

MGE 1461

Chapter 1461: Information

Yami smile frigidly and said, "Yes, it is not permitted to fight on Dark Island. But this is not Dark Island! Hand over your treasures! We only want your riches!"

With a cold gleam in his eyes, the octopus head Eternal Sovereign broke out with countless runes, surged with terrifying light on the tentacles of his head, and attacked a wall of the black boat.

Boom!

The octopus head Eternal Sovereign smashed the wall of the black boat, and then turned into a stream of light and frenziedly escaped towards the outside.

"Want to escape? Courting death!"

Four Eternal Sovereigns behind Yami smiled ferociously. They each hold a pillar and stand in stand in four directions.

The four pillars shone, and their light intertwined and formed a giant barrier.

When the octopus head Eternal Sovereign knocked into the giant barrier, he bounced back.

The octopus head Eternal Sovereign barked: "What are you guys waiting for? Only if we join forces, only then will we have a way out of this situation!"

When he heard this, Yang Feng kept a slight distance from the people aboard the black boat.

"To dare rob me, you're seeking death!"

A vicious gleam streaked across the eyes of the dragon head Eternal Sovereign, and he took a step forward. In a instant, true dragon phantoms appeared behind him, for a total of 99 true dragon phantoms.

The 99 true dragon phantom fused together and formed a true dragon phantom emanating 3rd layer Eternal realm fluctuations of power.

The dragon head Eternal Sovereign unleashed a punch, and a fist containing fearsome true dragon might barreled towards Yami.

When Yami saw this, he revealed a smile of derision: "Fool!"

At this moment, the nine eyes of the nine-eyed Eternal Sovereign turned, locked on the dragon head Eternal Sovereign, and fired nine rays that barreled towards the other party.

The barriers around the dragon head Eternal Sovereign collapsed one by one, and then the nine rays slammed into the person himself. The dragon head Eternal Sovereign issued a scream. Nine holes appeared on his body.

The eyes of two Eternal Sovereigns behind Yami flickered viciously, and they cast powerful offensive spells and attacked the blond and blue-eyed Eternal Sovereign and the peerless iceberg beauty Eternal Sovereign.

“You guys are seeking death!”

The eyes of the blond and blue-eyed Eternal Sovereign flashed fiercely. All of a sudden, a white battlegear appeared on him and six white pistols appeared around him and fired beams that slammed into a giant Eternal Sovereign.

The giant Eternal Sovereign was punched full of holes.

The eyes of the peerless iceberg beauty flashed coldly. She extended her hand, and a giant battleaxe appeared in her hand. She slashed with the battleaxe at the giant Eternal Sovereign.

“A bunch of fools!”

Yami sneered and waved his hand, and the Eternal Sovereigns behind him cast offensive spells and attacked Yang Feng and them.

“You guys are really seek of living!”

Yang Feng’s eyes glimmered. He took a step, operated a torrent of time, appeared in front of Yami in a blink of an eye, and extended his hand towards the other party.

Yami roared furiously and unleashed a hand strike, and his hand turned into a rat paw and barreled towards Yang Feng.

A torrent of time surged, and Yang Feng’s speed suddenly accelerated. A twisting space force swept Yami’s hand and pulled it aside.

Yang Feng’s right hand stabbed Yami and easily tore apart his defenses, and terrifying devour force broke out and devoured Yami’s Eternal origin.

Yami screamed in horror: “4th layer Eternal Sovereign! You are a 4th layer Eternal Sovereign!”

“4th layer Eternal Sovereign!”

“He is a 4th layer Eternal Sovereign!”

“...”

When the enemy Eternal Sovereigns heard this, their countenance changed dramatically, and their morale was shaken to the extreme.

Along with a string of afterimages, Yang Feng appeared in front of a 3rd layer Eternal Sovereign in a flash and blasted him apart with a palm strike, and a devour black hole appeared and swallowed him.

“Retreat!!”

These Eternal Sovereigns like to bully the weak but fear the strong. When they saw this, their complexion changed dramatically, and they turned into streams of light and escaped in different directions.

Yang Feng strode in the void, blinked three times in a row, and slayed three Eternal Sovereigns, and then returned to the black boat.

“Thank you for your help, sir!”

Aboard the black boat, the eyes of the dragon head Eternal Sovereign, who is covered in holes, surged with gratitude, and he stepped forward and spoke.

The other Eternal Sovereigns also stepped forward and thanked Yang Feng one by one.

“How is Ling Saisi [1]?”

Yang Feng looked at the blond and blue-eyed Eternal Sovereign in a white battlegear and asked thusly with a smile.

The blond and blue-eyed Eternal Sovereign replied with an innocent look on his face, “Ling Saisi? Sir, I don’t know what you are talking about.”

“Since you don’t want to admit it, then I’ll take a look at your memories myself!”

Yang Feng smiled calmly and spread the fingers of his hand, and countless runes appeared and radiated black sealing light that swept towards the blond and blue-eyed Eternal Sovereign.

“Go to hell!”

The complexion of the blond and blue-eyed Eternal Sovereign changed dramatically. 36 silver-white pistols appeared around him and glimmered, and 36 rays ejected out and shot towards Yang Feng.

36 kinds of essences, including fire, ice, curses, and wind, transformed into 36 beams that shot towards Yang Feng.

Yang Feng’s eyes lit up: “To use foreign objects to sustain various essences! That’s a pretty good idea!”

As long as Eternal Sovereigns are willing to learn, they can easily grasp various essences. However, the most powerful essences they grasp are the ones with which they advanced to the Eternal realm, which they engraved in their Eternal imprint, which constitute the path they walk.

This blond and blue-eyed Eternal Sovereign uses various secret treasures to sustain different essences and exert incomparable combat power. This sort of thinking made Yang Feng’s eyes lit up.

“Unfortunately, although the idea is good, but you’re too weak!!”

Yang Feng spread the fingers of his hand, pressed his hand forward, and crushed the 36 beams, and then slapped the head of the blond and blue-eyed Eternal Sovereign.

A terrifying devour black hole emerged and swallowed the blond and blue-eyed Eternal Sovereign.

Upon seeing this scene, the expression of the remaining Eternal Sovereigns aboard the black boat became very ugly, and they looked at Yang Feng with vigilance.

Yang Feng glanced at the remaining Eternal Sovereigns aboard the black boat, revealed an enigmatic smile, and spoke overbearingly, “This person is my enemy, so I killed him. If you want to be my enemy, I don’t mind sending you to keep him company!”

“No way! No way!”

The countenance of the several Eternal Sovereigns changed drastically, and they spoke repeatedly.

“Then leave!”

Yang Feng waved his hand. As if they were pardoned, the several Eternal Sovereigns turned into streams of light and fled towards Dark Island.

Yang Feng’s figure fluttered, and he entered Dark Island.

“There are actually Holies here, how strange! The barrier of Dark Island makes it so Holies can survive here!”

When he entered Dark Island, Yang Feng saw many Holies and Empyreans. The Holies and Empyreans engage in the lowest work on Dark Island.

After finding an inn, Yang Feng read the memories of the blond and blue-eyed Eternal Sovereign in his room.

The blond and blue-eyed Eternal Sovereign is called Ling Jianan and is a 3rd layer Eternal Sovereign of Duyun Universe. He is one of the nine Eternal Sovereigns of Duyun Universe.

After Ling Saisi was killed by Yang Feng, he was reborn in Duyun Universe.

After his rebirth, Ling Saisi was in a weakened state and was sold out by traitors. In the end, he died at the hands of three Eternal Sovereigns of Duyun Universe, and his Eternal Imprint was broken.

The nine Eternal Sovereigns of Duyun Universe were equal in strength, forming a balance. But after Ling Saisi’s fall, the three Eternal Sovereigns gained great benefits and their strength was greatly enhanced. The three then set off an Eternal Sovereign war in Duyun Universe.

When the eight Eternal Sovereigns fought of Duyun Universe with each other, two Eternal Sovereigns died, leaving only six Eternal Sovereigns remaining in Duyun Universe.

At this time, Shenguang Universe used a unique treasure obtained from the greater universe to launch a universe devour war against Duyun Universe.

In Shenguang Universe, there is only one Eternal Sovereign, that is, the sole God, Shenguang God. However, Shenguang God is a 7th layer Eternal Sovereign.

Previously, if Duyun Universe’s nine Eternal Sovereigns joined forces and as long as they were willing to sacrifice themselves, they still might be able to contend against Shenguang God. But now that Duyun Universe only has six Eternal Sovereigns remaining, it is not a match for Shenguang God.

If it were not for the universe wall, Duyun Universe would have already been devoured by Shenguang Universe.

The reason why Ling Jianan sneaked into Chaos Space Sea this time was to gain an opportunity to advance to a 7th layer Eternal realm. Otherwise, once the universe wall is broken and Shenguang God descends to Duyun Universe, Duyun Universe will be screwed.

A look of regret flashed in Yang Feng’s eyes: “This is really precious information! Unfortunately, I’m still too weak to participate in such a war!”

For Eternal Sovereign, a universe devour war is both a disaster and a great opportunity. If they obtain victory in a universe devour war, then even if it's a 6th layer Eternal Sovereign, they will be able to advance to the 7th layer Eternal realm.

Yang Feng put aside the things regarding Duyun Universe and began to sort out the memories he obtained after devouring Yami and company.

Yang Feng's eyes lit up, and he revealed an excited smile: "Chaos Space Sea is really dangerous! However, after devouring Yami's memories, I finally found the location of Du Luo King's treasury! This trip really wasn't in vain!"

Chapter 1462: Conspiracy

Yang Feng's eyes suddenly flickered with a dignified shade: "This is Yanshen Divine Son and Kongling Fairy!"

After Yang Feng arrived at Dark Island, he released countless Eternal Nanoparticle Robots to serve as his eyes and ears.

The Eternal Nanoparticle Robots are particle-like reconnaissance robots refined by Ling. Even if it's a 7th layer Eternal Sovereign, unless he uses a special secret treasure, he won't be able to discover their existence.

"Yanshen Divine Son, are you sure Yang Feng will come to Dark Island?"

In a room, Kongling Fairy's beautiful eyes shimmered with murderous intent, and she gritted her teeth and asked this.

The explosion unleashed by Yang Feng destroyed the Kongling Fairy Palace and killed the young masters of many great forces of Boda Sacred Firmament. This has caused disastrous damage to Kongling Fairy. Now she can't wait to tear Yang Feng into pieces, suppress and seal him for 100 million years, and torture him day and night.

Yanshen Divine Son replied with a light smile, "I am! There is a treasury of an Eternal tycoon in Chaos Space Sea. Yang Feng stole the map of the treasury and thus greatly offended the yanshen clan. If he wants to open that treasury, he will have to come to Chaos Space Sea."

Kongling Fairy's pretty eyes shimmered, and she asked unhurriedly, "The treasury of an Eternal tycoon? Which Eternal tycoon is it, for it to be worth for the yanshen clan to pay such a great price? You even took out an opportunity to enter the Tycoon Stele Forest."

For ordinary Eternal Sovereigns, the treasury of an Eternal tycoon is naturally incredibly valuable. But the yanshen clan has an Eternal tycoon overseeing it and has tremendous wealth. Generally speaking, they wouldn't go to another sacred firmament to look for the treasury of an Eternal tycoon.

Yanshen Divine Son answered calmly: "It's the treasury of Flame Ogre King!"

Kongling Fairy's beautiful eyes glimmered, and she spoke slowly, "Flame Ogre King! That's an unequaled tycoon closest to the Eternal Sovereign King realm who has grasped the authority of fire. Back in the day, he fought Purple Flame King to a draw. If Purple Flame King hadn't advanced to the Eternal

Sovereign King realm, he basically wouldn't be able to quell Flame Ogre King! So it's Flame Ogre King! No wonder the yanshen clan was willing to pay such a great price, it was all for the sake of his treasury."

9th layer Eternal Sovereigns are called Eternal tycoons. However, there are differences between Eternal tycoons in terms of strength. The strongest Eternal tycoons are called unequaled tycoons.

With the help of their Eternal grade treasures, unequaled tycoons can display some properties of Eternal Sovereign Kings. Once they slay an enemy Eternal Sovereign, they can crash the other party's Eternal imprint and have them truly die.

The guardian of the yanshen clan is an Eternal tycoon. However, he is an ordinary Eternal tycoon. In order for him to advance further and promote to an unequaled tycoon, he needs to obtain the inheritance of Flame Ogre King or some special treasures. The yanshen clan is a clan that has grasped the authority of fire. As such, the inheritance of Flame Ogre King is in line with their path.

Kongling Fairy's eyes flickered, and she asked slowly: "Chaos Space Sea is so big! How do we find him?"

"This is the Soul Light Mirror, a treasure the yanshen clan has refined. A strand of his soul aura is sealed in the Soul Light Mirror. As long as he enters Chaos Space Sea, he won't be able to escape the tracking of the yanshen clan. In fact, Yang Feng has already entered Dark Island."

Yanshen Divine Son smiled and flicked his wrist, and a palm-sized bronze mirror engraved with numerous abstruse runes appeared in his hand.

When he heard this, Yang Feng's countenance changed and his eyes flickered with a grave shade, "My whereabouts have been exposed! The yanshen clan is indeed worthy of being a great clan of Taixuan Sacred Firmament!"

As a 4th layer Eternal Sovereign, Yang Feng has undergone a transformation. Furthermore, he is proficient in countless secret methods. He has already severed his fate and masked his soul aura. As such, he is confident that no one can trace him down.

However, the Soul Light Mirror in Yanshen Divine Son's hand, which has a strand of his soul aura sealed inside it, was actually able to lock on Yang Feng's position. This is simply outrageous.

Kongling Fairy's thoughts revolved, and she uttered, "You have found Yang Feng's position, yet are not in a hurry to kill him! Do you want to use him to clear the way leading to Flame Ogre King's treasury?"

Yanshen Divine Son smiled and said: "That's right! The treasury of Flame Ogre King is full of dangers! If he serves as cannon fodder and finds the treasury for us, then we will naturally have to take a lot less risks. Moreover, the lord of Dark Island is not a simple character. If we quell Yang Feng here and he gets involved, it will be very troublesome."

Dark Island is located in Chaos Space Sea. Every year, many Eternal Sovereigns come here to seek opportunities. If the lord of Dark Island were not extremely strong, he would have already been torn to pieces by the Eternal Sovereigns pouring in.

Although Yanshen Divine Son is a 7th layer Eternal Sovereign, but he isn't willing to quell Yang Feng on Dark Island and disturb the lord of Dark Island.

Kongling Fairy smiled sweetly: "As expected, you are really thoughtful, Yanshen Divine Son!"

The two people chatted for a while, and then parted.

After Kongling Fairy returned to her room, an invisible radiance flew out of the room, strangely disappeared from the inn, and went to a room in another inn.

In the room, there is a burly man with double pupils in the eyes, an ogre horn on the head, long red hair, and a wicked charm.

When Kongling Fairy entered the room, she smiled, saluted the man, and said respectfully: "Greetings, Zhenyan Divine Son!"

In Eternal World, there are many clans that wield the authority of fire. Taixuan Sacred Firmament's yanshen clan and Boda Sacred Firmament's zhenyan clan are well known clans that wield the authority of fire.

The powerhouse with an ogre horn and double pupils in the eyes is the divine son of zhenyan clan. He is the powerhouse of this generation of zhenyan clan most hopeful to advance to an Eternal tycoon.

Kongling Fairy uttered: "Yanshen Divine Son came here for the treasury of Flame Ogre King!"

Zhenyan Divine Son looked pensive, "The treasury of Flame Ogre King! It's indeed possible! Back in the day, Flame Ogre King escaped into Chaos Space Sea, and then was killed by Purple Flame King."

Zhenyan Divine Son's eyes flickered with a murderous intent, and he uttered icily, "The mantis stalks the cicada, unaware the oriole is behind it. Yanshen Divine Son came to our Boda Sacred Firmament this time to deliver me a gift. After finding the treasury of Flame Ogre King, I will send him back to Taixuan Sacred Firmament via Eternal Origin Energy Pool!"

Taixuan Sacred Firmament's yanshen clan and Boda Sacred Firmament's zhenyan clan both wield the authority of fire. The two sacred firmaments are hostile with each other, while the two clans are mortal enemies.

Yanshen Divine Son never imagined that Kongling Fairy had such a good relationship with Zhenyan Divine Son, to the point that she would betray him.

The two people conversed for a while, and then parted.

"Since they don't dare to fight on Dark Island, then let's stay here for a while!"

Yang Feng's eyes flickered coldly. Fluctuations emanated from him, and Ling walked out from the void, and then turned into smoke and disappeared from the room.

Shortly after, a ray of light went into Chaos Space Sea.

Ling's departure didn't raise any waves. Many Eternal Sovereigns enter the depths of Chaos Space Sea every day in search of opportunities.

Thanks to Yami's memories, Ling avoided many strange phenomena and came to an empty and unassuming tract of the starry sky.

"This is it!!"

When Ling appeared in the starry sky, her beautiful eyes glimmered. She flicked her wrist, and a green key emitting a sparkling luster appeared in her hand.

The key emitting a sparkling luster burst out with green light that disappeared into the void.

Along with rumbling sounds, a huge bronze gate appeared in the void and opened slowly.

Ling's figure fluttered, and she turned into a stream of light and flew into the bronze gate.

"So this is the treasury of Du Luo King! His treasures are hidden in the deepest place!!"

Ling looked around and saw that she appeared in a world full of life origin energy. The concentration of life origin energy in this world is 100 times higher than that of Boda Sacred Firmament. Someone has evidently used a peerless secret method to seal a tremendous amount of life origin energy in this world.

"The treasury of Du Luo King is in the center of this world!!"

With a cold gaze in her eyes, Ling waved her hand, and countless reconnaissance robots emerged and spread in all directions like a tide.

Teleportation lights appeared continuously, and all kinds of treasures in Du Luo King's treasury were teleported to in front of Ling.

"As expected of the treasury of Du Luo King. This is just the periphery of the treasury, but there are already so many treasures here. This is enough for me to cultivate 20 Eternal Sovereigns! If all these treasures are used on me, it will be enough for me to make a breakthrough and advance to a 5th layer Eternal Sovereign!"

Yang Feng saw all kinds of treasures from this world through Ling's eyes, and his eyes showed the shade of satisfaction.

After Ling harvested a large number of treasures, she turned into a stream of light and, with the guidance of the bronze key, flew towards the center of this world.

A world of fire shrouded in endless flames emerged and blocked Ling's way.

"This is fire of extinction! Fire of extinction that can burn everything! In order to break this fire of destruction, I need at least 7th layer Eternal realm cultivation base."

Yang Feng looked at the world of fire, and his eyes constricted.

The world of fire is guarding the treasures of Du Lo King that Yang Feng covets.

"Come back! Ling!!"

Yang Feng tried for several days and used various methods, but it was still impossible to cross the world shrouded in flames. In the end, he had no choice but to order Ling to come back.

Ling's figure fluttered, and she took the countless precious cultivation resources she obtained in this world and left Du Luo King's treasury.

When Ling returned to his side, Yang Feng used all kinds of precious resources she obtained from Du Luo King's treasury to restore Xingji.

With the help of the huge amount of resources, Xingji finally suppressed the fire of destruction raging inside her and began to get better.

Chapter 1463: Advancing to the 5th Layer Eternal Realm

Dark Island, in a secret room dedicated to cultivation.

Yang Feng opened his eyes, breathed in, and sucked in countless rare treasures that Ling got from the periphery of the treasury of Du Luo King.

Countless mysterious runes appeared on Yang Feng, and a vast aura diffused from him.

Drawn by mysterious laws, a huge energy whirlpool emerged above Dark Island, and an energy beam fell down from the sky and sank into Yang Feng's body.

"Someone is advancing!"

"This aura! Someone is advancing to the 5th layer Eternal realm!"

"To be able to advance on Dark Island, what a lucky guy!"

"It seems that this guy had a great fortuitous encounter in Chaos Space Sea."

"..."

The Eternal Sovereigns on Dark Island gazed in the direction of the inn Yang Feng is staying in with envy in their eyes.

Most of the Eternal Sovereigns on Dark Island are beings below the 4th layer Eternal realm. A 5th layer Eternal Sovereigns can become one of the few most powerful beings on Dark Island.

"This guy advanced to the 5th layer Eternal realm! No wonder he has been staying on Dark Island! It turns out that he has reached the edge of an advancement!!"

Yanshen Divine Son held the Soul Light Mirror in his hand and looked at the vision in the sky, not the least bit agitated.

There is a huge gap between the 7th layer Eternal realm and 6th layer Eternal realm. Even though Yang Feng has advanced to the 5th layer Eternal realm, but in Yanshen Divine Son's eyes, he has promoted from just an ant that can't withstand a single blow to an opponent who will go down with little effort.

"5th layer Eternal Sovereign! This Yang Feng's speed of advancement is really fast! Damn it! I actually provoked such an enemy! I can't let him live!"

Kongling Fairy looked at the vision in the sky in shock, and her beautiful eyes shimmered with frigid killing intent.

Kongling Fairy obtained information about Yang Feng from Yanshen Divine Son and knows that he advanced from a 3rd layer Eternal Sovereign to a 5th layer Eternal Sovereign in less than 100 years. This speed of advancement is really incredible.

At the thought that she offended such a ferocious character due to Yanshen Divine Son's promise, Kongling Fairy couldn't help feeling a little regretful.

Zhenyan Divine Son's eyes glimmered with enigmatic shade, and he sneered, "5th layer Eternal Sovereign! This Yang Feng indeed has some skill. No wonder he dared to snatch away food from the mouth of the Yanshen clan. It's a shame, but he's just a lowly thing that doesn't know the terror of us strong clans. If you offend us, you're dead meat."

The Ten Sacred Firmaments of Eternal World are under the control of numerous strong clans. The strong clans wield all kinds of resources of the Ten Sacred Firmaments and have absorbed the quintessence of various universes.

Yang Feng came to Eternal World from another universe. If Eternal Sovereigns without backing like him anger the strong clans, they will be chased down and killed.

"5th layer Eternal realm!"

In the center of Dark Island, on a black tower, the lord of Dark Island stood quietly at the top of the black tower and looked at the energy beam with indifference.

The beam lasted three days and three nights, and then disappeared.

"I finally advanced to the 5th layer Eternal realm! Unfortunately, although my strength has improved greatly, I still stand no chance against Yanshen Divine Son and Zhenyan Divine Son! I can only start that plan!"

Yang Feng's eyes flashed, and he closed his eyes and began to consolidate his cultivation base.

Ten days later, a ray flew out from Dark Island and flew towards the depths of Chaos Space Sea.

Deep in Chaos Space Sea, in a tract of starry sky, Yang Feng took out a green key. Green light shone, and the bronze gate containing Du Luo King's treasury emerged slowly.

"It's finally time! Yang Feng!"

A cold voice sounded abruptly, and Yanshen Divine Son emerged from the void. He appeared in front of Yang Feng in a flash and sent a palm barreling towards the other party.

Yanshen Divine Son is not only a 7th layer Eternal Sovereign, but he also launched a surprise attack. He smashed all of Yang Feng's barriers with this palm strike. Terrifying force erupted and blasted Yang Feng apart.

Fire of extinction that can burn everything appeared, swept Yang Feng's body, and burned his body into ashes.

Yanshen Divine Son beckoned with his hand, and the green key flew into his hand.

Kongling Fairy stepped out of the void and spoke with a cold flash in her beautiful eyes, "Congratulations on killing Yang Feng, Yanshen Divine Son! However, why didn't you seal him? In this way, we would be able to torture him day and night!"

For Eternal Sovereigns, unless you can destroy their Eternal imprint, sealing them can feel more painful than killing them.

Even if it's an Eternal Sovereign, no matter how firm their mind is, once they are sealed for ten million years, they will go insane.

Yanshen Divine Son turned his hand, put away the key, and looked at Kongling Fairy, an enigmatic flash in his eyes, "Sealing him would naturally be the best outcome. But Yang Feng isn't weak. I didn't want the key to be destroyed in the process."

"Kongling Fairy, the yanshen clan is determined to have this treasury! Please leave here! I will owe you a favor! If you don't leave, then I can only send you back!"

Yanshen Divine Son smiled lightly. He broke out with countless fire runes and surged with the fire of extinction, making him look like a god of fire.

A terrifying murderous intent diffused from Yanshen Divine Son and spread in all directions.

The treasury of Du Luo King is the treasury of an Eternal Sovereign King. Yanshen Divine Son will never allow others to go in together with him. He won't allow any accidents to occur.

"Yanshen Divine Son, you really aren't trustworthy! Zhenyan Divine Son, please show yourself!"

Kongling Fairy sighed lightly, looked deeply at Yanshen Divine Son, took several steps back, and uttered thusly.

Along with a flash of fire, 99 fire true dragons, 99 fire phoenixes, and 99 three-legged golden crows appeared abruptly.

The fire true dragons, fire phoenixes, and three-legged golden crows are pure blood true spirits and each possesses 1st layer Eternal realm strength.

A sun chariot pulled by nine 4th layer Eternal realm fire true dragons emerged from the void. On the sun chariot, there is a person sitting. That person is Zhenyan Divine Son.

Zhenyan Divine Son looked at Yanshen Divine Son with the shade of derision in his eyes and said with a smile: "Yanshen Divine Son, hand over the key. Otherwise I will send you back to Taixuan Sacred Firmament!"

Yanshen Divine Son is a 7th layer Eternal Sovereign. In a one-on-one fight, Zhenyan Divine Son isn't guaranteed victory.

However, the 300 plus Eternal Sovereign soldiers under Zhenyan Divine Son are enough to form an Eternal array, trap Yanshen Divine Son, and finally kill him.

Yanshen Divine Son's complexion changed slightly. His eyes flickered with a murderous intent, and he glared at Kongling Fairy and uttered frigidly, "Kongling Fairy, you betrayed me!"

Kongling Fairy replied with a faint smile, "You're the one to talk! Yanshen Divine Son, didn't you break your promise and try to kill me? We agreed to explore the treasury of Flame Ogre King together."

Yanshen Divine Son's eyes flickered. He turned his hand, and the green key appeared.

Green light entered the starry sky and formed a giant bronze gate. Under the power of the green key, the bronze gate opened slowly.

Yanshen Divine Son's figure fluttered, and he turned into a flame and flew towards the bronze gate.

"Let's go in!"

Zhenyan Divine Son's countenance changed slightly. He extended his hand abruptly, and a claw of ogre fire appeared and shot towards Yanshen Divine Son.

Yanshen Divine Son waved his hand, and a Yanshen Diagram appeared.

The Yanshen Diagram shone and diffused Eternal tycoon realm fluctuation of power, and a giant hand appeared and slammed towards Zhenyan Divine Son.

"Curses, why did he use his trump card so soon?"

Zhenyan Divine Son's countenance changed. He gritted his teeth and waved his hand, and a reddish gold statue appeared.

An ogre hand shrouded in ogre fire emerged from the reddish gold statue and clashed with the giant hand.

Boom!

Along with a shocking blare, two supreme forces collided with each other and extinguished one another. The two hands collapsed in an instant.

Terrible shock waves spread in all directions.

The 300 plus Eternal Sovereign soldiers under Zhenyan Divine Son were scattered by the terrible shock waves.

Yanshen Divine Son flew into the bronze gate.

The bronze gate closed bit by bit.

"Curses!"

Zhenyan Divine Son's face became ashen. He turned into a flame and flew into the bronze gate before it closed completely.

Along with flashes of light, Kongling Fairy and dozens of Eternal Sovereigns subordinated to Zhenyan Divine Son flew into the bronze gate before it closed.

Boom!

The bronze gate closed and disappeared from everyone's eyes.

No matter what secret methods the remaining Eternal Sovereigns used, they were unable to make the bronze gate remain and open.

"Damn it! Yanshen Divine Son, I want you to die!"

When Zhenyan Divine Son entered the world behind the bronze gate, his eyes flashed with the shade of regret. He regretted that he didn't launch the Eternal array in the first moments and quell Yanshen Divine Son.

Yanshen Divine Son launched a surprise attack against Yang Feng and killed him in one blow. After killing Yang Feng, he stole the key of Du Luo King from Yang Feng.

When Zhenyan Divine Son appeared, although he forced Yanshen Divine Son to use a trump card and escape into the treasury of Du Luo King, but he still couldn't compare to Yanshen Divine Son in terms of decisiveness.

Zhenyan Divine Son looked into the distance and cast a secret method, then turned into a flame and chased after Yanshen Divine Son.

Chapter 1464: Lord of Dark Island

"Fire of extinction! The heaven's are helping me!"

Under the guidance of the key, Yanshen Divine Son appeared in front of the world full of fire of extinction, and the corners of his mouth rose into a smile. Fire of extinction appeared and surrounded him.

Yanshen Divine Son took a step and entered the world full of fire of extinction.

The fire of extinction surged towards Yanshen Divine Son and merged into his body protection fire of extinction, unable to harm him in the least.

Yanshen Divine Son is not only a 7th layer Eternal Sovereign, but he also wields the fire of extinction. The world full of fire of extinction is not a threat to him, but a holy land of cultivation.

Yanshen Divine Son burst out into laughter and spoke words of provocation: "Zhenyan Divine Son, come in and fight me if you have the guts!"

Zhenyan Divine Son looked at the fire of extinction, and his expression darkened.

Zhenyan clan wields the power of ogre fire. While the yanshen clan wields the power of the fire of extinction. In the world full of fire of extinction, Zhenyan Divine Son isn't a match for Yanshen Divine Son.

From the world full of fire of extinction transmitted Yanshen Divine Son's cold and cruel voice: "If you don't have the guts, then get out of here! Otherwise you will die once I get the treasury of Flame Ogre King!"

"Yanshen Divine Son, you think that a mere world of the fire of extinction can stop me?!"

Zhenyan Divine Son smiled frigidly and waved his hand, and a golden crystal ogre head appeared.

With a vicious flash in its eyes, the golden crystal ogre head broke out with Eternal tycoon realm fluctuations of power and breathed in.

The world shrouded in fire of extinction turned into a terrifying whirlpool that flowed into the crystal ogre head.

The fire of extinction and ogre fire entangled with each other and finally extinguished.

The crystal ogre head has the power of an Eternal tycoon attack sealed in it and is one of Zhenyan Divine Son's lifesaving trump cards. This is a reserve and a source of confidence of the divine son of a strong clan.

Of course, treasures that have an Eternal tycoon attack sealed in them are extremely precious. In general, divine sons of strong clans only have one or two such treasures. Zhenyan Divine Son asked his clan for more such treasures in order to be able to quell Yanshen Divine Son, that is, to plunder the treasures of Yanshen Divine Son.

After the fire of extinction disappeared, a scorched and lifeless world appeared in front of Zhenyan Divine Son.

Behind the scorched and lifeless world, there is a world full of fierce wind.

Yanshen Divine Son's figure fluttered, and he plunged into the world full of fierce wind.

Zhenyan Divine Son, Kongling Fairy, and the other eternal Sovereigns cast secret methods, turned into streams of light, and drilled into the world full of fierce wind.

When they entered the world of fierce wind, they felt as if a 1st layer Eternal realm powerhouse cast a powerful large-scale offensive secret method and attacked them continuously.

Yanshen Divine Son and them had no choice but to activate powerful defensive barriers to resist the fierce wind.

Countless wind blades slammed into their defensive barriers and continuously consumed their power.

All of a sudden, an Eternal realm wind dragon 1,000 meters in length emerged in the world of fierce wind and bit an Eternal Sovereign, and terrifying wind force broke out and sliced the Eternal Sovereign into pieces.

A mysterious light ejected out from the center of Flame Ogre King's treasury and shrouded the fragments of the Eternal Sovereign's body

A mysterious and great force emerged, and an Eternal imprint appeared from the fragments of the Eternal Sovereign's body.

"Lord, save me! Please save me!"

When the Eternal imprint emerged, the Eternal Sovereign issued miserable screams.

The Eternal wind dragon bit the Eternal imprint and crushed it in an instant.

"No!!"

Along with a miserable scream, the Eternal Sovereign fell directly.

"He truly fell!"

"His Eternal imprint was crushed! He truly fell!"

"How could this be?"

“...”

When the chasing Eternal Sovereigns saw this, they felt a chill go down their spine.

The most dreadful thing about Eternal Sovereigns is their immortal property. Even if they are killed by other fearsome beings, Eternal Sovereigns can be reborn in the universe or domain that contains their Eternal imprint.

However, the Eternal wind dragon crushed the Eternal imprint of the Eternal Sovereign, killing the other party for good.

There was a flash of shock in Zhenyan Divine Son's eyes: "The arrangements left behind by Flame Ogre King are actually this strong?"

When Flame Ogre King was alive, he was an unequaled tycoon with a portion of an Eternal Sovereign King's properties. When he slayed an Eternal Sovereign, he could extract their Eternal imprint and destroy it, truly killing the enemy Eternal Sovereign.

However, Flame Ogre King could do this while alive. But after he died, he may not be able to do this.

Zhenyan Divine Son guessed the truth at once, and his eyes flashed with a scorching shade and his blood boiled: "No! Eternal Sovereign King! This is the treasury of an Eternal Sovereign King! This is not the treasury of Flame Ogre King! But the treasury of an Eternal Sovereign King! No wonder Yanshen Divine Son wants to get this treasury at all cost! After all, since this is the treasury of an Eternal Sovereign King, it may contain secrets of the Eternal Sovereign King realm!"

The Eternal unequaled tycoon realm and Eternal Sovereign King realm are separated by only a step. But the gap between the two is as wide as an uncrossable chasm. Back in the day, Flame Ogre King was able to contend against Purple Flame King. But when Purple Flame King advanced to an Eternal Sovereign King, he easily quelled Flame Ogre King.

No matter how powerful an Eternal tycoon is, but when faced against an Eternal Sovereign King, the only thing they can do is to run away.

In Eternal World, only Eternal Sovereign Kings can ignore an Eternal Sovereign army formed from Eternal Sovereigns and quell the Eternal Sovereign army by themselves.

According to legend, above Eternal Sovereign King realm, there is still the Eternal Sovereign God Emperor realm in Eternal World. But no one has ever seen an Eternal Sovereign God Emperor. The Eternal Sovereign God Emperor realm has become a myth. The most powerful powerhouses in Eternal World are Eternal Sovereign Kings who dominate the Ten Sacred Firmaments.

In the world of fierce wind, Eternal wind dragons appeared one after another and fought the Eternal Sovereigns.

"Zhenyan Divine Son, thank you for helping me to tie down these Eternal wind dragons! I'll take my leave first!"

Yanshen Divine Son spat out blood essence, and wings of fire unfurled behind him, flapped lightly, and raised storms of wind and fire. He tore through the sky and flew out of the world of fierce wind in an instant.

“Damn it!”

With a ferocious flash in his eyes, Zhenyan Divine Son broke out with countless runes, surged with flames, and turned into a yanshen ogre four meters in height, with countless mysterious runes engraved on the head.

After his transformation, Zhenyan Divine Son turned into a stream of light, tore two Eternal wind dragons to pieces, and chased after Yanshen Divine Son.

In the world of fierce wind, where the Eternal wind dragons are raging, there are many Eternal Sovereign subordinates of Zhenyan Divine Son. Those subordinates were abandoned by Zhenyan Divine Son.

Unless Zhenyan Divine Son uses another Eternal tycoon treasure, it is basically impossible to save his subordinates.

“Zhenyan Divine Son, save me!!”

Kongling Fairy surged with ribbons that blasted away one Eternal wind dragon after another. Her eyes flickered with a miserable shade, and she pitifully pleaded with Zhenyan Divine Son.

Zhenyan Divine Son had an expressionless look on his face. He didn’t look at Kongling Fairy at all. After a few flashes, he flew out of the world of fierce wind and disappeared.

“I knew you were unreliable! Lord of Dark Island, come out! If you don’t come out now, I will have no choice but to leave!!”

After seeing Zhenyan Divine Son leave, Kongling Fairy’s countenance changed. She waved her fair hand, and a black bead flew into the void.

When the black bead flew into the void, it burst out with black light, glimmered with countless runes, and condensed into a person. That person is the lord of Dark Island.

“Let’s go!”

The lord of Dark Island looked at the Eternal wind dragons lunging at him with a solemn flash in his eyes and waved his hand, and a black Eternal Dark Diagram appeared.

On the Eternal Dark Diagram, black monsters appeared, intertwined with each other, and formed a black defensive barrier that covered the lord of Dark Island and Kongling Fairy and propelled them to fly forwards.

Along with fierce winds, the Eternal wind dragons tore at the black defensive barrier.

Countless wind blades slashed the black defensive barrier and raised ripples, yet they weren’t able to break the barrier.

After a dozen plus breaths of time, the lord of Dark Island flew out of the world of fierce wind together with Kongling Fairy.

When they flew out of the world of fierce wind, Kongling Fairy saw two terrifying flames burning a sea of ice.

As it was burned by the two Eternal tycoon realm flames, the frost force of the sea of ice disappeared and turned into mist that rose into the air.

The ice direbeasts in the sea of ice were burned until nothing was left.

After the sea of ice was burned until nothing was left, the eyes of Yanshen Divine Son and Zhenyan Divine Son turned and fell on the lord of Dark Island and Kongling Fairy.

When Zhenyan Divine Son saw the lord of Dark Island beside Kongling Fairy, his expression turned ugly.

Yanshen Divine Son glanced at Kongling Fairy and burst out into laughter, and his eyes flashed icily, “Ha-ha! Zhenyan Divine Son, it seems that smelly woman betrayed you too! Why don’t the two of us join hands and deal with that smelly woman and the lord of Dark Island first, and then explore the treasury?”

The lord of Dark Island uttered, “Zhenyan Divine Son, Yanshen Divine Son is an enemy of our Boda Sacred Firmament. How about we join forces and kill him first, and then explore the treasury together?”

Chapter 1465: A Desperate Fight

“Okay! Let’s join hands to kill Yanshen Divine Son, and then talk again!”

Zhenyan Divine Son’s eyes flickered. He waved his hand, and a lance of ogre fire tore the sky and stabbed towards Yanshen Divine Son.

The lord of Dark Island took a step forward, emanated pinnacle 6th layer fluctuations of power, and waved his hand, and the Eternal Dark Diagram flew out and radiated endless light.

An ox-headed demon with an ox head and humanoid body, covered with all kinds of eyes, shrouded in demonic qi flew out from the Eternal Dark Diagram.

The ox-headed demon is a treasure that the lord of Dark Island refined from the skeleton of an 8th layer powerhouse and countless resources of Chaos Space Sea and it possesses 7th layer Eternal realm combat power.

The eyes of the ox-headed demon flashed ferociously, and it crossed the void, appeared in front of Yanshen Divine Son, and slashed at the other party with the battleaxe in its hands.

“Curses!”

Yanshen Divine Son’s eyes glimmered with anger. He greeted his teeth and waved his hand, and a scroll full of fire of extinction flew out.

Countless runes shone, and a giant hand extended from the scroll, radiated Eternal tycoon realm fluctuations of power, and shot towards Zhenyan Divine Son and the ox-headed demon.

The giant hand slammed into Zhenyan Divine Son, and he turned into a mass of fire and disappeared.

The giant hand slammed into the ox-headed demon next.

A tyrannical force broke out and blasted the ox-headed demon into pieces, and the fire of extinction burned the ox-headed demon into ashes.

In the void, the Eternal Dark Diagram ignited and turned into ashes that drifted away with a gust of wind.

The eyes of the lord of Dark Island flashed with the shade of heartache, and he howled: "My diagram! Yanshen Divine Son, you wretch!"

Yanshen Divine Son turned into a flame and flew into the last magnetic world.

In the magnetic world, there are many Eternal magnetic rays.

The many Eternal magnetic rays swept towards Yanshen Divine Son and blasted apart his barriers at once, forcing him to burn his blood essence and conjure a more powerful defensive barrier.

Fearsome gravity shrouded Yanshen Divine Son, causing him to fall from the sky and land on the ground.

"Should I destroy this place?"

After Yanshen Divine Son landed on the ground, he greeted his teeth and proceeded to walk forward. As the Eternal magnetic rays continued to slam into him and punch his body full of bloody holes, thoughts too destroy everything welled up inside him.

"Damn it! If it wasn't for that traitor Kongling Fairy, I would have passed through this area by now! I wouldn't be cutting such a sorry figure!"

After weighing things repeatedly, Yanshen Divine Son greeted his teeth and gave up the thoughts of using a trump card to destroy the magnetic world.

For the sake of the treasure of Du Luo King, Yanshen Divine Son practically took all the treasures that sealed an Eternal tycoon attack of the yanshen clan.

Even so, after using treasures that sealed an Eternal tycoon attack several times, he only had one such treasure left.

If it were not for the actions of Kongling Fairy, Yanshen Divine Son would fully be able to cross the four worlds and enter the core of the treasury of Du Luo King.

At most, he would only consume a treasure that sealed an Eternal tycoon attack in the sea of ice. But now he spent a large number of treasures and only reached the magnetic world.

Three rays flashed, and Zhenyan Divine Son's group of three drilled into the magnetism world and chased after Yanshen Divine Son.

Boom! Boom!

Along with loud noise, 30 earth golems 100 meters tall, covered with countless mysterious runes emerged.

With a fierce flash in their eyes, the 30 earth golems manipulated Eternal magnetic rays to shoot towards the four people.

"Die!!"

Yanshen Divine Son's eyes flickered viciously, and he broke out with countless runes, turned into a giant 100 meters tall and shrouded in the fire of extinction, and engaged the earth golems.

The fire of extinction is terrifying. Yanshen Divine Son operated the fire of extinction and burned several earth golems into ashes one by one.

The lord of Dark Island, Zhenyan Divine Son, and Kongling Fairy also cast powerful offensive secret methods and engaged several earth golems.

The 30 earth golems in the magnetic world can fully quell a 7th layer Eternal Sovereign. But the four powerhouses destroyed them one by one and fought their way out of the magnetic world.

After rushing out of the magnetic world, a huge bronze altar appeared in front of the eyes of the four Eternal Sovereigns.

On the bronze altar, there is a throne. On the throne, there is a handsome man with ogre horns, dressed in a broken bronze armor, emitting a tyrannical aura.

A golden lance stabbed the handsome man in the heart, as if suppressing him to the throne and making it so he cannot move ever again.

"Bei Da King and An Hou King joined hands to suppress Du Luo King. Bei Da King cast the Dragon Slayer Heavenly Art and conjured a dragon slayer golden lance that broke the Eternal imprint of Du Luo King and inflicted heavy damage on him! This must be Du Luo King!"

When Zhenyan Divine Son saw the handsome man on the throne, his eyes flashed with delight, and he shouted.

When the Eternal imprint of an ordinary Eternal Sovereign is broken, they will die on the spot.

Du Luo King was an Eternal Sovereign King. Even though his Eternal imprint was broken, he could still survive for a period of time. Apparently he fled to his base.

The eyes of the lord of Dark Island flashed with elation, and he murmured: "Du Luo King! This is surprisingly the treasury of Du Luo King!"

Kongling Fairy's beautiful eyes glimmered with joy, "This is the treasury of Du Luo King!"

Eternal Sovereign Kings are incomparably powerful. Treasures left by them, even if it's just some random treasures, are enough to make Eternal tycoons go crazy.

Just the remains of Du Luo King are a peerless treasure that can become the foundation of great forces of the Ten Sacred Firmaments.

With a cold gaze in his eyes, Yanshen Divine Son waved his hand. A scroll flew out and surged with countless strands of the fire of extinction soared, and a giant hand containing an Eternal tycoon attack extended from the scroll and shot towards the lord of Dark Island, Zhenyan Divine Son, and Kongling Fairy.

Zhenyan Divine Son smiled coldly, took out a mirror, stepped into the mirror, and suddenly disappeared from this world.

“Damn it!”

The countenance of the lord of Dark Island changed dramatically. He broke out with countless runes, turned into a giant 100 meters tall and emanating pinnacle 7th layer Eternal real aura, brandished a battleaxe, and attacked the giant hand.

7th layer Eternal realm is the true cultivation base of the lord of Dark Island. This is the reason why he dared to participate in the fight over the treasury of Du Luo King with the two divine sons.

The giant hand containing fire of extinction slammed into the lord of Dark Island and blasted him into pieces, and fire of extinction shrouded and burned the lord of Dark Island into ashes.

“No!”

With a shrill scream, the Eternal imprint of the lord of Dark Island appeared and shattered, and then into a stream of light and flew into a white jade disk in Du Luo King’s hand.

“Yanshen Nine Absolutes! Appear!”

Yanshen Divine Son spat out a large amount of blood essence, frantically combusted his life origin, and pointed at the void.

The void turned chaotic, and a mirror was forced out of the void.

The giant hand containing fire of extinction slammed into the mirror, and a terrifying force broke out and blew the mirror to pieces.

“No! How could this be!”

Zhenyan Divine Son flew out of the mirror and unleashed a heart-wrenching scream, a look of horror on his face. He spread the fingers of his hand and unleashed his trump card.

“Unity Heart Stab!”

Yanshen Divine Son’s eyes shimmered icily, and he gripped a dagger and stabbed at his own heart.

At the moment when the dagger pierced the heart of Yanshen Divine Son, a terrible force broke out in the heart of Zhenyan Divine Son, making his reaction slow for a moment.

At this time, the giant hand containing fire of extinction slammed into Zhenyan Divine Son and blasted him into ashes.

“No! I don’t want to die!!”

An Eternal imprint appeared, transmitted miserable screams of Zhenyan Divine Son, and crumbled, and then turned into a stream of light and flew into the white jade disk.

Yanshen Divine Son vomited blood. He glanced at Kongling Fairy, smiled ferociously, and uttered frigidly, “Ha-ha! You trash, why did you fight me! Kongling Fairy, do you want to live? If you want to live, then kneel down, swear loyalty to me, and be my servant for 100 million years. Otherwise, I will kill you and let you truly die!”

Kongling Fairy's beautiful eyes flashed, and she took several steps back. With an unsightly expression on her face, she squeezed out a smile and uttered: "Yanshen Divine Son, I swear to submit to you and serve you for 100 million years."

Kongling Fairy gritted her teeth, knelt in front of Yanshen Divine Son, and began to make an oath.

"Go to hell!"

The moment when Kongling Fairy knelt, Yanshen Divine Son's eyes flashed coldly, and he combusted his Eternal origin. He tore the space, appeared in front of Kongling Fairy in one step, and unleashed a palm strike, and his palm smashed all resistance of Kongling Fairy and slammed into her head.

Terrifying fire of extinction appeared, shrouded Kongling Fairy, and burned her to ashes bit by bit.

Chapter 1466 – Yanshen Divine Son Falls

"Why!! Why kill me! I was willing to do anything you asked of me!!"

Kongling Fairy's beautiful eyes shimmered with endless horror, and she screamed miserably.

Yanshen Divine Son responded with a frigid smile: "It's simple. If you hadn't betrayed me, I would have smoothly obtained the treasury of Du Luo King! But you caused me to lose all my trump cards and suffer serious damage to my origin! You should die!"

Yanshen Divine Son looked at Kongling Fairy with ridicule in his eyes and spoke with a smile: "And let me tell you a secret! If you had attacked me just now, I may not have been a match for you!"

Yanshen Divine Son used his trump card and combusted his blood essence and Eternal origin to kill the lord of Dark Island and Zhenyan Divine Son at one stroke. But at the same time, he suffered serious damage.

The unparalleled ferocity with which Yanshen Divine Son slayed the two 7th layer Eternal Sovereigns awed Kongling Fairy and broke her spirit. As a result, she gave up resistance and was quelled by Yanshen Divine Son in one fell swoop.

Kongling Fairy had the ability to fight Yanshen Divine Son before. But now that fire of extinction has entered her body, Kongling Fairy has no chance to resist.

"Yanshen Divine Son, you scoundrel, I curse you! I curse you to a horrible death!"

Kongling Fairy's eyes glimmered with the shade of despair. Countless runes shone, and her Eternal imprint emerged and ignited in an instant.

Gray curse light emerged from Kongling Fairy, crossed the fire of extinction, and landed on Yanshen Divine Son.

Yanshen Divine Son smiled contemptuously and said: "A curse? A cornered dog will jump over the wall! Even though you combusted your Eternal imprint and unleashed a curse, but it can only weaken my strength by 10% at most. And once ten days are over, I will be able to refine your curse."

The curse Kongling Fairy, a 6th layer Eternal Sovereign, cast by combusting her Eternal imprint is incredibly powerful. If a 4th layer Eternal Sovereign is hit by this curse, he will be tortured for tens of thousands or even millions of years.

But Yanshen Divine Son wields the fire of extinction and can innately restrain all kinds of curses. Kongling Fairy's curse is just a slight annoyance to him.

At this moment, the green key in a crease of Yanshen Divine Son's clothing exploded, and Yang Feng emerged from the green key. The Xi Shen Armor glimmered, and he cast the Devour Heavenly Art and conjured a terrifying Devour Heavenly Spike that tore the space and stabbed at Yanshen Divine Son.

Defensive barriers suddenly appeared on Yanshen Divine Son. The Devour Heavenly Spike pierced through the defensive barriers and stabbed Yanshen Divine Son, and countless devour runes appeared and madly devoured Yanshen Divine Son's Eternal origin.

"Yanshen Imperishable Body!"

Yanshen Divine Son's eyes flickered viciously, and the part of his Eternal origin that was pierced exploded and unleashed terrifying fire force that blasted Yang Feng away.

Tremendous fire of extinction appeared and swept towards Yang Feng.

"Xingji!!"

Yang Feng's eyes flashed, and he waved his hand. Xingji appeared in front of him at once.

Xingji gripped a giant shield and drew countless strands of star force to gather on the giant shield and form a star barrier.

The fire of destruction clashed with the star barrier and burned it little by little, but it couldn't break the barrier in one strike.

Although Yanshen Divine Son is a 7th layer Eternal Sovereign. But he has faced a couple great enemies one after another. Even though he killed those great enemies, but he still suffered heavy damage and spent all his trump cards. He lost his previous ferocity.

A string of afterimages flashed and changed into Ying, who silently stabbed at the back of Yanshen Divine Son with the Lance of the Ruler.

"Are you Yang Feng's fallback? You are worthy of being a top assassin! If I hadn't been prepared, I might have been assassinated by you. But since I was prepared, there's no way trash like you can assassinate me."

With an icy glimmer in his eyes, Yanshen Divine Son sneered and waved his hand, and the Shadow Absorption Mirror emanating boundless Eternal aura appeared.

Dark rays emerge from the Shadow Absorption Mirror, surged towards Ying, and pulled her into the mirror.

The Shadow Absorption Mirror is an Eternal grade treasure specially used to restrain Eternal Sovereigns who wield the authority of shadows that a 7th layer Eternal Sovereign refined.

After witnessing Ying's assassination means, Yanshen Divine Son did everything possible to obtain this Eternal grade treasure. This is the terror of a great clans' divine son.

As long as they have seen the cards of a hostile Eternal Sovereign, they can find Eternal grade treasures to restrain the opponent's cards. In order to defeat them, you can only crush them with absolute strength.

"Then do you also know of my existence?"

A cold voice sounded, and the Whip of the Ruler flew out of the void and whipped Yanshen Divine Son.

A terrible force broke out and tore the body of Yanshen Divine Son apart.

With a flash of the fire of extinction, the body of Yanshen Divine Son was completely restored.

12 Ruler Saints appeared in an instant and cast various secret methods, resonated with each other, and attacked the Shadow Absorption Mirror.

Boom!

Along with a shocking blare, the Shadow Absorption Mirror was smashed directly.

Ying jumped out of the Shadow Absorption Mirror. Her figure fluttered, and she separated into nine figures and attacked Yanshen Divine Son from nine directions.

"Yanshen Divine Son, this shall be your burial place!"

With a cold flash in her eyes, Ling urged the Whip of the Ruler to turn into a fierce true dragon that shot towards Yanshen Divine Son.

Yanshen Divine Son surged with the fire of extinction, turned into a giant 10 meters tall and surrounded by endless fire of extinction, and engaged Ling with a sword of fire.

Boom! Boom!

In an instant, Yanshen Divine Son exchanged thousands of moves with Ling. He retreated repeatedly, and several gashes left by Ling's whip appeared on his body.

Yanshen Divine Son was originally far stronger than Ling. But after being wounded repeatedly and combusting his Eternal origin to quell the lord of Dark Island and Zhenyan Divine Son, his strength dropped sharply. Furthermore, he was cursed by Kongling Fairy and was seriously wounded by Yang Feng's sneak attack. Only then did his strength drop so much that he was completely suppressed by Ling.

The 12 Saint Rulers erupted with countless runes, resonated with each other, and jointly attacked Yanshen Divine Son.

"Open!"

With a fierce flash in his eyes, Yanshen Divine Son slashed with his sword, and fire of extinction turned into a roaring fire dragon that burned the void, surged towards the 12 Ruler Saints, and blasted them away.

Terrifying fire of extinction ignited on the 12 Ruler Saints and began to burn everything.

“Yanshen Divine Son, this shall be your burial place!!”

Along with a cold voice, a torrent of time appeared, and Yang Feng emerged from the torrent of time in a flash and unleashed a punch. A torrent of time, a devour black hole, power stars, and spatial gates, four essences erupted, integrated into one, pierced through Yanshen Divine Son’s defenses, and slammed into the person himself.

Yanshen Divine Son issued a blood-curdling scream, and then disintegrated and turned into flames that fled in different directions.

Ying emerged from the void, separated with countless figures, and stabbed at the flames with the Lance of the Ruler.

Ying stabbed the countless flames, and shadow seal runes pervaded, suppressed, and sealed the flames that Yanshen Divine Lord turned into.

“Die!”

With an icy flash in his eyes, Yang Feng spread the fingers of his hand, and a devour black hole appeared, swallowed the flames Yanshen Divine Son turned into, and crazily devoured his Eternal origin.

“Stop! Yang Feng, let me live! I will give you the treasury of Du Luo King! Let me go! Otherwise, once you kill me, you and the yanshen clan will be mortal enemies!”

The countless flames in the devour black hole condensed into Yanshen Divine Son, and he shouted loudly, a look of fear on his face.

“Fool! Once I get the treasury of Du Luo King, I and the yanshen clan will become mortal enemies anyway! In this case, if I slay a peerless genius like you, it will be equivalent to cutting down the future of the yanshen clan. There’s no way I will let you go.”

With a flash of derision in his eyes, Yang Feng put the fingers of his hand together, and countless rays of devour black light shrouded Yanshen Divine Son and devoured his Eternal origin.

Taixuan Sacred Firmament, at the headquarters of the yanshen clan, an Eternal imprint appeared strangely.

“The person who killed me was Yang Feng! The person who killed me was Yang Feng!!”

The Eternal imprint transmitted Yanshen Divine Son’s miserable screams and soon disappeared.

Drawn by a mysterious force, the Eternal imprint emerged from the remains of Yanshen Divine Son.

Yang Feng unleashed a punch and smashed Yanshen Divine Son’s Eternal imprint.

Terrifying devour force shrouded Yanshen Divine Son’s Eternal imprint and frenziedly devoured his Eternal true spirit.

Yang Feng’s eyes glimmered: “So this is Yanshen Divine Son’s Eternal true spirit! As expected of a 7th layer Eternal Sovereign! His reserves are really profound! If I can devour three or four Eternal true spirits

of the same level as Yanshen Divine Son's Eternal true spirit, I will have enough reserves to advance to the 6th layer Eternal realm."

At the moment when Yanshen Divine Son's Eternal imprint was broken, a statue of Yanshen Divine Son in yanshen clan's headquarters shattered!"

"The divine son has fallen!"

"How is that possible?"

"How could the divine son have died?"

"Yang Feng, Yang Feng was the one who killed the divine son."

"Impossible! The divine son is a 7th layer Eternal realm powerhouse! How could he be killed by Yang Feng?"

"..."

In the yanshen clan's headquarters, when yanshen clan powerhouses saw the statue of Yanshen Divine Son shatter, their eyes flashed with shock.

Chapter 1467: Eternal King Grade Treasure

Yanshen Divine Son was the strongest peerless genius of the younger generation in the yanshen clan. He was proficient in numerous powerful secret methods and possessed 7th layer Eternal realm cultivation base.

Apart from the Eternal tycoon, only a few 8th layer Eternal realm old monsters in the yanshen clan could defeat Yanshen Divine Son.

Yanshen Divine Son was a peerless genius of the yanshen clan most hopeful to advance to the 9th layer Eternal realm and become an Eternal tycoon. Yet now he has died. This is equivalent to severing half of the future of the yanshen clan.

"Damn it! Who was it? Who killed Yan'er! Yang Feng! It was him! I want him to die! I want him to have a miserable death! I want everyone related to him to die!"

A terrifying voice transmitted in the headquarters of the yanshen clan.

As if the end of the world has come, violent flames surged in the headquarters of the yanshen clan.

At the headquarters of the yanshen clan, yanshen clan powerhouses knelt on the ground and trembled.

"Pass down my order! Send people to Yan Jue Firmament to destroy the domains of the Eternal Sovereigns under Yang Feng!"

A cruel voice sounded in the headquarters of the yanshen clan.

"Yes! Ancestor!"

Voices full of respect rose, and yanshen clan powerhouses flew out one after another and flew towards Yan Jue Firmament.

Even if it's the yanshen clan, they wouldn't easily destroy domains of lesser firmaments. However, the death of Yanshen Divine Son is equivalent to the future of the yanshen clan being severed. This naturally infuriated the Eternal tycoon.

It should be mentioned that it took 5 million years and countless resources to cultivate Yanshen Divine Son to this point. In the entire yanshen clan, only he had hopes of advancing and becoming an Eternal tycoon.

With Yanshen Divine Son dead, in the next hundreds of thousands of years, no one in the yanshen clan will be able to become an Eternal tycoon.

In the treasury of Du Luo King.

"If I devour and refine the body of the Eternal Sovereign King, I'll surely be able to advance to a 7th layer Eternal realm. I may even be able to advance to the 9th layer Eternal realm. It's a shame, but it's impossible for me to dispel the sealing force on it!"

Yang Feng ascended the altar and looked at the corpse of Du Luo King sitting on the throne, and his eyes glimmered.

The corpse of Du Luo King contains the power of Bei Da King. If Yang Feng devours the corpse, he will have to contend against the power of Bei Da King.

At this time, Yang Feng only has 5th layer Eternal realm cultivation base. The gap between him and Bei Da King is as great as the gap between a dragon and an ant. It is impossible for him to resist the power of Bei Da King.

"However, with the disc in Du Luo King's hand, when I kill other Eternal Sovereigns, they will die for good! I will gain some characteristics of an Eternal Sovereign King!"

Yang Feng took a deep look at the disc, a scorching shade in his eyes. He bowed to Du Luo King, and then extended his hand and grasped the disc.

"Kill! Kill! Kill!"

"Swear to kill Bei Da King and An Hou King and you will obtain me! I and all the other treasures in the treasury will belong to you!!"

"..."

As soon as the disc entered Yang Feng's hand, endless murderous intent transmitted and surged inside Yang Feng.

"Ling!"

Yang Feng's countenance changed drastically, and he unleashed a fierce roar.

Ling spread the fingers of her hand, and countless mechanical threads flew out, wound around the disc, and pulled it away from Yang Feng's hand.

The crazy and terrifying will was immediately cut off. However, it began to pervade Ling's body.

Yang Feng broke out with countless devour runes that directly devoured and refined the violent murderous intent.

At the same time, countless mysterious runes appeared inside Ling's body and dispelled the resentment and murderous intent left by Du Luo King on the disc.

Yang Feng's eyes flashed, and he said: "Ying, Xingji, go help Ling crack it!"

"Yes, lord!"

Mechanical strands extended from Ying and Xingji and entered Ling's body, and the three Kings of Rulers resonated with each other and began to crack the restrictions.

A series of restrictions were cracked directly, and countless precious bodies of knowledge were extracted and merged into Ling's database.

Yang Feng's eyes glimmered with excitement: "It's an Eternal King grade treasure. It's not something that I would be able to crack. However, it's a broken treasure! And many years have passed since it was broken!"

Originally, Yang Feng should only be able to obtain the precious bodies of knowledge sealed inside the disc after swearing to avenge Du Luo King.

However, Ling directly broke the restrictions and absorbed the bodies of knowledge inside. At the same time, she refined the disc bit by bit and integrated it into her body.

Once Ling completely integrates the disc into her body, she will have some characteristics of a Eternal King grade treasure and become extremely fearsome.

The disc hasn't been nourished for more than 1 million years. Even though it is an Eternal King grade treasure, it has lost most of its spirit. In the face of the joint refining of the three Kings of Rulers, the disc disappeared inch by inch and merged into Ling's body.

Yang Feng channeled a massive amount of Eternal force into Ling. At the same time he used a large number of Eternal Origin Stones, extracted their Eternal origin force, and poured it into Ling.

Ten days later, Ling opened her eyes. Countless strings of information poured into Yang Feng's mind.

"It can break a universe's universe crystal wall, deceive its universe will, and let an Eternal Sovereign sneak into said universe. As expected of a treasure of an Eternal Sovereign King, it possesses incredible power!"

Yang Feng's eyes lit up and flashed with excitement when he saw the countless strings of information.

If an Eternal Sovereign enters a universe that isn't under the control of another Eternal Sovereign, he can use various methods to infiltrate the universe and hide. However, if an Eternal Sovereign tries to enter a universe that is under the control of another Eternal Sovereign, it will be equivalent to digging a hole for himself. Once he enters the universe, he will be quelled directly.

But this treasure can break a universe's the universe crystal wall and deceive its universe will, allowing an Eternal Sovereign to quietly arrive at said universe. This treasure's power is simply incredible.

It was thanks to the power of this treasure that Du Luo King was able to advance step by step and become an Eternal Sovereign King.

After the disc was refined, Yang Feng searched the treasury of Du Luo King and found a lot of precious resources. But he didn't find another Eternal King grade treasure.

A few days later, Yang Feng left the treasury of Du Luo King.

In front of the firmament crystal wall separating Boda Sacred Firmament and a greater firmament.

Ripples surged, and Yang Feng appeared in the void.

"Ling!"

Yang Feng glanced at the firmament crystal wall and spoke flatly.

Ling walked out of the void, and a tiny white jade disc emerged from her forehead and radiated white light that illuminated the firmament crystal wall.

The firmament crystal wall split open, revealing an unobstructed channel.

Shrouded in white light, Yang Feng stepped into the channel together with and entered the firmament crystal wall.

The corners of Yang Feng's mouth rose into a smile: "With this Eternal King grade treasure, I can freely cross firmament crystal walls that I couldn't cross in the past. From now on, except for universes occupied by Eternal Sovereign Kings, there is no universe that can stop me."

In the universe sea, in front of a universe membrane.

Ripples surged, and Yang Feng appeared outside the universe membrane.

"Ling!"

At Yang Feng's order, Ling came out of the void and appeared behind him.

Ling opened her eyes, surged with mysterious white light in her eyes, and investigated the universe membrane.

Ling spoke: "There are no Eternal Sovereign King realm fluctuations of power! There is a 99% probability that this is not the main universe of an Eternal Sovereign King!"

In general, every Eternal Sovereign King has a main universe. In his main universe, an Eternal Sovereign King is an invincible being. Even if two Eternal Sovereign Kings join forces, they can't defeat an Eternal Sovereign King in his main universe.

Of course, if three or four Eternal Sovereign Kings join forces, it is still possible to kill an Eternal Sovereign King in his main universe.

Back in the day, Du Luo King was lured out of his main universe, only then was killed by Bei Da King and An Hou King.

The world of Warlocks is engraved with Yang Feng's Eternal imprint and thus is Yang Feng's main universe.

Yang Feng uttered indifferently: "Let's start!"

Countless mysterious runes appeared in Ling's eyes, and the white jade disc emerged from her forehead and radiated white light that merged into the universe membrane.

Illuminated by the white light, the universe membrane can that resist 9th layer Eternal realm powerhouses was easily decomposed, revealing a deep channel.

"There are Eternal realm fluctuations of power in this world! According to the analysis, they should belong to a powerhouse below the 4th layer Eternal realm!"

When the channel appeared, Ling's eyes glimmered with countless abstruse runes, and she spoke.

Yang Feng frowned and uttered slowly: "There's an Eternal Sovereign here? It looks like this is going to be a bit tricky!"

If it was a universe without Eternal Sovereigns, it would be simple for an Eternal Sovereign like Yang Feng to conquer it.

However, if it's a universe with an Eternal Sovereign, even if it's just a 1st layer Eternal Sovereign, then with the help of the universe will, he can mobilize the power of the universe to quell a 9th layer Eternal Sovereign.

Chapter 1468: Infiltration of the World of Stars

"The strength of this universe's Eternal Sovereign is below the 4th layer Eternal realm. I have Ling's protection! Even if I'm exposed, I can escape from that Eternal Sovereign! I can give it a try!"

Yang Feng's thoughts revolved. His eyes flashed with the shade of determination, and he stepped into the channel.

After crossing the channel, Yang Feng appeared in a nearly boundless starry sky full of stars.

In the boundless starry sky, there are hundreds of stars radiating bright starlight, with each star containing fearsome Eternal realm star force.

Surrounded by the countless stars, there is a huge world.

The corners of Yang Feng's mouth rose into a smile, "There is no rejection and no interference of the universe will. It's really wonderful! Even the Eternal Sovereign of this universe can't sense my existence. It's really wonderful."

Generally speaking, once an Eternal Sovereign of another universe invades an universe, he will trigger the rejection of the universe will. And he will be perceived by the Eternal Sovereigns of said universe in the first moments.

In the past, although Ling Saisi was far stronger than Yang Feng, yet he was easily quelled by Yang Feng in the World of Demongods because of this.

Yang Feng's eyes glimmered with the shade of wisdom, "If I challenge that Eternal Sovereign now, I will be digging a hole for myself. I must take root in this universe! Only by cultivating according to the power system of this universe and integrating into this universe, only then can I defeat that Eternal Sovereign."

With a flash of light, Yang Feng entered that world.

"In order to quickly improve my strength, I must find the most powerful force in this world and use the resources of said force to quickly advance."

"Found it! It's you!"

Faint light flashed, and Yang Feng appeared at the edge of a pond in an imperial palace.

At the edge of the pond, there is a young man full of a noble aura. The young man is already at death's door.

Screams rose in the air as many eunuchs and palace ladies rushed this way.

Yang Feng touched the head of the young man with a finger, and devour force broke out and devoured the young man, including his soul and memories.

In an instant, Yang Feng changed into the young man, lying at the edge of the pond.

"Zhen'er, Zhen'er, don't scare your mother! Imperial physician, what's wrong with Zhen'er? If he passes away, you guys will be buried together with him!"

An extremely anxious voice filled with panic and cold murderous intent came from the side.

An imperial physician replied: "Lady, the seventh prince is just in a state of shock and is cold. It's not a serious illness. As long as he takes a Xingyang Pill, he can recover in less than a day."

The lady scolded, "Hurry up and feed Zhen'er the pill!"

"Yes!"

The imperial physician took out a pill and inserted it into Yang Feng's mouth.

Starlight shone, entered Yang Feng's body, and nourished him.

Yang Feng opened his eyes and saw a very beautiful woman in a palace dress, with long black hair and a slender figure.

Yang Feng has already refined the memories of the seventh prince and knows everything that the seventh prince knows.

This world is called the World of Stars and it has countless stars with fearsome star force suspended in the sky.

Once cultivators of this world reach 16 years of age, they will hold a sacrificial ceremony and offer sacrifices to the stars. During the sacrificial ceremony, the young people will communicate with the stars, awaken their life-bound star, and practice cultivation with the help of the life-bound star's star force.

The World of Stars is divided into three states, namely the state of Zhao, the state of Chu, and the state of Wei. The three states never cease to fight with each other.

The young man that Yang Feng possessed is seventh prince Li Zhen. The very beautiful woman is Consort Mei, one of the consorts of the emperor of the state of Zhao.

“Zhen’er, you’re alright! It’s great that you’re alright!”

When Consort Mei saw Yang Feng open his eyes, she burst into tears and murmured.

Yang Feng made a few perfunctory remarks — only then did Consort Mei leave.

“The person I chose seems to be involved in a court struggle. Was this the doing of the crown prince or the fourth prince?”

After Consort Mei left, Yang Feng recalled the memories of the seventh prince and made some conjectures.

The crown prince is the eldest son of the empress. He awakened the Tiankong Star of the Thirty Six Tiangang Stars as his life-bound star and received the supported of the officials. The fourth prince is the eldest son of the imperial noble consort, Consort Zhen. He awakened the Tianquan Star of the Seven Stars of Beidou. He is more outstanding than the crown prince and is favored by the emperor.

In the World of Stars, the top stars are the Ziwei Star, Wenqu Star, Wuqu Star, Tanlang Star, Pojun Star, and Qisha Star.

Ziwei Star, Wenqu Star, and Wuqu Star are called the Three Tian Stars. Tanlang Star, Pojun Star, and Qisha Star are called the Three Xiong Stars.

Below the Three Xiong Stars and Three Tian Stars are the Seven Stars of Beidou.

Below the Seven Stars of Beidou are the Twenty Eight Xiu Stars.

Below the Twenty Eight Xiu Stars are the Thirty Six Tiangang Stars.

Below the Thirty Six Tiangang Stars are the Seventy Two Disha Stars.

Below the Seventy Two Disha Stars are the first-class stars, second-class stars, third-class stars, and classless stars.

Only powerhouses whose life-bound star is above the level of the Seventy Two Disha Stars can reach the pinnacle of cultivation in this world.

In the state of Zhao, there are more than 50 princes and princesses, but only the crown prince and the fourth prince awakened life-bound stars above the Seventy Two Disha Stars.

The seventh prince was very talented since he was young, and many people believed that he would attain one of the Three Tian Stars as his life-bound star.

The sacrificial ceremony will start in a few days. Only then will the crown prince and the fourth prince begin to attack the seventh prince.

“No matter who you are, once I’ve finished cultivating, I’ll crush you and repay the seventh prince for this identity and memories.”

Yang Feng’s eyes flashed coldly, and he operated a secret method of this world and began to absorb star force drifting in space to refine his body.

Yang Feng has already sealed his Eternal force and refined a body using a strand of his true spirit and the eternal god fruit, Avatar Fruit. This body has no cultivation base. As such, Yang Feng has to cultivate anew.

Only by cultivating step-by-step, absorbing the extraordinary force of this world, and refining his body and soul, only then will he be able to obtain the recognition of the universe will and be able to fight against the Eternal Sovereign of this universe in the future.

In the following days, Yang Feng hid himself in a room and practiced cultivation. With his 5th layer Eternal realm insight, he easily altered the basic cultivation methods of this world and attracted countless strands of star force to strengthen his body’s foundation.

A few days later.

Consort Mei came to Yang Feng’s room and said, “Zhen’er, let’s go to the empress and request her to bestow you a Starbringer Ring!”

Yang Feng responded: “Yes, mother!”

In the World of Stars, there are numerous secret treasures that can help draw star force. The Starbringer Ring is a kind of treasure that aristocratic families and the imperial family refine using countless precious resources.

The Starbringer Ring can enhance the cultivator’s affinity with the stars during the sacrificial ceremony. The reason why the aristocratic families and the royal family have countless powerhouses and talents in each generation, far above that of the common people, is because they have a series of secret treasures such as the Starbringer Ring.

“We pay our respects to the empress!”

After crossing a number of winding corridors, Consort Mei brought Yang Feng to the palace of the empress and saluted the empress.

“Stand up!”

Yang Feng looked over and saw a beautiful and elegant woman dressed in gorgeous silk clothing, with an extraordinary temperament, yet a somewhat unkind air about her sitting in the main seat of the palace. This beautiful woman is the empress of the state of Zhao.

The empress of the state of Zhao revealed an apathetic smile, “Younger sister Consort Mei, what brings you here?”

Consort Mei replied: “Empress, Zhen’er has come of age. He is going to participate in the sacrificial ceremony and awaken his life-bound star. Empress, I request that you to bestow him a Starbringer Ring.”

The empress of the state of Zhao raised the corners of her mouth into a cold smile: "I've already prepared Zhen'er's Starbringer Ring. However, Chun'er borrowed Zhen'er's Starbringer Ring several days ago. Before he borrowed the Starbringer Ring, he said that he would return it to Zhen'er before the sacrificial ceremony."

Consort Mei's pretty face turned ashen, and she knelt on the floor and begged: "Empress, the Starbringer Ring is related to Zhen'er's fate! How could you lend it to someone else? Moreover, if Zhen'er can't get the Starbringer Ring before the sacrificial ceremony, how will he connect with his fated star! Every prince and princess is given the Starbringer Ring when they come of age! Please have mercy and bestow my Zhen'er a Starbringer Ring!"

With a top Starbringer Ring, a cultivator who could originally have awakened one of the Seventy Two Disha Stars can awaken one of the Thirty Six Tiangang Stars.

A top Starbringer Ring can completely change a person's fate during the sacrificial ceremony.

The empress of the state of Zhao clearly doesn't want Liu Zhen to obtain a Starbringer Ring

The beautiful eyes of the empress of the state of Zhao flashed with murderous intent, and she spoke words suffused with coldness. "Consort Mei, do you mean to say that I'm being unfair?"

Consort Mei lowered her head and spoke with an anguished and aggrieved look on her face, "You..."

Yang Feng placed his hand on the back of the head of Consort Mei, and she fainted directly.

"Empress, you are fair! My mother and I admire you very much. We brazenly disturbed you, please forgive us. We'll take our leave now!"

Yang Feng clapped his hands, and two palace maids came in and carried Consort Mei away.

The empress of the state of Zhao looked at Yang Feng's back and uttered slowly, "That kid Liu Zhen really isn't simple!"

A handsome young man walked out and spoke with a smile on his face: "Seventh brother naturally isn't simple! After all, he was able to escape from a Star Elder realm powerhouse. That's quite unexpected."

This handsome young man is Li Xiong, the crown prince of the state of Zhao.

In the World of Stars, cultivators are divided into Star Disciple, Star Warrior (Great Warlock), Star Master (Starry Sky Warlock), Great Star Master (Moonlight Warlock), Star Spirit (Glorious Sun Warlock), Star Elder (Bright World Warlock), Star Venerable (Infinity Warlock), Star Monarch, Star Holy, and Star Emperor.

Chapter 1469: The Wenqu Star Lights up

If cultivators don't awaken their life-bound star, then no matter how they cultivate, they can only cultivate to the 9th layer Star Disciple realm, that is, the level-3 Warlock realm.

Once they awaken a life-bound star, they can directly advance to the Star Warrior realm. Cultivators who have awakened one of the Seventy Two Disha Stars can directly advance to the 9th layer Star Warrior realm.

Peerless geniuses who have awakened one of the Thirty Six Tiangang Stars or the Seven Stars of Beidou can advance to the Star Master realm at one stroke during the awakening ceremony.

Peerless prodigies who awakened one of the Three Tian Stars or the Three Xiong Stars can soar and directly advance to the Great Star Master realm.

A Star Elder realm powerhouse is equivalent to a Bright World Warlock rank powerhouse. For such a powerhouse, it's easy to kill an ant who has yet to reach the Great Warlock realm. It's basically impossible for him to fail.

The empress frowned slightly and said: "The imperial palace has strict security and is guarded by the Celestial Star Array. Even if it's a Star Elder realm powerhouse, it's difficult to secretly kill a person. Assassinating in the palace is unwise. After all, once his majesty finds out, it will be difficult for either you or me to bear the consequences. There cannot be a second time."

In the imperial palace, there are many experts and the rules are strict. If assassins were allowed to run wild, the emperor wouldn't be able to sleep in peace. Once he finds out that the crown prince brought an assassin in the imperial palace, he will surely discard the crown prince.

If the civil and military officials learn of this, they will definitely be disappointed and won't support the prince any longer.

The crown prince lowered his head and said, "What mother said is absolutely right. My thinking was flawed."

The empress asked, "Tell me, how will you deal with this matter?"

The crown prince smiled and answered, "Every prince will be given a top Starbringer Ring upon coming of age. This is a rule set by the founding father of the state of Zhao and cannot be broken. As such, we must give a top Starbringer Ring to seventh brother before the sacrificial ceremony starts. However, if that mutt fails to keep the Starbringer Ring safe and breaks it, it will be a crime worthy of death. By then, he will be beheaded and his head will be used to placate seventh brother."

The empress smiled with satisfaction and said, "Not bad! I'll leave it to you!"

After Concubine Mei woke up, she cried and complained repeatedly, allowing Yang Feng to get a lot of information.

In the harem of the state of Zhao, the empress is the most respected individual. Under the empress, there are four imperial noble consorts, followed by noble consorts, consorts, ladies of bright deportment, ladies of handsome fairness, ladies of lovely countenance, beauties, noble ladies, and ladies of talent.

Concubine Mei is only a concubine and is from humble background. She can't fight with the empress and the imperial noble consort, Consort Zhen.

There are many beautiful women in the harem of the state of Zhao.

The emperor of the state of Zhao favors Consort Mei quite a bit, but he doesn't favor her alone. Under such circumstances, Consort Mei can't resist the empress's decisions.

On the day before the sacrificial ceremony, a top Starbringer Ring was sent to Yang Feng.

“This Starbringer Ring has been tampered with. If this Starbringer Ring was really used in the sacrificial ceremony, I’m afraid it would not only not work, but it would draw you to a third-class star. That’s quite vicious!”

Yang Feng picked up the Starbringer Ring, took a look at it, and smiled coldly, a frigid flash in his eyes.

Yang Feng is a top alchemist. After he advanced to the 5th layer Eternal realm, his alchemy reached an unimaginable level. By taking a look at the Starbringer Ring, he analyzed the principles behind it and realized that there is something fishy.

The princes and princesses of the state of Zhao have much better aptitudes than ordinary people. Generally speaking, after they use a top Starbringer Ring, they can awaken a first-class life-bound star and have the potential to cultivate to the Star Venerable realm.

Once Yang Feng awakens a third-class star as his life-bound star, he’ll be able to cultivate to the Star Spirit realm at most.

A prince who only has the potential to cultivate to the Star Spirit realm is regarded as trash that can’t get any authority nor cultivation resources. He can basically only lead a mediocre life. Even if such a prince is killed, the emperor won’t ask any questions.

The Heavenly Star Hall is located in the west of the imperial palace and is one of the most important palaces of the imperial palace. Every year an awakening ceremony of the imperial clan is held here.

There are tens of thousands of people in the imperial clan of the state of Zhao. Every year there are people awakening in the clan. Of course only when princes come of age, only then will such a grand ceremony be held.

On the main seat in the Heavenly Star Hall, there sits a burly and dignified man in a dragon robe [1]. This man is Li Xingchen, the emperor of the state of Zhao, and he possesses Star Monarch realm cultivation base.

Below the emperor, there is a middle-aged man dressed as a great scholar and a burly man built like a bear.

The middle-aged man dressed as a great scholar is Huangpu Qinghe, the Counsellor-in-chief of the state of Zhao. The burly man built like a bear is Zhou Tianshi, a great general of the state of Zhao.

Huangpu Qinghe and Zhou Tianshi are two most formidable Star Holies of the state of Zhao and protectors of the state.

In the World of Stars, the strongest powerhouses are Star Holies. As for Star Emperor realm powerhouses, there are only mentioned in historical records. They appear for a short moment, and then disappear.

Below the two protectors, there sit consorts of the harem, followed by princes, princesses, and officials.

Next to the empress, there sits an exceedingly fascinating and enchanting woman with black hair and glittering eyes. This beautiful woman is Consort Zhen. She is the woman Li Xingchen favors the most.

There is a dashing prince that stands out from among the other princes. This prince is Li Guanghai, the eldest son of Consort Zhen and the fourth prince of the state of Zhao.

There is a square in the center of the hall. In the center of the square, there is an altar.

Around the square stand dozens of young men and women of 16 years of age.

“Seventh brother, thank you for lending me your Starbringer Ring! I’m sure you will awaken a top life-bound star as compensation!”

A handsome young man with snow-white skin and noble aura came to Yang Feng and smiled coldly, a gleam of derision in his eyes.

This young man is Li Chun, the fourth son of Consort Zhen. He deliberately borrowed Li Zhen’s Starbringer Ring and now he’s deliberately provoking Yang Feng.

If Yang Feng’s avatar Li Zhen gets angry here and is expelled from the awakening ceremony, that’s exactly what Li Chun wants.

Yang Feng glanced at Li Chun and smiled contemptuously, as if he were looking at an ant. Next his gaze fell on the vast starry sky.

“Thirteenth prince, this is a Celestial Star Sacrificial Ceremony. It’s a serious matter. Please conduct yourself with dignity.”

A very beautiful girl with black hair, fair skin, oval face, and picturesque eyebrows came over and admonished coldly.

Li Chun’s eyes flashed with the shade of infatuation, and he replied carefully: “I got it, Tiantian!”

This beautiful girl is Sun Tiantian, and she is a daughter of general Sun Dang. She is a well-known cultivation genius of the younger generation. She is a genius most hopeful to awaken a life-bound star above the level of the Seventy Two Disha Stars. For many people of the imperial clan’s younger generation, she is the woman of their dreams.

“This Li Zhen looks different from before! It seems that he has become more outstanding!”

Sun Tiantian looked at Yang Feng, who emits an ethereal aura, and her beautiful eyes flashed. Next she looked at the altar.

An eunuch uttered, “The sacrificial ceremony has officially begun!”

Four strong men dragged a 100-meter-long star flood dragon with blue scales and a pair of wings to the altar.

Sitting on the main seat, Li Xingchen’s eyes flashed coldly, countless strands of star force wound around him, and he waved his hand.

A star blade emerged abruptly, slashed the head of the star flood dragon, and cut the star flood dragon in two, and blood scattered on the floor.

Mysterious lights emerged and absorbed the blood and soul of the star flood dragon.

A pillar of light ejected out of the altar and rose into the sky.

In an instant, stars appeared in the sky, and starlight sprinkled down and was absorbed by the altar.

On the altar, the Starbringer Rings of dozens of youngsters burst out with dazzling light, absorbed star force coming from the youngsters and condensed it into a stream that flowed into the sky, and they began to connect with the stars.

Yang Feng removed the Starbringer Ring on his finger, threw it on the floor, and crushed it with his foot.

The empress's eyes narrowed, "He found out!"

Li Xingchen's eyes constricted and flashed with annoyance.

Huangpu Qinghe and Zhou Tianshi glanced over and remained expressionless, as if they haven't seen anything.

"He crushed the Starbringer Ring!"

"Sure enough!"

"He was really targeted!"

"The seventh prince is quite clever! It's a pity that he's too candid!"

"..."

The eyes of the officials flickered with the color of regret.

Starlight emerged from Yang Feng and condensed into a beam that shot into the sky together with a tyrannical aura, as if a great emperor commanding the stars.

A white star with mysterious power emerged directly from the void.

After the white star emerged, all the other stars dimmed and no longer emitted starlight. Only the white star suppressing the world remained.

"The Wenqu Star of the Three Tian Stars!"

"This is the Wenqu Star! The seventh prince connected with the Wenqu Star! This is amazing!"

"The Wenqu Star! One of the Three Tian Stars! No one in the state of Zhao has connected with the Three Tian Stars in the past 100 years! The seventh prince connected with the Wenqu Star! The state of Zhao will surely flourish!"

"..."

When the officials saw this scene, their eyes flashed with excitement.

When crown prince Li Xiong saw the Wenqu Star in the sky face, his face distorted, his eyes flashed with jealousy, and he roared in his heart, "The Wenqu Star! How could this be? How could he awaken the Wenqu Star! Why wasn't it me! Why wasn't I the one who awakened the Wenqu Star!"

<hr /> [1] – dragon robe

Chapter 1470: Three Stars Illuminate the World, Innate Human Emperor

Fourth prince Li Guanghai's face distorted and filled with envy: "The Wenqu Star! One of the Three Tian Stars! Why was it him! Why was it this son of a bitch who got the care of the Wenqu Star!"

The eyes of the empress flickered gloomily, and she clenched her teeth: "One of the Three Tian Stars! Curses! This boy must die!"

Two strings of clear tears emerged from Consort Mei's beautiful eyes, and her face filled with excitement: "The care of the Wenqu Star! My good son obtained the care of the Wenqu Star. Our bitter days are finally over!"

Huangpu Qinghe looked at the Wenqu Star emanating endless might in the sky with envy and murmured: "The Wenqu Star! It's the Wenqu Star! One of the Three Tian Stars! How enviable!"

Huangpu Qinghe awakened the Dijue Star of the Seventy Two Disha Stars as his life-bound star. He had to travel through the three states, kill all the powerhouses who have awakened the Dijue Star as their life-bound star, monopolize the Dijue Star's star force, and consume countless resources and time, only then was he able to advance to a Star Holy.

If Huangpu Qinghe had awakened the Wenqu Star of the Three Tian Stars back in the day, then with his talent and hard work he might have already advanced to the legendary Star Emperor realm.

Zhou Tianshi looked at the star in the sky with complex emotions in his eyes, "The Wenqu Star! It seems that a lot of things will take place in the state of Zhao from now on."

If crown prince Li Xiong awakened the Wenqu Star, then his position as the crown prince would be practically as stable as Mount Tai. However, the one who awakened the Wenqu Star was Li Zhen, a prince who has a weak maternal clan and isn't favored. It can be imagined what great waves this will cause in the state of Zhao.

Li Xingchen gazed at the Wenqu Star in the sky with an expressionless look on his face.

Li Chun looked at the Wenqu Star in the sky and felt like vomiting blood, "The Wenqu Star! He awakened the Wenqu Star! How could this be!"

Sun Tiantian looked at the extremely domineering Wenqu Star in the sky with shock in her beautiful eyes: "The Wenqu Star! The Wenqu Star of the Three Tian Stars! Incredible!!"

"Not enough! Come here!"

Standing still in the square, Yang Feng faced the sky and shouted.

Fearsome starlight flew out from Yang Feng's body and entered the sky again.

A star radiating red light emerged from the void and competed with the Wenqu Star, emitting light that is not inferior to the light of the Wenqu Star.

"The Wuqu Star! That's the Wuqu Star!"

"Two Tian Stars!"

“The seventh prince is actually this talented!”

“Two Tian Stars! The care of Two Tian Stars! He’s a peerless genius that appears once in 1,000 years!”

“The last Star Emperor got the care of Two Tian Stars! He was invincible in the same realm!”

“The care of Two Tian Stars! The state of Zhao will surely prosper!”

“...”

In the Heavenly Star Hall, the officials commented with excitement in their eyes.

Once someone awakens one of the Three Tian Stars or the Three Xiong Stars, he will be regarded as a monstrous genius that appears once in 100 years.

However, when someone gets the care of two such stars, they will be regarded as a genius among geniuses, a monster among monsters that can sweep all enemies in the world.

“Two Tian Stars! Why do the heavens favor him so much! I am the crown prince! I am the crown prince of the state of Zhao!”

Crown prince Li Xiong’s face twisted into a vicious expression. He clenched his hands tight, and blood dripped down from his hands.

With a vicious expression on his face, fourth prince Li Guanghai greeted his teeth tightly, nearly breaking them, “Damn it! Li Zhen, you deserve to die!”

Huangpu Qinghe’s eyes shimmered with envy, and he sighed lightly: “If he doesn’t die, he will easily become a Star Monarch in the future. As for becoming a Star Saint, it’s only be a matter of effort. How truly enviable.”

The population of the state of Zhao exceeds 3 billion, yet it only managed to produce two Star Holies. This shows how difficult it is to advance to the Star Holy realm. Even if it is a genius who has awakened one of the Thirty Six Tiangang Stars, it is extremely difficult to advance to the Star Holy realm.

Yang Feng got the care of Two Heavenly Star. As long as he works hard and has enough resources, he won’t encounter any bottlenecks along the way to the Star Holy realm.

Zhou Tianshi’s eyes glimmered: “Two Tian Stars! It’s a pity that he isn’t the crown prince!”

Sun Tiantian looked at the two stars in the sky with shock in her beautiful eyes: “Two Tian Stars! That’s unbelievable!”

“Not enough! Ziwei Star, come out!”

Yang Feng’s eyes flashed coldly, and starlight flew out of his body and rose into the sky.

Along with a flash of ripples, a star emitting purple aura emerged, contended against the Wenqu Star and the Wuqu Star, and even put pressure on the two stars.

The star emitting purple aura is the Ziwei Star of the Three Tian Stars!

“The Ziwei Star! It is the leader of the Three Tian Stars, the Ziwei Star!”

“Three Great Stars have come out! How is this possible?”

“He got the care of Three Great Stars!”

“He got the care of Three Great Stars! He’s a Star Emperor seedling!”

“He got the care of Three Great Stars! He’s an innate human emperor!”

“...”

The spectating officials were struck dumb, unable to believe their eyes.

In the World of Stars, only during the fiendgod age, an era where countless powerhouses fought each other, only then did peerless prodigies who have obtained the care of Three Great Stars appeared.

In the ancient times, star beasts and star devils dominated of the world, while humans were just slaves and food of the star beasts and star devils.

After countless studies, the ancestors of the human race finally mastered the sacrificial ceremony, awakened their fated stars, started cultivating, and began to fight the star beasts and star demons.

The first human who got the care of Three Great Stars became the first human emperor and led the human race to create a state belonging to the human race in the World of Stars.

In the following period of time, every era had a human who got the care of Three Great Stars, was crowned as the human emperor, and commanded the human race to fight against the star beasts and star devils.

After going through seven human emperors, the humans defeated the star beasts and the star devils and drove them to the wilderness.

After the seven human emperors, no human has ever again gotten the care of Three Great Stars in the World of Stars.

The Star Holy Huangpu Qinghe couldn’t help but be dumbfounded, and he stared at Yang Feng on the square: “Innate human emperor! It’s actually an innate human emperor!”

Zhou Tianshi smiled bitterly, and his eyes flashed with worry, “Innate human emperor! He’s born at the wrong time!”

If it were in the ancient times, when humans had mortal enemies like star beasts and star devils, a person who got the care of Three Great Stars would be supported by the whole human race, become the human emperor, and lead the human race to fight the star beasts and star devils.

But now that the star beasts and star devils have been expelled to the wilderness, with the three states have been fighting incessantly, an innate human emperor who got the care of the Three Great Stars will likely have a rough time.

Zhou Tianshi glanced at Li Xingchen and saw that he is still expressionless, yet his hands are clenched tight, to the point that veins are protruding.

The empress looked at the Three Great Stars in the sky, and the corners of her mouth rose into a slight smile, "Three Great Stars illuminate the world! Innate human emperor! Great! Great! Great! You're doomed!"

"Even though you are an innate human emperor, you will die if you stand in my way!"

Crown prince Li Xiong stared at the Three Great Stars in the sky with crazy killing intent in his eyes, and then glanced at fourth Prince Li Guanghai.

"Li Zhen must die!"

Fourth prince Li Guanghai and crown prince Li Xiong looked at each other and exchanged terrifying murderous intent. In this moment, the two mortal enemies became kindred spirits.

Sun Tiantian looked at the Three Great Stars in the sky in confusion, "Three stars illuminate the world! Innate human emperor! He's an innate human emperor, how is that possible? How come I couldn't see it!"

Li Zhen was really smart since he was little, and his cultivation talent was far superior to that of other young princes in the imperial clan. However, for him to reach the innate human emperor level, that's virtually impossible.

No matter how Sun Tiantian thinks about it, she doesn't think that Li Zhen should be an innate human emperor.

Li Chun was so depressed that he felt like vomiting blood: "Innate human emperor! How can this be? How can he be an innate human! Impossible! Impossible!"

The dazzling starlight radiated by the Three Great Stars turned into three pillars of starlight that dropped from the sky and landed on Yang Feng.

Bathed in endless starlight, Yang Feng's aura climbed steadily, and then made a breakthrough and reached the Star Warrior realm. Without stopping, after a few breaths of time, Yang Feng's aura made a breakthrough and reached the Star Master realm.

After staying in the Star Master realm for a moment, Yang Feng's aura made another breakthrough and reached the Great Star Master realm. After a short stay in the Great Star Master realm, he advanced again and reached the Star Spirit realm.

"Star Spirit! He stepped across four great realms and advanced to a Star Spirit in one go! As expected of an innate human emperor!"

"Three stars illuminate the world! Innate human emperor! That's unbelievable!"

"In ancient times, once an innate human emperor awakened, he could fight star beasts and star devils! That seems to be true!"

"So this is an innate human emperor!"

"..."

The spectating officials commented spiritedly.

Star Spirit realm powerhouses are comparable to Glorious Sun Warlocks. Even if it's in the World of Stars, they are experts who can rule over a faction.

The overlords of small cities are Star Spirit realm experts. Yang Feng's avatar Li Zhen was just a level-3 Warlock realm powerhouse before. Once he awakened his life-bound star, he advanced to a Glorious Sun Warlock rank powerhouse in one go. This progress is beyond remarkable.

"In the name of Ziwei Star, Tiankui Star, I summon you!"

Yang Feng looked up at the sky and shouted sternly.

The Ziwei Star glittered, purple light entered the sky, and the Tiankui Star of the Thirty Six Tiangang Stars appeared directly in the void.
