Chapter 951: Went Missing

The Vast Heaven Pagoda carried the might of heaven and earth, and it appeared behind Han Tong unexpectedly.

This scene was too sudden. Everyone did not expect that Ye Yuan actually still had such a trick.

Rumble!

A loud crash was heard. The people felt the earth was trembling.

The Vast Heaven Pagoda directly smashed towards Lin Chao, crushing him into minced meat!

Over here, Han Tong used the Spirithorn Shattering Mirror to extinguish Ye Yuan's attack. But Lin Chao still died!

"Another divine artifact! My God, what on earth is happening to this world?"

"Fool, that pagoda isn't a divine artifact, but a quasi-divine artifact! But even if it's a quasi-divine artifact, it already infinitely approaches divine artifact too!"

"Ye Yuan this boy, he actually had such a heaven-defying fortuitous encounter, to be able to obtain a quasi-divine artifact! With this ingenious move to gain the upper-hand, it really let him kill Lin Chao!"

The Vast Heaven Pagoda's appearance stirred up a commotion among the crowd once more.

Today, these martial artists really broadened their horizons.

Fusing supreme true intents, divine artifact, quasi-divine artifact, one appeared after another. It simply refreshed their three views on life.

What shocked them the most was still Ye Yuan!

This young man was too scary! His own strength was terrifying to the extreme. Furthermore, he even had innumerable contingencies!

Han Tong wielded a divine artifact and was incomparably arrogant. But he ultimately still suffered a loss at Ye Yuan's hands.

Ye Yuan raised his palm. The Vast Heaven Pagoda returned to his palm.

He put the Vast Heaven Pagoda away and said to Han Tong nonchalantly, "So what if divine artifact? If I, Ye Yuan, want to kill people, nobody can stop it! Alright, now, you guys can scam!"

Done talking, Ye Yuan turned around to leave, flying over in Yue Mengli's direction.

Han Tong was infuriated until he clenched his jaws tightly, his entire body quivering continuously. Looking at Ye Yuan's back view, he made no effort to conceal his killing intent in the slightest.

At the same time, several auras already locked onto him. As long as he moved, what awaited him would be a terrifying blow!

Although he possessed a divine artifact, his scruples were also a lot.

Finally, he still gave a cold snort and said to Li Hun and the others, "Let's go!"

Yue Mengli walked gracefully and went to greet Ye Yuan, and hurriedly supported him.

Using the Spirit Extinguishing Azure Cloud Sword twice in a row, the burden on Ye Yuan's body was tremendous. The current Ye Yuan was already on the verge of collapsing.

"Big Brother Yuan, it was hard on you!" Yue Mengli said in relief.

...

Outside Bright Moon City, Han Tong and the others were walking unhurriedly.

"A bunch of reckless things. They also don't use their brains to think properly. Is a divine artifact what they can covet?" Han Tong said to a subordinate.

Han Tong exposing the divine artifact would naturally draw the covetous eyes of forces everywhere.

At present, there were seven to eight major and minor factions targeting them. These people were wary of the divine artifact in Han Tong's hands, and also apprehensive of other forces benefiting from their struggle. Hence, that was why they exercised restraint and did not make a move.

"They are naturally aware. It's just that the temptation of a divine artifact is too great!" Li Hun said with a cold smile.

Han Tong said solemnly, "Draw them towards a place with less people. Spare no one!"

Lin Chao mastering the Blood God Transformation, the Divine Martial Hall attached a great deal of importance to him. Coming to Bright Moon City this time also had the intention of experiencing trials. But he did not expect that he was crushed by Ye Yuan just like that.

The current Han Tong had a stomach full of rage that just happened to have nowhere to vent. But these guys delivered themselves to the doorstep one by one.

If they did not have the strength to protect a divine artifact, how would they dare to reveal it?

Actually, everybody understood the logic. It was just that how many people were able to endure the temptation of a divine artifact?

A day later, inside a forest where few people tread, corpses were strewn all over the ground disorderly.

Among these corpses, the strongest one actually had late-stage Dao Profound Realm strength.

However, their strengths were not worth mentioning at all in front of Han Tong and his people.

"Your Excellency, these tail-ends are already taken care of. What should we do now?" Li Hun patted his hands and asked Han Tong.

Han Tong said with a solemn face, "The objective of this trip is the Sun Moon Heavenly Pupil. Since we're already unable to enter with conventional means, then we can only use force! There's still a few days away from the opening of the Vastsun Bright Moon Realm. We'll hide first and wait for the right time to take action!"

"Then ... the matter of Lin Chao being killed ..." Li Hun said, rather hesitantly.

The moment Han Tong heard, his expression became even darker and he said, "Ye Yuan that brat will definitely enter the Vastsun Bright Moon Realm. At that time, we'll settle the scores together!"

...

After Ye Yuan rested for a day, he recovered to his peak state.

When he exited seclusion, he discovered that there were already quite a number of people waiting for him.

The first one he had to meet was naturally Yue Jianqiu.

He was Li-er's father. This face had to be given.

Seeing Ye Yuan again, Yue Jianqiu stared at him for a long time, as if it was his first time seeing Ye Yuan.

"City Lord Yue, does this Ye have flowers on his face?" Ye Yuan could only voice out.

Yue Jianqiu froze, then said, "This emperor has lived for many years. I can't tell how many young geniuses I've met. But someone unfathomable like you, it's still my first time encountering! Ye Yuan, you won the Bright Moon Competition,;we're considered as a family as well. Can you give me an explanation as to just what kind of relationship is between you and the Soul Martial Divine King?"

Ye Yuan looked at Yue Jianqiu and said with a smile that was not a smile, "Soul Martial Divine King? This Ye don't know him!"

The more Ye Yuan pretended to be profound, the more Yue Jianqiu could not figure him out. The more firmly Ye Yuan denied it, the more certain Yue Jianqiu was that he and Zhong Zizhen's relationship was not shallow.

But this sort of thing, there was no way for Ye Yuan to admit it personally.

He and Zhong Zizhen's relationship was indeed not shallow. But it was definitely not that sort of relationship Yue Jianqiu they all thought.

But this sort of influence, Ye Yuan did not mind borrowing it.

"Then ... the quasi-divine artifact in your hands ..."

To talk about what Yue Jianqiu wanted to know the most, it was naturally still the Vast Heaven Pagoda's information.

Quasi-divine artifact, this kind of thing was too sensational in the Divine Realm. Although the Vast Heaven Pagoda could not compare to a genuine divine artifact, the might of a quasi-divine artifact was already sufficiently daunting.

More importantly, the one who possessed the quasi-divine artifact was even his, Yue Jianqiu's, prospective son-in-law.

Ye Yuan smiled and said, "City Lord Yue didn't go and chase that Han Tong, but come and ask about my pagoda, where's the logic? No matter what, my pagoda can't compare to his Spirithorn Shattering Mirror either, right? According to what I know, the Spirithorn Shattering Mirror is an ancient divine artifact. Its power is extremely formidable. Furthermore ... it even has a terrifying ability, which is that it's able to shatter space! In my view, although those people retreated for the time being, they probably won't withdraw easily either, right?"

What Ye Yuan thought of, how could Yue Jianqiu not think of it?

Hearing Ye Yuan bring it up, he heaved and sighed. He then said, "After the Bright Moon Competition, I sent a Yue Family's expert to follow their tracks. As a result ..."

Ye Yuan's face fell slightly, and he asked, "As a result what?"

"News just came. Inside a dense forest 30 thousand miles north of Bright Moon City, over a hundred corpses were discovered. Among them had that disciple of my Yue Family. Those people's traces have already utterly gone missing!" Yue Jianqiu said solemnly.

Ye Yuan drew a deep breath. Did not expect that this bunch of people were actually so foolproof when doing things.

"Looks like the Vastsun Bright Moon Realm opening this time, it probably wouldn't be too peaceful!"

Unrivaled Medicine God

Chapter 952: Sun and Moon Joint-Brilliance!

When Ye Yuan and Yue Jianqiu were conversing in the inner-chamber, Yue Mengli's side was already thoroughly being assaulted.

"Li-er, your Uncle Jianye has doted on you dearly since young. The medicinal pills you ate when you were young, a lot of them were refined for you by Uncle Jianye. In a while, when our son-in-law comes out, can you let your Uncle Jianye meet him?"

"Bullshit! Back then, when you heard that Li-er found a Lower Realms' bumpkin, you had no lack of objections! Li-er, to talk about doting you, it's still your Uncle Jianxun who's most fond of you! When you were young, Uncle Jianxun often carried you."

"I say, Elder Brothers, all of you stop fighting! This younger brother's illness is deadly and brooks no delay!" Yue Jianfeng shouted.

This period of time filled Yue Jianfeng with burning anxiety.

Ye Yuan's words on that day were constantly lingering beside his ear, making him live in the midst of depression the whole time.

He wanted to find Ye Yuan to inquire just what it actually was, but Ye Yuan was too busy.

First was helping Yue Mengli to refine the Soul Separating Pill, immediately following that was closed-seclusion. Then after coming out was taking part in the Bright Moon Competition.

These were all important matters concerning the family clan. How could he squeeze inside?

Now, the dust of the Bright Moon Competition finally settled, he came over to find Ye Yuan straight away. But Ye Yuan was too in demand right now. A large group of people was waiting and lining up here.

Seeing this group of uncles arguing to see Ye Yuan, Yue Mengli felt honored because of it too.

“Uncles, not that Li-er isn’t helping you all, but it’s really that Li-er is unable to make the decision for Big Brother Yuan! Who he wants to meet, it’s best for him to come and decide himself after he comes out,” Yue Mengli said with a flattering smile.

Just as they were talking, Yue Jianqiu and Ye Yuan came out from the inner-chamber. The hall quietened down all of a sudden.

Yue Jianqiu’s expression was rather ugly. Ye Yuan was simply impervious to everything. He did not obtain any useful information at all.

Rather, Ye Yuan’s analysis made him faintly worry about Han Tong and his group.

Yue Jianqiu swept a glance over everyone and did not say anything either, and he directly left.

The moment he left, a group of people crowded around all at once, chirping non-stop.

“Alright, all shut up for me!” Ye Yuan shouted coldly. These people stopped very obediently.

If an ordinary junior dared to talk this way to them, a tight slap would have been smacked over long ago.

But Ye Yuan was different. He did not even show respect to Quan Xingzi! Furthermore, Ye Yuan was an alchemy and martial dual prodigy. In the future, he would absolutely have terrifying accomplishments in alchemy and martial arts.

Perhaps, Ye Yuan would be the next Soul Martial Divine King!

Ye Yuan waved his hand and said, “Yue Jianfeng stay, the rest all leave! Tomorrow, I’ll open a forum and give a sermon. Whatever questions you all have in alchemy, you can seek guidance from me at that time. Each person only has one chance. Go back and think carefully about what to ask!”

The moment everyone heard this, they could not help being overjoyed. They took their leave one after another.

The group of alchemy emperors was like students in front of Ye Yuan; incomparably respectful.

Ye Yuan and Yue Mengli exchanged a glance, and could not help revealing a hint of helplessness.

This outcome could be predicted.

The alchemy path strength that Ye Yuan displayed already far surpassed ordinary alchemy emperor powerhouses. As the saying went: those who reached first were the teachers. Receiving these alchemy emperors’ sought after was also within reason.

“About that ... Son-in-Law, my body, just what kind of problem occurred?” Yue Jianfeng clasped his hands and consulted.

Ye Yuan sat on the seat of honor’s position carelessly and said coolly, “Bluesky Spirit Root is very scarce. I believe that your Yue Family’s reserves aren’t many either. If my conjectures are right, it should be another alchemy emperor in your Yue Family who took the liberty to change the Bluesky Spirit Root into Brahma Secret Leaf, right?”

In his previous life, Ji Qingyun wrote a prescription for Yue Jianfeng before. As long as Yue Jianfeng ate the medicine according to the prescription, the Yangqiao Meridian injuries would naturally heal.

Bluesky Spirit Root was a type of spirit medicine in the prescription.

Hearing Ye Yuan’s words, Yue Jianfeng was incomparably shocked.

Ye Yuan did not even need to take his pulse and already knew his prescription. This was also too freakish, right?

Furthermore, what Ye Yuan said did not have the slightest error. The Yue Family’s Bluesky Spirit Root was indeed pretty much depleted by him very quickly. Forced under the circumstances, Yue Jianfeng could only take the prescription and ask for help from a family clan’s alchemy emperor elder.

As a result, that alchemy emperor elder decided without consulting others to change the Bluesky Spirit Root to Brahma Secret Leaf.

“Son-in-Law is truly god-like, to actually even know about this! The Yue Family’s Bluesky Spirit Root was only sufficient for me to use for half a year’s time. Compelled by the circumstances, I went to Elder Ling Tao to ask for help. He looked at the prescription and said that I could use Brahma Secret Leaf to replace the Bluesky Spirit Root. Hence ...”

The Elder Ling Tao out of Yue Jianfeng’s mouth was a middle-rank alchemy emperor elder in the Yue Family, whose status was revered.

Ye Yuan nodded when he heard that and said, “The medicinal effects of the Brahma Secret Leaf and Bluesky Spirit Root indeed has interchangeable aspects in this prescription. It is also indeed able to treat Yangqiao Meridian injuries. But ... there is still another supplementary medicine in this prescription, Green Jade Heavenly Star Grass. Mixing together with the Brahma Secret Leaf to brew into medicine will produce a slow-acting toxin which will paralyze the martial artist’s mind at indeterminate intervals. As time passes, when the toxins accumulate to a certain level, it can even make the person utterly insane! It’s this reason that you find it hard to meditate and why your essence energy would also occasionally get interrupted.”

Yue Jianfeng’s expression could not help changing drastically!

Back then, when Elder Ling Tao helped him to alter the prescription, he discovered that the medicine effects were not very different from before, and even thanked Elder Ling Tao with tears in his eyes.

He did not expect that this Brahma Secret Leaf actually had such severe consequences!

“This ... What to do about it?” The moment Yue Jianfeng heard this, he thoroughly lost all social graces.

Ye Yuan said, "If it were others, I couldn't care less. But I know that you've shown extra considerations towards Li-er these few years. On account of Li-er's face, I naturally won't leave you be. I'll write a prescription for you. Take the medicine according to the prescription. Within ten days, you'll definitely be cured."

Yue Jianfeng could not help being overjoyed the moment he heard that and said, "Thank you so much, Son-in-Law! Thank you so much, Son-in-Law!"

Ye Yuan waved his hand and said, "You're Li-er's elder. Naturally, you're my elder too. This kind of solemn respects, best to drop it in the future. I can't bear it."

Getting the prescription, it was like Yue Jianfeng obtained a priceless treasure, and he left in great spirits.

Yue Mengli let out a sigh and said, "Big Brother Yuan, it's really hard on you!"

Ye Yuan and her both knew what the other was thinking, and was naturally aware of what Yue Mengli was referring to. Ye Yuan was once a peak existence that everyone looked up to. Yue Jianfeng, this kind of Dao Profound Realm powerhouse, would also have to be extra respectful towards him.

But now, getting burdened by her, he had to lower his status and call these people uncle.

But Ye Yuan said with a smile, "I said before long ago, Qingyun Zi is already past cloud and smoke. The one before your eyes now is just a bumpkin who ascended from the Lower Realms. As for those vain glories, as long as your strength is sufficient, it will naturally come in a throng!"

...

The following two days, Ye Yuan opened a forum and gave a sermon at the Yue Family, answering every one of those alchemy emperors' queries.

In two days, these alchemy emperor powerhouses all started to respect a puny little alchemy venerable from their hearts.

His alchemy Dao understanding was completely not what they could compare to.

The disparity was too great!

One evening half a month later, the moonlight in the skies of Bright Moon City suddenly became abnormally bright, illuminating the entire city like it was daytime!

At the same time, Vastsun City's sun even shone with a boundless radiance, as if it was going to shoot through the horizons.

The sun and moon joint-brilliance finally arrived!

[0] Starting from this chapter, there will be some capitalization rules to be standardized. Referring to people as a form of address such as "Aunt," "Master Ye Yuan," and "City Lord, Ye Yuan is coming" will be capitalized. But when not referring them as a direct form of address such as "that group of alchemy emperors and city lords" and "my master", no capitalization. Check out AP capitalization rules. Similarly,

the way of referring to self such as “this seat” and “this emperor” will not be capitalized. But for terms such as “Dao” or “Divine Dao” or “alchemy Dao” they will be capitalized, but not “alchemy path.”

Unrivaled Medicine God

Chapter 953: Doing One Thing Under Cover of Another!

Under the light of boundless radiance, it illuminated a radius of 10 thousand miles of the two Vastsun and Bright Moon City, turning the dusk sky into daytime.

Gradually, clouds of multi-colored mist rose upwards, thoroughly covering the skies.

At this instant, it was as if Vastsun City and Bright Moon City became a mortal world paradise.

This kind of wondrous sight could only be seen once every 300 years.

“Sun and moon joint-brilliance! The Vastsun Bright Moon Realm is finally going to see the light of day once more! I wonder this time, who can obtain the ancestors’ favor and acquire the spirit spring to wash their eyes!”

Up in Bright Moon City’s sky, in-between the multi-colored immortal qi, a gap actually slowly split open in the space, as if it was somebody’s eye, slowly opening.

That was the Vastsun Bright Moon Realm’s entrance.

At the same time, a rift similarly appeared in the skies above Vastsun City. That rift belonged to Vastsun City.

Many martial artists all closed in on the rift area. Very clearly, they all wished to get a slice of the cake.

This kind of grand event occasion that would only open every 300 years, who would be unmoved?

It was just that each time the Vastsun Bright Moon Realm opened, Vastsun City and Bright Moon City absolutely prohibited others from encroaching on it.

The entrance area would be heavily guarded.

Several figures slowly rose up, arriving in front of the entrance.

The one in the lead was precisely Yue Jianfeng.

“Unauthorized people, quickly back away! Otherwise, we’ll capture and summarily execute! The Vastsun Bright Moon Realm opening, Bright Moon City’s permanent residents, martial artists under the skeletal age of 300 years old, and whose strength reached Phaseless Realm, after receiving inspections at designated venues in the city, you can enter!” Yue Jianfeng said coldly.

Entering the Vastsun Bright Moon Realm was not the Yue Family’s members’ exclusive right.

Though the Yue Family was strong, one Yue Family could not support such a big Rank One Holy Land.

Hence, the Vastsun Bright Moon Realm would also be opened to the martial artists in the city. However, wanting to obtain the qualifications to enter the Vastsun Bright Moon Realm, one must be a permanent resident of Bright Moon City.

Of course, wanting to obtain the qualifications of permanent residency was very difficult. The conditions were extremely harsh.

These people were either pledged loyalty to the Yue Family for generations or swore a Heavenly Dao Oath to swear lifelong fealty to the Yue Family.

One does not allow benefits created by one's own work to accrue to others. The Yue Family naturally would not let others get the Vastsun Bright Moon Realm's quotas easily.

Ye Yuan slowly opened his eyes, waking up from a meditative state.

When he saw Yue Mengli, he could not help jumping in fright as well. "Li-er, it's only been a few days of not seeing, you actually broke through already? Innate Battle Soul Physique indeed lives up to its reputation!"

Yue Mengli was exceedingly talented, even a notch above Zhou Yan!

It was just that after her Innate Battle Soul Physique flared up, her cultivation realm remained at a standstill all along. These dozen over years, her cultivation realm did not advance but fell instead. It even dropped quite a few realms.

From when she recovered until now, it was merely half a month's time. Not only did Yue Mengli's cultivation realm recover to its peak state, it even scaled to new heights, and she broke through to Ninth Level Phaseless!

Such cultivation speed was simply too shocking!

Ye Yuan's understanding of the Innate Battle Soul Physique was also merely limited to the records. But now, only when he saw Yue Mengli's cultivation speed with his own eyes, did he know how terrifying this spirit physique was.

When Yue Mengli cultivated to Divine King Realm, coupling with the Innate Moonlight Heavenly Eye's ocular arts, it was simply, killing gods when encountering gods, killing Buddha when encountering Buddha!

Two kinds of heaven-defying physiques being born in the same person, this was simply heaven's joke.

After experiencing suffering, Yue Mengli finally dispelled the clouds and saw the bright moon!

Li-er smiled sweetly and said, "Isn't this still all thanks to Big Brother Yuan? Without you, Li-er would have long become withered bones in a graveyard. How could I have today?"

Ye Yuan said with a smile, "Look, you're at it again! Looks like the Vastsun Bright Moon Realm is already opened. Should we prepare a bit to enter inside?"

Yue Mengli smiled and said with a nod, "Coming to find Big Brother Yuan is precisely for this matter. Father has already decided. Tomorrow at noon, the passageway should be able to thoroughly stabilize. At that time, we'll enter inside together with Bright Moon City's martial artists."

Ye Yuan said with a nod, "That's fine. But Han Tong that bunch of people, we had no news the entire time. I'm afraid that they will cause trouble!"

Just what Ye Yuan knew at present, there were two divine artifacts in this world. One was the Sacred Dragon Token in his hands. The other was the Spirithorn Shattering Mirror in Han Tong's hands.

The might of a divine artifact, only Ye Yuan had a clear understanding.

Once a divine artifact was infused with divine essence, the strength of its power was unimaginable!

"Father is also worried about this matter and already arranged a large number of forces around the entrance. There's absolutely no way for them to barge inside," Yue Mengli said.

Ye Yuan nodded his head but felt that this matter probably would not be so simple.

...

At noon the next day, Bright Moon City's side had a thousand people gathered at the entrance.

These people have already been through Bright Moon City's stringent screening. They would enter the Vastsun Bright Moon Realm to seek out that glimmer of good luck.

If they could obtain a spirit spring to wash their eyes, not only were they able to obtain powerful ocular arts, it would also be greatly beneficial to their cultivation.

Of course, if they were able to have heaven-defying fortuitous encounter and obtain the Sun Moon Divine Spring of the legends, there was even a possibility that they could obtain the Sun Moon Heavenly Pupil!

It was just that these 100 thousand years, there had yet to be anyone who was so lucky.

Rumor has it that inside the Vastsun Bright Moon Realm, there was only one Sun Moon Divine Spring. Furthermore, the location was erratic.

In 100 thousand years, there had actually been someone who found the Sun Moon Divine Spring before. It was just that sadly, he did not acquire the Sun Moon Heavenly Pupil.

"Jianfeng, entering the Vastsun Bright Moon Realm this time, you'll be leading the team. This time is different from in the past. It might be more dangerous. You got to be more careful," Yue Jianqiu said.

Although the Vastsun Bright Moon Realm was Vastsun City and Bright Moon City's private property, inside was not a straight path. On the contrary, the perils inside were not lesser compared to ordinary mystic realms.

Hence, each time they entered the Vastsun Bright Moon Realm, there had to be a Yue Family's important figure holding down the fort. This time, the Yue Family sent out Yue Jianfeng.

Yue Jianfeng received the order and said, "Jianfeng understands! Family Head, please rest assured!"

Yue Jianqiu nodded and said, “En, if I didn’t trust you, I wouldn’t have sent you either. I don’t care about the others, but Ye Yuan and Li-er, you must ensure that you bring them out safe and sound!”

Yue Jianfeng’s expression turned sharp as he said with a nod, “Jianfeng will definitely lay down his life to serve!”

After Yue Jianqiu was finished with the orders, Yue Jianfeng brought the group of martial artists and were planning on entering the Vastsun Bright Moon Realm.

But right then, an abnormality suddenly occurred!

An intense light shot out from the void, bombarding onto the multi-colored immortal qi!

Rumble!

The space emitted a series of fierce tremors. The martial artists in the air were actually somewhat staggering unsteadily on their feet!

“Damn it! It’s the Spirithorn Shattering Mirror! They are actually planning on forcefully opening up a gap in the space, and entering the Vastsun Bright Moon Realm!” Yue Jianqiu said in a cold voice.

*Tear *...

Under the bombardment of the Spirithorn Shattering Mirror, a gap actually really appeared in the sky!

Several figures dashed out from within the void and directly entered the Vastsun Bright Moon Realm.

With this, even Yue Jianqiu was taken by surprise too and had no time to stop it at all, helplessly watching Han Tong and the others entered the Vastsun Bright Moon Realm.

But this was not over yet. The moment this breach was opened up, the martial artists in Bright Moon City could not hold back anymore as well, pouring over there frenziedly!

People who were quick to take advantage of the opportunity already arrived at the entrance of the passageway at this time.

Yue Jianqiu’s face was very grim, and he snapped coldly, “Go and guard the passageway! Whoever dares to go in, kill without mercy!”

Under the order, the Yue Family immediately had a powerhouse lead a team and charge over towards that passageway opening.

It was just that at this time, there were already a large group of martial artists who entered the passageway. Wanting to stop it was already too late.

“Irrelevant personnel, quickly back off! Any more people who barge into the Vastsun Bright Moon Realm will be killed without mercy!” warned the Yue Family’s powerhouse.

But the scene right now already completely lost control. How could those martial artists willingly let go of such an opportunity?

The human traffic still poured over in the direction of the passageway opening, getting more and more.

“Kill!”

Seeing that warnings were ineffective, the Yue Family’s powerhouse started to mean business and began suppressing with bloody measures.

But among those martial artists, there were also quite a few Dao Profound Realm experts. Plus, the numbers were many. The Yue Family’s powerhouse could not kill finish at all.

Seeing this scene, Yue Jianqiu’s face fell, and he said with a cold snort, “Refusing a toast only to drink a forfeit!”

While talking, Yue Jianqiu smacked a palm over into the crowd.

Rumble!

Yue Jianqiu’s casual palm directly slaughtered a large number of martial artists.

Once a divine king became enraged, floating corpses would span a thousand miles!

Under this palm, those martial artists finally knew fear and gradually did not dare to rush towards the passageway opening anymore.

They stopped far away, looking at those martial artists who already rushed into the passageway with envious looks.

“Since the Vastsun Bright Moon Realm came into being, there has never been anyone who opened up another passageway to enter inside before. Today, it really broadened my horizons! What a terrific Divine Martial Hall! This Yue has remembered it!” Yue Jianqiu said in a cold voice.

Today’s incident was an unprecedented humiliation to the Yue Family. How could Yue Jianqiu not take it to heart?

Furthermore, a martial artist carrying a divine artifact entering the Vastsun Bright Moon Realm increased a great deal of variables.

“Family Head, what should we do now?” Yue Jianfeng could not resist asking.

That Han Tong’s strength was very formidable. Furthermore, he had the Spirithorn Shattering Mirror, this level of divine artifact, in his hands. Once they met, he was not a match at all.

Yue Jianqiu said solemnly, “You lot enter inside first. Later, I’ll send Elder Lingyu to enter the Vastsun Bright Moon Realm to lend you a helping hand. If you run into that Han Tong, capture and summarily execute!”

Yue Jianfeng’s expression changed, not expecting that Family Head actually made such a firm decision this time.

Yue Lingyu was a Yue Family’s elder and also Yue Jianfeng’s aunt, the other divine king powerhouse of the Yue Family.

Sending her into the Vastsun Brightmoon Realm, this was making up his mind to make Han Tong stay.

...

Inside the Vastsun Bright Moon Realm, birds sang and the flowers were fragrant; it was a quiet and peaceful atmosphere.

It was just that the Yue Family members were all aware that this place actually concealed many killing intents.

“What is it, Big Brother Yuan?” Yue Mengli discovered that Ye Yuan had knitted brows, and she could not resist asking.

Ye Yuan shook his head and said, “Nothing. I just feel that this place is rather strange.”

“Strange? Our Yue Family and Zhou Family have already entered the Vastsun Bright Moon Realm who knows how many times. We’ve never discovered anything amiss here before!” Yue Mengli said wonderingly.

Ye Yuan smiled and said, “Maybe I was thinking too much.”

At this time, Yue Jianfeng said to everyone, “Now, everybody, disperse. Seek out your own lucky chance respectively! Except that this time, everybody saw it too. The situation is a little different. Everyone needs to be careful. If you see people apart from the two Yue and Zhou families, if it’s within the scope of your abilities, everybody must cut them down! The prestige of the Yue Family does not tolerate these people to come and blaspheme! Understood?”

“Understood!” Voices of assent that shook the heavens echoed out.

These one thousand martial artists all had extremely deep connections with the Yue Family and naturally stood on the Yue Family’s side.

After everyone dispersed, Ye Yuan and Yue Mengli also headed towards the deep areas of the mystic realm to seek out their own lucky chance.

Inside the Vastsun Bright Moon Realm, the so-called lucky chance was the eye-baptizing spirit springs. If a martial artist found an eye-baptizing spirit spring site, they could jump in the mouth of the spring. The spring waters would cleanse the martial artist’s marrow.

Of course, the most important function of this spirit spring was to cleanse the eyes. It could let the martial artist’s ocular arts evolve, achieving the postnatal Vastsun Flameheart Pupil or Moonlight Heavenly Eye from there.

“This Vastsun Bright Moon Realm was opened up together to your two families. I’ve always been curious, why the Bright Moon City’s martial artists, what they obtained were all Moonlight Heavenly Eye powers,” along the way, Ye Yuan asked curiously.

“It’s said that this is because of Bright Moon City’s moonlight! Martial artists who stay in Bright Moon City for a long time, their bodies will carry the aura of the Moonlight Heavenly Eye. When they enter the Vastsun Bright Moon Realm to acquire eye-baptizing spirit springs, they would naturally obtain the powers of the Moonlight Heavenly Eye,” Yue Jianfeng said.

The others all scattered respectively. But Yue Jianfeng followed Ye Yuan and Yue Mengli, protecting the two of them.

“Like that, *huh!* Most likely, this is the means of a Deity Realm powerhouse. Deity Realm powerhouses are truly what nobody can imagine!” Ye Yuan sighed with admiration.

“*Hahaha!* I found an eye-baptizing spirit spring!” Right at this time, an excited voice came over from not far away.

The three people looked over following the voice, only to see that a martial artist found the mouth of a spring the size of a well, and he was abnormally excited.

With a splash, that martial artist directly jumped into the mouth of the spring.

“*ARGH!!*”

A miserable cry transmitted over. That martial artist did not have his eyes cleansed by the spirit spring, but it was like he was boiled by that spirit spring instead, steaming hot.

The three people, their judgments were good. They watched that martial artist struggle a few times, then immediately went silent.

That martial artist was actually directly melted by the spring waters, without even leaving behind scraps.

This scene made people’s hair stand on end.

“Fool! Can’t even distinguish between a spirit spring and decay spring, and also dare to barge into the Vastsun Bright Moon Realm!” Yue Jianfeng said with a cold sneer.

“Decay spring?” Ye Yuan asked curiously.

“Inside this Vastsun Bright Moon Realm, there are two kinds of spring. One type is the eye-baptizing spirit spring, greatly beneficial to martial artists. The other type is this decay spring. Its corrosive powers are extremely strong. Even if a Dao Profound Realm powerhouse entered inside, it’s a certain death too! That person just now wasn’t a member of the Zhou and Yue two families. He must be a martial artist who entered from that passageway. Only the permanent residents of Bright Moon City would know these secrets,” Yue Jianfeng said.

Ye Yuan also sighed endlessly when he heard. The Yue Family and Zhou Family operated for countless years by the two of them. Clearly, there were many secrets that the outside world did not know.

Ye Yuan came beside the decay spring and saw that the water surface was calm. It was as if nothing had happened earlier.

“Ye Yuan, let’s go. The eye-baptizing spirit springs are also split into good and bad. The truly good spirit springs are still in the deep areas of the mystic realm. Han Tong those people definitely headed to the depths of the mystic realm. We’d better not lose time.” Yue Jianfeng saw that Ye Yuan was interested in the decay spring and could not resist urging him.

However, it was like Ye Yuan did not hear it. He still stared at the decay spring.

Yue Jianfeng was about to open his mouth again but saw Yue Mengli making a ‘hush’ hand gesture at him, saying softly, “Don’t interrupt Big Brother Yuan. Let him look. Maybe he had noticed something.”

Yue Jianfeng could only drop it. But he was still rather disdainful in his heart. A decay spring that claimed people's lives, what was there to study?

Ye Yuan was currently looking, when he suddenly leaped, jumping down into the decay spring.

Seeing this scene, Yue Jianfeng and Yue Mengli's expression both changed greatly!

Chapter 955: Reverse-Life Spirit Spring

Splash!

Ye Yuan landed inside the mouth of the spring, splashing up a wave.

"Ahh! Big Brother Yuan, don't!" Yue Mengli screamed.

However, it was already too late. Ye Yuan's entire person submerged inside.

When the two people rushed to the spring, how could they still see Ye Yuan's figure? The spring water was clearly transparent, but one completely could not see Ye Yuan.

Yue Mengli actually wanted to directly jump into the water without even thinking but was held back by Yue Jianfeng.

"Li-er, don't! This is a decay spring! Even if I fell inside, there's no way to come out alive either!" Yue Jianfeng said.

Yue Mengli's tears flowed out all at once. She completely did not think that Ye Yuan actually directly jumped inside.

What Yue Jianfeng said was right. Even if a Dao Profound Realm powerhouse like him jumped in, it was also impossible to survive, let alone Ye Yuan.

Now, the surface of the water already recovered its tranquility. But Ye Yuan's head did not even pop out. Most likely ...

Yue Mengli did not dare to imagine anymore. She could not understand, Ye Yuan clearly saw that person's outcome earlier. Why did he still want to jump inside the decay spring?

Splash!

A wave splashed, Ye Yuan's head tunneled out from inside the mouth of the spring.

When Yue Jianfeng and Yue Mengli saw this scene, their eyes were filled with disbelief. Ye Yuan actually came out perfectly unscathed!

Logically, at this time, Ye Yuan should have long been thoroughly melted down.

"Ye Yuan, you ... you're actually alright!" Yue Jianfeng's eyes widened, and he said.

Ye Yuan said smilingly, "Indeed as I expected, this so-called decay spring is actually also a type of spirit spring. It's just that the method people draw from it is incorrect, that's all! Let's not talk first. I feel like I'm going to break through."

All of a sudden, with Ye Yuan as the center, a fierce essence energy storm surged. Yue Jianfeng and Yue Mengli hurriedly retreated.

The two people exchanged a glance, both seeing the astonishment in the other party's eyes.

Since ancient times, there had never been anyone capable of surviving inside this decay spring. Not only was Ye Yuan fine, but he also obtained tremendous benefits inside the decay spring instead and directly broke through!

"Looks like our Yue Family's understanding of the Vastsun Bright Moon Realm is still too superficial!" Looking at Ye Yuan breaking through, Yue Jianfeng said with a bitter smile.

Before long, the essence energy storm ceased. Ye Yuan successfully broke through to Second Level Phaseless.

After Ye Yuan left the decay spring, the mouth of that spring could actually be seen disappearing at a speed visible to the naked eye, finally becoming an area of flatland.

"Big Brother Yuan, just what on earth is going on here?" Yue Mengli also came forward to ask impatiently.

Ye Yuan's actions earlier completely subverted their understanding.

They never knew that this decay spring actually still had such an effect.

Ye Yuan smiled and said, "This decay spring is actually a type of ancient spirit spring called reverse-life spirit spring!"

"Reverse-life spirit spring?" Yue Jianfeng and Yue Mengli both had blank looks. Clearly, they had never heard of this name before.

"You guys can't be blamed for not knowing either. The reverse-life spirit spring has long disappeared in the Divine Realm already. I also saw it inside an ancient record, that was how I recognized it. I didn't expect that inside this Vastsun Bright Moon Realm would actually have this kind of thing," Ye Yuan said with an emotional sigh.

But Yue Jianfeng became anxious and asked, "Just what is the reverse-life spirit spring that you mentioned? Why would others be melted down when they enter the decay spring, while you're completely fine?"

Ye Yuan explained, "The reverse-life spirit springs is born from heaven and earth, containing powerful, yet violent essence energy. Legend has it that as long as one drinks a mouthful of reverse-life spirit spring, it could directly let a First Level Dao Profound martial artist breakthrough to Third Level Dao Profound! Of course, the prerequisite is that you're not immediately stuffed by this violent essence energy until you explode."

“What?! This ... This is also too exaggerated, right? That you just now ...” Yue Jianfeng nearly jumped up, a look of disbelief written all over his face.

To the majority of martial artists, after breaking through to Dao Profound Realm, each breakthrough of a minor realm needed to expend several hundred years, even a thousand years of time.

But one mouthful of spirit spring could let a First Level Dao Profound martial artist breakthrough to Third Level Dao Profound, this sort of spirit spring was also a bit too terrifying!

More importantly, what Ye Yuan said was one mouthful of spirit spring. But that decay spring just now was a small pool. Although Ye Yuan broke through cultivation realm, the effects were far from as horrifying as he said.

Ye Yuan said with a smile, “Heh, do you think that reverse-life spirit springs are cabbages on the roadside; there can be one randomly? That reverse-life spirit spring earlier has been diluted goodness knows how many times! If there was really such a large reverse-life spirit spring, do you think that I’d dare easily go into the water?”

Yue Jianfeng’s old face could not help turning red, aware that he was overthinking it.

This Vastsun Bright Moon Realm had God knows how many decay springs. If it was really all reverse-life spirit springs, then it would be even more precious than the Sun Moon Heavenly Pupil!

“Big Brother Yuan, then this reverse-life spirit spring, why would people be melted away when they go into it?” Yue Mengli said doubtfully.

The moment Yue Jianfeng heard, he could not help perking his ears up too. This was the area he was most curious about.

Ye Yuan said smilingly, “Reverse-life spirit springs have a distinguishing trait, that is when absorbing, one mustn’t revolve it according to normal cultivation methods. Otherwise, it would become strong corrosive poison, directly melting people away! One must reverse their cultivation methods to revolve, before they can absorb the essence energy inside. Reverse-life spirit springs got its name from this as well. Not knowing the inside story and rashly absorbing the spirit spring is no different from seeking death.”

Yue Jianfeng duo marveled endlessly when they heard. Creation was indeed miraculous. There was actually still such a bizarre spirit spring in this world.

If one did not understand beforehand, who could have known that this terrifying decay spring was actually a heaven and earth rare treasure?

Yue Jianfeng sighed incessantly when he heard, and said, “The Vastsun Bright Moon Realm has existed for so many years. Our Yue Family is sitting on a treasure but weren’t aware of it ourselves. What irony!”

Ye Yuan sighed as well and said, “Truly envious of the martial artists in the Divine Dao Era! Most likely, many heaven and earth rare treasures utterly scattered and disappeared along with the disappearance of Divine Dao! This reverse-life spirit spring is a heaven and earth rare treasure to Dao Profound Realm martial artists. But when placed in the Divine Dao Era, it’s also nothing more than this, right?”

First Level Dao Profound to Third Level Dao Profound sounded scary. But if Deity Realm powerhouses still existed in the world, this was also merely so-so.

This degree of essence energy to Deity Realm powerhouses was probably also just trying to put out a cartload of burning logs with a cup of water.

This reverse-life spirit spring was already extinct in the Divine Realm. No one was able to find any traces at all. Even records that recorded it were extremely, extremely rare.

Although the Medicine King Hall was the super holy land with the most shallow foundation, the depths of its bedrock was what the average person could not imagine.

For several thousand years, Ji Zhengyang explored who knows how many mystic realms and obtained quite a number of extremely valuable records.

In order to pursuit the paramount Alchemy God Realm, Ye Yuan browsed through God knows how many of this type of records. His knowledge and understanding were not what ordinary martial artists could compare to at all.

But in the Divine Dao Era, this level of heaven and earth rare treasure probably would not be as scarce as presently.

Ye Yuan did not say so without reason as well.

His goal was never the Divine King Realm, but that paramount Deity Realm!

This sort of emotions, probably only the Yue Mengli whose heart was linked with his could understand.

“Alright, continue the journey then! If we run into reverse-life spirit springs again, the two of you can also go in to absorb it,” Ye Yuan said.

Chapter 956: Struggle for Spirit Springs

Ye Yuan trio headed towards the deep areas. Along the way, it was peaceful as well.

The Vastsun Bright Moon Realm was extremely vast. But the number of spirit springs was very scarce and not that easy to encounter.

As for who could obtain it, it would have to depend on their respectively lucky chances.

Of course, apart from the eye-baptizing spirit springs, there were still many heaven and earth rare treasures within the mystic realm. Those with good luck would similarly reap significant harvests.

When the three people walked to a region of mountain valleys, suddenly, the place ahead was covered in mist, like a mortal world paradise.

Yue Jianfeng could not help being overjoyed as he said in exhilaration, “It’s an eye-baptizing spirit spring. Furthermore, the grade isn’t low! Li-er, let’s go and check it out. If it’s a top-grade spirit spring, it will be yours.”

Eye-baptizing spirit springs were divided into five grade, respectively: low-grade, middle-grade, high-grade, top-grade, and the legendary heaven-grade.

It was said that if a martial artist acquired a heaven-grade spirit spring, it would produce a spirit physique second only to the innate Moonlight Heavenly Eye Physique, with exceedingly powerful ocular powers!

It was just that heaven-grade spirit springs were too rare. The Yue Family entered the Vastsun Bright Moon Realm so many times and also merely obtained it a measly few times before.

Hence, if Yue Mengli could obtain a top-grade spirit spring, it was already expressing thanks to heaven and earth.

Top-grade spirit springs were also not that easy to run into.

“It’s indeed a top-grade spirit spring! *Heh*, luck this time is really not bad. Just entered the mystic realm for two day’s time and we ran into a top-grade spirit spring! Li-er, you quickly enter the spirit spring. With this top-grade spirit spring, your ocular powers will have hopes of approaching the Divine Luo Realm!” Yue Jianfeng said delightedly.

Ocular arts was a type of magical, yet mysterious technique, equivalent to adding an auxiliary martial technique for the martial artist.

Powerful ocular arts could exterminate the opponent with a wave of one’s hands. Moreover, it was impossible to guard against.

Ocular arts were not just the Vastsun Flameheart Pupil and Moonlight Heavenly Eye, these two types. The Divine Realm’s ocular arts had a wide variety. There were all sorts of abilities.

It was just that these two types of ocular arts were the most renowned in the Divine Realm.

However, no matter what kind of ability the ocular art was, the strength of the ocular art were divided into relative superiority or inferiority.

Ocular arts did not have noble or lowliness. But ocular strength had its own division of realms.

Regardless of what kind of ocular art, they were all divided into Mortal Embryo, Profound Dipper, Purple Essence, Spirit Indulgent, Divine Luo, these five great realms. 1

To ocular art martial artists with postnatal physiques, the highest realm they could reach was Spirit Indulgent.

And in reality, ocular art martial artists capable of reaching Spirit Indulgent realm were exceedingly few. Unless they obtained a heaven-grade eye-baptizing spirit spring, otherwise, there was basically no hope in this lifetime.

The vast majority of ocular art martial artists all stopped at Profound Dipper and Purple Essence, these two realms.

Yue Jianfeng’s ocular powers were already very strong. But it was also merely Purple Essence Realm.

While an innate Moonlight Heavenly Eye Physique like Yue Mengli's, the moment they were born, it was Spirit Indulgent Realm! This aspect was what all postnatal martial artists could not compare to at all!

One had to know that a peerless expert like Yue Jianqiu, his ocular powers realm was also merely just Spirit Indulgent Realm.

Eye-baptizing spirit springs, martial artists could only use once in their lifetime. Hence, what grade of eye-baptizing spirit spring Yue Mengli used was very particular.

Top-grade eye-baptizing spirit springs were Yue Mengli's lowest needs. Otherwise, it would be wasting her innate spirit physique too much.

If she could reach the legendary Divine Luo Realm, then Yue Mengli's Moonlight Heavenly Eye would be terrifying!

However, Ye Yuan shook his head and said, "Li-er, don't go in."

Yue Jianfeng's expression changed, and he said, "Ye Yuan, what's the meaning of this?"

Ye Yuan said coolly, "Just a top-grade spirit spring. Even if Li-er used it, it's also not possible to reach Divine Luo Realm. It's too wasteful."

Yue Jianfeng could not help choking up and said crossly, "Do you think that Divine Luo Realm is that easy to reach? My Yue Family ..."

"Your Yue Family produced a total of 58 innate Moonlight Heavenly Eye Physiques in these 100 thousand years. But only one person reached the Divine Luo Realm," Ye Yuan interjected first.

Yue Jianfeng did not think that Ye Yuan was actually so familiar with the Yue Family's domestic affairs but still said huffily, "Since you know this, you should know how hard Divine Luo Realm is to attain. Why do you still want to stop Li-er?"

Ye Yuan smiled and said, "A great era is coming. Powerhouses will definitely gather. Your Yue Family's past experiences are already useless. If somebody is able to reach the Divine Luo Realm in this age, it's bound to be Li-er! Or how do you know that she can't acquire the legendary Sun Moon Heavenly Pupil?"

Yue Jianfeng drew a deep breath. He did not think that Ye Yuan's ambition was actually so great!

Sun Moon Heavenly Pupil, something that he did not even dare to think about, Ye Yuan actually had his eyes set on this.

Ye Yuan looked at him and said smilingly, "You think that Han Tong they all did not scruple to expose a divine artifact and also had to enter the Vastsun Bright Moon Realm, it would be for the sake of this mere top-grade spirit spring, right? Or perhaps, a heaven-grade spirit spring?"

Yue Jianfeng's expression was incomparably ugly. His mouth was dry as he said, "They did it ... for the Sun Moon Heavenly Pupil!"

"Even an outsider had ideas on the Sun Moon Heavenly Pupil. But your Yue Family itself don't even dare to think about it?" Ye Yuan said with a smile.

Yue Jianfeng could not help choking up. Ye Yuan's words rendered him speechless.

At this moment, he felt like his setup were seriously too small, and not as far-sighted as a junior's way of looking at things.

"*Heh heh*, since you guys don't care for a measly little top-grade spirit spring, then give it to us brothers!" suddenly, a boorish voice sounded out.

Several figures suddenly dashed out, surrounding Yue Jianfeng trio in the center.

The one in front was a very skinny man. Looking from the aura exuding off his body, he was actually already a Fifth Level Dao Profound powerhouse!

Behind him were five to six people, all First Level and Second Level Dao Profound martial artists.

This group of people's strength was very formidable!

Seeing that skinny guy, Yue Jianfeng's expression changed as well, and said solemnly, "Wang Yao, are you making an enemy out of my Yue Family here? Even if we let you obtain the top-grade spirit spring, are you sure that you can escape the Yue Family's pursuit?"

Fifth Level Dao Profound powerhouses were all illustrious existences.

This Wang Yao, Yue Jianfeng naturally recognized.

Previously, Han Tong opening up a passageway, this Wang Yao was the group that saw the opportunity arise the quickest, and also the group with the most formidable strength.

Wang Yao knew that the Yue Family definitely would not allow outsiders like them to go in unchecked. So after entering, he got involved with this group of people, for the sake of dealing with the Yue Family's members.

Yue Jianfeng's strength was very strong. Originally, Wang Yao did not want to clash with him either. But seeing this top-grade spirit spring, it was not up to him to not be moved.

"*Heh heh*, man dies in pursuit of wealth, birds die in pursuit of food! With this top-grade spirit spring, breaking through to Sixth Level Dao Profound is also in sight! Why would I not take this risk?" Wang Yao said with a cold smile.

Yue Jianfeng said in a solemn voice, "The spirit springs within the Vastsun Bright Moon Realm all belong to the Yue Family and Zhou Family. You, an outsider, wants to get a share too? I want to see how much capability you have! Ye Yuan, you bring Li-er and escape first. Wait until I dispose of Wang Yao, then I'll catch up with you guys!"

Ye Yuan shrugged his shoulders and said with a helpless look, "Escape? Just a bunch of trash, why do we have to run? You fight yours, our side here don't need you to care."

"*Heh heh*, my brothers, he, a Phaseless Realm brat, is looking down on us. What should we do?" Wang Yao said with a smile that was not a smile.

"What should we do? Of course, it's teaching this brat how to respect people!" said a Second Level Dao Profound powerhouse with a cold smile.

Don't worry, no need to remember these names, they never appear again, LOL!

Chapter 957: Battle Soul Awaken!

"Ye Yuan, don't mess around! I know that your combat strength is shocking. But Second Level Dao Profound, you guys are not a match!" Yue Jianfeng said anxiously.

In the Bright Moon Competition, although Ye Yuan defeated Lin Chao, but Lin Chao had merely just entered Dao Profound Realm.

With Ye Yuan's strength, beating one or two Dao Profound Realms was doable. But dealing with six people all at once, among them even had a Second Level Dao Profound Realm powerhouse, it was completely out of the question.

Ye Yuan waved his hand and said, "You fight yours, what do you care so much for?"

Yue Jianfeng could not help choking up. This brat really made people worry.

He gritted his teeth and suddenly made a move, going straight for that Second Level Dao Profound.

But Wang Yao was long prepared and said with a cold laugh, "Your opponent is me!"

His figure moved and directly clashed with Yue Jianfeng.

The two people's cultivation realms were more or less the same. Their strength difference was not great. Even if Yue Jianfeng drew support from ocular powers, it was also very hard to defeat Wang Yao within a short time.

But at this time, that Second Level Dao Profound slowly closed in on Ye Yuan and said with a mocking laugh, "Brat, don't think that by defeating a rookie who just broke through to Dao Profound Realm, you think that you're invincible under the heavens? Brothers, give this little brother a good lesson. Let him know what emperor realm experts are!!

These people all saw the scene of Ye Yuan killing Lin Chao before, and were indeed taken aback by shock.

However, Lin Chao only barely managed to break through to Dao Profound Realm in the end. Compared to a genuine First Level Dao Profound, there was still some gap.

Let alone that there was even a Second Level Dao Profound here.

Those few people immediately surrounded over. But Ye Yuan retreated to one side calmly, leaning against a large tree with folded arms.

"Hey hey, when did I say that I'm invincible? Don't get it wrong, your opponent is her, not me." Ye Yuan nudged at Yue Mengli with his mouth.

Everyone froze, their gazes casting towards Yue Mengli. That Second Level Dao Profound suddenly burst into laughter and said, "Hahaha, are you making a joke? Who in the world doesn't know that the Yue

Family's eldest miss got an incurable illness. Even if it's cured, she hasn't cultivated properly all along these few years. You're making her fight with us?"

"Spineless coward, to actually hide behind a woman! Eldest Miss Yue, you fell for a man like this?" Another person said with a snicker.

One had to admit that towards Yue Mengli, these few people still maintained a certain respect.

Yue Mengli's beauty was like a goddess of the heavens; making people unable to bear to profane.

It was just that Ye Yuan's performance made them feel like a fresh flower was stuck onto cow manure.

But Yue Mengli said coolly, "You all ... aren't worthy to make Big Brother Yuan take action."

The moment these few people heard, they could not help exchanging glances, and immediately bursting into laughter.

"Haha, Miss Yue must be joking. The likes of you aren't a match for the few of us yet. A man like this isn't worthy of you entrusting."

"Yeah, Miss Yue. You'd best quickly withdraw. Us uncles are all boorish people. Once we fight, we don't want to hurt your fair and beautiful face."

"Miss Yue, this brat is posturing himself, but makes you charge and storm the enemy ranks. Better dump him! Hahaha!"

Over there, Yue Jianfeng was entangled in battle with Wang Yao on one hand. On the other hand, he also divided his attention to pay attention to the situation here.

He saw that Ye Yuan actually retreated to one side and ignored matters, and could not help panicking as he said, "Ye Yuan, don't mess around! Li-er's body has just recovered and has neglected cultivation for a long time. It's totally impossible to be their match!"

But Wang Yao chortled with laughter when he saw the situation and said, "Yue Jianfeng, your opponent is me. The matters at the lower levels, let them settle it themselves! Haha! Relax, Miss Yue is the Yue Family's apple of the eye. They won't do anything to her. But as for that brat ... that's up in the air."

Wang Yao knew the prowess of the Moonlight Heavenly Eye. So he only tangled with Yue Jianfeng and did not fight to the bitter end with him.

As long as the people downstairs finished Yue Mengli off, then took Yue Mengli as hostage, would he still be afraid that Yue Jianfeng would not submit obediently?

Wang Yao also knew the power of the Yue Family. So before coming out, he had long thought of a surefire plan. Although he would offend the Yue Family like this, he would not offend beyond repair.

But if he killed Yue Mengli, the consequences would be too ghastly to imagine.

Even if he obtained a spirit spring, facing the Yue Family's pursuit all over the world, there was also absolutely no chance of survival.

But towards Yue Jianfeng's roar, Ye Yuan turned a deaf ear to it and only said coolly, "Hey, the few of you, don't blame me for not warning you guys, if you underestimate Li-er, the price you pay will be your lives!"

Ye Yuan had a leisurely and relaxed appearance, not at all worried about Yue Mengli.

"Heh heh, since Miss Yue is so impressive, then us brothers have to seek guidance properly. Quan Sheng, you go and challenge Miss Yue!" The Second Level Dao Profound said with a sneer.

"Alright! Miss Yue, this Quan will have to offend!"

That First Level Dao Profound called Quan Sheng rubbed his fists and wiped his palms, an appearance of cornering Yue Mengli.

Only to see him extend a hand and grab. An enormous claw condensed from essence energy grabbed towards Yue Mengli. The momentum was extremely shocking.

No martial artists able to cultivate to Dao Profound Realm was mediocre. Even if Lin Chao was really compared to this Quan Sheng, it was at most also evenly-matched.

Experienced First Level Dao Profounds were not that easy to defeat.

Crossing realms and defeating Dao Profound Realm martial artists, that was only something that extremely few people were able to accomplish.

At least in other people's view, it was impossible for Yue Mengli to have this capability.

But right at this time, that originally warm and good-natured Yue Mengli's temperament suddenly changed. A fierce aura surged towards the skies!

Behind Yue Mengli, a gigantic phantom actually appeared!

This phantom was exactly alike Yue Mengli. But the disposition was completely different. That phantom's expression was very cold, but its body exuded a powerful battle intent.

It was as if that phantom was born inherently for battle!

"Dharma idol heaven and earth! How is this possible?!"

Everyone looked at that phantom with incomparable astonishment. Quan Sheng's grab was so laughable in front of this dharma idol heaven and earth!

Chiii!

Yue Mengli pointed a finger out. The dharma idol behind her similarly pointed a finger out!

An incomparably swift and fierce white light tore right across the sky, shattering the claw Quan Sheng condensed into smithereens.

Rumble!

Quan Sheng did not even get to cry out miserably and was smashed into paste by this finger of white light.

This dharma idol was too powerful!

“Hiss ...”

The remaining few martial artists retreated several steps in a row, all frightened by the scene just now.

A veteran First Level Dao Profound actually could not even withstand the power of a finger and was directly eradicated!

Didn't they say that the Yue Family's misses already did not cultivate for over a dozen years? How could she possibly be so strong?

Even Yue Jianfeng and Wang Yao also stopped the fighting at this time, looking at this scene in disbelief.

They clearly did not think that the all along delicately built Yue Family's eldest miss actually had such powerful strength!

“Tsk tsk, Innate Battle Soul Physique indeed lives up to its reputation! This isn't some dharma idol heaven and earth, but Li-er's Innate Battle Soul Physique! Incubating for so many years, she finally awoken!”

Ye Yuan looked at that colossal figure and sighed with endless admiration.

[Unrivaled Medicine God](#)

Chapter 958: Yue Lingyu

Innate Battle Soul Physique, after the spirit and flesh fusion reached a certain degree, the martial artist's innate battle soul would awaken.

A sentence circulated during the Ancient Era: Once the battle soul emerges, who can contend for supremacy!

The battle soul was born for the sake of battle. It was inherently peerlessly powerful.

Yue Mengli's battle soul had just awakened not long ago. Currently, it was just a phantom.

When her strength gets increasingly more profound, and the spirit and flesh fusion degree gets higher, the battle soul's strength would also become more powerful, and become all the more corporeal as well!

“Battle soul? Innate Battle Soul Physique! This ... there's actually really such a terrifying spirit physique in this world! Furthermore ... furthermore, she's even of the innate Moonlight Heavenly Eye Physique! If she cultivates to the Divine King Realm, who else can contend with her?”

Hearing Ye Yuan's words, Wang Yao was fear-stricken with shock!

He had apparently heard of the Innate Battle Soul Physique before. Regarding this spirit physique's might, he had somewhat heard of it before.

But after he recalled that Yue Mengli still had another type of terrifying spirit physique in her, he was no longer able to remain calm.

Someone like this was simply born with a golden spoon in her mouth!

Ye Yuan shot him a glance and said with a faint smile, "Looks like you still have some knowledge. To actually know about the Innate Battle Soul Physique."

Wang Yao was startled and suddenly thought of something. He looked at Ye Yuan like he had seen a ghost and said, "No wonder this girlie has always been plagued by a serious illness. Turns out it's that these two types of spirit physiques were unable to co-exist! An existence like this, even heaven is jealous too! It was rumored that this girlie's illness was cured by you. You ... you're actually able to do such a thing!"

With this, Ye Yuan was also rather surprised.

This Wang Yao actually knew so much. This knowledge what not what the average person could have.

No wonder this guy could charge into the mystic realm at the first moment. This Wang Yao was not simple.

"Heh, really couldn't tell that what you know is really quite a bit! Why, still want the spirit spring now?" Ye Yuan looked at Wang Yao with a smile that was not a smile as he said.

Wang Yao's face fell and he suddenly smacked a palm out. It actually headed straight for Yue Mengli!

"Wang Yao, you're courting death!" Yue Jianfeng did not expect this guy to suddenly deal a pre-emptive strike, his figure moving, rescuing at once.

Right at this time, Wang Yao barked, "Go!"

When he said this, his figure already arrived ten thousand feet away.

That Second Level Dao Profound's reaction was the fastest. He was the first one to turn tail and run. The others were slightly slower.

But at this time, Yue Mengli did not have the intention of defending at all, pointing a finger out once more!

"ARGH!!"

A bolt of white light flashed past. Another Dao Profound Realm powerhouse died miserably under the battle soul.

Rumble!

At the same time, Yue Jianfeng also arrived just in time, resolving Wang Yao's attack.

However, it was already too late to want to catch up to these people. Those were all Dao Profound Realm powerhouses. All of their movement techniques were exceedingly swift, already vanishing from the three people's sight.

Yue Jianfeng looked at Yue Mengli, like it was his first day knowing her.

"Li-er, turns out that you're already so incredible! You really concealed so bitterly from Uncle Feng!" Yue Jianfeng said with a bitter smile.

Yue Mengli said with a smile, "Li-er didn't have the intention of hiding from Uncle Feng, but I just awoken the battle soul the other day under Big Brother Yuan's help. Honestly speaking, when I just experienced the battle soul's strength, I had a good scare too!"

Yue Jianfeng involuntarily looked at Ye Yuan, his eyes filled with disbelief.

This son-in-law seemed like there was nothing that could stump him.

Ye Yuan said smilingly, "No need to look at me with this sort of expression. The Innate Battle Soul Physique actually doesn't need me to teach at all. Once the battle soul awakens, it's like the demon race awakening their inheritance memories. Li-er's strength will grow with each passing day. With her around, it's also not impossible for the Yue Family to become the Divine Realm's number one family clan in the future. The Sun Moon Heavenly Pupil is merely adding flowers to embroidery."

Hearing these words, Yue Jianfeng's entire body involuntarily trembled as he said in amazement, "This Innate Battle Soul Physique is actually so incredible?"

Ye Yuan said smilingly, "It will only be more incredible than you imagine! Although the hope is very bleak, maybe by relying on this Innate Battle Soul Physique, Li-er will be able to break through the fetters! Of course, this is just my guess."

Actually, Ye Yuan was also very much looking forward to just what level Yue Mengli could attain.

After all, the Innate Battle Soul Physique already had not appeared for at least 200 thousand years. Whether Yue Mengli could rely on the spirit and flesh union to break through the fetters, nobody could say for sure either.

Yue Jianfeng sucked in a mouthful of cold air. Ye Yuan's words implied the birth of a Deity Realm powerhouse!

If it was really like that, then the Yue Family would become the Divine Realm's number one family without a doubt!

Yue Jianfeng's emotions only calmed down after a long time. He took out a small pot, muttering incantations under his breath. That top-grade spirit spring was actually harvested away just like that.

The Vastsun Bright Moon Realm would only open once every 300 years. If they could only wait for the mystic realm to open before they could obtain spirit springs, they would have been destroyed long ago.

This sort of pot was specially refined in order to collect spirit springs. Using it to bring spirit springs out of the mystic realm, one could save it for other people to use.

This top-grade spirit spring, as long as one brought it out, it was a great merit.

The three people got their things in order and were just about to leave when a figure arrived with a whistle. A beautiful middle-aged woman appeared in front of the three people.

The beautiful madam looked to be 30 over years of age. Although she had lost some of her charms, she still retained her graceful bearing and was very elegant and poised. Between her brows was actually bore some resemblance to Yue Mengli. When she was young, she was definitely an unrivaled beauty as well.

"I've seen Elder Lingyu!" Seeing this beautiful madam, Yue Jianfeng immediately bowed down to greet.

"Granny Lingyu!" Yue Mengli also said happily.

While Ye Yuan stood at one side casually, without the slightest intention of greeting.

This beautiful madam was Yue Jianfeng's aunt, Yue Family's elder, Yue Lingyu!"

At present, the Yue Family's Ling character generation's elderly folks were basically all reclusive and did not emerge. If not for encountering the mystic realm being breached, this sort of major matter, Yue Jianqiu also would not summon Yue Lingyu out. 1

Yue Lingyu nodded her head at the two people, but said with Ye Yuan with knitted brows, "You, this child, should be Ye Yuan, right? Truly don't know manners! Since you've already walked together with Li-er, don't you know how to call granny?"

Ye Yuan said with a smile, "I was afraid of making you out to be old, wasn't I? Although you are Li-er granny generation, you don't look much older than her either. I feel that calling you elder sister is more appropriate!"

Yue Mengli shot a reproaching glare at Ye Yuan. Simply overflowing with flirtation.

But she knew that wanting to make Ye Yuan call Yue Lingyu granny, that was something impossible.

Although Yue Lingyu was a Divine King powerhouse, Ye Yuan's previous life's status was much higher than her's. Talking this way was already looking on the account of her face.

Yue Lingyu originally pulled a long face. But hearing Ye Yuan's words, she chuckled and batted her eyes at Ye Yuan as she said, "You, child, are really honey-mouthed! If you were to call me elder sister, wouldn't it thoroughly mess up the seniority? But these words, I like to hear it!"

Ye Yuan immediately climbed up along the pole and said with a smile, "How can I! To each his own! I see that you're so young, if I really have to make you out to be old, I really can't get it out of my mouth!"

"Hehe ..." Yue Lingyu was tickled by Ye Yuan, giving off silver bells-like laughter.

Footnotes:

So, every male in Yue Jianqiu's generation will have Jian in their name. The females seem to have Ling. Not uncommon for the more traditional chinese families.

Chapter 959: Ninth Heaven Ageless Pill

By the side, Yue Jianfeng's expression was incomparably ugly.

Ye Yuan calling Yue Lingyu elder sister, then wouldn't he have to call Ye Yuan uncle?

This seniority was jumbled until ...

But in front of Yue Lingyu, Yue Jianfeng could not lost his temper either. He could only sulk at one side.

“Hehe, you, child, really know how to talk! Done, call whatever you like. But I’ll say the nasty things first, if you’re not good to our family’s Li-er, I won’t let you off!” Yue Lingyu said half-jokingly.

Yue Mengli was startled and hurriedly said, “Granny Lingyu, what are you saying? If not for Big Brother Yuan, Li-er would already be a dead person now. How could he not be good to me?”

Yue Lingyu did not know Ye Yuan’s identity. If she got on Ye Yuan’s nerves, then she would be caught in the middle.

Who knew that Yue Lingyu’s face fell and she said, “Silly lass! This is this, that is that. He saved you, doesn’t mean that he has to be nice to you. Men are all unfaithful. You got to keep a closer eye! You’re our Yue Family’s darling. No matter which family’s brat gets together with you, they all have to coax and fawn on you! If this brat dares to bully you in the future, just tell Granny Lingyu, grandaunt will definitely beat him until his bottom splits open!”

Yue Lingyu was already getting on in years, but had no shame at all. Even someone as collected as Yue Mengli also could not quite endure it anymore.

She was just about to stop Yue Lingyu from continuing to speak, but heard Ye Yuan say, “What is Elder Sister Lingyu saying. Li-er and my heart is connected together. I won’t let her down in this life! Not only am I going to treat her well, I also have to be good to Elder Sister Lingyu, right? When my cultivation realm reached, I’ll definitely refine a Ninth Heaven Ageless Pill for Elder Sister Lingyu, and let Elder Sister Lingyu be forever young!”

Yue Lingyu’s eyes suddenly erupted with rays of brilliance, but looked at Ye Yuan with a doubtful face as she said, “You know how to refine the Ninth Heaven Ageless Pill? You aren’t bragging, right?”

Ninth Heaven Ageless Pill was a high-grade Tier 9 medicinal pill. The ingredients for refinement were extremely precious. The level of difficulty was exceedingly high as well. The Divine Realm only had that few peak alchemy emperors who had the ability to refine it.

Furthermore, the Ninth Heaven Ageless Pill’s pill formula, there were barely anyone who knew it.

She seriously did not dare to believe that this 20 plus years old lad in front of her was able to refine the Ninth Heaven Ageless Pill.

Ninth Heaven Ageless Pill, it could drive any woman in the Divine Realm mad!

Not only could it let an old granny like Yue Lingyu return to the height of her youth and vigor, with everlasting youth, it could even extend her longevity by a thousand years.

A heaven-defying medicinal pill like this, who would not go crazy?

Ye Yuan said with a smile, “Whether it’s boasting or not, you’ll know at that time. However, the spirit medicines that this Ninth Heaven Ageless Pill requires, Elder Sister Lingyu will have to pool it together yourself.”

Yue Lingyu clearly still did not believe, and could not help turning her gaze towards Yue Jianfeng and Yue Mengli, clearly seeking their opinion.

In contrast, she still believed the Yue Family’s people more.

Yue Jianfeng was also incredibly shocked in his heart. Ninth Heaven Ageless Pill, he naturally knew as well. But to say that Ye Yuan could refine it, he still felt that it was still bragging a little too much.

However, if Ye Yuan did not have this ability, how could he possibly see through the chronic illness within his body at one glance?

Seems like this Ye Yuan could not be measured using common sense at all!

“Elder Lingyu, this ... Ye Yuan probably have this ability. At least, this nephew feels that the family’s alchemy emperor experts are all inferior to him!” Yue Jianfeng told the honest truth.

But Yue Mengli smiled sweetly and said, “Granny Lingyu, don’t doubt anymore! Big Brother Yuan, says that he can refine it, means he definitely can refine it. Just put your mind at ease and boldly prepare the spirit medicines!”

Got to be kidding, if even Ye Yuan could not refine the Ninth Heaven Ageless Pill, then absolutely no one in the Divine Realm could refine it.

Yue Lingyu looked at Yue Mengli with great astonishment, uncertain where her confidence came from.

But she watched Yue Mengli grow up since young and knew that this lass would never dupe her on this sort of matter.

Furthermore, although Yue Jianfeng said it tactfully, he also acknowledged Ye Yuan’s alchemy path strength immensely!

This boy actually had such heaven-defying alchemy path strength? Just what background did he have?

“Fine! If you can help this elderly self refine a Ninth Heaven Ageless Pill, this elderly self will gift you the Mountain & River State Painting!” Yue Lingyu said.

Transcendent-grade holy artifact, Mountain & River State Painting, was an imitation divine artifact, possessing unimaginable power. It was much more powerful compared to ordinary transcendent-grade holy artifacts.

It was just that Ye Yuan already possessed a genuine divine artifact currently, and even had the Vast Heaven Stele and Soul Suppressing Pearl whose grades were uncertain. How could he still take a fancy on the Mountain & River State Painting?

“Heh, no need for that. Elder Sister Lingyu is Li-er’s grandaunt, refining medicinal pills for you is ought to be. How can I want your stuff!” Ye Yuan said with a light chuckle.

But that hint of disdain in Ye Yuan’s eyes still deeply pricked Yue Lingyu.

She could tell that Ye Yuan really did not care for the Mountain & River State Painting, and was not deliberately being generous.

“Pffft ...”

Yue Mengli suddenly burst out laughing. Yue Jianfeng also stifled his laughter.

The moment Yue Lingyu saw, she could not help becoming even more puzzled, and said, "What are you guys laughing at? Could it be that my Mountain & River State Painting can't even match up to a Ninth Heaven Ageless Pill?"

Yue Mengli said with a smile, "Granny Lingyu, your elderly self has been in closed-seclusion all along, and still don't know the events that happened during the Bright Moon Competition. Ye Yuan he used a quasi-divine artifact to kill his opponent, winning the Bright Moon Competition! Although your Mountain & River State Painting is good, it can't compare to a quasi-divine artifact no matter what as well, right?"

Yue Lingyu lightly drew a breath, wanting to calm the agitation in her heart.

She had just exited seclusion and only inquired briefly regarding the Bright Moon Competition's matters, and had no time to understand in detail at all yet.

This Mr. Right that Li-er found seemed to be remarkable!

No, wait, it should be rather mysterious!

Refining a high-grade Tier 9 medicinal pill, owning a quasi-divine artifact, this was not something that an ordinary youth could do.

"Elder Sister Lingyu, you're here to chase Han Tong, right? If you still don't chase after, they'll be entering the deepest areas of the mystic realm soon." Ye Yuan was not willing to get tangled up on this problem and reminded.

Yue Lingyu had her head all muddled up by Ye Yuan, her head filled with the Ninth Heaven Ageless Pill, and actually forgot official matters for a moment.

Only after being reminded by Ye Yuan, did she suddenly suddenly come to a realization.

"Yes, yes, official business is important! Your speed is too slow, I'll bring you all!"

Not waiting for the three people to answer either, Yue Lingyu flicked her sleeves grandly and disappeared carrying the three people.

Just half a day and the four people flew a distance of several tens of millions of miles!

"Teleportation arts are unable to be displayed inside the Vastsun Bright Moon Realm, which delayed some time. Hearing from Jianqiu, that Han Tong is merely Sixth Level Dao Profound. Calculating according to the distance, he shouldn't have reached here yet. If Han Tong really came for the Sun Moon Heavenly Pupil, then he definitely has to come to Yellow Millet Mountain. We can just lie in wait here." Yue Lingyu said coolly.

Currently, the scenery ahead was already completely different.

This place was akin to the sun at high noon, and after a light screen ahead, it was covered under the canopy of the moon and stars, where night had fallen.

That light screen seemingly isolate the two worlds.

Over at the light screen was a stretch of mountain ridges in an unbroken chain. It should be the Yellow Millet Mountain Yue Lingyu talked about.

Chapter 960: Might of a Divine Artifact!

Before the light screen, gathered more and more martial artists.

People who were able to arrive here, their strength were all very formidable. They were basically all Dao Profound Realm martial artists.

These martial artists had the Yue Family, Zhou Family, and even foreign martial artists.

But the foreign martial artists were clearly all very wary of Yue Lingyu. Although they came here, they avoided far away.

But Yue Lingyu did not have the intention of going forward to look into it. Only then, did these people let out a sigh in relief.

Ye Yuan and co. were currently meditating over here when another batch of people made it before the light screen.

The Yue Lingyu who had her eyes shut the whole time to rest her mind finally opened her eyes this time, her gaze locking onto an old man.

The old man was as thin as a rake, but was in good health, his body exuding an unfathomable aura.

Behind the old man, a youngster looked at Ye Yuan with an unfriendly expression, with sheer hostility.

This young man was precisely Zhou Yan!

“Zhou Boping, you’re too slow!” Yue Lingyu said to the old man.

This Zhou Boping was also a reclusive Divine King powerhouse of the Zhou Family. Bright Moon City and Vastsun City were merely ten thousand miles apart. Things that happened here, there was no way the Zhou Family would not know.

Therefore, the Zhou Family sent out a Divine King powerhouse too, to prepare for the worst.

Zhou Boping said coolly, “Something happened along the way, got delayed.”

Although his words were dull, Zhou Boping’s faint look of delight could not be concealed.

Yue Lingyu swept her gaze towards the Zhou Yan behind him, and discovered that Zhou Yan’s gaze was deep, with a kind of berserk aura bursting out.

Zhou Yan was very pleased with himself inwardly. Their group of people found a top-grade eye-baptizing spirit spring along the way. After he used it, he already underwent a thorough transformation.

Now, his First Level Dao Profound already utterly consolidated. The ocular powers of the Vastsun Flameheart Pupil also broke through a major step, stepping into middle-stage spirit indulgent.

Zhou Yan discovered that Yue Mengli's ocular powers did not seem to have much changes. Clearly, the Yue Family did not obtain a top-grade spirit spring.

He originally thought that Yue Lingyu would be surprised, but she did not have any indication. She just said to Zhou Boping indifferently, "Since you've arrived, should we make a move? That group of people haven't reached yet. If we delay, it might bring about an unforeseen accident."

Towards Yue Lingyu's attitude, Zhou Boping was also somewhat surprised.

He knew that Yue Lingyu's personality was eager to outdo in everything. Now that the Zhou Family took the first strike, she actually did not have any indication, as if Yue Mengli had nothing to do with her at all.

If it were before, Yue Lingyu would definitely burn with jealousy. But now, she already knew the terror of Yue Mengli's Innate Battle Soul Physique. Towards Zhou Yan's little lucky chance, she turned her nose up at it.

Furthermore, Yue Mengli was simply disdainful to use a top-grade spirit spring. But the Zhou Family treated it like a treasure. This also made her very amused in her heart.

"En, these words are reasonable. Let's begin!"

Zhou Boping's nonchalant voice sounded out. Two horrifying auras shot towards the sky.

Two mighty divine king auras were fully released. The process was incomparably shocking from start to end.

That group of martial artists who secretly ventured in were all deathly pale at this time.

Turns out that it was not that Yue Lingyu was not planning on settling scores with them, but waiting for the Zhou Family to arrive and settle it together!

It was just that they did not understand, with Yue Lingyu's strength, it seemed like there was no need to wait for Zhou Boping to come.

"Quickly run!" These people reacted very quickly, turning tail and running.

On this stretch of open ground gathered a hundred foreign martial artists. Fleeing helter-skelter all at once, the momentum was not weak either.

Right at this time, another aura billowed to the sky among the foreign martial artists.

In terms of aura, it was actually not the slightest bit weaker compared to Yue Lingyu and Zhou Boping!

Everyone looked at this scene in astonishment. Did not expect that there was actually a Divine King powerhouse concealed among the foreign martial artists!

"Yue Lingyu, Zhou Boping, you guys don't push people too far!"

The one talking was a middle-aged martial artist with sloppy and ordinary looks. Throwing into a pile of people, it really was not the least bit conspicuous.

Only then, did everyone come to a realization. No wonder Yue Lingyu did not make a move all along. Turns out that she had long discovered this middle-aged martial artist hiding in the crowd.

Waiting for Zhou Boping to arrive at this time and fighting two-on-one, the assurance of dealing with this middle-aged martial artist was much greater.

“Ruan Shuangzhou, you infiltrating the Vastsun Bright Moon Realm is provoking the Zhou and Yue two families. Now, you’re actually saying that we’re pushing you too far?” Zhou Boping said coolly.

“Humph, heaven and earth priceless treasures are obtained by those fated for them! Since somebody breached the Vastsun Bright Moon Realm, why can’t we enter?” Ruan Shuangzhou said.

“Since that’s the case, then you’ll have to suffer the fury of our two families!”

Yue Lingyu did not waste her breath either. Extending her hand and beckoning, an enormous painting suddenly unfurled, covering the sky and obscuring the sun!

“It’s the Mountain & River State Painting! Quickly run!”

However, it was already too late ...

An enormous suction force transmitted over, directly wanting to suck the martial artists trying to escape into the painting.

Even Ruan Shuangzhou’s figure was also teetering unsteadily at this time. Clearly, he was almost unable to resist the Mountain & River State Painting’s suction force either.

Zhou Boping’s eyes flickered. A terrifying flame power erupted around Ruan Shuangzhou.

Zhou Yan’s Vastsun Flameheart Pupil compared to Zhou Boping simply paled in comparison. The power could not be mentioned in the same breath.

Being pincer-attacked by two might Divine King experts, Ruan Shuangzhou’s pressure was clearly immense. He looked as if it was too much for him to withstand anymore.

Once taken into the Mountain & River State Painting, Ruan Shaungzhou would become even more passive.

Although this Mountain & River State Painting was an imitation divine artifact, its power was immense in Yue Lingyu’s hands too.

Once sucked inside, one would be suppressed by the Mountain & River State Painting’s laws. Furthermore, Yue Lingyu would not suffer any influence when battling inside.

When one aspect was weaker, the others would be stronger. No matter how formidable Ruan Shuangzhou was, it was also not possible to be Yue Lingyu and Zhou Boping’s match.

Swoosh ...

Ruan Shaungzhou needed to divide his attention to deal with Zhou Boping’s Vastsun Flameheart Pupil. Finally, he could not hold out anymore and was sucked inside the Mountain & River State Painting.

Yet, right at this time, a change suddenly occurred!

A terrifying light beam tore through the void, slamming onto the Mountain & River State Painting with a momentum like a sudden peal of thunder which left no time for covering ears!

Under this attack, the Mountain & River State Painting's restraining powers were greatly diminished. Ruan Shuangzhou's essence energy abruptly erupted, directly breaking loose of the fetters.

Crack ... Crack ...

The Mountain & River State Painting actually produced a trace of a crack under this attack!

Everyone sucked in a cold breath. This was a transcendent-grade holy artifact. It actually produced a crack under one blow!

Whoosh ...

One figure after another was spat out by the Mountain & River State Painting. These people all secretly heaved a sigh of relief at getting lucky, to actually survive with their lives.

Yue Lingyu's expression changed. Reaching her hand out and beckoning, she took the Mountain & River State Painting back.

"What a fine Spirithorn Shattering Mirror! This grudge today, this elderly self has remembered it!"

Yue Lingyu's heart was dripping blood. This imitation Mountain & River State Painting had followed her for god knows how many years. Today, it actually had a crack blasted out. How could she not be furious?

At this time, several figures appeared in the people's line of sight. The one in the lead was precisely Han Tong!

Han Tong came to Ruan Shaungzhou's side slowly and said with a smile, "Divine King Ruan, since you're not tolerated by the Yue and Zhou two families, why not form an alliance with this Han, how about it?"

Hearing these words, Yue Lingyu and Zhou Boping's expressions both changed.

A Divine King powerhouse, and one wielding a divine artifact in his hands. Once these two formed an alliance, matters would become troublesome!
