Chapter 891: Formidable Bai Meng

“True dragon bloodline! This Ye Yuan actually carries true dragon bloodline!”

Inside the fighting arena, cries of exclamations sounded out all around.

True dragon bloodline itself was nothing much. There were quite a number of human clans that possessed true dragon bloodline.

But Ye Yuan’s terrifying dragon pressure made clear to all the purity of his bloodline.

Under such dragon pressure, Yan Shan’s body was actually trembling!

Although he tried his very best to control himself to not tremble, that sort of desire to submit originating from the bloodline made him lose control over himself.

“You guys, look! Ye Yuan he ... actually cultivated dragon blood to the boundary of dragon transformation!”

At this moment, Ye Yuan’s right arm actually thoroughly transformed into a dragon claw!

The all the way unmoved like an ancient well Bai Meng finally revealed astonishment in his eyes at this time. But his astonishment only flashed past before fading, recovering composure very quickly.

“Coiling Dragon Heaven Devastating Palm!”

The fleshy body strength of the right arm which turned into a dragon’s claw rose by goodness knows how many times. Using the Coiling Dragon Heaven Devastating Palm at this time, the power was unparalleled!

It was as if an azure dragon was going to crush a myriad life on earth. What did a puny little Yan Shan count as?

Boom!

Under a palm, Yan Shan was directly smashed into a blurry mess of flesh and blood!

It was also that Yan Shan fused with the Thousand Mile Cloud Chasing Leopard bloodline and his fleshy body was likewise incredibly powerful, that he could barely manage to maintain a human form.

“How ... How is this possible?” Yan Shan looked at Ye Yuan, still unwilling to believe this fact until now.

“There’s nothing impossible! Old Freak Wei is too extreme and already offended the entire Demon Region! Moreover, whether or not this extraction and refinement method can obtain genuine divine beast blood essence is also something that cannot be known. At the very least, it won’t be much easier than breaking through to Deity Realm.” Ye Yuan said coolly.

Yan Shan had shock written all over his face. He did not think that Ye Yuan actually knew so many things.

Old Freak Wei was an extremely mysterious genius figure. Apart from those major powers in the Divine Realm, very few people were aware of his existence.

This fellow did not follow conventional thinking and loved to capture members of the demon race to extract and refine divine beast bloodline, wanting to obtain genuine divine beast blood essence through this sort of method.

It was just that divine beast bloodline extracted and refined with this kind of method was too heterogeneous. Experimental subjects like Yan Shan would basically all be reduced to half-human, half-beast lunatics in the end; a tool that only knew how to kill people.

Old Freak Wei had killed god knows how many demons and already became the public enemy of the demon race.

If not for the human race was too powerful, a war between the two races would probably have already occurred at this point.

Even so, the Holy Region had no choice but to represent humans to declare Old Freak Wei wanted at large. Only then did it calm down the fury of the Demon Region.

This guy was simply a troublemaker!

“Apologies. The nonsense is a little much. I’ll send you on your way right now!”

A cold light flashed. Yan Shan’s head directly flew out. This third level’s powerhouse who rose sharply was killed by Ye Yuan just like this.

On the grandstand, when Nalan Chu saw this scene, he was unbelievably agitated.

When he woke up and heard that Ye Yuan started Asura Mode, he was anxious until he nearly jumped up. But the Asura Mode had already been activated. He could do nothing but bite his nails as well.

Helpless, he could only make Sun Qi help him to the fighting arena, but just happened to see Yan Shan and Ye Yuan face off.

Regarding Ye Yuan killing Yan Shan, Nalan Chu was not very surprised. What he was truly worried about was Bai Meng!

Bai Meng this guy, his strength was unfathomable. No one in the entire third level knew his depths.

Although Nalan Chu was very confident in Ye Yuan, facing an enigmatic guy like Bai Meng, he still had no confidence in his heart.

“Next, Bai Meng!” The gray-robed middle-aged man’s words were still calm. But that slight tremor still betrayed his state of mind at this time.

Ye Yuan and Bai Meng’s showdown should be the pinnacle battle of Heaven Enlightenment Realms. Just who was strong and who was weak between the two people, this was something that everyone was waiting to see.

Bai Meng slowly stepped forward. Looking at Ye Yuan, he said coolly, “You’re very strong!”

Speaking until here, Bai Meng paused a bit, seemingly waiting for Ye Yuan's response. Yet ... Ye Yuan did not give him the slightest reaction.

"However, you're not my match! Take your own life, I can leave you an intact corpse!"

Bai Meng's words revealed powerful self-confidence. After watching Ye Yuan's exaggerated fight and still being able to say this kind of words, if Bai Meng was not a moron, then he was powerful until it made one's hair stand on end!

Very clearly, Bai Meng this powerhouse who domineeringly occupied the third level's number one belonged to the latter.

Bai Meng's words aroused a wave of commotion. Quite a few people were all very stunned.

"Bai Meng is really too confident! Ye Yuan's performance is already sufficient to shock people's hearts. He actually did not take it to heart at all."

"The strength that Yan Shan displayed is much stronger compared to when he battled with Demon King! Ye Yuan was able to utterly crush him. Could it be that he still doesn't have the qualifications to face-off with Bai Meng?"

"Heh heh, Bai Meng is Bai Meng, he's indeed my idol! I believe that he's absolutely not bragging, but have sufficient strength to kill Ye Yuan!"

In the crowd, some people had doubts about Bai Meng's words. There was also a portion of the people who felt that Bai Meng had a well thought out plan.

But no matter what, Bai Meng's strength was sufficient to threaten Ye Yuan. This point, nobody doubted it at all.

"The matter of besieging Demon King, you should have participated as well, right?" But Ye Yuan gave an answer which was irrelevant.

Bai Meng smiled slightly and said, "This sort of trick, I'm actually very disdainful. But a puny little Demon King is not worthy of me making a move yet. So ... I let the people below go and play on their own."

Bai Meng did not have the slightest intention of denying it. He had no need to deny it either.

In his eyes, Ye Yuan was already a dead man. He had no need to mind a dead person's attitude.

Hearing that, Ye Yuan's nodded his head slightly and said, "Very good. Begin then!"

Bai Meng smiled as he said, "I knew that you won't be willing to submit. But once I make a move, you probably won't have the chance anymore!"

Boom!

While everyone had yet to react to it, Ye Yuan's body already flew out like a cannonball, slamming heavily onto the grand array.

Seeing this scene, everyone drew a cold breath.

"What happened just now? Did you guys see clearly?"

Everyone on the grandstand exchanged glances, all not quite certain of what happened.

The two people were clearly still talking the previous moment, why was Ye Yuan sent flying suddenly?

A faint smile still hung on Bai Meng's face as he said, "I said before, once I make a move, you won't have the chance anymore! Your fleshy body is indeed not bad, but in my view, it's completely not worth mentioning! Do you know why I remained in the third level? Simply because my cultivation realm hasn't broken through to Phaseless Realm yet! But ... my fleshy body has already broken through to Tier 8 long ago!"

Tier 8 fleshy body!

This was still Ye Yuan's first time encountering a human martial artist stronger than him in body refinement!

That punch earlier, Ye Yuan used his right arm to protect his whole body at the most critical moment, blocking Bai Meng's attack.

Otherwise, whether Ye Yuan could stand right now or not was an issue!

Ye Yuan's right arm fused with the primeval dragon bone. In terms of strength, it could absolutely reach Tier 8. But his body's other areas did not break through to Tier 8.

Even so, Ye Yuan felt like his right arm was about to break.

The might of this punch was seriously too powerful!

Ye Yuan himself also did not expect that this Bai Meng would actually be so strong!

[Unrivaled Medicine God](#)

Chapter 892: Ye Yuan's Trump Card!

"Bai Meng's fleshy body has actually broken through to Tier 8 already. How to fight? Ye Yuan was too impulsive. It was fine if he challenged Yan Shan, he shouldn't have thrown in Bai Meng!"

"With Bai Meng's strength, he can enter the fourth level long ago! It's just that he'd rather be the head of a chicken than the tail of a phoenix, that's why he stayed in the third level. He'll only enter the fourth level when his essence energy cultivation realm breaks through to Phaseless Realm."

"Ye Yuan is already very strong! He carries the dragon race bloodline, and his fleshy body is powerful beyond comprehension. But facing the Tier 8 fleshy body Bai Meng, he can only die aggrieved."

Ye Yuan cut down Yan Shan. This made many people look forward to his showdown with Bai Meng.

But now, facing such a powerful Bai Meng, they could not see the tiniest scrap of chance of Ye Yuan winning at all.

A streak of fresh blood flowed out from the corners of Ye Yuan's mouth. Clearly, that punch earlier already damaged his insides.

But this bit of injury did not count for anything to Ye Yuan at all. He revolved the Tyrant Dragon Regeneration Art and this bit of injury recovered in a blink of an eye.

Ye Yuan loosened up his body and said with a smile, "Tier 8 is it? A little interesting! At least, it can make me get serious! If you're as weak as that trash just now, that will be too meaningless!"

Bai Meng's expression fell, and he said disdainfully, "Still planning on holding strong? Boy, I'll give you another chance, end your own life. Otherwise, once I make a move, it won't be that easy for you to preserve an intact corpse."

But Ye Yuan said with a laugh, "Looks like you've stayed too long in the third level and became somewhat arrogant and conceited! Enough crap, bring it!"

"Humph! You're courting death yourself, can't blame me for it!" Bai Meng gave a cold snort and suddenly vanished from sight.

Bang!

Ye Yuan was struck flying by Bai Meng once more with a punch!

This time, Bai Meng did not pause. He wanted to dispose of Ye Yuan in one go.

Ye Yuan felt like the bones in his entire body was going to fall apart. He clashed a punch with Bai Meng just now, but the other party's fist was seriously too powerful, making him actually somewhat unable to hold his own.

Bai Meng attacked again. Ye Yuan did not dare to spurn it. Lifting his hand, it was another punch!

Bang!

Ye Yuan was struck flying once more!

The current Bai Meng was just like a war chariot; crushing Ye Yuan frenziedly. Ye Yuan was like a sandbag under his hands, being hit flying around everywhere by him.

But what made Bai Meng depressed was that no matter how he exerted strength, he was unable to thoroughly dispose of Ye Yuan.

He could feel that Ye Yuan's fist was likewise incomparably tough; absolutely not inferior to his fleshy body. But Ye Yuan's entire body's strength was unable to keep up, resulting in him being at an absolute disadvantageous position in terms of strength.

Ye Yuan revolved the Tyrant Dragon Regeneration Art to the limits once more, healing the wounds on his body constantly, so as to deal with Bai Meng's next attack.

Under Bai Meng's attacks, Ye Yuan was weak like a leaf floating along with the wind; without the slightest strength to retaliate at all.

In a twinkle, Bai Meng unleashed a hundred punches but was forcefully withstood by Ye Yuan.

Bai Meng did not hold back in the slightest. These hundred punches, he poured in every last ounce of strength but was unable to take Ye Yuan down.

"Huff, huff, huff ..."

Bai Meng finally ceased his attacks, Ye Yuan's pants were like puffing bellows.

Bai Meng's condition was slightly better, but from the sweat drops at the sides of his head, one could also tell that his exhaustion was likewise not little.

"Haha, j-just this bit of strength? Didn't you say that once you make a move, I won't have the chance anymore? Turns out that your bragging abilities are much more formidable than your actual skills!" Ye Yuan gasped for air, but his words were full with ridicule.

Grabbing hold of this gap, Ye Yuan also crazily urged his Tyrant Dragon Regeneration Art, restoring his internal organs' wounds.

Ye Yuan felt like his entire arm was already no longer his. He practically did not even have the strength to lift his arm.

But what made Ye Yuan excited was that his fleshy body was becoming stronger bit by bit. It was already not far from breaking through to Tier 8!

Ye Yuan was obviously not a fool. The reason why he took a beating like this was that he discovered that this kind of limit fighting style could squeeze out the potential of the primeval dragon bone, making his refinement become even faster!

This short while's time was sufficient to match up to a hundred days of his bitter cultivation already.

At present, people able to make Ye Yuan fight under this kind of extreme state was really very seldom-seen.

Without a doubt, Bai Meng had this strength.

Encountering an opponent with such a powerful fleshy body was indeed very hard.

Hearing Ye Yuan's words, Bai Meng's expression was incomparably ugly.

He could tell from Ye Yuan cutting down Yan Shan that although Ye Yuan's fleshy body was strong, he was absolutely not his match.

But this brat was actually very spooky. He really could not do anything about him for a short while.

Seeing Ye Yuan taunt, Bai Meng's face was black like the bottom of a wok.

"Whether it's bragging or not, you'll know right away! But I have to admit, you're already rather impressive to be able to force me to use this move!"

Only to see Bai Meng roar. The garment on his upper body immediately exploded, his entire body's explosive muscles exposed in front of everyone.

The seven stars on his glabella gradually hid from view, turning into clouds of black gas, revolving around Bai Meng.

"Black Demon Tyrannical Martial Fist!"

A horrifying aura reverberated on the fighting arena. Even when separated so far away from Bai Meng, everyone on the grandstand could still sense the might of this punch.

They were all sighing endlessly in their hearts. If Ye Yuan did not go and provoke Bai Meng, maybe he could still hang on for a while.

But now, Bai Meng was enraged!

Under this one punch, Ye Yuan had no chance to be spared.

When Sun Qi saw this scene, his expression could not help changing drastically, and he said to Nalan Chu, "Lord Demon King, this ... what to do about this?"

Nalan Chu's face still had a ghostly pale look but did not panic or lose his head at Ye Yuan's circumstances.

Hearing that, he replied with a smile, "If Bai Meng is only at this level, he's dead for sure. Although I don't know why Ye Yuan dragged until now, this punch should be able to force out Ye Yuan's trump card!"

Sun Qi's expression changed as he looked at Nalan Chu in disbelief.

Could it be that fighting until now, Ye Yuan actually had not brought out his most powerful trump card yet?

In the fighting arena, Ye Yuan drew out the Starmoon Sword neither too quickly nor too slowly. A faintly discernible sword intent started rising in the field.

This sword qi was not strong. It was not as peerless as Bai Meng's move. But it was like a stubborn little grass in the cracks of a rock on a cliff; very tenacious!

"Will ... Soaring ... to the Skies!"

Ye Yuan lightly slashed a sword out, without any flashiness, without the slightest threat. The way the vast majority of the martial artists saw it, it was even somewhat hilarious.

But when the gray-robed middle-aged man at the side of the arena saw this scene, his expression changed!

This sword intent was condensed and did not radiate. But the powerful strength contained within, he sensed it vividly!

Swish!

Under everyone's disbelieving eyes, this sword easily cleaved apart that indomitable fist of Bai Meng's. After that, the remaining force did not reduce, splitting Bai Meng's entire person into two halves!

Bai Meng's corpse that collapsed on the ground still had wide circles for eyes. Clearly, he could not believe everything that happened before his eyes.

He had clearly occupied the absolute initiative, why did he die in a wink of an eye?

"H-How can it be like this? How can this flimsy slash possibly cut down the Tier 8 fleshy body Bai Meng?"

This was what everyone thought at this instant.

Unrivaled Medicine God

Chapter 893: Snatching People

“What a terrifying sword! This brat’s sword intent has probably already reached the sixth-stage! How in the world did he comprehend it at this young age?”

When the gray-robed middle-aged man saw this sword, he had an indescribable shock in his heart.

To be able to comprehend a supreme true intent to the level of sixth-stage, they were basically all some famous old monsters.

Like Ye Yuan this age, that was virtually something impossible.

The comprehension of a supreme true intent, the further back, the more arduous. The greater the power too. But wanting to cultivate a supreme true intent to the level of the great circle of perfection, that was absolutely as hard as ascending to the heavens!

But Ye Yuan already comprehended sword intent to such a level at such a young age. Cultivating to the great circle of perfection seemed like it was just a matter of time too.

“Bai Meng ... died just like this? I still can’t believe my eyes right now.”

“Ye Yuan he ... succeeded in challenging Suicide Mode? Furthermore, who he challenged was even the third level’s number one person!”

“My God! He succeeded in challenging Asura Mode. How many years has it been since this sort of thing happened in the Asura Arena? Ye Yuan, he created a miracle!”

At this time, some people finally realized that Ye Yuan was challenging Asura Mode.

This challenge that went by Suicide Mode was actually completed by Ye Yuan!

These Heaven Enlightenment Realm peak geniuses were actually slaughtered cleanly by Ye Yuan within a day just like this!

This kind of battle result was seriously too heaven-defying!

On Ye Yuan’s glabella, the sixth star was currently condensing and forming. Killing 20 people in one go, furthermore, they were all opponents ranked extremely highly.

The Slaughter Concept’s values on their bodies were very high, especially Bai Meng. A large portion of the Slaughter Concept would enter Ye Yuan’s body after their death.

The gray-robed middle-aged man came in front of Ye Yuan and opened his mouth to say, “Ye Yuan, you succeeded in challenging Asura Mode and will obtain 500 points as a reward! Additionally, top-tier cultivation chambers are free for you to use for one month!”

Ye Yuan nodded his head and said, “Many thanks!”

Finished talking, Ye Yuan was just about to turn around and leave when he was stopped by the gray-robed middle-aged man.

“I’m the Seventh Slaughter General, Mo Shang, under Exalt Netherkill’s command. I wonder if you’re interested to join Exalt Netherkill’s command and became the Ninth Slaughter General? Don’t worry, the Exalt rarely makes the slaughter generals do things. You can have more time to cultivate. Furthermore, apart from the regular points and essence crystals incentives, you’ll obtain every month, you’ll even have more authority!” The gray-robed middle-aged man suddenly said.

“Exalt Netherkill?” Ye Yuan’s brows furrowed. Clearly, it was his first time hearing of this name.

“Exalt Netherkill is the most mysterious existence among the 12 Exalts. Even us Eight Great Slaughter Generals have never met him before either! It’s precisely because so that he normally rarely intervenes in our, slaughter generals’, affairs, and also rarely orders us to do things. Furthermore, he’s extremely stringent in selecting slaughter generals. The number of slaughter generals under his command is also the least. But each of us slaughter generals can fight one on two!”

Mo Shang explained, clearly very proud about becoming a slaughter general under Exalt Netherkill’s command.

“Oh? Since that’s the case, you can make this decision on Exalt Netherkill’s behalf?” Ye Yuan said with a smile that was not a smile.

But Mo Shang said solemnly, “If even you don’t have the qualifications either, then nobody is qualified! In these 10 thousand years, you’re the first martial artist to succeed in challenging Asura Mode! Furthermore, your challenge is different from the rest. The people you challenged were all the strongest batch in the third level!”

But when Ye Yuan heard that, he started to ruminate. Mo Shang did not interrupt him either. He just quietly waited for his reply.

But the martial artists on the grandstand all burst into an uproar.

“Did you guys hear it? Lord Mo Shang is actually inviting Ye Yuan to become a slaughter general under Exalt Netherkill’s command!”

“Yeah! Exalt Netherkill only has eight slaughter generals under his command. Moreover, each one of them is a peak Phaseless Realm powerhouse. Ye Yuan is merely just initial-stage Heaven Enlightenment Realm, and he’s actually invited to become a slaughter general already!”

“Although Ye Yuan’s cultivation realm is not high enough, his potential is too great! In this sort of place like the Asura Arena, leaping realms to battle is extremely seldom-seen. Ye Yuan is only Third Level Heaven Enlightenment, and he’s actually able to easily cut down the first place Bai Meng. This kind of genius is bound to be exceedingly popular!”

“Heh heh, it’s still Lord Mo Shang who is smart! After Ye Yuan exits this place, probably apart from Exalt Heavenly Hedonist and Exalt Blazing Fire, the other exalts will all send people here to snatch him. If Ye Yuan agrees, Lord Mo Shang would have performed an exceptional meritorious service!”

The people were currently discussing animatedly when a melodious female voice sounded out in the sky above the fighting arena.

“Mo Shang, Ye Yuan is someone that this exalt has taken fancy on. You actually dare to cut me off?”¹ The voice was very moving, but the tone was very unfriendly.

It was another wave of exclamations on the grandstands. People who dare to proclaim themselves as ‘this exalt’ were only exalts!

A lord exalt actually came personally to snatch people!

When Mo Shang heard the voice, his expression could not help changing!

“This ... Mo Shang dare not! Mo Shang didn’t know that Ye Yuan was actually somebody that Exalt Si Yin has taken a liking to! But I think that Exalt Netherkill will definitely be very interested in Ye Yuan too.” Mo Shang hesitated for a moment and said.

“Insolence! Are you using Netherkill to pressure me here?” Si Yin reproached. A piercingly cold killing intent instantly enveloped the entire fighting arena.

Everyone’s hearts turned cold. It was as if they had their throats strangled, virtually unable to breathe.

Was this exalt-class killing intent? Too powerful!

“Mo Shang dare not! Exalt Si Yin, please calm your anger!”

Under Si Yin’s threat, Mo Shang had no choice but to lower his head.

How could a trifling slaughter general possibly be an exalt’s match?

The 12 Exalts were the Asura Arena’s real administrators.

Right at this time, another male voice sounded out.

“Si Yin, are you bullying juniors again? We had an agreement between us before, not to force the Asura Arena’s martial artists to choose camps, did you forget?” The male voice carried a smile as he said.

“Humph! Coldblood, when did I force Ye Yuan to choose camps? Mo Shang is just a slaughter general, could it be that this exalt can’t teach him a lesson?” Si Yin said with a cold snort.

This male voice should be Exalt Coldblood.

Exalt Coldblood descending at this time, his goal naturally could be understood without further explanations as well!

Now, there were actually three big camps coming to snatch Ye Yuan! This glory, likely no one in the Asura Arena had it!

Coldblood said with a smile, “Huhu, good that you didn’t force! Ye Yuan, this exalt is one of the 12 Exalts, Exalt Coldblood. Right now, I want to recruit you to become a slaughter general under my command! As for the terms, 100 points every month, in addition, 50 heaven essence crystals. You can invoke top-tier cultivation chambers to use as and when you like. How’s that?”

The moment Coldblood’s words came out, everyone all sucked in a cold breath.

This treatment was way better than ordinary slaughter generals.

“Ye Yuan, you should have guessed who this exalt is, right? Serve under my command. I’ll give you 200 slaughter points every month and 100 heaven essence crystals! Apart from this, when you buy things in the Asura Shop, 50% discount without exception!” Exalt Si Yin said coldly.

Two mighty exalts actually started losing all decorum in front of Ye Yuan!

Ye Yuan suddenly smiled when he heard that and opened his mouth to say, “Two Lord Exalts, junior suddenly had some enlightenment in the battle just now and need to enter closed-seclusion to meditate over it. I’ll take my leave first!”

Done talking, Ye Yuan swaggered off.

Chapter 894: Proclamation Coming Out

“The latest issue of the Earth Carnage Proclamation is freshly out! Everybody, quickly come and take a look!” On the streets, someone started crying out.

The Heaven’s Secret Tower would issue a Heaven Carnage Proclamation and Earth Carnage Proclamation list once every half a year, publishing and binding into a book, and issuing to all corners of the Chaotic Devil Sea for free.

Being in a favorable position, Asura City was naturally the place to obtain the proclamations first.

Whenever this time came, many martial artists would all abandon cultivation in order to take a look at the list, to see if they were ranked on the list or not.

This list was very authoritative. Basically, the difference in ranking on the Earth Carnage Proclamation determined the depths of each one’s strength.

Just like assessing the Ten Great Divine Kings back then, there were naturally people who were unconvinced by this ranking. They would go and challenge martial artists ranked higher than them on the Earth Carnage Proclamation, so as to prove that this proclamation was utter rubbish.

But the final result was that nine out of ten challengers all failed.

In the end, it naturally proved that this list was not completely correct. But the authority of this list was also established from then on.

Close to two months time had already passed since Ye Yuan killed Bai Meng. This period of time, Ye Yuan had always been in closed-seclusion inside the top-tier cultivation chamber, turning a complete deaf ear to the various exalts’ roping in of him.

And today, was the day a new issue of the proclamations were issued. The martial artists in the entire city were all craning their necks in anticipation.

“This half a year, my strength advanced greatly. Quickly help me see if I made it on the list or not!”

“Let me take a look ... uh, already checked until 450th place already. Doesn’t seem like there’s you!”

“No way, right? I ... I actually failed again!”

Asura City, just inside the Asura Arena had several tens of thousands of martial artists. Furthermore, all of them were formidable rivals. Wanting to slaughter into the top 500 was absolutely not an easy thing.

Although everyone was all energetic and in high spirits, the final results were mostly disappointment.

After the disappointment, the people were more zealous about those powerhouses' ranking changes.

And the one receiving the most attention among them was undoubtedly the Ye Yuan who cut down Bai Meng not long before.

Before that, they were all spreading that Bai Meng would be able to climb to the number one position this time. Since Ye Yuan killed Bai Meng, number one should be something without the least bit of suspense, right?

"Quickly flip ahead, take a look if number one is Ye Yuan or not!" Someone urged.

"En? Number one ... is still Mu Yang! It's actually not Ye Yuan!"

"No way, right? Did you see wrongly or not? Bai Meng's fleshy body broke through to Tier 8, Mu Yang shouldn't be Bai Meng's match! Ye Yuan slew Bai Meng, how can he possibly not be on the Earth Carnage Proclamation?"

This person clearly did not believe it and snatched the list over. Focusing his eyes and looking, indeed, he saw that the number one name was still Mu Yang.

What was recorded on the Earth Carnage Proclamation was the entire Chaotic Devil Sea's experts and not all of the experts in the Asura Arena. This Mu Yang was not inside the Asura Arena, but he overpowered Bai Meng to become the Chaotic Devil Sea's number one.

Now that Ye Yuan slew Mu Yang but was still unable to surpass Mu Yang, could it be that this Mu Yang's strength was already daunting to this sort of degree?

"It's not right! You look downwards some more, even if Ye Yuan isn't first place, he can at least rank into the top ten, right?" This sentence reminded everyone. They hurriedly looked downwards.

But from first place to 20th place, there was still no sight of Ye Yuan's name.

These people were unreconciled to it and continued to look down. But the more they looked down, the more disappointed they got. They looked all the way to the 300th place but still did not see Ye Yuan's name.

With this, everyone was depressed.

"What kind of lousy Earth Carnage Proclamation! Heaven's Secret Tower that bunch of fools, they are messing with us here, right? Someone as powerful as Ye Yuan actually can't even get on the Earth Carnage Proclamation?" That martial artist threw the Earth Carnage Proclamation onto the ground and said disdainfully.

They all saw Ye Yuan's strength with their own eyes. If even Ye Yuan could not get on the Earth Carnage Proclamation, then wasn't these rankings on the Earth Carnage Proclamation sheer nonsense?

“Forget it! Everyone says that Heaven’s Secret Tower is omniscient. I think it’s also just like that! Forget it, forget it, better take a look at the Heaven Carnage Proclamation! If there are no accidents, the Heaven Carnage Proclamation this time should still be Dou Jue, right? I just wonder if any of those few that came out from the third level entered the Earth Carnage Proclamation this time or not.”

The moment these words came out, a bunch of people immediately became excited too, and took out the Heaven Carnage Proclamation and started looking.

“500th place, Zhen Hong. 499th place, Guo Xun. 498th place, Liu Ye. Heh heh, these few lords indeed got on the proclamation after half a year’s time of accumulation! En? 4 ... 495th place, Y-Ye Yuan! N-No way, right?”

“Haha, are you teasing me? Ye Yuan is just Heaven Enlightenment Realm, how can he possibly get on the Heaven Carnage Proclamation? If you’re lying to Your Father, you should also use some brains, alright?” Another person said with a laugh.

“W-Who’s joking with you? If you don’t believe, see for yourself!” As he said, that person directly threw the list to the other party.

“Heh heh, I’ll look then! Your Father has never heard before that a Heaven Enlightenment Realm martial artist can even get on ...”

He was just talking when his eyes also glimpsed the last few names on the Heaven Carnage Proclamation. Ye Yuan’s name was shockingly there!

“R-Really got on the Heaven Carnage Proclamation! This ... How is this possible?”

Very soon, the news of Ye Yuan getting on the Heaven Carnage Proclamation swept across the entire Asura Arena’s third level like a tornado.

In the Asura Shop, Exalt Si Yin looked at the Heaven Carnage Proclamation list in her hand, her expression very ugly.

“Shao Kai, what do you think?” Si Yin asked the middle-aged man in brocade beside her.

“In this subordinate’s view, Ye Yuan definitely obtained a very big breakthrough in these two months of seclusion. Although he was also very strong when fighting with Bai Meng, he shouldn’t be powerful to a degree where he gets on the Heaven Carnage Proclamation. But it’s precisely because so that this Ye Yuan is even more terrifying! His growth rate is too fast!” Shao Kai said solemnly.

Under normal circumstances, after the martial artists on the Earth Carnage Proclamation broke through to Phaseless Realm, there would be a period of accumulation before they had a chance to get on the Heaven Carnage Proclamation.

After all, the people on the Heaven Carnage Proclamation were not to be trifled with. Even if those Heaven Enlightenment Realm geniuses were any stronger, it was also impossible to immediately surpass these Phaseless Realm seniors.

“As time passed, people’s understanding of the Heaven Carnage Proclamation and Earth Carnage Proclamation had also deviated. Actually, the Heaven’s Secret Tower issuing this proclamation was originally ranked according to strength and potential, and not at all divided according to cultivation

realm. Normally speaking, the Heaven Carnage Proclamation is the real powerhouse list, while what the Earth Carnage Proclamation regards as more important is potential. However, Ye Yuan being able to ascend to the Heaven Carnage Proclamation with Heaven Enlightenment Realm cultivation, this is the first time since the two proclamations were published!" Si Yin said.

Shao Kai nodded his head rather approvingly as he said, "This Ye Yuan is truly remarkable! Sadly ... it will probably not be easy for Lord Exalt to want to bring him under your command."

Si Yin's expression fell, clearly quite vexed.

Indeed, Si Yin was somewhat regretting now! Had she long known about today, she would have directly offered the points to help Ye Yuan buy the Slaughter Sword Art.

Delivering charcoal in the snow was more favorable than adding flowers to embroidery.

Wanting to rope in Ye Yuan now would probably need to expend a greater price.

"Heavenly Slaughter Pit is going to open very soon. We need Ye Yuan right now! No matter how great a price I spend, I must pull Ye Yuan over to my side!" Si Yin gritted her teeth and said.

Chapter 895: Crucial Role

Just as the outside world expected, these two months time, Ye Yuan's strength increase was all-round!

Experiencing Bai Meng's battle, Ye Yuan finally found the opportunity for body-refinement to breakthrough to Tier 8.

After half a month, Ye Yuan drew support from the power of medicinal pills and broke through to Tier 8 in one stroke!

Breaking through to Tier 8 brought tremendous changes to Ye Yuan.

The primeval dragon bone's energy was released further, making Ye Yuan's cultivation realm rise a great deal too, directly bursting through the Fourth Level Heaven Enlightenment's bottleneck, finally reaching Sixth Level Heaven Enlightenment.

What made Ye Yuan even more surprised was that his dragon wave finally broke through to middle-stage spirit rank after the breakthrough this time!

Ye Yuan's talent in dragon wave, even Long Teng marveled greatly with admiration. But after he broke through to spirit rank, the rate of progress had always been very slow.

The power of the Coiling Dragon Heaven Devastating Palm, Ye Yuan had always relied on the advancement of the fleshy body to increase it.

All the way until this time, Ye Yuan's dragon wave finally broke through the bottleneck.

After breaking through to middle-stage spirit rank, the power of Ye Yuan's Coiling Dragon Heaven Devastating Palm had an extremely great increase.

Ye Yuan also became aware that after his dragon wave was cultivated to spirit rank, the frequency of that sort of vibration reached a very terrifying level. Wanting to make any more advancements were countless harder than before.

This was also the reason why he had always been unable to break through the middle-stage bottleneck.

With the strength of Ye Yuan's Tier 7 fleshy body, wanting to reach that sort of vibration frequency was virtually something impossible.

This time, Ye Yuan broke through to Tier 8, the strength of his fleshy body had a tremendous increase. Only then did it let him break through the bottleneck in one stroke.

Of course, the increase in dragon wave made the power of the Void Dragon Shadow Punch have a substantial increase too. But because Ye Yuan's Scorching Supreme True Intent still remained at a standstill, this limited the increase of Ye Yuan's strength.

The remaining half a month, Ye Yuan was constantly cultivating the Spirit Bristle Nine Yang Divine Art's seventh layer martial technique — Blazing Sun Heavenly Fire!

This time, Ye Yuan did not cultivate in seclusion with a one-track-mind.

He thought of a possibility, since the Vast Heaven Stele was able to help him comprehend concepts, then if he entered the Vast Heaven Stele's space to cultivate this martial technique, would he comprehend it faster or not?

Ye Yuan visualized the Blazing Sun Heavenly Fire and entered the Vast Heaven Stele's space. He discovered that inside the Vast Heaven Stele's space, there was actually a transparent silhouette battling him with Blazing Sun Heavenly Fire!

Furthermore, this transparent person's Blazing Sun Heavenly Fire was actually at minor accomplishment!

This discovery made Ye Yuan pleasantly surprised!

Such an opponent was simply tailor-made for him!

This half a month's time, Ye Yuan was demolished by this transparent person goodness knows how many times. Finally, it made his Blazing Sun Heavenly Fire reach minor accomplishment!

This sort of cultivation speed was simply rated as horrifying!

One had to know what when Ye Yuan comprehended the Void Fire Mark back then, he spent quite a few month's time.

But the difficulty of the Blazing Sun Heavenly Fire was god knows how many times greater than the Void Fire Mark.

Ye Yuan actually only used half a month to cultivate the Blazing Sun Heavenly Fire to minor accomplishment.

As such, his Scorching Supreme True Intent also smoothly broke through to the second-stage!

Two months later, Ye Yuan exited seclusion fully satisfied and contented.

After exiting seclusion, the first one he went to find was naturally Demon king Nalan Chu.

What made Ye Yuan surprised was that when he found Nalan Chu, that gray-robed middle-aged man, Mo Shang, actually just happened to be present.

The moment Nalan Chu saw Ye Yuan, it was like he saw his savior. He hurriedly pulled him to one side and said, "Oh my Young Lord, you finally exited seclusion! If you still don't leave seclusion, my doorway will be trampled broken!"

Ye Yuan took a look at Nalan Chu and glanced at Mo Shang, and instantly knew what happened in this period of time.

Looks like those few exalts all did not give up!

Unable to find him, they actually set their eyes on Nalan Chu.

Looking at Nalan Chu, Ye Yuan smiled and said, "Huhu, don't act meek after receiving benefits! These two months, accepted gifts until your hands became weak, right?"

Nalan Chu's face involuntarily reddened when he heard that. He was just about to explain when he heard Ye Yuan say again, "Heh, if you accepted, then keep it. Since lord exalts they all are so courteous, we can't fail to appreciate favors either!"

Ye Yuan knew that these exalts finding him one by one was definitely not taking fancy on his potential, but because he had some areas for them to exploit.

In this sort of place like the Chaotic Devil Sea, if one naively thought that their talent was regarded highly by some important figure and want to groom heavily, then the final outcome would definitely be very tragic.

Since that was the case, why not take it since there were benefits?

But Nalan Chu passed Ye Yuan a storage ring and said, "The gifts I accepted are all here. These gifts were gifted targeted at you. It should belong to you."

But Ye Yuan smiled and pushed it back, saying, "If they gave you, just take it. Being polite for what? Could it be that you think they will still treat me shabbily?"

Finished talking, Ye Yuan circled around Nalan Chu and clasped his hands towards Mo Shang, saying with a smile, "What a nice mood Senior Mo Shang is in, to actually come here and be a guest."

Mo Shang smiled bitterly when he heard that and said, "You, this brat, really can't do anything about you! Don't tell me that you don't know my intentions for coming!"

Ye Yuan smiled and refrained from commenting.

Mo Shang could not help being somewhat gloomy about his blow landing on cotton. But he opened his mouth again, "Senior, this word, I don't deserve it! You're a powerhouse on the Heaven Carnage Proclamation now too! Logically speaking, we should be of the same generation. If you don't mind, just call me Elder Brother Mo."

Ye Yuan froze. He had yet to understand what was going on when Nalan Chu explained, "The other day, the new issue of the Heaven Carnage Proclamation and Earth Carnage Proclamation were already published. Your name appeared on the 495th place of the Heaven Carnage Proclamation! This matter has already caused a huge commotion in the Asura Arena."

Only when Ye Yuan heard did he come to realize it.

He himself also did not think that he would actually get on the Heaven Carnage Proclamation.

But Ye Yuan estimated his strength presently a little, beating Sixth Level Phaseless martial artists shouldn't be anything difficult. Getting on the Heaven Carnage Proclamation did not seem to be something hard to believe either.

It was just that, what made Ye Yuan surprised was that he was in closed-seclusion for two months and his strength had a tremendous increase. Such a thing actually could not hide from the Heaven's Secret Tower's eyes and ears.

This Heaven's Secret Tower was seriously mysterious until it made people feel terrified.

Ye Yuan in closed-door seclusion, if he was spied on by others, it was impossible to not detect anything at all. Then how did Heaven's Secret Tower come to know that he had the strength to leap realms and battle?

"Elder Brother Mo, even if Younger Brother, I, got on the Heaven Carnage Proclamation, compared to you, I'm afraid the disparity is still too great, right? You already said that Exalt Netherkill is extremely stringent in selecting slaughter generals, why would he pick me?" Ye Yuan asked with a smile that was not a smile.

Actually, Ye Yuan already had some guesses in his heart. It was just that he still needed to confirm it through Mo Shang's mouth.

Although Ye Yuan gleaned considerable benefits in the Chaotic Devil Sea, he did not forget his objective of coming here.

Long Teng was still in slumber and needed Skandha Divine Stones to nourish.

And Skandha Divine Stones was the Chaotic Devil Sea's local specialty!

This matter, very few in the outside world knew. But with Ji Qingyun's status, he was naturally aware.

Skandha Divine Stones were inside the Heavenly Slaughter Pit!

Mo Shang did not hesitate. Opening his mouth, he said, "One month later, the Heavenly Slaughter Pit will be opening! When the time comes, the 12 Exalts will bring a large group of subordinates to enter inside! And you will play a major crucial role!"

Chapter 896: Conditions

"Heavenly Slaughter pit?" Ye Yuan intentionally pretended to not know.

Mo Shang nodded his head. Darting a glance at Nalan Chu, Nalan Chu got the meaning and left on his own accord.

After Nalan Chu left, Mo Shang explained, "This is a secret only limited to slaughter general-class to know! The Asura Arena has limitless good stuff and also a set of slaughter rules that the outside world doesn't. And these all originate from the Heavenly Slaughter Pit!"

"The Heavenly Slaughter Pit is an ancient battlefield, and also a land where gods fall! There are inexhaustible treasures inside. Of course, it also comes with tremendous danger. The Heavenly Slaughter Pit opens once every ten years. And two months later is precisely the ten-year date."

Ye Yuan's face made a surprised expression at the right time, but asked, "What does that have to do with me?"

Mo Shang said, "Entering the Heavenly Slaughter Pit the last time, the exalts discovered a grotto. And opening the grotto requires dragon race bloodline."

Ye Yuan came to a realization when he heard that. No wonder these exalts were all like flies, watching closely and not letting go.

"In that case, I'm a rare commodity in short supply right now? It's just ... ten years passed all at once, these Exalts can't have not prepared any backup plans, right?" Ye Yuan said with a smile that was not a smile.

Although dragon race bloodline was scarce, as long as one searched seriously, they could still find some.

Since these exalts got their eyes on that grotto, it was impossible to not find martial artists carrying dragon blood in these ten years.

"That is, of course! It's just that martial artists carrying dragon race bloodline aren't easy to find. The ones who found dragon blood martial artists now are only four or five exalts." Mo Shang.

"Since they already found four or five, why do they still want to come looking for me?" Ye Yuan could not help asking curiously.

"That, I'm not too sure. Maybe they took a liking to your strength. Because that grotto, exalts can't enter! Furthermore, since it requires dragon race bloodline, the treasures inside are very likely to be related to the dragon race. People carrying dragon race bloodline naturally have a greater chance of obtaining treasures." Mo Shang guessed.

Hearing Mo Shang's explanation, Ye Yuan could not help frowning and say, "Looks like, there were exalts who perished in that grotto?"

This sort of thing, one would only know after testing it out personally.

Mo Shang nodded and said, "The last time the Heavenly Slaughter Pit opened up, everyone accidentally stumbled upon and barged into the Dragon Sovereign Territory. As a result, two Exalts were directly obliterated by the rules inside! Exalt Si Yin and Exalt Blazing Fire were supplemented in after that."

This Asura Arena had operated for several tens of thousands of years. But there had always been just 12 Exalts. Only after one of the exalts died, would the people below have a chance to fill in the vacancy to become an exalt.

However, even if there wasn't the Dragon Sovereign Territory incident, the replacing of the 12 Exalts was also very frequent.

Virtually every time the Heavenly Slaughter Pit opened, there would be several exalts who die inside.

However, there were too many good stuff inside the Heavenly Slaughter Pit. Each time it opened, the exalts would advance and fill the gaps left by fallen comrades, and enter the Heavenly Slaughter Pit to seek treasures.

"Huhu, actually, It doesn't matter to me. It's just that since the exalts are unable to enter, how would he know how many treasures I annex inside?" Ye Yuan said with an indifferent look.

Mo Shang said, "Joining under the command of an exalt is not a verbal agreement, but swearing upon one's own Absolute Kill Token! After swearing, the exalt and the slaughter general will reach a kind of agreement. Once the slaughter general violates the oath, his life and death will be up to the exalt to control. Of course, as long as you don't go against the oath, the exalt won't erase you either."

Ye Yuan thought about it and said, "It seems like that I have no choice."

Mo Shang nodded his head and said, "Under this sort of circumstances now, you indeed don't have a choice anymore! If you reject all of the exalts, you'll probably become their common enemy!"

Becoming the common enemy of the 12 Exalts, this did not sound like a fun thing no matter what.

But his life and death being controlled by others was clearly not Ye Yuan's style.

"Then ... speaking of which, why should I join under Exalt Netherkill's command?" Ye Yuan said with a smile that was not a smile.

Mo Shang was clearly long prepared and said with a smile, "Lord Exalt has already promised, as long as you agree, entering the Dragon Sovereign Territory this time, all of the things you acquire will belong to Younger Brother Ye yourself. Lord Exalt he only wants one thing inside! I think that this promise, the other exalts are all unable to do it! Younger Brother Ye, you have just exited seclusion. I believe the other exalts will also come and look for you. At that time, Younger Brother Ye can do a comparison."

Mo Shang was very confident. Because when Exalt Netherkill stated this condition, even he was taken aback too.

Who knew that Ye Yuan did not show a surprised expression and said with a smile, "Sounds pretty good! Then just as Elder Brother Mo says, this Ye will make a decision again after shopping around."

Sending away Mo Shang, Ye Yuan could not help pondering.

Looks like the competition between the 12 Exalts was also quite fierce. Whatever fishy activities were going on in-between this, probably only they themselves would know.

Ye Yuan's objective this trip was the Skandha Divine Stone. But hearing Mo Shang say so, he also became interested in this Dragon Sovereign Territory.

As for the Absolute Kill Token oath that Mo Shang talked about, Ye Yuan did not take it to heart. Some things, he would only do for Mo Shang to see.

With Ye Yuan's tricks, how could wanting to control him be easy?

...

Indeed as Mo Shang predicted, a full day's time, apart from Exalt Heavenly Hedonist, Exalt Blazing Fire, and Exalt Si Yin, the other nine Exalts all sent people over.

It was just that the terms these exalts offered were all not as generous as Exalt Netherkill.

Comparing them, it seemed like Ye Yuan could only agree to Exalt Netherkill.

What made Ye Yuan somewhat surprised was that Exalt Si Yin actually did not come over.

Looking at her behavior that day, she should regard Ye Yuan very highly. In the end, apart from Exalt Heavenly Hedonist and Exalt Blazing Fire, only Exalt Si Yin did not come.

Just as Ye Yuan thought that she would not come, at midnight, Si Yin actually came over personally.

"Exalt Si Yin gracing me with your grand presence, I'm truly honored by your visit!" Ye Yuan said with a smile.

Si Yin said expressionlessly, "Ye Yuan, you should know this exalt's intention for coming, right? State your conditions. As long as you swear fealty to this exalt, this exalt can promise you any terms!"

But Ye Yuan smiled when he heard that and said, "Exalt Si Yin coming to find this Ye, isn't it in order to catch up on old times?"

Si Yin's expression changed, and she said with a cold snort, "Ye Yuan, this Exalt came personally and the conditions are up to you to state. Could it be that this sincerity is still not enough?"

Ye Yuan said smilingly, "Lord Exalt's attitude isn't right! If you want to talk about sincerity, Lord Exalt stating clearly your request this trip seems to have more sincerity, right?"

Ye Yuan was not some easy to hoodwink person. Si Yin, as an Exalt, lowered her attitude to come to find Ye Yuan personally, she definitely had considerable motives.

At least, Ye Yuan's function to Si Yin was indispensable.

The more Ye Yuan obtained, the more he naturally had to pay as well. Maybe he kicks the bucket inside, then all of the promises would naturally vanish like mist and smoke too.

Including that Exalt Netherkill, he only wanted one thing inside. That thing was definitely not that easy to get.

These things, Ye Yuan had a score in his heart.

If he must pick an exalt, Ye Yuan actually leaned more towards Exalt Si Yin.

Unrivaled Medicine God

Chapter 897: Coercing an Exalt

Si Yin's expression turned cold, clearly very displeased with this attitude of Ye Yuan.

She had become an exalt for close to ten years already. Who in this Asura Arena did not quake in their boots when they saw her?

But this brat still wet behind his ears before her eyes actually started shaking his tail feathers in front of her!

However, Si Yin really could not do without Ye Yuan this trip. Hence, that was why she humbled herself and bent her knee to come and see Ye Yuan personally.

Ye Yuan was very popular right now. If she did not come personally, Ye Yuan definitely would not choose her.

"Humph! The terms they offer are good, but do you have the life to take it? The last time the Heavenly Slaughter Pit opened, the several dozen Phaseless Realm experts who entered the Dragon Sovereign Territory, only a measly few people came out! Your strength is decent, but that's also just within Heaven Enlightenment Realm! You got to know that the ones going in this time are all Heaven Carnage Proclamation martial artists, while you merely rank at the end of the Heaven Carnage Proclamation!" Si Yin said with a cold snort.

This kind of thing naturally did not need Si Yin to remind. Ye Yuan understood in his heart. Except, want to cheat him, Ye Yuan, those few guys were probably not qualified enough yet.

It was just that Ye Yuan perceived some overtones from Si Yin's words.

"Hearing the meaning in Lord Exalt's words, seems like you're not planning on entering the Dragon Sovereign Territory?"

Ye Yuan was rather curious. Since all of the exalts were very interested in the Dragon Sovereign Territory, that place should have quite a bit of treasures. But this Exalt Si Yin seemed to have other plans.

"The Dragon Sovereign Territory is merely just a giant scam. Wanting to obtain treasures from inside is even harder than ascending to the heavens! You follow this exalt, this exalt will naturally ensure your safety and even give you enormous benefits!" Si Yin offered the biggest ace in the hole.

No matter how great the treasures were, one also had to have the life to take it. This promise of Si Yin's counted as giving Ye Yuan an insurance to both get benefits and also return safely.

However, Ye Yuan did not seem to buy it and said indifferently, "Say in detail."

Si Yin was helpless and could only control her temper and said, "The last time this exalt entered the Heavenly Slaughter Pit, I discovered a grotto in a remote area. This Exalt merely just search for a bit at the peripherals, and I found a lot of good stuff. This exalt being able to become an exalt was all thanks to this grotto. It's just that there is a stone gate there that is completely immune to essence energy. This exalt couldn't open it even after racking my brain."

“So, you took fancy on that I’m a body-refinement martial artist, that’s why you would invite me to join your camp?” Ye Yuan followed up.

Si Yin did not reply, but the meaning was already very clear.

Ye Yuan did not hesitate much and said with a nod, “Okay, deal! After entering that grotto, I want half of the treasures. In addition, I have the right to have a priority pick of the treasures three times!”

Si Yin’s expression changed. She did not think that Ye Yuan would actually open his mouth to demand an exorbitant price. She said in a cold voice, “You really dare to demand for this! This Exalt waited for ten years, could it be to prepare the wedding gown for you?”

Ye Yuan smiled and said, “I haven’t said finish yet! I can join your camp, but we must enter the Dragon Sovereign Territory first!”

This time, Si Yin was really enraged; “Ye Yuan, don’t reach out for a yard after taking an inch! Do you think that this Exalt really must find you?”

Ye Yuan shrugged his shoulders and said, “Since that’s the case, then there’s nothing to discuss. Lord Exalt, please find someone more capable!”

Finished talking, Ye Yuan was about to turn around and leave. Si Yin was enraged until her lovely body was trembling wildly. She really wanted to smack Ye Yuan to death with one slap.

A Heaven Enlightenment Realm brat actually dared to be so unbridled in front of her, this exalt!

But at this juncture, she could not find a second choice at all already. Si Yin’s seniority among the 12 Exalts was the most shallow. Her force was also the smallest, completely unable to compete with the other Exalts.

Encountering such a body-refinement talent was not easy to come by for her.

“Hold it!” Finally, Si Yin still caved. She opened her mouth and said, “Give you 40% of the treasures and the right to have priority pick of the treasures one time!”

Ye Yuan did not have a single trace of ripple and still carried on walking forward.

Si Yin bit her lower lip hard, her expression grim until it was almost about to drip water. Yet, she finally still opened her mouth, “Fine! I promise you! However, you must enter that grotto together with me first!”

Only then, did Ye Yuan turn around in satisfaction and said smilingly, “There’s nothing to discuss! Disregarding whether or not that grotto you mentioned have any dangers, even if it has no danger at all, by the time I enter the Dragon Sovereign Territory, the treasures would have long been divided finish by them. Going in for what then? Although the Dragon Sovereign Territory is an extremely perilous place, through these ten years of preparations, I believe that the various mighty exalts definitely prepared many ways of escape. The casualties definitely won’t be as high as the last time.”

Si Yin said with a grim face, “Can. But I have no way of escape that can guarantee that you come out safely!”

Ye Yuan said with a smile, "As for that, this Ye still have some confidence in myself. Furthermore, me representing Lord Exalt to go in, you can at least obtain some benefits, don't you agree?"

Si Yin wanted to refute Ye Yuan very much. But under this sort of circumstances, she completely could not do anything to Ye Yuan.

If Ye Yuan joined other people's camp, she might not even get to drink a mouthful of soup entering the Heavenly Slaughter Pit this time.

But if she could enter that grotto, she had faith that she could obtain even greater harvests! At that time, she would be the most powerful existence among the 12 Exalts.

Si Yin's face revealed an extremely conflicted expression. Ye Yuan was in no hurry either, quietly waiting for Si Yin's reply.

In the end, Si Yin still thoroughly compromised.

"Fine, I'll comply with you! Swear an oath to the Absolute Kill Token then!" Si Yin said coldly.

An Absolute Kill Token Oath was different from a Heavenly Dao Oath. It was more like a sort of contract between the exalt and their subordinates.

Ye Yuan did not hesitate, swearing an oath to the Absolute Kill Token with the contents of the two people's agreement.

Ye Yuan sensed that a surge of baffling energy entered into his divine soul from the Absolute Kill Token.

It was just that the moment this energy entered his divine soul, it was thoroughly wiped out by the Soul Suppressing Pearl!

Seems like after the last time, the Soul Suppressing Pearl was more automatic in doing things. This kind of bizarre energy seemed to be deemed harmful by the Soul Suppressing Pearl, so it was directly wiped out by it.

It was just that looking from the exterior, Si Yin could not tell the slightest bit of abnormality. Her Absolute Kill Token also received the contents of the oath.

Inside, there was Si Yin's portion of her duties. If she violated them, she would similarly get a backlash from the Absolute Kill Token.

Existing in the Asura Arena for so many years, probably only Ye Yuan could force an exalt to accept this sort of oath.

"From now onwards, you're a slaughter general under my, Si Yin's, command! If anybody dares to cause you trouble, directly report this exalt's name!" Si Yin said coldly.

Ye Yuan said smilingly, "Then many thanks, Lord Exalt! However, I still have a tiny request. I wonder if Lord Exalt can satisfy it or not?"

Si Yin thought about it and said, "You just joined this exalt's banners, there ought to be an introduction gift!"

Ye Yuan took out a detailed list and handed it to Si Yin, saying, "I want to refine some medicinal pills. Since Lord Exalt is in charge of the Asura Shop, I wonder if you can help me gather up these spirit medicines?"

"This is a small matter. There's naturally no issue ... You ... You ..." As Si Yin said, she looked at the spirit medicines on the list at the same time, and could not help sucking in a cold breath.

Chapter 898: Weak

In the sky of Asura City, it was a stretch of blood-red color, appearing especially sinister.

This blood-red which filled the entire sky shone until the earth became red.

A streak of red light beam fell from the skies, directly entering inside the Asura Arena.

"What happened? This look, could it be that the sky is going to fall?"

"Kicking up a fuss over nothing! This is Asura City's freak phenomenon. It will appear once every ten years. No big deal!"

"So that's what it is! Scared me to death! This freak phenomenon is also a bit too scary."

The martial artists in Asura City were replaced by new ones very quickly. But there were always some wily old foxes that have stayed in this place for a very long time.

This sort of freak phenomenon happened once every ten years. They were already accustomed to the unusual.

But currently, the Asura Arena's seventh level was very lively. A large group of martial artists was gathered here. They were all the various mighty exalts' slaughter generals who were summoned to come to the seventh level, and waiting to enter the Heavenly Slaughter Pit.

The red light beam that descended from the sky actually connected straight to here.

"Wu He, ten years ago, you lost more than half of your old life in the Heavenly Slaughter Pit. You still dare to go in this time?" A martial artist wearing black martial attire said.

The expression of that person opposite darkened and he said with a cold snort, "Li Dao, don't think I don't know that you duped ten fellow companions at Blackfiend Mountain before walking out from there. I want to know, how many are you planning on scamming this time?"

The moment these words came out, the expressions of the few people behind Li Dao all changed. These words had somewhat of an ulterior motive.

That Li Dao's face changed and he said furiously, "Wu He, don't go slandering people!"

Wu He said with a cold smile, "Heh, whether it's slandering or not, you're aware of it yourself."

This Wu He and Li Dao belonged to two different exalts' camp, arguing the moment they met. The two people had the trend of going to fight at a word of disagreement.

“Huhu, the two of you talk lesser. This Heavenly Slaughter Pit is a treasure land and also a dangerous area. Wealth and opportunity come with danger. Anything happening wouldn’t make people surprised.” At this time, an old man whose hair and beard were all white spoke up to mediate.

Indeed, the moment he spoke, Li Dao and Wu He both gave a cold snort and shut their mouths, clearly deeply fearful of him.

“En? Someone else is coming. It’s Exalt Si Yin’s people .”

“Heh, in these ten years, Exalt Si Yin doesn’t have any sense of existence at all. Her strength is also the weakest among the exalts. You never know, she might perish inside this time!”

“The Heavenly Slaughter Pit is also incomparably dangerous to exalts. There would be people perishing inside virtually every time. This time, the one with the greatest likelihood is Exalt Si Yin! As long as she falls, our chance will be here.”

There was a small section of the slaughter generals whose seniority were very old; even older than exalts. Their goal was naturally to become exalts.

Inside this Asura City, exalts were invincible existences.

Even if among these slaughter generals, there were people whose cultivation realms were not weaker than exalts, it was also not possible to be a match for an exalt!

Therefore, each time the Heavenly Slaughter Pit opened, it was also the time for these veterans’ thoughts to drift.

And this time, their goal was naturally fixed on Si Yin.

The moment Ye Yuan appeared, he was locked on by several burning-hot gazes. No matter how one looked at it, these few gazes were not too friendly either.

However, Ye Yuan stood there calmly, and could not be bothered with these gazes.

Except, he was not finding trouble with others, but others wanted to find trouble with him.

“Brat, you’re Ye Yuan?” The Wu He who was arguing with Li Dao previously came in front of Ye Yuan at this time.

Ye Yuan rested with his eyes closed and did not even give a shit about this guy.

Wu He’s tone was unfriendly. He was clearly here to find trouble. Regarding this sort of guys who were blind, Ye Yuan had always been disinclined to care.

Seeing Ye Yuan’s attitude, Wu He suddenly became greatly enraged. Pointing at Ye Yuan’s nose, he said, “Brat, you think that by not talking, you’ll be fine? Entering the Heavenly Slaughter Pit, the Asura Arena’s rules won’t be able to protect you anymore! Since you kill Bai Meng, you’ll need to be mentally prepared to get killed!”

This Wu He was precisely the third slaughter general under Exalt Blazing Fire’s command. And Bai Meng’s relationship with him was not shallow, but he was killed by Ye Yuan. Therefore, he hated Ye Yuan to the core.

In the Asura Arena, the higher level could not make a move against the people below. Hence, Wu Je had no way to come find Ye Yuan.

But this time, Ye Yuan actually became a slaughter general under Exalt Si Yin's command. This made Wu He exceptionally excited.

Ye Yuan slowly opened his eyes. Giving him a nonchalant glance, he said, "Idiot!"

Wu He's strength was very strong; an expert in the top 200 of the Heaven Carnage Proclamation, but was ignored by a brat who just entered the Heaven Carnage Proclamation. How could he accept this?

"Brat, you're courting death!" Wu He suddenly became furious and was about to make a move against Ye Yuan.

Right at this time, a silhouette blocked in front of him. It was precisely the great general under Exalt Si Yin's command, Shao Kai!

"Wu He, are you bullying us for having no people?" Shao Kai said coldly.

Wu He shot Shao Kai a glance and said disdainfully, "Humph! So what if bullying you? Shao Kai, you're also someone capable at any rate, you're actually working under a broad. ¹ I really feel ashamed for you!"

Wu He did not have any respect for Shao Kai at all. Although Exalt Blazing Fire and Exalt Si Yin were both newly ascended exalts, Exalt Blazing Fire's ambition was very great. His development these ten years was also pretty decent.

In contrast, Exalt Si Yin's strength was much weaker.

Therefore, Wu He was the same as the rest; holding Si Yin's lot in complete contempt.

Shao Kai's expression was very ugly. He was obviously aware of Exalt Si Yin's situation. But Exalt Si Yin had saved his life before, so there was no way that Shao Kai would betray Si Yin.

And entering the Heavenly Slaughter Pit this time was the turning point for Si Yin to rise up. Shao Kai had to help Si Yin to rise up no matter what.

Right at this time, a light flashed. 12 silhouettes appeared here. They were precisely the mysterious 12 Exalts.

The Ye Yuan who had his eyes shut to recuperate all along also opened his eyes at this time, and sized up the 12 exalts.

Apart from Si Yin, the other 11 exalts, it was his first time seeing them.

With this sweep, Ye Yuan could not help being slightly amazed too. The glabellas of the 12 Exalts all had eight stars, which was also eight-star soul general!

Just in Slaughter Dao, these 12 people's strengths were unfathomable.

"Alright, it's almost time. Us 12 Exalts will join forces to open up the passageway. Everybody, enter the Heavenly Slaughter Pit together." A masked exalt in the middle said.

Shao Kai scooted close to Ye Yuan's ear and said softly, "This is the most mysterious existence among the 12 Exalts, Exalt Netherkill."

Ye Yuan revealed a look of realization. This person was indeed too deep to fathom. He actually made Ye Yuan have a feeling of unable to figure out too.

The 12 Exalts got into position. An apprehensive killing qi suddenly erupted and shot towards that red light beam at the same time.

Boom!

On the red light beam actually slowly opened up a transmission gate!

When all the martial artists saw this situation, their faces all could not help showing looks of eagerness to have a go.

"Alright, set off!"

...

This was a blood-colored wilderness filled with desolation and bleakness, giving people a very dangerous feeling.

"Each exalt has the coordinates of the Dragon Sovereign Territory in their hands. Three days later, we'll meet up at the Dragon Sovereign Territory! Now, depart on your own!" Exalt Netherkill said coldly.

Chapter 899: Ethereal Blood Ginseng

Exalt Netherkill gave Ye Yuan a profound glance, and brought the subordinates under him and left.

Exalt Blazing Fire with a head full of fire-red colored hair slowly came in front of Exalt Si Yin. Darting a glance at Ye Yuan, he cracked a wide smile and said, "Si Yin, you got to keep a close eye on your family's little darling. This road ... isn't too peaceful! Hahaha!"

This was a blatant threat, provoking until all of the martial artists on Exalt Si Yin's side scowled with furious glares.

Bai Meng was a figure that Exalt Blazing Fire was heavily grooming in the third level. He expended considerable resources on him but was killed by Ye Yuan. This grudge was considered sowed.

By the side, Exalt Heavenly Hedonist also looked at Si Yin with a smile that was not a smile as he said, "Si Yin, your position as an Exalt was originally in a precarious position to begin with. You actually still dared to recruit such a hot potato! Heh heh, this Heavenly Slaughter Pit trip, you got to be a little more careful."

Si Yin's face was cold as frost, but she did not argue.

She also did not expect that Blazing Fire and Heavenly Hedonist would actually walk together. This trip seemed to be quite troublesome.

“Lord Exalt, we should leave already. If we still don’t go, the treasures will all be snatched away by others.” Ye Yuan’s leisurely voice transmitted over. He actually already walked out far away.

Si Yin was stunned and finally came back to her senses. She could not help being somewhat surprised. Ye Yuan got into such a big trouble, but he was actually not worried at all.

Did this brat not care about anything, or did he have something to count on?

“Humph! That stretch of area nearby has long been turned over countless times already. Whatever treasures there are, they have long been picked clean by people. Would it still be your turn?” Si Yin caught up to Ye Yuan and said with a cold snort.

Ye Yuan said with a smile, “That might not be so!”

The Heavenly Slaughter Pit was huge. The area which Asura City explored was but a very small part of it.

Heading towards the depths, the danger was very high. Even these veteran exalts also did not dare to go too deep.

The vicinity area of a radius of ten thousand miles, these Exalts from the Asura Arena already came goodness knows how many times. It was impossible to leave behind anything.

Right now, places that had good stuff were virtually all outside of 10 thousand miles.

“Hey, Ye Yuan! Don’t run around. The fiendish qi in this Heavenly Slaughter Pit is extremely heavy. Even within this 10 thousand mile region, it’s very dangerous too!” Seeing Ye Yuan milling around on his own, Si Yin could not resist warning.

This guy really made people worry.

“Lord Exalt, what is this boy doing? The Heavenly Slaughter Pit is an ancient battlefield. There’s an abundance of evil stuff. If he anyhow runs around like this, he will screw us over!”

“This boy is relying on that Lord Exalt has a request for him. He’s so freaking cocky!”

“Lord Exalt, you look at that punk’s arrogant appearance, how does he look like your subordinate? Those who don’t know might even think that you’re his subordinate!”

Si Yin’s subordinates actually had a lot of resentment towards Ye Yuan. Seeing Ye Yuan run about without a break at this time, each and every one of them started to complain.

Si Yin’s face turned black too when she heard that. Ye Yuan’s actions truly thought too little of her.

Along the way, they naturally had to listen to her, this Exalt, for everything. This boy running around here and there, what did it count as?

The other exalts’ teams had already moved out goodness knows how far away, while their bunch only walked out less than 500 miles.

At the rate of this speed, they could forget about reaching the Dragon Sovereign Territory in three day’s time.

Being called out by her subordinates like this, Si Yin became embarrassed too. She questioned with a black face, "Ye Yuan, are you intentionally causing trouble?"

But it was like Ye Yuan did not hear it. He still rushed around in all directions, as if he was searching for something.

"Exalt, this brat isn't showing you any respect at all!" When the people under her saw Si Yin lose her temper, each and every one of them could not help getting excited.

Si Yin's expression became increasingly uglier. Finally, her figure moved, arriving at Ye Yuan's side.

"Ye Yuan, this Heavenly Slaughter Pit isn't a land for jokes. It's fine if you're courting death yourself, but don't drag everybody into the water! If you carry on being like this, this exalt won't be courteous anymore!" Si Yin said coldly.

Ye Yuan made a shushing hand gesture at Si Yin and said softly, "Lower your voice, don't scare the treasure away!"

He had a secretive appearance, looking just like a huckster.

However, in Si Yin's view, Ye Yuan was completely impervious to reason.

"Ye Yuan, you're too much! If I don't show you a little color, you really won't show any respect to me, this exalt!" Si Yin said in a cold voice.

Si Yin surged with killing qi. A powerful aura spread over towards Ye Yuan.

With a whoosh, a small and exquisite figure suddenly scurried out from underground and dashed for the distance.

Si Yin froze, the killing qi on her immediately dissipating into nothing.

Ye Yuan heaved a slight sigh and shot a fierce glare at Si Yin.

Bang!

That little thing's speed was extremely fast. Even Si Yin did not see clearly what that thing was. But it did not run out very far when it slammed head-on into a light screen, tumbling over with a big somersault.

The little thing did not give up. Crawling up, it changed a direction and ran again. But it did not run far when it collided into a light screen again.

Seeing this scene, Si Yin and all the slaughter generals were all incredibly astounded.

They had clearly already noticed that a trapping formation was already laid down within this circumference of several hundred feet.

This array formation was clearly set up by Ye Yuan. But when did Ye Yuan make a move, they did not perceive it at all!

At this time, the little object was like a headless fly, dashing around randomly inside the array formation. But no matter how it ran, it could not escape the range of the array formation either.

Before long, the little thing was finally all worn out and gave up on escaping.

It slumped down and looked at Ye Yuan with a pitiable look.

That appearance was adorable to the max.

Si Yin focused her eyes to look, it was a palm-sized little child. Immediately, her maternal love overflowed, wanting to hug the little thing.

“Hey, what are you doing?!” Si Yin was just about to make a move but was berated by Ye Yuan.

Si Yin froze: “Don’t you see how pitiful he is? I’ll go hug him!”

Ye Yuan shot her another glare and said crossly, “Prodigal broad who is not good enough to accomplish anything! If I didn’t have foresight, this Ethereal Blood Ginseng would have been set free by you!”

Si Yin’s complexion turned bright red all at once. Pointing at Ye Yuan, her chest heaved up and down incessantly as she said in anger, “You! What did you say?! You actually dare to scold me ... scold me ...”

“Humph! What are you if not a prodigal broad? Do you know how precious this Ethereal Blood Ginseng is? Do you know how great an effort I spent in this half a day’s time in order to not startle him? Let him escape, and it will be even harder than ascending to the heavens to want to find him again!” Ye Yuan said with a displeased face, totally not caring about Si Yin’s attitude.

Si Yin was rendered speechless by Ye Yuan. She also recovered to her senses at this time. Widening her eyes, she said, “You ... You’re saying that this little child is the Tier 9 spirit medicine, Ethereal Blood Ginseng?!”

Ye Yuan glared and said huffily, “What do you think?”

Si Yin had nothing to say anymore. She never would have thought that within this several hundred miles radius, there would actually be a Tier 9 spirit medicine!

“You ... Why didn’t you say earlier ...” Si Yin said weakly.

Chapter 900: Si Yin Enraged

“Say what say? By the time I say clearly, he would have escaped long ago!” Ye Yuan said crossly.

He circled around Si Yin and came in front of the Ethereal Blood Ginseng, and directly tapped a finger over.

That little child suddenly fled. It actually wanted to slip away.

Ye Yuan gave a cold laugh and said, “Want to run? How can it be that easy?! Lock!”

The spell in Ye Yuan’s hands pinched, several beams of light extended out within the array formation, grabbing hold of the Ethereal Blood Ginseng that was about to escape.

Ye Yuan chuckled and went up to jab randomly, laying down several restrictions on the Ethereal Blood Ginseng.

The little child looked at Ye Yuan with wide glaring eyes and unspeakable resentment in its gaze.

“Heh heh, don’t look at me like this! Following your Grandpa Ye in the future, I won’t treat you shabbily!”

Ye Yuan laughed merrily and directly threw the Ethereal Blood Ginseng into the storage ring.

Even with Ye Yuan’s eyesight, he regarded this Ethereal Blood Ginseng as a treasure. It could be seen how valuable he was.

Si Yin looked at Ye Yuan with an unfriendly face and said with a cold smile, *“You’re really not polite!”*

Ye Yuan said indifferently, *“Just a Tier 9 spirit medicine, I won’t be courteous with Lord Exalt.”*

“You really take this Exalt to not know anything? The Ethereal Blood Ginseng’s predecessor is a Polar Region Blood Ginseng. The conditions to take form are extremely harsh! Firstly, a Polar Region Blood Ginseng requires over 10 thousand years of martial artists’ fresh blood to nourish before it can initially take form. And when a Polar Region Blood Ginseng evolves to an Ethereal Blood Ginseng, the conditions are even harsher to the extreme. An item like this, you dare to pocket it alone?” Si Yin said icily.

Although she was astounded by Ye Yuan’s ability, this Ethereal Blood Ginseng was too valuable. She did not plan on giving up.

Ye Yuan said with a smile, *“The Ethereal Blood Ginseng landing in Exalt’s hands, that’s covering a bright pearl in dust. But in my hands, he can unleash a heaven-defying effect! How about this, when I use him to refine medicinal pills, I’ll allocate you one!”*

Si Yin was just thinking of refuting, but she suddenly recalled those medicinal pills that Ye Yuan took out at that time, and could not help hesitating a little.

Without a doubt, Ye Yuan’s alchemy strength was incomparably heaven-defying!

If it was really as Ye Yuan said, the Ethereal Blood Ginseng was indeed much more useful in his hands compared to in her hands.

“Fine! You swear a Heavenly Dao Oath, and I won’t pursue this matter anymore!” Si Yin thought about it and made up her mind.

Ye Yuan nodded and swore a Heavenly Dao Oath on the spot before this matter was considered settled. Everyone set off on the journey once more.

Those slaughter generals who were scolding Ye Yuan prior to this all kept their mouths shut sensibly at this time.

For 30 thousand years, this 10 thousand mile region had long been scoured countless times over. It was totally not possible to find any treasures. Yet, this boy actually found such a heaven-defying spirit medicine in less than half a day. What else could they still say?

This Ethereal Blood Ginseng already took human form. His intelligence was extremely high. This was also the reason why he could avoid these countless batches of people’s searching.

But no matter how clever he was, he could not escape Ye Yuan’s ‘demonic clutches’ either.

Later on, whatever bizarre behavior Ye Yuan had, they all sensibly did not speak by the sides anymore.

You have got to be kidding. Wasn't saying any more smacking their own mouths?

Reality proved that they were right to shut their mouths. Along the way, Ye Yuan really found quite a number of good stuff.

Si Yin looked at Ye Yuan's bustling about back view, her gaze revealing a complicated look.

How in the world did this guy discover these hidden spirit medicines?

Little did they know that Ye Yuan was actually endlessly depressed right now. He was missing White Light. If White Light was here, apart from spirit medicines, he could probably find even more good stuff.

...

Three days later, Ye Yuan's party finally arrived outside the Dragon Sovereign Territory. Except, they were the last group.

The other exalts had been waiting here long ago.

"*Heh*, Si Yin, your attitude is so haughty! To actually make Netherkill, Coldblood, these few elder brothers, wait for the greater part of a day! Don't you know that your group of people already overshot the time?" Blazing Fire said with a cold smile.

Si Yin's expression changed when she heard that. This fellow had malicious motives. It was the intention of sowing dissension!

"*Huhu*, finally managed to take a trip inside, we naturally got to be a little more attentive on the way. If there are any fine treasures, what a waste it would be to miss it," Si Yin had yet to open her mouth, but Ye Yuan spoke up.

Wu He smiled coldly when he heard that and said, "What a joke! Inside this 10 thousand mile region, what treasures are there still? Moreover, with just the likes of you, what treasures can you obtain? In my view, you guys are deliberately not giving face to Exalt Netherkill they all, and were late on purpose!"

These two people sang in chorus. They were clearly sowing discord.

Netherkill did not say anything, but Coldblood was somewhat unhappy and spoke up, "Younger Sister Si Yin, we only have half a year's time. Every second is very valuable. Everybody agreed on a time, but you were late. Not giving a reason, isn't it somewhat unjustifiable?"

Si Yin also understood that this Coldblood was still finding trouble for the matter of vying for Ye Yuan the last time, that was why he intentionally dropped a rock down the well.

Exalt Coldblood was the most insidious among the 12 Exalts. Other people were all very scared of him.

These few years, he had swindled who knows how many Exalts inside this Heavenly Slaughter Pit.

It was just that being targeted at by so many people, Si Yin became enraged at all once.

"Elder Brother Coldblood wants a reason, right? I'll give you a reason right away!"

Finished talking, Si Yin extended a hand and drew a line. Over ten stalks of spirit medicines were propped up by essence energy, suspending in midair.

Seeing this scene, even Exalt Netherkill's imposing momentum also choked up slightly, let alone the rest.

Especially Blazing Fire's and Wu He's faces, they turned burning red.

These ten over stalks of spirit medicines, the vast majority were all Tier 9 spirit medicines that were extremely hard to see in the outside world. Furthermore, thick sinister qi faintly emitted from within the spirit medicines. They clearly came from inside the Heavenly Slaughter Pit.

Don't look at how Si Yin took out so many in one breath, Tier 9 spirit medicines were not that easy to find.

The value of one stalk of Tier 9 spirit medicine was even more valuable than a thousand strains of Tier 8 spirit medicines. More importantly, Tier 9 spirit medicines could not be seen everywhere. Each stalk was incomparably precious.

The moment Si Yin made a move, even those Exalts lost composure.

But they did not know that the spirit medicines Ye Yuan found were more than just this.

"We entered this Heavenly Slaughter Pit in order to hunt for treasures. This Exalt can't disregard all of these spirit medicines when I see them, right? While everybody agreed to gather here, I also never said that I must go in together with everybody! If Elder Brothers can't wait, just feel free to enter yourselves!" Si Yin was clearly really enraged and said coldly.

When Coldblood saw the situation, he could not help coughing dryly twice. But his eyes revealed a heated look as he said, "*Cough cough*, Young Sister Si Yin was mistaken. We didn't mean that. These spirit medicines ... were all obtained by you guys on the way?"

The 12 Exalts appeared united outwardly but were actually divided. The relationships between each other were very complicated. But there was one point, there was no way they would make a move to snatch stuff in front of others. Otherwise, they would become the common enemy of the rest.

As for privately, nobody knew the answer either.

"Elder Brother Coldblood must really be joking. Could it be that I added the fiendish qi on these spirit medicines myself?" Si Yin said coldly.

The Netherkill who did not speak the entire time voiced out at this time: "Alright, since Younger Sister Si Yin obtained treasures on the way, it's naturally justifiable. This matter brooks no delay, we'd better enter the Dragon Sovereign Territory first."
