

MGE 1491

Chapter 1491: Causing a Worldwide Stir

Veida Star, in a field, Carthage dressed in white and surrounded by six scarlet crystal guns advanced forward.

Red beams ejected out from the crystal guns and shot towards the surroundings, killing one direbeast after another.

As if a god treading in a world of direbeasts, Carthage quelled the vicious direbeasts one after another.

“Carthage! I love you!”

“Carthage, I want your baby!”

“...”

Duda Star, around the giant crystal screens, many young girls watching the elegant and dashing Carthage clamored.

“Come out! I’ve already discovered you guys! There are six of you! People of Battlegod College! Five Class 2 Extraordinaries and one Class 3 Extraordinary! Hand over your points, and then scram! And I will spare your lives!”

All of a sudden, Carthage stopped in his tracks and looked towards an underbrush, and his eyes filled with the shade of ridicule.

“Go!”

Along with a shout, a rain of beams ejected out from the underbrush and shot towards Carthage.

Duyun Universe’s powerhouses have strong offense and weak defense. With a formidable enough secret treasure, even a class 1 Extraordinary can display strong enough destructive power to threaten a Holy Spirit Warlock realm powerhouse.

Since Veida Star is a trial by fire site of the three colleges, such terrible weapons naturally can’t be brought. However, the attacks of class 2 and class 3 Extraordinaries can break the armor of class 5 Extraordinaries.

“Fools! Since you’re tired of living, then go to hell!”

Carthage snorted coldly. All of a sudden, as if he teleported, he disappeared from his original location along with a flash of afterimages.

Beams slammed into Carthage’s afterimages and passed right through them.

“Scarlet Light Dance!”

Carthage’s voice suddenly sounded. In an instant, as if divine punishment, scarlet rays dropped down from the sky and stabbed into the underbrush.

“No!”

“Save me!”

“...”

Along with miserable screams, the armor of the six students of Battlegod College shattered, and they turned into powder and disappeared.

When he saw this, Beddes snorted coldly, his expression unsightly, “Humph!”

Duyun Universe’s secret methods have strong offense but weak defense. As such, it is very common for people to die in battle. Know your enemy and know yourself, this is a maxim that everyone must abide by. After all, if you make a mistake in judgement, only death will await you.

Jessica’s voice full of emotion transmitted from the giant crystal screens, “As expected of Carthage! The freshman representative of Duda Royal College is really strong. Despite being faced with six opponents, he was still able to defeat the enemy! Amazing. I think I have fallen in love with him.”

“Carthage!”

“...”

Cheers broke out on Duda Star. In Duyun Universe, the strong were respected to begin with. Now that the universe devour war broke out, the strong were respected even more.

Carthage is both dashing and strong, so naturally there are countless people who idolize him.

“Heavens! Someone came! It’s Arthur! The freshman representative of Battlegod College, Arthur! Carthage and Arthur are both geniuses from Lemmens Academy! However, Arthur’s fiancée dumped him for Carthage!”

“Now that the two geniuses have met, the predestined fight is about to break out!”

“This is definitely the most exciting duel of the freshman competition so far!”

Jessica’s excited voice transmitted from the crystal screens.

“Carthage!”

“Carthage is invincible! Arthur is going to die!”

“...”

Frightening clamor erupted on Duda Star.

Arthur is a handsome lad. But compared with the dashing Carthage, he’s not in the same league.

Veida Star.

“Arthur!”

Carthage looked at Yang Fen dressed in bronze battlegear walking towards him with a dignified shade in his eyes and said slowly, “I really didn’t expect that you would be able to become the freshman representative of Battlegod College.”

Yang Feng smiled coldly and spoke without any sincerity, "Carthage, this is the most suitable place for us to duel! If you admit defeat and leave Veida Star, then I will spare your life."

The crystal plaques of the students on Veida Star all have a teleportation mark inside them. Once they feel that the situation is bad, they can operate the teleportation mark and escape. However, if it is during a deadly battle, it will be hard to activate the teleportation mark.

"Arthur, since you're tired of living, then I'll give you a helping hand!"

Carthage sighed lightly, and a cold gleam streaked across his eyes. Along with a flash of scarlet light, red marks appeared on his body and formed a scarlet battlegear.

Class 4 Extraordinary realm aura diffused from Carthage.

"Class 4 Extraordinary (Glorious Sun Warlock)! Carthage has already advanced to class 4! He's a true genius! He just joined Duda Royal College, yet he has already advanced to a class 4 Extraordinary! As expected of Duda Royal College, its reserves are really deep! Carthage is a once in a century genius of Duda Royal College not for no reason!"

Jessica's exclamations came from the crystal screens.

In Duyun Universe, individuals below class 1 Extraordinary realm are at the bottom rank of society. Class 1 Extraordinaries are already regarded as elites. As for class 4 Extraordinaries, they are big shots who will be welcomed wherever they go.

Carthage is less than 30 years old, yet he already advanced to a class 4 Extraordinary. This is simply outrageous.

It should be noted that in the past several freshman competitions, the freshman representatives of the three colleges were pinnacle stage class 3 Extraordinaries at most. A class 4 Extraordinary can practically be regarded as an invincible being in the freshman competition.

"Carthage!"

"Get rid of Arthur!"

"Carthage, I love you!"

"..."

Crazy cheers erupted around the giant crystal screens. The young girls were more so excited and looked at Carthage with adoration in their eyes. The dashing and strong Carthage is basically an Adonis in the eyes of the young girls.

"Scarlet Light Dance!"

Carthage's eyes flickered icily. All of a sudden, six scarlet crystal guns rotated, and scarlet beams ejected out and barreled towards Yang Feng.

"Bronze Shield!"

Yang Feng smiled coldly and took out a bronze shield, and class 5 Extraordinary realm pressure broke out.

Jessica's countenance change, and she exclaimed, "Class 5! Oh heavens! Arthur is actually a class 5 Extraordinary! How is that possible? How can a freshman possess class 5 Extraordinary realm cultivation base!"

"Class 5!"

"How is that possible?"

How can Arthur be a class 5 Extraordinary!"

"Is that even possible?"

"..."

The complexion of the spectators on Duda Star changed dramatically, their eyes flickered with disbelief, and they exclaimed one after another.

Wella's beautiful eyes flickered with shock, and she muttered, "Class 5! Class 5 Extraordinary! So this is a 10 stars genius! No, this is a freak that exceeds the level of a 10 stars genius!"

"Fortunately the Azalea Family didn't become enemies with him!"

"Class 5! He's surprisingly a class 5 Extraordinary! His evolution speed is terrifying!"

"Fortunately we have already resolved the enmity with him!"

"..."

When they saw this, the elders of Azalea Family were dumbfounded, and their eyes filled with both rejoicement and fear.

The Azalea Family has no class 5 Extraordinaries standing guard. If the class 5 Extraordinary realm Yang Feng acts against the Azalea Family, it will be a great headache for the other party. Furthermore, the most scary thing is that Yang Feng is really young. His future prospects are simply unfathomable.

At the thought that they have offended such a fearsome figure, a chill inadvertently welled up in the hearts of the people of the Azalea Family.

Swenett's complexion changed greatly, and he stood up, stared at Beddes, and shouted, "Class 5 Extraordinary, how is that possible? Impossible. Beddes, did you guys find someone ineligible to participate in the freshman trial by fire?"

Beddes replied with a faint smile, "All freshmen are strictly tested, and their records are registered. You can go check it."

Swenett quickly entered the internet. After he confirmed the details, his face turned ashen, and he said no more. He's gaze fell on the crystal screen.

On Veida Star.

Cyan marks circled around the bronze shield and formed a powerful defensive barrier.

When the scarlet beams slammed into the bronze shield, they were drawn towards the side by the defensive barrier.

“Caught you!”

Almost in an instant, Yang Feng appeared in front of Carthage and swung his sword at the other party, a cold look in his eyes.

“You don’t have the qualification to kill me. Let me kill you! Become a stepping stone on my path to an Eternal!”

Carthage’s eyes flickered coldly, and crimson crystals appeared.

Along with flashes of red light, Carthage split into nine.

The nine Carthage operated 54 scarlet crystal guns and shot at Yang Feng.

Scarlet beams tore the space and barreled towards Yang Feng.

“What an impressive secret method! With help of the power of crystals, you can transform into nine clones with such terrifying combat power! It’s a shame, but you aren’t a match for me!”

Yang Feng sneered. The bronze wings behind him flapped, and he strangely appeared behind the nine Carthage in a flash and swung his sword at an empty place.

Chapter 1492: Slaying Carthage

Six crystals appeared at once, and formed a hexagon crystal shield blocking in front of the sword.

When the sword collided with the hexagon crystal shield, it broke out with terrifying force and shattered the hexagon crystal shield, and then continued to swing forward.

Frightening bloody light gushed out and scattered everywhere.

With a flash of distorted ripples, Carthage appeared in the void, his handsome face twisted. He shouted loudly, “How did you know where I was? You couldn’t have known! Even if you’re a class 5 Extraordinary, but you couldn’t have seen through my secret method.”

“A class 5 Extraordinary naturally can’t see through your secret method. But if an Eternal couldn’t see through it, that would be ridiculous.”

Yang Feng sneered in his heart. He swung down his sword, and the energies within thousands of kilometers surged and formed an invincible sword ray slashing towards Carthage.

“Stop, I...”

Carthage’s complexion changed drastically, and he shouted. Defensive barriers appeared in front of him one after another.

The invincible sword ray slashed down and burst the defensive barrier that appeared in front of Carthage like bubbles!

“Stop!”

At this time, light emerged in front of Carthage’s chest and formed a projection of Swenett, which crashed Yang Feng’s sword ray.

“Swenett! This is the power of teacher Swenett of Duda College! This freshman competition is really full of surprises. Carthage actually has a crystal with Swenett’s power sealed inside it. That’s really shocking!”

Jessica’s voice of astonishment transmitted from the giant crystal screens.

“That’s cheating! Damn it, that’s blatant cheating!”

“Duda Royal College is cheating!”

“That’s cheating! Blatant cheating!”

“Duda Royal College, eat shit!”

“...”

Curses sounded around the giant crystal screens.

The freshman competition is advertised to be fair, impartial, and just. The students who enter Veida Star will have their equipment inspected. Except for secret treasures that suit their level, other secret treasures can’t be brought to Veida Star.

Seeing as Carthage has a crystal containing Swenett’s power, its obvious that Swenett cheated.

Beddes’s eyes turned cold and flashed with frigid murderous intent, and he spoke while enunciating each syllable, “Swenett, you cheated! Are you looking down of Battlegod College?”

Doune of Purple Eye College looked at Swenett coldly, and his eyes flashed with an endless chill.

Swenett’s eyes flashed with exhaustion, and he said slowly, “Duda Royal College concedes defeat in the freshman competition. All rewards will belong the your two colleges. In addition, Duda Royal College will concede defeat for the next three years and yield the resources of the freshman competition to you guys. Carthage is a personal disciple of our college’s dean and cannot die!”

“Humph!”

When he heard that, Beddes could only snort coldly and stay silent.

The dean of Duda Royal College is a quasi-Emperor realm powerhouse, infinitely close to the Emperor realm. He is one of the overlords in control of Duda Star.

Coupled with the fact that Duda Royal College has given up many benefits, Beddes can’t be overbearing. If a quasi-Emperor realm powerhouse gets angry, it’s not something that he can bear.

Veida Star.

“I am Swenett, a teacher of Royal Duda Star! You won the battle! However, I will take Carthage away!”

After crushing Yang Feng's sword ray, Swenett's projection took a deep look at Yang Feng and waved his hand, and a blue teleportation beam shrouded Carthage.

"Arthur, I will remember today's humiliation! Within 10 years, I will make you pay for this humiliation a hundred-fold!"

Carthage glared at Yang Feng with resentment in his eyes and spoke while enunciating each syllable.

"Since that's the case, then you should die here!"

Yang Feng smiled coldly and waved his hand, and a blue crystal disc flew out.

Blue marks surged, and terrifying spatial ripples diffused from the blue crystal disk and swept towards Carthage.

The blue teleportation beam was severed.

"Bye! Carthage!"

Yang Feng sneered and pointed with his hand, and six blue guns appeared and fired blue beams shooting towards Carthage.

"Stop!"

The eyes of Swenett's projection widened from anger, and he blocked in front of Carthage.

The blue beams slammed into Swenett's projection and crushed it, and then instantly swallowed Carthage and blasted him to pieces.

Jessica's beautiful eyes shimmered with shock, and she cried out, "Oh heavens, Carthage died! What did I just witness! The freshman representative of Duda Royal College died at Arthur's hands! This is just too shocking!"

"Beautifully done, Arthur!"

"Way to go!"

"Arthur, you wretch, you killed Carthage! Curse you!"

"Return my Carthage!"

"..."

The entire Duda Star saw this live. Some rejoiced at Carthage's death, while many others bemoaned it.

Swenett stood up from his seat and roared frenziedly, his eyes shot with blood and nearly spitting out flames, "How dare he! How dare he kill the representative of Duda Royal College! I'm going to kill him! I'm definitely going to kill him!"

Beddes's eyes glimmered with derision, and he said with a cold smile, "Settle down, Swenett! It was an accident. Isn't death something common in the freshman trial by fire? When Carthage killed students of Battlegod College, I didn't interfere. Or do you want to cause a war between our two colleges?"

Swenett's eyes flashed with frigid murderous intent, and he uttered while enunciating each syllable, "It doesn't matter if others die. But Carthage is a personal disciple of our dean. He cannot die! Beddes, hand over Arthur. Duda Royal College will give you South Morning Star in return!"

Doune's complexion changed slightly, and he said with a deep voice, "South Morning Star! Swenett, you're really determined!"

South Morning Star is a Holy star under the control of Duda Royal Star with abundant resources and can produce Holy rank powerhouses.

For Swenett to wish to exchange this star for Yang Feng's life, this is beyond shocking. If he was in this position, Doune probably wouldn't be able to resist this temptation.

To exchange a star that can bear Holies for a class 5 Extraordinary, that's a great bargain. Although Yang Feng is a once in a century genius, but he's just a class 5 Extraordinary after all. He isn't worth a Holy star.

Beddes's eyes flickered, and he said with regret, "That's quite the offer! It's a shame, but Arthur is a personal disciple of vice-dean of Battlegod College, lady Collie, as well as my junior disciple brother. I can't accept your terms."

Swenett's eyes constricted. His arrogance and overbearingness disappeared, and his eyes flickered with a dignified shade, "Lady Collie!"

Collie is one of the strongest experts of Duda Star. Even the dean of Duda Royal College may not necessarily be a match for her. The most terrible thing about her is that she acts recklessly.

At one time a great force provoked Collie, so she went crazy and killed more than 1 million people at one stroke.

It was because Collie went crazy back then that she was stripped of the position of dean of Battlegod College, demoted to the vice-dean, and forced to stay in Sky Crystal Realm for years on end.

"Carthage died at Arthur's hands. If nothing unexpected happens, Arthur should place first in the freshman trial by fire."

"Oh no! Class 6, class 6 direbeasts! And there are three of them! Akalon of Duda Royal College has drawn three class 6 direbeasts! Arthur is in danger!"

"Let's cheer for the smart Akalon!"

Jessica's eyes suddenly flickered with excitement, and she shouted loudly.

On Veida Star, a 1,000 meter long fire roc shrouded in raging flames, a terrifying tortoise, a three headed dragon beast with three dragon heads and three pairs of dragon wings shot towards Yang Feng's position.

In front of the three class 6 direbeasts, Akalon donning an invisibility armor, which completely hides his figure, only revealing his aura, is drawing the three angry class 6 direbeasts towards Yang Feng's location.

“Carthage, Arthur, you must die! Only I can take first place in the freshman trial by fire! Only I, Akalon!”

Akalon’s eyes flickered coldly. Although he’s just a class 3 Extraordinary, but in a fateful encounter, he obtained a super invisibility crystal armor. Once the invisibility crystal armor is activated, even class 6 Extraordinaries won’t be able to discover vestiges of him.

Akalon intentionally used a scent that can attract class 6 direbeasts in order to use them to get rid of Yang Feng and Arthur.

“Idiot!”

Yang Feng glanced at Akalon with ridicule and pointed with his hand, and six blue crystal guns appeared. Blue beams slammed into Akalon’s legs in an instant and blasted them apart.

A large amount of blood splashed out of Akalon’s legs.

Chapter 1493: Surge

“How is this possible! How did you find me!”

Akalon’s eyes flickered with shock, and he unleashed heart-wrenching shouts filled with disbelief.

A blue crystal plaque appeared, and blue marks flew out from the blue plaque, wound around Akalon, and began the teleportation process.

The three-headed dragon beast with three pairs of dragon wings opened one of its mouths, and a terrifying whirlpool appeared and shrouded Akalon.

Akalon was channeled into the mouth of the three-headed dragon beast in a flash, and blood splashed on the ground.

Jessica exclaimed, “Akalon is finished! However, Arthur is in a bind! There are three class 6 direbeasts! He’s in danger!”

“What a pity! It seems that Arthur is done for!”

“If it was against one class 6 direbeast, Arthur still might have a chance! But against three, he’s screwed!”

“What a shame!”

“...”

Duda Star, voices of pity erupted around the giant crystal screens.

Beddes stared at the a giant crystal screen with a tense look in his eyes.

If it were against one class 6 direbeast, Yang Feng still might have a chance. But against three, he’s in great danger.

Yang Feng swept the three class 6 direbeasts with his eyes. His figure shook slightly, and he darted towards the three-headed dragon beast.

The three-headed dragon beast suddenly opened its three mouths, and terrifying whirlpools appeared, shattered the void, and shot towards Yang Feng.

Nine blue crystals appeared and surged with marks, and nine figures identical to Yang Feng emerged.

The three heads of the three-headed dragon beast bit three Yang Fengs and crushed them.

“Blue Light Dance!”

The remaining six Yang Fengs took out six blue crystal guns, and a hail of blue beams shot towards the three-headed dragon beast and blasted its head apart.

The 1,000 meter long fire roc belched out a beam of fire sweeping towards the six Yang Fengs.

In the wake of the pillar of fire, the six Yang Fengs were smashed into powder one after another

Along with a string of afterimages, Yang Feng appeared in front of the class 6 tortoise and took out a 10 meter long blue gun.

“Perish!”

Yang Feng locked on the class 6 tortoise and pulled the trigger, a cold look in his eyes.

A blue whirlpool appeared. In an instant, a blue beam ejected out from the blue whirlpool and slammed into the head of the class 6 tortoise.

The blue beam blasted apart the head of the class 6 tortoise in a flash. Terrifying light entered the class 6 tortoise and crushed it.

The eyes of the 1,000 meter long fire roc flickered ferociously, and it flapped its wings, appeared in front of Yang Feng along with terrifying flames, and sent its talons shrouded with terrifying fire barreling towards Yang Feng.

The terrifying talons struck Yang Feng and easily blasted him apart.

Along with a flash of ripples, Yang Feng emerged above the fire roc, and six guns appeared and unleashed a rain of blue beams that slammed into the head of the fire roc and blew it into countless pieces.

Jessica spoke full of excitement, “Dead! Arthur killed three class 6 direbeasts! That’s unbelievable! Arthur is really a prodigy! I love him! Everyone, let’s cheer him on!”

“Arthur! I love you!”

“Arthur, you’re the best!”

“Arthur, I want your baby!”

“...”

Cheers broke out around the giant crystal screens on Duda Star.

Each one of the three class 6 direbeasts can easily tear a class 5 Extraordinary to shreds. Yet Arthur easily overwhelmed the three by himself. This is simply outrageous.

Yang Feng walked towards the corpse of the three-headed dragon beast and extracted three dazzling dragon beast cores.

Yang Feng waved his hand, and a blue crystal pyramid appeared and shrouded him.

The three dragon beast cores were embedded into the blue crystal pyramid.

Blue marks emerged from Yang Feng and flowed into the blue crystal pyramid.

The blue crystal pyramid glimmered, and blue light flowed into Yang Feng from it.

After a dozen plus breaths of time, fearsome blue light pervaded Yang Feng's body, and his aura climbed up, made a breakthrough, and reached the class 6 Extraordinary realm at one go.

Jessica's pretty eyes glimmered, and she shouted passionately, "Class 6! O heavens, Arthur is truly a genius! He actually advanced to a class 6 Extraordinary! He broke Duda Star's advancement record. Amazing! I think I'm in love with him!"

"Class 6! Class 6 Extraordinary!"

"How is that possible?"

"That's inconceivable!"

"Arthur!, Arthur, I love you!"

"..."

Clamor rose on the entire Duda Star. Class 6 Extraordinary, which is comparable to Infinity Warlock, is regarded as expert on Duda Star. For Yang Feng to be able to advance to a class 6 Extraordinary, that's unbelievable.

Beddes was dumbfounded when he saw this, a look of disbelief on his face, "Class 6! No wonder vice-dean chose him! His progress rate is terrifying!"

The cultivation speed of powerhouses of Duyun Universe is much faster than that of powerhouses of the world of Warlocks. Even so, Beddes spent nearly 150 years to cultivate to the class 6 realm back then.

Less than a year after joining Battlegod College, Yang Feng advanced from a class 1 Extraordinary to a class 6 Extraordinary. This speed is simply outrageous.

Swenett took a deep look at Yang Feng and said through greeted teeth, his eyes filled with resentment, "Damn it!"

Yang Feng's evolution speed is too terrifying. Swenett isn't sure that he can make Yang Feng pay.

"Class 6 Extraordinary! Dammit! How can there be such a genius!"

Equipped with a fire red battlegear, the gorgeous Lisa, the representative of Purple Eye College, looked at Yang Feng from afar with unwillingness in her eyes.

Lisa is a true genius. Not long ago, she made a breakthrough and advanced to a class 4 Extraordinary. With her strength, if it were in the past, she would be able to take first place in the freshman competition.

However, even if it's against Carthage, Lisa had no certainty of winning. Now that Yang Feng advanced to a class 6 Extraordinary, Lisa even more so had no certainty of winning.

Yang Feng opened his eyes, looked in Lisa's direction, and smiled coldly.

"He found me!"

Lisa's complexion change, as if she was locked on by an ancient direbeast.

She took out a blue crystal. Blue marks surged, and spatial force shrouded Lisa and teleported her away from this star.

Jessica uttered, "Lisa chose to retreat! That's a wise choice! There's no longer anyone on Veida Star who can stop Arthur."

"Lisa, you chose well."

"That freak Arthur isn't something people can contend against!"

"Lisa, you're smart! I love you to death!"

"..."

Cheers erupted around the giant crystal screens on Duda Star. Lisa is very beautiful and elegant. In the past few days, she has already conquered the hearts of many men and has become a new celebrity of Duda Star. The people naturally don't wish to see her die at Yang Feng's hands.

The following day, without any suspense, Yang Feng killed all the direbeasts that he came across. Most students of the other two colleges were forced by Yang Feng to leave Veida Star.

Several students of Battlegod College foolishly provoked Yang Feng and were easily disposed of.

Teleportation beams flashed, and Yang Feng and company were teleported out of Veida Star and appeared in the palace.

In the palace, there are three people sitting on seats of honor, namely Beddes and the other two class 7 Extraordinaries.

At this time, Swenett gazed at Yang Feng with a gloomy face, and his countenance change several times. He wished he could attack Yang Feng and tear him into dregs.

Beddes raised his eyebrows and said loudly, "Now I shall announce the winner of this time's freshman competition! The winner is Arthur!"

A golden crystal plaque flew out from Beddes's hand and entered Yang Feng's hand.

Jessica impassioned voice sounded, "Arthur took first place in this time's freshman competition! He got the chance to cultivate in Holy Crystal Realm for a year. With his talent, I'm afraid he will have become a class 7 Extraordinary the next time we see him!"

“Arthur!”

“Arthur! I love you!”

“...”

A cacophony of cheers sounded around the giant crystal screens on Duda Star.

From this point on Yang Feng’s avatar, Arthur, is a great celebrity of Duda Star.

Numerous advertisement contracts and endorsement contracts poured into Yang Feng’s mailbox like a flood.

Cultivation requires an astronomical amount of resources. The cultivation resources offered by the three colleges aren’t sufficient. As such, many students who have taken first place in the freshman competition have taken this opportunity to shoot commercials and receive endorsements and use the proceeds to purchase previous cultivation resources.

Chapter 1494: Edwina

“Master, Relekha Group invited you to be a spokesman for the Sky Crystal Pyramid they produce. They are willing to pay you 3 billion credits!”

The crystal cat housekeeper appeared beside Yang Feng and made a report.

Yang Feng uttered flatly, “Reject all commercials and endorsements!”

Now is the most important period for Yang Feng.

If the universe devour war enters the final stage before Yang Feng advances to an Eternal, it will become troublesome for him.

Even if it’s a genius, cultivation resources and cultivation time are a must. Yang Feng’s evolution speed is already fast to the extreme. But if he wastes time yet maintains his evolution speed, it will trigger suspicion.

“Empress Britnay invited you for dinner.”

Yang Feng hugged Victoria, who is dressed in a maid outfit, and said with an indifferent expression, “Not interested. Reject all such invitations from now on.”

All of a sudden, Yang Feng flicked his wrist, and the ID crystal plaque appeared.

Beddes’s voice came from the crystal plaque, “Arthur, come to the Light Gun Pavilion!”

Yang Feng’s eyes lit up, and he got up from the bed and took a bath, and then entered the teleportation chamber and teleported to Light Gun Pavilion.

Beddes looked at Yang Feng with praise in his eyes, “Arthur, you have done well these days. I thought you would be carried away after taking first place in the freshman competition. But it seems that my worries were unfounded.”

Yang Feng has been staying in his room and cultivating these days, not paying any attention to the outside world. Beddes is very satisfied with his attitude.

As a teacher of Battlegod College, Beddes has seen many people that got carried away after gaining some success. But seeing that Yang Feng has been cultivating hard in seclusion, he couldn't help but be satisfied.

Yang Feng responded with a light smile, "I just did what I was supposed to do."

"Well said! I'll be taking you to Holy Crystal Realm now!

Beddes took out a blue staff and pointed with it, and a blue light shone and shrouded him and Yang Feng.

Along with a flash of blue light, Yang Feng appeared in a wide space.

"Greetings, master!"

100 plus beautiful, gorgeously dressed women greeted.

"Arthur, this is my Focus Crystal Ship. We will reach our destination in five days, so go and have a good rest! If you just cultivate all the time, it won't be good for your mind! These are top products I just bought. I'm sure you will like them."

Beddes laughed and beckoned to several beautiful girls with a finger, and the girls walked towards him with cheerful expressions.

"Many thanks, senior disciple brother!"

Yang Feng smiled and beckoned with his finger, choosing a couple of enchanting girls.

Five days later.

The 10,000 meter long Focus Crystal Ship emerged in the void and entered a 1,000 kilometer long crystal fortress.

Beddes warned, "This is Holy Tiger Fortress, one of the fortresses that can enter Holy Crystal Realm. Arthur, the people here are geniuses going to Holy Crystal Realm. You should make a few friends here. This will be of great benefit to you in the future."

Yang Feng replied with a smile, "Yes, senior disciple brother!"

With Beddes leading the way, Yang Feng arrived at a huge square.

After taking Yang Feng to the square, Beddes left. Although he is a class 7 Extraordinary. However, he doesn't have the qualifications to enter Holy Crystal Realm.

In the square, there are good-looking attendants as well a geniuses coming from different stars.

Duda Star is just a fairly powerful star of Duyun Universe under the control of Ling Jianan, one of the six Eternals of Duyun Universe.

Duyun Universe had nine Eternals at first. But after they slaughtered one another, only six remained. After Ling Jianan was killed once by Yang Feng, he was severely injured and would have been ganged up on and killed by the other five Eternals.

But since the universe devour war was on the horizon, the other five Eternals not only didn't kill Ling Jianan, but even provided him with a large amount of resources for him to heal himself and recover his strength.

In the universe devour war, every Eternal is a most valuable combatant. The other Eternals naturally didn't want Ling Jianan to die.

Yang Feng chose Duda Star because Long Jianan was injured and had no choice but to enter closed door cultivation. Only when he is in the territory of Ling Jianan, only then can he stir up havoc.

"Amazing! As expected of Duyun Universe, it's indeed full of geniuses and powerhouses.

Yang Feng looked at the geniuses, and his eyes constricted and flashed with a dignified shade.

These geniuses coming from different stars are mostly class 4 Extraordinaries, and there are even eight class 5 Extraordinaries. In less than a year, these geniuses have advanced from the Great Warlock realm to the Bright World Warlock realm. This evolution speed is incredible.

Back in the day, Yang Feng's evolution speed in the world of Warlocks was already astonishing. But compared to the evolution speed of these geniuses of Duyun Universe, it was nothing much.

"Arthur, you came!"

Along with a melodious voice, as if a fiery rose, Lisa walked up to Yang Feng, a fragrance wafting out of her.

Yang Feng asked curiously, "Lisa, how come you're here?"

Lisa responded with a smile, "My teacher gave me his opportunity to cultivate in Holy Crystal Realm for a year."

Yang Feng's eyes flickered, and he uttered with a smile, "Your teacher is really found of you!"

The opportunity to cultivate in Holy Crystal Realm for a year, even Holies would be moved by it. For her teacher to be willing to relinquish this opportunity to Lisa, this is something inconceivable.

Lisa replied with a sweet smile, "My teacher is my father. He has always loved me."

A handsome young man with short blue hair walked over with a smile on his face, yet deep down his eyes shimmered with the shade of hostility. He took a deep look at Yang Feng and asked, "Lisa, who is this?"

Lisa answered with a charming smile, "This is Arthur, the person who took first place in Duda Star's freshman trial by fire, a class 6 Extraordinary!"

The young man drew in a sharp breath, and his eyes flickered with wary, "Class 6 Extraordinary!"

"Class 6 Extraordinary!"

“So that’s him! Duda Star’s No. 1 freshman!”

“...”

Gazes filled with scrutiny, apprehension, envy, and other complicated emotions focused on Yang Feng.

The hostility in the young man’s eyes vanished, and he said with an elegant smile, “Hello, Arthur. I am Jason, the No. 1 freshman of Dabba Star’s six colleges. I am Lisa’s friend. I wish to make your acquaintance.”

Yang Feng responded coldly, “Not interested! Please leave!”

Jason’s smile stiffened, his face fell, and he said with a cold smile, “Good! Arthur, you will pay for today’s arrogance!”

Jason spoke towards Lisa, a livid expression on his face, “Lisa, let’s go!”

Lisa stated with a smile, “You can go first. I still have some questions regarding cultivation that I want to consult with Arthur.”

“Good! Good! Good!”

Jason’s eyes shimmered furiously, and he turned around and walked away.

Lisa asked with a faint smile, “Arthur, why did you refuse Jason’s friendship? He is a class 4 Extraordinary. His prospects are limitless.”

Yang Feng answered with a smile of indifference, “Just some trash. What qualifications does he have to be friends with me? Besides, I don’t like the look in his eyes.”

Jason hid his hostility for Yang Feng quite well. But an an Eternal, there’s no way the other party’s hostility would have escaped his perception.

At this time, a blond and blue eyed peerless beauty with slender legs, snow-white, glistening skin, a sensual figure, and an air of pride about her entered the palace.

“Edwina, it’s lady Edwina!”

“It’s actually her! The great Eternal Empress!”

“She came!”

“...”

When the peerless beauty entered the palace, everyone’s gazes were deeply attracted to her and their eyes filled with a burning shade.

Lisa stared at Edwina with excitement in her pretty eyes, “Lady Edwina, the seventeenth princess of the mighty Eternal, Ling Jianan. I didn’t expect to run into such a big shot.”

At this time, there are only six Eternals in Duyun Universe. Although Ling Jianan was seriously injured by Yang Feng, but he still is one of the six strongest individuals of Duyun Universe.

Since Edwina is Ling Jianan's seventeenth prince, her position is comparable to that of Duda Star's star lord.

Yang Feng looked at Edwina, and his eyes glimmered with amazement, "Class 7 Extraordinary! With profound foundation! She may be able to advance to a Holy at any time! What terrific talent!"

"So you're Arthur?"

As Edwina passed him, she turned her head, looked at Yang Feng, and asked indifferently.

Yang Feng answered, "Yes, I am Arthur!"

Edwina asked haughtily, "I have taken a liking to you. Are you interested in being my servant? If you become my servant, I will help you become a Holy."

Gazes full of envy focused on Yang Feng.

Regarding these freshman representatives from different stars, advancing to the class 6 Extraordinary realm will be a piece of cake, while advancing to the class 7 Extraordinary realm will be somewhat troublesome. As for the class 8 Holy realm, it is a huge chasm that separates outrageous prodigies from ordinary geniuses.

In Duyun Universe, there are countless geniuses who are stuck in the class 7 realm, forever unable to advance to the Holy realm.

Yang Feng replied in a neither servile nor overbearing tone, "Edwina, I fell in love with you at first sight. I want to pursue you. As such, I can't be your servant. Or else I will lose the qualification to pursue you. Please forgive me."

"You want to pursue me? If you advance to an Emperor in the future, I will consider it."

Edwina smiled indifferently and walked away, no longer paying Yang Feng any attention.

Chapter 1495: Holy Crystal Realm

Lisa's beautiful eyes flickered with a strange shade, and she spoke with a look of regret on her face, "Arthur, do you know what opportunity you just missed? She is the Eternal Empress, the golden miracle Edwina. She is a peerless genius most hopeful to advance to an Emperor among the great Ling Jianan's children. If you are her servant, you can surely become a Holy in the future."

Yang Feng responded with a tranquil smile, "I can become a Holy in the future by relying on my own efforts."

"You say that because you don't know how hard it is to become a Holy. No, if it's you, you indeed are hopeful to advance to a Holy in the future."

At the thought that Yang Feng advanced to a class 6 Extraordinary on Veida Star, Lisa immediately corrected her words.

Freakish geniuses that advanced to class 6 Extraordinary within a year are not unprecedented in Duyun Universe. During the universe devour war, countless geniuses and freaks are churned out.

Peerless geniuses who can advance to class 6 Extraordinaries within a year won't have much difficulty advancing to Holies in the future. Only the Emperor wall can stump them.

When Edwina entered the palace, the geniuses present began to strike up a conversation with her. The majority exchanged just a few words with her before being asked to leave by the maids next to her. Only several geniuses who have advanced to class 5 Extraordinary could stay next to her.

The Holy Tiger Fortress flashed, broke out with countless marks, and turned into a flying tiger that faced upwards, roared, tore a hole in space with its claws, and flew into the hole.

Formidable barriers activated in the fortress and blocked the chaotic spatial force, making it so the people in the fortress couldn't sense anything while crossing the void.

Jason raised his head, mysterious light appeared in his eyes, and he looked at the fortress.

Yang Feng glanced quietly at Jason, "This guy is fishy. He should be a spy from Shenguang Universe!"

If Yang Feng didn't pay attention, then that would be it. But once he pays attention, with his Eternal quintessence, he can easily see through a insignificant being such as Jason.

Even though he has discovered Jason's identity, but Yang Feng has no intention to expose him.

Time elapsed and one month passed in a flash.

With a flash of light, Holy Tiger Fortress ripped apart the void and appeared in a mysterious world.

"So this is Holy Crystal Realm! Truly extraordinary!"

Yang Feng exited the Holy Tiger Fortress and looked around, and his eyes flickered.

In Holy Crystal Realm, there are purple crystal pyramids suspended, forming a huge abstruse array. The huge array absorbs the energies in the void and converts them into tremendous life origin energy.

The purple gas pervading Holy Crystal Realm is a material of heaven and earth rarely seen in the outside world.

In Duyun Universe, the nine Eternals originally grasped a Holy Crystal Realm each. But after the infighting, only six Holy Crystal Realms remained.

Every Holy Crystal Realm is a huge cultivation holy land that can birth all kinds of material of heaven and earth. In Holy Crystal Realm, even a stalk of grass is a precious material that can be sold for a sky-high price of 1 million credits in the outside world.

"This really is a cultivation holy land! The three pure gold crystal pyramids should be places where Emperor realm powerhouses cultivate. It's a shame, but those places are restricted areas. If I could cultivate in there, I would be able to make progress by leaps and bounds without arousing any suspicion.

Yang Feng looked at the center of Holy Crystal Realm and saw three pure gold crystal pyramids, which appear to be the heart of this world. Countless strands of life origin energy are being drawn towards them.

In the middle of each of the three pure gold crystal pyramids, there is an Emperor, emanating Emperor realm might.

“Let’s go!”

Edwina glanced at Yang Feng and spoke indifferently, and then turned into a stream of light and flew towards the three pure gold crystal pyramids.

The several class 5 Extraordinaries next to Edwina followed behind her and flew towards the three pure gold crystal pyramids.

Lisa’s eyes flickered with the shade of pity, “The three pure gold crystal pyramids are holy lands where only Emperor realm powerhouses can cultivate. If you had gone together with Edwina, you would be able to cultivate there. It’s a pity.”

Lisa once struck up a conversation with Edwina in the hopes of becoming her servant. But Edwina refused her politely.

Although Edwina is the Eternal Empress and has access to tremendous resources, but she only recruits geniuses among geniuses. Or else even she wouldn’t be able to bear that many geniuses clinging to her.

“What is there to feel sorry about? For me to advance to a Holy is just a matter of course. Even the Eternal wall doesn’t scare me.”

Yang Feng smiled calmly and took a step, and a purple whirlpool appeared above him, crazily swallowing the purple gas pervading Holy Crystal Realm.

Countless strands of purple gas were drawn into the purple whirlpool, and then channeled into Yang Feng’s body.

Yang Feng’s aura crazily climbed at every moment and made continuous breakthroughs.

“Incredible! That’s Arthur for you! I should give my best to catch up to him!”

Lisa’s pretty eyes flickered, and she took a step, turned into a stream of light, and flew towards another direction.

When powerhouses cultivate here, they will give rise to an energy whirlpool and devour the surrounding energies. Due to this, unless they cultivate in the crystal pyramids, they will affect one another.

Time elapsed and half a year passed in a flash.

Below a purple crystal pyramid, the purple whirlpool suddenly surged and absorbed the purple gas gushing out from the purple crystal pyramid, and a purple beam flowed into Yang Feng’s body.

Class 7 Extraordinary realm aura diffused from Yang Feng and swept in all directions.

“Class 7! He surprisingly advanced to class 7 Extraordinary! What a dreadful genius!”

In a golden crystal pyramid, Edwina sensed the aura and waved her hand, and a crystal screen appeared in front of her. On the crystal screen, there is a person depicted. That person is Yang Feng.

“Edwina, so this is the person that you fancy?”

A handsome, burly, blond, and blue-eyed man that appears to be very young yet contains vicissitudes of life in his eyes spoke with a smile.

Edwina raised her eyebrows and uttered, "Uncle Boahn, he's not someone I fancy. I just saw that his talent is good and wanted to recruit him to be my servant, yet ended up being rejected."

Boahn is one of the three Eternals in Holy Crystal Realm and is a trusted aid of Ling Jianan.

Boahn said with a smile, "He actually rejected your invitation. How daring. Do you want me to step in, suppress him for you, and make him become your servant?"

Edwina smiled calmly and spoke full of confidence, "No! This way even if he becomes my servant, he will harbor a grudge against me and won't serve me wholeheartedly. I don't want such a servant. The people who want to become my servants are numerous like a school of silver carps moving down the stream. It won't have much effect whether he's added into the mix or not."

Boahn praised, "As expected, Edwina! Of your father's children, you are my favorite. Only you have the qualification to advance to an Emperor and become our equal in the future."

The children of Eternals are basically all extraordinary talents. Once they mature, they are bound to possess Infinity Warlock realm cultivation base. But even among the descendants of Eternals, in addition to some variants of heaven and earth, not many can advance to the Emperor realm.

Among Jing Jianan's children, Edwina is a peerless genius most hopeful to advance to an Emperor.

"Ah! He started moving! He wants to enter the purple crystal pyramid! Interesting!"

Boahn's gaze shifted, his eyes revealed the shade of excitement, and he looked at the crystal screen.

On the crystal screen, Yang Feng with a purple whirlpool above him walked towards the purple crystal pyramid.

The purple gas of the purple crystal pyramid revolved and formed a powerful purple barrier that firmly protected the purple crystal pyramid. Only Holy realm powerhouses can enter the purple crystal pyramid. Class 7 Extraordinaries will be stopped by the purple barrier.

When Yang Feng reached the purple barrier shrouding the purple crystal pyramid, he was obstructed by it.

Boahn smiled faintly, "This Arthur is indeed a genius. It's a shame, but he's a class 7 Extraordinary after all. He can't enter the purple crystal pyramid."

Yang Feng's gaze turned cold. He waved his hand, and a purple crystal emerged.

Terrifying purple light containing pure Holy force erupted from the crystal and forcible broke through the purple barrier.

Yang Feng took advantage of this opportunity to pass through the purple barrier and enter the purple crystal pyramid.

Boahn's eyes flashed, and he exclaimed, "Splendid! Truly splendid! he's actually willing to give up a single use Holy realm secret treasure. This Arthur is bold, careful, and decisive. Truly splendid! Among the geniuses that entered this time, only you and him may be able to become our equals in the future."

Edwina's pretty eyes shimmered brightly. She quietly got up, went into a secret chamber, and entered closed door cultivation.

When Yang Feng entered the purple crystal pyramid, he crazily absorbed the power of the purple crystal pyramid and continuously strengthened the body and soul of his avatar.

After 11 months, Holy realm fluctuations of power diffused from the pure gold crystal pyramid and spread in all directions.

"Someone advanced to a Holy!"

"Lady Edwina advanced to a Holy!"

"As expected of lady Edwina!"

"..."

Everyone in Holy Crystal Realm guessed who advanced to the Holy realm and became excited.

Time elapsed and a year passed in a flash.

Along with flashes of light, everyone was teleported back into the Holy Tiger Fortress.

Chapter 1496: Unforeseen Development

At this time, the geniuses aboard the Holy Tiger Fortress emanated fearsome auras. The majority of them have already advanced to the class 5 Extraordinary realm.

"Arthur!"

Lisa walked up to Yang Feng with a beaming smile and sized him up, and her beautiful eyes flashed with admiration, "You already advanced to a class 7 Extraordinary, right?"

Yang Feng replied with a light smile, "You're right!"

Lisa's pretty eyes flickered, and she exclaimed, "You're truly amazing!"

Cultivation speed in Duyun Universe is far faster than in the world of Warlocks. However, the further you go on the path of cultivation, the longer it takes to take a step.

In just one year, Yang Feng advanced from a class 6 to a class 7 Extraordinary. Even though it was in Holy Crystal Realm, but this cultivation speed is still astonishingly fast.

"It's a shame, but you still can't compare to her in terms of cultivation speed!"

Lisa smiled slightly and glanced in the direction of Edwina.

At this time, Edwina is shrouded by sacred light and surrounded by Holy might, making her appear sacred and beautiful beyond belief.

The several geniuses next to Edwina have all advanced to the class 6 Extraordinary realm. They looked at Yang Feng with hostility in their eyes.

The several geniuses next to Edwina followed her to the golden crystal pyramid to cultivate, used countless materials of heaven and earth, and expended a lot of effort, only then were they able to advance to the class 6 Extraordinary realm.

But Yang Feng has advanced to Class 7 Extraordinary realm in half a year, and so envy welled in the hearts of these geniuses.

Edwina's beautiful eyes flashed, and she walked up to Yang Feng.

Edwina said arrogantly, "Arthur, I have taken a liking to you! If you become my servant, I will let you be my butler."

Yang Feng smiled and refused tactfully, "I'm really sorry, but I don't want to be your butler. I want to be your suitor."

Edwina contemplated for a moment and said with a sweet smile, "Since that's the case, then we can make friends with each other!"

Yang Feng replied with a faint smile, "Okay!"

Yang Feng and Edwina exchanged their experiences regarding cultivation. The Holy Tiger Fortress flashed and turned into a giant tiger that ripped apart Holy Crystal Realm's barrier.

"It's now!"

Jason's eyes flashed viciously. He waved his hand, and a golden angel feather containing Eternal aura flew out.

A golden beam ejected out from the golden angel feather and blasted open a terrifying hole in the Holy Tiger Fortress.

The golden beam stabbed into the void, connected to a mysterious space, and formed a giant spatial channel.

An imposing six-winged angel shrouded in sacred light and emanating Eternal realm fluctuations of power slashed with the Angel Sword in his hand.

A terrifying sword ray tore the space and forcibly severed the connection between Holy Crystal Realm and Duyun Universe.

At this moment, terrifying universe backlash force broke out, and the six-winged angel emanating Eternal realm fluctuations of power burst, and a copious amount of blood splashed about.

The countless angel feathers of the six-winged angel ejected out, mixed with the drops of blood, and formed countless angels that flew towards Holy Crystal Realm.

"You're seeking death!"

Three furious voices transmitted from the three pure gold crystal pyramids.

Crystal guns emerged from the pure gold crystal pyramids, and a rain of beams shot towards the angels.

In the wake of the rain of beams, large swaths of angels were basted into fragments and died.

Countless guns emerged from the purple crystal pyramids, and a hail of beams shot towards the angels.

Hit by the hail of beams, countless angels were blasted into pieces that fell down.

“For our lord!”

Nine blazing angels emanating Emperor realm fluctuations of power flew out from the body of the six-winged angel, combusted their angel hearts, brandished their angel swords, and frenziedly slashed at the three pure gold crystal pyramids.

“Crap!”

“A bunch of madmen!”

“Damn lunatics!”

“...”

In the three pure gold crystal pyramids, the three Emperors shouted angrily, and defensive barriers appeared and blocked in front of them.

Emperors are top beings in any universe. Unless its a last resort, practically none of them will combust their origin and truly go all out.

The beams fired from the three pure gold crystal pyramids slammed into the Emperor realm blazing angels and riddled them with wounds.

At this time, the nine Emperor realm blazing angels united with their swords, turned into sword rays, and slashed the thee gold crystal pyramids.

Boom!

Along with a shocking blare, the three gold crystal pyramids were swallowed by terrifying Angel Fire.

“For our lord!”

“It’s our honor to give our lives for our lord!”

One after another, blazing angels flew out from the body of the giant six-winged blazing angel, combusted their origin, dropped down from the sky, united with heir swords, and slashed towards the purple crystal pyramids.

Boom! Boom!

Holy Crystal Realm shook and explosions rose continuously as the purple crystal pyramids disintegrated one after another.

Countless angels descended on Holy Crystal Realm and engaged the powerhouses of Holy Crystal Realm.

“Everyone, let’s kill that traitor! Only if we kill him, only then can we survive!”

Edwina looked at Jason with frigid murderous intent in her beautiful eyes and shouted sternly.

The geniuses reacted and cast secret methods, and crystal guns appeared and fired at Jason.

“As expected of the Eternal Empress! Your discerning ability is pretty good! It’s a shame, but you can’t kill me!”

Jason’s eyes flashed with the shade of derision. The golden angel feather in his hand glimmered, and a tall and burly male blazing angel emanating terrifying Holy flames appeared, gripped the heavy shield in his hand, and activated a formidable angel barrier blocking in front of him.

When the hail of beams slammed into the angel barrier, the barrier shook and was pushed back. Only the beams fired by Edwina broke through the angel barrier, but then were blocked by the angel shield.

“As expected of the Eternal Empress! However, you are doomed to die here today!”

Jason smiled coldly. The golden angel feather in his hand glimmered. Along with flashes of light, five blazing angels emitting Holy realm fluctuations of power appeared.

Lisa’s pretty eyes flashed with despair, and she muttered, “It’s over! Six Holies! We’re screwed!”

The eyes of the other geniuses also flashed with despair.

If it were just one Holy, then Edwina, the Eternal Empress, together with everyone present would still have hope to deal with the opponent.

But six Holy realm blazing angels have descended. Even if the geniuses in the fortress work together, only death will await them.

Edwina’s expression flickered, and thoughts of retreat welled up inside her. When faced with one Holy realm blazing angel, she is confident to slay the opponent. When faced with two Holy realm blazing angels, the outcome is unknown. But when faced with six Holy realm blazing angels, she stands no chance at all.

“Edwina, let’s fight together!”

Yang Feng smiled calmly, took a step, and broke out with countless mysterious marks, and a purple whirlpool appeared abruptly, drew countless strands of purple gas, and formed a purple beam that flowed into his body.

In an instant, Holy realm fluctuations of power diffused from Yang Feng and spread in all directions.

Jason was dumbfounded. His eyes flashed with a ferocious shade, and he screamed, “Class 8! Holy! How is that possible? How can you advance so quickly! That’s impossible! Impossible!”

Edwina’s pretty eyes flickered and surged with hope, “Class 8! He really advanced. As expected of the person that caught the eye of uncle Boahn! Really extraordinary!”

Lisa was gobsmacked, unable to believe her eyes, “Holy! He actually advanced to a Holy. This advancement speed is beyond belief! In addition to Edwina, the Eternal Empress, there’s actually another such genius in the world.

The geniuses who took first place in Duda Star's freshman competition in every generation were true geniuses. However, the majority stopped at the class 6 and 7 Extraordinary realm, forever unable to break through the Holy wall and advance to the Holy realm.

But Yang Feng advanced from class 1 Extraordinary to a Holy in just over a year, This advancement speed is simply incredible.

Jason's eyes flashed with envy, and he shouted sternly, "Kill him! Kill everyone here!"

Five Holy realm blazing angels swung their swords and slashed at Yang Feng lightning fast.

A bronze crystal appeared abruptly, radiated light, and turned in a bronze battlegear that shrouded Yang Feng.

The bronze wings on the bronze battlegear flapped, and bronze light containing strange spatial force surged.

Yang Feng appeared in front of a Holy realm blazing angel in a flash. Six blue guns pointed at the blazing angel's head and glimmered, and six beams blasted the blazing angel to pieces.

Edwina retreated abruptly and broke out with countless marks. 12 scarlet crystal guns appeared, and a rain of scarlet beams shot towards the Holy realm blazing angel.

Chapter 1497: Seizing the Eternal Angel Heart

The four Holy realm blazing angels swung their swords and blocked the beams barreling towards them from different directions. Yet they were hit by the beams from time to time and injured.

Duyun Universe's secret methods have strong offense yet weak defense, and the secret methods with strongest offense are related to crystal gunmanship. Crystal gunmanship is matched with special crystal guns. With a sufficiently powerful crystal gun, even a class 1 Extraordinary can threaten a Holy.

Edwina is the Eternal Empress and is proficient in top crystal gunmanship. Once she goes all out, she can break out with terrifying combat power. She suppressed the four Holy realm blazing angels.

Yang Feng shuttled between the four Holy realm blazing angels as if an elusive ghost, and blue beams slammed into the four Holy realm blazing angels and blew them apart. The hearts of the four Holy realm blazing angels fell into Yang Feng's hands.

Jason was struck dumb when he saw this, and his eyes filled with terror and his body trembled uncontrollably, "How is this possible? Why is this happening? He just advanced to a Holy, so how can he be this powerful?"

"It's your turn! Die!"

Yang Feng smiled coldly. The bronze wings behind him flapped, and he appeared next to Jason in the blink of an eye.

Six blue crystal guns flew out, and blue beams slammed into the defensive barrier of the blazing angel next to Jason. Six blue beams formed a line, easily pierced through the barrier, and blasted the blazing angel's brains apart.

Yang Feng stabbed his hand into the chest of the Holy realm blazing angel and scooped out his heart.

“Arthur, you...”

Jason had a look of horror on his face. He just wanted to say something, when a blue beam blasted his brains apart.

After Jason’s brains were blasted apart, the Eternal angel feather in his hand crumbled directly.

“No!”

The six-winged Eternal blazing angel contending with the entire universe’s rejection force unleashed a heart-wrenching scream, and then was crushed by the universe rejection force and exploded.

Countless strands of quintessence condensed and formed an angel heart that flew towards the void.

“Our way back has been severed! For our lord, kill!”

“It’s our honor to give our lives for our lord! Kill all enemies”

“For our lord!”

“...”

When the blazing angels saw this, their eyes flashed with a frenzied shade, and they combusted their origin, united with their swords, and attacked the powerhouses of Holy Crystal Realm.

Under the siege of the blazing angels, the powerhouses of Holy Crystal Realm died one after another.

Along with a bronze flash of light, Yang Feng appeared in front of the angel heart containing Eternal force and swung his hand.

A sealing crystal containing sealing force emerged abruptly, broke out with mysterious marks, turned into a sealing chest, and sealed the angel heart containing Eternal force inside.

Edwina’s beautiful eyes glimmered with shock, a looks of incredulity on her face, “Arthur!”

“He sealed the Eternal angel heart!”

“That’s the heart of an Eternal angel!”

“...”

Gazes of greed focused on Yang Feng’s avatar, Arthur.

The Eternal angel heart possesses tremendous power. Even though it can’t make one advance to the Eternal realm, but it can mobilize unimaginable power of the universe to create a terrifying being with Eternal realm combat power.

“Nicely done! Arthur, give me the chest! If you give me the chest, I will speak to his majesty Ling Jianan for you and help you take Edwina as your wife.”

A voice transmitted from the void, and the Eternal realm Boahn, who only has a head remaining, flew out of the void, and his hair shot towards the sealing chest as if tentacles, a flash of greed in his eyes.

"I will have to decline! With this Eternal angel heart, I will have hope to advance to the Eternal realm in the future. Why should I show consideration to you?"

Yang Feng smiled coldly and pointed with his hand. 36 blue crystal guns appeared, and a hail of blue beams ejected out and condensed into a stream that shot towards Boahn.

"Damn it!"

Boahn's eyes flashed with anger, and he unleashed a furious roar. Countless strands of hair surged, intertwined, and formed a powerful defensive barrier.

The stream of blue beams slammed into the defensive barrier and pierced through it, and then blasted into Boahn's head.

"Arthur, you're seeking death!"

Boahn unleashed a furious roar. His flesh squirmed, and the rest of his body grew back.

He looked at the sky and saw that Yang Feng has ripped the void apart and disappeared in the boundless universe.

Boahn's eyes glimmered with murderous intent. His figure fluttered, and he gave chase.

In a breath of time, Boahn appeared in the void, yet he couldn't find any traces of Yang Feng in the vast, chaotic space.

Boahn's eyes flickered coldly. He pointed with his hand, and a crystal dog emerged.

The crystal dog is a secret treasure that Boahn refined and it specializes in pursuit. Even if it's an Emperor, as long as there are traces, he won't be able to escape from its pursuit.

"Master, No. 3355 is in your service!"

The crystal dog spoke thusly.

"Follow this person!"

Boahn's eyes flashed icily. He waved his hand, and a radiance containing Arthur's soul aura merged into the crystal dog.

"Starting search!"

The crystal dog's eyes flickered with abstruse light, and strange ripples emanated from it and spread in all directions.

The crystal dog's eyes surged with mysterious runes, and it looked around.

Ripples filled the surroundings. As if time started to flow back, scenes appeared in the void.

Image Recovery, this is one of the abilities the crystal dog has mastered. Many of Boahn's enemies have died due to this ability.

The images just formed, when they collapsed directly.

The crystal dog uttered, "Search complete! Recovery failed! Unable to continue the pursuit!"

Boahn's eyes shimmered fiercely, and he unleashed a bellow full of regret and unwillingness, "Damn it!"

Now that Ling Jianan is severely injured, this is a chance for his subordinated Emperors to surpass him and advance to the Eternal realm.

The Eternal realm blazing angel heart is the sole chance of Boahn.

Cangzhi Plane, a star above Devour Imperial Court. The star is called Angel Star and is swarming with angels.

Each of the angels on Angel Star is a blazing angel with most outstanding aptitude.

In the center of the star, there is a 100,000 meter tall mountain. On the mountain, there is a huge shrine. That shrine is the Angel Shrine.

Along with a flash of ripples, Yang Feng appeared in the Angel Shrine.

"Greetings, your majesty!"

12 quasi-Emperor realm blazing angels, including Alexia, Agnipe, and several other dark angels, flew out, knelt on one knee, and greeted Yang Feng respectfully.

Alexia's beautiful eyes flashed absentmindedly, "Eternal! He has become an Eternal. The gap between me and him has only become larger."

When Alexia was quelled by Yang Feng, she was only a Bright World Warlock realm blazing angel. Now she has already become a quasi-Emperor realm powerhouse. At that time Yang Feng wasn't even an Infinity Warlock, yet now he has already become an Eternal. Alexia couldn't help but feel that fate is fickle.

"Older brother, you're here!"

Along with a flash of cyan light, Michaelia threw herself into Yang Feng's arms and spoke cutely.

"This an an Eternal realm blazing angel heart I got from another universe. Can you refine it?"

Yang Feng smiled lightly and spread the fingers of his hand, and the Eternal realm blazing angel heart flew out.

The blazing angel heart emitted Eternal realm fluctuations of power that spread in all directions, trying to get free from Yang Feng's hand.

Sealing chains appeared on Yang Feng's hand and easily suppressed the blazing angel heart.

Michaelia creased her eyebrows and said, "I can refine it. But if i do that, I won't be able to become a true Eternal. I will only be able to become an angel empress with Eternal realm combat power."

Eternal and Eternal realm combatant are two distinct concept. Eternals have the same lifespan as their universe. As long as their universe doesn't cease to exist, they won't perish. Furthermore, if an Eternal dies in the outside world, so long as their Eternal imprint is intact, he can be reborn in his universe.

But Eternal realm combatant implies that the powerhouse will still be corroded by time and ultimately die. Eternal realm combatants don't possess the unique undying properties characteristic of Eternals.

"But if you wish, then I will refine it and become your strength, big brother! However, if you advance to an Eternal King in the future, then you must help me remove the side effects, big brother."

Michaelia smiled sweetly and took the Eternal realm blazing angel heart from Yang Feng.

"I really need your help! Come with me!"

Yang Feng turned into a stream of light together with Michaelia, disappeared from this place, and flew towards Duyun Universe.

Duyun Universe, at the universe crystal wall, a shadow flew out from the universe crystal wall. That shadow revealed to be Yang Feng and Michaelia. White light shrouded Michaelia, shielding her from the rejection of Duyun Universe.

Since Ling can enable Yang Feng, an Eternal, to enter Duyun Universe without being rejected, she can also enable Michaelia, an Emperor realm blazing angel, enter Duyun Universe without being rejected.

Chapter 1498: Michaelia Advances to an Eternal

Duyun Universe, on an abandoned star.

"Begin!"

Yang Feng glanced at Ling and spoke in a grave voice.

Ling nodded, and a rune that resembles a white jade disc emerged from her forehead and radiated white light containing mysterious aura that flowed into Michaelia's body.

After Michaelia absorbed the mysterious white light, the entire person assimilated into this universe, as if she has become a variant of heaven and earth that was birthed by this universe.

Michaelia spread the fingers of her hand, and white chains containing mysterious aura flew out and stabbed the Eternal realm blazing angel heart. She used the angel empress racial ability to refine the Eternal realm blazing angel heart.

In the Eternal realm blazing angel heart, there was a fallback set up by Shengguang God at first. But the fallback has been dealt with by Yang Feng on Cangzhi Plane. This allowed Michaelia to easily devour the Eternal realm blazing angel heart.

All of a sudden, a terrifying energy storm rose within millions upon millions of light-years.

A tremendous amount of energy converged from all directions and formed a terrifying beam that flowed into Michaelia, and vast Eternal might diffused from her and spread in all directions.

"Eternal, a new Eternal has risen?"

"These are Eternal realm fluctuations of power!"

"Who advanced to an Eternal?"

“...”

Six terrifying Eternal auras transmitted from afar, and six giant eyes appeared in this tract of the void and looked at Yang Feng and Michaelia.

“That’s Duda Star’s Arthur!”

“What a lucky fellow! He actually got an Eternal angel heart of Shenguang Universe!”

“That’s an angel empress! He actually obtained such a heaven and earth variant!”

“...”

The six Eternal eyes flashed with enigmatic light.

If it were in normal times, the six Eternals would have joined hands and quelled Yang’s Feng’s avatar, Arthur. They would never have given him the chance to gain an Eternal realm blazing angel.

But now that the universe devour war is at a critical stage, the six Eternals could only assist the geniuses of Duyun Universe. Only in this way, Duyun Universe, which was originally at a disadvantage, may have a chance at survival.

If Duyun Universe fell into internal conflict during universe eternal wars, then it would have already absorbed who knows how many times.

After 49 days, the terrifying energy storm disappeared. Michaelia has transformed into an Eternal angel with 1st layer Eternal realm combat power.

Along with flashes of ripples, the projection of Ling Jianan, who was once killed by Yang Feng, appeared and walked up to Yang Feng, a kind smile on his face, “I am Ling Jianan. Congratulations, Arthur. You obtained an Eternal realm Eternal angel. Do you wish to join my Jianan Heavenly Palace and serve me?”

Jianan Heavenly Palace is one of six Eternal heavenly palaces of Duyun Universe and is Ling Jianan’s force. Jianan Heavenly Palace has countless stars under its command, and Duda Star is one of them.

Ling Jianan continued with a faint smile, “Arthur, if you join my Jianan Heavenly Palace, I will bestow Duda Star to you as your fief. And I will betroth Edwina to you. At the same time, Jianan Heavenly Palace will pull its power together to help you advance to an Eternal.”

Yang Feng’s eyes lit up, and he responded with a smile, “In that case, I, Arthur, wish to serve you, your majesty.”

Of the six Eternals, Ling Jianan was once killed by Yang Feng. Although he was reborn, but he is in the very bottom among the six Eternals in terms of strength. He has to stay in closed door cultivation year in, year out to recover his strength.

Under such circumstances, Yang Feng can obtain tremendous benefits by joining Ling Jianan’s camp.

Ling Jianan uttered, “Take out your crystal plaque!”

Yang Feng took out the crystal plaque that has many uses.

Ling Jianan pointed with his hand. Eternal light fused into the crystal plaque, and the plaque radiated mysterious light.

“Okay, Duda Star belongs to you now.”

Ling Jianan smiled faintly, waved his hand, and ripped apart the space, and a giant teleportation portal appeared.

A gold and blue-eyed sublime beauty with slender legs and intellectual aura walked out of the teleportation portal.

The blond and blue-eyed sublime beauty saluted Yang Feng respectfully and said, “I am Angelene. Greetings, sir Arthur. I will be your maid from today on. If there is anything you want, please don’t hesitate to tell me.”

Yang Feng’s eyes flashed, and he secretly praised in his heart, “With the wave of the hand, a beautiful Holy teleported here. As expected of an Eternal. Truly extravagant.”

When it come to Eternals, raising a Holy is only a question of how much resources need to be consumed. Even so, beautiful Holies with extraordinary temperament and great strength like Angelene are extremely valuable in this universe.

“If you have time come to Jianan Heavenly Palace for a visit.

Ling Jianan smiled lightly, and the projection collapsed into specks of starlight and disappeared.

“Let’s go!”

Yang Feng’s figure fluttered, and he took a step and disappeared.

Duda Star, Battlegod College, Swenett looked at Beddes with a defiant look on his face and uttered with a cold smile, “Beddes, hand over Arthur’s family!”

Beddes responded icily, “Swenett, Arthur is a disciple of lady Collie. If you capture Arthur’s family, aren’t you afraid of offending lady Collie?”

Swenett’s expression changed slightly and his eyes glimmered with the shade of hesitation. Collie is a quasi-Emperor realm powerhouse. He isn’t willing to offend her.

“Collie? So what if she is offended? Tell her to come meet me!”

Quasi-Emperor realm aura transmitted from outside, and a tall man dressed in a white robe walked over from outside as if a terrifying direbeast. He smashed the barriers of Battlegod College and forced his way inside.

“Sir Ledat!”

When Beddes saw the quasi-Emperor realm powerhouse in the void, his countenance changed dramatically, and his eyes flashed with respect.

Ledat spoke icily, a frigid look in his eyes, “Beddes, have Collie come meet me. Or else there won’t be a need for your Battlegod College to exist.”

Six Holy realm auras rose behind Ledat, and six Holies of Duda Royal College emerged and stood quietly behind Ledat.

“Sir, please wait a moment!”

When Beddes saw the seven Holies, his eyes flashed with alarm, and he spoke respectfully. At the same time, he sent a voice transmission.

Along with a flash of blue teleportation light, the gorgeous Collie emerged from the void and walked into the palace.

Collie’s beautiful eyes constricted and flashed with a dangerous light, and she spoke with a cold smile, “Ledat, you have become more daring since you took the position of dean of Duda Royal College! You actually came to cause trouble to this old woman. Now speak, how do you want to die?”

Ledat’s eyes flashed with the shade of derision, and he spoke with a cold smile, “Collie, I’m not a match for you in terms of strength. It’s a pity, but you took in a great disciple. He offended sir Boahn. Emperor Boahn asked me to capture him. Are you going to resist stubbornly?”

“Emperor Boahn!”

Upon hearing that, everyone’s complexion changed greatly. Boahn is one of the three Emperors subordinated to Ling Jianan and is terrifyingly strong.

Even though Collie is a pinnacle stage quasi-Emperor, but she is no match for Boahn

Collie’s eyes constricted, and she asked coldly, “Do you have any proof that Emperor Boahn sent you here?”

“That should be this!”

Ledat’s gaze turned cold. He pointed with his hand, and a crystal plaque flew out and glimmered with dazzling runes.

The runes surged and formed Boahn’s projection, and Emperor realm might diffused from the projection and spread in all directions.

Boahn’s eyes shimmered with a frenzied shade and his thunderous voice reverberated in the air, “Collie, your disciple, Arthur, stole my treasure. Now kneel and surrender. Or else I will bury you together with the entire Battlegod College!”

“Unwarranted misfortune indeed! However, if you think that I will surrender without a fight, you have another thing coming!”

Collie’s beautiful eyes flickered coldly. 36 scarlet crystal guns appeared around her, and a hail of scarlet beams shot towards Boahn.

“Pigheaded!”

The eyes of Boahn’s projection shimmered coldly. He waved his hand, and a blue crystal screen flew out and swept towards Collie.

Countless blue runes emerged from the blue crystal screen and absorbed the scarlet beams, and then turned into blue chains that swept Collie and suppressed her.

Collie looked at a certain place in the void, a helpless look on her face, "Curses. For a great Emperor to personally take action, what treasure did Arthur steal from him? He'll be the death of me!"

Ledat walked up to Collie. His eyes flickered with greed, resentment and other complicated emotions, and he said with a faint smile, "Collie, you have fallen into my hands at last. I have been wanting to get my hands on you for 1,000 years already. A can finally resolve the grudge between us! Luckily you accepted a great disciple, or else I wouldn't have gotten the chance to deal with you."

"Ledat, the great disciple that you mentioned, were you referring to me?"

A cold voice transmitted from the side. Along with a flash of light, Yang Feng, Michaelia, and Angelene appeared in the palace.

All gazes focused on Yang Feng's group of three.

Chapter 1499: Reversal

Ledat gazed at Yang Feng with surprise in his eyes and uttered with a frigid smile, "Arthur, have you come back to throw away your life? What a foolish thing. Your majesty Boahn, why don't I capture this guy for you?"

Boahn fixed his gaze on Angelene, hesitated for a moment, and asked, "Excuse me, are you a Holy of Jianan Heavenly Palace?"

Angelene replied respectfully, "Yes, I am! Your majesty Boahn, I am a maid assigned by the great Ling Jianan to serve sir Arthur. Sir Arthur is the star lord of Duda Star from today on."

"That is to say, Arthur, you have already used the Eternal angel heart successfully."

Boahn's gaze of bewilderment and uncertainty fell on Michaelia. Only then did Michaelia exude terrifying aura that made him feel threatened.

Yang Feng replied with a faint smile, "I am the star lord of Duda Star! Duda Royal College has come to kill the star lord! This is a heinous crime! Their entire lineage should be wiped out! Michaelia, kill them all!"

"Yes! Master!"

Michaelia smiled sweetly and beckoned with her hand, and an Angel Sword appeared. She suddenly appeared behind a Holy of Duda Royal College and brandished her sword.

Along with the flash of a sword ray, the Holy was cut in two, his vitality was extinguished, and he died.

Upon seeing Michaelia slay a Holy as if it were nothing, the Hovies of Duda Royal College felt their blood run cold. They broke out with countless runes all over their bodies and attempted to run in different directions.

"I you ants were to escape from me, wouldn't that make useless?"

Michaelia smiled charmingly and waved her hand, and mysterious angel chains flew out, stabbed into the six Holies, and quelled them.

Even the quasi-Emperor realm Ledat was easily quelled by the angel chains, unable to move.

“Your majesty Boahn, please save us!”

Ledat’s eyes flashed with horror, and he implored Boahn.

The look in Boahn’s eyes darkened, and he uttered unhurriedly, “Arthur, please stop. Let me take these people away, and I will pay you a satisfactory price!”

Yang Feng uttered indifferently, “Kill them all!”

Michaelia smiled sweetly and cut down the six Holies one after another.

Ledat’s eyes filled with dread and remorse, and he roared, “Arthur, stop! Spare me I will be your servant. Please spare me! I implore you!”

Yang Feng smiled coldly, “I have no need for you!”

Along with a flash of a sword ray, Ledat was split in two and fell on the ground, dead.

“Alright. Arthur, I will remember this.”

Boahn’s eyes flashed coldly, and he glared at Yang Deng, clenched his teeth, turned into specks of starlight, and disappeared.

Angelene hesitated for a moment, and then warned, “Sir, Boahn is one of the three Emperors subordinated to his majesty Ling Jianan and is extremely strong. It’s not advantageous for you to offend him.”

Yang Feng responded indifferently, “As long as I surpass him and advance to an Eternal, I’ll be able to kill such an ant at will!”

Angelene raised her eyebrows and said no more.

The angel empress Michaelia is an Eternal realm powerhouse. Since she obeys his orders, Yang Feng’s status is equivalent to that of a weak Eternal.

Angelene naturally won’t butt heads with Yang Feng at this time.

Michaelia swung her sword and sliced apart the blue crystal screen, freeing Collie.

Collie looked at Yang Feng in disbelief, “You’re Arthur, you’re already a Holy? How did you advance so fast?”

When Collie met Yang Feng, he was just a class 5 Extraordinary. But not even three years later, Yang Feng has already advanced to a Holy. He even beat back an Emperor. This progress speed is simply astounding.

Yang Feng responded with a smile, “After I cultivated in Holy Crystal Realm, I luckily made a breakthrough and advanced to a Holy. Then I obtained an Eternal angel heart by a fluke. I gave the

Eternal angel heart to an angel empress I obtained during a fateful encounter, and so she advanced and became an Eternal angel.”

A glimmer of admiration streaked across Collie’s eyes involuntarily, “You’re really lucky!”

Collie is a rare genius of Duda Star, yet she still spent 1,000 years to advance to a Holy back in her day. She spent another 3,000 years to advance to a quasi-Emperor.

Yang Feng cultivated less than five years, yet he had already advanced to a Holy. This speed is simply outrageous and has surpassed that of many Eternals.

The experienced Collie vaguely guessed Yang Feng’s origin, “He should be a universe child, a universe darling born during the universe devour war.”

In fact Yang Feng was not a universe child of Duyun Universe. But after he progressed rapidly, slayed the universe child Carthage, and refined the Eternal angel heart of Shenguang Universe, he has become a universe child of Duyun Universe.

Beddes took a deep look at Yang Feng, and his eyes flickered with the shade of envy, “Holy, he surprisingly became a Holy. Universe child, he’s a true universe child.”

Beddes is still struggling in front of the Holy wall. He isn’t sure that he can advance to a Holy before his lifespan runs out. Seeing as Yang Feng easily advanced to a Holy and obtained an Eternal realm angel guard, he couldn’t help but feel envious.

After Boahn was beat back, Yang Feng unleashed a great purging on Duda Royal College. He purged the aides and disciples of the seven Holies, and then merged Duda Royal College into Battlegod College.

With Battlegod College as foundation, Yang Feng quickly took control of the entire Duda Star, and a steady stream of resources flowed into his hand and enabled him to make progress at every moment.

Duda Star, the royal family’s palace, in a golden crystal tower, there sits a person. That person is Yang Feng.

Countless golden runes turned into golden light that was absorbed into Yang Feng’s body.

All of a sudden, Yang Feng opened his eyes and rejected the golden runes.

A crystal plaque appeared in Yang Feng’s hand and released a mysterious luster, and Ling Jianan’s projection appeared in the air.

Ling Jianan spoke with a dignified expression, “Arthur, we six Eternals have a mission that we need you to carry out. If you successfully carry it out, we will support you in advancing to an Eternal.”

Yang Feng asked, “What mission is it?”

Ling Jianan replied, “We need you to infiltrate Shenguang Universe and destroy a treasure.”

Yang Feng uttered with a cold smile, “To infiltrate Shenguang Universe, that’s nothing less than a death sentence. Find someone else to do your bidding.”

Shenguang Universe is ruled by the sole god, Shenguang God, and all the stars under his command are his territory and his countries.

Shenguang God is a 7th layer Eternal realm powerhouse. Even if it's a 9th layer Eternal realm powerhouse, if he enters Shenguang Universe, he will be easily quelled by Shenguang God.

Yang Feng uttered coldly, "If you guys try to force me, then I will give up Duda Star. The universe is boundless. Even if it's you six Eternals, you might not be able to find me. Not to mention that this is the time of the universe devour war.

With Michaelia, an Eternal angel, protecting him, if he is determined to hide himself, then even if the six Eternals join forces, they won't be able to find his whereabouts.

Ling Jianan contemplated for a moment, then sighed and said unhurriedly, "In that case we'll drop the request."

Yang Feng uttered flatly, "Hold on! I will accept the mission. However, since I will be taking on such great risk, I must receive sufficient compensation. I want enough Eternal origin to help me advance to an Emperor. Otherwise, if I go to Shenguang universe, it will be a death sentence."

It is extremely hard for a Holy to advance to an Emperor. After all, Duyun Universe can't compare to Eternal World. In Duyun Universe, in order to advance to an Emperor, you need Eternal origin or some other incredible treasure on the same level as Eternal origin.

"Fine!"

Ling Jianan hesitated for a moment, evidently communicating with the other Eternals. He finally uttered this decisively.

Yang Feng responded, "Don't agree to early. I need a lot of resources. After I have advanced to an Emperor, I want to become a pinnacle stage Emperor realm powerhouse."

"You're really cunning."

Ling Jianan smiled bitterly and hesitate for a while. After conversing with the other five Eternals once more, he finally agreed to Yang Feng's request.

Seven days later, Duda Star, in the royal palace, there are all kinds of precious cultivation resources piled up, radiating dazzling light.

"Now I can advance to an Emperor!"

Sitting in an Eternal Origin Energy Pool filled with Eternal force, Yang Feng raised the corners of his mouth and opened a box, and a mass of Eternal origin flew out and fused into his body.

Countless mysterious runes appeared on his body and intertwined, frenziedly strengthening his body and soul.

A fearsome aura suddenly gushed out from Yang Feng.

Within hundreds of thousands of light-years, a terrifying energy storm was triggered and surged towards Duda Star.

“What’s going on?”

“Emperor! Someone made a breakthrough and advanced to an Emperor!”

“Who is it? Did lady Collie advance to an Emperor?”

“No! This aura, it’s his majesty Arthur!”

“Arthur, how is that possible? How can it be him? Hasn’t he cultivated for just a couple of years?”

“...”

The Holies on Duda Star were dumbfounded. They looked towards the center of Duda Star and saw a terrifying energy beam drop down from the sky and enter the royal palace and frightening Eternal might diffuse slowly.

Chapter 1500: Infiltration of Shenguang Universe

“Emperor, he advanced to an Emperor just like that?”

Collie stared at the beam absentmindedly, a flash of envy in her eyes.

Duyun Universe can’t compare to Eternal World in terms of resources. It is 100 times more difficult to advance to an Emperor in Duyun Universe.

Collie is a genius among geniuses of Duda Star. However, she has been stuck at the pinnacle stage quasi-Emperor realm for who knows how long. Yang Feng has cultivated less than a fraction of the time that she has, yet he has already advanced to an Emperor. This terrifying advancement speed made her envious.

“Emperor, he actually advanced to an Emperor!”

Standing in a rear garden, Victoria looked at the terrifying beam in the sky with complicated emotions in her beautiful eyes, not knowing whether to feel happy or sad.

Now that Yang Feng advanced to an Emperor, as his servant, Victoria’s status will rise exponentially. But at the same time, her revenge will have to be put off to an indefinite date.

“Emperor! He surprisingly advanced to an Emperor! So fast! That’s incredible!”

“Luckily we haven’t opposed him!”

“...”

The elders of the Azalea Family looked at the terrifying beam in the sky with both fear and elation in their eyes. When Victoria was sent to Yang Feng as a servant, there was a lot of resistance within the Azalea Family, with a lot of people still pushing for the family to be a mortal enemy of Yang Feng. Now it seems that they made the right decision.

Wella looked at the beam with regret in her beautiful eyes, “Emperor! Unfortunately, when he was weak, I didn’t seize the opportunity! Now it seems impossible to follow him!”

“Emperor! He advanced to an Emperor this smoothly!”

“So fast. It’s as if he didn’t come across any cultivation bottlenecks.”

“That’s a universe child for you!”

“…”

The six Eternals of Duyun Universe used Eternal eyes to cross the distance of countless light-years and lock on Yang Feng, and their eyes surged with billows.

The six Eternals are each a universe child of Duyun Universe, a peerless genius, a freak among freaks born during a universe devour war. In their day they smashed Duyun Universe’s cultivation records one after another.

But even so, when they broke through the Emperor wall, the six Eternals had to work really hard for it. They killed countless prodigies of the same realm and used their corpses as stepping stone to reach the peak.

Yang Feng, however, requested Eternal origin from the six Eternals and advanced to an Emperor in one go. This advancement speed made the six Eternal feel envious.

The terrifying universe storm persisted for a year. With the help of the power gathered by the universe storm, Yang Feng refined the Eternal origin he obtained from the six Eternals completely and advanced to an unequaled overlord-level Emperor.

After the universe storm disappeared, Ling Jianan’s projection appeared in the void.

Ling Jianan uttered, “Arthur, come to Shengyun Palace. We want to discuss with you the matter of your infiltration of Shengguang Universe.”

Yang Feng responded, “Alright!”

Shengyun Palace is located on Shengyun Star, a vibrant and beautiful star of Duyun Universe.

In Shengyun Palace, beautiful women from different races can be seen everywhere and faint fragrance is in the air, painting a beautiful scenery.

Along with a flash of ripples, Yang Feng appeared in Shengyun Palace together with Michaelia.

“Greetings, your majesty!”

When the beautiful women in Shengyun Palace saw Yang Feng, they paid their respects to him.

Yang Feng strode into Shengyun Palace and entered a palace.

In the giant circular palace, there are seven seats, with six of the seats occupied by the six Eternals of Duyun Universe, namely Ling Jianan, Ling Senta, Ling Tasa, Ling Teqie, Ling Li’ao, and Ling Suya.

“3rd layer Eternals! Duyun Universe is really extraordinary!”

Yang Feng glanced at the six Eternals and took a seat without batting an eye, with Michaelia quietly standing next to him.

The gazes of the six Eternals fell on Michaelia and surged with admiration. Although the six Eternals are 3rd layer Eternal realm powerhouses, but they have no Eternal realm combatants under them. After all, they have already collected all resources useful to Eternals and used them to make breakthroughs.

Yang Feng uttered flatly, "Your majesties asked me to come here to sneak into Shenguang Universe and destroy some treasure. Now we can talk about the specifics. However, let me make one thing clear in advance, if it is a certain death operation, then I will have to refuse."

The six Eternals exchanged a look and creased their eyebrows, somewhat disconcerted by Yang Feng talking to them as if they are equals. However, when they looked at Michaelia, they suppressed their dissatisfaction.

Ling Tasa uttered slowly, "We six paid a great price and refined a secret treasure that can let you enter Shenguang Universe. As long as you sneak into the Shenguang Palace and destroy the Universe Hook Tower, we pledge to help you advance to the Eternal realm and become our equal."

Yang Feng sneered in his heart, "Destroy the Universe Hook Tower! They want me to throw away my life!"

The Universe Hook Tower is the place of Shenguang Universe that launched the Universe Hook. If the Universe Hook Tower is destroyed, Duyun Universe may be able to extricate itself from the universe devour war.

But since the Universe Hook Tower is this important, layers upon layers of defenses were naturally placed on it. Even if it's an Eternal, if they sneak into Shenguang Universe and destroy the Universe Hook Tower, only death will await them.

Yang Feng asked, "How do I sneak into Shenguang Universe?"

Ling Tasa replied unhurriedly, "We previously joined forces and quelled Shenguang God's Ninth Divine Son. The Ninth Divine Son had an Eternal angel guard. You can disguise yourself as the ninth divine son and infiltrate Shenguang Universe.

Yang Feng asked, "Does anyone else know about the Ninth Divine Son?"

The six Eternals replied, "No one else knows!"

Yang Feng said, "Okay, give me all relevant information as well as the Ninth Divine Son and his Eternal angel. I'm going to sneak into Shenguang Universe."

Ling Li'ao's eyes flashed with a pained shade, "What do you want the Ninth Divine Son and his Eternal angel for?"

"Yang Feng responded boldly, "The Ninth Divine Son is naturally necessary to check the accuracy of the information and deal with the tests of Shenguang God. As for his Eternal angel, it's so that my Eternal angel can refine and completely imitate his Eternal angel."

"Fine! We'll give them to you! However, Arthur, if you can't complete the mission, don't blame me for being rude!"

Ling Li'ao's eyes flickered frigidly. He waved his hand, and two crystal coffins flew out. The two coffins each have a person sealed, namely the Ninth Divine Son and his Eternal angel.

Yang Feng took the two coffins, and his eyes flashed with satisfaction, "Give me the secret treasure that can help me sneak into Shenguang Universe."

"Ling Li'ao responded icily, "We will give it to you when the time comes for you to leave for Shenguang Universe."

Yang Feng smiled calmly, unconcerned. His figure shook slightly, and he disappeared from this place.

One month later, Yang Feng came to Shengyun Palace once more.

"Yang Feng stated, "I'm ready!"

Ling Li'ao threw a mask as thin as a cicada's wings to in front of Yang Feng, a cold look on his face, "This is the Eternal grade secret treasure, Eternal Fantasy Mask! Fuse the Ninth Divine Son's blood essence and soul aura into the mask and you'll be able to perfectly imitate him."

Yang Feng took the mask, looked at it, smiled calmly, and flickered his finger, and a drop of the Ninth Divine Son's blood essence and soul aura fused into the mask.

Yang Feng put on the mask. Runes glimmered all over his body, and he transformed into the Ninth Divine Son.

"This is my disguise's disguise!"

A weird thought appeared in Yang Feng's mind.

"Go!"

Ling Jianan pointed with his hand, and a blue radiance flowed into an altar.

A blue beam gushed out from the altar, rose into the sky, and opened a giant hole in the starry sky.

Yang Feng's figure fluttered, and he entered the giant hole.

Terrifying spatial force broke out and attempted to tear him apart. However, with his tyrannical body, Yang Feng easily withstood the terrifying spatial force.

Along with a flash of light, Yang Feng appeared on a star.

Yang Feng looked around and saw a mysterious 10,000 meter tall altar on the star.

The whole star is shrouded with a concealment barrier that hides it from view. Unless an Eternal looks at it, no one else can find the star.

It seems that Duyun Universe made arrangements in Shenguang Universe.

Yang Feng swept the surroundings with his gaze, and then took off the mask on his face, and devour force broke out and devoured all fallbacks set up by Ling Li'ao.

"Yang Feng uttered, "Ling! What is the universe energy level of this universe?"

Ling appeared at once. Mysterious runes emerged in her eyes, and she rapidly calculated. She uttered after a dozen breaths of time, "The universe energy level of this universe is 7."

Yang Feng's eyes flickered with a scorching shade, "It's indeed 7! If I harvest its universe origin, I can break through the bottleneck and advance to a 7th layer Eternal."

"As for disguise! Why should I use a disguise! Wouldn't it be better to let him go himself?"

The corners of Yang Feng's mouth rose into a smile. He pointed with his hand, and light glimmered.

Two crystal coffins appeared at once.

The two crystal coffins opened, and the dashing Ninth Divine Son and his Eternal angel emerged.

"Who are you?"

The Ninth Divine Son opened his eyes. When he saw Yang Feng, he creased his eyebrows and asked in an aloof and arrogant tone.
