#### Chapter 611: Divine Traversing Realm Appears!

Those martial artists were already crazed with killing. How could they care about Ye Yuan's warning?

"Flame Movement True Dragon Carnage!"

Ye Yuan punched out without hesitation, directly decimating a large throng!

With this, those martial artists finally knew his power. They came to a standstill one by one, looking at Ye Yuan fearfully.

"Heh. Do you think that by using this sort of method, you can let them escape alive? I'll hold him down. You all carry on chasing them! Kill off all of them for me! Leave no one!" Shangguan Lingyun issued the order.

When those Fierce Gale World martial artists heard Shangguan Lingyun's words, they were all stirring to take action.

Ye Yuan said coolly, "Those who aren't afraid to die, feel free to chase."

His voice was not loud, but it transmitted into everyone's ears clearly. Everyone unwittingly shuddered, and they involuntarily stopped their footsteps.

Shangguan Lingyun's expression darkened. He directly grabbed a martial artist and pinched him to death and said in a solemn voice, "All didn't hear me? Chase after them for me! Could it be that you guys forgot the Wind Emperor, His Majesty's, teachings?"

Upon mentioning the wind emperor, those martial artists were like injected with stimulants one after another, and became abnormally excited.

They actually forgot fear and really charged over.

*Rumble!*

Ye Yuan punched again, decimating a large swarm once more.

Yet, this time, his deterrence actually did not have any effect. Those martial artists still chased after crazily.

But when those martial artists were chasing, they intentionally circled around Ye Yuan, as if he, this person, did not exist.

Shangguan Lingyun looked at Ye Yuan in delight and said, "Saw that? This is the Fierce Gale World martial artists' might! Even if I let you kill, how many can you kill?"

Ye Yuan's eyes narrowed. Killing intent was revealed towards Shangguan Lingyun!

Shangguan Lingyun naturally perceived Ye Yuan's killing intent, but he was not bothered.

Although he examined himself and felt that he was not Ye Yuan's match, for Ye Yuan to want to kill him, it was not something that easy.

"*Huhu*, want to kill me? Bring it on!" Seeing Ye Yuan in an awkward position, Shangguan Lingyun was very satisfied in his heart too.

Ye Yuan looked at Shangguan Lingyun and said coldly, "Do you really think that I can't kill you?"

"Ye Yuan, I know that you're very formidable. But as long as I don't clash head-on with you, what basis do you have to kill me?"

"Is that so? Then watch closely!"

Ye Yuan's starting stance was still the Flame Movement True Dragon Carnage. Shangguan Lingyun was already very familiar with this move.

The Flame Movement True Dragon Carnage was indeed unbelievably powerful. But Shangguan Lingyun naturally would not be foolish enough to clash with Ye Yuan.

When Ye Yuan made his move, Shangguan Lingyun's movement technique was already swiftly displayed.

All of a sudden, Shangguan Lingyun's expression changed drastically!

Because his movement technique had just activated and that colossal red dragon was already right before his eyes! Shangguan Lingyun did not even see clearly how in the world Ye Yuan made his move!

Instant-cast martial technique!

This thought just flashed past Shangguan Lingyun's mind, but he only had time to muster up all the essence energy in the body to guard his heart channels.

Rumble!

The massive red dragon collided viciously onto Shangguan Lingyun's body. He took a Flame Movement True Dragon Carnage from Ye Yuan in all its glory!

The power of the Flame Movement True Dragon Carnage did not need to be said. Even with Shangguan Lingyun's Eighth Level Soul Sea protective essence energy, it totally could not guard against this move as well.

*Phhsst!*

Fresh blood sprayed wildly from Shangguan Lingyun's mouth! His entire person was hit flying out high up in the air!

After those Fierce Gale World martial artists who were currently chasing saw this scene, they all involuntarily came to a halt and was at a loss on what to do for a time.

Their main commander was actually beaten to this state by Ye Yuan in one exchange!

"Lord Shangguan!"

At this time, Deng Sheng was the very first to react, directly flying up to catch Shangguan Lingyun.

“Lord Shangguan, are you alright?”

Deng Sheng hurriedly stuffed a medicinal pill into Shangguan Lingyun’s mouth and revolved essence energy to help him refine the medicinal strength.

Ye Yuan caught up at this time as well and did not prevent this scene with Deng Sheng.

With the Fierce Gale World’s alchemy standards, how good a medicinal pill could be brought out?

Ye Yuan slowly walked in front of Shangguan Lingyun. Everybody all held their breaths.

Deng Sheng hurriedly stood in front of Ye Yuan, blocking his path and said in a grave voice, “If you dare to kill Lord Shangguan, I’ll fight it out with you!”

“Fighting it out with me, you don’t have this qualification!” Ye Yuan continued walking forward as he spoke.

Deng Sheng was taken in by Ye Yuan’s imposing momentum and fell back repeatedly.

Even Shangguan Lingyun was not Ye Yuan’s match. How could he possibly be Ye Yuan’s match?

He did not see clearly how Ye Yuan made his move earlier at all. He only saw a red light flash and Shangguan Lingyun was already struck by Ye Yuan.

Instant-cast martial technique!

It was definitely an instant-cast martial technique!

This youth could actually get hold of an instant-cast martial technique. It was simply impossible to guard against!

Except, Deng Sheng could not figure out even if he scratched his scalp raw. How could such a powerful martial technique possibly achieve instant-cast?

The incomparably powerful Shangguan Lingyun in his eyes was actually finished off by Ye Yuan instantly!

This move earlier, Ye Yuan finally employed the nameless essence energy in his body. Forget about Shangguan Lingyun not being prepared, even if he had made ample preparations, it was also not possible to be Ye Yuan’s match.

After experiencing the addition of nameless essence energy, the power of the Flame Movement True Dragon Carnage was even greater. Adding in instant-cast martial technique, Shangguan Lingyun’s defeat was already an inevitable situation.

Deng Sheng suddenly paused and halted his footsteps.

Behind him was Shangguan Lingyun already. He could not retreat anymore already.

“Y-Ye Yuan, you kill me then. I beg you, let Lord Shangguan off!” Deng Sheng suddenly begged.

Ye Yuan did not speak. His essence energy was already in the midst of being mustered frenziedly.

Shangguan Lingyun had to die. He was this great army’s spirit.

As long as he died, this great army was nothing to be feared. Only this way could give those Crimsonlight City martial artists sufficient time to escape.

Hence, it was impossible for Ye Yuan to let Shangguan Lingyun off.

“D-Don’t beg him! I-If you have the capabilities, t-then kill me! *Puhwark!*” As Shangguan Lingyun spoke, another mouthful of blood spewed out again.

Even though that blow earlier did not claim his life, his wounds were extremely heavily currently, and he was already not far from death as well.

If not for Deng Sheng feeding him a medicinal pill earlier, he would not even be able to speak right now.

Ye Yuan did not have the intention of stalling for time. He knew that at present, time was pressing and already could not allow him to be indecisive.

Looking at Shangguan Lingyun’s actions, a Divine Traversing Realm expert was definitely on the way already. There was simply no time for him to delay!

And towards a person like Shangguan Lingyun, he would not be soft-hearted as well.

Very soon, Ye Yuan’s aura rose to the peak once more. A massive red dragon rumbled over towards Deng Sheng once more, baring its fangs and brandishing its claws.

Deng Sheng clenched his jaws tightly and already planned on giving a last-ditch struggle.

But right at this time, a horrifying pressure descended from the sky!

Sensing this pressure, Ye Yuan’s expression changed drastically, and his figure moved back explosively!

A light halo appeared. Ye Yuan’s red colossal dragon was directly eradicated!

Two figures appeared at Shangguan Lingyun’s sides. One of them was dignified and elegant; of noble birth at one glance.

But the other was rather boorish, quite like the Lan Family Clan’s style.

These two people were shockingly both Divine Traversing Realm experts!

When Deng Sheng saw the arrivals, his face revealed wild elation!

“Lord Yunrong! Lord Lan Shun! You . . . You finally came!”

#### **Chapter 612: Keep Cool and Work Things Ou**

“You bring Lingyun to treat his injuries. Leave this place to me,” Shangguan Yunrong said coolly.

Deng Sheng already held the determination of dying for sure earlier. Who knew that there would be a turnabout. Shangguan Yunrong actually made it at the last moment, saving his life.

He looked at Ye Yuan with complicated eyes, uncertain if he should be happy or mournful too.

Happy was that Lord Yunrong made it, and Ye Yuan was certain to die.

Mournful was that such a staggering genius martial artist was actually going to perish here. Such a pity.

"You're Ye Yuan?" Shangguan Yunrong sized him up for a bit and asked.

"Aren't you talking rubbish here?" Ye Yuan replied.

Shangguan Yunrong did not mind and said smilingly, "I'm called Shangguan Yunrong, Lingyun's clan uncle. The last time, I brushed past you at the Tranquil Cloud Sect. This time, I finally met you. You're indeed the same as the story goes. You're definitely a peerless genius hard to come by in ten thousand years. Just peak Sea Transformation Realm and you actually have the strength to kill Lingyun. Truly remarkable."

Divine Traversing Realm experts might be paramount existences to other people.

But in Ye Yuan's eyes, it was also just like that.

Of course, Ye Yuan's current strength was clearly still a long way off from dealing with Divine Traversing Realm experts.

But mentally, he did not have any reverence.

Hearing Shangguan Yunrong said so, Ye Yuan said coolly, "What the hell does Shangguan Lingyun count as? Killing him, what's there worthy of being proud of?"

"*Heh*, what a rampant boy! I heard that a few juniors from our Lan Family all died at your hands?" Lan Shun suddenly said coldly.

Ye Yuan's eyebrows went up when he heard that. No wonder this person was so alike those Lan Family Tribe people's style. Turns out that it was the Lan Family Tribe's old ancestor.

"So what if yes?" Ye Yuan admitted it very scoundrelly.

Today's matter was clearly unable to be resolved. Ye Yuan could only go through with it now too.

Ye Yuan could not retreat right now. The Crimsonlight City martial artists had not gone far yet. If he fled by himself, those people would surely die without a burial ground.

So he had to delay the time now to strive for sufficient time for those people to flee.

Lan Shun had always been a lofty and exalted Divine Traversing Realm expert. Anyone was reverent and respectful towards him.

But this brat in front of him actually did not think much of him at all. This made him greatly enraged.

Even though the Lan Family Tribe guarding the Six Extreme Seals Grand Array was just a branch of their Lan Clan, they were a member of his Lan Clan no matter what.

This boy killed his juniors and was even so arrogant in front of him. How could he endure it?

"Good! Since you admitted it, then let's settle this score properly today! This old man will strip down your bones one by one later and sacrifice them to those juniors of mine!" Lan Shun said.

Ye Yuan said with a disdainful look, "There are plenty of people who want to strip down my bones. But nobody has yet to succeed. With just the likes of you, you want to strip down my bones too?"

Shangguan Yunrong's brows furrowed slightly. He had a foreboding premonition in his heart.

Ye Yuan was too composed as if he did not place him and Lan Shun in his sights at all.

Did he really have some reliance, or was he putting on an empty fort strategy to scare him?

"What a fine lad who doesn't know the immensity of heaven and earth! I hope that you can still smile in a while! Yunrong, leave this brat to me. I'll leave him unable to beg to live nor pray to die!" Lan Shun said.

Although this Lan Shun and Shangguan Yunrong were both Divine Traversing Realm experts, between the two people, it was clear that Shangguan Yunrong was the leader.

He wanted to touch Yunrong, but he needed to seek for Shangguan Yunrong's opinion.

Shangguan Yunrong nodded slightly and said, "Fine. I kept hearing that Ye Yuan is peerlessly talented, but I have never seen with my own eyes before. Lan Shun, you assess him and see just how formidable his strength is!"

Getting an affirmative reply, Lan Shun's face revealed a malicious smile, pressing on towards Ye Yuan step by step.

The pressure belonging to a Divine Traversing Realm was released without holding anything back, crushing the others until everyone could not catch their breath.

Divine Traversing Realm was a pinnacle existence in the Lower Realms' martial artists.

Every Divine Traversing Realm expert was incomparably exalted.

In the eyes of Divine Traversing Realm experts, martial artists beneath the Divine Traversing Realm were existences like ants.

Lan Shun knew that Ye Yuan was very strong. But no matter how strong, he was merely just a slightly larger ant as well.

"Boy, you'll pay the price for your arrogance!"

Facing Lan Shun's domineering pressure, Ye Yuan appeared very indifferent.

He suddenly took out a purple-colored talisman and said coolly, "Whether I have to pay the price or not, I don't know. But if you take another step forward, the price paid will be turning into ashes."

The instant Yunrong took out the purple talisman, Shangguan Yunrong's expression instantly changed drastically. His gaze was glued to the talisman in Yunrong's hands. A cold drought surged unceasingly.

But Lan Shun was totally unaware and said with a cold smile, "I was wondering where your confidence came from to be cocky with me. So, it's this lousy thing! You don't think that a lousy talisman is able to scare me, right?"

"Lan Shun, stop! Don't move forward anymore!" Shangguan Yunrong said solemnly.

Ye Yuan sneered when he saw the situation and said, "Turns out that there is still somebody who recognizes the goods. Looks like don't need me to waste my saliva."

Lan Shun's figure involuntarily froze, and he said in puzzlement, "Yunrong, just a lousy talisman. What's the fuss about?"

Cold sweat already broke out on Shangguan Yunrong's forehead as he said somberly, "You shut your mouth for me! The purple talisman in his hand is called Void Escape Thunderous Explosion Talisman. Once it's unleashed, it's equivalent to a peak Divine Traversing Realm expert's all-out attack! Do you feel that you can survive under such an attack?"

This purple talisman in Ye Yuan's hand was precisely the Void Escape Thunderous Explosion Talisman from the Vast Heaven Pagoda.

Even though using it to kill a First Level Divine Traversing was somewhat a waste of God's good gift, at this time right now, Ye Yuan could not be bothered too much.

"P-Peak Divine Traversing Realm's . . . all-out attack . . ."

With this, Lan Shun was dumbfounded too.

That imposing momentum that disdained all under the heavens originally vanished without a trace. Large beads of sweat dripped down his forehead.

How was that thing in Ye Yuan's hand just some talismans? It was simply a time bomb!

If by any chance he rushed over impulsively earlier, he would probably really have turned into ashes already at this moment.

Looking at Lan Shun's expression, Ye Yuan said with a cold smile, "Weren't you very cocky just now? Aren't you going to strip down all of my bones? Come on! I'm standing right now! Come and strip them!"

Lan Shun could not resist swallowing his saliva and was actually tongue-tied for a moment.

He thought nothing of Ye Yuan at all earlier. But who knew that he actually had such a major killing tool in his hands?

Peak Divine Traversing Realm and First Level Divine Traversing Realm were two entirely different concepts.

The disparity between the two could not be measured with distance.

No matter how powerful he, Lan Shun, was, he could not possibly withstand the full power attack of a peak Divine Traversing Realm experts too!

No wonder this boy was so arrogant. Turns out that this was waiting here!

Lan Shun could not refrain from taking a step back, but Ye Yuan noticed it and said with a cold smile, "Try taking another step back!"

Lan Shun choked up again, not knowing what should he do.

His distance away from Ye Yuan right now was extremely awkward. It was right within Ye Yuan's attack range. He wished to back away, but how could Ye Yuan possibly give him this chance?

"B-Brat, you don't be impulsive. Keep cool and work things out!" Lan Shun said dryly.

### Unrivaled Medicine God

#### **Chapter 613: Detonate!**

Ye Yuan was tickled when he heard that and said smilingly, "Keep cool and work things out? Your tone when speaking to me earlier wasn't like this."

Lan Shun had an awkward look as he said, "I . . . That was me having eyes, but not recognizing Mount Tai. Brat, er no, Little Brother Ye, I . . . I apologize."

His back was already drenched in sweat, standing there and not daring to even move.

Throughout his life until now, this was his first time feeling that he was so close to death.

"*Huhu*, apologize? Do you feel that I'll accept your apology?" Ye Yuan smiled as he responded with a question.

"Then . . . Then what do you want?"

"What do I want? How you guys came, scram back for me! Otherwise, you all have to die today!" Ye Yuan said coolly.

As he said, Ye Yuan raised the talisman in his hand up. Lan Shun's heart lifted along as well and almost leaped out.

At this instant, his scalp nearly exploded.

However, Ye Yuan spun around lightly. The Void Escape Thunderous Explosion Talisman returned to its original place again.

*Drip!*

Lan Shun heaved a sigh in relief. Sweat ran down his cheeks and dripped down.

By the side, Shangguan Yunrong did not speak all along. At this time, he suddenly voiced out, "Ye Yuan, you don't need to pretend to be relax! Your Void Escape Thunderous Explosion Talisman can only be used once, right?"

Ye Yuan was secretly startled, but his face was composed as he said, "*Huhu*, you can come and give it a try. Void Escape Thunderous Explosion Talisman, I have a total of three; plenty to kill the two of you!"

But Shangguan Yunrong shook his head and said, "The used once that I said wasn't this meaning. Unleashing the Void Escape Thunderous Explosion Talisman with your current strength, you'll most likely be sapped completely of essence energy instantaneously. So you won't have the opportunity to unleash a second one at all! Even though it's my first time meeting you, I still more or less know a little about your way of handling things. With your character, if you can unleash the Void Escape Thunderous Explosion Talisman many times, you would probably already have killed off Lan Shun without the slightest hesitation earlier. Tell me, is what I said right or wrong?"

The more Shangguan Yunrong spoke, he more collected he became. He had clearly walked out of that panic-stricken emotion earlier already.

Furthermore, one could discern from his tone that he was rather confident in his analysis.

Ye Yuan did not think that this Shangguan Yunrong was actually so troublesome. He saw through that he was just making an empty show of strength so quickly.

What Shangguan Yunrong said was totally right!

When Long Teng handed these Void Escape Thunderous Explosion Talismans to him, he also told Ye Yuan the method of application.

Ye Yuan's cultivation realm was still somewhat lacking right now. He was simply unable to unleash the Void Escape Thunderous Explosion Talisman many times.

Which was also to say that the Void Escape Thunderous Explosion Talisman in his hands could only kill Lan Shun alone!

And once he unleashed the Void Escape Thunderous Explosion Talisman, he only had waiting helplessly for the end, this one path, to walk.

Ye Yuan was originally thinking of using the Void Escape Thunderous Explosion Talisman to threaten the other party, then retreat leisurely. He did not expect that this Shangguan Yunrong was someone with a sharp mind. Wanting to smoke this through was not that easy!

"*Huhu*, is that so? Since you say so, then I'll come and give it a try." Ye Yuan turned towards Lan Shun and said, "Hey, that Lan Shun or whatever, sorry about it. In order to verify whether his words are correct or not, I'll use you as an experiment first."

As he said, Ye Yuan's body radiated with a brilliant splendor and was about to pour essence energy into the Void Escape Thunderous Explosion Talisman.

Lan Shun had a myriad of profanities galloping across his mind right now, but he hastily yelled out, "Don't, don't don't! Little Brother Ye, don't be rash! I believe you! I believe you!"

Everyone says that the older the person, the more cowardly they get. This was not false at all.

For Lan Shun to be able to have today's accomplishments, he could be said to have gone through countless violent storms and waves. So he valued life the most as well. But how could he expect that he would fall at the hands of a junior today?

The most hateful thing was that Shangguan Yunrong's words openly and implied meaning were baiting Ye Yuan to finish him off. This fellow simply had malicious intents!

Even if what Shangguan Yunrong said was true, what right did he have to make him be the scapegoat?

"Shangguan Yunrong! What the meaning of this?" Lan Shun simmered with anger.

Shangguan Yunrong said coolly, "His Majesty had warned us about this Ye Yuan! As long as we come across him, we are to capture and execute him right away! You saw it too, how great Ye Yuan's potential

is! Wait until he advances to the Soul Sea Realm, even you and I might not be his match too! For the sake of His Majesty's grand plan, you sacrifice a bit."

"Pooh! Talk is cheap! Why aren't you the one sacrificing? If you have the capabilities, we swap positions. You go and sacrifice. I'll complete His Majesty's grand plan!" Lan Shun snarled.

Shangguan Yunrong did not bother with Lan Shun. He said to Ye Yuan, "You don't need to sow discord here. Today, I won't let you leave no matter what! Your growth is too rapid. It's already threatening His Majesty's plan. Hence, you must die today!"

Ye Yuan did not think that Shangguan Yunrong was so resolute; wanting to kill him by not stinting to sacrifice Lan Shun as well!

Like this, the matter was somewhat troublesome.

Even though he was very fretful in his heart, Ye Yuan's face was still showing a smile, as if he thought nothing of it in the slightest.

He smiled and said to Lan Shun, "*Huhu*, looks like your companion doesn't care about life or death at all! Alright then, since that's the case, then I'll send you to the western paradise. But when you're dead, don't blame me. Want to blame, blame your companion for being heartless and cold-blooded.

The talisman in Ye Yuan's hand radiated even more brilliantly. Lan Shun was sweating profusely as he cursed, "Shangguan Yunrong, I f\*ck your grandma! You'll die a horrible death! May you be the last in your family line . . . Little Brother Ye, you mustn't, mustn't be rash!"

Toward Lan Shun's cursing, Shangguan Yunrong was unmoved. With a *whizz*, Shangguan Yunrong gathered a titanic quantity of heaven and earth essence energy.

He was actually going to unleash an attack against Ye Yuan to force Ye Yuan to submit!

Divine Traversing Realm experts' control over heaven and earth essence energy already reached a very exaggerated level.

Shangguan Yunrong deliberately pulled apart the distance from Ye Yuan. At this distance, although Ye Yuan's Void Escape Thunderous Explosion Talisman could hit him, it definitely would not be fatal.

Conversely, it was likewise the same!

But the attack of a Divine Traversing Realm expert, how could Ye Yuan dare to really withstand head-on?

Therefore, Ye Yuan's only option was to use the Void Escape Thunderous Explosion Talisman to kill Lan Shun!

This Shangguan Yunrong, what ruthless means!

In order to kill him, he did not scruple to use the life of another Divine Traversing Realm expert as the price!

"Proud Snow Silver Frost Finger!"

Shangguan Yunrong gave a light cry. An extremely tyrannical finger light tore through the air and arrived!

“Shangguan Yunrong, I f\*ck your eighteen generations of ancestors! *Argh!* Your Father will risk it! Dark Wind Divine Palm!”

This Lan Shun was also someone decisive in killing and knew that at this time, it was no longer up to him!

Even though he cursed Shangguan Yunrong verbally, this palm was not targeted at him but was unleashed towards Ye Yuan.

At this time, he could only bet that the Void Escape Thunderous Explosion in Ye Yuan’s hand was a gray-market product and was totally useless.

Two mighty Divine Traversing Realm experts unleashed moves at Ye Yuan at the same time. The commotion caused was truly earth-shaking.

A colossal pressure engulfed the entire battlefield, crushing the other martial artists until they could not breathe.

At this sort of stage, Ye Yuan no longer had any hopes of leaving things to chance. He poured all the essence energy in his body into the Void Escape Thunderous Explosion Talisman.

The purple talisman instantly bloomed with a dazzling light. Several streaks of purple thunderbolts appeared from the void, wantonly bombarding at Lan Shun!

### [Unrivaled Medicine God](#)

#### **Chapter 614: Cat and Mouse?**

Purple electric snakes danced wildly in the air. A colossal energy pressure crushed everyone until they could not breathe, including Ye Yuan himself.

The power of this Void Escape Thunderous Explosion Talisman seriously somewhat exceeded his expectations.

Lan Shun only struggled for a bit slightly and was engulfed by the frenzied electric snakes.

The attacks of the two Divine Traversing Realm experts were annihilated like this by the electric snakes. It did not even stir up a wave.

The corners of Shangguan Yunrong’s mouth involuntarily twitched a little. Clearly, he was intimidated by the scene before his eyes too.

If he had swapped places with Lan Shun earlier, then the one being electrocuted to charcoal right now would be him!

Void Escape Thunderous Explosion Talisman was indeed well-deserving of its reputation!

Right at this time, the Crimsonlight great army that already escaped very far away was startled right now as well.

“En? This . . . What’s going on? What a powerful undulation!” Chu Shi’s expression changed as he said.

Chu Shi and the others exchanged glances and guessed the answer very quickly.

Such a powerful undulation, it definitely was not done by a Soul Sea Realm experts. Then it could only be . . . Divine Traversing Realm!

“Divine Traversing Realm powerhouse! A Divine Traversing Realm powerhouse definitely arrived! M-Mister Ye he . . .” Zhu Changzhi somewhat choked up even when speaking.

Liu Hong, the four people, similarly exchanged glances. They all saw thick worry from the other party’s eyes.

“City Lord Su, you bring the others away. The four of us will go back and have a look at the situation!” Qin Yan said solemnly.

“No way! Want to go back, it should be me too! The strength of the few of you is still weak. Facing Divine Traversing Realm experts, you simply don’t have the power to resist. I’m at any rate a peak Ninth Level Soul Sea. I more or less still have some chance to escape alive. I’ll return!” Su Hu directly refused.

“We don’t care about other people. The three of us must go back! Mister Ye’s grace towards us is tantamount to giving us a new lease on life. Even if we die, we have to return too!” Zhu Changzhi said resolutely.

“I’m going back too!”

“I’m returning as well!”

. . . . .

For a time, the Crimsonlight great army’s upper echelons were locked in a fierce dispute, all fighting to go back.

“Alright! Stop arguing! Ding Qi, you bring the others and continue heading north towards Fairsun City to deliver the news. Tell them that the Fierce Gale World’s Divine Traversing Realm experts have already joined the war. Let the alliance make preparations early! City Lord, four sirs, since everybody is concerned with Mister Ye’s safety, then how about we go back together?”

At this time, Chu Shi was steady and composed, and he actually had a demeanor of a commander-in-chief; simply like two different person from that sort of ruffian manner previously.

Even though Su Hu’s strength was the greatest among these people, but faintly, Chu Shi actually became the person whose words had the heaviest weight.

“Fine. Since that’s the case, then let’s go back together!” Su Hu nodded and said.

Qin Yan nodded his head too, expressing agreement.

. . . . .

“This Void Escape Thunderous Explosion Talisman, I’ve only heard of its name as well. I didn’t expect that its power is actually so terrifying! Truly didn’t think that you actually still had such a major killing

tool! It's also fortunate that two people came together this time. Otherwise, we'd really be powerless against you!" Shangguan Yunron looked at Ye Yuan and said coolly.

Indeed, as he expected, Ye Yuan was sapped dry of essence energy by the Void Escape Thunderous Explosion Talisman. At this time, he became incomparably weak.

In Shangguan Yunrong's eyes, Ye Yuan was already a lamb awaiting slaughter.

A martial artist without essence energy, what actions could he still take?

He could tell that Ye Yuan was recovering essence energy on the sly. Furthermore, the speed was very swift. But he was not in a hurry at all.

Even if Ye Yuan's recovering speed was any faster, it was also not possible to recover to his peak state within a short time.

During this process, he had plenty of time to kill Ye Yuan.

As long as Ye Yuan was unable to unleash the Void Escape Thunderous Explosion Talisman again, so what if he let him fully recover essence energy?

Shangguan Yunrong was a Third Level Divine Traversing Realm super expert. Even if Ye Yuan recovered essence energy, how could he possibly be his match?

"*Heh*, do you think that . . . you can do anything to me now?" Ye Yuan panted and said.

It was just that these words in Shangguan Yunrong's view were entirely a dead duck having a stubborn mouth.

Martial artists in battle, the greatest taboo was fully expending all of their essence energy. That way, he would not have any capital to protect himself anymore.

Without the support of essence energy, no matter how powerful the martial technique, it was no use too.

"*Huhu*, stop doing futile things. Do you think that I'll give you the chance to recover essence energy?" Shangguan Yunrong suddenly unleashed a palm as he was speaking.

This palm was very casual. But it did not have the intention of putting Ye Yuan to death.

*Bang!*

Ye Yuan was struck flying out, directly spewing out a mouthful of blood.

The essence energy that he had just amassed was directly dissipated by this palm.

Shangguan Yunrong came in front of Ye Yuan and said with a faint smile, "Do you know how cats catching mice are done? After they catch the mouse, they will set the mouse free, then catch again, and release again. Repeating like this over and over again, all the way until the mouse is completely drained of energy. I know that you're unresigned. But right now . . . you're just a mouse that's being toyed with by me."

As he said, Shangguan Yunrong unleashed another palm, sending Ye Yuan flying out.

Ye Yuan stood up, wiped away the fresh blood at the corners of his mouth, and looked at Shangguan Yunrong as he said with a miserable smile, "Looks like your Shangguan Family are all a bunch of psychos! Do you feel that you, a dignified Divine Traversing Realm expert, having your life threatened by me, a Sea Transformation Realm junior, is very humiliating? So you want to find a mental equilibrium like this right now?"

Shangguan Yunrong's expression froze. Flinging his hand, it was another palm strike!

He had his thoughts laid bare by Ye Yuan and could not help becoming enraged from embarrassment.

Just as Ye Yuan predicted, he was indeed very furious earlier. That feeling of his life being held in the hands of others made him very displeased.

Even though he maintained quite a distance away from Ye Yuan just now, If Ye Yuan really threw the Void Escape Thunderous Explosion Talisman at him, he did not dare say that he could withdraw unscathed either.

The power of the Void Escape Thunderous Explosion Talisman was too strong!

Lan Shun did not even leave behind bone ashes under the Void Escape Thunderous Explosion Talisman!

If not for Ye Yuan doing it for the sake of ensuring that he could kill a Divine Traversing Realm expert, he, Shangguan Yunrong's, most optimistic state right now would also be the outcome of severe injuries.

Hence, when Ye Yuan exhausted his essence energy, he was not in a hurry to kill Ye Yuan but wanted to give vent to the resentment in his heart for a bit.

"So what if yes? You already can't use the Void Escape Thunderous Explosion Talisman now. I just want to mess with you to death. What can you do to me?" Shangguan Yunrong suddenly became savage.

As Shangguan Yunrong was talking, his palm struck again. He did not mind going through the trouble to play this game.

*Bang!*

Ye Yuan was sent flying once more, his entire body covered in blood, looking very miserable.

Seeing Ye Yuan like this, Shangguan Yunrong was very delighted in his heart.

"Do you feel that you're a genius; you feel that nobody in this world is your match? Don't you know that killing a genius is something with a great sense of accomplishment? *Hahaha!* Beg me! Beg me to let you off! Maybe I'm in a good mood and will really spare you from death!" Shangguan Yunrong said in a crazed state.

As he said, Shangguan Yunrong lifted his hand, and it was another palm strike.

Yet, right at this time, he suddenly saw Ye Yuan smiling at him.

That smile seemed to be mocking his ignorance and woe.

Shangguan Yunrong's expression changed, and all the hairs on his body stood on its ends. A feeling of immense danger came with a surge.

## Unrivaled Medicine God

### **Chapter 615: Take It Easy, It's Just Starting!**

“Coiling Dragon Heaven Devastating Palm!”

Ye Yuan gave a fierce cry, sweeping over towards Shangguan Yunrong with a colossal azure dragon.

The huge dragon’s roar reverberated throughout the skies and collided onto Shangguan Yunrong with a loud crash.

This change was too sudden. Shangguan Yunrong was caught off guard and took a solid hit!

Everyone shockingly discovered that the azure dragon actually broke apart the protective essence energy on Shangguan Yunrong and attacked his main body!

*“Puhwark!”*

Shangguan Yunrong was actually beaten until he vomited blood by this blow of Ye Yuan’s!

Talking about it was slow, but all of this actually just happened in the time it took for sparks to fly off a piece of flint. Even Shangguan Yunrong did not react to it.

Ye Yuan appeared to be weak all along for the sake of this attack!

Coiling Dragon Heaven Devastating Palm was Ye Yuan’s current true killing move!

Under normal circumstances, Ye Yuan simply had no chance to use this move. Even if he used it, it was also not possible to cause the slightest bit of harm to Shangguan Yunrong.

But it did not mean that this move could not harm Divine Traversing Realm experts.

Ye Yuan’s talent with the cultivation of dragon wave, likewise, had reached a very monstrous degree.

Not long ago, he already broke through Earth Rank and advanced into Heaven Rank boundary.

Executing Coiling Dragon Heaven Devastating Palm with Heaven Rank boundary, this blow of Ye Yuan’s was already not much weaker compared to that final palm of Long Teng’s back then.

This degree of attack, even if it could not kill a Divine Traversing Realm expert, making them sustain injuries was still achievable.

Just when everyone all thought that Ye Yuan did not have the possibility of counter-attacking at all, it was the moment for Ye Yuan’s all-out blow.

Hence, Ye Yuan succeeded!

However, this was not over!

Just as everyone was staring wide-eyed and their mouths agape, Ye Yuan erupted abruptly, speeding towards the Shangguan Yunrong who was still in the air!

Ye Yuan sprinted all the way crazily, but his aura was in the midst of rising frenziedly.

The Shangguan Yunrong who lost balance in the air had yet to understand what was happening when a sense of immense danger attacked once again.

The sense of danger this time was even much stronger compared to the last time!

*Rumble!*

Just as Ye Yuan's aura was soaring madly, the clouds and winds in the sky suddenly changed!

The originally clear blue skies for thousands of miles up to the Ninth Heaven actually became covered with dense dark clouds. The sky instantly dimmed.

This series of changes were too quick and also too sudden. Everybody failed to react to it, including Shangguan Yunrong!

By the time they all reacted to it, a series of rolling thunder already resounded in the skies. Lightning flashed faintly in the clouds.

That apocalyptic-like pressure made everyone unable to breathe.

This scene made all the people startled inwardly.

Ye Yuan was going to transcend the tribulation!

Divine soul entering the sea was an action which defied the heavens. One would be subjected to the punishment of heavenly tribulation!

Cross it and endless blue skies where birds could fly freely.

Fail to cross, and one would perish; their Dao would vanish without anybody caring.

Assaulting Soul Sea needed to expend ten years, even decades of time to prepare for other people. However, Ye Yuan did not need to.

Ye Yuan's divine soul was incomparably powerful. It had long already reached the boundary of Quasi-Alchemy King perfection!

Communicating with the essence energy sea with his current divine soul boundary was just something that flowed naturally when a channel was formed.

Moreover, Ye Yuan experienced breaking through to Soul Sea in his previous life and was way too familiar with this process.

Divine soul entering the sea, this process needed a very long period of adaptation to others.

During the process of breaking through, one would even need to undergo failure many times.

But this process, Ye Yuan already completed it during the process of sprinting earlier!

Hence, that was why the heavenly tribulation arrived so quickly, catching everyone unprepared.

And what Ye Yuan needed was precisely everybody to be caught by surprise.

Just now, when Ye Yuan was erupting, he already stuffed a large amount of essence energy recovery medicinal pills into his mouth. At present, his essence energy was also in the midst of rapid recovery.

After refining the dragon blood, Ye Yuan's physique was already extremely daunting.

Even though he did not have the support of essence energy, his explosive power was still extremely powerful!

Just a matter of a blink of an eye, Ye Yuan already approached Shangguan Yunrong. Dashing behind him with a large stride, Ye Yuan reverse-latched onto him tightly!

Shangguan Yunrong was frightened immensely by this and struggled desperately!

"Are you crazy? What are you trying to do? Quickly let me go!"

Even though Shangguan Yunrong was a Divine Traversing Realm expert, in terms of fleshy body strength, he was way inferior to Ye Yuan.

In his panic, Shangguan Yunrong desperately wanted to use essence energy to shake Ye Yuan away. But Ye Yuan's two arms buckled him down like iron hoops.

Even if he was shocked until his entire body was covered in wounds, Ye Yuan did not plan on easing up a little either!

"As repayment for your game of cat and mouse earlier, cross this heavenly tribulation together with me!" Ye Yuan clenched his teeth and said.

"*Argh!* Let me go! I'll kill you!" Shangguan Yunrong roared.

At this time, Shangguan Yunrong finally came to his senses.

Massive essence energy gathered onto his palm very quickly, and he was going to press on Ye Yuan's body with a backhand.

However, right then, a huge lightning bolt fell straight to the mortal world from above the heavens, slamming heavily onto the two person's bodies!

*Rumble!*

The essence energy which Shangguan Yunrong had just coalesced was directly dissipated by this lightning.

Only to see him with disheveled hair. How was there still any hint of the demeanor of an expert?

Sustaining this blow, the aura on Shangguan Yunrong's entire person waned considerably.

The power of heavenly tribulation, even if he was a Divine Traversing Realm expert, it was not that nice to endure either.

In contrast, when this bolt of lightning smote onto Ye Yuan's body, he was perfectly fine. It looked like his aura even strengthened a little!

However, Ye Yuan's two arms still latched onto Shangguan Yunrong tightly, not giving him any opportunity to escape.

Following the first bolt of lightning falling, the bolts of lightning in the air were like falling rain, crashing down onto the place where Ye Yuan and Shangguan Yunrong were at.

For a time, rock fragments scattered all around. One could not see the two people's figures in the outside world at all.

"*Argh!* Ye Yuan! You'll die a horrible death! Let go! Quickly let me go!"

Shangguan Yunrong roared with all his might. However, Ye Yuan ignored him completely. He just hugged Shangguan Yunrong tightly, letting the heavenly tribulation slam onto the two of their bodies.

This degree of heavenly tribulation did not matter to Ye Yuan at all.

Ye Yuan refined the blood of a true dragon, and the strength of his fleshy body was very fearsome. Not only did this degree of heavenly tribulation not have the slightest effect on him, it even let his fleshy body obtain tempering, becoming even stronger.

Furthermore, under the catalyzation caused by the heavenly tribulation, the large pile of medicinal pills that he consumed previously were currently being refined slowly. His aura recovered to the peak state very quickly!

On the other hand, Shangguan Yunrong he did not have Ye Yuan's freakish fleshy body. Furthermore, he did not have sufficient preparations to deal with heavenly tribulation at all in the first place in his panic.

Under a bout of wanton bombarding, the aura on his body became increasingly withered.

Before long, there was finally no more lightning falling in the sky. The others could finally see clearly the situation of the two people inside.

Even though Ye Yuan's body looked very tragic, his aura had actually already recovered to the peak state.

While the high and mighty Shangguan Yunrong had a head of disheveled hair at this time, looking very savage.

Most importantly, he was actually forcefully cut down a minor boundary by the heavenly tribulation!

"Take it easy, it's just starting!"

Ye Yuan's voice had yet to fade when the clouds in the sky seemed to have become a little thicker again. It seemed to be preparing an even stronger heavenly tribulation!

### [Unrivaled Medicine God](#)

#### **Chapter 616: Forcefully Withstanding Heavenly Tribulation!**

*Rumble!*

Ye Yuan's voice had yet to fade when a lightning bolt even thicker than before struck the bodies of the two.

*“Argh!”*

Shangguan Yunrong cried out miserably.

Heavenly tribulation was the thing martial artists feared the most. After entering the Soul Sea Realm, they had the possibility of perishing under heavenly tribulation at any one breakthrough.

“Ye Yuan, you madman! You’re only just breaking through to the Soul Sea Realm! Why is the power of the heavenly tribulation so strong?” Shangguan Yunrong howled.

It was also that Divine Traversing Realm experts were too powerful. Swapping any other Soul Sea Realm martial artist to cross the heavenly tribulation together with Ye Yuan, they would probably have long been smitten to ashes at this time already.

Changing another point of view to look at it, if not for the power of Ye Yuan’s heavenly tribulation being too strong, Shangguan Yunrong would also have killed Ye Yuan long ago. How could he give him the chance to transcend the tribulation?

The power of heavenly tribulation was normally set according to the martial artist’s strength. Before this, Ye Yuan had virtually already reached the limits that Sea Transformation Realm could attain.

The power of his heavenly tribulation right now was already powerful to a degree where even Shangguan Yunrong, this Divine Traversing Realm expert, was fearful of.

It was just that no matter how he struggled, Ye Yuan just hugged him and did not loosen up.

Shangguan Yunrong suffered the bombardment of the heavenly tribulation endlessly and did not have the time to deal with Ye Yuan.

*Bang! Bang! Bang!*

Dense lightning tribulation rumbled down unceasingly, blasting fragments of rock flying all around.

The second wave of heavenly tribulation came down. Ye Yuan still withstood it with great ease same as before, while Shangguan Yunrong was blasted a minor boundary down once more!

*Bang!*

Ye Yuan suddenly let go of Shangguan Yunrong and kicked him out abruptly.

This kick, Shangguan Yunrong was likewise caught by surprise, and directly face-planted from Ye Yuan’s kick.

But with this, it also kicked Shangguan Yunrong out of the range of the heavenly tribulation.

Following that, Ye Yuan sat with his legs crossed, the expression on his face becoming solemn.

The power of this heavenly tribulation seriously exceeded his imaginations somewhat. Although for the first two waves, he cleared it with ease, the power was way stronger compared to when he crossed the heavenly tribulation in his previous life!

Ye Yuan was originally thinking of taking advantage of the heavenly tribulation to exhaust Shangguan Yunrong to death. Who knew that the power of this heavenly tribulation was actually so formidable.

*Rumble!*

The clouds in the sky became thick once more. Without any doubt, the next wave of heavenly tribulation would be even fiercer.

Everyone stared at Ye Yuan in the center of the storm. They were all hoping for Ye Yuan to fail to transcend the tribulation and be struck to death by the lightning tribulation.

But their eyes revealed thick alarm and terror because they had never seen such a berserk heavenly tribulation before.

*"Hahaha! Indeed well-deserving of being an unequaled genius! Even your method of transcending the tribulation is different from others! Looking at this sort of situation, you'll have to cross at least four of the nine heavenly tribulations, right? Even if you can endure past three heavenly tribulations, I want to see just how you transcend four heavenly tribulations!"*

Shangguan Yunrong bore out of the mud with a filthy face.

But at this time, he could not be bothered with his face anymore. He was laughing at Ye Yuan as he gloated over his misfortune.

This fellow simply deserved death, to actually use him to block the heavenly tribulation and actually let the heavenly tribulation forcefully smite him down two minor cultivation realms!

This was simply a sort of disgrace to Shangguan Yunrong!

Hence, he hoped for Ye Yuan to be struck to death by the lightning tribulation right now more than anybody.

Of course, these words still carried thick jealousy.

Heavenly tribulation was divided into a total of nine levels. Every time they crossed a level of heavenly tribulation, the martial artist's strength would strengthen a portion.

Although tremendous risks existed with transcending tribulations, it also contained huge lucky chances.

Heavenly tribulations were products of Heavenly Dao. It by itself carried many Heavenly Dao fragments. Even though most of these Heavenly Dao fragments would dissipate, there would still be a considerable portion remaining in the martial artist's body.

And these Heavenly Dao fragments could aid martial artists to comprehend concepts even faster.

The more levels of heavenly tribulations crossed, the more Heavenly Dao fragments obtained. The benefits obtained by the martial artist was naturally greater too.

For ordinary martial artists transcending tribulations, at most, it was crossing two of the nine heavenly tribulations.

When Shangguan Yunrong crossed the heavenly tribulation back then, he only crossed three heavenly tribulations and already obtained immense benefits.

But looking at Ye Yuan's current momentum, he had to cross four heavenly tribulations at the very least. It might even be five heavenly tribulations!

Then once Ye Yuan successfully transcended the tribulation, his strength would surely have a huge advancement!

This was not a situation that Shangguan Yunrong wished to see. In his view, it was best for Ye Yuan to be smitten to death by the lightning tribulation!

According to the magnitude of this heavenly tribulation right now, it was also not without the possibility!

Every round of heavenly tribulation had a total of nine by nine, 81 lightning tribulations in each heavenly tribulation. There would not be intervals between this. The martial artist must endure through all of it before they could enter the next round.

And how many rounds of heavenly tribulation every martial artist had, only the heaven itself knew this.

Of course, the vast majority of the people were all below three levels of heavenly tribulations.

*Swoosh!*

*Bang!*

Finally, the third heavenly tribulation was starting.

Ye Yuan still sat with his legs crossed, as if he did not have the intention of resisting the heavenly tribulation.

The violent lightning directly blasted onto his body. But Ye Yuan was unscathed.

And on his body, there was actually still traces of current revolving around.

Seeing this scene, Shangguan Yunrong's expression changed greatly!

"You . . . You this fellow, are actually using heavenly tribulation to temper your fleshy body?! You . . . You're simply a madman!" Shangguan Yunrong finally witnessed what was called freakish today.

When he was reverse-latched down by Ye Yuan, he did not notice what Ye Yuan was doing at all.

Only when looking at Ye Yuan transcending the tribulations from outside the heavenly tribulation did he know what Ye Yuan was doing.

Other people transcending tribulations, which one of them was not trembling with fear as if treading on thin ice.

Ye Yuan had the nerve to actually make use of the heavenly tribulation to temper his fleshy body instead!

A martial artist's fleshy body was the weakest link. Generally, all could not keep up with their cultivation realms.

Although under the catalyzing of essence energy, martial artists' fleshy bodies were much stronger compared to ordinary people; it would generally be one to two major cultivation realms lower than themselves.

Hence, when most people were transcending tribulations, they would strive with all their might to use protective essence energy to resist the heavenly tribulation. It was simply impossible to be like Ye Yuan to use the fleshy body to forcefully withstand the heavenly tribulations. This was simply no different from courting death.

Bolts of heavenly tribulations fell down. Ye Yuan's body radiated with a red glow. His aura was gradually becoming stronger.

The reason why he dared to forcefully withstand the heavenly tribulation was actually that the dragon blood in his body was not fully absorbed. Utilizing the heavenly tribulation to temper the fleshy body could stimulate his body's potential, refining the dragon blood that had not been refined once more.

The power of Ye Yuan's vitality was increasingly stronger. By the time the final streak of heavenly tribulation fell, Ye Yuan finally broke through the bottleneck with one stroke!

At this moment, Ye Yuan felt unbelievably great. He already reached Soul Sea Realm just by relying on the strength of his physical body now.

Coupled with the Coiling Dragon Heaven Devastating Palm, he could virtually sweep away Soul Sea Realms!

"Uncle Rong, what happened? Why is Ye Yuan . . . transcending the tribulation? Furthermore, the power of this heavenly tribulation . . . seems to be a little too strong as well, right? En? Uncle Rong, your cultivation realm . . ."

Shangguan Lingyun regulated his breathing for a while, and his injuries were finally brought under control a little.

He sensed that the commotion over here was huge and it seemed like the situation was not too optimistic, so he rushed over to take a look. Shocked, he saw Ye Yuan currently transcending the tribulation.

Shangguan Yunrong's face was completely black as he gritted his teeth and said, "It's all Ye Yuan that brat's tricks! Lingyun, I feel that it's not going too well right now. We'd better ask for help from Family Head!"

### [Unrivaled Medicine God](#)

#### **Chapter 617: Dispersing Tribulation Clouds!**

Shangguan Lingyun's heart pounded.

He initially thought that by calling Shangguan Yunrong, a Third Level Divine Traversing expert, over, Ye Yuan would die for sure.

Who knew that in just this short while, the two mighty Divine Traversing Realm experts, one died, and one was injured, while Ye Yuan was transcending the tribulation over there perfectly fine.

Once he succeeds in transcending the tribulation, Ye Yuan's strength would advance another step further. There was really nobody who could control him here anymore.

Shangguan Lingyun and Shangguan Yunrong both felt that Ye Yuan's threat was too great. They had to thoroughly kill him this time; otherwise, there would be no end of trouble for the future.

"Deng Sheng, immediately send news to Family Head, and let them send experts over right away!" Shangguan Lingyun instructed.

"Yes! This subordinate will go right away!" Deng Sheng immediately received the order and left.

Shangguan Yunrong and Shangguan Lingyun watched Ye Yuan in the heavenly tribulation, their faces had indescribable solemnness.

Before long, the fourth of the nine heavenly tribulation came as promised.

And at this time, Ye Yuan's fleshy body already broke through its fetters and entered a brand-new boundary.

In the sky, the tribulation clouds were increasingly thicker. The area was also getting bigger and bigger.

A pressure exuded from within the clouds, crushing everyone until they could hardly breathe.

Everyone realized one point. The power of this fourth heavenly tribulation would probably be even more terrifying!

"The power of this fourth heavenly tribulation, with my current strength, I most likely can't make it through at all! This Ye Yuan is truly too scary! He can actually summon such a horrifying fourth heavenly tribulation!" Shangguan Yunrong said somberly.

"This fourth heavenly tribulations seems to be more than twice stronger than the third heavenly tribulation. No matter how powerful Ye Yuan is, he won't dare to forcefully withstand it either, right? Hopefully, he gets struck to death by this fourth heavenly tribulation!" Shangguan Lingyun said hatefully.

But Shangguan Yunrong shook his head and said, "Although this fourth heavenly tribulation is strong, to want to kill him, it probably still can't accomplish that. If . . . he can draw a fifth heavenly tribulation, then there might be some hope. En? What's he trying to do?"

Shangguan Yunrong, uncle and nephew, were currently talking when Ye Yuan suddenly stood up.

It was only to see him tilting his head. He looked up at the rolling thunder in the sky. He was actually brimming with fighting intent!

"He . . . He can't be . . ." Shangguan Yunrong faintly had some conjectures in his heart, but he felt that this was simply nonsense.

Yet, Ye Yuan's action the next instant gave him a resounding slap.

Chiii!

The first bolt of the fourth heavenly tribulation descended from the sky. At the same time, Ye Yuan's body gave off an extremely powerful aura!

"Coiling Dragon Heaven Devastating Palm!"

In the sky, an electric snake descended very rapidly. On the ground, an azure dragon rose high into the air!

This scene shocked everyone until they could not speak.

Since time immemorial, there had yet to be anyone so wildly arrogant when transcending tribulations; to actually attempt to scatter the heavenly tribulation in vain!

In the eyes of Shangguan Yunrong and his nephew, Ye Yuan was an out-and-out madman.

In this world, there did not seem to be things that he did not dare to do!

Rumble!

Experiencing three rounds of heavenly tribulations' tempering, Ye Yuan's current state had already reached the peak!

Plus, going a step further and refining the dragon's blood, the true dragon strength in his body became even more boundless.

The power of this Coiling Dragon Heaven Devastating Palm move was much, much stronger compared to that palm previously!

Under everyone's dumbfounded gazes, the azure dragon directly dispersed that bolt of lightning tribulation!

However, this was not over yet. The Coiling Dragon Heaven Devastating Palm's remaining momentum had yet to be exhausted. It actually went directly for the firmament!

"N-No way, right?"

There were already no words that could express Shangguan Yunrong's emotions at this instant. Heavenly tribulation . . . could actually be transcended like this?

Rumble!

In the wake of a great dragon roar, the Coiling Dragon Heaven Devastating Palm directly blasted toward the tribulation clouds!

The tribulations clouds that were currently brewing the fourth heavenly tribulation was actually forcefully scattered away!

"The fourth . . . heavenly tribulation . . . actually didn't descend? I . . . I didn't see wrongly, right?" Shangguan Yunrong said blankly.

"Just what kind of monster were we fighting with?! He . . . He actually dispersed the heavenly tribulation! Is this what humans can accomplish?" Shangguan Lingyun was already unable to describe his emotions at this moment.

At this instant, everyone seemed to have all forgotten that this place was a battlefield. A place where hundreds of thousands of people gathered was actually deathly silent.

Ye Yuan dispersing the heavenly tribulation with one palm. The visual impact that this brought to them was seriously too intense.

Shangguan Yunrong had stayed in the heavenly tribulation before previously. He knew how powerful Ye Yuan's heavenly tribulation was!

This fourth heavenly tribulation absolutely had the power to exterminate a First Level Divine Traversing expert.

But such a horrifying heavenly tribulation was actually directly dispersed by Ye Yuan!

.....

At present, in a hidden place outside the battlefield, Chu Shi and the others were currently secretly spectating everything in the battlefield.

The fighting had already stopped. Hundreds of thousands of people were all watching Ye Yuan breaking through to the Soul Sea Realm by himself.

Such a large battlefield actually became Ye Yuan's individual performance stage. This made the few people who came back to rescue all feel somewhat taking a superfluous action.

That Divine Traversing Realm expert was actually dragged into the heavenly tribulation by Mister Ye, injuring the former and causing his strength to be blasted down to the First Level Divine Traversing Realm from the Third Level.

Such a horrifying fourth heavenly tribulation was actually scattered in one palm by Mister Ye.

What did they come back for?

Uh . . . Perhaps it was in order to witness a miracle!

Yeah. They probably would not see such a magnificent feat ever again in this lifetime!

"Hahaha! I already said that Mister Ye would definitely be fine!" Chu Shi suppressed his voice and said with a big laugh.

"You didn't say before!" Qian Si exposed it without any hesitation.

"Yeah! If I have to say, we, these people, are like men filled with apprehension that the sky would fall! Mister Ye he is so strong. How can something possibly happen?! Forget about Divine Traversing Realm, even if it's a Boundless Realm, he'd surely be fine too!" Zhu Changzhi said.

Witnessing the scene of Ye Yuan dissipating the tribulation clouds, everyone's idolization of Ye Yuan now already reached a blind degree.

This could not be blamed on them either. It was truly that Ye Yuan's actions made people feel that it was too fantastical.

This was simply not what an ordinary person could do!

"Before you came, you were even sniveling," Qian Si interjected again emotionlessly.

One should not look at Qian Si as just a person who did not talk much. This sharp tongue skill was not an ordinary kind of strong. Furthermore, it was short and concise, making you unable to refute at all.

But Zhu Changzhi was indifferent as he said, "Haha! As long as Mister Ye is fine, even if I go blind from crying, it's okay! Now that he dispersed the tribulation clouds, he should be able to break through to the Soul Sea Realm, right?"

"No, wait! You guys, look! The dispersed tribulation clouds seem to have condensed together again! Furthermore, this time . . . it seems to be . . . terrifyingly powerful!" Guo Taoqun suddenly said.

Everyone was alarmed inwardly and hurriedly looked over in Ye Yuan's direction. Indeed, they discovered that those tribulations clouds that were scattered away actually condensed together again anew.

Furthermore, this time, they actually all felt rattled separated by an entire battlefield.

It could be seen that the lightning tribulation this time was probably unusual compared to those previously!

When Shangguan Yunrong saw this scene, he could not help bursting into laughter, "Hahaha! Ye Yuan, you wouldn't die if you weren't taking the road to ruin! Who asked you to be rampant! To be arrogant! Aren't you very capable? Didn't you disperse the tribulation clouds? Now, you're going to suffer the retribution of Heavenly Dao, right? Hahaha! This is lightning tribulation plus soul tribulation, both tribulations arriving together! I'll see how you resist it!"

### [Unrivaled Medicine God](#)

#### **Chapter 618: Dual-Colored Heavenly Tribulation!**

Puff, puff, puff.

A large group of Fierce Gale World martial artists with slightly weaker strength, because they could not withstand the pressure of these dual-tribulations arriving together, their bodies exploded directly, turning into a mass of blood mist.

Even some of the Sea Transformation Realm martial artists also suffered varying degrees of injuries.

The pressure of these dual-tribulations arriving together was seriously too horrifying.

When Ye Yuan saw this scene, his expression became solemn too.

Both tribulations arriving together, this had indeed exceeded Ye Yuan's expectations a little too much.

Just earlier, after dispersing the tribulations clouds with one palm, Ye Yuan suddenly felt that his divine soul could no longer be suppressed. It was actually going to break through to the Alchemy King Realm!

Crack! Crack! Crack!

In the sky, lightning flashed and thunder rumbled; it was like drawing the bow but not discharging the arrow.

It was precisely such a situation that made people feel even more stifled.

"Ye Yuan, I admit that you're a genius. But your genius has already aroused the heaven's' jealousy! Lightning and soul dual-tribulation. I'll see how you transcend them!" Shangguan Yunrong was very excited by the side.

Such a horrifying heavenly tribulation. Even for him, this Divine Traversing Realm expert, being inside would only lead to the outcome of disintegrating into ashes.

Even if Ye Yuan was any more monstrous, it was not possible to transcend it either.

Ye Yuan in the heavenly tribulation shot Shangguan Yunrong a cold glance and said disdainfully, "A fool like you will never know what's called a genius! True geniuses have to go against the heaven! I'll let you see what's called a true genius today!"

Right then, the heavenly tribulation in the tribulations clouds which had been brewing for a long time finally fell abruptly!

Ka!

"You guys, look! It's actually a dual-colored heavenly tribulation! My god! Is this really a heavenly tribulation that humans have to cross?" Chu Shi said.

"Mister Ye's talent truly makes even the heaven jealous! White heavenly tribulation should be the heavenly tribulation of martial artists. Purple heavenly tribulation should be the divine soul's heavenly tribulation! I even feel my heart palpitate over here. En . . . Mister Ye can definitely transcend the tribulations successfully!" Zhu Changzhi said.

"How can he possibly fail?" Qian Si said.

Right at that instance, the dual-colored heavenly tribulation fell. Ye Yuan suddenly swung his fist. A fire dragon surged out!

"Flame Movement True Dragon Carnage!"

At the same time, Ye Yuan's divine soul turned into a sharp sword and rushed out from the essence energy sea!

"Soul Driving Flying Sword!"

One martial technique, one divine soul mystic art. Two attacks welcomed the dual-colored lightning tribulation at the same time!

Rumble!

A huge brilliance radiated. Ye Yuan's attack and the dual-colored heavenly tribulation collided together violently. A massive air billow crept out, sweeping the Fierce Gale World martial artists that had already retreated very far away flying.

Ye Yuan stood at the center of this storm without budging an inch, akin to an ever-victorious divinity!

Ye Yuan did not have the slightest hesitation as he swallowed a pile of medicinal pills again.

The power of this heavenly tribulation was too strong. He had to strive with all his might and did not dare to hold back in the slightest at all.

This degree of attacks, he did not know how long he could sustain either.

But Ye Yuan knew that enduring the dual-tribulation passively, regardless whether was it the body or divine soul, he would surely have to suffer injuries to a very large extent.

Like that, even if he transcended both tribulations, he probably would not have the ability to deal with the Shangguan Yunrong who was glaring like a ravening tiger either.

Crack! Crack!

Another two bolts of dual-colored lightning tribulation rumbled down. Ye Yuan swung his fists once more. Two Flame Movement True Dragon Carnages and Soul Driving Flying Swords were unleashed at the same time, offsetting the two bolts of lightning tribulation once again.

The tribulation clouds' pressure in the sky was getting increasingly greater. It seemed to be enraged and seemed to be mocking Ye Yuan's overestimation of his own ability.

This time, five bolts of dual-colored heavenly tribulation landed at the same time. Even the Shangguan Yunrong outside of the heavenly tribulation felt somewhat unable to withstand this pressure and retreated very far out together with Shangguan Lingyun.

"Hiss . . . Uncle Rong, do you think Ye Yuan he . . ."

Shangguan Lingyun was shocked by Ye Yuan's fierceness. Initially, he thought that Ye Yuan absolutely could not possibly transcend this sort of dual-colored lightning tribulation. Because that simply exceeded the boundaries of human strength.

The power of a fifth heavenly tribulation, logically speaking, it was simply impossible for Soul Sea Realm martial artists to make it through, let alone adding in a soul tribulation that was even harder to deal with?

Actually, soul tribulations were even harder to transcend than lightning tribulations. Furthermore, this soul tribulation of Ye Yuan's was even more extraordinary.

Soul tribulations acted on the divine soul directly. Martial artists' weakest area was the divine soul.

To the vast majority of alchemists, apart from forcefully resisting the soul tribulation, they had no other way.

Who could have thought that Ye Yuan actually still had such a formidable divine soul mystic art that could actually deal with soul tribulations!

This Ye Yuan virtually did not have any bit of dead angle from head to toe. He was simply powerful until it made people despair.

Living in the same era with a genius like this seemed to be destined to be a tragedy.

At this moment, Shangguan Lingyun finally understood that regardless of what kind of path he took; he would forever not be Ye Yuan's match.

Except, it was unknown whether or not that Zhao Chenggan who was nurtured and protected by Zhao Tianyin could obstruct Ye Yuan's path of growing up.

"Impossible! You look at those tribulation clouds in the sky! Ye Yuan's arrogance has already thoroughly infuriated the Heavenly Dao! Don't look at him being very arrogant right now, the further back this heavenly tribulation goes, the greater the power and greater the density! He can't possibly make it through!" Shangguan Yunrong said.

Indeed, just as Shangguan Yunrong predicted, the heavenly tribulations descending from inside the tribulation clouds became increasingly denser, practically not giving Ye Yuan the slightest opportunity to catch his breath.

Ye Yuan's martial technique was released like raindrops, colliding together with those dense heavenly tribulations.

Even if Shangguan Yunrong did not believe that Ye Yuan could transcend these dual-colored lightning tribulations, he was still astounded by this scene before his eyes.

Was the magnitude of this sort of attacks truly unleashed by a Sea Transformation Realm martial artist who was currently transcending tribulation?

In a twinkling, over half of the nine by nine, 81 lightning tribulations, had already passed. Ye Yuan's essence energy and soul force were being depleted rapidly.

Such consumption speed was too rapid. Even if Ye Yuan swallowed a large quantity of medicinal pills, he felt very taxing too.

Even more d\*mnable was that the expenditure of soul force was greater than the expenditure of essence energy. If this continued, once the divine soul received damage, it would be a very troublesome matter.

Ye Yuan also never expected that the soul tribulation would actually become the greatest bottleneck restricting him from transcending the tribulation right now.

"Hahaha! What did I say? You see, his way of transcending the tribulation is no different from courting death! Look, his soul force is going to be depleted very soon. When his divine soul directly suffers the bombardment of the purple lightning, that will be the instant of him perishing and his Dao vanishing!" Shangguan Yunrong said with a hideous grin.

"Heh heh, it's still Uncle Rong who is impressive! Ye Yuan's soul force has already reached rock-bottom. But at the back, there are still over a dozen bolts of purple soul tribulations. These final dozen over purple soul tribulations are even stronger. He can only withstand seven to eight bolts at most. Those few bolts of soul tribulations at the back, he can't push through no matter what!" Shangguan Lingyun also had a look of thrill.

At this time, the excitement on Chu Shi's and the others' faces were long already replaced by solemnness.

Although they were separated very far away, they could also feel that Ye Yuan was not quite right.

Such high-intensity execution of martial techniques, even if Ye Yuan's essence energy was a bottomless pit, it should also be seeing the bottom at this time.

Under the heavenly tribulation, Ye Yuan's aura was being diminished unceasingly.

Very clearly, transcending the tribulation had already reached the critical juncture.

"M-Mister Ye he . . ." Zhu Changzhi said worriedly.

"Shut your stinky mouth up! Mister Ye's fortunes run deep! How can he possibly not even transcend past the heavenly tribulation of Soul Sea Realm?" Chu Shi reproached.

#### **Chapter 619: A Blow in Anger**

*"Puhwark!"*

Finally, a bolt of dual-colored heavenly tribulation landed heavily on Ye Yuan's body. Ye Yuan directly spewed out a mouthful of blood.

Even if his fleshy body was very powerful right now, facing such a heavenly tribulation, his body suffered damage instantly too.

His essence energy was already depleted, and his soul force had also been exhausted. This hit made his aura nosedive to the limit.

This was the 78th dual-colored heavenly tribulation. There were just three bolts remaining at the back!

But these three bolts of heavenly tribulations were the most deadly three bolts of heavenly tribulation.

The nameless essence energy within Ye Yuan's body had yet to be employed. He could expend this essence energy to resist the lightning tribulation.

But his soul force was already dried up. There was simply no way to endure the damage of the purple lightning soul tribulation anymore.

Seeing Ye Yuan spitting out blood from severe injuries, Shangguan Yunrong and his nephew were both abnormally excited.

*"Hahaha! Ye Yuan, didn't you say earlier to let us take a look at what's called a true genius? If you have the capabilities, transcend this lightning tribulation for us to see! Your essence energy and soul force are both consumed entirely already. Even though there are only three bolts of heavenly tribulation left, these three bolts of heavenly tribulation are the heavenly tribulation that will claim your life! Hahaha!"*

Shangguan Yunrong was exhilarated!

Just prior to this, he did not know where Ye Yuan's limits lay either.

He clearly saw that Ye Yuan's essence energy was already depleted, but Ye Yuan still persevered for a very long time. This made him very baffled.

All the way until Ye Yuan spat blood from heavy injuries, he finally confirmed that Ye Yuan already could not make it.

Shangguan Yunrong believed that Ye Yuan's spirit and physical strength at this time had already reached the limit. If he broke down Ye Yuan's confidence with words, Ye Yuan would be even less likely to transcend this dual-colored heavenly tribulation.

"Yeah! If you want to prove that you're a genius, transcend past these final three bolts of heavenly tribulation! I really want to see the birth of an unrivaled genius! *Sigh* . . . an unrivaled genius who came to an untimely end. Such a pity.*Hahaha!*" Shangguan Lingyun got the hint and also voiced out.

Except, Ye Yuan's attainments in Heart Realm towered over them by God knows how much. How could their verbal attacks possibly shake Ye Yuan's confidence?

Ye Yuan was burning with anxiety right now as well. He was desperately using his divine soul to communicate with those golden words and the black bead, but they did not have any reaction at all.

*Kak!*

The 79th bolt of heavenly tribulation carried an exceedingly horrifying pressure and fell down.

Ye Yuan gritted his teeth and mustered up the nameless essence energy. A Flame Movement True Dragon Carnage punch was unleashed once more.

The white lightning tribulation was successfully neutralized by Ye Yuan's attack. But the purple lightning tribulation disregarded his attack and bombarded onto his divine soul directly.

*"Puhwark!"*

Ye Yuan's divine soul was incomparably powerful. But being struck directly by this bolt of purple lightning tribulation, he suffered severe injuries this time as well, spitting out a mouthful of blood again.

But the black bead and golden characters in his sea of consciousness did not have any reaction at all.

When Ye Yuan unleashed an attack once more, Shangguan Yunrong taken aback with fright.

Ye Yuan's essence energy was clearly exhausted already. Where did he have the essence energy to execute martial techniques?

"Instant-cast martial technique! Just now, that was an instant-cast martial technique! Uncle Rong, I was defeated by his instant-cast martial technique earlier! This Ye Yuan definitely still has other trump cards that can achieve instant-cast martial technique!" Shangguan Lingyun suddenly cried out.

Shangguan Yunrong's face fell slightly. Ye Yuan's instant-cast martial technique earlier, how could he not perceive it?

He never would not have thought that at this time, Ye Yuan still had cards up his sleeves!

"Relax. He's definitely at his wit's end already with divine soul defense. Looking at the current situation, he absolutely can't make it through the final two bolts of purple lightning! Even if he really made it through, he will be heavily injured as well. At that time, it will be his time of death!" Shangguan Yunrong said.

Right at this time, the 80th bolt of heavenly tribulation finally fell.

Ye Yuan struggled to crawl up. Looking up at the sky and giving a long howl, a punch rumbled over once more.

*Rumble!*

The purple lightning tribulation blasted onto his divine soul without any suspense, piling on injuries on top of his injuries.

Ye Yuan's divine soul had utterly wilted at this time. It already suffered extremely severe injuries.

In light of his injuries right now, it was absolutely impossible for him to transcend the final bolt of dual-colored heavenly tribulation!

After the 80th bolt of heavenly tribulation, the final bolt dual-colored heavenly tribulation did not fall right away.

The tribulation clouds up in the sky seemed to have become a little thicker again. It was brewing an even more powerful heavenly tribulation!

*Swoosh!*

Zhu Changzhi was going to charge towards Ye Yuan with a lunge but was held back by Chu Shi.

"What are you doing?" Chu Shi said angrily.

"Going to save Mister Ye! This life of mine was given by Mister Ye! Even if I die, I have to save him too!" Zhu Changzhi said almost in tears.

*Snap!*

Chu Shi directly gave him a slap and said furiously, "You fool! If you go, not only will you not be able to help Mister Ye, you'll bring him even greater trouble instead! It doesn't matter if you die. What if you didn't die? There's a Divine Traversing Realm expert over there. If you go over there, fumble and get caught, wouldn't you become Mister Ye's burden?"

Zhu Changzhi's expression froze, and he wailed, "Then what to do? We can't just watch Mister Ye be killed by them, right?"

"Wait a while more. I know Brother Ye's disposition. He won't admit defeat so easily. Perhaps there is still a turnaround! About heavenly tribulation, he can only rely on himself. It's futile even if we go over. Wait until Brother Ye transcends the heavenly tribulation. We'll charge over together!" At this time, the Yin Yanhua who did not speak the entire time opened her mouth.

Looking at the current situation, even if Ye Yuan transcended the heavenly tribulation, he would definitely be severely injured too.

At that time, he definitely needed their help.

Even if it was delaying a Divine Traversing Realm expert for a moment, their payout was worth it too.

Ye Yuan's injuries at this time were very severe. It was severe until he could not even stand up.

He tried several times in a row and did not crawl up.

*Could it be that I gained a new lease on life again and actually can't even transcend the heavenly tribulation of Soul Sea Realm? No! I'm unresigned!* Ye Yuan roared in his heart.

In his previous life, he did good deeds for hundreds of years. In the end, what it exchanged for was the outcome of perishing and his Dao vanishing.

Reviving in this life, Ye Yuan had long made up his mind to go against the heaven!

Today, it was his first time standing in front of Heavenly Dao and challenging it!

*Almost. Just the last bit left!*

*Only the final lightning tribulation!*

*"ARGHHH . . . !"*

Ye Yuan roared and used all the strength in his body to stand up. Pointing his finger to the sky, he said, "Villainous old heaven! Bring it! If you have the balls, smite me to death!"

Seemingly replying Ye Yuan's words, finally, the 81st bolt of heavenly tribulation that had been brewing for a long time finally fell down!

*"Coiling Dragon . . . Heaven . . . Devastating . . . Palm!"*

Ye Yuan used the last of his strength and unleashed his final blow! It was also an attack containing his wrath, an attack challenging Heavenly Dao!

This Coiling Dragon Heaven Devastating Palm broke through the limits of his body. It was more powerful than any of his palms previously.

The azure dragon carried along a sorrowful and resentful roar as it galloped towards the firmament. It was as if it was the roar in Ye Yuan's heart.

The Coiling Dragon Heaven Devastating Palm directly annihilated the final bolt of heavenly tribulation, and then it charged straight for the skies, charging over towards the tribulation clouds.

*Rumble!*

That thick tribulation cloud was actually dispersed by Ye Yuan once again!

However, this attack of Ye Yuan's . . . was still unable to stem the descent of the purple lightning!

**Chapter 620: Great Turnabout!**

The purple lightning tribulation landed right on Ye Yuan's body just like this!

After being hit by the soul tribulation, Ye Yuan's entire body was paralyzed, unmoving.

Seeing this scene, Shangguan Yunrong laughed wildly and said, "Ye Yuan, so what even if you transcended the heavenly tribulation? Aren't you still going to die at my hands?! *Tsk tsk*, you transcended the dual-colored lightning tribulation. You proved to us that you're a true genius. So what? To be able to kill a true genius, I feel even more honored too! *Hahaha!*"

Bearing this bolt of purple lightning, although Ye Yuan was still breathing, it was already impossible to fight anymore. He naturally became fish on a chopping board, being at the mercy of Shangguan Yunrong.

“Brothers! Charge!”

Chu Shi gave a shout. Those people who came back charged out without any hesitation, slaughtering into the Fierce Gale World’s great army.

For a moment, war cries filled the air.

When Shangguan Yunrong saw this scene, he had a disdainful look as he said, “Couldn’t tell that you still have some capability of winning people’s hearts. These trash all killed their way out already. In order to save you, they actually came back again. But how large a wave can these small fries stir?”

Ye Yuan’s eyes were tightly shut. He did not have the intention of responding to Shangguan Yunrong at all.

Shangguan Yunrong said with a hideous grin, “Ye Yuan, you’re too outstanding. Out of fear where a long night is fraught with many dreams, I’ll send you on your way right now!”

By the side, Shangguan Lingyun was very excited at this time as well. Finally could kill Ye Yuan. After today, there wasn’t going to be anybody obstructing in front of him no more!

“Uncle Rong, quickly do it!” Shangguan Lingyun urged.

Shangguan Yunrong nodded his head and was going to make a move against Ye Yuan.

Right then, a streak of white light appeared out of thin air in front of Ye Yuan and attacked Shangguan Yunrong abruptly.

This scene was too sudden. Everyone could not react in time.

“Courting death!”

Shangguan Yunrong’s expression changed, and he changed direction at the last minute to attack that streak of white light.

That streak of white light’s speed was too swift. It was so fast that Shangguan Yunrong’s martial technique had yet to fully form and White Light already arrived in front of him.

*Bang!*

Shangguan Yunrong was directly knocked flying out.

Only when he struggled to his feet did he discover that that streak of white light was actually a white tiger. Who could it be but White Light?

The current White Light was no longer that little kitty in the past, but he truly matured into a white tiger!

White color velvet fur lined with black stripes. A pair of tiger eyes glared at Shangguan Yunrong, looking awe-inspiring.

This was the true bearing of a divine beast!

*“Roar!”*

White Light raised his head and gave a long roar. A powerful aura instantly spread across the entire battlefield.

At this moment, White Light’s might of a divine beast was displayed beyond all doubt!

*“Peak Tier 4 demonic beast!”*

Seeing White Light, Shangguan Yunrong sucked in a cold breath.

Peak Tier 4 demonic beasts were equivalent to humans’ Peak Soul Sea Realm.

And looking at that attack earlier, the offensive power of this white tiger was likely not beneath his!

The most damnable thing was that . . . this fellow’s speed was too fast!

Shangguan Yunrong only felt his vision blurred just now and White Light already arrived in front of him.

Such horrifying speed, his attacks could not hit at all!

There was actually still such a heaven-defying demonic beast existing around Ye Yuan?

Peak Tier 4 demonic beasts were extremely rare in human territories. They would only be inside the Endless Forest.

One had to know that when Peak Tier 4 demonic beasts advanced another step, they would be able to transcend tribulation and take form!

Even though this white tiger in front of him was only Peak Tier 4, it could fight to a draw with him. It could be seen that it was absolutely not a common demonic beast.

Shangguan Yunrong changed expressions several times. No matter how he calculated, it was also impossible to have calculated that Ye Yuan actually still had such a powerful existence by his side!

*“Leave this white tiger to me! You guys attack together and kill Ye Yuan with a flurry of blades!”*

Shangguan Yunrong instructed the great army.

But right then, a dense pack of white apes suddenly appeared around Ye Yuan. They were precisely the Long-arm Stone Ape clan!

The Long-arm Stone Ape clan’s current strength was already no longer what it was in the past. Just the Tier 4 demonic beasts, a large batch was born. Tier 3 demonic beasts were even too many to enumerate.

Furthermore, for quite a long time, they rehearsed the Seven Star Ephemeris Grand Array incomparably proficiently. Their combat strengths were very daunting.

*“White Light, Yuan Fei, give me a hundred breaths of time. I’ll kill him then!”* Ye Yuan said calmly.

*“Roar! Leave it to me, Big Brother!”*

“Yes, Young Master!”

Shangguan Yunrong never would have thought that both side’s situation would undergo so many changes in a twinkle.

Originally, his situation was a certain win. In this twinkle of an eye, Ye Yuan let out a large crowd of demonic beasts, instantly reversing the plot.

He was still solemnly swearing to kill Ye Yuan prior to this. Just how long had it been? It was actually Ye Yuan going to kill him!

Shangguan Yunrong suddenly discovered a problem and said in terror, “Your . . . Your divine soul actually . . . actually recovered!”

Shangguan Yunrong was fully immersed in the shock of White Light appearing prior this and did not pay attention to Ye Yuan at all.

Who knew that in this short while, Ye Yuan’s divine soul already fully recovered!

Although the present Ye Yuan still had injuries, his entire person’s aura had totally changed!

He was already a genuine Soul Sea Realm expert!

This discovery made Shangguan Yunrong dumbstruck with amazement. Wasn’t Ye Yuan already severely wounded and on the verge of death previously?

Why was it that in a twinkle, he was actually as good as new?

Furthermore, the divine soul getting injured was the most troublesome. It was exceedingly hard to heal!

What kind of miracle elixir could fully restore the divine soul in this short while?

Shangguan Yunrong felt that his brain could not quite wrap itself around it. The things that happen to Ye Yuan were forever that inconceivable.

How could he know that right at that moment the final bolt of purple lightning descended, the black bead and the golden characters in Ye Yuan’s sea of consciousness finally reacted.

The attack which originally had an irresistible force was directly absorbed by the black bead when it reached Ye Yuan’s divine soul!

Then, the black bead quivered slightly and dropped a few powder-state black particles.

The golden characters carried along those few grains of black powder and started treating Ye Yuan’s divine soul.

Ye Yuan’s divine soul was like being bathed in the spring breeze, recovering to its peak state very quickly!

Ye Yuan did not bother with Shangguan Yunrong’s astonishment. He sat down on the spot, consolidating his cultivation realm with all his strength!

As a result of the heavenly tribulation's baptism, Ye Yuan's essence energy sea expanded rapidly. It finally formed an essence energy sea with a circumference of 3000 feet!

When Shangguan Yunrong saw this scene, the expression on his face became exceedingly fascinating.

At this moment, his mind only had one word, and that was 'run'!

Shangguan Yunrong flicked his sleeves and brought Shangguan Lingyun along, wanting to flee.

However, White Light already broke through to Peak Tier 4 now. His speed was already unbelievably fast.

The reason why Flowing Light White Tigers were called Flowing Light White Tigers was that their speed was unparalleled in the world.

Shangguan Yunrong's figure had just moved, and White Light already arrived in front of him.

Shangguan Yunrong was secretly startled and had no choice but to turn back and face the enemy.

*Bang!*

Another intense clash. The one human and one tiger both fell back several steps.

*"Roar!"*

White Light roared angrily again, as if he was mocking Shangguan Yunrong.

If Shangguan Yunrong knew the universal beast language, he would understand what White Light was saying.

"My big brother says that he wants to kill you, so you must die!"
