

My Evil Genius Wife

Volume 1

Chapter 92 - Our baby

Xu Nuan clasped her sweaty palms as she looked at the time and the increasing number of vehicles on the road, worsening the traffic. She glanced at Han Zihao who was driving while holding onto his curiosity. Because after asking so many questions and getting no response from her, he didn't have any choice but to drive silently.

Well, he had the choice to not drive her to the airport and go his way, but he decided to become a gentleman for the last time. She seems to be in a hurry, though he was confused about why she needed to go to the airport in such a hurry?

'By when do you need to reach the airport?' He asked while driving.

'As soon as possible. But maximum by 10,' she said while going through her fan club site. She was looking for any updates about Lin Hui. His flight was scheduled to depart at 10:30, if she managed to reach by 10, she could somehow stop him from leaving.

Han Zihao looked forward at the cars and the red light and shook his head, 'Well, I don't think it's possible to reach by 10,' he said.

Xu Nuan frowned and raised her head to look at him when she saw that they were stuck in the traffic. The road was packed with cars and buses and the traffic was slow, very slow.

'f#% % % %' she cursed under her breath. 'What is happening today? Nothing is going right.' she gròànéd in frustration.

Han Zihao glanced at her and chuckled. At first, curses used to surprise him but now he will be more surprised if she doesn't curse like this. He was now used to her open personality.

She pursed her lips and looked around, searching for the reason for this slow traffic. She bit her lower lip and opened her laptop, which she thankfully brought with her.

' This is the last time. I swear,' she said while rubbing her palms together and opening her system.

He tried to peek what she was doing, but she glared at him and turned her side to him, hiding her laptop screen. He frowned and shook his head before focusing on driving, amidst this traffic.

Xu Nuan stared at her laptop screen, while her fingers were typing some codes at unbelievable speed. Her fingers flew over the keyboard as she smirked, breaking the last security check. She looked at the time with the corner of her eyes and a gleeful smile appeared on her lips as it took her only 5 minutes to break into this security system.

Since she doesn't need to do anything drastic, it didn't take her long before reaching the point where she wanted. She entered into the traffic security system and turned the green light of all the traffic lights on their way to the airport while trying to make sure to not create dangers for others.

' Oh. It's green now.' Han Zihao exclaimed. Soon the road became clear and they managed to pass by all the traffic lights without any delay.

Xu Nuan smiled and sighed. She had promised herself to not use her skills for her selfish use but she failed to keep her promise in this critical situation.

'I swear this was the last time.' she nodded while giving herself fake consolation.

.....

Han Zihao pulled the car in front of the airport and Xu Nuan hurriedly got off the car and said, 'You stay here. I am going inside.' she said while looking at him through the window.

He stared at her and before he could say anything, she went inside.

'_ _'

He stared at her in a daze as she went inside, leaving him alone like this. Was she really treating him as a driver?

-

Xu Nuan managed to enter the airport after arguing with the guard and finding a moment when he was not looking at her. She felt like she was filming some spy movie, deceiving the guard, hacking the traffic lights system.

'Lin Hui, you better pay me two folds of the efforts that I am putting just to stop you from leaving.' she gritted her teeth while looking around to search for him.

She rubbed her hair as she looked at the time. It's already past 10 now. 'Arghh' she gròànéð while thinking what to do next.

She ran towards the checkpoint and frowned seeing the long queue in front of the desk. She was wondering if he has already checked in

because, for international flights, one needs to check-in early. However, she was still hoping to spot him around there.

‘Oh. There is he,’ she exclaimed in shock when she spotted him standing in the queue, waiting for his turn.

She walked to him in long strides, and before he could pass his ticket to the officer, she held on his wrist.

‘Wait.’

-

Lin Hui, who had his hand stretched to show the ticket to the officer was caught off guard when a girl came out of nowhere and held onto his wrist.

He looked at her with a frown and asked, ‘ Who are you now ? Leave my hand.’ he said sternly. He was tired of dealing with Jiang Yue’s crazy fans who managed to come to the airport to give him gifts and letters.

Xu Nuan was startled seeing his fierce expressions. Since he never spoke to her this way before, she used to think that he doesn’t get angry. But now she understands that he was friendly and nice to them only.

‘ You can’t check-in. I have something to tell you,’ she said hesitantly while looking around.

Lin Hui glared at her, trying to remember her and read her thoughts but he couldn’t understand why she was doing this. She wasn’t giving him anything but was stopping him from leaving ? Is she some hardcore fan of Jiang Yue ?

‘ What are you doing ? Are you going to check-in or not ?’ The person behind Lin Hui asked. Because of him, everyone was waiting.

Before Lin Hui could say anything, Xu Nuan turned to the man and said, ‘ No, he is not. You can come forward.’ she said, while pulling Lin Hui to the side.

Lin Hui was startled when she suddenly dragged him to the side. Even though this girl looks quite fragile, she managed to drag him to the side, leaving him dumbfounded.

The officer saw Lin Hui’s expressions and asked, ‘ Sir, you know this lady ? Ms. do you have your ticket with you ?’ he asked, looking at her suspiciously.

‘ Ah,....I...’ she stared at the officer in shock before turning to Lin Hui, ‘ You..how can you do this to me ? Just because we fought, you decided to leave me ? Huh ? Do you think a text message is enough to break our three years long relationship ? Lin Hui, I never thought you could be this cruel. How can you not think about our unborn child ? What is gonna happen to this baby now ?’ she cried out while hitting him with her fist on the chest.

‘ _ _ ’

‘ _ _ ’

Lin Hui was shocked when Xu Nuan suddenly started crying and hitting him while saying nonsense. Breakup ? Relationship ? Child ?

What the hell ? He was seeing this woman for the first time, then from where this child came ? He was sure that he never had a drunken one night stand with anyone that he got a child without his knowledge.

The officer who was asking for the ticket was also left shocked. He stared at her crying and looked at Lin Hui awkwardly before turning to other people for check-in. He has seen many couples breaking up, and fighting like this, so he doesn't want to get into this mess.

Her lips curled up seeing the officer turning away. ' Well done Jiang Yue. Thanks to your uselessly good memory, you managed to show this amazing performance.' She praised herself inwardly.

The lines she said were the lines from the drama script for which she had auditioned once because Qin Ju insisted to do so. However, due to her overacting, she failed to get in. Well, she knew that acting was never her forte but thankfully that overacting came in handy at this moment.

Lin Hui looked around and saw people whispering, pointing at him for being irresponsible and playing with a woman. He frowned and yanked her hand which was holding onto his collar and asked with dark expressions, ' What the hell are you doing? Who are you? What game are you playing huh?'

Xu Nuan frowned when she looked around and saw people looking at them strangely. She pursed her lips and leaned closer, and whispered, ' If you want to know about the truth behind Jiang Yue's death, then shut your mouth and follow me.' she said mysteriously.

' _ _ '

Lin Hui stared at her in shock upon hearing Jiang Yue's name. He was dumbfounded and wondered if he should follow her or not.
