#### Chapter 681: Grievous News

Both parties were currently in the heat of battle over there. But that side which only had ten plus people was already a spent force. Each and every one of their bodies carried serious injuries.

Especially that youth in the lead. He virtually did not have an unscathed area on his body; practically at the state of dying already.

Yet, his gaze was unbelievably fierce; he seemed unwilling to retreat even a single step!

This imposing momentum suppressed the other party. For a moment, there was actually no one who dared to step forward.

“Attack together! Kill him for me! I want to see how long you can persevere till!” the person in the lead roared.

That youth was long already an arrow at the end of its flight. But at this time, he still unleashed out a punch obstinately!

*Boom!*

A Sea Transformation Realm martial artist in the front ranks was decimated by him immediately!

However, there was more than one person coming forward at this time. Only to hear a few slashing sounds. That youth’s body actually suffered several more cuts!

Once the other party saw that it succeeded, countless blade edges chopped towards that young man!

“Ah! Don’t!” a girl screamed.

Right at this time, a terrifying aura engulfed this battlefield.

It was only to see a light breeze drift past. Those Sea Transformation Realm martial artists wielding blades all froze there. Some blades already slashed right in front of that youth’s face.

But currently, their blade edges had no way of advancing another inch.

Because they already became dead men!

*Dong dong dong!*

Only after several breaths did those people topple to the ground one by one, even though they were already not breathing moments ago.

While right then, a figure gradually appeared beside that youth, sending a medicinal pill into his mouth.

“Long time no see, Long Tang!”

This figure was naturally none other than Ye Yuan!

While this powerful Sea Transformation Realm martial artist was the Long Tang that Ye Yuan had not seen for a long time!

Ever since the Southern Domain's huge change and the Tranquil Cloud Sect secretly sent a batch of geniuses into the Northern Domain, Ye Yuan never saw Long Tang and Nanfeng Ruoqing aunt and niece again.

He did not expect to actually meet them here today.

That girl who screamed just now was Nanfeng Zhirou.

The others were also mostly Ye Yuan's Tranquil Cloud Sect seniors in the past.

Long Tang's injuries were extremely severe currently. He already lost consciousness.

Nanfeng Zhirou aunt and niece pair stared fixedly at that figure but did not dare to identify each other.

This person in front of them was too powerful!

The opponents that they used all of their might and were also unable to defeat, this person before their eyes actually exterminated all of them with a wave of his hand!

But that face, that profile, who could it be if not Ye Yuan?

Ye Yuan did not change. It was just a few years of not seeing, the immaturity on Ye Yuan's face faded considerably. What replaced it was maturity . . . and might!

While right then, Ye Yuan suddenly lifted his head and looked at them. Smiling warmly, he said, "What? You don't recognize me anymore?"

This sentence was like knocking out a crack on ice, instantly shattering the entire ice surface.

Nanfeng Zhirou suddenly wept. Pouncing into Ye Yuan's embrace all of a sudden, she sobbed, "It's really you! I even thought that I would never see you again! *Sniff, sniff* . . ."

Not far away, Nanfeng Ruoqing had tears flowing down her face too. How were her thoughts different from this niece?

Ye Yuan knew that Nanfeng aunt and niece definitely suffered considerable hardships these few years and did not speak either. He just allowed her to cry in his embrace.

"Alright, everything is over," Ye Yuan patted Nanfeng Zhirou lightly and consoled them.

After a long time, Nanfeng Zhirou's crying sounds finally gradually stopped. But she still could not refrain from sniveling.

While at this time, Long Tang also slowly woke up. The injuries on his body were also much better.

When he saw Ye Yuan, he likewise had a look of shock.

He already harbored the determination of certain death earlier. Did not expect that he would actually be rescued at the eleventh hour.

And the person who saved him was actually Ye Yuan!

After small talk, the group of people found an open space to sit down, and Ye Yuan inquired about Long Tang and the others, concerning their situation these few years.

Turns out that after they entered the Northern Domain back then, it was not smooth. They could not even find a place to settle down.

Later on, because they offended a Northern Domain faction, the Sea Transformation Realm elder who was with them also succumbed in order to protect their retreat.

No choice, Long Tang and the rest could only find a remote place to hide.

But fortunately, Long Tang comprehended true intent. The speed of his rise up was very fast, and he quickly became this group of people's leader.

Experiencing considerable ordeals in the Northern Domain also accelerated Long Tang's growth even further.

The present Long Tang, his strength even reached late-stage Sea Transformation already. It was also not far from breaking through to Soul Sea Realm already.

Afterward, Long Tang brought a group of fellow apprentices to a very remote place and rebuilt the Tranquil Cloud Sect.

But the place that they were at was seriously too out-of-the-way, resulting in information being inaccessible. They did not hear about the news of the Tranquil Cloud Sect's entire sect moving north at all.

Following the Fierce Gale World's large-scale invasion, there were no intact eggs under overturned nests. Long Tang and the others were naturally swept in too.

They were taken in by the nearest faction and joined the Endless Alliance before knowing that it turned out Ye Yuan already became an earth-shaking big shot in the Northern Domain.

It was just that the statuses of their group of people were seriously too low. Wanting to come into contact with the upper echelons was impossible.

Of course, it was also something from several months ago.

"We were originally being sent to the front-lines to stop the Fierce Gale World's great army. But when we just walked halfway, grievous news suddenly came from the northern side. Wu Fang City was actually besieged by ten great peak Divine Traversing Realm Fierce Gale World experts, and the city protecting grand array was broken through. Wu Fang City was breached, and the Endless Alliance crumbled!"

"What? You said that Wu Fang City was actually breached?!" Ye Yuan's face paled greatly from shock when he heard that, grabbing Long Tang's arm as he asked.

"Yeah. Fierce Gale World's ten peak Divine Traversing Realm experts directly teleported to outside Wu Fang City through no idea what sort of means, and they joined hands to breach the city protecting grand array! What? Could it be that you have some old friends and acquaintances in Wu Fang City?"

Ye Yuan's expression was incredibly grim. His heart hit rock bottom, and his heart was in a turmoil all of a sudden.

He had long foreseen that the Endless World's situation right now was probably not too good. But did not think that it was actually terrible to such an extent!

Surprise raiding Wu Fang City. The Fierce Gale World, this bunch of fellows, truly had methods that sprung up one after another.

Once Wu Fang City was breached, the Endless Alliance instantly crumbled. It would also be hard for the entire Endless World to muster an effective defense.

This way, it was simply impossible to have major factions to come and deal with the Fierce Gale World's great army.

Then the Endless World martial artists became lambs awaiting slaughter one by one!

The war between the two worlds developed to become the Fierce Gale World's one-sided massacre!

If he came a moment late, Long Tang their group of people would probably have been murdered in cold blood too.

Of course, all these were not what Ye Yuan was concerned with.

What Ye Yuan was truly concerned with was how his parents were right now!

They were both at Wu Fang City. The city being breached, they all . . .

Ye Yuan did not even dare to carry on thinking. If . . . If his parents really had some accident, Ye Yuan would definitely pull out Zhao Tianyin's bones and refine his soul, and let him never be reincarnated for all of eternity!

Ye Yuan originally thought that his parents in the Endless World's main camp should be the safest.

Who could have thought that in just half a year's time, such a serious change would actually occur?

"Good, very good! Zhao Tianyin, looks like you really won't shed tears until you see the coffin!" Ye Yuan gnashed his teeth in hatred as he seethed with killing intent.

### [Unrivaled Medicine God](#)

#### **Chapter 682: Raise One's Arm in a Call for Action**

The current Ye Yuan was unbelievably agitated. The killing intent on his body was virtually condensed to materialization, making Long Tang and the rest nearly suffocate.

A gentle force lightly wrapped them up inside. Only then did Long Tang and the others loosen up, but they still panted heavily for air.

"Ye Yuan's parents and grandfather are all in Wu Fang City. They are his close kins. This trip of his only took around half a year, but I did not expect that the Endless World was actually occupied without even holding on for half a year."

A pleasant-sounding voice transmitted over. It was precisely Yue Mengli.

Ever since the first time they laid eyes on Yue Mengli, Nanfeng aunt and niece were already startled into taking her to be a fairy by her looks and disposition, with a feeling of shame at their own inferiority.

Several years of not seeing him, they did not expect that such a goddess-like beautiful bosom friend would actually appear around Ye Yuan.

The distress and inferiority-complex in the Nanfeng aunt's and niece's hearts were really unable to let people know about it.

Between them and Ye Yuan were like two crisscrossed lines; going further apart.

But right now, they were not in the mood to be jealous either. Hearing Yue Mengli's words, they could not help worrying for Ye Yuan's parents.

"Do you guys have Wu Fang City's news? Wu Fang City has gathered the pinnacle experts in the entire Endless World. Even if the city was breached, it's also impossible for the entire army to be wiped out, right?" Ye Yuan asked with his heart filled with expectations.

Back then, Wu Fang City had gathered countless powerhouses. Even if the Fierce Gale World's ten great powerhouses laid siege to it, it's impossible to round everyone up too.

Yet, Long Tang's reply disappointed Ye Yuan.

"This . . . I only heard that Wu Fang City had a crushing defeat and countless powerhouses died. As for what exactly happened in the city, I have no clue."

Ye Yuan heaved a sigh lightly. Even though he knew that Long Tang could not possibly know some crucial information, he still held onto a trace of hope for a chance.

Ye Yuan shut his eyes but silently entered into Heart Like Monolith Heart Realm.

Everyone all knew that Ye Yuan was thinking of strategies. There was naturally nobody who dared to disturb him either.

The others held their breaths, fearful of interrupting Ye Yuan's thoughts.

Before long, Ye Yuan suddenly opened both eyes and said to everyone, "I'm going to slaughter my way towards Wu Fang City. Who amongst you all are willing to come along with me?"

Ye Yuan's words made everyone stunned, with a feeling of burning with righteous indignation.

The current Endless World was gloomy and lifeless and already at the borders of destruction. Even if some people had the will, they also had no strength to organize an effective resistance at all.

Ye Yuan just said a simple sentence, but it was filled with powerful self-confidence and strength, instantly infecting Long Tang.

"Fine! I'll fight it out with you! This bunch of animals killed countless of our people. Even if I die, I also have to drag a few down with me!" Long Tang clenched his fists tightly and said.

These days, Long Tang and these fellow apprentices had been lingering on their last breath the entire time, spending it too aggrievedly.

Even if he poured his heart and soul, there were still over half of the fellow apprentices who were lost.

Watching as his fellow apprentices died in front of him one by one, Long Tang's hatred towards the Fierce Gale World martial artists had also reached the peak!

But his strength was too weak and could not even stir up a single wave at all. This made him very anguished in his heart too.

Now with Ye Yuan taking the lead, even if it was being a mere nobody charging forward, he was perfectly willing too.

Because his accomplishments today were all given by Ye Yuan.

"Senior Apprentice Brother Ye, we're all willing to follow you!"

"Yeah, Senior Apprentice Brother Ye. You're our Tranquil Cloud Sect's Sect Master now. If you say to head east, we absolutely won't head west!"

"Senior Apprentice Brother Ye, we're all at your disposal!"

Ye Yuan's words immediately obtained these former allies' response.

The Fierce Gale World plunged the people into the depths of suffering. Each and every one of the Endless World martial artists all felt like they had experienced it personally. These fellow apprentices' hatreds toward the Fierce Gale World were not any less than Long Tang's.

Furthermore, they have an immensely strong sense of identity with Ye Yuan. Therefore, when Ye Yuan raised his arm in a call for action, they immediately agreed virtually without hesitation.

Under this current sort of circumstances, they needed a person to preside over the overall situation too much!

Ye Yuan nodded and said, "Fine! Since that's the case, let's erect the Tranquil Cloud Sect's banner once more! Let the Fierce Gale World those fellows know our Tranquil Cloud Sect's prowess!"

If talking about which faction Ye Yuan had the strongest sense of identity with, it was none other than the Tranquil Cloud Sect.

Hence, Ye Yuan did not erect the Wu Fang City's banner, but led a bunch of fellow apprentices whose strength were not strong to raise a counteroffensive!

"Long live the Tranquil Cloud Sect!"

"Long live the Tranquil Cloud Sect!"

.....

Even though these fellow apprentices had experienced hardships, they still had a fierce sense of belonging towards the sect.

Re-establishing the sect at this time, each and every one of them was unbelievably excited.

After the excitement, Long Tang said, "Ye Yuan, since we're re-establishing the Tranquil Cloud Sect, the choice of person for this sect master has to be you!"

Long Tang saying this immediately got the fellow apprentices' approval.

Ye Yuan thought about it and said, "How about this, I'll temporarily take on the position of sect master. We'll set off for Wu Fang City while inquiring about the Tranquil Cloud Sect's news at the same time. In the future, when Sect Master Luo returns, this position of sect master is better for him to take on!"

Since Wu Fang City was already breached, the Tranquil Cloud Sect that was rebuilt not long ago would probably also be hard to be spared.

Ye Yuan could only pray in his heart right now that the fellow apprentices of the old days could be safe and sound.

As long as they did not die, he believed that they would definitely come to seek refuge when they hear news about the Tranquil Cloud Sect.

Including those Wu Fang City and the three sects' factions, they all knew that his relationship with the Tranquil Cloud Sect was not shallow.

Once the new Tranquil Cloud Sect's reputation builds up, the Endless World's powerhouses would definitely come over to join very soon.

At that time, trickles of water would converge to become a boundless ocean!

This sort of outcome was also considered reestablishing after getting broken.

Long Tang nodded and said, "Alright, let's do it that way! Lord Sect Master, I wonder what our first step should be? Although we all have the will to kill the enemy, we cannot help that our strength is still too weak!"

Long Tang was a very calm person and did not lose his head with Ye Yuan's return.

Ye Yuan was merely just an individual, but the Fierce Gale World's martial artists were numbered in the hundreds of millions.

No matter how strong he was, it was also not possible to kill off all of the Fierce Gale World martial artists.

Ye Yuan smiled and said, "The first step is naturally to raise our strength! Long Tang, I see that you're only a step away from Soul Sea Realm. I have some medicinal pills here. You take them and distribute them to fellow apprentices and strive to break through as soon as possible. Ye Qing, you come and protect me. I'm also going to enter closed-seclusion for two days!"

"Okay, no problem!" Ye Qing said.

Ye Yuan took out some medicinal pills and handed them to Long Tang. Then his mind stirred, and he entered the Vast Heaven Pagoda.

This action naturally aroused a wave of amazement. After Yue Mengli explained, everyone set their minds at ease. But also inexplicably had a bit more faith in Ye Yuan.

Ye Yuan's means were forever that inexhaustible!

Ye Yuan built a pill refining room in the Vast Heaven Pagoda to provide for Ren Dong and Xiao Ruyan's cultivation usage.

After Ye Yuan entered the Vast Heaven Pagoda, he came straight to the pill refinement room. Casually waving his hand, a large batch of spirit medicines appeared.

He was not some goody-two-shoes. Before coming out of the God Prohibited Demon Region this time, he had extorted large quantities of spirit medicines from the tiger clan and roc clan.

Currently, his strength was still rather weak. He planned on refining a batch of medicinal pills and directly rushing to peak Ninth Level Soul Sea!

Moreover, using the chaos gem the last time, there was still two-thirds of the time not used.

Ye Yuan could just nice make use of this period of time to break through cultivation realms in one stroke!

### Unrivaled Medicine God

#### **Chapter 683: Joining from All Around**

Two days later, Ye Yuan exiting seclusion. This immediately stirred up an uproar.

“Senior Apprentice Brother Sect Master, you . . . you actually used two day to break through two minor boundaries!”

“Too inconceivable! From the first moment Senior Apprentice Brother Sect Master entered the sect, he has been continuously creating miracles. This point has yet to change until now either!”

“This cultivation speed is too heaven-defying! I still remember when Senior Apprentice Brother Sect Master entered the sect, he was just Spirit Condensation Realm. Just how long has it been? He’s actually only half a step away from Divine Traversing Realm already!

Ye Yuan’s cultivation speed simply could not be measured using common sense. Right off the bat when he entered the Tranquil Cloud Sect, he had been the fellow apprentices’ target of envy all along.

In the beginning, there were still people who felt unconvinced by his domineering rise up. But later, they did not have the qualifications to be unconvinced already.

Especially after the sect great competition, there was already no one who could replace Ye Yuan, this sect’s position of strongest talent.

His talent, no one in the entire Endless World could surpass, let alone a tiny little Tranquil Cloud Sect.

Now at this time, these fellow apprentices only had gasps of admirations left.

Ye Yuan found Long Tang and asked, “Right now, which Fierce Gale World force is the closest to us? *Uh* . . . Forget about those under Divine Traversing Realm. Destroying them is also not very useful.”

Long Tang was slightly shocked. Musing for a moment, he said, “If above Divine Traversing Realm, the closest influence should be the Eminent Sky Sect ten thousand miles away. A Third Level Divine

Traversing Realm powerhouse came from the Fierce Gale World some time ago and directly killed the Eminent Sky Sect's old ancestor. I heard that this person's measures are extremely cruel. The Eminent Sky Sect's old ancestor died very miserably."

A hint of a cold intent flashed across Ye Yuan's eyes. He nodded his head and said, "Alright. It's him!"

Starting from this day, Ye Yuan started crazy retaliatory operations!

One day later, he eradicated that Fierce Gale World powerhouse at the Eminent Sky Sect and directly had his cut-off head displayed to the public, hanging outside the gates!

All the Fierce Gale World martial artists in the Eminent Sky Sect were killed. Not one remained!

Five days later, the Deer Cry City ten thousand miles away from the Eminent Sky Sect suffered an attack. All the Fierce Gale World martial artists died. A Fifth Level Divine Traversing Realm powerhouse was annihilated!

Ten days later, Ying Feng City, Che Lei Sect, and Windfiend Sect were destroyed at the same time. Several Fierce Gale World Divine Traversing Realm martial artists were killed!"

.....

One by one, the news of Fierce Gale World forces being destroyed spread out, very quickly alarming the entire Endless World.

When the Endless World martial artists scattered all over the land heard this news, all of them were greatly encouraged and were all inquiring what kind of force rose up heaven-defyingly and carried out counter-attacks against the Fierce Gale World.

"Really f\*cking venting! Ever since the Fierce Gale World invaded, I've only heard of Crimsonlight City gaining a complete victory while the others were all bad news. Later, even our old nest was raided by people. Simply made Your Father depressed to the max! Now, this force that suddenly appeared actually destroyed so many Fierce Gale World forces in one breath and finally brought out my Endless World's might!"

"Yeah! The Fierce Gale World invaded for so long, the news heard were more grave than the last. I even felt that life had no more meaning! Also, don't know which influence did it. Really vents one's anger!"

"Heard that it was done by a sect called Tranquil Cloud Sect. But since when was there such a powerful sect in our Endless World? One has to know that among those forces that were destroyed, there was even a Sixth Level Divine Traversing Realm existence. Wanting to destroy such an influence at the very least also needs a late-stage Divine Traversing Realm powerhouse to be able to accomplish, right?"

"Tranquil Cloud Sect? I never heard of them before! But since they made a name for themselves, we naturally have to go and join them! Just us, these few people, once we run into the Fierce Gale World's great army, we wouldn't even be enough to fill the gaps between their teeth!"

"What you said is right! Our Endless World right now is a pile of loose sand and very much needs a genuine hero to come out and unite everybody! Go, let's go and join them!"

In a small faction, two leaders were currently discussing about throwing their lot in with the Tranquil Cloud Sect.

And this scene was currently happening in all corners of the Northern Domain's southern part.

This Tranquil Cloud Sect was like a last piece of straw that a person about to sink into the water grabbed hold on, giving them a final glimmer of hope.

Even though this hope was very slim, without any doubt, this was far stronger than resigning themselves to death.

For a moment, many big and small forces converged in Deer Cry City.

This was the stronghold that Ye Yuan chose. This city was very large and could accommodate many martial artists. Furthermore, all sorts of resources were very abundant.

The Fierce Gale World martial artists had yet to get to enjoy and were directly obliterated by Ye Yuan.

In a short half a month's time, 100 thousand martial artists gathered here!

On this day, a massive army gathered at Deer Cry City. This army had roughly 30 thousand people!

This was one of the most massive army currently gathered Deer Cry City among the forces.

This force, even in the present chaotic age, was also a power that could not be underestimated.

"Hey, you guys are that whatever Tranquil Cloud Sect's people, right? Call your sect master out for me. I want to meet him!" the person at the helm said very haughtily.

The one who received him was precisely Long Tang.

The current Long Tang had also broken through to Soul Sea Realm already with the help of Ye Yuan's medicinal pills.

The strength of this person before his eyes was very strong; he was already at the peak Ninth Level Soul Sea.

Such strength, bringing along such a colossal army, was clearly also not some easy to deal with people.

But his attitude still made Long Tang very displeased.

"Coming to Deer Cry City, one has to adhere to Deer Cry City's rules! Senior Apprentice Brother Sect Master is Deer Cry City's leader. How can there be the logic of moving to receive you? If you wish to meet him, you should naturally go to his door to request an audience!" Long Tang frowned and said.

Long Tang had sufficient reason to be proud now. The might of Ye Yuan's strength far surpassed his imaginations.

He originally thought that Ye Yuan being able to defeat middle-stage Divine Traversing Realm powerhouses was already very decent. Who knew that his strength was ridiculously formidable.

Regardless of how powerful the Fierce Gale World forces were, him and several companions heading forward by themselves were all slaughtering the enemies directly, leaving none behind.

They, these fellow apprentices, were actually just supporting casts by the side and did not even have the qualifications to take action.

No choice, their strength was too weak.

Long Tang was clear that if not on account of being in the same sect, Ye Yuan would not even be inclined to give them a glance.

The current Ye Yuan was already a figure from an entirely different world from them.

But it was also precisely because so that Long Tang and they all, these fellow apprentices, felt incredibly proud.

Because even until now, Ye Yuan still acknowledged that he was a member of the Tranquil Cloud Sect!

“Yo! Didn’t you see how many people we brought here? Don’t think that you guys eradicating a few forces is impressive! Even though there are no Divine Traversing Realm powerhouses among us, these people, we’ve killed a middle-stage Divine Traversing Realm powerhouse before! In terms of strength, we’re also not much worse off compared to your school’s sect master! What’s wrong with making him come see me?” the brawny man said disdainfully.

Long Tang’s eyes narrowed. Clearly, he did not believe this guy’s words.

A middle-Stage Divine Traversing Realm powerhouse adopting hit-and-run strategy was enough to wipe out this army of tens of thousands.

This guy did not even make a draft before he bragged!

Right at this time, a voice sounded out, “Chu Shi, half a year of not seeing, you’re really becoming even cockier!”

### [Unrivaled Medicine God](#)

#### **Chapter 684: Ye Family Army**

This brawny man was precisely the Chu Shi who was not seen for half a year already.

And these tens of thousands of people that he brought here were naturally that bunch of martial artists Ye Yuan rescued from Crimsonlight City back then.

It was just that the numbers seemed to have reduced considerably.

“This Lord is cocky, so . . . what?”

Chu Shi turned his head as he said arrogantly at the same time. But when he turned his head around, the word ‘what’ was uttered quiveringly.

The previous moment, he was still a powerful and majestic tiger. The next instant, he became a sickly cat; he shriveled up to the max.

“Lord . . . Lord Ye Yuan! *H-Haha*, why is it you? You . . . Why would you appear here?” Chu Shi stammered, his tongue knotting as he spoke.

Ye Yuan smiled and said, "Didn't you want to see me? Now that I came, why do you think I showed up here?"

Chu Shi sweated profusely, his pair of eyes swiveled sneakily. Clearly, he wanted to find a reason to brush it over.

*Bang!*

Chu Shi was directly sent flying by a person. Who could it be if not Zhu Changzhi?

Zhu Changzhi gave Ye Yuan a deep bow and said, "I warned this guy to not be cocky long ago, but he wouldn't listen! It's just that we never thought that the Tranquil Cloud Sect whose fame rose rapidly recently was actually chaired by Lord Ye Yuan!"

When Ye Yuan saw old friends come to join, he was very happy too and said with a smile, "I came from the mortal world and entered the Tranquil Cloud Sect. Now that we've renewed our efforts after failure, I naturally have to carry my sect's banner."

Chu Shi they all were all itinerant cultivators back then. They only knew that Ye Yuan's background was very powerful, but did not know at all that he actually came from an unremarkable small sect.

The special characteristics of the Tranquil Cloud Sect, this sect, only those pinnacle upper echelons in the Northern Domain knew.

"*H-Haha*, Lord Ye Yuan, us brothers really missed you to death! This period of time, we couldn't sleep at night, worrying about you day in, day out. But didn't expect that you actually came into being suddenly and became this Deer Cry City's owner!" Chu Shi ran over submissively, thickened his face and said.

Zhu Changzhi scolded laughingly, "I've long said that Lord Ye Yuan is a blessed fellow. How can the mere power of a curse possibly stump him?"

Chu Shi pursed his lips and said, "No idea who moped and sighed in the middle of the night, praying to heaven for Lord Ye Yuan to be safe and sound!"

"Scram! You rebuked His Excellency just now. Why haven't you knelt down and admitted your fault?" Zhu Changzhi said with a furious roar.

"I . . . I . . ."

Chu Shi darted Zhu Changzhi a fierce glare, blaming him for rubbing his nose in.

When Ye Yuan saw this scene, he felt especially warm.

Although these brawny men were uncouth, their concern towards him was genuine.

Even though these people's origins were lowly, they valued the code of brotherhood the most.

This kind of people could shed their blood and lay down their lives for you and absolutely would not betray.

Ye Yuan said with a laugh, "Forget it, forget it, the ignorant can be forgiven! Rather, you guys, why are only so few people left?"

Before coming, Ye Yuan already saw that this big army was only numbered less than 30 thousand. Compared to back then, it was lesser by half.

Chu Shi's expression dimmed, and he fell silent.

Zhu Changzhi let out a sigh too and recounted everyone's encounter after separating from Ye Yuan.

Turns out that after Ye Yuan left back then, Qin Yan, Guo Taoqun, and the others accompanied City Lord Su Hu and returned to Wu Fang City together.

They wanted to bring Chu Shi they all, these martial artists, back together at that time, but Chu Shi and the rest were not willing.

These people were all itinerant cultivators and used to freedom and no discipline, and were not used to a restrained life. Hence, they did not travel together.

Logically speaking, these people were originally just some itinerant cultivators unacquainted with each other.

But what made Chu Shi trio feel surprised was that these tens of thousands of martial artists, the vast majority of the people actually chose to stay. Only a small portion of the people chose to leave.

Finally, roughly 50 thousand people chose to remain behind, while they elected Chu Shi trio to be the commanders.

These people's objectives were very simple, their lives were given by Ye Yuan, in the future, they would follow Ye Yuan's dictates.

Moreover, Ye Yuan left by himself and was chased down by a Divine Traversing Realm powerhouse. Each and every one of them was all worried and must wait for the news of Ye Yuan's safe return.

Hence, these people formed a guerrilla warfare team specialized in making things difficult for the Fierce Gale World's great army.

What surprised people was that the great army that the Endless Alliance sent out were virtually routed on all fronts, while this guerrilla warfare team scored victory after victory, slaughtering countless Fierce Gale World martial artists.

But Chu Shi, the three of them, were selective in their raids too. Places with Divine Traversing Realm powerhouses, they absolutely did not dare to go.

Except, their existence ultimately still incurred the Fierce Gale World upper echelons' attention.

After Wu Fang City was breached, the Fierce Gale World finally got around to sending out those Divine Traversing Realm powerhouses to catch and kill the Endless World's Divine Traversing Realm powerhouses without restraint.

And to deal with Chu Shi, their big army, the Fierce Gale World actually sent a Fierce Gale World Divine Traversing powerhouse forward.

As a result, both parties carried out a brutal killing.

Except . . . that Divine Traversing Realm powerhouse never could have dreamed that the combat strength of this great army was actually so formidable!

He fell into the sea of people and actually did not have the chance to escape!

Finally, after Chu Shi they all paid the price of 20 thousand casualties, they slew this Fourth Level Divine Traversing powerhouse!

This battle result was what Chu Shi and the rest did not expect at all.

Even they themselves were not aware that the training Ye Yuan gave them would actually produce such tremendous effect!

To make a great army which did not even have a Divine Traversing Realm powerhouse kill a Fourth Level Divine Traversing Realm powerhouse!

But after this, Chu Shi trio also realized a problem. That was that the next time would absolutely not be so lucky!

If the Fierce Gale World sent a late-stage Divine Traversing Realm powerhouse over again, they would still not escape the outcome of the entire army being wiped out.

Right at this time, they heard the news of the Tranquil Cloud Sect crazily annihilating Fierce Gale World forces. Chu Shi trio thought it over and decided to seek refuge with the Tranquil Cloud Sect.

It was just that they never thought that this Tranquil Cloud Sect was actually established by Ye Yuan single-handedly.

And Chu Shi recognized that they had killed a middle-stage Divine Traversing Realm powerhouse before, so they wanted to take the Tranquil Cloud Sect down a notch, so as to protect their own independence.

Who knew that Chu Shi set up a huge blunder for himself and nearly offended Ye Yuan.

“Oh, right, Lord Ye Yuan, the designation of this great army of ours, just call it Ye Family Army!” Zhu Changzhi added.

Ye Yuan was also rather surprised when he heard their encounter in this half a year.

Looks like the growth of this great army was still outside of his expectations.

This half a year’s time, Chu Shi they all experienced countless battles. The tempering between life and death also made their strength have a substantial rise.

Now, Chu Shi trio actually broke through to peak Ninth Level Soul Sea already; there was only one more step to take to break through to the Divine Traversing Realm.

“Since you guys all came, stay here then. But your strength is still a little weak. I’ll refine some medicinal pills for you guys these two days to help you all break through to Divine Traversing Realm. With your current combat strength, as long as you break through to Divine Traversing Realm, your strength will surge substantially. Even late-stage Divine Traversing powerhouse might not be able to gain an advantage,” Ye Yuan said.

The people coming to seek refuge these few days were a lot. But those who genuinely had strength were not many.

Chu Shi and the others, their appearance finally added the much needed help for Ye Yuan.

### Unrivaled Medicine God

#### **Chapter 685: Large Enemy Force Bearing down upon the Border**

“My lord, are . . . are you for real?” Chu Shi immediately said agitatedly upon hearing Ye Yuan’s words.

The Qian Si who was silent the entire time by the side also became agitated at this time.

The medicinal pills which Ye Yuan refined, they had all witnessed with their own eyes before. They had the effects of immediate results!

Back then, Ye Yuan said that he could not refine medicinal pills for their use. But now, Ye Yuan was going to spend time to refine these medicinal pills.

Ye Yuan said with a half-smile, “When have I joked around with you all before?”

When the three people saw Ye Yuan’s smile, they could not resist shuddering.

They could not help automatically recalling the scenario of Ye Yuan throwing them into the Asura Tri-Pronged Formation.

Originally they thought that it was just a one-time simple training, but they did not expect that this training really claimed lives.

The three people bowed their heads to the ground and said gratefully, “Thank you very much, Your Excellency! The Ye Family Army will follow Your Excellency to the death!”

Ye Yuan nodded his head and accepted it calmly.

Towards the Ye Family Army’s arrival, Ye Yuan still felt quite relieved.

To want to recapture the Endless World, Ye Yuan’s strength alone was clearly inadequate.

Even if he was already invincible in the Endless World, there were too many people in the Fierce Gale World. If he slaughtered all the way over, he would probably have to kill for several decades as well.

Ye Yuan erecting the Tranquil Cloud Sect’s banner was in order to solicit these scattered Endless World martial artists.

Of course, if the Wu Fang City folks could hear the news and find their way over, that was for the best.

Just what in the world happened to Wu Fang City on that day, where on earth did the people in Wu Fang City go to, was also a mystery to the current Ye Yuan.

But right now, for Ye Yuan to go find his parents, where would he need to go to search among the sea of faces?

Ye Yuan stirred up such a huge commotion, the primary objective was still for the sake of drawing the Fierce Gale World’s big shots’ attention, to make them place their primary efforts on him.

Moreover, to inquire about his parents' news, it was clearly more effective to get from the other party.

.....

With the Ye Family Army's participation, Deer Cry City's commotion was boosted considerably all at once.

Ye Yuan also discovered to his delight that Chu Shi was really adept in the area of leadership.

In the wake of martial artists coming to Deer Cry City getting increasingly more, management became a big issue.

One had to acknowledge that Ye Yuan was not very skilled in this area.

Rather, after Chu Shi they all joined and took the initiative to serve as the city guards, they only used a few day's time to subdue those martial artists into obedience.

Towards this sort of situation, Ye Yuan was naturally happy to see it happen.

Furthermore, the Ye Family Army being established for such a long time, they had also built a complete intelligence system. Hence, Ye Yuan let Chu Shi extend his antennas out and inquire about Wu Fang City and Tranquil Cloud Sect's news.

Ye Yuan also inquired from Chu Shi about Wu Fang City's news before. But sadly, they were similarly too far away from Wu Fang City and also not very clear.

Arranging everything properly, Ye Yuan was just planning on marching the troops northwards when Chu Shi obtained an intel.

An Eighth Level Divine Traversing powerhouse from the Fierce Gale World led over ten Divine Traversing Realm powerhouses and a million strong great army and were coming towards Deer Cry City in mighty contingents.

"My lord, the Fierce Gale World's great army is bearing down menacingly this time. Should we . . . temporarily avoid the spearhead?" Chu Shi asked probingly.

Actually, Chu Shi did not have a clear understanding of just how powerful Ye Yuan's current strength was right now either.

But what kind of concept Eighth Level Divine Traversing was, he was perfectly clear.

Such strength, even among the Endless World's titans in the past was also sufficient to enter the top eight!

Let alone that there were even over twenty Divine Traversing Realm powerhouses accompanying.

In contrast, Deer Cry City's side apart from Ye Yuan's individual strength being unfathomable, there were virtually no powerhouses that were presentable.

While Chu Shi, the few of them, had also just broken through to the Divine Traversing Realm. To make them deal with twenty over Divine Traversing Realm powerhouses in one go was still a little too forceful.

But Ye Yuan said coolly, "Leave all the Divine Traversing Realm powerhouses to me. The others . . . can you guys handle them or not?"

"*Hiss . . .*" Chu Shi drew a cold breath when he heard.

Looking at Zhu Changzhi and Qian Si again, their faces were both rather shocked.

One person squaring off with twenty over Divine Traversing Realm powerhouses. Among them still had an Eighth Level Divine Traversing powerhouse. Wasn't this a little too exaggerated?

Hesitating for a moment, Chu Shi gritted his teeth and thumped his chest, saying, "How can we let Your Excellency take on so many powerhouses alone? Even though us brothers are lacking in strength, we can still accomplish storming the enemy lines! Those Divine Traversing Realm powerhouses, leave them to the Ye Family Army!"

Although Chu Shi normally had quite a cynical attitude towards life, once he got serious, he still had quite an imposing manner.

But the meaning in his words was also very clear. That was preparing to heap on human lives.

Twenty over Divine Traversing Realm powerhouses. Definitely not all would be initial-stage Divine Traversing Realm. There was bound to be some that were middle-stage Divine Traversing Realm or even late-stage powerhouses!

To make the Ye Family Army go and handle these people was indeed somewhat far-fetched.

A Fourth Level Divine Traversing martial artist squandered 20 thousand Ye Family Army martial artists.

The might of an expert Divine Traversing Realm was needless to say.

Zhu Changzhi also said, "Yeah, my lord. You saying this is simply smacking our faces! The Ye Family Army's lives were given by Your Excellency. We won't hesitate to lay down our lives if need be!"

Qian Si did not speak, but his firm look indicated everything.

But Ye Yuan laughed when he saw the situation and said, "What are each and every one of you in such a hurry to seek your doom for? *Huhu*, just an Eighth Level Divine Traversing. How is it worth you all using your lives to suppress him? Are your lives so worthless?"

" . . . . . "

Chu Shi and the two were speechless too. Dismissing an Eighth Level Divine Traversing so lightly, only Lord Ye Yuan dared to speak this way.

But Ye Yuan's words warmed their hearts.

The meaning in Ye Yuan's words was that their lives were even more valuable than an Eighth Level Divine Traversing powerhouse's life!

At least in Lord Ye Yuan's heart, he felt this way!

It was true that their lives were given by Ye Yuan, but Ye Yuan did not use them as cannon fodders, but treated them as brothers instead!

He would rather charge forward himself than treat the lives of his brothers as a joke!

Chu Shi and the two secretly resolved in their hearts that even if they died, they would also not let Lord Ye Yuan suffered any bit of harm!

Ye Yuan looked at them a little and said coolly, "Alright, don't have this sort of expression. A million strong great army is not so easy to deal with either. Each and every one of you has to buck up for me! Since you guys call this great army Ye Family Army, don't bring shame upon my face!"

Chu Shi was startled inwardly when he heard. Straightening both legs, he clenched his teeth and said, "My lord, rest assured, we'll let you take a look this time at the might of this Ye Family Army that you personally built!"

Ye Yuan nodded his head and said, "Alright, I'll have a look. These few days, how are the others training inside the Asura Tri-Pronged Formation?"

The moment Chu Shi heard, he immediately grumbled, "My lord, not that I'm complaining about them, but these fellows are making too little progress! Their casualty rates are much higher than ours! In the end, who knows how many will be left. They have already been training for half a month and only trained 10 thousand plus people."

These few days, Ye Yuan set up the Asura Tri-Pronged Formation anew to train those motley crew.

But looking at it now, the effects were not very good.

### [Unrivaled Medicine God](#)

#### **Chapter 686: Absolute Strength**

However, this was also within Ye Yuan's expectations.

Back then, Ye Yuan's drilling effects being that good at Crimsonlight City was because everyone was in a hopeless situation.

Now that Ye Yuan secured a very large piece of area, there were quite a number of people who actually came to seek refuge with a mentality of being contented to retain sovereignty over a part of the country.

Under such circumstances, how could there be that kind of effect?

Ye Yuan nodded his head when he heard that and said, "Put in some effort. For those sitting around waiting to die, it's fine to let them be as well. Soldiers depend on quality, not quantity."

"Yes, my lord!"

.....

Several days later, the two realms' great army were facing each other outside the borders of the new Tranquil Cloud Sect's sphere of influence.

The Fierce Gale World's side was densely packed. As far as the eyes could see, it was all Fierce Gale World martial artists.

In contrast, the Tranquil Cloud Sect's side only had a mere several tens of thousands of people, looking just like a small boat in a vast expanse of water; incomparably weak.

The Fierce Gale World's great army was orderly, displaying power and grandeur. One look and it was clear that they were well-trained.

While the Endless World's side, each and every one of them was very undisciplined and carefree, with a listless appearance; rather like a bunch of motley crew.

No matter how one viewed it, the Endless World did not look like it had any chances of victory either.

In the Fierce Gale World's great army, there was person at the front that had long hair and a broad chest, elegant and poised. It was none other than the Fierce Gale World Xue Family's family head, Xue Hongfei!

When he saw Ye Yuan in the opposing party's camp, his eyes involuntarily turned intent!

"I didn't think that the so-called Tranquil Cloud Sect whose limelight is currently in full bloom recently was actually egged on by this boy!" Xue Hongfei said rather surprisedly.

"Commander actually knows this boy?" behind Xue Hongfei, a Seventh Level Divine Traversing powerhouse said in surprise.

Xue Hongfei nodded and said, "If I point it out, you'll naturally be aware too. This boy was that Ye Yuan who wreaked havoc in the capital that very day! When he was facing off with His Highness, the Seventh Prince, I had observed him from far away before. Didn't think that just a few years of not seeing, this boy has actually reached peak Soul Sea Realm already!"

"It's actually this boy! Back then when he was squaring off with the seventh price, he was merely just Crystal Formation Realm. Just how long has it been? He actually cultivated to peak Soul Sea Realm already!" exclaimed the Divine Traversing Realm powerhouses in shock.

"*En*. This boy's talent is indeed heaven-defying. Furthermore, his combat strength is staggering. According to our intel, even though this boy is just peak Soul Sea Realm, he possesses at least the strength to kill middle-stage Divine Traversing Realms!" Xue Hongfei said.

Towards Ye Yuan's combat strength, Xue Hongfei was not overly surprised.

With Ye Yuan's talent, if he could not cross boundaries to battle, that would be absurd!

But Xue Hongfei did not take it to heart too much either. Even though he was only Eighth Level Divine Traversing, he still had the Origin Spirit Nine Transformations, this level of unique trump card.

To really talk about combat strength, he was even stronger than peak Ninth Level Divine Traversing!

If he could not even take down a Ninth Level Soul Sea, that would also be too disgraceful.

"*En*, so what if he can cross boundaries to battle? In front of Commander and our great army, everything collapses at the first blow! This time, we've dispatched all of our elites. If we can't even take down these tens of thousands of people, that would simply be a joke!" said the subordinate with a contemptuous look.

Xue Hongfei stroked his beard and smiled as he said, "What you said is right! Speaking of which, this Ye Yuan is also considered to have been a great help to us. Truly, wanting to take a nap even had somebody send a pillow. As long as we wipe out all of them in this fight, there would probably be no one else who dares to jump around in the Endless World!"

"En. This boy's reputation is so renowned. Didn't think that he was a fool too! With his potential, properly find a place and enter a retreat and a few years' time, he would be able to ascend to the Divine Realm. What do the matters of the Endless World have to do with him? Moreover, our great army is pressing down on the border this time. If he knows what's good for him, he should also avoid the spearhead and slowly find a solution. Perhaps there might still be some hope. Now, he actually chose to strike the rock with an egg. Really foolish to the max!"

Xue Hongfei said with a laugh, "You don't look down on this boy. He most likely has some way of escape since he dares to fight with us head-on. In a moment, I'll deal with him. You bring the other Divine Traversing Realms together and directly storm over! No matter what kind of schemes or intrigues he has, in front of absolute strength, it's also useless!"

"Yes, Commander!"

Finished talking, Xue Hongfei's figure moved as he flew out.

Ye Yuan seeing the situation, flew out too, facing Xue Hongfei across a distance.

"Ye Yuan, you're a talented person. Do you still not have a clear understanding of the situation at this time until now? Why not you forsake darkness for the light now and I can spare you from death today!" Xue Hongfei said coolly, carrying the attitude of condescension.

But Ye Yuan smiled when he heard that. No idea of life or death was talking about this guy in front of him, right?

"You know me?"

Ye Yuan was rather surprised by him being able to call out his name readily. In his impression, he had not seen this person before.

"On that day you had a great battle with His Highness, the Seventh Prince, I was watching the fight far away on the sidelines," Xue Hongfei said with a smile.

Ye Yuan came to a sudden realization when he heard that. He saw Xue Hongfei making frivolous remarks about his appearance with another person just now. Clearly, he had recognized him.

Looks like there were still quite a number of people observing him in the shadows on that day in the capital.

Ye Yuan nodded his head, indicating that he understand the situation. He then said, "Old fellow, I'm giving you one last chance now. You can choose to forsake the darkness for the light. Don't help the wicked perpetuate wicked deeds anymore. Zhao Tianyin's days are already numbered and can't jump around for many more days."

Ye Yuan's voice was very loud, spreading out directly.

The Fierce Gale World's million strong great army immediately gave off a burst of deafening jeering laughter when they heard this sentence of Ye Yuan's.

In their view, Ye Yuan's brain was simply spoiled and could not figure out the situation at all.

Such a person could actually become the commander-in-chief too?

*"Hahaha! He's making us forsake the darkness for the light! Hahaha! I'm dying of laughter!"*

"To make a million strong great army surrender to tens of thousands of people. Is this guy sure that his brain is fine?"

"You guys, look at their great army. Just a few lousy First Level Divine Traversings actually dare to spout such wild drivel! I really admire his courage!"

Those Fierce Gale World's Divine Traversing Realm powerhouses all grinned from ear to ear.

Before the big battle, having a bit of this kind of joke was also a kind of relief.

Actually, not only them but even Chu Shi they all also felt embarrassed.

Even though he had plenty of confidence in Ye Yuan, he seriously could not guess what kind of means Ye Yuan could use to win this great war between two worlds.

Even if Ye Yuan could finish off the other party's Eighth Level Divine Traversing, it was defeat with victory!

If another person was swapped to stand in front of the formation, Chu Shi would have long brought his great army to run away.

Only Ye Yuan could make him stand behind firmly.

Xue Hongfei naturally just treated it as a joke to listen as well. He said to Ye Yuan with a chortle, "You also saw everybody's reactions. But have you taken a look at the expressions of those martial artists behind you looking death calmly in the face? Looks like your own great army doesn't harbor any hope in you as well!"

Ye Yuan did not mind and said nonchalantly, "Looks like you're choosing to resist stubbornly to the end? I already gave you the chance. It's you yourself who didn't know how to cherish it. Since that's the case, then it can't be blamed on me."

Xue Hongfei burst into laughter and said, "Ye Yuan, I know that you have the Origin Spirit Nine Transformations. But even if your Origin Spirit Nine Transformations is any more powerful, it's also unable to break through the fetters of Soul Sea Realm! While I . . ."

*Boom!*

Xue Hongfei's aura erupted abruptly, his imposing momentum surging towards the clouds!

Under everyone's gaze, it actually broke right through to peak Ninth Level Divine Traversing!

[Unrivaled Medicine God](#)

**Chapter 687: Your Turn to Perform**

"Turns out that you're that whatever Xue Family's family head."

Regarding Xue Honghei knowing how to use the Origin Spirit Nine Transformations, Ye Yuan felt a slight surprise, revealing an expression of coming to understand suddenly.

Of course, he would not mind Xue Hongfei's increase in strength too much.

But Ye Yuan's look of surprise was misread by Xue Hongfei as panic.

"Huhu, only aware of it now huh . . . Too late!" Xue Hongfei had a look like everything was under control.

Ye Yuan said helplessly, "Is it too late? Why don't I feel so . . . In this world, there are always some people who feel good about themselves."

Xue Hongfei said with a cold smile, "Alright, enough jabbering. Do you think that I would fall for your trick?"

Ye Yuan could not help laughing in spite of himself when he heard that and said, "I forget that Zhao Chenggan that fellow said before, you can only last for an hour's time using the Origin Spirit Nine Transformations. Huhu, however . . . this won't even take an hour!"

As he said this, Ye Yuan's aura erupted abruptly, and used the Origin Spirit Nine Transformations at the same time!

Very soon, his aura broke through to half-step Divine Traversing!

"Half-step Divine Traversing is it . . . Maybe you're still unaware of the disparity between peak Ninth Level Divine Traversing and half-step Divine Traversing, right? Forget it, I'll send you on your way!"

As he said, Xue Hongfei flicked his sleeves grandly and yelled out in a powerful and majestic voice, "Attack for me! Leave . . . nothing behind!"

"Charge!"

"Charge!"

For a moment, the Fierce Gale World's million strong great army's battle-cry rose one after another, galloping towards Chu Shi they all.

Those twenty over Divine Traversing Realm experts lined up in a row and entered first!

These twenty over people joining hands was truly an irresistible onslaught.

Yet, right at this time, two figures, one azure and one white, suddenly appeared in the center of the battlefield, facing the Fierce Gale World's assault head-on.

This one azure one white figures were naturally Ye Qing and Yue Mengli.

The earth-shaking million strong great army in other people's eyes was not much different from ants in the eyes of these two people.

It was only to see the two struck out two palms lightly, wrapped with enormous energy as it whirled away towards the Fierce Gale World's great army!

Boom!

Those twenty over Divine Traversing Realm powerhouses were instantly killed without even letting out a miserable scream!

And the pair's palm force's residual force had yet to reduce, blasting directly into the great army.

For a moment, tragic cries rose one after another. It was also unknown how many lives were lost under these two palms.

Xue Hongfei was just planning on making a move to deal with Ye Yuan. Seeing this scene, his eyes could not help becoming wide-saucers.

This scene was too shocking!

With a wave of a hand, twenty over Divine Traversing Realm powerhouses turned to ashes!

How formidable a strength did this need?

Those were Divine Traversing Realm powerhouses! The Endless World's most powerful existences!

Among them, there were even two Seventh Level Divine Traversings, and seven to eight middle-stage Divine Traversing Realm powerhouses. Even if he confronted himself, under the circumstances of not using the Origin Spirit Nine Transformations, it was also very hard to obtain victory.

Those two people slaughtered them just like this?

"What are you still in a daze for? Your turn to perform!" Seeing Chu Shi and the rest in a trance, Ye Yuan reminded them.

"Ah? O-Oh . . . Alright!"

Chu Shi's expression was exactly the same as Xue Hongfei's: mouth opened widely, staring at this scene disbelievingly.

"All in a daze for what?! Attack together with this father of yours and screw these bunch of animals to death! Kill!"

Chu Shi yelled out excitedly and took the lead to pounce over towards the Fierce Gale World's great army.

Zhu Changzhi and Qian Si had their thoughts linked up long ago and followed closely behind.

With these three people helming, the others also recovered to their senses. Tens of thousands of people charged over towards the Fierce Gale World's great army in mighty contingents.

Saying that it was mighty contingents, actually, it did not even reach the other side's fraction.

In front of the million strong great army, their headcount was still pitifully little.

It was just that at this time, the imposing momentum of these tens of thousands of people utterly outstripped the million strong great army.

Ye Qing and Yue Mengli's attack scared the crap out of the Fierce Gale World's great army!

The moment both sides came into contact, it became a one-sided massacre!

Chu Shi they all, these people could be said to be veterans of a hundred battles already. Their cooperation with each other was already tacit to the extent that made people's hair stand on end.

These 30 thousand people that he brought over was absolutely even more powerful than 300 thousand, even a 500 thousand strong great army!

Timing, geography, and human conditions all favored the Tranquil Cloud Sect's great army. How could they not win?

Rather, after Ye Qing and Yue Mengli's one attack, they already lost interest in attacking once more and retreated to one side very conscientiously.

This was also Ye Yuan intentionally instructing before. They only needed to take action once and leave the rest to him and the Tranquil Cloud Sect's great army.

Being oppressed for a long time, the Endless World needed a huge victory to raise morale.

And a victory fought out with their own hands versus through other people's hands, that sort of feeling was completely different!

Moreover, an invincible master required countless battles to temper.

The Fierce Gale World's million strong great army was undoubtedly the best whetstone.

Chu Shi trio group already broke through to Divine Traversing Realm originally. After both sides engaged in battle, it was akin to entering a place where no one puts up resistance. Places they passed through was like locusts passing through; not even fowls and dogs were spared.

Even though the others did not reach their level, they were likewise incomparably incisive.

Only that batch which was trained the most recently slightly appeared to be straining a bit.

But their imposing momentum was already spurred on. Even though there were casualties, they likewise overshadowed their opponents.

The moral of the troops was already lost. The million strong great army very quickly collapsed, clamoring to escape north. Who would be in the mood to carry on fighting?

With this, the Fierce Gale World's great army's declining trend was even more beyond recovery.

The great battle which originally had a great disparity in strength became a one-sided massacre!

When Xue Hongfei saw this scene, he even had the thought to die.

The previous moment, he was still smug with his own success and thought that he was an elephant, and that stepping the Tranquil Cloud Sect, this ant, to death, was as easy as blowing off dust.

But in just an instant, both sides switched!

How could Xue Hongfei still be in the mood to fight with Ye Yuan? Releasing his essence energy, he wanted to flee away.

Yet, how could his speed compare to Ye Yuan's? He had yet to make a move, and he had his path cut off by Ye Yuan.

"Since it's a battle, you have to be attentive. You will suffer a huge loss with your mind being preoccupied with other things!" Ye Yuan said coolly.

Xue Hongfei's expression flickered erratically. Gritting his teeth, he suddenly roared, "Starfire Ablazing Prairie! Go to hell!"

This move, Ye Yuan had experienced before from his son, Xue Zaihe.

However, when Xue Hongfei unleashed it at this time, the power could not be mentioned in the same breath.

Xue Hongfei compressed the essence fire within his body to the extreme, then abruptly exploded it. It was sufficient to eradicate any powerhouse under Ninth Level Divine Traversing!

But sadly, Ye Yuan was half-step Divine Traversing Realm right now!

"Flame Movement True Dragon Carnage!"

Ye Yuan already utilized this move to the extent of mastery. Unleashing with half-step Divine Traversing strength, it actually scattered Xue Hongfei's Starfire Ablazing Prairie in all directions instantly!

Bang!

This punch smashed heavily onto Xue Hongfei's body!

A peak Ninth Level Divine Traversing powerhouse actually could not last one move under Ye Yuan's hands!

Xue Hongfei who received this punch was already severely wounded.

Ye Yuan floated down gently beside him and flashed him a grin. An incomparably overbearing divine soul attack abruptly attacked towards Xue Hongfei's sea of consciousness!

"Soul Searching Art!"

Ye Yuan tore open Xue Hongfei's sea of consciousness tyrannically, wanting to carry out a soul search on Xue Hongfei.

But right then, Xue Hongfei suddenly gave a wretched cry! I have no idea what the author means. Sufficient to kill anyone under Ninth Level Divine Traversing but Ye Yuan is half-step Divine Traversing? Even if I interpret it as a typo and put eradicate anyone under Ninth Level Soul Sea, doesn't make sense since Xue Hongfei is peak Ninth Level Divine Traversing, and he should be able to easily kill anyone Sixth Level and below. Just, er, go along with it, kay?

## Unrivaled Medicine God

### Chapter 688: Zhou Yan

Ye Yuan's expression changed and instantly pulled back his divine sense.

Xue Hongfei gave a miserable cry, then his legs went stiff and did not move any longer.

Evidently, Xue Hongfei was already deader than dead.

That moment just now, Ye Yuan wanted to use Soul Searching Art on Xue Hongfei, but Xue Hongfei's divine soul gave off an extremely terrifying aura.

Following that, his divine soul was directly ground up.

If not for Ye Yuan retreating in time, he would probably be affected too.

"Ye Yuan, what is it?" Ye Qing and Yue Mengli also detected Ye Yuan's oddness and came forward to ask.

Ye Yuan frowned and said, "I originally wanted to search his soul, wanting to see if there's information about my parents. I didn't expect that his divine soul had restrictions placed by people. The moment I executed the Soul Searching Art, it immediately triggered the restrictions, and his soul disintegrated."

Yue Mengli was slightly surprised as she said, "This person's strength absolutely belongs to the apex existences in the Lower Realms. How could he possibly willingly have people lay down such restrictions?"

Soul disintegrating was being unable to enter the natural cycle of samsara. Even if there were only a glimmer of hope to survive, the martial artist would also not possibly be willing to have people lay down such restrictions.

Furthermore, Xue Hongfei's strength was even stronger than ordinary Ninth Level Divine Traversings. Who could compel him to have this kind of restriction laid down?

Ye Yuan shook his head and said, "He should have had the restrictions placed by people under circumstances where he was unaware! This sort of method is very covert. With his strength, he's simply unable to detect it."

Yue Mengli could not help being surprised when she heard that, "To be able to place restrictions on the divine soul of an Eighth Level Divine Traversing, even that Zhao Tianyin can't accomplish that either, right?"

Ye Yuan nodded his head and silently acknowledged Yue Mengli's conjecture.

Even though Zhao Tianyin was a Boundless Realm powerhouse, to want to place such restrictions on the divine soul of Xue Hongfei without a sound, it simply could not be done.

"Heh, looks like this Fierce Gale World's upper echelons was most likely controlled by people behind the scenes long ago! If my conjectures are right, Zhao Tianyin is also merely a chess piece," Ye Yuan said with a cold smile.

"This . . . Zhao Tianyin is a Boundless Realm martial artist. If even he is being controlled . . ." Yue Mengli was very astonished by Ye Yuan's conjecture.

Ye Yuan nodded and said, "This matter probably can't shake off relations with the Divine Realm. It's just that, no idea what force is manipulating behind, and also what kind of objective there is. These people stirring up so many things in the Lower Realms, what they are coveting is probably huge. Looks like these few years, the Divine Realm isn't that calm either!"

Those years during the previous life's Ye Yuan was at the Divine Realm, the various top forces were basically all in a state of equilibrium.

Even if there were clashes occasionally, it was also just some small issues.

The Medicine King Hall's destruction was likely the most sensational thing that happened these few years in the Divine Realm.

Yet, there were people inciting a war between two worlds and collecting sanguine power. What they were coveting was probably not small!

Ye Yuan guessed that such an incident happening between the Fierce Gale World and Endless World was likely not an exception.

In the other small worlds, there were probably also quite a number of such incidents that happened.

But even if he had some conjectures, Ye Yuan was also strong in will, only lacking in power right now.

His strength had already roughly reached the pinnacle in the Lower Realms. But when placed in the Divine Realm, it was just the start.

Much still remained to be done!

.....

Three days later, the great battle was concluded!

Chu Shi led the Tranquil Cloud Sect great army and pursued for a distance of ten thousand miles, eliminating nearly half of the Fierce Gale World martial artists!

The moment a sovereign was enraged, corpses floated for ten thousand miles!

The present Ye Yuan was already the Endless World's well-deserving sovereign!

Through this battle, the Tranquil Cloud Sect's fame exploded in the entire Endless World, immediately spreading throughout the entire Endless World.

Fully exterminating twenty over Fierce Gale World Divine Traversing Realm powerhouses! Defeating the Fierce Gale World's million strong great army with a 40 thousand army!

Who else in the Endless World could create such glorious military exploits apart from Ye Yuan?

And just as Ye Yuan expected, through this campaign, the Endless World martial artists' confidence was established once again. Major and minor forces everywhere emerged like bamboo shoots after a spring rain.

These forces carried out frenzied counterattacks on the Fierce Gale World. For some time, the Endless World became battlefronts everywhere.

Of course, this battle made the Tranquil Cloud Sect's reputation soar even more. The forces and itinerant cultivators that came forth to join the Tranquil Cloud Sect were too many to count.

But Ye Yuan was not concerned with these mundane affairs. There were naturally people like Chu Shi they all to go and manage.

This Deer Cry City was just a temporary residential place. Ye Yuan's thoughts were still placed on Wu Fang City.

Recuperating for a few days, Ye Yuan gave the order for the army to set off and rush straight for Wu Fang City!

The night before the army moved out, the moon was bright with few stars. Ye Yuan was currently enjoying this hard to come by peace.

"Ye Yuan, you don't have to worry. Uncle and Aunty, they are good people who will be blessed by heaven. They will be fine!"

Yue Mengli was a quick-witted girl. Even though Ye Yuan did not show it all along these few days, she knew that Ye Yuan's inner heart was anxious constantly.

If not for this, with Ye Yuan's disposition, he would not let Chu Shi they all be so heavy-handed towards the Fierce Gale World's great army either.

Ye Yuan shook his head and sighed as he said, "I secretly swore in my heart before, to not let my kin suffer any harm again. Yet . . . I still didn't accomplish it in the end."

Yue Mengli said, "You've already done sufficiently well! Zhao Tianyin they all are the main culprits! It was all my fault. If I knew it would be like this long ago, I should have directly killed him back then!"

Ye Yuan turned around to look at Yue Mengli. He said with a smile, "Li-er, you're thoughtful and understanding. How can this matter be blamed on you? I know that you wanted to leave Zhao Tianyin for me to dispose of personally. I can't even wait to thank you, why would I blame you?"

Yue Mengli's face turned red, but said, "These few days, I see that you have no appetite for food and drinks. I'm really quite worried about you. Some things, saying it out might be a little more alleviating instead."

Ye Yuan said with a smile, "Thanks a lot for Li-er's concern. I'm fine."

Ye Yuan looked straight at Yue Mengli, but it made a blush appear on her face, and she could not resist nodding and lowering her eyebrows in an obeisant manner.

Under the contrast of the moonlight, Yue Mengli's beauty was unparalleled.

Even Ye Yuan also had no choice but to admit that this woman made him somewhat moved.

For a moment, the atmosphere became rather ambiguous.

"Heh, to dare snatch my, Zhou Yan's, woman, really tired of living!"

Not far away, a youth tore apart the void directly and revealed his figure, thoroughly shattering this ambiguous atmosphere.

And that thick jealousy and killing intent in his words could not be concealed no matter what.

Ye Yuan and Yue Mengli's expressions changed at the same time. Someone was spying on them in the void, and not a single one of them actually discovered it!

"Zhou Yan! Why is it you?!" Yue Mengli turned pale with fear.

Zhou Yan did not pay attention to Yue Mengli. Instead, his gaze stared dead at Ye Yuan.

Facing this Zhou Yan, Ye Yuan practically felt like he was almost asphyxiating. The other party's might was simply not what the present Ye Yuan could contend with!

Zhou Yan looked at Ye Yuan. A bundle of flames suddenly leaped out from his eyes!

"Don't!"

Yue Mengli screamed in fear and unleashed the power of the Moonlight Heavenly Eye without any hesitation!

Boom!

Even with the power of the Moonlight Heavenly Eye neutralizing, it still did not block this attack of Zhou Yan's. The air around Ye Yuan suddenly exploded, blasting him flying out directly.

"Puhwark!"

Ye Yuan clutched his chest and spat out a mouthful of blood immediately.

#### **Chapter 689: Today's Humiliation**

Yue Mengli already blocked most of the attack for Ye Yuan, but Ye Yuan was still beaten to heavy injuries!

"Vastsun Flameheart Pupil! Very good! I'll remember this!" Ye Yuan gritted his teeth and said.

Zhou Yan gave Ye Yuan a glance rather surprisedly and said coolly, "A measly little aboriginal actually knows the Vastsun Flameheart Pupil. Looks like the things Li-er told you are really quite a fair bit! But do you think that your threat is effective on me?"

Zhou Yan was filled with enmity towards Ye Yuan, revealing his killing intent!

"Ugh . . ."

Yue Mengli suddenly held her face with her hand, her expression revealing a pained state.

Zhou Yan could not help being greatly alarmed when he saw the situation and hurriedly said, "Li-er, what's wrong with you?"

"Don't come over!" Yue Mengli reproached lightly.

But Zhou Yan completely ignored Yue Mengli's warning and wanting to come over and support her very overbearingly.

Suddenly, a cold light flashed. A sharp dagger was already pressed on Yue Mengli's neck, but the hand holding the dagger was her own.

Zhou Yan only stopped his footsteps when he saw. Her expression was dark as she said, "Zhou Yan, if you dare touch him, I'll die in front of you!"

Zhou Yan's expression fell, and he said, "Li-er, what's the meaning of this? Our engagement was fixed by the two Zhou and Yue family's family heads!"

"That's their problem. What has it got to do with me?!" Yue Mengli said with an obstinate look.

Seeing Yue Mengli's attitude, Zhou Yan was unable to contain his anger and said, "Yue Mengli! How am I, Zhou Yan, not good enough for you? In terms of background, I'm the noble son of a Rank One Holyland. In terms of strength, I'm also sufficient to rank in the top 10 among the Divine Realm's young generation! Could it be that I still can't compare to a Lower Realm's aboriginal in your heart?"

The ambiguity between Ye Yuan and Yue Mengli earlier, Zhou Yan took it all into his eyes.

Nothing gave him a greater blow than such a scene.

In his view, Ye Yuan was merely an aboriginal. At most, he was a genius martial artists among aboriginals.

But in his perspective as a Divine Realm's young generation's pinnacle powerhouse, Ye Yuan was a trash, the lowest among the lowest!

Zhou Yan was simply unable to accept Yue Mengli liking an aboriginal rather than him, this fact.

Hence, he wanted to kill Ye Yuan virtually without giving the chance to explain at all just now.

Hearing Zhou Yan's words, Yue Mengli could not help looking at Ye Yuan, her face flushed red.

How was there that sort of relation that Zhou Yan said between her and Ye Yuan?

But this scene landing in Zhou Yan's eyes was a tremendous mockery!

"I'm going to kill this aboriginal today and sever this notion of yours!"

As he said, the look in Zhou Yan's eyes danced once again. Clearly, he was going to unleash the Vastsun Flameheart Pupil's move.

"You dare?!"

The dagger in Yue Mengli's hand pierced a little deeper. A wisp of fresh blood ran down along the dagger, dripping onto her blouse, appearing shocking.

Zhou Yan's expression involuntarily changed, but the flames in his eyes died down.

Yue Mengli's action put him at a complete loss on what to do.

Zhou Yan gnashed his teeth in hatred and said, "Li-er, even if you're able to stop me from making a move today, you also can't possibly guard against me for a lifetime! You should know our Zhou Family's strength. Wanting to kill a Lower Realm's aboriginal is too easy! Also, even if I don't take action today, do you think that Uncle Yue will freely allow his own daughter to fall for an aboriginal? You should be clear, it's impossible . . . between you guys! If Uncle Yue knows your affairs, even if I don't take action, he would probably not leave it unchecked either, right?"

Li-er's entire body involuntarily trembled when she heard that!

Li-er turned her head and gave Ye Yuan a complicated look, then suddenly say, "Zhou Yan, actually, there isn't anything between Ye Yuan and me. You misunderstood yourself!"

Zhou Yan's eyes narrowed. Clearly, he did not believe Li-er's words, "Li-er, are you insulting my intelligence?"

Li-er suddenly shook her head with a stern countenance and said, "I'm not insulting your intelligence. It's you yourself who didn't figure out the situation! Ye Yuan, he, is my good friend that I got acquainted with in the Lower Realms, and also the only alchemist who can treat the terminal illness in my body! If you kill him, it will be equivalent to killing me!"

Zhou Yan said with a cold sneer, "Just the alchemy emperors in the Divine Realm are abundant. Could it be that they all added up still can't compare to an aboriginal brat?"

Li-er said, "They really can't compare! I believe that you've already heard, these few years, my body's condition has been deteriorating steadily. For this, Father invited many alchemy emperors to treat me, but not a single one was able to diagnose where my ailment lied! Nevertheless, I encountered Ye Yuan. Not only did he diagnose where my ailment lied, he even gave the treatment method! In this world, there might only be him alone who can treat my illness! You killing him is no different from killing me!"

Zhou Yan clearly did not believe Yue Mengli's words and said with a cold laugh, "He, an aboriginal brat, is actually even more formidable than those alchemy emperors?"

But Li-er did not put down the dagger in her hand and said coolly, "Zhou Yan, I'll go back with you! I'll tell you now, my malady is caused by two kinds of spirit physiques tearing my divine soul. After returning to the Divine Realm, you can invite an alchemy emperor to come forward and diagnose me. If anyone is able to treat my illness, I have nothing to say either if you touch Ye Yuan again! But if you kill him, I'd also lose the hope to live on. But before dying, I'll tell Father that you caused my death! This aftermath, you bear it yourself!"

Hearing Li-er's words, Zhou Yan's expression changed, and he said, "Are you threatening me?"

Li-er said with a cold smile, "What a joke! You want to kill the person who is saving my life, but say that I'm threatening you. Zhou Yan, aren't you too overbearing?"

Zhou Yan's expression flickered incessantly as he looked at Ye Yuan. But he still gritted his teeth and said, "Fine! I promise you not to kill him for the time being! After returning, I'll let Father invite Master Quan Xingzi to come and treat you. If I discover that you're bluffing me today, you should know the consequences!"

When Yue Mengli heard Quan Xingzi's name, her heart involuntarily palpitated.

This Quan Xingzi was the Divine Realm Alchemist Association's Lord Vice-Chairman. His Alchemy Path strength was exceedingly high.

Yue Mengli did not think that Zhou Yan would actually lay down such capital.

She could not resist looking over at Ye Yuan, but Ye Yuan gave her a steady glance.

Not knowing why, this glance instantly calmed Yue Mengli's heart right down.

Zhou Yan looked at Ye Yuan with unspeakable jealousy and fury.

Even since the first time he laid eyes on Yue Mengli, he was awestruck by her fairy-like looks.

But all the way until now, Yue Mengli had not given him a kind expression before.

What was given to him was all precaution and vigilance.

But the thing that he did not obtain, Ye Yuan actually obtained all of it!

As for Yue Mengli's words, Zhou Yan did not believe at all.

Master Quan Xingzi was a peak Alchemy Emperor. He did not believe that Master Quan Xingzi personally taking action would be unable to treat the so-called terminal illness on Yue Mengli's body!

At that time, see what reasons Yue Mengli still had to prevent him from killing him!

Zhou Yan looked at Ye Yuan and said coldly, "Brat, you best pray that Master Quan Xingzi can't treat Li-er's injuries! Otherwise, you'll die very miserably!"

Ye Yuan did not speak the entire time. Before having sufficient strength, all threats were nonsense.

But the humiliation that Zhou Yan brought to him today, he remembered it profoundly!

#### **Chapter 690: Wait for Me in the Divine Realm!**

Regarding Zhou Yan's threat, Ye Yuan did not have too much of an indication.

His mind stirred, and he let Ye Qing out.

"Ye Qing, Li-er needs some Azure Spirit Heart Fusing Fluid," Ye Yuan said to Ye Qing.

"Oh, here."

Ye Qing took out some Azure Spirit Heart Fusing Fluid very generously but became very vigilant against the Zhou Yan whose depths could not be perceived.

Ye Yuan received the Azure Spirit Heart Fusing Fluid and came right in front of Yue Mengli, saying, "Thank you very much for your life-saving grace. However . . . I assure you, this is the last time! Open up!"

Yue Mengli took a look at Ye Yuan, opening her mouth very obediently.

Ye Yuan did not say much. He just poured the Azure Spirit Heart Fusing Fluid into her mouth.

The Azure Spirit Heart Fusing Fluid entered her abdomen, but Yue Mengli's divine soul which was being torn just now became much better off. Her expression also became rosy.

From start to end, Ye Yuan's expression was calm.

But Yue Mengli knew that Zhou Yan's actions earlier had thoroughly infuriated Ye Yuan.

Perhaps in Zhou Yan's eyes, Ye Yuan was only an aboriginal. But Yue Mengli knew that he possessed even more heaven-defying talent than the Divine Realm's geniuses.

Today's setback would only make Ye Yuan rise up more quickly.

Zhou Yan took all of this into his eyes but did not stop anything.

He was no fool. Earlier, after Yue Mengli employed the power of the Moonlight Heavenly Eye, her entire person became worn-out, and her complexion became very pale.

Drinking the Azure Spirit Heart Fusing Fluid that Ye Yuan brought over at this time, Yue Mengli's complexion immediately became much better.

Looks like Yue Mengli seemed to have really gotten some disease and was unable to make use of the power of the Moonlight Heavenly Eye.

At this moment, he could not help believing Yue Mengli's words a little more.

"Boy, I'm speaking to you. Didn't you hear?" Ye Yuan's disregard made Zhou Yan feel very enraged.

In his view, when Ye Yuan faced him, it should be trembling in fear and trepidation, even kneeling on the ground and begging for mercy.

Yet, Ye Yuan's reaction was too quiet. Quiet until . . . it made him actually get a little indescribably flustered!

This sort of feeling was seriously too bizarre.

Ye Yuan still did not pay attention to Zhou Yan. He turned his head and said to Ye Qing, "Ye Qing, from today onwards, you'll go to the Divine Realm together with Li-er! Remember, you mustn't let her out of your sight!"

Ye Qing was very ignorant about worldly affairs. But he had also detected that the present atmosphere was kind of odd.

This young man in front of him was too powerful!

He had already evolved to Tier 7 but still felt that the other party was unfathomable.

Seeing Ye Yuan say it solemnly, Ye Qing nodded and said, "You set your mind at ease. What I promised you, I'll definitely accomplish it!"

Ye Yuan nodded his head. Although the time they stayed together was not long, he was still very trusting of Ye Qing.

Following that, Ye Yuan suddenly turned his head around and said to Zhou Yan, “Carefully put away that arrogance of yours! If you want the Yue Family and Zhou Family to have an all-out war, you can feel free to kill me now!”

Zhou Yan’s expression changed, and he said with a snicker, “What a laughable aboriginal! Do you think that you can make this young master scared with a few words?”

Ye Yuan said coolly, “Not only does Li-er possess the Moonlight Heavenly Eye Physique, but she’s also even burdened with the Innate Battle Soul Physique! You killing me is equal to ruining the only hope the Yue Family has to rise up! Do you think that the Yue Family will have an all-out war with your Zhou Family or not?”

“What Innate Battle Soul Physique? Truly absurd nonsense!”

Even in the Divine Realm, the Innate Battle Soul Physique was only known by an extremely small number of people as well.

And this extremely small number of people clearly did not include Zhou Yan.

Ye Yuan sneered coldly when he heard that and said, “Ignorant and ill-informed! You can go back and ask Zhou Jia what the Innate Battle Soul Physique is! Even though Quan Xingzi that fellow is a little pedantic, he can still discern the Innate Battle Soul Physique!”

A terrifying aura undulated out. Zhou Yan had yet to make a move, and the entire space actually started to warp!

“How can an aboriginal like you dare to address my father’s name directly without honorifics?” Zhou Yan said it word by word.

Ye Yuan felt like he was almost suffocating. But his face still had an indifferent look as he said nonchalantly, “People adopt names to be called. What do I call him if not Zhou Jia? If you have the capabilities, kill me right now. Otherwise . . . put that away for me!”

Hearing Ye Yuan’s words, Yue Mengli was so anxious that her heart was almost about to leap out.

She really did not expect that Ye Yuan actually dared to incite Zhou Yan like this.

Once Zhou Yan really got angry, even at her prime, she could not stop him too.

Ye Yuan’s pride was even above her expectations!

Facing Zhou Yan this sort of peerless powerhouse, Yue Mengli thought that Ye Yuan would have some restraint and tolerate for some time.

Who knew that Ye Yuan did not have the intention of tolerating at all, but chose to give tit for tat!

Zhou Yan’s expression flickered erratically. The entire space started twisting and warping under his aura.

He was seriously unable to tolerate an aboriginal actually being so insolent in front of him.

But if what Ye Yuan said was true, he really could not handle the two families having an all-out war, this sort of thing.

The Divine Realm's various forces mutually restricted each other and could not tolerate the slightest bit of mistake.

Even his father, Zhou Jia, also tread as if on thin ice.

Suddenly, the aura on Zhou Yan's body was put away, and he said with Ye Yuan with a cold voice, "Today, I'll spare your little life on account of Li-er's face! Wait until we return to the Divine Realm, we'll naturally know if what you said is true or false! At that time, you wouldn't be able to fly away even if you had wings!"

Finished talking, Zhou Yan suddenly unleashed the Vastsun Flameheart Pupil!

*Boom!*

Ye Yuan was sent flying out directly, spewing out a mouthful of blood once more.

"Ye Yuan!" Yue Mengli and Ye Qing cried out in a chorus.

"Relax, he won't die! I just planted the Vastsun Flameheart Pupil's mark on his body. If there are other people who can treat your illness, he naturally doesn't have the need to remain in this world anymore! Li-er, we should go!" Zhou Yan said coldly.

Finished talking, Zhou Yan rend with one hand and actually broke apart space directly, manifesting a huge door.

Yue Mengli was worried about Ye Yuan's safety, but Zhou Yan did not give her time to stay.

Ye Yuan clutched his chest and stood up. Gasping for air, he said, "Relax, I won't die! Wait for me in the Divine Realm!"

Yue Mengli had tears running down her face as she nodded her head and following Zhou Yan into the spatial passageway.

Ye Qing gave Ye Yuan a glance rather worriedly and said somberly, "Take care, Ye Yuan!"

After the three people entered the spatial passageway, that huge door disappeared along with it too, as if Zhou Yan had never appeared before. Ye Yuan stared at the space which had already recovered back to how it was and was silent for a long time.

"My lord, are you alright?"

"My lord, you . . . you're injured!"

"Who is it? To actually be able to heavily wound His Excellency?"

Chu Shi and the rest had an after-sensation and felt that this place seemed to have some activities, so they hurried over.

Who knew that upon looking, Ye Yuan was actually beaten to severe injuries and they could not help turning pale with fright.

They all knew Ye Yuan's strength now. To be able to beat Ye Yuan until like this and cause such a small commotion, how powerful a strength did the other party have to have?

Being struck by the Vastsun Flameheart Pupil in succession, Ye Yuan was also faint and weak at this time.

“It’s fine. Help me to the hidden chamber! The army, postpone departure for three days!”
