

MGE 1211

Chapter 1211 - Breaking Through Tianxu Shrine

The giant golden ox is a secret treasure the three jue golden cicada race refined from the horn of a true spirit level golden ox. It has infinite power and is a trump card of the three jue golden cicada race.

However, the three jue golden cicada race's refinement technology was really lacking. Every time the golden giant ox is used, the power of the true spirit level golden ox horn will be extracted. Now the horn is already full of cracks.

When the giant golden ox appeared, it charged at Multi-colored Butterfly Great Holy's location.

The giant golden ox radiated frightening golden light and destroyed everything in its wake.

The primary artillery of Holy Spirit Battlestars shone brightly and fired at the giant golden ox.

The giant golden ox erupted with countless runes, and a layer of golden light enveloped and guarded it.

When the primary artillery beams hit the giant golden ox, they blasted it away, restraining its momentum. However, they could not harm it.

The almost endless sea of 6th generation battle robots attacked the three Great Holies frenziedly, forcing them to cast all kinds of spells to protect themselves.

At Tianxu Shrine.

Countless Devour Rulers emerged and started devouring Tianxu Shrine.

The Holies and Great Holies who followed Yang Feng took action, cast powerful spells, and destroyed Tianxu Shrine's nodes one after another.

Frightening explosions rang incessantly inside Tianxu Shrine as exquisite palaces were erased one by one.

The power of the whole Tianxu Shrine weakened as its nodes were destroyed.

"Who dares to act presumptuously in Tianxu Shrine!"

In Tianxu Shrine, some secret realm opened, and a 10,000-meter-tall demonic ape covered in white fur, with a giant wolf tooth club in its hand, radiating advanced Great Holy rank fluctuations of power, flew out and roared wildly.

"Go to hell!"

With a cold smile, Cloud Dragon Great Holy operated the Cloud Dragon Snake Tortoise Shell to form a cloud dragon blade and engaged the demonic ape.

"A mere wooly white spacecrack ape dares to block my way! Then die!"

Yang Feng's eyes flashed with killing intent. The Phantom Ruler suddenly appeared, and nine eyes condensed on its chest and fired nine beams at the demonic ape.

The demonic ape stopped for a moment when it was hit by the beams.

The cloud dragon blade proceeded to slash towards the demonic ape.

The demonic ape's white fur erupted with countless mysterious runes and formed a fur armor. At the same time, the demonic ape turned its body slightly and dodged sideways.

The cloud dragon blade sliced open a long gash on the demonic ape's body.

A silver light shone, and Silver Brilliance Great Holy appeared behind and stabbed at the demonic ape with the Silver Brilliance Scorpion Spear in his hands.

Endless silver lightning flickered and ran through the demonic ape.

A black hole suddenly emerged, swallowed the demonic ape, and started extracting its life origin.

Although the wooly white spacecrack ape is a formidable Great Holy. But when faced against several Great Holies equipped with Empyrean grade secret treasures, it had no strength to resist and was easily quelled.

Boom! Boom! Boom!

Along with earth-shaking noise, the whole Tianxu Shrine split open. Countless runes emerged and then collapsed one after another.

Black demonic qi gushed out of the earth and spread in all directions. Quasi-Empyrean rank might diffused from below the ground and frightened all Holies.

Underneath Tianxu Shrine, there is a coiled one-horned giant serpent. The one horned giant serpent is as big as a star, is engraved with countless mysterious runes, has its eyes closed, and exudes a fierce aura.

In the distance, the face of a zhenxu divine race Holy distorted, and he shouted madly: "Firmament Holy, you dare to destroy our Tianxu Temple! Then we shall die together!"

As an eternal empyrean race, the zhenxu divine race naturally has terrifying underlying strength.

Xu Ming Great Holy and several other Great Holies were attacked by Yang Feng and quelled before they had the chance to channel said underlying strength. However, there are many trump cards hidden in the zhenxu divine race.

"Quasi-Empyrean rank direbeast, an adult serpent of ruin. It's really strong. Regrettably, it is in a sealed state now! There is already no chance of it waking up from the seal."

Yang Feng smiled coldly and waved his hand. Countless Seal Rulers suddenly emerged and fired sealing light at the giant serpent, sealing it firmly.

The serpent of ruin is a terrifying extraordinary creature born in the universe. After reaching adulthood, this direbeast possesses Empyrean rank power. It is equivalent to a primordial true spirit level creature. But now that the energy level of the universe is insufficient, the serpent of ruin can only possess quasi-Empyrean rank power.

The serpent of ruin is a very rare being that may appear once every 1 million years. For the zhenxu divine race to be able to seal the Serpent of Ruin, this is simply incredible.

Countless Devour Rulers surged down like a tide, pounced on the quasi-Holy rank serpent of ruin, and frantically devoured everything.

The quasi-Empyrean rank serpent of ruin was in severe pain. It opened its eyes at once, erupted with a terrifying aura, and twisted its body, causing great devastation to Tianxu Shrine.

A formidable defensive boundary appeared around the serpent of ruin. As soon as some weaker Devour Rulers pounced on the boundary, they were directly crushed and completely destroyed.

Whenever a Devour Ruler was destroyed, a radiance poured into other Devour Rulers from it, enabling the other Devour Rulers to evolve further.

As the swarm of Devour Rulers pounced on the serpent of ruin, many units turned into ashes, but even more evolved further.

1,000 Devour Rulers directly advanced to the Warlock Monarch rank.

The quasi-Empyrean rank serpent of ruin struggled wildly. However, most of its power was sealed by the sealing light and the remaining power was being devoured by the Devour Rulers. Consequently, the serpent of ruin got weaker and weaker.

“How could this happen!”

The zhenxu divine race Holy’s face distorted in despair.

A black hole suddenly emerged and swallowed the zhenxu divine race Holy.

Despite how the serpent of ruin struggled, its life origin was still continuously devoured by the Devour Rulers, and it grew increasingly weaker.

After leaving Cloud Dragon Great Holy to guard here, Yang Feng proceeded to lead his Great Holies to crush Tianxu Shrine.

As the zhenxu divine race powerhouses in Tianxu Shrine resisted desperately, various trump cards of the zhenxu divine race appeared one after another, but then were suppressed by Yang Feng.

After losing several Great Holies, the zhenxu divine race could no longer activate several trump cards that can contend against quasi-Empyrean rank powerhouses. Now only the serpent of ruin deserves Yang Feng to pay attention to. The whole Zhenxu Divine Kingdom has become hell on earth.

At the eternal relic site Eternal Star, the handsome Zhenxu Great Holy is radiating sacred light and is suspended in the void. He suddenly opened his eyes, and his eyes flickered with mad killing intent and fury. He shouted: “Firmament Holy, you bastard, you dare attack my race! You deserve to die!”

As Zhenxu Great Holy’s anger flared up, the void twisted and started collapsing. With him as the core, a terrible storm was set off at once, distorting everything in its wake.

Sitting cross legged, with a king character rune on his forehead, the tall and sturdy Cosmic Eyes Tiger Great Holy opened his eyes, and shock filled his eyes, “Firmament Holy broke through Tianxu Shrine.”

“What? Tianxu Shrine was breached?”

Emanating a devilish aura, the lanky and dashing Starmoon Sky Snake Great Holy opened his eyes, and his eyes radiated countless specks of starlight. He cried out in shock.

As the core of Zhenxu Divine Kingdom, not even quasi-Empyrean rank powerhouses can breach Tianxu Shrine. Yet it was breached by Yang Feng. This is simply incredible.

Cosmic Eyes Tiger Great Holy’s eyes flashed coldly, and he cast Zhenxu Great Holy a look of pity: “How fierce! Rather than coming to Eternal Star, he attacked Zhenxu Divine Kingdom.”

Starmoon Sky Snake Great Holy’s eyes flickered with enigmatic light, and he uttered unhurriedly, “The zhenxu divine race will be greatly weakened after this.”

If Tianxu Shrine is destroyed, it signifies that many Holies must have died. After this war, regardless of the outcome, the zhenxu divine race will have suffered heavy losses.

The eyes of Zhenxu Great Holy shimmered coldly, and countless runes emerged.

In an instant, light shone in Zhenxu Divine Kingdom and formed Zhenxu Great Holy’s projection.

As soon as Zhenxu Great Holy appeared, he saw that Tianxu Shrine has been breached, that countless zhenxu divine race powerhouses have been slaughtered by Yang Feng’s forces. This looks like a scene from hell.

A gleam of fury streaked across Zhenxu Great Holy’s eyes, and he locked his eyes on Yang Feng and shouted madly: “Stop! Firmament Holy! I am Zhenxu Great Holy! Stop it! Don’t you want to rescue Michaelia?”

“Zhenxu Great Holy, you actually dared to take action against Michaelia. Don’t worry. If I don’t exterminate the zhenxu divine race, my name is not Firmament Holy! If there is anything wrong with my Michaelia, then even if people of your race escape to the edge of the universe, or escape to another universe, I will find them and kill them all.”

Yang Feng’s eyes filled with frigid killing intent, and he stared fixedly at Zhenxu Great Holy and threatened icily.

Chapter 1212 - Slaving Great Holies

Yang Feng looked into the void and spoke in a frigid tone full of killing intent: “Cosmic Eyes Tiger Great Holy, Starmoon Sky Snake Great Holy, you two better make sure that nothing happens to Michaelia. Otherwise, I swear that I will destroy your races, as well. No matter where you escape to, I will find and kill you and your people!”

“Fuck! Firmament Holy is really bloodthirsty! He’s even more vicious than the eight Warlock Emperors of the human race.”

Cosmic Eyes Tiger Great Holy suddenly felt a chill run down his spine.

When ordinary prodigies fight over the Empyrean throne, even if they wipe out a race, it's only in order to plunder resources. As long as members of said race escape, they won't hunt them down.

The golden bones race is an enemy of Yang Feng and many of its people have fled to different parts of the universe. Yet Yang Feng didn't send anyone to pursue them. After all, the time and energy spent on that would be too huge and the losses would outweigh the gains.

But once Yang Feng vows to wipe out the the zhenxu divine race and the other two eternal empyrean races, he won't stop until they have become fully extinct.

The eight Warlock Emperors of the human race suppressed the world in their days and had countless enemies, but they rarely made such a decision. Only after someone they really cared about was killed, would the eight Warlock Emperors of the human race do something so crazy.

After hearing Yang Feng's words, Starmoon Sky Snake Great Holy inhaled a breath of cold air, and a chill welled up in his heart.

If it was an ordinary person threatening him, Starmoon Sky Snake Great Holy would just shrug it off without taking it to heart.

But since Yang Feng breached the headquarters of the zhenxu divine race and killed countless zhenxu divine race powerhouses, his threat is likely to be realized one day.

Zhenxu Great Holy said menacingly, "Firmament Holy, don't you want Michaelia to live? Stop the attack at once, or I'll kill Michaelia right now!"

"I, Yang Feng, have never let myself be threatened. If you want me to give up resistance and die obediently, that's not happening. If you dare to kill Michaelia, I will exterminate the zhenxu divine race. At the same time, I will also exterminate the cosmic eyes tiger race and the starmoon sky snake race. Any race that dares to get itself involved in this matter will be exterminated. Even if I have to wipe out all the races in Eternal Ancient Road, I will not stop!"

Yang Feng's eyes surged with killing intent, and he spoke in an icy tone. His eyes flickered with countless runes and shone with strange light. He activated the law of karma and looked at Eternal Star.

"Follow me! Let's kill these zhenxu divine race Holies to the last person!"

Yang Feng's eyes flashed cold as he looked at the starry sky. The Xi Shen Armor suddenly shone, erupted with countless runes, and entered its second form. With a flap of the Xi Shen Armor's mechanical wings, Yang Feng turned into a stream of light and flew into the starry sky.

Almost in an instant, Yang Feng appeared behind Xu Kuang Great Holy and brandished the Green Yang Halberd, and ten suns tore the firmament and a black hole appeared amid the ten suns as they slashed towards Xu Kuang Great Holy.

Xu Kuang Great Holy has destroyed more than 100,000 6th generation battle robots and consumed a lot of strength. But even so, he still managed to react at the first moment. Countless runes shone, and 168 crystals emerged around him and formed a cyan boundary.

When the green halberd ray slammed into the cyan boundary, it forcibly sliced the cyan boundary open, and then severed the right arm of Xu Kuang Great Holy.

“Go to hell!”

Silver Brilliance Scorpion Spear roared furiously. All of a sudden, the Silver Brilliance Scorpion Spear appeared in his hands, erupted with dazzling silver light, and stabbed at Xu Kuang Great Holy like a viper.

Silver light burst out and blasted Xu Kuang Great Holy apart.

A black hole suddenly emerged and swallowed Xu Kuang Great Holy.

Waveroot Great Holy, Arcane Battle Great Holy, and Blue Ridge Great Holy took action and attacked Xu Lun Great Holy and Three Jue Golden Cicada Great Holy.

Three Jue Golden Cicada Great Holy’s expression changed greatly, and he shouted loudly, “I surrender! Firmament Holy, I am willing to surrender and serve you! Spare my life!”

Xu Lun Great Holy’s countenance changed dramatically, and he gnashed his teeth and bellowed: “You damn traitor!”

“Surrender? What qualifications do you have to surrender? Do you have the head of a zhenxu divine race Great Holy? Since you don’t have one, you are still my enemy! The three jue golden cicada race will be eliminated alongside you!”

Yang Feng’s eyes surged with killing intent, and he slashed down with his halberd. A torrent of rime suddenly appeared and swept towards Three Jue Golden Cicada Great Holy.

Three Jue Golden Cicada Great Holy’s expression changed greatly, and he radiated golden light and shattering the torrent of time.

At this moment, the green halberd ray slammed into Three Jue Golden Cicada Great Holy and sliced him in two. A black hole suddenly emerged and drew Three Jue Golden Cicada Great Holy inside.

“Firmament Holy, stop! If you want Michaelia to stay alive, then stop it!”

Upon seeing this scene, Zhenxu Great Holy roared madly, a ferocious look on his face.

Yang Feng’s eyes surged with killing intent. With an expressionless look on his face, he appeared behind Xu Lun Great Holy in a flash and brandished his halberd.

Besieged by Arcane Battle Great Holy and Waveroot Great Holy, Xu Lun Great Holy was only able to condense a strange wheel to block behind him.

When Yang Feng’s halberd landed on the wheel, it crushed the wheel, and a terrifying force erupted and blasted Xu Lun Great Holy away.

“Ha-ha! Go to hell!”

With a ferocious smile, Arcane Battle Great Holy took a step forward, brandished his axe and channeled the power within 10,000 kilometer into the axe, and a blade ray appeared and mercilessly slammed into Xu Lun Great Holy, who just suffered heavy damage. The blade ray smashed the nine wheels protecting Xu Lun Great Holy and opened a large gash on his body.

Taking advantage of this opportunity, countless Blade Rulers flew out, brandished their blades, and opened countless wounds on his body.

A black hole suddenly emerged, swallowed Xu Lun Great Holy, and frantically devoured his life origin.

“Multi-colored Butterfly Great Holy, open the boundary and let us kill Xu Qing Great Holy. I shall pardon your multi-colored butterfly race!”

Yang Feng swept Multi-colored Butterfly Great Holy’s boundary with his gaze and uttered coldly.

The boundary opened, revealing Multi-colored Butterfly Great Holy and Xu Qing Great Holy.

Multi-colored Butterfly Great Holy is covered in wounds and her face is deathly pale, looking lovely and pitiful. Xu Qing Great Holy, on the other hand, was not hurt.

As someone who came from an eternal empyrean race, Xu Qing Great Holy is far stronger than other powerhouses of the same rank. Multi-colored Butterfly Great Holy is naturally not his opponent. However, for the sake of the multi-colored butterfly race, Multi-colored Butterfly Great Holy still tried her best to hinder Xu Qing Great Holy.

“Firmament Holy, stop! Stop it!”

A tremendous vibration erupted in the void as Zhenxu Great Holy’s roar of anger sounded.

Each Great Holy is the trump card of a race. Even within an eternal empyrean race, there are not many Great Holies. An eternal empyrean race may be able to give birth to a Great Holy in 10,000 years. The death of each Great Holy is a heavy blow to an eternal empyrean race.

“Kill him!”

Yang Feng waved his hand, and Waveroot Great Holy, Arcane Battle Great Holy, Silver Brilliant Great Holy, and Multi-colored Butterfly Great Holy cast offensive spells and attacked Xu Qing Great Holy.

Xu Qing Great Holy’s countenance changed greatly. His body shone with countless runes, and then collapsed and turned into a green ray that frantically shot into the distance.

If it was a one-on-one fight, Xu Qing Great Holy would not be afraid of anyone. However, faced with four Great Holies and countless battle robots, he has absolutely no chance of winning.

“You want to escape? Not so fast!”

Yang Feng smiled coldly and pointed with his hand, and the Bead of Time suddenly appeared. A torrent of time swept towards Xu Qing Great Holy. The flow of time around Xu Qing Great Holy turned chaotic at once, and he stopped for a moment.

The spells cast by the four Great Holies submerged Xu Qing Great Holy and dealt him serious damage.

A black hole suddenly emerged and swallowed Xu Qing Great Holy.

“Night Tiger Great Holy, open the boundary!”

After devouring Xu Qing Great Holy, Yang Feng ordered coldly.

Night Tiger Great Holy opened the boundary he cast.

Inside the boundary, Night Tiger Great Holy and Xu Ming Great Holy are both covered in wounds. But Night Tiger Great Holy's wounds are more severe. There are bone deep injuries strewn all over his body.

"Kill him!"

Yang Feng pointed at Xu Ming Great Holy, and the five Great Holies launched attacks at the other party.

"Firmament Holy, you will die a miserable death!"

Xu Ming Great Holy unleashed a rancorous curse, and then turned into a ray of light and flew away into the distance.

The Bead of Time suddenly appeared and shone with countless runes. A torrent of time emerged and shrouded Xu Ming Great Holy. Consequently, Xu Ming Great Holy flew back.

The spells of the five Great Holies barreled towards Xu Ming Great Holy.

"Stop! I told you all to stop!"

An angry and miserable voice sounded. The void distorted and the flow of time turned chaotic. A rift emerged in the void, and a large hand emitting quasi-Empyrean rank fluctuations of power appeared from the void and extended towards the spells fired by the five Great Holies.

The void collapsed and energies twisted. Under the cover of immortal force, the attacks of the five Great Holies were directly crushed by the large hand.

"Third form!"

Yang Feng's eyes surged with killing intent. The Xi Shen Armor entered the third form at once. The devour projection appeared, assimilated the Devour Yuan Bead, and extended a hand, and a black hole appeared, shrouded Zhenxu Great Holy's right hand, and frantically devoured the other party's life origin.

Chapter 1213 - Shocking Eternal Ancient Road

Zhenxu Great Holy flicked a finger of his right hand. The forefinger erupted with countless runes, and chains ejected and crushed the black hole.

A cold gleam streaked across Silver Brilliant Spirit Snake Great Holy's eyes. He stimulated the Silver Brilliance Scorpion Spear, and a giant scorpion shining with bright silver light suddenly appeared and pounced on Zhenxu Great Holy's right hand.

When the Silver Brilliance Scorpion Spear stabbed Zhenxu Great Holy's right hand, dazzling silver light ran through the right hand, and a large amount of blood sprinkled out into the starry sky.

Yang Feng stepped forward and brandished the Green Yang Halberd, and a green halberd ray mercilessly lopped off Zhenxu Great Holy's right hand.

A black hole appeared and swallowed the right hand.

“Scoundrel, you dare cut off my right hand. I will kill you!”

Zhenxu Great Holy’s enraged voice came from the rift.

“Zhenxu Great Holy, that will never happen. I will exterminate the zhenxu divine race!”

Yang Feng appeared in front of Xu Ming Great Holy and brandished his halberd, and a green halberd ray slashed towards Xu Ming Great Holy.

“No! Don’t kill me!”

Xu Ming Great Holy’s eyes glimmered with despair. Magic shields appeared around him one after another.

The green halberd ray tore through the magic shields as if cutting butter, and then cleaved Xu Ming Great Holy in two.

A black hole suddenly emerged and swallowed Xu Ming Great Holy.

Yang Feng waved his hand, and Arcane Battle Great Holy and the other Great Holies rushed to the remaining Holy Spirit Warlocks of the zhenxu divine race.

“Good! Good! Good! Firmament Holy, you’re really vicious! You actually killed so many powerhouses of the zhenxu divine race! The zhenxu divine race won’t let this matter rest until one of us perishes!”

Nearly spewing out fire from his eyes, Zhenxu Great Holy gnashed his teeth and roared. A frightening voice sounded in the area.

“You won’t let this matter rest until one of us perishes? From today on, there will be no place for the zhenxu divine race in Eternal Ancient Road.”

With a cold smile, Yang Feng waved his hand, and the huge interstellar fleet shone and fired a rain of light at Zhenxu Divine Kingdom.

Under the bombardment of the rain of light, countless ordinary people of the zhenxu divine race were turned to ashes and disappeared.

When the zhenxu divine race Holies saw the several Great Holies die one after another, they realized that things were over, and so they cast spells and escaped in different directions.

Yang Feng pointed with his hand, and the Bead of Time suddenly appeared. Torrents of time ejected and swept towards the Holies.

When they were swept by the torrents of time, the flow of time around the Holies became chaotic.

The several Great Holies subordinated to Yang Feng pounced on the zhenxu divine race Holies at once and slayed them one after another.

Black holes emerged and swallowed the zhenxu divine race Holies one after another.

Zhenxu Great Holy uttered coldly, “Firmament Holy, from today on, we are mortal enemies. If you don’t come to Eternal Star in three days, I will kill Michaelia!”

Yang Feng smiled coldly and snapped his fingers.

Outside Eternal Star, a battle robot suddenly emerged and shouted loudly, "Cosmic Eyes Tiger Great Holy, Starmoon Sky Snake Great Holy, listen. After I have destroyed the the zhenxu divine race, I will go to your nests and wipe out your people. If you want to protect your people, then protect Michaelia. Otherwise, you will suffer the same end as the zhenxu divine race."

Lights shone, and screens appeared at Eternal Star. The screens displayed images of countless people of the zhenxu divine race dying under the bombardment of Yang Feng's mechanical legion.

The huge mechanical legion swept the whole Zhenxu Divine Kingdom. No matter where the powerhouses of the zhenxu divine race escaped to, they were caught by the battle robots and killed like chickens.

Except for the night tiger race and the multi-colored butterfly race that surrendered, the other vassal races of the zhenxu divine race were slaughtered by Yang Feng's mechanical legion. The corpses were taken away and turned into all kinds of weapons.

"Not amenable to reason! Yang Feng, let's have it over. I'll kill Michaelia now!"

Seeing these scenes, Zhenxu Great Holy's eyes shot with blood, and he sent his right hand shooting towards the angel egg Michaelia incarnated into.

An ordinary Great Holy would find it hard to kill Michaelia's incarnation of an angel egg. But Zhenxu Great Holy is a quasi-Empyrean rank powerhouse. This palm strike is enough to blast Michaelia into ashes.

"Wait a moment!"

A voice came from one side. All of a sudden, a tiger paw appeared and crushed Zhenxu Great Holy's right hand.

Zhenxu Great Holy stared at Cosmic Eyes Tiger Great Holy, surged with killing intent in his eyes, and asked coldly, "Cosmic Eyes Tiger Great Holy, why did you stop me? Are you going to bow your head to that bastard Yang Feng?"

Cosmic Eyes Tiger Great Holy answered coldly, "Of course not. This woman is very important to Yang Feng. You can't kill her yet. Once you kill Yang Feng, this woman can be killed at any time. Now is not the time. Yang Feng is really vicious. I want to leave a path of retreat for my race."

Starmoon Sky Snake Great Holy said slowly, "Zhenxu Great Holy, go and kill Yang Feng! If you kill him. We will join hands with you to eliminate the humans. If you can't kill him, then we can only bow our heads to him. We can't afford to provoke such a cruel character."

Yang Feng took down the base of an eternal ancient race like the zhenxu divine race in less than a day. Besides, without caring for the rules of Eternal Ancient Road's central starfield, Yang Feng unleashed a massacre against an eternal empyrean race.

When they saw Yang Feng seal off the whole Zhenxu Divine Kingdom and eliminate the people of the zhenxu divine race and its vassals, Cosmic Eyes Tiger Great Holy and Starmoon Sky Snake Great Holy were scared.

This is the first time Cosmic Eyes Tiger Great Holy and Starmoon Sky Snake Great Holy saw how cruel Yang Feng can be. Consequently, a seed of regret took root in their hearts.

Zhenxu Great Holy's eyes flashed coldly. He suppressed his anger and spoke while enunciating each syllable, "We started this together. Are the two of you going to back down now?"

Cosmic Eyes Tiger Great Holy replied frankly, "That's right. Firmament Holy is too dangerous. I don't want the cosmic eyes tiger race to be destroyed at his hands."

Zhenxu Great Holy said in a cold voice, "With Yang Feng's character, he will never let the three of us off the hook. Didn't you hear him say that he was going to destroy our three races?"

Starmoon Sky Snake Great Holy uttered indifferently, "If Michaelia dies, he may indeed go crazy and destroy our three races. But as long as she doesn't die. If we bow our heads and pay a large enough price, then as long as he is reasonable, he will leave us alone."

The cosmic eyes tiger race and the starmoon sky snake race are both eternal empyrean races with unfathomable strength, countless vassals, and many allies. Even if it's Yang Feng, he won't offend them without reason.

This time, were it not for the fact that he is furious, Yang Feng would not have dealt this deadly blow to the zhenxu divine race.

"Great! You're great!"

Zhenxu Great Holy's eyes shimmered coldly. His figure fluttered, and he turned into a stream of light and disappeared.

"Firmament Holy breached Zhenxu Divine Kingdom!"

This news soon appeared on the Holy Forum.

"What? Firmament Holy breached Zhenxu Divine Kingdom? How is that possible?"

"As the nest of the zhenxu divine race, Zhenxu Divine Kingdom has many trump cards. Even a quasi-Empyrean rank powerhouse wouldn't dare to attack it. How could it be breached?"

"That's Zhenxu Divine Kingdom, the nest of an eternal empyrean race. Yet Firmament Holy breached such a dangerous place in a day. Is there anyone who can stop him?"

"What about Zhenxu Great Holy? Why didn't Zhenxu Great Holy take action? If he did take action, there's no way Firmament Holy would be able to breach Zhenxu Divine Kingdom."

"Zhenxu Great Holy stayed at Eternal Star and tried to compel Yang Feng to go to Eternal Star. As a result, he had his nest raided. What a pity!"

"When he breached Zhenxu Divine Kingdom, he exterminated the people of the zhenxu divine race and its vassals. What a cruel character."

"Firmament Holy has vowed that he will wipe out the zhenxu divine race when he ascends the Empyrean throne in the future. He won't let them off even if they run to the edge of the universe."

“So cruel. It looks like the zhenxu divine race really angered Firmament Holy.”

“The zhenxu divine race touched Firmament Holy’s bottom line.”

“...”

After the Holies on the Holy Forum saw the news, they were shocked and commented spiritedly.

When the people full of malice towards Yang Feng learned of this, they felt a chill run down their spine. Even powerful forces on the level of eternal empyrean races were shocked and adjusted the way they viewed Yang Feng.

Inside the anthunder race’s star sea full of lightning.

“What a cruel character. To breach Zhenxu Divine Kingdom in one day, Firmament Holy is indeed a most outstanding prodigy of this era. But that was too cruel. Except for people of the night tiger race and the multi-colored butterfly race, all life forms inside Zhenxu Divine Kingdom were wiped out. What a dangerous character.”

As he looked at the news on the Holy Forum, Cyan Thunderbolt Great Holy sighed. A chill flashed in the depths of his eyes.

When Yang Feng came to Anthunder Star, Cyan Thunderbolt Great Holy had considered to fight him. But after considering things in depth, he decided to walk the path of peace. Now it appears that his choice was wise. If he had fought Yang Feng at that time, even if he won, the anthunder race would be greatly weakened.

The central starfield, in a star palace, Feng Xuanzhen is sitting in the center of the palace and emanating pinnacle Holy rank aura.

There are two people sitting next to Feng Xuanzhen and they are both Great Holy rank powerhouses.

Feng Xuanzhen looked at the news on the Holy Forum, his eyes flashed with complicated emotions, and he sighed gloomily, “He breached Zhenxu Divine Kingdom? What a vicious and decisive character! As expected of Firmament Holy!”

Chapter 1214 - Sweep

After reaching the Holy Spirit Warlock realm, it is extremely difficult to make further advancements. Feng Xuanzhen had many fateful encounters and thus doesn’t lose to Yang Feng in terms of cultivation. At the same time, he still subdued two Great Holies.

If it was in the past, Feng Xuanzhen’s feat of subduing two Great Holies while in the Holy realm would shock the world. During their time, few of the eight Warlock Emperors of the human race have subdued two Great Holies while in the Holy realm. However, when comparing Feng Xuanzhen and Yang Feng, the gap between the two is as big as a chasm.

At this time, Feng Xuanzhen has the strength to defeat Great Holies. But he doesn’t dare to provoke a quasi-Empyrean, let alone defeat an eternal empyrean race.

A Great Holy uttered, "Lord, Firmament Holy is only a step ahead of you. As long as you ascend the Empyrean throne in the future, everything can be easily solved."

Although Star Lord was a peerless prodigy, but he was stifled by others of the same realm. Nevertheless, he ultimately ascended the Empyrean throne and suppressed all enemies at one stroke. After he ascended the Empyrean throne, he used the resources of the universe to repair his foundation and finally became an invincible Warlock Emperor.

"I understand! Looks like I have to accelerate my pace!"

There was a cold gleam in Feng Xuanzhen's eyes. His figure shook slightly, and he disappeared.

The central starfield, Jidarini Star. This is one of the Holy stars under the control of Zhenxu Divine Kingdom.

There was a ripple in the void, and a huge interstellar fleet emerged.

As soon as the huge interstellar fleet appeared, countless lights rained down on Jidarini Star.

Under the bombardment of the rain of light, zhenxu divine race powerhouses on Jidarini Star were blasted to pieces.

Countless 6th generation battle robots flew to Jidarini Star and started slaughtering zhenxu divine race powerhouses.

After Zhenxu Divine Kingdom was conquered, Yang Feng's mechanical legions swept the Holy stars occupied by zhenxu divine race one after another and annihilated powerhouses of the zhenxu divine race and its vassals.

The zhenxu divine race powerhouses could only abandon the stars and flee into the universe helter-skelter.

Yang Feng's mechanical legions ran rampant in the central starfield, chasing after zhenxu divine race powerhouses.

Zhenxu divine race powerhouses took action as well and destroyed the mechanical legions pursuing them from time to time.

Every time Yang Feng occupied a Holy star of the zhenxu divine race, countless munitions factories appeared on the Holy star. They frantically collected resources and manufactured all kinds of battle robots.

On stars in Tai Yuan Starfield and central starfield, many munitions factories produced rumbling noise. Countless 6th generation battle robots were produced and thrown into battle.

Poxrena Star is the mother star of the gloweye race in the central starfield. The gloweye race is an empyrean race of Eternal Ancient Road. It has an Empyrean grade secret treasure the Gloweye Crown.

Ripples rose in the void, and a huge interstellar fleet appeared in the outer space of the gloweye race's mother star.

"Gloweye Great Holy, come out and greet me!"

Covered by the Arcane Battle Armor on which Yang Feng spent countless resources to create, Arcane Battle Great Holy emerged from the huge interstellar fleet and shouted loudly.

Light shone, and a handsome Great Holy with closed eyes and a mystical vertical eye on the forehead flew out of Poxrena Star and said slowly: "Arcane Battle Great Holy, I didn't expect you to join Firmament Holy's camp. He is just a Holy. To take the initiative and join his camp, that's a loss of face for a Great Holy."

Arcane Battle Great Holy uttered coldly, "My lord is wise and powerful and has the making of an Empyrean. He is bound to become an Empyrean of this era. As such, it is only natural for me to join his camp. Gloweye Great Holy, hand over the zhenxu divine race people the gloweye race is harboring. This is my lord's order."

Gloweye Great Holy said coldly, "Xu Yan Holy is my wife. For you to ask me to hand over my wife, isn't that too much? What if I don't hand her over?"

"If you don't hand her over, you'll be regarded as an accomplice of the zhenxu divine race! I will destroy your gloweye race. Even if you escape to the edge of the universe, when I ascend the Empyrean throne, I will exterminate you all!"

Lights emerged from the flagship and condensed into Yang Feng's form. With a cold gleam in his eyes, he looked at Gloweye Great Holy and uttered frigidly.

Gloweye Great Holy is a pinnacle Great Holy rank powerhouse. He's stronger than Cloud Dragon Great Holy and Silver Brilliance Great Holy. However, when Yang Feng glanced at him, he felt his blood run cold.

Gloweye Great Holy was silent for a long time, and then said, "Sir Firmament Holy, can you give me face? I am willing to pay you 300 Springs of Immortality. Please give me face and leave my wife alone!"

With a flash of light, a tall and sturdy demonic ape projection appeared and uttered unhurriedly, "Firmament Holy, many empyrean races are related to the zhenxu divine race through marriage in the central starfield. Give us face and leave the people from the zhenxu divine race married into our races alone. We won't take part in your conflict with Zhenxu Great Holy."

The zhenxu divine race, which has dominated a corner of the central starfield for countless years, has countless connections by marriage. Many empyrean races are connected with it by marriage, forming a huge network of relationships.

"When I, Firmament Holy, make up my mind, nothing can change it. Gloweye Great Holy, since you won't hand her over, then the gloweye race shall be buried together with the zhenxu divine race!"

Yang Feng waved his hand, a cold gleam in his eyes.

The artillery of the interstellar fleet shone, and pillars of light ejected and barreled towards Poxrena Star.

Under the bombardment of the pillars of light, the earth cracked and mountains collapsed. Countless gloweye race powerhouses were wiped out.

Teleportation beams shone, and a swarm of battle robots covered the void and flew towards Poxrena Star

“Firmament Holy, you dare attack the gloweye race? Do you want to be the enemy of the entire central starfield?”

Upon seeing this scene, Gloweye Great Holy’s eyes bulged from anger, and he roared madly.

“Gloweye Great Holy, since you block my path of revenge, you are my mortal enemy. Whoever gets in my way shall die! Whether it is the zhenxu divine race, the three san golden cicada race, or the gloweye race, there’s no exception.”

Light shone, and Yang Feng, with Cloud Dragon Great Holy and Silver Brilliance Great Holy at his left and right sides respectively, flew out of the flagship.

As soon as Yang Feng’s group of three appeared, they attacked Gloweye Great Holy.

Night Tiger Great Holy, Multi-colored Butterfly Great Holy, Waveroot Great Holy, and Blue Ridge Great Holy appeared at once and took 13 Holies subordinated to Yang Feng to attack Poxrena Star.

2 Great Holies, 13 Holies, and countless other powerhouses of the gloweye race emerged from Poxrena Star and engaged Yang Feng’s subordinates.

When the two formidable forces engaged, the gloweye race powerhouses suffered heavy casualties.

The swarm of undaunting 6th generation battle robots unleashed a massacre on gloweye race powerhouses.

Poxrena Star shone with countless runes. A mountain split open, and a mountain giant emanating pinnacle Great Holy rank aura emerged.

The Great Holy rank Phantom Ruler suddenly appeared. A face with nine eyes appeared on its chest and looked at the mountain giant.

Although the mountain giant’s body is tyrannically strong, but its soul is quite weak. It was eroded by the illusion art at once. It brandished its enormous hands and squashed countless gloweye race powerhouses.

Light rained down from the sky and, as if divine punishment, killed gloweye powerhouses in droves.

Another mountain of Poxrena Star split open, and an extraordinary life form three-headed eagle dragon beast with three dragon heads and six pairs of eagle wings appeared and emitted a fierce aura.

The mountain giant strode forward and started fighting the three-headed eagle dragon beast.

The Great Holy rank Phantom Ruler is accompanied by countless Phantom Rulers. The countless Phantom Rulers erupted with countless runes, resonated with each other, and sent countless phantom ripples sweep in all directions.

Swept by the phantom ripples, gloweye powerhouses became bewildered and began attacking their companions.

“Stop it, Firmament Holy! I’ll give you Xu Yan Holy! Stop it!”

Gloweye Great Holy is equipped with the Gloweye Crown. Divine light emanated from the Gloweye Crown. While contending against Yang Feng, Cloud Dragon Great Holy, and Silver Brilliance Great Holy, Gloweye Great Holy roared with grief and indignation on his face.

At this time, Poxrena Star has become hell on earth. Countless powerhouses have died. The gloweye race has already lost two Holies and shown signs of defeat.

Yang Feng’s mechanical legion kept pouring towards Poxrena Star and killing gloweye race powerhouses.

“Too late! If I let you go now, wouldn’t that lead to future troubles for myself? Since you are my enemy, then go to hell!”

Yang Feng’s eyes flashed with a fierce shade. The Xi Shen Armor shone with countless runes and entered the third form, and a black hole suddenly appeared. Inside the black hole, a projection extended its hand. The extended hand turned into a black hole and swept towards Gloweye Great Holy.

The Gloweye Crown on Gloweye Great Holy’s head shone, and dazzling divine light slammed into the black hole and deadlocked with it.

Taking advantage of this opportunity, Silver Brilliance Great Holy stabbed with the spear in his hands. As if a silver poisonous dragon, the spear instantly stabbed Gloweye Great Holy, radiated silver light, and ran through the other party’s body.

Cloud Dragon Great Holy shone with countless runes and condensed a cloud dragon blade that sliced Gloweye Great Holy in two.

A black hole suddenly emerged, swept towards Gloweye Great Holy, and drew him inside.

Chapter 1215 - Zhenxu Great Holy Takes Action

Gloweye Great Holy was heavily injured by two Emyrean grade secret treasures and his origin was damaged, and then was swallowed by the black hole. His life origin gushed out from his wounds and was devoured by Yang Feng.

“You runt! Die!”

A cold voice erupted and ripples appeared in the void. Zhenxu Great Holy suddenly emerged, emanated quasi-Emyrean rank fluctuations of power, and slashed at Yang Feng with the Emyrean grade secret treasure the Zhenxu Divine Sword.

In an instant, a terrifying sword ray tore the firmament and slashed towards Yang Feng.

Cloud Dragon Great Holy’s expression changed greatly. All of a sudden, he cast a spell, and the Cloud Dragon Snake Tortoise Shell flew out of his hand. A true spirit level cloud dragon snake tortoise suddenly appeared, erupted with countless runes, and evolved into a nearly endless world of clouds.

The Zhenxu Divine Sword's sword ray slashed the world of cloud, radiated bright light that purified and crushed everything, split open the world of clouds, and slammed into the tortoise shell.

Boom!

Amid a heaven-shaking blare, Cloud Dragon Great Holy was blasted away together with the Cloud Dragon Snake Tortoise Shell and spewed out a mouthful of blood.

Silver Brilliance Great Holy thrust the Silver Brilliance Scorpion Spear forward, and a 10,000-kilometer-long silver brilliance scorpion emanating Empyrean aura suddenly appeared and sent its two pincers barreling towards Zhenxu Great Holy.

Zhenxu Great Holy's eyes flashed with a cold ray, and he brandished his sword again.

A sword ray containing the law of karma pierced through the void, slammed into the Silver Brilliance Scorpion, and sliced it apart, and then lopped off Silver Brilliance Great Holy's right arm at the shoulder. A large amount of blood spilled out.

"Zhenxu Great Holy!"

"He finally appeared!"

"Zhenxu Great Holy has taken action! Firmament Holy is finished!"

"..."

The wills of Holies gathered in the void. They were really excited to see Zhenxu Great Holy appear.

Zhenxu Great Holy is the most formidable trump card of the zhenxu divine race. A quasi-Empyrean rank powerhouse equipped with an Empyrean grade secret treasure is enough to suppress an empyrean race.

A torrent of time appeared in front of Yang Feng, swept towards Cloud Dragon Great Holy and Silver Brilliance Great Holy, drew them inside, and fled into the distance.

Countless ruler series battle robots rushed towards Zhenxu Great Holy like a tide at once.

"Firmament Holy, today is the day you die!"

Zhenxu Great Holy's eyes flashed ferociously. Lights shone, and huge zhenxu divine race warships appeared one after another behind him.

The four legions of the zhenxu divine race that went to suppress Yang Feng finally appeared.

8 Great Holy and 23 Holy rank auras emanated from the zhenxu divine race's warships.

The four legions are the most powerful force of the zhenxu divine race. They are an invincible spear of the zhenxu divine race.

Even if it's a quasi-Empyrean rank powerhouse, if they don't have the protection of an Empyrean grade secret treasure, they can fight the four legions of the zhenxu divine race to a draw at most.

Ever since Zhenxu Divine Kingdom was conquered by Yang Feng, the four legions of the zhenxu divine race have vanished without trace. And now they finally reappeared.

With eyes shot with blood, zhenxu divine race powerhouses flew out from the warships and, without regard for their life, rushed towards Yang Feng.

When Yang Feng conquered Zhenxu Divine Kingdom, who knows how many zhenxu divine race people died at his hands. These zhenxu divine race powerhouses are seething with rage.

Zhenxu Great Holy's eyes flickered with a ruthless shade, and he uttered coldly, "Firmament Holy, you're really ruthless and cruel. You actually killed countless people of the zhenxu divine race. Today is the day you die. I'll kill all your people. Even if they escape to the edge of the universe, I will never leave them alone."

"So it was a trap!"

"If it was Zhenxu Great Holy alone, Firmament Holy might still be able to escape with his life! But if the four legions are thrown into the mix, Firmament Holy is done for!"

"No, there are still others!"

"There are still others!"

"..."

The wills of Holies were suddenly looked into the void in surprise.

In the void, ripples rose, and a 1,000-meter-tall demonic ape covered in black fur walked out. There are 8 100-meter-tall demonic apes behind it. The 1,000-meter-tall demonic ape is a Great Holy, while the other 8 demonic apes are Holies.

With a ferocious gleam in its eyes, the 1,000-meter-tall demonic ape uttered coldly, "Firmament Holy, I am Black Meteor Ape Great Holy! My woman is from the zhenxu divine race! I came here to kill you!"

There was a ripple in the void.

Countless flames flashed, and a Great Holy rank fire giant shrouded in flames walked out from the void. Behind the fire giant, there is a fire dragon, a fire crow, and a fire snake. The three are all Holies.

The Great Holy rank giant covered in flames stared at Yang Feng, and his eyes shimmered with killing intent, "Firmament Holy, I am Overblaze Great Holy! I'm here to kill you!"

A meteorite flew over from afar, stopped, and split open. In the center of the meteorite sits a stunningly beautiful woman. Beside the stunning beauty, there sits an extremely handsome zhenxu divine race man.

The stunning beauty in the center of the meteorite sighed gloomily: "Firmament Holy, I am Yue Ning Great Holy. I didn't want to oppose you. But my husband is a member of the zhenxu divine race. Since you want to exterminate all people of the zhenxu divine race, then I am forced to kill you."

The extremely handsome zhenxu divine race man glared at Yang Feng and said, his eyes full of resentment, "Yue Ning, why bother talk with him? He's going to die anyway."

"Ha-ha! Firmament Holy, you are really domineering. Have you ever thought that today will be the day you die?"

A handsome Great Holy with a domineering air came out of the void and stared at Yang Feng with a ferocious smile.

"This space has been sealed off by us. Firmament Holy, surrender. If you surrender, I will plead with Zhenxu Great Holy to spare your race."

Ripples rose in the void, and a 1,000-kilometer-long extraordinary life form starry roc suddenly appeared. Behind the Great Holy rank starry roc, there are tens of thousands of starry rocs.

Starry rocs are born with the ability to freely control the law of space. Starry Roc Great Holy is among the top 10 Great Holies in the central starfield in terms of the mastery of the essence of space.

"Firmament Holy, you are too overbearing. The zhenxu divine race has friends all over Eternal Starfield. How can a mere human contend against it? If you had ascended the Empyrean throne and become the ninth Warlock Emperor of the human race, you would be qualified to say these words. But you aren't qualified yet!"

Gusts of intense wind blew, and Gale Great Holy formed from strong wind suddenly appeared. He stared at Yang Feng coldly, a gleam of ridicule in his eyes.

Ripples rose as Holies appeared one by one and stared at Yang Feng with intense killing intent.

"Black Meteor Ape Great Holy, Overblaze Great Holy, Flying Locust Great Holy, Yue Ning Great Holy, Starry Roc Great Holy, and Gale Great Holy! Six Great Holies have taken action!"

"Black Holy, Green Holy, Jixuan Holy, Taixing Holy... Fengxu Holy. A total of 36 Holies. 36 greater races. This time Firmament Holy is dead."

"The zhenxu divine race's underlying strength is really terrifying. Even though it suffered successive blows, yet it can still summon so many Great Holies and Holies. Firmament Holy is done for."

"..."

When the wills of Holies saw these powerhouses appear, they inhaled a breath of cold air. Even if it's a quasi-Empyrean rank powerhouse, if they were besieged by these formidable race, they would die without a doubt.

Upon seeing this scene, Waveroot Great Holy inhaled a breath of cold air: "An eternal empyrean race really deserves its reputation!"

Arcane Battle Great Holy licked his lips, and his eyes flashed with burning fighting spirit: "So many enemies. It will be quite the fight. However, things aren't too encouraging."

When Night Tiger Great Holy and Multi-colored Butterfly Great Holy saw the Great Holies and Holies, their complexion changed dramatically and their eyes flashed with the shade of regret. However, Night Tiger Great Holy and Multi-colored Butterfly Great Holy have zhenxu divine race blood on their hands. They can't turn back now.

The Holies that submitted to Yang Feng turned pale and felt uneasy. If it had not been for the soul restriction Yang Feng placed on them, they would have betrayed him and surrendered now.

All eyes focused on Yang Feng.

Yang Feng glanced at the void, looked at the Great Holies and Holies, and said with a cold smile, "It's only you trash?"

"Trash? Firmament Holy, you really have a big mouth! If you ascend the Empyrean throne in the future, we naturally won't be your opponents. But now, you're just an ant! Kill!"

Zhenxu Great Holy roared and brandished his sword, and a resplendent sword ray slashed towards Yang Feng.

The other powerhouses took action, as well. They cast spells and hurled attacks at Yang Feng.

With a cold gleam in his eyes, Yang Feng operated the Eternal grade treasure the Spirit Osta Fortress.

Countless runes shone, and the Spirit Osta Fortress inlaid with the bones of countless Holies, emanating Eternal rank fluctuations of power, covered in cracks, suddenly appeared.

In the center of the Spirit Osta Fortress, there is an Empyrean corpse, which emanates wisps of immortal Empyrean might.

The Empyrean corpse opened its eyes, stood up from the throne of bones, took a step, and unleashed a punch, and visions of the void collapsing, stars crumbling, and all kinds of other apocalyptic scenes suddenly emerged. The punch crossed a great distance and smashed the sword ray.

After smashing the sword ray, the Empyrean corpse, took another step and extended a hand towards Zhenxu Great Holy. Countless strands of corpse qi surged, suppressed the void, distort everything, and erode everything.

Chapter 1216 - Slaying Zhenxu Great Holy

Zhenxu Great Holy's eyes glimmered with a dignified shade, his blood burned, and the Zhenxu Divine Sword in his hand recovered and slashed at the Empyrean corpse with.

A collapsed ruin suddenly emerged, and an Empyrean skeleton inside the ruin opened its eyes, extracted its spine and turned it into a demonic sword, and slashed at the Empyrean corpse.

Corpse qi surged, suppressed the heaven and earth, and crashed down. The ruins shattered with one blow. Next, bone chains ejected from the Spirit Osta Fortress, crossed the void, and stabbed Zhenxu Great Holy.

When the bone chains stabbed Zhenxu Great Holy, countless runes shone, the law of karma launched, and Zhenxu Great Holy appeared on the throne of bones in the center of the Spirit Osta Fortress in an instant.

Bone chains pierced into Zhenxu Great Holy, shone with countless runes, and frantically eroded Zhenxu Great Holy.

Zhenxu Great Holy roared and madly cast various spells, yet the bone chains quelled everything.

A large mouth full of sharp teeth emerged from the Spirit Osta Fortress, engulfed Zhenxu Great Holy, and made hair-raising chewing sounds.

Amid the chewing sounds, Zhenxu Great Holy screamed miserably, and his aura weakened. In the end, everything became quiet.

“What’s that?”

“What is this secret treasure?”

“What’s this secret treasure? It’s actually able to kill a quasi-Empyrean rank powerhouse?”

“Zhenxu Great Holy was a quasi-Empyrean rank powerhouse. How could he be killed that easily?”

“Is this Firmament Holy’s trump card? How fearsome!”

“...”

When the Great Holies and Holies saw the Spirit Osta Fortress swallow Zhenxu Great Holy, fear took root in their hearts and they were filled with shock.

Countless flames surged, and Overblaze Great Holy cast a spell, turned into a stream of light, and escaped towards the outside. He didn’t even care about the Holies of his race.

When the Great Holies and Holies saw this scene, everyone’s expression changed dramatically, and they cast spells and escaped into the distance.

“It’s too late to escape!”

Yang Feng smiled coldly and waved his hand. A swarm of battle robots swept towards the Great Holies and Holies like a tide.

Yang Feng incarnated into a black hole, erupted with a terrifying devour force, and devoured one Holy after another.

The endless swarm of battle robots slaughtered the other race powerhouses. In the wake of the mechanical legion, large tracts of blood mist mixed with fragments floated in the void.

Blue Ridge Great Holy, Arcane Battle Great Holy, Waveroot Great Holy, as well as other Great Holies stepped in and killed the opposing Holies one after another.

“Starry Roc Great Holy, open the boundary!”

“Hurry up and open the spatial boundary!”

“...”

When the Great Holies and Holies knocked into the boundary set up by the Starry Roc Great Holy, they bounced back, and then shouted in horror.

“Sh*t! The space is sealed! Curses! No, stop! Firmament Holy, stop!”

Starry Roc Great Holy’s face fell, and it roared in despair.

A swarm of Dazzling Light Units resonated and fired a pillar of light at the area where Starry Roc Great Holy is located.

When it was swept by the pillar of light, half of Starry Roc Great Holy's body was erased.

"I'll fight you! Firmament Holy! You bastard! You..."

Starry Roc Great Holy just let out a roar of grief and indignation, when a black hole riding a torrent of time knocked into it.

A green halberd ray tore the firmament and cleaved Starry Roc Great Holy in two, and then the black hole swallowed the other party.

"Kill him, kill Firmament Holy!"

"Kill him and we'll have a way out!"

"..."

When the Holies and Great Holies saw the black hole, their eyes glimmered fiercely, and they cast spells and attacked Yang Feng.

A torrent of time instantly appeared, the flow of time around Yang Feng accelerated one hundred-fold, and he flew towards the mechanical legion.

Thousands upon thousands of Vajra Rulers suddenly emerged, raised their giant shields, resonated with one another, formed a fortresses, and rushed towards the attacks of the Holies and Great Holies.

When the torrent of spells formed by the attacks launched by the Holies and Great Holies hit the Vajra Rulers, blinding light shone. 10,000 plus Vajra Rulers were directly blown to pieces.

The Holies and Great Holies were too focused on Yang Feng, giving the ruler series battle robots a chance.

A dozen plus Blade Rulers suddenly erupted and slashed at a Holy.

Since the Holy had just destroyed hundreds of 6th generation battle robots and cast a powerful offensive spell to attack Yang Feng, he was momentarily not able to exert any strength.

A Blade Ruler suddenly erupted with pinnacle Warlock Monarch rank power, sliced apart the Holy's magic shields, and then left a gash on the other party's body.

The rest of the Blade Rulers brandished their blades wildly and hacked the Holy into pieces.

After the Holy was killed, the first Blade Ruler erupted with countless runes and absorbed the surrounding Blade Rulers.

The energies within 10,000 kilometers surged and poured into the Blade Ruler, enabling it to evolve into a Holy Spirit Warlock rank Blade Ruler.

After the Spirit Osta Fortress quelled Zhenxu Great Holy, the Empyrean corpse took another step, appeared in front of Overblaze Great Holy, and extended a hand towards the other party.

With a fierce gleam in his eyes, Overblaze Great Holy roared, shone with countless runes, and belched a fire dragon constructed from Fire of Purification. The fire dragon flew towards the Empyrean corpse.

That Fire of Purification is a treasure Overblaze Great Holy spent 100,000 years to refine and it can purify all evil and dark forces. Even if it is a quasi-Empyrean rank Empyrean corpse, it will receive serious damage when burned by the Fire of Purification.

The Empyrean corpse emanated corpse qi from its hand that swept towards the fire dragon. Countless wisps of black smoke emerged as the corpse qi was burned and the fire was extinguished by the corpse qi.

The two sides were deadlocked for a moment. Then the Empyrean corpse extended its hand, grabbed Overblaze Great Holy, stuffed him into its mouth, and started chewing.

“Firmament Holy, give me a way out! I won’t oppose you ever again. I’ll do anything you want, including killing this man. I will kill all zhenxu divine race people that have married into my race! Spare my life!”

When she saw this scene, the exceptionally beautiful Yue Ning Great Holy shivered. She spread the fingers of her hand and stabbed her hand into the zhenxu divine race Holy beside her, and countless lights twisted and crushed her husband.

“Now that you have seen my trump card, you all have to die. If you don’t die, I won’t be able to advance further.”

Yang Feng’s incarnation of a black hole suddenly appeared, swept towards Yue Ning Great Holy, drew her inside, and frenziedly devoured her life origin.

Gale Great Holy shouted madly, eyes shot with blood, “Kill him! Kill Yang Feng! Only by killing him can we live!”

The Spirit Osta Fortress’s Empyrean corpse took a step forward, extended a hand, erupted with countless wisps of corpse qi, and shattered the magic shields around Gale Great Holy. Then the Empyrean corpse grabbed Gale Great Holy, stuffed him into its mouth, and chewed.

The zhenxu divine race Holies and Great Holies cast spells and attacked the Spirit Osta Fortress.

Under the siege of the zhenxu divine race powerhouses, the Spirit Osta Fortress activated a magic boundary containing wisps of Eternal might. When the spells of the zhenxu divine race powerhouses slammed into the boundary, they set off ripples.

The huge mechanical legion fought frenziedly with the zhenxu divine race powerhouses. Except for Holies and Great Holies, the other zhenxu divine race powerhouses died continuously to the battle robots.

Yang Feng incarnated into a black hole, trod a torrent of time, and devoured Holies one after another, weakening the forces of the zhenxu divine race.

The camp of the zhenxu divine race suffered countless casualties. It is showing signs of defeat.

The Holies and Great Holies cast spells and hurled attacks at the spatial boundary.

The spatial boundary was a boundary Starry Roc Great Holy set up with the power of its race. Even when using an Empyrean grade secret treasure, it will be difficult to break it. Furthermore, Yang Feng's Space Rulers reinforced the spatial boundary, making it even more resilient.

While being besieged by countless battle robots, the Holies and Great Holies cannot utilize their full strength to destroy the spatial boundary.

"Firmament Holy, stop! They are powerhouses of the Eternal Ancient Road's central starfield. They are the essence of our universe. Each Holy is an asset in the fight against the other universe. For the sake of the big picture, please stop! Don't damage the vitality of our universe."

There was a ripple in the void, and a handsome and burly young man with a golden ogre horn and white hair slowly walked out, looked at the hell like battlefield, and sighed slightly. He emanated quasi-Empyrean rank fluctuations of power.

"Golden Ogre Great Holy!"

"Golden Ogre Great Holy, help us."

"Golden Ogre Great Holy, please help us!"

"..."

On the other side of the spatial boundary, miserable cries erupted. While struggling to hold on, the Holies and Great Holies cried madly for help.

Golden Ogre Great Holy is a quasi-Empyrean rank powerhouse of the empyrean eternal race the golden ogre race. He is one of the top ten bigwigs of the central starfield and has the potential to attack the Empyrean throne.

Yang Feng replied coldly, "That's impossible! Since they came to ambush me together with the zhenxu divine race, they must be ready for their races to be exterminated. Golden Ogre Great Holy, does the golden ogre race want to be my enemy?"

Chapter 1217 - Quasi-Empyrean Bow Their Heads

Golden Ogre Great Holy narrowed his eyes slightly and said slowly, "The zhenxu divine race is related to countless strong races in Eternal Ancient Road through marriage. Firmament Holy, are you going to kill them all? In this way, you won't be able to take a step in the central starfield without bumping into an enemy."

Yang Feng uttered coldly, "So what? When I go and destroy their races, some are bound to bow their heads to me. Moreover, although the zhenxu divine race is related to many strong races through marriage, but it's only some individuals that are related through marriage. As long as those races hand over the people from the zhenxu divine race, I can let bygones be bygones and pretend that nothing happened."

"I see!"

“Good!”

“Firmament Holy does have a sense of propriety!”

“...”

The wills of Holies immediately relaxed.

The zhenxu divine race is indeed related to many strong races of the central starfield through marriage. But it's not like every individual of the strong races is married to a person from the zhenxu divine race. As long as they hand over the people of the zhenxu divine race, Yang Feng will let bygones be bygones. This allowed the strong races of the central starfield release breath a sigh of relief.

Yang Feng swept the wills of Holies that gathered in the void with his gaze, smiled coldly, and said, “Cosmic Eyes Tiger Great Holy, Starmoon Sky Snake Great Holy, I want to see Michaelia in three days, alive. Otherwise, I will destroy you just like the zhenxu divine race. By then, your vassals must exchange the heads of Holies and Great Holies of your two races in order to be pardoned, or else I'll destroy and bury them together with Michaelia.”

Even if there are no wills of Cosmic Eyes Tiger Great Holy and Starmoon Sky Snake Great Holy hidden among the wills of Holies gathered here, there are definitely wills of their subordinates.

“Stop, Firmament Holy! I surrender! Spare my life!”

A black hole flashed and drew in Flying Locust Great Holy, and the other party screamed bitterly.

After the black hole swallowed Flying Locust Great Holy, it disappeared into the sea of battle robots and proceeded to devour Lying Locust Great Holy.

After dozens of breaths of time, ashes flew out from the black hole.

“How cruel! Firmament Holy won't even let them surrender!”

“That's the most dreadful genius of the human race for you!”

“That's the essence of devour. With every Holy he devours, his foundation can become more robust by a fraction. It's not surprising that he wants to kill them all.”

“...”

The wills of Holies transmitted fluctuations and commented.

Golden Ogre Great Holy took a deep look at Yang Feng devouring Holies, sighed slightly, and then blurred and disappeared.

At Eternal Star.

Starmoon Sky Snake Great Holy stared at the Spirit Osta Fortress with fear in his eyes and said slowly, “Can you resist that secret treasure?”

Cosmic Eyes Tiger Great Holy shook his head slightly: “Not at all! That secret treasure is Firmament Holy's trump card! It's terrifyingly strong! Only if four powerhouses with the same cultivation base as us equipped with Empyrean grade secret treasures join forces, may it be possible to deal with it.”

Starmoon Sky Snake Great Holy frowned slightly and asked, "Then do we release Michaelia?"

Cosmic Eyes Tiger Great Holy uttered decisively, "Let's release her! We should not offend such a vicious character. As long as Michaelia is not dead, there is still room for turning things around. At most, we'll pay hundreds of Springs of Immortality and bow our heads to him."

Yang Feng killed a Great Holy of the cosmic eyes tiger race, forging a great enmity with the cosmic eyes tiger race. But Yang Feng possesses terrifying strength and his methods are vicious, to the point that he's even going to exterminate an eternal empyrean race like the zhenxu divine race. Cosmic Eyes Tiger Great Holy isn't willing to gamble on the fate of his race.

Starmoon Sky Snake Great Holy pondered for a moment and nodded.

Two lights flashed, and the two Great Holies disappeared from the star.

Poxrena Star's outer space.

The starry sky is full of debris, parts, and fragments. Spatial rifts are everywhere. If a Holy rank powerhouse comes near the spatial rifts, they will be directly swallowed and torn to pieces.

Countless engineering robots are flying in the void and cleaning up the battlefield.

"Cosmic Eyes Tiger Great Holy and Starmoon Sky Snake Great Holy request an audience with Firmament Holy!"

There was a twist in the void, and the two quasi-Empyrean rank powerhouses walked out.

Light shone, and Yang Feng appeared in the starry sky.

Behind Yang Feng, there are 10 Great Holies.

With an indifferent look on his face and a glimmer of killing intent in his eyes, Yang Feng asked in a frigid voice, "What's the matter? Do you want to fight me to the death?"

"Zhenxu Great Holy was demented and attacked your good friend Michaelia. As his good friends, the two of us tried to persuade him against it. But he didn't listen. So we could only step in and barely protect Michaelia's safety. Since we were also at fault this time, we are willing to pay you 500 Springs of Immortality each. What do you think?"

Starmoon Sky Snake Great Holy pointed with his hand. Ripples rose, and Michaelia, who has incarnated into an angel egg, appeared in the void.

"That's not enough! In addition, you have to help me procure materials on this list. Each one of you has to find at least three materials. If you are short on a material, you'll have to compensate me with a Great Holy."

When Yang Feng saw Michaelia, a soft shade flashed in his eyes. He flicked his finger, and two radiances entered the hands of the two quasi-Empyrean rank powerhouses.

Cosmic Eyes Tiger Great Holy sighed a slight sigh of relief and said with a light smile, "No problem!"

Starmoon Sky Snake Great Holy frowned slightly and replied decisively, "Okay!"

The materials Yang Feng asked for are all rare and precious materials needed to refine the level-7 stronghold. Only eternal empyrean races are able to take out such rare materials so readily.

Cosmic Eyes Tiger Great Holy waved his hand, and the angel egg flew towards Yang Feng's side.

Yang Feng hugged the angel egg and heaved a sigh of relief.

These days, Yang Feng killed countless powerhouses for Michaelia's sake. If he had not eliminated Zhenxu Great Holy, Cosmic Eyes Tiger Great Holy would not have handed Michaelia over that easily.

Two radiances shone. Yang Feng grabbed two spatial treasures, scanned them with his soul force, and revealed a pleased smile, "This matter is over. I will only attack the people from the zhenxu divine race."

"Thank you, Firmament Holy!"

Cosmic Eyes Tiger Great Holy and Starmoon Sky Snake Great Holy smiled faintly, turned into streams of light, and disappeared.

Yang Feng held Michaelia's incarnation of an angel egg, blurred, and disappeared.

"The gloweye race was wiped out! Zhenxu Great Holy was slayed!"

A piece of information appeared in the Holy Forum and the forum exploded again.

"Firmament Holy slayed Zhenxu Great Holy? How is this possible?"

"Zhenxu Great Holy was a quasi-Empyrean rank powerhouse and had an Empyrean grade secret treasure. How could Firmament Holy slay him?"

"As a quasi-Empyrean rank powerhouse, even if Zhenxu Great Holy was defeated, there's no way he could be killed that easily. How is this possible?"

"Impossible! This is absolutely impossible!"

"..."

When that news appeared, the Holies and Great Holies in the Holy Forum were shocked and couldn't believe it.

As an empyrean race, the gloweye race was really strong. Ordinarily, the destruction of an empyrean race is a major event that would stir Eternal Starfield.

However, the news that the gloweye race was wiped out is far less shocking than the news that a quasi-Empyrean was killed.

Every quasi-Empyrean is an old monster in Eternal Starfield, the backbone of an empyrean eternal race, an invincible existence.

As long as a quasi-Empyrean rank powerhouse is willing to pay the price, they can fight two empyrean races to a draw.

A quasi-Empyrean rank powerhouse is incredibly strong. If they come across any danger, they can directly get away. In Eternal Ancient Road's central starfield, for the past 100,000 years, there hasn't

been any news of a quasi-Empyrean rank powerhouse being killed. There has only been some news of quasi-Empyreans running out of lifespan and dying.

At Anthunder Star.

“Firmament Holy Yang Feng is really formidable. Even Zhenxu Great Holy died at his hands. It turns out he was still hiding such a card. Fortunately, I didn’t make an enemy of him.”

When Cyan Thunderbolt Great Holy saw the news on the Holy Forum, he felt his blood run cold.

At a secret place in the central starfield.

The devastatingly beautiful Phoenix Princess looked at the Holy Forum, her beautiful eyes shimmered with unwillingness, and he murmured, “Even a quasi-Empyrean died at his hands. Firmament Holy Yang Feng is becoming more and more dreadful. Can I compete with him?”

A commotion rose in the central starfield.

Yang Feng’s mechanical legions attacked Holy stars occupied by the zhenxu divine race without stop. Everywhere they passed, they were invincible. The vassal races of the zhenxu divine race betrayed it one after another, offered Yang Feng the severed heads of zhenxu divine race powerhouses, and became his subordinates.

In the central starfield, countless powerful races directly drew a line with them and the zhenxu divine race, killed all zhenxu divine race people among them, and offered their heads to Yang Feng.

As an eternal empyrean race, the zhenxu divine race has tremendous forces hidden in the central starfield. Similarly, these forces fled to the depths of the universe.

Many zhenxu divine race powerhouses also tried to attack the stars captured by Yang Feng. But as soon as they appeared at those stars, they were surrounded and killed by the battle robots stationed at there.

Yang Feng’s mechanical legions leveled anything in their way, captured all the celestial bodies occupied by the zhenxu divine race and its vassals, and then stopped the expansion.

The 13 eternal relic sites controlled by the zhenxu divine race fell into Yang Feng’s hands.

Among the 13 eternal relic sites, 10 were specially used to cultivate powerhouses below the Holy rank. Only three relic sites have an effect on powerhouses at Holy rank or above.

Chapter 1218 - Michaelia Advances to a Great Holy

The three eternal relic sites that have effect on Holy rank powerhouses are Zhenxu Divine Pool, Eternal Star, and Shenxu Garden.

In the center of a huge star, there is a pool with a diameter of only 100 meters. The pool is clear and transparent. You can see the bottom of the pool.

The star extracts the power within tens of thousands of light-years and gathers it into the pool, nourishing the pool that is less than 100 meters in diameter. The whole star is devoid of any signs of

vitality. All the power is channeled into the pool. This pool is one of the pillars of the zhenxu divine race, the eternal relic site Zhenxu Divine Pool.

Zhenxu Divine Pool has the incredible effect of rebuilding the body, recasting the foundation, and nourishing the soul. Even if it's a quasi-Empyrean rank powerhouse, they can heal wounds dealt to their soul in Zhenxu Divine Pool.

The reason why the zhenxu divine race was able to produce Great Holies one after another was because of the support provided by Zhenxu Divine Pool.

At the moment, an angel egg is floating in the center of Zhenxu Divine Pool. It is absorbing the power of the pool.

Standing aside, Yang Feng pointed with his hand, and countless treasures of heaven and earth flew into a golden Holy grade secret treasure called the Angel Vessel.

The Angel Vessel is a treasure a quasi-Empyrean rank human powerhouse once forged. It is specially used to cultivate angels.

As long as specific treasures of heaven and earth are put into the Angel Vessel, the vessel will produce Angel Sacred Dew. A drop of Angel Sacred Dew can enable a Great Warlock rank angel to evolve into a Moonlight Warlock rank angel.

The Angel Vessel shone with countless runes, and golden Angel Sacred Dew gushed out from the vessel and poured into the angel egg continuously.

As the angel egg absorbed the Angel Sacred Dew, tremendous vitality oozed out from it.

Crack!

Three days later, a crisp sound sounded and the angel egg cracked.

In an instant, within tens of thousands of light-years, countless wisps of universe energies rushed over, forming a frightening energy vortex.

A stream of power turned into a pillar of light and poured into the angel egg.

"Great Holy! Someone is advancing to a Great Holy!"

"This is someone advancing to a Great Holy!"

"Could it be that Firmament Holy is the one advancing to a Great Holy? How could it be so fast?"

"..."

Outside Zhenxu Holy Pool, when the spies arranged by the major forces sensed the changes in the world, their expression changed dramatically and their eyes shimmered with a dignified color.

For any race, the birth of a Great Holy is a major event. Even if it's an empyrean eternal race, the birth of a Great Holy is a major event that can affect the ranking of the eternal empyrean races.

After the pillar of light disappeared, the angel egg split open, and Great Holy rank fluctuations of power spread.

Yang Feng's eyes flashed with a peculiar shade, and he praised secretly "As expected of variants of heaven and earth. So long as there is enough resources, they can continue to evolve."

As an angel empress, Michaelia is one of the strongest variants of heaven and earth of the universe. As long as she has sufficient resources, she can evolve to a quasi-Empyrean without running into bottlenecks.

Of course, variants of heaven and earth are also shackled by bloodline and restricted by the universe's energy level. It is very difficult for them to evolve into a Warlock Emperor rank being.

Only during the Eternal Sovereign age, where there true spirit level variants of heaven and earth born with Warlock Emperor rank strength. Now it's really hard for even a true dragon to promote to a Warlock Emperor.

"Big brother! You saved me. That's great."

Michaelia flew out of the angel egg, jumped into Yang Feng's arms, and uttered coquettishly.

When Yang Feng smelled the familiar scent coming from Michaelia, the killing intent in his heart dispersed slowly.

Michaelia looked up, and her eyes flickered with scorching fighting spirit, "Big brother, I advanced to a Great Holy. Shi Yu is definitely not my opponent now. Is she back yet?"

As soon as Shi Yu appeared, she restrained Michaelia. Now Michaelia's biggest wish is to teach Shi Yu a good lesson.

Yang Feng sighed slowly, "Not yet! I still don't know about have her whereabouts. The only thing for certain is that she hasn't died yet."

Starmoon Sky Snake Great Holy admitted that he sent Great Holies to hunt down Shi Yu at the time. But unexpectedly, Shi Yu's combat power was not only amazing, but she also possessed a variety of life-saving secret treasures. She escaped from her pursuers.

Even when using the Fate Algorithm, Yang Feng still can't find any traces of Shi Yu. But thanks to the fate force, he can only vaguely feel that Shi Yu is still alive.

Michaelia gritted her teeth and said, "It's that goddamn Divine Imperator! I must kill him to avenge older sister Shi Yu."

When she sealed herself and became an angel egg, Michaelia could still sense things outside. Zhenxu Great Holy and the other two Great Holes spoke without reservation. As a result, she learned that Divine Imperator had instructed to capture the two girls.

Without Divine Imperator's guidance, even a quasi-Empyrean rank powerhouse wouldn't be able to find top Holies such as Michaelia and Shi Yu.

When Yang Feng swept away the forces of the zhenxu divine race in the central starfield, several zhenxu divine race Holies fled the central starfield and disappeared. Consequently, even though it's Yang Feng, he can't find them.

Yang Feng's eyes flashed with intense killing intent, and he uttered in a cold voice: "Divine Emperor! I'll deal with him sooner or later!"

Divine Emperor, Darkglare Emperor, and Young Lightning Empyrean are the three most incredible prodigies of Eternal Ancient Road's central starfield. Each one of them is the reincarnation or a fallback of an Empyrean. Naturally, they are far stronger than other powerhouses of the same realm.

When Yang Feng killed Young Lightning Empyrean, Divine Emperor and Darkglare Emperor were greatly alarmed. However, he didn't expect that Divine Emperor would be this vicious. If Yang Feng made the slightest mistake, he might have become a pile of bones on Eternal Star already.

Yang Feng's eyes flickered coldly, and he said slowly, "But before that, the most important thing is to upgrade our strength."

As the overlord of an era, Divine Emperor is extremely powerful and possesses unfathomable underlying strength. Yang Feng doesn't dare to strike at him rashly.

Zhenxu Divine Kingdom is the nest of the zhenxu divine race. After Yang Feng defeated the zhenxu divine race, Zhenxu Divine Kingdom fell into his hands.

The whole Zhenxu Divine Kingdom has now become a huge fortress filled with all kinds of mechanical towers and munitions factories, manufacturing all kinds of weapons.

In the center of Zhenxu Divine Kingdom, a beautiful and luxurious palace has been built. The palace is the core of Zhenxu Divine Kingdom and is constantly extracting elemental particles from the surroundings.

Sitting in the center of a shrine, Yang Feng pointed with his hand. The Xi Shen Armor shone, erupted with countless runes, turned into a black hole, and swallowed the Empyrean grade secret treasure the Gloweye Crown.

After the Xi Shen Armor swallowed the Gloweye Crown, it shone with countless runes and vibrated.

The Gloweye Crown exuded immortal Empyrean might and resisted the Xi Shen Armor's swallowing.

The Gloweye Crown is a secret treasure that has been passed down in the gloweye race for countless years and has birthed a spirit. Naturally, it is unwilling to be devoured by the Xi Shen Armor.

Yang Feng looked at the struggling Gloweye Crown with a cold glimmer in his eyes. He erupted with countless runes, took a step, and integrated with the Xi Shen Armor.

The Xi Shen Armor glittered with countless runes, changed into a black hole, and swept towards the Gloweye Crown.

Terrifying devour force shrouded the Gloweye Crown and frantically devoured it.

After persevering for only four hours, the Gloweye Crown began to collapse and integrate into the Xi Shen Armor.

The black hole disappeared, revealing the Xi Shen Armor. There is now a vertical eye containing infinite mysteries on the Xi Shen Armor.

After the Xi Shen Armor devoured the Gloweye Crown, tremendous pure power and countless bodies of information poured into Yang Feng.

Feeling the changes in his body, Yang Feng raised the corners of his mouth into a smile: “The Xi Shen Armor bears my path. The more Empyrean grade secret treasures it can devour, the stronger I will become. Unfortunately, every Empyrean grade secret treasure has a master. It’s hard to get one.”

Empyrean grade secret treasures are really rare. The Zhenxu Divine race had only the Zhenxu Divine Sword as its Empyrean grade secret treasure. But the Zhenxu Divine Sword was refined by the Spirit Osta Fortress.

In this war, Yang Feng only harvested the Gloweye Crown.

In the central starfield, there are many empyrean races, each of which has one Empyrean grade secret treasure. However, the relationship between the empyrean races in the central starfield is really close.

This time, Yang Feng went crazy for the sake of Michaelia and destroyed the gloweye race that harbored people from the zhenxu divine race. He had a valid enough excuse to destroy an empyrean race. But if he tries to eliminate an empyrean race without rhyme or reason, the empyrean races and eternal empyrean races of the entire central starfield will no longer put up with him.

Yang Feng spread the fingers of his hand, and a Zhenxu God Tree fruit appeared in his hand. He consumed the fruit and closed his eyes.

The Xi Shen Armor shone, and the Kunmo Stone embedded in the core of the Xi Shen Armor channeled a tremendous amount of power into Yang Feng.

In an instant, a mysterious law was triggered, and, within millions of light-years, a tremendous amount of universe energies frantically surged towards Zhenxu Divine Kingdom.

The Xi Shen Armor turned into a black hole that frenziedly devoured the universe energies within millions of light-years.

Terrifying energy storms surged within millions of light-years.

Chapter 1219 - Advancing to the Great Holy Realm

Countless treasures of heaven and earth flew out and flew towards Yang Feng.

A black hole emerged around Yang Feng and engulfed the treasures of heaven and earth.

Countless runes appeared on Yang Feng’s body. A black hole suddenly rose, suspended in the void, and increased in size. Each time the black hole increased in size, it’s diameter expanded ten-fold. It’s diameter expended from 100 meters to 1,000 meters, then to 10,000 meters, and eventually to 100,000 kilometers.

The energies within millions of light-years converged and were devoured by the terrifying black hole.

Great Holy rank aura oozed out from Yang Feng and soared into the sky.

“Another one has advanced to a Great Holy!”

“A black hole, the essence of devour! It’s Firmament Holy!”

“Firmament Holy has advanced to a Great Holy!”

“What fast speed!”

“He actually advanced to a Great Holy! Is there anyone who can keep him in check?”

“...”

As soon as the spies of the major forces saw the terrifying black hole, their expression changed greatly, and they transmitted the news back to their forces.

“Firmament Holy advanced to a Great Holy!”

This news appeared on the Holy Forum, and the forum exploded.

“Impossible? How can it be so fast?”

“Firmament Holy Yang Feng has cultivated for less than 1,000 years, how could he have advanced to a Great Holy so fast?”

“How is that possible? Divine Emperor and Darkglare Emperor have yet to advance to the Great Holy realm. How can Firmament Holy have promoted to a Great Holy so fast?”

“Is he really going to be the ninth Warlock Emperor of the human race?”

“...”

The Holy Forum was in an uproar as countless Holies and Great Holies commented one after another.

The immortal body of a Great Holy rank powerhouse is close to perfection. Every Great Holy is a world-shaking being. Many races are unable to produce a single Great Holy even after countless years. Yet Yang Feng, who has cultivated for less than 1,000 years, has already set foot in the Great Holy field. This is simply incredible.

Anthunder Star.

Cyan Thunderbolt Great Holy looked at the Holy Forum, and his eyes flashed with shock: “Great Holy! So fast! How can he advance to a Great Holy so quickly? Even the eight Warlock Emperors of the human race weren’t as fast as him. Truly incredible. He’s a peerless genius of this era for a reason.”

The cosmic eyes tiger race’s home star, Tiger Lit Star.

In a secret realm on Tiger Lit Star, sitting in the middle of a blue ocean, Cosmic Eyes Tiger Great Holy’s eyes flickered with shock, “Advanced to a Great Holy. What fast speed! Firmament Holy, how can he cultivate so fast? He actually entered the Great Holy realm before Divine Emperor. Fortunately, I didn’t offend him too much.”

The starmoon sky snake race’s home star, Starmoon Divine Kingdom.

In Starmoon Divine Kingdom, in the center of 108 stars, there is a star sea constructed from star force. In the star sea, there are devastatingly beautiful starmoon sky snake race girls.

In the middle of the star sea, there is a person sitting. That person is Starmoon Sky Snake Great Holy.

Starmoon Sky Snake Great Holy sighed gloomily: "Great Holy! Firmament Holy is one step ahead of everyone. How dreadful! After he promoted to a Great Holy, who in Eternal Ancient Road will dare to oppose?"

Yang Feng eliminated the zhenxu divine race while in the Holy Spirit Warlock rank. However, as a Holy Spirit Warlock, he could still be wiped out in Eternal Ancient Road.

As long as a few quasi-Empyrean rank powerhouses used all kinds of trump cards and attacked with reckless abandon, they might still be able to kill Yang Feng. But now that Yang Feng promoted to a Great Holy, the difficulty of killing him increased more than ten-fold.

Myriad Souls Hall, in front of an Empyrean statue.

"Great Holy! To promote to a Great Holy so soon, Firmament Holy is really extraordinary. That's a monster with a perfect level soul for you."

Tyrant Dragon Holy looked at the news on the Holy Forum and said slowly, complicated emotions in his heart.

When Tyrant Dragon Holy awakened, Yang Feng was just a trifling Warlock Monarch. If it were not for the support of Brilliant Great Holy, Tyrant Dragon Holy wouldn't have cared about Yang Feng at all. However, this same Yang Feng has advanced to a Great Holy in less than 1,000 years, surpassing him by far. Naturally, he feels both envy and admiration towards the other party.

Eternal Ancient Road, central starfield, in an eternal relic site filled with fierce flames. The flames can burn Infinity Warlock rank powerhouses to ashes easily.

In the center of the eternal relic site shrouded in endless flames, there is a peerless beauty with extraordinary temperament. It is Phoenix Princess. Advanced Holy rank fluctuations of power are emanating from her.

Phoenix Princess sighed: "Great Holy, Firmament Holy has actually become a Great Holy already. Such an opponent is really despairing. Since he was able to defeat Young Lightning Empyrean, he is not a fool who would forcibly advance regardless of his foundation. He is way ahead of us on the Empyrean road."

Phoenix Princess is a pure blood phoenix powerhouse with Empyrean blood flowing inside her. As long as she continues to practice cultivation, she will advance to a Great Holy without any suspense in the future, and she will find it much easier to advance to a quasi-Empyrean than others. She is a peerless powerhouse unparalleled in the same realm.

But if Phoenix Princess wants to build up enough resources to advance to Great Holy, it will take her at least another 500 years. At this time, Yang Feng has already advanced to a Great Holy, nearly reaching the forefront of all prodigies of this era. Naturally, this filled her with worry.

"Firmament Holy! Firmament Holy actually advanced to a Great Holy!"

“That’s so fast!”

“Firmament Holy is so fast. Among the eight Warlock Emperors of the human race, none can match him in terms of speed of advancement.”

“ ... ”

Countless powerhouses in Eternal Ancient Road’s central starfield were shocked by the news.

The eternal relic site Brilliant Divine Domain.

Bright light shone as Azure Great Holy came to the center of Brilliant Divine Domain.

Azure Great Holy gazed at Divine Emperor surrounded by endless brilliant divine light and said slowly, a complex look in his eyes: “Lord, Firmament Holy Yang Feng advanced to a Great Holy!”

Surrounded by endless brilliant divine light, Divine Emperor opened his eyes slowly, and his eyes flashed with resplendent light.

Divine Emperor’s eyes surged with astonishment, and he uttered unhurriedly: “Firmament Holy advanced to a Great Holy? That’s really fast!”

“What? The zhenxu divine race was destroyed and Zhenxu Great Holy was killed?”

Divine Emperor scanned an intelligence crystal, and his forever tranquil face finally registered a slight change.

Azure Great Holy’s eyes flickered with a dignified shade, and he uttered, “That’s right. Firmament Holy used a secret treasure to kill Zhenxu Great Holy.”

Even if it’s a Holy Spirit Warlock with an Empyrean grade secret treasure, they can only hurt a quasi-Empyrean rank powerhouse at most. It is inconceivable that Zhenxu Great Holy was killed by Yang Feng.

Divine Emperor frowned slightly and said slowly, “Eternal grade secret treasure. It seems that Yang Feng has an Eternal grade secret treasure or the remains of an Eternal grade secret treasure in his possession. He’s a prodigy of this era for a reason. How dreadful. I can’t let him continue to grow.”

“It seems that I have to step in myself!”

Divine Emperor’s eyes flickered coldly, and he surged with countless runes and turned into a vortex that crazily absorbed the surrounding brilliant divine light.

Within hundreds of thousands of light-years, energy tides rose, and a tremendous amount of energy gathered from all directions, formed a terrifying energy vortex, and poured into Divine Emperor.

Countless mysterious runes shone, and Great Holy rank fluctuations of power emanated from Divine Emperor and swept in all directions.

“Great Holy! Divine Emperor has also promoted to a Great Holy!”

“As expected of Divine Emperor, he’s really powerful. He could actually step into the Great Holy realm at any time.

“Firmament Holy finally met his match!”

“...”

On the edge of Brilliant Divine Domain, when the powerhouses of major forces detected Divine Emperor’s undisguised Great Holy rank fluctuations of power, the shade of elation flashed in their eyes.

The forces attached to Divine Emperor were agitated because Yang Feng promoted to a Great Holy. But when they learned that Divine Emperor promoted to a Great Holy, they settled down.

Azure Great Holy stared at Divine Emperor inside the brilliant divine light and revealed a smile: “As expected of the lord! He already reached this step!”

Inside the endless brilliant divine light, Divine Emperor breathed a tremendous amount of brilliant divine light. His aura rose from the junior Great Holy rank to the pinnacle intermediate great Holy rank before stopping.

The further you are on the path of cultivation, the harder it is to advance. For an ordinary powerhouse, to promote to the pinnacle intermediate Great Holy realm from the junior Great Holy realm is no less difficult than promoting to the Great Holy realm itself.

Divine Emperor, however, advanced to the pinnacle intermediate Great Holy realm as soon as he broke through the bottleneck. The resources he built up are beyond astonishing.

Divine Emperor opened his eyes and uttered flatly, a brilliant gleam in his eyes: “Send a message to Firmament Holy. In fifteen days, I want to fight him in Eternal Duel Arena.”

Azure Great Holy replied respectfully, “Yes! Lord!”

All of a sudden, ripples rose in Zhenxu Divine Kingdom’s outer space.

Three interstellar warships patrolling in the outer space shone and fired three Holy Slaying Artillery beams barreling towards the void.

Space Rulers suddenly appeared. The void distorted and turned into countless spatial blades.

“Stop! I am Azure Great Holy, a messenger sent by Divine Emperor!”

Light shone, and Azure Great Holy emerged from the void. He is covered in wounds due to the spatial blades.

Azure Great Holy just emerged from the chaotic space, when he was faced with the attack of three Holy Slaying Artillery. His countenance changed dramatically. Suddenly, 36 azure crystals appeared on him.

When the three Holy Slaying Artillery beams slammed into the boundary formed by the 36 azure crystals, they smashed the boundary and swallowed Azure Great Holy.

After the light of the Holy Slaying Artillery disappeared, the battered Azure great Holy was revealed.

Chapter 1220 - Emissary

“What powerful warships!”

Azure Great Holy glanced at the warship with apprehension in his eyes.

The primary artillery of the warships can inflict heavy damage to Great Holies. If Azure Great Holy hadn't activated a magic boundary in time, he would have received serious damage.

On average, Great Holy rank powerhouses have cultivated for upwards of 10,000 years. On the other hand, it takes at most a year to manufacture these warships that can threaten Great Holies. Azure Great Holy is proficient in countless secrets methods. At a glance, he can tell that it takes less than three months to construct one such warship.

Lights shone as warships appeared one after another. A total of 30 warships appeared in the void.

Thousands upon thousands of battle robots appeared in the void and surrounded Azure Great Holy.

“You are Divine Imperator's messenger? Come with me! The lord wants to see you.”

Anchaman Great Holy came out of the void, glanced at Azure Great Holy, and said coldly, a look of disdain in his eyes.

Azure Great Holy nodded and followed Anchaman Great Holy to Zhenxu Divine Kingdom.

In a luxurious palace, Yang Feng, with his power restrained internally, is sitting on a throne. He looks just like an ordinary person.

There are Holies and Great Holies standing in front of the throne.

“Well met, Firmament Holy!”

When Azure Great Holy entered the palace, he greeted Yang Feng.

Yang Feng asked coldly, “Why did Divine Imperator send you to see me?”

Azure Great Holy smiled and said, “Firmament Holy, Divine Imperator wants to have a duel with you in Eternal Duel Arena.”

Cloud Dragon Great Holy's expression changed greatly, and he said, “Eternal Duel Arena? Your majesty, you can't agree to that. Eternal Duel Arena is an eternal relic site. Once you enter Eternal Duel Arena, you will be cut off from the outside world. Only when one party dies can the other party leave the arena alive. Your majesty, you cannot be impulsive and go to Eternal Duel Arena to fight Divine Imperator.”

Silver Brilliance Great Holy's countenance changed dramatically, and he said, “Your majesty, you are destined to ascend the Empyrean throne in the future. There is no need for you to duel Divine Imperator now. In a few hundred years, no one will be your opponent.”

Yang Feng's cultivation speed is faster than that of reincarnations of old monsters like Divine Imperator, Darkglare Emperor, and Young Lightning Empyrean. If he doesn't die, he is bound to become the ninth Warlock Emperor of the human race. Cloud Dragon Great Holy and them naturally do not want Yang Feng to take risks.

Yang Feng raised his hand, and the Holies and Great Holies who tried to advise him shut up.

Yang Feng smiled coldly and said, "What makes Divine Emperor think I will fight him? Divine Emperor is the reincarnation of an Empyrean. Upon advancing to a Great Holy, he can fully master Great Holy rank power. On the other hand, it will take me at least 10 years to fully master Great Holy rank power. What makes him think I'm going to fight him now?"

The reincarnations of old monster can quickly master the power of each greater realm upon advancement. After all, they have mastered that power before.

But a rookie Great Holy like Yang Feng needs to practice cultivation for a period of time before being able to truly grasp the Great Holy rank power.

Azure Great Holy smiled and said in reply, "My lord knows about Shi Yu's whereabouts. Firmament Holy, if you agree to fight him, then my lord will tell you her whereabouts if you win. Furthermore, as long as you win, all the forces subordinated to my lord will swear allegiance to you."

"What a great stake!"

"All the forces subordinated to Firmament Holy are indeed a great stake!"

"..."

The Great Holies inhaled a breath of cold air, and their eye flickered with a dignified shade.

As the reincarnation of a Warlock Emperor, Divine Emperor has countless treasure-troves and subordinated powerhouses. His forces are spread all over Eternal Ancient Road. Back then, he even sent a couple of Holies to capture Jade Sound Music Holy.

In terms of forces alone, Divine Emperor is far above Yang Feng.

Yang Feng replied lightly, "It's only a matter of time before I surpass Divine Emperor."

Azure Great Holy uttered with a smile, "My lord has the Blue Mirror of Fate, which contains the essence of fate. Firmament Holy, if you want the mirror, you can only obtain it on Eternal Duel Arena. Otherwise, when you ascend the Empyrean throne in the future, although my lord won't be your match, he'll still be able to escape easily."

"The Blue Mirror of Fate? One of the three great fate treasures! No wonder he was able to find the locations of Michaelia and Shi Yu."

Upon hearing this, Yang Feng's eyes constricted and flickered with a dignified shade.

The Blue Mirror of Fate, the Veil of Fate, and the Web of Fate are the three fate-type Empyrean grade secret treasures of the world of Warlocks.

These three fate-type Empyrean grade secret treasures are treasures refined by Eternal Sovereigns during the Eternal Sovereign age. Although the three Empyrean grade secret treasures do not possess powerful offensive power, but they contain the power of the essence of fate. They are treasures Empyreans desire the most.

The eight Warlock Emperors of the human race suppressed an era, shocked the world, and nearly plundered all the treasures of the universe. However, none of them has ever obtained a fate-type Empyrean grade secret treasure.

Yang Feng said flatly, "If I get the Blue Mirror of Fate, it won't be hard to exterminate the remnants of the zhenxu divine race. Your master will let this treasure fall into my hands?"

At this time, the power Yang Feng holds is already astonishing, surpassing that of an eternal empyrean race. And it's increasing day by day. Countless battle robots and ruler series battle robots are being produced by munitions factories. The remnants of the zhenxu divine race are not Yang Feng's opponents at all. However, since the remnants of the zhenxu divine race contain Holies, it's difficult for Yang Feng to chase after them now that they escaped into the vast universe.

But once the Blue Mirror of Fate falls into Yang Feng's hands, the remnants of the zhenxu divine race will be screwed. They will no longer be able to escape Yang Feng's pursuit.

Azure Great Holy uttered, "Only one person can return alive from Eternal Duel Arena. Firmament Holy, if you kill my lord, you are sure to become the Empyrean of this era in the future. Once the Blue Mirror of Fate falls into your hands, it will increase the vitality of our universe. Conversely, if you die, my lord will plunder everything you possess and become stronger. My lord promises that if you die, he won't retaliate against your subordinates and close ones. After all, our real enemy are powerhouses from Gumana Universe."

Yang Feng's eyes flashed with admiration, and he said decisively, "Divine Imperator is indeed a fearsome foe! Fine, I agree to fight him in Eternal Duel Arena."

The expressions of Cloud Dragon Great Holy and them changed slightly. But when they thought of the Spirit Osta Fortress, which can suppress quasi-Empyrean rank powerhouses, they felt reassured.

No matter how powerful Divine Imperator is, he just promoted to a Great Holy. He can't compare to a quasi-Empyrean. With the Spirit Osta Fortress in his possession, there's no way Yang Feng can lose.

Azure Great Holy smiled, saluted Yang Feng, and then blurred and disappeared.

"Divine Imperator and Firmament Holy are going to fight in Eternal Duel Arena!"

As soon as this news emerged, Holy Forum exploded.

"Divine Imperator is shrewd and ruthless. He forced Firmament Holy to accept his challenge."

"Divine Imperator bet everything this time. If Firmament Holy can kill him, everything he owns will become the spoils of Firmament Holy."

"Conversely, if Divine Imperator wins, he'll be able to obtain all of Firmament Holy's treasures. By then, no one will be able to restrain him."

"This is a fight between two unparalleled overlords. The person who survives this fight will become invincible in Eternal Ancient Road."

"Divine Imperator and Firmament Holy, who do you think will win?"

“Divine Emperor, of course. After all, he is the reincarnation of an Empyrean. Who knows how many fallbacks he has.”

“But Firmament Holy quelled Zhenxu Great Holy!”

“That’s right. If Divine Emperor can’t deal with Firmament Holy’s Eternal grade secret treasure, he will lose.”

“Divine Emperor may be stronger, but Firmament Holy has more formidable secret treasures.”

“...”

Countless Holies commented in Holy Forum. Holies flew to Eternal Duel Arena from far away.

In a fight in Eternal Duel Arena, only one person can escape with their life. Furthermore, that person will be able to swallow all the resources of the other party and become more powerful.

Anthunder Star.

Cyan Thunderbolt Great Holy’s eyes flashed with a dignified color, and he sighed: “The fight between these two will determine the structure of Eternal Ancient Road as a whole. I have to go! Firmament Holy Yang Feng, I didn’t expect that he would be able to grow so fast. If he wins, no one in Eternal Ancient Road will dare to oppose him.”

“I must see this fight with my own eyes.”

“I’m afraid this fight will determine who will be the Empyrean of this era! I must witness it with my own eyes.”

“Eternal Duel Arena, this fight will determine who will be the Empyrean in this era! I didn’t expect it to come so soon.”

“Firmament Holy and Divine Emperor are peerless prodigies of our universe. Unfortunately, only one of them can survive. The one who dies will become a stepping stone for the one who survives, making them stronger.”

“...”

Alarmed by the fight between Yang Feng and the Divine Emperor, the old monsters hidden in Eternal Ancient Road flew towards Eternal Duel Arena.

After slaying Young Lightning Empyrean, Yang Feng has become one of the three most formidable prodigies in Eternal Ancient Road. If he slays Divine Emperor as well, then only Darkglare Emperor will remain. However, after Yang Feng has digested everything that belongs to Divine Emperor, if Darkglare Emperor has no unique opportunities, he won’t be able to compete with Yang Feng.
