Chapter 1501: Usurping

Yang Feng answered with a slight smile, "Sir Ninth Divine Son, did you forget? I am Kahn. I rescued you from the alien forces!"

The Ninth Divine Son contemplated for a while. Tampered memories emerged in his head, and he nodded and said, "Mhm! I remember! It's indeed the case! If you have any wishes, feel free to tell me and I will fulfill them for you!"

The Ninth Divine Son and the Eternal angel next to him had their memories tempered with by Ling.

Unless Shenguang God personally casts a secret method and peeks at the souls of the Ninth Divine Son and the Eternal angel, it's basically impossible to discover any traces of the tampering.

Shenguang God is a 7th layer Eternal realm powerhouse and spends most of his time either cultivating or enjoying himself. All the power of Shenguang Universe is held by his nine divine children.

The Ninth Divine Son is ranked in the middle among the nine divine children in terms of the amount of power he holds. Even so, in Shenguang Universe, he is equivalent to a god that can fulfill anyone's wishes.

Yang Feng uttered, "I wish to follow and serve you, sir Ninth Divine Son."

The Ninth Divine Son laughed loudly, feeling unspeakable comfort, "Alright! You're pretty good! Follow me and you will get everything you want. Ha-ha-ha!"

Shenguang Star is located in the center of Shenguang Universe.

Above Shenguang Star, there is a huge star. That star is Shenguang God's god kingdom.

The Eternal King Palace is located in the middle of Shenguang Star and is a palace complex extending without end.

The Eternal King Palace is divided into ten areas. The ten areas are occupied by Shenguang God and the nine divine children respectively.

"I'm back! Ant who occupied my palace, get lost!"

A voice full of murderous intent reverberated in the air, and the Ninth Divine Son strode into the Ninth Divine Palace.

"Greetings, your majesty!"

"Greetings, your majesty!"

"..."

When the beautiful maids in the Ninth Divine Palace saw the Ninth Divine Son, their countenance changed dramatically, and they spoke respectfully and fearfully.

“Ninth brother, since you already disappeared, why did you come back? Don’t you think that you’re being a hindrance?”

A handsome, burly, blond, and blue-eyed young man emerged, looked at the Eternal angel next to the Ninth Divine Son with envy, and spoke coldly, a gloomy expression on his face.

The Ninth Divine Son responded with a frigid smile, an icy look in his eyes, “So it’s you, thirteenth brother! I’m still not dead, yet you dare occupy my palace! What gall! How do you want to die?”

The Thirteenth Divine Son sneered, “If they have the ability, anyone can occupy the nine palaces! This is a rule established by divine father. Ninth brother, I challenge you for the position of master of the Ninth Palace.”

The Ninth Divine Son’s eyes flickered with murderous intent, and he uttered coldly, “A palace master challenge cannot be rejected. Furthermore, angels can’t help. Thirteenth brother, you’re really clever. Very well, I will fight you. The Ninth Angel will serve as witness. I’m sure you won’t have any objections regarding their impartiality. However, thirteenth brother, you will die if you lose. Are you sure you want to proceed with the challenge?”

“Ninth brother, I wanted to challenge you a long time ago! Now die! Divine Judgement Sword!”

The Thirteenth Divine Son’s eyes glimmered icily, and a rune appeared on his forehead. Countless rays of light glimmered in the void and converged into a sword that tore the firmament and slashed towards the Ninth Divine Son.

“Thirteenth brother, since I am the master of the Ninth Palace, I am naturally far stronger than you. You can go ahead and die!”

The Ninth Divine Son smiled coldly. Countless rays of light surged and formed a divine armor and a Divine Judgement Sword. He brandished the sword, and endless light filled with terrifying sacred aura broke out.

A terrifying sword ray streaked across the space and easily cut the Thirteenth Divine Son in two.

The complexion on the Thirteenth Divine Son change dramatically, and he wailed pitifully, “Ninth brother, stop! Spare me! Seeing as we are siblings, spare me this time!”

“Die!”

The eyes of the Ninth Divine Son glimmered icily, and a terrifying sword ray sliced the Thirteenth Divine Son into countless pieces in an instant.

“How ruthless!”

“Old nine is back!”

“So vicious!”

Thirteenth brother, that fool, was clearly a pawn released by someone else to test old nine. What a fool!”

“...”

Fearsome wills scanned the area, and then dispersed.

Shenguang God dominates Shenguang Universe. In his god kingdom, there are countless beauties of Shenguang Universe. With his 7th layer Eternal realm cultivation base, even in Eternal World, he is the overlord of a faction. He has a wide range of acquaintances, including many beauties of other universes.

Generally speaking, the stronger a life form is, the harder it is for them to conceive. Take Emperors of the world of Warlocks as example, they have very few descendants. But Eternals are incredible beings that defy the rules of the world. If they wish, they can conceive countless descendants.

Shenguang God has conceived more than 100,000 children.

There is no closeness between these divine children. Only divine children who have the same mother and grew up together will have some degree of closeness with one another.

“This is Kahn. He is a benefactor who saved my life! He will be my aide and the manager of the Ninth Palace from now on! You must obey his orders! Understood?”

The Ninth Divine Son swept the servants, who flew out from different corners and knelt on the floor, with his gaze, pointed at Yang Feng, and stated coldly.

“Yes! Your majesty!”

The servants replied deferentially.

The Ninth Divine Son glanced at the void, and then snorted coldly and strode into his palace.

Yang Feng smoothly sneaked into the Eternal King Palace and became an aide of the Ninth Divine Son.

The Third Palace, in a pavilion next to a beautiful lake, there is a handsome, tall, blond and blue-eyed man sitting. This man is the Third Divine Son.

The eyes of the Third Divine Son flickered with a peculiar shade and his face surged with a gloomy expression, “Old nine escaped from the encirclement of the alien powerhouses? Impossible! Unless the alien Eternals are trash, there’s no way he would be able to escape from them. There’s something fishy here.”

The Ninth Divine Son was sold out by the Third Divine Son and thus was encircled by Duyun Universe’s Eternals.

“Ancha!”

The Third Divine Son uttered flatly.

“Sir!”

A shadow distorted, and a man shrouded in a black light curtain appeared and knelt on one knee in front of the Third Divine Son.

The Third Divine Son said coldly, “Investigate this matter!”

“Yes! Your majesty!”

Ancha's figure distorted, and he disappeared in the shadows.

After Yang Feng became an aide of the Ninth Divine Son, he drilled into libraries of Shenguang Universe, collected all kinds of information, and entered the information into his data base.

After Ling analyzed the data, she passed on the necessary information to him, allowing him to quickly gain a deep understanding of Shenguang Universe.

In Shenguang Universe, there are countless stars, each of which only believes in the sole god, Shenguang God. Apart from Shenguang God, the strongest combatants of this universe are angels!"

Under Shenguang God, there are a total of 36 Eternal angels, with the majority of them being 1st layer Eternal realm combatants. No wonder he dared to start a universe devour war with Duyun Universe.

"The Universe Hook Tower is located in the Eternal King Palace. If it were me, I would have placed this treasure in my god kingdom. For Shenguang God to place the Universe Hook Tower here, there can only be one reason, that is, to use it as bait to lure out powerhouses of Duyun Universe who come for the Universe Hook Tower and cut them down one by one."

Yang Feng summed up various pieces of information and saw through the danger of the Universe Hook Tower at a glance.

If I were a person of Duyun Universe, I might have taken the risk and gone to destroy the Universe Hook Tower. But Ling Jianan and them miscalculated and chose the wrong person."

Yang Feng smiled coldly. He has no intention to destroy the Universe Hook Tower.

"As for the most precious treasures in this universe, they are naturally all placed in Shenguang God's god kingdom. They're completely out of my reach! How troublesome!"

Yang Feng looked at Shenguang God's god kingdom in the sky with wariness in his eyes.

Even if it's a 9th layer Eternal realm Eternal tycoon, if he enters Shenguang God's god kingdom, he will be backing himself into a corner.

"However, Shenguang Universe really is extraordinary. It has a complete secret method regarding the cultivation of angels! With this secret method, Michaelia can cultivate all the way to a 3rd layer Eternal angel."

In addition, the most important thing is that there is such a substance in Shenguang Universe."

Yang Feng picked up a crystal test tube, carefully drew a drop of black liquid, and dropped it on a white jade phalanx bone he got from the world of Warlocks.

When the drop of black liquid fell on the white jade phalanx bone, a small fraction of the white jade phalanx bone, which Yang Feng had no way to deal with before, dissolved.

After the black liquid dissolved a small fraction of the white jade phalanx bone, a drop of golden liquid containing endless mysteries appeared.

Yang Feng pointed with his hand, and the drop of golden liquid entered his body and frenziedly strengthened his body and soul.

Seven days later, Yang Feng slowly opened his eyes, and his eyes glimmered with a scorching shade. He stared at the white jade phalanx bone, "This is definitely the bone of a powerhouse above the Eternal King realm. It contains mysteries that surpass the Eternal King realm. Only the Heavenly Bone Erosion Nectar of Shenguang Universe can dissolve it and form a new substance that can strengthen an Eternal's body and soul. As long as I refine this phalanx bone, I can advance to a 7th layer Eternal!"

Chapter 1502: Detection

Yang Feng creased his eyebrows, "However, the Heavenly Bone Erosion Nectar is one of the most precious materials in Shenguang Universe. And its source, Spirit Erosion Realm, is under the control of the Third Divine Prince. It's quite difficult to obtain."

The Heavenly Bone Erosion Nectar is a rare universe material. In addition to its ability to erode the mysterious white jade phalanx bone, it has various other wonderful uses. It's a material really hard to come by.

In the past, when the Ninth Divine Son made great achievements, he was bestowed 10 drops of the Heavenly Bone Erosion Nectar by Shenguang God. Only the drops that he didn't use until now remain.

"Who?"

Yang Feng's mind suddenly stirred. He looked at the shadows in the palace, his face sank, and he asked coldly.

"I am Ancha, one of the seven general under the Third Divine Son. Sir Kahn, I'm very happy to be able to meet you."

A distorted shadow emerged from the shadows, revealed its figure, and talked indifferently to Yang Feng.

Yang Feng asked coldly, "This is the Ninth Palace, what are you doing here?"

Ancha responded with a faint smile, "Kahn, my lord has taken a liking to you. If you join my lord's camp, my lord will bestow you 10 Holy stars and make you their star lord. Everyone living on the 10 stars will be at your mercy!"

There are countless stars in Shenguang Universe. However, the stars are classified as Shenguang God's territory and need to implement his will.

On these stars, the church is in control. Even if it's an Emperor, he can't do as he pleases, or else he will be suppressed.

Only divine children at the level of the nine divine children will be bestowed 500 Holy stars as their territory. In their territory, as long as the belief in Shenguang God is left alone, they can do as they please.

For powerhouses of Shenguang Universe, becoming a star lord, obtaining a Holy star, and then running amok on the Holy star, this is one of the biggest wishes in their life.

After all, apart from Shenguang God's children, others basically don't have the qualification to advance to the Eternal realm in Shenguang Universe.

In the long history of Shenguang Universe, there have been people who tried to advance to the Eternal realm during universe devour wars, but they were all killed by Shenguang God without exception.

“Yang Feng uttered with a grave expression, “Alright! I will join the Third Divine Son’s camp. In order to express my devotion to the Third Divine Son, I will tell you a piece of information. The Ninth Divine Son is a fake!”

Ancha was startled, and a storm was set off in his heart, “What, the Ninth Divine Son is a fake?”

“That’s right. I did indeed save the Ninth Divine Son. But when alien Eternals appeared, I escaped with the help of a secret treasure. Before I escaped, I witnessed the Eternals catch the Ninth Divine Son. After the fake Ninth Divine Son appeared, for the sake of glory, rank, and wealth, I approached him and became his aide.

“These days I’m constantly worrying about being silenced by the fake Ninth Divine Son. I request that the Third Divine Son saves me!”

As if an Oscar winning actor, Yang Feng assumed a worried expression, lowered his voice, and spoke gravely.

Ancha’s eyes flickered with excitement, “I see! I see! Kahn, continue to stay next to the Ninth Divine Son. If you find anything else, report to me at once. The Third Divine Son won’t mistreat you! I will take my leave first!”

Along with a flash of afterimages, Ancha disappeared from this place at once.

The Third Divine Palace.

“Sure enough! Old nine was encircled by several Eternals back then. Duyun Universe’s Eternals are 3rd layer Eternal realm old monsters with extensive experience. There’s no way they would let old nine escape.”

“Since old nine is a fake. Then there’s only one reason why he would infiltrate Shenguang Universe, that is, his target is the Universe Hook Tower! Only by destroying the Universe Hook Tower, only then will Duyun Universe have a chance of winning. The time for old nine to guard the Universe Hook Tower is approaching. That’s when he’s going to take action.”

The Third Divine Son’s thoughts revolved, and he instantly guessed the plan of the Eternals of Duyun Universe.

After the vital information that the Ninth Divine Son is a fake was revealed, as is the fog of war covering the battlefield was cleared, the Third Divine Son was able to see the truth of the matter.

Half a year passed in a flash.

In the Eternal King Palace, at a square filled with countless defensive barriers and restrictions, there is a 1,000 meter tall tower inscribed with mysterious runes.

Next to the mysterious tower, there are many blazing angels, each of which is comparable to a Holy Spirit Warlock realm powerhouse.

The Ninth Divine Son strode into the Eternal King Palace by himself and stopped at the edge of the square.

The Ninth Divine Son uttered flatly, "Eighth brother, I'm here!"

A handsome young man with similar features to those of the Ninth Divine Son and a deep and unmeasurable aura emerged in the square.

The Eighth Divine Son replied with a relieved expression, "Old nine, you're here! Then I'll leave this place to you!"

The Universe Hook Tower requires children of Shenguang God to spend the power of their bloodline to enhance the power of the Universe Hook and speed up the integration of the two universes.

When the nine divine children are tasked with guarding the Universe Hook Tower, the power of bloodline inside them will weaken and their strength will decline, making them feel quite uncomfortable.

Of course, after a divine child finishes the task of guarding the Universe Hook Tower, they can't be challenged by other divine children for the next 1,000 years, allowing them to recover their strength at peace. This is a reward the Shenguang God bestowed the divine children.

"Wait a moment!"

A voice suddenly rose from behind.

The Third Divine Son and six men with similar features to those of the Ninth Divine Son walked over from behind.

The divine children of the nine divine palaces have gathered here.

The Ninth Divine Son creased his eyebrows and asked coldly, "Third brother, what do you want?"

The Third Divine Son revealed a derisive smile and replied coldly, "Third brother? I'm not your third brother! You're an impostor!"

The Ninth Divine Son's face fell, and he asked frigidly, "I'm an impostor? Are you crazy?"

The Third Divine Son responded coldly, a frosty look in his eyes, "Brothers, this person is not our ninth brother. He's an impostor dispatched by Duyun Universe to sneak into this place and destroy divine father's Universe Hook Tower!"

When his words fell, gazes focused on the Ninth Divine Son.

Nine Eternal realm auras broke out and locked on the Ninth Divine Son.

The Ninth Divine Son asked coldly, a gloomy expression on his face, "Old three, you're trying to frame me! But do you have any proof that I am an impostor?"

The Third Divine Son sneered, "If you are not an impostor, then do you dare enter the Shenguang Gate?"

The Shenguang Gate is a treasure that Shenguang God uses to inspect alien powerhouses. Even if it's an Eternal realm shape shifting art, it won't be able to escape the inspection of the Shenguang Gate.

The eyes of the Ninth Divine Son flashed with frigid murderous intent, and he spoke in a frosty tone, enunciating each syllable, "Of course I dare! However, old three, if I safely return from the Shenguang Gate, you must accept my challenge! And if you lose, you will die!"

Since the Third Divine Son previously guarded the Universe Hook Tower, he can refuse the challenge of other divine children for 1,000 years. But now the Ninth Divine Son backed the Third Divine Son into a corner with words.

The Ninth Divine Son spoke coldly, an unruly expression on his face, "If you don't agree, then go guard the Universe Hook Tower yourself. In order to avoid suspicion, I don't mind to never get close to the Universe Hook Tower! But I won't enter the Shenguang Gate. That's just insulting. Why should I do anything that you tell me to do? Who do you think you are?"

The First Divine Son uttered with a tranquil smile, "That's right. Old three, why should we do anything that you tell us to do? If old nine isn't an impostor from Duyun Universe, then you should accept his challenge!"

The Second Divine Son said with a faint smile, "The Universe Hook Tower is the core of Shenguang Universe. It's true that we can't afford to lose it and can't be careful enough when it come to it, but the dignity of us nine divine children can't be violated either. Old three, if you don't accept old nine's request, then go guard the Universe Hook Tower yourself."

The nine divine children hold almost all authority in Shenguang Universe and struggle fiercely with one another.

The Third Divine Son rose rapidly through amazing means and aroused the vigilance of the other divine sons, and so they want to stifle him.

The Third Divine Son's eyes flashed with a vicious glint. He contemplated for a while, and then gritted his teeth and said, "Fine! I accept! If you can pass the test of the Shenguang Gate and return alive, then I will accept your challenge!"

The Ninth Divine Son spoke coldly, "Okay! Then with you brothers as witnesses, let's go to the Shenguang Gate.

The Shenguang Gate is a golden gate located in the west of the Eternal King Palace. It is 100 meters tall, is inscribed with runes, and is engraved with mythical beast seals.

Along with flashes of light, nine figures appeared in front of the Shenguang Gate. The nine figures are the nine divine sons.

The Ninth Divine Son smiled at the Third Divine Son, and then strode towards the Shenguang Gate without hesitation and stepped into the gate.

A terrifying divine force beam descended, formed a divine force eye emanating Eternal realm might, and looked at the Ninth Divine Son.

Endless Eternal divine light shone onto the Ninth Divine Son and scanned him from head to toe, including his soul.

After a dozen plus breaths of time, the endless Eternal divine light disappeared, and the Ninth Divine Son strode out of the Shenguang Gate, looked at the Third Divine Son with a mocking expression, and said, "Third brother, you have to keep your word!"

The Third Divine Son was stupefied and said through clenched teeth, "How is that possible? How can this be? You should have been quelled by Duyun Universe's Eternals! I have a witness! How can this be?"

Chapter 1503: Advancing to a 7th layer Eternal

The Ninth Divine Son responded with a cold smile, "Third brother, Kahn is my person from head to toe!"

The Third Divine Son was taken aback. His eyes shimmered icily, and he uttered through gritted teeth, "I see, this was a trap! You set a trap for me."

The Ninth Divine Son sneered and said frigidly, a flash of frosty murderous intent in his eyes, "Third brother, let's go to the Shenguang Arena and have a duel. The victor will get everything of the loser.

The Third Divine Son took a deep breath, his eyes flashed, and he uttered unhurriedly, "Old nine, this is my loss. I admit defeat. Tell me what you want and I'll give it to you."

According to the unwritten rules in fights between the nine divine sons, once a party admits defeat, as long as a certain amount of resources is given as compensation, the other party can't kill them.

The Ninth Divine Son said indifferently, "Alright! I want 100 Holy stars. Spirit Erosion Realm, Emperor Light Realm, ..., and Blue Ocean Realm. Hand over these 100 Holy stars, and I will sweep this under the rug!"

The Third Divine Son's countenance changed, and he said, "Spirit Erosion Realm, Emperor Light Realm, and Heavenly Ogre Realm, I can't give you these three Holy stars! They are my foundation."

There are also differences in terms of importance between Holy stars. Spirit Erosion Realm, Emperor Light Realm, and Heavenly Ogre Realm, these three Holy stars can produce precious cultivation resources and are the foundation of Third Divine Son. He naturally can't give them to others.

The Ninth Divine Son uttered coldly, "I must have one of these three Holy stars. This is my bottom line! Or else we can duke it out!"

The Third Divine Son contemplated for a moment, and then finally sighed faintly and said, "Then I'll give you Spirit Erosion Realm!"

Although Spirit Erosion Realm produces a rare universe treasure such as the Heavenly Bone Erosion Nectar. But the output is really low. Besides, the Third Divine Son doesn't have incredible treasures such as the white jade phalanx bone. Spirit Erosion Realm is much less valuable to him than the other two Holy stars.

The Ninth Divine Son said, "Alright! In addition to this, I want another two Holy stars as replacement."

The Third Divine Son greeted his teeth and said in reply, "Fine!"

"Brothers, I was indeed ambushed by Eternals of Duyun Universe. But I used a secret treasure divine father gave me and luckily escaped. However, like third brother said, the Universe Hook Tower is of paramount importance to divine father and must not be lost."

"Since there's some suspicion around me, then I cannot get close to the Universe Hook Tower Therefore I propose that third brother guards the Universe Hook Tower in my stead. Brothers, do you have any objections?" The Ninth Divine Son spoke with a light smile.

The First Divine Son uttered with a faint smile, "Old three, I think that old nine indeed isn't suitable to guard the Universe Hook Tower! You should take his place!"

The Sixth Divine Son said with a slight smile, "Third brother, I think oldest brother has a point."

The other seven divine sons agreed with the Ninth Divine Son's words.

The Third Divine Son spoke through greeted his teeth, a pale look on his face, "Fine!"

Once the discussion was over, the Third Divine Son entered the Universe Hook Tower.

After the Ninth Divine Son obtained the 100 Holy stars, he handed 35 Holy Stars to the other seven divine sons, prompting them to be pleased with him.

Spirit Erosion Realm, in the deepest part of Heavenly Erosion Cave, there is a cave.

Ripples surged, and Yang Feng appeared in the cave.

"So this is the place that produces the Heavenly Bone Erosion Nectar. It can produce one drop of the nectar per year!"

Yang Feng looked at a black stalactite at the top of the cave and saw a drop of the Heavenly Bone Erosion Nectar being produced on it.

"So long as Shenguang God doesn't come out of his god kingdom, unless an Eternal King takes action, he is an unrivaled existence in Shenguang Universe. I don't stand a chance. I should stay here and wait for the Heavenly Bone Erosion Nectar to be produced. If Duyun Universe is destroyed beforehand, then it's their bad luck."

Yang Feng glanced at the black stalactite, raised the corners of his mouth into a light smile, and then disappeared.

When it comes to a miraculous place that produces a rare universe treasure like the Heavenly Bone Erosion Nectar, even Yang Feng doesn't dare to use Eternal secret methods to observe it. Or else it may be destroyed by someone else. As such, Yang Feng can only stay here and guard it.

Time elapsed and 150 years passed in a flash.

The world of Warlocks, Cangzhi Plane.

A terrifying aura spread in all directions, and the whole universe fell into a frenzy. Tremendous universe energy frantically converged on Cangzhi Plane and formed a terrifying energy beam that dropped into the middle of Devour Imperial Court.

Along with flashes of starlight, a myriad of stars appeared, and star force fell into the middle of Devour Imperial Court.

Berserk wind force, violent fire force, mild water force, and sturdy earth force appeared, turned into a stream, and flowed into the middle of Devour Imperial Court.

“Advancement!”

“The great Feng Eternal is advancing again!”

“What a terrifying heaven and earth vision! What terrifying aura!”

“How dreadful! As expected of Feng Eternal!”

“Feng Eternal is a truly despairing being!”

“...”

In the universe of the world of Warlocks, countless powerhouses looked at the terrifying universe storm with a gleam in their eyes.

Primal Chaos Mother Spider gazed at the terrifying universe storm in disbelief, struck dumb, “He advancing again! This is the 7th layer Eternal realm! How can he be so incredible! He’s actually advancing to a 7th layer Eternal! After such a short span of time, he’s actually advancing to a 7th layer Eternal! It beggars belief!”

An old monster like Primal Chaos Mother Spider, who was born when the universe was formed, was on friendly terms with Eternals of the world of Warlocks. She is well aware how terrifying a 7th layer Eternal is.

Back in the they, the strongest Eternals of the world of Warlocks haven’t even advanced to the 4th layer Eternal realm. Yet Yang Feng was actually able to advance to a 7th layer Eternal. Even if it’s in Eternal World, such a terrifying combatant can proclaim himself as the hegemon of a faction.

7th layer Eternal realm powerhouses can become firmament masters of greater firmaments. Even if it’s in the Ten Sacred Firmaments, they can proclaim themselves hegemon of a faction.

Even if its formidable forces with the protection of Eternal tycoons, they generally won’t provoke 7th layer Eternal realm powerhouses.

The terrifying energy beam lasted 10 years and appeared to extract all the energy of the universe.

During these 10 years, the cultivation of powerhouses of the world of Warlocks at the Holy realm and higher nearly stagnated.

10 years later, the terrifying energy beam disappeared.

In a secret room, Yang Feng opened his eyes, and vast terrifying aura slowly diffused from him.

“So this is 7th layer Eternal realm power! How remarkable! I sense that even if 10 previous me joined forces, they wouldn’t be a match for the current me. Unexpectedly I made a breakthrough at this time and advanced to a 7th layer Eternal.”

Yang Feng sensed the terrifying power inside him, and the corners of his mouth rose into a smile.

After advancing to a 7th layer Eternal, Yang Feng’s strength underwent a radical transformation. Now even if he meets a 9th layer Eternal realm Eternal tycoon, even though he won’t be a match for the other party, but he still will be able to escape in one piece. Before this, if he met an Eternal tycoon, he’s chances at survival would be very slim.

“By refining a white jade phalanx bone, I obtained so many benefits. If I refine all the white jade bones, I might be able to advance to a 9th layer Eternal realm Eternal tycoon. However, that kind of treasure should only be used at critical times. To advance from 7th to 8th layer Eternal realm, it’s only a matter of accumulation of Eternal force. As long as I harvest Shengguang Universe’s universe origin, I will be able to advance to an 8th layer Eternal!”

After Yang Feng became the master of the world of Warlocks, he began to search for treasures such as the white jade phalanx bone. After scouring the entire universe, Yang Feng obtained only a single palm white jade bone.

In the past, Yang Feng was unable to refine the white jade bones. But now he knows what astonishing power the white jade bones hold. He vaguely guessed that the white jade bones are treasures that Eternal Kings might desire to obtain and naturally won’t use them rashly.

Time elapsed and another 200 years passed.

During these 200 years, powerhouses of Duyun Universe and Shengguang Universe came forth in large numbers, carried out various schemes, and killed one another.

Shengguang Universe is in the palm of the sole god Shengguang God’s hand. Whenever Eternal seedlings appeared, they were quelled by him. Thus no outstanding characters have appeared in Shengguang Universe.

In Duyun Universe, however, talents emerged in large numbers. Dazzling geniuses appeared one after another. Emperors emerged on the battlefield one after another and stifled the world.

On parts of the battlefield, due to the sporadic appearance of universe children of Duyun Universe, the powerhouses of Shengguang Universe were suppressed gradually.

Shengguang God remained unmoved and let the powerhouses of Shengguang Universe fight the powerhouses of Duyun Universe.

Since the disparity in strength between Shengguang Universe and Duyun Universe is excessively large, as long as Shengguang God plays safe, Shengguang Universe will be able to devour Duyun Universe.

Shengguang God specially chose to devour Duyun Universe because he knew that he had more than 90% chance of winning.

Duyun Universe.

Along with a flash of light, Yang Feng's avatar, Arthur, appeared, smiled faintly, and broke out with countless runes, and a terrifying aura soared into the skies.

Within millions upon millions of light-years, endless energy converged on this area and formed a terrifying energy storm.

"Someone is advancing to an Eternal!"

"Who is it?"

"There's actually someone advancing to an Eternal. Is it Miraculous Flash Cell, or Magic Light Spear Barcelona."

"Eternal, this is the first powerhouse in this age to advance to an Eternal. Who is it?"

"..."

The powerhouses of Duyun Universe were alarmed, and curious gazes converged on this area.

Chapter 1504: Killing Boahn

"It's him, it's Arthur!"

"That scoundrel dares to come back!"

"He defrauded us of our Eternal origin and dares to return, how brazen!"

"..."

In Duyun Universe, whenever someone advances to the Eternal realm, it fundamentally can't be concealed from the six Eternals. Their gazes fell on this place, and they looked at Yang Feng with complicated emotions.

"This scoundrel defrauded me of my treasure! I'm going to kill him!"

A gleam streaked across Ling Li'ao's eyes, and he unleashed an attack.

A terrifying beam that can destroy anything in the void shot towards Yang Feng's avatar, Arthur.

Yang Feng's avatar, Arthur, is still advancing to the Eternal realm and fundamentally cannot block Ling Li'ao's killing blow.

At this time, Michaelia appeared and slashed with the Angel Sword, and a sword ray containing terrifying angel fire crushed the terrifying beam.

"3rd layer Eternal!"

"How could that Eternal angel's combat power have progressed so fast?"

"How is this possible? How did his Eternal angel progress so quickly in just a short span of several centuries?"

"..."

The eyes of the six Eternals flashed with shock when they saw this.

For these Eternals, the span of several years is like the blink of an eye. Yet in such a short time, Michaelia surprisingly advanced to a 3rd layer Eternal. This is simply outrageous.

It should be noted that in order to advance to the 3rd layer Eternal realm, each of the six Eternals spent hundreds of millions of years full of intrigue, compromise, conspiracy, betrayal, and collusion.

Yet Michaelia advanced to a 3rd layer Eternal in a short span of a few centuries. This rate of progress exceeded the expectations of the six Eternals by far.

Yang Feng obtained the angel cultivation method of Shenguang Universe and used special resources of a number of universes, only then was he able to make Michaelia advance to a 3rd layer Eternal in a few centuries.

Ling Li'ao's eyes flickered with frosty murderous intent, and he said slowly, "Everyone, let's join hands and kill that swindler Arthur! He defrauded us of our Eternal origin! He deserves to die!"

The six Eternals are practically omnipotent in Duyun Universe. Even if they are separated by hundreds of millions of light-years, they can easily communicate with one another.

Ling Tase responded, "If he were still an Emperor, then he would indeed deserve to die for defrauding us. But now that he advanced to an Eternal, he is our equal. So long as he pays a sufficient price, this matter is water under the bridge."

Ling Suyu uttered indifferently, "That's right! He has already advanced to an Eternal and is our equal. I agree with Ling Tase's proposal."

"Second that!"

"..."

The other Eternals don't wish to attack Yang Feng.

Duyun Universe is already at a disadvantage in the universe devour war. If they start fighting among themselves now and kill an Eternal of their own universe, they basically won't stand a chance against Shenguang Universe.

Don't attack geniuses of our universe during the universe devour war, this is an unspoken rule of Duyun Universe. It is a lesson that Duyun Universe paid for with blood.

Because Shenguang Universe's Shenguang God is really strong and he targeted the much weaker Duyun Universe, he can eradicate universe children of his universe without restraint.

Ling Li'ao's eyes darkened, and he said no more. He isn't confident that he can defeat Michaelia by himself.

After the terrifying energy beam lasted for seven days and seven nights, Yang Feng's avatar, Arthur, finally advanced to an Eternal of Duyun Universe.

Yang Feng raised the corners of his mouth into a smile, "Eternal realm at last. Now I have the same authority as the other Eternals in Duyun Universe. It's a shame, but with Shenguang God breathing on their necks, this universe is in my bag."

Apart from Eternal World, in the other universes, an Eternal in their life-bound universe will possess terrifying universe authority and will be able mobilize the power of the entire universe in a fight. It is because of this that Eternals are so terrifying and nearly invincible in their universe.

With Ling's help, Yang Feng's avatar was able to condense a pseudo Eternal imprint, which deceived the universe and allowed him to advance to an Eternal.

Duda Star, in a secret space.

Collie is lying on the ground, and there is a large hole on her chest. The flesh around the hole is squirming and trying to heal the wound. Yet the hole is filled with black gas, which prevents the wound from healing.

In the secret space, there are hundreds of people. These people are Victoria, Arthur's relatives, and the elites of Battlegod College.

At this time, Victoria and them are looking worriedly at Collie. Collie is currently their sole protector.

"Boahn, that bastard, that big bully, he actually attacked this old lady! That scoundrel Arthur be damned! Darn it! Arthur, that bastard, he's a real scoundrel. He just up and left, leaving such an enemy for this old lady to deal with. To accept such a bastard as a disciple, this old lady is really unlucky!"

Collie cursed as she coughed up blood. She broke out with countless runes and fought against the black gas.

Collie was originally the No. 1 expert of Battlegod College and did as she pleased on Duda Star. She was always the one to bully others, not the other way around. But after she accepted Yang Feng as her disciple, she was stifled by the dean of Duda Royal College.

When Yang Feng became Duda Star's star lord, good days followed for Collie. But once information that Yang Feng didn't break Shenguang Universe's Universe Hook Tower made back to Duyun Universe, her good days came to an end. Boahn, an Emperor realm powerhouse, put aside his dignity and chased after Collie. If it were not for the fact that Yang Feng gave her a lot of secret treasure, Collie would have already been killed by Boahn.

All of a sudden, the secret space trembled, and a 10,000 meter log hand stabbed into the secret space and tore it apart.

"Not good!"

Collie's countenance changed dramatically. Her figure fluttered, and she broke out with countless rays of light that swept the hundreds of figures and escaped from this space.

"Collie, you're such a fool! If you ran away by yourself, then even if it's me, I would find it hard to catch you. But since you can't leave them behind, you've backed yourself into a corner. If you stay still and let yourself be captured, then I will give you a way to survive! Otherwise this is the end of the road for you!"

Along with a flash of ripples, Boahn emerged from the void, surged with runes, broke out with an aura that is hundreds of times more terrifying, and gazed coldly at Collie.

Collie's pretty eyes flickered with the color of resentment, and she uttered unhurriedly, "Your majesty Boahn, there is no hatred between us, so why have you been chasing us for the past hundreds of years?"

"You ask why? It's all because of your disciple. He snatched away my Eternal angel heart and smashed my only hope of advancing to an Eternal! Therefore, I want him to die and everything related to him to disappear!"

Boahn's eyes flickered with madness, and he barked.

Eternal angel heart, this is one of a most precious treasures of the universe. If Boahn used the Eternal angel heart and added other materials, he would be able to refine an Eternal realm puppet, upgrade his status, and gain a chance to fight over the opportunity to advance to an Eternal.

After he lost the Eternal angel heart to Yang Feng, Boahn could only watch helplessly as Yang Feng took advantage of the Eternal angel heart and easily advanced to an Emperor. This nearly made him vomit blood.

"Oh! You want everything related to me to disappear! Boahn, where did you get the courage to spout such nonsense?"

A cold voice suddenly rose behind Boahn, and Yang Feng accompanied by the beautiful blazing angel, Michaelia, walked out of the void.

"Arthur, you're back! In that case, I will give you face and call it a day!"

Boahn turned his head. His complexion changed dramatically, and he looked at Michaelia standing next to Yang Feng with apprehension in his eyes. His figure fluttered, and he turned into a stream of light and flew into the sky.

"You want to call it a day? You harm my people and still want to leave unscathed? Fat chance! Go to hell!"

Yang Feng smiled coldly and spread the fingers of his hand, and a large hand containing Eternal force emerged abruptly and shot towards Boahn.

"Eternal! You actually advanced to an Eternal! How is that possible! How can that be?"

When he sensed the Eternal realm aura, Boahn's countenance changed drastically and his eyes filled with despair. A blue battlegear appeared on him and countless defensive barriers emerged around him, trying to resist the large hand unleashed by Yang Feng.

The large hand containing Eternal force smashed the defensive barriers around Boahn as if they were made of tofu and crushed the blue battlegear in an instant.

"Arthur, stop! He is one of my important subordinates! You can't kill me!"

A radiance flew out of the void, slammed into the large hand unleashed by Yang Feng, and shattered it, and Ling Jianan's imposing voice reverberated in the area.

"Many thanks, your majesty! Many thanks for saving my life."

The despair on Boahn's face gave way to elation, and he shouted madly. He threw Yang Feng a look of provocation, and his eyes filled with resentment.

Yang Feng uttered indifferently, "Kill him!"

"Yes! Master!"

Standing next to Yang Feng, Michaelia smiled sweetly and unleashed the essence of speed. Her figure blurred, and then became clear again.

A bloody line appeared on Boahn's forehead and extended down.

"No!"

Boahn's face surged with the color of despair. His body split in two, his vitality extinguished, and he turned into a corpse.

Chapter 1505: Shenguang God

"Ling Arthur, do you want to be my enemy?"

Along with a flash of light, Ling Jianan's projection appeared in front of Yang Feng, and he looked gloomily at the other party.

In Duyun Universe, once a powerhouse advances to an Eternal, he is crowned with the title "Ling". Such as Ling Jianan and Ling Saisi.

Yang Feng responded coldly, "Your majesty Ling Jianan, Boahn, a mere Emperor, dared to bully and humiliate my people. Since when does an Emperor have the qualification to violate the dignity of an Eternal?"

Apart from the Ten Sacred Firmaments, where Eternals are quite common, Eternals are supreme beings and Emperors can't violate their dignity.

Ling Jianan creased his eyebrows and uttered, "Boahn was indeed in the wrong here. However, he was an Emperor of our universe. To lose an Emperor during the universe devour war, this is of great detriment to our universe."

"In that case, if another Emperor is produced, then there's no problem, right?"

Yang Feng smiled flatly and pointed with his hand, and a precious elixir flew out and flowed towards Collie.

The precious elixir shrouded Collie and easily erased her wounds, healing her in an instant.

"Teacher, advance to an Emperor!"

Yang Feng flickered his finger, and an elixir formed from numerous eternal god fruits turned into a string and entered Collie's mouth.

"Bas..."

Collie just opened her mouth, when she felt a boundless force pervade her body.

Within hundreds of thousands of light-years, a terrifying energy storm broke out and formed an energy beam that flowed into Collie. In response, her aura rose gradually, made a breakthrough, and advanced to the Emperor realm in one go.

Ling Jianan's eyes flickered with complicated emotions, and he said slowly, "Ling Arthur, it seems that you obtained a lot of benefits in Shenguang Universe."

Collie was originally in the quasi-Emperor realm, only a step away from being able to advance to an Emperor. But even so, if it were not for the help of Yang Feng's elixir, she would be unable to make a breakthrough and advance to an Emperor for the rest of her life.

Elixirs that can enable people to advance to the Emperor realm are extremely precious to Eternals. Seeing Yang Feng give Collie such an elixir as if it were nothing, this naturally made Ling Jianan feel envious.

Yang Feng smiled faintly and said confidently, "But of course. I have gained a lot of benefits in Shenguang Universe over the years, otherwise I wouldn't be able to advance to an Eternal upon my return."

"If you have time, pay Jianan Heavenly Palace a visit. Edwina has missed you quite a bit these years."

After leaving a few words behind, Ling Jianan's projection collapsed into specks of light and disappeared.

Yang Feng smiled faintly, and his gaze fell on Collie once more.

Several auras with unkind intentions approached. When they saw Yang Feng, they ran away at once, not daring to get close.

After the energy beam disappeared, Collie slowly opened her eyes. Her temperament has become more refined.

"So this is Emperor realm power. Truly magnificent."

Collie's pretty eyes flashed with an enigmatic shade. She sighed and looked at Yang Feng, and her eyes flickered with complicated emotions, "Arthur, you bastard, you're nothing but trouble. But seeing as you helped this old woman advance to an Emperor, this old woman won't hold it against you."

Victoria looked at Yang Feng with complicated emotions in her eyes, "Eternal, he actually advanced to an Eternal! How can this be? How can this be?"

The hundreds of survivors of Battlegod College gazed at Yang Feng with the shade of worship in their eyes.

An Eternal is an unequaled being who can suppress the universe and can support a large faction by himself.

Yang Feng looked at the void and said with a smile of indifference, "Teacher, I leave them to you. I think I will have to fight now!"

The entire Duyun Universe trembled suddenly, and the universe barrier collapsed at last.

A boundless starry sky suddenly appeared in Duyun Universe.

The universe devour war between Duyun Universe and Shenguang Universe entered the final stage.

Led by Eternal angels, angel armies of Shenguang Universe surged towards Duyun Universe like a tide.

“It started!”

“Why is it so soon?”

“Aren’t there still 3,000 years left?”

“Curses, it’s because of the Universe Hook Tower! Shenguang God must have combusted the blood of several of his children to stimulate the Universe Hook Tower!”

“...”

The six Eternals of Duyun Universe were both startled and angry. They guessed the truth of the matter at once.

Originally it would take another 3,000 years for the universe devour war to enter the final stage. But the ruthless Shenguang God burned the blood of his children and used it as nutrients for the Universe Hook Tower.

In the past, Shenguang God sent countless angels and powerhouses to kill the powerhouses of Duyun Universe to carry out blood sacrifices and pull the two universes closer.

At the same time, Shenguang God consumed a large amount of divine force stored in his divine country and unleashed incredible methods. Thanks to all these, the universe devour war entered the final stage at this time.

After this war, the vitality of Shenguang Universe will be greatly damaged and his reserves will be consumed by more than 90%. However, as long as Duyun Universe can be annexed, everything spent can be recovered within 100,000 years.

Shenguang Universe, in Shenguang God’s divine country, a 10,000 kilometer long pure white divine ship flew out.

Aboard the divine ship, there are 108,972 Emperor realm blazing angels, 12 1st layer Eternal realm blazing angels, two 2nd layer Eternal realm blazing angels, and one 3rd layer Eternal realm blazing angel.

In the middle of the divine ship, there sits a blond and blue-eyed middle-aged man dressed in a white robe with an ordinary appearance, yet full of dignity. He is the sole god of Shenguang Universe, Shenguang God.

Behind the divine ship, there are numerous fleets. These fleets are packed with angels.

After the intelligent life forms of Shenguang Universe die, their souls will be drawn to the divine country of the sole god, Shenguang God, and be reborn as angels.

Over the years, Shenguang God’s divine country has amassed trillions of angels. Even if it’s blazing angels, they are just regarded as fairly high-level cannon fodder in Shenguang God’s divine country.

The massive divine army that can pulverize anything in its way made a beeline towards Ling Jianan's Jianan Heavenly Palace.

Among Duyun Universe's six Eternals, Ling Jianan is the weakest.

"Not good! Everyone, Shenguang Universe has started a decisive battle! Please come to reinforce my Jianan Heavenly Palace!"

When he saw the trajectory of Shenguang God's army, Ling Jianan's countenance changed drastically, and he pleaded with Yang Feng and the other five Eternals.

Ling Li'ao and the other Eternals began to mobilize their strongest military might and deploy them towards the Jianan Heavenly Palace via teleportation arrays.

Yang Feng's eyes glimmered. Along with a flash of light, he tore the void and disappeared.

An hour later, Yang Feng appeared tens of thousands of kilometers away from Shenguang God's army and pointed with his hand, and 36 Eternal crystal guns appeared and fired at Shenguang God's army.

A hail of beams containing Eternal force slammed into Shenguang God's army.

One after another, warships with filled with blazing angels were blown apart. Many Holy realm blazing angels perished in the attack.

"That's right, with Duyun Universe's focus on offense, it's perfect to weaken the enemy!"

In the Jianan Heavenly Palace, when the six Eternal saw this, their eyes lit up.

Along with flashes of mysterious light, six strongholds filled with Eternal force and covered with bulky cannons appeared.

Along with flashes of light, beams ejected out from the six strongholds, crossed an endless distance, and shot towards the divine army.

The warships carrying angel armies were obliterated one by one, and countless angels perished.

Apart from the divine ship, although the other warships have activated powerful defensive barriers, but they were still easily destroyed by the attacks of Duyun Universe's powerhouses.

With an expressionless look on his face, Shenguang God quietly watched his subordinates die from aboard the divine ship.

Yang Feng took a deep look at Shenguang God, and his eyes narrowed slightly, "What a ruthless character! He doesn't care about these angels in the slightest."

"Eternals are the ones who will decide the outcome of a universe devour war after all! The angels are just cannon fodder that serve to deplete the strength of Eternals of Duyun Universe."

Yang Feng understood the thinking of Shenguang God at once. The angel fleets are cannon fodder deliberately dispatched by Shenguang God to be destroyed by Duyun Universe's powerhouses. So long as they can consume a fraction of the strength of Duyun Universe's Eternals, it will be a great gain in Shenguang God's book.

The six Eternals of Duyun Universe are no fools either and saw through the scheme in an instant. Countless beams that can seriously wound Eternals crossed the space and barreled towards the divine ship.

“It seems that the people of Duyun Universe aren’t complete idiots!”

Aboard the divine ship, Shenguang God smiled faintly and pointed in front of him with the staff in his hand.

A divine country projection appeared in the void, and endless Eternal divine force poured out and formed a terrifying divine light barrier.

When the beams of the six Eternal strongholds slammed into the divine light barrier, they were distorted and pushed aside.

“Divine decree, let there be light!”

Shenguang God turned to look at Yang Feng’s avatar, Arthur, and pointed at the other party with the staff in his hand.

In an instant, the laws around Yang Feng changed, and endless divine light that can purify and exterminate everything erupted and engulfed Yang Feng.

Chapter 1506: Decisive Battle

“Stop!”

Yang Feng unleashed a miserable scream, and terrifying wounds appeared all over his body, and his aura became weak. He turned into a stream of light and disappeared from this place.

“Such a weak Eternal? A 1st layer Eternal ant? Even if it’s a universe child, he is just an ant before he matures! No matter what schemes one comes up with, they are all useless in front of overwhelming power.

Shenguang God looked in the direction that Yang Feng disappeared, and countless divine runes appeared in his eyes. After performing numerous deductions, he quietly sat in his seat and didn’t chase after Yang Feng.

As long as the six 3rd layer Eternals of Duyun Universe are killed, the entire Duyun Universe will be in Shenguang Universe’s bag. By then he will just need to dispatch Eternal angels to be able to sweep everything away.

After the divine ship deflected the barrage of fire, it suddenly broke out with countless divine runes and grew 3,600 pairs of wings.

The 3,600 pairs of wings flapped, and countless strands of Eternal divine force combusted and turned into divine fire that shrouded the divine ship.

The divine ship glimmered, it’s speed accelerate briskly, and it turned into a white beam that flew towards the Jianan Heavenly Palace.

When the cannons of the Eternal grade fortresses lost their target, a barrage of beams slammed into Shenguang Universe's angel fleets and blasted angel warships apart one after another.

The angel warships tried to dodge, yet they were basically unable to evade the barrage of fire that crossed hundreds of millions of light-years.

After destroying hundreds of thousands of angel warships, the cannons of the six Eternal grade fortresses stopped attacking.

The barrage of fire that can slay Holy rank powerhouses from across hundreds of millions of light-years requires the consumption of a massive amount of energy.

Since Shenguang God disappeared, it's meaningless to attack the angel warships. That's because there warships guarded by a Holy each number 7 billion. If they insist on destroying all the 7 billion warships from across hundreds of millions of light-years, the six Eternal fortresses will exhaust their energy reserves.

7 billion Holy realm blazing angels are fearsome cannon fodder troops that Shenguang God cultivated after the last universe devour war. Even if they are all killed, he won't bat an eye.

At the same time, fearsome armies converge in Duyun Universe. Under the leadership of Emperors, the fearsome armies proceeded towards the front line and engage the nearly endless angel army.

Countless powerhouses bravely fought at the front line and perished.

Stars of Duyun Universe fell one after another. All the lifeforms on said stars were massacred by the angels of Shenguang Universe.

Shenguang God wants a cleansed universe. Apart from the intelligent life forms of his bloodline, the rest of the intelligent life forms will be killed and purified by his angels unless they are highly valuable mythological beasts or beautiful women.

Since the Emperor realm blazing angels were transferred away by Shenguang God, countless angels of Shenguang Universe's angel army died on the front line every moment. Holy realm blazing angels died at the hands of Duyun Universe's Emperors one after another.

"Should we transfer them all back?"

In the Jianan Heavenly Palace, Ling Li'ao pointed at the several new Emperors fighting in the middle of the battlefield depicted on a crystal screen and asked thusly.

Ling Suyu responded coldly, "If we transfer them away from the battlefield, then our ranks will collapse."

Ling Teqie uttered indifferently, "Besides, they aren't our pawns and might not listen to us. After all, their subordinates, relatives, friends, and loved ones are on the battlefield."

The Emperors fighting on the battlefield are universe children of Duyun Universe with tyrannically strength and the potential to advance to the Eternal realm. At the same time, they are arrogant and obstinate. They are basically unwilling to listen to orders of the six Eternals.

Ling Senta's eyes flickered with the shade of unwillingness, "It's a pity that there wasn't enough time, or else our universe would be able to produce another seven or eight Eternals! This way we might have been able to contend against Shenguang God!"

The eyes of the rest of the Eternals glimmered with a vicious shade.

Originally, Duyun Universe had nine 3rd layer Eternals in total, which made even Shenguang God apprehensive.

But then the nine Eternals fought with each other, and three 3rd layer Eternals died. The rest of the Eternals also sustained some injuries. Shenguang Universe launched an invasion when Duyun Universe was at its weakest.

Shenguang God not only is strong, but is also quite ruthless and decisive. He sacrificed his descendants in order to usher in the final stage of the universe devour war that was supposed to occur 3,000 years later. The powerhouses of Duyun Universe were caught off guard, and despair filled their hearts.

Several days later.

A white beam crossed the firmament, and the white divine ship appeared in front of the Jianan Heavenly Palace.

"I am the sole god, Shenguang God! Listen up, if one of the six of you submits to me and undergoes a ceremony to become my guard angel, then I will let him live."

Endless divine light radiated from the divine ship and spread in all directions, and Shenguang God's cold and imposing voice transmitted.

Ling Li'ao asked slowly, "Only one person can survive? What about the other five?"

Shenguang God replied coldly, an icy look in his eyes, "The other five naturally will have to die and become nutrients for my progress."

By killing an Eternal and crushing his Eternal imprint, even Eternals not proficient in the essence of devour can absorb the power of the other party's Eternal true spirit.

The Eternal imprints of Ling Li'ao and the other Eternals are merged with Duyun Universe. The Eternal true spirit and universe force contained in their Eternal imprints exceed those of 3rd layer Eternals of Eternal World by far.

Ling Jianan uttered at once, "He's trying to sow discord between us! Shenguang God, do you think we'll be fooled by such an obvious trick to drive a wedge between us?"

Shenguang God responded flatly, "That's right, I am indeed trying to drive a wedge between you guys. However, what I said is true. Lei Kalong, go ahead and tell them."

"Yes! Your majesty!"

A 2nd layer Eternal realm blazing angel flew out and floated calmly in the void.

"I am Lei Kalong, an Eternal of Leiguang Universe. After I submitted to my lord back in the day, my lord killed the other five Eternals of Leiguang Universe, and then rewarded me and turned me into an Eternal angel."

The 2nd layer Eternal blazing angel surged with countless mysterious runes from his eyes and unleashed soul fluctuations, showing scenes to the six Eternals.

Bitter scenes of Leiguang Universe appeared one after another. Lei Kalong betrayed the other five Eternals. With his help, Shenguang God easily quelled the other five Eternals. In the end, thanks to Shenguang God's power, he transformed into a 2nd layer Eternal realm blazing angel.

"It's true!"

The six Eternals of Duyun Universe were shocked when they saw this.

If an Eternal betrays his universe during the universe devour war, his Eternal imprint will crumble, and he will either die or lead a mediocre life for the rest of his days. But when Lei Kalong betrayed his universe, thanks to Shenguang God's power, he advanced once more. This is simply inconceivable.

"Everyone, don't be fooled by his words! Since he's trying to persuade us to surrender, that must mean that he isn't sure that he can win. If we work together, we might still have a chance!"

Ling Jianan's eyes shimmered coldly, and he shouted.

Countless cannons appeared in the Jianan Heavenly Palace, and dreadful beams that can reap Eternals apart shot towards Shenguang God's divine ship like meteors.

Mysterious runes poured out of the Jianan Heavenly Palace, shrouded the void, and locked the past, present, and future, making it so the divine ship can't travel between the past, present, and future.

"Blockheads! Witness the greatness of a 7th layer Eternal realm sole god!"

"Divine decree, Lance of Divine Light, come out and purify all evil in the world!"

Shenguang God smiled coldly, surged with divine light from his eyes, and pointed with his hand.

"According to my lord's divine decree, Lance of Divine Light, come out and purify all evil in the world!"

A giant holy martyr appeared and prostrated himself on the ground.

"According to my lord's divine decree, Lance of Divine Light, come out and purify all evil in the world!"

An elven holy martyr appeared and prostrated himself on the ground.

A virtually endless amount of holy martyrs appeared and mumbled piously.

Countless intelligent life forms emerged behind Shenguang God and prayed piously.

Faith force converged and formed Eternal divine force that turned into an invincible Lance of Divine Light 10,000 kilometers in length.

The 10,000 kilometer long Lance of Divine Light carrying the will of countless life forms tore through the firmament, slammed into the defensive barrier of the Jianan Heavenly Palace, and unleashed endless force.

Boom!

The defensive barriers of the Jianan Heavenly Palace, which could withstand the attacks of Eternal realm powerhouses, collapsed in an instant.

The six Eternal fortresses surrounding the Jianan Heavenly Palace flew out, activated formidable barriers, and attempted to resist the attack of the Lance of Divine Light.

The Lance of Divine Light sliced the six fortresses apart one by one and turned them into fragments that scattered about.

“No!”

“Don’t!”

“Save me!”

Countless powerhouses flew out from the Jianan Heavenly Palace. They just flew out, when the power of the Lance of Divine Light shrouded them and vaporized them.

Six tyrannical Eternal auras flew out of the Jianan Heavenly Palace at once.

In the next moment, the Lance of Divine Light slammed into the Jianan Heavenly Palace itself, and endless light erupted. The Jianan Heavenly Palace collapsed into countless fragments that scattered in the universe.

Chapter 1507: Slaying Shenguang God

“How come it’s so terrifying?”

“7th layer Eternal! So this is the power of a 7th layer Eternal!”

“Curses! Its too powerful! This power is despairing!”

“...”

The six Eternals of Duyun Universe barely escaped from the Jianan Heavenly Palace and saw as the Jianan Heavenly Palace was crushed, and a cold chill and despair welled up in their hearts.

The Jianan Heavenly Palace gathered the power of six Eternals. But in front of Shenguang God, it couldn’t withstand a single strike. This inconceivable power made the Eternals of Duyun Universe realize how terrifying a 7th layer Eternal is.

“Everyone, he won’t spare us! The only thing he’s wary of is us combusting our Eternal imprints and unleashing a desperate strike! We don’t stand a chance against him! Let’s take him down together with us and fight for a chance for our universe!”

Ling Jianan creased his eyebrows, surged with a ferocious gleam in his eyes, and barked coldly, and his Eternal imprint appeared and combusted directly.

In an instant, Ling Jianan turned into a terrifying red radiance that crossed the firmament and shot towards Shenguang God.

“Divine country!”

The expression of the all along calm and collected Shenguang God finally changed greatly, and he silently recited an incantation and unleashed his most powerful defensive divine art.

Endless Eternal force combusted, and a divine country projection containing countless angels appeared and formed a terrifying divine barrier.

When the scarlet radiance formed from Ling Jianan combusting his Eternal imprint collided with the divine barrier, it ran through the barrier in an instant and shot towards Shenguang God.

“Protect our lord!”

“It’s our honor to give our lives for our lord!”

“...”

Emperor realm blazing angels flew out abruptly and charged towards the scarlet radiance with Angel Shields in hand.

The scarlet radiance ran through hundreds of Emperor realm blazing angels and extinguished their vitality.

“It’s our honor to give our lives for our lord!”

The eyes of the 12 1st layer Eternal realm blazing angels flashed, and they madly combusted their power, turned into pure white divine radiances, and knocked into the scarlet radiance.

Under the attack of the 12 1st layer Eternal realm blazing angels, the scarlet radiance dimmed by a lot.

“Break!”

Shenguang God brandished his sword, unleashed endless divine light, and cut the scarlet radiance apart.

“Shenguang God, we’re going to take you down with us!”

Ling Li’ao laughed loudly, combusted his Eternal imprint, turned into a scarlet radiance, and flew towards Shenguang God.

Apart from Ling Suyu, the rest of the Eternals combusted their Eternal imprints, turned into scarlet radiances, and shot towards Shenguang God.

The Eternals are very clear that none of them can withstand a strike from Shenguang God according to conventional methods. Only when they combust their Eternal imprints, only then might they be able to wound Shenguang God.

“Brilliant Sword!”

The complexion of Shengguang God changed greatly. Divine light soared, and the divine country projection emerged. Millions upon millions of holy martyrs and petitioners appeared in the divine country and madly combusted their origin.

At this moment, countless holy martyrs, angels, and petitioners combusted their origin in Shengguang God's divine country and died, and then arrived at the divine country projection in accordance with a mysterious law.

A terrifying sword emitting endless divine light flew out and slashed towards the four radiances.

The terrifying sword split apart the entire void and slashed a scarlet radiance.

The terrifying sword sliced the scarlet radiance formed from a 3rd layer Eternal combusting his Eternal imprint apart in an instant.

The other three scarlet radiances knocked into the divine country projection and ran through it, pierced through Shengguang God's body protection barriers, slammed into him, and punched three terrifying holes into his body.

Shengguang God creased his eyebrows and coughed, and drops of golden blood fell into the void. Endless divine light shrouded his body, and the three wounds disappeared in an instant.

Ling Suyu's countenance change, and he greeted his teeth and said, "Mighty Shengguang God, I wish to submit to you. Please turn me into your guardian angel!"

The five 3rd layer Eternals combusted their Eternal imprints and unleashed unfathomable attacks, yet they only dealt minor injuries to Shengguang God. This fact filled Ling Suyu with despair, and he chose to submit.

"In that case, you can go and die! This way your comrades-in-arms can rest in peace!"

Along with a flash of ripples, a large hand strangely stabbed Ling Suyu in the chest, broke out with terrifying Eternal force, and forcibly pulled out an Eternal imprint from Ling Suyu's body.

Ling Suyu's eyes flashed with unwillingness, and he unleashed heart-wrenching screams, "Scoundrel! I already submitted, why do you insist on killing me!"

"That's because I don't like you. And you can become nutrients for my evolution."

Yang Feng smiled faintly and crushed Ling Suyu's Eternal imprint. A terrifying devour black hole appeared, engulfed Ling Suyu, and madly devoured everything he has.

Shengguang God gazed at Yang Feng with apprehension in his eyes and uttered unhurriedly, "You are Ling Arthur? No, you are not an Eternal of Duyun Universe! Who are you?"

"I am Feng Eternal! Shengguang Eternal, this is the first time we have met! Please go and die!"

Yang Feng smiled lightly and broke out with countless runes, and the Xi Shen Armor covered his whole body. He took a step, crossed a torrent of time, appeared in front of Shengguang God, and swung his sword.

"7th layer Eternal! How did you infiltrate this universe without being discovered by them?"

The complexion of Shenguang God changed dramatically, and he broke out with endless divine light and swung his sword.

Boom!

When the two swords collided, two supreme forces broke out and blasted Shenguang God 10,000 kilometers away, and golden blood sprayed out from all over his body.

Although Shenguang God appears to be uninjured, but the three Eternal realm wounds he received didn't really disappear. If he was allowed to refine Duyun Universe's origin force, then he would be able to recover completely and make progress within 10,000 years. But now Yang Feng stepped in and wounded him further.

"Protect our lord!"

"It's our honor to give our lives for our lord!"

"..."

Countless blazing angels flew out and attacked Yang Feng.

Each of the blazing angels is at least in the Holy realm and they number in the hundreds of millions. Even if it's an Eternal, he will be wounded by them.

"Bunch of ants, go to hell!"

Along with a flash of starlight, Xingji walked out of the void, unleashed endless starlight, and attacked the several Eternal realm blazing angels.

Swarms of Holy grade battle robots emerged and engaged with the angels.

Explosions ran incessantly in the void as Yang Feng and Shenguang God fought frenziedly. Wherever they passed, the void shattered and stars extinguished.

Shenguang God summoned divine country projections repeatedly, yet he was still wounded by Yang Feng, and divine blood spilled into the void.

"Feng Eternal, give me 30,000 years! Give me 30,000 years to recover! And then we can have a fair fight! If you win, then this universe will belong to you. But if you don't agree to it, then I will take you down with me!"

Covered in wounds, Shenguang God's eyes flickered with madness, and he bellowed.

Yang Feng raised the corners of his mouth and reveled a smile, "You want to take me down with you? You currently don't have the qualification to do that!"

An indistinct premonition welled up inside Shenguang God.

All of a sudden, Ling emerged above the divine country, and the level-8 stronghold appeared behind her.

A giant cannon that is the crystallization of the technology of various civilizations appeared and frenziedly extracted the universe's universe origin force.

Blue halos shone, and a terrifying blue beam ejected out from the giant cannon, tore through the firmament, and slammed into Shenguang God's divine country.

Boom!

Along with a devastating blare, the blue beam pierced through Shenguang God's divine country, and the divine country collapsed bit by bit.

"No!"

Shenguang God spat out blood, his body cracked bit by bit, and his eyes shimmered with horror.

For a sole god, his divine country is the place where his Eternal imprint is hidden. If his divine country crumbles, that signifies that the sole god will perish.

Ling's eyes surged with mysterious runes, and she breathed in.

Fragments of Shenguang God's divine country shrank and flew into Ling's mouth.

A white jade like rune appeared on Ling's forehead, and she frantically refined Shenguang God's divine country.

"Shenguang God, if you stayed hidden in your divine country, I wouldn't be able to do anything to you! But since you came out, it means that you were destined to die here!"

Yang Feng smiled coldly, swung his sword, and sliced Shenguang God in two.

A devour black hole appeared, swallowed the two halves of Shenguang God's body, surged with the essence of devour, and devoured Shenguang God's Eternal force.

"My lord!"

"My lord!"

"..."

When the blazing angels saw this, their eyes widened from anger, and they madly attacked Yang Feng. They were easily quelled by Xingji.

Seven days later, the countless sculptures of Shenguang God scattered throughout Shenguang Universe burst apart, and the priests believing in Shenguang God lost all divine force and became ordinary people.

Rain of blood appeared on stars of Shenguang Universe and all life forms of Shenguang Universe grieved.

Chapter 1508: Unifying the Two Universes

"My lord has fallen!"

"No! My lord couldn't have fallen!"

"No!"

“ ... ”

The moment when Shenguang God died, the Eternal angels and Emperor realm blazing angels of Shenguang Universe trembled, unleashed miserable screams, and died, as well. Shenguang God set up a restriction inside them. If he dies, they will follow him into death.

“My lord! I will follow you!”

“My lord! I will follow you!”

“ ... ”

In Shenguang Universe, countless fanatics of Shenguang God unleashed screams and committed suicide.

Yang Feng’s mechanical legion attacked Shenguang Universe.

Since Shenguang Universe lost the protection of Emperors, the remnant blazing angel army stood no chance against Yang Feng’s mechanical legion and was easily defeated.

When the Emperors of Duyun Universe saw the mechanical legion, they realized that their prospects aren’t bright and chose to form an alliance.

13 Emperors formed a Duyun Universe Alliance and tried to contend against Yang Feng.

Duyun Universe Alliance was just established, when Xingji appeared and crushed it.

After Yang Feng slayed Duyun Universe’s Emperors and Shenguang Universe’s Shenguang God, he became an enemy of both universes. Countless powerhouses of both universes took up arms and rebelled against his rule.

Yang Feng dispatched one mechanical legion after another to massacre the rebels.

Many races and trillions of life forms were wiped out by Yang Feng’s mechanical legions and became resources for the merger of the two universes.

10 years later, a majority of the intelligent life forms in the universe were firmly in Yang Feng’s grasp. Only some weak clans led by Holies hid on barren stars in the recesses of the universe, hiding from the pursuit of Yang Feng’s forces.

“Let’s begin! Harvest!”

Yang Feng standing in the void raised the corners of his mouth into a smile of satisfaction and ordered.

“Yes! Your majesty!”

Ling’s beautiful eyes flickered and surged with runes, and a white jade disk appeared and frantically absorbed the universe origin of the universe.

Vast universe origin force was absorbed by Ling.

Terrifying rejection force transmitted from the depths of the universe and attempted to remove Ling from the universe.

Ripples appeared around Ling and rendered the rejection force that could easily pulverize a 7th layer Eternal useless.

10 years passed in a flash as Ling continuously extracted the universe origin of the universe.

After the two universes merged together, if the universe was given 100,000 years, it might be able to promote to a level-8 universe. But after Ling extracted the universe origin of the universe for 10 years, the universe that just underwent a universe devour war not only was not thriving, but just remained at level-7.

A vast and grand force appeared in Ling's eyes and poured into Yang Feng's body.

Yang Feng's eyes flickered with excitement, "This force is enough to allow me to advance to an 8th layer Eternal!"

"However, if I advance rapidly, it's bound to lead to future trouble! It's better to lay a solid foundation!"

Yang Feng's heart thoughts revolved, and then swept the mysterious structure of the white jade phalanx bone that was revealed after it was refined with his eyes.

The white jade phalanx bone definitely stems from an Eternal King or even a terrifying powerhouse above the Eternal King realm! Only by following this structure, only then can one reach the summit."

Yang Feng's eyes flashed with the shade of resolve. Countless mysterious runes appeared in his body and frenziedly absorbed the formidable universe force coming from Ling, and the structure of his body transformed in the direction of the structure of the white jade phalanx bone.

The structure of Yang Feng's body just changed, when the energy consumption of his entire body increased by more than 10,000 times. As if he turned into a black hole that can devour everything, the entire person frantically devoured the surrounding energy.

"That won't do! My strength is not sufficient, my reserves are not profound enough. If I forcibly transform into this structure in one go, I will be backing myself into a corner."

Yang Feng had an epiphany and gave up on the idea to completely transform the structure of his body. In the end, he only let his brain transform.

The universe origin that is sufficient to promote the universe to a level-8 universe was channeled into his brain, transforming its structure into a mysterious structure.

100 years passed in a flash.

A mysterious red rune containing endless marvels appeared on Yang Feng's forehead, and he slowly opened his eyes.

"Although my level stopped at pinnacle stage 7th layer Eternal realm, but my combat power has increased by more than 100 times! This structure is really fantastic. That's beings at the Eternal King realm or higher for you. It's a pity, but in order to complete this structure, a terrifying amount of energy needs to be consumed!"

Yang Feng's eyes glimmered and the corners of his mouth rose into a smile. He looked at his right hand, and a devour rune containing a mysterious structure appeared in his right hand.

This is a new rune that combines the mysterious structure of the white jade phalanx bone with the essence of devour he cultivated. With this mysterious rune, he can contend against even 9th layer Eternal realm Eternal tycoons.

Yang Feng's eyes flickered with a scorching color, "With my current strength, I can have a footing in the Ten Sacred Firmaments of Eternal World. I can proceed to the Ten Sacred Firmaments!"

The Ten Sacred Firmaments of Eternal World are the center of the greater universe and are controlled by Eternal Kings.

In the Ten Sacred Firmaments, Emperors are everywhere and Eternals are common. In the Ten Sacred Firmaments, 1st layer Eternal realm powerhouses, who can be rated as overlords in other universes, can only be regarded as elite soldiers or servants.

In the Ten Sacred Firmaments, 4th layer Eternals are considered experts, 7th layer Eternals are considered powerhouses, and 9th layer Eternals are considered tycoon. This is the hierarchy of the Ten Sacred Firmament.

Aloof, unequaled Eternal Kings, who can run amok in many universes, are masters of the Ten Sacred Firmaments. They are the most fearsome beings in this world.

Yang Feng schemed in his heart, "Among the Ten Sacred Firmaments, only Taixuan Sacred Firmament, Boda Sacred Firmament, and Zhenji Sacred Firmament are under the rule of the human clan. In Taixuan Sacred Firmament and Boda Sacred Firmament, there are many powerhouses that I have offended. It's best to go to Zhenji Sacred Firmament."

In the Ten Sacred Firmaments, apart from the human clan, there is the ogre clan, the devil clan, the giant clan, the dragon clan, and others.

The human clan is composed of beastmen, humans, angels, elves, and other humanoid races with human aesthetics.

There are many clans and races in the Ten Sacred Firmaments that look strange in the eyes of the human clan, yet are beautiful in their own eyes.

If Yang Feng goes to other sacred firmaments with different cultures and aesthetics, he must disguise himself. He can predict that it will be quite troublesome.

Zhenji Sacred Firmament.

"So this is Zhenji Sacred Firmament!"

Along with a flash of ripples, Yang Feng appeared in front of a city in Zhenji Sacred Firmament, and his eyes flashed with an enigmatic shade.

Above the city, there is an abstruse sphere emanating mysterious fluctuations suspended in the air. The sphere is drawing the life origin energy within 1,000 kilometers and channeling it into the city.

In the city, there are tall buildings soaring into the sky and trails suspended at different heights.

On the suspended trails, there are different hover trains speeding along.

There are also countless hover cars speeding along different trails.

“Handsome, do you want to go for a drive with me?”

A scarlet hover car stopped next to Yang Feng, and a charming and beautiful girl dressed in a red off shoulder leather jacket with long, wavy red hair and a pair of large sunglasses on the face, of about 16 or 17 years of age talked to Yang Feng.

After Yang Feng underwent evolution a number of times, his appearance hasn’t changed much, but his temperament has become mysterious and extraordinary. This is quite appealing to the opposite sex.

If it were not for the fact that Yang Feng used a secret method to restrain his charm, then even if he stood still, his natural charm would have easily fascinated people below the Holy realm of the opposite sex, who would be willing to throw away their lives for him. This is one of the fearsome extraordinary powers of a 7th layer Eternal.

Even though Yang Feng has restrained his charm, but he still appears to be handsome and extraordinary and have a refined temperament

“Alright!”

Yang Feng looked at the beautiful girl, who reminded him of the beautiful and lively girls from Earth, and then smiled faintly and boarded the hover car.

Zhao Haimei took off her sun glasses, revealing a beautiful face. She smiled sweetly and said, “I’m Zhao Haimei. What about you?”

Yang Feng smiled lightly and said in reply, “I’m Yang Feng!”

Zhao Haimei said with a charming smile, “Brother Yang, I’m going to participate in a hover car race, but I lack a partner. Do you want to team up with me?”

Yang Feng responded with a smile, “Okay!”

Yang Feng has been cultivating hard and pursuing the path to the summit all along. Who knows how long it has been since he stopped to look at the scenery around him. After he advanced to a pinnacle stage 7th layer Eternal, his strength has soared. In the Ten Sacred Firmaments, apart from several Eternal tycoons joining forces or an Eternal King taking action in person, there’s basically no one who can kill him.

The hover car soon stopped at the summit of a mountain.

At the summit, there are dozens of luxurious hover cars. Next to the hover cars, there are handsome men and beautiful women everywhere, as if they were holding a party.

Chapter 1509: Race

A young man with sprout hairstyle, fair skin, and a handsome face came over, glared at Yang Feng, and asked, "Haimei, who is that?"

Zhao Haimei's expression darkened, and she replied coldly, "Zhou Guang, we're not that familiar with each other! Don't use such a tone with me!"

"Pretty boy, I'm warning you. She isn't someone that a bumpkin like you can approach at will. She's out of your league! Now scram!"

Zhou Guang's face fell and his eyes flickered. He stared at Yang Feng and pressed the ring on his right hand, and a strange fluctuation transmitted into Yang Feng's brain.

"Interesting, a mere ordinary person reached this step by relying on technology. That's one of the Ten Sacred Firmaments for you."

Yang Feng looked at the ring on Zhou Guang's right hand, and his eyes flashed with interest.

Zhou Guang isn't even an Apprentice Warlock, but just an ordinary person with a physical constitution that surpasses that of a Knight. However, by using the ring on his right hand, he can unleash various extraordinary powers. This caught Yang Feng's eye.

"Zhao Haimei! Is that the partner you chose? If you lose this race, you will have to pay us 53 million credits. Your family has recently fallen on hard times. If you lose 53 million credits, your family may go bankrupt."

Accompanied by a cold voice, a handsome young man with extraordinary temperament walked over slowly. This young man is followed by six pretty girls.

Gazes full of ridicule and expectation focused on this area.

Zhao Haimei's eyes flickered with the shade of regret. Previously, because of a provocation of the man in front of her, she got so angry that she made a bet with him. Now she can't back out. If she backs out now, she won't be able to mingle in this circle. The several top silver spoons who set up this wager won't let it slide.

Zhao Haimei spoke with a defiant look on her face, "Chi Guang, this is indeed the partner I chose. You'd better think about what will you do if you lose! After all, if you lose to me, you will have to pay me 330 million credits. It's still not too late for you to back out now."

6 to 1 odds, Zhao Haimei was tempted by this and agreed to the wager back then.

Chi Guang's eyes glimmered, and he responded with a frigid smile, "If you lose and can't come up with the money in 10 days, then you will become my slave. When the time comes, I will teach you how a slave should talk to the master!"

"See you at the racetrack!"

Zhao Haimei's pretty eyes shimmered with determination, and she snorted coldly and took Yang Feng to the hover car.

Chi Guang and a dazzling beauty entered another hover car.

In a small bar, there is a somewhat ugly fatty with pockmarks sitting there. There are a dozen plus very beautiful women kneeling sitting next to the fatty.

A young man raised his cup and took a sip, and then uttered, "Congratulations, Crown Prince, you're going to get another remarkable female slave. Zhao Haimei is not a simple girl. Back then, she was the school beauty of Ningguang College. It is said that she was only one step away from entering Extraordinary College. Only you have the qualification to enjoy such a beauty, Crown Prince."

The fatty is the person with the most profound background in the circle. He is a top silver spoon who named himself crown prince.

Crown Prince spoke with a cold smile, "For me to fancy her, this is Zhao Haimei's good fortune. Yet she dared to reject me. She's really overestimating herself. In 10 days, I will make sure that she sobers up."

Crown Prince spoke, "Ling Ya, I don't like the guy next to Zhao Haimei. Go investigate him. If he has no background, then kill him."

A bald, burly man in a white T-shirt responded with a light smile, "Alright!"

In the eyes of top silver spoons, killing a person with no background is as easy as pie.

"A mere ant wants to kill me?"

Yang Feng's eyes flickered with an odd shade, and he smiled indifferently and said to Zhao Haimei, "Zhao Haimei, let me drive. I can help you win this race."

When she heard this, Zhao Haimei creased her brows. She stared at Yang Feng and said slowly, "Give me a reason why I should believe you."

"Yang Feng replied, "Your car has been tampered with. Don't use the smart system, but go check yourself."

Zhao Haimei's countenance changed, and she alighted the hover car and began to inspect it carefully.

Chi Guang saw Zhao Haimei inspect her car and said with a cold smile, "Is there a problem? It's a shame, but it's too late!"

The race is today. Even if Zhao Haimei finds anything, she won't have any time to fix it.

"A bunch of shameless guys! They tampered with the accelerator and the engine! Truly despicable!"

Zhao Haimei turned pale in the face and swore loudly. She trembled and wept, filled with fear.

Since the accelerator and engine, which are core components of the hover car, were tampered with, then even if Zhao Haimei's driving skills are incredible, she will still be defeated.

Zhao Haimei could feel vaguely that she fell into a dreadful trap.

Yang Feng quietly watched Zhao Haimei cry, a tranquil look on his face.

"Fine! Brother Yang, I believe you! I'll leave everything to you!"

After she cried, Zhao Haimei wiped away her tears, greeted her teeth firmly, and changed place with Yang Feng.

“Start the race!”

A voice sounded, and the two hover cars unleashed fearsome rumbling sounds and sped along the racetrack.

Yang Feng exclaimed in admiration, “What a nice car!”

Zhao Haimei’s hover car accelerated to the speed of sound in a second and sped along the racetrack like a violent gust of wind.

The fast speed made Yang Feng’s heart well up with a sense of nostalgia.

By relying on his terrifying physical constitution, Yang Feng accelerated the hover car to the extreme and pulled open the distance with Zhou Guang’s hover car.

“What amazing driving skills! Brother Yang, you got this!”

When she saw this, Zhao Haimei’s eyes flickered with excitement, and she shouted.

The hover car is equipped with excellent shock absorption, stress resistance, and other systems. Although Zhao Haimei is just an ordinary person, but thanks to the systems installed in the hover car, she can speak as if the supersonic speed were nothing.

“What amazing driving skills! It seems that Zhao Haimei met an amazing race car driver. However, no matter how amazing the driver is, if the core components of the car are compromised, it’s all useless.”

Chi Guang smiled coldly and pressed a button.

“Aurora System is at your service, master! Starting turbo mode!”

A voice sounded in the hover car, and the car broke out with mysterious runes.

Following a flash of light, the hover car’s speed soared and reached three times the speed of sound, and it overtook the car piloted by Yang Feng.

When she saw this, Zhao Haimei’s pretty eyes flickered with despair, “Three times the speed of sound! It’s over! To be able to reach three times the speed of sound, his car must have been modified by a great master. It’s my loss!”

No matter how brilliant Yang Feng’s driving skills are, it’s basically impossible for him to overtake a car speeding along at three times the speed of sound.

Zhao Haimei didn’t expect Chi Guang’s car to be modified by a great master.

“What about it! He’s not the only one who can modify a car!”

Yang Feng smiled flatly and pointed with his hand, and a green radiance entered the car.

Zhao Haimei’s hover car glimmered, and its speed exploded and reached 10 times the speed of sound. The car ripped through the air and chased after Chi Guang.

“Zhao Haimei, what a pity! After Crown Prince get’s tired of her, I will get a chance to play with her!”

Sitting inside the modified car, Chi Guang’s mind wandered as he watched a movie, a look of satisfaction on his face. The hover car is fully controlled by a smart system. He basically doesn’t need to do anything.

“Warning! The car behind has reached 10 times the speed of sound! Please dodge it!”

A voice transmitted from the smart system.

“10 times the speed of sound! How is this possible? Is the system bugging?”

Chi Guang was taken aback. In the next moment, Zhao Haimei’s hover car passed by his car along with a string of afterimages and disappeared in front of him.

Zhenji Sacred Firmament, Fei Ling Kingdom, at a data center.

A spherical optical computer surged with countless strings of data.

“There’s interference from a mysterious power!”

“Error!”

“Cause of error! Interference from an Eternal!”

“Everything is okay!”

“Interference from an Eternal!”

“Everything is okay!”

“...”

In the data center, the optical computer issued repeated warnings.

“Eternal! This interference, an unknown Eternal has come to our kingdom!”

“These fluctuations, it’s an Eternal without a login!”

“This is an unknown Eternal!”

“...”

Dozens of Holies appeared in the data center and quickly processed the different data.

Cyan light shone, and a 1.9 meter tall middle-aged man with long black hair appeared in the data center.

“Greetings, commander!”

When the Holies saw the middle-aged man, they saluted him respectfully.

The commander asked, “How strong is this Eternal?”

Eternals of different strengths require response of different degrees. If it’s a 1st Layer Eternal, he will naturally be captured and reduced to a servant or an energy source. If it’s a powerhouse of the 4th layer eternal realm or higher, he will need to be treated with caution.

A Holy replied, "According to the analysis, this is a powerhouse above the 4th layer Eternal realm. Due to the interference from the Eternal, concrete information can't be gathered."

The eyes of the commander flickered with a dignified shade, "A powerhouse above the 4th layer Eternal realm. It seems to be a new friend that I have to go meet in person."

Chapter 1510: A Welcome

Along with a string of afterimages, a hover car stopped at the summit of the mountain, and two people alighted. They are Yang Feng and Zhao Haimei.

"Zhao Haimei!"

"Beautifully done!"

"That asshole Chi Guang lost miserably!"

"Zhao Haimei, your hover car's modification is awesome!"

"..."

Excited clamor rose at the summit as handsome men and beautiful women flocked over.

Crown Prince's eyes flashed with an overcast shade, and he threw the cup in his hand on the ground, shattering it into many pieces. He greeted his teeth and uttered, "That damn bastard dares to foil my plans! He must be tired of living!"

Ling Ya spoke with a serious expression, "Crown Prince, to be able to upgrade the speed of Zhao Haimei's hover car to 10 times the speed of sound, that guy isn't a simple character. He's likely an Extraordinary from Extraordinary College!"

When these words fell, the eyes of the several top silver spoons flickered with an overcast shade. Although their family background is outstanding, but they are just ordinary people. They can control the fate of ordinary people. But when it comes to Extraordinaries, it is a bit of headache.

Crown Prince's eyes flickered with intense murderous intent, and he said, "What is there to fear! It's not like we haven't killed Extraordinaries before. As long as it's not a high-level Extraordinary, we can kill him!"

Crown Prince's family is a powerful family of Fei Ling Kingdom with profound reserves and a large number of Extraordinaries at its service. But because Crown Prince's aptitude is too lacking and he can't bear hardship, he is still just an ordinary person. However, with his influence, he can easily kill a Starry Sky Warlock.

A dozen plus seconds later, Chi Guang's hover car return to the summit.

Zhao Haimei's eyes flickered, and she walked up to Chi Guang, "Chi Guang! What about my 330 million credits!"

Chi Guang's expression became unsightly.

In Fei Ling Kingdom, the monthly wage of ordinary people is 5,000 to 6,000 credits. 330 million credits, this isn't a sum that a rich young master like Chi Guang can take out.

Chi Guang employed various schemes and was convinced that the race was in the bag, only then did he make a wager with Zhao Haimei. If he is forced to pay 330 million credits, his family might go bankrupt.

Chi Guang threw Crown Prince a pleading look, yet saw a cold and gloomy expression on the other party's face.

"Zhao Haimei, the 10 days aren't over yet! I will make sure to pay you your money!"

Chi Guang's eyes flickered with frigid murderous intent as he looked at Zhao Haimei.

"Zhao Haimei, your friend is pretty good. Want you introduce him to us?"

Accompanied by a chuckle, Crown Prince walked over, followed by several close friends and a dozen plus beauties.

Zhao Haimei creased her slim eyebrows and made the introduction, "Crown Prince, this is Yang Feng, a friend I met on the street! Yang Feng, this is Tailong Group's Crown Prince."

Crown Prince spoke haughtily, "Yang Feng, I have taken a liking to you. Would you like to join the Tailong Group and serve me? I can offer you a monthly salary of 10 million credits!"

"10 million credits! This is already enough to employ a class 3 Extraordinary (Moonlight Warlock)."

"How extravagant!"

"As expected of Crown Prince!"

"..."

Exclamations transmitted from a side. For a rich young master, 10 million credits is not a small amount.

"Get lost!"

Yang Feng shot Crown Prince a look of contempt and spoke icily.

Crown Prince's arrogant expression stiffened, and the fake smile on his face disappeared slowly. He stared at Yang Feng and uttered coldly, an overcast flash in his eyes, "Yang Feng, you dare talk to me in such a way. You're screwed! In Fei Ling Kingdom, there's no one who can save you!"

Zhao Haimei's countenance changed, and she shouted anxiously, "Crown Prince, he didn't mean to offend you. Please forgive him. Yang Feng, why are you just standing there foolishly? Hurry up and apologize to Crown Prince! Hurry up!"

Crown Prince is the No. 1 figure of this circle of top silver spoons and has a vast amount of resources at his disposal. Anyone who offended him had their families ruined. Zhao Haimei is quite clear about his terror.

"Crown prince? How arrogant! Who is so brazen as to pretend to be the crown prince of Fei Ling Kingdom!"

A cold voice rose in the air.

The void split open, a blue beam descended from the sky, and 100,000 soldiers equipped with booster armor appeared, emanating terrifying aura.

A 100,000 meter long blue battleship appeared in the void.

Blue lights flew out from the blue battleship and formed a flight of blue stairs.

A 1.9 meter tall middle-aged man with long black hair and a valiant appearance walked down the flight of blue stairs.

The middle-aged man was followed by the king, the secretary of defense, the prime minister, and other important officials of Fei Ling Kingdom.

“This is Booster Armor Guard, the strongest army of Fei Ling Kingdom!”

“That’s his majesty the king!”

“That’s the secretary of defense!”

“That’s the prime minister!”

“That’s the minister of finance!”

“How come so many big shots have come here?”

“...”

On the mountain, the silver spoons looked at the big shots coming down from the sky in shock, unable to believe their eyes.

Any person behind the commander is countless times more important than Crown Prince. With just a few words, they can send the families of these silver spoons to the paradise, or condemn them straight to hell.

“Who is that man? Even his majesty is servile towards him?”

Crown Prince and the other silver spoons looked at the middle-aged man with shock in their eyes.

The commander arrived in front of Yang Feng and uttered with a light smile, “Hello, I am Fei Yuansheng, the 65th commander under the governor of Zhenji Sacred Firmament’s Western Domain. How do I address you, sir?”

Yang Feng smiled calmly, and Eternal fluctuations of power diffused from him, “I am Yang Feng. I come from another universe.”

Fei Yuansheng uttered with a light smile, “This is not a good place to talk. Would you like to come to the Western Domain to taste Eternal liquor and have a conversation?”

Yang Feng glanced at Crown Prince and the other silver spoons and replied indifferently, “Alright! However, these ants are really disagreeable!”

Fei Yuansheng uttered flatly, “King of Fei Ling Kingdom!”

“Sir!”

The king of Fei Ling Kingdom spoke respectfully.

Fei Yuansheng said coldly, “Did you hear? Our esteemed guest is unhappy with these ants! This is a terrible crime! Wipe out their kin!”

The king of Fei Ling Kingdom responded respectfully, “Yes, sir!”

The king of Fei Ling Kingdom waved his hand, and a team of Booster Armor Guard soldiers descended on Crown Prince, Ling Ya, and several other silver spoons and restrained them.

“No! Don’t! Sir Yang Feng, don’t kill me! I will give you credit points! I will give you 10 billion credit points! Spare me!”

Crown Prince’s countenance changed drastically, and he assumed a sorrowful expression and howled madly.

“Sir Yang Feng, spare me!”

“I implore you, please spare us!”

“...”

The knees of Crown Prince and the the several silver spoons next to him buckled, and they knelt on the ground and howled bitterly.

Without paying any attention to these ants, Yang Feng followed Fei Yuansheng and boarded the blue battleship.

The blue battleship glimmered, entered the void, and disappeared.

“He is actually such a distinguished big shot!”

Zhao Haimei looked at the void absentmindedly. She could never have expected that a random guy she met on the street is a big shot that even the king doesn’t have the qualification to fawn on.

“Hello, I am the king of Fei Ling Kingdom. What is your name?”

The king of Fei Ling Kingdom walked over and asked thusly with a gentle expression.

Zhao Haimei felt somewhat agitated and said in reply, “Your majesty, my name is Zhao Haimei and I am the second daughter of the Fengling Group’s chairman.”

Although Zhao Haimei is a wealthy young mistress, but this is the first time she had close contact with the king of Fei Ling Kingdom.

The eyes of the king of Fei Ling Kingdom flashed, and he asked curiously, “Zhao Haimei, how do you know that sir?”

Zhao Haimei told the king of Fei Ling Kingdom the whole story about how she met Yang Feng.

The king of Fei Ling Kingdom uttered with a slight smile, “It turns out that you’re a friend of that sir. In that case, I will leave this time’s decoration of the royal palace to your Fengling Group!”

Zhao Haimei's pretty eyes widened and glimmered with excitement, and she spoke gratefully, "What! Thank you so much, your majesty!"

Zhao Haimei's Fengling Group is a group that focuses on decorations. Due to fierce market competition, it was in a bind. But if it obtains the order of decorating the royal palace, it can rise again. At the same time, the great publicity that comes with the decoration of the royal palace will allow the group to expand further and become more powerful.

The king of Fei Ling Kingdom smiled faintly. He did this in order to gain Zhao Haimei's gratitude. In the future, he can get in contact with Yang Feng through Zhao Haimei.

Zhao Haimei hesitated, and then asked curiously, "By the way, your majesty, who is Yang Feng?"

"Who is he? He is a legendary Eternal, a mighty being that can live forever!"

The eyes of the king of Fei Ling Kingdom flickered with complicated emotions, and he sighed faintly and said.

Even if it is in Eternal World, only Eternals can live forever. As for other beings, no matter how strong they are, along with the passage of time, their soul will eventually be obliterated.

Zhao Haimei's beautiful eyes flickered with the color of shock, "Eternal! So that's an Eternal who can reverse time and space and live forever! Such a being actually exists!"

The king of Fei Ling Kingdom uttered with a faint smile, "That's right! That person is a formidable existence even among Eternals. To be able to establish a relationship with him, this is your good fortune and your greatest stroke of luck."
