

## MGE 1561

### Chapter 1561: Rampage

Yang Feng uttered indifferently, “Wu Hai! I leave the matters of Ziluo Domain for you to handle! I’m going to hunt Wanmo Sacred Firmament’s demongods!”

Wu Hai creased his eyebrows and uttered sternly, “Young lord! Ziluo Domain is full of experts. There are no less than 10 Eternal tycoons. There are even Sacred Lord realm demongods. Purple Origin Master, in particular, is an unequaled Sacred Lord realm powerhouse, his strength unmeasurable. You must not underestimate him.”

The eyes of the other three Eternal tycoons flickered with dissatisfaction.

The ziyuan clan is a powerful clan of the Wanmo Sacred Firmament, second only to the five great forces that have the protection of five Eternal Kings. As an insignificant 8th layer Eternal, Yang Feng can’t trigger big storms in Ziluo Domain.

Yang Feng smiled coldly, and 9th layer Eternal realm aura slowly diffused from him and spread in all directions.

“9th layer Eternal!”

When Wu Hai and the other three Eternal tycoons sensed the fluctuations diffusing from Yang Feng, they drew in a sharp breath, and their eyes shimmered with disbelief.

The gap between the 8th layer and 9th layer Eternal realm is an insurmountable chasm that has stopped who knows how many geniuses in their tracks. Every Azure Young Lord is a peerless paragon with extraordinary talent and incredible combat power and a future unequaled Sacred Lord. However, it takes a lot of time to reach the 9th layer Eternal realm. On average, it takes 10 million years for a young lord to advance to an Eternal tycoon.

Yang Feng has advanced to an Eternal tycoon in less than 10,000 years. This is simply outrageous.

Wu Hai suppressed the shock in his heart and said with a slight smile, “Congratulations on advancing to a 9th layer Eternal, young lord. Since you were promoted to a 9th layer Eternal, you can be considered a pinnacle powerhouse in Ziluo Domain. So long as you are careful and don’t meet Purple Origin Master, then there won’t be any danger.”

“Alright! You’ll be in charge here! I’m going!”

With that, Yang Feng’s figure fluttered, and he turned into a stream of light and flew toward Ziluo Domain.

If Yang Feng were in the 8th layer Eternal realm, he would have to consult with the four Eternal tycoons. But since he has already advanced to a 9th layer Eternal, he can order the four Eternal tycoons at will.

Wu Hai gazed in the direction Yang Feng disappeared and sighed faintly, “9th layer Eternal! He deserves to be the young lord!”

An Eternal tycoon uttered with a tranquil smile, "That's natural. After all, Azure Sacred Hall is full of experts, including a large amount of Eternals. Only an incredible genius like the young lord can be promoted to an Eternal tycoon. If the young lord doesn't die, he will surely become an unequaled Sacred Lord in the future.

An Eternal tycoon with blue hair asked suddenly, "Do you think the young lord can advance to an Eternal King?"

Wu Hai contemplated for a moment and then shook his head and sighed, saying, "Impossible! If the young lord had advanced to an Eternal tycoon while 100 million years old, then he might have had a chance to be promoted to an Eternal King. However, the time it took him to advance to an Eternal tycoon was too short. If he wants to advance to an Eternak King, he can only wait for the next War of Kings."

The other three Eternal tycoons contemplated for a moment and nodded slowly.

Everyone in Eternal World knows that Wars of Kings are practically the sole opportunities for Eternal tycoons to advance to Eternal Kings. However, it is still extremely rare for Eternal tycoons to advance to Eternal Kings. In general, an Eternal King will be born once in 1 billion years. From this, it can be seen how hard it is to advance to an Eternal King.

Ziluo Domain, in a void, ripples flickered, and Yang Feng's figure was revealed.

"Human! Kill!"

When powerhouses of the ziyuan clan army stationed here saw Yang Feng, they flew out and rushed toward him at once.

Hundreds of millions of ziyuan clan powerhouses flew toward Yang Feng, cast various secret methods, and lunged attacks at the enemy.

A black force field surrounded Yang Feng and flung away the attacks of the ziyuan clan army, making it so they can't harm him in the slightest.

"I need to make achievements! Your fate is pretty bad!"

With a cold look in his eyes, Yang Feng spread the fingers of his hand, and a devour black hole suddenly appeared and emitted mysterious devour black light that swept toward the hundreds of millions of ziyuan clan powerhouses.

Swept by the devour black light, the hundreds of millions of ziyuan clan powerhouses were drawn into the devour black hole and disappeared.

In an instant, the ziyuan clan army that can suppress a universe was easily devoured by Yang Feng and turned into ashes.

"Alright, I wiped out an army of the ziyuan clan. This should be enough for me to disappear for a period of time."

Yang Feng raised the corners of his mouth into a smile of satisfaction. His figure blurred, and he disappeared directly.

Wanmo Sacred Firmament.

Cangqiong Domain is the lair of the Eternal King — Cangqiong King.

The center of Cangqiong Domain is Cangqiong Shrine. It is a star with a diameter of 10,000 kilometers, inscribed with countless mysterious runes.

Following a surge of ripples, Yang Feng appeared above Cangqiong Shrine.

“Cangqiong Domain is Cangqiong King’s lair and has countless secret treasures! There may even be a chance for me to make a breakthrough there.”

Yang Feng gazed at Cangqiong Domain, and his eyes shimmered with a cold shade. He broke out with mysterious dim light that masked him completely and flew toward Cangqiong Shrine.

“Brazen! Who dares to act presumptuously in Cangqiong Shrine!”

Yang Feng just reached the periphery of Cangqiong Shrine when black lights shone, and a strange eye appeared and looked at him.

“As expected of Cangqiong King! The defenses of his lair are really strict! It’s a shame, but your true body isn’t here! Wither!”

Yng Feng revealed himself, surged with withered light all over his body, smiled frigidly, and beckoned with his hand, and a Withered Staff appeared and shot toward the Cangqiong Eye.

Two grey cangqiong rays ejected out from the Cangqiong Eye and barreled toward the Withered Staff.

When the cangqiong rays hit the Withered Staff, the withered staff collapsed, and withered force intertwined with cangqiong force and whittled away.

“Cangqiong King, you’re indeed strong! However, since your true body isn’t here! You can’t stop me!”

Yang Feng smiled frostily. His figure fluttered, and he appeared in front of the Cangqiong Eye and punched the Cangqiong Eye.

Strange withered light that can wither a universe surged, and the Cangqiong Eye jolted, burst apart, and disappeared.

Yang Feng swung his hands and tore a transparent barrier apart.

“My friend, this shrine is the residence of the mighty Cangqiong King! You can still leave! Otherwise, with his majesty’s fury, even though Eternal World is extremely large, you still won’t have a place to stay!”

Along with a bellow, Cangqiong Sacred Lord, a powerhouse with two heads, one dinosaur-like head and one Xenomorph-like head, and eight arms holding a blade, spear, sword, halberd, bow, shield, lance, and trident respectively appeared and unleashed storm-like attacks barreling toward Yang Feng.

A 10,000-meter-long direbeast covered in black scales, each of which is inlaid with an Eternal’s head, appeared, emanated unequalled Sacred Lord realm fluctuations of power, and lunged at Yang Feng.

In addition to Cangqiong Sacred Lord, seven unequaled Sacred Lords, 16 Sacred Lords, and 96 Eternal tycoons flew out of the shrine, unleashed offensive secret methods, and threw attacks at Yang Feng.

“It’s no use! Wither!”

With an apathetic look in his eyes, as if he turned into Withered King, Yang Feng extended his hand.

Boundless withered light containing Eternal King realm power radiated from Yang Feng’s fingers and shot toward Cangqiong Sacred Lord and company.

Swept by the withered light, all energy in the world withered.

The body protection barriers of the 96 Eternal tycoons withered, and their origin was extracted and turned into specks of light that flowed into Yang Feng’s body.

Shrouded in the withered light, the unequaled Sacred Lord realm direbeast struggled in pain, roared tragically, and withered and collapsed.

“Eternal King! You are the reincarnation of Withered King!”

The complexion of Cangqiong Sacred Lord changed drastically, and his eyes flickered with the hue of fear. He broke out with dim light, ripped apart the firmament, and instantly disappeared from this place without a trace.

The countenances of the other seven unequaled Sacred Lords and 16 Sacred Lords changed dramatically, and they cast secret methods and escaped in different directions.

No matter how strong unequaled Sacred Lords are, they are but ants in front of an Eternal King. They will die if they don’t escape.

“In my Withered World, all shall wither!”

With a cold look in his eyes, Yang Feng glimmered with withered light and turned into a Withered World that swept toward the void.

Two unequaled Sacred Lords and 12 Sacred Lords were swept by Withered World. In an instant, they were sucked deep into Withered World, and their body and soul withered. Lastly, their Eternal origin was devoured by Yang Feng.

The unequaled Sacred Lord realm direbeast was absorbed by Withered World and then devoured by Yang Feng’s devour nature.

“They unexpectedly managed to escape from me. Unequaled Sacred Lords are indeed exceptional. It seems that I was lucky when I killed Purple Origin Master back then.”

Yang Feng looked in the direction that Cangqiong Sacred Lord disappeared with a tranquil smile, and then turned into a withered light and shot toward the Cangqiong Shrine.

When the withered light fell on the Cangqiong Shrine, as if the end of the world has descended, demons withered and died.

“Found it!”

Yang Feng crossed a series of winding corridors, plunged into an ordinary pool, crossed a number of barriers, and arrived in front of a giant black gate.

The giant gate is called Cangqiong Gate. Behind the Cangqiong Gate, there is an Eternal King's treasury full of marvels and resources.

Back in the day, via various secret methods, Purple Origin Master discovered this treasury. However, since Cangqiong King was present, he didn't dare to break into the treasury.
