Chapter 711: Counter-suppression

“Hear that or not? I know that you guys are all first-rate geniuses in the Lower Realms with your own pride. However . . .”

Cheng Jiang deliberately dragged it out and said with a solemn face, “Your pride isn’t worth a penny in the Divine Realm!”

Ye Yuan looked at Cheng Jiang and could not help laughing as he said, “Perhaps I really don’t have the capital to be arrogant in front of a genuine expert. But in front of you . . .”

Ye Yuan did not finish talking, But the meaning of his words was already very clear.

He, Ye Yuan, was proud!

As proud as when he was in the Lower Realms!

When Cheng Jiang heard Ye Yuan’s words but did not show an enraged expression.

Their objective of being here was in order to make those ascenders be obedient, let them know that after ascending, they had to tuck their tails between their legs and behave.

Otherwise, if these ascenders were all arrogant to the extreme, how would they manage?

Ye Yuan’s behavior was also within Cheng Jiang’s expectations. Or should he say, every ascender’s attitude was about the same as Ye Yuan’s.

Those two previously were like that too. Now, weren’t they still docile and obedient?

“*Hah*, is that so? Then . . . I’ll have to take a look at your pride!”

Cheng Jiang’s voice had yet to fade when a surge of powerful essence energy instantly crashed over towards Ye Yuan, directly enveloping Ye Yuan inside.

The elder and youth other there could not quite bear to look steadily at it.

They knelt down to this move of Cheng Jiang’s earlier and did not even have strength leftover to retaliate.

What was exasperating was that the two of them were both Boundless Realm experts!

First Level Boundless Realm versus First Level Boundless Realm and they actually did not even have strength leftover to counterattack.

They only struggled a little before conceding dejectedly. That scene earlier even made them somewhat doubtful about life.

Could it be that these years of cultivation were all cultivated into a dog’s stomach? Or were the Divine Realm’s martial artists all powerful to this sort of degree?

They ended up like this even though they were Boundless Realm. Wouldn't Ye Yuan, a freshly broken through Second Level Divine Traversing brat, be crushed until half-dead?

"Hey, Old Huang, you look! It looks odd!" that youth suddenly said to the elderly man.

Old Huang looked over at Ye Yuan there, his expression involuntarily changed.

"He . . . Why is he totally fine? This . . . This isn't right!" Old Huang said in amazement.

Over there, Ye Yuan was being pressured by Cheng Jiang's aura, but he was perfectly calm and collected. It was as if Cheng Jiang did not do anything at all.

Yet, the violent essence energy undulation around Ye Yuan clearly told everyone that Cheng Jiang was really putting pressure on Ye Yuan.

"*Huhu*, essence energy suppression is it? This is your opening gambit? Doesn't look like much to me," Ye Yuan said with a faint smile.

Cheng Jiang's expression was ugly as he said, "You . . . How is this possible?! You, an ascender, moreover, only Second Level Divine Traversing, are actually able to withstand my essence energy suppression! I don't believe it!"

Cheng Jiang clearly could not accept this truth. Hence, he mustered up all the essence energy in his body.

The coercion of a Boundless Realm crushed over towards Ye Yuan overwhelmingly.

Ye Yuan shook his head and said with a sigh, "Thickheaded!"

The next instant, Ye Yuan's aura was fully released!

The violent essence energy abruptly burst out, forcing back Cheng Jiang's suppression immediately!

Cheng Jiang did not expect that Ye Yuan actually still had strength leftover to counterattack. Caught off-guard all at once, he was forced back by Ye Yuan until his bottom plopped onto the ground directly.

Ye Yuan sneered coldly in his heart incessantly.

Cheng Jiang's methods, he was all too clear. Merely taking advantage of his cultivation time in the Divine Realm being long.

To really talk about comprehension towards cultivation realm, he might not even be stronger than an ascender.

The so-called essence energy suppression was actually because the Divine Realm's essence energy was not only thicker compared to the Lower Realms, it was purer compared to the Lower Realms' essence energy too.

Therefore, the martial artists cultivating in the Divine Realm, the essence energy within their bodies were many times purer compared to Lower Realms' martial artists!

Similarly, First Level Boundless Realm, the essence energy within Cheng Jiang's body was much purer than Old Huang's!

But how could Cheng Jiang have thought that what Ye Yuan cultivated was the Spirit Bristle Nine Yang Divine Art that caused a stir in the entire Divine Realm!

Even if Ye Yuan was cultivating in the Lower Realms, the essence energy he absorbed into his body was also refined and extracted through the Spirit Bristle Nine Yang Divine Art.

Compared to Cheng Jiang, Ye Yuan's essence energy was God knows how many times purer!

Therefore, him wanting to use essence energy to suppress and deal with Ye Yuan was simply a joke.

Ye Yuan arriving at the Divine Realm, although he was unable to jump realms and battle by a large margin like in the Lower Realms, dealing with a bottom-level soldier like Cheng Jiang was still achievable.

"No way, right? This . . . This brat is so strong!" on the platform, Old Huang exclaimed in shock.

Even though the youth did not speak, the expression on his face was exactly the same as Old Huang's.

When Cheng Jiang's big brother saw this scene, his face could not help revealing a look of astonishment.

These few years, Cheng Jiang had never dropped the ball before when taking action to deal with the lower realms' ascenders.

Didn't expect that today, he failed miserably in a very simple task.

"Boy, you're courting death!"

Cheng Jiang did not expect to actually have his face swept away by an ascender. He flew into a violent rage all at once and was about to step forward and make a move.

But he had yet to move and was stopped by Big Brother.

"Cheng Jiang, don't be rash!"

As he said, he came in front of Ye Yuan and bowed with his hands folded in front as he said, "Little Brother has such pure essence energy. This one is Yu Ming. I wonder what's Little Brother's name?"

Ye Yuan was not some impetuous person who just ascended. He knew the Divine Realm's matters like the palm of his own hand.

These two people were merely soldiers here to guard the ascension pool. They still had a powerful force behind them and could not be offended at all.

In the end, Ye Yuan was only an ascender now as well. His strength was too weak!

Earlier, making a move to deal with Cheng Jiang was also just taking him down a notch, and make them not casually knead him.

Since this Yu Ming had the intentions of getting friendly now, Ye Yuan was naturally happy to oblige.

"You flatter me. This one is Ye Yuan."

"So, it's Little Brother Ye. This brother of mine is too reckless when doing things. Just now, he offended you. But restraining ascenders is also where our brothers' duties lie. Little Brother Ye, please don't take offense."

Ye Yuan said with a smile, "Big Brother Yu is overly sensitive. This small matter, this Ye will not go to the extent of taking it to heart."

Yu Ming originally thought that since Ye Yuan was young and his strength was formidable too, he probably would not be too easygoing. Didn't expect that he was so astute.

Except, because of this, Yu Ming regarded Ye Yuan even more higher.

This boy was bound to be a major figure in the future.

At least, he would be an existence that them brothers needed to look up to.

Such a person, one either had to exterminate him immediately now or get on friendly terms in advance. At least, one could not offend too much.

"*Haha*, then that's good, then that's good! Little Brother Ye's essence energy is so pure. It's really not like a newly ascended martial artist!" Yu Ming said with a laugh.

"Big Brother Yu is too kind. It's just that the cultivation method that this Ye cultivates in is a little special. To really come to blows, I probably won't be Big Brother Yu's match." Ye Yuan said smilingly.

This Yu Ming's shrewdness was very deep, wanting to test Ye Yuan. But Ye Yuan yielded cleverly, lightly skating over this topic.

Furthermore, Ye Yuan only said that he was not Yu Ming's match. But he did not say that he was not Cheng Jiang's match.

Yu Ming was slightly apprehensive in his heart and also put away the thought of probing. With a big laugh, he said, "Little Brother Ye is too modest!"

Chapter 712: Merit Points

In comparison to the Lower Realms, the Divine Realm's space was more stable. The Heavenly Dao it contained was also more stacked and comprehensive.

Martial artists comprehending Heavenly Dao and concepts were a little easier relative to doing so in the Lower Realms.

Plus, the essence energy thickness was exceedingly high. Therefore, martial artists' overall strength was more than a level stronger than the Lower Realms.

Especially to martial artists who had just ascended, the Divine Realm's martial artists at the same rank would basically crush them.

But this sort of disparity would slowly become small along with the passing of time.

So much so that the Lower Realms' ascenders had even greater potential compared to the Divine Realm's native martial artists.

To be able to achieve the conditions for ascension under the Lower Realms' limitation, their talent in itself was absolutely a heaven defying-like existence.

After they arrived at the Divine Realm, once they get accustomed to it, regardless whether it was cultivation realm or concepts, a blowout-style eruption would occur.

It was just that, this sort of situation was in the minority. This is because after they arrived at the Divine Realm, they would not have the qualifications to go and cultivate at all.

To the vast majority of ascenders, the reality that they had to consider was still survival!

“Little Brother Ye’s talent surpasses others. However . . . since you’re an ascender, what should be said, Big Brother Yu still have to make it clear for you.” Yu Ming said.

Ye Yuan nodded and said, “Big Brother Yu just go ahead and say.”

Ye Yuan naturally knew that whichever force the lower realm belonged to, they would have to serve that force after ascending.

“The two of us brothers are serving Ancient Opulence City. Ancient Opulence City belongs to the Crimson Afterglow Holy Land. According to the Crimson Afterglow Holy Land’s rules, ascenders must serve the holy land for 50 years after ascending up from the lower realms. Or save up sufficient merit points and you can obtain freedom. Since Little Brother Ye ascended to my Ancient Opulence City, you’ll naturally have to serve my Ancient Opulence City. Of course, if Little Brother Ye’s performance in Ancient Opulence City is outstanding and strike the holy land’s fancy, it will be another opportunity. At that time, even Elder Brother, I, will have to look to Little Brother for support!”

When Yu Ming was talking, he observed Ye Yuan’s expression from time to time.

According to his thinking, with Ye Yuan’s pride, he would definitely blow his top when he heard this news.

But who knew that Ye Yuan’s face only revealed a ruminating expression, and he did not seem to be surprised about this situation.

Ye Yuan finished listening and said to Yu Ming with clasped hands, “It’s Little Brother’s first day here. In the future, I still need Big Brother Yu to give more help.”

Yu Ming hurriedly said that he dare not. “Big Brother, I, have also stayed for a few years in this Ancient Opulence City. Even though I’m not considered very formidable, I still have some connections in the city. If there are areas where I can come in handy for Little Brother Ye, feel free to open your mouth.”

Ye Yuan said with a smile, “Then I’ll have to trouble Big Brother Yu.”

.

Yu Ming led Ye Yuan’s group of four to a vast great hall in the city. A manager-looking elder received them.

“Steward Lu, these few have just ascended. We’ll have to trouble you to arrange identity tokens for them,” Yu Ming said.

Steward Lu swept a glance over Ye Yuan and co. A hint of disdain was revealed in his eyes. But he looked at Yu Ming again and said, “*Heh*, four ascenders came at once. You, this boy, must have hauled considerable good stuff again this time, right?”

But Yu Ming was not embarrassed. Pulling Steward Lu to one side, he secretly shoved him something.

“How can I forget Steward Lu when there’s good stuff? *Hehe*, this thing, you keep well,” Yu Ming said smilingly.

That Steward Lu had sharp-eyes. With one look, he discerned the good and bad of the stuff, and he was fully satisfied with this matter. Patting Yu Ming’s shoulder, he said, “It’s still you, this boy, who are sensible! If there are any good errands in the future, I won’t forget about you.”

But Yu Ming smiled and said, “Since that’s the case, then I’ll have to thank Steward Lu very much.”

The two people exchanged glances and smiled. Everything was conveyed without words.

This sort of thing like presenting Buddha with borrowed flowers, Yu Ming was never stingy.

Steward Lu had close relations with City Lord Manor, and his authority was exceptionally great. Yu Ming naturally had to build good relations with him.

Each time he sent ascenders here to collect identity tokens, he would always gift some small things to Steward Lu. Otherwise, the job of guarding the ascension pool also would not fall onto their heads.

Don’t look at Cheng Jiang grumbling back then. This job of guarding the ascension pool was really a cushy job. It was just a little dreary.

Not only were they able to extort ascenders a little, they even did not have risks to their lives, and also had large amounts of time to cultivate.

Such a job was not what everyone could get.

Steward Lu returned, directly throwing four identity tokens to Ye Yuan’s group of four and said rather impatiently, “Take the tokens and drip blood to let it acknowledge a master. This token, you guys safeguard it yourselves. If you lose it, it will be equivalent to losing your little lives. Take the tokens. You guys can go to the north of the city yourselves and report. There will be people arranging for you guys to mine ores.”

Talking until here, Steward Lu immediately shut his mouth and did not speak, as if finding it tiring to even say a word more.

But that Old Huang could not take it lying down when he heard. He shouted at the top of his voice, “Mine ores? Are you kidding?”

Steward Lu was the same as Yu Ming they all and was long used to this sort of attitude from the ascenders. He just said coolly, “I’m doing this for your own good. It’s fine if you don’t go too. Don’t blame me for not warning you, as long as the merit points inside your identity token persist in the state of ‘zero’ for ten days, there will naturally be people coming to erase you! My Ancient Opulence City doesn’t rear idle people.”

Old Huang's expression changed when he heard that. Clearly, he did not think that there was still such a thing.

He was a first-rate powerhouse in the Lower Realms, revered by all.

But arriving at the Divine Realm, he actually needed to do mining for ores, this sort of thing!

Old Huang thought it over and over again and was also unable to accept it.

Except, he also knew that he could not even beat two soldiers, let alone others.

Not mining for ores, there was only the path of awaiting death.

Steward Lu sneered coldly when he saw Old Huang's expression and said, "Good that you can weigh the consequences! Don't think of escaping. You'll wish you were dead. If you don't believe, you can very well give it a try."

"May I ask Steward Lu, how many merit points are we able to obtain by going to dig a day's ores? And how many merit points do we need if we wish to obtain freedom?" The youth who was silent the entire time suddenly opened his mouth to ask.

Along the way, Old Huang and the youth also chatted a couple of sentences with Ye Yuan. Everyone was already familiar with each other.

This youth's name was Su Cheng, age merely 50. Old Huang's full name was Huang Tao but was already 200 years old.

To be able to cultivate to the Boundless Realm using 50 years in the Lower Realms, this Su Cheng was also absolutely a gifted talent.

It was just that such a genius still could not escape the fate of mining ores.

Steward Lu shot Su Cheng a ruminating glance and said with a smile, "According to your productivity when mining ores, it varies from one to five merit points every day. To want to obtain freedom, the merit points required is . . . 100 thousand!"

Su Cheng and Huang Tao could not help drawing a cold breath when they heard that.

Digging a day's ores could only obtain five merit points at most!

Even if they calculated according to five merit points, for them to want to save up 100 thousand merit points, 50 years was not enough at all!

It could not be to the extent where they had to dig 50 years of ores, right?

Su Cheng had an impulse to cleave Steward Lu in half. He only used 50 over year's time to cultivate to ascension in the Lower Realms.

The moment he arrived at the Divine Realm, he had to dig 50 years of ores immediately. Who did he provoke?

But he could not fathom this Steward Lu's cultivation at all. At least, he could confirm that the other party was way more powerful than him.

If he made a move, it was equivalent to seeking death.

Unrivaled Medicine God

Chapter 713: Ye Yuan's Points Swiping Plan!

There weren't so many principles to be said under the heaven.

The martial artist world was cruel to begin with. This point was not abated in the Divine Realm but strengthened.

The lower realms' martial artists did not belong to any force at all, and their strengths were comparatively on the weaker-side too. They were naturally easy targets to be exploited.

To ascenders who did not know the inside story, they were filled with yearning towards the Divine Realm, thinking that this place was a beautiful world, a martial artist's paradise.

But only after they ascended did they discover that this was completely not the case.

Even the Divine Realm's native martial artists were also exploited by high-level martial artists.

To want to carve out a road, how could it be easy?

Martial artists able to cultivate to the peak in the Divine Realm needed greater willpower and even more outstanding talent.

Otherwise, they could only fade into the crowd.

"This . . . Could it be that apart from mining ores, there aren't other ways of obtaining merit points?" Huang Tao could not refrain from asking.

"*Heh*, there are, of course, there are. But do you think that you have the ability to get it?" Steward Lu said with a contemptuous look.

On this day today, Huang Tao was already beaten down countless times. But he still could not resist asking, "Steward Lu, pray tell!"

Steward Lu waved his hand and said, "Little Yu, these things, you tell them. This old man introduces these things all day long. So bothersome to death!"

Yu Ming acknowledged and said to Huang Tao, "Your statuses now are just the Ancient Opulence City's temporary residents. Only after you guys saved up a thousand merit points, will you have the qualifications to become the Ancient Opulence City's official residents. At that time, you all can get to be like us: becoming Ancient Opulence City's guards. Of course, you guys can still find other occupations. These occupations all have merit points as remuneration. They are naturally much better off than mining ores. If you guys wish to obtain merit points right now, then you can only take on missions. But I'm telling you, the mortality rate of missions is extremely high. Even we don't dare to easily take on missions. If it's you guys . . ."

The meaning of his words was that you all were too weak!

“Heh heh, Little Yu, why are you speaking so implicitly? Martial artists like you guys who just ascended, I’ve never seen those who take on missions come back before!” Steward Lu added a sentence by the side untimely.

When everyone heard, their hearts tightened.

Wasn’t this mortality rate a little too high?

Huang Tao’s temper deflated with this. Missions with 100% mortality, did he dare to receive?

Better mine ores obediently!

“Steward Lu, I wonder if there are missions that alchemists can take on?” the Ye Yuan who did not speak all along suddenly opened his mouth to ask.

Towards the Ancient Opulence City’s way of management, Ye Yuan was not surprised.

For a force to want to develop, they inevitably had to exploit the interests of the bottom-level martial artists, letting the strong become stronger from there!

But Ye Yuan also knew that statuses of alchemists in the Divine Realm were generally all very high. Since that was the case, why doesn’t he appear with an alchemist’s identity?

Steward Lu gave Ye Yuan a look rather surprisedly and said, *“You’re an alchemist?”*

“That’s right!”

Steward Lu shook his head slightly and said, *“It’s no use! You’re only Divine Traversing Realm and can’t refine Tier 6 medicinal pills too. Missions under Tier 6 all don’t have merit points!”*

Ye Yuan said with a smile, *“No worries. Even if I can’t refine out Tier 6 medicinal pills, I still have the ability to save people. Can I trouble Steward Lu to help me check a bit? This humble gift, just take it as an introductory gift that I’m giving Steward Lu.”*

Ye Yuan casually took out a Tier 6 spirit medicine, passing it in front of Steward Lu.

Steward Lu received the spirit medicine and said in surprise, *“Even though Tier 6 spirit medicines aren’t considered much in the Divine Realm, they are rare stuff in the Lower Realms!”*

Ye Yuan said smilingly, *“Junior also ran into one stalk by chance. Thinking that I can’t use it on myself for the time being either, might as well gift it to Senior as a favor.”*

This spirit medicine was not an Endless World’s item but extorted by Ye Yuan in the God Prohibited Demon Region.

Actually, he still had many spirit medicines on hand. But he obviously could not take them out. The logic of an innocent man getting into trouble because of his wealth, he still understood that.

In truth, Ye Yuan was able to refine Tier 6 medicinal pills now. But after entering the Divine Realm, Ye Yuan did not wish to overly expose himself.

Before his wings were plumped up, overly exposing himself would only draw a fatal disaster.

Although the Divine Realm's territory was vast, the Medicine King Hall was one of the Eight Great Super Holy Lands. Its power was immense. How powerful the strength of a super holy land was, ordinary martial artists were simply unable to comprehend.

If any rumors leaked into Ji Canglan's ears, then the losses outweigh the gains.

Even in the Divine Realm, those able to jump realms and refine medicinal pills were exceedingly rare too.

If he established his reputation up and aroused the attention of observant and conscientious people, that would not be good.

Ji Canglan was too familiar with him. If he let him see the medicinal pills he refined himself, he would definitely recognize it with a single glance!

One could say that after arriving at the Divine Realm, danger was all around!

This Steward Lu was not polite either, keeping the spirit medicine immediately.

"Heh, you, this boy, have discerning eyes. Forget it, I know that you're not reconciled to mining ores. Alchemists' missions, there naturally are. But if you can't complete them, don't blame this old man!" Steward Lu said.

Ye Yuan smiled and said, "Thank you very much, Steward Lu."

Regardless where one walked to, wounded people and sick people were ever present.

The ability of alchemists which was the most deeply rooted in people's hearts was refining pills. But refining pills could not fully-encompass an alchemist's everything.

As long as one was proficient in medicinal theory, low-level alchemists could similarly treat high-level martial artists.

If Ye Yuan, an exalted Alchemy Emperor, was reduced to digging ores, then he could really go hit his head and die.

Steward Lu took out a jade tablet and threw it to Ye Yuan, saying, "Boy, these are alchemist missions. The minimum is Tier 6. You have to look well. Don't blame for me not warning you, reaching beyond your grasp in the Divine Realm may lose you your life!"

Ye Yuan smiled and said, "Thank you very much for Steward Lu's reminder. Junior got it!"

As he said, Ye Yuan received the jade tablet and inserted his divine sense inside. A large bunch of missions imprinted inside Ye Yuan's brain.

Just as Steward Lu said, the vast majority of alchemist missions were all seeking pills. However, there were always some difficult and peculiar diseases which were not easy to treat and needed to seek out alchemists.

Ye Yuan swept over the missions, then returned the jade tablet to Steward Lu and said, "I've made a mark on the missions I want to take on. I'll have to trouble Steward Lu to help me take on the missions."

When Steward Lu heard Ye Yuan's word, he could not help being rather suspicious.

The meaning in Ye Yuan's words seemed like he took on more than one mission?

When he sunk his divine sense inside the jade tablet, his hands involuntarily trembled and he nearly threw the jade tablet out.

"You . . . Are you courting death?! Taking on so many missions in one go!" Steward Lu looked at Ye Yuan like he saw a ghost.

"Uh . . . is there anything inappropriate?" Ye Yuan said doubtfully.

"Y-Y-You . . . really are infuriating this old man to death! If not on account of the spirit medicine, this old man wouldn't even be bothered to care about you! Each time you take on a mission, City Lord Manor has to deduct 20% of the merit points. You took on so many missions in one go, but if you can't complete them, you will be directly obliterated by City Lord Manor!" Steward Lu had a manner like he expected better from him.

Only then did Ye Yuan come to a sudden realization. But he smiled and said, "Many thanks for Steward Lu's warning. However . . . these few missions are very simple. There's no harm."

Unrivaled Medicine God

Chapter 714: Gu Family Mission

"Simple? Boy, you're too naive! These few missions that you chose, there were already quite a number of high-rank Alchemy Ancestors who received them before in the city. But they all failed! Do you, a snotty brat who just ascended, really think that you're remarkable?" Steward Lu said huffily.

This boy's eyes were high above his head. Later when he suffered a huge loss, wanting to regret would be too late!

If he could not complete the missions within ten days, with Ye Yuan's current zero merit points state, he would have to be wiped out!

"Uh . . . Alchemy Ancestors is it?"

Alchemy ancestors were nothing in Ye Yuan's eyes!

Ye Yuan had an appearance like he had nothing to say. Steward Lu saw that this boy had clearly resolved his heart.

He suddenly put away his expression and said with a smile, "Heh, this old man only reminded you on account of the spirit medicine. Since you're seeking death yourself, then that's also up to you."

Ye Yuan said smilingly, "Thank you very much, Senior."

Steward Lu's expression darkened, and he snorted coldly.

Yu Ming did not speak all along by the side but took this scene fully into his eyes.

Originally, he thought that Ye Yuan was a Martial Path genius. Did not expect that he was actually still an alchemist!

Looking at Ye Yuan's brimming with confidence appearance, he at least had Alchemy Sovereign Realm strength too.

Just how did this boy cultivate?

Yu Ming's personality was more of having his bread buttered on both sides. He was very popular in this Ancient Opulence City and made quite a number of good friends.

Even this Steward Lu regarded him with special attention too.

It was just that even though Ye Yuan was formidable, he was still an ascender.

According to Yu Ming's thinking previously, Ye Yuan at least had to dig a few years of ores in the caves too.

Whether a worm or a dragon, it would be discernible after a period of time.

Who knew that Ye Yuan did not deign to dig ores at all and actually wanted to take on alchemist missions right away!

Yu Ming knew that not only did alchemist missions have low risk, but the rewards were also high. Compared to those missions that risked one's life for martial artists, alchemist missions practically did not have any risks.

At most, it was just having some merit points deducted by City Lord Manor.

Alchemists with ability all did not lack this bit of merit points.

But Ye Yuan was different. He was a complete and utter newbie who did not have any merit points at all. Moreover, Ye Yuan was at the very most just an Alchemy Sovereign. How would he complete Tier 6 and above missions?

If Ye Yuan was really seeking his own ruin, then forget it too. But if Ye Yuan really had this capability, then he would really have to make friends properly.

"Little Brother Ye, you've just arrived and don't know much about the situation in the city either. How about . . . this Yu be your guide?" Yu Ming came forward of his own accord to proffer.

But Yu Ming's words made Steward Lu reveal a surprised look.

Yu Ming's character, he was naturally aware. He was actually willing to be this punk's guide. Could it be that this boy really had some skills?

However, he thought through the link in this very quickly. Yu Ming definitely saw that this boy was insanely wild, so he wanted to stake on him.

Hence, he darted Ye Yuan a disdainful glance.

Let them toss about with it then. Either way, what should be said, was already all said.

Regarding Yu Ming's volunteering of his services, Ye Yuan naturally would not refuse. He was really oblivious to the situation in this Ancient Opulence City. Having a local snake as a guide was still pretty decent.

“Then I’ll have to trouble Big Brother Yu.” Ye Yuan said with a smile.

“*Haha*, us brothers feel like old friends at the first meeting. What does this little bit of thing count as? Cheng Jiang, you return to the ascension pool first. I’ll accompany Little Brother Ye to walk one round,” Yu Ming instructed.

Along the way, Cheng Jiang was very dubious regarding Yu Ming’s actions.

Moreover, he did not believe that Ye Yuan was able to complete these alchemist missions at all.

What a joke. Could an alchemist who did not even have a badge be trusted?

But between him and Yu Ming, it was always Yu Ming leading. Seeing Yu Ming instructed him, he took the initiative to leave as well.

As for Huang Tao and Su Cheng, they were naturally very curious too. But they did not have the time to idle away here. They could only resign themselves to fate and report to the mines.

.....

Gu Family, one of Ancient Opulence City’s three great aristocratic families.

Among the missions Ye Yuan took on, there was one issued by the Gu Family.

This mission’s merit points was the highest among all of the missions; it was a full 500 merit points!

If it were digging ores, one would have to dig for a full 100 days!

Merit points were extremely precious in Ancient Opulence City. Even one merit point was also not that easy to obtain.

Along the way, Ye Yuan listened to Yu Ming’s explanation, and he also had some sort of benchmark in his heart.

One should not think that mining ores were simple labor. Wanting to get five merit points every day, that was virtually something impossible.

Unless one’s luck was heaven-defying and dug up very high quality earth essence crystals, only then could one obtain five points.

Under majority of the circumstances, there were only two to three merit points.

To martial artists who had just ascended, mining ores were practically the only method to obtain merit points.

500 merit points, even to a local snake like Yu Ming, it was a huge sum of wealth too.

Due to the Divine Realm’s essence energy being thick, the quality of essence crystals was much higher compared to the Lower Realms’ high-grade essence crystals.

One piece of earth essence crystal was equivalent to a thousand pieces of high-grade essence crystals!

Ordinary essence crystals were mere trash in the Divine Realm.

“*Mm?* Isn’t this Younger Brother Yu? Why are you free today to come and find Elder Brother, me, to drink wine?”

Ye Yuan and Yu Ming had just arrived outside the Gu Family’s entrance when a manager-looking middle-aged man walked out and started greeting Yu Ming immediately.

“*Heh*, where is Big Brother Gu Hong going?” Yu Ming greeted with a smile, looking very close to the other party.

“*Sigh*, Younger Brother, if you came to find Elder Brother to drink wine, it would have to change to another day! Family Head made me go to Steward Lu there to cancel that mission issued there previously. Recently, there are always some ragtag alchemists, overestimating their own ability and taking on the Gu Family’s missions. In the end, they all did not live up to their name, infuriating Family Head badly!” Gu Hong said powerlessly.

When Yu Ming heard, his expression could not help becoming awkward, as if Gu Hong was talking about him.

Gu Hong was a sharp person as well. As soon as he saw Yu Ming’s expression, he could not help inquiring curiously, “What? Looking at your appearance, could it be that you’re here for this mission? *Heh*, since when did Younger Brother, your capability grows, to actually become an alchemist?”

But as he was talking, Gu Hong’s countenance changed.

Yu Ming knew that he could not conceal it and could only say, “Not that this Little Brother took it on, but this Little Brother Ye received it. But I feel that Little Brother Ye has some capability. Why not . . . let him give a try?”

Actually, Yu Ming did not have any confidence in his heart too. After all, Ye Yuan’s cultivation realm was placed there.

He also did not expect that the Gu Family’s current attitude towards the people who took on these missions was actually like this.

If he knew it long ago, he would not have intentionally gotten involved in a messy situation.

The Gu Family was one of Ancient Opulence City’s three great aristocratic families; it was an existence whose strength was second only to City Lord Manor.

If he offended the Gu Family, they could pinch a nobody like him to death with one hand.

One should not look at him addressing this Gu Hong as brothers. Gu Hong’s status was god knows how many times higher than him.

To be able to climb up Gu Hong this line, Yu Ming expended a very high price too.

But if Yu Ming offended the Gu Family, Gu Hong would definitely deal with him without any courtesy.

A large family clan’s face tolerated no profaning!

Originally thinking that Gu Hong would give him some meager consideration for his face, who knew that the moment he heard, his expression immediately fell. “Younger Brother Yu, you’re making it hard for

me here! This mission of our family, aren't you still clear? Several high-rank Alchemy Ancestors in the city were all at their wit's end. Even if those who took on the mission were rookies, they were at least Alchemy Ancestor powerhouses too. This brat doesn't even have a badge. Here to fish in muddied waters at a glance, right?"

Unrivaled Medicine God

Chapter 715: Jun Tianyu

Gu Hong's words were not the least bit courteous, not giving Ye Yuan any face at all in the slightest.

Saying such words in front of others was not just beating down on people, it was also very disrespectful of people.

Except, Gu Hong, as the Gu Family's head-steward, he had the strength and power to not respect people.

Just a puny little Divine Traversing Realm. He did not regard him with any importance at all.

"This . . ." Yu Ming was put on a spot there, very awkward.

"Younger Brother Yu, don't blame Elder Brother for not giving you face, it's seriously that this boy is too unreliable! You didn't think about it thoroughly. Can a Divine Traversing Realm brat treat Eldest Miss's illness? It still easy for things to be settled through discussion with me, but if you were to get on Family Head's nerves, you know the consequences!" Gu Hong said without sparing any consideration for his face.

Yu Ming could not help being startled when he heard that. It was just taking on a mission. He also did not think that it would actually be like this.

He looked at Gu Hong and glanced at Ye Yuan again, and noticed that Ye Yuan had an indifferent appearance as if he thought nothing of Gu Hong's attitude.

Could it be that Ye Yuan really had the confidence to succeed?

Yu Ming could not help recalling Ye Yuan's appearance when he had just ascended. Seemed like it was this expression as well.

At that time, Yu Ming also thought that Ye Yuan would crumble with one hit. Who knew that Cheng Jiang himself was forced to submit.

If Ye Yuan's alchemy skills were really so incredible, he was bound to be able to become a major figure that would cause a sensation in Ancient Opulence City in the future.

It was just that the Gu Family's Eldest Miss's illness, Yu Ming was aware about it. So many Alchemy Ancestor powerhouses were all at a loss on what to do. Could Ye Yuan do it?

If he enraged the Gu Family's Family Head, this consequence . . .

To gamble or not?

“Elder Brother, let him try it! This little brother of mine is an Alchemy Path divine physician. Perhaps he can really do it? If there’s any problem, this Yu will shoulder it!” Yu Ming said this sentence at the behest of supernatural powers.

Ye Yuan gave Yu Ming a glance rather surprisedly but still did not make a sound.

“*Haha*, you shoulder it? Can you shoulder it? *Oh*, Little Yu, I didn’t think that you can be very cocky just because of me normally calling you as my younger brother. Once Family Head is enraged, even I can’t bear it. On what basis can you shoulder it? A snotty brat who doesn’t even have an alchemist badge, still Alchemy Path divine physician, drop it!” Gu Hong beat down without any consideration for feelings.

“You! Elder Brother’s words are a bit too insulting!” Yu Ming was angered until his face turned green.

Normally, he did not show a lack of ‘filial piety’ to Gu Hong. Who knew that this fellow was actually an ingrate. Not only was he of no use in a pinch, the words he said were even so infuriating.

“*Heh*, this is insulting? *Oh*, Little Yu, normally, I see that you’re quite an astute guy. Why are you pretending to be muddleheaded today? Calling you as my younger brother is on account of you being sensible. Do you really think that . . . you’re on equal footing with me?” Gu Hong’s tone gradually became cold, shocking Yu Ming.

Although Gu Hong was a servant, he was the Gu Family’s Head Steward. His authority was extremely great.

To really deal with a nobody like Yu Ming, that was too easy.

Right at this time, he suddenly felt someone pat his shoulder twice from behind. Turning his head around, it was actually Ye Yuan.

Ye Yuan looked at him and said with a faint smile, “Big Brother Yu, let’s go. The humiliation that he gave you today, you’ll return to him tenfold another day!”

Gu Hong had never looked Ye Yuan right in the eye all along. Hearing Ye Yuan ‘talk wild drive!’ at this time, he burst into laughter and said, “Punk, not scared of the wind spraining your tongue when talking big?! In this Ancient Opulence City, people able to humiliate me, Gu Hong, there really are! However, that person definitely isn’t you!”

“Not me. It’s him.” Ye Yuan used his finger to point at Yu Ming.

Finished talking, Ye Yuan turned right around and left. Yu Ming’s expression flickered incessantly, gritted his teeth, and left with Ye Yuan.

While Gu Hong looked at Ye Yuan’s back view with a somber face and said with a cold sneer, “*Heh*, a punk who came from who knows where. Absurdly arrogant! To dare talk this way to this old man, really tired of living!”

.

“Brother Ye, what should we do now?” Yu Ming caught up to Ye Yuan and asked.

Ye Yuan smiled and said, "Looks like I thought too simply of the matter! Since the Gu Family has this attitude, then let's start from simple missions."

"Uh . . . Which mission is simpler?"

Yu Ming knew that Ye Yuan took on seven to eight missions in one breath. He already knew the contents of these missions.

In his view, it seemed like not a single one was completed!

There were many alchemist missions. But there were quite a number of Alchemy Ancestors in the city. So missions that could be completed were definitely all completed already.

The remainder were basically all missions that these Alchemy Ancestors were unable to complete.

Missions like this, which one was easy?

Ye Yuan pondered for a moment and said, "This one!"

Yu Ming brought Ye Yuan to a residence east of the city anxious and doubtfully. The residence was not large, but it was very exquisite.

In Ancient Opulence City, to be able to own such a residence, their strength absolutely brooked no slighting.

"May I ask if Lord Jun Tianyu is there? We're here for the mission that you issued!"

Yu Ming felt that his throat was somewhat parched. Because this Jun Tianyu was Ancient Opulence City's number one swordsman, a Heaven Enlightenment Realm powerhouse!

This Jun Tianyu was Ancient Opulence City's legend. Even City Lord, His Excellency, showed him some courtesy too.

Such a major figure, just stomping his feet could make the Ancient Opulence City tremble.

"The door isn't locked. Enter yourselves," a middle-aged man's voice came over, seeming rather worn out.

When Ye Yuan heard that, he pushed the door directly and entered.

Yu Ming thought about it and followed inside too.

Ye Yuan passed through the main hall and directly entered the rear-manor. Lightly pushing open the door, a man in white garment was currently sitting by the bedside with a haggard face.

Although it was unintentional, the aura on the man's body was incomparably powerful!

This man was clearly Jun Tianyu.

A woman lied on the bed. The woman was gaunt and thin and already on her deathbed.

Seeing Ye Yuan duo enter, the man's brows could not help knitting slightly as he said unhappily, "Divine Traversing Realm? You're the one who took on the mission?"

Yu Ming was wearing the City Lord Manor's attire on him. Evidently, it was impossible to take on the mission. Then there was only this Divine Traversing Realm boy.

"Feeble breathing, divine soul dim; there are signs of her days being numbered. If Senior Jun has time to doubt if this Ye has the ability, better to let me diagnose first," Ye Yuan said coolly.

Jun Tianyu's body could not help shuddering slightly when he heard that, and he said, "Boy, don't play games with me. Otherwise, you'll die very horribly!"

These words were said with seething killing intent. But by the side, Yu Ming was quaking in his boots.

Don't look at Jun Tianyu's refined and elegant appearance. He made a name for himself through massacre.

Even though he already had not displayed his skills in front of people for some years, nobody thought that he was a harmless chap.

Indeed, the missions which Ye Yuan took on, not one was easy to deal with!

Thinking up to here, Yu Ming could not help breaking into a sweat with fright for Ye Yuan secretly. Of course, he also broke into cold sweat for his own life.

Ye Yuan sat by the bedside and started to read that woman's pulse. Very soon, Ye Yuan's brows started to furrow.

Jun Tianyu was already irritated to begin with. Seeing this scene, he could not help sneering in his heart.

Ye Yuan's expression was exactly the same as the people who came in the past. Evidently, at a loss on what to do again.

The flames of fury in his heart currently had nowhere to vent, but there were those who did not fear death coming to deliver themselves to his house!

"I wonder, how many women does Senior Jun have?" Ye Yuan suddenly asked a sentence without rhyme or reason.

[Unrivaled Medicine God](#)

Chapter 716: Soul Miring Nightmare Curse

The moment these words came out, the temperature in the house instantly fell several degrees.

Yu Ming was taken aback and hurriedly pulled Ye Yuan and said softly, "My Little Ancestor, don't speak nonsense! Lord Jun was enraged to the extreme for a woman back then, killing until Ancient Opulence City was turned upside down, directly annihilating a large family clan! And that woman is precisely this one before your eyes!"

The sweat beads on Yu Ming were already dripping. Ye Yuan was simply touching the sore spot!

Jun Tianyu had two things he was most famed for in Ancient Opulence City. The first was that he killed people without batting an eye. And the second was his infatuation.

The meaning of Ye Yuan's words earlier was saying that Jun Tianyu was fickle in love!

Wasn't it deadly?

"Young man, are you here to intentionally make fun of this venerable? If that's really the case, then your goal is achieved!" Jun Tianyu said icily.

Jun Tianyu was Ancient Opulence City's illustrious Heaven Enlightenment Realm powerhouse. Killing these two in front of him was also something with a wave of his hand.

But Ye Yuan was seemingly oblivious as he said, "Don't have *huh* . . . Then that's odd. Which woman has such a huge enmity with you, to actually want to make you die with deep regrets even by throwing away her own life."

Jun Tianyu's eyebrows raised up, and he asked, "En? What's the meaning of your words?"

Ye Yuan said, "Madam Jun is inflicted with the Soul Miring Nightmare Curse. The caster curses the person they love to grow old and die alone with never entering samsara as the price! This sort of curse is exceedingly vicious. Furthermore, it's a typical example of harming others without benefits. Under normal circumstances, those who cast this skill are all women who can't obtain the person they love, giving birth to hatred as a result of love. Only then would they not stint to betray their own divine soul as the price and also had to make the other party not obtain true love."

Jun Tianyu was shocked in his heart when he heard that. That imposing momentum earlier immediately vanished away into nothing.

"This . . . Do you have a basis on saying this?" Jun Tianyu asked.

"When Madam Jun's illness just started, did she have nightmares every single day? Normally, she has no appetite for food, is listless, and seemingly unable to raise her spirits towards anything?" Ye Yuan asked.

With this, Jun Tianyu's expression suddenly changed and he nodded his head and said, "That's right, it's precisely so! At first, Yiru didn't pay attention to this. Who knew that the situation became increasingly serious. In the end, it got completely out of hand!"

"That's right then! After this skill is cast, it will not show effect immediately but will incubate for around five to seven years. But once it erupts, it will be like floodwaters and fierce beasts, going out of control! Within a year, the person inflicted with the curse will be tormented by the divine soul to death! If my conjectures are correct, a significant event should have happened to Senior Jun six to seven years ago," Ye Yuan said coolly.

Jun Tianyu had yet to speak when Yu Ming jumped up all at once. "Ah! Seven years ago, wasn't it the day Senior Jun went on a killing spree, exterminating the Tao Family?"

Jun Tianyu's expression changed drastically, and he fell back several steps in a row. He muttered under his breath, "This . . . This . . . No way, right? Could it be her?"

Jun Tianyu had an appearance like he was battered out of his sense. Clearly, Ye Yuan hit all of it on the mark!

It was just that Ye Yuan was somewhat doubtful. Looking at Jun Tianyu's appearance, he did not look like those people who went around womanizing. Why would someone use this kind of method to deal with him?

“Looks like that legend is true!” Yu Ming also murmured.

Ye Yuan had a puzzled look and asked, “What legend?”

Yu Ming looked deeply at Ye Yuan, thinking to himself that this fellow was simply divine. Clearly, a martial artist who just ascended and he actually uttered over half of the sequence of events like he saw it with his own eyes by diagnosing a pulse.

But seeing Ye Yuan inquired, Yu Ming still said, “Ancient Opulence City originally didn’t have three great aristocratic families but four great aristocratic families. Lord Jun’s relationship with the Tao Family of the four great aristocratic families wasn’t bad. I heard that the Tao Family’s Eldest Miss was deeply in love with him. It’s just that no idea why, but Lord Jun’s relationship with the Tao Family deteriorated. The Tao Family even captured Lord Jun’s beloved wife away. Lord Jun husband and wife were very much in love, and he actually carried a sword and slaughtered his way to the Tao Family, overwhelmingly cutting down the Tao Family’s three Heaven Enlightenment Realm powerhouses! Ever since then, the Tao Family utterly declined, and the four great aristocratic families became three great aristocratic families. I heard that the Tao Family’s Eldest Miss died suddenly half a month later. Looking at it now . . .”

At this time, how could Yu Ming still doubt Ye Yuan’s ability?

This mission, Jun Tianyu had already advertised it for nearly half a year’s time. There were no less than five Alchemy Ancestor powerhouses who took on the mission successively, but they all returned in defeat.

The moment Ye Yuan made a move, he diagnosed the ins and outs of the matter clearly.

Such skill simply made those so-called Alchemy Ancestor powerhouses perspire from shame!

Rather, Ye Yuan also sighed unceasingly after listening to this story.

Even though Yu Ming did not know the details in it, some conjectures, the public probably knew long ago. It was just that due to Jun Tianyu’s domineeringness, Yu Ming did not dare to say explicitly.

Very clearly, Jun Tianyu discarded the Tao Family’s Eldest Miss after playing with her. In the end, it even made a major family clan decline. It was also no wonder that she wanted to use such a vicious curse.

Right at this time, a long sigh sounded out.

Jun Tianyu sighed and said, “The matter isn’t like what you all think! I only have familial affection towards Tao Queqiang and never had improper thoughts before! Nine years ago, she confessed to me. I rejected her on the spot. I was afraid that she would overthink, so I left to travel. It was also during that journey that I got acquainted with Yiru. From the first time I laid eyes on her, I fell completely in love with her and swore to spend all my life with her. After we got married, we became tired of a wandering life and returned to Ancient Opulence City to settle down. Who could have thought . . .”

Hearing this story, Ye Yuan immediately understood in his heart.

Turns out that it was an unrequited love, finally developing into a tragedy of mutual love and killing.

Presumably, it was that Tao Family who went overboard. Otherwise, they would also not have thoroughly infuriated Jun Tianyu this killing god.

It was just that the Tao Family's Eldest Miss was truly a bit too willful and resolute. Jun Tianyu not taking a fancy to her had its reasons too.

"Master, I beg you to save Yiru! As long as you can save her, I can agree to any conditions! I originally thought that I can give Yiru happiness. Who knew that what I gave her was all pain!" Jun Tianyu had tears in his eyes, grabbing hold of Ye Yuan's arm as he said agitatedly.

Unknowingly, Jun Tianyu even used 'Master,' this form of address.

By the side, Yu Ming was dazed from watching long ago!

He did not expect that the Jun Tianyu who killed people without batting an eye actually had such a soft and weak side too.

He also did not think that Ye Yuan's Medicinal Dao was actually so superb, to actually be able to let the killing god-like Jun Tianyu beg with tears in his eyes.

At this moment, Yu Ming finally knew where the confidence of Ye Yuan saying that sentence to Gu Hong previously lie!

Thinking up to here, he unwittingly started to somewhat faintly look forward to it.

Looks like this wager was really gambled correct!

Ye Yuan smiled and said, "Senior Jun husband and wife are deeply in love. How can this Ye bear to watch you guys be separated by life and death?"

Jun Tianyu trembled and said, "Master really has a way? Whatever instructions there are, Master feels free to say. Even if it's a mountain of swords and a sea of fire, this Jun will also force my way in!"

"*Huhu*, Senior Jun is too serious. But this Soul Miring Nightmare Curse is indeed a little troublesome. I really do need to trouble Senior Jun to prepare some things," Ye Yuan said with a smile.

[Unrivaled Medicine God](#)

Chapter 717: Favor

"Quickly say, what do you need to prepare?" Jun Tianyu said agitatedly.

Ye Yuan casually took out a blank jade slip and engraved some names inside. Handing it to Jun Tianyu, he said, "These Tier 6 medicinal herbs are all necessary items. Additionally, I still require a kind of core medicine named Cleansing Water Flower. It might not be too easy to find."

"Cleansing Water Flower? It's really a coincidence! The last time I invited Master Yi Dan over, he used a medicinal pill refined using Cleansing Water Flower. But sadly, it didn't have any effect on Yiru at all. I'll go and find him and ask if he still has Cleansing Water Flowers there or not! This brother, I'll have to trouble you to make a trip to Golden Cauldron Tower and help me buy these medicinal herbs back. Rest assured, the merit points spent, I'll return to you double."

Jun Tianyu's latter half of the sentence was said to Yu Ming.

Yu Ming hurriedly said, "Dare not, dare not. To serve Lord Jun, it's this lowly one's honor!"

Before today, Yu Ming never would have dreamed that a major figure like Jun Tianyu would actually address him with great familiarity!

To an unimportant person like him, this was an immense honor.

Compared to this, what did running an errand count as?

Yu Ming received the jade slip from Ye Yuan's hands and took his leave right away.

"Master Ye, I'll go make a trip. My wife will have to trouble you to take care," Jun Tianyu said.

Ye Yuan said, "Senior Jun just go ahead. Just nice, I'll make use of this bit of time to carry out a set of acupuncture therapy for Madam Jun. She's too weak and needs to recover some vitality."

Jun Tianyu was overjoyed when he heard that and said, "Then I'll have to trouble master!"

Finished talking, Jun Tianyu's figure flashed, vanishing from sight directly.

Ye Yuan sighed emotionally and said, "This Jun Tianyu's sword intent runs unobstructed. He has probably touched the threshold of supreme true intent already. In the future, he's bound to be another shocking figure."

Ye Yuan himself cultivated in the sword too. He was extremely sensitive to sword intent. The height of Jun Tianyu's concepts, it was likely rare for him to have opponents in this Ancient Opulence City!

.....

Gu Family, Gu Hong had already rescinded the mission long ago and returned to the family clan.

At this time, a Gu Family's guest retainer was standing in front of him as he said respectfully, "Steward Gu, already investigated clearly. That brat Yu Ming brought over is called Ye Yuan, a lower realm martial artist who just ascended today. He wasn't willing to go to the north of the city to dig ores, so he drew seven to eight alchemist missions at Steward Lu's place."

Gu Hong could not help being stunned when he heard and asked somewhat disbelievingly, "What did you say? Just ascended today? You're sure that there isn't a mistake?"

That guest retainer nodded and said, "I won't be wrong. Each ascender has records at the ascension pool. This subordinate got people to go and examine the name list of the ascenders today. Among them had Ye Yuan's name."

Gu Hong could not help laughing when he heard that and said, "I was thinking which tom, dick, and harry it was. After a long time, I found out it's just someone who ascended today! This blowing of the trumpet nearly blew a hole in this sky!"

The guest retainer also laughed when he heard and said, "This boy indeed doesn't know the immensity of heaven and earth! Our Ancient Opulence City's ascenders, other than those mining for ores, there has never been people who survived past ten days before. This punk dared to take on Tier 6 missions right when he arrived. This is simply courting death."

Gu Hong shook his head and laughed as he said, "*Huhu*, I also don't know what kind of magic potion he got that punk Yu Ming to drink. To actually even want to let that boy come and treat Eldest Miss's

illness! Fortunately, this old man was smart. Otherwise, Family Head would have to fly into a rage! Forget it, forget it, let that punk go and mess around. When he gets eradicated by the City Lord Manor, see how Yu Ming that punk comes in front of me and fall on his knees begging!”

The guest retainer was just about to leave but was stopped by Gu Hong again. “*Oh*, right, that punk met with a rebuff here at my place. Where did he go after?”

The guest retainer replied, “The two of them went to Lord Jun Tianyu’s place. Afterward, Yu Ming went to the Golden Cauldron Tower.”

Gu Hong was stunned again and laughed in spite of himself as he said, “That punk is really an ignorant person having no fear, to actually dare go to Lord Jun there. Initially still thinking of making a move to deal with him. Looking at it now, don’t need us to make a move and Lord Jun will take his life!”

.

In just two hours, Jun Tianyu brought the Cleansing Water Flower back.

The moment he entered the house, his entire person was like struck by a thunderbolt.

His wife, Liu Yiru was currently reclined on the bed. The originally pale face actually had an additional trace of rosiness.

She was already unconscious for over a month. Jun Tianyu did not think that he was only gone for this short while and his wife had the strength to sit up.

“Tian . . . Tianyu!”

Even though she sat up, Liu Yiru was still very weak. But at this time, she struggled, wanting to get up.

“Don’t move!” Jun Tianyu came right to the bedside with a flash and supported Liu Yiru.

“You . . . How are you feeling?” Jun Tianyu said rather anxiously, worried that he would lose her.

“S-Still alright,” Liu Yiru forced a smile and said.

But Ye Yuan at one side shook his head and sighed when he saw the situation and said, “Alright, don’t forcefully keep it up anymore. She just regained consciousness. Her body is still very weak. Don’t talk too much with her. The days to come are still long, no rush for this short while.”

Jun Tianyu’s old face reddened and he hurriedly laid Liu Yiru down. Then he said to Ye Yuan gratefully, “Many thanks, Master!”

“*Huhu*, it’s still too earlier to thank me. Wait until Madam Jun recovers then thanking me isn’t late. Oh, right, is the Cleansing Water Flower brought back?” Ye Yuan said with a smile.

Jun Tianyu hurriedly took out the Cleansing Water Flower from his storage ring and passed it to Ye Yuan, saying, “Luckily, Master Yi Dan still had two stalks remaining there. No idea if it’s enough or not.”

Ye Yuan received the Cleansing Water Flower and said, “The quality is a little poor. But it’s barely enough to use.”

Before long, Yu Ming brought a large pile of Tier 6 spirit medicines and returned to Jun Tianyu's manor. Ye Yuan did not talk rubbish either. Deploying the Cleansing Water Flower, he started to simmer a decoction of medicinal soup.

A short while later, Ye Yuan carried a bowl of medicinal soup, came before Jun Tianyu, and said, "This medicinal soup's name is called Soul Cleansing Soup. It's most useful towards dispelling some curses directed at the divine soul. But even this one bowl isn't enough and is unable to eliminate thoroughly. I've already portioned all of the medicinal herbs. Remember to let Madam Jun drink three times daily. After five days, she'll definitely recover fully!"

Jun Tianyu hurriedly carried the Soul Cleansing Soup and fed Liu Yiru to drink before saying agitatedly, "Master Ye is truly an immortal! This Jun really doesn't know how to thank. I wonder if Master Ye has any needs. As long as this Jun can accomplish it, just say what's on your mind!"

Ye Yuan said, "Senior Jun don't have to be so courteous. You issued the mission, I received the mission. After completing, there will naturally be a reward! After Madam Jun is completely recovered, you and I will be square."

This was also Ye Yuan's unswerving rule: only taking agreed upon consultation fees and never taking the slightest bit more.

It was just that to Jun Tianyu, what did a mere few hundred merit points count as?

"Master Ye's words are not proper! To this Jun, even if I use all of my assets to exchange for Yiru's life, I won't furrow my brows at all too! A measly 500 merit points is seriously unable to express my feelings of gratitude!" Jun Tianyu said.

"*Heh*, Senior Jun is someone who values sentiments greatly. But my rule is that I never overcharge consultation fees too! If Senior Jun feels somewhat indebted, just take it as owing this Ye a favor then. When this Ye needs it, I'll naturally come to find Senior Jun," Ye Yuan said coolly.

Chapter 718: Hiring Murderer to Kill People

"What?! You said that that Ye Yuan and Yu Ming came out from Lord Jun's place safely?" Gu Hong nearly jumped up when he heard this news.

"Yes. Lord Jun's might is immensely formidable. Subordinate dare not draw near. But this subordinate has inquired. Somebody saw Lord Jun personally send Ye Yuan to the entrance!"

From the guest retainer's tone, one could also perceive that he was extremely shocked by this news as well.

This time, Gu Hong finally could not be calm. He paced around in the room, seemingly very anxious.

"Where did they go afterward?" Gu Hong suddenly stopped and asked.

The guest retainer said, "They went to the Sun Family! I've already sent people to keep an eye on the Sun Family. Once there are any movements, we'll immediately receive news."

Gu Hong's expression flickered incessantly. Clearly, this news was too unexpected for him, catching him somewhat off-guard.

"Could it be that this punk called Ye Yuan is really capable? But he's only Divine Traversing Realm. How is this possible?" Gu Hong frowned and said.

"Steward Gu, what should we do for our next step?"

Gu Hong thought about it and said, "Go keep an eye on the Sun Family. When they come out, immediately fish for information! That Sun Family's illness is also a troublesome one. If he really has the ability to treat, then you . . . en?"

Gu Hong did a palm-slicing-downwards gesture, his gaze revealing a murderous gleam. He was actually going to kill them to silence their mouths.

.....

The Sun Family was also a large family clan in the Ancient Opulence City. But it was a level weaker compared to the Gu Family.

In front of the Su Family's gates, a middle-aged man in fine-clothing sent Ye Yuan, White Light, and Yu Ming trio to the entrance.

"Benefactor, better stay behind and have a simple meal. Let this Sun express my feelings of gratitude!" the middle-aged man in fine-clothing said with a thankful face.

Ye Yuan smiled and said, "There will be time for that. Better for it to be next time. This Ye took on quite a few missions and still has to go and do them one family by one family."

"This . . . Alright then. Then this Sun won't keep Benefactor behind! Even though my Sun Family isn't the three great aristocratic families, I still have some power in this Ancient Opulence City. If Benefactor has any needs, feel free to speak your mind freely!" said the Sun Family's Family head said.

"In this case, then thank you very much, Sun Family Head."

Finished talking, Ye Yuan bid farewell and left.

By the side, Yu Ming had waves surging endlessly in his heart long ago already. It was just that in front of the Sun Family's family head, it was unbecoming to show it.

He hung around in this Ancient Opulence City for so many years and had always been very cautious, fearful of offending bigwigs.

When had he ever been like today? Even Lord Jun and Sun Family's Family Head, Sun Maosheng, were most respectful towards him, addressing him with great familiarity?

Following by Ye Yuan's side made him have a feeling of being in high and vigorous spirits, walking with his head held high!

This sort of feeling was seriously too awesome!

"Heh, Brother Ye is simply godlike! Whatever kind of complicated or rare illnesses, reaching Brother Ye's hands, they were all resolved without extra trouble! These families' missions are all famous in the entire Ancient Opulence City. But not a single person was able to resolve them. But once Brother Ye took action, everything was resolved!" The moment they left the Sun Family, Yu Ming said with an excited look.

"This is called impressive? This is merely just so-so! What you saw is but the tip of the iceberg!" White Light said very disdainfully.

Yu Ming did not know that White Light knew Ye Yuan had the ability to cross realms and refine medicinal pills.

These illnesses actually did not need to be so troublesome. One medicinal pill could fix it. It was just that Ye Yuan did not wish to expose too many things, that was why he used such troublesome methods.

Being rebutted by White Light, not only was Yu Ming not unhappy, he nodded his head repeatedly instead and said, "Yes, yes, yes, Brother Ye's methods are absolutely master-level. Old Yu, I, have no way of imagining at all!"

Unknowingly, a change also happened to Yu Ming's form of address towards Ye Yuan. Evidently, his attitude towards Ye Yuan had a transformation happening too.

Originally, he was emotionally invested on Ye Yuan, with a long-term view.

But in one day, he discovered to his surprise that he did not need to wait until long-term at all!

"Alright, stop talking aimlessly. The next one . . . go to the city guards' main camp then." Ye Yuan said.

"Ah? C-City guards main camp?" The moment Yu Ming heard, even his speech became stammers.

"Look at you! Following my big brother, what are you afraid of? Could it be that they will eat you?" White Light said crossly.

"Uh . . . You got a point there, but . . ."

"What are you being long-winded for? Are you going or not?"

"Going! Why won't I go?" Yu Ming made up his mind and said.

Yu Ming belonged to the city guards and was even considered a small officer. Except, he got along better in the city, that was why he could go and guard the ascension pool.

But entering the main camp, all he would see would be his superiors. How could the fear accumulated for many years be that easy to get rid of?

The three people came to the city guards' main camp. Immediately, there was a soldier stopping the trio.

"Halt! What are you here for?"

Yu Ming hastily went forward to explain. Then handed over Ye Yuan's identity token before that soldier let them passed.

The mission Ye Yuan received, it was all displayed in the identity token. The soldier would know the moment he looked and naturally would not be mistaken.

That soldier was just about to lead the three people inside. But after just a few steps, they bumped into a middle-aged army officer.

“Why are you bringing strangers into the main camp?”

That soldier hurriedly saluted and explained the situation.

After middle-aged army officer heard, he said, “*Oh*, like that huh. Just nice, I’m going to Lord Head Commander there to report completion on a task. You go back first then. I’ll bring them over.”

That soldier was somewhat hesitant. “This . . .”

“Relax. With me around, nobody will make things difficult for you,” that middle-aged army officer said.

“Yes, General Song Pan!”

After the soldier left, Song Pan led the three people and walked towards the depths of the main camp.

As he walked, Song Pan asked Ye Yuan curiously, “Really have some guts. A puny little Divine Traversing Realm actually dares to take on Lord Head Commander’s missions! His old problem has been there over a decade already. To this day, no one was able to treat it. Where did your confidence come from?”

Ye Yuan said, “Nobody treated it, was naturally them being incapable. Since I dare to come, I naturally have assurance.”

“*Haha*, Lord Head Commander’s mission, I know a little bit. Seems like each one came brimming with confidence, but in the end, they were all chased out by Lord Head Commander with a flurry of sticks. I’m afraid that your small body can’t take the beating!” Song Pan said with a mocking laugh.

Ye Yuan looked at him but did not say anything. This guy was clearly finding trouble.

Right then, Yu Ming suddenly opened his mouth and said, “General Song, it’s not right. This doesn’t seem to be the road leading to Commander Manor, right?”

This city guards’ main camp, Yu Ming rarely came. But he was still aware of the general positions.

Seeing as the road got increasingly remote, the people getting lesser and lesser, with Yu Ming’s astuteness, how could he still not detect something amiss?

But this place was already very out of the way. The surroundings already did not have a soul.

Song Pan suddenly turned around and said with a cold smile, “Boy, don’t blame this Song for being ruthless! Want to blame, blame that you offended a person that you shouldn’t have! I’ll send you on your way right now. When you go over there, remember to be more low-profile. When you don’t have strength, best not to be too arrogant!”

At this time, Song Pan already revealed killing intent.

Yu Ming’s expression changed, and he said, “General Song, what’s the meaning of this?”

“Huhu, don’t you understand yet? This is someone hiring a murderer to kill people! Let me make a guess. *Uh* . . . Is it Gu Hong?” Ye Yuan snickered and said without any nervousness.

Chapter 719: The Overbearing Jun Tianyu

“*Heh*, don’t need to probe. Do you think that I would be so naive?”

Song Pan did not admit it verbally, but he was startled in his heart. He did not expect that Ye Yuan actually did not hesitate, hitting the mark right away!

Except that to Ye Yuan, it did not require guessing at all.

Just how long has it been since he ascended? The only one with motives to harm him could only be Gu Hong.

Ye Yuan said with a laugh, “Not admitting, is it? Doesn’t matter, you’ll admit it in a while!”

“Still being stubborn when facing death! Go to hell!”

Song Pan gritted his teeth and was about to make a move to kill Ye Yuan.

Song Pan as a general, his strength already reached late-stage Boundless Realm. Killing these three people in front of him was just a matter of lifting a hand.

But right at this time, a peerlessly powerful sword intent instantly enveloped him. That virtually destructive pressure actually made his entire person unable to move a muscle!

The move had yet to be unleashed, and his entire person froze there, his face contorted!

A figure gradually became real from an illusion. It was none other than precisely Jun Tianyu!

When Song Pan saw the Jun Tianyu brimming with killing intent, his knees went soft, and he almost knelt down right away.

“L-Lord Jun, w-why are you here?”

Song Pan’s forehead was sweating profusely. This murderous god-like figure before his eyes, how could he afford to offend?

Even when Lord Head Commander saw him, he had to be very courteous too!

Jun Tianyu said coldly, “Master Ye is my benefactor. Why do you think I came?”

“*Ah?* He . . . he . . .”

Song Pan jumped in fright. How could this boy in front of him possibly be Jun Tianyu’s benefactor?

“*Humph!* Are you going to end yourself? Or do you want me to send you on your way?” Jun Tianyu said straightforwardly.

“Lord . . . Lord Jun, please appease your anger. I . . . I didn’t know that this Little Brother is Lord Jun’s benefactor!”

Song Pan was crying regret in his heart. Why did he provoke until this killing god without rhyme or reason?

But Jun Tianyu said coolly, "Don't need to explain anymore. You already had killing intent just now. It's enough to sentence you to death."

"Lord Jun, this . . . this is the city guards' main camp! On account of Commander Luo Fang's face, spare this lowly one, Your Excellency!"

Jun Tianyu's words made Song Pan white as a sheet, kneeling down directly.

But Jun Tianyu's brows furrowed and he said, "Long-winded!"

Finishing, Jun Tianyu pointed a finger out. A sharp and fierce sword intent pierced right through Song Pan's heart and did not give him any opportunity to retaliate at all.

Song Pan still did not dare to believe on his deathbed that Jun Tianyu really killed him just like this.

His two eyes gradually became lifeless, collapsing in a pool of blood.

"Master Ye, are you alright?" Jun Tianyu could not even be bothered to glance at Song Pan but said to Ye Yuan concernedly.

Ye Yuan shook his head and said, "I'm fine. Senior Jun came very promptly. All thanks to your token. It's just that Senior Jun killing him just like this wouldn't have any problems, right?"

When the two people bade farewell, Jun Tianyu gave Ye Yuan a keepsake. As long as Ye Yuan crushed the token, Jun Tianyu would rush over very quickly.

It was just that Ye Yuan also did not expect to actually use it so quickly.

Jun Tianyu said with a smile, "This Jun killing a person, who dares to say anything? Since I'm here, I'll accompany you to go and meet Luo Fang."

"Alright. I'll have to trouble Senior Jun then," Ye Yuan cupped his fists and said.

Jun Tianyu waved his hand and said, "What's Master Ye being courteous with me for? Don't keep calling Senior Jun. If Master Ye doesn't mind, just call me elder brother will do."

Ye Yuan said with a laugh, "*Haha*, okay, Big Brother Jun! En, Big Brother Jun don't keep calling Master Ye either. Directly call me Ye Yuan or younger brother will do."

Jun Tianyu laughed loudly and said, "*Haha*, Younger Brother Ye!"

Right at this time, a powerful aura came over from the Commander Manor's direction. In a blink of an eye, it arrived in front.

"Who is it? To actually dare act wildly in my city guards' main camp? *Yii?* Jun Tianyu, it's you?"

"Luo Fang, your subordinate wants to kill my brother. I've already helped you clean up your household," Jun Tianyu said overbearingly.

Luo Fang's face darkened, and he said, "Jun Tianyu, aren't you a little too arrogant? Even if I want to clean up my household, when is it your turn to make a move?"

Jun Tianyu said coolly, "Killed him means I killed him. What do you want?"

"You! Jun Tianyu, if you don't give me an account today, the two of us aren't done!"

Luo Fang looked at Song Pan's corpse, enraged until he was blowing smoke from all seven orifices.

Jun Tianyu was seriously not giving any face, killing his own subordinate in his own territory. If this spreads out, how would he, this head commander, command the troops?

Jun Tianyu said coolly, "If it were normally, I wouldn't be inclined to bother with you. But today, I'll make an exception and give you an account. He's called Ye Yuan, my wife's savior. Very soon, he'll be your benefactor too. Just now, this subordinate of yours wanted to kill Ye Yuan. Do you think my reason to kill him . . . is enough or not?"

Luo Fang's expression changed, and he said, "What?! Your wife's illness . . . is healed?"

As the city guards' head commander, Luo Fang was naturally aware of Liu Yiru's illness.

In this recent one year, Jun Tianyu had been searching for famous doctors for her every day, even going to other cities to find powerful alchemists. But there were no results.

Now, Liu Yiru's sickness was actually treated by a boy still wet behind his ears!

Everyone in Ancient Opulence City all knew that Jun Tianyu loved his wife dearly. If this was a reason, then it really was justifiable.

Jun Tianyu smiled and said, "Does Commander Luo feel that I would joke around with this sort of thing? Ye Yuan was planning on treating your chronic illness by coming to the main camp today. Who knew that this subordinate of yours actually wanted to kill him. What's wrong with me helping you clean up your household?"

Luo Fang's expression changed slightly, and he could not resist shooting a glance at Song Pan's corpse once more. But this time, there was no sympathy at all.

Deserved to die!

It was just that he was still half-believingly and half-doubtful about Jun Tianyu's words and asked, "This . . . He, a measly little Divine Traversing Realm, really have this kind of capability?"

Jun Tianyu could not help laughing as he said, "Your expression right now is exactly the same as when I met him for the first time! Whether or not he has the ability, what I say doesn't count. Just try, and you'll know!"

"This . . . Fine then. Please!"

.

"What? You say that Song Pan was killed by Jun Tianyu?" Gu Hong was alarmed until his voice and countenance changed when he heard this news.

“Yes. Song Pan had yet to take action, and Jun Tianyu actually rushed there already! Looks like he gave that punk some message token,” the retainer said.

Gu Hong felt that his head was about to explode. Just what kind of monster was this Ye Yuan? To actually be able to make Jun Tianyu, this kind of character, willingly come forward for him?

“How can a brat who just ascended have such heaven-defying means? Jun Tianyu’s wife was practically sentenced to death already. He could actually bring her back to life?”

Gu Hong was depressed to the extreme in his heart. This outcome clearly exceeded his expectations too much.

“Not just Jun Tianyu’s wife. The Sun Family’s mission, Commander Luo Fang’s mission, he completed all of them! Intel just came from over there, not only did Commander Luo Fang not blame Ye Yuan, he sent him and Jun Tianyu outside the main camp with a big smile instead. The three people addressed each other with great familiarity like they were blood brothers.”

“ ”

Gu Hong was speechless.

Chapter 720: Regaining Face

“Oh, Gu Hong, I heard that an extremely formidable alchemist appeared in the city recently and already treated quite a few illnesses that nobody was able to treat, yes or no?” the Gu Family’s Family Head, Gu Changshun said.

It had already been five day’s time since Ye Yuan ascended. In these five days, Ye Yuan already completed all of the missions he took on without failing a single one!

These few missions were all famous difficult and peculiar diseases in the city, virtually missions determined impossible to complete.

Ye Yuan, this alchemist who emerged explosively actually resolved all of the missions one by one. It could be imagined how great a stir it caused in Ancient Opulence City.

Gu Changshun also heard this news today, then called Steward Gu Hong over immediately to ask about the situation.

The moment Gu Hong heard, his heart involuntarily thumped, thinking to himself, it indeed still came.

“Ah? There There . . . was such a thing? This lowly one didn’t go out these two days and really haven’t a clue that such a major thing happened in the city! But I reckon that these are all rumors, right? It’s fine if it’s treating one, but treating a whole bunch is a little too exaggerated, right? I reckon it’s that alchemist bragging himself in order to draw attention.” Gu Hong exercised his wits.

At this time, Gu Hong could only drag it out as long as he could.

But Gu Changshun shook his head and said, “It really isn’t like that! Today, when I went to City Lord Manor to meet City Lord, His Excellency, I just happened to bump into Luo Fang. He told me personally

that the chronic illness he was plagued with for over a decade was treated by that alchemist. With Luo Fang's character, if the other party didn't have genuine skill, he would not praise unceasingly like so!"

Gu Hong was bitter in his heart. But since Gu Changshun already said until like this, he could only follow up, "Like that *huh*. Since even Commander Luo said so, then it probably won't be wrong! I wonder who is it, to actually have such capability?"

Gu Changshun said, "Heard that it's even a young man who just ascended a couple of days, called, *er*, Ye Yuan. Gu Hong, you go and find that Ye Yuan. Regardless of what kind of price you have to pay, you must invite him over! Perhaps, he can really treat Xuan-er's illness!"

Gu Hong was naturally a hundred times unwilling in his heart. It was just that Gu Changshun's words, how could he dare to defy?

He could only acknowledge at once, "Yes, Family Head!"

Coming out from Gu Changshun there, Gu Hong was anxious like an ant on a hot pan.

He never would have thought that in the end, he actually really had to go and beg Ye Yuan!

The conversation that day was still vivid in his mind. At that time, he was very scornful of Ye Yuan.

But a few days passed, Ye Yuan actually directly became an esteemed guest among the city's upper echelons!

Now, even Family Head actually heard of his reputation before.

Forced to go, he, Gu Hong, could not swallow this insult!

If he did not go, he could not give an account over on Family Head's side here too!

For a moment, Gu Hong fell into a dilemma.

The most crucial thing was that even if he threw out this old face, would Ye Yuan give him this face?

He did not leave any leeway at all on that day and already thoroughly offended Ye Yuan badly. Now, going to beg him once more, wasn't it reaching his face out for people to hit?

Gu Hong felt that he had been wronged. Who could have thought that a Divine Traversing Realm boy actually had such enigmatic strength?

If it were others, they wouldn't give Ye Yuan any good attitude on that day too, right?

Thinking it over, Gu Hong finally stomped his feet and went out of the Gu Family's gates.

No matter what method he used, Gu Hong must invite Ye Yuan over today.

Otherwise, if this matter were made known to Family Head, he would be dead for sure!

.....

Five day's time, Ye Yuan did the missions and obtained a total of 3000 merit points.

These 3000 merit points had 20% deducted by City Lord Manor, leaving 2400 merit points.

Ye Yuan gave over half of the merit points to White Light and spend another 500 merit points to buy a residence in the city, but was only left with 700 merit points.

“This merit points is really hard to earn. Took a lot of trouble and ran around for five days and actually only earned 700 merit points. Wanting to obtain freedom is really not an easy thing!” Ye Yuan said with vicissitude of emotions.

By the side, Jun Tianyu could not suppress laughter as he said, “Younger Brother Ye, if these words of yours were heard by the other ascenders, they would probably vomit blood from anger! These 700 merit points, they have to use one to two year’s time before they are able to pool it together. And you, only used five days!”

“Brother Ye must be joking. Your Big Brother Jun lurked in Ancient Opulence City for close to a hundred year’s time, and his entire assets are merely just several hundred thousand of merit points too. At this rate you earn merit points, in a few years, you’ll be able to surpass him!” Liu Yiru covered her mouth and laughed.

“That’s right. Brother Ye, stop boasting in front of me! Lord Jun’s assets are plentiful, but I, this sort of impoverished person, only have a few thousand merit points!” Yu Ming wanted to cry but had no tears as he said.

Yu Ming had a wide circle of acquaintances in Ancient Opulence City. That needed to spend large amounts of merit points. So over the years, he did not have much merit points on him at all.

Ye Yuan only used five day’s time and the merit points earned was already about the same as him. This was indeed quite a blow.

Liu Yiru already recovered fully in these two days. Jun Tianyu brought her along to express thanks to Ye Yuan.

Ye Yuan smiled and said, “100 thousand merit points before one can exchange for freedom. This requirement is also truly a little sick. Those ascended martial artists basically have to waste 60 to 70 years of time here!”

Jun Tianyu said, “It has to look at strength and potential still! Some ascenders, once they adapt to the Divine Realm, their improvement will be very fast, only using a few year’s time and they will have the ability to go take on missions. Roughly around ten year’s time, they will be able to exchange for their freedom. As for those people without potential, give them a hundred years, and they might not be able to pool together 10 thousand points either.”

Ye Yuan nodded his head. It was indeed this reasoning.

“May I ask . . . Is this place Master Ye’s residence?”

The few people were currently chatting happily when a voice suddenly sounded out outside the door.

When Ye Yuan heard this voice, he could not help laughing and said to Yu Ming, “Big Brother Yu, this insult, I’ll let you vent it then! Whenever you’re satisfied, we’ll talk terms with him again.”

Yu Ming could not help freezing slightly when he heard that and looked at Ye Yuan gratefully.

He knew that this was Ye Yuan giving him the chance to regain face personally!

Gu Hong's words on that day deeply wounded Yu Ming's pride, and also thoroughly sobered him up.

These few years, Yu Ming had always been operating carefully in Ancient Opulence City, and also gradually build up a bit of fame.

But all the way until that day, then only Yu Ming deeply understood that turns out, he was still just a minor character! No one thought highly of him at all!

No matter how many things you knew, without strength, you would never get other people's respect!

These few days, he followed by Ye Yuan's side and saw Ye Yuan being treated as a distinguished guest by the bigwigs who he did not even dare to think about. He even saw Jun Tianyu kill Song Pan in a blink.

Only when one's strength was genuinely powerful could one get genuine respect!

Even if he was just a penniless nobody, following by Ye Yuan's side, he also obtained ample respect!

"Brother Ye, thank you very much!" Yu Ming said gratefully.
