

## **MGE 1261**

### **Chapter 1261: Touching Wall of Eternity**

Upon seeing this scene, Cosmic Eyes Tiger Great Holy heaved a sigh, “Half a step, just half a step away! What a pity!”

Cyan Thunderbolt Great Holy’s eyes flickered with regret: “It’s the first time since times immemorial that someone has reached this far. It’s a pity. Just half a step away from being able to touch Wall of Eternity. This should be his limit.”

“What a pity!”

In the mysterious space, the quasi-Empyrean rank powerhouses of Eternal Ancient Road looked at Yang Feng with both joy and regret.

In front of Wall of Eternity, Yang Feng pulled back his leg, and the power that seemingly was going to crush him into powder disappeared.

“Do I have to promote to a quasi-Empyrean in order to be able to touch Wall of Eternity? But how can I promote to a quasi-Emperor quickly without touching Wall of Eternity?”

Yang Feng frowned, looked at Wall of Eternity, and sank into his thoughts.

At this time, Yang Feng is already a pinnacle Great Holy rank existence, only a step away from becoming a quasi-Empyrean rank powerhouse. However, since he laid a deep foundation, it’s much more difficult for him to advance to a quasi-Empyrean than to others.

Yang Feng visited all kinds of eternal relic sites in Eternal Ancient Road. Those eternal relic sites let him to break through and become a pinnacle Great Holy rank existence.

But according to his calculations, at the current speed, it will take him more than 1,000 years to advance to a quasi-Empyrean. In ordinary times, 1,000 would be nothing to Yang Feng. Yet this is the time when the two universes devour each other. 1,000 later, perhaps Gumana Universe’s Eternal Sovereigns will have arrived.

In Eternal Ancient Road, there are still some intact eternal relic sites. However, those eternal relic sites are hidden. Generally, they will only appear at specific times. They can only be encountered by a fluke.

Countless runes shone, and a river of time suddenly appeared next to Yang Feng. As soon as the river of time appeared, it resonated with Wall of Eternity, and the great pressure enveloping Yang Feng was reduced by a fraction.

“Sure enough!”

In the river of time, a huge spatial gate, a terrifying black hole, and a star that can destroy anything emerged.

The Blue Mirror of Fate and the Web of Fate, the two Empyrean grade secret treasures shone, flew into the river of time and emanated fate aura.

Yang Feng took a step towards Wall of Eternity again.

As if conjured by countless stars crushing down, a terrifying power appeared and ruthlessly smashed down on Yang Feng. Under the terrifying pressure, ordinary quasi-Empyreans would be forced to the ground.

Despite the terrifying power crushing down on him, Yang Feng still took a firm step, and then extended his hand and placed it on Wall of Eternity.

In an instant, countless runes shone on Wall of Eternity, and mysterious aura surged and flowed into Yang Feng.

“He did it! He touched Wall of Eternity!”

“He’s just a Great Holy! Yet he actually touched Wall of Eternity!”

“That’s Wall of Eternity that only Empyreans can touch! How is that possible?”

“Firmament Holy surprisingly touched Wall of Eternity. That is to say, he will become an Eternal Sovereign of our universe!”

“...”

When the Holies saw Yang Feng touch Wall of Eternity, their expression changed greatly, and they commented one after another.

Ever since Eternal Ancient Road was separated from the main world by Eternal Sovereigns, there has been a legend that anyone who touches Wall of Eternity prior to being promoted to an Empyrean may be able to become an Eternal Sovereign.

Wall of Eternity contains the mysteries of eternity. Even if you just watch it from a distance, you can still get great benefits.

But over the past countless years, no one has ever been able to touch Wall of Eternity while in the quasi-Empyrean realm, much less in the pinnacle Great Holy realm. Yang Feng was the first one.

Cosmic Eyes Tiger Great Holy’s eyes flashed with a complex color, and he sighed slowly: “He did it!”

Guang Hai Great Holy uttered faintly, “That’s really beyond my expectation. It looks like he is really favored by the universe.”

The quasi-Empyrean rank powerhouses looked at Yang Feng in front of Wall of Eternity with complicated emotions.

As tremendous power kept flowing into him from Wall of Eternity, it nearly made Yang Feng burst.

The Xi She Armor flashed slightly. The Kunmo Stone shone and kept absorbed the energy coming from Wall of Eternity.

A vast, almost endless world appeared in front of Yang Feng. In this world, true dragons coil and rocs soar. True spirits are running wild in this world and wielding their powers.

In a tract of magma, a red light shone, and a red rock exploded. From the red rock, a flame ogre enveloped by raging flames, with long, red hair and an ogre horn and engraved with mysterious runes on the head, emerged.

“From today on, I will be called Flame!”

The flame ogre faced the sky and roared, and Holy Spirit Warlock rank aura diffused from him.

Flame was a Holy Spirit Warlock rank existence the moment he was born. In present times, he could be regarded as a top powerhouse with few rivals. But in the times of true spirits, where Holies were as common as cabbages, he was nothing special.

Since his birth, Flame encountered one dangerous situation after another. After going through a number of battles, Flame’s friends died. In his grief, Flame embarked on the road of revenge.

As he continued to fight, Flame became stronger and stronger. After countless fateful encounters, he finally set foot into eternity and became Flame Eternal Sovereign.

After Flame stepped into eternity, the world collapsed, and then a new world appeared in front of Yang Feng and depicted the growth of another Eternal Sovereign.

The growth paths of one Eternal Sovereign after another appeared in front of Yang Feng.

As Yang Feng watched the growth history of the Eternal Sovereigns, he gained great benefits.

There are only six growth paths of Eternal Sovereigns recorded on Wall of Eternity.

When the 6th Eternal Sovereign’s path disappeared, a terrifying will descended into Yang Feng’s sea of knowledge.

In Yang Feng’s sea of knowledge, countless lights shine, and a tremendous amount of soul force coagulated into the figure of a handsome man with white hair.

The handsome man smiled and said, “Hello, Firmament Holy! I am Spirit Eternal Sovereign! An Eternal Sovereign that died a long time ago. Now you must take the last test. Kill me. If you succeed, you’ll be able to get mysteries of the eternal and my legacy. Conversely, if I kill you, I will carry out an incomplete rebirth with your body as my vessel.”

In the sea of knowledge, billows surged, and Yang Feng’s figure formed.

Yang Feng frowned slightly and asked, “Spirit Eternal Sovereign? What does incomplete rebirth mean?”

Spirit Eternal Sovereign answered indifferently, “My true body has already died. Now only a discarnate soul of my true body remains. Even if I kill you, I can’t be reborn completely.”

“In that case, go and die!”

With a cold shimmer in his eyes, Yang Feng spread the fingers of his hand, and a black hole suddenly emerged and swept towards Spirit Eternal Sovereign.

“Essence of devour! Not bad! As expected of a peerless prodigy who touched Wall of Eternity prior of advancing to the Empyrean realm and a future eternal seedling. Unfortunately, this level of black hole can’t harm me.”

Spirit Eternal Smiled and pointed with a finger, and a sword formed from soul force appeared, changed into a huge sword 10,000 kilometers long, and slashed the black hole.

In an instant, the black hole was split open, and then collapsed.

“Your skill in using the soul is too low! However, your soul itself is very strong. Your soul aptitude has already surpassed that of many Empyrean’s. Amazing.”

Runes full of the mysteries of the soul appeared in Spirit Eternal Sovereign’s eyes, and he looked at Yang Feng and exclaimed.

“Thank you for the praise!”

With the Green Yang Halberd in hand, Yang Feng cast all kinds of offensive secret methods recorded in the Eternal Soul Scripture and rushed at Spirit Eternal Sovereign.

Spirit Eternal Sovereign smiled lightly and erupted with countless runes on his hands, and soul swords emerged. He stepped forwards and engaged with Yang Feng.

Spirit Eternal Sovereign’s discarnate soul has excellent fighting skills. The soul swords in his hands cut Yang Feng continuously.

The Xi Shen Armor shone and forcibly blocked 90% of the power of the soul swords. However, the remaining 10% of power still left wounds on Yang Feng.

In the soul sea, soul force churned and poured into Yang Feng, allowing him to recover continuously.

Spirit Eternal Sovereign cast a secret method to extract the power of the soul sea and constantly heal himself.

As the fight continued, Yang Feng mastered more and more skills pertaining to soul fights, and his strength increased.

On the tenth day of the fight, Yang Feng sliced Spirit Eternal Sovereign in two.

Yang Feng looked at Spirit Eternal Sovereign, who was cut in two, and sighed, saying: “You’re here to help me master the mysteries of soul fights!”

“If you were trash, I would have replaced you. This is my mission! Come! Accept my legacy and protect our universe!”

Spirit Eternal Sovereign’s discarnate soul smiled, and then collapsed, turned into the purest eternal soul force, and rushed towards Yang Feng.

A black hole suddenly emerged and swallowed Spirit Eternal Sovereign’s discarnate soul.

**Chapter 1262: Eternal Ancient Road Merges with the Main World**

When Spirit Eternal Sovereign was devoured, mysterious runes containing mysteries of eternal were directly absorbed by Yang Feng.

A powerful and pure force poured into Yang Feng and strengthened and transformed his body.

The eternal force sealed in Wall of Eternity by Spirit Eternal Sovereign, the highest level force in this universe, constantly strengthened and transforming Yang Feng's body.

Yang Feng trembled slightly. All of a sudden, the immortal body, the Time Space Devour Body, appeared, and every one of its cells transformed continuously and became an existence with a Time Space Devour Body rune as the core.

Countless mysterious runes circled Yang Feng, and he emitted terrifying fluctuations of power.

Wall of Eternity shone and frenziedly extracted the power of the entire Eternal Ancient Road.

"It's extracting the power of the whole Eternal Ancient Road and strengthening Firmament Holy!"

"So this is the power of Wall of Eternity!"

"So this is the power of Eternal Sovereigns! How grand!"

"..."

The spectating Holies and Great Holies saw Wall of Eternity extract the power of the entire Eternal Ancient Road and gather it here to strengthen Yang Feng.

Cosmic Eyes Tiger Great Holy sighed: "So that's how it is! The purpose of Eternal Ancient Road was for this day. It was to gather the purest power of the universe to produce an Eternal Sovereign.

Guang Hai Great Holy uttered faintly, "Eternal Sovereign, is it that easy to produce them? Even if Firmament Holy is strengthened by the power of the whole Eternal Ancient Road, it's still impossible for him to promote to an Eternal Sovereign in one fell swoop."

Cyan Thunderbolt Great Holy said slowly, "However, this will lay a foundation to step into eternity."

Cosmic Eyes Tiger Great Holy said: "If there are no accidents, he will become this era's new Emphyrean! Firmament Holy Yang Feng will be the ninth Warlock Emperor of the human race."

The other quasi-Emphyreans were silent for a moment and nodded.

Wall of Eternity extracted the power of the whole Eternal Ancient Road to strengthen Yang Feng. As long as he can fully digest this frightening power, he will be strengthened to an incredible degree.

Crack!

The spectating Holies and Great Holies heard a strange crisp sound, as if something suddenly split open.

The whole Eternal Ancient Road trembled slightly, and then calmed down.

Cyan Thunderbolt Great Holy's eyes shone with countless runes, and he looked into the void and said unhurriedly, "The wall was broken! Eternal Ancient Road has begun to merge with the main world! Soon, Eternal Ancient Road will become a part of the main world!"

Cosmic Eyes Tiger Great Holy sighed and said, "Eternal Ancient Road is a special world that Eternal Sovereigns formed by cutting off a section of the universe! It is only natural for it to merge with the main world. I just didn't think that this day would come so fast!"

Eternal Ancient Road is a special region that Eternal Sovereigns set up by cutting off a section of the universe. In Eternal Ancient Road, the universe energy level is much higher than in the main world prior to the recovery. It is precisely because of this that quasi-Empyrean rank powerhouses could be born in Eternal Ancient Road.

When Eternal Ancient Road merges with the main world, the main world's missing part will be filled, and its rate of recovery will become faster.

Cangzhi Plane, in a mysterious canyon.

An ancient bronze coffin opened slowly, and a wizened claw with black fur extended from inside.

A ferocious, hoarse voice sounded: "Soon! The time I fully resuscitate is quickly approaching."

Rumbling sounds reverberated in the canyon, and black coffins numbering in the millions extended from underground.

The lid of a black coffin opened. Inside the black coffin, there is an amber stone. In the center of the amber stone, there is a monster with an ogre horn and black fur sealed.

Crack!

Along with a crisp sound, the amber stone broke, and the black monster with a horn climbed out of the coffin. It emanated quasi-Empyrean rank fluctuations of power.

"My lord!"

The black monster with a horn knelt in front of the ancient bronze coffin and spoke respectfully.

A cold, cruel voice came from the ancient bronze coffin: "Babatarok, lay a foundation on Cangzhi Plane and wait for me to resuscitate."

Babatarok replied respectfully, "Yes! My lord!"

Cangzhi Plane, at a magma sea shrouded in endless flames. A magma giant covered in raging flames walked out of the magma sea and emanated quasi-Empyrean rank fluctuations of power.

When Eternal Ancient Road that was cut off from a corner of the universe by Eternal Sovereigns returned, the universe became whole and its rate of recovery became many times faster.

One after another, terrifying beings awakened from the river of time.

Central starfield.

Brilliant Great Holy opened his eyes and looked in the direction of Cangzhi Plane, and countless runes glittered in his eyes. The abyss of his eyes shimmered with the shade of worry, and he sighed slowly: "With the universe recovering, they should have come out."

From the day the universe was born, countless powerhouses tried to pursue eternity.

Because of its universe energy level, the world of Warlocks can give birth to only one Eternal Sovereign in each era. Terrifying beings such as Primal Chaos Mother Spider fell into a deep sleep in order to awaken in this era and obtain an opportunity to step into eternity.

Countless powerhouses will awaken from the river of time and compete for the opportunity to step into eternity. Who knows whether this is a good thing for the world of Warlocks or not. After all, these powerhouses will never give up the opportunity to step into eternity. But only one person can step into eternity.

Energy whirlpools emerged on Cangzhi Plane and set off terrifying energy storms.

“This is quasi-Empyrean rank powerhouses reviving!”

“That’s quasi-Empyrean rank fluctuations of power! Quasi-Empyrean rank powerhouses have awakened!”

“Quasi-Empyrean rank powerhouses, how can this be?”

“Have they finally woken up?”

“It seems that Cangzhi Plane’s power structure is going to undergo great changes!”

“...”

When the Holies on Cangzhi Plane detected the energy whirlpools, their countenance changed dramatically and their eyes flickered with a dignified color.

Quasi-Empyrean rank powerhouses, who are only a step away from the Empyrean realm, are much stronger than ordinary Great Holies. It has been tens of thousands of years since the last time a quasi-Empyrean was born in this universe.

So many quasi-Empyreans have awakened. Who knows if this is a blessing or a disaster for the major forces of Cangzhi Plane.

The central starfield.

A tall man with black chains wrapped around his body, two dragon horns, with one horn broken, and his face covered in scars, walked towards the human headquarters.

“Where is Brilliant Great Holy?”

When the man with two dragon horns arrived outside the human headquarters, his hoarse voice shook the void, and Great Holy rank fluctuations of power filled the area.

Light flashed, countless mysterious runes glittered, and Brilliant Great Holy flew out of the human headquarters.

With three flashes of light, three Holy Spirit Warlocks appeared behind Brilliant Great Holy. The three Holy Spirit Warlocks are Greenleaf Holy, Flyingleopard Holy, and Skystallion Great Holy. The three Holy Spirit Warlocks are friends Brilliant Great Holy made during this time. They are the highest combat power of the human headquarters.

Brilliant Great Holy looked at the man with dragon horn with a dignified color in his eyes and said slowly, "I am Brilliant Great Holy. My friend, who might you be?"

The Great Holy with a broken horn showed a ferocious smile: "I am Blackhorn Dragon Great Holy. I heard that you are the guardian of Yang Feng, the No. 1 genius of the human race. My lord wants to request an audience with Yang Feng."

Brilliant Great Holy's face fell abruptly, and he cried out: "Blackhorn Dragon Great Holy! You are one of the four generals under Heaven's Devourer Tyrant Dragon!"

Greenleaf Holy's expression changed greatly, and he uttered, "Heaven's Devourer Tyrant Dragon, the Heaven's Devourer Tyrant Dragon who once devoured a severely wounded Empyrean! He actually revived!"

Heaven's Devourer Tyrant Dragon is a ferocious tyrant dragon from the Eternal Sovereign age that mastered the essence of devour and possesses quasi-Empyrean rank strength. He once devoured a severely wounded Empyrean. According to legend, if he hadn't suffered serious damage by that Empyrean's desperate counterattack, he would definitely have promoted to an Empyrean.

Heaven's Devourer Tyrant Dragon was a famous being in the Eternal Sovereign age who devoured god knows how many strong races. At that time, despite having countless enemies, he was still able to live well. His strength is simply tyrannical.

There are four generals under the command of Heaven's Devourer Tyrant Dragon, with Blackhorn Dragon Great Holy being the first general.

Blackhorn Dragon Great Holy smiled coldly and said, "To know the name of my lord, you're somewhat knowledgeable. Brilliant Great Holy, since you know the name of my lord, come with me. Don't refuse a toast only to be forced to drink a forfeit!"

"You want me to go with you! That depends on your capability!"

Brilliant Great Holy's eyes shimmered coldly. With a flash of brilliant light, he equipped the Brilliant Armor and the Brilliant Spear.

"Stubborn fool! Let me show you the gap between us!"

Blackhorn Dragon Great Holy snorted coldly. Countless dragon scales appeared all over his body, true dragon qi circled him, and black true dragon projections appeared around him and roared continuously.

Blackhorn Dragon Great Holy's figure fluttered, and he rushed towards Brilliant Great Holy like a humanoid black true dragon.

Boom! Boom!

Countless lights shone. As the true dragon projections formed from true dragon qi blocked Brilliant Great Holy's spells, Blackhorn Dragon Great Holy, as if a terrifying true dragon, madly attacked the opponent.

The fierce battle lasted for a quarter of an hour. Then, three streams of lights flashed as Greenleaf Holy's group of three Holies escaped to another place.

Covered in chains, Brilliant Great Holy is held by Blackhorn Dragon Great Holy.

### **Chapter 1263: Severely Wounding Hundred Illusions Great Holy**

Battle Demon Sect's headquarters on the branch floating continent.

Yue Wuxian got a piece of information from a communicator, and her complexion changed dramatically, "What! Brilliant Great Holy was captured!"

Yue Wuxian ordered decisively: "Pass down my orders. Our forces are to be pulled back at once. All top figure are to return to the headquarters immediately."

Communicators shone and transmitted Yue Wuxian's orders to different parts of the universe.

The foundation of Battle Demon Sect in the main world is much shallower than that of the six Warlock Imperial Courts.

With the passage of time, Holies and Great Holies of the six Warlock Imperial Courts awoke one after another from the river of time, and the six Warlock Imperial Courts became increasingly stronger.

After Yang Feng entered Eternal Ancient Road, Battle Demon Sect was only guarded by two powerhouses above the Warlock Monarch realm, namely Yue Wuxian And Brilliant Great Holy.

If it were not for the fact that Battle Demon Sect is a member of Human Supreme Council and that it has the support of Taboo Imperial Court, Star Imperial Court, and Brilliant Great Holy, it would have already been driven out of the Heaven and Earth Spirit Root's branch floating continent by the rising greater races.

Now that Brilliant Great Holy was quelled by Blackhorn Dragon Great Holy, that Battle Demon Sect suffered serious damage, who knows how many powerhouses want to take a big bite of Battle Demon Sect.

Yu Yan asked, "My lord, are we going to ask Human Supreme Council for help?"

Yue Wuxian pondered for a while and said in reply, "Let's ask Human Supreme Council for help. Yu Yan, please go and ask the Holies for help."

Yu Yan has already promoted to a Warlock Monarch rank powerhouse. If she goes to ask for help, it can be regarded as Battle Demon Sect showing respect to the Holy Spirit Warlocks and Great Holies.

Originally, Yue Wuxian should be the one to go ask the Holies for help. But as she's currently the only Holy Spirit Warlock of Battle Demon Sect in the headquarters, she must guard the headquarters and can't leave at will.

Yu Yan nodded, and then turned into a stream of light and flew away.

"Brilliant Great Holy was captured! That's the protector of Battle Demon Sect, one of the 12 Great Holies who used to follow Time Lord. He was surprisingly captured. Who was it?"

"Blackhorn Dragon Great Holy! The leader of the four generals subordinated to Heaven's Devourer Tyrant Dragon from the Eternal Sovereign age!"

“Heaven’s Devourer Tyrant Dragon, it’s Heaven’s Devourer Tyrant Dragon who once devoured a severely injured Empyrean. He revived?”

“That’s right. Not long ago, the laws of the universe changed, and the quasi-Empyreans sleeping in the river of time climbed out of their graves!”

“Now that those monsters have climbed out of their graves, the humans are in trouble.”

“He-he, with the former slaves having become the dominant race in the universe, there’s no way they won’t be disgruntled.”

“Since the humans occupy the Heaven and Earth Spirit Root, they naturally attract the hatred of others. After all, that place is the center of the universe. It also contains the opportunity to step into eternity. There’s no way they wouldn’t care that the humans occupied that place.”

“...”

Cangzhi Plane’s magic network. On the magic network, other race powerhouses discussed with schadenfreude. Everyone’s attention is focused on Battle Demon Sect.

If it doesn’t deal with this properly, the whole Battle Demon Sect will be swept by a storm and torn to pieces.

Human Supreme Council quickly responded. Taboo Imperial Court and Star imperial Courts each sent two Holies to Battle Demon Sect’s headquarters to help guard Battle Demon Sect.

Battle Demon Sect’s top figures returned from different places one after another and withdrew to the branch floating continent.

By recalling its top figures, Battle Demon Sect lost a lot of influence. But in this way, it gathered the strength of everyone to guard Battle Demon Sect, so that it won’t be that easy to breach it.

Yue Wuxian is clever. She knows that once Yang Feng returns, all the enemies will be crushed.

A warship flew over from afar, entered Battle Demon Sect’s branch floating continent, and stopped at an interstellar port.

Hundreds of human Warlocks alighted the warship and went to the detection area.

In the detection area, hundreds of fan-shaped scanners emerged, emitted all kinds of lights, and scanned the human Warlocks.

“Iris test, passed!”

“Gene test, passed!”

“Fingerprint test, passed!”

“Soul test, passed! Abnormality detected!”

“Enemy, enemy sneaked in! Energy level is high! Great Holy, Great Holy rank dangerous individual detected. Warning, warning, a Great Holy rank dangerous individual sneaked in!”

“...”

Soon after a Moonlight Warlock of Battle Demon Sect entered the detection area, loud alarms sounded.

Teleportation beams shone and teleported the Warlocks who passed the tests away.

“Firmament Holy Yang Feng is really an amazing character. I, Hundred Illusions Great Holy, have run rampant back in the day and have never been discovered. I didn’t expect to be discovered so easily here. That’s a peerless genius of the human race in this era for you.”

The Warlock smiled, and then distorted and changed into an androgynous-looking, beautiful man with long, black hair and a devilish charm.

Hundred Illusions Great Holy is one of the four generals under Heaven’s Devourer Tyrant Dragon and is proficient in the art of illusions. Back in the day, few people could see through his art of illusions.

“Well, it doesn’t matter! Since you’ve seen through it! Let me destroy Battle Demon Sect! And make a great contribution to the lord!”

Hundred Illusions Great Holy smiled and pointed with a finger. Countless runes shone, and cyan light shot towards the interstellar port.

Boom!

Along with a deafening blare, the interstellar port occupying an area tens of thousands of kilometers in radius was blown apart, including all the machinery.

“Great Holy!”

“A Great Holy sneaked in!”

“Advanced Great Holy! That’s an advanced Great Holy rank powerhouse!”

“...”

On Battle Demon Sect’s branch floating continent, the expression of the four Holy Spirit Warlocks provided by the two Warlock Imperial Courts as support flickered, and they turned into four streams of light and gathered beside Yue Wuxian.

None of the four Holy Spirit Warlocks is a match for an advanced Great Holy rank powerhouse. With the four joining forces, coupled with the arrangements set up in Battle Demon Sect’s headquarters, it is possible to fight a Great Holy rank powerhouse.

“Starting final defense protocol!”

In a hall, Yue Wuxian pushed a button, an expressionless look on her face.

On Battle Demon Sect’s branch floating continent, mechanical towers suddenly emerged and shone with innumerable runes.

The mechanical towers emitted resonance ripples and absorbed the energy of the whole branch floating continent.

In an instant, the area 10,000 kilometers in radius around Hundred Illusions Great Holy changed into a magic ban domain devoid of any drifting energies.

“Magic ban domain! It’s not so easy to defeat me using a magic ban domain alone. I’m not an elemental life form!”

With a faint smile, Hundred Illusions Great Holy radiated black light, suspended in the void, blurred into motion, and flew towards the center of the branch floating continent.

Along with flashes of light, swarms of battle robots formed a huge mechanical torrent that swept towards Hundred Illusions Great Holy.

“Impressive! So this is the mechanical legion of Battle Demon Sect!”

“They’re so many! So this is the underlying strength of Battle Demon Sect!”

“...”

When the four Holy Spirit Warlocks, who came to support, saw the mechanical legion, their eyes flashed with the color of shock, and they felt their scalp turn numb.

Even is it’s a Holy Spirit Warlock, once they’re surrounded by the endless mechanical legion, only death will await them.

“Battle Demon Sect’s mechanical legion! Interesting! However, the only thing going for them is their numbers, that’s all! They can’t stop me!”

Hundred Illusions Great Holy revealed a proud smile. Cyan light formed cyan bladed and slashed towards the mechanical legion.

In the wake of the cyan blades, battle robots were shattered into pieces.

In an instant, Hundred Illusions Great Holy crossed 100 kilometers as if unobstructed.

Strange rune chains ejected from the void and shot towards Hundred Illusions Great Holy.

“That’s!”

Hundred Illusions Great Holy tried to cast a spell to evade the chains. All of a sudden, his expression flickered. He felt that the surrounding void had been completely sealed.

Cyan light radiated from Hundred Illusions Great Holy and slashed towards the rune chains.

Under the assault of the cyan light, rune chains collapsed one by one.

In an almost endless succession, elusive rune chains ejected from various areas.

Suddenly, a chain ejected from of the void, stabbed Hundred Illusions Great Holy, wrapped around him, and sealed him.

“Target locked! Starting annihilation protocol!”

Holy Slaying Artillery emerged on the branch floating continent, lights shone, and annihilation beams barreled towards Hundred Illusions Great Holy.

“Stop!”

Hundred Illusions Great Holy’s expression changed greatly, and he bellowed.

In the next moment, Hundred Illusions Great Holy was swallowed by the terrifying beams.

With a flash of cyan light, Hundred Illusions Great Holy, half of whose body was blasted away just now, fled into the distance.

“So strong! So this is the underlying strength of Battle Demon Sect!”

“How terrible! As expected, Firmament Holy’s base is indeed a tiger’s den!”

“...”

The four Holy Spirit Warlocks inhaled a breath of cold air when they saw this scene. If they were the ones bombarded by the terrifying beams, they would have been turned into ashes, and even their souls would have ceased to exist.

Rune chains appeared abruptly and ran through Hundred Illusions Great Holy’s broken body.

“My lord, save me!”

Hundred Illusions Great Holy issued a miserable howl.

The void cracked open, and a black dragon claw covered in dragon scales extended out of the void, stabbed into Battle Demon Sect’s branch floating continent, grabbed Hundred Illusions Great Holy, and pulled hard. The black dragon claw broke many rune chains and entered the huge rift.

“In a month, I will kill Brilliant Great Holy on Godslayer Mountain!”

A cold, callous voice full of endless killing intent came from the rift and spread in all directions.

Chapter 1264: Godslayer Mountain

“Heaven’s Devourer Tyrant Dragon!”

“It’s him! He really revived!”

“...”

When the four Holies who came to support felt the terrifying aura coming from the rift, their countenance changed greatly and their eyes shimmered with a dignified color.

Yue Wuxian’s expression turned gloomy when she heard the voice.

Brilliant Great Holy is an important member of Battle Demon Sect. When Yang Feng was rising, it was with the protection of Brilliant Great Holy that he was able to occupy a branch floating continent and grow rapidly.

Had it not been for the protection of Brilliant Great Holy, Yang Feng could not have occupied a branch floating continent, and his growth might not have been so smooth.

Yue Wuxian’s eyes fell on Feng Ku Holy.

Among the four Holies, Yue Wuxian has the best relationship with Feng Ku Holy, who is from Taboo Imperial Court. Feng Ku Holy is one of Yue Wuxian's suitors.

Feng Ku Holy smiled bitterly and shook his head: "Yue Wu Holy, I don't have the authority to make a decision on this matter. According to our analysis, Heaven's Devourer Tyrant Dragon is a monster closest to the Empyrean realm. If the council of Holies makes a decision and dispatches all the powerhouses of the six Warlock Imperial Courts, only then will it be possible to fight him!"

The other three Holies nodded, and their eyes flickered with a dignified shade.

When Heaven's Devourer Tyrant Dragon was wreaking havoc in the universe, who who knows how many Holies and Great Holies have been devoured by him and became nutrients for his evolution. If he hadn't recklessly devoured the seriously wounded Empyrean at the time, he wouldn't have been severely injured by the other party. He might have promoted to an Empyrean back in the day. Faced with such a terrifying being, only if the Holies and Great Holies of the six Warlock Imperial Courts join hands, will they be able to contend against him.

Yue Wuxian clenched her teeth and uttered, "Okay, I'll go to the council of Holies and ask for help!"

Wan Hua Palace is located in the center of the core world. The council of Holies, which determines the fate of Human Supreme Council, is located in Wan Hua Palace. The Warlock Monarchs can only make decisions regarding ordinary affairs of Human Supreme Council.

In the council of Holies' seat of honor, there sits a tall and burly powerhouse with two golden dragon horns. He is Cosmic Golden Dragon Great Holy. He is a powerhouse of Time Imperial Court who revived 20 years ago, and has pinnacle Great Holy rank cultivation base. Now he is a chairman of the council of Holies.

Cosmic Golden Dragon Great Holy uttered slowly, "Brilliant Great Holy was captured by Heaven's Devourer Great Holy. In a month, he will be executed on Godslayer Mountain. What are your thoughts about this?"

The Holies and Great Holies frowned and remain silent.

Yue Wuxian gritted her teeth and said, "I propose that we gather the power of Human Supreme Council to suppress Heaven's Devourer Tyrant Dragon and save Brilliant Great Holy."

A Holy Spirit Warlock from Transcendent Imperial Court retorted coldly, "Heaven's Devourer Tyrant Dragon is a peerless direbeast from the Eternal Sovereign age. Back in the day, he was a powerhouse second only to Empyreans. He devoured who knows how many Holies and Great Holies. He even devoured five quasi-Empyrean rank powerhouses. Besides, the four generals under him are all Great Holies. Furthermore, Blackhorn Dragon Great Holy of the four generals was even able to capture Brilliant Great Holy. Yue Wu Holy, it's not that we don't want to save Brilliant Great Holy, but that we don't have enough power."

The rest of the Holies and Great Holies in the council remained silent.

Heaven's Devourer Tyrant Dragon in a quasi-Empyrean rank powerhouse. And he is an invincible existence below the Empyrean realm. Only if the six Warlock Imperial Courts mobilize their underlying strength, might it be possible to suppress him.

Heaven's Devourer Tyrant Dragon is tyrannically strong. Back in the day, even if Emphyreans took action, they could only deal him serious damage, but they couldn't kill him. If the six Warlock Imperial Court's mobilize their underlying strength and join forces, it won't be difficult to defeat him. But the same is not true for killing or suppressing him.

Yue Wuxian said coldly, "A Great Holy was captured and is going to be killed. If Human Supreme Council doesn't make a response, won't we become a joke? If this matter is publicized, I'm afraid the other races will rush at us and take a bite of us."

The human race has offended who knows how many races over the years. Those races remain silent only because they are afraid of the human race's strength. Once the human race shows signs of decline, it will attract countless powerful races to tear it to pieces.

The Holy Spirit Warlock from Transcendent Imperial Court uttered with an unyielding smile, "We humans also have strong enough powerhouses. Once they awaken, then even if it's Heaven's Devourer Tyrant Dragon, there will be nothing to fear."

Yue Wuxian's heart sank slightly, and she looked at the other Holies and Great Holies.

The rest of the Holies and Great Holies remained silent, clearly agreeing with the words of the Holy Spirit Warlock from Transcendent Imperial Court.

Back in the day, the eight Warlock Imperial Courts had countless powerhouses, which naturally includes quasi-Emphyrean rank powerhouses. This is the underlying strength of the eight Warlock Imperial Courts. But it will take some time for those quasi-Emphyrean rank powerhouses to revive perfectly.

Yue Wuxian argued vehemently, but to no avail. Even Taboo Imperial Court's powerhouses, who are allies of Battle Demon Sect, remained silent.

Heaven's Devourer Tyrant Dragon is a peerless direbeast from the Eternal Ancient age that devoured quasi-Emphyrean rank powerhouses. Before the six Warlock Imperial Court's quasi-Emphyrean rank powerhouses revive perfectly, sending people to suppress the other party is tantamount to sending them to their deaths.

After the council's session ended, the Holies dispersed.

Feng Ku Holy caught up with Yue Wuxian and said with a bitter smile, helpless: "Yue Wuxian, I'm sorry!"

Yue Wuxian sighed: "There's no need for you to apologize! Heaven's Devourer Tyrant Dragon is a peerless direbeast from the Eternal Sovereign age, a terrifying being that can escape from Emphyreans. If it were during the eight Warlock Imperial Court eras, it would be one thing. But who would dare to provoke him now?"

During the eight Warlock Imperial Court eras, when the eight Warlock Emperors of the human race suppressed countless planes, only then would a quasi-Emphyrean rank direbeast whom practically no one can restrain not dare to act presumptuously.

Feng Ku Holy said slowly, "If Firmament Holy were here, it wouldn't make a difference! After all, Heaven's Devourer Tyrant Dragon is a peerless direbeast from the Eternal Sovereign age. Even if it's Firmament Holy, he is not the other party's match."

Yue Wuxian sighed faintly.

Godslayer Mountain is a 10,000-meter-tall, magnificent mountain eroded by god blood.

The last archgod Empyrean of the archgod era, Emperor Chen, fought Time Lord on Godslayer Mountain. In the end, Time Lord beheaded Emperor Chen and severed his limbs, and the latter's blood died the mountain red.

Most of the power of Emperor Chen was extracted by Time Lord. However, remnant blood was integrated with the mountain. After countless years, it finally evolved into a 10,000-meter-tall, magnificent mountain eroded by god blood.

Godslayer Mountain was originally submerged underground. But due to continuous earthquakes, it gradually extended from the earth. After 20 years of changes, it has become one of the ten largest mountains of Cangzhi Plane.

Inside a white cloud outside Godslayer Mountain, lights shone, and a green leaf emerges. On the green leaf, there is a blonde, sexy, and devastatingly beautiful elven woman wearing a green leaf armor and carrying a huge bow, standing quietly, observing Godslayer Mountain's peak.

With a flash of light, an exceptionally beautiful woman with nine snow-white fox tails and black, waist-long hair, exuding a shocking charm that could bewitch men and women alike, appeared next to the devastatingly beautiful elven woman.

The exceptionally beautiful woman with nine snow-white fox tails smiled sweetly and asked, "Mofeceraja, aren't you the primary god of Feisuo Plane's elven pantheon? Why have you come to Godslayer Mountain?"

Mofeceraja answered indifferently, "Bai Bingxian, this is a fight related to Cangzhi Plane's overall situation. I'm curious about the humans' response. After all, that's a Great Holy! If Human Supreme Council lets Brilliant Great Holy die, it will be a huge blow to the prestige of the humans. But it is extremely difficult to deal with a ferocious existence such as Heaven's Devourer Tyrant Dragon. If they fight him, the humans will suffer heavy casualties, and may even be ruined."

Bai Bingxian smiled sweetly and said, "If the humans are ruined and the seal set up by Time Lord is broken, then the elves will be able to spread their faith in Cangzhi Plane. By then, you may be able to take advantage of the universe great tribulation to become Cangzhi Plane's sole god and step into eternity. Did I guess it right?"

In the god system, supreme god is equivalent to Holy Spirit Warlock to Warlock Emperor (while inside their divine country) rank powerhouses in terms of strength. Sole god is the god who hoards the faith of all intelligent life forms in the center of the universe. Sole god is comparable to Empyrean Sovereign rank powerhouses.

It is precisely because of this that Time Lord left a restriction that forbids anyone from ascending to godhood on Cangzhi Plane.

Mofeceraja narrowed her eyes and uttered, "That's right. With my aptitude, only in this way may I be able to step into eternity."

The way of advancement using the god system is much clearer than that of other systems. If Mofeceraja used a traditional way to advance to eternity, it would be basically impossible for her to succeed. The essence of time alone would stump her. Only by using the god system, would she have hope to advance to eternity.

Of course, if Mofeceraja becomes a sole god, she will be as powerful as Eternal Sovereigns only within her divine country. In other places, she won't be a match for Eternal Sovereigns. Furthermore, she won't be able to leave this universe and enter the greater universe. However, after advancing to a sole god, as long as the universe hasn't ended, her soul won't decay, and she won't turn into a pile of bones due to reaching the end of lifespan.

Bai Bingxian smiled and said, "You should have another purpose in coming here. That is, to see whether Firmament Holy has come back, or not. Am I right? The true purpose of those guys gathered in this place is to see if Firmament Holy has returned. This is also the reason why Heaven's Devourer Tyrant Dragon targeted Brilliant Great Holy."

### **Chapter 1265 Yang Feng' Arrives**

Mofeceraja looked around. Mysterious runes appeared, and she saw Hollies and Great Hollies hidden in the surroundings.

The hidden Hollies and Great Hollies came here for an important purpose, that is, to see whether Firmament Holy Yang Feng returned or not.

Firmament Holy Yang Feng is the most formidable genius of this era. It has been less than 1,000 years since his rise, yet he has advanced from an ordinary person all the way to a Holy Spirit Warlock and defeated countless prodigies. Furthermore, he has numerous avatars, which are located in Feisuo Plane, the endless Abyss, and other places.

Those Hollies and Great Hollies guessed why Heaven's Devourer Tyrant Dragon took action against Yang Feng while unprovoked. That's because he and Yang Feng both walk the path of devour. The one who devours the other and survives will be able to get great benefits.

At noon.

On the peak of Godslayer Mountain, black lights descended, and a black litter suddenly appeared. On the black litter, a 100-meter-tall powerhouse covered in black dragon scales, with four arms, dragon horns, a big belly, and a ferocious face, looking like a mountain of meat, appeared abruptly.

"Heaven's Devourer Tyrant Dragon!"

"He is Heaven's Devourer Tyrant Dragon, a powerhouse invincible below the Empyrean realm!"

"It's said that he once devoured an Empyrean!"

"..."

The Hollies and Great Hollies focused on the powerhouse that looks like a mountain of flesh, and their eyes flashed with dignified and apprehensive colors.

Heaven's Devourer Tyrant Dragon is an overlord that went on a rampage in an era and even attacked and devoured a Warlock Emperor rank powerhouse. He is extremely cruel. Few people dare to provoke him.

Unless quasi-Empyrean rank powerhouses coming from different eras join forces, it is impossible to suppress the quasi-Empyrean rank Heaven's Devourer Tyrant Dragon.

There are two people standing beside Heaven's Devourer Tyrant Dragon, namely the first general under his command, Blackhorn Dragon Great Holy, and Hundred Illusions Great Holy.

Blackhorn Dragon Great Holy is gripping Brilliant Dragon Great Holy, who is wounded all over, like a chicken.

"Those are Blackhorn Dragon Great Holy and Hundred Illusions Great Holy. Weren't there four generals under Heaven's Devourer Tyrant Dragon?"

"That was in the Eternal Sovereign age. After so many years, it's already pretty good to have two of them left!"

"..."

The Holies swept Blackhorn Dragon Great Holy and Hundred Illusions Great Holy with their gazes and communicated with one another.

"That lowly human Yang Feng who calls himself Firmament Holy hasn't appeared yet? What an ungrateful thing. I heard that he became a Holy Spirit Warlock by a fluke while under the protection of Brilliant Great Holy. His benefactor is about to be executed, yet he's still hiding! How heartless!"

Heaven's Devourer Tyrant Dragon looked at the void with a ferocious gleam, smiled icily, and uttered coldly.

Heaven's Devourer Tyrant Dragon's voice shook the void within 1 kilometer.

Startled by the voice, innumerable birds and animals in the surrounding area fled in panic in different directions.

Next, silence filled the void. The hidden Holies and Great Holies remained quiet.

Heaven's Devourer Tyrant Dragon smiled coldly and uttered, "Battle Demon Sect is said to be one of the seven pillars of Human Supreme Council! I heard that Human Supreme Council is the most powerful force in this era. Although I captured Battle Demon Sect's Brilliant Great Holy, yet Human Supreme Council didn't make so much as a peep. What a bunch of trash."

In the clouds.

Bai Bingxian uttered with a sweet smile, "He is attacking the prestige of the humans."

Mofeceraja said indifferently, "Since Human Supreme Council is composed of the human Warlocks of six Warlock Imperial Courts, its underlying strength is profound. Once powerhouses of the six Warlock Imperial Courts revive fully, it will be basically unstoppable. For that reason, before the powerhouses of the six Warlock Imperial Courts awaken fully, the humans are vulnerable. This is the best chance to drive

the humans away, occupy Heaven and Earth Spirit Root, and compete for the opportunity to advance to eternity.”

Bai Bingxian smiled and said, “Human Supreme Council, which has gathered the power of six Warlock Imperial Courts, is indeed very powerful. But if it stays quiet this time, I’m afraid those hungry wolves will gather together and attack the humans. Heaven’s Devourer Tyrant Dragon is cunning. This is much more effective than killing Brilliant Great Holy on the spot. This is why he gave Human Supreme Council a month to mobilize its strength.”

Mofeceraja nodded and gazed at Godslayer Mountain.

All of a sudden, ripples rose in the void.

A tall, burly powerhouse dressed in a Warlock robe of Time Imperial Court, with a vertical eye on the forehead, walked out of the void, and quasi-Empyrean rank fluctuations of power diffused from him.

Behind the quasi-Empyrean powerhouse of Time Imperial Court, there are six Great Holies, each of whom exudes a threatening aura.

“All-Eyes Great Holy, one of the four quasi-Empyrean rank powerhouses of Time Imperial Court back in the day, it’s him!”

“His death had many suspicious parts. It seems that he asked Time Lord for help to seal himself until now.”

“He’s a powerhouse second only to Empyreans, one of Time Imperial Court’s four quasi-Empyreans. I’m looking forward to this fight.”

“In the end, Human Supreme Council couldn’t help but step in! And sent a quasi-Empyrean rank powerhouse! How dreadful!”

“As expected of Human Supreme Council, of the most formidable force in this era. It indeed has quasi-Empyrean rank powerhouses that revived.”

“...”

Gazes full of apprehension and graveness fell on All-Eyes Great Holy.

All-Eyes Great Holy uttered unhurriedly, “Heaven’s Devourer Tyrant Dragon, I am Human Supreme Council’s All-Eyes Great Holy! Please give me face and let Brilliant Great Holy go.”

“You want me to let him go? Instead, you should become my prey!”

The eyes of the flesh mountain-like Heavens Devourer Tyrant Dragon glimmered fiercely, and he suddenly erupted and turned into a 10,000-kilometer-long tyrant dragon shining with devour runes.

The 10,000-kilometer-long Heaven’s Devourer Tyrant Dragon opened his mouth, and a black devour light tore the sky and devoured everything in its way.

In an instant, All-Eyes Great Holy was shrouded by the devour light.

“We will be your opponents!”

The six Great Holies next to All-Eyes Great Holy just moved, when Blackhorn Dragon Great Holy and Hundred Illusions Great Holy flew over and blocked in front of them.

Hundred Illusions Great Holy, who was seriously wounded not long ago, is currently in a weakened state. But Blackhorn Dragon Great Holy, who is the strongest powerhouse under Heaven's Devourer Tyrant Dragon, who quelled Brilliant Great Holy by himself, is extremely strong. He forcibly blocked the six Great Holies.

Light shone and condensed into a sword that tore the devour light apart, slammed into Heaven's Devourer Tyrant Dragon, and sliced apart the other party's dragon scales and left a bone-deep cut.

All-Eyes Great Holy flew out of the devour light. But at this moment, his aura has weakened greatly.

"To be able to injure me! All-Eyes Great Holy, you do have some skill. However, you are destined to die here!"

Heaven's Devourer Tyrant Dragon smiled ferociously, and his voice shook the sky. Containing the essence of power, his dragon claw tore the firmament, suppressed the void, and shot towards All-Eyes Great Holy.

All-Eyes Great Holy was hit by the blow, and terrifying dragon qi surged and assaulted him, wreaking his body. Blood scattered everywhere.

"Retreat!"

All-Eyes Great Holy spewed out a big mouthful of blood. He glittered with countless runes all over his body, and a magic diagram appeared in his hand.

On the magic diagram, six specks of light flashed, and the six Great Holies fighting with Blackhorn Dragon Great Holy entered the magic diagram, and then disappeared together with All-Eyes Great Holy.

"Lost! All-Eyes Great Holy unexpectedly lost!"

"Amazing! Heaven's Devourer Tyrant Dragon is a powerhouse second only to Emphyreans for a reason!"

"..."

The spectating Holies and Great Holies inhaled a breath of cold air when they saw this.

As one of the four unparalleled quasi-Emphyreans of Time Imperial Court, All-Eyes Great Holy is extremely powerful. Yet Heavens Devourer Tyrant Dragon easily defeated him. This is simply incredible.

Heaven's Devourer Tyrant Dragon showed a ferocious smile: "What a crafty thing!"

The two sides only fought for a moment, when All-Eyes Great Holy judged that he is not Heaven's Devourer Tyrant Dragon's opponent and retreated decisively, foiling the other party's plan. Heaven's Devourer Tyrant Dragon wanted to wear All-Eyes Great Holy down, and then devour him in one fell swoop.

"Since the main course escaped, then I'll enjoy the dessert! Brilliant Great Holy, if you have to blame someone, blame yourself for protecting that fool Yang Feng. He's in my way and thus has to die. As his protector, you have to die, as well!"

Heaven's Devourer Tyrant Dragon smiled ferociously and extended a dragon claw towards Brilliant Great Holy.

"Brilliant Great Holy is finished!"

"Firmament Holy's teacher is done for!"

"Back in the day, he was a terrifying expert of this plane. It's a shame, but since he revived too soon, he's not strong enough!"

"..."

Gazes of pity, indifference, and schadenfreude focused on Brilliant Great Holy.

"Heaven's Devourer Tyrant Dragon, to touch my person, are you looking to die?"

The void cracked open, and a figure walked out of the void and unleashed a punch at the dragon claw the size of a star.

In an instant, a star projection appeared. As if the incarnation of the essence of power, the star projection slammed into the dragon claw and crushed it.

Heaven's Devourer Tyrant Dragon's huge dragon body was blasted 100 kilometers away by the terrifying strike.

"Firmament Holy!"

"That's Firmament Holy! He's back!"

"..."

The countenance of the spectating Holies changed dramatically when they saw the fearsome figure.

## **Chapter 1266: Swallowing Heaven's Devourer Tyrant Dragon**

"Firmament Holy!"

"Firmament Holy is back!"

"So strong! He's actually able to beat Heaven's Devourer Tyrant Dragon back! He's become so strong!"

"..."

Holies and Great Holies focused their gazes on Yang Feng, filled with shock.

Mofeceraja's beautiful eyes flashed with astonishment: "So strong! Firmament Holy Yang Feng has grown to this degree! How dreadful! To beat a famous direbeast like Heaven's Devourer Tyrant Dragon back, truly incredible."

Bai Bingxian stared at Yang Feng, and her beautiful eyes flickered with the shade of unwillingness. She sighed and said, "Eternal Ancient Road is also called Empyrean Road. For Firmament Holy to come out, I'm afraid he must have become invincible in Eternal Ancient Road, not unlike the eight human Warlock Emperors. How dreadful! Practically everyone of the eight human Warlock Emperors spent thousands of

years before they were able to become invincible in Eternal Ancient Road. Yet he entered Eternal Ancient Road less than 500 years ago.”

“Yang Feng! It’s him! He became so strong!”

Brilliant Great Holy, who was forced to kneel on the ground, looked at Yang Feng standing in front of him with incredulity. When Brilliant Great Holy was reborn, Yang Feng was just an Infinity Warlock. But now, Yang Feng can fight peerless direbeasts like Heaven’s Devourer Tyrant Dragon.

Along with two flashes of light, Michaelia and Shi Yu appeared behind Yang Feng and looked around with a proud expression.

“You are Yang Feng? You’re the strongest prodigy of this era for a reason. With the universe great tribulation as the backdrop, we should unite and face it together. For the sake of the bigger picture, give me everything you have and let me promote to an Emyrean! I will guard the universe instead of you!”

With a ferocious gleam in his eyes, Heaven’s Devourer Tyrant Dragon roared and opened his mouth, and devour light capable of devouring anything ejected, engulfed an area 100,000 kilometers in radius, and swept towards Yang Feng.

“Heaven’s Devourer Tyrant Dragon, please consider the overall situation and become a stepping stone for my evolution!”

A black hole suddenly emerged beside Yang Feng. It’s figure fluttered, and it knocked into the devour light.

Two overbearing forces collided with each other, twisted, and fluctuated. Terrifying forces intertwined and extinguished continuously.

Almost in an instant, Yang Feng separated from the devour light, appeared in front of Heaven’s Devourer Tyrant Dragon, and punched the other party.

When Yang Feng, who looks no different that a speck of light in front of Heaven’s Devourer Tyrant Dragon, punched the opponent, the other party burst, and flesh and blood splashed everywhere.

Along with flashes of runes, Heaven’s Devourer Tyrant Dragon turned into a black ray and flew 10,000 kilometers away. The terrifying wound he just suffered healed rapidly.

“How scary! Firmament Holy has become this powerful!”

“Awesome! He already surpassed ancient powerhouses like All-Eyes Great Holy!”

“Eternal Ancient Road is called Emyrean Road for a reason. Since he returned, he must have become invincible in Eternal Ancient Road. In that case, there’s no longer anyone who can be his opponent!”

“Heaven’s Devourer Tyrant Dragon is a monstrous powerhouse second only to Emyreans! Yet such a monster is not a match for Firmament Hole! How scary!”

“The most frightening thing is that Firmament Holy is only a pinnacle Great Holy! He has yet to cross the Holy wall and enter the quasi-Emyrean domain! Yet he can already contend against Heaven’s Devourer Tyrant Dragon. If he is promoted to a quasi-Emyrean, will anyone still be his match?”

“It seems that the ninth human Warlock Emperor is going to be born!”

“...”

When the powerhouses hiding in the void saw Yang Feng deal Heaven’s Devourer Tyrant Dragon serious damage with one move, their eyes flashed with astonishment.

“Yang Feng, you have successfully angered me! I want you to die! I’m going to kill you! I’m going to eat you!”

Heaven’s Devourer Tyrant Dragon’s eyes flashed with ferocious and crazed shades. Countless runes shone, and its body as big as a star shrunk. It turned into a 10-meter-long direbeast covered in sharp spikes and emanated cruel and violent aura.

Although Heaven’s Devourer Tyrant Dragon shrank to 10 meters long, but Yang Feng’s eyes flashed with a dignified color. He perceived that despite the decrease in size, Heaven’s Devourer Tyrant Dragon’s level of power increased by a large chunk.

“Die!”

With a fierce flash in his eyes, Heaven’s Devourer Tyrant Dragon flapped his dragon wings, erupted with a speed that exceeds the speed of light, appeared in front of Yang Feng in a flash, and extended a claw at the other party.

A black hole suddenly emerged and swallowed Heaven’s Devourer Tyrant Dragon.

“It’s no use. I’m the embodiment of devour! To compete with me in terms of essence, you’re far too lacking to do that!”

Ferocious laughter transmitted from the black hole. Heaven’s Devourer Tyrant Dragon ripped the black hole apart, and then sent his claw shooting towards Yang Feng lightning fast.

Distorted force fields and magic barriers suddenly appeared on Yang Feng.

Heaven’s Devourer Tyrant Dragon shone with countless runes and, as if cutting through butter, pierced Yang Feng’s barriers, tore the Xi Shen Armor, and dug out a huge wound on Yang Feng’s body.

There was a fierce flash in Yang Feng’s eyes. He unleashed a punch, and a golden horn appeared and stabbed Heaven’s Devourer Tyrant Dragon.

Boom!

A terrible explosion sounded, terrifying shock waves spread, and two kinds of lights radiated.

Drops of blood fell down from the sky.

Yang Feng has a large hole dug out in his abdomen, while Heaven’s Devourer Tyrant Dragon was pierced through by a golden horn. They both suffered hard to heal wounds.

“Ha-ha! Again!”

Heaven's Devourer Tyrant Dragon's eyes shimmered with a fierce gleam. Without paying attention to his injury, he smiled ferociously, blurred, appeared in front of Yang Feng with a flash, and sent a claw flying towards the other party.

With a faint smile on his face, Yang Feng erupted with countless runes all over his body and clashed with the opponent head on.

Boom! Boom! Boom!

Terrifying explosions rang in the void and terrible shock waves spread in all directions.

Mountains collapsed, the earth crack, and the void crumbled.

In the wake of the terrible shock waves, everything turned into powder.

No longer able to hide themselves, the Holies and Great Holies hiding in the void unleashed magic barriers to resist the shock waves.

Mofeceraja stared at Heaven's Devourer Tyrant Dragon, and her beautiful eyes flashed with astonishment: "So strong! So this is Eternal Sovereign age's powerhouse second only to Emphyreans! How fierce!"

With Mofeceraja's eyesight, she can tell at a glance that if she was faced with Heaven's Devourer Tyrant Dragon, then unless she ran away with all her might in the first moments, there is less than 30% chance that she would be able to leave alive.

Bai Bingxian's eyes revealed a queer expression, and she uttered with a sweet smile, "Awesome! These two are really incredible. A peerless direbeast from ancient times and a peerless human prodigy from this era, I wonder who's more formidable."

Mofeceraja said, "It's naturally Heaven's Devourer Tyrant Dragon! After all, he's resilience is much greater than that of Yang Feng. One is a quasi-Emphyrean, while the other is just a pinnacle Great Holy. The difference in cultivation base is too great. If Yang Feng had advanced to a quasi-Emphyrean, then Heaven's Devourer Tyrant Dragon would not be his opponent."

Heaven's Devourer Tyrant Dragon erupted with runes, and tremendous power melted the power of alien laws in his body. The flash of his wound squirmed and healed rapidly.

The wound on Yang Feng's body cannot be healed. At the same time, it contains faint black aura that erodes his flesh.

Heaven's Devourer Tyrant Dragon's flaws and spurs contain strong poison. Even if it's a quasi-Emphyrean, if they are stabbed, they will be eroded by the strong poison. First the flesh will be eroded, then the bones, and finally the soul.

"As expected of Eternal Sovereign age's powerhouse second only to Emphyreans. It's a shame, but since you met me, you are destined to be my stepping stone! Third form!"

Yang Feng knocked Heaven's Devourer Tyrant Dragon away with a strike. The Xi Shen Armor glittered with countless runes and frantically extracted the Kunmo Stones power.

A black hole suddenly emerged and drew Heaven's Devourer Tyrant Dragon inside.

"Essence of devour is not effective against me! I am the embodiment of devour!"

Heaven's Devourer Tyrant Dragon smiled ferociously and tore with his claws, and the essence of devour erupted and neutralized Yang Feng's essence of devour. He tore the black hole apart.

At the moment when the black hole was torn apart, a vague projection with Yang Feng's face slashed with the Warbringer Halberd.

In an instant, countless heroic spirits emerged from the river of time and cast all kinds of offensive secret methods. Their attacks integrated into one and slashed towards Heaven's Devourer Tyrant Dragon

"Open!"

With a dignified color in his eyes, Heaven's Devourer Tyrant Dragon bellowed, and his dragon qi churned and blood boiled. He turned into a humanoid tyrant dragon and extended a claw towards the Warbringer Halberd.

With a flash of red light, a terrifying halberd ray cut through the claw, and then sliced Heaven's Devourer Tyrant Dragon himself in two.

The terrifying projection extended a hand, and a black hole suddenly emerged, drew Heaven's Devourer Tyrant Dragon inside, and frantically devoured his life origin and essence of devour.

"How is that possible? Heaven's Devourer Tyrant Dragon lost just like that?"

"How is that possible! He's Eternal Sovereign age's powerhouse second only to Emphyreans!"

"That's Heaven's Devourer Tyrant Dragon! He was surprisingly defeated by Firmament Holy. And he was swallowed, to boot! Firmament Holy Yang Feng, how can he be so powerful? He's just a pinnacle Great Holy!"

"..."

The spectating Holies and Great Holies were struck dumb by what they saw, unable to believe their eyes. Not long ago, Heaven's Devourer Tyrant Dragon still had the upper hand. But then the situation reversed completely almost in an instant. Heaven's Devourer Tyrant Dragon couldn't even escape and was directly swallowed by Yang Feng's black hole. This is beyond shocking.

## **Chapter 1267: Shock**

"The lord was swallowed! How is that possible?"

Upon seeing this scene, Blackhorn Dragon Great Holy's eyes flashed with the color of shock, his body trembled all over, and a chill welled up in his heart. He knows how powerful Heaven's Devourer Tyrant Dragon is. After all, that's a peerless direbeast that has even devoured an Emphyrean. For such a terrifying being to be swallowed by Yang Feng, this is simply appalling.

Hundred Illusions Great Holy's expression flickered. His figure fluttered, and he turned into a golden roc and flew away.

"Since you came, don't go just yet!"

Michaelia smiled sweetly, and then unfurled and flapped her wings. In a flash, she appeared above the golden roc and slashed down with her sword.

A sword ray containing the essence of darkness tore the firmament, evolved into a 10,000-kilometer-long sword, and sliced the golden roc in two, and blood scattered in the sky.

Countless golden runes flashed slightly, and the golden roc turned back into Hundred Illusions Great Holy. There is an appalling wound on his body.

Blackhorn Dragon Great Holy's eyes flickered for a moment. His figure fluttered, and he surged with dragon qi, turned into a stream of light, and escaped into the distance.

"Your opponent is me!"

There was a ripple in the void, and Shi Yu appeared in front of Blackhorn Dragon Great Holy in a flash. She operated the essence of petrification and sent a strike barreling towards the other party.

"Those are Michaelia and Shi Yu! They have become so powerful!"

"Great Holies! In such a short time, they have both promoted to Great Holies! How scary!"

"As variants of heaven and earth, they have become even more dreadful after advancing to Great Holies."

"..."

Gazes full of wary focused on Michaelia and Shi Yu.

On the battlefield, Michaelia completely stifled Hundred Illusions Great Holy, who is seriously injured. Although Shi Yu was stifled by Blackhorn Dragon Great Holy, yet she still firmly blocked the attacks of the other party.

Yang Feng pointed with a finger, and mechanical tentacles extended from the Xi Shen Armor, stabbed into Brilliant Great Holy, and shone with countless runes, and the seals placed on the other party collapsed.

Brilliant Great Holy's eyes flashed with a gratified shade: "Yang Feng, after not seeing you for a few years, you unexpectedly grew to this degree! What a surprise! I thought it would take you at least 3,000 years to grow to this degree. Back in the day, even Time Lord wasn't as fast as you!"

Yang Feng said with an apologetic expression, "If you hadn't sheltered me during that time, it would be impossible for me to achieve such accomplishments. However, because of me, you were implicated."

Heaven's Devourer Tyrant Dragon awakened in this era in order to compete for the Empyrean slot and advance to eternity. Originally, he wouldn't provoke strong enemies at will. But since his and Yang Feng's paths clash, since only one of the two can live, he naturally must fight Yang Feng.

"Firmament Holy, I am Nine-headed Phoenix Great Holy. With the universe great tribulation upon us and the invasion of Gumana Universe, we need use our manpower wisely. Heaven's Devourer Tyrant Dragon is a powerhouse of our universe after all! Please give me face and let him live!"

The void cracked open, and a three-meter-tall, handsome man with nine bird tails, equipped with a scarlet battlegear, walked out, looked at Yang Feng, and said coldly.

"Nine-headed Phoenix Great Holy, that's the ninth son of Scarlet Phoenix Emperor, a peerless figure unequaled in an era.

"Nine-headed Phoenix Great Holy, that's the cutthroat who consumed a quasi-Empyrean rank roc!"

"He also revived!"

"..."

Among the spectators, there is no lack of human Holy Spirit Warlocks. As soon as they heard Nine-headed Phoenix Great Holy's name, they guessed his origin.

A 10-meter-tall powerhouse with green hair, a ferocious and ugly appearance, four arms, and a crocodile-like lower body emerged from the void, smiled ferociously, and exposed chrysanthemum-like serrated teeth: "That's right! Our universe can't stand any more unrest! Firmament Holy, I am Nine Heads Great Holy. Heaven's Devourer Tyrant Dragon is a member of our universe. You guys shouldn't kill one another. I urge you to consider the overall situation and let him go. Otherwise, you will be our enemy!"

"Nine Heads Great Holy! A variant nine-headed true dragon with nine lives. If you can't kill him nine times at a time, he will be reborn again and again!"

"Nine Heads Great Holy, Nightkin Emperor era's strongest quasi-Empyrean rank powerhouse. He once consumed three quasi-Empyrean rank powerhouses as well as defeated two quasi-Empyreans at the same time."

"..."

When the human Holy Spirit Warlocks saw Nine Heads Great Holy, they quickly guessed his origin.

Yang Feng smiled frigidly and said, "Well said. Only by integrating all the forces of our universe, can we compete with Gumana Universe. I think you two should take the overall situation into consideration, hand over your souls, and serve me as lackeys. This is the best course of action."

Heaven's Devourer Tyrant Dragon treads the path of devour, which clashes with Yang Feng's path. He and Yang Feng are destined to be mortal enemies. Since Nine-headed Phoenix Great Holy and Nine Heads Great Holy came to save Heaven's Devourer Tyrant Dragon, they are Yang Feng's mortal enemies. Naturally, he won't give the other party any face.

"Talking big! Firmament Holy, release Heaven's Devourer Tyrant Dragon, or else today is the day you die."

With a cold snort, a black monster with a horn stepped out of the void, and the surrounding space distorted. It stared at Yang Feng coldly.

“Who’s that?”

“What is the origin of this quasi-Empyrean rank powerhouse?”

“...”

Gazes full of curiosity fell on the black monster with a horn.

Bai Bingxian smiled: “He’s a quasi-Empyrean rank powerhouse of the black ogre race. In the archgod age, Black Ogre Emperor was unequaled for an era. If I’m not mistaken, he should be Babatarok, a quasi-Empyrean rank powerhouse under Black Ogre Emperor.”

Mofeceraja’s eyes flickered: “With three quasi-Empyrean rank powerhouses putting pressure together, Firmament Holy is in danger. There are many people who don’t want to see Firmament Holy devour Heaven’s Devourer Tyrant Dragon.”

Bai Bingxian chuckled, “Of course! Even in this era, there is only one Empyrean slot. Only by becoming an Empyrean, will you be qualified to compete for the chance to advance to eternity. No quasi-Empyrean rank powerhouse wants to see Firmament Holy devour Heaven’s Devourer Tyrant Dragon.”

“Did everyone jump out? Great, everyone jumped out! Then go to hell! If I devour you, my strength will progress a step further. Do it!”

Yang Feng’s eyes flashed icily, and he ordered coldly.

The void cracked open, and Starmoon Sky Snake Great Holy, who is as large as a star, flew out, operated vast star force, and attacked Nine-headed Phoenix Great Holy.

Ripples flashed, and Cosmic Eyes Tiger Great Holy appeared and pounced at Nine Heads Great Holy, a fierce gleam in his eyes.

Countless cyan lightning flickered, and Cyan Thunderbolt Great Holy equipped with a thunder spear came out of the void and attacked Babatarok.

Shi Yu’s eyes glimmered icily. Countless runes shone, and the three-headed starry dark stone dragon emerged. The three-headed starry dark stone dragon tore the firmament and shot towards Blackhorn Dragon Great Holy lightning fast.

Caught off guard, Blackhorn Dragon Great Holy was bitten by the three-headed starry dark stone dragon and had his body torn.

“Die!”

With a fierce shimmer in his eyes, Brilliant Great Holy crossed the void, appeared behind Black Horn Dragon Great Holy, and slashed the other party with the Brilliant Sword, leaving a huge wound behind.

When he was captured by Blackhorn Dragon Great Holy, Brilliant Great Holy suffered great humiliation. He hates Blackhorn Dragon Great Holy to the bone. Therefore, before his strength was fully restored, he ignored his safety and attacked Blackhorn Dragon Great Holy.

Blackhorn Dragon Great Holy is frighteningly strong. His torn body reassembled at once, and he cast secret methods to deal with the three-headed starry dark stone dragon and Brilliant Great Holy.

“Four quasi-Empyrean rank powerhouses! Are they Firmament Holy’s allies?”

“To be able to rope in four quasi-Empyrean rank powerhouses, how dreadful! In terms of influence alone, I’m afraid Firmament Holy is not inferior to the Eighth Warlock Imperial Court!”

“...”

When the spectating Holies and Great Holies saw the four quasi-Empyreans obey Yang Feng’s summons, they inhaled a breath of cold air.

Every quasi-Empyrean rank powerhouse is a genius among geniuses and a monster among monsters. During the era of the Eighth Warlock Imperial Court, there were only four quasi-Empyrean rank powerhouses assisting Dawn Lord.

In terms of influence alone, Yang Feng, who has four quasi-Empyrean rank friends, is already comparable to the Eighth Warlock Imperial Court’s Dawn Lord.

Mofeceraja inhaled a breath of cold air: “He’s able to command quasi-Empyrean rank powerhouses! And four of them, to boot. Firmament Holy is beyond impressive!”

Bai Bingxian sighed: “I’m afraid there are more than four! After all, Eternal Ancient Road is full of powerhouses. It is the most prosperous region of our universe. Who knows how many quasi-Empyrean there are in that region. For him to be able to subdue four quasi-Empyreans, Firmament Holy naturally can make other powerhouses submit. Under the premise that no Empyrean shows up, I’m afraid he will be invincible in this era!”

With his hands behind his back, Yang Feng is standing proudly in the void. Above his head, there is a huge black hole, frantically devouring the life origin of Heaven’s Devourer Tyrant Dragon.

Nine-headed Phoenix Great Holy, Nine Heads Great Holy, and Babatarok are an era’s unparalleled powerhouses in the same realm for a reason. Even though Starmoon Sky Snake Great Holy, Cosmic Eyes Tiger Great Holy, and Cyan Thunderbolt Great Holy, these three quasi-Empyrean rank powerhouses, are using an Empyrean grade secret treasure each, but they’re still not a match for the other party. They were beaten back again and again.

“It seems that only you three fools have come to throw away your lives. The rest are really careful.”

Yang Feng suddenly smiled. With a flash of light, the Green Yang Halberd appeared in his hand. He stabbed the black hole and sliced Heaven’s Devourer Tyrant Dragon in two.

## **Chapter 1268: Devour Nine-headed Phoenix Great Holy**

### 1268 – Devour Nine-headed Phoenix Great Holy

Once Heaven’s Devourer Tyrant Dragon was sliced in two, a tremendous amount of life origin poured out.

A torrent of time emerged around the black hole and accelerated the flow of time in the area.

In a few breaths of time, Heaven's Devourer Tyrant Dragon withered, and all his essence was devoured. He turned into dust that wind dissipated.

"Dead! Heaven's Devourer Tyrant Dragon is dead!"

"He is Eternal Sovereign age's powerhouse second only to Empyreans!"

"Firmament Holy is really fearsome!"

"..."

The spectating Holies and Great Holies felt a chill inside when they saw this.

Heaven's Devourer Tyrant Dragon is the Eternal Sovereign age's powerhouse second only to Empyreans. Even a quasi-Empyrean rank powerhouse like All-Eyes Great Holy was defeated by him and had to flee in embarrassment. Yet such a terrifying direbeast was killed by Yang Feng. The implication that this carries made the spectating Holies and Great Holies shudder.

A river of time emerged and surrounded Yang Feng.

Yang Feng took a step, appeared behind Blackhorn Dragon Great Holy in a flash, and slashed down with his halberd.

In an instant, ten suns tore the space, converged together, and turned into an invincible halberd ray that slammed into Blackhorn Dragon Great Holy and sliced him in two.

A black hole emerged and swallowed Blackhorn Dragon Great Holy.

Countless devour runes and times runes intertwined and glittered, and the flow of time inside the black hole accelerated thousand-fold. In an instant, Blackhorn Dragon Great Holy's life origin was fully extracted, and he turned into ashes that dispersed with the wind.

"Blackhorn Dragon Great Holy died, as well!"

"Slaughtering Holies as if dogs!"

"..."

The eyes of the spectating Holies and Great Holies flickered with shock when they saw that Blackhorn Dragon Great Holy couldn't block a single strike from Yang Feng. Blackhorn Dragon Great Holy is a fierce character that captured Brilliant Great Holy. Even if it's the three-headed starry dark stone dragon, it could only make him cut a sorry figure, but could not threaten his life. For such a terrifying powerhouse to be instakilled by Yang Feng, this is simply unbelievable.

A river of time appeared at once and extended to behind of Nine-headed Phoenix Great Holy. A projection turned from illusory to real, appeared behind Nine-headed Phoenix Great Holy in an instant, and slashed at the other party with a halberd.

Fighting Starmoon Sky Snake Great Holy, faced with a surprise attack, Nine-headed Phoenix Great Holy's eyes shimmered with the shade of fury, and he opened his mouth. An Empyrean grade secret treasure, the Nine-Headed Phoenix Pearl, flew out immediately and unleashed endless fire shooting towards Yang Feng.

Nine-headed phoenixes are a kind of variant of phoenixes and have true spirit bloodline flow inside them. Pure blood nine-headed phoenixes are extremely powerful and do not lose to phoenixes in terms of strength.

The Nine-headed Phoenix Pearl is a secret treasure that four nine-headed phoenix Empyreans painstakingly refined. It brings together the power of four Empyreans as well as the nine-headed phoenix race. In terms of might, it's more terrifying than some unequaled secret treasures. It's second only to Eternal grade secret treasures.

Yang Feng slashed at the Nine-headed Phoenix Pearl. In an instant, four nine-headed phoenixes shrouded in Phoenix Fire flew out of the Nine-headed Phoenix Pearl, crushed the halberd ray, and rushed towards Yang Feng.

A black hole suddenly emerged and swallowed the four nine-headed phoenixes shrouded in Phoenix Fire.

Boom!

In just a moment, the black hole was popped by the four nine-headed phoenixes shrouded in Phoenix Fire. The four nine-headed phoenixes shrouded in flames that can burn anything rushed towards Yang Feng.

"Impressive. That's an overlord from ancient times for you. With the Nine-headed Phoenix Pearl, you're slightly stronger than Heaven's Devourer Tyrant Dragon! Fourth form!"

Yang Feng praised flatly, and his eyes shimmered with a frigid shade. The Xi Shen Armor shone, and a vague projection appeared and fused completely with him.

When Yang Feng fused with the vague projection, tremendous power poured into him from the Kunmo Stone continuously.

He brandished the Warbringer Halberd and slashed at the four nine-headed phoenixes.

Countless heroic spirits emerged from the river of time, cast all kinds of powerful offensive secret methods, and attacked the four nine-headed phoenixes.

In the void, countless heroic spirits fought the four nine-headed phoenixes.

Flames, wind storms, icicles, and other kinds of attacks tore the firmament.

Yang Feng shuttled through the battlefield like an invincible god, brandished the halberd, and operated countless heroic spirits to fight the four nine-headed phoenixes.

Almost in an instant, Yang Feng slashed a nine-headed phoenix tens of thousands of times and cut it into countless pieces.

A black hole emerged immediately and swallowed the nine-headed phoenix.

After the nine-headed phoenix was swallowed, the Nine-headed Phoenix Pearl dimmed by a fraction.

Yang Feng walked in an endless sea of fire. With each step he took, he slayed a nine-headed phoenix. After taking only four steps, the four nine-headed phoenixes were chopped into pieces and completely devoured by him.

“Become nutrients for my evolution!”

In an instant, Yang Feng appeared in front of the Nine-headed Phoenix Pearl and grabbed it.

Countless mechanical tentacles emerged from the Xi Shen Armor, wound around the Nine-headed Phoenix Pearl, and severed the connection between it and Nine-headed Phoenix Great Holy in an instant.

When he sensed that his connection with the Nine-headed Phoenix Pearl was severed, Nine-headed Great Holy’s complexion changed dramatically, and he bellowed, a furious look on his face, “Firmament Holy, to dare take the legacy secret treasure of the nine-headed phoenix race, do you want to become our mortal enemy?!”

“That’s fine with me. If I kill you, and then wipe out the nine-headed phoenix race, it will be possible to enhance the strength of human race!”

Yang Feng’s eyes flashed with frigid killing intent, and he crossed the void, appeared in front of Nine-headed Phoenix Great Holy, and slashed down with his halberd.

“Alright! Firmament Holy, since you’re being this overbearing, I’ll take you down with me! Nine-headed Phoenix Godslayer Art!”

Shocked and outraged, Nine-headed Phoenix Great Holy’s eyes flashed fiercely. Countless runes shone, and he combusted his bloodline force and cast the last resort secret method of the nine-headed phoenix race.

Countless flames churned and condensed into an invincible nine-headed phoenix spear.

The nine-headed phoenix spear, which is formed from bloodline force of a nine-headed phoenix powerhouse, is extremely powerful. Even if it’s an Emphyrean, once stabbed with the nine-headed phoenix spear, their life origin will be harmed, which is difficult to recover from. This is a most terrifying offensive secret method of the nine-headed phoenix race. It can only be used as a last resort.

Nine-headed Phoenix Great Holy is resolute in nature. Seeing that things are anything but reassuring, he decided to fight desperately.

When the nine-headed phoenix spear took shape, the aura of Nine-headed Phoenix Great Holy, who possesses advanced quasi-Emphyrean rank cultivation base, dropped to the intermediate quasi-Emphyrean realm. Without the nourishment of a large number of treasures comparable to eternal god fruits, he has no hope of attacking the Emphyrean realm.

In an instant, the nine-headed phoenix spear sundered the sky and stabbed at Yang Feng.

Yang Feng’s eyes shimmered with a dignified color. He waved his hand, and the Wheel of Time flew out abruptly.

The Wheel of Time shone with countless runes, and a river of time appeared around Yang Feng.

The nine-headed phoenix spear tore the firmament, appeared in front of Yang Feng, stabbed him, burst apart, and turned into a raging fire that swallowed Yang Feng.

“Is he done for?”

“So that’s the nine-headed phoenix spear! The last resort secret method of the nine-headed phoenix race!”

“Lose-lose situation? That’s the best outcome.”

“...”

The spectating Holies and Great Holies stared at the raging fire with expectation in their eyes.

Bai Bingxian’s eyes flashed with derision, and she said, “A bunch of fools! That’s the Wheel of Time, a defensive secret treasure of Time Lord! Nine-headed Phoenix Great Holy is in danger!”

Mofeceraja’s beautiful eyes flashed with a complex color, and she sighed faintly: “The Wheel of Time. The No. 1 secret treasure of the human race has fallen into Firmament Holy’s hands. Nine-headed Phoenix Great Holy isn’t merely in danger, he’s finished!”

With a blur, as if he traveled from the past to the present, Yang Feng appeared in front of Nine-headed Phoenix Great Holy.

A halberd containing the attacks of countless heroic spirits tore the firmament, slammed into the weakened Nine-headed Phoenix Great Holy, and sliced him in two.

A black hole suddenly emerged and swallowed Nine-headed Phoenix Great Holy.

“What spell was that? It was actually able to block the nine-headed phoenix spear?”

“But that was the last resort secret method of the nine-headed phoenix race! Back in the day, a number of Emphyreans were wounded by the nine-headed phoenix spear.”

“How could this be? Firmament Holy actually slayed Nine-headed Phoenix Great Holy without suffering any injuries himself! What was that spell?”

“The Wheel of Time. That’s the Time Lord’s defensive Emphyrean grade secret treasure, the Wheel of Time.”

“That’s the Wheel of Time’s Space-Time Reversal! It can enable one to travel between different space-times to avoid all kinds of attacks. At the time, Time Lord was invincible by virtue of this spell. I didn’t expect Firmament Holy to get this Emphyrean grade secret treasure.”

“...”

The eyes of the spectating Holies and Great Holies flashed with shock when they saw Nine-headed Phoenix Great Holy being slayed and devoured by Yang Feng. When faced with the last resort secret method of the nine-headed phoenix race, even Emphyreans will be somewhat wary. Yet Yang Feng slayed Nine-headed Phoenix Great Holy without suffering injuries. This made the others shudder.

“Firmament Holy is more dreadful than in the past! To easily kill a terrifying powerhouse such as Nine-headed Phoenix Great Holy, he’s too strong. I wonder how many benefits he gained at Eternal Ancient Road.”

Starmoon Sky Snake Great Holy took a deep look at Yang Feng, and his eyes shimmered with excitement and reluctance. He operated boundless starlight and flew towards Nine Heads Great Holy.

Nine Heads Great Holy is an overlord from ancient times. At first, he firmly stifled Cosmic Eyes Tiger Great Holy. But when Starmoon Sky Snake Great Holy joined the battle, the situation was immediately reversed.

While fighting one against two, Nine Heads Great Holy was not at a disadvantage. But it became impossible for him to get rid of Cosmic Eyes Tiger Great Holy.

Countless runes shone, and a pair of wings appeared on Nine Heads Great Holy’s back. With a flap of the wings, Nine Heads Great Holy turned into a bright radiance and fled towards the outside.

“You want to escape? Not so fast!”

A torrent of time emerged at once. Yang Feng appeared in front of Nine Heads Great Holy in a flash and slashed at the other party with the halberd in his hand.

Chapter 1269: Black Ogre Emperor

Nine Heads Great Holy opened his mouth, and a broken stele emitting Eternal aura suddenly flew out. On the broken stele, there is an ancient, abstruse character engraved. Countless mysterious runes shone, and the ancient character flew out, turned into a terrifying blade ray, and shot towards Yang Feng.

“Can’t avoid it!” As soon as Yang Feng saw the terrifying blade ray, it dawned on him — the Wheel of Time’s magic can’t allow me to dodge this blade.

The power of the character inscribed on the broken stele is far lower than that of the nine-headed phoenix spear. However, it’s energy level is far higher than that of the nine-headed phoenix spear. It contains Eternal force that can break Wheel of Time’s magic. The resplendent and abstruse blade ray sundered the firmament and sliced the heroic spirits in its way apart, completely erasing all traces of theirs from history.

Yang Feng spread the fingers of his hand, and an Ogre’s Head Shield emanating immortal Emyrean might suddenly flew out. A terrifying ogre head containing immortal Emyrean might flew out and shot towards the terrifying blade ray.

The blade ray broke out with Eternal fluctuations and shattered the ogre head, and then slammed into the Ogre’s Head Shield.

The blade ray split the Ogre’s Head Shield apart, and then severed Yang Feng’s left arm, and blood spilled into the sky. With an expressionless look on his face, Yang Feng appeared in front Nine Heads Great Holy in a flash and unleashed a halberd strike, and countless heroic spirits appeared again, cast all kinds of offensive spells, and hurled attacks at Nine Heads Great Holy.

The broken stele with Eternal aura appeared and radiated gray light, withstanding the countless attacks hurled by the heroic spirits.

Starmoon Sky Snake Great Holy operated countless specks of starlight, formed a starlight spear, and stab at the broken stele.

Cosmic Eyes Tiger Great Holy unleashed a cosmic blade that sundered the firmament and barreled towards the broken stele.

Gray light radiated from the broken stele and blocked the attacks from Yang Feng's group of three.

But at the same time, Nine Heads Great Holy's aura weakened continuously.

Nine Heads Great Holy roared: "Firmament Holy! It's your win! Let me go! If we continue to fight, both sides will suffer. Neither will benefit. As you know, there are countless people who want you to die."

"You're not qualified to make me suffer!"

Yang Feng smiled coldly and spread the fingers of a hand, and the Spirit Osta Fortress appeared. In the center of the Spirit Osta Fortress, there sits an Empyrean skeleton.

The Empyrean skeleton emanates Empyrean aura.

The Spirit Osta Fortress is one of Yang Feng's trump cards.

After it was severely damaged, Yang Feng mobilized resources in Eternal Ancient Road to repair it. At this time, its power has risen. The Empyrean skeleton opened its eyes, and its eyes glimmered. The void trembled and collapsed.

It extended a hand towards the broken stele.

The broken stele vibrated and radiated gray light that forcibly blocked the hand of the Empyrean skeleton.

"Break!"

Yang Feng unleashed a halberd strike, and countless heroic spirits appeared abruptly and imbued all combat skills they're proficient in into him, converging into a terrifying combat force that slammed into the gray light.

The gray light finally collapsed. The Empyrean skeleton grabbed the broken stele, stuffed it into its mouth, and chewed.

The broken stele is the remains of an Eternal grade secret treasure. By absorbing its power, the Spirit Osta Fortress can recover by a fraction.

"No!"

When Nine Heads Great Holy saw that his most precious life-saving treasure was eaten by the Spirit Osta Fortress, he unleashed a sky-shaking bellow.

"Die!" The cosmic blade immediately appeared behind Nine Heads Great Holy, slammed into him, and cut him apart.

The starlight spear formed from countless specks of star force crossed the void, stabbed Nine Head Great Holy, and ran through him. Boom!

At the moment when the starlight spear ran through him, Nine Heads Great Holy exploded. The terrifying explosion swallowed everything around.

Thousands of kilometers away, there was a blur, and Nine Heads Great Holy appeared again, his strength already fully recovered.

He flapped his wings and fled into the distance. In terms of strength, Nine Head Great Holy is slightly inferior to Heaven's Devourer Tyrant Dragon. But in terms of survivability, he is far above the other party.

As long as he isn't killed nine times in a row, Nine Heads Great Holy can be reborn continuously.

Only Eternal rank powerhouses or some special Empyrean grade secret treasures can kill Nine Heads Great Holy in one time.

"Firmament Holy, you destroyed my secret treasure! You and I are mortal enemies! I will kill all the people you care about! I will kill them one by one and make your life miserable!" Nine Heads Great Holy's voice full of resentment came from the void.

"You brought about your own ruin!" Yang Feng's eyes flashed coldly. Countless runes shone, and the Web of Fate suddenly emerged and silently entered the void. In Yang Feng's eyes, fate radiances surged and a mysterious runes containing fate aura emerged.

As soon as the mysterious rune containing fate aura emerged, fate treads appeared in Yang Feng's view.

Among the countless fate treads, seven are really thick. Furthermore, they are distorted and blurry, as if affected by magical power that can break free from the snare of fate.

"Seven quasi-Empyreans, there are seven quasi-Empyreans here. I only discovered two! There are five who are hiding really well! The mantis stalks the cicada, unawares of the oriole behind? It's a shame, but you won't get any opportunities."

Yang Feng showed a contemptuous smile. His figure blurred, and he appeared in front of Nine Heads Great Holy and unleashed a halberd strike. A green halberd ray sliced Nine Heads Great Holy in an instant, and then black hole suddenly emerged and swallowed him. Nine Heads Great Holy's body blurred.

Under some kind of law, Nine Heads Great Holy was reborn 10,000 kilometers away in an instant.

A torrent of time shrouded Yang Feng, and he appeared in front of Nine Heads Great Holy and sliced the other party in two again.

A black hole appeared and devoured Nine Heads Great Holy's flesh and quintessence.

"How do you know where I am reborn?"

After being reborn again, Nine Heads Great Holy saw Yang Feng appear in front of him once more and felt his blood run cold. He bellowed wildly.

“It’s due to the power of fate! You are destined to die here!”

A halberd ray emerged, slammed into Nine Heads Great Holy in an instant, and cut him in two.

“Firmament Holy, spare my life! I will be your most faithful ally!”

“Firmament Holy, don’t kill me! We can form an alliance. Once we form an alliance, others won’t be able to compete with you. You will be the sole Empyrean of this era.” “...”

No matter how Nine Heads Great Holy implored, Yang Feng paid it no attention and continued to kill him again and again.

After Nine Heads Great Holy was cut in two for the ninth time, a black hole suddenly appeared and drew him inside. Countless runes shone.

Nine Heads Great Holy’s life origin was extracted, and he turned into ashes. “Nine Heads Great Holy died, as well!”

“How dreadful! Nine Heads Great Holy is proficient in countless escape secret methods and has nine lives.

For Yang Feng to be able to kill such a powerhouse, that’s really scary.

“What magic was that? It was actually able to determine the places where Nine Heads Great Holy was reborn.”

“That’s Web of Fate, one of the three fate-type Empyrean grade secret treasures. Under the power of fate, no one can escape from the Web of Fate.”

“...”

The eyes of the Holies and Great Holies shimmered with graveness. The eyes of the seven quasi-Empyreans hidden in the void flickered with apprehension.

“It’s your turn at last!” Yang Feng’s eyes flashed cold.

He looked at Babatarok, and his eyes flickered with frigid murderous intent. Under the siege of Cyan Thunderbolt Great Holy, Starmoon Sky Snake Great Holy, and Cosmic Eyes Tiger Great Holy, Babatarok has been riddled with wounds. However, he is still as fierce as ever.

While fighting desperately, he is looking for a chance to escape. Seeing that Yang Feng slayed Nine Heads Great Holy, Babatarok decisively took out a black skull and recited an incantation.

Black light shone, and the black skull spewed out terrifying black qi.

A terrifying being cowered in black fur, with a horn on the head, suddenly appeared, and immortal Empyrean might emanated from him.

“Black Ogre Emperor!”

“It’s him!”

“He intervened.”

“That’s right. After all, Babatarok is his most devoted subordinate as well as currently his arms and legs in the world.

Naturally, he doesn’t want the other party to be annihilated by Firmament Holy

“ ... ”

When the spectating Holies and Great Holies saw the terrifying being, their complexion changed dramatically. That’s an Empyrean, a terrifying existence at the peak of the universe. Ever since the Eternal Sovereign age ended, it has been the Empyrean age, where Empyreans rule supreme.

“Fuck off!” Black Ogre Emperor glanced at Cyan Thunderbolt Great Holy, Starmoon Sky Snake Great Holy, and Cosmic Eyes Tiger Great Holy, and extended a claw.

A giant claw as big as a star, covered with black fur, emerged from the void and tore the attacks of the three quasi-Empyrean rank powerhouses apart, and then slammed into the three quasi-Empyreans themselves and blasted them 10,000 kilometers away.

### **Chapter 1270: Slaying Black Ogre Emperor’s Avatar**

“It’s really him!” “Only Black Ogre Emperor can be this strong. Only he can push three quasi-Empyrean rank powerhouses back with one blow.” “Can Empyreans already come out into the world?” “Is he already awake?” “ ... ” When the spectating Holies and Great Holies saw that the three quasi-Empyrean rank powerhouses were pushed back with one strike, apprehension shimmered in their eyes. If an Empyrean revives now, no one will be able to stop them. “Firmament Holy, kneel!” With a fierce flash in his eyes, Black Ogre Emperor erupted with countless runes and uttered frigidly. In an instant, countless sound waves gathered, vibrated, turned into a 10,000-kilometer-long lance, and stabbed at Yang Feng. Yang Feng unleashed a halberd strike, and ten suns sundered the sky and slashed the 10,000-kilometer-long sound wave lance.

Boom! A terrifying shock wave spread in all directions, crushed the magic barriers around Yang Feng, and blasted the person himself thousands of kilometers away. Blood spilled in the sky. The Spirit Osta Fortress quickly turned around, changed into a mysterious rune, and flew into Yang Feng’s body. The Spirit Osta Fortress is just a broken Eternal grade secret treasure. Every time it is used, it must rest for a period of time to restore its full combat power. If it keeps fighting, its origin force will be harmed. “So strong! So this is an Empyrean!” “So this is the power of an Empyrean! In front of an Empyrean, a mere Great Holy can’t withstand a single blow!” “ ... ” The spectating Holies and Great Holies stared Black Ogre Emperor with wary in their eyes. Black Ogre Emperor’s eyes flickered with a dense murderous intent, and he uttered icily, “Firmament Holy, you dare to attack my subordinate. I’ll give you a chance to commit suicide! As long as you commit suicide, I won’t persecute your friends and family. Otherwise, not only will you die, but your friends and family will die, as well.

Even the whole human race will be destroyed because of you!” In an instant, eerie winds rose within thousands of kilometers, and countless evil spirits with ferocious appearances and black fur came out of the void and they stared at Yang Feng, hair-raising flash in their eyes,. “Black Ogre Emperor, you didn’t stay in your coffin, but came out to throw away your life! That’s great! If I devour a live Empyrean, I’ll be able to take another step forward.” Yang Feng’s eyes flickered icily. He revealed a smile and erupted with countless runes, and wisps of fate aura diffused. The Blue Mirror of Fate suddenly emerged and

imprinted Black Ogre Emperor. The Blue Mirror of Fate shone with countless runes, distorted, and showed the image of a strange, blurry coffin. "Firmament Holy, you're courting death!" Black Ogre Emperor's face fell, and he unleashed a fierce roar.

Countless runes shone, and terrifying fluctuations of power diffused from the strange, blurry coffin. The light in Blue Mirror of Fate twisted and collapsed. With a glimmer of murderous intent in his eyes, Black Ogre Emperor appeared in front of Yang Feng in a flash and sent a claw containing countless wisps of dark qi stabbing towards Yang Feng's heart. Countless heroic spirits emerged behind Yang Feng. Yang Feng absorbed the battle skills of the countless heroic spirits, unleashed a halberd strike, and crushed Black Ogre Emperor's claw. Bursts of terrifying black demonic qi broke out, and a berserk force sent Yang Feng tumbling in the air. Like maggots feeding on a corpse, the black demonic qi turned into strange runes and eroded Yang Feng's body. There Xi Shen Armor shone, erupted with countless devour runes, and devoured the black demonic qi. As if an invincible god, Black Ogre Emperor unleashed all kinds of offensive spells and hurled attacks at Yang Feng. One after another, black holes emerged, and then collapsed. Yang Feng retreated again and again, and blood spilled into the sky. Bai Bingxian's pretty eyes shimmered with enigmatic light, and she said with a smile, "Truly formidable. As expected of an Emphyrean. Faced against him, Firmament Holy can't withstand a single blow." Mofeceraja's beautiful eyes flashed with a dignified color, and she stated, "No, the truly formidable one is Firmament Holy! He's only a Great Holy, yet he's able to hold on for such a long time against Black Ogre Emperor. If he promotes to a quasi-Emphyrean, he will be an invincible overlord." "Firmament Holy, why don't you have your people step in? If they help you, you may be able to survive." Black Ogre Emperor tore open a huge hole in Yang Feng's body with a claw strike, and then glanced at Starmoon Sky Snake Great Holy's group of three and spoke with a frigid smile. "Black Ogre Emperor, I don't need the help of my people to fight you! You not only woke up ahead of time, but this is also just an avatar. You don't have what it takes to kill me." Yang Feng coughed up a big mouthful of black blood. As soon as the black blood was ejected, it twisted and turned into tiny corpse snakes that bit at Yang Feng. Black Ogre Emperor's attack contains the power of distorted laws force. If an ordinary Great Holy was hit by the claw, the countless corpse snakes would have devoured them from inside. Devour light swept the tiny corpse snakes and devoured them. Black Ogre Emperor said coldly,

"An avatar is enough to kill you! How long can you last in your current state? Once you exit this state, I'll kill you with just one claw strike." Yang Feng smiled proudly and said in reply, "It's a shame, but you are now meat on my chopping block! You're the one who is going to die!" Uneasiness surged in Black Ogre Emperor's heart. Dark Canyon is one of Cangzhi Plane's famous danger zones. It is shrouded in endless darkness all year round. Even if it's a Holy, they will die if they enter the canyon. Three Great Holy rank powerhouses once entered Dark Canyon, yet two of them died. After the one that survived escaped from Dark Canyon, they went crazy. In their later years, they became a monster with black fur and disappeared. In the era of Great Cloud Dynasty, Dark Canyon was a forbidden area among the forbidden areas. No one dared to go there to look for opportunities. Even though the universe began to recover and countless Holies and Great Holies awakened, but no one comes here to look for opportunities. In the void 1,000 kilometers away from Dark Canyon, ripples rose, and a huge fleet appeared. The artillery of the huge fleet shone, and Holy Slaying Artillery beams blasted into the strange canyon. Boom! Along with shocking explosions, things in the canyon were vaporized. Countless black evil spirits and strange phenomena emerged in Dark Canyon.

The evil spirits and strange phenomena were directly vaporized by the Holy Slaying Artillery beams. The coffins at the bottom of Dark Canyon were also turned into ashes under the bombardment. "Firmament Holy, you beast, you dare attack my home! You're dead! Even though that person is protecting you, I'm still going to kill you!" Black Ogre Emperor's eyes flickered fiercely, and he stabbed at Yang Feng with his claws lightning fast like a crazy evil spirit. Black Ogre Emperor extracted the energies within 100 million kilometers and formed an invisible wall that pressed towards Yang Feng. Black holes emerged and blocked in front of Yang Feng. Black Ogre Emperor tore the black holes apart, and then dug out a huge piece of flesh from Yang Feng's body. No matter how Black Ogre Emperor attacked, Yang Feng firmly guarded his vital parts. Yang Feng stared at the other party as if he were looking at a dead person, and his eyes shimmered with derision. After a volley of artillery fire, coffins flew out of the canyon, and black ogre race powerhouses climbed out from the coffins. Booming sounds of engines rose in the sky as countless 6th generation battle robots dropped from the sky, turned into a torrent of steel, and attacked the black ogre race powerhouses. The black ogre race powerhouses are comparable to Infinity Warlocks. But since they have just awakened from their seal, they're currently in a weakened state. They were torn to pieces by Yang Feng's mechanical legion like weeds.

A brilliant beam fell from the sky and blasted into the center of Dark Canyon. "You all have to die!" An ancient bronze coffin flew out of Dark Canyon, and a creepy voice sounded. The lid of the coffin opened, and a withered claw extended towards the sky. In an instant, a huge claw 1,000 kilometers in length pinched a warship in the sky. The warship burst, and terrifying demonic qi surged and crushed everything aboard the warship. Lights shone, and a swarm of ruler series battle robots shot towards the ancient bronze coffin. The ancient bronze coffin radiated brilliant light, broke out with countless runes, and formed a cyan barrier that blocked the attacks of the ruler series battle robots. When the ancient bronze coffin appeared, the strength of the Black Ogre Emperor's avatar that attacked Yang Feng decreased greatly. "The opportunity came at last! Black Ogre Emperor, you can go to hell!" Yang Feng suddenly showed a somber smile. In a flash, he appeared in front of Black Ogre Emperor and unleashed a halberd strike. A torrent of time, spatial gates, stars, a black hole, and twisted, faint fate threads suddenly emerged. A green ray appeared, slammed into Black Ogre Emperor's avatar, and sliced him in two. Yang Feng cast a karma spell, and countless runes glimmered in his eyes. He saw karma threads connected to Black Ogre Emperor's true body and unleashed a halberd strike along the karma threads. "Yang Feng, damn you!" In the ancient bronze coffin tens of thousands of miles away, a miserable voice sounded, and a large amount of blood gushed out of the ancient bronze coffin.
