Chapter 981: Communications Array Formation

“Dad!”

Rong Xin quickly stood up, his gaze glued on the person Ruan Shuangzhou escorted in.

One of them was none other than precisely Rong Xin’s father, Rong Ze!

Rong Ze was just an ordinary clan member of the Crimsonflame Clan. His strength was passable but did not excel in an aspect.

But a father became noble due to his son. Rong Xin’s rise made him become a figure with great power in the Crimsonflame Clan.

Everyone did not expect that Ye Yuan actually captured Rong Ze over.

With this, the matter became somewhat big.

Rong Ze was restrained by Rung Shuangzhou. He was just like a dead dog at this time, unable to reply Rong Xin at all.

“You’re courting death, Ye Yuan!”

Seeing that Ye Yuan actually dared to treat his father like so, Rong Xin was already burning with rage and could not care about the many elders present either. His entire person transformed into a streak of crimson red color, charging over towards Ye Yuan.

A streak of flowing light flashed across. White Light already cut in front of Ye Yuan.

Rumble!

Under a blow, the two people each fell back several steps, evenly-matched in strength.

But Rong Xin did not have the intention of stopping. He was just about to attack, but Rong Yin held him back.

“Calm down, Rong Xin! If he can’t give a reason why, there will naturally be the elders standing up for you!” Although persuading Rong Xin, Rong Yin himself also looked incredibly grim.

Rong Xin clenched his fists tightly, his entire body trembling, wishing he could kill Ye Yuan immediately.

But Ye Yuan gave a look of indifferent and said coolly, “Now, can I speak?”

Rong Yin said, “Go on. But ... you’re also aware that Rong Ze is Rong Xin’s father. You should know the consequences of this matter!”

Ye Yuan said with a smile, “I was busy with this task for a day and night; it naturally wasn’t to bring the person in to seek death. These two people are in cahoots together, colluding with the Heavenly Fiend Tiger’s Elder Ling Ninehills, making arrangements to put Fang Xiao by White Light’s side, so as to make

him lose all standing and reputation. This way, Rong Ze's son, Rong Xin, would be able to have one less formidable opponent, and become young patriarch!"

Ye Yuan's simple few sentences shocked everyone to the core.

Even more shocked was White Light. He did not think that Fang Xiao actually intentionally approached him. No idea why, his heart suddenly winced in pain, like it was hurt by something.

Apart from Rong Ze, Ye Yuan still brought another person. And the other person was none other than precisely that Bai Hui's father!

The moment Rong Xin heard, he said in a stern voice, "Ye Yuan, you're slandering venomously! Just based on a one-sided statement, you want to reverse the verdict on White Light's behalf?"

"Rong Xin, hold your horses. This matter is of utmost importance. If in the end, it's proven that Ye Yuan is spouting nonsense, this seat will naturally return you justice."

Done talking, Rong Kun turned to Ye Yuan again and asked, "Junior, you can't make unfounded charges here. Do you have proof?"

Ye Yuan smiled slightly. Flicking his sleeves grandly, a miniature array formation appeared before everyone.

Rong Kun's pupils constricted, and he said in astonishment, "Moving an array formation! Junior, what formidable means!"

Moving an array formation was a very profound method in the formations path. One could set up a set of array formation beforehand, then store it inside a spatial magic artifact.

When one required it, they could directly summon it from inside the spatial magic artifact, instantly forming an array.

Although this miniature array formation before them was small, it was a Tier 9 array formation. Want to move it over, one must have the strength of a formations emperor.

Ye Yuan was merely Phaseless Realm boundary, and he was actually able to transport a Tier 9 array formation. It was also no wonder that Rong Kun was shocked.

Ye Yuan smiled and said, "Head Elder is too kind. Just an insignificant skill. This array formation was discovered beneath the earth of Rong Ze's house. I found it and conveniently transported him over."

Rong Xin said with a cold smile, "Just a communications array formation, what can it illustrate? You casually set up an array formation yourself, then transport it over, who would know?"

This miniature array formation was a communications array formation. It was specifically used for transmitting messages, which was very convenient.

If Rong Ze really secretly colluded with the Heavenly Fiend Tiger Clan, using this set of array formation to transmit messages was not an impossibility.

It was just that even if this sort of thing was transported over, it did not have much persuasiveness either. After all, Ye Yuan could set up an array formation himself, then transport it over.

“Ye Yuan, you aren’t thinking of making the elders convict Rong Ze’s crime by relying on a communications array formation that was transported over, right?” Rong Yin also said somberly.

Ye Yuan said with a smile, “The array formation can be faked, but the messages inside the array formation can’t be faked! Isn’t that so, you guys?”

Rong Yin’s expression changed when he heard that and said, “You ... You’re able to recover the contents of the communications array formation? This ... This is impossible!”

Ye Yuan shrugged his shoulders and said, “I think I should be able to do it.”

Hearing Ye Yuan’s words, Bai Jue they all roused their spirits up! While Rong Yin they all were taken aback with shock, if he really could recover the communication contents, then the problem would be blown up.

Ye Yuan did not hesitate either, both hands reaching out like phantoms, and started to handle the communications array formation.

Everyone all held their breaths, staring fixedly at the communications array formation.

Some people looked forward to some contents appearing on the communications array formation, while others did not hope for those contents to appear.

But there was one thing, everyone’s hearts were all pounding away.

Roughly 15 minutes later, the communications array formation suddenly lit up, and a row of words actually appeared!

“The fish has already swallowed the bait, thanks again in the future! Ze!” This should be the last transmitted message.

Rong Xin’s heart suddenly jolted, his entire person seemingly being drained. His two eyes were vacant and at a loss, plopping his bottom back onto the chair.

At this moment, the atmosphere inside the great hall seemed exceedingly stifling.

However, Ye Yuan’s actions had not ended yet. Very soon, a second message appeared on the array formation.

“Eliminating in the name of collusion, daughter Fang Xiao is already on the way! Ninehills!” This was clearly the message sent back by that Elder Ling Ninehills.

Following that messages after messages appeared on the array formation.

The further back it went, the uglier the expressions on everyone’s faces.

Especially Rong Kun and the others sitting on the left-hand side. Their faces were grim until it could almost drip water.

Toward the back, the messages displayed on the communications array formation was already not related to White Light. Among them, apart from some normal communications, there were even quite a number of the White Tiger Clan’s secrets!

Seeing these messages, how these elders felt could also be imagined.

Bang!

A table in front of Head Elder virtually turned to dust instantaneously.

“Enough!” Rong Kun said fiercely.

Ye Yuan knew that the fire was about ready. Hence, he stopped casting his spell. The light on the communications array formation abruptly dissipated.

“Impossible! Impossible! This is impossible!”

Rong Xin repeated over and over again, batted out of his wits. He did not think that his father actually went to collude with the Heavenly Fiend Tiger Clan for him!

“Ye Yuan! It must be a trick you played! These messages were definitely all fabricated by you! Right, this was cooked up by you!” Rong Xin suddenly jumped up, as if he had discovered a new continent.

This matter, Rong Xin himself was also kept in the dark. Right now, he was completely unable to accept such a fact.

Therefore, what he could think of was that Ye Yuan was cheating!

“Enough! Rong Xin, do you feel that we, these old fellows, are all blind?” Rong Kun’s icy-cold tone made Rong Xin feel as if he fell into an ice cellar.

Unrivaled Medicine God

Chapter 982: Displaying Strength

These divine king experts of the elders council were not ordinary powerhouses.

Their strength was unfathomable. Moreover, they lived to a ripe old age, and their experiences were out of the ordinary.

Unless Ye Yuan’s Formations Dao level reached Deity Realm, otherwise, it was absolutely impossible to cheat under their noses.

Rong Xin already lost his composure at this time and actually slandered Ye Yuan for cheating. Didn’t it imply the group of elders to be fools?

“Head Elder, this ...”

Rong Yin was also dumbfounded by this scene. He never would have thought that such a drama-like change would occur to the matter in the end, and actually did not know what to say for a moment.

Rong Kun was worthy of being the head elder. He already calmed down at this time. Slightly heaving a sigh, he said to Rong Yin, “You bring Rong Xin back and watch over closely. As for Rong Ze and Bai Xu, throw the two of them into the dungeons first and guard closely. The disciplinary hall will be in charge of this matter. This matter will have to trouble you. You must interrogate and get to the bottom of it!”

The Wu Xin on the left-hand side of Rong Kun nodded and said, “Rest assured, Head Elder!”

Only after Rong Ze and Bai Xu were brought away, and Rong Yin left dejectedly too, did the group of patriarchs abruptly startled awake.

The events that occurred today were simply too dramatic. They were clearly going to revoke White Light's candidate rights, but why did it become the Crimsonflame Clan having secret communications with the Heavenly Fiend Tiger Clan all of a sudden?

These branch patriarchs all looked at Ye Yuan with looks of astonishment written all over their faces.

This young man actually overturned the raging tides at the last moment!

"All disperse!" Head Elder's dignified voice sounded out. Everyone also did not dare to remain here, taking their leave one after another and leaving.

While at this time, White Light did not have the slightest joy of post-victory. Instead, his entire person was in low-spirits. Clearly, the blow of Fang Xiao's matter to him was very great.

In the end, White Light was merely still a youth.

He was different from Ye Yuan. Ye Yuan was someone who had experienced a lifetime before. His mentality was much more mature compared to White Light.

"Let's go, maybe this matter isn't as terrible as you imagine." Ye Yuan patted his shoulder and consoled.

White Light smiled bitterly and said, "Don't need to console me anymore, Big Brother."

Ye Yuan smiled but did not say anything. At this time, the more one said, the more it would make people feel hurt.

The two people were just about to leave, but Head Elder spoke up, "Ye Yuan, please wait."

Ye Yuan stopped his footsteps and said with a smile, "Head Elder stopping me, it isn't to punish me for the crime of treating the White Tiger Clan with contempt, right?"

Ye Yuan checkmated first. Head Elder could only chuckle and said, "Things happen for a reason. This seat naturally isn't that sort of narrow-minded person. This matter, this seat represents the White Tiger Clan to thank you instead. Count it as this seat owing you a favor. Two malignant tumors inside the clan, something major would happen sooner or later!"

Ye Yuan snickered in his heart. This old man was actually playing word games with him.

Him owing a favor and the White Tiger Clan owing a favor, these two were completely different.

However, even a favor of Rong Kun's was still a priceless treasure.

Such a powerhouse was naturally not as powerful as the Ten Great Divine Kings. But his strength was also exceedingly terrifying.

But Ye Yuan randomly stumbled upon and dug out the White Tiger Clan's malignant tumors in order to save White Light this time. It was also considered an unexpected harvest.

This one day's time tired Ye Yuan out badly.

Consecutively utilizing Heaven Man Unity and the power of the Sun Moon Heavenly Pupil virtually squeezed him dry.

One had to know that even though Rong Ze and Bai Xu were not Divine King experts, they were late-stage Dao Profound Realm powerhouses too.

If it was made public, it would be impossible for him to want to bring the people away, let alone talk about catching any proof.

Ye Yuan could only bring the two of them away silently to not cause a disturbance.

In between this naturally borrowed Ruan Shuangzhou's power. But the exhaustion of the terrifying illusionary realm which he forcibly activated the Sun Moon Heavenly Pupil to lay down was also tremendous.

Deploying the Sun Moon Heavenly Pupil with Ye Yuan's present strength, the burden on the body was immense. Especially dealing with Rong Ze and Bai Xu, this kind of powerhouses, it virtually depleted his soul force and essence energy.

That was also just Ye Yuan. If it were others, even if they obtained the Sun Moon Heavenly Pupil, they would also be squeezed dry instantly.

This was also why the Sun Moon Heavenly Pupil would choose Ye Yuan to be the host.

"*Haha*, a favor from Head Elder can't be exchanged for a thousand pieces of gold! Then, this Ye won't be courteous," Ye Yuan clasped his hands and said with a laugh.

Head Elder waved his hand, but his expression darkened as he said, "Your move earlier, probably only a peak formation emperor would have such strength! Furthermore, you were able to capture Rong Ze and Bai Xu here without making a scene. This isn't what the average person can do! Also, that divine king should be your servant, right? Your level of strength, this seat feels rather concerned!"

Rong Kun was shrewd with age. Other people were all astonished by Ye Yuan's methods, but he saw Ye Yuan's extraordinary aspects.

Other people would underestimate Ye Yuan because of his cultivation realm, thinking that he was harmless to man and beast. But Head Elder knew that Ye Yuan was absolutely not as simple as he displayed just by looking at the things he saw before his eyes.

Leaving such a human in the White Tiger Clan, he had no choice but to guard against.

These words he kept Ye Yuan behind to say was actually warning Ye Yuan, making Ye Yuan rein it in a little.

Ye Yuan was perfectly clear. Probably after this, he would be in for the White Tiger Clan's surveillance.

But ... so what?

Someone able to keep watch on him had not been born yet!

Ye Yuan smiled when he heard that and said, "Head Elder is worrying too much! White Light and I accompanied each other along the way. One can say that he was raised by me. His clansmen are my, Ye

Yuan's, clansmen! As long as White Light is still in the White Tiger Clan, I, Ye Yuan, will forever be the White Tiger Clan's friend!"

Rong Kun could not help choking up when he heard that. This punk actually turned around to threaten him.

Ye Yuan's words had a hidden meaning. He, Ye Yuan, would not do things detrimental to the White Tiger Clan. Of course, the prerequisite was that the White Tiger Clan was good to White Light.

If someone was detrimental toward White Light, he, Ye Yuan would eliminate the other party without the slightest hesitation too!

If it were other people, they would only just brush it over with a laugh towards a threat like this.

But after Rong Kun witnessed Ye Yuan's means, although he did not think that he posed any threat to the White Tiger Clan, this kind of opponent would absolutely give people a painful headache.

"*Huhu*, then this seat hopes that we can keep on being friends," Rong Kun suddenly chuckled and said.

"*Haha*, of course, of course!" Ye Yuan took his leave with a loud laugh, bringing White Light together and leaving.

After Ye Yuan left, Wu Xin came beside Rong Kun and said solemnly, "This child is presumptuous!"

This Wu Xin seemed to be a man of few words. But these four words already expressed his displeasure towards Ye Yuan.

Head Elder chuckled, but asked the other one, "What do you think, Bai Yi?"

Bai Yi stroked his beard and laughed as he said, "Immeasurable!"

Rong Kun nodded his head and said, "This boy is indeed presumptuous. However ... he truly has the capital to be arrogant! What he did today, even you and I are also unable to do it to such a flawless degree! I think he might be deliberately displaying his strength to us, so as to make us attach importance to Little Light. If there's a possibility, best to not become enemies with this child as far as possible."

Chapter 983: Infiltrating

Inside the White Tiger Dungeon, White Light looked at that delicate and sweet image, his heart in immense pain.

"Big Brother Light, do it."

Fang Xiao closed her eyes painfully, two rows of clear tears falling down from the corners of her eyes.

Fang Xiao accepting it so readily caught White Light somewhat by surprise. Looking at her appearance, it seemed like she already had a realization long ago.

White Light's heart jolted fiercely, and he said in a trembling voice, "Don't you plan on explaining a little?"

Fang Xiao shook her head lightly and did not speak.

White Light's face turned grim, and he said coldly, "Fine. Since that's the case, I'll send you off personally!"

White Light hardened his heart and suddenly reached out, grabbing towards Fang Xiao's throat.

All of a sudden, the space rippled. A figure appeared out of thin air, intercepting this grab of White Light.

"Big Brother! What are you doing?" White Light said in confusion.

Ye Yuan said smilingly, "I already said, maybe the matter isn't as terrible as you imagine. Isn't that so, Miss Fang Xiao?"

Fang Xiao slowly opened her eyes, her gaze when looking at Ye Yuan was filled with fear.

Two days ago, it was precisely this man who suddenly appeared inside the dungeons. Then, she disclosed everything that she knew in its entirety and did not have the slightest strength leftover to resist.

Seeing Ye Yuan question, Fang Xiao turned her head over and said, "I don't know what you're talking about!"

Ye Yuan patted White Light's shoulder and said with a smile, "Still remember what Head Elder said, he owes me a favor?"

White Light froze, but Ye Yuan said with a smile, "I already talked with Head Elder. This favor, I'll use it to exchange for Fang Xiao."

The moment these words were said, White Light's and Fang Xiao's entire bodies trembled.

A favor from Head Elder, it was actually used to exchange for an enemy who schemed incessantly to frame White Light?

White Light had been in the clan for a long time and was all too clear about how terrifying Head Elder's strength was. A favor of his was truly hard to obtain with a thousand pieces of gold.

But Ye Yuan actually used it so easily?

"Big Brother, this ... Head Elder's favor was too precious! Why did you ... why ..."

"B-Big Brother, Fang Xiao only wishes for death!" Fang Xiao hesitated for a bit, but still followed White Light to call Ye Yuan big brother.

Ye Yuan said with a smile, "Just a favor, if it's used up, then it's used up! As long as I'm willing, I can make the White Tiger Clan owes me a lot of favors! White Light, you should know my temperament."

Being together with Ye Yuan for many years, White Light was naturally aware of Ye Yuan's personality.

As long as Ye Yuan treated the other party as a close kin, even if it was climbing a mountain of swords or plunging into a sea of flames, he would not bat an eyelid either, let alone talk about a measly little favor.

"But Big Brother, she ..." White Light's gaze turned towards Fang Xiao, love and hatred intertwined in his eyes.

Ye Yuan said with a laugh, "Miss Fang Xiao isn't as wicked as you imagine. She was also compelled against her will. This matter is hard to say finish in a sentence. We'd better talk again on the road."

...

Watching Ye Yuan, Fang Xiao, and White Light, as their figures disappeared inside the transmission array, Bai Yi said to Rong Kun, "Head Elder, letting them go like this, aren't you afraid of them running?"

Rong Kun said with a smile, "Ye Yuan does things flawlessly. He brought Fang Xiao away but left behind that girl he came together with. Although he did not say it explicitly, it's actually the intention of leaving her to be a hostage."

"Ling Ninehills is a Divine King powerhouse. He's not what the likes of Rong Ze's strength can compare to. Could it be that Head Elder is so confident that he can bring Ling Ninehills back?"

Although he was very optimistic about Ye Yuan too, bringing Ling Ninehills back, this sort of mission, it was still way too fantastical.

Rong Kun shook his head and said, "Honestly speaking, I don't have the least bit of confidence either. I don't know where this boy's confidence comes from, to dare accept such a mission! But I think that even if he's able to complete the mission, the price paid likely wouldn't be small either, right? For the sake of Little Light, he's indeed pushing somewhat too hard!"

Bai Yu sighed emotionally and said, "For Little Light to be able to encounter such a big brother, it's truly good fortune of three lifetimes."

...

Outside the Heavenly Fiend Tiger territory, Fang Xiao appeared rather nervous and timid.

Although she was a Heavenly Fiend Tiger Clan's member, her memories here were not pleasant.

The Heavenly Fiend Tiger Clan was totally different from the White Tiger Clan. This place was completely a place where the strong feasts and the weak were prey. The laws of survival were no different from primitive beasts.

Fang Xiao's bloodline power was very strong. But because she was born in a slave family, she was practically reared in a pen from young.

Ling Ninehills planted very powerful restrictions on her and could control her life and death.

Furthermore, Fang Xiao's parents had always been treated as hostages and were imprisoned, to use to threaten Fang Xiao to do things for him.

Receiving Ling Ninehills's orders this time, she originally wanted to exploit White Light's sympathy and make White Light save her. Then, let Bai Xu expose this matter.

But even Fang Xiao herself also did not expect that she actually fell hopelessly in love with White Light just like this.

And White Light similarly fell for Fang Xiao.

But this kind of love that had no outcome made Fang Xiao feel as if a blade was being twisted in her heart. Choosing between her parents and White Light virtually tore her into two.

Despair was the greatest sorrow. When she was locked up inside the White Tiger Dungeon, she already had the will to die.

But she never would have thought that Ye Yuan's sudden appearance actually made the entire matter take a turn for the better.

"B-Big Brother Ye," Fang Xiao said timidly.

Ye Yuan said with a smile, "Just call me big brother the same as White Light. Now, tell me Ling Ninehills' habits and customs no matter how important or trivial. Don't omit even a scrap! We only have one chance. Once we startle the Heavenly Fiend Tiger Clan's powerhouses, it will be very hard for us to escape!"

Ye Yuan's merger into heaven and earth was indeed very powerful, but it was not matchless either.

Once he fell into a tight encirclement of divine king experts, even if Ye Yuan displayed merging into heaven and earth, he could not escape either.

This move's advantage lied in taking by surprise. Once the other party was prepared, it would not be fun anymore.

Although Ye Yuan said it with a smile, these words made Fang Xiao alarmed inwardly. Right away, she did not dare to hesitate either, saying out all of Ling Ninehills' habits and customs that she knew.

And following Fang Xiao's description, a map of the Heavenly Fiend Tiger Clan also finished constructing in his mind.

All preparations in place, Ye Yuan slowly stood up, but White Light held onto him and said with a conflicted look, "Big Brother, why not ... forget about it! I know that you're doing it for my good, but the Heavenly Fiend Tiger Clan's strength isn't much weaker compared to the White Tiger Clan. It's too dangerous!"

White Light was not that ignorant person long ago anymore. How powerful a divine king expert was, he was very clear.

Although Ye Yuan's means were extremely a lot, once he entered the Heavenly Fiend Tiger Clan's territory, it was an exceedingly dangerous thing too, let alone that he even wanted to capture Ling Ninehills, this divine king powerhouse, alive.

This was simply an impossible to complete mission!

Ye Yuan scolded with a smile, "I say, you punk, when did you become so fussy and long-winded? Could it be that you can bear to watch Fang Xiao's parents die just like this?"

"This ... " White Light could not help becoming hesitant.

"Alright, you guys enter the Vast Heaven Pagoda first. Leave the rest to me!" Ye Yuan said with a relaxed look.

Unrivaled Medicine God

Chapter 984: Dancing on the Edge of a Blade

Inside an inner-chamber in the Heavenly Fiend Tiger Clan, the lamplight was dim.

Ling Ninehills stood with his hands by the side, appearing very respectful.

“Ninehills, your performance this time is very good! That Flowing Light Clan brat is indeed somewhat unusual. If we let him become the young patriarch, our Heavenly Fiend Tiger Clan will likely be beyond hope in the future.” Under the dim lantern light, a powerhouse whose face could not be seen clearly.

White Light’s sudden emergence gave the Heavenly Fiend Tiger Clan a massive headache too.

These few years, the Heavenly Fiend Tiger Clan had quite a number of exceptionally talented geniuses all fall at White Light’s hands. This made their young generation’s strength suffer heavy losses.

Ling Ninehills was overjoyed inwardly the moment he heard and hurriedly said, “Head Elder is too kind! Serving the clan is originally what people of our group should do!”

Head Elder nodded and said, “Don’t worry, this seat won’t treat you shabbily. If you can use a ruse to bait and kill that White Light, the clan will award you a Profound Heaven Entering Void Pill.”

Ling Ninehills could not help freezing when he heard and was wildly elated in his heart.

Reaching the Divine King Realm, ordinary medicinal pills could not enter their arcane sights at all. Only high-grade Tier 9 medicinal pills could make them so visibly moved.

However, each high-grade Tier 9 medicinal pill was incomparably precious.

Even a large clan like the Heavenly Fiend Tiger Clan would not anyhow take it out either.

“Rest assured, Head Elder. With those two fools around, White Light will die eventually! Even if White Light can’t become young patriarch, he’s still an immense threat to Rong Xin. There’s no way Rong Ze that old fellow would sit idly by and watch indifferently,” Ling Ninehills forcefully held back his agitation and said.

Head Elder nodded his head and felt that Ling Ninehills’ analysis was very reasonable too. “This matter will be passed to you. If you need any help from the clan, feel free to ask me.”

Ling Ninehills bowed his body and said, “Yes!”

Leaving the head elder’s secret chambers, Ling Ninehills’ mood was excellent. He wanted to return to his residence as soon as possible and contact Rong Ze that old punk. He wanted to ask about the situation over there.

“*Heh heh*, I believe there’s already a conclusion over there. Placing that lass by my side and fostering her, I didn’t expect that it actually exchanged for a Profound Heaven Entering Void Pill. Truly an unexpected harvest! With it, making my way into the elders council isn’t an impossibility either!”

Ling Ninehills was in high and vigorous spirits at this time, seemingly already seeing himself in control of the clan’s authority.

However, as he walked, Ling Ninehills suddenly discovered that something was amiss.

“En? Didn’t I walk by this path just now? Calculating based on the time, I should have reached long ago! Impossible! Could it be that I fell for an illusionary magic? But who has this ability to be able to cast an illusionary art on me in the Heavenly Fiend Tiger Clan’s territory?” Ling Ninehills said with a frown.

Thinking about it, Ling Ninehills still felt that it was not possible.

Even with Head Elder’s strength, it was also impossible to make him succumb to illusionary magic in the Heavenly Fiend Tiger Clan noiselessly.

Hence, he carried on walking forward ...

Ling Ninehills walked and walked, and he arrived at a concealed dungeon.

He slowly opened the dungeon gates and walked inside. Two prisoners appeared in his sight.

The moment those two people saw Ling Ninehills, they hurriedly knelt on the ground and begged, “Lord Ninehills, we beg you to let our Xiao-er go! She’s still just a child!”

However, Ling Ninehills did not reply.

Suddenly, a figure appeared with a flash. Who could it be if not Fang Xiao?

“Father, Mother! You ... You’re both alright! That’s really great!” Fang Xiao cried with joy, hugging the two people all at once.

When Fang Xiao’s father and mother saw their daughter, they both had shock written all over their faces.

Space rippled, and another three figures appeared.

“Shuangzhou, quick! Restrain Ling Ninehills, I already can’t hold on anymore! We only have 10 breaths of time and must leave the Heavenly Fiend Tiger Clan at once! Leave at your greatest speed and strive for time for me to recover!” Ye Yuan spoke just like continuously firing a machine gun. Time was very pressing.

Ruan Shaungzhou suddenly made a move and thoroughly sealed Ling Ninehills’ dantian.

With Ye Yuan’s present strength, merging with heaven and earth could at most last for a hundred breaths of time.

During this time, Ye Yuan even had to utilize the Sun Moon Heavenly Pupil and unleash the Secret Illusion Heavenly Realm. This was a tremendous challenge to him.

Even with Ye Yuan’s incredible nerves, he could only persist for several dozen breaths of time at most as well.

Fortunately, in this several dozen breaths of time, Ye Yuan found Fang Xiao’s parents through Ling Ninehills.

Now that it had already succeeded, there was only waiting to retreat.

But in reality, the truly dangerous moment only really arrived now!

Currently, he already showed himself. There was at most still 10 breaths of time, and he would be discovered by the Heavenly Fiend Tiger Clan's powerhouses. If he did not escape as soon as possible, they probably would not be able to escape anymore.

Ruan Shuangzhou grabbed Ling Ninehills in his hands like dragging a dead dog. When Ye Yuan saw the situation, he directly put everyone away into the Vast Heaven Pagoda, then used his final trace of essence energy and merged into heaven and earth.

Except, merging into heaven and earth this time, Ye Yuan could not persist a long time at all.

At this time, Ye Yuan already could not bother with arousing the Heavenly Fiend Tiger Clan's attention. Merging into heaven and earth one time, Ye Yuan slowly arrived outside the totem territory, then was no longer able to move.

But Ye Yuan already informed Ruan Shuangzhou before, after merging with heaven and earth, it would be up to him to bring everybody to escape.

With Ruan Shaungzhou's feet strength, it still needed a certain amount of time for the Heavenly Fiend Tiger Clan's people to want to catch up.

Ye Yuan directly entered inside the Vast Heaven Pagoda with a flash.

"Big Brother, are ... are you alright?"

Currently, Ye Yuan was spasming all over, cold sweat pouring profusely. His condition was very alarming.

"M-Medicinal pill!" Ye Yuan used the last of his strength to say.

White Light only abruptly came to a realization at this time. Ye Yuan already gave him the medicinal pills to restore essence energy and soul force beforehand.

Right away, he no longer hesitated and hurriedly let Ye Yuan consume them.

This time, Ye Yuan really reached the point where he could do no more. Not even a final trace of essence energy remained either.

Merging with heaven and earth was indeed formidable, but it overly consumed essence energy. Adding in dealing with Ling Ninehills, this divine king powerhouse, Ye Yuan virtually depleted his soul force and essence energy dry at the same time.

This sort of feeling was simply even more awful than dying.

Following the medicinal pills entering his abdomen, traces of essence energy and soul force flowed into his body. Ye Yuan gradually stopped spasming. His ashen complexion finally recovered a trace of vitality.

But right at this time, Ye Yuan suddenly felt quite a number of auras, powerful until it made people asphyxiated, locking onto them from far away!

One of the auras among them was far too powerful. Unless it was the Ten Great Divine Kings who made a move, otherwise, nobody could have a frontal clash!

Ye Yuan was deeply aware of these divine kings' might. The operation this time truly could be said to be dancing on the edge of a blade.

But the matter progressing until now was still considered smooth-sailing. It basically acted out according to the script he directed prior to this.

Now, they only had to escape to the White Tiger Clan's territory and would have no worries about the rear anymore.

He already came to an agreement with Rong Kun, making him receive them at the borders.

Even if the Heavenly Fiend Tiger Clan's elders were any more powerful, it was also not possible to pursue into the White Tiger Clan's territory.

"Young Master, the Heavenly Fiend Tiger Clan has an expert whose speed is extremely fast. With my feet strength, I probably can't persevere to the White Tiger Clan's borders and will be caught up by the other party!" Ruan Shuangzhou's voice suddenly transmitted into the Vast Heaven Pagoda, giving everyone a shock.

Unrivaled Medicine God

Chapter 985: No Way Out!

"Head Elder, who on earth was it? To actually be able to avoid our clan protecting grand array and restrictions, and to kidnap Ling Ninehills away?" a Heavenly Fiend Tiger Clan's elder asked Head Elder Pan Yin.

Pan Yin sped like the wind while saying with a frown, "No idea! When he just left the totem territory, there wasn't any aura ahead. Presumably, he has an extremely powerful spatial holy artifact. But looking from the aura, the other party is just an ordinary divine king and doesn't seem to be very remarkable! Inform Ling Lixiao. Let him intercept ahead. Make sure not to let that person escape into the White Tiger Clan's territory."

"Yes!"

What that elder asked earlier was precisely what he was perplexed by too.

Ever since discovering that someone intruded into the totem territory, he discovered two auras from start to end.

These two auras were both not very strong. That one ahead was just an ordinary divine king, while the aura previously was even only at the Phaseless Realm.

He even wondered if he had a false impression.

It was absolutely impossible for two people like this to hide from the clan protecting grand array and restrictions, and intrude into the totem territory and not be discovered by him.

Yet, this matter happened just like this!

Not only did it happen, he even let the other party abduct Ling Ninehills away from right under his nose!

This sort of thing, he racked his head and could not figure it out either.

Therefore, he still decided to catch up to the other party, and capture, and get to the bottom of it!

Pan Yin was courageous, stemming from his superb skills and was naturally not afraid of Ye Yuan playing tricks. In the entire Divine Realm, a person who was able to make the Heavenly Fiend Tiger Clan's head elder afraid had not been born yet!

Even if the Ten Great Divine Kings came, he had the confidence to make a full retreat as well.

Pan Yin displayed a secret art, and his speed suddenly exploded, turning into a stream of flowing light, speeding over in Ruan Shuangzhou's direction.

...

Although they were inside the Vast Heaven Pagoda, White Light and Fang Xiao both sensed Head Elder's horrifying pressure.

White Light's face was intensely grim, and Fang Xiao's complexion was deathly pale.

Fang Xiao gripped White Light's sleeves tightly, clearly nervous to the extreme.

"Big Brother Light, this person who chased after is definitely Head Elder! Apart from the patriarch, only he has such a terrifying strength!" Fang Xiao said tremblingly.

White Light said in a solemn voice, "Don't worry. With Big Brother around, it will be fine! Let's be quieter, don't disturb Big Brother's recovery of strength!"

Fang Xiao nodded her head obediently, not daring to make any more sound.

The current Ye Yuan had long entered Heaven Man Unity Realm already. He revolved the Spirit Bristle Nine Yang Divine Art to the limits, frenziedly recovering essence energy.

The more it was like this, the calmer and more terrifying Ye Yuan was.

He was seizing every minute and second, making the best use of all of his time to recover strength. Even if Head Elder pressed on any harder, he was not swayed in the slightest either.

Rumble!

Right at this time, an intense undulation actually occurred outside.

Ruan Shuangzhou actually already engaged in battle with someone!

"Not good! Outside of the Heavenly Fiend Tiger Clan's borders, there is actually still a divine king powerhouse hiding himself!" White Light's expression changed drastically as he said.

It was as if Ye Yuan did not sense the outside world's happenings at all. He still recovered strength like nobody's business.

Heart Like Monolith, one could not be swayed by external things.

Now that Ye Yuan already reached Heaven Man Unity heart realm, all of the outside world's turmoil, he could utterly sever them.

Outside world, Ling Lixiao got the news sent from the clan and immediately hurried back, but he just happened to block Ruan Shuangzhou right here.

Ling Lixiao was just an ordinary divine king. His strength was not much different from Ruan Shuangzhou's. Wanting to kill or capture the other party, that was something virtually impossible.

However, his goal was to pin down Ruan Shuangzhou. When Head Elder rushed over, wouldn't this person still allow himself to be captured without putting up a fight?

But Ruan Shuangzhou had no desire to continue fighting and was anxious to get away. But with a divine king delaying at his side, his speed could not increase no matter what.

With this, Head Elder's horrifying pressure approached closer and closer. Ruan Shuangzhou was also panicking with anxiety.

Inside the Vast Heaven Pagoda, Ye Yuan did not stir in the slightest.

The more anxious he got, the slower Ruan Shuangzhou's speed became. He even nearly got hit by Ling Lixiao's moves a number of times.

"Ye Yuan, we probably can't escape already. What should we do now?" Ruan Shuangzhou could not resist asking the Ye Yuan inside the Vast Heaven Pagoda.

What replied him was silence.

Rumble!

A horrifying aura suddenly descended. An aged figure stood in the air, thoroughly sealing off Ruan Shuangzhou's exit.

"Who are you, to actually dare provoke my Heavenly Fiend Tiger Clan!" Pan Yin's cold voice came over.

Ling Lixiao also ceased his movements and stopped beside Pan Yin.

The current Ruan Shuangzhou was already a turtle in a jar. With Pan Yin around, he could not escape even if he had wings.

The gears in Ruan Shuangzhou's head spun, and he gave a bow towards Pan Yin and said, "Junior unintentionally transgressed and only accidentally ventured into your esteemed land. Junior will leave right away. I hope that Senior can give a way out, is it alright?"

Ruan Shuangzhou was also a quick-witted person. He obviously knew that Pan Yin would not let him leave.

Even abducted their divine king, still saying accidental intrusion?

But at this point right now, Ruan Shuangzhou already had no other choice. Every little bit he could delay counted.

If it were several months ago, Ruan Shuangzhou never would have thought that he would actually place his hopes on a Phaseless Realm even if he was beaten to death.

But now, Ruan Shuangzhou knew that his only chance of survival rested on Ye Yuan.

His relationship with Ye Yuan was about the same as Yuan Fei's back then. He had his individual thoughts but had no choice. He had to submit under Ye Yuan's command.

But only ever since after he submitted under Ye Yuan's command, did he know how terrifying the means Ye Yuan possessed!

Indeed, Pan Yin laughed coldly when he heard that and said, "Is your esteemed self taking this old man to be a fool? Kidnapping Ling Ninehills, you're probably sent over by Rong Kun that old dog, right? Looks like the matters over there was exposed and fell through! It's just, I'm very curious. How in the world did you sneak into the totem territory? Of course, you can also not tell, but this old man will have ways to make you say it out."

Ruan Shuangzhou had a helpless look as he said, "Junior really don't know what you're talking about! This one is just a run-of-the-mill human martial artist, why would I be sent here by the White Tiger Clan? You all lost your men, you can't very well randomly find a person to shoulder it, right? This is also too unreasonable!"

Pan Yin's eyes narrowed, and he said with a faint smile, "Looks like you're dragging the time! But I'm very curious. Could it be that you still have other means to escape this old man's palms? Or perhaps ... it's that Phaseless Realm junior you came together with? Honestly speaking, this old man is really quite curious about you guys."

Pan Yin was shrewd with old age, how could he not perceive Ruan Shuangzhou's little thoughts?

But he was not worried either. He very much wanted to take a look at what means the other party had.

To be able to sneak into the totem territory so imperceptibly, one either had a heaven-defying treasure or had a heaven-defying skill.

Regardless which was it, it could become the ace-in-the-hole to bring down the White Tiger Clan. How could he not be moved?

"Shuangzhou, you did very well. Leave the rest to me!"

Right at this moment, Ye Yuan's figure suddenly appeared.

When Ruan Shuangzhou saw Ye Yuan, he was firstly overjoyed, following that, he was alarmed inwardly and said, "Young Master actually ... broke through!"

[Unrivaled Medicine God](#)

Chapter 986: Land of Ancestral Spirits!

Prior to this, Ye Yuan was still First Level Phaseless. Entering the Vast Heaven Pagoda and circling one round, he became First Level Phaseless.

Although breaking through a minor cultivation realm did not make much of a difference to the present situation, it still gave Ruan Shuangzhou a shock.

"En, I didn't think that after being squeezed dry, I actually took advantage of the opportunity and broke through," Ye Yuan stood with his hands behind his back as he said nonchalantly.

But opposite of them, when Pan Yin saw this scene, he was unbelievably shocked.

He could tell that Ruan Shuangzhou and Ye Yuan entered a soul contract.

A Divine King Realm powerhouse was actually serving a Phaseless Realm person as his master? With such extravagance, he at least came from a super holy land!

In an instant, Pan Yin connected to many things in his mind.

If the White Tiger Clan and a human super holy land were in collusion, then the Heavenly Fiend Tiger Clan would be in danger!

Looks like he must make this young man stay!

Ye Yuan did not think that the scene earlier actually strengthened Pan Yin's resolve to make him stay.

"Junior, are you surrendering without putting up resistance, or are you going to make this old man take action?" Pan Yin said coolly.

Since he caught up, it was absolutely impossible to let Ye Yuan escape, even if Ye Yuan's measures were immensely formidable!

This was the confidence belonging to a peak divine king!

Ye Yuan gave a faint smile and said, "If you have the capabilities, feel free to chase after and give it a shot!"

Pan Yin had yet to react in time when Ruan Shuangzhou vanished with a whoosh. Ye Yuan's figure was also like a moon's reflection in the water; gradually vanishing before Pan Yin!

Seeing this scene, Pan Yin's and Ling Lixiao's expressions changed drastically at the same time!

"Heaven Man Unity! How is this possible?!" Ling Lixiao cried out in shock.

Head Elder's face fell, and he said, "Chase after!"

Ye Yuan did not escape in the direction of the White Tiger Clan. He could sense that Pan Yin already locked down all of the surrounding space.

Even if he merged with heaven and earth, Pan Yin was able to force him out too.

A peak divine king's understanding of Heavenly Dao was extremely deep and far from what ordinary divine kings could compare to.

Merging with heaven and earth in front of ordinary divine kings, one could escape brazenly without fear of anything! But facing a peak divine king, one could not!

Ye Yuan naturally would not run in the direction of the Heavenly Fiend Tiger Clan either. That was walking right into a trap.

Hence, he chose to flee in the direction of the two people.

Head Elder never dreamed that Ye Yuan's trump card was actually merging with heaven and earth.

With this moment of hesitation, Ye Yuan already scurried out several tens of thousands of miles away.

But Head Elder already used divine sense to lock onto Ye Yuan long ago. Although he was a step late, he followed closely behind and would not fall behind too much either.

As for Ling Lixiao, he could only eat the dust behind.

Although Head Elder could not merge with heaven and earth, his speed was not the least bit slower compared to Ye Yuan.

The two people, one chased, one ran. In an instant, they were a million miles away.

While chasing, Head Elder was still endlessly shocked in his heart at the same time. Heaven Man Unity, this sort of heart realm, had already not appeared in the Divine Realm for God knows how many years.

Even with his vast experience, he also did not imagine that this heart realm actually appeared on a 20 over years old young man.

“What in the world is this boy’s background? Luckily, I chased after him. Otherwise, who can make this boy stay? No wonder it was only that divine king escaping earlier. Looks like this brat depleted his essence energy in order to sneak into the totem territory previously.”

As Pan Yin’s imagination ran wild, the two people already ran God knows how far out.

Head Elder’s strength was immense in the end. His speed was actually still that tiny bit faster than the Ye Yuan who merged into heaven and earth!

The distance between the two people was gradually shrinking.

“Boy, even if you comprehended heaven man unity, you absolutely can’t escape either!” Pan Yin urged his voice with essence energy, transmitting directly into Ye Yuan’s ears.

“Old man, if you have the capabilities, chase after and see!” Not the slightest hint of panic could be heard from Ye Yuan’s voice. It even had hints of ridicule.

When Pan Yin heard Ye Yuan’s voice, he suddenly had a foreboding premonition.

All of a sudden, he seemed to have thought of something. His expression changed drastically, and he said, “Not good! This direction, is it possible that he wants to enter the land of ancestral spirits? Damn it! It must be Fang Xiao that little lass who gave him the idea! No can do, I have to think of a way of stopping him from entering!”

Pan Yin’s guess was correct. Ye Yuan’s destination was precisely the land of ancestral spirits.

Before Ye Yuan came out, he asked Fang Xiao what places within this Heavenly Fiend Tiger Clan’s boundary that even divine king powerhouses did not dare to go.

And the answer Ye Yuan got was the land of ancestral spirits.

The land of ancestral spirits was the place where the Heavenly Fiend Tiger Clan housed the memorial tablets of ancestors. Inside had an incomparably powerful tomb guardian.

Under the circumstances where no permission was allowed, even if the Heavenly Fiend Tiger Clan's patriarch entered inside, he would be blotted out too!

It was not that the tomb guardian already reached Deity Realm, but the tomb guardian could borrow the strength of the ancestors' spirits in the land of ancestral spirits.

This sort of power was very strange. All in all, even the patriarch would be fraught with grim possibilities when entering inside too.

When Ye Yuan heard of the land of ancestral spirits, he decided to go in without another word.

At this point, wanting to return to the White Tiger Clan according to the original route was already something impossible.

Therefore, Ye Yuan decided on the spot and directly merged with heaven and earth, and attempted to enter the land of ancestral spirits.

A powerhouse like Pan Yin was still not what the current Ye Yuan could contend with.

Although entering the land of ancestral spirits was dangerous, there was still a ray of hope. But if he landed in Pan Yin's hands, that was certain death without the possibility of survival.

The land of ancestral spirits was not too far away from the totem territory. Ye Yuan deliberately took a big detour before aiming for this place. So right at the beginning, Pan Yin did not realize it as well.

Space rippled, and Ye Yuan's figure emerged with a flash.

Ahead were two enormous pitch-black statues of ferocious tigers. A terrifying aura faintly exuded from within.

Behind the statues was a massive mausoleum! This was the land of ancestral spirits!

"Who is it, to dare have the audacity to arbitrarily barge into the land of ancestral spirits! Why haven't you obediently allowed yourself to be captured without putting up a fight?!"

A large group of martial artists suddenly came out. Ye Yuan swept a glance over. They were actually all Dao Profound Realm martial artists. Those powerful ones were even late-stage Dao Profound Realm!

But these Heavenly Fiend Tiger clan members were nothing in Ye Yuan's eyes.

"Shuangzhou, go and take care of them. Let's enter the land of ancestral spirits!"

"Yes, Young Master!"

Ye Yuan let Ruan Shuangzhou out. When they saw a divine king powerhouse suddenly show up opposite, it was as if each and every one of them were facing a formidable enemy.

Ruan Shuangzhou did not hesitate either and immediately started massacring without restraint akin to a tiger entering a flock of sheep.

The reason why divine kings were divine kings was that their disparity with ordinary Dao Profound Realm was too great!

Even an Eighth Level Dao Profound powerhouse was too weak to stand up to competition in front of a divine king too

Very soon, Ruan Shuangzhou slaughtered out a bloody path.

Ye Yuan did not hesitate either, following Ruan Shuangzhou, he was about to enter the mausoleum.

But right at this time, a terrifying aura came over from an extremely far-away place.

“Heavenly Fiend Secret Art, Tiger Roar Shaking the Firmament! *ROAR!!*”

Pan Yin gave a long howl. An incomparably powerful sound wave directly pierced through the void and assailed over towards Ye Yuan accurately.

“ARGHH!!”

Those Heavenly Fiend Tiger clan members were not dead yet. However, areas where this sound wave passed by, each and every one of them bled from all orifices and were actually forcefully shocked to death.

Ye Yuan’s countenance changed, and he took out the Heavenly King Bell without any hesitation. Right hand, the Sacred Dragon Token was already in his hand, directly smashing down onto the Heavenly King Bell ...

?

[Unrivaled Medicine God](#)

Chapter 987: The Mystery of White Light’s Ancestry

Gong ...

The Heavenly King Bell being smashed by the Sacred Dragon Token, a terrifying undulation immediately spread out. Two sound waves instantly intertwined together!

Rumble!

Places where the sound waves intersected, massive rocks were crushed into fragments. Trees were also pulverized into dust.

In the air, the smell of dust filled the air everywhere.

Pan Yin was still far away, but his expression became fearful.

Ye Yuan’s sound wave attack was actually able to stand up to him as equals!

Furthermore, just now, he distinctly sensed a trace of an extraordinary undulation!

“Go!” Ye Yuan forcefully endured his internal injuries and entered the land of ancestral spirits together with Ruan Shuangzhou.

That attack earlier, Ye Yuan used a trace of divine essence. Otherwise, there was no way to contend with Pan Yin’s sound wave attack at all.

Pan Yin’s senses were extremely acute, and he still discovered a hint of inkling.

“This boy is truly too strange!” Pan Yin said with a somber look.

Right then, several streaks of flowing light streaked across the horizon. Quite a number of divine kings only rushed over now.

Seeing Head Elder’s overcast look, the group of divine kings did not dare to speak out of turn.

Very clearly, even when Head Elder made a move, he did not manage to hold this young man back too!

Each and every one of them exchanged glances. All saw the look of shock in the other party’s eyes.

Head Elder’s strength was unfathomable. Dealing with a Phaseless Realm brat, he actually did not succeed!

“This child definitely has a massive secret on him. We must capture him alive! Return to the clan and invite array masters over, make them seal off the space in this vicinity. Additionally, five people stay behind and guard the mausoleum’s entrance. Must not let him escape! You all must not lower your guard! This child comprehended the realm of Heaven Man Unity and is able to merge with heaven and earth. Even a divine king powerhouse might not be able to make him stay either! I’ll go back and discuss with the patriarch and consider sending people into the land of ancestral spirits!” Head Elder instructed.

These few divine kings were eating dust behind the entire time and completely did not know what happened earlier.

Hearing Head Elder say it at this time, everyone was endlessly shocked in their hearts.

No wonder even Head Elder suffered a setback too! This boy actually comprehended Heaven Man Unity!

Pan Yin still had something that he did not tell. Otherwise, they would be even more shocked.

Actually, Pan Yin suspected that Ye Yuan had a divine artifact in possession!

To be able to contend with his Tiger Roar Shaking the Firmament, furthermore, that trace of bizarre undulation, it aroused Pan Yin’s suspicions.

Therefore, Pan Yin would not let Ye Yuan leave no matter what.

...

Entering the land of ancestral spirits, Ye Yuan finally could not hold it back, spewing out a mouthful of blood.

His strength was too weak after all. Head Elder’s sound wave attack was sufficient to exterminate ordinary divine kings too. But Ye Yuan relied on the might of a divine artifact and forcefully resisted an attack from him.

Of course, he was still considerably wounded with this.

Fortunately, Ye Yuan’s fleshy body was extremely powerful. This bit of injury did not pose much of a threat to him.

Ye Yuan let Ruan Shuangzhou guard him. After recuperating for a while, he was already no longer in danger.

Ye Yuan's Tyrant Dragon Regeneration Art was already cultivated to an extremely high level. This bit of injury was naturally a cinch.

Speaking of which, it was strange too. Ye Yuan seemed to accomplish it with extremely high proficiency when he cultivated the dragon race's cultivation methods.

The dragon wave was like so, the Coiling Dragon Heaven Devastating Palm was like that, the Tyrant Dragon Regeneration Art was similarly like this.

Done with these, Ye Yuan entered the Vast Heaven Pagoda. Fang Xiao brought her parents and prostrated on the ground.

"Big Brother Ye, Xiao-er's family's life was saved by you. Xiao-er is endlessly grateful. But in order to save my parents, I've made Big Brother Ye fall into a dangerous situation. Xiao-er is seized with fear and worry. If there are areas where you need Xiao-er, please feel free to instruct," Fang Xiao said agitatedly.

Fang Xiao's parents clearly knew about the sequence of events already as well and were similarly endlessly grateful towards Ye Yuan.

White Light did not say anything, but his feelings of gratitude were not any lesser than Fang Xiao's. It was just that the feelings between him and Ye Yuan were too deep. There was no need to say these courteous words.

Ye Yuan said with a smile, "Miss Xiao-er, don't need to be like this! White Light's and my feelings, I believe you've seen it too. Since you guys have mutual affection, then your matters are my matters. If it were White Light, he would similarly be like this too. If you really feel anything, then just be together with White Light well, and it will also be considered repayment to me."

The moment these words came out, Xiao-er and White Light's faces both turned red.

But Fang Xiao still nodded firmly and said, "Xiao-er will!"

Ye Yuan said smilingly, "No need to speak anymore about this matter. Want to really thank me, got to get out of the sticky situation before talking too. We've already entered the land of ancestral spirit. The dangers here are not any bit lesser compared to outside. We'd better quickly think of ways to get out. I'm also not very at ease about Li-er there."

Although Ye Yuan felt that Rong Kun there should not do anything to Li-er, the more people, the more diverse the voices. If he returned late, it was hard to avoid that something unforeseen would happen.

When White Light heard that, he could not resist saying, "Big Brother, sorry!"

Ye Yuan scolded with a smile, "You punk, at it again, aren't you? This place is the Heavenly Fiend Tiger Clan's land of ancestral spirits. White Light, you go out together with me. Perhaps there will be another fortuitous encounter."

White Light nodded his head and went out of the Vast Heaven Pagoda together with Ye Yuan.

Ye Yuan and White Light, the two people walked towards the depths of the land of ancestral spirits. Along the way, they did not run into much danger.

On the left and right side of the tomb, there were a number of rock caverns. Tablets were placed one after another before the rock caverns. On them wrote the names of the Heavenly Fiend Tiger Clan's powerhouses through the ages.

"Heavenly Fiend Tiger Clan's no. 768th generation patriarch, Ling Aotian's memorial tablet!"

"Heavenly Fiend Tiger Clan's no. 768th generation head elder, Pan Yu's memorial tablet!"

"Heavenly Fiend Tiger Clan's no. 767th generation ..."

On the memorial tablets, it should be recorded down in sequence.

But what made Ye Yuan surprised was that each and every one of those rock caves actually gave him a very dangerous feeling.

"Looks like those able to be buried in the land of ancestral spirits are at least peak Divine King level too. The rest probably only can pass away in meditation outside," Ye Yuan sighed with vicissitudes of emotion.

White Light did not speak the entire time. Suddenly, he opened his mouth and said, "Big Brother, don't know why, this place gives me a very familiar sensation! I feel like I seemed to have returned to a mother's embrace!"

White Light's words made Ye Yuan very surprised.

Those in the Divine Realm all knew that the White Tiger Clan and the Heavenly Fiend Tiger Clan were mortal enemies. Generations of mutual killing already sowed an indelible enmity.

But why would White Light have this sort of strange feeling when he came to the Heavenly Fiend Tiger Clan's land of ancestral spirit?

Ye Yuan did not doubt White Light's feeling. His ancestry was very odd. Furthermore, his divine beast bloodline was extremely strong.

Since he had this sort of feeling, that meant that White Light and the Heavenly Fiend Tiger Clan might really have significant ties!

Could it be that White Light's predecessor actually originated from the Heavenly Fiend Tiger Clan?

But why would White Light have the White Tiger Clan's bloodline in him too?

White Light this little white tiger was similarly an enigmatic existence.

Ye Yuan suddenly thought of something. Looking at White Light, he said, "White Light, you wouldn't ... possess the White Tiger Clan and Heavenly Fiend Tiger Clan's bloodline at the same time, right?"

White Light had a confused look when he heard. Shaking his head, he said, "I don't know either! But I've fought a number of times with the Heavenly Fiend Tiger Clan too and didn't feel that I have any similarity with them!"

[Unrivaled Medicine God](#)

Chapter 988: Perfect White Tiger Physique

Hearing White Light said this, Ye Yuan had a confused look again.

White Light was really a strange species. His bloodline was clearly ridiculous powerful, but one just could not exactly identify his lineage.

Of course, want to say what it was most alike to, it was still the Flowing Light White Tiger Clan.

“Mm? Big Brother, you look between this no.764 and No.766, it’s actually missing a memorial tablet. Could it be that this generation’s Heavenly Fiend Tiger Clan’s patriarch unexpectedly lost his life?” White Light said curiously.

Ye Yuan took a look. It was indeed like so.

Logically speaking, a powerhouse at the level of the Heavenly Fiend Tiger Clan’s patriarch, unless a major unforeseen event happened in the clan, otherwise, it was simply impossible for a situation where he perished unexpectedly to occur.

“That generation’s patriarch didn’t perish by accident, but left the Heavenly Fiend Tiger Clan and never returned.”

The voice that came suddenly made Ye Yuan and White Light jump in fright.

“Who is it?!” Ye Yuan said with a solemn face.

With his strength, he actually did not even realize that somebody approached. How could this not shock him?

A middle-aged man dressed in white robes slowly walked out from the depths of the mausoleum and arrived in front of Ye Yuan and White Light.

“You’re the ... tomb guardian?” Ye Yuan asked.

He heard Fang Xiao say before that inside this land of ancestral spirits had a tomb guardian with extremely powerful strength. Looking at it now, it was this middle-aged man in front of them.

As for this middle-aged man’s depths, Ye Yuan actually could not fathom it!

But the white-robed middle-aged man did not answer Ye Yuan’s words. He said with a tranquil look, “Dragon race royal bloodline, Heaven Man Unity Realm, a pity that ... your cultivation realm is a little low. However, the Sacred Dragon Token has already disappeared for over 100 thousand years. I didn’t expect that it actually landed in your hands! Looks like you, this young man, might have shouldered the mandate of heaven!”

Each word that the white-robed middle-aged man spoke, Ye Yuan would be a degree more shocked in his heart.

It seemed like in front of this white-robed middle-aged man, he was actually like a transparent person!

But fortunately, the Vast Heaven Stele and Soul Suppressing Pearl, this middle-aged man did not see through. Otherwise, Ye Yuan would really be stark naked in front of him.

“Humph! Pretending to be mysterious! Who the hell are you?!” White Light said with a cold snort.

He was incredibly astounded in his heart too. The secrets on Big Brother was actually seen through by this person with one glance.

But the white-robed middle-aged man did not reply. He turned his head toward White Light again and sized him up carefully. It was as if he was admiring a work of art!

Even with White Light's nerves, he also broke out in goosebumps all over being looked at by him.

"Not bad! Really not bad! Even in the Divine Dao Era, a Perfect White Tiger Physique has never appeared before either! I didn't expect that in the current age of declining laws, it would actually still give birth to a perfect White Tiger Physique!" the white-robed middle-aged man praised with admiration.

White Light listened until he was all confused. But he also discerned that he seemed to be of a very remarkable White Tiger Physique.

But the Ye Yuan by the side trembled from head to toe. He opened his eyes wide and looked at White Light in disbelief.

"Perfect White Tiger Physique! It's actually a Perfect White Tiger Physique! I'm really stupid to the extreme! I should have thought of it long ago!" Ye Yuan raised his head and stomped his feet as he said.

White Light was even more bewildered as he said, "Big Brother, what on earth are you guys talking about? What in the world is a Perfect White Tiger Physique?"

The white-robed middle-aged man looked at Ye Yuan profoundly, clearly rather surprised as he said, "You actually know about the Perfect White Tiger Physique. I even thought that only we, the lineage of the Four Great Divine Beasts' tomb guardians, would know this sort of Divine Realm's secret!"

The Perfect White Tiger Physique, Ye Yuan saw it in an ancient record as well. It was just that the description regarding the Perfect White Tiger Physique on it was hesitant and vague as well. Therefore, Ye Yuan did not think of it at all.

In reality, Ye Yuan also did not dare to imagine that White Light was actually of the legendary Perfect White Tiger Physique!

"Although the Four Great Divine Beasts' branches are numerous now, countless tens of thousands of years ago, they had common ancestors: the Azure Dragon of the East, the White Tiger of the West, the Vermilion Bird of the South, and the Black Tortoise of the North! In the beginning, the Four Great Divine Beasts did not refer to a race, but ... referred to these four terrifying Deity Realm powerhouses in particular. The four of them, who were also the present Four Great Divine Beasts clans' first ancestors, were also genuine pureblooded four divine beasts bloodline. The four great divine beasts after them, although they were also called the four great divine beasts, in terms of bloodline purity, they were far from comparable to their earliest ancestor. And among them, there's a type of physique that is the closest to a purebred four divine beasts bloodline, they are called the Perfect Four Symbols Divine Beast Physiques!" Ye Yuan spoke with fervor and assurance.

Hearing Ye Yuan's explanation, White Light jumped in fright too.

"Big Brother, you're saying that ... I'm of the Perfect White Tiger Physique among these Perfect Four Symbols Divine Beast Physiques?" White Light said in amazement.

Ye Yuan said with a bitter smile, "I only saw these few words on an ancient record too. As for whether you are or not, I don't dare to confirm as well. But hearing the meaning in his words, you should be it."

The white-robed middle-aged man said with a faint smile, "If he isn't of the Perfect White Tiger Physique, do you think that you guys can still stand here and talk properly?"

Ye Yuan could not help feeling stifled when he heard that. The might of this white-robed middle-aged man's strength was indeed what he rarely saw in all his life.

Ye Yuan did not dare to guarantee that even a Ten Great Divine King-class powerhouse could definitely win him either.

Perhaps inside this land of ancestral spirits, this person was even stronger than the Ten Great Divine Kings!

With Ye Yuan's experiences, he was also unaware that within the Divine Realm actually still had such a powerful existence.

"However, isn't this the Heavenly Fiend Tiger Clan's land of ancestral spirits? What's with him having the Perfect White Tiger Physique got to do with you?" Ye Yuan said huffily.

The tomb guardian said with a cold snort, "This place isn't the Heavenly Fiend Tiger Clan's land of ancestral spirits, but the White Tiger Clan's land of ancestral spirits! The Heavenly Fiend Tiger Clan is merely a branch of the White Tiger Clan! At present, it's an age of declining laws. Us tomb guardians can't be bothered with these things either. Therefore, we begrudgingly allowed the Heavenly Fiend Tiger Clan's powerhouses to enter the land of ancestral spirits to pass away in meditation before death."

"What?! The Heavenly Fiend Tiger Clan is a branch of the White Tiger Clan? How is that possible?!"

White Light nearly jumped up when he heard such a secret.

One had to know that the Heavenly Fiend Tiger Clan and the White Tiger Clan had been mortal enemies starting from the Divine Dao Era. The two great tiger clans had already slaughtered each other for who knows how many years.

But now, the tomb guardian said that the Heavenly Fiend Tiger Clan was a branch of the White Tiger Clan. How could this not shock him?

The tomb guardian said disdainfully, "What's impossible about it? The dragon race has a saying called, the dragon gives birth to nine sons, each with a different name. Actually, how isn't the White Tiger Clan just like that? If the Heavenly Fiend Tiger Clan isn't a branch of the White Tiger Clan, what right do they have to stand up to the current White Tiger Clan as equals for so many years? Your branch cracked themselves up to be orthodox. Actually, they are also merely just a branch lineage of the first ancestor! I won't talk about you, but the other clan members, their bloodlines are just incomplete!"

White Light sucked in a cold breath. The things he heard today subverted his understanding all along.

Actually, it was not just him, even Ye Yuan was incredibly shocked too.

Ye Yuan could absolutely be counted as well-versed in ancient and modern knowledge, but had never heard before as well that the Heavenly Fiend Tiger Clan and the White Tiger Clan were actually of the same source!

Unrivaled Medicine God

Chapter 989: Divine King Domain

Forget about Ye Yuan an outsider, even the White Tiger Clan's own people probably never thought of this possibility either.

The Heavenly Fiend Tiger Clan had never considered themselves to be of the White Tiger Clan. Furthermore, the two sides' legacies were also vastly different. Nobody could have thought that these two clans were actually one family countless years ago.

"Boy, you come with me!" the tomb guardian suddenly said to the White Light still in the midst of shock.

White Light became absent-minded and said to Ye Yuan, "Big Brother, let's go!"

The two people were just about to move when the tomb guardian suddenly turned his head around and said, "You come, he stays! How can the White Tiger Clan's matters be known by an outsider!"

White Light's face fell, and he said unhappily, "There have never been any secrets between Big Brother and me! If Big Brother is not going, I'm not going anymore either!"

With the relationship between White Light and Ye Yuan, the tomb guardian actually made Ye Yuan wait outside, he naturally had a hundred objections.

The tomb guardian's face fell, and he said, "Although you're of the Perfect White Tiger Physique, you have yet to reach one-ten thousandth regarding the development of the White Tiger Physique! Do you know what kind of good fortune I'm giving you by bringing you inside?"

White Light said coolly, "Big Brother and me advance and retreat in unison. If Big Brother isn't going, even if you're letting me advance to Deity Realm, I don't give a damn either!"

Ye Yuan did not make a sound by the side. He naturally hoped for White Light to become stronger. But he was even more aware that persuading White Light at this time had no use at all.

If it were him, he would do so as well.

"Unbelievably foolish!" The tomb guardian was badly angered by White Light's stubbornness and said with a cold snort, "If I forcefully bring you inside?"

But White Light did not have the slightest bit of fear and said with a snicker, "Then maybe, you and I will have to have a battle!"

The tomb guardian laughed from extreme fury and said, "*Heh*, what high-sounding sentiments! This brat indeed has quite a number of trump cards. But using to deal with me, it's far from enough!"

His words were naturally said to Ye Yuan.

Ye Yuan's so-called trump cards, he had seen through with a glance.

These things were very terrifying to the outside world. But to him, there was nothing to be scared of at all.

Of course, it was still due to Ye Yuan's cultivation realm being too low.

If Ye Yuan was Divine King Realm, even if he was anymore arrogant, he would not dare to utter such words either.

"*Huhu*, I'm also very curious just what kind of strength a tomb guardian has!" Ye Yuan said with a faint smile.

"Looks like the two of you both think highly of yourselves! Not making you guys suffer hardship, you won't know the immensity of heaven and earth!"

The tomb guardian's face turned cold. A faint aura instantly spread out.

This aura was completely different from Head Elder's shocking momentum. It had a kind of noiseless and quiet feel.

But it was precisely because so that it seemed even more terrifying!

All of a sudden, the two people's surroundings became pitch-black, unable to see one's fingers when extending one's hands.

Ye Yuan's expression changed as he said, "Divine King Domain!"

The tomb guardian said with a laugh, "You, boy, are really quite knowledgeable! At present, in the Divine Realm, the people able to display a Divine Realm Domain can be counted on one's fingers. I didn't expect that at your young age, you actually even know this! This is the Darkness Domain. It can engulf everything, including essence energy and soul force! White Light boy, as long as you cultivate with me, this will be effortless to you."

At this point, the tomb guardian still did not forget to use the darkness domain to tempt White Light.

But White Light was not the least bit moved. He said with a cold smile, "Just a darkness domain, I don't believe that without you, this young master can't learn it!"

Ye Yuan also said with a faint smile, "Just a darkness domain. You're also looking down on us brothers too much!"

The tomb guardian could not help feeling stifled. He was actually being belittled by two juniors!

"Then let you guys experience what's called domain power!" The tomb guardian's face turned cold, directly merging into the darkness.

The so-called domain power was actually after comprehending concepts to a certain boundary, grasping the power of laws within a certain radius, and forming a small-scale domain.

Inside this domain, the martial artist themselves were the absolute sovereign!

The current Ye Yuan and White Light were turtles in a jar in the tomb guardian's eyes.

But before he took any action, his figure was suddenly forced out of the darkness. And the darkness domain also instantly burst open!

“Sun Moon Heavenly Pupil! You ... You actually even have the Sun Moon Heavenly Pupil on you!” For the first time, the tomb guardian was surprised when facing Ye Yuan.

The tomb guardian did not plan on doing anything to Ye Yuan. But making the two of them suffer a bit of hardship was very necessary.

But when he was just about to take action just now, he suddenly entered a trance. With his strength, wanting to make him fall into an illusionary realm was naturally not that easy of a thing.

But with this, the darkness domain collapsed on its own without being attacked too.

Once the Sun Moon Heavenly Pupil was unleashed with full power, even if the tomb guardian’s strength was exceedingly formidable, he would not dare to easily oppose either.

Of course, that way, Ye Yuan would become a dead dog again.

Ye Yuan only displayed his strength for a bit just now, scaring the other party into retreating, and did not truly unleash the Sun Moon Heavenly Pupil’s power.

The tomb guardian looked at Ye Yuan, his gaze revealing a look of terror.

He thought that he already saw through Ye Yuan and even saw through the divine artifact. What kind of trump card could Ye Yuan still have?

But Ye Yuan actually really still had a trump card!

In the Divine Dao Era, the Sun Moon Heavenly Pupil was a widely known existence too. How could the tomb guardian not know its prowess?

Ye Yuan smiled but did not speak. However, the tomb guardian let out a sigh and said, “Forget it! You, boy, your good luck is seriously too shocking! Since White Light boy insists, you come in together then.”

Finally, the tomb guardian still relented.

The moment White Light heard, he exchanged a glance with Ye Yuan, and could not help showing a knowing smile.

The two people gradually walked over towards the depths with the tomb guardian. But the undulations flowing out from within the memorial tablets became stronger and stronger!

All of a sudden, the two people instantly felt the pressure on them soar, and could not help being alarmed inwardly.

This foot striding over, it was as if they entered another world.

“Starting from here, it’s the rear hall of the land of ancestral spirits! The memorial tablets housed here are all Deity Realm powerhouses! Even the Heavenly Fiend Tiger Clan’s patriarchs are absolutely not permitted to take a single step in here too. Otherwise, kill without mercy!” said the tomb guardian nonchalantly as if talking about a trivial and ordinary matter.

But White Light curled his mouth and said, "In my view, your strength is also merely on par with the Heavenly Fiend Tiger Clan's patriarch's, right? Based on what to kill him?"

"Based on what? Based on this!"

A sword suddenly appeared in the tomb guardian's hand. The moment this sword lit up, beams of light actually appeared on these memorial tablets and closed in on the sword body.

White Light and Ye Yuan's pupils constricted, staring at the sword in the tomb guardian's hand in disbelief.

The undulations coming off of the sword body absolutely surpassed Divine King Realm!

This sword slashing out was absolutely able to annihilate any Divine King Realm expert!

The tomb guardian's hand that was holding the sword shook, and those white light actually returned into the memorial tablets once more, making the two people click their tongues in wonder.

The two people followed the tomb guardian and came to a spacious hall.

"En? The two of you wait here, I'll go and take care of some business! Make sure not to simply run around, or else, bear the consequences yourself!" As he said these words, the tomb guardian turned into a side hall and disappeared.

[Unrivaled Medicine God](#)

Chapter 990: Tomb Guardian Lineage

The Heavenly Fiend Tiger Clan's ancestral temple's sacrificial altar was specifically used to offer sacrifices to the ancestors.

Of course, there was still another function here. It was used to communicate with the tomb guardians of the land of ancestral spirits.

Currently, Head Elder already took a bath and put in clean clothes, and arranged an incense burner table and sacrificial items for use nicely.

Several divine king powerhouses all stood respectfully by the side, with a look of solemnness and respect.

Done with the preparation works, Head Elder Pan Yin respectfully took out three sticks of incense, lit them seriously in earnest, and after three bows, inserted them into the incense burner table.

"There were two outsiders who intruded into the land of ancestral spirits today and interrupted the ancestral spirits' peaceful rest. Unfilial child, Pan Yin, is gripped with fear and requests the spirits of the ancestors to make an exception, and let this one enter the land of ancestral spirits to capture the outsiders!"

Head Elder enunciated each word, saying it extremely devotedly.

After his voice faded, the array formation on the sacrificial altar suddenly lit up brightly. Coils of incense smoke above the incense burner were seemingly devoured by something, vanishing from sight.

Pan Yin's face revealed a look of anticipation. This sort of thing, presumably the tomb guardian should not disagree, right?

After 15 minutes, above the sacrificial alter finally had a reaction. Head Elder had a look of anticipation, staring fixedly at the incense ashes burned out by the three joss sticks.

Incense ash drifted, gradually condensing to form a word shape.

All of the divine kings stared at that place without blinking. But very soon, the expressions on their faces became very ugly.

While Head Elder's expression was even grim until it was almost dripping water.

It was clearly not Head Elder's first time communicating with the tomb guardian already. But the words that appeared this time made him perplexed, and also aggrieved.

The incense ashes condensed to form a large word: Scram!

"Why is it like this? In the past, when communicating with the tomb guardian, it's either allow or not allowed. This 'scram' word, what does it mean?" A divine king said in puzzlement.

"Is there still a need to say? Of course, it's 'not allow'! But the problem is, why would the tomb guardian want to use this word?" Another divine king said.

This word was seriously too impolite.

"Most likely, the tomb guardian is truly enraged. Otherwise, he wouldn't use this word to reply! Could it be, us not guarding the land of ancestral spirits well, made them infuriated?"

Head Elder's expression was incomparably ugly. He lived to a ripe old age and had yet to encounter this sort of situation before.

"Remove the incense burner table then. Looks like we can only lie in wait! There's a possibility that the tomb guardian has already personally taken action!" Head Elder finally still let out a long sigh and said.

His strength was extremely formidable. But facing the tomb guardian's wrath, he still harbored fear.

Inside the land of ancestral spirits, the tomb guardian was the most powerful existence! Even if he was a first-rate divine king, he could not go against the other party's wishes too.

...

At the same time, inside the White Tiger territory, Rong Kun also received the news that was sent over here.

"What did you say? They entered the Heavenly Fiend Tiger Clan's land of ancestral spirits? That place is highly dangerous!" Hearing this news, Rong Kun turned pale with fright too.

"Yes, Head Elder! From the news that was sent over, Ling Ninehills was indeed captured by Ye Yuan already. But in the end, it still startled the Heavenly Fiend Tiger Clan's Head Elder, Pan Yin! Finally, Ye Yuan was still intercepted. But in the end, Ye Yuan still escaped into the land of ancestral spirits!" A divine king powerhouse said.

Rong Kun finally still let out a sigh and said, "To be able to escape from Pan Yin's hands is already a miracle! The land of ancestral spirits was indeed their only way out. But their chances of survival aren't high! Probably at this moment, Pan Yin has already thoroughly sealed off the land of ancestral spirits. Even if they can come out from within the land of ancestral spirits, they would be hard-pressed to escape even if they grew wings too!"

The divine king below was also very alarmed. When he heard this news, he was stunned for a long time as well.

Forget about Ye Yuan, it was impossible for him to escape from Pan Yin's hands too.

But, Ye Yuan did it! He escaped from under Pan Yin's nose and barged into the land of ancestral spirits!

One had to admit that this could be rated as a miracle already.

"Head Elder, what should we do now?" That divine king powerhouse asked.

Rong Kun mused for a moment and instructed him, "Gather the clan's powerhouses and hasten to the borders! Apply pressure on the Heavenly Fiend Tiger Clan! At this time, what we can do is also just this. Hope that White Light is blessed and has a tenacious life, and is able to come out from inside the Heavenly Fiend Tiger Clan's land of ancestral spirits."

That divine king's expression became austere as he responded, "Yes!"

...

Yue Mengli had just come out from closed-seclusion when Bai Po came knocking.

Seeing Bai Po's expression, Yue Mengli knew that Ye Yuan there probably encountered some accident.

"Elder Bai, how is ... Big Brother Yuan?" Yue Mengli opened her mouth to ask first.

Bai Po hesitated for a moment, but still recounted the information he got from Head Elder there.

Just earlier, Head Elder Rong Kun specially summoned him over, making him come over to tell Yue Mengli this news. It was also considered taking the matter seriously.

But Yue Mengli smiled after hearing it and said, "I see. Since Elder Bai came, why not come in a drink a cup of tea?"

Bai Po was stupefied by Yue Mengli's attitude and could not help saying in surprise, "Isn't Miss Yue worried about Young Master Ye at all?"

Yue Mengli said with a faint smile, "Of course I'm a little worried. However ... Big Brother Yuan will definitely return safely."

Bai Po could not help being stunned when he heard. He had mentioned the dangers of the land of ancestral spirits earlier, but Yue Mengli was still so confident.

Where in the world did her confidence stem from?

...

Before long, the tomb guardian appeared in front of Ye Yuan and White Light once again.

“All come on out!”

The tomb guardian’s nonchalant voice reverberated inside the great hall. Very soon, one silhouette after another flickered. Several dozen people actually appeared in the great hall all of a sudden!

Seeing this scene, Ye Yuan and White Light were both very puzzled.

“This ... who are they?” White Light asked curiously

The tomb guardian said with a smile, “They are tomb guardians too.”

“This ... So many tomb guardians?” White Light could not help being dazed when he heard that.

“When have I said that the tomb guardian was just me alone?” The tomb guardian said mockingly.

White Light: “...”

“I’m called Fan Lin, the leader of the White Tiger Clan’s tomb guardians. Our tomb guardian lineage is handed from generation to generation, but our mission will never change, that is to guard the ancestral spirits, and defend the White Tiger Clan. If the White Tiger Clan is in danger of clan extermination, we’re also the last barrier!” Fan Lin said.

White Light was alarmed inwardly as he listened. His face turned solemn, and he said to Fan Lin, “Guarding the White Tiger Clan, Lord Fan Lin and everyone have toiled and performed unparalleled merits! Please accept a bow from White Light!”

Fan Lin nodded slightly and said, “Our tomb guardian lineage can receive this bow of yours! Perhaps in the future, our White Tiger Clan will have to serve you as our master. This bow today, I’ll accept it on behalf of the ancestors first! Alright, into formation!”

Under Fan Lin’s order, each and every one of those tomb guardians swiftly moved positions. Their movements were extremely nimble. Clearly, they had already rehearsed this set of array formation to the limits.

Ye Yuan watched by the side and was also endlessly shocked inwardly.

These tomb guardians, each and every one of them had unfathomable strength! He seriously did not expect that the White Tiger Clan actually still had such a terrifying force!

All of a sudden, the array formation formed. The originally dim great hall suddenly radiated with a brilliant splendor!

“Roar!”

A pressure that was sufficient to decimate the heavens and destroy the earth spread out inside the great hall!
