly. Even if the challenge was not successful, as long as Ye Yuan's performance was sufficiently heaven-defying, he could also push the Ren Family's prestige to another height.

At that time, the Ren Family completely did not need to rely on the Cao Family's prestige anymore.

Because Ye Yuan was another Thousand Query Wall!

Ren Xingchun had long viewed the Cao Family as a thorn in the side. If he had a living Thousand Query Wall like Ye Yuan, it was impossible for him to let go of the chance to suppress the Cao Family!

"Yes! The information is already confirmed! Back then, Ren Xingchun's youngest daughter eloped to the Southern Domain with an Alchemy Master without any background, and she gave birth to a boy in a mortal kingdom. That boy is Ye Yuan!"

The one talking was Cao Zheng's eldest son, Cao Kun. At present, he was already an early-rank Alchemy Sovereign expert.

Entirely different from Cao Fang being utterly suppressed by Ren Dong, Cao Kun was an elite among the Cao Family's second generation, standing out above the entire city!

Apart from Cao Kun, the Cao Family still had a number of sons who were all Alchemy King experts.

Compared to Ren Yujie, it was seriously way stronger!

These few sons of Cao Zheng were the people Ren Xingchun was wariest of. Especially Cao Kun. It was very likely for him to impact through the realm of peak Alchemy Sovereign in the future.

As long as the Cao Family gave birth to another peak Alchemy Sovereign expert, the Cao Family's declining trend would gradually turn around.

These few years, Cao Zheng had always been enduring silently. It was for the sake of waiting for Cao Kun to rise up.

But Ye Yuan's appearance completely ruined his plans.

Cao Zheng sucked in a deep breath. He sat back down onto his seat with tightly knitted brows.

This news was too shocking. He was caught somewhat off-guard.

"Any other news?"

Cao Kun's expression was not too good either as he said, "Some news even came out of City Lord Manor. It's just that I don't know if it's true or false."

“Speak!”

“It’s said that Ren Xingchun will send out a public notice two days later to announce an important issue! Although it’s uncertain what it is, it may be assumed that it can’t be not related to that Ye Yuan!”

Cao Zheng felt an incredible headache. Originally, in this Wu Fang City, the momentum of all of the luck was gradually leaning towards the Cao Family.

Yet, Ye Yuan’s appearance completely turned the situation around.

After a long time, Cao Zheng looked his son and asked, “How much strength . . . do you feel that Ye Yuan really has? I’m talking about . . . Thousand Query Wall!”

That day when Ye Yuan challenged the Thousand Query Wall, although Cao Kun wasn’t present, he researched Ye Yuan’s answers carefully after the incident too, and it actually gave him a feeling of suddenly seeing the light.

As a Cao Family descendant, the most important thing was to study the Thousand Query Wall.

Cao Kun as an Alchemy Sovereign expert was very clear about the Thousand Query Wall’s seventh level’s questions.

Ye Yuan’s answers made him have a feeling of sighing at his own inferiority.

This youth was too strong!

Cao Kun mused for a moment and smiled bitterly as he shook his head and said, “I really have no way of estimating! Although Ye Yuan only answered 20 questions, these 20 questions, he answered all of them directly; virtually without even thinking time! More importantly, all of his answers leave no room for criticism and completely can’t pick out any fault! This shows that these 20 questions were very easy for him. As for where his limit lies, most likely, nobody knows! Unless . . .”

Cao Kun did not finish saying. But Cao Zheng understood his meaning.

Unless Ye Yuan continued challenging the questions in front, otherwise, nobody knew where his limit lies!

The Thousand Query Wall’s seventh level could be said to be a deity-like existence. Even though these 20 questions were only ranked at the back of the seventh level, the difficulty involved already represented the Endless World’s pinnacle standard.

But it was this pinnacle standard that was like child’s play in front of Ye Yuan, utterly without any difficulty in the slightest.

So where Ye Yuan’s limits lay, nobody knew either.

But the problem was, did the Cao Family dare to let Ye Yuan continue challenging their Thousand Query Wall?

When the mysterious veil of a holy land was uncovered layer by layer, then it could no longer be hailed as a holy land.

After a long while, Cao Zheng gave a sigh and said, "The Cao Family has lasted several thousand years and been through several times of prosperity and decline, but we pulled through all of it. These several decades, the Cao Family was suppressed by the Ren Family all along. Father has never given up before either. But now, sigh . . . You take your leave first. Let Father think about it properly . . ."

Seeing Cao Zheng's look, Cao Kun was downcast too.

His painstaking efforts these few years was for the sake of quashing the Ren Family. But now, because of the appearance of a Sea Transformation Realm youth, it vanished like soap bubbles. This made him have intense unwillingness in his heart.

It was just that so what even if he was any more unwilling?

What Cao Zheng wanted to think about, Cao Kun naturally knew. He wanted to think about how to let the Cao Family carry on surviving!

Was a colossal family clan with a lineage of several thousand years actually facing annihilation?

.....

City Lord Manor, Ren Yujie was currently a guest at Ren Hongling's residence.

Ren Yujie said with a smile, "Hongling, you and Brother-in-Law lived a vagrant life outside these few years. You must have really suffered considerable hardships! Now, Father finally thought it through. Our family can finally sit down properly and have a chat."

But Ren Hongling was displeased as she said, "What thought things through?! If it wasn't for Yuan-er, how could he have possibly thought it through? Furthermore, my husband and I have already treated the State of Qin as our home these few years. Where is there suffering hardships?"

Ren Yujie was a goody-two-shoes. Hearing that Ren Yujie was still full of grievances, he was feeling rather awkward.

Ye Hang could only come forward to smooth things over. He said, "Hongling, although our family went through quite a lot of twists and turns during this period, it also considered a happy ending right now. Past matters, just let it go."

In truth, how could Ye Hang not have resentment in his heart?

But Ye Hang's disposition was magnanimous, and his tolerance was outstanding. He had long come to accept everything.

In Ye Hang's heart, Ye Yuan's current accomplishments were extraordinary. Ren Hongling could return to the Ren Family too. He no longer had any worries in his heart.

The various things in the past, he did not have anything he could not get over too.

[Unrivaled Medicine God](#)

Chapter 534: Announcing to the Entire City

Hearing Ye Hang said so, Ren Hongling had nothing much to say as well.

Although Ren Hongling was resentful towards Ren Xingchun in her heart, she was Ren Xingchun's daughter after all.

With this matter being able to be resolved perfectly, Ren Hongling was naturally very happy in her heart too.

"Actually, Ye Yuan's words that day shook Father up greatly. These two days, his attitude when speaking to me was much better than before. Intentionally in his words and in a roundabout manner, he had remorse towards the two of you. It's just that due to pride, he couldn't come over to find you guys," Ren Yujie said.

Ye Hang waved his hand and said, "Past matters are already over. City Lord is a senior after all. How can we let him come and apologize?"

Ren Yujie nodded his head and said, "I wonder what plans Brother-in-Law have from here on?"

Ye Hang said, "I've already discussed with Hongling. After some time, we'll return with Grand Elder Skymaple back to the Tranquil Cloud Sect. That is Yuan-er's home. It's naturally our home too."

Ren Yujie smiled bitterly and said, "Are you guys still harboring resentment towards Father in your hearts?"

Ye Hang shook his head and said, "What's Elder Brother talking about? Now that my wish is fulfilled, there isn't any resentment. It's just that we understand Yuan-er. He definitely won't be some young patriarch in this Wu Fang City. He will return to the Tranquil Cloud Sect. Hongling's and my greatest worry is Yuan-er. We're naturally unwilling to leave him."

Ren Yujie came to a realization. He said, "Actually, me coming to find you guys today was Father's intentions. He has an idea and wants to seek your opinions."

Ye Hang and Ren Hongling exchanged glances and were slightly a bit surprised.

Ren Yujie would actually seek the two of their opinions when doing things. It made them very surprised.

"Elder Brother, please say," Ye Hang said.

"Actually, Father felt that he owes you guys too much these few years and wants to hold a make-up wedding for you. At the appointed time, he will announce to the entire Wu Fang City and apologize to you guys for the incident back then! It's just that he was embarrassed to ask you. So he sent me to consult your opinions," Ren Yujie said.

Ye Hang could not help being stunned when he heard that. He did not quite dare to believe that Ren Xingchun would actually do something like this.

Back then, he had experienced Ren Xingchun's high-handed personality many times. Coming to Wu Fang City this time, Ren Xingchun's behavior went from bad to worse.

To think that after experiencing the incident two days back, Ren Xingchun would actually undergo such a huge transformation!

Ye Hang knew that this was all changes which Ye Yuan brought to him.

One had to admit that this suggestion of Ren Xingchun still made his heart palpitate with excitement.

He brought Ren Hongling and traveled far away to the Southern Domain back then. But Ren Hongling conceived Ye Yuan along the way. Then, later on, they settled down in the State of Qin. He and Ren Hongling actually never held a presentable ceremony between them before.

Although Ren Hongling followed him out of her own free will, he still felt like he owed her in his heart throughout.

With a time interval of many years, if he could hold a grand and spectacular ceremony, it could also be considered a compensation to Ren Hongling, right?

Especially this time. It was going to be held with Ren Xingchun's blessings. The significance was naturally extraordinary.

Except, making Ren Xingchun inform the entire city, this sort of thing was a bit too damaging to one's face. This point made Ye Hang hesitate.

Ye Hang looked dearly at Ren Hongling. Ren Hongling smiled gently and said, "All up to Husband to make the decision."

The two of them had helped each other in humble circumstances and had long known what the other was thinking. Just one look and Ren Hongling knew what Ye Hang was worried about.

Ye Hang felt grateful inwardly and said, "Hongling, after we return to the Tranquil Cloud Sect, I'll invite Grand Elder Skymaple to take charge and hold a make-up ceremony.

But Ren Yujie's expression changed and he said, "You'd rather go back to the Tranquil Cloud Sect than be willing to accept Father's apology? Isn't doing this too overboard!"

Ye Hang shook his head and said, "Elder Brother, you're mistaken! City Lord is the ruler of a city. His status is comparable to the Three Sects' old ancestors. How can we let him do such a thing?"

"Uncle, you go and tell that old man. About this matter, I'll agree on Father's behalf." Right then, Ye Yuan's voice came over from outside the door.

Ye Yuan slowly walked into the room and came before Ye Hang and said, "This is what that old man owes you, and it is also what you deserve! *Heh heh*, looks like that old man isn't stupid. He knows to use you guys to tie me down! But I have to admit that him doing this thing is quite in line with what I want."

Ye Hang was stupefied by what Ye Yuan said. This boy was too impolite to his elders when talking.

But Ye Yuan was no longer the former Ye Yuan. He was already a great figure who could command a region!

Although that face was still somewhat childish and tender, he had already grown into a towering tree.

Towards Ye Yuan, Ye Hang had long not used the mentality of treating little children to treat him.

Although he felt that Ye Yuan's attitude was rather inappropriate, he did not say anything either.

“Yuan-er, this isn’t very good, right? After all, he’s your grandfather,” Ye Hang used a consulting tone and said.

Ye Yuan said with a smile, “*Heh heh*, I didn’t acknowledge that he’s my grandfather. The Ren Family doesn’t have anything to do with me at all! To me, you and mother are the most important people! That old man harmed you guys and even almost killed you. Although I didn’t haggle over it, it doesn’t mean that he doesn’t need to pay a bit of a price! Furthermore, do you think that informing the entire city is very detrimental to him?”

Ye Hang was dazed as he said, “Isn’t that so?”

Ye Yuan shook his head and said with a smile, “The martial artist world has always been talking using strength. Although alchemists are slightly different from martial artists, they similarly use strength to talk! That old man’s strength is formidable enough. Even if there are nastier scandals, what loss is there to him? But for him announcing to the entire city and acknowledging you as his son-in-law, is equivalent to acknowledging me as his maternal grandson. This will only make his position, the City Lord, be even more secure!”

This was not Ye Yuan blowing his own trumpet, but it was a fact.

Ye Yuan’s alchemy strength was a sea-stabilizing divine needle to the future Ren Family!

So what if the second generation had a declining trend? So what if the Cao Family’s foundation was deep?

These things were all too weak to take a single blow in front of Ye Yuan!

Ye Hang was not a foolish person. Hearing Ye Yuan say this, he immediately understood what was happening.

But he did not have any resentment towards Ren Xingchun. For Ren Xingchun to do so, the price paid was also big enough.

A character who stood at the pinnacle of a world’s Alchemy Path like Ren Xingchun, making him come forward to openly admit his fault seriously needed immense courage.

Let alone a person with Ren Xingchun’s character. Wanting to do such a thing required even greater courage.

For Ren Xingchun to be able to do it to such an extent, it could be said that he was sincerely repentant. It could also be said that he was genuinely considering for the Ren Family’s future.

Once Ye Hang figured it out, he was no longer conflicted. He nodded and said, “Alright then. You make the call for this matter. *Oh*, right, weren’t you in closed-seclusion? Why did you exit seclusion so quickly?”

Ye Yuan said smilingly, “You’re going to host a grand wedding ceremony here. How can I, as your son, not present a lavish gift?”

As he said, Ye Yuan took out two small medicinal bottles and placed them in Ye Hang’s hand.

Unrivaled Medicine God

Chapter 535: Resplendent Jade Pill

Ye Yuan pointed at one of the small bottles and said, "Father is already at the peak Crystal Formation Realm. This Sea Expanding Pill can help you to open up an essence energy sea and advance to the Sea Transformation Realm!"

Ye Hang was overjoyed when he heard that. He knew that Ye Yuan had a mysterious master who taught him and had countless pill formulas in his brain.

He had never heard of this Sea Expanding Pill before. But since Ye Yuan took it out to give to him, it was likely not an ordinary medicinal pill.

Ever since cultivating in the Spirit Bristle Nine Yang Divine Art and Thousand Augmenting Soul Incantation, Ye Hang's cultivation advanced with giant strides. In this short year, he already cultivated to the peak of Crystal Formation Realm.

Shattering the core and forming the sea was a crucial step to martial artists. This Sea Expanding Pill was naturally the most suitable for Ye Hang.

"Then the other bottle?" Ye Hang asked curiously.

Ye Yuan said with a smile, "The medicinal pill inside the other bottle is called Resplendent Jade Pill. This medicinal pill can directly act on the martial artist's dantian, repairing the dantian's damage. This medicinal pill is quite troublesome to refine, so it was delayed for some time."

Ren Hongling was slightly dazed and looked at the medicinal pill in Ye Hang's hands in disbelief.

Ye Hang sucked in a deep breath too and looked at Ye Yuan as he said, "You mean that this medicinal pill can repair your mother's dantian and let her amass essence energy anew?"

Ye Yuan nodded his head with a smile and said, "That's right. In the past, I overlooked it and never thought that Mother was actually a martial artist too! Since I'm already aware of it now, I naturally have to think of ways to remedy it."

After rebirth, Ye Yuan practically spent all of his time being busy and completely did not notice Ren Hongling's dantian damage.

Seeing that her body did not have the slightest trace of essence energy undulations, he even thought that she was just a normal person.

Hence, when he heard that Ren Hongling lost her essence energy completely as a result of saving him, apart from being moved, Ye Yuan wanted to think of ways to help her recover even more.

Although who Ren Hongling saved was just his predecessor, the previous Ye Yuan, to the present Ye Yuan, it was not any different.

By the side, Ren Yujie had shock written all over his face too. The dantian was where the foundation of martial artists lied but was also the most sensitive and fragile place.

Once the dantian was damaged, it could be said to be a catastrophic blow to martial artists. Unless there were some heaven-defying fortuitous encounter, otherwise, it would basically be ruined in this lifetime.

Pill formulas which restored the dantian were exceedingly rare. Furthermore, the refining difficulty were all extremely great.

In the Endless World, there were simply no dantian restoring pill formulas. Or else, with Ren Xingchun's cultivation, he would definitely have long refined it for Ren Hongling.

At Ye Yuan's level, refining this Resplendent Jade Pill took such a long time too. It could be seen just how hard it was to refine this sort of medicinal pills.

Ordinary alchemists, even if they had the pill formula, might not be able to refine it either.

Hence, the astonishment in Ren Yujie's heart could be imagined.

Ren Hongling's entire body trembled all over with agitation. She looked at Ye Hang with tears in her eyes and said, "Husband, to think that I can actually become an alchemist again one day!"

Ye Hang burst into laughter and said, "Hongling, you gave birth to a fine son! Hahaha!"

Although Ren Hongling assisted her husband and brought up her son with a mortal's identity for over a decade, this did not mean that she had no attachments towards alchemy skills.

One could only say that Ye Hang's and Ye Yuan's importance to Ren Hongling far surpassed her attachment toward alchemy skills. It was because of this that she could suppress her dreams so composedly for so many years.

But it was merely suppressed. Back then, Ren Hongling only got together with Ye Hang because of alchemy skills. Her feelings towards alchemy skills were naturally needless to say.

Now, she could actually become an alchemist once again. The agitation in Ren Hongling's heart could be imagined.

Although it was delayed for over a decade's time, Ren Hongling's age to martial artists was not considered too old. She still had hoped to climb to the summit of the Alchemy Path.

Ren Yujie heaved a sigh and said, "It's you guys who gave birth to a fine son together!"

.....

Four hours later, in Ren Xingchun's study room.

"What?! You said that Ye Yuan refined a dantian restoring medicinal pill? Not only did Hongling recover essence energy now, she even broke through to Alchemy Grandmaster?" Ren Xingchun nearly jumped up when he heard this news.

Ren Yujie nodded and said, "Yes. I witnessed it with my own eyes. Hongling consumed the Resplendent Jade Pill that Ye Yuan refined and started closed-seclusion. When she came out again, she was already Alchemy Grandmaster realm!"

"Huuu . . ." Ren Xingchun sucked in a deep breath. He was digesting this news.

"Oh right, after Hongling exited seclusion, Brother-in-Law had entered closed-seclusion too. Ye Yuan refined a type of medicinal pill for him called Sea Expanding Pill. It's said to be able to help him breakthrough to Sea Transformation, and become a Quasi-Alchemy King!" Ren Yujie said again.

Ren Xingchun looked at Ren Yujie and seriously did not know what he should say.

The formidability of this grandson of his still greatly exceeded his expectations.

No wonder Old Hai viewed Ye Yuan so importantly. Looks like Ye Yuan obtained some heaven-defying lucky chance and had already far surpassed the Endless World this small world.

With Ren Xingchun's strength and status, he could naturally discern what level Ye Yuan's talent was at.

At the very least, this Endless World's standards was unable to groom such a freak.

Like this, then Ye Yuan's lucky chance could only be inherited from . . . the Divine Realm!

Associating it to that exceptionally powerful woman around Ye Yuan again, it seemed like the various clues all pointed to the Divine Realm hazily.

To lower realm martial artists, the Divine Realm was an extremely mysterious world. That place represented power and limitless possibilities.

Only after a long time, did Ren Xingchun give a deep sigh and said, "I really didn't think that Ye Hang and Hongling actually gave birth to such an amazing son! That . . . The matter of hosting a make-up wedding ceremony for them, have they agreed?"

Ren Yujie recounted Ye Yuan's words exactly as it was, leaving Ren Xingchun at a loss whether to cry or laugh.

"This boy is really sharp! Looks like it was indeed not a coincidence that he could have today's accomplishments! Forget it, forget it. As long as it can make this brat satisfied, I'll throw out this old face! Yujie, you declare an announcement tomorrow. Say that I, Ren Xingchun, found my long-lost daughter, and I want to hold a make-up wedding for her. The entire city will celebrate together!"

.....

The next two days, this matter become the hottest topic in the entire city.

Especially among the major factions, they placed immensely close attention to this matter.

At the Alchemist Association, Dan Chenzi looked at Wu Xuan and said, "I really didn't expect that Ye Yuan is actually Ren Xingchun that old fellow's grandson! He really picked up a treasure! Looks like this Wu Fang City's power arrangement will thoroughly change. Wu Xuan, your relationship with that Ye Yuan isn't bad. You must maintain it well! This boy's origin is definitely not simple. Presumably, he has countless intricate ties with the Divine Realm."

Wu Xuan forced a smile and said, "I also didn't think that Ye Yuan actually still had such an identity! But through these few days of interaction with him, I discovered that Ye Yuan is a person who differentiates kindness and grudges clearly. As long as our Alchemist Association doesn't take the initiative to provoke him, he won't have any ill intentions towards us."

Dan Chenzi nodded and said, "It's also thanks to Ye Yuan that I can finally refine the Dragon Tiger Mighty Soul Pill! With this Dragon Tiger Mighty Soul Pill, it can be assumed that the day of me ascending to the Divine Realm won't be far off! I'll start my closed-seclusion from tomorrow onwards. The matter of that wedding, it will be you making an appearance then. Remember to help me send a big gift over."

Chapter 536: Congratulatory Gift

On this day, the City Lord Manor was decorated with lanterns and decorations, bustling with a jubilant air.

Under Ren Xingchun's overbearing nature, City Lord Manor had always been filled with a lifeless atmosphere. There wasn't even a person who would dare to talk loudly.

It had already been God knows how many years since this City Lord Manor was so crowded.

The City Lord Manor's entrance was crowded with people. Those watching the show and delivering congratulatory gifts practically blocked up the entire street in front of the entrance.

"City Lord actually issued a self-admonishing edict! This is truly unprecedented!"

"Yeah. City Lord has a paramount position, dictating the world. He had always been very domineering. This time, he actually issued a self-admonishing edict for the sake of his daughter and son-in-law. It really comes as a huge surprise!"

"*Heh*, you aren't aware yet, right? City Lord issuing a self-admonishing edict was not because of his daughter and son-in-law. It was because of his maternal grandson! There, it's that young man receiving guests at the entrance!"

"How did you know?"

"My brother-in-law's wife's younger sister's third aunt is a maidservant in City Lord Manor. This matter had long spread in the City Lord Manor! This grandson of City Lord is very formidable. I heard that he nearly overturned the Cao Family's Thousand Query Wall! With City Lord accepting this grandson, the City Lord Manor's strength will become even greater!"

There were no walls without any cracks in this world. Moreover, Ren Xingchun did not plan on controlling these rumors this time. Hence, it slowly spread out from the City Lord Manor as well.

Furthermore, broadcasting Ye Yuan's reputation would only be more beneficial to the City Lord Manor.

Today, Ye Yuan took the initiative to be together with Xu Zihui and took on the task of welcoming guests.

For Father and Mother's big wedding, him, as the son, naturally had to wait upon cautiously.

"Alchemist Association, Elder Wu Xuan has arrived!"

The voice had yet to fade, and Wu Xuan came forward to Ye Yuan with a big laugh. He said, "Younger Brother Ye, congratulations, congratulations!"

"*Haha!* Elder Brother came really early! Quickly have a seat inside!" Ye Yuan said with a laugh too.

“No rush to sit! No rush to sit! Younger Brother, today is your father’s joyous day! This congratulatory gift from Elder Brother can’t be missing! But this gift of mine is offering a present provided by somebody else. Younger Brother, please don’t get mad,” Wu Xuan said with a laugh.

Ye Yuan waved his hand and said, “What is Elder Brother saying here? You being able to come is already giving me tremendous face! How can I dare to get mad?”

“*Haha!* Then that’s good! Young Brother, clear away all the wine at the main banquet! Change to mine!” Wu Xuan said with a mysterious smile.

Ye Yuan’s eyes lit up when he heard that. Could it be that this old man fermented the Immortal Remembrance Jade Brew so quickly?

Wu Xuan saw Ye Yuan’s eyes and knew that the latter already guessed it. He immediately no longer held Ye Yuan in suspense. Extending a hand and waving, he said, “Come, men. Carry all of the wine inside!”

A group of servants carried loads and walked out from the crowd. Ye Yuan’s eyes swept over. There were actually as many as 20 barrels!

20 barrels of wine was nothing. But, 20 barrels of Immortal Remembrance Jade Brew was sufficient to cause a stir throughout the entire Wu Fang City!

These wooden barrels were all made from Southern Sandalwood. Although they were all sealed off, the fragrance overflowed, immediately intoxicating a stretch of people.

“What alcohol is this? So fragrant!”

“It’s already so fragrant without breaking the seal. If I can have a taste, I’d be willing to even die!”

“*Heh*, ignorant and ill-informed much? I smell this alcohol fragrance, it must be that legendary Alchemy Sovereign, Fu Yunjing’s Immortal Remembrance Jade Brew! I had once smelled before the alcohol fragrance several hundred feet away. It made me reminiscence for several days!”

“It’s actually Immortal Remembrance Jade Brew! My God! Isn’t this the fine wine that Alchemy Sovereign Fu Yunjing hoards? Why is there so many all at once? Furthermore . . . why would it be delivered by Master Wu Xuan?”

“That, I don’t know! Moreover, I smell that this alcohol fragrance is actually even more aromatic than the last time. The quality of these Immortal Remembrance Jade Brew is probably even above the wine brewed by Alchemy Sovereign Fu Yunjing!”

Twenty barrels of Immortal Remembrance Jade Brew. It immediately caused an uproar among the surrounding crowd.

The Immortal Remembrance Jade Brew was very renowned in Wu Fang City. Many people had only heard of its name but never seen it. Being able to have the opportunity to smell the alcohol fragrance from far away once was already the good fortune of three lifetimes.

But today, Wu Xuan brought out 20 barrels in one go. It was seriously too astonishing.

Many martial artists were drooling ceaselessly, envious to death of those who could take a seat at the banquet and drink this wine.

Ye Yuan saw the situation and could not help laughing in spite of himself and said, "Elder Brother is so ostentatious! Alright, then I'll take it first. Thank you, Elder Brother!"

"*Haha!* What's still there to thank between us? Furthermore, I'm just presenting Buddha with borrowed flowers here. I'm only responsible for providing the ingredients! *Oh*, right, I still have a congratulatory gift over here. It's Chairman's. He's currently in closed-seclusion right now refining pills, so he can't come here personally. But he made me bring his gratitude over!"

Wu Xuan smiled and took out a long sword. Chilly air overflowed from it.

Those onlooking martial artists could feel that oppressive freezing air separated by a distance of several hundred feet away. This was still under the circumstance where Wu Xuan did not use essence energy.

Ye Yuan took over the long sword from Wu Xuan's hands and praised, "Fine sword!"

Wu Xuan said with a smile, "This sword's name is called Xuanying Sword; it is a low-grade profound artifact."

Ye Yuan nodded his head and said with clasped hands, "Elder Brother help me thank Lord Chairman on my behalf when you return!"

This congratulatory gift from Dan Chenzi was given to Ye Hang and wife in name. Actually, it was prepared for Ye Yuan.

Profound artifacts were different from spirit artifacts; two entirely different concepts.

Spirit artifacts that were any more expensive could also be bought on the market using essence crystals. However, profound artifacts had the demand but no supply. Even if you had plenty of essence crystals, it's still very hard to buy them from some trading companies.

Profound artifacts were basically all weapons used by Divine Traversing Realm experts. They were extremely rare in the Endless World.

Dan Chenzi gave a low-grade profound artifact with his opening move. It could be said to be extravagant.

But Ye Yuan did not have any psychological burden. Because he helped Dan Chenzi complete the Dragon Tiger Mighty Soul Pill!

The value of this medicinal pill, others were unaware, but how could Ye Yuan not know?

Accepting a profound artifact of his was already him suffering a loss.

But Dan Chenzi being able to remember to give him a gift counted that he had the heart too.

Furthermore, following the rise in Ye Yuan's strength, Canghua Sword was already gradually becoming somewhat lacking. And Canghua Sword's quality already reached the limit. If more restrictions were added, there was the risk of shattering.

Although he was unable to unleash the full power of the Xuanying Sword right now, it was much more powerful than Canghua Sword.

This was also just Ye Yuan. Taking another Sea Transformation Realm martial artist, they could only just use some high-level spirit artifact.

But Ye Yuan's martial techniques were overly heaven-defying. Ordinary spirit artifacts could not unleash the true power of his sword moves.

Ye Yuan and Wu Xuan had some small talk for a while, then Wu Xuan went inside to take a seat.

Before long, the servant called out once again, "Cao Family's Family Head has arrived!"

The expression on Cao Zheng's face was rather dim. He saw Ye Yuan and forced a smile to congratulate, "Little Brother Ye, congratulations! Congratulations!"

Arrivals were guests. Ye Yuan obviously would not reach his hand out to smack a smiling person. He replied with a smile, "Thank you very much."

Ye Yuan knew that Cao Zheng did not spend these few days very well. But he did not care about it much either.

Since Ren Xingchun was still technically his grandfather, Ye Yuan naturally had to lean towards the Ren Family. As for how the Cao Family would be, Ye Yuan was unconcerned.

However, Ye Yuan knew that Cao Zheng definitely would not come empty-handed today. He had to at least show a little something.

Indeed, Cao Zhen fished out a slip of paper from inside his sleeves and passed it to Ye Yuan, saying, "This old man slightly prepared a modest gift. I hope that Little Brother Ye can kindly accept it."

Ye Yuan reached his hand out to take the slip of paper and could not help being slightly stunned.

Chapter 537: Opening a Forum and Giving a Sermon

"The Cao Family's big gift is rather weighty!" Ye Yuan looked at Cao Zheng and said with a half-smile.

The corners of Cao Zheng's mouth twitched, and he forced a smile as he said, "Little Brother Ye is too kind! Your father's grand wedding, as a part of Wu Fang City, my Cao Family naturally have to prepare something presentable."

Ye Yuan nodded slightly and passed the slip of paper to Xu Zihui and said, "Brother Zihui, I'm overwhelmed by this big gift from the Cao Family. You'd better present it to Old Master directly."

Xu Zihui was rather baffled listening to the two people's conversation earlier.

The thing that Cao Zheng handed over seemed to be a contract. Was it possible that the City Lord Manor was directly giving business to City Lord Manor?

Such a gift definitely could not be said to be simple.

He received the contract from Ye Yuan's hands doubtfully and gave it a brief glance. His entire person trembled involuntarily and almost threw the slip of paper away.

Xu Zihui took a look at Cao Zheng and glanced at Ye Yuan again. The astonishment in his heart could not be any greater.

What was in his hands was indeed a contract. Except that this contract was not some ordinary business from the Cao Family, but the Exquisite Jade Pavilion which was renowned throughout the entire Northern Domain!

This was the Cao Family's largest business. It was also the most profitable business!

However, this was not the most important thing. The most important thing was that inside the Exquisite Jade Pavilion had the Thousand Query Wall!

The Thousand Query Wall's significance to the Cao Family simply could not be converted using essence crystals!

That was where the foundation of the Cao Family lied. It was also the foundation which the Cao Family relied on to survive!

Without the Thousand Query Wall, the Cao Family was just an ordinary alchemy family too. They will be no different from the Ren Family.

Moreover, without the Thousand Query Wall, it was simply impossible for the Cao Family to be City Lord's match. They would be completely suppressed very soon.

Was Cao Zheng's brain damaged? Or else, why would he use this sort of thing for a congratulatory gift?

"This . . . This . . ." Xu Zihui wanted to say something but did not know what he should say.

Cao Zheng looked intently at Ye Yuan and suddenly turned around to say to everyone in a loud and clear voice, "Everybody, today, borrowing City Lord daughter's grand wedding date, my Cao Family will be giving the Exquisite Jade Pavilion as a gift. From today onwards, Thousand Query Wall will be officially owned by City Lord Manor!"

The flesh on Cao Zheng's face was twitching. But he still said firmly, "Thousand Query Wall had never been the Cao Family's Thousand Query Wall, but all of the Endless World's alchemists' Thousand Query Wall. The Cao Family had always treated the Thousand Query Wall as our private property. Truly an injustice to everyone! Wu Fang City being the Endless World's alchemy holy land, the Thousand Query Wall ought to be managed by City Lord Manor!"

Finished talking, Cao Zheng's entire person seemed to have aged greatly.

The Cao Family's painstaking work for several thousand years, he gave it away with both hands just like this. This was a tremendous test to him.

Even Ye Yuan did not expect that Cao Zheng would actually have such great breadth of spirit either, directly giving Exquisite Jade Pavilion to City Lord Manor.

The Thousand Query Wall indeed did not post much of a challenge to Ye Yuan.

But when Ye Yuan was challenging the Thousand Query Wall, he also deeply experienced the Thousand Query Wall's prowess.

Although he only answered the last twenty questions, not one of these twenty questions did not represent extremely high standards.

The crystallization of the Endless World's Alchemy Path powerhouses' wisdom these several thousand years was absolutely not an undeserved reputation.

Cao Zheng's words shocked all the martial artists present until they were tender on the inside and crispy on the outside.

"What? The Cao Family can actually bear to hand the Thousand Query Wall to City Lord Manor! This . . . Just why is this?"

"This is a major epoch event to the Endless World's alchemy world! How is the Cao Family still going to compete with City Lord Manor without the Thousand Query Wall?"

"This Cao Zheng isn't an impersonator, right? This kind of thing mustn't be joked around!"

Everyone was speculating the intentions behind this action of Cao Zheng. But no one could have guessed that Cao Zheng was actually fearful of the youth in front of him!

Although some people also guessed clues from Ye Yuan challenging the Thousand Query Wall, it was still very hard for them to link this kind of major thing to Ye Yuan.

This was an insane move!

What in the world was Cao Zheng afraid of?

Cao Zheng had fought in the dark with Ren Xingchun for so long. How could he possibly make such a move?

Ye Yuan glanced at Cao Zheng and was also slightly in admiration of his breadth of spirit.

This kind of swift and opportune decisiveness was not what everybody could have.

"Since Cao Family Head is so generous, my City Lord Manor naturally won't be stingy either! From tomorrow onwards, I will open a forum and give a lecture in Exquisite Jade Pavilion for five consecutive days. As long as they are alchemists, they can come and listen to the lecture!" Ye Yuan suddenly said in a loud voice.

"What? That young man wants to open a forum and give a lecture? Who is he? So arrogant!"

"Are you kidding? That's the City Lord's grandson. He challenged twenty questions from the seventh level at the Thousand Query Wall a few days back. Moreover, all of them were answered correctly!"

"No way, right? Looking at his age, he's just 17 to 18 years old. How can he have such profound and deep alchemy knowledge?"

"Heh, that, I don't know! But you mustn't underestimate him because of his young age! I heard a story that City Lord issuing a self-admonishing edict this time was because of this grandson of his! Perhaps . . . this action of the Cao Family is due to him too!"

"This . . . How is this possible? A 17 year old youth can actually caused such earth-shattering impact?"

"I only heard it. Up to you to believe it or not. But in my opinion, it's not far off!"

.

Ye Yuan's words stirred up a great disturbance in the crowd. The Thousand Query Wall changed owners; the one opening a forum and giving a lecture was actually not the City Lord but his grandson!

Ye Yuan's heaven-defying performance mostly circulated around the Endless World's upper echelons.

And these ordinary martial artists' and alchemists' understanding of Ye Yuan was extremely limited.

But one could also tell from the news that had spread out that this youth was absolutely out of the ordinary.

It was just that opening a forum and giving a lecture was not something that normal people dared to do. Today, in front of so many people, Ye Yuan made such a promise. Did he have the ability to keep it?

A minority of the people believed it. But the vast majority of the people did not believe this.

A 17 years old youth saying to open a forum and give a lecture. This was simply a joke.

Many people believed that Ye Yuan would definitely be replaced by the City Lord a few days later; the City Lord would be the one giving the lecture.

The Thousand Query Wall changing owners and then the City Lord, His Excellency, coming forward to open a forum and give a lecture was something justifiable.

Ye Yuan's experience was too shallow and was simply incapable of suppressing the scene.

The reason why Ye Yuan did this was naturally that he had his own ideas.

Now that the Fierce Gale World was glaring at them like a ravenous tiger, to the Endless World's alchemists, even if they could increase a tiny bit of strength, it was still good.

Hence, he would rather waste five days to host a forum and give a lecture. Perhaps it might let some alchemists glean considerable gains?

Furthermore, since the City Lord Manor took over the Thousand Query Wall, they had to at least have some indications, to let these alchemists submit wholeheartedly.

Ye Yuan did not like Ren Xingchun that old man. But Ye Yuan still had another plan.

The position of the next City Lord, he would accept it on Ye Hang's behalf!

With him around, Ye Hang would surely break through to Alchemy Sovereign Realm within ten years. There was nobody more suitable than him to take over Wu Fang City.

Father had been nursing grievances for so many years. He got to at least hold his head up high!

Chapter 538: Everyone Present

Cao Zheng looked deeply at Ye Yuan and said with clasped hands, "Then I'll have to trouble Little Brother Ye. Tomorrow, this Cao will definitely be there to listen to Little Brother Ye's lecture!"

Cao Zheng's words were equivalent to tacitly acknowledging the reality of Ye Yuan opening a forum and giving a lecture.

His attitude caused a stir in the crowd once again.

With the Cao Family's foundation, he was actually going to listen to Ye Yuan's lecture!

Those onlooking martial artists and alchemists all looked at Ye Yuan with amazed eyes.

Right at this time, a servant called out loudly again, "Heavenly Martial Sect's Old Ancestor Ning, Myriad Sword Sect's Old Ancestor Qin, and Profound Ice Sect's Old Ancestor Jing Xuan, has arrived!"

"No way, right? The Three Sects' old ancestors are actually all here! What kind of status do they have? To actually turn up personally for the City Lord's daughter's wedding event!"

"Weren't the three old ancestors all preparing the matters concerning the establishment of the alliance? To actually find time out of their busy schedule to attend the wedding!"

"These three old ancestors aren't here on account of City Lord's grandson too, right?"

Ning Yixian trio's arrival caused a commotion.

Their identities were too high. Furthermore, when they were busy with official affairs, logically speaking, sending a Divine Traversing Realm expert from each sect over should be enough. No one could have thought that they would actually come here personally.

At this time, many people were already guessing that these three people came for Ye Yuan too.

"Hahaha! Younger Brother Ye, this old man came here to congratulate!"

Qin Hongtao's voice was like a great bell and actually had a very happy appearance. He grabbed hold of Ye Yuan's arm and appeared very close.

Ye Yuan was bewildered by this action of Qin Hongtao. He thought to himself if it was possible that this old man ate the wrong medicine?

If Ning Yixian took this kind of action, he would not be too surprised. But Qin Hongtao still had a considerable grudge with him. How could he have such an attitude?

Seeing Ye Yuan's dubious eyes, Ning Yixian explained with a smile, "Ever since Qin Yan returned from the Tranquil Cloud Sect trip, he reflected on the bitter lesson. A few days ago, he already broke through to the Sea Transformation Realm, becoming a Soul Sea Realm expert! After Qin Yan exited seclusion, he said that for him to be able to break through successfully this time, the person he was most grateful to was you! Huhu, for this matter, Old Man Qin even showed off in front of us for several days!"

Ye Yuan came to understand only when he heard that. It was just that he never expected that Qin Yan would actually break through so quickly.

From the Sea Transformation Realm to the Soul Sea Realm, there was an incredible barrier. It was the checkpoint of transitioning from the Lower Three Realms to the Middle Three Realms.

Even for Qin Yan, these peerless heaven's chosen, wanting to cross this hurdle required the accumulation of a very long period of time too.

Qin Yan, Guo Taoqun, and Yin Yanhua, these three people were originally running neck to neck. To think that it was actually Qin Yan who strode out this step first.

"Huhu, so that's how it is! Then I'll have to congratulate Old Ancestor Qin!" Ye Yuan cupped his fists and congratulated.

"Haha! Both of us together! Younger Brother Ye, don't need to be courteous with me. In the future, call me Elder Brother as well will do. Your father and mother returning to their family clan and getting married blissfully. I, as the elder brother, have to come and congratulate no matter what. This Goose Plume Treasure Armor was used by me in my early days. It's already infinitely close to a profound artifact," Qin Hongtao said with a loud laugh.

Ye Yuan's heart was moved. Defensive spirit artifacts were extremely hard to come by and tend to be much greater in value compared to offensive ones.

Although this Goose Plume Treasure Armor had not yet reached the level of a profound artifact, its value was already not beneath the Xuanying Sword which Dan Chenzi gifted.

This Qin Hongtao making a move was rather extravagant.

"You, this old man's opening move is the Goose Plume Treasure Armor. Doesn't that make it hard for the two of us? Fortunately, this old man, I, have preparations. Come, Ye Yuan. This is Earthcore Spirit Essence Milk. With your knowledge, you should know its value. It's absolutely not beneath that Goose Plume Treasure Armor of Old Man Qin!" Ning Yixian said with a smile.

"Ye Yuan, this is our Profound Ice Sect's specialty product, Iceheart Tranquil Lotus. This lotus will only bloom once every hundred years. Even in my Profound Ice Sect, it's an extremely rare object too," Jing Xuan said.

When Ye Yuan saw this Iceheart Tranquil Lotus, he could not help becoming wildly ecstatic in his heart.

He truly did not expect that the Iceheart Tranquil Lotus actually really existed in the Endless World!

This Iceheart Tranquil Lotus was a Tier 5 item. To people who cultivated in ice-attribute cultivation laws, it was a greatly beneficial item.

Even when swallowing it whole, it could also be comparable to ten years of bitter cultivation! To the Profound Ice Sect's martial artists, it was absolutely an extremely precious spirit medicine.

Of course, Ye Yuan was not concerned by this.

The reason why he was so elated was that this Iceheart Tranquil Lotus was a type of Tier 5 medicinal herb. It was also the mandatory material to refine the Tier 5 medicinal pill, Five-Revolutions Iceheart Pill!

This Five-Revolutions Iceheart Pill was a miracle elixir to treat the chronic disease in Lu-er's body!

For such a long time, Lu-er had been staying inside Ye Yuan's spatial spirit artifact all this while because she was unable to cultivate.

But Ye Yuan's current realm was unable to help Lu-er uproot the chronic disease. This had always been a worry for Ye Yuan.

This Iceheart Tranquil Lotus was very seldom seen. Ye Yuan even thought that it probably could not be found in the Endless World. Who knew that it was acquired without any effort at all! This was actually the Profound Ice Sect's specialty product!

As long as Ye Yuan broke through to Divine Traversing Realm, refining this Five-Revolutions Iceheart Pill would naturally be easily accomplished.

Ye Yuan contained the joy in his heart and said to the three people with clasped hands, "Many thanks to three old ancestors! Elder Brother Wu Xuan prepared Immortal Remembrance Jade Brew for everybody! Three old ancestors, please head inside to have a taste!"

Qin Hongtao's eyes lit up, and he said in ecstasy, "I've drunk the Immortal Remembrance Jade Brew once at Fu Yunjing's place. Until now, it still brings back endless aftertastes. Didn't expect that Wu Xuan that old fellow actually knows how to brew it too? Old Man Ning, Jing Xuan, hurry, hurry! I want to go and have a taste!"

Ning Yixian had clearly heard of Immortal Remembrance Jade Brew's great name before. At this time, his alcohol addiction flared up too. He said goodbye to Ye Yuan and went inside with Jing Xuan.

"Hahaha! Little Brother Ye, this old man came without an invitation. You mustn't blame me!"

Ye Yuan hurriedly went up to greet with clasped hands as he said with a smile, "What's Old Hai saying here? You're working hard for the common people in the world. How can Ye Yuan dare to blame you? Furthermore, my parents are just holding a make-up wedding. How can we dare to trouble Old Hai to grace us with your grand presence?"

Qi Hai said with a laugh, "Even if I'm any busier, Little Brother Ye's parents' great event, I have to rush over too! Here, this is an Ancient Tiger Bone which I acquired some years back in the Endless Forest. I don't have much use for it keeping it either. I'll give it to you as a gift then!"

Qi Hai's voice had yet to fade when a streak of white light flashed past and snatched away the tiger bone from Qi Hai's hands. It was precisely White Light.

Ye Yuan furrowed his brows and said, "White Light! Don't be rude!"

Qi Hai laughed and said, "Haha! No worries, no worries! This little white tiger of yours is really smart. Presumably, this tiger bone is very useful to him."

Qi Hai had seen before White Light around Ye Yuan long ago. He faintly sensed this little white tiger's extraordinariness.

If not for this, how could White Light possibly snatch away things from Qi Hai's hands with his present strength?

"Heh heh, Big Brother, I was too agitated just now! This tiger bone is very useful to me! I'll accept it on your behalf!"

As he said, White Light's figure moved, vanishing from everyone's sights.

Ye Yuan could not help smiling wryly. This fellow was so impolite to his elders.

Seeing that the time was almost right, Ye Yuan said to Qi Hai, "Old Hai, the auspicious hour is drawing near. I, as the son, can't screw up my parent's great event. Let's go in!"
