Chapter 601: Counter-Controlling Array Formation

“Then . . . when should we withdraw?” Su Hu asked powerlessly.

Him, as the city lord of a region, was naturally unwilling to leave his own territory.

Actually, in the end, he was still harboring some mentality of a fluke, hoping to be able to preserve Crimsonlight City.

How could Ye Yuan not perceive his thoughts? He said, “The sooner, the better. However . . . Wee have to make some preparations. Otherwise, leaving the city will be equivalent to courting death.”

Su Hu became spirited when he heard that and asked, “What kind of preparations does Mister Ye need to do?”

“City Lord, Your Excellency, arrange all the martial artists in the city sorted out according to their respective realms. Three days later, gather all the martial artists above Crystal Formation Realm together. Is there any difficulty?” Ye Yuan said.

Ye Yuan originally thought that Su Hu would reveal a difficult look. Who knew that he answered without even thinking about it, “Okay, no problem! Three days later, practicing field north of the city, I’ll gather everyone together.”

Seeing Ye Yuan’s expression, Su Hu said rather proudly, “When these martial artists entered the city, I already ordered people to register all the martial artists that swarmed into the city. What needs to be done now is merely sorting them out into categories. These few days, there were naturally also some people causing trouble in the city. They were all suppressed by me with strong means. Now, they all know my prowess, and nobody dares to cause trouble either.”

Ye Yuan was rather surprised as he said, “*Huhu*, City Lord has such skill! Since that’s the case, I’ll start my closed-seclusion now. Three days later, meet at the practicing field north of the city!”

Right at this time, a young man barged into City Lord Manor unceremoniously and yelled out at the top of his voice, “City Lord, things are bad! The grand array has lost control!”

Su Hu’s complexion darkened, and he reproached the youth who rush inside, “What’s the shouting and wrangling for? Didn’t you see there are guests present? The grand array is fine. No need for you to worry!”

This young man was precisely the young array master, Shao Siqi, who was managing the city protecting grand array. Only upon hearing Su Hu say so, did he notice the existence of Ye Yuan, the few of them.

But he still said in bafflement, “City Lord, how do you know that the grand array is fine? You sent a message earlier to let me mobilize the grand array to kill the people who barged into the formation. But I discovered that I simply couldn’t control the array formation anymore! *Ah* . . . These people can’t be . . . can’t be . . .”

Shao Siqi suddenly understood something, his gaze looking at Ye Yuan oddly.

Ye Yuan said, "That's right. It's me."

Shao Siqi's eyes went wide, and he said in disbelief, "You? How is that possible? You're only Sea Transformation Realm! How can you possibly make me lose control of the array formation? Those four people behind you are more like it!"

"Shao Siqi, you shut your mouth for me! Do you know that . . ."

Su Hu had a face full of awkwardness. This Shao Siqi dragged his skeleton out of his closet, making him very embarrassed.

Although Ye Yuan definitely knew long ago this order of his, saying it out was not too nice.

Now, this Shao Siqi was stumbling about too. Offending Ye Yuan, this little ancestor, was not something fun.

He was just about to reprimand Shao Siqi but was stopped by Ye Yuan with a gesture.

Ye Yuan said to Shao Siqi, "Don't believe? We can give it a try! As long as your array formation can touch a corner of my sleeves, count it as me boasting earlier. I'll apologize to you. How about it?"

Shao Siqi also had the temperament of a young man. Moreover, he was a Tier 4 array master and a Soul Sea Realm existence. How could he possibly be afraid of Ye Yuan, a Sea Transformation Realm?

Furthermore, Ye Yuan actually dared to look down on him like so. This made him even more displeased.

"Fine. Try it out then. Am I scared of you?"

Shao Siqi got cracking right away, directly taking out a black-colored flag and was going to set up an array.

When Ye Yuan saw this black-colored flag, his expression could not help turning intent. This was actually a low-grade profound artifact!

A Tier 4 array master actually had a low-grade profound artifact in his hands. This made Ye Yuan very surprised.

"Scarlet Fire Formation!"

Shao Siqi gave a light cry. A miniature array formation immediately condensed and formed. Clusters of fire instantly engulfed Ye Yuan.

The might of a profound artifact! Instantly completing an array!

Seeing this scene, everyone's faces changed, while Shao Siqi had a look of being pleased with himself.

Shao Siqi was just angry and wanted to embarrass Ye Yuan. This fire naturally could not burn people to death. It was only to make Ye Yuan a little ragged.

"What are you smiling for?"

Ye Yuan's words made Shao Siqi jump in fright. Earlier, everyone's attention was focused on the center of that bundle of flames, but they did not know since when Ye Yuan already changed his position.

Ye Yuan walked in front of the array formation and casually tapped a few times on the array formation. The Scarlet Fire Formation directly dissipated into nothing.

Shao Siqi's expression changed, and he deployed the black-colored flag once again, yelling out, "Dragon Trapping Formation!"

"Seven Carnage Formation!"

"Mystic Moon Formation!"

.....

Shao Siqi instant-casted over a dozen array formations in succession, each one more formidable than the other. But he simply could not touch Ye Yuan at all!

One had to know that instantly casting array formations would be very sudden to martial artists, catching them off guard. It was simply impossible to guard against.

Furthermore, Shao Siqi could also make out that actually Ye Yuan waited for his array formations to form each time, and then instantly cracking the formation and exiting, and not avoiding the array formations!

Looking at it this way, Ye Yuan's Formations Path attainments was very terrifying!

He instant-casted array formations, while Ye Yuan instantly cracked the formations!

Even Master, his elderly self, can not do it with such ease either, right?

Shao Siqi gritted his teeth and yelled out once more, "Roaming Dragon Golden Sword Formation!"

It was still instantly forming the formation, but the power of the array formation this time was clearly much stronger compared to that Scarlet Fire Formation from before.

This was a Quasi-Tier 4 array formation. A Tier 4 array master instant-casting a Quasi-Tier 4 array formation, even if it was relying on the power of a profound artifact, was already very heaven-defying.

Ye Yuan was only a Sea Transformation Realm martial artist. If following logical sense, this Roaming Dragon Golden Sword Formation was sufficient to trap Ye Yuan in the formation and kill him. At least, it would also severely injure Ye Yuan.

When the array formation formed, Shao Siqi entire person was like drained, panting heavily in exhaustion.

However, Shao Siqi's pupils suddenly constricted, as if he saw something beyond comprehension.

Only to see several streaks of golden light radiate out from inside the array formation, shooting towards Shao Siqi!

"Argh!"

Shao Siqi's rear end plopped onto the ground in fright, looking miserable.

Focusing his eyes and looking at those several streaks of golden light already vanished in the air long ago. Ye Yuan did not have the intention of hurting him at all.

But Shao Siqi still felt that it was beyond logic and above reason. Because the array formation that he laid down was actually seized control of by Ye Yuan instantly and launched an attack towards him!

Such means were truly inconceivable!

Even though Su Hu had long known that Ye Yuan came by passing through the array formation, witnessing him counter-control the array formations with his own eyes still blew his mind.

"Humph! Overestimating your own ability! Why haven't you left? Making a spectacle of yourself here?" Su Hu said to Shao Siqi fiercely, but gave him a look, indicating to him to quickly leave.

Shao Siqi final move clearly already crossed the boundaries of probing. Su Hu was afraid that it angered Ye Yuan and made him quickly leave for the best.

But Ye Yuan stopped it and said smilingly, "You're called Shao Siqi?"

Shao Siqi was still in a mess right now. Hearing Ye Yuan question, he nodded his head subconsciously.

"Your Formations Path level isn't bad. To actually be able to instantly cast a Quasi-Tier 4 array formation. I wonder if you have a master?" Ye Yuan asked once more.

Unrivaled Medicine God

Chapter 602: Plucking Heads

"My . . . My master is Yu Yichen, a Tier 5 high-rank array master," Shao Siqi said stammeringly.

By the side, Su Hu seemed to have understood something and hurriedly explained, "Master Yichen has already passed on ten years ago. Siqi he cultivates alone now."

Ye Yuan sized up Shao Siqi and said with a nod, "Since that's the case, I'll impart you a set of array formation. If you can comprehend it fully within ten days, I'll give you a good fortune. How about that?"

Shao Siqi was stunned. He still had not recovered to his senses yet now. A Sea Transformation Realm martial artist said that he was going to give him good fortune. No matter how one listened, it sounded somewhat comical.

Su Hu saw that he was in a daze and hurriedly ran over to slap the back of his head and said, "What are you still in a daze for? Quickly agree!"

"Ah?" Shao Siqi finally reacted and shook his head and said, "No. Master's grace to me is as weighty as a mountain. I won't switch to other factions!"

Su Hu was enraged when he heard that. He had a look of expecting better from someone as he said, "You simpleton! Master Yichen he has already passed on. Now that there's a better opportunity, you actually don't know how to cherish it!"

Shao Siqi said stubbornly, "Even though Master, his elderly self, is no longer around, I don't have plans to take on any more masters at all!"

Ye Yuan said smilingly, "No need you to go under my tutelage. I'm only doing this for the sake of completing other people's entrustment and giving you good fortune. As for how much you can comprehend, it'll be up to you. However . . . you only have ten day's time. If you still haven't comprehended after ten days, it shows that you don't have this qualification. City Lord, lend me your honorable manor's training room for use."

Shao Siqi was stupefied. He did not think that Ye Yuan would actually say such a thing.

In the training room, when 18 sword puppets appeared in front of Shao Siqi, he had a feeling of being punked.

"Tier . . . Tier 3 array formation?"

"You go and enter the formation and give it a try. But cracking the formation doesn't count. It must be fully comprehending the array formation," Ye Yuan said.

Cracking the formation and comprehending the array formation were two completely different concepts. With Shao Siqi's Soul Sea Realm strength, cracking the formation with force was also not an issue.

But to want to comprehend the Nine Revolutions Interlocking Formation, that was not so simple.

"Tch, a puny little Tier 3 array formation. What's the big deal? Don't need ten days. Three days are sufficient!" Shao Siqi said disdainfully.

He could instantly cast Quasi-Tier 4 array formations. He touched his heart and examined himself that comprehending a set of Tier 3 array formation was naturally nothing difficult. No matter how complicated this Tier 3 array formation was.

Ye Yuan laughed and said, "I've already lowered the degree of difficulty of this array formation a lot. But for you to want to comprehend within three days, it's still impossible."

With his Tier 9 array master Formations Path attainments back then, even he comprehended for quite a few hours. For a puny little Tier 4 array master to want to comprehend the complete version Nine Revolutions Interlocking Formation, it was virtually impossible.

When Ye Yuan was in the city protecting grand array, he already felt that this array master was not ordinary. Hence, that was why he had the thought of feeling him out.

Seeing that he could actually achieve instant-casting Quasi-Tier 4 array formations, it made Ye Yuan's eyes lit up, before deciding to fulfill Wei Xiao's entrustment and planned to pass Lu Linfeng's inheritance to Shao Siqi.

Furthermore, looking at it at present, Shao Siqi's character was still pretty good.

Shao Siqi had a face full of contempt and got up and landed in the array formation.

But once he entered the array formation, Shao Siqi immediately felt different. The contempt on his face immediately faded.

"This . . . Is this really a Tier 3 array formation? How can a Tier 3 array formation be so profound?" Shao Siqi immersed in comprehending the array formation very quickly.

When Ye Yuan saw this scene, he said with a smile, "Let him suffer here then. We have to go do proper stuff too."

Su Hu forcefully suppressed the shock in his heart and followed Ye Yuan out.

Level-headed disposition, formidable strength, exceedingly high Formations Path attainments. Just what kind of monster was a youth like this?!

.

Three days later, practicing field north of the city. Tens of thousands of martial artists made a miraculous trip. The scene was spectacular.

On the stage, Su Hu looked down with an awe-inspiring appearance. He said in a clear voice, "I believe that everybody also knows that Crimsonlight City is already a lone city. It simply can't be defended for more than a few days! The alliance sent Mister Ye forward to Crimsonlight City to lead everyone to break out of the encirclement!"

With this introduction of Su Hu's, below immediately broke out into a noisy mess.

"What? Sent a Sea Transformation Realm baby here to save us? Has the alliance already abandoned us?"

"A Sea Transformation Realm brat can still lead us to break out of the encirclement? What a joke!"

"A baby who's hair hasn't even finished growing yet. What can he do? City Lord, we'll fight with you, Let this baby get lost!"

"Hey, you all don't say that. Since the alliance sent this boy over, this boy must have aspects surpassing others in. Boy, if you have the ability, go outside the city and pluck some heads over for us to see. You coming here to bring us to break out of the encirclement, you got to at least let us see your strength, right?"

When this person spoke, it immediately incurred loud laughter.

Forget about Sea Transformation Realm, even a Peak Ninth Level Soul Sea strength like Su Hu did not dare to go out of the city to pluck a few heads either!

Ye Yuan beside Su Hu seemed to have long expected this sort of situation. He looked at that martial artist and said with a faint smile, "If I go out and pluck a few heads back, will you guys listen to me or not?"

"Oh? Really going for it? Hahaha! Sure. As long as you can pluck a few heads back, we'll all listen to you! What say you guys?" That martial artist said with a big laugh.

"Yes!"

"Yes!"

.....

The other martial artists obviously did not believe that a Sea Transformation Realm brat dared to go out of the city to pluck a few heads back and all hooted one by one.

The vast majority among these martial artists were all itinerant cultivators. Each and every one of them was used to being undisciplined and carefree. To subdue them was really not something that easy.

Even though Su Hu this city lord had done pretty well, he only used martial strength to suppress them and not really made them obedient.

Ye Yuan looked at that martial artist and said with a smile, "What's your name?"

"What? Remembering Your Father's name to find fault? Your Father does not change his name whether I travel or stay at home. I'm Chu Shi!" said that martial artist with his head held high.

This Chu Shi's strength was decent. It had already reached the Fifth Level Soul Sea Realm.

Just a Sea Transformation Realm brat, he naturally thought little of him.

There were so many people here. Could Su Hu really dare to kill people to their faces? If a riot really happened, Su Hu would be unable to bear the consequences of failure as well.

These itinerant cultivators were mostly stubborn and unruly people. Among them, greater attention was paid on the weak being prey and the strong feasting.

Want to let them submit, you must take out true strength.

Ye Yuan said with a smile, "Chu Shi, is it? I've memorized it!"

As he said, Ye Yuan's figure moved, vanishing before Chu Shi.

Those martial artists below all exchanged glances. There was actually nobody who saw clearly how Ye Yuan left!

Seeing this scene, Chu Shi's expression darkened. He said to the martial artist beside him, "I say, do you guys think that this boy really went outside the city to pluck heads?"

"Huhu, how is that possible? This brat's movement technique is just a bit more powerful. Just that bit of strength of his, how is that possible?" That martial artist replied.

His voice had yet to fade when Ye Yuan's figure already appeared on the stage once again.

And in his hands, he was currently grabbing a Fierce Gale World martial artist.

But when everyone looked over, their expressions changed!

[Unrivaled Medicine God](#)

Chapter 603: Distributing Medicinal Pills

"F-Fifth Level Soul Sea? My eyes aren't seeing things, right?"

"Less than a hundred breaths of time altogether, he actually went down to catch a Fifth Level Soul Sea Fierce Gale World martial artist?"

"This isn't a prop prepared in advance, right? Is that person really a Fierce Gale World martial artist?"

At first glance, when those martial artists saw this scene, it was in disbelief.

A Sea Transformation Realm capturing a Fifth Level Soul Sea back in such a short time. This was simply a joke.

But they abruptly came to realize the truth about one thing. The transmission arrays in the city were already totally destroyed. Outside had the Fierce Gale World's great army surrounding. How did Ye Yuan come in?

Inside the city was basically in the state of being sealed off. These martial artists simply did not know the commotion that happened outside the city a few days back.

Only at this time, did Su Hu voice out, "You all are probably still unaware. Several days ago, Mister Ye killed in all the way from outside! You all know the Fierce Gale World great army's main commander, right? Mister Ye fought a great battle with him outside the city, ending in a draw!"

With this, below immediately burst into an uproar.

"Killing all the way in? How is that possible? Could it be that this youth brought a large army over? But . . . where's the large army?"

"I heard before that that Fierce Gale World main commander is hailed as invincible under Divine Traversing Realm. This Sea Transformation Realm youth can actually fight to a draw with him?"

"I . . . I still don't believe it! This is too fake!"

That Fierce Gale World commander only had his essence energy sealed currently and was not dead.

Ye Yuan's palm force lightly spat. He was killed immediately!

"Looks like everybody still has doubts about my strength. Chu Shi, you get ready. I'm coming!" Ye Yuan said coolly.

In the crowd, when Chu Shi heard these words, his entire body tensed up, and his hair stood on its ends.

Actually, he already believed 70% of it. It was just that he never thought that Ye Yuan would actually really make an example out of him!

Without the slightest hesitation, Chu Shi used his strongest attack.

Yet, right at this time, Ye Yuan suddenly vanished in front of him.

"You're already dead," Ye Yuan's voice sounded out behind Chu Shi.

Chu Shi was taken aback with fright by Ye Yuan and turned backward, moving back several steps in a row. He saw that Ye Yuan was currently looking at him with a grin on his head and did not have the intention of making a move.

The originally clamoring practice field quietened down at this time.

The impact that Ye Yuan's strength brought to them was too strong!

Chu Shi's forehead was matted in cold sweat. He finally could not endure Ye Yuan's powerful aura and gave a bow and said, "Mister Ye, please forgive Chu Shi's offense earlier!"

Ye Yuan nodded his head and said, "No worries. I'm young; my cultivation realm is low. You guys looking down on me is normal too. But the reason why I captured this Fierce Gale World martial artist, apart from proving to you all that I have this capability to bring you guys out, is to tell you that the Fierce Gale World martial artists are not undefeatable!"

As he spoke, Ye Yuan leaped and went on the stage.

"Mister Ye, your strength is formidable. You're naturally not afraid of the Fierce Gale World martial artists. But we have all seen the Fierce Gale World martial artists. They are simply utter lunatics! We're really not a match!"

"Yeah. I've seen before from far away. The Fierce Gale World martial artists killed anyone they saw. Simply a bunch of butchers!"

"Their strength is really very strong. At the same realm, we're not their match at all!"

These people were all clearly frightened by the Fierce Gale World martial artists. Going out like this, they did not need to fight at all and would directly crumble.

"So, you all hide in Crimsonlight City, planning to be cowards for all your lives? Although you all are willing to be cowards, will the Fierce Gale World let you be? You guys don't really think that the Fierce Gale World won't send out Divine Traversing Realm experts forever, right? You are waiting for the alliance to send a large army to save you guys constantly. But do you all know that the alliance is also in an absolutely inferior position right now?! You guys are all martial artists! You should know the rule of the martial artist world! There is no savior in this world that can save you guys! Only yourselves!" Ye Yuan said in a cold voice.

Everybody kept quiet. Ye Yuan's words undoubtedly shattered their hopes completely.

Ye Yuan's meaning was very clear. The alliance was unable to even fend for itself right now. It was simply impossible to send a large army over to support.

Want to survive, they could only go and fight themselves!

However . . . the Fierce Gale World martial artists were so powerful. Their numbers had an absolute advantage too. How could they possibly break out of the encirclement?

At this time, Ye Yuan took out a storage ring and showed it in front of everyone, "In this storage ring, there are tens of thousands of Tier 3 and Quasi-Tier 4 medicinal pills. Now, each one of you gets one medicinal pill. These medicinal pills will help you all increase your strength greatly within a short period of time! Qin Yan, distribute the medicinal pills!"

Ye Yuan threw the storage ring to Qin Yan. Qin Yan received the order and went.

These medicinal pills were refined by Ye Yuan along the way. His current strength was already able to barely mobilize the Square Cauldron.

Along the way, the vast majority of Ye Yuan's time was all on refining medicinal pills.

Among these medicinal pills had Sea Expanding Pills, Sea Gathering Pills, so on and so forth. Ye Yuan already instructed Qin Yan to distribute the medicinal pills according to the martial artist's realm, letting them increase their cultivation realms to the greatest degree from there.

Ye Yuan had done this thing when he was at the Tranquil Cloud Sect. But his current strength was much more powerful compared to that time. Ten day's time refining tens of thousands of medicinal pills was nothing difficult.

Of course, this was also borrowing the power of the profound artifact, Square Cauldron.

"Medicinal pill? This is the straw that Mister Ye gave us to clutch at? What can one medicinal pill do?"

"Yeah. A medicinal pill can at most increase a little bit of cultivation. It's simply no use to the matter!"

"Normally, I'd definitely be overflowing with gratitude towards Mister Ye. But now . . . what freaking use does one medicinal pill have?!"

Those martial artists were all clearly unaware of how formidable the Sea Expanding Pill and Sea Gathering Pill was. Regarding Ye Yuan's 'taken for granted' action, they were very disapproving.

Ye Yuan did not explain either. He quietly waited for Qin Yan to distribute the medicinal pills.

According to Ye Yuan's instructions, the first to get the medicinal pills were those Ninth Level Crystal Formation martial artists.

After they got the medicinal pill, they directly swallowed it.

Before long, a series of essence energy storms howled in the practicing field. Those initially disdainful martial artists were finally visibly moved!

"Hahaha! I've already been stuck at Peak Crystal Formation Realm for many years! To think that I actually have a day where I break through to the Sea Transformation Realm!"

"I'm going to breakthrough too! This old man thought that it's hopeless for the rest of my life. Didn't expect that it can actually shatter the core and form the sea!"

"This medicinal pills is too miraculous! Turns out that shattering the core and forming the sea is actually so easy!"

.

Those martial artists who obtained the Sea Expanding Pill were all excited beyond words, shouting crazily.

Among these people, there were many martial artists who were stuck at Peak Crystal Formation Realm for many years. Their potential had already been exhausted, and there was simply no hopes of breaking through.

But the medicinal pill that Ye Yuan refined could naturally transform something rotten into something magical. Helping them breakthrough a puny little Sea Transformation Realm was still not an issue.

When those martial artists who had yet to get the medicinal pills saw this scene, they could not help exchanging glances.

The expression on their faces changed from the initial disdain to looks of anticipation.

Unrivaled Medicine God

Chapter 604: Special Training

“Lord Shangguan, what in the world happened over at Crimsonlight City? The nearby essence energies are gathering over there unceasingly. Seems like there is somebody breaking through cultivation realm. But such a colossal essence energy undulation, it’s probably impossible for a Divine Traversing Realm powerhouse’s breakthrough, right?”

The abnormal activity in the city alarmed the Fierce Gale World central army’s main tent very quickly.

And a subordinate just reported that Ye Yuan suddenly flew out of the city just now and directly captured a Fifth Level Soul Sea commander. This made Shangguan Lingyun’s brows furrow even more.

“This sort of situation should be a lot of people breaking through at the same time! Although I don’t know why, I think . . . it shouldn’t be unrelated to Ye Yuan!” Shangguan Lingyun said with a grave look.

“What? Such a massive commotion, there are probably hundreds or thousands of people breaking through. What capabilities does he have to actually let so many people broke through at the same time?” Deng Sheng exclaimed in shock.

“*Heh*, you are only aware of one aspect but ignorant of others. Not only is Ye Yuan’s Martial Path extremely strong, but his alchemy abilities are also unparalleled! He is Sovereign Star Abyss’s accomplished disciple. Furthermore, looking from all kinds of signs, Ye Yuan’s alchemy level is probably even above Sovereign Star Abyss’s eldest disciple, Shi Haoran!” Shangguan Lingyun said.

“How is that possible? Shi Haoran is an Alchemy King expert!” Deng Sheng said in amazement.

“*Huhu*, Ye Yuan is just Sea Transformation Realm, and even you aren’t his match. What’s strange about him surpassing Alchemy Kings in alchemy?” Shangguan Lingyun seemed to already be unfazed by the unusual regarding Ye Yuan’s monstrousness.

Deng Sheng was stunned and wanted to find some words to refute. But he could not find any reasonable rebuttal after thinking for a long time too.

Clearly, this sort of explanation did not make sense. But just why could he not find a reason to rebut?

Shangguan Lingyun’s aura suddenly became fierce and sharp as he said coldly, “Ye Yuan’s growth is too quick. If this continues, he will surely be our Fierce Gale World’s mortal malady! Looks like . . . the war has no choice but to escalate now. When will Lord Yunrong reach?”

Deng Sheng’s expression was slightly apprehensive, immediately understanding Shangguan Lingyun’s meaning.

Once Divine Traversing Realm powerhouses got involved, the war would be much more miserable.

“The preparation over there is already almost done. Lord Yunrong will reach the latest half a month later!” Deng Sheng said.

But Shangguan Lingyun frowned slightly and said, “You go and send a message to Lord Yunrong again. Make him be sure to reach within ten days! Besieging Crimsonlight City was originally a guaranteed success. The only variable now is Ye Yuan!”

Deng Sheng’s expression changed, and he bowed and said, “I obey your command!”

.....

There were people breaking through non-stop in the practicing field. Very soon, the place was overcrowded.

Those who had yet to consume the medicinal pills could only withdraw to one side and quietly await the others to break through.

Martial artists require a certain area when breaking through. Who knew what would happen if they broke through together?

Very soon, a large batch of Sea Transformation Realm experts was born from these martial artists.

And those Sea Transformation Realm martial artists also had a large batch that broke through their original levels.

All in all, these martial artists’ strength collectively went up a level.

Chu Shi rubbed his hands and came before Ye Yuan, looking like a girl being bashful as he said, “That . . . Mister Ye, although Old Chu, I, offend you earlier, I’ve also turned over a new leaf now. Can I . . .”

Looking at those Sea Transformation Realm experts, Crystal Formation Realm experts broke through one after another, Chu Shi was very envious.

It was just that earlier, they, these Soul Sea Realm martial artists, shouted the most ferociously. Chu Shi thought that Ye Yuan was deliberately making things difficult for them, so he did not take out medicinal pills.

Ye Yuan gave him a look and said smilingly, “Can’t!”

Chu Shi’s expression changed, and he was just about to speak but heard Ye Yuan continue, “Because I’m unable to refine Tier 4 medicinal pills right now. Sorry.”

Chu Shi could not help being stunned as he said, “You’re saying that . . . these medicinal pills were all refined by you alone?”

“Otherwise, what do you think?” Ye Yuan replied with a question.

Chu Shi’s eyes became round balls. He looked at Ye Yuan as he said speechlessly, “There are tens of thousands of medicinal pills. Even for a powerful alchemist, to refine all of it would probably need around a year’s time as well, right? Could it be that you already predicted today’s situation one year ago?”

Ordinary alchemist's exhaustion when refining pills were tremendous. To be able to refine dozens to a hundred pills a day was already incredible.

But Ye Yuan could refine medicinal pills in large quantities by borrowing the Square Cauldron. The efficiency was ten times, even a hundred times of ordinary alchemists!

So the way Chu Shi saw this, it was absolutely impossible for Ye Yuan to refine so many medicinal pills within a few days.

Furthermore, these medicinal pills were not average with one look. It needed even more time to polish.

Then there was only one explanation. Ye Yuan was a prophet. That was why he started preparing these medicinal pills a year ago.

Ye Yuan just smiled and could not be bothered to explain either. If he explained, they might not believe either.

Except, his disdain in Chu Shi's perspective became all the more unfathomable.

.....

The process of martial artists breaking through lasted for around an entire day's time.

Virtually everybody all rose a level. The impact of this change on people's senses was immense.

These two days, Su Hu was completely astounded by this 'Mister Ye' who popped out from who knows where.

He finally knew why the alliance sent such a youth over to assist Crimsonlight City.

These medicinal pills that Ye Yuan brought over were virtually equivalent to bringing a powerful martial artist great army here!

This sort of transformation was not just in terms of strength, but it was more on confidence!

Originally, these martial artists' fear towards the Fierce Gale World was already deep to the marrow. But now, in pace with the breakthroughs in cultivation realms, their self-confidence picked up anew.

Ye Yuan swept a glance over the martial artists on the practicing field and said coolly, "Now, do you all have confidence in having a battle with the Fierce Gale World great army outside?"

"Yes!"

"Of course we have!"

"Screw them to death! Take revenge for those dead companions!"

.....

When people's confidence swelled up sometimes, they would not know which direction it was.

Especially those martial artists who broke through to the Sea Transformation Realm. They all felt that they were almost becoming an invincible state.

Of course, if one person broke through, it was absolutely incapable of giving them such great confidence.

But several tens of thousands of people breaking through at once would let this sort of confidence swell to a terrifying extent.

Ye Yuan raised his hand to motion to everyone to be quiet. The people below instantly quietened down.

Martial power deterrence plus gifting medicinal pills. Ye Yuan had already become these people's spiritual leader unknowingly.

Ye Yuan swept a glance over the audience below the stage and said in a cold voice, "With your current states, wanting to battle the great army outside is still a long way off! Therefore, in order to let your combat strength become even stronger, I've specially set up a grand array. Now . . . enjoy this grand array's special training to your heart's content!"

Ye Yuan suddenly brought out the Profound Water Flag. A colossal light veil enveloped the entire practicing field!

"En? What happened? Where are the others?" Chu Shi frowned and said.

There were only two Soul Sea Realm martial artists left by his side. The other people on the practicing field vanished instantly as if the three of them were isolated the others.

"Ouch! Who hit me?" Chu Shi was kicked brutally by somebody from behind.

[Unrivaled Medicine God](#)

Chapter 605: Leave Your Back to Us

Very soon, wails sounded out everywhere in the grand array.

This was the Tier 4 grand array that Ye Yuan relied on the power of the Profound Water Flag and spent three day's time to set up: the Asura Tri-Pronged Formation!

Hearing wailing sounds coming out from the array formation every now and then, the flesh on Su Hu's face convulsed.

"Mister Ye, this . . . something bad won't happen, right?"

Ye Yuan said with a smile, "The biggest problem with our Endless World's martial artists is that they are too undisciplined and carefree and are totally incapable of joining forces. The greatest use of this array formation is to train their teamwork ability. Wanting to let them comprehend all sorts of grand arrays within a short time, that is impossible. Furthermore, with their temperament, it's also not possible to accomplish that. The function of this Asura Tri-Pronged Formation is to let them form into a unit for every three people, forming exceptionally powerful combat strength within a small radius. As long as they can complete the training, their combat power will have a qualitative increase!"

Su Hu's gaze could not help looking over towards the grand array, only to see those martial artists in a disorderly mess. Where was there any consciousness of teamwork?

In the grand array, they were all fighting their own battles and were beaten by their opponents until they did not have the slightest bit of strength to retaliate.

Seeing this sort of situation, Su Hu could not help shaking his head.

“What Mister Ye said is correct. The reason why the Fierce Gale World martial artists are powerful is that they are of one heart and mind. While the martial artists on our side, each time they encounter a large-scale battle, they would basically throw away their helmets and armor instantly. It’s just that . . . I fear that time is too short. They simply can’t complete this training!” Su Hu said.

“Relax. Human potential is limitless. According to the intensity of the training, I designed for them, these people will comprehend out some things eventually. But just as you said, our time isn’t much. At most ten days, we must break out of the encirclement.” Ye Yuan said.

Ye Yuan also did not expect that the one leading the Fierce Gale World great army this time was actually Shangguan Lingyun this person.

His contact with Shangguan Lingyun was not much, but he specially found Xiao Ruyan to understand this person before.

Compared to Zhao Chenggan, this Shangguan Lingyun was more level-headed and intelligent; very hard to deal with.

Furthermore, looking at the situation of both parties’ probing that day, this person’s strength was likely not beneath his own.

If really matched up, the outcome was really hard to say.

“Alright, time is pressing. I have to make the best use of time to cultivate as well, to strive to break through to the Ninth Level Sea Transformation within ten days!” Ye Yuan said.

Su Hu could not help choking up when he heard that. Breaking through to Ninth Level Sea Transformation within ten days. Such words, only this one in front of him dared to say so, right?

Thinking back, when he broke through from the Eighth Level Sea Transformation to Ninth Level Sea Transformation, he used a full five years!

.

“*Ouch!* Kicked my butt again! F*cking hell! Your Father will fight it out with you!”

“Old Zhu, don’t be a hindrance! Scram to one side for me! If you continue to give trouble, I’ll beat you together!”

“Also you, Old Qian, grow some eyes. That sword of yours earlier almost cut me. If there’s a next time, you’re dead for sure!”

In the grand array, Chu Shi was like a mad dog; whoever he caught, he would have a go crazily.

Trapped in the grand array together with him, one was called Zhu Changzhi, the other was called Qian Si. They happened to know each other beforehand.

Actually, Zhu Changzhi and Qian Si's strength were evenly matched with Chu Shi. He was also just getting an upper-hand verbally. If they really had internal strife, the one getting beaten could only be him.

Most importantly, those martial artists materialized by the grand array already kicked his butt quite a few times. Each time, they kicked him until he face-planted, cutting a sorry figure.

Chu Shi's temper was not good to begin with. At this time, he was even more pent-up with anger.

"Old Chu, don't be foul-mouthed! Although these people are formed by the grand array, each of their strength is very formidable. We're simply not their match! If this continues, we'll be played to death!" Zhu Changzhi said.

"Bah! Just an array formation that brat set up wants to play Your Father to death? Your Father doesn't believe this shit! Those few people are also roughly the same as our strength. It's just that their numbers are a little more than us. I don't believe that I can't bring them down!" Chu Shi refused to give in.

Very clearly, he was very displeased with this grand array Ye Yuan set up.

Of course, what he was most displeased with was that these illusionary martial artists kept on chasing his butt and kicking.

Too humiliating!

On the first day, Chu Shi was the same as everyone trapped within the array formation, being kicked leg after leg by those illusionary martial artists; life was very miserable.

But this grand array could not keep operating all the way. Whenever their essence energy were roughly depleted, those martial artists would automatically disappear for some time.

After waiting for their essence energy to recover to a certain extent, those martial artists would automatically appear again.

The second day passed very quickly. The martial artists in the array formations were still exhausted from dealing with it and could not find a way to defeat those illusionary martial artists at all.

But they discovered one thing. The attacks of those martial artists on the second day were much more ferocious compared to the first day. Many martial artists all suffered differing degrees of injuries.

The third day, Liu Hong's voice suddenly transmitted into the grand array, saying, "Brother Ye said that the power of the grand array will get stronger day by day. If you guys are still fighting by your own separate battles today . . . there will be deaths!"

Finished talking, the voice cut off abruptly.

Everybody all shuddered. 'There will be deaths,' these four words were like a heavy hammer smashing onto their chest, making them feel out of breath.

Chu Shi's expression was very ugly. He gritted his teeth and said, "I feel like that boy isn't scaring us. If we continue like this, there might really be people dying!"

Zhu Changzhi and Qian Si both felt that way strongly too and nodded their heads.

“Old Zhu, Old Qin, I, this person, hate to work together with others the most. But at this time, it’s not up to us either!” Chu Shi said.

“*Heh*, you think that Your Father is willing to cooperate with trash like you? But for the sake of living, we might have to cooperate for once,” Zhu Changzhi said.

“I have no objections.” Qian Si’s character was clearly very unsociable and was also unwilling to cooperate with others.

Indeed, when the grand array activated, everyone’s pressure increased suddenly. Those illusionary martial artists’ offensive power suddenly rose a level.

Even though there was Liu Hong’s warning, to really want to achieve good teamwork, how could it be that easy?

“Old Zhu, careful behind!”

“Old Qian, flank!”

“F*ck! You guys revealed my back to the outside!” Chu Shi suddenly flew out with a miserable cry.

“Be careful!”

Qian Si flew with his sword, resolving that illusionary martial artist’s lethal blow.

Chu Shi sweated profusely, struggling up with a grunt to continue fighting.

“Old Qian, I owe you a favor!” Chu Shi yelled.

“You die, we won’t survive either!” Qian Si was precise and to the point.

“These illusionary martial artists’ cooperation is too exquisite. This is not the way to go on. Our teamwork must be stronger than theirs to be able to beat them!” Chu Shi said.

“*Heh heh*, looks like you aren’t too dumb. Finally made out some trick to it. I, Zhu Changzhi, don’t believe that the three of us living people can’t even compare to a couple of illusionary martial artists! Old Chu, Old Qian, starting from now, my back will be left to you guys!” Zhu Changzhi said.

[Unrivaled Medicine God](#)

Chapter 606: Chu Shi Trio

Ye Yuan was not joking with them.

On the third day, the casualties neared three thousand people!

This number was rather high!

And this figure, Liu Hong did not hide it either, telling everybody through the grand array.

The array formation already ceased operating at this time. Chu Shi three people’s expressions were never-before solemn.

“According to what that brat says, the difficulty of the fourth day will be greater than today! Barring no accidents, tomorrow’s casualties will probably be even higher!” Chu Shi said gravely.

Zhu Changzhi said in agreement, "That's inevitable! This boy is truly detestable. We haven't died at the hands of the Fierce Gale World martial artists yet, but are actually going to die in his hands first! If I can go out of this grand array, I'll definitely put him on the spot!"

Chu Shi said with a cold smile, "Keep bragging, you! That boy can set up such a formidable Tier 4 grand array with Sea Transformation Realm cultivation. Can you be his match? Could it be that you forgot how that commander died?"

When Zhu Changzhi heard that, he could not help shuddering.

Even if they did not borrow the power of the grand array, they could not possibly be Ye Yuan's match either.

That Fierce Gale World commander simply did not have leeway to resist at all in Ye Yuan's hands.

Their strength was at best the same as that commander too. If they really fought, they were probably still not that commander's match.

What the outcome of challenging Ye Yuan was, there was already no need to say.

"There are so many of us. I don't believe that he dares to kill off all of us!" Zhu Changzhi said threatening in manner, but inwardly shaky.

Chu Shi rolled his eyes and was disinclined to bother with this fellow.

And right then, the Qian Si who had been silent the entire time suddenly opened his mouth, "Could it be that you guys didn't notice that our three people's combat power as a whole has been gradually increasing?"

Chu Shi and Zhu Changzhi exchanged a glance and could not help being startled inwardly.

It really seemed to be like this!

Two days ago, they each fought their own battles separately and were basically all brutally wrecked by the illusionary martial artists. There was simply no leeway to retaliate.

All the way until this morning, they would still be completely walloped.

But later, after they put down their so-called dignity and joined hands to face the enemy, they seemed to have gradually adapted to battles like this.

Even though they were still brutally pummeled constantly, when it reached night time, they had already gradually regained some of the declining trends.

This undoubtedly indicated that Chu Shi, the three of their combat power was gradually rising!

This discovery gave the three of them a big surprise.

"Turns out that that boy set up this grand array for the sake of increasing our teamwork ability!" Chu Shi was suddenly enlightened.

"Our strength did not increase much, but the three of us teaming up, the overall strength rose considerably!" Zhu Changzhi said.

“Continue tomorrow!” Qian Si said it simply.

.....

Very soon, the fourth day’s training had begun.

The difficulty of the fourth day clearly had an increase compared to the first three days!

However, Chu Shi trio had already gradually touched upon some knack to it.

Without any doubt, the adaptive ability of humans was very powerful.

Those illusionary martial artists’ teamwork was quite ingenious. Chu Shi, the three of them, learned many things from that teamwork in countless times of battle.

Such high-intensity battles, they had already gradually turned these things they learned into their ability.

Just as they said, once the three of them found the feeling of this sort of cooperation, their changes compared to those illusionary martial artists were much more.

Reaching nightfall, these three people actually already gradually overpowered those illusionary martial artists!

From day one until they, the opponents the three of them faced had always been five.

From the brutal pummeling in the beginning until now, they had already gradually gained the upper-hand!

“Old Chu! Old Qian!” Zhu Changzhi roared loudly.

“Understood!” Zhu Changzhi did not say what to do, but Chu Shi understood the other party’s intentions instantly.

At this time, Zhu Changzhi tied down three illusionary martial artists alone and was already surrounded by perils.

Chu Shi and Qian Si seemed to know what the other party was thinking, sweeping aside their opponents with a sword, and directly headed for the center person Zhu Changzhi was battling.

Right at this time, Zhu Changzhi’s attack also followed after and arrived!

Under the three people’s pincer attack, that illusionary martial artist was instantly penetrated through!

Right then, those two illusionary martial artists that were pushed aside previously rushed here anew. Chu Shi and Qian Si exchanged positions bizarrely, but left the empty space for Zhu Changzhi!

One of the illusionary martial artists was pierced through by Zhu Changzhi again!

Just like this, the three of their cooperation became increasingly proficient and finished off all of the illusionary martial artists very quickly.

The three people threw their swords aside and sat on the ground exhaustedly.

“Really freaking tired! We killed all five illusionary martial artists. Can’t go out yet?” Chu Shi said unhappily.

“*Heh heh*, really exciting! I truly didn’t expect that turns out the three of us cooperating together will actually have such strength!” Zhu Changzhi said rather excitedly.

Chu Shi rolled his eyes and could not help uttering his innermost feelings, “Old Zhu, don’t be mistaken. In this grand array, Your Father is only cooperating with you for the sake of living. After we leave, you take the open road, and I’ll walk my single log bridge!”

“*Tch*, who wants to work together with you?” Zhu Changzhi said unhappily.

“If you guys want to die, you can tell him that after going out,” Qian Si interjected untimely.

When these words came out, Chu Shi and Zhu Changzhi immediately became mute.

Ye Yuan setting up this array formation was in order to train their teamwork ability.

If they did not follow Ye Yuan’s intentions after leaving, the outcome could be imagined.

.....

The fourth day’s casualties were even higher than the third day’s! It reached a horrifying five thousand people!

And Chu Shi, their team, was the first group to finish killing the illusionary martial artists.

Starting from the fifth day, Chu Shi they all had an impulse to curse and swear.

Because this training did not end at all but added another two illusionary martial artists again!

This way, the illusionary martial artists count became seven people!

“What the hell? Is this boy messing with us? Dealing with five is already awful. How can seven possibly be killed?” Chu Shi grumbled.

“Don’t talk rubbish. He’s playing with you. What can you do?” Zhu Changzhi said.

“I’m unhappy in my heart and venting a little; can’t I? Be careful!”

The increase in illusionary martial artists count brought Chu Shi trio considerable trouble.

But right now, Chu Shi trio’s strength was already no longer what it was before. Although they were straining, the three people made it through the fifth day by relying on incomparably ingenious cooperation.

When it reached the sixth day’s noon, Chu Shi trio finally killed the seven illusionary martial artists and succeeded in clearing the round once more.

But it still did not end. After resting for several hours, nine illusionary martial artists appeared!

Except that this time, Chu Shi trio finished off these nine illusionary martial artists that very day!

When it reached the seventh day, Ye Yuan finally exited seclusion!

When he appeared in everyone's sights once more, he was already Peak Ninth Level Sea Transformation!

When he saw the Chu Shi trio in the array formation, he could not help being surprised.

These three people could actually deal with eleven illusionary martial artists already.

Unrivaled Medicine God

Chapter 607: All the Way North

Starting from the fifth day, a substantial decline in casualty rate suddenly appeared in the grand array.

When it reached the tenth day, the martial artists' casualty count was merely just several hundred people.

Which was also to say that the vast majority of the people already adapted to this sort of battles.

But to most people, they could only clear the earlier hurdles. Three people facing five should not be too much of a problem.

For a small number of elites like Chu Shi trio, their improvement was very evident.

When it reached the tenth day, Chu Shi trio could already deal with nineteen illusionary martial artists and not be defeated.

This sort of improvement speed made Ye Yuan quite surprised too.

On the tenth day, Ye Yuan finally removed the grand array. Each and every one of those martial artists felt like being relieved of a heavy burden, all having a feeling of seeing the light of day once more.

This ten days' time was simply even more arduous than ten years.

The majority of them were all itinerant cultivators. When had they experienced such perverse training before?

Ten day's time, the martial artists lost neared ten thousand people.

But coming out of the Asura Tri-Pronged Formation, these martial artists' aura underwent an earthshaking change.

Ye Yuan's gaze looked at everyone glitteringly and said coldly, "I know that many among you people all feel that I'm very cruel. But when we break out of the encirclement, you'll know how merciful I am. I don't wish to say superfluous words. The break out operation officially begins today at 11am. At that time, you'll feel just how worthwhile this training was. Now, you all have a rest on the spot and recover essence energy."

.....

"Kill!"

Earth-shaking war cries suddenly sounded. Tens of thousands of martial artists poured out from Crimsonlight City's northern gate.

However, the Fierce Gale World great army was not as disorderly as imagined. They actually carried out defense in an orderly manner!

“Not good! We’ve fallen into the Fierce Gale World great army’s encirclement!”

“Ah! They’ve long been prepared! We’re screwed now!”

“F*ck me! Isn’t this delivering the sheep to the tiger’s maws? We were all tricked by that brat!”

Under Ye Yuan’s order, the martial artists in Crimsonlight City all thought that they could catch the Fierce Gale World great army unprepared.

Who could have thought that the Fierce Gale World great army seemed to have been long prepared and surrounded these tens of thousands of people very quickly.

This sort of situation exceeded these martial artists’ expectations too much. They all felt that they were duped by Ye Yuan this brat and started cursing one by one.

Very soon, both side’s great army fought in close quarters. The Fierce Gale World martial artists took the initiative very quickly.

Their combat strength was very strong. Adding in the advantage in numbers, it made the Endless World martial artists feel despair very quickly.

In the central army’s main tent, Deng Sheng said with a loud laugh, “Lord Shangguan is brilliant and knew that they will surely break out of the encirclement these two days! With this, Crimsonlight City’s these cowards finally can’t avoid our blades!”

Shangguan Lingyun said smilingly, “With Ye Yuan’s intelligence, he absolutely would not resign himself to death in the city. Lord Yunrong will reach here latest by these two days. If they didn’t break out, they wouldn’t have the chance anymore.”

“*Heh heh*, with our strength, as long as these people exit the city, it will be equivalent to being fish on the chopping board. All free for us to slice up. Ye Yuan that brat thinks himself to be smart. In the end, isn’t he still Lord Shangguan’s vanquished opponent?” Deng Sheng said with a wave of delight.

“*Huhu*, don’t be happy so early. Ye Yuan’s strength is very formidable. In our great army, probably only I can deal with him. The other martial artists will be left to you. Once Ye Yuan takes action, I’ll intercept him. As long as Lord Yunrong arrives, he’s dead for sure!” Shangguan Lingyun said.

Shangguan Lingyun did not have plans to clash head-on with Ye Yuan. What he wanted to do was to delay the time and wait for Shangguan Yunrong to reach.

.....

Although inside the array formation these Endless World martial artists had already gone through high-intensity training, when truly facing the Fierce Gale World martial artists, each of their hearts still pounded.

After all, people were different from illusionary martial artists. Humans had their own thoughts and feelings and were totally different from training.

Very soon, the Fierce Gale World great army occupied the absolute initiative, cutting up the Endless World martial artists into a disorderly mess.

“Haha! You fools! You actually walked into a trap!”

“Just your bit of strength is only fit to be cowards!”

“Go and die with your minds at ease. Want to blame, then blame that brat called Ye Yuan. It was him who pushed you guys into the fire pit!”

The Fierce Gale World martial artists occupied the absolute initiative. Their strength was very formidable.

Under the confusion, the Endless World martial artists were in complete disarray very soon.

However, the grand array’s training still had some effect after all.

Through ten days of high-intensity training, these people already produced a feeling called fetters towards each other.

No matter how ferocious the Fierce Gale World martial artists’ attacks were, three people small groups still maintained from start to end.

Even elites like the Chu Shi trio were also helter-skelter in the beginning.

But after experiencing the initial-most flurry, Chu Shi finally recovered to his senses.

“Old Zhu, Old Qian, are you all dreaming? Did you guys forget how we trained in the grand array?” Chu Shi roared.

“Old Chu, you shut your mouth for Your Father! What Your Father does, do I still need you to teach?” Zhu Changzhi said.

“So much crap! Kill!” Qian Si was concise and to the point.

Chu Shi, the three of them, their performances in the grand array training were the most outstanding. This trio’s strength was actually very terrifying already.

When the three of them became serious, they discovered very quickly that the surrounding Fierce Gale World martial artists became unable to withstand a single hit!

Through ten days of training, the three of them already did not need words to communicate at all.

Even in the night, they could also feel their partner’s intent through each other’s aura.

“Kill!”

Chu Shi gave a roar and directly cleaved the two middle-stage Soul Sea experts by his side.

All of a sudden, Chu Shi trio discovered that those originally incomparably powerful Fierce Gale World martial artists became unbelievably fragile at this time.

Chu Shi trio took the lead, charging over like cutting melons and cabbages along the way.

And their actions also let the other teams produce a resonance.

Just like this, Chu Shi trio was like sparks of fire, instantly lighting up the entire battlefield!

Endless World's side, every three people formed a small team. Their combat strength suddenly skyrocketed.

"Hahaha! Your Father still thought how powerful you trash were! Turns out that you collapse at the first blow like so!" Chu Shi laughed wildly.

Zhu Changzhi chopped a Soul Sea Realm expert and said liberatingly, "F*cking hell, Your Father has been oppressed for so long and can finally kill to my heart's content! You bastards killed how many of our companions? Today, I'm going to take revenge for them!"

Qian Si was silent without words, but his hands were not slow in the slightest, directly cleaving two Soul Sea Realm martial artists.

"Brothers, kill! Mister Ye said, all the way north! Don't turn back! We'll kill all the way over!" Chu Shi mustered up essence energy, his voice resounding throughout the entire battlefield.

The originally densely packed encirclement forcefully had a massive opening hewed out.

Unrivaled Medicine God

Chapter 608: Floating Light Blood Shadow Array

At this time, the inside of the Fierce Gale World central army's main tent was shrouded by a ball of blood-red light.

Shangguan Lingyun looked at the small flask suspending quietly. A hint of a strange smile flashed across the corners of his mouth.

"Kill then, kill. The more freely you all kill, the faster my cultivation improves!Hahaha!"

Shangguan Lingyun's face had a crazed look. How was there any hint of the calm bearing previously?

In the central army's main tent, array formations revolved around. Massive amounts of sanguine aura were sucked over frenziedly by the grand array and poured into the small flask.

In the grand array, Shangguan Lingyun greedily absorbed the sanguine qi spilling outside. His cultivation was increasing with speed visible to the naked eye.

"Hahaha! This Blood Carnage Demonic Art is indeed formidable. Continue cultivating at this speed, at most two months, and I will be able to break through to the Divine Traversing Realm! With this Blood Carnage Demonic Art, even ascending to the Divine Realm is close at hand!" Shangguan Lingyun said with a wild laugh.

Rumble!

Shangguan Lingyun's aura skyrocketed abruptly and actually broke through the Eighth Level Soul Sea threshold directly under the colossal sanguine qi.

“Congratulations to Lord Shangguan for breaking through to the Eighth Level Soul Sea!” at a corner of the main tent, Deng Sheng said with an envious look.

Shangguan Lingyun opened both eyes and recovered to that sort of calm look before. It was just that a hint of blood-red color was at the recesses of his eyes, but it made him appear somewhat surly.

“En. How’s the battle situation outside?” Shangguan Lingyun inquired.

But Deng Sheng said with an embarrassed look, “Not very good!”

“En? What’s wrong?” Shangguan Lingyun said rather unhappily.

The Fierce Gale World great army’s numbers were ten times the number of martial artists in Crimsonlight City. Logically speaking, the fighting should have already pretty much ended. But Deng Sheng told him that it was not very good. This naturally made Deng Sheng very displeased.

Deng Sheng hurriedly said when he saw the situation, “Lord Shangguan, please calm your anger. These Crimsonlight City martial artists, I don’t know why, but their combat strength suddenly soared greatly. Our great army simply can’t gain any bit of advantage within a small radius. If not for our numbers being massive, they would probably already have successfully broken out of the encirclement at this time!”

Shangguan Lingyun’s brows furrowed slightly. He pondered for a while and said, “Seems like . . . this is related to Ye Yuan! This fellow is really troublesome. This time, we must finish him off! Or else, there will be no end of trouble for the future! When will Lord Yunrong reach?”

“Looking at the news given from there, Lord Yunrong can make it latest by today!” Deng Sheng said.

Shangguan Lingyun nodded and said, “I’ll go and tie down Ye Yuan. As long as Lord Yunrong arrives, there will naturally be him to take care of Ye Yuan.”

Deng Sheng said in surprise, “Lord Shangguan already broke through to Eighth Level Soul Sea. Could it be that you still can’t deal with that brat?”

Shangguan Lingyun shook his head and said, “I cannot be certain! Ye Yuan’s might virtually disregards the disparity of levels. I only broke through one minor boundary. To him, it’s practically dispensable. Unless I can break through to the Divine Traversing Realm, only then, will there be sufficient assurance to kill him.”

Deng Sheng was taken aback with shock. A minor realm in the Soul Sea Realm, but the disparity was still huge. The difficulty of leaping realms to battle was very great.

Shangguan Lingyun broke through to the Eighth Level Soul Sea and actually even said that he did not have certainty in being able to deal with Ye Yuan!

Rumble!

The two people were just speaking when a powerful attack arrived with a howl.

Shangguan Lingyun’s expression changed. Waving his hand, a blow struck back too.

Two powerful attacks collided, instantly shredding the central army’s main tent into ribbons.

The sanguine light in the big tent could no longer be hidden and was exposed.

But Shangguan Lingyun had long vacated all the nearby personnel. The Fierce Gale World great army was currently obstructing and intercepting the Crimsonlight City martial artists right now. There would not be anybody paying attention to here either.

A figure stood in the air. Who could it be but Ye Yuan?

Seeing that blood-colored grand array, Ye Yuan's brows involuntarily knitted together.

"You all launched this war and would massacre all the residents of the city every time you reached a city. Turns out that it's actually for the sake of this Floating Light Blood Shadow Array!" Ye Yuan's words exuded thick killing intent in them.

This Floating Light Blood Shadow Array was a very wicked grand array. It was an array formation specially for the sake of collecting and refining sanguine qi.

And to absorb sanguine qi, it must be accompanied by a bloody massacre.

Ye Yuan did not expect that the Fierce Gale World launching the war was actually for the sake of collecting sanguine qi.

What on earth were they trying to do?

Being unmasked by Ye Yuan, Shangguan Lingyun did not have the slightest hint of panic and said with a smile, "Never thought that you actually even know about Floating Light Blood Shadow Array. You truly surprised me."

Ye Yuan's eyes narrowed, and he said in a solemn voice, "Looks like you were making use of these sanguine qi to cultivate earlier. I was still thinking about how can you possibly break through a major boundary within a year. So, it's this reason. Really didn't expect that a genius like you will also actually abandon yourself to vice."

Shangguan Lingyun had just broken through not long ago. The sanguine qi on his body had yet to dissipate completely. Ye Yuan saw through that he was utilizing the sanguine qi to cultivate with one glance.

Shangguan Lingyun suddenly gave a self-mocking laugh and said, "Genius? You using this term to evaluate others, why does it sound very sarcastic even when listening to it? In front of you, who dares to claim to be a genius? Ever since you wasted Zhao Chenggan, I knew that you were a great mountain that I have no way of surpassing in this life!"

Ye Yuan said with a cold sneer, "So you wallowed in degeneration and cultivated this sort of demonic path cultivation method? Do you know that even though demonic path cultivation methods advance quickly, likewise, the hidden dangers are also very great!"

"So what? As long as I can defeat you and Zhao Chenggan, however much I have to pay, I'm willing to do so!" Shangguan Lingyun said coldly.

Ye Yuan shook his head slightly and said helplessly, "Looks like you're already hopeless! You guys actually did not scruple in launching a realm war in order to collect this sanguine qi and let your own people come to the Endless World to send themselves to death. Just what is it for?"

Shangguan Lingyun suddenly said with an evil smile, "If you want to know, you can go and ask the Wind Emperor, His Majesty, personally."

Ye Yuan stared at Shangguan Lingyun for a long time before saying, "Looks like you're just a dog under Zhao Tianyin too; you don't know anything at all. Rest assure, I'll go and ask him personally."

Shangguan Lingyun's air became cold as he said in a deep voice, "You're courting death!"

As he spoke, Shangguan Lingyun hurled a punch towards Ye Yuan.

This punch carried extremely intense sanguine qi. Forget about ordinary martial artists receiving this punch, just this sanguine qi was also plenty more than they could bear.

But Ye Yuan refined the blood of a true dragon in the Vast Heaven Pagoda. That was an extreme yang and indomitable tyrannical bloodline under this sky. It restrained this sanguine qi the most.

Although this attack was powerful, it did not pose much of a threat to Ye Yuan.

A Flame Movement Carnage rushed over, directly dissipating this fist intent.

"Flame Movement True Dragon Carnage!"

Ye Yuan did not hesitate, directly returning a punch.

Except that this punch was not targeting Shangguan Lingyun; it targeted that Floating Light Blood Shadow Array.

What surprised Ye Yuan was that Shangguan Lingyun did not have the intention of saving the array formation. He let Ye Yuan's Flame Movement True Dragon Carnage rumble over at his discretion.

Yet, at this time, that gray-black small flash suddenly surged with a blood-colored glow. A blood dragon flew out of the small flask's opening and directly devoured Ye Yuan's Flame Movement True Dragon Carnage.

Seeing this scene, Ye Yuan's expression darkened.

[Unrivaled Medicine God](#)

Chapter 609: Dawn

"It's useless. Once the Floating Light Blood Shadow Array activates, it's impossible to stop without absorbing enough sanguine qi. With your strength, you simply can't crack this array formation," Shangguan Lingyun said.

"Looks like this Floating Light Blood Shadow Array wasn't set up by you, but it is an array formation built into this small flask," Ye Yuan suddenly said.

"You're too clever. Clever people tend to not live for long." It was the same as Shangguan Lingyun tacitly acknowledging Ye Yuan's statement.

"My fate is up to me, not up to Heaven. It naturally is even less up to you," Ye Yuan said coolly.

"Arrogant! Heavenly Dao is the greatest! Even if you can reach Deity Realm, you're also unable to surpass the constraints of Heavenly Dao!"

Martial artists held Heavenly Dao in the greatest reverence. In front of Heavenly Dao, no matter how formidable the martial artist, they were also just ants.

Even if Shangguan Lingyun were anymore arrogant, he would not dare to comment recklessly about Heavenly Dao either.

But Ye Yuan was someone who had already died once. He felt that this Heavenly Dao was unjust. If there were a chance in this lifetime, he would definitely surpass the constraints of Heavenly Dao!

Ye Yuan was not angry. He said with a smile, "What does a swallow know of the aims of a swan?"

Shangguan Lingyun's face darkened. Ye Yuan's words struck his sore spot.

Even though he kept repeatedly saying that he was inferior to Ye Yuan, it did not mean that he really resigned himself to fate. Otherwise, he would not have cultivated this Blood Carnage Demonic Art either.

Ye Yuan's appearance brought a tremendous impact on his life.

All along, Shangguan Lingyun felt that he was the most talented!

Even with Zhao Chenggan, Shangguan Lingyun could gain a slight edge over him too. But Ye Yuan's appearance thoroughly shattered his understanding.

Back then, Ye Yuan beat Zhao Chenggan to such an extent with just a Crystal Formation Realm cultivation. The impact that it brought to Shangguan Lingyun was seriously too intense.

For a very long time after, Shangguan Lingyun lived in Ye Yuan's shadow, unable to extricate himself, all the way until Zhao Tianyin appeared in front of him.

Hence, there was this scene today.

In front of Ye Yuan, he was indeed only just an insignificant swallow.

Ignoring Ye Yuan's previous life's identity, Ye Yuan's talent in this life had absolutely reached the Divine Realm's pinnacle standards.

While Shangguan Lingyun was merely just a Lower Realms' top genius; that was all.

Even if he was stronger, he was still just a tiny little swallow in front of Ye Yuan.

"Then I'll take a look and see if you, this swan, are really that powerful!" Shangguan Lingyun gritted his teeth and said.

"Shaoyang Demonic Palm!"

Shangguan Lingyun cried out. A large blood-red handprint smacked over towards Ye Yuan.

Even though Ye Yuan's dragon blood had restraining effects towards this sort of demonic art, Shangguan Lingyun was a major boundary higher than him after all. For Ye Yuan to want to win with ease, it was naturally something impossible.

The power of this large handprint was incredible. In it carried thick sanguine qi; it was very ferocious.

Ye Yuan's expression fell slightly. Flame Movement Carnage instantly came out, directly dissipating that large handprint.

"Go to hell!"

Shangguan Lingyun threw palm after palm, clashing a hundred moves with Ye Yuan instantly. Both parties actually came out evenly.

By the side, Deng Sheng was dazed watching it. Only now did he know just how powerful Ye Yuan was.

Battling Shangguan Lingyun with strength a major boundary lower and not be at a disadvantageous position in the slightest, such combat strength was too outrageous.

Looking from both party's battle, Ye Yuan did not seem like a Sea Transformation Realm martial artist at all. He actually resembled a Soul Sea Realm expert instead!

Ye Yuan's moves were so daunting, but a situation where his essence energy dried up actually did not arise at all for him. This was simply something beyond comprehension.

How could a Sea Transformation Realm expert's essence energy possibly support such powerful martial techniques?

"Flame Movement True Dragon Carnage!"

With a drawn-out fight, Ye Yuan planned on taking the initiative to gain the upper hand and was the first to use a certain-kill technique.

Different from the probing the last time, this time, Ye Yuan brought out true capabilities.

He upgraded the dragon wave's amplitude to Peak Earth Rank level. This was already the limit that Ye Yuan could accomplish with this Flame Movement True Dragon Carnage technique.

This move merged together with the Scorching True Intent and the power of dragon wave. Its might was even stronger than the Myriad Rain Sword Blades!

"Bloodmoon Wheel!"

Shangguan Lingyun was not careless at all either, returning Ye Yuan's attack with his move.

This move was identical on the surface as the previous time when both parties were feeling out. What was different was just that the pure white full moon became blood-red in color.

But this was clearly just the difference on the surface. The power of Bloodmoon Wheel was much more powerful compared to Full Moon Slash.

Shangguan Lingyun was worthy of being a genius martial artist. He integrated the sanguine power into his own martial technique, causing his own martial technique to become even more powerful.

Rumble!

The fire dragon and blood moon collided together intensely, causing an immense quake.

"Puhwark!"

These two people attacked too suddenly. By the side, Deng Sheng was directly shocked flying out by the attacks this time completely unprepared. He directly spewed out a mouthful of blood in the air.

The two people's battle was daunting to the max!

Deng Sheng was a Ninth Level Soul Sea expert. In cultivation realm, he was even higher than Shangguan Lingyun. He actually could not even withstand the aftershocks of their battle.

If this were a frontal battle, he would have already died until not even dregs were left long ago.

After one attack, Ye Yuan and Shangguan Lingyun were each blasted flying out.

This attack was actually neck and neck!

Shangguan Lingyun put his palm behind him, his expression livid as he looked at Ye Yuan.

The clash this time looked to be evenly matched, but actually, he still lost by half a move.

This palm of Ye Yuan's was very bizarre. It actually carried extremely intense vibration, shocking until his palm tingled!

Shangguan Lingyun had intense unwillingness in his heart. He had already gotten such great improvement, and he was actually still not Ye Yuan's match.

Could it be that there was no way of surpassing this fellow?

Ye Yuan looked at Shangguan Lingyun and said coolly, "You're indeed very strong. You're even that tinge stronger than Zhao Chenggan. If you didn't walk an evil path, you would have a high chance of ascending to the Divine Realm. Repent, and salvation is at hand. You can still make it if you stop now!"

"It's too late! Furthermore, I don't feel that there's anything wrong with me doing this. I don't need to you preach!" Shangguan Lingyun said with a cold snort.

Ye Yuan shook his head and said with a sigh, "Then there's no choice! Depraved heretics, anybody has the right to punish them!"

As he said, Ye Yuan condensed essence energy and prepared to execute Flame Movement True Dragon Carnage once again.

.....

Chu Shi trio was at the forefront, akin to a sharp blade thrust into the Fierce Gale World's great army, sweeping away all resistance along the way.

Although the surrounding Fierce Gale World martial artists were a lot, none could last one exchange at the hands of the three of them.

Even though the others were not as strong as Chu Shi trio, through the Asura Tri-Pronged Formation's training, their combat strength had a tremendous increase too.

Unless they bumped into martial artists whose cultivation realms were much higher than theirs, otherwise, they likewise smashed all resistance and advanced victoriously.

Day was about to break. Over the course of hours of killing, Chu Shi trio suddenly discovered that they could break out of the encirclement not far away ahead!

This discovery made them unbelievably excited. They never would have thought that after that brat's training, their strength would actually be formidable to such an extent.

Earlier, a Seventh Level Soul Sea martial artist was fighting with them. One careless move and he was actually cleaved apart.

This was what he dare not think at all in the past!

"Brothers! Follow me and charge forward! We're about to succeed in breaking out right away!" Chu Shi shouted at the top of his voice.

Chapter 610: One Man Guarding the Pass!

Pierce!

After Chu Shi stabbed a Fierce Gale World martial artist in front of him, there was suddenly a stretch of brightness before his eyes.

Chu Shi knew that he finally charged out of the encirclement!

At this instant, his heart was filled with a vicissitude of emotion.

That instant when he was trapped in Crimsonlight City, he thought about the alliance sending a great army over to rescue, and also thought of being slaughtered by the Fierce Gale World.

But he did not even dare to think that he could rely on his own strength to carve out a bloody path.

But now, he really did it!

Recalling that brat who was cussed countless times by him in the open and in secret, thick gratitude was reverberating in his heart at this time.

But this was not over yet. He did not have that much time to go and be overwhelmed by emotions. That was the privilege of a victor.

And now, they were still very far away from victory.

He had the strength to kill outside, but it did not mean that the others had the strength to slaughter out too.

The fighting along the way, it was still unknown how many companions died.

If according to Chu Shi's personality in the past, he would definitely run away without even turning his head back according to what Ye Yuan said: all the way north, and absolutely do not turn back.

But at this time, Chu Shi turned his head back at the behest of supernatural powers and asked Zhu Changzhi and Qian Si, "Brothers, still got strength?"

From entering the Asura Tri-Pronged Formation until now, it was but a short ten days.

Yet, this ten days' time changed far too much.

Although Chu Shi, Zhu Changzhi, and Qian Si, the three people still bickered, their tacit understanding between each other did not even need eyes to communicate.

"*Heh heh*, Elder Brother, I, haven't killed to my heart's fill yet!" Zhu Changzhi snickered.

"Charge back!" Qian Si said.

Chu Shi chortled with laughter and yelled out, "Brothers who charged out, let's kill back in! Brothers who are still alive, we must bring them out without missing one!"

"Yes!"

"Let's kill back in!"

"."

Indistinctly, Chu Shi trio had already become these martial artists' leaders.

To be able to come out from the Asura Tri-Pronged Formation, these remaining groups were all not weak.

And Chu Shi trio was even the outstanding ones among these. Towards their three people group, the others felt a greater sense of identity and belongingness.

Su Hu was currently facing off against a Ninth Level Soul Sea commander. Seeing this scene, he could not help being surprised inwardly.

In his impression, these itinerant cultivators were all self-centered, stubborn, and unruly people. Today, they actually did something like that. It seriously made people surprised.

Su Hu's notion was not that much. One able to escape was one.

Chu Shi trio had clearly already charged out and actually still thought about returning to save the others. Such behavior was too incomprehensible.

But no matter what, Chu Shi's actions still lessened the pressure on his shoulders considerably.

.

Rumble!

A Flame Movement True Dragon Carnage of Ye Yuan's rumbled over. But Shangguan Lingyun did not receive the move at all.

The materialized colossal red dragon chased after Shangguan Lingyun and finally exhausted its essence energy, vanishing into nothingness.

Under the situation where both parties' strength were around the same, it was actually very hard to kill the other party.

How could Ye Yuan not tell yet that Shangguan Lingyun was simply buying time?

Why was he dragging the time, Ye Yuan did not need to guess at all.

A Divine Traversing Realm powerhouse was about to reach soon!

Figuring out this link, Ye Yuan immediately ceased attacking and looked at Shangguan Lingyun with narrowed eyes.

"Huhu, why did you stop? This move of yours is very bizarre. It actually carries a violent vibration. With my current strength, I actually can't quite withstand it!" Shangguan Lingyun said.

"Stop acting. Want to buy time, is it? Do you think that I'll give you the chance?" Ye Yuan said coolly.

"So what if yes? Not giving me the chance? I admit that I'm not your match, but for you to want to kill me, it probably isn't something that easy as well, right?"

Ye Yuan did not speak; he fell silent.

Shangguan Lingyun knew that Ye Yuan was pondering countermeasures. He folded his arms and looked at Ye Yuan quietly and was not in a rush either.

Any scheme was too weak to stand in front of absolute strength.

As long as he could drag until Shangguan Yunrong arrived, Ye Yuan was dead for sure!"

If the others ran, then they ran. They had no influence on the overall situation at all. But this time, Ye Yuan must die!

This was Shangguan Lingyun's opinion!

Ye Yuan's potential was too terrifying. No need to wait until the future. He already became a terrifying opponent for the Fierce Gale World now.

Originally, the Endless World martial artists trapped in the city were already bound for death. Who knew that Ye Yuan only came for ten days and made these people's strength rise to a terrifying degree, forcefully carving out a bloody road.

Ye Yuan's own might was already sufficiently terrifying. What was even scarier was that he could make all the Endless World martial artists become powerful.

Like this, the Fierce Gale World's advantage would become non-existent!

Such an opponent, they had to eradicate him at all costs!

Suddenly, Ye Yuan raised his head slightly, his eyes emitting rays of brilliance.

Shangguan Lingyun knew that Ye Yuan definitely had a plan already!

"Huhu, thought of a countermeasure? It's useless! I just have to cope with shifting events by sticking to a fundamental policy! You can't run!" Shangguan Lingyun said brimming with confidence.

Ye Yuan suddenly grinned and said, "Is that so? I'll come and take care of you again later!"

As he said, Ye Yuan suddenly turned back and turned into a stream of light, charging into the battlefield.

"Myriad Rain Sword Blades!"

In the battlefield with thousands of soldiers and horses, this attack struck too unexpectedly. Those Fierce Gale World martial artists were caught off guard and immediately sustained heavy casualties.

In a blink of an eye, corpses filled the land!

Ye Yuan was not a bloodthirsty person. But at this stage, he could only stop the killing with killing.

Shangguan Lingyun followed closely behind. But seeing this scene, his expression did not even change.

"This is the countermeasure that you came up with? Want to use this move to force me to give in huh? *Huhu*, you're overthinking it! What the Floating Light Blood Shadow Array absorbs isn't just your Endless World martial artists' sanguine qi, it likewise absorbs our Floating Light Blood Shadow Array martial artists' sanguine qi too. The more you kill, the merrier the Blood Refining Flask absorbs!" Shangguan Lingyun said cold-bloodedly.

Towards Shangguan Lingyun's words, it was as if Ye Yuan did not hear them.

Thousand Flowing Petals surged instantly and started to suffuse in the battlefield.

The areas Ye Yuan passed by, those Fierce Gale World martial artists all collapsed weakly one by one.

When Shangguan Lingyun saw this scene, he was still unmoved. He just kept following not far away from Ye Yuan.

Every place Ye Yuan went to, the Crimsonlight City martial artists over there instantly obtained relief.

This action of his was actually in order to let the other Crimsonlight City martial artists break out of the encirclement as soon as possible!

Before long, Ye Yuan actually bumped into the Chu Shi trio who killed their way back.

When Chu Shi saw Ye Yuan, he could not help being elated, "Mister Ye, you finally took action! Fortunately, Old Chu, I, didn't fail you and already slaughtered a path out! At this time, I'm back to deal a back thrust!"

"Tch, making it seem like you did it alone!" Zhu Changzhi said disdainfully.

When Ye Yuan heard Chu Shi's words, he could not help being surprised too.

His thinking was the same as Su Hu. He also thought that these people would flee for their lives selfishly.

Who knew that such a big change actually happened to Chu Shi trio; dealing an unexpected blow!

Ye Yuan nodded his head slightly and said, "Almost there. You bring the others and leave. I'll cover your retreat!"

Chu Shi was long aware of Ye Yuan's strength, so he did not worry at all. He nodded his head and very quickly brought the others to break away from the encirclement and depart for the north.

Those Fierce Gale World martial artists were still going to chase, but Ye Yuan descended from the sky and blocked in front of them.

"Those who cross this line shall be killed without mercy!" Ye Yuan seethed with killing intent.
