Chapter 961: Entering Formation

Ruan Shuangzhou's expression was very ugly. He nodded his head and said, "Seems like at present, this Ruan has no better alternatives as well."

One sentence, pledged that this temporary alliance was established.

Han Tong said, "You two divine kings, are you fighting a round first, or is everybody entering Yellow Millet Mountain, each relying on their good luck?"

Yue Lingyu and Zhou Boping's expressions were equally ugly. The might of a divine artifact, they both had experienced it just now. An attack blasted out a crack on a transcendent-grade holy artifact. There was no way to fight at all!

But letting them enter just like this, the duo were also not reconciled to it.

For a moment, the two people were silent and did not speak. Clearly, they could not make up their minds.

"What's there to fight, harming the harmoniousness? Since everybody already came in, why not enter Yellow Millet Mountain together. As for who can obtain the Sun Moon Heavenly Pupil, everybody each rely on your own ability." Ye Yuan suddenly spoke up.

The moment these words came out, everyone's eyes turned towards Ye Yuan collectively.

This boy's gall was also too fat, right?

A conversation between divine kings, he actually dared to interject too.

Zhou Boping's face turned black and he said, "Brat, who the hell do you think you are? Do you know what the Sun Moon Heavenly Pupil signifies to the Zhou and Yue two families? You say it easily, but if it's really snatched away by outsiders, can you bear the responsibility?"

Zhou Yan sneered coldly by the side. Ye Yuan sticking his head out at this time, wasn't it asking for trouble?

Forget about Zhou Boping, even Yue Lingyu probably would not show him a good attitude either.

Indeed, he saw Yue Lingyu's face turn cold and utter, "Zhou Boping, Ye Yuan is my Yue Family's son-in-law! Even if it's lecturing, it's not your turn either! He naturally has his reasons in saying so! It's not too late to speak after you finish hearing it!"

When the people waiting to watch a good show heard this, they nearly broke down.

They never would have thought that Yue Lingyu actually started fighting with Zhou Boping for Ye Yuan.

Ye Yuan said with a smile, "Han Tong has a divine artifact in his possession. His strength absolutely doesn't lose to the two of you. Clashing bitterly here right now, nobody can gain anything either. But the two of you don't forget, the both of them are each harboring their own ulterior motives. This alliance

was only formed under the pressure of you guys as well. Instead, if you let the two of them go inside, if we really run into the Sun Moon Heavenly Pupil, they will probably start fighting among themselves. At that time, you just have to sit and profit from the snipe and clam fighting.”

Ye Yuan’s words were said very loudly, without the intention of avoiding Han Tong and co. at all.

But uttering these words, even Han Tong themselves had no way of retorting.

One should not prohibit crudely when encountering problems, but should guide systematically. It was this meaning.

Yue Lingyu could not help giving a soft smile and said, “It’s still you, boy, who are clever! Alright, we’ll listen to you!”

Zhou Boping opened his mouth, but did not say anything either.

Looking at the current situation, if they really fought, it would probably end up with both parties sustaining great losses. Since that was the case, might as well let them enter.

“This boy has such deep scheming! One sentence made our newly formed alliance teeter.” Han Tong gritted his teeth and said.

Ruan Shuangzhou originally formed an alliance with them due to the pressure, and he could just nice make use of him a little.

But Ye Yuan pointing it out so clearly, the Ruan Shuangzhou’s wariness would definitely be heavier. Some things would not be easy to do then.

...

Everyone arrived in front of the light screen, but nobody dared to take a step forward.

Because this light screen was a grand array with exceedingly powerful might!

Those present were all not mediocre and could naturally perceive the actual situation.

The reason why they had been waiting outside of the light screen all along was because they were waiting for Han Tong’s arrival!

Han Tong wielded a divine artifact and could even shatter the mystic realm’s space. Presumably, breaking this grand array should be nothing difficult.

“Heh, Yin Yang Reversal Grand Array, this is a peak Tier 9 grand array! Unless the Grand Yan Divine King is here, otherwise, who dares to easily go over?” Han Tong said with a laugh.

Ruan Shuangzhou said, “What conditions does your esteem self have, give it to us straight.”

Han Tong smiled and said, “It’s easy to have dealings with smart people! Brother Ruan, since you and I have already formed an alliance, we’ll naturally advance and retreat together. Bringing you in is ought to be. Except, this Han only wants the Sun Moon Heavenly Pupil. Other things, even if Brother Ruan takes ten thousand articles, it’s none of this Han’s business either. If there’s a need to, this Han will even make a move to help out. What do you think?”

Ruan Shuangzhou's face fell and he said with a cold snort, "Your esteemed self really calculated well! Those who came here, which one isn't aiming for the Sun Moon Heavenly Pupil? Otherwise, with my strength, why would I need to take the risk of offending the Zhou and Yue two families and venture in here? This matter is off the table, worst comes to worst, we don't cooperate anymore! At most, this Ruan will retreat here and now. I believe those two don't make things too difficult as well. As for you, that will be hard to say!"

Ruan Shuangzhou was an itinerant divine king, who came and went freely. If he really could not obtain the Sun Moon Heavenly Pupil, there would not be any losses either. But Han Tong even took out a divine artifact, he could not bear the loss!

This point, how could Ruan Shuangzhou not perceive it? Wanting to knead him through the light screen, how was that possible?

Han Tong smiled and said, "Alright then, since that's the case, looks like it won't do if this Han doesn't bring Brother Ruan inside! Fine, at that time, we'll each just rely on our own capabilities."

Originally, Han Tong had his own schemes. But being exposed by Ye Yuan with a flurry of words, wanting to make Ruan Shuangzhou to exert himself to the utmost was not too likely anymore.

Hence, he wanted to threaten Ruan Shuangzhou through the light screen, hoping to be able to force him to give in. Who knew that this Ruan Shuangzhou was not easy to knead either, and actually countered with a bite.

Han Tong came in front of the light screen and said to everyone around him, "In a while, I'll activate the Spirithorn Shattering Mirror. You guys stick by my side and be careful!"

"Yes, Your Excellency!" Everyone answered.

"Ye Yuan, this Yin Yang Reversal Grand Array's power is limitless. You and Li-er follow closely in a while!" At this time, Yue Lingyu also instructed Ye Yuan.

But Ye Yuan smiled when he heard that and said, "Elder Sister Lingyu just have to care about bringing Yue Jianfeng over. Li-er and I don't need you to worry."

Yue Lingyu froze and said rather disbelievingly, "Even those Dao Profound Realm experts don't dare to easily enter the grand array. You're confident?"

"Heh, relax, Elder Sister Lingyu. I'm afraid it's rather taxing for you to bring the four of us along, right? That way, everybody will be in danger instead. Might as well we do it ourselves." Ye Yuan said with a laugh.

Rumble!

Right at this time, Han Tong deployed the divine artifact, and actually forcefully opened up a passageway in the light screen.

"Go!"

Under Han Tong's order, he took the lead and entered inside together with Ruan Shuangzhou. The others followed closely behind.

When those foreign martial artists saw the situation, they immediately charged into the passageway swiftly.

However, the Yin Yan Reversal Grand Array's restoration ability was extremely powerful. It finished repairing the passageway from before very quickly.

"Ahh, ahhh ..."

For a moment, miserable cries echoed together.

Those Dao Profound Realm experts actually persevered for less than a second inside this grand array before being utterly garroted.

This grand array contained yin and yang, two forces, inter-converting non-stop. People who did not understand array formations would be torn into shreds by the violent yin and yang converting forces very quickly when landing inside.

"Let's go in too!" Ye Yuan lightly said a sentence, and brought Yue Mengli in with a lift of his leg.

In this area, the grand array actually did not stir up the slightest bit of wave!

Seeing this scene, Yue Lingyu's expression could not help changing. A grand array that even middle-stage Dao Profound Realm martial artists were unable to break through, Ye Yuan actually went in so effortlessly!

[Unrivaled Medicine God](#)

Chapter 962: Who Fell into an Illusion??

Swoosh!

Ye Yuan and Yue Mengli had just come out from inside the Yin Yang Reversal Grand Array when a figure suddenly dashed out and unleashed an attack at the two of them.

Rumble!

Ye Yuan's reaction was extremely quick. He took out the Vast Heaven Pagoda and directly mowed that figure down.

This green-robed man's strength was not weak; already reached Dao Profound Realm.

But under the suppression of the Vast Heaven Pagoda, he was still directly blotted out.

Ye Yuan's brows furrowed slightly and said, "Inside this Yellow Millet Mountain actually still have other people?"

This green-robed man was totally not those people outside previously. Therefore, Ye Yuan was very curious.

Li-er said, "Yellow Millet Mountain's name comes from 'dream upon yellow millet'! ¹ The illusion in the space here is very formidable. Even divine king powerhouses have a likelihood of falling into the illusion too! In the space here, one might fall into an illusion at any time and any place. Once they are unable to extricate themselves, they will be forever damned inside the illusion, becoming a set of walking corpse."

Ye Yuan was very surprised. An illusion capable of making divine kings sink into it, how powerful should it be?

It was said that the Sun Moon Heavenly Pupil could see through everything false and intangible, and was also able to make people sink inside forever. Looks like the saying was not false.

No wonder everyone all thought that the Sun Moon Heavenly Pupil was at Yellow Millet Mountain. Turns out that it was this reason.

Ye Yuan looked over and discovered that there were human heads swaying faintly in the mountain. Looks like they were all martial artists who had utterly sunk inside the illusion.

The Vastsun Bright Moon Realm had existed for at least 100 thousand years. Even if it opened once every 300 years, the walking corpses this Yellow Millet Mountain accumulated was also a terrifying number.

After all, each time it opened, there would always be some people who harbored the mentality of getting lucky, thinking that they could obtain the Sun Moon Heavenly Pupil. But in the end, they got bogged down here.

“The Yue Family has already prohibited Yue Family disciples from entering the Yellow Millet Mountain. But every time the mystic realm opens, there are still people who go in.” Yue Mengli said with a dim expression.

There were quite a number of these walking corpses that were her clansmen. She naturally felt awful in her heart when she saw.

Ye Yuan consoled, “Maybe after acquiring the Sun Moon Heavenly Pupil, we’ll be able to rescue them.”

The light screen flickered. There were people walking out from inside the Yin Yang Reversal Grand Array again. It was precisely Han Tong and co.!

They entered the grand array first compared to Ye Yuan, but came out even slower than Ye Yuan.

Seeing Ye Yuan, looks of surprise also flashed across Han Tong and co.’s faces.

Han Tong looked at Ye Yuan with an unkind expression and was just about to make a move when the light screen flickered again. Yue Lingyu also exited the grand array.

Han Tong secretly lamented it. If Yue Lingyu came out a bit later, he would be able to make a move to capture Ye Yuan.

The quasi-divine artifact in Ye Yuan’s hands, he was very covetous too.

“Let’s go!”

Han Tong gave a cold snort, bringing everyone, and faded into the moonlight.

Ahead, waves of powerful essence energy undulations transmitted over from time to time. Clearly, Han Tong they all already came to blows with those walking corpses.

Not long after, Zhou Boping also brought Zhou Yan and walked out from inside the grand array. Looking at the time, one could also determine that Zhou Boping's strength was likely still slightly inferior to Yue Lingyu.

"Let's also set off for the main peak. Everybody be more careful, don't fall into the illusionary realm. On Yellow Millet Mountain, divine king powerhouses are unable to fly too, we can only go on foot. For 100 thousand years, there has yet to be anybody capable of walking up the main peak. Also not sure whether we can reach it or not." Yue Lingyu said with a slightly solemn expression.

Behind them, there were still many martial artists with formidable strength rushing the formation. But whether or not they were able to walk out would have to depend on their own luck.

Inside this space, even experts on the level of Yue Lingyu might not be able to protect themselves either. They also seriously had no energy to go care about others.

Along the way, it was all Zhou Boping and Yue Lingyu, the two people blazing the trail. Ye Yuan and the rest were happily idle.

But Ye Yuan discovered that the roadside scenery seemed to be exactly alike. It did not change the entire time.

He had constantly maintained Heart Like Monolith heart realm, and could confirm that he was not seeing hallucinations. But the scenery wayside gave people an extremely unreal feeling.

Actually, ever since entering the Vastsun Bright Moon Realm, Ye Yuan had constantly felt very strange in his heart.

But where it was odd, he himself could not put his finger to it either.

Right at this time, Yue Lingyu's expression suddenly changed and she said solemnly, "Not good, we seem to have fallen into a heavy encirclement! There are several auras which are very powerful. Zhou Boping, respond carefully."

Zhou Boping's face was very grim as well. Nodding his head, he said to Zhou Yan, "Yan-er, there are divine king powerhouses among these walking corpses. In a while, I might not be able to divide my attention. You be careful yourself!"

Zhou Yan nodded and said, "Rest assured, grand-uncle, Yan-er knows how to act appropriately!"

Yue Lingyu did not turn her head around, but instructed Yue Jianfeng, "Jianfeng, Ye Yuan and Li-er will be left to you!"

"Yes!" Yue Jianfeng said in a solemn voice.

Very soon, a large group of dark silhouettes appeared indistinctly within the forest.

Each and every one of these dark shadows' aura was very powerful. There were even two who already reached divine king realm!

Yue Lingyu's face turned cold and she suddenly smacked a palm out.

Rumble!

The palm of a divine king, the imposing momentum was incomparably shocking, directly killing a large swathe of dark shadows whose strength were weaker.

Zhou Boping was not resigned to playing second fiddle too. The Vastsun Flameheart Pupil suddenly erupted, similarly exterminating a large swathe.

However, the surrounding walking corpses were seriously too many. Furthermore, those whose strength were formidable also avoided the two of their attacks.

Yue Jianfeng, Zhou Yan, and Yue Mengli, each and every one of them were akin to facing a a great enemy, all awaiting in full battle-array.

“What are you guys going?” Ye Yuan suddenly spoke up, seeming so discordant.

Zhou Yan’s gaze swept over coldly and he berated, “So many walking corpses, are you blind?”

“Walking corpses? Where are there walking corpses?” Ye Yuan said with nonchalance.

Yue Lingyu and Zhou Boping involuntarily became alarmed inwardly, each shutting their eyes, revolving essence energy and soul force to the limits. When they opened them again, there were still lots and lots of walking corpses surrounding them.

This was not a hallucination!

“Can’t you see? We’ve already fallen into a tight encirclement!” Yue Lingyu said to Ye Yuan.

She was somewhat uncertain right now, just whether she fell into an illusion, or was it Ye Yuan himself who fell into an illusion.

Zhou Boping said solemnly, “This boy definitely fell into an illusion! Right now, powerful enemies lie ahead. We can’t bother with him either. Whether he lives or dies will depend on himself!”

Done talking, Zhou Boping leaped and directly charged over, facing off with a divine king powerhouse.

Yue Lingyu’s expression changed and she said to Yue Mengli, “Li-er, I have no time to take care of you guys right now. You look after Ye Yuan. Hope that we can charge out of the tight encirclement!”

Finished talking, Yue Lingyu also suddenly attacked, clashing together with another divine king powerhouse.

Two mighty divine kings attacking, the momentum was very shocking. But there were still even more other experts currently glaring like ravening tigers by the side, already pouncing over here.

“It’s okay, Big Brother Yuan! With Li-er here, I won’t let people harm you!” Yue Mengli blocked in front of Ye Yuan and said resolutely.

On the other side, when Zhou Yan saw this scene, he gnashed his teeth until it made grinding sounds.

[Unrivaled Medicine God](#)

Chapter 963: Ye Yuan Fell Victim!

The two mighty divine kings were currently in the midst of fierce fighting, but Ye Yuan’s expression was grim.

The others all saw walking corpses covering the hills and plains, only he alone could not see.

They all felt that it was Ye Yuan who got hit with the illusionary art, and fell into an illusion.

Because Ye Yuan's strength was the 'weakest', and his cultivation was also the lowest.

Bang!

Zhou Boping was struck by a palm from that divine king expert opposite, directly injuring him.

But what was strange was that Ye Yuan actually saw that Zhou Boping really sustained injuries, and even vomited a large mouthful of fresh blood!

Ye Yuan drew a deep breath, aware that this illusion was extremely formidable; a mixture of truth and falsehood. What was authentic and fake were indistinguishable.

If they kept fighting, the rest of them would lose their lives here, or become walking corpses!

Ye Yuan slowly shut both eyes and revolved his essence energy to the limits. Forming a seal veiled in mystery in his hand, he suddenly gave a loud shout: "Jie!"

Ye Yuan's voice spread out like rolling thunder, and actually had a kind of magical power that penetrated the soul, enlightening the benighted!

Yue Mengli and Zhou Yan who were beside him were suddenly startled, as if they had woken up from a dream. All of the falsehood and ethereal before their eyes all disappeared.

Yue Lingyu and Zhou Boping similarly trembled all over, their eyes revealing a look of disbelief.

With this shout of Ye Yuan's, all of the walking corpses vanished from sight.

"We ... it was actually us who fell into an illusion!" Yue Lingyu said somewhat disbelievingly.

Two mighty divine kings actually fell into an illusion at the same time and did not know. How frightening did this illusionary art have to be?

Furthermore, the Yue Family's Moonlight Heavenly Eye was also originally known for illusionary arts. She actually also fell for it unknowingly!

"Heh, this Yellow Millet Mountain's reputation is indeed well-deserving of its fame!" Ye Yuan said with a slight pant.

Just now, he directly scattered the illusionary art that the few people fell for with the 'Jie' character inside the Nine Characters True Word Formula. He himself also suffered a great loss of vitality.

The 'Jie' character, could break myriad laws under the heavens.

Ye Yuan cultivated for a long time. Although he could not achieve this level, if he went all out, breaking illusionary arts was still feasible.

It was just that this way, he himself also had heavy losses in essence energy, and needed to regulate his breathing properly for a while.

“Ye Yuan, how did you do it? This illusionary art is very formidable, I actually succumbed to the illusionary art and was not aware. You’re actually able to not be affected? Furthermore, that word you spoke earlier seemed to contain the maxim of Great Dao. What was that?” Yue Lingyu inquired full of doubts and suspicions.

Zhou Boping and Zhou Yan also perked their ears up. Clearly, they were all very curious as to why only Ye Yuan was fine.

Ye Yuan said coolly, “Although your cultivation realms are high, your heart realms are too low. The strongest is also merely Heart Like Still Water, while I’ve long stepped into Heart Like Monolith Realm already! As for that word, it was a spell which I learned by accident. It can break myriad laws.”

“Alright, Big Brother Yuan’s exhaustion is tremendous. Better let him rest a bit first. We’ll stand guard for him.” Yue Mengli defended Ye Yuan.

Yue Lingyu and Zhou Boping exchanged glances, both endlessly shocked in their hearts.

The dao of heart realm was exceedingly difficult to cultivate, because there was no approach at all. But Ye Yuan’s heart realm had actually long stepped into Heart Like Monolith at a young age already. This was too terrifying.

But it was also fortunate that Ye Yuan’s means were heaven-defying. Otherwise ... they thought about it and also felt endless fear after the event.

Falling into an illusionary realm in this Yellow Millet Mountain, there was a very good chance that one would become a walking corpse.

An outcome like this was not acceptable to them.

Setting off on the journey once more, everyone were much more careful, fearful of falling into an illusion a second time.

Treading carefully along the way, they finally arrived at the foot of the main peak.

Right at this time, another group of people arrived at the foot of the mountain. They were none other than precisely Han Tong and company.

It was truly: enemies meet on a narrow path. Did not expect that when they reached the foot of the main peak, they actually ran into them once again.

Except, Han Tong and co. looked to be in a wretched plight. Moreover, Ruan Shuangzhou’s figure was gone. Also no idea if they got separated, or they ran into walking corpses on the way and got stuck inside.

But no matter what, there was no way Yue Lingyu and Zhou Boping would let this opportunity slip by.

Virtually right at the first moment he saw Ye Yuan and co, Han Tong displayed his movement technique, escaping up the mountain frenziedly.

How could Yue Lingyu duo be willing to let him go? Their figures swept past, chasing after Han Tong immediately. The three people vanished from everyone’s line of sight very quickly.

This group of people who remained were also too weak to stand up to competition in Yue Jianfeng's eyes.

Yue Jianfeng also did not show the least bit of leniency. directly brandishing his sword and charging over.

Over here, only Ye Yuan, Yue Mengli, and Zhou Yan were left.

This time, Ye Yuan did not stop Yue Lingyu duo and Yue Jianfeng. He just observed from the sidelines with a cold glance, and did not say a word.

Suddenly, Ye Yuan sucked in a deep breath and said to Yue Mengli with a profound meaning, "Who exactly is your esteemed self? To be able to make this Ye succumb to an illusionary art unknowingly, truly impressive!"

Yue Mengli was stupefied and said baffledly, "Big Brother Yuan, what nonsense are you saying? I'm Li-er!"

Zhou Yan's expression changed too and he reproached, "Ye Yuan, why are you going off your rocker again?"

But Ye Yuan was unmoved and said calmly, "This Ye's heart realm has long reached Heart Like Monolith already. But I still didn't notice when I fell for the illusionary art. Your esteemed self's measures are startling. But even more lifelike illusionary arts also have flaws. You can perfectly replicate other people's personality, bearing, words, but some things, you can't replicate them in the end."

Yue Mengli had a panic-stricken look. Pulling Ye Yuan, she said, "Big Brother Yuan, quickly wake up! I ... I'm really Li-er! Just what kind of nonsense are you saying?"

Ye Yuan gave a cold laugh and suddenly smacked a palm out with overwhelming force, directly slamming onto Yue Mengli's chest, sending her flying out.

"Puhwark ..."

Yue Mengli did not resist in the slightest. A mouthful of blood sprayed out, dyeing her clothes red.

When Zhou Yan saw this scene, he could not help flying into a great rage. He pointed at Ye Yuan's nose and scolded, "Ye Yuan, Li-er is head-over-heels in love with you, you ... you actually bear to hurt her? I'll kill you!"

Ye Yuan said with a cold smile, "Kill me, is it? That will have to depend on whether you have that capability or not!"

A violent aura suddenly unleashed. Ye Yuan's Slaughter Concept and Azure Dipper Floating Zero Sword Intent burst forth spectacularly. A swift and fierce sword intent headed straight for Zhou Yan!

Swish!

Zhou Yan unleashed the Vastsun Flameheart Pupil, but Ye Yuan's Spirit Extinguishing Azure Cloud Sword was too terrifying, directly blasting apart the Vastsun Flameheart Pupil, slicing off Zhou Yan's arm.

"Ahh! Lunatic! You lunatic!" Zhou Yan looked at Ye Yuan and roared.

But Ye Yuan looked at all this coldly, and said to Yue Mengli indifferently, "Alright, no need to act anymore! Since I've already seen through your illusionary art, no matter how pitifully and delicate you act, I won't be softhearted either. If you don't believe, I can kill you with one slash!"

Yue Mengli suffered Ye Yuan's palm and was originally lying on the ground in unbearable agony.

Hearing Ye Yuan's words, she actually slowly stood up, as if she did not suffer any injuries at all!

While at this time, the Zhou Yan by the side, and the crowd fighting over there, all vanished from sight, as if they had never appeared before!

All of this was actually really just an illusion!

"When did you find out?" Yue Mengli looked at Ye Yuan and said with a gleeful smile.

Unrivaled Medicine God

Chapter 964: Matching Magic Powers!

"Your illusionary arts indeed have no flaws to exploit. But inside the illusion previously, you said to me 'with you around, you won't let people hurt me.' If it was the real Li-er, she wouldn't say so!" Ye Yuan said coolly.

The fake Li-er said with a smile, "Looks like it was me who made an unnecessary move."

Ye Yuan nodded and said, "This illusion, everything is so lifelike. But the greatest flaw is yourself. Because they are all illusionary, while you ... are real!"

The fake Li-er sighed with admiration as she said, "Being hit with an illusionary art and actually still having such terrifying analytical abilities. You're indeed different from the rest! Even those two divine kings are much worse compared to you. It's just that even if you saw through the illusionary art, wanting to break free from inside the illusion can't be done too."

Seeing through an illusion and breaking free from inside the illusionary realm, these were two entirely different matters.

How could an illusionary art capable of making Ye Yuan fall for it be that easy to resolve?

Truly powerful illusionary arts was to let the martial artist clearly know that they got caught in an illusionary realm but just could not break free.

In the end, they would still sink inside forever.

However, Ye Yuan did not seem to care about this. He just said coolly, "Where did you send Li-er?"

Although the words were calm, the killing intent revealed was a little short of materializing.

The fake Li-er said with a faint smile, "Don't be agitated, she's very safe. Everyone is safe. But want to meet her, you have got to come out from inside the illusion first. However ... you only have three days! After three days, she'll probably be staying in Yellow Millet Mountain forever."

While talking, the fake Li-er's figure slowly became faint, finally turning into nothing.

Following her disappearance, this stretch of space became deathly still, making people shiver without being cold.

Ye Yuan's face fell slightly. He was ruminating over the meaning in fake Li-er's words.

Seemed like everyone who came to Yellow Millet Mountain fell to the illusionary art. If he was unable to break free from the illusionary realm within three days, Li-er would likely sink into the illusion forever, becoming a walking corpse.

No, wait, there should be one person who had not fallen to the illusionary art!

Han Tong!

Han Tong had the Spirithorn Shattering Mirror in his hands. This divine artifact subjugated illusions the most. Wanting to make him fall into an illusionary realm was probably even harder than ascending to the heavens!

Since he dared to head straight for Yellow Millet Mountain, this divine artifact was naturally not randomly brought along.

Thinking up to here, Ye Yuan felt the pressure mounting. If he did not go out early, the consequences would be too ghastly to imagine.

Also, just who in the world was this that made everyone fall into an illusion?

Could it be ... the Sun Moon Heavenly Pupil?

Sun Moon Heavenly Pupil, just what kind of existence was it?

Ye Yuan drew a deep breath, chasing away all the doubts in his head.

Now was not the time to consider these. The urgent matter on hand was still breaking free of the illusionary realm!

Ye Yuan also could not figure out just when did he fall for the illusionary art. The rest all fell for the illusionary art previously, only he alone was clear-headed and even used the 'Jie' character to wake everyone up.

If the 'Jie' character could break free from the illusion, then he succumbed to the illusionary art after that. If it could not break the illusion ... could it be that he already succumbed to it before entering Yellow Millet Mountain?

Dismissing distracting thoughts, Ye Yuan revolved essence energy to the limits and suddenly gave a fierce cry.

"Jie!"

The scenery before Ye Yuan's eyes blurred. The surroundings finally recovered signs of life!

A bright moon hung above the main peak with indistinct shadows around. There were walking corpses moving about.

Not far away, Yue Jianfeng stood here, his eyes completely blank. Clearly, he fell for the illusionary art too. But as for the rest, there were no traces to be seen.

Ye Yuan's face brightened up. The 'Jie' character really broke free from the illusionary realm!

Breaking free of the illusionary realm, Ye Yuan suffered a great loss in vitality too. He hurriedly swallowed a medicinal pill to recover his strength.

Could not care that much either. Ye Yuan used the 'Jie' character once more, breaking apart Yue Jianfeng's illusionary magic.

Yue Jianfeng's eyes finally recovered some spirit. Looking at Ye Yuan rather woodenly, he said absent-mindedly, "Y-Ye Yuan, I ... what happened to me?"

Consecutive usage of the 'Jie' character, Ye Yuan's condition was very withered. But he still responded, "You ... got caught in an illusion! Carry me up to the main peak!"

Yue Jianfeng's expression turned fearful, and he carried Ye Yuan and dashed up the main peak!

Seizing this opportunity, Ye Yuan swallowed a medicinal pill again, recovering vitality frenziedly.

The scenery on both sides fell backward crazily, but Ye Yuan suddenly felt that something was wrong!

"Put me down!" Ye Yuan suddenly said solemnly.

"En? What is it?" Yue Jianfeng was puzzled but still put Ye Yuan down.

Ye Yuan's brows knitted together and he said in a low voice, "No, wait! You're not Yue Jianfeng! I'm still inside the illusion!"

"What nonsense are you talking about? Didn't you just come out from within an illusion? How did you fall into an illusion again?" Yue Jianfeng said anxiously.

Ye Yuan stared at him and said with a cold smile, "How did you know that I just came out from inside an illusion? Did I ... mention that before?"

Yue Jianfeng involuntarily froze and argued with sophistry, "D-Didn't everyone falls into an illusion?"

Ye Yuan said with a smile that was not a smile, "How do you know that everybody fell into an illusion? Or did you originally already know my encounter inside the illusion?"

Yue Jianfeng froze, and suddenly laughed in spite of himself and said, "I didn't expect that you're actually so alert! You, boy, are indeed rather different. Since that's the case, then congratulations for successfully cracking it! Oh, forgot to tell you, a day's time has already passed in the outside world. You're still left with two days now!"

Done talking, Yue Jianfeng's body disappeared once again.

Ye Yuan's face was very grim. He revolved Heart Like Monolith Heart Realm to the limits, forcibly calming down his state of mind.

This illusionary realm was seriously too terrifying, one ring linked to another. It was totally impossible to guard against!

Furthermore, that guy's grasp on the human heart was also extremely strong. He followed Ye Yuan's thoughts, planning on luring Ye Yuan to sink into deprivation step by step.

If no accidents occurred, he would definitely still run into others subsequently along the way. Then, Ye Yuan would help them to break free of the illusionary realm one by one.

The more it was so, the deeper Ye Yuan would sink into it.

Earlier, during the process when Ye Yuan was recovering vitality, he suddenly had a flash of inspiration and felt that it was rather amiss.

Too smooth!

The matters seemed to be developing in the direction he predicted.

He wanted to break free from the illusion. Hence, he broke free. He wanted to save Li-er; as a result, Yue Jianfeng carried him up the main peak.

Ye Yuan previously said that Yue Mengli was the other party's greatest flaw. Actually, how was she not Ye Yuan's greatest weak point too?

The other party made use of precisely this point, that was how he made Ye Yuan sink deeper and deeper.

When he thought that he broke free of the illusionary realm, his mind would relax step by step, finally sinking into deprivation forever.

The other party could concoct countless lies, deceiving Ye Yuan all the way down the road, exactly alike with reality.

More importantly, delaying this short while, a day's time actually already passed in the outside world!

No matter whether what the other party said was true or false, Ye Yuan could not afford to lose!

Within two days, he must break free of the illusionary realm!

Ye Yuan sat down cross-legged. He discovered that he still thought too simply of this illusionary realm!

This was a great taboo inside an illusionary realm.

Ye Yuan settled down to concentrate, purging all of the distracting thoughts in his head, and pondered about ways to deal with the situation.

[Unrivaled Medicine God](#)

Chapter 965: Samsara of a Hundred Lifetimes!

Pondering over and over again, Ye Yuan only had the choice to take the path of increasing his heart realm cultivation!

But Ye Yuan current heart realm boundary was middle-stage Heart Like Monolith. Even if he reached late-stage, Ye Yuan felt that the chances of breaking free of the illusion were not great either.

Much less that he had to reach late-stage Heart Like Monolith within two days. That was virtually something impossible.

Even if he visualized the 'Lin' character, it was also not possible to have such rapid improvement.

Ye Yuan racked his mind swiftly. Fine sweat beads started to appear on his forehead. Behind his calm back was tremendous pressure.

Suddenly, Ye Yuan slowly opened his eyes, his entire person's imposing momentum was swept away clean.

The current Ye Yuan looked just like an ordinary person! Without the slightest hint of essence energy undulation. Even Heart Like Monolith heart realm was also utterly released.

"Since I'm not able to break free of the illusion, then let me sink into it thoroughly!" Ye Yuan slowly said, the scenery before his eyes suddenly changed.

...

On Yellow Millet Mountain's main peak was a flat platform.

Currently on the platform stood full of people everywhere. Each and every one of these people all had their eyes tightly shut, seemingly deep in slumber.

In the center of the platform, a young and handsome youngster was currently sitting on top of a high platform with his eyes closed.

Suddenly, he slowly opened both eyes and looked towards a young man in front of him.

This young man was shockingly the Ye Yuan who got caught in the illusion!

The current Ye Yuan likewise had both eyes tightly shut, and actually seemed like a puppet!

Beside Ye Yuan was a middle-aged man. The middle-aged man held a mirror in his hand. It was shockingly the Spirithorn Shattering Mirror!

Han Tong's entire body was trembling, a look of struggle appeared on his face.

While Ye Yuan's face was serene, even carrying some enjoyment.

The young man on the elevated platform smiled slightly and opened his mouth to say, "This boy is indeed extraordinary, to actually choose to banish himself! Unless one has great fortitude, they cannot achieve this step! It's just that this way, your chances of survival will also be very bleak! Whether it's a nirvanic rebirth, or sinking into deprivation forever, this seat will wait to see it!"

As he said, he turned to the Han Tong beside and said with a cold smile, "Spirithorn Shattering Mirror, it's truly been ages since we've met! Even if this seat is no longer as valiant as back then, a mere Dao Profound Realm wants to make this seat submit just by holding it? Truly laughable! Looks like the host should emerge between these two people! Come on, this seat is very much looking forward to your performances!"

Finished muttering these to himself, the youth slowly closed his eyes again, an appearance as if everything was within control.

On the main peak's platform, Yue Mengli, Yue Lingyu, Zhou Boping, Ruan Shuangzhou, and the rest were shockingly present!

The martial artists who ventured into Yellow Millet Mountain were actually rounded up in one fell swoop by this young man!

...

Ye Yuan thoroughly opened up his mind, and instantly lost himself inside the illusion.

"Big Brother Yuan, you finally woke up!" Opening his eyes, Yue Mengli's gentle voice sounded out by his ear.

Ye Yuan rubbed his head that felt like it was splitting and said, "I ... What happened to me?"

"You obtained the Sun Moon Heavenly Pupil inside the Vastsun Bright Moon Realm, then fell into a slumber all the way until now before waking up! You scared me badly," Yue Mengli said.

"What? I ... I obtained the Sun Moon Heavenly Pupil?" Ye Yuan was startled and hurriedly sat up.

Ye Yuan suddenly opened both eyes. One pupil emitted a dazzling light. A sun actually suspended on the pupil. But on the other pupil, a moon was suspended!

Ye Yuan suddenly deployed the left eye. It was only to hear a boom, and the entire room was blasted into a pile of debris!

With this, it attracted a large group of Yue Family experts over. Ye Yuan's two eyes activating at the same time, a bizarre power spread out. Everyone actually had dull looks in their eyes. Ye Yuan felt like he was actually able to control each person!

The Sun Moon Heavenly Pupil was too powerful!

Ye Yuan was unbelievably thrilled, but he released the illusionary art, letting everyone recover.

"Congratulations Big Brother Yuan, with this Sun Moon Heavenly Pupil, stepping into Deity Realm in the future might not be an impossibility too!" Yue Mengli gave felicitations.

"*Heh*, I don't dare to think too much about Deity Realm. However ... with this Sun Moon Heavenly Pupil, Ji Canglan's days are numbered!" Ye Yuan said coldly.

In the following days, Ye Yuan immersed in bitter cultivation.

With the Sun Moon Heavenly Pupil, his cultivation advanced at a tremendous pace. Only using ten year's time, he broke through to the Divine King Realm!

After ten years, Ye Yuan brought along the similarly major accomplishment spirit physique Yue Mengli and charged up the Medicine King Hall.

The Ye Yuan who possessed the Sun Moon Heavenly Pupil, his power was incomparably terrifying. Plus a major accomplishment spirit physique Yue Mengli, how could the Medicine King Hall stop their footsteps?

Finally, after a round of great battle without equal, Ye Yuan killed Ji Canglan with his own hands.

Avenging his great enmity, Ye Yuan fulfilled his lifelong wish and brought Yue Mengli along to travel the world. Their days spent were merry and carefree.

Just like that, year after year, no idea how many seasons had passed either, Ye Yuan and Yue Mengli, the husband and wife couple, became the Divine Realm's supreme powerhouses.

Although they did not break through to Deity Realm, the two with their strength, no one dared to provoke them at all.

But longevity would eventually come to an end. Ye Yuan and Yue Mengli already finally reached the day of passing away in meditation.

Ye Yuan was thin and emaciated, a far cry from his handsome and suaveness in those days long ago.

"I, Ye Yuan, having such a wife for a lifetime, what do I still need! This lifetime, we've experienced too many bloody slaughters. I hope that in our next life, we can be a pair of ordinary couple!" Ye Yuan looked at Yue Mengli and said with a calm expression.

Two rows of clear teardrops fell down Yue Mengli's face as she nodded and said, "As long as Big Brother Yuan is willing, Li-er will definitely accompany lifetime after lifetime!"

Done talking, Ye Yuan's and Yue Mengli's physical bodies started to gradually decay, finally turning into a pile of ashes, and dissipating within the heaven and earth.

...

No idea how many years later, a mortal kingdom's capital.

The princess went on an inspection tour, and was taken for a fairy! A young lad in cloth garment fell in love with the princess when he saw the princess's stunning looks.

However, all the way until the day he died, the lad in cloth garment never saw the princess a second time again.

"If there's a next life, I must become a powerhouse that can hold up the heavens, and marry the princess!" the lad in cloth garment said before passing away.

...

Another lifetime, Ye Yuan and a wealthy family's young lady fell for each other and secretly pledged their love for life.

Ye Yuan was looked down upon by this family, so he joined the army resolutely.

Several years later, Ye Yuan returned in success and wanted to marry the young lady. Alas, fate made a mockery of men. The young lady actually killed herself because she was forced by her elders.

Ye Yuan came before the young lady's grave, drew his sword, and cut his throat, committing suicide for love!

...

In a blink of an eye, a hundred lifetimes already passed. Ye Yuan and Yue Mengli incarnated into different identities and unfolded a series of love and hate entanglement, which lasted a hundred lifetimes.

After a hundred lifetimes, Ye Yuan already completely lost himself.

He lived in his own world, at times becoming a powerhouse, sometimes being reduced to a mortal. But no matter what, he wanted to go and find that girl in his dreams!

This obsession had never changed no matter what kind of person he was born as.

The young man on the elevated platform looked at Ye Yuan, but his brows furrowed: "Divine soul has clearly already become faint long ago, but he's still able to maintain a final trace of clarity and not be extinguished! What in the world did this boy do?"

[Unrivaled Medicine God](#)

Chapter 966: Heaven Man Unity!

At the peak of a mountain, a swordsman stood in the air hugging his sword. Opposite him was an exceedingly beautiful woman.

"Must we contend for superiority between you and me?" the man said.

"In this world, only you and I can be rivals. But in these 20 years, you and I have exchanged blows 19 times. Every time it was my defeat! If I don't beat you in this life, what's the point of me living still?" the lady said.

The man heaved a sigh and said, "Take a step back, and it's endless blue skies! In this world, other than victory and defeat, there are still many things."

The lady said with a cold smile, "Killing you, I'll have everything! Make your move!"

The man sighed slightly and said, "Fine then, make a move!"

The woman's face turned cold and said, "You're not even drawing your sword?"

"Huhu, even if I don't draw my sword, you're not my match either!"

"Wild arrogance! Watch out for my sword!"

The woman gave a cold cry, brandished her sword like a rainbow cutting across the sky, and charged in front of the man.

Puchi ...

The longsword did not have the slightest sluggishness, directly piercing through the man's chest.

“You ... Why didn’t you draw your sword? What’s the point in winning you like this?” the woman lashed. But two rows of clear tears flowed down disappointingly.

The man smiled, smiling very happily. “The first time I saw you, I already fell for you. Although it was the first meeting, I felt like we’ve already known each other for very, very long. But in your eyes, there is only the martial path! Hence, I trained in the sword desperately, trained like I went mad, all for the sake of letting you look at me. *Huhu*, I did it!”

The woman suddenly discovered that her heart was so painful! Turns out that she actually already fell deeply in love with his man unknowingly.

The woman could not bear it anymore. Tears gushed out. “Why? Since you like me, why didn’t you dodge this sword?”

The man smiled and said, “Because I discovered that the more I trained in the sword, the more confused I became. The more powerful my sword got, the more and more I can’t find myself. This is a samsara, an endless samsara. Competing like this, it’s forever impossible for you to know my heart! I want to find myself, therefore ... sorry.”

“I don’t want an apology! I ... I only want you to live! *Sniff, sniff ...*”

The man lightly caressed the woman’s face. With a look of satisfaction, he said with a light smile, “You’re still so beautiful when you cry! You ... are Li-er, but ... who am I?”

Right at this time, a figure slowly walked out from within the void and came before the swordsman. The swordsman actually looked exactly the same as this person.

“Who ... are you?” the swordsman asked.

“I am you, or should I say, I’m your last ray of hope! You reincarnated a hundred lifetimes and experienced all manners of hardships in the human world. The love and hate entanglement with Li-er also passed through time. Now, I’ll take back all of these hundred lifetimes of samsara. If I’m still unable to break through, you and I will sink into deprivation for all of eternity! Are you ready?” Ye Yuan said coolly.

But the swordsman’s gaze looked towards Li-er as he said, “Then Li-er she ...”

“Li-er and our divine souls have long become inseparable already. Therefore, even if it’s reincarnating a hundred lifetimes, she is also a most important part of our lives! Don’t worry, as long as we can accomplish it, Li-er will naturally be safe and sound,” Ye Yuan said.

The swordsman slowly nodded his head, gave a smile, and turned into a cloud of green smoke, entering inside Ye Yuan’s body.

...

The youth on the elevated platform suddenly snapped open his eyes. Looking at Ye Yuan’s gradually extinguishing divine soul, he sighed and said, “Indeed still didn’t pull through? Looks like there’s only a final choice remaining.”

Done talking, his gaze looked towards Han Tong.

Right then, the young man's expression changed, and he looked at Ye Yuan strangely.

His divine soul was already on the verge of the final extinguishing state. At this time, it actually rebounded fiercely!

Ye Yuan's divine soul became increasing stronger. His aura also became stronger and stronger!

"Hiss ... Heaven Man Unity! He actually did it! Truly a genius without parallel!" the young man said with an exclamation.

Gradually, Ye Yuan entered a very profound state.

The current Ye Yuan gave people an extremely unreal feeling. He was clearly standing right there, but his entire person seemingly already fused into one body with heaven and earth!

At this moment, it was as if Ye Yuan had incarnated to become all of creation in heaven and earth.

Rumble!

Ye Yuan's aura abruptly soared. Violent essence energy closed in over here from all directions!

At this moment, Ye Yuan's cultivation realm breakthrough was achieved without effort, reaching Third Level Phaseless in a blink of an eye.

Following that, heavenly tribulation arrived. Transcending the heavenly tribulation, Ye Yuan broke through to Fourth Level Phaseless once more!

Finally, everything settled down. Ye Yuan slowly opened his eyes. A pair of deep eyes, seemingly able to see through everything in this world.

"A hundred lifetimes of samsara, washing away the guise of the secular. What it refined was the human heart; what I saw, was the origin of the Great Dao! Heaven Man Unity. So that's how it is! Sun Moon Heavenly Pupil is known to be able to turn all of creation in the world into illusions. Indeed worthy of its reputation! It's just that the world probably never would have thought that the Sun Moon Heavenly Pupil has long attained Dao already, cultivating into a primordial spirit!" Ye Yuan looked at the young man and said slowly.

Ye Yuan maintained his final trace of soulfire from extinguishing with a secret art, making himself sink into the illusionary realm's samsara. This was harboring the attitude of to win or to die trying.

If there was even a tiny bit of mishap, Ye Yuan would never be able to wake up again.

However, experiencing a hundred lifetimes of samsara, Ye Yuan's heart realm was tempered little by little, becoming incomparably powerful.

Although this illusion was powerful, it also strengthened and tempered Ye Yuan.

The young man looked at Ye Yuan, his eyes filled with pleasant surprise as if he was admiring a piece of art.

Ye Yuan said nonchalantly, "Enjoy the might of the flame explosion properly. I won't accompany you!"

“Fine lad, you really surprised me! That guy is relying on the advantage of a divine artifact before barely managing to be able to contend with my Secret Illusion Heavenly Realm. But you actually relied on your own comprehension abilities and broke through to Heaven Man Unity realm, breaking free of the Secret Illusion Heavenly Realm. Truly too remarkable! For 100 thousand years, you’re the first person to be able to do it to this step! Boy, you should feel honored!” the Sun Moon Heavenly Pupil said, rather excitedly.

Ye Yuan said coolly, “Very sorry, I don’t feel honored at all. What I’m going to do now is to kill you!”

Sun Moon Heavenly Pupil smiled faintly and said, “Kill me and your woman will be lost inside the illusionary realm forever. Not everyone can be like you, comprehending Heaven Man Unity!”

Ye Yuan’s expression changed, and he said coldly, “What conditions do you have?”

His ‘Jie’ character’s level of attainment was far from enough and was totally unable to help Yue Mengli they all escape the illusionary realm.

Sun Moon Heavenly Pupil smiled and said, “That’s more like it! My conditions are very simple, either you die, or he dies. Choose one yourself!”

Ye Yuan’s face fell, and he said, “You chose me to be a host? Looks like you finally can’t stand the loneliness and want to get out of the Vastsun bright Moon Realm!”

Sun Moon Heavenly Pupil’s expression suddenly turned cold, and he said, “Those old undyings thought that by sealing me here, I’ll have no way of getting out! They probably never would have thought that the Divine Realm would enter an age of declining laws, Divine Dao dropping to zero! Without Deity Realm powerhouses, who can tie me up to be used by others? As long as I find a suitable host, with how vast the Divine Realm is, I alone reign supreme! Heaven has eyes, delivering you in front of me!”

Unrivaled Medicine God

Chapter 967: Initiative Chapter Hands!

Only then did Ye Yuan know that the Zhou and Yue two families’ forefathers who obtained the Sun Moon Heavenly Pupil before had probably long realized that the Sun Moon Heavenly Pupil had problems.

Therefore, before they passed on, they set up this Vastsun Bright Moon Realm, using it to seal the Sun Moon Heavenly Pupil.

It was just that they also did not expect the arrival of an age of declining laws, making everything changed.

Without Deity Realm powerhouses, no one was able to harness the Sun Moon Heavenly Pupil anymore. In the course of time, it birthed a primordial spirit on its own and cultivated to an exceedingly high realm.

The Sun Moon Heavenly Pupil’s terrifying ocular arts, even divine king powerhouses did not have the strength to resist!

Ye Yuan’s face was grim as he asked, “For 100 thousand years, who knows how many experts had come here. Why did you choose me?”

Sun Moon Heavenly Pupil smiled lightly and said, “*Heh*, although their cultivation realms were higher than yours, their heart realm was far inferior compared to you! Without an exceptional high heart realm, there’s simply no way of withstanding my powerful ocular powers! Wait until I wipe away your consciousness, adding on my ocular arts, the Divine Realm will be our world in the future!”

The Sun Moon Heavenly Pupil had cultivated for God knows how many tens of thousands of years here. His strength was unfathomable.

Even if he did not reach the Deity Realm, his ocular arts had probably already achieved perfection.

What he lacked was just a set of fleshly body suitable for him.

Accurately speaking, the Sun Moon Heavenly Pupil seeking out a host was different from the ordinary seizing of possession. He only wanted to wipe away the martial artist’s original consciousness, while the other abilities could be preserved perfectly.

Cultivation realm could be cultivated if lacking, but the cultivation of heart realm was far too difficult. Hence, that was why he did not make a move all along, all the way until Ye Yuan’s appearance.

“If I say no?” Ye Yuan said in a solemn voice.

Sun Moon Heavenly Pupil did not reveal a surprised look. He just said with a faint smile, “You will agree! Because apart from me, nobody can undo her illusionary magic!”

His gaze looked over towards Yue Mengli, his face revealing a smug smile.

Ye Yuan fell silent, a look of struggle appeared on his face.

“You don’t have much time. You really greatly surprised me by being able to break through to Heaven Man Unity within two days. However, that little girl is only left with at most four hours. Once the time is up, even I will be powerless to do anything too,” Sun Moon Heavenly Pupil said with a smile that was not a smile.

Ye Yuan’s expression changed, and he said in a low voice, “Unless you swear a Heavenly Dao Oath, otherwise, why should I believe you?”

Sun Moon Heavenly Pupil said with a faint smile, “I won’t swear a Heavenly Dao Oath. As for whether you believe or not, that’s your problem, nothing to do with me. But I think that it seems you can only choose to believe me.”

Sun Moon Heavenly Pupil seemed to savor this feeling of kneading other people very much, an expression of walking on air surfaced on his face. He just quietly awaited Ye Yuan’s choice and did not urge.

Finally, Ye Yuan drew a deep breath and looked at the Sun Moon Heavenly Pupil as he said, “Hope that you keep your word. Come on!”

Done talking, Ye Yuan utterly opened up his mind, seemingly already resigned himself to fate.

Sun Moon Heavenly Pupil smiled and said, “*Haha*, he who understands the times is a wise man. Don’t worry, I’ll help her release the illusionary magic.”

He naturally would not tell Ye Yuan that once these people thoroughly immersed in the illusionary realm, they would become his slave, being manipulated at his will.

Releasing Yue Mengli? That was impossible!

On this Yellow Millet Mountain, just the divine king powerhouses were numerous. Once such a force got out, it would probably become the ninth super holy land immediately!

Sun Moon Heavenly Pupil gave a light chuckle and transformed into a stream of flowing light, and entered inside Ye Yuan's body all at once.

Ye Yuan's entire body trembled, instantly feeling that his two eyes swelled incomparably, seemingly on the verge of exploding.

"*Heh*, the Sun Moon Heavenly Pupil is matchlessly tyrannical, it's not that easy to endure! Now, allow me to lead this body ... *Argh* ... Damn it, Soul Suppressing Pearl! How could you have the Soul Suppressing Pearl this sort of thing!" Sun Moon Heavenly Pupil suddenly cried out miserably.

Just as he was going to wipe away Ye Yuan's consciousness, a stream of gloomy light probed out from inside the Soul Suppressing Pearl.

The Sun Moon Heavenly Pupil sensed a terrifying power. This power was plenty to utterly obliterate him.

Right at this time, Ye Yuan's divine soul suddenly blocked in front of him. That ghostly light seemed to have intelligence, and actually directly withdrew back into the Soul Suppressing Pearl.

The Sun Moon Heavenly Pupil was still suffering from the shock, his face seized with fear and trepidation. His gaze when looking at Ye Yuan was filled with a frightened look.

He had long predicted that Ye Yuan definitely would not give in so obediently. It was just that he never thought that Ye Yuan's trump card was actually the Soul Suppressing Pearl!

His primordial spirit body was similarly divine soul in nature. For the Soul Suppressing Pearl to want to exterminate him just now was merely an effortless matter.

"I didn't think that you're familiar with the Soul Suppressing Pearl too. Then it's easy to handle. Now, we can have a proper chat, right?" Ye Yuan looked at the Sun Moon Heavenly Pupil with a smile that was not a smile and said.

The Sun Moon Heavenly Pupil's expression changed, and he said, "You ... How can you possibly have the Soul Suppressing Pearl, this kind of thing?!"

Ye Yuan said nonchalantly, "Just casually picked it up. That's not the main point. The main thing is, when are you planning on undoing Li-er's illusionary magic?"

The Sun Moon Heavenly Pupil's expression changed, and he said, "You let me go first, then we talk again! Otherwise, I won't undo the Secret Illusion Heavenly Realm!"

Not that the Sun Moon Heavenly Pupil did not wish to go out, but that he entered Ye Yuan's body and already reconstructed Ye Yuan's two eyes, and produced a bond with Ye Yuan's body.

If he succeeded in taking possession, everything naturally could be discussed.

But now, as long as Ye Yuan did not take the initiative to release this bond, his primordial spirit would be bounded up inside Ye Yuan's sea of consciousness, unable to break free!

The current Sun Moon Heavenly Pupil had reached the point of being caught between the devil and the deep sea.

With the Soul Suppressing Pearl around, his taking of possession was something totally impossible. But wanting to escape Ye Yuan's sea of consciousness needed Ye Yuan's approval.

With this, the initiative completely landed in Ye Yuan's hands.

The Sun Moon Heavenly Pupil's sole chip right now was Yue Mengli.

"*Heh*, do you really take me to be a fool? I'm giving you one last chance, if you don't agree, I'll make the Soul Suppressing Pearl wipe away your consciousness and let you return to origin! It is a little troublesome, but at that time, your 100 thousand over years of cultivation will be ruined overnight!" Ye Yuan sputtered nonsense.

He was unable to mobilize the Sun Moon Heavenly Pupil at all. He was just swindling the Sun Moon Heavenly Pupil, that was all.

But Ye Yuan guessed that the Soul Suppressing Pearl had extremely powerful abilities regarding divine souls. Presumably, wiping away consciousness this sort of thing was not a difficult thing to it.

Indeed, the Sun Moon Heavenly Pupil's expression changed and he said solemnly, "If that's the case, that little girlie is dead for sure too!"

Ye Yuan shrugged his shoulders and said indifferently, "There's still four hour's time. I think it's sufficient for me to inherit the Sun Moon Heavenly Pupil."

The Sun Moon Heavenly Pupil gnashed his teeth in hatred, but he could not do anything to Ye Yuan at all.

Right now, the initiative was completely in Ye Yuan's hands.

Right at this time, Han Tong's eyes suddenly snapped open, and he plopped down on the ground, his entire person perspiring profusely as if he had a great illness.

Huff huff ...

Han Tong gasped for air heavily but suddenly jolted, being struck dumb with amazement by the scene in the surroundings.

Looking towards Ye Yuan again, he actually discovered that Ye Yuan's two eyes were bleeding, and his expression involuntarily changed drastically!

"This boy obtained the Sun Moon Heavenly Pupil? This ... How is this possible?" Han Tong said in disbelief.

Unrivaled Medicine God

Chapter 968: Divine Artifact Great Battle!

“Looks like you expended considerable effort because of reconstructing my two eyes. That’s how it allowed Han Tong to break free of the illusionary realm!” Ye Yuan looked at the Sun Moon Heavenly Pupil helplessly and said.

In this place, the only one who could contend with the Sun Moon Heavenly Pupil was Han Tong who wielded the Spirithorn Shattering Mirror.

But earlier, in order to reconstruct Ye Yuan’s two eyes, the Sun Moon Heavenly Pupil needed to expend a huge amount of effort. This also let the Secret Illusion Heavenly Realm loosen up somewhat.

Han Tong finally made use of this opportunity and broke through the Secret Illusion Heavenly Realm in one stroke, returning to reality.

When the Sun Moon Heavenly Pupil saw Han Tong break free of the illusionary realm, he was not startled. He rejoiced instead and said to Ye Yuan, “Boy, release me. I’ll deal with him on your behalf!”

Ye Yuan shot him a scornful glance and said, “Give it up! You’d better carefully think things through and release Li-er! When I dispose of Han Tong, if you still haven’t made a decision, I don’t mind blotting you out!”

Talking to the back, Ye Yuan seethed with killing intent.

The Sun Moon Heavenly Pupil’s expression turned fearful, and he hurriedly said, “He has a divine artifact in his hands, there’s no way you’re his match!

Ye Yuan pursed his mouth and said disdainfully, “Just a divine artifact only, and you said it like I don’t have one! You just wait here obediently. The power of the Soul Suppressing Pearl, I believe you’re also aware without the need for me to expound. If you seek death yourself, then it can’t be blamed on me.”

The Sun Moon Heavenly Pupil could not help being speechless. A divine artifact ... only?

Could what this brat be talking about the Soul Suppressing Pearl? But with this boy’s present strength, he was completely unable to utilize the Soul Suppressing Pearl, alright?

Ye Yuan slowly opened his eyes. Rays of brilliance shot out from his eyes.

Han Tong was currently staring at Ye Yuan’s eyes and looking. When Ye Yuan opened his eyes, it actually sent him into a trance.

He hurriedly turned his head over, not daring to look at Ye Yuan’s eyes anymore.

This boy definitely acquired the Sun Moon Heavenly Pupil!

Ye Yuan lightly wiped away the two rows of blood tears. Looking at this world again, it seemed to have become different.

The first thing he did was put Yue Mengli, Yue Lingyu they all away inside the Vast Heaven Pagoda. As for the life and death of the others, it had nothing to do with him.

“Boy, was the Sun Moon Heavenly Pupil taken by you?” Han Tong said with a somber look.

Ye Yuan said coolly, “So what if yes?”

“*Humph*, so what? Hand over the Sun Moon Heavenly Pupil, this seat will spare you from death!” Han Tong said with a cold snort.

Ye Yuan looked at him and said disdainfully, “F*ck your bullshit! I want you to give me the Spirithorn Shattering Mirror, will you give or not?”

Han Tong’s face turned black, and he said in a deep voice, “Boy, do you think that you have the qualifications to pick a fight with me? The pagoda in your hands is merely a quasi-divine artifact. If you really exchange blows with me, whether or not that pagoda of yours can be preserved is an uncertainty!”

“*Tch*, just a divine artifact, what’s there to be cocky about? You don’t think that there is only the Spirithorn Shattering Mirror, this one divine artifact, in this whole world, right?” Ye Yuan said with a disdainful look and slowly took out the Sacred Dragon Token.

Han Tong originally had a look of contempt. If one was not haughty holding a divine artifact, then what else was there to be haughty over?

Prior to this, divine artifacts had never appeared before in the Divine Realm, alright?

But that instant when Ye Yuan took out the Sacred Dragon Token, Han Tong’s pupils constricted, his eyes filled with a look of astoundment!

Although he did not recognize the Sacred Dragon Token, the undulations coming off of the Sacred Dragon Token was not any weaker than the Spirithorn Shattering Mirror.

No, wait, it should be that it was even stronger compared to the Spirithorn Shattering Mirror!

Similarly divine artifacts, the Sacred Dragon Token was the dragon clan’s paramount divine artifact. Its might was unimaginable.

“You ... You actually have a divine artifact too! This ... How is this possible? You have a quasi-divine artifact in possession, and actually still have a divine artifact! You ... You ...”

Han Tong broke down. This boy’s fortuitous encounters were also too scary, right?

These two items, casually taking out one could shake the Divine Realm. But this brat actually drew two the moment he made his move!

However, Han Tong’s shock was far from comparable to the Sun Moon Heavenly Pupil. Because the Sun Moon Heavenly Pupil recognized the Sacred Dragon Token!

The Sacred Dragon Token was the dragon clan’s supreme treasure. Along with the dragon clan’s clan leader’s disappearance, there was already no more news. However, over 100 thousand years had passed, the Sacred Dragon Token actually saw the light of day once again!

“Who on earth is this boy? Sacred Dragon Token, Soul Suppressing Pearl, any one of these is an item that can make the Divine Realm tremble. They are actually all in his hands!”

The Sun Moon Heavenly Pupil's astonishment could not be any greater. These two items, as long as one obtained an article, it was already sufficient to enjoy a lifetime. But this boy actually acquired two all at once.

No, wait, Han Tong said earlier that this boy still had a quasi-divine artifact.

The Sun Moon Heavenly Pupil suddenly felt that this world was too crazy!

Hang on, it was he who was too crazy, to actually find such a person to be a host. Wasn't this complaining that his lifespan was too long, and he was tired of living?

The current Sun Moon Heavenly Pupil, other than anguish, it was still anguish. One truly could not find an adjective to describe his current emotions.

Finally managed to cultivate into a primordial spirit and thought that he could come roaring into existence. In the end, he screwed himself to death before even stepping out of the door.

Ye Yuan looked at Han Tong and said smilingly, "You what you? You joker! Could it be that only you're allowed to have a divine artifact, other people aren't allowed to have divine artifacts? Just a divine artifact, is there a need to kick up a fuss over nothing?"

"Just a ... divine artifact? You, boy, are truly too arrogant!" Han Tong said with a somber face.

Ye Yuan's words sounded arrogant, but actually, he really had the capital to say so.

Putting aside the Soul Suppressing Pearl, the Vast Heaven Stele inside the Vast Heaven Pagoda was the truly formidable item.

Although he did not know what grade of a treasure it was, it was definitely more impressive than ordinary divine artifacts.

Han Tong's gaze suddenly revealed a look of extreme greed and said, "Heh, brat who doesn't know the immensity of heaven and earth! Since you came to deliver a divine artifact to this seat, this seat will kindly accept it!"

Han Tong suddenly raised the Spirithorn Shattering Mirror. A ray of dazzling light instantly shot out. A terrifying power made the entire main peak quake.

Ye Yuan chuckled coldly and also injected divine essence into the Sacred Dragon Token.

Rumble!

Two terrifying attacks abruptly collided, giving off a dazzling light!

Waves of energy rippled out, directly leveling the main peak to flat ground. The entire main peak forcefully had a large chunk shaved away.

Those martial artists who were still inside the illusionary realm were directly sent flying by the enormous blast wind. The weak ones were even directly blasted to death.

"Puhwark!"

Ye Yuan was also sent flying immediately by this massive impact force, spitting out a large mouthful of blood.

Han Tong was not much better either. He also did not think that the divine artifact in Ye Yuan's hands was actually so formidable. But his own strength was immense. Even though he was sent flying, his injuries were not as severe as Ye Yuan's.

"You ... You actually have divine essence!"

Obtaining a divine artifact was one thing, whether or not one could activate a divine artifact was another thing.

A divine artifact was unable to be deployed by essence energy. Even when mobilized, the power unleashed was also very limited.

Only by using divine essence could one unleash the power of a divine artifact to the greatest degree.

Ye Yuan was actually able to unleash such terrifying power. It showed that he definitely had divine essence!

He was only able to deploy the divine artifact because he had the hall master's bestowal. Then Ye Yuan's divine essence, where did it come from?

This boy was truly divulging mystery from head to toe!

[Unrivaled Medicine God](#)

Chapter 969: Merging with Heaven and Earth!

The level of difficulty of finding divine essence was not the slightest bit less than finding a divine artifact.

Following the disappearance of Divine Dao, divine essence this sort of thing already became lesser and lesser in the Divine Realm.

One could say it decreased with each use.

Only inside the grotto left behind by Deity Realm powerhouses could one find divine essence this sort of thing.

These divine essences were all energy that Deity Realm powerhouses used to maintain the operation of the grotto. Along with the passing of time, divine essence would get lesser and lesser too.

Furthermore, the grotto of Deity Realm powerhouses, the degree of danger went without saying.

Even if divine king powerhouses entered, it was also nine chances to die, and one chance to live!

The strength of Deity Realm powerhouses was completely not what Dao Profound Realm could try to fathom.

With Ye Yuan's current cultivation realm, there was no way to obtain divine essence at all.

But Ye Yuan just had divine essence!

With divine essence, the cultivation realm gap between him and Ye Yuan could basically be ignored.

What they were contending right now was their respective divine artifact.

“Heh, divine essence is it? I have plenty of this thing. Right now, are you scrambling yourself, or are you letting me teach you a good lesson?” Ye Yuan said with a snicker.

Han Tong’s face turned black, and he said, *“Humph! Even if you have divine essence, how much can you have? I don’t believe that your divine essence can sustain several divine artifact attacks! Want to use this sort of method to scare me away, too childish!”*

“Haha, scare you away is it? Open your dog eyes wide and watch!”

Ye Yuan did not say another word. Injecting divine essence into the Sacred Dragon Token once more, a terrifying attack was unleashed a second time.

Han Tong’s expression changed, and he could only meet the attack passively.

Rumble!

Another loud bang. The main peak had a large section shaved off by these two terrifying attacks once again.

For some time, scattered rocks flew everywhere.

Ye Yuan was blasted flying once more, but his fleshy body was incomparably powerful. Circulating the Tyrant Dragon Regeneration Art, he deployed the Sacred Dragon Token again and unleashed an attack.

Only a fleshy body like Ye Yuan’s could withstand such a heavy load. If it were others, deploying a divine artifact so crazily, they would be crushed to death by the divine artifact’s pressure first.

Bang! Bang! Bang!

Again and again, Ye Yuan’s divine essence seemed to be picked up for free, deploying the Sacred Dragon Token crazily.

Han Tong cried bitterness in his heart!

At this point, how would he still doubt Ye Yuan?

How could this guy have so much divine essence?

Several powerful attacks in, Han Tong also suffered considerable internal injuries. Even more damnable was that competing in divine essence so crazily, he already did not have much left!

While Ye Yuan’s divine essence seemed to be inexhaustible; could not be used finish at all.

This way of usage made people too freaking jealous!

One should not look at how Han Tong took out the Spirithorn Shattering Mirror at the slightest provocation to scare people. The times where he truly utilized divine essence were not many.

Divine essence this sort of thing, even the hall master did not have much either. What was bestowed to him naturally would not be much either?

But this Ye Yuan was just like a prodigal son squandering the family fortune, not taking divine essence seriously at all.

“Stop! Quickly stop! I ... I concede!”

Taking advantage of the interval Ye Yuan adjusted his breathing, Han Tong was finally defeated in battle and opened his mouth to admit defeat.

However, Ye Yuan said with a cold smile, “You fight when you want, and throw in the towel when you want to admit defeat. Who gave you this authority? When we stop is up to me! Again!”

Finished regulating his breathing, Ye Yuan deployed divine essence once more and smashed over towards Han Tong.

The divine essence Fang Tian left behind was really quite a bit. This bout of indiscriminate bombing merely depleted one-thousandth of the divine essence.

The current Ye Yuan was a living prodigal son, using the incomparably precious divine essence out of spite.

Of course, Ye Yuan’s true objective was naturally not acting out of spite, but he wanted to try if he could finish Han Tong off!

Spending some divine essence and obtaining the Spirithorn Shattering Mirror was still very worthwhile.

Bang! Bang! Bang!

Several more clashes again. Ye Yuan did not give Han Tong any chances to catch his breath at all, unleashing attacks desperately.

Han Tong’s face was deathly pale. This was caused by an excessive loss of blood.

Clashing again and again, his body already almost could not endure it anymore. He really could not understand how Ye Yuan kept it up.

At this time, the main peak which originally towered into the clouds actually had half of its height shaved away already.

These two people’s divine artifact battle was seriously too frightening.

No way, can’t carry on fighting! There’s already not much divine essence left. Continuing to fight is seeking death. This punk is really too difficult to tangle with, got to think of a way to get away! Han Tong thought to himself.

Rumble!

Ye Yuan’s attack arrived again. Han Tong forcefully held back the impulse to vomit blood and injected divine essence into the Spirithorn Shattering Mirror once more to deal with Ye Yuan.

Han Tong was blasted out by the recoil force again. His vital energy and blood churned, feeling like his internal organs were almost churning out!

But this time, Han Tong forcefully suppressed his internal organs' injuries. All of a sudden, a blood light shone resplendently. He was actually fleeing towards the distance with extremely swift speed.

Han Tong's speed was inconceivably fast. He was actually much faster compared to ordinary middle-stage Dao Profound Realm experts.

When Ye Yuan saw this scene, he did not reveal a surprised look. He just smiled coldly and said, "Want to escape? That will also have to depend on whether or not you have this capability!"

While talking, Ye Yuan's figure suddenly vanished from where he was.

Han Tong used a secret art. His movement technique surged, and he was currently running with his tail between his legs. All of a sudden, there was a blur before his eyes. Ye Yuan's figure actually already arrived in front of him at who knows when!

Han Tong was alarmed inwardly and forcefully twisted his body, escaping in another direction.

Ye Yuan took a step out once more and vanished from where he was at.

Han Tong was currently escaping when Ye Yuan actually ran in front of him again.

This time, he finally knew that he could not escape anymore!

"You ... You're actually able to merge with heaven and earth! This ... How is this possible? *Ah!* You ... You comprehended Heaven Man Unity?" Han Tong suddenly thought of something, his expression changing drastically as he said.

At this time, his eyes showed an expression of despair.

If Ye Yuan comprehended Heaven Man Unity, then he had absolutely no chance of survival today!

But how could this brat possibly comprehend the Heaven Man Unity Realm?

Ye Yuan said nonchalantly, "At least you have some knowledge. That's right, this young master just comprehended Heaven Man Unity not long ago. Are you sticking your neck out for the executioner's blade? Or making a final struggle?"

Getting a definite answer, Han Tong's eyes revealed a look of despair.

He gritted his teeth and suddenly deployed the Spirithorn Shattering Mirror, rumbling over towards Ye Yuan.

Ye Yuan was long prepared. The Sacred Dragon Token activated at virtually the same time, smashing over at Han Tong.

Rumble!

The two people were blasted flying once more. But Ye Yuan did not stop in the slightest. This time, without even adjusting his breathing, he deployed the Sacred Dragon Token once again and smashed towards Han Tong.

However, Han Tong's divine essence was already thoroughly expended cleanly during that time just now!

“ARGH!!”

A tragic cry transmitted over. Han Tong directly turned to nothing under the bombardment of the Sacred Dragon Token.

Bang!

The Spirithorn Shattering Mirror fell from the sky and dropped onto the ground.

But Ye Yuan did not care about it. His consciousness sunk into his sea of consciousness once more and said to the Sun Moon Heavenly Pupil coldly, “How is it? Thought it through yet? This is the last time I’m asking you!”

The Sun Moon Heavenly Pupil’s expression changed. That great battle just now, he took it into his sights in its entirety and had a deeper understanding towards Ye Yuan’s might.

Unrivaled Medicine God

Chapter 970: Escaping Through the Void

“Alright, I’ll help them undo the Secret Illusion Heavenly Realm!”

Although extremely unwilling, the current situation already did not allow the Sun Moon Heavenly Pupil to carry on biting the bullet.

Compared to 100 thousand over years of cultivation being reduced to nothing, undoing the Secret Illusion Heavenly Realm did not seem to be much.

The Sun Moon Heavenly Pupil also perceived that Ye Yuan seemed to have the intention of sparing his life. Looks like he wanted to obtain something from him.

In the days to come, think of ways to dance around with Ye Yuan would do.

Ye Yuan released Yue Mengli, Yue Lingyu, and the rest. The Sun Moon Heavenly Pupil said, “I’ve already fused into becoming one with you. Casting the spell requires borrowing your pair of eyes!”

Ye Yuan nodded his head and handed control of his pair of eyes to the Sun Moon Heavenly Pupil.

This current sort of situation, the Sun Moon Heavenly Pupil was already assimilating inside Ye Yuan’s body. It was just that the authority to pilot was entirely Ye Yuan’s.

As long as Ye Yuan was not willing, the Sun Moon Heavenly Pupil was not able to utilize his pair of eyes at all.

Ye Yuan only felt his two eyes heat up. A strange power flowed out from within his two eyes. Yue Mengli, Yue Lingyu and the rest suddenly startled awake.

“Big Brother Yuan, I even thought that ... I’d never see you again! This illusionary art is so formidable. I clearly know that I got caught in an illusionary realm, but I wasn’t able to break free.”

Even with Yue Mengli’s composure, she was also filled with lingering fear after almost being caught in the illusionary realm forever.

Yue Lingyu was similarly still badly shaken. She did not think that with her strength, she would also be caught inside the illusionary realm so easily.

Ye Yuan lightly embraced Yue Mengli and consoled, "Alright, everything is over. With Big Brother Yuan around, it will be fine."

Yue Mengli nodded her head but hugged Ye Yuan even tighter.

"Ye Yuan, w-was it you who saved us?" Yue Lingyu said rather hesitantly.

Although she already had an answer in her heart, she still felt that it was inconceivable.

Ye Yuan only had Phaseless Realm strength but was the only clear-headed one among them. This was too bizarre.

Furthermore, Yue Lingyu discovered that Ye Yuan actually already broke through to middle-stage Phaseless Realm at who knows when!

They all, these Divine King experts, were all neck-deep in trouble, but Ye Yuan obtained a lucky chance here, breaking through two minor realms consecutively. This was simply inconceivable.

Ye Yuan said smilingly, "Could it be that there are still other people here?"

Yue Lingyu drew a deep breath and asked again, "The one who made us fall into the illusionary realm should be the Sun Moon Heavenly Pupil, right? Now that we woke up, could it be ..."

When asking this question, Yue Lingyu could not help having the jitters.

The Sun Moon Heavenly Pupil which had not come into being for 100 thousand years, could it have been obtained by Ye Yuan?

Ye Yuan smiled but did not speak and had an inscrutable look.

Yue Lingyu could not help choking up, also aware that she was rather rash. This sort of thing, nobody would easily admit it.

Ye Yuan did not say, Yue Lingyu could not very well press too hard either.

Some things, when pointed out, would affect the situation as a whole instead.

The Zhou and Yue two families viewed the Vastsun Bright Moon Realm as their private property. Once they knew that the Sun Moon Heavenly Pupil was obtained by Ye Yuan, it probably would not end well.

At that time, it probably could not dispense with a bloody storm.

Putting aside the Yue Family's and Ye Yuan's relationship, once they lost all decorum, the one who would be hurt the deepest would definitely be Yue Mengli.

Even if the Yue Family obtained the Sun Moon Heavenly Pupil in the end, a war between the Yue Family and Zhou Family was likely unavoidable as well.

At that time, it would probably be hard for these two great Rank One Holy Lands to maintain their present glory.

In comparison, the Sun Moon Heavenly Pupil being placed with Ye Yuan seemed to be a better option.

At least, with his relationship with Li-er, he would definitely stand on the Yue Family's side.

In an instant, Yue Lingyu's mind flashed like lightning and thought of a great deal of things. She still decided to bury this secret at the bottom of her heart.

"Oh, right, where's that Han Tong?" Yue Mengli suddenly said.

Hearing this, Yue Lingyu could not help secretly sighing in her heart. Indeed, women leaned outward. Yue Mengli was deliberately changing the topic here. She was clearly leaning towards Ye Yuan.

But the moment she thought of Yue Mengli, Yue Lingyu was still greatly gratified in her heart.

The Innate Battle Soul Physique might not be inferior to the Sun Moon Heavenly Pupil! If she could cultivate to major accomplishment, she would likewise be the Divine Realm's pinnacle-most expert.

Seemed like this was the best conclusion.

"Han Tong is already dead. His Spirithorn Shattering Mirror is over there. I'll go to take and then bring it over," Ye Yuan said with a smile.

Yue Lingyu was startled inwardly. Han Tong cracked her Mountain & River State Painting with one blow when he wielded the Spirithorn Shattering Mirror.

But now, he was actually dead!

Who killed him? Could it be ... Ye Yuan?

Seemed like apart from this, there were no other possibilities!

Just how on earth did this boy accomplish it?

Yue Lingyu discovered that she could not see through Ye Yuan more and more. This boy was too shrouded in mystery.

Ye Yuan picked up the Spirithorn Shattering Mirror and started playing with it in his hands.

Right at this time, a terrifying aura transmitted out from the Spirithorn Shattering Mirror.

Ye Yuan's expression changed, and he flung the mirror out. At the same time, he took out the Heavenly King Bell without the slightest hesitation.

Rumble!

A terrifying energy slammed onto the Heavenly King Bell, directly blasting Ye Yuan out.

"Puhwark ..."

Ye Yuan immediately spewed out a large mouthful of blood, already sustaining very serious injuries.

While the Spirithorn Shattering Mirror actually took advantage of this time and shattered the void, and escaped immediately.

Yue Mengli was taken aback by this unexpected change and hurriedly went forward to support Yue Mengli, and said worriedly, "Big Brother Yuan, are ... you alright?"

Ye Yuan waved his hand and said weakly, "I didn't expect that there was actually still such a powerful restrictive force on this Spirithorn Shattering Mirror! Looks like its true owner's strength is unfathomable! I'm rather curious now, just what kind of existence is this Divine Martial Hall? Also, what is their objective!"

Since Lin Chao appeared within the Divine Martial Hall, this faction, then the Endless World's matters definitely could not get away from them.

Now, they came to have designs on the Sun Moon Heavenly Pupil again.

Seems like they were planning some major moves.

An hour later, Ye Yuan finished recuperating and finally recovered some essence energy.

The few people were currently walking when they suddenly discovered some people.

Ruan Shuangzhou, Zhou Boping, Zhou Yan, and the rest were all scattered at the foot of the main peak.

Falling down from the top of the main peak was nothing much to them. But the tremors of the divine artifact great battle previously made them suffer considerable injuries.

It was just that currently, they could not feel the pain on their bodies at all, because they were still inside the illusionary realm.

"They actually haven't died yet! Their lives are really tenacious!" Ye Yuan said speechlessly.

He even thought that these few people were dead for sure. So he did not expect that their bodies actually still had an aura of living.

Where the aftershocks of a divine artifact battle could be sent to, nobody could control it either. A single mishap and it was the outcome of having one's body pounded to pieces and bones ground to powder.

But these few people's lives were actually so tenacious.

"Ye Yuan, Zhou Boping had also put forth considerable effort this time. Could you ... save him?" Yue Lingyu suddenly said.

Ye Yuan did not reply right away, but looked at Yue Mengli and asked, "Li-er, what's your opinion?"
