

MGE 1511

Chapter 1511: Azure Ring

The Western Domain Heavenly Palace, on the first floor of a luxurious restaurant, there are many beautiful young women dancing gracefully and top musicians giving a moving performance.

At a table, there are various materials of heaven and earth rarely seen in the outside world — dragon liver, phoenix marrow, qilin heart, roc wings, among others.

True spirits rarely seen in other universes are quite common in Eternal World. In the Ten Sacred Firmaments, true spirits are a kind of high grade food source that is raised and hunted by Eternals.

Fei Yuansheng drained his cup and asked curiously, “Yang Feng, I hope you don’t mind me asking, but what is your cultivation base?”

Yang Feng replied calmly, “7th layer Eternal!”

In Eternal World, there are many secret treasures and secret methods that can be used to detect one’s cultivation base. Even if Yang Feng tries to hide it, it will still be uncovered.

Crash!

Fei Yuansheng’s hand trembled, and he dropped his cup on the floor.

Fei Yuansheng’s eyes flickered with shock, and he said slowly, “7th layer Eternal! You’re really strong!”

Fei Yuansheng just possesses 4th layer Eternal realm cultivation base. He is quite clear about how difficult it is to advance to a 7th layer Eternal.

Yang Feng isn’t a member of a great family of the Ten Sacred Firmaments, yet he still managed to advance to a 7th layer Eternal. He is an absolutely incredible being.

Fei Yuansheng tried to recruit Yang Feng, “Yang Feng, would you like to join our Azure Ring?”

Yang Feng asked with a tranquil smile, “Azure Ring? Since I came to Zhenji Sacred Firmament, if I’m going to join a force, it can only be a force with an Eternal King.”

In the Ten Sacred Firmaments, forces guarded by Eternal Kings are the most dreadful ones. No one dares to go against them.

“Then you should join our Azure Ring. In Zhenji Sacred Firmament, there are two Eternal Kings, namely Tianling King and Azure Zhenji King. Azure Ring is one of the forces subordinated to Azure Zhenji King.

“Our general headquarters is Azure Sacred Hall, which is located in Central Domain. Azure Sacred Hall is full of experts and powerhouses.”

“Tianling King and Azure Zhenji King, the two majesties are protectors of our human clan.”

“Your best option is to join Azure Ring! As for other forces, there’s basically no value in joining them!” Fei Yuansheng spoke with a zealous expression on his face.

Yang Feng smiled indifferently and said in response, “Let me sleep on it for a few days!”

Fei Yuansheng didn't urge the other party and said confidently, "Alright!"

Several days later, Yang Feng obtained a lot of information through Western Domain Heavenly Palace's channels.

As Fei Yuansheng said, Zhenji Sacred Firmament has a number of forces established by Eternals, many of which are quite powerful. But only Azure Sacred Hall and Tianling Divine Hall, only these two forces have an Eternal King standing guard.

Azure Zhenji King is a human, while Tianling King is a fae.

Whether its Azure Zhenji King or Tianling King, they are both recruiting Eternals.

Azure Ring is an Eternal force created by a 7th layer Eternal of Azure Sacred Hall and is one of Azure Sacred Hall's subsidiaries.

The governor of Zhenji Sacred Firmament's Western Domain is the master of Azure Ring.

One of the missions of Azure Ring is to deliver Eternals at the 4th layer Eternal realm or higher to Azure Sacred Hall.

Of the Ten Sacred Firmaments, Three Sacred Firmaments are under the control of human clan Eternal Kings. The other Seven Sacred Firmament are under the control of Eternals of other clans.

Wars between the Ten Sacred Firmaments never stop. 1 Billion years ago, even a War of Kings broke out. The Eternals Kings of the Ten Sacred Firmaments fought each other for the chance to surpass the Eternal King realm, which led to the death of six Eternal Kings.

After that War of Kings, the Eternal Kings of the Ten Sacred Firmaments rarely took action and instead sent their troops to fight.

Unless powerhouses of the same realm as them take action, Eternal Kings are terrifying beings that will never perish. They naturally aren't willing to go all out for trivial matters. As such, they use Eternals as pawns. They manipulate their pawns to fight for their interests.

10 days later.

"I want to join Azure Ring!"

Yang Feng met Fei Yuansheng again.

Fei Yuansheng's eyes flickered with delight, and he said, "Great! Come with me!"

Western Domain Heavenly Palace, Azure Ring's headquarters.

"Greetings, commander!"

When Fei Yuansheng stepped into Azure Ring's headquarters, members of Azure Ring bowed respectfully to him.

"As expected of the Ten Sacred Firmaments! Emperors are everywhere and Eternals are common indeed!"

Yang Feng glanced at the headquarters of Azure Ring and saw that the weakest members of Azure Ring are Emperor realm powerhouses. He saw a lot of 1st layer Eternals.

Of course, these 1st layer Eternals of the Ten Sacred Firmaments are much weaker than Eternals of other universes who grew by fighting at every step. However, six or seven of such 1st layer Eternals coupled with formidable secret treasures are enough to quell a 1st layer Eternal who grew in another universe.

“Huangpu He, I want to request an audience with sir governor!”

Fei Yuansheng walked up to an old man with three eyes and white hair and said this.

Huangpu He uttered somewhat impatiently, “Sir governor is busy! What do you want? If it’s not something important, then don’t bother him.”

Fei Yuansheng replied, “This is Yang Feng, I brought him to join Azure Ring.”

Huangpu He, “You can handle such a trivial matter yourself.”

Fei Yuansheng responded with a calm and collected smile, “Yang Feng is a 7th layer Eternal!”

“7th layer Eternal!”

Huangpu He’s eyes widened immediately. He took a deep look at Yang Feng, changed his attitude, and said respectfully, “Yang Feng, please wait a moment. I will contact sir governor right away!”

A dozen plus breaths of time later, a blue light shone, and a handsome man with long blue hair and a blue monkey tail wrapped around the waist, emanating mysterious aura walked out from the void.

“Hello, Yang Feng! I am Zhang Mowei, the master of Azure Ring! Welcome to Azure Ring! In accordance with your strength, you can become an elder of Azure Ring! This is a token of Azure Ring, please accept it.”

The master of Azure Ring smiled lightly and pointed with his hand, and a resplendent blue light shone. A blue ring flew out and landed in Yang Feng’s hand.

“6th layer Eternal. The governor of Western Domain is quite weak.”

Yang Feng glanced at the master of Azure Ring, and then took the blue ring.

A string of information containing numerous bodies of knowledge transmitted from the blue ring.

The blue ring is called Azure Ring. Through the Azure Ring, one can receive tasks, purchase precious bodies of knowledge and secret treasures on the Azure Shopping Center, and perform live broadcasts, investigations, and other operations.

With the Azure Ring, as long as one has the authority, one can browse all the information within the scope of influence of Zhenji Sacred Firmament’s Azure Sacred Hall and carry out transactions on the online shopping center.

With an ordinary Azure Ring, one can only browse the information of Zhenji Sacred Firmament's Western Domain. But with this elder ring, Yang Feng has maximum authority and can browse the information within the scope of influence of Zhenji Sacred Firmament's Azure Sacred Hall.

"There are all kinds of Eternal heavenly arts that can be purchased. As expected of a force with an Eternal King!"

Yang Feng skimmed through the Azure Shopping Center and saw all kinds of Eternal heavenly arts on sale. However, with his current authority, he can only see up to 7th layer Eternal heavenly arts and can only purchase single use Eternal heavenly arts that can't be taught to others.

This is the benefit of joining a great force. It should be noted that in lesser firmament, Eternals have to go to rake their brains to be able to obtain a 3rd layer Eternal cultivation secret methods. But in Zhenji Sacred Firmament, as long as one has sufficient contribution points, one can purchase the corresponding Eternal heavenly arts.

Yang Feng uttered, "When can I leave for Central Domain's headquarters, Azure Sacred Hall."

The master of Azure Ring revealed a smile of relief, "After 50 years, a contest to select Eternals from each branch to go to general headquarters will be held by general headquarters. That's when you can go to general headquarters."

Yang Feng is a 7th layer Eternal. If he insists on staying in Azure Ring, the master of Azure Ring, who is just a 6th layer Eternal, won't be able to resist Yang Feng's erosion of his authority.

Since Yang Feng wants to go to Azure Sacred Hall, it is good news to the master of Azure Ring.

Time elapsed and 50 years passed in a flash.

Yang Feng's true body traveled, cultivated, and went on treasure hunts in Zhenji Sacred Firmament's Western Domain.

Yang Feng was proficient in refining elixirs in the world of Warlocks. After cultivating in several universes, he can now easily refine even Eternal grade elixirs.

During the past 50 years, Yang Feng opened many shops in Zhenji Sacred Firmament and sold a variety of elixirs as well as secret treasures refined by Magic Note Lord. At the same time, he obtained a massive amount of precious resources and a large number of contribution points.

Since Yang Feng didn't fight with the master of Azure Ring over authority, the latter returned the favor and opened the door for Yang Feng's shops to thrive everywhere in Zhenji Sacred Firmament.

During the past 50 years, Yang Feng found several Eternal relic sites. However, these Eternal relic sites were just 1st layer or 2nd layer Eternal relic sites and weren't of much interest to him.

Western Domain Heavenly Palace, in a palace, blue light shone, and the master of Azure Ring appeared in front of Yang Feng.

The master of Azure Ring said, "Yang Feng, today is the day when one can go to general headquarters. Let's go!"

“How many good seedlings have you collected?”

Yang Feng and the master of Azure Ring chatted as they walked.

The master of Azure Ring answered with a bitter smile, “Powerhouses at the 4th layer Eternal realm and higher aren’t that easy to find. This time, apart from you, I can only recommend 13 3rd layer Eternals to general headquarters. If it weren’t for you, I’m afraid my appraisal this time would be low.”

Chapter 1512: Young Lord Candidate

In Eternal World, there are Eternals from countless lesser firmaments, intermediate firmaments, and greater firmaments. In addition, there are also Eternals from countless universes.

Every so often, there will be a large number of Eternals sneaking into the Ten Sacred Firmaments via different methods.

Human clan Eternals will mostly go to Taixuan Sacred Firmament, Boda Sacred Firmament, or Zhenji Sacred Firmament.

In Zhenji Sacred Firmament’s Western Domain, an Eternal will appear every five or six years on average.

The master of Azure Ring is in charge of Zhenji Sacred Firmament’s Western Domain. One of his important tasks is to send people to the general headquarters every 50 years. If the general headquarters are satisfied, he won’t have to offer goods as tribute and will get a lot of contribution points. If the headquarters are dissatisfied, then he will be replaced by someone else as the governor of Western Domain.

As they chatted, the master of Azure Ring brought Yang Feng to a hall in the depths of Azure Ring.

In that hall, there is a 100 meter tall gate engraved with blue runes.

The master of Azure Ring said proudly, “Zhenji Sacred Firmament is vast. Western Domain alone is more than 5 trillion light-years wide. When going to Central Domain, if you don’t use a teleportation gate, you will have to fly for dozens of years.

Eternals are virtually omnipotent in the universe they engraved their Eternal imprint. They can cross a distance of several billion light-years with just a step. However, this is just an extraordinary phenomenon that Eternals can achieve by mobilizing the laws of the universe.

In Zhenji Sacred Firmament, a 1st layer Eternal’s flying speed can reach about two times the speed of light at most. If the Eternal utilizes a spatial secret method and spends a lot of power to open a spatial gate, he can cross a distance of 1,000 light-years.

Only the governor of Azure Ring and other governors who are in charge of teleportation gates can easily cross domains.

Naturally, the free travel between domains requires a huge cost. The master of Azure Ring is quite distressed by the cost every time the teleportation gate is activated.

“Begin!”

The master of Azure Ring pointed at the teleportation gate with a blue staff.

Mysterious runes appeared in the hall, and blue light flowed into the teleportation gate.

The teleportation gate hummed, and distorted light emerged in the middle of the gate.

The master of Azure Ring uttered, "It's done!"

Yang Feng smiled flatly and stepped into the gate of distorted light.

Distorted fluctuations that can easily tear Emperors apart broke out in the gate of light. Yang Feng resisted the distorted force with ease. When he walked out of the gate of light, he appeared in another hall.

Compared to Western Domain Heavenly Palace, the concentration of life origin energy pervading this hall is 10,000 times higher.

Yang Feng's eyes flashed, "So this is Zhenji Sacred Firmament's Central Domain! Sure enough, when compared to Central Domain, Western Domain is a barren place! The concentration of life origin energy is completely different!"

Even if it's Shenguang Universe, who has a level-7 universe energy level, its concentration of life magic energy is 10,000 lower than that of Zhenji Sacred Firmament's Western Domain. Seeing that the concentration of life origin energy of Zhenji Sacred Firmament's Central Domain is 10,000 higher than that of Zhenji Sacred Firmament's Western Domain, it is naturally quite shocking.

Only in places such as the Ten Sacred Firmaments, only here can Holies, Emperors, and Eternals appear in droves.

Eternal tycoons and Eternal Kings won't lightly leave the Ten Sacred Firmaments and proceed to other places. Because to them, other places are barren and have a lacking environment. They fundamentally aren't worth to go to.

The master of Azure Ring took 13 3rd layer Eternals through the teleportation gate and brought them to the hall.

Along with a flash of blue light, a tall and sturdy, handsome man dressed in a blue robe engraved with blue stars, with long blue hair appeared in the hall.

"Teacher!"

When the master of Azure Ring saw the handsome man, he saluted him and spoke respectfully.

The handsome man nodded at the master of Azure Ring, and then smiled mildly at Yang Feng and said, "I am Blue Star Tower Lord. Yang Feng, welcome to Azure Sacred Hall."

Yang Feng replied with a light smile, "Well met, Blue Star Tower Lord!"

Blue Star Tower Lord is a 7th layer Eternal. This is the underlying strength of Azure Sacred Hall.

"Yang Feng, with your strength, if you join Azure Sacred Hall, you can become one of the elders. Or you can become a young lord candidate and compete over the position of young lord of Azure Sacred Hall.

Blue Star Tower Lord began to explain the structure of Azure Sacred Hall to Yang Feng.

In Azure Sacred Hall, Azure Zhenji King is supreme and holds all authority. However, Azure Zhenji King is cultivating most of the time and rarely gives orders.

As a result, Azure Sacred Lord and a tycoon alliance formed by Eternal tycoons hold the reins of power in Azure Sacred Hall.

Azure Sacred Lord is changed every 100,000 years. When the old Azure Sacred Lord steps down, Azure Young Lord will succeed him and become the new Azure Sacred Lord.

Only Azure Sacred Hall's powerhouses at the 7th layer Eternal realm or higher can compete over the position of Azure Young Lord.

Everyone in Azure Sacred Hall can compete over the position of Azure Young Lord only once. But if they fail, the competitors will either die or step down and become elders of Azure Sacred Hall.

If Yang Feng participates in the competition over the position of Azure Young Lord, he will automatically become an Azure Young Lord candidate and will have to go to the border between Zhenji Sacred Firmament and Wanmo Sacred Firmament to fight countless demon clan powerhouses of Wanmo Sacred Firmament and gain achievements.

As one of the Ten Sacred Firmaments, Wanmo Sacred Firmament is full of experts and powerhouses. On the battlefield at the border between the Two Sacred Firmaments, even Eternal tycoons might die if not careful.

Azure Sacred Hall's Azure Young Lord candidates need to kill countless demon clan powerhouses and set up marvelous achievements in this cruel environment, only then will they be able to become Azure Young Lord and wield the power of Azure Sacred Hall in the future.

As long as Azure Zhenji King doesn't show himself, Azure Sacred Lord is the most senior figure of Azure Sacred Hall, followed by Eternal tycoons and Azure Young Lord.

Azure Young Lord is a powerhouse who can stand side by side with Eternal tycoons. He has a very high status in Azure Sacred Hall and can mobilize far more resources than the elders.

Yang Feng contemplated for a moment and said decisively, "I want to become an Azure Young Lord candidate!"

The power and influence of an ordinary elder and Azure Young Lord are fundamentally worlds apart. Besides, Yang Feng is proficient in the essence of devour. Only on the battlefield can he evolve at a breakneck speed.

During the past 50 years in Zhenji Sacred Firmament's Western Domain, Yang Feng's cultivation base fundamentally didn't change. Only his 7th layer Eternal realm foundation stabilized somewhat.

Blue Star Tower Lord uttered with a smile, "As an Azure Young Lord candidate, you have the following privileges. 1st you can choose an Eternal heavenly art that can be cultivated to the 9th layer Eternal realm. 2nd you can obtain the notes that describe the experiences of a tycoon breaking through to the 9th layer Eternal realm. 3rd you can get a crystal containing the information of a level-4 universe.

The eyes of the master of Azure Ring, who is standing aside, flickered with envy.

Even if it's in Azure Sacred Hall, an Eternal heavenly art that can be cultivated to the 9th layer Eternal realm is an extremely rare treasure and requires a massive amount of contributions points to be redeemed.

The master of Azure Ring struggled for many years and was only able to buy a secret method that can be cultivated to the 7th layer Eternal realm. Yang Feng just entered Azure Sacred Hall, yet he already can get an Eternal heavenly art that can be cultivated to the 9th layer Eternal realm. The difference in treatment made the master of Azure Ring feel somewhat heartbroken.

The eyes of the 13 Eternals behind the master of Azure Ring shone brightly and flickered with envy.

Blue Star Tower Lord pointed with his hand, and a blue radiance flew out from his hand and entered the Azure Ring on Yang Feng's right hand.

An abstruse symbol appeared on the Azure Ring.

After taking a closer look, Yang Feng discovered that his power and authority have been raised again. He now can freely browse 9th layer Eternal heavenly arts, mysterious secret methods, and some treasures that even Eternal tycoons covet on the Azure Sacred Internet.

Of course the 9th layer Eternal heavenly arts and mysterious secret methods require an astronomical amount of contribution points to be redeemed. Yang Feng naturally can't afford them.

Blue Star Tower Lord spoke with a light smile, "Yang Feng, welcome to Azure Sacred Hall. You are now a member of Azure Sacred Hall. You have 10 years to reflect and choose the domain you want to go to and suppress. When you finished considering things, come find me."

Yang Feng responded, "Alright!"

In Azure Sacred Hall, Yang Feng was assigned a refined and luxurious palace. The palace is equipped with anything he might need and is enchanted with a powerful boundary, which channels tremendous life origin energy into the palace.

There is a garden in the palace. In the garden, there are 10 eternal god trees and various extraordinary plants that are rare in the outside world.

Blue Star Tower Lord provided Yang Feng with 30,000 beautiful woman of different races of the human clan to serve as cooks, gardeners, servants, attendants, housekeepers, among others. The 30,000 beautiful women of different races of the human clan are Holies, and there are even 300 Emperors and five 1st layer Eternals among them.

"That's Azure Sacred Hall, a most formidable force with an Eternal King for you. I have to become the Azure Young Lord. Only then will I be able to mobilize more resources and have a chance to advance to an Eternal King in the future!"

As he sat in a garden, Yang Feng watched the beautiful women of different races with a gleam in his eyes.

If they were placed in another universe, these beautiful women of different races would be regarded as paragons. However, these women are now competing for Yang Feng's attention. That is because he has 7th layer Eternal realm cultivation base.

However, although 7th layer Eternals are strong, but there are still eternal tycoons and Eternal Kings above them. Yang Feng won't stop at this level, or else everything he built might be seized by a stronger powerhouse in the future.

Chapter 1513: Enemy Attack

Three years passed in a flash.

In these three years, Yang Feng gained a fairly thorough understanding of Zhenji Sacred Firmament.

In Zhenji Sacred Firmament, the majority of secret realms and treasure lands are under the control of strong groups as well as the two holy lands.

In addition, there are also some danger zones that can threaten the lives of even Eternal tycoons.

Since Yang Feng has already become a 7th layer Eternal, very few special opportunities and treasures can help him become stronger.

In Azure Sacred Hall, there are treasures that can allow Yang Feng to become stronger rapidly. However, these treasures require an astronomical amount of contribution points to be redeemed.

Between going on treasure hunts in danger zones and completing tasks for Azure Sacred Hall, it's better to complete tasks, obtain contribution points, and use the contribution points to purchase materials of heaven and earth in Azure Sacred Hall.

Yang Feng made up his mind, "It seems that in order to grow stronger rapidly, it's best to compete for the position of Azure Sacred Hall's young lord!"

Yang Feng gently tapped the Azure Ring with his hand, and a blue radiance entered the void.

After a dozen plus breaths of time, Blue Star Tower Lord's projection appeared in the void.

Blue Star Tower Lord asked, "Yang Feng, what's the matter?"

Yang Feng answered, "I already decided! I want to be stationed at Xilan Domain."

Blue Star Tower Lord uttered, "Okay! Wait a few days! I will apply for you to become the governor of Xilan Domain!"

If an ordinary 1st layer Emperor goes to the battlefield, he will become a soldier. But if a young lord candidate like Yang Feng goes to a territory, he can become the governor of said territory.

Seven days later.

Xilan Domain is located at the junction of Zhenji Sacred Firmament and Wanmo Sacred Firmament. In the middle of Xilan Domain, in a shrine, blue light shone, and Yang Feng walked out of a teleportation gate.

"I am Guangyan Lord, the vice-governor of Xilan Domain! Greetings, sir!"

A dashing man with long scarlet hair, engraved with mysterious fire runes all over his body, radiating a tyrannical aura walked over and saluted Yang Feng.

Yang Feng uttered indifferently, "Summon the commanders of Xilan Domain to have an audience with me!"

Guangyan Lord creased his eyebrows and said in reply, "Yes! Sir!"

After an hour, in Molan Hall, Yang Feng sat upright on the throne. Below the throne, there are 12 seats. But just two seats are occupied by two 4th layer Eternals.

The two 4th layer Eternals are two commanders of Xilan Domain, General Lei Da and Yaohe Lord.

Yang Feng creased his eyebrows and asked, "Doesn't Xilan Domain have 12 commanders? How come only two came?"

General Lei Da replied with a defiant expression, "Sir Yang Feng! Our sir governor went to great pains to establish a territory in Xilan Domain. You appeared out of nowhere and seized the territory that sir governor established! We naturally are dissatisfied! However, since this is an order from Azure Sacred Hall, we can only obey. But don't think that we will serve you. We already applied for a transfer and will leave in a few days."

"Hmm, that's understandable! I give you permission you to leave! I approve your transfer request!"

Yang Feng nodded calmly and pressed the Azure Ring on his right hand. Along with a flash of light, the transfer order was passed to 11 commanders of Xilan Domain.

"Many thanks, sir!"

General Lei Da was taken aback. He saluted Yang Feng, and then strode away.

Yang Feng asked, "Guangyan Lord, you also want to leave?"

Guangyan Lord saluted Yang Feng and said, "Sir Yang Feng, this time's Azure Sacred Hall's young lord will be Sacred Wind. I don't wish to offend sir Sacred Wind and can only request permission to resign. Please approve it. Of course, I will leave after handling the transition."

There are as much as 100 Azure Sacred Hall's young lord candidates. Among the 100 candidates, there are three who are most likely to succeed, namely Sacred Wind, Origin Dark Eye, and Desolate Lightning.

The three powerhouses are 8th layer Eternals and can reportedly contend against Eternal tycoons.

Yang Feng said with a tranquil smile, "I understand!"

Yang Feng asked, "Only you remain, Yaohe Lord. The other commanders have already left. Why do you want to remain?"

Shrouded in thick murderous intent, Yaohe Lord spoke indifferently, "It's simple! I want to kill a demon bastard. Before I kill him, I will never leave. Sir governor, I will obey your orders so long as they're reasonable."

"Enemy attack! Enemy attack! Xilan demons launched an attack!"

"It's xilan demons' ninth corps!"

"Found tracks of xilan demons' eighth corps!"

“The nineteenth defensive line was broken through!”

“The eighteenth defensive line was broken through!”

“...”

Loud alarms sounded in Molan Hall.

Guangyan Lord’s complexion changed greatly and his eyes flickered with both wrath and alarm, “The eighth and ninth corps! Curses. Those are the two trump cards of the xilan demons. Xilan Mufeng, the corps commander of the eighth corps, and Xilan Luosheng, the corps commander of the ninth corps, are 7th layer Eternals. They chose this time to launch an attack! That’s really despicable!”

Molan Star is a bridgehead that Azure Sacred Hall established in Xilan Domain. It originally had a 7th layer Eternal realm governor stationed. In addition, Molan Star still had 12 commanders taking charge of the barriers.

This made it practically impossible for xilan demons to take down Molan Star.

But the 12 commanders of Molan Star left. Furthermore, Yang Feng just assumed his post and basically doesn’t have time to familiarize himself with Molan Star’s barriers. The two xilan demon corps chose this time to launch an attack , not giving Yang Feng any chance to succeed.

“Interesting. Is this a show of strength? As it happens, I haven’t taken action in a while! I’ll take these demons as blood sacrifices! Guangyan Lord, Yaohe Lord, guard the headquarters! I will go wipe out these intruders!”

Yang Feng’s eyes flickered with frigid murderous intent. He took a step, surged with ripples, and disappeared from this place.

Molan Hall, in a large hall, there are 11 4th layer Eternals sitting here. They are commanders of Molan Star.

The countenance of a handsome commander with an ogre horn changed, and he greeted his teeth and said, “Damn it! Xilan demons’ eighth and ninth corps have launched a joint attack! To choose this time to attack, damn them!”

A handsome commander with a dragon horn sighed lightly and said, “This is really bad. It seems that Molan Star, to establish which countless brothers gave their lives, is going to be ruined in the hands of the new governor. I’m really not reconciled!”

A ferocious looking commander blind in one eye greeted his teeth and uttered, “To send a new governor out of the blue, what were the higher-ups thinking? They ruined our Molan Star.”

A commander with red hair, exuding the smell of alcohol from all over spoke slowly, “He’s a young lord candidate after all! It’s only right to test young lord candidates. For our territory to be chosen by him, it was our bad luck!”

When these words fell, everyone present stayed silent, and their eyes flickered with a pained shade. They fought and toiled on Molan Star for more than 1,000 years. But then a young lord candidate came and seized and destroyed everything they worked for, making them feel dejected.

General Lei Da said, "Fall back! Two xilan demon corps launched a joint attack! We stand no chance! We still have time to retreat. Once they break through the barriers, we won't even be able to retreat."

The other commanders silently exchanged a look and quickly decided to withdraw.

The handsome commander with a dragon horn suddenly shouted, "Look! That's the new governor!"

In the hall, a giant crystal screen surged with ripples and showed realistic images.

In the outer space of Molan Star, there are countless monsters with black wings, wolf heads, scorpion tail, and four limbs. These monsters are xilan demons.

Xilan demons with only one wolf head are of the lowest level and possess Infinity Warlock rank combat power. Xilan demons with two heads possess Warlock Monarch rank power. Xilan demons with three heads possess Holy rank power. Every additional wolf head represents more power.

The xilan demons number 20 billion individuals and are divided into two corps. The xilan demons launched a frenzied offensive against Molan Star.

In the outer space of Molan Star, a total of 16,000 stars formed defensive barriers and 19 defensive lines to resist the invasion of the xilan demons.

Led by Eternals, numerous Holies and Emperors resisted the invasion with the help of the barriers.

Every time they encountered a barrier, a corps commander of the xilan demon army with 11 wolf heads would tear the barrier apart and smash the entire star.

Countless human clan powerhouses retreated to the rear from the breached front lines.

Along with a flash of light, Yang Feng appeared in front of the xilan demon army.

"So you are Yang Feng, the new governor sent by Azure Sacred Hall? You're a loser who was abandoned by Azure Sacred Hall. Since you were discarded by Azure Sacred Hall, it's your destiny to die here. Submit to me. If you submit to me and serve me, then I, Xilan Mufeng, will turn you into a demon and let you become one of us! If you refuse, then today is the day you die!"

A xilan demon corps's commander locked on Yang Feng with 11 pairs of eyes and spoke coldly, a frigid murderous intent in his eyes,

The other xilan demon corps's corps commander, Xilan Luosheng, spoke words full of enticement, "Yang Feng, you were abandoned and sold out by Azure Sacred Hall! You can't become the young lord of Azure Sacred Hall! Join the demon clan! Only if you join the demon clan, only then will you be able to survive!"

Chapter 1514: Slaying 7th Layer Eternal Realm Demons

"Are you done talking? If that's the case, then you can go and die!"

Yang Feng was very calm. Countless runes appeared in his body, and numerous rune ribbons emerged and fluttered.

A strange phenomenon appeared around Yang Feng. He suddenly disappeared from everyone's perception. He then appeared in front of Xilan Mufeng, and his fist turned into a terrifying star that shot towards Xilan Mufeng.

A spell attached to Xilan Mufeng's body suddenly activated, and defensive barriers appeared in an instant and protected him.

The dazzling star knocked into the defensive barriers, crashed them one after another, and then slammed into Xilan Mufeng.

The 10,000 meter long dragon body of Xilan Mufeng was blown into pieces in an instant.

Along with a flash of light, Xilan Mufeng was instantly reborn. However, the number of heads he has changed from 11 to five, yet his strength remained unchanged.

"Perfect rebirth nature! Impressive!"

When he saw this, Yang Feng raised his eyebrows and exclaimed.

After Eternals promote to the 7th layer Eternal realm, their strength will undergo a shocking transformation. These top Eternals will produce an Eternal nature belonging to them.

The Eternal nature xilan demon 7th layer Eternals produce is perfect rebirth. Once they are killed, they can be reborn in an instant. As for his 11 heads, attacks with different amounts of power will lead to a different number of heads to disappear.

Six of Xilan Mufeng's heads disappeared, which is equivalent to him being killed six times by Yang Feng.

"Let's kill him together!"

Xilan Mufeng's eyes flashed with dread. He suddenly unleashed demonic light, and sent his hand barreling towards Yang Feng.

Xilan Luosheng's eyes flickered coldly. He broke out with layers upon layers of demonic light, and sent his hand, which suppressed the void, shooting towards Yang Feng.

Yang Feng smiled calmly. He broke out with countless runes, turned into a terrifying devour black hole, and knocked into the two xilan demon corps.

In the wake of the terrifying black hole, xilan demon soldiers were devoured and turned into dust that wafted away with a gust of wind.

The attacks launched by Xilan Mufeng and Xilan Luosheng were distorted, neutralized, and devoured by the devour black hole.

The demon soldiers of the two xilan demon corps disappeared at a speed visible to the naked eye.

Guangyan Lord was struck dumb when he saw this, and his eyes flickered with shock, "So strong! So this is a young lord candidate! Truly formidable! No wonder he dares to come here and compete with those three over the position of young lord."

As a vice-governor of Azure Sacred Hall, Guangyan Lord has witnessed 7th layer Eternals taking action. But he has never seen such a terrifying 7th layer Eternal.

In the hall where the 11 commanders have gathered.

The commander with a dragon horn was dumbfounded, "So strong! This governor is really strong!"

The commander blind in one eye looked at the screen with a dignified shade in his eye, "I'm afraid he can suppress the two xilan demon corps by himself! How scary! So this is a young master candidate! I heard that every young master candidate is a monster. I wasn't convinced before. But now I can only admit that it is true."

General Lei Da watched the xilan demon army being demolished with complicated emotions in his eyes, "Young lord candidate! 7th layer Eternal! Truly powerful!"

"Universe Seal Disc!"

Xilan Mufeng's eyes shimmered fiercely, and he opened his mouth. A mysterious black disc flew out and entered the void.

In an instant, the energy in the void was removed completely, making it impossible for Yang Feng to mobilize tremendous amounts of universe power.

The reason why Eternals are so terrifying is that they can destroy a star with a strike. That is because they have comprehended the laws of the universe. By only using a small portion of their power, they can mobilize great power of the universe and easily destroy a world.

Eternals grasp all kinds of essences and can easily extract the power of the universe using their Eternal origin, so they aren't afraid of powerhouses of lower levels swarming them.

The Universe Seal Disc can sever the laws of the universe, making it so Eternals can only use their own power to fight and can't replenish their power. This makes it possible for powerhouses of lower levels to swarm Eternals and kill them.

When the Universe Seal Disc appeared, the black holy Yang Feng constructed became 10,000 times smaller. The attack power of the other powerhouses also became many times lower.

The two xilan demon corps found it much harder to break the barriers of Molan Star. But at the same time, the rate at which Yang Feng killed the xilan demons became much lower.

Guangyan Lord's complexion changed drastically, and he murmured, "Universe Seal Disc! This is terrible!"

In the Ten Sacred Firmaments, apart from Eternal Kings, with to the power of the Universe Seal Disc, even Eternal tycoons can be surrounded and killed by an army.

Molan Star originally had elite armies with Eternals as backbone. But since the commanders of 11 elite armies chose to leave their post, it basically became impossible to mobilize a large army to support Yang Feng in a short time.

"Universe Seal Disc!"

“What now? Do we help him?”

“But our request for transfer was already approved. We are no longer commanders of Xilan Domain!”

“...”

In the hall, when the 11 commanders saw the Universe Seal Disc, their eyes flashed with an enigmatic shade.

Even if it's an 8th layer Eternal, if the power of the Universe Seal Disc is used, his ability to shake the world will be reduced by more than 50%. Under such circumstances, if he is besieged by the two xilan demon corps, only death will await him.

At this time, spatial ripples surged in the void, and a swarm of 8th generation battle robots emerged and shot towards the xilan demons from all directions like a tide.

These 8th generation battle robots are battle robots that Yang Feng refined after purchasing all kinds of precious minerals when he joined Azure Ring, and the weakest among them are Holy grade battle robots.

These 8th generation battle robots are a new type of battle robots led by Adjudicators. Adjudicators succeeded Yang Feng's Eternal nature. Every time they kill an enemy, they will devour the enemy's power. Part of the power will be sent to Yang Feng, while the other part will be absorbed by the Adjudicators themselves, promoting their evolution and enhancing their strength.

The Adjudicator army composed of 10 meter tall units equipped with swords and ray guns rushed into the middle of the xilan demon army and raised a storm of flesh and blood.

Under the cover of the mechanical legion, the two Kings of Rulers, Ying and Xingji, easily cut down xilan demon Eternals.

Along with strings of afterimages, Ying killed one xilan demon Eternal after another.

Along with flashes of mysterious light, the moment when the xilan demon Eternals died, their Eternal imprint collapsed, and their Eternal true spirit force was absorbed by Ling, who is hiding in the middle of the mechanical legion, and turned into pure Eternal origin force.

“To be able to force me to use my trump card, the Universe Seal Disc is a pretty good treasure! You guys are quite arrogant! As a reward, let me send you to meet your maker!”

Yang Feng dispelled the devour black hole he turned into, and then surged with mysterious runes and took a step.

Along with a flash of afterimages, Yang Feng appeared in front of Xilan Mufeng and unleashed a punch.

“Since I was caught off guard before, your surprise attack went smoothly! But now you're courting death!”

Xilan Mufeng's eyes flashed coldly, and he extended his hand, and a terrifying hand tore the firmament, suppressed the void, and shot towards Yang Feng.

Xilan Luosheng's eyes flickered with a ferocious shade, and he silently appeared behind Yang Feng and bit at him.

"A dummy!"

Xilan Mufeng's hand slammed into Yang Feng. In an instant, Yang Feng's body collapsed. At the same time, an alarm went off in Xilan Mufeng's mind.

"Die!"

A fearsome fist emerged behind Xilan Mufeng and slammed into him, and terrifying force broke out and blasted him apart.

A devour black hole appeared and devoured the corpse of Xilan Mufeng.

"Eternal King trait! Luosheng, run! He has Eternal..."

In the devour black hole, Xilan Mufeng's Eternal imprint appeared and disintegrated. Xilan Mufeng unleashed world-shaking screams.

"Eternal King trait! He's just a 7th layer Eternal, so how can he possess Eternal King trait! Damn it!"

Xilan Luosheng's eyes flickered with horror. He surged with countless runes, turned into a black ray, and ran away. He abandoned the two xilan demon corps without hesitation.

"As expected of a xilan demon corps commander! It's a pity, but you're a step too late!"

Yang Feng smiled indifferently and took a step. Following a string of afterimages, he appeared in front of Xilan Luosheng like a ghost and punched him.

Terrifying force erupted and blasted Xilan Luosheng into countless pieces.

Along with a flash of distorted light, Xilan Luosheng was reborn. He only has five heads remaining.

"Stop! Yang Feng, if you stop, I will tell you who leaked your information!"

Xilan Luosheng's eyes shimmered with dread, and he revealed miserable screams.

"I don't want to know that! I just want to kill you!"

A distorted shadow appeared behind Xilan Luosheng, and a fist stabbed into his body, blasted him apart, and frenziedly devoured his Eternal origin.

Chapter 1516: March

Xilan Domain, Seventh Starfield, Carna Star.

In Carna Star's outer space, there are giant black nests with countless tentacles suspended in the void.

The countless tentacles glittered with black light and madly absorbed the energy of the universe.

Tremendous whirlpools rose above the black nests and distorted the surrounding void.

Along with flashes of light, a large fleet suddenly appeared in the void.

“Enemy attack!”

“Azure Sacred Hall’s people have come!”

“...”

Strange fluctuations transmitted from the black nests and spread to Carna Star.

100 meter long monsters with dragon wings and snake heads flew out out from the black nests, each emanating fluctuations of power at the Infinity realm or above.

“Nests of winged snakes! Destroy them!”

Yang Feng swept the black nests with his eyes, smiled coldly, and ordered.

Eternal Devastator Cannons of 10,000 kilometer long Eternal warships glimmered, and beams that can wipe out Eternals shot towards the black nests.

Under the bombardment of the terrifying beams, the black nests collapsed and disintegrated one after another.

Countless winged snakes were devoured by the terrifying beams. At the same time, countless winged snakes flew out from the black nests and darted towards Yang Feng’s fleet.

A nest suddenly split open, and a terrifying hole appeared in the void. A 10,000 meter long winged snake emanating 4th layer Eternal realm aura flew out from the terrifying hole and belched a green beam full of the essence of toxins barreling towards an Eternal warship.

There aren’t many Eternal warship that can wound 4th layer Eternals with a shot in Yang Feng’s possession. In fact, there are only 13. For Yang Feng, the loss of such an Eternal warship is a big blow.

Countless strands of starlight glimmered, and Xingji operated the Shield of the Ruler, appeared in front of the green beam, and activated a giant starlight barrier.

When the green beam collided with the starlight barrier, it raised ripples on the barrier and disappeared.

Along with a string of afterimages, Ying jumped out from a shadow and stabbed the 4th layer Eternal realm winged snake in the head with the Lance of the Ruler.

A black beam broke out, pierced through the defenses of the winged snake, and blasted it into countless pieces.

After the winged snake was killed, drawn by a mysterious law, a 10,000 kilometer long pale face with countless strange eyes emerged in the void.

The countless eyes opened, and a strange fluctuation spread in all direction.

“Pale face, one of the most dreadful phenomena of Xilan Domain. It can deprive all intelligent life forms below the Eternal realm of their life. It’s a shame, but my mechanical legion is not composed of intelligent life forms!”

Yang Feng looked at the strange giant face with a peculiar gleam in his eyes and spoke slowly.

In Eternal World, in addition of countless formidable powerhouses, there are strange and terrifying phenomena. Eternal is just the benchmark in regards to powerhouses. Once many strange beings and phenomena appear, they can easily deprive intelligent life forms below the Eternal realm of their life. Only Eternals won't be deprived of their lives by that kind of strange large scale phenomenon.

The pale face is one of the most dreadful phenomena of Xilan Domain. When it appears, it can absorb the power of intelligent life forms below the Eternal realm and become more terrifying.

"I'll go! And purify it!"

Michaelia flew out of an Eternal warship, unfurled the six pair of beautiful angels wings on her back, and pointed at the pale face with the angel sword in her hand.

A pure and sacred white beam emerged out of the blue and slammed into the pale face.

The pale face distorted and issued strange wails, and twisted holes spread in the area.

Ling's beautiful eyes flickered frostily, and a white jade disk on her forehead appeared. The moment when the pale face seized to exist, the mysterious power that dissipated from it was directly devoured and turned into pure power.

After Yang Feng advanced to a 7th layer Eternal, the Eternal nature he formed is devour. Although it has no way to deal with the perfect resurrection of xilan demon corps commanders, but it still possesses tyrannical power.

Influenced by Yang Feng's devour nature, Ling, Ying, and Xingji are becoming increasingly more tyrannical and possess incredible Eternal powers.

After the pale face was wiped out, Yang Feng's fleet flew towards Seventh Starfield's Carna Star.

Small forces appeared one after another and attempted to stop Yang Feng's fleet.

The small forces just approached, when they were torn to shreds by the artillery barrage of Yang Feng's fleet.

Shortly after, Yang Feng's fleet crushed the defenses in Carna Star's outer space and appeared in a starfield 3,000 light-years away from Carna Star

In the starfield, there are tens of thousands of stars modified into fortresses by xilan demons.

Monsters flew out from the modified stars and engaged with Yang Feng's mechanical legion.

As if a sharp knife, Yang Feng's mechanical legion, which is composed of Holy realm battle robots or above, easily slaughtered the monsters in its way.

The Eternal realm monsters were dealt with the 36 1st layer Eternal realm Adjudicator Rulers.

"Yang Feng, for you to attack my Seventh Starfield, do you want to become a mortal enemy of the xilan demon seventh corps?"

Xilan Mo, a xilan demon corps commander with 11 wolf heads, flew out from Carna Star and stared at Yang Feng with wary in his eyes,

Xilan Mo was followed by a 10 billion strong xilan demon corps.

"If you submit to me, you can live! Otherwise, you can die!"

Yang Feng walked out of the void, gazed at Xilan Mo with an indifferent look on his face, and spoke coldly.

"Very well! Yang Feng, I will repay you for today's disgrace a hundred-fold in the future! I will remember today's hatred! The next time we meet will be the day you die."

Xilan Mo greeted his teeth. Six pairs of dragon wings spread behind him, flapped wildly, and raised a terrifying hurricane, and he escaped into the distance.

Since xilan demon eighth and ninth corps have been wiped out by Yang Feng, Xilan Mo doesn't believe that he can stop Yang Feng's troops.

Along with flashes of light, xilan demon powerhouses escaped in different directions.

"You want to escape?"

With a glimmer of derision in his eyes, Yang Feng took a step, surged with countless abstruse runes, and instantly disappeared. He then strangely appeared behind Xilan Mo and punched him, and terrifying force erupted and blasted Xilan Mo into pieces.

Along with flashes of light, Xilan Mo appeared 1,000 kilometers away, looked at Yang Feng in horror, and unleashed screams of disbelief, "How is this possible? How can you be so strong?"

The structure of Yang Feng's body has begun to change in the direction of the structure of the white jade phalanx bone. Although he hasn't advanced in realm, but his strength has been increased a hundred-fold.

After Yang Feng harvested the origin of Shenguang Universe and Duyun Universe, he could already advance to a pinnacle stage 8th layer Eternal. But he used all that power to revise the structure of his body, which is how he has become so fearsome.

I am the future young lord of Azure Sacred Hall! If I'm not strong, how will I convince others?"

Yang Feng smiled calmly. In a flash, he appeared in front of Xilan Mo and sent a fist barreling towards the other party.

"Stop!"

A furious bellow sounded in the area.

Five 7th layer Eternal realm auras broke out abruptly, and five 7th layer Eternal realm powerhouses tore the void and hurled attacks at Yang Feng.

Three terrifying wolf paws, an ogre horn, and a black beam full of the aura of annihilation shot towards Yang Feng.

Five 1st layer Eternal realm Adjudicator Rulers appeared, raised their giant shields, activated defensive barriers, and met the five attacks head on.

Boom!

Along with five shocking explosions, the five 1st layer Eternal realm Adjudicator Rulers were blown apart by the five xilan demon corps commanders.

At this time, Yang Feng's fist collided with Xilan Mo and blasted him apart, and a devour black hole appeared and devoured the other party, not even sparing his Eternal imprint.

"You wanted to ambush me? It's a shame, but you're going to die today! Once I kill you, no one in Xilan Domain will be able to resist me anymore!"

With a cold flash in his eyes, Yang Feng broke out with countless runes, and the Xi Shen Armor entered its final form, covered him head to toe, and unfurled a pair of exquisite mechanical wings.

The mechanical wings flapped, and mysterious power containing the essences of time, space, and fate enveloped Yang Feng.

Yang Feng suddenly disappeared from this place.

"That's the essence of time!"

"No, he disappeared from our perception! This is the doing of three essences!"

"Time, space, fate! He employed three essences!"

"He's an Eternal who had a perfect Eternal realm advancement!"

"..."

The countenance of the five xilan demon corps commanders changed dramatically, and they cast various investigation secret methods. Strange ripples spread in all directions.

"Found you!"

The eyes of Xilan Yan, the fifth xilan demon corps commander, flickered with delight. But in the next moment, the delight gave way to horror and despair.

Chapter 1517: Cutting Down Xilan Bumie

Along with a flash of ripples, Yang Feng suddenly appeared in front of Xilan Yan and blasted him apart with a punch.

After killing Xilan Yan, Yang Feng appeared in front of Xilan Kuang, the fourth xilan demon corps commander, and pierced his heart with a fist, and boundless force broke out and blasted Xilan Kuang into pieces.

"Die!"

Xilan Sheng's eyes flashed viciously. An ogre horn sprouted on his heads, and he frenziedly combusted the power of his bloodline. Three of his heads burst, and strange ripples surged towards Yang Feng.

Swept by the strange ripples, Yang Feng's elusive teleportation was stopped. The 7th layer Eternals could finally perceive his movement.

The eyes of Xilan Jue and Xilan Guang flickered fiercely, and they each detonated three heads and extended a paw.

Two wolf paws shrouded in black light and filled with endless murderous intent tore the void and appeared in front of Yang Feng in an instant. The two paws suppressed the past, present, and future, severed fate, and barreled towards Yang Feng.

The two 7th layer Eternals combusted their blood essence and unleashed a full strength attack. When faced with such an offensive, even if it's Eternal Tycoons, few would be able to evade it.

"Pretty good skills! It's a shame, but you're too weak!"

With a cold gleam in his eyes, Yang Feng smiled calmly and unleashed a punch, and a power star broke out, suppressed everything, and knocked into the two paws.

Terrifying force erupted and blasted apart the two wolf paws. A force capable of crushing everything spread, crushed the void, slammed into Xilan Jue and Xilan Guang, and blasted them apart.

"Die!"

Yang Feng's eyes flashed with frigid murderous intent. In an instant, he appeared in front of the two corps commanders and punched the two corps commanders, and terrifying force broke out and killed the two.

Along with flashes of ripples, Xilan Yan, Xilan Jue, and Xilan Kuang were reborn in an instant.

"Die!"

Yang Feng's figure blurred. Along with a flash of three afterimages, he appeared in front of the three corps commanders respectively and punched the three.

Three terrifying forces bloke out in an instant and blasted the three corps commanders apart.

A devour black hole appeared, engulfed the three corps commanders, and frenziedly devoured their life origin.

Xilan Sheng's countenance changed dramatically. He erupted with countless mysterious runes, turned into a stream of light, and escaped into the distance.

"It's useless!"

Yang Feng's eyes glimmered, and he took a deep look at Xilan Sheng and smiled frigidly. In a flash, he appeared in front of Xilan Sheng and extended his hand, and a devour black hole appeared and swallowed Xilan Sheng.

"Stop!"

A fierce voice rose in the void. Xilan Bumie, the first xilan demon corps commander, who has 12 heads and exudes 8th layer Eternal realm aura, emerged from the void and sent a paw shrouded with endless demonic qi barreling towards Yang Feng.

“You’re late! You just broke through to the 8th layer Eternal realm, yet you dare challenge me. What a reckless thing.”

Yang Feng’s eyes flickered with frosty murderous intent, and his fist erupted with countless devour runes, turned into a tyrannical black hole, and slammed into Xilan Bumie’s right paw.

The devour black hole easily crushed Xilan Bumie’s right paw, and then slammed into Xilan Bumie. Yang Feng’s fist blasted more than half of Xilan Bumie’s body apart and devoured it.

Xilan Bumie bellowed, a look of incredulity on his face, “How is this possible? You’re just a 7th layer Eternal, so how can you defeat me? That’s impossible!”

“Die!”

A black hole that can devour everything broke out, swept towards Xilan Bumie, and drew him inside.

Endless devour force erupted and devoured Xilan Bumie’s body.

Along with flashes of distorted light, Xilan Bumie’s rebirth nature started, and he was reborn 10,000 kilometers away.

“Xilan Bumie, thank you for coming here to die! Otherwise, it would be hard for me to kill you!”

Along with a surge of ripples, Yang Feng treading in a torrent of time appeared in front of Xilan Bumie in a flash and blasted him into pieces with a punch.

A fearsome devour black hole broke out, erupted with tyrannical devour force, and drew Xilan Bumie towards itself.

“No! Stop! Yang Feng, stop! Don’t kill me! Let’s talk it out! Spare my life! I can help you take control of Xilan Domain!”

The eyes of Xilan Bumie, the first xilan demon corps commander, flashed with horror, and he issued heart wrenching screams.

“I have no need for your help! I want a Xilan Domain that completely belongs to me. Therefore, you can go and die!”

Killing intent streaked across Yang Feng’s eyes, and the devour black hole glimmered with countless runes and forcibly swallowed Xilan Bumie.

As Xilan Bumie struggled frenziedly, an Eternal imprint appeared, collapsed, and turned into pure Eternal true spirit force that was devoured by Yang Feng.

The first cops commander has died!”

“How can this be?”

“Yang Feng is too strong!”

“Run!”

“ ... ”

When Xilan Bumie died, the xilan demon army collapsed, and countless xilan demons escaped in different directions. At the same time, countless xilan demons were slaughtered by Adjudicators.

“This war is over!”

Yang Feng looked at the already collapsing xilan demon army. He left a mechanical legion to stand guard, sent another to pursue the escaping xilan demons, and dispatched a huge mechanical legion to fly towards the main star of xilan demons.

Xilan Domain, First Starfield, Vidagascar Star, in the deepest part of a palace.

Boom!

A thunderous rumble rose, and a giant statue with 12 wolf heads disintegrated.

“The lord’s soul statue disintegrated!”

“The Lord has fallen!”

“Curses, who was it? Who killed our lord!”

“...”

In the palace, the eyes of many servants of Xilan Bumie flickered with the shade of horror as their souls collapsed, and they turned into dust.

Xilan Bumie was an 8th layer Eternal and used secret methods to control many strong servants. Now that he died, due to a soul pact, these servants had no choice but to die, as well.

“He’s dead! It’s my chance! This is my best chance to get that treasure!”

Along with a string of afterimages, a black figure shuttled between palaces. As if they weren’t there, the barriers of the palaces fundamentally could not hinder the black figure.

After crossing a number of palaces, the black figure arrived in front of a restricted area with a formidable defensive barrier.

A bronze gate appeared in front of the restricted area and radiated mysterious light.

“Everyone would assume that Xilan Bumie’s treasury is behind the bronze gate. No one would have thought that his true treasury is here, in a flower!”

The black figure stopped at a flowerbed in the restricted area and gazed at a flower in the middle of the flowerbed with greed in his eyes.

“That’s right, who would have thought that Xilan Bumie’s treasury is hidden in a Colorful Dragon Blood Flower.

A calm voice transmitted from the void. Ripples flashed, and Yang Feng walked out from the void and sent his hand stabbing towards the black figure’s chest.

“Afterimage!”

Yang Feng creased his eyebrows. When his hand pierced through the chest of the black figure, the black figure distorted and turned into an erosive shadow that shot towards him and tried to extract his Eternal origin.

A devour black hole appeared, swept towards the erosive shadow, and broke out with fearsome attractive force. In an instant, the erosive shadow was swallowed by the devour black hole and unleashed hair-raising screams.

Terrifying shadow poison that can kill Eternals slowly diffused in the devour black hole and tried to erode Yang Feng.

“Shadow poison? Such an impressive powerhouse. It’s a shame, but after I have advanced to a 7th layer Eternal, there are very few poisons that are effective against me. And shadow poison is not among them.”

Yang Feng smiled coldly, broke out with countless devour runes, and slowly devoured the shadow poison.

Light shone behind Yang Feng and condensed into a dashing man with long blond hair.

The dashing man spoke with a mild smile, “I am Guangying Divine Son of Taixuan Sacred Firmament’s guangying clan. Yang Feng, I must have this treasury. Step aside! If you get out of the way and leave the treasury to me, I will help you mediate with yanshen clan and resolve the enmity that exists between you!”

Yang Feng responded icily, “I was the one who killed Xilan Bumie! The entire Xilan Domain belongs to me now, including the treasury. You can leave. If you don’t leave, then you won’t be able to leave forever.”

After Yang Feng devoured Xilan Bumie’s Eternal true spirit, he learned that Xilan Bumie’s secrets regarding the advancement to the 8th layer Eternal realm are hidden in this flower. He naturally won’t give it to another.

After you reach the 7th layer Eternal realm, an astronomical amount of resources, many of which are beyond rare, are required to take another step on the path of cultivation. Since Yang Feng has come across such resources, he naturally won’t give them up to another.

Chapter 1518: Unifying Xilan Domain

“Since that is the case, then I can only send you to meet your maker!”

Guangying Divine Son sighed lightly, and then broke out with strange light.

36 Eternal realm shadow slaves suddenly appeared in Yang Feng’s shadow, frenziedly ignited their Eternal origin and soul, turned into 36 shadow radiances, and attacked Yang Feng.

Yang Feng’s countenance changed slightly. He broke out with countless runes and unleashed a punch, and a terrifying devour black hole appeared and swept towards the 36 shadow radiances.

When the attacks unleashed by the 36 Eternal realm shadow slaves by combusting their Eternal origin reached the devour black hole, they were swept by a terrifying black hole vortex and collapsed one by one.

The shadow radiance unleashed by six 6th layer Eternals instantly broke the black hole vortex and slammed into Yang Feng.

Endless shadow light shone, and shadow poison capable of poisoning anything madly attacked Yang Feng.

“Yang Feng, with this I have consumed all the shadow slaves I made in the past 300 million years! To die under my strongest attack, you can feel honored!”

Guangying Divine Son smiled coldly. Countless strands of shadows gathered and formed an Eternal grade treasure, the Sword of Shadows. He took a step, strangely appeared above the shadow poison storm, and slashed at Yang Feng.

The 36 Eternal shadow slaves are powerhouses that Guangying Divine Son has drummed up and cultivated over 300 million years and are one of his strongest trump cards.

After learning that Yang Feng slayed Xilan Bumie, Guangying Divine Son decided to unleash his trump card in the first moments. Otherwise, Guangying Divine Son wasn't be sure of his victory.

“Not bad! You're actually able to wound me! Guangying Divine Son, your strength and disposition are both impeccable! Your only mistake was to run into me!”

A large hand showing signs of erosion extended from the shadow light filled of erosion and poison and shot towards the Sword of Shadows, and rune chains emerged and wound around the Sword of Shadows.

Another large hand shot towards Guangying Divine Son and grabbed him in an instant.

A devour black hole appeared and swallowed Guangying Divine Son.

“Impossible! How can this be? I had 36 Eternals combust! How come I still couldn't kill you!”

Inside the devour black hole, Guangying Divine Son's face distorted, and he released horrified screams.

Yang Feng emerged from the shadow light with a step, revealing six wounds of different sizes covering his body. He erupted with countless rune, and the six wounds healed bit by bit.

Yang Feng uttered with a sneer, “The combustion of 36 Eternals was indeed quite powerful. It was able to injure me. But that's as far as it went! By contrast, since you haven't even combusted yourself, you're too weak.”

“Yang Feng, you can't kill me! You lowly rogue cultivator, you have no idea how powerful the Guangying clan is!”

Guangying Divine Son's eyes flashed with the shade of madness, and he bellowed.

A small sphere containing terrifying shadow runes appeared, and Eternal tycoon realm might diffused from it. A shadow sword emerged, sliced the devour black hole apart, and slashed towards Yang Feng.

“Eternal tycoon attack! Let’s see how far I am from the level of an Eternal tycoon!”

With a flash of excitement in his eyes, Yang Feng extended his left hand. A power star, a torrent of time, a spatial gate, a devour star, and a river of fate appeared and the past, present, and future reversed as his left hand shot towards the shadow sword.

The shadow sword severed the past, present, and future, filled the space-time with shadows, and turned all concepts into shadows.

The five visions collapsed one by one before the terrifying shadow sword ray severed Yang Feng’s arm.

“That’s an Eternal tycoon attack for you! It’s really amazing! It contains much more power than the all out attacks unleashed by 36 Eternals combusting their Eternal origin. However, it’s not impossible for me to contend against this kind of power! If I make another progress, I can contend against Eternal tycoon attacks!”

Yang Feng looked at his left arm that disappeared and raised the corners of his mouth into a smile. Then he raised his head and looked at Guangying Divine Son

Guangying Divine Son took advantage of the moment when the shadow sword slashed Yang Feng’s black hole apart to escape into the distance.

“I said, if you don’t leave, then you won’t be able to leave ever again!”

Along with a string of afterimages, Yang Feng treading in a torrent of time appeared behind Guangying Divine Son in a flash and extended his hand. His hand crushed Guangying Divine Son’s resistance and stabbed into the other party’s body.

A black hole appeared and swallowed Guangying Divine Son.

“Stop! Young friend! He is our guangying clan’s divine son! I am Guangying Lang! He is Guangying Wuhen, a descendant of mine! Give me face and release him!”

Along with flashes of light, a blond and blue-eyed man with a domineering aura and a mysterious shadow rune inscribed on the forehead emerged from the void and spoke thusly.

“He stood in my way! As such, he must die!”

Yang Feng closed his fist, a cold look in his eyes.

Tyrannical force broke out and squashed Guangying Lang’s projection.

Endless devour runes lunged at Guangying Wuhen, and his body became shriveled. An Eternal imprint emerged, and then collapsed and disintegrated bit by bit.

“Stop! Yang Feng, I know I was in the wrong! I won’t fight with you over the treasury! Stop!”

Guangying Wuhen’s eyes flashed with the shade of despair, and he unleashed miserable screams.

Amid the miserable screams, Guangying Wuhen’s body collapsed and turned into dust.

“Ying!”

Yang Feng uttered in a flat tone.

“Master!”

Along with a string of afterimages, Ying flew out and looked at Yang Feng with expectation.

“This is yours!”

Yang Feng pointed with his hand, and Guangying Wuhen’s Eternal origin turned into a shadow string and flowed into Ying’s body.

Guangying Wuhen is guangying clan’s divine son as well as a 7th layer Eternal. Since both of them walk the path of shadows, Guangying Wuhen’s Eternal true spirit is a great tonic for Ying and can help her make a break through and advance to a 7th layer Eternal.

“Many thanks, master!”

With an ecstatic flash in her pretty eyes, Ying absorbed Guangying Wuhen’s Eternal origin, and then broke out with countless shadow strings and began to evolve.

“Yang Feng said indifferently, “Ling! I’ll leave the rest of the suppression to you!”

“Yes! Master!”

The enchanting and devastatingly beautiful Ling walked out from the void, knelt on one knee in front of Yang Feng, and spoke respectfully.

When she finished speaking, Ling waved her hand, and countless Adjudicators led by the 12 Ruler Saints subordinated to her appeared and flew away.

Under Ling’s offensive, Vidagascars Star’s resistance was quickly quelled, and the star itself fell into Yang Feng’s hands.

Taixuan Sacred Firmament, Guangying Domain, guangying clan’s headquarters, a lifelike statue of Guangying Wuhen disintegrated.

“Sir divine son has fallen!”

“Crap, who was it? Who killed our guangying clan’s divine son!”

“Unforgivable! Someone dared to kill our guangying clan’s divine son! The guangying clan will never forgive him!”

“...”

Aggrieved and indignant bellows came from the guangying clan.

Guangying Divine Son is the sole powerhouse of the guangyin clan with the potential to advance to an Eternal tycoon. His death represents the loss of a future great general of the guangying clan.

“Find the one who killed our guangying clan’s divine son! I’m going to kill him with my own hands!”

A frenzied bellow transmitted in Guangying Domain.

The entire Guangying Domain trembled and twisted along with the bellow.

“Yes! Ancestor!”

In the guangying clan, everyone lowered their heads and replied respectfully.

In the Ten Sacred Firmaments, only forces with the protection of an Eternal tycoon can be considered major forces and occupy fertile territories in the Ten Sacred Firmaments. No one dares to provoke such major forces at will.

To major forces, Eternal tycoons are equivalent to gods. Basically no one dares to disobey their orders.

After Yang Feng suppressed Vidagascar Star, his true body stayed on Vidagascar Star, while his mechanical legions engaged the remnants of the xilan clan.

Although nine corps commanders of the xilan clan were slayed by Yang Feng, but the xilan clan has profound reserves in Xilan Domain. It has countless powerhouses and many allies. It's very hard to kill them all.

Ling is more callous than Yang Feng. Under her command, the tremendous mechanical legions razed any clan that has anything to do with the xilan clan.

Mechanical fortresses sprouted in Xilan Domain one after another. Countless clans were either subdued or wiped out by Ling and the mechanical legions.

Tremendous mechanical torrents devastated Xilan Domain, and all kinds of precious resources fell into Yang Feng's hands.

Ling used a massive amount of precious resources to produce one Eternal realm Adjudicator Ruler after another. As a result, the number of Adjudicator Rulers grew continuously.

While staying on Vidagascar Star, Yang Feng consumed Xilan Nectar and other precious cultivation resources of Xilan Domain that he obtained from via the mechanical legions, making his body constantly transform and evolve.

10 years passed in a flash.

The entire Xilan Domain was suppressed by Ling and the mechanical legions. Yang Feng's influence spread throughout the entire Xilan Domain. He can decide the fate of a clan of Xilan Domain with a sentence.

Chapter 1519: Ying Advances to a 7th Layer Eternal

10 years passed in a flash.

Molan Star's outer space, black clouds churned, and a tyrannical beam dropped down from the sky and entered Molan Hall.

Crack!

Along with a crisp sound, the green stone crumbled, and Shi Yu emerged and radiated 4th layer Eternal realm aura.

Shi Yu's pretty eyes flickered with a peculiar shade, and she raised the corners of her mouth into a smile, "I finally advanced to a 4th layer Eternal! It's a shame, but since I haven't condensed an Eternal imprint, I can't be considered as a complete Eternal.

A complete Eternal must condense an Eternal imprint in a domain or a universe. Only then can he become a true Eternal who lives forever.

In Eternal World, there are countless powerful clans that churn out powerhouses with Eternal realm combat power. These powerhouses with Eternal realm combat power are known as Eternals in Eternal World.

As if triggered by some sort of resonance, a terrifying energy storm surged within millions upon millions of light-years, and a domineering energy beam descended from the sky and entered Carna Star.

At this moment, shadows within millions upon millions of light-years disappeared in an instant and poured towards Carna Star.

From within the countless mysterious shadow threads, a beautiful and enchanting woman full of mysterious aura slowly emerged and emanated 7th layer Eternal realm aura. This woman is Ying.

"7th layer Eternal! I finally evolved to this degree. It's a shame, but compared to older sister Ling, there is still a ways to go!"

Ying broke out with fearsome shadow light, and her beautiful eyes flickered with a rueful shade.

After Ling devoured the Eternal King grade white jade disc, every time Yang Feng harvested a universe's universe origin, she is able to obtain great benefits and constantly transform and become stronger.

After Ying advanced to a 7th layer Eternal, she was able to perceive how much stronger Ying is than her.

The corners of Ying's mouth rose into a smile and her pretty eyes shimmered streams of data, and she connected with Ling's network, "My evolution has completed! I want to do something! Older sister Ling, give me some tasks!"

Along with a flash of light, streams of data entered Ying's database.

"Interesting, let me deal with the rubbish!"

Ying licked her lips, revealing a sexy and dangerous expression. Her figure fluttered, and she disappeared.

Youbi Domain is a domain bordering Xilan Domain.

Youbi Domain, Dakaza Star, in a luxurious palace, there are six powerhouses sitting.

In the seat of honor, there is a black mass of liquid similar to a slime with nine tentacles, with a dragon-like head on each tentacle. However, the dragon heads have now eyes. The slime-like being has 14 pairs of strange eyes on its body.

The black mass of liquid with tentacles emanated 7th layer Eternal realm fluctuations of power is Venom Master, one of the six demon masters of Youbi Domain.

Next to Venom Master, there sits Myriad Mouths Master, a cylindrical being with myriad mouths.

The other four demon masters are Varanus Master, a 10,000 meter long lizard; Nine-headed Master, a powerhouse with nine heads, 100 limbs, and a ferocious ogre head; Multitude Arms Master, a powerhouse formed from blades, spears, swords, halberds, and other weapons and a specter as the core; Ghostflame Master, a 10,000 meter tall powerhouse shrouded in black fire.

Venom Master said slowly, "I called today's meeting in order to deal with the young master candidate of Azure Sacred Hall, Yang Feng! A year ago, Xilan Domain's xilan demon clan was wiped out by Yang Feng's subordinate, Empress Ling. She wiped out more than 10,000 demon clans of Xilan Domain and suppressed the entire Xilan Domain! Our Youbi Domain is next!"

When the other five demon masters heard this, their face sank and their eyes flickered with an overcast shade.

In recent years, tremendous mechanical legions commanded by Ling uprooted all rebellious and unyielding demons clans in their way.

Many demon clans submitted and were reduced to Ling's lackeys.

Youbi Domain felt a terrible pressure coming from Xilan Domain. Youbi Domain sent who knows how many powerhouses to Xilan Domain in an attempt to stop the unification of Xilan Domain. But after those powerhouses entered Xilan Domain, they were slaughtered. The powerhouses who barely managed to escape back didn't bring much useful information.

"Venom Master, what do we do now? Even if we gather the strength of our Youbi Domain and attack Xilan Domain, we'll only be slaughtered."

Myriad Mouths Master opened his countless mouths and unleashed hair-raising fluctuations.

The other four demon masters nodded.

If Xilan Domain's nine corps joined hands, they could contend against even Eternal tycoons. Yet the xilan demon clan was easily wiped out by Yang Feng. If Youbi Domain attacks Xilan Domain, it will be the end of the road to them.

Venom Master uttered slowly, "Guishen Hall's No. 1 divine son candidate, sir Xi Gui, is about to arrive at our Youbi Domain! When sir Xi Gui comes, we won't have to worry about Yang Feng."

"Sir Xi Gui!"

When he said that, the countenance of the other five demon masters changed.

Venom Master said slowly, "If we want sir Xi Gui to take action, we will need to spend a massive amount of resources. Everyone of Youbi Domain has to contribute!"

Guishen Hall is a terrifying force on the same level as Azure Sacred Hall. Myriad Ogre King of Guishen Hall is a terrifying Eternal King.

Xi Gui is a divine son candidate of Guishen Hall. He is a most outstanding powerhouse of the younger generation of Wanmo Sacred Firmament and has the potential to advance to an Eternal tycoon. But his appetite is proportional to his strength. Once he arrives, Youbi Domain will be cleaned out by him.

Myriad Mouths Master asked, "When will Sir Xi Gui come?"

Venom Master replied, "Sir Xi Gui will arrive in seven days! I ask that everyone makes preparations to welcome him."

"In seven days, what a coincidence! I'm just in time to take your lives and offer them to my lord as a gift! If you guys all die, that guy called Xi Gui will surely have a headache!"

A melodious voice transmitted from outside the palace.

"Who are you!"

The eyes of the six demon masters turned cold, and they looked in the direction of the voice.

At this time, six assassins equipped with a Lance of the Ruler each appeared in the shadows behind the six demon masters and stabbed the six demon masters.

"You want to kill me?"

Myriad Mouths Master's eyes flickered with derision. Countless mouths opened on his back and bit at a shadow assassin along with whirlpools.

The assassin equipped with a Lance of the Ruler smiled strangely, turned into a shadow radiance, flew into a mouth of Myriad Mouths Master, crossed a whirlpool, and exploded.

A terrifying shadow poison spread inside Myriad Mouths Master's body.

Almost in an instant, the other five assassins exploded and turned into five shadow radiances that stabbed into the bodies of the other five demon masters, and then turned into shadow poison that frenziedly eroded the opponent.

Apart from Venom Master, layers of a dark tone appeared on the faces of the other demon masters, they trembled, and their aura weakened.

Ying's shadow poison was appropriated from Taixuan Sacred Firmament's guangying clan and can kill Eternals of the same realm. It was one of the things that people feared about the guangying clan the most.

"This poison has no effect on me!"

Venom Master glimmered with runes. One of his dragon head tentacles opened its mouths and breathed in, and mysterious runes surged and dispelled the shadow poison.

"Poison has no effect on you? Then what about this lance?"

Along with light laughter, a Lance of the Ruler suddenly appeared behind Venom Master and pierced him in an instant.

Ripples surged, and Ying appeared behind the lance of the Ruler and gazed at Venom Master with a smile.

Shadow rays criss-crossed and sliced Venom Master into pieces.

Venom Master stared at Ying and unleashed terrifying will fluctuations, "How did you sneak into our demon palace and poison us?"

"If I were by myself, it would be difficult to sneak into your demon palace. However, with older sister Ling's help, sneaking into your demon palace was as easy as pie. Alright, you can go and die! Youbi Domain will be ours for the taking."

Ying smiled sweetly and pointed with her hand, and a white jade disk appeared and radiated light that shot towards the fragments of Venom Master's body.

A white radiance shone, and Venom Master's Eternal imprint appeared.

Venom Master's eyes shimmered with horror, and he unleashed heart-wrenching screams, "No! Don't kill me! Don't destroy my Eternal imprint! I will agree to any condition you have!"

"Too late!"

Ying stabbed Venom Master's Eternal imprint with the Lance of the Ruler.

White light surged, and Venom Master's Eternal true spirit was directly absorbed.

"You five, will you choose to become my shadow slaves, or will you choose to die?"

Ying looked at the other five demon masters with a pleasant smile. Before she finished speaking, she stabbed Myriad Mouths Master with the Lance of the Ruler and killed him, and his Eternal imprint crumbled.

"You're really ugly! And slow, to boot! Die!"

Ying gazed at the dead Myriad Mouths Master and spoke with a smile.

Chapter 1520: Conquering Youbi Domain

"It seems that you guys have an indomitable spirit! I'm impressed! In that case, I will send you to meet your maker!"

With an enchanting smile on her face, Ying brandished the Lance of the Ruler and killed Varanus Master, Ghostflame Master, and Nine-headed Master one after another. At the same time, she broke their Eternal imprints, making them disappear completely from the universe.

"My lady, I don't want to be your shadow slave. However, I can become your weapon and fight for you! If you are willing, then I can sign a contract of equals with you and become your weapon!"

Myriad Mouths Master distorted and turned into a 10,000 meter long lance emanating tyrannical aura.

Myriad Mouths Master is a terrible being that evolved from broken magic weapons that went through countless battles. He can turn into various Eternal treasure grade weapons. Even if he becomes an Eternal tycoon's weapon, he won't drag the other party down.

“No need! I just want a shadow slave that I can control completely! I don’t want a tool that I can’t control!”

Ying smiled enticingly. With a cold flash in her beautiful eyes, the Lance of the Ruler stabbed the center of Myriad Mouths Master, and terrifying force broke out and crushed Myriad Mouths Master together with his Eternal imprint.

Pure power flowed out from Myriad Mouths Master’s body and was absorbed by the white jade disk’s projection.

With a wave of Ying’s hand, a Warp Gate appeared in the palace and broke out with abstruse runes, and an endless stream of Adjudicators flowed out and rushed towards all corners of the palace.

Caught off guard, countless demon powerhouses in the palace were slayed by the Adjudicators.

Ying strolled inside the palace like a mirage. Every time she appeared, she would instakill a demon Eternal and crush his Eternal imprint.

“Ying, well done! Youbi Domain is in the bag! Once the entire Youbi Domain is conquered, the lord’s resources will be come abundant and he will be able to complete the transformation!”

Along with a flash of light, Ling’s projection appeared behind Ying.

A string of data surged, and Ying entered Ling’s network.

In Ling’s network, Ying could clearly perceive 100 mechanical legions attacking Youbi Domain from different directions.

The 100 mechanical legions rushed out from Warp Gates that have been hidden in Youbi Domain beforehand. As if daggers, they pierced strategical locations of Youbi Domain and engaged the demons.

Countless demon powerhouses suffered heavy losses in the bitter fight and died.

“You have a task. Go to these locations and take care of the Eternals there. As long as we take hold of these resources, the lord can complete his evolution!”

A piece of information entered Ying’s database, and the locations and coordinates of resources emerged.

“Guishen Hall’s No. 1 divine son candidate, Xi Gui, is about to arrive at Youbi Domain!”

Ying delivered the information that she just overheard to Ling’s database, revealing traces of worry.

Guishen Hall’s No. 1 divine son candidate, Xi Gui, is surely a fearsome powerhouse, is a peerless freak that slayed countless freaks of Wanmo Sacred Firmament.

Ling replied flatly, “You don’t need to worry about him! You just have to complete your task. I will personally take care of him.”

“Then I’ll leave it to you, older sister Ling!”

Ying smiled sweetly, distorted, and disappeared from this place. She proceeded to other places and hunted Eternals of Youbi Domain.

Time elapsed and seven days passed in a flash.

During the past seven days, the major military forces of Youbi Domain were destroyed by the mechanical legions commanded by Ling. The demons of Youbi Domain had no choice but to escape into the outer space or hide in danger zones.

At the border between Youbi Domain and Heifeng Domain, there is a 10,000 kilometer tall battleship that looks like a hive full of holes flying towards Youbi Domain.

Along with flashes of ripples, the giant hive battleship opened spatial gates ones after another, performed space jumps, and continued to fly forwards.

In the giant hive battleship, there is a palace.

In the middle of the palace, there sits a strange freak with a twisted, ferocious face, demon wings on the back, four arms, and a pitch-black body.

There is a terrifying force field around the freak. If someone below the Eternal realm enters this force field, he will lose his mind and become the freak's slave.

This ferocious-looking freak is Wanmo Sacred Firmament's Guishen Hall's No. 1 divine son candidate, Xi Gui.

In front of the palace, there are 1,000 Eternals of different clans. They are quietly waiting for Xi Gui's instructions.

In Azure Sacred Hall, every young lord candidate has a dreadful force that can suppress a domain by itself. The same is true for Guishen Hall. Each of its divine son candidates has the power to suppress a domain.

Xi Gui's eyes flickered with an enigmatic shade, and he uttered unhurriedly, "Youbi Domain's six demon masters have been killed. The army under the command of Empress Ling entered Youbi Domain and smashed its main forces. Truly impressive! Yang Feng's Empress Ling is truly formidable! If only she were mine!"

After Yang Feng conquered Xilan Domain, he entered closed door cultivation.

The mechanical legions under Ling's command suppressed and razed the entire Xilan Domain. In Xilan Domain and Wanmo Sacred Firmament, Ling gained great notoriety and became one of the most formidable beings of this era.

Xi Shen uttered indifferently, "Stargod, you didn't predict this outcome with your divination?"

"Lord! Although Xilan Domain and Youbi Domain are masked by powerful fate force. But this time my Fate Star has warned me that we will win by a landslide in Youbi Domain!"

Stargod, a powerhouse composed of nine stars, radiating endless starlight, and exuding 7th layer Eternal realm aura spoke arrogantly.

Xi Shen is a divine son candidate of Guishen Hall. He is a terrifyingly strong powerhouse with three 7th layer Eternal generals, namely Stargod, Snakegod, and Icegod, under his command.

Stargod can freely manipulate star force to make predictions. His predictions basically always come true. Only a few times when there were some disturbance, only then did his predictions fail.

Xi Shen uttered decisively, "Since that is a case, then we will give up entering Youbi Domain!"

Stargod was shocked and asked at once, "Lord, why? If we conquer Youbi Domain and Xilan Domain, we will be able to obtain the resources of the two domains and attract more experts."

Xi Shen said indifferently, "Yang Feng, Empress Ling, none of them is a simple character. Youbi Domain has already half fallen and become their home ground. If we enter Youbi Domain, we won't have much chance of winning. Your prediction of a landslide victory has clearly been tampered with by the other party."

"Lord, you're right!"

Stargod's mind jolted, and he sobered up, broke out in a cold sweat from his back, and guessed the truth of the matter.

Xi Shen's eyes glimmered with a peculiar shade, and he said unhurriedly, "When faced with the threat coming from Yang Feng and Empress Ling, Heifeng Domain will have to rely on us. This a great opportunity for us to harvest some resources."

Every Eternal needs a massive amount of resources to cultivate. Wanmo Sacred Firmament has many experts, including a sizable number of Eternal realm powerhouses. Xi Shen recruited only 1,000 Eternal subordinates because he can't support more.

The fearsome hive turned around at once and flew towards the depths of Heifeng Domain.

After the hive disappeared, ripples surged in the void, and Ling's projection appeared.

Ling looked in the direction the hive disappeared, creased her slim eyebrows, and revealed a look of curiosity in her eyes, "How decisive, that's a divine son candidate of Guishen Hall for you! Where did I go wrong?"

Ling has made preparations to ambush Xi Gui in Youbi Domain and transferred countless troops.

Now that Xi Gui left decisively, Ling doesn't dare to send troops into Heifeng Domain to chase after him.

Youbi Domain was taken down in one go because during the suppression of Xilan Domain, Ling has made arrangements in Youbi Domain. Even if Ying hadn't advanced in time, Ling still would be able to deal serious damage to Youbi Domain. But since Ying advanced in time, Ling was able to turn serious damage to Youbi Domain into the annexation of Youbi Domain.

As for Heifeng Domain, if Ling transfers her army into Heifeng Domain, it will surely suffer a crushing defeat.

"Forget it! Since Youbi Domain was annexed, our power has expanded again! And the lord can draw support of Youbi Domain's resources and achieve a complete transformation!"

Ling took a deep look in the direction Xi Gui disappeared. He figure blurred, and she disappeared.

Vidagascars Star, in a palace.

In a luxurious Eternal Origin Energy Pool, Yang Feng frenziedly absorbed Eternal origin energy as well as drops of extremely precious Xilan Nectar, and his right hand transformed continuously.

In the past 10 years, Yang Feng absorbed a massive amount of Xilan Domain's resources. At the same time, he absorbed countless materials of heaven and earth he purchased from Azure Sacred Hall using contribution points. Yet his right hand has only transformed by 67%.

Along with a flash of ripples, Ling emerged in the palace and pointed with her hand, and the white jade disk appeared and illuminated Yang Feng with white light.

When the white light containing Eternal true spirit and Eternal origin illuminated him, Yang Feng's expression became that of comfort, his aura transformed continuously, and he became more powerful.

After 10 days, the white light disappeared. Ling exhausted the reserves she obtained from the slayed Eternals.

Ling calmly took out black leaves coming from Youbi Domain, called Youbi Leaves, and sent them flying towards Yang Feng.

When the Youbi Leaves made contact with Yang Feng, they turned into the purest power that flowed into his body and enabled him to continue to transform.
