

## MGE 1451

### Chapter 1451: Star Tower

When the Eternal Sovereigns gathered here saw Yang Feng suddenly slay three Eternal Sovereigns, their eyes flashed with a queer shade, and hostility aimed at him rose inside them.

However, after hearing Yang Feng's words, the spectating Eternal Sovereigns stayed silent and quietly watched from the sidelines, and the hostility inside them dissipated.

Yang Feng's figure fluttered, and he split into four figures that unleashed a punch barreling towards the remaining four Eternal Sovereigns.

"We have never attacked you!"

The dragon head Eternal Sovereign bellowed indignantly, and then cast a defensive secret method and resisted Yang Feng's attack with all his might.

"You guys have quite the gall. You followed me while I was injured. For this, you all deserve to die!"

A torrent of time emerged in the void and swept towards the four Eternal Sovereigns, and space-time twisted and formed a strange space.

After more than a dozen breaths of time, the twisted space disappeared. Yang Feng walked out of that space, a devour black hole behind him. The four Eternal Sovereigns struggled in the devour black hole and unleashed miserable screams.

"How vicious!"

"That human is really vicious!"

"So he's the human who killed Nine Direbear!"

"He's the one who killed Nine Direbear!"

"..."

Among the spectating Eternal Sovereigns, quite a few have seen what Yang Feng's capable of. Their will surged in the void, filled with apprehension.

The gazes of Morningstar Lord and Shadow Lord of the three big shots of Feixing Firmament fell on Yang Feng.

"I am Shadow Lord. Sir, who are you?"

Along with flashes of black light, Shadow Lord silently crossed thousands of kilometers, moved to in front of Yang Feng in a blink, and asked coldly.

Yang Feng replied lightly: "I am Feng Eternal Sovereign!"

Shadow Lord spoke in a voice full of frigid murderous intent: "Feng Eternal Sovereign. There is no enmity between I and sir, so why did you kill my wife?"

“She tried to assassinate me! Naturally, she had to die! Shadow Lord, since you came to me, I’ll send you on your way and let you reunite with your wife!”

With a flash of killing intent in his eyes, Yang Feng broke out with countless runes, and a twisting river of time appeared around him. He took a step, crossed the river of time, appeared in front of Shadow Lord in a flash, and sent a hand shooting towards the other party.

“Feng Eternal Sovereign, you killed my wife and now you want to kill me! Great! Great! I will definitely kill you!”

Shadow Lord smiled icily and let Yang Feng’s hand strike him.

At this moment, Shadow Lord disintegrated into countless pieces and disappeared.

A black figure appeared, and then exploded, turned into shadow rays, and disappeared.

“He escaped? This Shadow Lord is really troublesome!”

Upon seeing this, Yang Feng raised his eyebrows, and his eyes flickered with a solemn shade.

After he advanced to the 4th layer Eternal realm, Yang Feng’s strength has undergone earth shaking changes. Shadow Lord is a 4th layer Eternal Sovereign. Yang Feng originally intended to launch a surprise attack and quell the other party.

However, Shadow Lord was very decisive. He disappeared and hid in the shadows. Despite how strong Yang Feng is, he can’t grasp vestiges of Shadow Lord.

“Feng Eternal Sovereign is screwed!”

“Although Shadow Lord is weak in frontal battle, but he is the No. 1 assassin of Feixing Firmament!”

“Even a 5th layer Eternal Sovereign has died at the hands of Shadow Lord!”

“...”

Eternal Sovereign wills reverberate in the void. Many Eternal Sovereigns looked at Yang Feng with schadenfreude.

Among the three big shots of Feixing Firmament, Shadow Lord is not the strongest one, but in terms of assassination skills, he is rated as No. 1 in Feixing Firmament. He once assassinated a 5th layer Eternal Sovereign from another intermediate firmament. Among the three big shots, he is feared the most.

Morningstar Lord took a deep look at Yang Feng, and his eyes showed the shade of schadenfreude.

Yang Feng smiled indifferently and paid no attention to the gazes of the Eternal Sovereigns. His figure fluttered, and he appeared beside the ancient city’s star barrier.

Yang Feng pointed with a finger, and countless mechanical threads stabbed into the star barrier and began to analyze its structure.

“Begin structural analysis! Obstructed by higher Eternal force! Unable to continue the analysis!”

A piece of information was transmitted back by the mechanical threads.

Yang Feng's eyes flashed with the shade of regret: "Sure enough, a barrier set up by an 8th layer Eternal Sovereign is impossible to analyze!"

"Since it's impossible to analyze, then let's crack it by force!"

There was a cold flash in Yang Feng's eyes. The Xi Shen Armor shone, and he pressed his hand against the star barrier.

Terrible devour force shrouded the star barrier. From the star barrier, an endless amount of star force poured into Yang Feng.

Yang Feng willed, and the tremendous star force was channeled into the great world in his body and condensed into stars.

Since the star barrier was being besieged by more than 200 Eternal Sovereigns, it was already strained. Now that Yang Feng devoured a large amount of star force, it could no longer sustain itself and finally collapsed.

Boom!! Boom!!

The star above the ancient city dimmed and turned into meteors barreling towards the Eternal Sovereigns.

"Screw off!"

The Eternal Sovereigns bellowed and crushed the stars above the ancient city one after another.

"Go!"

Along with flashes of light, the Eternal Sovereign flew towards the ancient city.

Yang Feng's figure swayed slightly, and he flew towards the ancient city.

Some weaker Eternal Sovereigns flew to the side palaces of the ancient city, while the Eternal Sovereigns at the 3rd layer Eternal realm and higher flew to the core area of the ancient city.

In the center of the ancient city, there is a 1,000 meter tall star tower shrouded with countless starlight and engraved with countless mysterious runes.

At the entrance of the star tower, there are two giant stone carvings with large swords.

"This is the palace of Skystar Lord! Trespassers shall be killed!"

Starlight appeared on the giant stone carvings, and they opened their eyes, emanated 5th layer Eternal realm fluctuations of power, and slashed with their swords, a cold gleam in their eyes.

Two sword rays containing fearsome starlight surged and slayed two Eternal Sovereigns in an instant.

"5th layer Eternal realm!"

"They are 5th layer Eternal realm star golems!"

"Damn it! These are 5th layer Eternal realm star golems!"

“...”

The Eternal Sovereigns unleashed startled cries and scattered like birds, not daring to contend against the two star golems.

“Everyone, don’t be alarmed! They are only two golems. If we work together, we can defeat even a 7th layer Eternal Sovereign! These two star golems can’t stop us!”

Morningstar Lord barked and pointed with his hand, and starlight condensed to form spear of stars that crossed the void and flew towards the star golems.

The rest of the Eternal Sovereigns unleashed their offensive secret methods and hurled attacks at the star golems from afar.

A variety of Empyrean and Holy realm direbeasts, golems, and secret treasures emerged and became cannon fodder blocking the two star golems.

The two star golems swung their large swords, unleashed starling starlight, and slayed one Eternal Sovereign after another.

But no matter how ferocious the two star golems were, they still couldn’t resist the siege of more than 100 Eternal Sovereigns, and they broke bit by bit.

The two star golems were supposed to be able absorb the city’s star force to mend the damage. But since star force of the ancient city was already severed by secret methods cast by the Eternal Sovereigns, they were unable to absorb star force and mend the damage. As such, they continued to weaken.

Boom!

Along with an earth shaking blare, a star golem was blown to pieces, and its star core was destroyed.

The other star golem persisted for another quarter of an hour before it was destroyed, as well.

Although the two star golems were destroyed, but of the more than 100 Eternal Sovereigns, only more than 40 remained.

Yang Feng glanced at the remains of the two star golems, an enigmatic shade in his eyes: “Sure enough, unless you advance to the 9th layer Eternal realm, human wave attacks are still effective.”

After dividing up the remains of the two star golems, the gazes of the remaining Eternal Sovereigns focused on the star tower.

“Open!”

The eyes of a giant Eternal Sovereign with a height of 10,000 meters flickered ferociously, and he walked up to the star tower and slammed the giant wolf tooth club in his hands into the gate of the star tower.

Boom!

Along with earth shaking noise, the door of the star tower was smashed and a huge crack appeared.

Following flashes of light, the Eternal Sovereigns flew into the star tower.

As soon as Yang Feng entered the star tower, he was teleported to an empty hall with various rare minerals.

“Not bad!”

Yang Feng’s eyes flashed with the shade of satisfaction. He extended his hand, and the countless rare minerals in the hall flew into his hand.

“This direction!”

After he collected all the treasures in the hall, Yang Feng pointed with his hand, and strands of fate force intertwined and formed an arrow to guide him.

Yang Feng walked along the direction pointed out by the arrow and cleaned out all the treasures he came across.

After crossing several spaces, a huge palace shrouded by starlight suddenly appeared in front of Yang Feng.

In the center of the huge palace, there is a platform. On the platform, there are four crystals, each of which is shining brightly.

#### Chapter 1452: Sealing Big Shots

With a flash of excitement in his eyes, Yang Feng extended his hand, and a large hand appeared and extended towards the four crystals.

Starlight emerged around the four crystals and formed a powerful star barrier. When the large hand Yang Feng unleashed collided with the star barrier, starlight glimmered, and the large hand was crushed.

At the same time, ripples rose on the star barrier, and the star barrier became somewhat blurred.

Despite how powerful the star barrier is, it is difficult for it to resist the attacks of Eternal realm powerhouses.

Morningstar Lord appeared without warning next to Yang Feng and surged with dazzling starlight. Surrounded by starlight, the Eternal grade secret treasure, Starslayer Sword, emerged unexpectedly and slashed towards Yang Feng along with terrifying killing intent.

In an instant, 365 star projections appeared.

The 365 star projections glimmered, and starlight appeared and formed star chains that suppressed the void.

14 Eternal Sovereigns flew out from behind Morningstar Lord, cast all kinds of offensive secret methods, and hurled attacks at Yang Feng.

When faced with a surprise attack unleashed by Morningstar Lord and his 14 subordinates, even a 5th layer Eternal Sovereign will be seriously injured or even killed.

“A month ago, this kind of offensive might still have dealt me serious damage! But I have already advanced to the 4th Eternal realm! Now go to hell!”

Yang Feng's eyes shimmered with a frigid shade. The Xi Shen Armor glimmered with countless runes, and countless devour runes appeared and formed devour black holes around him.

Yang Feng unleashed a punch, and devour black light surged and crushed stars one after another.

As if they had a life of their own, the devour black holes suspended around Yang Feng devoured the attacks of the 14 Eternal Sovereigns.

In an instant, Yang Feng stepped out of the siege of Morningstar Lord and company, arrived in front of two Eternal Sovereigns, and twisted the heads of the two.

Two devour black holes surged, drew the two Eternal Sovereigns inside, and madly devoured their Eternal origin.

"Stop!"

Morningstar Lord's eyes shot with blood and flickered with a fierce shade. He unleashed countless rays of starlight, appeared in front of Yang Feng in a flash, and unleashed a sword strike slashing towards Yang Feng.

"Screw off!"

Yang Feng's eyes flashed ferociously. He punched the Starslayer Sword, and a boundless force erupted and blew the Starslayer Sword away together with Morningstar Lord.

At this time, the other 12 Eternal Sovereigns cast various offensive secret methods and frenziedly attacked Yang Feng.

The devour black holes surged and devoured a large portion of the attacks of the 12 Eternal Sovereigns. Several Eternal Sovereign attacks slammed into Yang Feng.

The Xi Shen Armor glimmered, broke out with devour runes, and devoured the Eternal Sovereign attacks. Only 10% of the power of the attacks hit Yang Feng.

"Go to hell!"

Killing intent surged in his eyes, and Yang Feng rushed into the midst of the 12 Eternal Sovereigns, cast various powerful offensive secret methods, and unleashed attacks barreling towards the 12 Eternal Sovereigns.

Yang Feng blasted apart and devoured the Eternal Sovereigns one after another.

Among these Eternal Sovereigns, only Morningstar Lord can withstand Yang Feng's attacks. But every time he flew over, he was blown away by Yang Feng's punch.

Working his way from weakest to strongest, Yang Feng blew to pieces and devoured the Eternal Sovereigns subordinated to Morningstar Lord.

As he watched the Eternal Sovereigns subordinated to him die, Morningstar Lord eyes widened from anger, and he shouted: "Shadow Lord, if you don't step in, then I will take my people and leave this place immediately! The opportunities in this place will be left to Feng Eternal Sovereign!"

In an instant, a shadow appeared behind Yang Feng, silently turned into a dagger, and stabbing at Yang Feng's heart.

At this moment, Ying emerged from the shadow behind Yang Feng and stabbed at Shadow Lord with the Lance of the Ruler.

A lance and dagger intertwined as the two most formidable Eternal Sovereign assassins faced each other.

A terrible force erupted, and Ying was blasted away. She slammed into a wall of the palace. Cracks appeared on her body, and blood spilled.

With the support of large amounts of resources provided by Yang Feng, Ying has already evolved to the 2nd layer Eternal realm. But she's still not on the same level as the 4th layer Eternal realm Shadow Lord. All she could do was block Shadow Lord's attack.

"Shadow Lord, you finally came out to die! I was waiting for you! I won't be able to be at ease if you don't die!"

A fierce color streaked across Yang Feng's eyes. All of a sudden, a boundless torrent of time emerged, swept the void, and locked time.

When he was swept by the torrent of time, Shadow Lord looked like he was in slow motion.

Yang Feng extended his hand towards Shadow Lord, and his hand broke out with countless devour runes.

There was a vicious flash in Morningstar Lord's eyes, and he brandished the Starslayer Sword. The Starslayer Sword surged with endless starlight and stabbed towards Yang Feng.

The remaining six Eternal Sovereigns also unleashed various offensive secret methods and attacked Yang Feng.

If Yang Feng insists on killing Shadow Lord, he will be killed by the joint attack of Morningstar Lord and them.

Nevertheless, Yang Feng's hand continued to shoot towards Shadow Lord.

"You want to kill me? You don't have the skill to do that!"

Shadow Lord spoke in an icy voice, and an Eternal grade secret treasure, Shadow Bead, emanated twisting aura appeared.

Endless shadow force emerged from the Shadow Bead and formed a shadow barrier with 36 layers.

The Shadow Bead is an Eternal grade treasure that Shadow Lord made from the remains of a 9th layer Eternal Sovereign who walked the shadow path just like him. It possesses infinite power and has saved Shadow Lord who knows how many times.

When Yang Feng's hand stabbed into the shadow barrier with 36 layers, layers of twisting shadows shrouded his right hand and contended against his devour force, forcibly blocking his hand.

The Starslayer Sword in Morningstar Lord's hand pierced through a body protection black hole and stabbed Yang Feng in the back, and lodged into his body, and tremendous star force surged and turned into countless seal runes that filled Yang Feng's body.

The attacks of the six Eternal Sovereigns hit Yang Feng in an instant, causing him to spit out blood.

"No! You will be the one sealed today!"

As blood flowed from the corners of his mouth, Yang Feng showed a strange smile.

Ling emerged from the void and brandished the Whip of the Ruler, and the Whip of the Ruler blasted the head of Shadow Lord apart.

Terrible force broke out and shattered the Shadow Lord's body.

A devour black hole emerged and directly swallowed Shadow Lord together with the Shadow Bead.

"No! Don't seal me! Kill me!"

Countless seal runes appeared. Under Shadow Lord's horrified gaze, he was cut and sealed.

"It's your turn!"

After sealing Shadow Long, Yang Feng turned around and slammed his hands into two Eternal Sovereigns, and the two Eternal Sovereigns disintegrated. Seal runes appeared and sealed the two Eternal Sovereigns.

"Withdraw!"

Morningstar Lord glanced at the four crystals with a reluctant shade in his eyes, and then flew towards the outside decisively.

The figures of the other four Eternal Sovereigns fluttered, and they turned into four streams of light and escaped towards the outside.

"Everyone else can escape! But you, Morningstar Lord, you must die!"

With an icy look in his eyes, Yang Feng trod on a torrent of time, appeared in front of the Morningstar Lord in one step, and unleashed a punch, and various visions such as stars, moons, suns collapsing and time reversing appeared and shot towards Morningstar Lord.

"Feng Eternal Sovereign, since you're being so overbearing, then let's die together!"

With a ferocious gleam in his eyes, Morningstar Lord bellowed, broke out with star runes, and madly combusted his Eternal origin and channeled it into the Starslayer Sword.

"Die together? You're a step too slow!"

Yang Feng smiled coldly and pointed with his hand, and a torrent of time surged towards Morningstar Lord.

Morningstar Lord trembled as time distorted and fell into chaos for a split second.

"Die!"

At this moment, Yang Feng appeared in front of Morningstar Lord and stabbed his hand into the other party's body, and countless runes erupted and began to seal the other party.

Morningstar Lord shouted, a look of fear in his eyes, "Stop! Let me go! Feng Eternal Sovereign! I was wrong! As long as you let me go, I will give you all my treasures!"

"No need! I'll take the treasures of you guys of Feixing Firmament myself!"

Yang Feng's eyes shimmered coldly. Countless runes fluttered and turned into seal runes that wrapped around Morningstar Lord.

Morningstar Lord trembled, and then shrunk and turned into a sphere of light that fell into Yang Feng's hand.

"Fortunately I have advanced to the 4th layer Eternal realm. Otherwise, this battle would have been troublesome! If I wasn't careful, I would have died at the hands of Morningstar Lord and Shadow Lord. However, this battle came with great harvest! Ying, this is for you!"

Yang Feng raised the corners of his mouth and flicked his finger, and the Eternal grade secret treasure, Shadow Bead, turned into a stream of light, and flew into Ying's hand.

"Thank you, lord!"

With an ecstatic look on her face, Ying grabbed the Shadow Bead and swallowed it.

Countless mysterious shadow runes appeared on Ying, making her aura rise and become more and more powerful.

The direction of Ying's evolution is that of assassination and shadow. The Shadow Bead is a most suitable treasure for her. Now that she got the Shadow Bead, her strength will be greatly upgraded.

#### Chapter 1453: Big Shots Fall

Ling stood quietly aside and watched this scene with envy.

Among the several Kings of Rulers, Ling has always been the favorite of Yang Feng. She consumed the most natural resources, and her combat power was far higher than that of other Kings of Rulers.

But once Ying completely refines the Shadow Bead, her strength will undergo shocking changes, and she will leap into the 4th layer Eternal realm or higher.

Yang Feng turned around and returned to the palace. After he unleashed several attacks in a row, the barrier around the four crystals collapsed, and he seized the crystals.

A crystal directly cracked, and an Eternal heavenly art, Skystar Heavenly Art, appeared in Yang Feng's sea of knowledge.

"What a wonderful Eternal heavenly art! This is an Eternal heavenly art that can be cultivated to the 8th layer Eternal realm. Unfortunately, much like Ge Taili's Eternal heavenly art, there is a method hidden in this Eternal heavenly art that can enable Skystar Lord to resurrect!"

Yang Feng's eyes lit up and revealed the color of excitement.

The more and more powerful Eternal heavenly arts he collects, the better Yang Feng can deduce his own Eternal heavenly art.

“What is this?”

Yang Feng grabbed a crystal and scanned it with his tremendous soul force, yet he didn’t get any information.

Ling looked at this crystal, and her beautiful eyes flickered with excitement, “Lord, please give me this crystal! This crystal can allow me to evolve again!”

Yang Feng smiled and threw the crystal to Ling: “Okay! This is yours!”

Ling is the King of Rulers under Yang Feng with the greatest potential. Although she doesn’t know what the crystal is, but by relying on her evolution instinct, she felt that it is great for her evolution.

With the shade of joy in her eyes, Ling firmly held the crystal in her hand, yet she didn’t refine it immediately.

Since there are still many Eternal Sovereigns in Skystar Lord’s relic site, Ling must preserve her perfect condition.

Ying is determined to surpass Ling. When she obtained the Shadow Bead, she integrated it into her body in the first moments. Anyway, she can use the power of the Shadow Bead at will.

Mechanical threads emerged from Yang Feng’s hand, wound around a crystal, and fused with it.

A sense of satisfaction transmitted from the Xi Shen Armor.

Yang Feng smiled and held the last crystal in his hand.

The crystal glimmered, and a set of dimensional coordinates entered Yang Feng’s sea of knowledge.

“Dimensional coordinates? This is the coordinates of another universe. It seems that Skystar Lord wanted to shed the domain’s shackles and engrave his Eternal imprint in another universe. This should be the universe he found for himself.”

Yang Feng looked at the set of dimensional coordinates and mused.

The Eternal imprint engraved in Eternal World’s domain can enable the Eternal Sovereigns use the power of a domain to better protect the domain. But once the domain is broken, they will be at the mercy of other Eternal Sovereigns.

If the Eternal imprint is placed in another universe, unless an Eternal Sovereign King steps in, there is no way to truly kill an Eternal Sovereign.

Some 9th layer Eternal Sovereigns can mobilize the power of the universe in their universe to contend against even Eternal Sovereign King realm powerhouses.

“Feng Eternal Sovereign!”

A 3rd layer Eternal Sovereign with an octopus head and dragon body appeared on the star tower, and then his countenance changed greatly.

“You’re out of luck! Go to hell!”

Yang Feng took a step, appeared in front of the Eternal Sovereign in a flash, unleashed a punch, blasted the other party apart, and devoured him.

With a cold flash in his eyes, Yang Feng’s figure fluttered, and he disappeared. He began to hunt the Eternal Sovereigns of Feixing Firmament in the star tower.

These Eternal Sovereigns are mobile treasuries. By devouring them, Yang Feng can continue to evolve rapidly.

Seven days later.

Feixing Firmament, Shadow Domain.

“Break!”

Along with a surge of ripples, Yang Feng emerged from the void and waved his hand, and a huge interstellar fleet appeared.

A rain of beams shot towards the stars outside Shadow Domain.

Huge explosions rang incessantly and stars fell like rain.

Yang Feng took a step and arrived above the Shadow Shrine in the center of Shadow Domain.

Yang Feng extended his hand, countless runes glimmered, and Shadow Lord was unsealed and appeared in front of him.

“Shadow Domain! No! Feng Eternal Sovereign, don’t kill me! I will make a oath and serve you! Don’t kill me! I’m a top assassin and can kill 5th layer Eternal Sovereigns! Don’t kill me! I implore you!”

When Shadow Lord appeared, he scanned with his tremendous soul force, his face drained of blood, and he begged.

“If I kill you, I can get a stronger and more loyal assassin!”

Yang Feng smiled coldly and stabbed his hand into Shadow Lord.

Countless runes shone, and Yang Feng pulled out an Eternal imprint from Shadow Lord and crushed it directly.

“No!”

Shadow Lord screamed miserably, and then his eyes turned dull, and he died.

Ying jumped out from a shadow behind Yang Feng.

Yang Feng pointed with his hand, and Shadow Lord’s Eternal true spirit flowed into Ying.

The whole Feixing Firmament trembled slightly, an Eternal star fell in the sky, idols of Shadow Lord in many domains collapsed, and the countless believers of Shadow Lord surged with fear and sorrow welled and lost their extraordinary force.

“Shadow Lord has fallen!”

“It was Feng Eternal Sovereign!”

“What a ferocious Eternal Sovereign!”

“It’s the Feng Eternal Sovereign who killed more than 60% of Eternal Sovereigns of our Feixing Firmament in Sky Star Lord’s secret realm!”

“...”

There was a flash of horror in the eyes of the Eternal Sovereigns of Feixing Firmament. Even in the Ten Sacred Firmaments, the three big shots of Feixing Firmament, who are 4th layer Eternal Sovereigns, can become elders of many great forces. The fall of such a powerhouse shocked the whole Feixing Firmament.

In Shadow Domain, a black ray flew towards the outside.

“Want to escape? You should dies, as well!”

With an cold look in his eyes, Yang Feng took a step, appeared in front of the black ray, and stabbed the figure in the black ray with his hand.

“Stop! Give me a way to survive! I will agree to any demand you have!”

The beautiful eyes of Shadow Lord’s wife revealed a wretched shade, and she shrieked.

With an expressionless look on his face, Yang Feng dug out an Eternal imprint and crushed it.

An Eternal true spirit flowed into Ying.

A devour black hole surged, drew the body of Shadow Lord’s wife inside, and devoured her life origin.

Yang Feng scanned Shadow Domain with his tremendous soul force. When he ascertained that there are no other Eternal Sovereigns in this place, he pointed with his hand, and a huge fleet appeared. A swarm of battle robots gushed out like a tide and rooted out the remaining forces of Shadow Lord.

Yang Feng extended his hand, and his hand evolved into a giant hand, stabbed into the Shadow Shrines, dug out Shadow Lord’s treasury, and tossed in into his great world.

“It’s time to go to the next place!”

Yang Feng’s eyes flickered with an enigmatic shade, and he blurred, turned into specks of light, and disappeared.

Morningstar Domain.

Countless stars fell.

A swarm of battle robots fought with the armies of Morningstar Domain.

Yang Feng stabbed his hand into Morningstar Lord and dug out the other party’s Eternal imprint.

Morningstar Lord's eyes shimmered with fear, and he shouted, "Stop! Feng Eternal Sovereign, I am a member of the Star Alliance! If you kill me, the Star Alliance won't let you get away with it!"

"Star Alliance? If they come and provoke me, I will destroy them! And make them become stepping stones on my Eternal path!"

Yang Feng crushed Morningstar Lord's Eternal imprint with an expressionless look on his face.

Countless mysterious runes appeared and sealed Morningstar Lord's Eternal true spirit and Eternal imprint.

A star fell, blood rained down from the sky, and idols collapsed. Visions appeared in Feixing Firmament once more.

"Morningstar Lord has fallen!"

"How could this be?"

"Feng Eternal Sovereign took down Morningstar Lord!"

"..."

When they saw the visions representing the death of Morningstar Lord, a chill welled up inside the Eternal Sovereigns of Feixing Firmament.

Bear Domain.

"Feng Eternal Sovereign is really vicious! He's even more vicious than me! If he tries to kill me in Bear Domain, then what do I do?"

Nine Direbear watched the visions in the star sky representing the death of an Eternal Sovereign, and a chill ran down his spine.

In addition to the two big shots, the Eternal Sovereigns who competed with Yang Feng for opportunities and failed were also killed mercilessly, and their Eternal true spirits were devoured.

The domains of these Eternal Sovereigns were plundered by Yang Feng, as well.

Wherever Yang Feng's mechanical army passed, Eternal Sovereigns trembled in their boots and closed theirs domains, not daring to oppose Yang Feng.

After plundering a large portion of Feixing Firmament's resources in a short time, Yang Feng disappeared from Feixing Firmament with his mechanical army.

Cangzhi Plane.

In a huge laboratory, Yang Feng stepped forward, appeared in the laboratory, and said faintly: "Xingji!"

"Greetings, lord!"

Along with flashes of starlight, Xingji appeared in front of Yang Feng, and her beautiful eyes glimmered.

"I came to bestow you power and let you advance to the Eternal realm!"

Yang Feng smiled and flicked his finger, and a Kunmo Stone flew into Xingji's hand.

In Eternal World, Kunmo Stone is a precious resource for refining Eternal grade secret treasures. Yang Feng found three Kunmo Stones in the treasuries of Morningstar Lord and Shadow Lord.

Chapter 1454: Three Kings of Rulers Advance

"Thank you, lord!"

There was a flash of ecstasy in Xingji's eyes. Ripples surged, and a huge level-7 stronghold appeared directly. Her figure fluttered, and she jumped into the level-7 stronghold.

The level-7 stronghold glimmered, surged with runes, and began to evolve into a level-8 stronghold.

Yang Feng waved his hand, and countless resources plundered from Eternal World flew out and poured into the level-7 stronghold.

A mysterious rune slowly appeared in the level-7 stronghold.

Countless lights shone, and the level-7 stronghold began to evolve slowly.

Time elapsed and three years passed quickly.

Yang Feng looked at the level-8 stronghold forming slowly with a peculiar shade in his eye and waved his hand, and the sealed Eternal true spirit and Eternal origin of Morningstar Lord flowed into the level-8 stronghold.

The level-8 stronghold absorbed the Eternal true spirit and Eternal origin of Morningstar Lord, and then burst out with bright light.

Within hundreds of millions of light-years of the Cangzhi Plane, energy storms surged, and a terrifying energy whirlpool appeared above the level-8 stronghold.

"His majesty Feng Eternal Sovereign has refined another Eternal grade treasure!"

"I see!"

"..."

When the Holies and Empyreans sensed the fearsome energy whirlpool appear above the headquarters of Devour Imperial Court, they were very calm.

"Thank you for granting me power, lord!"

The level-8 stronghold opened, and Xingji walked out of the level-8 stronghold and knelt on one knee in front of Yang Feng, her beautiful eyes shining brightly.

Yang Feng glanced at Xingji, a satisfied glimmer in his eyes: "Great! You're now comparable to a 4th layer Eternal Sovereign! It was worth it to spend so much resources to cultivate you!"

Feixing Firmament is an intermediate firmament and has countless precious resources. Yang Feng not only gave Xingji the Eternal true spirit and Eternal origin of Morningstar Lord, but also gave her

countless natural resources. Only then was she able to evolve into a 4th layer Eternal realm being in one go.

“Now it’s their turn!”

Teleportation light enveloped Yang Feng and sent him to a huge laboratory.

In the huge laboratory, there is a level-8 stronghold as dark as ink, looking like it’s shrouded in shadows.

Yang Feng pointed with his hand, and fearsome Eternal soul force flowed into the level-8 stronghold.

The level-8 stronghold glimmered, and a rune appeared on it.

Within hundreds of millions of light-years, terrible energy storms have been set off again, forming a huge energy whirlpool.

“His majesty Feng Eternal Sovereign has refined another Eternal grade treasure!”

“Eternal grade treasure! They will soon become as common as cabbage!”

“...”

On the magic network, human Warlocks chatted with each other, no longer wondering at such a thing.

The other race powerhouses were silent, as if a mountain was pressing against their chest.

Every time Yang Feng refines an Eternal grade treasure, it means that the human race has gained another reserve in the world of Warlocks. If Yang Feng dies one day, the Eternal grade treasures he will leave behind will be enough for the human race to have a foothold in the world of Warlocks and even proclaim itself as the hegemon.

Black light shone, and the level-8 stronghold shrouded in shadows opened.

With a smile on her lips, Ying dressed in a black evening dress walked out of the level-8 stronghold with elegant steps, knelt in front of Yang Feng, and said respectfully: “Greetings, lord!”

Yang Feng took a look at Ying and showed a satisfied smile: “Pretty good! Your strength has reached the 4th layer Eternal realm!”

Along with a surge of ripples, Xingji appeared beside Yang Feng and emanated 4th layer Eternal realm might, silently displaying her strength to Ying.

After Ying got up, she smiled sweetly and said: “Lord, please allow me to advance to the 5th layer Eternal realm!”

Yang Feng responded: “Okay!”

Ying smiled, her beautiful eyes glimmered, and a bead appeared on her forehead.

Boundless Eternal fluctuations spread to the entire universe.

Outer layer of a 3rd grade plane, within a divine country, Shadow Divine Country.

A black light fell down from the sky, landed in the Shadow Divine Country, and condensed into Ying's figure, and then walked towards the Master of Shadows in the center of the Shadow Divine Country.

Countless shadow assassins jumped out of the shadows and stabbed at Ying with daggers.

"Die!"

Ying pointed with her hand, and the essence of shadows surged. The many shadow assassins have just gotten close to her, when they shattered into pure divine force that flowed into her body.

"Who are you? Why have you come to my Shadow Divine Country?"

Shadow light flashed, and the Master of Shadows wearing a gray robe and holding a dagger emerged from the void, stared at Ying, and spoke coldly.

Ying responded with a bright smile: "I'm naturally here to kill you and extract your shadow origin! From today on, there will be only one person in the universe who grasps shadow origin and that is me!"

"What great confidence! Since you dared to barge into my Shadow Divine Country, go to hell!"

The Master of Shadows suddenly smiled strangely. A shadow emerged from behind Ying, integrated with a dagger, and stabbed at Ying's heart.

The Master of Shadows is a strong divine force rank powerhouse. In the Shadow Divine Country, he can kill even a Warlock Monarch rank powerhouse.

"It's no use! After all, I'm an Eternal realm powerhouse!"

Ying smiled and let the Master of Shadows stab her with a dagger, and then lightly touched the other party's forehead with her hand.

The face of the Master of Shadows flashed with horror, and he trembled and collapsed into powder

Almost at the same time, Ying appeared in different Shadow Divine Countries, killed the respective Gods of Shadows, and absorbed their law of shadows.

When the last God of Shadows of the world of Warlocks died, an energy storm surged within hundreds of thousands of light-years of Cangzhi Plane and turned into a beam that flowed into Ying.

Ying's aura rose in an instant, and she made a breakthrough and advanced to the 5th layer Eternal realm.

Xingji's pretty face sank slightly when she saw this, and she snorted coldly and stayed silent.

Ying smiled brightly and tried to provoke Xingji. All of a sudden, her eye constricted, and she looked to a side.

In the world of Warlocks, within hundreds of millions of light-years, terrible storms rose and turned into a resplendent energy beam that flowed into Ling's stronghold.

"His majesty has refined another Eternal grade treasure!"

"This is an Eternal grade treasure advancing!"

“Settle down! This is no longer anything strange!”

“...”

On the magic network, human Warlocks teased each other.

One day, two days, ten days, one year, ten years!

Energy storms raged in the entire universe for ten years. During that period, the energy beam never stopped to flow into Ling’s level-8 stronghold.

Yang Feng stood in front of Ling’s level-8 stronghold and silently threw all kinds of resources plundered from Eternal World towards the stronghold.

Ten years later, the whirlpool of energy shrouding Cangzhi Plane finally dissipated.

“It finally disappeared!”

“It’s been ten years! This vision has lasted ten years! It’s really incredible!”

“This Eternal grade treasure has surpassed all other treasures!!”

“...”

On the magic network, human Warlocks talked excitedly.

Primal Chaos Mother Spider looked at the dissipating energy whirlpool and said with a wry smile: “It’s really hopeless!”

Ordinary Eternal grade treasures can trigger visions that only last a few days. But the vision Ling triggered during her advancement lasted ten years. Her power is beyond the imagination of other powerhouses.

In the laboratory, the level-8 stronghold opened, a burst of mist emerged, and the valiant Ling walked out of the level-8 stronghold, a domineering gleam in her pretty eyes. She smiled charmingly at Yang Feng and uttered, “Greetings, lord!”

“6th layer Devour Heavenly Art, deduction complete!”

A notification welled up in Yang Feng’s sea of knowledge, and the Devour Heavenly Art’s cultivation secret methods and crucial points emerged.

After her advancement, Ling’s computing power has undergone earth-shaking changes. At this time, even if the computing power of Ying, Xingji, and Ziji are added together, it’s still far from being a match to Ling’s computing power.

After absorbing the mysterious crystal, Ling’s evolution has exceeded Yang Feng’s imagination.

Yang Feng’s eyes flashed with the shade of satisfaction: “The Eternal heavenly art has already been deduced. Now I only lack resources! As long as there are enough resources, I can advance to the 6th layer Eternal realm!”

Bear Domain.

Along with a flash of ripples, a huge interstellar fleet suddenly appeared outside Bear Domain, and beams slammed into the stars in Bear Domain's outer space and blasted them to pieces.

"Feng Eternal Sovereign, you dare come to my territory and act wildly! Do you want to die here?"

Nine Direbear's projection followed 26 beast Eternal Sovereign projections appeared in the void.

The Eternal Sovereign projections looked at Yang Feng standing in front of the fleet with wary in their eyes.

When Yang Feng was sweeping Feixing Firmament, in order to be on the safe side, he let Nine Direbear be.

Due to his wary of Yang Feng, Nine Direbear recruited other beast Eternal Sovereigns, and thus the number of his subordinates and allies swelled up to 26.

Yang Feng glanced at the 27 Eternal Sovereigns and sneered, "Nine Direbear, you can still submit. Otherwise, you will all die!"

Nine Direbear smiled frigidly and replied in provocation, "The one who is going to die is you! If you have the guts, then come into Bear Domain and fight us!"

Chapter 1455: Sweeping Bear Domain

"OK! I'll enter your Bear Domain and kill you!"

Yang Feng's eyes flickered with killing intent, and he pointed with his hand.

Strands of starlight force surged in the outer space, pulled stars from the sky, and dropped them towards Bear Domain.

This is a supreme secret method for destroying a domain, Falling Stars.

When the stars fall into Bear Domain, all its intelligent life forms will be killed.

"Feng Eternal Sovereign, that's really impressive!"

With a ferocious flash in his eyes, a black tortoise broke out with countless runes and drew the power of Bear Domain's mountains, and the tortoise shell on his back flew out and formed a huge shield.

A huge green snake 10,000 meters in length belched green beams that swallowed one star after another.

Eternal Sovereigns cast offensive secret methods, launched attacks at the sky, and destroyed the stars one after another.

"Lord, I will go kill them!"

With a fierce flash her eyes, Ling turned into a stream of light, flew into Bear Domain, and whipped the black tortoise's shell with the Whip of the Ruler.

Boom!

Along with a shocking blare, the shell on the back of the black tortoise collapsed, and then the Whip of the Ruler blasted the black tortoise apart.

The Whip of the Ruler swept the fragments of black tortoise, forcefully extracted his Eternal imprint, and crushed it.

“No!”

With a flash of despair in his eyes, the black tortoise issued a miserable scream, and then turned into a corpse.

A star fell, blood poured down from the sky, all living things became sad, and other visions appeared in Feixing Firmament.

“An Eternal has fallen!”

“This is Feng Eternal Sovereign’s doing!”

“He is attacking Bear Domain!”

“That’s a domain of a 4th layer Eternal realm powerhouse! He’s actually attacking such a place!”

“Inside Bear Domain, Nine Direbear can contend against even 6th layer Eternal Sovereigns. To dare attack Bear Domain, he’s courting death!”

“...”

The visions representing the death of an Eternal Sovereigns attracted the attention of countless powerhouses of Feixing Firmament. The Eternal Sovereigns cast various secret methods to spy on the goings on in Bear Domain from across domains.

“Curses! Go ahead, kill her!”

When Nine Direbear saw the black tortoise die, he became furious and bellowed.

The 25 Eternal Sovereigns cast offensive secret methods and lunged attacks at Ling.

Ling’s eyes turned cold. Ripples surged in the void, and 12 Ruler Saints appeared abruptly.

Countless mysterious runes shone, and the 12 Ruler Saints broke out with 4th layer Eternal realm aura and attacked the 25 Eternal Sovereigns.

“4th layer Eternal Sovereigns! How can this be? How come there are so many 4th layer Eternal Sovereigns?!”

With the flash of a sword ray, the eyes of the green snake with a horn shimmered with horror, and he was sliced into countless pieces.

The Whip of the Ruler surged, pulled out an Eternal imprint from the green snake with a horn, and crashed it, and then surged with devour runes and devoured the Eternal imprint.

Under the attacks of Ling and the 12 Ruler Saints, the enemy Eternal Sovereigns were blasted apart one after another.

“Feng Eternal Sovereign, you damned thing!”

Nine Direbear howled and took out a white bone scepter, a ferocious glimmer in his eyes.

When the white bone scepter appeared, the power of the whole Bear Domain converged here.

At the Bear Shrine, the earth cracked, and a 100,000 kilometers tall bear skeleton with a domineering aura appeared.

The bear skeleton emanated 7th layer Eternal realm fluctuations of power.

The bear skeleton is a treasure Nine Direbear obtained during an adventure. It is the complete skeleton of a 7th layer Eternal realm skybear. This is Nine Direbear’s final trump card.

In order to maintain the Eternal force of the 7th layer Eternal realm skybear skeleton, Nine Direbear has to spend a large number of Eternal Origin Stones every year.

30% of Bear Domain’s output is absorbed by the bear skeleton every year to maintain its Eternal spirit.

“So this is your trump card! It’s pretty good! Unfortunately, you yourself are too weak! Go to hell!”

A torrent of time appeared in front of Nine Direbear, and Yang Feng emerged from the torrent of time, cast the Devour Heavenly Art, and sent a fist barreling towards Nine Direbear, a fierce gleam in his eyes.

Countless devour runes emerged and condensed into a fearsome spike that barreled towards Nine Direbear.

Although the 7th layer Eternal realm bear skeleton is extremely powerful, but it is only a skeleton after all. It has a limited supply of 7th layer power and is fairly slow.

“Nine Dire Millstone!”

Nine Direbear’s eyes glimmered, and he extracted the power of the entire Bear Domain and unleashed a punch.

Nine tyrannical bear projections appeared abruptly, integrated into one, and formed an unmatched bear that suppressed the world.

With a tyrannical flicker in its eyes, the 10,000 meter tall, unmatched bear formed from the power of an entire domain swung its paw at Yang Feng.

Along with an earth-shaking blare, the unmatched bear formed from the power of an entire domain was pierced by the Devour Heavenly Art’s Devour Heavenly Spike.

The unmatched bear issued an earth-shaking roar, blurred, and exploded directly.

The terrible explosion spread in all directions and blasted Yang Feng and Nine Direbear away.

“Ha-ha! Feng Eternal Sovereign, you can’t kill me in Bear Domain!”

With a carefree shade in his eyes, Nine Direbear spat out blood and laughed uproariously. Eternal force surged inside him and healed his injuries in an instant.

Although Nine Direbear is a 4th layer Eternal Sovereign. But in his domain, even 6th layer Eternal Sovereigns can't kill him.

Yang Feng raised the corners of his mouth into a mocking smile, "Really? It's a pity! But you're going to die!"

When he saw this, an indistinct premonition welled up inside Nine Direbear.

A string of afterimages flashed. Almost in an instant, the Lance of the Ruler pierced through Nine Direbear's magic shields and stabbed him in the heart.

Countless shadow runes appeared, pervaded Nine Direbear, and eroded him.

"Nine Direbear, you dare speak to my lord disrespectfully! Go to hell!"

Standing behind Nine Direbear, the gorgeous Ying smiled and spoke thusly.

"No!"

There was a flash of despair in the eyes of Nine Direbear, and he roared and swung his paws towards Ying.

As long as he launches the 7th layer Eternal realm bear skeleton, Nine Direbear may be able to defeat Yang Feng and his mechanical legion. But all his hopes were pierced by Ying's spear.

Yang Feng appeared in front of Nine Direbear in a blink of an eye, stabbed his hand into the other party's body, and pulled out an Eternal imprint.

"Feng Eternal Sovereign, don't kill me! Spare me! I will serve you! I will submit to you and serve you! Spare me!"

When Nine Direbear saw his Eternal imprint being pulled out, his eyes flickered with despair, and he howled.

"Everyone else can live! But you must die!"

Yang Feng's eyes flashed with a murderous intent, and he sneered and crushed Nine Direbear's Eternal imprint.

"No!"

With a glimmer of despair in his eyes, Nine Direbear unleashed a scream, and then his eyes glazed over, and he turned into a corpse.

"If you submit and swear to serve me forever, then I'll spare you!"

Yang Feng looked at the Eternal Sovereigns fighting Ling and uttered icily.

Now that Nine Direbear has fallen, faced against Ling and Yang Feng, these Eternal Sovereigns will surely be wiped out. However, if the dozen plus Eternal Sovereigns are backed into a corner, if they combust their Eternal imprint and launch a shocking attack, they can make Yang Feng eat great losses.

“You killed our lord, invaded our domain, and now you want us to submit and serve you, you’re delusion! I’ll take you down with me!”

With a vicious gleam in his eyes, a monkey Eternal Sovereign began to combust his Eternal imprint, and vast force filled his body.

“You’re a step too late!”

Accompanied by a melodic laughter, the Lance of the Ruler stabbed the monkey Eternal Sovereigns in the heart, and countless shadow runes appeared and sealed the Eternal force of the monkey Eternal Sovereign.

The Whip of the Ruler emerged abruptly, whipped the head of the monkey Eternal Sovereign, blasted him apart, and then pulled out his Eternal imprint and crushed it.

“I, Feimang Lord, wish to surrender!”

“...”

Upon seeing the monkey 2nd layer Eternal Sovereign fall, the eyes of the remaining 14 Eternal Sovereigns flickered with fear. They hesitated for a moment, and then chose to surrender.

Among the 14 Eternal Sovereigns, there are Eternal Sovereigns who don’t belong to Bear Domain. After they are killed here, they are worried that Yang Feng will go their domains and truly kill them.

Chapter 1456: Infiltration

“Eternal Sovereigns of Feixing Firmament, the great Feng Eternal Sovereign will hold a 1,000th birthday banquet. Prepare to celebrate the birthday of the great Feng Eternal Sovereign. Otherwise, you will be killed! Right, remember to bring your treasures and present your three most precious treasures during the birthday celebration! Within 100,000 years, there won’t be a second birthday celebration!”

A lion-like Eternal Sovereign shouted, and terrifying sound waves spread in all directions.

“Birthday celebration? Feng Eternal Sovereign is asking us for resources!”

“What should I do? If I don’t go, I’m afraid I will be trampled!”

“Now that the three big shots, Nine Direbear, Morningstar Lord, and Shadow Lord, have died, no one in Feixing Firmament can contend against him!”

“Nine Direbear had hidden in Bear Domain, yet he was still slayed by Feng Eternal Sovereign. We can’t fight him.”

“Fortunately, it’s only once in 100,000 years! It’s still bearable.”

“...”

Powerful Eternal wills reverberate in Feixing Firmament. In the end, helplessness welled up inside the Eternal Sovereigns.

A few days later, Yang Feng held a grand birthday banquet in Bear Domain.

The Eternal Sovereigns of Feixing Firmament attended the birthday banquet and offered the most precious treasures they had.

After plundering resources of Feixing Firmament under the guise of a birthday banquet, Yang Feng left the Eternal Sovereigns of Feixing Firmament that submitted to him in Feixing Firmament, and then left Feixing Firmament with Ling and his main forces.

“So this is the firmament crystal wall of Boda Sacred Firmament!”

One month later, at the junction of the greater firmament, Guangshen Firmament, and Boda Sacred Firmament, Yang Feng looked at the bright firmament crystal wall in the distance with shock in his eyes.

Boda Sacred Firmament is located above Guangshen Firmament, and the firmament crystal wall separating the two is incomparably bright. Every piece of the firmament crystal wall emits Eternal aura.

Yang Feng’s eyes flashed with a solemn color, and he said in a deep voice: “Magic Note Lord, can you crack this firmament crystal wall?”

By relying on the shuttle refined by Magic Note Lord, Yang Feng passed through one firmament crystal wall after another and finally arrived in front of the firmament crystal wall of Boda Sacred Firmament.

Magic Note Lord replied straightforwardly: “I’m not sure! After all, this is a sacred firmament crystal wall! Only 9th layer Eternal Sovereigns can enter this firmament crystal wall with their body. Apart from that, you must have a special shuttle or secret treasure. My alchemy hasn’t reached that level yet. If I study here for hundreds of thousands of years, maybe I will be able to refine a shuttle that can cross this firmament crystal wall.”

The firmament crystal walls of the Ten Sacred Firmaments are a precipice that has trapped countless prodigies. Many Eternal Sovereigns who desire to enter the Ten Sacred Firmaments to cultivate and seek a path leading to the Eternal Sovereign King realm were blocked by these firmament crystal walls.

In Eternal World, any place can cultivate 9th layer Eternal Sovereigns. However, to advance to the Eternal Sovereign King realm, or the legendary Eternal Sovereign God Emperor realm, only the Ten Sacred Firmaments contain the opportunities to achieve that.

“It seems that we can only take our time!”

Yang Feng frowned and disappeared.

Guangshen Firmament, Xuanguang Domain, in the rear garden of a luxury villa.

Ripples surged, and Moonflower Fairy walked out of the void and arrived next to Yang Feng: “Lord!”

Yang Feng asked indifferently, “What about the thing I entrusted you to do?”

Moonflower Fairy responded: “Lord, in Guangshen Firmament, only a single force, Brilliance of Xuanguang, has the qualifications to enter Boda Sacred Firmament. In a month, the young master of the Brilliance of Xuanguang will return to Boda Sacred Firmament with 300 Eternal Sovereign servants.”

In fact, the Brilliance of Xuanguang is a large force of Boda Sacred Firmament. The Brilliance of Xuanguang in Guangshen Firmament is only one of its branches.

Yang Feng's eyes flashed with an enigmatic shade, and he said slowly: "300 Eternal Sovereign servants! In the Ten Sacred Firmaments, Eternal Sovereigns are common, while Empyrean can be seen everywhere!"

Each Eternal Sovereign is a peerless prodigy and a terrifying being of a universe. However, the Xuanguang Young Master has 300 Eternal Sovereign servants. That is simply outrageous.

Yang Feng uttered flatly, "Then proceed to the next step!"

Moonflower Fairy replied respectfully, "Yes, lord!"

Xuanguang Domain's No. 1 brothel — Fragrant Moon Brothel.

In the Fragrant Moon Brothel, there are countless dashing men and beautiful women. With enough Eternal Origin Stones and Eternal Origin Energy Pools, you can spend a wonderful night even with Eternal realm dashing men and beautiful women.

Moonflower Fairy strode into Fragrant Moon Brothel, and 1st layer Eternal realm fluctuations of power diffused from her.

In an instant, two 2nd layer Eternal realm auras welled up inside the Fragrant Moon Brothel and locked on Moonflower Fairy.

Along with a flash of ripples, a burly, handsome man with blond hair and blue eyes emerged in the Fragrant Moon Brothel and asked with a light smile, "Younger sister, I'm Owen. What brings you to the Fragrant Moon Brothel?"

Moonflower Fairy smiled sweetly and tossed tens of thousands of Eternal Origin Stones towards Owen: "Hello, Owen! I am Bilin. I came to meet sir Luoda. I wish to become one of the 300 Eternal Sovereign servants of Xuanguang Young Master and enter Boda Sacred Firmament."

Owen's eyes flashed with an enigmatic shade, and he invited: "Please come in and wait a moment."

Moonflower Fairy smiled calmly, walked into the Fragrant Moon Brothel, and went to a room.

Not long after, a handsome young man with blond hair, a dragon horn on the head, a proud expression, and a black cloak walked into the room, sat opposite of Moonflower Fairy, and uttered, a flash of derision in his eyes, "Bilin, I heard you want to be one of the servants of our young master and enter Boda Sacred Firmament!"

Moonflower Fairy smiled and flicked her finger, and a space ring flew into Luoda's hand: "That's right. Please help me, sir Luoda. This is a level-4 Eternal Origin Energy Pool. Please accept it."

Eternal Origin Energy Pools are divided into levels. A level-1 Eternal origin Energy Pool can enable a 1st layer Eternal Sovereign to be reborn. While a level-9 Eternal Origin Energy Pool can enable a 9th layer Eternal Sovereign to be reborn.

The level-4 Eternal Origin Energy Pool is a treasure Yang Feng refined after he plundered Feixing Firmament. He only has three such pools.

"Level-4 Eternal Origin Energy Pool!"

Luoda's eyes flashed. He is only a 3rd layer Eternal Sovereign. With the level-4 Eternal Origin Energy Pool, he can be resurrect ten times.

Luoda put the level-4 Eternal Origin Energy Pool away, glanced at Moonflower Fairy, and said solemnly, a gleam of derision in his eyes: "Okay! I will help you talk to the young master!"

"Fool! I'm just a servant of the young master. I don't have the ability to let you become a servant of the young master."

Luoda's eyes flashed with the shade of ridicule, and he looked at Moonflower Fairy as if she were a fool.

Who knows how many Eternal Sovereigns are eager to enter Boda Sacred Firmament to look for opportunities. Back in the day, Luoda also exhausted countless resources and actively sold himself to serve Xuanguang Young Master for 100 million years. Only then did he become a servant of the Xuanguang Young Master. He naturally doesn't have the ability to make Moonflower Fairy become a servant of Xuanguang Young Master.

In an instant, along with a string of afterimages, the Lance of the Ruler stabbed Luoda like a poisonous dragon, and countless runes appeared and flowed into Luoda.

Fearsome shadow runes appeared, easily smashed Luoda's resistance, and directly sealed and suppressed him.

Along with a surge of ripple, Yang Feng appeared in front of Luoda and spread the fingers of his hand, and countless runes appeared, flowed into Luoda, and sealed him. He tossed Luoda into a jade box.

The Xi Shen Armor on Yang Feng distorted, and he directly changed into Luoda, with the same soul fluctuations.

Moonflower Fairy's eyes flickered with astonishment, "Awesome! It's exactly the same!"

As an Eternal Sovereign, Moonflower Fairy is incredibly powerful and can easily seen through many illusions and disguises. Although Yang Feng changed into Luoda right before her eyes, but in her perception, his Eternal fluctuations and soul aura are identical. It's simply unbelievable.

Ying smiled sweetly, retracted her aura, and leaped into the shadow behind Yang Feng.

"He-he! Little beauty, these resources aren't enough! Tell you what, if you become my servant for 10,000 years, I will help you become a servant of the young master."

Yang Feng suddenly smiled frivolously and uttered words full of malice.

As if a beautiful top actress, Moonflower Fairy gritted her teeth and said in reply: "10,000 years! Absolutely not! In that case, return me my Eternal Origin Energy Pool!"

Yang Feng grinned and said, "Since you don't want to accompany me, then take a hike! Otherwise, if you don't leave, you can just stay in Fragrant Moon Brothel permanently!"

"Okay! I'll go!"

With a look of unwillingness on her face, Moonflower Fairy clenched her teeth, and then got up and walked away.

“Sir Luoda, congratulations on shearing another fat sheep!”

Ripples surged, and Owen appeared in the room and spoke with a smile.

Yang Feng waved his hand, and tens of thousands of Eternal Origin Stones flowed into Owen’s hand:  
“This is yours!”

“I’ll take my leave first!”

“Good bye, sir!”

After leaving the Fragrant Moon Brothel, Yang Feng returned to the territory of the Brilliance of Xuanguang.

Although Luoda is a servant of Xuanguang Young Master, but as a 3rd layer Eternal Sovereign, he has his own palace and servants in the Brilliance of Xuanguang.

The number of Emyreans who serve Luoda alone has reached 20, and the number of Saints has reached 3,000.

As he disguised himself as Luoda, Yang Feng hid in the Brilliance of Xuanguang, studied everything about Luoda, and quietly waited for the opportunity to enter Boda Sacred Firmament.

Time elapsed and a month passed in a flash.

Yang Feng and 299 Eternal Sovereigns gathered on a square. On the square, there is a 1,000 kilometer long shuttle engraved with countless abstruse runes anchored.

Chapter 1457: A Falling out

On the huge square, there are 300 Eternal Sovereigns, 30,000 Emyreans, and 1 million Holy Spirit Warlocks.

In the domains of lesser firmaments, Holy Spirit Warlocks can become the overlords of a faction, while Emyreans can become the masters of a state. But in the Ten Sacred Firmaments, both Holies and Emyreans are just servants of major forces, low level servants, to boot.

Along with a flash of lights, a dashing young man shrouded in dazzling light, with long black hair appeared.

Behind the young man, there are two men and two women. The two men have an ogre horn on the head and a ferocious face. The two women are devastatingly beautiful.

4th layer eternal realm fluctuations of power diffused from the two men and two women. They are clearly powerhouses who can become big shots in intermediate firmaments.

Yang Feng’s eyes constricted, “So this is Xuanguang Young Master! To be able to recruit 4th layer Eternal Sovereigns, his reserves are really profound.”

A 4th layer Eternal Sovereign is fully capable of dominating a lesser firmament. Only Eternal Sovereigns of lesser firmaments who combust their Eternal imprint, only they can seriously injure a 4th layer Eternal Sovereign.

“Greetings, young master!”

The 300 Eternal Sovereigns bowed slightly and saluted Xuanguang Young Master.

The 30,000 Emphyreans and 1 million Holy Spirit Warlocks knelt on the ground and spoke respectfully.

“Depart!!”

Xuanguang Young Master walked onto a platform, glanced indifferently at the people in front of him, and then strode towards the shuttle.

Only then did Yang Feng and the others enter the shuttle.

The space inside the shuttle is extremely vast, even larger than the Earth. There are many exquisite palaces inside.

Every Eternal Sovereign can occupy a palace and rest.

Xuanguang Young Master’s personal attendants are Eternal Sovereigns. However, Luoda has followed Xuanguang Young Master for less than 1,000 years. Although he has 3rd layer Eternal realm cultivation base, but he is still not qualified to become a personal attendant of Xuanguang Young Master.

Yang Feng didn’t care and quietly cultivated in a palace.

A few days later, the shuttle came to the firmament crystal wall of Boda Sacred Firmament.

The shuttle glimmered, and an abstruse mark containing light emerged.

A hole opened in the firmament crystal wall, and the shuttle flew in.

“This is a passage mark bestowed by a 9th layer Eternal Sovereign of Boda Sacred Firmament. Without the passage mark, the shuttle basically wouldn’t be able to enter.”

Aboard the shuttle, Yang Feng quietly watched this scene, a solemn flash in his eyes.

Yang Feng originally intended to make use of the opportunity when entering Boda Sacred Firmament to find out the structure of the shuttle and refine a shuttle himself, so that he can travel freely through Eternal World.

But when he saw the passage mark, Yang Feng realized that it was impossible. Even if he made an identical shuttle, he basically wouldn’t be able to enter Boda Sacred Firmament.

After crossing the firmament crystal wall, an almost boundless star appeared in front of Yang Feng.

The almost boundless star is the body of Boda Sacred Firmament.

In addition to Boda Sacred Firmament, there are countless other stars with different clans.

The shuttle turned into a stream of light and flew into Boda Sacred Firmament.

After the shuttle flew into Boda Sacred Firmament, it stopped above a palace that extended without end.

“Xuanguang Young Master, this way please!”

A beautiful 1st layer Eternal Sovereign appeared above the palace complex and spoke with a sweet smile.

Xuanguang Young Master and his four personal attendant walked out of the shuttle and followed the beautiful 1st layer Eternal Sovereign into a palace.

The shuttle came to a port and landed.

“So this is Boda Sacred Firmament! As expected of a sacred firmament! The concentration of life origin energy is extremely high! If you cultivate in this environment, you can easily become an Empyrean!”

Yang Feng stepped out of the port and took a deep breath, and his eyes flashed.

The concentration of Boda Sacred Firmament’s life origin energy is extremely high, far beyond Yang Feng’s imagination.

The concentration of Yan Jue Firmament’s life origin energy is more than 100 times higher than that of Cangzhi Plane. The concentration of Guangshen Firmament’s life origin energy is more than 100 times higher than that of Yan Jue Firmament. The concentration of Boda Sacred Firmament’s life origin energy is 10,000 times higher than that of Guangshen Firmament.

This means that the concentration of Boda Sacred Firmament’s life origin energy is 100 million times that of Cangzhi Plane!

In the center of Devour Imperial Court’s headquarters on Cangzhi Plane, Yang Feng set up a large array that can absorb the energy of Cangzhi Plane. The concentration of energy in the array is the highest of the entire world of Warlocks. However, it’s still far from being a match to Boda Sacred Firmament in terms of concentration of life origin energy.

“No wonder Eternal Sovereigns want to enter Boda Sacred Firmament, even if they have to sell themselves into servitude! This is really a cultivation holy. There must be many great treasures here!”

Yang Feng’s eyes lit up, and he looked around. Countless Eternal Nanoparticle Robots floated away from him.

The Eternal Nanoparticle Robots were refined after Ling’s evolution. They have various marvelous functions and can easily devour all kinds of barriers.

A beautiful 4th layer Eternal Sovereign attendant of Xuanguang Young Master walked over, looked haughtily at the 300 Eternal Sovereigns, and said slowly, “Luoda, Fuzhen, Zhusan, Jiuling, Anda, the young master has summoned you guys. Follow me!”

“Yes! Young lady Xingzhu!”

Yang Feng and the other four uttered respectfully.

The beautiful 4th layer Eternal Sovereign is called Xingzhu. She not only has 4th layer Eternal realm cultivation base, but is also one of Xuanguang Young Master’s favorite women. If she is offended, even Eternal Sovereigns will be killed.

Yang Feng followed Xingzhu, passed through winding corridors, and arrived at a hall.

On the throne in the hall, there sits a peerless beauty dressed in black, with black hair, an ogre horn on the head, and a sexy figure, emanating the aura of an older sister.

“This is Kongling Mountain’s Kongling Fairy! So beautiful!”

Yang Feng’s eyes lit up when he saw the gorgeous woman on the throne in the hall.

Xuanguang Young Master entered Boda Sacred Firmament this time to ask this Kongling Fairy to marry him.

The Feiyun ogre clan is one of the top clans in Boda Sacred Firmament. It has a 9th layer Eternal Sovereign old monster overseeing it and has profound reserves. It is one of the most fearsome clans in Boda Sacred Firmament. Kongling Fairy is a main line descendant of the feiyun ogre clan.

The Kongling Mountain is a force established by Kongling Fairy. Konglin Fairy released the news that she wants to recruit a husband. Consequently, countless heroes of Boda Sacred Firmament responded instantly and came to propose marriage. Xuanguang Young Master is one of them.

“Xuanguang Young Master, are these the strongest battle servants under your command? They look like a bunch of trash! If the servants are trash, then the master is trash!”

On a side of the hall, a handsome man with long purple hair and a mysterious lightning pattern on the forehead glanced at Yang Feng and them and spoke with a cold smile.

On both sides of the hall, there are young masters of great forces of Boda Sacred Firmament who came to propose marriage sitting. They smiled coldly and watched the show quietly.

Xuanguang Young Master responded: “Leisha Young Master, we’ll only know who is trash after fighting!”

“You five, go kill them. If you kill them all, I will give you an Eternal heavenly art that can be cultivated to the 4th layer Eternal realm!”

Xuanguang Young Master pointed towards the center of the hall and uttered coldly.

In the center of the hall, there is an arena that can accommodate Eternal Sovereigns fighting.

In Eternal World, Eternal Sovereign nobles like to have their Eternal Sovereign battle servants fight and kill each other.

Most of the 300 Eternal servants under the command of Xuanguang Young Master are Eternal battle servants he trained by himself and are a fearsome combat force.

“Thank you, lord!”

The eyes of the other four Eternal Sovereigns flickered with joy, and they knelt on one knee and spoke respectfully. Only Yang Feng’s incarnation of Luoda still stood proudly in front of everyone.

“Xuanguang Young Master, I am not your battle servant! But thank you for giving me a ride and letting me enter Boda Sacred Firmament!”

Ripples surged, and Yang Feng revealed his true appearance in front of everyone and spoke indifferently.

Leisha Young Master's eyes flashed coldly, and he laughed wildly: "Ha-ha! Xuanguang Young Master, you are really trash. You didn't even know that your servant has been replaced. You are really trash, trash among trash!"

"What audacity! You dare deceive me! You should die!"

Xuanguang Young Master's eyes glowed. His gaze fell on Yang Feng, and his eyes surged with endless killing intent. He pointed with his hand, and an Eternal blade containing the power to slice everything apart appeared and slashed towards Yang Feng.

"Idiot!!"

"To sneak into Boda Sacred Firmament, what a reckless thing!"

"He's dead!"

"..."

The young masters of the great forces watched this scene with a smile, as if they were watching an entertaining play. Xuanguang Young Master is a 4th layer Eternal Sovereign! Few people can withstand his attacks!

Yang Feng smiled calmly and said, "In a rare fashion, I want to have a nice talk. Why are you being so difficult?"

Behind Xuanguang Young Master, Ying jumped out, and the Lance of the Ruler in her hands ejected out abruptly, pierced through the other party's barriers, and stabbed him.

Chapter 1458: Yanshen Clan's Divine Son

"Release the young master!"

The eyes of Xingzhu, Yuemei, and the two male Eternal Sovereigns next to Xuanguang Young Master flashed with a grave shade, and they cast offensive secret methods and attacked Yang Feng.

"Scram!"

Yang Feng broke out with countless runes, diffused overbearing aura, and unleashed two punches.

Two stars suddenly emerged, radiated divine light, shot towards Xingzhu, Yuemei, and the other two Eternal Sovereigns, and blasted them away.

Along with a flash of light, Yang Feng appeared in front of Xuanguang Young Master and grabbed him.

Things played out extremely fast. Almost in an instant, Xuanguang Young Master fell into Yang Feng's hands.

"Can we talk nicely now?"

While grabbing Xuanguang Young Master, Yang Feng smiled, looked around, and spoke domineeringly.

In the hall, the young masters and divine sons of various great forces stared at Yang Feng, and their eyes flickered with an enigmatic shade.

Xuanguang Young Master is a 5th layer Eternal Sovereign and ranks in the top 10 among the present young masters. Since Xuanguang Young Master was easily suppressed, it showed how strong Yang Feng is.

“Xuanguang Young Master, I’ll rescue you! You lowly servant, go to hell!”

With a ferocious flash in his eyes, Leisha Young Master suddenly cast the Leisha Heavenly Art.

In an instant, a fearsome world filled with endless lightning appeared behind Leisha Young Master, and thunder rumbled and lightning danced.

Countless creatures born from lightning emerged and howled.

A terrifying lightning sword shrouded in the essences of extinction and creation flew out of the lightning world and slashed towards Yang Feng.

“Leisha Heavenly Art! That’s a truly extraordinary Eternal heavenly art!”

“With this sword strike, it is possible to cut down a 6th layer Eternal Sovereign!”

“That’s Leisha Young Master for you!”

“...”

When the young masters and divine sons saw this scene, their eyes flashed with a solemn shade.

Only a few people in the hall can receive this sword strike of Leisha Young Master.

“Leisha Young Master, are you trying to kill Xuanguang Young Master? What gall!”

Yang Feng smiled faintly. Along with a flash of ripples, Xuanguang Young Master flew out and blocked in front of the terrifying lightning sword that can cut down a 6th layer Eternal Sovereign.

“Not good!”

When Leisha Young Master saw Xuanguang Young Master in front of his lightning sword, he felt a chill in his heart. Although he and Xuanguang Young Master are at odds, although they often stab each other with sharp words and use Eternal battle servants to fight each other, they aren’t willing to truly fall out.

If Leisha Young Master kills Xuanguang Young Master in public, an irreconcilable feud will be formed between the two. Once Xuanguang Young Master dies here, although he can be reborn by using Eternal Origin Energy Pools, but the reborn body and soul will be weaker than before.

If Xuanguang Young Master dies, in addition to having to use Eternal Origin Energy Pools, if he wants to have a solid foundation, regain his peak condition, and be able to attach the 7th layer Eternal realm in the future, he will need to cultivate for at least several hundred thousand years.

Lightning runes glimmered, and the fearsome lightning sword collapsed directly.

Yang Feng slammed his fist into Leisha Young Master, and a terrifying force broke out, blasted Leisha Young Master away, and knocked him into a wall of the hall, breaking many bones.

Yang Feng's eyes flashed with surprise, "He wasn't blasted apart! Young masters of Boda Sacred Firmament are really extraordinary!"

"I want you to die!!"

Countless strands of lightning swirled. In an instant, the injuries of Leisha Young Master healed completely. As if an enraged direbeast, countless strands of lightning surged and swept in all directions along with boundless killing intent.

Leisha Young Master lost face in front of everyone present and started to go crazy. He no longer cared about the life of Xuanguang Young Master and only wanted to kill Yang Feng.

Yang Feng's eyes constricted and surged with ferocious and domineering killing intent.

"Everyone, stop!"

A melodious voice emerged in the hall and, as if a limpid stream, entered the minds of Yang Feng and Leisha Young Master.

"Amazing! What secret method is that?"

Yang Feng's expression changed slightly and his eyes flickered with a dignified shade. He clearly felt that his murderous intent disappeared along with the melodious voice.

"She's strong!!"

Yang Feng glanced at Kongling Fairy in the center of the palace, a solemn gleam in his eyes.

Kongling Fairy smiled, looking immeasurable beautiful, "I am Kongling Fairy. How do I address you?"

Yang Feng replied with a smile, "I am Feng Eternal Sovereign."

Kongling Fairy smiled sweetly and uttered: "Feng Eternal Sovereign, please release Xuanguang Young Master. Xuanguang Young Master, there is no enmity between you and Feng Eternal Sovereign. Why don't you sweep this incident under the rug? I will present you with a bottle of Kongling Dew!!"

Xuanguang Young Master's eyes glimmered. He took a deep look at Yang Feng, a flash of killing intent in his eyes. In the end, he restrained the killing intent in his eyes and uttered flatly, "Fine. Kongling Fairy, for your sake, this matter will be swept under the rug."

Yang Feng waved his hand, and Ying withdrew the Lance of the Ruler and stood behind Yang Feng, a smile on her face.

In the palace, the eyes of the young masters and divine sons fell on Ying and flashed with a scorching shade.

Among the many young masters, Xuanguang Young Master is a top powerhouse. He is a 5th layer Eternal Sovereign. For her to be able to easily quell him, Ying's combat power is simply terrific. In addition, Ying's extreme beauty and unique charm also deeply attracted the young masters.

After Xuanguang Young Master was released, his eyes flickered ferociously. He glared at Yang Feng, and then returned to his seat.

“Feng Eternal Sovereign, please take a seat!”

Kongling Fairy waved her fair hand. Green light glimmered, and a green jade crystal table appeared. On the green jade crystal table, there are various divine fruits and magic liquors.

“These are eternal divine fruits! As expected of Boda Sacred Firmament! How extravagant!”

After Yang Feng took a seat, he glanced at the divine fruits, and his eyes lit up.

In the world of Warlocks, eternal divine fruits are treasures that have nearly disappeared. Once they appear, they will cause countless powerhouses to fight over them.

But in Boda Sacred Firmament, eternal divine fruits are used as mere fruits by Kongling Fairy to entertain guests. The gap between the two worlds is apparent.

It is very difficult to produce an Eternal Sovereign in the world of Warlocks. But in Eternal World, a young master of a major force has 300 Eternal Sovereign servants. The difference between the two worlds is really great.

After Yang Feng took his seat, he ate and drank as much as he liked and left the seeds of the eternal divine fruits in his great world.

In the world of Warlocks, eternal divine trees are unique. Unless they are destroyed, their seeds will never become a second eternal divine tree.

However, in Eternal World, as long as there are sufficient resources, a seed of an eternal divine tree can be cultivated into another eternal divine tree.

Of course, the time, energy, and resources required to cultivate a seed of an eternal divine tree into an eternal divine tree are extremely terrifying. Only top great forces can cultivate eternal divine trees.

“Yanshen clan’s divine son has arrived!”

A voice came from the outside, and a handsome young man with long red hair and fair skin stepped into the hall.

Following behind the yanshen clan’s divine son, there are four servants, each of whom emits a fearsome aura.

“Yanshen clan’s divine son! That’s the divine son of Taixuan Sacred Firmament’s yanshen clan.”

“Yanshen clan’s divine son! He is one of the strongest prodigies of Taixuan Sacred Firmament! It is said that he is hopeful to advance to an Eternal tycoon in the future!”

“...”

When they saw the yanshen clan’s divine son, the eyes of the young masters flashed with an enigmatic shade.

In Eternal World, 9th layer Eternal Sovereigns are known as Eternal tycoons, each of which is the foundation of an Eternal force.

The greatest dream of the young masters is to advance to the 7th layer Eternal realm. As for the 9th layer Eternal Realm, they have little to no hope to reach this realm.

Yang Feng's complexion changed slightly. Mysterious runes appeared quietly, and his aura disappeared slowly and his face changed: "The Yanshen clan's divine son? Crap!!"

Behind the yanshen clan's divine son, a man suddenly raised his head and took a deep look at Yang Feng, his eyes filled with endless resentment. That man is Yan Hai.

Yan Hai smiled viciously at Yang Feng and sent a voice transmission to the yanshen clan's divine son.

The yanshen clan's divine son was startled, and then his gaze fell on Yang Feng, and he showed a strange smile.

The yanshen clan's divine son smiled and said, "Kongling Fairy, I want to ask you for someone! This person is a mortal enemy of the yanshen clan. Please hand him over to the yanshen clan. As long as you hand him over, the yanshen clan will owe you a favor! The yanshen clan will give you an opportunity to enter the Tycoon Stele Forest!"

"Tycoon Stele Forest!!"

When he said that, the countenance of the young masters changed greatly and their eyes flickered with greed.

The Tycoon Stele Forest is a cultivation holy land. In the Tycoon Stele Forest, there are inheritances left by numerous tycoons of Boda Sacred Firmament after their fall.

Even top forces of Boda Sacred Firmament like the yanshen clan must make countless contributions and can only enter once every 500,000 years.

The opportunity to enter the Tycoon Stele Forest is extremely precious for the yanshen clan, and it's virtually impossible to be given to others. Yet now the yanshen clan's divine son unexpectedly is willing to give this opportunity to Kongling Fairy. This made her eyes shine brightly.

Kongling Fairy's eyes glimmered, and she spoke firmly, "Alright! Deal!"

Chapter 1459: Explosion

"For my sake, would you please let yourself be captured?"

Kongling Fairy glanced at Yang Feng, her eyes surged with mysterious ripples, and she pleaded softly.

In an instant, Kongling Fairy's charm increased ten thousand-fold.

"Okay!"

As he looked at Kongling Fairy, Yang Feng's eyes flickered with the shade of intoxication, and he stood up and walked towards the Kongling Fairy dully.

"The Kongling Fairy Heavenly Art really deserves its reputation!"

“The Kongling Fairy Heavenly Art can grant people great happiness. But at the same time, it makes people be engrossed in it forever!”

“...”

The countenance of the young masters changed slightly, and they lowered their heads and erupted with defensive barriers, not daring to look at Kongling Fairy.

Although these young masters want to become Kongling Fairy’s husband, but they are unwilling to get engrossed in the Kongling Fairy Heavenly Art and become her puppet.

“The Kongling Fairy Heavenly Art is indeed extraordinary!”

In the hall, only the handsome yanshen clan’s divine son gazed at Kongling Fairy with a look of appreciation on his face, completely ignoring the Kongling Fairy Heavenly Art. This shows how terrifyingly strong he is.

When Yang Feng passed by Leisha Young Master, his eyes suddenly surged with the color of clarity, and he revealed a mocking smile. He spread the fingers of his hand and extended his hand towards Leisha Young Master lightning fast.

“Feng Eternal Sovereign! What gall!”

Leisha Young Master suddenly raised his head, and his eyes flashed fiercely. His hand shrouded in a terrifying whirlpool of lightning shot towards Yang Feng.

Ying leaped out from behind of Leisha Young Master and stabbed the other party with the Lance of the Ruler.

Countless shadow runes spread inside Leisha Young Master and suppressed and sealed his power.

“How is that possible?”

With a look of incredulity on his face, Leisha Young Master glanced at the place where Ying originally stood and saw Ying there.

That Ying smiled at the Leisha Young Master, and then turned into a black radiance and disappeared.

Leisha Young Master shuddered in his heart: “Shadow clone!”

Yang Feng grabbed Leisha Young Master and shouted: “Leisha Young Master is in my hands! Let me leave! Otherwise, I will kill him!”

Kongling Fairy’s eyes shimmered gloomily, and she asked coldly, “You aren’t confused by my Kongling Fairy Heavenly Art? How is that possible?”

The Kongling Fairy Heavenly Art is an abstruse Eternal heavenly art that Kongling Fairy comprehended after studying several Eternal tycoon heavenly arts and created her own path. Even the young masters of great forces cannot resist the Kongling Fairy Heavenly Art.

Yang Feng responded with a slight smile, “That’s because you’re ugly!”

“Ugly! Feng Eternal Sovereign, you deserve to die!”

When she heard this, Kongling Fairy's pretty eyes flickered with the color of anger and her beautiful face distorted slightly. She broke out with 6th layer Eternal realm force and pointed at Yang Feng.

In an instant, the void twisted and collapsed, and a finger containing the power to destroy everything shot towards Yang Feng.

The finger contains terrifying power and is hopelessly beautiful.

Despite how strong Yang Feng is, he was attracted by the finger and was bewitched for a moment.

A shadow thread stabbed Yang Feng in the ear, and the sharp pain pulled Yang Feng out of the clutches of the Kongling Fairy Heavenly Art.

"If you have the guts, then kill the Leisha Young Master!"

With a cold slime on his face, Yang Feng retreated abruptly and placed Leisha Young Master to block the finger of Kongling Fairy.

"You're shameless!"

Kongling Fairy's expression changed. She greeted her teeth, and the finger that could quell Eternal Sovereigns collapsed.

Boom!

Ying blasted open a large hole in a wall of the hall with the Lance of the Ruler.

Yang Feng's figure fluttered, and he turned into a stream of light and ran towards the large hole.

At the entrance of the hall, there stood the yanshen clan's divine son. The yanshen clan's divine son is unfathomably strong. When Yang Feng looked at him, a premonition of danger welled up inside of him. He doesn't dare to run in his direction.

"Kongling Fairy! I know I shouldn't take action in your palace. However, this person is really important to us! I can only act rudely!"

The handsome yanshen clan's divine son sighed lightly, and then took a step, broke out with flames around him, and diffused 7th layer Eternal realm aura.

Along with a flash of light, the yanshen clan's divine son appeared in front Yang Feng in an instant and unleashed a punch.

The fist contains terrifying power, as if 1,000 suns ignited and extinguished in an instant. A weaker universe may be directly smashed by this fist.

"7th layer Eternal realm! Curses!"

Yang Feng's complexion changed greatly. He waved his hand, and Leisha Young Master appeared in front of him and shot towards the fist.

"Leisha Young Master, I'm sorry! The yanshen clan will compensate you for your losses!"

Then yanshen clan's divine son sighed lightly, and then ruthlessly slammed his fist into Leisha Young Master. Leisha Young Master disintegrated.

Fire of extinction surged and burned Leisha Young Master into ashes that scattered with the wind.

After slaying Leisha Young Master, as if oil was added to fire, the fist became more terrifying. It barreled straight towards Yang Feng.

"Xingji!!"

Yang Feng frowned and uttered coldly.

Along with a flash of ripples, Xingji appeared in front of Yang Feng, and the giant shield in her hands drew the power of millions upon millions of stars, gathered the essence of stars, and blocked in front of him.

"Break!"

The eyes of the yanshen clan's divine son flickered with an icy shade and surged with endless killing intent, and his fist slammed into the star shield.

As if millions upon millions of suns exploded in an instant, a boundless force smashed the star shield and blasted Xingji and Yang Feng away.

Terrifying fire of extinction enveloped Xingji and Yang Feng and burned them.

"Amazing! So this is the yanshen clan's divine son! A 7th layer Eternal Sovereign! He's really strong!!"

Countless black holes just appeared around Yang Feng, when they were burned into nothing by the terrifying fire of extinction.

"To withstand my attack, you do have some skill! It's a shame, but you offended the yanshen clan!"

The eyes of the yanshen clan's divine son shimmered coldly, and he took a step and sent a fist flying towards Yang Feng.

Inexhaustible fire of extinction appeared directly and barreled towards Yang Feng.

Along with a flash of black light, a bear skeleton emanating 7th layer Eternal realm fluctuations of power appeared abruptly and sent a giant bear paw barreling towards the yanshen clan's divine son.

"Presumptuous!!"

There was a vicious gleam in the eyes of the yanshen clan's divine son, and he bellowed and punched the giant bear paw.

Boom!

The bear skeleton, which was the strongest trump card of Nine Direbear, was blasted thousands of kilometers away, cracks appeared on its bones, and tracts of fire of extinction burned it.

At this moment, Yang Feng had escaped thousands of kilometers away.

The yanshen clan's divine son was about to chase after him, when the bear skeleton erupted with countless runes, and a vast and destructive force broke out and swallowed the entire Kongling Fairy Palace in an instant.

"Damn it!"

"The explosion of a 7th layer Eternal realm skeleton!"

"Feng Eternal Sovereign! That damn bastard!"

"..."

In the Kongling Fairy Palace, angry and shocked voices transmitted, and fearsome defensive barriers appeared.

However, the bear skeleton was not only a 7th layer Eternal realm skeleton, but it was also modified by Yang Feng and Magic Note Lord. The power of its explosion was truly shocking and terrifying.

The defensive barriers collapsed, and the terrifying explosion swallowed the Eternal Sovereigns and turned them into ashes.

As the light of the explosion dissipated, a flame emerged. In the flame, the yanshen clan's divine son was unhurt, as if the explosion didn't cause him any damage.

However, two of the four Eternal Sovereign servants that followed him had turned into ashes and disappeared. Only Yan Hai and another 5th layer Eternal Sovereign have survived.

Along with a flash of light, Kongling Fairy flew out and saw that the Kongling Fairy Palace, which was originally like a fairyland on earth, was turned into a ruin, and her beautiful eyes flickered with the shades of hatred and resentment. She uttered through clenched teeth, "Yanshen Divine Son, you must give me an explanation!"

Many young masters of great forces and their Eternal Sovereign battle servants have gathered in the Kongling Fairy Palace. When the bear skeleton modified by Yang Feng exploded, it caught the young masters off guard and killed them.

Even though the young masters didn't truly die, but they have suffered heavy losses. It will take them hundreds of thousands of years of cultivation and countless resources to regain their peak condition.

Kongling Fairy can't withstand the anger of the dozens of great forces behind the young masters. Since Yang Feng has escaped without a trace, Kongling Fairy can only vent her anger on the Yanshen Divine Son.

Yanshen Divine Son frowned and replied slowly: "Kongling Fairy, please rest assured. If you cooperate with me, the yanshen clan will work with you to solve this issue. However, the most pressing issue right now is to find that bastard Yang Feng! Please help me."

This is Boda Sacred Firmament, not Taixuan Sacred Firmament. Yanshen Divine Son is incredibly strong and has 7th layer Eternal realm cultivation base. But he needs the help of a force like Kongling Fairy. Otherwise, he will find it difficult to move a single step in Boda Sacred Firmament and basically won't be able to find any traces of Yang Feng.

## Chapter 1460: Chaos Space Sea

Kongling Fairy's eyes glimmered with resentment, and she greeted her teeth and uttered, "Alright! Yang Feng, that bastard, dared to destroy my Kongling Fairy Palace! I will never forgive him!"

Since the young masters of great forces have died in the Kongling Fairy Palace, this has infuriated the great forces.

The yanshen clan and the Konglin Fairy Palace had to pay a huge price to appease them.

The great forces were enraged by Yang Feng and sent numerous experts to chase after him.

A month later.

Boda Sacred Firmament, a remote small city on the northern border, in an aristocratic castle.

"The yanshen clan's fire of extinction is really extraordinary!"

In a rear garden, Yang Feng opened his mouth and spat out a flame containing the aura of extinction.

A devour black hole emerged, enveloped the fire of extinction, and devoured its power.

The Xi Shen Armor on Yang Feng erupted with countless runes and devoured strands of fire of extinction inside his body.

Mysterious lights shone, and the countless devour runes disappeared. The fire of extinction inside Yang Feng was devoured completely.

Yang Feng's eyes flashed, and he uttered slowly: "It took me one month to completely refine the fire of extinction. 7th layer Eternal Sovereigns are really terrible!"

Yang Feng is proficient in numerous secret methods. Furthermore, he is a 4th layer Eternal Sovereign. Even if his head is cut off or his heart is pierced, the injuries will heal in an instant.

However, it took Yang Feng a month to heal from the fire of extinction. This shows that the power contained within the fire of extinction is simply incredible.

"Xingji! It's a pity, but it seems that she can't be used for the time being!"

Yang Feng took a look at the great world inside him, and his eyes flickered with the shade of pity.

In the great world, stars appeared above Xingji, with the light emanating by these stars contending against the fire of extinction.

Xingji helped Yang Feng to block the certain kill strike of Yanshen Divine Son. As such, the amount of fire of extinction inside her is far greater than it was inside Yang Feng. Even though she has 4th layer Eternal realm power, but she still can hardly purify the fire of extinction.

In fact, if Xingji hadn't advanced to the 4th layer Eternal realm, she would have been burned to ashes by the fire of extinction already.

Xingji, Ying, and Ling, these three Kings of Rulers possess fearsome Eternal realm combat power. However, they are not Eternal Sovereign. Once they are destroyed, they will truly perish and won't have a chance to be reborn.

Yang Feng's eyes flickered with a dim shade, "Since I have reached Boda Sacred Firmament, my priority now is to proceed to Du Luo King's treasury. Only when I get Du Luo King's treasures, only then will I have enough resources and reserves to advance to an Eternal tycoon!"

Boda Sacred Firmament, Chaos Space Sea.

This is a terrifying starfield full of chaos and strange phenomena.

10 million years ago, several Eternal Sovereign Kings led their armies to fight in Chaos Space Sea. At that time, countless powerhouses died, tycoons faded, and Eternal Sovereign King blood spilled into the starry sky.

Due to that fight, Chaos Space Sea has become a terrible danger zone. Once a being below the Eternal realm gets close to Chaos Space Sea, only death will await them.

Eternal Sovereigns can enter Chaos Space Sea. But even if it's Eternal tycoons, once they touch the restrictions left by Eternal Sovereign Kings, they will be cut to pieces and die.

In Chaos Space Sea, the treasures that Eternal Sovereign Kings care about have already been taken away by them. Only things they don't care about remain.

Things that Eternal Sovereign Kings don't care about are rare treasures to other powerhouses.

Many Eternal Sovereigns adventure in Chaos Space Sea every year, eager to obtain treasures. 300,000 years ago, an Eternal Sovereign obtained the inheritance of an Eternal tycoon in Chaos Space Sea, and then became an expert in Boda Sacred Firmament

At the edge of Chaos Space Sea, ripples surged, and Yang Feng emerged.

"So this is Chaos Space Sea!"

Yang Feng glanced at Chaos Space Sea and frowned.

Chaos Space Sea is shrouded in a dense black fog.

Yang Feng scanned the black fog with his tremendous soul force, yet it was devoured by the black fog.

If Yang Feng hadn't released the soul force, he would have been devoured by the black fog.

A voice came from the side: "My friend, my name is Yami. Do you want to enter Chaos Space Sea's Dark Island?"

An Eternal Sovereign dressed in a black robe, with a mouse head and humanoid body appeared beside Yang Feng, a vulgar smile on his face.

Dark Island is one of the safer strongholds in Chaos Space Sea.

After experiencing various adventures, many Eternal Sovereigns who have entered Chaos Space Sea will return to Dark Island and other strongholds to rest.

Yang Feng replied indifferently: "I am!"

Yami uttered with a vulgar smile, "100,000 Eternal Origin Spirit Stones! I'll take you to Dark Island!"

Yang Feng waved his hand, a storage ring flew into Yami's hand.

"Please follow me!"

Yami's eyes flashed with a satisfied color. His figure fluttered, and he flew towards a side together with Yang Feng.

After flying for about 10,000 kilometers, a black boat emerged directly.

When Yang Feng boarded the black boat, he saw six people sitting.

Among the six people, there is an Eternal Sovereign with an octopus head; an Eternal Sovereign with a dragon head and a humanoid body; a dashing Eternal Sovereign with blond hair and blue eyes; an Eternal Sovereign who is 90% similar to a human, yet has nine eyes on the face, a beautiful Eternal Sovereign with purple hair, an ogre horn on the head, and a sexy figure, emitting the aura of an iceberg.

Yang Feng glanced at the six people and sat quietly aside.

After a while, Yami brought two more Eternal Sovereigns with rippling muscles and emitting fearsome auras.

"Now that everyone is here! Let's go to Dark Island!"

Yami looked at the people aboard, smiled with satisfaction, and flicked his finger, and a black radiance appeared in the black boat.

The black boat suddenly grew a pair of dragon wings. With a flap of the dragon wings, terrifying winds surrounded the black boat and propelled it towards Chaos Space Sea.

The mysterious fog rushed towards the black boat, yet was blocked by the barrier activated by the black boat.

"Die! Die! Die!"

"Kill! Kill! Kill!"

"I don't want to die!!"

"..."

As soon as the black boat entered the strange fog, queer screams came from all directions and assaulted the minds of Yang Feng and the other Eternal Sovereigns.

Yami sighed lightly: "This is Cry of Eternals! It is said that when Eternal Sovereigns fell here, their resentment produced this phenomenon. In the fight between Eternal Sovereign Kings, the Eternal Sovereigns that died here died for good!"

Eternal Sovereigns possess undying properties. After they die, they will be reborn in their universe or domain. But Eternal Sovereign Kings are extremely terrifying. Once you die at their hands, you will die for good, and your Eternal imprint will collapse.

In a fight of Eternal Sovereign Kings of the Ten Sacred Firmaments, Eternal Sovereigns are only soldiers. While Holies and Emphyreans are cannon fodder, the lowest cannon fodder, to boot.

Defensive barriers appeared around the Eternal Sovereigns aboard the black boat, blocking the cries of resentment of the fallen Eternal Sovereigns.

"I'm dead! Why don't you guys die, as well!"

A voice full of resentment gushed out from the fog, and a horrible ogre giant with scars all over the body, shrouded with fierce flames, a distorted face, and a broken ogre horn on the head walked this way, filled with endless killing intent.

When they saw the ogre giant, the countenance of the Eternal Sovereigns aboard the black boat changed dramatically, and they began to prepare offensive spells.

He who attacks first has the advantage. The Eternal Sovereigns aboard the black boat are well aware of this truth.

"Stop! That's ogre giant resentment! If you kill it, stronger resentment aggregates will come without end! Please use secret methods to restrain your vitality and turn into a corpse!"

Yami's complexion changed greatly. Countless runes appeared all over his body and locked his vitality, turning him into a corpse.

The Eternal Sovereigns aboard the black boat are proficient in many secret methods. They all cast secret methods and locked their vitality, turning themselves into a corpse.

"Dead! You are also dead,! Ha-ha! It's great that you are dead! It's great that you are dead!"

The ogre giant smiled ferociously and laughed loudly, and two streams of putrid black blood flowed out of its eyes. it passed through the black boat.

Yami is really good at this business. Several strange phenomena that can threaten the lives of Eternal Sovereigns appeared along the way, yet they were all easily solved by him.

Yang Feng saw all kinds of strange and dangerous things in Chaos Space Sea. If it wasn't for Yami, Yang Feng would have gone through great battles, and might even have died if careless.

Ten days later, a huge city appeared in the thick fog.

In the huge city, as if supporting a world, there is a giant tree 1,000 meters in height.

Countless branches spread from the giant tree and covered the whole city.

The leaves on the giant tree radiate dim black light, devouring the surrounding black fog that can absorb Eternal Sovereign souls.

Lights sprinkled down from the giant tree and illuminated the entire city, bringing light to the huge city called Dark Island.

“That’s Dark Island! Now hand over all Eternal Origin Stones you have on you!”

Yami pointed to Dark Island. All of a sudden, he turned around and showed a ferocious smile to the eight Eternal Sovereigns aboard the black boat.

Along with flashes of black light, 12 Eternal Sovereigns flew out from a side, landed beside the black boat, stared at Yang Feng and company, and sneered.

The Eternal Sovereign with an octopus head was both startled and angry, “Yami, isn’t it prohibited to fight at Dark Island? What are you doing? Aren’t you afraid of being punished by Dark Island?”
