

MGE 1381

Chapter 1381: Frost Eternal Sovereign Falls

The Wing Eternal Sovereign's strike contains the essence of time, severs the past, present, and future, and is unfathomably fast. It fundamentally cannot be avoided.

The Frost Eternal Sovereign shone, turned into an ice star shrouded in endless frost, and shot towards Yang Feng.

The three Eternal Sovereigns have rich combat experience. As soon as they stepped in, they went all out to kill Yang Feng in one fell swoop.

Yang Feng surged with countless mysterious runes, diffused vast Eternal aura, changed into a terrible black hole that can devour anything, and barreled towards the three powerhouses.

Boom!

Along with an earth-shaking blare, a terrible energy storm spread in all directions, the void collapsed, and the space distorted.

Yang Feng's incarnation of the black hole crumbled in an instant, and he was blasted 10,000 kilometers away. His whole body is covered in strange runes, sword wounds, and ice.

The three Eternal Sovereigns were blown just 100 kilometers away. They're figure's swayed slightly, and they shot towards Yang Feng again.

Boom! Boom! Boom!

Huge explosions kept ringing in the void, and terrible energy storms raged and spread in all directions.

The powerhouses of the two universes escaped the surroundings for fear of being implicated in the battle of the four Eternal Sovereigns.

Even if it's an Empyrean, they will be torn to pieces by the fearsome energy storms if they are placed in the middle of the four Eternal Sovereigns.

"So strong! Feng Eternal Sovereign is actually able to resist three Eternal Sovereigns by himself!"

"Feng Eternal Sovereign is worthy of being the strongest powerhouse of our universe!"

"That's outrageous!"

"..."

When the powerhouses of the world of Warlocks saw Yang Feng resist the three Eternal Sovereigns by himself, their eyes flickered with excitement, and discussions flowed.

Every Eternal Sovereign is an invincible and inconceivably strong monster. Divine Eyes Eternal Sovereign of Gumana Universe, who has lived countless yeas and experienced several universe devour wars, is just slightly stronger than the other two Eternal Sovereigns.

If Frost Eternal Sovereign and Wing Eternal Sovereign work together, then even Divine Eyes Eternal Sovereign won't be a match for them.

However, Yang Feng is able to contend against three Eternal Sovereigns by himself. This is simply inconceivably.

Bona Lord smiled coldly and said in a loud voice, "A bunch of fools! Despite how powerful Feng Eternal Sovereign is, he is just one person. He is already at a disadvantage. If this continues, only death will await him."

Upon hearing these words, the expression of Magic Note Lord and the other powerhouses of the world of Warlock suddenly turned very ugly.

As Bona Lord said, to be able to contend against three Eternal Sovereigns by himself, this is already an incredible feat. However, it is an indisputable fact that Yang Feng is at a disadvantage.

The three Eternal Sovereigns of Gumana Universe are shrewd and ruthless. They move like clap of thunder and advance and retreat together. They basically don't give Yang Feng any chances to deal with them one by one.

If this goes on, Yang Feng is bound to get exhausted and die.

A heavy, despairing atmosphere pervaded the camp of the world of Warlocks.

"Ling!"

After Yang Feng was beaten back once more, his eyes glimmered with a chill, and he barked.

A mechanical star as big as a sky rose from Cangzhi Plane and madly extracted Cangzhi Plane's plane origin.

The mechanical stars in Cangzhi Plane's outer space lit up one by one, shone with countless runes, resonated with each other, and formed ripples, which flowed into the large as a sky level-8 stronghold.

In the center of the level-8 stronghold, Ling opened her eyes, and the entire level-8 stronghold radiated Eternal light that swept the void.

In an instant, two independent worlds appeared, sealing Yang Feng and Frost Eternal Sovereign in one of the worlds. Divine Eyes Eternal Sovereign and Wing Eternal Sovereign were sealed in the other independent world.

"Amazing! Feng Eternal Sovereign, so this is your hidden trump card! That's really incredible! You plan to kill me first, and then pick Divine Eyes Eternal Sovereign and Wing Eternal Sovereign off one by one?"

Frost Eternal Sovereign scanned the vast world with a dignified color in his eyes.

"That's right. Among the three of you, you are the weakest one. Only by killing you, only then will I have a chance to survive."

Yang Feng was very decisive. Shrouded in a river of time, he took a step, appeared in front of Frost Eternal Sovereign, and slashed with the halberd in his hands at the other party.

“Feng Eternal Sovereign, you seem to have miscalculated! Although I am indeed the weakest of the three of us. However, I’m ranked first in terms of defense!”

With an icy look in his eyes, Frost Eternal Sovereign smiled coldly, erupted with innumerable runes, surged with vast frost force, and turned into an ice mountain.

Boom!

Yang Feng’s halberd slammed into the ice mountain, and a green halberd ray cut open a huge crack, only a step away from Frost Eternal Sovereign.

Countless frost runes shone, and the ice mountain recovered in an instant.

Frost Eternal Sovereign uttered with a light smile, “Feng Eternal Sovereign, you’re really something else. Back in the day, Divine Eyes Eternal Sovereign used that treasure and spent ten days to reach this level of damage. That’s the strongest Empyrean in the past for you. After advancing to the Eternal realm, you have become even more tyrannical. But even if it’s you, it won’t be that simple to break my defenses.”

Yang Feng frowned slightly, and then changed into a huge black hole, swept towards the ice mountain, and instantly drew it inside.

Countless devour runes glittered, extracted frost origin force from the ice mountain, and channeled it into Yang Feng.

Frost Eternal Sovereign smiled leisurely and said, “Feng Eternal Sovereign, your essence of devour is indeed marvelous. But it will take you at least 300 years to completely devour my power. I wonder how long can this world hold on?”

Ling extracted Cangzhi Plane’s plane origin force and the power of countless stars around Cangzhi Plane, and then took the level-8 stronghold as the core to form a separate Eternal world.

However, the tyrannically strong Divine Eyes Eternal Sovereign and Wing Eternal Sovereign won’t give Yang Feng too much time.

Frost Eternal Sovereign’s eyes glittered with a sinister shade. Since he saw through this point, only then was he able to be so calm. He decisively cast his defensive secret method in order to stall for time.

In a frontal confrontation, Frost Eternal Sovereign is definitely no match for Yang Feng. If he makes a misstep, he may die at Yang Feng’s hands.

Yang Feng snorted coldly and willed, and a swarm of Holy grade Devour Lords suddenly appeared and flew towards the ice mountain.

“Feng Eternal Sovereign, what’s the point of taking out these trifling things? Except for Eternal grade secret treasures, practically nothing can harm us.”

Inside the ice mountain, Frost Eternal Sovereign smiled lightly, broke out with countless abstruse runes, and unleashed terrifying Eternal force sweeping towards the Devour Rulers.

Shrouded by the frost force, tens of thousands of Devour Rulers were sealed into chunks of ice.

A teleportation beam surged, and the tens of thousands of Devour Rulers disappeared.

Yang Feng's eyes flashed with a resolute color: "Frost Eternal Sovereign, you're really extraordinary! If I want to kill you, I can only pay a certain price!"

The twelve Ruler Saints subordinated to Ling appeared abruptly, broke out with countless runes, and resonated with each other.

The twelve Ruler Saints fused together and turned into an invincible lance containing Eternal fluctuations of power that tore the void and stabbed towards Frost Eternal Sovereign's incarnation of an ice mountain.

Yang Feng's incarnation of the black hole opened and let the twelve Ruler Saints' incarnation of a lance stab the ice mountain.

Boom!

An earth-shaking blare sounded abruptly, and the twelve Ruler Saints turned into dust, only leaving twelve cores behind.

A huge hole appeared on the ice mountain, only three meters away from Frost Eternal Sovereign.

At this moment, Yang Feng burned his Eternal origin and madly extracted the power of the Xi Shen Armor, prompting the Xi Shen Armor to emit sad cries. He brandished the halberd in his hands, and the halberd turned into a stream of light and stabbed into the giant hole.

The halberd pierced through the ice mountain, slammed into Frost Eternal Sovereign, and cut the other party into two.

Countless mysterious runes appeared and forcibly sealed part of Frost Eternal Sovereign's origin force together with his lower body.

"No!"

With a flash of horror in his eyes, Frost Eternal Sovereign unleashed a bellow, and a halberd appeared in his hands with a flash of light.

"It's no use! You're screwed! To make me waste one of my hidden trump cards, you have some skill."

Yang Feng's eyes surged with a frigid shade. A torrent of time shrouded him, his speed increased to the extreme, and he unleashed halberd strikes that slammed into Frost Eternal Sovereign like meteors.

Even though Frost Eternal Sovereign is trying hard to resist, but he was not a match for Yang Feng to begin with. Now that he suffered serious damage, he is even more so not a match for Yang Feng.

After hundreds of moves, Yang Feng slashed Frost Eternal Sovereign's head with his halberd. He spread the fingers of his hand, launched the essence of fate, plunged his hand into the void, and then extracted an Eternal imprint containing frost runes from the void.

"Feng Eternal Sovereign, spare my life! As long as you don't kill me, I'm willing to work for you! And betray my universe for you!"

When he saw the Eternal imprint, the eyes of Frost Eternal Sovereign shimmered with horror and despair, and he unleashed miserable cries and begged.

As long as their Eternal imprint still exists, after an Eternal Sovereign dies, it will be possible for them to be reborn. But once the Eternal imprint is destroyed, the Eternal Sovereign will truly perish.

“Go to hell!”

With a chill in his eyes, Yang Feng brandished the halberd and slashed the Eternal imprint, and a terrifying Eternal force broke out and sliced the Eternal imprint into pieces. Frost Eternal Sovereign’s soul brand was thus directly erased.

Chapter 1382: Shi Xue Advances to the Eternal Realm

At the moment when Frost Eternal Sovereign’s Eternal imprint shattered, blood-red stars appeared in Gumana Universe’s starfields.

Blood-red coffins emerged in the starfields.

An endless sorrow surged in the hearts of all powerhouses of Gumana Universe, making them extremely sad and miserable, as if the person they loved the most had died.

“Blood-red stars shine! Sorrow and heartbreak! An Eternal Sovereign has died!”

“Who was it? Who on earth died?”

“How is that possible? The three majesties are invincible in the world. Is there someone who can kill them?”

“ ... ”

In Gumana Universe’s starfields, the powerhouses gazed at the vision with sorrow in their hearts and despair in their eyes.

Cangzhi Plane’s outer space.

“No, my lord, my mighty lord, how could you have died? Impossible, impossible!”

The eyes of Frost Lord suddenly flashed with despair, and he unleashed heart-wrenching screams. He trembled uncontrollably. Then, an imprint collapsed, and he turned into fragments and disappeared.

At the moment when Frost Lord died, more than a dozen Emyreans of the frost divine race disintegrated, turned into ice dust, and disappeared.

The Emyreans of the frost divine race who were nourished by Frost Eternal Sovereign’s power enjoyed a long lifespan and formidable strength, making them similar to pseudo Eternal Sovereigns. But as soon as Frost Eternal Sovereign died, they were also implicated. They were directly erased by the backlash.

“Frost Eternal Sovereign! The mighty Frost Eternal Sovereign has fallen!”

“How is that possible? Lord Frost Eternal Sovereign is an Eternal Sovereign after all! He couldn’t have died at the hands of Feng Eternal Sovereign!”

“Impossible! Such a thing is absolutely impossible!”

“ ... ”

The countenance of the powerhouses of Gumana Universe changed drastically, their eyes filled with despair, and they issued bursts of hoarse roars. They frenziedly attacked the independent worlds.

“Frost Eternal Sovereign has died! The mighty Feng Eternal Sovereign is invincible!”

“Lord Feng Eternal Sovereign is destined to be invincible in the world!”

“We are sure to win this war!”

“Let’s stop them! The thing that we can do is to kill as many powerhouses of Gumana Universe as possible and share the pressure Feng Eternal Sovereign is shouldering!”

“...”

With bloodshot eyes, the powerhouses of the world of Warlocks launched all kinds of offensive secret method and hurled attacks at the powerhouses of Gumana Universe.

At any given moment, a large number of powerhouses died, the void collapsed, and rifts appeared in space. Empyrean blood and Holy blood scattered in the starry sky.

At this time, a world in the void disappeared, and Yang Feng walked out and swept the powerhouses of Gumana Universe with his gaze, looking like an invincible god.

“Sure enough, he survived!”

“Damn it!”

“Feng Eternal Sovereign!”

“...”

When Yang Feng swept them with his gaze, as if they have fallen into an ice cave, the powerhouses of Gumana Universe shivered, and their eyes filled with fear.

In front of Yang Feng, even pseudo Eternal Sovereigns can’t withstand a blow. Without the restraint of the Eternal Sovereigns, Yang Feng can quell all the powerhouses of Gumana Universe by himself.

“Hold on for a moment!”

Yang Feng took a deep look at the sealed world formed by Ling, and then tore open the void with his hands and disappeared into a rift in the void.

“He left?”

“Feng Eternal Sovereign actually left?”

“What’s going on?”

“He surprisingly left during this crucial time!”

“...”

When the powerhouses of the world of Warlocks and Gumana Universe saw Yang Feng disappear, everyone’s eyes shimmered with shock.

Bona Lord's eyes turned, and then his voice thundered, shaking the starry sky: "Ha-ha! Feng Eternal Sovereign has abandoned you guys! You're dead! Surrender now! There's still time! As long as you surrender now, we will spare your lives!"

Wing Lord shouted: "Although Feng Eternal Sovereign killed Frost Eternal Sovereign, but he was also badly injured! He can't protect you now! Surrender! Those who don't surrender shall die!"

"Surrender!"

"Feng Eternal Sovereign has abandoned you!"

"Feng Eternal Sovereign suffered serious damage! He can't care less about you now!"

"..."

One after another, voices echoed in the void and weakened the resolve of the powerhouses of the world of Warlocks.

Shaken by these words, the powerhouses of the world of Warlocks panicked and lost morale.

Contempt streaked across the beautiful eyes of Primal Chaos Mother Spider, and she uttered frigidly, "A bunch of fools! Trash like you can never guess what's of the mind of Feng Eternal Sovereign. When he took action, he slayed Frost Eternal Sovereign. He left just to prepare the next trump card. Once he returns, he will be able to kill the two remaining Eternal Sovereigns."

Magic Note Lord's stern voice full of killing intent sounded, "That's right. Feng Eternal Sovereign is unfathomable and has never been defeated in his life. This time is no exception. Everyone, let's kill them all! Only by killing them all can we reduce the pressure on his majesty Feng Eternal Sovereign. Only by killing them all can we live."

"Kill!"

With a cold flash in his eyes, Death Lord brandished his axe and attacked powerhouses of Gumana Universe.

Under the leadership of the three unequaled overlord-level Emyreans, the morale of the powerhouses of the world of Warlocks partially recovered at last, and they followed behind them and attacked the powerhouses of Gumana Universe.

The powerhouses of the two universes know that the universe devour war is a war of extinction. Of the two universes, only the intelligent life forms of one universe can live. For the defeated universe, at least 95% of all life forms will perish. As for Emyreans, almost all will die. There is no room for compromise. Only when enough life forms die, only then can the astronomical amount of resources needed for the integration of the two universes and promotion be met.

A desolate starfield on the edge of the universe.

Ripples surged, a huge rift appeared, and Yang Feng emerged. He took a step and entered the ice palace.

"Greetings, your majesty!"

As soon as the ice phoenix saw Yang Feng, she knelt on the ground and spoke respectfully.

“Mhm!”

An invisible force lifted the ice phoenix from the ground. At this moment, Yang Feng appeared above the ice coffin where Shi Xue is sleeping.

Yang Feng pointed with his finger, and Frost Eternal Sovereign’s Eternal origin flowed into Shi Xue.

When the ice phoenix saw this, her delicate body shook and her beautiful eyes filled with amazement, “That’s Eternal origin! He actually did it! He killed an Eternal Sovereign!”

An Eternal Sovereign is an invincible being in the universe. For Yang Feng to defeat an Eternal Sovereign is not at all surprising. After all, he is also an Eternal Sovereign. However, to slay an Eternal Sovereign, that’s inconceivably difficult.

“Eternal origin. And it’s frost Eternal origin, to boot. If I could get a strand of it, I would be able to advance to an Empyrean.”

The ice phoenix watched the Eternal origin pour into Shi Xue with envy in her eyes.

The ice phoenix is an outrageous prodigy with a pure bloodline. She has quasi-Empyrean rank cultivation base. It’s a pity, but her potential has been exhausted. If there are no fateful encounters, she won’t be able to break through and advance to an Empyrean for the rest of her life. But if she can get a strand of the frost Eternal origin, she may be able to break through and advance to an Empyrean.

It was originally difficult for Shi Xue to absorb the frost Eternal origin. However, Yang Feng used his own Eternal origin to inhibit the temporal backlash raging inside Shi Xue, allowing her to easily absorb the frost Eternal origin.

“She’s attacking the Eternal real! That’s so decisive!”

Suddenly, Yang Feng felt a change in Shi Xue’s aura. She used Frost Eternal Sovereign’s Eternal origin to absorb the power of the temporal backlash and began to attack the Eternal realm.

A mysterious rune containing the essences of frost, power, time, space, and fate emerged slowly and began to condense into an Eternal imprint.

Within hundreds of millions of light-years, terrible energy storms surged.

Different from the time when Yang Feng smoothly advanced to an Eternal Sovereign, the time and fate components of Shi Xue’s Eternal imprint are blurry and have difficulty forming.

“What a headache.”

Yang Feng smiled bitterly and pointed with his finger, and the Wheel of Time appeared and entered Shi Xue’s body.

The essence of time component shone and became clear.

“Okay, here you are!”

Without hesitation, Yang Feng pointed with his hand, and the Mirror of Fate appeared, turned into a stream of light, and entered Shi Xue’s body.

Shi Xue's essence of fate component shone and became resplendent.

Stars, a world of ice, a torrent of time, a river of fate, and spatial gates, five visions appeared in the universe, integrated into one, and finally condensed into an Eternal imprint that entered the depths of the universe.

A sacred, mighty Eternal aura filled the universe at once.

"Someone advanced to the Eternal realm!"

"Eternal Sovereign! This is the aura of an Eternal Sovereign!"

"Who was it? Who on earth advanced to an Eternal Sovereign at this time?"

"..."

In an instant, the intelligent life forms of both the world of Warlocks and Gumana Universe realized that a new Eternal Sovereign was born.

"My name is Ice Eternal Sovereign!"

A vast, majestic, sacred female voice echoed throughout the universe.

"Ice Eternal Sovereign? Who is she?"

"Who is that? How could she advance to an Eternal Sovereign at this time?"

"To which universe belongs this Eternal Sovereign?"

"How could someone advance to the Eternal realm at this time!"

"..."

Discussions echoed in the whole universe as everyone wondered about the identity of the powerhouse who advanced to an Eternal Sovereign.

Chapter 1383: Shock

Magic Note Lord uttered with a frown, "Ice Eternal Sovereign! Who is that?"

The Primal Chaos Mother Spider's eyes flashed with a complex shade, and she sighed lightly, "Ice Eternal Sovereign! If I'm not mistaken, it should be her! It's Shi Xue. The one who slayed Boyan Lord."

Death Lord said flatly, "Yes, it can only be her. Only she can absorb Frost Eternal Sovereign's Eternal origin, and then, with Feng Eternal Sovereign's help, take that final step and advance to an Eternal Sovereign."

Although Frost Eternal Sovereign's Eternal origin is extremely precious, but it is very difficult for ordinary powerhouses to refine it.

However, at that time, Shi Xue was able to face the temporal backlash and slay Boyan Lord. Her combat power is amazing. She is an unequaled overlord-level paragon. Furthermore, she is quite compatible with Frost Eternal Sovereign's Eternal origin. Only then was she able to absorb his Eternal origin.

Death Lord looked into the void: “Anyway, the end of this war is about to be announced.”

In the void, the world Ling created by extracting the origin of Cangzhi Plane and countless stars trembled incessantly and even showed fine cracks. It is likely to collapse at any time.

Every Eternal Sovereign is an unparalleled being. Despite how strong Yang Feng is, it is difficult for him to resist the joint attack of three Eternal Sovereigns. Although Ling used the power of the level-8 stronghold to extract Cangzhi Plane’s origin, but it is still difficult for her to resist the attacks of Divine Eyes Eternal Sovereign and Wing Eternal Sovereign.

Inside the ice palace.

Yang Feng looked at Shi Xue, who has already advanced to an Eternal Sovereign, and said with a smile, “Should I call you Shi Xue, the Goddess of Ice, or Taboo Lord?”

When the ice phoenix heard this, she trembled, and her beautiful eyes filled with horror: “Taboo Lord! My lord is actually the Second Warlock Emperor of the human race?”

Taboo Lord is a great legend of the human race. She had ordinary aptitude and was of common background. If she took the orthodox Warlock path, it would be virtually impossible for her to advance to a Great Warlock. However, after a fateful encounter, she got a drop of blood essence of an immemorial demonic ape into her body, and then experienced all kinds of hardships, created the bloodline Warlock path, and finally set foot in the Empyrean domain and became the Second Warlock Emperor of the human race.

“In this life, I’m Shi Xue! Brother Yang Feng!”

Taboo Lord smiled lightly, filled with the dignity, elegance, majesty, and confidence of an unequaled overlord. But when she said “brother Yang Feng”, her voice was filled with a pampered tone, which was very pleasing to the ears.

Yang Feng uttered decisively, “Okay! Xue’er, we don’t have much time! Let’s go!”

“Mhm!”

Two streams of light flashed, and Yang Feng and Shi Xue entered a spatial gate and disappeared.

At Cangzhi Plane’s battlefield, a spatial gate appeared abruptly, and Yang Feng and Shi Xue emerged.

“That’s Shi Xue!”

“Eternal Sovereign aura! She actually advanced to an Eternal Sovereign!”

“Ice Eternal Sovereign! She’s Ice Eternal Sovereign!”

“How could this be?”

“...”

When they saw Shi Xue next to Yang Feng, the eyes of the powerhouses of Gumana Universe shimmered with horror, anger, and despair.

Back in the day, Boyan Lord crossed the universe wall in order to weaken the potential of the universe of the world of Warlocks.

If Shi Xue had not appeared and quelled Boyan Lord. Yang Feng and the other geniuses of the world of Warlocks would have to hide in different places and struggle to survive like stray dogs. By then, even if Yang Feng advanced to an Eternal Sovereign later, he would not be as strong as he is now.

Boyan Lord was the most important pawn in the plans of Gumana Universe. After Shi Xue broke this pawn, a deep resentment directed at her welled up in the entire Gumana Universe. Seeing her now as an Eternal Sovereign and standing side by side with Yang Feng, it naturally made them more envious and resentful.

Primal Chaos Mother Spider looked at Shi Xue standing proudly beside Yang Feng with envy in her eyes, and shouted madly in her heart: "Eternal Sovereign! Why wasn't I the one who advanced to an Eternal Sovereign! Why wasn't I the one given the Eternal origin!"

Primal Chaos Mother Spider is a first generation life form of the universe and was born as an unequaled overlord-level Emphyrean. In order to advance to an Eternal Sovereign, she sealed herself and used an incredible spell to give birth to a number of daughters to work for her.

Primal Chaos Mother Spider has been sleeping for hundreds of thousands of years in order to advance to an Eternal Sovereign.

Now that Yang Feng and Shi Xue have advanced to Eternal Sovereigns, it filled Primal Chaos Mother Spider with envy.

Magic Note Lord said speechlessly, "A second Eternal Sovereign! When did Eternal Sovereigns become as common as cabbages?"

Death Lord's eyes glimmered with runes, and he said unhurriedly, "Her foundation is unstable. Eternal Sovereigns like her, Divine Eternal Sovereign, Wing Eternal Sovereign, and Frost Eternal Sovereign, who have advanced to the Eternal realm with the help of outside forces, can't compare to Yang Feng in terms of strength and potential."

In order to advance to the Eternal realm, you must comprehend four essences, which are the essences of power, space, time, and fate. The essence of power is the easiest to comprehend, followed by the essence of space. The essences of time and fate are extremely difficult to comprehend.

Thanks to various fortuitous encounters, and then the universe great tribulation, Yang Feng gained the favor of the universe will and obtained all kinds of opportunities. Coupled with his own efforts, he was ultimately able to comprehend the essences of time and fate. When he advanced to an Eternal Sovereign, his was far stronger than other powerhouses of the same realm.

The three Eternal Sovereigns of Gumana Universe all used treasures similar to the Will of Time and the Mirror of Fate to set foot in the Eternal realm. Thanks to their unstable foundation, Yang Feng was able to resist the three of them by himself.

All of a sudden, a hole opened in the teetering world, and Yang Feng and Shi Xue flew inside.

Inside this world, Divine Eyes Eternal Sovereign and Wing Eternal Sovereign are casting all kinds of powerful offensive secret methods and hurled attacks at the world.

Even though Ling used Cangzhi Plane's origin force, but as the medium, cracks appeared all over the level-8 stronghold. Even the core chip has cracks everywhere.

"Feng Eternal Sovereign, Ice Eternal Sovereign!"

As soon as Divine Eyes Eternal Sovereign saw Yang Feng, he narrowed his eyes, and his eyes glimmered with a grave color. At the same time, he stopped attacking the world created by Ling.

Wing Eternal Sovereign's eyes shimmered with a cold gleam, and he uttered unhurriedly, "Frost Eternal Sovereign has fallen!"

Yang Feng advised, "Divine Eyes Eternal Sovereign, surrender! Frost Eternal Sovereign has already fallen. Even if for you to continue to fight, there's no way you can win. As long as you surrender and submit to me, and then purge the powerhouses of your universe, then we can coexist peacefully!"

Divine Eyes Eternal Sovereign rejected categorically, "Out of question! Our Eternal imprints are deeply linked with our universe. Once we are defeated, the Eternal imprints will be damaged, and we'll become pseudo Eternal Sovereigns. At that time, won't it be just right for you to slaughter us?"

An Eternal Sovereign's Eternal imprint has merge with their universe. As such, once Gumana Universe is devoured, Divine Eyes Eternal Sovereign and Wing Eternal Sovereign will incur serious damage and drop to the pseudo Eternal Sovereign stage.

While in the pseudo Eternal Sovereign stage, Divine Eyes Eternal Sovereign and Wing Eternal Sovereign can be easily quelled by Shi Xue.

Once Yang Feng kills Divine Eyes Eternal Sovereign and Wing Eternal Sovereign and devours their power and the universe energy level of the universe is upgraded, he'll be able to advance further and become more powerful.

Divine Eyes Eternal Sovereign is a wily old fox and naturally knows that Yang Feng is just trying to weaken their resolve. There's no way that Yang Feng would give them a path to survival.

During the universe devour war, there can be no compromise for Eternal Sovereigns.

"Do it!"

With a fierce flash in his eyes, Divine Eyes Eternal Sovereign turned into a giant eye as big as a star and looked at Yang Feng, and sacred light shot towards Yang Feng.

Wing Eternal Sovereign shone with countless runes and turned into a pair of giant wings that flapped, turned into a blade ray, and slashed towards Shi Xue.

Divine Eyes Eternal Sovereign intends to restrain the strongest enemy combatant, namely Yang Feng, and let Wing Eternal Sovereign kill Shi Xue, who just advance to the Eternal realm.

With an icy gleam in her beautiful eyes, Shi Xue beckoned with her hand, and an ice sword formed from the essence of ice appeared in her hand. Countless mysterious runes shone, and an ice battlegear

appeared on her. Looking like a female god of war, Shi Xue brandished her sword and slashed at Wing Eternal Sovereign.

“Divine Eyes Eternal Sovereign, your foundation is lacking! You advanced to an Eternal Sovereign with the help of external forces! You’re weaker than me! Why do you insist on fighting me?”

Yang Feng’s eyes flashed with killing intent. All of a sudden, stars, a black hole, spatial gates, a torrent of time, and a river of fate appeared and barreled towards Divine Eyes Eternal Sovereign.

Boom! Boom! Boom!

Huge explosions erupted in the void continuously. Divine Eyes Eternal Sovereign was beaten back again and again. In Divine Eyes Eternal Sovereign’s incarnation of a giant eye, eyes containing strange powers burst one after another.

Every time an eye of Divine Eyes Eternal Sovereign burst, a new eye would form. There is no end to them.

Divine Eyes Eternal Sovereign was completely restrained by Yang Feng, and suffered damage repeatedly.

“Feng Eternal Sovereign, I admit that my foundation is lacking. I am not your opponent in a one-on-one fight. However, it won’t be that simple to kill me! So long as Wing Eternal Sovereign kills Ice Eternal Sovereign, the loser will be you!”

“Your Empress Ling can only cast the universe division spell once! Otherwise, you would have separated us again and dealt with us one by one. You didn’t do that not because you didn’t want to, but because you couldn’t. Our attacks have dealt your Empress Ling severe damage!”

“Ice Eternal Sovereign just advanced to an Eternal Sovereign and has yet to fully familiarize herself with Eternal origin. Before you can kill me, she will be cut down by Wing Eternal Sovereign! You’ll be the one to lose!”

With an icy glimmer in his eyes, Divine Eyes Eternal Sovereign has analyzed the situation thoroughly. His will is firm.

Ling extracted Cangzhi Plane’s origin to separated the three Eternal Sovereigns of Gumana Universe in one fell swoop, which can be regarded as outrageous. However, as a result, she had to bear the full strength attacks of Divine Eyes Eternal Sovereign and Wing Eternal Sovereign. Her core origin is damaged. It is no longer possible for her to perform the universe division spell.

Chapter 1384: Divine Eyes Eternal Sovereign Falls

Yang Feng frowned, cast powerful offensive secret methods, and attacked Divine Eyes Eternal Sovereign.

Under Yang Feng’s frantic attacks, cracks continuously appeared on Divine Eyes Eternal Sovereign’s incarnation of a giant eye, and then mended, making for a shocking sight.

Each Eternal Sovereign is a terrifying existence with matchless life force. Previously Yang Feng was able to contend against the three Eternal Sovereigns by himself by relying on his terrifying life force.

Although Yang Feng is far stronger than Divine Eyes Eternal Sovereign, but it still won't be easy for him to kill the other party in a short period of time.

Yang Feng was able to kill Frost Eternal Sovereign in one fell swoop because he used the power of Ling's twelve Ruler Saints and burned his Eternal origin and dealt the other party critical damage. Another important factor was that Frost Eternal Sovereign is weaker than Divine Eyes Eternal Sovereign, which contributed to the success of Yang Feng's attack, as well.

Divine Eyes Eternal Sovereign is a wily old fox. Even though his foundation is not as good as Yang Feng's, but he is still proficient in countless unpredictable spells. He tenaciously tied down Yang Feng.

On the other side, Shi Xue is fighting Wing Eternal Sovereign.

On that side, snow whirled in the sky and wings of light glimmered.

Worlds of ice and snow emerged one by one, and then were cut down by wings of light as large as the sky.

Even though Shi Xue is a peerless paragon, the invincible Taboo Lord of the past, but when faced against Wing Eternal Sovereign, she is still at a complete disadvantage. Countless wounds appeared all over her body.

With an icy expression on her face, Shi Xue surged with ice force, froze her wounds as they appeared, and fought madly with Wing Eternal Sovereign.

Terrible explosions continued to erupt in this area and give rise to spatial rifts.

If it were in the outside world, the fight of the four Eternal Sovereigns would lead to the destruction of an entire starfield.

Boom! Boom!

On Cangzhi Plane, the earth shook, cracks appeared in many places, and lava gushed out like blood. The environment on Cangzhi Plane became really bad.

As the center of the universe of the world of Warlocks, Cangzhi Plane possesses extremely rich life magic energy. But at this time, the life magic energy of the whole Cangzhi Plane is declining and its concentration is becoming increasingly lower.

If the concentration of a plane's life magic energy is low, it's difficult for said plane to produce powerful extraordinary life forms. On a star like the Earth, it is very difficult to give birth to Great Warlock realm extraordinary life forms.

In the sealed world formed by Ling, the four Eternal Sovereigns fought madly.

In the outside world, the powerhouses of the two universes fought madly, as well.

In every corner of the universe, fierce battles broke out, and millions of intelligent life forms died every moment.

Stars exploded one after another. Every time a star exploded, countless life forms died.

Without the suppression of Eternal Sovereigns, the war between the two universes became more cruel.

The universe of the world of Warlocks originally could not compare with Gumana Universe in terms of underlying strength. But the countless battle robots forged by Yang Feng erased the gap between the two universes.

Streams of battle robots poured out of Devour Imperial Court's munitions factories, threw themselves into battle, and fought madly.

Time elapsed and thirty years passed in a flash.

In Cangzhi Plane's outer space, the fighting never stopped. This place had become a huge meat grinder that snuffed out the lives of powerhouses of the two universes.

Powerhouses of the two universes rushed over from all sides of the universe and threw themselves into the battle. Everyone is well aware that the battle here will decide the outcome of the war between the two universes.

A vast, terrifying aura rose from Cangzhi Plane.

"Someone advanced to an Emyrean!"

"Someone advanced to an Emyrean! But unfortunately no vision emerged!"

"It's a shame, but the laws of the universe are broken and thus no visions can appear. If there are no fateful encounters, they are destined to be weaker than other Emyreans."

"Regina! Regina was the one who advanced to an Emyrean!"

"The potential of Devour Imperial Court is amazing! It produced another Emyrean!"

"..."

As many powerhouses discussed this, Regina flew out from Cangzhi Plane and joined the battle.

Six Tier V Hives flew out, changed into Hive monsters, and tied down Regina.

Since the powerhouses of Gumana Universe lost six Tier V Hives at once, their situation worsened by a bit.

Three years later, a new Emyrean was born in Gumana Universe's camp. As soon as this Emyrean appeared, he engaged Regina.

Another seven years passed quickly.

In the sealed world created by Ling.

Divine Eyes Eternal Sovereign is covered in wounds, with one of his eyes busted, yet he's still trying hard to hold on and tie down Yang Feng.

On the other side, one of Shi Xue's arms is missing. Without time to regenerate it, she just condensed an arm from ice.

After 40 years of fierce fighting, the four Eternal Sovereigns have consumed a lot of strength and have suffered serious damage. Shi Xue has nearly become an arrow at the end of its flight. She can't even regenerate her arm.

"Feng Eternal Sovereign, Ice Eternal Sovereign can't hold on much longer. In another three years, she will die at Wing Eternal Sovereign's hands. While I can hold on for five years. Your defeat is set in stone! Surrender! As long as you submit, I will make an Eternal oath and pledge to spare your lives!"

One of Divine Eyes Eternal Sovereign's eyes is busted, while the other is regenerating rapidly. He spoke tranquilly.

"Divine Eyes Eternal Sovereign, you are the one who is going to die! Ling, go ahead!"

Yang Feng's eyes flashed with a queer light, and he smiled faintly and shouted.

In the world that has nearly reached the point of collapse, Ling's figure emerged directly and shone with countless runes, and a pair of beautiful and bright mechanical wings unfurled behind her.

The level-8 stronghold appeared on the mechanical wings.

In an instant, the level-8 stronghold ignited and collapsed, and a terrible beam of destruction running through the past, present, and future barreled towards Divine Eyes Eternal Sovereign.

"No!"

When Divine Eyes Eternal Sovereign saw this, his expression changed dramatically. With a flash of light, 76 broken Eternal grade secret treasures flew out and radiated sacred light that blocked in front of him.

When the beam of destruction slammed into the 76 broken Eternal grade secret treasures, the broken Eternal grade secret treasures exploded directly.

The beam of destruction hit Divine Eyes Eternal Sovereign next and swallowed him.

The beam had yet to disappear completely, when Yang Feng burned his origin crazily and turned into a terrible black hole that swallowed Divine Eyes Eternal Sovereign.

"Stop it!"

The expression of Wing Eternal Sovereign changed drastically, and he crazily burned his origin, turned into a giant wing blade, and slashed towards Yang Feng.

"Your opponent is me!"

With a flash of resolve in her beautiful eyes, Shi Xue burned her Eternal origin wildly, turned into an Eternal ice mountain, and blocked in front of Wing Eternal Sovereign.

"Scram!"

Wing Eternal Sovereign's eyes shimmered with a fierce shade, and he frenziedly attacked the Eternal ice mountain.

Every time he slashed the Eternal ice mountain, a new wound appeared on Shi Xue's body, her face turned pale, and her Eternal origin was damaged.

In the black hole, a huge amount of Eternal origin gushed out of Divine Eyes Eternal Sovereign's body, which has nearly collapsed, and poured into Yang Feng.

After this strike, the sealed world formed by Ling collapsed directly, and she herself turned into a stream of light and fell towards Cangzhi Plane.

"No! I won't be defeated! I absolutely won't be defeated!"

In the black hole, with a fierce flash in his eyes, Divine Eyes Eternal Sovereign radiated Eternal light that began to form a cocoon around him.

"It's no use! You are destined to lose! Divine Eyes Eternal Sovereign! To make me pay such a huge price to kill you! You should feel honored!"

A cold and cruel voice sounded, and a fist running through the past, present, and future smashed the incomplete cocoon and blasted Divine Eyes Eternal Sovereign apart.

"I don't..."

The tenacious Divine Eyes Eternal Sovereign reformed in an instant.

"Die!"

Without hesitation, Yang Feng used all his strength and blasted Divine Eyes Eternal Sovereign into pieces again.

"Let's go save his majesty Divine Eyes Eternal Sovereign!"

"We absolutely cannot let his majesty Divine Eyes Eternal Sovereign fall!"

"..."

Upon seeing this scene, the eyes of the powerhouses of Gumana Universe flashed with a frenzied shade, and they rushed towards Yang Feng recklessly.

Divine Eyes Eternal Sovereign is Gumana Universe's pillar of support. Once he falls, Gumana Universe will be doomed.

Magic Note Lord roared, a cold flash in his eyes, "Stop them"

The powerhouses of the world of Warlocks stepped in one after another and attacked the powerhouses of Gumana Universe.

The powerhouses of the two universe know that once the outcome of this battle is decided, the universe devour war will come to a conclusion. The winner will get everything, while the loser will die.

"Die!"

After smashing Divine Eyes Eternal Sovereign into pieces hundreds of times in a row, Yang Feng roared, stabbed his hand into Divine Eyes Eternal Sovereign's body, operated a secret method, and, via mysterious laws, removed the opponent's Eternal imprint from the universe.

"Go to hell!"

Yang Feng burned his Eternal origin again and slashed Divine Eyes Eternal Sovereign's Eternal imprint with his halberd.

Boom!

The whole universe shook. Divine Eyes Eternal Sovereign's Eternal imprint collapsed and shattered.

"No!"

Divine Eyes Eternal Sovereign unleashed an earth-shaking bellow, and then collapsed and turned into the purest Eternal origin that flowed into Yang Feng's hand.

In Gumana Universe's starfields, blood-red stars appeared at once.

Blood-red coffins emerged in the starfields.

An endless sorrow surged in the hearts of all powerhouses of Gumana Universe, making them extremely sad and miserable, as if the person they loved the most had died.

"Blood-red stars shine! Sorrow and heartbreak! This is the vision that appears when an Eternal Sovereign falls!"

"How could this be? How could an Eternal Sovereign of our universe fall?"

"No!"

"Is our Gumana Universe going to perish?"

"..."

Panic spread throughout Gumana Universe.

Chapter 1385: Victory

Almost at the same time, many starfields began to collapse in Gumana Universe. As if the end of the world has arrived, countless stars disintegrated into powder.

"No! How could his majesty Divine Eyes Eternal Sovereign have fallen? How could he have fallen?!"

Bona Lord's eyes flashed with despair, and he screamed miserably.

Bona Lord and nine bona divine race Emphyreans erupted with countless mysterious runes, surged with strange flames, and turned into ashes.

"His majesty Feng Eternal Sovereign is invincible in the world!"

"Kill them! Kill them all!"

"Don't leave a single person alive!"

"..."

The eyes of the powerhouses of the universe of the world of Warlocks flashed with excitement, their morale surged, and they madly attacked the powerhouses of Gumana Universe.

Since Gumana Universe lost ten Empyreans all at once, it's battle front was on the verge of collapsed.

At this critical juncture, one quasi-Empyrean of Gumana Universe after another combusted their life origin, integrated with Tier V Hives, erupted with Empyrean rank combat power, and barely managed to block the siege of the powerhouses of the world of Warlocks.

When Divine Eyes Eternal Sovereign died, Shi Xue's incarnation of an ice mountain collapsed. Her figure fluttered, and she dodged Wing Eternal Sovereign's attack, and then attacked the other party.

"Feng Eternal Sovereign, although you won this battle! However, if you want to get our universe, it won't be that simple! Go to hell! Let's die together!"

With a fierce flash in his eyes, Wing Eternal Sovereign combusted his Eternal origin and turned into a wing blade as big as the sky that slashed towards Yang Feng.

"Not good! He wants to take me down together with him!"

Yang Feng's complexion changed greatly. He gritted his teeth, frantically burned his Eternal origin, cast a secret method, and unleashed a halberd strike.

A green halberd ray tore the firmament and slammed into the wing blade as big as the sky.

Boom!

The starfield within hundreds of thousands of light-years shook, and terrible shock waves spread in all directions.

All powerhouses below the Warlock Monarch realm coughed up blood, sustained serious damage, and lost their combat power. As for powerhouses at the Warlock Monarch realm and above, their body protection barriers collapsed one after another.

After the terrible shock waves disappeared, a scary black hole appeared in the middle of the battlefield.

On Yang Feng's body, there is a terrible wound extending from the left shoulder to the right abdomen and exposing his internal organs, and his left arm is missing.

With a flash of light, the Xi Shen Armor covered the huge wound on Yang Feng's body.

"Wing Eternal Sovereign is dead! We won the war!"

Yang Feng's eyes glimmered frigidly, and his voice shook the starfield.

"Victory! Victory!"

"His majesty Feng Eternal Sovereign is invincible!"

"Let's kill them all!"

"Devour Imperial Court is invincible!"

"..."

Bursts of excited roars spread, and the powerhouses of the world of Warlocks frantically attacked the powerhouses of Gumana Universe.

In Gumana Universe's starfields, blood-red stars appeared at once.

Blood-red coffins emerged in the starfields.

An endless sorrow surged in the hearts of all powerhouses of Gumana Universe, making them extremely sad and miserable, as if the person they loved the most died.

In Gumana Universe, countless starfields collapsed turned into resources for the promotion of the universe of the world of Warlocks.

"Another Eternal Sovereign has fallen!"

"The three Eternal Sovereigns have fallen!"

"It's over!"

"We lost this war!"

"Now we can only escape! Escape to the edge of the universe, escape to a most barren world! There may be a chance at survival there!"

"..."

In Gumana Universe, when the powerhouses of greater races saw the visions representing the fall of an Eternal Sovereign, despair welled up inside them, and they fled to the deepest recesses of the universe.

"No! How could lord Wing Eternal Sovereign have fallen? How is that possible?"

Wing Lord's eyes flashed with a ferocious color, and he unleashed a blood-curdling screech. Countless mysterious runes appeared in his body and set him on fire.

Several wing divine race Empyreans also went up in flames, screamed miserably, and burned into ashes.

"Lord Wing Eternal Sovereign has fallen!"

"There's no hope!"

"Let's run!"

"Let's fight them!"

"..."

Upon seeing this scene, the eyes of the powerhouses of Gumana Universe shimmered with despair. Some attacked the powerhouses of the world of Warlocks, while others chose to escape.

The ranks of Gumana Universe's side collapsed almost in an instant, and powerhouses of Gumana Universe fled in different directions.

Yang Feng and Shi Xue stood in the void and quietly watched the powerhouses under their command kill the enemy.

“Everyone, don’t be afraid! Feng Eternal Sovereign and Ice Eternal Sovereign have been seriously injured and can’t take action. If we work together and kill them, we will be able get a chance at survival and even at advancing to the Eternal realm!”

An Empyrean of Gumana Universe took a deep look at Yang Feng and Shi Xue and barked.

Strange gazes focused on Yang Feng and Shi Xue. Even the gazes of powerhouses of the world of Warlocks glimmered with the shades of malice and desire.

If Yang Feng and Shi Xue were in their prime, no matter how many Empyreans went at them, they all would be easily killed. But if Yang Feng and Shi Xue have suffer hard to heal origin wounds, then Empyreans might be able to kill them.

“Ant! Die!”

With a cold gaze in his eyes, Yang Feng pointed with his hand, and a black hole appeared and swept towards the Empyrean of Gumana Universe.

In an instant, the black hole sucked in the Empyrean of Gumana Universe, surged with countless rune, and devoured his power in a flash.

“So strong! He still has energy left!”

“That’s Feng Eternal Sovereign! A monster who slayed three Eternal Sovereigns! Even though he is seriously injured, he’s still not someone that we can contend against.”

“Besides, there are no gaps in his defense.”

“...”

At this time, Xingji, Ying, Shi Yu, Michaelia, and Regina have returned to Yang Feng’s side.

Swarms of mechanical rulers have appeared directly and awed the Empyreans.

Upon seeing these scenes, even though they know that Yang Feng and Shi Xue have been seriously injured, the Empyreans still had no choice but to frantically attack the powerhouses of Gumana Universe

“There are really no gaps!”

Primal Chaos Mother Spider took a deep look at Yang Feng, gazed at the many experts around him, and sighed helplessly in her heart.

If Yang Feng was killed by a top Empyrean, then Primal Chaos Mother Spider would be able to escape hiss control and have the possibility to advance to an Eternal Sovereign.

However, Yang Feng is surrounded by many experts. Even if several unequaled overlord-level Empyreans join forces, only death will await them.

After the fall of all their Eternal Sovereigns, the moral of the powerhouses of Gumana Universe collapsed. Even though Yang Feng deployed many experts to guard him, the powerhouses of Gumana Universe still stood no chance.

Countless experts of Gumana Universe have fallen.

“Feng Eternal Sovereign cut down the three Eternal Sovereigns of the enemy forces! Devour Imperial Court was victorious!”

A message appeared on Cangzhi Plane’s magic network.

“Victory! Devour Imperial Court was ultimately victorious!”

“His majesty Feng Eternal Sovereign is invincible!”

“Victory! Victory at last!”

“Our universe persevered!”

“From today on, we humans are the masters of the universe!”

“The Eternal Sovereign age has arrived!”

“By devouring Gumana Universe, the universe energy-level of our universe can be upgraded. The number of powerhouses will only increase.”

“Forty years, the war lasted forty years. We finally won!”

“At last, there is no need to fight! The universe great tribulation is finally over!”

“His majesty Feng Eternal Sovereign is invincible!”

“...”

On Cangzhi Plane’s magic network, countless human Warlocks burst into cheers.

The war between the two universes lasted forty years and claimed the lives of hundreds of millions of life forms. On Cangzhi Plane, natural disasters broke out one after another, the environment turned hostile, and the concentration of life magic energy became low.

In these forty years, more than 90% of the people on Cangzhi Plane have died, and many people have gone crazy.

Now that the final battle was finally won, people of all the races on Cangzhi Plane cried with joy and excitement.

Large-scale celebrations broke out on Cangzhi Plane. People took to the streets and celebrated the end of the universe great tribulation.

After the victory of the final battle, Magic Note Lord, Death Lord, Primal Chaos Mother Spider, Michaelia, and Shi Yu led armies to hunt the remnant forces of Gumana Universe.

One after another, starfields were captured by the five armies.

Cangzhi Plan, in a secret room.

“Universe wars of devour are really dangerous! If I hadn’t obtained Divine Eyes Eternal Sovereign’s Eternal origin, I’m afraid it would be difficult for to me to heal my injuries even after tens of millions of years. Wing Eternal Sovereign was really decisive!”

Yang Feng opened his eyes and exhaled a long breath, and a dignified color flashed in his eyes.

In the final battle, Wing Eternal Sovereign burned everything and launched a startling blow, which dealt Yang Feng severe damage and harmed his origin.

Yang Feng used the Eternal origin obtained from Divine Eyes Eternal Sovereign to nurture his origin, barely managing to restrain the deterioration of his injuries, and begin to get better.

Shi Xue was also seriously injured in the final battle. She found a place on the Cangzhi Plane and began to recuperate.

Ling's level-8 stronghold has collapsed. It will take tens of thousands of years, or even hundreds of thousands of years to collect various resources and rebuild it.

Yang Feng mused: "For Divine Eyes Eternal Sovereign to watch with hands folded as the other two Eternal Sovereigns rose, it was probably all because he was seriously injured. I currently have recovered 50% of my strength. Although I am invincible in the universe, but if I want to recover completely, it won't be that simple."

Chapter 1386: Exploring the Universe Sea

"This is a great victory. The outcome of the war has been decided. Besides, unless I step in, there won't be another Eternal Sovereign born."

Yang Feng broke out with countless mysterious runes appeared in his eyes, diffused fate aura, and peered into the future.

Without the biggest variable that are the three Eternal Sovereign, the entire Gumana Universe cannot escape Yang Feng's eyes.

"It will take a million years to heal my injuries and make up for the loss of Eternal origin. When an Eternal Sovereign goes all out, it's really scary!"

Yang Feng scanned himself with soul force, creased his eyebrows, and sighed lightly.

Every Eternal Sovereign is a paragon among paragons, a freak among freaks. When they are in peak condition, if they burn their Eternal origin and unleash a frenzied attack, they can erupt with terrifying destructive power.

Yang Feng was far stronger than Wing Eternal Sovereign, yet he still suffered serious damage at the hands of the other party. This is the terror of an Eternal Sovereign. Even is it's the weakest Eternal Sovereign, they still can't be underestimated.

Yang Feng frowned slightly: "After our universe devours Gumana Universe, it will take 100,000 years for it to complete its transformation and upgrade. 100,000 later, I can take advantage of the universe's upgrade to heal my injuries. Injuries to the origin are really troublesome!"

Eternal Sovereigns are eternally inexhaustible. In their universe, they can easily mobilize the power of the universe and realize all kinds of incredible phenomena.

In general, the injuries of Eternal Sovereigns will heal in a short time. However, when it come to injuries to the origin, 100 million years may be needed to heal them.

Yang Feng has a solid foundation. Even if he didn't have Divine Eyes Eternal Sovereign's Eternal origin, he would still be able to recover in tens of millions of years.

Shi Xue's injuries are much lighter than Yang Feng's. However, she cannot compare to Yang Feng in terms of foundation. Without the help of external forces, it will take her at least hundreds of millions of years to recover her full strength.

After a battle with other Eternal Sovereigns, many Eternal Sovereigns are not seen again for countless years, all because they suffered really severe injuries of their origin.

Yang Feng's eyes flashed with longing: "Now I can take the next step! And explore the greater universe! I hope I can find the location of the greater universe and get treasures that will help me nurse my injuries."

The universe of the world of Warlocks is a powerful universe that has given birth to Eternal Sovereigns. In order to advance further, those Eternal Sovereigns went to the greater universe to look for opportunities.

The greater universe has been proved to exist. However, it's not that simple to reach it.

There are no more than ten Eternal Sovereigns of the world of Warlocks who have really reached the greater universe.

Jing Yuan Continent's outer space.

Ripples rose, and Yang Feng appeared in the void.

"Sure enough, this is the weakest place in our universe's crystal wall! It is through this place that Du Ling Emperor and them sneaked into our universe. This should be a back door opened by some Eternal Sovereign in the past!"

Yang Feng looked into the void, surged with countless mysterious runes in his eyes, and saw a weak point in the crystal wall hidden in the void.

Yang Feng slashed with his hand, and terrifying Eternal force broke out and tore a huge hole in space.

A secret channel appeared in front of Yang Feng.

Yang Feng walked up to the channel and looked around.

The channel is surrounded by the universe crystal wall. The defensive power of the universe crystal wall is terrifying. Even if Yang Feng uses all his strength, it will still be impossible for him to open a big hole in it. At most, he'll be able to only open a small hole through which he can send some weak life forms.

Only when two universes devour each other and merge together, only then can an Eternal Sovereign create such a channel leading to the universe sea outside the universe.

The universe crystal wall is a powerful boundary that protects the life forms of the universe. With the universe crystal wall in place, powerful beings from the universe sea outside the universe won't be able to wipe out the intelligent life forms of the universe.

When Yang Feng reached the end of the channel within the universe crystal wall, he saw a terrible cosmic storm billowing on the other side of a crystal membrane.

In the universe sea outside the universe, there is an endless cosmic storm. If an Empyrean without secret treasures to protect themselves entered this cosmic storm, they will be easily torn to pieces and die.

Yang Feng's eyes flickered with the shade of regret: "It's a pity that the ship Du Ling Emperor and them used to cross the universe wall collapsed when they arrived in our universe. Otherwise, with it as a reference, I would be able to refine warships capable of crossing into other universes."

The warship Du Ling Emperor and them took to get here was an Eternal grade secret treasure refined by an Eternal Sovereign of their universe, and it contained the mysteries of crossing into other universes. This Eternal grade secret treasure unfortunately couldn't fully withstand the cosmic storm of the universe sea outside the universe.

Yang Feng took a step and walked out of the universe crystal wall.

In an instant, an endless cosmic storm shrouded Yang Feng.

Inside the terrible cosmic storm, time and space have lost all meaning.

"This is, the laws of my universe have lost effect!"

As soon as Yang Feng stepped into the cosmic storm, his expression changed drastically, and he returned to his universe.

Yang Feng's complexion changed slightly: "A year has passed just like that? In the cosmic storm, the concept of time is really blurry! How dreadful! No wonder even Eternal Sovereigns aren't willing to stay in the cosmic storm for no reason."

After he set foot in the Eternal realm, as long as Yang Feng's Eternal imprint in the universe of the world of Warlocks has not collapsed, he will not die.

Even if Yang Feng stayed in the cosmic storm for 100 million years, he would still be fine. However, after 100 million years have passed, almost all the people he cares about will have died of old age.

Yang Feng frowned slightly: "The universe laws of the universe sea are completely different from those of our universe. In the universe sea, the power I can exert, that is, the power of the Eternal body, has been weakened by 99%."

Different universes have different universe laws. In his universe, Yang Feng can destroy a plane with a random blow. With a wave of his hand, he can set off a terrible cosmic storm within an area hundreds of thousands of light-years in radius and kill any intelligent life form below the Holy Spirit Warlock realm within said area.

But in the universe sea, Yang Feng lost this power. He couldn't even use an Eternal Sovereign basic skill such as Time-Space Walk.

Yang Feng frowned slightly and said, "Ling!"

"My lord!"

Ripples rose, and Ling appeared directly behind Yang Feng.

In the final battle, Ling was also badly hurt. After searching the treasures of the three Eternal Sovereigns and spending a portion of Divine Eyes Eternal Sovereign's Eternal origin, Yang Feng finally made a new level-8 stronghold core for Ling.

Of course, Ling's combat power is still miles away from what it was before the final battle.

Yang Feng ordered: "Analyze the cosmic storm! Deploy the Universe Exploration Shuttles!"

"Yes! My lord!"

Palm-sized Universe Exploration Shuttles emerged from Ling, turned into specks of light, and flew towards the boundless cosmic storm.

As soon as they entered the cosmic storm, many Universe Exploration Shuttles were torn to pieces at once.

Some of the remaining Universe Exploration Shuttles began to evolve by absorbing the energies of the cosmic storm.

Countless streams of data emerged in Ling's eyes as she analyzed the information gathered by the Universe Exploration Shuttles.

Yang Feng erupted with countless runes, turned into specks of light, and disappeared.

The universe sea is boundless. Even if an Eternal Sovereign spent all their life, they wouldn't be able to explore it completely. Without the universe coordinates, if you want to find another universe in the universe sea, you will have to spend tens of thousands of years.

Among the information left by several Eternal Sovereigns obtained by Yang Feng, there is only the general direction of the greater universe. The specific coordinates have been erased by a great, mysterious force.

As mentioned before, if their Eternal imprint is not destroyed, it is nearly impossible to slay Eternal Sovereigns. The Eternal imprints of Eternal Sovereigns are hidden in their universe. Only when a universe devour war breaks out, only then may they be exposed, and then extracted and destroyed by Eternal Sovereigns of the opposing universe.

The Eternal Sovereigns of the universe of the world of Warlocks were killed in the greater universe and even had their Eternal imprint destroyed. Even information about the greater universe was almost erased. The means of powerhouses of the greater universe are simply inconceivable.

Since the means of Eternal Sovereigns of Du Ling Emperor's universe are not as incredible, the coordinates of their universe have fallen into Yang Feng's hands.

Time elapsed and 1,369 years passed.

During this period of time, Yang Feng personally stepped in and killed powerhouses of Gumana Universe. At the same time, more than 95% of Gumana Universe's intelligent life forms were killed. Only some humanoid races that conform with the aesthetics of the world of Warlocks were preserved.

The blaststeel race barely survived due to the protection of Yang Feng's avatar. However, it went through several rounds of purging. All the powerhouses who were hostile towards Devour Imperial Court were killed.

Devour Imperial Court, which has two Eternal Sovereigns overseeing things, unified the universe and expanded its influence continuously.

All kinds of treasures of heaven and earth of the whole universe were sent to Devour Imperial Court and fell into Yang Feng's hands.

Nourished by the tremendous amount of resources, Yang Feng's injuries healed rapidly.

On the 1,300th year, Zhou Ruoling broke through the Empyrean wall and advanced to an Empyrean.

"At last! I found the coordinates of another universe!"

Cangzhi Plane, in the rear garden of a beautiful palace that looks like paradise on earth, Yang Feng was surrounded by many beautiful women of different races. All of a sudden, his eyes brightened and revealed the shade of excitement, and he turned into countless rays and disappeared.

After a few breaths of time, Yang Feng appeared at the edge of the universe crystal wall.

Chapter 1387: Infiltration

"This feeling of weakness is really bad!"

As he shuttled through the cosmic storm, Yang Feng sensed the changes in his body and frowned slightly.

If it were not for the guidance of the Universe Exploration Shuttles, despite how formidable Yang Feng is, he would get lost in the vast cosmic storm.

After traveling through the universe sea's cosmic storm for who knows how long, a huge universe crystal wall appeared in front of Yang Feng.

"Here we are! The universe energy level of this universe seems to be much lower than of our universe!"

When he reached the universe crystal wall, Yang Feng's eyes flashed with a peculiar glint. He beckoned with his hand, and the Warbringer Halberd appeared in his hand. He slashed at the universe crystal wall with the halberd.

Boom!

The universe crystal wall flashed, and a vast and mighty force burst out, slammed into Yang Feng, and blasted him apart.

There was a flash of light, and the fragments condensed back into his body in an instant.

Yang Feng frowned slightly: "Sure enough, with my current strength, it is basically impossible to break into this universe!"

The universe crystal wall is so formidable that even if Yang Feng were in his peak condition, he still wouldn't be able to breach it by force.

"Every universe crystal wall should have a weak point. I can start from there."

Yang Feng willed, and a swarm of Universe Exploration Shuttles flew out and began to look for the weak point of the universe crystal wall.

After who knows how many years, a Universe Exploration Shuttle transmitted a report.

"Found it!"

With a flash of excitement in his eyes, Yang Feng turned into a stream of light and appeared in front of the weak point of the universe crystal wall.

"Come out, Alloy Realm Breaking Beast!"

Yang Feng waved his hand, and a 100-meter-long Alloy Realm Breaking Beast with countless tentacles emerged.

The Alloy Realm Breaking Beast turned into a stream of light and pounced on the weak point of the universe crystal wall, and its countless tentacles surged, formed a net of tentacles, and merged into the universe crystal wall.

The countless tentacles shone, and the universe crystal wall started decomposing.

Even though it's a weak point, but the universe crystal wall is still very robust and has a frightening defense mechanism.

The channel opened by the Alloy Realm Breaking Beast closed quickly at a speed visible to the naked eye.

"Ling!"

Upon seeing this scene, Yang Feng creased his eyebrows and uttered.

"Yes! My lord!"

Ling walked out from beside Yang Feng, spread the fingers of her hand, stabbed the universe crystal wall with countless mechanical tentacles, and began to analyze the structure of the universe crystal wall.

The Alloy Realm Breaking Beast is a realm devour beast developed based on the universe crystal wall of the universe of the world of Warlocks and it specializes in devouring universe crystal walls.

The universe of the world of Warlocks is of a much higher universe energy level than this universe. As such, since the Alloy Realm Breaking Beast can devour the universe crystal wall of the universe of the world of Warlocks, it can naturally devour the universe crystal wall of this universe, as well.

As Ling analyzed the universe structure of this universe, the Alloy Realm Breaking Beast's decomposition of the universe crystal wall became increasingly faster, and it integrated into the universe crystal wall bit by bit.

"Nothing ventured, nothing gained. Let's go into this universe. Anyway, even if I fall, I can be reborn."

With a glimmer in his eyes, Yang Feng gritted his teeth, and a true spirit flew out of his Eternal body, turned into a stream of light, and entered the Alloy Realm Breaking Beast.

The channel opened by the Alloy Realm Breaking Beast can't support the passage of Eternal Sovereigns at all.

If Yang Feng enters this universe with his Eternal body, he will suffer serious damage when he comes into contact with the universe crystal wall.

When Yang Feng entered the Alloy Realm Breaking Beast, a vast, terrifying force crushed down on him and tried to erase him.

Yang Feng clenched his teeth and let the terrifying force envelop him and whittle away at this soul.

"Sure enough, even if they give up most of their power, if an Eternal Sovereign rank powerhouse tries to sneak into another universe, it will still be quite difficult. If my soul is destroyed this time, it will take 5,000 years for it to be reborn and restore its current strength."

"However, this is only the rejection of universe laws! I already gave up the Eternal body and most of the power of the soul. As such, my soul won't be immediately destroyed by the power of this universe."

"Before this true spirit is destroyed, I must harmonize with this universe's laws!"

When the Alloy Realm Breaking Beast broke through the universe crystal wall and flew into the vast universe, the mysterious power of the universe shrouded Yang Feng and weakened his soul at all times.

"Found a life star!"

Yang Feng burned his soul force, cast a peering spell, locked on a life star. He then recklessly burned his soul, performed a space jump, and appeared above the life star, and then entered the life star.

"A corpse! Great! It shall be you!"

When Yang Feng landed on the earth, he saw a corpse by a lake and unleashed his soul force. His soul force enveloped the corpse's soul and directly devoured it.

Strange runes surged, and Yang Feng turned into an existence identical to the corpse's owner and with an identical soul aura.

When the transformation was complete, the mighty power of the universe that whittled away at Yang Feng's soul at all times disappeared.

"Ha-ha! I succeeded! I succeeded!"

Yang Feng's eyes flashed with exhilaration, and he laughed happily.

Yang Feng thought at first that things bode ill, that he would have to use his Eternal imprint in the world of Warlocks and spend countless resources to be reborn. But in the end, he found a way to live and successfully infiltrated into this universe.

Yang Feng creased his eyebrows, "My soul force is nearly exhausted! This body can't cultivate Warlock secret method!"

In order to escape the rejection of the universe, Yang Feng's body and soul have changed and he became no different from an intelligent life forms of this star.

Yang Feng raised the corners of his mouth and mused full of confidence: "But even so, there are no issues. With my ability, I can develop a set of secret methods to cultivate this body without a hitch."

Yang Feng is an Eternal Sovereign after all. Even though his most powerful Eternal body and Eternal force cannot be used in this universe, but he is still a terrible existence that is far above countless extraordinary life forms of this universe.

Yang Feng glanced at the corpse and smiled bitterly: "I, a mighty Eternal Sovereign, actually have to dig a hole to bury a corpse!"

Yang Feng shook his head. He dug a hole, buried the corpse, and then walked towards a city according to the corpse's memories.

Xinning City's Ye Family is one of the three great families of Xinning City and is known as Ye of Half the City.

"Young master, you're back! Qiao'er was so worried!"

When Yang Feng stepped into the Ye Family's mansion, a petite, beautiful girl of about 15 or 16 years of age greeted him worriedly.

Yang Feng spoke a few sentences to deal with her and returned to his room.

Yang Feng's avatar of the corpse is called Ye Cheng. He is the eldest son of Xinning City's Ye Family as well as its heir.

Ye Cheng is a bit capable and slightly better than other pampered young masters. But at the same time, he's still trash who led a life of debauchery. From Ye Cheng's memories, Yang Feng didn't see any extraordinary powers, as if this world had not extraordinary users.

It only took Yang Feng two or three days to sort out the relationships within the Ye Family.

"Uncle Liu."

Yang Feng found Liu Dahai, the leader of the Ye Family's guard.

Liu Dahai is one of the three martial practitioners of the Ye Family who have cultivated inner force. At the same time, he is the No. 1 expert of the Ye Family.

According to Ye Cheng's memories, Liu Dahai is the strongest expert he has ever seen. He can deal with a dozen plus burly men all by himself.

Liu Dahai asked, “Young master, what can I do for you?”

Yang Feng said, “I want to learn martial arts. I want to learn your family’s martial art — the Great Ape Method!”

Liu Dahai frowned slightly: “You want to learn the Great Ape Method? Young master, that’s a secret of my family.”

Yang Feng said flatly, “I’ll give 3,000 taels of silver as compensation!”

“Alright!”

Liu Dahai’s eyes lit up. He hesitated for a moment, and then clenched his teeth and uttered in reply.

In Xinning City, the yearly income of an ordinary household is only 3 or 4 taels of silver. Even if it’s a large shop, it’s yearly income is still just over 300 taels of silver.

3,000 taels of silver is enough for Liu Dahai to live in comfort for the rest of his life.

Liu Dahai is 43 years old, and his martial prowess have already begun to decline. If he doesn’t take advantage of this opportunity to make a lot of money now, the later part of his life will be replete with hardship. After all, although his income is high, he has many mouths to feed.

Liu Dahai took out a secret book and handed it to Yang Feng: “This is my family’s Great Ape Method. If there is anything you don’t understand, you can come to me young master. My Great Ape Method is a third-rate martial art of Jianghu [1]. However, if you’re able to learn it, young master, then even if you are faced with a dozen plus bandits, they won’t be a match for you.”

Yang Feng’s eyes glimmered with satisfaction, and he gave Liu Dahai 3,000 taels of silver and strode towards his room.

“So this is the Great Ape Method! It only has three layers! What a rubbish martial art. However, this martial art is just a stepping stone for me to pry into this universe’s laws.”

Yang Feng glanced at the Great Ape Method and visualized a great ape, and inner qi emerged in his body. He reached the Great Ape Method’s 1st layer at once.

The internal qi kept rotating and growing. Shortly after, he broke through a bottleneck and advanced to the Great Ape Method’s 2nd layer.

Internal qi constantly poured into Yang Feng and nourished his body. He soon broke through another bottleneck and advance to the Great Ape Method’s 3rd layer.

Yang Feng easily cultivated the 3rd layer of Great Ape Method, which took others 20 plus years of bitter cultivation to achieve.

Yang Feng showed the shade satisfaction: “Not bad. After reaching the 3rd layer, my combat power has improved a lot. With my current strength, even 20 plus bandits are not a match for me. I have to collect all kinds of secrets books and and make martial arts deduction. If my analysis is correct, when martial arts deduction reaches the peak, you can step into the extraordinary realm in this world.”

<hr /> [1] – Jianghu, is a section of society consisting of martial artists, gangsters, thieves, beggars, prostitutes, merchants, entertainers, and anyone else wanting to operate outside of mainstream society or in the grey area of the law

Chapter 1388: Demongod Aristocratic Family

The news that the Ye Family's young master likes to learn martial arts soon spread all over Xinning City. Some famous martial practitioners of Xinning City were invited by Yang Feng to teach him their martial arts.

The martial arts mastered by the strongest martial practitioners of Xinning City were just third-rate martial arts. Yang Feng easily deduced those third-rate martial arts to a higher realm.

Time elapsed and ten days passed in a flash.

At a hill near Xinning City.

At this time, Yang Feng's body has expanded, as if he changed into a huge ape two meters tall. He unleashed punches, and his fists split open boulders and snapped trees.

"This martial art developed by combining various martial arts is called Great Ape Divine Method! At present, it has been deduced to the 19th layer. I have already cultivated to the 13th layer, which is equivalent to the level-1 Warlock realm. I have officially stepped into the extraordinary realm."

"To continue to cultivate, I need more resources! Should I take control of this kingdom?"

Yang Feng scanned himself with his soul force, and his eyes glimmered with satisfaction.

In just ten days, Yang Feng evolved from an ordinary person into a powerful existence comparable to a level-1 Warlock. This rate of progress is simply incredible.

If there are enough resources, with the Great Ape Divine Method as foundation, Yang Feng can cultivate to the Moonlight Warlock realm within a month.

The Ye Manor.

"Young master, the old master is looking for you!"

As soon as Yang Feng returned to Ye Manor, Qiao'er came to him and said thusly.

"Mhm!"

Yang Feng answered casually and walked towards the depths of Ye Manor.

In a large room in Ye Manor, there sat a portly middle-aged man dressed in Yuanwai garments [1]. The middle-aged man is Ye Li, the patriarch of the Ye Family.

The Ye Family was originally just a small family in Xinning City. It was Ye Li who built the Ye Family into one of the three great families of Xinning City.

Upon seeing Yang Feng, Ye Li's eyes flashed with affection, and he uttered, "Cheng'er, you're back!"

Yang Feng asked indifferently, "Is something the matter?"

Because he was busy with business, Ye Li was not with Ye Cheng's mother during labor. Ye Cheng's mother became despondent and finally died. As a result, Ye Cheng has always been very cold towards his father.

Ye Li's eyes glimmered, and he said excitedly, "The city lord's manor invited the younger generation of the three great families to a banquet. It is said that this time a big shot from the imperial city will attend the banquet. Cheng'er, take your two younger sisters there. If you can make friends with the big shot from the royal capital, our Ye Family will be able to leap out of Xinning City and go greener pastures. Perhaps it may even become a legendary aristocratic family with riches and honor lasting a millennium.

Yang Feng responded indifferently, "I understand! If there's nothing else, then I'll take my leave first."

After saying that, Yang Feng turned around and left directly. As an Eternal Sovereign, he has always been flattered by others. Even in this alien universe, there is no one worth flattering. After all, this universe is a universe whose universe energy level is much lower than that of the world of Warlocks.

Ye Li frowned and sighed slowly, and the shade of helplessness surged in his eyes.

A luxury carriage stopped in front of the city lord's manor, and two young women and one young man alighted. The person in the lead is Yang Feng, while the two young women are Ye Qinglan and Ye Caixia. The two young women are Ye Cheng's younger half sisters.

Ye Qinglan is about 17 or 18 years old and has a pair of slender, beautiful legs, a bulging chest, and a pretty appearance. Ye Caixia is about 15 or 16 years old and has a pure and lovely disposition.

After entering the city lord's manor, a servant took Yang Feng's group of three to the manor's rear garden.

In the rear garden, there are dozens of young men and women. They are the descendants of a handful of most powerful forces in Xinning City.

"Ye Cheng, I heard you've been practicing martial arts! Have you had any accomplishments?"

A handsome young man in blue silk clothes and with sluggish eyes, looking like he leads a life of debauchery, came towards this side.

Behind the young man, there is a beautiful, innocent-looking young woman with a sexy figure, who looks to be 15 or 16 years old.

The young man's name is Sheng Hua, while the beautiful young woman behind him is his younger sister Sheng Zi. The Sheng Family manages various restaurants and brothels in Xinning City, and its power is second only to the three great families.

Sheng Hua is a good friend of the former Ye Cheng. They often lingered in the streets of the red-light district together and had a close relationship.

Yang Feng responded with a light smile, "Just so-so!"

Sheng Hua said seriously, "Cheng, I don't mean to rebuke you. But martial arts have no prospects. Only when a martial practitioner has practiced martial arts for 20 years, only then can they deal with more than a dozen large men. They practice martial arts all their life, yet they can just serve as captains of our

guards. These years, if you want to go up in society, you can either become an official in the imperial examination or make money through trade. Listen to my advice. Don't waste time practicing martial arts. It will all come to naught."

Yang Feng gave a perfunctory reply, "Okay!"

If there were no extraordinary forces, what Sheng Hua said would have been wise. In this ancient society, influence and money are the greatest strength.

However, Yang Feng sneaked into this universe in order to step into the extraordinary realm and steal this universe's universe origin force. There's no way he would take the imperial examination.

Seeing that Yang Feng didn't listen to his advice, Sheng Hua frowned slightly, and then changed he subject to some trivial matter.

"Who is that? So handsome!"

"He's really dashing!"

"..."

All of a sudden, there was a commotion in the crowd.

Three young men and one young woman came out from one side.

Among the three young men, one is a young man with a hook nose and a ruthless temperament. He is Wang Jingquan, the successor of the Wang Family of Xinning City's three great families. Another is a handsome young man in white. He is Liu Jinghai, the successor of the Liu Family of Xinning City's three great families. The last one is a dashing young man with an air of arrogance about him.

The young woman is a stunning beauty, is dressed in white, has a shallow smile on her face, and exudes an unearthly temperament. In the city lord's manor, the young woman stands out like a swan amid a flock of ducks.

Sheng Hua's face sank slightly, and an ominous feeling welled up inside him, "Not good! The Wang Family and the Liu Family have joined forces! And they colluded with a big shot from the capital."

"What a handsome guy!"

The gazes of Ye Qinglan and Ye Caixia were attracted by the dashing young man, virtually unable to move their eyes away.

Sheng Zi glanced at the dashing young man, but then her eyes fell on Yang Feng.

Wang Jingquan and his party walked up to Yang Feng.

Wang Jingquan glanced at Yang Feng with derision in his eyes and said with a faint smile, "Young master Huangpu, these three are the three most outstanding beauties in Xinning City. They are of noble blood. Do they suit your taste?"

Young master Huangpu glanced at Ye Qinglan and the other two girls and revealed a satisfied shade in his eyes, "Not bad. It's really rare to see such beauties in a small place like this. I like this gift. Wang Jingquan, you're pretty good."

The expressions of Sheng Hua and Sheng Zi changed greatly. They realized that Wang Jingquan wants to use young master Huangpu to attack the Sheng Family and the Ye Family.

Wang Jingquan barked, an icy flash in his eyes, "Ye Cheng, young master Huangpu is from the Huangpu Aristocratic Family! You should kowtow to young master, offer your two younger sisters as concubines, and then present the Ye Family's wealth as a dowry!"

Ye Qinglan and Ye Caixia turned pale when they heard this.

"The Huangpu Aristocratic Family!

"He is a son of the Huangpu Aristocratic Family!"

"So this is a son of an aristocratic family! Wang Jingquan is carrying favor with such a figure! It seems like the Wang Family is going to thrive!"

"..."

When his words fell, the countenance of the young men and women in the banquet changed, and they looked at young master Huangpu with an enigmatic shade in their eyes.

In this world, the royal family and the aristocratic families are the absolute rulers. Every aristocratic family has existed for more than a millennium and has great power.

The latest_epi_sodes are on_the LIBREAD.COM. website.

The three great families of a small city like Xinning City can only dominate the small city. But when faced against a mighty aristocratic family, they can't withstand a single blow. A son of an aristocratic family can destroy a small family like the Ye Family with a few words.

Sheng Hua turned pale in the face, trembled, and spoke in a shivering voice, a look of despair in his eyes: "The Huangpu Aristocratic Family! An aristocratic family! That's a an aristocratic family that has consecrated Demongods!"

Yang Feng asked with a queer shade in his eyes: "An aristocratic family that has consecrated Demongods? What does it mean?"

Sheng Hua's eyes glimmered with horror, "The reason why the royal family and aristocratic families can dominate the world for countless years is all because they have consecrated Demongods and can obtain Demongod force granted by Demongods. Once the children of aristocratic families use Demongod force, they will be invulnerable to all weapons and possess infinite power. A single such person can wipe out an entire army. They are not beings that ordinary people can contend against."

Wang Jingquan's eyes flashed icily, and he uttered overbearingly, "Ye Cheng, now that you understand how formidable young master Huangpu is, why haven't you kowtowed to young master Huangpu yet and begged him to forgive you for your offense?"

Among the three great families of Xinning City, the Ye Family is known as Ye of Half the City and possesses enormous wealth. Despite being the city lord, the Wang Family is overwhelmed by the Ye Family. Wang Jingquan naturally wants to take advantage of this opportunity to suppress the Ye Family.

Yang Feng glanced at Wang Jingquan and asked with a contemptuous smile, "Who are you and what qualifications do you have to talk to me?"

Wang Jingquan was stunned. Then his eyes shimmered with rage, and he greeted his teeth and uttered, "Ye Cheng, you're too arrogant!"

Yang Feng glanced at young master Huangpu and asked arrogantly, "Are you sure you want me to kowtow to you?"

Young master Huangpu ordered with a frigid look in his eyes, "This is the first time I've seen such an arrogant mortal like you. I want you to kowtow! Mortal! Otherwise, I will destroy your entire family!"

Chapter 1389: Slaying Huangpu Yan

"Okay, then go to hell!"

An icy voice sounded. Yang Feng operated the Great Ape Divine Method. In an instant, his body expanded, and he punched young master Huangpu.

Boom!

Along with a thunderous sound, young master Huangpu was blasted a dozen plus meters away.

"He actually attacked a child of an aristocratic family!"

"What guts!"

"That's a child of an aristocratic family!"

"Has Ye Cheng gone mad from practicing martial arts?"

"..."

When they saw this, the young men and women present were gobsmacked, unable to believe their eyes.

In this world, the royal families and aristocratic families dominate the world. A child of an aristocratic family can destroy a small family like the Ye Family with a few words. As such, for Yang Feng to attack young master Huangpu, this is simply outrageous.

"Ye Cheng, you dare hit young master Huangpu? You're finished! Your whole family is finished! Get him! If he resists, kill him on the spot!"

Wang Jingquan shouted, feeling both startled and angry.

Young master Huangpu is a member of the Huangpu Aristocratic Family. If he dies here, the Wang Family will also be implicated. It might be directly destroyed by the Huangpu Aristocratic Family. At this moment, Wang Jingquan regretted bringing young master Huangpu to provoke Yang Feng.

Following Wang Jingquan's command, more than 20 bodyguards rushed here from different directions.

"What a fool! Since you dare provoke me, then there is no need for your Wang Family to exist!"

With a cold look in his eyes, Yang Feng took a step forward, appeared in front of Wang Jingquan, and punched him in the head, and a terrible force erupted and blasted the other party's head apart.

"Young master!"

When he saw this scene, the bodyguard leader in the front surged with great fear. He issued an earth-shaking roar, used a blade method, and unleashed 18 slashes that shot towards Yang Feng.

"Die!"

As if a god, Yang Feng unleashed a punch, crushed the bodyguard leader's blade into pieces, and then blew the other party's head apart!

Upon seeing this scene, Sheng Hua was struck dumb, and a chill welled up in his heart, "What dreadful martial art! What sort of martial art is that? How can people cultivate martial arts to such an extent?"

Sheng Hua has seen some Wulin [1] experts before. Once those Wulin experts display their martial arts, a dozen plus burly men won't stand a chance against them. However, none of them was as terrifying as Yang Feng. He can kill a person with one punch as if they were an ant.

As they watched the more than 20 bodyguards of the city lord's manor being killed by Yang Feng one by one, many young masters and young ladies present turned pale in the face, issued chaotic screams, and some even collapsed on the ground and soiled themselves

"Mortal, you're really brave. You actually attacked I, Huangpu Yan. You have succeeded in angering me. Let me give you a taste of pain and despair."

A cold voice came from one side. Huangpu Yan's body expanded, two horns sprouted up on his head, scales appeared on his body, a scorpion-like tail emerged on his back, and a black force swirled around him.

"Demongod aristocratic family! So this is demongod force! Interesting! Let's see how tough you are!"

With a flash of excitement in his eyes, Yang Feng narrowed the distance, appeared directly in front of Huangpu Yan, and sent a fist flying, and a great ape projection appeared and unleashed a terrible roar.

When the fist slammed into Huangpu Yan, a fearsome force broke out and blew the other party six or seven meters away.

"This power is much stronger than Warlock life force. These consecrated Demongods are quite strong. Demongod force is far above internal force."

Although he blew Huangpu Yan away with a punch, yet Yang Feng frowned slightly. Like maggots feeding on a corpse, a hard to disperse black force appeared on his right hand, devoured his internal force, and eroded his body crazily.

"It's no use! No matter how much you mortals cultivate martial arts, you can't break through the barrier that is Demongod force! Nor can you resist the erosion of Demongod force. Ha-ha-ha!"

Huangpu Yan's eyes glimmered ferociously, and he suddenly lunged at Yang Feng.

With a flick of Yang Feng's wrist, a soft sword wrapped around his waist ejected out. Internal force surged, and the sword tore through the air and stabbed towards Huangpu Yan.

"Break for me!"

Huangpu Yan punched the soft sword, and Demongod force broke out. Due to the black force, the fine steel soft sword became mottled, and then was directly smashed by Huangpu Yan's fist.

"Demongod force is really formidable! But you're too weak! Divine Ape Sunder the Heavens Strike!"

Yang Feng's eyes shimmered frigidly, and a shocking great ape projection appeared behind him. He took a step, appeared in front of Huangpu Yan, operated his secret method, and unleashed a punch.

In an instant, a force three times as powerful as before broke out, ran through Huangpu Yan's body protection Demongod force, and slammed into his body.

"No! Impossible? How could I die at the hands of a mortal!"

Huangpu Yan spewed out a large mouthful of blood mixed with internal organs, his eyes flashed with incredulity, and he collapsed on the ground and stopped breathing.

Invisible life origin flew out of Huangpu Yan's body and flowed into Yang Feng.

Yang Feng's eyes brightened and revealed the shade of satisfaction: "This is pure life origin. After all, it was my true spirit that came into this world. It is engraved with a devour imprint. Even though the power of the devour imprint is greatly weakened in this different universe, but it can still devour the life origin of powerhouses."

The devour imprint engraved in Yang Feng's true spirit is his greatest card in this different universe. It can enable him to grow and evolve rapidly.

Upon seeing this scene, the eyes of the stunningly beautiful young woman in white flashed with shock: "He died! To be able to break through Demongod force and kill a child of a Demongod aristocratic family, this is inconceivable!"

Demongod aristocratic families consecrate Demongods and can obtain Demigod force bestowed by Demigods, making them almost invincible in the world. A child of an aristocratic family can destroy an army of 10,000 people with the help of Demongod force.

Yet now Huangpu Yan was killed by Yang Feng, who relied on an ordinary martial art. This is simply unheard of.

Yang Feng glanced at the young woman in white and asked with killing intent in his eyes, "Do you want to avenge him?"

In the city lord's manor, everyone else is a mortal. Only this young woman in white possesses extraordinary force.

The young woman in white responded with a light smile, "Hello, Ye Cheng. I am Li Yuelian. Huangpu Yan and I were just ordinary friends. I'm not the least bit interested in avenging him. The Huangpu Family has profound underlying strength. Since you killed one of their kin, they won't leave this matter rest."

Yang Feng uttered indifferently, "Xinning City is my territory. If they dare come, then they will die!"

"You still have things to deal with. After you're done, let's talk some more!"

Li Yuelian smiled sweetly, stepped on empty air, and walked away as if a fairy.

"Ye Cheng, you dare kill my son! I want you dead! Fire the arrows!"

Wang Ba, the lord of Xinning City, rushed over together with dozens of fully armed guards and shouted loudly.

Dozens of arrows shot at Yang Feng like shooting stars.

"Ants! Die!"

With a frosty gleam in his eyes, Yang Feng unleashed a punch, and an ancient ape projection appeared and, together with a terrifying explosion, slammed into Wang Ba and the dozens of fully armed guards.

In an instant, Wang Ba and a dozen plus guards were blasted into pieces.

"As expected, martial arts are far worse than magic in terms of ranged attacks."

Yang Feng shook his head, looked at the guards, whose ranks have already collapsed under the cover of fear and who fled in different directions, and said coolly, "If you surrender, you won't die! But if you try to escape, only death will await you!"

When the thunderous voice burst out in the void, the fleeing guards were shocked, and a portion of them knelt down and surrendered, while another portion continued to escape.

Yang Feng flicked his finger repeatedly, and gusts of wind stabbed the fleeing guards in the head and made them burst..

Before long, only the guards the chose to surrender were alive.

After getting this news, Ye Li immediately led people into the city lord's manor and began to take over the defenses of the whole Xinning City.

Shortly after, Xinning City regained its calm. The set up of the three great families changed to the Ye Family reigning supreme.

At night, in a pavilion of the city lord's manor.

Yang Feng sat in the pavilion, quietly watched the lotuses not far away, and drank wine.

As if a fairy from the moon palace, with ripples sparkling at her feet, a white figure walked up to Yang Feng, sat down in front of him, and spoke with a sweet smile, "Won't you pour me a glass?"

Yang Feng motioned, saying, "Please!"

"What a mannerless man!"

Li Yuelian smiled slightly and poured herself a glass of wine.

The lotuses, the beautiful young woman, the pavilion, and the wine, they all formed a beautiful scenery.

“Did you use martial arts to kill Huangpu Yan?”

After a moment of silence, Li Yuelian’s beautiful eyes flickered slightly, and she took the initiative to speak.

In this world, it is impossible for mortals to defeat people of the aristocratic families, royal families, and cults who consecrate Demongods. This is a generally acknowledged truth.

Yang Feng was able to kill a child of an aristocratic family with his martial art. This is simply incredible.

Yang Feng replied flatly, “That’s right. I killed him using martial arts.”

Li Yuelian’s beautiful eyes flashed, and she asked, “Can you teach me that martial art?”

If this extraordinary martial art that can enable people to breakthrough the limit is combined with Demongod force, who knows how terrifying the resulting force will be.

Yang Feng smiled and answered, “I want to know about the hierarchy of this world’s extraordinary users!”

Li Yuelian smiled and said, “Okay! In our world, all extraordinary force originates from Demongods. The wielders of extraordinary force are classified as Apprentice Demongod Attendant, Demongod Attendant, Demongod Lord, and Demongod Apostle. Huangpu Yan that you killed was a Demongod Attendant.”

Chapter 1390: Black Tomb

Yang Feng’s eyes flashed with enigmatic light, “Demongod Attendants have the strength of level-1 Warlocks. No, Huangpu Yan’s strength is far above that of a level-1 Warlock. Demongod force is extremely formidable. Basically only Infinity Warlock rank power can rival it. This world is really wonderful.”

If it were not for the boost provided by Demongod force, Huangpu Yan would just be comparable to a level-1 Warlock rank being. However, with the boost provided by Demongod force, his combat power has exceeded that of a level-1 Warlock rank being by far.

Had it not been for the incredible secret method Yang Feng developed using various martial arts of this world, it would be basically impossible to break through Huangpu Yan’s Demongod force barrier.

Yang Feng uttered indifferently, “The aristocratic families should also have cultivation methods. If you want the martial art I created, you can exchange it for such cultivation methods.”

“I can’t give you the cultivation methods of my temple. However, I have a set of cultivation methods of other aristocratic families. I can give them to you.”

Li Yuelian smiled and flicked her fair hand, and a black book appeared in her hand. She handed it to Yang Feng.

When Yang Feng took it, the black book distorted.

An invisible ghost appeared behind Yang Feng and extended its claw towards his neck.

“Interesting!”

Yang Feng smiled faintly. With a cold flash in his eyes, he punched behind him and hit the invisible ghost, and a terrifying force broke out and crushed the other party.

Li Yuelian’s eyes constricted slightly: “So strong!”

Yang Feng opened the black book, took a closer look, and saw various secret methods recorded inside.

According to the secret methods cultivated by Demongod aristocratic families, you have to first pray to a Demongod, offer a sacrifice to a Demongod that would please them, and receive a baptism of Demongod force bestowed by the Demongod.

After their body and soul are baptized by Demongod force, the children of aristocratic families will be promoted to Apprentice Demongod Attendants and possess extraordinary force. Then according to the Demongods that the aristocratic families consecrate, they will search for various treasures of heaven and earth that are compatible with the secret methods imparted by the different Demongods and practice cultivation.

The quickest way to practice cultivation is to offer the Demongods treasures they desire. However, treasures that could catch the eyes of Demongods are rare treasures of heaven and earth, or female and male virgins with special talents. They are all very hard to collect. Most of the children of aristocratic families practice cultivation step by step according to the secret methods handed down by Demongods.

Yang Feng smiled: “Interesting. According to this model, mortals can never surpass the Demongods they serve. Besides, after their death, everything of theirs will be plundered by the Demongods. The Demongods are much more cruel than gods.”

In Feisuo Plane of the universe of the world of Warlocks, for mortals to become extraordinary users and set foot into the domain of gods is extremely hard. But there still is a glimmer of hope.

But in this strange world, it is virtually impossible for mortals to set foot in the domain of Demongods. Even if it's the royal families and aristocratic families of this world, they are just chess pieces in the hands of the Demongods. It is basically impossible for them to set foot into the domain of Demongods.

“This is Great Ape Divine Method, a martial art I created!”

Yang Feng waved his hand, and a secret book with the Giant Ape Divine Method flew into Li Yuelian’s hand.

Li Yuelian’s beautiful eyes lit up, and she received the book with the Great Ape Divine Method and read it carefully.

“What a masterpiece. Ye Cheng, since you killed Huangpu Yan, you have offended the Huangpu Aristocratic Family. They will never let you off. Although the Huangpu Aristocratic Family isn’t that strong among aristocratic families, but their patriarch is a Demongod Lord and is extremely strong. Are you interested in joining our Moongod Temple?” Li Yuelian spoke with a sweet smile.

Yang Feng asked curiously, “Moongod Temple? What is the rank of your Moongod Temple in Da Ling Empire?”

The state where Xinning City is located is called Da Ling Empire and is divided into five provinces, namely Eastern Province, Western Province, Northern Province, Southern Province, and Central Province.

Da Ling Empire has a mortal enemy — Man Ling Empire. Man Ling Empire is composed of three provinces, namely Wolf Province, Eagle Province, and Tiger Province.

Xinning City is an ordinary small city located in Da Ling Empire, Northern Province, Ning Feng County and has a population of just 600,000.

Li Yuelian said proudly, “Moongod Temple is the 10th largest force in Southern Province and serves the great Moongod.”

Southern Province has a population of nearly 10 billion. The Moongod Temple is one of the ten great forces that dominate the 10 billion people. It is naturally worthy of Li Yuelian’s pride.

Li Yuelian smiled sweetly and said, “If you join the Moongod Temple, it will be easy for the Ye Family’s influence to spread to the whole Ningfeng County.”

Yang Feng weighed things repeatedly and replied decisively, “Alright!”

A month passed in a flash.

After Yang Feng joined the Moongod Temple, under Ye Li’s leadership, the family’s influence expanded rapidly in Ningfeng County, and more and more experts came to join Yang Feng’s camp.

Yang Feng made use of all kinds of resources in Xinning City to cultivate his martial art and make rapid progress.

“The rate at which my strength improves is still too slow! Besides, since I’m by myself, I cannot attend to various things at the same time. If I have to protect the Ye Family, I won’t be able to leave. I have to come up with something.”

In a secret room, Yang Feng frowned slightly and thought quietly.

Yang Feng has deduced and cultivated the Great Ape Divine Method to the 21st layer already and thus now possesses Great Warlock rank combat power.

However, in this world, all precious extraordinary resources are monopolized by the Demongod aristocratic families, royal families, and cults. It is very difficult for Yang Feng to obtain a large number of extraordinary resources.

As the saying goes, the cleverest housewife cannot cook without rice. Without resources, even though Yang Feng is an Eternal Sovereign, it’s still difficult to promote quickly.

“I can take the next step!”

Yang Feng walked out of the secret room and came to another secret room.

In this secret room, there are all kinds of alloys and countless components.

Those alloys and components were refined by numerous craftsmen of Xinning City and Ningfeng County.

Yang Feng plunged into the countless parts and began to manufacture xizu engineering robots.

Once the first xizu engineering robot is manufactured, it can snowball from there.

Da Ling Empire, Southern Province, in an exquisite and luxurious manor, a dashing young man with an wicked aura is quietly tasting a cup of tea.

The cup of tea is blood-red in color. Soul projections of beautiful young women emerged in the tea and issued tragic wails.

“Delicious!”

The young man smiled, swallowed the tea in one go, and chewed, and miserable howls came from his mouth.

“Sir! This subordinates has something to report!”

A twisting shadow appeared in front of the young man, knelt down on one knee, and spoke respectfully.

The young man uttered, “Speak!”

The twisting shadow said respectfully, “Yes! This subordinates has investigated it already. Those people have indeed fled to Ningfeng County. Moreover, Ye Cheng is really just an ordinary person. His family hasn’t consecrated any Demongods for the last nine generations. Xinning City’s Ye Family has no relation to Central Province’s Ye Family.

Huangpu Gao’s eyes flashed coldly, and he uttered with a crazed smile: “In other words, he really used martial arts to kill my younger brother Huangpu Yan. Interesting. A mere mortal actually killed an aristocrat extraordinary user using martial arts. Truly interesting! A martial art that can pose a threat to Demongod Attendants, this isn’t something that should exist in this world. I’ll wipe him out!”

The twisting shadow hesitated for a moment and said, “Sir, Ye Cheng has joined Moongod Temple!”

Huangpu Gao spoke with a cold smile, “Moongod Temple does have some power in Southern Province. However, if I kill a mortal, will Moongod Temple fight the Huangpu Family over it?”

The twisting shadow was silent for a moment and gave an answer, “It won’t!”

With a ferocious smile on his face, Huangpu Gao flickered his finger, and a black card flew into the hand of the twisting shadow: “Moreover, although I said that I’ll wipe him out, but I don’t have to do it with my own hands. Call Black Tomb!”

The twisting shadow replied respectfully, “Yes! Lord!”

Xinning City.

A handsome young man in a green shirt and a lovely and beautiful young woman 15 or 16 years old were walking down the street.

The lovely and beautiful young woman asked with a bored expression: “Senior disciple brother Jiang, what is there to do in a small city like Xinning City? Why have we come here?”

Jiang Ye answered slowly, “Feifei, not long ago, in this Xinning City, a mortal called Ye Cheng killed Huangpu Yan, a child of an aristocratic family!”

Zhou Feifei had an incredulous look on her face: “What, a mortal using martial arts killed a child of an aristocratic family? How is that possible?”

Mortals cannot defeat people from aristocratic families, royal families, and cults consecrating Demongods, this is an axiom of this world. Yet now a mortal surprisingly killed a child of an aristocratic family. This is simply outrageous.

A burning color flashed in Jiang Ye’s eyes, and he said slowly, “This is a fact. The mortal Ye Cheng joined Moongod Temple. I came here to obtain his martial art that can allow mortals cultivate into extraordinary users.”

There was a flash of excitement in Zhou Feifei’s beautiful eyes: “A martial art that can let mortals cultivate into extraordinary users. If we get it, we may be able to advance further. We may be able to cultivate to the 9th layer Demongod Attendant realm and even advance to the Demongod Lord realm in the future.”

A dark cloud emerged in the distance, and a black baleful aura surged.

As soon as Jiang Ye saw the dark cloud, his expression changed drastically, and he cried out, “What fearsome baleful aura! Not good! This is Ning Feng County’s most fearsome demonic force — Black Tomb! Damn it, why are they here?!”

Zhou Feifei’s pretty face turned pale, and despair flashed in her eyes, “Black Tomb! What’s going on? What are they doing here?”

Black Tomb is the most fearsome demonic force in Ningfeng County. When Black Tomb comes out, rivers of blood cover the land.
