

Chapter 44

The middle-aged man turned back in surprise and looked at Riley coldly. "Who do you think you are? How dare you speak to me like this?"

Riley also laughed coldly and showed his business card. "I am the President of Byrd Venture across from there. Sir, please don't make it difficult for my friend."

The middle-aged man's face changed greatly. Although Byrd Venture was not a large company, in Brickelwhyte, it was also a giant.

How could he, a small cafe owner, compare with a big boss like Riley?

"Oh, it turns out that she is a friend of Mr. Byrd. Sorry, my bad!"

The corner of Mr. Hooper's mouth twitched. It had not been easy for him to get a chance to attack the female subordinate he had his eyes on, but he did not expect this.

"It doesn't matter, as long as you could understand." Although Riley hated Mr. Hooper, as a businessman, he knew he shouldn't go too far.

Mr. Hooper quickly released Carlie, who was in his arms, and said, "Mr. Byrd, I'd like to invite you to dinner when I have time. Haha, I have to go now!"

How could Mr. Hooper not see Riley's feelings for Carlie? He turned around and left, and Riley did not stop him.

Carlie wiped the tears from her face and said, "Thank you, Mr. Byrd!"

"You're welcome. If you don't like the work here, you can come to me. I will arrange a job for you."

Riley couldn't help handing his business card to Carlie.

Carlie took it in dismay and thanked him three more times. Riley's heart beat like thunder as he looked at the panic-stricken little face. A sweet taste actually rose from the bottom of his heart.

He felt that he was in love when he was young. When he saw that person's shadow and heard that person's voice, his heart beat fast. The whole world was filled with that person's face.

Riley was now in the mood of falling in love when he was young, full of joy, sweetness, expectation, and fear.

"If you feel awkward, you can choose not to resign. I will let someone compensate you with your monthly salary."

Riley said with a smile. Carlie raised her big watery eyes and looked like she was flattered.

She looked like a college student who had just graduated from society. She was so innocent and charming.

"Really? Then... doesn't that make you spend too much? It's true that I don't want to work here anymore, I..." Carlie said softly.

"Then don't. Why don't I take you home?"

Riley's eyes were burning with passion.

"No... no need. Thank you, Mr. Byrd!"

Carlie quickly walked away, leaving Riley standing there, looking at the young woman's back with some disappointment.

"If... she also likes me, how wonderful it would be."

Riley paid the coffee and left with his notebook. After getting in the car, Riley dialed a number and said, "Richard, I don't want others to know what happened tonight. Do you know what to do?"

"I understand, Mr. Byrd. I will never say a word to Mrs. Byrd!"

Richard did not hesitate and showed his loyalty immediately.

Riley sneered and hung up the phone. Of course, he knew that Richard was Ashley's man, but he had more money than Ashley!

Therefore, it was impossible for Richard to betray him.

Riley thought that Carlie would not look for him, but he did not expect Carlie to really call him a week later and ask him to introduce her to a job.

Riley was very happy and immediately arranged for her to be a clerk in the company. Of course, he asked the subordinates of the personnel department to take a legitimate route and recruit Carlie.

Carlie went to work for a week. She was quick and organized, and she was well-organized her work.

Riley was about to get off work, but when he arrived at the underground parking lot, he heard a woman crying.

"Austin, why do you break up with me in such a clumsy way? How about sharing the same surname? They are too conservative. Why can't we get married if we share the same surname?"

It was Carlie's cry. Riley stopped and wanted to continue listening.

"I'm sorry, my parents just don't agree. I'm the only child. I can't let my closest kin down, can I? I'm sorry, Carlie, I can't marry you."

A man's cold voice came from the car.

"You're lying! You broke up with me because of what happened last time, aren't you? Austin! You ungrateful b*stard! Oh... When you went to college, you didn't have the tuition fees. I worked hard to earn that for you. Do you still remember what I did for you? But you actually asked me to accompany that boss all night! Are you a man?"

Carlie's hysterical scream made the people in the parking lot look at the car.

"Carlie! That is the most important opportunity in my life! If you are willing to accompany him for one night, then I am now the deputy general manager! What are you pretending to be? You have slept with me for so many years. Can't you spend one night with the boss?"

Riley frowned when he heard the man's ruthless voice.

He really couldn't understand that a man took the initiative to be a cuckold!

Of course, if the man did not love a woman, when he could kick her away with that excuse.

"Austin, you bastard!"

There was the sound of a slap in the car.

"Get out, bitch. Don't pretend to be innocent. Get out of the car and don't bother me anymore!"

The man shouted angrily and opened the door. Carlie was kicked out of the car awkwardly.

The man's car avoided Carlie and left the parking lot like a rocket after pouring the car.

Carlie sat on the ground, covering her face and crying bitterly.

Riley walked over and handed her a handkerchief.

"Don't cry. That kind of man is not worth your sadness!"

Riley said softly. Carlie looked up with tears in her eyes and stood up in panic. "Mr. Byrd!"

"Don't treat me like a stranger. I'll take you home. It's not safe for a girl to go alone at night."

Riley said softly.

Carlie was stunned for a moment and pursed her lips in embarrassment. "That's very troublesome..."

"No trouble, no trouble at all!" Riley chuckled, opened the door and got into the car with Carlie.

It was because of this opportunity that Riley got closer to Carlie, but no more.

Because Carlie seemed to be wary of him, which made Riley very unhappy. But at the same time, he also felt that girls should be like this. She did not flatter him because of his identity.

He was tempted by a girl like her.

...

"Leslie, listen to me carefully. Today you must come out and go shopping with me. That's it. I'll wait for you in front of your house!"

Early in the morning, Leslie received a call from Mya.

She rubbed her head, feeling a headache coming on. She wanted to secretly visit Carlos today, but she didn't expect Mya to disrupt her plan.

Leslie sent a text message to Carlos, and told him that she would accompany Mya to go shopping today.

After washing up and changing clothes, Leslie dressed in a white casual suit. She looked very cool and refreshing.

"Sis, where are you going again?" Seeing Leslie about to go out, Sarah asked with a gentle smile.

"It's none of your business where I go." Leslie snorted, thinking that Sarah deliberately disgusted her again.
