

MGE 1441

Chapter 1441: Firmament Crystal Wall

Yang Feng pondered for a moment and said, "Who is the conscripting target of Taixuan Sacred Firmament?"

Feiyuan Lord sighed lightly and replied, "The masters of Yan Jue Firmament's domains and Eternal alliances."

Yang Feng raised his eyebrows and asked, "If I'm not willing to be conscripted by Taixuan Sacred Firmament, what will happen then?"

Feiyuan Lord responded, "Then all the domains under your control will be seized by Taixuan Sacred Firmament. In Taixuan Sacred Firmament, experts are as common as cabbages. They even possess Eternal heavenly arts that can be cultivated to the Eternal Sovereign King realm! You won't be able to contend against powerhouses dispatched by Taixuan Sacred Firmament."

Yang Feng's expression remained unchanged. His foundation is not in Yan Jue Firmament. Even if he gives up the domains in Yan Jue Firmament, he'll just find it a pity.

Feiyuan Lord said with a sweet smile, "There are countless Eternal heavenly arts in Taixuan Sacred Firmament. As long as we make enough contributions to Taixuan Sacred Firmament, we'll be able to obtain various formidable Eternal heavenly arts. Back in the day, after Ge Taili made countless contributions to Taixuan Sacred Firmament, he was able to advance to the 7th layer Eternal realm."

Yang Feng's eyes lit up slightly: "Eternal heavenly arts!"

Yang Feng can no longer continue to deduce the Devour Heavenly Art. If he wants to continue the deduction, Yang Feng must travel Eternal World and collect various Eternal heavenly arts.

Almost all the 4th layer Eternal heavenly arts and higher are in the hands of top Eternal Sovereigns. It's very difficult for Yang Feng to obtain such first-rate Eternal heavenly arts.

Bei Xi asked, "After we leave, what will be of our domains?"

Feiyuan Lord replied, "After we leave, Taixuan Sacred Firmament will maintain our domains and will not let anyone advance to the Eternal realm in our domains or plunder our wealth."

Starwhale Lord said unhurriedly, "We are all masters of an alliance and are not accustomed to being told what to do."

Feiyuan Lord replied, "We conscripted Eternal Sovereigns will take missions and work for Taixuan Sacred Firmament. Most of the time, however, no one will command us. Only during special occasions, only then will we be conscripted by Taixuan Sacred Firmament and have to fight according to orders."

Eternal Sovereign is an invincible beings of their domain and are extremely proud. Few would be willing to listen to the orders of other people.

In Yan Jue Firmament, Eternal Sovereigns band together and tend to form alliances. However, the ties in these alliances aren't strong.

Although Taixuan Sacred Firmament has an Eternal Sovereign King, but it still needs to compromise with the Eternal Sovereigns. Otherwise, the Eternal Sovereigns will join other sacred firmaments and enhance enemy power.

Black Eye took a deep look at Yang Feng and said decisively, "Okay, I accept the conscription!"

Bei Xi and the other bigwigs looked at each other, smile helplessly, and accepted the conscription.

Different from Yang Feng, Black Eye and the other bigwigs have advanced to the Eternal realm in Yan Jue Firmament and their Eternal imprints are in their domains in Yan Jue Firmament.

Once a 7th layer Eternal Sovereign of Taixuan Sacred Firmament takes action, he can totally destroy their domains and kill them.

Feiyuan Lord's gaze fell on Yang Feng, a nervous look in her eyes.

As an Eternal Sovereign from another universe, Yang Feng's foundation lies in another universe. If he doesn't accept the conscription of Taixuan Sacred Firmament, Yan Jue Firmament will be possibly turned upside down.

Yang Feng pondered for a while, and then uttered unhurriedly, "I accept the conscription!"

Feiyuan Lord breathed a sigh of relief and revealed a smile.

Several months later.

In the center of the Bo Lei Domain, there is a warship with a diameter of 1,000 kilometers.

Ripples surged, and Yang Feng, his eight subordinated domain masters, and Magic Note Lord appeared in front of the warship.

"I just advanced to the Eternal realm, yet I'll already being conscripted to participate in an Eternal war. How unlucky."

Magic Note Lord looked at the warship and complained.

The eight domain masters glanced at Magic Note Lord in surprise.

In the Ring of Transcendents, the hierarchy is very strict. Whenever they face Yang Feng, Nine Noses, Moonflower Fairy, and the other Eternal Sovereigns tremble in their boots.

They don't dare to speak to Yang Feng in such a casual tone.

Yang Feng said indifferently, "Although it is dangerous. But at the same time, you'll be able to experience a broader and more wonderful world."

Magic Note Lord looked at Yang Feng askance: "A more wonderful world? That's your pursuit."

Yang Feng smiled and asked, "There are countless secret methods in Taixuan Sacred Firmament. Don't you want to experience all kinds of formidable alchemy?"

Magic Note Lord's eyes brightened: "All kinds of wonderful alchemy! I'm quite interested."

Magic Note Lord was the most formidable alchemist of the world of Warlocks. After he advanced to the Eternal realm, his alchemy progressed by leaps and bounds. For him, unprecedented and formidable alchemy are the target of his pursuit.

When they boarded the warship, Yang Feng saw 200 plus Eternal Sovereigns aboard the warship, forming circles of different sizes.

The 200 plus Eternal Sovereigns are powerhouses standing at the top of billions of Yan Jue Firmament's life forms.

The Mother of Myriad Lotuses is also aboard the warship. She is standing in a small circle composed of five people, three women and two men. These people are clearly of the Nine Shades Alliance.

In Eternal World, powerhouses are as common as cabbages. The number of female Eternal Sovereigns here is even higher than that of male Eternal Sovereigns.

It is common for some extraordinary races to be controlled by female Eternal Sovereigns. There are even some extraordinary races where the females are stronger than males.

"That's Yang Feng, the master of the Ring of Transcendents!"

"With nine Eternal Sovereign subordinates, the Ring of Transcendents is really powerful!!"

"..."

The Eternal Sovereigns aboard the warship looked at Yang Feng, a queer flash in their eyes.

When the Mother of Myriad Lotuses saw Yang Feng, her beautiful eyes lit up, and she revealed a sweet smile. She walked up to Yang Feng together with the other four Eternal Sovereigns of the Nine Shades Alliance.

The Mother of Myriad Lotuses smiled sweetly and said, "Yang Feng, let me introduce you. This is Shade Flower Fairy, the master of the Nine Shade Alliance."

"Hello, Yang Feng!"

A stunning beauty with jet-black hair, a perfect figure, fair skin, and astonishing charm smiled sweetly at Yang Feng and spoke.

Practically all humanoid female Eternal Sovereigns are gorgeous, sexy, and enchanting. But aboard this battleship, no woman can compare to Shade Flower Fairy in terms of charm.

Even Feiyuan Lord, Yan Jue Firmament's only female 3rd layer Eternal Sovereign, is slightly inferior to Shade Flower Fairy in terms of charm.

Yang Feng's eyes lit up and flashed with praise: "Hello, Shade Flower Fairy. You really deserve the reputation of the No. 1 beauty of Yan Jue Firmament."

Shade Flower Fairy uttered with a bright smile, "You flatter me! You wiped out the Ring of Dark Ethos and the Ram of Destruction, which were two malignant tumors of Yan Jue Firmament, in one fell swoop. In addition to the two scourges, you are a first-class hero of Yan Jue Firmament. Compared to you, I'm far too lacking."

When he heard the words of Shade Flower Fairy, Yang Feng realized that she was flattering him and felt very comfortable.

Shade Flower Fairy smiled brightly and uttered, "Let me introduce you. These three are Jue Chiyan'er, Shang Donglong, and Wetland Lord of the Nine Shade Alliance."

Jue Chiyan'er is a stunning beauty with wheat-colored skin, a height of about 1.9 meters, and a sexy figure. She is dressed in beast skin clothes that expose large swaths of skin.

Shang Donglong is a dashing and slender man.

Wetland Lord is a handsome man with a dragon horn on the head, a mysterious rune on the forehead, and a gloomy face.

Taixuan Sacred Firmament conscripted all the Eternal Sovereigns of Yan Jue Domain.

When faced with a dreadful Eternal Sovereign war, Yan Jue Firmament's Eternal Sovereigns had no choice but to huddle together.

Before long, the Eternal Sovereigns of the Ring of Transcendents and the Eternal Sovereigns of the Nine Shade Alliance formed a small circle.

Aboard the warship, many small Eternal Sovereign alliances approached alliances with a 3rd layer Eternal Sovereign.

Shortly after several large Eternal Sovereign groups as well as dozens of solitary Eternal Sovereigns appeared aboard the warship.

The warship surged with ripples, turned into a stream of light, and flew away.

A few days later, the warship arrived at a seemingly endless sky, and a distorted crystal wall appeared in front of everyone.

On the crystal wall, there are countless strange faces, including human faces, ogre faces, fiend faces, and dragons faces. The countless strange faces kept issuing strange wails.

"So this is the firmament crystal wall! Firmament crystal walls are barriers that separate lesser firmaments and intermediate firmaments, intermediate firmaments and greater firmament, and greater firmaments and the ten sacred firmaments. In addition to some special secret treasures, only Eternal Sovereigns who have advanced to the 4th layer can cross the firmament crystal wall.

"Yang Feng, when Eternal Sovereigns from other universes like you come to Eternal World, they will arrive at lesser firmaments. The Eternal conscription order of the ten sacred firmaments is the best opportunity for you guys to enter the ten sacred firmaments.

Feiyuan Lord walked up to Yang Feng, looked at the firmament crystal wall with a complex color in her beautiful eyes, and explained to Yang Feng.

Yang Feng looked at the firmament crystal wall with an enigmatic flash in his eyes and nodded.

The warship glimmered, surged with countless runes, and began to extract the power of the Eternal Sovereigns aboard it.

The countenance of the Eternal Sovereigns aboard the warship changed slightly.

Feiyuan Lord uttered, "Don't panic! In order to enter a higher-level firmament, we must rely on everyone's strength!"

The Eternal Sovereigns scanned with their soul force, found that only a negligible amount of their power was extracted, and stayed silent.

Chapter 1442: Xuyuan War Zone

The warship knocked into the firmament crystal wall, and a drill appeared on its bow, spun wildly, and drilled a huge hole into the firmament crystal wall.

When the warship flew into the firmament crystal wall, it was swept by strange gray torrents.

The gray torrents passed through the warship and shrouded the Eternal Sovereigns aboard the warship.

Strange erosion force enveloped the Eternal Sovereigns.

Yang Feng frowned: "Even if it's an unequaled overlord-level Emphyrean, they will be directly eroded by this force, and their soul will be extinguished. If it were not for the warship's protection, then even 3rd layer Eternal Sovereigns would be eroded. The firmament crystal wall between different firmaments is really troublesome!"

The ten sacred firmaments are the center of Eternal World. In the ten sacred firmaments, there are countless formidable Eternal heavenly arts.

Yang Feng originally wanted to travel to the rest of the ten sacred firmaments. But when he saw the firmament crystal wall, he had no choice but to give up on this idea.

Only 9th layer Eternal Sovereigns can forcibly enter the ten sacred firmaments from greater firmaments. Without special secret treasures, the rest of the powerhouses fundamentally can't enter the ten sacred firmaments.

"I see!"

Standing next to Yang Feng, the eyes of Magic Note Lord glimmered with countless runes, and a mirror flew out and reflected the structure of the warship.

A month later, the warship flew out of the gray torrents. The warship has become tattered by now.

"This is an intermediate firmament? Its universe energy level is much higher than that of Yan Jue Firmament!"

Once the warship emerged from the firmament crystal wall, Yang Feng scanned with his soul force and analyzed the laws of this intermediate firmament.

A huge stargate appeared not far away. The warship turned into a stream of light, flew into the stargate, crossed hundreds of millions of light years, and appeared in another starfield.

After changing warships, they passed through another firmament crystal wall and went to another intermediate firmament.

After passing through dozens of firmament crystal walls, the warship came to a celestial body.

The Eternal Sovereigns of Yan Hue Firmament were brought to a spacious hall.

A tall man with long, red hair, shrouded in fierce flames, stepped into the hall, and 5th layer Eternal realm aura diffused from him and spread in all directions.

In an instant, as if a sun appeared in the hall, fierce flames surged everywhere.

“A 5th layer Eternal Sovereign!”

“He is a 5th layer Eternal Sovereign!”

“...”

The eyes of the present Eternal Sovereigns flickered with a dignified shade.

In Yan Jue Firmament, the strongest powerhouses are 3rd layer Eternal Sovereigns. Yet they just left their firmament, when a 5th layer Eternal Sovereign appeared at random, putting a certain pressure on them.

A 5th layer Eternal Sovereign can break through the domain of a 1st layer Eternal Sovereign and kill him.

“I’m Yan Hai, an elder of Taixuan Sacred Firmament’s yanshen clan. I’m responsible for presiding over this war zone. This is a contribution plaque that is bound to your soul aura. If you make sufficient contributions, you can redeem the treasures you want from the Contribution Hall. You can even leave this Eternal battlefield ahead of time. For the specific rules, you can check the Eternal plaque.”

Yan Hai flicked his finger, and green plaques flew out of his and entered the hands of Yang Feng and the other Eternal Sovereigns.

With that, Yan Hai turned into specks of fire and disappeared.

Yang Feng scanned the green plaque with his tremendous soul force, and countless strings of information welled up in the green plaque.

This war zone is called Xuyuan War Zone and is a common border between Taixuan Sacred Firmament and Boda Sacred Firmament. The forces of the two sacred firmaments fight with each other over the ownership of this intermediate firmament, which is called Green Wave Firmament.

Yang Feng and the other Eternal Sovereigns were conscripted by Taixuan Sacred Firmament in order to compete over the ownership of Green Wave Firmament.

In Xuyuan War Zone, you can get a contribution point by killing a Holy, you can get 100,000 contribution points by killing an Empyrean, you can get 1 million contribution points by killing an unequaled overlord-level Empyrean,

You can get 1 Eternal contribution point by killing a 1st layer Eternal Sovereign. You can get 3 Eternal contribution points by killing a 2nd layer Eternal Sovereign. You can get 9 Eternal contribution points by killing a 3rd layer Eternal Sovereign. You can get 27 Eternal contribution points by killing a 4th layer Eternal Sovereign. You can get 42 Eternal contribution points by killing a 5th layer Eternal Sovereign.

10 billion ordinary contribution points can be exchanged for 1 Eternal contribution point.

In Xuyuan War Zone, you must use 1 Eternal contribution point every 100 years. If an Eternal Sovereign can't meet this condition, he will be deprived of his domain and even be killed directly.

As long as he pays 30 Eternal contribution points, an Eternal Sovereign can leave this Eternal war zone.

Yang Feng willed, and countless missions issued by Xuyuan War Zone emerged in the plaque.

In addition to killing hostile Eternal Sovereigns, there are also many missions that Eternal Sovereigns can take in Xuyuan War Zone. Once those missions are completed, Eternal Sovereigns can obtain about 1 Eternal contribution point and a large number of ordinary contribution points.

"We must use 1 Eternal contribution every 100 years! This is to force us to complete the missions they issue. That's a pretty good strategy!"

When he saw the various missions that emerged in the plaque, a realization welled up in Yang Feng's heart.

As Eternal Sovereigns are unruly and selfish characters, it's really difficult to make them obey orders. The powerhouses of Xuyuan War Zone set up a requirement of using 1 Eternal contribution point every 100 years in order to compel these Eternal Sovereigns to accept missions issued by Xuyuan War Zone.

After all, it is too risky to fight other Eternal Sovereigns. If they are careless, they can die themselves.

Even though the Eternal Sovereigns can be reborn in their domain, but it will still be a great blow to them.

"Let's see what Eternal heavenly arts can be exchanged!"

Yang Feng scanned with his soul force, and countless items that can be exchanged with contribution points appeared in the plaque, including Eternal heavenly arts.

"Yanshen Heavenly Art, an Eternal heavenly art that can be cultivated to the 9th layer. Only the first six layers can be redeemed. The first layer can be redeemed for 10 Eternal contribution points. You must swear that you won't teach it to others."

"..."

One after another, Eternal heavenly arts and mysterious secret methods emerged in the plaque, and Yang Feng's eyes flashed with excitement.

Yang Feng's eyes glimmered with a scorching shade: "It's a pity, but Eternal heavenly arts that can be cultivated to the 7th layer and the 9th layer can't be redeemed. However, my top priority is to deduce the 4th layer of the Devour Heavenly Art. During this Eternal war, as long as I don't die, I will surely be able to advance to the 4th layer Eternal realm!"

In Xuyuan War Zone, apart from Eternal heavenly arts, Eternal contribution points can be used to exchange for various cultivation resources.

As one of the ten sacred firmaments, Taixuan Sacred Firmament has who knows how many greater firmaments, intermediate firmaments, and lesser firmaments under its control. Countless resources are

being channeled to Taixuan Sacred Firmament. A small part of these resources is enough to help an Eternal Sovereign to advance to the 6th layer Eternal realm.

If all these resources are used, they are enough for Taixuan Sacred Firmament to produce an 8th layer Eternal Sovereign.

Time elapsed and 10 years passed in a flash.

In a starry sky.

“Moonflower Fairy, there’s no use to run. You’re going to die nonetheless!”

An Eternal Sovereign with an alien-like head, a chrysanthemum-like mouth, 36 arms, a lizard-like body, and a pair of dragon wings flew towards Moonflower Fairy along with a terrible storm.

Moonflower Fairy cast a secret method. Flowers bloomed in the void, and Moonflower Fairy jumped from one flower to another and escaped frantically.

The dragon-winged Eternal Sovereign opened his chrysanthemum-like mouth and roared, and a terrible void ripple surged towards the distance.

Swept by the void ripple, the flowers collapsed, and Moonflower Fairy flew out of the void and spewed out blood.

“Die!”

With a fierce flash in his eyes, the figure of the dragon-winger Eternal Sovereign fluttered, and he turned into a stream of light, appeared in front of Moonflower Fairy, and brandished his 36 arms, and different weapons barreled towards Moonflower Fairy.

Moonflower Fairy smiled sweetly, a flash of ridicule in her eyes, “Fool, you’re the one who is going to die!”

Ripples surged in the void, and a large hand emerged, surged with terrifying devour black hole, and shot towards the dragon-winged Eternal Sovereign.

“Devour black hole! You’re Yang Feng of the Ring of Transcendents! How can you be here?”

The countenance of the dragon-winged Eternal Sovereign changed greatly. He broke out with countless runes, flapped his dragon wings repeatedly, and tried to escape along with a terrible storm.

The devour black hole drew in the dragon-winged Eternal Sovereign and devoured him directly, and he turned into dust and disappeared.

When the Eternal Sovereign of Boda Sacred Firmament died, Yang Feng received 3 Eternal contribution points.

Moonflower Fairy smiled and said, “Congratulations, lord! You have become one of the Ten Heroes of Xuyuan War Zone!”

In the past 10 years, Yang Feng killed a number of Eternal Sovereigns of Boda Sacred Firmament. He is already famous in Xuyuan War Zone and has become one of the Ten Heroes of Xuyuan War Zone.

Chapter 1443: Eternal Sovereign King Treasury

Yang Feng replied calmly, "The Ten Heroes is just an empty title. It doesn't mean anything."
"4th layer Devour heavenly Art, deduced to 78%."

Yang Feng looked at the deduction progress transmitted by Ling with a satisfied shade in his eyes.

In Xuyuan War Zone, Yang Feng killed dozens of Eternal Sovereigns and devoured their Eternal origin and memories.

From the memories of the Eternal Sovereigns he devoured, Yang Feng obtained many Eternal heavenly arts. Thanks to those fragmented Eternal heavenly arts, Ling was able to deduce the 4th layer Devour Heavenly Art to 78%.

"As long as I can redeem two 4th layer Eternal heavenly arts, I should be able to deduce the 4th layer Devour Heavenly Art to 100%. But that would be really expensive."

At the thought of the price he has to pay in order to redeem two 4th layer Eternal heavenly arts, Yang Feng frowned and felt anguished.

Regarding Eternal heavenly arts that can be cultivated to the 4th layer, the 1st layer can be redeemed for at least 7 Eternal contribution points. The 2nd layer can be redeemed for at least 15 Eternal contribution points. The 3rd layer can be redeemed for about 30 Eternal contribution points. The 4th layer can be redeemed for 100 Eternal contribution points.

This means that in order to obtain a 4th layer Eternal heavenly art, Yang Feng needs to kill 152 1st layer Eternal Sovereigns.

In the past 10 years, Yang Feng killed dozens of Eternal Sovereigns. But there's still a long way before he has enough contribution points to redeem a 4th layer Eternal heavenly art.

"My luck is pretty good. Another prey broke into my hunting ground."

Yang Feng glanced at the void, and his eyes lit up and revealed the color of excitement. He blurred and disappeared into the void.

"Go back and rest!"

When she heard Yang Feng's order, Moonflower Fairy breathed a sigh of relief, and then turned into a stream of light and flew into the distance.

Ordinary Eternal Sovereigns like Moonflower Fairy serve as bait to lure in enemies for formidable Eternal Sovereigns like Yang Feng to hunt. This is a common occurrence in Xuyuan War Zone.

In the starfield, a black light is chasing a red light.

The black light is an Eternal Sovereign with three lizard heads, six arms, and countless sharp spikes.

The red light is a handsome Eternal Sovereign in a red battlegear, with an ogre horn and a big hole on the chest, which is oozing black blood.

“Zhu Luo, since you have been hit by my Dark Venom Ray, you’re screwed! Hand over that thing! That treasure isn’t something you can have!”

The eyes of the Eternal Sovereign with three lizard heads glimmered ferociously, and he unleashed fierce screams.

Zhu Luo’s thunderous voice shook the starfield: “Xi Manluo, I don’t have it! How many more do I have to say it?! This is already the territory of Taixuan Sacred Firmament. Yang Feng of the Ring of Transcendents, one of the Ten Heroes of Xuyuan War Zone, is guarding this starfield! He is a ruthless character. If you don’t leave now, then you’ll be the one to die!”

“It’s a shame, but you’re a step too slow! You’re the one who’s going to die!”

Xi Manluo smiled ferociously, revealing scary serrated teeth, flapped the dragon wings on his back, and surged with countless abstruse runes.

In an instant, Xi Manluo appeared behind Zhu Luo, erupted with 3rd layer Eternal realm aura, and sent a claw shooting towards Zhu Luo’s head.

“You’re such a fool!”

With a flash of derision in his eyes, Zhu Luo broke out with a series of barriers on his head, and then surged with lightning runes on the ogre horn and stabbed at Xi Manluo

A red bolt of lightning slammed into Xi Manluo. Along with crackling sounds, Xi Manluo collapsed into smoke and disappeared.

Before he collapsed, Xi Manluo revealed a scornful smile. An ominous premonition welled up inside Zhu Luo.

A large mouth suddenly emerged from the wound on Zhu Luo’s chest. Xi Manluo appeared from the large mouth, brandished his hands, broke out with terrifying demonic light, and tore Zhu Luo into pieces.

“Sir Yang Feng, please save me! Seeing as we are both on Taixuan Sacred Firmament’s side, please save me this once!”

When Zhu Luo was torn apart, a face appeared on each fragment of his body and shouted in fear.

“Shut up!!”

Xi Manluo’s eyes flashed fiercely, and he roared. The two heads in the back opened their mouths, and of strange ripples spread in all directions.

In an instant, the ripples of Zhu Luo’s voice were severed, and his eyes shimmered with despair.

“To act wildly in my hunting ground, you’re quite bold!”

A cold voice came from the void. Ripples of time surged, and Yang Feng appeared behind Xi Manluo and unleashed a punch.

“So you’re Yang Feng? For one of the Ten Heroes of Xuyuan War Zone to launch a sneak attack, that’s really despicable!”

With a sinister glimmer in his eyes, the three heads of Xi Manluo distorted and belched three Dark Venom Rays barreling towards Yang Feng.

Yang Feng's fist flickered, broke out with countless runes, erupted with vast essence of power, and shattered the three Dark Venom Rays, and then slammed into Xi Manluo

"Impossible!! How could this be!"

With a flash of despair in his eyes, Xi Manluo issued miserable screams, and then disintegrated.

A devour black hole emerged and swallowed Xi Manluo.

The Eternal origin and memories of Xi Manluo flowed into Yang Feng.

In the void, fragments flew up, fused together, and formed Zhu Luo's body.

Zhu Luo's eyes flickered, and he said, "Thank you for saving me, sir Yang Feng!"

Yang Feng uttered indifferently, "Hand over the treasure Xi Manluo mentioned!"

Zhu Luo's eyes flickered, and he asked, "What treasure? Sir Yang Feng, I don't know what you're talking about."

Yang Feng stated coldly, "There's no need to pretend! Hand over the key to Du Luo King's treasury! If you insist that you don't have it, then let me search you!"

If it were some other treasure, Yang Feng wouldn't be doing this. However, this is an Eternal Sovereign King's treasury. It's enough to make any Eternal Sovereign go crazy.

Among the ten sacred firmaments, apart from the legendary Eternal Sovereign God Emperors, Eternal Sovereign Kings are the strongest beings.

Eternal Sovereign Kings are invincible beings standing at the pinnacle of the ten sacred firmaments.

Even 9th layer Eternal Sovereigns would go crazy over Du Luo King's treasury, not to mention Yang Feng.

Zhu Luo's eyes flashed with contempt, yet he said with a faint smile, "Sir Yang Feng, my wife is the seventh princesses of Taixuan Sacred Firmament's yanshen clan. In return for saving me, I have already brought you a 3rd layer Eternal Sovereign. Let me go. I will owe you one. If you come to Taixuan Sacred Firmament's yanshen clan in the future, I will receive you properly."

Although Zhu Luo is only a 2nd layer Eternal Sovereign. But as the son-in-law of the master of Taixuan Sacred Firmament's yanshen clan, he has always an air of arrogance around him when dealing with Eternal Sovereigns of vassal firmaments.

Yang Feng's eyes constricted: "Yanshen clan! Who is elder Yan Hai to you?"

Zhu Luo replied proudly, "He is my wife's uncle. If you let me go, I will ask my wife's uncle to help you to the best of his ability."

Yang Feng's eyes flickered a few times, and then he smiled calmly and made way: "Alright. In that case, please say a few good words to elder Yan Hai about me."

“Many thanks!”

Zhu Luo’s eyes flashed with the shade of contempt. His figure fluttered, and he turned into a stream of light and disappeared.

“The Ten Heroes of Xuyuan War Zone? In front of the yanshen clan, they can only bow their heads. That guy intended to kill me just now. This is unforgivable. I must ask uncle to sent Yang Feng to his death! In this way, a disaster can be eliminated!”

Zhu Luo’s eyes flashed with a complacent shade, and he secretly heaved a sigh of relief.

All of a sudden, a string of afterimages appeared in the void, and the Lance of the Ruler stabbed Zhu Luo like a poisonous dragon.

“Curses, who is it?”

Since all the defensive treasures on Zhu Luo have already been shattered, when the Lance of the Ruler stabbed him, terrifying shadow force erupted, crushed all his resistance, and sealed him.

Ripples surged, and Yang Feng emerged from the void and spread the fingers of his hand, and a devour black hole appeared and drew Zhu Luo inside.

Countless devour runes emerged and devoured Zhu Luo’s memories and Eternal origin.

“Found it!”

Yang Feng’s eyes flickered, and a green key glittering brightly appeared in his hand.

“It’s a shame, due to Du Luo King’s treasury, I can no longer stay in Xuyuan War Zone! I can only go to Boda Sacred Firmament! However, Du Luo King’s treasury is fortunately in Boda Sacred Firmament.”

Yang Feng glanced at the glittering key, and his eyes shimmered with the shade of determination. He spent all his Eternal contributions points in one breath and exchanged them various bodies of knowledge.

After inputting all that knowledge into the database, Yang Feng crushed the Eternal plaque in his hand.

This Eternal plaque can transmit all kinds of bodies of knowledge. But at the same time, it can position the location of the Eternal Sovereigns. Yang Feng doesn’t dare to bring it with him.

Xuyuan Fortress.

In a research room, Magic Note Lord suddenly looked up and said with a wry smile, “That damn bastard is quite the troublemaker.”

With a wave of Magic Note Lord’s hand, black light shone, and the whole research room disintegrated. His figure shook slightly, and he disappeared from this place.

At this moment, the complexion of Moonflower Fairy and the other Eternal Sovereigns subordinated to Yang Feng changed dramatically, and they turned into streams of light and disappeared.

Chapter 1444: Chase

Taixuan Sacred Firmament, in a palace of the yanshen clan, in an Eternal Origin Pool, an Eternal imprint emerged, and a huge amount of Eternal origin force intertwined and formed Zhu Luo's body.

"Damn it! Yang Feng, you dare to kill me! And take my key to Du Luo King's treasury! I will never forgive you!"

Zhu Luo unleashed hoarse screams, a vicious glimmer in his eyes.

Du Luo King's treasury is a treasury left behind by an Eternal Sovereign King. Even if it's a 9th layer Eternal Sovereign, he would be moved by it.

If there's a complete Eternal Sovereign King inheritance in Du Luo King's treasury, it would move even other Eternal Sovereign Kings.

"The things that I can't get, trash like you from a lesser firmament can't get either."

Zhu Luo's eyes flickered with an icy shade, and he disappeared from this place.

Xuyuan War Zone, Xuyuan Fortress, in a secret room.

Yan Hai is sitting cross-legged in a pool filled with tremendous sun fire.

A red jade necklace hanging around Yan Hai's neck glimmered, and a red radiance entered his forehead.

"The clan's highest wanted notice! Yang Feng!"

Yan Hai's eyes flashed with a dignified color. He pointed with his hand, and countless rays of red light intertwined in front of him and formed chaotic and distorted lines and points that don't seem to have any meaning.

Yan Hai frowned: "The Eternal Sovereigns of the Ring of Transcendents have already escaped! That's really fast and decisive!"

"It's a shame, but the means of the yanshen clan aren't something that you guys can imagine."

Yan Hai smiled coldly and spread the fingers of his hand, and a plaque containing a strand of Yang Feng's soul aura emerged.

Although Yang Feng destroyed his exclusive Eternal plaque, but Yan Hai has already grasped his soul aura. After all, it isn't difficult for the master of Xuyuan Fortress to grasp a strand of Yang Feng's soul aura.

Yan Hai silently recited an incantation, and a summoning array appeared in front of him.

Red lights shone, and a luju, a 50-meter-tall extraordinary life form with white fur, a deer head, and a single closed eye appeared.

Luju is a fearsome extraordinary life form of Eternal World proficient in divination and tracking. In terms of tracking alone, only a few extraordinary life forms are a match for it.

6th layer Eternal realm aura emanated from the luju and spread in all directions.

"Yan Hai, who do you want me to track down?"

The 6th layer Eternal realm Luju stared at Yan Hai, and a terrifying will reverberated in the area.

Yan Hai flicked his finger, and the plaque flew to in front of the Luju at once: "Luju Batian, help me track down this person!"

Luju Batian asked coldly, "What about my offering?"

Yan Hai waved his hand, and a green crystal flew to Luju Batian and disappeared.

Luju Batian showed the color of satisfaction and swallowed the Eternal plaque containing Yang Feng's soul aura.

Eyes appeared on Luju Batian's body and surged with countless mysterious runes.

The large eye in the center of the deer head opened, and a vague shadow containing fate force and soul force emerged.

Green Wave Firmament, aboard an invisible warship, sitting still as if a stone statue, Yang Feng's aura is concealed and his body is engraved with countless runes. He opened his eyes abruptly.

"This is divination! The power of fate! Someone used divination to track me down! Since you dare track me with divination, then you must pay a price!"

Yang Feng's eyes flashed coldly. The Xi Shen Armor glimmered, and tremendous Eternal origin force flowed into him.

A river of fate emerged from Yang Feng and surged towards the void.

A strange eye appeared in the void and locked on Yang Feng.

The river of fate churned and turned into a terrible spear that stabbed the strange eyes.

"No! Damn you!"

Miserable screams rose in the void.

Xuyuan Fortress.

"Yang Feng, you damn animal! Damn you! I'll never forgive you for this!"

The 6th layer Eternal realm Luju Batian suddenly trembled, the eyes on his body burst, and a crack appeared on the large eye in the center of his deer head, and blood spilled.

Luju Batian roared in pain: "Yan Hai, he is a perfect advancement Eternal Sovereign and is proficient in the essence of fate! Because of you, I provoked such a fearsome enemy and injured my Eye of Divination! Give me more offerings! Otherwise, our cooperation will be over!"

"Okay, I'll give you more offerings!"

With a pained look in his eyes, Yan Hai waved his hand, and a green crystal flew towards Luju Batian and disappeared.

The green crystal is called Origin Arcane Crystal and is cultivation resource that Eternal Sovereign Kings and some special Eternal grade treasure can condense. As one of the elders of yanshen clan, Yan Hai can obtain one such crystal every 100,000 years. It is extremely precious.

Luju Batian shouted madly, "That's not enough! I want one more! Otherwise, you'll never know where Yang Feng is!"

"Fine!"

Yan Hai gritted his teeth, squeezed out a word from between his teeth, and flicked his finger, and another Origin Arcane Crystal flew towards Luju Batian and disappeared.

"He is in this location! When you get there, this white hair should be able to sense him! Kill him! I want him to die! No, just killing him would be too merciful. I want you to seal him, to seal him for 10 million or 100 million years."

A white radiance ejected out from Luju Batian forehead and entered Yan Hai's hand. At the same time, a white hair flew into Yan Hai's hand, and Luju Batian roared madly.

For Eternal Sovereigns, death isn't scary. After all, after they die, Eternal Sovereigns can be reborn in their universe. The thing they fear most is to be sealed! If an Eternal Sovereign is sealed for 10 million years, they will basically go crazy.

"Don't worry. Since I had to pay such a painful price because of him, I will make him fall into despair."

Yan Hai's eyes glimmered fiercely, and he turned into a flame and disappeared.

Green Wave Firmament, in a starfield.

A warship flying in the starfield suddenly broke out with countless runes, and its speed increased to the limit.

"I found you, Yang Feng!"

A huge hand of fire emerged abruptly and extended towards the warship.

The warship activated a powerful barrier at once.

When the huge hand of fire grabbed the warship, the barrier shattered.

The warship was set on fire by endless fire.

A blade ejected out from the warship and cleaved the endless fire.

Yang Feng's figure fluttered, and he flew out from the middle of the endless fire, looked into the distance, and said unhurriedly, a dignified expression on his face, "Yan Hai, you're the guardian of Xuyuan Fortress. Yet you actually disregarded the laws of Xuyuan Fortress and attacked an Eternal Sovereign of Xuyuan Fortress?"

Yan Hai's eyes shimmered coldly, and he sneered, "What a sharp tongue! Yang Feng, it's no use! In Xuyuan Fortress, I am the supreme authority! No matter what you say, the fact that you're a criminal of Taixuan Sacred Heaven won't change!"

Yan Hai continued coldly, "If you have to blame someone, blame yourself for foolishly provoking a person of yanshen clan! If you stay still and let me seal you, 10 million years later, maybe there will come a day when I unseal you and set you free!"

Yang Feng responded indifferently, "You are responsible for guarding Xuyuan Fortress. If Xuyuan Fortress falls, I'm afraid you won't be able to escape the responsibility!"

An ominous premonition welled up inside Yan Hai, a cold look in his eyes, "What are you trying to say?"

Yang Feng glanced at Yan Hai, and his eyes flickered with the shade of derision.

Red light lit up Yan Hai's figure. He creased his eyebrows and gently pressed his Eternal plaque.

A shrill scream transmitted from the Eternal plaque, "Lord Yan Hai, Nightwolf Lord of Boda Sacred Firmament led people to attack Xuyuan Fortress! Many of the fortress's defensive barriers have been destroyed already! Lord, please return quickly!"

Yan Hai was immediately shocked and angry and barked, "It's your doing! Yang Feng, how dare you betray Taixuan Sacred Firmament!"

Yang Feng replied calmly, "I'm not affiliated with Taixuan Sacred Firmament, so how can it be regarded as betrayal? Besides, didn't you say that I'm a criminal of Taixuan Sacred Firmament? Now I'm actually a criminal of Taixuan Sacred Firmament. So, Yan Hai, will you go rescue Xuyuan Fortress, or will you continue to chase me?"

"I'm going to seal you! As long as I seal you, the yanshen clan will naturally help me get exonerated! Nine Dragons Seal!"

Along with a vicious glimmer in his eyes, Yan Hai erupted with countless runes, and pillars of fire ejected out.

Nine fire dragons emerged and formed a huge seal array that surged towards Yang Feng.

"Devour Heavenly Spike!"

Yang Feng's eyes flickered coldly. The Xi Shen Armor appeared on his body, surged with Eternal force, and broke out with countless runes, and the runes turned into a 10-kilometer-long spike that stabbed towards the nine fire dragons.

When the Devour Heavenly Spike stabbed the seal array, a huge hole appeared in the array, and the fire dragons collapsed one after another.

Chapter 1445: Counterattack

When the seven fire dragons collapsed, lights shone. After the remaining two fire dragon absorbed enough Eternal force, they distorted and turned into nine fire dragons.

Yan Hai's eyes flashed with surprise, and he said with a cold smile: "Yang Feng, you're really impressive. You almost broke my Nine Dragons Seal! It's a shame, but you only possess 3rd layer Eternal realm cultivation base. Now let me seal you!"

All of a sudden, Ling appeared and whipped the nine fire dragons fiercely, smashing the just formed fire dragons.

The Xi Shen Armor glimmered, and a pair of mechanical wings unfurled behind Yang Feng and broke out with countless runes. The mechanical wings flapped, and Yang Feng turned into a stream of light and flew into the distance.

A black ray flashed. Yang Feng's speed suddenly increased by 1,000 times, and he disappeared from Yan Hai's view.

"What fast speed! But how long can you maintain it?"

Yan Hai smiled frigidly, surged with countless flames, turned into a ray of fire, and chased after Yang Feng.

Although the ray of fire was slightly slower than the black ray, but it doggedly chased after the black ray.

"As expected of a 5th layer Eternal Sovereign! He's indeed really strong! Even if I take out all my trump cards, my chances of winning won't exceed 5%."

Yang Feng's eyes flickered. There was no fear in his eyes, only calmness.

Three days later, a firmament crystal wall separating two firmaments appeared in front of the two.

In front of the firmament crystal wall, there is a thick fog. In the thick fog, there is a strange force that cuts off all prying.

Despite how strong Yan Hai is, he can't pry into the things in the fog from tens of thousands of light years away.

When Yan Hai saw the fog in front of the firmament crystal wall, an indistinct premonition welled up inside him.

"Yanshen Eyes!"

Yan Hai's eyes surged with countless mysterious runes, and two rays of fire ejected out and shot towards the thick fog.

A black mirror emerged from the thick fog. A face in the mirror opened its mouth and breathed in, and the rays of fire that ejected out from Yan Hai's eyes were directly absorbed by the black mirror.

At this moment, Yang Feng plunged into the thick fog.

"Not good!"

An indistinct premonition surged in Yan Hai's heart, and he combusted his Eternal origin. Four pairs of wings of fire appeared behind him and flapped, and he turned into a fearsome stream of light that chased after Yang Feng.

Previously, Yan Hai didn't want to combust his Eternal origin, all to preserve his strength. Now he has no time to care about preserving his strength.

"Yan Hai, I'm sorry, but you're too late!"

In a few breaths of time, Yan Hai appeared in front of the firmament crystal wall, and terrifying flames surged and burned and purified the fog around.

In front of the firmament crystal wall, there is warship. In front of the warship, there are two people, namely Yang Feng and Magic Note Lord.

In the past 10 years, Yang Feng redeemed a lot of knowledge about warships that can pass through firmament crystal walls. Coupled with the support of countless resources, Magic Note Lord has successfully refined a warship that can cross firmament crystal walls.

Yang Feng waved at Yan Hai and smiled, and the warship immediately plunged into the firmament crystal wall.

“No! Yang Feng, you dare play tricks on me! You deserve to die!”

Yan Hai’s eyes shimmered with both astonishment and anger, and he bellowed, filled with resentment.

Once Xuyuan Fortress is taken down, then even though he is an elder of the yanshen clan, Yan Hai will be severely punished by Taixuan Sacred Firmament. However, if he can capture Yang Feng and bring him back to the yanshen clan, he will not only have rendered meritorious service, but also be rewarded by the yanshen clan. But if Yang Feng escapes, Yan Hai will be severely punished by Taixuan Sacred Firmament. At that time, the yanshen clan won’t protect him.

Yan Hai’s figure swayed slightly, and he turned into a terrible fire giant. He appeared in front of the firmament crystal wall, stabbed his hands into the firmament crystal wall, tore open a huge hole, and drilled into the firmament crystal wall through the hole.

“Warning! Warning! There is a high-energy life form chasing behind!”

Aboard the warship, a prompt sounded at once.

Lights shone, and an image projection appeared in the warship.

The image projection showed that Yan Hai covered in an armor of fire has turned into a 10-meter-tall giant, wings of fire flickering behind him. He is traveling inside the firmament crystal wall with great difficulty.

Magic Note Lord’s eyes flickered with the color of surprise, and he said with appreciation, “So this is a 5th layer Eternal Sovereign! He’s really incredible! He’s actually able to travel in the environment of the firmament crystal wall!”

Aboard the warship, Moonflower Fairy and the other Eternal Sovereigns subordinated to Yang Feng sat in alloy chairs and supplied their Eternal force to serve as a power source.

Yang Feng’s eyes glimmered coldly, and he asked, “Can we mess him up?”

When it comes to the study on firmament crystal walls, Magic Note Lord’s attainments are far higher than Yang Feng’s.

Magic Note Lord responded full of confidence, “Let Ling cooperate with me!!”

A spherical level-8 stronghold appeared aboard the warship.

"It's really wonderful! So this is the crystallization of your alchemy, Yang Feng. It's really wonderful and magnificent. No, Ling's evolution has gone far beyond the scope of your alchemy. It's really a great masterpiece!"

Magic Note Lord looked at the level-8 stronghold surging with countless mysterious runes and exclaimed in admiration, a dazed look in his eyes.

Ling is the first King of Rulers Yang Feng refined, a life secret treasure he spent countless precious resources to refine. She possesses fearsome evolution potential. At this time, she has evolved to a level that even Magic Note Lord can't comprehend.

Even though Yang Feng has Ling's data. But even if he is given the same resources, he will never be able to create another Ling. This is the charm of completed Kings of Rulers.

Whether it's Ling, Ying, Xingji, or Ziji, once they evolve to a certain degree, they will become unique and can no longer be copied.

Mechanical threads emerged from the level-8 stronghold and stabbed into Magic Note Lord's head.

Ling's terrifying computing power connected with Magic Note Lord.

"It's really wonderful! Alchemy is indeed a most formidable secret method in the universe!!"

Magic Note Lord praised and broke out with countless runes in his eyes.

Three days later, the warship glimmered and turned over, as if it had hit some sort of node.

Ripples surged, and a terrifying storm swept towards Yan Hai.

"Damn it! How could this happen?"

Yan Hai's expression changed greatly, and he combust his Eternal origin. A more powerful armor of fire formed on his body.

When the terrible storm slammed into Yan Hai, the armor of fire weakened continuously, forcing him to stay in place to resist the terrible storm.

The terrible storm lasted for three days and nights before stopping.

After resisting the terrible storm, Yan Hai gave chase once more.

Yan Hai just saw traces of the warship, when another terrible storm rose, forcing him to stop to contend against the terrible storm.

"Curses! They can manipulate the crystal wall storms within firmament crystal walls! How is this possible?"

After he was hit with a terrible storm several times, Yan Hai felt strange. But He still gritted his teeth and continuing to chase Yang Feng.

Once Yang Feng escapes Green Wave Firmament, as if a dragon returning to the sea or a tiger entering the mountains, it will be impossible to find him again.

By then, only if an Eternal Sovereign King steps in, only then will it be possible to lock on Yang Feng's position.

However, the yanshen clan has no Eternal Sovereign King. Once Yang Feng escapes, it will be extremely difficult to catch him.

Although Luju Batian is an extraordinary life form proficient in divination and tracking. But it is practically impossible for him to divine and track an Eternal Sovereign who is in another firmament. Even if it's a 1st layer Eternal Sovereign, it's still impossible to track him.

A month later.

"Caught you!"

A terrible torrent of fire flickered, and Yan Hai rushed out of the firmament crystal wall and extended his hand, and a giant hand shot towards the warship.

"Idiot! I was specially waiting for you! All in order to kill you!"

An icy voice came from the warship, and a Devour Heavenly Spike condensed from countless devour runes emerged and barreled towards Yan Hai.

The Devour Heavenly Spike stabbed the giant hand of fire and ran through it, and then slammed into Yan Hai.

Yan Hai was knocked tens of thousands of kilometers away, and then resolutely flew towards the firmament crystal wall.

At this moment, a shadow hidden on the firmament crystal wall moved abruptly. Ying jumped out of the shadow attacked Yan Hai without warning, and stabbed him in the back with the Lance of the Ruler.

A seal formed from countless strands of shadow force broke out inside Yan Hai and sealed his power.

"Damn assassin! Go to hell!"

Feeling both shocked and angry, Yan Hai unleashed a full strength attack, which slammed into Ying.

Terrifying fire force engulfed Ying and burned her into ashes bit by bit. Despite the terrible pain, she didn't let go. She firmly gripped the Lance of the Ruler and operated the seal.

"Die!"

Taking advantage of the situation, Yang Feng appeared above Yan Hai in a blink, punched him in the head, and blasted his head apart, and a terrifying devour black hole emerged and swallowed the seriously injured Yan Hai.

Chapter 1446: Punishment

If Yan Hai was in his peak condition, then even if Yang Feng did his best, it would be hard to harm him.

However, when Yan Hai combusted his Eternal origin to chase after Feng and forced his way through the firmament crystal wall with his body, he suffered severe damaged. As a result, he had less than 30% of

his strength left. This is how Yang Feng and Ying were able to deal him serious damage with their joint sneak attack.

In fact, if Yang Feng and Ying hadn't lunched a sneak attack and instead faced Yan Hai head on, it is uncertain who would have won in the end.

Yan Hai issued a heart-wrenching roar: "Yang Feng, if you dare to kill me, the yanshen clan will never forgive you!"

"Go to hell!"

Yang Feng's eyes flashed coldly. All of a sudden, the devour black hole erupted with countless devour runes, and terrifying devour force enveloped Yan Hai and frantically extracted his Eternal origin and memories.

"Yang Feng..."

Amid a heart-wrenching roar, Yan Hai turned into ashes that drifted away with a gust of wind.

"As expected of an elder of the yanshen race, a 5th layer Eternal Sovereign of Taixuan Sacred Firmament! He has so many Eternal heavenly arts!"

Yang Feng's eyes glimmered with elation. After devouring Yan Hai's Eternal origin and memories, he found six 4th layer Eternal heavenly arts and above in Yan Hai's memories.

Among them, the Yanshen Heavenly Art passed down in the yanshen clan has an 8th layer cultivation method.

The most important parts of the Yanshen Heavenly Art are the 4th layer, 7th layer, and 9th layer cultivation methods. Despite being an elder of the yanshen clan, Yan Hai couldn't get his hands on the 9th layer cultivation method. However, the 8th layer cultivation method wasn't hard to get.

Although the yanshen clan is a big force in Taixuan Sacred Firmament and has many experts, but powerhouses at the 4th layer Eternal realm and above still have an extremely high position in the clan.

"4th layer Devour Heavenly Art, deduction progress at 80%! Estimated completion time, 30 days!"

A piece of information appeared in Yang Feng's mind. The 4th layer Devour Heavenly Art that previously was practically at a standstill showed a fundamental change.

Yang Feng's eyes flashed with a burning color: "It's really wonderful! Sure enough, plundering the things of other powerhouses is the path that leads to rapid evolution. It's a shame, but 5th layer Eternal Sovereigns are still too strong for me. However, as long as I advance to the 4th layer Eternal realm, I will be able to kill 5th layer Eternal Sovereigns, plunder the Eternal heavenly arts in their memories, and deduce my Devour Heavenly Art to a higher level."

If Yang Feng had sealed Yan Hai, it would be the harshest punishment for Yan Hai. However, since Yang Feng needed Yan Hai's memories and Eternal origin, he devoured him directly. Now it seems that his choice was indeed the right one.

Along with a flash of light, the warship entered the invisible state and disappeared in the vast starry sky with Yang Feng and company aboard.

Taixuan Sacred Firmament, yanshen clan's headquarters, the deepest part of a mountain of fire, in an Eternal Origin Energy Pool, an Eternal imprint emerge and absorbed Eternal origin force.

After absorbing the Eternal origin force of one Eternal Origin Energy Pool after another, the Eternal imprint glimmered and condensed Yan Hai's body.

"Damn it! Yang Feng, you dare kill me! I will never forgive you!"

After Yan Hai flew out of the Eternal Origin Energy Pool, he unleashed howls full of resentment.

Yanshen clan has profound reserves. After absorbing the Eternal origin force of dozens of Eternal Origin Energy Pools, Yan Hai has recovered his 5th layer Eternal realm cultivation base. But even so, since he died, it signified that the countless treasures he had on him have fallen into Yang Feng's hands. Furthermore, the newly condensed Eternal body is much weaker than his previous Eternal body.

Although Eternal Sovereigns can be reborn continuously. But each time they are reborn, they will become weaker than the last time. This is the other reason why Eternal Sovereigns aren't willing to die easily.

"Yan Hai! Come to the Yanshen Palace!"

A majestic voice echoed in Yan Hai's mind.

Yan Hai turned slightly pale in the face, and then turned into a stream of light and disappeared.

In the Yanshen Palace, the core authority of the yanshen clan, there is a man sitting. He is the clan head of the yanshen clan.

Along with a flash of fire, Yan Hai appeared in the Yanshen Palace and saluted the clan head of the yanshen clan, "Clan head, why did you call me?"

"The Xuyuan Fortress has been taken down! Green Wave Firmament has been occupied! The top brass wants to kill you!"

The yanshen clan's clan head spoke coldly.

Feeling like he has fallen into an ice cave, Yan Hai knelt on the floor, broke out in a cold sweat from his back, and said loudly, "Clan head, in accordance with the clan's wanted notice, I went after Yang Feng. But that bastard colluded with people of Boda Sacred Firmament, which led to the fall of the Xuyuan Fortress. Clan head, you must save me."

No matter where he goes, a 5th layer Eternal Sovereign will be considered a powerhouse. But when faced with the big shots of Taixuan Sacred Firmament, he isn't a being that can't be sacrificed.

The yanshen clan's clan head asked coldly, "Where's Yang Feng?"

Yan Hai broke out with a cold sweat from his back, "He escaped!"

The eyes of the yanshen clan's clan head flashed coldly, and he barked: "You trash! The fall of the Xuyuan Fortress, don't you know how passive it makes the yanshen clan?"

Although Green Wave Firmament is only an intermediate firmament, but it is rich in resources and can produce 7th layer Eternal realm powerhouses and above.

Since Green Wave Firmament has fallen into the hands of Boda Sacred Firmament, Boda Sacred Firmament gained an advantage in a region of the battlefield.

Back in the day, the yanshen clan pushed for Yan Hai to guard Green Wave Firmament. Yet now Green Wave Firmament has fallen. Taixuan Sacred Firmament suffered 3,000 Eternal Sovereign casualties. Only less than 500 Eternal Sovereigns have come back alive. Furthermore, more than 1,000 Eternal Sovereigns outright betrayed Taixuan Sacred Firmament.

Under these circumstances, if Taixuan Sacred Firmament doesn't kill Yan Hai, then who knows how much damage the other nine sacred firmament will deal to Taixuan Sacred Firmament.

Because of Yan Hai's actions, even the entire yanshen will have to pay a huge price.

Yan Hai broke out in a cold sweat from his back, kowtowed repeatedly, and said, "Clan head, taking the service I rendered to the clan into account, please save me! Give me a way to live!"

The yanshen clan's clan head uttered coldly, "If it were not for the service you rendered to the clan, you would be dead already. Do you think that you would be able to use Eternal Origin Energy Pools to construct a new body?"

Yan Hai secretly heaved a sigh of relief. But the clan head's following words sent him directly into hell.

The clan head said coldly, "Go to the Sin Slave Camp to atone!"

Yan Hai looked up, and his eyes flickered with disbelief.

The Sin Slave Camp is a cannon fodder camp of Taixuan Sacred Firmament that is in charge of most dangerous jobs.

In Eternal World, there are some special danger zones. If Eternal Sovereigns enter these danger zones, they will die, and their Eternal imprints will be destroyed.

The Sin Slave Camp's Eternal Sovereigns serve as cannon fodder that have to explore these danger zones, or as cannon fodder on the battlefield. Unless enough meritorious service is rendered, only death will await most people of the Sin Slave Camp. Even if it's Eternal Sovereigns, they will revive and fight continuously, until they truly die.

The clan head uttered indifferently, "Or you could go and die now."

"I'll go to the Sin Slave Camp!"

Yan Hai greeted his teeth and enunciated each syllable. If he goes to the Sin Slave Camp, he'll still have a glimmer of hope. But if he stays, he will die without the shadow of a doubt. The clan head won't save him.

Feixing Firmament is an intermediate firmament under the control of Boda Sacred Firmament.

A city of Feixing Firmament, in a palace's rear garden, Yang Feng opened his eyes, and his eyes flashed with delight: "The 4th layer Devour Heavenly Art has finally been completed. In this way, once I have advanced to the 4th layer Eternal realm, I will have a complete cultivation method."

"5th layer Devour Heavenly Art, deduction progress at 1%. Estimated completion time, 30 years."

A message appeared in Yang Feng's mind.

Among Eternal heavenly arts, 4th layer, 7th layer, and 9th layer are most difficult to deduce. Once the deduction breaks through these several key points, coupled with sufficient data, Ling can deduce the rest of the Eternal heavenly art's cultivation methods.

Yang Feng frowned: "The cultivation method has already been completed. Now I just lack resources. Even if I lose the domains in Yan Jue Firmament, but with the resources from the World of Demongods and the world of Warlocks, I can advance to the 4th layer Eternal realm in 1 million years! But that's too long."

The lifespan of Eternal Sovereigns is calculated in billions of years. Many Eternal Sovereigns who have lived for hundreds of millions or billions of years are still at the 1st layer Eternal realm.

For a 3rd layer Eternal Sovereign to be able to advance to a 4th layer Eternal Sovereign in 1 million years, that's already an amazing accomplishment. This is all thanks to the large amount of Eternal origin that Yang Feng devoured from other Eternal Sovereigns.

If Yang Feng hadn't devoured a large amount of Eternal origin from other Eternal Sovereigns, but solely relied on the resources of the two universes, then even with the Eternal heavenly art, he would have to cultivate bitterly for more than 10 million years.

Yang Feng raised his eyebrows: "It's best to advance to the 4th layer Eternal realm before entering Du Luo King's treasury! Otherwise, it will be too dangerous."

In Du Luo King's treasury, there are naturally innumerable restrictions set up. The stronger Yang Feng is at the time he enters the treasury, the more treasures he'll be able to obtain. But without enough strength, even if the treasures are right in front of him, he won't be able to take them away.

All of a sudden, a plaque hanging around Yang Feng's neck heat up. Yang Feng pointed with his finger, and a radiance appeared and formed Moonflower Fairy's projection.

Moonflower Fairy smiled brightly at Yang Feng and said, "Lord, I obtained an interesting piece of information. In 10 day, an Eternal secret realm will appear in Feixing Firmament's Qingmei Sea. According to legend it used to be the secret realm of Skystar Lord, the former overlord of Feixing Firmament and 8th layer Eternal Sovereign."

"Skystar Lord's secret realm? Great job, Moonflower Fairy!"

Yang Feng's eyes lit up and shimmered with excitement, and he revealed a smile and praised.

Moonflower Fairy's social skills are above those of Yang Feng. With her help, Yang Feng was able to obtain information circulating in many Eternal circles and cultivate at ease.

Moonflower Fairy smiled sweetly and replied, "Thank you for the praise, lord!"

Along with a flash of light, Yang Feng disappeared from this place.

Chapter 1447: The Three Big Shots of Feixing Firmament

Qingmei Sea is a green-colored sea located in the middle of Feixing Firmament's Qingmei Domain.

Since there are countless terrifying direbeasts in Qingmei Sea, it is a terrifying place in the Qingmei Domain. Few people dare to come to Qingmei Sea.

A strange shadow flew above Qingmei Sea.

A 10,000 meter long direbeast with a dragon head and a tortoise body, emanating Great Holy realm fluctuations of power emerged from the sea and bit at the strange shadow.

"Seeking death!"

A black radiance ejected out from the shadow and entered the direbeast's body.

The Great Holy realm direbeast trembled, broke out with black pustules, collapsed on the sea, and turned into a corpse.

Black pus oozed out from the body of the Great Holy realm direbeast. In the wake of the black pus, floating corpses appeared everywhere. With the Great Holy realm direbeast as the core, a area with 1,000 kilometers in radius became a hell of corpses.

Upon seeing this scene, the direbeasts of Qingmei Sea fled the area, not daring to provoke the strange shadow.

The shadow soon appeared in the center of Qingmei Sea.

At this time, hundreds of Eternal Sovereigns of different domains and firmaments have gathered in the center of Qingmei Sea.

These Eternal Sovereigns are all emanating terrifying fluctuations of power, scaring away the direbeasts.

Every Eternal Sovereign here is shrouded with a twisting magic barrier, making it impossible for others to see who they are.

Starlight surged abruptly, and a star fell from the sky and landed on the sea.

On the star, there is a palace radiating bright starlight. Countless beautiful girls are dancing in the palace. A handsome young man is sitting on the top of the star.

In front of the young man, there are 14 Eternal Sovereigns exuding terrifying aura.

"Morningstar Lord!"

"4th layer Eternal Sovereign Morningstar Lord!"

"One of the three big shots of Feixing Firmament!"

"..."

When the surrounding Eternal Sovereigns saw the young man, their eyes flashed with a solemn color. Eternal Sovereigns with 4th layer Eternal realm strength are far stronger than other Eternal Sovereigns.

A mountain flew over from afar. On top of the mountain, there is a palace.

In the palace, there is a 10,000 meter tall bear with nine heads, emitting a fearsome aura sitting on a throne, a frigid look in its eyes.

In front of the nine-headed bear, there are 17 beast-form Eternal Sovereigns, emanating tyrannical aura.

On the mountain, there are 23 execution platforms, each of which has an Eternal Sovereign sealed. Shriill creams are diffusing from the execution platforms.

If a Moonlight Warlock realm powerhouse heard these screams, he would die directly.

“Nine Direbear! One of the three big shots of Feixing Firmament!”

“So he is Nine Direbear, one of the three big shots of Feixing Firmament!”

“The number of Eternal Sovereigns who died at his hands exceeds 30! He has even sealed five 3rd layer Eternal Sovereigns!”

“If you fall into his hands, you’ll lead a life worse than death!”

“...”

The surrounding Eternal Sovereigns looked at the 23 execution platforms with fear in their eyes.

Eternal Sovereigns are immortal. Even if they die, they can be reborn in the universe or domain with their Eternal imprint. However, once they are sealed on an execution platform, they will lead a life worse than death.

Every Eternal Sovereign has a steel-like will. But even so, if they are sealed and tortured for tens of thousand, hundreds of thousands, or millions of years, few Eternal Sovereigns will be able to withstand the torment.

Along with a flash of black light, endless shadows and darkness shrouded the void.

In the endless shadows and darkness, a twisting eye emerged and looked around.

“Shadow Lord! One of the three big shots of Feixing Firmament! A most terrifying assassin!”

“It is said that he once assassinated a 5th layer Eternal Sovereign!”

“...”

When the surrounding Eternal Sovereigns saw the twisting eye, they felt a chill in their hearts, as if they were prey in front of a predator.

“The Eternal Sovereigns aren’t clearing the area! Sure enough! Although 4th layer Eternal Sovereigns are tyrannically strong, but they can’t contend against hundreds of Eternal Sovereigns!”

While hiding in an alternative space, Yang Feng observed quietly.

Every Eternal Sovereign, even a 1st layer Eternal Sovereign, is extremely strong. It's not that the three big shots of Feixing Firmament don't want to clear the area and monopolize Skystar Lord's secret realm, but that it's beyond their capability. Even if it's a 7th layer Eternal Sovereign, he wouldn't be able to withstand the siege of hundreds of Eternal Sovereigns.

Only 9th layer Eternal Sovereigns can face hundreds of Eternal Sovereigns and kill them one by one, but that's under the premise that the other Eternal Sovereigns don't combust their Eternal imprint.

At Noon.

In the middle of Qingmei Sea, the sea water churned, and an ordinary stone flew out and split open.

A pearl mussel emerged from the stone, opened, and spat out a black pearl.

The black pearl glimmered, entered the void, and radiated twisting light, forming a huge twisting channel.

Along with flashes of light, Eternal Sovereigns flew towards the twisting channel like raindrops.

The three big shots of Feixing Firmament turned into three streams of light and flew into the twisting channel.

"It shouldn't be a trap!"

When he saw the three big shots of Feixing Firmament enter the twisting channel, Yang Feng emerged from the void, pondered for a while, and waved his hand, and a Space Ruler flew into the twisting channel.

"The connection is lost! As expected of an Eternal Sovereign's secret realm."

Yang Feng creased his eyebrows and hesitated for a moment. Then his eyes flickered with determination, and he stepped into the twisting channel.

With a flash of twisting light, Yang Feng appeared in a vast world.

In the vast world, there is highly concentrated life origin energy filled with formidable vitality. At the same time, the whole world is shrouded in formidable mist that suppresses the strength of Eternal Sovereigns.

"That's an Eternal Sovereign's secret realm for you! Sure enough, it's full of treasures!"

Yang Feng scanned the world with his tremendous spirit force, and his eyes lit up.

As a treasury left by an 8th layer Eternal Sovereign, this secret realm naturally is full of precious extraordinary plants.

The extraordinary plants in the secret place are enough for an ordinary person to cultivate all the way to the Eternal realm.

Every Eternal Sovereign will leave treasuries in different places. After all, once they die, they will possess various means of rebirth. Furthermore, their enemies are really fearsome. If they don't leave any treasuries behind, then even if they're reborn, they won't be a match for their past opponents.

Along with flashes of spatial ripples, Ling walked out of the void, and a level-8 stronghold appeared behind her and landed on the ground.

Countless mechanical towers emerged from the level-8 stronghold and began to analyze the composition of the world and erode it.

Countless tiny robots flew in all directions, and a constantly improving map soon appeared in Yang Feng's mind.

"There are eternal god trees here! This trip was really worthwhile!"

Yang Feng's eyes brightened, and he took a step and disappeared from this place.

On a mountain, there is a 1,000 meter tall tree covered with golden leaves, with ten small suns hanging from its branches.

Countless rays of sunfire appeared around the golden tree and burned everything.

Ripples surged, and Yang Feng stepped out of the void and arrived in front of the tree, a flash of excitement in his eyes: "Sun Origin Tree, this is a legendary eternal god tree. It blooms and bears fruit once every 1 million years. 2 million years are necessary to bear the ten fruits. If these ten fruits fall into some small world, they can evolve into suns and illuminate the world. These ten Sun Origin Tree fruits are enough to increase my chances to advance to the 4th layer Eternal realm by 50%!"

All of a sudden, a 1,000 meter long true spirit level direbeast, sun space razer snake, engraved with sun runes, emanating tyrannical aura emerged and bit at Yang Feng.

Yang Feng pointed at the sun space razer snake, and the sun space razer snake was instantly drained of its blood and power and turned into ashes that scattered with the wind.

"A Sun Origin Tree. To be able to get such a precious treasure, I, Wanhu Lord, am really lucky. If you get out of here, I won't kill you! Otherwise, this will be your burial place!"

Along with a cold voice, an Eternal Sovereign with a tiger head, a humanoid body, and a pair of dragon wings on the back, emanating a bloodthirsty aura emerged from the void.

"Get lost! This is my treasure!"

With a ferocious glimmer in his eyes, Wanhu Lord roared towards the sky, and 3rd layer Eternal realm aura diffused from him.

Upon sensing Wanhu Lord's aura, the countenance of the Eternal Sovereigns rushing this way changed greatly, and they concealed their aura.

Wanhu Lord smiled ferociously at Yang Feng and said: "Human, get lost! Otherwise, I don't mind tearing you apart, sealing you in my Tiger Grudge Blade, and having you struggle in pain for hundreds of millions of years!"

Chapter 1448: Fighting a Big Shot

"In this world, there is not a small number of people who are qualified to say such words to me! But you aren't one of them!"

Yang Feng's eyes flashed with killing intent, surged with ripples, appeared in front of Wanhu Lord, and unleashed a palm strike.

Time whirlpool, space rift, devour black light, and power blade intertwined with each other and formed a black sphere that shot towards Wanhu Lord together with terrifying might.

"Die!"

Wanhu Lord roared angrily and broke out with countless runes. Once a rune was lit, it condensed into a huge tiger that fused into his body.

A world projection rose behind Wanhu Lord. In that world, countless tiger clan powerhouses are praying piously.

The power of the whole world converged into one and flowed into Wanhu Lord.

Wanhu Lord extended his claw containing the power of countless tigers and attacked Yang Feng, and the roars of countless tigers broke out.

Powerhouses of the world of Warlocks are not the only ones who set up a world inside them. In many universes, it is a common practice to set up a world inside the body and mobilize world force to fight.

When the black sphere and the terrifying claw collided, Wanhu Lord's claw shattered.

Yang Feng's palm slammed into Wanhu Lord.

Black lights shone, and the world behind Wanhu Lord shattered. Countless tiger clan powerhouses screamed, collapsed, and turned into bloody mist.

Wanhu Lord's body disintegrated in an instant.

A devour black hole emerged and swallowed the fragments of Wanhu Lord's Eternal body.

"Who are you? You dare kill me! I won't let you off!"

Inside the devour black hole, Wanhu Lord unleashed a furious bellow, and his Eternal origin poured into Yang Feng as if water that broke through a dike.

Yang Feng said coldly: "You won't get a chance!"

After more than a dozen breaths of time, Wanhu Lord turned into dust that drifted away with a gust of wind.

"Wanhu Lord has fallen!"

"Who is that guy?"

"How strong!"

"What is his origin?"

"..."

The spectating Eternal Sovereigns looked at Yang Feng in shock.

Although Wanhu Lord isn't a fearsome being on the level of the three big shots of Feixing Firmament, but he is still a famous character in Feixing Firmament and has killed more than five Eternal Sovereigns. Yet such a frightening powerhouse was killed by Yang Feng. He was killed so easily, to boot. This shocked everyone.

Along with flashes of light, the Eternal Sovereigns gathered here disappear one after another. They don't dare to provoke Yang Feng.

Yang Feng extended his hand, and black rune chains appeared and pulled a blade engraved with countless abstruse runes, emanating terrifying fluctuations of power towards his hand.

This blade is Wanhu Lord's Tiger Grudge Blade, a fearsome Eternal grade treasure.

"It actually has three Eternal Sovereigns sealed! Wanhu Lord's seal art is pretty good!"

Yang Feng's eyes flashed with satisfaction. He pointed with his finger, and countless mechanical threads extended from his finger and stabbed into the Tiger Grudge Blade.

All of a sudden, runes appeared, and three Eternal Sovereigns flew out from Tiger Grudge Blade.

A devour black hole emerge, swept towards the three Eternal Sovereigns, drew them inside, and devoured their Eternal origin.

Mechanical threads extend from the Xi Shen Armor, wrapped around the Tiger Grudge Blade, and directly devoured it.

Ripples broke out in the void, and a terrifying bear paw fell from the sky and blasted towards Yang Feng.

Yang Feng's complexion changed slightly, and he unleashed the Devour Heavenly Art and threw a punch barreling towards the bear paw.

Boom!

A terrible rift opened in the void. Yang Feng slammed into the earth, spat out blood, and cracks appeared all over his body.

"For you to receive my attack and not die, you have some skill, you lowly thing. However, since you dared to kill a beast Eternal Sovereign, I will seal you on an execution platform!"

A spirit mountain emerged in the void. On the mountain, there sits a bear. It is Nine Direbear, one of the three big shots of Feixing Firmament.

In front of Nine Direbear, there are a tiger, a leopard, and an ape Eternal Sovereigns. They are Eternal Sovereigns subordinated to Nine Direbear.

Nine Direbear looked at Yang Feng, his eyes full of killing intent.

"Nine Direbear!"

"One of the three big shots of Feixing Firmament!"

"That human is screwed!"

“Nine Direbear likes to torture humans the most! That human Eternal Sovereign is done for!”

“...”

When some Eternal Sovereigns who have yet to leave the area saw this, their eyes flashed with excitement. They stopped, hid in an alternate space, and cast secret methods to pry at everything here.

“One of the big shots of Feixing Firmament! Interesting! Let me see what skill you have!”

Yang Feng’s eyes shimmered coldly, and the Xi Shen Armor broke out with countless runes. Countless devour runes appeared around him and formed a set of rune armor.

Yang Feng beckoned with his hand, and a halberd containing Eternal force appeared. A torrent of time surrounded him, and he flew towards Nine Direbear at a terrifying speed.

“Brazen! You lowly human, you dare attack the lord! Go to hell!”

The eyes of the Eternal Sovereign with a tiger head and a humanoid body flashed viciously, and he drew the White Tiger Blade, appeared in front of Yang Feng along with a blur, and unleashed a blade strike.

A white tiger emanating Eternal realm aura appeared and sent a claw containing flying might shooting towards Yang Feng.

“Scram!”

Yang Feng brandished the halberd, and a black halberd ray slammed into the white tiger, sliced it into pieces, and then slashed the White Tiger Blade.

Boom!

Along with an earth-shaking blare, the tiger head Eternal Sovereign was blasted tens of thousands of kilometers away and sprayed out a large amount of blood.

“Stand down! I’ll deal with him!!”

With a sold glimmer in his eyes, Nine Direbear waved his hand, and a black ray entered the execution platforms.

The 23 execution platforms shone and broke out with countless runes.

Eternal Sovereign projections emerged from the execution platforms one after another.

The 23 Eternal Sovereign projections intertwined with each other, merged into one, and formed a 10,000 meter tall monstrous being with dragon horns, ogre horns, spikes, 23 pairs of eyes, wings, and tails.

The monstrous being formed from the 23 Eternal Sovereign projections radiated a twisting force field. It took a step, appeared in front of Yang Feng, and sent a claw barreling towards him.

Dragon force, ogre force, evil god force, giant force, and other kinds of Eternal force, mixed together with boundless grudge force, condensed into one and barreled towards Yang Feng.

Yang Feng slashed the claw of the monstrous being with his halberd, and a terrible force broke out and blasted him thousands of kilometers away, and blood trickled out from the corners of his mouth.

“Amazing! Sure enough, 4th layer Eternal Sovereigns aren’t simple!”

Yang Feng’s eyes flickered with a solemn shade, and he spoke thusly.

“Lowly human, you will become the 24th prey of my execution platforms! You’ll become a part of the execution platform monster!”

On the mountain, Nine Direbear revealed a tyrannical and cruel smile in his eyes.

The execution platform monster is one of the trump cards of Nine Direbear, and it possesses 4th layer Eternal realm combat power. If Nine Direbear and the execution platform beast work together, they can even contend against a 5th layer Eternal Sovereign.

Yang Feng smiled and said, “I’m not so sure about that! You are the one who is going to die!”

“Capture him!”

Nine Direbear’s face sank, and he ordered the execution platform monster.

The mountain shone with countless runes. In a flash, it appeared in front of Yang Feng.

The execution platform monster’s eyes flickered with a ferocious shade, and it sent a claw containing 23 kinds of Eternal force shooting towards Yang Feng.

“The execution platform monster’s combat power is impressive. It’s comparable to a 4th layer Eternal Sovereign. But its main body is this mountain! In other words, as long as this mountain is destroyed, the execution platform monster will naturally collapse!”

With a calm look on his face, Yang Feng pointed with a finger, and a torrent of time and a torrent of fate emerged and locked this space-time.

In the distance, Ling opened her eyes, and the Devastator Cannon of the level-8 stronghold behind her glimmered and fired a beam barreling towards the mountain.

“Damn it!”

Nine Direbear’s complexion changed dramatically. He waved his hand, and an Eternal grade treasure, Black Tortoise Shield, flew out.

Lights shone, and a 10,000 kilometer long black tortoise emerged in the void and conjured a black tortoise barrier blocking in front of the mountain.

When the Devastator Cannon beam slammed into the black tortoise barrier, it easily ran through the black tortoise barrier, and then slammed into the mountain.

In an instant, the barriers of the mountain collapsed, and the mountain was swallowed by Devastator Cannon beam.

“No!”

Nine Direbear's heart-wrenching roar came from the mountain.

The 23 execution platforms collapsed, and 23 Eternal Sovereigns flew out of the execution platforms, and then were swallowed by the Devastator Cannon beam.

The fierce execution platform monster collapsed directly and disappeared.

Chapter 1449: Devouring a Big Shot

"You damned human! You lowly thing should die!"

A crazy roar sounded, and Nine Direbear charged out of the Devastator Cannon beam.

When Nine Direbear charged out of the Devastator Cannon beam, two of his nine heads were smashed. But the rest of his body was unharmed. With a ferocious gleam in his eyes, he opened his mouth, and a black beam shot towards Ling.

Located far away, Ling clenched her teeth, waved her fair hand, and activated a powerful defensive barrier.

When the black beam fired by Nine Direbear hit the defensive barrier, it crushed the barrier, and then slammed into the level-8 stronghold.

The black beam blasted the Devastator Cannon apart, and then blasted a large hole into the level-8 stronghold.

The Devastator Cannon is one of Yang Feng's trump cards. It is incredibly powerful. A shot from it is comparable to a full strength attack from a 7th layer Eternal Sovereign. However, it has many flaws. It takes 10 minutes to charge. Furthermore, once a shot is fired, the offensive and defensive power of the level-8 stronghold will drop sharply. Otherwise, it would be absolutely impossible for Nine Direbear to deal Ling's level-8 stronghold serious damage with one strike.

Yang Feng's figure fluttered, and he appeared in front of Nine Direbear with a flash, launched the Devour Heavenly Art, and unleashed a halberd strike slashing towards the other party.

"You lowly thing! Go to hell!"

Nine Direbear's eyes shimmered viciously, and he sent a bear paw slapping towards Yang Feng.

Boom!

Two powerful forces collided, and Nine Direbear spewed a mouthful of blood and was blasted thousands of kilometers away.

"How is this possible?"

"Nine Direbear, one of Feixing Firmament's three big shots, was blasted away by an attack from that human Eternal Sovereign!"

"What terrible strength!"

"..."

The spectating Eternal Sovereigns were stunned, unable to believe their eyes. Nine Direbear is an Eternal Sovereign famous for his physical strength. In fact, he is regarded as the No. 1 expert of Feixing Firmament in terms of physical strength.

“What audacity!”

With a ferocious gleam in his eyes, Nine Direbear broke out with numerous runes, shrank until he was 10 meters tall, and radiated black light.

Nine Direbear took a step forward, and all kinds of visions such as the extinction of all things and the collapse of suns, moons, and star emerged behind him.

“Devour Heavenly Spike!”

A river of time appeared in the void. Yang Feng emerged from the river of time, a cold look in his eyes. He frantically extracted his Eternal force, and a 10,000 kilometers Devour Heavenly Spike condensed, ran through the past, present, and future, and stabbed towards Nine Direbear.

“Splitting the Heavens Palm!”

Nine Direbear’s eyes flickered fiercely. He madly stimulated his Eternal force, and countless bear projections appeared, fused together, and formed a 10,000 meter tall bear paw that extended towards the Devour Heavenly Spike with terrifying might.

When the Devour Heavenly Spike collided with the giant bear paw, it run through the bear paw, and then stabbed into Nine Direbear and blasted him towards the ground.

The remnant power of the Splitting the Heavens Palm hit Yang Feng, as well. Cracks appeared on his body, and a large amount of blood spilled.

“It’s a draw!”

“With his 3rd layer Eternal realm cultivation base, he’s actually able to contend against the 4th layer Eternal realm Nine Direbear! That’s incredible!”

“...”

The eyes of the spectating Eternal Sovereigns shimmered with an enigmatic shade.

In Eternal World, it is common sense that a 3rd layer Eternal Sovereign can’t contend against a 4th layer Eternal Sovereign. Yet Yang Feng was able to fight Nine Direbear to a draw. That’s simply incredible.

A blur emerged from the earth, and the Lance of the Ruler stabbed towards Nine Direbear. That blur is Ying

“No!”

After the exchange, Nine Direbear and Yang Feng were both in a weakened state. Caught off guard, Nine Direbear was hit by Ying’s attack and had his heart pierced.

Seal runes formed from shadow force diffused inside Nine Direbear and sealed his power.

“Go to hell!”

A torrent of time appeared in front of Nine Direbear. With a cold look in his eyes, Yang Feng walked out of the torrent of time, slashed Nine Direbear with his halberd, and sliced him into countless pieces.

A devour black hole appeared at once, swallowed Nine Direbear, and frenziedly devoured his Eternal origin.

“Human! You lowly, despicable thing! You dare to kill me! You won’t get away with it!”

In the devour black hole, Nine Direbear unleashed a series of scream. As his Eternal origin poured out in torrents, he trembled continuously, and then turned into ashes that scattered with a gust of wind.

“Dead!!”

“It turns out that he was still hiding a card!”

“Damn it!”

“...”

The spectating Eternal Sovereigns gazed at Yang Feng with the shade of unwillingness in their eyes.

In the eyes of these Eternal Sovereigns, if Yang Feng and Nine Direbear fought to a draw or even died together, that would be for the best. In this way, they could be the third party that benefits.

Ripples surged in the void, and a mirror appeared behind Yang Feng. An invisible dagger ejected out from the mirror and stabbed towards Yang Feng.

Almost at the same time, a black arrow shrouded with a torrent of fate ejected out from dark clouds and locked on Yang Feng.

A red true dragon emanating 1st layer Eternal realm aura appeared out of the blue and sent a claw containing true dragon fire barreling towards Yang Feng.

A green flower emerged from the earth and bloomed. In the middle of the flower, there are three suns suspended. Fearsome sunlight shone, dispersed the shadows around Ying, and formed a seal barrier that sealed her inside.

The four Eternal Sovereigns joined hands and launched a deadly attack at a time when Yang Feng was in a weakened state.

If Yang Feng was in his peak condition, the four Eternal Sovereigns wouldn’t have dared to attack him. But since he fought Nine Direbear and suffered damage, these people surged with killing intent.

“When the snipe and the clam quarrel, the fisherman benefits! I also like this kind of thing the most. It’s a shame, but my injuries are not as serious as they appear. This is a trap I set up for fools like you.”

Yang Feng smiled icily. All of a sudden, he turned around and grabbed the hand of the person in the mirror, and then pulled out a peerless beauty with silver hair from the mirror.

A devour black hole emerged and swallowed the silver-haired beauty.

The silver-haired beauty released miserable screams at once, “No! Don’t kill me! I am the wife of Shadow Lord! If you kill me, Shadow Lord won’t let you get away with it!”

Countless rays of devour black light swept towards the silver-haired beauty, and she shriveled, turned into ashes, and disappeared.

“Scram!”

Yang Feng slapped the black arrow with his palm and smashed it to pieces.

“An Eternal realm true dragon! Your bloodline is of great use to me! Please die!”

Yang Feng extended his hand towards the sky, and a black demonic claw appeared and grabbed the true dragon. Terrifying devour force broke out, extracted the true dragon’s bloodline, and turned it into a blood bead that fell into Yang Feng’s hand.

A devour black hole emerged, swallowed the true dragon, and devoured his Eternal origin.

In the dark clouds in the distance, along with a flash of black light, a figure combusted Eternal origin, turned into a black thread, and disappeared into the horizon.

The three suns on the green flower flew out and shot towards Yang Feng and Ying.

Boom!

The three suns detonated in an instant, and terrifying sunfire swallowed Yang Feng and Ying.

The green flower grew a pair of blue wings, and then flapped its wings, combusted Eternal origin, broke out with green storms, and flew into the distance.

“Since one has escaped, you can die here instead of him!”

A cold voice came from the sunfire, and devour black light surged and devoured the terrifying energy that was released when the three suns exploded.

Yang Feng walked out of the sunfire, looked at the green flower, and extended his hand.

A strange claw suddenly ejected out from a river of time, grabbed the green flower, and crushed the defensive barriers of the green flower.

“Don’t kill me! I’ll do anything you want!”

The green flower radiated green light and turned into a devastatingly beautiful woman with long green hair, wearing in a leaf armor and a garland on the head. The devastatingly beautiful woman pleaded with Yang Feng pitifully.

“Die!”

Yang Feng squeezed his hand hard, an expressionless look on his face.

The demonic claw squashed the devastatingly beautiful woman wearing a garland.

A devour black hole emerged, surged towards the devastatingly beautiful woman with a garland, drew her inside, and devoured her Eternal origin.

Eternal Origin Stones appeared, and a huge amount of Eternal origin force flowed into Yang Feng.

“Who else wants to die?”

Yang Feng looked at the Eternal Sovereigns in the void with frigid eyes. Where his gaze passed, the Eternal Sovereigns felt their blood run cold, and then turned into streams of light and fled into the distance.

Yang Feng extended his hand, grabbed the Sun Origin Tree, and threw it into the great world inside him. Then his figure fluttered, and he turned into a stream of light and flew towards Ling located in the distance.

Chapter 1450: Advanced to a 4th Layer Eternal Sovereign

“You dare to follow me! Go to hell!”

Yang Feng flew for a while. All of a sudden, a torrent of time appeared around him, and he disappeared. He appeared in a void in a flash and extended his hand towards the void.

“Stop! I just looked at you!”

Hidden in the void, a large tree with a human face emerged, brandished its vines to form a barrier, and shouted thusly.

“Since you used a spell to spy on me, you deserve to die!”

With a cold look in his eyes, Yang Feng stabbed the human face tree with a hand, and countless devour runes surged.

The vines of the human face tree wilted continuously. As if going through tofu, Yang Feng’s right hand pierced into the human face tree. Countless devour runes erupted and pervaded tree Eternal Sovereign.

“No! Human! Spare...”

With a terrified look on its face, the tree Eternal Sovereign roared wildly, trembled, and turned into ashes that drifted away with a gust of wind.

Yang Feng grabbed the treasures hidden in the body of the tree Eternal Sovereign and threw them into the great world inside him. Then his eyes flashed like lightning, and he looked at the void.

The Eternal Sovereigns with bad intentions cast secret methods and escaped in different direction for fear that Yang Feng would find an excuse to kill them, as well.

Yang Feng heaved a sigh of relief. In a flash, he appeared next to Ling, collected her and the level-8 stronghold, and then blurred and disappeared.

Killing so many Eternal Sovereigns in succession took a huge toll on Yang Feng. However, Yang Feng’s ferocious actions shocked the Eternal Sovereigns who were getting restless and made them give up on following him.

Not long after Yang Feng disappeared, seven Eternal Sovereigns appeared in the place where Ling stayed before.

“He ran away!”

“Damn it. He was pretending to be in a good condition. If we had taken action, we would have been able to deal with him.”

“What a pity!”

“...”

The seven Eternal Sovereigns looked at the place where Yang Feng disappeared with regret in their eyes.

These Eternal Sovereigns were scared of Yang Feng’s ferocious actions just now and ran away. However, they are all smart people. They soon recovered their composure and guessed that Yang Feng wasn’t lightly injured. They came back to chase after Yang Feng, but it was too late.

All of a sudden, the earth split open, and a black bead appeared, burst apart, and released black light sweeping towards the seven Eternal Sovereigns.

The complexion of the seven Eternal Sovereigns changed dramatically, and they cast spells and conjured defensive barriers.

When the black light collided with the defensive barriers, it strangely integrated into the barriers and left a mark on the seven Eternal Sovereigns.

“This is a tracking mark!”

“How ruthless!”

“It Looks like he will come after us once he recovers!”

“...”

The seven Eternal Sovereigns looked at the mark on them, and their eyes flashed with astonishment and anger. They guessed Yang Feng’s intentions, and a chill inadvertently ran down their spine.

Once Yang Feng recovers his full strength, then he can surely kill the seven Eternal Sovereigns.

Regret welled up inside the seven Eternal Sovereigns.

Time elapsed and ten days passed in a flash.

In a cave, Yang Feng slowly opened his eyes, and his eyes shone. Vast and perfect Eternal aura slowly diffused from him.

“After devouring the Eternal origin of so many Eternal Sovereigns, I have finally met the conditions to attack the 4th layer Eternal realm! It can start now!”

Yang Feng’s eyes flashed with a sharp shade. He broke out with countless runes and diffused a terrifying aura.

The life origin energy of the whole secret realm was drawn and channeled towards Yang Feng, forming a huge whirlpool in the sky.

“Someone is advancing!”

“How can he advance in such a place?”

“There isn’t enough life origin energy here! It’s much harder to advance in here than in the outside world! It takes a lot of resources!”

“ ... ”

Eternal Sovereigns looked this way, filled with envy, jealousy, and puzzlement.

The best way to advance to the next realm for Eternal Sovereigns is naturally to do it in the outside world. Although the concentration of life origin energy in this secret realm is high, but the amount is far less than in domains of Eternal World.

Anyway, for an Eternal Sovereign to advance to the next realm, it is enough to make other Eternal Sovereigns to be envious.

A beam flew out of the whirlpool and landed on Yang Feng, and then was instantly devoured by him.

“Not enough! This amount of energy isn’t enough! The total energy of this secret realm is far from the level of a universe or domain!”

Yang Feng’s eyes flashed. He pointed with his hand, and the Sun Origin Tree flew out.

Sun Origin Tree fruits flew out and entered Yang Feng’s mouth.

When the Sun Origin Tree fruits entered Yang Feng’s mouth, as if he has consumed suns, tremendous currents of heat flowed in his body and became nutrients for his advancement.

After the 10 Sun Origin Tree fruits were devoured and refined by Yang Feng, they were transformed into the most pure Eternal origin.

Thanks to the Devour Heavenly Art, the Eternal origin of the Eternal Sovereigns Yang Feng devoured was transformed into Eternal origin belonging to him.

Cracks appeared on Yang Feng’s body. In the end, his body shattered.

Countless mysterious Eternal lines appeared, intertwined with each other, and then formed a formidable Eternal body.

4th layer Eternal realm aura slowly diffused from the perfect Eternal body.

In the world of Warlocks.

Yang Feng’s Eternal imprint emerged abruptly and distorted.

The universe energies within hundreds of millions of kilometers surged crazily and flowed into the Eternal imprint, making the Eternal imprint more powerful and terrifying.

“His majesty Feng Eternal Sovereign has advanced!”

“He advanced again!!”

“He became more powerful!”

“ ... ”

In the world of Warlocks, when the Holies and Emphyreans sensed the changes in the universe, their eyes flashed with a solemn color.

“He advanced! With this advancement, he should have become a 4th layer Eternal Sovereign! What a monster!”

Primal Chaos Mother Spider sensed the changes in the universe, and her beautiful eyes flickered with astonishment.

As a first generation life form of the world of Warlocks, Primal Chaos Mother Spider has experienced the Eternal Sovereign age. In the Eternal Sovereign age, none of the Eternal Sovereigns of the world of Warlocks had ever advanced to the 4th layer Eternal realm.

From the moment Yang Feng advanced to the 4th layer Eternal realm, he became the strongest being in the history of the world of Warlocks.

After the Eternal imprint absorbed enough universe energies and laws, it glimmered, and then entered the deepest part of the universe and disappeared.

In the secret realm.

“4th layer Eternal realm! Sure enough, it’s a fearsome transformation!”

Yang Feng opened his eyes and sensed the Eternal force surging inside him, and the corners of his mouth rose into a smile.

“Now I can fight over the core treasures of Skystar Lord!”

Yang Feng’s eyes flashed with an enigmatic shade. His figure fluttered, and he turned into a stream of light and disappeared.

In the middle of Skystar Secret Realm, there is huge ancient city.

Above the huge ancient city, there are 36,572 stars suspended.

Starlight fell from these stars and shone on the ancient city, forming a strong starlight barrier.

The 36,572 stars are not ordinary stars, but are equivalent to the 36 primary material planes of the world of Warlocks and possess formidable star force and origin will.

Back in the day, Skystar Lord was a first-rate figure of Feixing Firmament who has seized 36,572 stars, fought with countless strong enemies, and even suppressed seven 8th layer Eternal Sovereigns.

At this time, more than 200 Eternal Sovereigns have gathered before the huge ancient city.

The more than 200 Eternal Sovereigns cast all kinds powerful secret methods and hurled attacks at the star barrier of the ancient city.

If Skystar Lord was alive, the more than 200 Eternal Sovereigns would stand no chance against the star barrier of the ancient city.

But despite how powerful Skystar Lord was, he has already died. The defensive power of the ancient city he left behind can be said to be incredible. But it can’t withstand the siege of more than 200 Eternal

Sovereigns. Cracks continuously appeared on the star barrier and healed. But as time passed, it took longer for the cracks to heal.

Ripples surged, and Yang Feng appeared outside the star barrier of the ancient city.

“The human!”

“Not good!”

“...”

When the seven Eternal Sovereigns saw Yang Feng, their expression changed dramatically, and they cast secret methods, turned into streams of light, and flew into the distance.

“You want to escape? It’s too late! Go to hell!”

With a frigid smile on his face, Yang Feng shrouded in a torrent of time appeared in front of an Eternal Sovereign with a deer head and human body, unleashed a punch, and smashed the other party. A devour black hole appeared and swallowed the deer head Eternal Sovereign.

After an Eternal Sovereign was instakilled, the speed of the other six Eternal Sovereigns increased by a fraction.

“None of you can escape! You shall all die here!”

With a ferocious gleam in his eyes, Yang Feng took a step and split into six figures that appeared in front of the six Eternal Sovereigns in a flash and unleashed a punch barreling towards the six Eternal Sovereigns respectively.

The complexion of the six Eternal Sovereigns changed greatly, and they cast secret methods and conjured defensive barriers to block in front of them.

“Human, why are you trying to kill us! By killing Eternal Sovereigns for no reason, aren’t you afraid of triggering a public outrage?”

An Eternal Sovereign with a dragon head and human body shouted sternly, a look of shock and anger on his face.

“Since you guys dared to chase after me, you have to die here today!”

Two terrifying devour black holes appeared and drew in two Eternal Sovereigns at once. The six figures merged back into one, and Yang Feng’s icy voice rose, filled with endless killing intent.
