### Unrivaled Medicine God

#### Chapter 721: Winds of Fortune Change

"Hehe, Younger Brother Yu, I wonder if Master Ye is at home?" Gu Hong thickened his skin and asked.

Gu Hong was a servant to begin with. This skill of shamelessness was much more powerful than a bottom-level martial artist like Yu Ming.

Like previously, he was afraid of Gu Changshun's blame and did not give Yu Ming face at all, finishing off Ye Yuan with a single blow.

Now, he had no choice but to come to his door begging. He even thickened his face and addressed Yu Ming with great familiarity too.

Yu Ming sneered when he saw the situation and said, "Isn't this Lord Gu? Don't address a lowly person like me as your brother so as to avoid lowering your status!"

Yu Ming had a stomach full of resentment towards Gu Hong. Not seizing this chance to regain face properly, how would he be liberated in his heart?

But Gu Hong did not care about the sarcasm in Yu Ming's words at all. He still had an ingratiating look as he said, "Look at what you're saying! I, Gu Hong, am merely a servant of the Gu Family, and I am also an impoverished person in this Ancient Opulence City. Why must Younger Brother Yu make things difficult for Elder Brother, me? I know that Younger Brother Yu is still unhappy about the incident that day. But Elder Brother also has difficulties, right? Today, Elder Brother came firstly to find Master Ye to take action. Another thing is to specially come and apologize to Younger Brother Yu!"

One had to acknowledge that this Gu Hong indeed had skills. The words said were flawless, lightly skating over that day's incident.

If it were just a young and inexperienced boy, he would probably shed tears of gratitude immediately, addressing Gu Hong as his brother.

It was just that no matter how poorly Yu Ming got along, he was a wily old fox too.

For Gu Hong to want to pull the wool over his eyes so easily, how could it be something that easy?

"Heh, Steward Gu, don't give me that! Whatever you have, quickly say! If there's nothing, get lost straight away for me! Master Ye is very busy and doesn't have time to waste on a servant like you," Yu Ming said indifferently

Yu Ming felt liberated in his heart!

This had only been a few days, and all the face that should be found were all regained!

*Didn't you make Your Father get lost on that day? Now, you scam as far as you can get for Your Father!*

*Didn't you say that Your Father wasn't on the same level as you on that day? Hehe, now, you're the servant!*

Several days passed, Yu Ming's relationship with Ye Yuan already had titanic changes.

Even though Ye Yuan kept calling him as his elder brother, Yu Ming had the self-awareness that he was on a completely different level with Ye Yuan.

Just take a look, what kind of people did Master Ye have dealings with?

Jun Tianyu, Luo Fang, Sun Maosheng, which one of them was not a major figure in Ancient Opulence City where the entire city would tremble when they stomped their feet?

But even so, Ye Yuan still gave Yu Ming a feeling akin to a breath of spring breeze.

Yu Ming saw clearly that what changed was only his own mentality. Ye Yuan's attitude towards him was no different from the start!

So in Yu Ming's eyes, Gu Hong was really just a servant, while his identity was much higher than Gu Hong's.

Gu Hong was clearly coming with his back to the wall this time and was already prepared to give play to his shamelessness to the max!

"My purpose of coming, is Younger Brother Yu still unclear? This Gu wish to request an audience with Master Ye and invite him to take a look at Eldest Miss's illness! Whatever terms there are, Master Ye can feel free to say."

As he was talking, Gu Hong dug out a storage ring and handed it to Yu Ming, saying with a fawning look. "This is a small token from Elder Brother. Younger Brother Yu, please accept! After the matter is done, Elder Brother will still have a little something! I know that Younger Brother is a favorite of Master Ye. As long as Younger Brother, you, make an exception, this matter, we can settle it through discussion, no?"

Gu Hong felt pain in his heart!

He spent an arm and a leg this time in order to patch his relationship up with Yu Ming.

In that storage ring, there were one thousand low-grade earth essence crystals!

And these one thousand low-grade earth essence crystals was already one-fifth of his savings.

One had to know that low-grade earth essence crystals and merit points could be exchanged one-for-one.

Which was also to say that Gu Hong gave Yu Ming a thousand merit points all at once!

This was absolutely a huge sum!

Yu Ming used divine sense to inspect the storage ring and also palpitated with excitement in his heart.

This old fellow was really hemorrhaging this time!

But Yu Ming made a difficult expression on his face and said, "This . . . Steward Gu, not that I'm not willing to help you, it's seriously that Master Ye is really very busy . . ."

Gu Hong gnashed his teeth until it made grinding sounds and actually fished out another storage ring, saying, "Younger Brother Yu, I naturally know that Master Ye is very busy. It's just that our family's Eldest Miss's illness, you're aware about it too. Saving a life is better than building a seven-storied pagoda. Old Gu, I, only have this bit of savings too!"

Gu Ming had a destitute look, secretly delighting Yu Ming inwardly.

He received the storage ring and had a look. Inside indeed had quite a few good stuff. The value was probably around 500 merit points or so too.

"Fine then. On account of Steward Gu having such sincerity, I'll go and have a word with Master Ye. As for whether or not he consents, I dare not guarantee!" Yu Ming said with difficulty.

"Doesn't matter, doesn't matter! I know that Younger Brother Yu is a favorite of Master. Master will definitely give you this face!" Gu Hong flattered Yu Ming vigorously.

Yu Ming was naturally enjoying it too. In the past, he behaved like a grandson in front of Gu Hong. Now, the winds of fortune changed. It was Gu Hong's turn to act like a grandson in front of him.

This sense of accomplishment was absolutely refreshing!

Yu Ming put away the two storage rings, turned around, and entered the manor.

The moment his figure vanished, Gu Hong's face darkened.

"*Humph!* Blind reckless fool! To actually dare climb on top of my head! Dare to take your Grandpa Gu's stuff, really tired of living! After the dust has settled this time, Grandpa Gu will not only make you spit out these things, I'll even let you disappear from Ancient Opulence City entirely!" Gu Hong gnashed his teeth in hatred.

.....

"Hahaha! Satisfying! Really too satisfying! Brother Ye, Elder Brother, I, have always tucked my tail between my legs and behaved obediently in this Ancient Opulence City. Whoever I meet, I would bow and scrape. Today, benefiting from the association with Brother Ye, I can finally raise my head up high! Here, these are the things Gu Hong gave me to show 'filial piety.' This time, he hemorrhaged greatly!"

Once he entered the house, Yu Ming's entire person felt like he was floating.

But Ye Yuan waved his hand and said with a smile, "Those things are given to you by Gu Hong and also what he owes you. You just keep it for yourself. He wants to take my life. How can this bit of stuff let him clear the hurdle? What's at the back is the real show!"

Yu Ming was rather embarrassed as he said, "This . . . Elder Brother, I, still know my own limitations a little. Gu Hong giving me these were all on account of Brother Ye's face. How can I take it for myself?"

Ye Yuan said smilingly, "Let you take it, so just take it. What's with all the nonsense? If you treat me as a brother, then put it away properly for me!"

Hearing Ye Yuan say so, Yu Ming hurriedly said, "Alright, alright, alright, I'll keep it then! However . . . I've seen through this Gu Hong thoroughly this time. This guy is two-faced, really not any good thing. The

last time, he even sent that Song Pan to kill you! This time, he has no choice but to come and lower his head to us. But I feel that he will definitely harbor resentment in his heart.”

Ye Yuan said with a laugh, “Gu Hong is only an unimportant person. He’s not worth my effort to go deal with him at all. If he stays quiet, he can still live. If he courts death himself, then I can’t be blamed.”

### Unrivaled Medicine God

#### **Chapter 722: An Ear**

Gu Hong entered Ye Yuan’s manor rather fidgety.

Honestly speaking, he still had a bit of confidence in his heart towards Yu Ming. But facing Ye Yuan, he had no confidence at all.

Even though there was only a short confrontation once, Gu Hong’s impression of Ye Yuan was very deep.

Because Ye Yuan said for Yu Ming to return the humiliation to him. Today, it really returned to him!

At that time, he thought that Ye Yuan was giving himself a way out. But only now did Gu Hong know that he really had that strength and confidence!

On that day, Ye Yuan did not argue from start to end, because he simply disdained to argue.

Compared to arguing, Ye Yuan was smacking faces with actions!

Entering the main hall, Ye Yuan sat on the seat of honor. By the side, Jun Tianyu and Liu Yiru were seated.

Although he had long heard about it, Gu Hong was still unbelievably shocked in his heart.

In the mere few days Ye Yuan ascended, he was actually already on equal footing with the Jun Tianyu who made people tremble with fear on hearing!

“This lowly one, Gu Hong, pays respect to Lord Jun, Master Ye!” In front of Jun Tianyu, Gu Hong lowered his posture very low.

Either way, coming here today, he was long prepared to be shameless already.

But this first sentence of his poked a hole in the basket already.

Only to see Jun Tianyu snort coldly and say, “Are the Gu Family’s servants all so ignorant in etiquette? This is Younger Brother Ye’s manor. You don’t pay respect to him first, but you pay respect to me for? Even if it’s not here, Younger Brother Ye is my wife’s savior. You doing so, isn’t it making me out to be faithless? *En?*”

This cold snort directly made Gu Hong’s knees turn soft, kneeling down.

“Lord Jun, forgive my mistake! This lowly one . . . lowly one has no intention of offending you!” Gu Hong even had the heart to die.

Jun Tianyu’s accumulated awe in Ancient Opulence City was immensely great. So the first thing Gu Hong thought of was to pay respect to Lord Jun.

Who knew that he poked the hornet's nest all of a sudden!

*You're an exalted Heaven Enlightenment Realm powerhouse. How can you be ranked behind a Divine Traversing Realm boy?*

*"Humph! If this wasn't Younger Brother Ye's manor, you'd already be a dead man now! This is Younger Brother Ye's place, how to punish is naturally up to him, the owner, to decide!"* Jun Tianyu said with a cold snort.

When Gu Hong heard, all the hair on his body stood on its ends.

This one in front of him never needed any reason to kill people before. As long as he felt that you deserved to die, you would really be dead!

This point, there were already countless people who used their lives to prove it before; not necessary to go into details.

*"Master Ye, this lowly one deserves death! This lowly one deserves death! I beseech Master Ye to spare my life!"*

Gu Hong kowtowed frantically, nearly knocking out a large hole in the ground. He did not dare to use essence energy to protect his body at all. Very soon, a large bruise was knocked out on his head.

*"Brother Jun, Younger Brother has just moved into this manor. Can't very well kill people right after coming in. It's inauspicious!"* Ye Yuan said coolly.

Gu Hong was overjoyed when he heard and hurriedly said, *"Many thanks for Master Ye's grace of not killing! Many thanks for Lord Jun's grace of not killing!"*

But Jun Tianyu said coolly, *"Death penalty may be spared, but punishment is hard to pardon!"*

Finished talking, Jun Tianyu wielded his fingers as a sword. A streak of sword qi flew past Gu Hong's ear with a swoosh.

Gu Hong only felt coolness at his ear and did not even react to it.

If that finger earlier slanted a wee bit more, his head would explode like a watermelon.

But very soon, a piercing pain assaulted, striking the deepest parts of his heart!

*"Argh! My ear!"*

Gu Hong covered the ear with fresh blood flowing out, hurting until he rolled on the floor.

*"Make any more fuss, even if I give Younger Brother Ye face and don't kill you here, it's impossible for you to return to the Gu Family alive either!"*

Jun Tianyu's words seemed to have come from the underworld. Even if Gu Hong was hurting until he was about to faint, he immediately ceased the howling too.

Gu Hong covered his ear, in pain until he was trembling all over. But he did not dare to make even a sound. Sweat flowed down his forehead, pickling the wound by his ear, making it even more painful like pouring oil onto a fire.

Jun Tianyu was obviously not this sort of narrow-minded people. He was deliberately finding fault.

This Gu Hong was just an unimportant person to him. If he killed Gu Hong, then he killed. But if Ye Yuan thoroughly offended the Gu Family because of this, it would be terrible.

The Tao Family's destruction made these aristocratic families in the Ancient Opulence City be on guard too.

These few years, the three great families all concentrated on development. Their strength had a very large increase.

Although Jun Tianyu was not afraid, he had an agreement with City Lord back then, not to kill Heaven Enlightenment Realm powerhouses as he pleased again!

Unless he did not wish to stay on in the Ancient Opulence City anymore.

The face of the three great families, Jun Tianyu would not give any thought. But City Lord's face, Jun Tianyu still have to consider it.

The city lord was appointed by a holy land. Even if he, Jun Tianyu, was any stronger, he could not possibly be stronger than a holy land too.

Therefore, Jun Tianyu carrying out a slight punishment was solely getting a bit of interest for Ye Yuan.

Either way, he only made a move to claim an ear. The Gu Family would not dare to do anything.

Gu Hong sucked in cold breaths by the side as he said, "M-Master Ye's anger is vented as well. C-Can you take action . . . and save . . . Eldest Miss?"

Towards Gu Hong, Ye Yuan naturally did not have the slightest bit of pity.

He already had killing intent towards him. Not killing him is already taking into account the Gu Family's face.

Towards the killing intent which fleeted across Gu Hong's eyes, Ye Yuan chose to ignore.

With Jun Tianyu around, forget about Gu Hong, even the entire Gu Family did not dare to touch him either!

"Saving people is okay. But this time is different from taking on the mission. You know it; I already gave you a chance," Ye Yuan said indifferently.

When Gu Hong heard this sentence, a hint of regret flashed past in his heart too.

If he had relented on that day and let Ye Yuan go look at Eldest Miss's illness, he would definitely obtain Family Head's commendation now and would also not lose an ear because of this.

But his regret was replaced by hatred very quickly!

Even if he did not dare to do anything to Ye Yuan, the people around Ye Yuan, he could touch!

*After this matter's hype passes, I, Gu Hong, will definitely let you know that I'm not to be provoked!*

"It . . . It was all this lowly one's fault! Whatever conditions . . . Master Ye has . . . feel free to say!"

Even if he hated to the extreme in his heart, Gu Hong did not dare to have the least bit of dissatisfaction verbally. Instead, he still lowered his posture very low.

"I want the Gu Family's title deed for Ancient Opulence Street's Luxuriant Fragrance Hall!" Ye Yuan said coolly.

"What?! L-Luxuriant Fragrance Hall! *Ouch!*"

The moment Gu Hong became agitated, it aggravated his wounds again, hurting until his face contorted in agony.

"That's right!"

"M-Master Ye, this . . . this is also too . . . Can you . . . change the terms?"

Gu Hong wanted to kill people badly. Ye Yuan this was also demanding a too exorbitant price!

However, he had to endure! Otherwise, the one dead would be him!

"No negotiations. Either agree to my terms, or you guys find someone else better!" Ye Yuan did not give face in the slightest.

"This . . . lowly one cannot make the decision. Can you permit . . . this lowly one to go back and report to Family Head?" Gu Hong said.

Ye Yuan nodded and said, "Can. Give me a reply by tomorrow noon. Or else, there won't be any leeway to talk over."

How could Gu Hong still dare to stay? Enduring the intense pain on his ear, he scrambled back to the Gu Family.

After Gu Hong left, Jun Tianyu asked, "Younger Brother Ye, this condition of yours is out of my expectations! Could it be that Younger Brother Ye is planning on establishing a sect in this Ancient Opulence City?"

### [Unrivaled Medicine God](#)

#### **Chapter 723: What's Not Proper?**

"*Heh*, the Luxuriant Fragrance Hall! Can a measly little Divine Traversing Realm boy prop up the massive Luxuriant Fragrance Hall?" Gu Changshun said with a cold laugh.

"Family Head, this boy has no respect for our Gu Family at all by relying on Jun Tianyu's backing!" Gu Hong said with a look of righteous indignation.

Gu Changshun looked at Gu Hong with a smile that was not a smile, staring until he had a guilty conscience.

"*Oh*, Gu Hong, looks like these few years, I've been too indulgent towards you!" Gu Changshun said rather emotionally.

Gu Hong's heart thumped, kneeling onto the ground with a thud as he said with a wail, "Gu Hong dare not! It's really that . . . really that they bully others too far!"

"*Heh heh*, bully others too far? It was probably you going too far in bullying others beforehand, right? Honestly speaking, you being able to come back alive makes me very surprised. Looks like Jun Tianyu is still rather wary of City Lord," Gu Changshun said.

The more Gu Hong listened, the more it felt amiss. Could it be that those things he did behind Family Head's back, he knew all of it?

Once this thought popped up, Gu Hong sniveled even more as he said sobbingly, "Family Head, you have to stand up for Gu Hong! I went to invite Ye Yuan to take action, but he crippled my ear with any word! This . . . This is simply making light of you!"

Gu Hong did not notice Gu Changshun's expression gradually becoming cold.

"Gu Hong, this is the last chance that I'm giving you!"

Gu Hong trembled, his entire person instantly sobering up.

He knew that nothing could be hidden any more from Family Head's eyes!

Gu Hong was an astute man. He knew that everything of his was all given by Gu Changshun!

With this, he held nothing back, directly recounting all the things that happened these few days.

Of course, what he said definitely had some discrepancies from the actual situation, but there was no way of verifying them.

This sort of thing, Gu Hong had long attained perfection in it. Even Gu Changshun could not discern the slightest bit of inkling too.

Such as that day he went to remove the mission, he ran into Ye Yuan and Yu Ming. The story was naturally Ye Yuan's strength was measly but looked down on other people, looking even more like a swindler. Hence, that was why he did not let them enter.

This point coupled with the condition Ye Yuan raised made people feel that it was the truth even more.

Indeed, after Gu Changshun finished listening, the coldness from before diminished a lot, and he said coolly, "Lucky you're honest. If you still dared to intentionally hide it, without the need for Jun Tianyu to take action, I'll send you on your way too!"

Gu Hong sweated profusely in his heart, feeling like he had toured one round around the gates of hell and back.

But with his understanding of Gu Changshun, he should have cleared the hurdle this time!

"Family Head, Gu Hong was muddle-headed for a moment, such that I led to a huge mistake. Family Head, please punish! It's just that even though that Ye Yuan is formidable, this subordinate don't believe that he's even stronger than Lord Shuming, that's why I would make a move against him!" Gu Hong resorted to sophistry.

Gu Changshun nodded and said, "Honestly speaking, I also find it very hard to believe that a Divine Traversing Realm boy can be even stronger than He Shuming. It's just that Qing-er's illness really can't

afford to delay! If he wants the Luxuriant Fragrance Hall, give it to him then, as long as he can treat Qing-er's illness!"

.....

The second day morning, Jun Tianyu and Ye Yuan came to the Gu Family.

Gu Changshun personally welcomed them. By his side, tagging along was a sagely-looking elderly.

After both parties had small talk, Gu Changshun said, "Master Ye, I'll have to trouble you for my daughter's illness!"

"Taking people's money to avert disaster for them, this is naturally part of this Ye's duties," Ye Yuan said coolly.

He and the Gu Family would probably be very hard to become friends, so he was not polite either.

Except, that elderly said with a cold smile, "*Heh*, age isn't old, tone isn't small! A baby whose hair hasn't grown fully yet actually dares to proclaim to be a master. Truly ignorant of the immensity of heaven and earth!"

This old man was clearly the He Shuming from Gu Changshun's words.

Ye Yuan was treating Gu Changshun's daughter's illness today. Some words, he was inconvenient to say out. Getting this He Shuming over here was in order to say those words inconvenient to say.

Ye Yuan gave him a sidelong glance and said nonchalantly, "Firstly, being advanced in age shouldn't be a bar to ambition. Treating illnesses and curing people, one has to look at true capability! Since Miss Gu's illness isn't cured, then your esteemed self naturally doesn't have this capability! Secondly, the title master was all called out by others. I've never professed before! But I never felt that calling me as master is in any way inappropriate! Thirdly, who are you?"

"You! You don't even recognize this old man and actually dare to utter wild ravings here! Haven't seen this sickness yet and you have an appearance like you can handle anything. Do you really think that you're an Alchemy Emperor?" He Shuming was enraged by Ye Yuan until his beard billowed and he glared.

"What a joke! Why do I have to know you? Also, even though I'm not an Alchemy Emperor, Miss Gu's illness, I'm definitely able to treat it!" Ye Yuan said with a cold laugh.

"Conceited and ignorant kid! Today, if you can't treat Qing-er's sickness, I'll make you pay the price for your wild arrogance!" He Shuming was thoroughly infuriated by Ye Yuan.

But right at this time, the Jun Tianyu who did not speak all along opened his mouth.

"Looks like this Jun hasn't taken action for too long. Ancient Opulence City already have some people who don't remember this Jun's existence!"

Threatening!

Stark-naked threatening!

But Jun Tianyu had always been so domineering!

Threatening an Alchemy Saint in front of the three great aristocratic families' family heads, only Jun Tianyu could do that!

Gu Changshun by the side suddenly had an impression. Ye Yuan and Jun Tianyu, these two people mingling together were simply a perfect match!

These two people considered everyone beneath their notice exactly the same, showing striking resemblance of arrogance!

He Shuming could not help freezing when he heard that. That imposing momentum earlier immediately vanished like mist and smoke.

He lost his head from anger due to Ye Yuan earlier and really forgot that Jun Tianyu was right beside for a moment.

Jun Tianyu followed right by Ye Yuan's side today constantly, rather like his follower; it was very easy to make people overlook his existence.

*"Haha, everyone says fewer words. Master Ye, Brother Jun and Brother He are both this Gu's honored guests. Harmony is precious, harmony is precious!"* Gu Changshun saw that the momentum was not right and hurriedly came out to smooth things over.

*"Humph!"* He Shuming gave a cold snort and turned his head over, no longer speaking.

*"Family Head Gu, I think we better not waste time anymore. Let's head straight for your daughter there,"* Ye Yuan said.

Ye Yuan's impression towards the Gu Family was not good and was disinclined to waste time here as well.

*"That's for the best!"* Gu Changshun said.

The group of people entered the Gu Family's inner-chambers and circled one big detour. Gu Changshun actually led Ye Yuan inside a dungeon.

This made Ye Yuan very surprised. Because he got to know from Yu Ming there that this daughter of Gu Changshun's was the sole remaining bloodline left from his first wife. Gu Changshun normally doted on her very much.

Gu Changshun even took out the Luxuriant Fragrance Hall without any hesitation in order to save her. His doting on her could be seen at a glance.

But why did Gu Changshun actually lock her up in such a dungeon which did not see the light of day?

The further in they walked, the more unbelievably cold it got.

When they walked to the depths, Ye Yuan saw an ice bed. On the ice bed lay a woman wearing a sky-blue attire.

But that woman's hands and legs were actually bounded by metal chains!

“This is my daughter, Gu Qing! Since three years ago, she became mentally deranged, killing people on sight. Having no choice, I could only bind up her hands and legs,” Gu Changshun explained.

### Unrivaled Medicine God

#### **Chapter 724: Essence Silk Thread Pulse Reading**

“Kill! You’re all demons! I’m going to kill you!”

When Gu Qing discovered that people came, she immediately became incomparably violent, using all of her strength wanting to shake off the constraints of the metal chains.

Seeing this kind of situation, Ye Yuan’s brows knitted together slightly too.

“Boy, I’ve already prepared the Dream Soul Incense for you. Are you doing it yourself?”

As he said, He Shuming threw Ye Yuan a short incense.

But Ye Yuan did not reach his hand out to catch, allowing that short incense to fall onto the ground.

Dream Soul Incense was a type of aromatic which could make people enter sleep. It had the function of pacifying the soul and spirit. Gu Qing’s ailment was hard for alchemists to take her pulse. This Dream Soul Incense naturally came in handy.

Seeing Ye Yuan like this, He Shuming was enraged. “Punk, what’s the meaning of this?”

Ye Yuan said coolly, “Miss Gu’s illness is currently in a state of outbreak illness at this time. Many things related to the illness will naturally be exposed during this time as well. You use the Dream Soul Incense to make her fall asleep, what if you misdiagnose because of this? Don’t even have this bit of elementary knowledge, I really don’t know how you, this Alchemy Saint, came about!”

He Shuming could not help choking up when he heard that. This punk was actually doubting his Alchemy Saint strength!

But every word of Ye Yuan’s was reasonable. He was actually unable to refute.

Even the Gu Changshun and Jun Tianyu by the side who did not understand also nodded their heads secretly when they heard. Very clearly, this argument was strong.

Gu Changshun could not resist darting a glance at He Shuming. When he diagnosed Gu Qing, didn’t he use the Dream Soul Incense to put Gu Qing to sleep?

“Utterly ignorant! Not using Dream Soul Incense, I want to see how you take the pulse!” He Shuming said with a cold smile.

Sensing Gu Changshun’s gaze, He Shuming’s face was burning too. But not putting Gu Qing to sleep, how to take the pulse?

“Then you open your eyes wide and look properly!”

Ye Yuan went forward a few steps and approached closer to Gu Qing a little more. Then, he extended his index finger. A trace of pale-yellow silk thread flowed out from his index finger.

This fine thread was actually condensed and formed with essence energy!

Seeing this scene, He Shuming's expression could not help changing drastically as he let his tongue slip and said "Essence silk thread pulse reading!"

Gu Changshun did not know what was called essence silk thread pulse reading. But he could also tell from He Shuming's expression that this move of Ye Yuan's seemed to be very formidable, and he could not help feeling more hopeful.

This Gu Qing was born from him and his first wife. The two people were deeply in love. But his wife left this world not long after Gu Qing was born.

Furthermore, Gu Qing looked virtually identical to his first wife. Therefore, Gu Changshun also showered her with favors all along.

Who could have thought that Gu Qing would actually get such a strange illness? Even He Shuming taking action could not find the cause of the illness too.

If even Gu Qing left him too, Gu Changshun would really have a breakdown.

Hence, he did not scruple in agreeing to Ye Yuan, using the Luxuriant Fragrance Hall as the diagnosis fee to treat Gu Qing.

And at this time, the silk thread spat out from Ye Yuan already gradually crept over onto Gu Qing's arm, then reached into the meridians from her arm.

Seeing this scene, Gu Changshun's face slightly revealed an astonished look too.

Even though he did not know what was called essence silk thread pulse reading, this move of Ye Yuan's was sufficient to indicate that he was extraordinary.

Martial artists spitting out essence energy was mostly for the sake of pursuing greater destructive power. The control towards essence energy belonged to the crude style.

But this move of Ye Yuan's required extremely fine control over essence energy.

This point, even he, as a Heaven Enlightenment Realm martial artist, could not accomplish it too!

This kind of skill, without going through repeated tempering, it was simply impossible to master.

As for He Shuming, the astonishment in his heart was even more intense compared to Gu Chagnshun.

Gu Changshun did not know, but He Shuming was an Alchemy Saint powerhouse!

The Ancient Opulence City's only Alchemy Saint powerhouse!

This essence silk thread reading pulse was an extremely profound pulse reading skill. It had a close to perverse requirement towards control of essence energy and soul force.

He Shuming had also attempted to train this skill before. But in the end, he still gave up because it was too hard.

Essence silk thread pulse reading was not just condensing essence energy into a fine thread and inserting into a martial artist's body that simple. If that were the case, he could also do it.

The hardest part about essence silk thread pulse reading was the probing inside the martial artist's body after entering the martial artist's meridians!

The control of essence energy in this could not have the slightest deviation. Otherwise, it would fall short of success and even damage the martial artist's body.

This was still He Shuming's first time seeing essence silk thread pulse reading on an Alchemy Sovereign Realm coming from a junior's body!

As far as he knew, those able to master this skill were all powerhouses above Alchemy Saint!

This boy was definitely putting on an act. He did not have any way to probe Gu Qing's meridians at all.

Yes, it must be like this!

Before long, Ye Yuan withdraw his essence energy. That thread of essence energy dissipated immediately.

Gu Changshun inquired with a hopeful look, "Master Ye, how is my daughter's illness?"

Ye Yuan frowned and said, "A little troublesome!"

He Shuming perked up the moment he heard and immediately laughed coldly as he said, "Heh, can't diagnose means can't diagnose! Pretending for what! Like I said, how can essence silk thread pulse reading be so easy to master? Almost got hoodwinked by you, this punk!"

Gu Changshun's face fell following that too. The atmosphere became rather odd for a moment.

But Ye Yuan had a calm look as he said, "Is that so . . . The troublesome I said was not because I have no way, but because I wonder which moron tied Miss Gu onto this ice bed! That fool completely doesn't have a clue about Miss Gu's illness and assumed that this ten-thousand year profound ice bed could suppress the mental demon. In the end, not only did it not have any effect, it worsened the illness instead! Eh? What are you glaring so angrily for? I wasn't talking about you."

The more Ye Yuan talked, the blacker He Shuming's face became.

Ye Yuan's ability to scold the locust while pointing at the mulberry was truly at the acme of perfection!

Who else could this fool be other than him, He Shuming?

"Boy, I admit that your verbal skills are impressive! Since you say that the ten-thousand year profound ice bed is useless, then say what's up with Qing-er!" He Shuming said with a black face.

Ye Yuan said in amazement, "Eh? It's really you? Could it be that you, this Alchemy Saint, was bought with earth essence crystals? Alchemy Saint treating people's illnesses, not knowing but pretending to know is a great taboo. You don't even know this point? You didn't even figure out her sickness and dared to make the Gu Family tie her onto the ten-thousand year profound ice bed. I'm really in awe of your courage! Are you trying to save people or harm people?"

He Shuming was almost about to explode from anger. If He Shuming wasn't present, even if Ye Yuan really had the ability to save Gu Qing, he would also smack Ye Yuan to death with one palm!

Without any suspense, Gu Changshun gave him a glance with a profound meaning again.

“Boy, if you want to be rampant, wait until you ascertain Qing-er’s illness before you be rampant. You keep on refusing to say, diverting Family Head Gu’s attention, it should be that you didn’t find out the cause of the illness, right?” He Shuming said with a cold smile.

Ye Yuan shook his head and said with a sigh, “Honestly, I feel that your reputation, this Alchemy Saint, are too exaggerated. You don’t even know some basic knowledge of alchemists! When other alchemists are attending to patients, shouldn’t you back away a little? I’m not saying naturally because I’m afraid that you’d secretly learn! But with your intellect, even if you secretly learn, you probably can’t reach genuine Alchemy Saint standards either! Forget it, if you want to secretly learn, that’s up to you as well! I’m here to tell you that the real cause of Miss Gu’s illness is . . . no cause of illness!”

### Unrivaled Medicine God

#### **Chapter 725: Unable to Achieve Anything, But Good at Ruining Things**

“No cause of illness? Are you messing with me?”

With this, Gu Changshun’s face could not refrain from turning black too.

Gu Qing with this half-dead appearance, and Ye Yuan actually said that there was no cause of illness. Simply the biggest joke in the world!

“*Haha!* I already said that this boy is deliberately trying to act mystical, right? He doesn’t know essence silk thread pulse reading at all and even pretended in front of us. Truly ignorant!”

“Ye Yuan, you cut Gu Hong’s ear and even opened your mouth wide to demand for the Luxuriant Fragrance Hall. Now, you’re actually telling me that there isn’t a cause for the illness?! Could it be that you really think my Gu Family is easy to bully? Brother Jun, Ye Yuan making a fool out of my Gu Family like this, are you going to intervene too?”

Under Gu Changshun’s rage, he even changed his address of Ye Yuan too.

If not for being wary of Jun Tianyu, he would have long made a move to exterminate Ye Yuan.

Jun Tianyu was at a loss too, uncertain what Ye Yuan was driving at by saying it like this. But he still voiced out, “If Ye Yuan came in order to take liberties with your Gu Family, your vengeance . . . this Jun will receive it!”

The words were still matchlessly domineering!

Even if he made war with a large aristocratic family like the Gu Family again, he would not hesitate to either!

“Jun Tianyu, you! Simply pushing others too far!” Gu Changsun said furiously.

For a moment, both parties became dangerously explosive.

But Ye Yuan said coolly, “All relax. So nervous for what? Miss Gu truly isn’t ill, but she fell into an illusion and is unable to extricate herself.”

“What did you say? Illusion? How is that possible?” Gu Changshun said with a face full of disbelief.

“Brat, making things up when you can’t find the cause of the illness! Qing-er is right in this Gu Manor. Who dares to cast illusionary arts on her and make her enter an illusionary realm? Moreover, Gu Changshun is a Heaven Enlightenment Realm. Somebody made his daughter fall into an illusion, and he actually did not know?” He Shuming said with a cold laugh.

Ye Yuan shot him an indifferent glance and said with a smile, “Stop talking already. The more you speak, the more it exposes your ignorance! Therefore, shut your mouth up and listen to me say finish properly, alright?”

“You! Fine, this old man wants to see just what can you say!” He Shuming said with a cold snort.

Regarding Ye Yuan’s excuse, forget about Gu Changshun, even Jun Tianyu did not really believe it.

To make people fall into an illusion, it ultimately required some external functions.

But with their Heaven Enlightenment Realm strength, they could not detect anything amiss with Gu Qing at all.

But Gu Qing was clearly like being possessed, not recognizing her closest kin, her face contorted savagely.

This was the strange aspect of Gu Qing’s illness and also the reason why everyone kept failing to find out.

This situation already persisted for three years’ time. If someone cast illusionary arts on Gu Qing, with Gu Changshun’s strength, it was impossible to not detect it at all, unless the caster’s strength already reached the level of reaching the heaven.

But if there was really somebody who could reach such a level, how could they possibly make things difficult for a little girl?

All of these made no sense at all!

But Ye Yuan said nonchalantly, “Family Head Gu, I wonder if prior to your daughter being born, has your wife encountered enemies trying to kill her before? Moreover, the other party should have someone skilled in illusionary arts or divine soul attacks?”

The moment Gu Changshun heard, his expression involuntarily became grim and he said with a nod, “This . . . is indeed so! Back then, my wife was expecting. I brought her along to the Holy Land. In the end, we were ambushed along the way by a group of bandits! That bunch of bandits, their strength were not very strong. But among them had someone whose illusionary arts were very bizarre. Even I almost succumbed to it too. That battle, my Gu Family suffered heavy losses. Even my wife was also injured in that battle. Later on, not long after Qing-er was born, she left this world.”

Ye Yuan nodded and said, “Then that’s right! Me saying that your daughter fell into an illusion isn’t saying that she had an illusionary art cast on her, but it came with her since birth! If my conjectures are right, what that person cast should be a wide-range illusionary art, making quite a few people present all fall for it immediately, right?”

“That’s right! Even though this Gu’s strength is a little strong, I was also affected terribly by that illusionary art. I paid an extremely dear price for this before barely managing to forcefully escape alive with my wife. We nearly met with our deaths there!”

Gu Changshun still had some lingering fear in his heart when he recalled the incident back then. Very clearly, it was a very slim chance of survival at that time.

“At that time, your daughter was in the womb, but her divine soul had already gradually condensed and also suffered some influence. It was just that due to the mother’s body’s protection, her influence was not too great. But this bit of influence quietly lied low in her divine soul. In the future, if it triggered by chance, it would be like this now, behaving crazily. Therefore, did your daughter suffer some kind of stimulation three years ago?” Ye Yuan explained.

“This . . . Three years ago, she took fancy on a punk and wanted to be together with him. But I disapproved and locked her up. Who knew that it actually became like this! At first, I thought that she was feigning madness. But later, only when she actually really killed people on sight did I know that something really went wrong with her! Master Ye is truly god-like, to actually deduce the matter back then close to the mark like you saw it with your own eyes just by relying on diagnosing the pulse! Truly impressive! Earlier, how this Gu has given offense, Master Ye, please don’t take offense!” Gu Changshun gave a bow towards Ye Yuan and said.

Ye Yuan waved his hand and said, “You, as a father, I can understand that kind of attitude. But this guy keeps on wagging his tongue here, irritating to the max! That whatever Alchemy Saint, do you still have anything to say now? If there isn’t anything you want to say, can you get lost or not? Unable to achieve anything, but good at ruining things!”

He Shuming never thought that Ye Yuan actually found the cause of the illness miraculously. Furthermore, his deduction was just like he saw it with his own eyes!

Moreover, this kind of cause which lurked in the depths of the divine soul was simply unable to be fished out, alright? Just what kind of method did Ye Yuan diagnose it through?

But hearing Ye Yuan say so, He Shuming became visibly stung and said, “Stinking brat, what did you say?”

Ye Yuan said indifferently, “Isn’t it so? Why is the ten-thousand year profound ice able to suppress mental demons? It’s because it can have an impact on suppressing the divine soul! This kind of illusionary art which incubates in the depths of the divine soul wouldn’t be too dangerous to martial artists. Even if not treated, Miss Gu can completely break through by relying on her own soul force after a few months. But you tied her onto ten-thousand year profound ice, suppressing her divine soul, amplifying the effect of the illusionary art instead! Said that you’re unable to achieve anything, but are good at ruining things. Is that a little light or not?”

Ye Yuan’s words made He Shuming’s countenance changed again and again.

His analysis was incisive. But this way, he actually became the main culprit for Gu Qing’s illness worsening.

With this, how would Gu Changshun view him?

Indeed, Gu Changshun's expression changed. His expression when looking at He Shuming became odd.

Even though he knew that He Shuming was unintentional, the charge of carelessly treating his daughter could not easily be dismissed.

But He Shuming's relationship with the Gu Family was very friendly. Gu Changshun did not know how he should handle it for a moment too.

No matter what, He Shuming was the Ancient Opulence City's only Alchemy Saint powerhouse as well!

Even though this Alchemy Saint seemed rather unworthy of the title in front of Ye Yuan.

### Unrivaled Medicine God

#### **Chapter 726: Meteor Trading Company**

"You! You're making malicious remarks carelessly! If you have the ability, cure Qing-er. Otherwise, don't talk nonsense in front of this old man!" He Shuming said furiously.

"Unraveling illusionary arts is just a matter of a wave of a hand. What's difficult about it?" Ye Yuan said coolly.

He Shuming really wanted to defame Ye Yuan a couple of sentences, but he swallowed his words back down when it reached the tip of his tongue.

This boy's means were indeed rather bizarre. Since he could find the cause of the illness, wanting to cure Gu Qing was likely really not something hard.

"Don't be all talk and no action!" He Shuming said coldly.

But Ye Yuan did not respond. He just looked at He Shuming indifferently, smiling faintly, and not speaking.

When Gu Changshun saw this scene, how could he not know Ye Yuan's intention? He could only say awkwardly, "Brother He, how about . . . you withdraw for a bit first for the time being?"

He Shuming could not help freezing when he heard that. His gaze when looking at Ye Yuan simmered with rage!

"Snort!"

He Shuming flicked his sleeves grandly and left.

"Heh, the fly is finally gone."

Once He Shuming left, Ye Yuan came to Gu Qing's side, muttering incantations from his mouth. He actually recited incantations!

Very soon, Ye Yuan's voice reverberated throughout the entire dungeon in waves in Sanskrit!

"Ah . . . Don't! Don't say any more words!"

Ye Yuan's voice reverberated by Gu Qing's ears, making her expression become as if in pain.

But Ye Yuan was completely indifferent towards Gu Qing's plea and still stubbornly recited the incantations.

All of a sudden, Ye Yuan's reciting voice abruptly stopped!

"Soul cleansing!"

Ye Yuan gave a light cry. That faintly discernible voice drifting in the dungeon poured into Gu Qing's sea of consciousness all at once.

Gu Qing's entire body trembled but did not struggle anymore.

Her two eyes also gradually became limpid from murky.

Ye Yuan turned around and said to Gu Changshun, "Family Head Gu, your daughter is already fine. But she has already been tied on this ten-thousand year profound ice for two to three year's time. This had considerable harm to her divine soul. I'll give a prescription for a medicinal soup. After drinking, she will recover."

Gu Changshun noticed that that noxious air on his daughter's body immediately melted into the air after Ye Yuan's cry.

Ye Yuan indeed fully cured Gu Qing's ailment!

"Master Ye, this Gu is indebted forever!" Gu Changshun said in great joy.

But Ye Yuan said coolly, "Heh, Family Head Gu don't need to be courteous. I'm undeserving of the gratitude. Family Head Gu, don't resent this Ye will do!"

"Dare not, dare not!"

.....

With the Luxuriant Fragrance Hall changing owners, it stirred up a mighty uproar in the Ancient Opulence City.

The district the Luxuriant Fragrance Hall was at was the most flourishing district in the Ancient Opulence City. No matter doing what kind of business here, it could all prosper.

To the Gu Family, this Luxuriant Fragrance Hall could be said to bring in bushels of gold daily, but it got occupied by a Divine Traversing Realm boy who was little known!

When this matter was dug out by people, it made everyone's jaws drop.

Everyone was curious how a Divine Traversing Realm boy seized away such a piece of land from the hands of a colossal giant like the Gu Family.

What made people click their tongues in surprise even more was that the Gu Family as one of the three great aristocratic families actually did not even let out a fart!

The time since Ye Yuan ascended was very short. The people he came into contact with were also very few.

His ability was only circulated among the Ancient Opulence City's upper echelons at present.

Although many people did not know the inside story, everyone exercised restraint towards this rising force virtually without experts.

Because everyone could see that Ye Yuan and Jun Tianyu frequently traveled together. Their relation seemed to be very close.

Looking at the manner of speech and behavior between the two of them, it did not look like the relationship between a senior and a junior at all. Rather, it looked like extremely close friends instead.

With Jun Tianyu backing him from behind, who dared to act rashly without careful considerations?

On this day, Ye Yuan and Jun Tianyu came to a trading company in the city together.

"Younger Brother Ye, if you're seeking collaboration, you should go find the Heaven's Destiny Trading Company with the greatest strength. Why do you want to find a small trading company like the Meteor Trading Company?" Jun Tianyu said in puzzlement.

Ye Yuan helping to treat Gu Qing's illness with the Luxuriant Fragrance Hall as the condition naturally had his own idea.

After entering the Divine Realm, Ye Yuan could be said to be a lone soul now. Wanting to cultivate rapidly, he obviously needed even more resources.

But following the rise in Ye Yuan's realm, his requirements towards resources became increasingly greater too, and more and more expensive.

With his current assets, he simply could not afford it.

When at the Lower Realms, Ye Yuan leaned on a major force like the Wu Fang City and did not have to trouble over cultivation resources before at all.

But after arriving at the Divine Realm, everything was different.

Therefore, Ye Yuan's urgent matter on hand was to earn earth essence crystals or merit points!

If it was like this, selling medicinal pills was naturally the most profitable avenue, and also the channel which Ye Yuan was most skilled in.

Since it was selling medicinal pills, he needed a stable source of spirit medicines. Finding a large trading company to supply the goods was naturally the first choice.

It was just that what made Jun Tianyu puzzled was that Ye Yuan did not reach for the Ancient Opulence City's number one major trading company, the Heaven's Destiny Trading Company, to cooperate. Instead, he chose a second-rate trading company like the Meteor Trading Company to work together with.

Ye Yuan smiled when he heard that and said, "The Heaven's Destiny Trading Company is akin to the sun at high noon in the Ancient Opulence City; it is virtually occupying half of the country. How can such a major force possibly take fancy on us, a puny little Fragrant Medicine Pavilion? Cooperating with the Heaven's Destiny Trading Company, we don't have equal power, nor will they give us this power either.

Rather than going to get rebuffed, we're better off putting up with the second best, choosing the Meteor Trading Company to cooperate. The relative size of Meteor Trading Company's business is very small, and they have always been completely suppressed by the Heaven's Destiny Trading Company. I think . . . they should very much want to take a larger share of the Ancient Opulence City's market."

Regarding this new shop's name, Ye Yuan had thought of it long ago. It would be called the Fragrant Medicine Pavilion.

Jun Tianyu was clearly ignorant regarding this area. Only when he heard Ye Yuan's explanation did he come to a realization.

But there was one point which Ye Yuan naturally would not tell Jun Tianyu. His friendship was quite deep with the Meteor Trading Company's chairman in his previous life.

This life, ascending from the Lower Realms, he naturally had to choose a trading firm he was closer to.

"So that's how it is. I didn't think that there are still so many tricks of the trade in-between this! But I think that when they see those few types of medicinal pills of yours, they will definitely be very willing to cooperate with us. Those few kinds of medicinal pills of yours are simply too incredible!" Jun Tianyu said with an excited look.

Ye Yuan let him test several kinds of medicinal pills' medicinal effects previously. The result was that it astounded him, this Heaven Enlightenment Realm martial artist, greatly!

Ye Yuan's medicinal pills were more than a level stronger than the medicinal pills with the same specifications on the market!

More importantly, Ye Yuan's medicinal pills were sold cheaper than those medicinal pills. If Jun Tianyu were an ordinary martial artist, he would buy Ye Yuan's medicinal pills without any hesitation!

Ye Yuan smiled and walked into the Meteor Trading Company together with Jun Tianyu.

"Dear customer, may I ask if you need anything? Our Meteor Trading Company has just about everything. Meteor Trading Company, weapons, cultivation methods, you can freely pick!"

The moment the duo entered, an elderly person immediately came up to welcome and started promoting the stuff in the shop.

But Ye Yuan smiled and said, "Old man, I see that you have few visitors here. Business doesn't seem to be too good!"

That old man said, "Dear customer, don't look at how we have few people here. The things here are all authentic! Not like some black-hearted merchants, specialized in harming martial artists! Young customer, what thing do you want?"

Ye Yuan said, "I'm not here to buy things. I'm here to find you guys to talk business. I wonder who makes the call in the Ancient Opulence City's Meteor Trading Company?"

[Unrivaled Medicine God](#)

**Chapter 727: Testing Pills**

"Talk business?" The old man could not help freezing.

"I'm the Ancient Opulence Street's Fragrant Medicine Pavilion's owner, Ye Yuan. Oh, it's the former Luxuriant Fragrance Hall," Ye Yuan explained.

"The Luxuriant Fragrance Hall! You're the Luxuriant Fragrance Hall's new owner?" The old man said in surprise.

Regarding the news of the Luxuriant Fragrance Hall changing owners, the old man had obviously heard of it too. But he did not pay too much attention.

The old man never would have thought that this Luxuriant Fragrance Hall's new owner was actually a Divine Traversing Realm young man!

"Our Fragrant Medicine Pavilion plans on running medicinal pills business and specially come to find the Meteor Trading Company to cooperate," Ye Yuan said.

The old man could not refrain from laughing when he heard that and said, "Young man, doing business isn't as simple as you think! You say that you want to do medicinal pills business. I wonder what kind of rank of alchemists that whatever Fragrant Medicine Pavilion of yours have to hold down the fort? Also, what first-rate pill formulas do you have?"

After the astonishment, the old man was somewhat disdainful towards Ye Yuan.

Hair hasn't even grown fully yet, and you're already wanting to come out and do business like others!

He knew Jun Tianyu. Presumably, for the Gu Family to pinch their nose and hand the Luxuriant Fragrance Hall over was likely still because they feared Jun Tianyu.

It was just that the old man was very puzzled why the all along solitary Jun Tianyu would mix together with a snotty brat.

Even though Jun Tianyu was formidable, the old man did not have any fear towards him.

Although the Meteor Trading Company's power in the Ancient Opulence City was weaker, the entire Meteor Trading Company's power was extremely immense!

A puny little Heaven Enlightenment Realm powerhouse was simply inadequate in front of them.

The old man also had the confidence that Jun Tianyu did not dare to be unbridled here.

Ye Yuan gave him a glance and said coolly, "If I didn't see wrongly, your Ancient Opulence City's Meteor Trading Company should be a 6-star branch, right? You're merely a 5-star manager; can't make the decision at all. What's the use of talking about these with you?"

The old man's expression changed, and he said vigilantly, "How did you know that I'm a 5-star manager? No, wait, how are you so clear about the Meteor Trading Company's branch grading? These things, normal people don't know at all!"

Ye Yuan said with a smile, "You don't need to care about this. Just care about bringing me to go see the person who runs things will do."

This old man was clearly also just a shopkeeper and could not make the decision at all. The Meteor Trading Company's head manager should be a 6-star manager.

With Ye Yuan's relationship with the Meteor Trading Company's chairman, knowing this point was too normal.

The old man was just about to refuse when a melodious voice came from the inner chamber.

"Let Mister Ye and Lord Jun come in!"

The old man was helpless when he heard that and could only bring Ye Yuan duo in.

When Ye Yuan heard this voice, he could not help being rather curious. Could it be that the head manager in this Ancient Opulence City's Meteor Trading Company was actually a woman?

The duo following Old Duan into the inner chamber. Indeed, they saw a woman wearing a veil sitting at the left-hand side.

Beside her even stood an elderly person who was shockingly a Heaven Enlightenment Realm powerhouse too!

Seeing Ye Yuan duo enter, their gazes could not help sizing Ye Yuan up. And the moment Ye Yuan came in, he naturally sized this woman up as well.

This woman was merely a Boundless Realm martial artist but sat on the chair while that Heaven Enlightenment Realm martial artist was actually standing behind her.

Looks like this woman's identity was extraordinary.

"Mister Ye is actually aware of my Meteor Trading Company's grading system. Truly unexpected. If it's convenient, can you tell Qian-er where you got to know it from?" The woman called Qian-er took the lead to speak first.

Ye Yuan said, "Business is business. If Miss Qian-er is interested, this Ye can slowly tell you in the future. But this Ye came today with sincerity to talk about cooperation."

Qian-er did not pester too much on this topic. Even though ordinary martial artists did not know about the Meteor Trading Company's grading system, it was not some secret either.

But she was very curious. Ye Yuan was poor and had nothing. What was he using to cooperate with her?

The matter that happened in the city these few days, Elder Duan did not know, but she was crystal clear.

As a major trading firm, if she could not even find out about this bit of information, she did not need to mix around anymore either.

Ye Yuan this youth was absolutely not as simple as seen on the surface!

Disregarding other things, just this Jun Tianyu following Ye Yuan like a guard was not what ordinary people could accomplish!

"Fine then. Since Mister Ye doesn't wish to say anymore, then let's dive right into the topic. Your Fragrant Medicine Pavilion can be said to have zero foundation in Ancient Opulence City. Although there

is Lord Jun conveying, it probably won't be that easy to want to gain a firm foothold. This transaction won't do just by relying on martial strength! Doesn't Mister Ye have the suspicion of wanting to gain something without risking anything of your own by finding us for cooperation?" Qian-er said without mincing her words at all.

Actually, Qian-er did not think this way in her heart at all!

For Ye Yuan to want to establish the Fragrant Medicine Pavilion, he had to choose a trading company to cooperate.

But Ye Yuan did not choose the Heaven's Destiny Trading Company but came straight to the Meteor Trading Company. It was sufficient to discern Ye Yuan's wisdom and farsightedness.

It was just that she did not feel Ye Yuan could have any confidence to collaborate with her either.

But Fragrant Medicine Pavilion's location made Qian-er very moved. Hence, that was why she let Ye Yuan come in.

If the Meteor Trading Company took over the Fragrant Medicine Pavilion, then they would surely be able to cut down the Heaven's Destiny Trading Company's space, letting the Meteor Trading Company open up the market in the Ancient Opulence City.

The Fragrant Medicine Pavilion's site was seriously too good!

Qian-er was not thinking of cooperation at all in her heart, but the Fragrant Medicine Pavilion subordinating to the Meteor Trading Company. Hence, she was aggressive right from the start.

But Ye Yuan smiled when he heard that and said, "Miss Qian-er don't need to scheme in vain. My Fragrant Medicine Pavilion is only seeking a source of goods and doesn't have plans to become any force's subordinate. However, as long as Miss Qian-er promises to provide the Fragrant Medicine Pavilion with a supply of goods, this Ye can guarantee to increase the Meteor Trading Company's market share to 20% within half a year!"

Qian-er's gaze involuntarily sharpened when she heard that, but she revealed a disbelieving look. It was just that her expression was obstructed by the veil, so as to not be too impolite either.

The Meteor Trading Company's market share in Ancient Opulence City now did not even reach 10%; being crushed by the Heaven's Destiny Trading Company until they could not raise their heads.

If they could increase to 20%, that would absolutely be a tremendous improvement.

The profit in this was not a small amount!

Except, Ye Yuan was a puny little Divine Traversing Realm; on what basis could he achieve this?

"Huhu, 20%? Isn't Mister Ye talking in your dreams? Our Meteor Trading Company entered the Ancient Opulence City a little late, but it's been 10 years already too. But in this ten year's time, we only opened up less than 10% of the market share. You want to increase our share to 20% in one go. Isn't this boasting a little too exaggerated?" Qian-er said.

Ye Yuan said with a smile, "20% is just a conservative estimate. If both parties collaborate happily, 30% isn't impossible either. Don't be in a rush to doubt first. Take a look at these few medicinal pills before talking."

As he said, Ye Yuan reached his hand out to the table and wiped. Five to six kinds of medicinal pills appeared in front of Qian-er.

"Mystic Dew Pill, Purpleheart Pill, Tier 5 Essence Restoring Pill . . . These medicinal pills are all common wares. Could it be that Mister Ye's reliance is these?"

Qian-er's tone revealed thick disappointment, feeling like her calling Ye Yuan in was a complete waste of time.

But Ye Yuan said smilingly, "Miss Qian-er, don't be impatient. Why not sample these few medicinal pills first?"

### Unrivaled Medicine God

#### **Chapter 728: Respec**

"Mister Ye, I don't know where your confidence came from. But I feel that the only way of working together between us is the Luxuriant Fragrance Hall's title deed. You offer the land; I offer manpower and goods. This way, everyone will be happy with the collaboration."

Very clearly, Qian-er already lost interest in continuing to talk with Ye Yuan, directly putting her cards on the table.

As for these medicinal pills in front of her, she could not even be bothered to try them at all.

If it was Tier 6 medicinal pills in front of her, then fine. But with some run-of-the-mill Tier 5 medicinal pills, Qian-er normally would not even give it a look. What was there to sample?

While at this time, Jun Tianyu who was silent all along finally opened his mouth.

"Miss Qian-er, don't be mistaken. We came to find the Meteor Trading Company to cooperate, not to seek your charity! Once these few medicinal pills appears on the market, it will absolutely be able to bring a rather scary profit. We came to find your Meteor Trading Company first is to give you guys the opportunity to open up the Ancient Opulence City's situation. Once we find other trading companies to collaborate, it will probably be even harder for you all to survive in the Ancient Opulence City."

These few types of medicinal pills looked very unremarkable. But the profits contained in them were absolutely terrifying!

Even if Jun Tianyu did not understand these, he also knew that this was a chance that Ye Yuan was handing out to the Meteor Trading Company, and not the Meteor Trading Company giving alms to the Fragrant Medicine Pavilion!

It was just that this kind of opportunity, not everyone could grasp it.

Whether or not they cherished it would be up to themselves.

“Heh heh, what high-sounding sentiments! A tiny force who doesn’t even have Alchemy Ancestors actually wants to provide an opportunity for our Meteor Trading Company?” said the elderly man behind Qian-er with a cold laugh.

Very clearly, he also felt that this manner of saying things was too comical.

Without Alchemy Ancestor powerhouses, it meant they were unable to refine Tier 6 medicinal pills.

The profit from selling one hundred Tier 5 medicinal pills did not have as much profit as selling one Tier 6 medicinal pills either!

These few medicinal pills in front of them were all common wares, the most ordinary Tier 5 medicinal pills. There was not much profit to speak of at all.

What kind of waves could such medicinal pills stir up?

The Fragrant Medicine Pavilion wanting to gain a firm foothold in the Ancient Opulence City by relying on these few medicinal pills without even an alchemy ancestor was simply the greatest joke in the world!

Ye Yuan stood up when he heard that and lightly wiped the table, putting away the medicinal pills. Lightly sighing, he said, “Me coming to find you guys to cooperate was taking into account that I have some relationship with the Meteor Trading Company. But Miss Qian-er’s judgment seriously makes people not quite dare to flatter. No wonder the Meteor Trading Company came to the Ancient Opulence City for already as long as ten years and still can’t handle the situation. Since we can’t see eye to eye, farewell!”

Ye Yuan knew that his cultivation realm at present was hard to convince the public. This kind of result was actually within his expectations too. But with his character, he would not deign to extoll his own medicinal pills at all.

Ye Yuan knew that with the Meteor Trading Company’s strength, they definitely already knew of his actions some time ago in Ancient Opulence City.

If they were merchants with foresight, finding him to cooperate now was absolutely a wise move.

Looking at it now, it was his wishful thinking.

Finished talking, Ye Yuan and Jun Tianyu headed out in tandem.

When Qian-er heard Ye Yuan’s evaluation, her delicate body involuntarily shuddered, feeling like she suffered tremendous humiliation.

The Ancient Opulence City kept failing to get a larger share of the market. This was indeed a worry of hers.

Yet, Ye Yuan digging open her scar without any mercy still made her somewhat unable to tolerate it.

“Halt!” Qian-er suddenly stood up and shouted.

But Ye Yuan was like he did not hear it, continuing to walk out.

Qian-er's dainty fists clenched tightly, and she shouted once more, "Ye Yuan, I asked you to stop!"

But Ye Yuan still did not stop, looking like he was going to go out soon.

Right at this time, that Heaven Enlightenment Realm powerhouse behind Qian-er moved!

*Chiii!*

Yet, when his figure had just moved, a peerlessly fierce and swift sword qi also arrived instantly!

*Boom!*

The elderly man fell back several steps in a row before he could barely manage to stop his figure.

Very clearly, he lost this round.

But because of him taking action, Ye Yuan and Jun Tianyu stopped moving.

The old man was a Heaven Enlightenment Realm powerhouse. Although Jun Tianyu was powerful, he was not powerful to the extent of disregarding him either.

"I've long heard that Jun Tianyu's sword intent is unparalleled. Seeing it today, it indeed lived up to its name!" the old man praised him.

"You flatter me! However, while the transaction didn't work out, our amicable relationship is still there. If you're like this again next time, then don't blame me for not being courteous!" Jun Tianyu said coolly.

Just arrogant!

Even when facing a colossal titan like the Meteor Trading Company, Jun Tianyu similarly dared to utter threats!

The elderly man's expression changed slightly, but he really did not dare to make a move.

That sword earlier was just a modest display of a master's skill, but it already let the old man see Jun Tianyu's might.

"Miss Qian-er was just asking you guys to stay. Why must your esteemed self be so overbearing?" said the elderly man with a somber look.

Jun Tianyu said coolly, "The matter of the Fragrant Medicine Pavilion, Ye Yuan makes the call for everything. Since he doesn't wish to stay, I naturally won't stay either."

Qian-er's and the old man's expressions changed slightly when they heard that!

The exalted Ancient Opulence City's number one swordsman actually listened to a Divine Traversing Realm brat's orders. This simply made people dare not believe it.

Previously, they all thought that between Jun Tianyu and Ye Yuan there was a relationship of equals.

Looking at it now, it was totally not like this!

What difference was there between the current Jun Tianyu and an underling?

After the shock, Qian-er came before Ye Yuan with quick steps and extended a palm out to him, saying with a huff, "Give it to me! I want to see just what miraculous aspects these few common wares of yours have! To actually give you such great confidence!"

Although Qian-er's face was rather obscure being separated by a veil, without needing to look, one would also know that she was a little girl in a fit of pique right now, wanting to prove that Ye Yuan's medicinal pills had not a single redeeming feature!

But Ye Yuan smiled when he heard that and said, "I gave you the opportunity earlier already. You didn't grasp it yourself."

Qian-er said coldly, "*Humph!* Pretending to be mysterious! Your medicinal pills are probably a pile of trash, right?"

Ye Yuan shot Qian-er a glance rather surprisedly. Why would the Meteor Trading Company send such a young lass over to manage affairs?

This kind of judgment, this kind of forbearance, how could she possibly manage a trading firm well?

Currently, the Meteor Trading Company striding forward with difficulty in the Ancient Opulence City was probably all because of this little lass, right?

Seeing Ye Yuan's eyes, Qian-er felt like she was being humiliated by people.

If Jun Tianyu looked down on her, she absolutely would not be so livid with rage.

But what did Ye Yuan count as?

He was just a measly little Alchemy Sovereign! Moreover, a brat who was still wet behind his ears!

"If you say that it's trash, then it's trash. What's the point of debating over this now? Miss Qian-er, if you want to negotiate, straighten out your attitude first. I've made known my attitude right from the start. I'm here to seek a collaboration, not looking for alms. You want to obtain other people's respect, but first, you have to learn to respect others," Ye Yuan said coolly.

Qian-er could not help becoming stiff when she heard that.

This brat was actually lecturing her!

When she was commanding the wind and clouds in the trading firm, this brat was still drinking milk at god knows where!

He actually dared to lecture her!

"Fine! I'll give you adequate respect! But if those medicinal pills of yours are all a bunch of trash, what then?" Qian-er sucked in a deep breath and said somberly.

#### **Chapter 729: Profits**

Ye Yuan thought about it and said, "How about this, if my medicinal pills can't make the cut, the Fragrant Medicine Pavilion is yours. I only want 10% of the profits. If my medicinal pills make the cut,

you guys provide the medicinal herbs, we're responsible for refining the pills. Profits are 70% for me, 30% for you."

Qian-er's brain revolved very quickly and answered immediately, "Fine! Bring the medicinal pills over. I want to see just what miraculous areas those common wares of yours have!"

Ye Yuan smiled and took the medicinal pills out once more.

Qian-er snatched over the medicinal pills and was going to stuff it into her mouth when she was stopped by the old man.

"Miss Qian-er, better let me!"

Qian-er pushed aside the elderly man's hand and said indignantly, "It's fine. I don't believe that he dares to poison me to death!"

As she said, Qian-er threw a Tier 5 Essence Restoring Pill straight into her mouth, cocking her head like putting on a show of force.

Ye Yuan did not respond. He just quietly waited for Qian-er's reaction.

"*Heh*, merely thus! Ye Yuan, you lost! Isn't this Tier 5 Essence Restoring Pill the same as normal ones? Even the taste is . . . *En?*"

Qian-er's words were said halfway when it was swallowed right back down. The expression on her face became interesting as well.

Qian-er was a Boundless Realm medicinal pill. Tier 5 medicinal pills did not have much effect on her.

But the good and bad of medicinal pills, she would know with a try.

At this time, the expression on Qian-er's face became extremely fascinating. Even when separated by a veil, it was also able to make people sense her shock.

"This . . . How is this possible?" Qian-er muttered under her breath.

"Miss, what's wrong? Could it be that his medicinal pills are really different?" asked the elderly man curiously.

But Qian-er did not reply him, picking up the Mystic Dew Pill and swallowing it down directly.

With this, the expression on Qian-er's face became even more unthinkable.

Following that was the Purpleheart Pill . . .

By the time she sampled all of the medicinal pills, her entire person was trembling.

"Miss, what's the matter?"

When the old man saw Qian-er's reaction, he could not help getting rather worried.

Qian-er suddenly grabbed hold of the old man's arm and said agitatedly, "Elder Duan, these . . . these medicinal pills simply have limitless potential! With them, we can definitely open up the Ancient Opulence City's market! No, we can definitely drive out the Heaven's Destiny Trading Company!"

"Uh, so exaggerated? Just what miraculous aspects do these medicinal pills have?" Elder Duan also said curiously.

Qian-er said agitatedly, "Of course it's this exaggerated! These Tier 5 medicinal pills, each type of medicinal effect are 40-60% stronger than medicinal pills of the same kind! Once such medicinal pills are rolled out, what kind of demand do you think it will incur from Divine Traversing Realm martial artists?"

Elder Duan's pupils constricted slightly as well when he heard that and said, "How is that possible? These few types of Tier 5 medicinal pills are all extremely mature medicinal pills. It's simply impossible to increase that much medicinal efficacy."

Qian-er said excitedly, "That's why I say that not only can we gain a larger share of the Ancient Opulence City's market, but we can also squeeze out the Heaven's Destiny Trading Company!"

Qian-er's eyes emitted light as if already seeing the outcome of the Heaven's Destiny Trading Company being completely beaten down.

"Are these few medicinal pills of mine still passable?" Ye Yuan asked with a smile that wasn't a smile.

"More than just passable! It's simply too incredible! With these medicinal pills, our Meteor Trading Company . . ."

Qian-er's words were said halfway when she noticed Ye Yuan currently looking at her with a half-smile. Only then did he come to realize that even if these medicinal pills were any more incredible, what relations did they had with her?

Ye Yuan said with a smile, "With Miss Qian-er's attitude, my medicinal pills should be considered a pass. Then our agreement . . . can it be honored or not?"

Qian-er could not help freezing when she heard that and said with an embarrassed look, "This . . . Earlier, what I said were all words said in anger. Can we talk it over again or not?"

Ye Yuan shook his head and said, "A gentleman never goes back on his words. How can things agreed upon be reneged?"

"But I'm not a gentleman! I'm a girl!" Qian-er twisted logic to win the argument.

"Heh, so what then? Actually, I really brought sincerity here this time. Originally, my plan was to divide 50/50; that way, everyone will be happy. I gave your Meteor Trading Company the opportunity. It was you who didn't grasp it yourself. Whatever you say now is already too late." Ye Yuan was not moved and said indifferently.

It was fine if Ye Yuan did not say it. The moment he said it, Qian-er regretted!

She despised Ye Yuan in such manner earlier and even wanted to swallow up the Fragrant Medicine Pavilion.

Looking at it now, it was simply foolish to the extreme!

In this short while, the Meteor Trading Company lost 20% profit straight away. This made people too depressed.

Qian-er could foresee that as soon as these medicinal pills entered the market, there would absolutely be massive amounts of earth essence crystals rolling in.

20% profit was absolutely generous to the extreme!

But now, could it be that she had to let 20% profit sink into the water?

Qian-er was very unresigned!

Her eyes swiveled around and recalled the words Ye Yuan said before leaving. She opened her mouth and said, "Didn't Mister Ye say that you have some relationship with our Meteor Trading Company? Qian-er apologizes to you here. On account of our two families' relationship, give back the 20% profit to us, all right?"

Talking until the back, Qian-er's words even had somewhat of a spoiled child's overtone.

Her voice was nice to listen to. If it were a guy, their bones would probably turn limp under such an attack.

Ye Yuan was, of course, moved as well. But this sort of outcome was Qian-er's own fault. He would not sympathize.

"Miss Qian-er don't need to waste your efforts already. Things that this Ye decided, nobody is able to change it! The profit I can give you guys now is only 30%. If you guys aren't willing, I can find other trading firms to collaborate. I believe that this Ye's medicinal pills should interest quite a few trading firms," Ye Yuan said resolutely.

Of course, there would be quite a few trading firms who would be interested!

The medicinal effects of the medicinal pills increased 40-60% from the original base. Such a substantial increase was simply a martial artist's must-have!

This sort of medicinal pills, how could other trading companies possibly not be interested?

Seeing Ye Yuan's attitude so resolute, Qian-er regretted inwardly!

Except, she could also tell that Ye Yuan really did not plan on yielding.

*Stinking brat! Since when has this Granddaughter begged people so meekly and humbly before? You actually fail to appreciate the favor!* Qian-er said indignantly in her heart.

These words, she just thought about it in her heart but did not dare to say it out.

Angering Ye Yuan, then there was really no collaboration anymore.

Qian-er said helplessly, "Fine then, I yield! 30% means 30% then! It's just that the medicinal effects of your medicinal pills are so strong. The cost probably rose quite a bit, right?"

Ye Yuan said smilingly, "Miss Qian-er rest assured. The cost of these medicinal pills is only 70-80% of those medicinal pills out there."

"What?! Y-You aren't joking, right? The medicinal effect increased so much, but the costs are lower than ordinary medicinal pills instead?" Qian-er nearly jumped up.

"*Huhu*, this Ye doesn't have the habit of cracking jokes. The Meteor Trading Company can send people to supervise the consumption of medicinal herbs as well as the output of medicinal pills. If this Ye is lying, it will naturally be clear," Ye Yuan said with a smile.

". . . . ."

Qian-er already did not know what she should say!

She currently felt that what Ye Yuan said was not wrong at all. She, this manager, was seriously too lacking in vision, losing 20% profit in vain!

### Unrivaled Medicine God

#### **Chapter 730: Discount Promotion**

The Heaven's Destiny Trading Company was the Ancient Opulence City's largest trading company and also occupied the most profitable districts in the Ancient Opulence Street. It just happened to be facing the new Fragrant Medicine Pavilion opposite the street.

Now that the Fragrant Medicine Pavilion was about to open for business anew, many people naturally adopted a wait-and-see attitude as well, having a look if this Fragrant Medicine Pavilion could cause any impact to the Heaven's Destiny Trading Company or not.

Different from the Fragrant Medicine Pavilion, the Heaven's Destiny Trading Company's business scope was rather extensive.

Whatever martial artists required, they virtually dabbled in all of it.

But to talk about what was the most profitable, it was undoubtedly still medicinal pills. No reason other than medicinal pills were one-off consumable goods. It was indispensable to martial artists.

Regardless of where martial artists walked to, they could not be missing medicinal pills on them.

If two martial artist's strength did not have a big difference, when fighting to the end, a lot of times, what they fought out with were actually medicinal pills!

Alchemists' statuses were lofty. This was also a very important reason for it.

With the Fragrant Medicine Pavilion opening for business, as the Heaven's Destiny Trading Company's chairman, Zuo Xin obviously would not be that at ease.

He got the Heaven's Destiny Trading Company's head alchemist, also the Ancient Opulence City's one and only Alchemy Saint powerhouse, He Shuming, to come over and discuss countermeasures.

"Alchemy Saint He, the Fragrant Medicine Pavilion opposite is going to open for business tomorrow. They already let out news that there are several types of medicinal pills about to appear on the market. Could it . . ." Zuo Xin said rather worriedly.

If it were before, Zuo Xin absolutely would not be worried about a Divine Traversing Realm boy.

But now, even He Shuming became Ye Yuan's defeated opponent. He had no choice but to place emphasis on it.

Hearing Zuo Xin's words, He Shuming was also annoyed inwardly. But he still said coolly, "Rest assured, Chairman. Ye Yuan this brat is at the very most just a measly little Alchemy Sovereign. How big a wave can he stir up? Even if his medical skills are overwhelming, it's futile if he can't find Tier 6 medicinal pills too! I want to see just how he will use Tier 5 medicinal pills to gain a firm foothold in this Ancient Opulence City!"

Actually, Zuo Xin thought this way in his heart too. But he was really quite uncertain on what move to make. Was Ye Yuan really a young calf who did not fear the tiger, or was he simply a fool?

Picking up the gauntlet opposite of the Heaven's Destiny Trading Company, where did his confidence come from?

As the Heaven's Destiny Trading Company's helmsman, Zuo Xin was naturally aware of Ye Yuan's stunning performance in the city recently.

But he also knew that those people Ye Yuan cured, Tier 6 medicinal pills were not used at all!

This also indicated that Ye Yuan could not refine Tier 6 medicinal pills.

One had to know that the greatest consumer group in the Ancient Opulence City were Boundless Realm martial artists. Below Boundless Realms were mostly impoverished people. Even though this group was extremely massive, those who truly had consumer power were not many.

"I wonder if Alchemy Saint He has any countermeasure?" Zuo Xin inquired.

He Shuming said with a cold smile, "Rest assured, Chairman. I've already arranged a grand show! I want to take a look at what mood this brat would have when this Fragrant Medicine Pavilion goes out of business on the first day it opens for business."

Hearing He Shuming said so, Zuo Xin set his mind at ease too. But he asked curiously, "Grand show? What kind of grand show?"

"Heh heh, you'll naturally know at that time! However, our Heaven's Destiny Trading Company has to take some action too. I want to make Ye Yuan this brat unable to survive even a day in the Ancient Opulence City!" He Shuming said coldly.

Although the Heaven's Destiny Trading Company was helmed by Zuo Xin, He Shuming's status was extraordinary.

It was also exactly because they had He Shuming that the Heaven's Destiny Trading Company could overpower the masses, sitting firmly on the throne of number one all along.

Zuo Xin nodded his head when he heard that and said, "That's of course! I've already made the arrangements. Starting from tomorrow, all of the Heaven's Destiny Trading Company's Tier 5 medicinal pills will be sold at 20% discount. If the Fragrant Medicine Pavilion has Tier 6 medicinal pills, our Tier 6 medicinal pills will also be sold at a discount."

"Heh heh, Chairman is indeed experienced and vicious! Giving out an offer of 20% in one go. We can crush them completely in terms of price. He, a newbie, I don't believe that he can afford a war of attrition with us! Most likely, they would have to wind up shop in a few days." He Shuming laughed delightedly.

"Huhu, no idea what kind of price the Fragrant Medicine Pavilion paid either, to actually be able to make the Meteor Trading Company back them up from behind. But I think that the price they paid is definitely not small. But that Ye Yuan is indeed a clever person. If finding a backer in the Ancient Opulence City with their strength, the Meteor Trading Company is indeed the most apt," Zuo Xin said.

Hearing that He Shuming also prepared a big move, the anxiety in Zuo Xin's heart also went away.

With both simultaneously, this Fragrant Medicine Pavilion was bound to not operate for long.

"That brat has nothing at all apart from the Fragrant Medicine Pavilion's title deed! Other than this title deed, what else can he take out?" He Shuming said.

Zuo Xin nodded his head in agreement too. He thought so as well.

.....

The next day early morning, the Ancient Opulence Street's Fragrant Medicine Pavilion opened for business.

For the sake of the grand opening this time, the Meteor Trading Company also put down an arm and a leg.

They revamped the entire Fragrant Medicine Pavilion's decorations to a brand new look. Just looking at this shop front, it was absolutely not inferior to the Heaven's Destiny Trading Company opposite!

Once the surrounding martial artists saw this stance, this was completely taking up the challenge with the opposite!

But when these martial artists saw this sort of situation, they were secretly gleeful in their hearts too.

With two major trading companies challenging each other, it could not dispense with some price war. The medicinal pills which they originally did not dare to sell could be sold this time.

Although they did not feel that the Fragrant Medicine Pavilion could sustain for long, in this period of time, it was the most economical time for them as ordinary martial artists.

The Fragrant Medicine Pavilion's side had yet to officially open for business when the Heaven's Destiny Trading Company's manager already opened up its front doors and yelled at the top of his voice, "Everybody, my Heaven's Destiny Trading Company has always received everyone's great kindness. So we decided to give back to our friends. Starting from today, for one month, all of the Heaven's Destiny Trading Company's Tier 5 and below medicinal pills will be sold at 20% discount without exception!"

"20%! I didn't hear wrongly, right? Heaven's Destiny Trading Company really poured in blood capital this time!"

"Yeah. The quality of Heaven's Destiny Trading Company's goods is very good. But the prices are all very pricey too. Moreover, it always remained high and never went down. This time, in order to squeeze this newly opened Fragrant Medicine Pavilion, they are actually selling at 20% discount for a month straight!"

"Haha, even though we don't hold much hope for this Fragrant Medicine Pavilion, we still have to thank them! Did you guys hear that or not? This Fragrant Medicine Pavilion doesn't even have one Alchemy Ancestor powerhouse. They can only sell medicinal pills below Tier 6."

"En, I've heard too. This kind of strength, how could they dare to challenge Heaven's Destiny Trading Company? The Heaven's Destiny Trading Company has Alchemy Saint He holding down the fort!"

"Who cares. Either way, it's good that we buy medicinal pills cheap!"

The manager's words caused a huge uproar among the martial artists.

Very soon, the martial artists originally planning on crowding around and watching the Fragrant Medicine Pavilion's grand opening all ran inside the Heaven's Destiny Trading Company one after another.

For some time, the Heaven's Destiny Trading Company was thronged with visitors inside, like a market, while the Fragrant Medicine Pavilion's side appeared quite deserted.

But there were still some martial artists who remained here still. These martial artists were mostly low on funds. Even if the Heaven's Destiny Trading Company were selling at a discount, they had the heart but were lacking in strength regarding those medicinal pills too.

Hence, they wanted to try their luck at the Fragrant Medicine Pavilion here, to see if they could pick out some good stuff at a low price.

After all, a low-grade medicinal store that only sold Tier 5 medicinal pills, the price presumably should not be very high, right?
